1. A person shall not engage in this state in the business of selling at retail new motor vehicles of any make or represent or advertise that the person is engaged or intends to engage in such business in this state unless the person is authorized to do so by a contract in writing.
with the manufacturer or distributor of such make of new motor vehicles and unless the department has licensed the person as a motor vehicle dealer in this state in motor vehicles of such make and has issued to the person a license in writing as provided in this chapter. Notwithstanding the prohibitions in this subsection, a final-stage manufacturer of multi-stage manufactured vehicles that holds a used motor vehicle dealer license issued pursuant to this chapter may assign an incomplete motor vehicle’s manufacturer’s statement of origin to a retail buyer for purposes of issuance of a certificate of title by a county treasurer as a new motor vehicle with the same make as the incomplete motor vehicle without holding a new motor vehicle dealer license and without paying any associated motor vehicle registration fees. A licensed dealer in new motor vehicles may also assign an incomplete motor vehicle’s manufacturer’s statement of origin in the same manner as provided in this subsection.

2. A person other than a licensed dealer in new motor vehicles shall not engage in this state in the business of selling at retail used motor vehicles or represent or advertise that the person is engaged or intends to engage in such business in this state unless and until the department has licensed the person as a used motor vehicle dealer in the state and has issued to the person a license in writing as provided in this chapter.

3. Subsections 1, 2, and 16 shall not be construed to require the separate licensing of persons employed as salespersons of motor vehicles by a retail motor vehicle dealer. However, the department may promulgate reasonable rules as necessary for the proper identification of persons employed as salespersons.

4. A person who is engaged in the business of selling at retail motor vehicles shall not enter into any contract, agreement, or understanding, express or implied, with any manufacturer or distributor of any such motor vehicles that the person will sell, assign, or transfer any retail installment contracts arising from the retail installment sale of such motor vehicles only to a designated person or class of persons. A condition, agreement, or understanding between any manufacturer or distributor and a motor vehicle dealer in this state of this nature is hereby declared to be against the public policy of this state and to be unlawful and void.

5. A manufacturer or distributor of motor vehicles or any agent or representative of a manufacturer or distributor shall not terminate, threaten to terminate, or fail to renew any contract, agreement, or understanding for the sale of new motor vehicles to any motor vehicle dealer in this state without just, reasonable, and lawful cause or because the motor vehicle dealer failed to sell, assign, or transfer any retail installment contract arising from the retail sale of such motor vehicles or any one or more of them to a person or a class of persons designated by the manufacturer or distributor.

6. A person who is engaged in the business of selling at retail motor vehicles shall not make and enter into a retail installment contract unless the contract meets the following requirements:
   a. Every retail installment contract shall be in writing, shall be signed by both the buyer and the seller, and shall be completed as to all essential provisions prior to the signing of the contract by the buyer except that, if delivery of the motor vehicle is not made at the time of the execution of the contract, the identifying numbers or marks of the motor vehicle or similar information and the due date of the first installment may be inserted in the contract after its execution.
   b. The contract shall comply with the Iowa consumer credit code, chapter 537, where applicable.

7. This section shall not be construed to require that a place of business as defined in this chapter shall be maintained by a person selling motor vehicles at retail solely for the purpose of disposing of motor vehicles acquired or repossessed by such person in exercise of powers or rights granted by lien or title-retention instruments or contracts given as security for loans or purchase money obligations.

8. A manufacturer or distributor of motor vehicles or agent or representative of a manufacturer or distributor shall not coerce or attempt to coerce any motor vehicle dealer to accept delivery of any motor vehicle or vehicles, parts, or accessories, or any other commodity or commodities which have not been ordered by the dealer.

9. A person licensed under this chapter shall not, either directly or through an agent, salesperson, or employee, engage in this state, or represent or advertise that the person is
engaged or intends to engage in this state, in the business of buying or selling at retail new or used motor vehicles, other than mobile homes more than eight feet in width or more than thirty-two feet in length as defined in section 321.1, on the first day of the week, commonly known and designated as Sunday.

10. A manufacturer, distributor, or importer of motor vehicles or agent or representative of such manufacturer, distributor, or importer shall not require a motor vehicle dealer to submit to arbitration to resolve a controversy before the controversy arises. The parties may enter into a voluntary agreement to arbitrate a controversy after it arises. Such an agreement shall require that the arbitrator apply Iowa law in resolving the controversy. Either party may appeal a decision of an arbitrator to the district court on the grounds that the arbitrator failed to apply Iowa law.

11. A person who is engaged in the business of selling motor vehicles at retail shall not sell, offer for sale, display, represent, or advertise that the person intends to sell motor vehicles from a location other than the person’s place of business, except as provided in section 322.5.

12. A person who has been convicted of a fraudulent practice, has been convicted of three or more violations of section 321.92, subsection 2, or section 321.99, has been convicted of three or more violations of subsection 16 of this section in the previous three-year period, or has been convicted of any other indictable offense in connection with selling or other activity relating to motor vehicles, in this state or any other state, shall not for a period of five years from the date of conviction be an owner, salesperson, employee, officer of a corporation, or representative of a licensed motor vehicle dealer or represent themselves as an owner, salesperson, employee, officer of a corporation, or representative of a licensed motor vehicle dealer.

13. a. A manufacturer, distributor, or importer of motor vehicles or agent or representative of such manufacturer, distributor, or importer shall not reduce the amount of compensation for, or disallow a claim for, any of the following if twelve months or more have passed since the claim was submitted to the manufacturer, distributor, or importer or agent or representative thereof:
   (1) Warranty parts, repairs, or service supplied by a motor vehicle dealer.
   (2) Sales or leasing incentives provided to a motor vehicle dealer or to a customer of a motor vehicle dealer including but not limited to rebates and discounted interest rates.
   b. The twelve-month limitation shall not apply if a court of competent jurisdiction in this state finds the claim was fraudulent.

14. A manufacturer or importer shall not directly or indirectly be licensed as, own an interest in, operate, or control a motor vehicle dealer. This subsection shall not prohibit any of the following:
   a. A manufacturer or importer from being licensed as a motor vehicle dealer or owning an interest in, operating, or controlling a motor vehicle dealership for a period not to exceed one year to facilitate transfer of the motor vehicle dealership to a new owner if both of the following apply:
      (1) The prior owner transferred the motor vehicle dealership to the manufacturer or importer.
      (2) The motor vehicle dealership is continuously offered for sale by the manufacturer or importer upon reasonable terms and conditions.
   b. A manufacturer or importer from temporarily owning an interest in a motor vehicle dealership for the purpose of enhancing opportunities for persons who lack the financial resources to purchase the motor vehicle dealership without such assistance. A manufacturer or importer may temporarily own an interest in a motor vehicle dealership pursuant to this paragraph only if the manufacturer or importer enters into a contract with a person pursuant to which all of the following apply:
      (1) The person operates the motor vehicle dealership.
      (2) The person has made a significant financial investment in the motor vehicle dealership and is subject to loss on such investment.
      (3) The person has an ownership interest in the motor vehicle dealership.
      (4) The person will acquire full ownership of the motor vehicle dealership within a reasonable time under reasonable conditions.
c. A manufacturer or importer from owning an interest in, operating, or controlling a person whose primary business is renting motor vehicles and who is licensed as a used motor vehicle dealer.

d. A manufacturer of motor homes, as defined in section 321.1, from owning an interest in, operating, or controlling a motor vehicle dealer of the motor homes manufactured by that manufacturer or from being licensed as a motor vehicle dealer only of the motor homes manufactured by that manufacturer.

e. A manufacturer from owning a minority interest in an entity that owns and operates motor vehicle dealers, licensed under this chapter or the laws of the jurisdiction in which they are located, of the line-make manufactured by the manufacturer if all of the motor vehicle dealers owned and operated by the entity in this state are motor vehicle dealers of only the line-make manufactured by the manufacturer and if, on January 1, 2000, there were not less than one and not more than three motor vehicle dealers of that line-make licensed under this chapter.

f. A final-stage manufacturer of multi-stage manufactured vehicles from being licensed as a used motor vehicle dealer or from assigning an incomplete motor vehicle’s manufacturer’s statement of origin to a retail buyer for purposes of issuance of a certificate of title by a county treasurer as a new motor vehicle with the same make as the incomplete motor vehicle without holding a new motor vehicle dealer license and without paying any associated motor vehicle registration fees. This paragraph shall not be construed to authorize a manufacturer or incomplete motor vehicle manufacturer to directly sell at retail incomplete or completed motor vehicles to a retail buyer except as provided in this subsection.

15. A manufacturer, distributor, or importer of motor vehicles or an agent or representative of a manufacturer, distributor, or importer shall not reduce the amount of compensation for, or disallow a claim for, warranty parts, repairs, or service supplied by a motor vehicle dealer on the grounds that the dealer failed to submit a claim fewer than sixty days after the motor vehicle dealer completed the work underlying the claim for warranty parts, repairs, or service.

16. A motor vehicle dealer or wholesaler licensed under this chapter shall not sell, loan, rent, lease, or charge a fee for the use of the license to another person for the purpose of allowing the person to engage in the business of selling motor vehicles.

[C39, §5039.03; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §322.3]

322.4 Application for license.

1. Each person before engaging in this state in the business of selling at retail motor vehicles or representing or advertising that the person is engaged or intends to engage in such business in this state shall file in the office of the department an application for license as a motor vehicle dealer in the state in such form as the department may prescribe, duly verified by oath, which application shall include the following:

g. Before the issuance of a motor vehicle dealer’s license to a dealer engaged in the sale of vehicles for which a certificate of title is required under chapter 321, or the issuance of a temporary permit under section 322.5, subsection 6, paragraph “b”, the applicant shall furnish a surety bond executed by the applicant as principal and executed by a corporate surety company, licensed and qualified to do business within this state, which bond shall run to the state of Iowa, be in the amount of seventy-five thousand dollars and be conditioned upon the faithful compliance by the applicant as a dealer with all of the statutes of this state regulating or applicable to the business of a dealer in motor vehicles, and indemnifying any person who buys a motor vehicle from the dealer from any loss or damage occasioned by the failure of the dealer to comply with any of the provisions of chapter 321 and this chapter, including but not limited to the furnishing of a proper and valid certificate of title to the motor vehicle involved in a transaction. The bond shall also indemnify any motor vehicle purchaser from any loss or damage caused by the failure of the dealer to comply with the odometer requirements in section 321.71, regardless of whether the motor vehicle was purchased directly from the dealer. The bond shall be filed with the department prior to the issuance of a license or permit. The aggregate liability of the surety, however, shall not exceed the amount of the bond.

h. Proof that the applicant has financial liability coverage as defined in section 321.1, except that such coverage shall be in limits of not less than one hundred thousand dollars because of bodily injury to or death of one person in any one accident and, subject to the limit for one person, three hundred thousand dollars because of bodily injury to or death of two or more persons in any one accident, and fifty thousand dollars because of injury to or destruction of property of others in any one accident.

322.5 License fees — temporary permits.

1. a. The license fee for a motor vehicle dealer for a two-year period or part thereof is the sum of seventy dollars for the licensee’s principal place of business in each city or township and an additional twenty dollars for a two-year period or part thereof for each car lot which is in the city or township in which the principal place of business is located and which is not
adjacent to that place, to be paid to the department at the time a license is applied for. In case
the application is denied, the department shall refund the amount of the fee to the applicant.

b. For the purposes of this section, “adjacent” means that the principal place of business
and each additional lot are adjoining parcels of property. Parcels of property shall be deemed
to be adjacent if the parcels are only separated by an alley, street, or highway that is not a
controlled-access facility.

2. a. In addition to selling motor vehicles at the motor vehicle dealer’s principal place of
business and at car lots, a motor vehicle dealer may do any of the following:

   (1) Display new motor vehicles at fairs, vehicle shows, and vehicle exhibitions, upon
       application for and receipt of a temporary permit issued by the department.

   (2) Display, offer for sale, and negotiate sales of new motor vehicles at fair events, as
       defined in chapter 174, the state fair, as discussed in chapter 173, vehicle shows, and vehicle
       exhibitions, upon application for and receipt of a temporary permit issued by the department.

Such activities may only be conducted at a fair event, the state fair, a vehicle show, or a vehicle
exhibition, if the fair event, state fair, vehicle show, or vehicle exhibition is held in the motor
vehicle dealer’s community, as defined in section 322A.1, for the vehicles that are displayed
and offered for sale. A sale of a motor vehicle by a motor vehicle dealer shall not be completed
and an agreement for the sale of a motor vehicle shall not be signed at a fair event, the state
fair, a vehicle show, or a vehicle exhibition. All such sales shall be consummated at the motor
vehicle dealer’s principal place of business.

b. An application for a temporary permit under this subsection shall be made upon a
form provided by the department and shall be accompanied by a ten-dollar permit fee. The
department may issue a temporary permit for a period not to exceed fourteen days. The
department may issue multiple consecutive temporary permits.

of classic car display and sale and the provisions of section 322.3, subsection 9, shall not
be applicable. Application for a temporary permit shall be made on forms provided by the
department and shall be accompanied by a ten-dollar permit fee. A permit shall be issued
for a single period of not to exceed five days. Not more than three permits may be issued
to a motor vehicle dealer in any one calendar year. For purposes of this subsection, “classic

primarily of value as a collector’s item and not as transportation.

4. a. A nonresident motor vehicle dealer, who is authorized by a written contract with a
manufacturer or distributor of new motor trucks to sell at retail such new motor trucks, may
display motor trucks within this state at qualified events approved by the department. The
dealer must obtain a temporary permit from the department. An application for a temporary
permit shall be made upon a form provided by the department and shall be accompanied by
a ten-dollar permit fee. Permits shall be issued for a period not to exceed fourteen days. The

   (2) The qualified event is conducted in a controlled area and is not open to the public
generally.

   (3) The qualified event generally promotes the motor truck industry.

   (4) The qualified event is conducted within the area of responsibility that is specified in
the motor vehicle dealer’s contract with the manufacturer or distributor.

b. A temporary permit shall not be issued under this subsection unless the state in which
the nonresident motor vehicle dealer is licensed extends by reciprocity similar privileges to
a motor vehicle dealer licensed by this state.

5. a. A manufacturer, distributor, or dealer may, upon receipt of a temporary permit
approved by the department, display new ambulances, new fire vehicles, and new rescue
vehicles for educational purposes only at vehicle shows and vehicle exhibitions conducted
for the express purpose of educating fire and rescue personnel in new technology and
techniques for fire fighting and rescue efforts. Application for temporary permits shall be
made upon forms provided by the department and shall be accompanied by a ten-dollar permit fee. Permits shall be issued for a single show or exhibition, not to exceed five consecutive days.

b. A temporary permit shall not be issued under this subsection to a nonresident manufacturer, distributor, or dealer unless the state in which the nonresident manufacturer, distributor, or dealer is licensed extends by reciprocity similar privileges to a manufacturer, distributor, or dealer licensed by this state.

6. a. Upon application for and receipt of a temporary permit issued by the department under this subsection, a motor vehicle dealer authorized to sell used motorcycles or autocycles may display, offer for sale, and negotiate sales of used motorcycles or autocycles at a motorcycle rally located in this state that meets all of the following conditions:
   (1) The sponsor of the rally conducts not more than one rally annually in this state.
   (2) The rally is conducted for a single period of not less than three and not more than seven consecutive days.
   (3) Attendance at the rally is restricted to persons who have paid a nonrefundable admission fee to the sponsor of the rally.
   b. A person licensed as a motor vehicle dealer in another state may apply for and be issued a temporary permit under this subsection if the person meets all of the following conditions:
      (1) The person presents the department with a current motor vehicle dealer license valid for the sale of used motorcycles or autocycles at retail in the person’s state of residence.
      (2) The state in which the person is licensed as a motor vehicle dealer allows a motor vehicle dealer licensed in Iowa to be issued a permit substantially similar to the temporary permit authorized under this subsection.
   (3) The person furnishes to the department a surety bond that meets the requirements of section 322.4, subsection 1, paragraph “g”.
   (4) The person presents any additional information the department may require.
   c. Application for a temporary permit under this subsection shall be made on forms provided by the department accompanied by a fee in the amount established for a temporary permit under subsection 2, paragraph “b”.
   d. A sale of a motorcycle or autocycle at a motorcycle rally shall not be completed and an agreement for the sale of a motorcycle or autocycle shall not be signed at a motorcycle rally. All such sales shall be consummated at the motor vehicle dealer’s principal place of business.
   e. The department may issue a temporary permit under this subsection for a period not to exceed seven consecutive days. A motor vehicle dealer may not receive more than one temporary permit issued under this subsection in a calendar year.

      b. The applicant has not complied with the provisions of this chapter or any rules or regulations adopted by the department pursuant to this chapter, except as otherwise provided.
      c. The applicant is of bad business repute.
      d. h. The applicant does not have a place of business within the meaning of this chapter, unless the applicant is a person referred to in section 322.3, subsection 7.

i. The applicant has been determined in a final judgment of a court of competent jurisdiction to have violated section 714.16 in connection with selling or other activity relating to motor vehicles and the department determines that the applicant should not therefore be engaged in the business of selling motor vehicles.

j. Following a judicial determination that the applicant intentionally violated any provision of the Iowa consumer credit code, chapter 537, the applicant continues to make consumer credit sales, consumer loans, or consumer leases in violation of the Iowa consumer credit code, chapter 537.

k. The applicant is or will be acting on behalf of a person whose dealer license has been revoked as provided in this chapter.

2. It shall be sufficient cause for refusal or revocation of a license as a motor vehicle dealer in the case of a partnership or corporation if any member of the partnership or any officer or director of the corporation has committed an act or omission which would cause for refusing to issue a license to, or revoking a license of, such person as an individual.

3. In considering whether or not a contract or agreement between a motor vehicle dealer and a manufacturer or distributor of motor vehicles has been terminated by the manufacturer or distributor without just and reasonable cause, the department shall take into consideration the circumstances existing at the time of the termination, including the amount of business transacted by the motor vehicle dealer pursuant to the contract or agreement and prior to the termination; the investment necessarily made and the obligation necessarily incurred by the motor vehicle dealer in the performance of the dealer’s part of the contract; the permanency of such investment; the reasons for the termination by the manufacturer or distributor; and the fact that it is injurious to the public welfare for the business of a motor vehicle dealer to be disrupted by termination of a contract without just and reasonable cause.

4. Whenever the department determines to deny the application of a person for a license as a motor vehicle dealer and refuses to issue a license to the person, the department shall enter a final order with its findings relating to the determination within thirty days from the date of the hearing.

   b. The franchiser shall provide to the franchisee a schedule of compensation that specifies reasonable compensation the franchiser will pay to the franchisee for such warranty services, including for parts, labor, and diagnostics.

   (1) In determining the schedule of compensation for parts, the franchiser may multiply the price paid by the franchisee for parts, including all shipping costs and other charges, by the sum of one and the franchisee’s average percentage markup. The franchisee’s average percentage markup is calculated by subtracting one from the result of dividing the total amounts charged by the franchisee for parts used in warranty-like repairs by the total cost to the franchisee for the parts in the retail service orders submitted pursuant to subparagraph (3).

   (2) In determining the schedule of compensation for labor-related warranty services, the franchiser may calculate the franchisee’s retail labor rate by dividing the total amount of retail sales attributable to labor for warranty-like services by the number of hours of labor spent to generate the retail sales in the retail service orders submitted pursuant to subparagraph (3).

   (3) a) The franchisee may establish its average percentage markup for parts or its labor
rate by submitting to the franchiser copies of one hundred sequential retail service orders paid by the franchisee’s customers, or all of the franchisee’s retail service orders paid by the franchisee’s customers in a ninety-day period, whichever is less, for services provided within the previous one-hundred-eighty-day period. The franchiser shall not consider retail service orders or portions of retail service orders attributable to routine maintenance such as tire service or oil service.

(b) Within thirty days of receiving the franchisee’s submission, the franchiser may choose to audit the submitted orders. The franchiser shall then approve or deny the establishment of the franchisee’s average percentage markup or labor rate. If the franchiser approves the establishment of the franchisee’s average percentage markup or labor rate, the markup or rate calculated under this subparagraph shall go into effect forty-five days after the date of the franchiser’s approval. If the franchiser denies the establishment of the franchisee’s average percentage markup or labor rate, the franchisee may file a complaint with the department and a hearing shall be held before the department of inspections and appeals. The franchiser shall have the burden of proof to establish that the franchiser’s denial was reasonable. If the department of inspections and appeals finds the denial was not reasonable, the denial shall be deemed a violation of this chapter and the department of inspections and appeals shall determine the franchisee’s average percentage markup or labor rate for purposes of calculating a reasonable schedule of compensation. In making such a determination, the department of inspections and appeals shall not consider retail service orders or portions of retail service orders attributable to routine maintenance such as tire service or oil service.

(c) A franchiser shall not require a franchisee to establish an average percentage markup or labor rate by a methodology, or by requiring the submission of information, that is unduly burdensome or time-consuming to the franchisee, including but not limited to requiring part-by-part or transaction-by-transaction calculations.

(d) A franchisee shall not request a change in the franchisee’s average percentage markup or labor rate more than once in any one-year period.

(4) The compensation to the franchisee for warranty parts and labor shall not be less than the rates charged by the franchisee for like parts and services to retail customers, provided the rates are reasonable.

3. A franchiser shall not do any of the following:
   a. Fail to perform any warranty obligation.
   b. Fail to compensate any of the franchiser’s franchisees operating in this state for repairs relating to a recall.

   4. a. A claim made by a franchisee for warranty services pursuant to this section shall be paid within thirty days after the claim’s approval. A franchiser shall either approve or deny a claim within thirty days after the franchiser receives a claim if the claim is submitted on a proper form generally used by the franchiser and the claim contains the information required by the franchiser. If a franchiser does not deny a claim in writing within thirty days after the receipt of the claim, the claim shall be deemed to be approved by the franchiser and payment shall be made to the franchisee within thirty days.

   b. A franchiser may deny a franchisee’s claim for compensation for warranty or recall services if the franchisee’s claim is based on a repair not related to warranty or recall services, the repair was not properly performed, the franchisee lacks the reasonably required documentation for the claim, the franchisee fails to comply with the terms and conditions of the franchiser’s warranty or recall compensation program, or the franchiser has a bona fide belief based on factual evidence that the franchisee’s claim was submitted containing an intentionally false or fraudulent statement or misrepresentation. A franchiser may reject, but shall not deny, a claim based solely on a franchisee’s unintentional failure to comply with a specific claim processing requirement, such as a clerical error, that does not otherwise affect the legitimacy of the claim. If a claim is rejected for such a failure, the franchisee may resubmit a corrected claim in a timely manner to the franchiser.

   c. The requirement to approve a claim within thirty days or to pay an approved claim within thirty days as provided in this subsection shall not be construed to preclude denials, reductions, or chargebacks not otherwise prohibited under section 322.3, subsection 13.

5. The obligations set forth in this section shall apply to any franchiser as defined in this
chapter and any franchiser of new motor vehicle transmissions, engines, or rear axles that separately warrants such components to customers.

322A.6 Application filed with the department.
1. If a franchiser seeks to terminate or not continue a franchise, or seeks to enter into a franchise establishing an additional motor vehicle dealership of the same line-make, the franchiser shall file an application with the department for permission to terminate or not continue the franchise, or for permission to enter into a franchise for additional representation of the same line-make in that community.
2. An applicant seeking permission to enter into a franchise for additional representation of the same line-make in a community shall deposit with the department at the time the application is filed, an amount of money to be determined by the department of inspections and appeals to pay the costs of the hearing.

322A.7 Department of inspections and appeals to hold hearing.
1. Upon receiving an application, the department shall notify the department of inspections and appeals which shall enter an order fixing a time, which shall be within ninety days of the date of the order, and place of hearing, and shall send by certified or registered mail, with return receipt requested, a copy of the order to the franchisee whose franchise the franchiser seeks to terminate or not continue, or to the franchiser who is seeking to alter a franchisee’s community, as applicable. If the application requests permission to establish an additional motor vehicle dealership, a copy of the order shall be sent to all franchisees in the community who are then engaged in the business of offering to sell or selling the same line-make. If the application challenges the reasonableness of a proposed alteration to a franchisee’s community, a copy of the order shall be sent to all franchisees located in Iowa surrounding the affected community which are then engaged in the business of offering to sell or selling the same line-make. Copies of orders shall be addressed to the franchisee at the place where the business is conducted. The department of inspections and appeals may also give notice of the franchiser’s application to any other parties deemed interested persons, the notice to be in the form and substance and given in the manner the department of inspections and appeals deems appropriate.
2. Any person who can show an interest in the application may become a party to the hearing, whether or not that person receives notice. However, a party not receiving notice shall be limited to participation at the hearing on the question of the public interest in the termination or continuation of the franchise or in the establishment of an additional motor vehicle dealership.

Referred to in §322A.3A

322A.8 Continuation.
If the department of inspections and appeals finds it desirable it may upon request continue the date of hearing for a period of ninety days, and may upon application, but not ex parte, continue the date of hearing for an additional period of ninety days.

Upon hearing, the franchiser shall have the burden of proof to establish that under the provisions of this chapter the franchiser should be granted permission to terminate or not continue the franchise, or to enter into a franchise establishing an additional motor vehicle dealership, or to alter a franchisee’s community.
2. Nothing contained in this chapter shall be construed to require or authorize any

2. In the event issues are raised which would involve violations of any state or federal antitrust or price-fixing law, all discovery and inspection proceedings which would be available under such issues in a state or federal court action shall be available to the parties to the hearing, and the department of inspections and appeals may issue orders to give effect to such proceedings.
3. Evidence which would be admissible under the issues in a state or federal court action is admissible in a hearing held by the department of inspections and appeals. The department of inspections and appeals shall apportion all costs between the parties.

322A.11 Condition barring change in franchise.
Notwithstanding the terms, provisions, or conditions of any agreement or franchise, the following shall not be considered facts supporting a finding of good cause for the termination or noncontinuation of a franchise, or for entering into a franchise for the establishment of an additional dealership in a community for the same line-make:
1. The sole fact that franchiser desires further penetration of the market.
2. The change of ownership of the franchisee's dealership or the change of executive management of the franchisee's dealership, unless the franchiser, having the burden of proof, proves that such change of ownership or executive management will be substantially detrimental to the distribution of the franchiser’s motor vehicles in the community and that good cause for the termination or noncontinuation of the franchise or for the establishment of an additional dealership otherwise exists.
3. The fact that the franchisee refused to purchase or accept delivery of any motor vehicle or vehicles, parts, accessories or any other commodity or service not ordered by the franchisee.
4. The fact that the dealership moved to another facility and location within the dealership's community which are equal to or superior to the dealership's former location and facility or the fact that the dealership added an additional line-make to the dealership if the dealership’s facility is adequate to accommodate the additional line-make.
5. The fact that the dealership does not meet an index or standard established by the franchiser, unless the franchiser proves that the failure of the dealership to meet the index or standard will be substantially detrimental to the distribution of the franchiser’s motor vehicles in the community and that good cause for the termination or noncontinuation of the franchise or for the establishment of an additional dealership otherwise exists.

of the franchisee’s license under chapter 322 is denied or the new owner is unable to obtain a license under that chapter.

2. Notwithstanding the terms, provisions, or conditions of an agreement or franchise, the sale or transfer, or the proposed sale or transfer, of a franchisee’s dealership, or the change or proposed change in the executive management of a franchisee’s dealership shall not make applicable any right of first refusal of the franchiser.

§322C.3 Prohibited acts — exception.

1. A person shall not engage in this state in the business of selling at retail new tovable recreational vehicles of any line-make, or represent or advertise that the person is engaged in or intends to engage in such business in this state, unless the person is authorized by a manufacturer-dealer agreement between that person and the manufacturer or distributor of that line-make of new tovable recreational vehicles to sell the vehicles in this state, and unless the department has issued to the person a license as a tovable recreational vehicle dealer for the same line-make of tovable recreational vehicle which the dealer is authorized to sell under the manufacturer-dealer agreement.

2. A person, other than a licensed dealer in new tovable recreational vehicles, shall not engage in the business of selling at retail used tovable recreational vehicles or represent or advertise that the person is engaged in or intends to engage in such business in this state unless the department has issued to the person a license as a used tovable recreational vehicle dealer.

3. A person is not required to obtain a license as a dealer if the person is disposing of a tovable recreational vehicle acquired or repossessed, so long as the person is exercising a power or right granted by a lien, title-retention instrument, or security agreement given as security for a loan or a purchase money obligation.

4. A dealer shall not enter into a contract, agreement, or understanding, expressed or implied, with a manufacturer or distributor that the dealer will sell, assign, or transfer an agreement or contract arising from the retail installment sale of a tovable recreational vehicle only to a designated person or class of persons. Any such condition, agreement, or understanding between a manufacturer or distributor and a dealer is against the public policy of this state and is unlawful and void.

5. A manufacturer or distributor of tovable recreational vehicles or an agent or representative of the manufacturer or distributor shall not refuse to renew a manufacturer-dealer agreement for a term of less than twelve months, and shall not terminate or threaten to terminate a contract, agreement, or understanding for the sale of new tovable recreational vehicles to a dealer in this state without just, reasonable, and lawful cause or because the dealer failed to sell, assign, or transfer a contract or agreement arising from the retail sale of a tovable recreational vehicle to only a person or a class of persons designated by the manufacturer or distributor.

b. The agreement or contract complies with the Iowa consumer credit code, chapter 537, where applicable.

Except as provided under subsection 9, a person licensed under section 322C.4 shall not, either directly or through an agent, salesperson, or employee, engage or represent or advertise that the person is engaged in or intends to engage in this state in the business of buying or selling new or used towable recreational vehicles on Sunday.

9. A dealer may display new towable recreational vehicles at fairs, shows, and exhibitions on any day of the week as provided in this subsection. Dealers, in addition to selling towable recreational vehicles at their principal place of business and lots, may, upon receipt of a temporary permit approved by the department, display and offer new towable recreational vehicles for sale and negotiate sales of new towable recreational vehicles at fairs, shows, and exhibitions. Application for temporary permits shall be made upon forms provided by the department and shall be accompanied by a ten dollar permit fee. Temporary permits shall be issued for a period not to exceed fourteen days. The department may issue multiple consecutive temporary permits.

For purposes of this subsection, "adjacent" means that the principal place of business and each additional lot are adjoining parcels of property. The applicant shall file in the office of the department a verified application for license as a dealer in the form the department prescribes, which shall include the following:

1. Notwithstanding section 322C.3, subsection 5, a manufacturer or distributor may, either directly or through any authorized officer, agent, or employee, terminate, cancel, or fail to renew a manufacturer-dealer agreement with or without good cause. If the manufacturer or distributor terminates, cancels, or fails to renew a manufacturer-dealer agreement without good cause, the manufacturer or distributor shall comply with the repurchase requirements set forth in section 322C.16.
2. A manufacturer or distributor shall have the burden of proof to demonstrate good cause for terminating, canceling, or failing to renew a manufacturer-dealer agreement. For purposes of determining whether good cause exists for the manufacturer’s or distributor’s termination, cancellation, or failure to renew a manufacturer-dealer agreement, any of the following factors may be considered:
   a. The extent of the dealer’s presence in the community.
b. The nature and extent of the dealer’s investment in the dealer’s business.

c. The adequacy of the dealer’s service facilities, equipment, parts, supplies, and personnel.

b. (1) The notice shall state all of the reasons for the termination, cancellation, or nonrenewal and shall further state that if, within thirty days following receipt of the notice, the dealer provides to the manufacturer or distributor a written notice of intent to cure all claimed deficiencies, the dealer shall then have ninety days following receipt of the notice to cure the deficiencies.

(2) If the deficiencies are cured within ninety days, the manufacturer’s or distributor’s notice is voided. If the dealer fails to provide the notice of intent to cure the deficiencies within thirty days, or fails to cure the deficiencies within ninety days, the termination, cancellation, or nonrenewal takes effect as provided in the original notice. If the dealer has possession of new and untitled inventory, the inventory may be sold pursuant to section 322C.16.

c. The notice period for termination, cancellation, or nonrenewal of a manufacturer-dealer agreement for good cause may be reduced to thirty days if the grounds for termination, cancellation, or nonrenewal are due to any of the following factors:

(1) The dealer or one of the dealer’s owners has been convicted of, or has entered a plea of guilty or nolo contendere to, a felony.

(2) The dealer has abandoned or closed the dealer’s business operations for ten consecutive business days. This subparagraph does not apply if the closing is due to a normal seasonal closing and the dealer notifies the manufacturer or distributor of the planned closing, or is due to an act of God, a strike, a labor difficulty, or any other cause over which the dealer has no control.

(3) The dealer has made a significant misrepresentation that materially affects the business relationship of the manufacturer or distributor and the dealer.

(4) The dealer’s license has been suspended, revoked, denied, or has not been renewed by the department.

(5) The dealer has committed a material violation of this chapter which is not cured within thirty days after receipt of written notice of the violation.

4. Subsection 3 does not apply if the manufacturer or distributor terminates, cancels, or fails to renew the manufacturer-dealer agreement because the dealer is insolvent, or has filed for bankruptcy, receivership, or assignment for the benefit of creditors.

Subsection 3, paragraph c, subparagraph (2) amended

322C.15 Manufacturer-dealer agreement — termination, cancellation, nonrenewal, or alteration by dealer.

2. The dealer shall have the burden of proof to demonstrate good cause for terminating, canceling, or failing to renew a manufacturer-dealer agreement. For purposes of determining whether good cause exists for the dealer’s termination, cancellation, or failure to renew a
manufacturer-dealer agreement, any of the following factors shall be deemed to be good cause:

a. The manufacturer or distributor has been convicted of, or has entered a plea of guilty or nolo contendere to, a felony.

b. The manufacturer’s or distributor’s business operations have been abandoned or caused the dealer’s business operations to close for ten consecutive business days. This paragraph does not apply if the closing is due to a normal seasonal closing and the manufacturer or distributor notifies the dealer of the planned closing, or is due to an act of God, a strike, a labor difficulty, or any other cause over which the manufacturer or distributor has no control.

c. The manufacturer or distributor has made a significant misrepresentation that materially affects the business relationship of the manufacturer or distributor and the dealer.

d. The manufacturer or distributor has committed a material violation of this chapter which is not cured within thirty days after receipt of written notice of the violation.

b. (1) If a termination or cancellation is for good cause, the notice shall state all of the reasons for the termination or cancellation and shall further state that if, within thirty days following receipt of the notice, the manufacturer or distributor provides to the dealer a written notice of intent to cure all claimed deficiencies, the manufacturer or distributor shall then have ninety days following receipt of the notice to cure the deficiencies.

(2) If the deficiencies are cured within ninety days, the dealer’s notice is voided. If the manufacturer or distributor fails to provide the notice of intent to cure the deficiencies within thirty days, or fails to cure the deficiencies within ninety days, the termination or cancellation takes effect as provided in the original notice.

Subsection 2, paragraph b amended

322C.16 Repurchase or sale of inventory.

1. If a manufacturer-dealer agreement is terminated, canceled, or not renewed by the manufacturer or distributor without good cause, or by a dealer with good cause and, in the case of termination or cancellation, the manufacturer or distributor fails to provide notice or cure the deficiencies claimed by the dealer, the manufacturer or distributor shall, at the dealer’s option and within forty-five days after termination, cancellation, or nonrenewal, repurchase all of the following:

a. All new, untitled towable recreational vehicles that the dealer acquired from the manufacturer or distributor within twelve months prior to the effective date of the notice of termination, cancellation, or nonrenewal of the manufacturer-dealer agreement that have not been used other than for demonstration purposes, and that have not been altered or damaged, at one hundred percent of the net invoice cost, including transportation, less applicable rebates and discounts to the dealer. If any of the towable recreational vehicles repurchased pursuant to this paragraph are damaged, but do not require a disclosure under section 321.69A, the amount due to the dealer shall be reduced by the cost to repair the vehicle. Damage incurred by a vehicle prior to delivery to the dealer that was disclosed at the time of delivery shall not disqualify repurchase pursuant to this paragraph.

b. All undamaged proprietary parts for any line-make subject to the termination, cancellation, or nonrenewal that was sold to the dealer for resale within twelve months prior to the effective date of the termination, cancellation, or nonrenewal of the manufacturer-dealer agreement, if accompanied by the original invoice, at one hundred five percent of the original net price paid to the manufacturer or distributor.

c. All properly functioning diagnostic equipment, special tools, current signage, or other equipment and machinery that was purchased by the dealer upon the request of the manufacturer or distributor for any line-make subject to the termination, cancellation, or
nonrenewal within five years prior to the effective date of the termination, cancellation, or nonrenewal of the manufacturer-dealer agreement that can no longer be used in the normal course of the dealer’s ongoing business.

2. If towable recreational vehicles of a particular line-make subject to a terminated, canceled, or nonrenewed manufacturer-dealer agreement are not repurchased or required to be repurchased pursuant to the agreement, the dealer may continue to sell such vehicles existing in the dealer’s inventory until the vehicles are no longer in the dealer’s inventory.

1. a. If a towable recreational vehicle dealer makes or intends to make a change in ownership of a dealership by sale of the business assets, a stock transfer, or in another manner, the dealer shall provide to a manufacturer or distributor that is a party to a manufacturer-dealer agreement with the dealer written notice of the proposed change at least fifteen business days before the change becomes effective. The notice shall include all supporting documentation that may be reasonably required by the manufacturer or distributor to determine whether to make an objection to the change.

b. In the absence of a breach by the dealer of the manufacturer-dealer agreement or a violation of this chapter, the manufacturer or distributor shall not object to the proposed change in ownership unless the objection is to the prospective transferee for any of the following reasons:

(1) The transferee has previously been a party to a manufacturer-dealer agreement with the manufacturer or distributor and the agreement was terminated, canceled, or not renewed by the manufacturer or distributor for good cause.

(2) The transferee has been convicted of a felony or any crime of fraud, deceit, or moral turpitude.

(3) The transferee lacks any license required by law.

(4) The transferee does not have an active line of credit sufficient to purchase the manufacturer’s or distributor’s products.

(5) The transferee is insolvent or has been within the previous ten years, or has filed for bankruptcy, receivership, or assignment for the benefit of creditors within the previous ten years.

c. If a manufacturer or distributor objects to a proposed change in ownership of a dealership, the manufacturer or distributor shall provide written notice of the reasons for the objection to the dealer within fifteen business days after receipt of the dealer’s notification and supporting documentation about the proposed change. The manufacturer or distributor shall have the burden of proof to demonstrate that the objection complies with the requirements of this subsection. If the manufacturer or distributor does not provide the dealer with timely notice of the objection, the dealer’s proposed change in ownership of the dealership shall be deemed approved.

2. a. A manufacturer or distributor shall provide to a dealer the opportunity to designate, in writing, a family member as a successor to ownership of a dealership in the event of the death, incapacity, or retirement of the dealer. If a dealer desires to designate a family member as a successor to ownership of a dealership, the dealer shall provide to the manufacturer or distributor that is a party to the manufacturer-dealer agreement with the dealer written notice of the proposed designation, or modification of a previous designation, at least fifteen business days before the designation or proposed modification of a designation becomes effective. The notice shall include all supporting documentation as may be reasonably required by the manufacturer or distributor to determine whether to make an objection to the succession plan.

b. In the absence of a breach by the dealer of the manufacturer-dealer agreement or a violation of this chapter, the manufacturer or distributor shall not object to the designation or proposed modification of a designation unless the objection is to the designated successor for any of the following reasons:

(1) The designated successor has previously been a party to a manufacturer-dealer
agreement with the manufacturer or distributor and the agreement was terminated, canceled, or not renewed by the manufacturer or distributor for good cause.

2. The designated successor has been convicted of a felony or any crime of fraud, deceit, or moral turpitude.

3. The designated successor lacks any license required by law at the time of succession.

4. The designated successor does not have an active line of credit sufficient to purchase the manufacturer’s or distributor’s products at the time of succession.

5. The designated successor is insolvent or has been within the previous ten years, or has filed for bankruptcy, receivership, or assignment for the benefit of creditors within the previous ten years.

   c. If a manufacturer or distributor objects to a succession plan, the manufacturer or distributor shall provide written notice of the reasons for the objection to the dealer within fifteen business days after receipt of the dealer’s notification and supporting documentation about the proposed designation or proposed modification of a designation. The manufacturer or distributor shall have the burden of proof to demonstrate that the objection complies with the requirements of this subsection. If the manufacturer or distributor does not provide the dealer with timely notice of the objection, the dealer’s proposed succession plan shall be deemed approved. A manufacturer or distributor shall allow the succession of ownership of a dealership to a designated family member when a dealer is deceased, incapacitated, or has retired, unless the manufacturer or distributor has provided to the dealer written notice of the manufacturer’s or distributor’s objections to the succession within fifteen days after receipt of notice of the succession. However, a family member of a dealer shall not succeed to ownership of a dealership if the succession involves, without the manufacturer’s or distributor’s consent, a relocation of the dealership or alteration of the terms and conditions of the manufacturer-dealer agreement.

The compensation of a dealer for warranty services shall not be less than the lowest actual retail wage rates charged by the dealer for similar nonwarranty services, as long as the actual retail wage rates are reasonable.

   3. A warrantor shall reimburse a dealer for any warranty part, accessory, or complete component at actual wholesale cost to the dealer plus a minimum of a thirty percent handling charge, not to exceed one hundred fifty dollars, and plus the cost, if any, to the dealer to return such part, component, or accessory to the warrantor.

   c. Fail to compensate the warrantor’s dealers for authorized repairs performed by the dealer on merchandise damaged in manufacture or in transit to the dealer by a carrier designated by the warrantor, factory branch, distributor, or distributor branch.
   d. Fail to compensate the warrantor’s dealers in accordance with the schedule of compensation provided to the dealer pursuant to this section, if the warranty services for which compensation is claimed are performed by the dealer in a timely and competent manner as required in this section.
   e. Intentionally misrepresent in any way to consumers that warranties with respect to the manufacture, performance, or design of towable recreational vehicles are made by the dealer as warrantor or co-warrantor.

   d. Fail to notify the warrantor within ten days of a second repair attempt on a towable recreational vehicle which impairs the use, value, or safety of the vehicle.
   e. Fail to maintain written records, including a consumer’s written or electronic verification or signature, regarding the amount of time a towable recreational vehicle is stored for the consumer’s convenience during a repair.
   f. Make fraudulent warranty claims or misrepresent the terms of any warranty.

2. A warrantor shall not deny a dealer indemnification for failure to discover, disclose, or remedy a defect in the design or manufacture of a new towable recreational vehicle. A warrantor may deny a dealer indemnification if the dealer fails to remedy a known and announced defect in accordance with the written instructions of the warrantor for whom the dealer is obligated to perform warranty services.

3. A warrantor shall provide to the dealer a copy of any pending lawsuit in which
allegations are made against the warrantor of willful misconduct. The warrantor shall provide the copy to the dealer within ten days after receiving notice of the lawsuit.

322C.20 Inspection and rejection by dealer.

1. Whenever a new towable recreational vehicle is damaged prior to transit or is damaged in transit to a dealer and the carrier or means of transportation has been selected by the manufacturer or distributor, the dealer shall notify the manufacturer or distributor of the damage within the time frame specified in the manufacturer-dealer agreement and shall do either of the following:

a. Request from the manufacturer or distributor authorization to replace the components, parts, or accessories damaged, or otherwise repair the vehicle to make it ready for sale at retail.

b. Reject the vehicle within the time frame set forth in the manufacturer-dealer agreement pursuant to subsection 4.

2. If the manufacturer or distributor refuses to authorize repair of the new towable recreational vehicle within ten days after receipt of a dealer’s notification, or if the dealer rejects the new towable recreational vehicle because of damage to the vehicle, ownership of the vehicle shall revert to the manufacturer or distributor.

322C.21 Civil action — mediation.

1. A dealer, manufacturer, distributor, or warrantor injured by another party’s violation of this chapter may bring a civil action in district court to recover actual damages resulting from the violation. The court shall award reasonable attorney fees and costs to the prevailing party in such an action. Venue for a civil action authorized by this section shall be exclusively in the county in which the dealer’s business is located. In an action involving more than one dealer, venue may be in any county in which any dealer that is a party to the action is located.

2. a. Prior to bringing a civil action under this section, the party alleging a violation of this chapter shall serve a written demand for mediation upon the alleged offending party.

c. The demand for mediation shall contain a statement of the dispute or violation alleged and the relief sought by the party serving the demand.

d. Within twenty days after service of a demand for mediation, the parties shall mutually select an independent certified mediator and shall meet with the mediator for the purpose of attempting to resolve the dispute or alleged violation. The meeting place for the mediation shall be in this state at a location selected by the mediator. The mediator may extend the date before which the parties are required to have the meeting for good cause shown by either party or upon a stipulation by both parties.
e. The service of a demand for mediation under this section shall toll the period during which a party is required to file any complaint, petition, protest, or other action under this chapter until representatives of both parties have met with the mutually agreed-upon mediator for the purpose of attempting to resolve the dispute or alleged violation. If a complaint, petition, protest, or other action has been filed before the mediation meeting, the court shall enter an order suspending any proceeding or action relating to such complaint, petition, protest, or other action until the mediation meeting has occurred and may, upon written stipulation by all parties to the proceeding or action that the parties wish to continue mediation under this section, enter an order suspending the proceeding or action for any period the court considers appropriate.

f. Each party to the mediation shall pay the party's own costs for attorney fees. The costs of the mediation services shall be allocated equally amongst the parties.

Such injunction shall be issued, upon a hearing and for cause shown, without bond.

The dealer transfers an interest in the dealership; a person with a substantial interest in the ownership or control of the dealership withdraws from the dealership, including an individual proprietor, partner, major shareholder, or manager; or a substantial reduction occurs in the interest of a partner or major shareholder in the dealership. However, good cause does not exist if the supplier consents to an action described in this paragraph.

l. The dealer has pleaded guilty to or has been convicted of a felony.

b. A written termination notice must specify each deficiency constituting good cause for the action. The notice must also state that the dealer has sixty days to cure a specified deficiency. If the deficiency is cured within sixty days from the date that the notice is delivered, the notice is void. However, if the deficiency is based on a dealer’s inadequate representation of a manufacturer’s product relating to sales, as provided in section 322F.1, the notice must state that the dealer has eighteen months to cure the deficiency. If the deficiency based on inadequate representation of a manufacturer’s product relating to sales is cured within eighteen months from the date that notice is delivered, the notice is void.

The repurchase is subject to the following conditions:
   a. The supplier must pay to the dealer or credit the dealer’s account with one hundred percent of the net cost of all unused complete equipment including attachments. The equipment must be in new condition and purchased by the dealership from the supplier within twenty-four months preceding notification by either party of an intent to terminate the contract.
   b. The supplier must pay to the dealer or credit the dealer’s account with ninety percent of the net price for repair parts, including superseded parts listed in the price lists or catalogs in use by the supplier on the date of termination. The supplier shall also pay the dealer or credit the dealer’s account with five percent of the net price on the date of termination on all parts returned for the dealer’s handling, packing, and loading of the parts to be returned to the supplier. However, the supplier is not required to pay or credit the five percent if the supplier elects to perform the handling, packing, and loading.
   c. The supplier shall pay to the dealer or credit the dealer’s account with the amortized value of any specific computer hardware or software that the supplier required the dealer to purchase within the five years immediately preceding notification by either party of an intent to terminate the contract.
   d. The supplier shall pay to the dealer or credit the dealer’s account with the following amounts for special repair tools that were unique to the supplier’s product line and that are in complete and resalable condition:
      (1) Seventy-five percent of the net cost of special repair tools purchased within the three years immediately preceding notification by either party of an intent to terminate the contract.
      (2) Fifty percent of the net cost of special repair tools purchased within the four to six years immediately preceding notification by either party of an intent to terminate the contract.

   f. The supplier must pay to the dealer or credit the dealer’s account with one hundred percent of the net cost of all equipment used in demonstrations, including equipment leased primarily for demonstration or lease, at the equipment’s agreed-upon depreciated value, provided that such equipment is in new condition and has not been abused.

If the heirs or the executor do not exercise this option within twelve months from the date of death of the dealer or majority interest holder, the supplier must repurchase the equipment as if the supplier had terminated the dealership agreement pursuant to section 322F.3. However, this section does not entitle an heir, executor, administrator, legatee, or devisee of a deceased dealer or majority interest holder to continue to operate the dealership without the consent of the supplier.

322F.5A Transfer of dealership.
1. If a supplier has contractual authority to approve or deny a request for a sale or transfer of a dealer’s business or an equity ownership interest in the business, the supplier shall approve or deny the request within sixty days after receiving a written request from the dealer. If the supplier has not approved or denied the request within the sixty-day period, the request shall be deemed approved. The dealer’s request shall include reasonable financial information, personal background information, character references, and work histories for each acquiring person.
2. If a supplier denies a request made pursuant to this section, the supplier shall provide the dealer with a written notice of the denial that states the reasons for the denial. 322F.7 Violations.
A violation of this chapter includes but is not limited to a supplier doing any of the following:
1. Requires a dealer to accept delivery of equipment that the dealer has not ordered.
2. Requires a dealer to order or accept delivery of equipment with special features or accessories not included in the base price list of equipment as publicly advertised by the supplier.
3. Requires a dealer to enter into any agreement, whether written or oral, which amends or supplements an existing dealership agreement with the supplier, unless the supplementary or amendatory agreement is imposed on other similarly situated dealers.
4. Requires as a condition of renewal or extension of a dealership agreement that the dealer complete substantial renovation of the dealer’s place of business, or acquire new or additional space to serve as the dealer’s place of business, unless the supplier provides at least one year’s written notice of the condition which states all grounds supporting the condition. The supplier must provide a reasonable time for the dealer to complete the renovation or acquisition.
5. Requires a dealer to refuse to purchase equipment distributed by another supplier.
6. Discriminates in the prices charged for equipment of like grade and quality sold by the supplier to similarly situated dealers. This subsection does not prevent the use of differentials which make only due allowance for costs related to the manufacture, sale, or delivery of equipment, or to methods or quantities of equipment sold or delivered.
7. a. (1) For a dealership agreement governing equipment other than outdoor power
equipment, takes action terminating, canceling, or failing to renew the dealership agreement, or substantially changes the competitive circumstances intended by the dealership agreement, due to the results of conditions beyond the dealer’s control, including drought, flood, labor disputes, or economic recession.

2. For a dealership agreement governing outdoor power equipment, takes action terminating, canceling, or failing to renew the dealership agreement due to the results of conditions beyond the dealer’s control, including drought, flood, labor disputes, or economic recession.

b. This subsection shall not apply if the dealer is in default of a security agreement in effect with the supplier.

Referred to in §322F.8

322F.8 Supplier liability.

1. (a) A dealer may bring a legal action against a supplier for damages sustained by the dealer as a consequence of the supplier’s violation of any provision of this chapter, including but not limited to a violation described in section 322F.7. A supplier violating this chapter shall compensate the dealer for damages sustained by the dealer as a consequence of the supplier’s violation, together with the actual costs of the action, including reasonable attorney fees.

(2) For a dealership agreement governing equipment other than outdoor power equipment, a dealer may be granted injunctive relief against unlawful termination, cancellation, or the nonrenewal of the dealership agreement, or a substantial change of competitive circumstances as provided in section 322F.2.

(3) For a dealership agreement governing outdoor power equipment, a dealer may be granted injunctive relief against unlawful termination, cancellation, or the nonrenewal of the dealership agreement as provided in section 322F.2.

b. The remedies in this section are in addition to any other remedies permitted by law.

2. (a) If the payment or allowance of equipment repurchased pursuant to section 322F.3 is not made as required, or the supplier is found liable for damages pursuant to subsection 1, paragraph “a”, subparagraph (1), the amount due to the dealer shall bear interest at the rate of one and one-half percent per month calculated from the date that the dealership agreement was terminated.

b. Upon termination of a dealership agreement by nonrenewal or cancellation, by a dealer or supplier, if the supplier fails to make payment or credit the account of the dealer as provided in any provision of this chapter, the supplier is liable in a civil action brought by the dealer for the repurchase amount set forth in section 322F.3, plus interest as calculated pursuant to paragraph “a”. The supplier’s civil liability as provided in this paragraph shall be in addition to and not in lieu of any remedy provided by subsection 1, paragraph “a”, subparagraph (1).

3. The requirements of this chapter supplement any agreement between a dealer and a supplier. The dealer may elect either to pursue contractual remedies under the dealership agreement or remedies provided under this chapter. An election by the dealer to pursue a remedy provided under this chapter does not bar the dealer from pursuing any other remedy under law or equity, including contractual remedies. This chapter does not affect rights of the supplier to charge back to the dealer’s accounts amounts previously paid or credited as a discount to the dealer’s purchase of goods, including equipment.

322F.9 Applicability.

1. A term of a dealership agreement that is inconsistent with the terms of this chapter is void and unenforceable and does not waive any rights that are provided to a person by this chapter.

2. (a) For all dealership agreements other than those provided for in this section, this chapter applies to those dealership agreements in effect that have no expiration date and all other dealership agreements entered into or renewed on or after July 1, 1990. Any such

CHAPTER 322G
DEFECTIVE MOTOR VEHICLES
(LEMON LAW)

§322G.1 Legislative intent.

The general assembly recognizes that a motor vehicle is a major consumer acquisition and that a defective motor vehicle undoubtedly creates a hardship for the consumer. The general assembly further recognizes that a duly franchised motor vehicle dealer is an authorized service agent of the manufacturer. It is the intent of the general assembly that a good faith motor vehicle warranty complaint by a consumer be resolved by the manufacturer within a specified period of time. It is further the intent of the general assembly to provide the statutory procedures whereby a consumer may receive a replacement motor vehicle, or a full refund, for a motor vehicle which cannot be brought into conformity with the warranty provided for in this chapter. However, this chapter does not limit the rights or remedies which are otherwise available to a consumer under any other law.

5. **“Department”** means the attorney general.

6. **“Incidental charges”** means those reasonable costs incurred by the consumer, including, but not limited to, towing charges and the costs of obtaining alternative transportation, which are the direct result of the nonconformity or nonconformities which are the subject of the claim. Incidental charges do not include loss of use, loss of income, or personal injury claims.

7. **“Lease price”** means the aggregate of the following:
   a. Lessor’s actual purchase costs.
   b. Collateral charges, if applicable.
   c. Any fee paid to another to obtain the lease.

   e. An amount equal to state and local use taxes, not otherwise included as collateral charges, paid by the lessor when the vehicle was initially purchased.
   f. An amount equal to five percent of the lessor’s actual purchase cost.

8. **“Lemon law rights period”** means the term of the manufacturer’s written warranty, the period ending two years after the date of the original delivery of a motor vehicle to a consumer, or the first twenty-four thousand miles of operation attributable to a consumer, whichever expires first.

9. **“Lessee”** means any consumer who leases a motor vehicle for one year or more pursuant to a written lease agreement which provides that the lessee is responsible for repairs to the motor vehicle.

10. **“Lessee cost”** means the aggregate of the deposit and rental payments previously paid to the lessor for the leased vehicle.

11. **“Lessor”** means a person who holds the title to a motor vehicle leased to a lessee under a written lease agreement or who holds the lessor’s rights under the agreement.

12. **“Manufacturer”** means a person engaged in the business of constructing or assembling new motor vehicles or installing on previously assembled vehicle chassis special bodies or equipment which, when installed, form an integral part of the new motor vehicle, or a person engaged in the business of importing new motor vehicles into the United States for the purpose of selling or distributing the new motor vehicles to new motor vehicle dealers.

13. **“Motor vehicle”** means a self-propelled vehicle purchased or leased in this state, except as provided in section 322G.15, and primarily designed for the transportation of persons or property over public streets and highways, but does not include mopeds, motorcycles, autocycles, motor homes, or vehicles over fifteen thousand pounds gross vehicle weight rating.

14. **“Nonconformity”** means a defect, malfunction, or condition in a motor vehicle such that the vehicle fails to conform to the warranty, but does not include a defect, malfunction, or condition that results from an accident, abuse, neglect, modification, or alteration of the motor vehicle by persons other than the manufacturer or its authorized service agent.

15. **“Person”** means person as defined in section 714.16.

claim, or the first attempt to repair a nonconformity that is likely to cause death or serious
bodily injury, or the twentieth cumulative day when the vehicle is out of service by reason
of repair of one or more nonconformities, whichever occurs first, multiplied by the purchase
price of the vehicle, or in the event of a leased vehicle, the lessor’s actual lease price plus
an amount equal to two percent of the purchase price, and divided by one hundred twenty
thousand.

19. “Replacement motor vehicle” means a motor vehicle which is identical or reasonably

322G.3 Duties of manufacturer.

1. At the time of the consumer’s purchase or lease of the vehicle, the manufacturer
shall provide to the consumer a written statement that explains the consumer’s rights
and obligations under this chapter. The written statement shall be prepared by the
attorney general and shall contain a telephone number that the consumer can use to obtain
information from the attorney general regarding the rights and obligations provided under
this chapter.

2. At the time of the consumer’s purchase or lease of the vehicle, the manufacturer shall
provide to the consumer the address and phone number for the zone, district, or regional
office of the manufacturer for this state where a claim may be filed by the consumer. This
information shall be provided to the consumer in a clear and conspicuous manner. Within
thirty days of the introduction of a new model year for each make and model of motor vehicle
sold in this state, the manufacturer shall notify the attorney general of such introduction.
The manufacturer shall also inform the attorney general that a copy of the owner’s manual
and applicable written warranties shall be provided upon request and provide information as
to where the request should be made. The manufacturer shall inform the attorney general
where such a request should be directed and shall provide the copy of the owner’s manual
and applicable written warranties within five business days of a request by the attorney general.

3. A manufacturer or the authorized service agent of the manufacturer shall make repairs
as necessary to conform the vehicle to the warranty if a motor vehicle does not conform to
the warranty and the consumer reports the nonconformity to the manufacturer or authorized
service agent during the lemon law rights period. Such repairs shall be made irrespective of
whether they can be made prior to the expiration of the lemon law rights period.

4. A manufacturer or the authorized service agent of the manufacturer, shall provide
to the consumer, each time the motor vehicle is returned after being examined or repaired
under the warranty, a fully itemized, legible statement or repair order indicating any
diagnosis made, and all work performed on the motor vehicle including, but not limited
to, a general description of the problem reported by the consumer or an identification of
the defect or condition, parts and labor, the date and the odometer reading when the
motor vehicle was submitted for examination or repair, and the date when the repair or
examination was completed.

5. Upon request from the consumer, the manufacturer, or the authorized service agent of
the manufacturer, shall provide a copy of either or both of the following:

a. Any report or printout of any diagnostic computer operation compiled by the
manufacturer or authorized service agent regarding an inspection or diagnosis of the motor
vehicle.

b. A copy of any technical service bulletin issued by the manufacturer regarding the year
and model of the motor vehicle as it pertains to any material, feature, component, or the performance of the motor vehicle.

Referred to in §322G.15

322G.4 Nonconformity of motor vehicles.
1. a. After three attempts have been made to repair the same nonconformity that substantially impairs the motor vehicle, or after one attempt to repair a nonconformity that is likely to cause death or serious bodily injury, the consumer may give written notification, which shall be by certified or registered mail or by overnight service, to the manufacturer of the need to repair the nonconformity in order to allow the manufacturer a final attempt to cure the nonconformity. The manufacturer shall, within ten days after receipt of such notification, notify and provide the consumer with the opportunity to have the vehicle repaired at a reasonably accessible repair facility and after delivery of the vehicle to the designated repair facility by the consumer, the manufacturer shall, within ten days, conform the motor vehicle to the warranty. If the manufacturer fails to notify and provide the consumer with the opportunity to have the vehicle repaired at a reasonably accessible repair facility or perform the repairs within the time periods prescribed in this subsection, the requirement that the manufacturer be given a final attempt to cure the nonconformity does not apply.

b. After twenty or more cumulative days when the motor vehicle has been out of service by reason of repair of one or more nonconformities, the consumer may give written notification to the manufacturer which shall be by certified or registered mail or by overnight service. Commencing upon the date such notification is received, the manufacturer has ten cumulative days when the vehicle has been out of service by reason of repair of one or more nonconformities to conform the motor vehicle to the warranty.

2. a. If the manufacturer, or its authorized service agent, has not conformed the motor vehicle to the warranty by repairing or correcting one or more nonconformities that substantially impair the motor vehicle after a reasonable number of attempts, the manufacturer shall, within forty days of receipt of payment by the manufacturer of a reasonable offset for use by the consumer, replace the motor vehicle with a replacement motor vehicle acceptable to the consumer, or repurchase the motor vehicle from the consumer or lessor and refund to the consumer or lessor the full purchase or lease price, less a reasonable offset for use. The replacement or refund shall include payment of all collateral and reasonably incurred incidental charges. The consumer has an unconditional right to choose a refund rather than a replacement. If the consumer elects to receive a refund, and the refund exceeds the amount of the payment for a reasonable offset for use, the requirement that the consumer pay the reasonable offset for use in advance does not apply, and the manufacturer shall deduct that amount from the refund due to the consumer. If the consumer elects a replacement motor vehicle, the manufacturer shall provide the consumer a substitute motor vehicle to use until such time as the replacement vehicle is delivered to the consumer. At the time of the refund or replacement, the consumer, lienholder, or lessor shall furnish to the manufacturer clear title to and possession of the original motor vehicle.

b. Refunds shall be made to the consumer and lienholder of record, if any, as their interests appear. If applicable, refunds shall be made to the lessor and lessee as follows: the lessee shall receive the lessee’s cost less a reasonable offset for use, and the lessor shall receive the lease price less the aggregate deposit and rental payments previously paid to the lessor for the leased vehicle. If it is determined that the lessee is entitled to a refund pursuant to this chapter, the consumer’s lease agreement with the lessor is terminated upon payment of the refund and no penalty for early termination shall be assessed. The department of revenue shall refund to the manufacturer any use tax or fee for new registration which the manufacturer refunded to the consumer, lessee, or lessor under this section, if the manufacturer provides to the department of revenue a written request for a refund and evidence that the use tax or fee for new registration was paid when the vehicle was purchased and that the manufacturer refunded the use tax or fee for new registration to the consumer, lessee, or lessor.

3. a. It is presumed that a reasonable number of attempts have been undertaken to
conform a motor vehicle to the warranty if, during the lemon law rights period, any of the following occur:

1. The same nonconformity that substantially impairs the motor vehicle has been subject to examination or repair at least three times by the manufacturer or its authorized service agent, plus a final attempt by the manufacturer to repair the motor vehicle if undertaken as provided for in subsection 1, and such nonconformity continues to exist.

2. A nonconformity that is likely to cause death or serious bodily injury has been subject to examination or repair at least once by the manufacturer or its authorized service agent, plus a final attempt by the manufacturer to repair the motor vehicle if undertaken as provided for in subsection 1, and such nonconformity continues to exist.

3. The motor vehicle has been out of service by reason of repair by the manufacturer, or its authorized service agent, of one or more nonconformities that substantially impair the motor vehicle for a cumulative total of thirty or more days, exclusive of down time for routine maintenance prescribed by the owner’s manual. The thirty-day period may be extended by any period of time during which repair services are not available to the consumer because of war, invasion, strike, fire, flood, or natural disaster.

b. The terms of this subsection shall be extended for a period of up to two years after the date of the original delivery of a motor vehicle to a consumer, or the first twenty-four thousand miles of operation attributable to a consumer, whichever occurs first, if a nonconformity has been reported but has not been cured by the manufacturer, or its authorized service agent, before the expiration of the lemon law rights period.

4. A manufacturer, or its authorized service agent, shall not refuse to examine or repair any nonconformity for the purpose of avoiding liability under this chapter.

322G.5 Affirmative defenses.
Any of the following is an affirmative defense to a claim under this chapter:
1. The alleged nonconformity or nonconformities do not substantially impair the motor vehicle.
2. A nonconformity is the result of an accident, abuse, neglect, or unauthorized modification or alteration of the motor vehicle by a person other than the manufacturer or its authorized service agent.
3. The claim by the consumer was not filed in good faith.
4. Any other defense allowed by law which may be raised against the claim.
91 Acts, ch 153, §5

322G.6 Informal dispute settlement procedures — operations and certification.
1. At the time of the consumer’s purchase or lease of the vehicle, a manufacturer who has established a program certified pursuant to this section shall, at a minimum, clearly and conspicuously disclose to the consumer in written materials accompanying the vehicle how and where to file a claim with the program.
2. A certified program shall be funded and competently staffed at a level sufficient to ensure fair and expeditious resolution of all disputes, and shall not charge consumers any fee for use of the program. The manufacturer shall take all steps necessary to ensure that a certified program and its staff and decision makers are sufficiently insulated from the manufacturer so that the performance of the staff and the decisions of the decision makers are not influenced by the manufacturer. Such steps, at a minimum, shall ensure that the manufacturer does not make decisions on whether a consumer’s dispute proceeds to the decision maker. Staff and decision makers of a certified program shall be trained in the provisions of this chapter and rules adopted under this chapter.
3. a. A certified program shall allow an oral presentation by a party, or by a party’s employee, agent, or representative.

b. Within five days following the consumer’s notification to the certified program of the dispute, the program shall inform each party of their right to make an oral presentation.
c. Meetings of a certified program to hear and decide disputes shall be open to observers, including either party to the dispute, on reasonable and nondiscriminatory terms.

4. A certified program shall render a decision no later than sixty days from the day of the consumer’s notification of the dispute, provided that a significant number of decisions are rendered within forty days. For the purposes of this section, notification is deemed to have occurred when a certified program has received the consumer’s name and address; the current date and the date of the original delivery of the motor vehicle to a consumer; the year, make, model, and identification number of the motor vehicle; and a description of the nonconformity. If the consumer has not previously notified the manufacturer of the nonconformity, the sixty-day period is extended for an additional seven days.

5. A certified program shall, in rendering decisions, take into account the provisions of this chapter and all legal and equitable factors germane to a fair and just decision. The decision shall disclose to the consumer and the manufacturer the reasons for the decision, and the manufacturer’s required actions, if applicable. If the decision is in favor of the consumer, the consumer shall have up to twenty-five days from the date of receipt of the certified program’s decision to indicate acceptance of the decision. The decision shall prescribe a reasonable period of time, not to exceed thirty days from the date the consumer notifies the manufacturer of acceptance of the decision, within which the manufacturer must fulfill the terms of the decision. If the manufacturer has had a reasonable number of attempts to conform a motor vehicle to the warranty as set forth in section 322G.4, subsection 3, including a final attempt by the manufacturer to repair the motor vehicle, if undertaken as provided for in section 322G.4, subsection 1, and the consumer is entitled to a replacement vehicle or a refund under section 322G.4, subsection 2, the decision shall be limited to relief as allowed under section 322G.4, subsection 2. In an action brought by a consumer under this chapter, the decision of a certified program is admissible in evidence.

6. A certified program shall establish written procedures which explain operation of the certified program. Copies of the written procedures shall be made available to any person upon request and shall be sent to the consumer upon notification of the dispute.

7. A certified program shall retain all records for each dispute for at least four years after the final disposition of the dispute. A certified program shall have an independent audit conducted annually to determine whether the manufacturer and its performance and the program and its implementation are in compliance with this chapter. All records for each dispute shall be available for the audit. Such audit, upon completion, shall be forwarded to the attorney general.

8. Any manufacturer licensed to sell motor vehicles in this state may apply to the attorney general for certification of its program. A manufacturer seeking certification of its program in this state shall submit to the attorney general an application for certification on a form prescribed by the attorney general.

9. A program certified in this state or a program established by a manufacturer applying for certification in this state shall submit to the attorney general a copy of each settlement approved by the program or decision made by the decision maker within thirty days after the settlement is reached or the decision is rendered. The decision or settlement shall contain information prescribed by the attorney general.

10. The attorney general shall review the operations of any certified program at least once annually. The attorney general shall prepare annual and periodic reports evaluating the operation of certified programs serving consumers in this state or programs established by motor vehicle manufacturers applying for certification in this state. The reports shall indicate whether certification should be granted, renewed, denied, or revoked.

11. If a manufacturer has established a program which the attorney general has certified as substantially complying with the provisions of and the rules adopted under this chapter, and has informed the consumer how and where to file a claim with the program pursuant to subsection 1, the provisions of section 322G.4, subsection 2, do not apply to any consumer who has not first resorted to the program.

322G.7 Informal dispute settlement procedure — certification uniformity.
To facilitate uniform application, interpretation, and enforcement of this section and section 322G.6, and in implementing rules adopted pursuant to section 322G.14, the attorney general may cooperate with agencies that perform similar functions in any other states that enact these or similar sections. The cooperation authorized by this section may include any of the following:
1. Establishing a central depository for copies of all applications and accompanying materials submitted by manufacturers for certification, and all reports prepared, notices issued, and determinations made by the attorney general under section 322G.6.
2. Sharing and exchanging information, documents, and records pertaining to program operations.
3. Sharing personnel to perform joint reviews, surveys, and investigations of program operations.
4. Preparing joint reports evaluating program operations.
5. Granting joint certifications and certification renewals.
6. Issuing joint denials or revocations of certification.
7. Holding a joint administrative hearing.
8. Formulating, in accordance with chapter 17A, the administrative procedure Act, rules or proposed rules on matters such as guidelines, forms, statements of policy, interpretative opinions, and any other information necessary to implement section 322G.6.

322G.8 Consumer remedies.
1. If a consumer resorts to a manufacturer’s certified program and a decision is not rendered within the time periods allowed in this chapter, or a manufacturer has no certified program and the consumer has notified the manufacturer pursuant to section 322G.4, subsection 1, the consumer may file an action in district court under this chapter within one year from the expiration of the lemon law rights period or an extension of the period pursuant to section 322G.4, subsection 3.
2. If a consumer resorts to a manufacturer’s certified program and is not satisfied with the performance of the manufacturer as ordered in the decision, or the manufacturer does not perform as directed by the decision within the time period specified in the decision, the consumer may file an action in district court under this chapter within six months after the date prescribed in the decision by which the manufacturer must fulfill the terms of the decision. If the consumer declines to accept the decision of the manufacturer’s certified program, the consumer may appeal the decision pursuant to subsection 4. For purposes of this subsection, “not satisfied with the performance of the decision” means, following the consumer’s acceptance of the decision, the consumer indicates that the manufacturer failed to comply with the terms of the decision within the time specified in the decision or failed to cure the nonconformity within the time specified in the decision if further repairs were ordered.
3. In an action under either subsection 1 or 2, the court shall award a consumer who prevails the amount of any pecuniary loss, including relief the consumer is entitled to under section 322G.4, subsection 2, reasonable attorney’s fees, and costs. In addition, if the court affirms the decision of the certified program, the court may award any additional amounts allowed under subsection 7.
4. A certified program’s decision is final unless appealed by either party. A petition to the district court to appeal a decision must be made within fifty days after receipt of the decision or within twenty-five days from the date the consumer indicates acceptance of the decision to the manufacturer, whichever occurs first. Within seven days after the petition has been filed, the appealing party must send, by certified, registered, or express mail, a copy of the petition to the attorney general. If the attorney general receives no notice of the petition within sixty days after the manufacturer’s receipt of a decision in favor of the consumer, and the consumer has indicated acceptance of the decision within the twenty-five days of receipt of the decision, but the manufacturer has neither complied with, nor petitioned to appeal the decision, the attorney general may apply to the court to impose a fine up to one thousand dollars per day.
against the manufacturer until the amount stands at twice the purchase price of the motor vehicle, unless the manufacturer provides clear and convincing evidence that the delay or failure was beyond its control or was acceptable to the consumer as evidenced by a written statement signed by the consumer. If the manufacturer fails to provide such evidence or fails to pay the fine, the attorney general shall initiate proceedings against the manufacturer for failure to pay the fine. The proceeds from the fine imposed shall be placed in the attorney general's motor vehicle fraud and odometer law enforcement fund for implementation and enforcement of this chapter.

5. If the manufacturer fails to comply with a decision which has been timely accepted by the consumer or fails to file a timely petition for appeal, the court shall affirm the board's decision upon application by the consumer.

6. An appeal of a decision by a certified program to the court by a consumer or a manufacturer shall be tried de novo, and may be based upon stipulated facts. In a written petition to appeal a decision by the board, the appealing party must state the action requested and the grounds relied upon for appeal.

7. If a decision of the certified program in favor of the consumer is affirmed or upheld by the court, recovery by the consumer shall include the pecuniary value of the award, including relief the consumer is entitled to under section 322G.4, subsection 2, attorney’s fees incurred in obtaining confirmation of the award, and all costs and continuing damages in an amount of twenty-five dollars per day for all days beyond the twenty-five-day period following the manufacturer’s receipt of the consumer’s acceptance of the certified program’s decision. If a court determines that a manufacturer filed a petition for appeal to be tried de novo in bad faith or brought such an appeal solely for the purpose of harassment, the court shall double, and may triple, the amount of the total award, after consideration of all circumstances.

8. Appellate review of a court decision in favor of the consumer may be conditioned upon payment by the manufacturer of the consumer’s attorney's fees and giving security for costs and expenses resulting from the review period.

9. This chapter does not prohibit a consumer from pursuing other rights or remedies under any other law.

91 Acts, ch 153, §8

322G.9 Compliance and disciplinary action.
The attorney general may enforce and ensure compliance with the provisions of this chapter and rules adopted pursuant to section 322G.14, may issue subpoenas requiring the attendance of witnesses and the production of evidence, and may petition any court having jurisdiction to compel compliance with the subpoenas. The attorney general may levy and collect an administrative fine in an amount not to exceed one thousand dollars for each violation against any manufacturer found to be in violation of this chapter or rules adopted pursuant to section 322G.14. A manufacturer may request a hearing pursuant to chapter 17A, the administrative procedure Act, if the manufacturer contests the fine levied against it. The proceeds from any fine levied and collected pursuant to this section shall be placed in the attorney general’s motor vehicle fraud and odometer law enforcement fund for implementation and enforcement of this chapter.

91 Acts, ch 153, §10

322G.11 Dealer liability.
This chapter, except for the requirements of section 322G.12, does not impose any liability on a franchised motor vehicle dealer or create a cause of action by a consumer against a dealer. A dealer shall not be made a party defendant in any action involving or relating to this chapter, except as provided in this section. The manufacturer shall not charge back or require reimbursement by the dealer for any costs, including but not limited to any refunds or
vehicle replacements, incurred by the manufacturer pursuant to this chapter, in the absence of a finding by a court that the related repairs had been carried out by the dealer in a manner substantially inconsistent with the manufacturer’s published instructions. A manufacturer who is found by a court to have improperly charged back a dealer because of a violation of this section is liable to the injured dealer for full reimbursement plus reasonable costs and any attorney’s fees.

§322G.12 Resale of returned vehicles.

1. A manufacturer who accepts the return of a motor vehicle pursuant to a settlement, determination, or decision under this chapter shall notify the state department of transportation, report the vehicle identification number of that motor vehicle within ten days after the acceptance, and obtain a new certificate of title for the vehicle in the manufacturer’s name pursuant to section 321.46. In obtaining a new certificate of title, the manufacturer shall title the vehicle in the county of the transferor’s residence and shall be exempt from the registration fee requirements of section 321.46 and the fee for new registration under section 321.105A. The new certificate of title, and all subsequent registration receipts and certificates of title issued for the motor vehicle, shall contain a designation indicating that the motor vehicle was returned to the manufacturer pursuant to this chapter or a similar law of another state. The state department of transportation shall determine the manner in which the designation is to be indicated on registration receipts and certificates of title and may determine that a “REBUILT” or “SALVAGE” designation supersedes the designation required by this subsection and include the “REBUILT” or “SALVAGE” designation on the registration receipt and certificate of title in lieu of the designation required by this subsection.

2. A person shall not knowingly lease, sell, either at wholesale or retail, or transfer a title to a motor vehicle returned by reason of a settlement, determination, or decision pursuant to this chapter or a similar law of another state unless the nature of the nonconformity is clearly and conspicuously disclosed to the prospective transferee, lessee, or buyer. The attorney general shall prescribe by rule the form, content, and procedure pertaining to such a disclosure statement, recognizing the need of manufacturers to implement a uniform disclosure form. The manufacturer shall make a reasonable effort to ensure that such disclosure is made to the first subsequent retail buyer or lessee. For purposes of this section,”settlement” includes an agreement entered into between the manufacturer and the consumer that occurs after the thirtieth day following the manufacturer’s receipt of the consumer’s written notification pursuant to section 322G.4.

323.2 Discontinuing distributor franchise.

Notwithstanding the terms, provisions or conditions of any distributor franchise, a franchiser shall not terminate or refuse to renew a distributor franchise except as provided in this chapter. A franchiser shall not terminate or refuse to renew a distributor franchise unless the franchiser gives to the distributor thirty days’ written notice of franchiser’s intent to terminate or not renew. Notice shall be given by restricted certified mail, as defined in section 618.15. If a distributor, within thirty days after the date of delivery of the notice from the franchiser, applies to the department for a hearing under this chapter, the distributor franchise shall remain in effect pending a final order by the department. The application filed by the distributor shall state, under oath, that the distributor has not filed a petition in bankruptcy or been declared bankrupt within six months preceding the filing of the application, that the franchiser has not withdrawn entirely from the sale for resale of motor fuel and special fuel in this state, that there are no past due sums owing by the distributor to the franchiser, and that the distributor has not consented in writing to the termination or nonrenewal of the distributor franchise.

Notice shall be given by restricted certified mail, as defined in section 618.15. If a dealer, within thirty days after the date of delivery of the notice from the distributor or franchiser, applies to the department
for a hearing under this chapter, the dealer franchise shall remain in effect pending a final order by the department. The application filed by the dealer shall state, under oath, that the dealer’s license, issued pursuant to chapter 214, for pumps and meters located on the retail premises occupied by the dealer has not been canceled, that the dealer has not filed a petition in bankruptcy or been declared bankrupt within six months preceding the filing of the application, that the franchiser or distributor has not withdrawn entirely from the sale for resale of motor fuel and special fuel in this state, that there are no past due sums owing by the dealer to the franchiser or distributor, and that the dealer has not consented in writing to the termination or nonrenewal of the dealer franchise.

323.4A Use of renewable fuel.

1. Except as provided in subsection 3, this section applies to a supply agreement or other document executed on or after July 1, 2013, by parties who are receiving and furnishing motor fuel or special fuel as follows:

   a. A dealer who is a party receiving motor fuel or special fuel from another party who is a refiner, supplier, or distributor furnishing the motor fuel or special fuel.

   b. A distributor who is a party receiving motor fuel or special fuel from another party who is a refiner, supplier, or other distributor furnishing the motor fuel or special fuel.

2. A supply agreement or other document shall not contain a provision restricting a dealer or distributor who is a party receiving motor fuel or special fuel from the other party furnishing the motor fuel or special fuel as described in subsection 1 from doing any of the following:

   a. Installing, converting, or operating a storage tank or a dispenser located on the distributor’s or dealer’s business premises for use in storing or dispensing renewable fuel. However, this paragraph does not apply to a dealer or distributor whose business premises are leased from the other party furnishing the renewable fuel.

   b. Using a dispenser to dispense ethanol blended gasoline, including gasoline with a specified blend or a range of blends under chapter 214A, if the dispenser is approved as required by the state fire marshal for dispensing the specified blend or range of blends, including as provided in section 455G.31.

   c. Purchasing, selling, or dispensing motor fuel or special fuel that is a renewable fuel from a source other than the party furnishing other motor fuel or special fuel, if such party furnishing the other motor fuel or special fuel does not furnish motor fuel or special fuel that is a renewable fuel for sale by the distributor or dealer.

   d. Marketing the sale of any renewable fuel, including but not limited to advertising its availability or price on a sign, on a dispenser, or by media.

   e. Selling or dispensing renewable fuel in any specified area located on the distributor’s or dealer’s business premises, including but not limited to any area in which a name or logo of a franchiser or any other entity appears.

323.5 Burden of proof.
Upon hearing, if the department finds the statements contained in the application are true, then the franchiser or distributor that intends to terminate or not renew the distributor franchise or dealer franchise shall have the burden of proof to establish that the franchiser or distributor, as the case may be, has good cause for terminating or not renewing the franchise.
If the department finds the statements contained in the application are not true, the application shall be denied. Nothing contained in this chapter shall be construed to require or authorize any investigation by the department of any matter before the department under this chapter. Upon hearing the department shall hear the evidence introduced by the parties and shall make its decision solely upon the record made. If the department denies the termination or nonrenewal of the franchise, it may make such further order as may be necessary to require compliance with the terms of the franchise and to prevent retaliatory action.
[C75, 77, 79, 81, §323.5]

323.6 Conditions barring change in distributor franchise.
Notwithstanding the terms, provisions or conditions of a distributor franchise, the following shall not constitute good cause for the termination or refusal to renew a distributor franchise:
1. The sole fact that the franchiser desires further penetration of the market.
2. The change of executive management of the distributor, unless the franchiser, having the burden of proof, proves that the change of executive management will be substantially detrimental to the distribution of the franchiser’s motor fuels or special fuels in the area served by the distributor.
3. The sale or change of ownership of the distributor’s business.

95 Acts, ch 155, §3
Referred to in §323.7

323.7 Department’s guidelines.
In determining whether good cause has been established for terminating or not renewing a distributor franchise or dealer franchise, the department shall take into consideration the existing circumstances, including, but not limited to:
1. Amount of business transacted by the distributor or dealer.
2. Investments made and obligations incurred by the distributor or dealer in performance of the franchise.
3. Permanency of the investment.
4. Whether it is injurious to the public welfare for the business of the distributor or dealer to be disrupted.
5. Ability of the distributor or dealer to timely pay financial obligations.
6. Whether the distributor or dealer has adequate equipment and qualified personnel to reasonably provide for the distribution and marketing of the motor fuel or special fuel sold to the distributor or dealer.
7. Except as provided in section 323.6, failure of the distributor to substantially comply with those requirements of the distributor franchise that are determined by the department to be reasonable and material.
8. Failure of the dealer to substantially comply with those requirements of the dealer franchise that are determined by the department to be reasonable and material.
[C75, 77, 79, 81, §323.7]

323.8 Compulsory attendance at hearings.
The department may issue subpoenas, administer oaths, compel the attendance of witnesses and production of books, papers, documents and other evidence. The department may apply to the district court of the county in which the hearing is to be held for a court order to enforce actions taken under this section.
[C75, 77, 79, 81, §323.8]
323.9 Violations.
Any person violating the provisions of this chapter is guilty of a simple misdemeanor.
[C75, 77, 79, 81, §323.9]

323.10 Intent.
The provisions of this chapter are enacted in the exercise of the police powers of this state for the purpose of protecting the health, safety and general welfare of the people of this state and because methods and practices in the marketing and distribution of motor fuel and special fuel have impaired the availability to the public of the fuel and the services supplied by distributors and dealers who have entered into a franchise agreement with their respective suppliers.
[C75, 77, 79, 81, §323.10]

323.11 Hearing.
Upon receiving an application, the department shall order a hearing. The hearing shall be held within thirty days of receipt of the application and in accordance with the Iowa administrative procedure Act, chapter 17A. The department shall notify the franchiser or distributor of the time and place of the hearing. The department may also give notice of the application to any other party the department deems an interested person. The notice shall be in the form and substance and given in the manner determined by the department.

Any person who can show an interest in the application may become a party to the hearing, whether or not the person receives notice; but a party not receiving notice shall be limited to participation at the hearing on the question of the public interest in the termination or continuation of the franchise.

323.12 Appeal.
Any appeal may be taken from the final order of the department by either the distributor, franchiser or dealer, to the district court of the county where the distributor or dealer either resides or maintains the principal place of business, within thirty days from the time the decision is filed with the department, by giving at least ten days’ notice to the department to be served on its chairperson or secretary in the same manner as original notices are now served, and by filing with the clerk of court a bond for costs in the sum of not less than five hundred dollars. Appeal shall be taken in accordance with the provisions of the Iowa administrative procedure Act, chapter 17A.

323.13 Waiver.
Any provision of a dealer franchise or distributor franchise which is an attempted waiver of the benefits of this chapter shall be void and unenforceable.
[C75, 77, 79, 81, §323.13]

323.14 Death of franchisee — successor — penalty.
1. It is unlawful to include in any distributor franchise or dealer franchise agreement a term which provides for the termination of the franchise by the franchiser upon the death of the franchisee if the franchisee, prior to the franchisee’s death, designates a successor-in-interest in a form prescribed by and delivered to the franchiser. For the purposes of this section, “successor-in-interest” is restricted to either a surviving spouse or adult child of the franchisee who, at the time of the franchisee’s death, is able to meet reasonable qualifications then being required of distributors or dealers by the franchiser.

2. The successor-in-interest designated as provided in subsection 1 shall have twenty-one days after the death of the franchisee to give written notice of an election to assume and operate the franchise. The notification shall contain such information regarding business experience and credit worthiness as is reasonably required by the franchiser. The
successor-in-interest must offer to assume and commence operation of the franchise within ten days after the franchiser approves the assumption.

3. The franchise available to the successor-in-interest pursuant to this section shall be the same as that which existed in the name of the deceased franchisee at the time of the franchisee’s death.

4. A franchisee may designate a primary and one alternate successor-in-interest. The alternate, if one is designated, has no rights under this section in the event of an exercise of rights by the primary successor-in-interest. If an alternate desires to assume and operate the franchise in the event the primary successor-in-interest fails to do so, the alternate must give notice of such election and otherwise comply with subsection 2.

5. Unless otherwise specifically provided in this section, actions to be performed by the franchiser or by the successor-in-interest under this section shall be performed within a reasonable time.

6. Following the death of a franchisee, and prior to the operation of the franchise by the successor-in-interest as provided in this section, the executor or administrator of the estate of the deceased franchisee may operate the franchise.

7. If the successor-in-interest assumes the franchise, the successor-in-interest shall account to the heirs or estate of the deceased franchisee for the value of personal property of the franchisee located at or related to the franchise.

8. If the successor-in-interest does not assume the franchise, the franchiser shall account to the heirs or the estate of the deceased franchisee for the value of branded products purchased directly from the franchiser.

9. A franchisee or successor-in-interest may commence a civil action to compel compliance by a franchiser with this section, or to obtain damages caused by a failure to comply with this section, or both, within two years after the date the franchiser fails to comply with the requirements of this section.

323A.1 Definitions.
323A.2 Purchase from other source.
323A.2A Purchase of E-85 gasoline from other source.
323A.3 Effective date.

323A.2 Purchase from other source.

1. The orderly flow of an adequate supply of motor fuel is declared to be essential to the economy and to the welfare of the people of this state. Therefore, in the public interest and notwithstanding the terms, provisions, or conditions of any franchise, a franchisee unable to obtain motor fuel from the franchisor may purchase the fuel from another available source, subject to subsections 2 to 5 and provided the franchisee has done all of the following:

   a. At least forty-eight hours prior to entering into an agreement to purchase motor fuel from another source, the franchisee has requested delivery of motor fuel from the franchisor and the requested motor fuel has not been delivered and the franchisor has given the franchisee notice that the franchisor is unable to provide the requested motor fuel, or prior to entering into an agreement the franchisor has stated to the franchisee that the requested motor fuel will not be delivered. The request to the franchisor for delivery shall be for a type of fuel normally provided by the franchisor to the franchisee and for a quantity of fuel not exceeding the average amount sold by the franchisee in one week, based upon average weekly sales in the three months preceding the request, except that this provision shall not restrict a franchisee from purchasing ethanol blended gasoline from a source other than the franchisor or limit the quantity to be purchased when the franchisor does not normally supply the franchisee with ethanol blended gasoline. A franchisee may also purchase E-85 gasoline as provided in section 323A.2A.

   b. The franchisee has requested and has been denied delivery of motor fuel sold or distributed under the trademark named in the franchise from a person other than the franchisor.

   c. The director of the economic development authority determines that the franchisee has demonstrated that a special hardship exists in the community served by the franchisee relating to the public health, safety, and welfare, as specified under the rules of the authority.

2. The quantity of motor fuel requested or purchased from another source including the source listed in subsection 1, paragraph "b", shall not exceed the quantity requested from the franchisor.

3. At the time a franchisee enters into an agreement to purchase motor fuel from a source other than the franchisor, the franchisee shall inform the franchisor by the quickest available means.

4. If the franchisee sells motor fuel supplied from a source other than the franchisor, the franchisee shall prominently post a sign disclosing this fact to the public on each motor fuel pump used for dispensing the motor fuel. The size of the sign shall not be less than eight inches by ten inches and the letters on the sign shall be at least three inches in height.

5. A franchisee who sells motor fuel supplied from a source other than the franchisor shall also fully indemnify the franchisor against any claims asserted by a user on which the claimant prevails and in which the court determines that motor fuel not acquired from the franchisor was the proximate cause of the injury.

6. Purchases of motor fuel in accordance with this section are not good cause for termination of a franchise.

[C81, §323A.2A]

323A.2A Purchase of E-85 gasoline from other source.

1. a. When on and after May 30, 2006, a franchise is entered into or renewed, the franchisor shall provide for the delivery of volumes of E-85 gasoline at times demanded by
the franchisee or shall allow the franchisee to purchase those volumes of E-85 gasoline at those times from another source.

b. If a franchise is in effect on May 30, 2006, and does not have an expiration date, the franchisor shall provide for the delivery of volumes of E-85 gasoline at times demanded by the franchisee or shall allow the franchisee to purchase those volumes of E-85 gasoline at those times from another source.

2. If the franchisee sells E-85 gasoline delivered from a source other than the franchisor, the franchisee shall prominently post a sign disclosing this fact to the public on each motor fuel pump used for dispensing the E-85 gasoline. The size of the sign shall not be less than eight inches by ten inches and the letters on the sign shall be at least three inches in height.

3. A franchisee who sells E-85 gasoline delivered from a source other than the franchisor shall also fully indemnify the franchisor against any claims asserted by a user on which the claimant prevails and in which the court determines that E-85 gasoline not acquired from the franchisor was the proximate cause of the injury.

4. a. A purchase of E-85 gasoline in accordance with this section is not good cause for the termination of a franchise.

b. A term of a franchise that is inconsistent with this section is void and unenforceable.

information as the department may require prior to receiving any federal or state funds or
any aid from a political subdivision of the state. The report shall list all of the funding sources
of the organization along with the listing of funds expended by that organization during the
preceeding fiscal year. The department, in cooperation with the regional planning agencies as the responsible agency for annual updating the regional transit development programs, shall compile this information annually. A state agency or organization administering funds for transit services is required to submit all funding requests through the regional and state clearinghouse and the department. An organization, state agency, political subdivision, or public transit system, except public school transportation, receiving federal, state, or local aid to provide or contract for public transit services or transportation to the general public and specific client groups, must coordinate and consolidate funding and resulting service, to the extent possible, with the urban or regional transit system.

b. Eligibility to receive or expend federal, state, or local funds for transportation services by all agencies or organizations purchasing or providing these services shall be contingent upon compliance with these criteria as determined by the department.

3. The department shall receive and distribute federal aid to public transit systems unless precluded by federal statute; however, the department shall not retain or redirect any portion of funds received by the department for a particular public transit system except that the department may redirect unused funds after a project is completed in order to prevent the lapse of funds. 324A.5 Coordination of transportation services.
The department of human services, department on aging, and the officers and agents of other state and local governmental units shall assist the department in carrying out
section 324A.4, subsections 1 and 2, insofar as the functions of these respective officers and departments are concerned with the health, welfare and safety of any recipient of transportation services.

1. Any agency or organization found to be in noncompliance with section 324A.4 shall be notified in writing by the department of those activities which are not in compliance. The notice shall also provide for a period of thirty days during which compliance with section 324A.4 can be accomplished without penalty or sanction.

2. If noncompliant activities continue after the period of thirty days, the department shall, in cooperation with the attorney general and the director of the department of administrative services, initiate the following actions:

a. If the activities that are not in compliance with section 324A.4 are funded with state or federal funds which are administered by the state and can be used by agencies or organizations that are in compliance with section 324A.4, then upon notice by the department, the director of the department of administrative services shall not permit the expenditure of ten percent of the funds during the fiscal year immediately following the notice, an additional twenty percent of funds during the following year, an additional thirty percent during the third year, and the remaining funds in the fourth year that the activities remain in noncompliance. Any funds retained by the director of the department of administrative services shall be returned to the originating state agency for redistribution to agencies and organizations eligible to receive the funds for transportation purposes.

b. If the activities that are not in compliance with section 324A.4 are funded with state, federal or local funds which are not administered by the state or cannot be used by agencies and organizations that are in compliance with section 324A.4, then upon notice by the department, the attorney general shall file an action to enjoin agencies or organizations from expending funds for transportation purposes until and unless compliance with section 324A.4 is achieved. If federal funds are involved in such cases, then the attorney general shall notify the responsible federal agency of the actions and request its cooperation.

c. The department of inspections and appeals shall establish an appeal process pursuant to chapters 10A and 17A which allows those agencies or organizations determined to not be in compliance with this chapter an opportunity for a timely hearing before the department of inspections and appeals. A decision by the department of inspections and appeals is subject to review by the state department of transportation. The state department of transportation’s decision is the final agency action. Judicial review of the action of the department may be sought in accordance with chapter 17A.

d. The department shall, in accordance with chapter 17A, adopt and enforce rules setting minimum standards for determination of compliance and certification. The rules and standards required by this section shall be formulated in consultation with all affected state agencies, local government units with professional and consumer groups affected, and shall be designed to further the accomplishment of the purposes of this chapter.

3. An application for renewal of registration shall be postmarked or received in the office of motor carrier services of the department no later than the last day of the registration expiration month. A late filing penalty equal to five percent of the fees due to the state of Iowa shall be assessed to an application for renewal postmarked or received on or after the first day following the last day of the registration expiration month, with an additional five percent penalty assessed the first of each month thereafter until the application is filed. In addition, the fees due for registration in this state shall be a debt due to the state of Iowa.

3. Failure to receive a renewal notice or an invoice by mail, facsimile transmission, or any other means of delivery does not relieve the registrant of the financial responsibility for the renewal fees, invoiced amount, or accrued penalties. 1. Every common carrier, except railway corporations, subject to the provisions of this chapter shall file with the department and shall print schedules showing the rates for the transportation within this state of persons and property from each point upon its route to all other points on the route and from all points upon its route to all points upon every other route leased, operated, or controlled by it; and from each point on its route or upon any route

If no joint rate over a through route has been established, the schedules of the several carriers in the through route shall show the separately established rates, applicable to the through transportation.

2. The schedules shall be plainly printed and a copy of often used schedules shall be kept by every carrier readily accessible to and for inspection by the public in every station and office of the carrier where passengers or property are received for transportation when the station or office is in the charge of an agent. A notice printed in bold type and stating that the often used schedules are on file with the agent and open to public inspection, and that the agent will assist any person to determine from the schedule any rate shall be posted by the carrier in public and conspicuous places in each station or office. The department shall, by rule, provide that adequate public access to schedules not often used be provided in a different manner.

3. Railway corporations shall maintain a copy of schedules and rates on file in the office of the carrier readily accessible to and for inspection by the public.

327G.30 Adjustment of expense.
1. If a grade crossing surface of a railroad track and a highway, street, or alley shall require repairs or maintenance, the costs for the maintenance may be paid as provided in section 312.2, subsection 2.
2. If the railroad corporation and the jurisdiction having authority agree on the method of crossing maintenance and establish an agreement to each contribute costs as provided in section 312.2, subsection 2, a copy of the agreement shall be filed with the department which shall allocate an amount of the cost for the work if funds are available in the highway railroad grade crossing surface repair fund. The department shall make appropriate notification if the fund is exhausted in which case agreements shall not be made under this section until additional funds are available. The fund shall be administered by the department.

327G.31 Disagreement resolved.
If a railroad corporation and the jurisdiction having authority cannot reach agreement on grade crossing surface repair and maintenance, either party may appeal to the department of inspections and appeals if prior to disagreement both parties have filed a statement with the state department of transportation to the effect that they have entered into negotiations on grade crossing surface repair and maintenance of a particular crossing. The department of inspections and appeals shall resolve the dispute in the manner provided in sections 327G.16 and 327G.17, except for the allocation of costs.

327G.32 Blocking highway crossing.
1. A railroad corporation or its employees shall not operate a train in such a manner as to prevent vehicular use of a highway, street, or alley for a period of time in excess of ten minutes except in any of the following circumstances:
   a. When necessary to comply with signals affecting the safety of the movement of trains.
   b. When necessary to avoid striking an object or person on the track.
   c. When the train is disabled.
   d. When necessary to comply with governmental safety regulations including but not limited to speed ordinances and speed regulations.
2. a. An officer or employee of a railroad corporation violating a provision of this section is, upon conviction, subject to a schedule “two” penalty under section 327C.5.
b. An employee is not guilty of a violation if the employee’s action was necessary to comply with the direct order or instructions of a railroad corporation or its supervisors. Guilt is then with the railroad corporation.

3. Other portions of this section notwithstanding, a political subdivision may pass an ordinance regulating the length of time a specific crossing may be blocked if the political subdivision demonstrates that an ordinance is necessary for public safety or convenience. If an ordinance is passed, the political subdivision shall, within thirty days of the effective date of the ordinance, notify the department and the railroad corporation using the crossing affected by the ordinance. The ordinance does not become effective unless the department and the railroad corporation are notified within thirty days. The ordinance becomes effective thirty days after notification unless a person files an objection to the ordinance with the department. If an objection is filed the department shall notify the department of inspections and appeals which shall hold a hearing. After a hearing by the department of inspections and appeals, the state department of transportation may disapprove the ordinance if public safety or convenience does not require the ordinance. The decision of the state department of transportation is final agency action. The ordinance approved by the political subdivision is prima facie evidence that the ordinance is adopted to preserve public safety or convenience.

4. The department of inspections and appeals when considering rebuttal evidence shall weigh the benefits accruing to the political subdivision as they affect the general public use compared to the burden placed on the railroad operation. Public safety or convenience may include, but is not limited to, high traffic density at a specific crossing of a main artery or interference with the flow of authorized emergency vehicles.

5. A resolution regulating the length of time a specific crossing may be blocked, which was adopted before July 1, 1989, is an ordinance for the purposes of this section.

The utility shall, within sixty days from the time the property is transferred from the railroad, extend a written offer to the landowner to purchase the easement at fair market value. The landowner shall accept or reject the utility’s offer within sixty days from the time of receipt. If a disagreement arises between the parties concerning the price or other terms of the sale transaction, either or both parties may make written application to the department to resolve the disagreement. The application shall be made within sixty days from the time an initial written response is served upon the railroad corporation, trustee, or successor in interest by the person wishing to purchase the property. The department shall notify the department of inspections and appeals which shall hear the controversy and make a final determination of the fair market value of the property and the other terms of the transaction which were in dispute, within ninety days after the application is filed. 327G.79 Valuing property in controversy.

1. The department of inspections and appeals’ determination and order shall be just and equitable and, in the case of the determination of the fair market value of the property, shall be based in part upon at least three independent appraisals prepared by certified appraisers. Each party shall select one appraiser and each appraisal shall be paid for by the party for whom the appraisal is prepared. The two appraisers shall select a third appraiser and the costs of this appraisal shall be divided equally between the parties. If the appraisers selected by the parties cannot agree on selection of a third appraiser, the state department of transportation shall appoint a third appraiser and the costs of this appraisal shall be divided equally between the parties.

2. The department of inspections and appeals’ determination and order is final for the purpose of administrative review to the district court as provided in chapter 17A. 328.19 Registration.

1. The department shall promulgate rules pursuant to the provisions of chapter 17A governing the issuance by the department of certificates of registration to all airports in this state which are open for use by the public and governing the annual renewal of those certificates. These rules shall require that an airport applying for a certificate of registration or for a renewal shall comply with minimum standards of safety as promulgated by the department, adopt safe air traffic patterns, and demonstrate that such air traffic patterns are safely coordinated with those of all existing airports and approved airport sites in its vicinity before the certificates of registration or certificate of renewal may be issued. Certificates of registration or renewal may be issued subject to any conditions the department deems necessary to carry out the purposes of this section. The department may, after notice and opportunity for hearing as provided in chapter 17A, revoke any certificate of registration or renewal, or may refuse to issue a renewal, when it determines:
   a. That there has been an abandonment of the airport as such;
   b. That there has been a failure to comply with the conditions of the registration or renewal thereof; or
   c. That because of change of physical or legal conditions or circumstances the airport has become either unsafe or unusable for the aeronautical purposes for which the registration or renewal was issued.
2. The department shall promulgate rules pursuant to the provisions of chapter 17A governing the issuance by the department of certificates of airport site approval. These rules shall provide that any person or governmental subdivision desiring or planning to construct or establish an airport shall obtain a certificate of site approval prior to acquisition of the site or prior to the construction or establishment of the airport. The department shall charge a reasonable fee, based on the cost of a safety inspection of the site approval application, for the issuance of a certificate of site approval, and shall issue such a certificate if it finds:
   a. That the site is adequate for the proposed airport;
   b. That such proposed airport, if constructed or established, will conform to minimum standards of safety as promulgated by the department; and
   c. That safe air traffic patterns are established for the proposed airport which are safely coordinated with the traffic patterns of all existing airports and approved airport sites in its vicinity.
3. A certificate of site approval shall remain in effect until a certificate of registration has been issued to an airport located on the approved site as provided in subsection 1, unless the department, after notice and opportunity for hearing, revokes the certificate of site approval upon a finding that:
   a. There has been an abandonment of the site as an airport site;
   b. There has been a failure within two years to develop the site as an airport, or to comply with the conditions of the approval; or
   c. Because of change of physical or legal conditions or circumstances the site is no longer usable for the aeronautical purposes for which the approval was granted;
4. No certificate of site approval shall be required for the site of any existing airport.
5. In considering an application for approval of a proposed airport site or the issuance of an airport registration certificate under subsections 1 and 2, the department may, on its own motion or upon the request of an affected or interested person, hold a hearing as provided in chapter 17A.

328.20 Registration of aircraft.
   1. A civil aircraft owned either wholly or in part by persons residing in this state, or operated, or otherwise controlled within the boundaries of the state for a period of more than thirty days, unless specifically excepted under this chapter, shall be registered annually with the department, by the owner thereof.
   2. The registration year begins on the first day of the calendar month in which the civil aircraft is registered for the first time in the state and ends on the last day of the twelfth month of the registration year.
   3. For aircraft registered in this state before July 1, 1988, the registration year begins on the first day of the calendar month assigned by the department and ends on the last day of the twelfth month of the registration year.

328.21 Aircraft registration fees.
   An annual registration fee for each aircraft shall be paid to the department at the time of registration, to be computed as follows:
   1. Unless otherwise provided in this section, for the first registration, a sum equal to one percent of the manufacturer’s list price of the aircraft, not to exceed five thousand dollars.
   2. The second year’s registration fee is seventy-five hundredths of one percent of the manufacturer’s list price of the aircraft; the third year’s fee is fifty hundredths of one percent; and the fourth and subsequent year’s fee is twenty-five hundredths of one percent. When an aircraft other than a new aircraft is registered in Iowa, the registration fee shall be based upon the number of years the aircraft was previously registered. However, an aircraft shall not be registered for a fee of less than thirty-five dollars or more than five thousand dollars.
3. The registration fee for an aircraft operated in scheduled interstate airline operation, owned by an Iowa person and operated part-time within this state shall be a fee of one hundred dollars. The application for registration shall be supported by such records as the department shall prescribe.

4. Should the department find and determine that no established manufacturer’s list price exists for any such aircraft, the department is hereby authorized and empowered to determine and fix the fair value of such aircraft which fair value shall be used in lieu of a manufacturers’ list price in computing the registration fee for each such aircraft as otherwise provided by this section. When the fee as so computed results in a fractional part of a dollar, it shall be computed to the nearest dollar.

5. An aircraft thirty years old or older, which is used exclusively for noncommercial purposes, shall be registered as an antique aircraft for a fee of thirty-five dollars.

6. An aircraft, unless exempt under section 328.35, which is not airworthy and is not in flying condition is not subject to registration fees if the owner of the aircraft submits information required by the department. Upon receipt of that information, the department shall issue a certificate that states that the registration fee has not been paid and that the aircraft shall not use the airports or the air space overlying the state until the fee has been paid.

7. The registration fee for a helicopter used exclusively as an air ambulance is one thousand dollars.

8. An aircraft owned and operated by an aviation business located at a publicly owned, public use airport and providing, under agreement with the governing body of the airport, a specified minimum level of aviation services to the general public, shall be registered for a fee of one hundred dollars.

§328.23 Reserved.

§328.24 Refunds of fees.

1. If, during the year for which an aircraft, except aircraft used for the application of herbicides and pesticides, was registered and the required fee paid, the aircraft is destroyed by fire or accident or junked, and the aircraft’s identity as an aircraft entirely eliminated, or the aircraft is removed and continuously used beyond the boundaries of the state, then the owner in whose name the aircraft was registered at the time of destruction, dismantling, or removal from the state shall provide notice to the department within thirty days and make affidavit of the destruction, dismantling, or removal and make claim for the refund. The refund shall be paid from the general fund of the state.

2. The registration fee for the unexpired portion of the year shall be refunded pro rata to the nearest full calendar month, except that a refund shall not be allowed if the unused portion of the fee is less than thirty-five dollars per aircraft.

§328.25 Fees in lieu of taxes.

The registration fees imposed by this chapter upon aircraft shall be in lieu of all taxes, general or local, except state sales or use tax, to which aircraft might otherwise be subject.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §328.25]

§328.26 Application for registration.

1. Every application for registration pursuant to sections 328.19 and 328.20 shall be made
upon such forms, and shall contain such information, as the department may prescribe, and every application shall be accompanied by the full amount of the registration fee.

2. When an aircraft is registered to a person for the first time, the fee submitted to the department shall include the tax imposed by section 423.2 or section 423.5 or evidence of the exemption of the aircraft from the tax imposed under section 423.2 or 423.5.

The department shall issue, upon receipt of proper application and fee for registration, a certificate of registration which shall be numbered and recorded by the department, shall state the name and address of the person to whom it is issued, shall be titled with the designation of the class of registrant covered, and shall contain other information as the department may prescribe including, in the case of aircraft, a description of the aircraft. 329.1 Definitions.
The following words, terms, and phrases, when used in this chapter, shall, for the purposes of this chapter, have the meaning herein given, unless otherwise specifically defined, or unless another intention clearly appears, or the context otherwise requires:
1. “Airport” means any area of land or water designed and set aside for the landing and take-off of aircraft and utilized, or to be utilized, in the interest of the public for such purposes.
2. “Airport hazard” means any structure or tree or use of land which would exceed the federal obstruction standards as contained in 14 C.F.R. §77.21, 77.23 and 77.25 as revised March 4, 1972, and which obstruct the air space required for the flight of aircraft and landing or take-off at an airport or is otherwise hazardous to such landing or taking off of aircraft.
3. “Airport hazard area” means any area of land or water upon which an airport hazard might be established if not prevented as provided by this chapter.
4. “Department” means the state department of transportation.
5. “Municipality” means any county or city of this state.
6. “Obstruction” means any tangible, inanimate physical object, natural or artificial, protruding above the surface of the ground.
7. “Person” means any individual, firm, partnership, corporation, company, association, joint stock association, or body politic, and includes any trustee, receiver, assignee, or other similar representative thereof.

329.2 Airport hazards contrary to public interest.

It is hereby found that an airport hazard endangers the lives and property of users of the airport and of occupants of land and other persons in its vicinity, and also, if of the obstruction type, in effect reduces the size of the area available for the landing, taking off and maneuvering of aircraft, thus tending to destroy or impair the utility of the airport and the public investment therein. Accordingly, it is hereby declared:

1. That the creation or establishment of an airport hazard is a public nuisance and an injury to the community served by the airport in question.
2. That it is necessary in the interest of the public health, safety, and general welfare that the creation or establishment of airport hazards be prevented.
3. That this should be accomplished, to the extent legally possible, by proper exercise of the police power.
4. That the prevention of the creation or establishment of airport hazards, and the elimination, removal, alteration, mitigation, or marking and lighting of existing airport hazards are public purposes for which municipalities may raise and expend public funds, as an incident to the operation of airports, to acquire land or property interests therein.

Regulations adopted under this chapter shall be made with consideration of the smart planning principles under section 18B.1.

329.4 Extraterritorial airport hazard areas.

When any airport hazard area appertaining to an airport owned or controlled by a municipality is located outside the territorial limits of said municipality:

1. Ordinances. The municipality owning or controlling the airport, and the municipality within which the airport hazard area is located, may by duly adopted ordinance adopt, administer, and enforce airport zoning regulations applicable to the airport hazard area.
2. Petition to district court. If the municipality within which is located such airport hazard area has failed or refused, within sixty days after demand has been made upon it by any municipality owning or controlling the airport, to adopt reasonably adequate airport zoning regulations under section 329.3, or to join in adopting joint airport zoning regulations as authorized in subsection 1 of this section, the municipality owning or controlling the airport may, upon a resolution of necessity therefor duly adopted by its governing body, petition the district court of the county in which such airport hazard area or any part thereof is located, in the name of the municipality owning or controlling the affected airport, praying that zoning regulations be established for the airport hazard area in question.
3. Petition — contents. Such petition shall allege all essential facts showing the necessity for bringing such action, the relief sought including proposed zoning regulations, and the necessity therefor.
4. Parties. The parties defendant in such action shall be the municipality in which such airport hazard area is located, and all persons having an apparent or contingent interest in the property located within such area, who may be joined in said action generally as a class.
5. Procedure. The action shall be triable in equity and in accordance with general rules of civil procedure, except that such action shall have precedence over any other business of the court except criminal cases, and the court shall set said petition for hearing not less than
sixty days nor more than one hundred twenty days from the date it is filed with the clerk of said court.

6. **Notice.** The original notice in such action shall be served upon the municipality in which such airport hazard area is located, and in the same manner as original notice of any other action but not less than thirty days prior to the date set for trial; and upon all other defendants by the publication of said notice in some newspaper or newspapers of general circulation within the area described in the petition, or as near thereto as possible, which publication shall be in the same manner as provided for the publication of other original notices, provided, however, that the last publication thereof shall be not less than thirty days prior to the date set for trial.

7. **Decree and modification.** Upon trial the court may enter decree establishing such zoning regulations as it shall find reasonable and necessary. The court having once taken jurisdiction of such matter shall retain continuing jurisdiction thereof for such subsequent modification as it may deem advisable, upon proper application of interested parties, and due showing made thereunder after such notice to possible adverse parties as the court shall prescribe.

8. **Appeal.** Any person or municipality adversely affected or aggrieved by any findings of the court may appeal therefrom as in other civil actions.

9. **Enforcement.** Following the entry of any final decree by the district court, and unless appeal has been taken therefrom, the zoning regulations established by such decree may be enforced, and violations thereof punished, as provided by section 329.14.

3. All such regulations may provide that a preexisting nonconforming structure, tree, or use, shall not be replaced, rebuilt, altered, allowed to grow higher, or replanted, so as to constitute a greater airport hazard than it was when the airport zoning regulations or amendments to the regulations were adopted.

Such variances shall be allowed where a literal application or enforcement of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest, but would do substantial justice and be in accordance with the spirit of the regulations and this chapter; provided, however, that any such variance may be allowed subject to any reasonable conditions that the board of adjustment may deem necessary to effectuate the purposes of this chapter, including the reservation of the right of the municipality, at its own expense, to install, operate, and maintain thereon such markers and lights as may be necessary to indicate to operators of aircraft the presence of the airport hazard.

Such bonds may be issued to finance either one or more or a combination of aviation facilities and the revenues of any one or more aviation facilities may, subject to any prior rights of bondholders, be pledged for any one or more or a combination of aviation facilities. Any revenues from existing aviation facilities theretofore constructed or acquired pursuant to this chapter or existing laws, or existing aviation facilities constructed or acquired by an authority from any source may be pledged for any one or more or a combination of aviation facilities financed under this chapter, regardless of whether or not such existing aviation facilities are then being improved or financed by the proceeds of the bonds to be issued to finance the one or more or the combination of aviation facilities for which such revenues of such existing aviation facilities are to be pledged.

An authority shall have no power at any time or in any manner to pledge the taxing power of the state or any political subdivision or agency thereof, nor shall any of the obligations issued by an authority be deemed to be an obligation of the state or any political subdivision or agency thereof secured by and payable from ad valorem taxes thereof, nor shall the state or any political subdivision or agency thereof be liable for the payment of principal or interest on such obligations except from the special funds provided for in this chapter.

16. To designate employees upon whom are conferred all the powers of a peace officer as defined in section 801.4. The maximum age for a person designated as a peace officer pursuant to this subsection is sixty-five years of age.

§330A.9 Purposes and powers — bonds and notes.

1. The bonds issued by an authority pursuant to this chapter shall be authorized by resolution of the board and shall be either term or serial bonds, shall bear such date or dates, mature at such time or times, not exceeding forty years from their respective dates, bear interest at such rate or rates, not exceeding that permitted by chapter 74A payable semiannually, be in such denominations, be in such form, either coupon or fully registered, shall carry such registration, exchangeability and interchangeability privileges, be payable in such medium of payment and at such place or places, within or without the state, be subject to such terms of redemption and be entitled to such priorities on the revenues, rates, fees, rentals, or other charges or receipts of the authority as the resolution or any subsequent resolution may provide. The bonds shall be executed either by manual or facsimile signature by the officers as an authority shall determine, provided that the bonds shall bear at least one signature which is manually executed thereon, and the coupons attached to the bonds shall bear the facsimile signature or signatures of the officer or officers as shall be designated by an authority and the bonds shall have the seal of the authority, affixed, imprinted, reproduced, or lithographed thereon, all as may be prescribed in the resolution or resolutions. The bonds may be sold at public or private sale at the price or prices as the authority shall determine to be in the best interests of the authority. However, the net interest cost shall not exceed that permitted by chapter 74A. Pending the preparation of definitive bonds, interim certificates or temporary bonds may be issued to the purchaser or purchasers of the bonds, and may contain terms and conditions as the authority may determine.

2. An authority shall have the power, at any time and from time to time after the issuance of bonds shall have been authorized, to borrow money for the purposes for which the bonds are to be issued in anticipation of the receipt of the proceeds of the sale of the bonds and within the authorized maximum amount of the bond issue. Any loan shall be paid within three years after the date of the initial loan. Bond anticipation notes shall be issued for all moneys borrowed under this section, and the notes may be renewed from time to time, but all renewal notes shall mature within the time above limited for the payment of the initial loan. The notes shall be authorized by resolution of the board and shall be in such denomination or denominations, shall bear interest at such rate or rates not exceeding the maximum rate permitted by the resolution authorizing the issuance of the bonds, shall be in such form and shall be executed in such manner, all as the authority shall prescribe. The notes may be sold at public or private sale or, if the notes shall be renewal notes, they may be exchanged for notes then outstanding on such terms as the board shall determine. The board may, in its discretion, retire the notes from the revenues derived from its aviation facilities or from other moneys of the authority which are lawfully available or from a combination of each, in lieu of retiring them by means of bond proceeds. However, before the retirement of the notes by any means other than the issuance of bonds it shall amend or repeal the resolution authorizing
the issuance of the bonds, in anticipation of the proceeds of the sale of which the notes were issued, so as to reduce the authorized amount of the bond issue by the amount of the notes retired. The amendatory or repealing resolution takes effect upon its passage.

3. Any such resolution or resolutions authorizing any bonds hereunder may contain provisions which shall be part of the contract with the holders of such bonds, as to:

   divide the county into districts as provided in sections 331.209 and 331.210. The plan shall be

If plan “two” is selected pursuant to section 331.206 or 331.207, the board shall be elected as provided in this section.

Not later than ninety days after the redistricting of congressional and legislative districts becomes law, or October 15 of the year immediately following each year in which the federal decennial census is taken, whichever is later, the temporary county redistricting commission shall divide the county into a number of supervisor districts corresponding to the number of supervisors in the county. However, if the plan is selected pursuant to section 331.207, the temporary county redistricting commission shall divide the county before February 15 of the election year. The supervisor districts shall be drawn, to the extent applicable, in compliance with the redistricting standards provided for senatorial and representative districts in section 42.4, and if a supervisor redistricting plan is challenged in court, the requirement of justifying any variance in excess of one percent contained in section 42.4, subsection 1, paragraph “c” applies to the board. If the temporary county redistricting commission adopts a supervisor redistricting plan with a variance in excess of one percent, the board shall publish the justification for the variance in one or more official newspapers as provided in chapter 349 within ten days after the action is taken. If more than one incumbent supervisor resides in the same supervisor district after the districts have been redrawn following the federal decennial census, the terms of office of those supervisors shall expire on the first day of January that is not a Sunday or a holiday following the next general election.

2. Each supervisor must reside in a separate supervisor district but shall be elected by the electors of the county at large. Election ballots shall be prepared to specify the district which each candidate seeks to represent and each elector may cast a vote for one candidate from each district for which a supervisor is to be chosen in the general election.

3. At the primary and general elections the number of supervisors, or candidates for the offices, which constitute the board in the county shall be elected as provided in this section. Terms of supervisors shall be the same as provided in section 331.208.

4. Each temporary county redistricting commission shall notify the state commissioner of elections when the boundaries of supervisor districts are changed, shall provide a map delineating the new boundary lines, and shall certify to the state commissioner of elections the populations of the new supervisor districts as determined under the latest federal decennial census. Upon failure of a temporary county redistricting commission to make the required changes by the dates specified by this section and sections 331.203 and 331.204 as determined by the state commissioner of elections, the state commissioner of elections shall make or cause to be made the necessary changes as soon as possible, and shall assess to the county the expenses incurred in so doing. Except for a representation plan drawn pursuant to section 331.210A, subsection 2, paragraph “f”, the state commissioner of elections may request the services of personnel and materials available to the legislative services agency to assist the state commissioner in making required changes in supervisor district boundaries which become the state commissioner’s responsibility.

331.210A Temporary county redistricting commission.

1. Appointment of members.
   a. Not later than May 15 of each year ending in one, a temporary county redistricting commission shall be established as provided by this section for counties which have either plan “two” or plan “three” supervisor representation plans. If a county has either plan “two” or plan “three” supervisor representation plans and the number of members of the board is increased or decreased under section 331.203 or 331.204, the temporary county redistricting commission shall be established by May 15 of the year preceding the year of the next general election.
   b. The board shall determine the size of the membership of the temporary county redistricting commission which may be three, five, or seven in number. The minimum number of members constituting a majority of the membership shall be appointed by the majority party members of the board. The remaining number of members of the temporary county redistricting commission shall be appointed by the minority party members of the board. If the members of the board are all members of one political party or if the minority members of the board are not all members of only one political party, the minority representation of the temporary county redistricting commission shall be appointed by the chair of the county central committee for the party, other than the party of the majority members of the board, which received the most votes in that county cast for its candidate for president of the United States or for governor at the last preceding general election, as the case may be. If that party’s county central committee has no chair, the appointments shall be made by the chair of that party’s state central committee.
   c. A member of the county board of supervisors may be appointed as a member of the temporary county redistricting commission. No person shall be appointed to the temporary county redistricting commission who is not an eligible elector of the county at the time of appointment.
   d. A vacancy on the temporary county redistricting commission shall be filled by the initial selecting authority within fifteen days after the vacancy occurs.
   e. Members of the temporary county redistricting commission shall receive a per diem as specified by the board, travel expenses at the rate provided by section 70A.9, and reimbursement for other necessary expenses incurred in performing their duties.
   f. Each of the appointing authorities shall certify to the county commissioner of elections the authority’s appointment of a person to serve on the temporary county redistricting commission.

2. Adoption of plans.
   a. The temporary county redistricting commission, upon appointment, shall acquire official census population data from the latest federal decennial census including the corresponding census maps and shall use that information in drawing and adopting the county’s supervisor districting plan. The commission shall draw the plan, to the extent applicable, in accordance with section 42.4. If the county has a plan “three” supervisor representation plan, the temporary county redistricting commission shall also draw and adopt the county’s corresponding precinct plan in accordance with sections 49.3, 49.4, and 49.6.
   b. After the temporary county redistricting commission has finished its preliminary proposed county supervisor districting plan and corresponding precinct plan, if applicable, the commission shall at the earliest feasible time make available to the public all of the following information:
      (1) Copies of the legal description of the plans.
      (2) Maps illustrating the plans.
      (3) A summary of the standards prescribed by law for development of the plans.
      (4) A statement of the population of each district included in the plan, and the relative deviation of each district population from the ideal district population.
      (5) A statement of the population of each precinct, if applicable.
   c. Upon the completion of the county’s preliminary proposed plans, the temporary county redistricting commission shall do all of the following:
(1) As expeditiously as possible, schedule and conduct at least one public hearing on the proposed plans.

(2) Allow members of the public to present alternative plans at the public hearing.

(3) Following the hearings, promptly prepare and make available to the public a report summarizing information and testimony received by the temporary county redistricting commission in the course of the hearings. The report shall include any comments and conclusions which its members deem appropriate regarding the information and testimony received at the hearings, or otherwise presented to the temporary county redistricting commission.

d. (1) After the requirements of paragraphs “a” through “c” have been met, the temporary county redistricting commission shall adopt a supervisor district plan and corresponding precinct plan, if applicable, and shall submit the plan to the board of supervisors for their approval. Prior to adoption of a plan by the commission, any member of the temporary county redistricting commission may submit precinct or district plans to the commission for a vote, either independently or as an amendment to a plan presented by other members of the commission.

(2) The board of supervisors shall review the plan submitted by the temporary county redistricting commission and shall approve or reject the plan. If the plan is rejected, the board shall give written reasons for the rejection of the plan and shall direct the commission to prepare a second plan. The board of supervisors may amend the second plan submitted for approval by the commission. Any amendment must be accompanied by a written statement declaring that the amendment is necessary to bring the submitted plan closer in conformity to the standards in section 42.4.

e. (1) The plan approved by the board of supervisors shall be submitted to the state commissioner of elections for approval. If the state commissioner or the Iowa ethics and campaign disclosure board finds that the plan does not meet the standards of section 42.4, the state commissioner shall reject the plan, and the board of supervisors shall direct the commission to prepare and adopt an acceptable plan.

(2) For purposes of determining whether the standards of section 42.4 have been met, an eligible elector may file a complaint with the state commissioner of elections within fourteen days after a plan is approved by the board of supervisors of the county in which the eligible elector resides, on a form prescribed by the commissioner, alleging that the plan was drawn for improper political reasons as described in section 42.4, subsection 5. If a complaint is filed with the state commissioner of elections, the state commissioner shall forward the complaint to the Iowa ethics and campaign disclosure board established in section 68B.32 for resolution.

(3) If, after the initial proposed supervisor district plan or precinct plan has been submitted to the state commissioner for approval, it is necessary for the temporary county redistricting commission to make subsequent attempts at adopting an acceptable plan, the subsequent plans do not require public hearings.

f. (1) (a) For purposes of this paragraph “f”, “qualifying county” means a county that elects supervisors under plan “three” as defined in section 331.206, or a county with a population of one hundred eighty thousand or more that has adopted a charter for a city-county consolidated form of government or a community commonwealth form of government and which charter provides for representation by districts.

(b) Notwithstanding any provision of this section to the contrary, for a qualifying county, the legislative services agency, and not the temporary county redistricting commission, shall draw a representation plan as provided by paragraph “a”.

(c) A county subject to the requirements of this paragraph “f” shall notify the state commissioner of elections that a representation plan to be drawn pursuant to this paragraph “f” is required and shall submit to the state commissioner of elections the precinct plan to be used to draw the representation plan. Upon notification and submission of a precinct plan, the state commissioner of elections shall review and approve the precinct plan to be used. Following approval of the precinct plan to be used, the state commissioner of elections shall notify the legislative council which shall direct the legislative services agency to prepare a representation plan for the county.

(d) The plan drawn by the legislative services agency shall be based upon the precinct
§331.210A, COUNTY HOME RULE IMPLEMENTATION

plan adopted and approved for use by the county and shall be drawn in accordance with section 42.4, to the extent applicable. After the legislative services agency has drawn the plan, the legislative services agency shall at the earliest feasible time make available to the public all of the information required to be made public by paragraph “b”.

(2) The legislative services agency shall submit the plan to the governing body, and the governing body shall comply with the duties required by paragraph “c”, to the extent applicable.

(3) After the requirements of paragraphs “a” through “c” have been met, the governing body shall review the plan submitted by the legislative services agency and shall approve or reject the plan. If the plan is rejected, the governing body shall give written reasons for the rejection and shall direct the legislative services agency to prepare a second plan, as provided in paragraph “d”. The second plan may be amended by the governing body in accordance with the provisions of paragraph ‘d’. After receiving the second plan, the governing body shall approve either the first plan or the second plan.

(4) The governing body, after approving a plan, shall comply with the requirements of paragraph “e”.

3. Open meetings and public records. Chapters 21 and 22 shall apply to the temporary county redistricting commission.

Either option proposed shall be referred to as a city-county consolidated form of government. If more than fifty percent of the population of a city resides within the affected county, it is a city within the county for the purposes of this section and may continue its status as a city within the county even if the population of such city falls below the more than fifty percent threshold in a future census.

6. A city may request to join an existing city-county consolidated government by resolution of the city council or upon petition of eligible electors of the city equal in number to at least twenty-five percent of the persons who voted at the last regular city election. If a majority of the governing body of the city-county consolidated government approves the resolution, the question of joining the city-county consolidated government shall be submitted to the electorate of the petitioning city within sixty days after approval of the resolution.

7. a. If a charter is adopted, it may be amended at any time by one of the following methods:

   (1) The governing body of the city-county consolidated government, by resolution, may submit a proposed amendment to the voters, and the proposed amendment becomes effective only upon approval by a majority of those voting on the proposed amendment within the city-county consolidated area.

   (2) The governing body of the city-county consolidated government, by ordinance, may amend the charter. However, within thirty days following publication of the ordinance, if a petition valid under the provisions of section 331.306 is filed with the governing body of the city-county consolidated government, the governing body must submit the charter amendment to the voters and, in such event, the amendment becomes effective only upon approval of a majority of those voting on the proposed amendment within the city-county consolidated area.

city-county consolidated charter of (insert name of county and of

331.301 General powers and limitations.
1. A county may, except as expressly limited by the Constitution of the State of Iowa, and if not inconsistent with the laws of the general assembly, exercise any power and perform any function it deems appropriate to protect and preserve the rights, privileges, and property of the county or of its residents, and to preserve and improve the peace, safety, health, welfare, comfort, and convenience of its residents. This grant of home rule powers does not include the power to enact private or civil law governing civil relationships, except as incident to an exercise of an independent county power.

2. A power of a county is vested in the board, and a duty of a county shall be performed by or under the direction of the board except as otherwise provided by law.

3. The enumeration of a specific power of a county, the repeal of a grant of power, or the failure to state a specific power does not limit or restrict the general grant of home rule power conferred by the Constitution and this section. A county may exercise its general powers subject only to limitations expressly imposed by a state law.

4. An exercise of a county power is not inconsistent with a state law unless it is irreconcilable with the state law.

5. A county shall substantially comply with a procedure established by a state law for exercising a county power unless a state law provides otherwise. If a procedure is not established by state law, a county may determine its own procedure for exercising the power.

6. a. A county shall not set standards and requirements which are lower or less stringent than those imposed by state law, but may set standards and requirements which are higher or more stringent than those imposed by state law, unless a state law provides otherwise.

b. A county shall not impose any fee or charge on any individual or business licensed by the plumbing and mechanical systems board for the right to perform plumbing, mechanical, HVAC, refrigeration, sheet metal, or hydronic systems work within the scope of the license.
This paragraph does not prohibit a county from charging fees for the issuance of permits for, and inspections of, work performed in its jurisdiction.

c. (1) A county shall not adopt an ordinance, motion, resolution, or amendment that sets standards or requirements regarding the sale or marketing of consumer merchandise that are different from, or in addition to, any state law. For purposes of this paragraph:

   (a) “Consumer merchandise” means merchandise offered for sale or lease, or provided with a sale or lease, primarily but not exclusively for personal, family, or household purposes, and includes any container used for consuming, carrying, or transporting such merchandise.

   (b) “Container” means a bag, cup, package, container, bottle, or other packaging that is all of the following:

      (i) Designed to be either reusable or single-use.

      (ii) Made of cloth, paper, plastic, including foamed or expanded plastic, cardboard, corrugated material, aluminum, glass, or postconsumer recycled or similar material or substrates, including coated, laminated, or multilayer substrates.

      (iii) Designed for consuming, transporting, or protecting merchandise, food, or beverages from or at a food service or retail facility.

   (2) An ordinance, motion, resolution, or amendment adopted prior to March 30, 2017, that violates this paragraph is void and unenforceable on and after March 30, 2017.

   (3) This paragraph “c” shall not apply to county solid waste or recycling collection or county solid waste or recycling programs.

   d. A county shall not adopt an ordinance, motion, resolution, or amendment, or use any other means, that restricts an owner of real property from refinancing existing debt on, selling, or otherwise transferring title to the property by requiring the owner to take or show compliance with any action with respect to the property or pay any fee before, during, or after refinancing existing debt on, selling, or otherwise transferring title to the property.

   7. A county shall not levy a tax unless specifically authorized by a state statute.

   8. A county is a body corporate for civil and political purposes and shall have a seal as provided in section 331.552, subsection 4.

   9. Supervisors and other county officers may administer oaths and take affirmations as provided in chapter 63A.

10. A county may enter into leases or lease-purchase contracts for real or personal property in accordance with the following terms and procedures:

   a. A county shall lease or lease-purchase property only for a term which does not exceed the economic life of the property, as determined by the board.

   b. A lease or lease-purchase contract entered into by a county may contain provisions similar to those sometimes found in leases between private parties, including, but not limited to, the obligation of the lessee to pay any of the costs of operation or ownership of the leased property and the right to purchase the leased property.

   c. A provision of a lease or lease-purchase contract which stipulates that a portion of the rent payments be applied as interest is subject to chapter 74A. Other laws relating to interest rates do not apply. Chapter 75 is not applicable. A county enterprise is a separate entity under this subsection, whether it is governed by the board or another governing body.

   d. The board must follow substantially the same authorization procedure required for the issuance of general obligation bonds issued for the same purpose to authorize a lease or a lease-purchase contract made payable from the debt service fund.

   e. The board may authorize a lease or lease-purchase contract which is payable from the general fund if the contract would not cause the total of lease and lease-purchase payments due from the general fund of the county in any single future fiscal year for all lease or lease-purchase contracts in force on the date of the authorization, excluding payments to exercise purchase options or to pay the expenses of operation or ownership of the property, to exceed ten percent of the last certified general fund budget amount in accordance with the following procedures:

      (1) (a) The board must follow substantially the authorization procedures of section 331.443 to authorize a lease or lease-purchase contract for personal property which is payable from the general fund. The board must follow substantially the authorization procedures of section 331.443 to authorize a lease or lease-purchase contract for real

(i) Four hundred thousand dollars in a county having a population of twenty-five thousand or less.

(ii) Five hundred thousand dollars in a county having a population of more than twenty-five thousand but not more than fifty thousand.

(iii) Six hundred thousand dollars in a county having a population of more than fifty thousand but not more than one hundred thousand.

(iv) Eight hundred thousand dollars in a county having a population of more than one hundred thousand but not more than two hundred thousand.

(v) One million dollars in a county having a population of more than two hundred thousand.

(b) However, if the principal amount of a lease or lease-purchase contract pursuant to this subparagraph (1) is less than twenty-five thousand dollars, the board may authorize the lease or lease-purchase contract without following the authorization procedures of section 331.443.

(2) The board must follow the following procedures to authorize a lease or lease-purchase contract for real property which is payable from the general fund if the principal amount of the lease or lease-purchase contract exceeds the limits set forth in subparagraph (1):

(a) The board must institute proceedings for entering into a lease or lease-purchase contract payable from the general fund by causing a notice of the meeting to discuss entering into the lease or lease-purchase contract, including a statement of the principal amount and purpose of the lease or lease-purchase and the right to petition for an election, to be published as provided in section 331.305 at least ten days prior to the discussion meeting. No sooner than thirty days following the discussion meeting shall the board hold a meeting at which it is proposed to take action to enter into the lease or lease-purchase contract.

(b) (i) If at any time before the end of the thirty-day period after which a meeting may be held to take action to enter into the lease or lease-purchase contract, a petition is filed with the auditor in the manner provided by section 331.306, asking that the question of entering into the lease or lease-purchase contract be submitted to the registered voters of the county, the board shall either by resolution declare the proposal to enter into the lease or lease-purchase contract to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of entering into the lease or lease-purchase contract. However, for purposes of this subparagraph (2), the petition shall not require signatures in excess of one thousand persons.

(ii) The question to be placed on the ballot shall be stated affirmatively in substantially the following manner:

Shall the county of ............... enter into a lease or lease-purchase contract in an amount of $ ............... for the purpose of ...............?

(iii) Notice of the election and its conduct shall be in the manner provided in section 331.442, subsections 2 through 4.

(c) If a petition is not filed or if a petition is filed and the proposition of entering into a lease or lease-purchase contract is approved at the election, the board may proceed and enter into the lease or lease-purchase contract.

f. The governing body may authorize a lease or lease-purchase contract payable from the net revenues of a county enterprise or combined county enterprise by following the authorization procedures of section 331.464.

g. A lease or lease-purchase contract to which a county is a party or in which a county has a participatory interest is an obligation of a political subdivision of this state for the purposes of chapters 502 and 636, and is a lawful investment for banks, trust companies, savings associations, investment companies, insurance companies, insurance associations, executors, guardians, trustees, and any other fiduciaries responsible for the investment of funds.

h. Property that is lease-purchased by a county is exempt under section 427.1, subsection 2.
i. A contract for construction by a private party of property to be lease-purchased by a county is a contract for a public improvement and is subject to section 333.341, subsection 1.

11. A county may enter into insurance agreements obligating the county to make payments beyond its current budget year to procure or provide for a policy of insurance, a self-insurance program, or a local government risk pool to protect the county against tort liability, loss of property, or any other risk associated with the operation of the county. Such a self-insurance program or local government risk pool is not insurance and is not subject to regulation under chapters 505 through 523C. However, those self-insurance plans regulated pursuant to section 509A.14 shall remain subject to the requirements of section 509A.14 and rules adopted pursuant to that section.

12. The board of supervisors may credit funds to a reserve for the purposes authorized by subsection 11 of this section; section 331.424, subsection 1, paragraph “a”, subparagraph (5); and section 331.441, subsection 2, paragraph “b”. Moneys credited to the reserve, and interest earned on such moneys, shall remain in the reserve until expended for purposes authorized by subsection 11 of this section; section 331.424, subsection 1, paragraph “a”, subparagraph (5); or section 331.441, subsection 2, paragraph “b”.

13. The board of supervisors may waive a tax penalty, interest, or costs related to the collection of a tax if the board finds that a clerical error resulted in the penalty, interest, or cost. This subsection does not apply to bonded special assessments without the approval of the affected taxing jurisdiction.

14. The county may establish a department of public works. The department shall be administered by the county engineer or other person appointed by the board of supervisors. In addition to other duties assigned by the board, the department shall provide technical assistance to political subdivisions in the county including special districts relating to their physical infrastructure and may provide managerial and administrative services for special districts and combined special districts.

15. a. A county may adopt and enforce an ordinance requiring the construction of a storm shelter at a manufactured home community or mobile home park which is constructed after July 1, 1999. In lieu of requiring construction of a storm shelter, a county may require a community or park owner to provide a plan for the evacuation of community or park residents to a safe place of shelter in times of severe weather including tornadoes and high winds if the county determines that a safe place of shelter is available within a reasonable distance of the manufactured home community or mobile home park for use by community or park residents. Each evacuation plan prepared pursuant to this subsection shall be filed with, and approved by, the local emergency management agency. If construction of a storm shelter is required, an ordinance adopted or enforced pursuant to this subsection shall not include any of the following requirements:

   (1) That the size of the storm shelter be larger than the equivalent of seven square feet for each manufactured or mobile home space in the manufactured home community or mobile home park.

   (2) That the storm shelter include a restroom if the shelter is used exclusively as a storm shelter.

   (3) That the storm shelter exceed the construction specifications approved by a licensed professional engineer and presented by the owner of the manufactured home community or mobile home park.

   (4) That the shelter be located any closer than one thousand three hundred twenty feet from any manufactured or mobile home in the manufactured home community or mobile home park.

b. For the purposes of this subsection:

   (1) “Manufactured home community” means the same as land-leased community defined in sections 335.30A and 414.28A.

   (2) “Manufactured home community or mobile home park” means a manufactured home community or mobile home park as defined in section 562B.7.

   (3) “Storm shelter” means a single structure or multiple structures designed to provide persons with temporary protection from a storm.

16. The board of supervisors may by ordinance or resolution prohibit or limit the use
of consumer fireworks or display fireworks, as described in section 727.2, if the board determines that the use of such devices would constitute a threat to public safety or private property, or if the board determines that the use of such devices would constitute a nuisance to neighboring landowners.

17. a. For purposes of this subsection, “short-term rental property” means any individually or collectively owned single-family house or dwelling unit; any unit or group of units in a condominium, cooperative, or timeshare; or an owner-occupied residential home that is offered for a fee for thirty days or less. “Short-term rental property” does not include a unit that is used for any retail, restaurant, banquet space, event center, or other similar use.

b. A county shall not adopt or enforce any regulation, restriction, or other ordinance, including a conditional use permit requirement, relating to short-term rental properties within the county. A short-term rental property shall be classified as a residential land use for zoning purposes.

c. Notwithstanding paragraph “b”, a county may enact or enforce an ordinance that regulates, prohibits, or otherwise limits short-term rental properties for the following primary purposes if enforcement is performed in the same manner as enforcement applicable to similar properties that are not short-term rental properties:

1. Protection of public health and safety related to fire and building safety, sanitation, or traffic control.

2. Residential use and zoning purposes related to noise, property maintenance, or nuisance issues.

3. Limitation or prohibition of use of property to house sex offenders; to manufacture, exhibit, distribute, or sell illegal drugs, liquor, pornography, or obscenity; or to operate an adult-oriented entertainment establishment as described in section 239B.5, subsection 4, paragraph “a”.

NEW subsection 17

331.302 County legislation.

1. The board shall exercise a power or perform a duty only by the passage of a motion, a resolution, an amendment, or an ordinance.

2. For a violation of an ordinance a county shall not provide a penalty in excess of the maximum fine and term of imprisonment for a simple misdemeanor under section 903.1, subsection 1, paragraph “a”. The crime services surcharge required by section 911.1 shall be added to a county fine and is not a part of the county’s penalty.

3. The subject matter of an ordinance or amendment shall be generally described in its title.

4. An amendment to an ordinance or to a code of ordinances shall specifically repeal the ordinance or code, or the section, subsection, paragraph, or subpart to be amended, and shall set forth the ordinance, code, section, subsection, paragraph, or subpart as amended.

5. a. A county may by ordinance adopt by reference any portion of the Code of Iowa in
effect at the time of the adoption in the manner provided in section 380.8 for adoption of a proposed code of ordinances containing a proposed new ordinance or amendment, subject to the following limitations:

1. The ordinance shall describe the subject matter and identify the portion of the Code of Iowa adopted by chapter, section, and subsection or other subpart, as applicable.

2. A portion of the Code of Iowa may be adopted by reference only if the criminal penalty provided by the law adopted does not exceed the maximum fine and term of imprisonment for a simple misdemeanor under section 903.1, subsection 1, paragraph “a”.

3. Amendments or other changes to those portions of the Code of Iowa which have been adopted by reference shall serve as an automatic modification of the applicable ordinance.

b. An ordinance which adopts by reference any portion of the Code of Iowa may provide that violations of the ordinance are county infractions and subject to the limitations of section 331.307.

6. a. A proposed ordinance or amendment shall be considered and voted on for passage at two meetings of the board prior to the meeting at which it is to be finally passed, unless this requirement is suspended by a recorded vote of not less than a majority of the supervisors.

b. However, if a summary of the proposed ordinance or amendment is published as provided in section 331.305 prior to its first consideration and copies are available at the time of publication at the office of the auditor, the ordinance or amendment shall be considered and voted on for passage at one meeting prior to the meeting at which it is to be finally passed, unless this requirement is suspended by a recorded vote of not less than a majority of the supervisors.

7. Passage of an ordinance, amendment, or resolution requires an affirmative vote of not less than a majority of the supervisors. Each supervisor’s vote on an ordinance, amendment, or resolution shall be recorded.

8. A resolution becomes effective upon passage and an ordinance or amendment becomes a law when a summary of the ordinance or the complete text of the ordinance is published, unless a subsequent effective date is provided within the measure. As used in this subsection, “summary” shall mean a narrative description of the terms and conditions of an ordinance setting forth the main points of the ordinance in a manner calculated to inform the public in a clear and understandable manner the meaning of the ordinance and which shall provide the public with sufficient notice to conform to the desired conduct required by the ordinance. The description shall include the title of the ordinance, an accurate and intelligible abstract or synopsis of the essential elements of the ordinance, a statement that the description is a summary, the location and the normal business hours of the office where the ordinance may be inspected, when the ordinance becomes effective, and the full text of any provisions imposing fines, penalties, forfeitures, fees, or taxes. Legal descriptions of property set forth in ordinances shall be described in full, provided that maps or charts may be substituted for legal descriptions when they contain sufficient detail to clearly define the area with which the ordinance is concerned. The narrative description shall be written in a clear and coherent manner and shall, to the extent possible, avoid the use of technical or legal terms not generally familiar to the public. When necessary to use technical or legal terms not generally familiar to the public, the narrative description shall include definitions of those terms.

9. The auditor shall promptly record each measure, publish a summary of all ordinances or a complete text of the ordinances and amendments as provided in section 331.305, authenticate all measures except motions with signature and certification as to time and manner of publication, if any, and maintain for public use copies of all effective ordinances and codes. A copy of the complete text of an ordinance or amendment shall also be available for distribution to the public at the office of the county auditor. The auditor’s certification is presumptive evidence of the facts stated therein.

10. a. At least once every five years, the board shall compile a code of ordinances containing all of the county ordinances in effect.

   1. If a proposed code of ordinances contains only existing ordinances edited and compiled without change in substance, the board may adopt the code by ordinance.

   2. If a proposed code of ordinances contains a proposed new ordinance or amendment, the board shall hold a public hearing on the proposed code before adoption. The auditor shall
publish notice of the hearing as provided in section 331.305. Copies of the proposed code of ordinances shall be available at the auditor’s office and the notice shall state. Within thirty days after the hearing, the board may adopt the proposed code of ordinances which becomes law upon publication of the ordinance adopting it. If the board substantially amends the proposed code of ordinances after a hearing, notice and hearing shall be repeated.

b. Ordinances and amendments which become effective after adoption of a code of ordinances may be compiled as a supplement to the code, and upon adoption of the supplement by resolution, become part of the code of ordinances.

c. An adopted code of ordinances is presumptive evidence of the passage, publication, and content of the ordinances therein as of the date of the auditor’s certification of the ordinance adopting the code or supplement.

11. The compensation paid to a newspaper for a publication required by this section shall not exceed the fee provided in section 618.11. The compensation paid to a newspaper for publication of the complete text of an ordinance shall not exceed three-fourths of the fee provided in section 618.11.

12. The board may adopt the provisions of a statewide or nationally recognized standard code or portions of any such code by an ordinance which identifies the code by subject matter, source, and date, and incorporates the provisions either by reference or by setting them forth in full. The code or portion shall be adopted only after notice and hearing in the manner provided in subsection 10.

13. Immediately after the effective date of a measure establishing a zoning district, building lines, or fire limits, the auditor shall certify the measure and a plat showing the district, lines, or limits, to the recorder. The recorder shall record the measure and plat in the miscellaneous record or other book provided for special records, and shall index the record.

14. A measure voted upon is not invalid because a supervisor has a conflict of interest, unless the vote of the supervisor was decisive to passage of the measure. If a majority or unanimous vote of the board is required by statute, the majority or vote shall be computed on the basis of the number of supervisors not disqualified by reason of conflict of interest. However, a majority of all supervisors is required for a quorum. For purposes of this subsection, the statement of a supervisor that the supervisor declines to vote by reason of conflict of interest is conclusive and shall be entered of record.

15. A valid measure adopted by a county prior to July 1, 1981, remains valid unless the measure is irreconcilable with a state law.

16. A county shall not provide a civil penalty in excess of seven hundred fifty dollars for the violation of an ordinance which is classified as a county infraction or if the infraction is a repeat offense, a civil penalty not to exceed one thousand dollars for each repeat offense. A county infraction is not punishable by imprisonment.

331.304 Procedural limitations on general county powers.

If a county proposes to exercise any of the following powers, it shall do so in accordance with the following limitations:

1. The power to act jointly with other political subdivisions or public or private agencies shall be exercised in accordance with chapter 28E or 28I or other applicable state law.
2. The power to adopt, administer and enforce the state building code shall be exercised in accordance with chapter 103A. The power to adopt by ordinance, administer, and enforce a county building code, is subject to the following restrictions:
   a. A county building code shall not apply within the incorporated area of a city except at the option of the city, and shall not apply within a city’s two-mile limit referred to in section 414.23, to the extent that the city has adopted a building code within the two-mile limit.
   b. A county building code shall not apply to farm houses or other farm buildings which are primarily adapted for use for agricultural purposes, while so used or under construction for that use.

7. The power to take private property for public use shall only be exercised by counties for public purposes which are reasonable and necessary as an incident to the powers and duties conferred upon counties, and in accordance with chapters 6A and 6B. 2. A county by ordinance may provide that a violation of an ordinance is a county infraction.

3. A county shall not provide that a violation of an ordinance is a county infraction if the violation is a felony, an aggravated misdemeanor, or a serious misdemeanor under state law or if the violation is a simple misdemeanor under chapters 687 through 747.

4. An officer authorized by a county to enforce a county code or regulation may issue a civil citation to a person who commits a county infraction. The citation may be served by personal service as provided in rule of civil procedure 1.305, by certified mail addressed to the defendant at the defendant’s last known mailing address, return receipt requested, or by publication in the manner as provided in rule of civil procedure 1.310 and subject to the conditions of rule of civil procedure 1.311. A copy of the citation shall be retained by the issuing officer, and one copy shall be sent to the clerk of the district court. The citation shall serve as notification that a civil offense has been committed and shall contain the following information:

a. The name and address of the defendant.

b. The name or description of the infraction attested to by the officer issuing the citation.

c. The location and time of the infraction.

d. The amount of civil penalty to be assessed or the alternate relief sought, or both.

e. The manner, location, and time in which the penalty may be paid.

f. The time and place of court appearance.

g. The penalty for failure to appear in court.

5. In proceedings before the court for a county infraction:

a. The matter shall be tried before a magistrate or district associate judge in the same manner as a small claim.

b. The county has the burden of proof that the county infraction occurred and that the defendant committed the infraction. The proof shall be by clear, satisfactory, and convincing evidence.

c. The court shall ensure that the defendant has received a copy of the charges and that the defendant understands the charges. The defendant may question all witnesses who appear for the county and produce evidence or witnesses on the defendant’s behalf.

d. The defendant may be represented by counsel of the defendant’s own selection and at the defendant’s own expense.

e. The defendant may answer by admitting or denying the infraction.

f. If a county infraction is proven, the court shall enter judgment against the defendant. If the infraction is not proven, the court shall dismiss it.

6. Notwithstanding section 602.8106, subsection 3, penalties or forfeitures collected by the court for county infractions shall be remitted to the county in the same manner as fines and forfeitures are remitted to cities for criminal violations under section 602.8106. If the person named in the citation is served as provided in this section and fails without good cause to appear in response to the civil citation, judgment shall be entered against the person cited.

7. A person against whom judgment is entered, shall pay court costs and fees as in small claims under chapter 631. If the action is dismissed, the county is liable for the court costs and court fees. Where the action is disposed of without payment, or provision for assessment, of court costs, the clerk shall at once enter judgment for costs against the county.

8. Seeking a civil penalty as authorized in this section does not preclude a county from seeking alternative relief from the court in the same action.

9. a. When judgment has been entered against a defendant, the court may do any of the following:

(1) Impose a civil penalty by entry of a personal judgment against the defendant.

(2) Direct that payment of the civil penalty be suspended or deferred under conditions imposed by the court.

(3) Grant appropriate alternative relief ordering the defendant to abate or cease the violation.

(4) Authorize the county to abate or correct the violation.

10. The magistrate or district associate judge shall have jurisdiction to assess or enter judgment for costs of abatement or correction in an amount not to exceed the jurisdictional amount for a money judgment in a civil action pursuant to section 631.1, subsection 1, for magistrates and section 602.6306, subsection 2, for district associate judges. If the county seeks abatement or correction costs in excess of those amounts, the case shall be referred to the district court for hearing and entry of an appropriate order. The procedure for hearing in the district court shall be the same procedure as that for a small claims appeal pursuant to section 631.13.

11. A defendant or the county may file a motion for a new trial or may appeal the decision of the magistrate or district associate judge to the district court. The procedure on appeal shall be the same as for a small claim pursuant to section 631.13. A factual determination made by the trial court, supported by substantial evidence as shown in the record, is binding for purposes of appeal relating to the violation at issue, but shall not be admissible or binding as to any future violation for the same or similar ordinance provision by the same defendant.

12. This section does not preclude a peace officer of a county from issuing a criminal citation for a violation of a county code or regulation if criminal penalties are also provided for the violation. Each day that a violation occurs or is permitted by the defendant to exist, constitutes a separate offense.

13. The issuance of a civil citation for a county infraction or the ensuing court proceedings do not provide an action for false arrest, false imprisonment, or malicious prosecution.

Notice may be in the form of an ordinance or by certified mail to the property owner as shown by the records of the county auditor, and shall state the time within which action is required. However, in an emergency, a county may perform any action which may be required under this section without prior notice and assess the costs as provided in this section after notice to the property owner and hearing.

If the township provides fire protection outside of the county’s boundaries, the county shall continue to provide fire protection to this area for at least ninety days after adoption of the resolution.

4. Fire protection service and emergency medical service shall be paid from the emergency services fund of the county authorized in section 331.424C.

5. a. Notwithstanding subsection 1, if as of July 1, 2006, a township has in force an agreement entered into pursuant to chapter 28E for a city or another township to provide fire protection service or fire protection service and emergency medical service for the township, or if a township is otherwise contracting with a city or another township for provision to the township of fire protection service or fire protection service and emergency medical service, the county board of supervisors shall, for the fiscal year beginning July 1, 2007, and subsequent fiscal years, negotiate for and enter into an agreement pursuant to chapter 28E providing for continued fire protection service, or fire protection service and emergency medical service, to the township, and shall certify taxes for levy in the township, pursuant to section 331.424C, in amounts sufficient to meet the financial obligations pertaining to the agreement.

331.394 County of residence — services to residents — service authorization appeals — disputes between counties or regions.
1. For the purposes of this section, unless the context otherwise requires:
a. “County of residence” means the county in this state in which, at the time a person applies for or receives services, the person is living and has established an ongoing presence with the declared, good faith intention of living in the county for a permanent or indefinite period of time. The county of residence of a person who is a homeless person is the county where the homeless person usually sleeps. A person maintains residency in the county or state in which the person last resided while the person is present in another county or this state receiving services in a hospital, a correctional facility, a halfway house for community-based corrections or substance-related treatment, a nursing facility, an intermediate care facility for persons with an intellectual disability, or a residential care facility, or for the purpose of attending a college or university.
b. “Homeless person” means the same as defined in section 48A.2.
c. “Mental health professional” means the same as defined in section 228.1.
"Person" means a person who is a United States citizen or a qualified alien as defined in 8 U.S.C. §1641.

2. If a person appeals a decision regarding a service authorization or other services-related decision made by a regional administrator that cannot be resolved informally, the appeal shall be heard in a contested case proceeding by a state administrative law judge. The administrative law judge’s decision shall be considered final agency action under chapter 17A.

3. If a service authorization or other services-related decision made by a regional administrator concerning a person varies from the type and amount of service identified to be necessary for the person in a clinical determination made by a mental health professional and the mental health professional believes that failure to provide the type and amount of service identified could cause an immediate danger to the person’s health or safety, the person may request an expedited review of the regional administrator’s decision to be made by the department of human services. An expedited review held in accordance with this subsection is subject to the following procedures:

a. The request for the expedited review shall be filed within five business days of receiving the notice of decision by the regional administrator. The request must be in writing, plainly state the request for an expedited review in the caption and body of the request, and be supported by written documentation from the mental health professional who made the clinical determination stating how the notice of decision on services could cause an immediate danger to the person’s health or safety.

b. The expedited review shall be performed by a mental health professional, who is either the administrator of the division of mental health and disability services of the department of human services or the administrator’s designee. If the administrator is not a mental health professional, the expedited review shall be performed by a designee of the administrator who is a mental health professional and is free of any conflict of interest to perform the expedited review. The expedited review shall be performed within two business days of the time the request is filed. If the reviewer determines the information submitted in connection with the request is inadequate to perform the review, the reviewer shall request the submission of additional information and the review shall be performed within two business days of the time that adequate information is submitted. The regional administrator and the person, with the assistance of the mental health professional who made the clinical determination, shall each provide a brief statement of facts, conclusions, and reasons for the decision made. Supporting clinical information shall also be attached. All information related to the proceedings and any related filings shall be considered to be mental health information subject to chapter 228.

c. The administrator or designee shall issue an order, including a brief statement of findings of fact, conclusions of law, and policy reasons for the order, to justify the decision made concerning the expedited review. If the decision concurs with the contention that there is an immediate danger to the person’s health or safety, the order shall identify the type and amount of service which shall be provided for the person. The administrator or designee shall give such notice as is practicable to persons who are required to comply with the order. The order is effective when issued.

d. The decision of the administrator or designee shall be considered a final agency action and is subject to judicial review in accordance with section 17A.19. The record for judicial review consists of any documents regarding the matter that were considered or prepared by the administrator or designee. The administrator or designee shall maintain these documents as the official record of the decision. If the matter is appealed to the district court, the record shall be filed as confidential.

4. If a county of residence is part of a mental health and disability services region that has agreed to pool funding and liability for services, the responsibilities of the county under law regarding such services shall be performed on behalf of the county by the regional administrator. The county of residence or the county’s mental health and disability services region, as applicable, is responsible for paying the public costs of the mental health and disability services that are not covered by the medical assistance program under chapter 249A and are provided in accordance with the region’s approved service management plan to persons who are residents of the county or region.
5. a. The dispute resolution process implemented in accordance with this subsection applies to residency disputes. The dispute resolution process is not applicable to disputes involving persons committed to a state facility pursuant to chapter 812 or rule of criminal procedure 2.22, Iowa court rules, or to disputes involving service authorization decisions made by a region.

b. If a county or region, as applicable, receives a billing for services provided to a resident in another county or region, or objects to a residency determination certified by another county’s or region’s regional administrator and asserts either that the person has residency in another county or region or the person is not a resident of this state, the person’s residency status shall be determined as provided in this subsection. If the county or region asserts that the person has residency in another county or region, the county or region shall notify the other county or region within one hundred twenty days of receiving the billing for services.

c. The county or region that received the notification, as applicable, shall respond to the party that provided the notification within forty-five days of receiving the notification. If the parties cannot agree to a settlement as to the person’s residency status within ninety days of the date of notification, on motion of any of the parties, the matter shall be referred to the department of inspections and appeals for a contested case hearing under chapter 17A before an administrative law judge assigned in accordance with section 10A.801 to determine the person’s residency status.

d. (1) The administrative law judge’s determination of the person’s residency status shall be considered final agency action, notwithstanding contrary provisions of section 17A.15. The party that does not prevail in the determination or subsequent judicial review is liable for costs associated with the proceeding, including reimbursement of the department of inspections and appeals’ actual costs associated with the administrative proceeding. Judicial review of the determination may be sought in accordance with section 17A.19.

(2) If following the determination of a person’s residency status in accordance with this subsection, additional evidence becomes available that merits a change in that determination, the parties affected may change the determination by mutual agreement. Otherwise, a party may move that the matter be reconsidered by the county or region, or by the administrative law judge.

e. (1) Unless a petition is filed for judicial review, the administrative law judge’s determination of the person’s residency status shall result in one of the following:

(a) If a county or region is determined to be the person’s residence, the county or region shall pay the amounts due and shall reimburse any other amounts paid for services provided by the other county or region on the person’s behalf prior to the determination.

(b) If it is determined that the person is not a resident of this state neither the region in which the services were provided nor the state shall be liable for payment of amounts due for services provided to the person prior to the determination.

(2) The payment or reimbursement shall be remitted within forty-five days of the date the determination was issued. After the forty-five-day period, a penalty of not greater than one percent per month may be added to the amount due.

6. a. The dispute resolution process implemented in accordance with this subsection applies beginning July 1, 2012, to billing disputes between the state and a county or region, other than residency disputes or other dispute processes under this section, involving the responsibility for service costs for services provided on or after July 1, 2011, under any of the following:

(2) Chapter 222.

(3) Chapter 229.

(4) Chapter 230.

(5) Chapter 249A.

b. If a county, region, or the department, as applicable, disputes a billing for service costs listed in paragraph “a”, the dispute shall be resolved as provided in this subsection. The county or region shall notify the department of the county’s or region’s assertion within ninety days of receiving the billing. However, for services provided on or after July 1, 2011, for which
a county has received the billing as of July 1, 2012, the county shall notify the department of the county’s assertion on or before October 1, 2012. If the department disputes such a billing of a regional administrator, the department shall notify the affected counties or regions of the department’s assertion.

   c. The department, county, or region that received the notification, as applicable, shall respond to the party that provided the notification within forty-five days of receiving the notification. If the parties cannot agree to a settlement as to the dispute within ninety days of the date of notification, on motion of any of the parties, the matter shall be referred to the department of inspections and appeals for a contested case hearing under chapter 17A before an administrative law judge assigned in accordance with section 10A.801 to determine facts and issue a decision to resolve the dispute.

   d. (1) The administrative law judge’s decision is a final agency action, notwithstanding contrary provisions of section 17A.15. The party that does not prevail in the decision or subsequent judicial review is liable for costs associated with the proceeding, including reimbursement of the department of inspections and appeals’ actual costs associated with the administrative proceeding. Judicial review of the decision may be sought in accordance with section 17A.19.

   (2) If following the decision regarding a dispute in accordance with this subsection, additional evidence becomes available that merits a change in that decision, the parties affected may change the decision by mutual agreement. Otherwise, a party may move that the matter be reconsidered by the department, county, or region, or by the administrative law judge.

   e. (1) Unless a petition is filed for judicial review, the administrative law judge’s decision regarding a disputed billing shall result in one of the following:

   (a) If a county or region is determined to be responsible for the disputed amounts, the county or region shall pay the amounts due and shall reimburse any other amounts paid for services provided by the other county or region or the department on the person’s behalf prior to the decision.

   (2) The payment or reimbursement shall be remitted within forty-five days of the date the decision was issued. After the forty-five-day period, a penalty of not greater than one percent per month may be added to the amount due.

revenues and all estimated and actual expenditures of the revenues, proceeds from debt and

2. Not less than twenty days before the date that a budget must be certified under section
24.17 and not less than ten days before the date set for the hearing under subsection 3 of this
section, the board shall file the budget with the auditor. The auditor shall make available a
sufficient number of copies of the budget to meet the requests of taxpayers and organizations
and have them available for distribution at the courthouse or other places designated by the
board.
3. Following, and not until, adoption of the resolution under section 331.433A, the board
shall set a time and place for a public hearing on the budget before the final certification
date and shall publish notice of the hearing not less than ten nor more than twenty days
prior to the hearing in the county newspapers selected under chapter 349. A summary of the
proposed budget and a description of the procedure for protesting the county budget under
section 331.436, in the form prescribed by the director of the department of management,
shall be included in the notice. Proof of publication of the notice under this subsection 3 and

the auditor. A levy is not valid unless and until the notice is published and the notice and
resolution adopted under section 331.433A are filed. The department of management shall
prescribe the form for the public hearing notice for use by counties.
4. At the hearing, a resident or taxpayer of the county may present to the board objections
to or arguments in favor of any part of the budget.

than that adopted shall not be levied or collected. A county budget and certificate of taxes
adopted for the following fiscal year becomes effective on the first day of that year.

such increase for inclusion in the budget.
6. The board shall appropriate, by resolution, the amounts deemed necessary for each of the different county officers and departments during the ensuing fiscal year. Increases or decreases in these appropriations do not require a budget amendment, but may be provided by resolution at a regular meeting of the board, as long as each class of proposed expenditures contained in the budget summary published under subsection 3 of this section is not increased. However, decreases in appropriations for a county officer or department of more than ten percent or five thousand dollars, whichever is greater, shall not be effective unless the board sets a time and place for a public hearing on the proposed decrease and publishes notice of the hearing not less than ten nor more than twenty days prior to the hearing in the county newspapers selected under chapter 349.

7. Taxes levied by a county whose budget is certified after March 31 shall be limited to the prior year’s budget amount. However, this penalty may be waived by the director of the department of management if the county demonstrates that the March 31 deadline was missed because of circumstances beyond the control of the county.

Each subparagraph of section 331.441, subsection 2, paragraphs “b” and “c”, describes a separate category. Separate categories of essential county purposes and of general county purposes may be incorporated in a single notice of intention to institute proceedings for the issuance of bonds, or separate categories may be incorporated in separate notices, and after an opportunity has been provided for filing objections, or after a favorable election has been held, if required, the board may include in a single resolution and sell as a single issue of bonds, any number or combination of essential county purposes or general county purposes. If an essential county purpose is combined with a general county purpose in a single notice of intention to institute proceedings to issue bonds, then the entire issue is subject to the election requirement in section 331.442.

331.447 Taxes to pay bonds.

1. Taxes for the payment of general obligation bonds shall be levied in accordance with chapter 76, and the bonds are payable from the levy of unlimited ad valorem taxes on all the taxable property within the county through its debt service fund required by section 331.430 except that:
   a. The amount estimated and certified to apply on principal and interest for any one year shall not exceed the maximum rate of tax, if any, provided by this subchapter for the purpose for which the bonds were issued. If general obligation bonds are issued for

different categories, as provided in section 331.445, the maximum rate of levies, if any, for each purpose shall apply separately to that portion of the bond issue for that category and the resolution authorizing the bond issue shall clearly set forth the annual debt service requirements with respect to each purpose in sufficient detail to indicate compliance with the rate of tax levy, if any.

b. The amount estimated and certified to apply on principal and interest for any one year may only exceed the statutory rate of levy limit, if any, by the amount that the registered voters of the county have approved at a special election, which may be held at the same time as the general election and may be included in the proposition authorizing the issuance of bonds, if an election on the proposition is necessary, or may be submitted as a separate proposition at the same election or at a different election. Notice of the election shall be given as specified in section 331.305.

(1) If the proposition includes issuing bonds and increasing the levy limit, it shall be in substantially the following form:

    Shall the county of ......................, state of Iowa, be authorized to ...................... (here state purpose of project) and issue its general obligation bonds in an amount not exceeding the amount of $................ for that purpose, and be authorized to levy annually a tax not exceeding ................ dollars and ............... cents per thousand dollars of the assessed value of the taxable property within the county to pay the principal and interest on the bonds?

(2) If the proposition includes only increasing the levy limit it shall be in substantially the following form:

    Shall the county of ......................, state of Iowa, be authorized to levy annually a tax not exceeding ................ dollars and ............... cents per thousand dollars of the assessed value of the taxable property within the county to pay principal and interest on the bonded indebtedness of the county for the purpose of ......................?

2. A statutory or voted tax levy limitation does not limit the source of payment of bonds and interest, but only restricts the amount of bonds which may be issued.

3. For the sole purpose of computing the amount of bonds which may be issued as the result of the application of a statutory or voted tax levy limitation, all interest on the bonds in excess of that accruing in the first twelve months may be excluded from the first annual levy of taxes, so that the need for including more than one year’s interest on the first annual levy of taxes to pay the bonds and interest does not operate to further restrict the amount of bonds which may be issued, and in certifying the annual levies, the first annual levy of taxes shall be sufficient to pay all principal of and interest on the bonds becoming due prior to the next succeeding annual levy and the full amount of the annual levy shall be entered for collection as provided in chapter 76.

331.462 County enterprises — combined county enterprises.

1. A county which proposes to establish, own, acquire by purchase, condemnation, or otherwise, lease, sell, construct, reconstruct, extend, remodel, improve, repair, equip, maintain and operate within or without its corporate limits a county enterprise or combined county enterprise financed by revenue bonds shall do so in accordance with this part.

2. If a combined county enterprise is dissolved, each county enterprise which was a part of the combined county enterprise shall continue in existence as a separate county enterprise until it is abandoned by the board.

3. A combined county enterprise may be established, but if there are obligations outstanding which by their terms are payable from the revenues of any county enterprise involved, the obligations shall be assumed by the board subject to all terms established at the time of the original issue, or refunded through the issuance of revenue bonds of the
combined county enterprise as a part of the procedure for the establishment of the combined county enterprise, or funds sufficient to pay the principal of and all interest and premium, if any, on the outstanding obligations at and prior to maturity shall be set aside and pledged for that purpose. Revenues earmarked for payment of the obligations shall be handled by the board in the same manner as they were handled for the county enterprise involved. A county enterprise shall not be abandoned and a combined county enterprise shall not be dissolved so long as there are obligations outstanding which by their terms are payable from the revenues of the county enterprise or combined county enterprise unless funds sufficient to pay the principal of and all interest and premium, if any, on the outstanding obligations at and prior to maturity have been set aside and pledged for that purpose.

331.463 Procedure for financing.
1. a. The board may carry out projects, borrow money, and issue revenue bonds and pledge orders to pay all or part of the cost of projects, the revenue bonds and pledge orders to be payable solely out of the net revenues of the county enterprise or combined county enterprise involved in the project. The cost of a project includes the construction contracts, interest upon the revenue bonds and pledge orders during the period or estimated period of construction and for twelve months thereafter, or for twelve months after the acquisition date, reserve funds as the board deems advisable in connection with the project and the issuance of revenue bonds and pledge orders, and the costs of engineering, architectural, technical and legal services, preliminary reports, surveys, property valuations, estimates, plans, specifications, notices, acquisition of real and personal property, consequential damages or costs, easements, rights-of-way, supervision, inspection, testing, publications, printing and sale of bonds and provisions for contingencies. The board may sell revenue bonds or pledge orders at public or private sale in the manner prescribed by chapter 75 and may deliver revenue bonds and pledge orders to the contractors, sellers, and other persons furnishing materials and services constituting a part of the cost of the project in payment therefor.

b. The board may deliver its revenue bonds to the federal government or any agency thereof which has loaned the county money for sanitary or solid waste projects, water projects, or other projects, for which the government has a loan program.

2. The board may issue revenue bonds to refund revenue bonds, pledge orders, and other obligations which are by their terms payable from the net revenues of the same county enterprise or combined county enterprise, or from a county enterprise comprising a part of the combined county enterprise, at lower, the same, or higher rates of interest. A county may sell refunding revenue bonds at public or private sale in the manner prescribed by chapter 75 and apply the proceeds to the payment of the obligations being refunded, and may exchange refunding revenue bonds in payment and discharge of the obligations being refunded. The principal amount of refunding revenue bonds may exceed the principal amount of the obligations being refunded to the extent necessary to pay any premium due on the call of the obligations being refunded and to fund interest accrued and to accrue on the obligations being refunded.

3. The board may contract to pay not to exceed ninety-five percent of the engineer’s estimated value of the acceptable work completed during the month to the contractor at the end of each month for work, material, or services. Payment may be made in warrants drawn on any fund from which payment for the work may be made. If such funds are depleted, anticipatory warrants may be issued bearing a rate of interest not exceeding that permitted by chapter 74A even if a collection of taxes or special assessments or income from the sale of bonds which have been authorized and are applicable to the public improvement takes place after the fiscal year in which the warrants are issued. If the board arranges for the private sale of anticipatory warrants, they may be sold and the proceeds used to pay the contractor.
The warrants may also be used to pay other persons furnishing services constituting a part of the cost of the public improvement.

§331.464 Revenue bonds.
1. The board may issue revenue bonds pursuant to a resolution adopted at a regular or special meeting by a majority of the total number of members of the board.
2. Before the board institutes proceedings for the issuance of revenue bonds, it shall fix a time and place of meeting at which it proposes to take action, and give notice by publication in the manner directed in section 331.305. The notice must include a statement of the time and place of the meeting, the maximum amount of the proposed revenue bonds, the purpose for which the revenue bonds will be issued, and the county enterprise or combined county enterprise whose net revenues will be used to pay the revenue bonds and interest thereon. At the meeting the board shall receive oral or written objections from any resident or property owner of the county. After all objections have been received and considered, the board, at the meeting or a date to which it is adjourned, may take additional action for the issuance of the bonds or abandon the proposal to issue bonds. Any resident or property owner of the county may appeal a decision of the board to take additional action to the district court of the county within fifteen days after the additional action is taken, but the additional action of the board is final and conclusive unless the court finds that the board exceeded its authority. The provisions of this subsection with respect to notice, hearing, and appeal are in lieu of those contained in any other law.
3. Revenue bonds may bear dates, bear interest at rates not exceeding those permitted by chapter 74A, mature in one or more installments, be in either coupon or registered form, carry registration and conversion privileges, be payable as to principal and interest at times and places, be subject to terms of redemption prior to maturity with or without premium, and be in one or more denominations, all as provided by the resolution of the board authorizing their issuance. The resolution may also prescribe additional provisions, terms, conditions, and covenants which the board deems advisable, consistent with this part, including provisions for creating and maintaining reserve funds, the issuance of additional revenue bonds ranking on a parity with such revenue bonds and additional revenue bonds junior and subordinate to such revenue bonds, and that such revenue bonds shall rank on a parity with or be junior and subordinate to any revenue bonds which may be then outstanding. Revenue bonds are a contract between the county and holders and the resolution is a part of the contract.
4. Revenue bonds shall be executed by the chairperson of the board and the auditor. If coupons are attached to the revenue bonds, they shall be executed with the original or facsimile signature of the auditor. A revenue bond is valid and binding for all purposes if it bears the signatures of the officers in office on the date of the execution of the bonds notwithstanding that any or all persons whose signatures appear have ceased to be such officers prior to the delivery of the bonds. The issuance of revenue bonds shall be recorded in the office of the treasurer, and a certificate of the recording by the treasurer shall be printed on the back of each revenue bond.
5. Revenue bonds, pledge orders and warrants issued under this part are negotiable instruments.
6. The board may issue pledge orders pursuant to a resolution adopted by a majority of the total number of supervisors, at a regular or special meeting, ordering their issuance and delivery in payment for all or part of the cost of a project. Pledge orders may bear interest at rates not exceeding those permitted by chapter 74A.
7. The physical properties of a county enterprise or combined county enterprise shall not be pledged or mortgaged to secure the payment of revenue bonds or pledge orders or the interest thereon.

Refer to in §28M.3, 331.301, 331.402, 358.25
331.465 Rates for proprietary functions.
1. The board may establish, impose, adjust, and provide for the collection of rates to produce gross revenues at least sufficient to pay the expenses of operation and maintenance of the county enterprise or combined county enterprise and, if revenue bonds or pledge orders are issued and outstanding under this part, shall establish, impose, adjust, and provide for the collection of rates to produce gross revenues at least sufficient to pay the expenses of operation and maintenance of the county enterprise or combined county enterprise, and to leave a balance of net revenues sufficient at all times to pay the principal of and interest on the revenue bonds and pledge orders as they become due and to maintain a reasonable reserve for the payment of the principal and interest, and a sufficient portion of net revenues shall be pledged for that purpose. Rates shall be established by ordinance. Rates or charges for the services of a county enterprise defined in section 331.461, subsection 2, paragraph “b”, if not paid as provided by ordinance, constitute a lien upon the premises served and may be certified to the county treasurer and collected in the same manner as taxes. The treasurer may charge five dollars for each lien certified as an administrative expense, which amount shall be added to the amount of the lien to be collected at the time of payment of the assessment from the payor and credited to the county general fund.
2. The board may:
a. By ordinance establish, impose, adjust and provide for the collection of charges for connection to a county enterprise or combined county enterprise.
b. Contract for the use of or services provided by a county enterprise or combined county enterprise with persons whose type or quantity of use or service is unusual.
c. Lease for a period not to exceed fifteen years all or part of a county enterprise or combined county enterprise, if the lease will not reduce the net revenues to be produced by the county enterprise or combined county enterprise.
d. Contract for a period not to exceed forty years with other governmental bodies for the use of or the services provided by the county enterprise or combined county enterprise on a wholesale basis.
e. Contract for a period not to exceed forty years with persons including but not limited to other governmental bodies for the purchase or sale of water.

1. The pledge of any net revenues of a county enterprise or combined county enterprise is valid and effective as to all persons including but not limited to other governmental bodies when it becomes valid and effective between the county and the holders of the revenue bonds or pledge orders.
2. Revenue bonds and pledge orders are payable both to principal and interest solely out of the portion of the net revenues of the county enterprise or combined county enterprise pledged to their payment and are not a debt of or charge against the county within the meaning of any constitutional or statutory debt limitation provision.
3. The sole remedy for a breach or default of a term of a revenue bond or pledge order is a proceeding in law or in equity by suit, action, or mandamus to enforce and compel performance of the duties required by this part and of the terms of the resolution authorizing the issuance of the revenue bonds or pledge orders, or to obtain the appointment of a receiver to take possession of and operate the county enterprise or combined county enterprise, and to perform the duties required by this part and the terms of the resolution authorizing the issuance of the revenue bonds or pledge orders.

1. If a county enterprise or combined county enterprise has on hand surplus funds, after making all deposits into all funds required by the terms, covenants, conditions, and provisions of outstanding revenue bonds, pledge orders, and other obligations which are payable from the revenues of the county enterprise or combined county enterprise and after complying with all of the requirements, terms, covenants, conditions and provisions of the proceedings and resolutions pursuant to which revenue bonds, pledge orders, and other obligations are issued, the board may transfer the surplus funds to any other fund of the county in accordance with applicable law, provided that a transfer shall not be made if it conflicts with any of the requirements, terms, covenants, conditions, or provisions of any resolution authorizing the issuance of revenue bonds, pledge orders, or other obligations which are payable from the revenues of the county enterprise or combined county enterprise which are then outstanding.
2. This part does not prohibit or prevent the board from using funds derived from the issuance of general obligation bonds, the levy of special assessments and the issuance of special assessment bonds, and any other source which may be properly used for such purpose, to pay a part of the cost of a project.
3. The county shall pay for the use of or the services provided by the county enterprise or combined county enterprise as any other customer, except that the county may pay for use or service at a reduced rate or receive free use or service so long as the county complies with the provisions, terms, conditions and covenants of all resolutions pursuant to which revenue bonds or pledge orders are issued and outstanding.

4. The county medical examiner shall conduct the investigation in the manner required by the state medical examiner and shall determine whether the public interest requires an autopsy or other special investigation. However, if the death occurred in the manner specified in subsection 3, paragraph “j”, the county medical examiner shall order an autopsy, claims for the payment of which shall be filed with the state appeal board and, if authorized by the board, shall be paid out of moneys in the general fund of the state not otherwise appropriated. The person preparing a report or record given in evidence may be subpoenaed as a witness in any civil or criminal case by any party to the cause. A copy of a record, photograph, laboratory finding, or record in the office of the state medical examiner or any medical examiner, when attested to by the state medical examiner or a staff member or the medical examiner in whose office the record, photograph, or finding is filed, shall be received as evidence in any court or other proceedings for any purpose for which the original could be received without proof of the official character of the person whose name is signed to it.

335.25 Zoning for family homes.
1. It is the intent of this section to assist in improving the quality of life of persons with a developmental disability or brain injury by integrating them into the mainstream of society by making available to them community residential opportunities in the residential areas of this state. In order to implement this intent, this section shall be liberally construed.
2. a. “Brain injury” means brain injury as defined in section 135.22.
b. “Developmental disability” means a disability of a person which has continued or can be expected to continue indefinitely and which is one of the following:
   1. Attributable to an intellectual disability, cerebral palsy, epilepsy, or autism.
   2. Attributable to any other condition found to be closely related to an intellectual disability because the condition results in impairment of general intellectual functioning or adaptive behavior similar to that of persons with an intellectual disability or requires treatment and services similar to those required for the persons.
   3. Attributable to dyslexia resulting from a disability described in either subparagraph (1) or (2).
   4. Attributable to a mental or nervous disorder.
c. “Family home” means a community-based residential home which is licensed as a residential care facility under chapter 135C or as a child foster care facility under chapter 237 to provide room and board, personal care, habilitation services, and supervision in a family environment exclusively for not more than eight persons with a developmental disability or brain injury and any necessary support personnel. However, family home does not mean an individual foster family home licensed under chapter 237.
d. “Permitted use” means a use by right which is authorized in all residential zoning districts.
e. “Residential” means regularly used by its occupants as a permanent place of abode, which is made one’s home as opposed to one’s place of business and which has housekeeping and cooking facilities for its occupants only.
3. Notwithstanding the optional provision in section 335.1 and any other provision of this chapter to the contrary, a county, county board of supervisors, or a county zoning commission shall consider a family home a residential use of property for the purposes of
zoning and shall treat a family home as a permitted use in all residential zones or districts, including all single-family residential zones or districts, of the county. A county, county board of supervisors, or a county zoning commission shall not require that a family home, its owner, or operator obtain a conditional use permit, special use permit, special exception, or variance. However, new family homes owned or operated by public or private agencies shall be dispersed through the residential zones and districts and shall not be located within contiguous areas equivalent in size to city block areas. Section 135C.23, subsection 2, shall apply to all residents of a family home.

4. A restriction, reservation, condition, exception, or covenant in a subdivision plan, deed, or other instrument of or pertaining to the transfer, sale, lease, or use of property in a county which permits residential use of property but prohibits the use of property as a family home for persons with a developmental disability or brain injury, to the extent of the prohibition, is void as against the public policy of this state and shall not be given legal or equitable effect.

NEW section

335.29 Reserved.

335.30 Manufactured and modular homes.

1. A county shall not adopt or enforce zoning regulations or other ordinances which
disallow the plans and specifications of a proposed residential structure solely because the proposed structure is a manufactured home. However, a zoning ordinance or regulation shall require that a manufactured home be located and installed according to the same standards, including but not limited to, a permanent foundation system, set-back, and minimum square footage which would apply to a site-built, single family dwelling on the same lot, and shall require that the home is assessed and taxed as a site-built dwelling. A zoning ordinance or other regulation shall not require a perimeter foundation system for a manufactured home which is incompatible with the structural design of the manufactured home structure. A county shall not require more than one permanent foundation system for a manufactured home. For purposes of this section, a permanent foundation may be a pier footing foundation system designed and constructed to be compatible with the structure and the conditions of the site. When units are located outside a manufactured home community or mobile home park, requirements may be imposed which ensure visual compatibility of the permanent foundation system with surrounding residential structures. As used in this section, “manufactured home” means a factory-built structure, which is manufactured or constructed under the authority of 42 U.S.C. §5403 and is to be used as a place for human habitation, but which is not constructed or equipped with a permanent hitch or other device allowing it to be moved other than for the purpose of moving to a permanent site, and which does not have permanently attached to its body or frame any wheels or axles. This section shall not be construed as abrogating a recorded restrictive covenant.

2. A county shall not adopt or enforce construction, building, or design ordinances, regulations, requirements, or restrictions which would mandate width standards greater than twenty-four feet, roof pitch, or other design standards for manufactured housing if the housing otherwise complies with 42 U.S.C. §5403. A county shall not adopt or enforce zoning or subdivision regulations or other ordinances which mandate width standards for a single modular or manufactured home which is sited upon land otherwise zoned as agricultural land. However, this subsection shall not prohibit a county from adopting and enforcing zoning regulations related to transportation, water, sewerage, or other land development.

335.30A Land-leased communities.

1. A county shall not adopt or enforce zoning or subdivision regulations or other ordinances which disallow or make infeasible the plans and specifications of land-leased communities because the housing within the land-leased community will be manufactured housing.

2. “Land-leased community” means any site, lot, field, or tract of land under common ownership upon which ten or more occupied manufactured homes are harbored, either free of charge or for revenue purposes, and shall include any building, structure, or enclosure used or intended for use as part of the equipment of the land-leased community. The term “land-leased community” shall not be construed to include homes, buildings, or other structures temporarily maintained by any individual, educational institution, or company on their own premises and used exclusively to house their own labor or students. A manufactured home located in a land-leased community shall be taxed under section 435.22 as if the manufactured home were located in a mobile home park.

335.31 Elder family homes. Repealed by 2004 Acts, ch 1101, §95.
335.32 Homes for persons with disabilities.
A county board of supervisors or county zoning commission shall consider a home for persons with disabilities a family home, as defined in section 335.25, for the purposes of zoning, in accordance with chapter 504C.
93 Acts, ch 90, §3; 94 Acts, ch 1023, §108; 2010 Acts, ch 1079, §14

335.33 Elder group homes.
A county board of supervisors or county zoning commission shall consider an elder group home a family home, as defined in section 335.25, for purposes of zoning, in accordance with section 231B.4, and may establish limitations regarding the proximity of one proposed elder group home to another.
93 Acts, ch 72, §7; 2005 Acts, ch 62, §22
Similar provision, see §414.31

335.34 Home and community-based services waiver recipient residence.
1. A county, county board of supervisors, or county zoning commission shall consider the residence of the recipient of services under a home and community-based services waiver as a residential use of property for the purposes of zoning and shall treat the use of the residence as a permitted use in all residential zones or districts, including all single-family residential zones or districts, of the county.
2. A county, county board of supervisors, or county zoning commission shall not require that the recipient, or the owner of such a residence if other than the recipient, obtain a conditional use permit, special use permit, special exception, or variance. A county, county board of supervisors, or county zoning commission shall not establish limitations regarding the proximity of one such residence to another.
3. This section applies to the residence of a recipient of services under a home and community-based services waiver if the residence meets any of the following conditions:
   a. The residence is a single-family dwelling owned or rented by the recipient.
   b. The residence is a multifamily dwelling which does not hold itself out to the public as a community-based residential provider otherwise regulated by law, including but not limited to a residential care facility, and which provides dwelling units to no more than four recipients of services under a home and community-based services waiver at any one time.
4. For the purposes of this section, “home and community-based services waiver” means “waiver” as defined in section 249A.29.

§346.27 “Authority” for control of joint property.

1. Any joint building acquired, owned, erected, constructed, controlled, or occupied in accordance with the authorization contained in this section is declared to be acquired, owned, erected, constructed, controlled, or occupied for a public purpose and as a matter of public need.

2. Any county may join with its county seat to incorporate an “Authority” for the purpose of acquiring, constructing, demolishing, improving, enlarging, equipping, furnishing, repairing, maintaining, and operating a public building, and to acquire and prepare the necessary site, including demolition of any structures, for the joint use of the county and city or any school district which is within or is a part of the county or city.

3. The incorporation of an authority shall be accomplished by the adoption of articles of incorporation by the governing body of each incorporating unit. For adoption, the affirmative vote of a majority of the members of each governing body is required. The articles of incorporation shall be executed for and on behalf of each incorporating unit by the following officers:
   a. For the county, by the chairperson of the board of supervisors.
   b. For the city, by its mayor and city clerk.

4. The articles of incorporation shall set forth the name of the authority, the name of the incorporating units, the purpose for which the authority is created, the number, terms, and manner of selection of its officers including its governing body which shall be known as the “commission”, the powers and duties of the authority and its officers, the date upon which the authority becomes effective, the name of the newspaper in which the articles of incorporation shall be published, and any other matters.

5. The authority shall be directed and governed by a board of commissioners of three members, one to be elected by the board of supervisors of the county from the area outside of the county seat, one to be elected by the council of the city from the area inside the city, and one to be elected by the joint action of the board of supervisors of the county and the council of the city, and if the governing bodies are unable to agree upon a choice for the third member within sixty days of the election of the first member, then the third member shall be appointed by the governor. The commissioners shall serve for six-year terms. Of the first appointees, the member appointed by the board of supervisors shall be for a term of two years, the member appointed by the city council shall be for a term of four years, and the member appointed by the joint action of the board and council shall be for a term of six years. The board of commissioners shall designate one of their number as chairperson, one as secretary, and one as treasurer, and shall adopt bylaws and rules of procedure and provide therein for regular meetings and for the proper safekeeping of its records. No commissioner shall receive any compensation in connection with services as commissioner. Each commissioner, however, shall be entitled to reimbursement for any necessary expenditures in connection with the performance of the commissioner’s duties.

6. The articles of incorporation shall be recorded in the office of the county recorder and filed with the secretary of state, and shall be published once in a newspaper designated in the articles of incorporation and having a general circulation within the county, and upon such recording and publication, the authority shall be deemed to come into existence.

7. Amendments may be made to the articles of incorporation if adopted by the governing body of each incorporating unit; provided that no amendment shall impair the obligation of any bond or other contract. Each amendment shall be adopted, executed, recorded and published in the same manner as specified for the original articles of incorporation.

8. Any incorporating unit may make donations of property, real or personal, including gratuitous lease, to the authority as deemed proper and appropriate in aiding the authority to effectuate its purposes.

9. The authority shall be a body corporate with power to sue and be sued in any court of this state, have a seal and alter the same at its pleasure, and make and execute contracts, leases, deeds, and other instruments necessary or convenient to the exercise of its powers. In addition, it shall have and exercise the following public and essential governmental powers...
and functions and all other powers incidental or necessary to carry out and effectuate its express powers:

a. To select, locate, and designate an area lying wholly within the territorial limits of the county seat of the county in which the authority is incorporated as the site to be acquired for the construction, alteration, enlargement, or improvement of a building. The site selected is subject to approval by a majority of the members of each governing body of the incorporating units.

b. To acquire in the corporate name of the authority the fee simple title to the real property located within the area by purchase, gift, devise, or by the exercise of the power of eminent domain consistent with the provisions of chapters 6A and 6B, or to take possession of real estate by lease.

c. To demolish, repair, alter, or improve any building within the designated area, to construct a new building within the area and to furnish, equip, maintain, and operate the building.

d. To construct, repair, and install streets, sidewalks, sewers, water pipes, and other similar facilities and otherwise improve the site.

e. To make provisions for off-street parking facilities.

f. To operate, maintain, manage, and enter into contracts for the operation, maintenance, and management of buildings, and to provide rules for the operation, maintenance and management.

g. To employ and fix the compensation of technical, professional, and clerical assistance as necessary and expedient to accomplish the objects and purposes of the authority.

h. To lease all or any part of a building to the incorporating units for a period of time not to exceed fifty years, upon rental terms agreed upon between the authority and the incorporating units. The rentals specified shall be subject to increase by agreement of the incorporating units and the authority if necessary in order to provide funds to meet obligations.

i. To proceed with the building of the county seat of the county at which the authority is incorporated; and to pay all incidental costs and expenses, including, but not limited to architectural, engineering, legal, and financing expense and to refund and refinance revenue bonds as often as deemed advantageous by the board of commissioners.

j. To procure insurance of any and all kinds in connection with the building. The bidding procedures provided in section 73A.18 shall be utilized in the procurement of insurance.

k. To accept donations, contributions, capital grants, or gifts from individuals, associations, municipal and private corporations, and the United States, or any agency or instrumentality thereof, and to enter into agreements in connection therewith.

l. To borrow money and to issue and sell revenue bonds in an amount and with maturity dates not in excess of fifty years from date of issue, to provide funds for the purpose of acquiring, constructing, demolishing, improving, enlarging, equipping, furnishing, repairing, maintaining, and operating buildings, and to acquire and prepare sites, convenient therefor, and to pay all incidental costs and expenses, including, but not limited to architectural, engineering, legal, and financing expense and to refund and refinance revenue bonds as often as deemed advantageous by the board of commissioners.

1. The provisions of chapter 73A applicable to other municipalities are applicable to an authority.

10. a. After the incorporation of an authority, and before the sale of any issue of revenue bonds, except refunding bonds, the authority shall submit to the voters the question of whether the authority shall issue and sell revenue bonds. The ballot shall state the amount of the bonds and the purposes for which the authority is incorporated. All registered voters of the county shall be entitled to vote on the question. The question may be submitted at an election held on a date specified in section 39.2, subsection 4, paragraph “a” or “b”, as applicable. An affirmative vote of a majority of the votes cast on the question is required to authorize the issuance and sale of revenue bonds.

b. In addition to the notice required by section 49.53, a notice of the election shall be published once each week for at least two weeks in some newspaper published in the county stating the date of the election, the hours the polls will be open, and a copy of the question. The authority shall call this election with the concurrence of both incorporating units. The election shall be conducted by the commissioner in accordance with the provisions of chapters 49 and 50.

11. When the board of commissioners decides to issue bonds subject to the election
requirement, it shall adopt a resolution describing the area to be acquired, the nature of
the existing improvements, the disposition to be made of the improvements, and a general
description of any new buildings to be constructed.

12. The resolution shall set out the limit of the cost of the project, including the cost of
acquiring and preparing the site, determine the period of usefulness and fix the amount
of revenue bonds to be issued, the date or dates of maturity, the dates on which interest is
payable, the sinking fund provisions, and all other details in connection with the bonds.
The board shall determine and fix the rate of interest of any revenue bonds issued, in a
resolution adopted by the board prior to the issuance. The resolution, trust agreement, or
other contract entered into with the bondholders may contain covenants and restrictions
concerning the issuance of additional revenue bonds as necessary or advisable for the
assurance of the payment of the bonds authorized.

13. Bonds shall be issued in the name of the authority and are declared to have all the
qualities and incidents of negotiable instruments under the laws of this state.

14. Bonds issued under this section may be issued as serial or term bonds, shall be of such
denomination or denominations and form, including interest coupons to be attached, shall be
payable at such place or places and bear such date as the board of commissioners fix by the
resolution authorizing the bonds, shall mature within a period not to exceed fifty years, and
may be redeemable prior to maturity with or without premium, at the option of the board of
commissioners, upon terms and conditions the board shall fix by the resolution authorizing
the issuance of bonds. The board of commissioners may provide for the registration of bonds
in the name of the owner as to the principal alone or as to both principal and interest upon
terms and conditions the board determines. All bonds issued by an authority shall be sold
at a price so that the interest cost to the commission of the proceeds of the bonds shall not
exceed that permitted by chapter 74A, payable semiannually, computed to maturity, and shall
be sold in the manner and at the time the board of commissioners determines.

15. Bonds issued by an authority, and the interest thereon, shall be payable solely from
the revenues derived from the operation, management, or use of the buildings acquired or
to be acquired by the authority, which revenues shall include payments received under any
leases or other contracts for the use of the buildings. Bonds shall recite that the principal and
interest thereon are payable only from the revenues pledged, and shall state on their face that
they are not an indebtedness of the authority or a claim against the property of the authority.

16. Bonds shall be executed in the name of the commission by the chairperson of the
board of commissioners or by another officer of the commission as the board, by resolution,
may direct, and be attested by the secretary, or by another officer of the commission as the
board, by resolution, may direct, and shall be sealed with the commission's corporate seal.
In case any officer whose signature appears on the bonds or coupons shall cease to be such
officer before delivery of the bonds, the officer's signature shall be valid and sufficient for all
purposes, the same as if the officer had remained in office until delivery.

17. In its discretion, the authority may issue refunding bonds to refund its bonds prior to
their maturity, refund its outstanding matured bonds, refund matured coupons evidencing
interest upon its outstanding bonds, refund interest at the coupon rate that has accrued upon
its outstanding matured bonds, and refund its bonds which by their terms are subject to call
or redemption before maturity. All bonds redeemed or purchased shall be canceled.

18. To secure the payment of revenue bonds and for the purpose of setting forth the
covenants and undertakings of the authority in connection with the issuance of revenue
bonds and the issuance of any additional revenue bonds payable from such revenue income
to be derived from the operation, management, or use of the buildings acquired or to be
acquired by the authority, the authority may execute and deliver a trust agreement except
that no lien upon any physical property of the authority shall be created.

19. The resolution shall provide for the creation of a sinking fund account into which
shall be payable from the revenues of the project, from month to month as such revenues are
collected, the sums in excess of the cost of maintenance and operation of the project and the
cost of administration of the authority, sufficient to comply with the covenants of the bond
resolution and sufficient to pay the accruing interest and retire the bonds at maturity. The
board of commissioners, in a resolution, may provide for other accounts as necessary for the
sale of the bonds. Moneys in the accounts shall be applied in the manner provided by the resolution, the trust agreement, or other contract with the bondholders.

20. No such bonds shall constitute a debt of the authority or of any public body within the meaning of any statutory or constitutional limitation as to debt.

21. From and after the issuance of bonds the board of commissioners shall establish and fix rates, rentals, fees, and charges for the use of any and all buildings or space owned and operated by the authority, sufficient at all times to pay maintenance and operation costs and to pay the accruing interest and retire the bonds at maturity and to make all payments to all accounts created by any bond resolution and to comply with all covenants of any bond resolution.

22. When an incorporating unit enters into a lease with the authority, the governing body of the incorporating unit shall provide by ordinance or resolution for the levy and collection of a direct annual tax sufficient to pay the annual rent payable under the lease as and when it becomes due and payable. The tax shall be levied and collected in like manner with the other taxes of the incorporating unit and shall be in addition to all other taxes authorized to be levied by that incorporating unit. This tax shall not be included within and shall be in addition to any statutory limitation of rate or amount for that incorporating unit. The taxes realized from the tax levy shall be deposited into an account in the debt service fund of the incorporating unit for the payment of the annual rent and shall not be disbursed for any other purpose until the annual rental has been paid in full.

23. All leases, contracts, deeds of conveyance, bonds, or other instruments in writing on behalf of the authority, shall be executed in the name of the authority by the chairperson and secretary of the authority, or by other officers as the board of commissioners, by resolution, directs, and the seal of the authority shall be affixed.

24. All property owned by any authority shall be exempt from taxation by the state or any taxing unit of the state. However, any interest derived from bonds issued by the authority shall be subject to taxation.

25. a. When all bonds issued by an authority have been retired, the authority may convey the title to the property owned by the authority to the incorporating units in accordance with the provisions contained in the articles of incorporation. If articles of incorporation do not exist, the conveyance may be made in accordance with any agreement adopted by the respective governing bodies of the incorporating units and the authority.

b. The question of whether a conveyance shall be made shall be submitted to the registered voters of the county. An affirmative vote equal to at least a majority of the total votes cast on the question shall be required to authorize the conveyance. If the question does not carry, the authority shall continue to operate, maintain, and manage the building under a lease arrangement with the incorporating units.

26. Any incorporating unit may enter into a lease with an authority that the authority and the incorporating unit determine is necessary and convenient to effectuate their purposes and the purposes of this section. The power to enter into leases under this section is in addition to other powers granted to cities and counties to enter into leases and the provisions of chapter 75, section 364.4, subsection 4, and section 331.301, subsection 10, are not applicable to leases entered into under this section.

1. a. If a county hospital is established, the board of supervisors, at the time of levying ordinary taxes, shall levy a tax at the rate voted not to exceed fifty-four cents per thousand dollars of assessed value in any one year for the erection and equipment of the hospital, and also a tax not to exceed twenty-seven cents per thousand dollars of value for the improvement, maintenance, and replacements of the hospital, as certified by the board of hospital trustees. However, in counties having a population of two hundred twenty-five thousand or over, the levy for taxes payable in the fiscal year beginning July 1, 2001, and for subsequent fiscal years, for improvements and maintenance of the hospital shall not exceed two dollars and five cents per thousand dollars of assessed value in any one year.

b. The proceeds of the taxes constitute the county public hospital fund. The fund is subject to review by the board of supervisors in counties having a population of two hundred twenty-five thousand or over. However, the board of trustees of a county hospital, where funds are available in the county public hospital fund of the county which are unappropriated, may use the unappropriated funds for erecting and equipping hospital buildings and additions to the hospital buildings without authority from the voters of the county.

c. For the fiscal years beginning July 1, 2017, July 1, 2018, and July 1, 2019, if a county public hospital is located in a county having a population of two hundred twenty-five thousand or over and having a county budgeted amount for the fiscal year under section 331.424A, subsection 9, equal to the product of the regional per capita expenditure target amount multiplied by the county’s population, as those terms are defined in section 331.424A, the board of trustees shall appropriate for payment on July 1 of each such fiscal year from the county public hospital fund to the board of supervisors for deposit in the county services fund created pursuant to section 331.424A, two million eight hundred thousand dollars, and the county public hospital shall, in each such fiscal year, contract with the county in which the county public hospital is located to provide care and treatment to patients who are residents of the county and whose costs for such care and treatment would otherwise qualify for payment from the county services fund under section 331.424A, in an amount equal to three million five hundred thousand dollars.
2. A levy shall not be made for the improvement, maintenance, or replacements of the hospital until the hospital has been constructed, staffed, and receiving patients. If revenue bonds are issued and outstanding under section 331.461, subsection 2, paragraph “d”, the board may levy a tax to pay operating and maintenance expenses in lieu of the authority otherwise contained in this section not to exceed twenty-seven cents per thousand dollars of assessed value or not to exceed one dollar and twenty-one and one-half cents per thousand dollars of assessed value for improvements and maintenance of the hospital in counties having a population of two hundred twenty-five thousand or over.

3. In addition to levies otherwise authorized by this section, the board of hospital trustees may certify for levy a tax at the rate, not to exceed twenty-seven cents per thousand dollars of assessed value, necessary to raise the amount budgeted by the board of hospital trustees for support of ambulance service as authorized in section 347.14, subsection 8.

4. a. The tax levy authorized by this section for operation and maintenance of the hospital may be available in whole or in part to any county with or without a county hospital organized under this chapter, to be used to enhance rural health services in the county. However, the tax levied may be expended for enhancement of rural health care services only following a local planning process. The Iowa department of public health shall establish guidelines to be followed by counties in implementing the local planning process which shall require legal notice, public hearings, and a referendum in accordance with this subsection prior to the authorization of any new levy or a change in the use of a levy. The notice shall describe the new levy or the change in the use of the levy, indicate the date and location of the hearing, and shall be published at least once each week for two consecutive weeks in a newspaper having general circulation in the county. The hearing shall not take place prior to two weeks after the second publication.

b. Enhancement of rural health services for which the tax levy may be used includes but is not limited to emergency medical services, health care services shared with other hospitals, rural health clinics, and support for rural health care practitioners and public health services.

c. When alternative use of funds from the tax levy is proposed in a county with a county hospital organized under this chapter, use of the funds shall be agreed upon by the elected board of trustees of the county hospital. When alternative use of funds from the tax levy is proposed in a county without a county hospital organized under this chapter, use of the funds shall be agreed upon by the board of supervisors and any publicly elected hospital board of trustees within the county prior to submission of the question to the voters.

d. Moneys raised from a tax levied in accordance with this subsection for the purpose of enhancing rural health services in a county without a county hospital shall be designated and administered by the board of supervisors in a manner consistent with the purposes of the levy.

347.9 Trustees — appointment — terms of office.

1. When it has been determined by the voters of a county to establish a county public hospital, the board shall appoint five or seven trustees chosen from among the resident citizens of the county with reference to their fitness for office. The appointed trustees shall hold office until the following general election, at which time their successors shall be elected, three for a term of four years and the remainder for a term of two years, and they shall determine by lot their respective terms, and thereafter their successors shall be elected for regular terms of four years each.

2. Upon approval of a majority of the current board of trustees, the board may reduce
an existing seven-member board to a five-member board. The board shall establish how to
reduce the number of trustees on the board and shall provide for a staggered election cycle for
election to the five-member board, which election shall be for a term of four years. However,
the manner of reducing the number of trustees shall ensure that the current trustees on the
seven-member board may continue to hold office through the end of their respective terms.

3. Notwithstanding subsections 1 and 2, trustees in a county with a population of at least
four hundred thousand shall serve for a term of six years. A trustee elected to a term of four
years in or after January 2018 shall instead serve a term of six years.

      than one thousand five hundred dollars in a calendar year from the county public hospital.

2. The transactions of a hospital trustee or a hospital trustee’s spouse shall be limited as follows:
   a. A conflict of interest transaction is a transaction with the hospital in which a hospital
      trustee or a hospital trustee’s spouse has a direct interest of less than or equal to one thousand
      five hundred dollars or indirect interest in any amount. A conflict of interest transaction is
      not voidable on the basis of the conflict of interest if all of the following are true:
      (1) The material facts of the transaction and the interest of the trustee or the trustee’s
          spouse were disclosed or known to the board of hospital trustees.
      (2) The board of hospital trustees authorized, approved, or ratified the transaction. A
          conflict of interest transaction is authorized, approved, or ratified if it receives the affirmative
          vote of a majority of the disinterested trustees at a meeting where a quorum is present and
          where three or more trustees are disinterested in the conflict of interest transaction.
      (3) The transaction was fair to the hospital at the time of the transaction.
   b. For the purposes of this section, a trustee has an indirect interest in a transaction if
      either of the following is true:

b. The board of trustees shall have all of the powers and duties necessary to manage, control, and govern the county hospital including but not limited to any applicable powers and duties granted boards of trustees under other provisions of the Code relating to hospitals, nursing homes, assisted or independent living services, and other ancillary services irrespective of the chapter of the Code under which such institutions are established, organized, operated, or maintained, unless such provisions are in conflict with this section.

349.2 Source of selection.
Such selection shall be from newspapers published, and having the largest number of bona fide yearly subscribers, within the county. When counties are divided into two divisions for district court purposes, each division shall be regarded as a county.

[C73, §307; C97, §441; SS15, §441; C24, 27, 31, 35, 39, §5398; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.2]

349.3 Number.
The number of such newspapers to be selected shall be as follows:

1. In counties having a population of less than fifteen thousand, two such newspapers, or one, if there be but one published therein.
2. In counties having a population of more than fifty thousand, divided into two divisions for court purposes, three such newspapers in each such division, not more than two of which shall be published in the same city.
3. In counties having a population of less than fifty thousand, divided into two divisions for court purposes, two such newspapers in each such division.
4. In all other counties, three such newspapers, not more than two of which shall be published in the same city.

349.4 Application — contest.
Any publisher who desires that the publisher's newspaper be so selected may make written application therefor to the board of supervisors at any time prior to the making of the selection. If more applications are filed than there are newspapers to be selected, a contest shall exist.

[C24, 27, 31, 35, 39, §5400; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.4]

349.5 Contest — verified statements.
In case of a contest, each applicant shall deposit with the county auditor, in a sealed envelope, a statement, verified by the applicant, showing the names of the applicant's bona

Fide yearly subscribers living within the county and the place at which each such subscriber receives such newspaper, and the manner of its delivery.

[C97, §441; SS15, §441; C24, 27, 31, 35, 39, §5401; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.5]
Referred to in §349.6

349.6 Determination of contest — evidence.

1. The county auditor shall, on the direction of the board while it is in session, open the envelopes which have been deposited as provided under section 349.5. The board may receive other evidence of circulation. In counties in which two newspapers are to be selected, the two newspapers showing the largest number of bona fide yearly subscribers living within the county shall be selected as such official newspapers. In counties in which three newspapers are to be selected, the three showing the largest number of such subscribers shall be selected except when such three newspapers are all published in the same city, in which case the two newspapers in such city having the largest lists of such subscribers and the newspaper having the next largest list of such subscribers and published outside such city, shall be selected as such official newspapers.

2. For purposes of this section, in counties where there are more newspapers than the number required for official county newspapers, newspapers under common ownership published in the same city, and having approximately the same subscriber list or offered for sale in or delivered to the same geographic area, shall be treated as one newspaper. Each such newspaper under common ownership should be considered eligible for publishing public notices, but such newspapers shall be treated as one newspaper for payment purposes to allow for flexibility in notice publication schedules.

[C97, §441; SS15, §441; C24, 27, 31, 35, 39, §5402; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.6]

2. Those subscribers who have been subscribers at least six consecutive months before the date of application, whose papers are regularly delivered by carrier upon an order or subscription, or whose papers are purchased from the publisher for resale and delivery by independent carriers who have filed with the publisher a list of their subscribers.

349.8 Tie lists.

352.1 Purpose.
1. It is the intent of the general assembly and the policy of this state to provide for the orderly use and development of land and related natural resources in Iowa for residential, commercial, industrial, and recreational purposes, preserve private property rights, protect natural and historic resources and fragile ecosystems of this state including forests, wetlands, rivers, streams, lakes and their shorelines, aquifers, prairies, and recreational areas to promote the efficient use and conservation of energy resources, to promote the creation and maintenance of wildlife habitat, to consider the protection of soil from wind and water erosion and preserve the availability and use of agricultural land for agricultural production, through processes that emphasize the participation of citizens and local governments.
2. The general assembly recognizes the importance of preserving the state’s finite supply of agricultural land. Conversion of farmland to urban development, and other nonfarm uses, reduces future food production capabilities and may ultimately undermine agriculture as a major economic activity in Iowa.
3. It is the intent of the general assembly to provide local citizens and local governments the means by which agricultural land may be protected from nonagricultural development pressures. This may be accomplished by the creation of county land preservation and use plans and policies, adoption of an agricultural land preservation ordinance, or establishment of agricultural areas in which substantial agricultural activities are encouraged, so that land inside these areas or subject to those ordinances is conserved for the production of food, fiber, and livestock, thus assuring the preservation of agriculture as a major factor in the economy of this state.

1. An owner of farmland may submit a proposal to the county board for the creation or expansion of an agricultural area within the county. An agricultural area, at its creation, shall include at least three hundred acres of farmland; however, a smaller area may be created if the farmland is adjacent to farmland subject to an agricultural land preservation ordinance pursuant to section 335.27 or adjacent to land located within an existing agricultural area. The proposal shall include a description of the proposed area to be created or expanded, including its boundaries. The territory shall be as compact and as nearly adjacent as feasible. Land shall not be included in an agricultural area without the consent of the owner. Agricultural areas shall not exist within the corporate limits of a city. The county board may consult with the department of natural resources when creating or expanding an agricultural area contiguous to a location which is under the direct supervision of the department, including a state park, state preserve, state recreation area, or sovereign lake. Agricultural areas may be created in
a county which has adopted zoning ordinances. Except as provided in this section, the use of the land in agricultural areas is limited to farm operations.

2. The following shall be permitted in an agricultural area:

   b. The use does not interfere seriously with farm operations within the area.
   c. The use does not materially alter the stability of the overall land use pattern in the area.

The county board shall, within sixty days of receipt of the request, approve or deny the request for withdrawal. At any time after six years from the date of creation of an agricultural area, an owner may withdraw from an agricultural area by filing with the county board a notice of withdrawal containing a legal description of the land to be withdrawn.

2. The board shall cause the description of that agricultural area filed with the county auditor and recording officer in the county to be modified to reflect any withdrawal. Withdrawal shall be effective on the date of recording. The agricultural area from which the

352.11 Incentives for agricultural land preservation — payment of costs and fees in nuisance actions.

1. Nuisance restriction.
   a. A farm or farm operation located in an agricultural area shall not be found to be a nuisance regardless of the established date of operation or expansion of the agricultural activities of the farm or farm operation. This paragraph shall apply to a farm operation conducted within an agricultural area for six years following the exclusion of land within an agricultural area other than by withdrawal as provided in section 352.9.
   b. Paragraph “a” does not apply to a nuisance which is the result of a farm operation determined to be in violation of a federal statute or regulation or state statute or rule. Paragraph “a” does not apply if the nuisance results from the negligent operation of the farm or farm operation. Paragraph “a” does not apply to actions or proceedings arising from injury or damage to a person or property caused by the farm or a farm operation before the creation of the agricultural area. Paragraph “a” does not affect or defeat the right of a person to recover damages for an injury or damage sustained by the person because of the pollution or change in condition of the waters of a stream, the overflowing of the person’s land, or excessive soil erosion onto another person’s land, unless the injury or damage is caused by an act of God.
   c. A person shall not bring an action or proceeding based on a claim of nuisance arising from a farm operation unless the person proceeds with mediation as provided in chapter 654B.
   d. If a defendant is a prevailing party in an action or proceeding based on a claim of nuisance and arising from a farm operation conducted on farmland within an agricultural area, the plaintiff shall pay court costs and reasonable attorney fees incurred by the defendant, if the court determines that the claim is frivolous.

2. Water priority. In the application for a permit to divert, store, or withdraw water and in the allocation of available water resources under a water permit system, the department of natural resources shall give priority to the use of water resources by a farm or farm operation, exclusive of irrigation, located in an agricultural area over all other uses except the competing uses of water for ordinary household purposes.

In order to accomplish the purposes set forth in section 352.1, a rule adopted by a state agency after July 1, 1982 which would restrict or regulate farms or farm operations may contain standards which are less restrictive for farms or farm operations inside an agricultural area than for farms or farm operations outside such an area. A rule containing such a discrimination shall not for the fact of such discrimination alone be found or held to be unreasonable, arbitrary, capricious, beyond the authority delegated to the agency, or characterized by an abuse of discretion or clearly unwarranted exercise of discretion.

354.1 Statement of purpose.

It is the purpose of this chapter to provide for a balance between the review and regulation authority of governmental agencies concerning the division and subdivision of land and the rights of landowners. It is therefore determined to be in the public interest:

1. To provide for accurate, clear, and concise legal descriptions of real estate in order to prevent, wherever possible, land boundary disputes or real estate title problems.

2. To provide for a balance between the land use rights of individual landowners and the economic, social, and environmental concerns of the public when a city or county is developing or enforcing land use regulations.

3. To provide for statewide, uniform procedures and standards for the platting of land while allowing the widest possible latitude for cities and counties to establish and enforce ordinances regulating the division and use of land, within the scope of, but not limited to, chapters 331, 335, 364, 414, and this chapter. All documents presented for recording pursuant to this chapter shall comply with section 331.606B.

The grantor or the surveyor shall contact the county auditor who, for the purpose of assessment and taxation, shall review the division to determine whether the survey shall include only the parcel being conveyed or both the parcel being conveyed and the remaining parcel. The plat of survey shall be prepared in compliance with chapter 355 and shall be recorded. The plat shall be clearly marked by the surveyor as a plat of survey and shall include the following information for each parcel included in the survey:
   a. A parcel letter or number designation approved by the auditor.
   b. The names of the proprietors.
   c. An accurate description of each parcel.
   d. The total acreage of each parcel.
   e. The acreage of any portion lying within a public right-of-way.

2. The auditor shall note a permanent real estate index number upon each parcel shown on a plat of survey according to section 441.29 for real estate tax administration purposes. The surveyor shall not assign parcel letters or prepare a metes and bounds description for any parcel shown on a plat of survey unless the parcel was surveyed by the surveyor in compliance with chapter 355. Parcels within a plat of survey prepared pursuant to this section are subject to the regulations and ordinances of the governing body.

3. When land or rights in land are divided for right-of-way purposes by an agency of the government or other persons having the power of eminent domain and the description of the land or rights acquired is a metes and bounds description then an acquisition plat shall be made and attached to the description when the acquisition instrument is recorded. Acquisition plats shall be clearly marked as an acquisition plat and shall conform to the following:
   a. Acquisition plats shall not be required to conform to the provisions of chapter 355.
   b. The information shown on the plat shall be developed from instruments of record together with information developed by field measurements. The unadjusted error of field measurements shall not be greater than one in five thousand.
   c. The plat shall be signed and dated by a surveyor, bear the surveyor’s Iowa license number and legible seal, and shall show a north arrow and bar scale.

   f. The plat shall indicate whether the monuments shown are existing monuments or monuments to be established. Monuments shall be established as necessary to construct or maintain the right-of-way project.
   g. The acquisition plat shall identify the project for which the right-of-way was acquired and a parcel designation shall be assigned to each right-of-way parcel.

4. The acreage shown for each parcel included in a plat of survey or acquisition plat...
shall be to the nearest one-hundredth acre. If a parcel described as part of the United States public land survey system and not entirely within an official plat, lies within more than one forty-acre aliquot part of a section, the acreage shall be shown only for assessment and taxation purposes for each portion of the parcel that lies within each forty-acre aliquot part. The surveyor shall not be required to establish the location of the forty-acre aliquot line by survey but is required to use reasonable assumptions in determining its approximate location for assessment and taxation purposes.

5. Governmental agencies shall not be required to survey a remaining parcel when land is divided for right-of-way purposes and shall not be required to contact the auditor for approval of parcel designations shown on an acquisition plat.

354.4A Entry upon land for survey purposes.

1. a. A land surveyor may enter public or private land or water in the state only to occupy, locate, relocate, install, or replace survey monuments, to locate boundaries, rights-of-way, and easements, to determine geodetic positions, and to make surveys and maps and may carry with them their customary equipment and vehicles. A surveyor may not enter buildings or other structures located on the land. Entry under the right granted in this section shall not constitute trespass, and land surveyors shall not be liable to arrest or a civil action by reason of the entry.

b. For purposes of this section, “land surveyor” means a land surveyor licensed pursuant to chapter 542B or a person under the direct supervision of a licensed land surveyor.

c. Vehicular access to perform surveys under this section is limited to established roads and trails, unless approval for other vehicular access is granted by the landowner.

A land surveyor shall provide written notice to the landowner, or the person who occupies the land as a tenant or lessee, not less than seven days prior to the entry. The notice shall be sent by ordinary mail, postmarked not less than seven days prior to the entry, or delivered personally. A mailing is deemed sufficient if the surveyor mails the required notice to the address of the landowner as contained in the property tax records. For civil liability purposes, receipt of this notice shall not be considered consent. This notice is not required for a survey along previously surveyed boundaries within a platted subdivision accepted or recorded by the federal government or an official plat as defined in section 354.2, subsection 12.

4. The written notice of the pending survey shall contain all of the following:

a. The identity of the party for whom the survey is being performed and the purpose for which the survey will be performed.

b. The employer of the surveyor.

c. The identity of the surveyor.

d. The dates the land will be entered; the time, location, and timetable for such entry; the estimated completion date; and the estimated number of entries that will be required.

5. This section shall not be construed as giving authority to land surveyors to destroy, injure, or damage anything on the lands of another without the written permission of the landowner, and this section shall not be construed as removing civil liability for such destruction, injury, or damage.

6. A land surveyor who enters on private land must comply with all biosecurity and restricted-access protocols established by the owner or occupant of the private land.

7. A landowner or occupant shall owe the same duty to a land surveyor entering land
without the consent of the landowner or occupant as the landowner or occupant would owe to a trespasser on that land.

   c. The lot number or letter and name of the official plat, if the parcel lies within an official plat.
   d. The section, township, and range number and reference to the aliquot part of the section, if the parcel lies outside of an official plat.

1. A subdivision plat shall be made when a tract of land is subdivided by repeated divisions or simultaneous division into three or more parcels, any of which are described by metes and bounds description for which no plat of survey is recorded. A subdivision plat is not required when land is divided by conveyance to a governmental agency for public improvements.
2. A subdivision plat shall have a succinct name or title that is unique, as approved by the auditor, for the county in which the plat lies. The auditor shall evidence the approval of such name or title in a statement that shall accompany the plat as provided in section 354.11. The plat shall include an accurate description of the land included in the subdivision and shall give reference to two section corners within the United States public land survey system in which the plat lies or, if the plat is a subdivision of any portion of an official plat, two established monuments within the official plat. Each lot within the plat shall be assigned a progressive number. Streets, alleys, parks, open areas, school property, other areas of public use, or areas within the plat that are set aside for future development shall be assigned a progressive letter and shall have the proposed use clearly designated. A strip of land shall not be reserved by the subdivider unless the land is of sufficient size and shape to be of practical use or service as determined by the governing body. Progressive block numbers or letters may be assigned to groups of lots separated from other lots by streets or other physical features of the land. The surveyor shall not assign lot numbers or letters to a lot shown within a subdivision.
plat unless the lot has been surveyed by the surveyor in compliance with chapter 355. The auditor may note a permanent real estate index number upon each lot within a subdivision plat. Sufficient information, including dimensions and angles or bearings, shall be shown on the plat to accurately establish the boundaries of each lot, street, and easement. Easements necessary for the orderly development of the land within the plat shall be shown and the purpose of the easement shall be clearly stated.

3. If a subdivision plat, described as part of the United States public land survey system and not entirely within an official plat, lies within more than one forty-acre aliquot part of a section, the acreage shall be shown only for assessment and taxation purposes for the portion of the subdivision that lies within each forty-acre aliquot part of the section. The area of the irregular lots within the plat shall be shown and may be expressed in either acres, to the nearest one-hundredth acre, or square feet, to the nearest ten square feet. 354.8 Review and approval by governing bodies.
1. A proposed subdivision plat lying within the jurisdiction of a governing body shall be submitted to that governing body for review and approval prior to recording. Governing bodies shall apply reasonable standards and conditions in accordance with applicable statutes and ordinances for the review and approval of subdivisions. The governing body, within sixty days of application for final approval of the subdivision plat, shall determine whether the subdivision conforms to its comprehensive plan and shall give consideration to the possible burden on public improvements and to a balance of interests between the proprietor, future purchasers, and the public interest in the subdivision when reviewing the proposed subdivision and when requiring the installation of public improvements in conjunction with approval of a subdivision. The governing body shall not issue final approval of a subdivision plat unless the subdivision plat conforms to sections 354.6, 354.11, and 355.8.

2. If the subdivision plat and all matters related to final approval of the subdivision plat conform to the standards and conditions established by the governing body, and conform to this chapter and chapter 355, the governing body, by resolution, shall approve the plat and certify the resolution which shall be recorded with the plat. The recorder shall refuse to accept a subdivision plat presented for recording without a resolution from each applicable governing body approving the subdivision plat or waiving the right to review.

3. As used in this section, the term “subdivision improvements” means any fixture, structure, or other improvement to land required to be constructed or installed by the proprietor as a condition of the governing body’s approval of a subdivision plat.

4. a. For a city with a population equal to or greater than fifty thousand, if the proprietor or the contractor for the construction of subdivision improvements has provided the name and facsimile number or electronic mail address of the contractor, the city shall notify the contractor, either by facsimile or electronic mail, not less than forty-eight hours in advance of the date on which the city will consider the acceptance of subdivision improvements constructed by the contractor.
b. For a city with a population equal to or greater than twenty-five thousand but less than fifty thousand, a proprietor or the contractor for the construction of subdivision improvements may request that the city notify the contractor, either by facsimile or electronic mail, not less than forty-eight hours in advance of the date on which the city will consider the acceptance of subdivision improvements constructed by the contractor. Upon the receipt of such a request to notify the contractor, the city shall provide such notice.

c. A city’s failure to provide notice pursuant to paragraph “a” or “b” shall not impose any responsibility on the city for the payment of any amounts owed by a proprietor to a contractor.

5. A city may establish jurisdiction to review subdivisions or plats of survey outside its boundaries pursuant to the provisions of section 354.9. In the case of a city, the provisions of this section apply to the review by the city of both subdivision plats and plats of survey.

1. If a city, which has adopted ordinances regulating the division of land, desires to review subdivision plats or plats of survey for divisions or subdivisions outside the city’s boundaries, then the city shall establish by ordinance specifically referring to the authority of this section, the area subject to the city’s review and approval. The area of review may be identified by individual tracts, by describing the boundaries of the area, or by including all land within a certain distance of the city’s boundaries, which shall not extend more than two miles distance from the city’s boundaries. The ordinance establishing the area of review or modifying the area of review by a city, shall be recorded in the office of the recorder and filed with the county auditor.

2. If a subdivision lies in a county, which has adopted ordinances regulating the division of land, and also lies within the area of review established by a city pursuant to this section, then the subdivision plat or plat of survey for the division or subdivision shall be submitted to both the city and county for approval. The standards and conditions applied by a city or county for review and approval of the subdivision shall be the same standards and conditions used for review and approval of subdivisions within the city limits or shall be the standards and conditions for review and approval established by agreement of the city and county pursuant to chapter 28E. Either the city or county may, by resolution, waive its right to review the subdivision or waive the requirements of any of its standards or conditions for approval of subdivisions, and certify the resolution which shall be recorded with the plat.

3. If cities establish overlapping areas of review outside their boundaries, then the cities shall establish by agreement pursuant to chapter 28E reasonable standards and conditions for review of subdivisions within the overlapping area. If no agreement is recorded pursuant to chapter 28E, then the city which is closest to the boundary of the subdivision shall have authority to review the subdivision.

4. For purposes of this section, “subdivision” also includes a declaration for the establishment of a horizontal property regime under chapter 499B. A declaration of a horizontal property regime that is proposed to be located within the area of review established by a city pursuant to this section shall be subject to review and approval in the same manner as a subdivision.

b. The governing body exceeding the time for review established by ordinance.
c. The denial of the application.
d. Failure of the governing body to approve or reject a subdivision plat within sixty days from the date of application for final approval.

2. If the plat is disapproved by the governing body, such disapproval shall state how the proposed plat is objectionable. The applicant has the right to appeal, within twenty days, the failure of the governing body to issue final approval of the plat as provided in this section.

3. The applicant or the aggrieved governing body has the right to appeal to the district court within twenty days after the date of the denial of the application or the date of the receipt by the applicant of the requirements for approval of the subdivision. Notice of appeal shall be served on the governing body in the manner provided for the service of original notice pursuant to the rules of civil procedure. The opinion shall state the names of the proprietors and holders of mortgages, liens, or other encumbrances on the land being platted and shall note the encumbrances, along with any bonds securing the encumbrances. Utility easements shall not be construed to be encumbrances for the purpose of this section.

   c. A list for each lot within the plat of the proprietor’s names, the area, expressed in acreage or square feet, the document reference number of the recorded conveyance to the proprietors, and the permanent real estate index number, where established.
   d. A certificate of the auditor that no search was made at the time of the recording of the plat to determine the existence of any liens, mortgages, delinquent taxes, or special assessments, that no search was made, other than the records of the auditor’s office, to establish title to the property within the plat, and that the lots within the plat are subject individually to the regulations and ordinances of the applicable governing body.

354.17 Costs and collection of costs.
The surveyor shall present to the auditor a statement of the total cost of the surveying, platting, and recording of a plat prepared pursuant to section 354.13. The surveyor shall also present a statement of the part of the total cost to be assessed to each parcel included in the plat based on the time involved in establishing the boundaries of each parcel. The auditor shall certify to the treasurer an assessment for the platting costs against the lots within the plat which shall be collected in the same manner as general taxes, except that the board of supervisors, by resolution, may establish not more than ten equal annual installments and provide for interest on unpaid installments at a rate not to exceed that permitted by chapter 74A.

354.18 Recording of plats.
1. A plat of survey prepared pursuant to this chapter and a subdivision plat, with attachments, shall be recorded in the office of the county recorder, and an exact copy of the plat shall be filed in the offices of the county auditor and assessor. A replat of any part of an official plat pursuant to section 354.25, or a recorded subdivision plat of any part of an existing official plat shall supersede that part of the original official plat, including unused public utility easements.

2. The recorder shall examine each plat of survey and subdivision plat to determine whether the plat is clearly legible and whether the approval by the applicable governing body and the other attachments required by this chapter are presented with the plat. The recorder shall also keep a reproducible copy of the plat from which legible copies can be made. The recorder may specify the material and the size of the plat, not less than eight and one-half inches by eleven inches, that will be accepted for recording in order to comply with this section. The recorder shall not record a subdivision plat that violates this chapter.

354.19 Dedication of land.
1. An official plat which conforms to this chapter and has attached to the plat a dedication by the proprietors to the public and approval of the dedication by the governing body is equivalent to a deed in fee simple from the proprietors to the public of any land within the plat that is dedicated for street, alley, walkway, park, open area, school property, or other public use. An approved dedication of land for street purposes by the proprietors establishes an easement for public access, whether or not a deed has been recorded or the improvement of the street is complete, except when the resolution approving the plat specifically sets aside portions of the dedicated land as not being open for public access at the time of recording for public safety reasons. The recording of a subdivision plat shall dedicate to the public any utility, sewer, drainage, access, walkway, or other public easement shown on the plat.

2. The recording of an auditor’s plat shall not serve to dedicate streets, alleys, parks, open areas, school property, public improvements, or utilities. The failure to show the existence of an easement or any public interest on the auditor’s plat shall not remove or otherwise affect the interest.

354.20 Action to annul plats.
If a plat is filed and recorded in violation of this chapter, a governing body or a proprietor aggrieved by the violation, after filing written notice with the proprietors who joined in the acknowledgment of the plat or their successors in interest, may institute a suit in equity in the district court. The court may order the plat annulled except as provided in section 354.21.

354.21 Limitation of actions on official plats.
An action shall not be maintained, at law or in equity, in any court, against a proprietor, based upon an omission of data shown on an official plat or upon an omission, error, or inconsistency in any of the documents required by this chapter unless the action is commenced within ten years after the date of recording of the official plat. Limitation of actions based on claims other than those provided for in this section shall be consistent with chapter 614.

90 Acts, ch 1236, §35
354.22 Vacation of official plats.

1. The proprietors of lots within an official plat who wish to vacate any portion of the official plat shall file a petition for vacation with the governing body which would have jurisdiction to approve the plat at the time the petition is filed. After the petition has been filed, the governing body shall fix the time and place for public hearing on the petition. Written notice of the proposed vacation shall be served in the manner of original notices as provided in Iowa rules of civil procedure and be served upon proprietors and mortgagees within the official plat that are within three hundred feet of the area to be vacated. If a portion of the official plat adjoins a river or state-owned lake, the Iowa department of natural resources shall be served written notice of the proposed vacation. Notice of the proposed vacation shall be published twice, with fourteen days between publications, stating the date, time, and place of the hearing.

2. The official plat or portion of the official plat shall be vacated upon recording of all of the following documents:
   a. An instrument signed, executed, and acknowledged by all the proprietors and mortgagees within the area of the official plat to be vacated, declaring the plat to be vacated. The instrument shall state the existing lot description for each proprietor along with an accurate description to be used to describe the land after the lots are vacated.
   b. A resolution by the governing body approving the vacation and providing for the conveyance of those areas included in the vacation which were previously set aside or dedicated for public use.
   c. A certificate of the auditor that the vacated part of the plat can be adequately described for assessment and taxation purposes without reference to the vacated lots.

3. No part of this section authorizes the closing or obstructing of public highways.

4. The vacation of a portion of an official plat shall not remove or otherwise affect a recorded restrictive covenant, protective covenant, building restriction, or use restriction. Recorded restrictions on the use of property within an official plat shall be modified or revoked by recording a consent to the modification or removal, signed and acknowledged by the proprietors and mortgagees within the official plat.

354.23 Vacation of streets or other public lands.

1. A city or a county may vacate part of an official plat that had been conveyed to the city or county or dedicated to the public which is deemed by the governing body to be of no benefit to the public.

2. The city or county shall vacate by resolution following a public hearing or by ordinance and the vacating instrument shall be recorded. The city or county may convey the vacated property by deed or may convey the property to adjoining proprietors through the vacation instrument. If the vacating instrument is used to convey property then the instrument shall include a list of adjoining proprietors to whom the vacated property is being conveyed along with the corresponding description of each parcel being conveyed. A recorded vacation instrument which conforms to this section is equivalent to a deed of conveyance and the instrument shall be filed and indexed as a conveyance by the recorder and auditor.

3. A vacation instrument recorded pursuant to this section shall not operate to annul any part of an official plat except as provided for in section 354.22.

   90 Acts, ch 1236, §37
354.24 Errors on recorded plats.
If an error or omission in the data shown on a recorded plat is detected by subsequent examinations or revealed by retracing the lines shown on the plat, the original surveyor or two surveyors confirming the error through independent surveys shall record an affidavit confirming that the error or omission was made. The affidavit shall describe the nature and extent of the error or omission and also describe the corrections or additions to be made to the plat and note a document reference number of the recorded plat. The recorder shall note on the record of the plat the word “corrected”, and note the document reference number of the recorded affidavit. A copy of the recorded affidavit shall be filed with the auditor and assessor. The affidavit shall raise a presumption from the date of recording that the purported facts stated in the affidavit are true, and after the lapse of three years from the date of recording the presumption shall be conclusive.

354.25 Survey and replat of official plats.
1. A survey of an official plat shall conform as nearly as possible to the original lot lines shown on the official plat. The surveyor may summon witnesses, administer oaths, and prepare affidavits and boundary line agreements as necessary in order to establish the location of property lines or lot lines. If a substantial error is discovered in an official plat or if it is found to be materially defective, a proprietor may petition the governing body which would have jurisdiction to approve the plat at the time the petition is filed for a replat of any part of the official plat. Notice of the proposed replat shall be served, in the manner of original notice as provided in Iowa rules of civil procedure, to the proprietors of record and holders of easements specifically recorded within the area to be replatted. The governing body has jurisdiction of the matter upon proof of publication of notice of the petition once each week for two weeks in a newspaper of general circulation within the area of the replat.
2. All of the following shall apply to a replat of an official plat ordered by the governing body:
   a. The replat shall be prepared by a surveyor pursuant to chapter 355 and recorded.
   b. The replat shall be exempt from the provisions of section 354.11.
   c. The replat shall have attached to the plat a statement by the surveyor that the replat is prepared at the direction of the governing body.
3. The costs of the replat shall be presented to the auditor and assessed against the property included in the replat as provided for in section 354.17.

354.26 Corrections or changes to plats.
A vacation, correction, or replatting as provided for in this chapter shall be recorded and an exact copy shall be filed with the auditor and assessor. If a governing body changes the addresses or street names shown on an official plat, notice of the change shall note the name or other designation of each official plat affected and shall be filed with the recorder, auditor, and assessor. The recorder shall note the vacation, correction, or replatting on the index and
record of the official plat or upon an attachment to the official plat for that purpose. The auditor shall make the proper changes on the plats required to be kept by the auditor.

CHAPTER 355
STANDARDS FOR LAND SURVEYING

As used in this chapter unless the context otherwise requires:
1. “Corner” means a point at which two or more lines meet.
2. “Division” means dividing a tract or parcel of land into two parcels of land by conveyance or for tax purposes. The conveyance of an easement, other than a public highway easement, shall not be considered a division for the purpose of this chapter.
3. “Government lot” means a tract, within a section, which is normally described by a lot number as represented and identified on the township plat of the United States public land survey system.
4. “Land surveying” means surveying of land pursuant to chapter 542B.
5. “Lot” means a tract of land, generally a subdivision of a city or town block, represented and identified as a lot on a recorded plat.
6. “Meander line” means a traverse approximately along the margin of a body of water. A meander line provides data for computing areas and approximately locates the margin of the body of water. A meander line does not ordinarily determine or fix boundaries.
7. “Monument” means a physical structure which marks the location of a corner or other survey point.
8. “Offset line” means a supplementary traverse close to and approximately parallel with an irregular boundary line. An offset line provides data for computing areas and locates salient points on the irregular boundary line by measured distances referenced to the offset line.
9. “Plat of survey” means a graphical representation of a survey of one or more parcels of land, including a complete and accurate description of each parcel within the plat, prepared by a licensed professional land surveyor.
10. “Public improvement project” means a project relating to the construction of the principal structures, works, component parts, and accessories of any of the following:
   a. Underground gas, water, heating, sewer, telecommunications, and electrical connections located in streets for private property.
   b. Sanitary, storm, and combined sewers.
   c. Waterworks, water mains, and extensions.
   d. Emergency warning systems.
   e. Pedestrian underpasses or overpasses.
   f. Drainage conduits, dikes, and levees for flood protection.
   g. Public waterways, docks, and wharfs.
   h. Public parks, playgrounds, and recreational facilities.
   i. Clearing, stripping, grubbing, earthwork, erosion control, lot grading, street grading, paving, graveling, macadamizing, curbing, guttering, and surfacing with oil and gravel or chloride.
   j. Street lighting fixtures, connections, and facilities.
   k. Sewage pumping stations.
   l. Traffic control devices, fixtures, connections, and facilities.
   m. Public roads, streets, and alleys.
11. “Retrace ment plat of survey” means a graphical representation of a survey of one or more parcels or tracts of land prepared by a licensed professional land surveyor and described by an existing recorded property description used for the transfer of land.
12. “Subdivision” means a tract of land divided into three or more lots.
13. “Subdivision plat” means a graphical representation of the subdivision of land, prepared by a licensed professional land surveyor, having a number or letter designation for each lot within the plat and a succinct name or title that is unique for the county where the land is located.
14. “Surveyor” means a licensed professional land surveyor who engages in the practice of land surveying pursuant to chapter 542B.

§355.4 Boundary location. The surveyor shall acquire data necessary to retrace record title boundaries, center lines, and other boundary line locations in accordance with the legal descriptions including applicable provisions of chapter 650. The surveyor shall analyze the data and make a careful determination of the position of the boundaries of the parcel or tract of land being surveyed. The surveyor shall make a field survey, locating and connecting monuments necessary for location of the parcel or tract and coordinate the facts of the survey with the analysis and legal description. The surveyor shall place monuments marking the corners of the parcel or tract unless monuments already exist at the corners.

§355.5 Measurements. 1. Measurements shall be made with instruments and methods capable of attaining the required accuracy for the particular problem involved. 2. Measurements as placed on plats shall be in conformance with the capabilities of the instruments used. 3. In a closed traverse the sum of the measured angles shall agree with the theoretical sum by a difference not greater than thirty seconds times the square root of the number of angles. 4. Distances shall be shown in decimal feet in accordance with the definition of the U. S. survey foot. Distance measurements shall refer to the horizontal plane.

§355.6 Monumentation. 1. The surveyor shall confirm the prior establishment of control monuments at each controlling corner on the boundaries of the parcel or tract of land being surveyed. If no control monuments exist, the surveyor shall place the monuments. Control monuments shall be constructed of reasonably permanent material solidly embedded in the ground and capable of being detected by commonly used magnetic or electronic equipment. The surveyor shall affix a cap of reasonably inert material bearing an embossed or stencil cut marking of the Iowa license number of the surveyor to the top of each monument which the surveyor places.
2. Control monuments shall be placed at the following locations:
a. Each corner and angle point of each lot, block, or parcel of land surveyed.
b. Each point of intersection of the outer boundary of the survey with an existing or created right-of-way line of a street, railroad, or other way.
c. Each point of curve, tangency, reversed curve, or compounded curve on each right-of-way line established.
3. If the placement of a monument required by this chapter at the prescribed location is impractical, a reference monument shall be established near the prescribed location. If a point requiring monumentation has been previously monumented, the existence of the monument shall be confirmed by the surveyor.
4. At least a minimum number of two survey control monuments are required to be
placed before the recording of a subdivision provided the surveyor includes in the surveyor’s statement a declaration that additional monuments shall be placed before a date specified in the statement or within one year from the date the subdivision is recorded, whichever is earlier.

355.6A Monument preservation certificate.
1. If during the construction of a public improvement project the governmental entity or other organization responsible for the public improvement project determines that a monument is likely to be disturbed or removed, the entity or organization shall hire or cause to be hired a surveyor to locate and preserve, in the manner provided in this section, the monuments likely to be disturbed or removed. However, any United States public land survey corner monuments that are within the construction corridor of a public improvement project shall be preserved and replaced pursuant to section 355.11.

2. a. The surveyor shall review all relevant documents of record, including those retained by federal, state, county, and city offices, necessary for locating the monuments likely to be disturbed or removed. The surveyor shall also conduct a field survey of the construction corridor to locate such monuments and preserve their positions and, if applicable, their elevations.

b. Following the completion of the public improvement project, the surveyor shall replace any monument disturbed or removed at its preserved position pursuant to section 355.6, subsection 1. Elevation shall be preserved, if applicable, by using appropriate survey methods to determine a relative elevation on a nearby physical structure.

c. If the replacement of a monument at the preserved location is unsafe or impractical, the surveyor may, in lieu of establishing a reference monument, use a federal, state, county, or city geographic coordinate system to preserve the position.

3. The surveyor shall prepare a monument preservation certificate to record and identify a monument location preserved under this section. Multiple monuments preserved for the same public improvement project may be identified on a single certificate. The size of each sheet making up the certificate shall not be less than eight and one-half inches by eleven inches. The monument preservation certificate shall include, at a minimum, the following information:

a. A description of the public improvement project and the jurisdiction or organization under which the certificate was prepared.

b. A description of the land on which the monument is located within, including the section number, township, range, county, quarter section description, and official plat name, if applicable.

c. A description of the monument prior to being disturbed or removed, including but not limited to its size, shape, material, and color. However, the surveyor shall not be required to state the significance of any such monument.

d. A description of the procedure used to preserve the position of the monument. When a federal, state, county, or city geographic coordinate system is used to preserve the position of the monument, such description shall include a coordinate listing and elevation, if applicable, of all coordinate system access monuments used and the official name of the system, along with the geographic datum to which the coordinate system is referenced.

e. A description of the replacement monument after being preserved, including but not limited to its size, shape, material, and color. However, the surveyor shall not be required to state the significance of any such replacement monument.

f. Where the elevation of a monument is preserved, a description of the monument prior to and after replacement, including the relative elevation and a minimum of three reference ties.

g. A plan-view site drawing depicting the monument with reference to the physical
surroundings and natural or man-made objects in sufficient detail to facilitate the preservation of the monument, including project control, nearby monuments, street or highway centerlines, project corridor right-of-way lines, trees, fences, or structures.

h. A statement by the surveyor certifying that the work was performed by the surveyor or under the surveyor’s direct personal supervision, which shall be signed and dated by the surveyor and bear the surveyor’s Iowa license number and legible seal.

4. a. The monument preservation certificate shall be filed with the county recorder pursuant to section 331.606B, subsection 5, no later than thirty days after the certificate is signed by the surveyor.

b. The county recorder shall index the monument preservation certificate according to the township, range, section number, and quarter section on which the monument is located within. If the monument is located within an official plat, the county recorder shall index the certificate alphabetically by the official plat name.

c. The index legend affixed to such certificate shall include the following information:
   (1) The surveyor’s name, mailing address, and other contact information.
   (2) The name of the governmental entity or other organization under which the surveyor provided the professional service.
   (3) The aliquot part or parts of the United States public land survey system or portion of official plat that the monument is located within.
   (4) The name of the governmental entity or other organization requesting the monument preservation certificate pursuant to this section.
   (5) Information necessary for the county recorder to return the certificate.

5. a. A monument preservation certificate shall not be prepared in lieu of a plat of survey or acquisition plat where a true land boundary survey is required.

b. A monument preservation certificate shall not be prepared for the identification or establishment of survey corners or right-of-way corners.

c. The surveyor preparing a monument preservation certificate shall be liable only for the accuracy or placement of the replacement monument and not for the accuracy or placement of the original monument.

2016 Acts, ch 1064, §3

355.7 Plats of survey.
A plat of survey shall be made, showing information developed by the survey, for each land survey performed for the purpose of correcting boundaries, correcting descriptions of surveyed land, or for the division of land. Each plat of survey shall conform to the following provisions:

1. The original plat drawing shall remain the property of the surveyor.

2. The size of each plat sheet shall not be less than eight and one-half inches by eleven inches.

3. The scale of the plat drawing shall be clearly stated and graphically illustrated by a bar scale on every plat sheet.

4. An arrow indicating the northern direction shall be shown on each plat sheet.

5. The plat shall show that the survey is tied to a physically monumented land line which is identified by two United States public land survey system corners, or by two physically monumented corners of a recorded subdivision.

6. a. The plat shall show the lengths and bearings of the boundaries of the parcels surveyed. The course of each boundary line shown on the plat may be indicated by a direct bearing reference or by an angle between the boundary line and an intersecting line having a shown bearing, except when the boundary line has an irregular or constantly changing course, as along a body of water, or when a description of the boundary line is better achieved by measurements shown at points or intervals along a meander line or an offset line having a shown course. The bearings shall be referenced to a United States public land survey system land line, or recorded subdivision line. If the boundary lines show bearings, lengths, or locations which vary from those recorded in deeds, abutting plats, or other instruments of record, the following note shall be placed along the lines:
Recorded as (show recorded bearing, length, or location).

b. Bearings and angles shown shall be given to at least the nearest minute of arc.
7. The plat shall show and identify all monuments necessary for the location of the parcel and shall indicate whether the monuments were found or placed.
8. If United States public land survey system corners control the land description, the corners shall be clearly identified on the plat including a description of the monumentation and shall indicate whether the monuments were found or placed.
9. Control monuments shall be adequately described and clearly identified on the plat and noted as found or placed. If additional monuments are to be placed subsequent to the recording of a subdivision as provided in section 355.6, the location of the additional monuments shall be shown on the plat.
10. Distance shall be shown in decimal feet in accordance with the definition of the U. S. survey foot. Distance measurements shall refer to the horizontal plane.
11. Curve data shall be stated in terms of radius, central angle, and length of curve, and as otherwise specified by local ordinance. In all cases, the curve data must be shown for the line affected.
12. The unadjusted error of closure shall not be greater than one in five thousand for an individual parcel.
13. If any part of the surveyed land is bounded by an irregular line, that part shall be enclosed by a meander line or an offset line showing complete data with distances along all lines extending beyond the enclosure to the irregular boundary, and shown with as much certainty as can be determined or as “more or less”, if variable. In all cases, the true boundary shall be clearly indicated on the plat.
14. The plat shall be captioned to show the date of the survey, and shall be accompanied by a description of the parcel.
15. The plat shall contain a statement by a surveyor that the work was done and the plat was prepared by the surveyor or under the surveyor’s direct personal supervision, shall be signed and dated by the surveyor, and shall bear the surveyor’s Iowa license number and legible seal.

355.7A Retracement plats of survey.

A retracement plat of survey shall be made, showing information developed by the survey, for each land survey performed for the purpose of surveying an existing recorded description of one or more parcels or tracts of land and shall not be used for the division of land. Each retracement plat of survey shall conform to the following provisions:
1. The original plat drawing shall remain the property of the surveyor.
2. The size of each plat sheet shall not be less than eight and one-half inches by eleven inches.
3. The scale of the plat drawing shall be clearly stated and graphically illustrated by a bar scale on every plat sheet.
4. An arrow indicating the northern direction shall be shown on each plat sheet.
5. The plat shall show that the survey is a correct representation of the recorded description of the parcel or tract. The plat shall show, clearly and unequivocally, the method used by the land surveyor to locate the recorded description of land.
6. a. The plat shall show the lengths and bearings of the boundaries of the parcels surveyed. The course of each boundary line shown on the plat may be indicated by a direct bearing reference or by an angle between the boundary line and an intersecting line having a shown bearing, except when the boundary line has an irregular or constantly changing course, as along a body of water, or when a description of the boundary line is better achieved by measurements shown at points or intervals along a meander line or an offset line having a shown course. The bearings shall be referenced to a United States public land
survey system land line or recorded subdivision line. If the boundary lines show bearings, lengths, or locations which vary from those recorded in deeds, abutting plats, or other instruments of record, the following note shall be placed along the lines:

Recorded as (show recorded bearing, length, or location).

b. Bearings and angles shown shall be given to at least the nearest minute of arc.
7. The plat shall show and identify all monuments necessary for the location of the parcel and shall indicate whether the monuments were found or placed.
8. If United States public land survey system corners control the land description, the corners shall be clearly identified on the plat including a description of the monumentation and shall indicate whether the monuments were found or placed.
9. Control monuments shall be adequately described and clearly identified on the plat and noted as found or placed.
10. Distance shall be shown in decimal feet in accordance with the definition of the U.S. survey foot. Distance measurements shall refer to the horizontal plane.
11. Curve data shall be stated in terms of radius, central angle, and length of curve, and as otherwise specified by local ordinance. In all cases, the curve data must be shown for the line affected.
12. The unadjusted error of closure shall not be greater than one in five thousand for an individual parcel.
13. If any part of the surveyed land is bounded by an irregular line, that part shall be enclosed by a meander line or an offset line showing complete data with distances along all lines extending beyond the enclosure to the irregular boundary, and shown with as much certainty as can be determined or as “more or less”, if variable. In all cases, the true boundary shall be clearly indicated on the plat.
14. The acreage shall be shown for each parcel or tract included in a retracement plat of survey to the nearest one-hundredth of an acre. If a parcel or tract described as part of the United States public land survey system and not entirely within an official plat lies within more than one forty-acre aliquot part of a section, the acreage shall be shown only for assessment and taxation purposes for each portion of the parcel that lies within each forty-acre aliquot part. The surveyor shall not be required to establish the location of the forty-acre aliquot line by survey but is required to use reasonable assumptions in determining its approximate location for assessment and taxation purposes. If appropriate, areas of parcels or tracts of less than one acre may be expressed in square feet to the nearest ten square feet.
15. The plat shall be captioned to show the date of the survey, and shall be accompanied by a description of the parcel.
16. The plat shall contain a statement by a surveyor that the work was done and the plat was prepared by the surveyor or under the surveyor’s direct personal supervision, shall be signed and dated by the surveyor, and shall bear the surveyor’s Iowa license number and legible seal.

355.8 Plats for subdivisions.
Subdivision plats shall conform to the following provisions where applicable:
1. The original plat drawing shall remain the property of the surveyor.
2. The size of each plat sheet shall not be less than eight and one-half inches by eleven inches.
3. If more than one sheet is used, each sheet shall display both the number of the sheet and the total number of sheets included in the plat, and clearly labeled match lines indicating where the other sheets adjoin. An index shall be provided to show the relationship between the sheets.
4. The scale of the plat drawing shall be clearly stated and graphically illustrated by a bar scale on every plat sheet.
5. Each subdivision plat shall be designated, by name or as otherwise prescribed, in bold letters inside the margin at the top of each plat sheet.
6. An arrow indicating the northern direction shall be shown on each plat sheet.
7. The plat shall show that the subdivision is tied to a physically monumented land line which is identified by two United States public land survey system corners, or by two physically monumented corners of a recorded subdivision.
8. a. The plat shall show the lengths and bearings of the boundaries of the tracts surveyed. The course of each boundary line shown on the plat may be indicated by a direct bearing reference or by an angle between the boundary line and an intersecting line having a shown bearing, except when the boundary line has an irregular or constantly changing course, as along a body of water, or when a description of the boundary line is better achieved by measurements shown at points or intervals along a meander line or an offset line having a shown course. The bearing shall be referenced to a United States public land survey system land line, or recorded subdivision line. If the boundary lines show bearings, lengths, or locations which vary from those recorded in deeds, abutting plats, or other instruments of record, the following note shall be placed along the lines:

Recorded as (show recorded bearing, length, or location).

b. Bearings and angles shown shall be given to at least the nearest minute of arc.
9. The plat shall show and identify all monuments necessary for the location of the tracts and shall indicate whether the monuments were found or placed.
10. If United States public land survey system corners control the land description, the corners shall be clearly identified on the plat including a description of the monumentation and shall indicate whether the monuments were found or placed.
11. Control monuments shall be adequately described and clearly identified on the plat and noted as found or placed. If additional monuments are to be placed subsequent to the recording of a subdivision as provided in section 355.6, the location of the additional monuments shall be shown on the plat.
12. Survey data shall be shown to positively describe the bounds of every lot, block, street, easement, or other areas shown on the plat, and the boundaries of the surveyed lands.
13. Distances shall be shown in feet to at least the nearest one-tenth of a foot in accordance with the definition of the U.S. survey foot. Distance measurements shall refer to the horizontal plane.
14. Curve data shall be stated in terms of radius, central angle, and length of curve. Unless otherwise specified by local ordinance, curve data for streets of uniform width need only be shown with reference to the center line and lots fronting on such curves need only show the chord bearing and distance of the part of the curve included in the lot boundary. Otherwise, the curve data shall be shown for the line affected.
15. The unadjusted error of closure shall not be greater than one in ten thousand for subdivision boundaries and shall not be greater than one in five thousand for an individual lot.
16. If part of the surveyed land is bounded by an irregular line, that part shall be enclosed by a meander line or an offset line showing complete data with distances along all lines extending beyond the enclosure to the irregular boundary, and shown with as much certainty as can be determined or as “more or less”, if variable. In all cases, the true boundary shall be clearly indicated on the plat.
17. Interior excepted parcels shall be clearly indicated and labeled as follows:

Not a part of this survey (or subdivision).
18. Adjoining properties shall be identified, and if the adjoining properties are a part of a recorded subdivision, the name of that subdivision shall be shown. If the survey is a subdivision of a portion of a previously recorded subdivision plat, sufficient ties shall be shown to controlling lines appearing on such plat to permit a comparison to be made.
19. The purpose of any easement shown on the plat shall be clearly stated.
20. The purpose of areas dedicated to the public shall be clearly indicated on the plat.
21. The plat shall be accompanied by a description of the land included in the subdivision and shall contain a statement by the surveyor that the work was done and the plat was prepared by the surveyor or under the surveyor’s direct personal supervision and shall be
signed and dated by the surveyor and bear the surveyor’s Iowa license number and legible seal.

§355.9 Descriptions.
A description defining land boundaries written for conveyance or other purposes shall be complete, providing definite and unequivocal identification of the property lines or boundaries. The description shall be sufficient to enable the description to be platted and retraced. The description shall commence at or relate to a physically monumented corner or boundary line of record.

1. If the land is located in a recorded subdivision, the description shall contain the number or other description of the lot, block, or other part of the subdivision, or shall describe the land by reference to a known corner of the lot, block, or other part.

2. If the land is not located in a recorded subdivision, the description shall identify the section, township, range, and county, and shall describe the land by reference to government lot, by quarter-quarter section, by quarter section, or by metes and bounds commencing with a corner marked and established in the United States public land survey system.

   a. To correct boundaries and descriptions of land.
   b. For the division of land.
   c. To retrace an existing recorded description of a parcel or tract of land.

2. The plat and description shall show distinctly what piece of land was surveyed, the surveyor, and the date of the survey.

1. A United States public land survey corner certificate shall be prepared as part of any land surveying which includes the use of a United States public land survey system corner, having the status of a corner of a quarter-quarter section or larger aliquot part of a section, if one or more of the following conditions exist:

   a. There is no certificate for the corner on file with the recorder of the county in which the corner is located.
   b. The surveyor in responsible charge of the land surveying accepts a corner position which differs from that shown in the public records of the county in which the corner is located.
   c. The corner monument is replaced or modified in any way.
   d. The reference ties referred to in an existing public record are not correct.

2. The surveyor shall record the required certificate with the recorder and forward a copy to the county engineer of the county in which the corner is located within thirty days after completion of the surveying. The certificate shall comply with the following requirements:
a. The size of the sheet or sheets making up the certificate shall not be less than eight and one-half inches by eleven inches.

b. The identity of the corner, with reference to the United States public land survey system, shall be clearly indicated.

d. The certificate shall contain a plan-view site drawing depicting the relevant monuments, physical surroundings, and reference ties in sufficient detail to enable recovery of the corner.

e. The certificate shall contain at least three reference ties, measured to the nearest one-hundredth of a foot from the corner to durable physical objects near the corner, which are located so that the intersection of any two of the ties will yield a strong corner position recovery.

f. The certificate shall contain a statement by the surveyor that the work was done and the certificate was prepared by the surveyor or under the surveyor’s direct personal supervision and shall be signed and dated by the surveyor and bear the surveyor’s Iowa license number and seal.

3. A public land survey corner certificate may contain more than one corner that is being certified as part of the land surveying project. The recorder shall accept for recording a certificate containing multiple corners certified pursuant to this section.

The person entering upon land, pursuant to subsection 1, may tender to the injured party damages caused thereby, and if, in case of petition or complaint to the district court, the damages finally assessed do not exceed the amount tendered, the person entering shall recover costs. Otherwise, the prevailing party shall recover costs.

SUBCHAPTER II
IOWA PLANE COORDINATE SYSTEM

355.16 Iowa plane coordinate system defined.
As used in this subchapter, unless the context otherwise requires, “Iowa plane coordinate system” or “coordinate system” means the system of plane coordinates established by the United States national ocean survey, or the United States national geodetic survey, or a successor agency, for defining and stating the geographic positions or locations of points on the surface of the earth within the state of Iowa.
93 Acts, ch 50, §1; 2018 Acts, ch 1041, §124

355.17 Designation of coordinate zones.
The Iowa plane coordinate system is divided into two zones designated as follows:
b. The coordinate system north zone is a Lambert conformal conic projection of the North American datum of 1983, having standard parallels at north latitudes forty-two degrees, four minutes, and forty-three degrees, sixteen minutes, along which parallels the scale shall be exact. The origin of coordinates is at the intersection of the meridian ninety-three degrees, thirty minutes west of Greenwich, and the parallel forty-one degrees, thirty minutes north latitude. This origin is given the coordinates: x equals one million five hundred thousand meters exact and y equals one million meters exact.
b. The coordinate system south zone is a Lambert conformal conic projection of the North American datum of 1983, having standard parallels at north latitudes forty degrees, thirty-seven minutes, and forty-one degrees, forty-seven minutes, along which parallels the scale shall be exact. The origin of coordinates is at the intersection of the meridian ninety-three degrees, thirty minutes west of Greenwich, and the parallel forty degrees,
zero minutes north latitude. This origin is given the coordinates: $x$ equals five hundred thousand meters exact and $y$ equals zero meters exact.

93 Acts, ch 50, §2; 93 Acts, ch 180, §78

355.18 Identification of geographic locations.

The plane coordinate values for a point on the earth’s surface used to express the geographic position or location of the point in the appropriate zone of the coordinate system shall consist of two distances expressed in meters and decimals of a meter. One of these distances, to be known as the “x-coordinate”, shall give the position in an east-and-west direction; the other, to be known as the “y-coordinate”, shall give the position in a north-and-south direction. These coordinates shall be made to depend upon and conform to plane rectangular coordinate values for the monumented points of the North American horizontal geodetic control network as published by the United States national ocean survey, or the United States national geodetic survey, or a successor agency. Any monumented point may be used for establishing a survey connection to the coordinate system.

93 Acts, ch 50, §3

355.19 Application of terms.

The use of the term “Iowa plane coordinate system north zone” or “Iowa plane coordinate system south zone” on a map, report of survey, or other document shall be limited to coordinates based on the Iowa plane coordinate system as defined in this subchapter.

If a prisoner who has been convicted of a criminal offense or sentenced for contempt of court for violation of a domestic abuse order fails to pay for the administrative costs, the room and board, or medical aid, the sheriff or municipality may file a reimbursement claim with the district court as provided in subsection 2. The county attorney may file the reimbursement claim on behalf of the sheriff and the county or the municipality. The attorney for the municipality may also file a reimbursement claim on behalf of the municipality. The sheriff or municipality may choose to enforce the claim in the manner provided in chapter 626. Once approved by the court, the claim for the amount owed by the person shall have the force and effect of a judgment for purposes of enforcement by the sheriff or municipality. However, irrespective of whether the judgment lien for the amount of the claim has been perfected, the claim shall not have priority over competing claims for child support obligations owed by the person.

1. For purposes of this section:
   a. “Governmental entity” means the state or a state department, division, commission, institution, or authority, an agency, city, county, or special district in this state established pursuant to law, and, except where otherwise indicated, also means the United States or a department, division, or agency of the United States, and an agency, commission, or authority established pursuant to an interstate compact or agreement.
   b. “Health insurance” means a policy, plan, contract, or other agreement providing health insurance, health care benefits, or health care services, provided by an entity including an insurance company offering sickness and accident plans, a health maintenance organization, a nonprofit health service corporation, or any other entity providing a plan of health insurance, health care benefits, or health care services. “Health insurance” includes but is not limited to private health insurance, Medicaid, and Medicare.
   c. “Other benefits” includes but is not limited to veterans administration benefits or other benefits for which the prisoner is eligible or entitled to pay for medical aid.
   d. “Prisoner” means an individual confined in a jail or municipal holding facility.
2. A prisoner has the primary responsibility for payment of the costs of required medical aid provided pursuant to section 356.5. Payment and reimbursement for medical aid provided to a prisoner shall be sought as follows:
   a. A governmental entity shall request available sources of health insurance or other benefits from a prisoner at the time of intake into a county jail or municipal holding facility.
If the governmental entity identifies health insurance or other benefits to which the prisoner is entitled, the governmental entity shall provide the health insurance or benefit information to a hospital or medical provider at the time the prisoner is presented at the hospital or medical provider or at the earliest possible opportunity.

b. A hospital or medical provider shall request available sources of health insurance or other benefits from the governmental entity and the prisoner at the time of intake at or admission of the prisoner into the hospital or medical provider. The hospital or medical provider shall utilize the health insurance or other benefits identified and shall seek payment for medical aid through the prisoner’s health insurance or other benefits prior to a request for reimbursement being presented to a governmental entity. If the prisoner is entitled to health insurance or other benefits to pay for the medical aid, any amounts not met by the prisoner’s health insurance or other benefits shall be the responsibility of the prisoner.

c. (1) If health insurance is denied or other benefits are not available to pay for medical aid provided to a prisoner, a hospital or medical provider shall submit any bill for reimbursement of medical aid to the governmental entity within sixty days of treatment or shall submit any written denial of coverage to the governmental entity within sixty days of receipt of the denial, whichever is applicable.

(2) The governmental entity shall submit the bill for reimbursement within thirty days of receipt of the bill and shall remit payment to the hospital or medical provider in the governmental entity’s next billing cycle.

(3) The hospital or medical provider shall be reimbursed by the governmental entity at the rate negotiated and agreed upon by the hospital or medical provider and the governmental entity. If a rate has not been agreed to, the governmental entity shall reimburse the hospital or medical provider the hospital’s or medical provider’s Medicaid rate for such treatment, regardless of the prisoner’s eligibility for Medicaid.

3. Except as provided in chapters 669 and 670, a governmental entity shall not be responsible for payment of the costs of any medical aid provided to a prisoner if such medical aid is provided after the prisoner is released from the custody of the governmental entity or when the individual is released on parole.

4. This section does not preclude a city or a county from seeking reimbursement from a prisoner for the costs of medical aid incurred by the city or county for the prisoner’s medical aid including as provided pursuant to section 356.7.

5. Notwithstanding any provision of this section to the contrary, payment for medical aid provided to a prisoner at a state-funded hospital shall be provided through state funds received by the hospital.

the transfer of a person sentenced and committed to the county jail to such a facility upon the judge’s own motion, the motion of the sentenced and committed person, or the motion of the sheriff. The original order of commitment or the order of transfer to the facility shall set forth the terms and conditions of the detention or commitment and that the detained or committed person shall abide by the terms and conditions of this chapter and the rules of the facility to which committed or transferred. The order shall be read to the detained, committed, or transferred person in open court. The committing court or a district judge may order a person who has been detained, committed, or transferred to such a facility to be transferred to the county jail if, upon hearing, the court determines the person has been refractory or disorderly, has willfully destroyed or injured any property in the facility, or has violated any of the terms and conditions of the order of detention, commitment, or transfer or the provisions of this chapter or the rules of the facility where the person was detained or committed. Any violations of the order of detention, commitment, or transfer shall further be punished as contempt of court pursuant to chapter 665. Section 719.4 is applicable to any person detained, committed, or transferred to a facility established and maintained pursuant to this chapter. The county or city to which the cause originally belonged is liable for the expense of the original detention, commitment, or transfer and the subsequent expenses of maintaining the person in the facility.

357.1 Definitions.
As used in this chapter, unless the context otherwise requires, “book”, “list”, “record”, or
“schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county
officer means the county system as defined in section 445.1.
2000 Acts, ch 1148, §1

357.1A Petition — limitation.
1. The board of supervisors of any county shall, on the petition of twenty-five percent or
more of the eligible electors residing in any proposed benefited water district, grant a hearing
relative to the establishment of the proposed water district. The petition shall set out the
following and any other pertinent facts:
   a. The need of a public water supply.
   b. The approximate district to be served.
   c. The approximate number of families in the district.
   d. The proposed source of supply.
   e. The type of service desired, whether domestic only or for fire protection and other uses.
2. The board of supervisors may, at its option, require a bond of the petitioners as provided
in section 468.9.
3. A benefited water district located wholly within the corporate limits of a city is not
subject to the provisions of this chapter.
4. Water services, other than water services provided as of April 1, 1987, shall not be
provided within two miles of the limits of a city except as provided in this section.
5. A benefited water district established under this chapter may give notice of intent to
provide water service to a new area within two miles of a city by submitting a water plan to
the city. The plan is only required to indicate the area within two miles of the city which
the benefited water district intends to serve. If the city fails to respond to the benefited
water district’s plan within ninety days of receipt of the plan, the benefited water district
may provide service in the area designated in the plan. The city may inform the benefited water district within ninety days of receipt of the plan that the city requires additional time or information to study the question of providing water service outside the limits of the city. If additional time or information is required, the city shall respond to the benefited water district’s plan within one hundred eighty days of receipt of the plan. In responding to the plan, the city may waive its right to provide water service within the areas designated for service by the benefited water district, or the city may reserve the right to provide water service in some or all of the areas which the benefited water district intends to serve. If the city reserves the right to provide water service within some or all of the areas which the benefited water district intends to serve, the city shall provide service within four years of receipt of the plan. This section does not preclude a city from providing water service in an area which is annexed by the city.

357.1B Combined water and sanitary district.

1. Upon receipt of a petition having the required signatories as provided in section 357.1A or 358.2, the board of supervisors shall grant a hearing relative to the establishment of a proposed combined water and sanitary district. The petition shall include the information required in sections 357.1A and 358.2 for proposed water districts and sanitary districts. The board of supervisors of the county in which the proposed combined district or largest part of the proposed combined district is located, shall have jurisdiction of the proceedings on the petition and the decision of a majority of the members of that board of supervisors is necessary for adoption. The orders of the board of supervisors made pursuant to this chapter and chapter 358 relating to the proposed combined district shall be kept as official records, but the records need not be published under section 349.16. An existing district may petition the board of supervisors to establish a combined water and sanitary district after the approval of a majority of the district electorate.

2. The board of supervisors having jurisdiction to establish the proposed combined water and sanitary district may proceed with its establishment under this chapter or chapter 358 in the same manner as a benefited water district or a sanitary district is separately established under those chapters. The differences between this chapter and chapter 358 including, but not limited to, the membership of the board of trustees, per diem, and maximum annual per diem, or a power or duty relating to rents, fees, taxation, or bonded indebtedness shall be resolved as a part of the petition submitted to the board of supervisors. Before becoming effective, a change in the membership, per diem, maximum annual per diem, or a power or duty relating to rents, fees, the levy of a tax, or the issuance of bonds, or other differences specified on the petition shall be submitted for the approval of the district electorate. However, the number of members, per diem, maximum annual per diem, or differences in powers and duties included in a combined district shall not be inconsistent with this chapter or chapter 358.

3. For the purpose of establishing, operating, or dissolving a combined water and sanitary district under this chapter and chapter 358, the term “benefited water district” includes combined water and sanitary district where applicable.

4. Water services and a water service plan prepared by the combined district are subject to approval by an affected city as provided in section 357.1A.

1. When in any proposed benefited water district, it is anticipated that the source of supply will be without the district, and not under its control, the board of supervisors shall instruct the engineer who is appointed to make the preliminary design and dummy assessment, to also obtain from the corporation or municipality which controls the proposed source of supply, a statement in writing, outlining the terms upon which water will be furnished to the district, or to the individuals within the district and on what terms in either case.
2. This preliminary proposal from the governing body of the source of supply shall be binding, and shall be in the nature of an option to purchase water by the district, or the individual within the same, if and when the proposed benefited water district shall have completed its construction, and is ready to use water. This proposal shall accompany and be a part of the engineer’s preliminary report to the board of supervisors.

357.8 Plat.
The said engineer shall prepare a preliminary plat showing the proper design in general outline, the size and location of the water mains, the general location of hydrants, if such
are included in said petition, valves and other appurtenances, and shall show the lots and parcels of land within the proposed district as they appear on the county auditor’s plat books, together with the names of the owners and the amount which it is estimated that such lot or parcel will be assessed.

[C39, §5526.08; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.8]

The proposal to approve or disapprove the improvement and the selection of candidates for trustees shall be presented at the same election. Notice of the election, including the time and place of holding the election, shall be given in the same manner as for the public hearing provided for in section 357.4. The vote shall be by ballot which shall state clearly the proposition to be voted upon, and any registered voter residing within the district at the time of the election may vote. The trustees and their successors shall give bond in the amount the board of supervisors may require, the premium of which shall be paid by the district which the trustees represent. Vacancies during a term may be filled by election, or by appointment by the board of supervisors, at the
option of the remaining trustees. The trustees must be residents of the district. The term of
succeeding trustees shall be for three years.
2. After the initial board of trustees is selected, a candidate for trustee shall be nominated
by a personal affidavit of the candidate or by petition of at least ten eligible electors of the

elections at least twenty-five days before the date of the election. The form of the candidate’s

357.15 Inadequate assessment.
When bids have been received, if it is apparent that the final assessment will need to be
increased more than ten percent over the preliminary assessment, the board of supervisors
shall, at its option, reject bids and readvertise for bids as provided herein, or reject bids and
revise the dummy assessment. If the dummy assessment is revised, another election shall be
held within the district in the same manner and with the same notices as the first, except that
the candidates for trustees shall not be voted for.
[C39, §5526.15; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.15]

357.16 Second election.
If the majority of the votes cast at said second election be in favor of said improvement, the

the second letting will not necessitate raising the second preliminary assessment more than
ten percent, the board may let the contract to the lowest responsible bidder.
[C24, 27, 31, 35, §5524; C39, §5526.16; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.16]

surety bond for one hundred percent of the contract price, guaranteeing completion of
the work in accordance with the plans and specifications, and for maintenance, including
backfilling, for one year after the final acceptance of the work.
2. If the contractor fails to complete the work as provided in the contract, abandons the
work, or fails to proceed in a reasonable manner toward its final completion, the board may
proceed against the contractor and surety as provided in sections 468.104 and 468.105.

357.18 Acceptance of work.
When in the opinion of the engineer in charge, the construction in any benefited water
district has been completed in accordance with the plans, specifications, and contract, the
engineer shall certify this fact to the board of supervisors, and recommend the acceptance
§357.18, WATER DISTRICTS

of the work by the said board. The board of supervisors shall proceed in accordance with sections 468.101 and 468.102.
[C39, §5526.18; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.18]

357.19 Completing assessment.

After the final acceptance of the work by the board of supervisors, the engineer shall complete the final assessment, which shall be made on all the property within the district, whether abutting or not, for an amount approximately ten percent greater than the total cost of the project. The assessment shall not exceed benefits conferred and shall take into consideration the location and value of the property assessed. Where a pipe in excess of six inches in diameter is used, the assessment against the abutting property shall be limited to the cost of a six-inch pipe, and the difference between the cost of the pipe used and a six-inch pipe shall be paid by a uniform assessment against all benefited property within the water district. The final assessment on any lot or parcel of land shall not exceed the final preliminary assessment by more than ten percent, and shall in no case exceed twenty-five percent of the actual value of the property. The board of supervisors may alter an assessment to increase or decrease it within the limits outlined above, and must approve by resolution the final assessment as made.
[C24, 27, 31, 35, §5522; C39, §5526.19; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.19]

357.20 Due date — bonds.

Assessments of five hundred dollars or less will come due at the first taxpaying date after the approval of the final assessment, and assessments of more than five hundred dollars may be paid in ten annual installments with interest on the unpaid balance at a rate not exceeding that permitted by chapter 74A. The board of supervisors shall issue bonds against the completed assessment in an amount equal to the total cost of the project, so that the amount of the assessment will be approximately ten percent greater than the amount of the bonds.
Referred to in §357.35

357.21 Substance of bonds.

Each of such bonds shall be numbered, and have printed upon its face that it is a benefited water district bond, stating the county and the number of the district for which it is issued, and the date of maturity; that it is in pursuance of a resolution of the board of supervisors, and that it is to be paid for only from special assessment theretofore levied and taxes levied as hereinafter provided for that purpose within the said district for which the bond is issued. The provisions of sections 468.76 and 468.78 shall govern the issuance of these bonds except that the contractor will not be paid anything on the work until its completion and final acceptance.
[C39, §5526.21; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.21] Referred to in §357.35

357.22 Lien of assessments — tax.

When the assessment has been completed, the bonds have been sold and delivered to the county auditor, and the schedule of assessment has been delivered to the county treasurer, the installments due thereon shall be collected in the same manner as ordinary taxes and shall constitute a lien on the property against which they are made. If the treasurer does not receive sufficient funds to enable the treasurer to pay the interest and retire the bonds as they become due, the auditor shall levy an annual tax of eighty-one cents per thousand dollars of assessed value of all taxable property within the district to pay such deficiency, and the county treasurer shall apply the proceeds of such levy to the payment of the bonds and the interest on the same so long as the bonds are in arrears on either interest or principal.
[C24, 27, 31, 35, §5525; C39, §5526.22; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.22] 2010 Acts, ch 1118, §8
Referred to in §331.559, 357.35
357.23 Surplus.
The board of supervisors shall be required to levy the annual tax of eighty-one cents per thousand dollars of assessed value of taxable property so long as the bonds are in arrears.

Referred to in §357.35

357.24 Fee of engineer.
The fee for engineering services shall be fixed by the board of supervisors and the engineer may be paid either a percentage or a per diem, from proceeds of the bond sale or by cash from the contractor, if the contractor takes bonds in settlement for the contractor's work under the contract.
[C39, §5526.24; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.24]

357.25 Management by trustees.
After the final acceptance of the work by the board of supervisors, the management of the utility shall automatically go to the three trustees previously appointed by the board of supervisors. The trustees of a benefited water district located in a county with a population of two hundred fifty thousand or less shall have power to levy an annual tax not to exceed thirteen and one-half cents per thousand dollars of assessed value of all taxable property in the district, for the maintenance of the system. However, the trustees of a benefited water district located in a county with a population of more than two hundred fifty thousand may levy an annual tax on the taxable value of all taxable property in the district in an amount as may be necessary for the maintenance of the system, with the approval of the board of supervisors. It is anticipated that this chapter will usually be utilized to finance a distribution system where the source of supply is without the district, and not under its control, and that individuals within the district will pay water rent to a municipality or corporation without the district. It is intended that the trustees may so operate the utility as will best serve the users, and they are expressly authorized to buy and sell water, to fix the rates to consumers and make all contracts reasonable or necessary to accomplish the purpose of this chapter and to carry on all the operations incident to maintaining and operating said utility and to the procuring and furnishing of water to the consumers therein. If the development of a source of supply is within the means of the district, the trustees may install wells, tanks, meters and any other equipment properly pertaining to operate it.

Upon acceptance, the district, including the plant and distribution system, as well as all funds and credits shall become the property of said city and be operated and used by it to the same extent as if acquired under such provisions of law under which said city is then operating its waterworks. Also, the offices of the trustees as provided in this chapter shall be abolished upon acceptance by the city and their duties as such shall immediately cease.

In the case of districts with bonded indebtedness, a subarea of the new single district with a boundary identical to each indebted district shall be designated and taxed in accordance with sections 357.22 and 357.23. When all bonds have been retired, the subarea shall cease to exist. In the case of districts with a surplus cash balance, all funds and credits shall become the property of the single district and used by it to the same extent as if acquired under the provisions of section 357.26. Upon establishment of the single district by the board of supervisors, a resolution shall be passed either appointing three trustees or designating the board of supervisors as the trustees for the single district.    b. There shall be filed with the petition a bond with sureties approved by the auditor, or a certified check, credit union certified share draft or cash in an amount sufficient for the payment of all costs and expenses incurred in the proceedings if the district is not finally established.
2. The petition shall be signed by the owners of at least thirty percent of all real property lying within the outside perimeter of the area designated for inclusion in the proposed district, and shall state:
   a. The location of the area, describing such area to be served or specifying the area by an attached map.
   b. The reasons a district is needed.
   c. A new water service plan describing the cost feasibility and estimated construction schedules.

3. Water services, other than water services provided as of April 1, 1987, shall not be provided within two miles of the limits of a city by a rural water district incorporated under this chapter except as provided in this section. Except as otherwise provided in this chapter, a rural water association shall not provide water services within two miles of a city, other than water services provided as of July 1, 2014.

4. a. A rural water district or rural water association may give notice of intent to provide water service to a new area within two miles of a city by submitting a water plan to the city. The city may inform the district or association within seventy-five days of receipt of the plan that the city requires additional time or information to study the question of providing water service outside the limits of the city. If additional time or information is required, the city shall respond to the plan by certified mail within one hundred sixty-five days of receipt of the plan.

   d. (1) In responding to the plan, the city may affirmatively waive its right to provide water service within the areas designated for water service by the rural water district, or the city may reserve the right to provide water service in some or all of the areas which the district or association intends to serve.

If the city fails to provide notice to the district or association, the district or association may provide service in accordance with this paragraph “d”, regardless of whether the district or association has received such notice.

Any remaining balance shall be applied as a tax credit for the property owners of the district. However, except as provided in subsection 2, if all or a part of a district is annexed, the board of supervisors may transfer the remaining property and balance to the city which annexed the territory. The board of supervisors shall continue to levy an annual tax during the time the district is being dissolved and after the dissolution of a district, to not exceed sixty and three-fourths cents per thousand dollars of assessed value of the taxable property of the district, until all outstanding obligations of the district are paid. 2. Certificates may be issued with respect to a single improvement project or multiple projects and may contain terms or conditions as the board of trustees may provide by resolution authorizing the issuance of the certificates. However, certificates, including certificates to refund outstanding certificates under subsection 3, shall not be issued if the maturity date of the certificates would be after the date the rural improvement zone is, at the time of issuing the certificates, to be dissolved by law under section 357H.10.
3. Certificates issued to refund other certificates may be sold at public sale or at private sale as provided in this section with the proceeds from the sale to be used for the payment of the certificates being refunded. The refunding certificates may be exchanged in payment and discharge of the certificates being refunded, in installments at different times, or an entire issue or series at one time. Refunding certificates may be sold or exchanged at any time on, before, or after the maturity of the outstanding certificates to be refunded, may be issued for
the purpose of refunding a like, greater, or lesser principal amount of certificates, and may bear a rate of interest higher or lower than, or equivalent to, the rate of interest on certificates being renewed or refunded.

4. To further secure the payment of the certificates, the board of trustees shall, by resolution, provide for the assessment of an annual levy of a standby tax upon all taxable property within the rural improvement zone. The rate of the standby tax shall be not less than fifty cents per thousand dollars of the assessed value of the taxable property and not more than two dollars and fifty cents per thousand dollars of the assessed value of the taxable property. A copy of the resolution shall be sent to the county auditor. The revenues from the standby tax shall be deposited in a special fund and shall be expended only for the payment of principal of and interest on the certificates issued as provided in this section, when the receipt of tax revenues pursuant to section 357H.9 is insufficient. If payments are necessary and made from the special fund, the amount of the payments shall be promptly repaid into the special fund from the first available payments received which are not required for the payment of principal of or interest on certificates due. No reserves may be built up in the special fund in anticipation of a projected default. The board of trustees shall adjust the annual standby tax levy for each year to reflect the amount of revenues in the special fund and the amount of principal and interest which is due in that year.

5. Before certificates, contracts, or other obligations are issued or entered into, the board of trustees shall publish a notice of its intention, stating the amount, the purpose, and the improvement project or projects for which the certificates, contracts, or other obligations are to be issued or entered into. A person may, within fifteen days after the publication of the notice, appeal the decision of the board of trustees in proposing to issue the certificates or to enter into the contracts or other obligations to the district court in the county in which the rural improvement zone exists. The action of the board of trustees in determining to issue the certificates or to enter into the contracts or other obligations is final and conclusive unless the district court finds that the board of trustees has exceeded its legal authority. An action shall not be brought which questions the legality of the certificates, contracts, or other obligations, the power of the board of trustees to issue the certificates or to enter into the contracts or other obligations, the effectiveness of any proceedings relating to the authorization of the project, or the authorization and issuance of the certificates or entrance into the contracts or other obligations after fifteen days from the publication of the notice of intention to issue certificates or enter into contracts or other obligations.

6. The board of trustees shall determine if revenues are sufficient to secure the faithful performance of obligations.

Referred to in §357H.10

357H.9 Incremental property taxes.

1. a. The board of trustees shall provide by resolution that taxes levied on the taxable property in a rural improvement zone each year by or for the benefit of the state, city, county, school district, or other taxing district after the effective date of the resolution shall, except as provided in this section, be divided as provided in section 403.19, subsections 1 and 2, in the same manner as if the taxable property in the rural improvement zone was taxable property in an urban renewal area and the resolution was an ordinance within the meaning of those subsections. The taxes received by the board of trustees shall be allocated to, and when collected be paid into, a special fund and may be irrevocably pledged by the trustees to pay the principal of and interest on the certificates, contracts, or other obligations approved by the board of trustees to finance or refinance, in whole or in part, an improvement project.

b. (1) For fiscal years beginning on or after July 1, 2016, when calculating the amount of taxes subject to the division of taxes in a rural improvement zone established on or after July 1, 2004, if the assessed value of the taxable property in the rural improvement zone used to calculate the amount of taxes under section 403.19, subsection 1, is less than the greater of the base year taxable value and fifty percent of the assessed value of the taxable property in the rural improvement zone used to calculate the total amount of property taxes in the rural improvement zone for the fiscal year in which the taxes are due and payable,
the assessed value used to calculate the amount of taxes under section 403.19, subsection 1, shall be increased for that fiscal year until the amount is equal to the greater of the base year taxable value and fifty percent of the assessed value used to calculate the total amount of property taxes in the rural improvement zone for the fiscal year in which the taxes are due and payable.

(2) However, for the period of ten consecutive fiscal years beginning with the first fiscal year in which the zone receives revenue from a division of taxes under this section, the division of taxes authorized under this section shall be calculated subject to the provisions of subparagraph (1), except that any references to fifty percent in subparagraph (1) shall be forty percent.

c. For fiscal years beginning on or after July 1, 2016, when calculating the amount of taxes subject to the division of taxes in a rural improvement zone established before July 1, 2004, if the assessed value of the taxable property in the rural improvement zone used to calculate the amount of taxes under section 403.19, subsection 1, is less than the greater of the base year taxable value and sixty percent of the assessed value of the taxable property in the rural improvement zone used to calculate the total amount of property taxes in the rural improvement zone for the fiscal year in which the taxes are due and payable, the assessed value used to calculate the amount of taxes under section 403.19, subsection 1, shall be increased for that fiscal year until the amount is equal to the greater of the base year taxable value and sixty percent of the assessed value used to calculate the total amount of property taxes in the rural improvement zone for the fiscal year in which the taxes are due and payable.

d. (1) In lieu of the valuation adjustments required under section 403.20, this paragraph “d” shall be used in determining the assessed value of property within a rural improvement zone that is subject to a division of taxes in the manner provided in section 403.19.

(2) The difference between the actual value of the property as determined by the assessor each year and the percentage of adjustment certified for that year by the director of revenue on or before November 1 pursuant to section 441.21, subsection 9, multiplied by the actual value of the property as determined by the assessor, shall be subtracted from the actual value of the property as determined pursuant to section 403.19, subsection 1.

(3) If the assessed value of the property as determined pursuant to section 403.19, subsection 1, is reduced to zero due to the reduction under subparagraph (2), or if the reduction in the assessed value is limited by operation of paragraph “b” or “c”, the additional valuation reduction shall be subtracted from the actual value of the property as determined by the assessor.

(4) If the actual value of the property as determined by the assessor is reduced to zero due to the reduction under subparagraph (3), the remaining valuation reduction, notwithstanding the limitation in paragraph “b” or “c”, shall be subtracted from the assessed value of the property as determined pursuant to section 403.19, subsection 1.

e. The board of trustees may enter into an agreement with the board that modifies the allocation of the taxes levied in the rural improvement zone. Such an agreement shall not, however, provide an allocation to the other taxing districts that is less than the amount of taxes resulting from application of paragraph “b” or “c”, as applicable.

f. As used in this section:

(1) “Base year taxable value” means the actual value of the property as determined in section 403.19, subsection 1, multiplied by the percentage of adjustment certified for the assessment year specified in section 403.19, subsection 1, by the director of revenue on or before November 1 pursuant to section 441.21, subsection 9.

(2) “Taxes” includes but is not limited to all levies on an ad valorem basis upon land or real property located in the rural improvement zone.

2. a. Each board of trustees that has by resolution provided for a division of taxes in the rural improvement zone during the most recently ended fiscal year shall complete and file with the department of management a tax increment financing report by December 1 following the end of such fiscal year. The report shall be approved by the affirmative vote of a majority of the board of trustees and be prepared in the format and submitted electronically
pursuant to the instructions prescribed by the department of management in consultation with the legislative services agency.

b. The report required under this subsection shall include substantially the same information required for counties under section 331.403, subsection 3, as of June 30 of the most recently ended fiscal year or the information for such fiscal year, as applicable.

c. By December 1, 2012, the department of management shall make publicly available on an internet site a searchable database of all such information contained in the reports required under this subsection. Reports from previous years shall be retained by the department and shall continue to be available and searchable on the internet site.

d. A board of trustees that fails to satisfy the requirements of this subsection shall have all future incremental taxes withheld from payment into the rural improvement zone’s special fund until such requirements are met.

2. A rural improvement zone is subject to annual audit by the auditor of state. In lieu of an audit by the auditor of state, the rural improvement zone may contract with or employ a certified public accountant to conduct the audit pursuant to the applicable terms and conditions prescribed by sections 11.6, 11.14, 11.19, and 11.41. The audit format shall be as prescribed by the auditor of state. The rural improvement zone shall pay all expenses incurred by the auditor of state in conducting an audit under this section.

357H.10 Dissolution of zone.

1. Prior to the date required for dissolution under subsection 2, a rural improvement zone may be dissolved upon the adoption of a resolution of the board of trustees which specifies that all improvements have been made in the zone, the need for the zone, as identified under section 357H.2, subsection 1, has been satisfied, and all indebtedness has been paid.

2. a. Unless dissolved by resolution of the board of trustees under subsection 1, or an extension is approved under paragraph “b”, each rural improvement zone is dissolved on June 30, 2019, or twenty years after the first day of the fiscal year following the fiscal year in which the zone first receives revenue from the division of taxes under section 357H.9, whichever date is later.

b. The date required under this subsection for dissolution of a rural improvement zone may be extended by resolution of the board adopted prior to the date required for dissolution under paragraph “a” or a date prior to the date to which the rural improvement zone was previously extended by the board under this paragraph “b” or by operation of law under subparagraph (1). Each extension approved by the board under this paragraph “b” shall be for a period of twenty years. Prior to approval of an extension by the board under this paragraph “b”, all of the following requirements shall be met:

(1) Not more than forty-eight months nor less than thirty-six months prior to the date required for dissolution, the board of trustees shall file a written request with the board for an extension of the zone’s dissolution date. The request shall state the improvements needed in the rural improvement zone beyond the dissolution date otherwise required under this section. The board shall, within ninety days after receiving the request, either adopt a resolution granting the twenty-year extension without further proceedings or notify the board of trustees in writing of the board’s intent to review the zone’s dissolution date under subparagraphs (2) through (4). The board may, as part of its notice to the board of trustees, request a report prepared by a licensed professional engineer containing all of the information required under section 357H.2, subsection 1. If the board fails to either approve the extension by resolution or notify the board of trustees of the board’s intent to review the
zone’s dissolution date under subparagraphs (2) through (4) within the ninety-day period, the request for a twenty-year extension shall be deemed approved.

(2) Following receipt of the board’s notice of intent to review and not less than twenty-four months prior to the date required for dissolution, the board of trustees shall, if requested by the board under subparagraph (1), submit to the board a report prepared by a licensed professional engineer that includes the information required under section 357H.2, subsection 1, paragraph “a”. If the board determined that the engineer’s report does not substantially meet the requirements of section 357H.2 or that additional relevant information is needed, the board may, within thirty days of the date the request was filed under subparagraph (1), request additional information from the board of trustees. The board shall be limited to one request for additional information.

(3) Not more than sixty days after receiving the engineer’s report required or the additional information requested under subparagraph (2), whichever is later, the board shall hold a public hearing to determine the need for improvements in the rural improvement zone. Notice of hearing shall be given by publication as provided in section 331.305. Holding a public hearing pursuant to this subparagraph is not dispositive of the approval or denial of a request for an extension of the dissolution date by the board under this chapter.

(4) Within thirty days after the public hearing, the board shall either find a need for improvements in the rural improvement zone and adopt a resolution approving the twenty-year extension or find that the area is no longer in need of improvements. If the board fails to either approve or deny the extension within the thirty-day period, the request for a twenty-year extension is deemed approved.

3. Upon dissolution of the zone, all assets shall be deeded or otherwise transferred to a nonprofit corporation whose members are property owners of the improvement zone.

4. Upon dissolution of the zone, the collection of the property tax authorized under section 357H.8, subsection 4, and the division of taxes authorized under section 357H.9 shall cease immediately.

358.20 Rentals and charges.

1. Any sanitary district may by ordinance establish just and equitable rates, charges, or rentals for the utilities and services furnished by the district to be paid to the district by every person, firm, or corporation whose premises are served by a connection to the utilities
and services directly or indirectly. The rates, charges, or rentals, as near as may be in the
judgment of the board of trustees of the district, shall be equitable and in proportion to the
services rendered and the cost of the services, and taking into consideration in the case of the
premises the quantity of sewage produced thereby and its concentration, strength, and
pollution qualities. The board of trustees may change the rates, charges, or rentals from
time to time as it may deem advisable, and by ordinance may provide for collection. The
board may contract with any municipality within the district, whereby the municipality may
collect or assist in collecting any of the rates, charges, or rentals, whether in conjunction with
water rentals or otherwise, and the municipality may undertake the collection and render
the service. The board of trustees may also contract pursuant to chapter 28E with one or
more city utilities or combined utility systems, including city utilities established pursuant to
chapter 388, for joint billing or collection, or both, of combined service accounts for sanitary
district services and utility services, and the contracts may provide for the discontinuance of
one or more of the sanitary district services or water utility services if a delinquency occurs in
the payment of any charges billed under a combined service account. The rates, charges,
or rentals, if not paid when due, shall constitute a lien upon the real property served by a
connection. The lien shall have equal precedence with ordinary taxes, may be certified to the
county treasurer and collected in the same manner as taxes, and is not divested by a judicial
sale.

2. If the delinquent rates or charges were incurred prior to the date a transfer of the
property or premises in fee simple is filed with the county recorder and such delinquencies
were not certified to the county treasurer prior to such date, the delinquent rates or charges
are not eligible to be certified to the county treasurer. If certification of such delinquent rates
or charges is attempted subsequent to the date a transfer of the property or premises in fee
simple is filed with the county recorder, the county treasurer shall return the certification to
the sanitary district attempting certification along with a notice stating that the delinquent
rates or charges cannot be made a lien against the property or premises.

3. Sewer rentals, charges, or rates may supplant or replace, in whole or in part, any
monetary levy of taxes which may be, or have been, authorized by the board of trustees for
any of the following purposes:

a. To meet interest and principal payments on bonds legally authorized for the financing
of sanitary utilities in any manner.

b. To pay costs of the construction, maintenance, or repair of such sanitary facilities or
utilities, including payments to be made under any contract between municipalities for either
the joint use of sewerage or sewage facilities, or for the use by one municipality of all or a
part of the sewerage or sewer system of another municipality.

resolutions providing for monetary levy of taxes against real and personal property for such
purposes, or the portion thereof replaced, may be repealed.

§358.21 Debt limit — borrowing — bonds — purposes.

1. a. Any sanitary district organized under this chapter may borrow money for its
 corporate purposes, but shall not become indebted in any manner or for any purpose to
 an amount in the aggregate exceeding five percent on the value of the taxable property
 within such district, to be ascertained by the last state and county tax lists previous to
 the incurring of such indebtedness. Indebtedness within this constitutional limit shall not
 include the indebtedness of any other municipal corporation located wholly or partly within
 the boundaries of such sanitary district.

b. Subject only to the debt limitation described in paragraph “a”, any sanitary district
 organized under this chapter shall have and it is hereby vested with all of the same powers to
issue bonds, including both general obligation and revenue bonds, which cities now or may hereafter have under the laws of this state. In the application of such laws to this chapter, the words used in any such laws referring to municipal corporations or to cities shall be held to include sanitary districts organized under this chapter, the words “council” or “city council” shall be held to include the board of trustees of a sanitary district; the words “mayor” and “clerk” shall be held to include the president and clerk of any such board of trustees or sanitary district; and like construction shall be given to any other words in such laws where required to permit the exercise of such powers by sanitary districts.

2. Any and all bonds issued under the provisions of this section shall be signed by the president of the board of trustees and attested by the clerk, with the seal of the district, if any, affixed, and interest coupons attached thereto shall be attested by the signature of the clerk.

3. The proceeds of any bond issue made under the provisions of this section shall be used only for the purpose of acquiring, locating, laying out, establishing and construction of drainage facilities, conduits, treatment plants, pumping plants, works, ditches, channels and outlets of such capacity and character as may be required for the treatment, carrying off and disposal of the sewage and industrial wastes and other drainage incidental thereto of such district, or to repair, change, enlarge and add to such facilities as may be necessary or proper to meet the requirements present and future for the purposes aforesaid. Proceeds from such bond issue may also be used for the payment of special assessment deficiencies. Said bonds shall be payable in not more than forty annual installments and with interest at a rate not exceeding that permitted by chapter 74A, and shall be made payable at such place and be of such form as the board of trustees shall by resolution designate. Any sanitary district issuing bonds as authorized in this section is hereby granted authority to pledge the future avails of a tax levy to the payment of the principal and interest of such bonds after the same come due, and the power to impose and certify said levy is hereby granted to the trustees of sanitary districts organized under the provisions of this chapter.

358.22 Special assessments and connection fees.

1. The board of trustees of a sanitary district may provide for payment of all or any portion of the costs of acquiring, locating, laying out, constructing, reconstructing, repairing, changing, enlarging, or extending conduits, ditches, channels, outlets, drains, sewers, laterals, treatment plants, pumping plants, and other necessary adjuncts thereto, by assessing all, or any portion of the costs, on adjacent property according to the benefits derived. For the purposes of this chapter, the board of trustees may define “adjacent property” as all that included within a designated benefited district or districts to be fixed by the board, which may be all of the property located within the sanitary district or any lesser portion of that property. It is not a valid objection to a special assessment that the improvement for which the assessment is levied is outside the limits of the sanitary district, but a special assessment shall not be made upon property situated outside of the sanitary district. Special assessments pursuant to this section shall be in proportion to the special benefits conferred upon the property, and not in excess of the benefits, and an assessment shall not exceed twenty-five percent of the value of the property at the time of levy. The value of a property is the present fair market value of the property with the proposed public improvements completed. Payment of installments of a special assessment against property used and assessed as agricultural property shall be deferred upon the filing of a request by the owner in the same manner and under the same procedures as provided in chapter 384 for special assessments by cities.

2. The assessments may be made to extend over a period not to exceed fifteen years, payable in as nearly equal annual installments as practicable. A majority vote of the board of trustees is requisite and sufficient for any action required by the board of trustees under this section.

3. Subject to the limitations otherwise stated in this section, a sanitary district organized under this chapter has all of the powers to specially assess the costs of improvements

1. After three years from the establishment of a sanitary district, a petition may be filed in the office of the county auditor, addressed to the board of supervisors, signed by a majority of persons owning land in the district and who in aggregate own at least sixty percent of the land in the district. The petition shall include the above facts and recite each of the following:

   c. That a construction contract has not been let or work done on any improvements in the district or if either has occurred, the petition shall contain a plan of dissolution which makes adequate provisions for payment of the contract price or for the work.

2. All costs and expenses of the district shall be assessed against the district before dissolution by the levy of an annual tax necessary to accomplish payment, but the levy shall not exceed the rate provided in this section.

3. The board shall examine the petition at its next meeting after its filing or within twenty days of the filing, whichever date is earlier. Within ten days of the meeting, the board shall publish notice of the petition and the date, time, and place of the meeting at which time the board proposes to take action on the petition. The notice shall be published in a newspaper of general circulation published in the district and, if no newspaper is published within the district, in a newspaper published in the county in which the major part of the district is located. The dissolution order shall be noted by the auditor on the county records, showing the date when the dissolution became effective.

5. The records of a dissolved district including, but not limited to, copies of all engineering files and work undertaken by engineers of a dissolved district, shall be deposited with the county auditor of the county designated by the board. Any remaining balances shall be deposited in the general fund of the county designated by the board. All other assets of the dissolved district shall become, by dissolution, assets of the county.

6. An action shall not be commenced to contest action of the board of supervisors under this section in adjudicating claims, providing for the levy of a tax, or dissolving the district unless it is brought within thirty days of the entry of the dissolution order on the county record.

358C.1 Legislative findings — purpose — definitions.
1. The general assembly finds and declares as follows:
a. The economic health and development of Iowa communities is tied to opportunities for jobs in and near those communities and the availability of jobs is in part tied to the availability of affordable, decent housing in those communities.
b. A need exists for a program to assist developers and communities in increasing the availability of housing in Iowa communities.

c. A shortage of opportunities and means for developing local housing exists. It is in the best interest of the state and its citizens for infrastructure development which will lower the costs of developing housing.

d. The expansion of local housing is dependent upon the cost of providing the basic infrastructure necessary for a housing development. Providing this infrastructure is a public purpose for which the state may encourage the formation of real estate improvement districts for the purpose of providing water, sewer, roads, and other infrastructure.

2. As used in this chapter, unless the context otherwise requires:

a. “Board” means the board of trustees of a real estate improvement district.

b. “Book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.

c. “Construction” includes materials, labor, acts, operations, and services necessary to complete a public improvement.

d. “Cost” of a public improvement includes the cost of engineering, preliminary reports, property valuations, estimates, plans, specifications, notices, legal services, acquisition of land, consequential damages, easements, rights-of-way, construction, repair, supervision, inspection, testing, notices and publication, interest during construction and for not more than twelve months thereafter, and printing and sale of bonds.

e. “District” means a real estate improvement district as created in this chapter.

f. “Public improvement” includes the principal structures, works, component parts, and accessories of the facilities or systems specified in section 358C.4.

g. “Repair” includes materials, labor, acts, operations, and services necessary for the reconstruction, reconstruction by widening, or resurfacing of a public improvement.

2. All of the owners having an interest in the real property within the limits of a proposed district may file a petition in the office of county auditor of the county in which the proposed district or a major part of the proposed district is located, requesting that the proposed district be organized as a real estate improvement district as provided in this chapter.

3. Only areas of contiguous territory may be incorporated within a district. The petition shall be addressed to the board of supervisors if all or part of the proposed district includes territory located outside the boundaries of a city, shall be submitted to the board of supervisors before it is filed with the county auditor, and shall set forth the following information:

a. The name of the district.

b. The district shall have perpetual existence.

5. The petition shall also state that the owners of real estate who are forming the proposed district waive any objections to a subsequent annexation by a city.

6. The petition shall propose the names of three or more trustees who shall be owners of real estate in the proposed district or the designees of owners of property in the proposed district, to serve as a board of trustees until their successors are elected and qualified if the district is organized. A district issuing bonds as authorized in this section is granted authority to pledge the future avails of a tax levy to the payment of the principal and interest of the bonds after the same come due, and the power to impose and certify the levy is granted to the trustees of real estate improvement districts organized under this chapter.

95 Acts, ch 200, §16; 96 Acts, ch 1204, §6

358C.17 Special assessments.

1. The board of trustees of a real estate improvement district may provide for payment of all or any portion of the costs of a public improvement as specified in sections 358C.1 and 358C.4, by assessing all, or any portion of, the costs on adjacent property according to the benefits derived. For the purposes of this chapter, the board of trustees may define “adjacent property” as all that included within a designated benefited district to be fixed by the board, which may be all of the property located within the real estate improvement district or any lesser portion of that property. It is not a valid objection to a special assessment that the improvement for which the assessment is levied is outside the limits of the district, but a special assessment shall not be made upon property situated outside of the district. Special assessments pursuant to this section shall be in proportion to the special benefits conferred upon the property, and not in excess of the benefits. The value of a property is the present fair market value of the property with the proposed public improvements completed. Payment of installments of a special assessment against property shall be made in the same manner and under the same procedures as provided in chapter 384 for special assessments by cities. Notwithstanding the provisions of section 384.62, the combined assessments against any lot for public improvements included in the petition creating the real estate improvement district or as authorized in section 358C.4 shall not exceed the valuation of that lot as established by section 384.46.

2. The assessments may be made to extend over a period not to exceed fifteen years, payable in as nearly equal annual installments as practicable. A majority vote of the board of trustees is requisite and sufficient for any action required by the board of trustees under this section.

3. Subject to the limitations otherwise stated in this section, a district organized under this chapter has all of the powers to specially assess the costs of improvements described in this section, including the power to issue special assessment bonds, warrants, project notes, or other forms of interim financing obligations, which cities have under the laws of this state.

4. A special assessment under this section shall be recorded in the county in which the district is located for each lot in the district.

5. Notwithstanding section 384.65, subsection 5, a district shall have a lien on the benefited property only in the amount of special assessment installments that have come due but have not been paid. The district shall not have a lien for the total amount of the special assessment originally levied against the benefited property. A lien, including, but not limited to, a lien for a mortgage for the construction or the purchase of housing on property benefited by improvements and against which a special assessment is levied under this chapter, shall have precedence over a special assessment which has been levied by the district but is not due. A district’s lien shall only be in the amount of installments whose due dates have passed without payment, along with all interest and penalties on the delinquent installments. The district’s lien for delinquent installments, interest, and penalties shall have equal precedence with ordinary taxes and shall not be divested by judicial sale. Any
remaining special assessment installments that have not become due shall not be divested by judicial sale and shall become a lien when the special assessment installments become due.

§358C.18 Additional territory.

1. The district may be enlarged and additional territory annexed to the district by either of the following methods:

   a. By petitions signed by the owners of all the property to be annexed to the district. If a petition requesting annexation is presented to the trustees and approved by the trustees the change in the boundaries to include the additional area shall be certified by the clerk of the district to the county auditor in which the greater portion of the district is located and thereafter the district shall include the area thus annexed.

   b. By a petition filed with the clerk of the district, signed by persons owning not less than fifty percent of the area to be annexed, but not signed by persons owning all the area requested to be annexed. On the filing of the petition, the trustees of the district shall fix a time and place for a hearing on the petition and give notice of the hearing, as provided in section 331.305, and by certified mail to the record owners of all persons owning land within the territory sought to be annexed, not less than ten days prior to the date of the hearing, if the address of the owners is known or can be ascertained by reasonable diligence by the trustees. At the hearing, any person owning property within the area proposed to be annexed or any person owning property or residing within the district may appear and be heard. If, after the hearing, the board of trustees determines that annexation of the additional area will be conducive to the public health, convenience, and welfare and will not be an undue burden on the district, the board of trustees may, by resolution, annex the additional area and fix the boundary which shall not include more than the area requested in the petition. A copy of the resolution shall be filed with the county auditor of the county in which the largest portion of the district is located and thereafter the area included by the resolution shall be a part of the district.

2. All property, from and after it is annexed to the district, shall be subject to all taxes and other burdens levied by the district, regardless of when the obligation for which the taxes or assessments are levied was incurred.

95 Acts, ch 200, §18

§358C.19 Annexation by a city.

When a city or real estate improvement district proposes that the district be annexed by the city, either wholly or partially, an owner of property in the district shall not object to the annexation if a city annexes all the territory within the boundaries of a real estate improvement district, the district shall merge with the city and the city shall succeed to all the property and property rights of every kind, contracts, and obligations, held by or belonging to the district, and the city shall be liable for and recognize, assume, and carry out all valid contracts and obligations of the district. The city may assume and provide for the payment of the obligations of any bonds of the district by issuing general obligation, special assessment, or revenue refunding bonds which may be sold at public or private sale or exchanged for outstanding bonds. General obligation bonds of the city may be issued to refund special assessment and revenue obligations if the governing body of the city determines that it is in the best interest of the city. The refunding of these obligations shall constitute an essential corporate purpose under section 384.24. All taxes, assessments, claims, and demands of every kind due or owing to the district shall be paid to and collected by the city. Any special assessments which the district was authorized to levy, assess, reclassify, or reclassify, but which were not levied, assessed, relevied, or reassessed, at the time of the merger, for improvements made by the district or in the process of construction or contracted for may be levied, assessed, relevied, or reassessed by the annexing city to the same extent as the district may have levied or assessed but for the merger. However, this section does not authorize the annexing city to revoke any resolution, order, or finding made by the district in regard to special benefits or increase any assessments made by the district,
but the city shall be bound by all findings or orders and assessments to the same extent as the district would be bound. Also, a district shall not levy any special assessments after the effective date of the annexation.

95 Acts, ch 200, §19

358C.20 Effective date of merger.
The merger shall be effective thirty days after the effective date of the ordinance annexing the territory within the district. However, if the validity of the ordinance annexing the territory is challenged by a court proceeding, the effective date of the merger shall be thirty days after the final determination of the validity of the ordinance. The trustees of a district shall continue in possession and conduct the affairs of the district until the effective date of the merger, but shall not during the period levy any special assessments after the effective date of annexation.

95 Acts, ch 200, §20

358C.21 Dissolution of district.
When a majority of the board of trustees of a district desire that the district be wholly dissolved, the trustees shall first propose a resolution declaring the advisability of the dissolution and setting out the terms and conditions of the dissolution, and also setting out the time and place when the board of trustees shall meet to consider the adoption of the resolution. Notice of the time and place when the resolution shall be set for consideration shall be published as provided in section 331.305, which publication shall contain the entire wording of the proposed resolution. If any part of the district lies within the area of the jurisdiction of a city, then the trustees shall mail a copy of the proposed resolution to the city on the date of first publication of the resolution. At the hearing the owners of property within the district, or a city if any part of the district lies within the city, may appear and make objections to the proposed resolution. If the owners representing a majority of the area of real estate within the district fail to sign and present to the board, on or prior to the hearing date, a written petition opposing the resolution, a majority of the board of trustees may pass the resolution and adopt the proposed dissolution. However, the resolution shall not be adopted if the district is obligated on any outstanding bonds, warrants, or other debts or obligations unless the holders of the bonds, warrants, or other debts or obligations all sign written consents to the dissolution prior to the adoption of the resolution of dissolution. If the petition opposing the resolution is signed by property owners representing a majority of the area of real estate within the district and presented to the board of trustees on or prior to the hearing date, the board of trustees shall not adopt the resolution. After the board of trustees has adopted the resolution of dissolution, the clerk of the district shall prepare and file a certified copy of the resolution of dissolution in the office of the county auditor where the original petition was filed. A district shall dissolve within ninety days following the merger of a district with a city.

95 Acts, ch 200, §21

358C.22 Detachment of land.
1. When a majority of the board of trustees of a district desires that any property within the district be detached from the district, the trustees shall first propose a resolution declaring the advisability of the detachment and setting out the terms and conditions of the detachment and also setting out the time and place when the board of trustees will meet to consider the adoption of the resolution. Notice of the time and place when the resolution is set for consideration shall be published as provided in section 331.305, which publication shall contain the entire wording of the proposed resolution. If any part of the district lies within a city, then the trustees shall mail a copy of the proposed resolution to the city on the date of first publication of the resolution. At the hearing the owners of property within the district, or any city, may appear and make objections to the proposed resolution. If the owners representing a majority of the area of real estate within the district fail to sign and present to the board of trustees, on or prior to the hearing date, a written petition opposing the resolution, a majority of the board of trustees may pass the resolution and adopt the proposed detachment, except that the resolution shall not be adopted if the district
is indebted on any outstanding bonds or warrants of the district unless the holders of the bonds and warrants all sign written consents to the detachment prior to the adoption of the resolution of detachment. If the petition opposing the resolution is signed by property owners representing a majority of the area of real estate within the district and presented to the board of trustees on or prior to the hearing date, the board of trustees shall not adopt the resolution. After the board of trustees has adopted the resolution of detachment, the clerk of the district shall prepare and file a certified copy of the resolution of detachment in the office of the county auditor where the original petition was filed, and the area detached shall become excluded and detached from the boundaries of the district.

2. The owner of a discrete tract of land which is part of a district but which is not connected to the main area of the district may petition the board of trustees of the district to have the property detached from the district. Following receipt of the petition, the board of trustees shall propose a resolution declaring the advisability of the detachment and setting out the terms and conditions of the detachment and setting out the time and place when the board of trustees will meet to consider the adoption of the resolution. Notice of the time and place for the consideration shall be published as provided in subsection 1. If any part of the district lies in whole or in part within a city, the board of trustees shall mail a copy of the proposed resolution to the municipality within five days after the date of first publication of the resolution. At the hearing for consideration of the resolution, the board of trustees shall determine if the tract of land proposed for detachment has all of the following characteristics:

a. Has an area of twenty-five acres or more.

b. Is undeveloped and predominantly devoted to agricultural uses.

c. Has no improvements or obligations placed upon it by the district and receives no current services from the district.

3. If the board of trustees by majority vote determines that the tract in question meets all of the conditions provided in subsection 2, paragraphs “a” through “c”, the resolution shall be adopted, except that the resolution shall not be adopted if the district is indebted on any outstanding bonds or warrants of the district unless the holders of the bonds and warrants all sign written consents to the detachment. After the board of trustees has adopted the resolution of detachment, the clerk of the district shall prepare and file a certified copy of the resolution of detachment in the office of the county auditor where the original petition was filed and the area detached shall become excluded and detached from the boundaries of the district.

95 Acts, ch 200, §22

358C.23 Chapter liberally construed.

The provisions of this chapter shall be liberally construed to facilitate the development of land for housing.

359.3 Boundaries conterminous with city.
Where the boundaries of any city have been changed, the board of supervisors of the county in which the same is situated shall have power to change the boundary lines of townships so as to make them conform to the boundaries of the city, and to make such other changes in township lines, and the number of townships, as it may deem necessary; but no action shall be taken affecting the boundaries or existing conditions of school districts.

When any township has within its limits a city with a population exceeding fifteen hundred, the eligible electors of such township residing without the limits of such city may, at any regular session of the board of supervisors of the county, petition to have such township divided into two townships; the one to embrace the territory without, and the other the territory within such corporate limits.

1. A budget must be prepared for at least the following fiscal year. A proposed budget must show estimates of the following:
   a. Expenditures from each fund.
   b. Income from sources other than property taxation.
   c. Amount to be raised by property taxation, and the property tax rate expressed in dollars per one thousand dollars assessed valuation.
2. By January 15 of each year, each township fire department in the township shall provide to the board of trustees a proposed budget showing all revenues and all expenses for emergency services for the next fiscal year. By January 15 of each year, each township fire department, and each municipal fire department providing emergency services to a township, shall submit to the board of trustees a report detailing emergency services calls for the prior calendar year for the fire district and a copy of the fire report filed by the fire department with the state fire marshal’s office. For purposes of this subsection, “municipal”
means relating to a city, county, township, benefited fire district, or chapter 28E agency authorized by law to provide emergency services.

3. Not less than ten days before the date set for the regular meeting of the board at which objections and arguments on the budget will be heard, the clerk shall make available a sufficient number of copies of the detailed budget to meet the requests of taxpayers and organizations.

4. The board of trustees shall transmit a copy of the proposed budget and a notice of the meeting set as required by subsection 5 to the county auditor for posting. The county auditor shall post the notice and the proposed budget in an area of the courthouse where notices to the public are commonly posted.

5. The board of trustees shall set a time and place for a regular meeting before final certification of the budget, which meeting shall provide time for comments and objections to be heard on the proposed budget. The meeting shall be held no less than ten days and no more than twenty days after the proposed budget is posted by the county auditor. The county auditor shall certify to the clerk the date of posting.

6. At the meeting, any resident or taxpayer of the township may present to the board of trustees objections to any part of the budget for the following fiscal year or arguments in favor of any part of the budget.

7. After the meeting on the proposed budget, the board of trustees shall adopt by resolution a budget for at least the next fiscal year, and the clerk shall certify the necessary tax levy for the next fiscal year to the county auditor and the county board of supervisors by March 15. The tax levy certified may be less than but shall not be more than the amount estimated in the proposed budget submitted at the meeting. 8. a. A township that has entered into an agreement with a municipality to receive fire protection service or emergency medical service from the municipality may request that a portion of its taxes be paid directly to the municipality providing the fire protection service or emergency medical service. Each year, the township must note its request on the budget and must attach a copy of the emergency services agreement to each copy of the budget transmitted to the county auditor. The auditor shall direct the county treasurer as to what portion of the township taxes to disburse to the municipality providing the fire protection service or emergency medical service.

9. Taxes from a township levy shall be collected but not disbursed by the county to a township until copies of the township budget are transmitted to the county auditor as required in subsection 7. If a township fails to certify property taxes by March 15, the amount of taxes collected by the county for the township shall be the amount collected for the township in the previous fiscal year to the extent that it does not exceed the applicable levy rate limits in this chapter. However, that amount may not exceed the amount the township could collect based on property assessments for the fiscal year for which the township failed to certify property taxes.

C93, §359A.2

359A.2A Fence viewers — township trustees — authority — conflict of interest.  
1. The trustees of the township where a controversy arises under this chapter shall serve as fence viewers. The fence viewers shall have authority to hear and decide all questions related to matters that are part of the controversy as provided in this chapter.  
2. a. A fence viewer who may have a conflict of interest in deciding a question related to a matter that is part of the controversy must disclose the possible conflict of interest to the parties and the other fence viewers prior to the fence viewers participating in the matter by conducting a hearing or making a decision under section 359A.4.  
b. A fence viewer who has a conflict of interest in deciding a question related to a matter that is part of the controversy is disqualified from participating in the matter. The disqualification shall be made by the election of the fence viewer or unanimous vote of the
fence viewers who do not have a conflict of interest in the matter. However, if three or more fence viewers do not have a conflict of interest in the matter, the disqualification shall be made by a majority vote of those fence viewers.

3. A conflict of interest exists when a fence viewer is presented with a question to determine any matter affecting a tract of land in which the fence viewer or a person related to the fence viewer has an ownership or leasehold interest in that tract of land. That person is related to the fence viewer by being any of the following:
   a. An immediate family member who is limited to any of the following:
      (1) A spouse.
      (2) A child, stepchild, grandchild, parent, stepparent, grandparent, sibling, stepsibling, half sibling, aunt, uncle, niece, or nephew.
      (3) The spouse of any individual described in subparagraph (2).
   b. A business associate who is limited to a person holding an interest in the same business entity as the fence viewer, so long as the person and the fence viewer each have a twenty-five percent or greater interest in that business entity. As used in this paragraph, “business entity” means a person organized or formed under Iowa statute or a foreign statute, and is authorized under Iowa statute to transact business in this state, either on a profit or nonprofit basis.

4. Upon the disqualification of the fence viewer, the remaining trustees shall appoint a qualified substitute fence viewer to decide each question related to a matter in controversy. If a trustee is not remaining, the township clerk shall appoint three qualified substitute fence viewers to decide each question related to a matter in controversy. However, this subsection does not apply if the township clerk selects a fence viewer as provided in section 359A.14.

5. Notwithstanding other provisions in the section to the contrary, a fence viewer who may or does have a conflict of interest in a matter that is part of the controversy may participate in the matter, including by hearing and deciding all questions related to the matter, if each party to the controversy signs a waiver. The waiver shall state that the party has been notified of the fence viewer’s conflict of interest and agrees to the fence viewer’s participation in the matter. The waiver shall be attached to the order issued pursuant to section 359A.4.

359A.3 Notice and hearing.
The fence viewers shall give five days’ notice in writing to all parties to the controversy. The notice shall prescribe the time and place of the hearing to decide any and all matters that are part of the controversy as described in the notice. Upon request of any landowner, the fence viewers shall give the notice to all adjoining landowners liable for the erection, maintenance, rebuilding, trimming, or cutting back, or repairing of a partition fence, or to pay for an existing hedge or fence. The notice must include the names of the fence viewers and state whether a fence viewer disclosed a possible conflict of interest or whether a substitute fence viewer was appointed due to a fence viewer’s disqualification pursuant to section 359A.2A.

2. a. If the fence viewers determine the erection of a fence may be unfeasible in any location which constitutes the adjoining parties’ property boundary, the fence viewers shall conduct a site evaluation. The fence viewers may request assistance by the county engineer in the county where the adjoining properties’ boundary is situated. The determination may be based on any of the following:
§359A.4, FENCES

(2) Terrain.
(3) Terraces.
(4) Land slope.
(5) Unstable ground.
(6) The presence of surface water, drainage systems, sinkholes, or water wells.
(7) Easements.
(8) Utilities.
(9) Available area.

b. If the fence viewers determine the erection of a fence is unfeasible as provided in the site evaluation, the fence viewers shall assist the parties in reaching an agreement as provided in sections 359A.12 and 359A.13. However, if the parties cannot reach such agreement within sixty days after the site evaluation is completed, the fence viewers shall order the fence's erection. The fence shall be erected as otherwise provided in this section, except for any location identified as unfeasible in the site evaluation. For that location, the fence viewers shall order the fence to be erected at the most feasible location on the property of the owner who initiated the controversy that is closest to the adjoining owner's property boundary.

3. a. The order shall assign to each owner the part which the owner shall erect, maintain, rebuild, trim or cut back, or pay for, and fix the value thereof, and prescribe the time within which the same shall be completed or paid for, and, in case of repair, may specify the kind of repairs to be made.

b. If the fence is not erected, rebuilt, or repaired within the time prescribed in the order, the fence viewers shall require the complaining landowner to deposit with the fence viewers an amount of money sufficient to pay for the erecting, rebuilding, trimming, cutting back or repairing such fence together with the fees of the fence viewers and costs. Such complaining landowner shall be reimbursed as soon as the costs and fees assessed against the party in default are collected as provided in section 359A.6.

4. The order shall include the names of the fence viewers. The order shall state whether a fence viewer disclosed a possible conflict of interest, and whether a substitute fence viewer was appointed due to a disqualification pursuant to section 359A.2A. Any waiver of a conflict of interest signed by a party shall be attached to the order.

Unless the sum so fixed, together with all fees of the fence viewers caused by the default, is paid to the county treasurer, within ten days after the full amount due is ascertained, or when ordered to pay for an existing fence, and the value thereof is fixed by the fence viewers, and the sum, together with the fees of the fence viewers, remains unpaid

360.9 Reversion of real estate — payment.
1. a. Any real estate, including improvements thereon, situated wholly outside of a city, owned by a township and heretofore used for township purposes and which is no longer necessary for township purposes, shall revert to the present owner of the tract from which the same was taken, provided that said owner of the tract last aforesaid shall, within the time hereinafter prescribed, pay the value thereof to the township clerk. In the event the township trustees and said owner of the tract from which such real property was taken do not agree as to the value of such property and improvements thereon, the township clerk shall, on written application of either party, appoint three disinterested residents of the township to appraise such property and improvements thereon.

b. The township clerk shall give notice to said trustees and said owner of the time and place of making such appraisement, which notice shall be served in the same manner and for the same time as for the commencement of action in the district court. Such appraisers shall inspect the real estate and improvements and, at the time and place designated in the notice, appraise the same in writing, which appraisement, after being duly verified, shall be filed with the township clerk.

c. If the present owner of the tract from which said site was taken fails to pay the amount of such appraisement to such township within twenty days after the filing of same with the township clerk, the township trustees may sell said site, including any improvements thereon, to any person at the appraised value, or may sell the same at public auction for the best bid.

2. Any real estate, including improvements thereon, situated within a city, owned by a township and heretofore used for township purposes and which is no longer necessary for township purposes, may be sold by the township trustees at public auction for the best bid.

3. The township trustees in the case of joint ownership, in conjunction with any city authorities, shall not sell such real estate including improvements thereon unless the city authorities concur in such sale. The proceeds of such sale of jointly owned real estate including improvements located thereon shall be prorated between the township and the city on the basis of their respective contribution to the acquisition and maintenance of such property.

4. a. Sales at public auction contemplated herein shall be made only after the township trustees advertise for bids for such property. Such advertisement shall definitely describe said property and be published by at least one insertion each week for two consecutive weeks in some newspaper having general circulation in the township.

b. The township trustee shall not, prior to two weeks after the said second publication, nor later than six months after said second publication, accept any bid. The township trustees may accept only the best bid received prior to acceptance. The township trustees may decline to sell if all the bids received are deemed inadequate.

5. Subject to the right of reversion to the present owner as provided in this section, the township trustees may sell, lease, exchange, give, or grant and accept any interest in real property to, with, or from any county, municipal corporation, or school district if the real property is within the jurisdiction of both the grantor and grantee and the advertising and public auction requirements of this section shall not apply to any such transaction between the aforesaid local units of government.

3. An exercise of a city power is not inconsistent with a state law unless it is irreconcilable with the state law.

When considering whether to grant, amend, extend, or renew a franchise, a city shall hold a public hearing on the question. Notice of the time and place of the hearing shall be published as provided in section 362.3. The franchise may be granted, amended, extended, or renewed only by an ordinance, but no exclusive franchise shall be granted, amended, extended, or renewed.

b. Such an ordinance shall not become effective unless approved at an election. The proposal may be submitted by the council on its own motion to the voters at any city election. Upon receipt of a petition meeting the requirements of section 362.4 requesting
that a proposal be submitted to the voters, the council shall submit the proposal at the next regular city election or at a special election called for that purpose before the next regular city election. However, the city council may dispense with such election as to the grant, amendment, extension, or renewal of an electric light and power, heating, waterworks, sewer services under section 357A.23, or gasworks franchise unless there is a valid petition requesting submission of the proposal to the voters, or the party seeking such franchise, grant, amendment, extension, or renewal requests an election. If a majority of those voting approves the proposal, the city may proceed as proposed. The complete text of the ordinance shall be included on the ballot if conventional paper ballots are used. If an optical scan voting system is used, the proposal shall be stated on the optical scan ballot, and the full text of the ordinance posted for the voters pursuant to section 52.25. All absentee voters shall receive the full text of the ordinance.

c. Notice of the election shall be given by publication as prescribed in section 49.53 in a newspaper of general circulation in the city.

d. The person asking for the granting, amending, extension, or renewal of a franchise shall pay the costs incurred in holding the election, including the costs of the notice. A franchise shall not be finally effective until an acceptance in writing has been filed with the council and payment of the costs has been made.

e. The franchise ordinance may regulate the conditions required and the manner of use of the streets and public grounds of the city, and it may, for the purpose of providing electrical, gas, heating, or water service, confer the power to appropriate and condemn private property upon the person franchised.

f. (1) (a) A franchise fee assessed by a city may be based upon a percentage of gross revenues generated from sales of the franchisee within the city not to exceed five percent except as provided in subparagraph division (b), without regard to the city’s cost of inspecting, supervising, and otherwise regulating the franchise.

(b) For franchise fees assessed and collected during fiscal years beginning on or after July 1, 2013, but before July 1, 2030, by a city that is the subject of a judgment, court-approved settlement, or court-approved compromise providing for payment of restitution, a refund, or a return described in section 384.3A, subsection 3, paragraph “j”, the rate of the franchise fee shall not exceed seven and one-half percent of gross revenues generated from sales of the franchisee in the city, and franchise fee amounts assessed and collected during such fiscal years in excess of five percent of gross revenues generated from sales shall be used solely for the purpose specified in section 384.3A, subsection 3, paragraph “j”. A city may assess and collect a franchise fee in excess of five percent of gross revenues generated from the sales of the franchisee pursuant to this subparagraph division (b) for a period not to exceed seven consecutive fiscal years once the franchise fee is first imposed at a rate in excess of five percent. An ordinance increasing the franchise fee rate to greater than five percent pursuant to this subparagraph division (b) shall not become effective unless approved at an election. After passage of the ordinance, the council shall submit the proposal at a special election held on a date specified in section 39.2, subsection 4, paragraph “b”. If a majority of those voting on the proposal approves the proposal, the city may proceed as proposed. The complete text of the ordinance shall be included on the ballot and the full text of the ordinance posted for the voters pursuant to section 52.25. All absentee voters shall receive the full text of the ordinance along with the absentee ballot. This subparagraph division (b) is repealed July 1, 2030.

(2) Franchise fees collected pursuant to an ordinance in effect on May 26, 2009, shall be deposited in the city’s general fund and such fees collected in excess of the amounts necessary to inspect, supervise, and otherwise regulate the franchise may be used by the city for any other purpose authorized by law. Franchise fees collected pursuant to an ordinance that is adopted or amended on or after May 26, 2009, to increase the percentage rate at which franchise fees are assessed shall be credited to the franchise fee account within the city’s general fund and used pursuant to section 384.3A. If a city franchise fee is assessed to customers of a franchise, the fee shall not be assessed to the city as a customer. Before a city adopts or amends a franchise fee rate ordinance or franchise ordinance to increase the percentage rate at which franchise fees are assessed, a revenue purpose statement shall
§364.2, POWERS AND DUTIES OF CITIES  

be prepared specifying the purpose or purposes for which the revenue collected from the increased rate will be expended. If property tax relief is listed as a purpose, the revenue purpose statement shall also include information regarding the amount of the property tax relief to be provided with revenue collected from the increased rate. The revenue purpose statement shall be published as provided in section 362.3.

3. When considering whether to amend an ordinance imposing a franchise fee to increase the rate of the fee, and after preparation of the revenue purpose statement under subparagraph (2), a city shall hold a public hearing on the question. Notice of the time and place of the hearing shall be published as provided in section 362.3. If a city adopts, amends, or repeals an ordinance imposing a franchise fee, the city shall promptly notify the director of revenue of such action.

4. If a city grants more than one cable television franchise, the material terms and conditions of any additional franchise shall not give undue preference or advantage to the new franchisee. A city shall not grant a new franchise that does not include the same territory as that of the existing franchise. A new franchisee shall be given a reasonable period of time to build the new system throughout the territory.

5. If provided by ordinance, a city may enter into a chapter 28E agreement for the collection of delinquent parking fines by a county treasurer pursuant to section 321.40 at the time a person applies for renewal of a motor vehicle registration, for violations that have not been appealed or for which appeal has been denied. The city may pay the treasurer a reasonable fee for the collection of such fines, or may allow the county treasurer to retain a portion of the fines collected, as provided in the agreement.

6. A city council may by ordinance or resolution prohibit or limit the use of consumer fireworks, display fireworks, or novelties, as described in section 727.2.

364.3 Limitation of powers.

The following are limitations upon the powers of a city:

1. A city council shall exercise a power only by the passage of a motion, a resolution, an amendment, or an ordinance.

2. For a violation of an ordinance a city shall not provide a penalty in excess of the maximum fine and term of imprisonment for a simple misdemeanor under section 903.1, subsection 1, paragraph “a”. An amount equal to twenty percent of all fines collected by cities shall be deposited in the account established in section 602.8108. However, one hundred percent of all fines collected by a city pursuant to section 321.236, subsection 1, shall be retained by the city. The crime services surcharge required by section 911.1 shall be added to a city fine and is not a part of the city’s penalty.

3. a. A city may not set standards and requirements which are lower or less stringent than those imposed by state law, but may set standards and requirements which are higher or more stringent than those imposed by state law, unless a state law provides otherwise.

b. A city shall not impose any fee or charge on any individual or business licensed by the plumbing and mechanical systems board for the right to perform plumbing, mechanical, HVAC, refrigeration, sheet metal, or hydronic systems work within the scope of the license. This paragraph does not prohibit a city from charging fees for the issuance of permits for, and inspections of, work performed in its jurisdiction.
c. (1) A city shall not adopt an ordinance, motion, resolution, or amendment that sets standards or requirements regarding the sale or marketing of consumer merchandise that are different from, or in addition to, any state law. For purposes of this paragraph:
   (a) “Consumer merchandise” means merchandise offered for sale or lease, or provided with a sale or lease, primarily but not exclusively for personal, family, or household purposes, and includes any container used for consuming, carrying, or transporting such merchandise.
   (b) “Container” means a bag, cup, package, container, bottle, or other packaging that is all of the following:
      (i) Designed to be either reusable or single-use.
      (ii) Made of cloth, paper, plastic, including foamed or expanded plastic, cardboard, corrugated material, aluminum, glass, or postconsumer recycled or similar material or substrates, including coated, laminated, or multilayer substrates.
      (iii) Designed for consuming, transporting, or protecting merchandise, food, or beverages from or at a food service or retail facility.
   (2) An ordinance, motion, resolution, or amendment adopted prior to March 30, 2017, that violates this paragraph is void and unenforceable on and after March 30, 2017.
   (3) This paragraph “c” shall not apply to city solid waste or recycling collection or city solid waste or recycling programs.

d. A city shall not adopt an ordinance, motion, resolution, or amendment, or use any other means, that restricts an owner of real property from refinancing existing debt on, selling, or otherwise transferring title to the property by requiring the owner to take or show compliance with any action with respect to the property or pay any fee before, during, or after refinancing existing debt on, selling, or transferring title to the property.

4. A city may not levy a tax unless specifically authorized by a state law.

5. A city shall not adopt or enforce any ordinance imposing any registration or licensing system or registration or license fees for or relating to owner-occupied manufactured or mobile homes including the lots, lands, or manufactured home community or mobile home park upon or in which they are located. A city shall not adopt or enforce any ordinance imposing any registration or licensing system, or registration or license fees, or safety or sanitary standards for rental manufactured or mobile homes unless a similar registration or licensing system, or registration or license fees, or safety or sanitary standards are required for other rental properties intended for human habitation. This subsection does not preclude the investigation and abatement of a nuisance or the enforcement of a tiedown system, or the enforcement of any regulations of the state or local board of health if those regulations apply to other rental properties or to owner-occupied housing intended for human habitation.

6. A city shall not provide a civil penalty in excess of seven hundred fifty dollars for the violation of an ordinance which is classified as a municipal infraction or if the infraction is a repeat offense, a civil penalty not to exceed one thousand dollars for each repeat offense. A municipal infraction is not punishable by imprisonment.

7. A city which operates a cable communications system shall manage the right-of-way on a competitively neutral and nondiscriminatory basis. Additionally, a city-operated cable communications system shall be required to pay the same fees and charges and comply with other requirements as may be imposed by the city by ordinance or by the terms of a franchise granted by the city, or as may otherwise be imposed by the city, upon any other cable provider. This subsection does not prohibit a city from making an equitable apportionment of franchise requirements between or among cable television providers, in order to eliminate duplication. This subsection shall not be construed to prohibit a city-operated cable communications system from making transfers of surplus as otherwise allowed or from making in-kind contributions as otherwise allowed.

8. a. A city may adopt and enforce an ordinance requiring the construction of a storm shelter at a manufactured home community or mobile home park which is constructed after July 1, 1999. In lieu of requiring construction of a storm shelter, a city may require a community or park owner to provide a plan for the evacuation of community or park residents to a safe place of shelter in times of severe weather including tornadoes and high winds if the city determines that a safe place of shelter is available within a reasonable distance of the manufactured home community or mobile home park for use by community
or park residents. Each evacuation plan prepared pursuant to this subsection shall be filed with, and approved by, the local emergency management agency. If construction of a storm shelter is required, an ordinance adopted or enforced pursuant to this subsection shall not include any of the following requirements:

1. That the size of the storm shelter be larger than the equivalent of seven square feet for each manufactured or mobile home space in the manufactured home community or mobile home park.

2. That the storm shelter include a restroom if the shelter is used exclusively as a storm shelter.

3. That the storm shelter exceed the construction specifications approved by a licensed professional engineer and presented by the owner of the manufactured home community or mobile home park.

4. That the shelter be located any closer than one thousand three hundred twenty feet from any manufactured or mobile home in the community. However, this restriction shall not prohibit the adoption or enforcement of an ordinance that requires a minimum of one shelter to be located in a manufactured home community or mobile home park.

b. For the purposes of this subsection:

1. “Manufactured home community” means the same as land-leased community defined in sections 335.30A and 414.28A.

2. “Mobile home park” means a mobile home park as defined in section 562B.7.

3. “Storm shelter” means a single structure or multiple structures designed to provide persons with temporary protection from a storm.

9. A city shall not adopt or enforce any ordinance imposing any limitation on the amount of rent that can be charged for leasing private residential or commercial property. This subsection does not prevent the right of a city to manage and control residential property in which the city has a property interest.

10. A city which operates a utility that furnishes gas or electricity shall manage the right-of-way on a competitively neutral and nondiscriminatory basis. Such city utility shall be required to pay the fees and charges computed in the same manner as those fees and charges which are imposed by the city upon any other provider of a similar service within the corporate boundaries of the city. Such city utility shall also comply with the terms of the franchise granted by the city to the provider of a similar service. This subsection shall not be construed to prohibit the city utility from making transfers of surplus as otherwise allowed or from making in-kind contributions as otherwise allowed. However, a city shall not require that transfers from the city utility be in excess of the franchise fee amount imposed upon the provider of a similar service unless otherwise agreed.

11. A city shall not adopt or enforce any ordinance or regulation in violation of section 562A.27B or 562B.25B.

12. a. A city shall not adopt, enforce, or otherwise administer an ordinance, motion, resolution, or amendment providing for any terms or conditions of employment that exceed or conflict with the requirements of federal or state law relating to a minimum or living wage rate, any form of employment leave, hiring practices, employment benefits, scheduling practices, or other terms or conditions of employment.

b. An ordinance, motion, resolution, or amendment adopted prior to March 30, 2017, that violates this subsection is void and unenforceable on and after March 30, 2017.

364.4 Property and services outside of city — lease-purchase — insurance.

A city may:

1. a. Acquire, hold, and dispose of property outside the city in the same manner as within. However, the power of a city to acquire property outside the city does not include the power to acquire property outside the city by eminent domain, except for the following, subject to the provisions of chapters 6A and 6B:
   (1) The operation of a city utility as defined in section 362.2.
   (2) The operation of a city franchise conferred the authority to condemn private property under section 364.2.
   (3) The operation of a combined utility system as defined in section 384.80.
   (4) The operation of a municipal airport.
   (5) The operation of a landfill or other solid waste disposal or processing site.
   (6) The use of property for public streets and highways.
   (7) The operation of a multistate entity, of which the city is a participating member, created to provide drinking water that has received or is receiving federal funds, but only if such property is to be acquired for water transmission and service lines, pump stations, water storage tanks, meter houses and vaults, related appurtenances, or supporting utilities.

   b. The exceptions provided in paragraph “a”, subparagraphs (1) through (3), apply only to the extent the city had this power prior to July 1, 2006.

2. By contract, extend services to persons outside the city.

3. Enact and enforce ordinances relating to city property and city-extended services outside the city.

4. Enter into leases or lease-purchase contracts for real or personal property in accordance with the following terms and procedures:
   a. A city shall lease or lease-purchase property only for a term which does not exceed the economic life of the property, as determined by the governing body.
   b. A lease or lease-purchase contract entered into by a city may contain provisions similar to those sometimes found in leases between private parties, including, but not limited to, the obligation of the lessee to pay any of the costs of operation or ownership of the leased property and the right to purchase the leased property.
   c. A provision of a lease or lease-purchase contract which stipulates that a portion of the rent payments be applied as interest is subject to chapter 74A. Other laws relating to interest rates do not apply. Chapter 75 is not applicable. A city utility or city enterprise is a separate entity under this subsection whether it is governed by the governing body of the city or another governing body.
   d. The governing body must follow substantially the same authorization procedure required for the issuance of general obligation bonds issued for the same purpose to authorize a lease or a lease-purchase contract made payable from the debt service fund.
   e. The governing body may authorize a lease or lease-purchase contract which is payable from the general fund if the contract would not cause the total of annual lease or lease-purchase payments due from the general fund of the city in any single future fiscal year for all lease or lease-purchase contracts in force on the date of the authorization, excluding payments to exercise purchase options or to pay the expenses of operation or ownership of the property, to exceed ten percent of the last certified general fund budget amount in accordance with the following procedures:
   (1) The governing body must follow substantially the authorization procedures of section 384.25 to authorize a lease or lease-purchase contract for personal property which is payable from the general fund. The governing body must follow substantially the authorization procedures of section 384.25 to authorize the lease or lease-purchase contract for real property which is payable from the general fund if the principal amount of the lease-purchase contract does not exceed the following limits:
(a) Four hundred thousand dollars in a city having a population of five thousand or less.
(b) Seven hundred thousand dollars in a city having a population of more than five thousand but not more than seventy-five thousand.
(c) One million dollars in a city having a population of more than seventy-five thousand.

(2) The governing body must follow the following procedures to authorize a lease or lease-purchase contract for real property which is payable from the general fund if the principal amount of the lease or lease-purchase contract exceeds the limits set forth in subparagraph (1):

(a) The governing body must institute proceedings to enter into a lease or lease-purchase contract payable from the general fund by causing a notice of the meeting to discuss entering into the lease or lease-purchase contract, including a statement of the principal amount and purpose of the lease or lease-purchase contract and the right to petition for an election, to be published at least once in a newspaper of general circulation within the city at least ten days prior to the discussion meeting. No sooner than thirty days following the discussion meeting shall the governing body hold a meeting at which it is proposed to take action to enter into the lease or lease-purchase contract.

(b) (i) If at any time before the end of the thirty-day period after which a meeting may be held to take action to enter into the lease or lease-purchase contract, a petition is filed with the clerk of the city in the manner provided by section 362.4, asking that the question of entering into the lease or lease-purchase contract be submitted to the registered voters of the city, the governing body shall either by resolution declare the proposal to enter into the lease or lease-purchase contract to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of entering into the lease or lease-purchase contract. However, for purposes of this subparagraph, the petition shall not require signatures in excess of one thousand persons.

(ii) The question to be placed on the ballot shall be stated affirmatively in substantially the following manner:

Shall the city of ................. enter into a lease or lease-purchase contract in amount of $............... for the purpose of .................?

(iii) Notice of the election and its conduct shall be in the manner provided in section 384.26, subsections 2 through 4.

(c) If a petition is not filed or if a petition is filed and the proposition of entering into the lease or lease-purchase contract is approved at an election, the governing body may proceed and enter into the lease or lease-purchase contract.

f. The governing body may authorize a lease or lease-purchase contract payable from the net revenues of a city utility, combined utility system, city enterprise, or combined city enterprise by following the authorization procedures of section 384.83.

g. A lease or lease-purchase contract to which a city is a party or in which a city has a participatory interest is an obligation of a political subdivision of this state for the purposes of chapters 502 and 636, and is a lawful investment for banks, trust companies, savings associations, investment companies, insurance companies, insurance associations, executors, guardians, trustees, and any other fiduciaries responsible for the investment of funds.

h. Property that is lease-purchased by a city is exempt under section 427.1, subsection 2.

i. A contract for construction by a private party of property to be lease-purchased by a city is a contract for a public improvement under section 26.2, subsection 3. If the estimated cost of the property to be lease-purchased that is renovated, repaired, or involves new construction exceeds the competitive bid threshold set in section 26.3, the city shall comply with the competitive bidding requirements of section 26.3.

5. Enter into insurance agreements obligating the city to make payments beyond its current budget year to procure or provide for a policy of insurance, a self-insurance program, or a local government risk pool to protect the city against tort liability, loss of property, or any other risk associated with the operation of the city. Such a self-insurance program or local government risk pool is not insurance and is not subject to regulation under chapters 505

4. A city may enter into an agreement with the federal government acting through any of its authorized agencies, and may carry out provisions of the agreement as necessary to meet federal requirements to obtain the funds or cooperation of the federal government or its agencies for the planning, construction, rehabilitation, or extension of a public improvement.

364.6 Procedure.
A city shall substantially comply with a procedure established by a state law for exercising a city power. If a procedure is not established by state law, a city may determine its own procedure for exercising the power.

364.7 Disposal of property.
A city may not dispose of an interest in real property by sale, lease for a term of more than three years, or gift, except in accordance with the following procedure:
1. The council shall set forth its proposal in a resolution and shall publish notice as provided in section 362.3, of the resolution and of a date, time and place of a public hearing on the proposal.
2. After the public hearing, the council may make a final determination on the proposal by resolution.
3. A city may not dispose of real property by gift except to a governmental body for a public purpose.

364.8 Overpasses or underpasses.
A city may by ordinance require a railway company operating railway tracks on or across a city street to construct or reconstruct, and maintain, an overpass or underpass to permit the street to pass over or under the tracks, and may establish specifications for the construction or reconstruction of such an overpass or underpass, subject to the following:

364.11 Street construction by railways.
1. All railway companies shall construct and repair all street improvements between the
rails of their tracks, and one foot outside, at their own expense, unless by ordinance the
railway is required to improve other portions of the street, and in that case the railway shall
construct and repair the improvement of that part of the street specified by the ordinance,
and the improvement or repair must be of the material and character ordered by the city, and
must be done at the time the remainder of the improvement is constructed or repaired.


2. When an improvement is made, the company shall lay rail as required by the council, and shall then keep up to grade that part of the improvement they are required to construct or maintain.

3. If a railway fails or refuses to comply with the order of the council to construct or repair an improvement, the work may be done by the city and the expense shall then be assessed upon the property of the railway company, for collection in the same manner as a property tax. A tax assessed under this section shall also be a debt due from the railway, and may be collected in an action at law in the same manner as other debts.

364.12 Responsibility for public places.
1. As used in this section, “property owner” means the contract purchaser if there is one of record, otherwise the record holder of legal title.

2. A city shall keep all public grounds, streets, sidewalks, alleys, bridges, culverts, overpasses, underpasses, grade crossing separations and approaches, public ways, squares, and commons open, in repair, and free from nuisance, with the following exceptions:
   a. Public ways and grounds may be temporarily closed by resolution. Following notice as provided in section 362.3, public ways and grounds may be vacated by ordinance.
   b. The abutting property owner is responsible for the removal of the natural accumulations of snow and ice from the sidewalks within a reasonable amount of time and may be liable for damages caused by the failure of the abutting property owner to use reasonable care in the removal of the snow or ice. If damages are to be awarded under this section against the abutting property owner, the claimant has the burden of proving the amount of the damages. To authorize recovery of more than a nominal amount, facts must exist and be shown by the evidence which afford a reasonable basis for measuring the amount of the claimant’s actual damages, and the amount of actual damages shall not be determined by speculation, conjecture, or surmise. All legal or equitable defenses are available to the abutting property owner in an action brought pursuant to this paragraph. The city’s general duty under this subsection does not include a duty to remove natural accumulations of snow or ice from the sidewalks. However, when the city is the abutting property owner it has the specific duty of the abutting property owner set forth in this paragraph.
   c. The abutting property owner may be required by ordinance to maintain all property outside the lot and property lines and inside the curb lines upon the public streets, except that the property owner shall not be required to remove diseased trees or dead wood on the publicly owned property or right-of-way.
   d. A city may serve notice on the abutting property owner, by certified mail to the property owner as shown by the records of the county auditor, requiring the abutting property owner to repair, replace, or reconstruct sidewalks.
   e. If the abutting property owner does not perform an action required under this subsection within a reasonable time, a city may perform the required action and assess the costs against the abutting property for collection in the same manner as a property tax. This power does not relieve the abutting property owner of liability imposed under paragraph “b”.
   f. A city has no duty under this subsection with respect to property that is required by law to be maintained by a railway company.

3. A city may:
   a. Require the abatement of a nuisance, public or private, in any reasonable manner.
   b. Require the removal of diseased trees or dead wood, except as stated in subsection 2, paragraph “c” of this section.
   c. Require the removal, repair, or dismantling of a dangerous building or structure.
   d. Require the numbering of buildings.
   e. Require connection to public drainage systems from abutting property when necessary for public health or safety.
§364.12, POWERS AND DUTIES OF CITIES

f. Require connection to public sewer systems from abutting property, and require installation of sanitary toilet facilities and removal of other toilet facilities on such property.

g. Require the cutting or destruction of weeds or other growth which constitutes a health, safety, or fire hazard.

h. If the property owner does not perform an action required under this subsection within a reasonable time after notice, a city may perform the required action and assess the costs against the property for collection in the same manner as a property tax. Notice may be in the form of an ordinance or by certified mail to the property owner as shown by the records of the county auditor, and shall state the time within which action is required. However, in an emergency a city may perform any action which may be required under this section without prior notice, and assess the costs as provided in this subsection, after notice to the property owner and hearing.

4. In addition to any other remedy provided by law, a city may also seek reimbursement for costs incurred in performing any act authorized by this section by a civil action for damages against a property owner. However, a city shall not seek reimbursement for costs incurred in performing an act if the same act has not been performed by the city on adjoining city-owned property. For the purposes of this subsection, a county acquiring property for delinquent taxes shall not be considered a property owner.

5. A city may cause, without prior determination and notice, the repair or replacement of public improvements including, but not limited to, sidewalks, water stop boxes, and driveway approaches if the property owner does all of the following:

a. Requests the repair and replacement of the public improvements specified in this subsection abutting the property owner’s property located outside the lot and property lines and inside the curb lines.

b. Waives the requirement of a prior finding by the city council that the condition of the public improvements constitutes a nuisance and the requirement of prior notice.

c. Consents to the repair of the public improvements and the assessment of the cost of the repair to the abutting property.

6. If, in repairing and replacing improvements in the area between the lot or property lines and the curb lines pursuant to subsection 5, it becomes necessary for the city to repair or replace adjacent improvements in the area, the cost of repairing or replacing the adjacent public improvements may be assessed, with consent of the property owner, against the property which the public improvements abut.

7. A city may accumulate individual assessments for the repair and replacement of sidewalks, driveway approaches, water stop boxes, or similar improvements or for the abatement of nuisances, and may periodically certify the assessments to the county treasurer under one or more assessment schedules.

364.14 Personal injuries.
When action is brought against a city for personal injuries alleged to have been caused by its negligence, the city may notify in writing any person by whose negligence it claims the injury was caused. The notice shall state the pendency of the action, the name of the plaintiff, the name and location of the court where the action is pending, a brief statement of the alleged facts from which the cause arose, that the city believes that the person notified is liable to it for any judgment rendered against the city, and asking the person to appear and defend. A judgment obtained in the suit is conclusive in any action by the city against any person so notified, as to the existence of the defect or other cause of the injury or damage, as to the liability of the city to the plaintiff in the first named action, and as to the amount of the damage or injury. A city may maintain an action against the person notified to recover the amount of the judgment together with all the expenses incurred by the city in the suit.

1. If a city has established the grade of a street or alley, and any person has made improvements on lots abutting the street or alley according to the established grade, and afterward the grade is altered in a manner to damage, injure, or diminish the value of the improved property, the city shall pay to the owner of the property the amount of such damage or injury.

2. If a city has opened a street or alley, and any person has made improvements on lots abutting the street or alley or uses such street or alley for ingress or egress, and afterward the street or alley is vacated causing damage or injury or loss of access, or diminishing the value of the improved property, the city shall pay to the owner of the property the amount of such damage or injury.

A city may establish fire limits and may, consistent with code standards promulgated by nationally recognized fire prevention agencies, regulate the storage, handling, use, and transportation of all
flammables, combustibles, and explosives within the corporate limits and inspect for and abate fire hazards. A city may provide conditions upon which the fire department will answer calls outside the corporate limits or the territorial jurisdiction and boundary limits of this state. 364.17 City housing codes.  
1. A city with a population of fifteen thousand or more may adopt by ordinance the latest version of one of the following housing codes before January 1, 1981:  
a. The uniform housing code promulgated by the international conference of building officials.  
b. The housing code promulgated by the American public health association.  
c. The basic housing code promulgated by the building officials conference of America.  
d. The standard housing code promulgated by the southern building code congress international.  
e. Housing quality standards promulgated by the United States department of housing and urban development for use in assisted housing programs.  
2. Every city with a population of fifteen thousand or more which has not adopted another housing code under this section by January 1, 1981, is subject to and shall be considered to have adopted the uniform housing code promulgated by the international conference of building officials, as amended to January 1, 1980. A city which reaches a population of fifteen thousand, as determined after July 1, 1980, has six months after such determination to comply with this section.  
3. a. A city which adopts or is subject to a housing code under this section shall adopt enforcement procedures, which shall include a program for regular rental inspections, rental inspections upon receipt of complaints, and certification of inspected rental housing, and may include but are not limited to the following:  
   (1) A schedule of civil penalties or criminal fines for violations. A city may charge the owner of housing a late payment fee of twenty-five dollars and may add interest of up to one and one-half percent per month if a penalty or fine imposed under this subparagraph is not paid within thirty days of the date that the penalty or fine is due. The city shall send a notice of the late payment fee to such owner by first class mail to the owner’s personal or business mailing address. The late payment fee and the interest shall not accrue if such owner files an appeal with either the city, if the city has established an appeals procedure, or the district court. Any unpaid penalty, fine, fee, or interest shall constitute a lien on the real property and may be collected in the same manner as a property tax. However, before a lien is filed, the city shall send a notice of intent to file a lien to the owner of the housing by first class mail to such owner’s personal or business mailing address.  
   (2) Authority for the issuance of orders requiring violations to be corrected within a reasonable time.  
   (3) Authority for the issuance of citations pursuant to sections 805.1 to 805.5 upon a failure to satisfactorily remedy a violation.  
   (4) Authority, if other methods have failed, for an officer to contract to have work done as necessary to remedy a violation, the cost of which shall be assessed to the violator and constitute a lien on the property until paid.  
   (5) An escrow system for the deposit of rent which will be applied to the costs of correcting violations.  
   (6) Mediation of disputes based upon alleged violations.  
   (7) Injunctive procedures.
(8) Authority by ordinance to provide that no rent shall be recoverable by the owner or lessee of any dwelling which does not comply with the housing code adopted by the city until such time as the dwelling does comply with the housing code adopted by the city.

b. The enforcement procedures shall be designed to improve housing conditions rather than to displace persons from their homes.

4. A city which is subject to the uniform housing code or which adopts another housing code under this section may provide reasonable variances for existing structures which cannot practicably meet the standards in the code but are not unsafe for habitation.

5. Cities may establish reasonable fees for inspection and enforcement procedures. A city may charge the owner of housing a late payment penalty of twenty-five dollars and may add interest of up to one and one-half percent per month if a fee imposed under this subsection is not paid within thirty days of the date that the fee is due. The city shall send a notice of the late payment penalty to such owner by first class mail to the owner’s personal or business mailing address. The late payment penalty and the interest shall not accrue if such owner files an appeal with either the city, if the city has established an appeals procedure, or the district court. Any unpaid fee, penalty, or interest shall constitute a lien on the real property and may be collected in the same manner as a property tax. However, before a lien is filed, the city shall send a notice of intent to file a lien to the owner of the housing by first class mail to such owner’s personal or business mailing address.

6. Cities with populations of less than fifteen thousand may comply with this section.

7. A city may adopt housing code provisions which are more stringent than those in the model housing code it adopts or to which it is subject under this section.

364.22 Municipal infractions.

1. a. A municipal infraction is a civil offense punishable by a civil penalty of not more
than seven hundred fifty dollars for each violation or if the infraction is a repeat offense,
a civil penalty not to exceed one thousand dollars for each repeat offense. However,
notwithstanding section 364.3, a municipal infraction arising from noncompliance with a
pretreatment standard or requirement, referred to in 40 C.F.R. §403.8, by an industrial user
may be punishable by a civil penalty of not more than one thousand dollars for each day a
violation exists or continues.

b. (1) A city may classify a municipal infraction, other than a violation arising from
noncompliance with a pretreatment standard or requirement, as an environmental violation
if the infraction is a violation of chapter 455B or 459, subchapters II and III, or a violation of
a standard established by the city in consultation with the department of natural resources,
or both. The discharge of airborne residue from grain, created by the handling, drying, or
storing of grain by a person, shall not be subject to an ordinance, the violation of which is
classified as an environmental violation, unless the person is engaged in industrial
production or manufacturing of grain products. The discharge of airborne residue from
grain, created by the handling, drying, or storing of grain by a person engaged in industrial
production or manufacturing of grain products, shall not be subject to an ordinance, the
violation of which is classified as an environmental violation, if the discharge occurs from
September 15 to January 15. A municipal infraction which is classified an environmental
violation is punishable by a civil penalty of not more than one thousand dollars for each
day the violation exists. A person committing an environmental violation is not subject to a civil penalty,
if all of the following conditions are satisfied:

(a) The violation results solely from the person conducting an initial start-up, cleaning,
repairing, performing scheduled maintenance, testing, or conducting a shutdown, of either
equipment causing the violation or the equipment designed to reduce or eliminate the
violation.
(b) The person notifies the city of the violation within twenty-four hours from the time
that the violation begins.
(c) The violation does not continue in existence for more than eight hours.
(2) A city shall not enforce this section against a person committing an environmental
violation, until the city offers to participate in informal negotiations with the person. If the
person accepts the offer, the city and the person shall participate in good faith negotiations
to resolve issues alleged to be the basis for the violation.
2. A city by ordinance may provide that a violation of an ordinance is a municipal
infraction.
3. A city shall not provide that a violation of an ordinance is a municipal infraction if the
violation is a felony, an aggravated misdemeanor, or a serious misdemeanor under state law
or if the violation is a simple misdemeanor under chapters 687 through 747.
4. An officer authorized by a city to enforce a city code or regulation may issue a civil
citation to a person who commits a municipal infraction. A copy of the citation may be served
by personal service as provided in rule of civil procedure 1.305, by certified mail addressed
to the defendant at the defendant’s last known mailing address, return receipt requested, or
by publication in the manner as provided in rule of civil procedure 1.310 and subject to the
conditions of rule of civil procedure 1.311. A copy of the citation shall be retained by the
issuing officer, and the original citation shall be sent to the clerk of the district court. The
citation shall serve as notification that a civil offense has been committed and shall contain
the following information:
a. The name and address of the defendant.
b. The name or description of the infraction attested to by the officer issuing the citation.
c. The location and time of the infraction.
d. The amount of civil penalty to be assessed or the alternate relief sought, or both.
e. The manner, location, and time in which the penalty may be paid.
f. The time and place of court appearance.
g. The penalty for failure to appear in court.
h. The legal description of the affected real property, if applicable.

5. a. Upon receiving a citation under subsection 4 that affects real property and that charges a violation relating to the condition of the property, including a building code violation, a local housing regulation violation, a housing code violation, or a public health or safety violation, the clerk of the district court shall index the citation pursuant to section 617.10, if the legal description of the affected property is included in or attached to the citation.

b. After filing the citation with the clerk of the district court, the city shall also file the citation in the office of the county treasurer. The county treasurer shall include a notation of the pendency of the action in the county system, as defined in section 445.1, until the judgment of the court is satisfied or until the action is dismissed. Pursuant to section 446.7, an affected property that is subject to a pending action shall not be offered for sale by the county treasurer at tax sale.

6. In municipal infraction proceedings:

a. The matter shall be tried before a magistrate, a district associate judge, or a district judge in the same manner as a small claim. The matter shall only be tried before a judge in district court if the total amount of civil penalties assessed exceeds the jurisdictional amount for small claims set forth in section 631.1.

b. The city has the burden of proof that the municipal infraction occurred and that the defendant committed the infraction. The proof shall be by clear, satisfactory, and convincing evidence.

c. The court shall ensure that the defendant has received a copy of the charges and that the defendant understands the charges. The defendant may question all witnesses who appear for the city and produce evidence or witnesses on the defendant’s behalf.

d. The defendant may be represented by counsel of the defendant’s own selection and at the defendant’s own expense.

e. The defendant may answer by admitting or denying the infraction.
