<td>Simple Harmonization Note</td>
<td>The multiple amendments do not conflict, so they were harmonized to give effect to each as required by Code sections 2B.13 and 4.11. In some cases where this note is referenced, the amendments are identical. Under Code section 2B.13, a strike or repeal prevails over an amendment to the same material and does not create a conflict.</td>

<td>124.204</td>
<td>2020 Acts, ch 1023, §3, 4, and 6, amend subsections 4 and 7, effective June 1, 2020, by striking the words “, except as otherwise provided by rules of the board for medicinal purposes” from the text of subsection 4, paragraphs “m” and “u”, and by striking all of subsection 7. 2019 Acts, ch 130, §22, amends subsection 4, effective April 8, 2020, by striking “by rules of the board for medicinal purposes” and adding “in subsection 7” in subsection 4, paragraph “m”, and by internally renumbering and adding a new subparagraph (2) to paragraph “u”. 2019 Acts, ch 130, §23, amends subsection 7, effective April 8, 2020, and adds new language defining the terms “hemp” and “hemp products”. The amendments to section 4, paragraph “m”, conflict and, because the changes made by 2019 Acts, ch 130, §22, are dependent upon language stricken by 2020 Acts, ch 1023, §3, the changes made by 2020 Acts, ch 1023, §3, prevailed and were codified. The amendments by 2020 Acts, ch 1023, §4, and 2019 Acts, ch 130, §22, to subsection 4, paragraph “u”, do not conflict and were harmonized to give effect to each Act. Because 2020 Acts, ch 1023, §6, struck the existing language that was amended by 2019 Acts, ch 130, §23, the strike by 2020 Acts, ch 1023, §6, prevailed and was codified. The new language added by 2019 Acts, ch 130, §23, however, being independent of the stricken language, was codified in subsection 7.</td>

<td>422.11N</td>
<td>2020 Acts, ch 1062, §94, directs the Code editor to change the word “division” to “subchapter” in subsection 3, unnumbered paragraph 1, effective July 1, 2020. The section is repealed effective January 1, 2021, pursuant to the terms of subsection 10. The repeal prevails and was codified, but the terminology change was in effect from July 1, 2020, until January 1, 2021.</td>
</tr>
<tr>
<td>422.25</td>
<td>2020 Acts, ch 1118, §17, amends subsection 1 by adding a new paragraph “c” at the end of the subsection. 2020 Acts, ch 1118, §63, strikes and rewrites subsection 1. Although 2020 Acts, ch 1118, §63, eliminates the former content of subsection 1, because the language contained in 2020 Acts, ch 1118, §17, was an addition to the subsection and not an amendment to the stricken text, the amendment from 2020 Acts, ch 1118, §17, was codified at the end of subsection 1 as a new paragraph “f”.</td>

2020 Acts, ch 1062, §94, directs the Code editor to change the word “division” to “subchapter” in subsection 4, paragraph “a”, effective July 1, 2020. The subsection was stricken pursuant to the terms of paragraph “c” of that subsection, effective January 1, 2021. The strike prevails and was codified, but the terminology change was in effect from July 1, 2020, until January 1, 2021.

2020 Acts, ch 1062, §94, directs the Code editor to change the word “division” to “subchapter” in subsection 2, paragraph “a”, effective July 1, 2020. Subsection 2 is repealed pursuant to the terms of paragraph “c” of that subsection, effective January 1, 2021. The repeal prevails and was codified, but the terminology change was in effect from July 1, 2020, until January 1, 2021.

If a nomination is submitted during the last thirty days of the session, the senate may by resolution defer consideration of the appointment until the next regular session of the general assembly and the nomination shall be considered as though made during the legislative interim.

1. a. A member of the general assembly may elect to become a member of a state group insurance plan for employees of the state established under chapter 509A subject to the following conditions:

   (1) The member shall be eligible for all state group insurance plans on the basis of enrollment rules established for the largest number of full-time state employees of the executive branch, other than employees of the state board of regents, that are excluded from collective bargaining as provided in chapter 20.

   (2) The member shall pay that portion of the total premium for the plan selected on the same basis as paid by the largest number of full-time state employees of the executive branch, other than employees of the state board of regents, that are excluded from collective bargaining as provided in chapter 20.

   (3) The member shall authorize a payroll deduction of the premium due according to the member’s pay plan selected pursuant to section 2.10, subsection 4.

   b. A member of the general assembly may continue membership in a state group insurance plan without reapplication during the member’s tenure as a member of consecutive general assemblies. The maximum reimbursement shall be no greater than the state's contribution for health or medical insurance family plan II.

d. A member of the general assembly who elects to become a member of a state health or medical group insurance plan shall be exempted from preexisting medical condition waiting periods. A member of the general assembly may change programs or coverage under the state health or medical service group insurance plan during the month of January of odd-numbered years, but program and coverage change selections shall be subject to the enrollment rules established for full-time state employees excluded from collective bargaining as provided in chapter 20.

e. A person who has been a member of the general assembly for two years and who has elected to be a member of a state health or medical group insurance plan may continue to be a member of such state health or medical group insurance plan by requesting continuation in writing to the finance officer within thirty-one days after leaving office. The continuing former member of the general assembly shall pay the total premium for the state plan and shall have the same rights to change programs or coverage as state employees. This paragraph shall not be construed to permit a former member to become a member of a state health or medical group insurance plan providing programs or coverage of a type that the former member did not elect to continue pursuant to this paragraph.

f. action of any agency, without regard to the finality of the administrative action, except

to that employee’s employment relationship with the agency except as otherwise provided
by this chapter. A communication or receipt of information made pursuant to the powers
prescribed in this chapter shall not be considered an ex parte communication as described
in the provisions of section 17A.17.
2. Investigate, on complaint or on the ombudsman’s own motion, any administrative
action of any person providing child welfare or juvenile justice services under contract with
an agency that is subject to investigation by the ombudsman. The person shall be considered
to be an agency for purposes of the ombudsman’s investigation.
3. Prescribe the methods by which complaints are to be made, received, and acted
upon; determine the scope and manner of investigations to be made; and, subject to
the requirements of this chapter, determine the form, frequency, and distribution of the

privileged communications under section 622.10.
5. Issue a subpoena to compel any person to appear, give sworn testimony, or produce
documentary or other evidence relevant to a matter under inquiry. The ombudsman,

ombudsman, the ombudsman may petition the district court having jurisdiction for an order
directing obedience to the subpoena. If the court finds that the subpoena should be obeyed,
it shall enter an order requiring obedience to the subpoena, and refusal to obey the court
order is subject to punishment for contempt.
6. Establish rules relating to the operation, organization, and procedure of the office
of ombudsman. The rules are exempt from chapter 17A and shall be published in the Iowa

[C51, §2503; R60, §2622; C73, §2528; C97, §3446; C24, 27, 31, 35, 39, §64; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §4.2]

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §4.3]

4. A result feasible of execution is intended.
5. Public interest is favored over any private interest.

[C73, 75, 77, 79, 81, §4.4]

4.5 Prospective statutes.

A statute is presumed to be prospective in its operation unless expressly made retrospective.

[C73, 75, 77, 79, 81, §4.5]

6A.21 Condemnation of agricultural land — definitions.
1. Except as otherwise provided, for purposes of this chapter and chapter 6B:
   a. “Aboveground merchant line” means “merchant line” as defined in section 478.6A, subsection 1, excluding those merchant lines that are underground.
   b. “Agricultural land” means real property owned by a person in tracts of ten acres or more and not laid off into lots of less than ten acres or divided by streets and alleys into parcels of less than ten acres, and that has been used for the production of agricultural commodities during three out of the past five years. Such use of property includes, but is not limited to, the raising, harvesting, handling, drying, or storage of crops used for feed, food, seed, or fiber; the care or feeding of livestock; the handling or transportation of crops or livestock; the storage, treatment, or disposal of livestock manure; and the application of fertilizers, soil conditioners, pesticides, and herbicides on crops. Agricultural land includes land on which is located farm residences or outbuildings used for agricultural purposes and land on which is located facilities, structures, or equipment for agricultural purposes. Agricultural land includes land taken out of agricultural production for purposes of environmental protection or preservation.
   c. “Private development purposes” means the construction of, or improvement related to, recreational trails, recreational development paid for primarily with private funds, aboveground merchant lines, housing and residential development, or commercial or industrial enterprise development.
   d. “Public use” or “public purpose” or “public improvement” does not include the authority to condemn agricultural land for private development purposes unless the owner of the agricultural land consents to the condemnation.
2. The limitation on the definition of public use, public purpose, or public improvement does not apply to the establishment, relocation, or improvement of a road pursuant to chapter 306, or to the establishment of a railway under the supervision of the department of transportation as provided in section 327C.2, or to an airport as defined in section 328.1, or to land acquired in order to replace or mitigate land used in a road project when federal law requires replacement or mitigation. This limitation also does not apply to utilities, persons, companies, or corporations under the jurisdiction of the Iowa utilities board in the department of commerce or to any other utility conferred the right by statute to condemn private property or to otherwise exercise the power of eminent domain, except to the extent such purpose includes construction of aboveground merchant lines.

6A.22 Additional limitations on exercise of power — definitions.
1. In addition to the limitations in section 6A.21, the authority of an acquiring agency to condemn any private property through eminent domain may only be exercised for a public purpose, public use, or public improvement. However, if the owner of the property consents to the condemnation, the property may be condemned for any purpose.
   a. “Public use”, “public purpose”, or “public improvement” means one or more of the following:
      (1) The possession, occupation, and enjoyment of property by the general public or governmental entities.
      (2) The acquisition of any interest in property necessary to the function of a public or private utility to the extent such purpose does not include construction of aboveground merchant lines, or necessary to the function of a common carrier or airport or airport system.
      (3) Private use that is incidental to the public use of the property, provided that no property shall be condemned solely for the purpose of facilitating such incidental private use.
      (4) The acquisition of property pursuant to chapter 455H.
      (5) (a) The acquisition of property for redevelopment purposes and to eliminate slum or blighted conditions in that portion of an urban renewal area designated as a slum or blighted area if each parcel, or any improvements thereon, for which condemnation is sought is determined by the governing body of the municipality to be in a slum or blighted
condition. However, for a project or acquisition plan adopted by the governing body of a municipality after due deliberation and public input, if seventy-five percent or more of the area included in the plan consists of property in a slum or blighted condition at the time the plan was established, the entire project or acquisition plan area is subject to condemnation by the municipality. The project or acquisition plan area shall only include the adjacent and contiguous parcels necessary for the completion of planned activities for a specific business or housing project. Before a municipality exercises its eminent domain authority to acquire properties in a project or acquisition plan area that are not in a slum or blighted condition, the municipality shall be required to adopt a resolution by a two-thirds majority to authorize the acquisition of such property by eminent domain. The resolution shall make a finding that includes at a minimum all of the following:

(i) The taking of such property is necessary to achieve the project or acquisition plan objectives.

(ii) The taking of property for the project or acquisition plan will eliminate or rehabilitate the slum and blighted conditions in the area.

(iii) If the specific project is for a business, the proposed project or acquisition plan will confer economic benefits upon the municipality.

(b) For purposes of this subparagraph (5):

(i) “Blighted condition” means the presence of a substantial number of slum or deteriorated structures; insanitary or unsafe conditions; excessive and uncorrected deterioration of site or other improvements; tax or special assessment delinquency exceeding the fair value of the land; defective or unusual conditions of title; or the existence of conditions which endanger life or property by fire and other causes; or the existence of conditions which retard the provision of housing accommodations for low or moderate income families, or is a menace to the public health and safety in its present condition and use.

(ii) “Slum condition” means a condition conducive to ill health, transmission of disease, infant mortality, juvenile delinquency, or crime, or detrimental to the public health and safety due to a predominance of buildings or improvements, whether residential or nonresidential, by reason of the following: by reason of dilapidation, deterioration that is excessive and uncorrected, age or obsolescence; by reason of inadequate provision for sanitation; by reason of high density of population and overcrowding; by reason of the existence of conditions which endanger life or property by fire and other causes; or by reason of any combination of such factors.

(iii) In no case shall land that is agricultural land be determined to be in a slum condition or blighted condition.

(iv) “Project or acquisition plan” means the planned activities of a municipality to rehabilitate or redevelop specific property in that portion of an urban renewal area designated as a slum or blighted area pursuant to chapter 403. The planned activities may include the sale and acquisition of property; demolition and removal of buildings and improvements; construction, repair, and rehabilitation of buildings or other improvements; and installation, construction, or reconstruction of streets and utilities.

(v) “Economic benefits” means the creation of new employment opportunities or the retention of employment opportunities.

b. Except as specifically included in the definition in paragraph “a”, “public use” or “public purpose” or “public improvement” does not mean economic development activities resulting in increased tax revenues, increased employment opportunities, privately owned or privately funded housing and residential development, privately owned or privately funded commercial or industrial development, or the lease of publicly owned property to a private party.

c. Notwithstanding paragraph “a”:

(1) (a) If private property is to be condemned for development or creation of a lake, only that number of acres justified as necessary for a surface drinking water source, and not otherwise acquired, may be condemned. In addition, the acquiring agency shall conduct a review of prudent and feasible alternatives to provision of a drinking water source prior to making a determination that such lake development or creation is reasonable and necessary.
Development or creation of a lake as a surface drinking water source includes all of the following:

(i) Construction of the dam, including sites for suitable borrow material and the auxiliary spillway.
(ii) The water supply pool.
(iii) The sediment pool.
(iv) The flood control pool.
(v) The floodwater retarding pool.
(vi) The surrounding area upstream of the dam no higher in elevation than the top of the dam’s elevation.
(vii) The appropriate setback distance required by state or federal laws and regulations to protect drinking water supply.

(b) For condemnation of property located in a county with a population of greater than nine thousand two hundred fifty but less than nine thousand three hundred, according to the 2010 federal decennial census, prior to making a determination that development or creation of a lake as a surface drinking water source is reasonable and necessary, the acquiring agency shall conduct a review of feasible alternatives to development or creation of a lake as a surface drinking water source. An acquiring agency shall not have the authority to condemn private property for the development or creation of a lake as a surface drinking water source if one or more feasible alternatives to provision of a drinking water source exist. An alternative that results in the physical expansion of an existing drinking water source is presumed to be a feasible alternative to development or creation of a lake as a surface drinking water source. An alternative that supplies drinking water by pipeline or other method of transportation or transmission from an existing source located within or outside this state at a reasonable cost is a feasible alternative to development or creation of a lake as a surface drinking water source. If private property is to be condemned for development or creation of a lake, only that number of acres justified as necessary for a surface drinking water source, and not otherwise acquired, may be condemned. Development or creation of a lake as a surface drinking water source includes all of the following:

(i) Construction of the dam, including sites for suitable borrow material and the auxiliary spillway.
(ii) The water supply pool.
(iii) The sediment pool.
(iv) The flood control pool.
(v) The floodwater retarding pool.
(vi) The surrounding area upstream of the dam no higher in elevation than the top of the dam’s elevation.
(vii) The appropriate setback distance required by state or federal laws and regulations to protect drinking water supply.

(c) (i) For purposes of this subparagraph (1), “number of acres justified as necessary for a surface drinking water source” means according to guidelines of the United States natural resource conservation service and according to analyses of surface drinking water capacity needs conducted by one or more registered professional engineers.

(ii) For condemnation proceedings for which the application pursuant to section 6B.3 was filed after January 1, 2013, for condemnation of property located in a county with a population of greater than nine thousand two hundred fifty but less than nine thousand three hundred, according to the 2010 federal decennial census, which property sought to be condemned was in whole or in part described in a petition filed under section 6A.24, subsection 2, after January 1, 2013, but before January 1, 2014, regardless of whether the petitioner was determined by a court to not be a proper acquiring agency, “number of acres justified as necessary for a surface drinking water source”, as determined under subparagraph subdivision (i) shall not exceed the number of acres that would be necessary to provide the amount of drinking water to meet the needs of a population equal to the population of the county where the lake is to be developed or created, according to the most recent federal decennial census.

(2) The use of eminent domain authority to acquire private property in the unincorporated area of a county for use as an airport, airport system, or aviation facilities is prohibited,
notwithstanding any provision of the law to the contrary, if the property to be condemned is located outside the geographic boundaries of the city or county operating the airport, airport system, or aviation facilities or outside the geographic boundaries of the member municipalities of the commission or authority. However, an acquiring agency may proceed with condemnation of property under these circumstances if the board of supervisors of the county where the property for which condemnation is sought is located holds a public hearing on the matter and subsequent to the hearing approves, by resolution, the condemnation action. This subparagraph does not apply if any of the following conditions is met:

(a) The property to be condemned is for an improvement to an existing airport, airport system, or aviation facilities if such improvement is required by federal law, regulation, or order or if such improvement is included in an airport layout plan approved by the federal aviation administration for the existing site of the airport, airport system, or aviation facilities.

(b) The property to be condemned has been zoned by a city or county for use as an airport, airport system, or aviation facilities.

(c) The property to be condemned is for a proposed airport, airport system, or aviation facilities that as of July 1, 2006, were designated in the federal aviation administration national plan for integrated airport services, and the property to be condemned is located within the county where at least one of the cities that will participate in operation of the proposed airport, airport system, or aviation facilities is located.

6A.24 Judicial review of eminent domain authority.

1. An owner of property described in an application for condemnation may bring an action challenging the exercise of eminent domain authority or the condemnation proceedings. Such action shall be commenced within thirty days after service of notice of assessment pursuant to section 6B.8 by the filing of a petition in district court. Service of the original notice upon the acquiring agency shall be as required in the rules of civil procedure. In addition to the owner of the property, a contract purchaser of record of the property or a tenant occupying the property under a recorded lease shall also have standing to bring such action.

2. An acquiring agency that proposes to acquire property by eminent domain may file a petition in district court seeking a determination and declaration that its finding of public use, public purpose, or public improvement necessary to support the taking meets the definition of those terms. The action shall be commenced by the filing of a petition identifying all property owners whose property is proposed to be acquired, any contract purchaser of record of the property, and any tenant known to be occupying the property, and including a description of the properties proposed to be acquired and a statement of the public use, public purpose, or public improvement supporting the acquisition of the property by eminent domain. The original notice shall be served as required by the rules of civil procedure on each property owner named in the petition and on any contract purchaser of record of the property and on any tenant occupying the property under a recorded lease. Such action may be commenced by an acquiring agency at any time prior to the filing of an application for condemnation pursuant to section 6B.3.

3. For any action brought under this section, the burden of proof shall be on the acquiring agency to prove by a preponderance of the evidence that the finding of public use, public purpose, or public improvement meets the definition of those terms. If a property owner or a contract purchaser of record or a tenant occupying the property under a recorded lease
prevails in an action brought under this section, the acquiring agency shall be required to pay the costs, including reasonable attorney fees, of the adverse party.

6B.2A Notice of proposed public improvement.
1. An acquiring agency shall provide written notice of a public hearing to each owner and any contract purchaser of record of agricultural land that may be the subject of condemnation. The authority under this chapter is not conferred and condemnation proceedings shall not begin unless a good faith effort is made to mail and publish the notice as provided in this section on the owner and any contract purchaser of record of the property subject to condemnation. The notice shall be mailed by ordinary mail, not less than thirty days before the date the hearing is held, to the owner and any contract purchaser of record of each property or property interest at the owner’s and contract purchaser’s last known address as shown in the records of the county auditor not less than seven days nor more than fourteen days prior to the date of mailing. A change in ownership of any such property which is not reflected in the records of the county auditor during the period those records are searched as above provided shall not affect the validity of the notice or any condemnation proceeding commenced on the basis of such notice. The notice shall be given and the public hearing held before adoption of the ordinance, resolution, motion, or other declaration of intent to fund the final site-specific design for the public improvement, to make the final selection of the route or site location for the public improvement, or to acquire or condemn,
if necessary, all or a portion of the property or an interest in the property for the public improvement. If the location of the public improvement is changed or expanded after the decision has been made to proceed with the public improvement, a notice shall be mailed by ordinary mail no less than thirty days before the adoption of the ordinance, resolution, motion, or other declaration of intent to proceed with a change in the location of the public improvement to the owner and any contract purchaser of record of the land to be acquired or condemned, if necessary, in the new location of the public improvement affected by the change. The mailed notice shall, at a minimum, include the following information:

a. The general nature of the public improvement.

b. A statement of the possibility that the acquiring agency may acquire part or all of the property or interest in the property by condemnation for the public improvement.

c. The process to be followed by the acquiring agency in making the decision to fund the final site-specific design for the public improvement, to make the final selection of the route or site location, or to acquire or condemn, if necessary, all or a portion of the property or an interest in the property for the public improvement.

d. The time and place of a public hearing at which an opportunity is provided for public input into the decision to fund the final site-specific design for the public improvement, to make the final selection of the route or site location, or to acquire or condemn, if necessary, all or a portion of the property or an interest in the property for the public improvement.

e. The name, address, and telephone number of the person designated by the acquiring agency as the person to contact regarding the public improvement.

f. A statement of rights of individual property owners with respect to the acquisition of their property and the availability of relocation benefits. The attorney general shall adopt by rule pursuant to chapter 17A a statement of rights which may be used in substantial form by any person required to provide the statement of rights as provided in this section.

2. The acquiring agency shall cause a notice to be published once in a newspaper of general circulation in the county or city where the agricultural land is located. The notice shall be published at least four but no more than twenty days before the public hearing is held as referred to in subsection 1. The published notice shall, at a minimum, include the following information:

a. The general nature of the public improvement.

b. A statement of the possibility that the acquiring agency may acquire part or all of the property or an interest in the property by condemnation for the public improvement.

c. The process to be followed by the acquiring agency in making the decision to fund the final site-specific design for the public improvement, to make the final selection of the route or site location, or to acquire or condemn, if necessary, all or a portion of the property or an interest in the property for the public improvement.

d. The time and place of a public hearing at which an opportunity is provided for public input into the decision to fund the final site-specific design for the public improvement, to make the final selection of the route or site location, or to acquire or condemn, if necessary, all or a portion of the property or an interest in the property for the public improvement.

e. The name, address, and telephone number of the contact person regarding the public improvement.

3. If the acquiring agency is a person required to obtain a franchise under chapter 478, compliance with section 478.2 shall satisfy the requirements of this section. If the acquiring agency is a person required to obtain a permit under chapter 479, compliance with section 479.5 shall satisfy the requirements of this section.

4. This section shall not apply to a condemnation of property by the state department of transportation or a county for right-of-way that is contiguous to an existing road right-of-way and necessary for the maintenance, safety improvement, repair, or upgrade of the existing road. Notwithstanding section 6B.2C, a condemnation of property by the state department of transportation pursuant to this subsection shall be approved by the director of transportation. For purposes of this subsection, “upgrade” means to bring a road or bridge up to currently acceptable standards, including improved geometrics, passing lanes, turning lanes, climbing lanes, and improved shoulders. “Upgrade” does not include expanding a highway from two lanes to four lanes.
5. The time deadlines in this section do not apply during the existence of an emergency requiring the construction or repair of public improvements in situations where failure to immediately construct or repair would result in immediate danger to public health, safety, or welfare. The notices required in this section shall be provided to the owner as soon as practicable.

Referred to in §6B.2D, 478.2, 478.6, 479.5, 479.7

6B.2B Acquisition negotiation.

The acquiring agency shall make a good faith effort to negotiate with the owner to purchase the private property or property interest before filing an application for condemnation or otherwise proceeding with the condemnation process. An acquiring agency shall not make an offer to purchase the property or property interest that is less than the fair market value the acquiring agency has established for the property or property interest pursuant to the appraisal required in section 6B.45 or less than the value determined under the acquiring agency’s waiver procedure established pursuant to section 6B.54, subsection 2, for acquisition of property with a low fair market value. A purchase offer made by an acquiring agency shall include provisions for payment to the owner of expenses, including relocation expenses, expenses listed in section 6B.54, subsection 10, and other expenses required by law to be paid by an acquiring agency to a condemnee. However, in the alternative, the acquiring agency may make, and the owner may accept, a purchase offer from the acquiring agency that is an amount equal to one hundred thirty percent of the appraisal amount plus payment to the owner of expenses listed in section 6B.54, subsection 10, once those expenses have been determined. If the owner accepts such a purchase offer, the owner is barred from claiming payment from the acquiring agency for any other expenses allowed by law. An acquiring agency need not make an offer in excess of the amounts described in this section in order to satisfy the requirement to negotiate in good faith. The option to make an alternative purchase offer does not apply when property is being acquired for street and highway projects undertaken by the state, a county, or a city.

99 Acts, ch 171, §3, 42; 2000 Acts, ch 1179, §5, 6, 30; 2006 Acts, 1st Ex, ch 1001, §6, 49
Referred to in §6B.54

6B.2C Approval of the public improvement.

The authority to condemn is not conferred, and the condemnation proceedings shall not commence, unless the governing body for the acquiring agency approves a preliminary or final route or site location of the proposed public improvement, approves the use of condemnation, and finds that there is a reasonable expectation the applicant will be able to achieve its public purpose, comply with all applicable standards, and obtain the necessary permits.

Referred to in §6B.2A

6B.2D Notice of intent to approve acquisition of property by eminent domain.

1. The acquiring agency shall send notice of a proposed resolution, motion, or other document authorizing acquisition of property by eminent domain to each property owner whose property is proposed to be acquired by eminent domain, to any contract purchaser of record of the property, and to any tenant known to be occupying the property at least fourteen days prior to the date of the meeting at which such proposed authorization will be considered for adoption by the acquiring agency. The notice shall include the date, time, and place of the meeting and a statement that the persons receiving the notice have a right to attend the meeting and to voice objection to the proposed acquisition of the property. The notice shall include a copy of the proposed resolution, motion, or other document authorizing acquisition by eminent domain. The notice shall also include the same statement of individual rights that is required by section 6B.2A.

2. This section shall not apply to the following:
   a. Street and highway projects undertaken by the state, a county, or a city.
b. Projects undertaken by a municipal utility.

c. Projects undertaken by a city enterprise providing services of sewer systems, storm water drainage systems, sewage treatment, solid waste collection, or solid waste disposal.

d. Projects undertaken by a county enterprise providing services described in section 331.461, subsection 2, paragraphs “b” and “f”.

2006 Acts, 1st Ex, ch 1001, §7, 49

6B.3 Application — recording — notice — time for appraisement — new proceedings.

1. The proceedings shall be instituted by a written application filed with the chief judge of the judicial district of the county in which the land sought to be condemned is located. The application shall set forth:

a. A description of all the property in the county affected or sought to be condemned, by its congressional numbers, in tracts not exceeding one-sixteenth of a section, or, if the land consists of lots, by the numbers of the lot and block, and plat designation.

b. A plat showing the location of the right-of-way or other property sought to be condemned with reference to such description.

c. The names of all record owners of the different tracts of land sought to be condemned, or otherwise affected by such proceedings, and of all record holders of liens and encumbrances on such lands; also the place of residence of all such persons so far as known to the applicant.

d. The purpose for which condemnation is sought.

e. A request for the appointment of a commission to appraise the damages.

f. If the damages are to be paid by the state and the land to be condemned is within an agricultural area as provided in chapter 352, a statement disclosing whether any of that land is classified as class I or class II land under the United States department of agriculture natural resources conservation service land capability classification system contained in the agriculture handbook number 210, 1961 edition and, if so classified, stating that the class I or class II land is reasonably necessary for the work of internal improvement for which condemnation is sought.

g. A showing of the minimum amount of land necessary to achieve the public purpose and the amount of land to be acquired by condemnation for the public improvement. Any land to be acquired by condemnation beyond the necessary minimum to complete the project shall be presumed not to be necessary for a public use or public purpose unless the applicant can show that a substantial need exists for the additional property to achieve the public use or public purpose, or that the land in question constitutes an uneconomical remnant that has little or no value or utility to the owner, or that the owner consents to the condemnation.

h. A statement indicating the efforts made by the applicant to negotiate in good faith with the owner to acquire the private property sought to be condemned.

2. a. The applicant shall mail a copy of the application by certified mail to the owner at the owner’s last known address, to any contract purchaser of record of the property, to any tenant known to be occupying the property, and to any record lienholder or encumbrancer of the property at the lienholder’s or encumbrancer’s last known address. The applicant shall also cause the application to be published once in a newspaper of general circulation in the county, not less than four nor more than twenty days before the meeting of the compensation commission to assess the damages. Service of the application by publication shall be deemed complete on the day of publication.

b. In lieu of mailing and publishing the application, the applicant may cause the application to be served upon the owner, contract purchaser of record, tenant known to be occupying the property, record lienholders, and record encumbrancers of the property in the manner provided by the Iowa rules of civil procedure for the personal service of original notice. The application shall be mailed and published or served, as above provided, prior to or contemporaneously with the mailing and publication or service of the list of compensation commissioners as provided in section 6B.4.

3. a. The applicant shall promptly certify that its application for condemnation has been approved by the chief judge and shall file the original approved application with the county recorder in the manner required under section 6B.37.
b. The county recorder shall file and index the application in the record of deeds and preserve the application as required by sections 6B.38 and 558.55. The filing and indexing constitute constructive notice to all parties that a proceeding to condemn the property is pending and that the applicant has the right to acquire the property from all owners, lienholders, and encumbrancers whose interests are of record at the time of the filing. After filing and indexing, the county recorder shall file a copy of the application with the office of secretary of state.

c. When indexed, the proceeding is considered pending so as to charge all persons not having an interest in the property with notice of its pendency, and while pending no interest can be acquired by the third parties in the property against the rights of the applicant.

d. If the appraisement of damages by the commission pursuant to section 6B.14 is not made within one hundred twenty days of indexing, the proceedings instituted under this section are terminated and all rights and interests of the applicant arising out of the application for condemnation terminate. The applicant may reinstitute a new condemnation proceeding at any time. The reinstated proceedings are entirely new proceedings and not a revival of the terminated proceeding.

1. Annually the board of supervisors of a county shall appoint not less than twenty-eight residents of the county and the names of such persons shall be placed on a list and they shall be eligible to serve as members of a compensation commission. One-fourth of the persons appointed shall be owner-operators of agricultural property, one-fourth of the persons appointed shall be owners of city property, one-fourth shall be licensed real estate salespersons or real estate brokers, and one-fourth shall be persons having knowledge of property values in the county by reason of their occupation, such as bankers, auctioneers, property managers, property appraisers, and persons responsible for making loans on property.

   (3) Two persons from each of the remaining two representative groups.

b. The chief judge or the judge’s designee shall name a chairperson from the persons selected and may appoint such alternate members and chairpersons to the commission as are deemed necessary and appropriate under the circumstances. A person shall not be selected as a member or alternate member of the compensation commission if the person possesses any interest in the proceeding which would cause the person to render a biased decision. The applicant shall mail a copy of the list of commissioners and alternates appointed by
the chief judge by certified mail to the property owner at the owner’s last known address. The applicant shall also cause the list of commissioners and alternates to be published once in a newspaper of general circulation in the county, not less than four nor more than twenty days before the meeting of the compensation commission to assess the damages. Service of the list of commissioners and alternates by publication shall be deemed complete on the day of publication. 2. The applicant may challenge one commissioner without stating cause and the person or persons representing the fee ownership interest in the property may challenge one commissioner without stating cause. A challenge to the appointment of a commissioner shall be filed, in writing, with the sheriff not less than seven days prior to the meeting of the compensation commission, and shall be mailed to the other party by ordinary mail on the day of filing. An alternate commissioner may not be challenged without cause. A challenge filed less than seven days prior to the meeting of the commission shall have no effect.

3. If a person is excused from the commission, the sheriff shall select and notify, not less than twenty-four hours prior to the meeting, the alternate commissioners appointed for that condemnation proceeding, to complete the membership of the commission. Alternate commissioners selected and notified shall have the same qualifications as the person who is being replaced. 1. The commissioners shall, at the time fixed in the notices required under section 6B.8, view the land sought to be condemned and assess the damages which the owner will sustain by reason of the appropriation. The commission shall file its written report, signed by all commissioners, with the sheriff. At the request of the condemner or the condemnee, the commission shall divide the damages into parts to indicate the value of any dwelling, the value of the land and improvements other than a dwelling, and the value of any additional damages. The appraisement and return may be in parcels larger than forty acres belonging to one person and lying in one tract, unless the agent or attorney of the applicant, or the commissioners, have actual knowledge that the tract does not belong wholly to the person in whose name it appears of record; and in case of such knowledge, the appraisement shall be made of the different portions as they are known to be owned.

2. Prior to the meeting of the commission, the commission or a commissioner shall not communicate with the applicant, property owner, or tenant, or their agents, regarding the condemnation proceedings. The commissioners shall meet in open session to view the property and to receive evidence, but may deliberate in closed session. When deliberating in closed session, the meeting is closed to all persons who are not commissioners except for personnel from the sheriff’s office if such personnel are requested by the commission. After deliberations commence, the commission and each commissioner are prohibited from communicating with any party to the proceeding. However, if the commission is deliberating in closed session, and after deliberations commence the commission requires further information from a party or a witness, the commission shall notify the property owner and the acquiring agency that they are allowed to attend the meeting at which such additional information shall be provided but only for that period of time during which the additional
information is being provided. The property owner and the acquiring agency shall be given a reasonable opportunity to attend the meeting. The commission shall keep minutes of all its meetings showing the date, time, and place, the members present, and the action taken at each meeting. The minutes shall show the results of each vote taken and information sufficient to indicate the vote of each member present. The vote of each member present shall be made public at the open session. The minutes shall be public records open to public inspection.

3. In determining fair market value of property, the commissioners shall not consider only the assessed value assigned to such property for purposes of property taxation.

4. In assessing the damages the owner or tenant will sustain, the commissioners shall consider and make allowance for personal property which is damaged or destroyed or reduced in value.

5. An owner or tenant occupying land which is proposed to be acquired by condemnation shall be awarded a sum sufficient to remove such owner’s or tenant’s personal property from the land to be acquired, which sum shall represent reasonable costs of moving the personal property from the land to be acquired to a point no greater than fifty miles; but in any event, damages awarded under this section for moving shall not exceed five thousand dollars for each owner or tenant occupying land proposed to be condemned. An owner or tenant may apply for an award pursuant to this section only if all other damages provided by law have been awarded and such amount awarded is insufficient to pay the owner’s or tenant’s reasonable costs of moving.

1. a. Upon the filing of the commissioners’ report with the sheriff, the applicant may deposit with the sheriff the amount assessed in favor of a claimant, and the applicant, except as otherwise provided, may take possession of the land condemned and proceed with the improvement. An appeal from the assessment does not affect the right, except as otherwise provided.

b. Prior to expiration of the time provided for appeal, the property owner may apply to the district court for release of that part of the damages deposited which the court finds proper. If there is not an appeal by any party, the property owner shall be entitled to the whole of the damages awarded.

c. Upon appeal from the commissioners’ award of damages, the district court may direct that the part of the amount of damages deposited with the sheriff, as it finds just and proper, be paid to the claimant. If upon trial of the appeal a lesser amount is awarded, the difference between the amount so awarded and the amount paid shall be repaid by the person to whom it was paid and upon failure to make the repayment the party shall have judgment entered against the person who received the excess payment.

If an award of damages is appealed to district court, the amount deposited with the sheriff, if any, less the amount paid by the sheriff to the claimant, shall be transferred to the clerk of district court where the appeal was filed and the clerk shall deposit the money in an interest-bearing account. The district court in its judgment rendered pursuant to section 6B.23 shall award the interest earned on the account in proportion to the amount of damages ascertained and entered of record.

When so acquired it may apply the proceeds of the bonds in payment therefor and in making extensions and improvements to such works or plants so acquired, but not more than one utility may be so acquired when the municipality is indebted in excess of the statutory limitation of indebtedness for such purposes for any such acquired property.
2. Upon the passage of the resolution as provided in subsection 1 and the presentation of a certified copy thereof to the supreme court while in session, or to the chief justice of the supreme court, the court or chief justice shall within five days appoint as a court of condemnation three district court judges from three judicial districts, one of whom shall be from the district in which the city is located, if not a resident of the city, and shall enter an order requiring the judges to attend as such court of condemnation at the county seat of the county in which the city is located within ten days. The district court judges shall attend and constitute a court of condemnation.
3. Said court when it meets to organize or at any time during the proceedings, which may be adjourned from time to time for any purpose, may fix the time for the appearance of any person that any party desires to have joined in the proceedings, and whom the court deems necessary. 4. 5. The court of condemnation shall have power to summon and swear witnesses, take evidence, order the taking of depositions, require the production of any books or papers, and may appoint a shorthand reporter. It shall perform all the duties of commissioners in the condemnation of property. The duties and the method of procedure and condemnation, including provisions for appeal shall be except as otherwise specifically provided, as provided for the taking of private property for works of internal improvement. The clerk of the district court of the county where the city is located shall perform all of the duties required of the sheriff in the condemnation; and in case of a vacancy in the court, the vacancy shall be filled in the manner in which the original appointment was made. When necessary by reason of a vacancy, the court may review any evidence in its record.

6. The costs of the proceedings shall be the same and paid in the same manner as in proceedings in the district court, and the district court judges of the court of condemnation shall receive, while engaged in such service, their actual expenses, which expenses shall be taxed as costs in the case.

6B.52 Renegotiation of damages.

1. Every reasonable and good faith effort shall be made to acquire expeditiously real property by negotiation as provided in section 6B.2B.

2. Real property shall be appraised as required by section 6B.45 before the initiation of negotiations, and the owner or the owner’s designated representative shall be given an opportunity to accompany at least one appraiser of the acquiring agency during an inspection of the property, except that an acquiring agency may prescribe a procedure to waive the appraisal in cases involving the acquisition of property with a low fair market
value. In lieu of an appraisal, a utility or person under the jurisdiction of the utilities board of the department of commerce, or any other utility conferred the right by statute to condemn private property, shall provide in writing by certified mail to the owner of record thirty days before negotiations, the methods and factors used in arriving at an offered price for voluntary easements including the range of cash amount of each component.

3. Before the initiation of negotiations for real property, the acquiring agency shall establish an amount which it believes to be just compensation for the real property, and shall make a prompt offer to acquire the property for the full amount established by the agency. In no event shall the amount be less than the fair market value the acquiring agency has established for the property or property interest pursuant to the appraisal required in section 6B.45 or less than the value determined under the acquiring agency’s waiver procedure established pursuant to subsection 2. A purchase offer made by an acquiring agency shall include provisions for payment to the owner of expenses, including relocation expenses, expenses listed in subsection 10, and other expenses required by law to be paid by an acquiring agency to a condemnee. However, in the alternative, the acquiring agency may make, and the owner may accept, a purchase offer from the acquiring agency that is an amount equal to one hundred thirty percent of the appraisal amount plus payment to the owner of expenses listed in subsection 10, once those expenses have been determined. If the owner accepts such a purchase offer, the owner is barred from claiming payment from the acquiring agency for any other expenses allowed by law. In the case of a utility or person under the jurisdiction of the utilities board of the department of commerce, or any other utility conferred the right by statute to condemn private property, the amount shall not be less than the amount indicated by the methods and factors used in arriving at an offered price for a voluntary easement. The option to make an alternative purchase offer does not apply when property is being acquired for street and highway projects undertaken by the state, a county, or a city.

4. The construction or development of a public improvement shall be so scheduled that, to the greatest extent practicable, no person lawfully occupying real property shall be required to move from a dwelling or to move the person’s business or farm operation without at least ninety days’ written notice of the date by which the move is required.

5. If after damages have been finally determined and paid, an owner or tenant is permitted to occupy the real property acquired on a rental basis for a short term or for a period subject to termination on short notice, the amount of rent required shall not exceed the fair rental value of the property to a short-term occupier.

6. In no event shall the time of condemnation be advanced, or negotiations or condemnation and the deposit of funds in court for the use of the owner be deferred, or any other coercive action be taken to compel an agreement on the price to be paid for the property.

7. If an interest in real property is to be acquired by exercise of the power of eminent domain, formal condemnation proceedings shall be instituted. The acquiring agency shall not intentionally make it necessary for an owner to institute legal proceedings to prove the fact of the taking of the owner’s real property.

8. If the acquisition of only a portion of property would leave the owner with an uneconomical remnant, the acquiring agency shall offer to acquire that remnant. For the purposes of this chapter, an “uneconomical remnant” is a parcel of real property in which the owner is left with an interest after the partial acquisition of the owner’s property, where the acquiring agency determines that the parcel has little or no value or utility to the owner.

9. A person whose real property is being acquired in accordance with this chapter, after the person has been fully informed of the person's right to receive just compensation for the property, may donate the property, any part of the property, any interest in the property, or any compensation paid for it as the person may determine.

10. a. As soon as practicable after the date of payment of the purchase price or the date of deposit in court of funds to satisfy the award of compensation in a condemnation proceeding to acquire real property, whichever is earlier, the acquiring agency shall reimburse the owner, to the extent the acquiring agency deems fair and reasonable, for expenses the owner necessarily incurred for all of the following:
§6B.54, PROCEDURE UNDER EMINENT DOMAIN

(1) Recording fees, transfer taxes, and similar expenses incidental to conveying the real property to the acquiring agency.

(2) Penalty costs for full or partial prepayment of any preexisting recorded mortgage entered into in good faith encumbering the real property.

b. Payments and expenditures under this subsection are incident to and arise out of the program or project for which the acquisition activity takes place. Such payments and expenditures may be made from the funds made available for the program or project.

c. A person aggrieved by a determination as to the eligibility for or amount of a reimbursement may apply to have the matter reviewed by the acquiring agency or in accordance with section 316.9 if applicable.

11. An owner shall not be required to surrender possession of real property before the acquiring agency concerned pays the agreed purchase price.

12. After damages have been finally determined and paid, the acquiring agency may offer, and the owner may accept, an amount equal to thirty percent of the amount of damages plus payment to the owner of expenses listed in subsection 10, once those expenses have been determined. If the owner accepts such an offer, the owner is barred from claiming payment from the acquiring agency for any other expenses allowed by law. This subsection does not apply when property is being acquired for street and highway projects undertaken by the state, a county, or a city.

6B.55 Buildings, structures, and improvements — policies for acquiring agencies.

For any public use, public purpose, or public improvement for which condemnation is sought, an acquiring agency shall at a minimum satisfy the following policies:

1. If an interest in real property is acquired, the acquiring agency shall acquire an equal interest in all buildings, structures, or other improvements located upon the real property which are required to be removed from the real property or which are determined to be adversely affected by the use to which the real property will be put.

2. For the purpose of determining the just compensation to be paid for any building, structure, or other improvement required to be acquired under this section, the building, structure, or other improvement shall be deemed to be a part of the real property to be acquired, notwithstanding the right or obligation of a tenant of the lands, as against the owner of any other interest in the real property, to remove the building, structure, or improvement at the expiration of the tenant’s term. The fair market value which the building, structure, or improvement contributes to the fair market value of the real property to be acquired, or the fair market value of the building, structure, or improvement for removal from the real property, whichever is the greater, shall be paid to the owner of the building, structure, or improvement.

3. Payment for the building, structure, or improvement under this section shall not result in duplication of any payments otherwise authorized by state law. The payment shall not be made unless the owner of the land involved disclaims all interest in the improvements of the tenant. In consideration for any such payment, the tenant shall assign, transfer, and release all the tenant’s right, title, and interest in and to the improvements. Nothing with regard to the above-mentioned acquisition of buildings, structures, or other improvements shall be construed to deprive the tenant of any rights to reject payment and to obtain payment for the property interests in accordance with other laws of this state.

6B.56 Disposition of condemned property.
1. If all or a portion of real property condemned pursuant to this chapter is not used for the purpose stated in the application filed pursuant to section 6B.3 and the acquiring agency seeks to dispose of the unused real property, the acquiring agency shall first offer the unused real property for sale to the prior owner of the condemned property as provided in this section. If real property condemned pursuant to this chapter is used for the purpose stated in the application filed pursuant to section 6B.3 and the acquiring agency seeks to dispose of the real property by sale to a private person or entity within five years after acquisition of the property, the acquiring agency shall first offer the property for sale to the prior owner of the condemned property as provided in this section. For purposes of this section, the prior owner of the real property includes the successor in interest of the real property.

2. a. Before the real property described in subsection 1 may be offered for sale to the general public, the acquiring agency shall notify the prior owner of such real property in writing of the acquiring agency’s intent to dispose of the real property, of the current appraised value of the real property to be offered for sale, and of the prior owner’s right to purchase the real property to be offered for sale within sixty days from the date the notice is served at a price equal to the current appraised value of the real property to be offered for sale or the fair market value of the property to be offered for sale at the time it was acquired by the acquiring agency from the prior owner plus cleanup costs incurred by the acquiring agency for the property to be offered for sale, whichever is less. However, the current appraised value of the real property to be offered for sale shall be the purchase price to be paid by the previous owner if any other amount would result in a loss of federal funding for projects funded in whole or in part with federal funds. The notice sent by the acquiring agency as provided in this subsection shall be filed with the office of the recorder in the county in which the real property is located.

b. For purposes of this subsection, “cleanup costs” means costs incurred to abate a nuisance or a public nuisance as those terms are defined in chapters 657 and 657A and costs incurred to recycle and remediate land pursuant to chapter 455H.

3. If the prior owner elects to purchase the real property at the price established in subsection 2, before the expiration of the sixty-day period, the prior owner shall notify the acquiring agency in writing of this intention and file a copy of this notice with the office of the recorder in the county in which the real property is located.

4. The provisions of this section do not apply to the sale of unused right-of-way property as provided in chapter 306.

Referred to in §6B.56A

6B.56A Disposition of condemned property — five-year time period.
1. When five years have elapsed since property was condemned and all or a portion of the property has not been used for the purpose stated in the application filed pursuant to section 6B.3, and the acquiring agency has not taken action to dispose of the unused property pursuant to section 6B.56, the acquiring agency shall, within sixty days, adopt a resolution reaffirming the purpose for which the unused property will be used or offering the unused property for sale to the prior owner at a price as provided in section 6B.56. However, if all or a portion of such property was condemned for the creation of a lake subject to the requirements of section 6A.22, subsection 2, paragraph “c”, subparagraph (I), subparagraph division (b), the acquiring agency shall not adopt a resolution reaffirming the purpose for which the property was to be used and shall instead adopt a resolution offering the property for sale to the prior owner at a price as provided in section 6B.56. If the resolution adopted approves an offer of sale to the prior owner, the offer shall be made in writing and mailed by certified mail to the prior owner. The prior owner has one hundred eighty days after the offer is mailed to purchase the property from the acquiring agency.

2. If the acquiring agency has not adopted a resolution described in subsection 1 within the sixty-day time period, the prior owner may, in writing, petition the acquiring agency to offer the property for sale to the prior owner at a price as provided in section 6B.56. Within sixty
days after receipt of such a petition, the acquiring agency shall adopt a resolution described in subsection 1. If the acquiring agency does not adopt such a resolution within sixty days after receipt of the petition, the acquiring agency is deemed to have offered the property for sale to the prior owner.

3. The acquiring agency shall give written notice to the owner of the right to purchase the property under this section at the time damages are paid to the owner.

4. This section does not apply to property acquired for street and highway projects undertaken by the state, a county, or a city.

6B.57 Procedural compliance.

If an acquiring agency makes a good faith effort to serve, send, or provide the notices or documents required under this chapter to the owner and any contract purchaser of private property that is or may be the subject of condemnation, or to any tenant known to be occupying such property if notices or documents are required to be served, sent, or provided to such a person, but fails to provide the notice or documents to the owner and any contract purchaser, or to any tenant known to be occupying the property if applicable, such failure shall not constitute grounds for invalidation of the condemnation proceeding if the chief judge of the judicial district determines that such failure can be corrected by delaying the condemnation proceedings to allow compliance with the requirement or such failure does not unreasonably prejudice the owner or any contract purchaser.

6B.58 Reserved.

6B.59 Sale of acquired property — reimbursement to landowner.

If an acquiring agency acquires property by condemnation, or by otherwise exercising the power of eminent domain, and that property is later sold by the acquiring agency for more than the acquisition price paid to the landowner, the acquiring agency shall pay to the landowner from whom the property was acquired the difference between the price at which it was acquired and the price at which it was sold by the acquiring agency less the cost of any improvements made to or benefiting the land by the acquiring agency. This section does not apply to property acquired by the state department of transportation.

6B.60 Rental charges prohibited.

Rent shall not be charged to a person in possession of the property and shall not accrue against the property owner until all or a portion of the compensation commission award has been paid to the condemnee pursuant to section 6B.25.

2006 Acts, 1st Ex, ch 1001, §26, 49

6B.61 Approval of local elected officials required.

1. Notwithstanding any provision of law to the contrary, any entity created by or on behalf of one or more political subdivisions and granted, by statute, eminent domain authority to acquire property shall not exercise such authority outside the jurisdictional limits of the political subdivisions participating in the entity at the time of such exercise of authority without first presenting the proposal to acquire such property by eminent domain to the board of supervisors of each county where the property is located and such proposal receives the approval, by resolution, of each applicable board of supervisors.

2. a. This section does not apply to an entity created by or on behalf of one or more political subdivisions if the entity is authorized by statute to act as a political subdivision and if this section would limit the ability of the entity to comply with requirements or limitations imposed by the Internal Revenue Code to preserve the tax exemption of interest payable on bonds or obligations of the entity acting as a political subdivision.

b. This section does not apply to a person issued a certificate of public convenience, use, and necessity under chapter 476A.
c. This section does not apply to property condemned by or on behalf of a multistate entity created to provide drinking water that has received or is receiving federal funds, but only if such property is to be acquired for water transmission and service lines, pump stations, water storage tanks, meter houses and vaults, related appurtenances, or supporting utilities.

CHAPTER 7E
EXECUTIVE BRANCH ORGANIZATION AND RESPONSIBILITIES
Referred to in §8E.103

7E.1 Policy — purposes.
1. Declaration of policy: three branches of government. The separation of powers within state government among the legislative, the executive, and the judicial branches of the government is a traditional American concept. The legislative branch has the broad objective of determining policies and programs and review of program performance for programs previously authorized, the executive branch carries out the programs and policies, and the judicial branch has the responsibility for adjudicating any conflicts which might arise from the interpretation or application of the laws.
2. **Goals of executive branch organization.**
   a. The governor, as the chief executive officer of the state, should be provided with the facilities and the authority to carry out the functions of the governor’s office efficiently and effectively within the policy limits established by the legislature.
   b. The administrative agencies which comprise the executive branch should be consolidated into a reasonable number of departments, consistent with executive capacity to administer effectively at all levels.
   c. The executive branch shall be organized on a functional basis, so that programs can be coordinated.
   d. Each agency in the executive branch should be assigned a name commensurate with the scope of its responsibilities, and should be integrated into one of the departments of the executive branch as closely as the goals of administrative integration and responsiveness to the legislature and citizenry permit.

3. **Goals of continuing reorganization.** Structural reorganization should be a continuing process through careful executive and legislative appraisal of the placement of proposed new programs and the coordination of existing programs in response to changing emphasis or public needs, and should be consistent with the following goals:
   a. The organization of state government should assure its responsiveness to popular control. It is the goal of reorganization to improve legislative policymaking capability and to improve the administrative capability of the executive to carry out the policies.
   b. The organization of state government should facilitate communication between citizens and government. It is the goal of reorganization, through coordination of related programs in function-oriented departments, to improve public understanding of government programs and policies and to improve the relationships between citizens and administrative agencies.
   c. The organization of state government should assure efficient and effective administration of the policies established by the legislature. It is the goal of reorganization to promote efficiency by improving the management and coordination of state services and by eliminating overlapping activities.

86 Acts, ch 1245, §1

**7E.2 Offices, departments, and independent agencies.**

The constitutional and statutory offices, administrative departments, and independent agencies which comprise the executive branch of state government are structured as follows:

1. **Separate constitutional offices.** The elective constitutional and statutory officers who do not head operating departments each head a staff to be termed the “office” of the respective elective officer, but the office of the governor shall be known as the “executive office”.
2. **Principal administrative units.** The principal administrative unit of the executive branch is a “department” and there may be one or more “independent agencies”.
3. **Internal structure.**
   a. The director of each department, subject to applicable statute, approval by the governor, and the provisions of subsection 4 of this section, may establish the internal structure within the office of the director so as to best suit the purposes of the department.
   b. For field operations, departments may establish district or area offices which may cut across divisional lines of responsibility.
   c. For their internal structure, all departments shall adhere to the following standard terms unless otherwise specified by law, and independent agencies are encouraged to review their internal structure and to adhere as much as possible to the following standard terms:
      (1) The principal subunit of the department is the “division”. Each division shall be headed by an “administrator”.
      (2) The principal subunit of the division is the “bureau”. Each bureau shall be headed by a “chief”.
      (3) If further subdivision is necessary, bureaus may be divided into subunits which shall be known as “sections” and which shall be headed by “supervisors” and sections may be divided into subunits which shall be known as “units” and which shall be headed by “unit managers”.
4. **Internal organization and allocation of functions.** Subject to applicable law, the head of each department or independent agency shall, subject to the approval of the governor,
establish the internal organization of the department or independent agency and allocate and reallocate duties and functions not assigned by law to an officer or any subunit of the department or independent agency to promote economic and efficient administration and operation of the department or independent agency.

5. Attachment for limited purposes. Any commission, board, or other unit attached under this section to a department or independent agency, or a specified division of one, shall be a distinct unit of that department, independent agency, or specified division. Any commission, board, or other unit so attached shall exercise its powers, duties, and functions as may be prescribed by law, including rulemaking, licensing and regulation, and operational planning within the area of program responsibility of the commission, board, or other unit independently of the head of the department or independent agency, but budgeting, program coordination, and related management functions shall be performed under the direction and supervision of the head of the department or independent agency, unless otherwise provided by law.

Any department or independent agency may issue such additional reports on its findings and recommendations as its operations require.

However, if the conference agrees to a different estimate at a later meeting which projects a lesser amount of revenue than the initial estimate amount, the governor and the general assembly shall use the lesser amount in the budget process for that fiscal year. As used in this subsection, “later meeting” means only those later meetings which are held prior to the conclusion of the regular session of the general assembly and, if the general assembly holds an extraordinary session prior to the commencement of the fiscal year to which the estimate applies, those later meetings which are held before or during the extraordinary session.

4. At the meeting in which the conference agrees to the revenue estimate for the following fiscal year in accordance with the provisions of subsection 3, the conference shall agree to an estimate for tax refunds payable from that estimated revenue. The estimates required by this subsection shall be used in determining the adjusted revenue estimate under section 8.54.

The estimates shall be accompanied by an explanation of the manner in which appropriations requested for the administration and maintenance of the agency meet goals contained in the enterprise strategic plan and the agency’s strategic plan, including identifying goals that require legislation.

c. If a department or establishment fails to submit estimates within the time specified, the legislative services agency shall use the amounts of the appropriations to the department or establishment for the fiscal year in process at the time the estimates are required to be submitted as the amounts for the department’s or establishment’s request in the documents submitted to the general assembly for the ensuing fiscal year and the governor shall cause estimates to be prepared for that department or establishment as in the governor’s opinion are reasonable and proper.

d. The director shall furnish standard budget request forms to each department or agency of state government.

By the fifteenth of each month, the director, in conjunction with the director of the department of administrative services, shall transmit to the legislative services agency a record for each appropriation of actual expenditures for the prior month of the fiscal year and the fiscal year to date in the form and level of detail as requested by the legislative services agency. By October 1, the director, in conjunction with the director of the department of administrative services, shall transmit the total record of an appropriation, including reversions and transfers for the prior fiscal year ending June 30, to the legislative services agency.

2. Commencing October 1, the director shall provide weekly budget data files in the form and level of detail requested by the legislative services agency reflecting finalized agency budget requests for the following fiscal year as submitted to the governor. The director shall transmit all agency requests in final form to the legislative services agency by November 15. Final budget records containing the governor’s recommendation and final agency requests shall be transmitted to the legislative services agency by January 1 or no later than the date the governor’s budget document is delivered to the printer. The governor’s recommendation included on this record shall be considered confidential by the legislative services agency until it is made public by the governor. The legislative services agency shall use this data in the preparation of information for the legislative appropriation process.

3. The director shall communicate any changes or anticipated changes to the budgeting system or the accounting system in writing to the legislative services agency prior to implementation.

4. A government agency which receives state funds directly from the state or indirectly through a political subdivision as directed by statute and which is not a city, county, or school district is subject to this subsection. A government agency which is subject to this subsection shall submit a copy of its budget to the legislative services agency, identifying it as being submitted under this subsection, when the budget of that government agency has received approval from the governing head or body of that agency. 8.36A Full-time equivalent positions.

1. For purposes of making appropriations and financial reports and as used in appropriations statutes, “full-time equivalent position” means a budgeting and monitoring unit that equates the aggregate of full-time positions, part-time positions, a vacancy and turnover factor, and other adjustments. One full-time equivalent position represents two thousand eighty working hours, which is the regular number of hours one full-time person works in one fiscal year. The number of full-time equivalent positions shall be calculated by totaling the regular number of hours that could be annually worked by persons in all authorized positions, reducing those hours by a vacancy and turnover factor and dividing that amount by two thousand eighty hours. In order to achieve the full-time equivalent position level, the number of filled positions may exceed the number of full-time equivalent positions during parts of the fiscal year to compensate for time periods when the number of filled positions is below the authorized number of full-time equivalent positions.

2. a. If a department or establishment has reached or anticipates reaching the full-time equivalent position level authorized for the department but determines that conversion of a contract position to a full-time equivalent position would result in cost savings while providing comparable or better services, the department or establishment may request the director of the department of management to approve the conversion and addition of the full-time equivalent position. The request shall be accompanied by evidence demonstrating how the cost savings and service quality will be achieved through the conversion. If approved by the director of the department of management, the department’s or establishment’s authorized full-time equivalent position level shall be increased accordingly and the revised level shall be reported to the fiscal committee of the legislative council and the legislative services agency.

b. A department or establishment shall not convert a full-time equivalent position authorized for the department or establishment to a contract position and shall not use appropriated moneys for such a contract position unless the department or establishment receives approval from the director of the department of management to convert the full-time equivalent position to a contract position. The director of the department of management shall not approve the conversion unless the department or establishment submits sufficient evidence that the conversion would result in cost savings while providing comparable or better services.

8.38 Misuse of appropriations.

A state department, institution, or agency, or any board member, commissioner, director, manager, or other person connected with any such department, institution, or agency, shall not expend funds or approve claims in excess of the appropriations made thereto, nor expend funds for any purpose other than that for which the money was appropriated, except as otherwise provided by law. A violation of this section shall make any person committing or consenting to the violation liable to the state for the sum expended together with interest
and costs, which shall be recoverable in an action to be instituted by the attorney general for the use of the state. The action may be brought in any county of the state.

[C35, §84-e-29; C39, §84.31; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §8.38]

§8.39 Use of appropriations — transfer.
1. Except as otherwise provided by law, an appropriation or any part of it shall not be used for any other purpose than that for which it was made. However, with the prior written consent and approval of the governor and the director of the department of management, the governing board or head of any state department, institution, or agency may, at any time during the fiscal year, make a whole or partial intradepartmental transfer of its unexpended appropriations for purposes within the scope of such department, institution, or agency. Such transfer shall be to an appropriation made from the same funding source and within the same fiscal year. The amount of a transfer made from an appropriation under this subsection shall be limited to not more than one-tenth of one percent of the total of all appropriations made from the funding source of the transferred appropriation for the fiscal year in which the transfer is made.

2. If the appropriation of a department, institution, or agency is insufficient to properly meet the legitimate expenses of the department, institution, or agency, the director, with the approval of the governor, may make an interdepartmental transfer from any other department, institution, or agency of the state having an appropriation in excess of its needs, of sufficient funds to meet that deficiency. Such transfer shall be to an appropriation made from the same funding source and within the same fiscal year. The amount of a transfer made from an appropriation under this subsection shall be limited to not more than one-tenth of one percent of the total of all appropriations made from the funding source of the transferred appropriation for the fiscal year in which the transfer is made. An interdepartmental transfer to an appropriation which is not an entitlement appropriation is not authorized when the general assembly is in regular session and, in addition, the sum of interdepartmental transfers in a fiscal year to an appropriation which is not an entitlement appropriation shall not exceed fifty percent of the amount of the appropriation as enacted by the general assembly. For the purposes of this subsection, an entitlement appropriation is a line item appropriation to the state public defender for indigent defense or to the department of human services for foster care, state supplementary assistance, or medical assistance, or for the family investment program.

3. The aggregate amount of intradepartmental and interdepartmental transfers made from all appropriations for a fiscal year pursuant to this section is limited to not more than five-tenths of one percent of the total amount of the appropriations made from the general fund of the state for the fiscal year. The aggregate amount of the intradepartmental and interdepartmental transfers made from an appropriation for a fiscal year is limited to fifty percent of the appropriation.

4. Prior to any transfer of funds pursuant to subsection 1 or 2 of this section or a transfer of an allocation from a subunit of a department which statutorily has independent budgeting authority, the director shall notify the chairpersons of the standing committees on budget of the senate and the house of representatives and the chairpersons of subcommittees of such committees of the proposed transfer. The notice from the director shall include information concerning the amount of the proposed transfer, the departments, institutions or agencies affected by the proposed transfer and the reasons for the proposed transfer. Chairpersons notified shall be given at least two weeks to review and comment on the proposed transfer before the transfer of funds is made.

5. a. Any transfer made under the provisions of this section shall be reported to the legislative fiscal committee on a monthly basis. The report shall cover each calendar month and shall be due the tenth day of the following month. The report shall contain the following:
   (1) The amount of each transfer.
   (2) The date of each transfer.
   (3) The departments and funds affected.
   (4) A brief explanation of the reason for the transfer.
(5) Such other information as may be required by the committee.

b. A summary of all transfers made under the provisions of this section shall be included in the annual report of the legislative fiscal committee.

8.41 Federal funds — deposit — block grant plans — affected political subdivisions.

1. Commencing with the fiscal year beginning July 1, 1981, federal funds received in the form of block grants shall be deposited in a special fund in the state treasury and are subject to appropriation by the general assembly upon a recommendation by the governor. In determining a general fund balance, the federal funds deposited in the special fund shall be included, but shall remain segregated in the special fund until appropriated by the general assembly.

2. Federal funds deposited in the state treasury as provided in subsection 1 shall either be included as part of the governor’s budget required by section 8.22 or shall be included in a separate recommendation made by the governor to the general assembly. If federal funds received in the form of block grants or categorical grants have not been included in the governor’s budget for the current fiscal year because of time constraints or because a budget is not being submitted for the next fiscal year, the governor shall submit a supplemental statement to the general assembly listing the federal funds received and including the same information for the federal funds required by section 8.22, subsection 1, paragraph “b”, subparagraph (1), subparagraph division (e), for the statement of federal funds in the governor’s budget.

b. To the extent allowed by federal law, the block grant plan shall be developed in accordance with the following:

(1) The primary goal of the plan shall be to attain savings for taxpayers and to avoid shifting costs from the federal government to state and local governments.

(2) State agency planning meetings shall be held jointly with officials of the affected political subdivision and affected members of the public.
(3) The plan shall address proposed expenditures and accountability measures and shall be published so as to provide reasonable opportunity for public review and comment.

(4) (a) Preference shall be given to any existing service delivery system capable of delivering the required service. If an existing service delivery system is not used, the plan shall identify those existing delivery systems which were considered and the reasons those systems were rejected. This subparagraph division applies to any service delivered pursuant to a federal block grant, including but not limited to any of the following block grant areas: health, human services, education, employment, community and economic development, and criminal justice.

(b) If a service delivered pursuant to a federal block grant and implemented by a political subdivision was previously provided for by a categorical grant, the state agency shall allow the political subdivision adequate transition time to accommodate related changes in federal and state policy. Transition activities may include, but are not limited to, revision of the political subdivision’s laws, budgets, and administrative procedures.

(c) The state agency shall allow the political subdivision the flexibility to implement a service in a manner so as to address identifiable needs within the context of meeting broad national objectives.

(5) State administrative costs shall not exceed the limits allowed for under the federal law enacting the block grant.

(6) A federal mandate that is eliminated or waived for the state shall be eliminated or waived for a political subdivision.

(7) Federal block grants shall not be used to supplant existing funding efforts by the state.

c. The state agency shall send copies of the proposed block grant plan to the legislative fiscal committee and to the appropriate appropriations subcommittee chairpersons and ranking members of the general assembly. The plan and any program changes contained within the plan shall be adopted as rules in accordance with chapter 17A.

8.43 Salary adjustment fund.

A “salary adjustment fund” is created, to be used to segregate funds appropriated by the general assembly for distribution to various state departments to fund salary increases for designated state employees. Moneys distributed from the salary adjustment fund are subject to the approval of the governor and director of the department of management.

8.44 Reporting additional funds received.

1. a. Upon receiving federal funds or any other funds from any public or private sources except gifts or donations made to institutions for the personal use or for the benefit of members, patients, or inmates and receipts from the gift shop of merchandise manufactured by members, patients, or inmates, the state departments, agencies, boards, and institutions receiving such funds shall submit a written report within thirty days after receipt of the funds to the director of the department of management. The report shall state the source of the funds that supplement or replace state appropriations for institutional operations, the amount received, and the terms under which the funds are received.

b. Notwithstanding paragraph “a”, the state board of regents shall submit the written report required under paragraph “a” on a quarterly basis in the format specified by the director of the department of management.
2. All departments and establishments of government and the judicial branch shall notify the department of management and the legislative services agency of any change in the receipt of federal or other nonstate grants, receipts, and funds from the funding levels on which appropriations for the current or ensuing fiscal year were or are based. Purchase payments shall be made from only capital funds appropriated for that purpose. All state-appropriated capital funds used for any one purchase contract shall be taken entirely from a single capital appropriation and shall be set aside for that purpose. 1. For the purposes of section 8.22A, this section, and sections 8.55 through 8.57:
   a. “Adjusted revenue estimate” means the appropriate revenue estimate for the general fund for the following fiscal year as determined by the revenue estimating conference under section 8.22A, subsection 3, adjusted by subtracting estimated tax refunds payable from that estimated revenue and as determined by the conference, adding any new revenues which may be considered to be eligible for deposit in the general fund.
   b. “New revenues” means moneys which are received by the state due to increased tax rates and fees or newly created taxes and fees over and above those moneys which are received due to state taxes and fees which are in effect as of January 1 following the December state revenue estimating conference. “New revenues” also includes moneys received by the general fund of the state due to new transfers over and above those moneys received by the general fund of the state due to transfers which are in effect as of January 1 following the December state revenue estimating conference. If a new revenue source is established and implemented, the original state general fund expenditure limitation amount provided for in subsection 3 shall be readjusted to include ninety-five percent of the estimated revenue from the new revenue source.

5. For fiscal years in which it is anticipated that the distribution of moneys from the Iowa economic emergency fund in accordance with section 8.55, subsection 2, will result in moneys being transferred to the general fund, the original state general fund expenditure limitation amount provided for in subsection 3 shall be readjusted to include the amount of moneys anticipated to be so transferred.

6. The scope of the expenditure limitation under subsection 3 shall not encompass federal funds, donations, constitutionally dedicated moneys, and moneys in expenditures from state retirement system moneys.

7. The governor shall transmit to the general assembly, in accordance with section 8.21, a budget which does not exceed the state general fund expenditure limitation. The moneys credited to the fund are not subject to section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this section.

2. The maximum balance of the fund is the amount equal to two and one-half percent of the adjusted revenue estimate for the fiscal year. If the amount of moneys in the Iowa economic emergency fund is equal to the maximum balance, moneys in excess of this amount shall be distributed as follows:

a. The difference between the actual net revenue for the general fund of the state for the

An appropriation shall only be made for the fiscal year in which the appropriation is made. The moneys shall only be appropriated by the general assembly for emergency expenditures.

b. Moneys in the fund may be used for cash flow purposes during a fiscal year provided that any moneys so allocated are returned to the fund by the end of that fiscal year.

The cash reserve fund shall be separate from the general fund of the state and shall not be considered part of the general fund of the state except in determining the cash position of the state as provided in subsection 3. The moneys in the cash reserve fund are not subject to section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this section. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the cash reserve fund shall be credited to the rebuild Iowa infrastructure fund created in section 8.57. Moneys in the cash reserve fund may be used for cash flow purposes...
during a fiscal year provided that any moneys so allocated are returned to the cash reserve fund by the end of that fiscal year.

2. The maximum balance of the cash reserve fund is the amount equal to the cash reserve goal percentage, as defined in section 8.57, multiplied by the adjusted revenue estimate for the general fund of the state for the current fiscal year.

3. The moneys in the cash reserve fund shall only be used pursuant to an appropriation made by the general assembly. An appropriation shall be made in accordance with subsection 4 only for the fiscal year in which the appropriation is made. Referred to in §8.54, 8.62

8.57 Annual appropriations — reduction of GAAP deficit — rebuild Iowa infrastructure fund — sports wagering receipts fund.

1. a. The “cash reserve goal percentage” for fiscal years beginning on or after July 1, 2004, is seven and one-half percent of the adjusted revenue estimate. For each fiscal year in which the appropriation of the surplus existing in the general fund of the state at the conclusion of the prior fiscal year pursuant to paragraph “b” was not sufficient for the cash reserve fund to reach the cash reserve goal percentage for the current fiscal year, there is appropriated from the general fund of the state an amount to be determined as follows:
   (1) If the balance of the cash reserve fund in the current fiscal year is not more than six and one-half percent of the adjusted revenue estimate for the current fiscal year, the amount of the appropriation under this lettered paragraph is one percent of the adjusted revenue estimate for the current fiscal year.
   (2) If the balance of the cash reserve fund in the current fiscal year is more than six and one-half percent but less than seven and one-half percent of the adjusted revenue estimate for that fiscal year, the amount of the appropriation under this lettered paragraph is the amount necessary for the cash reserve fund to reach seven and one-half percent of the adjusted revenue estimate for the current fiscal year.
   (3) The moneys appropriated under this lettered paragraph shall be credited in equal and proportionate amounts in each quarter of the current fiscal year.
   b. The surplus existing in the general fund of the state at the conclusion of the fiscal year is appropriated for distribution in the succeeding fiscal year as provided in subsections 2 and 3. Moneys credited to the cash reserve fund from the appropriation made in this paragraph shall not exceed the amount necessary for the cash reserve fund to reach the cash reserve goal percentage for the succeeding fiscal year. As used in this paragraph, “surplus” means the excess of revenues and other financing sources over expenditures and other financing uses for the general fund of the state in a fiscal year.
   c. The amount appropriated in this section is not subject to the provisions of section 8.31,
relating to requisitions and allotment, or to section 8.32, relating to conditional availability of appropriations.

2. Moneys appropriated under subsection 1 shall be first credited to the cash reserve fund. To the extent that moneys appropriated under subsection 1 would make the moneys in the cash reserve fund exceed the cash reserve goal percentage of the adjusted revenue estimate for the fiscal year, the moneys are appropriated to the department of management to be spent for the purpose of eliminating Iowa's GAAP deficit, including the payment of items budgeted in a subsequent fiscal year which under generally accepted accounting principles should be budgeted in the current fiscal year. These moneys shall be deposited into a GAAP deficit reduction account established within the department of management. The department of management shall annually file with both houses of the general assembly at the time of the submission of the governor's budget, a schedule of the items for which moneys appropriated under this subsection for the purpose of eliminating Iowa's GAAP deficit, including the payment of items budgeted in a subsequent fiscal year which under generally accepted accounting principles should be budgeted in the current fiscal year, shall be spent. The schedule shall indicate the fiscal year in which the spending for an item is to take place and shall incorporate the items detailed in 1994 Iowa Acts, ch. 1181, §17. The schedule shall list each item of expenditure and the estimated dollar amount of moneys to be spent on that item for the fiscal year. The department of management may submit during a regular legislative session an amended schedule for legislative consideration. If moneys appropriated under this subsection are not enough to pay for all listed expenditures, the department of management shall distribute the payments among the listed expenditure items. Moneys appropriated to the department of management under this subsection shall not be spent on items other than those included in the filed schedule. On September 1 following the close of a fiscal year, moneys in the GAAP deficit reduction account which remain unexpended for items on the filed schedule for the previous fiscal year shall be credited to the Iowa economic emergency fund.

3. To the extent that moneys appropriated under subsection 1 exceed the amounts necessary for the cash reserve fund to reach its maximum balance and the amounts necessary to eliminate Iowa's GAAP deficit, including elimination of the making of any appropriation in an incorrect fiscal year, the moneys shall be appropriated to the Iowa economic emergency fund.

4. As used in this section, “GAAP” means generally accepted accounting principles as established by the governmental accounting standards board.

5. a. A rebuild Iowa infrastructure fund is created under the authority of the department of management. The fund shall consist of appropriations made to the fund and transfers of interest, earnings, and moneys from other funds as provided by law. The rebuild Iowa infrastructure fund shall be separate from the general fund of the state and the balance in the rebuild Iowa infrastructure fund shall not be considered part of the balance of the general fund of the state. However, the rebuild Iowa infrastructure fund shall be considered a special account for the purposes of section 8.53, relating to generally accepted accounting principles.

b. Moneys in the rebuild Iowa infrastructure fund are not subject to section 8.33. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the rebuild Iowa infrastructure fund shall be credited to the fund. Moneys in the rebuild Iowa infrastructure fund may be used for cash flow purposes during a fiscal year provided that any moneys so allocated are returned to the fund by the end of that fiscal year.

c. Moneys in the rebuild Iowa infrastructure fund in a fiscal year shall be used as directed by the general assembly for public vertical infrastructure projects. For the purposes of this subsection, “vertical infrastructure” includes only land acquisition and construction; major renovation and major repair of buildings; routine, recurring maintenance; all appurtenant structures; utilities; site development; recreational trails; renewable fuel infrastructure programs; and debt service payments on academic revenue bonds issued in accordance with chapter 262A for capital projects at board of regents institutions. “Vertical infrastructure” does not include operational expenses or leasing of a building, appurtenant structure, or utility without a lease-purchase agreement.

deficit reduction account created in this section shall be transferred to the infrastructure fund in lieu of appropriation of the moneys to the Iowa economic emergency fund.

SERVICES — PROVISION AND FUNDING

8A.122 Services to governmental entities and nonprofit organizations.

1. The director shall enter into agreements with state agencies, and may enter into agreements with any other governmental entity or a nonprofit organization, to furnish services and facilities of the department to the applicable governmental entity or nonprofit organization. The agreement shall provide for the reimbursement to the department of the reasonable cost of the services and facilities furnished. All governmental entities of this state may enter into such agreements. For purposes of this subsection, “nonprofit organization” means a nonprofit entity which is exempt from federal income taxation pursuant to section 501(c)(3) of the Internal Revenue Code and which is funded in whole or in part by public funds.

2. This chapter does not affect any city civil service programs established under chapter 400.

3. The state board of regents shall not be required to obtain any service for the state board of regents or any institution under the control of the state board of regents that is provided by the department pursuant to this chapter without the consent of the state board of regents.

8A.123 Department internal service funds.

1. Activities of the department shall be accounted for within the general fund of the state, except that the director may establish and maintain internal service funds in accordance with generally accepted accounting principles, as defined in section 8.57, subsection 4, for activities of the department which are primarily funded from billings to governmental entities for services rendered by the department. The establishment of an internal service fund is subject to the approval of the director of the department of management and the concurrence of the auditor of state. At least ninety days prior to the establishment of an internal service fund pursuant to this section, the director shall notify in writing the general assembly, including the legislative council, legislative fiscal committee, and the legislative services agency.

2. Internal service funds shall be administered by the department and shall consist of moneys collected by the department from billings issued in accordance with section 8A.125 and any other moneys obtained or accepted by the department, including but not limited to gifts, loans, donations, grants, and contributions, which are designated to support the activities of the individual internal service funds.

3. The proceeds of an internal service fund established pursuant to this section shall be used by the department for the operations of the department consistent with this chapter. The director may appoint the personnel necessary to ensure the efficient provision of services funded pursuant to an internal service fund established under this section. However, this usage requirement shall not limit or restrict the department from using proceeds from gifts, loans, donations, grants, and contributions in conformance with any conditions, directions, limitations, or instructions attached or related thereto.

4. Section 8.33 does not apply to any moneys in internal service funds established pursuant to this section. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in these funds shall be credited to these funds.

5. The department shall submit an annual report not later than October 1 to the members of the general assembly and the legislative services agency of the activities funded by and expenditures made from an internal service fund established pursuant to this section during the preceding fiscal year.

8A.124 Additional personnel.

The department may employ, upon the approval of the department of management, additional personnel in excess of the number of full-time equivalent positions authorized by the general assembly if such additional personnel are reasonable and necessary to perform such duties as required to meet the needs of the department to provide services to other governmental entities and as authorized by this chapter. The director shall notify in writing the department of management, the legislative fiscal committee, and the legislative services agency of any additional personnel employed pursuant to this section.

8A.125 Billing — credit card payments.

1. The director may bill a governmental entity for services rendered by the department in accordance with the duties of the department as provided in this chapter. Bills may include direct, indirect, and developmental costs which have not been funded by an appropriation to the department. The department shall periodically render a billing statement to a governmental entity outlining the cost of services provided to the governmental entity. The amount indicated on the statement shall be paid by the governmental entity and amounts received by the department shall be considered repayment receipts as defined in section 8.2, and deposited into the accounts of the department.

2. In addition to other forms of payment, a person may pay by credit card for services provided by the department, according to rules adopted by the treasurer of state. The credit card fees to be charged shall not exceed those permitted by statute. A governmental entity
may adjust its payment to reflect the costs of processing as determined by the treasurer of state. The discount charged by the credit card issuer may be included in determining the fees to be paid for completing a financial transaction under this section by using a credit card. All credit card payments shall be credited to the fund used to account for the services provided.

2003 Acts, ch 145, §28

8A.302 Departmental duties — physical resources.
The duties of the department as it relates to the physical resources of state government shall include but not necessarily be limited to the following:

1. Providing a system of uniform standards and specifications for purchasing. When the system is developed, all items of general use shall be purchased by state agencies through the department, except items provided for under section 904.808 or items used by the state board of regents and institutions under the control of the state board of regents. However, the department may authorize the department of transportation, the department for the blind, and any other agencies otherwise exempted by law from centralized purchasing, to directly purchase items used by those agencies without going through the department, if the department of administrative services determines such purchasing is in the best interests of the state. However, items of general use may be purchased through the department by any governmental entity.

2. Providing for the proper maintenance of the state laboratories facility in Ankeny and of the state capitol, grounds, and equipment, and all other state buildings, grounds, and equipment at the seat of government, except those referred to in section 216B.3, subsection 6.

3. Providing for mail services for all state officials, agencies, and departments located at the seat of government. However, postage shall not be furnished to the general assembly, its members, officers, employees, or committees.

4. Capital funding appropriated to state agencies, except to the state board of regents, state department of transportation, national guard, natural resource commission, and the Iowa public employees’ retirement system, for property management shall be transferred for administration to the director of the department of administrative services.

5. Developing and implementing procedures to conduct transactions, including purchasing, authorized by this subchapter in an electronic format to the extent determined appropriate by the department. The director shall adopt rules establishing criteria for competitive bidding procedures involving transactions in an electronic format, including criteria for accepting or rejecting bids which are electronically transmitted to the department, and for establishing with reasonable assurance the authenticity of the bid and the bidder’s identity.

6. Providing insurance for motor vehicles owned by the state.

8A.303 through 8A.310 Reserved.

PART 2
PURCHASING

8A.311 Competitive bidding — preferences — reciprocal application — direct purchasing.

The director shall adopt rules establishing competitive bidding procedures.

1. a. All equipment, supplies, or services procured by the department shall be purchased by a competitive bidding procedure as established by rule. However, the director may exempt by rule purchases of noncompetitive items and purchases in lots or quantities too small to be effectively purchased by competitive bidding. Preference shall be given to purchasing Iowa products and purchases from Iowa-based businesses if the Iowa-based business bids submitted are comparable in price to bids submitted by out-of-state businesses and otherwise meet the required specifications. If the laws of another state mandate a percentage preference for businesses or products from that state and the effect of the preference is that bids of Iowa businesses or products that are otherwise low and responsive are not selected in the other state, the same percentage preference shall be applied to Iowa businesses and products when businesses or products from that other state are bid to supply Iowa requirements.

b. The department and each state agency shall provide notice in an electronic format available to the public of every competitive bidding opportunity offered by the department or the state agency as provided in section 73.2, subsection 2. The department may establish by rule requirements relating to such notice. A competitive bidding opportunity that is not preceded by a notice that satisfies the requirements of this paragraph is void and shall be rebid. A request for proposals for architectural or engineering services may be posted electronically by a department or state agency.

2. Notwithstanding section 72.3, if the competitive bidding procedure used by the department involves the use of a reverse auction or similar competitive bidding procedure requiring the disclosure of bid information submitted by vendors, the department shall disclose the bid information as necessary and appropriate.

3. The director may also exempt the purchase of an item or service from a competitive bidding procedure when the director determines that the best interests of the state will be served by the exemption which shall be based on one of the following:
   a. An immediate or emergency need existing for the item or service.
   b. A need to protect the health, safety, or welfare of persons occupying or visiting a public improvement or property located adjacent to the public improvement.

4. a. The director may contract for the purchase of items or services by the department. Contracts for the purchase of items or services shall be awarded on the basis of the lowest competent bid. Contracts not based on competitive bidding shall be awarded on the basis of bidder competence and reasonable price.

   b. Architectural and engineering services shall be procured in a reasonable manner, as the director by rule may determine, on the basis of competence and qualification for the type of services required and for a fair and reasonable price.

5. The director may enter into a cooperative procurement agreement with another governmental entity relating to the procurement of goods or services, whether the goods or services are for the use of the department or other governmental entities. The cooperative procurement agreement shall clearly specify the purpose of the agreement and the method by which that purpose will be accomplished. Any power exercised under the agreement shall not exceed the power granted to any party to the agreement.

6. The director may refuse all bids on any item or service and request new bids.

7. The director shall establish by rule the amount of security, if any, to accompany a bid or as a condition precedent to the awarding of any contract and the circumstances under which a security will be returned to the bidder or forfeited to the state.

8. The director shall adopt rules providing a method for the various state agencies to file
with the department a list of those supplies, equipment, machines, and all items needed to properly perform their governmental duties and functions.

9. The director shall furnish a list of specifications, prices, and discounts of contract items to any governmental subdivision which shall be responsible for payment to the vendor under the terms and conditions outlined in the state contract.

10. a. The director shall adopt rules providing that any state agency may, upon request and approval by the department, purchase directly from a vendor if the direct purchasing is more economical than purchasing through the department, if the agency shows that direct purchasing by the state agency would be in the best interests of the state due to an immediate or emergency need, or if the purchase will not exceed an amount, not to exceed twenty-five thousand dollars, determined by the department by rule and the purchase would contribute to the agency complying with the targeted small business procurement goals under sections 73.15 through 73.21.

b. Any member of the executive council may bring before the executive council for review a decision of the director granting a state agency request for direct purchasing. The executive council shall hear and review the director’s decision in the same manner as an appeal filed by an aggrieved bidder, except that the three-day period for filing for review shall not apply.

c. By January 15 of each year, the department shall submit to the general assembly electronically an annual report of contracts awarded to targeted small businesses, as defined in section 15.102, in the previous fiscal year pursuant to paragraph “a” authorizing direct purchasing by a state agency if the purchase will not exceed an amount determined by the department by rule and would contribute to the agency complying with the targeted small business goals under sections 73.15 through 73.21.

11. a. When the estimated total cost of construction, erection, demolition, alteration, or repair of a public improvement exceeds the competitive bid threshold in section 26.3, or as established in section 314.1B, the department shall comply with chapter 26.

b. In awarding a contract under this subsection, the department shall let the work to the lowest responsible bidder submitting a sealed proposal. However, if the department considers the bids received not to be acceptable, all bids may be rejected and new bids requested. A bid shall be accompanied by a certified or cashier’s check or bid bond in an amount designated in the advertisement for bids as security that the bidder will enter into a contract for the work requested. The department shall establish the bid security in an amount equal to at least five percent, but not more than ten percent of the estimated total cost of the work. The certified or cashier’s checks or bid bonds of unsuccessful bidders shall be returned as soon as the successful bidder is determined. The certified or cashier’s check or bid bond of the successful bidder shall be returned upon execution of the contract. This subsection does not apply to the construction, erection, demolition, alteration, or repair of a public improvement when the contracting procedure for the work requested is otherwise provided for in law.

12. The state and its political subdivisions shall give preference to purchasing Iowa products and purchasing from Iowa-based businesses if the bids submitted are comparable in price to those submitted by other bidders and meet the required specifications.

13. The director shall adopt rules which provide that a department or agency is not required to comply with the requirements of section 904.808 for the purchase of a product if the department or agency can verify that the product is manufactured within the state. However, the rules shall provide that if a department or agency is not required to comply with the requirements of section 904.808, Iowa state industries, as defined in section 904.802, shall be allowed to submit a bid to provide the product to be purchased.

14. The director shall adopt rules which require that each bid received for the purchase of items purchased by the department includes a product content statement which provides the percentage of the content of the item which is reclaimed material.

15. The director shall review and, where necessary, revise specifications used by state agencies to procure products in order to ensure all of the following:

a. The procurement of products containing recovered materials, including but not limited to lubricating oils, retread tires, building insulation materials, and recovered materials from waste tires. The specifications shall be revised if they restrict the use of alternative materials, exclude recovered materials, or require performance standards which exclude products
containing recovered materials unless the agency seeking the product can document that the use of recovered materials will hamper the intended use of the product.

b. The procurement by state agencies of biobased hydraulic fluids, greases, and other industrial lubricants manufactured from soybeans in accordance with the requirements of section 8A.316.

c. The procurement of designated biobased products in accordance with the requirements of section 8A.317.

16. a. A bidder, to be considered for an award of a state construction contract, shall disclose to the state agency awarding the contract the names of all subcontractors and suppliers who will work on the project being bid within forty-eight hours after the published date and time by which bids must be submitted.

b. A bidder shall not replace a subcontractor or supplier disclosed under paragraph “a” without the approval of the state agency awarding the contract.

c. A bidder, prior to an award or who is awarded a state construction contract, shall disclose all of the following, as applicable:

(1) If a subcontractor or supplier disclosed under paragraph “a” by a bidder is replaced, the reason for replacement and the name of the new subcontractor or supplier.

(2) If the cost of work to be done by a subcontractor or supplier is changed or if the replacement of a subcontractor or supplier results in a change in the cost, the amount of the change in cost.

17. A state agency shall make every effort to purchase those products produced for sale by sheltered workshops, work activity centers, and other special programs funded in whole or in part by public moneys that employ persons with an intellectual disability or other developmental disabilities or mental illness if the products meet the required specifications.

18. A state agency shall make every effort to purchase products produced for sale by employers of persons in supported employment.

19. The department shall not award a contract to a bidder for a construction, reconstruction, demolition, or repair project or improvement with an estimated cost that exceeds twenty-five thousand dollars in which the bid requires the use of inmate labor supplied by the department of corrections, but not employed by private industry pursuant to section 904.809, to perform the project or improvement.

20. Life cycle cost and energy efficiency shall be included in the criteria used by the department, institutions under the control of the state board of regents, the state department of transportation, the department for the blind, and other state agencies in developing standards and specifications for purchasing energy-consuming products. However, for the purchase of passenger vehicles, light, medium-duty, and heavy-duty trucks, passenger and cargo vans, and sport utility vehicles, a purchase contract shall be awarded to the lowest responsive and responsible bidder based solely on bid price.

21. Preference shall be given to purchasing American-made products and purchases from American-based businesses if the life cycle costs are comparable to those products of foreign businesses and which most adequately fulfill the department’s need.

22. a. The director may authorize the procurement of goods and services in which a contractual limitation of vendor liability is provided for and set forth in the documents initiating the procurement. The director, in consultation with the department of management, shall adopt rules setting forth the circumstances in which such procurement will be permitted and what types of contractual limitations of liability are permitted. Rules adopted by the director shall establish criteria to be considered in making a determination of whether to permit a contractual limitation of vendor liability with regard to any procurement of goods and services. The criteria, at a minimum, shall include all of the following:

(1) Whether authorizing a contractual limitation of vendor liability is necessary to prevent harm to the state from a failure to obtain the goods or services sought, or from obtaining the goods or services at a higher price if the state refuses to allow a contractual limitation of vendor liability.

(2) Whether the contractual limitation of vendor liability is commercially reasonable when taking into account any risk to the state created by the goods or services to be procured and the purpose for which they will be used.
b. Notwithstanding paragraph “a”, a contractual limitation of vendor liability shall not include any limitation on the liability of any vendor for intentional torts, criminal acts, or fraudulent conduct.

c. The rules shall provide for the negotiation of a contractual limitation of vendor liability consistent with the requirements of this section and any other requirements of the department as provided in any related documents associated with a procurement of goods and services.

23. a. The state, through the department, shall give a preference to purchasing equipment, supplies, or services from or awarding public improvement contracts pursuant to subsection 11 to an Iowa-based business as provided under paragraph “b”, as appropriate, if the bid submitted is comparable in price to those submitted by other bidders and meets the required specifications. However, before giving the preference, the department shall confirm with the Iowa employer support of the guard and reserve committee that the requirements of paragraph “b” have been met by the Iowa-based business.

b. To receive a preference as provided by this subsection, the Iowa-based business employer shall have adopted policies beyond those otherwise required by law to support employees who are officers or enlisted persons in the national guard and organized reserves of the armed forces of the United States consistent with standards adopted by the Iowa employer support of the guard and reserve committee. To be eligible for such preference, an employer shall submit to the committee a copy of the applicable policies adopted by the employer and shall sign and submit to the committee a statement of support of persons in the employ of the employer who serve in the national guard and the reserves, recognizing the vital role of the national guard and the reserves, and pledging all of the following:

1. To neither deny employment nor limit or reduce job opportunities because of an employee’s service in the national guard or organized reserves of the armed forces of the United States.

2. To grant leaves of absence during a period of military duty or training.

3. To ensure that all employees are aware of the employer’s policies and the requirements of section 29A.43.

8A.311A Centralized purchasing.

1. The department may designate goods and services of general use that agencies shall, and governmental subdivisions may, purchase pursuant to a master contract established by the department for that good or service. The department shall establish a master contract subject to the requirements of this section if the department determines that a high-quality good or service can be acquired by agencies and governmental subdivisions at lower cost through the establishment of a master contract.

2. The department shall establish a master contract pursuant to this section on a competitive basis, and the purchase of a good or service pursuant to the contract shall be deemed to satisfy any otherwise applicable competitive bidding requirements.

3. Upon the establishment of a master contract for a good or service pursuant to this section, an agency shall purchase the good or service pursuant to the contract, and shall not expend money to purchase the good or service directly from a vendor and not through the contract, unless any of the following applies:

a. The department determines, upon a request by the agency, that the agency can satisfy the requirements for purchase of the good or service directly from a vendor as provided in section 8A.311, subsection 10, paragraph “a”.

b. The agency is purchasing the good or service pursuant to another contract in effect on the effective date of the master contract. However, the agency shall terminate the other
contract if the contract permits the termination of the contract without penalty and the agency shall not renew the other contract beyond the current term of the other contract.

2010 Acts, ch 1031, §73

8A.312 Cooperative purchasing.

The director may purchase items through any agency specifically exempted by law from centralized purchasing as well as from other interstate and intergovernmental entities. The department shall collaborate and cooperate with the state board of regents and institutions under the control of the state board of regents, as provided in section 262.9B, and any other state agency exempt from centralized purchasing to explore joint purchases of general use items that present opportunities to obtain quality goods and services at the lowest reasonable cost.

8A.313 Disputes involving purchasing from Iowa state industries.

Disputes arising between the department of corrections and a purchasing department or agency over the procurement of products from Iowa state industries as described in section 904.808 shall be referred to the director. The decision of the director is final unless a written appeal is filed with the executive council within five days of receipt of the decision of the director, excluding Saturdays, Sundays, and legal holidays. If an appeal is filed, the executive council shall hear and determine the appeal within thirty days. The decision of the executive council is final.

2003 Acts, ch 145, §32

8A.314 Purchasing revolving fund.

1. A purchasing revolving fund is established within the department. The director shall keep an accurate itemized account for each state agency purchasing through the department, using services provided for by the department, and using postage supplied by the department.

2. At the end of each month the director shall render a statement to each state agency for the actual cost of items purchased through the department, and the actual cost of services and postage used by the agency. The monthly statement shall also include a fair proportion of the administrative costs of the department during the month. The portion of administrative costs shall be determined by the director subject to review by the executive council upon complaint from any state agency adversely affected.

3. Statements rendered to the various state agencies shall be paid by the state agencies in the manner determined by the department. When the statements are paid the sums shall be credited to the purchasing revolving fund. If any funds accrue to the revolving fund in excess of two hundred twenty-five thousand dollars and there is no anticipated need or use for such funds, the governor shall order the excess funds credited to the general fund of the state.

2003 Acts, ch 145, §33

8A.315 State purchases — recycled products — soybean-based inks.

1. When purchasing paper products other than printing and writing paper, the department shall, when the price is reasonably competitive and the quality as intended, purchase the recycled product. The department shall also purchase, when the price is reasonably competitive and the quality as intended, and in keeping with the schedule established in this subsection, soybean-based inks and plastic products with recycled content including but not limited to plastic garbage can liners.

a. One hundred percent of the purchases of inks which are used for newsprint printing services performed internally or contracted for by the department shall be soybean-based.

b. One hundred percent of the purchases of inks, other than inks which are used for newsprint printing services, and which are used internally or contracted for by the department, shall be soybean-based to the extent formulations for such inks are available.

c. A minimum of fifty percent of the purchases of garbage can liners made by the department shall be plastic garbage can liners with recycled content.
d. For purposes of this subsection, “recycled content” means that the content of the product contains a minimum of thirty percent postconsumer material.

2. a. Except as otherwise provided in this section, the department shall purchase and use recycled printing and writing paper so that ninety percent of the volume of printing and writing paper purchased is recycled paper. The recycled printing and writing paper shall meet the requirements for procuring recycled printing and writing paper set forth in 40 C.F.R. pt. 247, and in related recovered materials advisory notices issued by the United States environmental protection agency.

b. The department shall establish a prioritization procedure for the purchase of recycled paper which provides for a five percent differential in the cost of the purchase of paper which has been recycled through the use of a nonchlorinated process.

c. If a provision under this subsection results in the limitation of sources for the purchase of printing and writing paper to three or fewer sources, the department may waive the requirement in order to purchase necessary amounts of printing and writing paper.

d. Notwithstanding the requirements of this subsection regarding the purchase of recycled printing and writing paper, the department shall purchase acid-free permanent paper in the amount necessary for the production or reproduction of documents, papers, or similar materials produced or reproduced for permanent preservation pursuant to law.

e. Notwithstanding the requirements of this subsection regarding the purchase of recycled printing and writing paper, the department may purchase printing and writing paper in lieu of recycled paper if the department determines that the purchase will result in significant savings to the state.

3. The department, in conjunction with the department of natural resources, shall review the procurement specifications currently used by the state to eliminate, wherever possible, discrimination against the procurement of products manufactured with recovered materials and soybean-based inks.

4. The department of natural resources shall assist the department in locating suppliers of recycled products and soybean-based inks and collecting data on recycled content and soybean-based ink purchases.

5. Information on recycled content shall be requested on all bids for paper products other than printing and writing paper issued by the state and on other bids for products which could have recycled content such as oil, plastic products, compost materials, aggregate, solvents, soybean-based inks, and rubber products. Except for purchases of printing and writing paper made pursuant to subsection 2, paragraphs “c”, “d”, and “e”, the department shall require persons submitting bids for printing and writing paper to certify that the printing and writing paper proposed complies with the requirements referred to in subsection 2, paragraph “a”.

6. The department, in conjunction with the department of natural resources, shall adopt rules to administer this section.

7. All state agencies shall fully cooperate with the department and with the department of natural resources in all phases of implementing this section.

8. The department, whenever technically feasible, shall purchase and use degradable loose foam packing material manufactured from grain starches or other renewable resources, unless the cost of the packing material is more than ten percent greater than the cost of packing material made from nonrenewable resources. For the purposes of this subsection, “packing material” means material, other than an exterior packing shell, that is used to stabilize, protect, cushion, or brace the contents of a package.

Referred to in §8A.315A, 8A.317, 216B.3, 262.9, 307.21

8A.315A Purchase of chain-of-custody paper.

1. Notwithstanding any requirements under section 8A.315 related to the purchase of recycled paper to the contrary, the department may use certified chain-of-custody paper as provided in this section in lieu of recycled paper. The department shall adopt rules related to the use of chain-of-custody paper.

2. As used in this section, unless the context otherwise requires, “certified
"chain-of-custody paper" means paper that has been certified pursuant to a process that tracks and records the possession and transfer of wood and fiber used to make paper through the different states of production to the end user of the paper. The department shall adopt rules defining “certified chain-of-custody paper” consistent with the certification requirements established by independent entities such as the forest stewardship council, sustainable forest initiative, or other similar entity.

2010 Acts, ch 1189, §37

§8A.316 Lubricants and oils — preferences.
The department shall do all of the following:
1. Develop its procedures and specifications for the purchase of lubricating oil and industrial oil to eliminate exclusion of recycled oils and any requirement that oils be manufactured from virgin materials.
2. Require that purchases of lubricating oil and industrial oil be made from the seller whose oil product contains the greatest percentage of recycled oil, unless one of the following circumstances regarding a specific oil product containing recycled oil exists:

§8A.318 Building cleaning and maintenance — environmentally preferable cleaning products.

1. Findings and intent. The general assembly finds that human beings are vulnerable to and may be severely affected by exposure to chemicals, hazardous waste, and other environmental hazards. The federal environmental protection agency estimates that human exposure to indoor air pollutants can be two to five times, and up to one hundred times, higher than outdoor levels. Children, teachers, janitors, and other staff members spend a significant amount of time inside school buildings. Likewise, state employees and citizens of this state spend a significant amount of time inside state buildings. These individuals are continuously exposed to chemicals from cleaners, waxes, deodorizers, and other maintenance products.

2. Definitions. As used in this section, unless the context otherwise requires:
   a. “Environmentally preferable cleaning and maintenance products” includes but is not limited to cleaning and maintenance products identified by the department and posted on the department’s internet site.
   b. “State building” means a public facility or building owned by or leased by the state, or an agency or department of the state.

3. Use of environmentally preferable cleaning and maintenance products.
   a. All school districts in this state, community colleges, institutions under the control of the state board of regents, and state agencies utilizing state buildings, are encouraged to conform to an environmentally preferable cleaning policy designed to facilitate the purchase and use of environmentally preferable cleaning and maintenance products for purposes of public school, community college, regents institution, and state building cleaning and maintenance.
   b. Each school district, community college, institution under the control of the state board of regents, or state agency utilizing public buildings shall conduct an evaluation and assessment regarding implementation of an environmentally preferable cleaning policy pursuant to this section. On or after July 1, 2012, all state agencies, and all school districts, community colleges, and institutions under the control of the state board of regents which have not opted out of compliance pursuant to paragraph “c”, shall purchase only cleaning and maintenance products identified by the department or that meet nationally recognized standards. School districts, community colleges, institutions under the control of the state board of regents, and state agencies procuring supplies for schools and state buildings may deplete their existing cleaning and maintenance supply stocks and implement the new requirements in the procurement cycle for the following year. This section shall not be interpreted in a manner that prohibits the use of disinfectants, disinfecting cleaners, sanitizers, or any other antimicrobial product regulated by the federal Insecticide, Fungicide, and Rodenticide Act, 7 U.S.C. §136 et seq., when necessary to protect public health and provided that the use of these products is in accordance with responsible cleaning procedure requirements.
   c. A school district, community college, or institution under the control of the state board of regents may, based upon the evaluation and assessment conducted pursuant to paragraph “b”, opt out of compliance with the requirements of this section upon the affirmative vote of a majority of the members of the board of directors of the school district or a determination by the president of the community college or by the president or administrative officer of the regents institution. A school district, community college, or regents institution opting out of compliance pursuant to this paragraph shall notify the department of education, the state board of education, or the state board of regents, as appropriate, of this decision.

4. Information requirements — department internet site. The department shall provide information on the department’s internet site regarding environmentally preferable cleaning and maintenance products used by the department. The department may also provide
information regarding other cleaning and maintenance products that the department is aware of that meet nationally recognized standards. Information shall also be provided, at the discretion of the department, regarding the nationally recognized standards and the entity establishing the standards.

PHYSICAL RESOURCES AND FACILITY MANAGEMENT

8A.321 Physical resources and facility management — director duties — appropriation.

In managing the physical resources of government, the director shall perform all of the following duties:

1. Provide for supervision over the custodians and other employees of the department in and about the state laboratories facility in Ankeny and in and about the capitol and other state buildings at the seat of government, except the buildings and grounds referred to in section 216B.3, subsection 6.

2. Institute, in the name of the state, and with the advice and consent of the attorney general, civil and criminal proceedings against any person for injury or threatened injury to any public property, including but not limited to intangible and intellectual property, under the person’s control.

3. Under the direction of the governor, provide, furnish, and pay for public utilities service, heat, maintenance, minor repairs, and equipment in operating and maintaining the official residence of the governor of Iowa.

4. Contract, with the approval of the executive council, for the repair, remodeling, or, if the condition warrants, demolition of all buildings and grounds of the state at the seat of government, at the state laboratories facility in Ankeny, and the institutions of the department of human services and the department of corrections for which no specific appropriation has been made, if the cost of repair, remodeling, or demolition will not exceed one hundred thousand dollars when completed. The cost of repair projects for which no specific appropriation has been made shall be paid as an expense authorized by the executive council as provided in section 7D.29.

5. Dispose of all personal property of the state under the director’s control as provided by section 8A.324 when it becomes unnecessary or unfit for further use by the state. If the director concludes that the personal property is contaminated, contains hazardous waste, or is hazardous waste, the director may charge the state agency responsible for the property for removal and disposal of the personal property. The director shall adopt rules establishing the procedures for inspecting, selecting, and removing personal property from state agencies or from state storage.

6. a. Lease all buildings and office space necessary to carry out the provisions of this subchapter or necessary for the proper functioning of any state agency wherever located throughout the state. For state agencies at the seat of government, the director may lease buildings and office space in Polk county or in a county contiguous to Polk county. If no specific appropriation has been made, the proposed lease shall be submitted to the executive council for authorization and if authorized lease expense shall be paid from the appropriations addressed in section 7D.29. An office space lease shall not be terminated at a time when either contract damages or early termination penalties may be applicable for doing so. Additionally, the director shall also develop cooperative relationships with the state board of regents in order to promote colocation of state agencies.

b. When the general assembly is not in session, the director may request an expense authorization from the executive council for moving state agencies from one location to
another. The request may include moving costs, telecommunications costs, repair costs, or any other costs relating to the move. The executive council may authorize the expenses and may authorize the expenses to be paid from the appropriations addressed in section 7D.29 if it determines the agency or department does not have funds available for these expenses.

c. (1) Prior to replacing or renovating publicly owned buildings or relocating any state agencies at the seat of government to any space in publicly owned buildings, the department shall issue a request for proposals for leasing privately owned office space for state employees in the downtown area of the city of Des Moines and shall use such proposals to compare the costs of privately owned space to publicly owned space. The department shall locate state employees in office space in the most cost-efficient manner possible. In determining cost efficiency, the department shall consider all costs of the publicly owned space, the costs of the original acquisition of the publicly owned space, the costs of tenant improvements to the publicly owned space, and the anticipated economic and useful life of the publicly owned building space.

(2) Subparagraph (1) shall not apply when emergency circumstances exist. Actions taken during an emergency which would otherwise violate subparagraph (1) shall be limited in scope and duration to meet the emergency. An emergency includes but is not limited to a condition that does any of the following:
   (a) Threatens public health, welfare, or safety.
   (b) In which there is a need to protect the health, welfare, or safety of persons occupying or visiting a public improvement or property located adjacent to the public improvement.
   (c) In which the department or agency must act to preserve critical services or programs.
   (d) In which the need is a result of events or circumstances not reasonably foreseeable.

d. This subsection shall not apply to the department of public defense or the armory board.

7. Unless otherwise provided by law, coordinate the location, design, plans and specifications, construction, and ultimate use of the real or personal property to be purchased by a state agency for whose benefit and use the property is being obtained.
   a. If the purchase of real or personal property is to be financed pursuant to section 12.28, the department shall cooperate with the treasurer of state in providing the information necessary to complete the financing of the property.
   b. A contract for acquisition, construction, erection, demolition, alteration, or repair by a private person of real or personal property to be lease-purchased by the treasurer of state pursuant to section 12.28 is exempt from section 8A.311, subsections 1 and 11, unless the lease-purchase contract is funded in advance by a deposit of the lessor’s moneys to be administered by the treasurer of state under a lease-purchase contract which requires rent payments to commence upon delivery of the lessor’s moneys to the lessee.

8. With the authorization of a constitutional majority of each house of the general assembly and approval by the governor, dispose of real property belonging to the state and its state agencies upon terms, conditions, and consideration as the director may recommend. If real property subject to sale under this subsection has been purchased or acquired from appropriated funds, the proceeds of the sale shall be deposited with the treasurer of state and credited to the general fund of the state or other fund from which appropriated. There is appropriated from that same fund, with the prior approval of the executive council and in cooperation with the director, a sum equal to the proceeds so deposited and credited to the state agency to which the disposed real property belonged or by which it was used, for purposes of the state agency.

9. a. With the approval of the executive council pursuant to section 7D.29 or pursuant to other authority granted by law, acquire real property to be held by the department in the name of the state as follows:
   (1) By purchase, lease, option, gift, grant, bequest, devise, or otherwise.
   (2) By exchange of real property belonging to the state for property belonging to another person.

b. If real property acquired by the department in the name of the state is subject to a lease in effect at the time of acquisition, the director may honor and maintain the existing lease subject to the following requirements:
The lease shall not be renewed beyond the term of the existing lease including any renewal periods under the lease that are solely at the discretion of the lessee.

(2) The lease shall not be renewed by the department as the lessor if the lessor has discretion to not renew under the existing lease.

(3) The lease shall not be maintained for a period in excess of ten years from the date of acquisition of the real property, including any renewal periods, without the approval of the executive council.

(4) The lease shall not be maintained if the lessee at the time of the acquisition ceases to occupy the leased property.

10. Subject to the selection procedures of section 12.30, employ financial consultants, banks, insurers, underwriters, accountants, attorneys, and other advisors or consultants necessary to implement the provisions of subsection 7.

11. Prepare annual status reports for all capital projects in progress of the department, and submit the status reports to the legislative services agency and the department of management on or before January 15 of each year.

12. In carrying out the requirements of section 64.6, purchase an individual or a blanket surety bond insuring the fidelity of state officers. The department may self-assume or self-insure fidelity exposures for state officials and employees. A state official is deemed to have furnished surety if the official has been covered by a program of insurance or self-insurance established by the department. To the extent possible, all bonded state employees shall be covered under one or more blanket bonds or position schedule bonds.

13. Review the management of state property loss exposures and state liability risk exposures for the capitol complex. Insurance coverage may include self-insurance or any type of insurance protection sold by insurers, including, but not limited to, full coverage, partial coverage, coinsurance, reinsurance, and deductible insurance coverage.

14. Establish a monument maintenance account in the state treasury under the control of the department. Funds for the maintenance of a state monument, whether received by gift, devise, bequest, or otherwise, shall be deposited in the account. Funds in the account shall be deposited in an interest-bearing account. Notwithstanding section 12C.7, interest earned on the account shall be deposited in the account and shall be used to maintain the designated monument. Any maintenance funds for a state monument held by the state and interest earned on the funds shall be used to maintain the designated monument. Notwithstanding section 8.33, funds in the monument maintenance account at the end of a fiscal year shall not revert to the general fund of the state.

15. Prepare an annual report listing any state building, as defined in section 8A.318, that is vacant and submit the annual report to the legislative services agency and the department of management on or before January 15 of each year.

1. The director shall provide necessary lighting, fuel, and water services for the state laboratories facility in Ankeny and for the state buildings and grounds located at the seat of government, except the buildings and grounds referred to in section 216B.3, subsection 6.

2. Except for buildings and grounds described in section 216B.3, subsection 6; section 2.43, subsection 1; and any buildings under the custody and control of the Iowa public employees’ retirement system, the director shall assign office space at the capitol, other state buildings, and elsewhere in the city of Des Moines, and the state laboratories facility in Ankeny, for all executive and judicial state agencies. Assignments may be changed at any time. The various officers to whom rooms have been so assigned may control the same while the assignment to them is in force. Official apartments shall be used only for the purpose of conducting the business of the state. The term “capitol” or “capitol building” as used in the Code shall be descriptive of all buildings upon the capitol grounds. The capitol
building itself is reserved for the operations of the general assembly and the governor, and, for ceremonial purposes, for the courts. The assignment and use of physical facilities for the general assembly shall be pursuant to section 2.43.

3. The director shall establish, publish, and enforce rules regulating and restricting the use by the public of the capitol buildings and grounds and of the state laboratories facility in Ankeny. The rules when established shall be posted in conspicuous places about the capitol buildings and grounds and the state laboratories facility, as applicable. Any person violating any rule, except a parking regulation, shall be guilty of a simple misdemeanor. The rules shall prohibit a person, other than a peace officer, from openly carrying a pistol or revolver in the capitol building and on the grounds surrounding the capitol building including state parking lots and parking garages. However, this subsection shall not be construed to allow the director to prohibit the lawful carrying, transportation, or possession of any pistol or revolver in the capitol building and on the grounds surrounding the capitol building including state parking lots and parking garages by a person who displays to capitol security personnel a valid permit to carry weapons upon request.

8A.323 Parking regulations.
1. The director shall establish, publish, and enforce rules regulating, restricting, or prohibiting the use by state officials, state employees, and the public, of motor vehicle parking facilities at the state capitol complex and at the state laboratories facility in Ankeny. The assignment of legislative parking spaces shall be under the control of the legislative council. The rules established by the director may establish fines for violations and a procedure for payment of the fines. The director may order payment of a fine and enforce the order in the district court.

2. Motor vehicles parked in violation of the rules may be removed without the owner’s or operator’s consent and at the owner’s or operator’s expense. Motor vehicles removed and not claimed within thirty days of their removal or vehicles abandoned within the capitol grounds may be disposed of in accordance with the provisions of sections 321.85 through 321.91.

3. The parking rules established shall be posted in conspicuous places at the capitol complex and at the state laboratories facility in Ankeny, as applicable. Copies of the rules shall be made available to all state officials and employees and any other person who requests a copy of the rules.

4. Except as provided in subsection 5, all fines collected by the department shall be forwarded to the treasurer of state and deposited in the general fund of the state.

5. Any fine that remains unpaid upon becoming delinquent may be collected by the department pursuant to the setoff procedures provided for in section 8A.504. For purposes of this subsection, a fine becomes delinquent if it has not been paid within thirty days of the date of the issuance of the parking citation, unless a written request for a hearing is filed as provided pursuant to the rules of the department. If an appeal is filed and the citation is upheld, the fine becomes delinquent ten days after the issuance of the final decision on the appeal or thirty-one days after the date of the issuance of the parking citation, whichever is later.

a. The director may dispose of unfit or unnecessary personal property by sale. Proceeds from the sale of personal property shall be deposited in the general fund of the state.

b. If the director concludes that the personal property has little or no value, the director may enter into an agreement with a not-for-profit organization or governmental agency to dispose of the personal property.
c. The director may dispose of presses, printing equipment, printing supplies, and other machinery or equipment used in the printing operation.

2. A not-for-profit organization or governmental agency that enters into an agreement with the director pursuant to subsection 1 may charge the state agency in control of the property with the cost of removing and transporting the property. Title to the personal property shall transfer when the personal property is in the possession of the not-for-profit organization or governmental agency. If a governmental agency adds value to the property transferred to it and sells it, the proceeds from the sale shall be deposited with the governmental agency and not in the general fund of the state. The not-for-profit organization or governmental agency may sell or otherwise transfer the personal property received from the department to any person that the department would be able to sell or otherwise transfer such property to under this chapter, including but not limited to the general public. The authority granted to sell or otherwise transfer personal property pursuant to this subsection supersedes any other restrictions applicable to the not-for-profit organization or governmental agency, but only for purposes of the personal property received from the department.

1. The director shall advertise for bids for public printing. Advertisements shall state where and how specifications and other necessary information may be obtained, the time

to be fixed in the bid specifications, either covering all classes or items or services, or separate
certified or cashier’s checks for each bid in case the bidder makes more than one bid. In lieu
of a certified or cashier’s check, the bidder may furnish a yearly bond in an amount to be

and by successful bidders when they have entered into the contract, shall be returned to them.
6. All bids shall be publicly opened or accessed and read and the contracts awarded in the
manner designated in the bid specifications. In the award of a contract, due consideration
shall be given to the price bid, mechanical and other equipment proposed to be used by the
bidder, the financial responsibility of the bidder, the bidder’s ability and experience in the
performance of similar contracts, and any other factors that the department determines are
relevant and that are included in the bid specifications.
7. The director shall have the right to reject any or all bids, and in case of rejection or
because of failure of a bidder to enter into a contract, the director may advertise for and
secure new bids.
8. When the director is satisfied that bidders have presented bids pursuant to an

The director shall arrange the lists so as to reduce to the minimum the postage or other cost for delivery. Requests for publications shall be handled only upon receipt of postage by the director from the requesting agency or department.

PART 6
FLEET MANAGEMENT

8A.361 Vehicle assignment — authority in department.
The department shall provide for the assignment of all motor vehicles utilized by all state officers and employees, and by all state offices, departments, bureaus, and commissions, except the state department of transportation, institutions under the control of the state board of regents, the department for the blind, and any other agencies exempted by law.
2003 Acts, ch 145, §51; 2011 Acts, ch 127, §37, 89
Referred to in §8A.366

8A.362 Fleet management — powers and duties — fuel economy requirements.
1. The director may provide for the assignment to a state officer or employee or to a state agency, of one or more motor vehicles which may be required by the state officer or employee or state agency, after the state officer or employee or state agency has shown the necessity for such transportation. The director may assign a motor vehicle either for part-time or full-time use. The director may revoke the assignment at any time.
2. The director may cause all state-assigned motor vehicles to be inspected periodically. Whenever the inspection reveals that repairs have been improperly made on the motor vehicle or that the operator is not giving the motor vehicle the proper care, the director shall report this fact to the head of the state agency to which the motor vehicle has been assigned, together with recommendation for improvement.
3. a. The director shall provide for a record system for the keeping of records of the total number of miles state-assigned motor vehicles are driven and the per-mile cost of operation of each motor vehicle. Every state officer or employee shall keep a record book to be furnished by the director in which the officer or employee shall enter all purchases of gasoline, lubricating oil, grease, and other incidental expense in the operation of the motor vehicle assigned to the officer or employee, giving the quantity and price of each purchase, including the cost and nature of all repairs on the motor vehicle. Each operator of a state-assigned motor vehicle shall promptly prepare a report at the end of each month on forms furnished by the director and forwarded to the director, giving the information the director may request in the report. Each month, the director shall compile the costs and
mileage of state-assigned motor vehicles from the reports and keep a cost history for each 
vehicle and the costs shall be reduced to a cost-per-mile basis for each motor vehicle. 
The director shall call to the attention of an elected official or the head of any state agency 
to which a motor vehicle has been assigned any evidence of the mishandling or misuse of a 
state-assigned motor vehicle which is called to the director’s attention.

b. A gasoline-powered motor vehicle operated under this subsection shall not operate 
on gasoline other than ethanol blended gasoline as defined in section 214A.1, unless under 
emergency circumstances. A diesel-powered motor vehicle operated under this subsection 
shall not operate on diesel fuel other than biodiesel fuel as defined in section 214A.1, if 
commercially available. A state-issued credit card shall not be valid to purchase gasoline 
other than ethanol blended gasoline, if commercially available, or to purchase diesel fuel 
other than biodiesel fuel, if commercially available. The motor vehicle shall also be affixed 
with a brightly visible sticker which notifies the traveling public that the motor vehicle is 
being operated on ethanol blended gasoline or biodiesel fuel, as applicable. However, the 
sticker is not required to be affixed to an unmarked vehicle used for purposes of providing 
law enforcement or security.

4. a. The director shall provide for the purchase of motor vehicles for all branches of 
the state government, except the state department of transportation, institutions under the 
control of the state board of regents, the department for the blind, and any other state agency 
exempted by law, which are not rented or leased pursuant to section 8A.367. The director 
shall purchase new vehicles in accordance with competitive bidding procedures for items 
or services as provided in this subchapter. The director may purchase used or preowned 
vehicles at governmental or dealer auctions if the purchase is determined to be in the best 
interests of the state.

b. The director, and any other state agency, which for purposes of this subsection includes 
but is not limited to community colleges and institutions under the control of the state board 
of regents, or local governmental subdivisions purchasing new motor vehicles, shall purchase 
motor vehicles and light trucks, which are not rented or leased pursuant to section 8A.367, 
so that the average fuel efficiency for the fleet of new passenger vehicles and light trucks 
purchased in that year equals or exceeds the average fuel economy standard for the vehicles’ 
model year as established by the United States secretary of transportation under 15 U.S.C. 
§2002. This paragraph does not apply to vehicles purchased for law enforcement purposes 
or used for off-road maintenance work, or work vehicles used to pull loaded trailers.

c. The director shall assign motor vehicles available for use to maximize the average 
passenger miles per gallon of motor fuel consumed. In assigning motor vehicles, the director 
shall consider standards established by the director, which may include but are not limited 
to the number of passengers traveling to a destination, the fuel economy of and passenger 
capacity of vehicles available for assignment, and any other relevant information, to assure 
assignment of the most energy-efficient vehicle or combination of vehicles for a trip from 
those vehicles available for assignment. The standards shall not apply to special work 
vehicles and law enforcement vehicles. The standards shall apply to the following agencies: 
(1) State department of transportation.
(2) Institutions under the control of the state board of regents.
(3) Department for the blind.
(4) Any other state agency exempted from obtaining vehicles for use through the 
department.

d. As used in paragraph “c”, “fuel economy” means the average number of miles traveled 
by an automobile per gallon of gasoline consumed as determined by the United States 
environmental protection agency administrator in accordance with 26 U.S.C. §4064(c).

5. All used motor vehicles turned in to the director shall be disposed of by public auction, 
and the sales shall be advertised in a newspaper of general circulation one week in advance 
of sale, and the receipts from the sale shall be deposited in the depreciation fund to the credit 
of the state agency turning in the vehicle; except that, in the case of a used motor vehicle of 
special design, the director may, instead of selling it at public auction, authorize the motor 
vehicle to be traded for another vehicle of similar design. If a vehicle sustains damage and 
the cost to repair exceeds the wholesale value of the vehicle, the director may dispose of the
motor vehicle by obtaining two or more written salvage bids and the vehicle shall be sold to the highest responsible bidder.

6. The director may authorize the establishment of motor pools consisting of a number of state-assigned motor vehicles under the director’s supervision. The director may store the motor vehicles in a public or private garage. If the director establishes a motor pool, any state officer or employee desiring the use of a state-assigned motor vehicle on state business shall notify the director of the need for a vehicle within a reasonable time prior to actual use of the motor vehicle. The director may assign a motor vehicle from the motor pool to the state officer or employee, or from the vendor awarded a contract pursuant to section 8A.367. If two or more state officers or employees desire the use of a state-assigned motor vehicle for a trip to the same destination for the same length of time, the director may assign one vehicle to make the trip.

7. The director shall require that a sign be placed on each state-owned motor vehicle in a conspicuous place which indicates its ownership by the state. This requirement shall not apply to motor vehicles requested to be exempt by the director or by the commissioner of public safety. All state-owned motor vehicles shall display registration plates bearing the word “official” except motor vehicles requested to be furnished with ordinary plates by the director or by the commissioner of public safety pursuant to section 321.19. The director shall keep an accurate record of the registration plates used on all state-owned motor vehicles. This subsection shall not apply to an assigned vehicle rented or leased pursuant to section 8A.367.

8. All fuel used in state-assigned automobiles shall be purchased at cost from the various installations or garages of the state department of transportation, state board of regents, department of human services, or state motor pools throughout the state, unless the state-owned sources for the purchase of fuel are not reasonably accessible. If the director determines that state-owned sources for the purchase of fuel are not reasonably accessible, the director shall authorize the purchase of fuel from other sources. The director may prescribe a manner, other than the use of the revolving fund, in which the purchase of fuel from state-owned sources is charged to the state agency responsible for the use of the motor vehicle. The director shall prescribe the manner in which oil and other normal motor vehicle maintenance for state-owned motor vehicles may be purchased from private sources, if they cannot be reasonably obtained from a state motor pool. The director may advertise for bids and award contracts in accordance with competitive bidding procedures for items and services as provided in this subchapter for furnishing fuel, oil, grease, and vehicle replacement parts for all state-owned motor vehicles. The director and other state agencies, when advertising for bids for gasoline, shall also seek bids for ethanol blended gasoline.

8A.363 Private use prohibited — rate for state business.

1. A state officer or employee shall not use a state-assigned motor vehicle for personal private use. A state officer or employee shall not be compensated for driving a privately owned motor vehicle unless it is done on state business with the approval of the director. In that case the state officer or employee shall receive an amount to be determined by the director. The amount shall not exceed the maximum allowable under the federal internal revenue service rules per mile, notwithstanding established mileage requirements or depreciation allowances. However, the director may authorize private motor vehicle rates in excess of the rate allowed under the federal internal revenue service rules for state business use of substantially modified or specially equipped privately owned vehicles required by persons with disabilities. A statutory provision establishing reimbursement for necessary mileage, travel, or actual expenses to a state officer falls under the private motor vehicle mileage rate limitation provided in this section unless specifically provided otherwise. Any peace officer employed by the state as defined in section 801.4 who is required to
use a private motor vehicle in the performance of official duties shall receive the private vehicle mileage rate at the rate provided in this section. However, the director may delegate authority to officials of the state, and department heads, for the use of private vehicles on state business up to a yearly mileage figure established by the director. If a motor vehicle has been assigned to a state officer or employee, the officer or employee shall not collect mileage for the use of a privately owned motor vehicle unless the motor vehicle assigned is not usable.

2. This section does not apply to any of the following:
   a. Officials and employees of the state whose mileage is paid other than by a state agency.
   b. Elected officers of the state.
   c. Judicial officers or court employees.
   d. Members and employees of the general assembly who shall be governed by policies relating to motor vehicle travel, including but not limited to reimbursement for expenses, if such policies are otherwise established by the general assembly.

§8A.364 Fleet management revolving fund — replenishment.

1. A fleet management revolving fund is created in the state treasury under the control of the department. There is appropriated from moneys in the state treasury not otherwise appropriated the sum of twenty-five thousand dollars to the revolving fund. All purchases of gasoline, oil, tires, repairs, and all other general expenses incurred in the operation of state-assigned motor vehicles, and all salaries and expenses of employees providing fleet management services shall be paid from this fund.

2. At the end of each month the director shall render a statement to each state department or agency for the actual cost of operation of all motor vehicles assigned to such department or agency, together with a fair proportion of the administrative costs for providing fleet management services during such month, as determined by the director, all subject to review by the executive council upon complaint of any state department or agency adversely affected. Such expenses shall be paid by the state departments or agencies in the same manner as other expenses of such department are paid, and when such expenses are paid, such sums shall be credited to the fleet management revolving fund. If any surplus accrues to the revolving fund in excess of twenty-five thousand dollars for which there is no anticipated need or use, the governor may order such surplus transferred to the general fund of the state.

§8A.365 Vehicle replacement — depreciation fund.

1. The director shall maintain a depreciation fund for the purchase of replacement motor vehicles and additions to the fleet. The director’s records shall show the total funds deposited by and credited to each department or agency. At the end of each month, the director shall render a statement to each state department or agency for additions to the fleet and total depreciation credited to that department or agency. Such depreciation expense shall be paid by the state departments or agencies in the same manner as other expenses are paid, and shall be deposited in the depreciation fund to the credit of the department or agency. The funds credited to each department or agency shall remain the property of the department or agency. However, at the end of each biennium, the director shall cause to revert to the fund from which it accumulated any unassigned depreciation.

2. The department of corrections is not obligated to pay the depreciation expense otherwise required by this section.

2003 Acts, ch 145, §55
8A.366 Violations — withdrawing use of vehicle.
If any state officer or employee violates any of the provisions of sections 8A.361 through 8A.365, the director may withdraw the assignment of any state-assigned motor vehicle to any such state officer or employee.

8A.367 State-owned passenger vehicles — disposition and sale — fleet privatization.
1. For purposes of this section, “passenger vehicles” means United States environmental protection agency designated compact sedans, compact wagons, midsize sedans, midsize wagons, full-size sedans, and passenger minivans, and additional vehicle classes determined by the department to be able to reasonably supported by a private entity for rental or leasing. “Passenger vehicles” does not mean utility vehicles, vans other than passenger minivans, fire trucks, ambulances, motor homes, buses, medium-duty and heavy-duty trucks, heavy construction equipment and other highway maintenance vehicles, vehicles assigned for law enforcement purposes, and any other classes of vehicles of limited application approved by the director of the department of administrative services.
2. On or before September 30, 2011, the department shall implement a request for proposal process to enter into a contract for the purpose of state passenger vehicle rental or leasing from a private entity. Prior to awarding a contract, a private entity shall demonstrate the following:
   a. Existence of sufficient inventory of passenger vehicles within this state to accommodate the needs of the state in assigning passenger vehicles.
   b. Existence of adequate personnel in any county within the state where rental and leasing activity can be supported to satisfy the terms of the contract in renting or leasing state-assigned vehicles.
   c. Existence of adequate personnel to facilitate the sale and disposition of the existing state-owned passenger vehicles returned to the department pursuant to subsection 3 or otherwise under the control of the department. Notwithstanding the provisions of section 8A.364 to the contrary, proceeds from the sale of motor vehicles as provided by this subsection shall be credited to the fund from which the motor vehicles were purchased.
3. By March 1, 2012, the department shall award a vehicle rental or leasing contract to a private entity, and shall assign passenger vehicles for rental or lease pursuant to that contract, to the extent the department determines doing so would be economically feasible and financially advantageous. By March 1, 2012, all state-assigned passenger vehicles designated for use by multiple drivers, and located in any county of this state which can support the operation of a private entity for rental and leasing purposes, which the department determines would be suitable for rental or leasing shall be returned to the department for use and disposition as provided in this section.
4. Notwithstanding any other provision of state law to the contrary, a private entity awarded a contract pursuant to this section shall not be required to indemnify or hold harmless the state for any liability the state might have to any third party due to the negligence of the state or any of its employees.
5. The department shall conduct an ongoing evaluation regarding the economic advantages of renting or leasing state-assigned vehicles versus state ownership of such vehicles, and shall accordingly adjust the number of vehicles subject to the rental and leasing contract pursuant to this section at intervals specified in the contract.

For employees governed by chapter 262, the director shall work collaboratively with the state board of regents to collect such information.

b. Foster and develop, in cooperation with appointing authorities and others, programs for the improvement of employee effectiveness, including training, safety, health, counseling, and welfare.

c. Encourage and exercise leadership in the development of effective personnel administration within the several state agencies, and make available the facilities of the department to this end.

d. The director may delegate any or all aspects of the recruitment, examination, and selection processes to an agency in the executive branch upon request by that agency. The director shall oversee all activities delegated to that agency.

e. Utilize appropriate persons, including officers and employees in the executive branch, to assist in the recruitment and examination of applicants for employment. These officers and employees are not entitled to extra pay for their services, but shall be paid their necessary traveling and other expenses.

f. (1) Develop, in consultation with the department of veterans affairs, programs to inform state employees who are members of the national guard or organized reserves of the armed forces of the United States, and their families, of their rights and benefits while the member is deployed in federal active duty.

(2) Develop, in consultation with the department of veterans affairs and the department of workforce development, programs to inform members of the national guard or organized reserves of the armed forces of the United States returning to Iowa following federal active duty about job opportunities in state government.

(3) Develop, in consultation with the department of veterans affairs, the department of education, the department of workforce development, the United States department of veterans affairs, and the United States department of labor, the following:

(a) Programs to inform disabled veterans returning to the state after federal active duty about federally funded job training opportunities in state government, pursuant to 38 U.S.C. ch. 31.

(b) State government job training programs for disabled veterans that qualify for federal funding from the United States department of veterans affairs.

(c) A noncompetitive hiring program for disabled veterans who satisfactorily complete a federally funded job training program approved by the United States department of veterans affairs. The disabled veteran shall have trained in the class of positions for which the disabled veteran is to be noncompetitively appointed.

g. (1) (a) Consult with the department of management and discuss and collaborate with executive branch agencies to implement and maintain a policy for incrementally
increasing the aggregate ratio in the number of employees per supervisory employee in executive branch agencies. For purposes of determining the effects of the policy on the state employee workforce, the base date of July 1, 2008, shall be used and the target date for full implementation shall be July 1, 2011. The target aggregate ratio of supervisory employees to other employees shall be as follows:

(i) For the fiscal year beginning July 1, 2010, one to fourteen.
(ii) For the fiscal year beginning July 1, 2011, one to fifteen.

(b) For the purposes of this paragraph “g”, “supervisory employee” means a public employee who is not a member of a collective bargaining unit and who has authority, in the interest of a public employer, to hire, transfer, suspend, lay off, recall, promote, discharge, assign, reward, or discipline other public employees, to direct such public employees, or to adjust the grievances of such public employees, or to effectively recommend any such action.

(c) In this paragraph “g”, executive branch agencies, except the department of public safety, shall not grant a supervisory employee the right to replace or bump a junior employee not being laid off for a position for which the supervisory employee is qualified.

(d) The policy shall allow appropriation units with twenty-eight or fewer full-time equivalent employee positions to apply for an exception to the policy through the executive council. The policy shall allow for exceptions when the supervisory employee ratio is mandated by a federal requirement.

(e) (i) Beginning July 1, 2011, the policy shall allow a director of an executive branch agency who believes that the agency will not be able to reach the applicable target aggregate ratio to apply for a waiver of that requirement through a five-person review board. In applying for a waiver, the director shall provide detailed documentation to the board describing the efforts that the executive branch agency has made in attempting to meet the applicable target aggregate ratio provided in this paragraph “g”. The review board shall consist of the director of the department of management or a designee of the director, three agency directors or the designees of those directors as designated by the governor, and one public member selected by the employee organization representing the greatest number of executive branch employees. However, if a department represented on the review board seeks a waiver, the member representing the department shall not participate in the decision on whether to grant a waiver for that department.

(ii) Prior to determining whether to grant a waiver, the review board shall make an initial determination of whether the executive branch agency has provided sufficient information to conduct a review. If not, the review board shall deny the request and notify the executive branch agency of the information needed to consider the request for waiver. If a waiver is granted, the review board shall limit the waiver to only those operations within an executive branch agency in which adequate justification for granting a waiver has been established.

(f) The policy shall provide that if layoffs are implemented, the number of middle management position layoffs shall correspond to the relative number of direct service position layoffs.

(g) The policy shall improve on the system in effect as of the base date by specifically defining and accounting for supervisory employee span of control.

(h) The policy shall provide that in calculating the span of control ratio for an executive branch agency, unfunded full-time equivalent positions shall not be utilized.

(i) The department shall present an interim report to the governor and general assembly on or before April 1, 2010, annual updates on or before April 1 subsequently, and a final report on or before April 1, 2012, detailing the effects of the policy on the composition of the workforce, cost savings, government efficiency, and outcomes.

(j) The policy developed pursuant to this paragraph “g” shall not encompass employees under the state board of regents.

(2) Evaluate the state’s systems for job classification of executive branch employees in order to ensure the existence of technical skill-based career paths for such employees which do not depend upon an employee gaining supervisory responsibility for advancement, and which provide incentives for such employees to broaden their knowledge and skill base. The evaluation shall include but is not limited to a review of the classifications for all positions and providing options for eliminating obsolete, duplicative, or unnecessary job classifications.
The department shall present interim reports to the general assembly on or before January 15, 2010, and January 14, 2011, concerning the department’s progress in completing the evaluation and associated outcomes.

3. The human resource management powers and duties of the department do not extend to the legislative branch or the judicial branch of state government, except for functions related to administering compensation and benefit programs.

8A.413 State human resource management — rules.
The department shall adopt rules for the administration of this subchapter pursuant to chapter 17A. Rulemaking shall be carried out with due regard to the terms of collective bargaining agreements. A rule shall not supersede a provision of a collective bargaining agreement negotiated under chapter 20. Notwithstanding any provisions to the contrary, a rule or regulation shall not be adopted by the department which would deprive the state of Iowa, or any of its agencies or institutions, of federal grants or other forms of financial assistance. The rules shall provide:

1. For the preparation, maintenance, and revision of a job classification plan that encompasses each job in the executive branch, excluding job classifications under the state board of regents, based upon assigned duties and responsibilities, so that the same general qualifications may reasonably be required for and the same pay plan may be equitably applied to all jobs in the same job classification. The director shall classify the position of every employee in the executive branch, excluding employees of the state board of regents, into one of the classes in the plan. An appointing authority or employee adversely affected by a classification or reclassification decision may file an appeal with the director. Appeals of a classification or reclassification decision shall be exempt from the provisions of section 17A.11 and shall be heard by a committee appointed by the director. The classification or reclassification of a position that would cause the expenditure of additional salary funds shall not become effective if the expenditure of funds would be in excess of the total amount budgeted for the department of the appointing authority until budgetary approval has been obtained from the director of the department of management.

2. For notification of the governor when the public interest requires a decrease or increase of employees in any position or type of employment not otherwise provided by law, or the creation or abolition of any position or type of employment, as determined by the director, acting in good faith. Thereafter, the position or type of employment shall stand abolished or created and the number of employees therein reduced or increased.

3. For pay plans covering all employees in the executive branch, excluding employees of the state board of regents, after consultation with the governor and appointing authorities, and consistent with the terms of collective bargaining agreements negotiated under chapter 20.

4. For examinations to determine the relative fitness of applicants for employment.
   a. Such examinations shall be practical in character and shall relate to such matters as will fairly assess the ability of the applicant to discharge the duties of the position to which appointment is sought.
   b. Where the Code of Iowa establishes certification, registration, or licensing provisions, such documents shall be considered prima facie evidence of basic skills accomplishment and such persons shall be exempt from further basic skills examination.

5. For the public announcement of vacancies at least ten days in advance of the date fixed for the filing of applications for the vacancies, and the advertisement of the vacancies through the communications media. The director may, however, in the director’s discretion, continue to receive applications and examine candidates for a period adequate to assure a sufficient number of eligibles to meet the needs of the system, and may add the names of successful candidates to existing eligible lists.

6. For an applicant for employment in the executive branch to disclose in the application for employment whether the applicant has filed a registration statement pursuant to the federal Foreign Agents Registration Act of 1938, as amended, 22 U.S.C. §611 et seq.

7. For promotions which shall give appropriate consideration to the applicant’s qualifications, record of performance, and conduct. A promotion means a change in the
status of an employee from a position in one class to a position in another class having a higher pay grade.
8. For the establishment of lists for appointment and promotion, upon which lists shall be placed the names of successful candidates.
9. For the rejection of applicants who fail to meet reasonable requirements.
10. For the appointment by the appointing authority of a person on the appropriate list to fill a vacancy.
11. For a probation period of six months, excluding educational or training leave, before appointment may be made complete, and during which period a probationer may be discharged or reduced in class or pay. If the employee’s services are unsatisfactory, the employee shall be dropped from the payroll on or before the expiration of the probation period. If satisfactory, the appointment shall be deemed permanent. The determination of the appointing authority shall be final and conclusive.
12. For temporary employment for not more than seven hundred eighty hours in a fiscal year.
13. For provisional employment when there is no appropriate list available. Such provisional employment shall not continue longer than one hundred eighty calendar days.
14. For transfer from a position in one state agency to a similar position in the same state agency or another state agency involving similar qualifications, duties, responsibilities, and salary ranges. Whenever an employee transfers or is transferred from one state agency to another state agency, the employee’s seniority rights, any accumulated sick leave, and accumulated vacation time, as provided in the law, shall be transferred to the new place of employment and credited to the employee. Employees who are subject to contracts negotiated under chapter 20 which include transfer provisions shall be governed by the contract provisions.
15. For reinstatement of persons who have attained permanent status and who resign in good standing or who are laid off from their positions without fault or delinquency on their part.
16. For establishing in cooperation with the appointing authorities a performance management system for all employees in the executive branch, excluding employees of the state board of regents, which shall be considered in determining salary increases; as a factor in promotions; as a factor in determining the order of layoffs and in reinstatement; as a factor in demotions, discharges, and transfers; and for the regular evaluation, at least annually, of the qualifications and performance of those employees.
17. For layoffs by reason of lack of funds or work, or reorganization, and for the recall of employees so laid off, giving consideration in layoffs to the employee’s performance record and length of service. An employee who has been laid off may be on a recall list for one year, which list shall be exhausted by the organizational unit enforcing the layoff before selection of an employee may be made from the promotional or nonpromotional list in the employee’s classification. Employees who are subject to contracts negotiated under chapter 20 which include layoff and recall provisions shall be governed by the contract provisions.
18. For imposition, as a disciplinary measure, of a suspension from service without pay.
19. a. For discharge, suspension, or reduction in job classification or pay grade for any of the following causes:
(1) Failure to perform assigned duties.
(2) Inadequacy in performing assigned duties.
(3) Negligence.
(4) Inefficiency.
(5) Incompetence.
(6) Insubordination.
(7) Unrehabilitated alcoholism or narcotics addiction.
(8) Dishonesty.
(9) Unlawful discrimination.
(10) Failure to maintain a license, certificate, or qualification necessary for a job classification or position.
(11) Any act or conduct which adversely affects the employee’s performance or the employing agency.

(12) Any other good cause for discharge, suspension, or reduction.

b. The person discharged, suspended, or reduced shall be given a written statement of the reasons for the discharge, suspension, or reduction within twenty-four hours after the discharge, suspension, or reduction.

c. All persons concerned with the administration of this subchapter shall use their best efforts to ensure that this subchapter and the rules adopted pursuant to this subchapter shall not be a means of protecting or retaining unqualified or unsatisfactory employees, and shall discharge, suspend, or reduce in job classification or pay grade all employees who should be discharged, suspended, or reduced for any of the causes stated in this subsection.

20. For establishment of a uniform plan for resolving employee grievances and complaints. Employees who are subject to contracts negotiated under chapter 20 which include grievance and complaint provisions shall be governed by the contract provisions.

21. For attendance regulations, and special leaves of absence, with or without pay, or reduced pay, in the various classes of positions in the executive branch, excluding positions under the state board of regents.

a. Employees who are subject to contracts negotiated under chapter 20 which include leave of absence provisions shall be governed by the contract provisions.

Projects adopted under this authority shall not violate existing collective bargaining agreements. Any projects that relate to issues covered by such agreements or issues that are mandatory subjects of collective bargaining are subject to negotiations as applicable. The director shall notify the chairpersons of the standing committees on appropriations of the senate and the house of representatives and the chairpersons of the appropriate subcommittees of those committees of the proposed projects. The director shall respond within thirty calendar days following receipt of the third step grievance.
   b. If not satisfied, the employee may, within thirty calendar days following the director’s response, file an appeal with the public employment relations board. The hearing shall be conducted in accordance with the rules of the public employment relations board and the Iowa administrative procedure Act, chapter 17A. Decisions rendered shall be based upon a standard of substantial compliance with this subchapter and the rules of the department. The director shall respond within thirty calendar days following receipt of the appeal.
   b. If not satisfied, the employee may, within thirty calendar days following the director’s response, file an appeal with the public employment relations board. The employee has the right to a hearing closed to the public, unless a public hearing is requested by the employee. Decisions by the public employment relations board constitute final agency action. However, if the employee is an administrative law judge appointed or employed by the public employment relations board, the employee’s appeal shall be heard by an administrative law judge employed by the administrative hearings division of the department of inspections and appeals in accordance with the provisions of section 10A.801, whose decision shall constitute final agency action.

   (1) The relative need for broadband infrastructure in the area and the existing broadband service speeds, including whether the project serves a rural area or areas.
(2) The applicant’s total proposed budget for the project, including all of the following:
   (a) The amount or percentage of local or federal matching funds, if any, and any funding

This chapter shall be known and may be cited as the “Iowa Cell Siting Act”.

2015 Acts, ch 120, §1, 10

8C.2 Definitions.

For the purposes of this chapter, unless the context otherwise requires:

1. “Applicant” means any person engaged in the business of providing wireless telecommunications services or the wireless telecommunications infrastructure required for wireless telecommunications services and who submits an application.
2. “Application” means a request submitted by an applicant to an authority to construct a new tower, for the initial placement of transmission equipment on a wireless support structure, for the modification of an existing tower or existing base station that constitutes a substantial change to an existing tower or existing base station, or any other request to construct or place transmission equipment that does not meet the definition of an eligible facilities request.

3. “Authority”, used as a noun, means a state, county, or city governing body, board, agency, office, or commission authorized by law to make legislative, quasi-judicial, or administrative decisions relative to an application. “Authority” does not include any of the following:
   a. State courts having jurisdiction over land use, planning, or zoning decisions made by an authority.
   b. The utilities division of the department of commerce.
   c. Any entities, including municipally owned utilities established under or governed by Title IX, subtitle 4 of the Code, that do not have zoning or permitting jurisdiction.

4. a. “Base station” means a structure or equipment at a fixed location that enables wireless communications licensed by the federal communications commission or authorized wireless communications between user equipment and a communications network.
   b. “Base station” does not mean a tower or equipment associated with a tower.
   c. “Base station” includes but is not limited to equipment associated with wireless communications services such as private, broadcast, and public safety services and unlicensed wireless services and fixed wireless services such as microwave backhaul.
   d. “Base station” includes but is not limited to radio transceivers, antennas, coaxial or fiberoptic cable, regular and backup power supplies, and comparable equipment, regardless of technological configuration.
   e. “Base station” includes a structure other than a tower that, at the time the relevant application is filed with the state or local government, supports or houses equipment described in this subsection that has been reviewed and approved under the applicable zoning or siting process, or under another state or local regulatory review process, even if the structure was not built for the sole or primary purpose of providing such support.
   f. “Base station” does not include any structure that at the time the relevant application is filed with the state or local government does not support or house equipment described in this subsection.

5. “Collocation” means the mounting or installation of additional transmission equipment on a support structure already in use for the purpose of transmitting or receiving radio frequency signals for communications purposes.

6. “Electric utility” means any owner or operator of electric transmission or distribution facilities subject to the regulation and enforcement activities of the Iowa utilities board relating to safety standards.

7. “Eligible facilities request” means a request for modification of an existing tower or base station that does not substantially change the physical dimensions of the tower or base station and involves collocation of new transmission equipment, the removal of transmission equipment, or the replacement of transmission equipment.

8. “Existing tower” or “existing base station” means a tower or base station that has been reviewed and approved under the applicable zoning or siting process, or under another state or local regulatory review process. “Existing tower” includes a tower that was not reviewed and approved because it was not in a zoned area when it was built and Lawrence constructed.

9. “Initial placement or installation” means the first time transmission equipment is placed or installed on a wireless support structure.

10. “Micro wireless facility” means a small wireless facility with dimensions no larger than twenty-four inches in length, fifteen inches in width, and twelve inches in height and that has an exterior antenna, if any, that is no more than eleven inches in length.

11. a. “Site”, in relation to a tower that is not in the public right-of-way, means the current boundaries of the leased or owned property surrounding the tower and any access or utility easements currently related to the site.
b. “Site”, in relation to support structures other than towers, means an area in proximity to the structure and to other transmission equipment already deployed on the ground.

12. a. “Small wireless facility” means a wireless facility that meets the following requirements:
   (1) Each antenna is no more than six cubic feet in volume.
   (2) (a) All other equipment associated with the small wireless facility is cumulatively no more than twenty-eight cubic feet in volume.
   (b) For purposes of this subparagraph, volume shall be measured by the external displacement of the primary equipment enclosure, not the internal volume of such enclosure. An associated electric meter, concealment, telecommunications demarcation box, ground-based enclosures, battery backup power systems, grounding equipment, power transfer switch, cutoff switch, cable, conduit, and any equipment that is concealed from public view within or behind an existing structure or concealment may be located outside of the primary equipment enclosure and shall not be included in the calculation of the equipment volume.
   b. “Small wireless facility” includes a micro wireless facility as defined in subsection 10.
   c. “Small wireless facility” does not include any structure that supports or houses equipment described in this subsection.

13. “Substantial change” means a change in the existing support structure which results in one or more of the following:
   a. (1) Increase in the height of a tower, other than a tower in the public right-of-way, by more than ten percent or by the height of one additional antenna array with separation from the nearest existing antenna not to exceed twenty feet, whichever is greater.
   (2) Increase in the height of existing support structures, other than a tower in subparagraph (1), by more than ten percent or more than ten feet, whichever is greater.
   (3) Height shall be measured from the original support structure in cases where deployments are or will be separated horizontally, such as on buildings’ rooftops. Otherwise, height shall be measured from the dimensions of the tower or base station, inclusive of originally approved appurtenances and any modifications that were approved prior to the passage of the Spectrum Act, Pub. L. No. 112-96, Tit. VI.
   b. (1) Addition of an appurtenance to the body of the tower, other than a tower in the public right-of-way, that would protrude from the edge of the tower more than twenty feet, or more than the width of the tower structure at the level of the appurtenance, whichever is greater.
   (2) Addition of an appurtenance to an existing support structure, other than a tower under subparagraph (1), that would protrude from the edge of the structure by more than six feet.
   c. (1) Installation of more than the standard number of new equipment cabinets for the technology involved, but not to exceed four cabinets.
   (2) Installation of any new equipment cabinets on the ground if there are no preexisting ground cabinets associated with the tower in the public right-of-way or base station.
   (3) Installation of ground cabinets that are more than ten percent larger in height or overall volume than any other ground cabinets associated with a tower in the public right-of-way or base station.
   d. Excavation or deployment outside the current site.
   e. Defeat of concealment elements of the existing support structure.
   f. Noncompliance with conditions associated with the siting approval of the construction or modification of the existing support structure or base station equipment, except if the change is noncompliant only in a manner that does not exceed the thresholds identified in paragraphs “a” through “d”.

14. “Tower” means a structure built for the sole or primary purpose of supporting an antenna and the associated facilities authorized or licensed by the federal communications commission. “Tower” includes structures constructed for wireless communications services, including but not limited to private, broadcast, and public safety services and unlicensed wireless services and fixed wireless services, such as microwave backhaul, and the associated site.

15. “Transmission equipment” means equipment that facilitates transmission for a
wireless communications service licensed or authorized by the federal communications commission, including but not limited to radio transceivers, antennas, coaxial or fiberoptic cable, and regular and backup power supply. “Transmission equipment” includes equipment associated with wireless communications services, including but not limited to private, broadcast, and public safety services, such as wireless local area network services and services utilizing a set of specifications developed by the institute of electrical and electronics engineers for interface between a wireless client and a base station or between two wireless clients, as well as unlicensed wireless services and fixed wireless services, such as microwave backhaul.

16. “Utility pole” means a pole or similar structure owned or utilized in whole or in part by a public utility, municipality, wireless service provider, or electric utility that is designed specifically for and used to carry lines, cable, transmission equipment, or wires for telephone, wireless service, cable television, or electricity service, or for lighting, the vertical portion of support structures for traffic control signals or devices, signage, information kiosks, or other similar functions.

17. “Wireless facility” means equipment at a fixed location that enables the transmission of wireless communications or information of any kind between user equipment and a communications network, except that “wireless facility” does not include coaxial or fiberoptic cable that is not immediately adjacent to, or directly associated with, a particular antenna.

18. “Wireless service” means any fixed or mobile service using licensed or unlicensed wireless spectrum and provided using a wireless facility.

20. “Wireless support structure” means a structure that exists at the time an application is submitted and is capable of supporting the attachment or installation of transmission equipment in compliance with applicable codes, including but not limited to water towers, buildings, and other structures, whether within or outside the public right-of-way. “Wireless support structure” does not include a tower or existing base station.

8C.3 Uniform rules and limitations — applications.

In order to ensure uniformity across this state with respect to the consideration of every application, and notwithstanding any other provision to the contrary, an authority shall not do any of the following:

1. Require an applicant to submit information about, or evaluate an applicant’s business decisions with respect to, the applicant’s designed service, customer demand for service, or quality of the applicant’s service to or from a particular area or site, but may require propagation maps solely for the purpose of identifying the location of the coverage or capacity gap or need for applications for new towers in an area zoned residential.

2. a. Evaluate an application based on the availability of other potential locations for the placement or construction of a tower or transmission equipment.

   b. Require the applicant to establish other options for collocation instead of the construction of a new tower or modification of an existing tower or existing base station that constitutes a substantial change to an existing tower or existing base station.

   c. Notwithstanding paragraph “b”, an authority shall require an applicant applying for the construction of a new tower to provide an explanation regarding the reason for choosing the proposed location and the reason the applicant did not choose collocation. The explanation shall include a sworn statement from an individual who has responsibility over placement of the tower attesting that collocation within the area determined by the applicant to meet the applicant’s radio frequency engineering requirements for the placement of a site would not result in the same mobile service functionality, coverage, and capacity, is technically infeasible, or is economically burdensome to the applicant.

3. Dictate the type of transmission equipment or technology to be used by the applicant or discriminate between different types of infrastructure or technology.

4. a. Require the removal of existing towers, base stations, or transmission equipment, wherever located, as a condition to approval of an application.
b. Notwithstanding paragraph “a”, the authority may adopt reasonable rules regarding removal of abandoned towers or transmission equipment.

5. Impose environmental testing, sampling, or monitoring requirements, or other compliance measures, for radio frequency emissions from transmission equipment that are categorically excluded under the federal communications commission’s rules for radio frequency emissions pursuant to 47 C.F.R. §1.1307(b)(1).

6. Establish or enforce regulations or procedures for radio frequency signal strength or the adequacy of service quality.

7. Reject an application, in whole or in part, based on perceived or alleged environmental effects of radio frequency emissions, as provided in 47 U.S.C. §332(c)(7)(B)(iv).

8. Prohibit the placement of emergency power systems that comply with federal and state environmental requirements.

9. Charge an application fee, consulting fee, or other fee associated with the submission, review, processing, or approval of an application, unless the fee charged is in compliance with this section. Fees imposed by an authority or by a third-party entity providing review or technical consultation to the authority shall be based on actual, direct, and reasonable administrative costs incurred for the review, processing, and approval of an application. In no case shall total charges and fees exceed five hundred dollars for an eligible facilities request or three thousand dollars for an application for a new tower, for the initial placement or installation of transmission equipment on a wireless support structure, for a modification of an existing tower or existing base station that constitutes a substantial change to an existing tower or base station, or any other application to construct or place transmission equipment that does not constitute an eligible facilities request. An authority or any third-party entity shall not include within its charges any travel expenses incurred in the review of an application for more than one trip to the authority’s jurisdiction, and an applicant shall not be required to pay or reimburse an authority for consultant or other third-party fees based on a contingency-based or result-based arrangement.

10. Impose surety requirements, including bonds, escrow deposits, letters of credit, or any other type of financial surety, to ensure that abandoned or unused towers or transmission equipment can be removed, unless requirements are competitively neutral, nondiscriminatory, reasonable in amount, and commensurate with the historical record for local facilities and structures that are abandoned.

11. Condition the approval of an application on the applicant’s agreement to provide space on or near the tower, base station, or wireless support structure for authority or local governmental or nongovernmental services at less than the market rate for such space or to provide other services via the structure or facilities at less than the market rate for such services.

12. Limit the duration of the approval of an application, except that construction of the approved structure or facilities shall be commenced within two years of final approval, including the disposition of any appeals, and diligently pursued to completion.

13. Discriminate on the basis of the ownership, including ownership by the authority, of any property, structure, or tower when promulgating rules or procedures for siting wireless facilities or for evaluating applications.

14. a. Reject an application, in whole or in part, for the installation of a tower or transmission equipment in the unincorporated area of a county with a population of less than fifteen thousand, except for on property zoned and used exclusively for single-family residential use or within a previously designated area of historical significance pursuant to section 303.34, upon written confirmation from the statewide interoperable communications system board established in section 80.28, that the tower or transmission equipment is intended to be installed and used as part of the state plan approved under 47 U.S.C. §1442(e) for the deployment of the nationwide public safety broadband network or radio access network. For purposes of this subsection, “nationwide public safety broadband network” and “radio access network” mean the same as those terms are defined in 47 U.S.C. §1401.

b. This subsection is repealed March 25, 2021.

8C.4 Uniform rules — new tower applications.
1. An authority may exercise zoning, land use, planning, and permitting authority within the authority’s territorial boundaries with regard to the siting of new towers, subject to the provisions of this chapter and federal law.
2. An applicant that proposes to construct a new tower within the jurisdiction of an authority that has adopted planning and zoning regulations shall submit the necessary copies and attachments of the application to the appropriate authority and comply with applicable local ordinances concerning land use and the appropriate permitting processes.
3. All records, documents, and electronic data in the possession or custody of authority personnel are subject to chapter 22. Disclosure of such records shall be consistent with applicable state law.
4. An authority, within one hundred fifty calendar days of receiving an application to construct a new tower, unless another date is specified in a written agreement between the authority and the applicant, shall comply with the following provisions:
   a. Review the application for conformity with applicable local zoning regulations, building permit requirements, and consistency with this chapter. An application is deemed to be complete unless the authority notifies the applicant in writing, within thirty calendar days of submission of the application, specifying the deficiencies in the application which, if cured, would make the application complete. The authority’s timeframe to review the application is tolled beginning the date the notice is sent. The authority’s timeframe of one hundred fifty days for review of the application begins running again when the applicant cures the specified deficiencies. Following the applicant’s supplemental submission, the authority has ten days to notify the applicant that the supplemental submission did not provide the information identified in the original notice that specified deficiencies in the application. The authority’s timeframe of one hundred fifty days to review the application is tolled in the case of second or subsequent notices in conformance with this paragraph. The authority shall not include deficiencies in a second or subsequent notice that were not delineated in the original notice. The authority’s timeframe for review does not toll if the authority requests information regarding any of the considerations an authority may not consider as described in section 8C.3.
   b. Make its final decision to approve or disapprove the application.
   c. Advise the applicant in writing of its final decision.
5. If the authority fails to act on an application to construct a new tower within the timeframe for review specified under subsection 4, the application shall be deemed approved.
6. A party aggrieved by the final action of an authority, either by its affirmative disapproval of an application under the provisions of this section or by its inaction, may bring an action for review in any court of competent jurisdiction.

2015 Acts, ch 120, §4, 10

8C.5 Uniform rules for certain changes.
1. An authority may exercise zoning, land use, planning, and permitting authority within the authority’s territorial boundaries with regard to an application for initial placement or installation of transmission equipment on wireless support structures, for modification of an existing tower or existing base station that constitutes a substantial change, or for a request for construction or placement of transmission equipment that does not constitute an eligible facilities request, subject to the provisions of this chapter and federal law.
2. An applicant that proposes an initial placement or installation of transmission equipment on wireless support structures, a modification of an existing tower or existing base station that constitutes a substantial change, or a request for construction or placement of transmission equipment that does not constitute an eligible facilities request, within the jurisdiction of an authority that has adopted planning and zoning ordinances, rules, or regulations shall submit the necessary copies and attachments of the application to the authority and comply with such applicable local ordinances, rules, or regulations concerning land use and zoning and the appropriate local permitting processes.
3. All records, including but not limited to documents and electronic data, in the
possession or custody of authority personnel are subject to chapter 22. Disclosure of such records shall be consistent with applicable state law.

4. An authority, within ninety calendar days of receiving an application pursuant to subsection 2, unless another date is specified in a written agreement between the authority and the applicant, shall comply with the following provisions:
   a. Review the application for conformity with applicable local zoning ordinances, rules, or regulations, building permit requirements, and consistency with this chapter. An application is deemed to be complete unless the authority notifies the applicant in writing, within thirty calendar days of submission of the application, specifying the deficiencies in the application which, if cured, would make the application complete. The authority’s timeframe for review is tolled beginning the date the notice is sent. The authority’s ninety-day timeframe for review of the application begins running again when the applicant cures the specified deficiencies. Following the applicant’s supplemental submission, the authority has ten days to notify the applicant that the supplemental submission did not provide the information identified in the original notice that specified deficiencies. The authority’s ninety-day timeframe to review the application is tolled in the case of second or subsequent notices in conformance with this paragraph. The authority shall not include deficiencies in a second or subsequent notice that were not delineated in the original notice. The authority’s ninety-day timeframe for review does not toll if the authority requests information regarding any of the considerations an authority may not consider as described in section 8C.3.
   b. Make its final decision to approve or disapprove the application.
   c. Advise the applicant in writing of its final decision.

5. If the authority fails to act on an application for an initial placement or installation of transmission equipment on wireless support structures, for a modification of an existing tower or existing base station that constitutes a substantial change, or for a request for construction or placement of transmission equipment that does not constitute an eligible facilities request within the review period specified under subsection 4, the application shall be deemed approved.

6. A party aggrieved by the final action of an authority, either by its affirmative disapproval of an application under the provisions of this section or by its inaction, may bring an action for review in any court of competent jurisdiction.

2015 Acts, ch 120, §5, 10

8C.6 Use of public lands for towers and transmission equipment.

1. In accordance with other applicable laws, when entering into a lease with an applicant for the applicant’s use of public lands, an authority shall offer the market rate value for use of that land. The term of the lease shall be for at least twenty years, but all or a portion of the land may be subject to release for public purposes after fifteen years.

2. a. If the authority and the applicant cannot agree on the market rate for lease of the public land and cannot agree on the process to derive the market rate, the appraisals of a three-person panel of appraisers shall determine the market rate. Each party will appoint one appraiser and the two appointed appraisers shall select a third appraiser. Each appraiser shall independently appraise the appropriate market rate for lease of the land. The market rate shall be set at the median value between the highest and lowest market rates determined by the three independent appraisers. However, if the median between the appraisals of the appraisers appointed by each party is greater than or less than ten percent of the appraisal of the appraiser selected by the two appraisers, then the appraisal of the appraiser selected by the two appraisers shall determine the rate for the lease. Each appraiser shall send a copy of the appraisal to the authority and the applicant. The authority shall use the appraisal process under this paragraph to determine the lease rate for purposes of this subsection.

b. An authority shall approve or reject the lease rate as determined by the appraisal process pursuant to paragraph “a” within fifteen days following completion and receipt of the appraisals obtained pursuant to paragraph “a”. The authority’s failure to reject the lease rate as determined by the appraisal process within fifteen days constitutes approval of the lease rate determined pursuant to paragraph “a” as the market rate value for the use of the land for purposes of the lease between the authority and the applicant.
c. The authority and applicant shall conclude the appraisal process within one hundred fifty calendar days from the date the applicant first offered a proposed lease rate to the authority.

d. If using the three-person panel, each party shall bear the cost of its own appointed appraiser and equally share the cost of the third appraiser.

8C.7 Utility poles.

Notwithstanding any provision to the contrary, an authority shall not mandate, require, or regulate the installation, location, or use of transmission equipment on a utility pole.

2015 Acts, ch 120, §7, 10

8C.7A Uniform rules for small wireless facilities — permit approval.

1. a. Except as provided in this section, an authority shall not prohibit or restrict the siting of a small wireless facility.

b. For purposes of this section, “siting” means the mounting, installation, maintenance, modification, operation, or replacement of a small wireless facility on or adjacent to any of the following:

(1) An existing tower, utility pole, wireless support structure, or other existing structure.

(2) A new utility pole of a similar height and appearance as an existing utility pole and which is located within a five-hundred-foot radius of the existing utility pole.

(3) A replacement utility pole of a similar height and appearance as an existing utility pole and which is located within a five-hundred-foot radius of the existing utility pole.

2. a. An authority that has adopted planning and zoning regulations shall authorize the siting of a small wireless facility within its jurisdiction and shall not require a person to obtain a special or conditional land use permit for any of the following:

(1) For siting the small wireless facility in a public right-of-way or on an authority structure located outside of a public right-of-way to the extent that such structure is already in use as a wireless support structure by supporting non-authority communications equipment that involve external attachments, provided that such structure is not listed on the national register of historic places.

(2) For siting the small wireless facility on an existing tower, utility pole, or wireless support structure, regardless of the location, except for on property zoned and used exclusively for single-family residential use or within a previously designated area of historical significance pursuant to section 303.34.

b. A small wireless facility may be classified as a special or conditional land use where such small wireless facility is not sited in a manner as provided in paragraph “a”.

c. A person may install a new utility pole or wireless support structure in a public right-of-way subject to the provisions of this section. An authority may reasonably limit the number of new utility poles or wireless support structures, consistent with the protection of public health, safety, and welfare, and provided that such limitation does not have the effect of prohibiting or significantly impairing a wireless service provider’s ability to provide wireless service within the area of a proposed new structure. However, an authority may require a person to obtain a special or conditional land use permit to install a new utility pole or wireless support structure for the siting of a small wireless facility on property zoned and used exclusively for single-family residential use or within a previously designated area of historical significance pursuant to section 303.34.

3. a. (1) An authority may require a person to obtain a building, electrical, or public right-of-way use permit for the siting of a small wireless facility to the extent that such permit is of general applicability and does not deny access to site the small wireless facility in a public right-of-way. Notwithstanding this paragraph, an authority shall not require a person to obtain a permit for the routine maintenance of a previously approved small wireless facility or the replacement of a previously approved small wireless facility with a facility of substantially similar height, weight, and wind and structural loading, provided, however, that an authority may require a person to obtain a permit to work in a public right-of-way or on an authority structure located outside of a public right-of-way with the same terms and
conditions provided for other commercial projects or uses in the public right-of-way or on the authority structure.

(2) (a) Except as provided in subparagraph divisions (b) and (c), an authority shall not impose any fee or require any application or permit for the installation, placement, operation, maintenance, or replacement of a micro wireless facility that is suspended on operator-owned cables or lines that are strung between existing utility poles in compliance with national safety codes.

(b) An authority that has adopted a municipal or county code on or before July 1, 2017, which requires an application or permit for the installation, placement, operation, maintenance, or replacement of a micro wireless facility may continue the application or permit requirement subsequent to July 1, 2017.

(c) (i) An authority may require a single-use right-of-way permit for the installation, placement, operation, maintenance, or replacement of a micro wireless facility if any of the following conditions apply:

(A) The work is contained within a highway lane or requires the closure of a highway lane.

(B) The work disturbs the pavement, shoulder, ditch, or operation of a highway.

(C) The work involves placement of a micro wireless facility on a limited access right-of-way.

(D) The work requires any specific precautions to ensure the safety of the traveling public or the protection or operation of public infrastructure and such work was not authorized in, or will not be conducted in, the same time, place, or manner that is consistent with the approved terms of the existing permit for the facility or structure upon which the micro wireless facility is attached.

(ii) For purposes of this subparagraph division, “highway” means the same as defined in section 325A.1.

b. An authority shall not require a person to apply for or enter into an individual license, franchise, or other agreement with the authority or any other entity for the siting of a small wireless facility on a utility pole located in a public right-of-way. However, an authority may, through the conditions set forth in a permit obtained pursuant to this subsection, do any of the following:

(1) Establish nondiscriminatory, competitively neutral and commercially reasonable rates, terms, and conditions for such siting, which rates, terms, and conditions shall comply with the federal pole attachment requirements provided in 47 U.S.C. §224 and any regulations promulgated thereunder.

(2) Require compliance with the Iowa electrical safety code, the national electrical safety code, applicable fire safety codes, and any building code or similar code of general applicability for the protection of the public health, safety, or welfare that was adopted by an authority prior to the filing of the application.

(3) Require that a small wireless facility reasonably match the aesthetics of an existing utility pole or wireless support structure that incorporates decorative elements.

(4) Require compliance with section 306.46, subsection 1, and section 306.47.

(5) Require that after the construction of a small wireless facility or new utility pole is completed in accordance with all conditions under which the permit is granted, which conditions shall be consistent with this section, the owner of the small wireless facility or new utility pole, or the owner’s successor in interest, shall maintain the small wireless facility or new utility pole at the expense of the owner or successor and if the authority subsequently undertakes any maintenance, public improvement project, or reconstruction of authority property or equipment which requires the modification, relocation, or reconstruction of the small wireless facility or new utility pole, such work and the costs thereof shall be the responsibility of the owner or successor. If the project necessitating the modification, relocation, or reconstruction of the small wireless facility or new utility pole is for a private commercial purpose, the authority may require the owner or successor to modify, relocate, or reconstruct the small wireless facility or new utility pole upon prepayment of the costs of such work by the private commercial entity whose project facilitates the need for such work. For purposes of this subparagraph, “new utility pole” means a new utility pole installed...
by a wireless service provider pursuant to this section solely for use as a wireless support structure and that is owned by the wireless service provider.

c. Beginning with applications filed on or after September 1, 2017, an authority shall accept an application for, process, and issue a permit under this subsection as follows:

(1) An applicant shall not be required to provide more information or pay a higher application fee, consulting fee, or other fee associated with the processing or issuance of a permit than the amount charged to a telecommunications service provider that is not a wireless service provider. The total amount of fees for processing or issuing a permit, including any fees charged by third parties, shall not exceed five hundred dollars for an application addressing no more than five small wireless facilities, and an additional fifty dollars for each small wireless facility addressed in an application in excess of five small wireless facilities. An applicant shall not be required to pay any additional fees or perform any services relating to the acceptance, processing, or issuance of a permit, nor provide any services unrelated to the siting of the small wireless facility or of a new, replacement, or modified utility pole on which a small wireless facility is sited. For purposes of this subparagraph, engineering and structural review are deemed to be related to the permitting of a small wireless facility. The total amount of fees shall be adjusted every five years to reflect any increases or decreases in the consumer price index, rounded to the nearest five dollars.

(2) An authority shall approve or deny a permit application within ninety days following the submission of a completed application. Except as provided herein, an application shall be deemed approved if the authority fails to approve or deny the application within ninety days following the submission of a completed application. This period of time for the processing of an application may be extended upon mutual written agreement between the authority and the applicant. An applicant may address up to twenty-five small wireless facilities in a single application, provided, however, that a single application may only address small wireless facilities within a single two-mile radius consisting of substantially similar equipment to be placed on substantially similar types of wireless support structures or utility poles. In rendering a decision on an application addressing more than one small wireless facility, an authority may approve the application as to certain individual small wireless facilities while denying it as to others. An authority’s denial of an individual small wireless facility or subset of small wireless facilities within an application is not a basis to deny the application as a whole. If an authority receives applications for the approval of more than seventy-five small wireless facilities within a single seven-day period, whether from a single applicant or from multiple applicants, the authority may notify an applicant submitting any additional siting applications during that seven-day period that the authority is invoking its right to an automatic thirty-day extension for any additional siting application submitted during that seven-day period.

(3) (a) An authority may only deny a completed application if any of the following apply:

(i) The application fails to include reasonable information required by the authority and in accordance with this subsection.

(ii) The application does not comply with the Iowa electrical safety code, the national electrical safety code, applicable fire safety codes, or any building code or similar code of general applicability for the protection of the public health, safety, or welfare that was adopted by an authority prior to the filing of the application.

(iii) The application would result in the authority being noncompliant with the federal Americans With Disabilities Act.

(iv) (A) A licensed engineer selected by the applicant or the authority certifies that siting the small wireless facility as proposed would compromise the structural safety of, or preclude the essential purpose of, the utility pole or wireless support structure in the public right-of-way on which it is proposed to be sited and any of the following conditions apply:

(I) The applicant fails to redesign the small wireless facility in a manner determined necessary by the engineer to make the existing utility pole or wireless support structure structurally sound for the siting of the small wireless facility.

(II) The applicant fails to modify the utility pole or wireless support structure to make the structure structurally sound for the siting of the small wireless facility.
(III) The applicant fails to replace the utility pole or wireless support structure with a utility pole or wireless support structure that is structurally sound for the siting of the small wireless facility.

(IV) The applicant fails to propose an alternative location for the siting of the small wireless facility.

(B) If an applicant chooses to modify or replace a utility pole or wireless support structure to make the structure structurally sound for the siting of a small wireless facility, the applicant shall pay or advance to the authority the costs of modifying or replacing the utility pole or wireless support structure with a utility pole or wireless support structure that would safely support the small wireless facility and preserve the essential purpose of the utility pole or wireless support structure.

(v) The application seeks approval of a new small wireless facility, utility pole, or wireless support structure that would impair, interfere with, or preclude the safe and effective use of facilities already located in the public right-of-way for pedestrian, vehicular, utility, or other authority public right-of-way purposes.

(vi) The application seeks approval for the siting of a small wireless facility outside the public right-of-way that would impair, interfere with, or preclude the safe and effective use of an authority structure or property for a public purpose.

(vii) The application seeks approval for the siting of a small wireless facility on a wireless support structure used exclusively for emergency communications equipment.

(viii) The application seeks approval for the siting of a small wireless facility on a utility pole that is the vertical portion of a support structure for a traffic control signal or device, and the authority determines that the utility pole lacks sufficient space or load capacity for the proposed siting or the small wireless facility cannot be sited on the utility pole without impairing the public health, safety, or welfare.

(b) An authority denying an application shall document the basis for the denial, including the specific code provisions or standards on which the denial is based, and provide the applicant with such documentation on or before the date the application is denied.

(c) An applicant whose application is denied shall have an opportunity to cure any deficiencies identified by the authority as the basis for the denial and to submit a revised application within thirty days following the date of denial without paying an additional fee. The authority shall approve or deny a revised application within thirty days following submission. The authority shall not identify any deficiencies in a second or subsequent denial that were not identified in the original denial.

(4) An authority shall not limit the duration of a permit issued for the siting of a small wireless facility in a public right-of-way pursuant to this subsection, and shall not limit the duration of a permit issued for the siting of a small wireless facility on an authority structure located outside of a public right-of-way to any period less than ten years, with one automatic five-year renewal. provided, however, that the owner of the small wireless facility may terminate the permit upon providing ninety days’ notice to the authority. The construction of a small wireless facility permitted pursuant to this subsection shall commence no later than two years following the date that the permit is issued, or two years after any appeals are exhausted.

(5) An authority shall not impose a moratorium on the processing or issuance of permits under this subsection.

(6) An authority shall process and issue permits on a nondiscriminatory basis. An authority shall receive an application for, process, and issue a permit for the siting of a small wireless facility in a manner substantially comparable to the permitting of other applicants within the jurisdiction of the authority, and may not impose discriminatory licensing standards for persons siting small wireless facilities.

4. The annual recurring rate charged by an authority for the siting of a small wireless facility on an authority utility pole shall not exceed the rate computed by the federal communications commission for telecommunications pole attachments in 47 C.F.R. §1.1409(e)(2).

5. a. An authority shall authorize the siting of a small wireless facility on an authority structure located outside of a public right-of-way to the same extent the authority authorizes
access to such structures for other non-authority communications equipment that involve external attachments, and may authorize the siting even if the authority has not previously permitted such access.

b. A siting authorized under this subsection shall be subject to reasonable rates, terms, and conditions as provided in one or more agreements between the authority and the wireless service provider. Notwithstanding chapter 480A, the annual recurring rate for such siting as charged by an authority shall not exceed the lesser of the following:

1. The amount charged for a similar commercial project or use to occupy a similar area of space on similarly situated property.
2. The projected cost to the authority resulting from the siting.

6. A party aggrieved by the final action of an authority, either by its affirmative action on a permit, term or condition, or rate under the provisions of this section or by its inaction, may bring an action for review in any court of competent jurisdiction, except that if the final action of the authority was the denial of a conditional or special use permit pursuant to this section, the party must first seek review under section 335.13 or 414.10, as applicable.

7. This section only addresses an authority’s approval of zoning and building permits and the rates for the use of public rights-of-way and authority structures. This section shall not modify the rights and obligations of a nonauthority owner of a utility pole or a municipal utility that owns a utility pole, under 47 C.F.R. §1.1401 et seq., and the Iowa electrical safety code.

§8C.7B Small wireless facilities — violation and removal.

1. A public utility that owns or controls a utility pole on which a small wireless facility is sited in alleged violation of this chapter or the Iowa electrical safety code shall notify the owner of the small wireless facility of the alleged violation, in writing or by any other method agreed upon by the parties in writing. The notice shall include the following information:

a. The address and location where the alleged violation occurred.

b. A description of the alleged violation.

c. Suggested corrective action.

2. Upon the receipt of notice of an alleged violation, the recipient of such notice shall respond to the public utility within sixty days in writing or by any other method agreed upon by the parties in writing. The response shall include the following information:

a. A statement disclosing whether or not the recipient of the notice is the owner of the small wireless facility at issue.

b. A statement disclosing that the owner disputes that the alleged violation has occurred, if applicable.

c. A plan for corrective action if the owner does not dispute that the violation has occurred.

d. A statement disclosing whether the violation has been corrected, if the owner does not dispute that the violation has occurred.

3. The owner of a small wireless facility in alleged violation of this chapter or the Iowa electrical safety code shall correct the alleged violation within one hundred eighty days after receiving notice of the violation unless, for good cause shown, a delay for taking corrective action is appropriate or if the parties otherwise agree in writing to extend the time required to take corrective action. Good cause for a delay in corrective action shall include but is not limited to a dispute over whether the recipient of the notice is the owner of the small wireless facility at issue, a dispute over whether the alleged violation has occurred, or if taking corrective action within the required time frame is not possible due to circumstances which are beyond the control of the owner of the small wireless facility. The public utility and owner of the small wireless facility shall cooperate in determining an efficient and cost-effective solution to correct an alleged violation.

4. a. Notwithstanding subsections 1 through 3, in the event of an emergency, an authority or public utility shall contact the owner of the small wireless facility at issue and provide the owner with a reasonable opportunity, given the nature of the emergency, to alleviate such emergency or participate with the authority or public utility to make any repairs necessary
to alleviate such emergency. If the owner of the small wireless facility does not respond in a timely manner, as determined by the authority or public utility given the nature of the emergency, the authority or public utility may remove or make alterations to the small wireless facility as necessary to ensure public safety.

b. For purposes of this subsection, “emergency” means exigent and extraordinary circumstances under which the physical or electrical failure of a utility pole, wireless support structure, or small wireless facility threatens imminent physical harm to persons or there is a substantial likelihood of imminent and significant harm to property.

5. If the parties cannot resolve a dispute after following the procedures provided in this section, any party may file an action concerning an alleged violation under this section in the district court for the county in which the violation is alleged to have occurred, for any appropriate remedy, including the removal of a small wireless facility deemed by the court to be in violation of this chapter or the Iowa electrical safety code. However, this section shall not preclude a party from bringing an action pursuant to the Iowa electrical safety code or 47 C.F.R. §1.1401 et seq., or the application of a dispute resolution process set forth in applicable pole attachment agreement between the parties.

6. Nothing in this section shall be deemed to limit the ability of a public utility and the owner of a small wireless facility to voluntarily enter into a pole attachment agreement that establishes different terms for the siting of a small wireless facility or the resolution of a dispute regarding such a facility.

Except as provided in section 8C.7A, subsection 2, paragraph “c”, an authority shall not require a special or conditional use permit for the installation of a utility pole or wireless support structure that complies with the height limitations of this subsection.

2. Notwithstanding subsection 1, a person may construct, modify, or maintain a utility pole or wireless support structure along, across, and under a public right-of-way in excess of the size limits provided in subsection 1, to the extent permitted by the authority’s applicable zoning regulations.

3. A person shall comply with nondiscriminatory undergrounding requirements that prohibit wireless service providers from installing structures in a public right-of-way without prior zoning approval in areas designated as an underground district pursuant to a resolution or ordinance adopted by an authority prior to the date the application is filed or in areas zoned and used for single-family residential use, provided that such requirements shall not prohibit the replacement of existing structures.

4. Nothing in this section shall be deemed to limit the ability of a public utility to install a utility pole for the purposes of electric utility transmission or distribution within a public right-of-way subject to an authority’s planning and zoning regulations.

2017 Acts, ch 112, §5

8D.3 Iowa telecommunications and technology commission — members — duties.

1. Commission established. A telecommunications and technology commission is established with the sole authority to supervise the management, development, and operation of the network and ensure that all components of the network are technically compatible. The management, development, and operation of the network shall not be subject to the jurisdiction or control of any other state agency. However, the commission is subject to the general operations practices and procedures which are generally applicable to other state agencies.

a. The commission shall ensure that the network operates in an efficient and responsible manner consistent with the provisions of this chapter for the purpose of providing the best economic service attainable to the network users consistent with the state’s financial capacity.

b. The commission shall ensure that educational users and the use, design, and implementation for educational applications be given the highest priority concerning use of the network.

c. The commission shall provide for the centralized, coordinated use and control of the network.

2. Members — meetings.

a. The commission is composed of five voting members appointed by the governor and subject to confirmation by the senate. Voting members of the commission shall not serve in any manner or be employed by an authorized user of the network or by an entity seeking to do or doing business with the network.

(1) The governor shall appoint a voting member as the chairperson of the commission from the five voting members, subject to confirmation by the senate.

(2) Voting members of the commission shall serve six-year staggered terms as designated by the governor and appointments to the commission are subject to the requirements of sections 69.16, 69.16A, and 69.19. Vacancies shall be filled by the governor for the duration of the unexpired term.

(3) The salary of the voting members of the commission shall be twelve thousand dollars per year, except that the salary of the chairperson shall be seventeen thousand dollars per year. Voting members of the commission shall also be reimbursed for all actual and necessary expenses incurred in the performance of duties as members. The benefits and salary paid to the voting members of the commission shall be adjusted annually equal to the average of the annual pay adjustments, expense reimbursements, and related benefits provided under collective bargaining agreements negotiated pursuant to chapter 20.

b. The auditor of state or the auditor’s designee and the chief information officer appointed pursuant to section 8B.2 or the chief information officer’s designee shall serve as nonvoting, ex officio members of the commission.

c. Meetings of the commission shall be held at the call of the chairperson of the commission.

3. Duties. The commission shall do all of the following:
a. Enter into agreements pursuant to chapter 28E as necessary and appropriate for the purposes of the commission. However, the commission shall not enter into an agreement with an unauthorized user or any other person pursuant to chapter 28E for the purpose of providing such user or person access to the network.

b. Adopt rules pursuant to chapter 17A as deemed appropriate and necessary, and directly related to the implementation and administration of the duties of the commission. The commission, in consultation with the department of administrative services, shall also adopt and provide for standard communications procedures and policies relating to the use of the network which recognize, at a minimum, the need for reliable communications services.

c. Establish an appeal process for review by the commission of a scheduling conflict decision, including a scheduling conflict involving an educational user, or the establishment of a fee associated with the network upon the request of a person affected by such decision or fee. A determination made by the commission pursuant to this paragraph shall be final.

d. Review and approve for adoption, rules as proposed and submitted by an authorized user group necessary for the authorized user group's access and use of the network. The commission may refuse to approve and adopt a proposed rule, and upon such refusal, shall return the proposed rule to the respective authorized user group proposing the rule with a statement indicating the commission's reason for refusing to approve and adopt the rule.

e. (1) Develop and issue for response all requests for proposals for any construction, installation, repair, maintenance, or equipment and parts necessary for the network. In preparing the request for proposals, the commission shall do all of the following:

(a) Review existing requests for proposals related to the network.

(b) Consider and evaluate all competing technologies which could be used in any construction, installation, repair, or maintenance project.

(c) Allow flexibility for proposals to be submitted in response to a request for proposals issued by the commission such that any qualified provider may submit a bid on a site-by-site basis, or on a merged area or defined geographic area basis, or both, and by permitting proposals to be submitted for use of competing or alternative technologies in each defined area.

(d) Ensure that rural communities have access to comparable services to the services provided in urban areas resulting from any plans to construct, install, repair, or maintain any part of the network.

(2) In determining which proposal to recommend to the general assembly to accept, consider what is in the long-term best interests of the citizens of the state and the network, and utilize, if possible, the provision of services with existing service providers consistent with those best interests. In determining what is in the long-term best interests of the citizens of the state and the network, the commission, at a minimum, shall consider the cost to taxpayers of the state.

f. Include in the commission's annual report related to the network the actual income and expenses for the network for the preceding fiscal year and estimates for income and expenses for the network for the two-year fiscal period that includes the fiscal year during which the report is submitted. The report shall include the amount of any general fund appropriations to be requested, any recommendations of the commission related to changes in the system, and other items as deemed appropriate by the commission. The report shall also include a list of contracts in excess of one million dollars entered into by the commission during the preceding fiscal year, including any contract entered into pursuant to section 8D.11 or 8D.13 or any other authority of the commission.

g. Review existing maintenance contracts and past contracts to determine vendor capability to perform the obligations under such contracts. The commission shall report to the general assembly prior to January 1 of each year as to the performance of all vendors under each contract and shall make recommendations concerning continued funding for the contracts.

h. Pursue available opportunities to cooperate and coordinate with the federal government for the use and potential expansion of the network and for the financing of any such expansion.
i. Evaluate existing and projected rates for use of the system and ensure that rates are sufficient to pay for the operation of the system excluding the cost of construction and lease costs for Parts I, II, and III. The commission shall establish all hourly rates to be charged to all authorized users for the use of the network and shall consider all costs of the network in establishing the rates. A fee established by the commission to be charged to a hospital licensed pursuant to chapter 135B, a physician clinic, or the federal government shall be at an appropriate rate so that, at a minimum, there is no state subsidy related to the costs of the connection or use of the network related to such user.

j. Make recommendations to the general assembly, as deemed appropriate by the commission, concerning the operation of the network.

8D.9 Certification of use — network use by certain authorized users.
1. A private or public agency, other than a state agency, local school district or nonpublic school, city library, county library, judicial branch, judicial district department of correctional services, agency of the federal government, a hospital or physician clinic, or a post office authorized to be offered access pursuant to this chapter as of May 18, 1994, shall certify to the commission no later than July 1, 1994, that the agency is a part of or intends to become a part of the network. Upon receiving such certification from an agency not a part of the
network on May 18, 1994, the commission shall provide for the connection of such agency as soon as practical. An agency which does not certify to the commission that the agency is a part of or intends to become a part of the network as required by this subsection shall be prohibited from using the network.

2. a. A private or public agency, other than an institution under the control of the state board of regents, a private college or university, or a nonpublic school, which certifies to the commission pursuant to subsection 1 that the agency is a part of or intends to become a part of the network shall use the network for all video, data, and voice requirements of the agency unless the private or public agency petitions the commission for a waiver and one of the following applies:

   (1) The costs to the authorized user for services provided on the network are not competitive with the same services provided by another provider.

   (2) The authorized user is under contract with another provider for such services, provided the contract was entered into prior to April 1, 1994. The agency shall use the network for video, data, and voice requirements which are not provided pursuant to such contract.

   (3) The authorized user has entered into an agreement with the commission to become part of the network prior to June 1, 1994, which does not provide for use of the network for all video, data, and voice requirements of the agency. The commission may enter into an agreement described in this subparagraph upon a determination that the use of the network for all video, data, and voice requirements of the agency would not be in the best interests of the agency.

   b. A private or public agency, other than an institution under the control of the state board of regents, a private college or university, or a nonpublic school, shall petition the commission for a waiver of the requirement to use the network as provided in paragraph “a”, if the agency determines that paragraph “a”, subparagraph (1) or (2) applies. The commission shall establish by rule a review process for determining, upon application of an authorized user, whether paragraph “a”, subparagraph (1) or (2) applies. An authorized user found by the commission to be under contract for such services as provided in paragraph “a”, subparagraph (2), shall not enter into another contract upon the expiration of such contract, but shall utilize the network for such services as provided in this section unless paragraph “a”, subparagraph (1), applies. A waiver approved by the commission may be for a period as requested by the private or public agency of up to three years.

   c. An institution under the control of the state board of regents, a private college or university, or a nonpublic school which certifies to the commission pursuant to subsection 1 that it is a part of or intends to become a part of the network may use the network for its video, data, or voice requirements as determined by the regents institution, private college or university, or nonpublic school.

3. A facility that is considered a public agency pursuant to section 8D.2, subsection 5, paragraph “b”, shall be authorized to access the Iowa communications network strictly for homeland security communication purposes and disaster communication purposes. Any utilization of the network that is not related to communications concerning homeland security or a disaster, as defined in section 29C.2, is expressly prohibited. Access under this subsection shall be available only if a state of disaster emergency is proclaimed by the governor pursuant to section 29C.6 or a homeland security or disaster event occurs requiring connection of disparate communications systems between public agencies to provide for a multiagency or multijurisdictional response. Access shall continue only for the period of time the homeland security or disaster event exists. For purposes of this subsection, disaster communication purposes includes training and exercising for a disaster if public notice of the training and exercising session is posted on the internet site of the department of homeland security and emergency management. A scheduled and noticed training and exercising session shall not exceed five days. Interpretation and application of the provisions of this subsection shall be strictly construed.

4. A community college receiving federal funding to conduct first responder training and testing regarding homeland security first responder communication and technology-related
research and development projects shall be authorized to utilize the network for testing purposes.

Subsection 2, paragraph a, unnumbered paragraph 1 amended
Subsection 2, paragraphs b and c amended

8D.11 Powers — facilities — leases.

1. a. The commission may purchase, lease, and improve property, equipment, and services for telecommunications for public and private agencies and may dispose of property and equipment when not necessary for its purposes. The commission may enter into a contract for the purchase, lease, or improvement of property, equipment, or services for telecommunications pursuant to this subsection in an amount not greater than the contract limitation amount without prior authorization by a constitutional majority of each house of the general assembly. Approval by the legislative council if the general assembly is not in session, or the approval of the executive council as provided pursuant to paragraph “b”. A contract entered into under this subsection for an amount exceeding the contract limitation amount shall require prior authorization or approval by the general assembly, the legislative council, or the executive council as provided in this subsection. The commission shall not issue any bonding or other long-term financing arrangements as defined in section 12.30, subsection 1, paragraph “b”. Real or personal property to be purchased by the commission through the use of a financing agreement shall be done in accordance with the provisions of section 12.28, provided; however, that the commission may purchase property, equipment, or services for telecommunications pursuant to a financing agreement in an amount not greater than the contract limitation amount without prior authorization by a constitutional majority of each house of the general assembly, approval by the legislative council if the general assembly is not in session, or the approval of the executive council as provided pursuant to paragraph “b”. A contract entered into under this subsection for an amount exceeding the contract limitation amount shall require prior authorization or approval by the general assembly, the legislative council, or the executive council as provided in this subsection.

b. Approval by the executive council as provided under paragraph “a” shall only be permitted if the contract for which the commission is seeking approval is necessary as the result of circumstances constituting a natural disaster or a threat to homeland security.

c. For purposes of this subsection, “contract limitation amount” means two million dollars. However, beginning July 1, 2008, and on each succeeding July 1, the director shall adjust the contract limitation amount to be applicable for the twelve-month period commencing on September 1 of the year in which the adjustment is made. The new contract limitation amount shall be published annually as a notice in the Iowa administrative bulletin prior to September 1. The adjusted contract limitation amount shall be calculated by applying the percentage change in the consumer price index for all urban consumers for the most recent available twelve-month period published in the federal register by the United States department of labor, bureau of labor statistics, to the existing contract limitation amount as an increase or decrease, rounded to the nearest dollar. The calculation and publication of the contract limitation amount by the director are exempt from the provisions of chapter 17A.

2. The commission also shall not provide or resell communications services to entities other than public and private agencies. The public or private agency shall not provide communication services of the network to another entity unless otherwise authorized pursuant to this chapter. The commission may arrange for joint use of available services and facilities, and may enter into leases and agreements with private and public agencies with respect to the Iowa communications network, and public agencies are authorized to enter into leases and agreements with respect to the network for their use and operation. Rentals and other amounts due under the agreements or leases entered into pursuant to this section by a state agency are payable from funds annually appropriated by the general assembly or
from other funds legally available. Other public agencies may pay the rental costs and other amounts due under an agreement or lease from their annual budgeted funds or other funds legally available or to become available.

3. This section comprises a complete and independent authorization and procedure for a public agency, with the approval of the commission, to enter into a lease or agreement and this section is not a qualification of any other powers which a public agency may possess and the authorizations and powers granted under this section are not subject to the terms, requirements, or limitations of any other provisions of law, except that the commission must comply with the provisions of section 12.28 when entering into financing agreements for the purchase of real or personal property. All moneys received by the commission from agreements and leases entered into pursuant to this section with private and public agencies shall be deposited in the Iowa communications network fund.

4. A political subdivision receiving communications services from the state as of April 1, 1986, may continue to do so but communications services shall not be provided or resold to additional political subdivisions other than a school corporation, a city library, and a county library as provided in chapter 336. The rates charged to the political subdivision shall be the same as the rates charged to state agencies.

8D.12 Disposition of network — approval of general assembly and governor.
Notwithstanding any provision to the contrary, the commission or the department of administrative services shall not sell, lease, or otherwise dispose of the network without prior authorization by a constitutional majority of each house of the general assembly and approval by the governor.

8D.13 Iowa communications network.
1. Moneys in the Iowa communications network fund are appropriated to the Iowa telecommunications and technology commission for purposes of providing financing for the procurement, operation, and maintenance of the Iowa communications network with sufficient capacity to serve the video, data, and voice requirements of the educational telecommunications system consisting of Part I, Part II, and Part III, and other public and private agencies.

2. For purposes of this section, unless the context otherwise requires:
a. “Part I” means the communications connections between central switching and institutions under the control of the board of regents, nonprofit institutions of higher education eligible for tuition grants, and the regional switching centers for the remainder of the network.

b. “Part II” means the communications connections between the regional switching centers and the secondary switching centers.

c. “Part III” means the communications connection between the secondary switching centers and the agencies defined in section 8D.2, subsections 4 and 5, excluding state agencies, institutions under the control of the board of regents, nonprofit institutions of higher education eligible for tuition grants, and the judicial branch, judicial district departments of correctional services, hospitals and physician clinics, agencies of the federal government, and post offices.

3. The financing for the procurement costs for the entirety of Part I except for the communications connections between central switching and institutions under the control of the board of regents, and nonprofit institutions of higher education eligible for tuition grants, and for the video, data, and voice capacity for state agencies and for Part II and Part III, shall be provided by the state. The financing for the procurement and maintenance costs for Part III shall be provided by the state. A local school board, governing authority of a nonpublic school, or an area education agency board may elect to provide one hundred percent of the financing for the procurement and maintenance costs for Part III to become part of the network. The basis for the amount of state financing is one hundred percent of a single interactive audio and interactive video connection for Part III, and such data and voice capacity as is necessary. If a school board, governing authority of a nonpublic school, or area education agency board elects to provide one hundred percent of the financing for the leasing costs for Part III, the school district or area education agency may become part of the network as soon as the network can reasonably connect the district or agency. A local school board, governing authority of a nonpublic school, or an area education agency board may also elect not to become part of the network. Construction of Part III, related to a school board, governing authority of a nonpublic school, or area education agency board which provides one hundred percent of the financing for the leasing costs for Part III, may proceed as determined by the commission and consistent with the purpose of this chapter.

4. The commission shall develop the requests for proposals that are needed for the Iowa communications network with sufficient capacity to serve the video, data, and voice requirements of state agencies and for educational telecommunications applications. The commission shall develop a request for proposals for each of the systems that will make up the network. The commission may develop a request for proposals for each definitive component of the network or the commission may provide in the request for proposals for each such system that separate contracts may be entered into for each definitive component covered by the request for proposals. The requests for proposals may be for the purchase, lease-purchase, or lease of the component parts of the network consistent with the provisions of this chapter, may require maintenance costs to be identified, and the resulting contract may provide for maintenance for parts of the network. The master contract may provide for electronic classrooms, satellite equipment, receiving equipment, studio and production equipment, and other associated equipment as required.

5. a. The state shall lease all fiberoptic cable facilities or facilities with sufficient capacity as determined by the commission for Part III connections, for the judicial branch, judicial district departments of correctional services, and state agency connections for which state funding is provided. In determining the capacity to be provided, the commission shall consult with the authorized users associated with the Part III connections, the judicial branch, the judicial district departments of correctional services, and state agencies associated with connections for which state funding is provided. Such facilities shall be leased from qualified providers. The state shall not own such facilities, except for those facilities owned by the state as of January 1, 1994.

b. The lease provisions of this subsection do not apply to a school district which elects to provide one hundred percent of the financing for the district’s connection.

6. It is the intent of the general assembly that during the implementation of Parts I and II
of the system, the department of administrative services shall employ a consultant to report to it on the impact of changing technology on the potential cost and capabilities of the system. It is also the intent of the general assembly that the department of education shall study new techniques in distant teaching. These reports shall be made available to the general assembly.

7. The commission shall be responsible for the network design and shall be responsible for the implementation of each component of the network as it is incorporated into the network. The final design selected shall optimize the routing for all users in order to assure maximum utilization by all agencies of the state. Efficiencies achieved in the implementation of the network shall be used to fund further implementation and enhancement of the network, and shall be considered part of the operational cost of the network. The commission shall be responsible for all management, operations, control switching, diagnostics, and maintenance functions of network operations as provided in this chapter. The performance of these duties is intended to provide optimal utilization of the facilities, and the assurance that future growth requirements will be provided for, and that sufficient network capacity will be available to meet the needs of all users.

8. The procurement and maintenance of electronic equipment including, but not limited to, master receiver antenna systems, studio and production equipment, and broadcast system components shall be provided for under the commission’s contracts. The Iowa public broadcasting board and other educational entities within the state have the option to use their existing or replacement resources and agreements in the operation and maintenance of these systems.

9. In addition to the other evaluation criteria specified in the request for proposals issued pursuant to this section, the commission, in evaluating proposals, shall base up to two percent of the total possible points on the public benefit that can be derived from a given proposal due to the increased private telecommunications capacity available to Iowa citizens located in rural Iowa. For purposes of this subsection, an area of the state is considered rural if it is not part of a federally designated standard metropolitan statistical area.

10. The fees charged for use of the network and state communications shall be based on the ongoing expenses of the network and of providing state communications. For the services rendered to state agencies by the commission, the commission shall prepare a statement of services rendered and the agencies shall pay in a manner consistent with procedures established by the department of administrative services.

11. The commission, on its own or as recommended by an advisory committee of the commission and approved by the commission, shall permit a fee to be charged by a receiving site to the originator of the communication provided on the network. The fee charged shall be for the purpose of recovering the operating costs of a receiving site. The fee charged shall be reduced by an amount received by the receiving site pursuant to a state appropriation for such costs, or federal assistance received for such costs. Fees established under this subsection shall be paid by the originator of the communication directly to the receiving site. In the event that an entity requests a receiving site location in a video classroom facility which is authorized by, but not funded by, the originator of the communication, the requesting entity shall be directly billed by the video classroom facility for operating costs relating to the communication. For purposes of this section, “operating costs” include the costs associated with the management or coordination, operations, utilities, classroom, equipment, maintenance, and other costs directly related to providing the receiving site.

12. Access to the network shall be offered to the judicial district departments of correctional services established in section 905.2, provided that such departments contribute an amount consistent with their share of use for the part of the system in which the departments participate, as determined by the commission.

13. Access shall be offered to hospitals licensed pursuant to chapter 135B and physician clinics for diagnostic, clinical, consultative, data, and educational services for the purpose of developing a comprehensive, statewide teledermatology network, to an agency of the federal government, and to a post office defined as a public agency pursuant to section 8D.2, subsection 5. A hospital, physician clinic, an agency of the federal government, or a post office defined as a public agency pursuant to section 8D.2, subsection 5, shall be responsible for all costs associated with becoming a part of the network.
14. Access shall be offered to the judicial branch provided that the judicial branch contributes an amount consistent with the judicial branch’s share of use for the part of the network in which the judicial branch participates, as determined by the commission.

15. Notwithstanding chapter 476, the provisions of chapter 476 shall not apply to a public utility in furnishing a telecommunications service or facility to the commission for the Iowa communications network or to any authorized user of the Iowa communications network for such authorized user’s connection to the network.

16. Access to the network shall be offered to the department of public safety and the department of public defense for the purpose of establishing and operating a shared data-only network providing law enforcement, emergency management, disaster service, emergency warning, and other emergency information dissemination services to federal, state, and local law enforcement agencies as provided in sections 80.5 and 80.9B, and local emergency management offices established under the authority of sections 29C.9 and 29C.10.

17. Access shall be offered to the Iowa hospital association only for the purposes of collection, maintenance, and dissemination of health and financial data for hospitals and for hospital education services. The Iowa hospital association shall be responsible for all costs associated with becoming part of the network, as determined by the commission.

For purposes of this chapter, a service contract only exists when an individual service contract or a series of service contracts entered into between an oversight agency and a recipient entity exceeds five hundred thousand dollars or when the grant or contract together with other grants or contracts awarded to the recipient entity by the oversight agency during the oversight agency’s fiscal year exceeds five hundred thousand dollars in the aggregate.

establishing the entity pursuant to chapter 28E or other intergovernmental agreements,
articles of incorporation, bylaws, or any other information related to the establishment or
status of the entity. In addition, the information shall indicate whether the recipient entity is
exempt from federal income taxes under section 501(c), of the Internal Revenue Code.

b. Information regarding the training and education received by the members of the
governing body of the recipient entity relating to the duties and legal responsibilities of the
governing body.

to do all of the following:
(1) Review the performance of management employees and establish the compensation
of those employees.
(2) Review the recipient entity’s internal controls relating to accounting processes and
procedures.
(3) Review the recipient entity’s compliance with the laws, rules, regulations, and
contractual agreements applicable to its operations.
(4) Information regarding adopted ethical and professional standards of operation for
the governing body and employees of the recipient entity and information concerning
the implementation of these standards and the training of employees and members of
the governing body on the standards. The standards shall include but not be limited to a
nepotism policy which shall provide, at a minimum, for disclosure of familial relationships
among employees and between employees and members of the governing body, and policies
regarding conflicts of interest, standards of responsibility and obedience to law, fairness,
and honesty.

d. Information regarding any policies adopted by the governing body of the recipient
entity that prohibit taking adverse employment action against employees of the recipient
entity who disclose information about a service contract to the oversight agency, the auditor
of state, the office of the attorney general, or the office of ombudsman and that state whether
those policies are substantially similar to the protection provided to state employees under
section 70A.28. The information provided shall state whether employees of the recipient
entity are informed on a regular basis of their rights to disclose information to the oversight
agency, the office of ombudsman, the auditor of state, or the office of the attorney general
and the telephone numbers of those organizations.

2. The certification required by this section shall be signed by an officer and director of
the recipient entity, two directors of the recipient entity, or the sole proprietor of the recipient
entity, whichever is applicable, and shall state that the recipient entity is in full compliance
with all laws, rules, regulations, and contractual agreements applicable to the recipient entity
and the requirements of this chapter.

3. Prior to entering into a service contract with a recipient entity, the oversight agency
shall determine whether the recipient entity can reasonably be expected to comply with the
requirements of the service contract. If the oversight entity is unable to determine whether
the recipient entity can reasonably be expected to comply with the requirements of the
service contract, the oversight entity shall request such information from the recipient entity
as described in subsection 1 to make a determination. If the oversight agency determines
from the information provided that the recipient entity cannot reasonably be expected to
comply with the requirements of the service contract, the oversight agency shall not enter
into the service contract.

10, §26

§8F4 Reporting requirements.

1. a. As a condition of continuing to receive state or federal moneys through an oversight
agency for a service contract, a recipient entity shall file an annual report with the oversight
agency and with the legislative services agency within ten months following the end of the recipient entity’s fiscal year.

b. However, the annual report shall not be required to be filed under any of the following circumstances:

1. The recipient entity reports information otherwise required to be included in an annual report described in subsection 2 to the oversight agency pursuant to federal or state statutes or rules. The information otherwise required to be reported to the oversight agency shall be filed with the legislative services agency.

2. The recipient entity is recognized by the Internal Revenue Code as a nonprofit organization or entity and provides a copy of the internal revenue service form 990 for all fiscal years in which service contract revenues are reported.

2. The annual report required to be filed pursuant to this section shall contain the following:

Therefore, it is the intent of the general assembly to direct the department of management to create and maintain a searchable budget database and internet site detailing where tax dollars are expended, the purposes for which tax dollars are expended, and the results achieved for all taxpayer investments in state government.

The director shall provide guidance to agency heads or the governing body of an agency to ensure compliance with this section.

2. By January 1, 2014, the director shall add data for the previous budgets to the internet site. Data for previous fiscal years may be added as it becomes available and as time permits. The director shall ensure that all data added to the internet site remain accessible to the public for a minimum of ten years.

2011 Acts, ch 122, §45

8G.6 Noncompliance.

The director shall not be considered in compliance with this subchapter if the data required for the internet site is not available in a searchable manner and capable of being compiled or if the public is redirected to other government internet sites unless each of those sites displays information from all agencies and each category of information required can be searched electronically by field in a single search.

2011 Acts, ch 122, §46
8G.10 Intent — findings.
The general assembly finds that increasing the ease of public access to state and local tax rates, particularly where the rates are currently available from disparate government sources and are difficult for the public to collect and efficiently aggregate, significantly contributes to governmental accountability, public participation, and the understanding of the cost of government services. Therefore, it is the intent of the general assembly to direct the department of management, in consultation with the department of revenue, to create and maintain a searchable database and internet site of each tax rate for all taxing jurisdictions in the state to make citizen access to state and local tax rates as open, transparent, and publicly accessible as is feasible.

2011 Acts, ch 122, §47

8G.11 Short title.
This subchapter shall be known and cited as the “Taxation Disclosure Act”.

2011 Acts, ch 122, §48

8G.12 Tax rate database.
1. Searchable tax rate database. By January 1, 2012, the department of management, in consultation with the department of revenue, shall make publicly available on an internet site a searchable database of all tax rates in the state for each taxing jurisdiction. The information shall include all applicable tax types imposed in the taxing jurisdiction and shall be organized, presented, and accessible, to the extent possible, by county, city, and physical address for each residency or business. Individual tax levies shall be further specified within each tax rate.

2. Geographical tax rate map. In addition to searching for tax rates in the manner described in subsection 1, searches shall be accommodated by a geographical tax rate map of the state that is capable of being displayed with a level of specificity corresponding to each taxing jurisdiction.

2011 Acts, ch 122, §49
Referred to in §8G.33

8G.13 Updating database.
To facilitate the department of management’s efforts in creating and maintaining a searchable database of the taxes identified in section 8G.12, subsection 1, for all taxing jurisdictions in the state, each taxing jurisdiction may annually be required to report its tax rates to the department of management or the department of revenue and shall report any changes to its tax rates within thirty days of the change.

3. The provisions of this chapter shall not be construed to apply to persons selling at wholesale to merchants, nor to transient vendors of drugs, nor to persons running a huckster wagon, nor selling or distributing livestock feeds, fresh meats, fish, fruit, or vegetables, nor to persons selling their own work or production either by themselves or employees.

1. At the time and as part of filing the application, the applicant shall file with the secretary of state a bond, with sureties to be approved by the secretary of state, in a penal sum two times the value of the goods, wares or merchandise to be sold or offered for sale or the average inventory to be carried by such transient merchant engaged in or conducting an intermittent or temporary business as the case may be as shown by the application, running to the state of Iowa, for the use and benefit of any purchaser of any merchandise from such transient merchant who might have a cause of action of any nature arising from or out of such sale against the applicant or the owner of such merchandise if other than the applicant. The bond shall be conditioned on the payment by the applicant of all taxes that may be payable by, or due from, the applicant to the state of Iowa or any subdivision thereof, and shall be further conditioned for the payment of any fines that may be assessed by any court against the applicant for violation of the provision of this chapter, as well as for the payment and satisfaction of any and all causes of action against the applicant commenced within one year from the date of sale thereof, and arising from such sale. However, the aggregate liability of the surety for all such taxes, fines, and causes of action shall in no event exceed the principal sum of such bond.

2. In such bond the applicant and surety shall appoint the secretary of state, the agent of the applicant and surety for the service of process. In the event of such service, the agent upon whom such service is made shall within five days after the date of service, mail by ordinary mail a true copy of the process served upon the agent to each party for whom the agent is served, addressed to the last known address of such party. 3. Such bond shall contain the consent of the applicant and surety that the district court of the county in which the plaintiff may reside or Polk county, Iowa, shall have jurisdiction of all actions against the applicant or surety, or both, arising out of the sale. The state of Iowa, or any subdivision thereof, or any person having a cause of action against the applicant or surety arising out of said sale may join the applicant and surety on such bond in the same action, or may in such action sue either the applicant or the surety alone.

4. The requirements of this section also apply to transient merchants who are licensed in accordance with an ordinance of a city in the state of Iowa.

5. Notwithstanding subsections 1 through 4, the bond provided for in this section shall be forfeited to the state of Iowa upon the applicant’s failure to pay the total of all taxes payable

Notice shall be provided to the surety and to the applicant. Notice to the applicant shall be mailed to the applicant’s last known address. The applicant or the surety shall have the opportunity to apply to the director of revenue for a hearing within thirty days after the giving of such notice. Upon the failure to timely request a hearing, the bond shall be forfeited. If, after the hearing upon timely request, the director finds that the applicant has failed to pay the total of all taxes payable and the bond is forfeited, the director shall order the bond forfeited. The amount of the forfeiture shall be the amount of taxes payable or the amount of the bond. The surety shall not have standing to contest the amount of any taxes payable. For purposes of this section, “taxes payable” means all tax, penalties, interest, and fees that the department has previously determined to be due by assessment or in an appeal of an assessment.

9E.8 Disclosure of program participant address in legal proceedings — protective order.  
1. If a program participant’s address is protected under section 9E.5, a person shall not be compelled to disclose the program participant’s address during discovery or during a proceeding before a court or other tribunal unless the court or other tribunal finds all of the following:  
a. A reasonable belief exists that the address is needed to obtain information or evidence without which the investigation, prosecution, or litigation cannot proceed.  
b. No other practicable means is available of obtaining the information or evidence from any other source.  
2. The court or other tribunal shall provide the program participant with notice that disclosure of the program participant’s address is sought and provide the program participant an opportunity to present evidence at a hearing regarding the potential harm to the safety of the program participant if the program participant’s address is disclosed. In determining whether to compel disclosure, the court or other tribunal shall consider whether the potential harm to the safety of the program participant is outweighed by the interest in disclosure relating to the investigation, prosecution, or litigation. In a criminal proceeding, the court or other tribunal shall order disclosure of a program participant’s address if protecting the program participant’s address would violate a defendant’s constitutional right to confront a witness.  
3. Disclosure of a program participant’s address under this section shall be limited under the terms of the order by the court or other tribunal to ensure that the disclosure and dissemination of the address will be no wider than necessary for the purposes of the investigation, prosecution, or litigation.  
4. This section does not prevent the court or other tribunal from issuing a protective order to prevent disclosure of information other than the program participant’s address that could reasonably lead to the discovery of the program participant’s location.  
5. This section shall apply to a participant in an out-of-state address confidentiality program substantially similar to the address confidentiality program established in this chapter.

A corporation, limited liability company, trust, or unincorporated nonprofit association, other than a family farm corporation, authorized farm corporation, family farm limited liability company, authorized limited liability company, family trust, authorized trust, revocable trust, testamentary trust, family farm unincorporated nonprofit association, or authorized unincorporated nonprofit association shall not, either directly or indirectly, acquire or otherwise obtain or lease any agricultural land in this state. However, the restrictions provided in this section shall not apply to the following:
   a. A bona fide encumbrance taken for purposes of security.
   b. Agricultural land acquired for research or experimental purposes. Agricultural land is used for research or experimental purposes if any of the following apply:
      (1) Research and experimental activities are undertaken on the agricultural land and commercial sales of products produced from farming the agricultural land do not occur or are incidental to the research or experimental purposes of the corporation or limited liability company. Commercial sales are incidental to the research or experimental purposes of the corporation or limited liability company when such sales are less than twenty-five percent of the gross sales of the primary product of the research.
      (2) The agricultural land is used for the primary purpose of testing, developing, or producing seeds or plants for sale or resale to farmers as seed stock. Grain which is not sold as seed stock is an incidental sale and must be less than twenty-five percent of the gross sales of the primary product of the research and experimental activities.
      (3) The agricultural land is used by a corporation or limited liability company, including any trade or business which is under common control, as provided in 26 U.S.C. §414 for the primary purpose of testing, developing, or producing animals for sale or resale to farmers as breeding stock. However, after July 1, 1989, to qualify under this subparagraph, the following conditions must be satisfied:
         (i) The corporation or limited liability company must not hold the agricultural land other than as a lessee. The term of the lease must be for not more than twelve years. The corporation or limited liability company shall not renew a lease. The corporation or limited liability company shall not enter into a lease under this subparagraph subdivision, if the corporation or limited liability company has ever entered into another lease under this subparagraph (3), whether or not the lease is in effect. However, this subparagraph subdivision does not apply to a nonprofit corporation as defined in section 9H.1, subsection 20, paragraph “a”.
         (ii) A term or condition of sale, including resale, of breeding stock must not relate to the direct or indirect control by the corporation or limited liability company of the breeding stock or breeding stock progeny subsequent to the sale.
         (iii) The number of acres of agricultural land held by the corporation or limited liability company must not exceed six hundred forty acres.
   (iv) The corporation or limited liability company must deliver a copy of the lease to the secretary of state. The secretary of state shall notify the lessee of receipt of the copy of the lease. However, this subparagraph subdivision does not apply to a nonprofit corporation as defined in section 9H.1, subsection 20, paragraph “a”.
   (b) Culls and test animals may be sold under this subparagraph (3). For a three-year period beginning on the date that the corporation or limited liability company acquires an interest in the agricultural land, the gross sales for any year shall not be greater than five hundred thousand dollars. After the three-year period ends, the gross sales for any year shall not be greater than twenty-five percent of the gross sales for that year of the breeding stock, or five hundred thousand dollars, whichever is less.
   c. Agricultural land, including a leasehold interest, acquired by a nonprofit corporation as defined in section 9H.1, subsection 20, paragraph “a”, including land acquired and operated by or for a state university for research, experimental, demonstration, foundation seed increase or test purposes and land acquired and operated by or for nonprofit corporations organized specifically for research, experimental, demonstration, foundation seed increase or test purposes in support of or in conjunction with a state university.
d. Agricultural land acquired by a corporation or limited liability company for immediate or potential use in nonfarming purposes.

e. Agricultural land acquired by a corporation or limited liability company by process of law in the collection of debts, or pursuant to a contract for deed executed prior to August 15, 1975, or by any procedure for the enforcement of a lien or claim thereon, whether created by mortgage or otherwise.

g. Agricultural land which is acquired by a trust company or bank in a fiduciary capacity or as trustee for a family trust, authorized trust or testamentary trust or for nonprofit corporations.

h. A corporation or its subsidiary organized under chapter 490 or a limited liability company organized under chapter 489 and to which section 312.8 is applicable.

i. Agricultural land held or leased by a corporation on July 1, 1975, as long as the corporation holding or leasing the land on this date continues to hold or lease such agricultural land.

j. Agricultural land held or leased by a trust on July 1, 1977, as long as the trust holding or leasing such land on this date continues to hold or lease such agricultural land.

k. Agricultural land acquired by a trust for immediate use in nonfarming purposes.

l. Agricultural land that is owned, leased, or otherwise held by an unincorporated nonprofit association on July 1, 2010, as long as the unincorporated nonprofit association continues to hold or lease such agricultural land.

For the purpose of this chapter:
2. “Farming” means the cultivation of land for the production of agricultural crops, the raising of poultry, the production of eggs, the production of milk, the production of fruit or other horticultural crops, grazing or the production of livestock. Farming includes the production of timber, forest products, nursery products, or sod. Farming does not include a contract where a processor or distributor of farm products or supplies provides spraying, harvesting or other farm services.
3. “Foreign business” means a corporation incorporated under the laws of a foreign country, or a business entity whether or not incorporated, in which a majority interest is owned directly or indirectly by nonresident aliens. Legal entities, including but not limited to trusts, holding companies, multiple corporations and other business arrangements, do not affect the determination of ownership or control of a foreign business.
4. “Foreign government” means a government other than the government of the United States, its states, territories or possessions.
5. “Nonresident alien” means an individual who is not any of the following:
a. A citizen of the United States.
b. A person lawfully admitted into the United States for permanent residence by the United States immigration and naturalization service. An individual is lawfully admitted for permanent residence regardless of whether the individual’s lawful permanent resident status is conditional.

9I.2 Alien rights.
A nonresident alien, foreign business or foreign government may acquire, by grant, purchase, devise or descent, real property, except agricultural land or any interest in agricultural land in this state, and may own, hold, devise or alienate the real property, and
shall incur the same duties and liabilities in relation thereto as a citizen and resident of the United States.

§91.3 Restriction on agricultural land holdings.

1. A nonresident alien, foreign business or foreign government, or an agent, trustee or fiduciary thereof, shall not purchase or otherwise acquire agricultural land in this state. A nonresident alien, foreign business or foreign government, or an agent, trustee or fiduciary thereof, which owns or holds agricultural land in this state on January 1, 1980, may continue to own or hold the land, but shall not purchase or otherwise acquire additional agricultural land in this state.

2. A person who acquires agricultural land in violation of this chapter or who fails to convert the land to the purpose other than farming within five years, as provided for in this chapter, remains in violation of this chapter for as long as the person holds an interest in the land.

3. The restriction set forth in subsection 1 of this section does not apply to the following:
   a. Agricultural land acquired by devise or descent.
   b. A bona fide encumbrance on agricultural land taken for purposes of security.
   c. Agricultural land acquired by a process of law in the collection of debts, by a deed in lieu of foreclosure, pursuant to a forfeiture of a contract for deed, or by any procedure for the enforcement of a lien or claim on the land, whether created by mortgage or otherwise. However, agricultural land so acquired shall be sold or otherwise disposed of within two years after title is transferred. Pending the sale or disposition, the land shall not be used for any purpose other than farming, and the land shall not be used for farming except under lease to an individual, trust, corporation, partnership or other business entity not subject to the restriction on the increase in agricultural land holdings imposed by section 9H.4. Agricultural land which has been acquired pursuant to this paragraph shall not be acquired or utilized by the nonresident alien, foreign business, or foreign government, or an agent, trustee, or fiduciary thereof, under either paragraph “d” or paragraph “e”.
   d. Agricultural land acquired for research or experimental purposes. Agricultural land is used for research or experimental purposes if any of the following apply:
      (1) Research and experimental activities are undertaken on the agricultural land and commercial sales of products produced from farming the agricultural land do not occur or are incidental to the research or experimental purposes of the corporation. Commercial sales are incidental to the research or experimental purposes of the corporation when such sales are less than twenty-five percent of the gross sales of the primary product of the research.
      (2) The agricultural land is used for the primary purpose of testing, developing, or producing seeds or plants for sale or resale to farmers as seed stock. Grain which is not sold as seed stock is an incidental sale and must be less than twenty-five percent of the gross sales of the primary product of the research and experimental activities.
      (3) Until July 1, 2001, the agricultural land is used for the primary purpose of testing, developing, or producing animals for sale or resale to farmers as breeding stock. However, after July 1, 1989, to qualify under this paragraph, the following conditions must be satisfied:
         (a) The nonresident alien, foreign business, or foreign government or an agent, trustee, or fiduciary of the alien, business, or government must not hold the agricultural land other than as a lessee. The term of the lease must be for not more than twelve years. A lessee shall not renew a lease entered into under this subparagraph (3). The lessee shall not enter into a lease under this paragraph, if another lease under this paragraph has been entered into by the lessee.
         (b) A term or condition of sale, including resale, of seed stock or breeding stock must not relate to the direct or indirect control by the lessee of the breeding stock or breeding stock progeny subsequent to the sale.
(c) The number of acres of agricultural land held by the lessee must not exceed six hundred forty acres.

(d) The lessee must deliver a copy of the lease to the secretary of state. The secretary of state shall notify the lessee of receipt of the copy of the lease.

(4) Culls and test animals may be sold under subparagraph (3). For a three-year period beginning on the date that the lease takes effect, the gross sales for any year shall not be greater than five hundred thousand dollars. After the three-year period ends, the gross sales for any year shall not be greater than twenty-five percent of the gross sales for that year of the breeding stock, or five hundred thousand dollars, whichever is less. As used in subparagraph (3), “lessee” means a nonresident alien, foreign business, or foreign government, or an agent, trustee, or fiduciary acting on behalf of the nonresident alien, foreign business, or foreign government, or any other trade or business which is under the lessee’s common control as provided in 26 U.S.C. §414.

(5) Effective July 1, 2001, a nonresident alien, foreign business, or foreign government or an agent, trustee, or fiduciary of the alien, business, or government shall not acquire or hold agricultural land used for the primary purpose of testing, developing, or producing animals.

   e. An interest in agricultural land, not to exceed three hundred twenty acres, acquired for an immediate or pending use other than farming. However, a nonresident alien, foreign business or foreign government, or an agent, trustee or fiduciary thereof, who lawfully owns over three hundred twenty acres on January 1, 1980, may continue to own or hold the land, but shall not purchase or otherwise acquire additional agricultural land in this state except by devise or descent from a nonresident alien. Pending the development of the agricultural land for purpose other than farming, the land shall not be used for farming except under lease to an individual, trust, corporation, partnership or other business entity not subject to the restriction on the increase in agricultural land holdings imposed by section 9H.4.

   4. A nonresident alien, foreign business or foreign government, or an agent, trustee or fiduciary thereof shall not transfer title to or interest in agricultural land to a nonresident alien, foreign business or foreign government, or an agent, trustee or fiduciary thereof except by devise or descent.

10A.108 Improper human services entitlement benefits or provider payments — debt, lien, collection.
1. a. If a person refuses or neglects to repay benefits or provider payments inappropriately obtained from the department of human services, the amount inappropriately obtained, including any interest, penalty, or costs attached to the amount, constitutes a debt and is a lien in favor of the state upon all property and any rights or title to or interest in property, whether real or personal, belonging to the person for the period established in subsection 2, with the exception of property which is exempt from execution pursuant to chapter 627.
   b. A lien under this section shall not attach to any amount of inappropriately obtained benefits or provider payments, or portions of the benefits or provider payments, attributable to errors by the department of human services. Liens shall only attach to the amounts of inappropriately obtained benefits or provider payments or portions of the benefits or provider payments which were obtained due to false, misleading, incomplete, or inaccurate information submitted by a person in connection with the application for or receipt of benefits or provider payments.
2. a. The lien attaches at the time the notice of the lien is filed under subsection 3, and continues for ten years from that date, unless released or otherwise discharged at an earlier time.
   b. The lien may be extended, within ten years from the date of attachment, if a person files a notice with the county recorder or other appropriate county official of the county in which the property is located at the time of filing the extension. From the time of the filing of the notice, the lien period shall be extended for ten years to apply to the property in the county in which the notice is filed, unless released or otherwise discharged at an earlier time.
   The number of extensions is not limited.
   c. The director shall discharge any lien which is allowed to lapse and may charge off any account and release the corresponding lien before the lien has lapsed if the director determines, under uniform rules prescribed by the director, that the account is uncollectible or collection costs involved would not warrant collection of the amount due.
3. To preserve the lien against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, on any property located in a county, the director shall file a notice of the lien with the recorder of the county in which the property is located at the time of filing of the notice.
4. The county recorder of each county shall prepare and maintain in the recorder’s office an index of liens of debts established based upon benefits or provider payments inappropriately obtained from and owed the department of human services, containing the applicable entries specified in sections 558.49 and 558.52, and providing appropriate columns for all of the following data, under the names of debtors, arranged alphabetically:

   f. The date of the assessment.
   g. The date of satisfaction of the debt.
   h. Any extension of the time period for application of the lien and the date that the notice for extension was filed.
5. The recorder shall endorse on each notice of lien the day and time filed for recording and the document reference number, and shall preserve the notice. The recorder shall

6. The department shall pay, from moneys appropriated to the department for this purpose, recording fees as provided in section 331.604, for the recording of the lien.

7. Upon payment of a debt for which the director has filed notice with a county recorder, the director shall provide to the debtor a satisfaction of the debt. The debtor shall be responsible for filing the satisfaction of the debt with the recorder and the recorder shall enter the satisfaction on the notice on file in the recorder’s office.

8. The department of inspections and appeals, as provided in this chapter and chapter 626, shall proceed to collect all debts owed the department of human services as soon as practicable after the debt becomes delinquent. If service has not been made on a distress warrant by the officer to whom addressed within five days from the date the distress warrant was received by the officer, the authorized investigators of the department of inspections and appeals may serve and make return of the warrant to the clerk of the district court of the county named in the distress warrant, and all subsequent procedures shall be in compliance with chapter 626.

9. The distress warrant shall be in a form as prescribed by the director, shall be directed to the sheriff of the appropriate county, and shall identify the debtor, the type of debt, and the delinquent amount. The distress warrant shall direct the sheriff to distraint, seize, garnish, or levy upon, and sell, as provided by law, any real or personal property belonging to the debtor to satisfy the amount of the delinquency plus costs. The distress warrant shall also direct the sheriff to make due and prompt return to the department or to the district court under chapter 626 of all amounts collected.

10. The attorney general, upon the request of the director of inspections and appeals, shall bring an action, as the facts may justify, without bond, to enforce payment of any debts under this section, and in the action the attorney general shall have the assistance of the county attorney of the county in which the action is pending.

11. The remedies of the state shall be cumulative and no action taken by the director of inspections and appeals or attorney general shall be construed to be an election on the part of the state or any of its officers to pursue any remedy to the exclusion of any other remedy provided by law.

The appeal board shall permit further appeal by any of the parties interested in a decision of an administrative law judge and by the representative whose decision has been overruled or modified by the administrative law judge. 5. ARTICLE VIII

ADMINISTRATIVE HEARINGS DIVISION

10A.801 Division of administrative hearings — creation, powers, duties.
1. Definitions. For purposes of this article, unless the context otherwise requires:
a. “Administrator” means the person coordinating the administration of the division.
b. “Division” means the administrative hearings division of the department of inspections and appeals.
2. The administrator shall coordinate the division’s conduct of appeals and administrative hearings as provided by law, shall serve as chief administrative law judge of the division, and may conduct any proceeding for which the division provides an administrative law judge.
3. a. The department shall employ a sufficient number of administrative law judges to conduct proceedings for which agencies are required, by section 17A.11 or any other provision of law, to use an administrative law judge employed by the division. An administrative law judge employed by the division shall not perform duties inconsistent with the judge’s duties and responsibilities as an administrative law judge and shall be located in an office that is separated from the offices of the agencies for which that person acts as a presiding officer. Administrative law judges, except the chief administrative law judge, shall be covered by the merit system provisions of chapter 8A, subchapter IV.
b. The division shall facilitate, insofar as practicable, specialization by its administrative law judges so that particular judges may become expert in presiding over cases in particular agencies. An agency may, by rule, identify particular classes of its contested cases for which the administrative law judge who acts as presiding officer shall have specified technical
experts. After the adoption of such a rule, the division may assign administrative law judges to preside over those identified particular classes of contested cases only if the administrative law judge possesses the technical expertise specified by agency rule. The division may charge the applicable agency for the costs of any training required by the division's administrative law judges to acquire or maintain the technical expertise specified by agency rule.

4. If the division cannot furnish one of its administrative law judges in response to an agency request, the administrator shall designate in writing a full-time employee of an agency other than the requesting agency to serve as administrative law judge for the proceeding, but only with the consent of the employing agency. The designee must possess the same qualifications required of administrative law judges employed by the division.

5. The division may furnish administrative law judges on a contract basis to any governmental entity to conduct any proceeding.

6. A person shall not be employed by the division as the administrator or as an administrative law judge to preside over contested case proceedings unless that person has a license to practice law in this state.

7. The division shall adopt rules pursuant to this chapter and chapter 17A to do all of the following:
   a. To establish procedures for agencies to request and for the administrator to assign administrative law judges employed by the division.
   b. To establish procedures and adopt forms, consistent with chapter 17A and other provisions of law, to govern administrative law judges employed by the division, but any rules adopted under this paragraph shall be applicable to a particular contested case proceeding only to the extent that they are not inconsistent with the rules of the agency under whose authority that proceeding is conducted. Nothing in this paragraph precludes an agency from establishing procedural requirements otherwise within its authority to govern its contested case proceedings, including requirements with respect to the timeliness of decisions rendered for it by administrative law judges.
   c. To establish standards and procedures for the evaluation, training, promotion, and discipline for the administrative law judges employed by the division. The procedures shall include provisions for each agency for whom a particular administrative law judge presides to submit to the division on a periodic basis the agency’s views with respect to the performance of that administrative law judge or the need for specified additional training for that administrative law judge. However, the evaluation, training, promotion, and discipline of all administrative law judges employed by the division shall remain solely within the authority of the department.
   d. To establish, consistent with the provisions of this section and chapter 17A, a code of administrative judicial conduct that is similar in function and substantially equivalent to the Iowa code of judicial conduct, to govern the conduct, in relation to their quasi-judicial functions in contested cases, of all persons who act as presiding officers under the authority of section 17A.11, subsection 1. The code of administrative judicial conduct shall separately specify which provisions are applicable to agency heads or members of multimembered agency heads when they act as presiding officers, taking into account the objectives of the code and the fact that agency heads, unlike administrative law judges, have other duties imposed upon them by law. The code of administrative judicial conduct may also contain separate provisions, that are appropriate and consistent with the objectives of such a code, to govern the conduct of agency heads or the members of multimember agency heads when they act as presiding officers. However, a provision of the code of administrative judicial conduct shall not be made applicable to agency heads or members of multimember agency heads unless the application of that provision to agency heads and members of multimember agency heads has previously been approved by the administrative rules coordinator.
   e. To facilitate the performance of the responsibilities conferred upon the division by this section, chapter 17A, and any other provision of law.

8. The division may do all of the following:
   a. Provide administrative law judges, upon request, to any agency that is required to or wishes to utilize the services of an administrative law judge employed by the division.
b. Maintain a staff of reporters and other personnel.

c. Administer the provisions of this section and rules adopted under its authority.

d. The division may charge agencies for services rendered and the payment received shall be considered repayment receipts as defined in section 8.2.

e. Except to the extent specified otherwise by statute, decisions of administrative law judges employed by the division are subject to review by the agencies for which they act as presiding officers as provided by section 17A.15 or any other provision of law.

10A.802 Administrative hearing electronic filing system — rules.

1. Notwithstanding section 10A.801, subsection 7, paragraph “b”, and section 554D.120, the division may adopt rules pursuant to this chapter and chapter 17A establishing an electronic filing system for contested case and other administrative proceedings conducted by the division and prescribing whether and to what extent the division will accept, process, distribute, and retain electronic records and electronic signatures from appellants, governmental agencies, and other persons with respect to such proceedings.

2. If the division adopts rules pursuant to subsection 1, the rules may include but are not limited to the following:

   a. Defining terms.

   b. The manner and format in which an electronic record is created, generated, sent, communicated, received, filed, recorded, and stored.

   c. Establishing the electronic filing system to create, generate, send, communicate, receive, file, record, and store an electronic record.

   d. How a traditional written signature will relate to an electronic signature.

   e. The criteria establishing when an electronic document must be electronically signed.

   f. The type of electronic signature required.

   g. The manner and format in which an electronic signature is associated with an electronic record.

   h. Who can create an electronic signature.

   i. The criteria and procedures to follow when filing an electronic document, including who is allowed to file electronically, how notice is given, and electronic service of process.

   j. Establishing processes and procedures to ensure adequate preservation, integrity, security, disposition, and audit worthiness of the electronic records.

   k. Establishing the criteria for the retention of paper documents when deemed necessary to promote the integrity of electronic records.

   l. Establishing the appropriate level of public access to differing classes of electronic records and other agency records to ensure the confidentiality of any records that are required by law to be confidential.

   m. Establishing any other process or procedures attributable to creating, generating, communicating, storing, processing, and using electronic records and electronic signatures, and how these electronic records and electronic signatures will relate to nonelectronic agency records.

3. Rules adopted pursuant to this section shall provide for the division's acceptance of the filing of paper documents.

4. Rules adopted pursuant to this section shall prevail over any other law, including chapter 17A, or agency rule that specifies the method, manner, or format for sending, receiving, serving, retaining, or creating paper records or other documents related to a contested case proceeding, including but not limited to a request or demand for a contested case proceeding, a notice of hearing, and a proposed or final decision. The division may limit the applicability and scope of any rules adopted pursuant to this section to one or more agencies or by specific case type for the purpose of testing and implementing an electronic filing system.

5. An electronic record that complies with the rules adopted under this section shall prevail over any law, including chapter 17A, that requires a written record, and an electronic
signature that complies with the rules adopted under this section shall prevail over any law that requires a written signature. An electronic record or signature that complies with rules adopted under this section shall not be denied legal effect or enforceability based solely because of the record’s or signature’s electronic form. The determination of an electronic record’s or signature’s legal consequence is determined by this chapter, applicable law, and applicable division and agency rules.

6. Any electronic record, including but not limited to a recording or transcription of oral proceedings, maintained in an electronic filing system established by the division shall be the official record of the contested case and maintenance of the record in the system shall satisfy the obligation of an agency to file and maintain any such record.

12.25 Legislative findings.
The general assembly finds and declares that because of differences in the timing of the receipt of tax and other revenues and the expenditure of funds by the state, the state has been unable to remain timely on its obligations, including its payments of school aid; the untimely payment of state aid has created a hardship for schools by increasing their costs and hindering their ability to remain timely on their obligations; it would be advantageous to the state to be able to issue notes in anticipation of its tax and other revenues in order to
coordinate its cash flow; and pending their use, the proceeds of notes issued in anticipation of tax and other revenues should be invested in order to pay the cost of issuing the notes and as a benefit to the state. It is the purpose of this section and section 12.26 to enable the state to make timely payments of its obligations, including its school aid payments, by securing funds through the issuance of notes in anticipation of the state’s tax and other revenues.

85 Acts, ch 34, §18

12.26 Issuance of revenue anticipation notes.
1. In anticipation of the collection of revenues in and for a fiscal year, the treasurer of state may borrow money, and issue notes for the money, in an amount not exceeding the estimated state revenues for that year. The sums so anticipated are appropriated for the payment of the notes with interest at maturity. The notes may be issued prior to the beginning of a fiscal year, but the notes shall be payable not later than the end of the fiscal year for which they are issued. More than one series of notes may be issued in a fiscal year and the proceeds of notes may be used to retire a prior issue of notes provided that the total outstanding at any one time shall not exceed the limit prescribed in this section. The proceeds from the issuance of notes shall be invested in the same manner as other public funds and shall be used only for the purposes for which the anticipated tax revenues were levied, collected, and appropriated.

2. The principal of and the interest on notes are payable solely out of the taxes and revenues of the state for the fiscal year for which the notes are issued. The notes of each issue shall be dated, shall bear interest at a rate or rates which may be variable according to a method approved by the treasurer of state, without regard to any limit contained in chapter 74A or any other law of this state, and shall mature at a time or times not later than the end of the fiscal year, all as determined by the treasurer of state. The notes may be made redeemable before maturity, at the option of the treasurer of state, at the price and under the terms and conditions provided by the treasurer of state. The treasurer of state shall determine the form of the notes and shall fix the denomination of the notes and the place of payment of principal and interest which may be at any bank within or without the state. The notes shall be executed by the manual or facsimile signatures of the treasurer of state, the director of the department of management, and the director of the department of administrative services. If an official whose signature or a facsimile of whose signature appears on any notes ceases to hold office before the delivery of the notes, the signature or the facsimile is valid and sufficient for all purposes the same as if the official had remained in office until the delivery. All notes issued under this section have the qualities and incidents of negotiable instruments under the laws of this state and without regard to any other law. The notes shall be issued in registered form. The notes may be sold in a manner, at public or private sale, as the treasurer of state may determine without regard to chapter 75.

3. Notes may be issued under this section without obtaining the consent of any officer or agency of this state, and without any other proceedings or conditions other than those proceedings and conditions which are specifically required by this section. The treasurer of state, the director of the department of management, and the director of the department of administrative services are not liable personally on the notes or subject to any personal liability or accountability by reason of the issuance of the notes.

4. As used in this section, “notes” means notes and other obligations, including short term obligations backed by a commercial letter of credit, issued by the treasurer of state pursuant to this section.

Referred to in §12.25

12.28 Centralized financing for state agency purchase of real and personal property.
1. As used in this section, unless the context otherwise requires:
   a. “Financing agreement” means any lease, lease-purchase agreement, or installment acquisition contract in which the lessee may purchase the leased property at a price which is less than the fair market value of the property at the end of the lease term, or any lease,
agreement, or transaction which would be considered under criteria established by the internal revenue service to be a conditional sale agreement for tax purposes.

b. “State agency” means a board, commission, bureau, division, office, department, or branch of state government. However, state agency does not mean the state board of regents, institutions governed by the board of regents, or authorities created under chapter 16, 257C, or 261A.

2. The treasurer of state shall have sole authority to enter into financing agreements on behalf of state agencies. The treasurer of state may enter into financing agreements, including master lease-purchase agreements, for the purpose of funding state agency requests for the financing of real or personal property, wherever located within the state, including equipment, buildings, facilities, and structures, or additions or improvements to existing buildings, facilities, and structures. Subject to the selection procedures of section 12.30, the treasurer may employ financial consultants, banks, trustees, insurers, underwriters, accountants, attorneys, and other advisors or consultants as necessary to implement the provisions of this section. The costs of professional services and any other costs of entering into the financing agreements may be included in the financing agreement as a cost of the property being financed.

3. The financing agreement may provide for ultimate ownership of the property by the state. Title to all property acquired in this manner shall be taken and held in the name of the state. The state shall be the lessee or contracting party under all financing agreements entered into pursuant to this section. The financing agreements may contain provisions pertaining, but not limited to, interest, term, prepayment, and the state’s obligation to make payments on the financing agreement beyond the current budget year subject to availability of appropriations. All projects financed under this section shall be deemed to be for an essential governmental purpose.

4. The treasurer of state may contract for additional security or liquidity for a financing agreement and may enter into agreements for letters of credit, lines of credit, insurance, or other forms of security with respect to rental and other payments due under a financing agreement. Fees for the costs of additional security or liquidity are a cost of entering into the financing agreement and may be paid from funds annually appropriated by the general assembly to the state agency for which the property is being obtained, from other funds legally available, or from proceeds of the financing agreement. The provision of a financing agreement which provides that a portion of the periodic rental or lease payment be applied as interest is subject to chapter 74A. Other laws relating to interest rates do not apply. Chapter 75 does not apply to financing agreements entered into pursuant to this section.

5. Payments and other costs due under financing agreements entered into pursuant to this section shall be payable from funds annually appropriated by the general assembly to the state agency for which the property is being obtained or from other funds legally available. The treasurer of state, in cooperation with the department of administrative services, shall implement procedures to ensure that state agencies are timely in making payments due under the financing agreements.

6. The maximum principal amount of financing agreements which the treasurer of state can enter into shall be one million dollars per state agency in a fiscal year, subject to the requirements of section 8.46. For the fiscal year, the treasurer of state shall not enter into more than one million dollars of financing agreements per state agency, not considering interest expense. However, the treasurer of state may enter into financing agreements in excess of the one million dollar per agency per fiscal year limit if a constitutional majority of each house of the general assembly, or the legislative council if the general assembly is not in session, and the governor, authorize the treasurer of state to enter into additional financing agreements above the one million dollar authorization contained in this section. The treasurer of state shall not enter into a financing agreement for real or personal property which is to be constructed for use as a prison or prison-related facility without prior authorization by a constitutional majority of each house of the general assembly and approval by the governor of the use, location, and maximum cost, not including interest expense, of the real or personal property to be financed. However, financing agreements for an energy conservation measure, as defined in section 7D.34, for an energy management
improvement, as defined in section 473.19, or for costs associated with projects under section 473.13A, are exempt from the provisions of this subsection, but are subject to the requirements of section 7D.34. In addition, financing agreements funded through the materials and equipment revolving fund established in section 307.47 are exempt from the provisions of this subsection.

7. The treasurer of state shall decide upon the most economical method of financing a state agency’s request for funds. The treasurer of state may utilize master lease-purchase agreements, issue certificates of participation in lease-purchase agreements, or use any other financing method or method of sale which the treasurer believes will provide savings to the state in issuance or interest costs.

8. A financing agreement to which the state is a party is an obligation of the state for purposes of chapters 502 and 636, and is a lawful investment for banks, trust companies, building and loan associations, savings and loan associations, investment companies, insurance companies, insurance associations, executors, guardians, trustees, and other fiduciaries responsible for the investment of funds.

9. Publication of any notice, whether under section 73A.12 or otherwise, and other or further proceedings with respect to the financing agreements referred to in this section are not required except as set forth in this section, notwithstanding any provisions of other statutes of the state to the contrary.

   a. “Authority” means a department, or public or quasi-public instrumentality of the state including but not limited to the authority created under chapter 12E, 16, 257C, or 261A, which has the power to issue obligations, except that “authority” does not include the state board of regents or the Iowa finance authority to the extent the Iowa finance authority acts pursuant to chapter 260C. “Authority” also includes a port authority created under chapter 28J.
   b. “Obligations” means notes, bonds, including refunding bonds, and other evidences of indebtedness of an authority.

2. Notwithstanding any other provision of the Code the treasurer shall coordinate the issuance of obligations by authorities. The treasurer, or the treasurer’s designee, shall serve as ex officio nonvoting member of each authority. Prior to the issuance of obligations, an authority shall notify the treasurer of its intention to do so. The treasurer shall:
   a. Select and fix the compensation for, in consultation with the respective authority, through a competitive selection procedure, attorneys, accountants, financial advisors, banks, underwriters, insurers, and other employees and agents which in the treasurer’s judgment are necessary to carry out the authority’s intention. Prior to the initial selection, the treasurer shall, after consultation with the authorities, establish a procedure which provides for a fair and open selection process including, but not limited to, the opportunity to present written proposals and personal interviews. The treasurer shall maintain a list of firms which have requested to be notified of requests for proposal. The selection criteria shall take into consideration, but are not limited to, compensation, expenses, experience with similar issues, scheduling, ability to provide the services of individuals with specific knowledge in the relevant subject matter and length of the engagement. The treasurer may waive the requirements for a competitive selection procedure for any specific employment upon written notice to the executive council stating why the waiver is in the public interest. Upon selection by the treasurer, the authority shall promptly employ the individual or firm and be responsible for payment of costs.
   b. Submit an account to the respective authority for all costs incurred in each transaction. The treasurer will charge an authority for costs of administration. The authority shall disburse to the treasurer the amounts set forth in the account.
c. Direct the investment or deposit of the proceeds of the sale of the obligations, in accordance with the language of the documents drafted to effectuate issuance of the obligations, except for the proceeds necessary to fund the ongoing operations of the authority. This paragraph does not apply to proceeds of obligations issued before July 1, 1986.

d. Collect from an authority and other sources, any statistical and financial information necessary to draft an offering document or prepare a presentation necessary for the issuance or marketing of the obligations.

3. Each respective authority shall consult with the treasurer on the following:
   a. Amount, terms, and conditions of the obligations to be issued by the authority including other provisions deemed necessary by the treasurer or the authority.
   b. The documents or instruments necessary to effectuate issuance of the obligation.
   c. Presentations to rating agencies and marketing activities. The treasurer may choose to participate in these presentations.

4. Professional services, including but not limited to attorneys, accountants, financial advisors, banks, underwriters, insurers, and other employees employed by a project sponsor may be selected by the project sponsor, if the obligation is issued in behalf of the project sponsor and the purchaser of the obligation does not have recourse to the authority or state.

5. The treasurer may delay implementation of this section for up to six months following July 1, 1986, for an authority to facilitate an orderly transition.

The treasurer of state shall have all of the powers which are necessary or convenient to issue, sell, and secure bonds and carry out the treasurer of state’s duties, and exercise the treasurer of state’s authority under this section and sections 12.88 through 12.90. The treasurer of state may issue and sell bonds in such amounts as the treasurer of state determines to be necessary to provide sufficient funds for certain infrastructure projects and the revenue bonds capitals fund, the revenue bonds capitals II fund, the payment of interest on the bonds, the establishment of reserves to secure the bonds, the payment of costs of issuance of the bonds, the payment of other expenditures of the treasurer of state incident to and necessary or convenient to carry out the issuance and sale of the bonds, and the payment of all other expenditures of the treasurer of state necessary or convenient to administer the funds and to carry out the purposes for which the bonds are issued and sold. The treasurer of state may issue and sell bonds as provided in paragraph “b” in one or more series on the terms and conditions the treasurer of state determines to be in the best interest of the state, in accordance with this section in such amounts as the treasurer of state determines to be necessary to fund the purposes for which such bonds are issued and sold.

b. The treasurer of state may issue and sell bonds in amounts which provide aggregate net proceeds of not more than six hundred ninety-five million dollars, excluding any bonds issued and sold to refund outstanding bonds issued under this section, as follows:

2. Bonds issued and sold under this section are payable solely and only out of the moneys in the revenue bonds debt service fund, the revenue bonds federal subsidy holdback fund, and any bond reserve funds established pursuant to section 12.89, and only to the extent provided in the trust indenture, resolution, or other instrument authorizing their issuance. All moneys in the revenue bonds debt service fund, the revenue bonds federal subsidy holdback fund, and
any bond reserve funds established pursuant to section 12.89 may be deposited with trustees or depositories in accordance with the terms of the trust indentures, resolutions, or other instruments authorizing the issuance of bonds and pledged by the treasurer of state to the payment thereof. Bonds issued and sold under this section shall contain a statement that the bonds are limited special obligations of the state and do not constitute a debt or indebtedness of the state or a pledge of the faith or credit of the state or a charge against the general credit or general fund of the state. The treasurer of state shall not pledge the credit or taxing power of this state or any political subdivision of this state or make bonds issued and sold pursuant to this section payable out of any moneys except those in the revenue bonds debt service fund, the revenue bonds federal subsidy holdback fund, and any bond reserve funds established pursuant to section 12.89.

3. The proceeds of bonds issued and sold by the treasurer of state and not required for immediate disbursement may be deposited with a trustee or depository as provided in the bond documents and invested or reinvested in any investment as directed by the treasurer of state and specified in the trust indenture, resolution, or other instrument pursuant to which the bonds are issued and sold without regard to any limitation otherwise provided by law.

4. The bonds, if issued and sold, shall be:
   a. In a form, issued in denominations, executed in a manner, and payable over terms and with rights of redemption, and be subject to such other terms and conditions as prescribed in the trust indenture, resolution, or other instrument authorizing their issuance.
   b. Negotiable instruments and investment securities under the laws of the state and sold at prices, at public or private sale, and in a manner, as prescribed by the treasurer of state. Chapters 73A, 74, 74A, and 75 do not apply to the sale or issuance of the bonds.
   c. Subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest, and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this section and as determined by the trust indenture, resolution, or other instrument authorizing their issuance.

5. The bonds are securities in which public officers and bodies of this state; political subdivisions of this state; insurance companies and associations and other persons carrying on an insurance business; banks, trust companies, savings associations, and investment companies; administrators, guardians, executors, trustees, and other fiduciaries; and other persons authorized to invest in bonds or other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them.

6. Bonds must be authorized by a trust indenture, resolution, or other instrument of the treasurer of state.

7. The resolution, trust indenture, or any other instrument by which a pledge is created shall not be required to be recorded or filed under the Iowa uniform commercial code, chapter 554, to be valid, binding, or effective.

8. Any bonds issued and sold under the provisions of this section are declared to be issued and sold for an essential public and governmental purpose, and all bonds issued and sold under this section except as otherwise provided in any trust indentures, resolutions, or other instruments authorizing their issuance shall be exempt from taxation by the state of Iowa and the interest on the bonds shall be exempt from the state income tax and the state inheritance tax.

9. The treasurer of state may issue and sell bonds for the purpose of refunding any bonds issued and sold pursuant to this section then outstanding, including the payment of any redemption premiums thereon and any interest accrued or to accrue to the date of redemption of the outstanding bonds. Until the proceeds of bonds issued for the purpose of refunding outstanding bonds are applied to the purchase or retirement of outstanding bonds or the redemption of outstanding bonds, the proceeds may be placed in escrow and be invested and reinvested in accordance with the provisions of this section. The interest, income, and profits earned or realized on an investment may also be applied to the payment of the outstanding bonds to be refunded by purchase, retirement, or redemption. After the terms of the escrow have been fully satisfied and carried out, any balance of proceeds and interest earned or realized on the investments shall be returned to the treasurer of state for deposit in the revenue bonds debt service fund established in section 12.89. All refunding
bonds shall be issued, sold and secured and subject to the provisions of this section in the same manner and to the same extent as other bonds issued and sold pursuant to this section.

10. Bonds issued and sold pursuant to this section are limited special obligations of the state and are not a debt or indebtedness of the state, nor of any political subdivision of the state, and do not constitute a pledge of the faith and credit of the state or a charge against the general credit or general fund of the state. The issuance and sale of any bonds pursuant to this section by the treasurer of state do not directly, indirectly, or contingently obligate the state or a political subdivision of the state to apply moneys from or to levy or pledge any form of taxation whatever to, or to continue the appropriation of the funds for, the payment of the bonds. Bonds issued and sold under this section are payable solely and only from moneys in the revenue bonds debt service fund and any reserve fund created in section 12.89 and only to the extent provided in the trust indenture, resolution, or other instrument authorizing their issuance.

11. The treasurer of state may enter into or obtain authorizing documents and other agreements and ancillary arrangements with respect to the bonds as the treasurer of state determines to be in the best interests of the state, including but not limited to trust indentures, resolutions, other instruments authorizing the issuance of the bonds, liquidity facilities, remarketing or dealer agreements, letter of credit agreements, insurance policies, guaranty agreements, reimbursement agreements, indexing agreements, or interest rate exchange agreements.

12. Neither the treasurer of state, the Iowa finance authority, nor any person acting on behalf of the treasurer of state or the Iowa finance authority while acting within the scope of their employment or agency, is subject to personal liability resulting from carrying out the powers and duties conferred by this section and sections 12.88 through 12.90.

§12.89, TREASURER OF STATE

f. Any other moneys from any other sources which may be legally available to the treasurer of state for the purpose of the fund.

3. a. The treasurer of state may create and establish one or more special funds, to be known as bond reserve funds, to secure one or more issues of bonds issued and sold pursuant to section 12.87. The treasurer of state shall pay into each bond reserve fund any moneys appropriated and made available for the purpose of the fund, any proceeds of sale of bonds to the extent provided in the trust indenture, resolution, or other instrument authorizing their issuance, and any other moneys which may be legally available to the treasurer of state for the purpose of the fund from any other sources. All moneys held in a bond reserve fund shall be used or transferred to the revenue bonds debt service fund to be used as required solely to make the payments authorized to be made from such fund pursuant to subsection 1.

b. Moneys in a bond reserve fund shall not be transferred or withdrawn from the fund at any time in an amount that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, as provided in this subsection, except for the purpose of making, with respect to bonds secured in whole or in part by the fund, the payments authorized to be made from such fund pursuant to subsection 1 for the payment of which sufficient moneys in the revenue bonds debt service fund are not available. Any income or interest earned by, or incremental to, a bond reserve fund due to the investment of moneys in the bond reserve fund may be transferred by the treasurer of state to other funds or accounts to the extent the transfer does not reduce the amount of that bond reserve fund below the established bond reserve fund requirement.

c. The treasurer of state shall not at any time issue and sell bonds, secured in whole or in part by a bond reserve fund if, upon the issuance of the bonds, the amount in the bond reserve fund will be less than the bond reserve fund requirement for the fund, unless the treasurer of state at the time of issuance of the bonds deposits in the fund from the proceeds of the bonds issued or from other legally available sources an amount which, together with the amount then in the fund, will not be less than the bond reserve fund requirement for the fund. For the purposes of this subsection, the term “bond reserve fund requirement” means, as of any particular date of computation, an amount of moneys, as provided in the trust indenture, resolution, or other instrument authorizing the bonds with respect to which the fund is established.

d. To assure the continued solvency of any bonds secured by a bond reserve fund, provision is made in paragraph “c” for the accumulation in each bond reserve fund of an amount equal to the bond reserve fund requirement for the fund. In order further to assure maintenance of the bond reserve funds, the treasurer of state shall, on or before January 1 of each calendar year, make and deliver to the governor and to both houses of the general assembly the treasurer of state’s certificate stating the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund and requesting that the budget and appropriation bills approved for such fiscal year include amounts sufficient to restore each bond reserve fund to the bond reserve fund requirement for such fund. Within thirty days after the beginning of the session of the general assembly next following the delivery of the certificate, the governor may submit to both houses printed copies of a budget including the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund. Any sums appropriated by the general assembly and paid to the treasurer of state pursuant to this subsection shall be deposited by the treasurer of state in the applicable bond reserve fund.

4. Except as otherwise provided in this section, the moneys on deposit in the revenue bonds debt service fund or any bond reserve fund relating to bonds issued pursuant to section 12.87 shall be held for the sole benefit of the bonds and shall not be pledged or used for the benefit of any bonds issued by the treasurer of state pursuant to any other section of the Code.

5. Moneys in the revenue bonds debt service fund and any bond reserve fund created pursuant to this section are not subject to section 8.33; provided however, that on August 31 following the close of each fiscal year, any moneys on deposit in the revenue bonds debt service fund at the end of such fiscal year, which is determined by the treasurer of state to not be encumbered or obligated or otherwise necessary to make the payments for such fiscal year authorized to be made from such fund pursuant to subsection 1, shall be credited to
the rebuild Iowa infrastructure fund created in section 8.57. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the revenue bonds debt service fund and any bond reserve fund shall be credited to such funds.

4. The moneys on deposit in the revenue bonds federal subsidy holdback fund shall be used or transferred to the revenue bonds debt service fund created in section 12.89, subsection 1, solely for the purpose of making payments of principal and interest on federal subsidy bonds prior to any use or transfer of moneys on deposit in any bond reserve fund created for such federal subsidy bonds by the treasurer of state pursuant to section 12.89, subsection 3, paragraph “a”.
5. The treasurer of state may issue bonds in principal amounts which, in the opinion of the treasurer, are necessary to provide sufficient funds for the costs of the project, the payment of interest on the bonds, the establishment of reserves to secure the bonds, the costs of issuance of the bonds, other expenditures of the treasurer of state incident to and necessary or convenient to carry out the bond issue, and all other expenditures of the utilities board and the department of administrative services in connection with the construction of the project. The bonds are investment securities and negotiable instruments within the meaning of and for purposes of the Iowa uniform commercial code, chapter 554.

3. Bonds issued under this section are payable solely and only out of the moneys, assets, or revenues of the chargeable expenses fund and any bond reserve funds established pursuant to this section, all of which may be held by the treasurer of state or deposited with trustees or depositaries in accordance with bond or security documents and pledged by the treasurer of state to the payment thereof. Bonds issued under this section shall contain a statement that the bonds do not constitute an indebtedness of the state. The treasurer of state shall not pledge the credit or taxing power of this state or any political subdivision of this state or make bonds issued pursuant to this section payable out of any moneys except those in the chargeable expenses fund and any bond reserve funds established pursuant to this section.

4. The proceeds of bonds issued by the treasurer of state and not required for immediate disbursement may be deposited with a trustee or depository as provided in the bond documents and invested or reinvested in any investment as directed by the treasurer of state and specified in the trust indenture, resolution, or other instrument pursuant to which the bonds are issued, without regard to any limitation otherwise provided by law.

5. The bonds shall be:
   a. In a form, issued in denominations, executed in a manner, and payable over terms and with rights of redemption, and be subject to such other terms and conditions as prescribed in the trust indenture, resolution, or other instrument authorizing their issuance.
   b. Negotiable instruments under the laws of the state and may be sold at prices, at public or private sale, and in a manner, as prescribed by the treasurer of state. Chapters 73A, 74, 74A, and 75 do not apply to the sale or issuance of the bonds.

6. The bonds are securities in which public officers and bodies of this state; political subdivisions of this state; insurance companies and associations and other persons carrying on an insurance business; banks, trust companies, savings associations, and investment companies; administrators, guardians, executors, trustees, and other fiduciaries; and other persons authorized to invest in bonds or other obligations of the state may properly and legally invest funds, including capital, in their control or belonging to them.

7. Bonds must be authorized by a trust indenture, resolution, or other instrument of the treasurer of state.

9. Bonds issued under the provisions of this section are declared to be issued for a general public and governmental purpose and all bonds issued under this section shall be exempt from taxation by the state of Iowa and the interest on the bonds shall be exempt from the state income tax and the state inheritance tax.

10. Subject to the terms of any bond documents, moneys in the chargeable expenses fund may be expended for administration expenses of the treasurer of state in connection with the bonds.

11. The treasurer of state may issue bonds for the purpose of refunding any bonds issued pursuant to this section then outstanding, including the payment of any redemption premiums thereon and any interest accrued or to accrue to the date of redemption of the outstanding bonds. Until the proceeds of bonds issued for the purpose of refunding outstanding bonds are applied to the purchase or retirement of outstanding bonds or the redemption of outstanding bonds, the proceeds may be placed in escrow and be invested and reinvested in accordance with the provisions of this section. The interest, income, and profits earned or realized on an investment may also be applied to the payment of the outstanding bonds to be refunded by purchase, retirement, or redemption. After the terms of the escrow have been fully satisfied and carried out, any balance of proceeds and interest earned or realized on the investments may be returned to the treasurer of state for deposit in the chargeable expenses fund unless all bonds issued under the provisions of this section have been retired, in which case the proceeds shall be deposited in the general fund of the state. All refunding bonds shall be issued and secured and subject to the provisions of this chapter in the same manner and to the same extent as other bonds issued pursuant to this section.

12. A chargeable expenses fund is created and established as a separate and distinct fund in the state treasury. The moneys in the fund are appropriated for payment of the principal of, premium, and interest on any bonds issued under this section. Moneys in the fund shall not be subject to appropriation for any other purpose by the general assembly, but shall be used only for the purposes of the chargeable expenses fund. The treasurer of state shall act as custodian of the fund and disburse moneys contained in the fund for payment of the principal of, premium, and interest on any bonds issued under this section. Notwithstanding section 476.10, there shall in each fiscal year be deposited in the chargeable expenses fund from amounts collected by the utilities board as chargeable expenses an amount equal to the principal of, premium, if any, and interest on any bonds issued under this section to become due, whether at maturity, by call for optional redemption or by sinking fund redemption, in such fiscal year. The treasurer of state is authorized to pledge any amounts in the chargeable expenses fund as security for the payment of the principal of, premium, and interest on any bonds issued under this section. The treasurer of state may provide in the trust indenture, resolution, or other instrument authorizing the issuance of bonds for the transfer to the general fund of the state of any amounts on deposit in the chargeable expenses fund that are not necessary for the payment of the principal of, premium, and interest on any bonds issued under this section.

13. Moneys in the chargeable expenses fund are not subject to section 8.33. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the fund shall be credited to the fund.

14. a. The treasurer of state may create and establish one or more special funds, to be known as "bond reserve funds", to secure one or more issues of bonds issued pursuant to this
section. The treasurer of state shall pay into each bond reserve fund any moneys appropriated and made available by the state or the treasurer of state for the purpose of the fund, any proceeds of sale of bonds to the extent provided in the resolutions authorizing their issuance, and any other moneys which may be available to the treasurer of state for the purpose of the fund from any other sources. All moneys held in a bond reserve fund, except as otherwise provided in this chapter, shall be used as required solely for the payment of the principal of bonds secured in whole or in part by the fund or of the sinking fund payments with respect to the bonds, the purchase or redemption of the bonds, the payment of interest on the bonds, or the payments of any redemption premium required to be paid when the bonds are redeemed prior to maturity.

b. Moneys in a bond reserve fund shall not be withdrawn from it at any time in an amount that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, as provided in this subsection, except for the purpose of making, with respect to bonds secured in whole or in part by the fund, payment when due of principal, interest, redemption premiums, and the sinking fund payments with respect to the bonds for the payment of which other moneys of the treasurer of state are not available. Any income or interest earned by, or incremental to, a bond reserve fund due to the investment of it may be transferred by the treasurer of state to other funds or accounts to the extent the transfer does not reduce the amount of that bond reserve fund below the bond reserve fund requirement for that bond reserve fund. For the purposes of this subsection, the term “bond reserve fund requirement” means, as of any particular date of computation, an amount of money, as provided in the resolutions authorizing the bonds with respect to which the fund is established.

c. The treasurer of state shall comply with the provisions of section 476.10B in order to assure the maintenance of any bond reserve funds established under this section.

15. It is the intent of the general assembly that a pledge made in respect of bonds issued under this section shall be valid and binding from the time the pledge is made, that the money or property so pledged and received after the pledge by the treasurer of state shall immediately be subject to the lien of the pledge without physical delivery or further act, and that the lien of the pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the treasurer of state whether or not the parties have notice of the lien.

16. Bonds issued pursuant to this section are not debts of the state, nor of any political subdivision of the state, and do not constitute a pledge of the faith and credit of the state or a charge against the general credit or general fund of the state. The issuance of any bonds pursuant to this section by the treasurer of state does not directly, indirectly, or contingently obligate the state or a political subdivision of the state to apply moneys from, or to levy or pledge any form of taxation whatever to, the payment of the bonds. Bonds issued under this section are payable solely and only from the sources and special fund provided in this section.

17. This section, being necessary for the welfare of this state and its inhabitants, shall be liberally construed to effect its purposes.

#### 12A.2 Provisions applicable.

An issuer may issue bonds in accordance with the provisions of this chapter if enabling legislation enacted on or after July 1, 2007, provides that the bonds shall or may be issued in accordance with the provisions of this chapter. The issuer shall not pledge the credit or taxing power of the state or any political subdivision of the state; create an obligation, indebtedness, or debt of the state or any political subdivision of the state within the meaning of any constitutional or statutory debt limitations; or make its bonds payable out of any moneys except those pledged in the enabling legislation and any bond reserve funds established by the issuer.

§12A.4, UNIFORM FINANCE PROCEDURES FOR STATE-ISSUED BONDS

12A.4 General powers.

1. An issuer may issue bonds under this chapter and do all things necessary with respect to the issuance of the bonds. An issuer shall have all of the powers necessary to issue and secure bonds and carry out the purposes for which the bonds are to be issued, including the power to secure credit enhancement or support and to enter into agreements providing interest rate protection, as deemed appropriate by the issuer. The issuer may issue bonds in principal amounts consistent with the enabling legislation and which the issuer determines are necessary to provide sufficient funds for the purposes for which the bonds are issued, and to provide for the payment of capitalized interest on the bonds, the establishment of reserves to secure the bonds, the payment of the costs of issuance of the bonds, the payment of other expenditures of the issuer incident to and necessary or convenient to carry out the issue, and the payment of all other expenditures necessary or convenient to carry out the purposes for which the bonds are issued.

2. The proceeds of bonds issued by the issuer and not required for immediate disbursement may be deposited with a trustee or depository or the treasurer of state as provided in the authorizing documents. Proceeds shall be invested or reinvested as directed by the treasurer of state and specified in the authorizing documents without regard to any limitation otherwise provided by law.

3. Bonds shall be issued as follows:
   a. In a form, issued in denominations, executed in a manner, and payable over terms and with rights of redemption, and subject to such other terms and conditions as prescribed in the authorizing documents.
   b. Sold at prices, at public or private sale, and in a manner, as prescribed by the issuer. Chapters 73A, 74, 74A, 75, and 76 do not apply to the sale, issuance, or retirement of the bonds if this chapter is utilized.
   c. Subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest, and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this chapter and as determined by the authorizing documents.

4. Bonds issued under this chapter are investment securities and negotiable instruments within the meaning of and for purposes of the uniform commercial code, chapter 554. Bonds are securities in which public officers and bodies of this state; political subdivisions of this state; insurance companies and associations and other persons carrying on an insurance business; banks, trust companies, savings associations, and investment companies; administrators, guardians, executors, trustees, and other fiduciaries; and other persons authorized to invest in bonds of the state, may properly and legally invest funds, including capital, in their control or belonging to them.

5. Bonds must be authorized by the authorizing documents. The authorizing documents may, however, delegate to an officer of a board or of a governing body of an issuer the power to negotiate and fix the details of an issue of bonds.

6. A resolution, trust agreement, or any other instrument by which a pledge is created shall not be required to be recorded or filed under the uniform commercial code, chapter 554, to be valid, binding, or effective.

7. Subject to the terms of the authorizing documents, the proceeds of bonds may be expended for administrative expenses.

8. An issuer may issue bonds for the purpose of refunding any bonds then outstanding, including the payment of any redemption premiums thereon and any interest accrued or to accrue to the date of redemption of the outstanding bonds. Until the proceeds of bonds issued for the purpose of refunding outstanding bonds are applied to the purchase or retirement of outstanding bonds or the redemption of outstanding bonds, the proceeds may be placed in escrow and be invested and reinvested in accordance with the provisions of this chapter, the authorizing documents, and any applicable escrow agreement. The interest, income, and profits earned or realized on an investment may also be applied to the payment of the outstanding bonds to be refunded by purchase, retirement, or redemption. After the terms of the escrow have been fully satisfied and carried out, any balance of proceeds and interest earned or realized on the investments shall be returned to the issuer. All refunding bonds
shall be issued and secured and subject to the provisions of this chapter in the same manner and to the same extent as other bonds issued pursuant to this chapter.

12A.5 Reserve funds.
1. An issuer may create and establish one or more special funds, to be known as bond reserve funds, to secure one or more issues of bonds. The issuer shall pay into each bond reserve fund any moneys appropriated and made available by the state for the purpose of that reserve fund, any proceeds of the sale of bonds to the extent provided in the authorizing documents, and any other moneys which may be legally available from any other sources and which the issuer determines to deposit in the reserve fund. All moneys held in a bond reserve fund, except as otherwise provided in this chapter, shall be used solely for the payment of the principal of bonds secured in whole or in part by the fund or other payments with respect to the bonds, the purchase or redemption of the bonds, the payment of interest on the bonds, or the payments of any redemption premium required to be paid when the bonds are redeemed prior to maturity, all in accordance with the authorizing documents.

2. Except as otherwise specified in the authorizing documents, moneys in a bond reserve fund shall not be withdrawn at any time in an amount that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, except for the purpose of making payment as described in subsection 1. For the purposes of this chapter, “bond reserve fund requirement” means, as of any particular date of computation, the amount of moneys, provided in the authorizing documents with respect to which the fund is established. Any income or interest earned by, or incremental to, a bond reserve fund due to its investment may be transferred to other funds or accounts as provided in the authorizing documents to the extent the transfer does not reduce the amount of that bond reserve fund below its bond reserve fund requirement.

3. The issuer shall not at any time issue bonds, secured in whole or in part by a bond reserve fund, if, upon the issuance of the bonds, the amount in the bond reserve fund for the bonds will be less than the bond reserve fund requirement for the fund, unless the issuer at the time of issuance of the bonds deposits in the fund from the proceeds of the bonds issued or from other legally available sources an amount which, together with the amount then in the fund, will not be less than the bond reserve fund requirement for the fund.

12A.6 Pledge of funds.
1. Any amounts authorized to be pledged as security for bonds may be held in separate and distinct funds in the state treasury, unless otherwise specified in the authorizing documents. Moneys so held shall not be subject to appropriation for any other purpose by the general assembly, but shall be used only for debt service on the bonds and other amounts as set forth in the authorizing documents. The treasurer of state may act as custodian of the funds and disburse moneys contained in the funds as directed by the authorizing documents.

2. Moneys in any fund pledged as security for bonds are not subject to section 8.33. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the funds shall be credited to the applicable fund.

12A.7 Authorizing documents provisions.
The authorizing documents may contain the following provisions:
1. Pledges or assignments of the revenue of a project with respect to which the bonds are to be issued or the revenue of other property or facilities.
2. The setting aside of reserves or sinking funds, and their regulation, investment, and disposition.
3. Limitations on the use of a project, property, or facilities.
4. Limitations on the purpose to which or the investments in which the proceeds of sale of an issue of bonds then or thereafter to be issued may be applied and pledging the proceeds to secure the payment of the bonds.
5. Limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured, and the refunding of outstanding bonds.

6. The procedure, if any, by which the terms of any contract with the holder of a bond may be amended or abrogated, the amount of bonds may be specified for which the holders must consent to amendment or abrogation, and the manner in which the consent may be given.

7. Definitions of the acts or omissions to act which constitute a default in the duties of the issuer to holders of bonds, specifying any rights and remedies of the holders in the event of a default, and restricting the individual right of action by holders.

8. Other matters relating to the bonds as may be provided by the issuer.

12A.8 Bonds secured by authorizing documents.

The authorizing documents may pledge or assign the revenue to be received for payment of the bonds or the proceeds of any contract pledged. A pledge or assignment made by the issuer pursuant to this chapter is valid and binding from the time that the pledge or assignment is made, and the revenue pledged and thereafter received by the issuer is immediately subject to the lien of the pledge or assignment without physical delivery or any further act. The lien of the pledge or assignment is valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the issuer irrespective of whether the parties have notice of the lien. The authorizing documents may contain other provisions the issuer deems reasonable and proper for the security of the bond holders.

2007 Acts, ch 133, §8; 2008 Acts, ch 1065, §8

12A.10 State law.

The state reserves the right at any time to alter, amend, repeal, or otherwise change the structure, organization, programs, or activities of any issuer, including the power to terminate the issuer, except that a law shall not be enacted that impairs any obligation made pursuant to any contract entered into by the issuer with or on behalf of the holders of the bonds to the extent that any such law would contravene Article I, section 21, of the Constitution of the State of Iowa or Article I, section 10, of the Constitution of the United States.

2007 Acts, ch 133, §10; 2008 Acts, ch 1065, §9

The powers granted issuers under this chapter are in addition to the powers of each issuer contained elsewhere in the Code. Nothing in this chapter limits the powers of an issuer to issue bonds under any other applicable provisions of the Code or to otherwise carry out its responsibilities as otherwise set forth in the Code.

12A.12 Construction.

This chapter, being necessary for the welfare of this state and its inhabitants, shall be liberally construed to effect its purpose.

The committee member may specify who, at minimum, shall represent the bank at the meeting. At the meeting, or at any other time, the bank may, but is not required to, enter into an agreement with a complainant to correct alleged failings.

The credit union may give to the public officer a corporate surety bond of a surety corporation approved by the treasury department of the United States and authorized to do business in this state, which bond shall be in an amount equal to the public funds on deposit at any time. The bond shall be conditioned that the deposit shall be paid promptly on the order of the public officer making the deposit and shall be approved by the officer making the deposit.

b. (1) The credit union may deposit, maintain, pledge and assign for the benefit of the public officer in the manner provided in this chapter, securities approved by the public officer, the market value of which is not less than one hundred ten percent of the total deposits of public funds placed by that public officer in the credit union.      b. The securities shall be deposited pursuant to a bailment agreement with a financial institution having facilities for the safekeeping of securities and doing business in the state. A financial institution which receives securities for safekeeping is liable to the public officer to whom the securities are pledged for any loss suffered by the public officer if the financial institution relinquishes custody of the securities contrary to the provisions of this chapter or the instrument governing the pledge of the securities.
     c. The securities shall be deposited with the federal reserve bank, the federal home loan bank of Des Moines, Iowa, a corporate central credit union organized under section 533.213, or a corporate credit union whose activities are subject to regulation by the national credit union administration pursuant to a bailment agreement or a pledge custody agreement.

  1. Securities pledged pursuant to this chapter may be withdrawn on application of the pledging depository institution, and as to securities pledged by a credit union upon approval of the public officer to whom the securities are pledged, if the deposit of securities is no longer necessary to comply with this chapter, or withdrawal is required for collection by virtue of
maturity or exchange. The depository institution shall replace securities so withdrawn for collection or exchange.

2. In an exchange of deposited securities for new securities, the amount of security on deposit at any time shall not be decreased below that otherwise required by this chapter.

3. In the event of substitution, addition, or exchange of securities, the holder or custodian of the securities shall, on the same day, forward by regular mail to the public officer and the credit union, a receipt specifically describing and identifying both the substituted or additional securities.

4. On or before the twentieth day of February, May, August, and November of each year, the superintendent shall notify the treasurer of state of the amount of collateral required to be pledged as of the end of the previous calendar quarter based upon the certification provided to the superintendent under subsection 1 or 2 and a review by the superintendent of the quarterly call report filed by each bank that is not an out-of-state bank.

12C.22 Required collateral — banks.

1. A bank shall pledge to the treasurer of state the amount of collateral required under subsection 2 by depositing the collateral in restricted accounts at a financial institution that has been designated by the treasurer of state and that is not owned or controlled directly or indirectly by the bank pledging the collateral or any affiliate of the bank as defined in section 524.1101. Each bank shall execute as debtor and deliver to the treasurer of state a security agreement and such other documents, instruments, and agreements in form approved by the treasurer of state as are required to grant to the treasurer of state, as secured party in its capacity as agent for the depositors of all public funds from time to time deposited in the bank, a perfected security interest in the collateral described in the security agreement. 2. The amount of the collateral required to be pledged by a bank shall at all times equal or exceed the total of the amount by which the public funds deposits in the bank exceeds the total capital of the bank. For purposes of this section, deposits that comply with section 12B.10, subsection 7, that are evidenced either by one or more certificates of deposit or one or more orders for the next business day settlement and issuance of certificates of deposit, by a federally insured bank or savings association other than the depository, or that are public funds placed in accordance with section 12B.10, subsection 7, shall not be deemed public funds deposits in the bank or savings association. For purposes of this chapter, unless the context otherwise requires, “total capital of the bank” means its tier one capital plus both of the following components of tier two capital:

a. Qualifying subordinated debt and redeemable preferred stock.

b. Cumulative perpetual preferred stock.

c. The amount of collateral pledged by an out-of-state bank that operates a branch in Iowa shall be calculated in accordance with the following formula:

   c. Establish procedures for the valuation of collateral that does not have a readily ascertainable market value.
   d. Establish procedures for adding collateral, releasing collateral, and substituting different collateral for collateral pledged under this section.
   e. Establish procedures to determine the amount of the uninsured public funds of each bank or branch of an out-of-state bank as of the date of closing of a closed bank and the amount of the assessment to be made upon each bank.
   f. Establish additional procedures necessary to administer this chapter and other rules as may be necessary to accomplish the purposes of this chapter.
   g. Provide forms and procedures for compliance with this chapter, including electronic compliance.
   h. Establish amounts and procedures for payment of fees to cover the costs of administration of this chapter.

6. The collateral used to secure public deposits shall be in one or more of the following forms acceptable to the treasurer of state:

   b. Investment securities, as defined in section 524.901, subsection 1, paragraph “a”, representing general obligations of a state or a political subdivision of a state that is

c. Investment securities, as defined in section 524.901, subsection 1, paragraph “a”, representing general obligations of a state or a political subdivision of a state that is not contiguous with the state, provided that such investment securities are rated within the two highest grades according to a reputable rating service.

12C.23 Payment of losses in a credit union.

1. a. The pledging of securities by a credit union pursuant to this chapter constitutes consent by the credit union to the disposition of the securities in accordance with this section.

b. The acceptance of public funds by a credit union pursuant to this chapter constitutes consent by the credit union to assessments by the treasurer of state in accordance with this chapter.

2. The credit union and the security given for the public funds in its hands are liable for payment if the credit union fails to pay a check, draft, or warrant drawn by the public officer or to account for a check, draft, warrant, order, or certificates of deposit, or any public funds entrusted to it if, in failing to pay, the credit union acts contrary to the terms of an agreement between the credit union and the public body treasurer. The credit union and the security given for the public funds in its hands are also liable for payment if the credit union fails to pay an assessment by the treasurer of state when the assessment is due.

3. If a credit union is closed by its primary regulatory officials, the public body with deposits in the credit union may sell the collateral to pay for any loss of principal and accrued interest.

a. In cooperation with the responsible regulatory officials for the credit union, the public body shall validate the amount of public funds on deposit at the defaulting credit union and the amount of deposit insurance applicable to the deposits.

b. The loss to public depositors shall be satisfied, first through any applicable deposit insurance and then through the sale of securities pledged by the defaulting credit union, and then the assets of the defaulting credit union. The priority of claims are those established pursuant to section 533.404, subsection 1, paragraph “b”. To the extent permitted by federal law, in the distribution of an insolvent federally chartered credit union’s assets, the order of payment of liabilities if its assets are insufficient to pay in full all its liabilities for which claims are made shall be in the same order as for the equivalent type of state chartered credit union as provided in section 533.404, subsection 1, paragraph “b”.

c. The claim of a public depositor for purposes of this section shall be the amount of the depositor’s deposits plus interest to the date the funds are distributed to the public depositor at the rate the credit union agreed to pay on the funds reduced by the portion of the funds which is insured by federal deposit insurance.

d. If the loss to public funds is not covered by insurance and the proceeds of the failed credit union’s assets which are liquidated within thirty days of the closing of the credit union

and pledged collateral, the treasurer shall provide coverage of the remaining loss from the state sinking fund for public deposits in credit unions. If the funds are inadequate to cover the entire loss, then the treasurer shall make an assessment against other credit unions who hold public funds. The assessment shall be determined by multiplying the total amount of the remaining loss to public depositors by a percentage that represents the average of public funds deposits held by all credit unions during the preceding twelve-month period ending on the last day of the month immediately preceding the month the credit union was closed. Each credit union shall pay its assessment to the treasurer within three business days after it receives notice of assessment. If a credit union fails to pay its assessment when due, the treasurer of state shall initiate a lawsuit to collect the assessment. If a credit union is found to have failed to pay the assessment as required by this paragraph, the court shall order it to pay the assessment, court costs, reasonable attorney’s fees based upon the amount of time the attorney general’s office spent preparing and bringing the action, and reasonable expenses incurred by the treasurer of state’s office. Idle balances in the fund are to be invested by the treasurer with earnings credited to the fund. Fees paid by credit unions for administration of this chapter will be credited to the fund and the treasurer may deduct actual costs of administration from the fund.

e. Any amount realized from the sale of collateral pursuant to paragraph “d”, in excess of the amount of a credit union's assessment, shall continue to be held by the treasurer, in the same interest-bearing investments available for public funds, as collateral until that credit union provides substitute collateral or is otherwise entitled to its release.

12C.23A Payment of losses in a bank.
1. The acceptance of public funds by a bank pursuant to this chapter constitutes all of the following:
   a. Agreement by the bank to pledge collateral as required by section 12C.22.
   b. Consent by the bank to the disposition of the collateral in accordance with this section.
   c. Consent by the bank to assessments by the treasurer of state in accordance with this chapter.
   d. Agreement by the bank to provide accurate information and to otherwise comply with the requirements of this chapter.
   e. Consent to the jurisdiction and authority of the superintendent as provided under section 12C.29.
2. A bank is liable for payment if the bank fails to pay a check, draft, or warrant drawn by a public funds depositor or to account for a check, draft, warrant, order, or certificate of deposit, or any public funds entrusted to the bank if, in failing to pay, the bank acts contrary to the terms of an agreement between the bank and the public funds depositor. The bank is also liable to the treasurer of state for payment if the bank fails to pay an assessment by the treasurer of state under subsection 3 when the assessment is due.
3. If a bank is closed by its primary state or federal regulator, including a bank that has accepted public funds deposits under section 12B.10, subsection 7, each public funds depositor with deposits in the bank shall notify the treasurer of state of the amount of any claim within thirty days of the closing. The treasurer of state shall implement the following procedures:
   a. In cooperation with the responsible regulatory officials for the closed bank, the treasurer shall validate the amount of public funds on deposit at the closed bank and the amount of deposit insurance applicable to the deposits.
   b. Any loss to a public funds depositor shall be satisfied first by any federal deposit insurance, then by the sale or other disposition of collateral pledged by the closed bank,
then from the assets of the closed bank. To the extent permitted by federal law, the priority of claims are those established pursuant to section 524.1312, subsection 2. To the extent permitted by federal law, in the distribution of an insolvent federally chartered bank’s assets, the order of payment of liabilities, if its assets are insufficient to pay in full all its liabilities for which claims are made, shall be in the same order as for a state bank as provided in section 524.1312, subsection 2.

c. The claim of a public funds depositor for purposes of this section shall be the amount of the depositor’s public funds deposits plus interest to the date the funds are distributed to the public funds depositor at the rate the bank agreed to pay on the public funds reduced by the portion of the public funds that is insured by federal deposit insurance.

d. If the loss of public funds is not covered by federal deposit insurance and the proceeds of the closed bank’s assets that are liquidated within thirty days of the closing of the bank are not sufficient to cover the loss, then any further payments to cover the loss will come from the state sinking fund for public deposits in banks. If the balance in that sinking fund is inadequate to pay the entire loss, then the treasurer shall obtain the additional amount needed by making an assessment against other banks whose public funds deposits exceed federal deposit insurance coverage. A bank’s assessment shall be determined by multiplying the total amount of the remaining loss to all public depositors in the closed bank by a percentage that represents the assessed bank’s proportional share of the total of uninsured public funds deposits held by all banks and all branches of out-of-state banks, based upon the average of the uninsured public funds of the assessed bank or branch of an out-of-state bank as of the end of the four calendar quarters prior to the date of closing of the closed bank and the average of the uninsured public funds in all banks and branches of out-of-state banks as of the end of the four calendar quarters prior to the date of closing of the closed bank, excluding the amount of uninsured public funds held by the closed bank at the end of the four calendar quarters. Each bank shall pay its assessment to the treasurer of state within three business days after it receives notice of assessment. For purposes of this section, when calculating uninsured public funds, a bank shall include all deposits of customers of other financial institutions as permitted by section 12B.10, subsection 7.

e. If a bank fails to pay its assessment when due, the treasurer of state shall make additional assessments as may be necessary against other banks that hold uninsured public funds to satisfy any unpaid assessment. Any additional assessments shall be determined, collected, and satisfied in the same manner as the first assessment except that in calculating the amount of each such additional assessment, the amount of uninsured public funds held by the bank that fails to pay the assessment shall not be counted.

f. If a bank fails to pay its assessment when due, the treasurer of state shall notify the superintendent or the comptroller of the currency, as applicable, of the failure to pay the assessment. If the bank that has failed to pay the assessment is a nationally chartered financial institution, the superintendent shall immediately notify the bank’s primary federal regulator. If the assessment is not paid within thirty days after the bank received the notice of assessment, the treasurer of state shall initiate a lawsuit to collect the amount of the assessment. 3. An order issued pursuant to this section shall contain a concise statement of the facts forming the basis for issuing the order and shall provide the bank an opportunity to appeal the order by requesting a hearing. If the bank requests a hearing, the hearing shall be fixed for a date not later than thirty days after the service of the order unless a later date is set at the request of the bank. If upon the record made at the hearing, the superintendent finds that the grounds for the order have been established, the superintendent may issue and serve upon the bank an order upholding the original order. If the superintendent finds the grounds for the order have not been established, the superintendent shall set aside the original order or modify the order, as the superintendent deems appropriate. An administrative law judge may assist the superintendent at the hearing or, at the superintendent's request, preside over the hearing. The hearing shall not be open to the public. 4. An order issued pursuant to this section shall be confidential, and the Polk county district court shall review the record in camera and shall maintain filings of any judicial review filed pursuant to subsection 3 under seal.

5. This section is intended to provide the superintendent additional authority and regulatory flexibility in regulating a bank that accepts public funds deposits and whose financial condition, level of public funds, or level of collateral may pose a greater than normal risk of loss coverage from the state sinking fund applicable for uninsured and unsecured public funds.

This chapter shall not restrict or limit the powers which the authority has under any other law of this state, but is cumulative as to any such powers. A proceeding, notice, or approval is not required for the creation of the authority or the issuance of obligations or an instrument as security, except as provided in this chapter.

12E.9 Authorization of the sale of rights in the master settlement agreement.
1. a. The governor or the governor’s designee shall sell and assign all or a portion of the state’s share to the authority pursuant to one or more sales agreements for the purpose of securitization as described in the program plan and as specified in section 12E.10. The attorney general shall assist the governor in the preparation and review of all necessary documentation to effect such a sale as soon as reasonably practicable.
   b. Any sales agreement shall be consistent with the program plan and this chapter. The terms and conditions of the sale established in such sales agreement may include but are not limited to any of the following:
(1) A requirement that the state enforce, at the sole expense of the authority, the provisions of the master settlement agreement that require payment of the state’s share that has been sold to the authority under a sales agreement.

(2) A requirement that the state not agree to any amendment of the master settlement agreement that materially and adversely affects the authority’s ability to receive the state’s share that has been sold to the authority.

(3) An agreement that the anticipated use by the state of bond proceeds received pursuant to the sales agreement shall be for capital projects, certain debt service on outstanding obligations that funded capital projects, payment of attorney fees related to the master settlement agreement, and to provide a secure and stable source of funding to the state for purposes designated by section 12E.3A and other provisions of this chapter.

(4) A statement that the net proceeds from the sale of bonds shall be deposited in the tobacco settlement trust fund established under section 12E.12 and that in no event shall the amounts in the trust fund be available or be applied for payment of bonds or any claim against the authority or any debt or obligation of the authority.

(5) A requirement that the net proceeds received by the authority from the sale of any tax-exempt bonds issued to provide funds for capital projects, certain debt service, and attorney fees related to the master settlement agreement be paid by the authority to the state as consideration for the sale of that portion of the state’s share, that such net proceeds be deposited by the state upon receipt in the tax-exempt bond proceeds restricted capital funds account of the tobacco settlement trust fund, and that such proceeds are to be held by the authority solely for the benefit of the state, subject to annual appropriation by the state in accordance with section 12E.10, subsection 1, paragraph “b”.

(6) A requirement that the net proceeds received by the authority from the sale of taxable bonds or tax-exempt bonds issued to provide funds for the purposes specified in section 12E.3A be deposited in the endowment for Iowa’s health account of the tobacco settlement trust fund as moneys of the authority until transferred to the state pursuant to section 12E.12, subsection 1, paragraph “b”, subparagraph (3). Each amount transferred shall be the consideration received by the state for that portion of the state’s share.

(7) An agreement that the effective date of the sale is the date of receipt of the bond proceeds by the authority and the deposits of the net proceeds of the tax-exempt bonds and any taxable bonds in the respective accounts of the tobacco settlement trust fund.

2. The sale made under this section shall be irrevocable during the time when bonds are outstanding under this chapter, and shall be a part of the contractual obligation owed to the bondholders. The sale shall constitute and be treated as a true sale and absolute transfer of the property so transferred and not as a pledge or other security interest for any borrowing. The characterization of such a sale as an absolute transfer shall not be negated or adversely affected by the fact that only a portion of the state’s share is being sold, or by the state’s acquisition or retention of an ownership interest in the residual assets.

3. On or after the effective date of such sale, the state shall not have any right, title, or interest in the portion of the master settlement agreement sold and such portion shall be the property of the authority and not the state, and shall be owned, received, held, and disbursed by the authority or its trustee or assignee, and not the state.

4. On or before the effective date of the sale, the state shall notify the escrow agent under the master settlement agreement of the sale and shall instruct the escrow agent that subsequent to that date, all payments constituting the portion sold shall be made directly to the authority.

5. The authority, the treasurer of state, and the attorney general shall report to the legislative council and the executive council on or before the date of the sale, advising them of the status of the sale, its terms, and conditions.

12E.10 Tobacco settlement program plan.

1. a. (1) The authority shall implement the program plan and shall proceed with a securitization to maximize the transference of risks associated with the master settlement agreement.
(2) The authority shall issue tax-exempt bonds as necessary in amounts determined by the authority sufficient to provide net proceeds for deposit in the tax-exempt bond proceeds restricted capital funds account of the tobacco settlement trust fund, to be used for capital projects, certain debt service on outstanding obligations which funded capital projects, and attorney fees related to the master settlement agreement.

(3) The authority may also issue taxable bonds or tax-exempt bonds to provide additional amounts to be used for the purposes specified in section 12E.3A.

(4) Notwithstanding subparagraphs (1) and (2), the authority is not required to issue tax-exempt bonds if the authority determines that the issuance would not be in the best interest of the state due to market conditions.

b. It is the expectation of the state that not less than eighty-five percent of the proceeds of any issue of tax-exempt bonds will be expended within five years from the effective date of the sale, consistent with the requirements of federal law, and that the specific capital projects, debt service, and attorney fees payments shall be determined annually through appropriations authorized by a constitutional majority of each house of the general assembly and approved by the governor.

c. The authority may issue tax-exempt bonds if the securitization of any remaining tobacco settlement payments will result in the deposit of net proceeds of not less than one hundred eighty-three million dollars for tax-exempt bonds issued after July 1, 2008.

2. The authority shall periodically report to the legislative council and the governor regarding implementation of the program plan and shall, prior to any public offering of bonds, submit a report to the legislative council and the governor describing the terms of the proposed bond issue.

3. Any amendment to the program plan shall be authorized by a constitutional majority of each house of the general assembly and approved by the governor.

4. To the extent that any provision of the program plan is inconsistent with this chapter, the provisions of this chapter shall govern.

Referred to in §12E.9

12E.11 Authority — bonds.

1. The authority may issue bonds and, if bonds are issued, shall make the proceeds from the bonds available to the state pursuant to the sales agreement to fund capital projects, certain debt service on outstanding obligations that funded capital projects, and attorney fees related to the master settlement agreement, and to provide a secure and stable source of funding to the state, consistent with the purposes of section 12E.3A and other provisions of this chapter. In connection with the issuance of bonds and subject to the terms of the sales agreement, the authority shall determine the terms and other details of the financing and the method of implementation of the program plan. Bonds issued pursuant to this section may be secured by a pledge of all or a portion of the state’s share and any moneys derived from the state’s share, and any other sources available to the authority with the exception of moneys in the tobacco settlement trust fund. The authority may also issue refunding bonds, including advance refunding bonds, for the purpose of refunding previously issued bonds, and may issue other types of bonds, debt obligations, and financing arrangements necessary to fulfill its purposes or the purposes of this chapter.

2. The authority may issue its bonds in principal amounts which, in the opinion of the authority, are necessary to provide sufficient funds for achievement of its purposes, the payment of interest on its bonds, the establishment of reserves to secure the bonds, the costs of issuance of its bonds, and all other expenditures of the authority incident to and necessary to carry out its purposes or powers. The bonds are investment securities and negotiable instruments within the meaning of and for the purposes of the uniform commercial code, chapter 554.

3. Bonds issued by the authority are payable solely and only out of the moneys, assets, or revenues pledged by the authority and are not a general obligation or indebtedness of the authority or an obligation or indebtedness of the state or any subdivision of the state. The
authority shall not pledge the credit or taxing power of the state or any political subdivision of the state, or create a debt or obligation of the state, or make its debts payable out of any moneys except those of the authority, excluding those moneys deposited in the tobacco settlement trust fund.

4. Bonds shall state on their face that they are payable both as to principal and interest solely out of the assets of the authority pledged for their purpose and do not constitute an indebtedness of the state or any political subdivision of the state; are secured solely by and payable solely from assets of the authority pledged for such purpose; constitute neither a general, legal, or moral obligation of the state or any of its political subdivisions; and that the state has no obligation or intention to satisfy any deficiency or default of any payment of the bonds.

5. Any amount pledged by the authority to be received under the master settlement agreement shall be valid and binding at the time the pledge is made. Amounts so pledged and then or thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act. The lien of any such pledge shall be valid and binding as against all parties having claims of any kind against the authority, whether such parties have notice of the lien. Notwithstanding any other provision to the contrary, the resolution of the authority or any other instrument by which a pledge is created need not be recorded or filed to perfect such pledge.

6. The proceeds of bonds issued by the authority and not required for deposit in the tobacco settlement trust fund may be invested in any manner approved by the board and specified in the trust indenture or resolution pursuant to which the bonds must be issued, notwithstanding any other provision to the contrary.

7. The bonds shall comply with all of the following:
   a. The bonds shall be in a form, issued in denominations, executed in a manner, and payable over terms and with rights of redemption, as the board prescribes in the resolution authorizing their issuance.
   b. The bonds shall be fully negotiable instruments under the laws of this state and may be sold at prices, at public or private sale, and in a manner as prescribed by the board. Chapters 73A, 74, 74A, and 75 shall not apply to the sale or issuance of bonds under this chapter.
   c. The bonds shall be subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest which may be fixed or variable during any period the bonds are outstanding; and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this chapter and as determined by resolution of the board authorizing their issuance.

8. The bonds issued under this chapter are securities in which insurance companies and associations and other persons engaged in the business of insurance; banks, trust companies, savings associations, and investment companies; administrators, guardians, executors, trustees, and other fiduciaries; and other persons authorized to invest in bonds or other obligations of the state may properly and legally invest funds, including capital, in their control or belonging to them.

9. Bonds must be authorized by a resolution of the board. However, a resolution authorizing the issuance of bonds may delegate to an officer of the authority the power to negotiate and fix the details of an issue of bonds by an appropriate certificate of the authorized officer.

10. To comply with federal law with respect to the issuance of bonds, the interest of which is tax-exempt pursuant to the Internal Revenue Code, the authority may issue a certain series of bonds, or periodically issue several series of bonds, so that interest on the bonds remains exempt from federal taxation or to comply with the purposes specified in this chapter.

11. The state reserves the right at any time to alter, amend, repeal, or otherwise change the structure, organization, programs, or activities of the authority, including the power to terminate the authority, except that a law shall not be enacted that impairs any obligation made pursuant to a sales agreement or any contract entered into by the authority with or on behalf of the holders of the bonds to the extent that any such law would contravene Article I,
section 21, of the Constitution of the State of Iowa or Article I, section 10, of the Constitution of the United States.

12E.12 Tobacco settlement trust fund — established — investment — liability.
1. a. A tobacco settlement trust fund is established, separate and apart from all other public moneys or funds of the state, under the control of the authority. The fund shall consist of moneys paid to the authority and not pledged to the payment of bonds or otherwise obligated. Such moneys shall include but are not limited to payments received from the master settlement agreement which are not pledged to the payment of bonds or which are subsequently released from a pledge to the payment of any bonds; payments which, in accordance with any sales agreement with the state, are to be paid to the state and not pledged to the bonds, including that portion of the proceeds of any bonds designated for purchase of all or a portion of the state's share, which are designated for deposit in the fund, together with all interest, dividends, and rents on the bonds; and all securities or investment income and other assets acquired by and through the use of the moneys belonging to the fund and any other moneys deposited in the fund. Moneys in the fund are to be used solely and only for the payment of all amounts due and to become due to the state, and shall not be used for any other purpose. Such moneys shall not be available for the payment of any claim against the authority or any debt or obligation of the authority.

b. The fund shall consist of the following accounts:

(1) The tax-exempt bond proceeds restricted capital funds account. The net proceeds of tax-exempt bonds issued to provide funds for capital projects, certain debt service, and attorney fees related to the master settlement agreement which the state treasurer is authorized and directed to deposit on behalf of the state shall be deposited in the account and shall be used to fund capital projects, certain debt service, and the payment of attorney fees related to the master settlement agreement. With respect to capital projects, it is the intent of the general assembly to fund capital projects that qualify as vertical infrastructure projects as defined in section 8.57, subsection 5, paragraph “c”, to the extent practicable in any fiscal year and without limiting other qualifying capital expenditures considered and approved by a constitutional majority of each house of the general assembly and the governor.

(2) The FY 2009 tax-exempt bond proceeds restricted capital funds account. The net proceeds of tax-exempt bonds issued after July 1, 2008, as a result of the securitization of any remaining tobacco settlement payments to provide funds for capital projects which the treasurer of state is authorized and directed to deposit on behalf of the state shall be deposited in the account and shall be used to fund capital projects. With respect to capital projects, it is the intent of the general assembly to fund capital projects that qualify as vertical infrastructure projects as defined in section 8.57, subsection 5, paragraph “c”, to the extent practicable in any fiscal year and without limiting other qualifying capital expenditures considered and approved by a constitutional majority of each house of the general assembly and the governor.

(3) The endowment for Iowa's health account.

(a) The net proceeds of any taxable bonds or tax-exempt bonds issued to provide funds for the purposes specified in section 12E.3A, which the authority is directed to deposit in the account, any portion of the state's share which is not sold to the authority, and any other moneys appropriated by the state for deposit in the account shall be deposited in the account and shall be used for the purposes specified in section 12E.3A.

(b) For each fiscal year beginning July 1, 2009, the moneys deposited in the endowment for Iowa's health account of the tobacco settlement trust fund are transferred to the rebuild Iowa infrastructure fund.

2. The treasurer of the authority shall act as custodian and trustee of the fund and shall administer the fund as directed by the authority. The treasurer of the authority shall do all of the following:

a. Hold the funds.
b. Invest the portion of the funds which, as deemed by the authority, is not necessary for current payment of sums to the state under this chapter or the program plan.

c. Disburse funds, if directed by the authority.

d. Sell any securities or other property held by the fund and reinvest the proceeds as directed by the authority, when deemed advisable by the authority for the protection of the fund or the preservation of the value of the investment. Such sale of securities or other property held by the fund shall only be made with the advice of the board in the manner and to the extent provided in this chapter with regard to the purchase of investments.

e. Subscribe, at the direction of the authority, for the purchase of securities for future delivery in anticipation of future income. Such securities shall be paid for by such anticipated income or from funds from the sale of securities or other property held by the fund.

f. Pay for securities, as directed by the authority, on the receipt of the purchasing entity’s paid statement or paid confirmation of purchase.

3. The authority shall execute the disposition and investment of moneys in the fund in accordance with the investment policy and goal statement established by the board.

a. In establishing the investment policy and goal statement of the fund, the standard utilized by the board shall be the exercise of judgment and care, under the prevailing circumstances, which persons of prudence, discretion, and intelligence exercise in the management of their own financial affairs, not for the purpose of speculation, but with regard to the permanent disposition of the funds, considering the probable income, as well as the probable safety, of their capital.

b. Within the limitations of the standard prescribed in this subsection and the program plan, the treasurer of the authority, the authority, and the board may acquire and retain any type of property or investment which persons of prudence, discretion, and intelligence would acquire or retain for their own financial interests.

c. The authority and the board shall give appropriate consideration to those facts and circumstances that the authority and board know or should know are relevant to the particular investment or investment policy involved, including the role the investment plays in the total value of the fund. For the purposes of this paragraph, “appropriate consideration” includes, but is not limited to, a determination by the authority and the board that the particular investment or investment policy is reasonably designed to further the purposes of the tobacco settlement program plan, taking into consideration the risk of loss and the opportunity for gain or other return associated with the investment or investment policy and consideration of all of the following as they relate to the tobacco settlement trust fund:

(1) The composition of the fund with regard to diversification.

(2) The liquidity and current return of the investments in the fund relative to the anticipated cash flow requirements of the program plan.

(3) The projected return of the investments relative to the funding objectives of the program plan.

d. Investments of moneys in the funds are not subject to sections 73.15 through 73.21.

e. If consistent with the investment policy established by the board, the authority may invest moneys of or held by the authority in structured notes and investment agreements, the repayment of the principal amount of which is protected or guaranteed.

4. The authority, its staff, members of the board, and the treasurer of the authority are not personally liable for actions or omissions under this chapter that do not involve malicious or wanton misconduct even if those actions or omissions violate the standards established in this section.

5. Except as provided in this section, if there is loss to the fund, the treasurer, the authority, the board, and the staff are not personally liable, and the loss shall be charged against the fund. The amount required to cover a loss may be paid from the fund.

6. a. Expenses incurred in the sale and purchase of securities belonging to the fund shall be charged to the fund, and the amount required for the investment management expenses may be paid from the fund, subject to the limitations stated in this subsection. The amount paid for investment management expenses for a fiscal year under this section shall not exceed the reasonable and customary charge to similar funds for similar purposes. The authority
shall report the investment management expenses for a fiscal year as a percent of the market value of the fund in the annual report to the governor submitted pursuant to section 12E.15.

b. A person who has entered into a contract with the authority for investment management purposes shall meet the requirements for doing business in Iowa sufficient to be subject to taxation under the rules of the department of revenue.

7. All moneys paid to or deposited in the fund are available to the authority to be used for the exclusive purpose of the program plan in accordance with this chapter, including but not limited to all of the following:
   a. For payment of amounts due to the state pursuant to the terms of the sales agreements entered into between the state and the authority.
   b. For payment of other amounts provided for in the program plan.
   c. For payment of the costs of administering the program plan and the costs of the authority.

8. With respect to the payment of certain debt service, the debt service to be paid shall be those installments of debt service on bonds selected by the treasurer of state and identified in the authority's tax certificate delivered at the time of the issuance of the bonds issued pursuant to this chapter, or as otherwise selected by the treasurer of state. Once the bonds and the installments of debt service thereon are so selected, that debt service and bonds shall not be paid, or provided to be paid, from any other source including the state or any of its departments or agencies. Provided, however, that if funds are not appropriated to pay debt service on such bonds when due, the issuing agency shall pay the debt service from any available source as provided in the bond covenants. To the extent that this section does not allow proceeds of previously issued refunding bonds to be applied for the purpose of the refunding, the issuing agency may expend such proceeds to improve, remodel, or repair buildings or other infrastructure upon authorization of the issuing agency's authority.

9. Annually, on or before January 15 of each year, a state agency that received an appropriation from the tobacco settlement trust fund shall report to the legislative services agency and the department of management the status of all projects completed or in progress. The report shall include a description of the project, the progress of work completed, the total estimated cost of the project, a list of all revenue sources being used to fund the project, the amount of funds expended, the amount of funds obligated, and the date the project was completed or an estimated completion date of the project, where applicable.

The moneys shall be withdrawn on the order of the authority or its designee. Deposits shall be secured in the manner determined by the authority.

5. All moneys of the authority or moneys held by the authority shall be invested and held in the name of the authority, whether they are held for the benefit, security, or future payment to holders of bonds or to the state. All such moneys and investments shall be considered moneys and investments of the authority with the exception of moneys in the tax-exempt bond proceeds restricted capital funds account of the tobacco settlement trust fund which are moneys of the state.

CHAPTER 12F
RESTRICTIONS ON SUDAN-RELATED INVESTMENTS
Referred to in §12.8, 97A.7, 97B.4, 262.14, 411.7, 692.9111

12F.1 Legislative findings and intent.
The general assembly is deeply concerned over the human rights situation in Sudan which calls for stepped-up international efforts to end the crisis in Sudan's Darfur region, and concurs with United States policy which has officially declared that genocide is ongoing in the Sudan, and demands that the government of Sudan bring an end to these atrocities. Therefore, the general assembly intends that state funds and funds administered by the state, including public employee retirement funds, should not be invested in companies that provide power production-related services, mineral extraction activities, oil-related activities, or military equipment to the government of Sudan, or are complicit in the genocide in Darfur, given the ongoing genocide in that country, the previous atrocities perpetrated by the government of Sudan, and the abysmal human rights situation in that country.

12I.1 Purpose and definitions.

1. The general assembly finds that the general welfare and well-being of the state are directly related to the health, maintenance, independence, and quality of life of its disabled residents, and that a vital and valid public purpose is served by the creation and implementation of programs that encourage and make possible savings to secure funding for disability-related expenses on behalf of individuals with disabilities that will supplement, but not supplant, other benefits provided by various federal, state, and private sources. The creation of the means of encouragement for citizens to invest in such a program represents the carrying out of a vital and valid public purpose.    2015 Acts, ch 137, §§84, 162, 163

121.10 Implementation as a contracting state — tax considerations.
1. The general assembly acknowledges that section 529A of the Internal Revenue Code permits access to qualified ABLE programs by residents of a state without such a program. The general assembly finds that becoming a contracting state may accomplish the public purpose set forth in section 121.1, subsection 1, in the same manner as if the qualified ABLE program under the Iowa ABLE savings plan trust were to be implemented and administered by this state. To that end, the treasurer of state, as trustee of the trust, may defer implementation of the qualified ABLE program under the trust and alternatively cause this state to become a contracting state by entering into an agreement with another state with a qualified ABLE program to provide Iowa residents access to that state’s qualified ABLE program. The trust shall not enter into an agreement pursuant to this section unless the treasurer, as trustee of the trust, determines that all of the following requirements are satisfied:
   a. The program is a qualified ABLE program.
   b. The qualified ABLE program provides comparable benefits and protections to Iowa residents as would be provided under the Iowa ABLE savings plan trust.
   c. That entering into an agreement for access to the qualified ABLE program would not result in increased costs to the state or to account owners and designated beneficiaries as compared to the costs of implementing and administering the qualified ABLE program under the Iowa ABLE savings plan trust.
   d. The qualified ABLE program will be audited annually by an independent certified public accountant or by the state auditor, or similar public official, of the state that has implemented the qualified ABLE program.
   e. The qualified ABLE program will provide information to the treasurer of state as trustee of the trust so as to allow the trustee to fulfill the reporting requirements in section 121.7.
2. a. The maximum amount that may be deducted per year for Iowa income tax purposes by an individual for contributions on behalf of any one designated beneficiary that is a resident of this state to the qualified ABLE program with which the state has contracted pursuant to this section shall not exceed the maximum deductible amount determined for the year pursuant to section 12D.3, subsection 1.
   b. State income tax treatment of the qualified ABLE program with which the state has contracted pursuant to this section shall be as provided in section 422.7, subsections 34 and 34A.
3. State inheritance tax treatment of interests in the qualified ABLE program with which the state has contracted pursuant to this section shall be as provided in section 450.4, subsection 9.

12J. Legislative findings and intent.
The general assembly is deeply concerned and does not support boycotts and related tactics that have become a tool of economic warfare that threaten the sovereignty and security of allies and trade partners of the United States, including the state of Israel. Therefore, the general assembly intends that state funds and funds administered by the state, including public employee retirement funds, should not be invested in, and public contracts should not be entered into with, companies that refuse to engage in commerce with Israel and boycott Israel or persons doing business in Israel or territories controlled by Israel.

2016 Acts, ch 1102, §1

12J. Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Company” means any business or business entity that is publicly traded and that is not based in the United States.
2. “Direct holdings” in a company means all publicly traded securities of that company that are held directly by the public fund in an actively managed account or fund in which the public fund owns all shares or interests.
3. “Indirect holdings” in a company means all securities of that company that are held in an account or fund managed by one or more persons not employed by the public fund, in which the public fund owns shares or interests together with other investors not subject to the provisions of this chapter. Indirect holdings include but are not limited to mutual funds, fund of funds, index funds, private equity funds, hedge funds, and real estate funds.
4. “Public entity” means the state, political subdivisions of the state, public school corporations, and all public officers, boards, commissions, departments, agencies, and authorities empowered by law to enter into public contracts for the expenditure of public funds, including the state board of regents and institutions under the control of the state board of regents.
5. “Public fund” means the treasurer of state, the state board of regents, the public safety peace officers’ retirement system created in chapter 97A, the Iowa public employees’ retirement system created in chapter 97B, the statewide fire and police retirement system created in chapter 411, or the judicial retirement system created in chapter 602.
6. “Scrutinized company” means any company that publicly states it is participating in a boycott of Israel.

2016 Acts, ch 1102, §2

12J. Identification of companies — notice.
1. a. By March 1, 2017, the public fund shall make its best efforts to identify or have identified all scrutinized companies in which the public fund has direct or indirect holdings or could possibly have such holdings in the future and shall create and make available to the public a scrutinized companies list for that public fund. The public fund shall review on an annual basis and update, if necessary, the scrutinized companies list.

b. In making its best efforts to identify or have identified scrutinized companies, the public fund may review and rely, in the best judgment of the public fund, on publicly available information regarding companies, and including other information that may be provided by nonprofit organizations, research firms, international organizations, and government
entities. The public fund may also contact asset managers and institutional investors for the public fund to identify scrutinized companies based upon industry-recognized lists of such companies that the public fund may have indirect holdings in.

c. The Iowa public employees’ retirement system, acting on behalf of the system and other public funds subject to this section, may develop and issue a request for proposals for third-party services to complete the identification of scrutinized companies and the compilation of a scrutinized companies list. The Iowa public employees’ retirement system shall consult with all other public funds on the development of the request for proposals. However, selection of a successful proposal and the final scope of services to be provided shall be determined only by those public funds that have agreed to utilize the third-party services. If more than one public fund decides to utilize the third-party services, the participating public funds shall equally share the costs of such services.

2. a. For each company on the scrutinized companies list, the public fund shall send or have sent a written notice informing the company of its status as a scrutinized company and that it may become subject to divestment and restrictions on investment in the company by the public fund. The notice shall offer the company the opportunity to clarify its activities or to cease its activities causing its inclusion on the scrutinized companies list. The public fund or its representative shall continue to provide such written notice on an annual basis if the company remains a scrutinized company.

b. If, following notice as provided by this section, a scrutinized company ceases activity that designates it as a scrutinized company and submits a written statement to the public fund that it has ceased engaging in activities boycotting Israel, the company shall be removed from the scrutinized companies list.

12J.4 Prohibited investments — divestment.

1. The public fund shall not acquire publicly traded securities of a company on the public fund’s most recent scrutinized companies list so long as such company remains on the public fund’s scrutinized companies list as provided in this chapter.

2. a. The public fund shall sell, redeem, divest, or withdraw all publicly traded securities of a company on the public fund’s list of scrutinized companies, so long as the company remains on that list, within eighteen months following the first written notice sent to the scrutinized company as required by section 12J.3.

b. This subsection shall not be construed to require the premature or otherwise imprudent sale, redemption, divestment, or withdrawal of an investment, but such sale, redemption, divestment, or withdrawal shall be completed as provided by this subsection.

3. The requirements of this section shall not apply to indirect holdings of a scrutinized company. The public fund shall, however, submit letters to the managers of such investment funds containing scrutinized companies requesting that they consider removing such companies from the fund or create a similar fund with indirect holdings devoid of such companies. If the manager creates a similar fund with indirect holdings devoid of such companies, the public fund is encouraged to replace all applicable investments with investments in the similar fund consistent with prudent investing standards.

   b. There shall be four ex officio, nonvoting legislative members consisting of the following:

Members of the authority board shall not serve as directors of the corporation.

3. a. Seven voting members of the authority constitute a quorum.

   c. A vacancy in the membership does not impair the right of a quorum to exercise all rights and perform all duties of the authority.

4. Members of the authority are entitled to receive a per diem as specified in section 7E.6 for each day spent in performance of duties as members, and shall be reimbursed for all actual and necessary expenses incurred in the performance of duties as members.

a contract to which the authority is, or is to be, a party, the interest shall be disclosed to the authority in writing and shall be set forth in the minutes of the authority.

b. The member or employee having the interest shall not participate in any action of the authority with respect to that contract. A violation of a provision of this subsection is misconduct in office under section 721.2. However, a resolution of the authority is not invalid because of a vote cast by a member in violation of this subsection or of section 15.105, subsection 3, unless the vote was decisive in the passage of the resolution.

c. For the purposes of this subsection, “action of the authority with respect to that contract” means only an action directly affecting a separate contract, and does not include an action which benefits the general public or which affects all or a substantial portion of the contracts included in a program of the authority.

   e. Within thirty days of receiving the transferred tax credit certificate and the transferee’s statement, the department of revenue shall issue one or more replacement tax credit certificates to the transferee. Each replacement tax credit certificate must contain the information required for the original tax credit certificate and must have the same expiration date that appeared in the transferred tax credit certificate. Tax credit certificate amounts of less than the minimum amount established by rule of the economic development authority shall not be transferable.
   f. A tax credit shall not be claimed by a transferee under this section until a replacement tax credit certificate identifying the transferee as the proper holder has been issued. The transferee may use the amount of the tax credit transferred against the taxes imposed in chapter 422, subchapters II, III, and V, and in chapter 432, and against the moneys and credits tax imposed in section 533.329, for any tax year the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included as income under chapter 422, subchapters II, III, and V. Any consideration paid for the transfer of the tax credit shall not be deducted from income under chapter 422, subchapters II, III, and V.

3. The amount of the tax credit shall be determined by the board in conjunction with the council. However, the tax credit shall not exceed the following amount, as applicable:
   a. Twelve percent of the taxpayer’s qualifying investment in a grayfield site.
   b. Fifteen percent of the taxpayer’s qualifying investment in a grayfield site if the qualifying redevelopment project meets the requirements of a green development.
   c. Twenty-four percent of the taxpayer’s qualifying investment in a brownfield site.
   d. Thirty percent of the taxpayer’s qualifying investment in a brownfield site if the qualifying redevelopment project meets the requirements of a green development.

4. For purposes of individual and corporate income taxes and the franchise tax, the increase in the basis of the redeveloped property that would otherwise result from the
qualified redevelopment costs shall be reduced by the amount of the credit computed under this part.

5. The maximum amount of a tax credit for a qualifying investment in any one qualifying redevelopment project shall not exceed ten percent of the maximum amount of tax credits available in any one fiscal year pursuant to subsection 6.

6. The amount of tax credits that may be awarded by the board shall be subject to the limitation in section 15.119.

7. An investment shall be deemed to have been made on the date the qualifying redevelopment project is completed.

8. This section is repealed on June 30, 2021.

15.293B Application — registration — agreement.

1. a. The authority shall develop a system for the application, review, registration, and authorization of projects awarded tax credits pursuant to this part and shall control the issuance of all tax credit certificates to investors pursuant to this part.

b. The authority shall accept and, in conjunction with the council, review applications for tax credits provided in section 15.293A and, with the approval of the council, make tax credit award recommendations regarding the applications to the board.

c. Applications for redevelopment tax credits shall be accepted during an annual application period established by the authority.

d. Upon review of an application, the authority may register the project with the redevelopment tax credits program. If the authority registers the project, the authority may, in conjunction with the council, make a preliminary determination as to the amount of tax credit for which an award recommendation will be made to the board.

e. After registering the project, the authority shall notify the investor of successful registration under the redevelopment tax credits program. The notification may include the amount of tax credit for which an award recommendation will be made to the board. If an award recommendation is included in the notification, such notification shall include a statement that the award recommendation is a recommendation only. The amount of tax credit included on a tax credit certificate issued pursuant to this section shall be contingent upon an award by the board and upon completion of the requirements in this section.

f. (1) All completed applications shall be reviewed and scored on a competitive basis by the council and the board. In reviewing and scoring applications, the council and the board may consider any factors the council and board deem appropriate for a competitive application process, including but not limited to the financial need, quality, and feasibility of a qualifying redevelopment project.

(2) For purposes of this paragraph:

(a) “Feasibility” means the likelihood that the project will obtain the financing necessary to allow for full completion of the project and the likelihood that the proposed redevelopment or improvement that is the subject of the project will be fully completed.

(b) “Financial need” means the difference between the total costs of the project less the total financing that will be received for the project.

(c) “Quality” means the merit of the project after considering and evaluating its total characteristics and measuring those characteristics in a uniform, objective manner against the total characteristics of other projects that have applied for the tax credit provided in section 15.293A during the same annual application period.

g. Upon reviewing and scoring all applications that are part of an annual application period, the board may award tax credits provided in section 15.293A.

h. If the applicant for a tax credit provided in section 15.293A has also applied to an agency of the federal government or to the authority, the board, or any other agency of state government for additional financial assistance, the authority, the council, and the board shall
consider the amount of funding to be received from such public sources when making a tax
credit award pursuant to this section.

i. An applicant that is unsuccessful in receiving a tax credit award during an annual
application period may make additional applications during subsequent annual application
periods. Such applicants shall be required to submit a new application, which shall be
competitively reviewed and scored in the same manner as other applications in that annual
application period.

2. An investor applying for a tax credit shall provide the authority with all of the following:
   a. Information showing the total costs of the qualifying redevelopment project, including
      the costs of land acquisition, cleanup, and redevelopment.
   b. Information about the financing sources of the investment which are directly related
to the qualifying redevelopment project for which the investor is seeking approval for a tax
      credit provided in section 15.293A.
   c. Any other information deemed necessary by the board and the council to review and
      score the application pursuant to subsection 1.

3. If an investor is awarded a tax credit pursuant to this section, the authority and the
   investor shall enter into an agreement concerning the qualifying redevelopment project. If
   the investor fails to comply with any of the requirements of the agreement, the authority may
find the investor in default under the agreement and may revoke all or a portion of the tax
credit award. The department of revenue, upon notification by the authority of an event of
default, shall seek repayment of the value of any such tax credit already claimed in the same
manner as provided in section 15.330, subsection 2.

4. A registered project shall be completed within thirty months of the date the project
   was registered unless the authority, upon recommendation of the council and approval of
the board, provides additional time to complete the project. If the registered project is not
completed within the time required, the project is not eligible to claim a tax credit provided
in section 15.293A.

5. a. Upon completion of a registered project, an audit of the project, completed by
       an independent certified public accountant licensed in this state, shall be submitted to the
       authority.
   b. Upon review of the audit and verification of the amount of the qualifying investment,
      the authority may issue a tax credit certificate to the investor stating the amount of tax credit
under section 15.293A the investor may claim.

6. The authority, in conjunction with the department of revenue, shall adopt rules to
   administer the redevelopment tax credits program.

7. This section is repealed on June 30, 2021.

a. An eligible business that produces a renewable chemical in this state from biomass feedstock during a calendar year may apply to the authority for the renewable chemical production tax credit provided in section 15.319.

b. The application shall be made to the authority in the manner prescribed by the authority.

c. The application shall be made during the calendar year following the calendar year in which the renewable chemicals are produced.

d. The authority may accept applications on a continuous basis or may establish, by rule, an annual application deadline.

e. The application shall include all of the following information:

   (1) The amount of renewable chemicals produced in the state from biomass feedstock by the eligible business during the calendar year, measured in pounds.

   (2) Any other information reasonably required by the authority in order to establish and verify eligibility under the program.

2. Agreement and fees.

   a. Before being issued a tax credit under section 15.319, an eligible business shall enter into an agreement with the authority for the successful completion of all requirements of the program. As part of the agreement, the eligible business shall agree to collect and provide any information reasonably required by the authority in order to allow the board to fulfill its reporting obligation under section 15.320.

   b. The compliance cost fees authorized in section 15.330, subsection 12, shall apply to all agreements entered into under this program and shall be collected by the authority in the same manner and to the same extent as described in that subsection.

   c. An eligible business shall fulfill all the requirements of the program and the agreement before receiving a tax credit or entering into a subsequent agreement under this section. The authority may decline to enter into a subsequent agreement under this section or issue a tax credit if an agreement is not successfully fulfilled.

   d. Upon establishing that all requirements of the program and the agreement have been fulfilled, the authority shall issue a tax credit and related tax credit certificate to the eligible business stating the amount of renewable chemical production tax credit the eligible business may claim.

3. Maximum tax credit amount.

   a. The maximum amount of tax credit that may be issued under section 15.319 to an eligible business for the production of renewable chemicals in a calendar year shall not exceed the following:

   d. An eligible business shall not receive more than five tax credits under the program.

   e. The authority shall issue tax credits under the program on a first-come, first-served basis until the maximum amount of tax credits allocated pursuant to section 15.119, subsection 2, paragraph "h", is reached. The authority shall maintain a list of successful applicants under the program, so that if the maximum aggregate amount of tax credits is reached in a given fiscal year, eligible businesses that successfully applied but for which tax credits were not issued shall be placed on a wait list in the order the eligible businesses applied and shall be given priority for receiving tax credits in succeeding fiscal years. Placement on a wait list pursuant to this paragraph shall not constitute a promise binding the state. The availability of a tax credit and issuance of a tax credit certificate pursuant to this subsection in a future fiscal year is contingent upon the availability of tax credits in that particular fiscal year.
4. **Termination and repayment.** The failure by an eligible business in fulfilling any requirement of the program or any of the terms and obligations of an agreement entered into pursuant to this section may result in the reduction, termination, or rescission of the tax credits under section 15.319 and may subject the eligible business to the repayment or recapture of tax credits claimed. **15.319 Renewable chemical production tax credit.**

1. An eligible business that has entered into an agreement pursuant to section 15.318 may claim a tax credit in an amount equal to the product of five cents multiplied by the number of pounds of renewable chemicals produced in this state from biomass feedstock by the eligible business during the calendar year in excess of the eligible business’s pre-eligibility production threshold. However, an eligible business shall not receive a tax credit for the production of a secondarily derived building block chemical if that chemical is also the subject of a credit at the time of production as a first product. The renewable chemical production tax credit shall not be available for any renewable chemical produced before the 2017 calendar year or after the 2026 calendar year.

6. a. To claim a tax credit under this section, a taxpayer shall include one or more tax credit certificates with the taxpayer’s tax return.
   
   b. The tax credit certificate shall contain the taxpayer’s name, address, tax identification number, the amount of the credit, the name of the eligible business, and any other information required by the department of revenue.

15.328 Reserved.

15.329 Eligible business.

1. To be eligible to receive incentives or assistance under this part, a business shall meet all of the following requirements:

a. If the qualifying investment is ten million dollars or more, the community has approved the project by ordinance or resolution for the purpose of receiving the benefits of this part.

b. (1) The business shall not be solely relocating operations from one area of the state while seeking state or local incentives. A project that does not create new jobs or involve a substantial amount of new capital investment shall be presumed to be a relocation. In determining whether a business is solely relocating operations for purposes of this subparagraph, the authority shall consider a letter of support for the move from the affected local community.

(2) The business shall not be in the process of reducing operations in one community while simultaneously applying for assistance under the program. For purposes of this subparagraph, a reduction in operations within twelve months before or after an application for assistance is submitted to the authority shall be presumed to be a reduction in operations while simultaneously applying for assistance under the program.

(3) This paragraph shall not be construed to prohibit a business from expanding its operation in a community if existing operations of a similar nature in this state are not closed or substantially reduced.

c. The business shall create or retain jobs as part of a project, and the jobs created or retained shall meet one of the following qualifying wage thresholds:

(1) If the business is creating jobs, the business shall demonstrate that the jobs will pay at least one hundred percent of the qualifying wage threshold at the start of the project completion period, at least one hundred twenty percent of the qualifying wage threshold by the project completion date, and at least one hundred twenty percent of the qualifying wage threshold until the maintenance period completion date.

(2) If the business is retaining jobs, the business shall demonstrate that the jobs retained will pay at least one hundred twenty percent of the qualifying wage threshold throughout both the project completion period and the maintenance period.

d. The business shall provide a sufficient package of benefits to each employee holding a created or retained job. The board, at the recommendation of the authority, shall adopt rules determining what constitutes a sufficient package of benefits.

e. The business shall demonstrate that the jobs created or retained will have a sufficient impact on state and local government revenues as determined by the authority after calculating the fiscal impact ratio of the project.

f. The business shall not be a retail business or a business where entrance is limited by a cover charge or membership requirement.

g. Notwithstanding the qualifying wage threshold requirements in paragraph “c”, if a business is also the recipient of financial assistance under another program administered by the authority, and the other program requires the payment of higher wages than the wages required under this subsection, the business shall be required to pay the higher wages.

2. a. If the authority finds that a business has a record of violations of the law, including but not limited to antitrust, environmental, and worker safety statutes, rules, and regulations, that over a period of time tends to show a consistent pattern or that establishes intentional, criminal, or reckless conduct in violation of such laws, the business shall not qualify for economic development assistance under this part, except as provided in paragraph “b”.

b. If the authority finds that the violations described in paragraph “a” did not seriously
affect public health, public safety, or the environment, or if the authority finds that there were mitigating circumstances involved, the business may qualify for economic development assistance under this part, notwithstanding paragraph “a”.

c. In making the findings and determinations regarding violations, mitigating circumstances, and whether the business is disqualified for economic development assistance under this part, the authority shall be exempt from chapter 17A.

3. The authority shall also consider a variety of factors including but not limited to the following in determining the eligibility of a business to participate in the program:

a. The quality of the jobs to be created or retained. In rating the quality of the jobs, the authority shall place greater emphasis on those jobs that have a higher wage scale, have a lower turnover rate, are full-time or career-type positions, provide comprehensive health benefits, or have other related factors which could be considered to be higher in quality, than to other jobs. Businesses that have wage scales substantially below that of existing Iowa businesses in that area should be rated as providing the lowest quality of jobs and should therefore be given the lowest ranking for providing such assistance.

b. The impact of the proposed project on other businesses in competition with the business being considered for assistance. The authority shall make a good-faith effort to identify existing Iowa businesses within an industry in competition with the business being considered for assistance. The authority shall make a good-faith effort to determine the probability that the proposed financial assistance will displace employees of the existing businesses. In determining the impact on businesses in competition with the business being considered for assistance, jobs created or retained as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created or retained.

c. The economic impact to this state of the proposed project. In measuring the economic impact, the authority shall place greater emphasis on projects which can demonstrate the existence of one or more of the following conditions:

(1) A business with a greater percentage of sales out-of-state or of import substitution.
(2) A business with a higher proportion of in-state suppliers.
(3) A project which would provide greater diversification of the state economy.
(4) A business with fewer in-state competitors.
(5) A potential for future job growth.
(6) A project which is not a retail operation.

4. The authority may waive any of the requirements of this section for good cause shown.

15.330 Agreement.
A business shall enter into an agreement with the authority specifying the requirements that must be met to confirm eligibility pursuant to this part and the requirements that must be maintained throughout the period of the agreement in order to retain the incentives or financial assistance received. The authority shall consult with the community during negotiations relating to the agreement. The agreement shall contain, at a minimum, the following provisions:

1. A business that is approved to receive incentives or assistance under this part shall, for the length of the agreement, certify annually to the authority the compliance of the business with the requirements of the agreement. If the business receives a local property tax exemption, the business shall also certify annually to the community the compliance of the business with the requirements of the agreement.

2. The repayment of incentives or financial assistance by the business if the business does not meet any of the requirements of this part or the resulting agreement. The repayment of incentives pursuant to this subsection shall be considered a tax payment due and payable to the department of revenue by any taxpayer who has claimed such incentives, and the failure
to make such a repayment may be treated by the department of revenue in the same manner as a failure to pay the tax shown due or required to be shown due with the filing of a return or deposit form. In addition, the county shall have the authority to take action to recover the value of property taxes not collected as a result of the exemption provided to the business under this part.

3. If a business that is approved to receive incentives or assistance under this part experiences a layoff within the state or closes any of its facilities within the state, the authority shall have the discretion to reduce or eliminate some or all of the incentives or assistance. If a business has received incentives or assistance under this part and experiences a layoff within the state or closes any of its facilities within the state, the business may be subject to repayment of all or a portion of the incentives or financial assistance that it has received.

4. A project completion date, a maintenance period completion date, the number of jobs to be created or retained, or certain other terms and obligations as the authority deems necessary in order to make the requirements in project agreements uniform. The authority, with the approval of the board, may adopt rules as necessary for making such requirements uniform. Such rules shall be in compliance with the provisions of this part.

5. The amount and type of project completion assistance to be provided under section 15.335B.

6. The amount of matching funds to be received by a business from a city or county. The authority shall adopt by rule a formula for determining the amount of matching funds required under the program.

7. The business shall not be relocating or reducing operations as described in section 15.329, subsection 1, paragraph “b”.

8. The proposed project shall not negatively impact other businesses in competition with the business being considered for assistance. The authority shall make a good-faith effort to identify existing Iowa businesses within an industry in competition with the business being considered for incentives or assistance. The authority shall make a good-faith effort to determine the probability that the proposed incentives or assistance will displace employees of the existing businesses. In determining the impact on businesses in competition with the business being considered for incentives or assistance, jobs created or retained as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created or retained.

9. A report submitted to the authority by a business together with its application describing all violations of environmental law or worker safety law within the last five years. If, upon review of the application, the authority finds that the business has a record of violations of the law, statutes, rules, or regulations that tends to show a consistent pattern, the authority shall not provide incentives or assistance to the business unless the authority finds that the violations did not seriously affect public health, public safety, or the environment, or, if such violations did seriously affect public health, public safety, or the environment, that mitigating circumstances were present.

10. That the business shall only employ individuals legally authorized to work in this state. In addition to any and all other applicable penalties provided by current law, all or a portion of the incentives or assistance received under this part by a business that is found to knowingly employ individuals not legally authorized to work in this state is subject to recapture by the authority or by the department of revenue.

11. Any terms deemed necessary by the authority to effect compliance with the eligibility requirements of section 15.329.

12. a. The imposition of a one-time compliance cost fee of five hundred dollars to be collected by the authority prior to the issuance of a tax incentive certificate or the disbursement of financial assistance.

b. The imposition of a compliance cost fee equal to one-half of one percent of the value of tax incentives claimed pursuant to an agreement that has an aggregate tax incentive value of
one hundred thousand dollars or greater. The authority shall collect the fee from the business after the tax incentive is claimed by the business from the department of revenue.

For aggregate limitations on amount of tax credits, see §15.119

15.330A Maintenance of agreements.
1. An eligible business receiving incentives or assistance under this part shall meet all terms and obligations in an agreement by the project completion date, but the board may for good cause extend the project completion date or otherwise amend an agreement.
2. During the maintenance period an eligible business receiving incentives or assistance under this part shall continue to comply with the terms and obligations of an agreement entered into pursuant to section 15.330.
3. The authority may enforce the terms of an agreement as necessary and appropriate.

Taxes attributable to intangible property and furniture and furnishings shall not be refunded.    b. The eligible business shall, not more than one year after project completion, make application to the department of revenue for any refund of the amount of the sales and use taxes paid pursuant to chapter 423 upon any goods, wares, or merchandise, or services rendered, furnished, or performed, including water, sewer, gas, and electric utility services. The application shall be made in the manner and upon forms to be provided by the department of revenue, and the department of revenue shall audit the claim and, if approved, issue a warrant to the eligible business in the amount of the sales or use tax which has been paid to the state of Iowa under a contract. A claim filed by the eligible business in accordance with this section shall not be denied by reason of a limitation provision set forth in chapter 421 or 423.
   c. The eligible business shall inform the department of revenue in writing within two weeks of project completion. For purposes of this section, “project completion” means the first date upon which the average annualized production of finished product for the preceding ninety-day period at the manufacturing facility operated by the eligible business is at least fifty percent of the initial design capacity of the facility.

2. a. In the case of an eligible business whose gross revenues do not exceed twenty million dollars per year, the credit equals the sum of the following:

(2) Ten percent of the basic research payments determined under section 41(e)(1)(A) of
the Internal Revenue Code during the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

b. In the case of an eligible business whose gross revenues exceed twenty million dollars per year, the credit equals the sum of the following:

5. The credit allowed in this section is in addition to the credit authorized in section 422.10 and section 422.33, subsection 5. However, if the alternative credit computation method is used in section 422.10 or section 422.33, subsection 5, the credit allowed in this section shall also be computed using that method.

6. If the eligible business is a partnership, S corporation, limited liability company, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. 9. The department of revenue shall by February 15 of each year issue an annual report to the general assembly containing the total amount of all claims made by employers under this section, and the portion of the claims issued as refunds, for all claims processed during the previous calendar year. The report shall contain the name of each claimant for whom a tax credit in excess of five hundred thousand dollars was issued and the amount of the credit received.

15.335A Tax incentives.

This paragraph “a” applies to housing projects awarded tax incentives pursuant to subsection 2 on or after July 1, 2019, and to housing projects registered prior to July 1, 2019, under section 15.354, subsection 2, Code 2019.

(2) Notwithstanding subparagraph (1), and section 15.119, subsection 2, paragraph “g”, if the sum of the amount of tax incentives applied for in valid applications submitted in a given fiscal year beginning on or after July 1, 2019, for housing projects located in small cities, plus the amount of tax incentives eligible for issuance to housing projects located in small cities that were registered prior to July 1, 2019, under section 15.354, subsection 2, Code 2019, does not exceed the amount reserved for housing projects located in small cities pursuant to section 15.119, subsection 2, paragraph “g”, the authority may award the remaining amount of tax incentives reserved for housing projects located in small cities to other housing projects during that same fiscal year.
(3) Notwithstanding subparagraph (1), and section 15.119, subsection 2, paragraph “g”, the authority may award during a fiscal year an aggregate amount of tax incentives to housing projects located in small cities that is less than the amount reserved for allocation to small cities under section 15.119, subsection 2, paragraph “g”, provided the difference between the amount of the small city reservation and the aggregate amount actually awarded to small cities during that fiscal year is awarded during that same fiscal year to housing projects registered prior to July 1, 2018.

b. With regard to a housing project registered prior to July 1, 2019, a tax incentive shall be considered awarded for purposes of paragraph “a” when the authority enters into an agreement with the housing business for that housing project as provided under section 15.354, subsection 3, Code 2019. Notwithstanding any provision of law to the contrary, a housing business shall have no right to enter into an agreement with the authority for a housing project registered prior to July 1, 2019, until the authority allocates an amount of tax incentives to the housing project and notifies the housing business that the authority is prepared to execute the agreement and make a tax incentive award for the housing project. A housing business shall have no right to receive a tax credit certificate or claim a tax incentive for a housing project registered prior to July 1, 2019, until the housing business enters into an agreement with the authority.

c. In making tax incentive awards during any fiscal year in which there are housing projects registered prior to July 1, 2019, which are eligible to receive tax incentives under the program, the authority shall give priority in making tax incentive awards to housing projects registered prior to July 1, 2019. The authority shall create and maintain a wait list of housing projects registered prior to July 1, 2019, and such housing projects shall be placed on the wait list in the order the housing projects were registered.

d. The maximum aggregate amount of tax incentives that may be awarded and issued under section 15.355 to a housing business for a housing project shall not exceed one million dollars.

e. If a housing business qualifies for a higher amount of tax incentives under section 15.355 than is allowed by the limitation imposed in paragraph “d”, the authority and the housing business may negotiate an apportionment of the reduction in tax incentives between the sales tax refund provided in section 15.355, subsection 2, and the workforce housing investment tax credits provided in section 15.355, subsection 3, provided the total aggregate amount of tax incentives after the apportioned reduction does not exceed the amount in paragraph “d”.

f. The authority shall issue tax incentives under the program on a first-come, first-served basis until the maximum amount of tax incentives allocated under section 15.119, subsection 2, paragraph “g”, is reached. The authority shall maintain a list of housing projects registered prior to July 1, 2019, and of housing projects awarded tax incentives on or after July 1, 2019, so that if the maximum aggregate amount of tax incentives is reached in a given fiscal year, such registered housing projects that were completed but for which tax incentives were not issued, and such housing projects that were completed and are awarded tax incentives but for which tax incentives have not been issued, shall be placed on a wait list in the order the housing projects were registered or awarded tax incentives and shall be given priority for receiving tax incentives in succeeding fiscal years.

5. Termination and repayment. The failure by a housing business in completing a housing project to comply with any requirement of this program or any of the terms and obligations of an agreement entered into pursuant to this section may result in the revocation, termination, or rescission of the tax incentive award or the approved tax incentives and may subject the housing business to the repayment or recapture of tax incentives claimed under section 15.355. The repayment or recapture of tax incentives pursuant to this section shall be accomplished in the same manner as provided in section 15.330, subsection 2.

6. Disaster recovery housing projects.

a. For purposes of this subsection, “disaster recovery housing project” means a qualified housing project located in a county that has been declared a major disaster by the president
of the United States on or after March 12, 2019, and that is also a county in which individuals are eligible for federal individual assistance.

b. Notwithstanding subsection 1, the authority may accept applications for disaster recovery housing projects on a continuous basis.

c. Notwithstanding subsection 2, paragraphs “a”, “b”, and “d”, upon review of a housing business’s application, the authority may make a tax incentive award to a disaster recovery housing project. The tax incentive award shall represent the maximum amount of tax incentives that the disaster recovery housing project may qualify for under the program. In determining a tax incentive award, the authority shall not use an amount of project costs that exceeds the amount included in the application of the housing business. Tax incentive awards shall be approved by the director of the authority.

d. The authority shall administer tax credit allocations for disaster recovery housing projects separately from the general allocation and separately from the allocation reserved for small cities in section 15.119, subsection 2, paragraph “g”. The authority shall issue tax incentives under the program for disaster recovery housing projects on a first-come, first-served basis until the maximum amount of tax incentives allocated under section 15.119, subsection 5, is reached. The authority shall maintain a list of disaster recovery housing projects awarded tax incentives under the program, so that if the maximum aggregate amount of tax incentives allocated for disaster recovery housing projects under the program is reached in a given fiscal year, such disaster recovery housing projects that were completed but for which tax incentives were not issued shall be placed on a wait list in the order the disaster recovery housing projects were awarded tax incentives pursuant to paragraph “c”, and shall be given priority for receiving tax incentives in succeeding fiscal years.

2019 amendments to subsections 1 – 3, 5, and 6 apply to housing projects awarded tax incentives by the authority under the program on or after July 1, 2019, and housing projects registered by the authority under the program prior to July 1, 2019, shall be governed by sections 15.352, 15.354, and 15.355, Code 2019; 2019 Acts, ch 159, §32

15.355 Workforce housing tax incentives.

1. A housing business that has entered into an agreement pursuant to section 15.354 is eligible to receive the tax incentives described in subsections 2 and 3.

2. A housing business may claim a refund of the sales and use taxes paid under chapter 423 that are directly related to a housing project and specified in the agreement. The refund available pursuant to this subsection shall be as provided in section 15.331A, excluding subsection 2, paragraph “c”, of that section. For purposes of the program, the term “project completion”, as used in section 15.331A, shall mean the date on which the authority notifies the department of revenue that all applicable requirements of an agreement entered into pursuant to section 15.354 are satisfied.

3. a. A housing business may claim a tax credit in an amount not to exceed the following:

   (1) For a housing project not located in a small city, ten percent of the qualifying new investment of a housing project specified in the agreement.

   (2) For a housing project located in a small city, twenty percent of the qualifying new investment of a housing project specified in the agreement.

   (3) For a housing project located in a county that has been declared a major disaster by the president of the United States on or after March 12, 2019, and that is also a county in which individuals are eligible for federal individual assistance, twenty percent of the qualifying new investment of a housing project.

b. The tax credit shall be allowed against the taxes imposed in chapter 422, subchapters II, III, and V, and in chapter 432, and against the moneys and credits tax imposed in section 533.329.

c. An individual may claim a tax credit under this subsection of a partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the
individual’s earnings from the partnership, limited liability company, S corporation, estate, or trust.

d. Any tax credit in excess of the taxpayer’s liability for the tax year is not refundable but may be credited to the tax liability for the following five years or until depleted, whichever is earlier.

e. (1) To claim a tax credit under this subsection, a taxpayer shall include one or more tax credit certificates with the taxpayer’s tax return.

(2) The tax credit certificate shall contain the taxpayer’s name, address, tax identification number, the amount of the credit, the name of the eligible housing business, any other information required by the department of revenue, and a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred.

(3) The tax credit certificate, unless rescinded by the authority, shall be accepted by the department of revenue as payment for taxes imposed pursuant to chapter 422, subchapters II, III, and V, and in chapter 432, and for the moneys and credits tax imposed in section 533.329, subject to any conditions or restrictions placed by the authority upon the face of the tax credit certificate and subject to the limitations of this program.

(4) Tax credit certificates issued under section 15.354, subsection 3, paragraph “e”, may be transferred to any person. Within ninety days of transfer, the transferee shall submit the transferred tax credit certificate to the department of revenue along with a statement containing the transferee’s name, tax identification number, and address, the denomination that each replacement tax credit certificate is to carry, and any other information required by the department of revenue. However, tax credit certificate amounts of less than the minimum amount established by rule of the authority shall not be transferable.

(5) Within thirty days of receiving the transferred tax credit certificate and the transferee’s statement, the department of revenue shall issue one or more replacement tax credit certificates to the transferee. Each replacement tax credit certificate must contain the information required for the original tax credit certificate and must have the same expiration date that appeared on the transferred tax credit certificate.

(6) A tax credit shall not be claimed by a transferee under this section until a replacement tax credit certificate identifying the transferee as the proper holder has been issued. The transferee may use the amount of the tax credit transferred against the taxes imposed in chapter 422, subchapters II, III, and V, and in chapter 432, and against the moneys and credits tax imposed in section 533.329, for any tax year the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included as income under chapter 422, subchapters II, III, and V. Any consideration paid for the transfer of the tax credit shall not be deducted from income under chapter 422, subchapters II, III, and V.

f. For purposes of the individual and corporate income taxes and the franchise tax, the increase in the basis of the property that would otherwise result from the qualifying new investment shall be reduced by the amount of the tax credit computed under this subsection.

1. The authority may contract with service providers on a case-by-case basis for services related to statewide commercialization development of innovative businesses. Services provided shall include all of the following:
   a. Assistance provided directly to businesses by experienced serial entrepreneurs for all of the following activities:
      (1) Business plan development.
      (2) Due diligence.
      (3) Market assessments.
      (4) Technology assessments.
      (5) Other planning activities.
   b. Operation and coordination of various available competitive seed and prototype development funds.
   c. Connecting businesses to private angel investors and the venture capital community.
   d. Assistance in obtaining access to an experienced pool of managers and operations talent that can staff, mentor, or advise start-up enterprises.
   e. Support and advice for accessing sources of early stage financing.

2. The authority shall establish and administer a program to provide financial and technical assistance to encourage prototype and concept development activities by innovative businesses that have a clear potential to lead to commercially viable products or services within a reasonable period of time. Financial assistance shall be awarded on a per project basis upon board approval. In order to receive financial assistance, an applicant must demonstrate the ability to secure one dollar of nonstate moneys for every two dollars received from the authority. For purposes of this section, “financial assistance” means assistance provided only from the funds, rights, and assets legally available to the authority pursuant to this chapter and includes but is not limited to assistance in the form of grants, loans, forgivable loans, and royalty payments.

3. a. The authority shall establish and administer an internship program with two components for Iowa students. To the extent permitted by this subsection, the authority shall administer the two components in as similar a manner as possible.    b. The purpose of the first component of the program is to link Iowa students to small and medium-sized Iowa firms through internship opportunities. An Iowa employer may receive financial assistance on a matching basis for a portion of the wages paid to an intern. If providing financial assistance, the authority shall provide the assistance on a reimbursement basis such that for every two dollars of wages earned by the student, one dollar paid by the employer is matched by one dollar from the authority. The amount of financial assistance shall not exceed three thousand one hundred dollars for any single internship, or nine thousand three hundred dollars for any single employer. In order to be eligible to receive financial assistance under this paragraph, the employer must have five hundred or fewer employees and must be an innovative business. The authority shall encourage youth who reside in economically distressed areas, youth adjudicated to have committed a delinquent act, and youth transitioning out of foster care to participate in the first component of the internship program.
   c. (1) The purpose of the second component of the program is to assist in placing Iowa students studying in the fields of science, technology, engineering, and mathematics into internships that lead to permanent positions with Iowa employers. ensure that the interns hired are studying in such fields. An Iowa employer may receive financial assistance on a matching basis for a portion of the wages paid to an intern. If providing financial assistance, the authority shall provide the assistance on a reimbursement basis such that for every two dollars of wages earned by the student, one dollar paid by the employer is matched by one dollar from the authority. The amount of financial assistance shall not exceed five thousand dollars per internship. The authority may adopt rules to administer this component. In adopting rules to administer this component, the authority shall adopt rules as similar as possible to those adopted pursuant to paragraph "b".

(2) The requirement to administer this component of the internship program is contingent upon the provision of funding for such purposes by the general assembly.

4. a. (1) The authority shall establish and administer an outreach program for purposes of assisting businesses with applications to the federal small business innovation research and small business technology transfer programs.

(2) The goals of this assistance are to increase the number of successful grant and contract proposals in the state, increase the amount of such grant and contract funds awarded in the state, stimulate subsequent investment by industry, venture capital, and other sources, and encourage businesses to commercialize promising technologies.

b. (1) In administering the program, the authority may provide technical and financial assistance to businesses. Financial assistance provided pursuant to this subsection may be awarded to a business in an amount not to exceed one hundred thousand dollars for any individual federal award under this subsection.

(2) The authority may require successful applicants to repay the amount of financial assistance received, but shall not require unsuccessful applicants to repay such assistance. Any moneys repaid pursuant to this subsection may be used to provide financial assistance to other applicants.

c. The authority may also provide financial assistance for purposes of helping businesses meet the requirements of the federal small business innovation research and small business technology transfer programs.

CHAPTER 15A
USE OF PUBLIC FUNDS TO AID ECONOMIC DEVELOPMENT

Referred to in §15.106A
Legislative findings: 87 Acts, ch 183, §1; 94 Acts, ch 1008, §1

15A.1 Economic development — public purpose — environmental protection and waste disposal requirements.
15A.2 Conflicts of interest.
15A.3 Public economic development assistance — violations — criminal penalties.
15A.4 Competitive programs — good neighbor agreement — additional consideration.
15A.5 Reserved.
15A.7 Supplemental new jobs credit from withholding.
15A.8 Loans payable from new jobs credit from withholding.

15A.1 Economic development — public purpose — environmental protection and waste disposal requirements.
1. a. Economic development is a public purpose for which the state, a city, or a county may provide grants, loans, guarantees, tax incentives, and other financial assistance to or for the benefit of private persons.
   b. For purposes of this chapter, “economic development” means private or joint public and private investment involving the creation of new jobs and income or the retention of existing jobs and income that would otherwise be lost.
2. Before public funds are used for grants, loans, tax incentives, or other financial assistance to private persons or on behalf of private persons for economic development, the governing body of the state, city, county, or other public body dispensing those funds or the governing body’s designee, shall determine that a public purpose will reasonably be accomplished by the dispensing or use of those funds. In determining whether the funds should be dispensed, the governing body or designee of the governing body shall consider any or all of the following factors:
   a. Businesses that add diversity to or generate new opportunities for the Iowa economy should be favored over those that do not.
   b. Development policies in the dispensing of the funds should attract, retain, or expand
businesses that produce exports or import substitutes or which generate tourism-related activities.

c. Development policies in the dispensing or use of the funds should be targeted toward businesses that generate public gains and benefits, which gains and benefits are warranted in comparison to the amount of the funds dispensed.

d. Development policies in dispensing the funds should not be used to attract a business presently located within the state to relocate to another portion of the state unless the business is considering in good faith to relocate outside the state or unless the relocation is related to an expansion which will generate significant new job creation. Jobs created as a result of other jobs in similar Iowa businesses being displaced shall not be considered direct jobs for the purpose of dispensing funds.

3. In addition to the requirements of subsection 2, a state agency shall not provide a grant, loan, or other financial assistance to a private person or on behalf of a private person unless the business for whose benefit the financial assistance is to be provided meets, to the satisfaction of the state agency, all of the following:

a. The business makes a report detailing the circumstances of its violations, if any, of a federal or state environmental protection statute, regulation, or rule within the previous five years. The state agency shall take into consideration before allowing financial assistance this report of the business.

b. If the business generates solid or hazardous waste, that the business conducts in-house audits and management plans to reduce the amount of the waste and to safely dispose of the waste. For purposes of this paragraph, a business may, in lieu of conducting in-house audits, authorize the department of natural resources or the Iowa waste reduction center established under section 268.4 to provide the audits.

4. A state agency shall disburse public moneys used for grants, loans, tax incentives, or other financial assistance for economic development without discrimination or without the use of terms or conditions which are more onerous than those regularly extended to persons of similar economic backgrounds and based on an applicant's age, color, creed, national origin, race, religion, marital status, sex, physical disability, or familial status.

5. In addition to the other requirements of this section, a state agency may give additional consideration or additional points in the application of rating or evaluation criteria in providing a grant, loan, or other financial assistance for economic development-related purposes to a person or business for whose benefit the financial assistance is to be provided if the person or business is located in an area that meets one of the following criteria:

a. The area is a brownfield site as defined in section 15.291.

b. The area is a blighted area as defined in section 403.17.

15A.2 Conflicts of interest.

1. a. If a member of the governing body of a city or county or an employee of a state, city, or county board, agency, commission, or other governmental entity of the state, city, or county has an interest, either direct or indirect, in a private person for which grants, loans, guarantees, tax incentives, or other financial assistance may be provided by the governing board or governmental entity, the interest shall be disclosed to that governing body or governmental entity in writing. The member or employee having the interest shall not participate in the decision-making process with regard to the providing of such financial assistance to the private person.

b. Employment by a public body, its agencies, or institutions or by any other person having such an interest shall not be deemed an indicia of an interest by the employee or of any ownership or control by the employee of interests of the employee's employer.

c. The word "participate" or "participation" shall be deemed not to include discussion or debate preliminary to a vote of a local governing body or agency upon proposed ordinances or resolutions relating to such a project or any abstention from such a vote.
d. The designation of a bank or trust company as depository, paying agent, or agent for investment of funds shall not be deemed a matter of interest or personal interest.

e. Stock ownership in a corporation having such an interest shall not be deemed an indicia of an interest or of ownership or control by the person owning the stocks when less than five percent of the outstanding stock of the corporation is owned or controlled directly or indirectly by that person.

f. The phrase “decision-making process” shall not be deemed to include resolutions advisory to the local governing body or agency by any citizens group, board, body, or commission designated to serve a purely advisory approving or recommending function for economic development.

2. A violation of a provision of this section is misconduct in office under section 721.2. However, a decision of the governing board or governmental entity is not invalid because of the participation of the member or employee in the decision-making process or because of a vote cast by a member or employee in violation of this section unless the participation or vote was decisive in the awarding of the financial assistance.

87 Acts, ch 183, §3; 88 Acts, ch 1134, §12; 94 Acts, ch 1008, §16; 2008 Acts, ch 1032, §125

15A.3 Public economic development assistance — violations — criminal penalties.

A person who engages in deception and knowingly makes or causes to be made, directly or indirectly, a false statement in writing, for the purpose of procuring economic development assistance from a state agency or political subdivision, for the benefit of the person or for whom the person is acting, is guilty of a fraudulent practice in the first degree as defined in section 714.9. For purposes of this section, “deception” means deception as defined in section 702.9.

90 Acts, ch 1135, §1

15A.4 Competitive programs — good neighbor agreement — additional consideration.

1. A good neighbor agreement is an enforceable contract between a business and a community group or coalition of community groups which requires the business to adhere to negotiated environmental, economic, labor, or other social and community standards.

2. For any program providing financial assistance for economic development in which the assistance is provided on a competitive basis, a business which enters into a good neighbor agreement shall receive extra consideration of at least ten points or the equivalent. A business which fails to abide by the good neighbor agreement shall repay all financial assistance received under the program.

15A.7 Supplemental new jobs credit from withholding.

In order to promote the creation of additional high-quality new jobs within the state, an agreement under section 260E.3 may include a provision for a supplemental new jobs credit from withholding from jobs created under the agreement. A provision in an agreement for which a supplemental credit from withholding is included shall provide for the following:

1. That the project shall be administered in the same manner as a project under chapter 260E and that a supplemental new jobs credit from withholding in an amount equal to one and one-half percent of the gross wages paid by the employer pursuant to section 422.16 is authorized to fund the program services for the additional project.

2. That the supplemental new jobs credit from withholding shall be collected, accounted for, and may be pledged by the community college in the same manner as described in section 260E.5.

3. That the employer shall agree to pay wages for the jobs for which the credit is taken of at least the labor shed wage, as calculated by the authority pursuant to section 15.327, subsection
15. Eligibility for the supplemental credit shall be based on a one-time determination of starting wages by the community college.

4. To provide funds for the payment of the costs of the additional project, a community college may borrow money, issue and sell certificates, and secure the payment of the certificates in the same manner as described in section 260E.6, including, but not limited to, providing the assessment of an annual levy as described in section 260E.6, subsection 4. The program and credit authorized by this section are in addition to, and not in lieu of, the program and credit authorized in chapter 260E.

Referred to in §15A.8, 422.16A

15A.8 Loans payable from new jobs credit from withholding.

1. As an additional means to provide moneys for the payment of the costs of a new jobs training project or multiple projects under chapter 260E and this chapter, a community college may make an advance or loan, including an interfund transfer or a loan from moneys on hand and legally available, to be paid from the same sources and secured in the same manner as certificates described in sections 15A.7 and 260E.6.

2. Revenues from a job training agreement received prior to the completion by a business of its repayment obligation for a project and not pledged to certificates, loans, or advances, and not necessary for the payment of principal and interest maturing on such certificates, loans, or advances, may be applied by the community college to the reduction of any other outstanding certificates, loans, or advances.
