2. “Authority” means the economic development authority created in section 15.105.
3. “Entrepreneurial assistance program” includes the entrepreneur investment awards program administered under section 15E.362, the receipt of services from a service provider engaged pursuant to section 15.411, subsection 1, or the program administered under section 15.411, subsection 2.
4. “Investor” means a person making a cash investment in a qualifying business. “Investor” does not include a person that holds at least a seventy percent ownership interest as an owner, member, or shareholder in a qualifying business.
5. “Qualifying business” means a business meeting the criteria defined in section 15E.44.

15E.43 Investment tax credits.
1. a. For tax years beginning on or after January 1, 2015, a tax credit shall be allowed against the taxes imposed in chapter 422, subchapters II, III, and V, and in chapter 432, and against the moneys and credits tax imposed in section 533.329, for a portion of a taxpayer’s equity investment, as provided in subsection 2, in a qualifying business.
   b. An individual may claim a tax credit under this section of a partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings from the partnership, limited liability company, S corporation, estate, or trust.
   c. A tax credit shall be allowed only for an investment made in the form of cash to purchase equity in a qualifying business.
   d. For a tax credit claimed against the taxes imposed in chapter 422, subchapter II, any tax credit in excess of the tax liability is refundable. In lieu of claiming a refund, the taxpayer may elect to have the overpayment shown on the taxpayer’s final, completed return credited to the tax liability for the following tax year. For a tax credit claimed against the taxes imposed in chapter 422, subchapters III and V, and in chapter 432, and against the moneys and credits tax imposed in section 533.329, any tax credit in excess of the taxpayer’s liability for the tax year may be credited to the tax liability for the following three years or until depleted, whichever is earlier. A tax credit shall not be carried back to a tax year prior to the tax year in which the taxpayer redeems the tax credit.
2. a. The amount of the tax credit shall equal twenty-five percent of the taxpayer’s equity investment.

For purposes of this paragraph, “dependent” has the same meaning as provided by the Internal Revenue Code.

c. The maximum amount of tax credits that may be issued per calendar year for equity investments in any one qualifying business shall not exceed five hundred thousand dollars.

3. An investment shall be deemed to have been made on the same date as the date of acquisition of the equity interest as determined by the Internal Revenue Code.

4. The authority shall not issue tax credits under this section in excess of the amount approved by the authority for any one fiscal year pursuant to section 15.119.

5. A tax credit shall not be transferred to any other person.

6. 1. In order for an equity investment to qualify for a tax credit, the business in which the equity investment is made shall, within one hundred twenty days of the date of the first investment, notify the authority of the names, addresses, shares issued, consideration paid for the shares, and the amount of any tax credits, of all shareholders who may initially qualify for the tax credits. The authority may consult with outside service providers in consideration of such a waiver.

d. The business is not a business engaged primarily in retail sales, real estate, or the provision of health care or other services that require a professional license.

e. The business shall not have a net worth that exceeds ten million dollars.

2. a. A tax credit shall be allowed against the taxes imposed in chapter 422, subchapters II, III, and V, and in chapter 432, and against the moneys and credits tax imposed in section 533.329, for a portion of a taxpayer’s equity investment in the form of cash in an innovation fund.

b. An individual may claim a tax credit under this section of a partnership, limited
liability company, S corporation, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings from the partnership, limited liability company, S corporation, estate, or trust.

3. The amount of a tax credit allowed under this section shall equal twenty-five percent of the taxpayer’s equity investment in an innovation fund.

4. A taxpayer shall not claim a tax credit under this section if the taxpayer is a venture capital investment fund allocation manager for the Iowa fund of funds created in section 15E.65 or an investor that receives a tax credit for the same investment in a qualifying business as described in section 15E.44 or in a community-based seed capital fund as described in section 15E.45, Code 2015.

5. a. To receive a tax credit, a taxpayer must submit an application to the board. The board shall issue certificates under this section on a first-come, first-served basis, which certificates may be redeemed for tax credits. The board shall issue such certificates so that not more than the amount allocated for such tax credits under section 15.119, subsection 2, may be claimed. The board shall not issue a certificate before September 1, 2014.

b. If in a fiscal year the aggregate amount of tax credits applied for exceeds the amount allocated for that fiscal year under section 15.119, subsection 2, the board shall establish a wait list for certificates. Applications that were approved but for which certificates were not issued shall be placed on the wait list in the order the applications were received by the board and shall be given priority for receiving certificates in succeeding fiscal years.

c. The board shall not issue a certificate to a taxpayer for an equity investment in an innovation fund until such fund has been certified as an innovation fund pursuant to subsection 7.

d. The board shall, in cooperation with the department of revenue, establish criteria and procedures for the allocation and issuance of tax credits by means of certificates issued by the board. The criteria shall include the contingencies that must be met for a certificate to be redeemable in order to receive a tax credit. The procedures established by the board, in cooperation with the department of revenue, shall relate to the procedures for the issuance and transfer of the certificates and for the redemption of a certificate and related tax credit.

e. A certificate and related tax credit issued pursuant to this section shall be deemed a vested right of the original holder or any transferee thereof, and the state shall not cause either to be redeemed in such a way that amends or rescinds the certificate or that curtails, limits, or withdraws the related tax credit, except as otherwise provided in this section or upon consent of the proper holder. A certificate issued pursuant to this section cannot pledge the credit of the state and any such certificate so pledged to secure the debt of the original holder or a transferee shall not constitute a contract binding the state.

6. Any tax credit in excess of the taxpayer’s liability for the tax year may be credited to the tax liability for the following five years or until depleted, whichever is earlier. A tax credit shall not be carried back to a tax year prior to the tax year in which the taxpayer claims the tax credit.

7. An innovation fund shall submit an application for certification to the board. The board shall approve the application and certify the innovation fund if all of the following criteria are met:

8. The board shall not certify an innovation fund after June 30, 2023.

9. An innovation fund shall collect and provide to the board the information required in subsection 10, paragraphs "e" and "f", in the manner and form prescribed by the board. An innovation fund failing to comply with this subsection may have its certification revoked by the board.

10. On or before January 31 of each year, the board, in cooperation with the department of revenue, shall submit to the general assembly and the governor a report describing the activities of the innovation funds during the preceding fiscal year. The report shall at a minimum include the following information:

11. Tax credit certificates issued pursuant to this section may be transferred, in whole or in part, to any person. A tax credit certificate shall only be transferred once. Within ninety days of transfer, the transferee shall submit the transferred tax credit certificate to the department of revenue along with a statement containing the transferee’s name, tax identification number, and address, the denomination that each replacement tax credit certificate is to carry, and any other information required by the department of revenue.

12. Within thirty days of receiving the transferred tax credit certificate and the transferee’s statement, the department of revenue shall issue one or more replacement tax credit certificates to the transferee. Each replacement tax credit certificate must contain the information required for the original tax credit certificate. A replacement tax credit certificate may designate a different tax than the tax designated on the original tax credit certificate. A tax credit shall not be claimed by a transferee under this section until a replacement tax credit certificate identifying the transferee as the proper holder has been issued.

13. The transferee may use the amount of the tax credit transferred against the taxes imposed in chapter 422, subchapters II, III, and V, and in chapter 432, and against the money and credits tax imposed in section 533.329, for any tax year the original transferor could have claimed the tax credit. d. To facilitate the organization of the Iowa fund of funds in which to seek such private investment and to create interest in such investments by offering state incentives for private persons to make investments in the Iowa fund of funds.

e. To enhance the venture capital culture and infrastructure in the state of Iowa so as to increase venture capital investment within the state and to promote venture capital investing within Iowa.

f. To accomplish these purposes in such a manner as to minimize any appropriations by the state of Iowa.

g. To effectuate specific, measurable results, including all of the following:

(1) The creation of three new venture capital fund offices in Iowa within three years of February 28, 2002.

(2) The investment of resources from the Iowa fund of funds in Iowa businesses within three years of February 28, 2002.

(3) A cumulative rate of return on venture investments of the Iowa fund of funds equal to a minimum of one and one-half percentage points above the ten-year treasury bill rate in effect at the end of five years following February 28, 2002.

c. Members shall be compensated by the board for direct expenses and mileage but members shall not receive a director’s fee, per diem, or salary for service on the board.

3. The board shall have the power to engage consultants, expend funds, invest funds, contract, bond or insure against loss, or perform any other act necessary to carry out its purpose, provided, however, that the board shall not hire employees.

4. Members of the board shall be indemnified against loss to the broadest extent permissible under chapter 669.

The criteria shall include the contingencies that must be met for a certificate to be redeemable by a designated investor or transferee in order to
receive a tax credit. The contingencies to redemption shall be tied to the scheduled rates of return of equity interests purchased by designated investors in the Iowa fund of funds. The procedures established by the board, in cooperation with the department of revenue, shall relate to the procedures for the issuance of the certificates and the related tax credits, for the transfer of a certificate and related tax credit by a designated investor, and for the redemption of a certificate and related tax credit by a designated investor or transferee. The board shall also establish criteria and procedures for assessing the likelihood of future certificate redemptions by designated investors and transferees, including, without limitation, criteria and procedures for evaluating the value of investments made by the Iowa fund of funds and the returns from the Iowa fund of funds.

7. Pursuant to section 15E.66, the board shall issue certificates which may be redeemable for tax credits to provide incentives to designated investors to make equity investments in the Iowa fund of funds. The board shall issue the certificates so that not more than twenty million dollars of tax credits may be initially redeemable in any fiscal year. The board shall indicate on the tax certificate the principal amount of the tax credit and the date or dates on which the credit may be first claimed.

8. The board may charge a placement fee to the Iowa fund of funds with respect to the issuance of a certificate and related tax credit to a designated investor, but the fee shall be charged only to pay for reasonable and necessary costs of the board and shall not exceed one-half of one percent of the equity investment of the designated investor.

9. The board shall, in consultation with the Iowa capital investment corporation, publish an annual report of the activities conducted by the Iowa fund of funds, and present the report to the governor and the general assembly. The annual report shall include a copy of the audit of the Iowa fund of funds and a valuation of the assets of the Iowa fund of funds, review the progress of the investment fund allocation manager in implementing its investment plan, and describe any redemption or transfer of a certificate issued pursuant to this subchapter, provided, however, that the annual report shall not identify any specific designated investor who has redeemed or transferred a certificate. Members of the board of directors shall be subject to any restrictions on conflicts of interest specified in the organizational documents and shall have no interest in any venture capital investment fund allocation manager selected by the corporation pursuant to the provisions of this subchapter or in any investments made by the Iowa fund of funds.

4. The members of the appointment committee shall exercise due care to assure that persons elected to the initial board of directors have the requisite financial experience necessary in order to carry out the duties of the corporation as established in this subchapter, including in areas related to venture capital investment, investment management, and supervision of investment managers and investment funds.

5. Upon the election of the initial board of directors, the terms of the members of the appointment committee shall expire.

Any proposed investment plan shall address the applicant’s level of experience, quality of management, investment philosophy and process, probability of success in fund-raising, prior investment fund results, and plan for achieving the purposes of this subchapter. The selected venture capital investment fund allocation manager shall be a person with substantial, successful experience in the design, implementation, and management of seed and venture capital investment programs and in capital formation. 15E.65 Iowa fund of funds.

1. The Iowa capital investment corporation shall organize the Iowa fund of funds. The Iowa fund of funds shall be authorized to make investments in private seed and venture capital partnerships or entities in a manner which will encourage the availability of a wide variety of venture capital in the state, strengthen the economy of the state, help business in Iowa gain access to sources of capital, help build a significant, permanent source of capital available to serve the needs of Iowa businesses, and accomplish all these benefits in a way that minimizes the use of tax credits.

2. The Iowa capital investment corporation shall organize the Iowa fund of funds in the following manner:

a. The Iowa fund of funds shall be organized as a private, for-profit, limited partnership or limited liability company under Iowa law pursuant to which the Iowa capital investment corporation shall be the general partner or manager. The entity shall be organized so as to provide for equity interests for designated investors which provide for a designated scheduled rate of return. The interest of the Iowa capital investment corporation in the Iowa fund of funds shall be to serve as general partner or manager and to be paid a management fee for the service as provided in section 15E.64, subsection 8, and to receive investment returns of the Iowa fund of funds in excess of those payable to designated investors. Any returns in excess of those payable to designated investors shall be reinvested by the Iowa capital investment corporation by being held in the Iowa fund of funds as a revolving fund for reinvestment in venture capital funds or investments until the termination of the Iowa fund of funds. Any returns received from these reinvestments shall be deposited in the revolving fund.

b. The Iowa fund of funds shall principally make investments in high-quality venture capital funds managed by investment managers who have made a commitment to consider equity investments in businesses located within the state of Iowa and which have committed to maintain a physical presence within the state of Iowa. The investments by the Iowa fund of funds shall be focused principally on partnership interests in private venture capital funds and not in direct investments in individual businesses. The Iowa fund of funds shall invest in venture capital funds with experienced managers or management teams with demonstrated expertise and a successful history in the investment of venture capital funds. The Iowa fund of funds may invest in newly created venture capital funds as long as the managers or management teams of the funds have the experience, expertise, and a successful history in the investment of venture capital funds described in this paragraph.

c. The Iowa fund of funds shall establish and administer a program to provide loan guarantees and other related credit enhancements on loans to rural and small business borrowers within the state of Iowa. The Iowa fund of funds shall invest five percent of its assets in investments for this program.

d. The Iowa fund of funds shall have the power to engage consultants, expend funds, invest funds, contract, bond or insure against loss, or perform any other act necessary to carry out its purpose, including, without limitation, engaging and agreeing to compensate a venture capital investment fund allocation manager. Such compensation shall be in addition
to the management fee paid to the Iowa capital investment corporation. However, the Iowa fund of funds shall not hire employees except to administer its rural and small business loan guarantee and credit enhancement program.

   e. The Iowa fund of funds may issue debt and borrow such funds as may be needed to accomplish its goals. However, such debt shall not be secured by tax credits issued by the board. The Iowa fund of funds may open and manage bank and short-term investment accounts as deemed necessary by the venture capital investment fund allocation manager.

   f. The Iowa fund of funds may expend moneys to secure investment ratings for investments by designated investors in the Iowa fund of funds.

   g. Each calendar year, the auditor of state shall conduct an annual audit of the activities of the Iowa fund of funds or shall engage an independent auditor to conduct the audit, provided that the independent auditor has no business, contractual, or other connection to the Iowa capital investment corporation or the Iowa fund of funds. The corporation shall reimburse the auditor of state for costs associated with the annual audit. The audit shall be delivered to the Iowa capital investment corporation and the board each year and shall include a valuation of the assets owned by the Iowa fund of funds as of the end of each year.

   h. As soon as practicable after June 20, 2013, the Iowa capital investment corporation, in conjunction with the department of revenue, the board, and the attorney general, shall wind up the Iowa fund of funds pursuant to section 15E.72 and shall cause the Iowa fund of funds to be liquidated with all of its assets distributed to its owners in accordance with the provisions of its organizational documents and in accordance with the fund documents. In liquidating such assets, the capital investment corporation, the department of revenue, the board, and the attorney general shall act with prudence and caution in order to minimize costs and fees and to preserve investment assets to the extent reasonably possible.

   i. Upon the liquidation of the Iowa fund of funds, the Iowa capital investment corporation shall file a report with the general assembly stating how many jobs in this state were created through investments made by the Iowa fund of funds.

15E.66 Certificates and tax credits.

1. The board may issue certificates and related tax credits to designated investors which, if redeemed for the maximum possible amount, shall not exceed a total aggregate of sixty million dollars of tax credits. The certificates shall be issued contemporaneously with a commitment to invest in the Iowa fund of funds by a designated investor. A certificate issued by the board shall have a specific maturity date or dates designated by the board and shall be redeemable only in accordance with the contingencies reflected on the certificate or incorporated therein by reference. A certificate and the related tax credit shall be transferable by the designated investor. A tax credit shall not be claimed or redeemed except by a designated investor or transferee in accordance with the terms of a certificate from the board. A tax credit shall not be claimed for a tax year that begins earlier than the maturity date or dates stated on the certificate. An individual may claim the credit of a partnership, limited liability company, S corporation, estate, or trust electing to have the income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings from the partnership, limited liability company, S corporation, estate, or trust. Any tax credit in excess of the taxpayer’s tax liability for the tax year may be credited to the tax liability for the following seven years, or until depleted, whichever is earlier.

2. The board shall certify the maximum amount of a tax credit which could be issued to a designated investor and identify the specific earliest date or dates the certificate may be redeemed pursuant to this subchapter. The amount of the tax credit shall be limited to an amount equivalent to any difference between the scheduled aggregate return to the designated investor at rates of return authorized by the board and aggregate actual return received by the designated investor and any predecessor in interest of capital and interest on the capital. The rates, whether fixed rates or variable rates, shall be determined pursuant
to a formula stipulated in the certificate or incorporated therein by reference. The board shall clearly indicate on the certificate, or incorporate therein by reference, the schedule, the amount of equity investment, the calculation formula for determining the scheduled aggregate return on invested capital, and the calculation formula for determining the amount of the tax credit that may be claimed. Once issued to a designated investor, a certificate shall be binding on the board and the department of revenue and shall not be modified, terminated, or rescinded.

3. If a designated investor or transferee elects to redeem a certificate, the certificate shall not be redeemed prior to the maturity date or dates stated on the certificate. At the time of redemption, the board shall determine the amount of the tax credit that may be claimed by the designated investor based upon the returns received by the designated investor and its predecessors in interest and the provisions of the certificate. The board shall issue a verification to the department of revenue setting forth the maximum tax credit which can be claimed by the designated investor with respect to the redemption of the certificate.

4. The board shall, in conjunction with the department of revenue, develop a system for registration of any certificate and related tax credit issued or transferred pursuant to this section and a system that permits verification that any tax credit claimed upon a tax return is valid and that any transfers of the certificate and related tax credit are made in accordance with the requirements of this subchapter.

5. The board shall issue the tax credits in such a manner that not more than twenty million dollars of tax credits may be initially redeemable in any fiscal year. The board shall indicate on the tax certificate the principal amount of the tax credit and the maturity date or dates on which the credit may be first claimed.

6. A certificate or tax credit issued or transferred pursuant to this subchapter shall not be considered a security pursuant to chapter 502.

7. In determining the maximum aggregate limit in subsection 1 and the fiscal year limitation in subsection 5, the board shall use the cumulative amount of scheduled aggregate returns on certificates issued by the board to designated investors. However, certificates and related tax credits which have expired shall not be included and certificates and related tax credits which have been redeemed shall be included only to the extent of tax credits actually allowed.

2. It is the intent of the general assembly and purpose of this subchapter that this state
capture the greatest benefit from opportunities created during this period, by encouraging 
local agricultural producer-led ventures to expand production and processing of high value 
agricultural products, including agricultural processed products, to organize new business 
structures within the state to carry out these ventures, and to market and deliver increasingly 
high value agricultural products to consumers around the world. In carrying out this purpose,

  a. That the majority of the wealth created by Iowa agricultural productivity is retained in 
     this state. 
  b. That employment in the production, processing, and marketing of agricultural 
     products, and especially agricultural processed products, is increased in this state.

     a majority ownership interest in Iowa agricultural industry ventures promoted under this 
     subchapter. 
  d. That this state becomes a world model for agricultural producer-based vertical 
     cooperation which depends upon broadly shared access to information, capital, and 
     cooperative action.

(e) Notwithstanding any provision of this subchapter to the contrary, payments of principal and interest of the loan granted by the corporation to an eligible person and assigned to the department of economic development pursuant to this subparagraph during calendar year 2003 which were deferred pursuant to subparagraph division (c) shall be forgiven and the total debt, including interest, shall be retired.

SUBCHAPTER III

LEGISLATIVE FINDINGS AND GUIDING PRINCIPLES

Referred to in §16.1, 16.1A, 16.70

PART 1

GENERAL

16.2E Legislative findings — general.
The general assembly finds and declares all of the following:

1. The establishment of the authority is in all respects for the benefit of the people of the state of Iowa, for the improvement of their health and welfare, and for the promotion of the economy, which are public purposes.

2. The authority will be performing an essential governmental function in the exercise of the powers and duties conferred upon it by this chapter.

3. All of the purposes stated in this chapter are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned, or granted.

2014 Acts, ch 1080, §11, 78

PART 2

HOUSING

16.3 Legislative findings — housing.
The general assembly finds and declares as follows:

1. There exists a serious shortage of safe and sanitary residential housing available to low or moderate income families.

2. This shortage is conducive to disease, crime, environmental decline and poverty and impairs the economic value of large areas, which are characterized by depreciated values, impaired investments, and reduced capacity to pay taxes and are a menace to the health, safety, morals and welfare of the citizens of the state.
3. These conditions result in a loss in population and further deterioration, accompanied by added costs to communities for creation of new public facilities and services elsewhere.
4. One major cause of this condition has been recurrent shortages of funds in private channels.
5. These shortages have contributed to reductions in construction of new residential units, and have made the sale and purchase of existing residential units a virtual impossibility in many parts of the state.
6. The ordinary operations of private enterprise have not in the past corrected these conditions.
7. A stable supply of adequate funds for residential financing is required to encourage new housing and the rehabilitation of existing housing in an orderly and sustained manner and to reduce the problems described in this section.
8. It is necessary to create a state finance authority to encourage the investment of private capital and stimulate the construction and rehabilitation of adequate housing through the use of public financing.
9. The interest costs paid by group homes of fifteen beds or less licensed as health care facilities or child foster care facilities for facility acquisition and indirectly reimbursed by the department of human services through payments for patients at those facilities who are recipients of medical assistance or state supplementary assistance are severe drains on the state’s budget. A reduction in these costs obtained through financing with tax-exempt revenue bonds would clearly be in the public interest.
10. There is a need in areas of the state for new construction of certain group homes of fifteen beds or less licensed as health care facilities or child foster care facilities to provide adequate housing and care for elderly Iowans and Iowans with disabilities, and to provide adequate housing and foster care for children.
11. There is a need to provide for early intensive intervention on behalf of juveniles which is designed to meet the juveniles’ needs and prevent future antisocial and criminal behavior and there is a need in areas of the state to establish facilities providing residential housing or treatment facilities for juveniles requiring a more enhanced level of services than those services currently available in the state’s existing foster care system.

16.4 Guiding principles — housing — other programs and projects.
In the performance of its duties and implementation of its powers, and in the selection of specific programs and projects to receive its assistance, the authority shall be guided by the following precatory principles:
1. The authority shall not become an owner of real property constituting a project under any program, except on a temporary basis where necessary in order to implement its programs, protect its investments by means of foreclosure or other means, or to facilitate transfer of real property for the use of low or moderate income families.
2. The authority shall strive to function in cooperation with local governmental units and local or regional housing agencies, and in fulfillment of local or regional housing plans, and to that end shall provide technical assistance to local governmental units and local or regional agencies in need of that assistance.
3. When feasible, a local contributing effort may be required of each project assisted by the authority. The local contribution may be provided by local governmental units or by local or regional agencies, public or private. The percentage and type of local contribution shall be determined by the authority, and may include but should not be limited to cash match, land contribution, tax abatement, or ancillary facilities. The authority shall seek to encourage ingenuity and creativity in local effort.
4. The authority shall encourage units of local government and local and regional housing agencies to use federal revenue-sharing funds for programs which increase or improve the supply of adequate housing for low or moderate income families.

5. The authority shall seek to encourage cooperative housing efforts at the local level, both with respect to the cooperation of public bodies with private enterprise and civic groups, and with respect to the formation of regional or multicity units engaged in housing.

6. With respect to programs relating to housing, wherever practicable, the authority shall give preference to the following types of programs:
   a. Those which treat housing problems in the context of the total needs of individuals and communities, recognizing that individuals may have other problems and needs closely related to their need for adequate housing, and that the development of isolated housing units without regard for neighborhood and community development tends to create undesirable consequences.
   b. Those which promote home ownership by families of low or moderate income, recognizing the need for educational counseling programs in family financial management and home maintenance in order to achieve this goal.
   c. Those which involve the rehabilitation and conservation of existing housing units, and the preservation of existing neighborhoods and communities.
   d. Those designed to serve elderly families, families which include one or more persons with disabilities, lower income families, or very low income families.

7. The authority shall encourage the protection, restoration, and rehabilitation of historic properties, and the preservation of other properties of special value for architectural or esthetic reasons.

[C77, 79, 81, §220.4]
C93, §16.4

PART 3

AGRICULTURAL DEVELOPMENT

16.4A Legislative findings — agricultural development.
The general assembly finds and declares all of the following:
1. There exists a serious problem in this state regarding the ability of nonestablished farmers to acquire agricultural land and agricultural improvements and depreciable agricultural property in order to enter farming.
2. This barrier to entry into farming is conducive to consolidation of acreage of agricultural land with fewer individuals resulting in a grave threat to the traditional family farm.
3. These conditions result in a loss in population, unemployment, and a movement of persons from rural communities to urban areas accompanied by added costs to communities for creation of new public facilities and services.
4. One major cause of this condition has been recurrent shortages of funds in private channels and the high interest cost of borrowing.
5. These shortages and costs have made the sale and purchase of agricultural land to beginning farmers a virtual impossibility in many parts of the state.
6. The ordinary operations of private enterprise have not in the past corrected these conditions.
7. A stable supply of adequate funds for agricultural financing is required to encourage beginning farmers in an orderly and sustained manner and to reduce the problems described in this section.
8. Article IX, 2nd subarticle, section 3, of the Constitution of the State of Iowa requires that, “The General Assembly shall encourage, by all suitable means, the promotion of intellectual, scientific, moral, and agricultural improvement,” and agricultural improvement and the public good are served by a policy of facilitating access to capital by beginning
farmers unable to obtain capital elsewhere in order to preserve, encourage, and protect the family farm which has been the economic, political, and social backbone of rural Iowa.

9. It is necessary to create a program to encourage ownership of farms by beginning farmers by providing purchase money loans to beginning farmers who are not able to obtain adequate capital elsewhere to provide such funds and to lower costs through the use of public financing.

10. There exists a serious problem in this state regarding the ability of farmers to obtain affordable operating loans for reasonable and necessary expenses and cash flow requirements of farming.

11. Farming is one of the principal pursuits of the inhabitants of this state. Many other industries and pursuits, in turn, are wholly dependent upon farming.

12. The inability of farmers to obtain affordable operating loans is conducive to a general decline of the economy in this state.

13. A serious problem continues to exist in this state regarding the ability of agricultural producers to obtain, retain, restructure, or service loans or other financing on a reasonable and affordable basis for operating expenses, cash flow requirements, and capital asset acquisition or maintenance.

14. Because the Iowa economy is dependent upon the production and marketing of agricultural produce, the inability of agricultural producers to obtain, retain, restructure, or service loans or other financing on a reasonable and an affordable basis for operating expenses, cash flow requirements, or capital asset acquisition or maintenance contributes to a general decline of the state’s economy.

2014 Acts, ch 1080, §14, 78

16.4B Guiding principles — agricultural development.
In the performance of its duties, implementation of its powers, and the selection of specific programs and projects to receive its assistance under subchapter VIII, the authority shall be guided by the following precatory principles:

1. The authority shall not become an owner of real or depreciable property, except on a temporary basis where necessary in order to implement its programs, to protect its investments by means of foreclosure or other means, or to facilitate transfer of real or depreciable property for the use of beginning farmers.

2. The authority shall exercise diligence and care in selection of projects to receive its assistance and shall apply customary and acceptable business and lending standards in selection and subsequent implementation of the projects. The authority may delegate primary responsibility for determination and implementation of the projects to any federal governmental agency which assumes any obligation to repay the loan, either directly or by insurance or guaranty.

3. The authority shall develop programs for providing financial assistance to agricultural producers in this state.

2014 Acts, ch 1080, §15, 78

PART 4
TITLE GUARANTY

16.4C Legislative findings — title guaranty.
The general assembly finds and declares that the abstract attorney’s title opinion system promotes land title stability for determining the marketability of land titles and is a public purpose. A public purpose is served by providing, as an adjunct to the abstract attorney’s title opinion system, a low-cost mechanism to provide for additional guaranties of real property titles in Iowa. The title guaranties facilitate mortgage lenders’ participation in the secondary market and add to the integrity of the land-title transfer system in the state.

2014 Acts, ch 1080, §16, 78
PART 5
ECONOMIC DEVELOPMENT

16.4D Legislative findings — economic development.
The general assembly finds and declares all of the following:
1. Economic development and expansion of business, industry, and farming in the state is dependent upon the availability of financing of the development and expansion at affordable interest rates.
2. The pooling of private financing enhances the marketability of the obligations involved and increases access to other state, regional, and national credit markets.
3. The creation of an economic development program as provided in section 16.102 will make the pooling of private financing available to small businesses, farmers, agricultural landowners and operators, and commercial, industrial, and other business enterprises at favorable interest rates with reduced marketing costs.
2014 Acts, ch 1080, §17, 78

Purchase, and make advance commitments to purchase, residential mortgage loans from lending institutions at prices and upon terms and conditions it determines consistent with its goals and legislative findings. However, the total purchase price for all residential mortgage loans which the authority commits to purchase from a lending institution at any one

The authority has all of the general and specific powers needed to carry out its purposes and duties as provided in this subchapter and to exercise its specific powers under subchapter VIII.

16.13 Conflicts of interest.
1. As used in this section, “member” means each individual appointed to any of the following:
   a. The board of directors of the authority created pursuant to section 16.2.
   b. The board of directors of the agricultural development division created pursuant to section 16.2C.
2. a. If a member or employee of the authority other than the executive director of the authority has an interest, either direct or indirect, in a contract to which the authority is, or is to be, a party, or in a mortgage lender requesting a loan from, or offering to sell mortgage loans to, the authority, the interest shall be disclosed to the authority in writing and shall be set forth in the minutes of the authority. The member or employee having the interest shall not participate in any action of the authority with respect to that contract or mortgage lender.

b. A violation of a provision of this subsection is misconduct in office under section 721.2. However, a resolution of the authority is not invalid because of a vote cast by a member in violation of this subsection unless the vote was decisive in the passage of the resolution.

c. For the purposes of this subsection, “action of the authority with respect to that contract or mortgage lender” means only an action directly affecting a separate contract or mortgage lender, and does not include an action which benefits the general public or which affects all or a substantial portion of the contracts or mortgage lenders included in a program of the authority.

3. Nothing in this section shall be deemed to limit the right of a member, officer, or employee of the authority to acquire an interest in bonds or notes of the authority or to limit the right of a member, officer, or employee other than the executive director to have an interest in a financial institution, including a lending institution, in which the funds of the authority are, or are to be, deposited or which is, or is to be, acting as trustee or paying agent under a trust indenture to which the authority is a party.

4. SUBCHAPTER VI
FINANCING

16.22 Application of funds from sales of obligations.
All moneys received by or on behalf of the authority, whether as proceeds from the sale of obligations or as revenues, are trust funds to be held and applied solely for the purposes specified in the appropriation, bond resolution, or other document authorizing receipt of the moneys by the authority. A person with which the moneys are deposited shall act as trustee of the moneys and shall hold and apply the moneys for the purposes specified in this chapter subject to limitations specified in this chapter and in the bond resolution authorizing the issuance of the obligations.
   2014 Acts, ch 1080, §29, 78

16.26 Bonds and notes.
1. The authority may issue its negotiable bonds and notes in principal amounts as, in the opinion of the authority, are necessary to provide sufficient funds for achievement of its corporate purposes, the payment of interest on its bonds and notes, the establishment of reserves to secure its bonds and notes, and all other expenditures of the authority incident to and necessary or convenient to carry out its purposes and powers. The bonds and notes shall be deemed to be investment securities and negotiable instruments within the meaning of and for all purposes of the uniform commercial code, chapter 554.
   2. Bonds and notes issued by the authority are payable solely and only out of the moneys, assets, or revenues of the authority, and as provided in the agreement with bondholders or noteholders pledging any particular moneys, assets, or revenues. Bonds or notes are not an
obligation of this state or any political subdivision of this state other than the authority within the meaning of any constitutional or statutory debt limitations, but are special obligations of the authority payable solely and only from the sources provided in this chapter, and the authority may not pledge the credit or taxing power of this state or any political subdivision of this state other than the authority, or make its debts payable out of any moneys except those of the authority.

3. Bonds and notes must be authorized by a resolution of the authority. However, a resolution authorizing the issuance of bonds or notes may delegate to an officer of the authority the power to negotiate and fix the details of an issue of bonds or notes by an appropriate certificate of the authorized officer.

4. Bonds shall:
   a. State the date and series of the issue, and state that they are payable both as to principal and interest solely out of the assets of the authority and do not constitute an indebtedness of this state or any political subdivision of this state other than the authority within the meaning of any constitutional or statutory debt limit.
   b. Be either registered, registered as to principal only, or in coupon form, issued in denominations as the authority prescribes, fully negotiable instruments under the laws of this state, signed on behalf of the authority with the manual or facsimile signature of the chairperson or vice chairperson, attested by the manual or facsimile signature of the secretary, have impressed or imprinted thereon the seal of the authority or a facsimile of it, and the coupons attached shall be signed with the facsimile signature of the chairperson or vice chairperson, be payable as to interest at rates and at times as the authority determines, be payable as to principal at times over a period not to exceed fifty years from the date of issuance, at places, and with reserved rights of prior redemption, as the authority prescribes, be sold at prices, at public or private sale, and in a manner as the authority prescribes, and the authority may pay all expenses, premiums, and commissions which it deems necessary or advantageous in connection with the issuance and sale, and be issued under and subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest, and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this chapter, as are found to be necessary by the authority for the most advantageous sale, which may include, but are not limited to, covenants with the holders of the bonds as to:
      (1) Pledging or creating a lien, to the extent provided by the resolution, on moneys or property of the authority or moneys held in trust or otherwise by others to secure the payment of the bonds.
      (2) Providing for the custody, collection, securing, investment, and payment of any moneys of or due to the authority.
      (3) The setting aside of reserves or sinking funds and the regulation or disposition of them.
      (4) Limitations on the purpose to which the proceeds of sale of an issue of bonds then or thereafter to be issued may be applied.
      (5) Limitations on the issuance of additional bonds and on the refunding of outstanding or other bonds.
      (6) The procedure by which the terms of a contract with the holders of bonds may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which consent may be given.
      (7) The creation of special funds into which moneys of the authority may be deposited.
      (8) Vesting in a trustee properties, rights, powers, and duties in trust as the authority determines, which may include the rights, powers, and duties of the trustee appointed for the holders of any issue of bonds pursuant to section 16.28, in which event the provisions of that section authorizing appointment of a trustee by the holders of bonds shall not apply, or limiting or abrogating the right of the holders of bonds to appoint a trustee under that section, or limiting the rights, duties, and powers of the trustee.
      (9) Defining the acts or omissions which constitute a default in the obligations and duties of the authority and providing for the rights and remedies of the holders of bonds in the event of a default. However, rights and remedies shall be consistent with the laws of this state and other provisions of this chapter.
(10) Any other matters which affect the security and protection of the bonds and the rights of
the holders.

5. The authority may issue its bonds for the purpose of refunding any bonds or notes then
outstanding, including the payment of any redemption premiums thereon and any interest
accrued or to accrue to the date of redemption of the outstanding bonds or notes. Until the
proceeds of bonds issued for the purpose of refunding outstanding bonds or notes are applied
to the purchase or retirement of outstanding bonds or notes or the redemption of outstanding
bonds or notes, the proceeds may be placed in escrow and be invested and reinvested in
accordance with the provisions of this chapter. The interest, income, and profits earned or
realized on an investment may also be applied to the payment of the outstanding bonds or
notes to be refunded by purchase, retirement, or redemption. After the terms of the escrow
have been fully satisfied and carried out, any balance of proceeds and interest earned or
realized on the investments may be returned to the authority for use by it in any lawful
manner. All refunding bonds shall be issued and secured and subject to the provisions of
this chapter in the same manner and to the same extent as other bonds issued pursuant to
this chapter.

6. The authority may issue negotiable bond anticipation notes and may renew them from
time to time but the maximum maturity of the notes, including renewals, shall not exceed ten
years from the date of issue of the original notes. Bond anticipation notes are payable from
any available moneys of the authority not otherwise pledged, or from the proceeds of the sale
of bonds of the authority in anticipation of which the bond anticipation notes were issued.
Bond anticipation notes may be issued for any corporate purpose of the authority. Bond
anticipation notes shall be issued in the same manner as bonds and notes, and the resolution
authorizing them may contain any provisions, conditions, or limitations, not inconsistent with
the provisions of this subsection, which the bonds or a bond resolution of the authority may
contain. Bond anticipation notes may be sold at public or private sale. In case of default on
its bond anticipation notes or violation of any obligations of the authority to the noteholders,
the noteholders shall have all the remedies provided in this chapter for bondholders. Bond
anticipation notes shall be as fully negotiable as bonds of the authority.

7. A pledge made in respect of bonds or notes shall be valid and binding from the time
the pledge is made. The moneys or property so pledged and received after the pledge
by the authority shall immediately be subject to the lien of the pledge without physical
delivery or further act. The lien of the pledge shall be valid and binding as against all parties
having claims of any kind in tort, contract, or otherwise against the authority whether or
not the parties have notice of the lien. Neither the resolution, trust agreement, nor any
other instrument by which a pledge is created needs to be recorded or filed under the Iowa
uniform commercial code, chapter 554, to be valid, binding, or effective against the parties.

8. Neither the members of the authority nor any person executing its bonds, notes, or
other obligations shall be liable personally on the bonds, notes, or other obligations or be
subject to any personal liability or accountability by reason of the issuance of the authority's
bonds or notes.

9. The authority may make or participate in the making of loans to housing sponsors
to provide interim construction financing for the construction or rehabilitation of adequate
housing for low or moderate income persons or families, elderly persons or families,
and persons or families which include one or more persons with disabilities, and of
noninstitutional residential care facilities. An interim construction loan may be made under
this section only if the loan is the subject of a commitment from an agency or instrumentality
of the United States government or from the authority, to provide long-term financing for
the mortgage loan, and interim construction advances made under the interim construction
loan will be insured or guaranteed by an agency or instrumentality of the United States
government.

10. In connection with any financing which involves an out-of-state issuer issuing bonds,
notes, or other obligations for facilities located in the state, the authority is designated as the
only governmental unit in the state that may conduct the public hearing required by section
147(f) of the federal Internal Revenue Code, as defined in section 422.3, and the governor of
Iowa is designated as the applicable elected representative pursuant to section 147(f) of the federal Internal Revenue Code, as defined in section 422.3.

16.27 Reserve funds and appropriations.
1. The authority may create and establish one or more special funds, to be known as “bond reserve funds”, and shall pay into each bond reserve fund any moneys appropriated and made available by the state for the purpose of the fund, any proceeds of sale of notes or bonds to the extent provided in the resolutions of the authority authorizing their issuance, and any other moneys which may be available to the authority for the purpose of the fund from any other sources. All moneys held in a bond reserve fund, except as otherwise provided in this chapter, shall be used as required solely for the payment of the principal of bonds secured in whole or in part by the fund or of the sinking fund payments with respect to the bonds, the purchase or redemption of the bonds, the payment of interest on the bonds or the payments of any redemption premium required to be paid when the bonds are redeemed prior to maturity.
2. Moneys in a bond reserve fund shall not be withdrawn from it at any time in an amount that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, as provided in this section, except for the purpose of making, with respect to bonds secured in whole or in part by the fund, payment when due of principal, interest, redemption premiums and the sinking fund payments with respect to the bonds for the payment of which other moneys of the authority are not available. Any income or interest earned by, or incremental to, a bond reserve fund due to the investment of it may be transferred by the authority to other funds or accounts of the authority to the extent the transfer does not reduce the amount of that bond reserve fund below the bond reserve fund requirement for it.
3. The authority shall not at any time issue bonds, secured in whole or in part by a bond reserve fund if, upon the issuance of the bonds, the amount in the bond reserve fund will be less than the bond reserve fund requirement for the fund, unless the authority at the time of issuance of the bonds deposits in the fund from the proceeds of the bonds issued or from other sources an amount which, together with the amount then in the fund will not be less than the bond reserve fund requirement for the fund. For the purposes of this section, the term “bond reserve fund requirement” means, as of any particular date of computation, an amount of money, as provided in the resolutions of the authority authorizing the bonds with respect to which the fund is established, equal to not more than ten percent of the outstanding principal amount of bonds of the authority secured in whole or in part by the fund.
4. The authority shall cause to be delivered to the legislative fiscal committee within ninety days of the close of its fiscal year its annual report certified by an independent certified public accountant, who may be the accountant or a member of the firm of accountants who regularly audits the books and accounts of the authority, selected by the authority.

any action, bid for and purchase the property or acquire or take possession of it, complete, administer, pay the principal of and interest on any obligations incurred in connection with the property, and dispose of and otherwise deal with the property in a manner the authority deems advisable to protect its interests.

16.28 Remedies of bondholders and noteholders.
1. If the authority defaults in the payment of principal or interest on an issue of bonds or notes after they become due, whether at maturity or upon call for redemption, and the default continues for a period of thirty days, or if the authority fails or refuses to comply with the provisions of this chapter, or defaults in an agreement made with the holders of an issue of bonds or notes, the holders of twenty-five percent in aggregate principal amount of bonds or notes of the issue then outstanding, by instrument filed in the office of the clerk of the county in which the principal office of the authority is located, and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of the bonds or notes for the purposes provided in this section.

   (4) By action enjoin any acts or things which are unlawful or in violation of the rights of the holders.
   (5) Declare all the bonds or notes due and payable and if all defaults are made good then with the consent of the holders of twenty-five percent of the aggregate principal amount of the issue of bonds or notes then outstanding, annul the declaration and its consequences.

b. The bondholders or noteholders, to the extent provided in the resolution by which the bonds or notes were issued or in their agreement with the authority, may enforce any of the remedies in paragraph “a”, subparagraphs (1) through (5) or the remedies provided in those agreements for and on their own behalf.

3. The trustee shall also have and possess all powers necessary or appropriate for the exercise of functions specifically set forth or incident to the general representation of bondholders or noteholders in the enforcement and protection of their rights.

4. Before declaring the principal of bonds or notes due and payable, the trustee shall first give thirty days’ notice in writing to the governor, to the authority and to the attorney general of the state.

5. The district court has jurisdiction of any action by the trustee on behalf of bondholders or noteholders. The venue of the action shall be in the county in which the principal office of the authority is located.

The state pledges and agrees with the holders of any bonds or notes that the state will not limit or alter the rights vested in the authority to fulfill the terms of agreements made with the holders or in any way to impair the rights and remedies of the holders until the bonds or notes together with the interest on them, plus interest on unpaid installments of interest, and all costs and expenses in connection with an action by or on behalf of the holders are fully
met and discharged. The authority may include this pledge and agreement of the state in any agreement with the holders of bonds or notes.

PART 3
LENDING INSTITUTIONS

16.38 Loans to lending institutions.
1. The authority may make, and contract to make, loans to lending institutions on terms and conditions as the authority determines are reasonably related to protecting the security of the authority’s investment and to implementing the purposes of this chapter, and subject to this section. All lending institutions are authorized to borrow from the authority in accordance with the provisions of this section and the rules of the authority.

2. The authority shall require as a condition of each loan to a lending institution that the lending institution, within a reasonable period after receipt of the loan proceeds as the authority prescribes by rule, shall have entered into written commitments to make, and, within a reasonable period thereafter as the authority prescribes by rule, shall have disbursed the loan proceeds in new mortgage loans to low or moderate income families in an aggregate principal amount equal to the amount of the loan. New mortgage loans shall have terms and conditions as the authority prescribes by rules which are reasonably related to implementing the purposes of this chapter.

3. The authority shall require the submission to the authority by each lending institution to which the authority has made a loan, of evidence satisfactory to the authority of the making of new mortgage loans to low or moderate income families as required by this section, and in that connection may, through its members, employees, or agents, inspect the books and records of a lending institution.

4. Compliance by a lending institution with the terms of its agreement with the authority with respect to the making of new mortgage loans to low or moderate income families may be enforced by decree of any district court of this state. The authority may require as a condition of a loan to a national banking association or a federally chartered savings and loan association, the consent of the association to the jurisdiction of courts of this state over any such proceeding. The authority may also require, as a condition of a loan to a lending institution, agreement by the lending institution to the payment of penalties to the authority for violation by the lending institution of its agreement with the authority, and the penalties shall be recoverable at the suit of the authority.

5. The authority shall require that each lending institution receiving a loan pursuant to this section shall issue and deliver to the authority an evidence of its indebtedness to the authority which shall constitute a general obligation of the lending institution and shall bear a date, mature at a time, be subject to prepayment, and contain other provisions consistent with this section and reasonably related to protecting the security of the authority’s investment, as the authority determines.

6. Notwithstanding any other provision of this section to the contrary, the interest rate and other terms of loans to lending institutions made from the proceeds of an issue of bonds or notes of the authority shall be at least sufficient to assure the payment of the bonds or notes and the interest on them as they become due.

7. The authority shall require that loans to lending institutions are additionally secured as to payment of both principal and interest by a pledge of and lien upon collateral security by special escrow funds or other forms of guaranty and in such amounts and forms as the authority shall by resolution determine to be necessary to assure the payment of the loans and the interest thereon as they become due. Collateral security shall consist of direct obligations of, or obligations guaranteed by, the United States or one of its agencies, obligations satisfactory to the authority which are issued by other federal agencies, direct obligations of or obligations guaranteed by a state or a political subdivision of a state, or investment quality obligations approved by the authority.

8. The authority may require that collateral for loans be deposited with a bank, trust company, or other financial institution acceptable to the authority located in this state and designated by the authority as custodian. In the absence of such a requirement, each lending institution shall enter into an agreement with the authority containing provisions as the authority deems necessary to adequately identify and maintain the collateral, service
the collateral, and require the lending institution to hold the collateral as an agent for the 
authority and be accountable to the authority as the trustee of an express trust for the 
application and disposition of the collateral and the income from it. The authority may 
also establish additional requirements as the authority deems necessary with respect to the 
pledging, assigning, setting aside, or holding of collateral and the making of substitutions 
for it or additions to it and the disposition of income and receipts from it.

9. The authority may require as a condition of loans to lending institutions, any 
representations and warranties the authority determines are necessary to secure the loans 
and carry out the purposes of this section.

10. If a provision of this section is inconsistent with a provision of law of this state 
governing lending institutions, the provision of this section controls for the purposes of this 
section.

2014 Acts, ch 1080, §38, 78

16.39 Purchase of mortgage loans.

1. The authority may purchase, and make advance commitments to purchase, mortgage 
loans from lending institutions at prices and upon terms and conditions as the authority 
determines subject to this section. However, the total purchase price for all mortgage loans 
which the authority commits to purchase from a lending institution at any one time shall not 
exceed the total of the unpaid principal balances of the mortgage loans purchased. Lending 
institutions are authorized to sell mortgage loans to the authority in accordance with the 
provisions of this section and the rules of the authority.

2. The authority shall require as a condition of purchase of mortgage loans from lending 
institutions that the lending institutions, within a reasonable period after receipt of the 
purchase price as the authority prescribes by rule, shall enter into written commitments to 
loan and, within a reasonable period thereafter as the authority prescribes by rule, shall loan 
an amount equal to the entire purchase price of the mortgage loans, on new mortgage loans 
to low or moderate income families or certify that mortgage loans purchased are mortgage 
loans made to low or moderate income families. New mortgage loans to be made by lending 
institutions shall have terms and conditions as the authority prescribes by rule. The authority 
may make a commitment to purchase mortgage loans from lending institutions in advance 
of the time such loans are made by lending institutions. The authority shall require as a 
condition of such commitment that lending institutions certify in writing that all mortgage 
loans represented by the commitment will be made to low or moderate income families, and 
that other authority specifications will be complied with.

3. The authority shall require the submission to the authority by each lending institution 
from which the authority has purchased mortgages, of evidence satisfactory to the authority 
of the making of new mortgage loans to low or moderate income families as required by this 
section and in that connection may, through its members, employees, or agents, inspect the 
books and records of a lending institution.

4. Compliance by a lending institution with the terms of its agreement with the authority 
with respect to the making of new mortgage loans to low or moderate income families may be 
enforced by decree of any district court of this state. The authority may require as a condition 
of purchase of mortgage loans from any national banking association or federally chartered 
savings and loan association, the consent of the association to the jurisdiction of courts of 
this state over any such proceeding. The authority may also require as a condition of the 
authority’s purchase of mortgage loans from a lending institution, agreement by the lending 
institution to the payment of penalties to the authority for violation by the lending institution 
of its agreement with the authority, and the penalties shall be recoverable at the suit of the 
authority.

PART 4
LOANS TO LENDING INSTITUTIONS

16.70 Loans to lending institutions.
1. The authority may make and contract to make loans to lending institutions on terms and conditions the authority determines are reasonably related to protecting the security of the authority’s investment and to implementing the purposes of this subchapter. Lending institutions are authorized to borrow from the authority in accordance with the provisions of this section and the rules of the authority.
2. The authority shall require as a condition of each loan to a lending institution that the lending institution, within a reasonable period after receipt of the loan proceeds as the authority prescribes by rule, shall have entered into written commitments to make and,
within a reasonable period thereafter as the authority prescribes by rule, shall have disbursed
the loan proceeds in new mortgage or secured loans to beginning farmers in an aggregate
principal amount of not less than the amount of the loan. New mortgage or secured loans
shall have terms and conditions as the authority prescribes by rules which are reasonably
related to implementing the purposes of this subchapter as provided in subchapter III.

3. The authority shall require the submission by each lending institution to which the
authority has made a loan, of evidence satisfactory to the authority of the making of new
mortgage or secured loans to beginning farmers as required by this section, and in that
connection may, through its members, employees, or agents, inspect the books and records
of a lending institution.

4. Compliance by a lending institution with the terms of its agreement with the authority
with respect to the making of new mortgage or secured loans to beginning farmers may
be enforced by decree of any district court of this state. The authority may require as a
condition of a loan to a national banking association or a federally chartered savings and
loan association, the consent of the association to the jurisdiction of the courts of this state
over any enforcement proceeding. The authority may also require, as a condition of a loan to
a lending institution, agreement by the lending institution to the payment of penalties to the
authority for violation by the lending institution of its agreement with the authority, and the
penalties shall be recoverable at the suit of the authority.

5. The authority shall require that each lending institution receiving a loan pursuant to this
section shall issue and deliver to the authority evidence of its indebtedness to the authority
which shall constitute a general obligation of the lending institution and shall bear a date,
mature at a time, be subject to prepayment, and contain other provisions consistent with this
section and reasonably related to protecting the security of the authority’s investment, as the
authority determines.

6. Notwithstanding any other provision of this section, the interest rate and other terms
of loans to lending institutions made from the proceeds of an issue of bonds or notes of the
authority shall be at least sufficient to assure the payment of the bonds or notes and the
interest on them as they become due.

7. The authority may require that loans to lending institutions are additionally secured as
to payment of both principal and interest by a pledge of and lien upon collateral security by
special escrow funds or other forms of guaranty and in amounts and forms as the authority
by resolution determines to be necessary to assure the payment of the loans and the interest
as they become due. Collateral security shall consist of direct obligations of or obligations
guaranteed by the United States or one of its agencies, obligations satisfactory to the authority
which are issued by other federal agencies, direct obligations of or obligations guaranteed by

authority.

8. The authority may require that collateral for loans be deposited with a bank, trust
company, or other financial institution acceptable to the authority located in this state
and designated by the authority as custodian. In the absence of that requirement, each
lending institution shall enter into an agreement with the authority containing provisions
the authority deems necessary to adequately identify and maintain the collateral, service
the collateral and require the lending institution to hold the collateral as an agent for the
authority, and be accountable to the authority as the trustee of an express trust for the
application and disposition of the collateral and the income from it. The authority may
also establish additional requirements the authority deems necessary with respect to the
pledging, assigning, setting aside, or holding of collateral and the making of substitutions
for it or additions to it and the disposition of income and receipts from it.

9. The authority may require as a condition of loans to lending institutions any
representations and warranties the authority determines are necessary to secure the loans
and carry out the purposes of this section.

10. The authority may require the beginning farmer to satisfy conditions and
requirements normally imposed by lending institutions in making similar loans, including
but not limited to the purchase of capital stock in the federal land bank.

11. If a provision of this section is inconsistent with a provision of law of this state
governing lending institutions, the provision of this section controls for the purposes of this section.

2014 Acts, ch 1080, §54, 78

16.71 Purchase of loans.

However, the total purchase price for all mortgage or secured loans which the authority commits to purchase from a lending institution at any one time shall not exceed the total of the unpaid principal balances of the mortgage or secured loans purchased. Lending institutions are authorized to sell mortgage or secured loans to the authority in accordance with the provisions of this section and the rules of the authority.

2. The authority shall require as a condition of purchase of mortgage or secured loans from lending institutions that the lending institutions certify that the mortgage or secured loans purchased are loans made to beginning farmers. Mortgage or secured loans to be made by lending institutions shall have terms and conditions as the authority prescribes by rule. The authority may make a commitment to purchase mortgage or secured loans from lending institutions in advance of the time the loans are made by lending institutions. The authority shall require as a condition of a commitment that lending institutions certify in writing that all mortgage or secured loans represented by the commitment will be made to beginning farmers and that the lending institution will comply with other authority specifications.

3. The authority shall require the submission to it by each lending institution from which the authority has purchased loans of evidence satisfactory to the authority of the making of mortgage or secured loans to beginning farmers as required by this section and in that connection may, through its members, employees, or agents, inspect the books and records of a lending institution.

4. Compliance by a lending institution with the terms of its agreement with the authority with respect to the making of mortgage or secured loans to beginning farmers may be enforced by decree of any district court of this state. The authority may require as a condition of purchase of mortgage or secured loans from any national banking association or federally chartered savings and loan association the consent of the association to the jurisdiction of the courts of this state over any enforcement proceeding. The authority may also require as a condition of the purchase of mortgage or secured loans from a lending institution agreement by the lending institution to the payment of penalties to the authority for violation by the lending institution of its agreement with the authority and the penalties shall be recoverable at the suit of the authority.

5. The authority may require as a condition of purchase of a mortgage or secured loan from a lending institution that the lending institution make representations and warranties the authority requires. A lending institution is liable to the authority for damages suffered by the authority by reason of the untruth of a representation or the breach of a warranty and, in the event that a representation proves to be untrue when made or in the event of a breach of warranty, the lending institution shall, at the option of the authority, repurchase the mortgage or secured loan for the original purchase price adjusted for amounts subsequently paid on it, as the authority determines.

6. The authority shall require the recording of an assignment of a mortgage loan purchased by the authority from a lending institution and is not required to notify the mortgagor of the authority’s purchase of the mortgage loan. The authority is not required to inspect or take possession of the mortgage documents if the lending institution from which the mortgage loan is purchased enters into a contract to service the mortgage loan and account to the authority for it.

7. If a provision of this section is inconsistent with another provision of law of this state governing lending institutions, the provision of this section controls for the purposes of this section.

   b. The authority may establish different rates based on separate categories of applications or agricultural lease agreements as determined relevant by the authority.
   c. The authority shall calculate the rates of the application fees to be effective for each successive twelve-month period. The total amount of application fees collected by the authority for that period shall not be more than the authority’s estimate of the total amount of revenues necessary to administer the provisions of this subpart based on the expected revenue to be collected from the application fees and the expected costs to be incurred by the authority in administering the provisions of this subpart during that period. The authority may adjust the rates throughout that period as the authority determines necessary to comply with this paragraph.
   d. The amount of application fees collected by the authority under this subsection shall be considered repayment receipts as defined in section 8.2.
   e. (1) The rules described in this subsection shall first take effect immediately after the repeal of subsection 2.
      (2) This paragraph “e” is repealed immediately after the rules described in this subsection take effect.
   4. An eligible taxpayer shall not participate in the beginning farmer tax credit program for more than ten years, and shall not receive more than ten tax credit certificates under the program.
   5. The agricultural development board shall review and recommend approval of an application for a tax credit as provided by rules adopted by the authority. The application must include a copy of the agricultural lease agreement. The authority may require that the parties to an agreement provide additional information as determined relevant by the authority.
6. The authority shall approve all beginning farmer tax credit applications that meet the requirements of this subpart and make tax credit awards on a first-come, first-served basis, subject to the limitations in section 16.82A.

7. After the authority has approved an application and made a tax credit award, all of the following apply:
   a. The authority shall issue beginning farmer tax credit certificates to an eligible taxpayer on an annual basis as provided in section 16.82A.

16.82 Beginning farmer tax credit — allowance.

1. A beginning farmer tax credit is authorized under the beginning farmer tax credit program as provided in section 16.78. The beginning farmer tax credit is allowed against the taxes imposed in chapter 422, subchapter II, as provided in section 422.11E, and in chapter 422, subchapter III, as provided in section 422.33, subsection 21, to facilitate the transfer of agricultural assets from an eligible taxpayer to a qualifying beginning farmer participating in the program.

2. An individual may claim a beginning farmer tax credit under this section of a partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings from the partnership, limited liability company, S corporation, estate, or trust.

3. Subject to the limitations described in subsections 5, 6, and 7, the authority shall determine the amount of the tax credit under an agreement using the following methods:
   a. In the case of an agreement on a fixed basis, in which an eligible taxpayer receives a fixed cash rent payment, the amount of the tax credit equals five percent of the amount of the fixed cash rent payment for each year.
   b. In the case of an agreement on a commodity share basis, in which an eligible taxpayer receives as a rent payment a percentage of the commodity produced, the amount of the tax credit shall equal fifteen percent of the gross amount that the eligible taxpayer would receive as a rent payment from the sale of the eligible taxpayer’s share of the crop in each harvest year. The amount of the tax credit shall be based on an equation established by rule adopted by the authority which shall use data compiled by the United States department of agriculture, which shall include all of the following factors:
      (1) The past ten-year average per bushel yield for the same type of grain as produced under the agreement in the same county where the leased agricultural land is located excluding the years of highest and lowest per bushel yields.
      (2) The per bushel state price established for the same type of grain harvested as described in subparagraph (1). Price information shall be averaged from the past five years excluding the years of the highest and lowest per bushel state price.
      c. In the case of an agreement made on a flexible basis in which an eligible taxpayer receives a rent payment consisting of a fixed cash payment and an amount subject to adjustment according to a risk-sharing arrangement, or receives a rent payment consisting of an amount subject to adjustment according to a risk-sharing arrangement, the amount of the tax credit equals the sum of the following amounts:
         (1) To the extent that a portion of the amount of the rent payment is calculated on a fixed basis as described in paragraph “a”, that portion of the tax credit equals five percent of the fixed cash payment in the same manner as provided in paragraph “a”.
         (2) To the extent that a portion of the amount of the rent payment is calculated on a commodity share basis as described in paragraph “b”, that portion of the tax credit equals fifteen percent of the amount that the eligible taxpayer would receive from the sale of the eligible taxpayer’s share of the commodity in the same manner as provided in paragraph “b”.

IOWA FINANCE AUTHORITY, §16.82
(3) (a) To the extent that the amount of the rent payment may be adjusted after taking into account all risk-sharing factors provided in the agreement, that portion of the tax credit equals fifteen percent of the highest adjusted amount that the eligible taxpayer could receive in excess of the amounts calculated in subparagraphs (1) and (2) based on an equation adopted by rule by the authority.

(b) As used in subparagraph division (a), “risk-sharing factor” means an occurrence or lack of occurrence that may affect the commodity’s production or profitability as provided in the agreement, and which may include but is not limited to production costs, per acre crop yield, gross revenue, or market price.

(c) The authority shall adopt rules establishing criteria for commonly used risk-sharing factors and adjustment limits.

4. The authority shall provide the department with data, in the format prescribed by the department, of eligible taxpayers and persons who have been decertified due to lease termination or other cause of ineligibility by January 31 of each year. The data shall include the amount of the tax credit issued for the most recent year and all expected future tax credits under an agreement for each eligible taxpayer and the type of agreement.

5. The amount of tax credits that may be awarded to an eligible taxpayer for any one year under all agreements shall not exceed fifty thousand dollars.

6. The amount of the tax credit shall be reduced by the percent ownership interest of the qualifying beginning farmer in the agricultural asset.

7. A tax credit in excess of the eligible taxpayer’s tax liability for the tax year is not refundable but may be credited to the tax liability for the following ten tax years or until depleted, whichever is earlier. A tax credit shall not be carried back to a tax year prior to the tax year in which the eligible taxpayer redeems the tax credit.

8. a. To claim a tax credit under this section, an eligible taxpayer shall include one or more tax credit certificates with the eligible taxpayer’s tax return pursuant to rules adopted by the department.

b. A tax credit shall not be transferable to any other person other than the eligible taxpayer’s estate or trust upon the eligible taxpayer’s death pursuant to rules adopted by the department.

9. If an agreement is terminated by the eligible taxpayer, all of the following shall apply:

a. Any tax credit properly claimed by the eligible taxpayer prior to the date of termination or for the year during which the termination occurred shall be allowed except as provided in paragraph “b”, but no additional tax credits may be issued or claimed under the program for that agreement. The eligible taxpayer may apply for and be awarded another beginning farmer tax credit under a new agreement for the same agricultural assets as provided in this section.

b. If the authority determines that the eligible taxpayer is at fault for the termination, any beginning farmer tax credit that is claimed by the eligible taxpayer for the year during which the termination occurred shall be disallowed and the amount shall be considered a tax payment due. If an eligible taxpayer does not notify the authority of the termination within thirty days of the date of the termination in the manner and form prescribed by the authority, the eligible taxpayer shall be conclusively deemed at fault for the termination.

16.82A Beginning farmer tax credit awards — amount and availability.

1. a. Upon approval of an application as provided in section 16.81, the authority shall make a tax credit award to the eligible taxpayer. The tax credit award shall equal the sum of the tax credits calculated by the authority under section 16.82 for all eligible years under the approved agreement.

b. The authority shall notify the eligible taxpayer of the tax credit award under the program. The notification shall include the total tax credit award, the amount of the tax credit award that will be issued by way of a tax credit certificate in each future year under the approved agreement, and a statement that the eligible taxpayer has no right to receive
tax credit certificates and claim tax credits under the program if all requirements of the agreement and the program are not satisfied.

c. If, after a tax credit award is made, the eligible taxpayer or qualified beginning farmer no longer meets the requirements of the agreement or the program, the authority may revoke the tax credit award and may rescind any tax credit certificate that has been issued.

2. The amount of beginning farmer tax credits that may be awarded by the authority in any one calendar year under the beginning farmer tax credit program shall not in the aggregate exceed a limit of twelve million dollars. Tax credits shall be awarded by the authority not later than December 15 of each calendar year after the agricultural development board reviews applications as provided in section 16.81 and the authority determines tax credit amounts for the approved applications as provided in section 16.82, aggregated for purposes of meeting the annual program award limits.

3. a. The authority shall issue tax credit certificates on an annual basis to eligible taxpayers who have received a tax credit award. The tax credit certificate shall contain the information required by the department.

b. The aggregate amount of tax credit certificates issued to an eligible taxpayer shall not exceed the eligible taxpayer’s tax credit award.

c. A tax credit certificate, unless rescinded by the authority, shall be accepted by the department as payment for taxes pursuant to chapter 422, subchapters II and III, subject to any conditions or restrictions placed by the authority upon the face of the tax credit certificate and subject to the limitations of the program.

SUBPART C

AGRICULTURAL PRODUCER PROGRAMS

16.83 Additional loan program.

1. The authority may enter into a loan agreement with a beginning farmer to finance in whole or in part the acquisition by construction or purchase of agricultural land, agricultural improvements, or depreciable agricultural property. The repayment obligation of the beginning farmer may be unsecured, or may be secured by a mortgage or security agreement or by other security as the authority deems advisable, and may be evidenced by one or more notes of the beginning farmer. The loan agreement may contain terms and conditions as the authority deems advisable.

2. The authority may issue its bonds and notes for the purposes set forth in subsection 1 and may enter into a lending agreement or purchase agreement with one or more bondholders or noteholders containing the terms and conditions of the repayment of and the security for the bonds or notes. Bonds and notes must be authorized by a resolution of the authority. The authority and the bondholders or noteholders may enter into an agreement to provide for any of the following:

a. That the proceeds of the bonds and notes, and the investments on the proceeds, may be received, held, and disbursed by the bondholders or noteholders, or by a trustee or agent designated by the authority.

b. That the bondholders or noteholders or a trustee or agent designated by the authority may collect, invest, and apply the amounts payable under the loan agreement or any other security instrument securing the debt obligation of the beginning farmer.

c. That the bondholders or noteholders may enforce the remedies provided in the loan agreement or security instrument on their own behalf without the appointment or designation of a trustee and if there is a default in the principal of or interest on the bonds or notes or in
the performance of any agreement contained therein, the payment or performance may be
enforced in accordance with the provisions contained therein.

d. That if there is a default in the payment of the principal or interest on a mortgage or
security instrument or a violation of an agreement contained in the mortgage or security
instrument, the mortgage or security instrument may be foreclosed or enforced and any
collateral sold under proceedings or actions permitted by law and a trustee under the
mortgage or security agreement or the holder of any bonds or notes secured thereby may
become a purchaser if the trustee or holder is the highest bidder.

e. Other terms and conditions.

3. The authority may provide in the resolution authorizing the issuance of the bonds or
notes that the principal and interest shall be limited obligations payable solely out of the
revenues derived from the debt obligation, collateral, or other security furnished by or on
behalf of the beginning farmer, and that the principal and interest does not constitute an
indebtedness of the authority or a charge against its general credit or general fund.

4. The powers granted the authority under this section are in addition to other powers
granted to the authority to administer this subchapter as provided in this chapter. All other
provisions of this chapter, except section 16.28, subsection 4, apply to bonds or notes issued
pursuant to and powers granted to the authority under this section except to the extent that
they are inconsistent with this section.

producers, and may develop and implement programs including but not limited to the making
of loan guaranties, interest buy-downs, grants, secured or unsecured direct loans, secondary
market purchases of loans or mortgages, loans to lending institutions or other agricultural
lenders as designated by rule of the authority, or entities that provide funds or credits to such
lenders or institutions, to assist agricultural producers within the state. The authority may
exercise any of the powers granted to the authority in this chapter in order to fulfill the goal
of providing financial assistance to agricultural producers. The authority may participate in
and cooperate with programs of any agency or instrumentality of the federal government or
with programs of any other state agency in the administration of the programs to provide
economic assistance to agricultural producers.

this section that assistance shall be provided only if the following criteria are satisfied:

a. The agricultural producer is a resident of the state.

b. The agricultural producer’s land and farm operations are located within the state.

c. Based upon the agricultural producer’s net worth, cash flow, debt-to-asset ratio, and
other criteria as prescribed by rule of the authority, the authority determines that without
such assistance the agricultural producer could not reasonably be expected to be able to
obtain, retain, restructure, or service loans or other financing for operating expenses, cash
flow requirements, or capital acquisition and maintenance upon a reasonable and affordable
basis.

d. Other criteria as the authority prescribes by rule.

3. The authority is granted all powers which are necessary or useful to develop and
implement programs and authorizations pursuant to subsection 1. These powers include
but are not limited to:

a. All general and specific powers stated in subchapter IV and this subchapter.

b. The power to make or enter into or to require the making or entry into of agreements
of any type, with or by any person, that are necessary to effect the purposes of this section.

mortgages, loan agreements, trust indentures, reimbursement agreements, letters of credit
or other liquidity or credit enhancement agreements, reserve agreements, loan or mortgage
purchase agreements, buy-down agreements, grants, collateral or security agreements,
insurance contracts, or other similar documents. The agreements may contain any terms and
conditions which the authority determines are reasonably necessary or useful to implement the purposes of this section or which are usually included in agreements or documents between private or public persons in similar transactions.

c. The power to require submission of evidence satisfactory to the authority of the receipt by an agricultural producer of the assistance intended under a program developed and implemented pursuant to this section. In that connection, the authority, through its members, employees, or agents, may inspect the books and records of any person receiving or involved in the provision of assistance in accordance with this section.

d. The power to establish by rule appropriate enforcement provisions in order to assure compliance with this section and rules adopted pursuant to this section, to seek the enforcement of such rules and the terms of any agreement or document by decree of any court of competent jurisdiction, and to require as a condition of providing assistance pursuant to this section the consent of any person receiving or involved in the provision of the assistance to the jurisdiction of the courts of this state over any enforcement proceeding.

e. The power to require, as a condition of the provision of assistance pursuant to this section, any representations and warranties on the part of any person receiving or involved in providing such assistance that the authority determines are reasonably necessary or useful to carry out the purposes of this section. A person receiving or involved in providing assistance pursuant to this section is liable to the authority for damages suffered by the authority by reason of a misrepresentation or the breach of a warranty.

4. All persons, public and private, are authorized to cooperate with the authority and to participate in the programs developed and implemented pursuant to this section and in accordance with the rules of the authority.

5. The powers granted the authority under this section are in addition to other powers contained in this chapter. All other provisions of this chapter, except section 16.28, subsection 4, apply to bonds or notes issued pursuant to powers granted to the authority under this section, to reserve funds, to appropriations, and to the remedies of bondholders and noteholders except to the extent that they are inconsistent with this section.

SUBCHAPTER IX

TITLE GUARANTY

PART 1

GENERAL

16.90 Definition.

As used in this subchapter, unless the context otherwise requires, “title guaranty” means a guaranty against loss or damage caused by a defective title to real property.

2014 Acts, ch 1080, §65, 78

PART 2

PROGRAM

16.91 Iowa title guaranty program.

1. The authority through the Iowa title guaranty division shall initiate and operate a program in which the division shall offer guaranties of real property titles in this state. The terms, conditions, and form of the guaranty contract shall be forms approved by the division board. The division shall fix a charge for the guaranty in an amount sufficient to permit the
program to operate on a self-sustaining basis, including payment of administrative costs and the maintenance of an adequate reserve against claims under the Iowa title guaranty program. A title guaranty fund is created in the office of the treasurer of state. Funds collected under this program shall be placed in the title guaranty fund and are available to pay all claims, necessary reserves and all administrative costs of the Iowa title guaranty program. Moneys in the fund shall not revert to the general fund and interest on the moneys in the fund shall be deposited in the housing trust fund established in section 16.181 and shall not accrue to the general fund. If the authority board in consultation with the division board determines that there are surplus funds in the title guaranty fund after providing for adequate reserves and operating expenses of the division, the surplus funds shall be transferred to the housing assistance fund created pursuant to section 16.40.

2. A title guaranty, closing protection letter, or gap coverage issued under this program is an obligation of the division only and claims are payable solely and only out of the moneys, assets, and revenues of the title guaranty fund and are not an indebtedness or liability of the state. The state is not liable on any guaranty, closing protection letter, or gap coverage.

3. With the approval of the authority board the division and its board shall consult with the insurance division of the department of commerce in developing a guaranty contract acceptable to the secondary market and developing any other feature of the program with which the insurance division may have special expertise. Except as provided in this subsection, the Iowa title guaranty program is not subject to the jurisdiction of or regulation by the insurance division or the commissioner of insurance.

4. Each participating attorney and abstractor may be required to pay an annual participation fee to be eligible to participate in the Iowa title guaranty program. The fee, if any, shall be set by the division, subject to the approval of the authority.

5. The participation of abstractors and attorneys shall be in accordance with rules established by the division and adopted by the authority pursuant to chapter 17A.

   a. (1) Each participant shall at all times maintain liability coverage in amounts approved by the division. Upon payment of a claim by the division, the division shall be subrogated to the rights of the claimant against all persons relating to the claim.

   (2) Additionally, each participating abstractor is required to own or lease, and maintain and use in the preparation of abstracts, an up-to-date abstract title plant including tract indices for real estate for each county in which abstracts are prepared for real property titles guaranteed by the division. The tract indices shall contain a reference to all instruments affecting the real estate which are recorded in the office of the county recorder, and shall commence not less than forty years prior to the date the abstractor commences participation in the Iowa title guaranty program. However, a participating attorney providing abstract services continuously from November 12, 1986, to the date of application, either personally or through persons under the attorney’s supervision and control is exempt from the requirements of this subparagraph.

   b. The division may waive the requirements of this subsection pursuant to an application of an attorney or abstractor which shows that the requirements impose a hardship to the attorney or abstractor and that the waiver clearly is in the public interest or is absolutely necessary to ensure availability of title guaranties throughout the state.

6. Prior to the issuance of a title guaranty, the division shall require evidence that an abstract of title to the property in question has been brought up-to-date and certified by a participating abstractor in a form approved by division rules and a title opinion issued by a participating attorney in the form approved in the rules stating the attorney’s opinion as to the title. The division shall require evidence of the abstract being brought up-to-date and the abstractor shall retain evidence of the abstract as determined by the board.

7. The attorney rendering a title opinion shall be authorized to issue a title guaranty certificate subject to the rules of the authority.

8. The authority shall adopt rules pursuant to chapter 17A that are necessary for the implementation of the Iowa title guaranty program as established by the division and that have been approved by the authority.

      (4) By otherwise causing the notice to be received by the mortgage servicer within the time it would have been received if notice had been served by certified mail or commercial delivery service.
   d. For purposes of this section, notice is effective under any of the following circumstances:
      (1) The day after the notice is deposited with a commercial delivery service for overnight delivery.
      (2) Three days after the notice is deposited with the United States postal service, or with a commercial delivery service for delivery other than by overnight delivery.

   c. The date of the mortgage.
   d. The date of recording, including the volume and page or other applicable recording information in the real property records of each county where the mortgage is recorded.
   e. A statement that the release was prepared in accordance with this section.

5. Execution. A certificate of release under this section shall be executed and acknowledged in the same manner as required by law for the execution of a deed.

6. Recording. The certificate of release or partial release shall be recorded in each county where the mortgage is recorded.

7. Effect.
   a. For purposes of a release or partial release of a mortgage, a certificate of release executed under this section that contains the information and statements required under subsection 4 is prima facie evidence of the facts contained in such release or partial release,
is entitled to be recorded with the county recorder where the mortgage is recorded, operates as a release or partial release of the mortgage described in the certificate of release, and may be relied upon by any person who owns or subsequently acquires an interest in the property released from the mortgage. The county recorder shall rely upon the certificate of release to release the mortgage.

b. Recording of a wrongful or erroneous certificate of release by the division shall not relieve the mortgagor, or the mortgagor’s successors or assigns on the debt, from personal liability on the loan or on other obligations secured by the mortgage.

c. In addition to any other remedy provided by law, if the division through an act of negligence wrongfully or erroneously records a certificate of release under this section, the division is liable to the mortgagee and mortgage servicer for actual damages sustained due to the recording of the certificate of release.

8. Fee. The division may charge a fee for services under this section.

16.93 Closing protection letters.

1. The authority through the Iowa title guaranty division may issue a closing protection letter to a person to whom a proposed title guaranty is to be issued, upon the request of the person, if the division issues a commitment for title guaranty or title guaranty certificate. The closing protection letter shall conform to the terms of coverage and form of the instrument as approved by the division board and may indemnify a person to whom a proposed title guaranty is to be issued against loss of settlement funds due to only the following acts of the division’s named participating attorney, participating abstractor, or closer:

a. Theft of settlement funds.

b. Failure by the participating attorney, participating abstractor, or closer to comply with written closing instructions of the person to whom a proposed title guaranty is to be issued relating to title certificate coverage when agreed to by the participating attorney, participating abstractor, or closer.

2. A closing protection letter shall only be issued to a person to whom a proposed title guaranty is to be issued for real property transactions in which the division has committed to issue an owner or lender certificate and for which the division receives a premium and other payments or fees for a title guaranty certificate or other coverage.

3. The division board shall establish the amount of coverage to be provided and may distinguish between classes of property including, but not limited to, residential, agricultural, or commercial, provided that the total amount of coverage provided by the closing protection letter shall not exceed the amount of the commitment or title guaranty to be issued. Liability under the closing protection letter shall be coextensive with liability under the certificate to be issued in connection with a transaction such that payments under the terms of the closing protection letter shall reduce by the same amount the liability under the title guaranty certificate and payment under the title guaranty certificate shall reduce the liability under the terms of the closing protection letter.

4. The division may adopt a required fee for providing closing protection letter coverage.

5. The division shall not provide any other coverage which purports to indemnify against improper acts or omissions of a person with regard to escrow, settlement, or closing services.

6. The authority shall adopt rules pursuant to chapter 17A as necessary to administer this section.

   1. Make secured and unsecured loans for both the acquisition and the construction of projects on terms the authority determines. A loan may be made to any person or entity including but not limited to a city or county for a project approved by the authority. The authority may take any action which is reasonable and lawful to protect its security and to avoid losses from its loans.
   2. Acquire, hold, and mortgage personal property and real estate and interests in real estate to be used as a project.
   3. Purchase, construct, improve, furnish, equip, lease, option, sell, exchange, or otherwise dispose of one or more projects under the terms the authority determines. However, in the lease, sale, or loan agreement relating to a project, the authority shall provide for adequate maintenance of the project.

16.104 Loan agreements.
   1. The authority may enter into loan agreements with one or more borrowers to finance in whole or in part the acquisition of one or more projects by construction or purchase. The repayment obligation of the borrower or borrowers may be unsecured, secured by a mortgage or security agreement, or secured by other security as the authority deems advisable. The
repayment obligation may be evidenced by one or more notes of the borrower or borrowers. The loan agreements may contain terms and conditions the authority deems advisable.

2. The authority may issue its bonds and notes for the projects set forth in section 16.102 and may enter into one or more lending agreements or purchase agreements with one or more bondholders or noteholders containing the terms and conditions of the repayment of and the security for the bonds or notes. Collateral may be sold under proceedings or actions permitted by law. A trustee under the mortgage or security agreement or the holder of any bonds or notes secured by the mortgage or security agreement may become a purchaser if the trustee or holder is the highest bidder.
   e. Other terms and conditions as deemed necessary or appropriate by the authority.

86 Acts, ch 1212, §5
C87, §220.104
87 Acts, ch 115, §33
C93, §16.104

1. The authority may provide in the resolution authorizing the issuance of its bonds or notes for the economic development program that the principal of, premium, if any, and interest on the bonds or notes are payable exclusively from any of the following:
   a. The income and receipts or other money derived from the projects financed with the proceeds of the bonds or notes.
   b. The income and receipts or other money derived from designated projects whether or not the projects are financed in whole or in part with the proceeds of the bonds or notes.
   c. The authority's income and receipts of other assets generally, or a designated part or parts of them.

2. a. For the purpose of securing one or more issues of its bonds or notes, the authority may establish one or more special funds, called “capital reserve funds”. The authority may pay into the capital reserve funds the proceeds of the sale of its bonds or notes and other money which may be made available to the authority from other sources for the purposes of the capital reserve funds. Except as provided in this section, money in a capital reserve fund shall be used only as required for any of the following:
   (1) The payment of the principal of and interest on bonds or notes or of the sinking fund payments with respect to those bonds or notes.
   (2) The purchase or redemption of the bonds or notes.
   (3) The payment of a redemption premium required to be paid when the bonds or notes are redeemed before maturity.
   b. However, money in a capital reserve fund shall not be withdrawn if the withdrawal would reduce the amount in the capital reserve fund to less than the capital reserve fund requirement, except for the purpose of making payment, when due, of principal, interest,
redemption premiums on the bonds or notes, and making sinking fund payments when other money pledged to the payment of the bonds or notes is not available for the payments. Income or interest earned by, or increment to, a capital reserve fund from the investment of all or part of the fund may be transferred by the authority to other funds or accounts of the authority if the transfer does not reduce the amount of the capital reserve fund below the capital reserve fund requirement.

3. If the authority decides to issue bonds or notes secured by a capital reserve fund, the bonds or notes shall not be issued if the amount in the capital reserve fund is less than the capital reserve fund requirement, unless at the time of issuance of the bonds or notes the authority deposits in the capital reserve fund from the proceeds of the bonds or notes to be issued or from other sources, an amount which, together with the amount then in the fund, is not less than the capital reserve fund requirement.

4. In computing the amount of a capital reserve fund for the purpose of this section, securities in which all or a portion of the fund is invested shall be valued by a reasonable method established by the authority by resolution. Valuation shall include the amount of interest earned or accrued as of the date of valuation.

5. In this section, “capital reserve fund requirement” means the amount required to be on deposit in the capital reserve fund as of the date of computation as determined by resolution of the authority.

6. To assure maintenance of the capital reserve funds, the chairperson of the authority shall, on or before July 1 of each calendar year, make and deliver to the governor the chairperson’s certificate stating the sum, if any, required to restore each capital reserve fund to the capital reserve fund requirement for that fund. Within thirty days after the beginning of the session of the general assembly next following the delivery of the certificate, the governor may submit to both houses printed copies of a budget including the sum, if any, required to restore each capital reserve fund to the capital reserve fund requirement for that fund. Any sums appropriated by the general assembly and paid to the authority pursuant to this section shall be deposited by the authority in the applicable capital reserve fund.

7. All amounts paid to the authority by the state pursuant to this section shall be considered advances by the state to the authority and, subject to the rights of the holders of any bonds or notes of the authority that have previously been issued or will be issued, shall be repaid to the state without interest from all available operating revenues of the authority in excess of amounts required for the payment of bonds, notes, or obligations of the authority, the capital reserve fund, and operating expenses.

8. If any amount deposited in a capital reserve fund is withdrawn for payment of principal, premium, or interest on the bonds or notes or sinking fund payments with respect to bonds or notes thus reducing the amount of that fund to less than the capital reserve fund requirement, the authority shall immediately notify the general assembly of this event and shall take steps to restore the capital reserve fund to the capital reserve fund requirement for that fund from any amounts designated as being available for such purpose.

9. The authority may establish reserve funds, other than capital reserve funds, to secure one or more issues of its bonds or notes. The authority may deposit in a reserve fund established under this subsection the proceeds of the sale of its bonds or notes and other money which is made available from any other source. The authority may allow a reserve fund established under this subsection to be depleted without complying with subsection 6 or subsection 8.

10. It is the intention of the general assembly that a pledge made in respect of bonds or notes shall be valid and binding from the time the pledge is made, that the money or property so pledged and received after the pledge by the authority shall immediately be subject to the lien of the pledge without physical delivery or further act, and that the lien of the pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the authority whether or not the parties have notice of the lien. Neither the resolution, trust agreement, nor any other instrument by which a pledge is created needs to be recorded or filed under the Iowa uniform commercial code, chapter 554, to be valid, binding, or effective against the parties.

11. Neither the members of the authority nor a person executing the bonds or notes are
liable personally on the bonds or notes or are subject to personal liability or accountability by reason of the issuance of the bonds or notes.

12. The bonds or notes issued by the authority are not an indebtedness or other liability of the state or of a political subdivision of the state, except the authority, and are payable solely from the income and receipts or other funds or property of the authority which are designated in the resolution of the authority authorizing the issuance of the bonds or notes as being available as security for bonds or notes. The authority shall not pledge the faith or credit of the state or of a political subdivision of the state, except the authority, to the payment of a bond or note. The issuance of a bond or note by the authority does not directly, indirectly, or contingently obligate the state or a political subdivision of the state to apply money from, or levy or pledge any form of taxation whatever to the payment of the bond or note.

ADMINISTRATIVE PROCEDURE

CHAPTER 17
RESERVED
17A.1 Citation and statement of purpose.
1. This chapter may be cited as the “Iowa Administrative Procedure Act”.
2. This chapter is intended to provide a minimum procedural code for the operation of all state agencies when they take action affecting the rights and duties of the public. Nothing in this chapter is meant to discourage agencies from adopting procedures providing greater protections to the public or conferring additional rights upon the public; and save for express provisions of this chapter to the contrary, nothing in this chapter is meant to abrogate in whole or in part any statute prescribing procedural duties for an agency which are greater than or in addition to those provided here. This chapter is meant to apply to all rulemaking and contested case proceedings and all suits for the judicial review of agency action that are not specifically excluded from this chapter or some portion thereof by its express terms or by the express terms of another chapter.
3. The purposes of this chapter are: To provide legislative oversight of powers and duties delegated to administrative agencies; to increase public accountability of administrative agencies; to simplify government by assuring a uniform minimum procedure to which all agencies will be held in the conduct of their most important functions; to increase public access to governmental information; to increase public participation in the formulation of administrative rules; to increase the fairness of agencies in their conduct of contested case proceedings; and to simplify the process of judicial review of agency action as well as increase its ease and availability.
4. In accomplishing its objectives, the intention of this chapter is to strike a fair balance between these purposes and the need for efficient, economical and effective government administration. The chapter is not meant to alter the substantive rights of any person or agency. Its impact is limited to procedural rights with the expectation that better substantive results will be achieved in the everyday conduct of state government by improving the process by which those results are attained.

1. In addition to other requirements imposed by Constitution or statute, each agency shall:

a. Adopt as a rule a description of the organization of the agency which states the general course and method of its operations, the administrative subdivisions of the agency and the programs implemented by each of them, a statement of the mission of the agency, and the methods by which and location where the public may obtain information or make submissions or requests.

b. Adopt rules of practice setting forth the nature and requirements of all formal and informal procedures available to the public, including a description of all forms and instructions that are to be used by the public in dealing with the agency.

d. 17A.4 Procedure for adoption of rules.

1. Prior to the adoption, amendment, or repeal of any rule an agency shall:

a. Give notice of its intended action by submitting the notice to the administrative rules coordinator and the administrative code editor. The administrative rules coordinator shall
assign an ARC number to each rulemaking document. The administrative code editor shall publish each notice meeting the requirements of this chapter in the Iowa administrative bulletin created pursuant to section 2B.5A. The agency shall also submit a copy of the notice to the chairpersons and ranking members of the appropriate standing committees of the general assembly for additional study. Any notice of intended action shall be published at least thirty-five days in advance of the action. The notice shall include a statement of either the terms or substance of the intended action or a description of the subjects and issues involved, and the time when, the place where, and the manner in which interested persons may present their views.

b. Afford all interested persons not less than twenty days to submit data, views, or arguments in writing. If timely requested in writing by twenty-five interested persons, by a governmental subdivision, by the administrative rules review committee, by an agency, or by an association having not less than twenty-five members, the agency must give interested persons an opportunity to make oral presentation. The opportunity for oral presentation must be held at least twenty days after publication of the notice of its time and place in the Iowa administrative bulletin. The agency shall consider fully all written and oral submissions respecting the proposed rule. Within one hundred eighty days following either the notice published according to the provisions of paragraph “a” or within one hundred eighty days after the last date of the oral presentations on the proposed rule, whichever is later, the agency shall adopt a rule pursuant to the rulemaking proceeding or shall terminate the proceeding by publishing notice of termination in the Iowa administrative bulletin.

c. Mail the number of copies of the proposed rule as requested to the state office of a trade or occupational association which has registered its name and address with the agency. The trade or occupational association shall reimburse the agency for the actual cost incurred in providing the copies of the proposed rule under this paragraph. Failure to provide copies as provided in this paragraph shall not be grounds for the invalidation of a rule, unless that failure was deliberate on the part of that agency or the result of gross negligence.

2. An agency shall include in a preamble to each rule it adopts a brief explanation of the principal reasons for its action and, if applicable, a brief explanation of the principal reasons for its failure to provide in that rule for the waiver of the rule in specified situations if no such waiver provision is included in the rule. This explanatory requirement does not apply when the agency adopts a rule that only defines the meaning of a provision of law if the agency does not possess delegated authority to bind the courts to any extent with its definition. In addition, if requested to do so by an interested person, either prior to adoption or within thirty days thereafter, the agency shall issue a concise statement of the principal reasons for and against the rule adopted, incorporating therein the reasons for overruling considerations urged against the rule. This concise statement shall be issued either at the time of the adoption of the rule or within thirty-five days after the agency receives the request.

3. a. When the statute so provides, or with the approval of the administrative rules review committee, if the committee finds good cause that notice and public participation would be unnecessary, impracticable, or contrary to the public interest, the provisions of subsection 1 shall be inapplicable.

b. (1) If the administrative rules review committee by a two-thirds vote, the governor, or the attorney general files with the administrative code editor an objection to the adoption of a rule or portion of a rule pursuant to this subsection, the rule or portion of the rule shall cease to be effective one hundred eighty days after the date the objection was filed.

(2) If the administrative rules review committee files with the administrative code editor an objection to the adoption of a rule or portion of a rule pursuant to this subsection, the administrative rules review committee, by a separate two-thirds vote, may suspend the applicability of the rule or portion of the rule until the rule ceases to be effective under this paragraph “b”. The determination to suspend the applicability of the rule or portion of the rule shall be included in the copy of the objection to be forwarded to the agency.

c. If an objection to a rule is filed under this subsection, a copy of the objection, properly dated, shall be forwarded to the agency at the time of filing the objection. In any action contesting a rule or portion of a rule adopted pursuant to this subsection, the burden of
proof shall be on the agency to show that the procedures of subsection 1 were impracticable, unnecessary, or contrary to the public interest.

4. Any rule filed pursuant to this section or section 17A.5, that necessitates additional annual expenditures of at least one hundred thousand dollars or combined expenditures of at least five hundred thousand dollars within five years by all affected persons, including the agency itself, shall be accompanied by a fiscal impact statement outlining the expenditures. The agency shall promptly deliver a copy of the statement to the legislative services agency. To the extent feasible, the legislative services agency shall analyze the statement and provide a summary of that analysis to the administrative rules review committee. If the agency has made a good-faith effort to comply with the requirements of this subsection, the rule shall not be invalidated on the ground that the contents of the statement are insufficient or inaccurate.

5. A rule is not valid unless adopted in substantial compliance with the requirements of this section that are in effect at the time of adoption of the rule. However, a rule shall be conclusively presumed to have been made in compliance with all of the procedural requirements of this section if it has not been invalidated on the grounds of noncompliance in a proceeding commenced within two years after its effective date.

6. a. If the administrative rules review committee created by section 17A.8, the governor, or the attorney general finds objection to all or some portion of a proposed or adopted rule because that rule is deemed to be unreasonable, arbitrary, capricious, or otherwise beyond the authority delegated to the agency, the committee, governor, or attorney general may, in writing, notify the agency of the objection. In the case of a rule filed without notice pursuant to subsection 3, or a rule made effective under section 17A.5, subsection 2, paragraph “b”, the committee, governor, or attorney general may notify the agency of such an objection. The committee, governor, or attorney general shall also file a certified copy of such an objection in the office of the administrative code editor and a notice to the effect that an objection has been filed shall be published in the next issue of the Iowa administrative bulletin and in the Iowa administrative code when that rule is printed in it. The burden of proof shall then be on the agency in any proceeding for judicial review or for enforcement of the rule heard subsequent to the filing to establish that the rule or portion of the rule objected to according to the above procedure is not unreasonable, arbitrary, capricious, or otherwise beyond the authority delegated to it.

b. If the agency fails to meet the burden of proof prescribed for a rule objected to according to the provisions of paragraph “a”, the court shall declare the rule or portion of the rule objected to invalid and judgment shall be rendered against the agency for court costs. Such court costs shall include a reasonable attorney fee and shall be payable by the director of the department of administrative services from the support appropriations of the agency which adopted the rule in question.

7. The governor may rescind an adopted rule by executive order within seventy days of the rule becoming effective. The governor shall provide a copy of the executive order to the administrative code editor who shall include it in the next publication of the Iowa administrative bulletin.

8. Upon the vote of two-thirds of its members, the administrative rules review committee, following notice of intended action as provided in subsection 1 and prior to adoption of a rule pursuant to that notice, may suspend further action relating to that notice for seventy days. Notice that a notice of intended action was suspended under this provision shall be published in the Iowa administrative code and bulletin.

9. a. If a provision of an Act of the general assembly expressly requires rulemaking by an agency, or if another statute that governs or is directly related to a provision of an Act of the general assembly expressly requires rulemaking by an agency, the agency shall make one of the following submissions regarding such rulemaking within one hundred eighty days of the date on which the provision becomes effective:

(1) Submit a notice of intended action to the administrative rules coordinator and the administrative code editor pursuant to subsection 1.

(2) Submit written notification to the administrative rules review committee that the agency has not submitted a notice of intended action to the administrative rules coordinator and the administrative code editor pursuant to subsection 1. The notification shall include
17A.4A Regulatory analysis.

1. An agency shall issue a regulatory analysis of a proposed rule that complies with subsection 2, paragraph "a", if, within thirty-two days after the published notice of proposed rule adoption, a written request for the analysis is submitted to the agency by the administrative rules review committee or the administrative rules coordinator. An agency shall issue a regulatory analysis of a proposed rule that complies with subsection 2, paragraph "b", if the rule would have a substantial impact on small business and if, within thirty-two days after the published notice of proposed rule adoption, a written request for analysis is submitted to the agency by the administrative rules review committee, the administrative rules coordinator, at least twenty-five persons signing that request who each qualify as a small business or by an organization representing at least twenty-five such persons. If a rule has been adopted without prior notice and an opportunity for public participation in reliance upon section 17A.4, subsection 3, the written request for an analysis that complies with subsection 2, paragraph "a" or "b", may be made within seventy days of publication of the rule.

2. a. Except to the extent that a written request for a regulatory analysis expressly waives one or more of the following, the regulatory analysis must contain all of the following:
   (1) A description of the classes of persons who probably will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.
   (2) A description of the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons, including a description of the nature and amount of all of the different kinds of costs that would be incurred in complying with the proposed rule.
   (3) The probable costs to the agency and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.
   (4) A comparison of the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.
   (5) A determination of whether less costly methods or less intrusive methods exist for achieving the purpose of the proposed rule.
   (6) A description of any alternative methods for achieving the purpose of the proposed rule that were seriously considered by the agency and the reasons why they were rejected in favor of the proposed rule.

b. In the case of a rule that would have a substantial impact on small business, the regulatory analysis must contain a discussion of whether it would be feasible and practicable to do any of the following to reduce the impact of the rule on small business:
   (1) Establish less stringent compliance or reporting requirements in the rule for small business.
(2) Establish less stringent schedules or deadlines in the rule for compliance or reporting requirements for small business.

(3) Consolidate or simplify the rule’s compliance or reporting requirements for small business.

(4) Establish performance standards to replace design or operational standards in the rule for small business.

(5) Exempt small business from any or all requirements of the rule.

c. The agency shall reduce the impact of a proposed rule that would have a substantial impact on small business by using a method discussed in paragraph “b” if the agency finds that the method is legal and feasible in meeting the statutory objectives which are the basis of the proposed rule.

3. Each regulatory analysis must include quantifications of the data to the extent practicable and must take account of both short-term and long-term consequences.

4. Upon receipt by an agency of a timely request for a regulatory analysis, the agency shall extend the period specified in this chapter for each of the following until at least twenty days after publication in the administrative bulletin of a concise summary of the regulatory analysis:

a. The end of the period during which persons may make written submissions on the proposed rule.

b. The end of the period during which an oral proceeding may be requested.

c. The date of any required oral proceeding on the proposed rule.

5. In the case of a rule adopted without prior notice and an opportunity for public participation in reliance upon section 17A.4, subsection 3, the summary must be published within seventy days of the request.

6. The published summary of the regulatory analysis must also indicate where persons may obtain copies of the full text of the regulatory analysis and where, when, and how persons may present their views on the proposed rule and demand an oral proceeding thereon if one is not already provided. Agencies shall make available to the public, to the maximum extent feasible, the published summary and the full text of the regulatory analysis described in this subsection in an electronic format, including, but not limited to, access to the documents through the internet.

7. If the agency has made a good-faith effort to comply with the requirements of subsections 1 through 3, the rule may not be invalidated on the ground that the contents of the regulatory analysis are insufficient or inaccurate.

8. a. For the purpose of this section, “small business” means any entity including but not limited to an individual, partnership, corporation, joint venture, association, or cooperative, to which all of the following apply:

(1) It is not an affiliate or subsidiary of an entity dominant in its field of operation.

(2) It has either twenty or fewer full-time equivalent positions or less than one million dollars in annual gross revenues in the preceding fiscal year.

(2) However, an agency shall not issue a declaratory order that would substantially prejudice the rights of a person who would be a necessary party and who does not consent in writing to the determination of the matter by a declaratory order proceeding.

2. Each agency shall adopt rules that provide for the form, contents, and filing of petitions for declaratory orders, the procedural rights of persons in relation to the petitions, and the disposition of the petitions. The rules must describe the classes of circumstances in which the agency will not issue a declaratory order and must be consistent with the public interest and with the general policy of this chapter to facilitate and encourage agency issuance of reliable advice.

3. Within fifteen days after receipt of a petition for a declaratory order, an agency shall give notice of the petition to all persons to whom notice is required by any provision of law and may give notice to any other persons.

4. Persons who qualify under any applicable provision of law as an intervenor and who file timely petitions for intervention according to agency rules may intervene in proceedings for declaratory orders. The provisions of sections 17A.10 through 17A.18 apply to agency proceedings for declaratory orders only to the extent an agency so provides by rule or order.

5. Within thirty days after receipt of a petition for a declaratory order, an agency, in writing, shall do one of the following:

a. Issue an order declaring the applicability of the statute, rule, or order in question to the specified circumstances.

b. Set the matter for specified proceedings.

c. Agree to issue a declaratory order by a specified time.

d. Decline to issue a declaratory order, stating the reasons for its action.

6. A copy of all orders issued in response to a petition for a declaratory order must be mailed promptly to the petitioner and any other parties.

7. A declaratory order has the same status and binding effect as any final order issued in a contested case proceeding. A declaratory order must contain the names of all parties to the
§17A.9, IOWA ADMINISTRATIVE PROCEDURE ACT

proceeding on which it is based, the particular facts on which it is based, and the reasons for
its conclusion.

8. If an agency has not issued a declaratory order within sixty days after receipt of a
petition therefor, or such later time as agreed by the parties, the petition is deemed to have
been denied. Once a petition for a declaratory order is deemed denied or if the agency
denies to issue a declaratory order pursuant to subsection 5, paragraph “d”, a party to that
proceeding may either seek judicial review or await further agency action with respect to its
petition for a declaratory order.

17A.9A Waivers.

1. Any person may petition an agency for a waiver from the requirements of a rule,
pursuant to the requirements of this section, if the agency has established by rule an
application, evaluation, and issuance procedure permitting waivers. An agency shall not
grant a petition for waiver of a rule unless the agency has jurisdiction over the rule and the
waiver is consistent with any applicable statute, constitutional provision, or other provision
of law. In addition, this section does not authorize an agency to waive any requirement
created or duty imposed by statute.

2. Upon petition of a person, an agency may in its sole discretion issue a waiver from the
requirements of a rule if the agency finds, based on clear and convincing evidence, all of the
following:
   a. The application of the rule would pose an undue hardship on the person for whom the
      waiver is requested.
   b. The waiver from the requirements of a rule in the specific case would not prejudice the
      substantial legal rights of any person.
   c. The provisions of a rule subject to a petition for a waiver are not specifically mandated
      by statute or another provision of law.
   d. Substantially equal protection of public health, safety, and welfare will be afforded by
      a means other than that prescribed in the particular rule for which the waiver is requested.

3. The burden of persuasion rests with the person who petitions an agency for the waiver
of a rule. Each petition for a waiver shall be evaluated by the agency based on the unique,
individual circumstances set out in the petition. A waiver, if granted, shall be drafted by the
agency so as to provide the narrowest exception possible to the provisions of the rule. The
agency may place any condition on a waiver that the agency finds desirable to protect the
public health, safety, and welfare. A waiver shall not be permanent, unless the petitioner
can show that a temporary waiver would be impracticable. If a temporary waiver is granted,
there is no automatic right to renewal. At the sole discretion of the agency, a waiver may be
renewed if the agency finds all of the factors set out in subsection 2 remain valid.

4. A grant or denial of a waiver petition shall be indexed, filed, and available for
public inspection as provided in section 17A.3. The administrative code editor and the
administrative rules coordinator shall devise an internet site to identify rules for which a
petition for a waiver has been granted or denied and make this information available to the
public. When an agency grants a waiver, the agency shall submit the information required by
this subsection on the internet site within sixty days. The internet site shall identify the rules
for which a waiver has been granted or denied, the number of times a waiver was granted
or denied for each rule, a citation to the statutory provisions implemented by these rules,
and a general summary of the reasons justifying the agencies’ actions on the waiver request.
To the extent practicable, the agency shall include information detailing the extent to which
the granting of a waiver has established a precedent for additional waivers and the extent to
which the granting of a waiver has affected the general applicability of the rule itself.

5. For purposes of this section, “a waiver” means an agency action which suspends in
whole or in part the requirements or provisions of a rule as applied to an identified person on
the basis of the particular circumstances of that person.

17A.10 Informal settlements — waiver.
1. Unless precluded by statute, informal settlements of controversies that may culminate
in contested case proceedings according to the provisions of this chapter are encouraged. Agencies shall prescribe by rule specific procedures for attempting such informal settlements prior to the commencement of contested case proceedings. This subsection shall not be construed to require either party to such a controversy to utilize the informal procedures or to settle the controversy pursuant to those informal procedures.

2. The parties to a contested case proceeding may, by written stipulation representing an
informed mutual consent, waive any provision of this chapter relating to such proceedings. In addition to consenting to such a waiver in individual cases, an agency may, by rule, express its consent to such a waiver as to an entire class of cases.

17A.10A Contested cases — no factual dispute.
Upon petition by a party in a matter that would be a contested case if there was a dispute
over the existence of material facts, all of the provisions of this chapter applicable to contested
cases, except those relating to presentation of evidence, shall be applicable even though there
is no factual dispute in the particular case.

17A.11 Presiding officer, disqualification, substitution.
1. a. If the agency or an officer of the agency under whose authority the contested case is
to take place is a named party to that proceeding or a real party in interest to that proceeding
the presiding officer may be, in the discretion of the agency, either the agency, one or more
members of a multimember agency, or one or more administrative law judges assigned by
the division of administrative hearings in accordance with the provisions of section 10A.801.
However, a party may, within a time period specified by rule, request that the presiding officer
be an administrative law judge assigned by the division of administrative hearings. Except as
otherwise provided by statute, the agency shall grant a request by a party for an administrative
law judge unless the agency finds, and states reasons for the finding, that any of the following
conditions exist:
(1) There is a compelling need to expedite issuance of a final decision in order to protect
the public health, safety, or welfare.
(2) A qualified administrative law judge is unavailable to hear the case within a reasonable
time.
(3) The case involves significant policy issues of first impression that are inextricably
intertwined with the factual issues presented.
(4) The demeanor of the witnesses is likely to be dispositive in resolving the disputed
factual issues.
(5) Funds are unavailable to pay the costs of an administrative law judge and an
intra-agency appeal.
(6) The request was not timely filed.
(7) There is other identified good cause, as specified by rule, for denying the request.

b. If the agency or an officer of the agency under whose authority the contested case is to
take place is not a named party to that proceeding or a real party in interest to that proceeding
the presiding officer may be, in the discretion of the agency, either the agency, one or more
members of a multimember agency, an administrative law judge assigned by the division of
administrative hearings in accordance with the provisions of section 10A.801, or any other
qualified person designated as a presiding officer by the agency. Any other person designated
as a presiding officer by the agency may be employed by and officed in the agency for which that person acts as a presiding officer, but such a person shall not perform duties inconsistent with that person's duties and responsibilities as a presiding officer.

c. For purposes of paragraph "a", the division of administrative hearings established in section 10A.801 shall be treated as a wholly separate agency from the department of inspections and appeals.

2. Any person serving or designated to serve alone or with others as a presiding officer is subject to disqualification for bias, prejudice, interest, or any other cause provided in this chapter or for which a judge is or may be disqualified.

3. Any party may timely request the disqualification of a person as a presiding officer by filing a motion supported by an affidavit asserting an appropriate ground for disqualification, after receipt of notice indicating that the person will preside or upon discovering facts establishing grounds for disqualification, whichever is later.

4. A person whose disqualification is requested shall determine whether to grant the request, stating facts and reasons for the determination.

5. If a substitute is required for a person who is disqualified or becomes unavailable for any other reason, the substitute shall be appointed by either of the following:
   a. The governor, if the disqualified or unavailable person is an elected official.
   b. The appointing authority, if the disqualified or unavailable person is an appointed official.

6. Any action taken by a duly-appointed substitute for a disqualified or unavailable person is as effective as if taken by the latter.

17A.12 Contested cases — notice — hearing — records.

1. In a contested case, all parties shall be afforded an opportunity for hearing after reasonable notice in writing delivered either by personal service as in civil actions or by certified mail return receipt requested. However, an agency may provide by rule for the delivery of such notice by other means. Delivery of the notice referred to in this subsection shall constitute commencement of the contested case proceeding.

2. The notice shall include:
   a. A statement of the time, place, and nature of the hearing.
   b. A statement of the legal authority and jurisdiction under which the hearing is to be held.
   c. A reference to the particular sections of the statutes and rules involved.
   d. A short and plain statement of the matters asserted. If the agency or other party is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter upon application a more definite and detailed statement shall be furnished.

3. If a party fails to appear or participate in a contested case proceeding after proper service of notice, the presiding officer may, if no adjournment is granted, enter a default decision or proceed with the hearing and make a decision in the absence of the party. The parties shall be duly notified of the decision, together with the presiding officer's reasons for the decision, which is the final decision of the agency, unless within fifteen days, or such period of time as otherwise specified by statute or rule, after the date of notification or mailing of the decision, further appeal is initiated. If a decision is rendered against a party who failed to appear for the hearing and the presiding officer is timely requested by that party to vacate the decision for good cause, the time for initiating a further appeal is stayed pending a determination by the presiding officer to grant or deny the request. If adequate reasons are provided showing good cause for the party's failure to appear, the presiding officer shall vacate the decision and, after proper service of notice, conduct another evidentiary hearing. If adequate reasons are not provided showing good cause for the party's failure to appear, the presiding officer shall deny the motion to vacate.
4. Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved and to be represented by counsel at their own expense.

5. Unless precluded by statute, informal disposition may be made of any contested case by stipulation, agreed settlement, consent order, default, or another method agreed upon by the parties in writing.

6. The record in a contested case shall include:
   a. All pleadings, motions, and intermediate rulings.
   b. All evidence received or considered and all other submissions.
   c. A statement of all matters officially noticed.
   d. All questions and offers of proof, objections, and rulings thereon.
   e. All proposed findings and exceptions.
   f. Any decision, opinion, or report by the officer presiding at the hearing.

7. Oral proceedings shall be open to the public and shall be recorded either by mechanized means or by certified shorthand reporters. Oral proceedings or any part thereof shall be transcribed at the request of any party with the expense of the transcription charged to the requesting party. The recording or stenographic notes of oral proceedings or the transcription thereof shall be filed with and maintained by the agency for at least five years from the date of decision.

8. Findings of fact shall be based solely on the evidence in the record and on matters officially noticed in the record.

9. Unless otherwise provided by statute, a person's request or demand for a contested case proceeding shall be in writing, delivered to the agency by United States postal service or personal service and shall be considered as filed with the agency on the date of the United States postal service postmark or the date personal service is made.

17A.13 Subpoenas — discovery.

1. Agencies have all subpoena powers conferred upon them by their enabling acts or other statutes. In addition, prior to the commencement of a contested case by the notice referred to in section 17A.12, subsection 1, an agency having power to decide contested cases may subpoena books, papers, records, and any other real evidence necessary for the agency to determine whether it should institute a contested case proceeding. After the commencement of a contested case, each agency having power to decide contested cases may administer oaths and issue subpoenas in those cases. Discovery procedures applicable to civil actions are available to all parties in contested cases before an agency. Evidence obtained in discovery may be used in the hearing before the agency if that evidence would otherwise be admissible in the agency hearing. Agency subpoenas shall be issued to a party on request. On contest, the court shall sustain the subpoena or similar process or demand to the extent that it is found to be in accordance with the law applicable to the issuance of subpoenas or discovery in civil actions. In proceedings for enforcement, the court shall issue an order requiring the appearance of the witness or the production of the evidence or data within a reasonable time under penalty of punishment for contempt in cases of willful failure to comply.

2. An agency that relies on a witness in a contested case, whether or not an agency employee, who has made prior statements or reports with respect to the subject matter of the witness' testimony, shall, on request, make such statements or reports available to parties for use on cross-examination, unless those statements or reports are otherwise expressly exempt from disclosure by Constitution or statute. Identifiable agency records that are relevant to disputed material facts involved in a contested case, shall, upon request, promptly be made available to a party unless the requested records are expressly exempt from disclosure by Constitution or statute.

17A.14 Rules of evidence — official notice.
In contested cases:
1. Irrelevant, immaterial, or unduly repetitious evidence should be excluded. A finding shall be based upon the kind of evidence on which reasonably prudent persons are accustomed to rely for the conduct of their serious affairs, and may be based upon such evidence even if it would be inadmissible in a jury trial. Agencies shall give effect to the rules of privilege recognized by law. Objections to evidentiary offers may be made and shall be noted in the record. Subject to these requirements, when a hearing will be expedit ed and the interests of the parties will not be prejudiced substantially, any part of the evidence may be required to be submitted in verified written form.
2. Documentary evidence may be received in the form of copies or excerpts, if the original is not readily available. Upon request, parties shall be given an opportunity to compare the copy with the original, if available.
3. Witnesses at the hearing, or persons whose testimony has been submitted in written form if available, shall be subject to cross-examination by any party as necessary for a full and true disclosure of the facts.
4. Official notice may be taken of all facts of which judicial notice may be taken and of other facts within the specialized knowledge of the agency. Parties shall be notified at the earliest practicable time, either before or during the hearing, or by reference in preliminary reports, preliminary decisions or otherwise, of the facts proposed to be noticed and their source, including any staff memoranda or data, and the parties shall be afforded an opportunity to contest such facts before the decision is announced unless the agency determines as part of the record or decision that fairness to the parties does not require an opportunity to contest such facts.
5. The agency’s experience, technical competence, and specialized knowledge may be utilized in the evaluation of the evidence.

17A.15 Final decisions — proposed decisions — conclusiveness — review by the agency.
1. When the agency presides at the reception of the evidence in a contested case, the decision of the agency is a final decision.
2. When the agency did not preside at the reception of the evidence in a contested case, the presiding officer shall make a proposed decision. Findings of fact shall be prepared by the officer presiding at the reception of the evidence in a contested case unless the officer becomes unavailable to the agency. If the officer is unavailable, the findings of fact may be prepared by another person qualified to be a presiding officer who has read the record, unless demeanor of witnesses is a substantial factor. If demeanor is a substantial factor and the presiding officer is unavailable, the portions of the hearing involving demeanor shall be heard again or the case shall be dismissed.
3. When the presiding officer makes a proposed decision, that decision then becomes the final decision of the agency without further proceedings unless there is an appeal to, or review on motion of, the agency within the time provided by rule. On appeal from or review of the proposed decision, the agency has all the power which it would have in initially making the final decision except as it may limit the issues on notice to the parties or by rule. The agency may reverse or modify any finding of fact if a preponderance of the evidence will support a determination to reverse or modify such a finding, or may reverse or modify any conclusion of law that the agency finds to be in error. In cases where there is an appeal from a proposed decision or where a proposed decision is reviewed on motion of the agency, an opportunity shall be afforded to each party to file exceptions, present briefs and, with the consent of the agency, present oral arguments to the agency members who are to render the final decision.
4. This section shall not preclude an agency from instituting a system whereby the proposed decision of a presiding officer in a contested case may be appealed to, or reviewed on motion of, a body consisting of one or more persons that is between the presiding officer and the agency. If an agency institutes such a system of intermediate review, the proposed decision of the presiding officer becomes the final decision of the agency without further
proceedings unless there is an appeal to, or review on motion of, the intermediate reviewing body within the time provided by rule. An intermediate reviewing body may be vested with all or a part of the power which it would have in initially making the decision. A decision of such an intermediate reviewing body is also a proposed decision and shall become the final decision of the agency without further proceedings unless there is an appeal to, or review on motion of, the agency within the time provided by rule. In cases where there is an appeal from a proposed decision rendered by a presiding officer to an intermediate reviewing body, or where such a proposed decision is reviewed on motion of an intermediate reviewing body, an opportunity shall be afforded to each party to file exceptions, present briefs and, with the consent of the intermediate reviewing body, present oral arguments to those who are to render the decision.

5. When an appeal from an agency decision in a contested case may be taken to another agency pursuant to statute, or a second agency may according to statute review on its own motion the decision in a contested case by the first agency, the appeal or review shall be deemed a continuous proceeding as though before one agency. A decision of the first agency in such a case is a proposed decision and shall become the final decision without further proceedings unless there is an appeal to, or review on motion of, the second agency within the time provided by statute or rule. In deciding an appeal from or review of a proposed decision of the first agency, the second agency shall have all those powers conferred upon it by statute and shall afford each party an opportunity to file exceptions, present briefs and, with its consent, present oral arguments to agency members who are to render the final decision.

17A.16 Decisions and orders — rehearing.

1. A proposed or final decision or order in a contested case shall be in writing or stated in the record. A proposed or final decision shall include findings of fact and conclusions of law, separately stated. Findings of fact, if set forth in statutory language, shall be accompanied by a concise and explicit statement of underlying facts supporting the findings. The decision shall include an explanation of why the relevant evidence in the record supports each material finding of fact. If, in accordance with agency rules, a party submitted proposed findings of fact, the decision shall include a ruling upon each proposed finding. Each conclusion of law shall be supported by cited authority or by a reasoned opinion. Parties shall be promptly notified of each proposed or final decision or order by the delivery to them of a copy of such decision or order in the manner provided by section 17A.12, subsection 1.

2. Except as expressly provided otherwise by another statute referring to this chapter by name, any party may file an application for rehearing, stating the specific grounds for the rehearing and the relief sought, within twenty days after the date of the issuance of any final decision by the agency in a contested case. A copy of the application for rehearing shall be timely mailed by the presiding agency to all parties of record not joining in the application. An application for rehearing shall be deemed to have been denied unless the agency grants the application within twenty days after its filing.

17A.17 Ex parte communications and separation of functions.

1. a. Unless required for the disposition of ex parte matters specifically authorized by statute, a presiding officer in a contested case shall not communicate directly or indirectly with any person or party in connection with any issue of fact or law in that contested case, except upon notice and opportunity for all parties to participate as shall be provided for by agency rules.

b. However, without such notice and opportunity for all parties to participate, a presiding officer in a contested case may communicate with members of the agency, and may have the aid and advice of persons other than those with a personal interest in, or those engaged in
personally investigating, prosecuting, or advocating in, either the case under consideration or a pending factually related case involving the same parties so long as those persons do not directly or indirectly communicate to the presiding officer any ex parte communications they have received of a type that the presiding officer would be prohibited from receiving or that furnish, augment, diminish, or modify the evidence in the record.

2. Unless required for the disposition of ex parte matters specifically authorized by statute, parties or their representatives in a contested case and persons with a direct or indirect interest in such a case shall not communicate, directly or indirectly, in connection with any issue of fact or law in that contested case, with a presiding officer in that contested case, except upon notice and opportunity for all parties to participate as shall be provided for by agency rules.

3. If, before serving as the presiding officer in a contested case, a person receives an ex parte communication relating directly to the merits of the proceeding over which that person subsequently presides, the person, promptly after starting to serve, shall disclose to all parties any material factual information so received and not otherwise disclosed to those parties pursuant to section 17A.13, subsection 2, or through discovery.

4. A presiding officer who receives an ex parte communication in violation of this section shall place on the record of the pending matter all such written communications received, all written responses to the communications, and a memorandum stating the substance of all such oral and other communications received, all responses made, and the identity of each person from whom the presiding officer received a prohibited ex parte communication, and shall advise all parties that these matters have been placed on the record. Any party desiring to rebut the prohibited ex parte communication must be allowed to do so, upon requesting the opportunity for rebuttal within ten days after notice of the communication.

5. If the effect of an ex parte communication received in violation of this section is so prejudicial that it cannot be cured by the procedure in subsection 4, a presiding officer who receives the communication shall be disqualified and the portions of the record pertaining to the communication shall be sealed by protective order.

6. The agency and any party may report any violation of this section to appropriate authorities for any disciplinary proceedings provided by law. In addition, each agency by rule shall provide for appropriate sanctions, including default, suspending or revoking a privilege to practice before the agency, and censuring, suspending, or dismissing agency personnel, for any violations of this section.

7. A party to a contested case proceeding may file a timely and sufficient affidavit alleging a violation of any provision of this section. The agency shall determine the matter as part of the record in the case. When an agency in these circumstances makes such a determination with respect to an agency member, that determination shall be subject to de novo judicial review in any subsequent review proceeding of the case.

8. An individual who participates in the making of any proposed or final decision in a contested case shall not have personally investigated, prosecuted, or advocated in connection with that case, the specific controversy underlying that case, or another pending factually related contested case, or pending factually related controversy that may culminate in a contested case, involving the same parties. In addition, such an individual shall not be subject to the authority, direction, or discretion of any person who has personally investigated, prosecuted, or advocated in connection with that contested case, the specific controversy underlying that contested case, or a pending factually related contested case or controversy, involving the same parties. However, this section shall not be construed to preclude a person from serving as a presiding officer solely because that person determined there was probable cause to initiate the proceeding.

17A.18 Licenses.
1. When the grant, denial, or renewal of a license is required by Constitution or statute
to be preceded by notice and opportunity for an evidentiary hearing, the provisions of this chapter concerning contested cases apply.

2. When a licensee has made timely and sufficient application for the renewal of a license or a new license with reference to any activity of a continuing nature, the existing license does not expire until the application has been finally determined by the agency, and, in case the application is denied or the terms of the new license limited, until the last day for seeking judicial review of the agency order or a later date fixed by order of the agency or the reviewing court.

3. No revocation, suspension, annulment, or withdrawal, in whole or in part, of any license is lawful unless, prior to the institution of agency proceedings, the agency gave written, timely notice by personal service as in civil actions or by restricted certified mail to the licensee of facts or conduct and the provision of law which warrants the intended action, and the licensee was given an opportunity to show, in an evidentiary hearing conducted according to the provisions of this chapter for contested cases, compliance with all lawful requirements for the retention of the license.

1. Notwithstanding any other provision of this chapter and to the extent consistent with the Constitution of the State of Iowa and of the United States, an agency may use emergency adjudicative proceedings in a situation involving an immediate danger to the public health, safety, or welfare requiring immediate agency action.
2. The agency may take only such action as is necessary to prevent or avoid the immediate danger to the public health, safety, or welfare that justifies use of emergency adjudication.
3. The agency shall issue an order, including a brief statement of findings of fact, conclusions of law, and policy reasons for the decision if it is an exercise of the agency’s discretion, to justify the determination of an immediate danger and the agency’s decision to take the specific action.
4. The agency shall give such notice as is practicable to persons who are required to comply with the order. The order is effective when issued.
5. After issuing an order pursuant to this section, the agency shall proceed as quickly as feasible to complete any proceedings that would be required if the matter did not involve an immediate danger.
6. The agency record consists of any documents regarding the matter that were considered or prepared by the agency. The agency shall maintain these documents as its official record.
7. Unless otherwise required by a provision of law, the agency record need not constitute the exclusive basis for agency action in emergency adjudicative proceedings or for judicial review thereof.

17A.19 Judicial review.
Except as expressly provided otherwise by another statute referring to this chapter by name, the judicial review provisions of this chapter shall be the exclusive means by which a person or party who is aggrieved or adversely affected by agency action may seek judicial review of such agency action. However, nothing in this chapter shall abridge or deny to any person or party who is aggrieved or adversely affected by any agency action the right to seek relief from such action in the courts.
1. A person or party who has exhausted all adequate administrative remedies and who is aggrieved or adversely affected by any final agency action is entitled to judicial review thereof under this chapter. When agency action is pursuant to rate regulatory powers over public utilities or common carriers and the aggrievement or adverse effect is to the rates or charges of a public utility or common carrier, the agency action shall not be final until all
agency remedies have been exhausted and a decision prescribing rates which satisfy the requirements of those provisions of the Code has been rendered. A preliminary, procedural, or intermediate agency action is immediately reviewable if all adequate administrative remedies have been exhausted and review of the final agency action would not provide an adequate remedy. If a declaratory order has not been rendered within sixty days after the filing of a petition therefor under section 17A.9, or by such later time as agreed by the parties, or if the agency declines to issue such a declaratory order after receipt of a petition therefor, any administrative remedy available under section 17A.9 shall be deemed inadequate or exhausted.

2. Proceedings for judicial review shall be instituted by filing a petition either in Polk county district court or in the district court for the county in which the petitioner resides or has its principal place of business. When a proceeding for judicial review has been commenced, a court may, in the interest of justice, transfer the proceeding to another county where the venue is proper. Within ten days after the filing of a petition for judicial review the petitioner shall serve by the means provided in the Iowa rules of civil procedure for the personal service of an original notice, or shall mail copies of the petition to all parties named in the petition and, if the petition involves review of agency action in a contested case, all parties of record in that case before the agency. Such personal service or mailing shall be jurisdictional. The delivery by personal service or mailing referred to in this subsection may be made upon the party’s attorney of record in the proceeding before the agency. A mailing shall be addressed to the parties or their attorney of record at their last known mailing address. Proof of mailing shall be by affidavit. Any party of record in a contested case before an agency wishing to intervene and participate in the review proceeding must file an appearance within forty-five days from the time the petition is filed.

3. If a party files an application under section 17A.16, subsection 2, for rehearing with the agency, the petition for judicial review must be filed within thirty days after that application has been denied or deemed denied. If a party does not file an application under section 17A.16, subsection 2, for rehearing, the petition must be filed within thirty days after the issuance of the agency’s final decision in that contested case. If an application for rehearing is granted, the petition for review must be filed within thirty days after the issuance of the agency’s final decision on rehearing. In cases involving a petition for judicial review of agency action other than the decision in a contested case, the petition may be filed at any time petitioner is aggrieved or adversely affected by that action.

4. The petition for review shall name the agency as respondent and shall contain a concise statement of:
   a. The nature of the agency action which is the subject of the petition.
   b. The particular agency action appealed from.
   c. The facts on which venue is based.
   d. The grounds on which relief is sought.
   e. The relief sought.

5. a. The filing of the petition for review does not itself stay execution or enforcement of any agency action. Unless precluded by law, the agency may grant a stay on appropriate terms or other temporary remedies during the pendency of judicial review.
   b. A party may file an interlocutory motion in the reviewing court, during the pendency of judicial review, seeking review of the agency’s action on an application for stay or other temporary remedies.
   c. If the agency refuses to grant an application for stay or other temporary remedies, or application to the agency for a stay or other temporary remedies is an inadequate remedy, the court may grant relief but only after a consideration and balancing of all of the following factors:
      (1) The extent to which the applicant is likely to prevail when the court finally disposes of the matter.
      (2) The extent to which the applicant will suffer irreparable injury if relief is not granted.
      (3) The extent to which the grant of relief to the applicant will substantially harm other parties to the proceedings.
(4) The extent to which the public interest relied on by the agency is sufficient to justify the agency’s action in the circumstances.
   d. If the court determines that relief should be granted from the agency’s action on an application for stay or other temporary remedies, the court may remand the matter to the agency with directions to deny a stay, to grant a stay on appropriate terms, or to grant other temporary remedies, or the court may issue an order denying a stay, granting a stay on appropriate terms, or granting other temporary remedies.
   6. Within thirty days after filing of the petition, or within further time allowed by the court, the agency shall transmit to the reviewing court the original or a certified copy of the entire record of any contested case which may be the subject of the petition. By stipulation of all parties to the review proceedings, the record of such a case may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional costs. The court may require or permit subsequent corrections or additions to the record.
   7. In proceedings for judicial review of agency action a court may hear and consider such evidence as it deems appropriate. In proceedings for judicial review of agency action in a contested case, however, a court shall not itself hear any further evidence with respect to those issues of fact whose determination was entrusted by the Constitution or a statute to the agency in that contested case proceeding. Before the date set for hearing a petition for judicial review of agency action in a contested case, application may be made to the court for leave to present evidence in addition to that found in the record of the case. If it is shown to the satisfaction of the court that the additional evidence is material and that there were good reasons for failure to present it in the contested case proceeding before the agency, the court may order that the additional evidence be taken before the agency upon conditions determined by the court. The agency may modify its findings and decision in the case by reason of the additional evidence and shall file that evidence and any modifications, new findings, or decisions with the reviewing court and mail copies of the new findings or decisions to all parties.
   8. Except to the extent that this chapter provides otherwise, in suits for judicial review of agency action all of the following apply:
      a. The burden of demonstrating the required prejudice and the invalidity of agency action is on the party asserting invalidity.
      b. The validity of agency action must be determined in accordance with the standards of review provided in this section, as applied to the agency action at the time that action was taken.
   9. The court shall make a separate and distinct ruling on each material issue on which the court’s decision is based.
   10. The court may affirm the agency action or remand to the agency for further proceedings. The court shall reverse, modify, or grant other appropriate relief from agency action, equitable or legal and including declaratory relief, if it determines that substantial rights of the person seeking judicial relief have been prejudiced because the agency action is any of the following:
      a. Unconstitutional on its face or as applied or is based upon a provision of law that is unconstitutional on its face or as applied.
      b. Beyond the authority delegated to the agency by any provision of law or in violation of any provision of law.
      c. Based upon an erroneous interpretation of a provision of law whose interpretation has not clearly been vested by a provision of law in the discretion of the agency.
      d. Based upon a procedure or decision-making process prohibited by law or was taken without following the prescribed procedure or decision-making process.
      e. The product of decision making undertaken by persons who were improperly constituted as a decision-making body, were motivated by an improper purpose, or were subject to disqualification.
      f. Based upon a determination of fact clearly vested by a provision of law in the discretion of the agency that is not supported by substantial evidence in the record before the court when that record is viewed as a whole. For purposes of this paragraph, the following terms have the following meanings:
§17A.19, IOWA ADMINISTRATIVE PROCEDURE ACT

1. "Substantial evidence" means the quantity and quality of evidence that would be deemed sufficient by a neutral, detached, and reasonable person, to establish the fact at issue when the consequences resulting from the establishment of that fact are understood to be serious and of great importance.

2. "Record before the court" means the agency record for judicial review, as defined by this chapter, supplemented by any additional evidence received by the court under the provisions of this chapter.

3. "When that record is viewed as a whole" means that the adequacy of the evidence in the record before a court to support a particular finding of fact must be judged in light of all the relevant evidence in the record cited by any party that detracts from that finding as well as all of the relevant evidence in the record cited by any party that supports it, including any determinations of veracity by the presiding officer who personally observed the demeanor of the witnesses and the agency’s explanation of why the relevant evidence in the record supports its material findings of fact.

g. Action other than a rule that is inconsistent with a rule of the agency.

h. Action other than a rule that is inconsistent with the agency’s prior practice or precedents, unless the agency has justified that inconsistency by stating credible reasons sufficient to indicate a fair and rational basis for the inconsistency.

i. The product of reasoning that is so illogical as to render it wholly irrational.

j. The product of a decision-making process in which the agency did not consider a relevant and important matter relating to the propriety or desirability of the action in question that a rational decision maker in similar circumstances would have considered prior to taking that action.

k. Not required by law and its negative impact on the private rights affected is so grossly disproportionate to the benefits accruing to the public interest from that action that it must necessarily be deemed to lack any foundation in rational agency policy.

l. Based upon an irrational, illogical, or wholly unjustifiable interpretation of a provision of law whose interpretation has clearly been vested by a provision of law in the discretion of the agency.

m. Based upon an irrational, illogical, or wholly unjustifiable application of law to fact that has clearly been vested by a provision of law in the discretion of the agency.

n. Otherwise unreasonable, arbitrary, capricious, or an abuse of discretion.

11. In making the determinations required by subsection 10, paragraphs “a” through “n”, the court shall do all of the following:

a. Shall not give any deference to the view of the agency with respect to whether particular matters have been vested by a provision of law in the discretion of the agency.

b. Should not give any deference to the view of the agency with respect to particular matters that have not been vested by a provision of law in the discretion of the agency.

c. Shall give appropriate deference to the view of the agency with respect to particular matters that have been vested by a provision of law in the discretion of the agency.

12. A defendant in a suit for civil enforcement of agency action may defend on any of the grounds specified in subsection 10, paragraphs “a” through “n”, if that defendant, at the time the enforcement suit was filed, would have been entitled to rely upon any of those grounds as a basis for invalidating the agency action in a suit for judicial review of that action brought at the time the enforcement suit was filed. If a suit for civil enforcement of agency action in a contested case is filed within the time period in which the defendant could have filed a petition for judicial review of that agency action, and the agency subsequently dismisses its suit for civil enforcement of that agency action against the defendant, the defendant may, within thirty days of that dismissal, file a petition for judicial review of the original agency action at issue if the defendant relied upon any of the grounds for judicial review in subsection 10, paragraphs “a” through “n”, in a responsive pleading to the enforcement action, or if the
time to file a responsive pleading had not yet expired at the time the enforcement action was dismissed.

17A.21 Inconsistency with federal law. 
If it is determined by the attorney general that any provision of this chapter would cause denial of funds or services from the United States government which would otherwise be available to an agency of this state, or would otherwise be inconsistent with requirements of federal law, such provision shall be suspended as to such agency, but only to the extent necessary to prevent denial of such funds or services or to eliminate the inconsistency with federal requirements. If the attorney general makes such a suspension determination, the attorney general shall report it to the general assembly at its next session. This report shall include any recommendations in regard to corrective legislation needed to conform this chapter with the federal law.

17A.23 Construction — delegation of authority. 
1. Except as expressly provided otherwise by this chapter or by another statute referring to this chapter by name, the rights created and the requirements imposed by this chapter shall be in addition to those created or imposed by every other statute in existence on July 1, 1975, or enacted after that date. If any other statute in existence on July 1, 1975, or enacted after that date diminishes a right conferred upon a person by this chapter or diminishes a requirement imposed upon an agency by this chapter, this chapter shall take precedence unless the other statute expressly provides that it shall take precedence over all or some specified portion of this cited chapter.  
2. This chapter shall be construed broadly to effectuate its purposes. This chapter shall also be construed to apply to all agencies not expressly exempted by this chapter or by another statute specifically referring to this chapter by citation; and except as to proceedings in process on July 1, 1975, this chapter shall be construed to apply to all covered agency proceedings and all agency action not expressly exempted by this chapter or by another statute specifically referring to this chapter by citation.  
3. An agency shall have only that authority or discretion delegated to or conferred upon the agency by law and shall not expand or enlarge its authority or discretion beyond the powers delegated to or conferred upon the agency. Unless otherwise specifically provided in statute, a grant of rulemaking authority shall be construed narrowly.  
4. An agency shall not implement or enforce any standard, requirement, or threshold, including any term or condition of a permit or license issued by the agency, unless that standard, requirement, or threshold is clearly required or clearly permitted by a state statute,
§17A.23, IOWA ADMINISTRATIVE PROCEDURE ACT

rule adopted pursuant to this chapter, or a federal statute or regulation, or is required by a
court ruling, a state or federal executive order, a state or federal directive that would result
in the gain or loss of specific funding, or a federal waiver.

18B.1 Iowa smart planning principles.

State agencies, local governments, and other public entities shall consider and may apply the following principles during deliberation of all appropriate planning, zoning, development, and resource management decisions, except that nothing in this section shall be construed to expand the eminent domain authority of a state agency, local government, or other public entity beyond that which is authorized under chapter 6A or 6B:

1. **Collaboration.** Governmental, community, and individual stakeholders, including those outside the jurisdiction of the entity, are encouraged to be involved and provide comment during deliberation of planning, zoning, development, and resource management decisions and during implementation of such decisions. The state agency, local government, or other public entity is encouraged to develop and implement a strategy to facilitate such participation.

2. **Efficiency, transparency, and consistency.** Planning, zoning, development, and resource management should be undertaken to provide efficient, transparent, and consistent outcomes. Individuals, communities, regions, and governmental entities should share in the responsibility to promote the equitable distribution of development benefits and costs.

3. **Clean, renewable, and efficient energy.** Planning, zoning, development, and resource management should be undertaken to promote clean and renewable energy use and increased energy efficiency.

4. **Occupational diversity.** Planning, zoning, development, and resource management should promote increased diversity of employment and business opportunities, promote access to education and training, expand entrepreneurial opportunities, and promote the establishment of businesses in locations near existing housing, infrastructure, and transportation.

5. **Revitalization.** Planning, zoning, development, and resource management should facilitate the revitalization of established town centers and neighborhoods by promoting development that conserves land, protects historic resources, promotes pedestrian
accessibility, and integrates different uses of property. Remediation and reuse of existing sites, structures, and infrastructure is preferred over new construction in undeveloped areas.

6. Housing diversity. Planning, zoning, development, and resource management should encourage diversity in the types of available housing, support the rehabilitation of existing housing, and promote the location of housing near public transportation and employment centers.

7. Community character. Planning, zoning, development, and resource management should promote activities and development that are consistent with the character and architectural style of the community and should respond to local values regarding the physical character of the community.

8. Natural resources and agricultural protection. Planning, zoning, development, and resource management should emphasize protection, preservation, and restoration of natural resources, agricultural land, and cultural and historic landscapes, and should increase the availability of open spaces and recreational facilities.

9. Sustainable design. Planning, zoning, development, and resource management should promote developments, buildings, and infrastructure that utilize sustainable design and construction standards and conserve natural resources by reducing waste and pollution through efficient use of land, energy, water, air, and materials.

10. Transportation diversity. Planning, zoning, development, and resource management should promote expanded transportation options for residents of the community. Consideration should be given to transportation options that maximize mobility, reduce congestion, conserve fuel, and improve air quality.

1. It is the policy of this state to provide equal opportunity in state employment to all persons. An individual shall not be denied equal access to state employment opportunities because of race, creed, color, religion, national origin, sex, age, or physical or mental disability.    e. Violate section 20.12.
   f. Violate the provisions of sections 732.1 to 732.3, which are hereby made applicable to public employers, public employees, and employee organizations.
   g. Picket in a manner which interferes with ingress and egress to the facilities of the public employer.
   h. Engage in, initiate, sponsor, or support any picketing that is performed in support of a strike, work stoppage, boycott, or slowdown against a public employer.
   i. Picket for any unlawful purpose.
   j. Negotiate or attempt to negotiate directly with a member of the governing board of a public employer if the public employer has appointed or authorized a bargaining representative for the purpose of bargaining with the public employees or their representative, unless the member of the governing board is the designated bargaining representative of the public employer.

4. The expressing of any views, argument, or opinion, or the dissemination thereof, whether orally or in written, printed, graphic, or visual form, shall not constitute or be evidence of any prohibited practice under any of the provisions of this chapter, if such expression contains no threat of reprisal or force or promise of benefit.

20.11 Prohibited practice violations.
1. Proceedings against a party alleging a violation of section 20.10 shall be commenced by filing a complaint with the board within ninety days of the alleged violation, causing a copy of the complaint to be served upon the accused party. The accused party shall have
ten days within which to file a written answer to the complaint. However, the board may conduct a preliminary investigation of the alleged violation, and if the board determines that the complaint has no basis in fact, the board may dismiss the complaint. The board shall promptly thereafter set a time and place for hearing in the county where the alleged violation occurred, provided, however, that the presiding officer may conduct the hearing through the use of technology from a remote location. The parties shall be permitted to be represented by counsel, summon witnesses, and request the board to subpoena witnesses on the requester’s behalf. Compliance with the technical rules of pleading and evidence shall not be required.

2. The board may designate one of its members, an administrative law judge, or any other qualified person employed by the board to serve as the presiding officer at the hearing. The presiding officer has the powers as may be exercised by the board for conducting the hearing and shall follow the procedures adopted by the board for conducting the hearing. The proposed decision of the presiding officer may be appealed to the board, or reviewed on motion of the board, in accordance with the provisions of chapter 17A.

3. The board shall appoint a certified shorthand reporter to report the proceedings and the board shall fix the reasonable amount of compensation for such service, and for any transcript requested by the board, which amounts shall be taxed as other costs.

4. The board shall file its findings of fact and conclusions of law within sixty days of the close of any hearing, receipt of the transcript, or submission of any briefs. If the board finds that the party accused has committed a prohibited practice, the board may, within thirty days of its decision, enter into a consent order with the party to discontinue the practice, or after the thirty days following the decision may petition the district court for injunctive relief pursuant to rules of civil procedure 1.1501 to 1.1511.

5. The board’s review of proposed decisions and the rehearing or judicial review of final decisions is governed by the provisions of chapter 17A.

20.12 Strikes prohibited — penalties.

1. It shall be unlawful for any public employee or any employee organization, directly or indirectly, to induce, instigate, encourage, authorize, ratify, or participate in a strike against any public employer.

2. It shall be unlawful for any public employer to authorize, consent to, or condone a strike; or to pay or agree to pay any public employee for any day in which the employee participates in a strike; or to pay or agree to pay any increase in compensation or benefits to any public employee in response to or as a result of any strike or any act which violates subsection 1. It shall be unlawful for any official, director, or representative of any public employer to authorize, ratify, or participate in any violation of this subsection. Nothing in this subsection shall prevent new or renewed bargaining and agreement within the scope of negotiations as defined by this chapter, at any time after such violation of subsection 1 has ceased; but it shall be unlawful for any public employer or employee organization to bargain at any time regarding suspension or modification of any penalty provided in this section or regarding any request by the public employer to a court for such suspension or modification.

3. In the event of any violation or imminently threatened violation of subsection 1 or 2, any citizen domiciled within the jurisdictional boundaries of the public employer may petition the district court for the county in which the violation occurs or the district court for Polk county for an injunction restraining such violation or imminently threatened violation. Rules of civil procedure 1.1501 to 1.1511 regarding injunctions shall apply. However, the court shall grant a temporary injunction if it appears to the court that a violation has occurred or is imminently threatened; the plaintiff need not show that the violation or threatened violation would greatly or irreparably injure the plaintiff; and no bond shall be required of the plaintiff unless the court determines that a bond is necessary in the public interest. Failure to comply with any temporary or permanent injunction granted pursuant to this section shall constitute a contempt punishable pursuant to chapter 665. The punishment shall not exceed five hundred dollars for an individual, or ten thousand dollars for an employee organization or
public employer, for each day during which the failure to comply continues, or imprisonment in a county jail not exceeding six months, or both such fine and imprisonment. An individual or an employee organization which makes an active good faith effort to comply fully with the injunction shall not be deemed to be in contempt.

4. If a public employee is held to be in contempt of court for failure to comply with an injunction pursuant to this section, or is convicted of violating this section, the employee shall be ineligible for any employment by the same public employer for a period of twelve months. The employee’s public employer shall immediately discharge the employee, but upon the employee’s request the court shall stay the discharge to permit further judicial proceedings.

5. If an employee organization or any of its officers is held to be in contempt of court for failure to comply with an injunction pursuant to this section, or is convicted of violating this section, the employee organization shall be immediately decertified, shall cease to represent the bargaining unit, and may again be certified only after twenty-four months have elapsed from the effective date of decertification and only if a new petition for certification pursuant to section 20.14 is filed and a new certification election pursuant to section 20.15 is held. The penalties provided in this section may be suspended or modified by the court, but only upon request of the public employer and only if the court determines the suspension or modification is in the public interest.

6. Each of the remedies and penalties provided by this section is separate and several, and is in addition to any other legal or equitable remedy or penalty.

20.13 Bargaining unit determination.
1. Board determination of an appropriate bargaining unit shall be upon petition filed by a public employer, public employee, or employee organization.

2. Within thirty days of receipt of a petition, the board shall conduct a public hearing, receive written or oral testimony, and promptly thereafter file an order defining the appropriate bargaining unit. In defining the unit, the board shall take into consideration, along with other relevant factors, the principles of efficient administration of government, the existence of a community of interest among public employees, the history and extent of public employee organization, geographical location, and the recommendations of the parties involved.

3. Appeals from such order shall be governed by the provisions of chapter 17A.

4. Professional and nonprofessional employees shall not be included in the same bargaining unit unless a majority of both agree.

20.14 Bargaining representative determination.
1. Board certification of an employee organization as the exclusive bargaining representative of a bargaining unit shall be upon a petition filed with the board by a public employer, public employee, or an employee organization and an election conducted pursuant to section 20.15.

2. The petition of an employee organization shall allege that:

   a. The employee organization has submitted a request to a public employer to bargain collectively on behalf of a designated group of public employees.

   b. The petition is accompanied by written evidence that thirty percent of such public employees are members of the employee organization or have authorized it to represent them for the purposes of collective bargaining.

3. The petition of a public employee shall allege that an employee organization which has been certified as the bargaining representative does not represent a majority of such public
employees and that the petitioners do not want to be represented by an employee organization or seek certification of an employee organization.

4. The petition of a public employer shall allege that it has received a request to bargain from an employee organization which has not been certified as the bargaining representative of the public employees in an appropriate bargaining unit.

5. The board shall investigate the allegations of any petition and shall give reasonable notice of the receipt of such a petition to all public employees, employee organizations and public employers named or described in such petitions or interested in the representation questioned. The board shall thereafter call an election under section 20.15, unless:
   a. It finds that less than thirty percent of the public employees in the unit appropriate for collective bargaining support the petition for decertification or for certification.
   b. The appropriate bargaining unit has not been determined pursuant to section 20.13.

20.15 Elections — agreements with the state.

1. Initial certification elections.
   a. Upon the filing of a petition for certification of an employee organization, the board shall submit a question to the public employees at an election in the bargaining unit found appropriate by the board. The question on the ballot shall permit the public employees to vote for no bargaining representation or for any employee organization which has petitioned for certification or which has presented proof satisfactory to the board of support of thirty percent or more of the public employees in the appropriate unit.
   b. (1) If a majority of the public employees in the bargaining unit vote for no bargaining representation, the public employees in the bargaining unit found appropriate by the board shall not be represented by an employee organization.
      (2) If a majority of the public employees in the bargaining unit vote for a listed employee organization, then that employee organization shall represent the public employees in the bargaining unit found appropriate by the board.
      (3) If none of the choices on the ballot receive the vote of a majority of the public employees in the bargaining unit, the public employees in the bargaining unit found appropriate by the board shall not be represented by an employee organization.
   c. The board shall not consider a petition for certification of an employee organization as the exclusive representative of a bargaining unit unless a period of two years has elapsed from the date of the last certification election in which an employee organization was not certified as the exclusive representative of that bargaining unit, of the last retention and recertification election in which an employee organization was not retained and recertified as the exclusive representative of that bargaining unit, or of the last decertification election in which an employee organization was decertified as the exclusive representative of that bargaining unit. The board shall also not consider a petition for certification as the exclusive bargaining representative of a bargaining unit if the bargaining unit is at that time represented by a certified exclusive bargaining representative.

2. Retention and recertification elections.
   a. The board shall conduct an election to retain and recertify the bargaining representative of a bargaining unit prior to the expiration of the bargaining unit’s collective bargaining agreement. The question on the ballot shall be whether the bargaining representative of the public employees in the bargaining unit shall be retained and recertified as the bargaining representative of the public employees in the bargaining unit. For collective bargaining agreements with a June 30 expiration date, the election shall occur between June 1 and November 1, both dates included, in the year prior to that expiration date. For collective bargaining agreements with a different expiration date, the election shall occur between three hundred sixty-five and two hundred seventy days prior to the expiration date.
   b. (1) If a majority of the public employees in the bargaining unit vote to retain and recertify the representative, the board shall retain and recertify the bargaining representative
and the bargaining representative shall continue to represent the public employees in the bargaining unit.

(2) If a majority of the public employees in the bargaining unit do not vote to retain and recertify the representative, the board, after the period for filing written objections pursuant to subsection 4 has elapsed, shall immediately decertify the representative and the public employees shall not be represented by an employee organization except pursuant to the filing of a subsequent petition for certification of an employee organization as provided in section 20.14 and an election conducted pursuant to such petition. Such written objections and decertifications shall be subject to applicable administrative and judicial review.

3. Decertification elections.
   a. Upon the filing of a petition for decertification of an employee organization, the board shall submit a question to the public employees at an election in the bargaining unit found appropriate by the board. The question on the ballot shall be whether the bargaining representative of the public employees in the bargaining unit shall be decertified as the bargaining representative of public employees in the bargaining unit.
   b. (1) If a majority of the public employees in the bargaining unit vote to decertify the bargaining representative, the board, after the period for filing written objections pursuant to subsection 4 has elapsed, shall immediately decertify the representative and the public employees shall not be represented by an employee organization except pursuant to the filing of a subsequent petition for certification of an employee organization as provided in section 20.14 and an election conducted pursuant to such petition. Such written objections and decertifications shall be subject to applicable administrative and judicial review.

(2) If a majority of the public employees in the bargaining unit do not vote to decertify the bargaining representative, the bargaining representative shall continue to represent the public employees in the bargaining unit.

   c. The board shall not consider a petition for decertification of an employee organization unless a bargaining unit’s collective bargaining agreement exceeds two years in length. The board shall not schedule a decertification election for a bargaining unit within one year of a prior certification, retention and recertification, or decertification election involving the bargaining unit. Unless otherwise prohibited by this paragraph, the board shall schedule a decertification election not less than one hundred fifty days before the expiration date of the bargaining unit’s collective bargaining agreement.

4. Invalidation of elections. Upon written objections filed by any public employee, public employer, or employee organization involved in the election within ten days after notice of the results of the election, if the board finds that misconduct or other circumstances prevented the public employees eligible to vote from freely expressing their preferences, the board may invalidate the election and hold a second election for the public employees.

5. Results certified. Upon completion of a valid election in which the majority choice of the public employees in the bargaining unit is determined, the board shall certify the results of the election and shall give reasonable notice of the order to all employee organizations listed on the ballot, the public employers, and the public employees in the appropriate bargaining unit.

6. State agreements. A collective bargaining agreement with the state, its boards, commissions, departments, and agencies shall be for two years. The provisions of a collective bargaining agreement or arbitrator’s award affecting state employees shall not provide for renegotiations which would require the refinancing of subjects within the scope of negotiations under section 20.9 for the second year of the term of the agreement, except as provided in section 20.17, subsection 6. The effective date of any such agreement shall be July 1 of odd-numbered years, provided that if an exclusive bargaining representative is certified on a date which will prevent the negotiation of a collective bargaining agreement prior to July 1 of odd-numbered years for a period of two years, the certified collective bargaining representative may negotiate a one-year contract with the public employer
which shall be effective from July 1 of the even-numbered year to July 1 of the succeeding odd-numbered year when new agreements shall become effective.

20.16 Duty to bargain.
Upon the receipt by a public employer of a request from an employee organization to bargain on behalf of public employees, the duty to engage in collective bargaining shall arise if the employee organization has been certified by the board as the exclusive bargaining representative for the public employees in that bargaining unit.

[C75, 77, 79, 81, §20.16]

20.17 Procedures.
1. The employee organization certified as the bargaining representative shall be the exclusive representative of all public employees in the bargaining unit and shall represent all public employees fairly. However, any public employee may meet and adjust individual complaints with a public employer. To sustain a claim that a certified employee organization has committed a prohibited practice by breaching its duty of fair representation, a public employee must establish by a preponderance of the evidence action or inaction by the organization which was arbitrary, discriminatory, or in bad faith.
2. The employee organization and the public employer may designate any individual as its representative to engage in collective bargaining negotiations.
3. Negotiating sessions, strategy meetings of public employers, mediation, and the deliberative process of arbitrators shall be exempt from the provisions of chapter 21. However, the employee organization shall present its initial bargaining position to the public employer at the first bargaining session. The public employer shall present its initial bargaining position to the employee organization at the second bargaining session, which shall be held no later than two weeks following the first bargaining session. Both sessions shall be open to the public and subject to the provisions of chapter 21. Parties who by agreement are utilizing a cooperative alternative bargaining process may exchange their respective initial interest statements in lieu of initial bargaining positions at these open sessions. Hearings conducted by arbitrators shall be open to the public.
4. The terms of a proposed collective bargaining agreement shall be made available to the public by the public employer and reasonable notice shall be given to the public employees by the employee organization prior to a ratification election. The collective bargaining agreement shall become effective only if ratified by a majority of those voting by secret ballot.
5. Terms of any collective bargaining agreement may be enforced by a civil action in the district court of the county in which the agreement was made upon the initiative of either party.
6. A collective bargaining agreement or arbitrator’s award shall not be valid or enforceable if its implementation would be inconsistent with any statutory limitation on the public employer’s funds, spending, or budget or would substantially impair or limit the performance of any statutory duty by the public employer. A collective bargaining agreement or arbitrator’s award may provide for benefits conditional upon specified funds to be obtained by the public employer, but the agreement shall provide either for automatic reduction of such conditional benefits or for additional bargaining if the funds are not obtained or if a lesser amount is obtained.
7. If agreed to by the parties nothing in this chapter shall be construed to prohibit supplementary bargaining on behalf of public employees in a part of the bargaining unit concerning matters uniquely affecting those public employees or cooperation and coordination of bargaining between two or more bargaining units.
8. a. The salaries of all public employees of the state under a merit system and all other subjects within the scope of negotiations pursuant to the provisions of section 20.9 regarding
public employees of the state shall be negotiated with the governor or the governor’s designee on a statewide basis, except those subjects excluded from the scope of negotiations pursuant to the provisions of section 20.9, subsection 3.

b. For the negotiation of such a proposed, statewide collective bargaining agreement to become effective in the year following an election described in section 39.9, a ratification election referred to in section 20.17, subsection 4, shall not be held, and the parties shall not request arbitration as provided in section 20.22, subsection 1, until at least two weeks after the date of the beginning of the term of office of the governor in that year as prescribed in the Constitution of the State of Iowa. On or after the beginning of the term of office of the governor in that year as prescribed in the Constitution of the State of Iowa, the governor shall have the authority to reject such a proposed statewide collective bargaining agreement. If the governor does so, the parties shall commence collective bargaining in accordance with section 20.17. Such negotiation shall be complete not later than March 15 of that year, unless the parties mutually agree to a different deadline. The board shall adopt rules pursuant to chapter 17A providing for alternative deadlines for the completion of the procedures provided in sections 20.17, 20.19, 20.20, and 20.22 for negotiation of such statewide collective bargaining agreements in such years, which deadlines may be waived by mutual agreement of the parties.

9. The negotiation of a proposed collective bargaining agreement by representatives of a state public employer and a state employee organization shall be complete not later than March 15 of the year when the agreement is to become effective. The board shall provide, by rule, a date on which any impasse item must be submitted to binding arbitration and for such other procedures as deemed necessary to provide for the completion of negotiations of proposed state collective bargaining agreements not later than March 15. The date selected for the mandatory submission of impasse items to binding arbitration shall be sufficiently in advance of March 15 to ensure that the arbitrator’s award can be reasonably made before March 15.

10. a. In the absence of an impasse agreement negotiated pursuant to section 20.19 which provides for a different completion date, public employees represented by a certified employee organization who are teachers licensed under chapter 272 and who are employed by a public employer which is a school district or area education agency shall complete the negotiation of a proposed collective bargaining agreement not later than May 31 of the year when the agreement is to become effective. The board shall provide, by rule, a date on which impasse items in such cases must be submitted to binding arbitration and for such other procedures as deemed necessary to provide for the completion of negotiations of proposed collective bargaining agreements not later than May 31. The date selected for the mandatory submission of impasse items to binding arbitration in such cases shall be sufficiently in advance of May 31 to ensure that the arbitrator’s award can be reasonably made by May 31.

b. In the absence of an impasse agreement negotiated pursuant to section 20.19 which provides for a different completion date, public employees represented by a certified employee organization who are employed by a public employer which is a community college shall complete the negotiation of a proposed collective bargaining agreement not later than May 31 of the year when the agreement is to become effective. The board shall provide, by rule, a date on which impasse items in such cases must be submitted to binding arbitration and for such other procedures as deemed necessary to provide for the completion of negotiations of proposed collective bargaining agreements not later than May 31. The date selected for the mandatory submission of impasse items to binding arbitration in such cases shall be sufficiently in advance of May 31 to ensure that the arbitrator’s award can be reasonably made by May 31.

c. Notwithstanding the provisions of paragraphs “a” and “b”, the May 31 deadline
may be waived by mutual agreement of the parties to the collective bargaining agreement negotiations.

20.18 Grievance procedures.
1. An agreement with an employee organization which is the exclusive representative of public employees in an appropriate unit may provide procedures for the consideration of public employee and employee organization grievances over the interpretation and application of agreements. Negotiated procedures may provide for binding arbitration of public employee and employee organization grievances over the interpretation and application of existing agreements. An arbitrator’s decision on a grievance may not change or amend the terms, conditions, or applications of the collective bargaining agreement. Such procedures shall provide for the invoking of arbitration only with the approval of the employee organization in all instances, and in the case of an employee grievance, only with the additional approval of the public employee. The costs of arbitration shall be shared equally by the parties.

2. Public employees of the state or public employees covered by civil service shall follow either the grievance procedures provided in a collective bargaining agreement, or in the event that grievance procedures are not provided, shall follow grievance procedures established pursuant to chapter 8A, subchapter IV, or chapter 400, as applicable.

20.19 Impasse procedures — agreement of parties.
1. As the first step in the performance of their duty to bargain, the public employer and the employee organization shall endeavor to agree upon impasse procedures. Such agreement shall provide for implementation of these impasse procedures not later than one hundred twenty days prior to the certified budget submission date of the public employer. However, if public employees represented by the employee organization are teachers licensed under chapter 272, and the public employer is a school district or area education agency, the agreement shall provide for implementation of impasse procedures not later than one hundred twenty days prior to May 31 of the year when the collective bargaining agreement is to become effective. If the public employer is a community college, the agreement shall provide for implementation of impasse procedures not later than one hundred twenty days prior to May 31 of the year when the collective bargaining agreement is to become effective. If the public employer is not subject to the budget certification requirements of section 24.17 and other applicable sections, the agreement shall provide for implementation of impasse procedures not later than one hundred twenty days prior to the date the next fiscal or budget year of the public employer commences. If the parties fail to agree upon impasse procedures under the provisions of this section, the impasse procedures provided in sections 20.20 to 20.22 shall apply.

2. Parties who by agreement are utilizing a cooperative alternative bargaining process shall, at the outset of such process, agree upon a method and schedule for the completion of impasse procedures should they fail to reach a collective bargaining agreement through the use of such alternative bargaining process.

For provisions relating to applicability of 2017 amendments to collective bargaining agreements and procedures under this chapter before, on, or after February 17, 2017, see 2017 Acts, ch 2, §26, 27
20.20 Mediation.
In the absence of an impasse agreement negotiated pursuant to section 20.19 or the failure of either party to utilize its procedures, one hundred twenty days prior to the certified budget submission date, or one hundred twenty days prior to May 31 of the year when the collective bargaining agreement is to become effective if public employees represented by the employee organization are teachers licensed under chapter 272 and the public employer is a school district or area education agency, the board shall, upon the request of either party, appoint an impartial and disinterested person to act as mediator. If the public employer is a community college, and in the absence of an impasse agreement negotiated pursuant to section 20.19 or the failure of either party to utilize its procedures, one hundred twenty days prior to May 31 of the year when the collective bargaining agreement is to become effective, the board, upon the request of either party, shall appoint an impartial and disinterested person to act as mediator. If the public employer is not subject to the budget certification requirements of section 24.17 or other applicable sections and in the absence of an impasse agreement negotiated pursuant to section 20.19, or the failure of either party to utilize its procedures, one hundred twenty days prior to the date the next fiscal or budget year of the public employer commences, the board, upon the request of either party, shall appoint an impartial and disinterested person to act as a mediator. It shall be the function of the mediator to bring the parties together to effectuate a settlement of the dispute, but the mediator may not compel the parties to agree.

[C75, 77, 79, 81, §20.20]
Referred to in §20.17, 20.19

20.22 Binding arbitration.
1. If an impasse persists ten days after the mediator has been appointed, the board shall have the power, upon request of either party, to arrange for arbitration, which shall be binding. The request for arbitration shall be in writing and a copy of the request shall be served upon the other party.
2. Each party shall serve its final offer on each of the impasse items upon the other party within four days of the board's receipt of the request for arbitration, or by a deadline otherwise agreed upon by the parties. The parties may continue to negotiate all offers until an agreement is reached or an award is rendered by the arbitrator. The full costs of arbitration under this section shall be shared equally by the parties to the dispute.
3. The submission of the impasse items to the arbitrator shall be limited to those items upon which the parties have not reached agreement. With respect to each such item, the arbitrator's award shall be restricted to the final offers on each impasse item submitted by the parties to the arbitrator, except as provided in subsection 10, paragraph “b”.
4. Upon the filing of the request for arbitration, a list of five arbitrators shall be served upon the parties by the board. Within five days of service of the list, the parties shall determine by lot which party shall remove the first name from the list and the parties shall then alternately remove names from the list until the name of one person remains, who shall become the arbitrator. The parties shall immediately notify the board of their selection and the board shall notify the arbitrator. After consultation with the parties, the arbitrator shall set a time and place for an arbitration hearing.
5. The arbitrator shall at no time engage in an effort to mediate or otherwise settle the dispute in any manner other than that prescribed in this section.
6. From the time the board notifies the arbitrator of the selection of the arbitrator until such time as the arbitrator's selection on each impasse item is made, there shall be no discussion concerning recommendations for settlement of the dispute by the arbitrator with parties other than those who are direct parties to the dispute.
7. For an arbitration involving a bargaining unit that has at least thirty percent of members who are public safety employees, the arbitrator shall consider and specifically address in the arbitrator’s determination, in addition to any other relevant factors, the following factors:
a. Past collective bargaining contracts between the parties including the bargaining that led up to such contracts.

b. Comparison of wages, hours, and conditions of employment of the involved public employees with those of other public employees doing comparable work, giving consideration to factors peculiar to the area and the classifications involved.

c. The interests and welfare of the public, the ability of the public employer to finance economic adjustments, and the effect of such adjustments on the normal standard of services.

8. For an arbitration involving a bargaining unit that does not have at least thirty percent of members who are public safety employees, the following shall apply:

a. The arbitrator shall consider and specifically address in the arbitrator’s determination, in addition to any other relevant factors, the following factors:

(1) Comparison of base wages, hours, and conditions of employment of the involved public employees with those of other public employees doing comparable work, giving consideration to factors peculiar to the area and the classifications involved. To the extent adequate, applicable data is available, the arbitrator shall also compare base wages, hours, and conditions of employment of the involved public employees with those of private sector employees doing comparable work, giving consideration to factors peculiar to the area and the classifications involved.

(2) The interests and welfare of the public.

(3) The financial ability of the employer to meet the cost of an offer in light of the current economic conditions of the public employer. The arbitrator shall give substantial weight to evidence that the public employer’s authority to utilize funds is restricted to special purposes or circumstances by state or federal law, rules, regulations, or grant requirements.

b. The arbitrator shall not consider the following factors:

(1) Past collective bargaining agreements between the parties or bargaining that led to such agreements.

(2) The public employer’s ability to fund an award through the increase or imposition of new taxes, fees, or charges, or to develop other sources of revenues.

9. a. The arbitrator may administer oaths, examine witnesses and documents, take testimony and receive evidence, and issue subpoenas to compel the attendance of witnesses and the production of records. The arbitrator may petition the district court at the seat of government or of the county in which the hearing is held to enforce the order of the arbitrator compelling the attendance of witnesses and the production of records.

b. Except as required for purposes of the consideration of the factors specified in subsection 7, paragraphs “a” through “c”, and subsection 8, paragraph “a”, subparagraphs (1) through (3), the parties shall not introduce, and the arbitrator shall not accept or consider, any direct or indirect evidence regarding any subject excluded from negotiations pursuant to section 20.9.

10. a. The arbitrator shall select within fifteen days after the hearing the most reasonable offer, in the arbitrator’s judgment, of the final offers on each impasse item submitted by the parties.

b. 21.4 Public notice.

1. a. Except as provided in subsection 3, a governmental body shall give notice of the time, date, and place of each meeting including a reconvened meeting of the governmental body, and the tentative agenda of the meeting, in a manner reasonably calculated to apprise the public of that information. Reasonable notice shall include advising the news media who have filed a request for notice with the governmental body and posting the notice on a bulletin board or other prominent place which is easily accessible to the public and clearly designated for that purpose at the principal office of the body holding the meeting, or if no such office exists, at the building in which the meeting is to be held.

b. Each meeting shall be held at a place reasonably accessible to the public and at a time reasonably convenient to the public, unless for good cause such a place or time is impossible or impractical. Special access to the meeting may be granted to persons with disabilities.

2. a. Except as otherwise provided in paragraph "c", notice conforming with all of the requirements of subsection 1 shall be given at least twenty-four hours prior to the commencement of any meeting of a governmental body unless for good cause such notice is impossible or impractical, in which case as much notice as is reasonably possible shall be given.

b. When it is necessary to hold a meeting on less than twenty-four hours’ notice, or at a place that is not reasonably accessible to the public, or at a time that is not reasonably convenient to the public, the nature of the good cause justifying that departure from the normal requirements shall be stated in the minutes.

c. If a governmental body is prevented from convening an otherwise properly noticed meeting under the requirements of subsection 1, the governmental body may convene the meeting if the governmental body posts an amended notice of the meeting conforming with all of the requirements of subsection 1.
3. Subsection 1 does not apply to any of the following:
   a. A meeting reconvened within four hours of the start of its recess, where an
      announcement of the time, date, and place of the reconvened meeting is made at the original

   b. A meeting held by a formally constituted subunit of a parent governmental body during
      a lawful meeting of the parent governmental body or during a recess in that meeting of up
      to four hours, or a meeting of that subunit immediately following the meeting of the parent

      the parent meeting and the subject of the meeting reasonably coincides with the subjects
      discussed or acted upon by the parent governmental body.

4. If another section of the Code requires a manner of giving specific notice of a meeting,
   hearing, or an intent to take action by a governmental body, compliance with that section
   shall constitute compliance with the notice requirements of this section.

21.5 Closed session.

1. A governmental body may hold a closed session only by affirmative public vote of either
   two-thirds of the members of the body or all of the members present at the meeting. A
   governmental body may hold a closed session only to the extent a closed session is necessary
   for any of the following reasons:

   a. To review or discuss records which are required or authorized by state or federal law
      to be kept confidential or to be kept confidential as a condition for that governmental body’s
      possession or continued receipt of federal funds.
   b. To discuss application for letters patent.
   c. To discuss strategy with counsel in matters that are presently in litigation or where
      litigation is imminent where its disclosure would be likely to prejudice or disadvantage the
      position of the governmental body in that litigation.
   d. To discuss the contents of a licensing examination or whether to initiate licensee
      disciplinary investigations or proceedings if the governmental body is a licensing or
      examining board.
   e. To discuss whether to conduct a hearing or to conduct hearings to suspend or expel a
      student, unless an open session is requested by the student or a parent or guardian of the
      student if the student is a minor.
   f. To discuss the decision to be rendered in a contested case conducted according to the
      provisions of chapter 17A.
   g. To avoid disclosure of specific law enforcement matters, such as current or proposed
      investigations or inspection or auditing techniques or schedules, which if disclosed would
      enable law violators to avoid detection.
   h. To avoid disclosure of specific law enforcement matters, such as allowable tolerances
      or criteria for the selection, prosecution, or settlement of cases, which if disclosed would
      facilitate disregard of requirements imposed by law.
   i. To evaluate the professional competency of an individual whose appointment, hiring,
      performance, or discharge is being considered when necessary to prevent needless and
      irreparable injury to that individual’s reputation and that individual requests a closed
      session.
   j. To discuss the purchase or sale of particular real estate only where premature
      disclosure could be reasonably expected to increase the price the governmental body would
      have to pay for that property or reduce the price the governmental body would receive for
      that property. The minutes and the audio recording of a session closed under this paragraph
      shall be available for public examination when the transaction discussed is completed.
\[ k. \] To discuss information contained in records in the custody of a governmental body that are confidential records pursuant to section 22.7, subsection 50.

\[ l. \] To discuss patient care quality and process improvement initiatives in a meeting of a public hospital or to discuss marketing and pricing strategies or similar proprietary information in a meeting of a public hospital, where public disclosure of such information would harm such a hospital’s competitive position when no public purpose would be served by public disclosure. The minutes and the audio recording of a closed session under this paragraph shall be available for public inspection when the public disclosure would no longer harm the hospital’s competitive position. For purposes of this paragraph, “public hospital” means a hospital licensed pursuant to chapter 135B and governed pursuant to chapter 145A, 226, 347, 347A, or 392, or a health care facility operated by an institution governed by the state board of regents. This paragraph does not apply to the information required to be disclosed pursuant to section 347.13, subsection 11, or to any discussions relating to terms or conditions of employment, including but not limited to compensation of an officer or employee of governmental body or group of officers or employees.

2. The vote of each member on the question of holding the closed session and the reason for holding the closed session by reference to a specific exemption under this section shall be announced publicly at the open session and entered in the minutes. A governmental body shall not discuss any business during a closed session which does not directly relate to the specific reason announced as justification for the closed session.

3. Final action by any governmental body on any matter shall be taken in an open session unless some other provision of the Code expressly permits such actions to be taken in closed session.

4. A governmental body shall not exclude a member of the governmental body from attending a closed session, unless the member’s attendance at the closed session creates a conflict of interest for the member due to the specific reason announced as justification for holding the closed session.

5. a. A governmental body shall keep detailed minutes of all discussion, persons present, and action occurring at a closed session, and shall also audio record all of the closed session.

   b. (1) The detailed minutes and audio recording of a closed session shall be sealed and shall not be public records open to public inspection. However, upon order of the court in an action to enforce this chapter, the detailed minutes and audio recording shall be unsealed and examined by the court in camera. The court shall then determine what part, if any, of the minutes should be disclosed to the party seeking enforcement of this chapter for use in that enforcement proceeding. In determining whether any portion of the minutes or recording shall be disclosed to such a party for this purpose, the court shall weigh the prejudicial effects to the public interest of the disclosure of any portion of the minutes or recording in question, against its probative value as evidence in an enforcement proceeding. After such a determination, the court may permit inspection and use of all or portions of the detailed minutes and audio recording by the party seeking enforcement of this chapter. A governmental body shall keep the detailed minutes and audio recording of any closed session for a period of at least one year from the date of that meeting, except as otherwise required by law.

   (2) This paragraph “b” does not require the office of ombudsman to obtain a court order to examine the detailed minutes and audio recording of a closed session when such examination is relevant to an investigation under chapter 2C and the information sought is not available through other reasonable means. Any portion of the minutes or recording released by a governmental body to the office of ombudsman shall remain confidential pursuant to section 2C.9.

6. Nothing in this section requires a governmental body to hold a closed session to discuss or act upon any matter.

[C71, 73, 75, 77, §28A.3; C79, 81, §28A.5]
21.6 Enforcement.

1. The remedies provided by this section against state governmental bodies shall be in addition to those provided by section 17A.19. Any aggrieved person, taxpayer or, or citizen of, the state of Iowa, or the attorney general or county attorney, may seek judicial enforcement of the requirements of this chapter. Suits to enforce this chapter shall be brought in the district court for the county in which the governmental body has its principal place of business.

2. Once a party seeking judicial enforcement of this chapter demonstrates to the court that the body in question is subject to the requirements of this chapter and has held a closed session, the burden of going forward shall be on the body and its members to demonstrate compliance with the requirements of this chapter.

3. Upon a finding by a preponderance of the evidence that a governmental body has violated any provision of this chapter, a court:

a. Shall assess each member of the governmental body who participated in its violation damages in the amount of not more than five hundred dollars and not less than one hundred dollars. However, if a member of a governmental body knowingly participated in such a violation, damages shall be in the amount of not more than two thousand five hundred dollars and not less than one thousand dollars. These damages shall be paid by the court imposing it to the state of Iowa, if the body in question is a state governmental body, or to the local government involved if the body in question is a local governmental body. A member of a governmental body found to have violated this chapter shall not be assessed such damages if that member proves that the member did any of the following:

1) Voted against the closed session.

2) Had good reason to believe and in good faith believed facts which, if true, would have indicated compliance with all the requirements of this chapter.

3) Reasonably relied upon a decision of a court, a formal opinion of the Iowa public information board, the attorney general, or the attorney for the governmental body, given in writing, or as memorialized in the minutes of the meeting at which a formal oral opinion was given, or an advisory opinion of the Iowa public information board, the attorney general, or the attorney for the governmental body, given in writing.

b. Shall order the payment of all costs and reasonable attorney fees in the trial and appellate courts to any party successfully establishing a violation of this chapter. The costs and fees shall be paid by those members of the governmental body who are assessed damages under paragraph “a”. If no such members exist because they have a lawful defense under that paragraph to the imposition of such damages, the costs and fees shall be paid to the successful party from the budget of the offending governmental body or its parent.

c. Shall void any action taken in violation of this chapter, if the suit for enforcement of this chapter is brought within six months of the violation and the court finds under the facts of the particular case that the public interest in the enforcement of the policy of this chapter outweighs the public interest in sustaining the validity of the action taken in the closed session. This paragraph shall not apply to an action taken regarding the issuance of bonds or other evidence of indebtedness of a governmental body if a public hearing, election or public sale has been held regarding the bonds or evidence of indebtedness.

d. Shall issue an order removing a member of a governmental body from office if that member has engaged in a prior violation of this chapter for which damages were assessed against the member during the member’s term.

e. May issue a mandatory injunction punishable by civil contempt ordering the members of the offending governmental body to refrain for one year from any future violations of this chapter.

4. Ignorance of the legal requirements of this chapter shall be no defense to an
enforcement proceeding brought under this section. A governmental body which is in doubt about the legality of closing a particular meeting is authorized to bring suit at the expense of that governmental body in the district court of the county of the governmental body’s principal place of business to ascertain the propriety of any such action, or seek a formal opinion of the attorney general or an attorney for the governmental body.

21.7 Rules of conduct at meetings.
The public may use cameras or recording devices at any open session. Nothing in this chapter shall prevent a governmental body from making and enforcing reasonable rules for the conduct of its meetings to assure those meetings are orderly, and free from interference or interruption by spectators.

As used in this chapter:

1. “Government body” means this state, or any county, city, township, school corporation, political subdivision, tax-supported district, nonprofit corporation other than a fair conducting a fair event as provided in chapter 174, whose facilities or indebtedness are supported in whole or in part with property tax revenue and which is licensed to conduct pari-mutuel wagering pursuant to chapter 99D; the governing body of a drainage or levee district as provided in chapter 468, including a board as defined in section 468.3, regardless of how the district is organized; or other entity of this state, or any branch, department, board, bureau, commission, council, committee, official, or officer of any of the foregoing or any employee delegated by the government body for implementing the requirements of this chapter.

2. “Lawful custodian” means the government body currently in physical possession of the public record. The custodian of a public record in the physical possession of persons outside a government body is the government body owning that record. The records relating to the investment of public funds are the property of the public body responsible for the public funds. Each government body shall delegate to particular officials or employees of that government body the responsibility for implementing the requirements of this chapter and shall publicly announce the particular officials or employees to whom responsibility for implementing the requirements of this chapter has been delegated. “Lawful custodian” does not mean an automated data processing unit of a public body if the data processing unit holds...
the records solely as the agent of another public body, nor does it mean a unit which holds
the records of other public bodies solely for storage.

3. a. “Public records” includes all records, documents, tape, or other information, stored
or preserved in any medium, of or belonging to this state or any county, city, township, school
corporation, political subdivision, nonprofit corporation other than a fair conducting a fair
event as provided in chapter 174, whose facilities or indebtedness are supported in whole
or in part with property tax revenue and which is licensed to conduct pari-mutuel wagering
pursuant to chapter 99D, or tax-supported district in this state, or any branch, department,
board, bureau, commission, council, or committee of any of the foregoing.

b. “Public records” also includes all records relating to the investment of public funds
including but not limited to investment policies, instructions, trading orders, or contracts,
whether in the custody of the public body responsible for the public funds or a fiduciary or
other third party.

22.2 Right to examine public records — exceptions.
1. Every person shall have the right to examine and copy a public record and to publish or
otherwise disseminate a public record or the information contained in a public record. Unless
otherwise provided for by law, the right to examine a public record shall include the right to
examine a public record without charge while the public record is in the physical possession
of the custodian of the public record. The right to copy a public record shall include the right
to make photographs or photographic copies while the public record is in the possession of
the custodian of the public record. All rights under this section are in addition to the right to
obtain a certified copy of a public record under section 622.46.

2. A government body shall not prevent the examination or copying of a public record by
contracting with a nongovernment body to perform any of its duties or functions.

3. If feasible, the custodian of a public record may provide for the electronic examination
and copying of a public record in lieu of requiring in-person examination and copying of a
public record. This subsection does not apply to searches of all indexes, general and specific,
of public records relating to documents, instruments, and muniments of title, for the purpose
of performing title searches, real property searches, or creating real property abstracts.

4. However, notwithstanding subsections 1 and 2, a government body is not required to
permit access to or use of the following:
   a. A geographic computer database by any person except upon terms and conditions
      acceptable to the governing body. The governing body shall establish reasonable rates and
      procedures for the retrieval of specified records, which are not confidential records, stored
      in the database upon the request of any person.
   b. Data processing software developed by the government body or developed by a
      nongovernment body and used by a government body pursuant to a contractual relationship

22.3 Supervision — fees.
1. The examination and copying of public records shall be done under the supervision of
the lawful custodian of the records or the custodian’s authorized designee. The lawful
custodian shall not require the physical presence of a person requesting or receiving a copy of a public record and shall fulfill requests for a copy of a public record received in writing, by telephone, or by electronic means. Fulfillment of a request for a copy of a public record may be contingent upon receipt of payment of expenses to be incurred in fulfilling the request and such estimated expenses shall be communicated to the requester upon receipt of the request. The lawful custodian may adopt and enforce reasonable rules regarding the examination and copying of the records and the protection of the records against damage or disorganization. The lawful custodian shall provide a suitable place for the examination and copying of the records, but if it is impracticable to do the examination and copying of the records in the office of the lawful custodian, the person desiring to examine or copy shall pay any necessary expenses of providing a place for the examination and copying.

2. All expenses of the examination and copying shall be paid by the person desiring to examine or copy. The lawful custodian may charge a reasonable fee for the services of the lawful custodian or the custodian's authorized designee in supervising the examination and copying of the records. If copy equipment is available at the office of the lawful custodian of any public records, the lawful custodian shall provide any person a reasonable number of copies of any public record in the custody of the office upon the payment of a fee. The fee for the copying service as determined by the lawful custodian shall not exceed the actual cost of providing the service. Actual costs shall include only those expenses directly attributable to supervising the examination of and making and providing copies of public records. Actual costs shall not include charges for ordinary expenses or costs such as employment benefits, depreciation, maintenance, electricity, or insurance associated with the administration of the office of the lawful custodian. However, a county recorder shall not charge a fee for the examination and copying of public records necessary to complete and file claims for benefits with the Iowa department of veterans affairs or the United States department of veterans affairs.

22.3A Access to data processing software.
1. As used in this section:
   a. “Access” means the instruction of, communication with, storage of data in, or retrieval of data from a computer.
   b. “Computer” means an electronic device which performs logical, arithmetical, and memory functions by manipulations of electronic or magnetic impulses, and includes all input, output, processing, storage, and communication facilities which are connected or related to the computer including a computer network. As used in this paragraph, “computer” includes any central processing unit, front-end processing unit, minicomputer, or microprocessor, and related peripheral equipment such as data storage devices, document scanners, data entry terminal controllers, and data terminal equipment and systems for computer networks.
   c. “Computer network” means a set of related, remotely connected devices and communication facilities including two or more computers with capability to transmit data among them through communication facilities.
   d. “Data” means a representation of information, knowledge, facts, concepts, or instructions that has been prepared or is being prepared in a formalized manner and has been processed, or is intended to be processed, in a computer. Data may be stored in any form, including but not limited to a printout, magnetic storage media, disk, compact disc, punched card, or as memory of a computer.
   e. “Data processing software” means an ordered set of instructions or statements that, when executed by a computer, causes the computer to process data, and includes any program or set of programs, procedures, or routines used to employ and control capabilities of computer hardware. As used in this paragraph “data processing software” includes but is
not limited to an operating system, compiler, assembler, utility, library resource, maintenance routine, application, computer networking program, or the associated documentation.

2. a. A government body may provide, restrict, or prohibit access to data processing software developed by the government body or developed by a nongovernment body and used by a government body pursuant to a contractual relationship with the nongovernment body, regardless of whether the data processing software is separated or combined with a public record. A government body shall establish policies and procedures to provide access to public records which are combined with its data processing software. A public record shall not be withheld from the public because it is combined with data processing software.

b. A government body shall not acquire any electronic data processing system for the storage, manipulation, or retrieval of public records that would impair the government body’s ability to permit the examination of a public record and the copying of a public record in either written or electronic form.

c. If a public record is only available as a part of or in combination with data processing software in order to permit the examination or copying of the public record, the government body shall bear the cost of separation of the public record from the data processing software.

d. An electronic public record shall be made available in the format in which it is readily accessible to the government body if that format is useable with commonly available data processing or database management software. The government body may make a public record available in a specific format requested by a person that is different from that in which the public record is readily accessible to the government body and may charge the reasonable costs of any required processing, programming, or other work required to produce the public record in the specific format in addition to any other costs allowed under this chapter.

e. The cost chargeable to a person receiving a public record separated from data processing software under this subsection shall not be in excess of the charge under this chapter unless the person receiving the public record requests that the public record be specially processed or produced in a format different from that in which the public record is readily accessible to the government body.

f. A government body may establish payment rates and procedures required to provide access to data processing software, regardless of whether the data processing software is separated from or combined with a public record. Proceeds from payments may be considered repayment receipts, as defined in section 8.2. The payment amount shall be calculated as follows:

(1) The amount charged for access to a public record shall be not more than that required to recover direct production costs, including but not limited to editing, compilation, and media production costs, incurred by the government body in developing the data processing software and preparing the data processing software for transfer to the person. The amount shall be in addition to any other fee required to be paid under this chapter for the examination and copying of a public record. If a person accesses a public record stored in an electronic format that does not require formatting, editing, or compiling to access the public record, the charge for providing the accessed public record shall not exceed the reasonable cost of accessing that public record. The government body shall, if requested, provide documentation which explains and justifies the amount charged. This subparagraph shall not apply to any publication for which a price has been established pursuant to another section, including section 2A.5.

(2) If access to the data processing software is provided to a person for a purpose other than provided in subparagraph (1), the amount may be established according to the discretion of the government body, and may be based upon competitive market considerations as determined by the government body.

3. A government body is granted and may apply for and receive any legal protection necessary to secure a right to or an interest in data processing software developed by the government body, including but not limited to federal copyright, patent, and trademark protections, and any trade secret protection available under chapter 550. The government body may enter into agreements for the sale or distribution of its data processing software, including marketing and licensing agreements. The government body may impose
conditions upon the use of the data processing software that is otherwise consistent with state and federal law.

22.4 Public records requests.
The rights of persons under this chapter may be exercised under any of the following circumstances:

1. In person, at any time during the customary office hours of the lawful custodian of the records. However, if the lawful custodian does not have customary office hours of at least thirty hours per week, such right may be exercised at any time from 9:00 a.m. to noon and from 1:00 p.m. to 4:00 p.m. Monday through Friday, excluding legal holidays, unless the person exercising such right and the lawful custodian agree on a different time.

2. In writing, by telephone, or by electronic means. The lawful custodian of the records shall post information for making such requests in a manner reasonably calculated to apprise the public of that information.

22.7 Confidential records.
The following public records shall be kept confidential, unless otherwise ordered by a court, by the lawful custodian of the records, or by another person duly authorized to release such information:

1. Personal information in records regarding a student, prospective student, or former student maintained, created, collected or assembled by or for a school corporation or educational institution maintaining such records. This subsection shall not be construed to prohibit a postsecondary education institution from disclosing to a parent or guardian information regarding a violation of a federal, state, or local law, or institutional rule or policy governing the use or possession of alcohol or a controlled substance if the child is under the age of twenty-one years and the institution determines that the student committed a disciplinary violation with respect to the use or possession of alcohol or a controlled substance regardless of whether that information is contained in the student’s education records. This subsection shall not be construed to prohibit a school corporation or educational institution from transferring student records electronically to the department of education, an accredited nonpublic school, an attendance center, a school district, or an accredited postsecondary institution in accordance with section 256.9, subsection 44.

2. Hospital records, medical records, and professional counselor records of the condition, diagnosis, care, or treatment of a patient or former patient or a counselee or former
counselor, including outpatient. However, confidential communications between a crime victim and the victim’s counselor are not subject to disclosure except as provided in section 915.20A. However, the Iowa Department of Public Health shall adopt rules which provide for the sharing of information among agencies and providers concerning the maternal and child health program including but not limited to the statewide child immunization information system, while maintaining an individual’s confidentiality.

3. Trade secrets which are recognized and protected as such by law.

4. Records which represent and constitute the work product of an attorney, which are related to litigation or claim made by or against a public body.

5. Peace officers’ investigative reports, privileged records or information specified in section 80G.2, and specific portions of electronic mail and telephone billing records of law enforcement agencies if that information is part of an ongoing investigation, except where disclosure is authorized elsewhere in this Code. However, the date, time, specific location, and immediate facts and circumstances surrounding a crime or incident shall not be kept confidential under this section, except in those unusual circumstances where disclosure would plainly and seriously jeopardize an investigation or pose a clear and present danger to the safety of an individual. Specific portions of electronic mail and telephone billing records may only be kept confidential under this subsection if the length of time prescribed for commencement of prosecution or the finding of an indictment or information under the statute of limitations applicable to the crime that is under investigation has not expired.

6. Reports to governmental agencies which, if released, would give advantage to competitors and serve no public purpose.

7. Appraisals or appraisal information concerning the sale or purchase of real or personal property for public purposes, prior to the execution of any contract for such sale or the submission of the appraisal to the property owner or other interest holders as provided in section 6B.45.

8. Economic development authority information on an industrial prospect with which the authority is currently negotiating.

9. Criminal identification files of law enforcement agencies. However, records of current and prior arrests and criminal history data shall be public records.

11. a. Personal information in confidential personnel records of government bodies relating to identified or identifiable individuals who are officials, officers, or employees of the government bodies. However, the following information relating to such individuals contained in personnel records shall be public records, except as otherwise provided in section 80G.3:

   (1) The name and compensation of the individual including any written agreement establishing compensation or any other terms of employment excluding any information otherwise excludable from public information pursuant to this section or any other applicable provision of law. For purposes of this paragraph, “compensation” means payment of, or agreement to pay, any money, thing of value, or financial benefit conferred in return for labor or services rendered by an official, officer, or employee plus the value of benefits conferred including but not limited to casualty, disability, life, or health insurance, other health or wellness benefits, vacation, holiday, and sick leave, severance payments, retirement benefits, and deferred compensation.

   (2) The dates the individual was employed by the government body.

   (3) The positions the individual holds or has held with the government body.

   (4) The educational institutions attended by the individual, including any diplomas and degrees earned, and the names of the individual’s previous employers, positions previously held, and dates of previous employment.

   (5) The fact that the individual resigned in lieu of termination, was discharged, or was demoted as the result of a disciplinary action, and the documented reasons and rationale for the resignation in lieu of termination, the discharge, or the demotion. For purposes of this
subparagraph, “demoted” and “demotion” mean a change of an employee from a position in a given classification to a position in a classification having a lower pay grade.

b. Personal information in confidential personnel records of government bodies relating to student employees shall only be released pursuant to 20 U.S.C. §1232g.

13. The records of a library which, by themselves or when examined with other public records, would reveal the identity of the library patron checking out or requesting an item or information from the library. The records shall be released to a criminal or juvenile justice agency only pursuant to an investigation of a particular person or organization suspected of committing a known crime. The records shall be released only upon a judicial determination that a rational connection exists between the requested release of information and a legitimate end and that the need for the information is cogent and compelling.

14. The material of a library, museum or archive which has been contributed by a private person to the extent of any limitation that is a condition of the contribution.

15. Information concerning the procedures to be used to control disturbances at adult correctional institutions. Such information shall also be exempt from public inspection under section 17A.3. As used in this subsection disturbance means a riot or a condition that can reasonably be expected to cause a riot.

16. Information in a report to the Iowa department of public health, to a local board of health, or to a local health department, which identifies a person infected with a reportable disease.

17. Records of identity of owners of public bonds or obligations maintained as provided in section 76.10 or by the issuer of the public bonds or obligations. However, the issuer of the public bonds or obligations and a state or federal agency shall have the right of access to the records.

18. Communications not required by law, rule, procedure, or contract that are made to a government body or to any of its employees by identified persons outside of government, to the extent that the government body receiving those communications from such persons outside of government could reasonably believe that those persons would be discouraged from making them to that government body if they were available for general public examination. As used in this subsection, “persons outside of government” does not include persons or employees of persons who are communicating with respect to a consulting or contractual relationship with a government body or who are communicating with a government body with whom an arrangement for compensation exists. Notwithstanding this provision:

a. The communication is a public record to the extent that the person outside of government making that communication consents to its treatment as a public record.

b. Information contained in the communication is a public record to the extent that it can be disclosed without directly or indirectly indicating the identity of the person outside of government making it or enabling others to ascertain the identity of that person.

c. Information contained in the communication is a public record to the extent that it indicates the date, time, specific location, and immediate facts and circumstances surrounding the occurrence of a crime or other illegal act, except to the extent that its disclosure would plainly and seriously jeopardize a continuing investigation or pose a clear and present danger to the safety of any person. In any action challenging the failure of the lawful custodian to disclose any particular information of the kind enumerated in this paragraph, the burden of proof is on the lawful custodian to demonstrate that the disclosure of that information would jeopardize such an investigation or would pose such a clear and present danger.

19. Examinations, including but not limited to cognitive and psychological examinations for law enforcement officer candidates administered by or on behalf of a governmental body, to the extent that their disclosure could reasonably be believed by the custodian to interfere with the accomplishment of the objectives for which they are administered.

20. Information concerning the nature and location of any archaeological resource or
site if, in the opinion of the state archaeologist, disclosure of the information will result in unreasonable risk of damage to or loss of the resource or site where the resource is located. This subsection shall not be construed to interfere with the responsibilities of the federal government or the state historic preservation officer pertaining to access, disclosure, and use of archaeological site records.

21. Information concerning the nature and location of any ecologically sensitive resource or site if, in the opinion of the director of the department of natural resources after consultation with the state ecologist, disclosure of the information will result in unreasonable risk of damage to or loss of the resource or site where the resource is located. This subsection shall not be construed to interfere with the responsibilities of the federal government or the director of the department of natural resources and the state ecologist pertaining to access, disclosure, and use of the ecologically sensitive site records.

22. Reports or recommendations of the Iowa insurance guaranty association filed or made pursuant to section 515B.10, subsection 1, paragraph “a”, subparagraph (2).

23. Information or reports collected or submitted pursuant to section 508C.12, subsections 3 and 5, and section 508C.13, subsection 2, except to the extent that release is permitted under those sections.

24. Reserved.

25. 26. Applications, investigation reports, and case records of persons applying for county general assistance pursuant to section 252.25.

29. Records and information obtained or held by independent special counsel during the course of an investigation conducted pursuant to section 68B.31A. Information that is disclosed to a legislative ethics committee subsequent to a determination of probable cause by independent special counsel and made pursuant to section 68B.31 is not a confidential record unless otherwise provided by law.

chapter 554D.
b. Records which if disclosed might jeopardize the security of an electronic transaction
pursuant to chapter 554D.
39. Information revealing the identity of a packer or a person who sells livestock to a
packer as reported to the department of agriculture and land stewardship pursuant to section
202A.2.
40. The portion of a record request that contains an internet protocol number which
identifies the computer from which a person requests a record, whether the person using
such computer makes the request through the IowAccess network or directly to a lawful
custodian. However, such record may be released with the express written consent of the
person requesting the record.

A hearing shall be held on a request for injunction upon reasonable notice as determined by the court to persons requesting access to the record which is the subject of the request for injunction. It shall be the duty of the lawful custodian and any other person seeking an injunction to ensure compliance with the notice requirement. Such an injunction may be issued only if the petition supported by affidavit shows and if the court finds both of the following:

a. That the examination would clearly not be in the public interest.

b. That the examination would substantially and irreparably injure any person or persons.

2. An injunction shall be subject to the rules of civil procedure except that the court in its discretion may waive bond.

3. In actions brought under this section the district court shall take into account the policy of this chapter that free and open examination of public records is generally in the public interest even though such examination may cause inconvenience or embarrassment to public officials or others. c. To determine whether the government record in question is a public record, or confidential record.

d. To determine whether a confidential record should be available for inspection and copying to the person requesting the right to do so. A reasonable delay for this purpose shall not exceed twenty calendar days and ordinarily should not exceed ten business days.

e. Actions for injunctions under this section may be brought by the lawful custodian of a government record, or by another government body or person who would be aggrieved or adversely affected by the examination or copying of such a record.

1. If it is determined that any provision of this chapter would cause the denial of funds, services or essential information from the United States government which would otherwise definitely be available to an agency of this state, such provision shall be suspended as to such agency, but only to the extent necessary to prevent denial of such funds, services, or essential information.
2. An agency within the meaning of section 17A.2, subsection 1, shall adopt as a rule, in each situation where this section is believed applicable, the agency’s determination identifying those particular provisions of this chapter that must be waived in the circumstances to prevent the denial of federal funds, services, or information.

22.10 Civil enforcement.
1. The rights and remedies provided by this section are in addition to any rights and remedies provided by section 17A.19. Any aggrieved person, any taxpayer to or citizen of the state of Iowa, or the attorney general or any county attorney, may seek judicial enforcement of the requirements of this chapter in an action brought against the lawful custodian and any other persons who would be appropriate defendants under the circumstances. Suits to enforce this chapter shall be brought in the district court for the county in which the lawful custodian has its principal place of business.
2. Once a party seeking judicial enforcement of this chapter demonstrates to the court that the defendant is subject to the requirements of this chapter, that the records in question are government records, and that the defendant refused to make those government records available for examination and copying by the plaintiff, the burden of going forward shall be on the defendant to demonstrate compliance with the requirements of this chapter.
3. Upon a finding by a preponderance of the evidence that a lawful custodian has violated any provision of this chapter, a court:
   a. Shall issue an injunction punishable by civil contempt ordering the offending lawful custodian and other appropriate persons to comply with the requirements of this chapter in the case before it and, if appropriate, may order the lawful custodian and other appropriate persons to refrain for one year from any future violations of this chapter.
   b. Shall assess the persons who participated in its violation damages in the amount of not more than five hundred dollars and not less than one hundred dollars. However, if a person knowingly participated in such a violation, damages shall be in the amount of not more than two thousand five hundred dollars and not less than one thousand dollars. These damages shall be paid by the court imposing them to the state of Iowa if the body in question is a state government body; or to the local government involved if the body in question is a local government body. A person found to have violated this chapter shall not be assessed such damages if that person proves that the person did any of the following:

      3. Reasonably relied upon a decision of a court, a formal opinion of the Iowa public information board, the attorney general, or the attorney for the government body, given in
writing, or as memorialized in the minutes of the meeting at which a formal oral opinion was given, or an advisory opinion of the Iowa public information board, the attorney general, or the attorney for the government body, given in writing.

c. Shall order the payment of all costs and reasonable attorney fees, including appellate attorney fees, to any plaintiff successfully establishing a violation of this chapter in the action brought under this section. The costs and fees shall be paid by the particular persons who were assessed damages under paragraph “b” of this subsection. If no such persons exist because they have a lawful defense under that paragraph to the imposition of such damages, the costs and fees shall be paid to the successful plaintiff from the budget of the offending government body or its parent.

d. Shall issue an order removing a person from office if that person has engaged in a prior violation of this chapter for which damages were assessed against the person during the person’s term.

4. Ignorance of the legal requirements of this chapter is not a defense to an enforcement proceeding brought under this section. A lawful custodian or its designee in doubt about the legality of allowing the examination or copying or refusing to allow the examination or copying of a government record is authorized to bring suit at the expense of that government body in the district court of the county of the lawful custodian’s principal place of business, or to seek an opinion of the attorney general or the attorney for the lawful custodian, to ascertain the legality of any such action.

3. If a person files an action pursuant to section 22.8 seeking to enjoin the inspection of a public record, the respondent or person requesting access to the record which is the subject of the request for injunction may remove the proceeding to the board for its determination by filing, within thirty days of the commencement of the judicial proceeding, a complaint with the board alleging a violation of chapter 22 in regard to the same matter.
2012 Acts, ch 1115, §8, 17

provisions of those chapters, imposing civil penalties equivalent to and to the same extent as those provided for in section 21.6 or 22.10, as applicable, on a respondent who has been found in violation of chapter 21 or 22, and imposing any other appropriate remedies calculated to declare, terminate, or remEDIATE any violation of those chapters.

23.7 Filing of complaints with the board.

1. The board shall adopt rules pursuant to chapter 17A providing for the timing, form, content, and means by which any aggrieved person, any taxpayer to or citizen of this state, the attorney general, or any county attorney may file a complaint with the board alleging a violation of chapter 21 or 22. The complaint must be filed within sixty days from the time the alleged violation occurred or the complainant could have become aware of the violation with reasonable diligence. All complaints filed with the board shall be public records.

2. All board proceedings in response to the filing of a complaint shall be conducted as expeditiously as possible.

2012 Acts, ch 1115, §10, 17

23.8 Initial processing of complaint.

Upon receipt of a complaint alleging a violation of chapter 21 or 22, the board shall do either of the following:

1. Determine that, on its face, the complaint is within the board’s jurisdiction, appears legally sufficient, and could have merit. In such a case the board shall accept the complaint, and shall notify the parties of that fact in writing.

2. Determine that, on its face, the complaint is outside its jurisdiction, is legally insufficient, is frivolous, is without merit, involves harmless error, or relates to a specific incident that has previously been finally disposed of on its merits by the board or a court. In such a case the board shall decline to accept the complaint. If the board refuses to accept a complaint, the board shall provide the complainant with a written order explaining its reasons for the action.

2012 Acts, ch 1115, §11, 17

23.9 Informal assistance.

After accepting a complaint, the board shall promptly work with the parties, through employees of the board, to reach an informal, expeditious resolution of the complaint.

2013 Acts, ch 135, §60; 2014 Acts, ch 1092, §17

23.10 Enforcement.

1. If any party declines informal assistance or if informal assistance fails to resolve
the matter to the satisfaction of all parties, the board shall initiate a formal investigation concerning the facts and circumstances set forth in the complaint. The board shall, after an appropriate investigation, make a determination as to whether the complaint is within the board’s jurisdiction and whether there is probable cause to believe that the facts and circumstances alleged in the complaint constitute a violation of chapter 21 or 22.

2. If the board finds the complaint is outside the board’s jurisdiction or there is no probable cause to believe there has been a violation of chapter 21 or 22, the board shall issue a written order explaining the reasons for the board’s conclusions and dismissing the complaint, and shall transmit a copy to the complainant and to the party against whom the complaint was filed.

3. a. If the board finds the complaint is within the board’s jurisdiction and there is probable cause to believe there has been a violation of chapter 21 or 22, the board shall issue a written order to that effect and shall commence a contested case proceeding under chapter 17A against the respondent. If there are no material facts in dispute, the board may order that the contested case procedures relating to the presentation of evidence shall not apply as provided in section 17A.10A. The executive director of the board or an attorney selected by the executive director shall prosecute the respondent in the contested case proceeding. At the termination of the contested case proceeding the board shall, by a majority vote of its members, render a final decision as to the merits of the complaint. If the board finds that the complaint has merit, the board may issue any appropriate order to ensure enforcement of chapter 21 or 22 including but not limited to an order requiring specified action or prohibiting specified action and any appropriate order to remedy any failure of the respondent to observe any provision of those chapters.

b. If the board determines, by a majority vote of its members, that the respondent has violated chapter 21 or 22, the board may also do any or all of the following:

(1) Require the respondent to pay damages as provided for in section 21.6 or 22.10, whichever is applicable, to the extent that provision would make such damages payable if the complainant had sought to enforce a violation in court instead of through the board.

(2) Void any action taken in violation of chapter 21 if a court would be authorized to do so in similar circumstances pursuant to section 21.6.

(3) Require the respondent to take any remedial action deemed appropriate by the board.

c. The board shall not have the authority to remove a person from public office for a violation of chapter 21 or 22. The board may file an action under chapter 21 or 22 to remove a person from office for violations that would subject a person to removal under those chapters.

d. A final board order resulting from such proceedings may be enforced by the board in court and is subject to judicial review pursuant to section 17A.19.

23.11 Defenses in a contested case proceeding.

A respondent may defend against a proceeding before the board charging a violation of chapter 21 or 22 on the ground that if such a violation occurred it was only harmless error or that clear and convincing evidence demonstrated that grounds existed to justify a court to issue an injunction against disclosure pursuant to section 22.8.

2012 Acts, ch 1115, §14, 17

23.12 Jurisdiction.

The board shall not have jurisdiction over the judicial or legislative branches of state government or any entity, officer, or employee of those branches, or over the governor or the office of the governor.

CHAPTER 25B
STATE MANDATES — FUNDING REQUIREMENTS

25B.1 Title.
This chapter may be cited as the “State Mandates Act”.
83 Acts, ch 142, §1

25B.2 Findings and purpose — effect of unfunded state mandate.
1. The general assembly finds that preceding actions of state government in specifying
the manner, standards, and conditions under which public services are rendered to citizens
by the political subdivisions of this state in some cases have not resulted in equitable
relationships between the state government and its political subdivisions. Some state actions
have dealt in detail with the internal management of the political subdivisions; some have
specified the establishment of new services and facilities without providing new revenue
sources or financial participation by the state to meet the additional costs; and other actions
have specified the adoption of higher service standards without a complete assessment of
the impact on the expenditures and tax rates of the political subdivisions.
2. It is the purpose of this chapter to enunciate policies, criteria, and procedures to govern
future state-initiated specification of local government services, standards, employment
conditions, and retirement benefits that necessitates increased expenditures by political
subdivisions or agencies and entities which contract with a political subdivision to provide
services.
3. a. If, on or after July 1, 1994, a state mandate is enacted by the general assembly,
or otherwise imposed, on a political subdivision and the state mandate requires a political
subdivision to engage in any new activity, to provide any new service, or to provide any
service beyond that required by any law enacted prior to July 1, 1994, and the state does
not appropriate moneys to fully fund the cost of the state mandate, the political subdivision
is not required to perform the activity or provide the service and the political subdivision
shall not be subject to the imposition of any fines or penalties for the failure to comply with
the state mandate unless the legislation specifies the amount or proportion of the cost of the
state mandate which the state shall pay annually. However, this subsection does not apply
to any requirement imposed on a political subdivision relating to public employee retirement
systems under chapters 97B, 410, and 411.
b. For the purposes of this subsection, any requirement originating from the federal
government and administered, implemented, or enacted by the state, or any allocation of
federal moneys conditioned upon enactment of a state law or rule, is not a state mandate.
c. For the purposes of this subsection, “political subdivision” includes community colleges
and area education agencies.
83 Acts, ch 142, §2; 94 Acts, ch 1173, §2; 2008 Acts, ch 1032, §201

25B.3 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Political subdivision” means a city, county, township, or school district.
2. “State mandate” means a statutory requirement or appropriation which requires a
political subdivision of the state to establish, expand, or modify its activities in a manner
which necessitates additional combined annual expenditures of local revenue by all affected
political subdivisions of at least one hundred thousand dollars, or additional combined
expenditures of local revenue by all affected political subdivisions within five years of enactment of five hundred thousand dollars or more, excluding an order issued by a court of this state.

25B.4 State mandate information.
The director of the department of management shall report at least biennially to the governor and the general assembly regarding the administration of this chapter including any proposed changes.

83 Acts, ch 142, §4

1. When a bill or joint resolution is requested, the legislative services agency shall make an initial determination of whether the bill or joint resolution may impose a state mandate. If a state mandate may be included, that fact shall be included in the explanation of the bill or joint resolution.

2. If a bill or joint resolution may include a state mandate, the legislative services agency shall determine if the bill or joint resolution contains a state mandate. If the bill or joint resolution contains a state mandate and is still eligible for consideration during the legislative session for which the bill or joint resolution was drafted, the legislative services agency shall prepare an estimate of the amount of costs imposed.

3. If a bill or joint resolution containing a state mandate is enacted, unless the estimate already on file with the house of origin is sufficient, the legislative services agency shall prepare a final estimate of additional local revenue expenditures required by the state mandate and file the estimate with the secretary of state for inclusion with the official copy of the bill or resolution to which it applies. A notation of the filing of the estimate shall be made in the Iowa Acts published pursuant to chapter 2B.

Referred to in §2B.10

25B.6 State rules.
1. A state agency or department shall not propose or adopt an administrative rule which exceeds its statutory authority by mandating expenditures by political subdivisions, or agencies and entities which contract with political subdivisions to provide services. A state administrative rule, proposed pursuant to chapter 17A, which necessitates additional combined annual expenditures exceeding one hundred thousand dollars by all affected political subdivisions or agencies and entities which contract with the affected political subdivisions to provide services shall be accompanied by a fiscal impact statement outlining the costs. An affected political subdivision, or an entity representing an affected political subdivision, shall cooperate in the preparation of the fiscal impact statement. The fiscal impact statement shall be submitted to the administrative rules coordinator for publication in the Iowa administrative bulletin along with the notice of intended action.

2. The fiscal note shall also be submitted to the legislative fiscal committee of the legislative council. Beginning in the first full fiscal year after adoption of the state administrative rule, the fiscal committee shall annually prepare a report for each fiscal note submitted detailing the fiscal impact of the administrative rule on the affected political subdivision, or agencies and entities which contract with the political subdivision to provide services. The report shall be transmitted to the governor and the general assembly.

Code editor directive applied

25B.7 Funding property tax credits and exemptions.
1. Beginning with property taxes due and payable in the fiscal year beginning July 1, 1998, the cost of providing a property tax credit or property tax exemption which is enacted by the general assembly on or after January 1, 1997, shall be fully funded by the state. If a state appropriation made to fund a credit or exemption which is enacted on or after January 1, 1997, is not sufficient to fully fund the credit or exemption, the political subdivision shall
be required to extend to the taxpayer only that portion of the credit or exemption estimated by the department of revenue to be funded by the state appropriation. The department of revenue shall determine by June 15 the estimated portion of the credit or exemption which will be funded by the state appropriation.

2. The requirement for fully funding and the consequences of not fully funding credits and exemptions under subsection 1 also apply to all of the following:
   a. Homestead tax credit pursuant to sections 425.1 through 425.15.
   b. Low-income property tax credit and elderly and disabled property tax credit pursuant to sections 425.16 through 425.40.
   c. Military service property tax credit and exemption pursuant to chapter 426A, to the extent of six dollars and ninety-two cents per thousand dollars of assessed value of the exempt property.

This section shall not be construed to prohibit a governmental entity in the award of a contract for a public improvement or a governing body of a city utility from providing, in the award of a contract for a public improvement, an enhancement of payments upon early completion of the public improvement if the availability of the enhancement payments is included in the notice to bidders, the enhancement payments are competitively neutral to potential bidders, the enhancement payments are considered as a separate item in the public hearing on the award of contract, and the total value of the enhancement payments does not exceed ten percent of the value of the contract.

2. A governmental entity shall not require a potential bidder on a public improvement to provide any information which the potential bidder may deem to be confidential or proprietary as a requirement for being deemed a responsive, responsible bidder. The governmental entity may, by resolution, award the contract for the public improvement to the bidder submitting the lowest responsive, responsible bid, determined as provided in section 26.9, or the governmental entity may reject all bids received, fix a new date for receiving bids, and order publication of a new notice to bidders. The governmental entity shall retain the bid security furnished by the successful bidder until the approved contract form has been executed, a bond has been filed by the bidder guaranteeing the performance of the contract, and the contract and bond have been approved by the governmental entity. If the estimated total cost of a public improvement exceeds the competitive bid threshold in section 26.3, or as adjusted in section 314.1B, the governmental entity shall not enter into a contract for the public improvement until the governmental entity has held a public hearing and has approved the proposed plans, specifications, and form of contract, and estimated total cost of the public improvement. Notice of the hearing must be published as provided in section 362.3 and shall include a description of the public improvement and its location. At the hearing, any interested person may appear and file objections to the proposed plans, specifications, contract, or estimated cost of the public improvement. When a competitive quotation is required, the governmental entity shall make a good faith effort to obtain quotations for the work from at least two contractors regularly engaged in such work prior to letting a contract. Good faith effort shall include advising all contractors who have filed with the governmental entity a request for notice of projects. The governmental entity shall provide such notice in a timely manner so that a requesting contractor will have a reasonable opportunity to submit a competitive quotation. Quotations may be obtained from contractors after the governmental entity provides a description of the work to be performed, including the plans and specifications prepared by an architect, landscape architect, or engineer, if required under chapter 542B, 544B, or 544A, and an opportunity to inspect the work site. The contractor shall include in the quotation the price

1. When competitive quotations are required under section 26.14 for a public improvement, the governmental entity may proceed, in lieu of competitive quotations, as if the estimated total cost of the public improvement exceeds the competitive bid threshold under section 26.3.

2. If the total estimated cost of the public improvement does not warrant either competitive quotations under section 26.14 or competitive bidding under section 26.3, the governmental entity may nevertheless proceed with competitive quotations or competitive bidding for the public improvement.

26.15 Structure demolition project.

A governmental entity may enter into annual contracts with multiple contractors for structure demolition projects, with each project having a total estimated cost of one hundred thousand dollars or less, or each project having a total estimated cost equal to or less than the competitive bid threshold as established in section 314.1B. The governmental entity shall solicit contractors by publishing a notice as provided in section 362.3. For the twelve-month period following execution of the contract or contracts, the governmental entity may obtain competitive proposals from each eligible contractor as necessary for the demolition of structures. The contractor submitting the lowest responsible proposal shall enter into a contract addendum to perform the work.
26.16 Prequalification requirements prohibited.
A governmental entity shall not by ordinance, rule, or any other action relating to contracts for public improvements for which competitive bids are required by this chapter impose any requirement that directly or indirectly restricts potential bidders to any predetermined class of bidders defined by experience on similar projects, size of company, union membership, or any other criteria. 2. “Sending agency” means any department or agency of the federal government or a state or local government which sends any employee thereof to another government agency under this chapter.

[C66, 71, 73, 75, 77, 79, 81, §28D.2]

28D.3 Authority to interchange employees.
1. No employee shall be assigned or detailed without the employee’s expressed consent or by using undue coercion to obtain said consent. Details relating to any matter covered in this chapter may be the subject of an agreement between the sending and receiving agencies. Elected officials shall not be assigned from a sending agency nor detailed to a receiving agency.
3. The period of individual assignment or detail may be terminated if the receiving agency offers a permanent appointment to the employee and both the sending and receiving agencies agree.

2. Appointments of persons so assigned may be made without regard to the laws or regulations governing the selection of employees of the receiving agency. However, if a permanent appointment made by a receiving agency pursuant to section 28D.3, subsection 3, is subject to chapter 400, section 400.7 shall govern the appointment.

3. Employees who are detailed to the receiving agency shall not by virtue of such detail be considered to be employees thereof, except as provided in subsection 4. The supervision of the duties of such employees, as well as the contribution of each agency to the salary or wage of such employees during the period of detail, may be governed by agreement between the sending agency and the receiving agency. The agreement shall be subject to the approval of the executive council for state participation and the local governing body in the case of an agreement involving a political subdivision of the state.

Any power or powers, privileges or authority exercised or capable of exercise by a public agency of this state may be exercised and enjoyed jointly with any other public agency of this state having such power or powers, privilege or authority, and jointly with any public agency of any other state or of the United States to the extent that laws of such other state or of the United States permit such joint exercise or enjoyment. Any agency of the state government when acting jointly with any public agency may exercise and enjoy all of the powers, privileges and authority conferred by this chapter upon a public agency.

Any public agency of this state may enter into an agreement with one or more public or private agencies for joint or cooperative action pursuant to the provisions of this chapter, including the creation of a separate entity to carry out the purpose of the agreement. 4. Such moneys collected pursuant to the tax levy shall be expended only for providing
additional moneys needed for unified law enforcement services in the district and shall be
in addition to the revenues raised in the county and cities in the district from their general
funds which are based upon an average of revenues raised for law enforcement purposes
by the county or city for the three previous years. The amount of revenues raised for law
enforcement purposes by the county for the three previous years shall be computed separately
for the unincorporated portion of the district and for each city in the district.

28E.23 Budget.
1. The public safety commission, on or before January 10 of each year, shall make an
estimate of the total amount of revenue deemed necessary for operation of the district and, in
conjunction with the county board of supervisors and city councils in the district, determine
the amounts which will be contributed by the county and by each city in the district from
its general fund which are based upon an average of revenues raised for law enforcement
purposes in the county or city for the three previous years. As an alternative to computing
average revenues raised for law enforcement purposes for the three previous years, a public
safety commission, in conjunction with the county board of supervisors and city councils in
the district, may calculate the average by using the amounts budgeted for the three previous
fiscal years. The average of the amounts budgeted for the three previous fiscal years may be
adjusted by a percentage not to exceed the percentage increase in the consumer price index
for all urban consumers for the last available twelve-month period published in the federal
register by the federal department of labor; bureau of labor statistics.
2. One of the following methods shall be used by the public safety commission for
computing the amount of revenue deemed necessary for the operation of the district:

a. The per capita cost shall be computed by dividing the amount of revenue deemed
necessary for the operation of the district by the total population of the district and by
computing separate amounts for the public safety fund as follows:
1 The funds to be contributed by each city in the district shall be computed by
multiplying the per capita cost by the population residing in each city of the district.
2 The funds to be contributed by the unincorporated area of the district shall be
computed by multiplying the per capita cost by the population residing in the unincorporated
area of the district.

b. The percent of service received by the unincorporated area and by each city in the
district shall be computed and the percent of service received by each shall be multiplied by
the amount of revenue deemed necessary for the operation of the district.

c. Any other method agreed to by each city and county member of the district. The public
safety commission shall compute the amount of revenue deemed necessary for the operation
of the district and the amounts to be contributed by the county and by each city in the district
based upon such agreement. The computation of revenue under this paragraph shall be
certified, deposited, and otherwise treated the same as an average of revenues under section
28E.24 for all purposes, including determining the source of additional revenues needed for
unified law enforcement services. If the method of funding allowed in this paragraph is used,
any requirement relating to average revenues raised for law enforcement purposes for the
three previous years in this section, section 28E.22, subsection 4, or section 28E.24, shall not
apply.

28E.24 Revenue and tax levies.

1. a. The county board of supervisors shall certify to the public safety commission the
amount of revenue from the county general fund credited to the unincorporated area in
the district based upon an average of revenues raised for law enforcement purposes in
the unincorporated area for the three previous years. The public safety commission shall
subtract this amount from the amount of revenue to be contributed by the unincorporated
area. The difference is the amount of additional revenue needed for unified law enforcement
purposes.

b. In addition, the county board of supervisors and the city council of each city in the
district shall certify to the public safety commission the amounts of revenue from the county
and from the city general fund credited to each city in the district based upon an average
of revenues raised for law enforcement purposes in each city for the three previous years.
The public safety commission shall subtract the total of these amounts from the amount of
revenue to be contributed by each city respectively. The difference for each city is the amount
of additional revenue needed for unified law enforcement purposes.

2. The county board of supervisors and the council of each city located within the district
shall review the proposed budget and upon the approval of the budget by the board of
supervisors and all city councils in the district, each governing body shall determine the
source of the additional revenue needed for unified law enforcement purposes. If the tax
levy is approved as the source of revenue, the governing body shall certify to the county
auditor the amount of revenue to be raised from the tax levy in either the unincorporated
area of the district or a city in the district.

3. If the tax rate in any of the cities or the unincorporated area exceeds the limitations
prescribed in section 28E.22, the public safety commission shall revise the budget to conform
with the tax limitations.

4. The county board of supervisors and the city council of each city in the district shall
deposit in the public safety fund the amounts of revenue certified to the public safety
commission in this section based upon an average of revenues raised for law enforcement
purposes for the three previous years.

5. If the average of revenues raised for law enforcement purposes in the unincorporated
area or a city for the previous three years exceeds the amount of revenue needed for unified
law enforcement purposes, the unincorporated area or city is only required to contribute the
amount of revenue needed.

6. Taxes collected pursuant to the tax levies and other moneys received from the county
and cities in the district shall be placed in a public safety fund and used only for the operation
of the district. Any unencumbered funds remaining in the fund at the end of a fiscal year shall
carry over to the next fiscal year and may be used for the operation of the district.

If a majority of the registered voters in each city and the unincorporated area of the county, as applicable, approve the proposition, the tax levy shall be discontinued.

2. If the discontinuation of the tax levy necessitates the dissolution of the district, the public safety commission shall dispose of any remaining property, the proceeds of which shall be applied first against any outstanding obligations of the district and any balance shall be remitted to the county and each city in the district in the same proportion that each jurisdiction contributed to the district’s budget in its final fiscal year. The board of supervisors, on behalf of the unincorporated area of the county and the city councils of the cities included in the dissolved district shall continue to levy taxes and appropriate funds to the public safety fund as provided in section 28E.24 until all outstanding obligations of the dissolved district are paid.

The principal of and interest on the bonds so issued shall be secured by a pledge of such net revenues of the project or projects in the manner and to the extent provided in the resolution authorizing the issuance of said bonds.

2. An entity shall have the power to fix, establish and maintain such rates, tolls, fees, rentals or other charges and collect the same from the public agencies participating in the agreement or from private agencies or persons for the payment of the services and facilities
provided by said project or projects. Such rates, tolls, fees, rentals or other charges shall be so fixed, established and maintained and revised from time to time whenever necessary as will always provide revenues sufficient to pay the cost of maintaining, repairing and operating the project or projects, to pay the principal of and interest on the bonds then outstanding which are payable therefrom as the same become due and payable, to provide adequate and sufficient reserves therefor, to provide for replacements, depreciations and necessary extensions and enlargements and to provide a margin of safety for the making of such payments and providing such reserves. Notwithstanding the foregoing such an entity shall have the further right to pledge to the payment of the bonds issued pursuant to this chapter, in addition to the net revenues of the project or projects pledged therefor, such other moneys that it may have and which are lawfully available therefor.

3. In order to pay the rates, tolls, fees, rentals or other charges levied against a public agency by an entity for the payment of the services and facilities provided by a project or projects authorized by this chapter, public agencies participating in such an agreement shall have the power by ordinance to fix, establish and maintain, rates or other charges for the use of and the services and facilities rendered by said project or projects. Such rates or charges may be so fixed, established and maintained and revised from time to time whenever necessary as will always provide such public agencies with sufficient revenue to pay the rates, tolls, fees, rentals or other charges levied against it by the entity for the payments of the services and facilities provided by said project or projects. All such rates or charges to be paid by the owners of real property, if not paid as by the ordinance provided, when due, shall constitute a lien upon such real property served by such project or projects, and shall be collected in the same manner as general taxes.

INTERGOVERNMENTAL SOLID WASTE SERVICES
Referred to in §28A.4

28G.1 Purpose.
The purpose of this chapter is to allow two or more local governments to form a public
service monopoly when they find that a public service monopoly is an effective means to
protect the public health and welfare, and the environment through any of the following:
1. Adequate solid waste collection, transportation, storage and disposal practices which
are the only effective means of allowing the construction and utilization of a resource recovery
facility for the recycling of solid waste for use as an energy source.
2. The implementation of other solid waste management projects, such as source
reduction and recycling, which are part of an approved comprehensive plan required under
section 455B.306, and if the formation of a public service monopoly is the only effective
means of accomplishing solid waste reduction and recycling. The public service monopoly
shall utilize private recycling industries in the service area when possible.
84 Acts, ch 1039, §1; 92 Acts, ch 1215, §1

If two or more local governments find that the only effective means of allowing the construction and utilization of a resource recovery facility for the recycling of solid waste for use as an energy source or to implement solid waste management projects as defined in section 28G.2 is to create a public service monopoly, a legal entity shall be created pursuant to chapter 28E by agreement of two or more local governments to displace competition with regulation and monopoly of a public service for the collection, transportation, storage, and disposal, or diversion of solid waste to the extent reasonably necessary to carry out these functions. The agreement is subject to approval of the environmental protection commission before it becomes effective.

However, this subsection does not prohibit a private agency from dumping or depositing solid waste resulting from its own residential, farming, manufacturing, mining, or commercial activities on land owned or leased by it if the action does not violate any statute of this state or rules adopted by the environmental protection commission or local boards of health or local ordinances.

28G.5 Revenue bonds.

1. With respect to the financing of a facility for an authorized purpose, under an agreement whereby the person to whom the facility is to be leased, subleased, or sold, or to whom a loan is to be made for the facility, is to make payments sufficient to pay all of the principal of, premium, and interest on the port authority revenue bonds issued for the facility, the port authority, in addition to other powers under this chapter, may do any of the following:

a. Make loans for the acquisition or construction of the facility to such person upon such terms as the port authority may determine or authorize including secured or unsecured loans; and enter into loan agreements and other agreements, accept notes and other forms of obligation to evidence such indebtedness and mortgages, liens, pledges, assignments, or other security interests to secure such indebtedness, which may be prior or subordinate to or on a parity with other indebtedness, obligations, mortgages, pledges, assignments, other security interests, or liens or encumbrances, and take actions considered appropriate to protect such security and safeguard against losses, including, without limitation, foreclosure and the bidding upon and purchase of property upon foreclosure or other sale.

b. 2. With respect to a facility referred to in this section, the authority granted by this section is cumulative and supplementary to all other authority granted in this chapter. The authority granted by this section does not alter or impair a similar authority granted elsewhere in this chapter for or with respect to other facilities.

Referred to in §28J.21
28J.21 Issuance of revenue and refunding bonds and pledge orders.

1. A port authority may issue revenue bonds and pledge orders payable solely from the net revenues of the port authority including the revenues generated from a facility pursuant to section 28J.20. The revenue bonds may be issued in such principal amounts as, in the opinion of the port authority, are necessary for the purpose of paying the cost of one or more port authority facilities or parts thereof.

2. a. The resolution to issue the bonds must be adopted at a regular or special meeting of the board called for that purpose by a majority of the total number of members of the board. The board shall fix a date, time, and place of meeting at which it proposes to take action, and give notice by publication in the manner directed in section 331.305. The notice must include a statement of the date, time, and place of the meeting, the maximum amount of the proposed revenue bonds, the purpose for which the revenue bonds will be issued, and the net revenues to be used to pay the principal and interest on the revenue bonds.

   b. At the meeting, the board shall receive oral or written objections from any resident or property owner within the jurisdiction of the port authority. After all objections have been received and considered, the board, at the meeting or a date to which it is adjourned, may take additional action for the issuance of the bonds or abandon the proposal to issue bonds. Any resident or property owner within the jurisdiction of the port authority may appeal a decision of the board to take additional action in district court within fifteen days after the additional action is taken, but the additional action of the board is final and conclusive unless the court finds that the board exceeded its authority.

3. The board may sell revenue bonds or pledge orders at public or private sale and may deliver revenue bonds and pledge orders to the contractors, sellers, and other persons furnishing materials and services constituting a part of the cost of the port authority facility in payment therefor. The pledge of any net revenues of a port authority is valid and effective as to all persons including but not limited to other governmental bodies when it becomes valid and effective between the port authority and the holders of the revenue bonds or pledge orders.

4. A revenue bond is valid and binding for all purposes if it bears the signatures or a facsimile of the signature of the officer designated by the port authority. Port authority revenue bonds may bear dates, bear interest at rates not exceeding those permitted by chapter 74A, bear interest at a variable rate or rates changing from time to time in accordance with a base or formula, mature in one or more installments, be in registered form, carry registration and conversion privileges, be payable as to principal and interest at times and places, be subject to terms of redemption prior to maturity with or without premium, and be in one or more denominations, all as provided by the resolution of the board authorizing their issuance. The resolution may also prescribe additional provisions, terms, conditions, and covenants which the port authority deems advisable, consistent with this chapter, including provisions for creating and maintaining reserve funds, the issuance of additional revenue bonds ranking on a parity with such revenue bonds and additional revenue bonds junior and subordinate to such revenue bonds, and that such revenue bonds shall rank on a parity with or be junior and subordinate to any revenue bonds which may be then outstanding. Port authority revenue bonds are a contract between the port authority and holders and the resolution is a part of the contract.

5. The port authority may issue revenue bonds to refund revenue bonds, pledge orders, and other obligations which are by their terms payable from the net revenues of the same port authority, at lower, the same, or higher rates of interest. A port authority may sell refunding revenue bonds at public or private sale and apply the proceeds to the payment of the obligations being refunded, and may exchange refunding revenue bonds in payment and discharge of the obligations being refunded. The principal amount of refunding revenue bonds may exceed the principal amount of the obligations being refunded to the extent necessary to pay any premium due on the call of the obligations being refunded and to fund interest accrued and to accrue on the obligations being refunded.

6. The final maturity of any original issue of port authority revenue bonds shall not exceed forty years from the date of issue, and the final maturity of port authority revenue bonds that refund outstanding port authority revenue bonds shall not be later than the later of forty years
from the date of issue of the original issue of bonds or the date by which it is expected, at the
time of issuance of the refunding bonds, that the useful life of all of the property refinanced
with the proceeds of the bonds, other than interests in land, will have expired. Such bonds
or notes shall be executed in a manner as the resolution may provide.

7. The port authority may contract to pay an amount not to exceed ninety-five percent
of the engineer’s estimated value of the acceptable work completed during the month to
the contractor at the end of each month for work, material, or services. Payment may be
made in warrants drawn on any fund from which payment for the work may be made. If
such funds are depleted, anticipatory warrants may be issued bearing a rate of interest not
exceeding that permitted by chapter 74A even if income from the sale of bonds which have
been authorized and are applicable to the public improvement takes place after the fiscal
year in which the warrants are issued. If the port authority arranges for the private sale of
anticipatory warrants, the warrants may be sold and the proceeds used to pay the contractor.
The warrants may also be used to pay other persons furnishing services constituting a part
of the cost of the public improvement.

8. Port authority revenue bonds, pledge orders, and warrants issued under this section
are negotiable instruments.

9. The board may issue pledge orders pursuant to a resolution adopted by a majority of
the total number of supervisors, at a regular or special meeting, ordering their issuance and
delivery in payment for all or part of the cost of a project. Pledge orders may bear interest at
rates not exceeding those permitted by chapter 74A.

10. Except as provided in section 28J.20, the physical properties of the port authority shall
not be pledged or mortgaged to secure the payment of revenue bonds, pledge orders, or
refunding bonds, or the interest thereon.

11. The members of the board of the port authority and any person executing the bonds
or pledge orders shall not be personally liable on the bonds or pledge orders or be subject to
any personal liability or accountability by reason of the issuance thereof.

Referred to in §28J.1, 28J.9

28J.22 Bonds may be secured by trust agreement.

1. In the discretion of the port authority, a port authority revenue bond issued under this
chapter may be secured by a trust agreement between the port authority and a corporate
trustee that may be any trust company or bank having the powers of a trust company within
this or any other state.

2. The trust agreement may pledge or assign revenues of the port authority to be received
for payment of the revenue bonds. The trust agreement or any resolution providing for the
issuance of revenue bonds may contain provisions for protecting and enforcing the rights
and remedies of the bondholders as are reasonable and proper and not in violation of law,
including covenants setting forth the duties of the port authority in relation to the acquisition
of property, the construction, improvement, maintenance, repair, operation, and insurance of
the port authority facility in connection with which the bonds are authorized, the rentals or
other charges to be imposed for the use or services of any port authority facility, the custody,
safeguarding, and application of all moneys, and provisions for the employment of consulting
engineers in connection with the construction or operation of any port authority facility.

3. A bank or trust company incorporated under the laws of this state, that may act as the
depository of the proceeds of bonds or of revenues, shall furnish any indemnifying bonds
or may pledge any securities that are required by the port authority. The trust agreement
may set forth the rights and remedies of the bondholders and of the trustee, and may restrict
the individual right of action by bondholders as is customary in trust agreements or trust
indentures securing similar bonds. The trust agreement may contain any other provisions
that the port authority determines reasonable and proper for the security of the bondholders.
All expenses incurred in carrying out the provisions of the trust agreement may be treated as
a part of the cost of the operation of the port authority facility.

2005 Acts, ch 150, §110
28J.23 Remedy of holder of bond or coupon — statute of limitations.
1. The sole remedy for a breach or default of a term of a port authority revenue bond or pledge order is a proceeding in law or in equity by suit, action, or mandamus to enforce and compel performance of the duties required by this chapter and of the terms of the resolution authorizing the issuance of the revenue bonds or pledge orders, or to obtain the appointment of a receiver to take possession of and operate the port authority, and to perform the duties required by this chapter and the terms of the resolution authorizing the issuance of the port authority revenue bonds or pledge orders.
2. An action shall not be brought which questions the legality of port authority revenue bonds or pledge orders, the power of a port authority to issue revenue bonds or pledge orders, or the effectiveness of any proceedings relating to the authorization and issuance of revenue bonds or pledge orders, from and after fifteen days from the time the bonds or pledge orders are ordered issued by the port authority.

2005 Acts, ch 150, §111

28J.24 Bonds are payable solely from revenues and funds pledged for payment.
Port authority revenue bonds and pledge orders issued under this chapter do not constitute a debt, or a pledge of the faith and credit, of the state or a political subdivision of the state, and the holders or owners of the bonds or pledge orders shall not have taxes levied by the state or by a taxing authority of a governmental agency of the state for the payment of the principal of or interest on the bonds or pledge orders, but the bonds and pledge orders are payable solely from the revenues and funds pledged for their payment as authorized by this chapter, unless the notes are issued in anticipation of the issuance of bonds or pledge orders or the bonds and pledge orders are refunded by refunding bonds issued under this chapter, which bonds, pledge orders, or refunding bonds shall be payable solely from revenues and funds pledged for their payment as authorized by this chapter, and except when invested pursuant to section 28J.26, shall be kept in depositaries selected by the port authority in the manner provided in chapter 12C, and the deposits shall be secured as provided in that chapter. The resolution authorizing the issuance of revenue bonds or pledge orders, or the trust agreement securing such bonds or pledge orders, shall provide that any officer to whom, or any bank or trust company to which, such moneys are paid shall act as trustee of such moneys and hold and apply them for the purposes hereof, subject to such conditions as this chapter and such resolution or trust agreement provide.

2005 Acts, ch 150, §112

28J.25 Funds and property held in trust — use and deposit of funds.
All revenues, funds, properties, and assets acquired by the port authority under this chapter, whether as proceeds from the sale of port authority revenue bonds, pledge orders, or as revenues, shall be held in trust for the purposes of carrying out the port authority's powers and duties, shall be used and reused as provided in this chapter, and shall at no time be part of other public funds. Such funds, except as otherwise provided in a resolution authorizing port authority revenue bonds or in a trust agreement securing the same, or except when invested pursuant to section 28J.26, shall be kept in depositories selected by the port authority in the manner provided in chapter 12C, and the deposits shall be secured as provided in that chapter. The resolution authorizing the issuance of revenue bonds or pledge orders, or the trust agreement securing such bonds or pledge orders, shall provide that any officer to whom, or any bank or trust company to which, such moneys are paid shall act as trustee of such moneys and hold and apply them for the purposes hereof, subject to such conditions as this chapter and such resolution or trust agreement provide.

2005 Acts, ch 150, §113

28J.26 Investment of excess funds.
1. If a port authority has surplus funds after making all deposits into all funds required by the terms, covenants, conditions, and provisions of outstanding revenue bonds, pledge orders, and refunding bonds which are payable from the revenues of the port authority and after complying with all of the requirements, terms, covenants, conditions, and provisions of the proceedings and resolutions pursuant to which revenue bonds, pledge orders, and refunding bonds are issued, the board may transfer the surplus funds to any other fund of the port authority in accordance with this chapter and chapter 12C, provided that a transfer shall not be made if it conflicts with any of the requirements, terms, covenants, conditions,
or provisions of a resolution authorizing the issuance of revenue bonds, pledge orders, or other obligations which are payable from the revenues of the port authority which are then outstanding.

2. This section does not prohibit or prevent the board from using funds derived from any other source which may be properly used for such purpose, to pay a part of the cost of a facility.

Referred to in §28J.13, 28J.25

28J.27 Change in location of public way, railroad, or utility facility — vacation of highway.

1. When a port authority changes the location of any portion of any public road, railroad, or utility facility in connection with the construction of a port authority facility, the port authority shall reconstruct at such location as the governmental agency having jurisdiction over such road, railroad, or utility facility finds most favorable. The construction of such road, railroad, or utility facility shall be of substantially the same type and in as good condition as the original road, railroad, or utility facility. The cost of such reconstruction, relocation, or removal and any damage incurred in changing the location of any such road, railroad, or utility facility shall be paid by the port authority as a part of the cost of the port authority facility.

2. When the port authority finds it necessary that a public highway or portion of a public highway be vacated by reason of the acquisition or construction of a port authority facility, the port authority may request the director of transportation to vacate such highway or portion in accordance with chapter 306 if the highway or portion to be vacated is on the state highway system, or if the highway or portion to be vacated is under the jurisdiction of a county, the port authority shall petition the board of supervisors of that county, in the manner provided in chapter 306, to vacate such highway or portion. The port authority shall pay to the county, as a part of the cost of such port authority facility, any amounts required to be deposited with a court in connection with proceedings for the determination of compensation and damages and all amounts of compensation and damages finally determined to be payable as a result of such vacation.

3. The port authority may adopt bylaws for the installation, construction, maintenance, repair, renewal, relocation, and removal of railroad or utility facilities in, on, over, or under any port authority facility. Whenever the port authority determines that it is necessary that any such facility installed or constructed in, on, over, or under property of the port authority pursuant to such bylaws be relocated, the utility company owning or operating such facility shall relocate or remove them in accordance with the order of the port authority. The cost and expenses of such relocation or removal, including the cost of installing such facility in a new location, the cost of any lands, or any rights or interests in lands, and any other rights, acquired to accomplish such relocation or removal, shall be paid by the port authority as a part of the cost of the port authority facility. In case of any such relocation or removal of such facilities, the railroad or utility company owning or operating them, its successors, or assigns may maintain and operate such facilities, with the necessary appurtenances, in the new location in, on, over, or under the property of the port authority for as long a period and upon the same terms as the railroad or utility company had the right to maintain and operate such facilities in their former location.

Not later than the first day of April every year, a port authority shall submit a report to the director of the economic development authority detailing the projects and activities of the port authority during the previous calendar year. The report shall include, but not be limited to, all aspects of those projects and activities, including the progress and status of the projects and their costs, and any other information the director determines should be included in the report.
2. Financial and proprietary information, including trade secrets, submitted to a port authority or the agents of a port authority in connection with the relocation, location, expansion, improvement, or preservation of a business or nonprofit corporation is not a public record subject to chapter 22. Any other information submitted under those circumstances is not a public record subject to chapter 22 until there is a commitment in writing to proceed with the relocation, location, expansion, improvement, or preservation.

3. Notwithstanding chapter 21, the board of directors of a port authority, when considering information that is not a public record under this section, may close a meeting during the consideration of that information pursuant to a vote of the majority of the directors present on a motion stating that such information is to be considered. The agreement creating the regional transit district shall set the compensation of commission members.

2. The title to all property of a regional transit district shall be held in the name of the
district, and the commission has all the powers and authorities of a board of supervisors with respect to the acquisition by purchase, condemnation or otherwise, lease, sale, or other disposition of the property, and the management, control, and operation of the property, subject to the requirements, terms, covenants, conditions, and provisions of any resolutions authorizing the issuance of revenue bonds, pledge orders, or other obligations which are payable from the revenues of the regional transit district, and which are then outstanding.

3. A commission shall adopt and certify an annual budget for the regional transit district. A commission in its budget shall allocate the revenue responsibilities of each county and city participating in the regional transit district. A commission shall be considered a municipality for purposes of adopting and certifying a budget pursuant to chapter 24.

4. A commission may establish a schedule of fares and collect fares for the transportation of passengers.

5. A commission shall levy for and control any tax revenues paid to the regional transit district the commission administers and all moneys derived from the operation of the regional transit district, the sale of its property, interest on investments, or from any other source related to the regional transit district.

6. Tax revenues collected from a regional transit district levy shall be held by the county treasurer. Before the fifteenth day of each month, the county treasurer shall send the amount collected for each fund through the last day of the preceding month for direct deposit into the depository and account designated by the commission. The county treasurer shall send a notice to the secretary of the commission or the secretary’s designee stating the amount deposited, the date, the amount to be credited to each fund according to the budget, and the source of the revenue.

The statement shall include a list of all claims allowed, showing the name of the person or firm making the claim, the reason for the claim, and the amount of the claim. If the reason for the claims is the same, two or more claims made by the same vendor, supplier, or claimant may be consolidated if the number of claims consolidated and the total consolidated claim amount are listed in the statement. However, the commission shall provide at its office upon request an unconsolidated list of all claims allowed. Salary claims must show the gross amount of the claim except that salaries paid to persons regularly employed by the commission, for services regularly performed by the persons, shall be published once annually showing the gross amount of the salary.

The commission, with the approval of the board of supervisors of participating counties and the city council of participating cities in the chapter 28E agreement, may levy annually a tax not to exceed ninety-five cents per thousand dollars of the assessed value of all taxable property in a regional transit district to the extent provided in this section. The chapter 28E agreement may authorize the commission to levy the tax at different rates within the participating cities and counties in amounts sufficient to meet the revenue responsibilities of such cities and counties as allocated in the budget adopted by the commission. However, for a city participating in a regional transit district, the total of all the tax levies imposed in the city pursuant to section 384.12, subsection 10, and this section shall not exceed the aggregate of ninety-five cents per thousand dollars of the assessed value of all taxable property in the participating city.

2. If a regional transit district budget allocates revenue responsibilities to the board of
supervisors of a participating county, the amount of the regional transit district levy that is
the responsibility of the participating county shall be deducted from the maximum rates of
taxes authorized to be levied by the county pursuant to section 331.423, subsections 1 and 2,
as applicable, unless the county meets its revenue responsibilities as allocated in the budget
from other available revenue sources. However, for a regional transit district that includes
a county with a population of less than three hundred thousand, the amount of the regional
transit district levy that is the responsibility of such participating county shall be deducted
from the maximum rate of taxes authorized to be levied by the county pursuant to section
331.423, subsection 1.

3. The regional transit district tax levy imposed in a participating city located in a
nonparticipating contiguous county shall, when collected, be paid to the county treasurer of
the participating county.

4. The proceeds of the tax levy shall be used for the operation and maintenance of a
regional transit district, for payment of debt obligations of the district, and for the creation of
a reserve fund. The commission may divide the territory of a regional transit district outside

GENERAL JURISDICTION  

29B.1 Persons subject to code.  
1. This chapter applies to all members of the state military forces performing national guard duty or state active duty, while not on federal active duty. In addition, this chapter applies to all members of the state military forces who commit an offense during travel to or from the member’s duty location or during intervals between consecutive periods of duty on the same day or on consecutive days in which the victim of the offense is another member of the state military forces.  
2. As used in this chapter, unless the context otherwise requires, “state military forces” has the same meaning as in section 29A.6, and “code” means this chapter, which may be cited as the “Iowa Code of Military Justice”.  
[C66, 71, 73, 75, 77, 79, 81, §29B.1; 82 Acts, ch 1042, §1]  

29B.2 Jurisdiction to try personnel.  
1. Each person discharged from the state military forces who is later charged with having fraudulently obtained a discharge is, subject to section 29B.44, subject to trial by court-martial on that charge and is after apprehension subject to this code while in the custody of the military for that trial. Upon conviction of that charge the person is subject to trial by court-martial for all offenses under this code committed before the fraudulent discharge.  
2. No person who has deserted from the state military forces may be relieved from amenability to the jurisdiction of this code by virtue of a separation from any later period of service.  
3. A person who is charged with having committed an offense against this code may be called or ordered to duty for the purpose of investigation under section 29B.33, trial by court-martial, or nonjudicial punishment under section 29B.14.  
4. A member of the state military forces who is subject to this code at the time of commission of an offense made punishable by this code is not relieved from amenability to the jurisdiction of this code by virtue of the termination of a period of duty.

29B.3 Territorial applicability of code.  
1. This code applies throughout the state. It also applies to all persons otherwise subject to this code while they are serving outside the state, and while they are going to and returning from such service outside the state, in the same manner and to the same extent as if they were serving inside the state.  
2. Courts-martial and courts of inquiry may be convened and held in units of the state military forces while those units are serving outside the state with the same jurisdiction and powers as to persons subject to this code as if the proceedings were held inside the state and
29B.4 Apprehension.
   1. Apprehension is the taking of a person into custody. Any person authorized by this code, or by regulations issued under it, to apprehend persons subject to this code, any marshal of a court-martial appointed pursuant to the provisions of this code, and any peace officer authorized to do so by law, may do so upon reasonable belief that an offense has been committed and that the person apprehended committed it.

If an offender is apprehended outside the state the offender’s return to the area must be in accordance with normal extradition procedures or reciprocal agreement.

29B.6 Imposition of restraint.
   1. “Arrest” is the restraint of a person by an order, not imposed as a punishment for an offense, directing the person to remain within certain specified limits. “Confinement” is the physical restraint of a person.

   2. An enlisted member may be ordered into arrest or confinement by any commissioned officer by an order, oral or written, delivered in person or through other persons subject to this code or through any person authorized by this code to apprehend persons.

   3. A commanding officer may authorize warrant officers or noncommissioned officers to order enlisted members of the officer’s command or subject to the officer’s authority into arrest or confinement.

   4. A commissioned officer or a warrant officer may be ordered apprehended or into arrest or confinement only by a commanding officer to whose authority the commissioned or warrant officer is subject, by an order, oral or written, delivered in person or by another commissioned officer. The authority to order such persons apprehended or into arrest or confinement may not be delegated.

   5. This section does not limit the authority of persons authorized to apprehend offenders to secure the custody of an alleged offender until the proper authority is notified.

29B.7 Probable cause.
   A person shall not be ordered apprehended or into arrest or confinement except for probable cause.
29B.8 Restraint of persons charged with offenses.
Any person subject to this code charged with an offense under this code shall be ordered into arrest or confinement, as circumstances may require; but when charged only with an offense normally tried by a summary court-martial, such person shall not ordinarily be placed in confinement. When any person subject to this code is placed in arrest or confinement prior to trial, after charges are placed against the person, immediate steps shall be taken to inform the person of the specific wrong of which the person is accused and to try the person within sixty days of informing the accused or to dismiss the charges and release the person.

[C66, 71, 73, 75, 77, 79, 81, §29B.12]

2. When delivery under this section is made to any civil authority of a person undergoing sentence of a court-martial, the delivery, if followed by conviction in a civil tribunal, shall be held to interrupt the execution of the sentence of the court-martial, and the offender after having answered to the civil authorities for the offense shall, upon the request of competent military authority, be returned to military custody for the completion of the sentence.
[C35, §467-f61; C39, §467.63; C46, 50, §29.63; C54, 58, 62, §29.61; C66, 71, 73, 75, 77, 79, 81, §29B.13]
SUBCHAPTER III
NONJUDICIAL PUNISHMENT

29B.14 Commanding officer’s nonjudicial punishment.
1. Under regulations as the adjutant general may prescribe limitations may be placed on the powers granted by this section with respect to the kind and amount of punishment authorized, the categories of commanding officers and warrant officers authorized to exercise those powers, the applicability of this section to an accused who demands trial by court-martial, and the kinds of courts-martial to which the case may be referred upon such a demand. However, punishment shall not be imposed upon any member of the state military forces under this section if the member demands trial by court-martial in lieu of punishment before imposition of the punishment. The adjutant general may adopt rules relating to the suspension and mitigation of punishments authorized under this code. The adjutant general, or an officer of a general rank in command may delegate powers under this section to a principal assistant who is a member of the state military forces according to rules adopted by the adjutant general.
2. Subject to rules of the adjutant general, any commanding officer may, in addition to or in lieu of admonition or reprimand, impose disciplinary punishments for minor offenses without the intervention of a court-martial as follows:
   a. Upon officers under the officer’s command any one or a combination of the following:
      (1) Withholding of privileges for not more than two consecutive weeks.
      (2) Restriction to certain specified limits with or without suspension from duty, for not more than two consecutive weeks.
      (3) If imposed by a commanding officer of the state military forces of field grade or above, a fine of any amount up to a maximum of the equivalent of ten days’ pay or the forfeiture of not more than ten days’ pay.
   b. Upon other military personnel under the officer’s command any one or a combination of the following:
      (1) Withholding of privileges for not more than two consecutive weeks.
      (2) Restriction to certain specified limits with or without suspension from duty, for not more than two consecutive weeks.
      (3) Extra duties for not more than fourteen days, which need not be consecutive, and for not more than two hours per day, holidays included.
      (4) Reduction to the next inferior pay grade if the current grade from which demoted is within the promotion authority of the officer imposing the reduction or an officer subordinate to the one imposing the reduction.
      (5) A fine of any amount up to a maximum of the equivalent of four days’ pay or the forfeiture of not more than four days’ pay.
   c. If the commanding officer is of field grade or above, any one or a combination of the following:
      (1) Any of the punishments stated in paragraph “b”, subparagraph (1), (2), or (3).
      (2) A fine of any amount up to the maximum of the equivalent of ten days’ pay or the forfeiture of not more than ten days’ pay.
      (3) Reduction to the lowest or any intermediate pay grade, if the current grade from which demoted is within the promotion authority of the officer imposing the reduction or an officer subordinate to the one imposing the reduction, but enlisted members in pay grades above E-4 shall not be reduced more than two pay grades.
   d. Maximum allowable punishments of withholding of privileges, restrictions, and extra duties shall not be combined to run consecutively.
3. A person punished under this section who considers the punishment unjust or disproportionate to the offense may appeal to the next superior authority through the proper channel. The authority considering the appeal may refer a case that has been appealed to a staff judge advocate or legal officer for consideration and advice and shall do so before deciding on the appeal when the punishment is restriction, withholding of privileges, extra duties, forfeiture of pay, or reduction from the fourth or higher pay grade. The appeal shall
be promptly forwarded and decided, but the person punished may in the meantime be required to undergo the punishment adjudged. The officer who imposes the punishment, the officer’s successor in command, or superior authority may suspend, set aside, or remit any part or amount of the punishment and restore all rights, privileges and property affected. In addition the officer or authority may at any time place the offender on probation and suspend a reduction in grade or forfeiture whether or not executed.

4. The imposition and enforcement of disciplinary punishment under this section for any act or omission is not a bar to trial by court-martial for a serious crime or offense growing out of the same act or omission, and not properly punishable under this section, but the fact that a disciplinary punishment has been enforced may be shown by the accused upon trial, and when so shown shall be considered in determining the measure of punishment to be adjudged in the event of a finding of guilty.

5. When a punishment of forfeiture of pay and allowances is imposed under this section, the forfeiture may apply to pay or allowances accruing on or after that punishment is imposed and to pay and allowances accrued before that date.

SUBCHAPTER V
APPOINTMENT AND COMPOSITION OF COURTS-MARTIAL

29B.23 Who may convene general courts-martial.

In the state military forces general courts-martial may be convened by the governor, or by the adjutant general of the state of Iowa.

[C39, §467.33; C46, 50, §29.33; C54, 58, 62, §29.71; C66, 71, 73, 75, 77, 79, 81, §29B.23; 82 Acts, ch 1042, §10]

Referred to in §29B.128

29B.24 Who may convene special courts-martial.

In the state military forces, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where members of the state military forces are on duty, or of a division, brigade, regiment, wing, group, detached battalion, separate squadron, or other detached command, may convene special courts-martial. When any such officer is an accuser, the court shall be convened by superior competent authority.

[C54, 58, 62, §29.72; C66, 71, 73, 75, 77, 79, 81, §29B.24; 82 Acts, ch 1042, §11]
§29B.25 Summary courts-martial — who may convene.
1. In the state military forces, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where members of the state military forces are on duty, or of a division, brigade, regiment, wing, group, detached battalion, detached squadron, detached company, or other detachment, may convene a summary court-martial consisting of one commissioned officer. The proceedings shall be informal.
2. When only one commissioned officer is present with a command or detachment, the officer shall be the summary court officer of that command or detachment and shall hear and determine all summary court-martial cases.

[C54, 58, 62, §29.73; C66, 71, 73, 75, 77, 79, 81, §29B.25; 82 Acts, ch 1042, §12]
2019 Acts, ch 24, §104

§29B.26 Who may serve on courts-martial.
1. a. Any commissioned officer of or on duty with the state military forces is eligible to serve on all courts-martial for the trial of any person who may lawfully be brought before the courts for trial.
b. Any warrant officer of or on duty with the state military forces is eligible to serve on general and special courts-martial for the trial of any person, other than a commissioned officer, who may lawfully be brought before the courts for trial.
c. Any enlisted member of the state military forces who is not a member of the same unit as the accused is eligible to serve on general and special courts-martial for the trial of any enlisted member who may lawfully be brought before the courts for trial, but the enlisted member shall serve as a member of a court only if, before the end of any pretrial session that is held or if none is held before the convening of the court, the accused personally has requested in writing, that enlisted members serve on it. After such a request, the accused shall not be tried by a general or special court-martial the membership of which does not include enlisted members in a number comprising at least one-third of the total membership of the court, unless eligible members cannot be obtained on account of physical conditions or military exigencies. If such members cannot be obtained, the court may be convened and the trial held without them, but the convening authority shall make a detailed written statement, to be appended to the record, stating why they could not be obtained.
d. In this section, the word “unit” means any regularly organized body of the state military forces.

2. When it can be avoided, a person subject to this code shall not be tried by a court-martial any member of which is junior to the person in rank or grade.

3. When convening a court-martial, the convening authority shall detail as members of the courts-martial persons who in the convening authority’s opinion, are best qualified for the duty by reason of age, education, training, experience, length of service, and judicial temperament. A person is not eligible to serve as a member of a general or special court-martial when the person is the accuser or a witness for the prosecution or has acted as investigating officer, staff judge advocate, or as counsel in the same case. If a military judge is not appointed for a special court-martial and if a commissioned officer who is a member of the bar of the highest court of the state and of appropriate rank and grade is present and not otherwise disqualified and within the command of the convening authority, the convening authority shall appoint the commissioned officer as president of a special court-martial. Failure to meet this requirement does not divest a military court of jurisdiction.

[C66, 71, 73, 75, 77, 79, 81, §29B.26; 82 Acts, ch 1042, §13]

§29B.27 Military judge of a general court-martial.
1. The authority convening a general court-martial shall detail a military judge to the court-martial. Subject to rules of the adjutant general, the authority convening a special court-martial may detail a military judge to the court-martial. A military judge shall preside over each open session of the court-martial to which the military judge has been detailed.
2. A military judge must be a commissioned officer of the state armed forces or a retired officer of the reserve components of the armed forces of the United States, a member of the
bar of a federal court or a member of the bar of the highest court of the state, and certified to be qualified for the duty by the appropriate staff judge advocate of the state force concerned. The judge advocate responsible for certifying the military judge may recommend to the adjutant general that the adjutant general order to active duty retired personnel of the national guard or the United States armed forces who are qualified to act as military judges.

3. Unless the court-martial was convened by the governor neither the convening authority nor any member of the convening authority’s staff shall prepare or review any report concerning the effectiveness, fitness, or efficiency of the military judge so detailed to perform the duties of a military judge. A person is not eligible to act as a military judge in a case if the person is the accuser or a witness for the prosecution or has acted as investigating officer or as a counsel in the same case. The military judge of a court-martial shall not consult with the members of the court except in the presence of the accused, trial counsel, and defense counsel, nor shall the military judge vote with members of the court.

[C35, §467-f; C39, §467.40; C46, 50, §29.40; C54, 58, 62, §29.79; C66, 71, 73, 75, 77, 79, 81, §29B.27; 82 Acts, ch 1042, §14]

29B.28 Detail of trial counsel and defense counsel.
1. For each general and special court-martial the authority convening the court shall detail trial counsel and defense counsel and assistants the authority considers appropriate.
A person who has acted as investigating officer, military judge, or court member in a case shall not act later as trial counsel, assistant trial counsel, or, unless expressly requested by the accused, as defense counsel, or assistant defense counsel in the same case. A person who has acted for the prosecution shall not act later in the same case for the defense, nor shall a person who has acted for the defense act later in the same case for the prosecution.
2. Trial counsel or defense counsel detailed for a general court-martial must be a person who is a member of the bar of the highest court of the state and certified as competent for the duty by the staff judge advocate.
3. In the case of a special court-martial:
   a. The accused has the right to be represented at the trial by counsel having the qualifications stated in this section unless counsel having such qualifications cannot be provided because of physical conditions or military exigencies. If such counsel cannot be provided, the court may be convened and the trial held, but the convening authority shall append a detailed written statement to the record stating why such counsel was not provided.
   b. If the trial counsel is qualified to act as counsel before a general court-martial, the defense counsel detailed by the convening authority must be a person similarly qualified.
   c. If the trial counsel is a member of the bar of the highest court of the state, the defense counsel detailed by the convening authority must also be a member of the bar of the highest court of the state.

29B.29 Detail or employment of reporters and interpreters.
Under such regulations as the adjutant general may prescribe, the convening authority of a general or special court-martial or court of inquiry shall detail or employ certified court reporters, who shall record the proceedings of and testimony taken before that court. Under like regulations, the convening authority of a military court may detail or employ interpreters who shall interpret for the court.

[C66, 71, 73, 75, 77, 79, 81, §29B.29]

29B.30 Absent and additional members.
1. A member of a general or special court-martial shall not be absent or excused after the court has been assembled for the trial of the accused except for physical disability or as the result of a challenge or by order of the convening authority for good cause.
2. If a general court-martial, except a general court-martial composed of a military
judge only, is reduced below five members, the trial shall not proceed until the convening authority details new members sufficient in number to provide not less than five members. The trial may proceed with the new members present after the recorded evidence previously introduced before the members of the court has been read to the new members of the court in the presence of the military judge, the accused, and counsel for both sides.

3. If a special court-martial, except a special court-martial composed of a military judge only, is reduced below three members, the trial shall not proceed until the convening authority details new members sufficient in number to provide not less than three members. The trial shall proceed with the new members present as if no evidence had previously been introduced at the trial, unless a verbatim record of the evidence previously introduced before the members of the court is read to the new members of the court in the presence of the military judge, if any, the accused, and counsel for both sides.

4. If the military judge of a court-martial composed of a military judge only is unable to proceed with the trial because of physical disability, as a result of a challenge, or for other good cause, the trial shall proceed after the detail of a new military judge as if no evidence had previously been introduced unless a verbatim record of the evidence previously introduced or a stipulation thereof is read in court in the presence of the new military judge, the accused, and counsel for both sides.

SUBCHAPTER VI

PRETRIAL PROCEDURES

29B.31 Charges and specifications.
1. Charges and specifications shall be signed by a person subject to this code under oath before a person authorized by this code to administer oaths and shall state:
   a. That the signer has personal knowledge of, or has investigated, the matters set forth therein; and
   b. That they are true in fact to the best of the signer’s knowledge and belief.
2. Upon the preferring of charges, the proper authority shall take immediate steps to determine what disposition should be made thereof in the interest of justice and discipline, and the person accused shall be informed of the charges against the person as soon as practicable.

[C54, 58, 62, §29B.30; 82 Acts, ch 1032, §201

29B.32 Compulsory self-incrimination prohibited.
1. No person subject to this code may compel any person to make a self-incriminating statement or to answer any question the answer to which may tend to incriminate the person.
2. No person subject to this code may interrogate, or request any statement from, an accused or a person suspected of an offense without first informing the accused or suspect of the nature of the accusation and advising the accused or suspect that the accused or suspect does not have to make any statement regarding the offense of which the person is accused or suspected and that any statement made by the accused or suspect may be used as evidence against the accused or suspect in a trial by court-martial.
3. No person subject to this code may compel any person to make a statement or produce evidence before any military tribunal if the statement or evidence is not material to the issue and may tend to degrade the person.
4. No statement obtained from any person in violation of this section, or through the use of coercion, unlawful influence, or unlawful inducement may be received in evidence against the person in a trial by court-martial.

[C66, 71, 73, 75, 77, 79, 81, §29B.32]

2017 Acts, ch 54, §76
29B.33 Investigation.
   1. A charge or specification shall not be referred to a general court-martial for trial until a
      thorough and impartial investigation of all the matters set forth in the charge or specification
      is made. This investigation shall include inquiry as to the truth of the matter set forth in the
      charges, consideration of the form of charges, and a recommendation as to the disposition
      which should be made of the case in the interest of justice and discipline.
   2. The accused shall be advised of the charges and of the right to be represented at the
      investigation by counsel. Upon the accused's own request the accused shall be represented
      by civilian counsel at the expense of the accused, or military counsel of the accused's own
      selection if such counsel is reasonably available, or by counsel detailed by the convening
      authority. At that investigation full opportunity shall be given to the accused to cross-examine
      prosecution witnesses if they are available and to present anything the accused may desire
      in the accused's own behalf, either in defense or mitigation, and the investigating officer
      shall examine witnesses requested by the accused. If the charges are forwarded after the
      investigation, they shall be accompanied by a statement of the substance of the testimony
      taken on both sides and a copy thereof shall be given to the accused.
   3. If an investigation of the subject matter of an offense has been conducted before the
      accused is charged with the offense, and if the accused was present at the investigation
      and afforded the opportunities for representation, cross-examination, and presentation
      prescribed above, no further investigation of that charge is necessary under this section
      unless it is demanded by the accused after the accused is informed of the charge. A demand
      for further investigation entitles the accused to recall witnesses for further cross-examination
      and to offer any new evidence in the accused's own behalf.
   4. The requirements of this section are binding on all persons administering this code but
      failure to follow them does not divest a military court of jurisdiction.

Referred to in §29B.2

29B.34 Forwarding of charges.
When a person is held for trial by general court-martial the commanding officer shall,
within eight days after the accused is ordered into arrest or confinement, if practicable,
forward the charges directly to the person exercising general court-martial jurisdiction,
including the investigation and allied papers. If that is not practicable, the commanding
officer shall report in writing to the adjutant general the reasons for delay.

[C66, 71, 73, 75, 77, 79, 81, §29B.34; 82 Acts, ch 1042, §18]

29B.35 Advice of staff judge advocate and reference for trial.
1. Before directing the trial of any charge by general court-martial, the convening
   authority shall refer the charge to the appropriate staff judge advocate of the state force
   concerned for consideration and advice. The convening authority may not refer a charge
   to a general court-martial for trial unless the authority has found that the charge alleges
   an offense under this code and is warranted by evidence indicated in the report of the
   investigation.
   2. If the charges or specifications are not formally correct or do not conform to the
      substance of the evidence contained in the report of the investigating officer, formal
      corrections and such changes in the charges and specifications as are needed to make them
      conform to the evidence may be made.

Subsection 2 amended

29B.36 Service of charges.
The trial counsel to whom court-martial charges are referred for trial shall cause to be
served upon the accused a copy of the charges upon which trial is to be had. The accused
shall not be brought to trial before a general court-martial or be required to participate in
a session before a military judge under section 29B.40 within a period of five days after the

29B.37 Adjutant general may prescribe rules.
The procedures, including modes of proof, in cases before military courts and other military tribunals shall be prescribed by the adjutant general by rule, but shall not be contrary to or inconsistent with this code. 29B.38 Unlawfully influencing action of court.
1. The authority convening a general, special, or summary court-martial or any other commanding officer, or officer serving on the staff of the authority, shall not censure, reprimand, or admonish the court or any member, military judge, or counsel of the court, with respect to the findings or sentence adjudged by the court, or with respect to any other exercise of its or the court or military judge or counsel’s functions in the conduct of the proceeding. A person subject to this code shall not attempt to coerce or, by any unauthorized means, influence the action of the court-martial or any other military tribunal or any member thereof, in reaching the findings or sentence in any case, or the action of any convening, approving, or reviewing authority with respect to the authority’s judicial acts. Any violation of this section shall be punished as a court-martial may direct.
2. In the preparation of an effectiveness, fitness, or efficiency report or any other report or document used to determine whether a member of the state military force is qualified to be advanced in grade, reassigned, transferred, or retained on active duty, a person shall not do either of the following:
   a. Consider or evaluate the performance of duty of the member as a member of a court-martial or military judge.
   b. Give a less favorable rating or evaluation of a member of the state military forces because of the zeal with which the member, as counsel, represented an accused before a court-martial.

1. The trial counsel of a general or special court-martial shall prosecute in the name of the state, and shall, under the direction of the court, prepare the record of the proceedings.
2. The accused has the right to be represented in the accused’s defense before a general or special court-martial by civilian counsel if provided at the expense of the accused, or by military counsel selected by the accused if reasonably available, or by the defense counsel detailed under section 29B.28. If the accused selects defense counsel, the defense counsel, and assistant defense counsel, if any, who were detailed, shall, if the accused so desires, act as associate counsel for the accused; otherwise they shall be excused by the military judge or by the president of the court-martial if there is no military judge.
3. In every court-martial proceeding, the defense counsel may, in the event of conviction, forward for attachment to the record of proceedings a brief of such matters the defense counsel feels should be considered in behalf of the accused on review, including any objection to the contents of the record which the defense counsel considers appropriate.
4. An assistant trial counsel of a general court-martial may, under the direction of the trial counsel or when the assistant is qualified to be a trial counsel as required by section 29B.28,
perform any duty imposed by law, regulation, or the custom of the service upon the trial counsel of the court. An assistant trial counsel of a special court-martial may perform any duty of the trial counsel.

5. An assistant defense counsel of a general or special court-martial may, under the direction of the defense counsel or when the assistant is qualified to be the defense counsel as required by section 29B.28, perform any duty imposed by law, regulation, or the custom of the service upon counsel for the accused.

29B.40 Sessions.
1. At any time after the service of charges referred for trial to a court-martial composed of a military judge and members, the military judge may, subject to this chapter, call the court into session without the presence of the members for the purpose of any of the following:
   a. Hearing and determining motions raising defenses or objections which are capable of determination without trial of the issues raised by a plea of not guilty.
   b. Hearing and ruling upon any matter which may be ruled upon by the military judge under this code, whether or not the matter is appropriate for later consideration or decision by the members of the court.
   c. If permitted by rules of the adjutant general holding the arraignment and receiving the pleas of the accused.
   d. Performing any other procedural function which may be performed by the military judge under this code or under rules adopted pursuant to this code and which does not require the presence of the members of the court.

2. a. These proceedings shall be conducted in the presence of the accused, the defense counsel, and the trial counsel and shall be made a part of the record.
   b. When the members of a court-martial deliberate or vote, only the members may be present. 29B.42 Challenges.
1. The military judge and members of a general or special court-martial may be challenged by the accused or the trial counsel for cause stated to the court. The military judge or the court in the absence of a military judge shall determine the relevancy and validity of challenges for cause, and shall not receive a challenge to more than one person at a time. Challenges by the trial counsel shall ordinarily be presented and decided before those by the accused are offered.

2. Each accused and the trial counsel is entitled to one peremptory challenge, but the military judge shall not be challenged except for cause.

29B.43 Oaths.
Before performing their official duties, military judges, members of a general and special courts-martial, trial counsel, assistant trial counsel, defense counsel, assistant defense counsel, reporters and interpreters shall take an oath to perform their duties faithfully. The
adjutant general shall adopt rules prescribing the form of the oath, the time and place of the taking of the oath, the manner of recording, and whether the oath must be taken for all cases in which official duties must be performed or for a particular case. The rules may provide that an oath to perform duties faithfully as a military judge, trial counsel, assistant trial counsel, defense counsel, or assistant defense counsel may be taken at any time by any judge advocate or legal officer, or other person certified to be qualified or competent for the duty, and that once taken the oath need not be taken again each time the person is detailed to that duty.

§29B.44 Statute of limitations.
1. A person charged with desertion or absence without leave in time of war, or with aiding the enemy or with mutiny, may be tried and punished at any time without limitation.

2. Except as otherwise provided in this section, a person charged with desertion in time of peace or with any other offense under this code is not liable to be tried by court-martial if the offense was committed more than five years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command.

3. Except as otherwise provided in this section, a person charged with any offense under this code is not liable to be punished under section 29B.14 if the offense was committed more than two years before the imposition of punishment under section 29B.14.

4. Periods in which the accused was absent from territory in which the state has the authority to apprehend the accused, or in the custody of civil authorities, or in the hands of the enemy, shall be excluded in computing the period of limitation prescribed in this section.

5. If charges or specifications are dismissed as defective or insufficient for any cause and the period prescribed by the applicable statute of limitations has expired or will expire within one hundred eighty days after the date the charges or specifications are dismissed, trial by court-martial or punishment under section 29B.14 is not barred by the statute of limitations if the following conditions are met:
   a. The charges and specifications received by an officer exercising summary court-martial jurisdiction or having the authority to conduct punishment under section 29B.14 within one hundred eighty days after the charges or specifications are dismissed.
   b. The charges and specifications allege some or all of the same acts or omissions that were alleged in the dismissed charges or specifications.

Referred to in §29B.2

§29B.45 Former jeopardy.
1. No person may, without the person's consent, be tried a second time in any military court of the state for the same offense.

2. No proceeding in which an accused has been found guilty by a court-martial upon any charge or specification is a trial in the sense of this section until the finding of guilty has become final after review of the case has been fully completed.

3. A proceeding which, after the introduction of evidence but before a finding, is dismissed or terminated by the convening authority or on motion of the prosecution for failure of available evidence or witnesses without any fault of the accused is a trial in the sense of this section.

§29B.46 Pleas of the accused.
1. If the accused after arraignment makes an irregular pleading, or after a plea of guilty sets up defenses inconsistent with the plea, or if it appears that the accused has entered the plea of guilty improvidently or through lack of understanding of its meaning and effect, or if the accused fails or refuses to plead, a plea of not guilty shall be entered in the record, and the court shall proceed as though the accused had pleaded not guilty.
2. With respect to any charge or specification to which a plea of guilty has been made by the accused and accepted by the military judge, or by a court-martial without a military judge, a finding of guilty of the charge or specification may, if permitted by rules of the adjutant general be entered immediately without vote. This finding shall constitute the finding of the court unless the plea of guilty is withdrawn prior to the announcement of the sentence, in which case the proceedings shall continue as though the accused had pleaded not guilty.

[C66, 71, 73, 75, 77, 79, 81, §29B.46; 82 Acts, ch 1042, §27]

29B.47 Opportunity to obtain witnesses and other evidence.
1. The trial counsel, the defense counsel, and the court-martial shall have equal opportunity to obtain witnesses and other evidence in accordance with such regulations as the adjutant general may prescribe.
2. The military judge or the president of a court-martial without a military judge may:
   a. Issue a warrant for the arrest of any accused person who has been served with a warrant and a copy of the charges, disobeys a written order by the convening authority to appear before the court;
   b. Issue subpoenas duces tecum and other subpoenas;
   c. Enforce by attachment the attendance of witnesses and the production of books and papers; and
   d. Sentence for refusal to be sworn or to answer, as provided in actions before civil courts of the state.
3. Process issued in court-martial cases to compel witnesses to appear and testify and to compel the production of other evidence shall run to any part of the United States and shall be executed by civil officers as prescribed by laws of the United States or the place where the witness or evidence is located.

[C35, §467-f37; C39, §467.39; C46, 50, §29.39; C54, 58, 62, §29.76; C66, 71, 73, 75, 77, 79, 81, §29B.47; 82 Acts, ch 1042, §28]

2008 Acts, ch 1032, §201; 2010 Acts, ch 1087, §3

29B.48 Refusal to appear or testify.
1. Any person not subject to this code is guilty of a simple misdemeanor if the person does all of the following:
   a. Has been duly subpoenaed to appear as a witness or to produce books and records before a military court or before any military or civil officer and designated to take a deposition to be read in evidence before such a court.
   b. Has been duly paid or tendered the fees and mileage of a witness at the rates allowed to witnesses attending the courts of the state.
   c. Willfully neglects or refuses to appear, or refuses to qualify as a witness or to testify or to produce any evidence which that person has been legally subpoenaed to produce.
2. Upon certification of the facts in a case under this section by the military judge, president of courts-martial without a military judge, or summary courts-martial officer, the county attorney of the county where the offense occurred shall prosecute the offense as if it were included in the Iowa criminal code.

[C66, 71, 73, 75, 77, 79, 81, §29B.48; 82 Acts, ch 1042, §29]

2006 Acts, ch 1010, §19

29B.49 Contempts.
1. A military court may punish for contempt any person subject to this code who uses any menacing word, sign, or gesture in its presence, or who disturbs its proceedings by any riot or disorder. The punishment shall not exceed confinement for thirty days or a fine of one hundred dollars, or both.
2. A person who is not subject to this code who engages in conduct described in subsection 1 is guilty of a simple misdemeanor. The facts shall be certified to the county attorney of the county in which the offense occurred who shall prosecute the case as if the offense were included in the Iowa criminal code.

[C66, 71, 73, 75, 77, 79, 81, §29B.49; 82 Acts, ch 1042, §30]
29B.50 Depositions.
1. At any time after charges have been signed, as provided in section 29B.31 any party may take oral or written depositions unless the military judge or court-martial without a military judge hearing the case, or if the case is not being heard, an authority competent to convene a court-martial for the trial of those charges forbids it for good cause. If a deposition is to be taken before charges are referred for trial, the authority may designate commissioned officers to represent the prosecution and the defense and may authorize those officers to take the deposition of any witness.
2. The party at whose instance a deposition is to be taken shall give to every other party reasonable written notice of the time and place for taking the deposition.
3. Depositions may be taken before and authenticated by any military or civil officer authorized to administer oaths by the laws of the United States or by the laws of the place where the deposition is taken.
4. A duly authenticated deposition taken upon reasonable notice to the other parties, so far as otherwise admissible under the rules of evidence, may be read in evidence before any court-martial or in any proceeding before a court of inquiry, if any of the following are apparent:
   a. That the witness resides or is out of the state of Iowa and the witness’ appearance cannot be obtained, unless it appears that the absence of the witness was procured by the party offering the deposition.
   b. That the witness by reason of death, age, sickness, bodily infirmity, imprisonment, military necessity, or other reasonable cause, is unable to appear and testify in person at the place of trial or hearing.
   c. That the party offering the deposition has been unable to procure the attendance of the witness by subpoena or other process and the present whereabouts of the witness is unknown.

29B.51 Admissibility of records of courts of inquiry.
1. In any case not extending to the dismissal of a commissioned officer, the sworn testimony, contained in the duly authenticated record of proceedings of a court of inquiry, of a person whose oral testimony cannot be obtained, may, if otherwise admissible under the rules of evidence, be read in evidence by any party before a court-martial if the accused was a party before the court of inquiry, and if the same issue was involved or if the accused consents to the introduction of such evidence.
2. Such testimony may be read in evidence only by the defense in cases extending to the dismissal of a commissioned officer.
3. Such testimony may also be read in evidence before a court of inquiry or a military board.

29B.52 Voting and rulings.
1. Voting by members of a general or special court-martial on the findings and on the sentence, and by members of a court-martial without a military judge upon questions of challenge shall be by secret written ballot. The junior member of the court shall count the votes. The count shall be checked by the president, who shall immediately announce the result of the ballot to the members of the court.
2. The military judge and, except for questions of challenge, the president of a court-martial without a military judge, shall rule upon all questions of law and all interlocutory questions arising during the proceedings. A ruling made by the military judge upon a question of law or an interlocutory question other than the factual issue of mental responsibility of the accused, or by the president of a court-martial without a military judge upon a question of law other than a motion for a finding of not guilty is final and constitutes the ruling of the court. However, the military judge may change a ruling at any time during the trial. Unless the ruling is final, if a member objects to the ruling, the court
shall be cleared and closed and the question decided by a voice vote as provided in this code beginning with the junior in rank.

3. Before a vote is taken on the findings, the military judge or the president of a court-martial without a military judge shall, in the presence of the accused and counsel, instruct the members of the court as to the elements of the offense and charge them as follows:
   a. That the accused must be presumed to be innocent until guilt is established by legal and competent evidence beyond reasonable doubt.
   b. That in the case being considered, if there is a reasonable doubt as to the guilt of the accused, the doubt must be resolved in favor of the accused and the accused must be acquitted.
   c. That, if there is a reasonable doubt as to the degree of guilt, the finding must be in a lower degree as to which there is no reasonable doubt.
   d. That the burden of proof for establishing the guilt of the accused beyond reasonable doubt is upon the state.

4. Subsection 3 does not apply to a court-martial composed of a military judge only. The military judge of a court-martial composed only of a military judge shall determine all questions of law and fact arising during the proceedings, and, if the accused is convicted, adjudge an appropriate sentence. The military judge shall make a general finding and shall find the facts specifically on request. If an opinion or memorandum of decision is filed, it is sufficient if the findings of fact appear in the opinion or memorandum of decision.

[C66, 71, 73, 75, 77, 79, 81, §29B.52; 82 Acts, ch 1042, §32]

29B.53 Number of votes required.
   1. A person shall not be convicted of an offense, except as provided in this code by the concurrence of two-thirds of the members present at the time the vote is taken.
   2. All sentences shall be determined by the concurrence of two-thirds of the members present at the time that the vote is taken.
   3. All other questions to be decided by the members of a general or special court-martial shall be determined by a majority vote. A tie vote on a challenge disqualifies the member challenged. A tie vote on a motion for a finding of not guilty or on a motion relating to the question of the accused's sanity is a determination against the accused. A tie vote on any other question is a determination in favor of the accused but a determination to reconsider a finding of guilty or to reconsider a sentence for the purpose of possible reduction may be made by any lesser vote if the determination to reconsider is not opposed by two-thirds of the members present.

29B.54 Court to announce action.
A court-martial shall announce its findings and sentence to the parties as soon as determined.

[C66, 71, 73, 75, 77, 79, 81, §29B.54]

29B.55 Record of trial.
   1. Each general court-martial shall keep a separate record of the proceedings in each case brought before it, and the record shall be authenticated by the signature of the military judge. If the record cannot be authenticated by the military judge by reason of death, disability, or absence of the military judge, it shall be authenticated by the signature of the trial counsel or by the signature of a member if the trial counsel is unable to authenticate it by reason of death, disability, or absence. In a court-martial consisting of only a military judge the record shall be authenticated by the court reporter under the same conditions which would impose such a duty on a member under this subsection. If the proceedings have resulted in an acquittal of all charges and specifications or, if not affecting a general officer, in a sentence not including discharge, dismissal, or confinement and not in excess of that which may otherwise
be adjudged by a special court-martial, the record shall contain matters prescribed by rules of the adjutant general.

2. Each special and summary court-martial shall keep a separate record of the proceedings in each case, and the record shall contain the matter and shall be authenticated in the manner required by rules of the adjutant general.

3. A copy of the record of the proceedings of each general and special court-martial shall be given to the accused as soon as the record is authenticated. If a verbatim record of trial by general court-martial is not required, but is made, the accused may buy the record as prescribed in rules of the adjutant general.

SUBCHAPTER VIII
SENTENCES

29B.56 Cruel and unusual punishments prohibited.

Punishment by cruel or unusual punishment may not be adjudged by any court-martial or inflicted upon any person subject to this code.

[C66, 71, 73, 75, 77, 79, 81, §29B.56]

29B.57 Maximum fines.

The punishment which a court-martial may direct for an offense may not exceed limits prescribed by this code.

[C66, 71, 73, 75, 77, 79, 81, §29B.57]

29B.58 Effective date of sentences.

1. When a sentence of a court-martial as lawfully adjudged and approved includes a forfeiture of pay or allowances in addition to confinement not suspended or deferred, the forfeiture shall apply only to pay or allowances becoming due on or after the date the sentence is approved by the convening authority. A forfeiture shall not extend to any pay or allowances accruing before that date.

2. A period of confinement included in a sentence of a court-martial begins to run from the date the sentence is adjudged by the court-martial but periods during which the sentence to confinement is suspended or deferred shall be excluded in computing the service of the term of confinement, provided that credit be given for confinement served prior to trial. Rules prescribed by the adjutant general may provide that sentences of confinement shall not be executed until approved by designated officers.

3. All other sentences of courts-martial are effective on the date ordered executed.

4. On application by an accused who is under sentence to confinement that has not been ordered executed, the convening authority, or if the accused is no longer under the jurisdiction of the convening authority, the person exercising general court-martial jurisdiction, may in the person’s discretion defer service of the sentence to confinement. The deferral terminates when the sentence is ordered executed. The deferral may be rescinded at any time by the officer who granted it, or, if the accused is no longer under jurisdiction of that officer, by the person exercising general court-martial jurisdiction.

5. Unless otherwise provided in rules of the adjutant general, a court-martial sentence of an enlisted member in pay grade above E-1, that includes a discharge under other than honorable conditions or confinement and that is approved by the convening authority reduces the member to pay-grade E-1, effective on the date of the approval.

6. If the sentence of a member who is reduced in pay grade under subsection 5 is set aside or disapproved, or, as finally approved, does not include a punishment named in subsection 5, the rights and privileges of which the member was deprived because of the reduction shall
be restored and the member is entitled to the pay and allowances lost during the period the reduction was in effect.

[C66, 71, 73, 75, 77, 79, 81, §29B.58; 82 Acts, ch 1042, §35]
Referred to in §29B.12

29B.59 Execution of confinement.
1. A sentence of confinement adjudged by a military court, whether or not the sentence includes discharge or dismissal, and whether or not the discharge or dismissal has been executed, may be carried into execution by confinement in any place of confinement under the control of any of the forces of the state military forces or in any jail, penitentiary, or prison designated for that purpose. Persons so confined in a jail, penitentiary, or prison are subject to the same discipline and treatment as persons confined or committed to the jail, penitentiary or prison by the courts of the state or of any political subdivision thereof.
2. The omission of the words “hard labor” from any sentence or punishment of a court-martial adjudging confinement does not deprive the authority executing that sentence or punishment of the power to require hard labor as a part of the punishment.
3. The keepers, officer, and wardens of city or county jails and of other jails, penitentiaries, or prisons shall receive persons ordered into confinement before trial and persons committed to such confinement by a military court and shall confine them according to law. No such keeper, officer or warden may require payment of any fee or charge for so receiving or confining a person.

SUBCHAPTER IX
REVIEW BY COURT-MARTIAL

29B.60 Execution of sentence — suspension of sentence.
Except as provided in sections 29B.20 and 29B.65, a court-martial sentence, unless suspended or deferred, may be ordered executed by the convening authority when approved by the convening authority. The convening authority shall approve the sentence or the part, amount, or commuted form of the sentence as the convening authority sees fit, and may suspend or defer the execution of the sentence.

[C66, 71, 73, 75, 77, 79, 81, §29B.60; 82 Acts, ch 1042, §36]

29B.61 Initial action of record.
1. After a trial by court-martial the record shall be forwarded to the convening authority, as reviewing authority, and action may be taken by the person who convened the court, a commissioned officer commanding for the time being, a successor in command, or by the adjutant general.
2. In acting on the findings and sentence of a court-martial, the convening authority may approve only such findings of guilty, and the sentence or part or amount of the sentence as the convening authority finds correct in law and fact and as in the convening authority’s discretion should be approved. Unless the convening authority indicates otherwise, approval of the sentence includes approval of the findings.

[C66, 71, 73, 75, 77, 79, 81, §29B.61; 82 Acts, ch 1042, §37]
2019 Acts, ch 24, §104

29B.62 General court-martial records.
The convening authority shall refer the record of each general court-martial to the appropriate staff judge advocate of the state force concerned, who shall submit a written opinion thereon to the convening authority. If the final action of the court has resulted in
an acquittal of all charges and specifications, the opinion shall be limited to questions of jurisdiction.

[C66, 71, 73, 75, 77, 79, 81, §29B.62]
2002 Acts, ch 1117, §47, 52

29B.63 Reconsideration and revision.
1. If a specification before a court-martial has been dismissed on motion and the ruling does not amount to a finding of not guilty, the convening authority may return the record to the court for reconsideration of the ruling and any further appropriate action.
2. Where there is an apparent error or omission in the record or where the record shows improper or inconsistent action by a court-martial with respect to a finding or sentence which can be rectified without material prejudice to the substantial rights of the accused, the convening authority may return the record to the court for appropriate action. In no case, however, may the record be returned:
   a. For reconsideration of a finding of not guilty, or a ruling which amounts to a finding of not guilty;
   b. For reconsideration of a finding of not guilty of any charge, unless the record shows a finding of guilty under a specification laid under that charge, which sufficiently alleges a violation of some section of this code; or
   c. For increasing the severity of the sentence unless the sentence prescribed for the offense is mandatory.

[C66, 71, 73, 75, 77, 79, 81, §29B.63]
2008 Acts, ch 1032, §201

29B.64 Rehears.
1. If the convening authority disapproves the findings and sentence of a court-martial the convening authority may, except where there is lack of sufficient evidence in the record to support the findings, order a rehearing. In such case the convening authority shall state the reasons for disapproval. If the convening authority disapproves the findings and sentence and does not order a rehearing, the convening authority shall dismiss the charges.
2. Each rehearing shall take place before a court-martial composed of members not members of the court-martial which first heard the case. Upon a rehearing the accused may not be tried for any offense of which the accused was found not guilty by the first court-martial, and no sentence in excess of or more severe than the original sentence may be imposed, unless the sentence is based upon a finding of guilty of an offense not considered upon the merits in the original proceedings, or unless the sentence prescribed for the offense is mandatory.

[C66, 71, 73, 75, 77, 79, 81, §29B.64]
2019 Acts, ch 24, §104

29B.65 Review of records — disposition.
1. If the convening authority is the governor or adjutant general, the convening authority’s action on the review of any record of trial is final.
2. In all other cases not covered by subsection 1, if the sentence of a special court-martial as approved by the convening authority includes a bad-conduct discharge, dishonorable discharge, dismissal, or confinement, whether or not suspended, the entire record shall be sent to the appropriate staff judge advocate of the state force concerned to be reviewed in the same manner as a record of trial by general court-martial.
3. All other special and summary court-martial records shall be sent to the appropriate staff judge advocate of the state force concerned and shall be acted upon, transmitted, and disposed of as prescribed by rules of the adjutant general.
4. a. The staff judge advocate of the state force concerned shall review the record of trial in each case sent for review as provided under this section. If the final action of the court-martial has resulted in an acquittal of all charges and specifications, the opinion of the staff judge advocate is limited to questions of jurisdiction.
b. The staff judge advocate shall take final action in any case reviewable by the staff judge advocate.

5. In a case reviewable by the appropriate staff judge advocate under this section, the staff judge advocate may act only with respect to the findings and sentence as approved by the convening authority. The staff judge advocate may affirm only such findings of guilty, and the sentence or such part or amount of the sentence, as the staff judge advocate finds correct in law and fact and determines, on the basis of the entire record, should be approved. In consideration of the record, the staff judge advocate may weigh the evidence, judge the credibility of witnesses, and determine controverted questions of fact, recognizing that the trial court saw and heard the witnesses. If the staff judge advocate sets aside the findings and sentence, the staff judge advocate may, except where the setting aside is based on lack of sufficient evidence in the record to support the findings, order a rehearing. If the staff judge advocate sets aside the findings and sentence and does not order a rehearing, the staff judge advocate shall order that the charges be dismissed.

6. In a case reviewable by the staff judge advocate under this section, the staff judge advocate shall instruct the convening authority to act in accordance with the decision on the review. If the staff judge advocate has ordered a rehearing but the convening authority finds a rehearing impracticable, the staff judge advocate may dismiss the charges.

7. The staff judge advocate may order one or more boards of review each composed of not less than three commissioned officers of the state military forces, each of whom must be a member of the bar of the highest court of the state. Each board of review shall review the record of any trial by court-martial including a sentence to a dishonorable discharge, dismissal or confinement, referred to it by the staff judge advocate. Boards of review have the same authority on review as the staff judge advocate has under this section.

[C66, 71, 73, 75, 77, 79, 81, §29B.65; 82 Acts, ch 1042, §38]
Referred to in §29B.60

29B.66 Error of law — lesser included offenses.
1. A finding or sentence of a court-martial may not be held incorrect on the ground of an error of law unless the error materially prejudices the substantial rights of the accused.

2. Any reviewing authority with the power to approve or affirm a finding of guilty may approve or affirm so much of the finding as includes a lesser included offense.

29B.67 Review counsel.
1. Upon the final review of a sentence of a general court-martial or of a sentence to a dishonorable discharge, dismissal, or confinement, the accused has the right to be represented by counsel before the reviewing authority and before the appropriate staff judge advocate.

2. Upon the request of an accused entitled to be so represented, the appropriate staff judge advocate shall appoint a lawyer who is a member of the state military forces and who has the qualifications prescribed in section 29B.28, if available, to represent the accused before the reviewing authority and before the appropriate staff judge advocate, in the review of cases specified in this section.

3. If provided by the accused, an accused entitled to be so represented may be represented by civilian counsel before the reviewing authority and before the appropriate staff judge advocate.

29B.68 Vacation of suspension.
1. Before the vacation of the suspension of a special court-martial sentence which as approved includes a discharge under other than honorable conditions, a dismissal, or a confinement, or of any general court-martial sentence, the officer having special
court-martial jurisdiction over the probationer shall hold a hearing on the alleged violation of probation. The probationer shall be represented at the hearing by counsel if the probationer so desires.

2. The record of the hearing and the recommendation of the officer having special court-martial jurisdiction shall be sent for action to the adjutant general in cases involving a general court-martial sentence and to the commanding officer of the force of state military forces of which the probationer is a member in all other cases covered by this section. If the adjutant general or commanding officer vacates the suspension, any unexecuted part of the sentence except a dismissal shall be executed.

3. The suspension of any other sentence may be vacated by any authority competent to convene, for the command in which the accused is serving or assigned, a court of the kind that imposed the sentence.

29B.69 Petition for a new trial.
At any time within two years after approval by the convening authority of a court-martial sentence which extends to dismissal, dishonorable or bad-conduct discharge, the accused may petition the governor for a new trial on ground of newly discovered evidence or fraud on the court-martial.

[C66, 71, 73, 75, 77, 79, 81, §29B.69; 82 Acts, ch 1042, §41]

29B.70 Remission or suspension.
1. A convening authority may remit or suspend any part or amount of the unexecuted part of any sentence, including all uncollected forfeitures.

2. The governor may, for good cause, substitute an administrative form of discharge for a discharge or dismissal executed in accordance with the sentence of a court-martial.

local governments in their ability to provide services to aid disaster victims.

subject to terms and conditions imposed upon the grant, and enter into an agreement with the
federal government pledging the state to participate in the funding of the financial assistance
authorized to local government and eligible private nonprofit agencies in an amount not to
exceed ten percent of the total eligible expenses, with the applicant providing the balance
of any participation amount. If financial assistance is granted by the federal government

Moneys in the contingent fund may be expended for the following purposes:

A loan shall not be for an obligation or expenditure occurring more than two years previous to the application.

b. When a state department or agency requests that moneys from the contingent fund be expended to repair, rebuild, or restore state property injured, destroyed, or lost by fire, storm, theft, or unavoidable cause, or to repair, rebuild, or restore state property that is fiberoptic cable and that is injured or destroyed by a wild animal, or to purchase a police service dog for the department of corrections when such a dog is injured or destroyed, or for payment of the expenses incurred by and claims of a homeland security and emergency response team when acting under the authority of section 29C.8, the executive council shall consider the original source of the funds for acquisition of the property before authorizing the expenditure. If the original source was other than the general fund of the state, the department or agency shall be directed to utilize moneys from the original source if possible. The executive council shall not authorize the repairing, rebuilding, or restoring of the property from the disaster aid contingent fund if it determines that moneys from the original source are available to finance the project.

The amount of the grant shall not exceed ten percent of the total eligible expenses and is conditional upon the federal government providing at least seventy-five percent for public assistance grants and at least fifty percent for hazard mitigation grants of the eligible expenses.

4. If the president, at the request of the governor, has declared a major disaster to exist in this state, the executive council may make financial grants to meet disaster-related necessary expenses or serious needs of individuals or families adversely affected by a major disaster which cannot otherwise adequately be met from other means of assistance. The amount of a financial grant shall not exceed the maximum federal authorization in the aggregate to an individual or family in any single major disaster declared by the president. All grants authorized to individuals and families will be subject to the federal government providing no less than seventy-five percent of each grant and the declaration of a major disaster in the state by the president of the United States.

Moneys in the fund may be expended following the governor’s proclamation of a state of disaster emergency. The executive council may make financial grants to meet disaster-related expenses or serious needs of individuals or families adversely affected by a disaster which cannot otherwise be met by other means of financial assistance. The aggregate total of grants awarded shall not be more than one million dollars during a fiscal year. However, within the same fiscal year, additional funds may be specifically authorized by the executive council to meet additional needs.

The rules adopted by the department of human services for the program shall include but are not limited to all of the following:

a. If a local administrative entity is under contract with the state to provide other services or is implementing a state or federal program and the contract contains a sufficient surety bond or other adequate financial responsibility provision, the department shall accept the existing surety bond or financial responsibility provision in lieu of applying a new or additional surety bond or financial responsibility requirement.

b. If the president of the United States has declared a major disaster to exist in this state and federal aid is made available to provide assistance grants to individuals similar to that provided by the Iowa disaster aid individual assistance grant program, the Iowa program shall be discontinued.

c. Authorization for the local administrative entity to draw grant funding to pay valid claims on at least a weekly basis.

3. To be eligible for a grant, an applicant shall have an annual household income that is less than two hundred percent of the federal poverty level based on the number of people in the applicant’s household as defined by the most recently revised poverty income guidelines published by the United States department of health and human services. The amount of a grant for a household shall not exceed five thousand dollars. Expenses eligible for grant funding shall be limited to personal property, home repair, food assistance, and temporary housing assistance. An applicant for a grant shall sign an affidavit committing to refund any part of the grant that is duplicated by any other assistance, such as but not limited to insurance or assistance from community development groups, charities, the small business administration, and the federal emergency management agency.

4. A recipient of grant funding shall receive reimbursement for expenses upon presenting a receipt for an eligible expense or shall receive a voucher through a voucher system developed by the department of human services and administered locally within the designated disaster area. A voucher system shall ensure sufficient data collection to discourage and prevent fraud. The department shall consult with long-term disaster recovery committees and disaster recovery case management committees in developing a voucher system.
5. The department of human services shall submit an annual report, by January 1 of each year, to the legislative fiscal committee and the general assembly's standing committees on government oversight concerning the activities of the grant program in the previous fiscal year.

Moneys in the fund shall be expended if grants are awarded pursuant to section 29C.20A following the governor’s proclamation of a state of disaster emergency or the declaration of a major disaster by the president of the United States.

b. The executive council may make financial grants to meet disaster-related case management needs of disaster-affected individuals. The aggregate total of grants awarded shall not be more than one million dollars during a fiscal year. However, within the same fiscal year, additional funds may be specifically authorized by the executive council to meet additional needs. Upon request of the department of human services, the executive council may make available up to one hundred thousand dollars, or so much as is necessary, for contract entity staff support and case management training.

Under the program, the department of human services shall coordinate case management services locally through one or more contracted entities. The department of human services shall implement an ongoing contract with a provider of a statewide program with local offices throughout the state to serve as the local administrative entity for the grant program to allow implementation of the program with minimal delay if grants are awarded pursuant to section 29C.20A following a governor’s proclamation of a state of disaster emergency or a declaration of a major disaster by the president of the United States.

3. The department of human services, in conjunction with the department of homeland security and emergency management and a representative of the Iowa voluntary organizations active in disaster, shall adopt rules pursuant to chapter 17A to create coordination mechanisms and standards for the establishment and implementation of a statewide system of disaster case management. The rules adopted by the department of human services for the program shall include but are not limited to all of the following:

a. If a local administrative entity is under contract with the state to provide other services or is implementing a state or federal program and the contract contains a sufficient surety bond or other adequate financial responsibility provisions, the department shall accept the existing surety bond or financial responsibility provisions in lieu of applying a new or additional surety bond or financial responsibility requirement.

b. Authorization for the local administrative entity to draw down grant funding to pay valid claims on at least a weekly basis.

c. Disaster case management standards.

d. Disaster case management policies.

e. Reporting requirements.

4. By January 1 of each year, the department of human services shall submit an annual written report to the legislative fiscal committee and the general assembly’s standing committees on government oversight concerning the activities of the grant program during the previous fiscal year.

29C.21 Emergency management assistance compact.

The interstate emergency management assistance compact is entered into with all other states which enter into the compact in substantially the following form:

1. Article I — Purpose and authorities.

   a. This compact is made and entered into by and between the participating member states which enact this compact, hereinafter called party states. For the purposes of this agreement, the term “states” is taken to mean the several states, the Commonwealth of Puerto Rico, the District of Columbia, and all United States territorial possessions.

   b. The purpose of this compact is to provide for mutual assistance between the states entering into this compact in managing any emergency or disaster that is duly declared by the governor of the affected state, whether arising from natural disaster, technological hazard, man-made disaster, civil emergency aspects of resource shortages, community disorders, insurgency, or enemy attack.

   c. This compact shall also provide for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party states or subdivisions of party states during emergencies, such actions occurring outside actual declared emergency periods. Mutual assistance in this compact may include the use of the states’ national guard forces, either in accordance with the national guard mutual assistance compact or by mutual agreement between states.

2. Article II — General implementation.

   a. Each party state entering into this compact recognizes many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this compact. Each state further recognizes
that there will be emergencies which require immediate access and present procedures to apply outside resources to make a prompt and effective response to such an emergency. This is because few, if any, individual states have all the resources they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

b. The prompt, full, and effective utilization of resources of the participating states, including any resources on hand or available from the federal government or any other source, that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster declared by a party state, shall be the underlying principle on which all articles of this compact shall be understood.

c. On behalf of the governor of each state participating in the compact, the legally designated state official who is assigned responsibility for emergency management will be responsible for formulation of the appropriate interstate mutual aid plans and procedures necessary to implement this compact.

3. Article III — Party state responsibilities.
   a. It shall be the responsibility of each party state to formulate procedural plans and programs for interstate cooperation in the performance of the responsibilities listed in this article. In formulating such plans, and in carrying them out, the party states, insofar as practical, shall:
      (1) Review individual state hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the party states might jointly suffer, whether due to natural disaster, technological hazard, man-made disaster, emergency aspects of resource shortages, civil disorders, insurgency, or enemy attack.
      (2) Review party states’ individual emergency plans and develop a plan which will determine the mechanism for the interstate management and provision of assistance concerning any potential emergency.
      (3) Develop interstate procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans.
      (4) Assist in warning communities adjacent to or crossing the state boundaries.
      (5) Protect and assure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment, services, and resources, both human and material.
      (6) Inventory and set procedures for the interstate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness.
      (7) Provide, to the extent authorized by law, for temporary suspension of any statutes or ordinances that restrict the implementation of the above responsibilities.
   b. The authorized representative of a party state may request assistance of another party state by contacting the authorized representative of that state. The provisions of this agreement shall only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If verbal, the request shall be confirmed in writing within thirty days of the verbal request. Requests shall provide all of the following:
      (1) A description of the emergency service function for which assistance is needed, such as but not limited to fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue.
      (2) The amount and type of personnel, equipment, materials and supplies needed, and a reasonable estimate of the length of time they will be needed.
      (3) The specific place and time for staging of the assisting party’s response and a point of contact at that location.
   c. There shall be frequent consultation between state officials who have assigned emergency management responsibilities and other appropriate representatives of the party states with affected jurisdictions and the United States government, with free exchange of information, plans, and resource records relating to emergency capabilities.

4. Article IV — Limitations. Any party state requested to render mutual aid or conduct exercises and training for mutual aid shall take such action as is necessary to provide and
make available the resources covered by this compact in accordance with the terms hereof, provided that it is understood that the state rendering aid may withhold resources to the extent necessary to provide reasonable protection for such state. Each party state shall afford to the emergency forces of any party state, while operating within its state limits under the terms and conditions of this compact, the same powers, except that of arrest unless specifically authorized by the receiving state, duties, rights, and privileges as are afforded forces of the state in which they are performing emergency services. Emergency forces will continue under the command and control of their regular leaders, but the organizational units will come under the operational control of the emergency services authorities of the state receiving assistance. These conditions may be activated, as needed, only subsequent to a declaration of a state of emergency or disaster by the governor of the party state that is to receive assistance or commencement of exercises or training for mutual aid and shall continue so long as the exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving state, whichever is longer.

5. Article V — Licenses and permits. Whenever any person holds a license, certificate, or other permit issued by any state party to the compact evidencing the meeting of qualifications for professional, mechanical, or other skills, and when such assistance is requested by the receiving party state, such person shall be deemed licensed, certified, or permitted by the state requesting assistance to render aid involving such skill to meet a declared emergency or disaster, subject to such limitations and conditions as the governor of the requesting state may prescribe by executive order or otherwise.

6. Article VI — Liability. Officers or employees of a party state rendering aid in another state pursuant to this compact shall be considered agents of the requesting state for tort liability and immunity purposes; and no party state or its officers or employees rendering aid in another state pursuant to this compact shall be liable on account of any act or omission in good faith on the part of such forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection therewith. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

7. Article VII — Supplementary agreements. Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that among the states that are party hereto, this instrument contains elements of a broad base common to all states, and nothing herein contained shall preclude any state from entering into supplementary agreements with another state or affect any other agreements already in force between states. Supplementary agreements may comprehend, but shall not be limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, and equipment and supplies.

8. Article VIII — Compensation. Each party state shall provide for the payment of compensation and death benefits to injured members of the emergency forces of that state and representatives of deceased members of such forces in case such members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within their own state.

9. Article IX — Reimbursement. Any party state rendering aid in another state pursuant to this compact shall be reimbursed by the party state receiving such aid for any loss or damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with such requests; provided that any aiding party state may assume in whole or in part such loss, damage, expense, or other cost, or may loan such equipment or donate such services to the receiving party state without charge or cost; and provided further, that any two or more party states may enter into supplementary agreements establishing a different allocation of costs among those states. Article VIII expenses shall not be reimbursable under this provision.

10. Article X — Evacuation. Plans for the orderly evacuation and interstate reception of portions of the civilian population as the result of any emergency or disaster of sufficient proportions to so warrant, shall be worked out and maintained between the party states and the emergency management or services directors of the various jurisdictions where any type
of incident requiring evacuations might occur. Such plans shall be put into effect by request of the state from which evacuees come and shall include the manner of transporting such evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends, and the forwarding of such evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. Such plans shall provide that the party state receiving evacuees and the party state from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for such evacuees, for expenditures for transportation, food, clothing, medicines and medical care, and like items. Such expenditures shall be reimbursed as agreed by the party state from which the evacuees come. After the termination of the emergency or disaster, the party state from which the evacuees come shall assume the responsibility for the ultimate support of repatriation of such evacuees.

11. Article XI — Implementation.
   a. This compact shall become operative immediately upon its enactment into law by any two states; thereafter, this compact shall become effective as to any other state upon its enactment by such state.
   b. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until thirty days after the governor of the withdrawing state has given notice in writing of such withdrawal to the governors of all other party states. Such action shall not relieve the withdrawing state from obligations assumed hereunder prior to the effective date of withdrawal.
   c. Duly authenticated copies of this compact and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states and with the federal emergency management agency and other appropriate agencies of the United States government.

12. Article XII — Validity. This compact shall be construed to effectuate the purposes stated in article I hereof. If any provision of this compact is declared unconstitutional, or the applicability thereof to any person or circumstances is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to other persons and circumstances shall not be affected thereby.

13. Article XIII — Additional provisions. Nothing in this compact shall authorize or permit the use of military force by the national guard of a state at any place outside that state in any emergency for which the president is authorized by law to call into federal active duty the militia, or for any purpose for which the use of the army or the air force would in the absence of express statutory authorization be prohibited under 18 U.S.C. §1385.

29C.22 Statewide mutual aid compact.
This statewide mutual aid compact is entered into with all other emergency management commissions established pursuant to section 29C.9, counties, cities, and other political subdivisions that enter into this compact in substantially the following form:

1. Article I — Purpose and authorities.
   a. This compact is made and entered into by and between the participating emergency management commissions established pursuant to section 29C.9, counties, cities, and political subdivisions which enact this compact. For the purposes of this agreement, the term “participating governments” means emergency management commissions, counties, cities, townships, and other political subdivisions of the state which have not, through ordinance or resolution of the governing body, acted to withdraw from this compact. The inclusion of emergency management commissions in the term “participating governments” shall not convey taxing authority or other legal authority to emergency management commissions that is not otherwise granted in this chapter.
   b. The purpose of this compact is to provide for mutual assistance between the
participating governments entering into this compact in managing any emergency or disaster that is declared in accordance with a comprehensive emergency plan or by the governor, whether arising from natural disaster, technological hazard, man-made disaster, community disorder, insurgency, terrorism, or enemy attack.

c. This compact shall also provide for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by participating governments during emergencies, such actions occurring outside actual declared emergency periods.

2. Article II — General implementation.

a. Each participating government entering into this compact recognizes many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this compact. Each participating government further recognizes that there will be emergencies which require immediate access and present procedures to apply outside resources to make a prompt and effective response to the emergency. This is because few, if any, individual governments have all the resources they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

b. The prompt, full, and effective use of resources of the participating governments, including any resources on hand or available from any source, that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster declared by the governor or any participating government, shall be the underlying principle on which all articles of this compact shall be understood.

c. On behalf of the participating government in the compact, the legally designated official who is assigned responsibility for emergency management will be responsible for formulation of the appropriate intrastate mutual aid plans and procedures necessary to implement this compact.

3. Article III — Participating government responsibilities.

a. It shall be the responsibility of each participating government to formulate procedural plans and programs for intrastate cooperation in the performance of the responsibilities listed in this article. In formulating the plans, and in carrying them out, the participating governments, insofar as practical, shall:

(1) Review individual hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the participating governments might jointly suffer, whether due to natural disaster, technological hazard, man-made disaster, civil disorders, insurgency, terrorism, or enemy attack.

(2) Review the participating governments’ individual emergency plans and develop a plan that will determine the mechanism for the intrastate management and provision of assistance concerning any potential emergency.

(3) Develop intrastate procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans.

(4) Assist in warning communities adjacent to or crossing the participating governments’ boundaries.

(5) Protect and ensure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment, services, and resources, both human and material.

(6) Inventory and set procedures for the intrastate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness.

(7) Provide, to the extent authorized by law, for temporary suspension of any ordinances that restrict the implementation of the above responsibilities.

b. The authorized representative of a participating government may request assistance of another participating government by contacting the authorized representative of that participating government. The provisions of this compact shall only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If verbal, the request shall be confirmed in writing within thirty days of the verbal request. Requests shall provide all of the following:

(1) A description of the emergency service function for which assistance is needed, such
as but not limited to fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue.

(2) The amount and type of personnel, equipment, materials, and supplies needed, and a reasonable estimate of the length of time that the personnel, equipment, materials, and supplies will be needed.

(3) The specific place and time for staging of the assisting participating government’s response and a point of contact at that location.

c. The authorized representative of a participating government may initiate a request by contacting the department of homeland security and emergency management. When a request is received by the department, the department shall directly contact other participating governments to coordinate the provision of mutual aid.

d. Frequent consultation shall occur between officials who have been assigned emergency management responsibilities and other appropriate representatives of the participating governments with affected jurisdictions and state government, with free exchange of information, plans, and resource records relating to emergency capabilities.

e. For purposes of this subsection, “authorized representative of a participating government” means a mayor or the mayor’s designee, a member of the county board of supervisors or a representative of the board, an emergency management coordinator or the coordinator’s designee, or the elected chief executive officer of the participating government or the elected chief executive officer’s designee authorized to enter into contracts on behalf of the participating government.

4. Article IV — Limitations. Any participating government requested to render mutual aid or conduct exercises and training for mutual aid shall take the necessary action to provide and make available the resources covered by this compact in accordance with the terms of the compact. However, it is understood that the participating government rendering aid may withhold resources to the extent necessary to provide reasonable protection for the participating government. Each participating government shall afford to the emergency forces of any other participating government, while operating within its jurisdictional limits under the terms and conditions of this compact, the same powers, except that of arrest unless specifically authorized by the receiving participating government, duties, rights, and privileges as are afforded forces of the participating government in which the emergency forces are performing emergency services. Emergency forces shall continue under the command and control of their regular leaders, but the organizational units shall come under the operational control of the emergency services authorities of the participating government receiving assistance. These conditions may be activated, as needed, only subsequent to a declaration of a state of emergency or disaster by the governor or by competent authority of the participating government that is to receive assistance, or commencement of exercises or training for mutual aid, and shall continue so long as the exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving jurisdiction, whichever is longer.

5. Article V — Licenses and permits. If a person holds a license, certificate, or other permit issued by any participating government to this compact evidencing the meeting of qualifications for professional, mechanical, or other skills, and when the assistance is requested by another participating government, the person shall be deemed licensed, certified, or permitted by the participating government requesting assistance to render aid involving the skill to meet a declared emergency or disaster, subject to the limitations and conditions as the governor may prescribe by executive order or otherwise.

6. Article VI — Liability. Officers or employees of a participating government rendering aid in another participating government jurisdiction pursuant to this compact shall be considered agents of the requesting participating government for tort liability and immunity purposes and a participating government or its officers or employees rendering aid in another jurisdiction pursuant to this compact shall not be liable on account of any act or omission in good faith on the part of the forces while so engaged or on account of the
maintenance or use of any equipment or supplies in connection with the aid. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

7. Article VII — Supplementary agreements. Because it is probable that the pattern and detail of the machinery for mutual aid among two or more participating governments may differ from that among other participating governments, this compact contains elements of a broad base common to all political subdivisions, and this compact shall not preclude any political subdivision from entering into supplementary agreements with another political subdivision or affect any other agreements already in force between political subdivisions. Supplementary agreements may include, but shall not be limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, and equipment and supplies.

8. Article VIII — Workers’ compensation. Each participating government shall provide for the payment of workers’ compensation and death benefits to injured members of the emergency forces of that participating government and representatives of deceased members of the emergency forces in case the members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within their own jurisdiction.

9. Article IX — Reimbursement. Any participating government rendering aid in another jurisdiction pursuant to this compact shall be reimbursed by the participating government receiving the emergency aid for any loss or damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with the requests. However, an aiding political subdivision may assume in whole or in part the loss, damage, expense, or other cost, or may loan the equipment or donate the services to the receiving participating government without charge or cost, and any two or more participating governments may enter into supplementary agreements establishing a different allocation of costs among the participating governments. Article VIII expenses shall not be reimbursable under this provision.

10. Article X — Evacuation and sheltering. Plans for the orderly evacuation and reception of portions of the civilian population as the result of any emergency or disaster shall be worked out and maintained between the participating governments and the emergency management or services directors of the various jurisdictions where any type of incident requiring evacuations might occur. The plans shall be put into effect by request of the participating government from which evacuees come and shall include the manner of transporting the evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends, and the forwarding of the evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. The plans shall provide that the participating government receiving evacuees and the participating government from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for the evacuees, for expenditures for transportation, food, clothing, medicines and medical care, and like items. The expenditures shall be reimbursed as agreed by the participating government from which the evacuees come. After the termination of the emergency or disaster, the participating government from which the evacuees come shall assume the responsibility for the ultimate support of repatriation of such evacuees.

11. Article XI — Implementation.
   a. This compact shall become operative July 1, 2009.
   b. Any participating government may withdraw from this compact by adopting an ordinance or resolution repealing the same, but a withdrawal shall not take effect until thirty days after the governing body of the withdrawing participating government has given notice in writing of the withdrawal to the director of the department of homeland security and emergency management who shall notify all other participating governments. The action shall not relieve the withdrawing political subdivision from obligations assumed under this compact prior to the effective date of withdrawal.
   c. Duly authenticated copies of this compact and any supplementary agreements as
§29C.22, EMERGENCY MANAGEMENT AND SECURITY

may be entered into shall be deposited, at the time of their approval, with the director of the department of homeland security and emergency management who shall notify all participating governments and other appropriate agencies of state government.

12. Article XII — Validity. This compact shall be construed to effectuate the purposes stated in article I. If any provision of this compact is declared unconstitutional, or the applicability of the compact to any person or circumstances is held invalid, the constitutionality of the remainder of this compact and the applicability of this compact to other persons and circumstances shall not be affected.

   e. (1) “Out-of-state business” means a business entity that meets all of the following requirements:

      (a) The business entity is requested to perform disaster or emergency-related work in the state by a registered business or by the state or a political subdivision of the state.

a. Notwithstanding any other provision of law to the contrary, an out-of-state business that conducts operations within the state solely for the purpose of performing disaster or emergency-related work during a disaster response period shall not be considered to have established a level of presence that would subject the out-of-state business to any of the following:

(1) The requirement to complete or obtain any state or local registration, license, or similar authorization as a condition of doing business in this state or engaging in an occupation in this state, or to pay any related fee, including but not limited to the requirement to register with the secretary of state or a political subdivision. 25. “Wireless communications service” means commercial mobile radio service. “Wireless communications service” includes any wireless two-way communications used in cellular telephone service, personal communications service, or the functional or competitive equivalent of a radio-telephone communications line used in cellular telephone service, a personal communications service, or a network access line. “Wireless communications service” does not include a service whose customers do not have access to 911 or 911-like service, a communications channel utilized only for data transmission, or a private telecommunications system.

26. “Wireless communications service provider” means a company that offers wireless communications service to users of wireless devices including but not limited to cellular; personal communications services, mobile satellite services, and enhanced specialized mobile radio.

27. “Wireless E911 phase 1” means a 911 call made from a wireless device in which the wireless communications service provider delivers the call-back number and address of the tower that received the call to the appropriate public safety answering point.

28. “Wireless E911 phase 2” means a 911 call made from a wireless device in which the wireless communications service provider delivers the call-back number and the latitude and longitude coordinates of the wireless device to the appropriate public safety answering point.

29. “Wire-line 911 service surcharge” means a charge set by the 911 service area operating authority and assessed on each wire-line access line which physically terminates within the 911 service area in accordance with section 34A.7.

34A.2 Program manager — appointment — duties.

1. The director of the department of homeland security and emergency management shall appoint a 911 program manager to administer this chapter.

2. The 911 program manager shall act under the supervisory control of the director of the department of homeland security and emergency management, and in consultation with the 911 communications council, and shall perform the duties specifically set forth in this chapter and as assigned by the director.

34A.3 Joint 911 service board — 911 service plan — implementation — waivers.

1. Joint 911 service boards — plans.
   a. The board of supervisors of each county shall maintain a joint 911 service board.
      (1) Each political subdivision of the state having a public safety agency serving territory within the county and each local emergency management agency as defined in section 29C.2 operating within the area is entitled to voting membership on the joint 911 service board. For the purposes of this section, a township that operates a volunteer fire department providing fire protection services to the township, or a city which provides fire protection services through the operation of a volunteer fire department not financed through city government, shall be considered a political subdivision of the state having a public safety agency serving territory within the county. Each private safety agency operating within the area is entitled to nonvoting membership on the board.
      (2) A township that does not operate its own public safety agency, but contracts for the provision of public safety services, is not entitled to membership on the joint 911 service board, but its contractor is entitled to membership according to the contractor’s status as a public or private safety agency.
      (3) The sheriff of each county, or the sheriff’s designee, is entitled to voting membership on the joint 911 service board.
      (4) The chief of police of each city operating a public safety answering point, or the chief of police’s designee, is entitled to voting membership on the joint 911 service board of the county where the city is located.
   b. The joint 911 service board shall maintain a 911 service plan encompassing at minimum the entire county, unless an exemption is granted by the program manager permitting a smaller 911 service area.
      (1) The program manager may grant a discretionary exemption from the single county minimum service area requirement based upon a joint 911 service board’s or other 911 service plan operating authority’s presentation of evidence which supports the requested exemption if the program manager finds that local conditions make adherence to the minimum standard unreasonable or technically infeasible and that the purposes of this chapter would be furthered by granting an exemption. The minimum size requirement is intended to prevent unnecessary duplication of public safety answering points and minimize other administrative, personnel, and equipment expenses.
      (2) The program manager may order the inclusion of a specific territory not serviced by surrounding 911 service plan areas in an adjoining 911 service plan area upon request of the joint 911 service board representing the territory to avoid the creation by exclusion of a territory smaller than a single county.
   c. The 911 service plan operating authority shall submit proposed changes to the plan to all of the following:

(1) The program manager.
(2) Public and private safety agencies in the 911 service area.
(3) Local exchange service providers affected by the 911 service plan.

2. **Compliance waivers available in limited circumstances.**
   a. The program manager may extend the time period for plan implementation by issuing a compliance waiver.
   b. The compliance waiver shall be based upon a joint 911 service board’s presentation of evidence which supports an extension if the program manager finds that local conditions make implementation financially unreasonable or technically infeasible by the originally scheduled plan of implementation.
   c. The compliance waiver shall be for a set period of time, and subject to review and renewal or denial of renewal upon its expiration.
   d. The waiver may cover all or a portion of a 911 service plan’s 911 service area to facilitate phased implementation when possible.
   e. The granting of a compliance waiver does not create a presumption that the identical or similar waiver will be extended in the future.
   f. Consideration of compliance waivers shall be on a case-by-case basis.

3. **Chapter 28E agreement — alternative to joint 911 service board.**
   a. A legal entity created pursuant to chapter 28E by a county or counties, other political divisions, and public or private agencies to jointly plan, implement, and operate a countywide, or larger, 911 service system may be substituted for the joint 911 service board required under subsection 1. An alternative legal entity created pursuant to chapter 28E as a substitute for a joint 911 service board, as permitted by this subsection, may be created by either:
      (1) Agreement of the parties entitled to voting membership on a joint 911 service board.
      (2) Agreement of the members of a joint 911 service board.
   b. An alternative chapter 28E entity has all of the powers of a joint 911 service board and any additional powers granted by the agreement. As used in this chapter, “joint 911 service board” includes an alternative chapter 28E entity created for that purpose, except as specifically limited by the chapter 28E agreement or unless clearly provided otherwise in this chapter. A chapter 28E agreement related to 911 service shall permit the participation of a private safety agency or other persons allowed to participate in a joint 911 service board, but the terms, scope, and conditions of participation are subject to the chapter 28E agreement.

4. **Participation in joint 911 service board required.** A political subdivision having a public or private safety agency within its territory or jurisdiction shall participate in a joint 911 service board and cooperate in maintaining the 911 service plan.

**34A.4 Requirements of pay telephones and other telecommunications devices to allow 911 calls without depositing coins or other charge.**

In a 911 service area, a person shall not install or offer for use within the 911 service area a pay station telephone or other fixed device unless the telephone or device is capable of making a 911 call without prior insertion of a coin or payment of any other charge, and unless the telephone or device displays notice of free 911 service.

34A.7 Funding — wire-line 911 service surcharge.

When a 911 service plan is implemented, the costs of providing 911 service within a 911 service area are the responsibility of the joint 911 service board and the member political subdivisions. Costs in excess of the amount raised by imposition of the 911 service surcharge provided for under subsection 1 shall be paid by the joint 911 service board from such revenue sources allocated among the member political subdivisions as determined by the joint 911 service board. Funding is not limited to the surcharge, and surcharge revenues may be supplemented by other permissible local and state revenue sources. A joint 911 service board shall not commit a political subdivision to appropriate property tax revenues to fund a 911 service plan without the consent of the political subdivision. A joint 911 service board may approve a 911 service plan, including a funding formula requiring appropriations by participating political subdivisions, subject to the approval of the funding formula by each political subdivision. However, a political subdivision may agree in advance to appropriate property tax revenues or other moneys according to a formula or plan developed by an alternative chapter 28E entity.

1. Local wire-line 911 service surcharge imposition.

a. To encourage local implementation of 911 service, one source of funding for 911 emergency communication systems shall come from a surcharge per month, per access line on each access line subscriber, of one dollar.

b. The surcharge shall be imposed by order of the program manager as follows:

(1) The program manager shall notify a local exchange service provider scheduled to provide exchange access line service to a 911 service area that implementation of a 911 service plan has been approved by the joint 911 service board and that collection of the surcharge is to begin within sixty days.

(2) The program manager shall also provide notice to all affected public safety answering points.

2. Surcharge collected by local exchange service providers.

a. The surcharge shall be collected as part of the access line service provider’s periodic billing to a subscriber. In compensation for the costs of billing and collection, the local exchange service provider may retain one percent of the gross surcharges collected. If the compensation is insufficient to fully recover a local exchange service provider’s costs for billing and collection of the surcharge, the deficiency shall be included in the local exchange service provider’s costs for ratemaking purposes to the extent it is reasonable and just under section 476.6. The surcharge shall be remitted to the joint 911 service board for deposit into the 911 service fund quarterly by the local exchange service provider. The total amount for multiple exchanges may be combined.

b. A local exchange service provider is not liable for an uncollected surcharge for which the local exchange service provider has billed a subscriber but not been paid. The surcharge shall appear as a single line item on a subscriber’s periodic billing entitled, “911 emergency communications service surcharge”.

c. The joint 911 service board may request, not more than once each quarter, the following information from the local exchange service provider:

(1) The identity of the exchange from which the surcharge is collected.

(2) The number of lines to which the surcharge was applied for the quarter.
The number of refusals to pay per exchange if applicable.
Write-offs applied per exchange if applicable.
The number of lines exempt per exchange.
The amount retained by the local exchange service provider generated from the one percent administration fee.

Access line counts and surcharge remittances are confidential public records as provided in section 34A.8.

3. Maximum limit per subscriber billing for surcharge. An individual subscriber shall not be required to pay on a single periodic billing the surcharge on more than one hundred access lines, or their equivalent, in a 911 service area. A subscriber shall pay the surcharge in each 911 service area in which the subscriber receives access line service.

4. 911 service fund. Each joint 911 service board shall establish and maintain as a separate account a 911 service fund. Any funds remaining in the account at the end of each fiscal year shall not revert to the general funds of the member political subdivisions, except as provided in subsection 5, but shall remain in the 911 service fund. Moneys in a 911 service fund may only be used for nonrecurring and recurring costs of the 911 service plan as approved by the program manager, as those terms are defined by section 34A.2.

5. Use of moneys in fund — priority and limitations on expenditure.

a. Moneys deposited in a 911 service fund shall be used for the repayment of any bonds issued for the benefit of or loan made to the joint 911 service board pursuant to sections 34A.20 through 34A.22, and as long as any such bond or loan remains unpaid the surcharge shall not be reduced or eliminated. Moneys deposited in the fund shall be subject to such terms and conditions as may be contained in the relevant bond documents, trust indenture, resolution, loan agreement, or other instrument pursuant to which bonds are issued or a loan is made, without regard to any limitation otherwise provided by law.

b. Moneys deposited in a 911 service fund shall be used for the following, in order of priority if paragraph “a” does not apply:

(1) Money shall first be spent for actual recurring costs of operating the 911 service plan.
(2) If money remains in the fund after fully paying for recurring costs incurred in the preceding year, the remainder may be spent to pay for nonrecurring costs, not to exceed actual nonrecurring costs as approved by the program manager.
(3) If money remains in the fund after fully paying obligations under subparagraphs (1) and (2), the remainder may be accumulated in the fund as a carryover operating surplus.

6. Limitation of liability — provider not liable on cause of action related to provision of 911 services. A claim or cause of action does not exist based upon or arising out of an act or omission in connection with a land-line or wireless provider’s participation in a 911 service plan or provision of 911 or local exchange access service, unless the act or omission is determined to be willful and wanton negligence.

34A.7A Emergency communications service surcharge — fund established — distribution and permissible expenditures.

1. a. The director shall adopt by rule a monthly surcharge of one dollar to be imposed on each originating service number provided in this state. The surcharge shall be imposed uniformly on a statewide basis and simultaneously on all originating service numbers as provided by rule of the director. The surcharge shall not be imposed on wire-line-based communications or prepaid wireless telecommunications service.

b. The program manager shall provide no less than sixty days’ notice of the surcharge to be imposed to each originating service provider.

c. (1) The surcharge shall be collected as part of the originating service provider’s
periodic billing to a subscriber. The surcharge shall appear as a single line item on a subscriber’s periodic billing indicating that the surcharge is for 911 emergency communications service.

2. In compensation for the costs of billing and collection, the originating service provider may retain one percent of the gross surcharges collected.

3. The surcharges shall be remitted quarterly by the originating service provider to the program manager for deposit into the fund established in subsection 2.

4. An originating service provider is not liable for an uncollected surcharge for which the originating service provider has billed a subscriber but which has not been paid.

2. Moneys collected pursuant to subsection 1 and section 34A.7B, subsection 2, shall be deposited in a separate 911 emergency communications fund within the state treasury under the control of the program manager. Section 8.33 shall not apply to moneys in the fund. Moneys earned as income, including as interest, from the fund shall remain in the fund until expended as provided in this section. Moneys in the fund shall be expended and distributed in the following priority order:

a. An amount as appropriated by the general assembly to the director shall be allocated to the director and program manager for implementation, support, and maintenance of the functions of the director and program manager and to employ the auditor of state to perform an annual audit of the 911 emergency communications fund.

b. (1) The program manager shall allocate to each joint 911 service board and to the department of public safety a minimum of one thousand dollars per calendar quarter for each public safety answering point within the service area of the department of public safety or joint 911 service board.

2. The amount allocated under this paragraph “b” shall be sixty percent of the total amount of surcharge generated per calendar quarter allocated as follows:

a. Sixty-five percent of the total dollars available for allocation shall be allocated in proportion to the square miles of the service area to the total square miles in this state.

b. Thirty-five percent of the total dollars available for allocation shall be allocated in proportion to the wireless 911 calls taken at the public safety answering point in the service area to the total number of wireless 911 calls originating in this state.

2. (c) Notwithstanding subparagraph divisions (a) and (b), the minimum amount allocated to each joint 911 service board and to the department of public safety shall be no less than one thousand dollars for each public safety answering point within the service area of the department of public safety or joint 911 service board.

3. The funds allocated in this paragraph “b” shall be used by the public safety answering points for the receipt and disposition of 911 calls.

c. From July 1, 2013, until June 30, 2026, the program manager shall allocate ten percent of the total amount of surcharge generated to wireless carriers to recover their costs to deliver E911 phase 1 services. If the allocation in this paragraph is insufficient to reimburse all wireless carriers for such carrier’s eligible expenses, the program manager shall allocate a prorated amount to each wireless carrier equal to the percentage of such carrier’s eligible expenses as compared to the total of all eligible expenses for all wireless carriers for the calendar quarter during which such expenses were submitted. When prorated expenses are paid, the remaining unpaid expenses shall no longer be eligible for payment under this paragraph.

d. (1) The program manager shall reimburse next generation 911 network service providers, 911 call processing equipment providers, 911 call transport providers, and third-party 911 automatic location identification database providers on a calendar quarterly basis for the costs of maintaining and upgrading the next generation 911 network functionality, 911 call processing equipment, 911 call transport from the next generation 911 network to public safety answering points and from the wireless originating service provider network to the next generation 911 network, and the automatic location identification database.

2. The program manager may also provide grants to joint 911 service boards and the department of public safety for the purpose of developing and maintaining GIS data to be used in support of the next generation 911 network. The program manager shall provide...
e. The department of homeland security and emergency management may, in a reserve account established within the 911 emergency communications fund, credit each fiscal year an amount of up to twelve and one-half percent of the annual 911 emergency communications service surcharge collected pursuant to subsection 1 and the prepaid wireless 911 surcharge collected pursuant to section 34A.7B, subsection 2. However, the moneys contained in such reserve account shall not exceed twelve and one-half percent of the total surcharges collected for each fiscal year. Moneys credited to the reserve account shall only be used by the department for the purpose of repairing or replacing equipment in the event of a catastrophic equipment failure, as determined by the director.

f. (1) If moneys remain in the fund after fully paying all obligations under paragraphs “a”, “b”, “c”, “d”, and “e”, remaining funds shall be expended and distributed in the following priority order:

   (a) (i) The director, in consultation with the program manager and the 911 communications council, may provide grants to any public safety answering point agreeing to consolidate. For purposes of this subparagraph division, “consolidate” means the consolidation of all public safety answering point systems, functions, 911 service areas, and physical facilities of two or more public safety answering points, resulting in the consolidated public safety answering point being responsible for all call answering and dispatch functions for the combined 911 service area. Such a grant to a public safety answering point shall not exceed one-half of the projected cost of consolidation, or two hundred thousand dollars, whichever is less.

   (ii) Grants provided under this subparagraph may, subject to available funding, be provided until June 30, 2022.

   (iii) The director, in consultation with the program manager and the 911 communications council, shall adopt rules governing the eligibility for and the 911 communications council’s distribution of grants to public safety answering points pursuant to this subparagraph division.

   (b) The program manager, in consultation with the 911 communications council, shall allocate an amount, not to exceed one hundred thousand dollars per fiscal year, for development of public awareness and educational programs related to the use of 911 by the public, educational programs for personnel responsible for the maintenance, operation, and upgrading of local 911 systems, and the expenses of members of the 911 communications council for travel, monthly meetings, and training, provided, however, that the members have not received reimbursement funds for such expenses from another source.

   (c) The program manager shall allocate an equal amount of moneys to each public safety answering point for costs related to the receipt and disposition of 911 calls, including hardware and software for the next generation 911 network and local costs related to accessing the state’s interoperable communications system.

   (2) Notwithstanding section 8.33, any moneys remaining in the fund at the end of each fiscal year shall not revert to the general fund of the state but shall remain available for the purposes of the fund.

   g. The director, in consultation with the program manager and the 911 communications council, shall adopt rules pursuant to chapter 17A governing the distribution of the surcharge collected and distributed pursuant to this subsection. The rules shall include provisions that all joint 911 service boards and the department of public safety which answer or service wireless 911 calls are eligible to receive an equitable portion of the receipts.

   3. a. The program manager shall submit an annual report by January 15 of each year to the general assembly’s standing committees on government oversight advising the general assembly of the status of 911 implementation and operations, including both wire-line and wireless services, the distribution of surcharge receipts, and an accounting of the revenues and expenses of the 911 program.

   b. The program manager shall submit a calendar quarter report of the revenues and expenses of the 911 program to the fiscal services division of the legislative services agency.
c. The general assembly’s standing committees on government oversight shall review the priorities of distribution of funds under this chapter at least every two years.

4. The amount collected from an originating service provider and deposited in the fund, pursuant to section 22.7, subsection 6, information provided by an originating service provider to the program manager consisting of trade secrets, pursuant to section 22.7, subsection 3, and other financial or commercial operations information provided by an originating service provider to the program manager, shall be kept confidential as provided under section 22.7. This subsection does not prohibit the inclusion of information in any report providing aggregate amounts and information which does not identify numbers of accounts or customers, revenues, or expenses attributable to an individual originating service provider.

5. a. The program manager, in consultation with the 911 communications council and the auditor of state, shall establish a methodology for determining and collecting comprehensive public safety answering point cost and expense data through the county joint 911 service boards. The methodology shall include the collection of data for all costs and expenses related to the operation of a public safety answering point and account for the extent to which identified costs and expenses are compensated for or addressed through 911 surcharges versus other sources of funding.

b. Data collection pursuant to paragraph “a” shall commence no later than January 1, 2014, and shall be subject to an audit by the auditor of state beginning July 1, 2014. The program manager shall prepare a report detailing the methodology developed and the data collected after such data has been collected for a two-year period. The report and the results of the initial audit shall be submitted to the general assembly by March 1, 2016. A new report regarding data collection and the results of an ongoing audit for each successive two-year period shall be submitted by March 1 every two years thereafter. Expenses associated with the audit shall be paid to the auditor of state by the program manager from the 911 emergency communications fund established in subsection 2.

c. A county joint 911 service board which fails to submit expenses and costs pursuant to the methodology developed pursuant to paragraph “a” by March 31 of each year shall be allocated sixty-five cents out of the one dollar 911 emergency communications service surcharge until March 31 of the following year. Remaining funds shall be held in the carryover operating surplus fund until the expenses and cost report is submitted by the county joint 911 service board. If the county joint 911 service board submits the expense and cost report before March 30 of the following year, the set aside funds shall be provided to the county joint 911 service board. If the county joint 911 service board fails to submit the expense and cost report within one year, funds shall revert to the carryover operating surplus fund and be used in accordance with subsection 2, paragraph “f”.

The amount of the prepaid wireless 911 surcharge shall be either separately stated on an invoice, receipt, or other similar document that is provided to the consumer by the seller, or otherwise disclosed to the consumer.

4. For purposes of subsection 3, a retail transaction that is effected in person by a consumer at a business location of the seller shall be treated as occurring in this state if that business location is in this state, and any other retail transaction shall be treated as occurring in this state if the retail transaction is treated as occurring in this state for purposes of section 423.20 as that section applies to sourcing of a prepaid wireless calling service.

5. The prepaid wireless 911 surcharge is the liability of the consumer and not of the seller or of any provider, except that the seller shall be liable to remit all prepaid wireless 911 surcharges that the seller collects from consumers as provided in subsection 3, including all such surcharges that the seller is deemed to collect where the amount of the surcharge has not been separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller.

6. The amount of the prepaid wireless 911 surcharge that is collected by a seller from a consumer, if such amount is separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller, shall not be included in the base for measuring any tax, fee, other surcharge, or other charge that is imposed by this state, any political subdivision of this state, or any intergovernmental agency.

The proportional increase or reduction shall be effective on the first day of the calendar month after the effective date of the change to the surcharge imposed under section 34A.7A, subsection 1. The department shall provide not less than thirty days' advance notice of such increase or reduction on the department's internet site.

For purposes of this subsection, an amount of service denominated as ten minutes or less, or five dollars or less, shall be regarded as a minimal amount of service.

9. Prepaid wireless 911 surcharges collected by sellers shall be remitted to the department at the times and in the manner provided by chapter 423 with respect to the sales and use tax. The department shall establish registration and payment procedures that substantially coincide with the registration and payment procedures that apply to sellers under chapter 423.

13. The department shall transfer all reported prepaid wireless 911 surcharges to the treasurer of state for deposit in the 911 emergency communications fund created under section 34A.7A, subsection 2, within thirty days of receipt after deducting an amount, not to exceed two percent of collected surcharges, that shall be retained by the department to

In addition, a provider or seller of prepaid wireless telecommunications service shall not be liable for damages to any person resulting from or incurred in connection with the provision of any lawful assistance to any investigative or law enforcement officer of the United States, this or any other state, or any political subdivision of this or any other state, in connection with any lawful investigation or other law enforcement activity by such investigative or law enforcement officer.

15. The prepaid wireless 911 surcharge imposed pursuant to this section shall be the only 911 funding obligation imposed with respect to prepaid wireless telecommunications service in this state, and no tax, fee, surcharge, or other charge shall be imposed by this state, any political subdivision of this state, or any intergovernmental agency, for 911 funding purposes, upon any provider, seller, or consumer with respect to the sale, purchase, use, or provision of prepaid wireless telecommunications service.

34A.8 Local exchange service information — penalty.

The local exchange service provider shall receive as compensation for the provision of local exchange service information charges according to its tariffs on file with and approved by the Iowa utilities board. 3. In all jobs of political subdivisions of the state which are to be filled by competitive examination or by appointment, public notice of the application deadline to fill a job shall be posted at least ten days before the deadline in the same manner as notices of meetings are posted under section 21.4.

The appointing officer, board, or person shall set forth in writing and file for public inspection the specific grounds upon which it appointed or refused to appoint the person. In addition to the remedy provided in section 35C.4, an appeal may be taken by any person belonging to any of the classes of persons to whom a preference is granted under this chapter, from any refusal to allow the preference, as provided in this chapter, to the district court of the county in which the refusal occurs.

2. The appeal shall be made by serving upon the appointing board, within twenty days after the date of the refusal of the appointing officer, board, or persons to allow the preference, a written notice of appeal stating the grounds of the appeal and a demand in writing for a certified transcript of the record and all papers on file in the office affecting or relating to the appointment. Upon receipt of the notice and demand, the appointing officer, board, or person shall, within ten days, make, certify, and deliver to the appellant the transcript. The appellant shall, within five days thereafter, file the transcript and a copy of the notice of appeal with the clerk of court.

The court shall receive and consider any pertinent evidence, whether oral or documentary, concerning the appointment from which the appeal is taken. If the court finds that the applicant is qualified as defined in section 35C.1, to hold the position for which the applicant has applied, the court shall, by its mandate, specifically direct the appointing officer, board, or persons as to their further action in the matter.

4. An appeal may be taken from the judgment of the district court on the same terms as an appeal is taken in civil actions. 39A.1 Title and purpose — election officials defined.
1. This chapter may be cited and referred to as the “Election Misconduct and Penalties Act”.
2. The purpose of this chapter is to identify actions which threaten the integrity of the election process and to impose significant sanctions upon persons who intentionally commit those acts. It is the intent of the general assembly that offenses with the greatest potential to affect the election process be vigorously prosecuted and strong punishment meted out through the imposition of felony sanctions which, as a consequence, remove the voting rights of the offenders. Other offenses are still considered serious, but based on the factual context in which they arise, they may not rise to the level of offenses to which felony penalties attach. The general assembly also recognizes that instances may arise in which technical infractions of chapters 39 through 53 may occur which do not merit any level of criminal sanction. In such instances, administrative notice from the state or county commissioner of elections is sufficient. Mandates or proscriptions in chapters 39 through 53 which are not specifically included in this chapter shall be considered to be directive only, without criminal sanction.
3. For the purposes of this chapter, “election officials” include the state commissioner, the county commissioner, employees of the state commissioner and county commissioner who are responsible for carrying out functions or duties under chapters 39 through 53, and precinct election officials appointed pursuant to sections 49.12, 49.14, 49.18, and 53.23.

42.2 Preparations for redistricting.
1. The legislative services agency shall acquire appropriate information, review and evaluate available facilities, and develop programs and procedures in preparation for drawing congressional and legislative redistricting plans on the basis of each federal census. Funds shall be expended for the purchase or lease of equipment and materials only with prior approval of the legislative council.
2. By December 31 of each year ending in zero, the legislative services agency shall obtain from the United States bureau of the census information regarding geographic and political units in this state for which federal census population data has been gathered and will be tabulated. The legislative services agency shall use the data so obtained to:
   a. Prepare necessary descriptions of geographic and political units for which census data will be reported, and which are suitable for use as components of legislative districts.
   b. Prepare maps of counties, cities and other geographic units within the state, which may be used to illustrate the locations of legislative district boundaries proposed in plans drawn in accordance with section 42.4.
3. As soon as possible after January 1 of each year ending in one, the legislative services agency shall obtain from the United States bureau of the census the population data needed for legislative districting which the census bureau is required to provide this state under United States Pub. L. No. 94-171, and shall use that data to assign a population figure based upon certified federal census data to each geographic or political unit described pursuant to subsection 2, paragraph “a”. Upon completing that task, the legislative services agency shall begin the preparation of congressional and legislative districting plans as required by section 42.3.
4. Upon each delivery by the legislative services agency to the general assembly of a bill embodying a plan, pursuant to section 42.3, the legislative services agency shall at the earliest feasible time make available to the public the following information:
   a. Copies of the bill delivered by the legislative services agency to the general assembly.
   b. Maps illustrating the plan.
   c. A summary of the standards prescribed by section 42.4 for development of the plan.
   d. A statement of the population of each district included in the plan, and the relative deviation of each district population from the ideal district population.

[C81, §42.2]

42.3 Timetable for preparation of plan.
1. a. Not later than April 1 of each year ending in one, the legislative services agency shall deliver to the secretary of the senate and the chief clerk of the house of representatives identical bills embodying a plan of legislative and congressional districting prepared in accordance with section 42.4. It is the intent of this chapter that the general assembly shall bring the bill to a vote in either the senate or the house of representatives expeditiously, but not less than three days after the report of the commission required by section 42.6 is received and made available to the members of the general assembly, under a procedure or rule permitting no amendments except those of a purely corrective nature. It is further the intent of this chapter that if the bill is approved by the first house in which it is considered, it shall expeditiously be brought to a vote in the second house under a similar procedure or rule. If the bill embodying the plan submitted by the legislative services agency under this subsection fails to be approved by a constitutional majority in either the senate or the house of representatives, the secretary of the senate or the chief clerk of the house, as the case may be, shall at once, but in no event later than seven days after the date the bill failed to be approved, transmit to the legislative services agency information which the senate or house may direct by resolution regarding reasons why the plan was not approved.
b. However, if the population data for legislative districting which the United States census bureau is required to provide this state under Pub. L. No. 94-171 and, if used by the legislative services agency, the corresponding topologically integrated geographic encoding and referencing data file for that population data are not available to the legislative services agency on or before February 15 of the year ending in one, the dates set forth in paragraph “a” shall be extended by a number of days equal to the number of days after February 15 of the year ending in one that the federal census population data and the topologically integrated geographic encoding and referencing data file for legislative districting become available.

2. If the bill embodying the plan submitted by the legislative services agency under subsection 1 fails to be enacted, the legislative services agency shall prepare a bill embodying a second plan of legislative and congressional districting. The bill shall be prepared in accordance with section 42.4, and, insofar as it is possible to do so within the requirements of section 42.4, with the reasons cited by the senate or house of representatives by resolution, or the governor by veto message, for the failure to approve the plan. If a second plan is required under this subsection, the bill embodying it shall be delivered to the secretary of the senate and the chief clerk of the house of representatives not later than thirty-five days after the date of the vote by which the senate or the house of representatives fails to approve the bill submitted under subsection 1, or the date the governor vetoes or fails to approve the bill. If it is necessary to submit a bill under this subsection, the bill shall be brought to a vote not less than seven days after the bill is submitted and made available to the members of the general assembly, under a procedure or rule permitting no amendments except those of a purely corrective nature. It is further the intent of this chapter that if the bill is approved by the first house in which it is considered, it shall expeditiously be brought to a vote in the second house under a similar procedure or rule. If the bill embodying the plan submitted by the legislative services agency under this subsection fails to be approved by a constitutional majority in either the senate or the house of representatives, the secretary of the senate or the chief clerk of the house, as the case may be, shall transmit to the legislative services agency in the same manner as described in subsection 1, information which the senate or house may direct by resolution regarding reasons why the plan was not approved.

3. If the bill embodying the plan submitted by the legislative services agency under subsection 2 fails to be enacted, the same procedure as prescribed by subsection 2 shall be followed. If a third plan is required under this subsection, the bill embodying it shall be delivered to the secretary of the senate and the chief clerk of the house of representatives not later than thirty-five days after the date of the vote by which the senate or the house of representatives fails to approve the bill submitted under subsection 2, or the date the governor vetoes or fails to approve the bill. The legislative services agency shall submit a bill under this subsection sufficiently in advance of September 1 of the year ending in one to permit the general assembly to consider the plan prior to that date. If it is necessary to submit a bill under this subsection, the bill shall be brought to a vote within the same time period after its delivery to the secretary of the senate and the chief clerk of the house of representatives as is prescribed for the bill submitted under subsection 2, but shall be subject to amendment in the same manner as other bills.

[C81, §42.3]
Referred to in §42.2, 42.6

42.4 Redistricting standards.
1. Legislative and congressional districts shall be established on the basis of population.
   a. Senatorial and representative districts, respectively, shall each have a population as nearly equal as practicable to the ideal population for such districts, determined by dividing the number of districts to be established into the population of the state reported in the federal decennial census. Senatorial districts and representative districts shall not vary in population from the respective ideal district populations except as necessary to comply with one of the other standards enumerated in this section. In no case shall the quotient, obtained
by dividing the total of the absolute values of the deviations of all district populations from the applicable ideal district population by the number of districts established, exceed one percent of the applicable ideal district population. No senatorial district shall have a population which exceeds that of any other senatorial district by more than five percent, and no representative district shall have a population which exceeds that of any other representative district by more than five percent.

b. Congressional districts shall each have a population as nearly equal as practicable to the ideal district population, derived as prescribed in paragraph “a” of this subsection. No congressional district shall have a population which varies by more than one percent from the applicable ideal district population, except as necessary to comply with Article III, section 37 of the Constitution of the State of Iowa.

c. If a challenge is filed with the supreme court alleging excessive population variance among districts established in a plan adopted by the general assembly, the general assembly has the burden of justifying any variance in excess of one percent between the population of a district and the applicable ideal district population.

2. To the extent consistent with subsection 1, district boundaries shall coincide with the boundaries of political subdivisions of the state. The number of counties and cities divided among more than one district shall be as small as possible. When there is a choice between dividing local political subdivisions, the more populous subdivisions shall be divided before the less populous, but this statement does not apply to a legislative district boundary drawn along a county line which passes through a city that lies in more than one county.

3. Districts shall be composed of convenient contiguous territory. Areas which meet only at the points of adjoining corners are not contiguous.

4. Districts shall be reasonably compact in form, to the extent consistent with the standards established by subsections 1, 2, and 3. In general, reasonably compact districts are those which are square, rectangular, or hexagonal in shape, and not irregularly shaped, to the extent permitted by natural or political boundaries. If it is necessary to compare the relative compactness of two or more districts, or of two or more alternative districting plans, the tests prescribed by paragraphs “a” and “b” shall be used.

a. Length-width compactness. The compactness of a district is greatest when the length of the district and the width of the district are equal. The measure of a district’s compactness is the absolute value of the difference between the length and the width of the district. In general, the length-width compactness of a district is calculated by measuring the distance from the northernmost point or portion of the boundary of a district to the southernmost point or portion of the boundary of the same district and the distance from the westernmost point or portion of the boundary of the district to the easternmost point or portion of the boundary of the same district. The absolute values computed for individual districts under this paragraph may be cumulated for all districts in a plan in order to compare the overall compactness of two or more alternative districting plans for the state, or for a portion of the state.

b. Perimeter compactness. The compactness of a district is greatest when the distance needed to traverse the perimeter boundary of a district is as short as possible. The total perimeter distance computed for individual districts under this paragraph may be cumulated for all districts in a plan in order to compare the overall compactness of two or more alternative districting plans for the state, or for a portion of the state.

5. No district shall be drawn for the purpose of favoring a political party, incumbent legislator or member of Congress, or other person or group, or for the purpose of augmenting or diluting the voting strength of a language or racial minority group. In establishing districts, no use shall be made of any of the following data:

a. Addresses of incumbent legislators or members of Congress.

b. Political affiliations of registered voters.

c. Previous election results.

d. Demographic information, other than population head counts, except as required by the Constitution and the laws of the United States.

6. In order to minimize electoral confusion and to facilitate communication within state legislative districts, each plan drawn under this section shall provide that each representative district is wholly included within a single senatorial district and that, so far as possible, each
representative and each senatorial district shall be included within a single congressional district. However, the standards established by subsections 1 through 5 shall take precedence where a conflict arises between these standards and the requirement, so far as possible, of including a senatorial or representative district within a single congressional district.

7. Each bill embodying a plan drawn under this section shall provide that any vacancy in the general assembly which takes office in the year ending in one, occurring at a time which makes it necessary to fill the vacancy at a special election held pursuant to section 69.14, shall be filled from the same district which elected the senator or representative whose seat is vacant.

8. Each bill embodying a plan drawn under this section shall include provisions for election of senators to the general assemblies which take office in the years ending in three and five, which shall be in conformity with Article III, section 6, of the Constitution of the State of Iowa. With respect to any plan drawn for consideration in a year ending in one, those provisions shall be substantially as follows:

a. Each senatorial district in the plan which is not a holdover senatorial district shall elect a senator in the year ending in two for a four-year term commencing in January of the year ending in three. If an incumbent senator who was elected to a four-year term which commenced in January of the year ending in one, or was subsequently elected to fill a vacancy in such a term, is residing in a senatorial district in the plan which is not a holdover senatorial district on the first Wednesday in February of the year ending in two, that senator’s term of office shall be terminated on January 1 of the year ending in three.

b. Each holdover senatorial district in the plan shall elect a senator in the year ending in four for a four-year term commencing in January of the year ending in five.

   (1) If one and only one incumbent state senator is residing in a holdover senatorial district in the plan on the first Wednesday in February of the year ending in two, and that senator meets all of the following requirements, the senator shall represent the district in the senate for the general assembly commencing in January of the year ending in three:

      (a) The senator was elected to a four-year term which commenced in January of the year ending in one or was subsequently elected to fill a vacancy in such a term.

      (b) The senatorial district in the plan which includes the place of residence of the state senator on the date of the senator’s last election to the senate is the same as the holdover senatorial district in which the senator resides on the first Wednesday in February of the year ending in two, or is contiguous to such holdover senatorial district. Areas which meet only at the points of adjoining corners are not contiguous.

   (2) Each holdover senatorial district to which subparagraph (1) is not applicable shall elect a senator in the year ending in two for a two-year term commencing in January of the year ending in three. However, if more than one incumbent state senator is residing in a holdover senatorial district on the first Wednesday in February of the year ending in two, and, on or before the third Wednesday in February of the year ending in two, all but one of the incumbent senators resigns from office effective no later than January of the year ending in three, the remaining incumbent senator shall represent the district in the senate for the general assembly commencing in January of the year ending in three. A copy of each resignation must be filed in the office of the secretary of state no later than 5:00 p.m. on the third Wednesday in February of the year ending in two.

   c. For purposes of this subsection:

      (1) “Holdover senatorial district” means a senatorial district in the plan which is numbered with an even or odd number in the same manner as senatorial districts, which were required to elect a senator in the year ending in zero, were numbered.

      (2) “Incumbent state senator” means a state senator who holds the office of state senator on the first Wednesday in February of the year ending in two, and whose declared residence on that day is within the district from which the senator was last elected.

   d. The secretary of state shall prescribe a form to be completed by all senators to declare their residences as of the first Wednesday in February of the year ending in two. The form
shall be filed with the secretary of state no later than 5:00 p.m. on the first Wednesday in February of the year ending in two.

42.5 Temporary redistricting advisory commission.
1. Not later than February 15 of each year ending in one, a five member temporary redistricting advisory commission shall be established as provided by this section. The commission’s only functions shall be those prescribed by section 42.6.
   a. Each of the four selecting authorities shall certify to the chief election officer the authority’s appointment of a person to serve on the commission. The certifications may be made at any time after the majority and minority floor leaders have been selected for the general assembly which takes office in the year ending in one, even though that general assembly’s term of office has not actually begun.
   b. Within thirty days after the four selecting authorities have certified their respective appointments to the commission, but in no event later than February 15 of the year ending in one, the four commission members so appointed shall select, by a vote of at least three members, and certify to the chief election officer the fifth commission member, who shall serve as chairperson.
   c. A vacancy on the commission shall be filled by the initial selecting authority within fifteen days after the vacancy occurs.
   d. Members of the commission shall receive a per diem as specified in section 7E.6, travel expenses at the rate provided by section 70A.9, and reimbursement for other necessary expenses incurred in performing their duties under this section and section 42.6. The per diem and expenses shall be paid from funds appropriated by section 2.12.
2. No person shall be appointed to the commission who:
   a. Is not an eligible elector of the state at the time of selection.
   b. Holds partisan public office or political party office.
   c. Is a relative of or is employed by a member of the general assembly or of the United States Congress, or is employed directly by the general assembly or by the United States Congress.

42.6 Duties of commission.
The functions of the commission shall be as follows:
1. If, in preparation of plans as required by this chapter, the legislative services agency is confronted with the necessity to make any decision for which no clearly applicable guideline is provided by section 42.4, the legislative services agency may submit a written request for direction to the commission.
2. Prior to delivering any plan and the bill embodying that plan to the secretary of the senate and the chief clerk of the house of representatives in accordance with section 42.3, the legislative services agency shall provide to persons outside the legislative services agency staff only such information regarding the plan as may be required by policies agreed upon by the commission. 43.1 Primary election construed.

The primary election required by this chapter shall be construed to be an election by the members of various political parties for the purpose of placing in nomination candidates for public office.

[S13, §1087-a2; C24, 27, 31, 35, 39, §527; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §43.1]

43.2 Definitions.

1. As used in this chapter, unless the context otherwise requires:
   a. “Book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.
   b. “Political party” shall mean a party which, at the last preceding general election, cast for its candidate for president of the United States or for governor, as the case may be, at least two percent of the total vote cast for all candidates for that office at that election. It shall be the responsibility of the state commissioner to determine whether any organization claiming to be a political party qualifies as such under the foregoing definition.

2. A political organization which is not a “political party” within the meaning of subsection 1, paragraph “b”, may nominate candidates and have the names of such candidates placed upon the official ballot by proceeding under chapters 44 and 45.

[S13, §1087-a3; C24, 27, 31, 35, 39, §528; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §43.2]

43.3 Offices affected by primary.

Candidates of all political parties for all offices which are filled at a regular biennial election by direct vote of the people shall be nominated at a primary election at the time and in the manner hereinafter directed.

[S13, §1087-a1; C24, 27, 31, 35, 39, §529; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §43.3]
§43.4, PARTISAN NOMINATIONS — PRIMARY ELECTION  I-1084

43.4 Political party precinct caucuses.
1. Delegates to county conventions of political parties and party committee members shall be elected at precinct caucuses held not later than the fourth Monday in February of each even-numbered year. The date shall be at least eight days earlier than the scheduled date for any meeting, caucus, or primary which constitutes the first determining stage of the presidential nominating process in any other state, territory, or any other group which has the authority to select delegates in the presidential nomination. The state central committees of the political parties shall set the date for their caucuses. The county chairperson of each political party shall issue the call for the caucuses. The county chairperson shall file with the commissioner the meeting place of each precinct caucus at least seven days prior to the date of holding the caucus.
2. There shall be selected among those present at a precinct caucus a chairperson and a secretary who shall within seven days certify to the county central committee the names of those elected as party committee members and delegates to the county convention.
3. When the rules of a political party require the selection and reporting of delegates selected as part of the presidential nominating process, or the rules of a political party require the tabulation and reporting of the number of persons attending the caucus favoring each presidential candidate, it is the duty of a person designated as provided by the rules of that political party to report the results of the precinct caucus as directed by the state central committee of that political party. When the person designated to report the results of the precinct caucus reports the results, representatives of each candidate, if they so choose, may accompany the person as the results are being reported to assure that an accurate report of the proceedings is reported. If ballots are used at the precinct caucus, representatives of each candidate or other persons attending the precinct caucus may observe the tabulation of the results of the balloting.
4. Within sixty days after the date of the caucus the county central committee shall certify to the county commissioner the names of those elected as party committee members and delegates to the county convention. The commissioner shall retain precinct caucus records for twenty-two months. In addition, within fourteen days after the date of the precinct caucus, the chairperson of the county central committee shall deliver to the county commissioner all completed voter registration forms received at the caucus.
5. The central committee of each political party shall notify the delegates and committee members so elected and certified of their election and of the time and place of holding the county convention. Such conventions shall be held either preceding or following the primary election but no later than ten days following the primary election and shall be held on the same day throughout the state.

If the vacancy occurs later than eighty-nine days before the date of that primary election, but not less than eighty-one days before the date of the general election, the nominations shall be made in the manner prescribed by this chapter for filling vacancies in nominations for offices to be voted for at the general election.

2. When a vacancy occurs in the office of county supervisor or any of the offices listed in section 39.17 and more than seventy days remain in the term of office following the next general election, the office shall be filled for the balance of the unexpired term at that general election unless the vacancy has been filled by a special election called more than seventy-three days before the primary election. If the vacancy occurs more than seventy-three days before the primary election, political party candidates for that office at the next general election shall be nominated at the primary election. In either case, a majority vote shall decide the issue.

c. Objections filed with the city clerk shall be considered by the mayor and clerk and one member of the council chosen by the council by ballot, and a majority decision shall be final; but if the objection is to the certificate of nomination of either of those city officials, that official shall not pass upon said objection, but that official’s place shall be filled by a member of the council against whom no objection exists, chosen as above.

47.1 State commissioner of elections.
1. The secretary of state is designated as the state commissioner of elections and shall supervise the activities of the county commissioners of elections. There is established within the office of the secretary of state a division of elections which shall be under the direction of the state commissioner of elections. The state commissioner of elections may appoint a person to be in charge of the division of elections who shall perform the duties assigned by the state commissioner of elections. The state commissioner of elections shall prescribe uniform election practices and procedures, shall prescribe the necessary forms required for the conduct of elections, shall assign a number to each proposed constitutional amendment and statewide public measure for identification purposes, and shall adopt rules, pursuant to chapter 17A, to carry out this section.

2. a. The state commissioner of elections may exercise emergency powers over any election being held in a district in which either a natural or other disaster or extremely inclement weather has occurred. The state commissioner’s decision to alter any conduct for an election using emergency powers must be approved by the legislative council. If the legislative council does not approve the secretary of state’s use of emergency powers to conduct an election, the legislative council may choose to present and approve its own election procedures or choose to take no further action. The state commissioner of elections may also exercise emergency powers during an armed conflict involving United States armed forces, or mobilization of those forces, or if an election contest court finds that there were errors in the conduct of an election making it impossible to determine the result.

b. If an emergency exists in all precincts of a county, the number of polling places shall not be reduced by more than thirty-five percent. The polling places allowed to open shall
be equitably distributed in the county based on the ratio of regular polling places located in unincorporated areas in the county to regular polling places in incorporated areas in the county.

3. The secretary of state is designated the chief state election official and is responsible for coordination of state responsibilities under the federal National Voter Registration Act of 1993.

4. The state commissioner shall adopt rules describing the emergency powers and the situations in which the powers will be exercised.

5. The state commissioner shall adopt rules pursuant to chapter 17A, for the implementation of uniform and nondiscriminatory administrative complaint procedures for resolution of grievances relating to violations of Tit. In complaint proceedings in which one of the respondents is the state commissioner of elections, the presiding officer shall be a panel consisting of all members of the state voter registration commission appointed pursuant to section 47.8, except the state commissioner of elections or the state commissioner’s designee.

6. The state commissioner may, at the state commissioner’s discretion, examine the records of a commissioner to evaluate complaints and to ensure compliance with the provisions of chapters 39 through 53. This examination shall include assessments conducted or authorized by private or government entities to evaluate a county’s security readiness for elections-related technology or physical facilities. The state commissioner shall adopt rules pursuant to chapter 17A to require a commissioner to provide written explanations related to examinations conducted pursuant to this subsection. Any information that is requested by or in the possession of the state commissioner pursuant to this chapter shall not lose its confidential status pursuant to section 22.7, subsection 50.

7. The state commissioner may share information a county provides to an appropriate government agency to safeguard against cybersecurity or physical threats.

8. The state commissioner may adopt rules pursuant to chapter 17A to create minimum security protocols applicable to county commissioners of elections. If a county fails to adhere to these protocols, the state commissioner may limit access to the statewide voter registration system.

47.2 County commissioner of elections.

1. The county auditor of each county is designated as the county commissioner of elections in each county. The county commissioner of elections shall conduct voter registration pursuant to chapter 48A and conduct all elections within the county.

2. a. When an election is to be held as required by law or is called by a political subdivision of the state and the political subdivision is located in more than one county, the county commissioner of elections of each of those counties shall conduct that election within the commissioner’s county. However, the commissioner for the county having the greatest taxable base within the political subdivision shall serve as the controlling commissioner for the election. The controlling commissioner shall receive all nomination papers and public measures for the political subdivision. By the forty-first day prior to the election, the controlling commissioner shall certify the names of candidates and the text and summary of any public measure being submitted to the electorate to all county commissioners of elections required to conduct elections for the political subdivision. The county commissioners of elections of the other counties in which the political subdivision is located shall cooperate with the controlling commissioner.

b. Notwithstanding paragraph “a”, for a city primary election, city runoff election, or a
special election for a city, school district, or merged area, if a political subdivision is located in more than one county, the county commissioner of elections of a county not having the greatest taxable base within the political subdivision may designate that the controlling commissioner of the political subdivision shall conduct that election if fewer than one hundred twenty-five registered voters of the political subdivision are located within such county commissioner’s county. If the controlling commissioner is so designated, section 50.24, subsections 4 and 5, shall not apply. For the purposes of this paragraph, the number of registered voters shall be the number of registered voters in the political subdivision of a county not having the greatest taxable base on May 1 immediately preceding the first day of the filing period for candidates for the election. If May 1 falls on a day when the county commissioner’s office is closed for business, the county commissioner shall use the number of registered voters on the next day that the county commissioner’s office is open for business to determine the number of registered voters.

3. The commissioner may designate as a deputy county commissioner of elections any officer of a political subdivision who is required by law to accept nomination papers filed by candidates for office in that political subdivision, and when so designated that person shall assist the commissioner in administering elections conducted by the commissioner for that subdivision. The designation of a person as a deputy commissioner of elections pursuant to this section, once made, shall continue in effect until the designation is withdrawn by the commissioner.

4. The commissioner shall assign each local public measure a letter for identification purposes. The public measure on the ballot shall be identified by the letter.

a. The county commissioner who is responsible under subsection 2 for conducting the elections held for a political subdivision which lies in more than one county shall assign the letter to the public measure.

b. The county commissioners of elections of the other counties in which the political subdivision is located shall not assign the same letter to a local public measure on the ballot in their counties during the same election.

5. The office of county auditor or county commissioner of elections in each county shall be open for at least eight hours on the Saturday preceding a general election, primary election, or special election called by the governor for the purpose of receiving absentee ballots and conducting other official business relating to the election.

6. On the final date for filing nomination papers in the commissioner’s office the office shall be open until the time for receiving nomination papers has passed.

7. The county commissioner of elections shall, to maintain election security, do all of the following:

a. When the county commissioner believes that a cybersecurity incident or data breach has occurred, the county commissioner shall immediately inform the state commissioner of elections.

b. If the county commissioner has no reason to believe that a cybersecurity incident or data breach has occurred, the county commissioner shall certify that fact to the state commissioner on an annual basis.

8. The county commissioner shall not participate in an absentee ballot drive or collection effort in cooperation with a candidate, candidate’s committee, political party, or nonparty political organization. However, when a county commissioner is a candidate for election, such a county commissioner may participate in an absentee ballot drive or collection effort, but shall not aid any other candidate, candidate’s committee, political party, or nonparty political organization.

The county commissioner of elections shall certify to the county board of supervisors a statement of cost for an election. The cost shall be assessed by the county board of supervisors against the political subdivision for which the election was held.

3. a. Costs of registration and administrative and clerical costs shall not be charged as a part of the election costs.

b. If automatic tabulating equipment is used in any election, the county commissioner of elections shall not charge any political subdivision of the state a rental fee for the use of any automatic tabulating equipment.

4. 47.5 Purchasing by competitive bidding.

1. Except for legal services and printing of ballots, the commissioner shall take bids for goods and services which are needed in connection with registration of voters or preparation for or administration of elections and which will be performed or provided by persons who are not employees of the commissioner under the following circumstances:

a. In any case where it is proposed to purchase data processing services. The commissioner shall give the registrar written notice in advance on each occasion when it is proposed to have data processing services, necessary in connection with the administration of elections, performed by any person other than the registrar or an employee of the county. Such notice shall be made at least thirty days prior to publication of the specifications.

b. In all other cases, where the cost of the goods or services to be purchased will exceed one thousand dollars.

2. When it is proposed to purchase any goods or services, other than data processing services, in connection with administration of elections, the commissioner shall publish notice to bidders, including specifications regarding the goods or services to be purchased or a description of the nature and object of the services to be retained, in a newspaper of general circulation in the county not less than fifteen days before the final date for submission of bids. When competitive bidding procedures are used, the purchase of goods or services shall be made from the lowest responsible bidder which meets the specifications or description of the services needed or the commissioner may reject all bids and readvertise. In determining the lowest responsible bidder, various factors may be considered, including
but not limited to the past performance of the bidder relative to quality of product or service, the past experience of the purchaser in relation to the product or service, the relative quality of products or services, the proposed terms of delivery and the best interest of the county.

3. The procedure for purchasing data processing services in connection with administration of elections is the same as prescribed in subsection 2, except that the required copy of the bid specifications shall be filed with the registrar rather than the state commissioner. The specifications for data processing contracts relative to voter registration records shall be specified by the registration commission. The registrar shall, not later than the final date for submission of bids, inform the commissioner in writing whether the department of administrative services data processing facilities are currently capable of furnishing the services the county proposes to purchase, and if so the cost to the county of so obtaining the services as determined in accordance with the standard charges adopted by the registration commission. The commissioner, with approval of the board of supervisors, may reject all bids and enter into an arrangement with the registrar for the services to be furnished by the state. The commissioner may recommend and the board of supervisors may approve purchasing the needed services from the lowest responsible bidder; however, if the needed services could be obtained through the registrar at a lower cost, the board shall publish notice twice in a newspaper of general circulation in the county of its intent to accept such bid and of the difference in the amount of the bid and the cost of purchasing the needed services from the department of administrative services data processing facilities through the registrar. Each contract for the furnishing of data processing services necessary in connection with the administration of elections, by any person other than the registrar or an employee of the county, shall be executed with the contractor by the board of supervisors of the county purchasing the services, but only after the contract has been reviewed and approved by the registration commission. The contract shall be of not more than one year’s duration. Each county exercising the option to purchase such data processing services from a provider other than the registrar shall provide the registrar, at the county’s expense, original and updated voter registration lists in a form and at times prescribed by rules adopted by the registration commission.

4. Any election or registration data or records which may be in the possession of a contractor shall remain the property of the commissioner. Contracts with a private person relating to the maintenance and use of voter registration data, which were properly entered into in compliance with this section and with all other laws relating to bidding on such contracts, shall remain in force only until the most recently negotiated termination date of that contract. A new contract with the same provider may be entered into in accordance with subsection 3.

47.6 Election dates — conflicts — public measures.

1. a. (1) The governing body of a political subdivision which has authorized a special election to which section 39.2, subsections 1, 2, and 3, are applicable shall by written notice inform the commissioner who will be responsible for conducting the election of the proposed date of the special election.

(a) If a public measure will appear on the ballot at the special election, the governing body shall submit the complete text of the public measure to the commissioner with the notice of the proposed date of the special election.

(b) If the proposed date of the special election coincides with the date of a regularly scheduled election or previously scheduled special election, the notice shall be given no later than 5:00 p.m. on the last day on which nomination papers may be filed with the commissioner for the regularly scheduled election or previously scheduled special election, but in no case shall notice be less than thirty-two days before the election. Otherwise, the notice shall be given at least forty-six days in advance of the date of the proposed special election.

(2) Upon receiving the notice, the commissioner shall promptly give written approval of

the proposed date unless it appears that the special election, if held on that date, would conflict with a regular election or with another special election previously scheduled for that date.

b. A public measure shall not be withdrawn from the ballot at any election if the public measure was placed on the ballot by a petition, or if the election is a special election called specifically for the purpose of deciding one or more public measures for a single political subdivision. However, a public measure which was submitted to the county commissioner of elections by the governing body of a political subdivision may be withdrawn by the governing body which submitted the public measure if the public measure was to be placed on the ballot of a regularly scheduled election. The notice of withdrawal must be made by resolution of the governing body and must be filed with the commissioner no later than the last day upon which a candidate may withdraw from the ballot.

2. For the purpose of this section, a conflict between two elections exists only when some but not all of the registered voters of any precinct would be entitled to vote in one of the elections and all of the registered voters of the same precinct would be entitled to vote in the other election. Nothing in this subsection shall deny a commissioner discretionary authority to approve holding a special election on the same date as another election, even though the two elections may be defined as being in conflict, if the commissioner concludes that to do so will cause no undue difficulties.

3. a. A city council, county board of supervisors, school district board of directors, or merged area board of directors that has authorized a public measure to be submitted to the voters at a special election held pursuant to section 39.2, subsection 4, shall file the full text of the public measure with the commissioner no later than 5:00 p.m. on the forty-sixth day before the election.

b. If there are vacancies in county offices to be filled at the special election, candidates shall file their nomination papers with the commissioner not later than 5:00 p.m. on the forty-sixth day before the election.

c. If there are vacancies in city offices to be filled at the special election, candidates shall file their nomination papers with the city clerk not later than 5:00 p.m. on the forty-seventh day before the election. The city clerk shall deliver the nomination papers to the commissioner not later than 5:00 p.m. on the forty-sixth day before the election. Candidates for city offices in cities in which a primary election may be necessary shall file their nomination papers with the city clerk not later than 5:00 p.m. on the fifty-fourth day before the election. The city clerk shall deliver the nomination papers to the commissioner not later than 5:00 p.m. on the fifty-third day before the election.

Each county shall provide to the state registrar the names, voter registration information, and voting history of each registered voter in the county in the form required by the state registrar.

c. A state or local election official may obtain immediate electronic access to the information contained in the computerized voter registration file. All voter registration information obtained by a local election official shall be electronically entered into the computerized voter registration file on an expedited basis at the time the information is provided to the local election official. The state registrar shall provide such support as may be required to enable local election officials to electronically enter the information into the computerized voter registration file on an expedited basis. The list generated from the computerized file shall serve as the official voter registration list for the conduct of all elections for federal office in the state.

d. The state registrar shall prescribe by rule the procedures for access to the state voter registration file, including all of the following:

(1) Access protocols for adding, changing, or deleting information from the state voter registration file.

However, for purposes of voting in the primary election, an eligible elector shall be at least eighteen years of age on the date of the respective general election or city election. Completed registration forms shall be accepted from registrants who are at least seventeen years of age. For an election other than a primary election, the registration shall not be effective until the registrant reaches the age of eighteen. The commissioner of registration shall ensure that the birth date shown on the registration form is at least seventeen years earlier than the date the registration is processed.
   (2) A registrant who is at least seventeen years of age and who will be eighteen by the date of a pending election is a registered voter for the pending election for purposes of chapter 53. However, a person who has moved to a new residence and fails to register to vote at the person’s new residence after becoming eligible to do so shall not be entitled to vote at the person’s former precinct in Iowa.
4. A citizen of the United States who lives outside of the United States has the right to register and vote as if the person were a resident of a precinct in Iowa if the citizen was an eligible elector of Iowa immediately before leaving the United States. A citizen who was not old enough to register to vote before leaving the United States but who met all of the other requirements for voter registration at that time also has the right to register and vote as if the person were a resident of a precinct in Iowa. construed liberally to provide homeless persons with the opportunity to register to vote and
to vote.

48A.6 Disqualified persons.
The following persons are disqualified from registering to vote and from voting:

1. Any voter registration form received by any voter registration agency, driver’s license station, including county treasurer’s offices participating in county issuance of driver’s licenses under chapter 321M, or the commissioner shall be considered as updating the registrant’s previous registration.

2. a. A person who is registered to vote may request changes in the voter’s registration record at any time by submitting one of the following, as applicable:

   (1) A signed, written notice to the county commissioner in person, by mail, or by electronic submission.

   (2) A completed Iowa or federal mail registration form to the county commissioner.

   (3) On election day, a registration form to the precinct election officials at the precinct of the voter’s current residence.

   (4) A change of address form to the office of driver services of the state department of transportation, or to a county treasurer’s office that is participating in county issuance of driver’s licenses under chapter 321M.

   (5) A change of address notice for voter registration submitted to any voter registration agency.

b. If a registered voter submits a change of name, telephone number, or address under this subsection, the commissioner shall not change the political party or nonparty political organization affiliation in the registered voter’s prior registration unless otherwise indicated by the registered voter.

3. The commissioner shall make the necessary changes in the registration records without any action by the registrant when any of the following events occur:
a. Annexation of territory by a city. When an existing city annexes territory, the city clerk shall furnish the commissioner a detailed map of the annexed territory. If a city is divided into wards for voting purposes, the detailed map shall show the ward designations for the annexed territory. The commissioner shall change the registration of persons residing in that territory to reflect the annexation and the city precinct to which each of those persons is assigned. If the commissioner cannot determine the names and addresses of the persons affected by the annexation, the commissioner shall send each person who may be involved a letter informing the person that the person’s registration may be in error, and requesting that each person provide the commissioner with the information necessary to correct the registration records.

b. Change of official street name or house or building number by a city or county. When the city or county changes the name of a street or the number of a house or other building in which a person resides, the city clerk or county board of supervisors shall inform the commissioner of the change, and the commissioner shall change the registration of each person affected.

c. Incorporation or discontinuance of a city. When a new city is incorporated or an existing city is discontinued, the city clerk shall notify the commissioner. The commissioner shall change the registration of each person affected.

d. Change of rural route designation of the residence of the registered voter. The commissioner shall request each postmaster in the county to inform the commissioner of each change in rural route designation and the names of the persons affected, and the commissioner shall change the registration of each person as appropriate.

4. a. A commissioner, either independently or in cooperation with the state registrar of voters, and in accordance with rules of the state voter registration commission, may enter into an agreement with a licensed vendor of the United States postal service participating in the national change of address program to identify registered voters of the county who may have moved either within or outside the county.

b. If the information provided by the vendor indicates that a registered voter has moved to another address within the county, the commissioner shall change the registration records to show the new residence address, and shall also mail a notice of that action to the new address. The notice shall be sent by forwardable mail, and shall include a postage prepaid preaddressed return form by which the registered voter may verify or correct the address information.

c. If the information provided by the vendor indicates that a registered voter has moved to an address outside the county, the commissioner shall make the registration record inactive, and shall mail a notice to the registered voter at the new address.

1) The notice shall be sent by forwardable mail, and shall include a postage paid preaddressed return card on which the registered voter may state the registered voter’s current address.

2) The notice shall contain a statement in substantially the following form:

   Information received from the United States postal service indicates that you are no longer a resident of, and therefore not eligible to vote in (name of county) County, Iowa. If this information is not correct, and you still live in (name of county) County, please complete and mail the attached postage paid card at least ten days before the primary or general election and at least eleven days before any other election at which you wish to vote. If the information is correct and you have moved, please contact a local official in your new area for assistance in registering there. If you do not mail in the card, you may be required to show identification before being allowed to vote in (name of county) County. If you do not return the card, and you do not vote in an election in (name of county) County, Iowa, on or before (date of second general election following the date of the notice) your name will be removed from the list of voters in that county.
d. If the information provided by the vendor indicates the registered voter has moved to another county within the state, the notice required by paragraph “c” shall include a statement that registration in the county of the person’s current residence is required.

e. If a registered voter returns a card sent pursuant to this subsection and confirms that the registered voter has moved to a new residence outside the county, the commissioner shall cancel the registration of the voter.

f. If a registered voter returns a card sent pursuant to this subsection and states that the registered voter’s residence address has not changed for the purpose of voter registration, the commissioner shall reinstate the record to active status, making any other changes directed by the registrant in the notice.

5. The commissioner shall keep a record of the names and addresses of the registered voters to whom notices under this section are sent and the date of the notice. When the return card from a notice is received by the commissioner, the commissioner shall record the date it was received and whether the registrant had moved within the county, moved to an address outside the county, or had not changed residence.

The form and language of the notice and return card shall be specified by the state voter registration commission by rule. A registered voter shall not be sent a notice and return card under this subsection more frequently than once in a four-year period.

c. Each list shall be in the order and form specified by the list purchaser, and shall contain the registration data specified by the list purchaser, provided compliance with the request is within the capability of the record maintenance system used by the registrar.

Election precincts shall be drawn so that:

Where action by the board of supervisors is necessary or deemed advisable by the board of supervisors or the temporary county redistricting commission, the boundaries of precincts shall be definitely fixed by ordinance. Where a civil township, or the portion of a civil township outside the corporate limits of any city of over two thousand population contained within the civil township, is divided into two or more election precincts, the precincts shall be so drawn that their total populations shall be reasonably equal on the basis of data available from the most recent federal decennial census, except where the division is necessary to comply with section 49.3, subsection 1, paragraph “c”.

2. Counties using alternative supervisor representation plans “two” or “three”, as described in section 331.206, shall be apportioned into single-member supervisor districts on the basis of population. Upon recording of the deed transferring the land to the United States in trust, the county recorder shall notify the county commissioner of that fact. If the commissioner is notified more than seventy days before the next scheduled election, the commissioner shall redraw the precinct for that election. The commissioner shall notify the board of supervisors of the redrawn precinct boundaries and shall certify the redrawn boundaries to the state commissioner. Land completely surrounded by the boundaries of the Indian settlement precinct, but not included in the settlement precinct, shall be included in the precinct in which such land was located prior to redrawing of the Indian settlement precinct. 3. Before final adoption of any change in election precinct boundaries pursuant to this section or section 49.6, the council shall permit the commissioner not less than seven and not more than ten days’ time to offer written comments to the council on the proposed reprecincting. After any required changes in precinct boundaries have been made following each federal decennial census, at the time established by or pursuant to section 49.7, the county board or city council shall make no further changes in precinct boundaries until after the next federal decennial census, except in the following circumstances:

1. When deemed necessary by the board of supervisors of any county because of a change in the location of the boundaries, dissolution or establishment of any civil township, the boundaries of precincts actually affected may be changed as necessary to conform to the new township boundaries.

2. When territory is annexed to a city the city council may attach all or any part of the annexed territory to any established precinct or precincts which are contiguous to the annexed territory, however this subsection shall not prohibit establishment of one or more new precincts in the annexed territory.

3. A city may have one special federal census taken each decade and the population figures obtained may be used to revise precinct boundaries in accordance with the requirements of sections 49.3 and 49.5.

If necessary, the temporary county redistricting commission shall be reconvened, notwithstanding section 331.210A, subsection 4, and supervisor districts shall be revised in accordance with the requirements of section 331.210A, subsection 2.

5. a. When the boundaries of a county supervisor, city council, or school director district, or any other district from which one or more members of any public representative body other than the general assembly are elected by the voters thereof, are changed by annexation or other means other than reprecincting, the change shall not result in the term of any officer
elected from the former district being terminated before or extended beyond the expiration of
the term to which the officer was last elected, except as provided under section 275.23A and
section 331.209, subsection 1. If more than one incumbent officeholder resides in a district

following the effective date of new district boundaries, the vacancy shall be filled using the

elected at large to one which has council members elected from wards, or is changing its
number of council members elected from wards, the city council may redraw the precinct
boundaries in accordance with sections 49.3 and 49.5 to coincide with the new ward
boundaries.

7. Precinct boundaries established by or pursuant to section 49.3 or 49.4, and not
changed under subsection 1 since the most recent federal decennial census, may be changed
once during the period beginning January 1 of the second year following a year in which a

January 1 of the next even-numbered year.

8. Precinct boundaries established by a city council pursuant to section 49.5 or 49.6 and
not changed under subsections 1 through 6 since the most recent federal decennial census,

49.10 Polling places for certain precincts.
1. Polling places for precincts outside the limits of a city, but within the township, or
originally within and set off as a separate township from the township in which the city is
in whole or in part situated, and a polling place for a township which entirely surrounds
another township containing a city, may be fixed at some room or rooms in the courthouse
or in some other building within the limits of the city as the commissioner may provide.

2. If the commissioner determines, or if a petition be filed with the commissioner
ninety days before any primary, general or special election stating that there is no suitable
or adequate polling place within a township constituting a voting precinct and that it is
desirable and to the interest of the voters of that township voting precinct that a polling place
be designated for it outside its territorial limits, the commissioner shall fix a polling place for
that precinct, outside its territorial limits, which the commissioner deems convenient to the
electors of the township precinct. A petition submitted under this subsection must be signed
by eligible electors of the precinct exceeding in number one-half the total number of votes
cast in the township precinct for the office of president of the United States or governor, as
the case may be, at the last preceding general election. When the commissioner has fixed
such a polling place it shall remain the polling place at all subsequent primary, general and
special elections, until such time as the commissioner shall fix a different polling place for
the precinct.

3. In any city in which precinct lines have been changed to comply with section 49.5,
the commissioner may fix the polling place for any precinct outside the boundaries of the
precinct if there is no building or facility within the precinct suitable and available for use as a
polling place. In so doing, the commissioner shall fix the polling place at the point nearest the
precinct which is suitable and available for use as a polling place and is reasonably accessible
to voters of the precinct.

4. A single room or area of any building or facility may be fixed as the polling place for
more than one precinct. The location of each polling place shall be clearly marked within
the room or area on the days on which elections are held as the location of the polling place
of a particular precinct, and suitable arrangements shall be made within the room or area
to prevent direct access from the polling place of any precinct to the polling place of any
other precinct. When the commissioner has fixed such a polling place for any precinct it shall
remain the polling place at all subsequent elections, except elections for which the precinct
is merged with another precinct as permitted by section 49.11, until the boundaries of the
precinct are changed or the commissioner fixes a new polling place, except that the polling
place shall be changed to a point within the boundaries of the precinct at any time not less
than sixty days before the next succeeding election that a building or facility suitable for such
use becomes available within the precinct.

5. If two or more contiguous townships have been combined into one election precinct by
the board of supervisors, the commissioner shall provide a polling place which is convenient
to all of the electors in the precinct.

pursuant to sections 49.3, 49.4, and 49.5. The boundaries of the precincts shall be recorded
in the records of the board of supervisors, temporary county redistricting commission, or
city council, as the case may be.

2. The board of supervisors or city council shall publish notice of changes in the county or
city precinct boundaries in a newspaper of general circulation published in the county or city
once each week for three consecutive weeks. The series of publications shall be made after
the changes in the precincts have been approved by the state commissioner of elections. The
last of the three publications shall be made no later than thirty days before the next general
election. A map showing the new boundaries may be used. No publication is necessary if no
changes were made.

3. The precincts established pursuant to section 49.7 shall not be changed except in the
manner provided by law. However, the county commissioner of elections may:
a. Consolidate two or more precincts into one.

(1) However, the commissioner shall not do so if there is filed with the commissioner at
least twenty days before the election a petition signed by twenty-five or more eligible electors
of any precinct requesting that it not be merged with any other precinct. There shall be
attached to the petition the affidavit of an eligible elector of the precinct that the signatures
on the petition are genuine and that all of the signers are to the best of the affiant’s knowledge and belief eligible electors of the precinct.

(2) If a special election is to be held in which only those registered voters residing in a specified portion of any established precinct are entitled to vote, that portion of the precinct may be merged by the commissioner with one or more other established precincts or portions of established precincts for the special election, and the right to petition against merger of a precinct shall not apply.

For purposes of section 48A.7A, a voting center shall be considered the polling place for the precinct in which a person resides.

(2) The county commissioner of elections shall designate the location of each voting center to be used in the election.

(3) A voting center designated under this subsection is subject to the requirements of section 49.21 relating to accessibility to persons who are elderly and persons with disabilities and relating to the posting of signs. The location of each voting center shall be published by the county commissioner of elections in the same manner as the location of polling places is required to be published.

(4) Pursuant to section 39A.2, subsection 1, paragraph “b”, subparagraph (3), a person commits the crime of election misconduct in the first degree if the person knowingly votes or attempts to vote at more than one voting center for the same election.

c. Divide any precinct permanently established under this section which contains all or any parts of two or more mutually exclusive political subdivisions, either or both of which is independently electing one or more officers or voting on one or more questions on the same date, into two or more temporary precincts and designate a polling place for each.

d. Consolidate precincts for any election under any of the following circumstances:

(1) One of the precincts involved consists entirely of dormitories that are closed at the time the election is held.

(2) The consolidated precincts, if established as a permanent precinct, would meet all requirements of section 49.3, and a combined total of no more than three hundred fifty voters voted in the consolidated precincts at the last preceding similar election.

(3) The city council of a special charter city with a population of three thousand five hundred or less which is divided into council wards requests the commissioner to consolidate two or more precincts for any election.

4. Notice of changes made pursuant to subsection 3 shall be reported to the state commissioner at least twenty-five days before the next election in which the temporary precinct will be active, or, for elections held pursuant to section 69.14 while the general assembly is in session or within forty-five days of the convening of a session of the general assembly, at least ten days before election day.

At the commissioner’s discretion, additional precinct election officials may be appointed to work at any election. 1. The membership of each precinct election board shall be appointed by the commissioner, not less than fifteen days before each election held in the precinct, from the election board panel drawn up as provided in section 49.15. Precinct election officials shall be registered voters of the county, or other political subdivision within which precincts have been merged across county lines pursuant to section 49.11, subsection 2, paragraph “a”, in which they are appointed. Preference shall be given to appointment of residents of a precinct to serve as precinct election officials for that precinct, but the commissioner may appoint other residents of the county where necessary.

2. For all elections in which a partisan office is on the ballot, election boards shall include members of the two political parties whose candidates for president of the United States or for governor, as the case may be, received the largest and next largest number of votes in the county at the last general election. Election boards may also include persons not members of either of these parties. However, persons who are not members of either of these political parties shall not comprise more than one-third of the membership of an election board.

3. In appointing the election board to serve for any election in which candidates’ names do appear under the heading of these political parties, the commissioner shall give preference to the persons designated by the respective county chairpersons of these political parties for placement on the election board panel, as provided by section 49.15, in the order that they were so designated. However, the commissioner may for good cause decline to appoint a designee of a county chairperson if that chairperson is notified and allowed two working days to designate a replacement.

4. In appointing the election board to serve for a nonpartisan election, the commissioner may give preference to the persons who are willing to serve without pay identified pursuant to section 49.15, subsection 2, paragraph “b”, by the city council or the school board.

5. The commissioner shall designate one member of each precinct election board as chairperson of that board. At the discretion of the commissioner, two people who are members of different political parties may be appointed as co-chairpersons. The co-chairpersons shall have joint authority over the work of the precinct election board.

6. The commissioner may appoint high school students who are not yet qualified to be registered voters to serve as precinct election board members.

a. To qualify to serve as a precinct election board member, a high school student shall:

   (1) Be a United States citizen.

   (2) Be at least seventeen years of age and a student in good standing enrolled in a public or private secondary school in Iowa.

   (3) Receive credit in at least four subjects, each of one period or hour, or the equivalent thereof, at all times. The eligible subjects are language arts, social studies, mathematics, science, health, physical education, fine arts, world language, and career and technical education. Coursework taken as a postsecondary enrollment option for which a school district or accredited nonpublic school grants academic credit toward high school graduation shall be used in determining eligibility. A student shall not be denied eligibility if the student’s school program deviates from the traditional two-semester school year. Each student wishing to participate under this subsection shall be passing all coursework for which credit is given and shall be making adequate progress toward graduation requirements at the end
of each grading period. At the end of a grading period that is the final grading period in a school year, a student who receives a failing grade in any course for which credit is awarded is ineligible to participate under this subsection. A student who is eligible at the close of a semester is academically eligible to participate under this subsection until the beginning of the subsequent semester. A student with a disability who has an individualized education program shall not be denied eligibility to participate under this subsection on the basis of scholarship if the student is making adequate progress, as determined by school officials, towards the goals and objectives of the student’s individualized education program.

(4) At the time of appointment, have the written approval of the principal of the secondary school the student attends.

(5) Have the written approval of the student’s parent or legal guardian.

(6) Have satisfactorily completed the training course for election officials.

(7) Meet all other qualifications for appointment and service as an election board member except the requirement of being a registered voter.

b. No more than one student precinct election board member may serve on each precinct election board.

c. Student precinct election board members shall not serve as the chairperson of a precinct election board.

d. Before serving at a partisan election, the student precinct election board member must certify in writing to the commissioner the political party with which the student is affiliated.

e. Student precinct election board members shall not be allowed to work more hours than allowed under the applicable labor laws.

f. A student who serves on a precinct election board is not eligible to receive class credit for such service unless such service qualifies as meeting the requirements of a class assignment imposed on all students in the class.

g. No later than fourteen days after the date of the election, the commissioner shall report to the appropriate secondary school the following information:

(1) The name of each student attending the school who served as a precinct election board member on election day.

(2) The number of hours the student served as a precinct election board member.

49.14 Substitute precinct election officials.

1. The commissioner may appoint substitute precinct election officials as alternates for election board members. The responsibilities and duties of a precinct election official present at the time the polling place was opened on the day of an election may be assumed at any later time that day by a substitute appointed as an alternate. The substitute shall serve either for the balance of that election day or for any shorter period of time the commissioner may designate. At partisan elections, a substitute precinct election official assuming the duties of a precinct election official shall be a member of the same political party as the precinct election official whose duties are being assumed, unless substitution of a precinct election official not of the same political party results in no more than a simple majority of the total number of precinct election officials serving in that precinct being members of the same political party.

2. Substitute precinct election officials shall be appointed and shall serve in accordance with sections 49.12, 49.13, 49.15, and 49.16, and shall receive compensation as provided by
sections 49.20 and 49.125. Upon arriving at the polling place and prior to performing any official duty, a substitute precinct election official shall take the oath required by section 49.75.

3. The commissioner shall not employ substitute precinct election officials in a partisan election unless:
   a. The election board panel drawn up pursuant to section 49.15 contains the names of a sufficient number of political party designees to permit appointment of both the regular precinct election officials and any substitute precinct election officials from that panel; or
   b. The commissioner has informed the county chairpersons of the political parties referred to in section 49.13, subsection 2, thirty days prior to the date of the election, of intent to appoint substitute precinct election officials and has allowed ten days thereafter for the respective county chairpersons to provide additional names of persons from whom the substitute precinct election officials shall be appointed. If a county chairperson fails to provide additional names after being so notified, the commissioner may appoint persons known to be members of the appropriate political party or parties.

49.15 Commissioner to draw up election board panel.

1. Not less than twenty days before each primary election, the commissioner shall draw up for each precinct an election board panel from which members of the precinct election board shall be appointed for each election held in the precinct during the ensuing two years.

2. a. Each panel shall include members of each of the political parties referred to in section 49.13, whose names may be designated by the county chairpersons of each of these political parties not less than thirty days prior to each primary election. The commissioner may place on the election board panel names of persons known by the commissioner to be members of these political parties, if the respective county chairpersons fail to designate a sufficient number of names, and may also add names of persons, whether or not they are members of either of these political parties, who have advised the commissioner they are willing to serve on the election board.

   b. The commissioner may also place on the election board panel names of persons whom either the city council of a city or a school board has advised the commissioner at least thirty days before each primary election are willing to serve without pay at elections conducted for that school district or city, as the case may be, during the tenure of the election board panel on which these names are included.

3. In drawing up precinct election board panels, the commissioner may use student precinct election board members appointed pursuant to section 49.13, subsection 6.

49.16 Tenure of election board panel.

Each person whose name is placed on the election board panel as provided in section 49.15, shall remain available for appointment to the election board of the precinct, subject to the provisions of section 49.12, until a new panel is drawn up unless the person’s name is sooner deleted from the panel by the commissioner. The election board for each election held in the precinct shall be drawn from the panel, however:

1. No person shall serve on the election board at any election in which the person or any person related to the person within the third degree of consanguinity or affinity is a candidate to be voted upon in that precinct, and it shall be the responsibility of each person whose name is listed on the election board panel to notify the commissioner not less than fifteen days before any election at which the person is ineligible to serve by reason of this subsection. However, this subsection shall not apply in the case of any candidate or relative of a candidate seeking an office or nomination which no opposing candidate is seeking. Any candidate for an office or for nomination to an office to which two or more persons are to be elected at large

is unopposed, for the purpose of this subsection, if the number of candidates for the office or nomination does not exceed the number of persons to be elected or nominated.

2. When all or portions of two or more precincts are merged for any election as permitted by section 49.11, subsection 3, paragraph “a”, the commissioner may appoint the election board for the merged precinct from the election board panels of any of the precincts so merged. When any permanent precinct is divided as permitted by section 49.11, subsection 3, paragraph “c”, the commissioner shall so far as possible appoint the election board for each of the temporary precincts so created from the election board panel of the permanent precinct.

3. Persons whose names are listed on the election board panel shall not be required to serve on the election board for any election which by the terms of the statute authorizing it is exempt from the provisions of this chapter. The necessary officers for such elections shall be designated as provided by law or, if there is no applicable statute, by the commissioner.

4. In appointing the election board for any election conducted for a city or a school district, the commissioner may give preference to any persons who are willing to serve without pay at those elections.

5. A person shall not serve on the precinct election board as a representative of a political party if the person has changed political party affiliation from that of the political party which selected the person to serve as a precinct election official. If a precinct election official records a change of political party, the official’s name shall be removed from the list of precinct election officials for that political party. The chairperson of the political party shall be notified of the vacancy and may designate a replacement. If the chairperson of another political party later designates the person as a precinct election official, the person may serve, if qualified. If a precinct election official serving on the board as a representative of a political party records a change of political party to vote absentee under chapter 53 and after voting absentee records a change of political party back to the political party the official represents on the precinct election board, the official’s name shall be removed from the list of precinct election officials for that election. The chairperson of the political party shall be notified of the vacancy and may designate a replacement for that election.

49.21 Polling places — accessibility — signs.
1. a. It is the responsibility of the commissioner to designate a polling place for each precinct in the county. Notwithstanding any provision of law to the contrary, for city and school elections the commissioner shall, whenever practicable, designate polling places so that an eligible elector will be assigned to vote at the same polling place at which the eligible elector would be assigned to vote at the general election. However, if a city does not have a polling place designated for the general election precinct, the commissioner may designate an additional polling place for the precinct in that city.

b. Each polling place designated shall be accessible to persons with disabilities. However, if the commissioner is unable to provide an accessible polling place for a precinct, the commissioner shall apply for a temporary waiver of the accessibility requirement. The state commissioner shall adopt rules in accordance with chapter 17A prescribing standards for determining whether a polling place is accessible and the process for applying for a temporary waiver of accessibility.

2. a. Upon the application of the commissioner, the authority which has control of any buildings or grounds supported by taxation under the laws of this state shall make available the necessary space therein for the purpose of holding elections, without charge for the use thereof.

b. Except as otherwise provided by law, the polling place in each precinct in the state shall be located in a central location if a building is available. However, first consideration shall be given to the use of public buildings supported by taxation.

3. a. On the day of an election, the commissioner shall post a sign stating “vote here” at the entrance to each driveway leading to the building where a polling place is located. The sign must be visible from the street or highway fronting the driveway, but shall not encroach upon the right-of-way of such street or highway.

b. The commissioner shall post a sign at the entrance to the polling place indicating the election precinct number or name, and displaying a street map showing the boundaries of the precinct.

4. The commissioner shall remove or obscure from the view of voters any published material displaying the name of a candidate or elected official other than a ballot or sample ballot or envelope.

If automatic tabulating equipment will be used, the commissioner shall furnish voting equipment for use by voters with disabilities.

2. The commissioner shall furnish to each precinct, in advance of each election, voting booths in the following number:

The voting booths shall provide for voting in secrecy. At least one voting booth in each precinct shall be accessible to persons with disabilities. Ballot boxes shall be locked or sealed before the polls open and shall remain locked or sealed until the polls are closed, except to provide necessary service to malfunctioning automatic tabulating equipment. If a ballot box is opened prior to the closing of the polls, two precinct election officials not of the same party shall be present and observe the ballot box being opened.

1. In all elections regulated by this chapter, the voting shall be by paper ballots printed and distributed as provided by law, or by voting systems meeting the requirements of chapter 52.

2. a. The commissioner shall determine in advance of each election conducted for a city of three thousand five hundred or less population or for any school district whether the ballots will be counted by automatic tabulating equipment or by the precinct election officials. In making such a determination, the commissioner shall consider voter turnout for recent similar elections and factors considered likely to affect voter turnout for the forthcoming election.

b. If the commissioner concludes, pursuant to paragraph “a”, that voting will probably be so light as to make counting of ballots by the precinct election officials less expensive than preparation and use of automatic tabulating equipment, paper ballots may be used, subject to
paragraph “c”. If paper ballots are used, the commissioner shall use ballots and instructions similar to those used when the ballots are counted by automatic tabulating equipment.

c. Notwithstanding a determination by the commissioner pursuant to paragraph “b”, upon receipt of a petition signed by not less than one hundred eligible electors, the commissioner shall count the ballots at an election described in paragraph “a” using automatic tabulating equipment. 49.31 Arrangement of names on ballot — restrictions.

1. a. All ballots shall be arranged with the names of candidates for each office listed below the office title. For partisan elections the name of the political party or organization which nominated each candidate shall be listed after or below each candidate’s name. The state commissioner may prescribe, and a county commissioner may use, uniform abbreviations for political parties and organizations.

   b. (1) The commissioner shall determine the order of candidates on the ballot as provided in this paragraph. The order shall be the same for each office on the ballot and for each precinct in the county voting in the election.

   (2) The state commissioner shall compile a list of each county in the state in alphabetical order and assign a number to each county such that the first county listed is number one, the second county listed is number two, and continuing in descending order in the same manner. The commissioner shall put in alphabetical order the top two political parties receiving the highest votes from the most recent election.

   (3) The commissioner of each county assigned an even number pursuant to subparagraph (2) shall arrange the ballot as follows:

      (a) The candidates of the first political party by alphabetical order pursuant to subparagraph (2) shall appear first on the ballot for the first general election at which the president of the United States is to be elected following July 1, 2019, and second on the ballot for the first general election at which the governor will be elected following July 1, 2019, and second on the ballot for the second general election at which the president of the United States is to be elected following July 1, 2019, and first on the ballot for the second general election at which the governor will be elected following July 1, 2019, and thereafter alternating with the candidates of the second political party by alphabetical order pursuant to subparagraph (2).

      (b) The candidates of the second political party by alphabetical order pursuant to subparagraph (2) shall appear second on the ballot for the first general election at which the president of the United States is to be elected following July 1, 2019, and first on the ballot for the first general election at which the governor will be elected following July 1, 2019, and first on the ballot for the second general election at which the president of the United States is to be elected following July 1, 2019, and second on the ballot for the second general election at which the governor will be elected following July 1, 2019, and thereafter alternating with the candidates of the first political party by alphabetical order pursuant to subparagraph (2).

   (4) The commissioner of each county assigned an odd number pursuant to subparagraph (2) shall arrange the ballot as follows:

      (a) The candidates of the second political party by alphabetical order pursuant to subparagraph (2) shall appear first on the ballot for the first general election at which the president of the United States is to be elected following July 1, 2019, and second on the ballot for the first general election at which the governor will be elected following July 1, 2019, and second on the ballot for the second general election at which the president of the United States is to be elected following July 1, 2019, and first on the ballot for the second general election at which the governor will be elected following July 1, 2019, and thereafter alternating with the candidates of the first political party by alphabetical order pursuant to subparagraph (2).

      (b) The candidates of the first political party by alphabetical order pursuant to subparagraph (2) shall appear second on the ballot for the first general election at which the president of the United States is to be elected following July 1, 2019, and first on the ballot for the first general election at which the governor will be elected following July 1, 2019, and first on the ballot for the second general election at which the president of the United States is to be elected following July 1, 2019, and second on the ballot for the second general election at which the governor will be elected following July 1, 2019, and thereafter alternating with the candidates of the second political party by alphabetical order pursuant to subparagraph (2).

   (5) The commissioner shall determine the order of candidates of nonpart political
organizations on the ballot. The order shall be the same for each office on the ballot and for each precinct in the county voting in the election.

2. a. The commissioner shall prepare a list of the election precincts of the county, by arranging the various townships and cities in the county in alphabetical order, and the wards or precincts in each city or township in numerical order under the name of such city or township.

b. Notwithstanding any provision of subsection 1, paragraph “b”, to the contrary, the commissioner shall then arrange the surnames of each political party’s candidates for each office to which two or more persons are to be elected at large alphabetically for the respective offices for the first precinct on the list; thereafter, for each political party and for each succeeding precinct, the names appearing first for the respective offices in the last preceding precinct shall be placed last, so that the names that were second before the change shall be first after the change. The commissioner may also rotate the names of candidates of a political party in the reverse order of that provided in this subsection or alternate the rotation so that the candidates of different parties shall not be paired as they proceed through the rotation.

c. On the general election ballot the names of candidates for the nonpartisan offices listed in section 39.21 shall be arranged by drawing lots for position. The commissioner shall hold the drawing on the first business day following the deadline for filing of nomination certificates or petitions with the commissioner for the general election pursuant to section 44.4. If a candidate withdraws, dies, or is removed from the ballot after the ballot position of names has been determined, such candidate’s name shall be removed from the ballot, and the order of the remaining names shall not be changed.

d. On the regular and special city election and school election ballots the names of candidates for city, school district, and merged area offices shall be arranged by drawing lots for position. The commissioner shall hold the drawing on the second business day following the deadline for filing of nomination papers or petitions under sections 260C.15, 277.4, and 376.4. If a candidate withdraws, dies, or is removed from the ballot after the ballot position of names has been determined, such candidate’s name shall be removed from the ballot, and the order of the remaining names shall not be changed.

3. Except as otherwise provided in subsection 2, paragraph “d”, the ballots for any special election or any other election at which any office is to be filled on a nonpartisan basis and the statutes governing the office to be filled are silent as to the arrangement of names on the ballot, shall contain the names of all nominees or candidates arranged in alphabetical order by surname under the heading of the office to be filled. Except as otherwise provided in subsection 2, paragraph “d”, when a special election or any other election at which an office is to be filled on a nonpartisan basis is held in more than one precinct, the candidates’ names shall be rotated on the ballot from precinct to precinct in the manner prescribed by subsection 2 unless there are no more candidates for an office than the number of persons to be elected to that office.

4. The heading for each office on the ballot shall be immediately followed by a notation stating, “Vote for no more than ..........”, and indicating the maximum number of nominees or candidates for that office for whom each elector may vote.

5. At the end of the list of candidates for each office listed on the ballot one or more blank lines and voting positions shall be printed to allow the elector to write in the name of any person for whom the elector desires to vote for any office or nomination on the ballot. The number of write-in lines shall equal the number of votes that can be cast for that office.

6. The name of a candidate printed on the ballot shall not include parentheses, quotation marks, or any personal or professional title.

7. For the purpose of ballot rotation the absentee ballot and special voters precinct may be considered a separate precinct.

The state voter registration system shall be designed to allow for the affidavit to be printed on each page of the election register and to allow sufficient space for the voter’s signature.

c. At the discretion of the commissioner, an electronic election register may be used to produce the declaration required in this subsection. The person desiring to vote shall sign the declaration produced by the electronic election register prior to receiving a ballot.

Any of those persons present pursuant to section 49.104, subsection 2, 3, 5, or 6, may upon request view the roster of those voters who have signed declarations of eligibility, so long as the person does not interfere with the functions of the precinct election officials.

3. a. A person whose name does not appear on the election register of the precinct in which that person claims the right to vote shall not be permitted to vote, unless the person affirms that the person is currently registered in the county and presents proof of identity and residence as required pursuant to section 48A.8, or the commissioner informs the precinct election officials that an error has occurred and that the person is a registered voter of that precinct. If the commissioner finds no record of the person's registration but the person insists that the person is a registered voter of that precinct, the precinct election officials shall allow the person to cast a ballot in the manner prescribed by section 49.81.

The precinct election official shall use the information on the identification card, including the signature, to determine whether the person offering to vote appears to be the person depicted on the identification card. The voter’s signature shall generally be presumed to be valid. If the identification provided does not appear to be the person offering to vote under section 49.77, the precinct election official shall challenge the person offering to vote in the same manner provided for other challenges by sections 49.79 and 49.80. A person offering to vote who establishes identity by presenting a veteran’s identification card that does not contain a signature, is not subject to challenge under this paragraph “b”.

   b. Other forms of identification sufficient to establish identity and residence under section 48A.7A, subsection 1, paragraph “b”.

4. A person who is registered to vote but is unable to present a form of identification under subsection 2 or 3 may establish identity and residency in the precinct by written oath of a person who is also registered to vote in the precinct. The attesting registered voter’s oath shall attest to the stated identity of the person wishing to vote and that the person is a current resident of the precinct. The oath must be signed by the attesting registered voter in the presence of the appropriate precinct election official. A registered voter who has signed two oaths on election day attesting to a person’s identity and residency as provided in this subsection is prohibited from signing any further oaths as provided in this subsection on that day.

However, when a write-in vote is cast using an optical scan voting system, the ballot must also be marked in the corresponding space in order to be counted. Marking the voting target opposite a write-in line without writing a name on the line shall not affect the validity of the remainder of the ballot.

2. If a voter writes the name of a person more than once in the proper places on a ballot for an office to which more than one person is to be elected, all but one of those votes for that person for that office are void and shall not be counted.

50.1A Canvass by officials.
At every election conducted under chapter 49, except the primary election provided for by chapter 43, and at every other election unless the law authorizing the election otherwise requires, the vote shall be canvassed at each polling place by the election board in the manner prescribed by this chapter. When the poll is closed, the precinct election officials shall forthwith, and without adjournment:
1. Publicly canvass the vote, and credit each candidate with the number of votes counted for the candidate.
2. Ascertain the result of the vote.
3. Prepare in writing a list of any apparently or possibly erroneous information appearing in the precinct election register.
4. Designate two election board members, not members of the same political party, who shall each separately keep a tally list of the count.
[C51, §261, 266; R60, §496, 501; C73, §622, 626; C97, §1138; C24, 27, 31, 35, 39, §840; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §50.1] C2001, §50.1A

50.2 One tally list in certain machine precincts. Repealed by 2009 Acts, ch 57, §96.

50.3 Double or defective ballots.
If two or more marked ballots are so folded together as to appear to be cast as one, the precinct election officials shall endorse thereon “Rejected as double”. Such ballots shall not
be counted, but shall be folded together and kept as hereinafter directed. Every ballot not counted shall be endorsed “Defective” on the back thereof.

[C51, §262; R60, §497; C73, §623; C97, §1139; C24, 27, 31, 35, 39, §842; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §50.3]

Referred to in §50.5

50.4 Ballots objected to.

Every ballot objected to by a precinct election official or challenger, but counted, shall be endorsed on the back thereof, “Objected to”, and there shall also be endorsed thereon, and signed by the officials, a statement as to how it was counted.

[C97, §1139; C24, 27, 31, 35, 39, §843; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §50.4]

50.7 Error on county office — township office.

If, in case of such excess, the vote of the precinct where the error occurred would change the result as to a county office if the person appearing to be elected were deprived of so many votes, then the election shall be set aside as to that person in that precinct, and a new election ordered therein; but no person who was not a registered voter in that precinct at the time of the general election shall be allowed to vote at such special election. If the error occurs in relation to an office of a city, school district, township, or of any special district whose elections may be conducted under this chapter, the governing body of the political subdivision involved may order a new election or not, in their discretion.

50.8 Error on state or district office — tie vote.

If the error is in relation to a district or state office, the error shall be certified with the number of the excess to the state commissioner. If the error affects the result of the election, the canvass shall be suspended and a new vote ordered in the precinct where the error occurred. When there is a tie vote due to such an excess, there shall be a new election. A person who was not a registered voter in that precinct at the time of the general election shall not be allowed to vote at the special election. When the new vote is taken and returned, the canvass shall be completed.

The board may divide itself into panels of not less than three members each in order to hear and determine two or more challenges simultaneously, but each panel shall meet the requirements of section 49.12 as regards political party affiliation of the members of each panel.

2. The decision to count or reject each ballot shall be made upon the basis of the information given on the envelope containing the provisional ballot, the evidence concerning the challenge, the registration and the returned receipts of registration.

3. If a provisional ballot is rejected, the person casting the ballot shall be notified by the commissioner within ten days of the reason for the rejection, on the form prescribed by the state commissioner pursuant to section 53.25, and the envelope containing the provisional ballot shall be preserved unopened and disposed of in the same manner as spoiled ballots. The provisional ballots which are accepted shall be counted in the manner prescribed by section 53.23, subsection 5. 2. Upon convening, the board shall open and canvass the tally lists and shall prepare abstracts stating the number of votes cast in the county, or in that portion of the county in which the election was held, for each office and on each question on the ballot for the election. The board shall contact the chairperson of the special precinct board before adjourning and include in the canvass any write-in votes tallied and recorded by the special precinct board or any absentee ballots which were received after the polls closed in accordance with section 53.17 and which were canvassed by the special precinct board after election day. The abstract shall further indicate the name of each person who received votes for each office on the ballot, and the number of votes each person named received for that office, and the number of votes for and against each question submitted to the voters at the election. However, if a recount is requested pursuant to section 50.48, the controlling commissioner shall conduct the second canvass within two business days after the conclusion of the recount proceedings. Each commissioner conducting a canvass for the city pursuant to subsection 1 shall transmit abstracts for the offices and public measures of that city to the controlling commissioner for that city, along with individual tallies for each write-in candidate. At the second canvass, the county board of supervisors of the county of the controlling commissioner shall canvass the abstracts received pursuant to this subsection and shall prepare a combined city abstract stating the number of votes cast in the city for each office and on each question on the ballot for the city election. The combined city abstract shall further indicate the name of each person who received votes for each office on the ballot, the number of votes each person named received for that office, and the number of votes for and against each question submitted to the voters at the election. The votes of all write-in candidates who each received less than five percent of the total votes cast in the city for an office shall be reported collectively under the heading “scattering”.

1. a. The county board of canvassers shall order a recount of the votes cast for a particular office or nomination in one or more specified election precincts in that county if a written request for a recount is made not later than 5:00 p.m. on the third day following the county board’s canvass of the election in question. For a city runoff election held pursuant to section 376.9, the written request must be made not later than 5:00 p.m. on the day following the county board’s canvass of the city runoff election. The request shall be filed with the commissioner of that county and shall be signed by either of the following:

   (1) A candidate for that office or nomination whose name was printed on the ballot of the precinct or precincts where the recount is requested.

   (2) Any other person who receives votes for that particular office or nomination in the precinct or precincts where the recount is requested and who is legally qualified to seek and to hold the office in question.

   b. Immediately upon receipt of a request for a recount, the commissioner shall send a copy of the request to the apparent winner by certified mail. The commissioner shall also attempt to contact the apparent winner by telephone. If the apparent winner cannot be reached within four days, the chairperson of the political party or organization which nominated the apparent winner shall be contacted and shall act on behalf of the apparent winner, if necessary. For candidates for state or federal offices, the chairperson of the state party shall be contacted. For candidates for county offices, the county chairperson of the party shall be contacted.

2. a. The candidate requesting a recount under this section shall post a bond, unless the abstracts prepared pursuant to section 50.24, or section 43.49 in the case of a primary election, indicate that the difference between the total number of votes cast for the apparent winner and the total number of votes cast for the candidate requesting the recount is less than the greater of fifty votes or one percent of the total number of votes cast for the office or
nomination in question. If a recount is requested for an office to which more than one person was elected, the vote difference calculations shall be made using the difference between the number of votes received by the person requesting the recount and the number of votes received by the apparent winner who received the fewest votes. Where votes cast for that office or nomination were canvassed in more than one county, the abstracts prepared by the county boards in all of those counties shall be totaled for purposes of this subsection. If a bond is required, it shall be filed with the state commissioner for recounts involving a state office, including a seat in the general assembly, or a seat in the United States Congress, and with the commissioner responsible for conducting the election in all other cases, and shall be in the following amount:

1. For an office filled by the electors of the entire state, one thousand dollars.
2. For United States representative, five hundred dollars.
3. For senator in the general assembly, three hundred dollars.
4. For representative in the general assembly, one hundred fifty dollars.
5. For an office filled by the electors of an entire county having a population of fifty thousand or more, two hundred dollars.
6. For any elective office to which subparagraphs (1) through (5) are not applicable, one hundred dollars.

b. After all recount proceedings for a particular office are completed and the official canvass of votes cast for that office is corrected or completed pursuant to subsections 5 and 6, if necessary, any bond posted under this subsection shall be returned to the candidate who requested the recount if the apparent winner before the recount is not the winner as shown by the corrected or completed canvass. In all other cases, the bond shall be deposited in the general fund of the state if filed with the state commissioner or in the election fund of the county with whose commissioner it was filed.

3. a. The recount shall be conducted by a board which shall consist of:
1. A designee of the candidate requesting the recount, who shall be named in the written request when it is filed.
2. A designee of the apparent winning candidate, who shall be named by that candidate at or before the time the board is required to convene.
3. A person chosen jointly by the members designated under subparagraphs (1) and (2). b. The commissioner shall convene the persons designated under paragraph “a”, subparagraphs (1) and (2), not later than 9:00 a.m. on the seventh day following the county board’s canvass of the election in question. If those two members cannot agree on the third member by 8:00 a.m. on the ninth day following the canvass, they shall immediately so notify the chief judge of the judicial district in which the canvass is occurring, who shall appoint the third member not later than 5:00 p.m. on the eleventh day following the canvass.

4. a. When all members of the recount board have been selected, the board shall undertake and complete the required recount as expeditiously as reasonably possible. The commissioner or the commissioner’s designee shall supervise the handling of ballots to ensure that the ballots are protected from alteration or damage. The board shall open only the sealed ballot containers from the precincts specified to be recounted in the request or by the recount board. The board shall recount only the ballots which were voted and counted for the office in question, including any disputed ballots returned as required in section 50.5. If automatic tabulating equipment was used to count the ballots, the recount board may request the commissioner to retabulate the ballots using the automatic tabulating equipment. The same program used for tabulating the votes on election day shall be used at the recount unless the program is believed or known to be flawed.

b. Any member of the recount board may at any time during the recount proceedings extend the recount of votes cast for the office or nomination in question to any other precinct or precincts in the same county, or from which the returns were reported to the commissioner responsible for conducting the election, without the necessity of posting additional bond.

c. The ballots shall be resealed by the recount board before adjournment and shall be preserved as required by section 50.12. At the conclusion of the recount, the recount board shall make and file with the commissioner a written report of its findings, which shall be signed by at least two members of the recount board. The recount board shall complete
the recount and file its report not later than the eighteenth day following the county board’s canvass of the election in question.

5. If the recount board’s report is that the abstracts prepared pursuant to the county board’s canvass were incorrect as to the number of votes cast for the candidates for the office or nomination in question, in that county or district, the commissioner shall at once so notify the county board. The county board shall reconvene within three days after being so notified, and shall correct its previous proceedings.

6. The commissioner shall promptly notify the state commissioner of any recount of votes for an office to which section 50.30 or section 43.60 in the case of a primary election, is applicable. If necessary, the state canvass required by section 50.38, or by section 43.63, as the case may be, shall be delayed with respect to the office or the nomination to which the recount pertains. The commissioner shall subsequently inform the state commissioner at the earliest possible time whether any change in the outcome of the election in that county or district resulted from the recount.

7. If the election is a city primary election held pursuant to section 376.7, the recount shall progress according to the times provided by this subsection. If this subsection applies the canvass shall be held by the second day after the election, the request for a recount must be made by the third day after the election, the board shall convene to conduct the recount by the sixth day after the election, and the report shall be filed by the eighth day after the election.

8. When a city council has chosen a runoff election pursuant to section 376.9, the recount shall progress according to the times provided by this subsection. If this subsection applies, the canvass shall be conducted pursuant to section 50.24. The request for a recount must be made by the day after the canvass, and the board shall convene for the first time not later than the first Friday following the canvass. The report shall be filed not later than the fourteenth day after the election.

50.49 Recounts for public measures.

1. A recount for any public measure shall be ordered by the board of canvassers if a petition requesting a recount is filed with the county commissioner not later than three days after the completion of the canvass of votes for the election at which the question appeared on the ballot. The petition shall be signed by the greater of not less than ten eligible electors or a number of eligible electors equaling one percent of the total number of votes cast upon the public measure. Each petitioner must be a person who was entitled to vote on the public measure in question or would have been so entitled if registered to vote.

2. The recount shall be conducted by a board which shall consist of:
   a. A designee named in the petition requesting the recount.
   b. A designee named by the commissioner at or before the time the board is required to convene.
   c. A person chosen jointly by the members designated under paragraphs “a” and “b”.

3. The commissioner shall convene the persons designated under subsection 2, paragraphs “a” and “b”, not later than 9:00 a.m. on the seventh day following the canvass of the election in question. If those two members cannot agree on the third member by 8:00 a.m. on the ninth day following the canvass, they shall immediately notify the chief judge of the judicial district in which the canvass is occurring, who shall appoint the third member not later than 5:00 p.m. on the eleventh day following the canvass.

4. The petitioners requesting the recount shall post a bond as required by section 50.48, subsection 2. The amount of the bond shall be one thousand dollars for a public measure appearing on the ballot statewide or one hundred dollars for any other public measure. If the difference between the affirmative and negative votes cast on the public measure is less than
the greater of fifty votes or one percent of the total number of votes cast for and against the question, a bond is not required. If approval by sixty percent of the votes cast is required for adoption of the public measure, no bond is required if the difference between sixty percent of the total votes cast for and against the question and the number of affirmative votes cast is less than the greater of fifty votes or one percent of the total number of votes cast.

5. The procedure for the recount shall follow the provisions of section 50.48, subsections 4 through 7, as far as possible.

Referred to in §50.12

50.50 Administrative recounts.

1. The commissioner who was responsible for conducting an election may request an administrative recount when the commissioner suspects that voting equipment used in the election malfunctioned or that programming errors may have affected the outcome of the election, or if the precinct election officials report counting errors to the commissioner after the conclusion of the canvass of votes in the precinct. An administrative recount shall be conducted by the board of the special precinct established by section 53.23. Bond shall not be required for an administrative recount. The state commissioner may adopt rules for administrative recounts.

2. If the recount board finds that there is an error in the programming of any voting equipment which may have affected the outcome of the election for any office or public measure on the ballot, the recount board shall describe the errors in its report to the commissioner. The commissioner shall notify the board of supervisors. The supervisors shall determine whether to order an administrative recount for any or all of the offices and public measures on the ballot.

Referred to in §50.12, 50.51

50.51 Election audits.

1. After each general election, the state commissioner shall, with the cooperation of the county commissioners, conduct an audit of the official canvass of votes from the preceding general election.

2. The state commissioner shall determine the number of counties and precincts to be audited and shall select the precincts to be audited by lot. The absentee ballot and special voters precinct for each county, established pursuant to section 53.20, shall be included with all other precincts of the county for selection by lot. In every precinct selected, the commissioner shall conduct a hand count of ballots cast in the preceding general election for president of the United States or governor, as the case may be. The hand count may be of less than all ballots cast, in accordance with rules adopted by the state commissioner.

a. A representative selected by each of the two political parties whose candidates received the highest number of votes statewide in the preceding general election shall be invited to observe the hand count. The commissioner shall notify the county chairperson of each political party a minimum of two days before the hand count of the time and place of the hand count.

b. If an invited representative does not appear at the hand count, the commissioner shall notify the state commissioner.

3. a. The commissioner may order an administrative recount pursuant to section 50.50 if the commissioner determines the results of an audit require an administrative recount.

b. If selected to conduct an audit, the commissioner shall provide an audit report to the county board of supervisors and shall transmit the audit report to the state commissioner no later than twenty days following the election.

4. The results of an audit conducted pursuant to this section shall not change the results, or invalidate the certification, of an election.

5. In advance of any other election, the state commissioner may order an audit of the election in the manner provided in this section.
6. The state commissioner shall adopt rules, pursuant to chapter 17A, to implement this section, which may include the establishment of pilot programs related to post-election audits.

52.1 Voting systems — definitions.
1. At all elections conducted under chapter 49, and at any other election unless the commissioner directs otherwise pursuant to section 49.26, votes shall be cast, registered, recorded, and counted by means of optical scan voting systems, in accordance with this chapter.
§52.1, VOTING SYSTEMS

2. As used in this chapter, unless the context otherwise requires:
   a. “Automatic tabulating equipment” means apparatus, including but not limited to electronic data processing machines, that are utilized to ascertain the manner in which optical scan ballots have been marked by voters or by electronic ballot marking devices, and count the votes marked on the ballots.
   b. “Ballot” includes paper ballots designed to be read by automatic tabulating equipment. In appropriate contexts, “ballot” also includes conventional paper ballots.
   c. “Ballot marking device” means a pen, pencil, or similar writing tool, or an electronic device, all designed for use in marking an optical scan ballot, and so designed or fabricated that the mark it leaves may be detected and the vote so cast counted by automatic tabulating equipment.
   d. “Optical scan ballot” means a printed ballot designed to be marked by a voter with a ballot marking device.
   e. “Optical scan voting system” means a system employing paper ballots under which votes are cast by voters by marking paper ballots with a ballot marking device and thereafter counted by use of automatic tabulating equipment.
   f. “Program” means the written record of the set of instructions defining the operations to be performed by a computer in examining, counting, tabulating; and printing votes.

Refer to in §49.99

52.2 Optical scan voting system required.
Notwithstanding any provision to the contrary, for elections held on or after November 4, 2008, a county shall use an optical scan voting system only. The requirements of the federal Help America Vote Act, Pub. L. No. 107-252, 116 Stat. 1666, relating to disabled voters shall be met by a county through the use of electronic ballot marking devices that are compatible with an optical scan voting system.

Refer to in §47.10, 331.383
Section amended

52.3 Terms of purchase — tax levy.
The county board of supervisors, on the adoption and purchase of an optical scan voting system, may issue bonds under section 331.441, subsection 2, paragraph “b”, subparagraph (1).

[S13, §1137-a14; C24, 27, 31, 35, 39, §906; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §81, §52.3; 81 Acts, ch 117, §1009]

Refer to in §331.383

52.4 Examiners — term — removal.
1. The state commissioner of elections shall appoint three members to a board of examiners for voting systems, not more than two of whom shall be from the same political party. The examiners shall hold office for staggered terms of six years, subject to removal at the pleasure of the state commissioner of elections.
2. At least one of the examiners shall have been trained in computer programming and operations, or cybersecurity. The other two members shall be directly involved in the administration of elections and shall have experience in the use of optical scan voting systems.

[S13, §1137-a9; C24, 27, 31, 35, 39, §907; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §52.4]
52.5 Testing and examination of voting equipment.

1. A person or corporation owning or being interested in an optical scan voting system may request that the state commissioner call upon the board of examiners to examine and test the system. Within seven days of receiving a request for examination and test, the state commissioner shall notify the board of examiners of the request in writing and set a time and place for the examination and test.

2. The state commissioner shall formulate, with the advice and assistance of the examiners, and adopt rules governing the testing and examination of any optical scan voting system by the board of examiners. The rules shall prescribe the method to be used in determining whether the system is suitable for use within the state and performance standards for voting equipment in use within the state. The rules shall provide that all optical scan voting systems approved for use by the examiners after April 9, 2003, shall meet voting systems performance and test standards, as adopted by the federal election commission on April 30, 2002, and as deemed adopted by Pub. L. No. 107-252, § 222. The rules shall include standards for determining when recertification is necessary following modifications to the equipment or to the programs used in tabulating votes, and a procedure for rescinding certification if a system is found not to comply with performance standards adopted by the state commissioner.

3. The state commissioner may employ a competent person or persons to assist the examiners in their evaluation of the equipment and to advise the examiners as to the sufficiency of the equipment. Consultant fees shall be paid by the person who requested the certification. Following the examination and testing of the optical scan voting system, the examiners shall report to the state commissioner describing the testing and examination of the system and upon the capacity of the system to register the will of voters, its accuracy and efficiency, and with respect to its mechanical perfections and imperfections. Their report shall be filed in the office of the state commissioner and shall state whether in their opinion the kind of system so examined can be safely used by voters at elections under the conditions prescribed in this chapter. If the report states that the system can be so used, it shall be deemed approved by the examiners, and systems of its kind may be adopted for use at elections as provided in this section. Any form of system not so approved cannot be used at any election.

4. Before actual use by a county of a particular optical scan voting system which has been approved for use in this state, the state commissioner shall formulate, with the advice and assistance of the examiners, and adopt rules governing the development of vote counting programs and all procedures used in actual counting of votes by means of that system.

52.6 Compensation.

1. Each examiner is entitled to one hundred fifty dollars for compensation and expenses in making an examination and report under section 52.5, to be paid by the person or corporation applying for the examination. However, each examiner shall receive not to exceed fifteen hundred dollars and reasonable expenses in any one year; and all sums collected for such examinations over and above said maximum salaries and expenses shall be turned in to the state treasury.

1. Every optical scan voting system approved by the state board of examiners for voting systems shall:
   a. Provide for voting in secrecy, except as to persons entitled by sections 49.90 and 49.91 to assistance. The state board of examiners for voting systems shall determine whether the systems’ voting booths provide for voting in secrecy.
   b. Permit each voter to vote at any election for any candidate for each office and upon each public question with respect to which the voter is entitled by law to vote, while preventing the voter from voting more than once upon any public question or casting more votes for any office than there are persons to be elected to that office.
   c. Permit a voter to vote for any person for any office on the ballot at that election, whether or not the person’s name is printed on the ballot.
   d. Be so constructed or designed that, when voting in a primary election in which candidates are nominated by political parties, a voter is limited to the candidates for the nominations of the political party with which that voter is affiliated.
   e. Be so constructed or designed that in presidential elections the voter casts a vote for the presidential electors of any party or political organization by a single mark made opposite the name of the candidates of that party or organization for the offices of both president and vice president of the United States, and so that the voter is also provided the opportunity to write in the name of any person for whom the voter desires to vote for president or vice president of the United States.
   f. Be so constructed or designed as to permit voting for candidates for nomination or election of at least seven different political parties or organizations, and to permit voting for all of the candidates of any one political party or organization by a single mark, at any one election.

[C77, 79, 81, §52.26]

52.27 Commissioner to provide optical scan voting equipment.
The commissioner having jurisdiction of any precinct for which the board of supervisors has adopted voting by means of an optical scan voting system shall, as soon as practicable thereafter, provide for use at each election held in the precinct optical scan ballots and ballot marking devices in appropriate numbers. The commissioner shall have custody of all equipment required for use of the optical scan voting system, and shall be responsible for maintaining it in good condition and for storing it between elections.

[C77, 79, 81, §52.27]

52.28 Optical scan voting system ballot forms.
The commissioner of each county in which the use of an optical scan voting system in one or more precincts has been authorized shall print text on optical scan ballots using black ink on white paper and shall determine the arrangement of candidates’ names and public questions upon the ballot or ballots used with the system. The ballot information shall be arranged as required by chapters 43 and 49, and by any relevant provisions of any statutes which specify the form of ballots for special elections, so far as possible within the constraints of the physical characteristics of the optical scan voting system in use in that county. The state
commissioner may adopt rules requiring a reasonable degree of uniformity among counties
in arrangement of optical scan voting system ballots.

[C77, 79, 81, §52.28]
ch 1121, §4

52.29 Optical scan voting system sample ballots.
The commissioner shall provide for each precinct where an optical scan voting system is in
use at least one sample optical scan ballot which shall be an exact copy of the official ballots
as printed for that precinct. The sample ballot shall be posted prominently within the polling
place, and shall be open to public inspection during the hours the polls are open on election
day. If the ballot used on election day has offices or questions appearing on the back of the
ballot, both sides of the sample ballot shall be displayed.

52.30 Procedure where votes cast on ballot cards. Repealed by 2002 Acts, ch 1134, §114,
115.

52.31 Procedure where votes cast on optical scan ballots.
Preparations for voting and voting at any election in a precinct where votes are to be
received on optical scan ballots shall be in accordance with the provisions of chapter 49
governing voting upon conventional paper ballots with the following exceptions:
1. Before entering the voting booth each voter shall be cautioned to mark the ballot only
with a ballot marking device provided in the booth or by the precinct election officials.
2. In each precinct where portable automatic tabulating equipment is used, the voter may
personally insert the ballot into the tabulating device.

86 Acts, ch 1224, §24; 2007 Acts, ch 190, §38

52.33 Absentee voting by optical scan voting system.
1. In any county in which the board of supervisors has adopted voting by means of an
optical scan voting system, the commissioner shall also conduct absentee voting by use of
such a system. In any other county, the commissioner may with approval of the board of
supervisors conduct absentee voting by use of an optical scan voting system. All provisions
of chapter 53 shall apply to such absentee voting, so far as applicable. In counties where
absentee voting is conducted by use of an optical scan voting system, the special precinct
counting board shall, at the time required by chapter 53, prepare absentee ballots for
tabulation in the manner prescribed by this chapter.
2. The absentee and special precinct board shall follow the process prescribed in section
52.37, subsection 1, in handling damaged or defective ballots and in counting write-in votes
on optical scan ballots.

[C77, 79, 81, §52.33]

52.35 Equipment tested.
Before the date of any election at which votes are to be cast by means of an optical scan
voting system, the commissioner shall have the automatic tabulating equipment, including
the portable tabulating devices, tested to ascertain that it will correctly count the votes cast for
all offices and on all public questions. Testing shall be completed not later than twelve hours
before the opening of the polls on the morning of the election. The procedure for conducting
the test shall be as follows:
1. For any election to fill a partisan office, the county chairperson of each political party shall be notified in writing of the date, time, and place the test will be conducted, so that they may be present or have a representative present. For every election, the commissioner shall publish notice of the date, time, and place the test will be conducted. The commissioner may include such notice in the notice of the election published pursuant to section 49.53. The test shall be open to the public.

2. The test shall be conducted by processing a preaudited group of ballots marked so as to record a predetermined number of valid votes for each candidate, and on each public question, on the ballot. The test group shall include for each office and each question one or more ballots having votes in excess of the number allowed by law for that office or question, in order to test the ability of the automatic tabulating equipment to reject such votes. Any observer may submit an additional test group of ballots which, if so submitted, shall also be tested. The state commissioner shall promulgate administrative rules establishing procedures for any additional test group of ballots submitted by an observer. If any error is detected, its cause shall be ascertained and corrected and an errorless count obtained before the automatic tabulating equipment is approved. When so approved, a statement attesting to the fact shall be signed by the commissioner and kept with the records of the election.

3. The test group of ballots used for the test shall be clearly labeled as such, and retained in the commissioner’s office. The test group of ballots and the programs used for the counting procedure shall be sealed, retained for the time required for and disposed of in the same manner as ballots cast in the election.

4. Those present for the test shall sign a certificate which shall read substantially as follows:

52.37 Special precinct tabulation procedure.
The tabulation of absentee and provisional ballots cast by means of an optical scan voting system shall be conducted as follows:

1. a. If any ballot is found damaged or defective, so that it cannot be counted properly by
§52.37, VOTING SYSTEMS

the automatic tabulating equipment, a true duplicate shall be made by the resolution board team and substituted for the damaged or defective ballot, or, as an alternative, the valid votes on a defective ballot may be manually counted by the special precinct election board, whichever method is best suited to the system being used. All duplicate ballots shall be clearly labeled as such, and shall bear a serial number which shall also be recorded on the damaged or defective ballot.

b. The special precinct election board shall also tabulate any write-in votes which were cast. Write-in votes cast for a candidate whose name appears on the ballot for the same office shall be counted as a vote for the candidate indicated, if the vote is otherwise properly cast.

c. Ballots which are rejected by the tabulating equipment as blank because they have been marked with an unreadable marker shall be duplicated or tabulated as required by this subsection for damaged or defective ballots. The commissioner may instruct the special precinct election board to mark over voters’ unreadable marks using a marker compatible with the tabulating equipment. The special precinct election board shall take care to leave part of the original mark made by the voter. If it is impossible to mark over the original marks made by the voter without completely obliterating them, the ballot shall be duplicated.

2. The record printed by the automatic tabulating equipment, with the addition of a record of any write-in or other votes manually counted pursuant to this chapter, shall constitute the official return of the absentee ballot and special voters precinct. Upon completion of the tabulation of the votes, the result shall be announced and reported in substantially the manner required by section 50.11.

3. If for any reason it becomes impracticable to count all or any part of the ballots with the automatic tabulating equipment, the commissioner may direct that they be counted manually, in accordance with chapter 50 so far as applicable.

§53.1, ABSENT VOTERS

35.1A Rules.
The state commissioner shall adopt rules pursuant to chapter 17A for the implementation of this chapter.

2019 Acts, ch 148, §30, 33

§53.2 Application for ballot.

1. a. Any registered voter, under the circumstances specified in section 53.1, may on any day, except election day, and not more than one hundred twenty days prior to the date of the election, apply in person for an absentee ballot at the commissioner’s office or at any location designated by the commissioner. However, for those elections in which the commissioner directs the polls be opened at noon pursuant to section 49.73, a voter may apply in person for an absentee ballot at the commissioner’s office from 8:00 a.m. until 11:00 a.m. on election day.

b. A registered voter may make written application to the commissioner for an absentee ballot. A written application for an absentee ballot must be received by the commissioner no later than 5:00 p.m. on the same day as the voter registration deadline provided in section 48A.9 for the election for which the ballot is requested, except when the absentee ballot is requested and voted at the commissioner’s office pursuant to section 53.10. A written application for an absentee ballot delivered to the commissioner and received by the commissioner more than one hundred twenty days prior to the date of the election shall be returned to the voter with a notification of the date when the applications will be accepted.

2. a. The state commissioner shall prescribe a form for absentee ballot applications. However, if a registered voter submits an application on a sheet of paper no smaller than three by five inches in size that includes all of the information required in this section, the prescribed form is not required.

b. Absentee ballot applications may include instructions to send the application directly to the county commissioner of elections. However, no absentee ballot application shall be preaddressed or printed with instructions to send the applications to anyone other than the appropriate commissioner.

c. No absentee ballot application shall be preaddressed or printed with instructions to send the ballot to anyone other than the voter.

3. This section does not require that a written communication mailed to the commissioner’s office to request an absentee ballot, or any other document be notarized as a prerequisite to receiving or marking an absentee ballot or returning to the commissioner an absentee ballot which has been voted.

4. a. To request an absentee ballot, a registered voter shall provide:

(1) The name and signature of the registered voter.

(2) The registered voter’s date of birth.

(3) The address at which the voter is registered to vote.

(4) The registered voter’s voter verification number.

(5) The name or date of the election for which the absentee ballot is requested.

(6) Such other information as may be necessary to determine the correct absentee ballot for the registered voter.

b. If insufficient information has been provided, including the absence of a voter verification number, either on the prescribed form or on an application created by the applicant, the commissioner shall, within twenty-four hours after the receipt of the absentee ballot request, contact the applicant by telephone and electronic mail, if such information has been provided by the applicant. If the commissioner is unable to contact the applicant...
by telephone or electronic mail, the commissioner shall send a notice to the applicant at the
address where the applicant is registered to vote, or to the applicant’s mailing address if it is
different from the residential address. If the applicant has requested the ballot to be sent to
an address that is not the applicant’s residential or mailing address, the commissioner shall
send an additional notice to the address where the applicant requested the ballot to be sent.
A commissioner shall not use the voter registration system to obtain additional necessary
information. A voter requesting or casting a ballot pursuant to section 53.22 shall not be
required to provide a voter verification number.
  c. For purposes of this subsection, “voter verification number” means the registered
voter’s driver’s license number or nonoperator’s identification card number assigned to the
voter by the department of transportation or the registered voter’s identification number
assigned to the voter by the state commissioner pursuant to section 47.7, subsection 2.
  d. If an applicant does not have current access to the applicant’s voter verification
number, the commissioner shall verify the applicant’s identity prior to supplying the voter
verification number by asking the applicant to provide at least two of the following facts
about the applicant:
  (1) Date of birth.
  (2) The last four digits of the applicant’s social security number, if applicable.
  (3) Residential address.
  (4) Mailing address.
  (5) Middle name.
  (6) Voter verification number as defined in paragraph “c”.
  5. The commissioner may dispute an application if it appears to the commissioner that
the signature on the application has been signed by someone other than the registered voter;
in comparing the signature on the application to the signature on record of the registered
voter named on the application. If the commissioner disputes a registered voter’s application
under this subsection, the commissioner shall notify the registered voter and the registered
voter may submit a new application and signature or update the registered voter’s signature
on record, as provided by rule adopted by the state commissioner.
  6. An application for a primary election ballot which specifies a party different from that
recorded on the registered voter’s voter registration record, or if the voter’s voter registration
record does not indicate a party affiliation, shall be accepted as a change or declaration of
party affiliation. The commissioner shall approve the change or declaration and enter a
notation of the change on the registration records at the time the absentee ballot request
is noted on the voter’s registration record. A notice shall be sent with the ballot requested
informing the voter that the voter’s registration record will be changed to show that the voter
is now affiliated with the party whose ballot the voter requested. If an application for a
primary election ballot does not specify a party and the voter registration record of the voter
from whom the application is received shows that the voter is affiliated with a party, the voter
shall be mailed the ballot of the party indicated on the voter’s registration record.
  7. If an application for an absentee ballot is received from an eligible elector who is
not a registered voter the commissioner shall send the eligible elector a voter registration
form and another absentee ballot application form. If the application is received after the
time registration closes pursuant to section 48A.9 but by 5:00 p.m. on the Saturday before
the election for general elections or by 5:00 p.m. on the Friday before the election for all
other elections, the commissioner shall notify the applicant by mail of the election day and
in-person absentee registration provisions of section 48A.7. In addition to notification
by mail, the commissioner shall also attempt to contact the applicant by any other method
available to the commissioner.
  8. A registered voter who has not moved from the county in which the elector is registered
to vote may submit a change of name, telephone number, or address on the absentee ballot
application form when requesting an absentee ballot. The commissioner may also update
a voter’s identification number, as described in section 48A.11, subsection 1, paragraph “e”,
if an identification number is provided on an absentee ballot application. Upon receipt of
a properly completed form, the commissioner shall enter a notation of the change on the
registration records.
9. An application for an absentee ballot that is returned to the commissioner by a person acting as an actual or implied agent for a political party, as defined in section 43.2, or by a candidate or committee, both as defined by chapter 68A, shall be returned to the commissioner within seventy-two hours of the time the completed application was received from the applicant or no later than 5:00 p.m. on the same day as the deadline under subsection 1, paragraph "b", whichever is earlier. An application received by a person acting as an actual or implied agent of a political party after the deadline but before the date of the election shall be returned to the commissioner within twenty-four hours.

10. A registered voter who is a program participant under section 9E.6 may register to vote as an absentee voter with the state commissioner of elections pursuant to section 9E.6, subsection 2.

[SS15, §1137-c, -d; C24, 27, 31, 35, 39, §928, 930; C46, 50, 54, 58, 62, 66, 71, §53.2, 53.4; C73, 75, 77, 79, 81, §53.2]

53.3 Requirements for certain absentee ballot applications — prescribed form — receipt.

1. When an application for an absentee ballot is solicited by, or collected for return to the commissioner by, a person acting as an actual or implied agent for a political party, candidate, or committee, as defined by chapter 68A, the person shall provide the applicant with the form prescribed by the state commissioner.

2. a. When an application for an absentee ballot is solicited by, and returned to the commissioner by, a person acting as an actual or implied agent for a political party, candidate, or committee, as defined by chapter 68A, the person shall issue to the applicant a receipt for the completed application.

b. The receipt shall contain the following information:

(1) The name of the applicant.

(3) The date and time the completed application was received from the applicant.

(4) The name and date of the election for which the application is being completed.

(5) The name of the political party, candidate, or committee for whom the person is soliciting and returning the application for the absentee ballot.

(6) The name of the person acting as an actual or implied agent for the political party, candidate, or committee.

(7) A statement that the application will be delivered to the appropriate commissioner within seventy-two hours of the date and time the completed application was received from the applicant or no later than 5:00 p.m. on the Friday before the election, whichever is earlier.

(8) A statement that an absentee ballot will be mailed to the applicant within twenty-four hours after the ballot for the election is available.

(9) The commissioner shall make receipt forms required by this section available for photocopying at the expense of the political party, candidate, or committee.

53.4 through 53.6 Reserved.
53.7 Solicitation by public employees.
  1. It shall be unlawful for any employee of the state or any employee of a political subdivision to solicit any application or request for application for an absentee ballot, or to take an affidavit in connection with any absentee ballot while the employee is on the employer’s premises or otherwise in the course of employment. However, any such employee may take such affidavit in connection with an absentee ballot which is cast by the registered voter in person in the office where such employee is employed in accordance with section 53.10 or 53.11. This subsection shall not apply to any elected official.
  2. It is unlawful for any public officer or employee, or any person acting under color of a public officer or employee, to knowingly require a public employee to solicit an application or request an application for an absentee ballot, or to knowingly require an employee to take an affidavit or request for an affidavit in connection with an absentee ballot application.

53.8 Ballot mailed.
  1. a. Upon receipt of an application for an absentee ballot and immediately after the absentee ballots are printed, but not more than twenty-nine days before the election, the commissioner shall mail an absentee ballot to the applicant within twenty-four hours, except as otherwise provided in subsection 3. When the United States post office is closed in observance of a federal holiday and is not delivering mail on the twenty-ninth day before the election, the first day to mail absentee ballots is the next business day on which mail delivery is available. The absentee ballot shall be sent to the registered voter by one of the following methods:

     (1) The absentee ballot shall be enclosed in an unsealed envelope marked with a serial number and affidavit. The absentee ballot and affidavit envelope shall be enclosed in or with an unsealed return envelope marked postage paid which bears the same serial number as the affidavit envelope. The absentee ballot, affidavit envelope, and return envelope shall be enclosed in a third envelope to be sent to the registered voter. If the ballot cannot be folded so that all of the votes cast on the ballot will be hidden, the commissioner shall also enclose a secrecy envelope with the absentee ballot.

     (2) The absentee ballot shall be enclosed in an unsealed return envelope marked with a serial number and affidavit and marked postage paid. The absentee ballot and return envelope shall be enclosed in a second envelope to be sent to the registered voter. If the ballot cannot be folded so that all of the votes cast on the ballot will be hidden, the commissioner shall also enclose a secrecy envelope with the absentee ballot.

   b. The affidavit shall be marked on the appropriate envelope in a form prescribed by the state commissioner of elections.

   c. For envelopes mailed at any election other than the primary election, the commissioner shall not mark any envelope with any information related to the party affiliation of the applicant.

  2. a. The commissioner shall enclose with the absentee ballot a statement informing the applicant that the sealed return envelope may be mailed to the commissioner by the registered voter or the voter’s designee or may be personally delivered to the commissioner’s office by the registered voter or the voter’s designee. The statement shall also inform the voter that the voter may request that the voter’s designee complete a receipt when retrieving the ballot from the voter. A blank receipt shall be enclosed with the absentee ballot.

   b. If an application is received so late that it is unlikely that the absentee ballot can be returned in time to be counted on election day, the commissioner shall enclose with the absentee ballot a statement to that effect.

  3. a. When an application for an absentee ballot is received by the commissioner of any county from a registered voter who is a patient in a hospital in that county, a tenant of an assisted living program in that county as shown by the list of certifications provided the commissioner under section 231C.21, or a resident of any facility in that county shown

b. (1) If the application is received more than five days before the ballots are printed and the commissioner has elected to have the ballots personally delivered during the ten-day period after the ballots are printed, the commissioner shall mail to the applicant within twenty-four hours a letter in substantially the following form:

If you will not be at the address from which your application was sent during either of these time periods, contact this office and arrangements will be made to have your absentee ballot delivered at a time when you will be present at that address.

(2) If the application is received more than fourteen calendar days before the election and the commissioner has not elected to mail absentee ballots to applicants as provided under section 53.22, subsection 4, and has not elected to have the absentee ballots personally delivered during the ten-day period after the ballots are printed, the commissioner shall mail to the applicant within twenty-four hours a letter in substantially the following form:

If you will not be at the address from which your application was sent during any or all of the fourteen-day period immediately preceding the election, contact this office and arrangements will be made to have your absentee ballot delivered at a time when you will be present at that address.

c. Nothing in this subsection nor in section 53.22 shall be construed to prohibit a registered voter who is a hospital patient or resident of a health care facility, or who anticipates entering a hospital or health care facility before the date of a forthcoming election, from casting an absentee ballot in the manner prescribed by section 53.10 or 53.11.

§53.16 Subscribing to affidavit.
After marking the ballot, the voter shall make and subscribe to the affidavit on the affidavit envelope or on the return envelope marked with the affidavit, and fold the ballot or ballots, separately, so as to conceal the markings on them, and deposit them in the envelope, and securely seal the envelope.

[SS15, §1137-g; C24, 27, 31, 35, 39, §942; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §53.16]
53.17 Mailing or delivering ballot.
1. If the commissioner mailed the ballot pursuant to section 53.8, subsection 1, paragraph “a”, subparagraph (1), the sealed envelope bearing the voter’s affidavit and containing the absentee ballot shall be enclosed in a return envelope which shall be securely sealed. If the commissioner mailed the ballot pursuant to section 53.8, subsection 1, paragraph “a”, subparagraph (2), the absentee ballot shall be enclosed in the return envelope which shall be securely sealed. The sealed return envelope shall be returned to the commissioner by one of the following methods:
   a. The sealed return envelope may be delivered by the registered voter, by the voter’s designee, or by the special precinct election officials designated pursuant to section 53.22, subsection 2, to the commissioner’s office no later than the time the polls are closed on election day. However, if delivered by the voter’s designee, the envelope shall be delivered within seventy-two hours of retrieving it from the voter or before the closing of the polls on election day, whichever is earlier.
   b. The sealed return envelope may be mailed to the commissioner by the registered voter or by the voter’s designee. If mailed by the voter’s designee, the envelope must be mailed within seventy-two hours of retrieving it from the voter or within time to be postmarked or, if applicable, to have the postal service barcode traced to a date of entry into the federal mail system not later than the day before the election, as provided in section 53.17A, whichever is earlier.
   c. In order for the ballot to be counted, the return envelope must be received in the commissioner’s office before the polls close on election day or be clearly postmarked by an officially authorized postal service or bear a postal service barcode traceable to a date of entry into the federal mail system not later than the day before the election, as provided in section 53.17A, and received by the commissioner not later than noon on the Monday following the election.
   d. If the law authorizing the election specifies that the supervisors canvass the votes earlier than the Monday following the election, absentee ballots returned through the mail must be received not later than the time established for the canvass by the board of supervisors for that election. The commissioner shall contact the post office serving the commissioner’s office at the latest practicable hour before the canvass by the board of supervisors for that election, and shall arrange for absentee ballots received in that post office but not yet delivered to the commissioner’s office to be brought to the commissioner’s office before the canvass for that election by the board of supervisors.
   e. When a person designated by the voter retrieves a completed absentee ballot from the voter, the designee shall, upon request of the voter, fill out a receipt to be retained by the voter. The state commissioner shall prescribe a form for receipts required by this subsection. The receipt shall include all of the following:
      a. The name of the voter’s designee.
      b. The date and time the completed absentee ballot was received from the voter.
      c. The name and date of the election for which the absentee ballot is being voted.
      d. The name of the political party, candidate, or committee for which the designee is acting as an actual or implied agent, if applicable.
      e. A telephone number at which the voter’s designee may be contacted.
      f. A statement that the completed absentee ballot will be delivered to the commissioner’s office within seventy-two hours of retrieving it from the voter or before the closing of the polls on election day, whichever is earlier, or that the completed absentee ballot will be mailed to the commissioner within seventy-two hours of retrieving it from the voter or within time to be postmarked or, if applicable, to have the postal service barcode traced to a date of entry into the federal mail system not later than the day before the election, as provided in section 53.17A, whichever is earlier.

53.17A Absentee ballot tracking.

1. For the purposes of this chapter:
   a. “Postal service barcode” means a barcode purchased by the sender and supplied by the United States postal service that is used to sort and track letters and flat packages and is printed on an absentee ballot return envelope at the direction of the commissioner before the envelope is sent to the voter.
   b. “Tracking information database” means a database administered by the United States postal service that is accessible to the commissioner and contains information regarding letters or flat packages.

2. a. Prior to implementing for the first time, discontinuing the usage of, or reimplementing the usage of a postal service barcode and tracking information, the commissioner shall send notice to the state commissioner prior to October 1, 2020, for an election taking place in 2020 after that date, and by October 1 of each year thereafter.
   b. The commissioner shall not implement or discontinue the use of a postal service barcode or tracking information database during an election after an absentee ballot has been mailed for that election pursuant to section 53.8.
   c. The state commissioner shall adopt rules regarding the statewide implementation of a postal service barcode and tracking information database, including procedures to be followed when usage of a postal service barcode or the tracking information database is negatively impacted. Each commissioner shall use a postal service barcode and tracking information database consistent with rules of the state commissioner. Every commissioner shall send notice to the state commissioner and implement the use of a postal service barcode and tracking information database prior to October 1, 2020.

3. a. An absentee ballot received after the polls close on election day but prior to the official canvass shall be counted if the commissioner determines that the ballot entered the federal mail system by the deadline specified in section 53.17 or 53.22. The date of entry of such an absentee ballot into the federal mail system shall only be verified as provided in paragraph “b”.
   b. (1) If the postmark indicates that the absentee ballot entered the federal mail system by the deadline specified in section 53.17 or 53.22, the ballot shall be included for canvass by the absentee and special voters precinct board.
      (2) If the postmark is illegible, missing, or dated on or after election day, the commissioner shall attempt to verify the ballot’s date of entry into the federal mail system by querying the postal service barcode in the tracking information database. If the tracking information database indicates that the absentee ballot entered the federal mail system by the deadline specified in section 53.17 or 53.22, the ballot shall be included for canvass by the absentee and special voters precinct board. The commissioner shall provide a report to the absentee and special voters precinct board regarding the information available in the tracking information database.
      (3) If there is a discrepancy between the date indicated by the postmark and the postal service barcode, the earlier of the two shall determine the date of entry of the absentee ballot into the federal mail system.
      (4) (a) If neither the postmark nor the postal service barcode indicates that the absentee ballot entered the federal mail system by the deadline specified in section 53.17 or 53.22, the absentee ballot shall be sent to the absentee and special voters precinct board pursuant to subparagraph division (b) with the numeric value assigned to the postal service barcode and a full report from the tracking information database.
      (b) Up to five absentee and special voters precinct board members from each political party for partisan elections, or any two members of the board for nonpartisan elections, shall review the postal service barcode and tracking database information report of each absentee ballot submitted pursuant to subparagraph division (a) and certify that the tracking information database report corresponds to the absentee ballot by initialing the report and the
absentee ballot envelope. If the board concludes that the postal service barcode and tracking information database report verify that the absentee ballot entered the federal mail system by the deadline specified in section 53.17 or 53.22, the ballot shall be counted. Otherwise, the ballot shall not be counted.

53.18 Manner of preserving ballot and application — review of affidavit — replacement ballots.
1. When the return envelope containing the completed absentee ballot is received by the commissioner, the commissioner shall at once record receipt of such ballot. Absentee ballots shall be stored in a secure place until they are delivered to the absentee and special voters precinct board.
2. If the commissioner receives the return envelope containing the completed absentee ballot by 5:00 p.m. on the Saturday before the election for general elections and by 5:00 p.m. on the Friday before the election for all other elections, the commissioner shall review the affidavit marked on the return envelope, if applicable, for completeness or shall open the return envelope to review the affidavit for completeness. If the affidavit is incomplete, the commissioner shall, within twenty-four hours of the time the envelope was received, notify the voter of that fact and that the voter may complete the affidavit in person at the office of the commissioner by 5:00 p.m. on the day before the election, vote a replacement ballot in the manner and within the time period provided in subsection 3, or appear at the voter’s precinct polling place on election day and cast a ballot in accordance with section 53.19, subsection 3.
3. If the affidavit envelope or the return envelope marked with the affidavit contains a defect that would cause the absentee ballot to be rejected by the absentee and special voters precinct board, the commissioner shall immediately notify the voter of that fact and that the voter’s absentee ballot shall not be counted unless the voter requests and returns a replacement ballot in the time permitted under section 53.17, subsection 2. For the purposes of this section, a return envelope marked with the affidavit shall be considered to contain a defect if it appears to the commissioner that the signature on the envelope has been signed by someone other than the registered voter, in comparing the signature on the envelope to the signature on record of the registered voter named on the envelope. A signature or marking made in accordance with section 39.3, subsection 17, shall not be considered a defect for purposes of this section. The voter may request a replacement ballot in person, in writing, or over the telephone. The same serial number that was assigned to the records of the original absentee ballot application shall be used on the envelope and records of the replacement ballot. The envelope marked with the affidavit and containing the completed replacement ballot shall be marked “Replacement ballot”. The envelope marked with the affidavit containing the original ballot shall be marked “Defective” and the replacement ballot shall be attached to such envelope containing the original ballot and shall be stored in a secure place until they are delivered to the absentee and special voters precinct board, notwithstanding sections 53.26 and 53.27.
4. The state commissioner of elections shall adopt rules for implementation of this section.

53.19 Listing absentee ballots.
1. The commissioner shall maintain a list of the absentee ballots provided to registered voters, the serial number appearing on the unsealed envelope, the date the application for the absentee ballot was received, and the date the absentee ballot was sent to the registered voter requesting the absentee ballot.
2. The commissioner shall provide each precinct election board with a list of all registered voters from that precinct who have received an absentee ballot. The precinct officials shall immediately designate on the election register those registered voters who have received an absentee ballot and are not entitled to vote in person at the polls, except as provided in subsection 3.

3. a. A registered voter who has received an absentee ballot and not returned it may surrender the absentee ballot to the precinct officials and vote in person at the polls. The precinct officials shall mark the uncast absentee ballot “void” and return it to the commissioner.

b. A registered voter who has requested an absentee ballot by mail but for any reason has not received it or who has not brought the ballot to the polls may appear at the voter’s precinct polling place on election day and, after the precinct election officials confirm the commissioner has not received the voter’s absentee ballot, the voter shall be permitted to vote in person at the polls. If the precinct election officials are unable to confirm whether the commissioner has received the voter’s absentee ballot, the voter shall cast a ballot in accordance with section 49.81.

c. A registered voter who has been notified by the commissioner pursuant to section 53.18 of the need to complete the affidavit or vote a replacement absentee ballot and who has not completed the affidavit or voted a replacement absentee ballot may appear at the voter’s precinct polling place on election day and, after the precinct election officials confirm the voter has not completed the affidavit or voted a replacement ballot, the voter shall be permitted to vote in person at the polls. If the precinct election officials are unable to confirm whether the voter has completed the affidavit or voted a replacement ballot, the voter shall cast a ballot in accordance with section 49.81.

§53.20 Special precinct established.
1. There is established in each county a special precinct to be known as the absentee ballot and special voters precinct. Its jurisdiction shall be conterminous with the borders of the county, for the purposes specified by sections 53.22 and 53.23, and the requirement that precincts not cross the boundaries of legislative districts shall not be applicable to it. The commissioner shall draw up an election board panel for the special precinct in the manner prescribed by section 49.15, having due regard for the nature and extent of the duties required of members of the election board and the election officers to be appointed from the panel, including, if directed by the commissioner, the tallying and recording of write-in votes.

2. a. Results from the special precinct shall be reported separately from the results of the ballots cast at the polls on election day. The commissioner shall for general elections also report the results of the special precinct by the resident precincts of the voters who cast absentee and provisional ballots. For all other elections, the commissioner may report the results of the special precinct by the resident precincts of the voters who cast absentee and provisional ballots, or may report the absentee results as a single precinct.

b. For the general election and for any election in which the commissioner determines in advance of the election to report the results of the special precinct by the resident precincts of the voters who cast absentee and provisional ballots, the commissioner shall prepare a separate absentee ballot style for each precinct in the county and shall program the voting system to produce reports by the resident precincts of the voters.

§53.21 Replacement of lost or spoiled absentee ballots.
1. A voter who has requested an absentee ballot may obtain a replacement ballot if the voter declares that the original ballot was lost or did not arrive. The commissioner upon
receipt of a written or oral request for a replacement ballot shall provide a duplicate ballot. The same serial number that was assigned to the records of the original absentee ballot request shall be used on the envelopes and records of the replacement ballot.

2. a. The commissioner shall include with the replacement ballot two copies of a statement in substantially the following form:

   The absentee ballot which I requested on ................................
   (date) has been lost or was never received. If I find this absentee
   ballot I will return it, unvoted, to the commissioner.

   ........................................
   (Signature of voter)
   ........................................
   (Date)

   b. The voter shall enclose one copy of the above statement in the return envelope along with the affidavit envelope, if the voter was mailed a separate affidavit envelope, and shall retain a copy for the voter’s records.

3. a. A voter who spoils an absentee ballot may return it to the commissioner. The outside of the return envelope shall be marked “SPOILED BALLOT”. The commissioner shall replace the ballot in the manner provided in this section for lost ballots.

   b. An absentee ballot returned to the commissioner without a designation that the ballot was spoiled shall not be replaced.

Referred to in §53.49

53.22 Balloting by confined persons.

1. For purposes of this section, “assisted living program” means a program certified pursuant to section 231C.3 that meets the standards for a dementia-specific assisted living program, as established by rule by the department of inspections and appeals.

2. a. (1) A registered voter who has applied for an absentee ballot, in a manner other than that prescribed by section 53.10 or 53.11, and who is a resident, tenant, or patient in a health care facility, assisted living program, or hospital located in the county to which the application has been submitted shall be delivered the appropriate absentee ballot by two special precinct election officers, one of whom shall be a member of each of the political parties referred to in section 49.13, who shall be appointed by the commissioner from the election board panel for the special precinct established by section 53.20. The special precinct election officers shall be sworn in the manner provided by section 49.75 for election board members, shall receive compensation as provided in section 49.20, and shall perform their duties during the ten calendar days after the ballots are printed if the commissioner so elects, during the fourteen calendar days preceding the election, and on election day if all ballots requested under section 53.8, subsection 3, have not previously been delivered and returned.

   (2) If materials are prepared for the two special precinct election officials, a list shall be made of all voters to whom ballots are to be delivered. The list shall be sent with the officials who deliver the ballots and shall include spaces to indicate whether the person was present at the hospital, assisted living program, or health care facility when the officials arrived, whether the person requested assistance from the officials, whether the person was assisted by another person of the voter’s choice, the time that the ballot was returned to the officials, and any other notes the officials deem necessary.

   (3) The officials shall also be issued a supply of extra ballots to replace spoiled ballots. Receipts shall be issued in substantially the same form as receipts issued to precinct election officials pursuant to section 49.65. All ballots shall be accounted for and shall be returned to the commissioner. Separate envelopes shall be provided for the return of spoiled ballots and unused ballots.

   b. If an applicant under this subsection notifies the commissioner that the applicant will not be available at the health care facility, assisted living program, or hospital address at any time during the ten-day period after the ballots are printed, if applicable, or during the
fourteen-day period immediately prior to the election, but will be available there at some other
time prior to the election or on election day, the commissioner shall direct the two special
precinct election officers to deliver the applicant’s ballot at an appropriate time preceding
the election or on election day. If a person who so requested an absentee ballot has been
dismissed from the health care facility or hospital, or is no longer a tenant of the assisted
living program, the special precinct election officers may take the ballot to the voter if the
voter is currently residing in the county.

c. The special precinct election officers shall travel together in the same vehicle and both
shall be present when an applicant casts an absentee ballot. If either or both of the special
precinct election officers fail to appear at the time the duties set forth in this section are to be
performed, the commissioner shall at once appoint some other person, giving preference to
persons designated by the respective county chairpersons of the political parties described in
section 49.13, to carry out the requirements of this section. The persons authorized by this
subsection to deliver an absentee ballot to an applicant, if requested, may assist the applicant
in filling out the ballot as permitted by section 49.90. After the voter has securely sealed the
marked ballot in the envelope provided and has subscribed to the oath, the voted absentee
ballots shall be deposited in a sealed container which shall be returned to the commissioner
on the same day the ballots are voted. On election day the officers shall return the sealed
container by the time the polls are closed.

3. Any registered voter who becomes a patient, tenant, or resident of a hospital, assisted
living program, or health care facility in the county where the voter is registered to vote
within three days prior to the date of any election or on election day may request an absentee
ballot during that period or on election day. As an alternative to the application procedure
prescribed by section 53.2, the registered voter may make the request directly to the officers
who are delivering and returning absentee ballots under this section. Alternatively, the
request may be made by telephone to the office of the commissioner not later than four
hours before the close of the polls. If the requester is found to be a registered voter of that
county, these officers shall deliver the appropriate absentee ballot to the registered voter in
the manner prescribed by this section.

4. For any election except a primary or general election or a special election to fill a
vacancy under section 69.14, the commissioner may, as an alternative to subsection 2,
mail an absentee ballot to an applicant under this section to be voted and returned to the
commissioner in accordance with this chapter. This subsection only applies to applications
for absentee ballots from a single health care facility, assisted living program, or hospital if
there are no more than two applications from that facility, program, or hospital.

5. The commissioner shall mail an absentee ballot to a registered voter who has applied
for an absentee ballot and who is a patient, tenant, or resident of a hospital, assisted living
program, or health care facility outside the county in which the voter is registered to vote.

6. a. If the registered voter becomes a patient, tenant, or resident of a hospital, assisted
living program, or health care facility outside the county where the voter is registered to vote
within three days before the date of any election or on election day, the voter may designate
a person to deliver and return the absentee ballot. The designee may be any person the voter
chooses except that no candidate for any office to be voted upon for the election for which the
ballot is requested may deliver a ballot under this subsection. The request for an absentee
ballot may be made by telephone to the office of the commissioner not later than four hours
before the close of the polls. If the requester is found to be a registered voter of that county,
the ballot shall be delivered by mail or by the person designated by the voter. An application
form shall be included with the absentee ballot and shall be signed by the voter and returned
with the ballot.

b. Absentee ballots voted under this subsection shall be delivered to the commissioner no
later than the time the polls are closed on election day. If the ballot is returned by mail the
return envelope must be received by the time the polls close, or be clearly postmarked by
an officially authorized postal service or bear a postal service barcode traceable to a date of
entry into the federal mail system not later than the day before the election, as provided in
section 53.17A, and received by the commissioner no later than the time established for the
canvass by the board of supervisors for that election.
7. Observers representing candidates, political parties, or nonparty political organizations, or observers who are opponents or proponents of a ballot issue to be voted on at the election are prohibited from being present at a hospital, assisted living program, or health care facility during the time the special precinct election officers are delivering absentee ballots to the patients, tenants, or residents of such hospital, assisted living program, or health care facility.

8. The proof of identity requirements under section 49.78 shall not apply to a voter casting a ballot pursuant to this section.

[C71, 73, 75, §53.17; C77, 79, 81, §53.22; 81 Acts, ch 34, §37]

Subsection 8 takes effect July 1, 2017, and applies to elections held on or after that date; 2017 Acts, ch 110, §35, 36; 2017 Acts, ch 170, §26

53.23 Special precinct election board.

1. The election board of the absentee ballot and special voters precinct shall be appointed by the commissioner in the manner prescribed by sections 49.12 and 49.13, except that the number of precinct election officials appointed to the board shall be sufficient to complete the counting of absentee ballots by 10:00 p.m. on election day.

2. The board’s powers and duties shall be the same as those provided in chapter 50 for precinct election officials in regular precinct polling places. However, the election board of the special precinct shall receive from the commissioner and count all absentee ballots for all precincts in the county; when two or more political subdivisions in the county hold elections simultaneously the special precinct election board shall count absentee ballots cast in all of the elections so held. The tally list shall be recorded on forms prescribed by the state commissioner.

3. a. The commissioner shall set the convening time for the board, allowing a reasonable amount of time to complete counting all absentee ballots by 10:00 p.m. on election day.

b. (1) The commissioner may direct the board to meet on the day before the election for the purpose of reviewing the absentee voters’ affidavits appearing on the sealed envelopes. If in the commissioner’s judgment this procedure is necessary due to the number of absentee ballots received, the members of the board may open the sealed affidavit envelopes and remove the secrecy envelope containing the ballot, but under no circumstances shall a secrecy envelope or a return envelope marked with an affidavit be opened before the board convenes on election day, except as provided in paragraph “c”. If the affidavit envelopes are opened before election day pursuant to this paragraph “b”, the observers appointed by each political party, as defined in section 43.2, shall witness the proceedings. Each political party may appoint up to five observers under this paragraph “b”. The observers shall be appointed by the county chairperson or, if the county chairperson fails to make an appointment, by the state chairperson. However, if either or both political parties fail to appoint an observer, the commissioner may continue with the proceedings.

(2) If the board finds any ballot not enclosed in a secrecy envelope and the ballot is folded in such a way that any of the votes cast on the ballot are visible, the two special precinct election officials, one from each of the two political parties referred to in section 49.13, subsection 2, shall place the ballot in a secrecy envelope. No one shall examine the ballot, except as provided in paragraph “c”.

c. For the general election, the commissioner may convene the special precinct election board on the day before the election to begin counting absentee ballots. However, if in the preceding general election the counting of absentee ballots was not completed by 10:00 p.m. on election day, the commissioner shall convene the special precinct election board on the day before the next general election to begin counting absentee ballots. The board shall not release the results of its tabulation pursuant to this paragraph until the count is completed on election day.

4. The room where members of the special precinct election board are engaged in
counting absentee ballots on the day before the election pursuant to subsection 3, paragraph “c”, or during the hours the polls are open shall be policed so as to prevent any person other than those whose presence is authorized by this subsection from obtaining information about the progress of the count. The only persons who may be admitted to that room are the members of the board, five challengers representing each political party, one observer representing any nonparty political organization or any candidate nominated by petition pursuant to chapter 45 or any other nonpartisan candidate in a city or school election appearing on the ballot of the election in progress, one observer representing persons supporting a public measure appearing on the ballot and one observer representing persons opposed to such measure, and the commissioner or the commissioner’s designee. It shall be unlawful for any of these persons to communicate or attempt to communicate, directly or indirectly, information regarding the progress of the count at any time while the board is convened pursuant to subsection 3, paragraph “c”, or at any time before the polls are closed.

5. The special precinct election board shall preserve the secrecy of all absentee and provisional ballots. After the affidavits on the envelopes have been reviewed and the qualifications of the persons casting the ballots have been determined, those that have been accepted for counting shall be opened. The ballots shall be removed from the affidavit envelopes or return envelopes marked with the affidavit, as applicable, without being unfolded or examined, and then shall be thoroughly intermingled, after which they shall be unfolded and tabulated. If secrecy folders or envelopes are used with provisional paper ballots, the ballots shall be removed from the secrecy folders after the ballots have been intermingled.

6. The special precinct election board shall not release the results of its tabulation on election day until all of the ballots it is required to count on that day have been counted, nor release the tabulation of provisional ballots accepted and counted under chapter 50 until that count has been completed.

53.25 Rejecting ballot.

1. a. If the absentee voter’s affidavit lacks the voter’s signature, if the applicant is not a duly registered voter on election day in the precinct where the absentee ballot was cast, if the envelope marked with the affidavit contains more than one ballot of any one kind, or if the voter has voted in person, such vote shall be rejected by the absentee and special voters precinct board. If the affidavit envelope or return envelope marked with the affidavit is open, or has been opened and resealed, or if the ballot is not enclosed in such envelope, and an affidavit envelope or return envelope marked with the affidavit with the same serial number and marked “Replacement ballot” is not attached as provided in section 53.18, the ballot shall be rejected by the absentee and special voters precinct board.

b. If a voter casts a provisional ballot pursuant to section 49.78, subsection 7, and the voter has failed to establish the voter’s identity at the commissioner’s office, the provisional ballot shall be rejected by the absentee and special voters precinct board.

2. If the absentee or provisional ballot is rejected prior to the opening of the affidavit envelope or return envelope marked with the affidavit, the voter casting the ballot shall be
notified by a precinct election official by the time the canvass is completed of the reason for the rejection on a form prescribed by the state commissioner of elections.

1. Every ballot not counted shall be endorsed on the back with the following:

Rejected because (giving reason therefor).

2. 53.38 What constitutes registration.
Whenever a ballot is requested pursuant to section 53.39 or 53.45 on behalf of a voter in the
armed forces of the United States, the affidavit upon the envelope marked with the affidavit
of such voter, if the voter is found to be an eligible elector of the county to which the ballot is
submitted, shall constitute a sufficient registration under chapter 48A. A completed federal
postcard registration and federal absentee ballot request form submitted by such eligible
elector shall also constitute a sufficient registration under chapter 48A. The commissioner
shall place the voter’s name on the registration record as a registered voter if it does not
already appear there. The identification requirements of section 48A.8 and the verification
requirements of section 48A.25A do not apply to persons who register to vote under this
subchapter.

53.39 Request for ballot — when available.
1. Section 53.2 does not apply in the case of a qualified voter of the state of Iowa serving in
the armed forces of the United States. In any such case an application for ballot as provided

to any such qualified voter upon a request as provided in this subchapter.
2. All official ballots to be voted by qualified absent voters in the armed forces of the United States at the primary election and the general election shall be printed prior to forty-five days before the respective elections and shall be available for transmittal to such qualified voters in the armed forces of the United States at least forty-five days before the respective elections. The provisions of this chapter apply to absent voting by qualified voters in the armed forces of the United States except as modified by the provisions of this subchapter.

Referred to in §48A.5, §53.38

53.40 Request requirements — transmission of ballot.

1. a. A request in writing for a ballot may be made by any member of the armed forces of the United States who is or will be a qualified voter on the day of the election at which the ballot is to be cast, at any time before the election. Any member of the armed forces of the United States may request ballots for all elections to be held during a calendar year. The request may be made by using the federal postcard application form and indicating that the applicant wishes to receive ballots for all elections as permitted by state law. If the applicant does not specify which elections the request is for, the county commissioner shall send the applicant a ballot for each federal election held after the application is received until the end of the calendar year in which the request is received.

b. Unless the request specifies otherwise, a request for the primary election shall also be considered a request for the general election. In the case of the general election, request may be made not more than seventy days before the election, for and on behalf of a voter in the armed forces of the United States by a spouse, parent, parent-in-law, adult brother, adult sister, or adult child of the voter, residing in the county of the voter’s residence. However, a request made by other than the voter may be required to be made on forms prescribed by the state commissioner.

c. A request shall show the residence, including street address, if any, of the voter and the age of the voter and shall designate the address to which the ballot is to be sent. In the case of the primary election, the request shall also show the party affiliation of the voter. The request shall be made to the commissioner of the county of the voter’s residence. However, if the request is made by the voter to any elective state, city, or county official, the official shall forward it to the commissioner of the county of the voter’s residence, and such request so forwarded shall have the same force and effect as if made directly to the commissioner by the voter.

2. The commissioner shall immediately on the forty-fifth day prior to the particular election transmit ballots to the voter by mail or otherwise, postage prepaid, as directed by the state commissioner, requests for which are in the commissioner’s hands at that time, and thereafter so transmit ballots immediately upon receipt of requests. A request for ballot for the primary election which does not state the party affiliation of the voter making the request is void and of no effect. A request which does not show that the person for whom a ballot is requested will be a qualified voter in the precinct in which the ballot is to be cast on the day of the election for which the ballot is requested, shall not be honored. However, a request which states the age and the city, including street address, and county where the voter resides is sufficient to show that the person is a qualified voter. A request by the voter containing substantially the information required is sufficient.

3. If the affidavit on the envelope marked with the affidavit shows that the affiant is not a qualified voter on the day of the election at which the ballot is offered for voting, the envelope shall not be opened, but the envelope and ballot contained in the envelope shall be preserved and returned by the precinct election officials to the commissioner, who shall preserve them for the period of time and under the conditions provided for in sections 50.12, 50.13, 50.15, and 50.19.

[C54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §53.40]

53.41 Records by commissioner — excess requests or ballots.
1. The commissioner of each county shall establish and maintain a record of all requests for ballots which are made, and of all ballots transmitted, and the manner of transmittal, from and received in the commissioner’s office under the provisions of this subchapter.
2. If more than one request for absent voter’s ballot for a particular election is made to the commissioner before the ballots are ready to mail by or on behalf of a voter in the armed forces of the United States, the last request received shall be honored, except that if one of the requests is made by the voter, the request of the voter shall be honored in preference to a request made on the voter’s behalf by another.
3. Not more than one ballot shall be transmitted by the commissioner to any voter for a particular election unless after the ballot has been mailed the voter reports a change in the address to which the ballot should be sent. A ballot shall be mailed using a serial number that indicates that this is a replacement sent to an updated address. The original ballot shall be counted only if the replacement ballot does not arrive. If the commissioner receives more than one absent voter’s ballot, provided for by this subchapter, from or purporting to be from any one voter for a particular election, all of the ballots so received from or purporting to be from such voter are void, and the commissioner shall not deliver any of the ballots to the precinct election officials, but shall retain them in the commissioner’s office, and preserve them for the period and under the conditions provided for in sections 50.12, 50.13, 50.15, and 50.19.

53.42 Voting in person in commissioner’s office.
Notwithstanding the provision as to time found in section 53.10, any qualified voter in the armed forces of the United States may personally appear in the office of the commissioner of the county of the voter’s residence and there vote an absent voter’s ballot at any time not earlier than forty days before the primary or general election, as the case may be.

53.43 Identification on envelope.
The envelopes used in connection with voting by absent voter’s ballot by voters who are members of the armed forces of the United States, shall have stamped or printed on them the words “Armed Forces or Overseas Ballot” and a designation of the election at which the ballot is to be cast.

53.44 Affidavit to be signed and returned.
1. The affidavit on the envelope marked with the affidavit used in connection with voting by absentee ballot under this subchapter by members of the armed forces of the United States need not be notarized or witnessed, but the affidavit on such envelope shall be completed and signed by the voter.
2. Absentee ballots issued under this subchapter shall be returned in the same manner and within the same time limits specified in section 53.17.
53.45 Special absentee ballot.

1. a. As provided in this section, the commissioner shall provide special absentee ballots to be used for general elections. A special absentee ballot shall only be provided to an eligible elector who completes an application stating both of the following to the best of the eligible elector’s belief:

   (1) The eligible elector will be residing or stationed or working outside the continental United States.

   (2) The eligible elector will be unable to vote and return a regular absentee ballot by normal mail delivery within the period provided for regular absentee ballots.

   b. The application for a special absentee ballot shall not be filed earlier than one hundred twenty days prior to the general election. The special absentee ballot shall list the offices and measures, if known, scheduled to appear on the general election ballot. The eligible elector may use the special absentee ballot to write in the name of any eligible candidate for each office and may vote on any measure.

2. With any special absentee ballot issued under this section, the commissioner shall include a listing of any candidates who have filed before the time of the application for offices that will appear on the ballot at that general election and a list of any measures that have been referred to the ballot before the time of the application.

3. Write-in votes on special absentee ballots shall be counted in the same manner provided by law for the counting of other write-in votes. The commissioner shall process and canvass the special absentee ballots provided under this section in the same manner as other absentee ballots.

4. Notwithstanding the provisions of section 53.49, an eligible elector who requests a special absentee ballot under this section may also make application for an absentee ballot under section 53.2 or an armed forces absentee ballot under section 53.40. If the regular absentee or armed forces absentee ballot is properly voted and returned, the special absentee ballot is void and the commissioner shall reject it in whole when special absentee ballots are canvassed.

2. The voter’s declaration or affirmation on the federal write-in ballot constitutes a sufficient registration under the provisions of chapter 48A and the commissioner shall place the voter’s name on the registration record as a registered voter, if the voter’s name does not already appear on the registration record. No witness to the oath is necessary.

SUBCHAPTER II
COMMITTEE ORGANIZATION —
DUTIES OF OFFICERS

68A.201 Organization statement.
1. a. Every committee, as defined in this chapter, shall file a statement of organization within ten days from the date of its organization. Unless formal organization has previously occurred, a committee is deemed to have organized as of the date that committee transactions exceed the financial activity threshold established in section 68A.102, subsection 5 or 18. If committee transactions exceed the financial activity threshold prior to the due date for filing a disclosure report as established under section 68A.402, the committee shall file a disclosure report whether or not a statement of organization has been filed by the committee.

b. A person who makes one or more independent expenditures and files all statements required by section 68A.404 shall not be required to organize a committee or file the statement of organization required under this section.

2. The statement of organization shall include:
   a. The name, purpose, mailing address, and telephone number of the committee. The committee name shall not duplicate the name of another committee organized under this section. For candidate’s committees filing initial statements of organization on or after July 1, 1995, the candidate’s name shall be contained within the committee name.
   b. The name, mailing address, and position of the committee officers.
   c. The name, address, office sought, and the party affiliation of all candidates whom the committee is supporting and, if the committee is supporting the entire ticket of any party, the name of the party. If, however, the committee is supporting several candidates who are not identified by name or are not of the same political affiliation, the committee may provide a statement of purpose in lieu of candidate names or political party affiliation.
   d. Such other information as may be required by this chapter or rules adopted pursuant to this chapter.
   e. A signed statement by the treasurer of the committee and the candidate, in the case of a candidate’s committee, which shall verify that they are aware of the requirement to file disclosure reports if the committee, the committee officers, the candidate, or both the committee officers and the candidate receive contributions in excess of one thousand dollars in the aggregate, make expenditures in excess of one thousand dollars in the aggregate, or incur indebtedness in excess of one thousand dollars in the aggregate in a calendar year to expressly advocate the nomination, election, or defeat of any candidate for public office. In the case of political committees, statements shall be made by the treasurer of the committee and the chairperson.
   f. The identification of any parent entity or other affiliates or sponsors.
   g. The name of the financial institution in which the committee receipts will be deposited.
3. Any change in information previously submitted in a statement of organization or notice in case of dissolution of the committee shall be reported to the board not more than thirty days from the date of the change or dissolution.
4. A list, by office and district, of all candidates who have filed an affidavit of candidacy in the office of the secretary of state shall be prepared by the secretary of state and delivered to the board not more than ten days after the last day for filing nomination papers.

[S13, §1137-a1; C24, 27, 31, 35, 39, §973; C46, 50, 54, 58, 62, 66, 71, 73, §56.2; C75, 77, 79, 81, §56.5; 81 Acts, ch 35, §5]
68A.201A Contributions from federal and out-of-state committees or organizations.
1. When either a committee or organization not organized as a committee under section 68A.201 makes a contribution to a committee organized in Iowa, that committee or organization shall disclose each contribution in excess of fifty dollars to the board.
2. A committee or organization not organized as a committee under section 68A.201 that is not registered and filing full disclosure reports of all financial activities with the federal election commission or another state’s disclosure commission shall register and file full disclosure reports with the board pursuant to this chapter. The committee or organization shall either appoint an eligible Iowa elector as committee or organization treasurer, or shall maintain all committee funds in an account in a financial institution located in Iowa.
3. A committee that is currently filing a disclosure report in another jurisdiction shall either file a statement of organization under section 68A.201 and file disclosure reports under section 68A.402, or shall file a verified statement with the board within fifteen days of the contribution being made.
4. The verified statement shall be on forms prescribed by the board and shall attest that the committee is filing reports with the federal election commission or in a jurisdiction with reporting requirements which are substantially similar to those of this chapter, and that the contribution is made from an account that does not accept contributions that would be in violation of section 68A.503.
5. The verified statement shall include the complete name, address, and telephone number of the contributing committee, the state or federal jurisdiction under which it is registered or operates, the identification of any parent entity or other affiliates or sponsors, its purpose, the name and address of an Iowa resident authorized to receive service of original notice, the name and address of the receiving committee, the amount of the cash or in-kind contribution, and the date the contribution was made.
6. The verified statement shall be filed by 4:30 p.m. of the day the filing is due.

68A.202 Candidate’s committee.
1. Each candidate for state, county, city, or school office shall organize one, and only one, candidate’s committee for a specific office sought when the candidate receives contributions in excess of one thousand dollars in the aggregate, makes expenditures in excess of one thousand dollars in the aggregate, or incurs indebtedness in excess of one thousand dollars in the aggregate in a calendar year.
2. a. A political committee shall not be established to expressly advocate the nomination, election, or defeat of only one candidate for office. However, a political committee may be established to expressly advocate the passage or defeat of approval of a single judge standing for retention. A permanent organization, as defined in section 68A.402, subsection 9, may make a one-time contribution to only one candidate for office in excess of one thousand dollars.
   b. The prohibition in paragraph “a” does not apply to a political committee described in section 68A.102, subsection 18, paragraph “c”, until the individual becomes a candidate for public office. A political committee organized to expressly advocate that an individual should or should not seek election to a public office prior to the individual becoming a candidate for public office shall be dissolved when the individual becomes a candidate for public office.

§68A.203 Committee treasurer and chairperson — duties.

1. a. Every candidate’s committee shall appoint a treasurer who shall be an Iowa resident who has reached the age of majority. Every political committee, state statutory political committee, and county statutory political committee shall appoint both a treasurer and a chairperson, each of whom shall have reached the age of majority.

b. Every candidate’s committee shall maintain all of the committee’s funds in bank accounts in a financial institution located in Iowa. Every political committee, state statutory political committee, and county statutory political committee shall either have an Iowa resident as treasurer or maintain all of the committee’s funds in bank accounts in a financial institution located in Iowa.

c. An expenditure shall not be made by the treasurer or treasurer’s designee for or on behalf of a committee without the approval of the chairperson of the committee, or the candidate. Expenditures shall be remitted to the designated recipient within fifteen days of the date of the issuance of the payment.

2. a. An individual who receives contributions for a committee without the prior authorization of the chairperson of the committee or the candidate shall be responsible for either rendering the contributions to the treasurer within fifteen days of the date the contributions were received.

b. A person, other than a candidate or committee officer, who receives contributions for a committee shall, not later than fifteen days from the date of receipt of the contributions or on demand of the treasurer, render to the treasurer the contributions and an account of the total of all contributions, including the name and address of each person making a contribution in excess of twenty-five dollars, the amount of the contributions, and the date on which the contributions were received.

c. The treasurer shall deposit all contributions within seven days of receipt by the treasurer in an account maintained by the committee.

d. All funds of a committee shall be segregated from any other funds held by officers, members, or associates of the committee or the committee’s candidate. However, if a candidate’s committee receives contributions only from the candidate, or if a permanent organization temporarily engages in activity that qualifies it as a political committee and all expenditures of the organization are made from existing general operating funds and funds are not solicited or received for this purpose from sources other than operating funds, then that committee is not required to maintain a separate account in a financial institution.

e. Committee funds or committee property shall not be used for the personal benefit of a candidate, officer, member, or associate of the committee. The funds of a committee are not attachable for the personal debt of the committee’s candidate or an officer, member, or associate of the committee.

3. The treasurer of a committee shall keep a detailed and exact account of:

a. All contributions made to or for the committee.

b. The name and mailing address of every person making contributions in excess of twenty-five dollars, and the date and amount of the contribution.

c. All disbursements made from contributions by or on behalf of the committee.

d. The name and mailing address of every person to whom any expenditure is made, the purpose of the expenditure, the date and amount of the expenditure and the name and address of, and office sought by each candidate, if any, on whose behalf the expenditure was made. Notwithstanding this paragraph, the treasurer may keep a miscellaneous account for disbursements of less than five dollars which need only show the amount of the disbursement so long as the aggregate miscellaneous disbursements to any one person during a calendar year do not exceed one hundred dollars.
e. Notwithstanding the provisions of subsection 3, paragraph “d”, of this section, when an expenditure is made by a committee in support of the entire state or local political party ticket, only the name of the party shall be given.

4. The treasurer and candidate in the case of a candidate’s committee, and the treasurer and chairperson in the case of a political committee, shall preserve all records required to be kept by this section for a period of five years. However, a committee is not required to preserve any records for more than three years from the certified date of dissolution of the committee. For purposes of this section, the five-year period shall commence with the due date of the disclosure report covering the activity documented in the records.

SUBCHAPTER III
GIFTS AND OFFERS — GENERAL PENALTIES

68B.21 Legislative intent.
It is the goal of the general assembly that public officials and public employees of the state be extremely cautious and circumspect about accepting a gratuity or favor, especially from persons that have a substantial interest in the legislative, administrative, or political actions of the official or employee. Even where there is a genuine personal friendship, the acceptance of personal benefits from those who could gain advantage by influencing official actions raises suspicions that tend to undermine the public trust. It is therefore the intent of the general assembly that the provisions of this subchapter be construed to discourage all gratuities, but to prohibit only those that create unacceptable conflicts of interest or appearances of impropriety.

92 Acts, ch 1228, §8

68B.22 Gifts accepted or received.
1. Except as otherwise provided in this section, a public official, public employee, or candidate, or that person’s immediate family member shall not, directly or indirectly, accept or receive any gift or series of gifts from a restricted donor. A public official, public employee, candidate, or the person’s immediate family member shall not solicit any gift or series of gifts from a restricted donor at any time.

l. For purposes of determining the value of an item given or received, an individual who gives an item on behalf of more than one person shall not divide the value of the item by the number of persons on whose behalf the item is given and the value of an item received shall be the value actually received by the donee.

6. A gift shall not be considered to be received by a public official or public employee if the state is the donee of the gift and the public official or public employee is required to receive the gift on behalf of the state as part of the performance of the person’s duties of office or employment.

SUBCHAPTER IV
ENFORCEMENT — ENTITIES, PROCEDURE, AND JURISDICTION

68B.31 Legislative ethics committee.
1. There shall be an ethics committee in the senate and an ethics committee in the house, each to consist of six members; three members to be appointed by the majority leader in each house, and three members by the minority leader in each house. A member of the ethics committee may disqualify himself or herself from participating in any proceeding upon submission of a written statement that the member cannot render an impartial and unbiased decision in a case. A member is ineligible to participate in committee meetings, as a member of the committee, in any proceeding relating to the member’s own conduct. A member may be disqualified by a unanimous vote of the remaining eligible members of the committee. If a member of the ethics committee is disqualified from or is ineligible to participate in any committee proceedings, the authority responsible for the original appointment of the disqualified or ineligible member shall appoint a replacement member who shall serve during the period of the original member’s disqualification or eligibility.

2. Members shall receive a per diem and travel expenses at the same rate as paid members of interim committees for attending meetings held when the general assembly is
not in session. The per diem and expenses shall be paid from funds appropriated by section 2.12.

3. The majority leader of each house shall designate the chairperson and vice chairperson, and the minority leader of each house shall designate the ranking member, of each committee. The chairperson of each committee shall have the following powers, duties and functions:
   a. Preside over meetings of the committee.
   b. Call meetings of the committee upon receipt of findings from the independent special counsel that there is probable cause to believe that a member of the general assembly or a lobbyist has committed a violation of a provision of this chapter or of the rules relating to ethical conduct that are adopted pursuant to this chapter.

4. a. The ethics committee of each house shall have the following powers, duties, and functions:
   (1) Prepare a code of ethics within thirty days after the commencement of each general assembly.
   (2) Prepare rules relating to lobbyists and lobbying activities in the general assembly.
   (3) Issue advisory opinions interpreting the intent of constitutional and statutory provisions relating to legislators, lobbyists, and clients as well as interpreting the code of ethics and rules issued pursuant to this section. Opinions shall be issued when approved by a majority of the six members and may be issued upon the written request of a member of the general assembly or upon the committee’s initiation. Opinions are not binding on the legislator, lobbyist, or client.
   (4) Receive and hear complaints and charges against members of its house, lobbyists, or clients of a lobbyist alleging a violation of the code of ethics, rules governing lobbyists, this chapter, or other matters referred to it by its house or the independent special counsel. The committee shall recommend rules for the receipt and processing of findings of probable cause relating to ethical violations of members of the general assembly, lobbyists, or clients of lobbyists during the legislative session and those received after the general assembly adjourns.
   (5) Recommend legislation relating to legislative ethics and lobbying activities.
   b. The ethics committee may employ independent legal counsel to assist the committee in carrying out the committee’s duties under this chapter. Payment of costs for the independent legal counsel shall be made from funds appropriated pursuant to section 2.12.

5. Any person may file a complaint with the ethics committee of either house alleging that a member of the general assembly, lobbyist, or client of a lobbyist before the general assembly has committed a violation of this chapter. The ethics committee shall prescribe and provide forms for this purpose. The complaint shall include the name and address of the complainant and a statement of the facts believed to be true that form the basis of the complaint, including the sources of information and approximate dates of the acts alleged and a certification by the complainant under penalty of perjury that the facts stated to be true are true to the best of the complainant’s knowledge.

6. The ethics committee shall promptly notify any party alleged to have committed a violation of the code of ethics, rules governing lobbyists, or this chapter of the filing of a complaint by causing a copy of the complaint to be served or personally delivered to the party charged, unless service is waived by the party charged, and shall review the complaint to determine if the complaint meets the requirements for formal sufficiency. If the complaint is deficient as to form, the complaint shall be returned to the complainant with a statement of the nature of the deficiency and the party charged in the complaint shall be notified that the complaint has been returned. If a complaint, previously found to be deficient as to form, is refiled in different form, the party charged in the complaint shall be provided with a copy of the new document in the same manner as provided for service of the initial complaint. Any amendments to a complaint that are filed with the committee shall also be served or personally delivered, unless service is waived, to the party charged in the complaint. If the complaint is sufficient as to form, the ethics committee shall review the complaint to determine whether the complaint states a valid charge which may be investigated. A valid complaint must allege all of the following:
a. Facts, that if true, establish a violation of a provision of this chapter, the rules governing lobbyists, or the code of ethics for which penalties or other remedies are provided.

b. That the conduct providing the basis for the complaint occurred within three years of the filing of the complaint.

c. That the party charged with a violation is a party subject to the jurisdiction of the ethics committee.

7. a. If the ethics committee determines that a complaint is not valid, the complaint shall be dismissed and returned to the complainant with a notice of dismissal stating the reason or reasons for the dismissal. If the ethics committee determines that a complaint is valid and the ethics committee does not take action under rules adopted pursuant to paragraph “b”, the ethics committee shall request that the chief justice of the supreme court appoint an independent special counsel to investigate the allegations contained in the complaint to determine whether there is probable cause to believe that a violation of this chapter has occurred and whether an evidentiary hearing on the complaint should be held. Payment of costs for the independent special counsel shall be made from section 2.12.

b. The ethics committee may adopt rules for purposes of taking action on valid complaints without requesting the appointment of an independent special counsel and without requiring action by the appropriate house pursuant to subsection 11. Such action may only be taken if the committee determines that no dispute exists between the parties regarding material facts that establish a violation.

8. If a hearing on the complaint is ordered, the ethics committee shall receive all admissible evidence, determine any factual or legal issues presented during the hearing, and make findings of fact based upon evidence received. Hearings shall be conducted in the manner prescribed in section 17A.12. The rules of evidence applicable under section 17A.14 shall also apply in hearings before the ethics committee. Clear and convincing evidence shall be required to support a finding that the member of the general assembly, lobbyist, or client before the general assembly has committed a violation of this chapter. Parties to a complaint may, subject to the approval of the ethics committee, negotiate for settlement of disputes that are before the ethics committee. Terms of any negotiated settlements shall be publicly recorded. If a complaint is filed or initiated less than ninety days before the election for a state office, for which the person named in the complaint is the incumbent officeholder, the ethics committee shall, if possible, set the hearing at the earliest available date so as to allow the issue to be resolved before the election. An extension of time for a hearing may be granted when both parties mutually agree on an alternate date for the hearing. The ethics committee shall make every effort to hear all ethics complaints within three months of the date that the complaints are filed. However, after three months from the date of the filing of the complaint, extensions of time for purposes of preparing for hearing may only be granted by the ethics committee when the party charged in the complaint with the ethics violation consents to an extension. If the party charged does not consent to an extension, the ethics committee shall not grant any extensions of time for preparation prior to hearing. All complaints alleging a violation of this chapter or the code of ethics shall be heard within nine months of the filing of the complaint. Final dispositions of violations, which the ethics committee has found to have been established by clear and convincing evidence, shall be made within thirty days of the conclusion of the hearing on the complaint.

9. The ethics committee of each house shall recommend rules for adoption by the respective house relating to the confidentiality of a complaint or information which has been filed or provided to the committee. Rules adopted shall provide for initial confidentiality of a complaint, unless the complaint has been publicly disclosed, and shall permit the ethics committee to treat some or all of the contents of a complaint or other information as confidential if the committee finds that the criteria established under section 22.7, subsection 18, for keeping certain information confidential, are met. If the existence of a complaint or a preliminary investigation is made public, the ethics committee shall publicly confirm the existence of the complaint or preliminary inquiry and, in the ethics committee’s discretion, make public the complaint or investigation and any documents which were issued to any party to the complaint or investigation. However, this subsection shall not prevent the committee from furnishing the complaint or other information to the appropriate law
enforcement authorities at any time. Upon commencement of a hearing on a complaint, all investigative material shall be made available to the subject of the hearing and any material that is introduced at the hearing shall be public information.

10. The code of ethics and rules relating to lobbyists and lobbying activities shall not become effective until approved by the members of the house to which the proposed code and rules apply. The code or rules may be amended either upon the recommendation of the ethics committee or by members of the general assembly.

11. Violation of a provision of this chapter or rules adopted relating to ethical conduct may result in censure, reprimand, or other sanctions as determined by a majority of the member’s house. However, a member may be suspended or expelled and the member’s salary forfeited only if directed by a two-thirds vote of the member’s house. A suspension, expulsion, or forfeiture of salary shall be for the duration specified in the directing resolution. Violation of a rule relating to lobbyists and lobbying activities may result in censure, reprimand, or other sanctions as determined by a majority of the members of the house in which the violation occurred. However, a lobbyist may be suspended from lobbying activities for the duration provided in the directing resolution only if directed by a two-thirds vote of the house in which the violation occurred.

68B.31A Investigation by independent special counsel — probable cause.

The purpose of an investigation by the independent special counsel is to determine whether there is probable cause to proceed with an adjudicatory hearing on the matter. In conducting investigations and holding hearings, the independent special counsel may require by subpoena the attendance and testimony of witnesses and may subpoena books, papers, records, and any other real evidence relating to the matter before the independent special counsel. The independent special counsel shall have the additional authority provided in section 17A.13. Independent special counsel investigations are not meetings of a governmental body within the meaning of chapter 21, and records and information obtained by independent special counsel during investigations are confidential until disclosed to a legislative ethics committee under section 68B.31.

1. Adopt rules pursuant to chapter 17A and conduct hearings under sections 68B.32B and 68B.32C and chapter 17A, as necessary to carry out the purposes of this chapter, chapter 68A, and section 8.7.

2. Develop, prescribe, furnish, and distribute any forms necessary for the implementation of the procedures contained in this chapter, chapter 68A, and section 8.7 for the filing of reports and statements by persons required to file the reports and statements under this chapter and chapter 68A.

3. Establish a process to assign signature codes to a person or committee for purposes of facilitating an electronic filing procedure. The assignment of signature codes shall be kept confidential, notwithstanding section 22.2. The board and persons electronically filing reports and statements shall keep assigned signature codes or subsequently selected signature codes confidential. Signature codes shall not be subject to state security policies regarding frequency of change.

4. Review the contents of all campaign finance disclosure reports and statements filed with the board and promptly advise each person or committee of errors found. The board may verify information contained in the reports with other parties to assure accurate disclosure. The board may also verify information by requesting that a candidate or committee produce copies of receipts, bills, logbooks, or other memoranda of reimbursements of expenses to a candidate for expenses incurred during a campaign. The board, upon its own motion, may initiate action and conduct a hearing relating to requirements under chapter 68A.

5. Receive all registrations and reports that are required to be filed with the board under this chapter or section 8.7. The board, upon its own motion, may initiate action, conduct hearings, impose sanctions, and order administrative resolutions relating to reporting requirements under this chapter or section 8.7.
6. Prepare and publish a manual setting forth examples of approved uniform systems of accounts and approved methods of disclosure for use by persons required to file statements and reports under this chapter, chapter 68A, and section 8.7. The board shall also prepare and publish other educational materials, and any other reports or materials deemed appropriate by the board. The board shall annually provide all officials and state employees with notification of the contents of this chapter, chapter 68A, and section 8.7 by distributing copies of educational materials to each agency of state government under the board’s jurisdiction.

7. Assure that the statements and reports which have been filed in accordance with this chapter, chapter 68A, and section 8.7 are available for public inspection and copying during the regular office hours of the office in which they are filed and not later than by the end of the day during which a report or statement was received. Rules adopted relating to public inspection and copying of statements and reports may include a charge for any copying and mailing of the reports and statements, shall provide for the mailing of copies upon the request of any person and upon prior receipt of payment of the costs by the board, and shall prohibit the use of the information copied from reports and statements for any commercial purpose by any person.

8. Require that the candidate of a candidate’s committee, or the chairperson of a political committee, is responsible for filing disclosure reports under chapter 68A, and shall receive notice from the board if the committee has failed to file a disclosure report at the time required under chapter 68A. A candidate of a candidate’s committee, or the chairperson of a political committee, may be subject to a civil penalty for failure to file a disclosure report required under section 68A.402, subsection 1.

11. Preserve copies of reports and statements filed with the board for a period of five years from the date of receipt.

12. Establish a procedure for requesting and issuing board advisory opinions to persons subject to the authority of the board under this chapter, chapter 68A, or section 8.7. Local officials and local employees may also seek an advisory opinion concerning the application of the applicable provisions of this chapter. Advice contained in board advisory opinions shall, if followed, constitute a defense to a complaint alleging a violation of this chapter, chapter 68A, section 8.7, or rules of the board that is based on the same facts and circumstances.

13. Establish rules relating to ethical conduct for officials and state employees, including candidates for statewide office, and regulations governing the conduct of lobbyists of the executive branch of state government, including but not limited to conflicts of interest, abuse of office, misuse of public property, use of confidential information, participation in matters in which an official or state employee has a financial interest, and rejection of improper offers.

14. Impose penalties upon, or refer matters relating to, persons who discharge any employee, or who otherwise discriminate in employment against any employee, for the filing of a complaint with, or the disclosure of information to, the board if the employee has filed the complaint or made the disclosure in good faith.

15. Establish fees, where necessary, to cover the costs associated with preparing, printing, and distributing materials to persons subject to the authority of the board.

16. Establish an expedited procedure for reviewing complaints forwarded by the state commissioner of elections to the board for a determination as to whether a supervisor district plan adopted pursuant to section 331.210A that differs from a supervisor district plan prepared by the legislative services agency was drawn for improper political reasons as described in section 42.4, subsection 5. The expedited procedure shall be substantially similar to the process used for other complaints filed with the board except that the provisions of section 68B.32D shall not apply.

17. At the board’s discretion, develop and operate a searchable internet site database that provides access to information on statements or reports filed with the board. For purposes
of this subsection, “searchable internet site database” means an internet site database that allows the public to search and aggregate information and is in a downloadable format.

18. At the board’s discretion, enter into an agreement with a political subdivision authorizing the board to enforce the provisions of a code of ethics adopted by that political subdivision.

19. Impose penalties upon, or refer matters relating to, persons who provide false information to the board during a board investigation of a potential violation of this chapter, chapter 68A, section 8.7, or rules of the board. The board shall adopt rules to administer this subsection.

Referred to in §68A.101, 68A.405A

68B.32B Complaint procedures.

1. Any person may file a complaint alleging that a candidate, committee, person holding a state office in the executive branch of state government, employee of the executive branch of state government, or other person has committed a violation of chapter 68A or rules adopted by the board. Any person may file a complaint alleging that a person holding a state office in the executive branch of state government, an employee of the executive branch of state government, or a lobbyist or a client of a lobbyist of the executive branch of state government has committed a violation of this chapter or rules adopted by the board. Any person may file a complaint alleging a violation of section 8.7 or rules adopted by the board. The board shall prescribe and provide forms for purposes of this subsection. A complaint must include the name and address of the complainant, a statement of the facts believed to be true that form the basis of the complaint, including the sources of information and approximate dates of the acts alleged, and a certification by the complainant under penalty of perjury that the facts stated to be true are true to the best of the complainant’s knowledge.

2. The board staff shall review the complaint to determine if the complaint is sufficient as to form. If the complaint is deficient as to form, the complaint shall be returned to the complainant with a statement of the deficiency and an explanation describing how the deficiency may be cured. If the complaint is sufficient as to form, the complaint shall be referred for legal review.

3. Unless the chairperson of the board concludes that immediate notification would prejudice a preliminary investigation or subject the complainant to an unreasonable risk, the board shall mail a copy of the complaint to the subject of the complaint within three working days of the acceptance of the complaint. If a determination is made by the chairperson not to mail a copy of the complaint to the subject of the complaint within the three working days time period, the board shall approve and establish the time and conditions under which the subject will be informed of the filing and contents of the complaint.

4. Upon completion of legal review, the chairperson of the board shall be advised whether, in the opinion of the legal advisor, the complaint states an allegation which is legally sufficient. A legally sufficient allegation must allege all of the following:
   a. Facts that would establish a violation of a provision of this chapter, chapter 68A, section 8.7, or rules adopted by the board.
   b. Facts that would establish that the conduct providing the basis for the complaint occurred within three years of the complaint.
   c. Facts that would establish that the subject of the complaint is a party subject to the jurisdiction of the board.

5. After receiving an evaluation of the legal sufficiency of the complaint, the chairperson shall refer the complaint to the board for a formal determination by the board of the legal sufficiency of the allegations contained in the complaint.

6. If the board determines that none of the allegations contained in the complaint are legally sufficient, the complaint shall be dismissed. The complainant shall be sent a notice
of dismissal stating the reason or reasons for the dismissal. If a copy of the complaint was sent to the subject of the complaint, a copy of the notice shall be sent to the subject of the complaint. If the board determines that any allegation contained in the complaint is legally sufficient, the complaint shall be referred to the board staff for investigation of any legally sufficient allegations.

7. Notwithstanding subsections 1 through 6, the board may, on its own motion and without the filing of a complaint by another person, initiate investigations into matters that the board believes may be subject to the board’s jurisdiction. This section does not preclude persons from providing information to the board for possible board-initiated investigation instead of filing a complaint.

8. The purpose of an investigation by the board’s staff is to determine whether there is probable cause to believe that there has been a violation of this chapter, chapter 68A, section 8.7, or of rules adopted by the board. To facilitate the conduct of investigations, the board may issue and seek enforcement of subpoenas requiring the attendance and testimony of witnesses and subpoenas requiring the production of books, papers, records, and other real evidence relating to the matter under investigation. Upon the request of the board, an appropriate county attorney or the attorney general shall assist the staff of the board in its investigation.

9. If the board determines on the basis of an investigation by board staff that there is probable cause to believe the existence of facts that would establish a violation of this chapter, chapter 68A, section 8.7, or of rules adopted by the board, the board may issue a statement of charges and notice of a contested case proceeding to the complainant and to the person who is the subject of the complaint, in the manner provided for the issuance of statements of charges under chapter 17A. If the board determines on the basis of an investigation by staff that there is no probable cause to believe that a violation has occurred, the board shall close the investigation, dismiss any related complaint, and the subject of the complaint shall be notified of the dismissal. If the investigation originated from a complaint filed by a person other than the board, the person making the complaint shall also be notified of the dismissal.

10. At any stage during the investigation or after the initiation of a contested case proceeding, the board may approve a settlement regarding an alleged violation. Terms of a settlement shall be reduced to writing and be available for public inspection. An informal settlement may provide for any remedy specified in section 68B.32D. However, the board shall not approve a settlement unless the board determines that the terms of the settlement are in the public interest and are consistent with the purposes of this chapter and rules of the board. In addition, the board may authorize board staff to seek informal voluntary compliance in routine matters brought to the attention of the board or its staff.

11. A complaint shall be a public record, but some or all of the contents may be treated as confidential under section 22.7, subsection 18, to the extent necessary under subsection 3 of this section. Information informally reported to the board and board staff which results in a board-initiated investigation shall be a public record but may be treated as confidential information consistent with the provisions of section 22.7, subsection 18. If the complainant, the person who provides information to the board, or the person who is the subject of an investigation publicly discloses the existence of an investigation, the board may publicly confirm the existence of the disclosed formal complaint or investigation and, in the board’s discretion, make the complaint or the informal referral public, as well as any other documents that were issued by the board to any party to the investigation. However, investigative materials may be furnished to the appropriate law enforcement authorities by the board at any time. Upon the commencement of a contested case proceeding by the board, all investigative material relating to that proceeding shall be made available to the subject of the proceeding. The entire record of any contested case proceeding initiated under this section shall be a public record.

12. Board records used to achieve voluntary compliance to resolve discrepancies and deficiencies shall not be confidential unless otherwise required by law.

Referred to in §68A.101, 68B.32A, 68B.32C
68B.32C Contested case proceedings.

1. Contested case proceedings initiated as a result of the issuance of a statement of charges pursuant to section 68B.32B, subsection 9, shall be conducted in accordance with the requirements of chapter 17A. Clear and convincing evidence shall be required to support a finding that a person has violated this chapter, section 8.7, or any rules adopted by the board pursuant to this chapter. A preponderance of the evidence shall be required to support a finding that a person has violated chapter 68A or any rules adopted by the board pursuant to chapter 68A. The case in support of the statement of charges shall be presented at the hearing by one of the board’s attorneys or staff unless, upon the request of the board, the charges are prosecuted by another legal counsel designated by the attorney general. A person making a complaint under section 68B.32B, subsection 1, is not a party to contested case proceedings conducted relating to allegations contained in the complaint.

2. Hearings held pursuant to this chapter shall be heard by a quorum of the board, unless the board designates a board member or an administrative law judge to preside at the hearing. If a quorum of the board does not preside at the hearing, the board member or administrative law judge shall make a proposed decision. The board or presiding board member may be assisted by an administrative law judge in the conduct of the hearing and the preparation of a decision.

3. Upon a finding by the board that the party charged has violated this chapter, chapter 68A, section 8.7, or rules adopted by the board, the board may impose any penalty provided for by section 68B.32D. Upon a final decision of the board finding that the party charged has not violated this chapter, chapter 68A, section 8.7, or the rules of the board, the complaint shall be dismissed and the party charged and the original complainant, if any, shall be notified.

4. The right of an appropriate county attorney or the attorney general to commence and maintain a district court prosecution for criminal violations of the law is unaffected by any proceedings under this section.

5. The board shall adopt rules, pursuant to chapter 17A, establishing procedures to implement this section.

f. If the violation is a violation of this chapter or rules adopted by the board pursuant to this chapter and the violator is an elected official of the executive branch of state government, other than an official who can only be removed by impeachment, make a written recommendation to the attorney general or the appropriate county attorney that an action for removal from office be initiated pursuant to chapter 66.

g. If the violation is a violation of this chapter or rules adopted by the board pursuant to this chapter and the violator is a lobbyist of the executive branch of state government, censure, reprimand, or impose other sanctions deemed appropriate by the board. A lobbyist may also be suspended from lobbying activities if the board finds that suspension is an appropriate sanction for the violation committed.

69.2 What constitutes vacancy — hearing — appeal.

1. Every civil office shall be vacant if any of the following events occur:
   a. A failure to elect at the proper election, or to appoint within the time fixed by law, unless the incumbent holds over.
   b. A failure of the incumbent or holdover officer to qualify within the time prescribed by law.
   c. The incumbent ceasing to be a resident of the state, district, county, township, city, or ward by or for which the incumbent was elected or appointed, or in which the duties of the office are to be exercised. This subsection shall not apply to appointed city officers.
   d. The resignation or death of the incumbent, or of the officer-elect before qualifying.
   e. The removal of the incumbent from, or forfeiture of, the office, or the decision of a competent tribunal declaring the office vacant.
   f. The conviction of the incumbent of a felony or of any public offense involving the violation of the incumbent’s oath of office.
   g. The board of supervisors declares a vacancy in an elected county office upon finding that the county officer has been physically absent from the county for sixty consecutive days except in the case of a medical emergency; temporary active military duty; or temporary service with another government service, agency, or department.
h. The incumbent simultaneously holding more than one elective office at the same level of government. This paragraph does not apply to the county agricultural extension council or the soil and water conservation district commission.

i. An incumbent statewide elected official or member of the general assembly simultaneously holding more than one elective office.

2. If the status of an officeholder is in question, the entity or officer responsible for making an appointment to fill the vacancy shall decide whether a vacancy exists. The appointing entity or officer may act upon its own motion. If a petition signed by twenty-five registered voters of the jurisdiction is received, the appointing entity or officer shall convene within thirty days to consider whether a vacancy exists. The appointing entity or officer shall publish notice that a public hearing will be held to determine whether a vacancy exists. The notice shall include the time and place of the hearing and the name of the office and the officeholder whose status is in question. The public hearing shall be held not less than four nor more than fourteen days after publication of the notice. The officer whose status is in question shall be notified of the time and place of the hearing. Notice shall be sent by certified mail and must be postmarked at least fourteen days before the hearing. No later than seven days after the public hearing, the appointing entity or officer shall publish its decision. If the appointing entity or officer decides that the office is vacant, the publication shall state the date the vacancy occurred and what action will be taken to fill the vacancy.

3. The officer against whom the judgment was rendered may appeal to the district court no later than twenty days after official publication of the decision. However, the appeal will not supersede the execution of the judgment of the appointing entity or officer, unless the party gives a bond, with security to be approved by the district judge in a sum to be fixed by the judge. The amount of the bond shall be at least double the probable compensation of such officer for six months, which bond shall be conditioned that the officer will prosecute the appeal without delay and that, if the judgment appealed from is affirmed, the party will pay over to the successful party all compensation received by the party while in possession of the office after the judgment appealed from was rendered. The court shall hear the appeal in equity and determine anew all questions arising in the case.

4. If, upon appeal, the judgment is affirmed, the district court may render judgment upon the bond for the amount of damages awarded against the appellant and the sureties on the bond.

§69.8 Vacancies — how filled.
Vacancies shall be filled by the officer or board named, and in the manner, and under the conditions, following:
1. United States senator. In the office of United States senator, when the vacancy occurs when the senate of the United States is in session, or when such senate will convene prior to the next general election, by the governor. 5. Elected township offices.

   a. When a vacancy occurs in the office of township clerk or township trustee, the vacancy shall be filled by appointment by the trustees. All appointments to fill vacancies in township offices shall be until a successor is elected at the next general election and qualifies by taking the oath of office. If the term of office in which the vacancy exists will expire within seventy days after the next general election, the person elected to the office for the succeeding term shall qualify by taking the oath of office within ten days after the election and shall serve for the remainder of the unexpired term, as well as for the next four-year term.

   b. However, if the offices of two trustees are vacant the county board of supervisors shall fill the vacancies by appointment. If the offices of three trustees are vacant the board may fill the vacancies by appointment, or the board may adopt a resolution stating that the board will exercise all powers and duties assigned by law to the trustees of the township in which the vacancies exist until the vacancies are filled at the next general election. If a township office vacancy is not filled by the trustees within thirty days after the vacancy occurs, the board of supervisors may appoint a successor to fill the vacancy until the vacancy can be filled at the next general election.

§69.12 Officers elected to fill vacancies — tenure.

When a vacancy occurs in any nonpartisan elective office of a political subdivision of this state, and the statutes governing the office in which the vacancy occurs require that it be filled by election or are silent as to the method of filling the vacancy, it shall be filled pursuant to this section. As used in this section, “pending election” means any election at which there will be on the ballot either the office in which the vacancy exists, or any other office to be filled or any public question to be decided by the voters of the same political subdivision in which the vacancy exists.

1. If the unexpired term in which the vacancy occurs has more than seventy days to run after the date of the next pending election, the vacancy shall be filled in accordance with this subsection. The fact that absentee ballots were distributed or voted before the vacancy occurred or was declared shall not invalidate the election.

   a. A vacancy shall be filled at the next pending election if it occurs:

      (1) Seventy-four or more days before the election, if it is a general election.

      (2) Fifty-two or more days before the election, if it is a regularly scheduled or special city election. However, for those cities which may be required to hold a primary election, the vacancy shall be filled at the next pending election if it occurs seventy-three or more days before a regularly scheduled city election or fifty-nine or more days before a special city election.

      (3) Forty-five or more days before the election, if it is a regularly scheduled school election.

      (4) Sixty or more days before the election, if it is a special election.

   b. Nomination papers on behalf of candidates for a vacant office to be filled pursuant to paragraph “a” of this subsection shall be filed, in the form and manner prescribed by applicable law, by 5:00 p.m. on:

      (1) The final filing date for candidates filing with the state commissioner or commissioner, as the case may be, for a general election.

      (2) The candidate filing deadline specified in section 376.4 for the regular city election or the filing deadline specified in section 372.13, subsection 2, for a special city election.

      (3) The fortieth day before a regularly scheduled school election.

      (4) The twentieth day before a special election.

   c. A vacancy which occurs at a time when paragraph “a” of this subsection does not permit it to be filled at the next pending election shall be filled by appointment as provided by law until the succeeding pending election.

2. When the unexpired term of office in which the vacancy occurs will expire within seventy days after the date of the next pending election, or after the date of a preceding election in which that office was on the ballot, the person elected to the office for the succeeding term shall also be deemed elected to fill the remainder of the unexpired term. If the vacancy is on a multimember body to which more than one nonincumbent is elected for the succeeding term, the nonincumbent who received the most votes shall be deemed elected to fill the remainder of the unexpired term. A person so elected to fill an unexpired term shall qualify within the time required by sections 63.3 and 63.8. Unless other requirements are imposed by law, qualification for the unexpired term shall also constitute qualification for the full term to which the person was elected.

69.14 Special election to fill vacancies.
A special election to fill a vacancy shall be held for a representative in Congress, or senator or representative in the general assembly, when the body in which such vacancy exists is in session, or will convene prior to the next general election, and the governor shall order, not later than five days from the date the vacancy exists, a special election, giving not less than forty days' notice of such election. In the event the special election is to fill a vacancy in the general assembly while it is in session or within forty-five days of the convening of any session, the time limit provided in this section shall not apply and the governor shall order such special election at the earliest practicable time, giving at least eighteen days' notice of the special election. Any special election called under this section must be held on a Tuesday and shall not be held on the same day as a school election within the district.

69.14A Filling vacancy of elected county officer.
1. A vacancy on the board of supervisors shall be filled by one of the following procedures:
   a. By appointment by the committee of county officers designated to fill the vacancy in section 69.8.
   
   (1) The appointment shall be for the period until the next pending election as defined in section 69.12, and shall be made within forty days after the vacancy occurs. If the committee of county officers designated to fill the vacancy chooses to proceed under this paragraph, the committee shall publish notice in the manner prescribed by section 331.305 stating that the committee intends to fill the vacancy by appointment but that the electors of the district or county, as the case may be, have the right to file a petition requiring that the vacancy be filled by special election. The committee may publish notice in advance if an elected official submits a resignation to take effect at a future date. The committee may make an appointment to fill the vacancy after the notice is published or after the vacancy occurs, whichever is later. A person appointed to an office under this subsection shall have actually resided in the county which the appointee represents sixty days prior to appointment.
   
   (2) However, if within fourteen days after publication of the notice or within fourteen days after the appointment is made, a petition is filed with the county auditor requesting a special election to fill the vacancy, the appointment is temporary and a special election shall be called as provided in paragraph “b”. The petition shall meet the requirements of section 331.306, except that in counties where supervisors are elected under plan “three”, the number of signatures calculated according to the formula in section 331.306 shall be divided by the number of supervisor districts in the county.
   
   b. By special election held to fill the office for the remaining balance of the unexpired term.
   
   (1) The committee of county officers designated to fill the vacancy in section 69.8 may, on its own motion, or shall, upon receipt of a petition as provided in paragraph “a”, call for a special election to fill the vacancy in lieu of appointment. The committee shall order the special election at the earliest practicable date, but giving at least thirty-two days' notice of the election. A special election called under this section shall be held on a Tuesday and shall not be held on the same day as a school election within the county.
   
   (2) However, if a vacancy on the board of supervisors occurs after the date of the primary

election and more than seventy-three days before the general election, a special election to fill the vacancy shall not be called by the committee or by petition. If the term of office in which the vacancy exists will expire more than seventy days after the general election, the office shall be listed on the ballot, as “For Board of Supervisors, To Fill Vacancy”. The person elected at the general election shall assume office as soon as a certificate of election is issued and the person has qualified by taking the oath of office. The person shall serve the balance of the unexpired term.

(3) If the term of office in which the vacancy exists will expire within seventy days after the general election, the person elected to the succeeding term shall also serve the balance of the unexpired term. The person elected at the general election shall assume office as soon as a certificate of election is issued and the person has qualified by taking the oath of office.

(c) For a vacancy declared by the board pursuant to section 331.214, subsection 2, by special election held to fill the office if the remaining balance of the unexpired term is two and one-half years or more. The committee of county officers designated to fill the vacancy in section 69.8 shall order the special election at the earliest practicable date, but giving at least thirty-two days’ notice of the election. A special election called under this section shall be held on a Tuesday and shall not be held on the same day as a school election within the county. The office shall be listed on the ballot, as “For Board of Supervisors, To Fill Vacancy”. The person elected at the special election shall serve the balance of the unexpired term.

2. A vacancy in any of the offices listed in section 39.17 shall be filled by one of the two following procedures:

(a) By appointment by the board of supervisors.

(1) The appointment shall be for the period until the next pending election as defined in section 69.12, and shall be made within forty days after the vacancy occurs. If the board of supervisors chooses to proceed under this paragraph, the board shall publish notice in the manner prescribed by section 331.305 stating that the board intends to fill the vacancy by appointment but that the electors of the county have the right to file a petition requiring that the vacancy be filled by special election. The board may publish notice in advance if an elected official submits a resignation to take effect at a future date. The board may make an appointment to fill the vacancy after the notice is published or after the vacancy occurs, whichever is later. A person appointed to an office under this subsection, except for a county attorney, shall have actually resided in the county which the appointee represents sixty days prior to appointment. A person appointed to the office of county attorney shall be a resident of the county at the time of appointment.

(2) However, if within fourteen days after publication of the notice or within fourteen days after the appointment is made, a petition is filed with the county auditor requesting a special election to fill the vacancy, the appointment is temporary and a special election shall be called as provided in paragraph “b”. The petition shall meet the requirements of section 331.306.

(b) By special election held to fill the office for the remaining balance of the unexpired term.

(1) The board of supervisors may, on its own motion, or shall, upon receipt of a petition as provided in paragraph “a”, call for a special election to fill the vacancy in lieu of appointment. The supervisors shall order the special election at the earliest practicable date, but giving at least thirty-two days’ notice of the election. A special election called under this section shall be held on a Tuesday and shall not be held on the same day as a school election within the county.

(2) If a vacancy in an elective county office occurs after the date of the primary election and more than seventy-three days before the general election, a special election to fill the vacancy shall not be called by the board of supervisors or by petition. If the term of office in which the vacancy exists will expire more than seventy days after the general election, the office shall be listed on the ballot with the name of the office and the additional description, “To Fill Vacancy”. The person elected at the general election shall assume office as soon as a certificate of election is issued and the person has qualified by taking the oath of office. The person shall serve the balance of the unexpired term.

(3) If the term of office in which the vacancy exists will expire within seventy days after the general election, the person elected to the succeeding term shall also serve the balance
of the unexpired term. The person elected at the general election shall assume office as soon as a certificate of election is issued and the person has qualified by taking the oath of office.

3. Notwithstanding subsection 2, in the event of a vacancy for which no eligible candidate residing in the county comes forward for appointment, a county board of supervisors may employ a person to perform the duties of the office for at least sixty days but no more than ninety days. After ninety days, the board shall proceed under subsection 2.

4. Notwithstanding subsections 1 and 2, if a nomination has been made at the primary election for an office in which a vacancy has been filled by appointment, the office shall be filled at the next general election, and not at any special election in the same political subdivision.

b. The person attends less than one-half of the regular meetings of such board within any period of twelve calendar months beginning on July 1 or January 1. This paragraph does not apply unless such board holds at least four regular meetings during such period. 2. If such person received no notice and had no knowledge of a regular meeting and gives the governor a sworn statement to that effect within ten days after the person learns of the meeting, such meeting shall not be counted for the purposes of this section.

3. The governor in the governor’s discretion may accept or reject such resignation. If the governor accepts it, the governor shall notify such person, in writing, that the resignation is accepted pursuant to this section. The governor shall then make another appointment to such office. Such appointment shall be made in the same manner and for the same term as in the case of other vacancies caused by resignation from such office.

4. As used in this section, “board” includes any commission, committee, agency, or governmental body which has three or more members.

A person shall not be appointed or reappointed to any board, commission, or council established by the Code, if the effect of that appointment or reappointment would cause the number of members of the board, commission, or council belonging to one political party to be greater than one-half the membership of the board, commission, or council plus one.

2. In the case where the appointment of members of the general assembly is allowed, and the law does not otherwise provide, if an even number of legislators are appointed they shall be equally divided by political party affiliation; if an odd number of members of the general assembly are appointed, the number representing a certain political party shall not exceed the number of legislative members of the other political party who may be appointed by more than one.

3. If there are multiple appointing authorities for a board, commission or council, the appointing authorities shall consult to avoid a violation of this section.

4. This section shall not apply to any board, commission, or council established by the

If the board, commission, committee, or council is composed of an even number of members, not more than one-half of the membership shall be of one gender. Salaries specifically provided for in an appropriation Act of the general assembly shall be in lieu of existing statutory salaries, for the positions provided for in the Act, and all salaries, including longevity where applicable by express provision in the Code, shall be paid according to the provisions of chapter 91A and shall be in full compensation of all services, including any service on committees, boards, commissions or similar duty for Iowa government, except for members of the general assembly. A state employee on an annual salary shall not be paid for a pay period an amount which exceeds the employee’s annual salary transposed into a rate applicable to the pay period by dividing the annual salary by the number of pay periods in the fiscal year. Salaries for state employees covered by the overtime payment provisions of the federal Fair Labor Standards Act shall be established on an hourly basis.

2. a. All employees of the state earn two weeks’ vacation per year during the first year of employment and through the fourth year of employment, and three weeks’ vacation per year during the fifth and through the eleventh year of employment, and four weeks’ vacation per year during the twelfth year through the nineteenth year of employment, and four and four-tenths weeks’ vacation per year during the twentieth year through the twenty-fourth year of employment, and five weeks’ vacation per year during the twenty-fifth year and all subsequent years of employment, with pay. One week of vacation is equal to the number of hours in the employee’s normal workweek. Vacation allowances accrue according to chapter 91A as provided by the rules of the department of administrative services.

b. The vacations shall be granted at the discretion and convenience of the head of the department, agency, or commission, except that an employee shall not be granted vacation in excess of the amount earned by the employee. Vacation leave earned under this subsection shall not be cumulated to an amount in excess of twice the employee’s annual rate of accrual. The head of the department, agency, or commission shall make every reasonable effort to schedule vacation leave sufficient to prevent any loss of entitlements.

c. (1) If the employment of an employee of the state is terminated, the provisions of chapter 91A relating to the termination apply.

(2) If the termination of employment is by reason of the death of the employee, the vacation allowance shall be paid to the estate of the deceased employee if the estate is opened for probate. If an estate is not opened, the allowance shall be paid to the surviving spouse, if any, or to the legal heirs if no spouse survives.

3. Payments authorized by this section shall be approved by the department subject to
rules of the department of administrative services and paid from the appropriation or fund of original certification of the claim.

4. Effective July 1, 2006, permanent full-time and permanent part-time employees of state departments, boards, agencies, and commissions shall accrue sick leave as provided in this subsection which shall be credited to the employee’s sick leave account. The sick leave accrual rate for part-time employees shall be prorated to the accrual rate for full-time employees. The sick leave accrual rate for each complete month of full-time employment, excluding employees covered under a collective bargaining agreement which provides for a different rate of accrual, shall be as follows:

a. For employees of the state board of regents, one and one-half days.

b. For employees who are peace officers employed within the department of public safety or department of natural resources and who are not covered under a collective bargaining agreement, the rate shall be the same as the rate provided under the state police officers council collective bargaining agreement.

c. For all other employees, the rate shall be as follows:
   (1) If the employee’s accrued sick leave balance is seven hundred fifty hours or less, one and one-half days.
   (2) If the employee’s accrued sick leave balance is one thousand five hundred hours or less but more than seven hundred fifty hours, one day.
   (3) If the employee’s accrued sick leave balance is more than one thousand five hundred hours, one-half day.

5. Sick leave shall not accrue during any period of absence without pay. Employees may use accrued sick leave for physical or mental personal illness, bodily injury, medically related disabilities, including disabilities resulting from pregnancy and childbirth, or contagious disease, which result in any of the following:

a. The employee’s confinement is required.

b. The employee is rendered unable to perform assigned duties.

c. The performance of assigned duties would jeopardize the employee’s health or recovery.

6. Except as provided in section 70A.23, all unused accrued sick leave in an employee’s sick leave account is canceled upon the employee’s separation from state employment. However, if an employee is laid off and the employee is reemployed by any state department, board, agency, or commission within one year of the date of the layoff, accrued sick leave of the employee shall be restored.

7. State employees, excluding state board of regents’ faculty members with nine-month appointments, and employees covered under a collective bargaining agreement negotiated with the public safety bargaining unit who are eligible for accrued vacation benefits and accrued sick leave benefits, who have accumulated thirty days of sick leave, and who do not use sick leave during a full month of employment may elect to have up to one-half day of additional vacation added to the employee’s accrued vacation account. The additional vacation time added to an employee’s accrued vacation account for not using sick leave during a month in lieu of the accrual of sick leave for that month. The amount of additional vacation for part-time employees shall be prorated to the amount of additional vacation authorized for full-time employees. The director of the department of administrative services may adopt the necessary rules and procedures for the implementation of this program for all state employees except employees of the state board of regents. The state board of regents may adopt necessary rules for the implementation of this program for its employees.

8. The head of any department, agency, or commission, subject to rules of the department of administrative services, may grant an educational leave to employees for whom the head of the department, agency, or commission is responsible pursuant to section 70A.25 and funds appropriated by the general assembly may be used for this purpose. The head of the department, agency, or commission shall notify the legislative council and the director of the department of administrative services of all educational leaves granted within fifteen days of the granting of the educational leave. If the head of a department, agency, or commission fails to notify the legislative council and the director of the department of administrative services
of an educational leave, the expenditure of funds appropriated by the general assembly for the educational leave shall not be allowed.

9. A specific annual salary rate or annual salary adjustment commencing with a fiscal year shall commence on July 1 except that if a pay period overlaps two fiscal years, a specific annual salary rate or annual salary adjustment shall commence with the first day of a pay period as specified by the general assembly.

The employee, or the employee’s estate, shall receive a cash payment of the monetary value of the employee’s accrued sick leave balance, not to exceed two thousand dollars. The value of the employee’s accrued sick leave balance shall be calculated by multiplying the number of hours of accrued sick leave by the employee’s regular hourly rate of pay at the time of retirement.

3. a. An eligible state employee, excluding an employee covered under a collective bargaining agreement which provides otherwise or an employee of the state board of regents, who retires and receives a payment as provided in subsection 2 shall be entitled to elect to have the employee’s available remaining value of sick leave used to pay the state share for the employee’s continuation of state group health insurance coverage pursuant to the requirements of this subsection.

The benefits provided for in this subsection have no cash value and are not transferable to any other person, including the retiree’s spouse. Payment of state group health insurance premiums pursuant to this subsection continues until the earliest of when the eligible state employee’s available remaining value of sick leave is exhausted, the employee otherwise becomes eligible for federal Medicare program benefits, or the employee dies. In addition, an employee electing benefits pursuant to this subsection who is reinstated or reemployed in a permanent full-time or permanent part-time position within state government forfeits any remaining benefits for payment of state group health insurance benefits, and such employee.
is not eligible for restoration of the unused sick leave accrued during the employee’s prior employment with the state.

4. Notwithstanding any provision of this section to the contrary, peace officers employed within the department of public safety and the department of natural resources that are not covered under a collective bargaining agreement shall have a sick leave conversion program extended to them that is equivalent to the sick leave conversion program negotiated under chapter 20 between the state and the state police officers council labor union for peace officers. In addition, an employee of the department of public safety or the department of natural resources who has earned benefits of payment of premiums under a collective bargaining agreement and who becomes a manager or supervisor and is no longer covered by the agreement shall not lose the benefits of payment of premiums earned while covered by the agreement. The payment shall be calculated by multiplying the number of hours of accumulated, unused sick leave by the employee’s hourly rate of pay at the time of retirement.

proposal contained in other design proposals requested by or prepared for submission to the public body.

b. The public body may request additional design proposals in light of funds available for construction, aesthetic considerations, or any other reason.

2. The director of the economic development authority, in consultation with the department of management, state building code commissioner, and state fire marshal, shall develop standards and methods to evaluate design development documents and construction documents based upon life cycle cost factors to facilitate fair and uniform comparisons between design proposals and informed decision making by public bodies.

3. The department of management shall develop a proposal for submission to the general assembly on or before January 10, 1991, to create a division within the department of management to evaluate life cycle costs on design proposals submitted on public improvement and construction contracts for agencies of the state, to assure uniform comparisons and professional evaluations of design proposals by an independent agency. The report shall also address potential redundancy and conflicts within existing state law regarding life cycle cost analysis and recommend the resolution of any problems which are identified.

SUBCHAPTER II
RECIPROCAL RESIDENT BIDDER AND LABOR FORCE PREFERENCE

73A.21 Reciprocal resident bidder and resident labor force preference by state, its agencies, and political subdivisions — penalties.
1. For purposes of this section:
   a. “Commissioner” means the labor commissioner appointed pursuant to section 91.2, or the labor commissioner’s designee.
   b. “Division” means the division of labor of the department of workforce development.
   c. “Nonresident bidder” means a person or entity who does not meet the definition of a resident bidder.
   d. “Public body” means the state and any of its political subdivisions, including a school district, public utility, or the state board of regents.
   e. “Public improvement” means a building or other construction work to be paid for in whole or in part by the use of funds of the state, its agencies, and any of its political subdivisions and includes road construction, reconstruction, and maintenance projects.
   f. “Public utility” includes municipally owned utilities and municipally owned waterworks.
   g. “Resident bidder” means a person or entity authorized to transact business in this state and having a place of business for transacting business within the state at which it is conducting and has conducted business for at least three years prior to the date of the first
advertisement for the public improvement. If another state or foreign country has a more stringent definition of a resident bidder, the more stringent definition is applicable as to bidders from that state or foreign country.

h. “Resident labor force preference” means a requirement in which all or a portion of a labor force working on a public improvement is a resident of a particular state or country.

2. Notwithstanding this chapter, chapter 73, chapter 309, chapter 310, chapter 331, or chapter 384, when a contract for a public improvement is to be awarded to the lowest responsible bidder, a resident bidder shall be allowed a preference as against a nonresident bidder from a state or foreign country if that state or foreign country gives or requires any preference to bidders from that state or foreign country, including but not limited to any preference to bidders, the imposition of any type of labor force preference, or any other form of preferential treatment to bidders or laborers from that state or foreign country. The preference allowed shall be equal to the preference given or required by the state or foreign country in which the nonresident bidder is a resident. In the instance of a resident labor force preference, a nonresident bidder shall apply the same resident labor force preference to a public improvement in this state as would be required in the construction of a public improvement by the state or foreign country in which the nonresident bidder is a resident.

3. If it is determined that this may cause denial of federal funds which would otherwise be available, or would otherwise be inconsistent with requirements of any federal law or regulation, this section shall be suspended, but only to the extent necessary to prevent denial of the funds or to eliminate the inconsistency with federal requirements.

4. The public body involved in a public improvement shall require a nonresident bidder to specify on all project bid specifications and contract documents whether any preference as described in subsection 2 is in effect in the nonresident bidder’s state or country of domicile at the time of a bid submittal.

5. The commissioner and the division shall administer and enforce this section, and the commissioner shall adopt rules for the administration and enforcement of this section as provided in section 91.6.

6. The commissioner shall have the following powers and duties for the purposes of this section:

a. The commissioner may hold hearings and investigate charges of violations of this section.

b. The commissioner may, consistent with due process of law, enter any place of employment to inspect records concerning labor force residency, to question an employer or employee, and to investigate such facts, conditions, or matters as are deemed appropriate in determining whether any person has violated the provisions of this section. The commissioner shall only make such an entry in response to a written complaint.

c. The commissioner shall develop a written complaint form applicable to this section and make it available in division offices and on the department of workforce development’s internet site.

d. The commissioner may sue for injunctive relief against the awarding of a contract, the undertaking of a public improvement, or the continuation of a public improvement in response to a violation of this section.

e. The commissioner may investigate and ascertain the residency of a worker engaged in any public improvement in this state.

f. The commissioner may administer oaths, take or cause to be taken deposition of witnesses, and require by subpoena the attendance and testimony of witnesses and the production of all books, registers, payrolls, and other evidence relevant to a matter under investigation or hearing.

g. The commissioner may employ qualified personnel as are necessary for the enforcement of this section. Such personnel shall be employed pursuant to the merit system provisions of chapter 8A, subchapter IV.

h. The commissioner shall require a contractor or subcontractor to file, within ten days of receipt of a request, any records enumerated in subsection 7. If the contractor or subcontractor fails to provide the requested records within ten days, the commissioner may direct, within fifteen days after the end of the ten-day period, the fiscal or financial office
charged with the custody and disbursement of funds of the public body that contracted for construction of the public improvement or undertook the public improvement, to immediately withhold from payment to the contractor or subcontractor up to twenty-five percent of the amount to be paid to the contractor or subcontractor under the terms of the contract or written instrument under which the public improvement is being performed. The amount withheld shall be immediately released upon receipt by the public body of a notice from the commissioner indicating that the request for records as required by this section has been satisfied.

7. While participating in a public improvement, a nonresident bidder domiciled in a state or country that has established a resident labor force preference shall make and keep, for a period of not less than three years, accurate records of all workers employed by the contractor or subcontractor on the public improvement. The records shall include each worker’s name, address, telephone number when available, social security number, trade classification, and the starting and ending time of employment.

8. Any person or entity that violates the provisions of this section is subject to a civil penalty in an amount not to exceed one thousand dollars for each violation found in a first investigation by the division, not to exceed five thousand dollars for each violation found in a second investigation by the division, and not to exceed fifteen thousand dollars for a third or subsequent violation found in any subsequent investigation by the division. Each violation of this section for each worker and for each day the violation continues constitutes a separate and distinct violation. In determining the amount of the penalty, the division shall consider the appropriateness of the penalty to the person or entity charged, upon determination of the gravity of the violations. The collection of these penalties shall be enforced in a civil action brought by the attorney general on behalf of the division.

9. A party seeking review of the division's determination pursuant to this section may file a written request for an informal conference. The request must be received by the division within fifteen days after the date of issuance of the division's determination. During the conference, the party seeking review may present written or oral information and arguments as to why the division’s determination should be amended or vacated. The division shall consider the information and arguments presented and issue a written decision advising all parties of the outcome of the conference.

74.1 Applicability.

1. This chapter applies to all warrants which are legally drawn on a public treasury, including the treasury of a city or county, and which, when presented for payment, are not paid for want of funds.

2. This chapter also applies when a municipality as defined in section 24.2, or a city or county determines that there are not or will not be sufficient funds on hand to pay the legal obligations of a fund. A municipality, city, or county may provide for the payment of such an obligation by drawing an anticipatory warrant payable to a bank or other business entity authorized by law to loan money in an amount legally available and believed to be sufficient to cover the anticipated deficiency. The duties imposed on the treasurer by this chapter may be assigned by a city council to another city officer.

3. The procedures of this chapter also apply to the issuance of anticipatory warrants by the state under section 7D.8.

4. This chapter also applies to anticipatory warrants, improvement certificates, anticipatory certificates or similar obligations payable from special assessments against benefited properties, or payable from charges, fees or other operating income from a publicly owned enterprise or utility.

An anticipatory warrant issued under the authority of section 74.1, subsection 1 shall bear interest at a rate determined by the issuing governmental body, but not exceeding that permitted by chapter 74A.
§74.3 Record of obligations.
The treasurer shall keep a record of each interest-bearing obligation which shall show the number and amount, the date interest commences, the rate of interest, and the name and post office address of the holder of the obligation.

76.2 Mandatory levy — obligations in anticipation of levy.

1. a. The governing authority of a political subdivision specified in section 76.1, subsection 1, before issuing bonds shall, by resolution, provide for the assessment of an annual levy upon all the taxable property in the political subdivision sufficient to pay the interest and principal of the bonds within a period named not exceeding the applicable period of time specified in section 76.1. A certified copy of this resolution shall be filed with the county auditor or the auditors of the counties in which the political subdivision is located; and the filing shall make it a duty of the auditors to enter annually this levy for collection from the taxable property within the boundaries of the political subdivision until funds are realized to pay the bonds in full. However, the governing authority of a political subdivision may adjust a levy of taxes made under this section for the purpose of adjusting the annual levies and collections for property severed from the political subdivision, subject to the approval of the director of the department of management.

2019 amendment to subsection 1, paragraph b applies to city and county budgets and taxes for fiscal years beginning on or after July 1, 2020; 2019 Acts, ch 165, §17

76.3 Tax limitations.

Tax limitations in any law or proposition for the issuance of bonds or obligations, including any law or proposition for the issuance of bonds or obligations in anticipation of levies or collections of taxes or both, shall be based on the latest equalized actual valuation then existing and shall only restrict the amount of bonds or obligations which may be issued. For the sole purpose of computing the amount of bonds which may be issued as a result of the application of a tax limitation, all interest on the bonds or obligations in excess of that accruing in the first twelve months may be excluded from the first annual levy of taxes, so that the need for including more than one year’s interest in the first annual levy of taxes to pay the bonds or obligations and interest does not operate to further restrict the amount of bonds or obligations which may be issued, and in certifying the annual levies to the county auditor or auditors the first annual levy of taxes shall be sufficient to pay all principal of and interest on the bonds or obligations becoming due prior to the next succeeding annual levy and the full amount of the first annual levy shall be entered for collection by the auditor or auditors, as provided in this chapter.

A public issuer of public bonds may provide for additional security or liquidity, enter into agreements for, and expend funds for policies of insurance, letters of credit, lines of credit, or other forms of security issued by financial institutions for the payment of principal, premium, if any, and interest on the bonds. In the case of general obligation bonds, fees for the services and costs of additional security and liquidity shall be considered incurred in lieu of interest and may be levied through the fund for payment of debt service on the bonds. Bonds issued under this section may be sold at public or private sale as determined by the governing body.
2. This section provides alternative and additional power for the issuance of bonds and is not an amendment to any other statute or a limitation upon powers under any other law.
3. A public issuer of public bonds may provide for the purchase of bonds before their maturity and the remarketing of purchased bonds without causing the redemption of the purchased bonds.
