Recognizing that most of the protected water areas may be within privately owned lands, the legislature encourages the commission to cooperate with the landowners within the designated areas in achieving the purposes of this chapter. Likewise, the landowners within the designated areas are encouraged to cooperate with the commission. Commission staff shall meet separately or in small groups with landowners within interim protected water areas during the preparation of the master plan to establish workable and acceptable agreements for the protection of the area and its accompanying resources in a manner consistent with the purposes of this chapter and the interest and concerns of the landowner.

MISSOURI RIVER PRESERVATION AND LAND USE AUTHORITY

463B.1 Legislative findings.
The general assembly finds that the Missouri river is an important natural resource to the state of Iowa and that the creation of comprehensive plans which lead to the purchase, development, and preservation of land adjacent to the Missouri river will provide recreational and economic benefits to the state and to the counties and cities which border on the river. The general assembly further finds that current planning and purchase efforts relating to development of Missouri riverfront property have fallen short of the goal of developing a comprehensive plan for the recreational development of the Missouri river and that the creation of an authority which has the mission of engaging in these efforts will have a greater likelihood of reaching the desired goal.

463B.2 Missouri river preservation and land use authority created — duties.
1. A Missouri river preservation and land use authority is created to engage in comprehensive planning for and the development and implementation of strategies designed to preserve and restore the natural beauty of the land adjacent to and the water of the Missouri river through state land acquisition. Planning and implementation activities shall be coordinated with plans and implementation activities of the department of natural resources for lands owned or acquired by the department. The authority shall be composed of a representative from each of the county conservation boards of the counties which border on the Missouri river, an elected official selected by the county board of supervisors of each of the counties which border on the Missouri river, six at-large public members, and four ex officio members. The board of supervisors of the counties which border on the Missouri river shall each appoint one of the at-large public members, who shall possess a demonstrated interest in or knowledge about natural resource conservation and protection and one of whom shall also be actively engaged in the business of farming. Interest or knowledge of an at-large member may be demonstrated by membership in an association or other organization which is involved in conservation, environmental protection, or related activities. The ex officio members of the authority shall be composed of a representative from the natural resource commission of the department of natural resources, a representative from the state department of transportation, a representative from the department of cultural affairs, and a representative from the office of attorney general. Members of the authority shall serve two-year terms. Members who are also members of a county conservation board or board of supervisors shall be reimbursed only for actual expenses incurred while performing duties of the authority. At-large members shall be reimbursed for actual expenses and shall receive a per diem as specified in section 7E.6 for their performance of duties for the authority.

2. The mission of the authority is to research, develop comprehensive plans, and implement strategies which emphasize the creation of multipurpose recreational areas that foster and accent the natural characteristics of the Missouri river and which provide for environmentally sound land and water use practices for land adjacent to the Missouri river; to designate and prioritize for purchase parcels of land which are located in areas critical for the environmental health of the Missouri river waterway; to develop plans for and to
acquire parcels of land to establish a public greenbelt along the banks of the Missouri river; to develop plans for public recreational use of lands adjacent to the Missouri river, including but not limited to a public bicycle trail; and to cooperate with county and city authorities, and federal and state authorities in order to fulfill the mission of the authority.

3. The authority shall develop plans and proposals and conduct public hearings relating to the conservation, preservation, and acquisition of land adjacent to the Missouri river. In developing plans and proposals the authority shall consult with any person or organization which has interests that would be affected by the acquisition and development of Missouri river property in accordance with the mission of the authority, including but not limited to utility companies, municipalities, agricultural organizations, the corps of engineers, rural water districts, soil and water conservation districts, private water suppliers, business and industry organizations, drainage and levee district associations, benefited recreational lake districts, and any soil conservation organizations. The authority shall include a copy of any plans and proposals and shall document the results and findings of those hearings in a report or series of reports. The authority shall submit an initial report, including an outline for a proposed ten-year plan and strategies for the attainment of the goals of this section, to the general assembly by the first day of the legislative session which commences in 1993. As part of the authority’s planning and coordinating effort, the authority shall consult, at least annually, with the Iowa boundary commission and shall send copies of the minutes of all meetings of the authority to the commission. Within one year of July 1, 1991, the authority shall meet with the Iowa boundary commission. Meetings with the Iowa boundary commission shall be held at a time and a place agreed to between the commission and the authority.

4. The authority shall administer the Missouri river preservation and land use fund, under section 463B.3, and shall deposit and expend moneys in the fund for the development of plans for, development of, and purchase of lands adjacent to the Missouri river and for annual payment of property taxes on any land purchased. The county treasurer shall certify the amount of taxes due to the authority. The assessed value of the property held by the authority shall be that value determined under section 427.1, subsection 18, and the authority may protest the assessed value in the manner provided by law for any property owner to protest an assessment. For purposes of chapter 257, the assessed value of any property which was acquired by the authority shall be included in the valuation base of the school district and the payments made by the authority shall be considered as property tax revenues and not as miscellaneous income. The expenditure of funds may include, but is not limited to, use of moneys from the Missouri river preservation and land use fund to match funds from state, federal, and private resources.

5. The title to all property purchased by the authority shall be taken in the name of the state, but no land shall be acquired through condemnation proceedings and all purchases shall be from willing sellers. The authority may transfer jurisdiction over any lands the authority acquires to the department of natural resources, or may enter into agreements with the department or the appropriate county conservation board, for the management of the lands. All lands purchased shall be for public use, and not for private commercial purposes, but the authority may permit the expenditure of private funds for the improvement of land or water adjacent to or purchased by the authority. All surveys and plats of lands purchased by the authority shall be filed in the manner provided in section 461A.22. Land purchased by the authority shall be managed and policed in the manner provided under agreements between the authority and the agency responsible for management of the property, except that, subject to the restrictions contained in chapter 455B, the authority shall not be required to obtain the prior permission of the natural resource commission when using private funds to establish land or water recreational areas, and any property purchased by the authority shall not be sold without the prior notification and consent of the authority.

A Missouri river preservation and land use fund is established in the office of treasurer of state, to be administered by and subject to the use of the Missouri river preservation and land use authority for the purposes established in section 463B.2. The Missouri river preservation and land use authority may accept gifts, grants, bequests, other moneys including but not limited to state or federal moneys, and in-kind contributions for deposit in the fund for the use of the authority to carry out the authority’s mission. Gifts, grants, and bequests from public and private sources, state and federal moneys, and other moneys received by the authority shall be deposited in the fund and any interest earned on the fund shall be credited to the fund to be used for the purposes specified in section 463B.2. Notwithstanding section 8.33, any unexpended or unencumbered moneys remaining in the fund at the end of a fiscal year shall not revert to the general fund, but shall remain available for expenditure by the authority in succeeding fiscal years.

464A.1 Resolution of necessity.
Whenever, in the opinion of the commission, it is necessary and desirable for it to erect a dam or spillway across a stream or at the outlet of a lake, or to alter or reconstruct an existing dam or spillway, so as to increase or decrease its permanent height, or to permanently affect the water level above the structure, it shall proceed with said project by first adopting
a resolution of necessity to be placed upon its records, in which it shall describe in a general way the work contemplated.

[C24, 27, 31, §1826; C35, §1828-e1; C39, §1828.24; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §112.1]

464A.1A Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Commission” means the natural resource commission.
2. “Department” means the department of natural resources created under section 455A.2.
3. “Director” means the director of the department.

464A.2 Expert plan.
The commission, upon receipt of a report and plan prepared by a competent civil engineer, showing the work contemplated, the effect on the water level, and probable cost and such other facts and recommendations as may be deemed material, may approve said plan which shall be considered a tentative plan only, for the project.

[C24, 27, 31, §1826; C35, §1828-e2; C39, §1828.25; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §112.2]
C93, §464A.2

464A.3 Hearing — damages.
After the approval of the commission, if it wishes to proceed further with the project, shall, with the consent of the environmental protection commission, fix a date of hearing not less than two weeks from date of approval of the plan. Notice of the day, hour and place of hearing, relative to proposed work, shall be provided by publication at least once a week for two consecutive weeks in some newspaper of general circulation published in the county where the project is located, or in the counties where the water elevations are affected, under the tentative plan approved. The last publication shall not be less than five days prior to the day set for hearing. Any claim by any persons for damages which may be caused by the project shall be filed with the commission at or prior to the time of the hearing.

[C24, 27, 31, §1826; C35, §1828-e3; C39, §1828.26; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §112.3; 82 Acts, ch 1199, §59, 96]
86 Acts, ch 1245, §1876
C93, §464A.3

464A.4 Adoption of plan.
If, at the time of the hearing, the commission shall find that the improvement would be conducive to the public convenience, welfare, benefit or utility, and the cost thereof is not excessive, and no claim shall have been filed for damages, it may adopt the tentative plan as final or may modify the plan, provided said modification will not, to any greater extent than the tentative plan, materially and adversely affect the interests of littoral or riparian owners.

[C24, 27, 31, §1826; C35, §1828-e4; C39, §1828.27; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §112.4]
C93, §464A.4

464A.5 Appraisal of damages.
If, at the time of the hearing, the claims for damages shall have been filed, further proceedings shall be continued to an adjourned, regular, or special session, the date and place of which shall be fixed at the time of adjournment and of which all interested parties shall take notice, and the commission shall have the damages appraised by three appraisers to be appointed by the chief justice of the supreme court. One of these appraisers shall be

2007 Acts, ch 126, §83

464A.6 Filing appraisement.
The appraisers appointed to determine the damages caused by the proposed project shall view the premises and determine and fix the amount of damages to which each claimant is entitled and shall, at least three days before the date fixed by the commission to hear and determine the same, file with the secretary of the commission reports in writing showing the amount of damages sustained by each claimant. Should good cause for delay exist, the commission may postpone the time of final action on the project. 
[C24, 27, 31, §1826; C35, §1828-e6; C39, §1828.29; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §112.6]
C93, §464A.6

464A.7 Damages determined.
At the time fixed for hearing and after receipt of the report of the appraisers, the commission shall examine said report, both for and against each claim for damages and compensation and shall determine the amount of damages and compensation due each claimant and may affirm, increase or diminish the amount awarded by the appraisers. After such action, the commission may thereupon adopt a final plan for the project, and proceed with its construction, or it may dismiss the entire proceedings. 
[C24, 27, 31, §1826; C35, §1828-e7; C39, §1828.30; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §112.7]
C93, §464A.7

464A.8 Judicial review — bond.
Judicial review of the orders or actions of the commission fixing the amount of compensation awarded or damages sustained by any claimant may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. The petition for review shall be accompanied by an appeal bond with sufficient sureties to be approved by the clerk of the district court conditioned to pay all costs adjudged against the petitioner.  
[C24, 27, 31, §1826; C35, §1828-e8; C39, §1828.31; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §112.8]

2003 Acts, ch 44, §114
Referred to in §602.8102(26)

464A.9 Final determination and costs.
The amount of damages or compensation found by the court shall be entered of record. Unless the result of the judicial review proceeding is more favorable to the petitioner than the action of the commission, all costs of the judicial review proceeding shall be taxed to the petitioner, but if more favorable, the cost shall be taxed to the respondents. All damages assessed and all costs occasioned under this chapter shall be paid from the funds of the commission. 
[C24, 27, 31, §1826; C35, §1828-e9; C39, §1828.32; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §112.9]
C93, §464A.9

464A.10 Tentative plan.
If, at the time of hearing on the tentative plan, no objectors appear and no claim for damages or compensation shall have been filed, or if proper waivers giving consent to the
construction of the proposed improvement have been obtained from all parties affected then the commission may adopt the tentative plan as final and proceed with the work proposed.

464A.11 Water trails and low head dam public hazard statewide plan.
1. The department shall establish a water trails and low head dam public hazard program.
2. In administering the water trails and low head dam public hazard program, the department shall conduct a study of waterways for recreational purposes and develop a statewide plan by March 31, 2010. Elements of the plan shall include but not be limited to:
   a. Compiling an inventory of low head dams, including a listing of those low head dams, for the purposes of publicizing hazards through maps and warning signage.
   b. Seeking input from the public and experts in various fields, including fisheries, rescue professionals, water recreation, river management, public utilities conservation, and landscape architecture, to be used in the recreation and safety components of the plan.
   c. Developing standard recommendations for local communities including signage system and placement guidelines, boating access type, placement and construction guidelines, and volunteer recommendations for communities.
   d. Recommending design templates for low head dams to reduce incidents of drowning.
   e. With input from stakeholders, developing criteria for prioritizing removal or modification of low head dams.
   f. With input from stakeholders, developing criteria for prioritizing development of water trails.

465A.1 Statement of purpose — intent. 465A.3 Funding sources.
465A.2 Statewide open space acquisition and protection program — objectives and agency duties. 465A.4 Payment in lieu of property taxes.

465A.1 Statement of purpose — intent.
1. The general assembly finds that:
   a. Iowa's most significant open space lands are essential to the well-being and quality of life for Iowans and to the economic viability of the state’s recreation and tourism industry.
   b. Many areas of high national significance in the state have not received adequate public protection to keep them free of visual blight, resource degradation, and negative impacts from inappropriate land use and surrounding development. Some of these areas include national park service and United States fish and wildlife service properties, national landmarks and trails, the Des Moines river greenbelt, the great river road, areas where interstate highways enter the state, cross major rivers, and pass by other areas of national significance, major state park and recreation areas, unique and protected water areas, and significant natural, geological, scenic, historic, and cultural properties of the state.
   c. While state and federal funds are generally available for the acquisition and protection of fish and wildlife areas and habitats as well as boating access to public waters, funding
programs for public open space acquisition and protection have not been adequate to meet needs.

d. Relative to other midwestern states, Iowa ranks last in the proportion of land acquired and protected for public open space.

2. A program shall be established to:
   (1) Educate the citizens of the state about the needs and urgency of protecting the state’s open spaces.
   (2) Plan for the protection of the state’s significant open space areas.
   (3) Acquire and protect those properties on a priority basis through a variety of appropriate means.

b. In addition to other goals for the program, it is intended that a minimum of ten percent of the state’s land area be included under some form of public open space protection by the year 2000.

465A.2 Statewide open space acquisition and protection program — objectives and agency duties.

1. The department of natural resources has the following duties in undertaking programs to meet the objectives stated in section 465A.1.

   a. Prepare and conduct new education and awareness programs designed to create greater public understanding of the needs, issues, and opportunities for protecting the state’s significant open spaces. The department shall incorporate the recommendations of other state agencies and private sector organizations which have interests in open space protection. The department may enter into contracts with other agencies and the private sector for preparing and conducting these programs.

   b. Prepare a statewide, long-range plan for the acquisition and protection of significant open space lands throughout the state as identified in section 465A.1. The department of transportation, department of economic development, and department of cultural affairs, private organizations, county conservation boards, city park and recreation departments, and the federal agencies with lands in the state shall be directly involved in preparing the plan. The plan shall include, but is not limited to, the following elements:

      (1) Specific acquisition and protection needs and priorities for open space areas based on the following sequence of priorities:

         (a) National.
         (b) Regional.
         (c) Statewide.
         (d) Local.

      (2) Identification of open space acquisition and protection techniques available or needed to carry out the plan.

      (3) Additional education and awareness programs which are needed to encourage the acquisition and protection of areas identified in the plan.

      (4) Management needs including maintenance, rehabilitation, and improvements.

      (5) Funding levels needed to accomplish the statewide open space programs.

      (6) Recommendations as to how federal programs can be modified or developed to assist the state’s open space programs.

   c. Acquire and protect open space properties as identified by priority in the plan as funding is made available for this purpose. In acquiring and protecting open space, the department shall:

      (1) Accept applications for funding assistance from federal agencies, other state agencies, regional organizations, county conservation boards, city park and recreation agencies, and private organizations with an interest in open spaces.

      (2) Obtain the maximum efficiency of funds appropriated for this program through the
use of acquisition and protection techniques that provide the degree of protection required at the lowest cost.

(3) Encourage the provision of supporting or matching funds; however, the absence of these funds shall not prevent the approval of those projects of clear national importance.

2. The department may enter into contracts with private consultants for preparing all or part of the plan required under subsection 1, paragraph “b”. The plan shall be submitted to the general assembly by July 1, 1988. Prior to submission of the plan to the general assembly, the department shall request comments on the proposed plan from state and federal agencies and private organizations with interests in open space protection. The comments shall be submitted to the general assembly.

3. The department may initiate pilot acquisition and protection projects prior to completion of the open space plan if the pilot projects have high national significance as identified in section 1, subsection 2.

465A.3 Funding sources.
1. To achieve the purposes of this chapter, the department, other state agencies, political subdivisions of the state, and private organizations may use funds from the following sources:
   a. Appropriations by the general assembly.
   b. Private grants and gifts.
   c. Federal grants and loans intended for these purposes.
2. The department may enter into agreements with other state agencies, political subdivisions of the state, and private organizations for the purposes of carrying out this natural open space program or specific elements of the program.

465A.4 Payment in lieu of property taxes.
As a part of the budget proposal submitted to the general assembly under section 455A.4, subsection 1, paragraph “c”, the director of the department of natural resources shall submit a budget request to pay the property taxes for the next fiscal year on open space property acquired by the department which would otherwise be subject to the levy of property taxes. The assessed value of open space property acquired by the department shall be that determined under section 427.1, subsection 18, and the director may protest the assessed value in the manner provided by law for any property owner to protest an assessment. For the purposes of chapter 257, the assessed value of the open space property acquired by the department shall be included in the valuation base of the school district and the payments made pursuant to this section shall be considered as property tax revenues and not as miscellaneous income. The county treasurer shall certify taxes due to the department. The taxes shall be paid annually from the departmental fund or account from which the open space property acquisition was funded. If the departmental fund or account has no moneys or no longer exists, the taxes shall be paid from funds as otherwise provided by the general assembly. If the total amount of taxes due certified to the department exceeds the amount appropriated, the taxes due shall be reduced proportionately so that the total amount equals the amount appropriated. This section applies to open space property acquired by the department on or after January 1, 1987.

RECREATION TRAILS

Referred to in §456A.24, 481A.1

This chapter not enacted as a part of this title;
transferred from chapter 111F in Code 1993

465B.1 Statement of purpose — intent.
The general assembly finds that recreation trails provide a significant benefit for the health and well-being of Iowans and state visitors. Iowa has a national reputation as a place for hiking, walking, and bicycling. The use of recreation trails has a significant influence on Iowa’s economy. Iowa’s scenic landscapes, many small communities, and existing natural and transportation corridors are ideally suited for new recreation trails to support recreation and tourism activities such as walking, biking, driving for pleasure, horseback riding, boating and canoeing, skiing, snowmobiling, and others.

The general assembly finds that a program shall be established to acquire, develop, promote, and manage existing and new recreation trails. The objective of a statewide trails program shall be for the state to acquire and develop two thousand miles of new recreation trails and completion of existing trail projects before the year 2000.

465B.2 Statewide trails development program.
1. The state department of transportation shall undertake the following actions to establish a program to meet the objective stated in section 465B.1:

a. Prepare a long-range plan for the acquisition, development, promotion, and management of recreation trails throughout the state. The plan shall identify needs and opportunities for recreation trails of different kinds having national, statewide, regional, and multicounty importance. Recommendations in the plan shall include but not be limited to:

(1) Specific acquisition needs and opportunities for different types of trails.
(2) Development needs including trail surfacing, restrooms, shelters, parking, and other needed facilities.
(3) Promotional programs which will encourage Iowans and state visitors to increase use of trails.
(4) Management activities including maintenance, enforcement of rules, and replacement needs.
(5) Funding levels needed to accomplish the statewide trails objectives.
(6) Ways in which trails can be more fully incorporated with parks, cultural sites, and natural resource sites.

b. Include, within the plan, recommendations for standards for establishing functional classifications for all types of recreation trails as well as a system for determining jurisdictional control over trails. Levels of jurisdiction may be vested in the state, counties, cities, and private organizations.

2. a. The state department of transportation may enter into contracts for the preparation of the trails plan. The department shall involve the department of natural resources, the Iowa department of economic development, and the department of cultural affairs in the preparation of the plan. The recommendations and comments of organizations representing different types of trail users and others with interests in this program shall also be incorporated in the preparation of the trails plan and shall be submitted with the plan to the general assembly. The plan shall be submitted to the general assembly no later than
January 15, 1988. Existing trail projects involving acquisition or development may receive funding prior to the completion of the trails plan.

b. The department shall give priority to funding the acquisition and development of trail portions which will complete segments of existing trails. The department shall give preference to the acquisition of trail routes which use existing or abandoned railroad right-of-ways, river valleys, and natural greenbelts. Multiple recreational use of routes for trails, other forms of transportation, utilities, and other uses compatible with trails shall be given priority.

c. The department may acquire property by negotiated purchase and hold title to property for development of trails. The department may enter into agreements with other state agencies, political subdivisions of the state, and private organizations for the planning, acquisition, development, promotion, management, operations, and maintenance of recreation trails.

3. The department may adopt rules under chapter 17A to carry out a trails program.

465B.3 Involvement of other agencies.
The department of natural resources, the economic development authority, and the department of cultural affairs shall assist the state department of transportation in developing the statewide plan for recreation trails, in acquiring property, and in the development, promotion, and management of recreation trails.

465B.4 Funding.
To achieve the purposes of this chapter, the state department of transportation, other state agencies, political subdivisions of the state, and private organizations may use funds from the following sources:

1. Funds appropriated by the general assembly.
2. Private grants and gifts.
3. Federal grants and loans intended for these purposes.
CHAPTER 465C
STATE PRESERVES

This chapter not enacted as a part of this title;
transferred from chapter 111B in Code 1993

465C.1 Definitions.
As used in this chapter:
1. “Area” means an area of land or water or both land and water.
2. “Board” means the state advisory board for preserves established by this chapter.
3. “Commission” means the natural resource commission.
4. “Dedication” means the allocation of an area as a preserve by a public agency or by a private owner by written stipulation in a form approved by the state advisory board for preserves.
5. “Department” means department of natural resources created under section 455A.2.
6. “Director” means director of the department.
7. “Preserve” means an area of land or water formally dedicated under this chapter for maintenance as nearly as possible in its natural condition though it need not be completely primeval in character at the time of dedication or an area which has unusual flora, fauna, geological, archaeological, scenic, or historical features of scientific or educational value.

2006 Acts, ch 1030, §48

465C.2 Advisory board.
There is hereby created a state system of preserves and a state advisory board for preserves.

[C66, 71, 73, 75, 77, 79, 81, §111B.2]
C93, §465C.2

465C.3 Membership.
1. a. The board shall be composed of seven members, six of which shall be appointed by the governor. The director of the department shall also serve as a member of the board.
   b. The commission, the conservation committee of the Iowa academy of science, and the state historical society shall submit to the governor a list of possible appointments. Members shall be selected from persons with a demonstrated interest in the preservation of natural lands and waters, and historic sites.
2. Members shall serve until their successors are appointed and qualified. The director shall serve as long as the director is director. Any vacancies on the board shall be filled, for the remainder of the term vacated, by appointment by the governor provided by this chapter. As terms of members expire, their successors shall be appointed for terms to expire three years thereafter. Any member who has served two consecutive full terms will not be eligible for reappointment for a period of one year following the expiration of the member’s second term.

[C66, 71, 73, 75, 77, 79, 81, §111B.3]
465C.4 Expenses.
The members of the board may be reimbursed for necessary expenses in connection with performance of their duties. Each member of the board may also be eligible to receive compensation as provided in section 7E.6.

465C.8 Powers and duties.
The board shall have the following powers and duties:
1. To approve an area as a preserve.
2. To make and publish all rules necessary to carrying out the purposes of this chapter.
3. To recommend dedication as preserves, of areas owned by the state under the jurisdiction of the department.
4. To recommend acquisition of areas for dedication as preserves subject to approval by the natural resource commission.
5. To recommend dedication as preserves, areas owned by other public agencies, private groups, and individuals.
6. To make surveys and maintain registries and records of preserves and other areas of educational or scientific value and of habitats for rare and endangered species of plants and animals in the state.
7. To promote research and investigations, carry on interpretive programs and publish and disseminate information pertaining to preserves and related areas of educational or scientific value.
8. To promote the establishment and protection of, and advise in the management of, wild parks and other areas of educational or scientific value and otherwise foster and aid in the preservation of natural conditions elsewhere than in preserves.
9. To authorize payment of travel and other necessary expenses of the members of
the board and advisors to the board, and salaries, wages, compensations, travel, supplies, and equipment necessary to carry out the duties of the board, and to authorize any other expenditures as may be necessary to carry into effect the purposes of this chapter.

10. To design and control the use of official state preserve signs and recommend to the state department of transportation locations for state preserve signs.

11. To submit to the governor and the legislature a report before January 15, 1967, and every two years thereafter which shall account for each preserve in the system and make such other reports and recommendations as it may deem necessary.

12. To prepare and recommend a budget, for inclusion as a line item money request in the departmental budget, for appropriation from the state general fund.

465C.9 Articles of dedication.
1. The public agency or private owner shall complete articles of dedication on forms approved by the board. When the articles of dedication have been approved by the governor, the board shall record them with the county recorder for the county or counties in which the area is located.

2. The articles of dedication may contain restrictions on development, sale, transfer, method of management, public access, and commercial or other use, and may contain such other provisions as may be necessary to further the purposes of this chapter. They may define the respective jurisdictions of the owner or operating agency and the board. They may provide procedures to be applied in case of violation of the dedication. They may recognize reversionary rights. They may vary in provisions from one preserve to another in accordance with differences in relative conditions.

[C66, 71, 73, 75, 77, 79, 81, §111B.9]
C93, §465C.9

465C.10 When dedicated as a preserve.
An area shall become a preserve when it has been approved by the board for dedication as a preserve, whether in public or private ownership, formally dedicated as a preserve within the system by a public agency or private owner and designated by the governor as a preserve.

465C.11 Area held in trust.
1. An area designated as a preserve within the system is hereby declared put to its highest, best, and most important use for public benefit. It shall be held in trust and shall not be alienated except to another public use upon a finding by the board of imperative and unavoidable public necessity and with the approval of the commission, the general assembly by concurrent resolution, and the governor. The board’s interest or interests in any area designated as a preserve shall not be taken under the condemnation statutes of this state without such a finding of imperative and unavoidable public necessity by the board, and with the consent of the commission, the general assembly by concurrent resolution, and the governor.

2. The board, with the approval of the governor, may enter into amendments to any articles of dedication upon its finding that such amendment will not permit an impairment, disturbance, or development of the area inconsistent with the purposes of this chapter.

3. Before the board shall make a finding of imperative and unavoidable public necessity, or shall enter into any amendment to articles of dedication, the board shall provide notice of such proposal and opportunity for any person to be heard. Such notice shall be published at least once in a newspaper with a general circulation in the county or counties wherein the area directly affected is situated, and mailed within ten days of such published notice to all
persons who have requested notice of all such proposed actions. Each notice shall set forth the substance of the proposed action and describe, with or without legal description, the area affected, and shall set forth a place and time not less than sixty days thence for all persons desiring to be heard to have reasonable opportunity to be heard prior to the finding of the board.

465C.13 Other purposes not affected.
1. Nothing contained in this chapter shall be construed as interfering with the purposes stated in the establishment of or pertaining to any state or local park, preserve, wildlife refuge, or other area or the proper management and development thereof except that any agency administering any area designated as a nature preserve under the system shall be responsible for preserving the natural character of the area in accordance with the articles of dedication.

2. Designation of an area as a preserve within the system shall not void or replace any protected status under law which the area would have were it not so designated.

CHAPTER 466
IMPROVEMENT OF WATERSHED ATTRIBUTES

Referred to in §461.33

466.1 Short title.
This chapter shall be known and may be cited as “Initiative on Improving Our Watershed Attributes (I on IOWA)”. 2000 Acts, ch 1068, §1

466.2 Legislative goal.
The goal of this chapter is to develop a comprehensive water quality program that will result in water quality improvements while reducing proposed regulatory impacts. The program shall use information, education, monitoring, technical assistance, data gathering and evaluation, incentives, and more efficient issuance of permits. The program is expected to have a menu of initiatives and approaches to appeal to a broad audience of participants and shall be coordinated so that individual initiatives work toward the objective of improved water quality. The departments of agriculture and land stewardship and natural resources shall work cooperatively with federal agencies to obtain waivers and changes in rules and procedures at national and state levels to improve the federal programs’ environmental and economic performance for Iowans. State agencies shall collaborate with other state agencies to attain the overall goal of improved water quality. The state department of transportation and the department of natural resources shall collaborate to provide for the preservation of topsoil, erosion control, water impoundment during highway construction and reconstruction, and restoration and management of roadside right-of-way for prairie restoration, wildlife habitat, and erosion control.
2000 Acts, ch 1068, §2

466.3 Iowa clean water award.
An Iowa clean water award is created. The governor and the general assembly shall give the award annually to a city or other political subdivision which has met criteria established by the department of natural resources and the department of agriculture and land stewardship identifying exemplary efforts to improve water quality within its jurisdiction.
2000 Acts, ch 1068, §3

466.4 Conservation buffer strip program.
1. As used in this section, “conservation buffer strip” means a riparian buffer, filter strip, waterway, contour buffer strip, shallow water area for wildlife, field border, or any vegetative barrier on private land that meets the criteria established by the United States department of agriculture, natural resources conservation service.
2. a. The department of agriculture and land stewardship, in consultation with the department of natural resources, shall establish a program to accelerate the United States department of agriculture’s program to install conservation buffer strips in this state.
b. The department of agriculture and land stewardship shall request waivers from the United States department of agriculture to initiate projects that reward landowners maintaining current conservation practices. The goal of the projects is to discourage the destruction of existing conservation buffer strips and to monetarily reward landowners who maintain quality conservation practices. If the waivers are granted, up to twenty-five percent of the program resources shall be committed to establishing projects.
c. The department of agriculture and land stewardship shall request a waiver from the United States department of agriculture for the purpose of establishing that a person who is subject to a twenty-five percent reduction in conservation buffer strip payments due to grazing shall be allowed ninety days to graze animals.

d. The department of natural resources shall establish a prairie seed harvest program to assist in the restoration of prairies and provide for private land stewardship and public resource management through assistance with the implementation of buffer and filter strip practices, and public or private habitat development and management. The department shall carry out these efforts through landowner contacts and cooperation with private and public organizations.

e. The five-year goal of the conservation buffer strip program shall be to meet the objective of water quality improvement by enrolling an additional four hundred seven thousand five hundred acres.

2000 Acts, ch 1068, §4
Referred to in §461.34

466.5 Conservation reserve enhancement program.

1. A conservation reserve enhancement program is established within the department of agriculture and land stewardship to restore or construct wetlands for the purposes of intercepting tile line runoff, reducing nutrient loss, improving water quality, and enhancing agricultural production practices. The program shall be directed primarily, but not exclusively, toward the tile-drained areas of the state.

2. The department of agriculture and land stewardship shall request the assistance of and consult with the United States department of agriculture’s natural resources conservation service and farm service agency to implement the conservation reserve enhancement program. The department shall also consult with county boards of supervisors, county conservation boards, drainage district representatives, department of natural resources, and soil and water conservation districts affected by the implementation of the conservation reserve enhancement program. The department shall also collaborate with other public agencies and private organizations to develop wetland habitat and related projects to improve water quality.

3. The department of agriculture and land stewardship shall maintain a record of all wetlands established pursuant to the conservation reserve enhancement program including any conditions that may apply to the landowner’s right to remove the wetland after the provisions of the conservation reserve enhancement program contract or easement are concluded.

4. When establishing a wetland under this section, the department of agriculture and land stewardship shall be governed by the following requirements:

   a. Wetland construction or restoration shall not damage the value of property in any public or private drainage system without the property owner’s consent.

   b. Wetland construction or restoration shall improve water quality and provide aesthetic and habitat benefits.

   c. Wetland construction or restoration under this section may be used to mitigate wetland removal by the landowner if it meets the requirements of federal agencies with wetland jurisdictional authorities. Where practicable, priority shall be given to mitigating wetland removal within the same United States geological survey hydrologic unit code 8 watershed, but a watershed confines shall not limit the use of duly authorized wetland mitigation banks.

5. The five-year goal of the conservation reserve enhancement program is the establishment of thirty-two thousand five hundred acres of wetlands.

Referred to in §461.34
466.6 Water quality monitoring.
The department of natural resources shall operate water quality monitoring stations for the purpose of gathering information and data to establish benchmarks for water quality in this state.
2000 Acts, ch 1068, §6

466.7 Water quality protection program.
1. The department of agriculture and land stewardship shall implement, in conjunction with the federal government and other entities, a program that provides multiobjective resource protections for flood control, water quality, erosion control, and natural resource conservation.
2. The department of agriculture and land stewardship shall implement a statewide, voluntary farm management demonstration program to demonstrate the effectiveness and adaptability of emerging practices in agronomy that protect water resources and provide other environmental benefits. A demonstration program under this subsection may complement, but shall not duplicate, projects conducted by Iowa state university extension service. The demonstration program shall be designed to concentrate on management techniques in both the livestock and crop genres and shall be offered to farm operators through an educational setting and demonstration projects. The demonstration program shall be offered in conjunction with the community colleges, Iowa state university, and private farmer demonstrations. Continuing education units shall be offered. The educational program shall be offered at no cost to farm operators who file a schedule F with the internal revenue service and do not have permitted livestock facilities or are certified under a manure management plan.
3. The department of agriculture and land stewardship shall provide financial assistance for the establishment of permanent soil and water conservation practices.
4. The department of natural resources shall provide local watershed managers with geographic information system data for their use in developing, monitoring, and displaying results of their watershed work. The local watershed data shall be considered public records and are accessible to the public pursuant to chapter 22.
5. The department of natural resources shall develop a program that provides support to local volunteer management efforts to the different programs concerned with water quality. The department shall assist in coordinating and tracking of the volunteer component of these programs to increase efficiency and avoid duplication of efforts in water quality monitoring and watershed improvement.
6. The department of natural resources shall provide for activities supporting the analysis of water quality monitoring data for trends and for the preparation and presentation of data to the public.
7. The department of natural resources shall contract to assist its staff with the review of national pollutant discharge elimination system permits.
8. The department of natural resources shall expand floodplain protection education to better inform local officials that make decisions with regard to floodplain management.
9. The department of natural resources shall continue the establishment of an effective and efficient method of developing a total maximum daily load program, based on information gathered on other states’ programs and investigation into alternative methods for satisfying the requirements.
2000 Acts, ch 1068, §7; 2001 Acts, ch 37, §1, 4

466.8 On-site wastewater systems assistance program.
1. The department of natural resources shall establish an on-site wastewater systems assistance program for the purpose of providing low-interest loans to homeowners for improving on-site wastewater disposal systems.
2. The environmental protection commission shall adopt rules for carrying out the program including but not limited to criteria for homeowner participation, the methods used to provide loans, and financing terms and limits.
3. The department may make and execute agreements with public or private entities,
including lending institutions as defined in section 12.32, as required to administer the program.

4. Assistance provided to homeowners shall not be used to pay the nonfederal share of the cost of any wastewater system projects receiving grants under the federal Clean Water Act, 33 U.S.C. §1381 – 1387.

466.9 On-site wastewater systems assistance fund.

1. An on-site wastewater systems assistance fund is established as a separate fund in the state treasury under the control of the department of natural resources. Moneys in the fund are appropriated to the department by the federal government for the exclusive purpose of supporting and administering the on-site wastewater systems assistance program as established in section 466.8.

2. The fund shall consist of all of the following:
   a. Moneys appropriated to the department by the general assembly for deposit in the fund or to carry out the purposes of the on-site wastewater systems assistance program.
   b. Moneys provided to the department by the federal government to carry out the purpose of administering the programs, policies, and undertakings authorized in the federal Clean Water Act, 33 U.S.C. §1381 – 1387.
   c. Moneys collected by the department pursuant to loan agreements from homeowners receiving loans under the on-site wastewater systems assistance program.
   d. Any other moneys obtained or accepted by the department for deposit in the fund.

3. a. The fund shall consist of the following accounts:
   (1) The financing account which shall be used for the exclusive purpose of providing financing to homeowners for improving on-site wastewater systems under the on-site wastewater systems assistance program.
   (2) The administration account which shall be used by the department to defray expenses associated with carrying out the on-site wastewater systems assistance program.
   b. Of all moneys deposited into the fund each year, the department shall credit at least ninety-six percent of the moneys to the financing account and any remaining moneys to the administration account.

4. The moneys in the fund are not considered part of the general fund of the state, and in determining a general fund balance shall not be included in the general fund of the state. The moneys in the fund are not subject to section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this section. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the fund shall be credited to the fund.

SURFACE WATER PROTECTION, FLOOD MITIGATION, AND WATERSHED MANAGEMENT

Subchapter I
SURFACE WATER PROTECTION AND FLOOD MITIGATION

466B.1 Short title.
This chapter shall be known and may be cited as the “Surface Water Protection and Flood Mitigation Act”.
2008 Acts, ch 1034, §1; 2009 Acts, ch 146, §7

466B.2 Definitions.
For the purposes of this chapter, unless the context otherwise requires:
1. “Council” means the water resources coordinating council created in section 466B.3.
2. “Iowa nutrient reduction strategy” means the same as defined in section 455B.171.
3. “Political subdivision” means any of the following:
a. A city.
b. A county.
c. A soil and water conservation district described in section 161A.5.
d. A benefited recreational lake district or a water quality district or a combined district incorporated as a public entity and organized pursuant to chapter 357E.
e. A rural improvement zone established pursuant to chapter 357H.
4. “Regional watershed” means a watershed of hydrologic unit code scale 8.
5. “Subwatershed” means a watershed of hydrologic unit code scale 12 or smaller.
6. “Watershed” means a geographic area in which surface water is drained by rivers, streams, or other bodies of water.

Subsection 2 stricken and former subsections 3 – 7 renumbered as 2 – 6

466B.3 Water resources coordinating council.
1. Council established. A water resources coordinating council is established within the department of agriculture and land stewardship.
2. Purpose. The purpose of the council shall be to preserve and protect Iowa’s water resources, and to coordinate the management of those resources in a sustainable and fiscally responsible manner. In the pursuit of this purpose, the council shall use an integrated approach to water resource management, recognizing that insufficiencies exist in current approaches and practices, as well as in funding sources and the utilization of funds. The integrated approach used by the council shall attempt to overcome old categories, labels, and obstacles with the primary goal of managing the state's water resources comprehensively rather than compartmentally.
3. Accountability. The success of the council’s efforts shall ultimately be measured by the following outcomes:
   a. Whether the citizens of Iowa can more easily organize local watershed projects.
   b. Whether the citizens of Iowa can more easily access available funds and water quality program resources.
   c. Whether the funds, programs, and regulatory efforts coordinated by the council eventually result in a long-term improvement to the quality of surface water in Iowa. To evaluate the progress achieved over time toward the goals of the Iowa nutrient reduction strategy and the United States environmental protection agency gulf hypoxia action plan, the baseline condition shall be calculated for the time period from 1980 to 1996.
   d. Whether the potential for flood damage in each watershed in the state has been reduced.
4. Membership. The council shall consist of the following members:
   a. The director of the department of natural resources or the director’s designee.
   b. The director of the division of soil conservation and water quality within the department of agriculture and land stewardship or the director’s designee.
   c. The director of the department of public health or the director’s designee.
   d. The director of the department of homeland security and emergency management or the director’s designee.
   e. The dean of the college of agriculture and life sciences at Iowa state university or the dean’s designee.
   f. The dean of the college of public health at the university of Iowa or the dean’s designee.
   g. The dean of the college of natural sciences at the university of northern Iowa or the dean’s designee.
   h. The director of transportation or the director’s designee.
   i. The director of the economic development authority or the director’s designee.
   j. The executive director of the Iowa finance authority or the executive director’s designee.
   k. The secretary of agriculture, who shall be the chairperson, or the secretary’s designee.
As the chairperson, and in order to further the coordination efforts of the council, the secretary may invite representatives from any other public agency, private organization, business, citizen group, or nonprofit entity to give public input at council meetings, provided the entity has an interest in the coordinated management of land resources, soil conservation, flood mitigation, or water quality. The secretary shall also invite and solicit advice from the following:
   (1) The director of the Iowa water science center of the United States geological survey or the director’s designee.
   (2) The state conservationist from the Iowa office of the United States department of agriculture’s natural resources conservation service or the state conservationist’s designee.
(3) The executive director for Iowa from the United States department of agriculture’s farm services agency or the executive director’s designee.

(4) The state director for Iowa from the United States department of agriculture’s office of rural development or the state director’s designee.

(5) The director of region seven of the United States environmental protection agency or the director’s designee.

(6) The corps commander from the United States army corps of engineers’ Rock Island district or the commander’s designee.

l. The dean of the college of engineering at the university of Iowa or the dean’s designee.

5. Meetings and quorum.

a. The council shall be convened by the secretary of agriculture at least quarterly.

b. A majority of the members fixed by statute shall constitute a quorum, and any action taken by the council must be adopted by a majority of the voting membership.

6. Duties and powers.

a. The council shall engage in the regular coordination of water resource-related functions, including protection strategies, planning, assessment, prioritization, review, concurrence, advocacy, and education.

b. In coordinating water resource-related functions, the council may do all of the following:

(1) Consider the steps necessary to address the planning, management, and implementation of water resource improvement.

(2) Identify ways to facilitate communication and participation among all water resource stakeholders, including owners of land in Iowa whether they are residents or not.

(3) Identify inefficiencies in current programs and recommend ways to eliminate duplicative services.

(4) Improve the availability and management of water resource information.

(5) Provide incentives for, and recognition of, environmental excellence.

(6) Regularly assess and identify measurable improvements in water quality.

(7) Oversee the complete, statewide regional watershed assessment, prioritization, and planning process described in section 466B.5, including a short-term interim program and a long-term comprehensive state water quality and quantity plan updated every five years as provided in sections 466B.5 and 466B.6.

(8) Develop a protocol which identifies high-priority watersheds, including local and community-based subwatersheds, and which appropriately directs resources to those watersheds.

(9) Review best available technologies on a regular basis, so that investments of time and program resources can be prioritized and directed to projects that will best and most effectively improve water quality and reduce flood damage within regional and community subwatersheds.

(11) Develop a protocol for assigning multiagency teams to regional watersheds and local subwatersheds and guide those teams in the coordination of citizen and agency activities within those watersheds.

(12) Engage in dialogue with, and pursue efforts to make cooperative agreements with, other states when a watershed extends beyond borders of this state.

(13) Enter into agreements and make contracts with third parties for the performance of duties imposed by this chapter.

(14) Prepare a memorandum of understanding identifying the roles and responsibilities of council members in the coordination of the implementation of community-based subwatershed improvement plans. The memorandum shall be a commitment by the agencies participating in council meetings to reach consensus regarding communications with subwatershed planning units.

b. The council shall develop recommendations for policies and funding promoting a watershed management approach to reduce the adverse impact of future flooding on this state’s residents, businesses, communities, and soil and water quality. The council
shall consider policies and funding options for various strategies to reduce the impact of flooding including but not limited to additional floodplain regulation; wetland protection, restoration, and construction; the promulgation and implementation of statewide storm water management standards; conservation easements and other land management; perennial ground cover and other agricultural conservation practices; pervious pavement, bioswales, and other urban conservation practices; and permanent or temporary water retention structures. In developing recommendations, the council shall consult with hydrological and land use experts, representatives of cities, counties, drainage and levee districts, agricultural interests, and soil and water conservation districts, and other urban and regional planning experts.

466B.4 Legislative findings and marketing campaign.

1. Findings. The general assembly finds all of the following:
   a. Most Iowans desire to have improved water quality throughout the state, but many Iowans do not understand the problems with local water quality.
   b. Most Iowans believe that the protection of fish and wildlife benefits all Iowans.
   c. The benefits of improving water quality could far outweigh the costs of implementing mechanisms to improve it.
   d. Most Iowans look to some level of government for the protection of water resources rather than to themselves and their own actions. However, it is not possible or desirable for state government to take complete control and responsibility for water quality.
   e. In addition to the use of Iowa land for agriculture and economic development, the land in watersheds and floodplains should be managed to reduce flooding, reduce flood damage, ameliorate the effects of drought, improve water quality, improve habitat and the natural environment, increase renewable energy production, and enhance recreational opportunities.

2. Marketing campaign. The water resources coordinating council shall develop a marketing campaign to educate Iowans about the need to take personal responsibility for the quality and quantity of water in their local watersheds. The emphasis of the campaign shall be that not only is everyone responsible for clean water, but that everyone benefits from it as well, and that everyone is responsible for and benefits from reducing the risk for flooding and mitigating possible future flood damage. The goals of the campaign shall be to convince Iowans to take personal responsibility for clean water and reducing the risk of flooding and to equip them with the tools necessary to effect change through local water quality improvement projects and better floodplain management and flood risk programs.

3. Contingent on funding. The duties imposed in subsection 2 are contingent upon the receipt of funding sufficient to cover the costs associated with the marketing campaign.

466B.5 Regional watershed assessment, planning, and prioritization.

1. Regional watershed assessment program. The department of natural resources shall create a regional watershed assessment program. The program shall assess all the regional watersheds in the state.
   a. The statewide assessment shall be conducted at the rate of approximately one-fifth of the watersheds per year, and an initial full assessment shall be completed within five years. Thereafter, the department of natural resources shall review and update the assessments on a regular basis.
   b. Each regional watershed assessment shall provide a summary of the overall condition of the watershed. The information provided in the summary may include land use patterns, soil types, slopes, management practices, stream conditions, and both point and nonpoint source impairments.
c. In conducting a regional watershed assessment, the department of natural resources may provide opportunities for local data collection and input into the assessment process.

2. Planning and prioritization. In conducting the regional watershed assessment program, the department of natural resources shall provide hydrological and geological information sufficient for the water resources coordinating council to prioritize watersheds statewide and for the various communities in those watersheds to plan remedial efforts in their local communities and subwatersheds.

3. Report to council. Upon completion of the statewide assessment, and upon updating the assessments, the department of natural resources shall report the results of the assessment to the council and the general assembly, and shall make the report publicly available.

Referred to in §466B.3, 466B.9

466B.6 Community-based subwatershed improvement plans.

1. Facilitation of community-based subwatershed plans. After the department of natural resources’ completion of the initial regional watershed assessment, and after the council’s prioritization of the regional watersheds, the council shall designate one or more of the agencies represented on the council to facilitate the development and implementation of local, community-based subwatershed improvement plans.

2. Assessment, planning, prioritization, and implementation. In facilitating the development of community-based subwatershed improvement plans, the agency or agencies designated by the council shall, based on the results of the regional watershed assessment program, identify critical subwatersheds within priority regional watersheds and recruit communities, citizen groups, local governmental entities, or other stakeholders to engage in the assessment, planning, prioritization, and implementation of a local community-based subwatershed improvement plan. The agency or agencies designated by the council may assist in the formation of a group of initial local community-based subwatershed improvement plans that can be implemented as pilot projects, in order to develop an effective process that can be replicated across the state.

Referred to in §466B.3

466B.7 Community-based subwatershed monitoring.

1. Monitoring assistance. After completion of the statewide regional watershed assessment and prioritization, and throughout the implementation of local community-based subwatershed improvement plans, the department of natural resources shall assist communities with the monitoring and measurement of local subwatersheds. The monitoring and measurement shall be designed for the particular needs of individual communities.

2. Data collection and use. Local communities in which the department of natural resources conducts subwatershed monitoring shall use the information to support subwatershed planning activities, do local data collection, and identify priority areas needing additional resources. Local communities shall also collect data over time and use the data to evaluate the impacts of their management efforts.

466B.8 Wastewater and storm water infrastructure assessment.

The department of natural resources shall assess and prioritize communities within a watershed presenting the greatest level of risk to water quality and the health of residents. This prioritization shall include both sewered and unsewered communities.

466B.9 Rulemaking authority.

The department of natural resources and the department of agriculture and land stewardship shall have the power and authority reasonably necessary to carry out the duties imposed by this chapter. As to the department of natural resources, this includes rulemaking authority to carry out the regional watershed assessment program described in section
466B.5. As to the department of agriculture and land stewardship, this includes rulemaking authority to assist in the implementation of community-based subwatershed improvement plans.

2008 Acts, ch 1034, §9; 2011 Acts, ch 119, §10

466B.10 Floodplain managers.
The council shall encourage and support the formation of a chapter of the association of state floodplain managers in Iowa that would provide a vehicle for local floodplain managers and floodplain planners to further pursue professional educational opportunities.

2010 Acts, ch 1193, §128

466B.11 Flood education.
The Iowa state university agricultural extension service, the council, and agency members of the council shall, to the extent feasible, work with floodplain and hydrology experts to educate the general public about floodplains, flood risks, and basic floodplain management principles. This educational effort shall include developing educational materials and programs in consultation with floodplain experts.

2010 Acts, ch 1193, §129

466B.12 through 466B.20 Reserved.

SUBCHAPTER II
WATERSHED MANAGEMENT AUTHORITIES

466B.21 Definitions.
As used in this subchapter, unless the context otherwise requires:
1. “Authority” means a watershed management authority created pursuant to a chapter 28E agreement as provided in this subchapter.
2. “Board” means a board of directors of a watershed management authority.

2010 Acts, ch 1116, §3; 2013 Acts, ch 132, §58

466B.22 Watershed management authorities created.
1. Two or more political subdivisions may create, by chapter 28E agreement, a watershed management authority pursuant to this subchapter. The participating political subdivisions must be located in the same United States geological survey hydrologic unit code 8 watershed. All political subdivisions within a watershed must be notified within thirty days prior to organization of any watershed management authority within the watershed, and provided the opportunity to participate.
2. The chapter 28E agreement shall include a map showing the area and boundaries of the authority.
3. A political subdivision may participate in more than one authority created pursuant to this subchapter.
4. A political subdivision is not required to participate in a watershed management authority or be a party to a chapter 28E agreement under this subchapter.
5. If a portion of a United States geological survey hydrologic unit code 8 watershed is located outside of this state, any political subdivision in such a watershed may participate in any watershed management authority which includes the county in which the political subdivision is located.

2010 Acts, ch 1116, §4; 2019 Acts, ch 89, §42

466B.23 Duties.
A watershed management authority may perform all of the following duties:
1. Assess the flood risks in the watershed.
2. Assess the water quality in the watershed.
3. Assess options for reducing flood risk and improving water quality in the watershed.
4. Monitor federal flood risk planning and activities.
5. Educate residents of the watershed area regarding water quality and flood risks.
6. Allocate moneys made available to the authority for purposes of water quality and flood mitigation.
7. Make and enter into contracts and agreements and execute all instruments necessary or incidental to the performance of the duties of the authority. A watershed management authority shall not acquire property by eminent domain.

2010 Acts, ch 1116, §5

466B.24 Board of directors.
1. An authority shall be governed by a board of directors. Members of a board of directors of an authority shall be divided among the political subdivisions comprising the authority and shall be appointed by the respective political subdivision's elected legislative body.
2. A board of directors shall consist of one representative of each participating political subdivision. This subsection shall not apply if a chapter 28E agreement under this subchapter provides an alternative board composition method.
3. The directors shall serve staggered terms of four years. The initial board shall determine, by lot, the initial terms to be shortened and lengthened, as necessary, to achieve staggered terms. A person appointed to fill a vacancy shall be appointed in the same manner as the original appointment for the duration of the unexpired term. A director is eligible for reappointment. This subsection shall not apply if a chapter 28E agreement under this subchapter provides an alternative for the length of term, appointment, and reappointment of directors.
4. A board may provide procedures for the removal of a director who fails to attend three consecutive regular meetings of the board. If a director is so removed, a successor shall be appointed for the duration of the unexpired term of the removed director in the same manner as the original appointment. The appointing body may at any time remove a director appointed by it for misfeasance, nonfeasance, or malfeasance in office.
5. A board shall adopt bylaws and shall elect one director as chairperson and one director as vice chairperson, each for a term of two years, and shall appoint a secretary who need not be a director.
6. A majority of the membership of a board of directors shall constitute a quorum for the purpose of holding a meeting of the board. The affirmative vote of a majority of a quorum shall be necessary for any action taken by an authority unless the authority's bylaws specify those particular actions of the authority requiring a greater number of affirmative votes. A vacancy in the membership of the board shall not impair the rights of a quorum to exercise all the rights and perform all the duties of the authority.

2010 Acts, ch 1116, §6

466B.25 Activities coordination.
In all activities of a watershed management authority, the authority may coordinate its activities with the department of natural resources, the department of agriculture and land stewardship, councils of governments, public drinking water utilities, and soil and water conservation districts.

2010 Acts, ch 1116, §7

466B.26 through 466B.30 Reserved.

SUBCHAPTER III
WATERSHED PLANNING ACTIVITIES

466B.31 Watershed planning advisory council.
1. A watershed planning advisory council is established for purposes of assembling a
diverse group of stakeholders to review research and make recommendations to various state entities regarding methods to protect water resources in the state, assure an adequate supply of water, mitigate and prevent floods, and coordinate the management of those resources in a sustainable, fiscally responsible, and environmentally responsible manner. The advisory council may seek input from councils of governments or other organizations in the development of its recommendations. The advisory council shall meet once a year and at other times as deemed necessary to meet the requirements of this section. The advisory council may appoint a task force to assist the advisory council in completing its duties.

2. The watershed planning advisory council shall consist of all of the following members:
   a. The voting members of the advisory council shall include all of the following:
      (1) One member selected by the Iowa association of municipal utilities.
      (2) One member selected by the Iowa league of cities.
      (3) One member selected by the Iowa association of business and industry.
      (4) One member selected by the Iowa water pollution control association.
      (5) One member selected by the Iowa rural water association.
      (6) One member selected by growing green communities.
      (7) One member selected by the Iowa environmental council.
      (8) One member selected by the Iowa farm bureau federation.
      (9) One member selected by the Iowa corn growers association.
      (10) One member selected by the Iowa soybean association.
      (11) One member selected by the Iowa pork producers council.
      (12) One member selected by the soil and water conservation districts of Iowa.
      (13) One person representing the department of agriculture and land stewardship selected by the secretary of agriculture.
      (14) One person representing the department of natural resources selected by the director.
      (15) Two members selected by the Iowa conservation alliance.
      (16) One member selected by the Iowa drainage district association.
      (17) One member selected by the agribusiness association of Iowa.
      (18) One member selected by the Iowa floodplain and stormwater management association.
      (19) One member selected by Iowa rivers revival.
   b. The nonvoting members of the advisory council shall include all of the following:
      (1) Two members of the senate. One senator shall be appointed by the majority leader of the senate and one senator shall be appointed by the minority leader of the senate.
      (2) Two members of the house of representatives. One member shall be appointed by the speaker of the house of representatives and one member shall be appointed by the minority leader of the house of representatives.

3. By December 1 of each year, the watershed planning advisory council shall submit a report to the governor, the general assembly, the department of agriculture and land stewardship, the department of natural resources, and the water resources coordinating council. The report shall include recommendations regarding all of the following:
   a. Improving water quality and optimizing the costs of voluntarily achieving and maintaining water quality standards.
   b. Creating economic incentives for voluntary nonpoint source load reductions, point source discharge reductions beyond those required by the federal Water Pollution Control Act, implementation of pollution prevention programs, wetland restoration and creation, and the development of emerging pollution control technologies.
   c. Facilitating the implementation of total maximum daily loads, urban storm water control programs, and nonpoint source management practices required or authorized under the federal Water Pollution Control Act. This paragraph shall not be construed to obviate the requirement to develop a total maximum daily load for waters that do not meet water quality standards as required by section 303(d) of the federal Water Pollution Control Act or to delay implementation of a total maximum daily load that has been approved by the department of natural resources and the director.
   d. Providing incentives, methods, and practices for the development of new and more accurate and reliable pollution control quantification protocols and procedures, including but
not limited to development of policy based on information and data that is publicly available and that can be verified and evaluated.

e. Providing greater flexibility for broader public involvement through community-based, nonregulatory, and performance-driven watershed management planning.

f. Assigning responsibility for monitoring flood risk, flood mitigation, and coordination with federal agencies.

g. Involving cities, counties, and other local and regional public and private entities in watershed improvement including but not limited to incentives for participation in a watershed management authority created under this chapter.

4. Each year, the voting members of the advisory council shall designate one voting member as chairperson.

SUBCHAPTER IV
WATER QUALITY INITIATIVE — NUTRIENTS

466B.41 Definitions.
As used in this subchapter, unless the context otherwise requires:

1. “Center” means the Iowa nutrient research center established pursuant to section 466B.47.

2. “Council” means the Iowa nutrient research center advisory council established pursuant to section 466B.48.

3. “Division” means the division of soil conservation and water quality created within the department of agriculture and land stewardship pursuant to section 159.5.

4. “Fund” means the water quality initiative fund created in section 466B.45.

5. “Nutrient” includes nitrogen and phosphorus.

466B.42 Water quality initiative.
The division shall establish a water quality initiative in order to assess and reduce nutrients in this state’s watersheds, including subwatersheds and regional watersheds, and for implementing its responsibilities under the Iowa nutrient reduction strategy. The division shall establish and administer projects to reduce nutrients in surface waters from nonpoint sources in a scientific, reasonable, and cost-effective manner. The division shall utilize a pragmatic, strategic, and coordinated approach with the goal of accomplishing reductions over time. To evaluate the progress achieved over time toward the goals of the Iowa nutrient reduction strategy and the United States environmental protection agency gulf hypoxia action plan, the baseline condition shall be calculated for the time period from 1980 to 1996.

Referred to in §466B.43, 466B.44

466B.43 Water quality agriculture infrastructure programs.

1. As part of the water quality initiative established pursuant to section 466B.42, the division shall administer water quality agriculture infrastructure programs created in this section.

2. The purpose of the programs is to support projects for the installation of infrastructure, including conservation structures, practices, or other measures that reduce contributing nutrient loads, associated sediment, or contaminants from sources to surface waters including but not limited to surface waters on the impaired waters list of the state that are used as a drinking water supply. The programs shall be administered in a manner that is consistent with the Iowa nutrient reduction strategy.
3. An edge-of-field infrastructure program is created. The program shall support projects located on agricultural land, which may include demonstration projects, that capture or filter nutrients entering into a surface water. The program’s projects shall be limited to infrastructure designed and installed for use over multiple years, including but not limited to wetlands, bioreactor systems, saturated buffers, or land use changes. The program shall be financed on a cost-share basis.

4. An in-field infrastructure program is created. The program shall support projects located on agricultural land, which may include demonstration projects, that decrease erosion and precipitation-induced surface runoff, increase water infiltration rates, and increase soil sustainability. The program’s projects shall be limited to infrastructure designed and installed for use over multiple years, including but not limited to structures, terraces, and waterways located on cropland or pastureland, and including but not limited to soil conservation or erosion control structures or managed drainage systems. The program shall be financed on a cost-share basis.

5. Any state moneys used to finance a project under a water quality agriculture infrastructure program shall be administered according to an agreement entered into by the division and the owner of the land where the infrastructure is to be installed. The agreement shall include standard terms and conditions for the receipt of program moneys and any other terms and conditions the division deems necessary or convenient for the efficient administration of the project or program. The division may support multiple installations of infrastructure on a single parcel of land. The division may also combine programs if cost effective. The division may annually use an amount of not more than four percent of the moneys used to support each program for administrative purposes.

6. By October 1, 2019, and each October 1 thereafter, the division shall submit a report to the governor and the general assembly itemizing expenditures, by hydrologic unit code 8 watershed, under the programs during the previous fiscal year, if any.

7. Any information obtained by the division identifying a person holding a legal interest in agricultural land or specific agricultural land shall be a confidential record under section 22.7.

Section not amended; editorial change applied

466B.44 Water quality urban infrastructure program.
1. As part of the water quality initiative established pursuant to section 466B.42, the division shall administer a water quality urban infrastructure program.

2. The purpose of the program is to support watershed projects and advance implementation of the Iowa nutrient reduction strategy, which program support may include demonstration projects that decrease erosion, precipitation-induced surface runoff, and storm water discharges and that increase water infiltration rates. The program’s projects shall be based on Iowa’s storm water management manual published by the department of natural resources.

3. The program shall be financed on a cost-share basis or through cooperative agreements with watershed projects funded through section 455B.199 whose project activities fall outside the territorial boundaries of a city.

4. Any state moneys used to finance a project under a water quality urban infrastructure program shall be administered according to an agreement entered into by the division and the owner of the land where the infrastructure is to be installed. The agreement shall include standard terms and conditions for the receipt of program moneys and any other terms and conditions the division deems necessary or convenient for the efficient administration of the project or program. The division may support multiple installations of infrastructure on a single parcel of land. The division may annually use an amount of not more than four percent of the moneys used to support the program for administrative purposes.

5. Notwithstanding any other provision in this section to the contrary, beginning on July 1, 2018, the division may use any amount available to support the water quality urban...
infrastructure program to instead extend and support the three-year data collection of in-field agricultural practices project as enacted in 2015 Iowa Acts, ch. 132, §18.

6. Notwithstanding any other provision of this section to the contrary, the division may use any amount available to support the water quality urban infrastructure program to develop and maintain an online resource displaying measurable indicators of desirable change in water quality within the state’s watersheds. These measurable indicators may include but are not limited to public and private funding inputs, involvement in water quality projects, and improvements, land use, practice adoption, calculated load reduction, and measured loads at existing monitoring stations.

7. By October 1, 2019, and by October 1 of each year thereafter, the division shall submit a report to the governor and the general assembly itemizing expenditures under the program, if any, during the previous fiscal year.

8. Any information obtained by the division identifying a person holding a legal interest in land or specific land shall be a confidential record under section 22.7.

466B.45 Water quality initiative fund.
1. A water quality initiative fund is created in the state treasury under the management and control of the division.

2. The fund shall include moneys appropriated by the general assembly. The fund may include other moneys available to and obtained or accepted by the division, including moneys from public or private sources.

3. Moneys in the fund are appropriated to the division and shall be used exclusively to carry out the provisions of this subchapter as determined by the division, and shall not require further special authorization by the general assembly.

4. a. Notwithstanding section 12C.7, interest or earnings on moneys in the fund shall be credited to the fund.

b. Notwithstanding section 8.33, moneys appropriated or otherwise credited to the fund for a fiscal year shall not revert to the fund from which appropriated at the close of the fiscal year for which the appropriation was made but shall remain available for expenditure for the purposes designated until the close of the fiscal year that begins three years from the beginning date of the fiscal year for which the appropriation was made.

Referred to in §466B.41

466B.46 Iowa nutrient research fund — creation and purpose.

1. An Iowa nutrient research fund is created in the state treasury under the management and control of the center.

2. The fund shall include all of the following:

a. Moneys appropriated by the general assembly.

b. Moneys appropriated from the agriculture management account of the groundwater protection fund pursuant to section 455E.11, subsection 2, paragraph “b”, subparagraph (2), subparagraph division (a).

c. Moneys assessed and collected by or on behalf of the department of natural resources to be credited to the fund as provided in sections 455B.109, 459.602, 459.603, 459.604, 459A.502, and 459B.402.

d. Moneys accepted by the center from public or private sources.

3. Moneys in the fund are appropriated to the center and shall be used exclusively by the center to carry out its purpose as described in section 466B.47.

4. a. Notwithstanding section 12C.7, interest or earnings on moneys in the fund shall be credited to the fund.

b. The moneys credited to the fund are not subject to section 8.33 and shall not be
transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this section.

2016 Acts, ch 1134, §33, 34; 2017 Acts, ch 168, §32

466B.47 Iowa nutrient research center — establishment and purpose.

1. The state board of regents shall establish and maintain in Ames as part of Iowa state university of science and technology an Iowa nutrient research center.

2. The purpose of the center shall be to pursue a science-based approach to nutrient management research that may include but is not limited to evaluating the performance of current and emerging nutrient management practices, and using an adaptive management framework for providing recommendations for the implementation of nutrient management practices and the development of new nutrient management practices.

3. The center shall be administered by a director who shall be appointed by the dean of the college of agriculture and life sciences of Iowa state university of science and technology.

4. The center shall facilitate collaboration among appropriate institutions of higher education governed by the state board of regents, including but not limited to institutes, departments, and centers.

5. Any information collected or received by the center that identifies a person holding a legal interest in agricultural land or specific agricultural land shall be a confidential record under section 22.7.

2013 Acts, ch 132, §62

466B.48 Iowa nutrient research center advisory council — establishment and purpose.

1. The state board of regents shall establish and maintain in Ames as part of Iowa state university of science and technology an Iowa nutrient research center advisory council.

2. The council shall consist of the following members:

a. The dean of the college of agriculture and life sciences of Iowa state university of science and technology, or the dean’s designee.

b. The director of the Iowa state university of science and technology extension service, or the director’s designee.

c. A representative of the IIHR — hydroscience and engineering within the college of engineering of the university of Iowa who shall be appointed by the president of the university.

  d. A person knowledgeable in an area related to nutrient research who shall be appointed by the president of the university of northern Iowa.

  e. A person knowledgeable in an area related to nutrient research who shall be appointed by the state association of private colleges and universities.

  f. The secretary of agriculture or the secretary’s designee.

  g. The director of the division or the director’s designee.

  h. The director of the department of natural resources, or the director’s designee.

3. a. An appointed or designated member of the council shall serve at the pleasure of the person making the appointment or designation.

    b. A majority of the members of the council as provided in subsection 2 constitutes a quorum. Any action taken by the council must be adopted by the affirmative vote of a majority of its members present, except that a lesser number may adjourn a meeting. The majority shall not include any member who has a conflict of interest and a statement by a member of a conflict of interest shall be conclusive for this purpose.

    c. The council shall elect a chairperson and any other officers from the membership of the council as the council determines necessary. An officer shall serve for a term required by rules adopted by the council. A vacancy in the membership does not impair the right of a quorum to exercise all rights and perform all duties of the council.

    d. The council shall adopt rules that it determines are necessary for the conduct of business.

    e. Only the member appointed by the state association of private colleges and universities
is eligible for reimbursement of actual expenses as provided in section 7E.6. However, no member is eligible for a payment of a per diem.

4. The council shall function on a continuing basis for the study and recommendation of solutions for consideration by the Iowa nutrient research center in carrying out its purpose as provided in section 466B.47.

2013 Acts, ch 132, §63; 2015 Acts, ch 103, §54
Referred to in §466B.41

CHAPTER 466C
IOWA FLOOD CENTER

466C.1 Iowa flood center.

1. The state board of regents shall establish and maintain in Iowa City as a part of the state university of Iowa an Iowa flood center. In conducting the activities of this chapter, the center shall work cooperatively with the department of natural resources, the department of agriculture and land stewardship, the water resources coordinating council, and other state and federal agencies.

2. The Iowa flood center shall have all of the following purposes:

   a. To develop hydrologic models for physically-based flood frequency estimation and real-time forecasting of floods, including hydraulic models of floodplain inundation mapping.

   b. To establish community-based programs to improve flood monitoring and prediction along Iowa’s major waterways and to support ongoing flood research.

   c. To share resources and expertise of the Iowa flood center.

   d. To assist in the development of a workforce in the state knowledgeable regarding flood research, prediction, and mitigation strategies.

2009 Acts, ch 184, §15
Referred to in §418.8

SUBCHAPTER I
ESTABLISHMENT
Referred to in §331.382, 468.393, 468.397, 468.405

PART 1
GENERAL

468.1 Jurisdiction to establish.
The board of supervisors of any county shall have jurisdiction, power, and authority at any regular, special, or adjourned session, to establish a drainage district or districts, and to locate and establish levees, and cause to be constructed as hereinafter provided any levee, ditch, drain, or watercourse, or settling basins in connection therewith, or to straighten, widen,
deeper, or change any natural watercourse, in such county, whenever the same will be of public utility or conducive to the public health, convenience or welfare.

[C73, §1207; C97, §1939; S13, §1989-a1; C24, 27, 31, 35, 39, §7421; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.1]
89 Acts, ch 126, §2
CS89, §468.1

468.2 Presumption and construction of laws.
1. The drainage of surface waters from agricultural lands and all other lands, including state-owned lakes and wetlands, or the protection of such lands from overflow shall be presumed to be a public benefit and conducive to the public health, convenience, and welfare.
2. The provisions of this subchapter and all other laws for the drainage and protection from overflow of agricultural or overflow lands shall be liberally construed to promote leveeing, ditching, draining, and reclamation of wet, swampy, and overflow lands.

[S13, §1989-a1, -a46; C24, 27, 31, 35, 39, §7422, 7594; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.2, 455.182]
89 Acts, ch 126, §2
CS89, §468.2
2011 Acts, ch 59, §1, 4

468.3 Definitions.
1. As used in this chapter, unless the context otherwise requires, the term “adjusted competitive bid threshold” means the same as the adjusted competitive bid threshold for vertical infrastructure applicable to counties as established by the state department of transportation pursuant to section 314.1B.
2. The term “appraisers” shall mean the persons appointed and qualified to ascertain the value of all land taken and the amount of damage arising from the construction of levee or drainage improvements.
3. Within the meaning of this subchapter, parts 1 through 5 and 7, and subchapter II, part 1, the term “board” shall embrace the board of supervisors, the joint boards of supervisors in case of intercounty levee or drainage districts, and the board of trustees in case of a district under trustee management.
4. As used in this chapter, unless the context otherwise requires, “book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.
5. The term “commissioners” shall mean the persons appointed and qualified to classify lands, fix percentages of benefits, apportion and assess costs and expenses in any levee or drainage district, unless otherwise specifically indicated by law.
6. The term “cost of improvements” means the costs of any improvement which is subject to special assessment including, but not limited to, the costs of engineering, preliminary reports, property valuations, estimates, plans, specifications, notices, acquisition of land, easements, rights-of-way, construction, repair, supervision, inspection, testing, notices and publication, interest during construction and for a reasonable period following the completion of construction, and may include the default fund which shall amount to not more than ten percent of the total cost of an improvement assessed against benefited property.
7. The term “engineer” or “civil engineer”, within the meaning of this subchapter, parts 1 through 5 and 7, subchapter II, parts 1, 4, 5, and 6, and subchapter V, shall mean a person licensed as a professional engineer under the provisions of chapter 542B.
8. The term “land surveyor” shall mean a person licensed as a professional land surveyor under the provisions of chapter 542B.
9. For the purpose of this subchapter, parts 1 through 5 and 7, and with reference to improvements along or adjacent to the Missouri river, the word “levee” shall be construed to include, in addition to its ordinary and accepted meaning, embankments, revetments, retards, or any other approved system of construction which may be deemed necessary to adequately
protect the banks of any river or stream, within or adjacent to any county, from wash, cutting, or erosion.
[C24, 27, 31, 35, 39, §7423, 7424; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.3, 455.4]
88 Acts, ch 1070, §1; 89 Acts, ch 126, §2
CS89, §468.3

Further definitions, see §161E6

468.4 General rule for location.
The levees, ditches, or drains herein provided for shall, so far as practicable, be surveyed and located along the general course of the natural streams and watercourses or in the general course of natural drainage of the lands of said district; but where it will be more economical or practicable such ditch or drain need not follow the course of such natural watercourses, or course of natural drainage, but may straighten, shorten, or change the course of any natural stream, watercourse, or general course of drainage.
[S13, §1989-a2; C24, 27, 31, 35, 39, §7425; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.5]
89 Acts, ch 126, §2
CS89, §468.4

468.5 Location across railroad.
When any such ditch or drain crosses any railroad right-of-way, it shall when practicable be located at the place of the natural waterway across such right-of-way, unless said railroad company shall have provided another place in the construction of the roadbed for the flow of the water; and if located at the place provided by the railroad company, such company shall be estopped from afterwards objecting to such location on the ground that it is not at the place of the natural waterway.
[S13, §1989-a2; C24, 27, 31, 35, 39, §7426; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.6]
89 Acts, ch 126, §2
CS89, §468.5

468.6 Number of petitioners required.
Two or more owners of lands named in the petition described in section 468.8, may file in the office of the county auditor a petition for the establishment of a levee or drainage district, including a district which involves only the straightening of a creek or river. If the district described in the petition is a subdistrict, one or more owners of land affected by the proposed improvement may petition for such district.
[S13, §1989-a2, -a23; C24, 27, 31, 35, 39, §7427, 7428; C46, §455.7, 455.8; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.7]
89 Acts, ch 126, §2
CS89, §468.6

468.7 Request by nonpetitioners.
In the event two or more landowners included in the proposed district other than the petitioners request a classification prior to the establishment of said district, they shall file in writing their request and execute a bond as required in section 468.9 to cover the expense of such classification if the district is not established. Such written request and the bond shall be filed before the board establishes a district.
[C58, 62, 66, 71, 73, 75, 77, 79, 81, §455.8]
89 Acts, ch 126, §2
CS89, §468.7

468.8 Petition.
The petition shall set forth:
1. An intelligible description, by congressional subdivision or otherwise, of the lands suggested for inclusion in the district.
2. That said lands are subject to overflow or are too wet for cultivation or subject to erosion or flood danger.
3. That the public benefit, utility, health, convenience, or welfare will be promoted by the suggested improvements.
4. The suggested starting point, route, terminus and lateral branches of the proposed improvements.
5. In the event the petitioners request a classification before the establishment of the district, the petition shall include a request that the district be classified as provided in sections 468.38 through 468.44 after the board has approved the report of the engineer as a tentative plan but before the district is finally established.

§468.9 Bond.
1. There shall be filed with the petition a bond in an amount fixed and with sureties approved by the auditor, conditioned for the payment of all costs and expenses incurred in the proceedings in case the district is not finally established.
2. No preliminary expense shall be incurred before the establishment of such proposed improvement district by the board in excess of the amount of bond filed by the petitioners. In case it is necessary to incur any expense in addition to the amount of such bond, the board of supervisors shall require the filing of an additional bond by the petitioners and shall not proceed with the preliminary survey or authorize any additional expense until the additional bond is filed in a sufficient amount to cover such expense.

§468.10 Engineer.
1. The board shall at its first session thereafter, regular, special, or adjourned, examine the petition and if it be found sufficient in form and substance, shall appoint a disinterested and competent civil engineer who shall give bond to the county for the use of the proposed levee or drainage district, if it be established, and if not established, for the use of the petitioners, in amount and with sureties to be approved by the auditor, and conditioned for the faithful and competent performance of the engineer’s duties.
2. Any engineer employed under the provisions of this subchapter, parts 1 through 5 shall receive such compensation per diem as shall be fixed and determined by the board of supervisors.
3. The board may at any time terminate the contract with, and discharge the engineer.
4. The engineer shall keep an accurate record of the kind of work done by the engineer, the place where done, and the time engaged therein, and shall file an itemized statement thereof with the auditor. No expenses shall be incurred by the engineer except upon authority of the board, and vouchers shall be filed with the claims therefor.

§468.11 Survey.
1. The engineer shall examine the lands described in the petition and any other lands
which would be benefited by said improvement or necessary in carrying out the purposes of the petition.

2. The engineer shall locate and survey such ditches, drains, levees, settling basins, pumping stations, and other improvements as will be necessary, practicable, and feasible in carrying out the purposes of the petition and which will be of public benefit or utility, or conducive to public health, convenience, or welfare.

[S13, §1989-a2; C24, 27, 31, 35, 39, §7437; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.17]

Referred to in §468.13, 468.22, 468.27, 468.339

468.12 Report.

1. The engineer shall make full written report to the county auditor, setting forth:

a. The starting point, route, and terminus of each ditch, drain, and levee and the character and location of all other improvements.

b. A plat and profile, showing all ditches, drains, levees, settling basins, and other improvements, the course, length, and depth of each ditch, the length, size, and depth of each drain, and the length, width, and height of each levee, through each tract of land, and the particular descriptions and acreage of the land required from each forty-acre tract or fraction thereof as right-of-way, or for settling basin or basins, together with the congressional or other description of each tract and the names of the owners thereof as shown by the transfer books in the office of the auditor. Said plat shall describe the width of the right-of-way to be taken from each forty-acre tract or fraction thereof.

c. The boundary of the proposed district, including therein by color or other designation other lands that will be benefited or otherwise affected by the proposed improvements, together with the location, size, and elevation of all lakes, ponds, and deep depressions therein.

d. Plans for the most practicable and economic place and method for passing machinery, equipment, and material required in the construction of said improvements across any highways, railroads, and other utilities within the proposed district.

e. The probable cost of the proposed improvements, together with such other facts and recommendations as the engineer shall deem material.

2. Where the proposed district contemplates as its object flood control or soil conservance the engineer shall include in the report data describing any soil conservance or flood control improvements, the nature of the improvements, and other data as prescribed by the department of natural resources.

[S13, §1989-a2; C24, 27, 31, 35, 39, §7438; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.18; 82 Acts, ch 1199, §70, 96]

Referred to in §468.13, 468.22, 468.27, 468.339

468.13 Procedure on report — classification.

1. Upon the filing of the report of the engineer recommending the establishment of the levee or drainage district, the board shall at its first regular, adjourned, or special meeting examine and consider the same, and, if the plan is not approved the board may employ the same engineer or another disinterested engineer to report another plan or make additional examination and surveys and file an additional report covering such matters as the board may direct. Additional surveys and reports must be made in accordance with the provisions of sections 468.11 and 468.12. At any time prior to the final adoption of the plans they may be amended, and as finally adopted by the board shall be conclusive unless the action of the board in finally adopting them shall be appealed from as provided in this subchapter.

2. If the petition or other landowners requested a classification of the district prior to
establishment, the board shall order a classification as provided by sections 468.38 through 468.44 after they have approved the report of the engineer as a tentative plan. The notice of hearing provided by section 468.14 shall also include the requirements of the notice of hearing provided in section 468.45 as to this classification, and the hearing on the petition provided in section 468.21 shall also include the matters to be heard as provided in section 468.46.

3. If the board establishes the district as provided in section 468.22, the classification which is finally approved at the hearing by the board shall remain the basis of all future assessments for the purposes of said district as provided in section 468.49. The landowners shall have the same right of appeal from this classification as they would have if the petition had not requested a classification prior to establishment and the classification had been made after establishment.

[S13, §1989-a3; C24, 27, 31, 35, 39, §7439; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.19]

468.14 Notice of hearing.
When any plan and report of the engineer has been approved by the board, such approval shall be entered of record in its proceedings as a tentative plan only for the establishment of said improvement. Thereupon it shall enter an order fixing a date for the hearing upon the petition not less than forty days from the date of the order of approval, and directing the auditor immediately to cause notice to be given to the owner of each tract of land or lot within the proposed levee or drainage district as shown by the transfer books of the auditor's office, including railway companies having right-of-way in the proposed district and to all lienholders or encumbrancers of any land within the proposed district without naming them, and also to all other persons whom it may concern, and without naming individuals all actual occupants of the land in the proposed district, of the pendency and prayer of the said petition, the favorable report thereon by the engineer, and that such report may be amended before final action, the approval thereof by the board as a tentative plan, and the day and the hour set for hearing on said petition and report, and that all claims for damages except claims for land required for right-of-way, and all objections to the establishment of said district for any reason must be made in writing and filed in the office of the auditor at or before the time set for such hearing.

468.15 Service by publication — copy mailed — proof.
The notice provided in section 468.14 shall be served by publication as provided in section 331.305 before the hearing except that the notice shall be published at least twenty days before the hearing date. Proof of the service shall be made by affidavit of the publisher. Copy of the notice shall also be sent by ordinary mail to each person and to the clerk or recorder of each city named in the notice at that person's last known mailing address unless there is on file an affidavit of the auditor, or of a person designated by the board to make the necessary investigation, stating that no mailing address is known and that diligent inquiry has been made to ascertain it. The copy of notice shall be mailed not less than twenty days before
the day set for hearing and proof of the service shall be by affidavit of the auditor. Proofs of service required by this section shall be on file at the time the hearing begins.

468.16 Service on agent.
1. If any person, corporation, or company owning or having interest in any land or other property affected by any proposed improvement under this chapter files an instrument in writing with the auditor designating the name and post office address of the agent of the person, corporation, or company upon whom service of notice of the proceeding shall be made, the auditor shall, not less than twenty days prior to the date set for hearing upon the petition, send a copy of the notice by certified mail addressed to the agent so designated. Proof of service shall be made by affidavit of the auditor filed in the proceeding at or before the date of the hearing upon the petition, and such service shall be in lieu of all other service of notice to such persons, corporations, or companies.
2. This designation when filed shall be in force for a period of five years thereafter and shall apply to all proceedings under this chapter during such period. The person, company, or corporation making such designation shall have the right to change the agent appointed in the designation or to amend the designation in any other particular.

[S13, §1989-a3; C24, 27, 31, 35, 39, §7442; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.22]

468.17 Personal service.
In lieu of publication, personal service of said notice may be made upon any owner of land in the proposed district, or upon any lienholder or other person interested in the proposed improvement, in the manner and for the time required for service of original notices in the district court. Proof of such service shall be on file with the auditor on the date of said hearing.

[S13, §1989-a3; C24, 27, 31, 35, 39, §7443; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.23]

468.18 Waiver of notice.
No service of notice shall be required upon any person who shall file with the auditor a statement in writing, signed by the person, waiving notice, or who enters an appearance in the proceedings. The filing of a claim for damages or objections to the establishment of said district or other pleading shall be deemed an appearance.

[S13, §1989-a3; C24, 27, 31, 35, 39, §7444; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.24]

By fixing a new date for hearing and adjourning the proceeding to the new date, the board shall not lose jurisdiction of the subject matter of the proceeding nor of any parties already served with notice.

§468.20 Adjournment for service — jurisdiction retained.

If at the date set for hearing, it appears that any person entitled to notice has not been properly served with notice, the board may postpone the hearing and set another time for the same not less than thirty days from the original hearing date. Notice of hearing shall be served on such omitted parties in the manner provided in sections 468.15 through 468.18. By fixing a new date for hearing and adjourning the proceeding to the new date, the board shall not lose jurisdiction of the subject matter of the proceeding nor of any parties already served with notice.

§468.21 Hearing of petition — dismissal.

The petition may be amended at any time before final action on the petition. At the time set for hearing on the petition, the board shall hear and determine the sufficiency of the petition in form and substance and all objections filed against the establishment of such district, and the board may view the premises included in the said district. If the board finds that the construction of the proposed improvement will not materially benefit said lands or would not be for the public benefit or utility nor conducive to the public health, convenience, or welfare, or that the cost thereof is excessive, the board shall dismiss the proceedings.

§468.22 Establishment — further investigation.

1. a. If the board shall find that such petition complies with the requirements of law in form and substance, and that such improvement would be conducive to the public health, convenience, welfare, benefit, or utility, and that the cost thereof is not excessive, and no claim shall have been filed for damages, the board may locate and establish the said district in accordance with the recommendation of the engineer and the report and plans on file.

   b. The board may refuse to establish the proposed district if it deem best, or it may direct the engineer or another one employed for that purpose to make further examinations, surveys, plats, profiles, and reports for the modification of said plans, or for new plans in accordance with sections 468.11 and 468.12, and continue further hearing to a fixed date. All parties over whom the board then has jurisdiction shall take notice of such further hearing; but any new parties rendered necessary by any modification or change of plans shall be served with notice in the same manner as for the original establishment of a district.

2. The county auditor shall appoint three appraisers as provided for in section 468.24 to assess the value of the right-of-way required for open ditches or other improvements.

   [S13, §1989-a5; C24, 27, 31, 35, 39, §7448; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.28]
468.23 Settling basins — purchase or lease of lands.
If a settling basin or basins are provided as a part of a drainage improvement, the board of supervisors may buy or lease the necessary lands in lieu of condemning said lands. The board may by purchase acquire the necessary lands required for right-of-way for open ditches or other improvements in lieu of condemning said lands.
[C27, 31, 35, §7448-a1; C39, §7448.1; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.29]

468.24 Appraisers.
If the board shall find that such improvement will materially benefit said lands, will be conducive to the public health, convenience, welfare, benefit, or utility, and that the law has been complied with as to form and substance of the petition, the service of notice, and the survey and report of the engineer, and that said improvement should be made, then if any claims for damages shall have been filed, further proceedings shall be continued to an adjourned, regular, or special session, the date of which shall be fixed at the time of adjournment, and of which all interested parties shall take notice, and the auditor shall appoint three appraisers to assess damages, one of whom shall be an engineer, and two freeholders of the county who shall not be interested in nor related to any person interested in the proposed improvement, and the said appraisers shall take and subscribe an oath to examine the said premises, ascertain and impartially assess all damages according to their best judgment, skill, and ability.
[S13, §1989-a5; C24, 27, 31, 35, 39, §7449; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.30]

CS89, §468.24
Referred to in §468.22, §468.210

468.25 Assessment — report — adjournment — other appraisers.
The appraisers appointed to assess damages shall view the premises and determine and fix the amount of damages to which each claimant is entitled, and shall place a separate valuation upon the acreage of each owner taken for right-of-way for open ditches or for settling basins, as shown by plat of engineer, and shall, at least five days before the date fixed by the board to hear and determine the same, file with the county auditor reports in writing, showing the amount of damage sustained by each claimant. Should the report not be filed in time, or should any good cause for delay exist, the board may postpone the time of final action on the subject, and, if necessary, the auditor may appoint other appraisers.

89 Acts, ch 126, §2
CS89, §468.25

468.26 Award by board.
At the time fixed for hearing and after the filing of the report of the appraisers, the board shall examine said report, and may hear evidence thereon, both for and against each claim for damages and compensation, and shall determine the amount of damages and
compensation due each claimant, and may affirm, increase, or diminish the amount awarded by the appraisers.

[S13, §1989-a6; C24, 27, 31, 35, 39, §7451; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.32]

468.27 Dismissal or establishment — permanent easement.

1. The board shall at the meeting, or at an adjourned session of the meeting, consider the costs of construction of the improvement as shown by the reports of the engineer and the amount of damages and compensation awarded to all claimants. If, in the board’s opinion, the costs of construction and amount of damages awarded create a greater burden than should justly be borne by the lands benefited by the improvement, the board shall then dismiss the petition and assess the costs and expenses to the petitioners and their sureties. However, if the board finds that the cost and expense is not a greater burden than should be justly borne by the land benefited by the improvement, then the board shall finally and permanently locate and establish the district and improvement.

2. Following the establishment of the district, the drainage district is deemed to have acquired by permanent easement all rights-of-way for drainage district ditches, tile lines, settling basins and other improvements, unless the rights-of-way are acquired by fee simple, in the dimensions shown on the survey and report made in compliance with sections 468.11 and 468.12 or as shown on the permanent survey, plat, and profile, if one is made. Upon the establishment of the district, the petitioners shall file with the county auditor the survey and report or permanent survey, plat, and profile, as set forth in sections 468.172 and 468.173. This filing constitutes constructive notice to all persons of the rights conferred by this section. The permanent easement includes the right of ingress and egress across adjoining land and the right of access for maintenance, repair, improvement, and inspection. The owner or lessee shall be reimbursed for any crop damages incurred in the maintenance, repair, improvement, and inspection except within the right-of-way of the drainage district.

468.28 Dismissal on remonstrance.

If, at or before the time set for final hearing as to the establishment of a proposed levee, drainage, or improvement district, except subdrainage district, there shall have been filed with the county auditor, or auditors, in case the district extends into more than one county, a remonstrance signed by a majority of the landowners in the district, and these remonstrants must in the aggregate own seventy percent or more of the lands to be assessed for benefits or taxed for said improvements, remonstrating against the establishment of said levee, drainage, or improvement district, setting forth the reasons therefor, the board or boards as the case may be, shall assess to the petitioners and their sureties or apportion the costs among them as the board or boards may deem just or as said parties may agree upon. When all such costs have been paid, the board or boards of supervisors shall dismiss said proceedings and cause to be filed with the county auditor all surveys, plats, reports, and records in relation to the proposed district.

[C24, 27, 31, 35, 39, §7453; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.34]

468.29 Dissolution.

When for a period of two years from and after the date of the establishment of a drainage district, or when an appeal is taken or litigation brought against said district within two years
from the date such appeal or litigation is finally determined, no contract shall have been let or
work done or drainage certificates or bonds issued for the construction of the improvements
in such district, a petition may be filed in the office of the auditor, addressed to the board of
supervisors, signed by a majority of the persons owning land in such district and who, in the
aggregate, own sixty percent or more of all the land embraced in said district, setting forth
the above facts and reciting that provision has been made by the petitioners for the payment
of all costs and expenses incurred on account of such district. The board shall examine such
petition at its next meeting after the filing thereof, and if found to comply with the above
requirements, shall dissolve and vacate said district by resolution entered upon its records,
to become effective upon the payment of all the costs and expenses incurred in relation to
said district. In case of such vacation and dissolution and upon payment of all costs as herein
provided, the auditor shall note the same on the drainage record, showing the date when such
dissolution became effective.

§468.30 Permanent survey, plat, and profile.
When the improvement has been finally located and established, the board may if necessary
appoint the said engineer or a new one to make a permanent survey of said improvement as
so located, showing the levels and elevations of each forty-acre tract of land and file a report
of the same with the county auditor together with a plat and profile thereof.

§468.31 Paying or securing damages.
The amount of damages or compensation finally determined in favor of any claimant shall
be paid in the first instance by the parties benefited by the said improvement, or secured by
bond in the amount of such damages and compensation with sureties approved by the auditor.

§468.32 Division of improvement.
After the damages as finally fixed, shall have been paid or secured, the board may divide
said improvement into suitable sections, having regard to the kind of work to be done,
numbering the same consecutively from outlets to the beginning, and prescribing the time
within which the improvement shall be completed. A settling basin, if provided for, may be
embraced in a section by itself.

§468.33 Supervising engineer — bond.
Upon the payment or securing of damages, the board shall appoint a competent engineer to
have charge of the work of construction thereof, who shall be required before entering upon
the work to give a bond to the county for the use and benefit of the levee or drainage district,
to be approved by the auditor in such sum as the board may fix, conditioned for the faithful discharge of the engineer’s duties.

468.34 Advertisement for bids.
The board shall publish notice once each week for two consecutive weeks in a newspaper published in the county where the improvement is located, and publish additional advertisement and publication elsewhere as the board may direct. The notice shall state the time and place of letting the work of construction of the improvement, specifying the approximate amount of work to be done in each numbered section of the district, the time fixed for the commencement, and the time of the completion of the work, that bids will be required to deposit a bid security with the county auditor as provided in section 468.35. All notices shall set the date that bids will be received and upon which the work will be let. However, when the estimated cost of the improvement is less than the adjusted competitive bid threshold, the board may let the contract for the construction without taking bids and without publishing notice.

468.35 Bids — letting of work.
1. The board shall award a contract or contracts for each section of the work to the lowest responsible bidder or bidders therefor, bids to be submitted, received, and acted upon separately as to the main drain and each of the laterals, and each settling basin, if any, exercising their own discretion as to letting such work as to the main drain as a whole, or as to each lateral as a whole, or by sections as to both main drain and laterals, and reserving the right to reject any and all bids and redvertise the letting of the work.

2. A bid shall be in writing, specifying the portion of the work upon which the bid is made, and filed with the auditor. The bid shall be accompanied with a bid security. The bid security shall be in the form of a deposit of cash, a certified check on and certified by a bank in Iowa, a certified share draft drawn on a credit union in Iowa, or a bid bond with a corporate surety satisfactory to the board as provided in section 73A.20. The bid security must be payable to the auditor or the auditor’s order at the auditor’s office in a sum equal to five percent of the amount of the bid. However, if the maximum limit on a bid security would cause a denial of funds or services from the federal government which would otherwise be available, or if the maximum limit would otherwise be inconsistent with the requirements of federal law, the maximum limit may be suspended to the extent necessary to prevent denial of federal funds or services or to eliminate the inconsistency with federal requirements. The cash, check, or share draft of an unsuccessful bidder shall be returned, and the bid bond of an unsuccessful bidder shall be canceled. The bid security of a successful bidder shall be maintained as a guarantee that the bidder will enter into a contract in accordance with the bids.

Referred to in §468.34

468.36 Performance bond — return of deposit.
A successful bidder is required to execute a bond with sureties approved by the auditor in favor of the county for the use and benefit of the levee or drainage district and all persons entitled to liens for labor or material in an amount not less than seventy-five percent of the contract price of the work to be done, conditioned for the timely, efficient, and complete
performance of the contract, and the payment, as they become due, of all just claims for labor performed and material used in carrying out the contract. When a contract is executed and bond approved by the board, the cash, certified check, or certified share draft deposited with the bid shall be returned to the bidder.

468.37 Contracts.

All agreements and contracts for work or materials in constructing the improvements of such district shall be in writing, signed by the chairperson of the board of supervisors for and on behalf of the district and the parties who are to perform the work or furnish the materials specified in such contract. Such contract shall specify the particular work to be done or materials to be furnished, the time when it shall begin and when it shall be completed, the amount to be paid and the times of payment, with such other terms and conditions as to details necessary to a clear understanding of the terms thereof.

468.38 Commissioners to classify and assess.

When a levee or drainage district has been located and finally established or, unless otherwise provided by law, when the required proceedings have been taken to enlarge, deepen, widen, change, or extend any of the ditches, laterals, settling basins, or drains of a district, or the required proceedings have been taken to annex additional lands to a district, or a plan of the United States government for original construction of the improvements in a district has been adopted by the district under sections 468.201 through 468.216, the board shall appoint three commissioners to assess benefits and classify the lands affected by the improvement. One of the commissioners shall be a competent civil engineer and two of them shall be resident freeholders of the county in which the district is located, but not living within, nor interested in, any lands included in the district, nor related to any party whose land is affected by the district. The commissioners shall take and subscribe an oath of their qualifications and to perform the duties of classification of the lands, to fix the percentages of benefits, apportion and assess the costs and expenses of constructing the improvement, divide and rename original improvements, and, if included in the board’s resolution, adopt special common outlet classifications to be maintained independent of the district’s regular assessment schedules, according to law and their best judgment, skill, and ability. If the commissioners or any of them fail or neglect to act or perform the duties in the time and as required of them by law, the board shall appoint others with like qualifications to take their places and perform the duties.

468.39 Duties — time for performance — scale of benefits.

At the time of appointing said commissioners, the board shall fix the time within which said assessment, classification, and apportionment shall be made, which may be extended for good cause shown. Within twenty days after their appointment, they shall begin to inspect and classify all the lands within said district, or any change, extension, enlargement, or relocation thereof in tracts of forty acres or less according to the legal or recognized subdivisions, in a graduated scale of benefits to be numbered according to the benefit to be received by each of such tracts from such improvement, and pursuant said work continuously until completed and, when completed, shall make a full, accurate, and detailed report thereof and file the same with the auditor. The lands receiving the greatest benefit shall be marked on a scale of one hundred, and those benefited in a less degree with such percentage of
one hundred as the benefits received bear in proportion thereto. They shall also make an equitable apportionment of the costs, expenses, fees, and damages computed on the basis of the percentages fixed.

[SS15, §1989-a12; C24, 27, 31, 35, 39, §7465; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.46]

468.40 Rules of classification.
1. The report of the commissioners shall specify each tract of land by proper description, and the ownership thereof, as the same appears on the transfer books in the auditor’s office.
2. In estimating the benefits as to the lands not traversed by said improvement, the commissioners shall not consider what benefits such land shall receive after some other improvements shall have been constructed, but only the benefits which will be received by reason of the construction of the improvement in question as it affords an outlet to the drainage of such lands, brings an outlet nearer to said lands, or relieves the lands from overflow and relieves and protects the lands from damage by erosion.
3. When the land is a state-owned lake or state-owned wetland, the commissioners shall ascertain the benefits realized from removing excess water and shall not consider any benefit realized if the state-owned lake or state-owned wetland were drained or converted to another land use.

468.41 Assessment for lateral ditches — reclassification of benefited lands.
1. In fixing the percentages and assessments of benefits and apportionment of costs of construction to lands benefited by lateral ditches and drains as a part of the entire improvement to be made in a drainage district, the commissioners shall ascertain and fix the percentage of benefits and apportionment of costs to the lands benefited by such lateral ditches on the same basis and in the same manner as if said lateral was, with its sublateral, being constructed as a subdistrict as provided in this subchapter, parts 1 through 5, reporting separately:
   a. The percentage of benefits and amount accruing to each forty-acre tract or less on account of the construction of the main ditch, drain, or watercourse including pumping plant, if any.
   b. The percentage of benefits and amount accruing to each forty-acre tract or less on account of the construction of such lateral improvement.
2. When there has been a repair or improvement to a lateral ditch or drain as provided in section 468.126 and the lands benefited by the lateral have not been classified as provided in this section, the board may order a classification of the lands and the commission shall ascertain and fix the percentage of benefits and apportionment of costs to the lands benefited by such lateral ditches or drains on the same basis and in the same manner as if the lateral was with its sublateral being constructed as a subdistrict as provided in this subchapter, parts 1 through 5. When this procedure is followed for the classification of any lateral ditch or drain in a given district, the board shall follow the same procedure for all other lateral ditches or drains in the district which have not been classified as prescribed in this section.

468.42 Railroad property — collection.

The commissioners to assess benefits and make apportionment of costs and expenses shall determine and assess the benefits to the property of any railroad company extending into or through the levee or drainage district, and make return thereof showing the benefit and the apportionment of costs and expenses of construction. Such assessment when finally fixed by the board shall constitute a debt due from the railroad company to the district, and unless paid it may be collected by ordinary proceedings for the district in the name of the county in any court having jurisdiction. All other proceedings in relation to railroads, except as otherwise provided, shall be the same as provided for individual property owners within the levee or drainage district.

468.43 Public highways and state-owned lands.

1. When any public highway or other public land extends into or through a levee or drainage district, the commissioners to assess benefits shall ascertain and return in their report the amount of benefits and the apportionment of costs and expenses to such highway or other public land, and the board of supervisors shall assess the same against such highway and land.

2. Such assessments against primary highways and other state-owned lands under the jurisdiction of the state department of transportation shall be paid by the state department from the primary road fund on due certification of the amount by the county treasurer to the department, and against all secondary roads and other county owned lands under the jurisdiction of the board of supervisors, from county funds.

3. When state-owned land under the jurisdiction of the department of natural resources is situated within a levee or drainage district, the commissioners assessing benefits shall ascertain and return in their report the amount of benefits and the apportionment of costs and expenses to the land, and the board of supervisors shall assess the amount against the land. In estimating benefits to land which is a state-owned lake or state-owned wetland, the commissioners shall ascertain benefits as provided in section 468.40.

4. The assessments against lands under the jurisdiction of the department of natural resources shall be paid as an expense from the appropriations addressed in section 7D.29, if authorized by the executive council upon certification of the amount by the county treasurer.

468.44 Report of commissioners.

The commissioners, within the time fixed or as extended, shall make and file in the auditor’s office a written verified report in tabulated form as to each forty-acre tract, and each tract of less than forty acres, setting forth:

1. The names of the owners thereof as shown by the transfer books of the auditor’s office or the reports of the engineer on file, showing said entire classification of lands in said district.

2. The amount of benefits to highway and railroad property and the percentage of benefits to each of said other tracts and the apportionment and amount of assessment of cost and expense, or estimated costs or expense, against each:

a. For main ditches, and settling basins.

b. For laterals.

c. For levees and pumping station.

d. For erosion protection and control or flood control.
3. The aggregate amount of all assessments.
4. Any specific benefits other than those derived from the drainage of agricultural lands shall be separately stated.

§468.45 Notice of hearing.
The board shall fix a time for a hearing upon the report of the commissioners, and the auditor shall cause notice to be served upon each person whose name appears as owner, naming the person, and also upon the person or persons in actual occupancy of any tract of land without naming the person or persons, of the day and hour of such hearing, which notice shall be for the same time and served in the same manner as is provided for the establishment of a levee or drainage district, and shall state the amount of assessment of costs and expenses of construction apportioned to each owner upon each forty-acre tract or less, and that all objections thereto must be in writing and filed with the auditor at or before the time set for such hearing.

§468.46 Hearing and determination.
At the time fixed or at an adjourned hearing, the board shall hear and determine all objections filed to said report and shall fully consider the said report, and may affirm, increase, or diminish the percentage of benefits or the apportionment of costs and expenses made in said report against any body or tract of land in said district as may appear to the board to be just and equitable.

§468.47 Evidence — conclusive presumption.
At such hearing, the board may hear evidence both for and against the approval of said report or any portion thereof, but it shall not be competent to show that any of the lands in said district assessed for benefits or against which an apportionment of costs and expenses has been made will not be benefited by such improvement in some degree. Any interested party may be heard in argument in person or by counsel.

§468.48 Notice of increased assessment.
The board shall cause notice to be served upon the owner of any tract of land or easement against which it is proposed to increase the assessment, requiring the owner to appear at a fixed date and show cause why such assessment should not be so increased. Such notice shall be served for the time and in the manner prescribed in section 468.15 or section 468.16,
as the case may be, except that personal service in the same manner as an original notice may be made in lieu of the other methods.

468.49 Classification as basis for future assessments.

1. A classification of land for drainage, erosion or flood control purposes, when finally adopted, shall remain the basis of all future assessments for the purpose of the district unless revised by the board in the manner provided for reclassification. However, where land included in said classification has been destroyed, in whole or in part, by the erosion of a river, or where additional right-of-way has been subsequently taken for drainage purposes, the land which has been so eroded and carried away by the action of a river or which has been taken for additional right-of-way, may be removed by the board from the district as classified, without any reclassification, and no assessment shall thereafter be made on the land so removed. Any deficiency in assessment existing as the result of said action of the board shall be spread by it over the balance of lands remaining in said district in the same ratio as was fixed in the classification of the lands, payable at the next taxpaying period.

2. Except districts established by mutual agreement in accordance with section 468.142 in the event any forty-acre tract or less, or any lot, tract, or parcel, as set forth in the existing classification or reclassification of any drainage district now or hereafter established, is divided into two or more tracts, whether such division is by sale or condemnation or platted as a subdivision, the classification of the original tract shall be apportioned to the resulting parcels, regardless of use, except for land taken for additional drainage right-of-way. The classification of the original tract may be apportioned between the resulting parcels by agreement between the parties to such division. The parties shall file with the county auditor a written agreement setting forth the original description and the description of the tracts as subdivided and the percentage of the original classification apportioned to each. This agreement shall bear the signature of all of the parties to the subdivision. The agreement contemplated herein may be contained in the deed or other instrument effecting the division of the land, which agreement shall be binding upon the grantee or grantees by their acceptance of such instrument and their signatures shall not be necessary. The auditor shall enter this agreement in the drainage record and amend the current classification of the district in accordance with the agreement.

3. In the event the parties to the subdivision cannot agree as to the apportionment of the percentage classification, the board of supervisors shall, upon application of either party, appoint a commission having the qualifications of commissioners, in accordance with section 468.38. The commissioners shall inspect the lands involved and apportion the existing classification of the original tract equitably and fairly to each of the several tracts as subdivided. The board shall make a full, accurate, and detailed report thereof and file the report with the county auditor within the time set by the board. The report of the commissioners shall set forth the names of the owners thereof, the description of each of the tracts and the percentage of the original classification that each such tract shall bear for main ditches and settling basins, for laterals, for levees and pumping station. Thereafter all the proceedings in relation thereto as to notice of hearing and fixing of percentage benefits shall be as in this subchapter; parts 1 through 5 and 7, provided in relation to original classification and assessments, and at such hearing, the board may affirm, increase or diminish the percentage of benefits so as to make them just and equitable, and cause the record of the existing classification, percentage of benefits or assessments, or both, to be modified accordingly. In the event the parties neither agree as to the apportionment of classification nor make application for the appointment of commissioners, then the auditor of the county in which the land is situated shall make such apportionment upon an equitable basis and enter the same of record as herein provided. No tract of land included
within the boundary of any drainage district shall be exempt from drainage assessments or reassessments, except as herein provided.

468.50 Levy — interest.

When the board has finally determined the matter of assessments of benefits and apportionment, the board shall levy the assessments as fixed by it upon the lands within the district, but an assessment on a tract, parcel, or lot within the district which is computed at less than five dollars shall be fixed at the sum of five dollars. All assessments shall be levied at that time as a tax and shall bear interest at a rate determined by the board notwithstanding chapter 74A from that date, payable annually, except as provided as to payments within a specified time.

468.52 Levy for deficiency.

If the first assessment made by the board for the original cost or for repairs of any improvement is insufficient, the board shall make an additional assessment and levy in the same ratio as the first for either purpose, but an assessment on any tract, parcel, or lot within the district which is computed at less than five dollars shall be fixed at the sum of five dollars. All assessments shall be levied at that time as a tax and, notwithstanding chapter 74A, shall bear interest at a rate determined by the board from that date, payable annually, except as provided as to cash payments within a specified time.

468.54 Funds — disbursement — interest.

The taxes when collected shall be kept in a separate fund known as the county drainage or levee fund and shall be paid out only for purposes properly connected with and growing out of the county drainage and levee districts on order of the board. The auditor shall continue to
keep a record of each of the drainage and levee district’s funds so as to accurately reflect the financial condition of each district account. The county treasurer, on order of the board of supervisors, shall invest such funds not immediately needed for current operating expenses in United States government bonds, in time certificates of deposit, in savings accounts in banks as the board shall approve, in the interest-bearing obligations of the drainage and levee districts of the county, or as provided by chapter 12C. Interest collected by the treasurer on the funds invested shall be deposited in the county drainage or levee fund, and on July 1 of each year the auditor shall apportion and credit the interest to each drainage or levee district account in the proportion which the average credit balance of each district bears to the average balance of the county drainage or levee fund. The averages to be ascertained shall be the averages of the balances existing on the first of each month during the fiscal year immediately preceding. Interest collected on drainage or levee district taxes shall be credited to the district for which the taxes are being collected. This section does not permit expenditures in behalf of any district in excess of its share of the county drainage or levee fund. This section does not apply to drainage and levee districts under trustee management unless the trustees consent to its application, and in the absence of such consent, section 468.528 applies.

468.55 Assessments — maturity and collection.

If a landowner selects an option provided in section 468.57, all drainage or levee tax assessments become due and payable with the first half of ordinary taxes, and shall be collected in the same manner with the same interest for delinquency and the same manner of enforcing collection by tax sales. As an alternative, the landowner may pay the annual installment in two equal payments, one-half with the September payment of ordinary taxes and one-half payable with the March payment of ordinary taxes. All drainage or levee tax assessments not optioned for installment payments by the landowner shall become due and payable within thirty days after the levy of assessments.

468.56 Payment of assessments.

All assessments for benefits, as corrected and approved by the board, shall be levied at one time against the property benefited, and when levied and certified by the board, are payable at the office of the county treasurer. A person may pay the person's assessment in full without interest within thirty days after the levy of assessments, and before any improvement certificates or drainage bonds are issued for the assessment, and may pay a certificate at any time after issue, with accrued interest.

468.57 Installment payments — waiver.

1. If the owner of any land against which a levy exceeding five hundred dollars has been made and certified shall, within thirty days from the date of such levy, agree in writing endorsed upon any improvement certificate referred to in section 468.70, or in a separate agreement, that in consideration of having a right to pay the owner's assessment
in installments, the owner will not make any objection as to the legality of the assessment for benefit, or the levy of the taxes against the property, then such owner shall have the following options:

a. To pay one-third of the amount of the assessment at the time of filing the agreement; one-third within twenty days after the engineer in charge certifies to the auditor that the improvement is one-half completed; and the remaining one-third within twenty days after the improvement has been completed and accepted by the board. All installments shall be without interest if paid at said times, otherwise the assessments shall bear interest from the date of the levy at a rate determined by the board notwithstanding chapter 74A, payable annually, and be collected as other taxes on real estate, with like interest for delinquency.

b. To pay the assessments in not less than ten nor more than twenty equal installments, with the number of payments and interest rate determined by the board, notwithstanding chapter 74A. The first installment of each assessment, or the total amount if five hundred dollars or less, is due and payable on July 1 next succeeding the date of the levy, unless the assessment is filed with the county treasurer after May 31 in any year. The first installment shall bear interest on the whole unpaid assessment from the date of the levy as set by the board to the first day of December following the due date. The succeeding annual installments, with interest on the whole unpaid amount, to the first day of December following the due date, are respectively due on July 1 annually, and must be paid at the same time and in the same manner as the first semiannual payment of ordinary taxes. All future installments of an assessment may be paid on any date by payment of the then outstanding balance plus interest to the next December 1, or additional annual installments may be paid after the current installment has been paid before December 1 without interest. A payment must be for the full amount of the next installment. If installments remain to be paid, the next annual installment with interest added to December 1 will be due. After December 1, if a drainage assessment is not delinquent, a property owner may pay one-half or all of the next annual installment of principal and interest of a drainage assessment prior to the delinquency date of the installment. When the next installment has been paid in full, successive principal installments may be prepaid. The county treasurer shall accept the payments of the drainage assessment, and shall credit the next annual installment or future installments of the drainage assessment to the extent of the payment or payments, and shall remit the payments to the drainage fund. If a property owner elects to pay one or more principal installments in advance, the pay schedule shall be advanced by the number of principal installments prepaid. Each installment of an assessment with interest on the unpaid balance is delinquent from October 1 after its due date. However, when the last day of September is a Saturday or Sunday, that amount shall be delinquent from the second business day of October. Taxes assessed pursuant to this chapter which become delinquent shall bear the same delinquent interest as ordinary taxes. When collected, the interest must be credited to the same drainage fund as the drainage special assessment.

2. The provisions of this section and of sections 468.58 through 468.61 may within the discretion of the board, also be made applicable to repairs and improvements made under the provisions of section 468.126.

### 468.58 Installment payments after appeal.

When an owner takes an appeal from the assessment against any of the owner’s land, the option to pay in installments whatever assessment is finally established against such land in said appeal shall continue, if within twenty days after the final determination of said appeal the owner shall file in the office of the auditor the owner’s written election to pay in installments, and within said period pay such installments as would have matured prior to
that time if no appeal had been taken, together with all accrued interest on said assessment to the last preceding interest-paying date.

468.61 Surplus funds — application of.
When one-half or more of all assessments for a drainage or levee district have been paid and it is ascertained that there will be a surplus in the district fund after all assessments have been paid, the board may refund to the owner of each tract of land, not more than fifty percent of the owner’s proportionate part of such surplus. When all construction work has been completed and all cost paid, and all assessments have been paid in full, the board may refund to the owner of each tract of land, the owner’s proportionate part of any surplus funds except such portion of the surplus as the board considers should be retained for a sinking fund to pay future maintenance and repair costs.

468.62 Change of conditions — modification of plan.
If, after the improvement has been finally located and before construction thereof has been completed, there has been a change of conditions of such nature that the plan of improvement as adopted should be modified or amended, the board may direct the engineer appointed under section 468.30 or another engineer, to make a report showing such changes or modifications of the plan of improvement as may be necessary to meet the change of conditions. Upon the filing of such report, the board shall have jurisdiction to adopt said modified or amended plan of improvement or may further modify or amend and adopt the same by following the procedure provided in sections 468.201 and 468.205 through 468.209 so far as same are applicable, except that awards for damages shall not be canceled where there has been no change made in the improvement which would increase or decrease the damages awarded. However, modifications and changes may be made in the plan on which
hearing was held without further notice or hearing, provided the same do not increase or decrease the estimated cost to the district by more than twenty-five percent.

§468.63 Drainage subdistrict.

After the establishment of a drainage district, a person owning land within the district which has been assessed for benefits, but which is separated from the main ditch, drain, or watercourse for which it has been so assessed, by the land of others, who desires a ditch or drain constructed from the person’s land across the land of the others in order to connect with the main ditch, drain, or watercourse, and is unable to agree with the intervening owners on the terms and conditions on which the person may enter upon their lands and cause to be constructed the connecting drain or ditch, may file a petition for the establishment of a subdistrict. After the petition is filed, the proceedings shall be the same as provided for the establishment of an original district.

§468.64 Presumption — jurisdiction.

Such connecting ditch or drain which a person shall cause to be constructed shall be presumed conducive to the public health, welfare, convenience, and utility the same as if it had been so constructed as a part of the original improvement of said district. When such subdistrict has been established and constructed it shall become and be a part of the improvement of such drainage district as a whole and be under the control and supervision of the board to the same extent and in every way as if it had been a part of the original improvement of such district.

§468.65 Reclassification.

1. When, after a drainage or levee district has been established, except districts established by mutual agreement in accordance with section 468.142, and the improvements thereof constructed and put in operation, there has been a material change as to lands occupied by highway or railroad right-of-way or in the character of the lands benefited by the improvement, or when a repair, improvement, or extension has become necessary, the board may consider whether the existing assessments are equitable as a basis for payment of the expense of maintaining the district and of making the repair, improvement or extension. If they find the same to be inequitable in any particular, they shall by resolution express such finding, appoint three commissioners possessing the qualifications prescribed in section 468.38 and order a reclassification as follows:

a. If they find the assessments to be generally inequitable they shall order a reclassification of all property subject to assessment, such as lands, highways, and railroads in said district.

b. If the inequity ascertained by the board is limited to the proportion paid by highways or railroads, a general reclassification of all lands shall not be necessary but the commissioners may evaluate and determine the fair proportion to be paid by such highways or railroads or both as provided in sections 468.42 and 468.43.

c. Any benefits of a character for which levee or drainage districts may be established and which are attributable to or enhanced by the improvement or by the repair, improvement,
or extension thereof, shall be a proper subject of consideration in a reclassification notwithstanding the district may have been originally established for a limited purpose.

  d. (1) If after a district has been reclassified, the board in its judgment concludes there were errors in the reclassification or there is an inequitable assessment of benefits, the board may on its own motion, after notice to the landowners involved as provided in sections 468.14 through 468.18 and by resolution, order the district or any portion of the district to again be reclassified as prescribed in this section and in section 468.67.

  (2) The board may include in its resolution an order to the commissioners that they prepare special common outlet classifications, if needed, in conjunction with the reclassification of the district.

  2. Such reclassification when finally adopted shall remain the basis for all future assessments unless revised as provided in this subchapter, parts 1 through 5.

468.67 Procedure governing reclassification.

The proceedings for such reclassification shall in all particulars be governed by the same rules as for original classification. The commissioners shall fix the percentage of actual benefits and make an equitable apportionment of the costs and expenses of such repairs, improvements or extensions and file a report thereof with the auditor in the same form and manner as for original classification. Thereafter, all the proceedings in relation thereto as to notice, hearing, and fixing of percentage of benefits and amount of assessments shall be as in this subchapter, parts 1 through 5, provided in relation to original classification and assessments, and at such hearing the board may affirm, increase, or diminish the percentage and assessment of benefits and apportionment of costs and expenses so as to make them just and equitable, and cause the record of the original classification, percentage of benefits, and assessments to be modified accordingly.

468.68 Drainage warrants received for assessments.

Warrants drawn upon the construction or maintenance funds of any district for which an assessment has been or must be levied, shall be transferable by endorsement, and may be acquired by any taxpayer of such district and applied at their accrued face value upon the assessment levied to create the fund against which the warrant was drawn; when the amount of the warrant exceeds the amount of the assessment, the treasurer shall cancel the warrant, and give the holder thereof a certificate for the amount of such excess, which certificate shall be filed with the auditor, who shall issue a warrant for the amount of such excess, and charge the treasurer therewith. Such certificate is transferable by endorsement, and will entitle the holder to the new warrant, made payable to the holder’s order, and bearing the original number, preceded by the following words:
Issued as unpaid balance due on warrant number ..................

468.70 Installment assessments — interest-bearing warrants — improvement certificates.
1. The board may provide by resolution for the payment of assessments in not more than twenty annual installments with interest at a rate determined by the board, notwithstanding chapter 74A. The board may issue warrants bearing interest at the same rate, which warrants shall be numbered and state a maturity date, in which event the warrants shall bear interest from the date of issuance without being presented for payment and marked unpaid for want of funds. The warrants may be sold by the board for cash in an amount not less than their face value, together with any accrued interest.

2. The board may provide by resolution for the issuance of improvement certificates payable to bearer or to the contractors, naming them, who have constructed the improvement or completed any part of the improvement, in payment or part payment of such work.

468.74 Drainage bonds.
1. When a drainage district has been established or the making of any subsequent repair or improvement determined upon, if the board of supervisors shall find that the cost of such improvement will create assessments against the land included in the district that are greater than should be levied in a single year upon the lands benefited by the improvement, then, instead of issuing improvement certificates, as provided in sections 468.70 through 468.73, the board may fix the amount that shall be levied and collected each year until such cost and expenses are paid, and may issue drainage bonds of the county covering all assessments exclusive of assessments of one hundred dollars and less.

2. Before drainage bonds shall be issued, the governing body of the district shall cause an action for declaratory judgment to be brought in the district court of the county in which the bonds are to be issued, asking that their legality be confirmed. The court shall fix a date for hearing on the legality of the bonds and notice of hearing shall be given to the owners of each lot or tract of land within the district, which shall be affected by an assessment to pay the proposed bonds, as shown by the transfer books in the auditor’s office. Notice shall also be given to the holders of liens of record upon the affected lands and to all persons to whom it may concern without naming them specifically. The notice shall be given by publication and by mailing for the same time in advance of hearing and in the same manner prescribed in section 468.15. After the entry of the declaratory judgment adjudicating the validity of such bonds, the approval of the district court shall be endorsed on the bonds before issuance.

468.76 Amount — interest — maturity.
In no case shall the aggregate amount of all bonds issued exceed the benefits assessed. The bonds shall not be issued for a greater amount than the aggregate amount of assessments for the payment of which they are issued, nor for a longer period of maturity than twenty years. The bonds shall bear interest at a rate determined by the board, notwithstanding chapter 74A, payable semiannually, on June 1 and December 1 of each year. The interest on unpaid assessments shall be at a rate determined by the board.

468.100 Monthly estimate — payment.
1. The supervising engineer shall, on or before the tenth day of each calendar month, furnish the contractor and file with the auditor estimates for work done during the preceding calendar month under the contract on each section, and the auditor shall at once draw warrants in favor of such contractor on the drainage funds of the district or give the contractor an order directing the county treasurer to deliver to the contractor or contractors improvement certificates, or drainage bonds as the case may be, for ninety percent of the estimate on work done. Such monthly estimates shall remain on file in the office of the auditor as a part of the permanent records of the district to which they relate. Drainage warrants, bonds, or improvement certificates when so issued shall be in such amounts as the auditor determines, not however, in amounts in excess of five thousand dollars.
2. All of the provisions of this section shall, when applicable, apply to repair work and improvement work in the same force and effect as to original construction.

468.101 Completion of work — report — notice.
When the work to be done under a contract is completed to the satisfaction of the engineer in charge of construction, the engineer shall report and certify that the contract is completed to the board. Upon receipt of the report, the board shall set a day to consider the report and shall give notice of the time and purpose of the meeting by ordinary mail to the owners of the land on which the work was done, and to the owners of each tract of land or lot within the district by publication in a newspaper of general circulation in the county. The publication is not required to name the owners of any tract of land or lot within the district. The date for considering the report by the board shall be not less than ten days after the date of mailing, or publication, whichever is later.

468.103 Final settlement — claims for damages.
1. If the board finds the work under any contract has been completed and accepted, the board shall compute the balance due, and if there are no liens on file against such balance, it shall enter of record an order directing the auditor to draw a warrant in favor of the contractor upon the levee or drainage fund of the district or give the contractor an order directing the county treasurer to deliver to the contractor improvement certificates or drainage bonds, as the case may be, for such balance found to be due, but such warrants, improvement certificates or bonds shall not be delivered to the contractor until the expiration of thirty days after the acceptance of the work.

2. If any claims for damages have been filed as provided in section 468.102, the board shall review and determine the claims. If the determination by the board on any claim for damages results in a finding by the board that the damages resulting to the claimant were due to the negligence of the contractor, then the board shall provide for payment of the claim out of the remaining funds owing to the contractor. If the determination by the board results in a finding that the damages resulting to the claimant were not due to the negligence of the contractor, but resulted from unavoidable necessity in the performance of the contract, then the board shall allow for payment of the claim in the amount fixed by the board out of the funds in the drainage district.

468.104 Abandonment of work.
In case any contractor abandons or fails to proceed diligently and properly with the work before completion, or in case the contractor fails to complete the same in the time and according to the terms of the contract, the board shall make written demand on the contractor and the contractor’s surety to proceed with the work within ten days. Service of said demand may be personal, or by certified mail addressed to the contractor and the surety, respectively, at their places of residence or business, as shown by the records in the auditor’s office.

468.105 New contract — suit on bond.
Unless the contractor or the surety on the contractor’s bond shall appear and in good faith proceed to comply with the demand, and resume work under the contract within the time fixed, the board shall proceed to let contracts for the unfinished work in the same manner as original contracts, and apply all funds not paid to the original contractor toward the completion of the work, and if not sufficient for such purpose, may cause suit to be brought
upon the bond of the defaulting contractor for the benefit of the district, and the amount of recovery thereon shall be credited to the district.

468.118 Abandoned right-of-way.
1. If a railroad or other utility has abandoned the use of its right-of-way for the purpose it was originally acquired or has sold its right-of-way to a person who will use the right-of-way for a purpose other than for which it was originally acquired, the prior right or privilege of the drainage district to pass through the right-of-way of the railroad or utility shall become a permanent easement in favor of the drainage district for drainage purposes including the right of ingress and egress through adjacent property and the right of access for maintenance, repair, improvement and inspection. The permanent easement has the same dimensions as originally specified in the engineer's report and survey, or as acquired by use or as subsequently acquired.

2. If a railroad or other utility has abandoned the use of its right-of-way for the purpose it was originally acquired or has sold its right-of-way to a person who will use the right-of-way for a purpose other than for which it was originally acquired in segments, each segment shall
be assessed for benefits in the same proportion as the area of the segment bears to the area of the right-of-way through the forty-acre tract.

468.119 Annexation of additional lands.
1. After the establishment of a levee or drainage district, if the board becomes convinced that additional lands contiguous to the district, and without regard to county boundaries, are benefited by the improvement or that the same are then receiving benefit or will be benefited by a repair or improvement to said district as contemplated in section 468.126, it may adopt, with or without a petition from owners of the proposed annexed lands, a resolution of necessity for the annexation of such additional land and appoint an engineer with the qualifications provided in this subchapter, parts 1 through 5, to examine such additional lands, to make a survey and plat thereof showing their relation, elevation, and condition of drainage with reference to such established district, and to make and file with the auditor a report as in this subchapter, parts 1 through 5, provided for the original establishment of such district, said report to specify the character of the benefits received.

2. In the event the additional lands are a part of an existing drainage district, as an alternative procedure to that established by subsection 1, the lands may be annexed in either of the following methods:
   a. (1) A petition, proposing that the lands be included in a contiguous drainage district and signed by at least twenty percent of the landowners of those lands to be annexed, shall be filed with the governing board of each affected district.
   (2) The board of the district in which the lands are presently included may, at its next regular meeting or at a special meeting called for that purpose, adopt a resolution approving and consenting to the annexation.
   b. Whenever the owners of all of the land proposed to be annexed file a petition with the governing boards of the affected districts, the consent of the board in which the lands are then located shall not be required to consent to the annexation, and the board of the annexing district may proceed as provided in this section.

3. If either method of annexation provided for in subsection 2 is completed, the board of the district to which the lands are to be annexed may adopt a resolution of necessity for the annexation of the additional lands, as provided in this section.

4. The right of remonstrance, as provided under section 468.28, does not apply to the owners of lands being involuntarily annexed to an established district.

468.120 Proceedings on report.
If the report recommends the annexation of the lands or any portion of them, the board shall consider the report, plats, and profiles and if satisfied that any of the lands are materially benefited by the district and that annexation is feasible, expedient, and for the public good, it shall proceed in all respects as to notice, hearing, appointment of appraisers to fix damages and as to hearing on the annexation; and if the annexation is finally made, as to classification and assessment of benefits to the annexed lands only, to the same extent and in the same manner as provided in the establishment of an original district. However, the annexation and classification of the annexed lands for benefits may be determined at one hearing. Those parties having an interest in the lands proposed to be annexed have the right to receive notice, to make objections, to file claims for damages, to have hearing, to take appeals and to do all
other things to the same extent and in the same manner as provided in the establishment of an original district.

468.121 Levy on annexed lands.
After annexation is made the board may levy upon the annexed lands an assessment sufficient to equal the assessments for benefit originally paid by the lands of equal classification if the finding by the board as provided by section 468.119 was that the lands should have been included in the district when originally established, plus their proportionate share of the costs of any enlargement or extension of drains required to serve the annexed lands. If the finding of the board as provided in section 468.119 was based on the fact that additional lands are now benefited by virtue of the repair, improvement, or the change of the topographical conditions made to the district and were not benefited by the district as originally established, then the board shall levy upon the annexed lands an assessment sufficient to pay their proportionate share of the costs of the repair or improvement which was the basis for the lands being annexed. If the board finds that the lands are presently receiving benefits from the district but that some were reasonably omitted from the original establishment because of the change of the topographical conditions, the assessments levied upon the annexed lands shall be limited to a proportionate share of the costs of current and future maintenance, repairs and improvements.

468.122 Use of former and abandoned surveys.
In cases where proceedings have been taken for the establishment of a levee or drainage district and an engineer has been appointed who has made a survey, return, and plat thereof and for any reason the improvement has been abandoned and the proceedings dismissed, and afterward proceedings are instituted for the establishment of a levee or drainage district which will benefit any territory surveyed in said former proceedings, the engineer shall use so much of the return, levels, surveys, plat, and profile made in the former proceedings as may be applicable. The engineer shall specify in the engineer’s reports the parts thereof so used, and in case the cost of said returns, levels, surveys, plat, and profile made in said former proceedings has been paid by the former petitioners or their sureties, then a reasonable amount shall be allowed said petitioners or sureties for the use of the same.

When proceedings have been instituted for the establishment of a drainage district or for any change or repair thereof, or the change of a natural watercourse, and the establishment thereof has failed for any reason either before or after the improvement is completed, the board shall have power to reestablish such district or improvement and any new improvement in connection therewith as recommended by the report of the engineer. As to all lands benefited by such reestablishment, repair, or improvement, the board shall proceed in the same manner as in the establishment of an original district, using as a basis for assessment the entire cost of the proceedings, improvement, and maintenance from the beginning; but in awarding damages and in the assessment of benefits account shall be taken of the amount of damages and taxes, if any, theretofore paid by those benefited, and
credit therefor given accordingly. All other proceedings shall be the same as for the original establishment of the district, making of improvements, and assessment of benefits.

Referred to in §468.125

468.125 Credit for old improvement.
When such district as contemplated in section 468.124 and the new improvement therein shall include the whole or any part of the former improvement, the commissioners, for classification of lands for assessment of benefits and apportionment of costs and expenses of such new improvement, shall take into consideration the value of such old improvement in the construction of the new one and allow proper credit therefor to the parties owning the old improvement as their interests may appear. In all other respects the same proceedings shall obtain as are provided for the original establishment of levee and drainage districts.

468.126 Repairs and improvements.
1. When any levee or drainage district has been established and the improvement constructed, the improvement shall be at all times under the supervision of the board of supervisors except as otherwise provided for control and management by a board of trustees and the board shall keep the improvement in repair as provided in this section.
   a. The board at any time on its own motion, without notice, may order done whatever is necessary to restore or maintain a drainage or levee improvement in its original efficiency or capacity, and for that purpose may remove silt and debris, repair any damaged structures, remove weeds and other vegetable growth, and whatever else may be needed to restore or maintain such efficiency or capacity or to prolong its useful life.
   b. The board may at any time obtain an engineer’s report regarding the most feasible means of repairing a drainage or levee improvement and the probable cost of making the repair. If the engineer advises, or the board otherwise concludes that permanent restoration of a damaged structure is not feasible at the time, the board may order temporary construction it deems necessary to the continued functioning of the improvement. If in maintaining and repairing tile lines the board finds from an engineer’s report it is more economical to construct a new line than to repair the existing line, the new line may be considered to be a repair.
   c. If the estimated cost of the repair does not exceed fifty thousand dollars, the board may order the work done without conducting a hearing on the matter. Otherwise, the board shall set a date for a hearing and provide notice of the hearing to landowners in the district by publication in the same manner as provided in section 468.15. However, if the estimated cost of the repair exceeds the adjusted competitive bid threshold, the board shall provide notice to the landowners pursuant to sections 468.14 through 468.18. The board shall not divide a
proposed repair into separate programs in order to avoid the notice and hearing requirements of this paragraph.

d. If a hearing is required under paragraph “c”, the board shall order an engineer’s report or a report from the soil and water conservation district conservationist regarding the matter to be presented at the hearing. The board may waive the report requirement if a prior report on the repair exists and that report is less than ten years old. At the hearing, the board shall hear objections to the feasibility of making the proposed repair.

e. Following a hearing, if required in paragraph “c”, the board shall determine whether the repair is necessary or desirable, and feasible.

f. Any interested party has the right of appeal from such orders in the manner provided in this subchapter, parts 1 through 5.

g. The right of remonstrance does not apply to a repair as provided in this section.

2. In the case of a repair, or the eradication of brush or weeds along the open ditches, not in excess of the adjusted competitive bid threshold, where the board finds that a saving to the district will result, the board may cause the repairs or eradication to be done by secondary road fund equipment, or weed fund equipment, and labor of the county and then reimburse the secondary road fund or the weed fund from the fund of the drainage district thus benefited.

3. When the board deems it necessary it may repair or reconstruct the outlet of any private tile line which empties into a drainage ditch of any district and assess the costs in each case against the land served by the private tile line.

4. a. For the purpose of this subsection, an “improvement” in a drainage or levee district in which any ditch, tile drain, or other facility has previously been constructed is a project intended to expand, enlarge, or otherwise increase the capacity of any existing ditch, drain, or other facility above that for which it was designed.

b. When the board determines that an improvement is necessary or desirable, and feasible, the board shall appoint an engineer to make surveys as seem appropriate to determine the nature and extent of the improvement, and to file a report showing what improvement is recommended and its estimated cost, which report may be amended before final action.

c. If the estimated cost of the improvement does not exceed fifty thousand dollars, the board may order the work done without conducting a hearing on the matter. Otherwise, the board shall set a date for a hearing on whether to construct the proposed improvement and whether there shall be a reclassification of benefits for the cost of the proposed improvement.

(1) (a) The board shall provide notice to landowners in the district by publication in the same manner as provided in section 468.15. However, if the estimated cost of the improvement exceeds the adjusted competitive bid threshold, the board shall provide notice to the landowners pursuant to sections 468.14 through 468.18.

(b) Notwithstanding subparagraph division (a), and in lieu of publishing the notice, the board may mail a copy of the notice to each address where a landowner within the district resides by first class mail if the cost of mailing is less than publication of the notice. The mailing shall be made during the time the notice would otherwise be required to be published.

(2) The board shall not divide proposed improvements into separate programs in order to avoid compliance with this paragraph “c”.

d. At the hearing, if required in paragraph “c”, the board shall hear objections to the feasibility of the proposed improvements and arguments for or against a reclassification presented by or for any taxpayer of the district. Following the hearing, the board shall order that the improvement it deems necessary or desirable and feasible be made and shall also determine whether there should be a reclassification of benefits for the cost of the improvement. If it is determined that a reclassification of benefits should be made, the board shall proceed as provided in section 468.38.

e. If the estimated cost of the improvement exceeds the adjusted competitive bid threshold, or the original cost of the district plus the cost of subsequent improvements in the district, whichever amount is greater, a majority of the landowners, owning in the aggregate more than seventy percent of the total land in the district, may file a written remonstrance against the proposed improvement, at or before the date set for hearing on the proposed improvement as provided in paragraph “c”, with the county auditor, or auditors in case
the district extends into more than one county. If a remonstrance is filed, the board shall
discontinue and dismiss all further proceedings on the proposed improvements and charge
the costs incurred to date for the proposed improvements to the district. Any interested
party may appeal from such orders in the manner provided in this subchapter, parts 1
through 5. However, this section does not affect the procedures of section 468.132 covering
the common outlet.

5. Where under the laws in force prior to 1904 drainage ditches and levees were
established and constructed without fixing at the time of establishment a definite boundary
line for the body of land to be assessed for the cost thereof, the body of land which was last
assessed to pay for the repair thereof shall also be considered as the established district for
the purpose of this section.

6. The governing body of the district may, by contract or conveyance, acquire, within or
without the district, the necessary lands or easements for making repairs or improvements
under this section, including easements for borrow and easements for meander, and
in addition thereto, the same may be obtained in the manner provided in the original
establishment of the district, or by exercise of the power of eminent domain as provided for
in chapter 6B. If additional right-of-way is required for any repair or improvement under
this section, the same may be acquired in the same manner as provided for the acquisition
of right-of-way in the original establishment of a district, except that where notice and
hearing are not otherwise required under this section notice as provided in this subchapter,
parts 1 through 5, to owners, lienholder of record, and occupants of the land from which
right-of-way is to be acquired shall suffice.

7. In existing districts where the stream has by erosion appropriated lands beyond its
original right-of-way and it is more economical and feasible to acquire an easement for such
erosion and meander than to undertake containment of the stream in its existing right-of-way,
the board may, in the discharge of the duties enjoined upon it by this section, effect such
acquisition as to the whole or part of the course. Right-of-way so taken shall be classed an
improvement for the purpose of procedure under this section.

8. If the drainage records on file in the auditor’s office for a particular district do not define
specifically the land taken for right-of-way for drainage purposes, the board may at any time
upon its own motion employ a land surveyor to make a survey and report of the district
and to actually define the right-of-way taken for drainage purposes. After the land surveyor
has filed the survey and report with the board, the board shall fix a date for hearing on the
report and shall serve notice of the hearing upon all landowners and lienholder of record and
occupants of the lands traversed by the right-of-way in the manner and for the time required
for service of original notices in the district court. At the hearing the board shall specifically
define the land taken for the right-of-way. Once established, the right-of-way constitutes a
permanent easement in favor of the drainage district for drainage purposes including the right
of ingress and egress across adjoining land and the right of access for maintenance, repair,
improvement and inspection. A person aggrieved by the action or failure to act of the board
under this subsection may appeal only in compliance with sections 468.83 through 468.98.

468.127 Payment.
1. The costs of the repair or improvements provided for in section 468.126 shall be paid
for out of the funds of the levee or drainage district. If the funds on hand are not sufficient
to pay such expenses, the board within two years shall levy an assessment sufficient to pay
the outstanding indebtedness and leave the balance which the board determines is desirable
as a sinking fund to pay maintenance and repair expenses. Any assessment made under this
section on any tract, parcel or lot within the district which is computed at less than five dollars shall be fixed at the sum of five dollars.

2. If the board deems that the costs of the repairs or improvements will create assessments against the lands in the district greater than should be borne in one year, the board may levy the assessment at one time and provide for the payment of the costs and assessments in the manner provided in sections 468.57 through 468.61; provided that assessments may be collected in not more than twenty installments as the board may determine.

468.128 Impounding areas and erosion control devices.
Levee and drainage districts are empowered to construct impounding areas and other flood and erosion control devices to protect lands of the district and drainage structures and may provide ways for access to improvements for the operation or protection thereof, where the cost is not excessive in consideration of the value to the district. Necessary lands or easements may be acquired within or without the district by purchase, lease or agreement, or by exercise of the right of eminent domain as provided for in chapter 6B and may be procured and construction undertaken either independently or in cooperation with other districts, individuals, or any federal or state agency or political subdivision.

Levee and drainage districts may realize income from incidental uses of their improvements and rights-of-way which are not injurious to same or incompatible with the purposes of the district. Revenues derived therefrom may be expended for operating, maintenance or construction costs of the district as its governing body may elect.

468.130 City may discharge treated sewage.

468.131 Reclassification required.
When an assessment for improvements as provided in section 468.126, exceeds twenty-five percent of the original assessment and the original or subsequent assessment or report of the benefit commission as confirmed did not designate separately the amount each tract should pay for the main ditch and tile lateral drains then the board shall order a reclassification in accordance with the principles and rules set forth in section 468.41.

468.132 Improvement of common outlet — notice of hearing.

When two or more drainage districts outlet into the same ditch, drain, or natural watercourse and the board determines that it is necessary to clean out, deepen, enlarge, extend, or straighten said ditch, drain, or natural watercourse in order to expeditiously carry off the combined waters of such districts, the board may proceed as provided in section 468.126. After said board has decided that such work should be done, it shall fix a date for hearing on its decision, and it shall give two weeks’ notice thereof by certified mail to the auditor of the county wherein the land to be assessed for such work is located, and said county auditor shall thereupon immediately notify by certified mail the board or boards of trustees of the districts having supervision thereof, as to said hearing on said contemplated work. In those instances where two or more districts involved are under the supervision of the same board, or joint board if the district is intercounty, the notice shall be given to all landowners affected as prescribed for in sections 468.14 through 468.18. Each district shall be assessed for the cost of such work in proportion to the benefits derived. Common outlet for the purpose of this section shall mean an outlet where two adjacent districts have an outlet common to both of said districts and which districts are also contiguous, one to the other.

468.133 Commissioners to apportion benefits — interest prohibited.

1. For the purpose of ascertaining the proportionate benefits, the board shall appoint commissioners having the qualifications of benefit commissioners, one of whom shall be an engineer. The commissioners who are appointed shall not be residents of any of the districts affected, nor shall any member of the commission have any interest in land in any districts affected by the contemplated work. The commission shall determine the percentage of benefits and the sum total to be assessed to each district for the improvement.

2. In the event that one of the districts to be assessed under this section shall have any improvement such as a settling basin which reduces the quality and quantity of flow or sediment, such commission may give consideration to the existence of such an improvement when they determine the percentage of benefits and the sum total to be assessed to each district for the improvement.

When said commissioners are appointed, the board shall, by proper order, fix the time when the commissioners shall report their findings, but a report filed within thirty days of the time so fixed shall be deemed a compliance with said order. On the filing of said report, the board shall fix a time for hearing thereon, and it shall give notice thereof to the auditor of the county in which the land to be assessed for such work is located by certified mail; said county auditor shall thereupon immediately notify by certified mail the board of supervisors, and board or boards of trustees of the districts having supervision thereof, as to said hearing on said commissioner’s report. §468.135 Report and review — appeal.
1. The commissioners shall file with the board a detailed report of their findings. The board shall review the report and may, by proper order, increase or decrease the amount which shall be charged to each district. After the final order of the board has been made, the board shall notify the county auditor, in the time and manner as provided in sections 468.133 and 468.134, of the order. The county auditor shall notify by certified mail the board of supervisors and the board or boards of trustees of the final order. The board of supervisors and the board or boards of trustees, if aggrieved by the final order, may appeal from the order to the district court of the county in which any of the improvement proposed or done is located.
2. Any such appeal shall be taken, perfected, and conducted in the time and manner provided in section 468.83, subsection 1, and sections 468.84 through 468.88, for appeals contemplated by those sections.

§468.136 Levy under original classification.
If the amount finally charged against a district does not exceed twenty-five percent of the original cost of the improvement in the district, the board shall proceed to levy the amount against all lands, highways, and railway rights-of-way and property within the district, in accordance with the original classification and apportionment. Any assessment made under this section on any tract, parcel, or lot within the district which is computed at less than five dollars shall be fixed at the sum of five dollars.

§468.137 Levy under reclassification.
If the amount finally charged against a district exceeds twenty-five percent of the original cost of the improvement, the board may order a reclassification as provided for the original classification of a district and upon the final adoption of the new classification and apportionment shall proceed to levy that amount upon all lands, highways, and railway rights-of-way and property within the district, in accordance with the new classification and apportionment. An assessment made under this section on a tract, parcel, or lot within the district which is computed at less than five dollars shall be fixed at the sum of five dollars.

§468.138 Removal of obstructions.
The board shall cause to be removed from the ditches, drains, and laterals of any district any obstructions which interfere with the flow of the water, including trees, hedges, or shrubbery and the roots thereof, and may cause any tile drain so obstructed to be relaid in concrete or any other adequate protection, such work to be paid for from the drainage funds of the district.

§468.139 Trees and hedges.
When it becomes necessary to destroy any trees or hedges outside the right-of-way of any ditch, lateral, or drain in order to prevent obstruction by the roots thereof, if the board and
the owners of such trees or hedges cannot agree upon the damage for the destruction thereof, the board may proceed to acquire the right to destroy and remove such trees or hedges by the same proceedings provided for acquiring right-of-way for said drainage improvement in the first instance.

468.140 Outlet for lateral drains — specifications.
The owner of any premises assessed for the payment of the costs of location and construction of any ditch, drain, or watercourse as in this subchapter, parts 1 through 5, provided, shall have the right to use the same as an outlet for lateral drains from the premises. The board of supervisors shall make specifications covering the manner in which such lateral drains shall be connected with the main ditches or other laterals and be maintained, and the owner shall follow such specifications in making and maintaining any such connection.

468.141 Subdistricts in intercounty districts.
The board of supervisors of any county shall have jurisdiction to establish subdrainage districts of lands included within a district extending into two or more counties when the lands to compose such subdistricts lie wholly within such county, and to make improvements therein, repair and maintain the same, fix and levy assessments for the payment thereof, and the provisions of this section shall apply to all such drainage subdistricts, the lands of which lie wholly within one county. The proceedings for all such purposes shall be the same as for the establishment, construction, and maintenance of an original levee or drainage district the lands of which lie wholly within one county, so far as applicable, except that one or more persons may petition for a subdistrict as provided in section 468.63.

Such agreements shall contain the following:
1. A description of the lands by congressional divisions, metes and bounds, or other intelligible manner, together with the names of the owners of all said lands.
2. The location of the drains and ditches to be constructed, describing their sources and outlets and the courses thereof.
3. The character and extent of drainage improvement to be constructed, including settling basins, if any.
4. The assessment of damages, if any.
5. The classification of the lands included in such district, the amount of drainage taxes or special assessments to be levied upon and against the several tracts, and when the same shall be levied and paid.

When such agreement is filed, the auditor shall record it in the drainage record. The board shall at a regular, or adjourned session thereafter locate and establish a drainage district and locate the ditches, drains, settling basins, and watercourses thereof as provided in said agreement, and enter of record an order accordingly. The board thereafter shall carry out the object, purpose, and intent of such agreement and cause to be completed and constructed the said improvement and shall retain jurisdiction of the same as fully as in districts established in any other manner. It shall cause to be levied upon and against the lands of such district, the drainage taxes and assessments according to said agreement and when collected said taxes and assessments shall constitute the drainage funds of said district to be applied upon order of the board as in said agreement provided.

468.146 Outlet in adjoining county or in another state.

1. When a drainage district is established and a satisfactory outlet cannot be obtained except through lands in an adjoining county, or when an improved outlet cannot be obtained except through lands downstream from the district boundary, the board shall have the power to purchase a right-of-way, to construct and maintain such outlets, and to pay all necessary costs and expenses out of the district funds. The board shall have similar authority relative to the construction and maintenance of silt basins upstream from the district boundary. In case the board and the owners of the land required for such outlet or silt basin cannot agree upon the price to be paid as compensation for the land taken or used, the board is hereby empowered to exercise the right of eminent domain as provided for in chapter 6B in order to procure such necessary right-of-way.

2. When a district is, or has been established in this state and no practicable outlet therefor can be obtained except through lands in an adjoining state, the board of supervisors of the county where said district is situated shall, as drainage commissioners, have power to purchase a right-of-way and to construct a ditch for such outlet in an adjoining state or to contribute to the construction of such a ditch, in an adjoining state and to pay for the same out of the funds of such district. Provided, however, that no drainage district or districts shall
be charged or assessed any of the cost for land or work done unless previously agreed to by
the board of supervisors or trustees of all of the drainage districts which will be assessed.

468.148 Injuring or diverting — damages.
Any person who shall willfully break down or through or injure any levee or bank of a
settling basin, or who shall dam up, divert, obstruct, or willfully injure any ditch, drain, or
other drainage improvement authorized by law shall be liable to the person or persons owning
or possessing the lands for which such improvements were constructed in double the amount
of damages sustained by such owner or person in possession; and in case of a subsequent
offense by the same person, the person shall be liable in treble the amount of such damages.
[C73, §1227; C97, §1961; C24, 27, 31, 35, 39, §7579; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77,

468.149 Obstructing or damaging.
1. A person is guilty of a serious misdemeanor if, without legal authority, the person
willfully does any of the following:
   a. Diverts, obstructs, impedes, or fills up any ditch, drain, or watercourse.
   b. Breaks down or injures any levee or the bank of any settling basin, established,
constructed, and maintained under any provision of law.
   c. Obstructs or engages in travel or agricultural practices upon the improvement or
rights-of-way of a levee or drainage district which the governing body thereof has, by
resolution, determined to be injurious to such improvement or to interfere with its proper
preservation, operation, or maintenance, and has prohibited.
2. Any unlawful act described in subsection 1 is a nuisance and may be abated.
3. A governing body shall have the power to repair any ditch, drain, or watercourse, or
any levee or bank of any settling basin, damaged by any person or persons in violation of a
resolution of the governing body, after three days' notice to such person or persons to make
such repair. In the event that there is a failure to make the repair, the expense of the repair
shall be assessed to the person or persons and shall be certified and collected in the same
manner as other taxes.

468.151 Actions — settlement — counsel.
1. Levee or drainage districts through their governing bodies are authorized to maintain actions in law or equity for the purposes of preventing or recovering damages that may accrue to the districts on account of the impairment of their functions, or the increase in the cost of maintenance or operation of the districts, or on account of damages to property owned by the districts, resulting from the construction or operation of locks, dams, and pools in the Mississippi or Missouri river. Levee or drainage districts may make settlements and adjustments of such damages and written contracts with relation to such damages, and receive any appropriations that may be made by the Congress of the United States for the increased cost to drainage or levee districts and may agree to the construction and maintenance of present equipment and of new or remedial works, improvements and equipment as a part of such damages, or as a means of lessening the damages which will be suffered by the said districts. The districts are further authorized to employ legal and engineering counsel for such purposes and to pay for the cost of employing legal and engineering counsel out of the award of damages or out of the maintenance funds of the district.
2. If a lump sum settlement is made between the United States and the district to provide an annual payment of income from the lump sum settlement, the county treasurer of the county in which the greater portion of the district is situated shall be custodian of the principal fund. The governing body of the district shall apply to the district court for authority to invest the fund as provided by section 636.23, and, in addition to the investments approved, the court may authorize investment of the fund in interest-bearing bonds or warrants of the district. The income from the fund shall be disbursed by direction of the governing body of the district.

468.152 Waste banks — private use.
The landowner may have any beneficial use of the land to which the landowner has fee title and which is occupied by the waste banks of an open ditch when such use does not interfere in any way with the easement or rights of the drainage district as contemplated by this subchapter, parts 1 through 5. For the purpose of gaining such use the landowner may smooth said waste banks, but in doing so the landowner must preserve the berms of such open ditch without depositing any additional dirt upon them.

468.153 Preliminary expenses — how paid.
If the proposed district is all in one county, the board of supervisors may pay all necessary preliminary expenses in connection with the district. If it extends into other counties, the boards of the respective counties may pay a proportion of the expenses as the work done or expenses created in each county bears to the whole amount of work done or expenses created. The amounts shall be ascertained and reported by the engineer in charge of the work and be approved by the respective boards which shall, as soon as paid, charge the amount to
the district, as their interests may appear, as soon as the district is established. If the district is not established, the amounts shall be collected upon the bond or bonds of the petitioners.

468.154 Additional help for auditor.
If the work in the office of the auditor by reason of the existence of drainage districts is so increased that the regular officer is unable by diligence to do the same, the board of supervisors may employ such additional help as may be necessary to keep the records and transact the business of the drainage districts. The expense of such help shall be paid by the districts in proportion to the amount of work done therefor.

[S13, §1989-a42; C24, 27, 31, 35, 39, §7584; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.165]

468.155 Employment of counsel.
The board is authorized to employ counsel to advise and represent it and drainage districts in any matter in which they are interested. Attorney fees and expenses shall be paid out of the drainage fund of the district for which the services are rendered, or may be apportioned equitably among two or more districts. Such attorneys shall be allowed reasonable compensation for their services, also necessary traveling expenses while engaged in such business. Attorneys rendering such services shall file with the auditor an itemized, verified account of all claims therefor, and statement of expenses, and the same shall be audited and allowed by the board in the amount found to be due.

468.156 Compensation of appraisers.
Persons appointed to appraise and award damages and make classification of lands and assess benefits, other than the engineer, shall receive such compensation as the board may fix and in addition thereto, the necessary expense of transportation of said persons while engaged upon their work. They shall file with the auditor an itemized, verified account of the amount of time employed upon said work and their expenses.

[S13, §1989-a41; C24, 27, 31, 35, 39, §7586; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.167]

468.158 Purchase at tax sale.
When land in a levee, drainage, or improvement district is being sold at a tax sale for delinquent taxes or assessment, the board of supervisors or the district trustees, as the case may be, shall have authority to bid in such land or any part of it, paying the amount of the bid from the funds of the district, and taking the certificate of sale in their names as trustees for such district, and may thereafter pay any assessments for taxes or benefits levied against said premises from the district funds. The amount paid for redemption which shall include such additional payment, shall be credited to the district.

Similar provisions, chapter 569

468.159 Tax deed — sale or lease.
1. If no redemption shall be made, the board of supervisors or trustees, as the case may be, shall receive the tax deed as trustees for the district. They shall credit the district with all income from said property. They may lease or sell and convey said property as trustees for such district and shall deposit all money received therefrom to the credit of such district.
2. The board of trustees may also lease or sell and convey such other property of the district, both real and personal, as is no longer needed for the purposes for which the district was established, and any such leases or sales and conveyances prior to July 1, 1970, are hereby legalized and declared to be valid and binding.
3. This amendment in 1978 shall not be construed to affect any litigation involving the lease, sale, or conveyance of property by the board of supervisors or board of trustees, as the case may be, of a drainage or levee district, which litigation is pending on July 1, 1978.

468.161 Terms of redemption.
Redemption from said tax sale shall be made on such terms as may be agreed upon between such board of supervisors or such trustees and the owner of the land involved; but in any case in which the owner of said land will pay as much as fifty percent of the value of the land at the time of redemption the owner shall be permitted to redeem. If the parties cannot agree upon such value, either of them may bring an action against the other in the district court of the county where the land is situated, and the court shall determine the matter. The proceeding shall be triable in equity.

468.163 Funds.

Payment to the county treasurer for such certificate shall be from the fund of said drainage or levee district, or subdistrict, on a warrant issued against that fund which shall have precedence over all other outstanding warrants drawn against that fund in the order of their payment. Should there not be a sufficient amount in the fund of said district, or subdistrict, to pay said warrant then the board of supervisors, or the trustees of the district, as the case may be, are authorized to borrow a sum of money sufficient for that purpose on a warrant for that amount on the fund of the district, or subdistrict, which warrant shall bear interest from date at a rate not exceeding that permitted by chapter 74A and shall have preference in payment over all other unpaid warrants on said fund, and the county treasurer shall so enter the same on the list of warrants in the treasurer’s office and call the same for payment as soon as there is sufficient money in said fund.

468.166 Purchase by bondholder.

In any event where upon the request of the holder of any bond or bonds issued by any drainage district the board of supervisors shall fail, neglect or refuse to purchase the certificate of sale issued by the county treasurer and referred to in section 468.160 in manner and form as permitted by said section, the holder of such bond or bonds may, upon filing with the county auditor a sworn statement as to the making of such written request upon the board of supervisors and a recital of the failure of such board to act in the premises by complying with the provisions of said section, in the same manner and form purchase such certificate and the ownership thereof shall thereupon vest in such holder of such bond or bonds in trust for said drainage district or subdistrict, provided, however, that the holder shall have a lien upon said certificate and any beneficial interest arising therefrom for the holder’s actual outlays including the holder’s reasonable expenses and attorney’s fees, if any, incurred in the premises. In the event any such holder of any bond or bonds shall acquire title the holder shall have a right to lease or convey said premises, upon giving thirty days’ written notice to the board of supervisors by filing the same with the county auditor and in the event said board shall not approve said lease or sale, the same shall be referred to the district court of the county where the land is situated and there tried and determined
in the manner prescribed in section 468.160. Any funds realized from the lease or sale of said land shall be first applied in extinguishing the lien of the holder of the certificate herein provided for and the balance shall be paid to the said drainage bond fund of said district.

468.168 Inspection of improvements.
The board of any county into which a levee or drainage improvement extends shall cause a competent engineer to inspect such levee or drainage improvement as often as it deems necessary for the proper maintenance and efficient service thereof. The engineer shall make report to the board of the condition of the improvement, together with such recommendations as the engineer deems necessary. For any claim for services and expenses of inspection, the engineer shall file with the auditor an itemized and verified account of such service and expense to be allowed by the board in such amount as it shall find due and paid out of the drainage funds of the district. If the district extends into two or more counties, such action shall be had jointly by the several boards, and the expenses equitably apportioned among the lands in the different counties.

468.174 Membership in the national drainage association.
1. Any drainage district may join and become a member of the national drainage association. A drainage district may pay a membership fee and annual dues upon the approval of the drainage board of such district, but not in excess of the following:
   a. One hundred dollars for drainage districts having indebtedness in excess of one million dollars.
   b. Fifty dollars for drainage districts having an indebtedness of five hundred thousand dollars and less than one million dollars.
   c. Twenty-five dollars for drainage districts having an indebtedness of two hundred fifty thousand dollars and less than five hundred thousand dollars.
   d. Ten dollars for drainage districts having an indebtedness less than two hundred fifty thousand dollars.
2. The annual dues for any district shall not exceed one-twentieth of one percent of the outstanding indebtedness of the district.
[C31, 35, §7598-c1; C39, §7598.01; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.187]

CS89, §468.174
2012 Acts, ch 1023, §66

468.175 Membership fee.
The cost of membership fees and dues shall be assessed against the land in the drainage district and collected in the same manner and in the same ratio as assessments for the cost and maintenance of the drainage district.
[C31, 35, §7598-c2; C39, §7598.02; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.188]
89 Acts, ch 126, §2
CS89, §468.175
468.176 Other associations.
Levee or drainage districts are authorized to become members of drainage associations for their mutual protection and benefit, and may pay dues and membership fees therein out of the maintenance funds.
[C39, §7598.03; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.189]
89 Acts, ch 126, §2
CS89, §468.176

468.177 Receiver authorized.
Whenever the governing board of any drainage or levee district becomes the owner of a tax sale certificate, for any tract of land within the district, and one or more year's taxes subsequent to the tax certificate have gone delinquent, the said governing board may, on behalf of such district, make application to the district court of the county within which such real estate or a part thereof is situated, for the appointment of a receiver to take charge of said delinquent real estate.
[C35, §7598-e1; C39, §7598.04; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.190]
89 Acts, ch 126, §2
CS89, §468.177

468.178 Hearing and notice thereof.
Upon the filing of the petition for such appointment, the court shall fix a time and place of hearing thereon, and shall prescribe and direct the manner for the service of notice upon the owner, lienholders and persons in possession of said real estate, of the pendency of said application.
[C35, §7598-e2; C39, §7598.05; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.191]
89 Acts, ch 126, §2
CS89, §468.178

468.179 Appointment — grounds.
Said application shall be heard by the court, at the time and place so designated, and after hearing thereon the court may appoint one of the members of the governing board of said drainage or levee district as receiver for said real estate, on the grounds that the said real estate is producing returns, and that the general and special taxes against the same are not being paid, and direct the receiver to forthwith take possession of the same and to collect the rents, issues and profits therefrom.

468.183 Rents — application of.
The rents, issues and profits of the real estate when collected by the receiver, shall be applied as follows:
1. To the payment of the costs and expenses of the receivership.
2. To the payment of current general taxes against said real estate.
3. To the payment of any current special taxes against said real estate.
4. The surplus shall be applied upon any delinquent taxes or tax certificates, and the remainder, if any, shall be paid to the owner of said real estate.

468.184 Land classification and assessment in district.
1. a. (1) When a levee district shall have been located and finally established; or
   (2) When the required proceedings have been taken to enlarge, extend, strengthen, raise, relocate, reconstruct, or improve any existing levee; or
   (3) When the required proceedings have been held to annex additional lands to said levee district or to exclude or eliminate lands from said levee district; or
   (4) When a plan of the United States government for the construction of any levee, or a portion of a levee, in said levee district, or for the enlarging, extending, strengthening, raising, relocating, reconstructing, or improving any existing levee, or a portion thereof, in accordance with any such plan in said levee district, has been heretofore or hereafter adopted by such levee district under the provisions of sections 468.201 through 468.216; or
   (5) When the board shall, as authorized by section 468.65, determine that the assessments of benefits of said levee district against the lands in said levee district are generally inequitable the board may by resolution, or if a petition is filed by more than one-third of the owners, including corporations, of land within said levee district and who in the aggregate own more than one-third of the value of the land and land improvements in said levee district as the value thereof is then shown by the general tax records of the county or counties in which such land and land improvements are located, requesting the board to do so, the board shall order the lands in said levee district and the improvements on the land in said levee district classified or reclassified in accordance with the assessed taxable value of said land and land improvements as the same are then shown and as the same may be thereafter shown by the assessment roll of the county or counties in which said land and land improvements are located.
   b. The assessed taxable value of any land, including land improvements exempt from general taxation but subject to assessment for levee purposes, shall be determined by the county assessor who shall make such determination in accordance with the rules of assessment applicable to adjacent lands and without any additional compensation therefor.
2. a. If the board orders classification or reclassification of lands as authorized in subsection 1, the board shall fix a time and place for a hearing to be held upon the action of the board in ordering such classification or reclassification, which hearing shall be held at the county seat of the county having the largest acreage in said levee district. The board shall cause notice of the time and place of such hearing to be served by the county auditor or auditors upon each person whose name appears as owner of lands or land improvements within the levee district in the transfer books of the auditor's office in the county or counties in which said levee district is located, naming that person, and also upon the person or persons in actual occupancy of any tract of land or land improvements located in said levee district, without naming that person or persons. Such notice shall be for the same time and
served in the same manner as is provided for the establishment of a levee district, and such notice shall state:

1. The aggregate estimated costs and expenses which the board proposes to assess under such classification or reclassification;

2. The total aggregate assessed taxable value of all lands and land improvements in said levee district;

3. That the said classification or reclassification of benefits will be based on the assessed taxable value of all lands and improvements to lands located in said levee district;

4. That each tract of land and each land improvement in said levee district will be assessed for its pro rata share of said costs and expenses based upon the ratio that the assessed value of each tract of land and the assessed value of each land improvement bears to the total assessed taxable value of all lands and all land improvements in said district; and

5. That all objections to said method of classification or reclassification shall be in writing and filed with the auditor of the county in which said land or land improvements are located before the time set for said hearing or with the board of trustees of said district at or before the time set for such hearing.

b. The notice need not show the amount of such costs and expenses to be apportioned to each such owner or to any particular tract of land or land improvement within such levee district.

3. If at or before the time set for said hearing as to such classification or reclassification, there shall have been filed with the county auditor, or auditors in case the district extends into more than one county, or with said board, a remonstrance or remonstrances or objections to such method of classification or reclassification signed by owners of land and land improvements in the levee district aggregating sixty percent of the total assessed value of the lands plus land improvements in said district as shown by the taxing records in said county or counties in which said district is located, the board shall abandon the alternative method of classification or reclassification herein authorized. The board may then proceed to classify the lands in said levee district as authorized under sections 468.38 through 468.44 or may proceed to reclassify the same as authorized under section 468.65 unless said remonstrances and objections filed as above provided are filed by a majority of the landowners in the levee district and these remonstrants and objectors in the aggregate own seventy percent or more of the acreage of lands in the levee district and, in writing, object to any reclassification of any kind, then the board shall not reclassify the lands within the district under the provision of this section nor shall the same be reclassified under the provisions of section 468.65.

4. At the time fixed or at any adjourned hearing if the remonstrances and objections filed at or before the hearing are not signed by sufficient number of owners, or the owners signing such remonstrances and objections do not meet the requirements hereinafore provided, then the board shall fully consider all objections and remonstrances and shall make a determination as to whether or not the costs and expenses shall be assessed:

a. By the alternative method hereinafore set forth; or

b. As provided by sections 468.38 through 468.44; or

c. That the land should be reclassified as provided in section 468.65; or

d. On the basis of a then existing classification of lands.

5. If the board shall determine that the cost and expenses shall be assessed on the basis of assessed taxable value as provided in subsections 1 through 4, then such basis shall be used for all future assessments made for the purposes of said levee district except if said assessed taxable value of lands and land improvements in said levee district may be changed or revised by the county assessor in the county or counties in which the same are located for general tax purposes, then any such revision made in the assessed taxable value by any such county assessor shall automatically constitute a revision of the classification of such land or land improvements for future assessments made by the board for the purpose of said levee district.

6. In lieu of the hearing provided for in subsections 1 through 5, the board may, and if the petition of owners provided for in subsections 1 through 5 so asks, the board shall call for an election for the purpose of determining the question of classification on the basis of assessed
value of lands and land improvements. The question may be submitted at a regular election of the district or at a special election called for that purpose. It shall not be mandatory for the county commissioner of elections to conduct the elections, however provisions of sections 49.43 through 49.47 and of subchapter III of this chapter, insofar as the same are applicable, shall govern all such elections, and the question to be submitted shall be set forth in the notice of election. If sixty percent of the votes cast be in favor of the proposed change in assessment, it shall become effective for all future assessments as heretofore provided in this section. If the question should fail, no new election on the subject may be called for a period of one year.

7. When a levee district has been established and constructed, as an alternative to the other methods prescribed by law, upon reclassification, the levee district may adopt a method of classification and assessment uniform as to all land in the district, including railroad land, public highways and other public land and land exempt from general taxation, based on the total amount to be assessed divided by the total acres within the district. This method of classification and assessment may be adopted either by hearing or by election and shall become effective as heretofore provided in this section.

8. When a drainage district or drainage and levee district has been established and constructed, and after the lands therein have been classified in accordance with the provisions of sections 468.39, 468.40, and 468.41 or reclassified in accordance with section 468.65, the district may adopt methods of assessment for maintenance, repair, and operation of said district uniform as to all land in the district in the same manner and by the same procedures as prescribed in subsections 1 through 7 of this section. Provided, however, that only those lands drained by respective mains and laterals shall be assessed for maintenance, repair, and operation of said mains and laterals, and provided further that this alternate method of assessment shall not be applied to making improvements in the drainage system.

9. Following the adoption of any alternative method of classification or assessment as provided in this section, the same shall continue in effect until such time as the method is changed pursuant to this section or to section 468.65.

10. a. All proceedings taken prior to July 1, 1968, purporting to establish or reestablish a drainage or levee district or districts, or to enlarge or change the boundaries of any drainage or levee district, and any assessments not heretofore declared invalid by any court, are hereby legalized, validated, and confirmed.

b. Paragraph “a” shall not be construed to affect any litigation that may be pending on July 1, 1968, involving the establishment, reestablishment, enlargement, or change in boundaries or any assessments of drainage or levee districts.

Subsection 10 amended

468.186 Easements through a drainage or levee district.

As used in this section, “person” shall mean any individual or group of individuals, corporation, firm, company, or association, except a railroad company.

1. When any person proposes to construct a pipeline, electric transmission line, communication line, underground service line, or other similar installations on, over, across, or beneath the right-of-way of any drainage or levee district, such person shall, before beginning construction, obtain from the drainage or levee district an easement to cross the district’s right-of-way. The governing body of the district shall require such person to agree to comply with subsection 3 of this section and may, as a condition of granting such easement, attach thereto such additional conditions as they deem necessary. When the necessary easement has been obtained, such person shall construct the installation at the person’s own expense and shall pay all costs of any reconstruction, relocation, modification, or reinstallion of the drainage or levee district’s facility which may be necessary as a result of construction of the installation for which the easement was granted.
2. After construction of the installation has been completed in accordance with all conditions under which the easement is granted, the drainage or levee district shall maintain its facility at its own expense, and the person who constructed the installation, or the person's successors in interest, shall maintain the installation at the person's or successor's own expense. If the drainage or levee district subsequently undertakes any maintenance, improvement, or reconstruction of its facility which requires the modification, relocation, or reconstruction of the installation, the expense of such modification, relocation, or reconstruction shall be borne by the person who constructed the installation or the person's successors in interest.

3. When the construction of a public highway, or any installation for which an easement has been obtained under subsection 1 of this section, on, over, across, or beneath the right-of-way of any drainage or levee district disturbs or requires replacement of any portion of a tile drain less than twenty inches in diameter, and a portion of such drain will remain wholly or partially exposed after the construction project has been completed, the portion which is to remain exposed and not less than three feet of such drain immediately on either side of the portion which is to remain exposed, shall be replaced either with steel pipe of not less than sixteen gauge or polyvinyl chloride pipe conforming to current industry standards regarding diameter and wall thickness.

468.187 Agreements with owners or other districts.
1. Levee and drainage districts are empowered to enter into agreements with the owners of lands lying inside or outside of said districts, or with other levee and drainage districts or municipalities, to provide levee protection or drainage for such lands on such terms as the board may agree and subject to the following terms and conditions:
   a. The facilities of the district furnishing the service shall not be overburdened.
   b. There shall be no additional cost to the district furnishing the service.
   c. The agreement shall be in writing, be made a part of the drainage records and shall include all of the following:
      (1) The description of the lands to be served.
      (2) The location of tile lines constructed or to be constructed.
      (3) The consideration to be paid to the district furnishing the service and the classification of the lands to be served.
      (4) Such other provisions as the board deems necessary.

2. The provisions in an agreement described in subsection 1 modify other provisions of this chapter applicable to such lands.

468.188 Public improvements which divide a district — procedure.
1. If it should develop that any type of public improvement, other than the forces of nature, has caused such a change in the district as to effectively sever and cut off some of the land in the district from other lands in the district and from the improvements in the district in such a way as to deprive the land of any further benefits from the improvement, or in some manner to divide the benefits that may be derived from two separated portions of the improvement, then the board of supervisors or the board of trustees in charge may upon notice to interested parties and hearing as provided by this subchapter, parts 1 through 5, for the original establishment of a district make an order to remove lands so deprived of benefits from the district without any reclassification, or may subdivide the district into two separate entities if the public improvement splits the district into two separate units, each of which may still derive some separate benefits from the separated portions of the district.

2. If the public improvement is such as to leave two separate portions of the improvement
that are still operable and of benefit to the land on each side of the division made by the public improvement, then the board may divide the district into two separate units so that each may perform further work on the improvements in their respective parts, but neither shall be charged for work completed on the opposite side of the new improvement that divides them and may only be charged for the work done in that portion of the district remaining on their side of the division.

3. The same authority provided in this section shall vest in the board of supervisors or the board of trustees in the event a drainage district in any manner relinquishes its control over any portion of its improvements or its obligation to maintain same to another district and lands may be removed from the district or the district may be divided as provided in this section.

4. The board may further in dividing the district award to each of the separated portions of the district the improvement remaining in each portion, determine the value of the improvement so remaining on each side and secondly determine the contributions of the lands in the separated portions to the improvements and the upkeep of the earlier district, and if the contribution is proportionate neither side shall owe the other portion of the district any money, but if contribution is disproportionate, the board shall determine an equitable adjustment and the amount of payment required for one portion to pay to the other to buy the existing improvement.

5. If land is eliminated from any further benefits, there need not be any reclassification and the board may remove the same from the district in the same manner as if the land has been destroyed in whole by the erosion of a river and spread any deficiency in assessment among the remaining lands as provided by section 468.49.

6. “Type of public improvement” for the purpose of this section includes drainage or levee improvements or new highways.

PART 2
FEDERAL FLOOD CONTROL COOPERATION

468.201 Plan of improvement.

1. Whenever the government of the United States acting through its proper agencies or instrumentalities will undertake the original construction of improvements or the repair or alteration of existing improvements which will accomplish the purposes for which the district
was established or aid in the accomplishment thereof and shall cause to be filed in the office of the auditor of the county in which said district is located a plan of such improvement or for the repair or alteration of existing improvements, the board shall have jurisdiction, power and authority, upon the notice, hearing and determination hereinafter provided, to adopt such plan of improvement or of repair or alteration of existing improvements and to provide necessary right-of-way therefor; and to pay such portion of all costs and damages incident to the adoption of such plan, the construction thereunder and the maintenance and operation of the works as will not be discharged by the federal government under legislation existing at the time of adoption; also to enter into such agreements with the United States government as may be necessary to meet federal requirements including the taking over, repair and maintenance of the works and to perform under such agreements.

2. If the cost to the district of the repair or alteration of existing improvements contemplated by this section does not exceed twenty-five percent of the sum of the original cost to the district and the cost of subsequent improvements, including all federal contributions, the board may proceed under the provisions of section 468.126, without notice and hearing, and without appraisement as contemplated by section 468.210, but the remaining provisions of this section and sections 468.202 through 468.216 that are not in conflict with section 468.126 shall remain applicable.

3. If the federal program divides a project into separate phases, each phase shall be considered a separate program as described in section 468.126, subsection 4, and shall in no event be construed as an unauthorized division into separate programs to avoid the twenty-five percent limitation prescribed for making improvements under said section 468.126, subsection 4, without notice and hearing.

468.204 Engineer's report.
The engineer shall examine the plan filed by the federal agency and the lands affected thereby and shall make and file with the county auditor a full written report which, together with the federal plan, will show the following:

1. The character and location of all contemplated improvements, and the plats, profiles and specifications thereof.
2. The particular description and acreage of land required from each forty-acre tract or
fraction thereof for right-of-way, borrow pits or other purposes together with congressional or other description of each tract and the names of the owners thereof as shown by the transfer books in the office of the auditor.

3. A particular description of each forty-acre tract or fraction thereof that will be excluded from benefit by adoption of the plan as filed, together with the name of the owners thereof as shown by the transfer books in the office of the auditor.

4. A particular description of each forty-acre tract or fraction thereof outside the district which will benefit from adoption of the plan as filed and the name of the owner thereof as shown by the transfer books in the office of the auditor.

5. Such rights-of-way or portions thereof previously established or acquired as will be rendered unnecessary by adoption of the federal plan and any unpaid damages awarded therefor.

6. Such other damages previously awarded as will be affected by adoption of the federal plan.

7. The recommendation of the engineer with respect to the adoption of the plan.

468.207 Form of notice.
1. The notice under section 468.206 shall be captioned in the name of the district and shall be directed to all of the following:
   a. The owners of each tract or lot within the levee or drainage district, including railroad companies having rights-of-way and lienholders and encumbrancers.
   b. The owners, lienholders, or encumbrancers of lands which an adoption of the plan would exclude from benefits.
   c. The owners, lienholders, or encumbrancers of lands outside the district which will benefit from the plan.
   d. Without naming them, the occupants of all lands affected.
   e. All other persons whom the plan may concern.
2. The notice shall set forth all of the following:
   a. That there is on file in the office of the auditor a plan of construction of the federal agency, naming the agency, together with reports of an engineer on the plan, which the board has tentatively approved.
   b. That the plan may be amended before final action.
   c. The day and hour set for hearing on the adoption of the plan.
   d. That all claims for damages, except claims for land required for right-of-way or construction, and all objections to the adoption of the plan for any reason must be made in writing and filed in the office of the auditor at or before the time set for hearing.

3. Provisions of this subchapter, parts 1 through 5, for giving notice, waiver of notice, waiver of objection and damages and adjournment for service contained in sections 468.15 through 468.20 shall apply.

468.209 Entry of order — effect.

1. If the board, after consideration of the subject matter, including all objections filed to the adoption of the plan and all claims for damages, shall find that the district will be benefited by adoption of the plan or the purposes for which the district was established is furthered by the plan, the board shall enter an order approving and adopting the final plan. The order shall have the effect of:
   a. Altering the boundaries of the district to conform to the changes effected by the plan adopted.
   b. Canceling all existing awards for damages for property not appropriated for right-of-way or construction and rendered unnecessary by the plan so adopted.
   c. Canceling all awards previously made for damages other than for right-of-way or construction but reinstating the claims for such damages which said claims may be amended by the claimants within ten days thereafter.
   d. Canceling all unpaid assessments for benefits on lands excluded from the district by adoption of the plan. The assessments so canceled shall become part of the costs of the improvement.
   e. Establishing as benefited thereby the lands added to the district by adoption of the plan and rendering same subject to classification and assessment.

2. Whenever a plan has been adopted as contemplated by this section, modification and changes can be made therein without further notice or hearing, provided the same do not increase or decrease the estimated cost of the plan to the district by more than twenty-five percent.

§468.210 Appraisement.
The board shall thereupon appoint three appraisers of the qualifications prescribed in section 468.24, who shall qualify in the manner therein provided, and shall fix a time for hearing on their report of which all interested parties shall take notice. The appraisers shall view the premises and fix and determine the damages to which each claimant is entitled, including claimants whose awards for damages were canceled by the order of adoption, and shall place a separate valuation upon the acreage of each owner taken for right-of-way or other purposes necessitated by adoption of the plan and shall file a report thereof in writing in the office of the auditor at least five days before the date fixed by the board for hearing thereon. Should the report not be filed on time or should good cause for delay exist the board may postpone the time for final action on the subject and, if necessary, may appoint other appraisers. Thereafter the provisions of section 468.26 shall apply.

PART 3
INTERACTION WITH STATE AND LOCAL GOVERNMENTS

468.220 Occupancy and use permitted — assessments paid.
1. Any levee or drainage district organized, or in the process of being organized, under the laws of this state may occupy and use for any lawful levee or drainage purpose land owned by the state of Iowa, upon first obtaining permission to do so from the state or state agency controlling the land.
2. In the case of lands lying within the beds of meandered streams and border streams the permission shall be obtained from the natural resource commission of the department of natural resources. In the case of lands that are not under the control of any office or agency of the state, then the permission shall be obtained from the executive council.
3. Such permission shall not be unreasonably withheld and shall be in the form of an easement executed by the governor or in the case of an agency, by the chairperson or presiding officer thereof, and when once granted shall be perpetual, except that if no use is made of the easement for a period of five years, the permission shall immediately thereafter expire.
4. All uses and occupancies as contemplated by this section existing on July 4, 1961, are hereby legalized.
5. The state of Iowa, its agencies and subdivisions shall be financially responsible for drainage and special assessments against land which they own, or hold title to, within existing drainage districts.

[C62, 66, §455.217; C71, 73, 75, 77, 79, 81, §455.218]
468.221 Written communication delivered to the state or a local government.
1. This section applies whenever a board or county officer acting under this chapter is required to deliver a written communication to a state agency or local government. The written communication includes but is not limited to a notice, service of process, demand, statement, or a report.
2. a. If the written communication is to be delivered to a state agency, it may be delivered to the administrative head of the state agency or its governing body. The written communication may also be delivered to a person designated by the administrative head of the state agency or its governing body. The written communication may be delivered to the executive council if the administrative head of the state agency or its governing body cannot be determined.
   b. If the written communication is to be delivered to a local government, it may be delivered to the governing body of the local government. The written communication may also be delivered to a person designated by the governing body. As used in this section, “local government” includes a county, city, township, or any special purpose district or authority.

PART 4
BOARD OF COUNTY DRAINAGE ADMINISTRATORS

468.230 Administrators appointed.
The county board of supervisors of any county of this state in which one or more drainage districts are established may by resolution establish a board of county drainage administrators. All of the powers, duties, and responsibilities now or hereafter conferred on county boards of supervisors in this chapter shall thereupon be transferred to and thereafter exercised by the board of county drainage administrators. A drainage or levee district may be established pursuant to subchapter III.

89 Acts, ch 126, §2
CS89, §468.230

468.231 Administrator areas.
When establishing a board of county drainage administrators, the board of supervisors shall divide the county, along township lines, into three drainage administrator areas of approximately equal territory. The board of county drainage administrators shall consist of one resident freeholder appointed by the county board of supervisors from each area, and at least two of the administrators shall be agricultural landowners. The members first appointed shall hold office for terms of one, two, and three years respectively, as indicated and fixed by the county board of supervisors. Thereafter, succeeding members shall be appointed for a term of three years, except that vacancies occurring otherwise than by expiration of a term shall be filled by appointment for the unexpired term. Any member of the board of county drainage administrators who shall cease to have any of the qualifications prescribed by this section shall thereupon be disqualified as a member of the board and the office shall be deemed vacant. Members of the board of county drainage administrators may
be removed by the county board of supervisors for cause, but every such removal shall be by written order which shall be filed with the county auditor.

468.233 How paid. The compensation and expenses of the county board of drainage administrators, for each day or portion thereof necessarily expended in the transaction of the business of a drainage or levee district, shall be paid out of the funds of the district served. The administrators shall file with the auditor or auditors, as the case may be, itemized, verified statements of their time devoted to the business of the district and the expenses incurred. If the administrators transact business of more than one district on a given day, they shall prorate their claims for compensation proportionately among the districts served on that day, but in no case shall a member of the board of county drainage administrators claim or receive a sum in excess of seventeen dollars and fifty cents, plus actual and necessary expenses, for a single day.

468.234 Soil and water conservation districts. The governing board of every drainage or levee district organized under the laws of this state shall take notice of the district plan, and shall conform to the duly adopted rules, of the soil and water conservation district or districts in which the drainage or levee district is located. However, this section does not grant authority not otherwise granted by law to the governing boards of drainage or levee districts.

COUNTY-CITY DRAINAGE DISTRICT

468.240 Supervisors of county over two hundred thousand may establish. The board of a county with a population of two hundred thousand persons or more that has established a drainage district located partly within the corporate limits of a city may expend federal grants or revenue sharing money or other funds not derived from local tax levies in amounts as the board deems proper to pay any part of the cost of improvements authorized
in this subchapter, parts 1 through 5. The board may issue general obligation bonds to pay any part of the cost of improvements authorized in this subchapter, parts 1 through 5. The bonds shall be issued according to the provisions of chapter 384, subchapter III, relating to general obligation bonds for essential corporate purposes.

PART 6
DISSOLUTION OF DRAINAGE OR LEVEE DISTRICTS
Referred to in §468.263

468.250 Jurisdiction to dissolve districts and abandon or transfer improvements.
Drainage or levee districts may be dissolved and abandoned or assimilated by the procedures prescribed by this part.
1. When any drainage or levee district is free from indebtedness and it shall appear that the necessity therefor no longer exists or that the expense of the continued maintenance of the ditch or levee is in excess of the benefits to be derived therefrom, the board of supervisors or board of trustees, as the case may be, shall have power and jurisdiction, upon petition of a majority of the landowners, who, in the aggregate, own sixty percent of all land in such district, to abandon the same and dissolve and discontinue such districts in the manner prescribed by sections 468.251 through 468.255. Nothing in this subsection shall prevent the board from eliminating land from a drainage district as permitted under section 468.188.
2. When one drainage or levee district, either intracounty or intercounty, includes within its territory all of the territory of one or more other drainage or levee districts, and it appears that one assessment and one governing body would be to the benefit of the owners and occupants of the land within the mutual jurisdiction of the overlying and the contained districts, the board of supervisors or board of trustees may effect the dissolution of a contained district and the transfer of jurisdiction and control over that contained district’s improvements to the overlying district, in the manner prescribed by sections 468.256 through 468.261.

[C35, §7598-g1; C39, §7598.11; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §456.1]

468.251 Notice of hearing.
Upon the filing of such petition the board shall enter an order fixing the date for hearing thereon not less than forty days from the date of the filing thereof and shall enter an order directing the county auditor, if such district is under the control of the board of supervisors, or the clerk of the board, if under the control of a board of trustees, to immediately cause notice of hearing thereon to be served on the owners of lands in such district as may then be provided by law in proceedings for the establishment of a drainage or levee district.

468.252 Hearing on petition.
The petition may be amended at any time before final action on the petition. At the time set for hearing on the petition, the board shall hear and determine the sufficiency of the petition as to form and substance and all objections filed against the abandonment and
dissolution of such district. If the board finds that such district is free from indebtedness and that the necessity for the continued maintenance thereof no longer exists or that the expense of the continued maintenance of such district is not commensurate with the benefits derived therefrom, the board shall enter an order abandoning and dissolving such district, which order shall be filed with the county auditor of the county or counties in which such district is situated and noted on the drainage record.

468.254 Expense — refund.

In case there are sufficient funds on hand in such district, or there are unpaid assessments outstanding or other property belonging to such district in an amount sufficient to pay such expense, the expense of abandonment and dissolution shall be paid out of such funds or out of funds realized by the sale of such property. Where such district is free of indebtedness but there are not sufficient funds on hand or unpaid assessments outstanding or other assets to pay such expense the board shall assess such expense against the property in the district in the same proportions as the last preceding assessments of benefits. Any excess remaining to the credit of such district after sale of its assets and after payment of such expenses shall be prorated back to the property owners in the district in the proportions according to class and benefits as last assessed. If the petition is denied, the costs of said proceedings shall be paid by the petitioning owners.

1. The board of the overlying district shall enter an order fixing a place and a time, not less than forty days after the date of the later of the two orders required by section 468.256, for a hearing on the proposals described in the two orders.
2. The auditor, or auditors if the overlying district includes land lying in two or more counties, shall cause notice of the proposals and of the hearing to be given immediately upon the entry of an order under subsection 1. The notice must:
   a. Include the texts of the orders entered pursuant to section 468.256, the date, time and place of the hearing, and a statement that all objections to the proposals embodied in the orders must be made in writing and filed in the office of the auditor at or before the time set for the hearing.
   b. Be directed to all of the following:
      (1) The owner of each tract of land or lot within the overlying district, as shown by the transfer books of the auditor’s office, including railway companies having right-of-way in the district.
      (2) All lienholders or encumbrancers of land within the overlying district, without naming them.
      (3) All actual occupants of land in the overlying district, without naming individuals.
      (4) All other persons whom it may concern.
3. Except as otherwise required by section 468.16, the notice required by this section shall be served by publication once in a newspaper of general circulation in each county in which the overlying district’s land is situated. The publication shall be made not less than twenty days prior to the day set for the hearing. Proof of service shall be made by affidavit of the publisher.

468.258 Procedure at hearing.
The hearing shall be convened at the time and place fixed in accordance with section 468.257, subsection 1, and the procedure at the hearing shall be as prescribed by this section.
1. The board of the contained district shall first hear all objections filed against the dissolution of the district and the surrender of its improvements to the overlying district. If, at the conclusion of that portion of the hearing, that board finds that the contained district is free of debt, that the economic benefits of the continued maintenance of that district would not be commensurate with its cost, and that it would be advantageous to dissolve and discontinue the contained district and surrender its improvements and rights-of-way to the overlying district, it shall enter an order dissolving the contained district and directing the surrender of its improvements and rights-of-way, conditioned on acceptance by the overlying district.
2. Immediately thereafter, the board of the overlying district shall hear all objections filed against the acceptance of the contained district’s improvements and their maintenance. If it finds that the improvements are conducive to the drainage of surface waters from agricultural lands and all other lands in the overlying district or the protection of the lands from overflow, it shall enter an order accepting the improvements and rights-of-way of the contained district.
3. Orders issued pursuant to subsections 1 and 2 shall be filed with the county auditor of the county or counties in which the affected districts are situated and noted on the drainage record.
4. If at or before the time set for the hearing there have been filed with the county auditor or auditors, if either the contained or overlying district extends into more than one county, or with the board of either district, one or more remonstrances or objections to the dissolution of the contained district, or to the acceptance of that district’s improvements and rights-of-way by the overlying district, signed by owners of land and land improvements in either district aggregating sixty percent of the total assessed value of the land in that district as shown by the taxing records in the county or counties in which that district is located, the board to which the remonstrances or objections have been made shall abandon its proposed action.

468.259 Election in lieu of hearings.  
In lieu of the hearings provided for in section 468.258, the board of either district may call an election for the purpose of determining the dissolution of the contained district or the acceptance of that district’s improvements and rights-of-way by the overlying district. The questions may be submitted at a regular election of the district or at a special election called for that purpose. It is not mandatory for the county commissioner of elections to conduct the elections, however the provisions of sections 49.43 to 49.47, and of subchapter III of this chapter, as they are applicable, shall govern the elections, and the question to be submitted shall be set forth in the notice of election.  
1. If sixty percent or more of the votes cast are in favor of the proposed dissolution of the contained district involved, the board of that district shall enter an order dissolving the contained district and directing the surrender of its improvements and rights-of-way, conditioned on acceptance by the overlying district.  
2. If sixty percent or more of the votes cast in the overlying district are in favor of the proposed acceptance by that district of the contained district’s improvements and rights-of-way, the board of the overlying district shall enter an order accepting the improvements and rights-of-way of the contained district.  
3. Orders issued pursuant to subsections 1 and 2 shall be filed with the county auditor of the county or counties in which the affected districts are situated and noted on the drainage record.

468.260 Effect of dissolution, surrender, and acceptance.  
When a contained district dissolves and surrenders its improvements and rights-of-way to the jurisdiction and control of an overlying district, and the overlying district accepts those improvements and rights-of-way, in accordance with sections 468.256 through 468.259:  
1. It is presumed that the classification of the lands which were included in the dissolved district, as previously determined by the commissioners in the classification of those lands as a part of the overlying district, remains equitable and no reclassification of the overlying district or any part of it is necessary.  
2. The improvements surrendered and accepted are at all times under the supervision of the board of the overlying district, and it is the duty of that board to keep the improvements in repair as provided in section 468.126 as fully and completely as though the improvements were a part of the original construction or improvements in the overlying district.  
3. It is presumed that:  
   a. The improvements surrendered and accepted are an integral part of the overlying district’s improvements, and are a public benefit and conducive to the public health, convenience and welfare.  
   b. No value is taken into consideration for the existing improvements nor is credit given
to the parties owning them, and they shall not be considered an asset of the district that is dissolved.

4. The original cost and the subsequent cost of improvements in the district that has been dissolved are added to and become a part of the original cost and the subsequent cost of improvements in the overlying district.

MERGER OF DRAINAGE OR LEVEE DISTRICTS
Referred to in §468.3, 468.49

468.262 Purpose.
The provisions of this part apply to drainage or levee districts when such districts participate in a merger.

468.263 General.
1. A merger must involve two or more voluntarily participating drainage or levee districts including all of the following:
   a. One participating dominant district whose board would survive the merger to govern the merged district.
   b. One or more participating servient districts whose boards would be dissolved by the merger.
2. a. The merger must be proposed by the board of each participating drainage or levee district as provided in this part.
   b. The proposed merger must be approved by the board of the participating dominant district and one or more boards of the participating servient districts, as provided in this part.
3. a. The boundary of a participating drainage or levee district must adjoin all or part of the boundary of another participating drainage or levee district.
   b. Notwithstanding paragraph “a” two participating drainage or levee districts may be separated by land not part of any drainage or levee district if the proposed merger is contingent upon the annexation of such land pursuant to sections 468.119 through 468.121.
4. A merger may occur notwithstanding that a drainage or levee district participating in a merger is not otherwise eligible for dissolution as provided in part 6 of this subchapter.

2014 Acts, ch 1075, §2

468.264 Board participation initiated.
1. In order to participate in a proposed merger the board of a drainage or levee district must determine that the merger will substantially benefit the owners of land situated in the drainage or levee district.
2. A board making the determination described in subsection 1 shall enter an order to conduct a public hearing regarding a proposed merger as provided in section 468.265. The
board shall enter the order with the auditor of each county where the drainage or levee district is situated.

2014 Acts, ch 1075, §3
Referred to in §468.265

468.265 Public hearing.
1. A public hearing must be conducted within forty-five days from the last date that the board enters an order with the auditor of each county where the drainage or levee district is situated as provided in section 468.264. The auditor of each county where the participating drainage or levee district is located shall provide notice of a public hearing regarding the proposed merger. However, the board may designate the auditor of the county with the greatest portion of the district’s territory to provide the notice. The notice must include all of the following:
   a. A description of the proposed merger.
   b. The determination made by the board under section 468.264.
   c. Whether land in the participating drainage or levee district may be subject to any special assessment as provided in section 468.269.
   d. The date, time, and place of the public hearing.
   e. That all written objections to the proposed merger must be filed in the office of the county auditor.
2. a. The auditor of the county where a participating drainage or levee district is situated or the auditor designated by the board shall deliver the notice required in subsection 1 to all landowners in the district in the same manner as provided in sections 468.14 through 468.18, as the auditor deems appropriate.
   b. If land is to be annexed as a condition of the merger, as provided in this part, the auditor of the county where the land to be annexed is situated or the auditor designated by the board shall deliver the notice to the owners of such land by ordinary mail.
3. The boards of one or more participating drainage or levee districts may conduct the public hearing jointly.
4. This section shall not be construed to prevent the board of a participating drainage or levee district from convening and conducting a public hearing in a manner consistent with section 468.258.

2014 Acts, ch 1075, §4; 2015 Acts, ch 51, §1, 2
Referred to in §468.264, 468.266, 468.269

468.266 Meeting and vote.
1. Each board of a participating drainage or levee district shall meet to vote on a resolution which includes the question whether or not to approve the proposed merger. A board must vote on the resolution within forty-five days of the last public hearing conducted pursuant to section 468.265.
2. The board shall only consider written objections to the proposed merger as filed in the office of the county auditor as provided in the notice for a public hearing or comments made at a public hearing conducted pursuant to section 468.265.
3. Two or more boards may approve a joint meeting and vote upon a joint resolution. If the board for the participating dominant district votes at the joint meeting, the board shall pay any costs associated with conducting the joint meeting, regardless of the vote’s outcome.

2014 Acts, ch 1075, §5
Referred to in §468.267

468.267 Joint order.
1. A resolution to merge participating drainage or levee districts approved by their respective boards as provided in section 468.266 shall be effectuated according to the terms and conditions of a joint order for merger entered by those boards.
2. Each board shall file the joint order with the auditors of their respective counties. Upon receipt of a joint order, the auditor shall include the joint order as part of the drainage record.
3. The auditor shall not file an order unless all territory within the merged drainage or
levee district is contiguous, and includes any land required to be annexed as a condition of the merger.

4. Upon the filing of the joint order with the county auditor as provided in subsection 2, title to all real estate, other property, improvement, and any right-of-way held by the participating drainage or levee district is vested in the merged drainage or levee district, subject to any condition which applied immediately prior to the merger.

5. The auditor of a county designated by the board governing the merged drainage or levee district shall prepare and file with the recorder of each county where the merged district is situated all conveyances and other documentation necessary to effect the transfers referenced in the joint order.

6. The merged drainage or levee district assumes all existing obligations of a participating drainage or levee district subject to the joint order.

2014 Acts, ch 1075, §6
Referred to in §468.269

468.268 Effect of the merger.

1. a. Except as provided in this subsection, a legal or equitable proceeding pending against a participating drainage or levee district prior to a merger shall continue as if the merger did not occur.

   b. The merged drainage or levee district shall be substituted for the participating drainage or levee district standing as a party.

   c. The board governing the merged drainage or levee district may apportion the costs of a legal or equitable proceeding against the landowners of the participating drainage or levee district based upon the classification of land and assessments applicable to the participating drainage or levee district prior to the merger.

2. Except as provided in section 468.269, the merger does not affect the classification of land or the levy of an assessment.

3. The original cost and the subsequent cost of improvements in a participating drainage or levee district under this part shall be added to and become a part of the original cost and the subsequent cost of improvements in the merged drainage or levee district.

4. The surviving board of a merged drainage or levee district shall pay any remaining costs associated with the merger.

2014 Acts, ch 1075, §7

468.269 Special assessment — merged land.

1. In addition to assessments imposed pursuant to sections 468.49 and 468.50, the surviving board of a merged drainage or levee district may impose a special assessment on land situated in the merged district which was a participating servient district prior to the merger.

2. The special assessment shall apply to costs of improvements made within the participating dominant district prior to the merger for not longer than five years prior to the date that the joint order was filed with the county auditor by the surviving board for the participating dominant district pursuant to section 468.267.

3. In order to impose a special assessment under this section all of the following must apply:

   a. The board must approve a report by an engineer appointed by the board as provided in part 1 stating those improvements directly benefiting land situated in the participating servient district were made within the five-year period provided in subsection 2.

   b. The notice for a public hearing required in section 468.265 must have stated that the board may impose a special assessment under this section.

4. The board shall not impose the special assessment under this section on land that was annexed as part of the merger. However, such land is subject to a special assessment pursuant to sections 468.119 through 468.121.

INTERCOUNTRY DRAINAGE OR LEVEE DISTRICTS
Referred to in §331.502, 331.552, 350.4, 468.345, 468.397

468.270 Petition and bond.
When the levee or drainage district embraces land in two or more counties, a duplicate of
the petition of any owner of land to be affected or benefited by such improvement shall be
filed with the county auditor of each county into which said levee or drainage district will
extend, accompanied by a duplicate bond to be filed with the auditor of each of the said
 counties as provided when the district is wholly within one county, in an amount and with
sureties approved by the auditor of the county in which the largest acreage of the district is
situated, which bond shall run in favor of the several counties in which it is filed.

468.271 Commissioners.
Upon the filing of such petition in each county and the approval of such duplicate bond by
the proper auditor, the board of each of such counties shall appoint a commissioner and the
joint boards shall appoint a competent engineer who shall also act as a commissioner.
[S13, §1989-a29; C24, 27, 31, 35, 39, §7600; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81,

468.272 Examination and report.
The commissioners thus appointed shall examine the application and make an inspection of
all the lands embraced in the proposed district and shall determine what improvements in the
way of levees, drains, ditches, settling basins, or change of natural watercourse are necessary
for the drainage of the lands described in the petition. Such commissioners, including the
engineer, shall file a detailed report of their examination and their findings and file a duplicate
thereof in the office of the auditor of each of said counties.
[S13, §1989-a29; C24, 27, 31, 35, 39, §7601; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81,

468.273 Duty of engineer.
In addition to the report of the commissioners as a whole, the engineer so appointed shall
perform the same duties and in the same manner required of the engineer by subchapter I,
parts 1 through 5 when the proposed district is located wholly within one county, and the
engineer’s surveys, plats, profiles, field notes, and reports of the engineer’s surveys shall be
made and filed in duplicate in each county.

§468.274 Notice.
Immediately upon the filing of the report of the commissioners and the engineer, if the
same recommends the establishment of such district, notice shall be given by the auditor
of each county to the owners of all the lots and tracts of land in the auditor’s own county
respectively embraced within such district as recommended by the commissioners as shown
by the transfer books in the office of the auditor of each of said counties, and also to the
persons in actual occupancy of all the lots or tracts of land in such district, and also to each
lienholder or encumbrancer of any of such lots or tracts as shown by the records of the
respective counties.

§468.275 Contents of notice — service.
Such notice shall state the time and place, when and where the boards of the several
counties will meet in joint session for the consideration of said petition and the report of the
commissioners and engineer thereon, and shall in other respects be the same and served
in the same time and manner as required when the district is wholly within one county,
except that the auditor of each county shall give notice only to the owners, occupants,
encumbrancers, and lienholders of the lots and tracts of land embraced within the proposed
district in the auditor’s own county as shown by the records of such county.

§468.276 Claims for damages — filing — waiver.
Any person filing objections or claiming damages or compensation on account of the
construction of such improvement shall file the same in writing in the office of the auditor of
the county in which the person’s land is situated, at or before the time set for hearing. The
person may, however, file it at the time and place of hearing. If the person shall fail to file
such claim at the time specified the person shall be held to have waived the person’s right
thereo, but claims for land taken for right-of-way for any open ditch or for settling basins
need not be filed.

§468.277 Organization and procedure — adjournments.
At the time set for hearing such petition, the boards of the several counties shall meet
at the place designated in said notice. They shall organize by electing a chairperson and a
secretary, and when deemed advisable may adjourn to meet at the call of such chairperson
at such time and place as the chairperson may designate, or may adjourn to a time and place
fixed by said joint boards. They shall sit jointly in considering the petition, the report and the
recommendations of the engineer, in the same manner as if the district were wholly within
one county.

CS89, §468.282

468.283 Commissioners to classify and assess.
If the boards of the several counties acting jointly shall establish the district, they shall appoint a commission consisting of one from each county, and in addition thereto a competent
engineer who shall within twenty days begin to inspect the premises and classify the lands in said district fixing the percentages and assessments of benefits and the apportionment of costs and expenses and shall complete said work within the time fixed by the boards. The qualifications of said commissioners, their classification of lands, fixing percentages and assessments of benefits and apportionment of costs and the report thereof in all details shall be governed in all respects by the provisions of subchapter I, parts 1 through 5, for districts wholly within one county.

[S13, §1989-a32; C24, 27, 31, 35, 39; §7612; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §457.14]
89 Acts, ch 126, §2
CS89, §468.283

468.284 Notice and service thereof — objections.

Upon the filing of the report of the commissioners to classify lands, fix and assess benefits and apportion costs and expenses, the auditors of the several counties, acting jointly, shall cause notice to be served upon all interested parties of the time when and the place where the boards will meet and consider such report and make a final assessment of benefits and apportionment of costs, which notice shall be the same and served for the time and in the manner and all proceedings thereon shall be the same as provided in subchapter I, parts 1 through 5, in districts wholly within one county, except publication of notice as provided in section 468.15 shall be in each of the counties into which the district extends, and also except that said notice to be published in each of the several counties shall contain only the names of the owners of each tract of land or lot in the district located within the respective county in which said notice is to be published and the total amount of all proposed assessments on the lands located in each of the other counties into which the district extends, and except further that the objections not filed prior to the date of the hearing shall be filed with the boards at the time and place of such hearing.

[S13, §1989-a32; C24, 27, 31, 35, 39; §7613; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §457.15]
89 Acts, ch 126, §2
CS89, §468.284

468.285 Levies — certificates and bonds.

After the amount to be assessed and levied against the several tracts of land shall have been finally determined, the several boards, acting separately, and within their own counties, shall levy and collect the taxes apportioned and levied in their respective counties. They may issue warrants, improvement certificates, or bonds for the payment of the cost of such improvement within their respective counties, with the same right of landowners to pay without interest or in installments all as provided where the district is wholly within one county.

CS89, §468.288

**468.289 Notice of letting work — applicable procedure.**
If the boards, acting jointly, establish such district, the auditors of the several counties shall immediately thereafter, acting jointly, cause notice to be given of the time and place of the meeting of the boards for letting contracts for the construction of the improvement. The notices, bids, bonds, and all other proceedings in relation to letting contracts shall be the same as provided where the district is wholly within one county, but duplicates of contractors’ bonds shall be filed with the auditor of each county.

[S13, §1989-a33; C24, 27, 31, 35, 39, §7618; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §457.20]
89 Acts, ch 126, §2
CS89, §468.289

**468.290 Contracts.**
All contracts made for engineering work and the work of constructing improvements of an intercounty district shall be made by written contract executed by the contractor and such person as may be authorized by the boards of the several counties and by joint resolution and shall specify the work to be done, the amount of compensation therefor and the times and manner of payment, all as provided in relation to districts wholly within one county.

[S13, §1989-a33; C24, 27, 31, 35, 39, §7619; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §457.21]
89 Acts, ch 126, §2
CS89, §468.290

**468.291 Monthly estimate — payment.**
The engineer in charge of the work shall furnish the contractor a monthly statement estimating the amount of work done on each section and in each county. A duplicate copy of the statement shall be filed with the auditor of each county where the work is done. When the auditor files the statement, the auditor shall draw a warrant for the contractor or give the contractor an order directing the treasurer to deliver to the contractor improvement certificates or drainage bonds, as the case may be, in favor of the contractor for ninety percent of the amount due from the auditor’s county. Drainage warrants, bonds, or
improvement certificates when so issued shall be in such amounts as the auditor determines, but shall not be in amounts in excess of five thousand dollars.

[S13, §1989-a34; C24, 27, 31, 35, 39, §7620; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §457.22]

468.295 Transcript, docket, and trial.
Within thirty days after completion of notice, the auditor shall, acting jointly, prepare and certify to the clerk of the district court a full and complete transcript of all proceedings had
in such case. The clerk of the district court shall thereupon docket the case and same shall be triable in equity at any time after the expiration of twenty days thereafter.

§457.26 Decree.
The court shall enter judgment and decree dismissing the case or establishing such district and may by proper orders and writs enforce the same.

§457.29 Law applicable.
Except as otherwise stipulated in this part the provisions and procedure set forth in subchapter I, parts 1 through 5, shall govern and apply to the formation, establishment, and conduct of every levee or drainage district extending into two or more counties, the petition therefor, the giving or publication or service of notice therein, the appointment and duties of all officers or appraisers or commissioners, the making or filing of waivers, reports, plats, profiles, recommendations, notices, contracts, and papers, the classification and apportionment and assessment of lands and all other property, the taking and hearing of appeals, the issuance and delivery of warrants, bonds and assessment certificates, the payment of taxes and assessments, the making of improvements, ditches, drains, settling basins, changes, enlargements, extensions, and repairs, the inclusion of lands, and the making or performance of every other matter or thing whatsoever relevant to or in any wise connected with such joint drainage or levee district, and the rights, privileges, and duties of all persons, landowners, officers, appellants, and courts.

§468.296 Decree.
The court shall enter judgment and decree dismissing the case or establishing such district and may by proper orders and writs enforce the same.

§468.297 Law applicable.
Except as otherwise stipulated in this part the provisions and procedure set forth in subchapter I, parts 1 through 5, shall govern and apply to the formation, establishment, and conduct of every levee or drainage district extending into two or more counties, the petition therefor, the giving or publication or service of notice therein, the appointment and duties of all officers or appraisers or commissioners, the making or filing of waivers, reports, plats, profiles, recommendations, notices, contracts, and papers, the classification and apportionment and assessment of lands and all other property, the taking and hearing of appeals, the issuance and delivery of warrants, bonds and assessment certificates, the payment of taxes and assessments, the making of improvements, ditches, drains, settling basins, changes, enlargements, extensions, and repairs, the inclusion of lands, and the making or performance of every other matter or thing whatsoever relevant to or in any wise connected with such joint drainage or levee district, and the rights, privileges, and duties of all persons, landowners, officers, appellants, and courts.

§468.298 Records of intercounty districts.
A record of all proceedings of an intercounty levee or drainage district shall be maintained by the auditor of each county in which a portion of the district lies, as provided by sections 468.172 and 468.173, but the records in the office of the auditor of the county having the largest acreage in the district shall be the official records of said district.

§468.299 County with largest acreage to keep funds.
When an intercounty district has been finally established and original construction completed and final settlement made with the contractor, as provided by section 468.292, the treasurer of the county having the largest acreage of the district shall be the depository for all funds of the district and the treasurer of the other counties in which the district is situated shall periodically, at least annually, pay over all district funds received within said period to the treasurer of the county with the largest acreage, except that funds payable on improvement certificates or bonds shall be disbursed to the holders of the certificates or bonds by the treasurer of the county in which the land encumbered is located.

PART 3

DRAINAGE OR LEVEE DISTRICTS
EMBRACING PART OR WHOLE
OF CITY

Referred to in §331.502, 468.345, 468.397, 468.500, 468.506

468.315 Authority to include city.
A county board of supervisors has the same power to establish a drainage or levee district that includes the whole or any part of a city as the county board does to establish a district located wholly outside a city, including providing for the assessment of damages and benefits within a city. However, a county board of supervisors shall not do any of the following:
1. Establish a drainage or levee district located wholly within the corporate limits of a city, unless the city consents by resolution adopted by its city council.
2. Establish a district for sanitary sewer purposes.

§459.1
89 Acts, ch 126, §2
CS89, §468.315
2004 Acts, ch 1075, §1, 2

468.316 Inclusion of city — notice.
Notice of the filing of the petition for such district and the time of hearing thereon, shall set forth the boundaries of the territory included within such city and directed to the city clerk and the owners and lienholders of the property within such boundaries without naming individuals, to be served in the same manner as notices where the district is wholly outside of such city.

§459.2
89 Acts, ch 126, §2
CS89, §468.316
Service of notice, §468.15 et seq.

468.317 Assessments — notice.
When the streets, alleys, public ways, or parks or lots or parcels including railroad rights-of-way of any city, or city under special charter, so included within a levee or drainage district, will be beneficially affected by the construction of any improvement in such district, it shall be the duty of the commissioners appointed to classify and assess benefits to estimate and return in their report the percentage and assessment of benefits to such streets, alleys, public ways, and parks, or lots or parcels including railroad rights-of-way and notice thereof shall be served upon the clerk of such city, irrespective of the form of government, and upon owners of lots, parcels, and railroad rights-of-way so assessed.

§459.3
89 Acts, ch 126, §2
CS89, §468.317

468.318 Objections — appeal.
The council or clerk of such city or individual owners may file objections to such percentage and assessment of benefits in the time and manner provided in case of landowners outside
such city, and they shall have the same right to appeal from the finding of the board with reference to such assessment.

[S13, §1989-a38; C24, 27, 31, 35, 39, §7630; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §459.4]

CS89, §468.318
Objections, §468.45; appeals, §468.83 et seq.

468.319 Assessments — interest.
Such assessment as finally made shall draw interest at the same rate and from the same time as assessment against lands.

[S13, §1989-a38; C24, 27, 31, 35, 39, §7631; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §459.5]
89 Acts, ch 126, §2
CS89, §468.319

468.320 Bonds, certificates, and waivers.
The board of supervisors and the city council shall have the same power in reference to issuing improvement certificates or drainage bonds and executing waivers on account of such assessment for benefits to streets, alleys, public ways, parks, and other lands as is herein conferred upon the board of supervisors in reference to assessment for benefits to highways.

[S13, §1989-a38; C24, 27, 31, 35, 39, §7632; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §459.6]

CS89, §468.320
Certificates and bonds, §468.70 et seq.

468.321 Funding bonds.
Such cities may issue their funding bonds for the purpose of securing money to pay any assessment against it as provided by law.

[C24, 27, 31, 35, 39, §7633; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §459.7]
89 Acts, ch 126, §2
CS89, §468.321

468.322 Jurisdiction relinquished.
If the board of supervisors of any county at any time finds that twenty-five percent or more of the total area of any established drainage district is located within the corporate limits of any city, that the district’s drains are wholly or partially constructed of sewer tile, and that the district’s drain or drains are needed or being used by the city for storm sewer or drainage purposes, the board may by resolution transfer to the city control of the entire drainage district, including the portion outside the corporate limits of the city.

[C24, 27, 31, 35, 39, §7634; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §459.8]

Referred to in §468.323

468.323 Request for relinquishment.
When a county board of supervisors elects to transfer control of a drainage district to a city, as provided in section 468.322, the resolution effecting the transfer shall state a time not less than thirty nor more than ninety days after adoption of the resolution when the transfer of control shall take effect. The resolution shall be certified to the governing body of the city and a copy thereof filed by the county auditor, who shall spread the same upon the records of the drainage district.

[C24, 27, 31, 35, 39, §7635; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §459.9]
89 Acts, ch 126, §2
CS89, §468.323
Referred to in §468.324
468.324 Duty to accept.
It shall be the duty of the governing body of any city to accept control of and thereafter to administer a drainage district properly transferred to the city, commencing on the date specified in the resolution of the county board of supervisors certified to the governing body as provided in section 468.323, or at such later date as may be agreed to by the county board upon request of the governing body.
[C24, 27, 31, 35, 39, §7636; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §459.10]
89 Acts, ch 126, §2
CS89, §468.324

468.325 Jurisdiction of municipality.
After the drainage district has been taken over by the city, it shall have complete control thereof, and may use the same for any purpose that said city through its city council deems proper and necessary for the advancement of the city or its health or welfare, and the city shall be responsible for the maintenance and upkeep of said drainage district only from and after its relinquishment by the board of supervisors to the city.
[C24, 27, 31, 35, 39, §7637; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §459.11]
89 Acts, ch 126, §2
CS89, §468.325

468.326 City council to control district.
The council of any city acting under the provisions of this part shall have control, supervision and management of the district, and shall be vested with all of the powers which are now or may hereafter be conferred on the board of supervisors for the control, supervision and management of drainage districts under the laws of this state within the said district unless otherwise specifically provided.

PART 4
HIGHWAY DRAINAGE DISTRICTS
Referred to in §468.3, 468.397

468.335 Establishment.
Whenever, in the opinion of the board of supervisors, it is necessary to drain any part of any public highway under its jurisdiction, and any land abutting upon or adjacent thereto, it
may proceed without petition or bond to establish a highway drainage district by proceeding in all other respects as provided in subchapter I, parts 1 through 5.

[SS15, §1989-b, -b2 – b6, -b8, -b12, -b13; C24, 27, 31, 35, 39, §7638; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §460.1]
89 Acts, ch 126, §2
CS89, §468.335

468.336 Powers.
Such district, when established, shall have the powers granted to drainage and levee districts, and all parties interested shall have the same rights so far as applicable.

[SS15, §1989-b, -b2 – b6, -b8, -b12, -b13; C24, 27, 31, 35, 39, §7639; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §460.2]
89 Acts, ch 126, §2
CS89, §468.336

468.337 Initiation without petition.
When the board of supervisors determines on its own action to proceed to the establishment of a highway drainage district, it shall do so by the adoption of a resolution of necessity to be placed upon its records, in which it shall describe in a general way the portion of any highway or highways to be included in such district, together with the description of abutting or adjacent land and railroad rights-of-way to be included in such district and made subject to assessment for such improvement.

[SS15, §1989-b; C24, 27, 31, 35, 39, §7640; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §460.3]

CS89, §468.337

468.338 Engineer.
The board shall appoint a competent engineer for the district. If the county engineer is appointed, the engineer shall serve without additional compensation. In no case shall the county engineer act as a member of the assessment commission in a drainage district provided for in this part.

[SS15, §1989-b, -b11; C24, 27, 31, 35, 39, §7641; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §460.4]
89 Acts, ch 126, §2
CS89, §468.338

468.339 Survey and report.
The engineer shall make a survey of the proposed district and report the same to the board, being governed in all respects as provided by sections 468.11 and 468.12 and designate particularly any portion of the secondary road system, or the primary road system, or any portion of either or both of said systems, as well as all lands adjoining and adjacent thereto, including lands and rights-of-way of railway companies which in the engineer's judgment will be benefited by drainage of highways in such district, and which should be embraced within the boundaries of such district.

[SS15, §1989-b1; C24, 27, 31, 35, 39, §7642; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §460.5]
89 Acts, ch 126, §2
CS89, §468.339

468.340 Assessment — report.
The commission for assessment of benefits and classification of the property assessed shall determine and report:
1. The separate amount which shall be paid by the county on account of the secondary road system.
2. The separate amount which shall be paid by the state on account of the primary road system.
3. The amounts which shall be assessed against the right-of-way or other real estate of each railway company within such district.
4. The amounts which shall be assessed against each forty-acre tract or less within such district.

[SS15, §1989-b5; C24, 27, 31, 35, 39, §7643; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §460.6]

PART 5
DRAINAGE AND LEVEE DISTRICTS WITH PUMPING STATIONS
Referred to in §331.552, 350.4, 468.3, 468.397

468.355 Authorization.
The board of supervisors of any county or counties in which a drainage or levee district has been organized as by law provided, may establish and maintain a pumping station or stations, when and where the same may be necessary to secure a proper outlet for the drainage of the land comprising the district or any portion thereof, and the cost of construction and maintenance of said pumping station or stations shall be levied upon and collected from the
lands in the district benefited by such pumping station or stations, in the same manner as provided for in the construction and maintenance of said districts.

[S13, §1989-a49, -a52; C24, 27, 31, 35, 39, §7651; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.1]

89 Acts, ch 126, §2
CS89, §468.355

468.356 Petition — procedure — emergency pumping station.

1. A pumping station shall not be established or maintained unless a petition shall be presented to the board signed by not less than one-third of the owners of lands benefited by the establishment of a pumping station. The lands benefited by a pumping station shall be determined by the board on the petition and report of the engineer, and such other evidence as the board may hear. No additional land shall be taken into any such drainage district after the improvements in the district have been substantially completed, unless one-third of the owners of the land proposed to be annexed have petitioned or consented in writing to the annexation.

2. However, the board of supervisors may install a temporary portable pumping station to remove flood waters in an emergency. The board of supervisors shall levy and collect the cost of the purchase, operation, and maintenance of the pumping station from the lands in the district benefited by the pumping station in the same manner as provided for in the construction and maintenance of a drainage or levee district. For the purpose of this subsection, an emergency occurs when ponded or standing water does not freely flow to the outlet ditch and the capacity of the outlet ditch is not fully used.

468.357 Additional pumping station.

After the establishment of a drainage district, including a pumping plant, and before the completion of the improvement therein, the board or boards may, if deemed necessary to fully accomplish the purposes of said improvement, by resolution authorize the establishment and maintenance of such additional pumping station or stations as the engineer may recommend, and if a petition is filed by one-third of the owners of land within such district asking the establishment of such pumping plant or plants, the board or boards must direct the engineer to investigate the advisability of the establishment thereof and upon the report of said engineer the board or boards shall determine whether such additional pumping plant or plants shall be established.

[C24, 27, 31, 35, 39, §7653; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.3]

89 Acts, ch 126, §2
CS89, §468.357

468.358 Transfer of pumps.

If the board or boards determine that additional pumping plant or plants shall be established and maintained, a pump or pumps may be removed from any pumping station already established and may be installed in any such additional plant, if such removal can be made without injuring the efficient operation of the plant from which removed.

[C24, 27, 31, 35, 39, §7654; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.4]

89 Acts, ch 126, §2
CS89, §468.358

468.359 Costs.

1. The cost of the establishment of such additional pumping plant or plants shall be paid in the same manner and upon the same basis as is provided for the cost of the original improvement.
2. The board of supervisors or the board of trustees, as the case may be, where the district has been established and the original improvement constructed, may proceed with the further improvement of the original project in the manner provided in section 468.126, provided, however, that the cost of such further improvement does not exceed twenty-five percent of the sum of the original cost to the district and the cost of subsequent improvements, including all federal contributions.

3. For the purpose of this section the word “improvement” shall include the construction, reconstruction, enlargement and relocation of levees and acquisition of rights-of-way therefor.

468.360 Dividing districts.

When a drainage district has been created and more than one pumping plant is established therein, the board or boards of supervisors may, and upon petition of one-third of the owners of land within said district shall, appoint an engineer to investigate the advisability of dividing said district into two or more districts so as to include at least one pumping plant in each of such districts.

468.361 Notice — publication.

If the engineer recommends such division the board of supervisors shall fix a time for hearing upon the question of such division and shall publish notice directed to all whom it may concern of the time and place of such hearing, for the time and in the manner as is required for the publication of notice of the establishment of said district, except that said notice need not name the owners and lienholders.

468.362 Hearing — jurisdiction of divided districts.

At the time fixed, the board shall determine the advisability of such division and shall make such order with reference thereto as shall be deemed proper, having consideration for the interests of all concerned. If such division is made, the board or boards having jurisdiction of the original district shall retain jurisdiction of the new districts created by such division for the purpose of collecting assessments theretofore made and making such additional assessments as are necessary to pay the obligations theretofore contracted. For all other purposes, each division shall be under the jurisdiction of the board or boards of supervisors which would have had jurisdiction thereof if originally established as an independent district.

468.363 Division in other cases.

After a levee or drainage district operating a pumping plant shall have been established and the improvement constructed and accepted, if it shall become apparent that the lands can be more effectually drained, managed, or controlled by a division thereof, then the said board or boards, or trustees, may, and if the district is divided by a stream, they shall, divide the district.
468.364 Assessments not affected — maintenance tax.
Each district after the division shall be conducted as though established originally as a district. Nothing herein shall affect the legality or collection of any assessments levied before the division; but the maintenance tax, if any, shall be divided in proportion to the amount paid in by each district.
[C24, 27, 31, 35, 39, §7660; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.10]

CS89, §468.364

468.365 Election and apportionment of trustees.
If said district, before the division was made, was under the control and management of trustees, then each trustee shall continue to serve in the district in which the trustee is situated, and other trustees shall be elected in each new district. The election for said new trustees shall be called by the old board of trustees in each district within ten days after said division is made and shall be conducted as provided for the election of trustees.
[C24, 27, 31, 35, 39, §7661; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.11]

468.366 Settling basin — condemnation.
If, before a district operating a pumping plant is completed and accepted, it appears that portions of the lands within said district are wet or nonproductive by reason of the floods or overflow waters from one or more streams running into, through, or along said district and that said district or some other district of which such district shall have formed a part, shall have provided a settling basin to care for the said floods and overflow waters of said stream or watercourse, but no channel to said settling basin has been provided, said board or boards are hereby empowered to lease, buy, or condemn the necessary lands within or without the district for such channel. Proceedings to condemn shall be as provided in chapter 6B for the exercise of the right of eminent domain.
[C24, 27, 31, 35, 39, §7662; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.12]

468.367 Funding bonds.
When the owners of ten percent of the land in a drainage or levee district having and operating a pumping station shall petition the board of supervisors to extend the time of payment of the taxes assessed against the lands within said district for a period not exceeding twenty years, under such rules and regulations as said board may direct, the interest on such assessments to be paid annually the same as other taxes levied against the property, not less than one-twentieth of the principal of said extended tax to be paid each year until the entire tax is paid, and the lien of such tax to continue until fully paid, the board of supervisors may settle, adjust, renew, or extend the legal indebtedness of such district as shown by the assessments levied against the lands therein whether evidenced by certificates, warrants, bonds, or judgments by refunding all such indebtedness and issuing coupon bonds therefor when such indebtedness amounts to one thousand dollars or upwards, but for no other purpose.
[C24, 27, 31, 35, 39, §7663; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.13]

Form of bond, §468.75

468.369 Form execution.
Such bonds shall be numbered consecutively, signed by the chairperson of the board of supervisors, attested by the county auditor. The interest coupons attached thereto shall be executed in the same manner.

[C24, 27, 31, 35, 39, §7665; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.15]
89 Acts, ch 126, §2
CS89, §468.369

468.370 Resolution — requisites — record.
All bonds issued under the provisions of this part shall be issued pursuant to and in conformity with a resolution adopted by the board of supervisors, which shall specify the amount authorized to be issued, the purpose for which issued, the rate of interest they shall bear and whether payable annually or semiannually, the place where the principal and interest shall be payable and when it becomes due, and such other provisions not inconsistent with law in reference thereto as the board of supervisors shall think proper; which resolution shall be entered of record upon the minutes of the proceedings of the said board and a complete copy thereof printed on the back of each bond, which resolution shall constitute a contract between the drainage district and the purchasers or holders of said bonds.

[C24, 27, 31, 35, 39, §7666; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.16]

CS89, §468.370

468.371 Registration.
When bonds have been executed as aforesaid they shall be delivered to the county treasurer and the treasurer’s receipt taken therefor. The county treasurer shall register the same in a book provided for that purpose, which shall show the number of each bond, its date, date of sale, amount, date of maturity, and the name and address of the purchaser, and if exchanged what evidences of debt were received therefor, which record shall at all times be open to the inspection of the owners of property within the district. The treasurer shall thereupon certify on the back of each bond as follows:

This bond duly and properly registered in my office this ............... day of .................. (month), ........... (year).

2000 Acts, ch 1058, §56

468.372 Liability of treasurer — reports.
The treasurer shall stand charged on the treasurer’s official bond with all bonds so delivered to the treasurer and the proceeds thereof. The treasurer shall report under oath to the board of supervisors, at each first regular session thereof in each month, a statement of all such bonds
sold or exchanged by the treasurer since the treasurer’s last report and the date of such sale or exchange and when exchanged a description of the indebtedness for which exchanged.  
[C24, 27, 31, 35, 39, §7668; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.18]  
89 Acts, ch 126, §2  
CS89, §468.372

468.373 Sale — application of proceeds.  
The county treasurer shall, under a resolution and the direction of the said county board of supervisors, sell the bonds for cash on the best available terms or exchange them on like terms for a legal indebtedness of the said district evidenced by bonds, warrants, or judgments outstanding at the date of the passage of the resolution authorizing the issue thereof, and the proceeds shall be applied and exclusively used for the purpose for which said bonds are issued. In no case shall they be sold or exchanged for a less sum than their face value and all interest accrued at the date of sale or exchange. After registration the treasurer shall deliver said bonds to the purchaser thereof and when exchanged for indebtedness of said district shall at once cancel all warrants or bonds or secure proper credits therefor on judgments.

89 Acts, ch 126, §2  
CS89, §468.373

468.374 Levy.  
Drainage districts issuing funding or refunding bonds under this part shall levy taxes for the payment of the principal and interest thereof, where there has not been a prior levy covering same, in accordance with the provisions of the law relating to taxation.  
[C24, 27, 31, 35, 39, §7670; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.20]  
89 Acts, ch 126, §2  
CS89, §468.374

468.375 Refunding bonds.  
Refunding bonds for the purposes set out in this part may be issued to pay off and take up bonds issued in payment for drainage improvements under prior laws or to refund any part thereof. Bonds thus issued shall substantially conform to the provisions of the law relating to drainage bonds and the face amount thereof shall be limited to the amount of the unpaid assessments, with interest thereon, applicable to the payment of the bonds so taken up.  
[C24, 27, 31, 35, 39, §7671; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.21]

CS89, §468.375  
2016 Acts, ch 1073, §135

468.376 Funds available to pay bonds.  
1. When refunding bonds shall be issued to pay for drainage improvements under the provisions of this part, all special assessments, taxes, and sinking funds applicable to the payment of such bonds previously issued shall be applicable in the same manner and the same extent to the payment of the refunding bonds issued under this part, and all the powers and duties to levy and collect special assessments and taxes or create liens upon property shall continue until all refunding bonds shall be paid.  
2. The drainage district shall collect the special assessments out of which the said bonds are payable and hold the special assessments separate and apart in trust for the payment of the refunding bonds but the provisions of this part shall not apply to assessments or bonds adjudicated to be void.  
[C24, 27, 31, 35, 39, §7672; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.22]

PART 6
DRAINAGE DISTRICTS IN CONNECTION WITH UNITED STATES LEVEES

Referred to in §331.502, 331.552, 350.4, 468.3

468.390 United States levees — cooperation of board.
In any case where the United States has built or shall build a levee along or near the bank of a navigable stream forming a part of the boundary of this state, the board of supervisors of any county through which the same may pass shall have the power to aid in procuring the right-of-way for and maintaining said levee, and providing a system of internal drainage made necessary or advisable by the construction thereof. Such improvement shall be presumed to be conducive to the public health, convenience, welfare, or utility.

[C97, §1975; C24, 27, 31, 35, 39, §7744; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §466.1] 89 Acts, ch 126, §2
CS89, §468.390
Referred to in §468.391, 468.396

468.391 Manner of cooperation.
Any United States government levee under the conditions mentioned in section 468.390 may be taken into consideration by the board as a part of the plan of any levee or drainage district and improvements therein, and such board may, by agreement with the proper authorities of the United States government, provide for payment of such just and equitable portion of the costs of procuring the right-of-way and maintenance of such levee as shall be conducive to the public welfare, health, convenience, or utility.

[C97, §1975; C24, 27, 31, 35, 39, §7745; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §466.2] 89 Acts, ch 126, §2
CS89, §468.391
Referred to in §468.396

In the proceedings to establish such a district the engineer shall set forth in the engineer’s report, separately from other items, the amount of the cost for the right-of-way of such levee, of constructing and maintaining the same; and if the plan is approved and the district finally established in connection with such levee, the board shall make a record of any such cooperative arrangement and may use such part of the funds of the district as may be necessary to pay the amount so agreed upon toward the right-of-way and maintenance of such levee.

[C97, §1976; C24, 27, 31, 35, 39; §7746; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §466.3]

§468.394 Annual installments.

If the proposed improvement is the maintenance of a levee, the amount collected in any one year shall not exceed three dollars and thirty-seven and one-half cents per thousand dollars of the assessment valuation, which said assessment shall be levied at a level rate on the assessable value of the said lands, improvements, easements, and railroads within the district. If the amount necessary to pay for the improvement exceeds said sum, it shall be levied and collected in annual installments of twenty or less. For all other improvements, the board shall levy a rate sufficient to pay for the same, and may, at their discretion, make the same payable in annual installments of twenty or less.

§468.395 Collection of tax.

The assessment required under sections 468.393 and 468.394 shall be made by the board of supervisors at the time of levying general taxes, after the work has been authorized, and the assessment shall be entered on the records of the board of supervisors, then entered on the tax books by the county auditor as drainage taxes, and shall be collected by the county treasurer at the same time, in the same manner, and with the same interest, as general taxes. If the assessment is not paid the treasurer shall sell all lands upon which the assessment remains unpaid, at the same time, and in the same manner, as is now by law provided for the sale of lands for delinquent taxes, including all steps up to the execution and delivery of the tax deed. The landowners shall take notice of and pay the assessments without other or further notice than as is provided for in this part. The funds realized from the assessments shall constitute the drainage fund, as contemplated in this part, and shall be disbursed on warrants drawn against that fund by the county auditor, on the order of the board of supervisors.

468.396 Cost of maintaining.

The board of supervisors shall have the right and power to keep and maintain any such levee, ditches, drains, or system of drainage, either in whole or in part, established under sections 468.390 through 468.395, as may in their judgment be required, and to levy the expense thereof upon the real estate within such drainage district as provided for in this part, and collect and expend the same; provided, however, that no such work which shall impose a tax exceeding three dollars and thirty-seven and one-half cents per thousand dollars on the assessable value of the lands and improvements within the district shall be authorized by the board, unless the work is first petitioned for and authorized in substantially the manner required by this part for the inauguration of new work. However, if such work is of the kinds contemplated by section 468.126, and the cost thereof is within the limitations of section 468.126, or is of the kinds contemplated by section 468.188, and the cost thereof is within the limitations of section 468.188, then the provisions of section 468.126 or section 468.188 shall supersede the limitations of this section.

PART 7
INTERSTATE DRAINAGE DISTRICTS

468.400 Cooperation — procedure.

When proceedings for the drainage of lands bordering upon the state line are had and the total cost of constructing the improvement in this state, including all damage, has been ascertained, and the engineer in charge, before the final establishment of the district, reports that the establishment and construction of such improvement ought to be jointly done with like proceedings for the drainage of lands in the same drainage area in such an adjoining state and that drainage proceedings are pending in such state for the drainage of such lands, the
said authorities of this state may enter an order continuing the hearing on the establishment of such district to a fixed date, of which all parties shall take notice.

[SS15, §1989-a77; C24, 27, 31, 35, 39, §7752; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §467.1]

CS89, §468.400

468.401 Agreement as to costs.
The board shall have power, when the total cost, including damages, of constructing the improvement in such other state has been ascertained by the authorities of such other state, to enter into an agreement as to the separate amounts which the property owners of each state should in equity pay toward the construction of the joint undertaking. When such amount is thus determined, the board or boards having jurisdiction in this state shall enter the same in the minutes of their proceedings and shall proceed therewith as though such amount to be paid by the portion of the district in this state had been originally determined by them as the cost of constructing the improvement in this state.

[SS15, §1989-a77; C24, 27, 31, 35, 39, §7753; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §467.2]

468.402 Contracts let by joint agreement.
When the bids for construction are opened, unless the construction work on each side of the line can go forward independently, no contract shall be let by the authorities in this state, unless the acceptance of a bid or bids for the construction of the whole project is first jointly agreed upon by the authorities of both states.

[SS15, §1989-a77; C24, 27, 31, 35, 39, §7754; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §467.3]

468.403 Separate contracts.
The contract or contracts for the construction of that portion of the improvement within this state shall be entirely distinct and separate from the contract or contracts let by the authorities of the neighboring state; but the aggregate amount of the contract or contracts for the construction of the work within this state shall not exceed an amount equal to the amount of the benefits assessed in this state including damages and other expenses.

[SS15, §1989-a77; C24, 27, 31, 35, 39, §7755; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §467.4]

468.404 Conditions precedent.
No contract shall be let until the improvement shall be finally established in both states, and after the final adjustment in both states of damages and benefits. No bonds shall be issued until all litigation in both states arising out of said proceedings has been finally terminated by actual trial or agreements, or the expiration of all right of appeal.

468.405 Assessments, bonds, and costs — limitation.
All proceedings except as provided in this part in relation to the establishment, construction, and management of interstate drainage districts shall be as provided for the establishment and construction of districts wholly within this state as provided in
subchapter I. All such proceedings shall relate only to the lands of such district which are 
located wholly within this state. Boards having jurisdiction in this state may make just and 
eQUITABLE agreements with like authorities in such adjoining state for the joint management, 
repair, and maintenance of the entire improvement, after the establishment and completed 
construction thereof.

SUBCHAPTER III
MANAGEMENT OF DRAINAGE OR LEVEE
DISTRICTS BY TRUSTEES

Referred to in §331.382, 331.502, 331.552, 468.184, 468.215, 468.216, 468.230, 468.259, 468.327, 468.397

PART 1
AUTHORIZATION OF TRUSTEES

468.500 Trustees authorized.

1. a. In the manner provided in this subchapter, any drainage or levee district in which 
the original construction has been completed and paid for by bond issue or otherwise, may be 
placed under the control and management of a board of trustees to be elected by the persons 
owning land in the district that has been assessed for benefits.

b. A drainage or levee district under the control of a city council as provided in subchapter 
II, part 3, may be placed under the control and management of a board of trustees by the city 
council following the procedures provided in subchapter II, part 2, for the county board of 
supervisors.

2. An overlying drainage or levee district that controls and manages improvements and 
rights-of-way surrendered by a board of supervisors or board of trustees of a contained 
district, in accordance with sections 468.256 through 468.259, shall continue to be controlled 
and managed by a board of trustees as provided in subchapter II, part 3.

468.502 Election.
The board, at the next regular, adjourned, or special session shall canvass the petition and if signed by the requisite number of landowners, it shall order an election to be held at some convenient place in the district not less than forty nor more than sixty days from the date of such order, for the election of three trustees of such district. It shall appoint from the freeholders of the district who reside in the county or counties, three judges and two clerks of election. It shall not be mandatory for the county commissioner of elections to conduct elections held pursuant to this subchapter, but they shall be conducted in accordance with the provisions of chapter 49 where not in conflict with this subchapter.

468.503 Intercounty district.
If the district extends into two or more counties, a duplicate of the petition shall be filed in the office of the auditor of each county. The boards of supervisors shall, within thirty days after the filing of such petition, meet in joint session and canvass the same, and if found to be signed by a majority of the owners of land in the district assessed for benefits, they shall by joint action order such election and appoint judges and clerks of election as provided in section 468.502.

468.504 Election districts.
When a petition has been filed for the election of trustees to manage a district containing twenty thousand acres or more, the board, or if the district extends into more than one county, the boards of the counties by joint action, shall, before the election, divide the district into three election districts for the purpose of securing a proper distribution of trustees in the district, and the division shall be so made that each election district will have substantially equal voting power and acreage, as nearly as may be. After the division is made there shall be elected one trustee for each of the election districts, but at the election all the qualified voters for the entire district shall be entitled to vote for each trustee. The division here provided for shall be for the purposes only of a proper distribution of trustees in the district and shall not otherwise affect the district or its management and control.

468.506 Eligibility of trustees.
Each trustee shall be a citizen of the United States not less than eighteen years of age, and one of the following:
1. The bona fide owner of agricultural land in the election district for which the trustee is elected, and a resident of the county in which that district is located or of a county which is contiguous to or corners on that county.
2. The bona fide owner of nonagricultural land in the election district for which the trustee is elected, and a resident of that district. This subsection applies only when the election district is wholly within the corporate limits of a city.
3. An individual who has a legal or equitable interest in an entity that holds an interest in agricultural land located in the election district for which the trustee is elected, including as a bona fide owner. In addition, all of the following must apply:
   a. The entity must be a general partnership formed under section 486A.202 or a person who holds the agricultural land under chapter 9H as a family farm corporation, authorized corporation, family farm limited liability company, authorized limited liability company, family farm limited partnership, limited partnership, family farm unincorporated nonprofit association, authorized unincorporated nonprofit association, family trust, or authorized trust.
   b. The individual must hold the legal or equitable interest in the entity described in paragraph “a” as a partner in the general partnership, shareholder in the corporation, member in the limited liability company, general or limited partner in the limited partnership, member in the unincorporated nonprofit association, or beneficiary in the trust.
   c. The individual must be a resident of the county in which the election district is located or of a county that is contiguous to or corners on that county.
4. a. A bona fide owner of benefited land in a drainage or levee district in which eighty-five percent of its acreage is situated within the corporate limits of a city and has been under the control of a city under subchapter II, part 3.
   b. (1) For nonagricultural land, if the bona fide owner is a business corporation organized and existing under chapter 490 or 491, or a partnership, a stockholder or officer authorized by the corporation or a general partner may be elected as a trustee of the district.
   (2) For agricultural land, if the bona fide owner is an entity described in subsection 3, paragraph “a”, an individual holding a legal or equitable interest in that entity may be elected as trustee.

468.507 Notice of election.
The board, or, if in more than one county, the boards acting jointly, shall cause notice of said election to be given, setting forth the time and place of holding the same and the hours when the polls will open and close. Such notice shall be published for two consecutive weeks in a newspaper in which the official proceedings of the board are published in the county, or if the district extends into more than one county, then in such newspaper of each county. The last of such publications shall not be less than ten days before the date of said election.

468.508 Assessment to determine right to vote.
Before any election is held, the election board shall obtain from the county auditor or auditors a certified copy of so much of the record of the establishment of such district as will show the lands embraced therein, the assessment and classification of each tract, and the name of the person against whom the same was assessed for benefits, and the present record owner, and such certified record shall be kept by the trustees after they are elected,
for use in subsequent elections. They shall, preceding each subsequent election, procure from the county auditor or auditors additional certificates showing changes of title of land assessed for benefits and the names of the new owners.

468.511 Votes determined by assessment.

1. When a petition asking for the right to vote in proportion to assessment of benefits at all elections for any purpose thereafter to be held within said district, signed by a majority of the landowners owning land within said district assessed for benefits, is filed with the board of trustees, then, in all elections of trustees thereafter held within said district, any person whose land is assessed for benefits without regard to age, sex, or condition shall be entitled to one vote for each ten dollars or fraction thereof of the original assessment under the current classification against the land actually owned by the person in said district at the time of the election, but in order to have such ballot counted for more than one vote the voter shall write the voter’s name upon the ballot. The vote of any landowner of the district may be cast by absent voters ballot as provided in chapter 53 except that the form of the application for ballots, the voters’ affidavits on the envelopes, and the endorsement of the carrier envelope for preserving the ballot shall be substantially in the form provided in subsections 2, 3, and 4, below. Application blanks, envelopes, and ballots shall be provided by and submitted to the office of the county auditor in which the election is held. The cost of such blanks, envelopes, ballots, and postage shall be paid by the district. For the purpose of this subchapter all landowners of the district shall be considered qualified voters, regardless of their place of residence.

2. For the purpose of this subchapter, applications for ballots shall be made on blanks substantially in the following form:

§468.512 Vote by agent.
Except where the provisions of section 468.511, providing for vote in proportion to assessment are invoked, any person or corporation owning land or right-of-way within the district and assessed for benefits may have the person's or the corporation's vote cast by the person's or the corporation's agent or proxy authorized to cast such vote by a power of attorney signed and acknowledged by such person or corporation, and filed before such vote is cast in the auditor's office of the county in which such election is held. Every such power of attorney shall specify the particular election for which it is to be used, indicating the day, month, and year of such election, and shall be void for all elections subsequently held. The vote of the owner of any land in a drainage or levee district in any election, where the vote is not determined by assessment, may be cast by absent voters ballot in the same manner and form subject to the same rights and restrictions as is provided in section 468.511 relating to vote by absentee ballot when votes are determined by assessment.

§468.516 Election — canvass of votes — returns.
On the day designated for said election the polls shall open at 1:00 p.m. and remain open until 5:00 p.m. unless otherwise provided under section 468.522. If no convenient polling place is to be found within the district, the election may be held at some convenient place outside the district. The judges of election shall canvass the vote and certify the result, and deposit with the auditor the ballots cast, together with the pollbooks showing the names of
the voters; but if there is more than one county in the district, the returns shall be filed with the auditor of the county having the greatest acreage of said district.

468.517 Canvass — certificates of election.

The canvass of the returns by the board or boards of supervisors shall be on the next Monday following the election. If the district is in more than one county, the board of supervisors of the county with the greatest acreage in the district shall canvass the vote. The board of supervisors of the other counties in which the district is located may attend and participate in the canvass of the returns. It or they shall make a return of the results of the canvass to the auditor, who shall issue certificates to the trustees elected, and when the district extends into more than one county, then the auditor with whom the election returns were filed shall issue the certificates and certify an abstract of the canvass to each other county in which the district is located.

468.518 Tenure of office.

The trustees so elected shall hold office until the fourth Saturday in January next succeeding their election and until their successors are elected and qualify. On the third Saturday in the January next succeeding their original election, an election shall be held at which three trustees shall be chosen, one for one year, one for two years, and one for three years, and each shall qualify and enter upon the duties of the office on the fourth Saturday of the same January. On the third Saturday in each succeeding January, an election shall be held to choose a successor to the trustee whose term is about to expire, and the term of the trustee’s office shall be for three years and until a successor has qualified.

§468.521 Elections — how conducted.
1. After the first election of trustees, the board of trustees shall act as judges of election; however, a trustee standing for election shall not serve as a judge.
2. The clerk of the board shall act as one of the clerks and an owner of land in the district shall be appointed by the board to act as another clerk.
3. The board shall fill any vacancy of an acting election judge by appointing a person who resides in the county where all or part of the drainage or levee district is located and who is eligible to vote in a general election in that county.
4. The result of each election shall be certified to the auditor or the several county auditors if the district is located in more than one county.

§468.522 Change of date and time.
The date on which the annual election shall be held and the polling hours may be changed by the choice of a majority of electors of the district expressed by ballot at any annual election, and the return of the vote shall be certified in the same manner as the returns for election of trustees. The polling hours may vary from the requirements of section 468.516, but the polls shall be open for at least three consecutive hours between the hours of 8:00 a.m. and 5:00 p.m. on the election day.

§468.523 Vacancies.
If any vacancy occurs in the membership of the board of trustees between the annual elections, the remaining members of the board shall have power to fill such vacancies by appointment of persons having the same qualifications as themselves. The persons so appointed shall qualify in the same manner and hold office until the next annual election when their successors shall be elected. In the event that all places on the board become vacant, then a new board shall be appointed by the auditor, or if more than one county, then by the auditor of the county in which the greater acreage of the district is located. The persons so appointed shall hold office until the next annual election and until their successors are elected and qualify.

§468.524 Bonds.
The trustees shall qualify by giving a bond in the sum of not less than one thousand dollars or more than five thousand dollars each, conditioned for the faithful discharge of their duties, said bond to be fixed and approved by the auditor of the county, and if more than one, then of the county in which the greater acreage of the district is located.

468.528 Disbursement of funds.
Drainage and levee taxes when so levied and collected shall be kept by the treasurer of the county in a separate fund to the credit of the district for which it is collected. The county treasurer shall disburse the moneys in the fund only upon any of the following:

1. The orders of the board of trustees, signed by the president of the board, upon which warrants shall be drawn by the auditor upon the treasurer.

2. For drainage and levee districts with pumping stations, by orders of the board of trustees directing the treasurer to place all or any part of the moneys into a checking account established by the board in a bank or credit union as defined in section 12C.1.
   a. The treasurer shall disburse the moneys only upon resolution duly adopted by the board. The board shall not expend moneys in the account for a purpose if the board could not order the county treasurer to expend moneys from the county’s separate fund for that same purpose.
   b. The board shall file with the county auditor an annual financial statement that is accompanied by an unqualified opinion based upon an audit of the account performed by a
certified public accountant licensed in this state. Notwithstanding paragraph "a", the board shall pay the costs associated with performing the audit out of the district’s moneys.

468.533 Petition — canvass.
1. A petition requesting that a district placed under the management of trustees be placed back under the management of a board or boards of supervisors, that is signed by a majority of persons, including corporations, owning land within the district assessed for benefits and who in the aggregate own more than one-half the acreage of such lands, may be filed in the office of the auditor and, if the district is situated in more than one county, then a duplicate shall be filed in the office of the auditor of each county.
2. The trustees shall fix a date not less than ten nor more than thirty days from the date the petition is filed for the canvass of such petition, and the trustees and auditor or auditors shall canvass the petition and certify and record in the drainage record the result.

[C24, 27, 31, 35, 39, §7710; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §462.37]

468.534 Remonstrance.
Remonstrances signed by the same persons who are qualified to sign the petition may be filed in the office of the auditor and if the same persons petition and remonstrate they shall be counted on the remonstrance only. Such remonstrances shall be filed not less than five days before the time set for hearing.

[C24, 27, 31, 35, 39, §7711; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §462.38]
89 Acts, ch 126, §2
CS89, §468.534

468.535 When change effective.
If the result of the canvass shows a majority in favor of such change, then it shall become effectual on the date at which the next annual election of trustees would be held, and on such date the trustees shall surrender and turn over to the board or boards of supervisors the full and complete management and control of such district, together with all books, contracts, and other documents relating thereto.

[C24, 27, 31, 35, 39, §7712; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §462.39]

CS89, §468.535

468.536 Final report of trustees.
On or before the date such change becomes effective, the said trustees shall make and file with the auditor, or if more than one county, a duplicate with each auditor, a final report setting forth:
1. The amount of cash funds on hand or to the credit of the district.
2. The amount of outstanding indebtedness of the district, and the form thereof, whether in warrants, improvement certificates, or bonds and the amount of each.
3. Any outstanding contracts for repairs or other work to be done.
4. A statement showing the condition of the improvements of the district, and specifying any portion thereof in need of repair.

PART 3

ESTABLISHMENT OF OVERLYING DISTRICT AS NEW DRAINAGE OR LEVEE DISTRICT

§468.538 Scope.
This part applies when the board of trustees of an overlying district accepts all improvements and rights-of-way surrendered by a board of supervisors or board of trustees of a contained district, in accordance with sections 468.256 through 468.259. In addition, after such acceptance, the overlying district must include at least thirty-five thousand acres with a pumping station, regardless of whether the drainage or levee district is located in more than one county. Such a district shall continue to be controlled and managed by a board of trustees elected as provided in this part.

2013 Acts, ch 86, §3, 6
Referred to in §468.539

§468.539 Qualified application.
Part 2 of this subchapter shall also apply to this part, except as follows:

1. The trustees of the overlying district serving on the board at the time of acceptance as described in section 468.538 shall be considered initially elected as the trustees of the drainage or levee district as provided in sections 468.502, 468.503, and 468.521.

2. a. The board of trustees described in subsection 1 shall do all of the following:
(1) Establish the overlying district as a new drainage or levee district, which must include all improvements and rights-of-way surrendered by a board of supervisors or board of trustees of the contained district.
(2) Divide the new drainage or levee district into three election districts in the same manner as a board of supervisors acting pursuant to sections 468.504 and 468.505.

b. The petition described in section 468.501 is not required to be filed or considered under this subsection.

3. Each of the three persons elected as trustee to serve on a new drainage or levee district established pursuant to an election held by the board of trustees described in subsection 1 shall hold office for a staggered term as provided in section 468.518. A person elected as a trustee of the new drainage or levee district shall be elected from a specified election district, unless the person is elected at large as provided in subsection 4.

4. The board of trustees described in subsection 1 or a subsequent board of trustees of the new drainage or levee district may provide for the election of two additional persons to serve as trustees. The two additional persons shall be elected at large by all qualified voters for the entire drainage or levee district. Of the five persons elected as trustees of the new drainage or levee district, not more than two persons shall be elected from the same specified election district. One person's initial term shall be for one year and the second person's initial term shall be for two years in the same manner as provided in section 468.518.

5. Votes shall be determined as provided pursuant to either section 468.510 or 468.511 in the same manner as was determined for the overlying district.

2013 Acts, ch 86, §4, 6
SUBCHAPTER IV
FINANCING

PART 1
DRAINAGE REFUNDING BONDS

Referred to in §331.382, 331.552, 468.397

468.540 Refunding bonds.
The board of supervisors of any county may extend the time of the payment of any of its outstanding drainage bonds issued in anticipation of the collection of drainage assessments levied upon property within a drainage district, and may extend the time of payment of any unpaid assessment, or any installment or installments thereof. The board may renew or extend the time of payment of such legal bonded indebtedness, or any part thereof, for account of such drainage district, and may refund the same and issue drainage refunding bonds therefor subject to the limitation and in the manner provided in this part.

[C27, 31, 35, §7714-b1; C39, §7714.01; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §463.1]

CS89, §468.543
2019 Acts, ch 59, §165
Referred to in §468.567
468.544 Requirements of notice.
The notice shall be directed to each person whose name appears upon the transfer books in the auditor’s office as owner of lands within the drainage district upon which the drainage assessments are unpaid, naming the owner, and also to the person or persons in actual occupancy of any of the tracts of land without naming them. The notice shall also state all of the following:
1. The amount of unpaid assessments upon each forty-acre tract of land or less.
2. That all of the unpaid assessments, installment or installments thereof as proposed to be extended, may be paid on or before the time fixed for the hearing.
3. That after the expiration of such time no assessments may be paid except in the manner and at the times fixed by the board in the resolution authorizing the issuance of the drainage refunding bonds.

CS89, §468.552

468.553 Record of bonds.  
When the bonds have been executed as aforesaid they shall be delivered to the county treasurer and the treasurer’s receipt taken therefor. The treasurer shall register said bonds in a book provided for that purpose which shall show the number of each bond, its date, date of sale, amount, date of maturity, and the name and address of the purchaser, and if exchanged what evidences of indebtedness were received therefor, which record shall at all times be open to the inspection of the owners of property within said drainage district. The treasurer shall thereupon certify on the back of each bond as follows:

This bond duly and properly registered in my office this ................
day of ................... (month), ............ (year).

CS89, §468.554

468.555 Sale, exchange, and cancellation.
The county treasurer shall, under a resolution and the direction of the said county board of supervisors, sell the bonds for cash on the best available terms or exchange them on like terms for the legal indebtedness of the said drainage district evidenced by the outstanding drainage bonds, authorized to be refunded by the resolution authorizing the issue of said refunding bonds, and the proceeds shall be applied and exclusively used for the purpose for which said bonds are issued. In no case shall they be sold or exchanged for a less sum than their face value and all interest accrued. After registration the treasurer shall deliver said refunding bonds to the purchaser thereof and when exchanged for said bonded indebtedness of said district, shall at once cancel a like amount of said drainage bonds.

468.566 Refinancing powers.
1. In order to effect a loan under section 468.565, the governing body of a district, or board of supervisors, is authorized to execute such agreements and contracts, and to fulfill such requirements of the loaning agency as are not inconsistent with this part; and to issue, and pledge or sell the bonds at their face value to the reconstruction finance corporation, or other loaning agency, furnishing the funds for the debt readjustment, in the amount required for the adjustment.
2. The governing body, or board of supervisors, shall also have the authority as a part of the plan of refinancing, adjusting, composing, and refunding of the district’s indebtedness, to cancel the old assessments collectible against the land within the district, pledged to the payment of the district’s outstanding indebtedness and proportionately and equitably to revely the assessments, with interest, over the period covered by the new bonds, in an amount sufficient to pay the new bonds and interest on the bonds. However, the new assessments created against any tract of land within the district shall not be in excess of the unpaid assessments against the tract before the readjustment or composition is made, and the new and extended assessment against the tract shall fully replace the old assessment.
[C35, §7714-g2; C39, §7714.27; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §463.27]

468.567 Report and hearing — appeal.
1. At the direction of the governing board of such district, or board of supervisors, the county auditor of the county within which the land on which the indebtedness is being adjusted is situated, shall compile a tabulated report as to the lands within the said district, setting forth:
   a. The name of the owner of each assessed tract as shown by the transfer books in the county auditor’s office.
   b. The amount of the unpaid old assessments against each of said tracts.
   c. The amount of the new assessment required to pay the new bonds to be issued, together with the installments to be paid thereon annually of principal and interest, and the maximum period of time over which such assessments shall be paid.
2. After such report is tabulated and filed, a hearing upon the contemplated action of the governing body of such district, or board of supervisors, to make the proposed adjustment, composition, renewal and refunding in such adjusted amount of its outstanding indebtedness,
together with the issuance of bonds and the levying of assessments therefor, shall be had in the manner and upon the same notice as is prescribed in sections 468.543 through 468.545 and appeal may be made therefrom as provided in this part.

468.573 Parties — notice — service.
The board of supervisors of such county or counties wherein the drainage district is located, shall be notified of the proceeding and hearing by original notice served in the same manner
as in civil actions; notice of said hearing shall be served upon all owners of each tract of land or lot within such drainage district, as shown by the transfer books in the county auditor’s office, upon each lienholder or encumbrancer of any land within the said drainage district as shown by the county records, and upon all persons holding claims against said drainage district, as shown by the county records, and also upon all other persons whom it may concern, including bondholders and actual occupants of the land within said drainage district, without naming individuals, by publication thereof, once each week for two consecutive weeks, in some newspaper of general circulation in the county or counties where said drainage district is located, the last of which publications shall be not less than twenty days prior to the date set for hearing on the said petition and a copy of such notice shall also be sent by ordinary mail to the person’s last known address unless there is on file an affidavit of one of the petitioners or the petitioner’s attorney stating that no mailing address is known and that diligent inquiry has been made to ascertain it. Such copy of notice shall be mailed not less than twenty days prior to the date set for hearing. Proof of publication and mailing shall be by affidavit and shall be included in the records of the proceedings.

[C35, §7714-5; C39, §7714.32; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §464.4]

468.574 Jurisdiction of court.
The district court shall have jurisdiction and power to adjudicate all the rights and issues between the drainage district, and the landowners, bondholders, lienholders, encumbrancers, claimants and creditors of the drainage district, and in determining the rights of the parties, shall take into consideration, the maturity of the bonds, the interest rate of the bonds, the present schedule and classification of assessments on the real estate, the ratio between the amount in default, and the amount of unpaid assessments in the drainage district, the gross amount needed to retire the bonds now outstanding and in default, the current retirement schedule on other indebtedness of the drainage district, the general tax structure of the drainage district, the unpaid taxes in the drainage district, the default by the drainage district in the payment of its bonded indebtedness, and the current financial condition of the taxpayers.

[C35, §7714-6; C39, §7714.33; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §464.5]
89 Acts, ch 126, §2
CS89, §468.574

468.575 Conservator appointed.
If the court finds that the necessary parties have instituted the proceedings, and that all necessary parties have been properly served with notice, and the order of the court, and that the drainage district is in default in the payment of its installment assessments, or the interest thereon, the court shall enter an order appointing the county auditor of the county in which such drainage district is located, or if such drainage district is located in more than one county, the county auditor of the county wherein the greater portion of the lands within said drainage district are located, receiver for the said drainage district, said receiver being hereafter called “conservator”, and the said conservator shall be under the court’s direction. The conservator shall be allowed such compensation as may be determined by the court, and said conservator may employ, under the direction and approval of the court, an attorney, and such assistants as may be necessary to perform the duties required by the conservator under the law, and orders of court.

[C35, §7714-7; C39, §7714.34; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §464.6]
89 Acts, ch 126, §2
CS89, §468.575

The conservator shall, within thirty days from the date of the conservator’s appointment, prepare and file with the clerk of the district court, a full report, giving in detail, the bonded
indebtedness of said drainage district, the accrued interest thereon, and any and all other indebtedness owing by said drainage district; a full and complete schedule of all lands sold at tax sale, including the amount of drainage assessments thereon; a list of all real estate within the drainage district, showing the unpaid assessments thereon; also said conservator shall set forth a schedule, under which the bonded indebtedness of said drainage district may be reamortized; also a schedule under which all other indebtedness of said drainage district may be paid or reamortized. Upon the filing of the report by the conservator, the court shall set a date for hearing thereon, which date shall not be less than ten or more than fifteen days, from the filing thereof.

[C35, §7714-f8; C39, §7714.35; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §464.7]
89 Acts, ch 126, §2
CS89, §468.576

468.577 Adjudication on report.
At the hearing of the conservator’s report, the court shall fix and determine the amount of money in the hands of the county treasurer belonging to the drainage district; the amount of the indebtedness of the drainage district; and to whom the indebtedness is due, and shall fix and determine the time, manner, and priority of payment of the indebtedness. The court shall fix and determine the amount of unpaid assessment or assessments against each tract of land within the drainage district, and may extend the time of payment, and reamortize and reallocate the assessments upon each tract of land within the drainage district. If the court finds that the assessments as levied against each tract of land within the drainage district are not sufficient to pay the indebtedness due and owing by the drainage district, the court may order the board of supervisors of the county within which the drainage district is located, to levy an assessment against the lands within the drainage district, in an amount to pay the deficit. However, assessment for the payment of drainage bonds or improvement certificates shall not be levied against any tract of land if the owner of the land is not delinquent in payment of any assessment. The amount of the reassessment on a particular piece of land shall be in direct proportion to the amount of unpaid assessments on the land. The assessment or expenses incidental thereto, for the payment of drainage bonds or improvement certificates under this part, shall not be levied against any tract of land if the owner of the land had previously paid all of the owner’s assessment. The assessment shall be assessed and levied by the board of supervisors upon the lands within the drainage district, in the same proportion as the original assessment. A copy of the order entered by the court shall be filed by the clerk of the district court with the county auditor, and the schedule of payments of the indebtedness of the drainage district as fixed and determined by the court shall be entered upon the drainage records of the drainage district and also spread upon the tax records of the county, and shall become due and payable at the same time as ordinary taxes, and shall be collected in the same manner with the same interest for delinquency, and the same manner of enforcing collection by tax sale. The court may apportion the costs between the creditors of the drainage district and the drainage district.

[C35, §7714-f9; C39, §7714.36; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §464.8]

468.578 Refunding bonds.
The court shall direct the board of supervisors to issue bonds in lieu of the outstanding drainage bonds for said drainage district, and additional bonds for the accrued interest and other indebtedness of said drainage district. Said bonds shall be payable in amounts, and at the time and manner, and with priority of payments as has been determined by order of court, as provided by section 468.577, and shall be called “conservator’s drainage district bonds”. Each bond shall be numbered and shall state on its face that it is a conservator’s drainage district bond; that it is issued in pursuance of a resolution adopted by the board of supervisors, under order of court, and giving the name of the court and the county where
such court is held; that it is issued to pay indebtedness of the drainage district; shall state the county where such district is located, and the number of the drainage district for which it is issued; shall state the date of maturity of the bond, the rate of interest thereon, which rate shall not exceed that permitted by chapter 74A, and that the bond is to be paid only from taxes assessed, levied and collected on the lands within the drainage district for which the bond is issued subject to the provisions of section 468.577. All bonds shall be signed by the chairperson of the board of supervisors and countersigned by the conservator designated as such. The interest coupons attached to said bonds shall be attested by the signature of the conservator or a facsimile thereof. When the bonds have been executed as herein required, the conservator may sell said bonds at not less than par with accrued interest thereon, and pay the indebtedness of said drainage district, or may exchange said bonds with the creditors of said drainage district in amounts as have been fixed and determined by the court, and the conservator shall cancel all drainage bonds, improvement certificates, warrants or other evidence of indebtedness received by the conservator in lieu of the conservator’s bonds.

468.580 Trustees as parties.
Should a drainage district in default be managed by drainage district trustees, said trustees shall also be named as proper and necessary parties defendant.

468.581 Limitation of action.
No action shall be brought, questioning the validity of any conservator’s drainage district bond issued under this part from and after three months from the date of the order causing the said bonds to be issued.

PART 3
FUNDING OF COUNTY
DRAINAGE DISTRICTS

468.585 Definitions.
As used in this part, unless the context otherwise requires:
1. “Drainage improvement” includes the construction, improvement, or repair of the
principal structures, works, component parts and accessories of a storm sewer, drainage conduit, channel, or levee for the collection, detention, or discharge of drainage or surface waters.

2. "Urban drainage district" or "district" means a district defined by a county and one or more cities within the county pursuant to an agreement entered into by the county and cities in accordance with chapter 28E and this part with respect to drainage improvements which the county and cities determine benefit the property located in the cities and the designated unincorporated area of the county.

3. "Cost" means the same as defined in section 384.37, subsection 26.

468.586 Assessment of costs of drainage improvements.

A county may assess to property within an urban drainage district the cost of a drainage improvement within the county and drainage facilities extending outside the county. A county is empowered to proceed and construct and to assess the cost of a drainage improvement within a district in the same manner as a city may proceed under chapter 384, subchapter IV, and the provisions of chapter 384, subchapter IV, apply to counties with respect to drainage improvements, the assessment of their costs and the issuance of bonds for the improvements. A county may contract for a drainage improvement within a district under this part pursuant to chapter 331, subchapter III, part 3.

468.587 Special assessment bonds.

A county may issue special assessment bonds in anticipation of the collection of special assessments for the cost of drainage improvements within a district in the same manner as provided for cities under subchapter IV of chapter 384.

468.588 Chapter 28E agreement.

An agreement entered into between a city and a county in accordance with chapter 28E with respect to a drainage improvement may include among others the following provisions:

1. The sharing of the total cost of the drainage improvement between the city and the county.

2. The amount of total assessments against private property within the city and within the unincorporated area of the county included within the district.

3. The method of specially assessing and determining benefits.

4. The amount of funds, if any, to be contributed by the city and county to the project other than special assessments.

5. The rates to be established and imposed upon property within the drainage district to pay the expenses of operation and maintenance of the drainage improvements.

6. The reduction of the county’s debt service tax levy rate against property within a city which is a party to the joint agreement.
468.589 Rates and charges for services and connection.
If a county and city have entered into an agreement pursuant to chapter 28E to create an urban drainage district, the county or city or both may, to the extent and in the manner provided in the agreement, establish, impose, adjust, and provide for the collection of rates to produce gross revenues at least sufficient to pay the expenses of operation and maintenance of a drainage improvement against property within the district and establish, impose, adjust, and provide for the collection of charges for connection to a drainage improvement. Rates and charges must be established by ordinance of the governing body of the county or city imposing the rates or charges. Rates or charges for the services of and connection to the drainage improvement if not paid as provided by the ordinance of the governing body, are a lien upon the premises served or benefited by that improvement and may be certified to the county treasurer and collected in the same manner as other taxes.

468.590 Cities subject to debt service tax levy — rates.
1. If a county and city have entered into a joint agreement pursuant to chapter 28E to create a district and issue county general obligation bonds to fund the costs of a drainage improvement in that district, the county's debt service tax levy for the county general obligation bonds shall not be levied against property located in any city except a city which has entered into the joint agreement.
2. The county and the cities entering into the joint agreement may provide in the joint agreement for a different rate of the county's debt service tax levy against property in unincorporated areas of the county and property within those cities.

468.591 Authority.
The authority of a city or county under this part with respect to districts and the financing of drainage improvements is in addition to any other authority of a city or county to contract, and levy special assessments and issue bonds to fund the costs.

468.592 through 468.599 Reserved.

SUBCHAPTER V
INDIVIDUAL DRAINAGE RIGHTS
Referred to in §327G.81, 331.382, 331.502, 468.3, 468.397

468.600 Drainage through land of others — application.
When the owner of any land desires to construct any levee, open ditch, tile or other underground drain, for agricultural or mining purposes, or for the purposes of securing more
complete drainage or a better outlet, across the lands of others or across the right-of-way of a railroad or highway, or when two or more landowners desire to construct a drain to serve their lands, the landowner or landowners may file with the auditor of the county in which any such land or right-of-way is situated, an application in writing, setting forth a description of the land or other property through which the landowner is desirous of constructing any such levee, ditch, or drain, the starting point, route, terminus, character, size, and depth thereof. The auditor shall collect a fee of one dollar for filing each application for a ditch or drain.

[C73, §1217; C97, §1955; S13, §1955; C24, 27, 31, 35, 39, §7715; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §465.1]

89 Acts, ch 126, §2
CS89, §468.600

468.601 Notice of hearing — service.
Upon the filing of any such application, the auditor shall forthwith fix a time and place for hearing thereon before the county board of supervisors, which hearing shall be not more than ninety days nor less than thirty days from the time of the filing of such application, and cause notice in writing to be served upon the owner of each tract of land across which any such levee, ditch, or drain is proposed to be located, as shown by the transfer books in the office of the county auditor, and also upon the person in actual occupancy of any such lands, of the pendency and prayer of such application and the time and place set for hearing on the same before the board of supervisors, which notice, as to residents of the county and railroad companies, shall be served not less than ten days before the time set for such hearing, in the manner that original notices are required to be served. Notice to a railroad company may be served upon any station agent.

[C73, §1218; C97, §1955; S13, §1955; C24, 27, 31, 35, 39, §7716; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §465.2]

Manner of service, R.C.P. 1.302 – 1.315

468.602 Service upon nonresident.
In case any such owner is a nonresident of the county the owner may be personally served in the manner required for original notices or, in lieu thereof, the owner may be given notice as provided in section 468.15.

[C73, §1218; C97, §1955; S13, §1955; C24, 27, 31, 35, 39, §7717; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §465.3]

89 Acts, ch 126, §2
CS89, §468.602

468.603 Service on omitted parties — adjournment.
If at the hearing it should appear that any person entitled to notice has not been served with notice, the board may postpone such hearing and fix a new time for the same, and notice of such new time of hearing may be served on such omitted persons in the manner and for the time provided by law and by fixing such new time for hearing and by adjournment to such time, the board shall not lose jurisdiction of the subject matter of such proceeding nor of any persons previously served with notice.

[S13, §1955; C24, 27, 31, 35, 39, §7718; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §465.4]

89 Acts, ch 126, §2
CS89, §468.603

468.604 Claims for damages — waiver.
Any person or corporation claiming damages or compensation for or on account of the construction of any such improvement, shall file a claim in writing therefor with the auditor
at or before the time fixed for hearing on the application. A failure to file such claim at the
time specified shall be deemed to be a waiver of the right to claim or recover such damage.
[S13, §1955; C24, 27, 31, 35, 39, §7719; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §465.5]
89 Acts, ch 126, §2
CS89, §468.604

468.605 Hearing — sufficiency of application — damages.
At the time set for hearing on the application, if the board shall find that all necessary
parties have been served with notice as required, they shall proceed to hear and determine
the sufficiency of the application as to form and substance, which application may be
amended both as to form and substance before final action thereon. They shall also
determine the merits of the application, all objections thereto, and all claims filed for
damages or compensation, and may view the premises. The board may adjourn the
proceedings from day to day, but no adjournment shall be for a longer period than ten days.

468.606 Shall locate when — specifications.
If the supervisors find that the levee, ditch, or drain petitioned for will be beneficial for
sanitary, agricultural, or mining purposes, they shall locate the same and fix the points
of entrance and exit on such land or property, the course of the same through each
tract of land, the size, character, and depth thereof, when and in what manner the same
shall be constructed, how kept in repair, what connections may be made therewith, what
compensation, if any, shall be made to the owners of such land or property for damages
by reason of the construction of any such improvements, and any other question arising in
connection therewith.

468.607 Findings — record.
The board shall reduce its findings, decision, and determination to writing, which shall be
filed with the auditor, who shall record it in the official record of the board’s proceedings,
together with the application and all other papers filed in connection therewith, and the
auditor shall cause the findings and decision of the board to be recorded in the office of the
recorder of the county in which such land is situated and said decision shall be final unless
appealed from as provided in section 468.608.

468.608 Appeal — notice.
Either party may appeal to the district court from any such decision by causing to be served,
within ten days from the time it was filed with the auditor, a notice in writing upon the opposite
party of the taking of such appeal, which notice shall be served in the same manner as is
provided for the service of original notices. If the appellant is the party petitioning for the
drain, the appellant shall also file a bond, conditioned to pay all costs of appeal that may be
assessed against the appellant, which bond, if good and sufficient, shall be approved by the auditor.

468.621 Drainage in course of natural drainage — reconstruction — damages.

Owners of land may drain the land in the general course of natural drainage by constructing or reconstructing open or covered drains, discharging the drains in any natural watercourse or depression so the water will be carried into some other natural watercourse, and if the drainage is wholly upon the owner’s land the owner is not liable in damages for the drainage unless it increases the quantity of water or changes the manner of discharge on the land of another. An owner in constructing a replacement drain, wholly on the owner’s land, and in the exercise of due care, is not liable in damages to another if a previously constructed drain on the owner’s own land is rendered inoperative or less efficient by the new drain, unless in violation of the terms of a written contract. This section does not affect the rights or liabilities of proprietors in respect to running streams.

468.622 Drainage connection with highway.

1. When the course of natural drainage of any land runs to a public highway, the owner of such land shall have the right to enter upon the highway for the purpose of connecting the owner’s drain or ditch with any drain or ditch constructed along or across the highway. In making the connections, the owner shall do so in accordance with specifications furnished by the highway authorities having jurisdiction over the highway, which specifications shall be furnished to the owner on application. The owner shall leave the highway in as good condition in every way as it was before the work was done.

2. If a tile line or drainage ditch must be projected across the right-of-way to a suitable

468.623 Private drainage system — record.
1. Any person who has provided a system of drainage on land owned by the person may have the same made a matter of record in the office of the county recorder of the county in which the drainage system is located, provided any drainage system constructed after July 1, 1969, shall be made a matter of record. The record shall contain the applicable entries specified in sections 558.49 and 558.52.

2. Records under subsection 1 may be used to give the owner’s name, description of tracts of land drained, stating the time when the drainage system was established, the kind, quality, and brand of tile used, the name and place of the manufacturing plant, the name of contractors who laid the tile, the name of the engineer in charge of the survey and installation, the cost of tile, delivery, installation, and engineering expense, depths, grades, outlets, connections, contracts for agreements with adjoining landowners as to connections, and any other matters or information that may be considered of value, and such information may be furnished by the landowner or the engineer having charge of the installation and certified to under oath.

468.626 Original plat filed.
In lieu of making the record as provided in section 468.623, any landowner may file with the county recorder the original plat used in the establishment of the drainage system, or a copy of the plat, which shall be certified by the engineer having made the same. If practicable, a plat filed under this section shall be made a matter of record and shall contain the applicable entries specified in sections 558.49 and 558.52.

468.629 Lost records — hearing.
When the records of any mutual drain are incomplete or have been lost, or when the owner of any land affected by such mutual drain believes that the apportionment of costs or damages is inequitable or that repair or reconstruction is needed, such owner may petition the board of supervisors for relief. The board shall notify all affected parties of such petition, and set a date for a hearing on the petition. The board may adjourn the proceedings from day to day, but no adjournment shall be for more than ten days, and may order such engineering examinations, reclassifications of lands and appraisals of damages as they deem necessary. At the completion of the hearing the supervisors shall reestablish the original records or establish a revised record and basis for apportionment of costs and damages as they find equitable and advisable, and may order such repairs or reconstruction as they find to be needed. All cost of such reestablishment or revisions of records, and of the needed repair or reconstruction shall be apportioned in accordance with the basis established.

468.633 Lost or incomplete records.
If the records referred to in section 468.632 are incomplete or have been lost, the board may reestablish such records so as to proportion future costs and damages in proportion to the benefits and damages received because of the construction of such mutual drains and
improvements thereof, and may order such surveys, engineering reports, reclassification of lands and appraisal of damages as they deem necessary. All costs of such proceedings shall be assessed against the benefited lands.

[CS89, §468.633]

468.634 Petition to combine with established district.

Upon receipt of a petition, signed by the owners of the lands served by a mutual drain, requesting that such drain be combined with an established drainage district, the board shall hold a hearing with due notice to the owners of all lands affected by said mutual drain, and if the board finds it desirable it may by resolution make such mutual drains a part of the established district. Such hearing and resolution may be continued as the board deems necessary for the collection of additional information as provided in section 468.633. Such combination with an established district shall constitute dissolution of the mutual drain, and shall be so recorded, after which such mutual drain shall be a part of the district drain in all respects.

ENERGY INDEPENDENCE INITIATIVES

Repealed by 2011 Acts, ch 118, §49, 89
For provisions regarding transfer of funds under the control of the office of energy independence to the economic development authority, continued administration of grants, or contracts by the economic development authority, continued administration of grants or loans awarded from the Iowa power fund, continued administration of federal grant funds by the economic development authority, and employment status of certain office of energy independence employees, see 2011 Acts, ch 118, §51, 89

CHAPTER 469A
HYDROELECTRIC PLANTS

Referred to in §28F.14

469A.1 Certificate of convenience and necessity.
It shall be unlawful for any person, firm, association or corporation to engage in the business of constructing, maintaining or operating within this state any hydroelectric generating plant or project without first having obtained from the executive council of Iowa a certificate of convenience and necessity declaring that the public convenience and necessity require such construction, maintenance or operation.
[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §469A.1]

469A.2 Public hearing.
No certificate of convenience and necessity shall be issued by the executive council except after a public hearing thereon. The executive council shall, upon the filing of an application for such a certificate, fix the time of the public hearing thereon and shall prescribe the notice which shall be given by the applicant. Any interested person, firm, association, corporation, municipality, state board or commission may intervene and participate in such proceeding and at such hearing.
[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §469A.2]

469A.3 Public welfare promoted.
Before the executive council shall issue a certificate of convenience and necessity, it shall first be satisfied that the public convenience and necessity will be promoted thereby, that the applicant has the financial ability to carry out the terms and conditions imposed, and the applicant has in writing agreed to accept, abide by and comply with such reasonable terms and conditions as the executive council may require and impose.
[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §469A.3]
469A.4 Rules imposed.
The executive council shall prescribe such rules as it may determine necessary for the administration of the provisions of this chapter and may amend such rules at any time.
[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §469A.4]

469A.5 Costs advanced.
The executive council shall, upon the filing of an application, require the applicant to deposit with the secretary of the executive council such amount as the council shall determine, to pay the expenses to be incurred by the executive council in its investigations and in conducting the proceedings, and the executive council may, from time to time as it deems necessary, require the deposit of additional amounts for such purpose.
[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §469A.5]

469A.6 Amendment or revocation.
The executive council may at any time for just cause or upon the failure of the applicant to comply with and to obey the terms and conditions attached to the issuance of any certificate, or when the public convenience and necessity demands, alter, amend or revoke any certificate issued under the provisions of this chapter.
[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §469A.6]

469A.7 Penalty.
Any person, firm, association or corporation who shall violate the provisions of section 469A.1, shall be guilty of a serious misdemeanor. Each separate day that a violation occurs shall constitute a separate offense.
[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §469A.7]

469A.8 Unlawful combination — receivership.
The state may take possession of a dam for which a permit has been issued under section 455B.275 through receivership proceedings, if the dam becomes owned, leased, trusted, possessed, or controlled by a person in a manner constituting an unlawful combination or trust, or if the dam is the subject or part of the subject of an agreement to limit the output of hydraulic or hydroelectric power derived from the dam for the purpose of price fixing. The receivership proceedings must be instituted by the executive council, and shall be conducted for the purpose of disposing of the dam for a lawful use. The proceeds from the disposition shall be used to reimburse the state for expenses incurred in the receivership. The remaining proceeds shall be awarded to persons found by the court to be entitled to the proceeds.

CHAPTER 470
LIFE CYCLE COST ANALYSIS
OF PUBLIC FACILITIES
Referred to in §331.361, 473.15

470.1 Definitions.
470.2 Policy — analysis required.
470.3 Elements of analysis.
470.4 Analysis approved.
470.5 Exceptions.
470.6 Restriction on use of public funds.
470.7 Life cycle cost analysis — approval.
470.8 Life cycle cost analysis — implementation and exemptions.

470.1 Definitions.
As used in this chapter unless the context otherwise requires:
1. “Addition” means new construction equal to or greater than twenty thousand square
feet of usable floor space that is heated or cooled by a mechanical or electrical system
and is joined to an existing facility.
2. “Authority” means the economic development authority created in section 15.105.
3. “Commissioner” means the state building code commissioner.
4. “Director” means the director of the economic development authority.
5. “Economic life” means the projected or anticipated useful life of a facility as expressed
by a term of years.
6. “Energy system” includes but is not limited to the following equipment or measures:
   a. Equipment used to heat or cool the facility.
   b. Equipment used to heat water in the facility.
   c. On-site equipment used to generate electricity for the major facility.
   d. On-site equipment that uses the sun, wind, oil, natural gas, coal, or electricity as a
      power source.
   e. Energy conservation measures in the facility design and construction that decrease
      the energy requirements of the facility.
7. “Facility” means a building having twenty thousand square feet or more of usable floor
   space that is heated or cooled by a mechanical or electrical system.
8. “Initial cost” means the moneys required for the capital construction or renovation of
   a facility or the construction of an addition.
9. “Life cycle cost analysis” means an analytical technique that considers certain costs of
   owning, using, and operating a facility over its economic life including but not limited to
   the following:
   a. Initial costs.
   b. System repair and replacement costs.
   c. Maintenance costs.
   d. Operating costs, including energy costs.
   e. Salvage value.
10. “Public agency” means a state agency, political subdivision of the state, school district,
    area education agency, or community college.
11. “Renovation” means a project where alterations, that are not additions, to an existing
    facility exceed fifty percent of the value of a facility and will affect an energy system.

[C81, §470.1]
Acts, ch 1109, §1, 2, 9

470.2 Policy — analysis required.
The general assembly declares that energy management is of primary importance in the
design of publicly owned facilities. On or after May 26, 2016, a public agency responsible
for the construction or renovation of a facility or the construction of an addition shall, in a
design begun after that date, include as a design criterion the requirement that a life cycle
cost analysis be conducted for the facility. The objectives of the life cycle cost analysis are to
optimize energy efficiency at an acceptable life cycle cost. The life cycle cost analysis shall
meet the requirements of section 470.3.

[C81, §470.2]
2016 Acts, ch 1109, §3, 9

470.3 Elements of analysis.
1. A life cycle cost analysis shall include but is not limited to the following elements:
   a. Specification of energy management objectives and health, safety, and functional
      constraints. The facility design shall comply with applicable state or local building code
      requirements.
   b. Identification of the energy needs of the facility and energy system alternatives to meet
      those needs.
   c. Cost of the energy system alternatives identified in paragraph “b” of this subsection.
   d. Determination of amounts and timing of cash flow.
(470.3), Life Cycle Cost Analysis of Public Facilities

V-1236

e. Calculation of life cycle cost using an economic model such as, but not limited to, rate of return, annual equivalent cost or present equivalent cost.

f. Evaluation of design and system alternatives using a method such as, but not limited to, design matrices, ranking tables, or network analysis.

2. A public agency or a person preparing a life cycle cost analysis for a public agency shall use the methodology set forth in the guidelines established, by rule, by the commissioner.

[C81, §470.3]
Referred to in §470.2

470.4 Analysis approved.

The life cycle cost analysis shall be approved by the public agency before contracts for the construction or renovation of a facility or the construction of an addition are let. A public agency may accept a facility design and shall meet the requirements of this chapter if the design meets the operational requirements of the agency and provides the optimum life cycle cost. The public agency shall retain a copy of the life cycle cost analysis and a statement justifying a design decision both of which shall be available for public inspection at reasonable hours.

[C81, §470.4]
2016 Acts, ch 1109, §5, 9

470.5 Exceptions.

This chapter does not apply to buildings used on January 1, 1980 by the division of adult corrections of the department of human services as maximum security detention facilities or to the renovation of property nominated to, or entered in the national register of historic places, designated by statute, or included in an established list of historic places compiled by the historical division of the department of cultural affairs.

[C81, §470.5; 82 Acts, ch 1238, §22]
83 Acts, ch 96, §157, 159

470.6 Restriction on use of public funds.

Public funds shall not be used for the construction or renovation of a facility or the construction of an addition unless the design for the work is prepared in accordance with this chapter and the actual construction or renovation of the facility or the construction of the addition meets the requirements of the design.

[C81, §470.6]
2016 Acts, ch 1109, §6, 9

470.7 Life cycle cost analysis — approval.

1. The public agency responsible for the new construction or renovation of a public facility or the construction of an addition to a public facility shall submit a copy of the life cycle cost analysis for review by the commissioner who shall consult with the authority. If the public agency is also a state agency under section 7D.34, comments by the authority or the commissioner, including any recommendation for changes in the analysis, shall, within thirty days of receipt of the analysis, be forwarded in writing to the public agency. If either the authority or the commissioner disagrees with any aspects of the life cycle cost analysis, the public agency affected shall timely respond in writing to the commissioner and the authority. The response shall indicate whether the agency intends to implement the recommendations and, if the agency does not intend to implement them, the public agency shall present its reasons. The reasons may include but are not limited to a description of the purpose of the facility or renovation, preservation of historical architectural features, architectural and site considerations, and health and safety concerns.

2. Within thirty days of receipt of the response of the public agency affected, the authority, the commissioner, or both, shall notify in writing the public agency affected of the authority’s, the commissioner’s, or both’s agreement or disagreement with the response. In the event of
a disagreement, the authority, the commissioner, or both, shall at the same time transmit the notification of disagreement with response and related papers to the executive council for resolution pursuant to section 7D.34. The life cycle cost analysis process, including submittal and approval, and implementation exemption requests pursuant to section 470.8, shall be completed prior to the letting of contracts for the construction or renovation of a facility or the construction of an addition.

Referred to in §7D.35

470.8 Life cycle cost analysis — implementation and exemptions.

1. The public agency responsible for the new construction or renovation of a public facility or the construction of an addition shall implement the recommendations of the life cycle cost analysis.

2. The commissioner shall adopt rules for the implementation and administration of the life cycle cost analysis. The commissioner, in consultation with the director, shall, by rule, develop criteria to exempt facilities from the implementation requirements of this section. Using the criteria, the commissioner, in cooperation with the director, shall exempt facilities on a case-by-case basis. Factors to be considered when developing the exemption criteria shall include, but not be limited to, a description of the purpose of the facility or renovation, the preservation of historical architectural features, site considerations, and health and safety concerns. The commissioner and the director shall grant or deny a request for exemption from the requirements of this section within thirty days of receipt of the request.

473.1 Definitions.

As used in this chapter, unless the context otherwise requires:

1. “Alternative and renewable energy” means energy sources including but not limited to solar, wind turbine, waste management, resource recovery, recovered energy generation, refuse-derived fuel, hydroelectric, agricultural crops or residues, hydrogen produced using renewable fuel sources, and woodburning, or relating to renewable fuel development and distribution.

2. “Authority” means the economic development authority created in section 15.105.

3. “Director” means the director of the authority or a designee.

4. “Energy” or “energy sources” means gasoline, fuel oil, natural gas, propane, coal, special fuels, and electricity.

5. “Renewable fuel” means a fuel that is all of the following:

   a. A motor vehicle fuel that is any of the following:

      (1) Produced from grain; starch; oilseed; vegetable, animal, or fish materials, including but not limited to fats, greases, and oil; sugar components, grasses, or potatoes; or other biomass.

      (2) Natural gas produced from a biogas source including but not limited to a landfill, sewage waste treatment plant, animal feeding operation, or other place where decaying organic material is found.

      b. Used to replace or reduce the quantity of fossil fuel present in a motor fuel mixture used to operate a motor vehicle.

6. “Supplier” means any person engaged in the business of selling, importing, storing, or generating energy sources, alternative and renewable energy, or renewable fuel in Iowa.

473.2 Findings.

The general assembly finds that the health, welfare, and prosperity of all Iowans require the provision of adequate, efficient, reliable, environmentally safe, and least-cost energy at prices which accurately reflect the long-term cost of using such energy resources and which are equitable to all Iowans. The goals and objectives of this policy are to ensure the following:

1. Efficiency. The provision of reliable energy at the least possible cost to Iowans in such manner that:

   a. Physical, human, natural, and financial resources are allocated efficiently.

   b. All supply and demand options are considered and evaluated using comparable terms and methods in order to determine how best to meet consumers’ demands for energy at the least cost.
2. **Environmental quality.** The protection of the environment from the adverse external costs of an energy resource utilization so that:

a. Environmental costs of proposed actions having a significant impact on the environment and the environmental impact of the alternatives are identified, documented, and considered in the resource development.

b. The prudently and reasonably incurred costs of environmental controls are recovered.

### 473.3 Energy resource management goal.

1. The goal of this state is to efficiently utilize energy resources to enhance the economy of the state by decreasing the state’s dependence on nonrenewable energy resources from outside the state and by reducing the amount of energy used. This goal is to be implemented through the development of policies and programs that promote energy efficiency, energy conservation, and alternative and renewable energy use by all Iowans, through the development and enhancement of an energy efficiency and alternative and renewable energy industry, through the commercialization of energy resources and technologies that are economically and environmentally viable, and through the development and implementation of effective public information and education programs.

2. State government shall be a model and testing ground for the use of energy efficiency, energy conservation, and alternative and renewable energy systems.

### 473.4 through 473.6 Reserved.

### 473.7 Duties of the authority.

The authority shall:

1. Supply and annually update the following information:

   a. The historical use and distribution of energy in Iowa.

   b. The growth rate of energy consumption in Iowa, including rates of growth for each energy source.

   c. A projection of Iowa’s energy needs at a minimum through the year 2025.

   d. The impact of meeting Iowa’s energy needs on the economy of the state, including the impact of energy efficiency and renewable energy on employment and economic development.

   e. The impact of meeting Iowa’s energy needs on the environment of the state, including the impact of energy production and use on greenhouse gas emissions.

   f. An evaluation of renewable energy sources, including the current and future technological potential for such sources.

2. Collect and analyze data to use in forecasting future energy demand and supply for the state. A supplier is required to provide information pertaining to the supply, storage, distribution, and sale of energy sources in this state when requested by the authority. The information shall be of a nature which directly relates to the supply, storage, distribution, and sale of energy sources, and shall not include any records, documents, books, or other data which relate to the financial position of the supplier. The authority, prior to requiring any supplier to furnish it with such information, shall make every reasonable effort to determine if such information is available from any other governmental source. If it finds such information is available, the authority shall not require submission of the information from a supplier. Notwithstanding the provisions of chapter 22, information and reports obtained under this section shall be confidential except when used for statistical purposes
without identifying a specific supplier and when release of the information will not give an advantage to competitors and serves a public purpose. The authority shall use this data to conduct energy forecasts.

3. Develop, recommend, and implement with appropriate agencies public and professional education and communication programs in energy efficiency, energy conservation, and conversion to alternative and renewable energy.

4. When necessary to carry out its duties under this chapter, enter into contracts with state agencies and other qualified contractors.

5. Receive and accept grants made available for programs relating to duties of the authority under this chapter.

6. Promulgate rules necessary to carry out the provisions of this chapter, subject to review in accordance with chapter 17A. Rules promulgated by the governor pursuant to a proclamation issued under the provisions of section 473.8 shall not be subject to review or a public hearing as required in chapter 17A; however, authority rules for implementation of the governor’s proclamation are subject to the requirements of chapter 17A.

7. Assist in the implementation of public education and communications programs in energy development, use, and conservation, in cooperation with the department of education, the state university extension services, and other public or private agencies and organizations as deemed appropriate by the authority.

8. Develop a program to annually give public recognition to innovative methods of energy conservation, energy management, and alternative and renewable energy production.

9. Administer and coordinate federal funds for energy conservation, energy management, and alternative and renewable energy programs.

10. Administer and coordinate the state building energy management program including projects funded through private financing.

11. Provide information from monthly fuel surveys which establish a statistical average of motor fuel prices for various motor fuels provided throughout the state. Additionally, the authority shall provide statewide monthly fuel survey information which establishes a statistical average of motor fuel prices for various motor fuels provided in both metropolitan and rural areas of the state. The survey results shall be publicized in a monthly press release issued by the authority.

12. Conduct a study on activities related to energy production and use which contribute to global climate change, in conjunction with institutions under the control of the state board of regents. The study shall take the form of a climate change impacts review, to include the following:
   a. Performance of an initial review of available climate change impacts studies relevant to this state.
   b. Preparation of a summary of available data on recent changes in relevant climate conditions.
   c. Identification of climate change impacts issues which require further research and an estimate of their cost.
   d. Identification of important public policy issues relevant to climate change impacts.

C93, §473.7

473.8 Emergency powers.
1. If the authority by resolution determines the health, safety, or welfare of the people of this state is threatened by an actual or impending acute shortage of usable energy, it shall transmit the resolution to the governor together with its recommendation on the declaration of an emergency by the governor and recommended actions, if any, to be undertaken. Within thirty days of the date of the resolution, the governor may issue a proclamation of emergency
which shall be filed with the secretary of state. The proclamation shall state the facts relied upon and the reasons for the proclamation.

2. a. Pursuant to the proclamation of an emergency or in response to a declaration of an energy emergency by the president of the United States under the federal Emergency Energy Conservation Act of 1979, Pub. L. No. 96-102, the governor by executive order may:

(1) Regulate the operating hours of energy consuming instrumentalities of state government, political subdivisions, private institutions and business facilities to the extent the regulation is not hazardous or detrimental to the health, safety, or welfare of the people of this state. However, the governor shall have no authority to suspend, amend or nullify any service being provided by a public utility pursuant to an order or rule of a federal agency which has jurisdiction over the public utility.

(2) Establish a system for the distribution and supply of energy. The system shall not include a coupon rationing program, unless the program is federally mandated.

(3) Curtail public and private transportation utilizing energy sources. Curtailment may include measures designed to promote the use of car pools and mass transit systems.

(4) Delegate any administrative authority vested in the governor to the authority or the director.

(5) Provide for the temporary transfer of directors, personnel, or functions of state departments and agencies, for the purpose of performing or facilitating emergency measures pursuant to subparagraphs (1) and (2).

b. If the general assembly is in session, it may revoke by concurrent resolution any proclamation of emergency issued by the governor. If the general assembly is not in session, the proclamation of emergency by the governor may be revoked by a majority vote of the standing membership of the legislative council. Such revocation shall be effective upon receipt of notice of the revocation by the secretary of state and any functions being performed pursuant to the governor’s proclamation shall cease immediately.

3. A violation of an executive order of the governor issued pursuant to this section is a scheduled violation as provided in section 805.8C, subsection 1. If the violation is continuous and stationary in its nature and subsequent compliance can easily be ascertained, an officer may issue a memorandum of warning in lieu of a citation providing a reasonable amount of time not exceeding fourteen days to correct the violation and to comply with the requirements of the executive order.

473.9 Set-aside definitions.
As used in section 473.10 unless the context otherwise requires:
1. “Hardship” means a situation involving or potentially involving substantial discomfort or danger or economic dislocation caused by a shortage or distribution imbalance of a liquid fossil fuel.

2. “Liquid fossil fuel” means heating oils, diesel oil, motor gasoline, propane, residual fuel oils, kerosene, and aviation fuels.

3. “Prime supplier” means an individual, trustee, agency, partnership, association, corporation, company, municipality, political subdivision or other legal entity that makes the first sale of a liquid fossil fuel into the state distribution system for consumption within the state.

[81 Acts, ch 32, §3]
C83, §93.9
C93, §473.9
473.10 Reserve required.
1. If the authority or the governor finds that an impending or actual shortage or distribution imbalance of liquid fossil fuels may cause hardship or pose a threat to the health and economic well-being of the people of the state or a significant segment of the state's population, the authority or the governor may authorize the director to operate a liquid fossil fuel set-aside program as provided in subsection 2.

2. Upon authorization by the authority or the governor the director may require a prime supplier to reserve a specified fraction of the prime supplier's projected total monthly release of liquid fossil fuel in Iowa. The director may release any or all of the fuel required to be reserved by a prime supplier to end-users or to distributors for release through normal retail distribution channels to retail customers. However, the specified fraction required to be reserved shall not exceed three percent for propane, aviation fuel and residual oil, and five percent for motor gasoline, heating oil, and diesel oil.

3. The authority shall periodically review and may terminate the operation of a set-aside program authorized by the authority under subsection 1 when the authority finds that the conditions that prompted the authorization no longer exist. The governor shall periodically review and may terminate the operation of a set-aside program authorized by the governor under subsection 1 when the governor finds that the conditions that prompted the authorization no longer exist.

4. The authority shall adopt rules to implement this section.

473.13A Energy management improvements identified and implemented.
The state, state agencies, political subdivisions of the state, school districts, area education agencies, and community colleges shall identify and implement, through energy audits and engineering analyses, all energy management improvements identified for which financing is facilitated by the authority for the entity. The energy management improvement financings shall be supported through payments from energy savings.

§473.14 Reserved.

§473.15 Annual report.
The authority shall complete an annual report to assess the progress of state agencies in implementing energy management improvements, alternative and renewable energy systems, and life cycle cost analyses under chapter 470, and on the use of renewable fuels. The authority shall work with state agencies and with any entity, agency, or organization with which they are associated or involved in such implementation, to use available information.
to minimize the cost of preparing the report. The authority shall also provide an assessment of the economic and environmental impact of the progress made by state agencies related to energy management and alternative and renewable energy, along with recommendations on technological opportunities and policies necessary for continued improvement in these areas.

473.19 Building energy management program.
1. The building energy management program is established by the authority. The building energy management program consists of the following forms of assistance for the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations:
   a. Promoting program availability.
   b. Developing or identifying guidelines and model energy techniques for the completion of energy analyses for state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations.
   c. Providing technical assistance for conducting or evaluating energy analyses for state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations.
   d. Providing or facilitating loans, leases, and other methods of alternative financing under the energy loan program for the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations to implement energy management improvements or energy analyses.
   e. Providing assistance for obtaining insurance on the energy savings expected to be realized from the implementation of energy management improvements.
   f. Facilitating self-liquidating financing for the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations pursuant to section 473.20A.
   g. Assisting the treasurer of state with financing agreements entered into by the treasurer of state on behalf of state agencies to finance energy management improvements pursuant to section 12.28.

2. For the purpose of this section, section 473.20, and section 473.20A, “energy management improvement” means construction, rehabilitation, acquisition, or modification of an installation in a facility or vehicle which is intended to reduce energy consumption, or energy costs, or both, or allow the use of alternative and renewable energy. “Energy management improvement” may include control and measurement devices. “Nonprofit organization” means an organization exempt from federal income taxation under section 501(c)(3) of the Internal Revenue Code.

3. The authority shall submit a report by January 1 annually to the governor and the general assembly detailing services provided and assistance rendered pursuant to the building energy management program and pursuant to sections 473.20 and 473.20A, and receipts and disbursements in relation to the building energy management fund created in section 473.19A.

4. Moneys awarded or allocated to the state, its citizens, or its political subdivisions as a result of the federal court decisions and United States department of energy settlements resulting from alleged violations of federal petroleum pricing regulations attributable to or contained within the Stripper Well fund shall be allocated to and remain under the control of the authority for utilization for energy program-related staff support purposes.

86 Acts, ch 1167, §2
473.19A Building energy management fund.
1. The building energy management fund is created within the state treasury under the control of the authority. The fund shall be used for the operational expenses and administrative costs incurred by the authority in facilitating and administering the building energy management program established in section 473.19.
2. The building energy management fund shall consist of amounts deposited into the fund or allocated from the following sources:
   a. Any moneys awarded or allocated to the state, its citizens, or its political subdivisions as a result of the federal court decisions and United States department of energy settlements resulting from alleged violations of federal petroleum pricing regulations attributable to or contained within the Exxon fund. Amounts remaining in the oil overcharge account established in section 455E.11, subsection 2, paragraph "e", Code 2007, and the energy conservation trust established in section 473.11, Code 2007, as of June 30, 2008, shall be deposited into the building energy management fund pursuant to this paragraph, notwithstanding section 8.60, subsection 15, Code 2007.
   b. (1) Moneys received in the form of fees imposed upon the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations for services performed or assistance rendered pursuant to the building energy management program. Fees imposed pursuant to this paragraph shall be established by the authority in an amount corresponding to the operational expenses or administrative costs incurred by the authority in performing services or providing assistance authorized pursuant to the building energy management program, as follows:
      (a) For a building of up to twenty-five thousand square feet, two thousand five hundred dollars.
      (b) For a building in excess of twenty-five thousand square feet, an additional eight cents per square foot.
      (c) A building that houses more energy intensive functions may be subject to a higher fee than the fees specified in subparagraph divisions (a) and (b) as determined by the authority.
      (2) Any fees imposed shall be retained by the authority and are appropriated to the authority for purposes of providing services or assistance under the program.
   c. Moneys appropriated by the general assembly and any other moneys, including grants and gifts from government and nonprofit organizations, available to and obtained or accepted by the authority for placement in the fund.
   d. Moneys contained in the intermodal revolving loan fund administered by the department of transportation for the fiscal year beginning July 1, 2019, and succeeding fiscal years.
   e. Moneys in the fund are not subject to section 8.33. Notwithstanding section 12C.7, interest or earnings on moneys in the fund shall be credited to the fund.
3. The building energy management fund shall be limited to a maximum of one million dollars. Amounts in excess of this maximum limitation shall be transferred to and deposited in the rebuild Iowa infrastructure fund created in section 8.57, subsection 5.

473.20 Energy loan program.
1. An energy loan program is established and shall be administered by the authority.
2. The authority may facilitate the loan process for political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations for implementation of energy management improvements identified in an energy analysis.
Loans shall be facilitated for all cost-effective energy management improvements. For political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations to receive loan assistance under the program, the authority shall require completion of an energy management plan including an energy analysis. The authority shall approve loans facilitated under this section.

3. a. Cities and counties shall repay the loans from moneys in their debt service funds. Area education agencies shall repay the loans from any moneys available to them.

   b. School districts and community colleges may enter into financing arrangements with the authority or its duly authorized agents or representatives obligating the school district or community college to make payments on the loans beyond the current budget year of the school district or community college. Chapter 75 shall not be applicable. School districts shall repay the loans from moneys in either their general fund or debt service fund. Community colleges shall repay the loans from their general fund. Other entities receiving loans under this section shall repay the loans from any moneys available to them.

4. For the purpose of this section, “loans” means loans, leases, or alternative financing arrangements.

5. Political subdivisions of the state, school districts, area education agencies, and community colleges shall design and construct the most energy cost-effective facilities feasible and may use financing facilitated by the authority to cover the incremental costs above minimum building code energy efficiency standards of purchasing energy-efficient devices and materials unless other lower cost financing is available. As used in this section, “facility” means a structure that is heated or cooled by a mechanical or electrical system, or any system of physical operation that consumes energy to carry out a process.

6. The authority shall not require the state, state agencies, political subdivisions of the state, school districts, area education agencies, and community colleges to implement a specific energy management improvement identified in an energy analysis if the entity which prepared the analysis demonstrates to the authority that the facility which is the subject of the energy management improvement is unlikely to be used or operated for the full period of the expected savings payback of all costs associated with implementing the energy management improvement, including without limitation, any fees or charges of the authority, engineering firms, financial advisors, attorneys, and other third parties, and all financing costs including interest, if financed.

473.20A Self-liquidating financing.

1. a. The authority may facilitate financing agreements that may be entered into with political subdivisions of the state, school districts, area education agencies, community colleges, or nonprofit organizations to finance the costs of energy management improvements on a self-liquidating basis. The provisions of section 473.20 defining eligible energy management improvements apply to financings under this section.

   b. The financing agreement may contain provisions, including interest, term, and obligations to make payments on the financing agreement beyond the current budget year, as may be acceptable to political subdivisions of the state, school districts, area education agencies, community colleges, or nonprofit organizations.

   c. The authority shall assist the treasurer of state with financing agreements entered into by the treasurer of state on behalf of state agencies pursuant to section 12.28 to finance energy management improvements being implemented by state agencies.

2. Political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations may enter into financing agreements and issue
obligations necessary to carry out the provisions of the chapter. Chapter 75 shall not be applicable.

473.41 Energy city designation program.
1. The authority shall establish an energy city designation program, with the objective of encouraging cities to develop and implement innovative energy efficiency programs. To qualify for designation as an energy city, a city shall submit an application on forms prescribed by the authority by rule, indicating the following:
   a. Submission of community-based plans for energy reduction projects, energy-efficient building construction and rehabilitation, and alternative or renewable energy production.
   b. Efforts to secure local funding for community-based plans, and documentation of any state or federal grant or loan funding being pursued in connection therewith.
   c. Involvement of local schools, civic organizations, chambers of commerce, and private groups in a community-based plan.
   d. Existing or proposed ordinances encouraging energy efficiency and conservation, recycling efforts, and energy-efficient building code provisions and enforcement.
   e. Organization of an energy day observance and proclamation with a commemorating event and awards ceremony for leading energy-efficient community businesses, groups, schools, or individuals.
2. The authority shall establish by rule criteria for awarding energy city designations. If more than one designation is awarded annually, the criteria shall include a requirement that the authority award the designations to cities of varying populations. Rules shall also be established identifying and publicizing state grant and loan programs relating to energy efficiency, and the development of a procedure whereby the authority shall coordinate with other state agencies preferences given in the awarding of grants or making of loans to energy city designated applicants.

473.43 Reserved.

473A.1 Midwest energy compact.

The Midwest energy compact is enacted into law and entered into with all other states which legally join in the compact in substantially the following form:

1. **Article I — Purpose.** It is the purpose of this compact to protect, preserve, and enhance:
   a. The economic and general welfare of citizens of the joining states by increasing energy efficiency and energy independence.
   b. The economies and very existence of local communities in such states, the economies of which are dependent upon imported energy sources.

2. **Article II — Commission.**
   a. **Organization and management.**
      (1) There is hereby created an agency of the member states to be known as the interstate Midwest energy commission, hereinafter called the commission. The commission shall consist of three residents of each member state who shall have a background in energy efficiency and who shall be appointed as follows: One member appointed by the governor, who shall serve at the pleasure of the governor; one senator appointed in the manner prescribed by the senate of the state, except that in Iowa the appointment shall be made by the president of the senate, after consultation with the majority leader and the minority leader of the senate, and except that two senators may be appointed by the governor of the state of Nebraska from the unicameral legislature of the state of Nebraska; and one member of the house of representatives appointed in the manner prescribed by the house of representatives of the state. The member first appointed by the governor shall serve for a term of one year and the senator and representative first appointed shall each serve for a term of two years. Thereafter all members appointed shall serve for two-year terms. The attorneys general of member states or assistants designated by the attorneys general shall be nonvoting members of the commission.
      (2) Each member shall be entitled to one vote. A member must be present to vote and no voting by proxy shall be permitted. The commission shall not act unless a majority of the voting members are present, and no action shall be binding unless approved by a majority of the total number of voting members present.
      (3) The commission shall be a body corporate of each member state and shall adopt an official seal to be used as it may provide.
      (4) The commission shall hold an annual meeting and other regular meetings as its bylaws may provide and special meetings as its executive committee may determine. The commission bylaws shall specify the dates of the annual and any other regular meetings, and shall provide for the giving of notice of annual, regular, and special meetings. Notices of special meetings shall include the reasons therefor and an agenda of the items to be considered.
      (5) The commission shall elect annually, from among its voting members, a chairperson, a vice chairperson, and a treasurer. The commission shall appoint an executive director who shall serve at its pleasure, and shall fix the duties and compensation of the director. The executive director shall be secretary of the commission. The commission shall make provision for the bonding of those of its officers and employees as it may deem appropriate.
      (6) Irrespective of the civil service, personnel, or other merit system laws of any member state, the executive director shall appoint or discharge personnel as may be necessary for the performance of the functions of the commission and shall fix, with the approval of the commission, their duties and compensation. The commission bylaws shall provide for personnel policies and programs. The commission may establish and maintain, independently of or in conjunction with any one or more of the member states, a suitable
retirement system for its full-time employees. Employees of the commission shall be eligible for social security coverage in respect of old age and survivors insurance provided that the commission takes steps as may be necessary pursuant to federal law to participate in the program of insurance as a governmental agency or unit. The commission may establish and maintain or participate in additional programs of employee benefits as may be appropriate. The commission may borrow, accept, or contract for the services of personnel from any state, the United States, or any other governmental entity.

(7) The commission may accept for any of its purposes and functions any and all donations and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any governmental entity, and may utilize and dispose of the same.

(8) The commission may establish one or more offices for the transacting of its business.

(9) The commission shall adopt bylaws for the conduct of its business. The commission shall publish its bylaws in convenient form, and shall file a copy of the bylaws and any amendments thereto with the appropriate agency or officer in each of the member states.

(10) The commission annually shall make to the governor and legislature of each member state a report covering its activities for the preceding year. Any donation or grant accepted by the commission or services borrowed shall be reported in the annual report of the commission, and shall include the nature, amount, and conditions, if any, of the donation, gift, grant, or services borrowed and the identity of the donor or lender. The commission may make additional reports as it may deem desirable.

b. Committees. The commission may establish committees from its membership as its bylaws may provide for the carrying out of its functions.

3. Article III — Powers and duties of commission.

a. The commission shall conduct comprehensive and continuing studies and investigations of energy efficiency measures and their relationship to and effect upon the citizens and economies of the member states.

b. The commission shall make recommendations for the correction of weaknesses and solutions to problems in present energy efficiency measures or the development of alternatives thereto, including the development, drafting, and recommendation of proposed state or federal legislation.

c. The commission is hereby authorized to do all things necessary and incidental to the administration of its functions under this compact.

4. Article IV — Finance.

a. The commission shall submit to the governor of each member state a budget of its estimated expenditures for the period required by the laws of that state for presentation to the legislature of that state.

b. The moneys necessary to finance the general operations of the commission not otherwise provided for in carrying forth its duties, responsibilities, and powers as stated herein shall be appropriated to the commission by the member states, when authorized by the respective legislatures. Appropriations by member states for the financing of the operations of the commission in the initial biennium of the compact shall be in the amount of fifty thousand dollars for each member state. Thereafter the total amount of appropriations requested shall be apportioned among the member states in the manner determined by the commission. Failure of a member state to provide its share of financing is cause for the state to lose its membership in the compact.

c. The commission shall not incur any obligations of any kind prior to the making of appropriations adequate to meet the same, nor shall the commission pledge the credit of any of the member states, except by and with the authority of the member state.

d. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the commission.

e. The accounts of the commission shall be open for inspection at any reasonable time.

5. Article V — Eligible parties, entry into force, withdrawal, and termination.
a. Any state contiguous to Iowa may become a member of this compact.

b. This compact shall become effective initially when enacted into law by any five states and in additional states upon their enactment of the same into law.

c. Any member state may withdraw from this compact by enacting a statute repealing the compact, but such withdrawal shall not become effective until one year after the enactment of the repealing statute and the notification of the commission thereof by the governor of the withdrawing state. A withdrawing state shall be liable for any obligations which it incurred on account of its membership up to the effective date of withdrawal, and if the withdrawing state has specifically undertaken or committed itself to any performance of an obligation extending beyond the effective date of withdrawal, it shall remain liable to the extent of that obligation.

d. This compact shall terminate one year after the notification of withdrawal by the governor of any member state which reduces the total membership in the compact to less than five states.

SUBTITLE 5
PUBLIC UTILITIES

CHAPTER 474
UTILITIES DIVISION

474.1 Creation of division and board — organization.
   1. A utilities division is created within the department of commerce. The policymaking
   body for the division is the utilities board which is created within the division. The board
   is composed of three members appointed by the governor and subject to confirmation by
   the senate, not more than two of whom shall be from the same political party. Each member
   appointed shall serve for six-year staggered terms beginning and ending as provided by
   section 69.19. Vacancies shall be filled for the unexpired portion of the term in the same
   manner as full-term appointments are made.
   2. a. Subject to confirmation by the senate, the governor shall appoint a member as the
   chairperson of the board. The chairperson shall be the administrator of the utilities division.
   The appointment as chairperson shall be for a two-year term which begins and ends as
   provided in section 69.19.
   b. The board shall appoint a chief operating officer to manage the operations of the
   utilities division as directed by the board. The board shall set the salary of the chief operating
   officer within the limits of the pay plan for exempt positions provided for in section 8A.413,
   subsection 3, unless otherwise provided by the general assembly. The board may employ
   additional personnel as it finds necessary.
   3. As used in this chapter and chapters 475A, 476, 476A, 478, 479, 479A, and 479B,
   “division” and “utilities division” mean the utilities division of the department of commerce.

474.2 Certain persons barred from office.
   A person who is employed by any common carrier or other public utility or who owns
   any bonds, stock, or property in any public utility shall not be eligible to hold the office of
   utilities board member or chief operating officer of the utilities board. A member or chief
   operating officer who enters into employment with any common carrier or other public utility
   or who acquires any stock or other interest in any common carrier or other public utility after
   appointment as a member or chief operating officer shall be disqualified from holding or
   performing the duties of the office.

   Referred to in §475A.1
   Section amended
474.3 Proceedings.
The utilities board may in all cases conduct its proceedings, when not otherwise prescribed by law, in such manner as will best conduce to the proper dispatch of business and the attainment of justice.
[C97, §2142; C24, 27, 31, 35, 39, §7867; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §474.3]

474.4 Quorum — personal interest.
A majority of the utilities board shall constitute a quorum for the transaction of business, but no member shall participate in any hearing or proceeding in which the member has any pecuniary interest.
[C97, §2142; C24, 27, 31, 35, 39, §7868; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §474.4]

474.5 Rules, forms and service.
1. The utilities board may from time to time make or amend its rules or orders as necessary for the preservation of order and the regulation of proceedings before it, including forms of notice and the service thereof, which shall conform as nearly as may be to those in use in the courts of the state.
2. The utilities board shall adopt rules approving the types of city-owned or utility-owned lighting which shall be used in providing energy-efficient exterior lighting under sections 364.23 and 476.62.
[C97, §2142; C24, 27, 31, 35, 39, §7869; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §474.5]

474.6 Appearances — record of votes — public hearings.
Any party may appear before the utilities board and be heard in person or by attorney. Every vote and official action thereof shall be entered of record, and, upon the request of either party or person interested, its proceedings shall be public.
[C97, §2142; C24, 27, 31, 35, 39, §7870; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §474.6]

474.7 Seal.
The utilities board shall have a seal, of which courts shall take judicial notice.
[C97, §2142; C24, 27, 31, 35, 39, §7871; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §474.7]

474.8 Office — time employed — expenses.
The utilities board shall have an office at the seat of government. Each member shall devote the member’s whole time to the duties of the office, and the members, chief operating officer, and other employees shall receive their actual necessary traveling expenses while in the discharge of their official duties away from the general offices.

474.9 General jurisdiction of utilities board.
The utilities board has general supervision of all pipelines and all lines for the transmission, sale, and distribution of electrical current for light, heat, and power pursuant to chapters 476, 476A, 478, 479, 479A, and 479B and has other duties as provided by law.
[S13, §2120-n; C24, 27, 31, 35, 39, §7874; C46, 50, 54, 58, 62, 66, 71, 73, §474.10; C75, 77, 79, 81, §474.9] 88 Acts, ch 1134, §90; 89 Acts, ch 296, §71; 95 Acts, ch 192, §4

474.10 General counsel.
The board shall employ a competent attorney to serve as its general counsel, and assistants to the general counsel as it finds necessary for the full and efficient discharge of its duties. The general counsel is the attorney for, and legal advisor of, the board and is exempt from the merit system provisions of chapter 8A, subchapter IV. Assistants to the general counsel are subject to the merit system provisions of chapter 8A, subchapter IV. The general counsel or
an assistant to the general counsel shall provide the necessary legal advice to the board in all matters and represent the board in all actions instituted in a state or federal court challenging the validity of a rule or order of the board. The existence of a fact which disqualifies a person from election or from acting as a utilities board member disqualifies the person from employment as general counsel or assistant general counsel. The general counsel shall devote full time to the duties of the office. During employment the counsel shall not be a member of a political committee, contribute to a political campaign fund other than through the income tax checkoff for contributions to the presidential election campaign fund, participate in a political campaign, or be a candidate for a political office.

CHAPTER 475
RESERVED

CHAPTER 475A
CONSUMER ADVOCATE

Referred to in §474.1

475A.1 Consumer advocate.

1. Appointment. The attorney general shall appoint a competent attorney to the office of consumer advocate, subject to confirmation by the senate, in accordance with section 2.32. The consumer advocate is the chief administrator of the consumer advocate division of the department of justice. The advocate’s term of office is for four years. The term begins and ends in the same manner as set forth in section 69.19.

2. Vacancy. If a vacancy occurs in the office of consumer advocate, the vacancy shall be filled for the unexpired term in the same manner as an original appointment under the procedures of section 2.32.

3. Disqualification. The existence of a fact which disqualifies a person from election or acting as utilities board member under section 474.2 disqualifies the person from appointment or acting as consumer advocate.

4. Political activity prohibited. The consumer advocate shall devote the advocate’s entire time to the duties of the office. During the advocate’s term of office the advocate shall not be a member of a political committee or contribute to a political campaign fund other than through the income tax checkoff for contributions to the presidential election campaign fund or take part in political campaigns or be a candidate for a political office.

5. Removal. The attorney general may remove the consumer advocate for malfeasance or nonfeasance in office, or for any cause which renders the advocate ineligible for appointment, or incapable or unfit to discharge the duties of the advocate’s office; and the advocate’s removal, when so made, is final.

83 Acts, ch 127, §8, 46; 86 Acts, ch 1245, §742, 743; 2017 Acts, ch 144, §11, 14

475A.2 Duties.
The consumer advocate shall:

1. Investigate the legality of all rates, charges, rules, regulations, and practices of all persons under the jurisdiction of the utilities board, and institute civil proceedings before
the board or any court to correct any illegality on the part of any such person. In any such investigation, the person acting for the office of the consumer advocate shall have the power to ask the board to issue subpoenas, compel the attendance and testimony of witnesses, and the production of papers, books, and documents, at the discretion of the board.

2. Act as attorney for and represent all consumers generally and the public generally in all proceedings before the utilities board.

3. Institute as a party judicial review of any decision of the utilities board, if the consumer advocate deems judicial review to be in the public interest.

4. Appear for all consumers generally and the public generally in all actions instituted in any state or federal court which involve the validity of a rule, regulation, or order of the utilities board.

5. Act as attorney for and represent all consumers generally and the public generally in proceedings before federal and state agencies and related judicial review proceedings and appeals, at the discretion of the consumer advocate.

6. Appear and participate as a party in the name of the office of consumer advocate in the performance of the duties of the office.

83 Acts, ch 127, §9

475A.3 Office — employees — expenses.

1. Office. The office of consumer advocate shall be a separate division of the department of justice and located at the same location as the utilities division of the department of commerce. Administrative support services may be provided to the consumer advocate division by the department of commerce.

2. Employees. The consumer advocate may employ attorneys, legal assistants, secretaries, clerks, and other employees the consumer advocate finds necessary for the full and efficient discharge of the duties and responsibilities of the office. The consumer advocate may employ consultants as expert witnesses or technical advisors pursuant to contract as the consumer advocate finds necessary for the full and efficient discharge of the duties of the office. Employees of the consumer advocate division, other than the consumer advocate, are subject to merit employment, except as provided in section 8A.412.

3. Salaries, expenses, and appropriation. The salary of the consumer advocate shall be fixed by the attorney general within the salary range set by the general assembly. The salaries of employees of the consumer advocate shall be at rates of compensation consistent with current standards in industry. The reimbursement of expenses for the employees and the consumer advocate is as provided by law. The appropriation for the office of consumer advocate shall be a separate line item contained in the appropriation from the department of commerce revolving fund created in section 546.12.

Referred to in §546.12

475A.4 Utilities division records.

The consumer advocate has free access to all the files, records, and documents in the office of the utilities division except:

1. Personal information in confidential personnel records of the utilities division.

2. Records which represent and constitute the work product of the general counsel of the utilities board, and records of confidential communications between utilities board members and their general counsel, where the records relate to a proceeding before the board in which the consumer advocate is a party or a proceeding in any state or federal court in which both the board and the consumer advocate are parties.

3. Customer information of a confidential nature which could jeopardize the customer’s competitive status and is provided by the utility to the division. Such information shall be provided to the consumer advocate by the division, if the board determines it to be in the public interest.

§475A.5, CONSUMER ADVOCATE

475A.5 Service.
The consumer advocate is entitled to service of all documents required by statute or rule to be served on parties in proceedings before the utilities board and all notices, petitions, applications, complaints, answers, motions, and other pleadings filed pursuant to statute or rule with the board.
83 Acts, ch 127, §12

475A.6 Certification of expenses to utilities division.
1. a. The consumer advocate shall determine the advocate’s expenses, including a reasonable allocation of general office expenses, directly attributable to the performance of the advocate’s duties involving specific persons subject to direct assessment, and shall certify the expenses to the utilities division not less than quarterly. The expenses shall then be includable in the expenses of the division subject to direct assessment under section 476.10.
   b. The consumer advocate shall annually, within ninety days after the close of each fiscal year, determine the advocate’s expenses, including a reasonable allocation of general office expenses, attributable to the performance of the advocate’s duties generally, and shall certify the expenses to the utilities division. The expenses shall then be includable in the expenses of the division subject to remainder assessment under section 476.10.
2. The consumer advocate is entitled to notice and opportunity to be heard in any utilities board proceeding on objection to an assessment for expenses certified by the consumer advocate. Expenses assessed under this section shall not exceed the amount appropriated for the consumer advocate division of the department of justice.
3. The office of consumer advocate may expend additional funds, including funds for outside consultants, if those additional expenditures are actual expenses which exceed the funds budgeted for the performance of the advocate’s duties. Before the office expends or encumbers an amount in excess of the funds budgeted, the director of the department of management shall approve the expenditure or encumbrance. Before approval is given, the director of the department of management shall determine that the expenses exceed the funds budgeted by the general assembly to the office of consumer advocate and that the office does not have other funds from which such expenses can be paid. Upon approval of the director of the department of management, the office may expend and encumber funds for excess expenses. The amounts necessary to fund the excess expenses shall be collected from those utilities or persons which caused the excess expenditures, and the collections shall be treated as repayment receipts as defined in section 8.2, subsection 8.
83 Acts, ch 127, §13; 90 Acts, ch 1247, §10; 99 Acts, ch 20, §1, 6; 2016 Acts, ch 1011, §84
Referred to in §476.10, §76.53

475A.7 Consumer advisory panel.
The attorney general shall appoint five members and the governor shall appoint four members to a consumer advisory panel to meet at the request of the consumer advocate for consultation regarding public utility regulation. A member shall be appointed from each congressional district with the appointee residing within the congressional district at the time of appointment. The remaining appointees shall be members at large. No more than five members shall belong to the same political party as provided in section 69.16. Not more than a simple majority of the members shall be of the same gender. The members appointed by the attorney general shall serve four-year terms at the pleasure of the attorney general and their appointments are not subject to confirmation. The members appointed by the governor shall serve four-year terms at the pleasure of the governor and their appointments are not subject to confirmation. The governor or attorney general shall fill a vacancy in the same manner as the original appointment for the unexpired portion of the member’s term. Members of the consumer advisory panel shall serve without compensation, but shall be reimbursed for actual expenses from funds appropriated to the consumer advocate division.

SUBCHAPTER I
REGULATION AUTHORITY

476.1 Applicability of authority.
1. The utilities board within the utilities division of the department of commerce shall regulate the rates and services of public utilities to the extent and in the manner hereinafter provided.
2. As used in this chapter, “board” or “utilities board” means the utilities board within the utilities division of the department of commerce.
3. As used in this chapter, “public utility” shall include any person, partnership, business association, or corporation, domestic or foreign, owning or operating any facilities for:
   a. Furnishing gas by piped distribution system or electricity to the public for compensation.
   b. Furnishing communications services to the public for compensation.
   c. Furnishing water by piped distribution system to the public for compensation.
   d. Furnishing sanitary sewage or storm water drainage disposal by piped collection system to the public for compensation.
4. This chapter does not apply to municipally owned waterworks, waterworks having less than two thousand customers, joint water utilities established pursuant to chapter 389, rural water districts incorporated and organized pursuant to chapters 357A and 504, cooperative water associations incorporated and organized pursuant to chapter 499, municipally owned sanitary sewage or storm water drainage systems, sanitary districts incorporated and organized pursuant to chapter 358, districts organized pursuant to chapter 468, or a person furnishing electricity to five or fewer customers either by secondary line or from an alternate energy production facility or small hydro facility, from electricity that is produced primarily for the person’s own use.
5. The jurisdiction of the board under this chapter shall include efforts designed to promote the use of energy efficiency strategies by gas and electric utilities required to be rate-regulated.

[C66, 71, 73, 75, §490A.1; C77, 79, 81, §476.1; 81 Acts, ch 156, §4]

Referred to in §161.151, 306.46, 352.6, 388.2A, 423.3, 455H.304, 476.6, 476.20, 476.22, 476.27, 476.58, 476.84, 476.91, 499.30, 499.33, 714H.4, 716.8B, 716.7

476.1A Applicability of authority — certain electric utilities.
1. Electric public utilities having fewer than ten thousand customers and electric cooperative corporations and associations are not subject to the regulation authority of the board, except for regulatory action pertaining to all of the following:
   a. Assessment of fees for the support of the division and the office of consumer advocate, pursuant to section 476.10.
   b. Safety and engineering standards for equipment, operations, and procedures.
   c. Assigned area of service.
   d. Pilot projects of the board.
   e. Assessment of fees for the support of the Iowa energy center created in section 15.120 and the center for global and regional environmental research established by the state board of regents. This paragraph “e” is repealed July 1, 2022.
   f. Filing alternate energy purchase program plans with the board, and offering such programs to customers, pursuant to section 476.47.
2. However, sections 476.20, subsections 1 through 4, 476.21, 476.51, 476.56, 476.62, and 476.66 and chapters 476A and 478, to the extent applicable, apply to such electric utilities.
3. Electric cooperative corporations and associations and electric public utilities exempt from rate regulation under this section shall not make or grant any unreasonable preferences
or advantages as to rates or services to any person or subject any person to any unreasonable prejudice or disadvantage.

4. The board of directors or the membership of an electric cooperative corporation or association otherwise exempt from rate regulation may elect to have the cooperative’s rates regulated by the board. The board shall adopt rules prescribing the manner in which the board of directors or the membership of an electric cooperative may so elect. If the board of directors or the membership of an electric cooperative has elected to have the cooperative’s rates regulated by the board, after two years have elapsed from the effective date of such election the board of directors or the membership of the electric cooperative may elect to exempt the cooperative from the rate regulation authority of the board, provided, however, that if the membership elected to have the cooperative’s rates regulated by the board, only the membership may elect to exempt the cooperative from the rate regulation authority of the board.

Referred to in §476.44, 476.58

476.1B Applicability of authority — municipally owned utilities.

1. Unless otherwise specifically provided by statute, a municipally owned utility furnishing gas or electricity is not subject to regulation by the board under this chapter, except for regulatory action pertaining to:
   a. Assessment of fees for the support of the division and the office of consumer advocate, as set forth in section 476.10.
   b. Safety standards.
   c. Assigned areas of service, as set forth in sections 476.22 through 476.26.
   d. Enforcement of civil penalties pursuant to section 476.51.
   e. Disconnection of service, as set forth in section 476.20, subsections 1 through 4.
   f. Encouragement of alternate energy production facilities, as set forth in sections 476.41 through 476.45.
   g. Enforcement of section 476.56.
   h. Enforcement of section 476.66.
   i. Enforcement of section 476.62.
   j. Assessment of fees for the support of the Iowa energy center created in section 15.120 and the center for global and regional environmental research created by the state board of regents. This paragraph “j” is repealed July 1, 2022.
   k. An electric power agency as defined in chapter 28F and section 390.9 that includes as a member a city or municipally owned utility that builds transmission facilities after July 1, 2001, is subject to applicable transmission reliability rules or standards adopted by the board for those facilities.
   l. Filing alternate energy purchase program plans with the board, and offering such programs to customers, pursuant to section 476.47.

2. The board may waive all or part of the energy efficiency filing and review requirements for municipally owned utilities which demonstrate superior results with existing energy efficiency efforts.

3. Unless otherwise specifically provided by statute, a municipally owned utility providing local exchange services is not subject to regulation by the board under this chapter except for regulatory action pertaining to the enforcement of sections 476.95, 476.95A, 476.95B, 476.100, and 476.102.

Referred to in §476.58
476.1C Applicability of authority — certain gas utilities.
1. Gas public utilities having fewer than two thousand customers:
   a. Are not subject to the regulation authority of the utilities board under this chapter
      unless otherwise specifically provided. Sections 476.10, 476.20, 476.21, and 476.51 apply
to such gas utilities.
   b. Shall be subject to the assessment of fees for the support of the Iowa energy center
      created in section 15.120 and the center for global and regional environmental research
      created by the state board of regents. This paragraph “b” is repealed July 1, 2022.
   c. Shall file energy efficiency plans and energy efficiency results with the board. The
      energy efficiency plans as a whole shall be cost-effective. The board may waive all or part
      of the energy efficiency filing requirements if the gas utility demonstrates superior results with
      existing energy efficiency efforts.
   d. Shall keep books, accounts, papers and records accurately and faithfully in the manner
      and form prescribed by the board. The board may inspect the accounts of the utility at any
      time.
   e. (1) May make effective a new or changed rate, charge, schedule, or regulation after
      giving written notice of the proposed new or changed rate, charge, schedule, or regulation
      to all affected customers served by the public utility. The notice shall inform the customers
      of their right to petition for a review of the proposal to the utilities board within sixty days
      after notice is served if the petition contains the signatures of at least one hundred of the
      gas utility’s customers. The notice shall state the address of the utilities board. The new or
      changed rate, charge, schedule, or regulation takes effect sixty days after such valid notice is
      served unless a petition for review of the new or changed rate, charge, schedule, or regulation
      signed by at least one hundred of the gas utility’s customers is filed with the board prior to
      the expiration of the sixty-day period.
      (2) If such a valid petition is filed with the board within the sixty-day period, any new
      or changed rate, charge, schedule, or regulation shall take effect, under bond or corporate
      undertaking, subject to refund of all amounts collected in excess of those amounts which
      would have been collected under the rates or charges finally approved by the board.
      The board shall within five months of the date of filing make a determination of just
      and reasonable rates based on a review of the proposal, applying established regulatory
      principles. The board may call upon the gas public utility and its customers to furnish
      factual evidence in support of or opposition to the new or changed rate, charge, schedule, or
      regulation. If the gas public utility disputes the finding, the utility may within twenty days
      file for further review, and the board shall docket the case as a formal proceeding under
      section 476.6, subsection 4, and set the case for hearing. The gas public utility shall submit
      factual evidence and written argument in support of the filing.
   f. Shall not make effective a new or changed rate, charge, schedule, or regulation which
      relates to services for which a rate change is pending within twelve months following the
      date the petition to review the prior proposed rate, charge, schedule, or regulation was filed
      with the board or until the board has made its determination of just and reasonable rates,
      whichever date is earlier, unless the utility applies to the board for authority and receives
      authority to make a subsequent rate change at an earlier date.
   g. Shall not make or grant any unreasonable preferences or advantages as to rates or
      services to any person or subject any person to any unreasonable prejudice or disadvantage.
      Rates charged by a gas public utility having less than two thousand customers for
      transportation of customer-owned gas shall not exceed the actual cost of such transportation
      services including a fair rate of return.
2. If, as a result of a review of a proposed new or changed rate, charge, schedule, or
   regulation of a gas public utility having fewer than two thousand customers, the consumer
   advocate alleges in a filing with the board that the utility rates are excessive, the disputed
   amounts shall be specified by the consumer advocate in the filing. The gas public utility shall,
   within the time prescribed by the board, file a bond or undertaking approved by the board
   conditioned upon the refund in a manner prescribed by the board of amounts collected after
   the date of the filing which are in excess of rates or charges finally determined by the board
   to be lawful. If after formal proceeding and hearing pursuant to section 476.6 the board finds
that the utility rates are unlawful, the board shall order a refund, with interest, of amounts
collected after the date of filing of the petition that are determined to be in excess of the
amounts which would have been collected under the rates finally approved. However, the
board shall not order a refund that is greater than the amount specified in the petition, plus
interest. If the board fails to render a decision within ten months following the date of filing
of the petition, the board shall not order a refund of any excess amounts that are collected
after the expiration of that ten-month period and prior to the date the decision is rendered.

§476.1D, PUBLIC UTILITY REGULATION
V-1260

476.1D Regulation and deregulation of communications services.
1. Except as provided in this section, the jurisdiction of the board as to the regulation
of communications services is not applicable to a service or facility that is provided or
is proposed to be provided by a telephone utility that is or becomes subject to effective
competition, as determined by the board.
   a. In determining whether a service or facility is or becomes subject to effective
competition, the board shall consider, among other factors, whether a comparable service or
facility is available from a supplier other than the telephone utility in the geographic market
being considered by the board and whether market forces in that market are sufficient to
assure just and reasonable rates without regulation.
   b. When considering market forces in the market proposed to be deregulated, the board
shall consider factors including but not limited to the presence or absence of all of the
following:
      (1) Wireless communications services.
      (2) Cable telephony services.
      (3) Voice over internet protocol services.
      (4) Economic barriers to the entry of competitors or potential competitors in that market.
2. Deregulation of a service or facility for a utility is effective only after a finding of
effective competition by the board.
3. If the board finds that a service or facility is subject to effective competition, the board
shall deregulate the service or facility within a reasonable time.
4. Upon deregulation, all investment, revenues, and expenses associated with the service
or facility shall be removed from the telephone utility’s regulated operations and shall not
be considered by the board in setting rates for the telephone utility unless they continue to
affect the utility’s regulated operations. If the board considers investment, revenues, and
expenses associated with unregulated services or facilities in setting rates for the telephone
utility, the board shall not use any profits or costs from such unregulated services or facilities
to determine the rates for regulated services or facilities.
5. Notwithstanding the presence of effective competition, if the board determines a
service or facility is an essential communications service or facility and the public interest
warrants retention of service regulation, the board shall deregulate rates and may continue
service regulation.
6. The board may reimpose rate and service regulation on a deregulated service or facility
if it determines the service or facility is no longer subject to effective competition.
7. The board may reimpose service regulation only on a deregulated service or facility if
the board determines the service or facility is an essential communications service or facility
and the public interest warrants service regulation, notwithstanding the presence of effective
competition.
8. If the board reimposes regulation pursuant to subsection 6 or 7, the reimposition of
regulation shall apply to all providers of the service or facility.
9. The board may investigate and obtain information from providers of deregulated
services or facilities to determine whether the services or facilities are subject to effective
competition or whether the service or facility is an essential communications service or
facility and the public interest warrants service regulation. However, the board shall not, for
purposes of this subsection, request or obtain information related to the provider’s costs or earnings.

476.2 Board powers and rules — utility’s Iowa office.

1. The board shall have broad general powers to effect the purposes of this chapter notwithstanding the fact that certain specific powers are set forth in this section. The board shall have authority to issue subpoenas and to pay the same fees and mileage as are payable to witnesses in the courts of record of general jurisdiction and shall establish all needful, just and reasonable rules, not inconsistent with law, to govern the exercise of its powers and duties, the practice and procedure before it, and to govern the form, contents and filing of reports, documents and other papers provided for in this chapter or in the board’s rules. In the establishment, amendment, alteration or repeal of any of such rules, the board shall be subject to the provisions of chapter 17A.

2. The board shall employ at rates of compensation consistent with current standards in industry such professionally trained engineers, accountants, attorneys, and skilled examiners and inspectors, secretaries, clerks, and other employees as it may find necessary for the full and efficient discharge of its duties and responsibilities as required by this chapter.

3. The board may intervene in any proceedings before the federal energy regulatory commission or any other federal or state regulatory body when it finds that any decision of that tribunal would adversely affect the costs of any public utility service within the state of Iowa.

4. The board shall have authority to inquire into the management of the business of all public utilities, and shall keep itself informed as to the manner and method in which the same is conducted, and may obtain from any public utility all necessary information to enable the board to perform its duties.

5. Each rate-regulated gas and electric utility operating within the state shall maintain within the state the utility’s principal office for Iowa operations. The principal office shall be subject to the jurisdiction of the board and shall house those books, accounts, papers, and records of the utility deemed necessary by the board to be housed within the state. The utility shall maintain within the state administrative, technical, and operating personnel necessary for the delivery of safe and reasonably adequate services and facilities as required pursuant to section 476.8. A public utility which violates this section shall be subject to the penalties provided in section 476.51 and shall be denied authority to recover, for a period determined by the board, the costs of an energy efficiency plan pursuant to section 476.6, subsection 8.

476.3 Complaints — investigation — refunds.

1. A public utility shall furnish reasonably adequate service at rates and charges in accordance with tariffs filed with the board. When there is filed with the board by any person or body politic, or filed by the board upon its own motion, a written complaint requesting the board to determine the reasonableness of the rates, charges, schedules, service, regulations, or anything done or omitted to be done by a public utility subject to this chapter in contravention of this chapter, the written complaint shall be forwarded by the board to the public utility, which shall be called upon to satisfy the complaint or to answer it in writing within a reasonable time to be specified by the board. Copies of the written complaint forwarded by the board to the public utility and copies of all correspondence from the public utility in response to the complaint shall be provided by the board in an expeditious manner to the consumer advocate. If the board determines the public utility’s response is inadequate and there appears to be any reasonable ground for investigating the complaint, the board
§476.3, PUBLIC UTILITY REGULATION

shall promptly initiate a formal proceeding. If the consumer advocate determines the public utility's response to the complaint is inadequate, the consumer advocate may file a petition with the board which shall promptly initiate a formal proceeding if the board determines that there is any reasonable ground for investigating the complaint. The complainant or the public utility also may petition the board to initiate a formal proceeding which petition shall be granted if the board determines that there is any reasonable ground for investigating the complaint. The formal proceeding may be initiated at any time by the board on its own motion. If a proceeding is initiated upon petition filed by the consumer advocate, complainant, or the public utility, or upon the board's own motion, the board shall set the case for hearing and give notice as it deems appropriate. When the board, after a hearing held after reasonable notice, finds a public utility's rates, charges, schedules, service, or regulations are unjust, unreasonable, discriminatory, or otherwise in violation of any provision of law, the board shall determine just, reasonable, and nondiscriminatory rates, charges, schedules, service, or regulations to be observed and enforced.

2. If, as a result of a review procedure conducted under section 476.31, a review conducted under section 476.32, a special audit, an investigation by division staff, or an investigation by the consumer advocate, a petition is filed with the board by the consumer advocate, alleging that a utility's rates are excessive, the disputed amount shall be specified in the petition. The public utility shall, within the time prescribed by the board, file a bond or undertaking approved by the board conditioned upon the refund in a manner prescribed by the board of amounts collected after the date of filing of the petition in excess of rates or charges finally determined by the board to be lawful. If upon hearing the board finds that the utility's rates are unlawful, the board shall order a refund, with interest, of amounts collected after the date of filing of the petition that are determined to be in excess of the amounts which would have been collected under the rates finally approved. However, the board shall not order a refund that is greater than the amount specified in the petition, plus interest, and if the board fails to render a decision within ten months following the date of filing of the petition, the board shall not order a refund of any excess amounts that are collected after the expiration of that ten-month period and prior to the date the decision is rendered.

3. A determination of utility rates by the board pursuant to this section that is based upon a departure from previously established regulatory principles shall apply prospectively from the date of the decision.

476.4 Tariffs filed.

1. Every public utility shall file with the board tariffs showing the rates and charges for its public utility services and the rules and regulations under which such services were furnished, on April 1, 1963, which rates and charges shall be subject to investigation by the board as provided in section 476.3, and upon such investigation the burden of establishing the reasonableness of such rates and charges shall be upon the public utility filing the same. These filings shall be made under such rules as the board may prescribe within such time and in such form as the board may designate. In prescribing rules and regulations with respect to the form of tariffs and any other regulations, the board shall, in the case of public utilities subject to regulation by any federal agency, give due regard to any corresponding rules and regulations of such federal agency, to the end that unnecessary duplication of effort and expense may be avoided so far as reasonably possible. Each public utility shall keep copies of its tariffs open to public inspection under such rules as the board may prescribe.

2. No later than January 1, 2015, a telephone utility is required to file tariffs as provided in this section only for such wholesale services as may be specified by the board.

3. Every rate, charge, rule, and regulation contained in any filing made with the commission on or prior to July 4, 1963, shall be effective as of such date, subject, however, to investigation as provided in this chapter. If any such filing is made prior to the time the commission prescribes rules as aforesaid, and if such filing does not comply as to form
or substance with such rules, then the public utility which filed the same shall within a reasonable time after the adoption of such rules make a new filing or filings complying with such rules, which new filing or filings shall be deemed effective as of July 4, 1963.

476.5 Adherence to schedules.

No public utility subject to rate regulation shall directly or indirectly charge a greater or less compensation for its services than that prescribed in its tariffs, and no such public utility shall make or grant any unreasonable preferences or advantages as to rates or services to any person or subject any person to any unreasonable prejudice or disadvantage.

476.6 Changes in rates, charges, schedules, and regulations — supply and cost review — water costs for fire protection — energy efficiency.

1. **Filing with board.** A public utility subject to rate regulation shall not make effective a new or changed rate, charge, schedule, or regulation until the rate, charge, schedule, or regulation has been approved by the board, except as provided in subsections 8 and 9.

2. **Written notice of increase.** All public utilities, except those exempted from rate regulation by section 476.1 and telecommunications service providers registered pursuant to section 476.95A, shall give written notice of a proposed increase of any rate or charge to all affected customers served by the public utility no more than sixty-two days prior to the time the application for the increase is filed with the board. Public utilities exempted from rate regulation by section 476.1, except telecommunications service providers registered pursuant to section 476.95A, shall give written notice of a proposed increase of any rate or charge to all affected customers served by the public utility at least thirty days prior to the effective date of the increase. If the public utility is subject to rate regulation, the notice to affected customers shall also state that the customer has a right to file a written objection to the rate increase and that the affected customers may request the board to hold a public hearing to determine if the rate increase should be allowed. The board shall prescribe the manner and method that the written notice to each affected customer of the public utility shall be served.

3. **Facts and arguments submitted.** At the time a public utility subject to rate regulation files with the board an application for any new or changed rates, charges, schedules, or regulations, the public utility also shall submit factual evidence and written argument offered in support of the filing. If the filing is an application for a general rate increase, the utility shall also file affidavits containing testimonial evidence to be offered in support of the filing, although this requirement does not apply if the public utility is a rural electric cooperative.

4. **Hearing set.** After the filing of an application for new or changed rates, charges, schedules, or regulations by a public utility subject to rate regulation, the board, prior to the expiration of thirty days after the filing date, shall docket the case as a formal proceeding and set the case for hearing unless the new or changed rates, charges, schedules, or regulations are approved by the board. However, if an application presents no material issue of fact subject to dispute, and the board determines that the application violates a relevant statute, or is not in substantial compliance with a board rule lawfully adopted pursuant to chapter 17A, the application may be rejected by the board without prejudice and without a hearing, provided that the board issues a written order setting forth all of its reasons for rejecting the application. In the case of a gas public utility having less than two thousand customers, the board shall docket a case as a formal proceeding and set the case for hearing as provided in section 476.1C. In the case of a rural electric cooperative, the board may docket the case as a formal proceeding and set the case for hearing prior to the proposed effective date of
the tariff. The board shall give notice of formal proceedings as it deems appropriate. The
docketing of a case as a formal proceeding suspends the effective date of the new or changed
rates, charges, schedules, or regulations until the rates, charges, schedules, or regulations
are approved by the board, except as provided in subsection 9.
5. Utility hearing expenses reported. When a case has been docketed as a formal
proceeding under subsection 4, the public utility, within a reasonable time thereafter, shall
file with the board a report outlining the utility’s expected expenses for litigating the case
through the time period allowed by the board in rendering a decision. At the conclusion of
the utility’s presentation of comments, testimony, exhibits, or briefs the utility shall submit
to the board a listing of the utility’s actual litigation expenses in the proceeding. As part
of the findings of the board under subsection 6, the board shall allow recovery of costs of
the litigation expenses over a reasonable period of time to the extent the board deems the
expenses reasonable and just.
6. Finding by board. If, after hearing and decision on all issues presented for
determination in the rate proceeding, the board finds the proposed rates, charges, schedules,
or regulations of the utility to be unlawful, the board shall by order authorize and direct the
utility to file new or changed rates, charges, schedules, or regulations which, when approved
by the board and placed in effect, will satisfy the requirements of this chapter. The rates,
charges, schedules, or regulations so approved are lawful and effective upon their approval.
7. Limitation on filings. A public utility shall not make a subsequent filing of an
application for a new or changed rate, charge, schedule, or regulation which relates to
services for which a rate filing is pending within twelve months following the date the prior
application was filed or until the board has issued a final order on the prior application,
whichever date is earlier; unless the public utility applies to the board for authority and
receives authority to make a subsequent filing at an earlier date.
8. Automatic adjustments.
   a. This chapter does not prohibit a public utility from making provision for the automatic
      adjustment of rates and charges for public utility service provided that a schedule showing
      the automatic adjustment of rates and charges is first filed with and approved by the board.
   b. A public utility may automatically adjust rates and charges to recover costs related to
      transmission incurred by or charged to the public utility consistent with a tariff or agreement
      that is subject to the jurisdiction of the federal energy regulatory commission, provided that
      a schedule showing the automatic adjustment of rates and charges is first filed with and
      approved by the board. The board shall adopt rules regarding the reporting of transmission
      expenses and transmission-related activity pursuant to this paragraph.
   a. A public utility may choose to place in effect temporary rates, charges, schedules, or
      regulations without board review on or after ten days following the filing date under this
      section. If the utility chooses to place such rates, charges, schedules, or regulations in effect,
      the utility shall file with the board a bond or other corporate undertaking approved by the
      board conditioned upon the refund in a manner prescribed by the board of amounts collected
      in excess of the amounts which would have been collected under rates, charges, schedules,
      or regulations finally approved by the board. At the conclusion of the proceeding if the board
determines that the temporary rates, charges, schedules, or regulations placed in effect under
this paragraph were not based on previously established regulatory principles, the board shall
consider ordering refunds based upon the overpayments made by each individual customer
class, rate zone, or customer group. If the board has not rendered a final decision with
respect to suspended rates, charges, schedules, or regulations upon the expiration of ten
months after the filing date, plus the length of any delay that necessarily results either from
the failure of the public utility to exercise due diligence in connection with the proceedings
or from intervening judicial proceedings, plus the length of any extension permitted by section
476.33, subsection 3, then such temporary rates, charges, schedules, or regulations placed
into effect on a temporary basis shall be deemed finally approved by the board and the utility
may place them into effect on a permanent basis.
   b. If the board finds that an extension of the ten-month period is necessary to permit the
      accumulation of necessary data with respect to the operation of a newly constructed electric
generating facility that has a capacity of one hundred megawatts or more of electricity and that is proposed to be included in the rate base for the first time, the board may extend the ten-month period up to a maximum extension of six months, but only with respect to that portion of the suspended rates, charges, schedules, or regulations that are necessarily connected with the inclusion of the generating facility in the rate base. If a utility is proposing to include in its rate base for the first time a newly constructed electric generating facility that has a capacity of one hundred megawatts or more of electricity, the filing date of new or changed rates, charges, schedules, or regulations shall, for purposes of computing the time limitations stated above, be the date as determined by the board that the new plant went into service, but only with respect to that portion of the suspended rates, charges, schedules, or regulations that are necessarily connected with the inclusion of the generating facility in the rate base.

c. The board shall determine the rate of interest to be paid by a public utility to persons receiving refunds. The interest rate to be applied to refunds of moneys collected subject to refund under this subsection is two percent per annum plus the average quarterly interest rate at commercial banks for twenty-four-month loans for personal expenditures, as determined by the board, compounded annually. The board shall consider federal reserve statistical release G.19 or its equivalent when determining interest to be paid under this subsection.

10. *Refunds passed on to customers.* If pursuant to federal law or rule a rate-regulated public utility furnishing gas to customers in the state receives a refund or credit for past gas purchases, the savings shall be passed on to the customers in a manner approved by the board. Similarly, if pursuant to federal law or rule a rate-regulated public utility furnishing gas to customers in the state receives a rate for future gas purchases which is lower than the price included in the public utility’s approved rate application, the savings shall be passed on to the customers in a manner approved by the board.

11. *Natural gas supply and cost review.*

a. The board shall periodically conduct a proceeding for the purpose of evaluating the reasonableness and prudence of a rate-regulated public utility’s natural gas procurement and contracting practices. The natural gas supply and cost review shall be conducted as a contested case pursuant to chapter 17A.

b. Under procedures established by the board, each rate-regulated public utility furnishing gas shall periodically file a complete natural gas procurement plan describing the expected sources and volumes of its gas supply and changes in the cost of gas anticipated over a future twelve-month period specified by the board. The utilities shall file information as the board deems appropriate.

c. During the natural gas supply and cost review, the board shall evaluate the reasonableness and prudence of the gas procurement plan. If a utility is not taking all reasonable actions to minimize its purchase gas costs, consistent with assuring an adequate long-term supply of natural gas, the board shall not allow the utility to recover from its customers purchase gas costs in excess of those costs that would be incurred under reasonable and prudent policies and practices.

12. *Electric energy supply and cost review.* The board shall periodically conduct a proceeding for the purpose of evaluating the reasonableness and prudence of a rate-regulated public utility’s procurement and contracting practices related to the acquisition of fuel for use in generating electricity. The evaluation may review the reasonableness and prudence of actions taken by a rate-regulated public utility to comply with the federal Clean Air Act Amendments of 1990, Pub. L. No. 101-549. The proceeding shall be conducted as a contested case pursuant to chapter 17A. Under procedures established by the board, the utility shall file information as the board deems appropriate. If a utility is not taking all reasonable actions to minimize its fuel and allowance transaction costs, the board shall not allow the utility to recover from its customers fuel and allowance transaction costs in excess of those costs that would be or would have been incurred under reasonable and prudent policies and practices.

13. *Energy efficiency plans.* Electric and gas public utilities shall offer energy efficiency programs to their customers through energy efficiency plans. An energy efficiency plan as a whole shall be cost-effective. In determining the cost-effectiveness of an energy
efficiency plan, the board shall apply the societal test, total resource cost test, utility cost
test, rate-payer impact test, and participant test. Energy efficiency programs for qualified
low-income persons and for tree planting programs, educational programs, and assessments
of consumers’ needs for information to make effective choices regarding energy use and
energy efficiency need not be cost-effective and shall not be considered in determining
cost-effectiveness of plans as a whole. The energy efficiency programs in the plans may be
provided by the utility or by a contractor or agent of the utility. Programs offered pursuant
to this subsection by gas and electric utilities that are required to be rate-regulated shall
require board approval.

14. Water costs for fire protection in certain cities.

a. Application. A city furnished water by a public utility subject to rate regulation
may apply to the board for inclusion of all or a part of the costs of fire hydrants or other
improvements, maintenance, and operations for the purpose of providing adequate water
production, storage, and distribution for public fire protection in the rates or charges
assessed to consumers covered by the applicant’s fire protection service. The application
shall be made in a form and manner approved by or as directed by the board. The
applicant shall provide such additional information as the board may require to consider the
application.

b. Review. The board shall review the application, and may in its discretion consider
additional evidence, beyond that supplied in the application or provided by the applicant in
response to a request for additional information pursuant to paragraph “a”, including but not
limited to soliciting oral or written testimony from other interested parties.

c. Notice. Written notice of a proposed rate increase shall be provided by the public
utility pursuant to subsection 2, except that notice shall be provided within ninety days of
the date of application. Costs of the notice shall be paid for by the applicant.

d. Conditions for approval. As a condition to approving an application to include
water-related fire protection costs in the utility’s rates or charges, the board shall make an
affirmative determination that the following conditions will be met:

(1) That the service area currently charged for fire protection, either directly or indirectly,
is substantially the same service area containing those persons who will pay for water-related
fire protection through inclusion of such costs within the utility’s rates or charges.

(2) That the inclusion of such costs within the utility’s rates or charges will not cause
substantial inequities among the utility’s customers.

(3) That all or a portion of the costs sought to be included in the utility’s rates or charges
by the applicant are reasonable in the circumstances, and limited to the purposes specified
in paragraph “a”.

(4) That written notice has been provided pursuant to paragraph “c” and that the costs of
the notice have been paid by the applicant.

e. Inclusion within rates or charges. If the board affirmatively determines that the
conditions of paragraph “d” are or will be satisfied, the board shall include the reasonable
costs in the rates or charges assessed to consumers covered by the applicant’s fire protection
service.

f. Written order. The board shall issue a written order within six months of the date
of application. The written order shall include a recitation of the facts found pursuant to
consideration of the application.

15. Energy efficiency implementation, cost review, and cost recovery.

a. (1) (a) Electric utilities required to be rate-regulated under this chapter shall file
five-year energy efficiency plans and demand response plans with the board. Gas utilities
required to be rate-regulated under this chapter shall file five-year energy efficiency plans
with the board. An energy efficiency plan and budget or a demand response plan and
budget shall include a range of energy efficiency or demand response programs, tailored
to the needs of all customer classes, including residential, commercial, and industrial
customers, for energy efficiency opportunities. The plans shall include programs for
qualified low-income persons including a cooperative program with any community action
agency within the utility’s service area to implement countywide or communitywide
energy efficiency programs for qualified low-income persons. Rate-regulated gas and
electric utilities shall utilize Iowa agencies and Iowa contractors to the maximum extent cost-effective in their energy efficiency plans or demand response plans filed with the board.

(b) The board shall allow a customer of an electric utility that is required to be rate-regulated to request an exemption from participation in any five-year energy efficiency plan offered by an electric utility if the energy efficiency plan and demand response plan, at the time of approval by the board, have a cumulative rate-payer impact test result of less than one. Upon receipt of a request for exemption submitted by a customer, the electric utility shall grant the exemption and, beginning January 1 of the following year, the customer shall no longer be assessed the costs of the plan and shall be prohibited from participating in any program included in such plan until the exemption no longer applies, as determined by the board.

(2) Gas and electric utilities required to be rate-regulated under this chapter may request an energy efficiency plan or demand response plan modification during the course of a five-year plan. A modification may be requested due to changes in funding as a result of public utility customers requesting exemptions from the plan or for any other reason identified by the gas or electric utility. The board shall take action on a modification request made by a gas or electric utility within ninety days after the modification request is filed. If the board fails to take action within ninety days after a modification request is filed, the modification request shall be deemed approved.

(3) The board shall adopt rules pursuant to chapter 17A establishing reasonable processes and procedures for utility customers from any customer class to request exemptions from energy efficiency plans that meet the requirements of subparagraph (1), subparagraph division (b). The rules adopted by the board shall only apply to electric utilities that are required to be rate-regulated.

b. A gas and electric utility required to be rate-regulated under this chapter shall assess potential energy and capacity savings available from actual and projected customer usage by applying commercially available technology and improved operating practices to energy-using equipment and buildings. The utility shall submit the assessment to the board. Upon receipt of the assessment, the board shall consult with the economic development authority to develop specific capacity and energy savings performance standards for each utility. The utility shall submit an energy efficiency plan which shall include economically achievable programs designed to attain these energy and capacity performance standards. The board shall periodically report the energy efficiency results including energy savings of each utility to the general assembly.

c. (1) The board shall conduct contested case proceedings for review of energy efficiency plans, demand response plans, and budgets filed by gas and electric utilities required to be rate-regulated under this chapter.

(2) Notwithstanding the goals developed pursuant to paragraph “b”, the board shall not require or allow a gas utility to adopt an energy efficiency plan that results in projected cumulative average annual costs that exceed one and one-half percent of the gas utility’s expected annual Iowa retail rate revenue from retail customers in the state, shall not require or allow an electric utility to adopt an energy efficiency plan that results in projected cumulative average annual costs that exceed two percent of the electric utility’s expected annual Iowa retail rate revenue from retail customers in the state, and shall not require or allow an electric utility to adopt a demand response plan that results in projected cumulative average annual costs that exceed two percent of the electric utility’s expected annual Iowa retail rate revenue from retail customers in the state. For purposes of determining the two percent threshold amount, the board shall exclude from an electric utility’s expected annual Iowa retail rate revenue the revenues expected from customers that have received exemptions from energy efficiency plans pursuant to paragraph “a”. This subparagraph shall apply to energy efficiency plans and demand response plans that are effective on or after January 1, 2019.

(3) The board may approve, reject, or modify the plans and budgets. Notwithstanding the provisions of section 17A.19, subsection 5, in an application for judicial review of the board’s decision concerning a utility’s plan or budget, the reviewing court shall not order a stay.

(4) The board shall approve, reject, or modify a plan filed pursuant to this subsection no
later than March 31, 2019. If the board fails to approve, reject, or modify a plan filed by a gas or electric utility on or before such date, any plan filed by the gas or electric utility that was approved by the board prior to May 4, 2018, shall be terminated. The board shall not require or allow a gas or electric utility to implement an energy efficiency plan or demand response plan that does not meet the requirements of this subsection.

(5) Whenever a request to modify an approved plan or budget is filed subsequently by a gas or electric utility required to be rate-regulated under this chapter, the board shall promptly initiate a formal proceeding if the board determines that any reasonable ground exists for investigating the request. The formal proceeding may be initiated at any time by the board on its own motion. Implementation of board-approved plans or budgets shall be considered continuous in nature and shall be subject to investigation at any time by the board or the office of the consumer advocate.

d. Notice to customers of a contested case proceeding for review of energy efficiency plans, demand response plans, and budgets shall be in a manner prescribed by the board.

e. (1) A gas or electric utility required to be rate-regulated under this chapter may recover, through an automatic adjustment mechanism filed pursuant to subsection 8, over a period not to exceed the term of the plan, the costs of an energy efficiency plan or demand response plan approved by the board in a contested case proceeding conducted pursuant to paragraph “c”. Customers that have been granted exemptions from energy efficiency plans pursuant to paragraph “a”, shall not be charged for recovery of energy efficiency costs beginning January 1 of the year following the year in which the customer was granted the exemption.

(2) The board shall periodically conduct a contested case proceeding to evaluate the reasonableness and prudence of the utility’s implementation of an approved energy efficiency or demand response plan and budget. If a utility is not taking all reasonable actions to cost-effectively implement an approved plan, the board shall not allow the utility to recover from customers costs in excess of those costs that would be incurred under reasonable and prudent implementation and shall not allow the utility to recover future costs at a level other than what the board determines to be reasonable and prudent. If the result of a contested case proceeding is a judgment against a utility, that utility’s future level of cost recovery shall be reduced by the amount by which the programs were found to be imprudently conducted. Beginning January 1, 2019, a gas or electric utility shall represent energy efficiency and demand response in customer billings as a separate cost or expense.

f. A rate-regulated utility required to submit an energy efficiency plan under this subsection shall, upon the request of a state agency or political subdivision to which it provides service, provide advice and assistance regarding measures which the state agency or political subdivision might take in achieving improved energy efficiency results. The cooperation shall include assistance in accessing financial assistance for energy efficiency measures.

16. Filing of forecasts. The board shall periodically require each rate-regulated gas or electric public utility to file a forecast of future gas requirements or electric generating needs and the board shall evaluate the forecast. The forecast shall include but is not limited to a forecast of the requirements of its customers, its anticipated sources of supply, and its anticipated means of addressing the forecasted gas requirements or electric generating needs.

17. Allocation of replacement tax costs.

a. The costs of the replacement tax imposed pursuant to chapter 437A or 437B shall be reflected in the charges of utilities subject to rate regulation, in lieu of the utilities’ costs of property taxes. The imposition of the replacement taxes pursuant to chapter 437A is not intended to initiate any change in the rates and charges for the sale of electricity, the sale of natural gas, or the transportation of natural gas that is subject to regulation by the board and in effect on January 1, 1999. The implementation and initial imposition of the replacement taxes pursuant to chapter 437B is not intended to result in an increase in the rates and charges for the sale of water that is subject to regulation by the board and in effect on January 1, 2013.

b. The cost of the replacement taxes imposed by chapter 437A or 437B shall be allocated among and within customer classes in a manner that will replicate the tax cost burden of the current property tax on individual customers to the maximum extent practicable.

c. Upon the restructuring of the electric industry in this state so that individual consumers
are given the right to choose their electric suppliers, replacement tax costs shall be assigned to the service corresponding to the individual generation, transmission, and delivery taxes. In all other respects, the allocation of the replacement tax costs among and within the customer classes shall remain the same to the maximum extent practicable.

d. Notwithstanding this subsection, the board may determine the amount of replacement tax properly included in retail rates subject to its jurisdiction. The board may determine whether the base rates or some other form of rate is most appropriate for recovery of the costs of the replacement tax, subject to the requirement that utility rates be reasonable and just. The board may also determine the appropriate allocation of the tax. Any significant modification to rate design relating to the replacement tax shall be made in a manner consistent with this subsection unless made in a contested case proceeding where the impact of such modification on competition and consumer costs is considered.

18. Recovery of management costs. A public utility which is assessed management costs by a local government pursuant to chapter 480A is entitled to recover those costs. If the public utility serves customers within the boundaries of the local government imposing the management costs, such costs shall be recovered exclusively from those customers.

19. Electric power generating facility emissions.

a. It is the intent of the general assembly that the state, through a collaborative effort involving state agencies and affected generation owners, provide for compatible statewide environmental and electric energy policies with respect to regulated emissions from rate-regulated electric power generating facilities in the state that are fueled by coal. Each rate-regulated public utility that is an owner of one or more electric power generating facilities fueled by coal and located in this state on July 1, 2001, shall develop a multiyear plan and budget for managing regulated emissions from its facilities in a cost-effective manner.

(1) The initial multiyear plan and budget shall be filed with the board by April 1, 2002. Updates to the plan and budget shall be filed at least every twenty-four months.

(2) Copies of the initial plan and budget, as well as any subsequent updates, shall be served on the department of natural resources.

(3) The initial multiyear plan and budget and any subsequent updates shall be considered in a contested case proceeding pursuant to chapter 17A. The department of natural resources and the consumer advocate shall participate as parties to the proceeding.

(4) The department of natural resources shall state whether the plan or update meets applicable state environmental requirements for regulated emissions. If the plan does not meet these requirements, the department shall recommend amendments that outline actions necessary to bring the plan or update into compliance with the environmental requirements.

b. The board shall not approve a plan or update that does not meet applicable state environmental requirements and federal ambient air quality standards for regulated emissions from electric power generating facilities located in the state.

c. The board shall review the plan or update and the associated budget, and shall approve the plan or update and the associated budget if the plan or update and the associated budget are reasonably expected to achieve cost-effective compliance with applicable state environmental requirements and federal ambient air quality standards. In reaching its decision, the board shall consider whether the plan or update and the associated budget reasonably balance costs, environmental requirements, economic development potential, and the reliability of the electric generation and transmission system.

d. The board shall issue an order approving or rejecting a plan, update, or budget within one hundred eighty days after the public utility’s filing is deemed complete; however, upon good cause shown, the board may extend the time for issuing the order as follows:

(1) The board may grant an extension of thirty days.

(2) The board may grant more than one extension, but each extension must rely upon a separate showing of good cause.

(3) A subsequent extension must not be granted any earlier than five days prior to the expiration of the original one-hundred-eighty-day period, or the current extension.

e. The reasonable costs incurred by a rate-regulated public utility in preparing and filing the plan, update, or budget and in participating in the proceedings before the board and the
reasonable costs associated with implementing the plan, update, or budget shall be included in its regulated retail rates.

f. It is the intent of the general assembly that the board, in an environmental plan, update, or associated budget filed under this section by a rate-regulated public utility, may limit investments or expenditures that are proposed to be undertaken prior to the time that the environmental benefit to be produced by the investment or expenditure would be required by state or federal law.

20. **Preapproval of cost recovery for natural gas extensions — rules.** The board may adopt rules which provide for a preapproval process for cost recovery for natural gas extensions.

21. **Federal tax reduction — customer benefits.** Customers of gas and electric utilities subject to rate regulation by the board shall receive the full benefits of the utilities’ reduced federal corporate income taxes as provided in the federal Tax Cuts and Jobs Act of 2017, Pub. L. No. 115-97, 131 Stat. 2054. Notwithstanding any other provision of law or rule to the contrary, the board shall, no later than June 1, 2018, approve any proposal filed by a rate-regulated gas or electric utility to pass such benefits on to customers. The board may approve rates with provision for adjustments to ensure that the rates are accurate and that customers receive the full benefits.

476.6A **Alternate energy production facilities — notification requirements.**

1. On and after January 1, 2013, the owner of an alternate energy production facility, as defined in section 476.42, which when constructed or installed will be attached to an electric transmission or distribution line or attached to equipment which is attached to an electric transmission or distribution line, who has not entered into a power purchase agreement with a public utility, shall be subject to the notification requirements of subsection 2.

2. No later than thirty days prior to commencement of the construction or installation of an alternate energy production facility as described in subsection 1, the owner of the facility shall provide written notice to the public utility within whose service territory the facility is to be located of the owner’s intent to construct or install the facility, the type of facility to be constructed or installed, and the date that the facility is anticipated to commence operation. 2012 Acts, ch 1027, §1

476.7 **Application by utility for review.**

If there shall be filed with the board by any public utility an application requesting the board to determine the reasonableness of the utility’s rates, charges, schedules, service or regulations, the board shall promptly initiate a formal proceeding. Such a formal proceeding may be initiated at any time by the board on its own motion. Whenever such a proceeding has been initiated upon application or motion, the board shall set the case for hearing and give such notice thereof as it deems appropriate. Whenever the board, after a hearing held after reasonable notice, finds any public utility’s rates, charges, schedules, service or regulations are unjust, unreasonable, insufficient, discriminatory or otherwise in violation of any provision of law, the board shall determine just, reasonable, sufficient and
nondiscriminatory rates, charges, schedules, service or regulations to be thereafter observed and enforced.

476.8 Utility charges and service.

1. Every public utility is required to furnish reasonably adequate service and facilities. “Reasonably adequate service and facilities” for public utilities furnishing gas or electricity includes programs for customers to encourage the use of energy efficiency and renewable energy sources. The charge made by any public utility for any heat, light, gas, energy efficiency and renewable energy programs, water or power produced, transmitted, delivered or furnished, sanitary sewage or storm water collected and treated, or communications services, or for any service rendered or to be rendered in connection therewith shall be reasonable and just, and every unjust or unreasonable charge for such service is prohibited and declared unlawful. In determining reasonable and just rates, the board shall consider all factors relating to value and shall not be bound by rate base decisions or rulings made prior to the adoption of this chapter.

2. The board, in determining the value of materials or services to be included in valuations or costs of operations for rate-making purposes, may disallow any unreasonable profit made in the sale of materials to or services supplied for any public utility by any firm or corporation owned or controlled directly or indirectly by such utility or any affiliate, subsidiary, parent company, associate or any corporation whose controlling stockholders are also controlling stockholders of such utility. The burden of proof shall be on the public utility to prove that no unreasonable profit is made.

476.9 Accounts rendered to board.

1. Every public utility, except telecommunications service providers registered pursuant to section 476.95A, shall keep and render to the board in the manner and form prescribed by the board uniform accounts of all business transacted.

2. Every public utility engaged directly or indirectly in any other business than that of the production, transmission, or furnishing of heat, light, water, power, or the collection and treatment of sanitary sewage or storm water for the public shall, if required by the board, keep and render separately to the board in like manner and form the accounts of all such other business, in which case all the provisions of this chapter shall apply to the books, accounts, papers and records of such other business and all profits and losses may be taken into consideration by the board if deemed relevant to the general fiscal condition of the public utility.

3. Every public utility, except telecommunications service providers registered pursuant to section 476.95A, is required to keep and render its books, accounts, papers and records accurately and faithfully in the manner and form prescribed by the board, and to comply with all directions of the board relating to such books, accounts, papers and records.

4. The board shall consult with other state and federal regulatory bodies for the purpose of eliminating accounting discrepancies with regard to the keeping of public utility accounts before prescribing any system of accounts to be kept by the public utility.

476.10 Investigations — expense — appropriation.

1. a. In order to carry out the duties imposed upon it by law, the board may, at its discretion, allocate and charge directly the expenses attributable to its duties to the person bringing a proceeding before the board, to persons participating in matters before the board, or to persons subject to inspection by the board. The board shall ascertain the certified expenses incurred and directly chargeable by the consumer advocate division of the department of justice in the performance of its duties. The board and the consumer
§476.10, PUBLIC UTILITY REGULATION

advocate separately may decide not to charge expenses to persons who, without expanding the scope of the proceeding or matter, intervene in good faith in a board proceeding initiated by a person subject to the board’s jurisdiction, the consumer advocate, or the board on its own motion. For assessments in any proceedings or matters before the board, the board and the consumer advocate separately may consider the financial resources of the person, the impact of assessment on participation by intervenors, the nature of the proceeding or matter, and the contribution of a person’s participation to the public interest. The board may present a bill for expenses under this subsection to the person, either at the conclusion of a proceeding or matter, or from time to time during its progress. Presentation of a bill for expenses under this subsection constitutes notice of direct assessment and request for payment in accordance with this section.

b. The board shall ascertain the total of the division’s expenses incurred during each fiscal year in the performance of its duties under law. The board shall add to the total of the division’s expenses the certified expenses of the consumer advocate as provided under section 475A.6. The board shall deduct all amounts charged directly to any person from the total expenses of the board and the consumer advocate. The board may assess the amount remaining after the deduction to all persons providing service over which the board has jurisdiction in proportion to the respective gross operating revenues of such persons from intrastate operations during the last calendar year over which the board has jurisdiction. For purposes of determining gross operating revenues under this section, the board shall not include gross receipts received by a cooperative corporation or association for wholesale transactions with members of the cooperative corporation or association, provided that the members are subject to assessment by the board based upon the members’ gross operating revenues, or provided that such a member is an association whose members are subject to assessment by the board based upon the members’ gross operating revenues. If any portion of the remainder can be identified with a specific type of utility service, the board shall assess those expenses only to the entities providing that type of service over which the board has jurisdiction. The board may make the remainder assessments under this paragraph on a quarterly basis, based upon estimates of the expenditures for the fiscal year for the utilities division and the consumer advocate. Not more than ninety days following the close of the fiscal year, the utilities division shall conform the amount of the prior fiscal year’s assessments to the requirements of this paragraph. For gas and electric public utilities exempted from rate regulation pursuant to this chapter, the remainder assessments under this paragraph shall be computed at one-half the rate used in computing the assessment for other persons.

2. a. A person subject to a charge or assessment shall pay the division the amount charged or assessed against the person within thirty days from the time the division provides notice to the person of the amount due, unless the person files an objection in writing with the board setting out the grounds upon which the person claims that such charge or assessment is excessive, unreasonable, erroneous, unlawful, or invalid. Upon receipt of an objection, the board shall set the matter for hearing and issue its order in accordance with its findings in the proceeding.

b. The order shall be subject to review in the manner provided in this chapter. All amounts collected by the division pursuant to the provisions of this section shall be deposited with the treasurer of state and credited to the department of commerce revolving fund created in section 546.12. Such amounts shall be spent in accordance with the provisions of chapter 8.

3. Whenever the board shall deem it necessary in order to carry out the duties imposed upon it in connection with rate regulation under section 476.6, investigations under section 476.3, or review proceedings under section 476.31, the board may employ additional temporary or permanent staff, or may contract with persons who are not state employees for engineering, accounting, or other professional services, or both. The costs of these additional employees and contract services shall be paid by the public utility whose rates are being reviewed in the same manner as other expenses are paid under this section. Beginning on July 1, 1991, there is appropriated out of any funds in the state treasury not otherwise appropriated, such sums as may be necessary to enable the board to hire additional staff and contract for services under this section. The board shall increase quarterly assessments
specified in subsection 1, paragraph “b”, by amounts necessary to enable the board to hire additional staff and contract for services under this section. The authority to hire additional temporary or permanent staff that is granted to the board by this section shall not be subject to limitation by any administrative or executive order or decision that restricts the number of state employees or the filling of employee vacancies, and shall not be subject to limitation by any law of this state that restricts the number of state employees or the filling of employee vacancies unless that law is made applicable to this section by express reference to this section. Before the board expends or encumbers an amount in excess of the funds budgeted for rate regulation and before the board increases quarterly assessments pursuant to this subsection, the director of the department of management shall approve the expenditure or encumbrance. Before approval is given, the director of the department of management shall determine that the expenses exceed the funds budgeted by the general assembly to the board for rate regulation and that the board does not have other funds from which the expenses can be paid. Upon approval of the director of the department of management the board may expend and encumber funds for the excess expenses, and increase quarterly assessments to raise the additional funds. The board and the office of consumer advocate may add additional personnel or contract for additional assistance to review and evaluate energy efficiency plans and the implementation of energy efficiency programs including, but not limited to, professionally trained engineers, accountants, attorneys, skilled examiners and inspectors, and secretaries and clerks. The board and the office of consumer advocate may also contract for additional assistance in the evaluation and implementation of issues relating to telecommunication competition. The board and the office of the consumer advocate may expend additional sums beyond those sums appropriated. However, the authority to add additional personnel or contract for additional assistance must first be approved by the department of management. The additional sums for energy efficiency shall be provided to the board and the office of the consumer advocate by the utilities subject to the energy efficiency requirements in this chapter. Telephone companies shall pay any additional sums needed for assistance with telecommunication competition issues. The assessments shall be in addition to and separate from the quarterly assessment.

4. a. Fees paid to the utilities division shall be deposited in the department of commerce revolving fund created in section 546.12. These funds shall be used for the payment, upon appropriation by the general assembly, of the expenses of the utilities division and the consumer advocate division of the department of justice.

b. The administrator and consumer advocate shall account for receipts and disbursements according to the separate duties imposed upon the utilities and consumer advocate divisions by the laws of this state and each separate duty shall be fiscally self-sustaining.

c. All fees and other moneys collected under this section and sections 478.4, 479.16, and 479A.9 shall be deposited into the department of commerce revolving fund created in section 546.12 and expenses required to be paid under this section shall be paid from funds appropriated for those purposes.

[C66, 71, 73, 75, §490A.10; C77, 79, 81, §476.10; 81 Acts, ch 156, §7, ch 158, §1]

476.10A Funding for Iowa energy center and center for global and regional environmental research.

1. a. The board shall direct all gas and electric utilities to remit to the treasurer of state one-tenth of one percent of the total gross operating revenues during the last calendar year derived from their intrastate public utility operations. The board shall by rule provide a schedule for remittances.

b. The amounts collected pursuant to this section shall be in addition to the amounts permitted to be assessed pursuant to section 476.10. The board shall allow inclusion of these
amounts in the budgets approved by the board pursuant to section 476.6, subsection 15, paragraph “c”.

(1) Of eighty-five percent of the remittances collected pursuant to this section, the following shall occur:

(a) For the fiscal year beginning July 1, 2018, such remittances are appropriated to the Iowa energy center created in section 15.120.

(b) For the fiscal year beginning July 1, 2019, the first one million two hundred eighty-thousand dollars of such remittances shall be transferred to the general fund of the state, and the remaining amount is appropriated to the Iowa energy center created in section 15.120.

(c) For the fiscal year beginning July 1, 2020, the first two million nine hundred ten thousand dollars of such remittances shall be transferred to the general fund of the state, and the remaining amount is appropriated to the Iowa energy center created in section 15.120.

(d) For the fiscal year beginning July 1, 2021, the first three million five hundred thirty thousand dollars of such remittances shall be transferred to the general fund of the state, and the remaining amount is appropriated to the Iowa energy center created in section 15.120.

(2) Fifteen percent of the remittances collected pursuant to this section is appropriated to the center for global and regional environmental research established by the state board of regents.

2. Notwithstanding section 8.33, any unexpended moneys remitted to the treasurer of state under this section shall be retained for the purposes designated. Notwithstanding section 12C.7, subsection 2, interest or earnings on investments or time deposits of the moneys remitted under this section shall be retained and used for the purposes designated, pursuant to section 476.46.

3. The Iowa energy center and the center for global and regional environmental research shall each provide a written annual report to the utilities board that describes each center’s activities and the results that each center has accomplished. Each report shall include an explanation of initiatives and projects of importance to the state of Iowa.

4. This section is repealed July 1, 2022.

§476.10B Energy-efficient building.

1. For the purposes of this section, “building project expenses” means expenses that have been approved by the utilities board for the building and related improvements and furnishings developed under this section and that are considered part of the regulatory expenses charged by the utilities board and the consumer advocate division of the department of justice for carrying out duties under section 476.10.

2. The department of administrative services, in consultation with the board and the consumer advocate division of the department of justice, shall provide for the construction of a building to house the board and the division. A building developed under this subsection shall be a model energy-efficient building that may be used as a public example for similar efforts. The building shall comply with the life cycle cost provisions developed pursuant to section 72.5. The building shall be located on the capitol complex grounds or at another convenient location in the vicinity of the capitol complex grounds.

3. Building project expenses shall include but are not limited to the costs associated with construction, maintenance, and operation of the building that are approved by the board and shall also include principal of, premium, if any, and interest on indebtedness to finance the building.

4. The department of administrative services’ costs associated with construction, maintenance, and operation of the building as provided under chapter 8A are building project expenses.

5. A cost-effective approach for financing construction of the building shall be utilized, which may include but is not limited to lease, lease-purchase, bonding, or installment acquisition arrangement, or a financing arrangement under section 12.28. If financing for
the building is implemented under section 12.28, the limitation on principal under that section does not apply. This subsection is not a qualification of any other powers which the board and the division may possess and the authorizations and powers granted under this subsection are not subject to the terms, requirements, or limitations of any other provisions of law. The department of administrative services must comply with the provisions of section 12.28 when entering into financing agreements for the purchase of real or personal property.

6. a. If financing for the building is implemented through bonding, the provisions of section 12.91 shall apply. In order to assure maintenance of the bond reserve funds established in connection with the financing, the treasurer of state shall, on or before January 1 of each calendar year, make and deliver to the governor the treasurer’s certificate stating the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund.

b. Within thirty days after the beginning of the session of the general assembly next following the delivery of the certificate, the governor shall submit to both houses of the general assembly printed copies of a budget including the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund. Any sums appropriated by the general assembly and paid to the treasurer of state shall be deposited by the treasurer of state in the applicable bond reserve fund.

7. The department of administrative services, in consultation with the board and the division, shall secure architectural services, contract for construction, engineering, and construction oversight and management, and control the funding associated with the building construction and the building’s operation and maintenance. The department of administrative services may utilize consultants or other expert assistance to address feasibility, planning, or other considerations connected with construction of the building or decision making regarding the building. The department of administrative services, on behalf of the board and division, shall consult with the office of the governor, appropriate legislative bodies, and the capitol planning commission.

476.12 Rehearings before board.
Notwithstanding the Iowa administrative procedure Act, chapter 17A, any party, as defined in the rules and regulations promulgated by the board as provided in section 476.2, to a contested case before the board may within twenty days after the issuance of the final decision apply for a rehearing. The board shall either grant or refuse an application for rehearing within thirty days after the filing of the application, or may after giving the interested parties notice and opportunity to be heard and after consideration of all the facts, including those arising since the making of the order, abrogate or modify its order. A failure by the board to act upon the application for rehearing within the above period shall be deemed a refusal of the application. Neither the filing of an application for rehearing nor the granting of the application shall stay the effectiveness of an order unless the board so directs.

476.13 Judicial review.
1. Notwithstanding the Iowa administrative procedure Act, chapter 17A, the district court for Polk county or for the county in which a public utility maintains its principal place of business has exclusive venue for the judicial review under chapter 17A of actions of the board pursuant to rate-regulatory powers over that public utility.

2. Upon the filing of a petition for judicial review in an action referred to in subsection 1, the clerk of the district court shall notify the chief justice of the supreme court for purposes of assignment of a district judge under section 602.1212. The judicial review proceeding shall be heard by the district judge appointed by the supreme court under section 602.1212, but in the county of venue under subsection 1.
§476.13, PUBLIC UTILITY REGULATION

3. Notwithstanding the Iowa administrative procedure Act, chapter 17A, if a public utility seeks judicial review of an order approving rates for the public utility, the level of rates that may be collected, under bond and subject to refund, while the appeal is pending shall be limited to the level of the temporary rates set by the board, or the level of the final rates set by the board, whichever is greater. During the period the judicial review proceeding is pending, the board shall retain jurisdiction to determine the rate of interest to be paid on any refunds eventually required on rates collected during judicial review.

476.16 Annual report.
The board shall include in its annual report required under sections 7A.1 and 7A.10 among other matters, to the extent such regulation is conferred upon the board by this chapter, the following:
1. A complete financial report of receipts and expenditures, including list of public utilities and separately the amount of total fees and assessments paid by each.
2. A list of the applications, subject and disposition of each docket number under this chapter, including board fees for such docket assessed by the board.

476.17 Peak-load energy conservation.
1. The board may promulgate rules pursuant to chapter 17A which require or authorize a public utility to establish peak-load management procedures.
2. Rules of the board shall relate to reducing or limiting the peak-load period consumption.
3. In promulgating rules under this section, the board is not bound by decisions, rulings or orders which relate to the definitions of types or classes of customers and which were issued by the Iowa state commerce commission prior to July 1, 1980.

[C81, §476.17]

476.18 Impermissible charges.
1. Public utilities subject to rate regulation are prohibited from including either directly or indirectly in their charges or rates to customers the costs of lobbying.
2. Legal costs and attorney fees incurred by a public utility subject to rate regulation in an appeal in state or federal court involving the validity of any action of the board shall not be included either directly or indirectly in the public utility’s charges or rates to customers except to the extent that recovery of legal costs and attorney fees is allowed by the board. The board shall allow a public utility to recover reasonable legal costs and attorney fees incurred in the appeal. The board may consider the degree of success of the legal arguments of the public utility in determining the reasonable legal costs and attorney fees to be allowed.
3. a. Public utilities subject to rate regulation are prohibited from including either directly or indirectly in their charges or rates to customers the costs of advertising other than
advertising which is required by the board or by other state or federal regulation. However, this subsection does not apply to a utility’s advertising which is deemed by the board to be necessary for the utility’s customers and which is approved by the board.

b. Every ad which is published, broadcast, or otherwise displayed or disseminated to the public by a public utility which is to be charged to the customers of the public utility and which is not required by the board or by other state or federal regulation shall include a statement in the ad that the costs of the ad are being charged to the customers of the public utility. This paragraph does not apply to a utility’s product or service that is or becomes subject to competition as determined by the board.

4. This section does not apply to a rural electric cooperative.

476.20 Disconnection limited — notice — moratorium — deposits.
1. a. A utility shall not, except in cases of emergency, discontinue, reduce, or impair service to a community, or a part of a community, except for nonpayment of account or violation of rules and regulations, unless and until permission to do so is obtained from the board.

b. (1) A public utility described in section 476.1, subsection 3, paragraph “c”, may enter into an agreement with the governing body of a city utility, combined city utility, city enterprise, or combined city enterprise to discontinue water service to a property or premises if an account owed the city utility, city enterprise, or combined city utility or city enterprise for wastewater service or services of sewer systems, storm water drainage systems, or sewage treatment provided to that customer’s property or premises becomes delinquent pursuant to section 384.84, subsection 3. An agreement entered into under this paragraph shall not negate any obligations of a city utility, combined city utility, city enterprise, or combined city enterprise under section 384.84.

(2) A public utility that has entered into an agreement under this paragraph shall not be liable for damages related to the discontinuance of water service under this paragraph. The customer shall be responsible for all costs associated with discontinuing and reestablishing water service disconnected pursuant to this paragraph.

(3) The board shall adopt rules for the discontinuance of water service under this paragraph. A public utility shall only discontinue water service under this paragraph in accordance with the rules adopted pursuant to this subparagraph.

2. The board shall establish rules requiring a regulated public utility furnishing gas or electricity to include in the utility’s notice of pending disconnection of service a written statement advising the customer that the customer may be eligible to participate in the low income home energy assistance program or weatherization assistance program administered by the division of community action agencies of the department of human rights. The written statement shall list the address and telephone number of the local agency which is administering the customer’s low income home energy assistance program and the weatherization assistance program. The written statement shall also state that the customer is advised to contact the public utility to settle any of the customer’s complaints with the public utility, but if a complaint is not settled to the customer’s satisfaction, the customer may file the complaint with the board. The written statement shall include the address and phone number of the board. If the notice of pending disconnection of service applies to a residence, the written statement shall advise that the disconnection does not apply from November 1 through April 1 for a resident who is a “head of household”, as defined in section 422.4, and who has been certified to the public utility by the local agency which is administering the low income home energy assistance program and weatherization assistance program.
assistance program as being eligible for either the low income home energy assistance program or weatherization assistance program, and that if such a resident resides within the serviced residence, the customer should promptly have the qualifying resident notify the local agency which is administering the low income home energy assistance program and weatherization assistance program. The board shall establish rules requiring that the written notice contain additional information as it deems necessary and appropriate.

3. a. The board shall establish rules which shall be uniform with respect to all public utilities furnishing gas or electricity relating to disconnection of service. This subsection applies both to regulated utilities and to municipally owned utilities and unincorporated villages which own their own distribution systems, and violations of this subsection subject the utilities to civil penalties under section 476.51.

b. A qualified applicant for the low income home energy assistance program or the weatherization assistance program who is also a “head of household”, as defined in section 422.4, subsection 7, shall be promptly certified by the local agency administering the applicant’s program to the applicant’s public utility that the resident is a “head of household” as defined in section 422.4, subsection 7, and is qualified for the low income home energy assistance program or weatherization assistance program. Notwithstanding subsection 1, a public utility furnishing gas or electricity shall not disconnect service from November 1 through April 1 to a residence which has a resident that has been certified under this paragraph.

c. The rules established by the board shall provide that a public utility furnishing gas or electricity shall not disconnect service to a residence in which one of the heads of household is a service member deployed for military service, as defined in section 29A.1, subsection 3, prior to a date ninety days after the end of the service member’s deployment, if the public utility is informed of the deployment.

4. A public utility which violates a provision of this section relating to the disconnection of service or which violates a rule of the board relating to disconnection of service is subject to civil penalties imposed by the board under section 476.51.

5. a. The board shall establish rules which shall be uniform with respect to all public utilities furnishing gas or electricity relating to deposits which may be required by the public utility for the initiation or reinstatement of service. This subsection shall not apply to municipally owned utilities, which shall be governed by the provisions of section 384.84 with respect to deposits and payment plans for delinquent amounts owed. Municipally owned utilities and electric utilities that are not required to be rate-regulated shall not be subject to the board’s rules in regards to deposits and payment plans for delinquent amounts owed and repayment of past due debt. Municipally owned utilities and electric utilities that are not required to be rate-regulated shall be subject to the board’s rules in regards to payment plans made prior to the disconnection of services.

   (1) The deposit for a residential or commercial customer for a place which has previously received service shall not be greater than the highest billing of service for one month for the place in the previous twelve-month period.

   (2) The deposit for a residential or a commercial customer for a place which has not previously received service or for an industrial customer shall be the customer’s projected one month’s usage for the place to be serviced as determined by the public utility according to rules established by the board.

   b. This subsection does not prohibit a public utility from requiring payment of a customer’s past due account with the utility prior to reinstatement of service.

   c. The rules shall allow a person other than the customer to pay the customer’s deposit. Upon termination of service to such a customer, the deposit plus accumulated interest less any unpaid utility bill of the customer, shall be reimbursed to the person who made the deposit.
6. This section shall not apply to telecommunications service providers registered pursuant to section 476.95A.

Referred to in §384.84, 476.1A, 476.1B, 476.1C

476.21 Discrimination prohibited.
A corporation or cooperative association providing electrical or gas service shall not consider the use of renewable energy sources by a customer as a basis for establishing discriminatory rates or charges for any service or commodity sold to the customer or discontinue services or subject the customer to any other prejudice or disadvantage based on the customer’s use or intended use of renewable energy sources. As used in this section, “renewable energy sources” includes but is not limited to solar heating, wind power and the conversion of urban and agricultural organic wastes into methane gas and liquid fuels.

SUBCHAPTER II
ASSIGNED AREA OF SERVICE

476.22 Definition.
As used in sections 476.23 to 476.26, unless the context otherwise requires, “electric utility” includes a public utility furnishing electricity as defined in section 476.1 and a city utility as defined in section 390.1.

[C77, 79, 81, §476.22]
Referred to in §422.7(57)(b), 476.1B

476.23 Electric service conflicts — certificates of authority.
1. An electric utility shall not construct or extend facilities or furnish or offer to furnish electric service to the existing point of delivery of any customer already receiving electric service from another electric utility without having first filed with the board the express written agreement of the electric utility presently serving this customer, except as otherwise provided in this section. Any municipal corporation, after being authorized by a vote of the people, or any electric utility may file a petition with the board requesting a certificate of authority to furnish electric service to the existing point of delivery of any customer already receiving electric service from another electric utility. If, after notice by the board to the electric utility currently serving the customer, objection to the petition is not filed and investigation is not deemed necessary, the board shall issue a certificate within thirty days of the filing of the petition. When an objection is filed, if the board, after notice and opportunity for hearing, determines that service to the customer by the petitioner is in the public interest, including consideration of any unnecessary duplication of facilities, it shall grant this certificate in whole or in part, upon such terms, conditions, and restrictions as may be justified. Whether or not an objection is filed, any certificate issued shall require that the petitioner pay to the electric utility presently serving the customer, the reasonable price for facilities serving the customer. This price determination by the board shall include due consideration of the cost of the facilities being acquired; any necessary generating capacity and transmission capacity dedicated to the customer, including, but not limited to, electric power generating facilities and alternate energy production facilities not yet in service but for which the board has issued an order pursuant to section 476.53, and electric power generating facility emissions plan budgets approved by the board pursuant to section 476.6, subsection 19; depreciation; loss of revenue; and the cost of facilities necessary to reintegrate the system of the utility after detaching the portion sold.
2. An electric utility shall not construct or extend facilities or furnish electric service to a prospective customer not presently being served, unless its existing service facilities are nearer the proposed point of delivery than the service facilities of any other utility. However, an electric utility may extend electric service and transmission lines if the electric utility closest to the delivery point consents to this extension in writing and a copy of the agreement is filed with the board; or, if the board, after notice and opportunity for hearing and after giving due consideration to the prevention of unnecessary duplication of facilities, finds that service from an electric utility, other than the closest utility, is in the public interest. This subsection shall not apply if the prospective customers are within an exclusive service area assigned to an electric utility as provided in this subchapter.

3. Notwithstanding subsections 1 and 2 of this section, any electric utility may extend electric service and transmission lines to its own utility property and facilities.

4. If not inconsistent with the provisions of this subchapter:
   a. All rights of municipal corporations under chapter 364 to grant a person a franchise to erect, maintain, and operate plants and systems for electric light and power within the corporate boundaries, and rights acquired by franchise or agreement shall be preserved in these municipal corporations;
   b. All rights of city utilities under the city code shall be preserved in these city utilities;
   c. All rights of city utilities and joint electric utilities under chapter 390 shall be preserved in these city utilities and joint electric utilities; and
   d. All rights of cities under chapter 6B are preserved. However, prior to the institution of condemnation proceedings, the city shall obtain a certificate of authority from the board in accordance with this subchapter and the board’s determination of price under this subchapter shall be conclusive evidence of damages in these condemnation proceedings.

Referred to in §437A.3, 476.1B, 476.22

476.24 Electric utility service area maps.

1. On or before July 1, 1977, and subsequently whenever requested by the board, electric utilities furnishing electricity to the public for compensation in this state shall file, jointly or severally, with the board detailed maps of their service area drawn to a scale of not less than one inch per mile or drawn to a larger scale if required for clarity showing all of the following:
   a. The locations of an electric utility’s generation, franchised transmission lines, distribution lines, and related facilities as of January 1, 1976.
   b. All state and federal highways and other public roads within the electric utility’s service area.
   c. All section lines and numbers and township and range numbers within the electric utility’s service area.
   d. The corporate boundaries of all cities within the electric utility’s service area.
   e. All lakes and rivers within the electric utility’s service area.
   f. All railroads within the electric utility’s service area.
   g. Any additional information requested by the board.

2. On or before July 1, 1978, and subsequently when deemed by the board to be necessary, the board shall prepare or cause to have prepared a composite map of this state showing the service areas of electric utilities as submitted by the electric utilities. The form and detail of all maps shall be determined by the board.

[C77, 79, 81, §476.24] Referred to in §476.1B, 476.22

476.25 Assigned service areas — electric utilities — legislative policy.

It is declared to be in the public interest to encourage the development of coordinated statewide electric service at retail, to eliminate or avoid unnecessary duplication of electric utility facilities, and to promote economical, efficient, and adequate electric service to the public. In order to effect that public interest, the board may establish service areas within which specified electric utilities shall provide electric service to customers on an exclusive
basis. Except for good cause expressed through formal public statement, the board shall
establish these exclusive service areas on or before July 1, 1979. These exclusive service
area boundaries shall be established by the board upon the following basis:

1. The service area boundaries shall be in a line approximately equidistant between the
electric distribution lines of adjacent electric utilities as they existed on January 1, 1976, and
as shown by the maps filed in accordance with this subchapter. However, those boundaries
may be modified by the board to promote the public interest, to preserve existing service
areas and electric utilities’ rights to serve existing customers, and to prevent unnecessary
duplication of facilities, to take account of natural and physical barriers which would make
electric service beyond these barriers uneconomic and impractical and those boundaries shall
be modified by the board to take account of the contracts between electric utilities which have
been approved by the board pursuant to subsection 2 of this section. When an electric utility’s
exclusive service area is established by the board to include existing customers presently
served by the facilities of another electric utility, unless a voluntary exchange of facilities
is agreed upon by the electric utilities involved and approved by the board, the board after
notice and opportunity for hearing, shall require the purchase of those facilities presently
serving these customers at a reasonable price to be determined by the board. The board, on
its own motion or at the request of an electric utility or municipal corporation, after notice
and opportunity for hearing, may modify the boundaries of an electric utility exclusive service
area which it has previously established if this modification, including consideration of the
factors noted in this subsection, is found to be in the public interest.

2. Contracts between electric utilities to designate service areas and customers to be
served by the electric utilities or for the exchange of customers between electric utilities,
when approved by the board, shall be valid and enforceable and shall be incorporated
into the appropriate exclusive service areas established pursuant to subsection 1 of this
section. The board shall approve a contract if it finds that the contract will eliminate or avoid
unnecessary duplication of facilities, will provide adequate electric service to all areas and
customers affected, will promote the efficient and economical use and development of the
electric systems of the contracting electric utilities, and is in the public interest.

3. An electric utility shall not serve or offer to serve electric customers in an exclusive
service area assigned to another electric utility, nor shall an electric utility construct facilities
to serve electric customers in an exclusive service area assigned to another electric utility.
The state, an electric utility, or any other person who is injured or threatened with injury by
conduct prohibited by this section may initiate a contested case proceeding with the board
under chapter 17A. Upon finding a violation of this section the board shall order appropriate
corrective action including discontinuance of the unlawful service to electric customers,
removal of the unlawful facility, or other disposition the board deems just and reasonable.

476.26 Effect of incorporation, annexation, or consolidation.
The inclusion by incorporation, consolidation, or annexation of any facilities or service area
of an electric utility within the boundaries of any city shall not by such inclusion impair or
affect in any respect the rights of the electric utility to continue to provide electric utility
service and to extend service to prospective customers in accordance with the provisions of
this subchapter.

SUBCHAPTER III
CROSSINGS — RAILROAD RIGHTS-OF-WAY

476.27 Public utility crossing — railroad rights-of-way.
1. Definitions. As used in this section, unless the context otherwise requires:
   a. “Board” means the Iowa utilities board.
   b. “Crossing” means the construction, operation, repair, or maintenance of a facility over, under, or across a railroad right-of-way by a public utility.
   c. “Direct expenses” includes, but is not limited to, any or all of the following:
      (1) The cost of inspecting and monitoring the crossing site.
      (2) Administrative and engineering costs for review of specifications; for entering a crossing on the railroad’s books, maps, and property records; and other reasonable administrative and engineering costs incurred as a result of the crossing.
      (3) Document and preparation fees associated with a crossing, and any engineering specifications related to the crossing.
      (4) Damages assessed in connection with the rights granted to a public utility with respect to a crossing.
   d. “Electric transmission owner” means an individual or entity who owns and maintains electric transmission facilities including transmission lines, wires, or cables that are capable of operating at an electric voltage of thirty-four and one-half kilovolts or greater that are required for rate-regulated electric utilities, municipal electric utilities, and rural electric cooperatives in this state to provide electric service to the public for compensation.
   e. “Facility” means any cable, conduit, wire, pipe, casing pipe, supporting poles and guys, manhole, or other material and equipment, that is used by a public utility to furnish any of the following:
      (1) Communications services.
      (2) Electricity.
      (3) Gas by piped system.
      (4) Sanitary and storm sewer service.
      (5) Water by piped system.
   f. “Public utility” means a public utility as defined in section 476.1, except that, for purposes of this section, “public utility” also includes all mutual telephone companies, municipally owned facilities, unincorporated villages, waterworks, municipally owned waterworks, joint water utilities, rural water districts incorporated under chapter 357A or 504, cooperative water associations, franchise cable television operators, persons furnishing electricity to five or fewer persons, and electric transmission owners primarily providing service to public utilities as defined in section 476.1.
   g. “Railroad” or “railroad corporation” means a railroad corporation as defined in section 321.1, which is the owner, operator, occupant, manager, or agent of a railroad right-of-way or the railroad corporation’s successor in interest. “Railroad” and “railroad corporation” include an interurban railway.
   h. “Railroad right-of-way” means one or more of the following:
      (1) A right-of-way or other interest in real estate that is owned or operated by a railroad corporation, the trustees of a railroad corporation, or the successor in interest of a railroad corporation.
      (2) A right-of-way or other interest in real estate that is occupied or managed by or on behalf of a railroad corporation, the trustees of a railroad corporation, or the successor in interest of a railroad corporation, including an abandoned railroad right-of-way that has not otherwise reverted pursuant to chapter 327G.
      (3) Another interest in a former railroad right-of-way that has been acquired or is operated by a land management company or similar entity.
   i. “Special circumstances” means either or both of the following:
      (1) The existence of characteristics of a segment of railroad right-of-way or of a proposed utility facility that increase the direct expenses associated with a proposed crossing.
      (2) A proposed crossing that involves a significant and imminent likelihood of danger to
the public health or safety, or that is a serious threat to the safe operations of the railroad, or to the current use of the railroad right-of-way, necessitating additional terms and conditions associated with the crossing.

2. Rulemaking and standard crossing fee. The board, in consultation with the state department of transportation, shall adopt rules pursuant to chapter 17A prescribing the terms and conditions for a crossing. The rules shall provide that any crossing be consistent with the public convenience and necessity and reasonable service to the public. The rules, at a minimum, shall address the following:

a. The terms and conditions applicable to a crossing including, but not limited to, the following:
   (1) Notification required prior to the commencement of any crossing activity.
   (2) A requirement that the railroad and the public utility each maintain and repair the person's own property within the railroad right-of-way, and bear responsibility for each person's own acts and omissions; except that the public utility shall be responsible for any bodily injury or property damage that typically would be covered under a standard railroad protective liability insurance policy.
   (3) The amount and scope of insurance or self-insurance required to cover risks associated with a crossing.
   (4) A procedure to address the payment of costs associated with the relocation of public utility facilities within the railroad right-of-way necessary to accommodate railroad operations.
   (5) Terms and conditions for securing the payment of any damages by the public utility before it proceeds with a crossing.
   (6) Immediate access to a crossing for repair and maintenance of existing facilities in case of emergency.
   (7) Engineering standards for utility facilities crossing railroad rights-of-way.
   (8) Provision for expedited crossing, absent a claim of special circumstances, after payment by the public utility of the standard crossing fee, if applicable, and submission of completed engineering specifications to the railroad.
   (9) Other terms and conditions necessary to provide for the safe and reasonable use of a railroad right-of-way by a public utility, and consistent with rules adopted by the board, including any complaint procedures adopted by the board to enforce the rules.

b. Unless otherwise agreed by the parties and subject to subsection 4, a public utility that locates its facilities within the railroad right-of-way for a crossing, other than a crossing along the public roads of the state pursuant to chapter 477, shall pay the railroad a one-time standard crossing fee of seven hundred fifty dollars for each crossing. The standard crossing fee shall be in lieu of any license or any other fees or charges to reimburse the railroad for the direct expenses incurred by the railroad as a result of the crossing. The public utility shall also reimburse the railroad for any actual flagging expenses associated with a crossing in addition to the standard crossing fee.

3. Powers not limited.

a. Notwithstanding subsection 2, rules adopted by the board shall not prevent a railroad and a public utility from otherwise negotiating the terms and conditions applicable to a crossing or the resolution of any disputes relating to such crossing.

b. Notwithstanding paragraph "a", neither this subsection nor this section shall impair the authority of a public utility to secure crossing rights by easement pursuant to the exercise of the power of eminent domain.

4. Special circumstances.

a. A railroad or public utility that believes special circumstances exist for a particular crossing may petition the board for relief.

(1) If a petition for relief is filed, the board shall determine whether special circumstances exist that necessitate either a modification of the direct expenses to be paid, or the need for additional terms and conditions.

(2) The board may make any necessary findings of fact and determinations related to the existence of special circumstances, as well as any relief to be granted.

(3) A determination of the board, except for a determination on the issue of damages for...
the rights granted to a public utility with respect to a crossing, shall be considered final agency action subject to judicial review under chapter 17A.

4. The board shall assess the costs associated with a petition for relief equitably against the parties.

b. A railroad or public utility that claims to be aggrieved by a determination of the board on the issue of damages for the rights granted to a public utility with respect to a crossing may seek judicial review as provided in subsection 5.

5. Appeals.

a. A railroad or public utility that claims to be aggrieved by the board’s determination of damages for rights granted to a public utility may appeal the board’s determination to the district court in the same manner as provided in section 6B.18 and sections 6B.21 through 6B.23. In any appeal of the determination of damages, the public utility shall be considered the applicant, and the railroad shall be considered the condemnee. References in sections 6B.18 and 6B.21 to “compensation commission” mean the board as defined in this section, or appointees of the board.

b. An appeal of any determination of the board other than the issues of damages for rights granted to a public utility shall be pursuant to chapter 17A.

6. Authority to cross — emergency relief.

a. Pending board resolution of a claim of special circumstances raised in a petition, a public utility may, upon securing the payment of any damages, and upon submission of completed engineering specifications to the railroad, proceed with a crossing in accordance with the rules adopted by the board, unless the board, upon application for emergency relief, determines that there is a reasonable likelihood that either of the following conditions exist:

1. That the proposed crossing involves a significant and imminent likelihood of danger to the public health or safety.

2. That the proposed crossing is a serious threat to the safe operations of the railroad or to the current use of the railroad right-of-way.

b. If the board determines that there is a reasonable likelihood that the proposed crossing meets either condition, then the board shall immediately intervene to prevent the crossing until a factual determination is made.

7. Conflicting provisions. Notwithstanding any provision of the Code to the contrary, this section shall apply in all crossings of railroad rights-of-way involving a public utility as defined in this section, and shall govern in the event of any conflict with any other provision of law.

476.31 Continuing audit of operation.
The board shall adopt not later than July 1, 1983, rules and policies to implement a program for the continuous review of operations of rate-regulated public utilities with respect to all matters that affect rates or charges for utility service.

[81 Acts, ch 156, §1]
Referred to in §476.3, 476.10

476.32 Review of annual reports.
The board shall review annual reports submitted by rate-regulated public utilities. The board shall commence rate-review proceedings under this chapter if an annual report indicates that the earnings of the public utility are excessive.

[81 Acts, ch 156, §2]
Referred to in §476.3

476.33 Rules governing hearings.
1. The board shall adopt rules pursuant to chapter 17A to provide for the completion of proceedings under section 476.3 within ten months after the date of the filing of a petition under section 476.3, subsection 2, and to provide for the completion of proceedings under section 476.6 within ten months after the date of filing of the new or changed rates, charges, schedules, or regulations under that section. These rules shall include reasonable time limitations for the submission or completion of comments and testimony, and exhibits, briefs, and hearings, and may provide for the granting of additional time upon the request of a party to the proceeding for good cause shown.
2. Additional time granted to a party under subsection 1 shall not extend the amount of time for which a utility is required to file a bond or other undertaking conditioned upon refund under section 476.3, subsection 2.
3. If in a proceeding under section 476.6 additional time is granted to a party under subsection 1, the board may extend the ten-month period during which a utility is prohibited from placing its entire rate increase request into effect under section 476.6, but an extension shall not exceed the aggregate amount of all additional time granted under subsection 1.
4. The board shall adopt rules that require the board, in rate regulatory proceedings under sections 476.3 and 476.6, to utilize either a historic test year or a future test year at the rate-regulated public utility’s discretion.
   a. For a rate regulatory proceeding utilizing a historic test year, the rules shall require the board to consider the use of the most current test period possible in determining reasonable and just rates, subject only to the availability of existing and verifiable data respecting costs and revenues, and in addition, to consider verifiable data that exists within nine months after the conclusion of the test year, respecting known and measurable changes in costs not associated with a different level of revenue, and known and measurable revenues not associated with a different level of costs, that are to occur at any time within twelve months after the date of commencement of the proceedings. Parties proposing adjustments that are not verifiable at the commencement of the proceedings shall include projected data related to the adjustments in their initial substantive filing with the board. For purposes of this paragraph, a proceeding commences under section 476.6 upon the filing date of new or changed rates, charges, schedules, or regulations.
   b. For a rate regulatory proceeding utilizing a future test year, the rules shall require the board to consider the use of any twelve-month period beginning no later than the date on which a proposed rate change is expected to take effect in determining just and reasonable rates. The rules shall also require the board to conduct a proceeding subsequent to the effective date of a rate resulting from a rate regulatory proceeding utilizing a future test year to determine whether the actual costs and revenues are reasonably consistent with those approved by the board. If the actual costs and revenues are not reasonably consistent with those approved by the board, the board shall adjust the rates accordingly. For a rate regulatory
proceeding utilizing a future test year, the board may adopt rules regarding evidence required, information to support forecasts, and any reporting obligations. The board may also adopt rules regarding the conditions under which a public utility that utilizes a future test year may subsequently utilize a historic test year. A public utility shall not be precluded from filing a rate regulatory proceeding utilizing a future test year prior to the adoption of any rules pursuant to this subsection.

c. This subsection does not limit the authority of the board to consider other evidence in proceedings under sections 476.3 and 476.6.

ALTERNATE ENERGY PRODUCTION FACILITIES

476.41 Purpose.
It is the policy of this state to encourage the development of alternate energy production facilities and small hydro facilities in order to conserve our finite and expensive energy resources and to provide for their most efficient use.

83 Acts, ch 182, §2
Referred to in §476.1B, 476.43

476.42 Definitions.
As used in this subchapter, unless the context otherwise requires:
1. a. "Alternate energy production facility" means any or all of the following:
   (1) A solar, wind turbine, waste management, resource recovery, refuse-derived fuel, agricultural crops or residues, or woodburning facility. For purposes of this definition only, "waste management" includes a facility using plasma gasification to produce synthetic gas, either as a stand-alone fuel or for blending with natural gas, the output of which is used to generate electricity or steam. For purposes of this definition only, "plasma gasification" means the thermal dissociation of carbonaceous material into fragments of compounds in an oxygen-starved environment.
   (2) Land, systems, buildings, or improvements that are located at the project site and are necessary or convenient to the construction, completion, or operation of the facility.
   (3) Transmission or distribution facilities necessary to conduct the energy produced by the facility to users located at or near the project site.
   b. A facility which is a qualifying facility under 18 C.F.R. pt. 292, subpt. B is not precluded from being an alternate energy production facility under this subchapter.
2. "Electric utility" means a public utility that furnishes electricity to the public for compensation.
3. "Next generating plant" means an electric utility’s assumed next coal-fired base load electric generating plant, whether planned or not, based on current technology and undiscounted current cost.
4. a. "Small hydro facility" means any or all of the following:
   (1) A hydroelectric facility at a dam.
   (2) Land, systems, buildings, or improvements that are located at the project site and are necessary or convenient to the construction, completion, or operation of the facility.
   (3) Transmission or distribution facilities necessary to conduct the energy produced by the facility to users located at or near the project site.
b. A facility which is a qualifying facility under 18 C.F.R. pt. 292, subpt. B is not precluded from being a small hydro facility under this subchapter.

476.43 Rates for alternate energy production facilities.
1. Subject to section 476.44, the board shall require electric utilities to do both of the following under terms and conditions that the board finds are just and economically reasonable for the electric utilities’ customers, are nondiscriminatory to alternate energy producers and small hydro producers, and will further the policy stated in section 476.41:
   a. At least one of the following:
      (1) Own alternate energy production facilities or small hydro facilities located in this state.
      (2) Enter into long-term contracts to purchase or wheel electricity from alternate energy production facilities or small hydro facilities located in the utility’s service area.
   b. Provide for the availability of supplemental or backup power to alternate energy production facilities or small hydro facilities on a nondiscriminatory basis and at just and reasonable rates.
2. Upon application by the owner or operator of an alternate energy production facility or small hydro facility or any interested party, the board shall establish for the affected public utility just and economically reasonable rates for electricity purchased under subsection 1, paragraph “a”. The rates shall be established at levels sufficient to stimulate the development of alternate energy production and small hydro facilities in Iowa and to encourage the continuation of existing capacity from those facilities.
3. The board may adopt individual utility or uniform statewide facility rates. The board shall consider the following factors in setting individual or uniform rates:
   a. The estimated capital cost of the next generating plant, including related transmission facilities, to be placed in service by the electric utility serving the area.
   b. The term of the contract between the electric utility and the seller.
   c. A levelized annual carrying charge based upon the term of the contract and determined in a manner consistent with both the methods and the current interest or return requirements associated with the electric utility’s new construction program.
   d. The electric utility’s annual energy costs, including current fuel costs, related operation and maintenance costs, and other energy-related costs considered appropriate by the board.
   e. External factors, including but not limited to, environmental and economic factors.
   f. Other relevant factors.
   g. If the board adopts uniform statewide rates, the board shall use representative data in lieu of utility specific information in applying the factors listed in paragraphs “a” through “f”.
4. In the case of a utility that purchases all or substantially all of its electricity requirements, the rates established under this section must be based on the electric utility’s current purchased power costs.
5. In lieu of the other procedures provided by this section, an electric utility and an owner or operator of an alternate energy production facility or small hydro facility may enter into a long-term contract in accordance with subsection 1 and may agree to rates for purchase and sale transactions. A contract entered into under this subsection must be filed with the board in the manner provided for tariffs under section 476.4.
6. This section does not require an electric utility to construct additional facilities unless those facilities are paid for by the owner or operator of the affected alternate energy production facility or small hydro facility.

476.44 Exceptions.
1. The board shall not require an electric utility to purchase or wheel electricity from an alternate energy production facility or small hydro facility unless the facility is owned or
operated by an individual, firm, partnership, corporation, company, association, joint stock association, city, town, or county that meets both of the following:

a. Is not primarily engaged in the business of producing or selling electricity, gas, or useful thermal energy other than electricity, gas, or useful thermal energy sold solely from alternate energy production facilities or small hydro facilities.

b. Does not sell electricity, gas, or useful thermal energy to residential users other than the tenants or the owner or operator of the facility.

2. a. An electric utility subject to this subchapter, except a utility that elects rate regulation pursuant to section 476.1A, shall not be required to own or purchase, at any one time, more than its share of one hundred five megawatts of power from alternate energy production facilities or small hydro facilities at the rates established pursuant to section 476.43. The board shall allocate the one hundred five megawatts based upon each utility’s percentage of the total Iowa retail peak demand, for the year beginning January 1, 1990, of all utilities subject to this section. If a utility undergoes reorganization as defined in section 476.76, the board shall combine the allocated purchases of power for each utility involved in the reorganization.

b. Notwithstanding the one hundred five megawatt maximum, the board may increase the amount of power that a utility is required to own or purchase at the rates established pursuant to section 476.43 if the board finds that a utility, including a reorganized utility, exceeds its 1990 Iowa retail peak demand by twenty percent and the additional power the utility is required to purchase will encourage the development of alternate energy production facilities and small hydro facilities. The increase shall not exceed the utility’s increase in peak demand multiplied by the ratio of the utility’s share of the one hundred five megawatt maximum to its 1990 Iowa retail peak demand.

§476.44A Trading of credits.
The board may establish or participate in a program to track, record, and verify the trading of credits or attributes relating to electricity generated from alternate energy production facilities or renewable energy sources among electric generators, utilities, and other interested entities, within this state and with similar entities in other states.

§476.45 Exemption from excess capacity.
Capacity of an alternate energy production facility or small hydro facility, that is owned or purchased by an electric utility, shall not be included in a calculation of an electric utility’s excess generating capacity for ratemaking purposes.

§476.46 Alternate energy revolving loan program.
1. The Iowa energy center created under section 15.120 shall establish and administer an alternate energy revolving loan program to encourage the development of alternate energy production facilities and small hydro facilities within the state.

2. a. An alternate energy revolving loan fund is created in the office of the treasurer of state to be administered by the Iowa energy center.

b. The fund shall include moneys appropriated or otherwise directed to the fund.

c. Moneys in the fund shall be used to provide loans for the construction of alternate energy production facilities or small hydro facilities as defined in section 476.42.

d. (1) A gas or electric utility that is not required to be rate-regulated shall not be eligible for a loan under this section. However, gas and electric utilities not required to be rate-regulated shall be eligible for loans from moneys remitted to the fund. Such loans shall be limited to a maximum of five hundred thousand dollars per applicant and shall be limited to one loan every two years.
(2) A facility shall be eligible for no more than one million dollars in loans outstanding at any time under this program.

e. (1) Each loan shall be for a period not to exceed twenty years, shall bear no interest, and shall be repayable to the fund created under this section in installments as determined by the Iowa energy center. The interest rate upon delinquent payments shall accelerate immediately to the current legal usury limit.

(2) Any loan made pursuant to this program shall become due for payment upon sale of the facility for which the loan was made.

(3) Interest on the fund shall be deposited in the fund. A portion of the interest on the fund, not to exceed fifty percent of the total interest accrued, shall be used for promotion and administration of the fund.

f. Section 8.33 shall not apply to the moneys in the fund.

Referred to in §476.10A

476.47 Alternate energy purchase programs.

1. Beginning January 1, 2004, an electric utility, whether or not rate-regulated under this chapter, shall offer an alternate energy purchase program to customers, based on energy produced by alternate energy production facilities in Iowa.

2. The board shall require electric utilities to file plans for alternate energy purchase programs offered pursuant to this section.

a. Rate-regulated electric utilities shall file plans for alternate energy purchase programs that allow customers to contribute voluntarily to the development of alternate energy in Iowa, and shall file tariffs as required by the board by rule.

b. Electric utilities that are not rate-regulated shall offer alternate energy purchase programs at rates determined by their governing authority, and shall file tariffs with the board for informational purposes only.

3. The electric utility shall notify consumers of its alternate energy purchase program and any proposed modifications to such program at least sixty days prior to implementation of the program or any modification.

4. For purposes of this section, an electric utility may base its program on energy produced by alternate energy production facilities located outside of Iowa under any of the following circumstances:

a. The energy is purchased by the electric utility pursuant to a contract in effect prior to July 1, 2001, and continues until the expiration of the contract, including any options to renew that are exercised by the electric utility.

b. The electric utility has a financial interest, as of July 1, 2001, in the alternate energy production facility that is located outside of Iowa, or in an entity that has a financial interest in an alternate energy production facility located outside of Iowa.

c. The energy is purchased by an electric utility that is not rate-regulated and that is required to purchase all of its electric power requirements from a single supplier that is physically located outside of Iowa.

5. This section shall not apply to non-rate-regulated electric utilities physically located outside of Iowa that serve Iowa customers.

6. Any consumer-owned utility may apply to the board for a waiver under this section, and the board, for good cause, may grant the waiver.

Referred to in §476.1A, 476.1B, 476.49

476.48 Small wind innovation zone program.

1. Definitions. For purposes of this section, unless the context otherwise requires:

a. “Electric utility” means a public utility that furnishes electricity to the public for compensation and which enters into a model interconnection agreement with the owner of a small wind energy system as provided in subsection 4.

b. “Small wind energy system” means a wind energy conversion system that collects and
converts wind into energy to generate electricity which has a nameplate generating capacity of one hundred kilowatts or less.

c. “Small wind innovation zone” means a political subdivision of this state, including but not limited to a city, county, township, school district, community college, area education agency, institution under the control of the state board of regents, or any other local commission, association, or tribal council which adopts, or is encompassed within a local government which adopts, the model ordinance as provided in subsection 3.

2. Program established.
   a. The utilities division shall establish and administer a small wind innovation zone program to optimize local, regional, and state benefits from wind energy and to facilitate expedite interconnection of small wind energy systems with electric utilities throughout this state. Pursuant to the program, the owner of a small wind energy system located within a small wind innovation zone desiring to interconnect with an electric utility shall benefit from a streamlined application process, may utilize a model interconnection agreement, and can qualify under a model ordinance.

   b. A political subdivision seeking to be designated a small wind innovation zone shall apply to the division upon a form developed by the division. The division shall approve an application which documents that the applicable local government has adopted the model ordinance or is in the process of amending an existing zoning ordinance to comply with the model ordinance and that an electric utility operating within the political subdivision has agreed to utilize the model interconnection agreement to contract with the small wind energy system owners who agree to its terms.

3. Model ordinance. The Iowa league of cities, the Iowa association of counties, the Iowa environmental council, the Iowa wind energy association, and representatives from the utility industry shall consult and develop a model ordinance to be offered on both the Iowa league of cities’ and the Iowa association of counties’ internet sites and made available for use by a local government which constitutes or encompasses a political subdivision that is applying for designation as a small wind innovation zone. A local government adopting the model ordinance shall establish an expedited approval process with regard to small wind energy systems in compliance with the ordinance in order to qualify as a small wind innovation zone.

4. Model interconnection agreement. The utilities board shall develop a model interconnection agreement by June 1, 2010, for utilization within a small wind innovation zone by the owner of a small wind energy system seeking to interconnect with an electric utility. The interconnection agreement shall ensure that the energy produced can be safely interconnected with the utility without causing any adverse or unsafe consequences and is consistent with the electric utility’s resource needs. The board shall establish by rule procedures for modification of the model interconnection agreement upon mutually agreeable terms and conditions in unique or unusual circumstances, subject to board approval. Electric utilities shall consider adopting the model interconnection agreement.

5. Tax credit incentives. The owner of a small wind energy system operating within a small wind innovation zone shall qualify for the renewable energy tax credit pursuant to chapter 476C.

6. Reporting requirements. The division shall prepare a report summarizing the number of applications received from political subdivisions seeking to be designated a small wind innovation zone, the number of applications granted, the number of small wind energy systems generating electricity within each small wind innovation zone, and the amount of wind energy produced, and shall submit the report to the members of the general assembly by January 1 annually.

2009 Acts, ch 148, §1, 2

476.49 Billing methods for distributed generation customers.

1. Definitions. For purposes of this section, unless the context otherwise requires:
   a. “Alternate energy production facility” means the same as defined in section 476.42.
   b. “Distributed generation customer” means a person other than a public utility that interconnects an eligible distributed generation facility to an electric distribution system.
c. “Distributed generation facility” means the same as defined in section 476.58, subsection 1, paragraph “b”, subparagraph (2) or (3).

d. “Electric utility” means a public utility that furnishes electricity to the public for compensation that is required to be rate-regulated under this chapter.

e. “Eligible distributed generation facility” means a distributed generation facility that elects a billing method pursuant to subsection 3, and to which all of the following apply:
   (1) The facility is located behind a customer’s electricity meter.
   (2) The facility is interconnected to the electric utility distribution system.
   (3) The facility has an aggregate nameplate capacity less than or equal to one megawatt alternating current.
   (4) The facility has a capability to produce no more than one hundred ten percent of the customer’s annual electricity usage.
   (5) The facility’s generating capacity and associated energy is intended to serve only the on-site electric requirements of the customer.

f. “Inflow-outflow billing” means a billing method for an eligible distributed generation facility whereby the net metering interval is measured hourly or subhourly, and a distributed generation customer makes payment and is credited as provided in subsection 3, paragraph “b”.

g. “Net billing” means a billing method for an eligible distributed generation facility whereby the net metering interval is equal to a monthly billing period, and a distributed generation customer makes payment and is credited as provided in subsection 3, paragraph “a”.

h. “Net metering” means a single meter monitoring only the net amount of electricity delivered to and exported by an eligible distributed generation facility, which electricity offsets electricity that would otherwise be purchased by a distributed generation customer from the electric utility.

i. “Statewide distributed generation penetration” means the aggregate nameplate capacity of all eligible distributed generation facilities of electric utilities as a percentage of the aggregate peak demand of all electric utilities.

2. Publication of data. The board shall collect data on the nameplate capacity of eligible distributed generation facilities, calculate the statewide distributed generation penetration percentage, and publish the data and penetration rate on an annual basis on the board’s internet site.

3. Billing methods. An electric utility shall file either a net billing or an inflow-outflow billing tariff with the board to govern the billing and crediting of eligible distributed generation facilities interconnected with the electric distribution system of an electric utility as follows:

   a. (1) An electric utility choosing to utilize the net billing method shall file a tariff with the board whereby a distributed generation customer pays all applicable charges, including applicable rider charges approved by the board and applied to non-net metering customers, for the electricity delivered to the customer over the net metering interval. A distributed generation customer shall be credited in kilowatt-hours for energy exported to the electric utility over the net metering interval. A distributed generation customer may use the kilowatt-hour credits to offset kilowatt-hours in future billing periods. The offset shall include any applicable volumetric rider charges approved by the board and applied to non-net metering customers.
      (2) Any excess kilowatt-hours remaining at the end of a twelve-month period shall be cashed out at the electric utility’s avoided cost rate with the funds from the cash out divided evenly between the customer and the electric utility’s low-income home energy assistance program. The distributed generation customer shall choose either a January or April cash out date at the time of interconnection.
   (3) Net billing shall not be limited in any way based on a customer’s peak demand.
   (4) Net billing shall not include any fees or charges that are not charged to customers in the same rate class that are not net billing customers.

   b. (1) An electric utility choosing to utilize the inflow-outflow billing method shall file a tariff with the board whereby a distributed generation customer pays all applicable charges,
including applicable rider charges approved by the board and applied to non-net metering customers, for the electricity delivered by the electric utility over the net metering interval. The distributed generation customer is credited in dollars at the outflow purchase rate for energy exported to the utility over the net metering interval. The distributed generation customer may use the dollar credits to offset any applicable volumetric charges, including applicable rider charges, billed on a kilowatt-hour basis.

(2) The electric utility shall select an hourly or subhourly metering interval that balances the benefits of accurately measuring power flows in each direction with the cost of collecting, storing, and processing meter data.

(3) Inflow-outflow billing shall not be limited in any way based on a customer’s peak demand.

(4) Inflow-outflow billing shall not include any fees or charges that are not charged to customers in the same rate class that are not inflow-outflow customers.

(5) Prior to the board’s approval of a value of solar methodology and rate, the outflow purchase rate for an eligible distributed generation facility shall be the applicable retail volumetric rate, including applicable rider charges approved by the board and applied to non-net metered customers. The outflow purchase rate for any distributed generation facility will continue to be the applicable retail volumetric rate for a term of twenty years. Any change in ownership of such eligible facility, or adoption and use by the electric utility of a value-of-solar rate pursuant to subsection 4, shall not impact the outflow purchase rate for the distributed generation facility during the twenty-year term.

4. Value of solar methodology. If the board is petitioned by an electric utility after July 1, 2027, or when the statewide distributed generation penetration rate is equal to five percent, whichever is earlier, the board shall initiate a proceeding to develop a value of solar methodology and rate for eligible distributed generation facilities. The value of solar rate shall be determined through the use of a methodology that calculates the benefits and costs an eligible distributed generation facility provides to, or imposes on, the electric system. The value of solar methodology shall be applied independently to each electric utility. When the board determines the value of solar methodology, it shall determine if there is a need for separate methodologies for other distributed generation technologies or if it can account for the values of other technologies with modifications to the value of solar methodology.

a. In establishing the methodology, the board shall initiate a formal proceeding. The value of solar methodology shall be determined through a study conducted by an independent third party and overseen by the board. Interested parties shall have the opportunity to comment and offer testimony on any proposed value of solar methodology before it is adopted by the board.

b. The benefits and costs in a value of solar methodology shall include all of the following factors as appropriate and supported by known and measurable evidence:

(1) The cost of energy and fuel.
(2) Generation capacity and reserves.
(3) Transmission capacity and charges.
(4) Distribution capacity.
(5) Transmission and distribution line losses.
(6) Fixed and variable costs associated with plant operations and maintenance.
(7) Environmental compliance costs.
(8) Integration costs.
(9) Grid support services.
(10) Other factors, based on known and measurable evidence of the cost or benefit of solar operations to the electric utility’s electric system.

c. Upon approval of the value of solar methodology, the outflow purchase rate shall be limited to either a five percent increase or decrease from the previous outflow purchase rate. The value of solar rate shall be recomputed annually and reflected in the outflow purchase rate, limited to a five percent increase or decrease from the previous outflow purchase rate. If the utility switches from a net billing method to an inflow-outflow billing method after the value of solar methodology is approved, then the previous purchase rate shall be the applicable retail volumetric rate including all applicable rider charges approved by the board.
d. The board shall consider, review, and update as appropriate the value of solar methodology at least every three years after completion of the initial methodology.

e. After the board has approved a value of solar methodology and rate, the outflow purchase rate shall be set using the value of solar methodology. The outflow purchase rate for such a facility will be fixed for a term of twenty years regardless of any subsequent changes in the electric utility’s outflow purchase rate or changes in ownership of such facility.

5. **Forfeiture of outflow purchase credits.** Any outflow purchase credits remaining at the end of an annual period shall be forfeited to the rider used by the electric utility pursuant to subsection 7. The distributed generation customer shall choose either a January or April date at the time of interconnection for the purposes of determining the annual period.

6. **Proposal of separate rate classes.** An electric utility shall not propose treating distributed generation customers as a separate rate class in a general rate case prior to the board’s approval of a value of solar methodology or prior to July 1, 2027, whichever is earlier. If an electric utility chooses to propose a separate rate class for distributed generation customers in a future proceeding, such a proposal shall be approved or disapproved in accordance with section 476.6 and accompanying rules.

7. **Riders.** An electric utility shall be allowed to recover the amounts credited to an eligible distributed generation customer for outflow purchases pursuant to a rider. To the extent an electric utility does not have such a rider, the board shall allow an electric utility to establish a rider to recover such amounts. For purposes of this subsection, “rider” includes a fuel or energy adjustment clause.

8. **Preexisting tariff.** Any customer utilizing a net billing tariff approved by the board or before the availability of inflow-outflow billing may continue to receive electric service pursuant to the preexisting tariff for the remaining duration of the contract regardless of any subsequent changes in ownership of such facility.

9. **Use of funds collected through alternate energy purchase programs.** An electric utility may use funds collected pursuant to section 476.47 to offset any amounts that would otherwise be recovered through a rider resulting from outflow purchases of excess energy produced by an eligible distributed generation facility.

10. **Reasonableness of net billing and inflow-outflow billing.** When the statewide net metering penetration level reaches ten percent, the board shall determine whether the net billing and inflow-outflow billing methods are still reasonable and shall make recommendations to the general assembly. Regardless of the board’s recommendations, existing facilities shall continue to be eligible for the net billing or inflow-outflow billing tariff in place at the time of installation and for twenty years of operation thereafter.

SUBCHAPTER VII

PENALTY

476.51 **Civil penalty.**

1. A public utility which, after written notice by the board of a specific violation, violates the same provision of this chapter, the same rule adopted by the board, or the same provision of an order lawfully issued by the board, is subject to a civil penalty, which may be levied by the board, of not less than one hundred dollars nor more than two thousand five hundred dollars per violation.

2. A public utility which willfully, after written notice by the board of a specific violation, violates the same provision of this chapter, the same rule adopted by the board, or the same provision of an order lawfully issued by the board, is subject to a civil penalty, which may be levied by the board, of not less than one thousand dollars nor more than ten thousand dollars
§476.51, PUBLIC UTILITY REGULATION  V-1294

per violation. For the purposes of this section, “willful” means knowing and deliberate, with a specific intent to violate.

3. Each violation is a separate offense. In the case of a continuing violation, each day a violation continues, after the time specified for compliance in the written notice by the board, is a separate and distinct offense. Any civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in a compromise, the board may consider the appropriateness of the penalty in relation to the size of the public utility, the gravity of the violation, and the good faith of the public utility in attempting to achieve compliance following notification of a violation, and any other relevant factors.

4. The written notice given by the board to a public utility under this section shall specify an appropriate time for compliance.

5. Civil penalties collected pursuant to this section from utilities providing water, electric, or gas service shall be forwarded by the chief operating officer of the board to the treasurer of state to be credited to the general fund of the state and to be used only for the low income home energy assistance program and the weatherization assistance program administered by the division of community action agencies of the department of human rights. Civil penalties collected pursuant to this section from utilities providing telecommunications service shall be forwarded to the treasurer of state to be credited to the department of commerce revolving fund created in section 546.12 to be used only for consumer education programs administered by the board. Penalties paid by a rate-regulated public utility pursuant to this section shall be excluded from the utility’s costs when determining the utility’s revenue requirement, and shall not be included either directly or indirectly in the utility’s rates or charges to customers.

SUBCHAPTER VIII
POLICIES

476.52 Management efficiency.

1. It is the policy of this state that a public utility shall operate in an efficient manner.

2. If the board determines in the course of a proceeding conducted under section 476.3 or 476.6 that a utility is operating in an inefficient manner, or is not exercising ordinary, prudent management, or in comparison with other utilities in the state the board determines that the utility is performing in a less beneficial manner than other utilities, the board may reduce the level of profit or adjust the revenue requirement for the utility to the extent the board believes appropriate to provide incentives to the utility to correct its inefficient operation.

3. If the board determines in the course of a proceeding conducted under section 476.3 or 476.6 that a utility is operating in such an extraordinarily efficient manner that tangible financial benefits result to the ratepayer, the board may increase the level of profit or adjust the revenue requirement for the utility.

4. In making its determination under this section, the board may also consider a public utility’s pursuit of energy efficiency programs. The board shall adopt rules for determining the level of profit or the revenue requirement adjustment that would be appropriate. The board shall also adopt rules establishing a methodology for an analysis of a utility’s management efficiency.

476.53 Electric generating and transmission facilities.

1. It is the intent of the general assembly to attract the development of electric power generating and transmission facilities within the state in sufficient quantity to ensure reliable electric service to Iowa consumers and provide economic benefits to the state. It is also the intent of the general assembly to encourage rate-regulated public utilities to consider altering existing electric generating facilities, where reasonable, to manage carbon emission intensity in order to facilitate the transition to a carbon-constrained environment.
2. a. The general assembly’s intent with regard to the development of electric power generating and transmission facilities, or the significant alteration of an existing generating facility, as provided in subsection 1, shall be implemented in a manner that is cost-effective and compatible with the environmental policies of the state, as expressed in this Title XI.

b. The general assembly’s intent with regard to the reliability of electric service to Iowa consumers, as provided in subsection 1, shall be implemented by considering the diversity of the types of fuel used to generate electricity, the availability and reliability of fuel supplies, and the impact of the volatility of fuel costs.

3. a. The board shall specify in advance, by order issued after a contested case proceeding, the ratemaking principles that will apply when the costs of the electric power generating facility or alternate energy production facility are included in regulated electric rates whenever a rate-regulated public utility does any of the following:

1. (a) Files an application pursuant to section 476A.3 to construct in Iowa a baseload electric power generating facility with a nameplate generating capacity equal to or greater than three hundred megawatts or a combined-cycle electric power generating facility, or an alternate energy production facility as defined in section 476.42, or to significantly alter an existing generating facility. For purposes of this subparagraph, a significant alteration of an existing generating facility must, in order to qualify for establishment of ratemaking principles, fall into one of the following categories:

   i. Conversion of a coal fueled facility into a gas fueled facility.
   ii. Addition of carbon capture and storage facilities at a coal fueled facility.
   iii. Addition of gas fueled capability to a coal fueled facility, in order to convert the facility to one that will rely primarily on gas for future generation.
   iv. Addition of a biomass fueled capability to a coal fueled facility.
   v. Repowering of an alternate energy production facility. For purposes of this subparagraph subdivision, “repowering” shall mean either the complete dismantling and replacement of generation equipment at an existing project site, or the installation of new parts and equipment to an existing alternate energy production facility in order to increase energy production, reduce load, increase service capacity, improve project reliability, or extend the useful life of the facility.

b. With respect to a significant alteration of an existing generating facility, an original facility shall not be required to be either a baseload or a combined-cycle facility. Only the incremental investment undertaken by a utility under subparagraph division (a), subparagraph subdivision (i), (ii), (iii), or (iv) shall be eligible to apply the ratemaking principles established by the order issued pursuant to paragraph “e”. Facilities for which advanced ratemaking principles are obtained pursuant to this section shall not be subject to a subsequent board review pursuant to section 476.6. subsection 19, to the extent that the investment has been considered by the board under this section. To the extent an eligible utility has been authorized to make capital investments subject to section 476.6. subsection 19, such investments shall not be eligible for ratemaking principles pursuant to this section.

2. Leases or owns in Iowa, in whole or in part, a new baseload electric power generating facility with a nameplate generating capacity equal to or greater than three hundred megawatts or a combined-cycle electric power generating facility, or a new alternate energy production facility as defined in section 476.42.

b. In determining the applicable ratemaking principles, the board shall not be limited to traditional ratemaking principles or traditional cost recovery mechanisms. Among the principles and mechanisms the board may consider, the board has the authority to approve ratemaking principles proposed by a rate-regulated public utility that provide for reasonable restrictions upon the ability of the public utility to seek a general increase in electric rates under section 476.6 for at least three years after the generating facility begins providing service to Iowa customers.

c. In determining the applicable ratemaking principles, the board shall make the following findings:

1. The rate-regulated public utility has in effect a board-approved energy efficiency plan as required under section 476.6, subsection 15.

2. The rate-regulated public utility has demonstrated to the board that the public utility
has considered other sources for long-term electric supply and that the facility or lease is reasonable when compared to other feasible alternative sources of supply.

d. The applicable ratemaking principles shall be determined in a contested case proceeding, which proceeding may be combined with the proceeding for issuance of a certificate conducted pursuant to chapter 476A.

e. The order setting forth the applicable ratemaking principles shall be issued prior to the commencement of construction or lease of the facility.

f. Following issuance of the order, the rate-regulated public utility shall have the option of proceeding according to either of the following:

(1) Withdrawing its application for a certificate pursuant to chapter 476A.

(2) Proceeding with the construction or lease of the facility.

g. Notwithstanding any provision of this chapter to the contrary, the ratemaking principles established by the order issued pursuant to paragraph “e” shall be binding with regard to the specific electric power generating facility in any subsequent rate proceeding.

4. The utilities board and the consumer advocate may employ additional temporary staff, or may contract for professional services with persons who are not state employees, as the board and the consumer advocate deem necessary to perform required functions as provided in this section, including but not limited to review of power purchase contracts, review of emission plans and budgets, and review of ratemaking principles proposed for construction or lease of a new generating facility. Beginning July 1, 2002, there is appropriated out of any funds in the state treasury not otherwise appropriated, such sums as may be necessary to enable the board and the consumer advocate to hire additional staff and contract for services under this section. The costs of the additional staff and services shall be assessed to the utilities pursuant to the procedure in section 476.10 and section 475A.6.

§476.53A Renewable electric power generation.

It is the intent of the general assembly to encourage the development of renewable electric power generation. It is also the intent of the general assembly to encourage the use of renewable power to meet local electric needs and the development of transmission capacity to export wind power generated in Iowa.

2011 Acts, ch 115, §1

§476.54 Delayed payment charges.

A public utility shall not apply delayed payment charges on a customer’s account if the scheduled payment was made by the customer within twenty days from the date the billing was sent to the customer. Delayed payment charges on a customer’s account shall not exceed one and one-half percent per month of the past-due amount. This section shall not apply to telecommunications service providers registered pursuant to section 476.95A.

§476.55 Complaint of antitrust activities.

1. An application for new or changed rates, charges, schedules, or regulations filed under this chapter, or an application for a certificate or an amendment to a certificate submitted under chapter 476A, by an electric transmission line utility or a gas pipeline utility or a subsidiary of either shall not be approved by the board if, upon complaint by an Iowa electric or gas utility, the board finds activities which create or maintain a situation inconsistent with antitrust laws and the policies which underlie them. The board may grant the rate or facility certification request once it determines that those activities which led to the antitrust complaint have been eliminated. However, this subsection does not apply to an application for new or changed rates, charges, schedules, or regulations after the expiration of the ten-month limitation and applicable extensions.
2. a. Notwithstanding section 476.1D, the board may receive a complaint from a local exchange carrier that another local exchange carrier has engaged in an activity that is inconsistent with antitrust laws and the policies which underlie them. For purposes of this subsection, “local exchange carrier” means the same as defined in section 476.96, Code 2017, and includes a city utility authorized pursuant to section 388.2 to provide local exchange services. If, after notice and opportunity for hearing, the board finds that a local exchange carrier has engaged in an activity that is inconsistent with antitrust laws and the policies which underlie them, the board may order any of the following:
   (1) The local exchange carrier to adjust retail rates in an amount sufficient to correct the antitrust activity.
   (2) The local exchange carrier to pay any costs incurred by the complainant for the pursuit of the complaint.
   (3) The local exchange carrier to pay a civil penalty.
   (4) Either the local exchange carrier or the complainant to pay the costs of the complaint proceeding before the board, and the other party’s reasonable attorney fees.
   b. This subsection shall not be construed to modify, restrict, or limit the right of a person to bring a complaint under any other provision of this chapter.

Subsection 2, paragraph a, unnumbered paragraph 1 amended

476.56 Energy costs provided.
A gas or electric public utility shall provide, upon the request of a person who states in writing that the person is an owner of real property, or an interested prospective purchaser or renter of the property, which is or has been receiving gas or electric service from the public utility, the annual gas or electric energy costs for the property.

476.57 Limitations on use of ADAD equipment — penalty. Repealed by 2018 Acts, ch 1160, §32.

476.58 Safety of distributed generation facilities — disconnection device required — rules.
   1. For purposes of this section:
   a. “Disconnection device” means a lockable visual disconnect or other disconnection device capable of disconnecting and de-energizing the residual voltage in a distributed generation facility.
   b. “Distributed generation facility” means any of the following:
      (1) A cogeneration facility or a small power production facility that is a qualifying facility under 18 C.F.R. pt. 292, subpt. B, used by an interconnection customer to generate electricity that operates in parallel with the electric distribution system, and that typically includes an electric generator and the equipment required to interconnect safely with the electric distribution system or local electric power system.
      (2) An alternate energy production facility as defined in section 476.42.
      (3) A small hydro facility as defined in section 476.42.
   c. “Electric distribution system” means the facilities and equipment owned and operated by an electric utility that are used to transmit electricity to ultimate usage points from interchanges with higher voltage transmission networks which transport bulk power over long distances and that generally operate at less than one hundred kilovolts of electricity.
   d. “Electric meter” means a device used by an electric utility that measures and registers the integral of an electrical quantity with respect to time.
   e. “Electric utility” means a public utility that furnishes electricity to the public for compensation.
   f. “Interconnection customer” means a person that interconnects a distributed generation facility to an electric distribution system.
   2. Consistent with the board’s safety jurisdiction pursuant to section 476.1, the board shall adopt rules pursuant to chapter 17A relating to the safe installation and operation of
interconnections between distributed generation facilities and electric distribution systems. The rules shall include but not be limited to the following:

a. For installations placed in service on or after July 1, 2015, a requirement that a disconnection device be installed at a location that is easily visible and adjacent to an interconnection customer’s electric meter. For installations placed in service prior to July 1, 2015, a requirement that an interconnection customer provide and attach a permanent placard at the electric meter that clearly identifies the presence and location of disconnection devices for distributed generation facilities on the property.
b. A requirement that interconnection customers notify local paid or volunteer fire departments of the location of distributed generation facilities and associated disconnection devices upon completion of installation and procedures for such notifications.
c. Procedures for electric utilities to deny or disconnect service for safety reasons to a person who does not comply with rules adopted pursuant to this subsection.

3. Procedures and requirements provided in rules adopted pursuant to subsection 2 shall apply to all electric utilities and all interconnection customers in this state. However, only those rule provisions concerning interconnections between distributed generation facilities and electric distribution systems and safety issues shall apply to utilities over which the board’s jurisdiction is limited by section 476.1A or 476.1B.

4. This section shall not be construed to expand the board’s jurisdiction over a utility over which the board’s jurisdiction is limited by section 476.1A or 476.1B. This section shall not be construed to authorize the board to require that an installation or connection of a distributed generation facility, disconnection device, or interconnection between a distributed generation facility and an electric distribution system be performed by a licensed electrician, installer, or professional engineer. This section shall not be construed to require inspection of a distributed generation facility, disconnection device, or interconnection between a distributed generation facility and an electric distribution system pursuant to chapter 103.

SUBCHAPTER X
CUSTOMER CONTRIBUTION FUND

476.66 Customer contribution fund.
1. The utilities board shall adopt rules which shall require each electric and gas public utility to establish a fund whose purposes shall include the receiving of contributions to assist the utility's low-income customers with weatherization measures to improve energy efficiency related to winter heating and summer cooling, and to supplement the energy assistance received under the federal low-income home energy assistance program for the payment of winter heating electric or gas utility bills.
2. The rules shall require each utility to periodically notify its customers of the availability and purpose of the fund and to provide them with forms on which they can authorize the utility to bill their contribution to the fund on a monthly basis.
3. The rules shall permit the fund to accept matching funds from persons or organizations who wish to provide assistance for customers of the utility.
4. The utility may be reimbursed by the fund for the administrative costs of the billings, disbursements, notices to customers, and financial recordkeeping. However, such reimbursement shall not exceed five percent of the total revenues collected.
5. The utility shall establish a board or committee to determine the appropriate distribution of the funds. The board or committee shall include representatives from community or regional organizations which are active in assisting citizens with payment of their winter heating bills.
6. The rules established by the utilities board shall require an annual report to be filed for each fund. The utilities board shall compile an annual statewide report of the fund results. The division of community action agencies of the department of human rights shall prepare an annual report of the unmet need for energy assistance and weatherization. Both reports shall be submitted to the appropriations committees of the general assembly on the first day of the following session.
7. Existing programs to receive customer contributions established by public utilities shall be construed to meet the requirements of this section. Such plans shall be subject to review by the utilities board.

SUBCHAPTER XI
PUBLIC UTILITY AFFILIATES

476.71 Purpose.
It is the intent of the general assembly that a public utility should not directly or indirectly include in regulated rates or charges any costs or expenses of an affiliate engaged in any business other than that of utility business unless the affiliate provides goods or services to the public utility. The costs that are included should be reasonably necessary and appropriate for utility business. It is also the intent of the general assembly that a public utility should only provide nonutility services in a manner that minimizes the possibility of cross-subsidization or unfair competitive advantage.
89 Acts, ch 103, §2

476.72 Definitions.
As used in this subchapter, unless the context otherwise requires:
1. “Affiliate” means a party that directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with a rate-regulated public utility.
2. “Control” means the possession, direct or indirect, of the power to direct or cause the
direction of the management and policies of an enterprise through ownership, by contract or otherwise.

3. “Nonutility service” includes the sale, lease, or other conveyance of commercial and residential gas or electric appliances, interior lighting systems and fixtures, or heating, ventilating, or air conditioning systems and component parts or the servicing, repair, or maintenance of such equipment.

4. “Public utility” means a rate-regulated public utility providing electric, gas, water, sanitary sewage, or storm water drainage service, or any combination thereof.

5. “Utility business” means the generation or transmission of electricity or furnishing of gas or furnishing electricity to the public for compensation.

476.73 Affiliate records.

1. Access to records. Every public utility and affiliate through the public utility shall provide the board with access to books, records, accounts, documents, and other data and information which the board finds necessary to effectively implement and effectuate the provisions of this chapter.

2. Separate records. The board may require affiliates of a public utility to keep separate records and the board may provide for the examination and inspection of the books, accounts, papers, and records, as may be necessary to enforce this chapter.

3. Allocation permitted. The board may inquire as to and prescribe, for ratemaking purposes, the allocation of capitalization, earnings, debts, and expenses related to ownership, operation, or management of affiliates.

89 Acts, ch 103, §4

476.74 Affiliate information required to be filed.

1. Goods and services. All contracts or arrangements providing for the furnishing or receiving of goods and services including but not limited to the furnishing or receiving of management, supervisory, construction, engineering, accounting, legal, financial, marketing, data processing, or similar services made or entered into on or after July 1, 1989, between a public utility and any affiliate shall be filed annually with the board.

2. Sales, purchases, and leases. All contracts or arrangements for the purchase, sale, lease, or exchange of any property, right, or thing made or entered into on or after July 1, 1989, between a public utility and any affiliate shall be filed annually with the board.

3. Loans. All contracts or arrangements providing for any loan of money or an extension or renewal of any loan of money or any similar transaction made or entered into on or after July 1, 1989, between a public utility and any affiliate, whether as guarantor, endorser, surety, or otherwise, shall be filed annually with the board.

4. Verified copies required. Every public utility shall file with the board a verified copy of the contract or arrangement referred to in this section, or a verified summary of the unwritten contract or arrangement, and also of all the contracts and arrangements or a verified summary of the unwritten contracts or arrangements, whether written or unwritten, entered into prior to July 1, 1989, and in force and effect at that time. Any contract or agreement determined by the board to be a confidential record pursuant to section 22.7 shall be returned to the public utility filing the confidential record within sixty days after the contract or agreement is filed.

5. Exemption. The provisions of this section requiring filing of contracts or agreements with the board shall not apply to transactions with an affiliate where the amount of consideration involved is not in excess of fifty thousand dollars or five percent of the capital equity of the utility, whichever is smaller. However, regularly recurring payments under a general or continuing arrangement which aggregate a greater annual amount shall not be broken down into a series of transactions to come within this exemption. In any proceeding involving the rates, charges or practices of the public utility, the board may exclude from the accounts of the public utility any unreasonable payment or compensation made pursuant to any contract or arrangement which is not required to be filed under this subsection.

6. Continuing jurisdiction. The board shall have the same jurisdiction over modifications
or amendments of contracts or arrangements in this section as it has over the original contracts or arrangements. Any modification or amendment of contracts or arrangements shall also be filed annually with the board.

7. Sanction. For ratemaking purposes, the board may exclude the payment or compensation to an affiliate or adjust the revenue received from an affiliate associated with any contract or arrangement required to be filed with the board if the contract or arrangement is not so filed.

8. Alternative information. The board shall consult with other state and federal regulatory agencies for the purpose of eliminating duplicate or conflicting filing requirements and may adopt rules which provide that comparable information required to be filed with other state or federal regulatory agencies may be accepted by the board in lieu of information required by this section.

9. Reasonableness required. In any proceeding, whether upon the board’s own motion or upon application or complaint involving the rates, charges, or practices of any public utility, the board, for ratemaking purposes may exclude from the accounts of the public utility or adjust any payment or compensation related to any transaction with an affiliate for any services rendered or for any property or service furnished or received, as described in this section, under contracts or arrangements with an affiliate unless and upon inquiry the public utility shall establish the reasonableness of the payment or compensation.

10. Exemption by rule or waiver. The board may adopt rules which exempt any public utility or class of public utility or class of contracts or arrangements from this section or waive the requirements of this section if the board finds that the exemption or waiver is in the public interest.

89 Acts, ch 103, §5

476.75 Audits required.
The board may periodically retain a nationally or regionally recognized independent auditing firm to conduct an audit of the transactions between a public utility and its affiliates. An affiliate transaction audit shall not be conducted more frequently than every three years, unless ordered by the board for good cause. The cost of the audit shall be paid by the public utility to the independent auditing firm and shall be included in its regulated rates and charges, unless otherwise ordered by the board for good cause after providing the public utility the opportunity for a hearing on the board’s decision.

89 Acts, ch 103, §6

476.76 Reorganization defined.
For purposes of this subchapter unless the context otherwise requires, “reorganization” means either of the following:

1. The acquisition, sale, lease, or any other disposition, directly or indirectly, including by merger or consolidation, of the whole or any substantial part of a public utility’s assets.
2. The purchase or other acquisition or sale or other disposition of the controlling capital stock of any public utility, either directly or indirectly.

89 Acts, ch 103, §7; 2014 Acts, ch 1026, §143

Referred to in §476.44

476.77 Time and standards for review.
1. A reorganization shall not take place if the board disapproves. Prior to reorganization, the applicant shall file with the board a proposal for reorganization with supporting testimony and evidence to establish that the reorganization is not contrary to the interests of the public utility’s ratepayers and the public interest.
2. A proposal for reorganization shall be deemed to have been approved unless the board disapproves the proposal within ninety days after its filing. The board, for good cause shown, may extend the deadline for acting on an application for an additional period not to exceed ninety days. However, the board shall not disapprove a proposal for reorganization without providing for notice and opportunity for hearing. The notice of hearing shall be provided no later than fifty days after the proposal for reorganization has been filed.
3. In its review of a proposal for reorganization, the board may consider all of the following:
   a. Whether the board will have reasonable access to books, records, documents, and other information relating to the public utility or any of its affiliates.
   b. Whether the public utility’s ability to attract capital on reasonable terms, including the maintenance of a reasonable capital structure, is impaired.
   c. Whether the ability of the public utility to provide safe, reasonable, and adequate service is impaired.
   d. Whether ratepayers are detrimentally affected.
   e. Whether the public interest is detrimentally affected.
4. The board may adopt rules which exempt a public utility or class of public utility or class of reorganization from this section if the board finds that with respect to the public utility or class of public utility or class of reorganization review is not necessary in the public interest. The board may adopt rules necessary to protect the interest of the customers of the exempt public utility. These rules may include, but are not limited to, notification of a proposed sale or transfer of assets or stock. The board may waive the requirements of this section, if the board finds that board review is not necessary in the public interest.

476.78 Cross-subsidization prohibited.
A public utility shall not directly or indirectly include any costs or expenses attributable to providing nonutility service in regulated rates or charges. Except for contracts existing as of July 1, 1996, a public utility or its affiliates shall not use vehicles, service tools and instruments, or employees, the costs, salaries, or benefits of which are recoverable in the regulated rates for electric service or gas service to install, service, or repair residential or commercial gas or electric heating, ventilating, or air conditioning systems, or interior lighting systems and fixtures; or to sell at retail heating, ventilating, air conditioning, or interior lighting equipment. For the purpose of this section, “commercial” means a place of business primarily used for the storage or sale, at wholesale or retail, of goods, wares, services, or merchandise. Nothing in this section shall be construed to prohibit a public utility from using its utility vehicles, service tools and instruments, and employees to market systems, services, and equipment, to light pilots, or to eliminate a customer emergency or threat to public safety.

476.79 Provision of nonutility service.
1. A public utility providing any nonutility service to its customers shall keep and render to the board separate records of the nonutility service. The board may provide for the examination and inspection of the books, accounts, papers, and records of the nonutility service, as may be necessary, to enforce any provisions of this chapter.
2. The board shall adopt rules which specify the manner and form of the accounts relating to providing nonutility services which the public utility shall maintain.

476.80 Additional requirements.
A public utility which engages in a systematic marketing effort as defined by the board, other than on an incidental or casual basis, to promote the availability of nonutility service from the public utility shall make available at reasonable compensation on a nondiscriminatory basis to all persons engaged primarily in providing the same competitive nonutility services in that area all of the following services to the same extent utilized by the public utility in connection with its nonutility services:
1. Access to and use of the public utility’s customer lists.
2. Access to and use of the public utility’s billing and collection system.
3. Access to and use of the public utility’s mailing system.

Referred to in §105.11, 476.81, 476.82, 476.83

476.81 Audit required.
The board may periodically retain a nationally or regionally recognized independent auditing firm to conduct an audit of the nonutility services provided by a public utility subject to the provisions of section 476.80. A nonutility service audit shall not be conducted more frequently than every three years, unless ordered by the board for good cause. The cost of the audit shall be paid by the public utility to the independent auditing firm and shall be included in its regulated rates and charges, unless otherwise ordered by the board for good cause after providing the public utility the opportunity for a hearing on the board’s decision.
89 Acts, ch 103, §12; 2014 Acts, ch 1099, §13
Referred to in §476.82

476.82 Exemption — energy efficiency.
Notwithstanding any language to the contrary, nothing in this subchapter shall prohibit a public utility from participating in or conducting energy efficiency projects or programs established or approved by the board or required by statute. A public utility participating in or conducting energy efficiency projects or programs established or approved by the board or required by statute shall not be subject to the provisions of sections 476.80 and 476.81 for those energy efficiency projects or programs.
89 Acts, ch 103, §13; 2014 Acts, ch 1026, §143

476.83 Complaints.
Any person may file a written complaint with the board requesting that the board determine compliance by a public utility with the provisions of section 476.78, 476.79, or 476.80, or any validly adopted rules to implement these sections. Upon the filing of a complaint, the board may promptly initiate a formal complaint proceeding and give notice of the proceeding and the opportunity for hearing. The formal complaint proceeding may be initiated at any time by the board on its own motion. The board shall render a decision in the proceeding within ninety days after the date the written complaint was filed, unless additional time is requested by the complainant.

476.84 Water, sanitary sewer, and storm water utilities — acquisitions — advance ratemaking.
1. This section applies to the acquisition of water, sanitary sewer, and storm water utilities by rate-regulated public utilities. This section does not apply to the acquisition of such utilities by non-rate-regulated entities described in section 476.1, subsection 4.
2. a. A public utility shall not acquire, in whole or in part, a water, sanitary sewer, or storm water utility with a fair market value of five hundred thousand dollars or more from a non-rate-regulated entity described in section 476.1, subsection 4, unless the board first approves the acquisition. In addition, if the utility to be acquired is a city utility, then the public utility shall not acquire the city utility until the city has first met the requirements of section 388.2A.
b. If a water, sanitary sewer, or storm water utility that is the subject of an acquisition meets the requirements of paragraph “a”, then the acquiring public utility may apply to the board, prior to the completion of the acquisition, for advance approval of a proposed initial tariff for providing service to customers of the acquired utility.
c. As part of its review of the proposed acquisition, the board shall specify in advance, by order issued after a contested case proceeding, the ratemaking principles that will apply when the costs of the acquired utility are included in regulated rates. The lesser of the sale price or the fair market value of the acquired utility as established pursuant to section 388.2A, subsection 2, shall be used in determining the applicable ratemaking principles. In determining the applicable ratemaking principles, the board shall not be limited to traditional ratemaking principles or traditional cost recovery mechanisms. Among the principles and
mechanisms the board may consider, the board has the authority to approve ratemaking principles that provide for reasonable restrictions upon the ability of the public utility to seek an increase in specified regulated rates for a period of time after the acquisition takes place.  

  d. In determining the applicable ratemaking principles, the board shall find that the proposed acquisition will result in just and reasonable rates to all customers of the public utility, including but not limited to existing customers of the public utility. In making this finding, the board may consider any factor it reasonably concludes may affect future rates, including but not limited to the price paid for the acquired utility and the projected cost of reasonable and prudent changes to the acquired utility in order to provide adequate services and facilities to customers. The board shall consider whether there are ratemaking principles that will result in just and reasonable rates to all customers in determining whether to approve or disapprove a proposed acquisition.

  e. If the acquisition involves a utility that is an at-risk system as defined in section 455B.199D, the board shall issue a final order on an application for approval of the acquisition within one hundred eighty days of the filing date of the application.

  f. Upon the approval of a proposal for acquisition by board order, the parties subject to the acquisition shall have the option of either proceeding with such acquisition or not, subject to any termination provisions contained in the acquisition agreement.

  g. Notwithstanding any provision of this chapter to the contrary, the ratemaking principles established by the board pursuant to this section shall be binding with regard to the acquired utility in any subsequent rate proceeding.

SUBCHAPTER XII

COMPETITIVE NATURAL GAS PROVIDERS

476.86 Definitions.

As used in this section and section 476.87, unless the context otherwise requires:

1. “Aggregator” means a person who combines retail end users into a group and arranges for the acquisition of competitive natural gas services without taking title to those services.

2. a. “Competitive natural gas provider” means a person who takes title to natural gas and sells it for consumption by a retail end user in the state of Iowa. “Competitive natural gas provider” includes an affiliate of an Iowa gas utility.

   b. “Competitive natural gas provider” does not include the following:

      (1) A public utility which is subject to rate regulation under this chapter.

      (2) A municipally owned utility which provides natural gas service within its incorporated area or within the municipal natural gas competitive service area, as defined in section 437A.3, subsection 22, paragraph “a”, subparagraph (1), in which the municipally owned utility is located.

99 Acts, ch 20, §2, 6; 99 Acts, ch 208, §57, 74; 2018 Acts, ch 1041, §100

476.87 Certification of competitive natural gas providers.

1. The board shall certify all competitive natural gas providers and aggregators providing natural gas services in this state. In an application for certification, a competitive natural gas provider or aggregator must reasonably demonstrate managerial, technical, and financial capability sufficient to obtain and deliver the services such provider or aggregator proposes to offer. The board may establish reasonable conditions or restrictions on the certificate at the time of issuance. The board shall adopt rules to establish specific criteria for certification. The board shall make a determination on an application for certification within ninety days of its submission, unless the board determines that additional time is necessary to consider the application, in which case the board may extend the time for making a determination for an additional sixty days.
2. The board may resolve disputes involving the provision of natural gas services by a competitive natural gas provider or aggregator.

3. The board shall allocate the costs and expenses reasonably attributable to certification and dispute resolution in this section to persons identified as parties to such proceeding who are engaged in or who seek to engage in providing natural gas services or other persons identified as participants in such proceeding. The funds received for the costs and the expenses of certification and dispute resolution shall be remitted to the treasurer of state for deposit in the department of commerce revolving fund created in section 546.12 as provided in section 476.10.

SUBCHAPTER XIII
ALTERNATIVE OPERATOR SERVICES

476.91 Alternative operator services.

1. Definitions. As used in this section, unless the context otherwise requires:
   a. "Alternative operator services company" means a nongovernmental company which receives more than half of its Iowa intrastate telecommunications services revenues from calls placed by end-user customers from telephones other than ordinary residence or business telephones. The definition is further limited to include only companies which provide operator assistance, either through live or automated intervention, on calls placed from other than ordinary residence or business telephones, and does not include services provided under contract to rate-regulated local exchange utilities.
   b. "Contracting entity" means an entity providing telephones other than ordinary residence or business telephones for use by end-user customers which has contracted with an alternative operator services company to provide telecommunications services to those telephones.
   c. "End-user customer" means a person who places a local or toll call.
   d. "Other than ordinary residence or business telephones" means telephones other than the residence or business telephones of the customary users of the telephones, including but not limited to pay telephones and telephones in motel, hotel, hospital, and college dormitory rooms.

2. Jurisdiction. Notwithstanding any finding by the board that a service or facility is subject to competition and should be deregulated pursuant to section 476.1, all intrastate telecommunications services provided by alternative operator services companies to end-user customers, using other than ordinary residence or business telephones, are subject to the jurisdiction of the board and shall be rendered pursuant to tariffs approved by the board. Alternative operator services companies shall be subject to all requirements and sanctions provided in this chapter. Contracting entities shall be subject to the requirements of any board regulations concerning telecommunications services provided by alternative operator services companies.

3. Requirements. The board shall adopt and enforce requirements for the provision of services by alternative operator services companies and contracting entities.

4. Billing by local exchange utilities. Notwithstanding any finding by the board that a service or facility is subject to competition and should be deregulated pursuant to section 476.1, a regulated local exchange utility shall not perform billing and collection functions relating to regulated telecommunications services provided by an alternative operator services company, unless the alternative operator services company has filed a statement with the local exchange utility signed by a corporate officer, or other authorized person...
having personal knowledge, that all regulated telecommunications services to be billed shall be rendered pursuant to tariffs approved by the board.

SUBCHAPTER XIV
TELECOMMUNICATIONS SERVICE PROVIDERS

476.95 Internet protocol-enabled service and voice over internet protocol service — regulation.
1. For purposes of this section:
   a. "Internet protocol-enabled service" means any service, capability, functionality, or application that uses internet protocol or any successor protocol and enables an end user to send or receive voice, data, or video communications in internet protocol format or a successor format.
   b. "Political subdivision" means the same as defined in section 145A.2.
   c. "Voice over internet protocol service" means an internet protocol-enabled service that facilitates real-time, two-way voice communication that originates from, or terminates at, a user’s location and permits the user to receive a call that originates from the public switched telephone network and to terminate a call on the public switched telephone network.

2. Notwithstanding any other provision of law to the contrary, a department, agency, board, or political subdivision of the state shall not regulate, by rule, order, or other means directly or indirectly, the entry, rates, terms, or conditions for internet protocol-enabled service or voice over internet protocol service.

3. This section shall not be construed to affect, modify, limit, or expand any of the following:
   a. The authority of the attorney general to take any action pursuant to chapter 537 or section 714.16.
   b. The application or enforcement of any law that is intended to have general application to the conduct of business in this state.
   c. Any entity’s obligation under section 251 or 252 of the federal Telecommunications Act of 1996.
   d. Any authority of the board over wholesale telecommunications services, rates, agreements, interconnection, providers, or tariffs.
   e. Any authority of the board to address or affect the resolution of a dispute regarding intercarrier compensation.
   f. Any authority of the board, in accordance with state and federal law, to assess voice over internet protocol service for any of the following:
      (1) Surcharges for 911 emergency services under section 34A.7.
      (2) Assessments for dual party relay service under section 477C.7.
      (3) Direct costs under section 476.10 and a share of remainder assessments that reflect the service’s lesser degree of regulation.
   g. Any authority of the board to regulate internet protocol-enabled service or voice over internet protocol service pursuant to section 476.91.

476.95A Annual registration for telecommunications service providers.
1. A provider of telecommunications service, as defined in section 476.103, offering telephone numbers to retail customers in this state shall register annually with the board.

2. An applicant shall complete an application for registration on a form provided by the board. The form shall include contact information, the approximate number of service lines provided in the state, and any other information deemed necessary by the board.
3. Within five business days of the receipt of a completed application for registration, the board shall issue a nonexclusive acknowledgment of compliance with this section. The acknowledgment shall authorize the registrant to obtain telephone numbers, interconnect with other telecommunications service providers, cross railroad rights-of-way pursuant to section 476.27, and provide telecommunications service in this state. An acknowledgment may be transferred by filing a new or updated registration form.

4. A registrant shall submit to the board corrections to the information supplied in the registration form within a reasonable time after a change in circumstances, which circumstances would be required to be reported in an application for registration form.

5. Refusal to file and maintain an annual registration pursuant to this section is a violation of this chapter and may subject a telecommunications service provider to a civil penalty pursuant to section 476.51.

6. Notwithstanding this subsection, the board shall continue to recognize the validity of, and the rights conferred upon, a certificate of public convenience and necessity issued to a telecommunications service provider by the board prior to July 1, 2018.

476.95B Applicability of authority.
1. The board may exercise any powers reserved or delegated to the state by the federal Telecommunications Act of 1996 or any other federal law, rule, or order thereunder, and may hear and resolve any dispute arising thereunder, including but not limited to intercarrier compensation, interconnection, and number portability.

2. In proceedings under 47 U.S.C. §251–254, the board shall allocate the costs and expenses of the proceedings to persons identified as parties in the proceeding who are engaged in or who seek to engage in providing telecommunications service or other persons identified as participants in the proceeding. The funds received for the costs and the expenses shall be remitted to the treasurer of state for deposit in the department of commerce revolving fund created in section 546.12 as provided in section 476.10.

SUBCHAPTER XV
LOCAL EXCHANGE CARRIERS

476.100 Prohibited acts.
A local exchange carrier shall not do any of the following:
1. Discriminate against another provider of communications services by refusing or delaying access to the local exchange carrier’s services.

2. Discriminate against another provider of communications services by refusing or delaying access to essential facilities on terms and conditions no less favorable than those the local exchange carrier provides to itself and its affiliates. A local telecommunications facility, feature, function, or capability of the local exchange carrier’s network is an essential facility if all of the following apply:
   a. Competitors cannot practically or economically duplicate the facility, feature, function, or capability, or obtain the facility, feature, function, or capability from another source.
b. The use of the facility, feature, function, or capability by potential competitors is technically and economically feasible.

c. Denial of the use of the facility, feature, function, or capability by competitors is unreasonable.

d. The facility, feature, function, or capability will enable competition.

3. Degrade the quality of access or service provided to another provider of communications services.

4. Fail to disclose in a timely manner, upon reasonable request and pursuant to a protective agreement concerning proprietary information, all information reasonably necessary for the design of network interface equipment, network interface services, or software that will meet the specifications of the local exchange carrier’s local exchange network.

5. Unreasonably refuse or delay interconnections or provide inferior interconnections to another provider.

6. Use basic exchange service rates, directly or indirectly, to subsidize or offset the costs of other products or services offered by the local exchange carrier.

7. Discriminate in favor of itself or an affiliate in the provision and pricing of, or extension of credit for, any telephone service.

§476.103 Unauthorized change in service — civil penalty.

1. Notwithstanding the deregulation of a communications service or facility under section 476.1D, the board may adopt rules to protect consumers from unauthorized changes
in telecommunications service. Such rules shall not impose undue restrictions upon competition in telecommunications markets.

2. As used in this section, unless the context otherwise requires:
   a. “Change in service” means the designation of a new provider of a telecommunications service to a consumer, including the initial selection of a service provider, and includes the addition or deletion of a telecommunications service for which a separate charge is made to a consumer account.
   b. “Consumer” means a person other than a service provider who uses a telecommunications service.
   c. “Executing service provider” means, with respect to any change in telecommunications service, a service provider who executes an order for a change in service received from another service provider.
   d. “Service provider” means a person providing a telecommunications service.
   e. “Submitting service provider” means a service provider who requests another service provider to execute a change in service.
   f. “Telecommunications service” means a local exchange or long distance telephone service other than commercial mobile radio service.

3. The board shall adopt rules prohibiting an unauthorized change in telecommunications service. The rules shall be consistent with federal communications commission regulations regarding procedures for verification of customer authorization of a change in service. The rules, at a minimum, shall provide for all of the following:
   a. (1) A submitting service provider shall obtain verification of customer authorization of a change in service before submitting such change in service.
      (2) Verification appropriate under the circumstances for all other changes in service.
      (3) The verification may be in written, oral, or electronic form and may be performed by a qualified third party.
      (4) The reasonable time period during which the verification is to be retained, as determined by the board.
   b. A customer shall be notified of any change in service.
   c. Appropriate compensation for a customer affected by an unauthorized change in service.
   d. Board determination of potential liability, including assessment of damages, for unauthorized changes in service among the customer, previous service provider, executing service provider, and submitting service provider.
   e. A provision encouraging service providers to resolve customer complaints without involvement of the board.
   f. The prompt reversal of unauthorized changes in service.
   g. Procedures for a customer, service provider, or the consumer advocate to submit to the board complaints of unauthorized changes in service.

4. a. In addition to any applicable civil penalty set out in section 476.51, a service provider who violates a provision of this section, a rule adopted pursuant to this section, or an order lawfully issued by the board pursuant to this section, is subject to a civil penalty, which, after notice and opportunity for hearing, may be levied by the board, of not more than ten thousand dollars per violation. Each violation is a separate offense.
   b. A civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in a compromise, the board may consider the size of the service provider, the gravity of the violation, any history of prior violations by the service provider, remedial actions taken by the service provider, the nature of the conduct of the service provider, and any other relevant factors.
   c. A civil penalty collected pursuant to this subsection shall be forwarded by the chief operating officer of the board to the treasurer of state to be credited to the department of commerce revolving fund created in section 546.12 and to be used only for consumer education programs administered by the board.
   d. A penalty paid by a rate-of-return regulated utility pursuant to this section shall be excluded from the utility’s costs when determining the utility’s revenue requirement, and
shall not be included either directly or indirectly in the utility's rates or charges to its customers.

e. The board shall not commence an administrative proceeding to impose a civil penalty under this section for acts subject to a civil enforcement action pending in court under section 714D.7.

5. If the board determines, after notice and opportunity for hearing, that a service provider has shown a pattern of violations of the rules adopted pursuant to this section, the board may by order do any of the following:

a. Prohibit any other service provider from billing charges to residents of Iowa on behalf of the service provider determined to have engaged in such a pattern of violations.

b. Prohibit certificated local exchange service providers from providing exchange access services to the service provider.

c. Limit the billing or access services prohibition under paragraph “a” or “b” to a period of time. Such prohibition may be withdrawn upon a showing of good cause.

d. Revoke the certificate of public convenience and necessity of a local exchange service provider.

6. The board has primary jurisdiction over a complaint pursuant to this section initiated by a service provider.

7. Subsection 6 does not preclude proceedings before the federal communications commission to enforce applicable federal law. However, a service provider or a consumer, for the same alleged acts, shall not pursue a complaint both before the federal communications commission and pursuant to this section.

8. The board shall adopt competitively neutral rules establishing procedures for the solicitation, imposition, and lifting of preferred carrier freezes. A valid preferred carrier freeze prevents a change in service unless the subscriber gives the service provider from whom the freeze was requested the subscriber’s express consent.

SEVERABILITY

476.104 Severability.

If any provision of this chapter or its application to any person or circumstance is held invalid or otherwise rendered ineffective by any entity, the invalidity or ineffectiveness shall not affect other provisions or applications of this chapter that can be given effect without the invalid or ineffective provision or application, and to this end the provisions of this chapter are severable.

SUBCHAPTER I
ELECTRIC POWER GENERATING FACILITIES

476A.1 Definitions.
As used in this subchapter, unless the context otherwise requires:
1. “Agency” means an agency as defined in section 17A.2, subsection 1.
2. “Board” means the utilities board within the utilities division of the department of commerce.
4. “Commence to construct” means significant alteration of a site to install permanent equipment or structures but does not include activities incident to preliminary engineering, environmental studies or acquisition of a site for a facility.
5. “Facility” means any electric power generating plant or a combination of plants at a single site, owned by any person, with a total capacity of twenty-five megawatts of electricity or more and those associated transmission lines connecting the generating plant to either a power transmission system or an interconnected primary transmission system or both. Transmission lines subject to the provisions of this subchapter shall not require a franchise under chapter 478.
6. “Regulatory agency” means an agency which issues licenses or permits required for the construction, operation or maintenance of a facility pursuant to statutes or rules in effect on the date on which an application for a certificate is accepted by the utilities board.

[C77, 79, 81, §476A.1]
90 Acts, ch 1252, §41; 2001 Acts, 1st Ex, ch 4, §35, 36

476A.2 Certificate required.
1. Commencing January 1, 1977, a person shall not commence to construct a facility except as provided in section 476A.9 unless a certificate for the facility has been issued by the board. This subchapter shall not apply to persons who prior to July 1, 1976:
   a. Have acquired a site for a facility; and,
   b. Have publicly announced the intention to construct a facility; and,
   c. Have let contracts for major components of a facility.
2. Any significant alteration, as determined by the board, in the location, construction, maintenance, or operation of a facility whether constructed before or after July 1, 1976,
shall require an application for an amendment to a certificate or a certificate, whichever is appropriate. “Significant alteration” shall include but shall not be limited to a change in the type of fuel used by the major electric generating facility.

3. Any person required to obtain a certificate or an amendment to a certificate shall construct, operate and maintain the facility according to the terms of the certificate and any amendments to the certificate. A certificate shall only be issued pursuant to this subchapter.

4. This subchapter shall not apply to an electric power generating plant, or combination of plants at a single site, with a total capacity of more than twenty-five but less than one hundred megawatts of electricity if the owner or operator prior to January 1, 1990, has met all of the following conditions:
   a. Acquired a site for the facility.
   b. Publicly announced the intention to construct a facility at that site.
   c. Let contracts for major components of the facility.

476A.3 Application submitted — review.
   An application for a certificate or an amendment to a certificate shall be submitted to the board on such forms as the board may prescribe. Copies of the application shall be forwarded to regulatory agencies. Regulatory agencies receiving a copy of the application shall conduct a preliminary review of the contents and shall evaluate the application for completeness and compliance with the regulatory agency’s permit and licensing requirements within a reasonable amount of time.

[C77, 79, 81, §476A.3]
Referred to in §476.53

476A.4 Hearing scheduled — notice.
   1. The proceeding for the issuance of a certificate or an amendment to a certificate shall be treated in the same manner as a contested case pursuant to the provisions of chapter 17A. Upon acceptance of an application by the board, a public hearing shall be scheduled.
   2. The board shall serve notice of the proceeding on the following:
      a. Interested agencies, as determined by the board, and regulatory agencies.
      b. County and city zoning authorities from the area in which the proposed site is located.
      c. Owners of record of real property located within one thousand linear feet of the proposed site.
   3. Notice of the proceeding in the form provided in section 17A.12, subsection 2, shall be published in a newspaper of general circulation in each county in which the proposed site is located once a week for two consecutive weeks with the second publication being at least twenty days prior to the date of the hearing. The board shall be responsible for publication and delivery of notices required by this section.
   4. The board shall conduct the hearing, as described in subsection 1, in the county in which the construction of the greater portion of the facility is being proposed.
   5. A proceeding for the issuance of a certificate under section 476A.5 may be consolidated with a contested case proceeding for determination of applicable ratemaking principles under section 476.53.

[C77, 79, 81, §476A.4]
2001 Acts, 1st Ex, ch 4, §13, 36
Referred to in §476A.5

476A.5 Proceeding — role of regulatory agencies and local authorities.
   1. The board shall conduct the contested case proceeding. Regulatory agencies which appear on record at the proceeding shall state whether the application meets their permit and licensing requirements. If the application does not meet such requirements, the regulatory agency shall recommend amendments to the application which outline actions necessary to bring the applicant in compliance with the regulatory agency’s permit and licensing requirements. The board shall not issue a certificate for a facility which does not meet the permit and licensing requirements of a regulatory agency.
2. If a regulatory agency which received notice pursuant to section 476A.4 fails to appear of record in the contested case proceeding, the board shall conclusively presume that the facility meets the regulatory agency's permit and licensing requirements and the regulatory agency shall immediately issue any license or permit required for the construction, operation or maintenance of the facility.

3. City and county zoning authorities designated as parties to the proceeding may appear on record and may state whether the facility meets city, county and airport zoning requirements. The failure of a facility to meet zoning requirements established pursuant to chapters 329, 335 and 414 shall not preclude the board from issuing the certificate and to that extent the provisions of this subsection shall supersede the provisions of chapters 329, 335 and 414.

476A.6 Decision — criteria.
The board shall render a decision on the application in an expeditious manner. A certificate shall be issued to the applicant if the board finds all of the following:

1. The services and operations resulting from the construction of the facility are consistent with legislative intent as expressed in section 476.53 and the economic development policy of the state as expressed in Title I, subtitle 5, and will not be detrimental to the provision of adequate and reliable electric service.

2. The applicant is willing to construct, maintain, and operate the facility pursuant to the provisions of the certificate and this subchapter.

3. The construction, maintenance, and operation of the facility will be consistent with reasonable land use and environmental policies and consonant with reasonable utilization of air, land, and water resources, considering available technology and the economics of available alternatives.

476A.7 Issuance of certificate — effect.

1. Issuance of a certificate by the board:

   a. Authorizes construction of the facility on the site designated in the certificate according to the terms and conditions stated in the certificate and licenses and permits issued by regulatory agencies during the proceeding; and,

   b. Gives the applicant the power of eminent domain to the extent and under such conditions as the board may approve, prescribe and find necessary for the public convenience, use and necessity, proceeding in the manner of works of internal improvement under chapter 6B. The burden of proving the necessity for the exercise of the power of eminent domain shall be on the person issued the certificate.

2. A certificate may be transferred, subject to the approval of the board, to a person who agrees to comply with the terms of the certificate including any amendments to the certificate. Certificates shall be transferable by operation of law to any receiver, trustee or similar assignee under a mortgage, deed of trust or similar instrument.

3. Pursuant to the provisions of section 476.53, a rate-regulated public utility shall have the option of withdrawing its application for issuance of a certificate at any time prior to the issuance of the certificate, or after the certificate has been issued.

476A.8 Further approvals prohibited — exception.

Upon issuance of a certificate, notwithstanding any provision of law except statutory requirements relating to the protection of employees engaged in the construction of the facility, a regulatory agency, city or county shall not require any further approval, permit or license for the construction of the facility.

[Sec 476A.6, 476A.7, 476A.8]
476A.9 Advance site preparation.
Subsequent to the hearing held pursuant to section 476A.5 and in the event of extensive delay in the issuance of a certificate, the board may permit an applicant having an application docketed for hearing to begin work to prepare the site for construction of the facility. Any activities conducted pursuant to this section shall have no probative value in the board’s decision concerning the actual issuance of a certificate.
[C77, 79, 81, §476A.9]
Referred to in 476A.2

476A.10 Costs of proceeding.
The applicant for a certificate, or an amendment to certificate, shall pay all the costs and expenses incurred by the division in reaching a decision on the application including the costs of examinations of the site, the hearing, publishing of notice, division staff salaries, the cost of consultants employed by the division, and other expenses reasonably attributable to the proceeding.
[C77, 79, 81, §476A.10]

Notwithstanding the provisions of chapter 17A:
1. Any proceeding or oral presentation held on an application for a certificate or an amendment to a certificate shall be held in lieu of any other proceeding or oral presentation required for a license or permit necessary for the construction, maintenance or operation of a facility.
2. The decision of the board shall be considered a single agency action. The agency action shall be subject to judicial review in the manner provided in chapter 17A.
3. Only parties to the proceeding before the board may seek judicial review of the final order of the board.
[C77, 79, 81, §476A.11]

476A.12 Rules.
The board shall adopt rules pursuant to chapter 17A necessary to implement the provisions of this subchapter including but not limited to the promulgation of facility siting criteria, the form for an application for a certificate and an amendment to a certificate, the description of information to be furnished by the applicant, the determination of what constitutes a significant alteration to a facility, and the establishment of minimum guidelines for public participation in the proceeding.

2001 Acts, 1st Ex, ch 4, §35, 36

476A.13 Staff assistance — federal preemption.
1. The board may request staff assistance from other federal, state and local agencies, pursuant to chapter 28D, to assist in discharging the responsibilities assigned to the board pursuant to this subchapter. The board may exercise the powers and responsibilities assigned to the board under this subchapter jointly with other governmental agencies pursuant to chapter 28E.
2. This subchapter shall not apply to any facility over which an agency of the federal government has exclusive jurisdiction. When concurrent jurisdiction exists with certain powers reserved to the state, the state shall exercise those powers with respect to facilities operating within this state to the full extent permitted by the Constitution and the laws of the United States.
[C77, 79, 81, §476A.13]
2001 Acts, 1st Ex, ch 4, §35, 36

476A.14 Penalties.
1. Any person who commences to construct a facility as provided in this subchapter without having first obtained a certificate, or who constructs, operates, or maintains any
facility other than in compliance with a certificate issued by the board or a certificate amended pursuant to this subchapter, or who causes any of these acts to occur, shall be liable for a civil penalty of not more than ten thousand dollars for each violation or for each day of continuing violation. Civil penalties collected pursuant to this subsection shall be forwarded by the clerk of court to the treasurer of state for deposit in the department of commerce revolving fund created in section 546.12.

2. The district court shall have exclusive jurisdiction to grant restraining orders and temporary or permanent injunctive relief as may be necessary to obtain compliance with this subchapter.

3. Persons convicted of violating any provision of this subchapter shall be guilty of a simple misdemeanor.

476B.8 Use of tax credit certificates.
476B.9 Registration of tax credit certificates.
476B.10 Rules.

476B.1 Definitions.
For purposes of this chapter, unless the context otherwise requires:
1. “Board” means the utilities board within the utilities division of the department of commerce.
2. “Department” means the department of revenue.
3. “Qualified electricity” means electricity produced from wind at a qualified facility.
4. “Qualified facility” means an electrical production facility that meets all of the following:
   a. Produces electricity from wind.
   b. Is located in Iowa.
   c. Was originally placed in service on or after July 1, 2005, but before July 1, 2012.
d. (1) For applications filed on or after March 1, 2008, consists of one or more wind turbines connected to a common gathering line which have a combined nameplate capacity of no less than two megawatts and no more than thirty megawatts.

(2) For applications filed on or after July 1, 2009, by a private college or university, community college, institution under the control of the state board of regents, public or accredited nonpublic elementary and secondary school, or public hospital, for the applicant’s own use of qualified electricity, consists of wind turbines with a combined nameplate capacity of three-fourths of a megawatt or greater. For the purposes of this subparagraph, “public hospital” means a hospital licensed pursuant to chapter 135B and governed pursuant to chapter 145A, 226, 347, 347A, or 392.

476B.2 General rule.
The owner of a qualified facility shall, for each kilowatt-hour of qualified electricity that the owner sells or uses for on-site consumption during the ten-year period beginning on the date the qualified facility was originally placed in service, be allowed a wind energy production tax credit to the extent provided in this chapter against the tax imposed by chapter 422, subchapters II, III, and V, and chapter 432, and may claim a refund of tax imposed by chapter 423 or 437A for any tax year within the time period set forth in section 423.47 or 437A.14.

Code editor directive applied

476B.3 Credit amount.
The wind energy production tax credit allowed under this chapter equals the product of one cent multiplied by the number of kilowatt-hours of qualified electricity sold or used for on-site consumption by the owner during the taxable year.

476B.4 Limitation.
The wind energy production tax credit shall not be allowed for any kilowatt-hour of electricity that is sold to a related person. For purposes of this section, persons shall be treated as related to each other if such persons would be treated as a single employer under the regulations prescribed under section 52(b) of the Internal Revenue Code. In the case of a corporation that is a member of an affiliated group of corporations filing a consolidated return, such corporation shall be treated as selling electricity to an unrelated person if such electricity is sold to such a person by another member of such group.

476B.5 Determination of eligibility.
1. An owner may apply to the board for a written determination regarding whether a facility is a qualified facility by submitting to the board a written application containing all of the following:
   a. Information regarding the ownership of the facility including the percentage of equity interest held by each owner.
   b. The nameplate generating capacity of the facility.
   c. Information regarding the facility’s initial placement in service.
   d. Information regarding the type of facility.
   e. Except when electricity is used for on-site consumption, a copy of an executed power purchase agreement or other agreement to purchase electricity upon completion of the project. An executed interconnection agreement or transmission service agreement shall be accepted by the board under this paragraph if the owner of the facility has agreed to sell electricity from the facility directly or indirectly to a wholesale power pool market.
   f. Any other information the board may require.
2. The board shall review the application and supporting information and shall make a preliminary determination regarding whether the facility is a qualified facility. The board
shall notify the applicant of the approval or denial of the application within thirty days of receipt of the application and information required. If the board fails to notify the applicant of the approval or denial within thirty days, the application shall be deemed denied. An applicant who receives a determination denying an application may file an appeal with the board within thirty days from the date of the denial pursuant to the provisions of chapter 17A. In the absence of a timely appeal, the preliminary determination shall be final. If the application is incomplete, the board may grant an extension of time for the provision of additional information.

3. A facility that is not operational within eighteen months after issuance of an approval for the facility by the board shall cease to be a qualified facility. However, a facility that is approved as qualified under this section but is not operational within eighteen months due to the unavailability of necessary equipment shall be granted an additional twelve months to become operational. A facility that is granted and thereafter loses approval may reapply to the board for a new determination.

4. The maximum amount of nameplate generating capacity of all qualified facilities the board may find eligible under this chapter shall not exceed fifty megawatts of nameplate generating capacity.

5. An owner shall not be an owner of more than two qualified facilities.

476B.6 Tax credit certificate procedure.

1. a. If a city or a county in which a qualified facility is located has enacted an ordinance under section 427B.26 and an owner has filed for and received special valuation pursuant to that ordinance, the owner is not required to obtain approval from the city council or county board of supervisors to apply for the wind energy production tax credit pursuant to subsection 2.

   b. (1) If neither a city nor a county in which a qualified facility is located has enacted an ordinance under section 427B.26, or a qualified facility is not eligible for special valuation pursuant to an ordinance adopted by a city or a county under section 427B.26, the owner must receive approval of the applicable city council or county board of supervisors of the city or county in which the qualified facility is located in order to be eligible to receive the wind energy production tax credit. The application for approval may be submitted prior to commencement of the construction of the qualified facility but shall be submitted no later than the close of the owner’s first taxable year for which the credit is to be applied for. The application must contain the owner’s name and address, the address of the qualified facility, and the dates of the owner’s first and last taxable years for which the credit will be applied for. Within forty-five days of the receipt of the application for approval, the city council or county board of supervisors, as applicable, shall either approve or disapprove the application. After the forty-five-day time period has expired, the application is deemed to be approved.

   (2) Upon approval of an application submitted pursuant to subparagraph (1), the owner may apply for the tax credit as provided in subsection 2. In addition, approval of the application submitted pursuant to subparagraph (1) is acceptance by the applicant for the assessment of the qualified facility for property tax purposes for a period of twelve years and approval by the city council or county board of supervisors, as applicable, for the payment of the property taxes levied on the qualified property to the state. For purposes of property taxation, the qualified facility receiving approval of an application submitted pursuant to subparagraph (1) shall be centrally assessed and shall be exempt from any replacement tax under section 437A.6 for the period during which the facility is subject to property taxation. The property taxes to be paid to the state are those property taxes which make up the consolidated tax levied on the qualified facility and which are due and payable in the twelve-year period beginning with the first fiscal year beginning on or after the end of the owner’s first taxable year for which the credit is applied for. Upon approval of the application, the city council or county board of supervisors, as applicable, shall notify the county treasurer to designate on the tax statement which lists the taxes on the qualified facility the amount of the property taxes to be paid to the department. Payment of the
designated property taxes to the department shall be in the same manner as required for
the payment of regular property taxes and failure to pay designated property taxes to the
department shall be treated the same as failure to pay property taxes to the county treasurer.

c. Once the owner of the qualified facility receives approval under paragraph “b”,
subsequent approval under paragraph “b” is not required for the same qualified facility for
subsequent taxable years.

2. An owner of a qualified facility may apply to the board for the wind energy production
tax credit by submitting to the board all of the following:

a. A completed application in a form prescribed by the board.

b. A copy of the determination granting approval of the facility as a qualified facility by
the board.

c. A copy of a signed power purchase agreement or other agreement to purchase
electricity.

d. Sufficient documentation that the electricity has been generated by the qualified facility
and sold to a purchaser.

e. For a facility in which electricity is used for on-site consumption, the requirements of
paragraphs “c” and “d” shall not be applicable. For such facilities, the owner must submit a
certification under penalty of perjury that the claimed amount of electricity was generated by
the qualified facility and consumed by the owner.

f. Any other information the board deems necessary.

3. The board shall notify the department of the amount of kilowatt-hours generated and
purchased from a qualified facility or generated and used on-site by a qualified facility. The
department shall calculate the amount of the tax credit for which the applicant is eligible
and shall issue the tax credit certificate for that amount or notify the applicant in writing
of its refusal to do so. An applicant whose application is denied may file an appeal with the
department within sixty days from the date of the denial pursuant to the provisions of chapter
17A.

4. Each tax credit certificate shall contain the owner’s name, address, and tax
identification number, the amount of tax credits, the first taxable year the certificate may be
used, the type of tax to which the tax credits shall be applied, and any other information
required by the department. The tax credit certificate shall only list one type of tax to which
the amount of the tax credit may be applied. Once issued by the department, the tax credit
certificate shall not be terminated or rescinded.

5. A tax credit certificate may be filed pursuant to any of the following, to the extent
applicable:

a. If the tax credit application is filed by a partnership, limited liability company, S
corporation, estate, trust, or other reporting entity all of the income of which is taxed directly
to its equity holders or beneficiaries, for the taxes imposed under chapter 422, subchapter
II or III, the tax credit certificate shall be issued directly to equity holders or beneficiaries
of the applicant in proportion to their pro rata share of the income of such entity. The
applicant shall, in the application made under this section, identify its equity holders or
beneficiaries, and the percentage of such entity’s income that is allocable to each equity
holder or beneficiary.

b. If the tax credit applicant under this section is eligible to receive renewable electricity
production credits authorized under section 45 of the Internal Revenue Code, as amended,
and the tax credit applicant is a partnership, limited liability company, S corporation, estate,
trust, or other reporting entity all of the income of which is taxed directly to its equity
holders or beneficiaries, for the taxes imposed under chapter 422, subchapter II or III, the
tax credit certificate may be issued to a partner if the business is a partnership, a shareholder
if the business is an S corporation, or a member if the business is a limited liability company
in the amounts designated by the eligible partnership, S corporation, or limited liability
company. In absence of such designation, the credits under this section shall flow through
to the partners, shareholders, or members in accordance with their pro rata share of the
income of the entity. The applicant shall, in the application made under this section, identify
the holders or beneficiaries that are to receive the tax credit certificates and the percentage
of the tax credit that is allocable to each holder or beneficiary.
c. If an applicant under this section is eligible to receive renewable electricity production credits authorized under section 45 of the Internal Revenue Code, as amended, and the tax credit applicant is a partnership, limited liability company, S corporation, estate, trust, or other reporting entity all of the income of which is taxed directly to its equity holders or beneficiaries, for the taxes imposed under chapter 422, subchapter II or III, the tax credit certificates and all future rights to the tax credit in this section may be distributed to an equity holder or beneficiary as a liquidating distribution or portion thereof, of a holder or beneficiary’s interest in the applicant entity. The applicant shall, in the application made under this section, designate the percentage of the tax credit allocable to the liquidating equity holder or beneficiary that is to receive the current and future tax credit certificates under this section.

d. If the tax credit application is filed by a partnership, limited liability company, S corporation, estate, trust, or other reporting entity, all of the income of which is taxed directly to its equity holders or beneficiaries for the taxes imposed under chapter 422, subchapter V, or under chapter 423, 432, or 437A, the tax credit certificate shall be issued directly to the partnership, limited liability company, S corporation, estate, trust, or other reporting entity.

6. The department shall not issue a tax credit certificate if the facility approved by the board as a qualified facility is not operational within eighteen months after the approval is issued.

7. Once a tax credit certificate is issued pursuant to this section, the tax credit may only be claimed against the type of tax reflected on the certificate.

8. A tax credit certificate shall not be used or included with a return filed for a taxable year beginning prior to July 1, 2006.

94 V-1319 WIND ENERGY PRODUCTION TAX CREDIT, §476B.7

476B.6A Alternative tax credit qualification — pilot project.

Notwithstanding any other provision of this chapter to the contrary, the board shall establish a pilot project which will allow for a wind energy production tax credit of one and one-half cents multiplied by the number of kilowatt-hours of qualified electricity sold or used for on-site consumption by up to two qualified facilities selected for participation in the project. To be eligible for the project, a qualified facility shall meet all eligibility requirements otherwise applicable pursuant to this chapter, and in addition shall be located in a county in this state with a population of between forty-four thousand one hundred fifty and forty-four thousand five hundred based on the 2006 census, and with a combined nameplate generating capacity of at least one megawatt per applicant. For purposes of the pilot project, the two megawatt minimum requirement for qualification pursuant to section 476B.1, subsection 4, paragraph “d”, shall not be applicable. The board shall reduce the remaining credits available under this chapter by a dollar amount equal to the amount of credits awarded pursuant to the project.

2009 Acts, ch 179, §143

476B.7 Transfer of tax credit certificates.

1. Wind energy production tax credit certificates issued under this chapter may be transferred to any person or entity. Within thirty days of transfer, the transferee must submit the transferred tax credit certificate to the department along with a statement containing the transferee’s name, tax identification number, and address, and the denomination that each replacement tax credit certificate is to carry and any other information required by the department. Within thirty days of receiving the transferred tax credit certificate and the transferee’s statement, the department shall issue one or more replacement tax credit certificates to the transferee. Each replacement certificate must contain the information required under section 476B.6 and must have the same effective taxable year and the same expiration date that appeared in the transferred tax credit certificate. Tax credit certificate
§476B.7, WIND ENERGY PRODUCTION TAX CREDIT

V-1320

amounts of less than the minimum amount established by rule of the board shall not be transferable. A tax credit shall not be claimed by a transferee under this chapter until a replacement tax credit certificate identifying the transferee as the proper holder has been issued. A replacement tax credit certificate may reflect a different type of tax than the type of tax noted on the original tax credit certificate.

2. The tax credit shall be freely transferable. The transferee may use the amount of the tax credit transferred against the taxes imposed under chapter 422, subchapters II, III, and V, and chapter 432 for any tax year the original transferor could have claimed the tax credit. The transferee may claim a refund under chapter 423 or 437A for any tax year within the time period set forth in section 423.47 or 437A.14 for which the original transferor could have claimed a refund. Any consideration received for the transfer of the tax credit shall not be included as income under chapter 422, subchapters II, III, and V. Any consideration paid for the transfer of the tax credit shall not be deducted from income under chapter 422, subchapters II, III, and V.

Code editor directive applied

476B.8 Use of tax credit certificates.

To claim a wind energy production tax credit under this chapter, a taxpayer must include one or more tax credit certificates with the taxpayer’s tax return, or if used against taxes imposed under chapter 423, the taxpayer shall comply with section 423.4, subsection 4, or if used against taxes imposed under chapter 437A, the taxpayer shall comply with section 437A.17B. A tax credit certificate shall not be used or included with a return filed for a taxable year beginning prior to July 1, 2006. The tax credit certificate or certificates included with the taxpayer’s tax return shall be issued in the taxpayer’s name, expire on or after the last day of the taxable year for which the taxpayer is claiming the tax credit, and show a tax credit amount equal to or greater than the tax credit claimed on the taxpayer’s tax return. Any tax credit in excess of the taxpayer’s tax liability for the taxable year may be credited to the taxpayer’s tax liability for the following seven taxable years or until depleted, whichever is the earlier. If the tax credit is applied against the taxes imposed under chapter 423 or 437A, any credit in excess of the taxpayer’s tax liability is carried over and can be filed with the refund claim for the following seven tax years or until depleted, whichever is earlier. However, the certificate shall not be used to reduce tax liability for a tax period ending after the expiration date of the certificate.

476B.9 Registration of tax credit certificates.

The department shall develop a system for the registration of the wind energy production tax credit certificates issued or transferred under this chapter and a system that permits verification that any tax credit claimed on a tax return is valid and that transfers of the tax credit certificates are made in accordance with the requirements of this chapter. The tax credit certificates issued under this chapter shall not be classified as a security pursuant to chapter 502.

476B.10 Rules.

The department and the board may adopt rules pursuant to chapter 17A for the administration and enforcement of this chapter.

2005 Acts, ch 179, §171
CHAPTER 476C
RENEWABLE ENERGY TAX CREDIT

476C.1 Definitions.
For purposes of this chapter, unless the context otherwise requires:
1. “Anaerobic digester system” means a system of components that processes plant or animal materials based on the absence of oxygen and produces methane or other biogas used to generate electricity, hydrogen fuel, or heat for a commercial purpose.
2. “Biogas recovery facility” means an anaerobic digester system that is located in this state.
3. “Biomass conversion facility” means a facility in this state that converts plant-derived organic matter including, but not limited to, agricultural food and feed crops, crop wastes and residues, wood wastes and residues, or aquatic plants to generate electricity, hydrogen fuel, or heat for a commercial purpose.
4. “Board” means the utilities board within the utilities division of the department of commerce.
5. “Department” means the department of revenue.
6. “Eligible renewable energy facility” means a wind energy conversion facility, a biogas recovery facility, a biomass conversion facility, a methane gas recovery facility, a solar energy conversion facility, or a refuse conversion facility that meets all of the following requirements:
   a. Is located in this state.
   b. Is at least fifty-one percent owned by one or more of any combination of the following:
      (1) A resident of this state.
      (2) Any of the following as defined in section 9H.1:
         (a) An authorized farm corporation.
         (b) An authorized limited liability company.
         (c) An authorized trust.
         (d) A family farm corporation.
         (e) A family farm limited liability company.
         (f) A family trust.
         (g) A revocable trust.
         (h) A testamentary trust.
      (3) A small business as defined in section 15.102.
      (4) An electric cooperative association organized pursuant to chapter 499 that sells electricity to end users located in this state, a municipally owned city utility as defined in section 362.2, or a public utility subject to rate regulation pursuant to chapter 476.
      (5) An electric cooperative association that has one or more members organized pursuant to chapter 499.
      (6) A cooperative corporation organized pursuant to chapter 497 or a limited liability company organized pursuant to chapter 489 whose shares and membership are held by an entity that is not prohibited from owning agricultural land under chapter 9H.
      (7) A school district located in this state.
   c. Has at least one owner that meets the requirements of paragraph “b” for each two and one-half megawatts of nameplate generating capacity or the energy production capacity equivalent for hydrogen fuel or heat for a commercial purpose of the otherwise eligible renewable energy facility.
   d. Was initially placed into service on or after July 1, 2005, and before January 1, 2018.
   e. For applications filed on or after July 1, 2011, is a facility of not less than three-fourths
megawatts of nameplate generating capacity or the energy production capacity equivalent if all or a portion of the renewable energy produced is for on-site consumption by the producer.

6. For applications filed on or after July 1, 2011, except for wind energy conversion facilities, is a facility of no greater than sixty megawatts of nameplate generating capacity or the energy production capacity equivalent.

7. “Energy production capacity equivalent” means the amount of energy in a standard cubic foot of hydrogen gas or the number of British thermal units that are equal to the energy in a kilowatt-hour of electricity. For the purposes of this chapter, one kilowatt-hour shall be deemed equivalent to three thousand three hundred thirty-three British thermal units of heat or ten and forty-five one hundredths of standard cubic feet of hydrogen gas.

8. “Heat for a commercial purpose” means the heat in British thermal unit equivalents from refuse-derived fuel, methane, or other biogas produced in this state either for commercial use by a producer for on-site consumption or sold to a purchaser of renewable energy for use for a commercial purpose in this state or for use by an institution in this state.

9. “Hydrogen fuel” means hydrogen produced in this state from a renewable source that is used in a fuel cell or hydrogen-powered internal combustion engine.

10. “Methane gas recovery facility” means a facility in this state which is used in connection with a sanitary landfill or which uses wastes that would otherwise be deposited in a sanitary landfill, that collects methane gas or other gases and converts the gas into energy to generate electricity, hydrogen fuel, or heat for a commercial purpose.

11. “Producer of renewable energy” means a person who owns an eligible renewable energy facility.

12. “Purchaser of renewable energy” means a person who buys electric energy, hydrogen fuel, methane gas or other biogas used to generate electricity, or heat for a commercial purpose from an eligible renewable energy facility.

13. “Refuse conversion facility” means a facility in this state that converts solid waste into fuel that can be burned to generate heat for a commercial purpose in this state.

14. “Solar energy conversion facility” means a solar energy facility in this state that collects and converts incident solar radiation into energy to generate electricity.

15. “Wind energy conversion facility” means a wind energy conversion system in this state that collects and converts wind into energy to generate electricity.

476C.2 Tax credit amount — limitations.

1. A producer or purchaser of renewable energy may receive renewable energy tax credits under this chapter in an amount equal to one and one-half cents per kilowatt-hour of electricity, or four dollars and fifty cents per million British thermal units of heat for a commercial purpose, or four dollars and fifty cents per million British thermal units of methane gas or other biogas used to generate electricity, or one dollar and forty-four cents per one thousand standard cubic feet of hydrogen fuel generated by and purchased from an eligible renewable energy facility or used for on-site consumption by the producer.

2. The renewable energy tax credit shall not be allowed for any kilowatt-hour of electricity, British thermal unit of heat for a commercial purpose, British thermal unit of methane gas or other biogas used to generate electricity, or standard cubic foot of hydrogen fuel that is purchased from an eligible renewable energy facility by a related person. For purposes of this subsection, persons shall be treated as related to each other if either person owns an eighty percent or more equity interest in the other person.

3. A taxpayer who is eligible to claim a renewable energy tax credit under this chapter shall not be eligible to claim a solar energy system tax credit under section 422.11L or 422.33. 2005 Acts, ch 160, §8, 14; 2011 Acts, ch 115, §6; 2012 Acts, ch 1121, §9 – 11
476C.3 Determination of eligibility.

1. A producer or purchaser of renewable energy may apply to the board for a written determination regarding whether a facility is an eligible renewable energy facility by submitting to the board a written application containing all of the following:
   a. Information regarding the ownership of the facility including the percentage of equity interest held by each owner.
   b. The nameplate generating capacity of the facility or energy production capacity equivalent.
   c. Information regarding the facility’s initial placement in service.
   d. Information regarding the type of facility and what type of renewable energy the facility will produce.
   e. Except when the renewable energy is produced for on-site consumption by the producer, a copy of the power purchase agreement or other agreement to purchase electricity, hydrogen fuel, methane or other biogas, or heat for a commercial purpose which shall designate either the producer or purchaser of renewable energy as eligible to apply for the renewable energy tax credit.
   f. Any other information the board may require.

2. The board shall review the application and supporting information and shall make a preliminary determination regarding whether the facility is an eligible renewable energy facility. The board shall notify the applicant of the approval or denial of the application within thirty days of receipt of the application and information required. If the board fails to notify the applicant of the approval or denial within thirty days, the application shall be deemed denied unless the application is placed on a waiting list as described in subsection 6. An applicant who receives a determination denying an application may file an appeal with the board within thirty days from the date of the denial pursuant to the provisions of chapter 17A. In the absence of a timely appeal, the preliminary determination shall be final. If the application is incomplete, the board may grant an extension of time for the provision of additional information.

3. a. A facility that is not operational within thirty months after issuance of an approval for the facility by the board shall cease to be an eligible renewable energy facility. However, a wind energy conversion facility that is approved as eligible under this section but is not operational within eighteen months due to the unavailability of necessary equipment shall be granted an additional twenty-four months to become operational.
   b. A facility which notifies the board prior to the expiration of the time periods specified in paragraph “a” that the facility intends to become operational and wishes to preserve its eligibility shall be granted a twelve-month extension. An extension may be renewed for succeeding twelve-month periods if the board is notified prior to the expiration of the extension of the continued intention to become operational during the succeeding period of extension.
   c. If the owner of a facility discontinues efforts to achieve operational status, the owner shall notify the board. Upon receipt of such notification, the board shall no longer consider the facility as an eligible renewable energy facility under this chapter.
   d. A facility that is granted and thereafter loses approval may reapply to the board for a new determination.

4. a. The maximum amount of nameplate generating capacity of all wind energy conversion facilities the board may find eligible under this chapter shall not exceed three hundred sixty-three megawatts of nameplate generating capacity.
   b. The maximum amount of energy production capacity equivalent of all other facilities the board may find eligible under this chapter shall not exceed a combined output of sixty-three megawatts of nameplate generating capacity and, annually, one hundred sixty-seven billion British thermal units of heat for a commercial purpose.

1. Of the maximum amount of energy production capacity equivalent of all other facilities found eligible under this chapter, no more than ten megawatts of nameplate generating capacity or energy production capacity equivalent shall be allocated to any one facility.

2. Of the maximum amount of energy production capacity equivalent of all other
facilities found eligible under this chapter, fifty-five billion British thermal units of heat for a commercial purpose shall be reserved annually for an eligible facility that is a refuse conversion facility for processed, engineered fuel from a multicounty solid waste management planning area. The maximum amount of energy production capacity the board may find eligible for a single refuse conversion facility is, annually, fifty-five billion British thermal units of heat for a commercial purpose.

(3) (a) Of the maximum amount of energy production capacity equivalent of all other facilities found eligible under this chapter, ten megawatts of nameplate generating capacity or energy production equivalent shall be reserved for solar energy conversion facilities that meet all of the following requirements:

(i) The facility has a generating capacity of one and one-half megawatts or less.

(ii) The facility is owned, in whole or in part, directly or indirectly, or is contracted for, by utilities described in section 476C.1, subsection 6, paragraph “b”, subparagraphs (4) and (5).

(iii) The facility is located in this state.

(iv) The facility meets the requirements of section 476C.1, subsection 6, paragraphs “d” through “f”.

(b) A solar energy conversion facility that meets the requirements of and is found eligible under subparagraph division (a) shall be considered an “eligible renewable energy facility” for purposes of this chapter, notwithstanding any contrary provisions of section 476C.1, subsection 6.

5. a. Notwithstanding the definition of “eligible renewable energy facility” in section 476C.1, subsection 6, unnumbered paragraph 1, of the maximum amount of energy production capacity equivalent of all other facilities found eligible pursuant to subsection 4, paragraph “b”, an amount equivalent to ten megawatts of nameplate generating capacity shall be reserved for natural gas, methane and landfill gas, or biogas cogeneration facilities incorporated within or associated with an ethanol plant to assist the ethanol plant in meeting a low carbon fuel standard. Thermal heat generated by the cogeneration facility and used for a commercial purpose may be counted toward satisfying the ten megawatt reservation requirement.

b. A facility that has been granted eligibility pursuant to paragraph “a” for a natural gas cogeneration facility incorporated within or associated with an ethanol plant prior to July 1, 2014, shall not be required to submit a new application if the facility constructs or utilizes methane and landfill gas or biogas cogeneration facilities on or after that date and does not make any other significant changes to the facility or to its status as an eligible facility under paragraph “a”.

6. The board shall maintain a waiting list of facilities that may have been found eligible under this section but for the maximum capacity restrictions of subsection 4. The priority of the waiting list shall be maintained in the order the applications were received by the board. The board shall remove from the waiting list any facility that has subsequently been found ineligible under this chapter. If additional capacity becomes available within the capacity restrictions of subsection 4, the board shall grant approval to facilities according to the priority of the waiting list before granting approval to new applications. An owner of a facility on the waiting list shall provide the board each year by August 31 with a sworn statement of verification stating that the information contained in the application for eligibility remains true and correct or stating that the information has changed and providing the new information.

7. a. An owner meeting the requirements of section 476C.1, subsection 6, paragraph “b”, shall not be an owner of more than two eligible renewable energy facilities. A person that has an equity interest equal to or greater than fifty-one percent in an eligible renewable energy facility shall not have an equity interest greater than ten percent in any other eligible renewable energy facility. This paragraph “a” shall not apply to facilities described in subsection 4, paragraph “b”, subparagraph (3).

b. An entity described in section 476C.1, subsection 6, paragraph “b”, subparagraphs (4)
or (5), shall not have an ownership interest in more than four facilities described in subsection 4, paragraph “b”, subparagraph (3).

Referred to in §476C.4

2016 amendments to subsection 4, paragraph b, subparagraph (3), and subsection 7 take effect May 27, 2016, and apply retroactively to January 1, 2015, for tax years beginning on or after that date, and apply retroactively to applications for the renewable energy tax credit made on or after June 26, 2015; 2016 Acts, ch 1128, §16, 22, 23

476C.4 Tax credit certificate procedure.

1. A producer or purchaser of renewable energy may apply to the board for the renewable energy tax credit by submitting to the board all of the following:
   a. A completed application in a form prescribed by the board.
   b. A copy of the determination granting approval of the facility as an eligible renewable energy facility by the board.
   c. A copy of a signed power purchase agreement or other agreement to purchase electricity, hydrogen fuel, methane or other biogas, or heat for a commercial purpose from an eligible renewable energy facility which shall designate either the producer or purchaser of renewable energy as eligible to apply for the renewable energy tax credit.
   d. Sufficient documentation that the electricity, heat for a commercial purpose, methane gas or other biogas, or hydrogen fuel has been generated by the eligible renewable energy facility and sold to the purchaser of renewable energy.
   e. To the extent the produced electricity, hydrogen fuel, methane or other biogas, or heat for a commercial purpose is used for on-site consumption, the requirements of paragraphs “c” and “d” shall not be applicable. For such renewable energy production, the owner must submit a certification under penalty of perjury that the claimed amount of electricity, hydrogen fuel, methane or other biogas, or heat for a commercial purpose was produced by the eligible facility and consumed by the owner.
   f. Any other information the board deems necessary.

2. The board shall notify the department of the amount of kilowatt-hours, British thermal units of heat for a commercial purpose, British thermal units of methane gas or other biogas used to generate electricity, or standard cubic feet of hydrogen fuel generated and purchased from an eligible renewable energy facility or generated and used by the producer for on-site consumption. The department shall calculate the amount of the tax credit for which the applicant is eligible and shall issue the tax credit certificate for that amount or notify the applicant in writing of its refusal to do so. An applicant whose application is denied may file an appeal with the department within sixty days from the date of the denial pursuant to the provisions of chapter 17A.

3. Each tax credit certificate shall contain the person’s name, address, and tax identification number, the amount of tax credits, the first taxable year the certificate may be used, the type of tax to which the tax credits shall be applied, and any other information required by the department. The tax credit certificate shall only list one type of tax to which the amount of the tax credit may be applied. Once issued by the department, the tax credit certificate shall not be terminated or rescinded.

4. A tax credit certificate may be filed pursuant to any of the following, to the extent applicable:
   a. If the tax credit application is filed by a partnership, limited liability company, S corporation, estate, trust, or other reporting entity all of the income of which is taxed directly to its equity holders or beneficiaries, for the taxes imposed under chapter 422, subchapter II or III, the tax credit certificate shall be issued directly to equity holders or beneficiaries of the applicant in proportion to their pro rata share of the income of such entity. The applicant shall, in the application made under this section, identify its equity holders or beneficiaries, and the percentage of such entity’s income that is allocable to each equity holder or beneficiary.
   b. (1) If the tax credit applicant under this section is eligible to receive renewable
electricity production credits authorized under section 45 of the Internal Revenue Code, as amended, and the tax credit applicant is a partnership, limited liability company, S corporation, estate, trust, or other reporting entity all of the income of which is taxed directly to its equity holders or beneficiaries, for the taxes imposed under chapter 422, subchapter II or III, the tax credit certificate may be issued to a partner if the business is a partnership, a shareholder if the business is an S corporation, or a member if the business is a limited liability company in the amounts designated by the eligible partnership, S corporation, or limited liability company. In absence of such designation, the credits under this section shall flow through to the partners, shareholders, or members in accordance with their pro rata share of the income of the entity.

(2) The applicant shall, in the application made under this section, identify the equity holders or beneficiaries that are to receive the tax credit certificates and the percentage of the tax credit that is allocable to each equity holder or beneficiary.

c. (1) If an applicant under this section is eligible to receive renewable electricity production credits authorized under section 45 of the Internal Revenue Code, as amended, and the tax credit applicant is a partnership, limited liability company, S corporation, estate, trust, or other reporting entity all of the income of which is taxed directly to its equity holders or beneficiaries, for the taxes imposed under chapter 422, subchapter II or III, the tax credit certificates and all future rights to the tax credit in this section may be distributed to an equity holder or beneficiary as a liquidating distribution or portion thereof, of a holder or beneficiary’s interest in the applicant entity.

(2) The applicant shall, in the application made under this section, designate the percentage of the tax credit allocable to the liquidating equity holder or beneficiary that is to receive the current and future tax credit certificates under this section.

d. If the tax credit application is filed by a partnership, limited liability company, S corporation, estate, trust, or other reporting entity, all of the income of which is taxed directly to its equity holders or beneficiaries for the taxes imposed under chapter 422, subchapter V, or under chapter 423, 432, or 437A, the tax credit certificate shall be issued directly to the partnership, limited liability company, S corporation, estate, trust, or other reporting entity.

5. The department shall not issue a tax credit certificate if the facility approved by the board as an eligible renewable energy facility is not operational within eighteen months after the approval is issued, subject to the extension provisions of section 476C.3, subsection 3.

6. The department shall not issue a tax credit certificate to any person who has received a tax credit pursuant to chapter 476B.

7. Once a tax credit certificate is issued pursuant to this section, the tax credit may only be claimed against the type of tax reflected on the certificate.

476C.5 Certificate issuance period.

A producer or purchaser of renewable energy shall receive renewable energy tax credit certificates for a ten-year period for each eligible renewable energy facility under this chapter. The ten-year period for issuance of the tax credit certificates begins with the date the purchaser of renewable energy first purchases electricity, hydrogen fuel, methane gas or other biogas used to generate electricity, or heat for commercial purposes from the eligible renewable energy facility for which a tax credit is issued under this chapter, or the date the producer of the renewable energy first uses the energy produced by the eligible renewable energy facility for on-site consumption. Renewable energy tax credit certificates shall not be issued for renewable energy purchased or produced for on-site consumption after December 31, 2027.

2016 amendment takes effect May 27, 2016, and applies retroactively to January 1, 2016, for tax years beginning on or after that date; 2016 Acts, ch 1128, §16, 21
§476C.6 Transferability and use of tax credit certificates — registration.

1. a. Renewable energy tax credit certificates issued under this chapter may be transferred to any person. A tax credit certificate shall only be transferred once. However, for purposes of this transfer provision, a decision between a producer and purchaser of renewable energy regarding who claims the tax credit issued pursuant to this chapter shall not be considered a transfer and must be set forth in the application for the tax credit pursuant to section 476C.4. Within thirty days of transfer, the transferee must submit the transferred tax credit certificate to the department along with a statement containing the transferee’s name, tax identification number, and address, and the denomination that each new certificate is to carry and any other information required by the department. Within thirty days of receiving the transferred tax credit certificate and the transferee’s statement, the department shall issue one or more replacement tax credit certificates to the transferee. Each replacement tax credit certificate must contain the information required under section 476C.4, subsection 3, and must have the same effective taxable year and the same expiration date that appeared in the transferred tax credit certificate. Tax credit certificate amounts of less than the minimum amount established by rule shall not be transferable. A tax credit shall not be claimed by a transferee under this chapter until a replacement tax credit certificate identifying the transferee as the proper holder has been issued. The replacement tax credit certificate may reflect a different type of tax than the type of tax noted on the original tax credit certificate.

b. The transferee may use the amount of the tax credit transferred against taxes imposed under chapter 422, subchapters II, III, and V, and chapter 432 for any tax year the original transferor could have claimed the tax credit. The transferee may claim a refund under chapter 423 or 437A for any tax year within the time period set forth in section 423.47 or 437A.14 for which the original transferor could have claimed the refund. Any consideration received for the transfer of the tax credit shall not be included as income under chapter 422, subchapters II, III, and V. Any consideration paid for the transfer of the tax credit shall not be deducted from income under chapter 422, subchapters II, III, and V.

2. To claim a renewable energy tax credit under this chapter, a taxpayer must include one or more tax credit certificates with the taxpayer’s tax return, or if used against taxes imposed under chapter 423, the taxpayer shall comply with section 423.4, subsection 4, or if used against taxes imposed under chapter 437A, the taxpayer shall comply with section 437A.17B. A tax credit certificate shall not be used or included with a return filed for a taxable year beginning prior to July 1, 2006. The tax credit certificate or certificates included with the taxpayer’s tax return shall be issued in the taxpayer’s name, expire on or after the last day of the taxable year for which the taxpayer is claiming the tax credit, and show a tax credit amount equal to or greater than the tax credit claimed on the taxpayer’s tax return. Any tax credit in excess of the taxpayer’s tax liability for the taxable year may be credited to the taxpayer’s tax liability for the following seven tax years or until the credit is depleted, whichever is earlier. If the tax credit is applied against the taxes imposed under chapter 423 or 437A, any credit in excess of the taxpayer’s tax liability is carried over and can be filed with the refund claim for the following seven tax years or until depleted, whichever is earlier. However, the certificate shall not be used to reduce tax liability for a tax period ending after the expiration date of the certificate.

3. The department shall develop a system for the registration of the renewable energy tax credit certificates issued or transferred under this chapter and a system that permits verification that any tax credit claimed on a tax return is valid and that transfers of the tax credit certificates are made in accordance with the requirements of this chapter. The tax credit certificates issued under this chapter shall not be classified as a security pursuant to chapter 502.

RENEWABLE ENERGY TAX CREDIT

CHAPTER 477
TELEGRAPH AND TELEPHONES — CABLE SYSTEMS

SUBCHAPTER I
GENERAL PROVISIONS

477.1 Right-of-way.
Any person, firm, and corporation, within or without the state, may construct a telegraph or telephone line or cable system along the public roads of the state, or across or under the rivers or over, under, or through any lands belonging to the state or any private individual, and may erect or install necessary fixtures. However, construction of a telegraph or telephone line or cable system along a primary road is subject to rules adopted by the state department of transportation.

Removal from highway, chapter 318

477.2 Removal of lines and cable systems.
When any road along which the telegraph or telephone line or cable system has been constructed or installed is changed, the person, firm or corporation shall, upon ninety days’ notice in writing, remove the telegraph or telephone lines or cable system to the road as
established. The notice may be served upon any agent or operator in the employ of the person, firm or corporation.

[C73, §1324; C97, §2158; C24, 27, 31, 35, 39, §8301; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.2; C77, 79, 81, §477.2]
88 Acts, ch 1173, §2

477.3 Construction — installation — damages.
The fixtures shall not be constructed or installed in a manner which causes inconvenience to the public in the use of any road or in the navigation of any stream; nor shall they be erected or installed on the private grounds of any individual without paying the individual a just equivalent for the damage the individual sustains by the construction or installation.

[C51, §781; R60, §1349; C73, §1325; C97, §2159; C24, 27, 31, 35, 39, §8302; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.3; C77, 79, 81, §477.3]
88 Acts, ch 1173, §3

477.4 Condemnation.
If the person over or through whose lands this telegraph or telephone line or cable system passes claims more damages than the proprietor of the line or cable system is willing to pay, the amount of damages sustained may be determined in the same manner as provided for taking private property for works of internal improvement.

[C51, §782; R60, §1350; C73, §1326; C97, §2160; C24, 27, 31, 35, 39, §8303; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.4; C77, 79, 81, §477.4]

477.5 Equal facilities — delay.
If the proprietor of any telegraph or telephone line within the state, or the person having the control and management thereof, refuses to furnish equal facilities to the public and to all connecting lines for the transmission of communications in accordance with the nature of the business which it undertakes to carry on, or to transmit the same with fidelity and without unreasonable delay, the law in relation to limited partnerships, corporations, and to the taking of private property for works of internal improvement, shall no longer apply to them, and property taken for the use thereof without the consent of the owner may be recovered by the owner.

[C51, §783; R60, §1351; C73, §1327; C97, §2161; C24, 27, 31, 35, 39, §8304; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.5; C77, 79, 81, §477.5]
2008 Acts, ch 1032, §3

477.6 Delay — willful error — revealing contents.
Any person employed in transmitting messages by telegraph or telephone must do so with fidelity and without unreasonable delay, and if anyone willfully fails thus to transmit them, or intentionally transmits a message erroneously, or makes known the contents of any message sent or received to any person except the person to whom it is addressed, or such person's agent or attorney, or willfully and wrongfully takes or receives any telegraph or telephone message, the person is guilty of a simple misdemeanor.

[C51, §784; R60, §1352; C73, §1328; C97, §2162; C24, 27, 31, 35, 39, §8305; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.6; C77, 79, 81, §477.6]

477.7 Mistakes and delays.
The proprietor of a telegraph or telephone line is liable for all mistakes in transmitting or receiving messages made by any person in the proprietor’s employment, or for any unreasonable delay in their transmission or delivery, and for all damages resulting from failure to perform the foregoing or any other duty required by law, the provisions of any contract to the contrary notwithstanding.

[C51, §785; R60, §1353; C73, §1329; C97, §2163; C24, 27, 31, 35, 39, §8306; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.7; C77, 79, 81, §477.7]

Referred to in §477.9A
477.8 Negligence presumed.
In any action against any telegraph or telephone company for damages caused by erroneous transmission of a message, or by unreasonable delay in delivery of a message, negligence on the part of the telegraph or telephone company shall be presumed upon proof of erroneous transmission or of unreasonable delay in delivery, and the burden of proof that such error or delay was not due to negligence upon its part shall rest upon such company.
[C97, §2164; C24, 27, 31, 35, 39, §8307; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.8; C77, 79, 81, §477.8]

477.9 Presentation of claim.
No action for the recovery of such damages shall be maintained unless a claim therefor is presented in writing to such company, officer or agent thereof within sixty days from time cause of action accrues.
[C97, §2164; C24, 27, 31, 35, 39, §8308; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.9; C77, 79, 81, §477.9]

477.9A Deregulated services.
1. A telegraph or telephone company whose services are deregulated by the board under section 476.1D may use public notice as a means of conveying terms and conditions to customers where identification of those customers is infeasible or impractical. Public notice may also be used to convey changes in terms and conditions, other than price increases or limitations of liability, to all other customers, but only if those customers were put on notice that this means would be used to convey subsequent changes. Notwithstanding section 477.7, when services are deregulated by the board under section 476.1D, a telegraph or telephone company, in any contract, agreement, or by means of public notice, may reasonably limit its liability under section 477.7 in the course of providing the deregulated communications services to its customers, except for acts of willful misconduct. However, this section does not allow a greater limitation on liability than exists in any contract or approved tariff as of the effective date of the deregulation of the services.
2. Any telephone company whose services are subject to regulation by the board with respect to terms and conditions, but not rates, shall give notice of rate changes to customers.

SUBCHAPTER II
RECIProCAL SERVICE

477.10 Definitions.
1. a. “Local exchange”, within the meaning of this subchapter, shall refer to a telephone line or lines or to a telephone switchboard or switchboards operating by virtue of a franchise granted by a city furnishing telephonic communication between two or more members of the public within the same city, village, community, locality or neighborhood, which said line or lines or switchboard or switchboards shall be under the same management and control.
   b. “Local exchange” within the meaning of this subchapter shall not include or refer to privately owned or leased lines or switchboards, operated and used by members of the public other than telephone or telegraph companies as a public utility by which the public is offered telephonic service.
2. “Local exchange company” within the meaning of this subchapter, shall refer to any one or more individuals, firms or corporations operating one or more local exchanges as defined in this section.
3. “Long distance company” within the meaning of this subchapter shall refer to and include one or more persons, firms or corporations operating connecting lines between two or more local exchanges, one or more of which local exchanges are owned by a local telephone company other than such person, firm or corporation, over which line or lines
telephonic communication is had between members of the public connected with said local exchanges.

[C35, §8308-f1; C39, §8308.1; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.10; C77, 79, 81, §477.10]

477A.1 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Board” means the utilities board within the utilities division of the department of
commerce.
2. “Cable operator” means the same as defined in 47 U.S.C. §522.
4. “Cable system” means the same as defined in 47 U.S.C. §522.
5. “Competitive cable service provider” means a person who provides cable service over
a cable system in an area other than the incumbent cable provider providing service in the
same area.
6. “Competitive video service provider” means a person who provides video service other
than a cable operator.
7. “Franchise” means an initial authorization, or renewal of an authorization, issued by the
board or a municipality, regardless of whether the authorization is designated as a franchise,
permit, license, resolution, contract, certificate, agreement, or otherwise, that authorizes the
construction and operation of a cable system or video service provider’s network in a public
right-of-way.
8. “Franchise fee” means the fee imposed under section 477A.7.
9. a. “Gross revenues” means all consideration of any kind or nature, including but not limited
to cash, credits, property, and in-kind contributions received from subscribers for the
 provision of cable service over a cable system by a competitive cable service provider or for
the provision of video service by a competitive video service provider within a municipality’s
jurisdiction. Gross revenues are limited to the following:
   (1) Recurring charges for cable service or video service.
   (2) Event-based charges for cable service or video service, including but not limited to
pay-per-view and video-on-demand charges.
   (3) Rental of set-top boxes and other cable service or video service equipment.
   (4) Service charges related to the provision of cable service or video service, including but
not limited to activation, installation, and repair charges.
   (5) Administrative charges related to the provision of cable service or video service,
including but not limited to service order and service termination charges.
   (6) A pro rata portion of all revenue derived, less refunds, rebates, or discounts, by a
cable service provider or a video service provider for advertising over the cable service or
video service network to subscribers within the franchise area where the numerator is the
number of subscribers within the franchise area, and the denominator is the total number of
subscribers reached by such advertising. This subparagraph applies only to municipalities
that include this provision in their franchise agreements as of January 1, 2007.
   b. “Gross revenues” does not include any of the following:
   (1) Revenues not actually received, even if billed, including bad debt.
   (2) Revenues received by any affiliate or any other person in exchange for supplying goods
or services used by the person providing cable service or video service.
(3) Refunds, rebates, or discounts made to third parties, including subscribers, leased access providers, advertisers, or any municipality or other unit of local government.

(4) Regardless of whether the services are bundled, packaged, or functionally integrated with cable service or video service, any revenues derived by the holder of a certificate of franchise authority from services not classified as cable service or video service, including, without limitation, revenue received from telecommunications services, revenue received from information services, revenue received in connection with home-shopping services, or any other revenues attributed by the competitive cable service provider or competitive video service provider to noncable service or nonvideo service in accordance with the holder’s books and records kept in the regular course of business and any applicable rules, regulations, standards, or orders.

(5) Revenues paid by subscribers to home-shopping programmers directly from the sale of merchandise through any home-shopping channel offered as part of the cable services or video services.

(6) Revenues from the sale of cable services or video services for resale in which the purchaser is required to collect the franchise fee from the purchaser’s customer.

(7) Revenues from any tax of general applicability imposed upon the competitive cable service provider or competitive video service provider or upon subscribers by a city, state, federal, or any other governmental entity and required to be collected by the competitive cable service provider or competitive video service provider and remitted to the taxing entity, including but not limited to sales or use tax, gross receipts tax, excise tax, utility users tax, public service tax, and communication taxes, and including the franchise fee imposed under section 477A.7.

(8) Revenues forgone from the provision of cable services or video services to public institutions, public schools, or governmental entities at no charge.

(9) Revenues forgone from the competitive cable service provider’s or competitive video service provider’s provision of free or reduced-cost video service to any person, including, without limitation, any municipality and other public institutions or other institutions.

(10) Revenues from sales of capital assets or sales of surplus equipment.

(11) Revenues from reimbursements by programmers of marketing costs incurred by the competitive cable service provider or competitive video service provider for the introduction or promotion of new programming.

(12) Directory or internet advertising revenues including but not limited to yellow page, white page, banner advertisement, and electronic publishing.

(13) Copyright fees paid to the United States copyright office.

(14) Late payment charges.

(15) Maintenance charges.

10. “Incumbent cable provider” means the cable operator serving the largest number of cable subscribers in a particular franchise service area on January 1, 2007.

11. “Institutional network” means the system of dedicated fibers, coaxial cables, or wires constructed and maintained by an incumbent cable provider which is reserved and dedicated by the municipality for noncommercial purposes.

12. “Municipality” means a city.

13. “Percentage of gross revenues” means the percentage set by the municipality and identified in a written request made under section 477A.7, subsection 1, which shall be not greater than five percent. However, if the incumbent cable provider is a municipal utility providing telecommunications services under section 388.10, “percentage of gross revenues” means the percentage set by the municipality and identified in a written request made under section 477A.7, subsection 1, which shall not be greater than an equitable apportionment of the services and fees that the municipal utility pays to the municipality, or five percent, whichever is less.

14. “Public right-of-way” means the area on, below, or above a public roadway, highway, street, bridge, cartway, bicycle lane, or public sidewalk in which the municipality has an interest, including other dedicated rights-of-way for travel purposes and utility easements. “Public right-of-way” does not include the airwaves above a public right-of-way with regard
to cellular or other nonwire telecommunications or broadcast services or utility poles owned by a municipality or a municipal utility.

16. “Video service” means video programming services provided through wireline facilities located at least in part in the public right-of-way without regard to delivery technology, including internet protocol technology. “Video service” does not include any video programming provided by a provider of commercial mobile service as defined in 47 U.S.C. §332, or cable service provided by an incumbent cable provider or a competitive cable service provider or any video programming provided solely as part of, and via, a service that enables users to access content, information, electronic mail, or other services offered over the public internet.

2007 Acts, ch 201, §2, 15; 2008 Acts, ch 1062, §1

477A.2 Certificate of franchise authority requirement.

1. After July 1, 2007, a person providing cable service or video service in this state shall not provide such service without a franchise. The franchise may be issued by either the board pursuant to section 477A.3 or by a municipality pursuant to section 364.2.

2. a. A person providing cable service or video service under a franchise agreement with a municipality prior to July 1, 2007, is not subject to this section with respect to such municipality until the franchise agreement expires or is converted pursuant to subsection 6.

b. Upon expiration of a franchise, a person may choose to renegotiate a franchise agreement with a municipality or may choose to obtain a certificate of franchise authority under this chapter. An application for a certificate of franchise authority pursuant to this subsection may be filed within sixty days prior to the expiration of a municipal franchise agreement. A certificate of franchise authority obtained pursuant to an application filed prior to the expiration of a municipal franchise agreement shall take effect upon the expiration date of the municipal franchise agreement.

c. A municipal utility that provides cable service or video service in this state is not subject to this section and shall not be required to obtain a certificate of franchise authority pursuant to this chapter in the municipality in which the provision of cable service or video service by that municipality was originally approved.

3. For purposes of this section, a person providing cable service or video service is deemed to have executed a franchise agreement to provide cable service or video service with a specific municipality if an affiliate or predecessor of the person providing cable service or video service has or had executed an unexpired franchise agreement with that municipality as of May 29, 2007.

4. A competitive cable service provider or competitive video service provider shall provide at least thirty days’ notice to each municipality with authority to grant a franchise in the service area, and to the incumbent cable provider, in which the competitive cable service provider or competitive video service provider is granted authority to provide service under a certificate of franchise authority that the competitive cable service provider or competitive video service provider will offer cable services or video services within the jurisdiction of the municipality, and shall not provide service without having provided such thirty days’ notice. A copy of the notice shall be filed with the board on the date that the notice is provided. All notices required by this subsection shall be sent by certified mail.

5. As used in this section, “affiliate” includes but is not limited to a person that directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with a person receiving, obtaining, or operating under a franchise agreement with a municipality to provide cable service or video service through merger, sale, assignment, restructuring, or any other type of transaction.

6. If a competitive cable service provider or a competitive video service provider applies for a certificate of franchise authority to operate within a municipality, the incumbent cable provider may, at its discretion, apply for a certificate of franchise authority for that same municipality. Such application shall be automatically granted on the same day as a competitive cable service provider or competitive video service provider files a thirty days’ notice of offering service as required pursuant to subsection 4. The franchise agreement
with the municipality is terminated on the date the board issues the certificate of franchise authority to an incumbent cable provider. The terms and conditions of the certificate of franchise authority shall be the same as the terms and conditions of a competitive cable service provider or a competitive video service provider pursuant to this chapter and shall replace the terms and conditions of the franchise agreement previously granted by the municipality.

477A.3 Application requirements — certificate of franchise authority.
1. The board shall issue a certificate of franchise authority under this chapter within thirty calendar days after receipt of a completed application and affidavit submitted by the applicant and signed by an officer or general partner of the applicant, subject to subsection 3. The application and affidavit shall provide all of the following information:
   a. That the applicant has filed or will timely file with the federal communications commission all forms required by the commission in advance of offering cable service or video service in this state.
   b. That the applicant agrees to comply with all applicable federal and state statutes, regulations, and rules.
   c. That the applicant agrees to comply with all applicable state laws and nondiscriminatory municipal ordinances and regulations regarding the use and occupation of a public right-of-way in the delivery of the cable service or video service, to the extent consistent with this chapter, including the police powers of the municipalities in which the service is delivered.
   d. A description of the service area to be served and the municipalities to be served by the applicant which may include certain designations of unincorporated areas. This description shall be updated by the applicant prior to the expansion of cable service or video service to a previously undesignated service area and, upon such expansion, notice shall be given to the board of the service area to be served by the applicant.
   e. The address of the applicant’s principal place of business and the names of the applicant’s principal executive officers.
   f. Documentation that the applicant possesses sufficient managerial, technical, and financial capability to provide the cable service or video service proposed in the service area.
   g. Copies of advertisements or news releases announcing the applicant’s intent to provide cable service or video service in the service area intended for release if the certificate of franchise authority is granted.
   h. A schedule of dates by which the applicant intends to commence operation in each municipality proposed to be served within the service area. This schedule shall be timely updated by the applicant as necessary to maintain accuracy.
2. In addition to the notice requirements in section 477A.2, subsection 4, an applicant shall provide notice to each municipality with authority to grant a franchise in the service area on the date that the application is submitted that the applicant has submitted an application to the board pursuant to subsection 1.
3. a. The board shall not issue a certificate of franchise authority to an applicant unless the board finds that all of the requirements specified in subsection 1 have been met.
   b. The board may take up to an additional sixty calendar days, beyond the thirty-day period for issuance of a certificate of franchise authority specified in subsection 1, if the board determines that additional information will be required to make a determination regarding whether the requirements specified in subsection 1, paragraphs “f” through “h” have been met, and that the determination cannot be made within the thirty-day period.
   c. The board may assess its costs associated with an application or a certificate of franchise authority pursuant to the assessment authority contained in section 476.10, subsection 1, paragraph “a”.
4. The failure of the board to notify the applicant of the completeness of the applicant’s affidavit or issue a certificate of franchise authority before the ninetieth calendar day after
receipt of a completed affidavit shall constitute issuance of the certificate of franchise authority applied for by the applicant without further action by the applicant.

5. The certificate of franchise authority issued by the board shall contain all of the following:
   a. A grant of authority to provide cable service or video service in the service area designated in the application.
   b. A grant of authority to use and occupy the public right-of-way in the delivery of cable service or video service, subject to the laws of this state, including the police powers of the municipalities in which the service is delivered.
   c. A statement that the grant of authority provided by the certificate is subject to the lawful operation of the cable service or video service by the applicant or the applicant’s successor.
   d. A statement that the franchise is for a term of ten years, is renewable under the terms of this section, and is nonexclusive.

6. a. If the holder of a certificate of franchise authority fails to commence operation of a cable system or video service network within twelve months from the date the application is granted, the board may determine that the applicant is not in compliance with the certificate of franchise authority and may revoke the certificate.
   b. If a certificate is revoked pursuant to this subsection, and if the franchise agreement previously in effect between an incumbent cable provider and the municipality would have remained in effect for at least a sixty-day period prior to expiration, the previous franchise agreement shall be reinstated for the remaining duration of the previous agreement. The incumbent cable provider shall comply with the terms of the prior franchise agreement within ninety days of notification by the board. This paragraph is applicable to an incumbent cable provider who has not been issued a certificate of franchise authority pursuant to section 477A.2, subsection 6, as of April 12, 2010.

7. a. In the event that an applicant granted a certificate of franchise authority subsequently ceases to engage in construction or operation of a cable system or video service network and is no longer providing service, the applicant shall notify the municipality, the board, and the incumbent cable provider on the date that construction or service is terminated.
   b. If the franchise agreement previously in effect between an incumbent cable provider and the municipality would have remained in effect for at least a sixty-day period prior to expiration, the previous franchise agreement shall be reinstated for the remaining duration of the previous agreement. The incumbent cable provider shall comply with the terms of the prior franchise agreement within ninety days of notification by the board. This paragraph is applicable to an incumbent cable provider who has not been issued a certificate of franchise authority pursuant to section 477A.2, subsection 6, as of April 12, 2010.

8. A certificate of franchise authority issued by the board is fully transferable to any successor of the applicant to which the certificate was initially issued. A notice of transfer shall be filed by the holder of the certificate of franchise authority with the board and the affected municipality and shall be effective fourteen business days after submission. The notice of transfer shall include the address of the successor’s principal place of business and the names of the successor’s principal executive officers. The successor shall assume all regulatory rights and responsibilities of the holder of the certificate. Neither the board nor an affected municipality shall have authority to review or require approval of such transfer.

9. The certificate of franchise authority issued by the board may be terminated by a person providing cable service or video service by submitting written notice to the board and any affected municipality. Neither the board nor an affected municipality shall have authority to review or require approval of such termination.

10. The board shall only have the authorization to issue a certificate of franchise authority as provided in this section, and shall not impose any additional requirements or regulations upon an applicant.

Referred to in §477A.2
477A.4 Applicability to federal law.
To the extent required by applicable law, a certificate of franchise authority issued under this chapter shall constitute a “franchise” for the purposes of 47 U.S.C. §541(b)(1). To the extent required for the purposes of 47 U.S.C. §521 – 561, only the state of Iowa shall constitute the exclusive franchising authority for competitive cable service providers and competitive video service providers in this state.
2007 Acts, ch 201, §5, 15

477A.5 Municipality restrictions.
1. A municipality shall not require a holder of a certificate of franchise authority to do any of the following:
   a. Comply with a mandatory build-out provision.
   b. Obtain a separate franchise.
   c. Pay any additional fees, except as provided in this chapter.
   d. Be subject to any additional franchise requirement by the municipality, except as provided in this chapter.
2. For purposes of this section, a “franchise requirement” includes any provision regulating rates or requiring build-out requirements to deploy any facilities or equipment.
3. Section 364.2 shall not apply to a holder of a certificate of franchise authority issued pursuant to this chapter.
   2007 Acts, ch 201, §6, 15

477A.6 Public, educational, and governmental access channels.
1. Not later than one hundred eighty days after a request by a municipality in which a competitive cable service provider or a competitive video service provider is providing cable service or video service, the holder of the certificate of authority for that municipality shall designate a sufficient amount of capacity on the certificate holder’s communications network to allow the provision of a comparable number of public, educational, and governmental channels that the incumbent cable provider in the municipality has activated and provided in the municipality under the terms of a franchise agreement with a municipality prior to July 1, 2007. If no such channels are active, the municipality may request a maximum of three public, educational, and governmental channels for a municipality with a population of at least fifty thousand, and a maximum of two public, educational, and governmental channels for a municipality with a population of less than fifty thousand.
   a. The public, educational, and governmental content to be provided pursuant to this section and the operation of the public, educational, and governmental channels shall be the responsibility of the municipality receiving the benefit of such capacity. The holder of a certificate of franchise authority shall be responsible only for the transmission of such content, subject to technological restraints.
   b. The municipality receiving capacity under this section shall ensure that all transmissions, content, or programming to be transmitted by the holder of the certificate of franchise authority are provided or submitted to the competitive cable service provider or competitive video service provider in a manner or form that is capable of being accepted and transmitted by the competitive cable service provider or competitive video service provider, without requirement for additional alteration or change in the content, over the particular network of the competitive cable service provider or competitive video service provider, which is compatible with the technology or protocol utilized by the competitive cable service provider or competitive video service provider to deliver services. At its election the municipality may reasonably request any cable service provider or video service provider to make any necessary change to the form of any programming, furnished for transmission, which shall be charged to the municipality, not to exceed the provider’s incremental costs. The municipality shall have up to twelve months to reimburse the cable service provider or video service provider. The provision of such transmissions, content, or programming to the competitive cable service provider or competitive video service provider shall constitute authorization for such holder to carry such transmissions, content, or programming, at the holder’s option, beyond the jurisdictional boundaries stipulated in any franchise agreement.
2. Where technically feasible, a competitive cable service provider or competitive video service provider that is a holder of a certificate of franchise authority and an incumbent cable provider shall use reasonable efforts to interconnect the cable or video communications network systems of the certificate holder and incumbent cable provider for the purpose of providing public, educational, and governmental programming. Interconnection may be accomplished by direct cable, microwave link, satellite, or other reasonable method of connection. A holder of a certificate of franchise authority and an incumbent cable provider shall negotiate in good faith and an incumbent cable provider shall not withhold interconnection of public, educational, or governmental channels.

3. A court of competent jurisdiction shall have exclusive jurisdiction to enforce any requirement under this section.

2007 Acts, ch 201, §7, 15

477A.7 Fees — financial support.

1. a. In any service area in which a competitive cable service provider or a competitive video service provider holding a certificate of franchise authority offers or provides cable service or video service, the competitive cable service provider or competitive video service provider shall calculate and pay a franchise fee to the municipality with authority to grant a certificate of franchise authority in that service area upon the municipality’s written request. If the municipality makes such a request, the franchise fee shall be due and paid to the municipality on a quarterly basis, not later than forty-five days after the close of the quarter, and shall be calculated as a percentage of gross revenues. The municipality shall not demand any additional franchise fees from the competitive cable service provider or competitive video service provider, and shall not demand the use of any other calculation method for the franchise fee.

b. All cable service providers and video service providers shall pay a franchise fee at the same percent of gross revenues as had been assessed on the incumbent cable provider by the municipality as of January 1, 2007, and such percentage shall continue to apply for the period of the remaining term of the existing franchise agreement with the municipality. Upon expiration of the period of the remaining term of the agreement with the incumbent cable service provider, a municipality may request an increase in the franchise fee up to five percent of gross revenues.

c. A provider who is both a competitive cable service provider and a competitive video service provider shall be subject to and only be required to pay one franchise fee to a municipality under this subsection regardless of whether the provider provides both cable service and video service.

d. At the request of a municipality and not more than once per year, an independent auditor may perform reasonable audits of the competitive cable service provider’s or competitive video service provider’s calculation of the franchise fee under this subsection. The municipality shall bear the costs of any audit requested pursuant to this subsection, unless the audit discloses that the competitive cable service provider or competitive video service provider has underpaid franchise fees by more than five percent, in which case the competitive cable service provider or competitive video service provider shall pay all of the reasonable and actual costs of the audit.

e. A competitive cable service provider or competitive video service provider may identify and collect the amount of the franchise fee as a separate line item on the regular bill of each subscriber.

2. If an incumbent cable provider pays any fee to a municipality for public, educational, and governmental access channels, any subsequent holder of a certificate of franchise authority that includes that municipality shall pay this fee at the same rate during the remaining term of the existing franchise agreement with the municipality, even if the incumbent cable provider elects to convert to a certificate of franchise authority pursuant to section 477A.2. All fees collected pursuant to this subsection shall be used only for the support of the public, educational, and governmental access channels.

3. a. If an incumbent cable provider is required by a franchise agreement as of January 1, 2007, to provide institutional network capacity to a municipality for use by the municipality
for noncommercial purposes, the incumbent cable provider and any subsequent holder of a certificate of franchise authority shall provide support only for the existing institutional network on a pro rata basis per customer. Any financial support provided for an institutional network shall be limited to ongoing maintenance and support of the existing institutional network. This subsection shall be applicable only to a cable service provider’s or video service provider’s first certificate of franchise authority issued under this chapter, and shall not apply to any subsequent renewals. For the purposes of this subsection, maintenance and support shall only include the reasonable incremental cost of moves, changes, and restoring connectivity of the fiber or coaxial cable lines up to a demarcation point at the building.

b. For purposes of this subsection, the number of customers of a cable service provider or video service provider shall be determined based on the relative number of subscribers in that municipality at the end of the prior calendar year as reported to the municipality by all incumbent cable providers and holders of a certificate of franchise authority. Any records showing the number of subscribers shall be considered confidential records pursuant to section 22.7. The incumbent cable provider shall provide to the municipality, on an annual basis, the maintenance and support costs of the institutional network, subject to an independent audit. A municipality acting under this subsection shall notify and present a bill to competitive cable service providers or competitive video service providers for the amount of such support on an annual basis, beginning one year after issuance of the certificate of franchise authority. The annual institutional network support shall be due and paid by the providers to the municipality in four quarterly payments, not later than forty-five days after the close of each quarter. The municipality shall reimburse the incumbent cable provider for the amounts received from competitive cable service providers or competitive video service providers.

c. This subsection shall not apply if the incumbent cable service provider is a municipal utility providing telecommunications services under section 388.10.

4. A franchise fee may be assessed or imposed by a municipality without regard to the municipality’s cost of inspecting, supervising, or otherwise regulating the franchise, and the fees collected may be credited to the municipality’s general fund and used for municipal general fund purposes.

5. To the extent that any amount of franchise fees assessed by and paid to a municipality prior to May 29, 2007, pursuant to a franchise agreement between a municipality and any person to erect, maintain, and operate plants and systems for cable television, exceeds the municipality’s reasonable costs of inspecting, supervising, or otherwise regulating the franchise, such amount is deemed and declared to be authorized and legally assessed by and paid to the municipality.

2007 Acts, ch 201, §8, 15
Referred to in §477A.1

477A.8 Customer service standards.

1. The holder of a certificate of franchise authority shall comply with customer service requirements consistent with those contained in 47 C.F.R. §76.309, and shall maintain a local or toll-free telephone number for customer service contact.

2. The holder of a certificate of franchise authority shall implement an informal process for handling inquiries from municipalities and customers concerning billing events, service issues, and other complaints. If an issue is not resolved through this informal process, a municipality may request a confidential nonbinding mediation with the holder of a certificate of franchise authority, with the costs of such mediation to be shared equally between the municipality and the holder of a certificate of franchise authority.

2007 Acts, ch 201, §9, 15

477A.9 Nondiscrimination by municipality.

1. A municipality shall allow the holder of a certificate of franchise authority to install, construct, and maintain a communications network within a public right-of-way and shall provide the holder of a certificate of franchise authority with open, comparable, nondiscriminatory, and competitively neutral access to the public right-of-way.
2. A municipality shall not discriminate against the holder of a certificate of franchise authority in providing access to a municipal building or through a municipal utility pole attachment term.

2007 Acts, ch 201, §10, 15

477A.10 Provider discrimination prohibited.

1. The purpose of this section is to prevent discrimination among potential residential subscribers.

2. A competitive cable service provider or competitive video service provider holding a certificate of franchise authority shall not deny access to any group of potential residential subscribers because of the income of residents in the local area in which such group resides.

3. A video service provider operating under a certificate of franchise authority that is using telecommunication facilities to provide video services and has more than five hundred thousand telecommunication access lines in this state shall extend its system to a potential subscriber, at no cost to the potential subscriber, if all of the following criteria are met:

   a. The potential subscriber is located within its authorized service area.

   b. At least two hundred fifty dwelling units are located within two thousand five hundred feet of a remote terminal.

   c. These dwelling units do not have cable or video service available from another cable service provider or video service provider.

477A.11 Applicability of other law.

1. This chapter is intended to be consistent with the federal Cable Act, 47 U.S.C. §521 et seq.

2. Except as otherwise stated in this chapter, this chapter shall not be interpreted to prevent a competitive cable service provider, competitive video service provider, municipality, or other provider of cable service or video service from seeking clarification of any rights and obligations under federal law or to exercise any right or authority under federal or state law.

2007 Acts, ch 201, §12, 15

CHAPTER 477C
DUAL PARTY RELAY SERVICE

477C.1 Dual party relay service — purpose.
The general assembly finds that the provision of a statewide dual party relay service will further the public interest and protect the health, safety, and welfare of the people of Iowa through an increase in the usefulness and availability of the telephone system. Many persons who are deaf, hard-of-hearing, or have speech disorders are not able to utilize the telephone system without this type of service. Therefore, it is the purpose of this chapter to enable the orderly development, operation, promotion, and funding of a statewide dual party relay service.

Section amended

477C.2 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Board” means the utilities board within the department of commerce created in section 474.1.
2. “Communication disorder” means the inability to use the telephone for communication without a telecommunications device for the deaf and hard of hearing.
3. “Council” means the dual party relay council established in section 477C.5.
4. “Dual party relay service” or “relay service” means a communication service which provides persons with communication disorders access to the telephone system functionally equivalent to the access available to persons without communication disorders.
5. “Telecommunications device for the deaf and hard of hearing” means any specialized or supplemental telephone equipment used by persons with communication disorders to provide access to the telephone system.

91 Acts, ch 194, §2; 2020 Acts, ch 1102, §29
Subsections 2, 4, and 5 amended

477C.3 Dual party relay service.
With the advice of the council, the board shall plan, establish, administer, and promote a statewide program to provide dual party relay service as follows:
1. The board may enter into the necessary contracts and arrangements with private entities to provide for the delivery of relay service.
2. The relay service, to the extent reasonably possible, shall allow persons with communication disorders to use the telephone system in a manner and at a rate equivalent to persons without communication disorders.
3. The relay service may be provided on a stand-alone basis within the state, with other states, or with telephone utilities providing relay service in other states.
4. The board may employ additional personnel, pursuant to section 476.10, to plan, establish, administer, and promote the relay service.

Subsection 2 amended

477C.4 Telecommunications devices for the deaf and hard of hearing.
With the advice of the council, the board may plan, establish, administer, and promote a program to secure, finance, and distribute telecommunications devices for the deaf and hard of hearing. The board may establish eligibility criteria for persons to receive
telecommunications devices for the deaf and hard of hearing, including but not limited to requiring certification that the recipient cannot use the telephone for communication without a telecommunications device for the deaf and hard of hearing.

477C.5 Dual party relay council.
1. A dual party relay council is established, consisting of eleven members appointed by the board. The council shall advise the board on all matters concerning relay service and equipment distribution programs.
2. The council shall consist of:
   a. Six consumers who have communication disorders.
   b. Two representatives from telephone companies.
   c. One representative from the office of deaf services of the department of human rights.
   d. One representative from the office of the consumer advocate of the department of justice.
   e. One member of the board or a designee of the board.
3. Council members who are not state or local government officers or employees shall be reimbursed for their necessary and actual expenses incurred in performance of their duties and shall receive a per diem of fifty dollars when the council is meeting, payable from moneys available to the board pursuant to section 477C.7.

477C.6 Budget.
The board shall review and approve the proposed annual budget of the relay service program authorized in section 477C.3 and the equipment distribution program authorized in section 477C.4.

91 Acts, ch 194, §6

477C.7 Funding.
1. The board shall impose an assessment to fund the programs described in this chapter upon all wireless carriers and wire-line local exchange carriers providing telecommunications service in the state in the amount of three cents per month for each telecommunications service phone number provided in this state.
2. The entities subject to assessment shall remit the assessed amounts quarterly to a special fund, as defined under section 8.2, subsection 9. The moneys in the fund are appropriated solely to plan, establish, administer, and promote the relay service and equipment distribution programs.
3. The entities subject to assessment shall provide the information requested by the board necessary for implementation of the assessment.
4. Wire-line local exchange carriers shall not recover from intrastate access charges any portion of such assessment imposed under this section.

ELECTRIC TRANSMISSION LINES

Referred to in §6B.2A, 6B.42, 306A.3, 318.9, 437A.7, 474.1, 474.9, 476.1A, 476A.1, 546.7, 716.7

478.1 Franchise.
1. A person shall not construct, erect, maintain, or operate a transmission line, wire, or cable that is capable of operating at an electric voltage of sixty-nine kilovolts or more along, over, or across any public highway or grounds outside of cities for the transmission, distribution, or sale of electric current without first procuring from the utilities board within the utilities division of the department of commerce a franchise granting authority as provided in this chapter.

2. A franchise shall not be required for electric lines constructed entirely within the boundaries of property owned by a person primarily engaged in the transmission or distribution of electric power or entirely within the boundaries of property owned by the end user of the electric power.

3. If the transmission line, wire, or cable is capable of operating only at an electric voltage of less than sixty-nine kilovolts, no franchise is required. However, the utilities board shall retain jurisdiction over all such lines, wires, or cables.

4. A person who seeks to construct, erect, maintain, or operate a transmission line, wire, or cable that will operate at an electric voltage of less than sixty-nine kilovolts outside of cities and that cannot secure the necessary voluntary easements to do so may petition the board pursuant to section 478.3, subsection 1, for a franchise granting authority for such construction, erection, maintenance, or operation, and for the use of the right of eminent domain.

5. Notwithstanding any other provision of this chapter, if an existing transmission line, wire, or cable is operating at thirty-four and one-half kilovolts, it may be franchised, rebuilt, and upgraded to be capable of operation at sixty-nine kilovolts using an abbreviated franchise process if the upgraded line will meet required safety standards, will be on substantially the same right-of-way, and will have substantially the same effect on the underlying properties. The abbreviated franchise process shall not require published notice or a public informational meeting. The board may adopt rules defining relevant terms, setting forth the steps of the abbreviated process, and specifying the requirements for the
petition and landowner notification. The petitioner shall provide written notice concerning the anticipated construction to the last known address of the owners of record of the property where construction will occur and to the parties residing on such property. The franchise may be granted if the board finds the upgraded line is necessary to serve a public use and represents a reasonable relationship to an overall plan of transmitting electricity in the public interest. The franchise shall not become effective until the petitioner has paid, or agreed to pay, all costs and expenses of the franchise proceeding specified in section 478.4.

478.2 Petition for franchise — informational meetings held.

1. Any person authorized to transact business in the state including cities may file a verified petition asking for a franchise to erect, maintain, and operate a line or lines for the transmission, distribution, use, and sale of electric current outside cities and for such purpose to erect, use, and maintain poles, wires, guy wires, towers, cables, conduits, and other fixtures and appliances necessary for conducting electric current for light, heat, or power over, along, and across any public lands, highways, streams, or the lands of any person, company, or corporation, and to acquire necessary interests in real estate for such purposes.

2. As conditions precedent to the filing of a petition with the utilities board requesting a franchise for a new transmission line, and not less than thirty days prior to the filing of such petition, the person shall hold informational meetings in each county in which real property or rights will be affected.

   a. A member of the board, the counsel of the board, or a presiding officer designated by the board shall serve as the presiding officer at each meeting, shall present an agenda for such meeting which shall include a summary of the legal rights of the affected landowners, and shall distribute and review the statement of individual rights required under section 6B.2A, subsection 1. A formal record of the meeting shall not be required.

   b. The meeting shall be held at a location reasonably accessible to all persons that may be affected by the granting of the franchise.

3. The person seeking the franchise for a new transmission line shall give notice of the informational meeting to each person, company, or corporation determined to be the landowner affected by the proposed project and any person, company, or corporation in possession of or residing on the property.

   a. For the purposes of this section, unless the context otherwise requires:

      (1) “Landowner” means a person listed on the tax assessment rolls as responsible for the payment of real estate taxes imposed on the property.

      (2) “Transmission line” means any line capable of operating at sixty-nine kilovolts or more and extending a distance of not less than one mile across privately owned real estate.

   b. The notice shall contain the following:

      (1) The name of the applicant.

      (2) The applicant’s principal place of business.

      (3) A general description and purpose of the proposed project.

      (4) The general nature of the right-of-way desired.

      (5) The possibility that the right-of-way may be acquired by condemnation if approved by the utilities board.

      (6) A map showing the route of the proposed project.

      (7) A description of the process used by the utilities board in making a decision on whether to approve a franchise or grant the right to take property by eminent domain.

      (8) A statement that the landowner has the right to be present at such meetings and to file objections with the utilities board.

      (9) The place and time of the meeting.
c. The notice shall be served not less than thirty days prior to the time set for the meeting by certified mail with return receipt requested and shall be published once in a newspaper of general circulation in the county at least one week and not more than three weeks before the time of the meeting and such publication shall be considered notice to landowners whose residence is not known.

4. A person seeking rights under this chapter shall not negotiate or purchase any easements or other interests in land in any county known to be affected by the proposed project prior to the informational meeting.

478.3 Petition — requirements.

1. All petitions shall set forth:
   a. The name of the individual, company, or corporation asking for the franchise.
   b. The principal office or place of business.
   c. The starting points, routes, and termini of the proposed lines, accompanied with a map or plat showing such details.
   d. A general description of the public or private lands, highways, and streams over, across, or along which any proposed line will pass.
   e. General specifications as to materials and manner of construction.
   f. The maximum voltage to be carried over each line.
   g. Whether or not the exercise of the right of eminent domain will be used and, if so, a specific reference to the lands described in paragraph “d” which are sought to be subject thereto.
   h. An allegation that the proposed construction is necessary to serve a public use.

2. a. Petitions for transmission lines capable of operating at sixty-nine kilovolts or more and extending a distance of not less than one mile across privately owned real estate shall also set forth an allegation that the proposed construction represents a reasonable relationship to an overall plan of transmitting electricity in the public interest and substantiation of such allegations, including but not limited to, a showing of the following:

   (1) The relationship of the proposed project to present and future economic development of the area.
   (2) The relationship of the proposed project to comprehensive electric utility planning.
   (3) The relationship of the proposed project to the needs of the public presently served and future projections based on population trends.
   (4) The relationship of the proposed project to the existing electric utility system and parallel existing utility routes.
   (5) The relationship of the proposed project to any other power system planned for the future.
   (6) The possible use of alternative routes and methods of supply.
   (7) The relationship of the proposed project to the present and future land use and zoning ordinances.
   (8) The inconvenience or undue injury which may result to property owners as a result of the proposed project.

b. The utilities board may waive the proof required for such allegations which are not applicable to a particular proposed project.

c. The petition shall contain an affidavit stating that informational meetings were held in each county which the proposed project will affect and the time and place of each meeting.
3. For the purpose of this section, the term “public” shall not be interpreted to be limited to consumers located in this state.

[S13, §2120-n; C24, 27, 31, 35, 39, §8311; C46, 50, 54, 58, 62, 66, 71, 73, 75, §489.3; C77, 79, 81, §478.3]
Referred to in §478.1, 478.6A, 478.31

478.4 Franchise — hearing.

The utilities board shall consider the petition and any objections filed to it in the manner provided. It shall examine the proposed route or cause any engineer selected by it to do so. If a hearing is held on the petition it may hear testimony as may aid it in determining the propriety of granting the franchise. It may grant the franchise in whole or in part upon the terms, conditions, and restrictions, and with the modifications as to location and route as may seem to it just and proper. Before granting the franchise, the utilities board shall make a finding that the proposed line or lines are necessary to serve a public use and represents a reasonable relationship to an overall plan of transmitting electricity in the public interest. A franchise shall not become effective until the petitioners shall pay, or file an agreement to pay, all costs and expenses of the franchise proceeding, whether or not objections are filed, including costs of inspections or examinations of the route, hearing, salaries, publishing of notice, and any other expenses reasonably attributable to it. The funds received for the costs and the expenses of the franchise proceeding shall be remitted to the treasurer of state for deposit in the department of commerce revolving fund created in section 546.12 as provided in section 476.10.

Referred to in §476.10, 478.1, 478.6A, 478.13

478.5 Notice — objections filed.

Upon the filing of such petition, the utilities board shall cause a notice, addressed to the citizens of each county through which the proposed line or lines will extend, to be published in a newspaper located in each such county for two consecutive weeks. Said notice shall contain a general statement of the contents and purpose of the petition, a general description of the lands and highways to be traversed by the proposed line or lines, and shall state that any objections thereto must be filed in writing with the board not later than twenty days after the date of last publication of the notice. Any person, company, city or corporation whose rights may be affected, shall have the right to file written objections to the proposed improvement or to the granting of such franchise; such objections shall be filed with the board not later than twenty days after the date of last publication and shall state the grounds therefore. The board may allow objections to be filed later in which event the applicant must be given reasonable time to meet such late objections.

[S13, §2120-n; C24, 27, 31, 35, 39, §8312, 8313; C46, 50, 54, 58, 62, §489.4, 489.5; C66, 71, 73, 75, §489.5; C77, 79, 81, §478.5]
Referred to in §478.31

478.6 Taking under eminent domain.

1. Upon the filing of objections or when a petition involves the taking of property under the right of eminent domain, the utilities board shall set the matter for hearing and fix a time and place for the hearing. The hearing shall be not less than thirty days from the date of last publication and, where a new proposed transmission line exceeds one mile in length, shall be held in the county seat of the county located at the midpoint of the proposed electric transmission line. Written notice of the time and place of the hearing shall be served by the board, by ordinary mail, on the applicant, and those having filed objections. If no objections are filed and the petition does not involve the taking of property under the right of eminent domain, the board may grant a franchise without a hearing; however, the board may conduct a hearing if the board deems it necessary.
2. Where a petition seeks the use of the right of eminent domain over specific parcels of real property, the board shall prescribe the notice to be served upon the owners of record and parties in possession of the property over which the use of the right of eminent domain is sought. The notice shall include the statement of individual rights required pursuant to section 6B.2A, subsection 1.

3. When the board grants a franchise to any person, company, or corporation for the construction, erection, maintenance, and operation of transmission lines, wires, and cables for the transmission of electricity, such person, company, or corporation shall be vested with the power of condemnation to such extent as the board may approve and find necessary for public use.

478.6A Merchant line franchises — requirements — limitations.
1. For purposes of this section, “merchant line” means a high-voltage direct current electric transmission line which does not provide for the erection of electric substations at intervals of less than fifty miles, which substations are necessary to accommodate both the purchase and sale to persons located in this state of electricity generated or transmitted by the franchise.
2. Notwithstanding section 478.21, in addition to any other applicable requirements pursuant to this chapter, if a petition for a franchise to construct a merchant line that involves the taking of property under eminent domain is not approved by the board and a franchise granted within three years following the date the petition is filed with the board pursuant to section 478.3, the board shall reject the petition and make a record of the rejection. If the hearing on the petition conducted pursuant to section 478.4 has been held within the three-year period following the date the petition is filed, but the board has not completed its deliberations within that three-year period, the three-year period may be extended by the board to allow completion of deliberations. A petitioner shall not file a petition for the same or a similar project that has been rejected within sixty months following the date of rejection if the rejection was for failure to be approved within three years following the date the petition was filed as provided in this subsection.

Referred to in §6A.21
Section takes effect May 27, 2016, and applies to petitions filed on or after that date and to certain petitions filed on or after November 1, 2014; for nonapplicability of three-year approval period in subsection 2 to petitions filed prior to May 27, 2016, and to time limitations on actions of the Iowa utilities board, see 2016 Acts, ch 1129, §38, 39

478.7 Form of franchise.
The general counsel for the utilities board shall prepare a blank form of franchise, which shall provide space for a general description of the improvement authorized, the name and address of the person or corporation to whom granted, the general terms and conditions upon which the franchise is granted, and other things as necessary. This blank form shall be filled out and signed by the chairperson of the utilities board which grants the franchise, and the official seal shall be attached. The franchise is subject to regulations and restrictions as the general assembly prescribes, and to rules, not inconsistent with statutes, as the utilities board may establish.

478.8 Valuation of franchise.
No financial consideration shall be charged for such franchise. In fixing the value for rate-making purposes of the property of any person, company, or corporation owning it or operating under it no account shall be taken of, and no increased value shall be allowed
for, any such franchise, except that the reasonable cost to the petitioners of obtaining said franchise may be included in the cost of constructing said line.

478.9 Exclusive rights — duration of franchise.

No exclusive right shall ever be given by franchise or otherwise to any person, company, corporation or city to conduct electrical energy, or to place electric wires, along or over or across any public highway or public place or ground; and no franchise or privilege shall ever be granted for any such purpose for a longer period than twenty-five years.

[C24, 27, 31, 35, 39, §§8316; C46, 50, 54, 58, 62, §489.8; C66, 71, 73, 75, §489.9; C77, 79, 81, §478.9]

478.10 Franchise transferable — notice.

When any such electric transmission line or lines are sold and transferred either by voluntary or judicial sale, such transfer shall carry with it the franchise under which the said improvement is owned, maintained, or operated. If a transfer of such franchise is made before the improvement for which it was issued is constructed, in whole or in part, such transfer shall not be effective till the person, company, corporation to whom it was issued shall file in the office of the utilities board granting the franchise a notice in writing stating the date of such transfer and the name and address of the transferee.

[C24, 27, 31, 35, 39, §§8317; C46, 50, 54, 58, 62, §489.9; C66, 71, 73, 75, §489.10; C77, 79, 81, §478.10]

478.11 Record of franchises.

The utilities board shall keep a record of all such franchises granted and issued by it, when and to whom issued, with a general statement of the location, route, and termini of the transmission line or lines covered thereby. When any transfer of such franchise has been made as provided in this chapter, the board shall also make note upon its record of the date of such transfer and the name and address of the transferee.

[C24, 27, 31, 35, 39, §§8318; C46, 50, 54, 58, 62, §489.10; C66, 71, 73, 75, §489.11; C77, 79, 81, §478.11]

478.12 Acceptance of franchise.

Any person, company, or corporation obtaining a franchise as in this chapter provided, or owning or operating under one, shall be conclusively held to an acceptance of the provisions thereof and of all laws relating to the regulation, supervision, or control thereof which are now in force or which may be hereafter enacted, and to have consented to such reasonable regulation as the utilities board may, from time to time, prescribe. The provisions of this chapter shall apply equally to assignees as well as to original owners.

[S13, §2120-p; C24, 27, 31, 35, 39, §§8319; C46, 50, 54, 58, 62, §489.11; C66, 71, 73, 75, §489.12; C77, 79, 81, §478.12]

478.13 Extension of franchise — public notice.

1. Any person, firm, or corporation owning a franchise granted under this chapter or previously existing law may petition the utilities board for an extension of the franchise. The board shall adopt rules governing extension applications and proceedings with the intent that the extension applications and proceedings are less extensive than original applications and proceedings. Assessment of costs shall be as provided in section 478.4.

2. If the extension of franchise is sought for all lines in a given county or counties, the published notice need not contain a general description of the lands and highways traversed by the lines, but in lieu of containing such description the petitioner may offer to provide to any interested party, free of charge and within ten working days, a current, accurate map showing the location of the lines for which the franchise extension is sought. The public notice shall advise the citizens of the county or counties affected of the availability of such map. If this alternate procedure is not followed, the publication of the description of the lands
and highways traversed by the lines shall be done in the manner as in an original application for franchise.

3. An extension under this section shall be granted only for a valid, existing franchise, and the lands, roads, or streams covered by the franchise over, through, or upon which electric transmission lines have in fact been erected or constructed and are in use or operation at the time of the application for the extension of the franchise.

4. The application for the extension of the franchise shall be accompanied by the written consent of the applicant that the provisions of all laws relating to public utilities, franchises, and transmission lines, or to the regulation, supervision, or control thereof which are then in force or which may be thereafter enacted, shall apply to its existing line or lines, franchises, and rights as if the franchise had been granted, the lines had been constructed, or rights had been obtained under the provisions of this chapter.

5. An extension of a franchise is not required for an electric transmission line that has been permanently retired from operation at sixty-nine kilovolts or more but that remains in service at a lower voltage. The board shall be notified of changes in operating status.  

§478.15 Eminent domain — procedure — entering on land — reversion on nonuse.

1. Any person, company, or corporation having secured a franchise as provided in this chapter, shall thereupon be vested with the right of eminent domain to such extent as the utilities board may approve, prescribe and find to be necessary for public use, not exceeding one hundred feet in width for right-of-way and not exceeding one hundred sixty acres in any one location, in addition to right-of-way, for the location of electric substations to carry out the purposes of said franchise; provided however, that where two hundred K V lines or higher voltage lines are to be constructed, the person, company, or corporation may apply to the board for a wider right-of-way not to exceed two hundred feet, and the board may for good cause extend the width of such right-of-way for such lines to the person, company, or corporation applying for the same. The burden of proving the necessity for public use shall be on the person, company, or corporation seeking the franchise. A homestead site, cemetery, orchard, or schoolhouse location shall not be condemned for the purpose of erecting an electric substation. If agreement cannot be made with the private owner of lands as to damages caused by the construction of said transmission line, or electric substations,
the same proceedings shall be taken as provided for taking private property for works of internal improvement.

2. Any person, company, or corporation proposing to construct a transmission line or other facility which involves the taking of property under the right of eminent domain and desiring to enter upon the land, which it proposes to appropriate, for the purpose of examining or surveying the same, shall first file with the utilities board, a written statement under oath setting forth the proposed routing of the line or facility including a description of the lands to be crossed, the names and addresses of owners, together with request that a permit be issued by the board authorizing the person, company, or corporation or its duly appointed representative to enter upon the land for the purpose of examining and surveying and to take and use on the land any vehicle and surveying equipment necessary in making the survey. The board shall within ten days after the request issue a permit, accompanied by such bond in such amount as the board shall approve, to the person, company, or corporation making the application, if in the board’s opinion the application is made in good faith and not for the purpose of harassing the owner of the land. If the board is of the opinion that the application is not made in good faith or made for the purpose of harassment to the owner of the land the board shall set the matter for hearing. The matter shall be heard not more than twenty days after filing the application. Notice of the time and place of hearing shall be given by the board, to the owner of the land by registered mail with a return receipt requested, not less than ten days preceding the date of hearing.

3. Any person, company, or corporation that has obtained a permit in the manner prescribed in this section may enter upon the land or lands, as provided in this section, and shall be liable for actual damages sustained in connection with such entry. An action in damages shall be the exclusive remedy.

4. If an electric transmission line right-of-way, or any part thereof, is wholly abandoned for public utility purposes by the relocation of the transmission lines, is not used or operated for a period of five years, or if its construction has been commenced and work has ceased and has not in good faith been resumed for five years, the right-of-way shall revert to the person or persons who, at the time of the abandonment or reversion, are the owners of the tract from which the right-of-way was taken. Following such abandonment of right-of-way, the owner or holder of purported fee title to the real estate may serve notice upon the owner of the right-of-way easement, or the owner’s successor in interest, and upon any party in possession of the real estate, a written notice which shall accurately describe the real estate in question, set out the facts concerning ownership of the fee, ownership of the right-of-way easement, and the period of abandonment, and notify the parties that such reversion shall be complete and final, and that the easement or other right shall be forfeited, unless the parties shall, within one hundred twenty days after the completed service of notice, file an affidavit with the county recorder of the county in which the real estate is located disputing the facts contained in the notice.

5. The notice shall be served in the same manner as an original notice under the Iowa rules of civil procedure, except that when notice is served by publication no affidavit therefor shall be required before publication. If no affidavit disputing the facts contained in the notice is filed within one hundred twenty days, the party serving the notice may file for record in the office of the county recorder a copy of the notice with proofs of service attached thereto or endorsed thereon, and when so recorded, the record shall be constructive notice to all persons of the abandonment, reversion, and forfeiture of the right-of-way.

478.16 Electric transmission lines — federally registered planning authority transmission plans.

1. As used in this section, unless the context otherwise requires:
   a. “Electric transmission line” means a high-voltage electric transmission line with a
capacity of one hundred kilovolts or more and any associated electric transmission facility, including any substations or other equipment.

b. “Electric transmission owner” means an individual or entity who, as of July 1, 2020, owns and maintains an electric transmission line that is required for rate-regulated electric utilities, municipal electric utilities, and rural electric cooperatives in this state to provide electric service to the public for compensation.

c. “Incumbent electric transmission owner” means any of the following:

(1) A public utility or a municipally owned utility that owns, operates, and maintains an electric transmission line in this state.

(2) An electric cooperative corporation or association or municipally owned utility that owns an electric transmission facility in this state and has transferred over the functional control of such facility to a federally approved authority.

(3) An “electric transmission owner” as defined in paragraph “b”.

d. “Landowner” means the same as defined in section 478.2.

e. “Municipally owned utility” means a “city utility” as defined in section 362.2, or an “electric power agency” as defined in section 390.9 which is comprised solely of cities or solely of cities and other political subdivisions.

2. An incumbent electric transmission owner has the right to construct, own, and maintain an electric transmission line that has been approved for construction in a federally registered planning authority transmission plan and which connects to an electric transmission facility owned by the incumbent electric transmission owner. Where a proposed electric transmission line would connect to electric transmission facilities owned by two or more incumbent electric transmission owners, each incumbent electric transmission owner whose facility connects to the electric transmission line has the right to construct, own, and maintain the electric transmission line individually and equally. If an incumbent electric transmission owner declines to construct, own, and maintain its portion of an electric transmission line that would connect to electric transmission facilities owned by two or more incumbent electric transmission owners, then the other incumbent electric transmission owner or owners that own an electric transmission facility to which the electric transmission line connects has the right to construct, own, and maintain the electric transmission line individually.

3. If an electric transmission line has been approved for construction in a federally registered planning authority transmission plan, and the electric transmission line is not subject to a right of first refusal in accordance with the tariff of a federally registered planning authority, then within ninety days of approval for construction, an incumbent electric transmission owner, or owners if there is more than one owner, that owns a connecting electric transmission facility shall give written notice to the board regarding whether the incumbent electric transmission owner or owners intend to construct, own, and maintain the electric transmission line. If the incumbent electric transmission owner or owners give notice of intent to construct the electric transmission line, the board may determine whether another person may construct the electric transmission line.

4. For projects where an election to construct an electric transmission line has been made under this section, all of the following cost accountability measures shall apply:

a. Within thirty days after the issuance of a franchise pursuant to this chapter for the electric transmission line, the incumbent electric transmission owner or owners shall provide to the board an estimate of the cost to construct the electric transmission line.

b. Until construction of the electric transmission line is complete, the incumbent electric transmission owner or owners shall provide a quarterly report to the board, which shall include an updated estimate of the cost to construct the electric transmission line and an explanation of changes in the cost estimate from the prior cost estimate.

5. This section shall not modify the authority of the board under this chapter, the rights of landowners under this chapter, or the requirements, rights, and obligations relating to
§478.16, ELECTRIC TRANSMISSION LINES

V-1352

the construction, maintenance, and operation of electric transmission lines pursuant to this chapter.

6. This section shall not apply to an electric transmission line to be placed underground that has not been approved for construction in a federally registered planning authority transmission plan.

7. The board shall adopt rules pursuant to chapter 17A to administer this section.

§478.17 Access to lines — damages.
Individuals or corporations operating such transmission lines shall have reasonable access to the same for the purpose of constructing, reconstructing, enlarging, repairing; or locating the poles, wires, or construction and other devices used in or upon such line, but shall pay to the owner of such lands and of crops thereon all damages to said lands or crops caused by entering, using, and occupying said lands for said purposes. Nothing herein contained shall prevent the execution of an agreement between the person or company owning or operating such line and the owner of said land or crops with reference to the use thereof.

§478.18 Supervision of construction — location.
1. The utilities board shall have power of supervision over the construction of a transmission line and over its future operation and maintenance.

2. A transmission line shall be constructed near and parallel to roads, to the right-of-way of the railways of the state, or along the division lines of the lands, according to the government survey, wherever the same is practicable and reasonable, and so as not to interfere with the use by the public of the highways or streams of the state, nor unnecessarily interfere with the use of any lands by the occupant.

§478.19 Manner of construction.
1. Transmission lines shall be built of strong and proper wires attached to strong and sufficient supports properly insulated at all points of attachment; all wires, poles, and other devices which by ordinary wear or other causes are no longer safe shall be removed and replaced by new wires, poles, or other devices, as the case may be, and all abandoned wires, poles, or other devices shall be at once removed. Where wires carrying current are carried across, either above or below wires used for other service, the said transmission line shall be constructed in such manner as to eliminate, so far as practicable, damages to persons or property by reason of said crossing. There shall also be installed sufficient devices to automatically shut off electric current through said transmission line whenever connection is made whereby current is transmitted from the wires of said transmission line to the ground, and there shall also be provided a safe and modern improved device for the protection of said line against lightning. The utilities board shall have power to make and enforce such further and additional rules relating to location, construction, operation and maintenance of transmission lines as may be reasonable.

2. All transmission lines, wires or cables outside of cities for the transmission, distribution or sale of electric current at any voltage shall be constructed and maintained in accordance with standards adopted by rule by the utilities board.

478.20 Distance from buildings.
No transmission line shall be constructed, except by agreement, within one hundred feet of any dwelling house or other building, except where said line crosses or passes along a public highway or is located alongside or parallel with the right-of-way of any railway company. In addition to the foregoing, each person, company, or corporation shall conform to any other rules, regulations, or specifications established by the utilities board, in the construction, operation, or maintenance of such lines.

478.21 Nonuse — revocation of franchise — extensions of time.
1. If the improvement for which a franchise is granted is not constructed in whole or in part within two years from the date the franchise is granted, or within two years after final unappealable disposition of judicial review of a franchise order or of condemnation proceedings, the franchise shall be forfeited and the utilities board which granted the franchise shall revoke the franchise and make a record of the revocation, unless the person holding the franchise petitions the board for an extension of time.

2. Upon a showing of sufficient justification for the delay of construction, the board may grant one or more extensions of time for periods up to two years for each extension.

91 Acts, ch 112, §1

478.23 Prior franchises — legislative control.
Any such franchise heretofore granted under previously existing law shall not be abrogated by the provisions of this chapter, but all such franchises and all franchises granted under the provisions of this chapter shall be subject to further legislative control.

[C24, 27, 31, 35, 39, §8331; C46, 50, 54, 58, 62, §489.22; C66, 71, 73, 75, §489.23; C77, 79, 81, §478.23]

478.24 Violations.
Any person, company or corporation constructing or undertaking to construct or maintain any electric transmission line, without first procuring a franchise for such purpose in accordance with the provisions of this chapter, shall be guilty of a serious misdemeanor; and for violating any of the other provisions of this chapter relating to electric transmission lines or disobeying any order or rule made by the utilities board in relation thereto, shall be guilty of a simple misdemeanor.

[S13, §1527-d; C24, 27, 31, 35, 39, §8332; C46, 50, 54, 58, 62, §489.23; C66, 71, 73, 75, §489.24; C77, 79, 81, §478.24]

478.25 Wire crossing railroads — supervision.
The utilities board shall have general supervision over any and all wires whatsoever crossing under or over any railway track and shall make rules prescribing the manner in which such wires shall cross such track; but in no case shall the board prescribe a less height for any wire than twenty-two feet above the top of the rails of any railroad track.

[S13, §2120-d; C24, 27, 31, 35, 39, §8333; C46, 50, 54, 58, 62, §489.24; C66, 71, 73, 75, §489.25; C77, 79, 81, §478.25]
§478.26 Wires across railroad right-of-way at highways.
The utilities board shall prescribe the manner for the crossing of wires over and across railroad rights-of-way at highways and other places within the state.

[S13, §2120-i; C24, 27, 31, 35, 39, §8334; C46, 50, 54, 58, 62, §489.25; C66, 71, 73, 75, §489.26; C77, 79, 81, §478.26]

§478.27 Wires — how strung.
No corporation or person shall place or string any such wire for transmitting electric current or any wire whatsoever across any track of a railroad except in the manner prescribed by the utilities board.

[S13, §2120-f; C24, 27, 31, 35, 39, §8335; C46, 50, 54, 58, 62, §489.26; C66, 71, 73, 75, §489.27; C77, 79, 81, §478.27]

§478.28 Examination of existing wires.
The utilities board shall, either by personal examination or otherwise, obtain information where railroad tracks are crossed by wires contrary to, or not in compliance with, the rules prescribed by it. It shall order such change or changes to be made by the persons or corporations owning or operating such wires as may be necessary to make the same comply with said rules and within such reasonable time as it may prescribe.

[S13, §2120-g; C24, 27, 31, 35, 39, §8336; C46, 50, 54, 58, 62, §489.27; C66, 71, 73, 75, §489.28; C77, 79, 81, §478.28]

§478.29 Civil penalties.
1. A person who violates a provision of this chapter is subject to a civil penalty, which may be levied by the board, of not more than one hundred dollars per violation or one thousand dollars per day of a continuing violation, whichever is greater. Civil penalties collected pursuant to this section shall be forwarded by the chief operating officer of the board to the treasurer of state to be credited to the general fund of the state and appropriated to the division of community action agencies of the department of human rights for purposes of the low income home energy assistance program and the weatherization assistance program.

2. Any civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in compromise, the board shall consider the appropriateness of the penalty to the size of the business of the person charged, the gravity of the violation, and the good faith of the person charged in attempting to achieve compliance after notification of a violation.

[S13, §2120-j; C24, 27, 31, 35, 39, §8337; C46, 50, 54, 58, 62, §489.28; C66, 71, 73, 75, §489.29; C77, 79, 81, §478.29]

§478.30 Crossing highway.
Nothing in this chapter shall prevent any such individual or corporation having its high tension line on its own private right-of-way on both sides of any highway, from crossing such public highway under such rules and regulations as the utilities board may prescribe, and subject from time to time to legislative control as to duration and use.

[C24, 27, 31, 35, 39, §8338; C46, 50, 54, 58, 62, §489.29; C66, 71, 73, 75, §489.30; C77, 79, 81, §478.30]

§478.31 Temporary permits for lines less than one mile.
1. Notwithstanding the provisions of section 478.1, any person, company, or corporation proposing to construct an electric transmission line not exceeding one mile in length and which does not involve the taking of property under the right of eminent domain may obtain a temporary construction permit from the utilities board by proceeding in the manner set forth in this section. The person, company, or corporation shall first file with the board a verified petition setting forth the requirements of section 478.3, subsection 1, paragraphs “a” through “h”, with the further allegation that the petitioner is the nearest electric utility to the proposed point of service.
2. The petition shall also state that the filing thereof constitutes an application for a temporary construction permit and shall also have endorsed thereon the approval of the appropriate highway authority or railroad concerned if such line is to be constructed over, across, or along a public highway or railroad.

3. Upon receipt of the petition, the utilities board shall consider same and may grant a temporary construction permit in whole or in part or upon such terms, conditions and restrictions, and with such modifications as to location as may seem to it just and proper. A finding of public use shall not be made at the time of the issuance of the permit, but shall be made, if substantiated by petitioner, at the subsequent consideration of the propriety of granting a franchise for the line subject to the permit. The signature of one utilities board member on the permit shall be sufficient. The issuance of the permit shall constitute temporary authority for the permit holder to construct the line for which the permit is granted.

4. Upon the granting of such temporary construction permit, the utilities board shall cause the publication of notice required by section 478.5 and all other requirements shall be complied with as in the manner provided for the granting of a franchise. If a hearing is required, then the petitioner shall make a sufficient and proper showing thereat before a franchise will be issued for the line. Any franchise issued will be subject to all applicable provisions of this chapter.

5. Notwithstanding subsections 1 through 4, if the utilities board shall determine that a franchise should not be granted, or that further restrictions, conditions, or modifications are required, or if the petitioner shall fail to make a sufficient and proper showing of the necessity for the granting of a franchise within six months of the granting of the temporary construction permit, the permit issued hereunder shall become null and void and the permit holder may be required to take such action deemed necessary by the board to remove, modify, or relocate the construction undertaken by virtue of the temporary permit issued hereunder.

478.32 Rehearing — judicial review.
Any person, company, or corporation aggrieved by the action of the utilities board in granting or failing to grant a franchise under the provisions of this chapter, shall be entitled to the rehearing procedure provided in section 476.12. Judicial review of actions of the board may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A.

478.33 Cancellation.
A person seeking to acquire an easement or other property interest for the construction, maintenance or operation of an electric transmission line shall:

1. Allow the landowner or a person serving in a fiduciary capacity in the landowner’s behalf to cancel any agreement granting an easement or other interest by certified mail with return requested to the company’s principal place of business if received by the company within seven days, excluding Saturday and Sunday, of the date of the contract and inform the landowner or such fiduciary in writing of the right to cancel prior to the signing of the agreement by the landowner or such fiduciary.

2. Provide the landowner or a person serving in a fiduciary capacity in the landowner’s behalf with a form in duplicate for the notice of cancellation.

3. Not record any agreement until after the period for cancellation has expired.

4. Not include in the agreement any waiver of the right to cancel in accordance with this section. The landowner or a person serving in a fiduciary capacity in the landowner’s behalf may exercise the right of cancellation only once for each transmission line project.

[C81, §478.33]

CHAPTER 478A
GAS LAMPS

478A.7 Decorative gas lamps.

1. Commencing January 1, 1979 a person shall not sell or offer for sale in this state a decorative gas lamp manufactured after December 31, 1978.
2. As used in this section "decorative gas lamp" means a device installed for the purpose of producing illumination by burning natural, mixed or liquid petroleum gas and utilizing either a mantle or an open flame, but does not include portable camp lanterns or gas lamps.
3. Persons convicted of violating this section shall be guilty of a simple misdemeanor.
4. Notwithstanding subsection 1, commencing January 1, 1990, a person may sell or offer for sale in this state a decorative gas lamp manufactured after December 31, 1978, if the utilities board within the utilities division of the department of commerce determines, after notice and an opportunity for interested persons to comment at an oral presentation, that the sale or offer for sale of decorative gas lamps does not violate the public interest.

CHAPTER 479
PIPLINES AND UNDERGROUND GAS STORAGE

479.1 Purpose — applicability.
It is the purpose of the general assembly in enacting this law to confer upon the utilities board the power and authority to supervise the transportation or transmission of any solid, liquid, or gaseous substance, except water, within or through this state by pipeline, whether specifically mentioned in this chapter or not, and the power and authority to supervise the underground storage of gas, to protect the safety and welfare of the public in its use of public or private highways, grounds, waters, and streams of any kind in this state. However, this chapter does not apply to interstate natural gas or hazardous liquid pipelines, pipeline companies, and underground storage, as these terms are defined in chapters 479A and 479B.
[C35, §8338-l4; C39, §8338.22; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.1; C77, 79, 81, §479.1]
88 Acts, ch 1074, §27; 95 Acts, ch 192, §5

479.2 Definitions.
As used in this chapter:
1. “Board” means the utilities board within the utilities division of the department of commerce.
2. “Pipeline” means a pipe, pipes, or pipelines used for the transportation or transmission of a solid, liquid, or gaseous substance, except water, within or through this state. However, the term does not include interstate pipe, pipes, or pipelines used for the transportation or transmission of natural gas or hazardous liquids.
3. “Pipeline company” means a person engaged in or organized for the purpose of owning, operating, or controlling pipelines for the transportation or transmission of any solid, liquid, or gaseous substance, except water, within or through this state. However, the term does not include a person owning, operating, or controlling interstate pipelines for the transportation or transmission of natural gas or hazardous liquids.
479.2 PIPELINES AND UNDERGROUND GAS STORAGE

4.  “Underground storage” means storage of gas in a subsurface stratum or formation of the earth.

[C31, §8338-d1; C35, §8338-f15; C39, §8338.23; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.2; C77, 79, 81, §479.2]
88 Acts, ch 1074, §28; 95 Acts, ch 192, §6
Referred to in §352.6

479.3 Conditions attending operation.
No pipeline company shall construct, maintain or operate any pipeline or lines under, along, over or across any public or private highways, grounds, waters or streams of any kind in this state except in accordance with the provisions of this chapter.

[C31, §8338-d2; C35, §8338-f16; C39, §8338.24; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.3; C77, 79, 81, §479.3]

479.4 Dangerous construction — inspection.
1. The board is vested with power and authority and it shall be the board’s duty to supervise all pipelines and underground storage and pipeline companies and, from time to time, to inspect and examine the construction, maintenance, and condition of the pipelines and underground storage facilities. Whenever the board shall determine that any pipeline and underground storage facilities or any apparatus, device, or equipment used in connection therewith is unsafe and dangerous, the board shall immediately in writing notify the pipeline company which is constructing or operating the pipeline and underground storage facilities, device, apparatus, or other equipment to repair or replace any defective or unsafe part or portion of the pipeline and underground storage facilities, device, apparatus, or equipment.

2. All faulty construction, as determined by the inspector, shall be repaired immediately by the contractor operating for the pipeline company and the cost of such repairs shall be paid by the contractor. If such repairs are not made by the contractor, the board shall proceed to collect under the provisions of section 479.26.

[C31, §8338-d29; C35, §8338-f17; C39, §8338.25; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.4; C77, 79, 81, §479.4]
See also §479.29

479.5 Application for permit.
1. A pipeline company doing business in this state shall file with the board its verified petition asking for a permit to construct, maintain and operate its pipeline or lines along, over or across the public or private highways, grounds, waters and streams of any kind of this state. Any pipeline company now owning or operating a pipeline in this state shall be issued a permit by the board upon supplying the information as provided for in section 479.6.

2. A pipeline company doing business in this state and proposing to engage in underground storage of gas within this state shall file with the board its verified petition asking for a permit to construct, maintain and operate facilities for the underground storage of gas to include the construction, placement, maintenance and operation of machinery, appliances, fixtures, wells, pipelines, and stations necessary for the construction, maintenance and operation of the gas underground storage facilities.

3. a. A pipeline company shall hold informational meetings in each county in which real property or property rights will be affected at least thirty days prior to filing the petition for a new pipeline. A member of the board or a person designated by the board shall serve as the presiding officer at each meeting, shall present an agenda for the meeting which shall include a summary of the legal rights of the affected landowners, and shall distribute and review the statement of individual rights required under section 6B.2A. A formal record of the meeting shall not be required.

b. The meeting shall be held at a location reasonably accessible to all persons, companies, or corporations which may be affected by the granting of the permit.

4. a. The pipeline company seeking the permit for a new pipeline shall give notice of the informational meeting to each person determined to be a landowner affected by the proposed
project and each person in possession of or residing on the property. For the purposes of
the informational meeting, “landowner” means a person listed on the tax assessment rolls
as responsible for the payment of real estate taxes imposed on the property and “pipeline”
means a line transporting a solid, liquid, or gaseous substance, except water, under pressure
in excess of one hundred fifty pounds per square inch and extending a distance of not less
than five miles or having a future anticipated extension of an overall distance of five miles.

b. The notice shall set forth the name of the applicant; the applicant’s principal place
of business; the general description and purpose of the proposed project; the general
nature of the right-of-way desired; the possibility that the right-of-way may be acquired by
condemnation if approved by the utilities board; a map showing the route of the proposed
project; a description of the process used by the utilities board in making a decision on
whether to approve a permit including the right to take property by eminent domain; that
the landowner has a right to be present at such meeting and to file objections with the
board; and a designation of the time and place of the meeting. The notice shall be served
by certified mail with return receipt requested not less than thirty days previous to the time
set for the meeting, and shall be published once in a newspaper of general circulation in
the county. The publication shall be considered notice to landowners whose residence is not
known and to each person in possession of or residing on the property provided a good faith
effort to notify can be demonstrated by the pipeline company.

5. A pipeline company seeking rights under this chapter shall not negotiate or purchase
any easements or other interests in land in any county known to be affected by the proposed
project prior to the informational meeting.

[C31, §8338-d3; C35, §8338-f18; C39, §8338.26; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.5;

§109
Referred to in §6B.2A, 479.30

479.6 Petition.
Said petition shall state:
1. The name of the individual, firm, corporation, company, or association asking for said
permit.
2. The applicant’s principal office and place of business.
3. A legal description of the route of said proposed line or lines, together with a map
thereof.
4. A general description of the public or private highways, grounds and waters, streams
and private lands of any kind along, over or across which said proposed line or lines will pass.
5. The specifications of material and manner of construction.
6. The maximum and normal operating pressure under which it is proposed to transport
any solid, liquid, or gaseous substance, except water.
7. If permission is sought to construct, maintain and operate facilities for the underground
storage of gas said petition shall include the following information in addition to that stated
above:
a. A description of the public or private highways, grounds and waters, streams and
private lands of any kind under which such storage is proposed, together with a map thereof.
b. Maps showing the location of proposed machinery, appliances, fixtures, wells and
stations necessary for the construction, maintenance and operation of such gas underground
storage facilities.
8. The possible use of alternative routes.
9. The relationship of the proposed project to the present and future land use and zoning
ordinances.
10. The inconvenience or undue injury which may result to property owners as a result of
the proposed project.
11. By affidavit, that informational meetings were held in each county which the proposed project will affect and the time and place of each meeting.

[C31, §8338-d4; C35, §8338-f19; C39, §8338.27; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.6; C77, 79, 81, §479.6]
Referred to in §479.5, 479.23

479.7 Hearing — notice.
1. Upon the filing of the petition, the board shall fix a date for hearing on the petition and shall cause notice of hearing to be published in some newspaper of general circulation in each county through which the proposed line or lines or gas storage facilities will extend. The notice shall be published for two consecutive weeks.
2. Where a petition seeks the use of the right of eminent domain over specific parcels of real property, the board shall prescribe the notice to be served upon the owners of record and parties in possession of the property over which the use of the right of eminent domain is sought. The notice shall include the statement of individual rights required pursuant to section 6B.2A.

[C31, §8338-d5; C35, §8338-f20; C39, §8338.28; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.7; C77, 79, 81, §479.7]

479.8 Time and place.
The hearing shall not be less than ten days nor more than thirty days from the date of the last publication and where the proposed new pipeline would operate under pressure exceeding one hundred fifty pounds per square inch and exceed five miles in length, shall be held in the county seat of the county located at the midpoint of the proposed line or lines or the county in which the proposed gas storage facility would be located.

[C31, §8338-d6; C35, §8338-f21; C39, §8338.29; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.8; C77, 79, 81, §479.8; 81 Acts, ch 159, §10]

479.9 Objections.
Any person, corporation, company or city whose rights or interests may be affected by said pipeline or lines or gas storage facilities may file written objections to said proposed pipeline or lines or gas storage facilities or to the granting of said permit.

[C31, §8338-d7; C35, §8338-f22; C39, §8338.30; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.9; C77, 79, 81, §479.9]

479.10 Filing.
All such objections shall be on file in the office of said board not less than five days before the date of hearing on said application but said board may permit the filing of said objections later than five days before said hearing, in which event the applicant must be granted a reasonable time to meet said objections.

[C31, §8338-d8; C35, §8338-f23; C39, §8338.31; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.10; C77, 79, 81, §479.10]

479.11 Examination — testimony.
The said board may examine the proposed route of said pipeline or lines and location of said gas storage area, or may cause such examination to be made by an engineer selected by it. At said hearing the said board shall consider said petition and any objections filed thereto and may in its discretion hear such testimony as may aid it in determining the propriety of granting such permit.

[C31, §8338-d9; C35, §8338-f24; C39, §8338.32; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.11; C77, 79, 81, §479.11]

479.12 Final order — condition.
The board may grant a permit in whole or in part upon terms, conditions, and restrictions as to safety requirements and as to location and route as determined by it to be just and
proper. Before a permit is granted to a pipeline company, the board, after a public hearing as provided in this chapter, shall determine whether the services proposed to be rendered will promote the public convenience and necessity, and an affirmative finding to that effect is a condition precedent to the granting of a permit.

[C31, §8338-d10; C35, §8338-f25; C39, §8338.33; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.12; C77, 79, 81, §479.12]

88 Acts, ch 1074, §30
Referred to in §479.18

479.13 Costs and fees.
The applicant shall pay all costs of the informational meetings, hearing, and necessary preliminary investigation including the cost of publishing notice of hearing, and shall pay the actual unrecovered costs directly attributable to construction inspections conducted by the board or the board's designee.

[C31, §8338-d11, -d12; C35, §8338-f26; C39, §8338.34; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.13; C77, 79, 81, §479.13]

88 Acts, ch 1074, §31

479.14 Inspection fee.
The board may, in accordance with section 476.10, charge a pipeline company with an annual inspection fee that is directly attributable to the costs of conducting annual inspections pursuant to this chapter.

[C31, §8338-d13; C35, §8338-f27; C39, §8338.35; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.14; C77, 79, 81, §479.14]

88 Acts, ch 1074, §32; 2018 Acts, ch 1160, §25

479.15 Failure to pay.
It shall be the duty of the board to collect all inspection fees provided in this chapter, and failure to pay any such inspection fee within thirty days after the time the same shall become due shall be cause for revocation of the permit.

[C35, §8338-f28; C39, §8338.36; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.15; C77, 79, 81, §479.15]

479.16 Receipt of funds.
All moneys received under this chapter shall be remitted monthly to the treasurer of state and credited to the department of commerce revolving fund created in section 546.12 as provided in section 476.10.

[C31, §8338-d14; C35, §8338-f29, -f30; C39, §8338.37, §8338.38; C46, 50, 54, 58, 62, 66, 71, §490.16, 490.17; C73, 75, §490.17; C77, 79, 81, §479.16]

Referred to in §476.10

479.17 Rules.
The said board shall have full authority and power to promulgate such rules as it deems proper and expedient to insure the orderly conduct of the hearings herein provided for and also to prescribe rules for the enforcement of this chapter.

[C31, §8338-d15; C35, §8338-f31; C39, §8338.39; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.18; C77, 79, 81, §479.17]

479.18 Permit.
The board shall prepare and issue any permit granted in accordance with section 479.12. Said permit shall show the name and address of the pipeline company to which it is issued and identify by reference thereto the decision and order of the board under which said permit is issued. It shall be signed by the chairperson of the board and the official seal of the board shall be affixed thereto.

479.19 Limitation on grant.
No exclusive right shall ever be granted to any pipeline company to construct, maintain, and operate its pipeline or lines along, over or across any public highway, grounds or waters and no such permit shall ever be granted for a longer period than twenty-five years.

[C31, §8338-d17; C35, §8338-f33; C39, §8338.41; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.20; C77, 79, 81, §479.19]

479.20 Sale of permit.
No permit shall be sold until the sale is approved by the board.

[C35, §8338-f34; C39, §8338.42; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.21; C77, 79, 81, §479.20]

479.21 Transfer of permit.
If a transfer of such permit is made before the construction for which it was issued is completed in whole or in part such transfer shall not be effective until the person, company or corporation to whom it was issued shall file in the office of said board a notice in writing stating the date of such transfer and the name and address of said transferee.

[C31, §8338-d11; C35, §8338-f35; C39, §8338.43; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.22; C77, 79, 81, §479.21]

479.22 Records.
The board shall keep a record of all permits granted and issued by it, showing when and to whom issued and the location and route of said pipeline or lines or gas storage area covered thereby. When any transfer of such permit has been made as provided in this chapter the said board shall also note upon its record the date of such transfer and the name and address of such transferee.

479.24 Eminent domain.
1. A pipeline company granted a pipeline permit under this chapter shall be vested with the right of eminent domain* to the extent necessary and as prescribed and approved by the board, not exceeding seventy-five feet in width for right-of-way and not exceeding one acre in any one location in addition to right-of-way for the location of pumps, pressure apparatus, or other stations or equipment necessary to the proper operation of its pipeline. The board may grant additional eminent domain rights where the pipeline company has presented sufficient evidence to adequately demonstrate that a greater area is required for the proper construction, operation, and maintenance of the pipeline or for the location of pumps, pressure apparatus, or other stations or equipment necessary to the proper operation of its pipeline.

2. A pipeline company having secured a permit for underground storage of gas shall be vested with the right of eminent domain to the extent necessary and as prescribed and approved by the board in order to appropriate for its use for the underground storage of gas any subsurface stratum or formation in any land which the board shall have found to be suitable and in the public interest for the underground storage of gas, and may appropriate other interests in property, as may be required to adequately examine, prepare, maintain, and operate the underground gas storage facilities. This chapter does not authorize the construction of a pipeline longitudinally on, over, or under any railroad right-of-way or

479.25 Damages.

A pipeline company operating a pipeline or a gas storage area shall have reasonable access to the pipeline or gas storage area for the purpose of constructing, operating, maintaining, or locating pipes, pumps, pressure apparatus or other stations, wells, devices, or equipment used in or upon the pipeline or gas storage area; shall pay the owner of the land for the right of entry and the owner of crops for all damages caused by entering, using, or occupying the land; and shall pay to the owner all damages caused by the completion of construction of the pipeline due to wash or erosion of the soil at or along the location of the pipeline and due to the settling of the soil along and above the pipeline. However, this section shall not prevent the execution of an agreement between the pipeline company and the owner of land or crops with reference to the use of the land.

479.26 Financial condition of permittee — bond.

Before any permit is granted under this chapter the applicant must satisfy the board that the applicant has property within this state other than pipelines, subject to execution of a value in excess of two hundred fifty thousand dollars, or the applicant must file and maintain with the board a surety bond in the penal sum of two hundred fifty thousand dollars with surety approved by the board, conditioned that the applicant will pay any and all damages legally recovered against it growing out of the construction or operation of its pipeline and gas storage facilities in the state of Iowa. When the pipeline company deposits with the board security satisfactory to the board as a guaranty for the payment of the damages, or furnishes to the board satisfactory proofs of its solvency and financial ability to pay the damages, the pipeline company is relieved of the provisions requiring bond.

479.29 Land restoration.

1. The board shall, pursuant to chapter 17A, adopt rules establishing standards for the restoration of agricultural lands during and after pipeline construction. In addition to the requirements of section 17A.4, the board shall distribute copies of the notice of intended action and opportunity for oral presentations to each county board of supervisors. Any county board of supervisors may, under the provisions of chapter 17A, and subsequent to the rulemaking proceedings, petition under those provisions for additional rulemaking to establish standards for land restoration after pipeline construction within that county. Upon the request of the petitioning county, the board shall schedule a hearing to consider the merits of the petition. Rules adopted under this section shall not apply to land located within city boundaries unless the land is used for agricultural purposes. Rules adopted under this section shall address, but are not limited to, all of the following subject matters:

a. Topsoil separation and replacement.

b. Temporary and permanent repair to drain tile.

c. Removal of rocks and debris from the right-of-way.

d. Restoration of areas of soil compaction.

e. Restoration of terraces, waterways, and other erosion control structures.

f. Revegetation of tillled land.

g. Future installation of drain tile or soil conservation structures.

h. Restoration of land slope and contour.

i. Restoration of areas used for field entrances and temporary roads.

j. Construction in wet conditions.

k. Designation of a pipeline company point of contact for landowner inquiries or claims.

2. The county board of supervisors shall cause an on-site inspection for compliance with the standards adopted under this section to be performed at any pipeline construction project in the county. A professional engineer familiar with the standards adopted under this section and licensed under chapter 542B shall be responsible for the inspection. A county board of supervisors may contract for the services of a licensed professional engineer for the purposes of the inspection. The reasonable costs of the inspection shall be borne by the pipeline company.

3. If the inspector determines that there has been a violation of the standards adopted under this section, of the land restoration plan, or of an independent agreement on land restoration or line location executed in accordance with subsection 10, the inspector shall give oral notice, followed by written notice, to the pipeline company and the contractor operating for the pipeline company and order corrective action to be taken in compliance with the standards. The costs of the corrective action shall be borne by the contractor operating for the pipeline company.

4. An inspector shall adequately inspect underground improvements altered during construction of pipeline. An inspection shall be conducted at the time of the replacement or repair of the underground improvements. An inspector shall be present on the site at all times at each phase and separate activity of the opening of the trench, the restoration of underground improvements, and backfilling. The pipeline company and its contractor shall keep an inspector continually informed of the work schedule and any schedule changes. If proper notice is given, construction shall not be delayed due to an inspector’s failure to be present on the site.

5. If the pipeline company or its contractor does not comply with the requirements of this section, with the land restoration plan, or with an independent agreement on land restoration or line location executed in accordance with subsection 10, the county board of supervisors may petition the board for an order requiring corrective action to be taken. In addition, the
county board of supervisors may file a complaint with the board seeking imposition of civil penalties pursuant to section 479.31.

6. The pipeline company shall allow landowners and the inspector to view the proposed center line of the pipeline prior to commencing trenching operations to insure that construction takes place in its proper location.

7. An inspector may temporarily halt the construction if the construction is not in compliance with this chapter and the standards adopted pursuant to this chapter, the land restoration plan, or the terms of an independent agreement with the pipeline company regarding land restoration or line location executed in accordance with subsection 10, until the inspector consults with the supervisory personnel of the pipeline company.

8. The board shall instruct inspectors appointed by the board of supervisors regarding the content of the statutes and rules and the inspectors’ responsibility to require construction conforming with the standards provided by this chapter.

9. Petitioners for a permit for pipeline construction shall file with the petition a written land restoration plan showing how the requirements of this section, and of rules adopted pursuant to this section, will be met. The petitioners shall provide copies of the plan to all landowners of property that will be disturbed by the construction.

10. This section does not preclude the application of provisions for protecting or restoring property that are different than those prescribed in this section, in rules adopted pursuant to this section, or in the land restoration plan, if the alternative provisions are contained in agreements independently executed by the pipeline company and landowner, and if the alternative provisions are not inconsistent with state law or with rules adopted by the board. Independent agreements on land restoration or line location between the landowner and pipeline company shall be in writing and a copy provided to the county inspector.

11. For purposes of this section, “construction” includes the removal of a previously constructed pipeline.

12. The requirements of this section shall apply only to pipeline construction projects commenced on or after June 1, 1999.

479.30 Entry for land surveys.

After the informational meeting or after the filing of a petition if no informational meeting is required, a pipeline company may enter upon private land for the purpose of surveying and examining the land to determine the direction or depth of a pipeline by giving ten days’ written notice by restricted certified mail to the landowner as defined in section 479.5 and to any person residing on or in possession of the land. The entry for land surveys authorized in this section shall not be deemed a trespass and may be aided by injunction. The pipeline company shall pay the actual damages caused by the entry, survey, and examination.

479.31 Civil penalty.

1. A person who violates this chapter or any rule or order issued pursuant to this chapter shall be subject to a civil penalty levied by the board not to exceed one hundred thousand dollars for each violation. Each day that the violation continues shall constitute a separate offense. However, the maximum civil penalty shall not exceed one million dollars for any related series of violations. Civil penalties collected pursuant to this section shall be forwarded by the chief operating officer of the board to the treasurer of state to be credited to the general fund of the state and appropriated to the division of community action agencies of the department of human rights for purposes of the low income home energy assistance program and the weatherization assistance program.

2. Any civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in compromise, the appropriateness of the penalty to the size of the business of the person charged, the gravity of the violation, and the good faith of the
person charged in attempting to achieve compliance, after notification of a violation, shall be considered. The amount of the penalty, when finally determined, or the amount agreed upon in compromise, may be deducted from any sums owed by the state to the person charged, or may be recovered in a civil action.

479.34 Cancellation.
A person seeking to acquire an easement or other property interest for the construction, maintenance or operation of a pipeline shall:

1. Allow the landowner or a person serving in a fiduciary capacity in the landowner’s behalf to cancel an agreement granting an easement or other interest by certified mail with return requested to the company’s principal place of business if received by the company within seven days, excluding Saturday and Sunday, of the date of the contract and inform the landowner or such fiduciary in writing of the right to cancel prior to the signing of the agreement by the landowner or such fiduciary.

2. Provide the landowner or a person serving in a fiduciary capacity in the landowner’s behalf with a form in duplicate for the notice of cancellation.

3. Not record any agreement until after the period for cancellation has expired.

4. Not include in the agreement any waiver of the right to cancel in accordance with this section. The landowner or a person serving in a fiduciary capacity in the landowner’s behalf may exercise the right of cancellation only once for each pipeline project.

[C81, §479.34]

479.35 through 479.40 Reserved.

479.41 Arbitration agreements.

1. If an easement or other written agreement between a landowner and a pipeline company provides for the determination through arbitration of the amount of monetary damages sustained by a landowner and caused by the construction, maintenance, or repair of a pipeline, and if either party has not appointed its arbitrator or agreed to an arbitrator under the agreement within thirty days after the other party has invoked the arbitration provisions of the agreement by written notice to the other party by restricted certified mail, the landowner or the pipeline company may petition a judicial magistrate in the county where the real property is located for the appointment of an arbitrator to serve in the stead of the arbitrator who would have been appointed or agreed to by the other party. Before filing the petition the landowner or pipeline company shall give notice of the petitioning of the judicial magistrate by restricted certified mail to the other party and file proof of mailing
with the petition. If after hearing, the magistrate finds that the landowner or pipeline company has not been diligent in appointing or reasonable in agreeing to an arbitrator, the magistrate shall appoint an impartial arbitrator who shall have all of the powers and duties of an arbitrator appointed or agreed to by the other party under the agreement.

2. For purposes of this section only, “landowner” means the persons who signed the easement or other written agreement, their heirs, successors, and assigns.

95 Acts, ch 192, §15; 2018 Acts, ch 1041, §127

479.42 Subsequent pipelines.
1. A pipeline company shall not install a subsequent pipeline upon its existing easement when a damage claim from the installation of its previous pipeline on that easement has not been resolved, unless the damage claim is under litigation, arbitration, or a proceeding pursuant to section 479.46.
2. With the exception of claims for damage to drain tile and future crop deficiency, for this section to apply, landowners and tenants must submit in writing their claims for damages caused by installation of the pipeline within one year of final cleanup on the real property.

95 Acts, ch 192, §16; 2018 Acts, ch 1041, §127

479.43 Damage agreement.
A pipeline company shall not install a pipeline until there is a written statement on file with the board as to how damages resulting from the construction of the pipeline shall be determined and paid, except in cases of eminent domain. The company shall provide a copy of the statement to the landowner.

[81 Acts, ch 159, §2, 5]

479.44 Negotiated fee.
In lieu of a one-time lump sum payment for an easement or other property interest allowing a pipeline to cross the property, a landowner and the pipeline company may negotiate an annual fee, to be paid over a fixed number of years. Unless the easement provides otherwise, the annual fee shall run with the land and shall be payable to the owner of record.

[81 Acts, ch 159, §2, 6]

479.45 Particular damage claims.
1. Compensable losses shall include, but are not limited to, all of the following:
   a. Loss or reduced yield of crops or forage on the pipeline right-of-way, whether caused directly by construction or from disturbance of usual farm operations.
   b. Loss or reduced yield of crops or yield from land near the pipeline right-of-way resulting from lack of timely access to the land or other disturbance of usual farm operations, including interference with irrigation.
   c. Fertilizer, lime, or organic material applied by the landowner to restore land disturbed by construction to full productivity.
   d. Loss of or damage to trees of commercial or other value that occurs at the time of construction, restoration, or at the time of any subsequent work by the pipeline company.
   e. The cost of or losses in moving or relocating livestock, and the loss of gain by or the death or injury of livestock caused by the interruption or relocation of normal feeding.
   f. Erosion on lands attributable to pipeline construction.
   g. Damage to farm equipment caused by striking a pipeline, debris, or other material reasonably associated with pipeline construction while engaged in normal farming operations as defined in section 480.1.
2. A claim for damage for future crop deficiency within the easement strip shall not be precluded from renegotiation under section 68.52 on the grounds that it was apparent at the time of settlement unless the settlement expressly releases the pipeline company from claims
for damage to the productivity of the soil. The landowner shall notify the company in writing fourteen days prior to harvest in each year to assess crop deficiency.

§479.46 Determination of installation damages.
1. The county board of supervisors shall determine when installation of a pipeline has been completed in that county for the purposes of this section. Not less than ninety days after the completion of installation, and if an agreement cannot be made as to damages, a landowner whose land was affected by the installation of the pipeline or a pipeline company may file with the board of supervisors a petition asking that a compensation commission determine the damages arising from the installation of the pipeline.

2. a. If the board of supervisors by resolution approves the petition, the landowner or pipeline company shall commence the proceeding by filing an application with the chief judge of the judicial district of the county for the appointment of a compensation commission as provided in section 6B.4.

b. The application shall contain the following:

1. The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.

2. A description of the nature of the damage claimed to have occurred and the amount of the damage claimed.

3. The name and address of the pipeline company claimed to have caused the damage or the name and address of the affected landowner.

3. a. After the commissioners have been appointed, the applicant shall serve notice on the pipeline company or the landowner stating the following:

1. That a compensation commission has been appointed to determine the damages caused by the installation of the pipeline.

2. The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.

3. The date, time, and place when the commissioners will view the premises and proceed to appraise the damages and that the pipeline company or the landowner may appear before the commissioners.

b. If more than one landowner petitions the county board of supervisors, the application to the chief judge, notice to the pipeline company, and appraisement of damages shall be consolidated into one application, notice, and appraisement. The county attorney may assist in coordinating the consolidated application and notice, but does not become an attorney for the landowners by doing so.

4. The commissioners shall view the land at the time provided in the notice and assess the damages sustained by the landowner by reason of the installation of the pipeline and they shall file their report with the sheriff. The appraisement of damages returned by the commissioners is final unless appealed. After the appraisement of damages has been delivered to the sheriff by the compensation commission, the sheriff shall give written notice by ordinary mail to the pipeline company and the landowner of the date the appraisement of damages was made, the amount of the appraisement, and that any interested party may appeal to the district court within thirty days of the date of mailing. The sheriff shall endorse the date of mailing of notice on the original appraisement of damages. At the time of appeal, the appealing party shall give written notice to the adverse party or the party’s attorney and the sheriff.

5. Chapter 6B applies to this section to the extent it is applicable and consistent with this section.

6. The pipeline company shall pay all costs of the assessment made by the commissioners and reasonable attorney fees and costs incurred by the landowner as determined by the commissioners if the award of the commissioners exceeds one hundred ten percent of the final offer of the pipeline company prior to the determination of damages. The pipeline company shall file with the sheriff an affidavit setting forth the most recent offer made to the landowner. Commissioners shall receive a per diem of fifty dollars and actual and necessary
expenses incurred in the performance of their official duties. The pipeline company shall also pay all costs occasioned by the appeal, including reasonable attorney fees to be taxed by the court, unless on the trial of the appeal the same or a lesser amount of damages is awarded than was allowed by the commission from which the appeal was taken.

7. As used in this section, "damages" means compensation for damages to the land, crops, and other personal property caused by the construction activity of installing a pipeline and its attendant structures but does not include compensation for a property interest, and "landowner" includes a farm tenant.

8. The provisions of this section do not apply if the easement provides for any other means of negotiation or arbitration.

[81 Acts, ch 159, §2, 8]
Referred to in §479.42

479.47 Subsequent tiling.
All additional costs of new tile construction caused by an existing pipeline shall be paid by the pipeline company. To receive compensation under this section, the landowner or agent of the landowner shall either present an invoice specifying the additional costs caused by the presence of the pipeline which is accompanied by a written verification of the additional costs by the county engineer or soil and water conservation district conservationist or reach an agreement with the pipeline company on the project design and share of the cost to be paid by the pipeline company during the planning of the tiling project.

479.48 Reversion on nonuse.
1. If a pipeline right-of-way, or any part of a pipeline right-of-way, is wholly abandoned for pipeline purposes by the relocation of the pipeline, is not used or operated for a period of five consecutive years, or if the construction of the pipeline has been commenced and work has ceased and has not in good faith resumed for five years, the right-of-way may revert as provided in this section to the person who, at the time of the abandonment or nonuse, is the owner of the tract from which such right-of-way was taken. For purposes of this section, a pipeline or a pipeline right-of-way is not considered abandoned or unused if it is transporting product or is being actively maintained with reasonable anticipation of a future use.

2. To effect a reversion on nonuse of right-of-way, the owner or holder of purported fee title to such real estate shall serve notice upon the owner of such right-of-way easement and, if filed of record, successors in interest and upon any party in possession of the real estate. The written notice shall accurately describe the real estate and easement in question, set out the facts concerning ownership of the fee, ownership of the right-of-way easement, and the period of abandonment or nonuse, and notify the parties that such reversion shall be complete and final, and that the easement or other right shall be forfeited, unless the parties shall, within one hundred twenty days after the completed service of notice, file an affidavit with the county recorder of the county in which the real estate is located disputing the facts contained in the notice.

3. The notice shall be served in the same manner as an original notice under the Iowa rules of civil procedure, except that when notice is served by publication an affidavit shall not be required before publication. If an affidavit disputing the facts contained in the notice is not filed within one hundred twenty days, the party serving the notice may file for record in the office of the county recorder a copy of the notice with proofs of service attached and endorsed, and when so recorded, the record shall be constructive notice to all persons of the abandonment, reversion, and forfeiture of such right-of-way.

4. Upon reversion of the easement, the landowner may require the pipeline company to remove any pipe or pipeline facility remaining on the property. Provisions of this chapter relating to damages shall apply when the pipeline is removed.
5. Unless otherwise agreed to in writing by the landowner and the pipeline company, if a pipeline right-of-way is abandoned for pipeline use, but the pipe is not removed from the right-of-way, the pipeline company shall remain subject to section 479.49, shall remain responsible for the additional costs of subsequent tiling as provided for in section 479.47, shall mark the location of the line in response to a notice of proposed excavation in accordance with chapter 480, and shall remain subject to the damage provisions of this chapter in the event access to or excavation relating to the pipe is required. The landowner shall provide reasonable access to the pipeline in order to carry out the responsibilities of this subsection.

479A.49 Farmland improvements.
A landowner or contractor may require a representative of the pipeline company to be present on site, at no charge to the landowner, at all times during each phase and separate activity related to a farmland improvement within fifty feet of either side of a pipeline. If the pipeline company and the landowner or contractor constructing the farmland improvement mutually agree that a representative of the pipeline company is not required to be present, the requirements of this section are waived in relation to the farmland improvement which would have otherwise made the requirements of this section applicable. A farmland improvement includes, but is not limited to, the terracing of farmland and tiling.

CHAPTER 479A
INTERSTATE NATURAL GAS PIPELINES

Referred to in §6B.42, 474.1, 474.9, 479.1, 546.7

| 479A.1 Purpose. | 479A.8 Failure to pay — penalties.
| 479A.3 Conditions attending operation. | 479A.9 Deposit of funds.
| 479A.4 Construction inspection. | 479A.10 Damages.
| 479A.5 Notice prior to construction. | 479A.11 Federal inspection.
| 479A.6 Cost of construction inspection. | 479A.12
| Repealed by 2005 Acts, ch 32, §3. | 479A.13
| 479A.7 Annual inspection fee. | 479A.14

479A.1 Purpose.
It is the purpose of the general assembly in enacting this law to confer upon the utilities board the power and authority to act as an agent for the federal government in determining pipeline company compliance with the standards of the federal government for pipelines within the boundaries of the state.

88 Acts, ch 1074, §1; 2005 Acts, ch 32, §2

479A.2 Definitions.
As used in this chapter, unless the context requires otherwise:
1. “Board” means the utilities board within the utilities division of the department of commerce.
2. “Pipeline” means an interstate pipe, pipes, or pipelines used for the transportation or transmission of natural gas within or through this state.
3. “Pipeline company” means a person engaged in or organized for the purpose of owning, operating, or controlling pipelines.
4. “Underground storage” means the storage of natural gas in a subsurface stratum or formation of the earth by a pipeline company.

88 Acts, ch 1074, §2
Referred to in §437A.5

479A.4 Construction inspection.
The board shall supervise pipelines, pipeline companies, and underground storage, and shall inspect the construction, maintenance, and condition of pipelines and underground storage facilities in accordance with section 479A.18. When inspecting for safety standard compliance, the board shall apply only United States department of transportation safety standards.

88 Acts, ch 1074, §4

479A.7 Annual inspection fee.
A pipeline company shall pay an annual inspection fee of fifty cents per mile of pipeline or fraction thereof for each inch of diameter of the pipeline located in this state. The annual inspection fee shall be paid for the calendar year in advance between January 1 and February 1 of each year.

88 Acts, ch 1074, §7

479A.8 Failure to pay — penalties. Repealed by 2005 Acts, ch 32, §3.

479A.9 Deposit of funds.
Moneys received under this chapter shall be credited to the department of commerce revolving fund created in section 546.12 as provided in section 476.10.

88 Acts, ch 1074, §9; 94 Acts, ch 1107, §84; 99 Acts, ch 85, §10, 11; 2009 Acts, ch 181, §55
Referred to in §476.10

479A.11 Damages.
A pipeline company operating pipelines or underground storage shall be given reasonable access to the pipelines and storage areas for the purpose of constructing, operating, maintaining, or locating their pipes, pumps, pressure apparatus, or other stations, wells, devices, or equipment used in or upon a pipeline or storage area, but shall pay the owner of the lands for the right of entry and the owner of crops on the land all damages caused by entering, using, or occupying the lands for these purposes; and shall pay to the owner of the lands, after the completion of construction of the pipeline or storage, all damages caused by settling of the soil along and above the pipeline, and wash or erosion of the soil along the pipeline due to the construction of the pipeline. However, this section does not prevent the execution of an agreement with other terms between the pipeline company and the owner of the land or crops with reference to their use.

88 Acts, ch 1074, §11; 95 Acts, ch 192, §19

479A.12 through 479A.17 Repealed by 2005 Acts, ch 32, §3.

479A.18 Federal inspection.
The board may enter into agreements with and receive moneys from the United States department of transportation for the inspection of pipelines to determine compliance with
the applicable standards of pipeline safety as provided by Pub. L. No. 103-272, as codified in 49 U.S.C. §60101 – 60125.

CHAPTER 479B
HAZARDOUS LIQUID PIPELINES
AND STORAGE FACILITIES
Referred to in §6B.42, 306A.3, 474.1, 474.9, 479.1, 546.7

479B.1 Purpose — authority.
It is the purpose of the general assembly in enacting this law to grant the utilities board the authority to implement certain controls over hazardous liquid pipelines to protect landowners and tenants from environmental or economic damages which may result from the construction, operation, or maintenance of a hazardous liquid pipeline or underground storage facility within the state, to approve the location and route of hazardous liquid pipelines, and to grant rights of eminent domain where necessary.
95 Acts, ch 192, §28

479B.2 Definitions.
As used in this chapter, unless the context appears otherwise:
1. “Board” means the utilities board within the utilities division of the department of commerce.
3. “Pipeline” means an interstate pipe or pipeline and necessary appurtenances used for the transportation or transmission of hazardous liquids.
4. “Pipeline company” means a person engaged in or organized for the purpose of owning, operating, or controlling pipelines for the transportation or transmission of any hazardous liquid or underground storage facilities for the underground storage of any hazardous liquid.
5. “Underground storage” means storage of hazardous liquid in a subsurface stratum or formation of the earth.
6. "Utilities division" means the utilities division of the department of commerce.

95 Acts, ch 192, §29
Referred to in §214A.1

479B.3 Conditions attending operation.
A pipeline company shall not construct, maintain, or operate a pipeline or underground storage facility under, along, over, or across any public or private highways, grounds, waters, or streams of any kind in this state except in accordance with this chapter.

95 Acts, ch 192, §30

479B.4 Application for permit — informational meeting — notice.
1. A pipeline company doing business in this state shall file a verified petition with the board asking for a permit to construct, maintain, and operate a new pipeline along, over, or across the public or private highways, grounds, waters, and streams of any kind in this state. Any pipeline company now owning or operating a pipeline or underground storage facility in this state shall be issued a permit by the board upon supplying the information as provided for in section 479B.5, subsections 1 through 5, and meeting the requirements of section 479B.13.

2. A pipeline company doing business in this state and proposing to store hazardous liquid underground within this state shall file with the board a verified petition asking for a permit to construct, maintain, and operate facilities for the underground storage of hazardous liquid which includes the construction, placement, maintenance, and operation of machinery, appliances, fixtures, wells, pipelines, and stations necessary for the construction, maintenance, and operation of the underground storage facilities.

3. The pipeline company shall hold informational meetings in each county in which real property or property rights will be affected at least thirty days prior to filing the petition for a new pipeline. A member of the board, or a person designated by the board, shall serve as the presiding officer at each meeting and present an agenda for the meeting which shall include a summary of the legal rights of the affected landowners. No formal record of the meeting shall be required. The meeting shall be held at a location reasonably accessible to all persons who may be affected by granting the permit.

4. The pipeline company seeking the permit for a new pipeline shall give notice of the informational meeting to each landowner affected by the proposed project and each person in possession of or residing on the property. For the purposes of the informational meeting, "landowner" means a person listed on the tax assessment rolls as responsible for the payment of real estate taxes imposed on the property and "pipeline" means a line transporting a hazardous liquid under pressure in excess of one hundred fifty pounds per square inch and extending a distance of not less than five miles or having a future anticipated extension of an overall distance of five miles.

5. a. The notice shall set forth the following:
(1) The name of the applicant.
(2) The applicant’s principal place of business.
(3) The general description and purpose of the proposed project.
(4) The general nature of the right-of-way desired.
(5) A map showing the route or location of the proposed project.
(6) That the landowner has a right to be present at the meeting and to file objections with the board.
(7) A designation of the time and place of the meeting.

b. The notice shall be served by certified mail with return receipt requested not less than thirty days previous to the time set for the meeting, and shall be published once in a newspaper of general circulation in the county. The publication shall be considered notice to landowners whose residence is not known and to each person in possession of or residing on the property provided a good faith effort to notify can be demonstrated by the pipeline company.

6. A pipeline company seeking rights under this chapter shall not negotiate or purchase
§479B.4, HAZARDOUS LIQUID PIPELINES AND STORAGE FACILITIES

an easement or other interest in land in a county known to be affected by the proposed project prior to the informational meeting.

95 Acts, ch 192, §31; 2018 Acts, ch 1160, §28; 2019 Acts, ch 24, §68
Referred to in §479B.15

479B.5 Petition.
A petition for a permit shall state all of the following:
1. The name of the individual, firm, corporation, company, or association applying for the permit.
2. The applicant’s principal office and place of business.
3. A legal description of the route of the proposed pipeline and a map of the route.
4. A general description of the public or private highways, grounds, waters, streams, and private lands of any kind along, over, or across which the proposed pipeline will pass.
5. If permission is sought to construct, maintain, and operate facilities for the underground storage of hazardous liquids the petition shall include the following additional information:
   a. A description and a map of the public or private highways, grounds, waters, streams, and private lands of any kind under which the storage is proposed.
   b. Maps showing the location of proposed machinery, appliances, fixtures, wells, and stations necessary for the construction, maintenance, and operation of the hazardous liquid storage facilities.
6. The possible use of alternative routes.
7. The relationship of the proposed project to the present and future land use and zoning ordinances.
8. The inconvenience or undue injury which may result to property owners as a result of the proposed project.
9. An affidavit attesting to the fact that informational meetings were held in each county affected by the proposed project and the time and place of each meeting.

95 Acts, ch 192, §32
Referred to in §479B.4, 479B.14

479B.6 Hearing — notice.
1. After the petition is filed, the board shall fix a date for a hearing and shall publish notice for two consecutive weeks, in a newspaper of general circulation in each county through which the proposed pipeline or hazardous liquid storage facilities will extend.
2. The hearing shall not be less than ten days nor more than thirty days from the date of the last publication of the notice. If the pipeline exceeds five miles in length, the hearing shall be held in the county seat of the county located at the midpoint of the proposed pipeline or the county in which the proposed hazardous liquid storage facility would be located.

95 Acts, ch 192, §33; 2018 Acts, ch 1041, §127

479B.7 Objections.
1. A person, including a governmental entity, whose rights or interests may be affected by the proposed pipeline or hazardous liquid storage facilities may file written objections.
2. All objections shall be on file with the board not less than five days before the date of hearing on the application. However, the board may permit the filing of the objections later than five days before the hearing, in which event the applicant must be granted a reasonable time to meet the objections.

95 Acts, ch 192, §34; 2019 Acts, ch 24, §104

479B.8 Examination — testimony.
The board may examine the proposed route of the pipeline and location of the underground storage facility. At the hearing the board shall consider the petition and any objections and may hear testimony to assist the board in making its determination regarding the application.

95 Acts, ch 192, §35
479B.9 Final order — condition.
The board may grant a permit in whole or in part upon terms, conditions, and restrictions as to location and route as it determines to be just and proper. A permit shall not be granted to a pipeline company unless the board determines that the proposed services will promote the public convenience and necessity.
  
95 Acts, ch 192, §36

479B.10 Costs and fees.
The applicant shall pay all costs of the informational meetings, hearing, and necessary preliminary investigation including the cost of publishing notice of hearing, and shall pay the actual unrecovered costs directly attributable to inspections conducted by the board.
  
95 Acts, ch 192, §37

479B.11 Inspection fee.
1. If the board enters into agreements with the United States department of transportation pursuant to section 479B.23, a pipeline company shall pay an annual fee of fifty cents per mile of pipeline or fraction thereof for each inch of diameter of the pipeline located in the state. The inspection fee shall be paid to the board between January 1 and February 1 for the calendar year.
2. The board shall collect all fees. Failure to pay any fee within thirty days from the due date shall be grounds for revocation of the permit or assessment of civil penalties.
  
95 Acts, ch 192, §38; 2018 Acts, ch 1041, §127

479B.12 Use of funds.
All moneys received under this chapter, other than civil penalties collected pursuant to section 479B.21, shall be remitted monthly to the treasurer of state and credited to the department of commerce revolving fund created in section 479B.21.
  
95 Acts, ch 192, §39; 2009 Acts, ch 181, §56

479B.13 Financial condition of permittee — bond.
Before a permit is granted under this chapter the applicant must satisfy the board that the applicant has property within this state other than pipelines or underground storage facilities, subject to execution of a value in excess of two hundred fifty thousand dollars, or the applicant must file and maintain with the board a surety bond in the penal sum of two hundred fifty thousand dollars with surety approved by the board, conditioned that the applicant will pay any and all damages legally recovered against it growing out of the construction, maintenance, or operation of its pipeline or underground storage facilities in this state. When the pipeline company deposits with the board security satisfactory to the board as a guaranty for the payment of the damages, or furnishes to the board satisfactory proofs of its solvency and financial ability to pay the damages, the pipeline company is relieved of the provisions requiring bond.
  
95 Acts, ch 192, §40
Referred to in §479B.4, 479B.14

479B.14 Permits — limitations — sale or transfer — records — extension.
1. The board shall prepare and issue permits. The permit shall show the name and address of the pipeline company to which it is issued and identify the decision and order of the board under which the permit is issued. The permit shall be signed by the chairperson of the board and the official seal of the board shall be affixed to it.
2. The board shall not grant an exclusive right to any pipeline company to construct, maintain, or operate its pipeline along, over, or across any public or private highway, grounds, waters, or streams. The board shall not grant a permit for longer than twenty-five years.
3. A permit shall not be sold until the sale is approved by the board.
4. If a transfer of a permit is made before the construction for which it was issued is completed in whole or in part, the transfer shall not be effective until the pipeline company
to which it was issued files with the board a notice in writing stating the date of the transfer and the name and address of the transferee.

5. The board shall keep a record of all permits granted by it, showing when and to whom granted and the location and route of the pipeline or underground storage facility, and if the permit has been transferred, the date and the name and address of the transferee.

6. A pipeline company may petition the board for an extension of a permit granted under this section by filing a petition containing the information required by section 479B.5, subsections 1 through 5, and meeting the requirements of section 479B.13.

95 Acts, ch 192, §41; 2019 Acts, ch 24, §104

479B.15 Entry for land surveys.
After the informational meeting or after the filing of a petition if no informational meeting is required, a pipeline company may enter upon private land for the purpose of surveying and examining the land to determine direction or depth of pipelines by giving ten days’ written notice by restricted certified mail to the landowner as defined in section 479B.4 and to any person residing on or in possession of the land. The entry for land surveys shall not be deemed a trespass and may be aided by injunction. The pipeline company shall pay the actual damages caused by the entry, survey, and examination.

95 Acts, ch 192, §42

479B.16 Eminent domain.
1. A pipeline company granted a pipeline permit shall be vested with the right of eminent domain, to the extent necessary and as prescribed and approved by the board, not exceeding seventy-five feet in width for right-of-way and not exceeding one acre in any one location in addition to right-of-way for the location of pumps, pressure apparatus, or other stations or equipment necessary to the proper operation of its pipeline. The board may grant additional eminent domain rights where the pipeline company has presented sufficient evidence to adequately demonstrate that a greater area is required for the proper construction, operation, and maintenance of the pipeline or for the location of pumps, pressure apparatus, or other stations or equipment necessary to the proper operation of its pipeline.

2. A pipeline company granted a permit for underground storage of hazardous liquid shall be vested with the right of eminent domain to the extent necessary and as prescribed and approved by the board in order to appropriate for its use for the underground storage of hazardous liquid any subsurface stratum or formation in any land which the board shall have found to be suitable and in the public interest for the underground storage of hazardous liquid, and may appropriate other interests in property, as may be required adequately to examine, prepare, maintain, and operate the underground storage facilities.

3. This chapter does not authorize the construction of a pipeline longitudinally on, over, or under any railroad right-of-way or public highway, or at other than an approximate right angle to a railroad track or public highway without the consent of the railroad company, the state department of transportation, or the county board of supervisors, and this chapter does not authorize or give the right of condemnation or eminent domain for such purposes.

95 Acts, ch 192, §43; 2018 Acts, ch 1041, §127

479B.17 Damages.
A pipeline company operating a pipeline or an underground storage facility shall have reasonable access to the pipeline or underground storage facility for the purpose of constructing, operating, maintaining, or locating pipes, pumps, pressure apparatus, or other stations, wells, devices, or equipment used in or upon the pipeline or underground storage facility. A pipeline company shall pay the owner of the land for the right of entry and the owner of crops for all damages caused by entering, using, or occupying the lands and shall pay to the owner all damages caused by the completion of construction of the pipeline due to wash or erosion of the soil at or along the location of the pipeline and due to the settling of the soil along and above the pipeline. However, this section does not prevent the execution
of an agreement between the pipeline company and the owner of the land or crops with reference to the use of the land.
95 Acts, ch 192, §44, 62

479B.18 Venue.
In all cases arising under this chapter, the district court of any county in which property of a pipeline company is located has jurisdiction of a case involving the pipeline company.
95 Acts, ch 192, §45

479B.19 Orders — enforcement.
If the pipeline company fails to obey an order within the period of time determined by the board, the board may commence an equitable action in the district court of the county where the pipeline, device, apparatus, equipment, or underground storage facility is located to compel compliance with its order. If, after trial, the court finds that the order is reasonable, equitable, and just, the court shall decree a mandatory injunction compelling obedience to and compliance with the order and may grant other relief as may be just and proper. Appeal from the decree may be taken in the same manner as in other actions.
95 Acts, ch 192, §46

479B.20 Land restoration standards.
1. The board, pursuant to chapter 17A, shall adopt rules establishing standards for the restoration of agricultural lands during and after pipeline or underground storage facility construction. In addition to the requirements of section 17A.4, the board shall distribute copies of the notice of intended action and opportunity for oral presentations to each county board of supervisors. Any county board of supervisors may, under the provisions of chapter 17A, and subsequent to the rulemaking proceedings, petition under those provisions for additional rulemaking to establish standards for land restoration after pipeline construction within that county. Upon the request of the petitioning county, the board shall schedule a hearing to consider the merits of the petition. Rules adopted under this section shall not apply to land located within city boundaries unless the land is used for agricultural purposes. Rules adopted under this section shall address, but are not limited to, all of the following subject matters:
   a. Topsoil separation and replacement.
   b. Temporary and permanent repair to drain tile.
   c. Removal of rocks and debris from the right-of-way.
   d. Restoration of areas of soil compaction.
   e. Restoration of terraces, waterways, and other erosion control structures.
   f. Revegetation of untilled land.
   g. Future installation of drain tile or soil conservation structures.
   h. Restoration of land slope and contour.
   i. Restoration of areas used for field entrances and temporary roads.
   j. Construction in wet conditions.
   k. Designation of a pipeline company point of contact for landowner inquiries or claims.
2. The county board of supervisors shall cause an on-site inspection for compliance with the standards adopted under this section to be performed at any pipeline construction project in the county. A licensed professional engineer familiar with the standards adopted under this section and registered under chapter 542B shall be responsible for the inspection. A county board of supervisors may contract for the services of a licensed professional engineer for the purposes of the inspection. The reasonable costs of the inspection shall be paid by the pipeline company.
3. If the inspector determines that there has been a violation of the standards adopted under this section, of the land restoration plan, or of an independent agreement on land restoration or line location executed in accordance with subsection 10, the inspector shall give oral notice, followed by written notice, to the pipeline company and the contractor operating for the pipeline company and order corrective action to be taken in compliance with the
standards. The costs of the corrective action shall be borne by the contractor operating for the pipeline company.

4. An inspector shall adequately inspect underground improvements altered during construction of the pipeline. An inspection shall be conducted at the time of the replacement or repair of the underground improvements. An inspector shall be present on the site at all times at each phase and separate activity of the opening of the trench, the restoration of underground improvements, and backfilling. The pipeline company and its contractor shall keep an inspector continually informed of the work schedule and any schedule changes. If proper notice is given, construction shall not be delayed due to an inspector’s failure to be present on the site.

5. If the pipeline company or its contractor does not comply with the requirements of this section, with the land restoration plan or line location, or with an independent agreement on land restoration executed in accordance with subsection 10, the county board of supervisors may petition the board for an order requiring corrective action to be taken. In addition, the county board of supervisors may file a complaint with the board seeking imposition of civil penalties under section 479B.21.

6. The pipeline company shall allow landowners and the inspector to view the proposed center line of the pipeline prior to commencing trenching operations to ensure that construction takes place in its proper location.

7. An inspector may temporarily halt the construction if the construction is not in compliance with this chapter and the standards adopted pursuant to this chapter, the land restoration plan, or the terms of an independent agreement with the pipeline company regarding land restoration or line location executed in accordance with subsection 10, until the inspector consults with the supervisory personnel of the pipeline company.

8. The board shall instruct inspectors appointed by the board of supervisors regarding the content of the statutes and rules and the inspectors’ responsibility to require construction conforming with the standards provided by this chapter.

9. Petitioners for a permit for pipeline construction shall file with the petition a written land restoration plan showing how the requirements of this section, and of rules adopted pursuant to this section, will be met. The company shall provide copies of the plan to all landowners of property that will be disturbed by the construction.

10. This section does not preclude the application of provisions for protecting or restoring property that are different than those prescribed in this section, in rules adopted under this section, or in the land restoration plan, if the alternative provisions are contained in agreements independently executed by the pipeline company and the landowner, and if the alternative provisions are not inconsistent with state law or with rules adopted by the board. Independent agreements on land restoration or line location between the landowner and pipeline company shall be in writing and a copy provided to the county inspector.

11. For the purposes of this section, “construction” includes the removal of a previously constructed pipeline.

12. The requirements of this section shall apply only to pipeline construction projects commenced on or after June 1, 1999.

95 Acts, ch 192, §47; 99 Acts, ch 85, §7, 11

479B.21 Civil penalty.

1. A person who violates this chapter or any rule or order issued pursuant to this chapter shall be subject to a civil penalty levied by the board in an amount not to exceed one thousand dollars for each violation. Each day that the violation continues shall constitute a separate offense. However, the maximum civil penalty shall not exceed two hundred thousand dollars for any related series of violations. Civil penalties collected pursuant to this section shall be forwarded by the chief operating officer of the board to the treasurer of state to be credited to the general fund of the state and appropriated to the division of community action agencies of the department of human rights for purposes of the low income home energy assistance program and the weatherization assistance program.

2. A civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in compromise, the appropriateness of the penalty to the
size of the pipeline company charged, the gravity of the violation, and the good faith of the person charged in attempting to achieve compliance, after notification of a violation, shall be considered. The amount of the penalty, when finally determined, or the amount agreed upon in compromise, may be deducted from any sums owed by the state to the person charged, or may be recovered in a civil action.

Referral to in §479B.12, 479B.20

479B.22 Rehearing — judicial review.
Rehearing procedure for any person aggrieved by actions of the board under this chapter shall be as provided in section 476.12. Judicial review may be sought in accordance with the terms of chapter 17A.
95 Acts, ch 192, §49

479B.23 Authorized federal aid.
The board may enter into agreements with and receive moneys from the United States department of transportation for the inspection of pipelines to determine compliance with applicable standards of pipeline safety, and for enforcement of the applicable standards of pipeline safety as provided by 49 U.S.C. §60101 et seq.
95 Acts, ch 192, §50
Referral to in §479B.11

479B.24 Cancellation.
A pipeline company seeking to acquire an easement or other property interest for the construction, maintenance, or operation of a pipeline or underground storage facility shall do all of the following:
1. Allow the landowner or a person serving in a fiduciary capacity on the landowner’s behalf to cancel an agreement granting an easement or other interest by restricted certified mail to the pipeline company’s principal place of business if received by the pipeline company within seven days, excluding Saturday and Sunday, of the date of the agreement and inform the landowner or the fiduciary in writing of the right to cancel prior to the signing of the agreement by the landowner or the fiduciary.
2. Provide the landowner or a person serving in a fiduciary capacity in the landowner’s behalf with a form in duplicate for the notice of cancellation.
3. Not record an agreement until after the period for cancellation has expired.
4. Not include in the agreement a waiver of the right to cancel in accordance with this section. The landowner or a person serving in a fiduciary capacity in the landowner’s behalf may exercise the right of cancellation only once for each pipeline project.
95 Acts, ch 192, §51

479B.25 Arbitration agreements.
1. If an easement or other written agreement between a landowner and a pipeline company provides for the determination through arbitration of the amount of monetary damages sustained by a landowner and caused by the construction, maintenance, or repair of a pipeline or underground storage facility, and if either party has not appointed its arbitrator or agreed to an arbitrator under the agreement within thirty days after the other party has invoked the arbitration provisions of the agreement by written notice to the other party by restricted certified mail, the landowner or the pipeline company may petition a magistrate in the county where the real property is located for the appointment of an arbitrator to serve in the stead of the arbitrator who would have been appointed or agreed to by the other party. Before filing the petition the landowner or pipeline company shall give notice of the petitioning of the magistrate by restricted certified mail to the other party and file proof of mailing with the petition.
2. If after hearing, the magistrate finds that the landowner or pipeline company has not been diligent in appointing or reasonable in agreeing to an arbitrator, the magistrate shall appoint an impartial arbitrator who shall have all of the powers and duties of an arbitrator appointed or agreed to by the other party under the agreement.
§479B.25, HAZARDOUS LIQUID PIPELINES AND STORAGE FACILITIES

3. For purposes of this section only, “landowner” means the person who signed the easement or other written agreement, or the person’s heirs, successors, and assigns.
95 Acts, ch 192, §52, 62; 2018 Acts, ch 1041, §127

479B.26 Subsequent pipeline or underground storage facility.
1. A pipeline company shall not construct a subsequent pipeline or underground storage facility upon its existing easement when a damage claim from the installation of its previous pipeline on that easement has not been resolved unless that claim is under litigation or arbitration, or is the subject of a proceeding pursuant to section 479B.30.

2. With the exception of claims for damage to drain tile and future crop deficiency, for this section to apply, landowners and tenants must submit their claims in writing for damages caused by construction of the pipeline or underground storage facility within one year of final cleanup on the real property by the pipeline company.
95 Acts, ch 192, §53; 2018 Acts, ch 1041, §127

479B.27 Damage agreement.
A pipeline company shall not construct a pipeline or underground storage facility until a written statement is on file with the board as to how damages resulting from the construction of the pipeline shall be determined and paid, except in cases of eminent domain. The pipeline company shall provide a copy of the statement to the landowner.
95 Acts, ch 192, §54

479B.28 Negotiated fee.
In lieu of a one-time lump sum payment for an easement or other property interest allowing a pipeline to cross property or allowing underground storage of hazardous liquids, a landowner and the pipeline company may negotiate an annual fee, to be paid over a fixed number of years. Unless the easement provides otherwise, the annual fee shall run with the land and shall be payable to the owner of record.
95 Acts, ch 192, §55

479B.29 Particular damage claims.
1. Compensable losses shall include, but are not limited to, all of the following:

   a. Loss or reduced yield of crops or forage on the pipeline right-of-way, whether caused directly by construction or from disturbance of usual farm operations.

   b. Loss or reduced yield of crops or yield from land near the pipeline right-of-way resulting from lack of timely access to the land or other disturbance of usual farm operations, including interference with irrigation.

   c. Fertilizer, lime, or organic material applied by the landowner to restore land disturbed by construction to full productivity.

   d. Loss of or damage to trees of commercial or other value that occurs at the time of construction, restoration, or at the time of any subsequent work by the pipeline company.

   e. The cost of or losses in moving or relocating livestock, and the loss of gain by or the death or injury of livestock caused by the interruption or relocation of normal feeding.

   f. Erosion on lands attributable to pipeline construction.

   g. Damage to farm equipment caused by striking a pipeline, debris, or other material reasonably associated with pipeline construction while engaged in normal farming operations as defined in section 480.1.

2. A claim for damage for future crop deficiency within the easement strip shall not be precluded from renegotiation under section 6B.52 on the grounds that it was apparent at the time of settlement unless the settlement expressly releases the pipeline company from claims for damage to the productivity of the soil. The landowner shall notify the pipeline company in writing fourteen days prior to harvest in each year to assess crop deficiency.
95 Acts, ch 192, §56, 62; 99 Acts, ch 85, §8, 11

479B.30 Determination of construction damages.
1. The county board of supervisors shall determine when construction of a pipeline or
underground storage facility has been completed in that county for the purposes of this section. Not less than ninety days after the completion of construction and if an agreement cannot be made as to damages, a landowner whose land was affected by the construction of the pipeline or underground storage facility or the pipeline company may file with the board of supervisors a petition asking that a compensation commission determine the damages arising from construction of the pipeline.

2. If the board of supervisors by resolution approves the petition, the landowner or pipeline company shall commence the proceeding by filing an application with the chief judge of the judicial district for the county for the appointment of a compensation commission as provided in section 6B.4. The application shall contain all of the following information:
   a. The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.
   b. A description of the nature of the damage claimed to have occurred and the amount of the damage claimed.
   c. The name and address of the pipeline company claimed to have caused the damage or the name and address of the affected landowner.

3. a. After the commissioners have been appointed, the applicant shall serve notice on the pipeline company or the landowner stating all of the following:
   (1) That a compensation commission has been appointed to determine the damages caused by the construction of the pipeline or underground storage facility.
   (2) The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.
   (3) The date, time, and place when the commissioners will view the premises and proceed to appraise the damages and that the pipeline company or landowner may appear before the commissioners.

   b. If more than one landowner petitions the county board of supervisors, the application to the chief judge, notice to the pipeline company, and appraisement of damages shall be consolidated into one application, notice, and appraisement. The county attorney may assist in coordinating the consolidated application and notice, but does not become an attorney for the landowners by doing so.

4. The commissioners shall view the land at the time provided in the notice and assess the damages sustained by the landowner by reason of the construction of the pipeline or underground storage facility and they shall file their report with the sheriff. The appraisement of damages returned by the commissioners is final unless appealed. After the appraisement of damages has been delivered to the sheriff by the compensation commission, the sheriff shall give written notice by ordinary mail to the pipeline company and the landowner of the date the appraisement of damages was made, the amount of the appraisement, and that any interested party may appeal to the district court within thirty days of the date of mailing. The sheriff shall endorse the date of mailing of notice on the original appraisement of damages. At the time of appeal, the appealing party shall give written notice to the adverse party or the party’s attorney and the sheriff.

5. Chapter 6B applies to this section to the extent it is applicable and consistent with this section.

6. The pipeline company shall pay all costs of the assessment made by the commissioners and reasonable attorney fees and costs incurred by the landowner as determined by the commissioners if the award of the commissioners exceeds one hundred ten percent of the final offer of the pipeline company prior to the determination of damages. The pipeline company shall file with the sheriff an affidavit setting forth the most recent offer made to the landowner. Commissioners shall receive a per diem of fifty dollars and actual and necessary expenses incurred in the performance of their official duties. The pipeline company shall also pay all costs occasioned by the appeal, including reasonable attorney fees to be taxed by the court, unless on the trial of the appeal the same or a lesser amount of damages is awarded than was allowed by the commission from which the appeal was taken.

7. As used in this section, “damages” means compensation for damages to the land, crops, and other personal property caused by the construction of a pipeline and its attendant
structures or underground storage facility but does not include compensation for a property interest, and “landowner” includes a farm tenant.

8. The provisions of this section do not apply if the easement provides for any other means of negotiation or arbitration.

Referred to in §479B.26

479B.31 Subsequent tiling.
All additional costs of new tile construction caused by an existing pipeline or underground storage facility shall be paid by the pipeline company. To receive compensation under this section, the landowner or agent of the landowner shall either present an invoice specifying the additional costs caused by the presence of the pipeline which is accompanied by a written verification of the additional costs by the county engineer or soil and water conservation district conservationist or reach an agreement with the pipeline company on the project design and share of the cost to be paid by the pipeline company during the planning of the tiling project.

Referred to in §479B.32

479B.32 Reversion on nonuse.
1. If a pipeline right-of-way, or any part of the pipeline right-of-way, is wholly abandoned for pipeline purposes by the relocation of the pipeline, is not used or operated for a period of five consecutive years, or if the construction of the pipeline has been commenced and work has ceased and has not in good faith resumed for five years, the right-of-way may revert as provided in this section to the person who, at the time of the abandonment or nonuse, is the owner of the tract from which such right-of-way was taken. For purposes of this section, a pipeline or a pipeline right-of-way is not considered abandoned or unused if it is transporting product or is being actively maintained with reasonable anticipation of a future use.

2. To effect a reversion on nonuse of right-of-way, the owner or holder of purported fee title to such real estate shall serve notice upon the owner of such right-of-way easement and, if filed of record, successors in interest and upon any party in possession of the real estate. The written notice shall accurately describe the real estate and easement in question, set out the facts concerning ownership of the fee, ownership of the right-of-way easement, and the period of abandonment or nonuse, and notify the parties that such reversion shall be complete and final, and that the easement or other right shall be forfeited, unless the parties shall, within one hundred twenty days after the completed service of notice, file an affidavit with the county recorder of the county in which the real estate is located disputing the facts contained in the notice.

3. The notice shall be served in the same manner as an original notice under the Iowa rules of civil procedure, except that when notice is served by publication an affidavit shall not be required before publication. If an affidavit disputing the facts contained in the notice is not filed within one hundred twenty days, the party serving the notice may file for record in the office of the county recorder a copy of the notice with proofs of service attached and endorsed, and when so recorded, the record shall be constructive notice to all persons of the abandonment, reversion, and forfeiture of such right-of-way.

4. Upon reversion of the easement, the landowner may require the pipeline company to remove any pipe or pipeline facility remaining on the property. Provisions of this chapter relating to damages shall apply when the pipeline is removed.

5. Unless otherwise agreed to in writing by the landowner and the pipeline company, if a pipeline right-of-way is abandoned for pipeline use, but the pipe is not removed from the right-of-way, the pipeline company shall remain subject to section 479B.33, shall remain responsible for the additional costs of subsequent tiling as provided for in section 479B.31, shall mark the location of the line in response to a notice of proposed excavation in accordance with chapter 480, and shall remain subject to the damage provisions of this chapter in the event access to or excavation relating to the pipe is required. The landowner
shall provide reasonable access to the pipeline in order to carry out the responsibilities of this subsection.

Service of original notice, R.C.P. 1.302 – 1.315

479B.33 Farmland improvements.
A landowner or contractor may require a representative of the pipeline company to be present on site, at no charge to the landowner, at all times during each phase and separate activity related to a farmland improvement within fifty feet of either side of a pipeline. If the pipeline company and the landowner or contractor constructing the farmland improvement mutually agree that a representative of the pipeline company is not required to be present, the requirements of this section are waived in relation to the farmland improvement which would have otherwise made the requirements of this section applicable. A farmland improvement includes, but is not limited to, the terracing of farmland and tiling.

CHAPTER 480
UNDERGROUND FACILITIES INFORMATION
Referred to in §68A.406, 479.48, 479B.32

480.1 Definitions.
1. “Board” means the board of directors of the notification center.
2. “Damage” means any impact with, destruction, impairment, or penetration of, or removal of support from an underground facility, including damage to its protective coating, housing, or device.
3. “Emergency” means a condition where there is clear and immediate danger to life or health, or essential services, or a potentially significant loss of property.
4. a. “Excavation” means an operation in which a structure or earth, rock, or other material in or on the ground is moved, removed, or compressed, or otherwise displaced by means of any tools, equipment, or explosives and includes but is not limited to grading, trenching, tiling, digging, ditching, drilling, augering, tunneling, scraping, cable or pipe plowing, driving, and demolition of structures.
   b. “Excavation” does not include normal farming operations, residential, commercial, or similar gardening, the opening of a grave site in a cemetery, normal activities involved in land surveying pursuant to chapter 542B, operations in a solid waste disposal site which has planned for underground facilities, the replacement of an existing traffic sign at its current location and at no more than its current depth, and normal road or highway maintenance which does not change the original grade of the roadway or the ditch.
5. “Excavator” means a person proposing to engage or engaging in excavation.
6. “Normal farming operations” means plowing, cultivation, planting, harvesting, and similar operations routine to most farms, but excludes chisel plowing, sub-soiling, or ripping more than fifteen inches in depth, drain tile excavating, terracing, digging or driving a post
in a new location other than replacing a post while repairing a fence in its existing location, and similar operations.

7. “Notification center” means the statewide notification center established in section 480.3.

8. “Operator” means a person owning or operating an underground facility including but not limited to public, private, and municipal utilities. An operator does not include a person who owns or otherwise lawfully occupies real property where an underground facility is located only for the use and benefit of the owner or occupant on the property.

9. “Person” means a person as defined in section 4.1, subsection 20.

10. “Underground facility” means an item of personal property owned or leased by the operator which is buried or placed below ground for use in connection with the storage or conveyance of, or the provision of services supplying water, sewage, electronic, telephonic, or telegraphic communications, electric energy, hazardous liquids, or petroleum products including natural gas or other substances, and includes but is not limited to pipes, sewers, conduits, cables, valves, lines, wires, manholes, and attachments to such property but does not include sanitary sewer laterals, storm sewer laterals, and water service lines providing service to abutting private properties.

480.1A Applicability — prohibition.
This chapter applies to any excavation unless otherwise provided by law. A person shall not engage in any excavation unless the requirements of this chapter have been satisfied.
92 Acts, ch 1103, §2

480.2 Public deposit of location information. Repealed by 92 Acts, ch 1103, §11, 12.

480.3 Notification center established — participation.
1. a. A statewide notification center is established and shall be organized as a nonprofit corporation pursuant to chapter 504.

(1) The center shall be governed by a board of directors which shall represent and be elected by operators, excavators, and other persons who participate in the center. The board, with input from all interested parties, shall determine the operating procedures and technology needed for a single statewide notification center and establish a notification process.

(2) In addition, the board shall either establish a competitive bidding procedure to select a vendor to provide the notification service or retain sufficient and necessary staff to provide the notification service.

(a) If a vendor is selected, the vendor contract shall be for a three-year period, which may be extended upon the approval of the board for a period not exceeding an additional three years. The terms of the vendor contract may be modified from time to time by the board and the vendor. The contract shall be reviewed, with an opportunity to receive new bids, at the end of the term of the contract.

(b) If the board retains staff to provide the notification service, the board, at the board’s discretion, may review the notification service at any time and make a determination to use the competitive bidding procedure to select a vendor.

b. Upon the selection of a vendor pursuant to paragraph “a”, the board shall notify the chairperson of the utilities board in writing of the selection. The board shall submit an annual report to the chairperson of the utilities board including an annual audit and review of the services provided by the notification center and the vendor.

c. The board is subject to chapters 21 and 22.

2. The board shall implement the latest and most cost-effective technological improvements for the center in order to provide operators and excavators with the most accurate data available and in a timely manner to allow operators and excavators to perform their responsibilities with the minimum amount of interruptions.

3. Every operator shall participate in and share in the costs of the notification center. The
financial condition and the transactions of the notification center shall be audited at least once each year by a certified public accountant. The notification center shall not provide any form of aid or make a contribution to a political party or to the campaign of a candidate for political or public office. In addition to any applicable civil penalty, as provided in section 480.6, a violation of this section constitutes a simple misdemeanor.

Referred to in §423.3, 490.1

480.4 Required notice — location and marking of underground facilities — exception.

1. a. Except as otherwise provided in this section, prior to any excavation, an excavator shall contact the notification center and provide notice of the planned excavation. This notice must be given at least forty-eight hours prior to the commencement of the excavation, excluding Saturdays, Sundays, and legal holidays. Notices received after 5:00 p.m. shall be processed as if received at 8:00 a.m. the next business day. The notice shall be valid for twenty calendar days from the date the notice was provided to the notification center. If all locating and marking of underground facilities is completed prior to the expiration of the forty-eight-hour period, the excavator may proceed with excavation upon being notified by the notification center that the locating and marking of all underground facilities is complete. The notification center shall establish a toll-free telephone number to allow excavators to provide the notice required pursuant to this subsection.

b. A notice provided pursuant to this subsection for a location within a city shall include the following information:

   (1) A street address or block and lot numbers, or both, of the proposed area of excavation.
   (2) The name and address of the excavator.
   (3) The excavator's telephone number.
   (4) The type and extent of the proposed excavation.
   (5) Whether the discharge of explosives is anticipated.
   (6) The date and time when excavation is scheduled to begin.
   (7) Approximate location of the excavation on the property.
   (8) If known, the name of the housing development and property owner.

c. A notice provided pursuant to this subsection for a location outside a city shall include the following information:

   (1) The name of the county, township, range, and section.
   (2) The name and address of the excavator.
   (3) The excavator's telephone number.
   (4) The type and extent of the proposed excavation.
   (5) Whether the discharge of explosives is anticipated.
   (6) The date and time when excavation is scheduled to begin.
   (7) Approximate location of the excavation on the property.
   (8) If known, the quarter section, 911 address and global positioning system coordinate, name of property owner, name of housing development with street address or block and lot numbers, or both.

d. For purposes of the requirements of this section, an excavation commences the first time excavation occurs in an area that was not previously identified by the excavator in an excavation notice.

e. At the time of giving notice to the notification center pursuant to this subsection, an excavator shall use white paint, white flags, white stakes, or a combination thereof, to mark the proposed area of excavation, unless one of the following applies:

   (1) The precise location, direction, size, and length of the proposed excavation area can be clearly and adequately defined and described during the call to the notification center or during an onsite preconstruction meeting.
   (2) Electronic means of white-lining is supported by the notification center and used by the excavator.
   (3) Physical premarking can be shown to be impractical.

2. The notification center, upon receiving notice from an excavator, shall immediately
transmit the information contained in the notice to each operator in the area of the proposed excavation and provide the names of all operators in that area to the excavator. The notification center shall assign an inquiry identification number to each notice and shall maintain a record of each notice for at least six years from the date the notice is received. The notification center shall not assess an operator who requests in writing not to receive a notification of its own excavations for any portion of the costs associated with such excavations.

3. a. (1) An operator who receives notice from the notification center shall mark the horizontal location of the operator’s underground facility and the excavator shall use due care in excavating in the marked area to avoid damaging the underground facility. The operator shall complete such locating and marking, and shall notify the notification center that the marking is complete within forty-eight hours after receiving the notice, excluding Saturdays, Sundays, and legal holidays, unless otherwise agreed by the operator and the excavator. No later than the expiration of the forty-eight-hour period, excluding Saturdays, Sundays, and legal holidays, the notification center shall notify the excavator of the underground facility locating and marking status, or the failure of the operator to notify the center that the locating and marking is complete. The locating and marking of the underground facilities shall be completed at no cost to the excavator. If, in the opinion of the operator, the planned excavation requires that the precise location of the underground facilities be determined, the excavator, unless otherwise agreed upon between the excavator and the operator, shall hand dig test holes to determine the location of the facilities unless the operator specifies an alternate method.

(2) The marking required under this subsection shall be done in a manner that will last for a minimum of five working days on any nonpermanent surface, or a minimum of ten working days on any permanent surface. If the excavation will continue for any period longer than such periods, the operator shall remark the location of the underground facility upon the request of the excavator. The request shall be made through the notification center.

(3) Unless otherwise agreed by the operator and excavator in writing, no excavation shall be performed within twenty-five feet of an underground natural gas transmission line as defined in 49 C.F.R. §192.3 unless a representative of the operator of the underground natural gas transmission line is present at the planned excavation area. This requirement shall not apply, however, when a representative of the operator fails to be present at the proposed excavation area at the time work is scheduled to commence or as otherwise agreed by the operator and excavator in writing. In this event, the excavator shall notify the operator that the representative failed to appear, and excavation operations can begin, provided the excavator uses due care to avoid damaging the underground facilities.

b. An operator who receives notice from the notification center and who determines that the operator does not have any underground facility located within the proposed area of excavation shall notify the notification center concerning this determination within forty-eight hours after receiving the notice, excluding Saturdays, Sundays, and legal holidays. No later than the expiration of the forty-eight-hour period, excluding Saturdays, Sundays, and legal holidays, the notification center shall notify the excavator that the operator does not have any underground facilities within the proposed area of excavation.

c. For purposes of this chapter, the “horizontal location of any underground facility” is defined as including an area eighteen inches on either side of the underground facility.

d. For the purposes of this chapter, notifications provided to the excavator by the operator or by the notification center shall be provided in a consistent manner to be established by the board.

4. An excavator is responsible for preserving the markings required in subsection 3 at all times during the excavation. If the markings will be destroyed or otherwise altered during the excavation, the excavator must establish suitable reference points which will enable the excavator to locate the underground facility at all times during the excavation.

5. The operator shall mark the location of any underground facility to conform with the uniform color code established by the American public works association’s utility location and coordination council.

6. The only exception to this section shall be when an emergency exists. Under such
conditions, excavation operations can begin immediately, provided reasonable precautions are taken to protect the underground facilities. The excavator shall notify the notification center of the excavation as soon as practical.

480.5 Damage to underground facility — report to operator.

1. An excavator shall as soon as practical notify the operator when any damage occurs to an underground facility as a result of an excavation. The notice shall include the type of facility damaged and the extent of the damage. If damage occurs, an excavator shall refrain from backfilling in the immediate area of the underground facilities until the damage has been investigated by the operator, unless the operator authorizes otherwise.

2. If the damage results in an emergency, the excavator shall take all reasonable actions to alleviate the emergency including but not limited to the evacuation of the affected area. The excavator shall leave all equipment situated where the equipment was at the time the emergency was created and immediately contact the operator and appropriate authorities and necessary emergency response agencies.

92 Acts, ch 1103, §5; 2019 Acts, ch 24, §104

480.6 Civil penalties.

1. A person who violates a provision of this chapter is subject to a civil penalty as follows:
   a. For a violation related to natural gas and hazardous liquid pipelines, an amount not to exceed ten thousand dollars for each violation for each day the violation continues, up to a maximum of five hundred thousand dollars.
   b. For a violation related to any other underground facility, an amount not to exceed one thousand dollars for each violation for each day the violation continues, up to a maximum of twenty thousand dollars.

2. The attorney general, upon the receipt of a complaint, may institute any legal proceedings necessary to enforce the penalty provisions of this chapter.

3. All amounts collected pursuant to this section shall be remitted to the treasurer of state, who shall deposit the amount in the general fund of the state.

92 Acts, ch 1103, §6
Referred to in §480.3

480.7 Injunction.

Any affected person may make application to the district court for injunctive relief from any violation of this chapter.

92 Acts, ch 1103, §7

480.8 Local ordinances and regulations unaffected.

This chapter does not affect or impair any local ordinances or other provisions of law requiring permits to be obtained before excavation. However, a permit issued by any governing body does not relieve the excavator from complying with the requirements of this chapter, unless the governing body is the excavator and the governing body and the operator have agreed in writing to waive notification under this chapter. However, such an agreement shall not be considered in the issuance of any required permit.

92 Acts, ch 1103, §8

480.9 Liability for owner of farmland.

An owner of farmland used in a farm operation, as defined in section 352.2, who complies with the requirements of this chapter shall not be held responsible for any damages to an underground facility, including fiberoptic cable, if the damage occurred on the farmland in the normal course of the farm operation, unless the owner intentionally damaged the underground facility or acted with wanton disregard or recklessness in causing the damage
to the underground facility. For purposes of this section, an “owner” includes a family member, employee, or tenant of the owner.

95 Acts, ch 192, §59

480.10 Communications not precluded.
This chapter shall not be interpreted to preclude an excavator, an operator, or the notification center from having or engaging in communications in addition to the notification requirements specified in this chapter.

2014 Acts, ch 1047, §7

CHAPTER 480A
PUBLIC UTILITIES IN PUBLIC RIGHTS-OF-WAY

Referred to in §8C.7A, 476.6

480A.1 Purpose.
The general assembly finds that it is in the public interest to define the right of local governments to charge public utilities for the location and operation of public utility facilities in local government rights-of-way.

98 Acts, ch 1148, §3, 9

480A.2 Definitions.
As used in this chapter, unless the context otherwise requires:

1. “Local government” means a county, city, township, school district, or any special-purpose district or authority.
2. “Management costs” means the reasonable, direct, and fully documented costs a local government actually incurs to manage public rights-of-way.
3. “Public right-of-way” means the area on, below, or above a public roadway, highway, street, bridge, cartway, bicycle lane, or public sidewalk in which the local government has an interest, including other dedicated rights-of-way for travel purposes and utility easements. A public right-of-way does not include the airwaves above a public right-of-way with regard to cellular or other nonwire telecommunications or broadcasts service or utility poles owned by a local government or a municipal utility.
4. “Public utility” means a person owning or operating a facility used for furnishing natural gas by piped distribution system, electricity, communications services not including cable television systems, or water by piped distribution system, to the public for compensation.

98 Acts, ch 1148, §4, 9; 2019 Acts, ch 121, §1

480A.3 Fees.
1. A local government shall not recover any fee from a public utility for the use of its available right-of-way, other than a permit fee for management costs attributable to the public utility’s requested use of the local government’s right-of-way. A fee or other obligation under this section shall be imposed on a competitively neutral basis. When a local government’s management costs cannot be attributed to only one entity, those costs shall be allocated among all users of the public rights-of-way, including the local government itself. The allocation shall reflect proportionately the costs incurred by the local government as a result of the various types of uses of the public rights-of-way.
2. This section does not:
   a. Prohibit the collection of a franchise fee as permitted in section 480A.6.
b. Prohibit voluntary agreements between a public utility and local government to share services for the purpose of reducing costs and preserving public rights-of-way for future public safety purposes.

98 Acts, ch 1148, §5, 9; 2019 Acts, ch 121, §2

Referred to in §480A.6

480A.4 In-kind services.

A local government, in lieu of a fee imposed under this chapter, shall not require in-kind services by a public utility right-of-way user or require in-kind services as a condition of the use of the local government’s public right-of-way, unless pursuant to a voluntary agreement between a public utility and local government to share services for the purpose of reducing costs and preserving public rights-of-way for future public safety purposes.

98 Acts, ch 1148, §6, 9; 2019 Acts, ch 121, §3

480A.5 Arbitration.

1. A public utility that is denied registration, denied a right-of-way permit, that has its right-of-way permit revoked, or that believes that the fees imposed on such user by the local government do not conform to the requirements of this chapter may request in writing that such denial, revocation, or fee imposition be reviewed by the governing body of the local government. The governing body of the local government shall act within sixty days on a timely written request. A decision by the governing body affirming the denial, revocation, or fee imposition must be in writing and supported by written findings establishing the reasonableness of the decision.

2. Upon affirmation by the governing body of the denial, revocation, or fee imposition, the public utility may do either of the following:

a. With the consent of the governing body, have the matter finally resolved by binding arbitration. Binding arbitration must be before an arbitrator agreed to by both the local government and the public utility. If the parties are unable to agree on an arbitrator, the matter shall be resolved by a three-person arbitration panel made up of one arbitrator selected by the local government, one arbitrator selected by the public utility, and one arbitrator selected by the other two arbitrators. The cost and expense of a single arbitrator shall be borne equally by the local government and the public utility. If a three-person arbitration panel is selected, each party shall bear the expense of its own arbitrator and the parties shall jointly and equally bear the cost and expense of the third arbitrator, and of the arbitration. Each party to the arbitration shall pay its own costs, disbursements, and attorney fees.

b. Bring an action in district court to review a decision of the governing body made under this section.

98 Acts, ch 1148, §7, 9

480A.6 Franchise ordinance not superseded.

This chapter does not modify or supersede the rights and obligations of a local government and the public utility established by the terms of any existing or future franchise granted, approved, and accepted pursuant to section 364.2, subsection 4. A city which collects a city franchise fee from an entity pursuant to section 364.2, subsection 4, under an existing or future franchise, shall not also collect a fee from that entity under section 480A.3.

481A.2 State ownership and title — exceptions.

The title and ownership of all fish, mussels, clams, and frogs in any of the public waters of the state, and in all ponds, sloughs, bayous, or other land and waters adjacent to any public waters stocked with fish by overflow of public waters, and of all wild game, animals, and birds, including their nests and eggs, and all other wildlife, found in the state, whether game or nongame, native or migratory, except deer in parks and in public and private preserves, the ownership of which was acquired prior to April 19, 1911, are hereby declared to be in
the state, except as otherwise provided in this chapter. The title and ownership of all aquatic organisms in aquaculture units and private aquacultural waters shall be in private persons.

§481A.2, WILDLIFE CONSERVATION V-1394

481A.3 Conclusive presumption.
Any person catching, taking, killing, or having in possession any of such fish, mussels, clams, frogs, game, animals, or birds, their nests or eggs, or other wildlife in violation of the provisions of this chapter, shall be held to consent that the title to the same shall be and remain in the state for the purpose of regulating and controlling the catching, taking, or having in possession the same, and disposing thereof after such catching, taking, or killing.

481A.4 Fish hatcheries — game farms.
The commission may establish and control the state hatcheries and game farms, which shall be used for the purpose of stocking the waters of the state with fish and the natural covers with game birds to the extent of the means provided for that purpose; and for impartially and equitably distributing all birds, eggs, and fry raised by or furnished to the state, or for the state through other sources, in the streams, lakes, and natural covers of the state.

481A.5 State game refuges.
1. The commission may establish state game refuges or sanctuaries on any land owned by the state of Iowa suitable for this purpose when necessary for the preservation of biological balance pursuant to the provisions of section 481A.39, for the protection of public parks, for the protection of the public health, safety and welfare, or to effect sound wildlife management.

2. In emergency situations when the maintenance of the biological balance as provided in section 481A.39 is threatened, the director may establish temporary state game refuges in conformity with sound wildlife management. The establishment of a temporary refuge shall be accomplished by posting notices in conspicuous places around the refuge. The establishment of a temporary refuge by the director shall be effective until five days after the next meeting of the commission or for such longer time as the commission may determine is necessary to maintain a biological balance as provided in section 481A.39 and to effect sound wildlife management.

481A.6 Game management area.
The commission may establish a game management area upon any public lands or waters, or with the consent of the owner upon any private lands or waters, when necessary to maintain a biological balance as provided in section 481A.39 or to provide for public hunting, fishing, or trapping in conformity with sound wildlife management; and when a game management area is established, the commission shall with the consent of the owner,
if any, have the right to post and prohibit, and to regulate or limit the lands or waters against trespassing, hunting, fishing, or trapping, and any violation of the regulations is unlawful.

481A.6A Pen-reared pheasants — release by landowners and tenants.
1. As used in this section, “pen-reared pheasant” means a Chinese ring-necked pheasant (Phasianus colchicus torquatus) and its subspecies which originates from a captive population and which has been propagated and held by a hatchery. For the purposes of this section “pen-reared pheasant” does not include a Reeves (Syrmaticus reevesii) or Lady Amherst (Chrysolophus amherstiae) pheasant, a subspecies of the Chinese ring-necked pheasant classified as a Japanese (Phasianus versicolor) or a Black-necked (P. colchicus colchicus) pheasant, or a melanistic mutant (black, white, or other color mix) of the Chinese ring-necked pheasant. This subsection is not applicable to game birds released for officially sanctioned field meets or trials and retriever meets or trials on private land pursuant to section 481A.22, pen-raised game birds used on private land pursuant to section 481A.56, or game birds released on hunting preserves pursuant to chapter 484B.
2. Notwithstanding section 481A.60, an owner or tenant of land may obtain pen-reared pheasants from a hatchery approved by the department, and raise or release the pen-reared pheasants on the owner’s or tenant’s land. A person shall not relocate a pen-reared pheasant to any other land.
3. A person taking a pen-reared pheasant shall comply with all requirements provided in this chapter and chapter 483A.2010 Acts, ch 1180, §1; 2012 Acts, ch 1118, §5; 2013 Acts, ch 90, §143
Referenced in §484B.3

481A.7 Hunting on game refuges.
1. It shall be unlawful to hunt, pursue, kill, trap or take any wild animal, bird, or game on any state game refuge so established at any time of the year, and no one shall carry firearms thereon, providing, however, that predatory birds and animals may be killed or trapped under the authority and direction of the director.
2. The commission may specify the distance from a state game refuge where shooting is prohibited, and shall have notice of same posted at such distance in conspicuous places around the refuge, provided, however, this prohibition shall not apply to owners or tenants hunting on their own land outside of a state game refuge. The commission may prohibit shooting at any reasonable distance from a state game refuge deemed necessary to accomplish the purposes for which the refuge is established.

481A.9 Spawning grounds.
To effect sound wildlife management and maintain biological balance as provided in section 481A.39, the commission may set aside certain portions of any state waters for spawning
grounds where the same are suitable for this purpose for such length of time as it may deem advisable by the posting of notices in conspicuous places around such area, and it shall be unlawful for any person to fish or to in any manner interfere with the spawning of fish in this area. Any person violating any of the provisions of this section shall be guilty of a simple misdemeanor.

481A.10A Farmer advisory committee.
1. The director shall establish a farmer advisory committee for the purpose of providing information to the department regarding crop and tree damage caused by deer, wild turkey, and other predators.
2. Members of the committee shall include a representative designated by each of the following organizations:
   a. The Iowa corn growers association.
   b. The Iowa farm bureau federation.
   c. The Iowa farmers union.
   d. The Iowa state horticulture society.
   e. The Iowa Christmas tree growers association.
   f. The Iowa nursery and landscape association.
   g. The department of agriculture and land stewardship.
   h. The Iowa state university agricultural extension service.
3. The committee shall meet with a representative of the department of natural resources on a semiannual basis. The committee shall serve without compensation or reimbursement for expenses.

481A.13 Search warrants.
1. Any court having jurisdiction of the offense, upon receiving proof of probable cause for believing that any fish, mussels, clams, frogs, birds, furs, or animals caught, taken, killed, had in possession, under control, or shipped, contrary to the Code, or hidden or concealed in any place, shall issue a search warrant and cause a search to be made in any place therefor.
2. The property so seized under warrant shall be safely kept under the direction of the court so long as necessary for the purpose of being used as evidence in any trial. If a trial results in a conviction, the property seized shall be confiscated by the director or the director’s officers. If the trial does not result in a conviction, the property shall be returned to the person pursuant to section 481A.13A unless the property is fish or wildlife that is illegal to possess, including fish or wildlife that was taken, possessed, or transported unlawfully.

[SS15, §2539; C24, 27, 31, 35, 39, §1716; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §109.13]

481A.13A Conviction required for property confiscation — return of property.
1. The state shall not confiscate property seized under section 481A.12 or 481A.13 unless the person from whom the property was seized is convicted of the violation for which the property was seized. However, the state shall not return any fish or wildlife that is illegal to possess, including fish or wildlife that was taken, possessed, or transported unlawfully.
2. If the person from whom the property was seized is not convicted of the violation for which the property was seized, the department, law enforcement agency, or other governmental agency in possession of the seized property shall return the seized property to the person within thirty days of any of the following:
   a. The date the person is found not guilty of the violation.
   b. The date the action involving the violation is dismissed.
   c. The date the statute of limitations expires for the alleged violation for which the property was seized.
3. For purposes of this section, “convicted” includes a finding of guilt, payment of a scheduled fine, a plea of guilty, deferred judgment, deferred or suspended sentence, adjudication of delinquency, or circumstance where a person is not charged with a criminal offense related to the violation based in whole or in part on the person’s agreement to provide information regarding the criminal activity of another person.

481A.14 Dams — fishways.
It shall be unlawful for any person, firm, or corporation to place, erect, or cause to be placed or erected, any dam or other device or contrivance in such manner as to hinder or obstruct the free passage of fish up, down, or through such waters, except as otherwise provided in this chapter. Dams for manufacturing or other lawful purposes may be erected across the waters of the state. No permanent dam or obstruction across such waters shall be erected or maintained which is not provided with a fishway, except by written approval of the director,
nor shall any pumping station or plant except sand pumping and dredging machines, in or connected with such waters be constructed or operated except by written approval of the director, which is not provided with screens to prevent fish from entering the pumping station or plant. Such fishways and screens shall be constructed and used according to the plans and specifications prepared and furnished by the director. Any dam, obstruction, or pumping plant which is not so constructed is a public nuisance and may be abated accordingly.

481A.18 Hunting incidents — mandatory reporting.
This section applies to a person who is involved in a hunting incident with a firearm or a fall from a device that allows or assists a person to hunt from an elevated location, if the hunting incident results in an injury to a person, or property damage exceeding one hundred dollars. The person shall report the hunting incident to the sheriff’s office in the county where the hunting incident occurred or to the department within twelve hours after the hunting incident occurred. However, if an injury caused by the hunting incident prevents timely reporting, the person shall make the report as soon as practicable. A person who fails to report the hunting incident as required in this section is guilty of a simple misdemeanor.

481A.19 Reciprocity of states.
1. a. Any person licensed by the authority of Illinois, Minnesota, Missouri, Wisconsin, Nebraska, or South Dakota to take fish, game, mussels, or fur-bearing animals from or in the waters forming the boundary between such state and Iowa, may take such fish, game,
mussels, or fur-bearing animals from that portion of said waters lying within the territorial jurisdiction of this state, without having procured a license from the director of this state, in the same manner that persons holding Iowa licenses may do, if the laws of Illinois, Minnesota, Missouri, Wisconsin, Nebraska, or South Dakota, respectively, extend a similar privilege to persons so licensed under the laws of Iowa.

b. Any person licensed by the authority of Illinois, Minnesota, Missouri, Wisconsin, Nebraska, or South Dakota to take fish, game, mussels, or fur-bearing animals from or in lands under the jurisdiction of any of those states may take such fish, game, mussels, or fur-bearing animals from or in lands under the jurisdiction of the commission when such land is adjacent to that respective state but is separated from other land in Iowa by a body of water, without having procured a license from the director of this state, in the same manner that persons holding Iowa licenses may do, if the laws of Illinois, Minnesota, Missouri, Wisconsin, Nebraska, or South Dakota, respectively, extend a similar privilege to persons so licensed under the laws of Iowa.

2. Any privileges conferred by this section shall be subject to a reciprocal agreement as negotiated by the commission and the authority of a state provided in subsection 1 which confers upon a licensee of this state reciprocal rights, privileges, and immunities as provided in section 483A.31. Such agreements may include determination of which state’s seasons and limits shall apply for specific geographical areas.

481A.21 Birds as targets.
A person shall not keep or use any live pigeon or other bird as a target, to be shot at for amusement or as a test of skill in marksmanship, or shoot at a bird kept or used for such purpose, or be a party to such shooting, or lease any building, room, field, or premises, or knowingly permit the use thereof, for the purpose of such shooting. This section does not prevent any person from shooting at live pigeons, sparrows, and starlings when used in the training of hunting dogs. This section does not prevent any person from shooting at a game bird that is released a minimum of twenty-five yards from that person on a licensed hunting preserve. For the purposes of this section, “game bird” means the same as defined in section 484B.1.

481A.22 Field and retriever meets — permits and tags required.
1. a. All officially sanctioned field meets or trials and retriever meets or trials where the skill of dogs is demonstrated in pointing, retrieving, trailing, or chasing any game bird, game animal, or fur-bearing animal shall require a field trial permit. Except as otherwise provided by law, it shall be unlawful to kill any wildlife in such events. Notwithstanding the provisions of section 481A.21 it shall be lawful to hold field meets or trials and retriever meets or trials where dogs are permitted to work in exhibition or contest whereby the skill of dogs is
demonstrated by retrieving dead or wounded game birds which have been propagated by licensed game breeders within the state or secured from lawful sources outside the state and lawfully brought into the state. All of the birds must be released on the day of trials on premises where the trials are held.

b. Any birds released may be shot by official guns after having secured a permit as provided in this section.

c. The permits may be issued by the director of the department upon proper application and the payment of a fee of two dollars for each trial held. A representative of the department shall attend all such trials and enforce the laws and regulations governing same.

2. The person or persons designated by the committee in charge to do the shooting for the trials shall be known as the official guns, and no other person shall be permitted to kill or attempt to kill any of the birds released for such trials.

3. Before any birds are released under this section, they must each have attached a tag provided by the department and attached by a representative of the department at a cost of not more than ten cents for each tag. All tags are to remain attached to birds until prepared for consumption.

4. It is unlawful for any person to hold, conduct, or to participate in a field or retriever trial before the permit required by this section has been secured or for any person to possess or remove from the trial grounds any birds which have not been tagged as required in this section.

§481A.24 Use of mobile radio transmitter prohibited — exceptions.

1. For the purposes of this section:

a. "One-way mobile radio transmitter" means a radio capable of transmitting a signal only but not capable of transmitting a voice signal. The signal may be tracked or located by radio telemetry or located by an audible sound.

b. "Two-way mobile radio transmitter" means a radio capable of transmitting and receiving voice messages including, but not limited to, a citizen band radio or a cellular telephone.

2. Except as otherwise provided in this section, a person who is hunting shall not use a one-way or two-way mobile radio transmitter to communicate the location or direction of game or fur-bearing animals or to coordinate the movement of other hunters. This subsection does not apply to the hunting of coyotes except during the shotgun deer season as set by the commission under section 481A.38.

3. A licensed falconer may use a one-way mobile radio transmitter to recover a free-flying bird of prey properly banded and covered on the falconry permit.

4. A person hunting with the aid of a dog may use at any time a one-way mobile transmitter designed to track or aid in the recovery of the dog.

481A.32 Violations — penalties.
1. A person who does any of the following is guilty of a simple misdemeanor and shall be assessed a minimum fine of twenty dollars for each offense for which no other punishment is provided:
   a. Takes, catches, kills, injures, destroys, has in possession, buys, sells, ships, or transports any frogs, fish, mussels, birds, their nests, eggs, or plumage, fowls, game, or animals or their fur or raw pelt in violation of the provisions of this chapter or of administrative rules of the commission.
   b. Uses any device, equipment, seine, trap, net, tackle, firearm, drug, poison, explosive, or other substance or means, the use of which is prohibited by this chapter.
   c. Uses any device, equipment, seine, trap, net, tackle, firearm, drug, poison, explosive, or other substance or means at a time, place, or in a manner or for a purpose prohibited.
   d. Does any other act in violation of the provisions of this chapter or of administrative rules of the commission.
2. Each fish, fowl, bird, bird’s nest, egg, or plumage, and animal unlawfully caught, taken, killed, injured, destroyed, possessed, bought, sold, or shipped shall be a separate offense.
3. A person convicted of taking a deer, antelope, moose, buffalo, or elk with a prohibited
weapon as defined by rules of the department, is subject to a fine of one hundred dollars for each offense committed while taking the animal with the prohibited weapon.

SUBCHAPTER II
PROTECTION AND PROTECTION OF FISH, GAME, WILD BIRDS, AND ANIMALS

481A.38 Prohibited acts — restrictions on the taking of wildlife — special licenses.
It is unlawful for a person to take, pursue, kill, trap or ensnare, buy, sell, possess, transport, or attempt to so take, pursue, kill, trap or ensnare, buy, sell, possess, or transport any game, protected nongame animals, fur-bearing animals or fur or skin of such animals, mussels, frogs, spawn or fish or any part thereof, except upon the terms, conditions, limitations, and restrictions set forth herein, and administrative rules necessary to carry out the purposes set out in section 481A.39, or as provided by the Code.
1. a. The commission may upon its own motion and after an investigation, alter, limit, or restrict the methods or means employed and the instruments or equipment used in taking wild mammals, birds subject to section 481A.48, fish, reptiles, and amphibians, if the investigation reveals that the action would be desirable or beneficial in promoting the interests of conservation, or the commission may, after an investigation when it is found there is imminent danger of loss of fish through natural causes, authorize the taking of fish by means found advisable to salvage imperiled fish populations.

b. The commission shall adopt a rule permitting a crossbow to be used only by individuals with disabilities who are physically incapable of using a bow and arrow under the conditions in which a bow and arrow is permitted. The commission shall prepare an application to be used by an individual requesting the status. The application shall require the individual’s physician to sign a statement declaring that the individual is not physically able to use a bow and arrow.

2. If the commission finds that the number of hunters licensed or the type of license issued to take deer or wild turkey should be limited or further regulated, the commission shall adopt procedures, by rule, for issuing the licenses. This subsection does not apply to the hunting of wild turkey on a hunting preserve licensed under chapter 484B.
3. The department and the commission shall exercise regulatory authority regarding seasons, bag limits, possession limits, locality, the method of taking, or the taking of fish and wildlife within the boundaries of the Sac and Fox tribe settlement in Tama county only to the extent provided in a written agreement between the tribal council of the Sac and Fox tribe of the Mississippi in Iowa and the department. The written agreement shall not be construed to supersede or impair the regulatory authority exercised by the commission pursuant to the federal Migratory Bird Treaty Act, the federal Migratory Bird Stamp Hunting Act, the federal Endangered Species Act, or other federal law, and shall not be construed to supersede or impair the regulatory authority exercised by the Sac and Fox tribe of the Mississippi in Iowa pursuant to any federal act, statute, or law. The department and the commission shall not unreasonably fail to enter into an agreement and shall pursue such an
agreement in an expedient manner. This subsection shall become effective upon signing of
the written agreement by the director of the department and the chairperson of the Sac and
Fox tribe of the Mississippi in Iowa.

481A.39 Biological balance maintained.

The commission is designated the sole agency to determine the facts as to whether
biological balance does or does not exist. The commission shall, by administrative rule,
extend, shorten, open, or close seasons and set, increase, or reduce catch limits, bag limits,
size limits, possession limits, or territorial limitations or further regulate taking conditions
in accordance with sound fish and wildlife management principles.

481A.40 Use of drugs on wildlife — penalty.

1. For the purposes of this section, “drug” means any chemical substance, other than food,
that affects the structure or biological function of any wildlife under the jurisdiction of the
department of natural resources.

2. Except with written authorization from the director or the director’s designee or as
otherwise provided by law, a person shall not administer any drug to any wildlife under the
jurisdiction of the department of natural resources, including but not limited to drugs used
for fertility control, disease prevention or treatment, immobilization, or growth stimulation.

3. This section does not prohibit the treatment of sick or injured wildlife by a licensed
veterinarian or holder of a wildlife rehabilitation permit.

4. This section shall not be construed to limit employees of agencies of the state, the
United States, or local animal control officers, licensed animal shelters, or licensed pounds
in the performance of their official duties related to public health, wildlife management, or
wildlife removal. However, a drug shall not be administered by anyone for fertility control
or growth stimulation except as provided in subsection 2.

5. An officer of the department may take possession of or dispose of any wildlife under the
jurisdiction of the department of natural resources that the officer reasonably believes
has been administered drugs in violation of this section.

6. A person who violates this section is guilty of a serious misdemeanor.

481A.42 Nongame protected — exclusion.

Protected nongame species include wild fish, wild birds, wild bats, wild reptiles, and wild
amphibians, an egg, a nest, a dead body or part of a dead body, and a product made from
part of a body of a wild fish, wild bird, wild bat, wild reptile, or wild amphibian. However,
nongame does not include game, fish that may be taken pursuant to regulations established
under the Code or departmental rule, fur-bearing animals, turtles, or frogs, as defined in this
chapter. The commission shall designate by rule those species of nongame which by their
abundance or habits are declared a nuisance, and these species shall not be protected. Rules adopted shall include but are not limited to a provision that states that any bat, except for the Indiana bat, which is found within a building that is occupied by human beings is not a protected nongame species.

481A.47 Importing fish and game — permits.
1. Unless application is first made in writing to the commission for a permit and a permit is granted, a person, firm, or corporation shall not, except as otherwise provided, bring into the state of Iowa for the purpose of propagating or introducing, or place or introduce into any of the inland or boundary waters of the state, any fish or spawn thereof that are not native to such waters, or introduce or stock any bird or animal.
2. A permit shall be granted only after the commission has made such investigation or inspection of the fish, birds, or animals as the commission may deem necessary to determine whether or not such fish, birds, or animals are free from disease and whether or not such introduction will be beneficial or detrimental to the native wildlife and the people of the state, and may or may not approve such planting, releasing, or introduction according to its findings.
3. Nothing in this section shall prohibit licensed game breeders from securing native or exotic birds or animals from outside the state and bringing them into the state and a game breeder shall not be required to have a permit as provided in this section when such birds or animals are not released to the wild but are held on the game breeder’s premises as breeding stock.

TERRITORIES, OPEN SEASONS, AND BAG AND POSSESSION LIMITS FOR GAME

481A.48 Restrictions on game birds and animals.
1. A person, except as otherwise provided by law, shall not willfully disturb, pursue, shoot, kill, take or attempt to take, or have in possession any of the following game birds or animals except within the open season established by the commission: gray or fox squirrel, bobwhite quail, cottontail or jackrabbit, duck, snipe, pheasant, goose, woodcock, partridge, mourning dove, coot, rail, ruffed grouse, wild turkey, pigeon, or deer. The seasons, bag limits, possession limits, and locality shall be established by the department or commission under the authority of sections 456A.24, 481A.38, and 481A.39.
2. The commission may adopt rules for the taking and possession of migratory birds which are subject to the federal Migratory Bird Treaty Act and Migratory Bird Stamp Hunting Act during the time and in the manner permitted under those federal Acts. The commission shall not adopt a rule for the taking or possession of a migratory bird for which an open season is not authorized by another paragraph of this section.
3. The commission may by rule permit the taking and possession of designated raptors and crows during the time and in the manner permitted under the federal Migratory Bird Treaty Act.
4. The commission shall establish methods by which pigeons may be taken which may include but are not limited to the use of trapping, chemical repellants, or toxic perches.

5. The commission shall establish one or more pistol or revolver seasons for hunting deer as separate firearm seasons or to coincide with one or more other firearm deer hunting seasons. Any pistol or revolver with a barrel length of at least four inches and firing straight wall or other centerfire ammunition propelling an expanding-type bullet with a maximum diameter of no less than three hundred fifty thousandths of one inch and no larger than five hundred thousandths of one inch and with a published or calculated muzzle energy of five hundred foot pounds or higher is legal for hunting deer during the pistol or revolver seasons. The commission shall adopt rules to allow black powder pistols or revolvers for hunting deer. The rules may limit types of projectiles. A person who is twenty years of age or less shall not hunt deer with a pistol or revolver unless that person is accompanied and under direct supervision throughout the hunt by a responsible person with a valid hunting license who is at least twenty-one years of age, with the consent of a parent, guardian, or spouse who is at least twenty-one years of age, pursuant to section 724.22, subsection 5. The responsible person with a valid hunting license who is at least twenty-one years of age shall be responsible for the conveyance of the pistol or revolver while the pistol or revolver is not actively being used for hunting. A person possessing a prohibited pistol or revolver while hunting deer commits a scheduled violation under section 805.8B, subsection 3, paragraph “h”, subparagraph (5).

6. The commission shall adopt rules pursuant to chapter 17A allowing the use of cartridge rifles to hunt deer as follows:

a. A cartridge rifle may be used to hunt deer during youth and disabled deer hunting season and first and second shotgun deer hunting seasons by a person who has a valid deer hunting license and is otherwise qualified to hunt.

b. A cartridge rifle that is allowed pursuant to this subsection shall be of the same caliber and use the same straight wall or other ammunition as is allowed for use in a pistol or revolver for hunting deer as provided in subsection 5. In addition, the commission shall provide, by rule, for the use of straight wall or other ammunition under this subsection that meets ballistics specifications similar to the requirements for straight wall or other ammunition allowed for use in a pistol or revolver for hunting deer as provided in subsection 5.

c. A person possessing a prohibited rifle while hunting deer commits a scheduled violation under section 805.8B, subsection 3, paragraph “h”, subparagraph (6). In addition, the hunting privileges of a person convicted of possessing a prohibited rifle while hunting deer shall be suspended for two years.

481A.55 Selling game.
1. Except as otherwise provided, a person shall not buy or sell, dead or alive, a bird or animal or any part of one which is protected by this chapter, but this section does not apply to fur-bearing animals, bones of wild turkeys that were legally taken, and the skins, plumage, and antlers of legally taken game. This section does not prohibit the purchase of jackrabbits from sources outside this state. A person shall not purchase, sell, barter, or offer to purchase, sell, or barter for millinery or ornamental use the feathers of migratory game birds; and a person shall not purchase, sell, barter, or offer to purchase, sell, or barter mounted specimens of migratory game birds.
2. Section 481A.50 and this section do not apply to a game species, fur-bearing animal species, or variety of fish protected under this chapter which is sold by a nonprofit corporation as a part of a meal. The number of game of a game species or fur-bearing animal species, or a variety of fish protected by this chapter which are donated by a person to a nonprofit corporation plus any additional game of the same species or same variety of fish in the person's possession must not exceed the person's legal possession limit.

481A.56 Training dogs.
1. a. A person having a valid hunting license may train a bird dog on any game birds and a person having a valid fur harvester license may train a coonhound, foxhound, or trailing dog on any fur-bearing animals at any time of the year including during the closed season on such birds or animals. However, the animals when pursued to a tree or den shall not be further chased or removed in any manner from the tree or den. A person having a hunting license may train a dog on coyote or groundhog.
   b. Only a pistol, revolver, or other gun shooting blank cartridges shall be used while training dogs during closed season except as provided in subsection 2 of this section.
2. Any pen-raised game bird may be used and may be shot in the training of bird dogs. Before any bird is released or used in the training of dogs, the bird shall have attached a band procured from the commission. The commission may charge a fee for such bands but the fee shall not exceed ten cents for each band.
3. A call back pen or live trap may be used for the purpose of retrieving banded birds when released in the wild for training purposes. Any bird not so banded when taken in a call back pen or trap shall be immediately returned unbanded to the wild. All call back pens or live traps when in use shall have attached a metal tag plainly labeled with the owner’s name and address. Conservation officers shall have authority to confiscate such traps when found in use and not properly labeled.
4. The commission shall have the power to adopt rules prohibiting the training of any hunting dog on any game bird, game animal, or fur-bearing animal in the wild at any time when it has been determined that such training might have an adverse effect on the populations of these species.

481A.56A Retrieval of wounded deer by leashed dogs.
A person having a valid hunting license and a valid deer hunting license who has wounded a deer while hunting may use a dog to track and retrieve the wounded deer. A dog being used for tracking a wounded deer and a person using a dog for tracking a wounded deer shall both be trained in deer blood tracking. Any person using a dog for tracking wounded deer must maintain physical control of the dog at all times during the search by means of a maximum fifty-foot lead attached to the dog’s collar or harness. The person may dispatch the deer using a legal method of take authorized by the person’s deer hunting license. A person shall not use that method of take to hunt, wound, or kill any animal other than the deer that the hunter is tracking, except in self-defense. Using a dog to track a wounded deer on private property is permissible at any hour with consent of the property owner. A person using a dog to track a wounded deer outside of legal deer hunting hours shall not be in possession of a firearm or archery device. The commission shall adopt rules pursuant to chapter 17A to implement this section.

SUBCHAPTER IV
GAME BREEDERS

481A.60 Raising game — rulemaking authority.
A person shall not raise or sell game or fur-bearing animals of the kinds protected by this chapter, except rock doves and pigeons, without first procuring a game breeder’s license as provided by law. The commission may adopt rules which ensure that all game birds, game animals, and fur-bearing animals handled and confined by licensed game breeders are provided with humane care and treatment. A violation of a rule adopted by the commission is a cause for license revocation. This section does not apply to governmental zoos and exhibits.

[C39, §1794.022; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §109.60]

481A.61 Licensed game breeders — marketing game — penalty.
1. Except as otherwise provided by law, a licensed game breeder whose original stock is obtained from a lawful source may possess any game bird, game animal, or fur-bearing animal, or any of their parts. Possession and use of the game birds, game animals, or fur-bearing animals obtained from a licensed game breeder are lawful.
2. Fur-bearing animals shall not be acquired for breeding or propagating purposes from any source unless they have been pen-raised for at least two successive generations.

3. A game breeder’s license is not a license to possess, breed, propagate, sell, or dispose of any species which is defined as endangered or threatened under state law unless the species is listed on the license. Its possession, breeding, propagation, sale, and disposal are subject to all applicable state and federal statutes.

4. A licensed game breeder shall not acquire protected live game animals, game birds, their eggs, or fur-bearing animals taken from the wild within this state.

5. Game birds or game animals may be sold for food only under the following conditions:
   a. The licensed game breeder shall file with the commission a facsimile of a stamp of similar type to that used by the United States department of agriculture in grading meat.
   b. Licensed game breeders may sell dressed game birds or game animals to markets for resale providing each game bird or game animal has affixed upon it in a conspicuous and legible manner the imprint of the game breeder’s stamp.
   c. The stamp shall bear the name and number of the game breeder in letters of at least twelve point type size.

6. Markets selling stamped game shall:
   a. Maintain the stamp on each game bird or game animal until the bird or animal is disposed of or sold.
   b. Keep a record showing the total number of game birds or game animals sold together with the name and address of the game breeder from whom purchased and the number of game birds and animals in each purchase.

7. Markets selling stamped game, together with their records, are subject to inspection by an authorized representative of the commission at any reasonable time.

8. Violation of a provision of this section may be cause for license revocation.

[C39, §1794.023; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81; §109.61]

481A.62 Records — reports — inspection.
1. A holder of a game breeder’s license shall keep the records and make the reports required by this section on forms provided by the department. The records shall be open for inspection at any reasonable time by the department or its authorized agents.

2. At the time of every sale or conveyance of an animal, animal parts, or products, the licensee shall complete a game breeder’s sales receipt on forms provided by the department. The forms shall require the following information:
   a. The name, address, county, and license number assigned to the breeder.
   b. The name and address of the purchaser.
   c. The number, species, sex, and age of the animals or birds conveyed.

3. a. Licensees shall maintain business records for all species in an annual report record book. The records shall include the following information:
   (1) For each animal acquired other than by birth on the licensee’s game farm, the sex and species, the date of acquisition, the number acquired, and the name and address of the source from which acquired.
   (2) For each animal born on the licensee’s game farm, the sex, species, date of birth, and number of any band, tag, or tattoo subsequently attached to the animal.
   (3) For each animal sold or disposed of other than by death the same information required by the game breeder’s sales receipt.
   (4) For each animal which dies, disappears, or is destroyed on the licensee’s game farm, the sex, species, date of death, and the number of any band, tag, or tattoo attached to the animal.
   b. The licensee’s copies of the required sales receipts shall be kept with the record book and are considered a part of it.
c. Records required by this section shall be entered in the annual report record book within forty-eight hours of the event.

4. Each licensee shall file an annual report with the commission on or before January 31. The report shall detail the game breeder’s operations during the preceding license year. The original report shall be forwarded to the department and a copy shall be retained in the breeder’s file for a period of three years from the date of expiration of the breeder’s last license issued. Failure to keep or submit the required records and report are grounds for a refusal to renew a license for the succeeding year.

5. An on-site inspection of facilities shall be conducted by an officer of the commission prior to the initial issuance of a game breeder’s license. The facilities may be reinspected by an officer of the commission at any reasonable time.

6. Any officer of the commission may enter any place where any game bird, game animal, or fur-bearing animal is at the time located, or where it has been kept, or where the carcass of such animal may be, for the purpose of examining it in any way that may be necessary to determine whether it was or is infected with any contagious or infectious disease.

7. For the purpose of this section, infectious and contagious disease includes rabies, hoof-and-mouth disease, leptospirosis, blackhead, or any other communicable disease so designated by the commission.

8. The commission may regulate or prohibit the importation into the state and exportation from the state of any species of game bird, game animal, or fur-bearing animal, domesticated or not, which in its opinion, for any reason, is determined to be detrimental to the health of animals within or without the state.

9. The commission may quarantine or destroy any game bird, game animal, or fur-bearing animal which is found to be infected with any contagious or infectious disease.

10. A licensed game breeder or other person having control of any game bird, game animal, or fur-bearing animal shall not knowingly offer for sale, sell, or barter such birds or animals which have an infectious or contagious disease, or allow those birds or animals to run at large or come in contact with any other game birds, game animals, or fur-bearing animals.

SUBCHAPTER V

SCIENTIFIC COLLECTING

481A.65 Licenses.

The director, after investigation, may issue to any person a scientific collector’s license, a wildlife salvage permit, educational project permit, or a wildlife rehabilitation permit. A scientific collector’s license will authorize the licensee to collect for scientific purposes only, any birds, nests, eggs, or wildlife. A wildlife salvage permit will authorize the permittee to salvage for educational purposes, any birds, nests, eggs, or animals according to the rules of the department. An educational project permit authorizes the permittee to collect, keep, or possess for educational purposes birds, fish, or wildlife which are not endangered, threatened, or otherwise specially managed according to the rules of the department. A wildlife rehabilitation permit will authorize the permittee to possess for rehabilitation purposes only, any orphaned or injured wildlife according to the rules of the department. A person to whom a license or permit is issued shall not dispose of any birds, nests, eggs,
or wildlife or their parts except upon written permission of the director. The application for such licenses and permits shall be made upon blanks furnished by the department. The commission shall establish, by rule, the tenure and applicable fee for each permit authorized in this section. Each holder of a license or permit shall, by January 31 of each year, file with the department a report showing all specimens collected or possessed under authority of the license or permit. Upon a showing of cause the department may enter and inspect the premises and collections authorized by this section. A license or permit may be revoked by the director, after due notice, at any time for cause.

SUBCHAPTER VI
ANGLING LAWS

481A.67 Seasons and limits — turtle harvesting restrictions.
1. It is unlawful for a person, except as otherwise expressly provided, to take, capture, or kill fish, frogs, or turtles except during the open season established by the commission. It is unlawful during open season to take in any one day an amount in excess of the daily catch limit designated for each variety or each locality, or have in possession any variety of fish, frog, or turtle in excess of the possession limit, or have in possession any frog, fish, or turtle at any time under the minimum length or weight. The open season, possession limit, daily catch limit, and the minimum length or weight for each variety of fish, frog, or turtle shall be established by rule of the department or commission under the authority of sections 456A.24, 481A.38, 481A.39, and 482.1.
2. Notwithstanding any provision of law to the contrary, the natural resource commission shall adopt rules pursuant to chapter 17A establishing seasons and daily catch limits for the noncommercial harvest of turtles in any waters of the state pursuant to section 483A.28. Seasons established pursuant to this subsection shall not apply to the noncommercial harvest of snapping turtles.
3. Notwithstanding any provision of law to the contrary, the natural resource commission shall adopt rules pursuant to chapter 17A establishing seasons and daily catch limits for the commercial harvest of turtles in any waters of the state.
4. Beginning no later than January 1, 2017, and ending no earlier than January 1, 2021, the commission shall conduct a review of the status of the turtle population in the state by region, in cooperation with appropriate organizations and in accordance with sound fish and wildlife management principles, and shall report its recommendations to the general assembly on whether restrictions on noncommercial and commercial turtle harvesting in the state should be revised no later than June 30, 2021. This subsection is repealed effective July 1, 2021.

481A.68 Tip-up fishing device.
1. As used in this section, “tip-up fishing device” means an ice fishing mechanism with an attached flag or signal to indicate fishing action, used to hold a fishing rod or pole with line and hook.
2. A person shall not use more than three tip-up fishing devices for fishing in the waters of the Mississippi river, the Missouri river, and the Big Sioux river, and their connected backwaters. A person may use two or three hooks on the same line, but the total number of hooks used by each person shall not exceed three. Each tip-up fishing device used in fishing shall have attached a tag plainly labeled with the owner’s name and address. A person shall not use a tip-up fishing device for fishing within three hundred feet of a dam or spillway or in a part of the river which is closed or posted against use of the device. Three tip-up fishing devices may be used in addition to the two lines with no more than two hooks per line, as specified in section 481A.72.
3. An untagged tip-up fishing device found in use shall be confiscated by any officer appointed pursuant to section 456A.13 or 456A.14.

481A.69 Fish designated.
The commission may adopt rules designating game fish, commercial fish, and rough fish.

481A.70 Reserved.

481A.71 Releasing unlawful catch.
Any fish caught that is less than lawful minimum length or weight shall be handled with wet hands and released under water immediately with as little injury as possible.

481A.72 Hooks and lines.
1. Except as otherwise provided in this chapter, a person shall not at any time take from the waters of the state any fish except with hook, line, and bait. A person shall not use more than three lines nor more than two hooks on each line in still fishing or trolling. In fly fishing not more than two flies may be used on one line, and in trolling and bait casting not more than two trolling spoons or artificial bait may be used on one line.
2. A person shall not leave fish line or lines and hooks in the water unattended by being out of visual sight of the lines and hooks.
3. One hook means a single, double, or treble pointed hook, and all hooks attached as a part of an artificial bait or lure shall be counted as one hook.
481A.73 Trotlines and tagged lines.

In the waters of the state open to their use, a person shall not use more than five tagged lines set to take fish such as trotlines or throw lines. Such tagged lines shall not have in the aggregate more than fifteen hooks. Each separate line when in use shall have attached a tag plainly labeled with the owner’s name and address, shall be checked at least once each twenty-four hours, and a person shall not use tagged lines in a stocked lake or within three hundred feet of a dam or spillway or in a stream or portion of stream, which is closed or posted against the use of such tackle. One end of such lines shall be set from the shore and be visible above the shore waterline, but no such line shall be set entirely across a stream or body of water. Any untagged or unlawful lines when found in use shall be confiscated by any officer appointed by the director.

481A.84  Frogs — catching — selling.
1.  Frogs may be taken by holders of a fishing license only and they may be used for bait
or food purposes, but no person shall take more than four dozen frogs in any one day or have
in possession at any one time more than eight dozen frogs.  Licensed bait dealers authorized
by law to sell bait may have in their possession to supply the bait needs of their customers,
not more than twenty dozen frogs.
2.  No person shall use any device, net, barrier or fence of any kind which prevents frogs
from having free access to and egress from the water.
3.  Transportation out of the state in any manner or for any purposes, of frogs taken in
Iowa, is prohibited.
4.  Nothing in this chapter shall be construed to prevent the purchase, sale or possession
of frogs or any portion of the carcasses of frogs that have been legally taken and shipped in
from without the state.
5.  Nothing herein shall prevent any person from catching frogs on the person’s own
premises for the person’s private use.

TRAPPING OR HUNTING OF FUR-BEARING ANIMALS

481A.87 Open seasons.
Except as otherwise provided, a person shall not take, capture, kill, or have in possession a fur-bearing animal or any of its parts at any time except during the open season as set by the commission except where the killing, trapping, or ensnaring is for the protection of a person or public or private property with the prior permission of a duly appointed representative of the commission. If prior permission is impractical or impossible to obtain and the fur-bearing animal represents a threat to a person, domestic animal, or private property, the fur-bearing animal may be taken without prior permission. All fur-bearing animals and all parts thereof taken as provided in this section shall be disposed of on the site or shall be relinquished to a representative of the commission.

481A.89 Permit to hold hides.
Upon application, which shall be filed with the commission within ten days after the close of the open season, any person may be permitted to hold hides or skins of fur-bearing animals lawfully taken for a longer time than specified above. Such application shall be verified and shall show the number and varieties of the skins or hides to be held by the applicant. The commission shall thereupon issue a permit to such applicant to hold such skins or hides, which permit shall authorize the holder to sell or otherwise dispose of such skins or hides.

481A.92 Traps — disturbing dens — tags for traps.
1. A person shall not use or attempt to use colony traps in taking, capturing, trapping,
or killing any game or fur-bearing animals except muskrats as determined by rule of the commission. Box traps capable of capturing more than one game or fur-bearing animal at each setting are prohibited. A valid hunting license is required for box trapping cottontail rabbits and squirrels. All traps and snares used for the taking of fur-bearing animals shall have a metal tag attached plainly labeled with the user’s name and address. All traps and snares, except those which are placed entirely under water, shall be checked at least once every twenty-four hours. Officers appointed by the department may confiscate such traps and snares found in use that are not properly labeled or checked.

2. Except as otherwise provided, a person shall not use chemicals, explosives, smoking devices, mechanical ferrets, wire, tool, instrument, or water to remove fur-bearing animals from their dens. Humane traps, or traps designed to kill instantly, with a jaw spread, as originally manufactured, exceeding eight inches are unlawful to use except when placed entirely under water.

3. Conibear type traps and snares shall not be set on the right-of-way of a public road within two hundred yards of the entry to a private drive serving a residence without the permission of the occupant.

4. A snare when set shall not have a loop larger than eight inches in horizontal measurement except for a snare set with at least one-half of the loop under water. A snare set on private land other than roadsides within thirty yards of a pond, lake, creek, drainage ditch, stream, or river shall not have a loop larger than eleven inches in horizontal measurement.

5. All snares shall have a functional deer lock which will not allow the snare loop to close smaller than two and one-half inches in diameter.

481A.93 Hunting by artificial light.

1. A person shall not throw or cast the rays of a spotlight, headlight, or other artificial light on a highway, or in a field, woodland, or forest for the purpose of spotting, locating, or taking or attempting to take or hunt a bird or animal, except raccoons or other fur-bearing animals when treed with the aid of dogs, while having in possession or control, either singly or as one of a group of persons, any firearm, bow, or other implement or device whereby a bird or animal could be killed or taken.

2. This section does not apply to any of the following:
   a. Deer being taken by or under the control of a local governmental body within its corporate limits pursuant to an approved special deer population control plan.
   b. A person who is totally blind using a laser sight on a bow or gun while hunting, if all of the following apply:
      (1) The person’s total blindness is supported by medical evidence produced by an eye care professional who is an ophthalmologist, optometrist, or medical doctor. The eye care professional must certify that the person has no vision or light perception in either eye. The certification must be carried on the person of the totally blind person and made available for inspection by the department.
      (2) The totally blind person is accompanied and aided by a person who is at least eighteen years of age and whose vision is not seriously impaired. The accompanying person must purchase a hunting license that includes the wildlife habitat fee as provided in rules adopted pursuant to section 483A.1 if applicable. If the accompanying person is not required to have a hunting license the person is not required to pay the wildlife habitat fee. During the hunt, the accompanying adult must be within arm’s reach of the totally blind person, and must be able to identify the target and the location of the laser sight beam on the target. A person other than the totally blind person shall not shoot the laser sight-equipped gun or bow.

SUBCHAPTER VIII
FUR DEALERS

481A.94 Definition.
The term “fur dealer” as used in this chapter shall mean any person, firm, partnership, or corporation engaged in the business of buying, bartering, trading, or otherwise obtaining raw hides or skins of fur-bearing animals.

481A.95 License — reciprocity.
1. A license shall be required of each fur dealer and each employee, agent, or representative of a fur dealer except when the employee, agent, or representative is operating solely on the premises of a licensed fur dealer. A fur dealer shall conduct business only at the location specified on the dealer’s license, at an established fur auction, at the nonadvertised residence of a licensed fur harvester, or at the place of business specified on the license of any fur dealer. A nonresident licensed fur dealer may purchase location permits to operate at locations other than at the location specified on the fur dealer’s license. A resident licensed fur dealer may obtain location permits without fee. Each location permit shall be valid only for the one location specified on the location permit and shall entitle the fur dealer and employee, agent, or representative of the licensed fur dealer to operate at that location. The commission shall, upon application and the payment of the required license fee, if any, furnish the proper license and location permits to the dealer.

2. A resident of another state shall pay the fee provided by statute for the nonresident fur dealer’s license unless that state has a reciprocity agreement with this state. The reciprocity agreement must provide that each state will charge nonresidents from the other state the same fee for the nonresident fur dealer’s license and the fee under the agreement must be less than the statutory fee of this state for nonresidents and higher than the statutory fee of this state for residents.

481A.96 Possession by dealer.
A licensed fur dealer may have in possession at any time skins or hides of animals which have been lawfully taken.
481A.97 Reports.
Fur dealers shall keep accurate, current records of their transactions. The records shall show the number and kinds of hides and skins which have been purchased, the date of purchase, and the name and address of the seller. Such records shall be open at all reasonable times to inspection by the commission. On or before May 15 of each year, each fur dealer shall file a verified inventory with the commission. The inventory shall include all transactions for the preceding year.

481A.122 Hunters’ orange apparel.
1. A person shall not hunt deer with firearms unless the person is at the time wearing one or more of the following articles of visible, external apparel: A vest, coat, jacket, sweatshirt, sweater, shirt, or coveralls, the color and material of which shall be solid blaze orange.

2. A person shall not hunt upland game birds, as defined by the department, unless the person is at the time wearing one or more of the following articles of visible, external apparel: A hat, cap, vest, coat, jacket, sweatshirt, sweater, shirt, or coveralls, the color and material of which shall be at least fifty percent solid blaze orange.

3. This section is not applicable to a person who is legally hunting with a raptor.

88 Acts, ch 1216, §37

481A.123 Prohibited hunting near buildings, feedlots.

1. A person shall not discharge a firearm or shoot or attempt to shoot a game or fur-bearing animal within two hundred yards of a building inhabited by people or domestic livestock or within two hundred yards of a feedlot unless the owner or tenant has given consent. However, within the corporate limits of a city, a person may take deer with a firearm within fifty yards of a building inhabited by people or domestic livestock, or a feedlot pursuant to an approved special deer population control plan, if the person obtains permission of the owner or tenant of the building or feedlot.

2. As used in this section, "feedlot" means a lot, yard, corral, or other area in which livestock are present and confined, for the purposes of feeding and growth before slaughter. The term does not include areas which are used for the raising of crops or other vegetation and upon which livestock are allowed to graze or feed.

3. a. This section does not apply to the discharge of a firearm for the purpose of target shooting on premises posted as a target shooting range that is open to the public, if the premises have been used as a target shooting range prior to the erection of a building inhabited by people or domestic livestock, or prior to the construction of a feedlot, located within two hundred yards of the target shooting range. This subsection applies only to the erection of a building inhabited by people or domestic livestock or to the construction of a feedlot located within two hundred yards of a target shooting range that is open to the public and that is identified as a target shooting range by the city, county, state, or federal government, which erection or construction occurs on or after May 14, 2004.

b. As used in this subsection, "target shooting" means the discharge of a firearm at an inanimate object, for amusement or as a test of skill in marksmanship.

4. a. This section does not apply to the discharge of a firearm on premises identified as a public hunting area, if the premises have been identified as a public hunting area prior to the erection of a building inhabited by people or domestic livestock, or prior to the construction of a feedlot, located within two hundred yards of the public hunting area. This subsection applies only to the erection of a building inhabited by people or domestic livestock or to the construction of a feedlot located within two hundred yards of a public hunting area, which erection or construction occurs on or after May 14, 2004.

b. As used in this subsection, "public hunting area" means public lands or waters available for hunting by the public, and identified as a public hunting area by the city, county, state, or federal government.

5. a. This section does not apply to the discharge of a firearm on a farm unit by the owner or tenant of the farm unit or by a family member of the owner or tenant of the farm unit.

b. As used in this subsection, "family member", "farm unit", "owner", and "tenant" mean the same as defined in section 483A.24, subsection 2.

6. This section does not apply to the discharge of a firearm for the purpose of developing and retaining the shooting proficiency of certified law enforcement officers on premises owned by the state, a county, or a municipality, and operated by a law enforcement agency, which are not open to the general public and which were in operation prior to March 28, 2013.

7. Subject to subsection 1, an owner or tenant of private premises located in the unincorporated area of a county, or a person to whom the owner or tenant has given consent, may discharge a firearm for the purpose of target shooting on those private premises. The use of such private premises for target shooting shall not be found to be in violation of a noise ordinance or declared a public or private nuisance or be otherwise prohibited under state or local law. As used in this subsection, "target shooting" means the discharge of a firearm at an inanimate object, for amusement or as a test of skill in marksmanship.

481A.125 Intentional interference with lawful hunting, fishing, or fur-harvesting activities — penalties.
1. As used in this section, “interfere with hunting, fishing, or fur-harvesting activities” means one or more of the following:
   a. To intentionally place oneself in a location where a human presence may affect the behavior of a fur-bearing animal, game, bird, or fish or the feasibility of killing or taking a fur-bearing animal, game, bird, or fish with the intent of obstructing or harassing another person who is lawfully hunting, fishing, or fur harvesting.
   b. To intentionally create a visual, aural, olfactory, or physical stimulus for the purpose of affecting the behavior of a fur-bearing animal, game, bird, or fish with the intent of obstructing or harassing another person who is lawfully hunting, fishing, or fur harvesting.
   c. To intentionally affect the condition or alter the placement of personal property used for the purpose of killing or taking a fur-bearing animal, game, bird, or fish with the intent of obstructing or harassing another person who is lawfully hunting, fishing, or fur harvesting.
2. A person shall not interfere with the lawful hunting, fishing, or fur-harvesting activities of another person in an area where hunting, fishing, or fur harvesting is authorized by a custodian of public property or an owner or lessee of private property.
3. A person who commits:
   a. A first offense of interfering with hunting, fishing, or fur-harvesting activities is guilty of a simple misdemeanor.
   b. A second or subsequent offense is punishable as a serious misdemeanor.
4. If a person who commits interfering with hunting, fishing, or fur-harvesting activities possesses a license, certificate, or permit issued by the department, the license, certificate, or permit is subject to suspension or revocation pursuant to section 481A.134.
5. This section shall not prohibit a landowner, tenant, or an employee of a landowner or tenant from performing normal agricultural operations or a law enforcement officer from performing official duties.

481A.125A Remote control or internet hunting — criminal and civil penalties.
1. As used in this section, “remote control or internet hunting” means use of a computer or other electronic device, equipment, or software to remotely control the aiming or discharge of a firearm or other weapon, allowing a person who is not physically present to take a wild animal, a game bird or ungulate kept on a hunting preserve under chapter 484B, or a preserve whitetail kept on a hunting preserve under chapter 484C.
2. A person shall not offer for sale, take, or assist in the taking of a wild animal, a game bird or ungulate kept on a hunting preserve under chapter 484B, or a preserve whitetail kept on a hunting preserve under chapter 484C, by remote control or internet hunting.
3. A person who violates this section is guilty of a serious misdemeanor. A second or subsequent violation of this section is punishable as a class “D” felony.
4. In addition, any person who violates this section is subject to a civil penalty, which may be levied by the department, of not more than ten thousand dollars for each violation of this section. The moneys collected from imposition of a civil penalty shall be deposited in the state fish and game protection fund.

TAXIDERMY

481A.126 Taxidermy.
1. “Taxidermist” as used in this section means a person engaged in the business of preserving or mounting game, fish, or fur-bearing animals as defined in this chapter.
2. A license is required for the practice of taxidermy. The commission, upon application and payment of the required license fee, shall furnish proper certificates to the applicant. The director may revoke the license for good cause.
3. A licensed taxidermist may possess at any time game, fish, or fur-bearing animals which have been lawfully taken.
4. A taxidermist shall keep accurate records of its transactions showing the numbers and kinds of specimens received for preserving, the date of acquisition, and the name and address of the owner of the specimens.
5. A person shall not put or leave any game, fish, or fur-bearing animal in the custody of another person for the purpose of having taxidermy services performed unless each specimen has a tag attached which is signed by the possessor and states the address of the possessor, the total number and species of the specimens and the date the specimens were killed.
6. All transactions, tags, and specimens left in the custody of the taxidermist by another person shall be open to inspection by a conservation officer at any reasonable hour.

SUBCHAPTER XI
CIVIL DAMAGES — SUSPENSIONS

481A.130 Damages in addition to penalty — animals — ginseng.
1. In addition to the penalties for violations of this chapter and chapters 350, 461A, 481B, and 482, a person convicted of unlawfully selling, taking, catching, killing, injuring, destroying, or having in possession any animal, shall reimburse the state for the value of such as follows:
   a. For each elk, antelope, buffalo, or moose, two thousand five hundred dollars.
   b. For each wild turkey, two hundred dollars.
   c. For each bird or animal or the raw pelt or plumage of such bird or animal for which damages are not otherwise prescribed, fifty dollars.
   d. For each reptile, mussel, or amphibian, fifteen dollars.
   e. For each beaver, bobcat, mink, otter, red fox, gray fox, or raccoon, two hundred dollars.
   f. For each animal classified by the commission as an endangered or threatened species, one thousand dollars.
g. For each antlered deer, reimbursement shall be based on the score of the antlered deer as measured by the Boone and Crockett club’s scoring system for whitetail deer as follows:
   (1) 150 gross inches or less: A minimum of two thousand dollars and not more than five thousand dollars, and eighty hours of community service or, in lieu of the community service, a minimum of four thousand dollars and not more than ten thousand dollars, in an amount that is deemed reasonable by the court.
   (2) More than 150 gross inches: A minimum of five thousand dollars and not more than ten thousand dollars, and eighty hours of community service or, in lieu of the community service, a minimum of ten thousand dollars and not more than twenty thousand dollars, in an amount that is deemed reasonable by the court.

h. For each deer, except as provided in paragraph “g”, and for each swan or crane, one thousand five hundred dollars.

i. For each fish, reimbursement shall be as follows:
   (1) For each fish of a species other than shovelnose sturgeon, with an established daily limit greater than twenty-five, fifteen dollars.
   (2) For each fish of a species other than paddlefish and muskellunge, with an established daily limit of twenty-five or less, fifty dollars.
   (3) For each shovelnose sturgeon, paddlefish, and muskellunge, one thousand dollars.

2. In addition to any other penalty, a person convicted of unlawfully harvesting wild ginseng in violation of section 456A.24 shall reimburse the state at one hundred fifty percent of the ginseng’s market value, as determined by the department.

3. This section does not apply to a landowner who cooperates with the department of natural resources and the department of agriculture and land stewardship to remove all whitetail from enclosed land as provided in section 170.5, even if all whitetail are not removed.

4. This section does not apply to a person who is liable to pay restitution to the department pursuant to section 481A.151 for injury to a wild animal caused by polluting a water of this state in violation of state law.

**481A.131 Judgment — execution.**

1. In each case of conviction of unlawfully taking, catching, killing, injuring, destroying, or having in possession any fish, game, or fur-bearing animal, the court shall enter a judgment in favor of the state of Iowa for liquidated damages in an amount as provided in section 481A.130. If two or more persons who have acted together are convicted of the unlawful taking, catching, killing, injuring, destroying, or having possession of any fish, game, or fur-bearing animal, the judgment shall be entered against them jointly.

2. Any liquidated damages assessed under this section and section 481A.130 shall be paid to the clerk of court. The clerk of court shall remit the damages paid to the department of natural resources. The department of natural resources shall credit such damages to the state fish and game protection fund.

3. The return of any uninjured fish, game, or fur-bearing animal which has been unlawfully taken, caught, or possessed, to the place where taken or caught or to any other place approved by the commission, shall constitute the discharge of any liquidated damages provided under section 481A.130.

4. Civil suits for the collection of judgments may be prosecuted by the attorney general or by county attorneys.

SUBCHAPTER XII
CANCELLATIONS, SUSPENSIONS, REVOCATIONS, AND PENALTIES

§481A.134 Authority to cancel, suspend, or revoke license — point system.
The department shall establish rules pursuant to chapter 17A providing for the suspension or revocation of licenses issued by the department. The rules may include procedures for summary cancellation of a license based on documentation that the licensee failed to pay the applicable fee for the license. For purposes of determining when to suspend or revoke a license issued by the department under this section, the department shall adopt a point system pursuant to chapter 17A for the purpose of weighing the seriousness of violations of the provisions of this chapter or chapter 481B, 482, 483A, 484A, or 484B, or of committing trespass as defined in section 716.7 while hunting deer, other than farm deer as defined in section 170.1 or preserve whitetail as defined in section 484C.1. The weighted scale may be amended from time to time as experience dictates.

§481A.135 Repeat offender — records, enforcement, and penalties.
1. The commission shall establish by rule, a recordkeeping system and other administrative procedures necessary to administer this section.
2. A person who pleads guilty or is convicted of a violation of any provision of this chapter or chapter 481B, 482, 483A, 484A, or 484B, or trespass as defined in section 716.7 while hunting deer, other than farm deer as defined in section 170.1 or preserve whitetail as defined
in section 484C.1, while the person's license or licenses are suspended or revoked is guilty of
a simple misdemeanor if the person has no other violations within the previous three years
which occurred while the person's license or licenses have been suspended or revoked.

3. A person who pleads guilty or is convicted of a violation of any provision of this chapter
or chapter 481B, 482, 483A, 484A, or 484B, or trespass as defined in section 716.7 while
hunting deer, other than farm deer as defined in section 170.1 or preserve whitetail as defined
in section 484C.1, while the person's license or licenses are suspended or revoked is guilty of
a serious misdemeanor if the person has one other violation within the previous three years
which occurred while the person's license or licenses have been suspended or revoked.

4. A person who pleads guilty or is convicted of a violation of any provision of this chapter
or chapter 481B, 482, 483A, 484A, or 484B, or trespass as defined in section 716.7 while
hunting deer, other than farm deer as defined in section 170.1 or preserve whitetail as defined
in section 484C.1, while the person's license or licenses are suspended or revoked is guilty of
an aggravated misdemeanor when the person has had two or more convictions within
the previous three years which occurred while the person's license or licenses have been
suspended or revoked.

5. An indictment or trial information for a violation requiring an enhanced penalty under
this section shall specify the underlying violation committed by the person.

1. A person shall not buy or sell a wild animal or part of a wild animal if the wild animal
is taken, transported, or possessed in violation of the laws of this state, or a rule adopted by
the department.

2. A person violating subsection 1 is guilty of a serious misdemeanor.

92 Acts, ch 1186, §3

481A.137 Abandonment of dead or injured wildlife.

1. While taking or attempting to take game or fur-bearing animals, a person shall not
abandon an injured game or fur-bearing animal without making a reasonable effort to retrieve
the animal from the field. A person shall not leave a useable portion of game or a fur-bearing
animal in the field.

2. A person violating subsection 1 is subject to a scheduled fine as provided in section
805.8B, subsection 3, paragraph “e”.

3. As used in this section, “useable portion” means the following:

a. For game, that part of an animal which is customarily processed for human
consumption.

b. For a fur-bearing animal, the fur or hide of the animal.

4. This section does not apply to pigeons or crows.

SUBCHAPTER XIII
AQUACULTURE

481A.141 Aquaculture — license required.

1. A person shall not engage in the business of aquaculture until that person has applied
for and has been issued an aquaculture unit license from the department. The application
period extends from January 1, or the date of the application, through December 31. A
license shall not be issued to operate an aquaculture unit on private or nonmeandered lakes and streams and ponds that may become stocked with fish from public waters or natural migration. A pond stocked by the department pursuant to section 481A.78 shall not be used for aquaculture purposes.

2. The following persons must obtain an aquaculture unit license:

a. A person who, for commercial purposes, rears or maintains live animals or plants for food, bait, or for stocking in waters of the state.

b. An owner or operator of a pond where guests or customers are allowed to fish for a fee, or allowed to take fish without regard to angling licenses, seasons, gear restrictions, or bag limits.

3. The cultivation and sale of tropical fish species or ornamental aquatic plants or animals, not utilized for human consumption or bait purposes, but maintained in closed systems and utilized by the pet industry or hobbyists are exempt from license requirements.

92 Acts, ch 1216, §3

481A.142 Licensed aquaculture units — activities allowed.

A holder of an aquaculture unit license may:

1. Possess, propagate, buy, sell, deal in, and transport the aquatic organisms produced from breeding stock legally acquired, including minnows.

2. Sell fish for stocking purposes within or outside the state. Fish which are nonindigenous to Iowa shall not be received or sold in the state unless the aquaculture unit has obtained an importation permit from the department. The department shall establish, by rule, requirements governing importation, and shall include a list of approved aquaculture species. Failure to comply with this subsection will result in loss of license and a violator is subject to the scheduled fine provided in section 805.8B.

3. Hold, feed, and sell carp, buffalo fish, and other fish legally taken by commercial fishers.

4. Harvest aquatic life on land under control of the aquaculture unit with commercial devices without obtaining any permits for the devices.

5. a. Sell bait, including minnows and frogs, propagated or raised within the licensed unit without having to obtain a bait dealer’s license. However, aquaculture units wishing to take bait from areas other than their licensed units must also obtain a bait dealer’s license.

b. A nonresident aquaculture unit licensee shall be limited to selling bait at wholesale unless the home state of the nonresident licensee allows residents of this state to sell bait at retail.

6. Take any gull, tern, or merganser within the bounds of the unit. An owner or operator of the licensed aquaculture unit, however, must first obtain a permit for this activity from the department or the United States fish and wildlife service. Each permittee shall file an annual report with the department which itemizes the birds taken during the period covered by the permit, and dispose of birds taken according to methods established by the department. The department shall not issue a subsequent permit to any person failing to file this report.

Referred to in §805.8B(3)(d)

For applicable scheduled fines, see §805.8B, subsection 3, paragraph d

481A.143 Licensed aquaculture units — requirements.

1. Each licensed aquaculture unit shall prepare an annual report of all fish bought, sold, and shipped. The records shall include species name as well as the weight, volume, or count of fish involved. Reports shall be filed on or before December 31 of each year for the preceding year. The department may refuse to renew a unit license if the annual report is not provided.

2. Each licensed aquaculture unit shall secure its breeding stock from licensed aquaculture units or licensed aquaculturists in the state or from lawful sources outside the state. An aquaculture unit shall not secure stock in any other manner.

3. A shipment of fish must be accompanied by a duplicate of the sales invoice showing the name and address of the producer, date of shipment, the species being transported, the weight, volume, or count of each species being shipped and the name and address of
the consignee. A duplicate of the sales invoice must be retained by the aquaculture unit or aquaculturist for one year following the sale.

4. A licensed aquaculture unit shall comply with all state laws pertaining to possession, taking, or selling of bait which it handles. The director may revoke the unit license of any person violating this subsection or a rule adopted by the department.

5. Minnow and bait boxes and tanks within licensed aquaculture units shall be open for inspection by the department at all times.

6. Aquaculture units shall not import live fish, viable eggs, or semen of any species of the salmonid family (trout, salmon, or char) and ictalurid family (catfishes and bullheads), including hybrids, unless the owner or operator possesses a fish importation permit. For the species listed in this subsection only, importation permits shall not be issued unless the fish, eggs, or semen have been inspected by the department and found to be free of disease detrimental to the state’s fishery resources. The owner or operator of an aquaculture unit must provide a statement certifying the fish listed in this subsection or their eggs or semen to be disease free, and include the date of inspection. Certification is not required for other fish species, but the department may require inspection at any time. The department shall establish, by rule, those diseases detrimental to the state’s fishery resources and the location of authorized certified pathologists for inspection.

92 Acts, ch 1216, §5

481A.144 Licensed bait dealers — requirements.

1. A person shall not sell minnows, frogs, crayfish, or salamanders for fish bait without first obtaining a bait dealer’s license from the department upon payment of the license fee. A licensee shall comply with all laws pertaining to taking, possessing, and selling of bait handled by the licensee. If convicted of violating a provision of this chapter or a rule adopted pursuant to this chapter, a licensee shall forfeit the licensee’s bait dealer license upon demand of the director.

2. When taking bait from lakes and streams, bait dealers shall take only the size of bait which they can use, and shall return all small minnows and frogs to the water immediately.

3. A minnow and bait box and a tank shall be open to inspection by the department at all times. A licensee shall have tanks and bait boxes of sufficient size and with proper aeration to keep the bait alive and prevent substantial loss.

4. A person shall not take or attempt to take minnows for commercial purposes from any waters of the state or shall not transport minnows without first obtaining a bait dealer’s license. However, a person taking or transporting minnows for personal use is not required to have a bait dealer’s license.

481A.145 Taking and selling of minnows and other bait — regulations.

1. Except for species listed as threatened or endangered under chapter 481B, a licensed bait dealer may take sufficient bait from lakes and streams of this state that are not closed to the taking of bait, to supply the licensee’s customers for hook and line fishing if the licensee is present while the bait is being taken.

2. Except as otherwise provided in this chapter, a person shall not carry, transport, ship, or cause to be carried, transported, or shipped, any minnows for the purpose of sale beyond the boundaries of the state. Minnows which are bred, hatched, propagated, or raised on a licensed aquaculture unit may be transported outside the state.

3. A person shall not transport, use, sell or offer to sell for bait or introduce into any inland waters of this state or into any waters from which the waters of the state may become stocked, any minnows or fish of the carp, quillback, gar, or dogfish species. Fish of the carp, quillback, gar, or dogfish species may be returned to the waters from which they are taken. A person shall not possess live gizzard shad at any lake in this state.

4. Minnow traps not exceeding thirty-six inches in length may be used when the taking of
minnows is allowed. Each trap, when in use, shall have a metal tag attached plainly labeled with the owner’s name and address.

5. A person shall not use a minnow dip net which exceeds four feet in diameter, a cast net which exceeds ten feet in diameter, or a minnow seine which exceeds twenty feet in length or has a mesh size smaller than one-quarter inch bar measure. Licensed bait dealers may obtain a permit from the department to use minnow seines longer than twenty feet, but not exceeding fifty feet in length.

6. The department may designate certain lakes and streams, and parts of them, from which minnow populations should be protected for the best management of the lakes or streams. If an investigation of a lake or stream or a portion of a lake or stream by the department indicates that the minnow population should be protected, the lake or stream or a portion of the lake or stream shall be closed to the taking of minnows for a period of time deemed advisable by the department.

SUBCHAPTER XIV
POLLUTION — RESTITUTION

481A.151 Restitution for pollution causing injury to wild animals.
1. A person who is liable for polluting a water of this state in violation of state law, including this chapter, shall also be liable to pay restitution to the department for injury caused to a wild animal by the pollution. The amount of the restitution shall also include the department’s administrative costs for investigating the incident. The administration of this section shall not result in a duplication of damages collected by the department under section 455B.392, subsection 1, paragraph “a”, subparagraph (3).
2. The commission shall adopt rules providing for procedures for investigations and the administrative assessment of restitution amounts. The rules shall establish an opportunity to appeal a departmental action including by a contested case proceeding under chapter 17A. A final administrative decision assessing an amount of restitution may be enforced by the attorney general at the request of the director.
3. Rules adopted by the commission shall provide for methods used to determine the extent of an injury and the monetary values for the loss of injured wild animals based on species.
   a. The rules shall provide for methods used to count dead fish and to calculate restitution values. The rules may incorporate methods and values published by the American fisheries society. To every extent practicable, the values shall be based on the estimates of lost recreational angler opportunities where applicable. As an alternative method of valuation, the rules may provide that for fish species that are protected by catch limits, possession limits, size limits, or closed seasons applicable to anglers, liquidated damages apply. The amount of the liquidated damages shall not exceed fifteen dollars per fish. For fish species
that are classified by the commission as endangered or threatened, the rules may establish liquidated damages not to exceed one thousand dollars per fish.

b. The rules shall provide guidelines for estimating the extent of loss of a species that is affected by a pollution incident but which would not be practical to count in sample areas. The rules may establish liquidated damage amounts for species whose replacement cost is difficult to determine.

4. Moneys collected by the department in restitution shall be deposited into the state fish and game protection fund. The moneys shall be used exclusively to support restoration or improvement of fisheries, including but not limited to aquatic habitat improvement projects as provided in rules adopted by the commission. However, moneys collected from restitution paid for investigative costs shall be used as determined by the director.

481B.1 Definitions.
As used in this chapter:
1. “Commission” means the natural resource commission.
2. “Director” means the director of the department of natural resources.
3. “Endangered species” means any species of fish, plant life, or wildlife which is in danger of extinction throughout all or a significant part of its range. “Endangered species” does not include a species of insecta determined by the commission or the secretary of the United States department of interior to constitute a pest whose protection under this chapter would present an overwhelming and overriding risk to humans.
4. “Fish or wildlife” means any member of the animal kingdom, including any mammal, fish, amphibian, mollusk, crustacean, arthropod, or other invertebrate, and includes any part, product, egg, or offspring, or the dead body of parts thereof. Fish or wildlife includes migratory birds, nonmigratory birds, or endangered birds for which protection is afforded by treaty or other international agreement.
5. “Import” means to bring into, or introduce into, or attempt to bring into, or attempt to introduce into, any place subject to the jurisdiction of this state.
6. “Person” means person as defined in section 4.1, subsection 20.
7. “Plant” or “plant life” means any member of the plant kingdom, including seeds, roots, and other parts thereof.
8. “Species” includes any subspecies of fish, plant life, or wildlife and any other group of fish, plants, or wildlife of the same species or smaller taxa in common spatial arrangement that interbreed or cross-pollinate when mature.
9. “Take”, in reference to fish and wildlife, means to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, collect and it includes an attempt to engage in any such conduct.
10. “Take”, in reference to plants, means to collect, pick, cut, dig up or destroy in any manner.
11. “*Threatened species*” means any species which is likely to become an endangered species within the foreseeable future throughout all or a significant portion of its range.

**481B.3 Investigations.**
The director shall conduct investigations on fish, plants, and wildlife in order to develop information relating to population, distribution, habitat needs, limiting factors, and other biological and ecological data to determine management measures necessary for their continued ability to sustain themselves successfully. On the basis of these determinations and other available scientific and commercial data, which may include consultation with scientists and others who may have specialized knowledge, learning, or experience, the commission shall pursuant to chapter 17A promulgate a rule listing those species of fish, plants, and wildlife which are determined to be endangered or threatened within the state.

The commission shall review the state list of endangered and threatened species at least every two years and may amend the list.

Referred to in §481B.4, 481B.5, 481B.6

**481B.4 Programs.**
The director shall establish programs, including acquisition of land or aquatic habitat, necessary for the management of endangered or threatened species.

In carrying out the programs authorized by this section, the commission may enter into cooperative agreements with federal and state agencies, political subdivisions of the state, or with private persons for the administration and management of any area or program established under this section or for investigation as outlined in section 481B.3.

[C77, 79, 81, §109A.4]
C93, §481B.4

**481B.5 Prohibitions.**
Except as otherwise provided in this chapter or by rule, a person shall not take, possess, transport, import, export, process, sell or offer for sale, buy or offer to buy, nor shall a common or contract carrier transport or receive for shipment, any species of fish, plants, or wildlife appearing on the following lists which shall be adopted by rule of the commission:

1. The list of fish, plants, and wildlife indigenous to the state determined to be endangered or threatened within the state pursuant to section 481B.3.

2. The United States list of endangered or threatened native fish and wildlife as contained in 50 C.F.R. pt. 17 as amended to December 30, 1991.

3. The United States list of endangered or threatened plants as contained in 50 C.F.R. pt. 17 as amended to December 30, 1991.

CHAPTER 481C
WILD ANIMAL DEPREDATION PROCEDURES

481C.1 Wild animal depredation unit.
A wild animal depredation unit is established within the department of natural resources. The unit shall be comprised of two wild animal depredation biologists.
97 Acts, ch 180, §2; 2002 Acts, ch 1162, §72
Referred to in §481C.3

481C.2 Duties.
1. The director of the department of natural resources shall enter into a memorandum of agreement with the United States department of agriculture, animal damage control division. The wild animal depredation unit shall serve and act as the liaison to the department for the producers in the state who suffer crop, horticultural product, tree, or nursery damage due to wild animals.
2. The department shall issue depredation permits to any landowner who incurs crop, horticultural product, tree, or nursery damage of one thousand dollars or more due to wild animals.
3. The criteria for issuing depredation licenses and permits shall be established in administrative rules in consultation with the farmer advisory committee created in section 481A.10A. The administrative rules adopted pursuant to this section shall not require a producer to erect or maintain fencing at a cost exceeding one thousand dollars as a requisite for receiving a depredation license or permit or for participation in a depredation plan.
97 Acts, ch 180, §3; 98 Acts, ch 1203, §4; 2008 Acts, ch 1037, §2, 6
Referred to in §481C.2A

481C.2A Deer depredation management program — licenses and permits.
1. Deer depredation licenses shall be available for issuance as follows:
   a. Deer depredation licenses shall be available for issuance to resident hunters.
   b. Depredation licenses issued pursuant to this subsection shall be valid to harvest antlerless deer only. Depredation licenses that are issued to a landowner and family members as defined in section 483A.24 shall be in addition to the number of free licenses that are available for issuance to such persons under section 483A.24. A landowner or a family member may obtain one free depredation license for each deer hunting season that is established by the commission. Deer may be harvested with a rifle pursuant to a depredation license in any area and in any season where the commission authorizes the use of rifles.
   c. Licenses issued pursuant to this subsection may be issued at any time to a resident hunter who has permission to hunt on the land for which the license is valid pursuant to this subsection.
   d. A producer who enters into a depredation agreement with the department of natural resources shall be issued a set of authorization numbers. Each authorization number authorizes a resident hunter to obtain a depredation license that is valid only for taking antlerless deer on the land designated in the producer’s depredation plan. A producer may transfer an authorization number issued to that producer to a resident hunter who has permission to hunt on the land for which the authorization number is valid. An authorization number shall be valid to obtain a depredation license in any season. The provisions of this paragraph shall be implemented by August 15, 2008. A transferee who receives an authorization number pursuant to this paragraph “d” shall be otherwise qualified to hunt deer in this state, purchase a hunting license that includes the wildlife habitat fee, and pay the one dollar fee for the purpose of the deer herd population management program.
2. Deer shooting permits shall be available for issuance as follows:
   a. Deer shooting permits shall be available for issuance to landowners who incur crop,
horticultural product, tree, or nursery damage as provided in section 481C.2 and shall be available for issuance for use on areas where public safety may be an issue.

b. Deer shooting permits issued pursuant to this subsection shall be valid and may be used outside of established deer hunting seasons.

3. Notwithstanding section 481C.2, subsection 3, a producer shall not be required to erect or maintain fencing as a requisite for receiving a deer depredation permit or for participation in a deer depredation plan pursuant to this section.

4. A person who harvests a deer with a deer depredation license or a deer shooting permit issued pursuant to this section shall utilize the deer harvest reporting system set forth in section 483A.8A and shall not be subject to different disposal or reporting requirements than are applicable to the harvest of deer pursuant to other deer hunting licenses except that any antlers on a deer taken pursuant to a shooting permit shall be delivered to the local conservation officer for disposal.

5. The department shall administer and enforce the administrative rules concerning deer depredation, including issuance of deer depredation licenses and deer shooting permits, that are established by the commission.

6. The department shall make educational materials that explain the deer depredation management program available to the general public, and available specifically to farmers and farm and commodity organizations, in both electronic and brochure formats.

7. The department shall conduct outreach programs for farmers and farm and commodity organizations that explain the deer depredation management program. The department shall develop, by rule, a master hunter program and maintain a list of master hunters who are available to assist producers in the deer depredation management program by increasing the harvest of antlerless deer on the producer’s property.

481C.3 Funding.
The revenue from nonresident deer and wild turkey hunting licenses shall be used to pay the salaries, support, and maintenance of the wild animal depredation unit established pursuant to section 481C.1.

97 Acts, ch 180, §4; 2000 Acts, ch 1154, §33

CHAPTER 482
COMMERCIAL FISHING
Referred to in §456A.14, 456A.24, 481A.1, 481A.130, 481A.134, 481A.135, 483A.32

This chapter not enacted as a part of this title; transferred from chapter 109B in Code 1993

See §481A.134 and 481A.135 for point system and additional penalties

§482.1 Authority of the commission.
1. The natural resource commission shall observe, administer, and enforce this chapter.
The natural resource commission may adopt and enforce rules under chapter 17A as necessary to carry out this chapter.

2. The natural resource commission may:
   a. Remove or cause to be removed from the waters of the state any aquatic species that in the judgment of the commission is an underused renewable resource or has a detrimental effect on other aquatic populations. All proceeds from a sale of these aquatic organisms shall be credited to the state fish and game protection fund.
   b. Issue to any person a permit or license authorizing that person to take, possess, and sell underused, undesirable, or injurious aquatic organisms from the waters of the state. The person receiving a permit or license shall comply with the applicable provisions of this chapter.
   c. Authorize the director to enter into written contracts for the removal of underused, undesirable, or injurious organisms from the waters of the state. The contracts shall specify all terms and conditions desired. A person who enters into such a contract with the director, and any subcontractor under such a contract, shall have an appropriate valid commercial license under section 482.4. However, other persons assisting with performance of the contract or subcontract may be unlicensed.
   d. Prohibit, restrict, or regulate commercial fishing and commercial turtle harvesting in any waters of the state.
   e. Revoke the license of a licensee for up to one year if the licensee has been convicted of a violation of chapter 481A, 482, or 483A. A licensee shall not continue commercial fishing while a license issued by the natural resource commission or issued by another state is under revocation or suspension.
   f. Regulate the numbers of commercial fishers and commercial turtle harvesters and the amount, type, seasonal use, mesh size, construction and design, manner of use, and other criteria relating to the use of commercial gear for any body of water or part thereof.
   g. Establish catch quotas, seasons, size limits, and other regulations for any species of commercial fish or turtles for any body of water or part thereof.
   h. Designate by listing species as commercial fish or turtles.
   i. Designate any body of water or its part as protected habitat and restrict, prohibit, or otherwise regulate the taking of commercial fish and turtles in protected habitat areas.

3. Employees of the department may lift and inspect any commercial gear at any time and may inspect commercial catches, commercial markets, and landings, and examine sale and purchase records of commercial fishers, commercial turtle harvesters, commercial roe harvesters, commercial turtle buyers, and commercial roe buyers upon demand.

4. Employees of the department may seize and retain as evidence any illegal fish or turtles, or any illegal commercial gear, or any other personal property used in violation of any provision of the Code, and may confiscate any untagged or illegal commercial gear as contraband.

§482.2 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Boundary waters” means the waters of the Mississippi, Missouri, and Big Sioux rivers.
2. “Commercial fish helper” means a person who is licensed by the state to assist a commercial fisher or a commercial roe harvester in operating commercial gear or in taking, attempting to take, possessing, or transporting commercial fish, roe species, roe, or turtles.
3. “Commercial fisher” means a person who is licensed by the state to take, attempt to take, possess, transport, sell, barter, or trade turtles or turtle eggs, commercial fish except roe species, or fish parts except roe.
4. “Commercial fishing” means taking, attempting to take, possessing, or transporting of commercial fish or turtles for the purpose of selling, bartering, trading, offering, or exposing for sale.
5. “Commercial gear” means the capturing equipment used by commercial fishers, commercial roe harvesters, and commercial turtle harvesters.
6. “Commercial roe buyer” means a person who is licensed by the state to engage in the business of buying, selling, bartering, or trading of roe and roe species.
7. “Commercial roe harvester” means a person who is licensed by the state to engage in the harvest and sale, barter, or trade of roe and roe species.
8. “Commercial species” means species of fish and turtles which may be lawfully taken and sold by commercial fishers, commercial roe harvesters, and commercial turtle harvesters, as established by rule by the commission.
9. “Commercial turtle buyer” means a person who is licensed by the state to engage in the business of buying, selling, bartering, or trading commercial turtles or turtle eggs.
10. “Commercial turtle harvester” means a person who is licensed by the state to take, attempt to take, possess, transport, and sell, barter, or trade commercial turtles or turtle eggs.
11. “Commercial turtle harvesting” means taking, attempting to take, possessing, or transporting of commercial turtles or turtle eggs for the purpose of selling, bartering, trading, offering, or exposing for sale.
12. “Commercial turtle helper” means a person who is licensed by the state to assist a commercial turtle harvester in operating commercial gear, or in taking, attempting to take, possessing, or transporting commercial turtles or turtle eggs.
13. “Constant attendance” means the presence of a commercial fisher whenever commercial gear is in use.
14. “Director” means the director of the department of natural resources, and the director’s duly authorized assistants, deputys, or agents.
15. “Game fish” means all species and size categories of fish not included as “commercial species” or minnows.
16. “Inland waters of the state” means all public waters of the state excluding the boundary waters of the Mississippi, Big Sioux, and Missouri rivers.
17. “Licensed commercial gear” means any commercial gear that is licensed as provided in this chapter and that, when in use, has the proper tags attached as provided by this chapter.
18. “Nonresident or alien” means a person who does not qualify as a resident as defined in section 483A.1A.
19. “Resident” means a person as defined in section 483A.1A.
21. “Roe species” means fish harvested for their eggs. Roe species include but are not limited to shovelnose sturgeon and bowfin and any other fish defined as roe species by the commission by rule.
22. “Waters of the state” means all of the waters under the jurisdiction of the state.

482.3 Commercial fishing — where permitted.
It is unlawful to use commercial gear in the taking of commercial fish, turtles, and mussels from the waters of the state, except as otherwise provided by statute or administrative rules of the commission.
482.4 Commercial licenses and gear tags.
1. A person shall not use or operate commercial gear unless an individual is at the site where the commercial gear is being operated who possesses an appropriate valid commercial license. A commercial license is valid from the date of issue to January 10 of the succeeding calendar year.
2. A commercial roe harvester shall possess a valid commercial fishing license and a valid commercial roe harvester license.
3. Commercial fishers and commercial turtle harvesters shall provide and affix weather-resistant gear tags to each piece of gear in use. Each weather-resistant gear tag shall plainly show the name, address, and commercial license number of the licensee and whether the gear is fish or turtle gear.
4. Annual license fees are as follows:
   a. Commercial fisher, resident ........................................ $ 200.00
   b. Commercial fisher, nonresident .................................. $ 400.00
   c. Commercial fish helper, resident ................................. $  50.00
   d. Commercial fish helper, nonresident ............................ $ 100.00
   e. Commercial roe buyer, resident ................................. $ 250.00
   f. Commercial roe buyer, nonresident .............................. $ 500.00
   g. Commercial roe harvester, resident ............................. $ 100.00
   h. Commercial roe harvester, nonresident ......................... $3,500.00
   i. Commercial turtle buyer, resident ............................. $ 200.00
   j. Commercial turtle buyer, nonresident ........................ $ 400.00
   k. Commercial turtle harvester, resident ......................... $ 100.00
   l. Commercial turtle harvester, nonresident .................... $400.00
   m. Commercial turtle helper, resident ........................... $  50.00
   n. Commercial turtle helper, nonresident ........................ $ 100.00
5. Commercial fish and turtle gear tags are required on the following units of commercial gear:
   a. Seine.
   b. Trammel net.
   c. Gill net.
   d.Entrapment nets.
   e. Commercial trotline.
   f. Commercial turtle trap.

482.7 Gear attendance.
1. A commercial fisher, commercial turtle harvester, or commercial roe harvester licensee must be present when commercial gear is operated. A commercial fish helper or commercial turtle helper shall not operate commercial gear except under the direct supervision of a commercial fisher, commercial turtle harvester, or commercial roe harvester. A nonresident commercial turtle helper is licensed only to assist a licensed nonresident commercial turtle harvester. Commercial gear shall be lifted and emptied of catch as provided by the rules of the commission. Constant attendance by the commercial fisher of seines, trammel nets, and gill nets is required when the gear is fished by driving, drive-seining, seining, floating, or drifting methods. Officers of the commission may grant a reasonable extension of gear attendance intervals only upon the request of a commercial fisher, commercial turtle harvester, or commercial roe harvester specifying why such an extension is necessary.

2. For the purposes of this section, "direct supervision" means that a commercial fisher, commercial turtle harvester, or commercial roe harvester must be in the same boat, within hand-signal distance, or within vocal communication distance, without the help of any electronic or amplifying device, of the commercial fish helper or commercial turtle helper being supervised.

482.8 Baits.
1. It is lawful for licensed commercial fishers, commercial turtle harvesters, and commercial roe harvesters to pursue, take, possess, and transport any commercial fish or their parts, bait fish, turtles, frogs, salamanders, leeches, crayfish, or any other aquatic invertebrates for bait unless otherwise prohibited by law.

2. It is lawful to use any member of the following families as bait fish in boundary waters: Cyprinidae, the minnows; Catostomidae, the suckers; Umbridae, the mudminnows; Clupeidae, the herrings; Hiodontidae, the mooneyes; Amiidae, the bowfin unless otherwise prohibited by law.

3. It is lawful to use green sunfish, Lepomis cyanellus, and orange-spotted sunfish, Lepomis humilis, for bait fish.

4. It is lawful to use minnow seines for taking bait in the boundary waters. Minnow seines may not exceed fifty feet in length and eight feet in depth.

Referred to in §805.8B(3)(d)
For applicable scheduled fines, see §805.8B, subsection 3, paragraph d

482.9 Unlawful methods.
It is unlawful:
1. To use commercial gear which is not in accordance with this chapter or the rules of the commission.
2. To use commercial gear within nine hundred feet from a navigation dam on the boundary waters.
3. To use commercial gear within three hundred feet from the mouth of a tributary stream emptying into the boundary waters.
4. For a person to lift or to fish licensed commercial gear of another person, except when under the direct supervision of the licensee as provided in section 482.7.
5. To employ chemicals, electricity, or explosives into the water for taking fish, turtles, or freshwater mussels except as authorized by the director.
6. To have in one’s possession game fish or other fish, turtles, or mussels deemed illegal by other provisions of law while engaged in commercial activities. A fish caught in commercial fishing that is not lawful to possess shall be handled with wet hands and immediately released under water with as little injury as possible.
7. To block or inhibit navigation through channels with commercial gear unless a minimum of three feet of water depth is maintained over float lines of any entanglement gear or leads to trap nets. Gear shall not block over one-half the width of a navigable channel if there is less than three feet of water over the gear.

§482.9, COMMERCIAL FISHING

2009 Acts, ch 144, §27; 2011 Acts, ch 34, §110
Referred to in §805.8B(3)(e)

482.10 Commercial fishing licenses.
1. All persons who commercially take, attempt to take, possess, transport, sell, barter, trade, or buy commercial fish or their parts shall possess an appropriate, valid commercial fishing license. This subsection does not apply to an individual who buys commercial fish or their parts from a commercial fisher for personal consumption.
   a. A commercial fisher license is required to operate commercial gear and to take, attempt to take, possess, process, transport, or sell any commercial fish, commercial turtles, or turtle eggs.
   b. A commercial fish helper license is required to assist a commercial fisher or commercial roe harvester in operating commercial gear and in taking, attempting to take, possessing, or transporting commercial fish, roe species, roe, commercial turtles, or turtle eggs. A commercial fish helper is not permitted to buy, sell, barter, or trade commercial fish, roe species, roe, commercial turtles, or turtle eggs. A commercial fish helper license is not required for a person under sixteen years of age to assist a commercial fisher as provided in this paragraph “b”.
   c. A commercial roe harvester license is required to harvest, possess, transport, or sell roe or roe species or their parts. A commercial roe harvester is not permitted to buy, barter, or trade roe or roe species unless in possession of a valid roe buyer license. A commercial roe harvester shall sell roe or roe species only to a commercial roe buyer licensed in this state.
   d. A commercial roe buyer license is required to buy, barter, or trade roe or roe species for resale.
2. All intrastate and interstate shipments of commercial fish, turtles, turtle eggs, or roe or roe species, must be accompanied by a receipt which shows the name and address of the seller, date of sale, and the species, numbers, and pounds of the fish, roe species, roe, turtles, or turtle eggs being sold.

§482.11 Turtles and turtle eggs.
1. All persons who commercially take, attempt to take, possess, transport, or sell turtles
or turtle eggs shall possess an appropriate, valid commercial license. This subsection does not apply to an individual who buys turtles or turtle eggs from a commercial fisher or a commercial turtle harvester for personal consumption.

a. A commercial turtle harvester license is required to operate commercial gear and to take, attempt to take, possess, transport, sell, barter, or trade commercial turtles or turtle eggs. Nonresident commercial turtle harvesters shall harvest commercial turtles only from the boundary waters.

b. A commercial turtle helper license is required to assist a commercial turtle harvester in operating commercial gear, and in taking, attempting to take, possessing, or transporting commercial turtles or turtle eggs. A commercial turtle helper is not permitted to buy, sell, barter, or trade commercial turtles or turtle eggs. A commercial turtle helper license is not required for a person under sixteen years of age to assist a commercial turtle harvester as provided in this paragraph “b”.

c. A commercial turtle buyer license is required to engage in the business of buying, bartering, or trading commercial turtles or turtle eggs.

d. A commercial fisher license entitles commercial fishers to operate any licensed commercial gear and to take, attempt to take, possess, and sell, barter, or trade turtles or turtle eggs taken with such commercial gear.

2. It is unlawful to take, possess, or sell any species of turtles except those designated by the commission by rule.

Referred to in §§805.8B(3)(a)
For applicable scheduled fine, see §§805.8B, subsection 3, paragraph n

482.13 Reciprocity for commercial fishing and commercial turtle fishing.

1. Reciprocal commercial fishing and commercial turtle fishing privileges are contingent upon a grant of similar privileges by the appropriate state to residents of this state.

2. The commission may negotiate commercial reciprocity agreements with other states.

482.14 Reports and records required — inspections.

1. All commercial fishers, commercial turtle harvesters, commercial turtle buyers, commercial roe harvesters, and commercial roe buyers shall submit a monthly report supplying all information requested on forms furnished by the department. Reports must be received by the department no later than the fifteenth day of the following month.

2. Commercial fishers shall utilize a dated receipt with at least two parts, with one original and one copy of each receipt, that contains the species, number, and pounds of fish or turtles sold, bartered, or traded. Commercial fishers shall retain a copy of each receipt for five years following the transaction. A purchaser of commercial fish or turtles shall retain a copy of the receipt for as long as the purchaser is in possession of the fish or turtles.

3. Commercial turtle harvesters shall utilize a dated receipt with at least two parts, with one original and one copy of each receipt, that contains the species, number, and pounds of turtles sold, bartered, or traded. Commercial turtle harvesters shall retain a copy of each receipt for five years following the transaction. A purchaser of commercial turtles shall retain a copy of the receipt for as long as the purchaser is in possession of the turtles.

4. Commercial turtle buyers shall maintain accurate records of all transactions. The records shall contain the date, number, weight, and species of turtles purchased, the name and address of the seller, and the county or pools where the turtles were taken. The records
shall be updated monthly. Such records shall be available for examination by employees of the department upon request. A commercial turtle buyer shall only purchase turtles from a licensed commercial fisher or commercial turtle harvester.

5. Commercial roe buyers shall utilize a receipt with at least two parts, with one original and at least one copy of each receipt, for each purchase of commercial roe species and roe. The original of the receipt shall be kept by the commercial roe buyer and a copy of the receipt shall be given to the commercial roe harvester selling the commercial roe species or roe. Commercial roe buyers and commercial roe harvesters shall retain such receipts for five years following the date of the transaction.

6. Facilities and records of commercial fish buyers, commercial turtle buyers, commercial roe harvesters, and commercial roe buyers shall be open at all reasonable times for inspection by any conservation officer.

§482.15 Penalties.
A person who violates this chapter or a rule issued under this chapter is guilty of a simple misdemeanor punishable as a scheduled violation under section 805.8B, subsection 3, paragraph “e”. However, the scheduled fine specified in section 805.8B, subsection 3, paragraph “e”, does not apply to a violation of this chapter or a rule for which another scheduled fine is specified in section 805.8B, subsection 3.

483A.1 Licenses — fees — rules.  
1. Except as otherwise provided in this chapter, a person shall not fish, trap, hunt, pursue, catch, kill, take in any manner, use, have possession of, sell, or transport all or a part of any wild animal, bird, game, turtle, or fish, the protection and regulation of which is desirable for the conservation of resources of the state, without first obtaining a license for that purpose, and the payment of a fee as established by rules adopted by the commission pursuant to chapter 17A.  
2. a. The fees established by rule pursuant to subsection 1 shall be periodically evaluated by the department, but not less often than once every three years, to ensure that the fees paid are sufficient to meet the needs of natural resource management and the public.  
   b. By December 15 of each year on and after December 15, 2019, that an evaluation of the license fees is completed, the department shall file a written report with the commission and
the general assembly which shall include the evaluation and recommendations for changes, if any. Any fee increase proposed in such a report shall not take effect until on or after December 15 of the year succeeding the report and an individual license fee shall not be increased in any calendar year in an amount that exceeds five percent.

483A.1A Definitions.
As used in this chapter unless the context otherwise requires:
1. “Boundary waters” means the waters of the Mississippi, Missouri, and Big Sioux rivers.
2. “Commission” means the natural resource commission.
3. “Department” means the department of natural resources created under section 455A.2.
4. “Director” means the director of the department.
5. “License” means a privilege granted by the commission to fish, hunt, fur harvest, pursue, catch, kill, take in any manner, use, have possession of, sell, or transport all or part of a wild animal, bird, game, or fish, including any privilege related to a license granted by issuance of a stamp or a payment of a fee.
6. “License agent” means an individual, business, or governmental agency authorized to sell a license.
7. “License document” means an authorization, certificate, or permit issued by the department or a license agent that lists and confers one or more license privileges.
8. “Nonresident” means a person who is not a resident as defined in subsection 10.
9. “Principal and primary residence or domicile” means the one and only place where a person has a true, fixed, and permanent home, and to where, whenever the person is briefly and temporarily absent, the person intends to return. Relevant factors in determining a person’s principal and primary residence or domicile include but are not limited to proof of place of employment, mailing address, utility records, land ownership records, vehicle registration, and address listed on the person’s state and federal income tax returns. A person who submits documentation to establish the person’s principal and primary residence or domicile to the department or its designee upon request. The department or its designee shall keep confidential any document received pursuant to such a request if the document is required to be kept confidential by state or federal law.
10. “Resident” means a natural person who meets any of the following criteria during each year in which the person claims status as a resident:
a. Has physically resided in this state as the person’s principal and primary residence or domicile for a period of not less than ninety consecutive days immediately before applying for or purchasing a resident license, tag, or permit under this chapter and has been issued an Iowa driver’s license or an Iowa nonoperator’s identification card. A person is not considered a resident under this paragraph if the person is residing in the state only for a special or temporary purpose including but not limited to engaging in hunting, fishing, or trapping.
b. Is a full-time student at either of the following:
(1) An accredited educational institution located in this state and resides in this state while attending the educational institution.

(2) An accredited educational institution located outside of this state, if the person is under the age of twenty-five and has at least one parent or legal guardian who maintains a principal and primary residence or domicile in this state.

   c. Is a student who qualifies as a resident pursuant to paragraph “b” only for the purpose of purchasing any resident license specified in rules adopted pursuant to section 483A.1.

   d. Is a nonresident under eighteen years of age whose parent is a resident of this state.

   e. Is a member of the armed forces of the United States who is serving on active duty and meets any of the following qualifications:

(1) Claims residency in this state and has filed a state individual income tax return as a resident pursuant to chapter 422, subchapter II, for the preceding tax year.

(2) Is stationed at a federal military installation in this state, or at a federal military installation contiguous to a county in this state, and is domiciled within this state.

(3) Is stationed at and resides or is domiciled within a federal military installation located contiguous to a county in this state.

   f. Is the spouse of a person included in paragraph “e”.

483A.3 Wildlife habitat fee.
1. a. A resident or nonresident person required to have a hunting or fur harvester license shall not hunt or trap unless the person purchases a hunting or fur harvester license that includes the wildlife habitat fee, in an amount established by rules adopted by the commission pursuant to section 483A.1.

   b. Residents who have permanent disabilities or who are younger than sixteen or older than sixty-five years of age may purchase a hunting or fur harvester license that does not include the wildlife habitat fee.

   c. All wildlife habitat fees shall be administered in the same manner as hunting and fur harvester licenses except all revenue derived from wildlife habitat fees shall be used within the state of Iowa for habitat development and shall be deposited in the state fish and game protection fund, except as provided in subsection 2. The revenue may be used for the matching of federal funds. The revenues and any matched federal funds shall be used for acquisition of land, leasing of land, or obtaining of easements from willing sellers for use as wildlife habitats. Notwithstanding the exemption provided by section 427.1, any land acquired with the revenues and matched federal funds shall be subject to the full consolidated levy of property taxes, which shall be paid from the income generated from those lands or, if no such income is generated, from the wildlife habitat fee revenues. In addition the revenue may be used for the development and enhancement of wildlife lands and habitat areas.

   d. Not less than three dollars from each wildlife habitat fee shall be allocated as specified
in section 483A.3B and not less than fifty percent of the balance of each fee shall be used by
the commission to enter into agreements with county conservation boards or other public
agencies in order to carry out the purposes of this section. However, the state share of
funding of those agreements provided by the revenue from wildlife habitat fees shall not
exceed seventy-five percent.

2. Up to sixty percent of the revenues from wildlife habitat fees which are not required
under subsection 1 to be used by the commission to enter into agreements with county
conservation boards or other public agencies may be credited to the wildlife habitat bond
fund as provided in section 483A.53.

3. Notwithstanding subsections 1 and 2, any increase in wildlife habitat fee revenues
collected on or after December 15, 2018, pursuant to this section as a result of wildlife
habitat fee increases established by rules adopted pursuant to section 483A.1, shall be used
by the commission for any of the purposes set forth in this section or in section 483A.3B,
except that such increases in revenues collected shall not be used by the commission for the
purpose of land acquisition. The commission shall not reduce on an annual basis for these
purposes the amount of other funds being expended as of December 15, 2018.

4. A multi-year hunting license purchased pursuant to section 483A.9A, includes the
payment of a wildlife habitat fee for each of the years for which the license is valid and those
fees shall be used as provided in this section.

483A.3A Fish habitat development funding.
Three dollars from each resident and nonresident annual and seven-day fishing license and
nine dollars from each resident multi-year fishing license sold shall be deposited in the state
fish and game protection fund and shall be used within this state for fish habitat development.
Not less than fifty percent of this amount shall be used by the commission to enter into
agreements with county conservation boards to carry out the purposes of this section.

483A.3B Game bird habitat development programs.
1. Allocation of revenue — accounts. All revenue collected from wildlife habitat fees as
provided in section 483A.3, subsection 1, paragraph “d”, that is deposited in the state fish
and game protection fund and that is allocated pursuant to this section shall be allocated as
follows:
   a. Not less than two dollars of each wildlife habitat fee collected shall be allocated to the
game bird wetlands conservation account.
   b. Not less than one dollar of each wildlife habitat fee collected shall be allocated to the
game bird buffer strip assistance account.
   c. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys collected
from wildlife habitat fees that are deposited in each account created under this section shall be
credited to that account. Notwithstanding section 8.33 or section 456A.17, moneys credited
to each account created under this section shall not revert to the state general fund at the
close of a fiscal year:
   d. All revenue collected from wildlife habitat fees as provided in section 483A.3,
subsection 1, paragraph “d”, that is allocated pursuant to this section shall be used as
provided in this section, except for that part which is specified by the department for use in
paying administrative expenses as provided in section 456A.17.
2. Game bird wetlands conservation program.
   a. All moneys allocated to the game bird wetlands conservation account shall be used
by the department only to carry out the purposes of the game bird wetlands conservation program and shall be used in addition to funds already being expended by the department each year for wetlands conservation purposes.

b. The purpose of the game bird wetlands conservation program is to create a sustained source of revenue to be used by the department to qualify for federal matching funds that are available for wetlands conservation and to undertake projects in conjunction with soil and water conservation districts, county conservation boards, and other partners that will aid in wetlands and associated habitat conservation in the state, including the acquisition, restoration, maintenance, or preservation of wetlands and associated habitat.

c. (1) All moneys that are allocated to the game bird wetlands conservation account shall accumulate in the account until the account balance is equal to one million dollars or an amount sufficient to be used by the department to qualify for federal matching funds. Each time the account balance reaches an amount sufficient to be used by the department to qualify for federal matching funds, the department shall apply for such matching funds, and upon obtaining such funds, shall expend the state and federal revenues available at that time to undertake projects as set forth in paragraph “b”.

(2) Additional moneys that are generated by game bird wildlife habitat fees and allocated to the game bird wetlands conservation account shall again accumulate in the account, and each time the account balance is equal to one million dollars or an amount sufficient to be used by the department to qualify for federal matching funds, the department shall again apply for federal matching funds, and upon obtaining such funds, shall expend the state and federal revenues available at that time to undertake projects as set forth in paragraph “b”.

d. The department shall use all state revenue and federal matching funds obtained under the federal North American Wetlands Conservation Act to undertake the purposes of the game bird wetlands conservation program as set forth in paragraph “b”. State revenue allocated to the account shall be used by the department only for projects that increase public recreational hunting opportunities in the state and shall not be used for projects on private land that is not accessible to the public for recreational hunting.

3. Game bird buffer strip assistance program.

a. All moneys allocated to the game bird buffer strip assistance account shall be used by the department only to carry out the purposes of the game bird buffer strip assistance program and shall be used in addition to funds already being expended by the department each year for such purposes. The department shall not reduce the amount of other funds being expended for these purposes as of July 1, 2007.

b. The purpose of the game bird buffer strip assistance program is to increase landowner participation in federally funded conservation programs that benefit game birds and to increase opportunities for recreational hunting on private lands. To the extent possible, moneys allocated to the game bird buffer strip assistance account shall be used in conjunction with and to qualify for additional funding from private conservation organizations and other state and federal agencies to accomplish the purposes of the program. The funds may be used to provide private landowners with cost-sharing assistance for habitat improvement practices on projects that are not eligible for federal programs or where federal funding for such projects is not adequate. The department may utilize the funds to provide marketing and outreach efforts to landowners in order to maximize landowners’ use of federal conservation programs. The department may coordinate such marketing and outreach efforts with soil and water conservation districts and other partners.

c. (1) All moneys that are allocated to the game bird buffer strip assistance account shall accumulate in the account for a period of three years. At the end of the three-year period, the moneys in the account shall be used by the department to carry out the purposes of the game bird buffer strip assistance program as set forth in paragraph “b”. The department shall, by rule pursuant to chapter 17A, establish eligibility requirements for the program and procedures for applications for and approval of projects to be funded under the program. The department shall expend moneys from the account only for projects on private land that is accessible to the public for recreational hunting.

(2) Additional moneys that are generated by game bird wildlife habitat fees and allocated
to the game bird buffer strip assistance account shall accumulate in the account and shall be used by the department every three years as set forth in subparagraph (1).

483A.4 “Permanent disability” defined.
For the purpose of obtaining a license, a person has a “permanent disability” if any of the following apply:

1. The person has been found under the provisions of the federal Social Security Act, Tit. II, or any other public or private pension system to have a total, permanent physical or mental condition which prevents that person from engaging in the person’s occupation or qualifies that person for retirement.
2. The person has a severe physical disability and has qualified for a special license under section 483A.24.

483A.7 Wild turkey hunting license and tag.
1. A resident hunting wild turkey who is required to have a license must purchase a resident hunting license that includes the wildlife habitat fee in addition to the wild turkey hunting license. Upon application and payment of the required fees for archery-only licenses, a resident archer shall be issued two wild turkey licenses for the spring season.
2. The wild turkey hunting license shall be accompanied by a tag designed to be used only once. If a wild turkey is taken, the wild turkey shall be tagged and the tag shall be dated.
3. a. A nonresident wild turkey hunter is required to purchase a nonresident hunting license that includes the wildlife habitat fee and a nonresident wild turkey hunting license. The commission shall annually limit to two thousand three hundred licenses the number of nonresidents allowed to have wild turkey hunting licenses. Of the two thousand three hundred licenses, one hundred fifty licenses shall be valid for hunting with muzzle loading shotguns only. The commission shall allocate the nonresident wild turkey hunting licenses issued among the zones based on the populations of wild turkey. A nonresident applying for a wild turkey hunting license must exhibit proof of having successfully completed a hunter education program as provided in section 483A.27 or its equivalent as determined by the department before the license is issued.
   b. The commission shall assign one preference point to a nonresident whose application for a nonresident wild turkey hunting license is denied due to limitations on the number of nonresident wild turkey hunting licenses available for issuance that year. An additional preference point shall be assigned to that person each subsequent year the person’s license application is denied for that reason. A nonresident may purchase additional preference points pursuant to rules adopted pursuant to section 483A.1. The first nonresident wild turkey hunting license drawing each year shall be made from the pool of applicants with the most preference points and continue to pools of applicants with successively fewer preference points until all available nonresident wild turkey hunting licenses have been issued. If a nonresident applicant receives a wild turkey hunting license, all of the applicant’s assigned preference points at that time shall be removed.
   4. A person who is issued a youth spring wild turkey hunting license and does not take a wild turkey during the youth spring wild turkey hunting season may use the wild turkey hunting license and unused tag during any other wild turkey hunting season that is established by the commission.

483A.8 Deer hunting license and tag.

1. A resident hunting deer who is required to have a hunting license must purchase a resident hunting license that includes the wildlife habitat fee, in addition to the deer hunting license. In addition, a resident who purchases a deer hunting license shall pay a one dollar fee that shall be used and is appropriated for the purpose of deer herd population management, including assisting with the cost of processing deer donated to the help us stop hunger program administered by the commission.

2. a. The deer hunting license shall be accompanied by a tag designed to be used only once. When a deer is taken, the deer shall be tagged and the tag shall be dated. The tag shall be attached to the carcass of a deer taken within fifteen minutes of the time the deer carcass is located after being taken, or before the carcass is moved to be transported by any means from the place where the deer was taken, whichever occurs first. For each antlered deer taken, the tag shall be affixed to the deer’s antlers.

   b. For purposes of the tagging requirements in this subsection, a deer carcass may be moved away from an obstacle, entanglement, waterway, or any other area, including but not limited to a roadway, if tagging the carcass at that location would be a safety hazard to the hunter or a third person, before the tag is attached to the carcass. However, the carcass shall not be moved from the immediate vicinity of where the deer was taken, shall be moved only so far as is necessary to avoid the obstacle, entanglement, waterway, or other safety hazard, and shall be tagged immediately upon being so moved and before being moved to be transported.

3. a. A nonresident hunting deer is required to purchase a nonresident annual hunting license that includes the wildlife habitat fee and a nonresident deer hunting license. In addition, a nonresident who purchases a deer hunting license shall pay a one dollar fee that shall be used and is appropriated for the purpose of deer herd population management, including assisting with the cost of processing deer donated to the help us stop hunger program administered by the commission.

   b. A nonresident who purchases an antlered or any sex deer hunting license pursuant to rules adopted pursuant to section 483A.1, is required to purchase an antlerless deer only deer hunting license at the same time, pursuant to rules adopted pursuant to section 483A.1.

   c. The commission shall annually limit to six thousand the number of nonresidents allowed to have antlered or any sex deer hunting licenses. Of the six thousand nonresident antlered or any sex deer hunting licenses issued, not more than thirty-five percent of the licenses shall be bow season licenses. After the six thousand antlered or any sex nonresident deer hunting licenses have been issued, all additional licenses shall be issued for antlerless deer only. The commission shall annually determine the number of nonresident antlerless deer only deer hunting licenses that will be available for issuance.

   d. The commission shall allocate all nonresident deer hunting licenses issued among the zones based on the populations of deer. However, a nonresident applicant may request one or more hunting zones, in order of preference, in which the applicant wishes to hunt. If the request cannot be fulfilled, the applicable fees shall be returned to the applicant. A nonresident applying for a deer hunting license must exhibit proof of having successfully completed a hunter education program as provided in section 483A.27 or its equivalent as determined by the department before the license is issued.

   e. The commission shall assign one preference point to a nonresident whose application for a nonresident antlered or any sex deer hunting license is denied due to limitations on the number of nonresident antlered or any sex deer hunting licenses available for issuance that year. An additional preference point shall be assigned to that person each subsequent year the person’s license application is denied for that reason. A nonresident may purchase additional preference points pursuant to rules adopted pursuant to section 483A.1. The first nonresident antlered or any sex deer hunting license drawing each year shall be made from the pool of applicants with the most preference points and continue to pools of applicants with successively fewer preference points until all available nonresident antlered or any sex deer hunting licenses have been issued. If a nonresident applicant receives an antlered or any sex deer hunting license, all of the applicant’s assigned preference points at that time shall be removed.

4. The commission may provide, by rule, for the issuance of an additional antlerless deer
hunting license to a person who has been issued an antlerless deer hunting license. The rules shall specify the number of additional antlerless deer hunting licenses which may be issued, and the season and zone in which the license is valid. The fee for an additional antlerless deer hunting license shall be an amount established by rules adopted pursuant to section 483A.1 for residents.

5. A nonresident owning land in this state may apply for a nonresident antlered or any sex deer hunting license, and the provisions of subsection 3 shall apply. However, if a nonresident owning land in this state is unsuccessful in obtaining one of the nonresident antlered or any sex deer hunting licenses, the landowner shall be given preference for one of the antlered deer only nonresident deer hunting licenses available pursuant to subsection 3. A nonresident owning land in this state shall pay the fee for a nonresident antlerless only deer hunting license and the license shall be valid to hunt on the nonresident’s land only. If one or more parcels of land have multiple nonresident owners, only one of the nonresident owners is eligible for a nonresident antlerless only deer hunting license. If a nonresident jointly owns land in this state with a resident, the nonresident shall not be given preference for a nonresident antlerless only deer hunting license. The department may require proof of land ownership from a nonresident landowner applying for a nonresident antlerless only deer hunting license.

6. The commission shall provide by rule for the annual issuance to a nonresident of a nonresident antlerless deer hunting license that is valid for use only during the period beginning on December 24 and ending at sunset on January 2 of the following year and costs an amount established by rules adopted pursuant to section 483A.1. A nonresident hunting deer with a license issued under this subsection shall be otherwise qualified to hunt deer in this state and shall purchase a nonresident annual hunting license that includes the wildlife habitat fee, and pay the one dollar fee for the purpose of deer herd population management as provided in subsection 3. Pursuant to this subsection, the commission shall make available for issuance only the remaining nonresident antlerless deer hunting licenses allocated under subsection 3 that have not yet been issued for the current year’s nonresident antlerless deer hunting seasons.

7. A person who is issued a youth deer hunting license may use the deer hunting license and tag during any established deer hunting season using the method of take authorized by rule for each season being hunted. If the tag is filled during one of the seasons, the license will not be valid in subsequent seasons.

8. The commission shall adopt a rule permitting a resident to use a crossbow for taking deer during the late season that is designated for taking deer by muzzleloading rifle or muzzleloading pistol.

483A.8A Deer and wild turkey harvest reporting system.

1. The commission shall provide, by rule, for the establishment of a deer and wild turkey harvest reporting system for the purpose of collecting information from hunters concerning the deer and wild turkey population in this state. Each person who is issued a deer or wild turkey hunting license in this state shall report such information pursuant to this section. Information collected by the commission pursuant to the deer and wild turkey harvest reporting system from a hunter who takes a deer or wild turkey shall be limited to the following:

483A.8B Senior crossbow deer hunting licenses.
1. A person who is a resident and who is sixty-five years of age or older may be issued one special senior statewide antlerless deer only crossbow deer hunting license to hunt deer during bow season as established by rule by the commission. A person who obtains a license to hunt deer under this section is not required to pay the wildlife habitat fee but shall be otherwise qualified to hunt deer in this state and shall purchase a resident hunting license that does not include the wildlife habitat fee.
2. A person may obtain a license under this section in addition to a statewide antlered or any sex deer hunting bow season license. Season dates, shooting hours, limits, license quotas, and other regulations for this license shall be the same as set forth by the commission by rule for bow season deer hunts.
Subsection 1 amended

483A.8C Nonambulatory persons — deer hunting licenses.
1. A nonambulatory person who is a resident may be issued one any sex deer hunting license to hunt deer during any established deer hunting season using the method of take authorized by rule for each season being hunted. If the tag is filled during one of the seasons, the license will not be valid in subsequent seasons. A person who applies for a license pursuant to this section shall complete a form, as required by rule, that is signed by a physician who verifies that the person is nonambulatory.
2. A person who obtains a deer hunting license under this section is not required to pay the wildlife habitat fee but shall purchase a deer hunting license and hunting license that does not include the wildlife habitat fee, be otherwise qualified to hunt, and pay a one dollar fee that shall be used and is appropriated for the purpose of deer herd population management, including assisting with the cost of processing deer donated to the help us stop hunger program administered by the commission.
3. A person may obtain a license under this section in addition to any other deer hunting licenses for which the person is eligible.
4. For the purposes of this section, "nonambulatory person" means an individual who has received a nonambulatory person's permit from the department as provided by rule, and at a minimum has one or more of the following conditions:
A. Paralysis of the lower half of the body, usually due to disease or a spinal cord injury.
B. Loss or partial loss of both legs.
C. Any other physical affliction which makes it impossible for the person to ambulate successfully.

483A.9A Combination packages of licenses.
1. The commission is authorized, pursuant to rules adopted under chapter 17A, to develop combination packages of licenses in order to offer incentives to residents to purchase additional licenses or for the specific purpose of increasing sales of licenses that will help to recruit or retain hunters, anglers, and trappers in the state.
2. The total cost of each combination package of licenses offered shall be less than the total cost of the licenses if each were purchased separately.
3. The commission shall offer to residents a combination package of an annual fishing license and an annual hunting license, as provided in rules adopted pursuant to section 483A.1, the cost of which includes the wildlife habitat fee.

Referred to in §483A.3

483A.10 Issuance of licenses.
1. The licenses and combination packages of licenses issued pursuant to this chapter shall be issued by the department or the license agents as specified by rules of the commission. A county recorder may issue licenses or combination packages of licenses subject to the rules of the commission.
2. The rules shall include the application procedures as necessary. The licenses and combination packages of licenses shall show the total cost of the license or combination package of licenses, including a writing fee to be retained by the license agent and any administrative fees to be forwarded to the department, if applicable. A person authorized to issue a license or combination package of licenses or collect a fee pursuant to this chapter or chapter 484A shall charge the fee specified in this chapter or chapter 484A only plus a writing fee and administrative fee, if applicable.
3. An application for a hunting, fishing, or fur harvester license shall include a section where an applicant may request that the applicant’s license include a symbol that indicates that the applicant is a donor under the revised uniform anatomical gift Act as provided in chapter 142C.

§483A.12 License agent responsibilities — fees and unused blanks — writing fee.
1. The license agent shall be responsible for all fees for the issuance of hunting, fishing, and fur harvester licenses and combination packages of licenses sold by the license agent. All unused license blanks shall be surrendered to the department upon the department’s demand.
2. A license agent shall retain a writing fee of fifty cents from the sale of each license or combination package of licenses except that the writing fee for a free deer or wild turkey hunting license as authorized under section 483A.24, subsection 2, shall be one dollar. If a county recorder is a license agent, the writing fees retained by the county recorder shall be deposited in the general fund of the county.

§483A.14 Duplicate licenses and permits.
When any license for which a fee has been set has been lost, destroyed, or stolen, the director or a license agent may issue a replacement license, if evidence is available to demonstrate issuance of the original license and a fee of two dollars is paid, to be placed in the fish and game protection fund. If, on examination of the evidence, the director or the license agent, as the case may be, is satisfied that the license has been lost, destroyed, or stolen, the director or the license agent shall issue a duplicate license which shall be plainly marked “duplicate” and the duplicate shall serve in lieu of the original license and it shall contain the same information and signature as the original. The license agent shall charge a writing fee of one dollar and the department administrative fee for each duplicate license issued pursuant to this section. The license agent shall retain the writing fee.

483A.18 Form of licenses.
1. All hunting, fishing, and fur harvester licenses shall contain a general description of the licensee. Such licenses shall be upon such forms as the commission shall adopt. The address and the signature of the applicant and all signatures and other required information shall be in writing. All licenses shall clearly indicate the nature of the privilege granted.
2. Upon request of an applicant pursuant to section 483A.10, the department shall indicate on the license that the applicant is a donor under the revised uniform anatomical gift Act as provided in chapter 142C.

483A.19 Showing license document to officer.
Every person shall, while fishing, hunting, or fur harvesting, show the person’s license document to any peace officer or the owner or person in lawful control of the land or water upon which licensee may be hunting, fishing, or fur harvesting when requested by the persons to do so. Any failure to so carry or refusal to show or so exhibit the person’s license document shall be a violation of this chapter. However, except for possession and exhibition of deer licenses and tags or wild turkey licenses and tags, a person charged with violating this section shall not be convicted if the person produces in court, within a reasonable time, a license document for hunting, fishing, or fur harvesting issued to that person and valid when the person was charged with a violation of this section.
[C39, §1794.093; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, §110.12; C79, 81, §110.19]

483A.20 Reciprocity.
Licenses for bait dealers or for fishing, hunting, or fur harvesting shall not be issued to residents of states that do not sell similar licenses or certificates to residents of Iowa. However, this requirement is not applicable to the licensing of nonresident wholesale bait dealers who sell to licensed wholesale bait dealers in Iowa for resale.

483A.21 Revocation or suspension.
1. Upon the conviction of a licensee of any violation of chapter 481A, or of this chapter, or of any administrative order adopted and published by the commission, the magistrate may, as a part of the judgment, revoke one or more license privileges of the licensee, or suspend the privileges for any definite period.

2. The magistrate shall revoke the hunting license or suspend the privilege of procuring a hunting license for a period of one year of any person who has been convicted twice within a year of trespassing while hunting. If any of the license privileges of a licensee who purchased more than one license privilege is revoked, the remaining license privileges of the licensee shall still be valid and the magistrate shall enter on the license document the privilege that is revoked. A person shall not purchase a license for a privilege that was revoked or suspended during the period of revocation or suspension.

3. In addition to other civil and criminal penalties imposed for illegally taking or possessing an elk, antelope, buffalo, or moose, the court shall revoke the hunting license of a violator. The violator shall not be allowed to procure a hunting license for the next two calendar years.

483A.22 Record of revocation.
When a license is revoked, the date, cause, and tenure of such revocation shall be kept on file with the license records of the commission. The commission may refuse the issuance of a new license to any person whose license has been revoked.

483A.23 Game birds or animals as pets.
Any person may possess not more than two game birds or fur-bearing animals confined as pets without being required to purchase a license as a game breeder, but the person shall not be allowed to increase the person's stock beyond the original number nor shall the person be allowed to kill or sell such stock. Game birds or animals confined as authorized in this section must be obtained from a licensed game breeder or a legal source outside of this state.

483A.24 When license not required — special licenses.
1. Owners or tenants of land, and their minor children, may hunt, fish or trap upon such lands and may shoot by lawful means ground squirrels, gophers, or woodchucks upon adjacent roads without securing a license so to do; except, special licenses to hunt deer and wild turkey shall be required of owners and tenants but they shall not be required to have a special wild turkey hunting license to hunt wild turkey on a hunting preserve licensed under chapter 484B.
2. a. As used in this subsection:
   (1) “Family member” means a resident of Iowa who is the spouse or child of the owner or tenant and who resides with the owner or tenant.
   (2) “Farm unit” means all parcels of land which are certified by the commission pursuant to rule as meeting all of the following requirements:
      (a) Are in tracts of two or more contiguous acres.
      (b) Are operated as a unit for agricultural purposes.
      (c) Are under the lawful control of the owner or the tenant.
   (3) (a) “Owner” means an owner of a farm unit who is a resident of Iowa and who is one of the following:
         (i) Is the sole operator of the farm unit.
         (ii) Makes all of the farm operation decisions but contracts for custom farming or hires labor for all or part of the work on the farm unit.
         (iii) Participates annually in farm operation decisions or cropping practices on specific fields of the farm unit that are rented to a tenant.
      (iv) Raises specialty crops on the farm unit including but not limited to orchards, nurseries, or tree farms that do not always produce annual income but require annual operating decisions about maintenance or improvement.
      (v) Has all or part of the farm unit enrolled in a long-term agricultural land retirement program of the federal government.
   (b) An “owner” does not mean a person who owns a farm unit and who employs a farm manager or third party to operate the farm unit, or a person who owns a farm unit and who rents the entire farm unit to a tenant who is responsible for all farm operations. However, this subparagraph division does not apply to an owner who is a parent of the tenant and who resides in this state.
   (4) “Tenant” means a person who is a resident of Iowa and who rents and actively farms a farm unit owned by another person. A member of the owner’s family may be a tenant. A person who works on the farm for a wage and is not a family member does not qualify as a tenant.
   b. Upon written application on forms furnished by the department, the department shall issue annually without fee one wild turkey license to the owner of a farm unit or to a member of the owner’s family, but not to both, and to the tenant or to a member of the tenant’s family, but not to both. The wild turkey hunting licenses issued shall be valid only on the farm unit for which an applicant qualifies pursuant to this subsection and shall be equivalent to the least restrictive license issued under section 481A.38. The owner or the tenant need not reside on the farm unit to qualify for a free license to hunt on that farm unit. The free turkey hunting licenses issued pursuant to this paragraph shall be valid and may be used during any bow or firearm turkey hunting season.
   c. Upon written application on forms furnished by the department, the department shall issue annually without fee two deer hunting licenses, one antlered or any sex deer hunting license and one antlerless deer only deer hunting license, to the owner of a farm unit or a member of the owner’s family, but only a total of two licenses for both, and to the tenant of a farm unit or a member of the tenant’s family, but only a total of two licenses for both. The deer hunting licenses issued shall be valid only for use on the farm unit for which the applicant applies pursuant to this paragraph. The owner or the tenant need not reside on the farm unit to qualify for the free deer hunting licenses to hunt on that farm unit. The free deer hunting licenses issued pursuant to this paragraph shall be valid and may be used during any bow or firearm deer hunting season. The licenses may be used to harvest deer in two different seasons. In addition, a person who receives a free deer hunting license pursuant to this paragraph shall pay a one dollar fee for each license that shall be used and is appropriated for the purpose of deer herd population management, including assisting with the cost of processing deer donated to the help us stop hunger program administered by the commission.
   d. In addition to the free deer hunting licenses received pursuant to paragraph “c”, an owner of a farm unit or a member of the owner’s family and the tenant or a member of the tenant’s family may purchase a deer hunting license for any option offered to paying deer hunting licensees. An owner of a farm unit or a member of the owner’s family and the tenant
or a member of the tenant’s family may also purchase two additional antlerless deer hunting licenses which are valid only on the farm unit for a fee established by rules adopted pursuant to section 483A.1.

e. If the commission establishes a deer hunting season to occur in the first quarter of a calendar year that is separate from a deer hunting season that continues from the last quarter of the preceding calendar year, each owner and each tenant of a farm unit located within a zone where a deer hunting season is established, upon application, shall be issued a free deer hunting license for each of the two calendar quarters. Each license is valid only for hunting on the farm unit of the owner and tenant.

f. (1) A deer hunting license or wild turkey hunting license issued pursuant to this subsection shall be attested by the signature of the person to whom the license is issued and shall contain a statement in substantially the following form:

   By signing this license I certify that I qualify as an owner or tenant under Iowa Code section 483A.24.

   (2) A person who makes a false attestation under this paragraph "f" is guilty of a simple misdemeanor. In addition, the person’s hunting license shall be revoked and the person shall not be issued a hunting license for a period of one year.

3. The director shall provide up to seventy-five nonresident deer hunting licenses for allocation as provided in this subsection.

   a. Fifty of the nonresident deer hunting licenses shall be allocated as determined by the department. The licenses provided pursuant to this subsection shall be in addition to the number of nonresident licenses authorized pursuant to section 483A.8. The purpose of the special nonresident licenses is to allow state officials and local development groups to promote the state and its natural resources to nonresident guests and dignitaries. Photographs, videotapes, or any other form of media resulting from the hunting visitation shall not be used for political campaign purposes. The nonresident licenses shall be issued without application upon purchase of a nonresident annual hunting license that includes the wildlife habitat fee and the purchase of a nonresident deer hunting license. The licenses are valid in all zones open to deer hunting. The hunter education certificate requirement pursuant to section 483A.27 is waived for a nonresident issued a license pursuant to this subsection.

   b. Twenty-five of the nonresident deer hunting licenses shall be allocated as provided in subsection 5.

4. The director shall provide up to seventy-five nonresident wild turkey hunting licenses for allocation as provided in this subsection.

   a. Fifty of the nonresident wild turkey hunting licenses shall be allocated as determined by the department. The licenses provided pursuant to this subsection shall be in addition to the number of nonresident licenses authorized pursuant to section 483A.7. The purpose of the special nonresident licenses is to allow state officials and local development groups to promote the state and its natural resources to nonresident guests and dignitaries. Photographs, videotapes, or any other form of media resulting from the hunting visitation shall not be used for political campaign purposes. The nonresident licenses shall be issued without application upon purchase of a nonresident annual hunting license that includes the wildlife habitat fee and the purchase of a nonresident wild turkey hunting license. The licenses are valid in all zones open to wild turkey hunting. The hunter education certificate requirement pursuant to section 483A.27 is waived for a nonresident issued a license pursuant to this subsection.

   b. Twenty-five of the nonresident wild turkey hunting licenses shall be allocated as provided in subsection 5.

5. Twenty-five of the nonresident deer hunting licenses and wild turkey hunting licenses allocated under subsections 3 and 4 shall be available for issuance to nonresidents who have served in the armed forces of the United States on active federal service and who were disabled during the veteran’s military service or who are serving in the armed forces of the United States on active federal service and have been disabled during military service to enable the disabled person to participate in a hunt that is conducted by an organization that
conducts hunting experiences in this state for disabled persons. The licenses shall be issued as follows:

a. The department shall prepare an application to be used by a person requesting a special license under this subsection.

1. The department shall verify that the license will be used by the applicant in connection with a hunt conducted by an approved organization that conducts hunting experiences in this state for disabled veterans and members of the armed forces serving on active federal service who have been disabled during military service. The department shall specify, by rules adopted under chapter 17A, what requirements an organization must meet in order to be approved to conduct hunts for disabled persons who obtain licenses under this subsection.

2. The department of veterans affairs shall assist the department in verifying the status or claims of applicants under this subsection. As used in this subsection, “disabled” means entitled to a service connected rating under 38 U.S.C. ch. 11 with a degree of disability of thirty percent or more.

b. A license issued under this subsection shall be in addition to the number of nonresident wild turkey hunting licenses authorized pursuant to section 483A.7 and nonresident deer hunting licenses authorized pursuant to section 483A.8. However, a nonresident who obtains a license pursuant to this subsection is not eligible to obtain a nonresident deer hunting license or wild turkey hunting license under any other provision of law.

c. A disabled person who receives a special license under this subsection shall purchase a hunting license that includes the wildlife habitat fee, and a wild turkey hunting license or a deer hunting license, if applicable, all for the same fees that are charged to resident hunters. If hunting deer, the disabled person shall also pay a one dollar fee that shall be used and is appropriated for the purpose of deer herd population management, including assisting with the cost of processing deer donated to the help us stop hunger program administered by the commission.

d. A special hunting license that includes the wildlife habitat fee shall be available for issuance under this subsection to a disabled veteran or disabled member of the armed forces serving on active federal service for the same fee that is charged to a resident hunter to enable such a disabled person to participate in a hunt conducted by an organization approved under this subsection for which only a hunting license is required.

e. A disabled person who receives a special license under this subsection shall complete the hunter education course.

f. A license issued under this subsection is valid for use only on a hunt conducted by an organization approved under this subsection.

g. The commission shall adopt rules under chapter 17A for the administration of this subsection.

6. A resident or nonresident of the state under sixteen years of age is not required to have a license to fish in the waters of the state. However, residents and nonresidents under sixteen years of age must pay the trout fishing fee to possess trout or they must fish for trout with a licensed adult who has paid the trout fishing fee and limit their combined catch to the daily limit established by the commission. A resident or nonresident of the state under sixteen years of age is required to have a paddlefish fishing license to fish for paddlefish on the Missouri or Big Sioux river.

7. A license shall not be required of minor pupils of the state school for the blind, Iowa school for the deaf, or of minor residents of other state institutions under the control of an administrator of a division of the department of human services. In addition, a person who is on active duty with the armed forces of the United States, on authorized leave from a duty station located outside of this state, and a resident of the state of Iowa shall not be required to have a license to hunt or fish in this state. The military person shall carry the person's leave papers and a copy of the person's current earnings statement showing a deduction for Iowa income taxes while hunting or fishing. In lieu of carrying the person's earnings statement, the military person may also claim residency if the person is registered to vote in this state. If a deer or wild turkey is taken, the military person shall immediately contact a state conservation officer to obtain an appropriate tag to transport the animal. A license shall not be required of
residents of county care facilities or any person who is receiving supplementary assistance under chapter 249.

8. A person under sixteen years of age is not required to have a hunting license to hunt game if accompanied by the minor’s parent or guardian or in company with any other competent adult with the consent of the minor’s parent or guardian, if the person accompanying the minor possesses a valid hunting license; however, there must be one licensed adult accompanying each person under sixteen years of age. The minor must have a deer hunting license to hunt deer and a wild turkey hunting license to hunt wild turkey appropriate for the minor’s residency status. This subsection is not restricted by the provisions of section 483A.31.

9. A resident of the state under sixteen years of age is not required to have a fur harvester license to accompany the minor’s parent or guardian, or any other competent adult with the consent of the minor’s parent or guardian, while the parent or guardian or other adult is hunting raccoons so long as the minor is not hunting and does not carry or use a firearm or any other weapon.

10. A person having a dog entered in a licensed field trial is not required to have a hunting license or fur harvester license to participate in the event or to exercise the person’s dog on the area on which the field trial is to be held during the twenty-four-hour period immediately preceding the trial.

11. The commission shall issue without charge a special fishing license to residents of Iowa sixteen years or more of age who the commission finds have severe mental or physical disabilities. The commission is hereby authorized to prepare an application to be used by the person requesting the special license, which would require that the person’s attending physician sign the form declaring that the person has a severe mental or physical disability and is eligible for exempt status.

12. The commission shall issue a special turkey hunting license or any sex deer hunting license to a nonresident twenty-one years of age or younger who the commission finds has a severe physical disability or has been diagnosed with a terminal illness. The licenses shall be issued as follows:
   a. The commission may prepare an application to be used by the person requesting the special license, which requires that the person’s attending physician sign the form declaring that the person has a severe physical disability or has been diagnosed with a terminal illness and is eligible for the special license.
   b. The licenses provided pursuant to this subsection shall be in addition to the number of nonresident turkey hunting licenses authorized pursuant to section 483A.7 and nonresident deer hunting licenses authorized pursuant to section 483A.8.
   c. The turkey hunting licenses are valid in all zones open to turkey hunting and shall be available for issuance and use during any turkey hunting season. The deer hunting licenses are valid in all zones open to deer hunting and shall be available for issuance and use during any deer hunting season.
   d. A nonresident who receives a special license pursuant to this subsection shall purchase a hunting license that includes the wildlife habitat fee and the applicable nonresident turkey or deer hunting license, but is not required to complete the hunter education course if the person is accompanied and aided by a person who is at least eighteen years of age. The accompanying person must be qualified to hunt and have a hunting license that includes the wildlife habitat fee. During the hunt, the accompanying adult must be within arm’s reach of the nonresident licensee.
   e. The commission shall adopt rules under chapter 17A for the administration of this subsection.

13. No person shall be required to have a special wild turkey license to hunt wild turkey on a hunting preserve licensed under chapter 484B.

14. A lessee of a camping space at a campground may fish on a private lake or pond on the premises of the campground without a license if the lease confers an exclusive right to fish in common with the rights of the owner and other lessees.

15. The department may issue a permit, subject to conditions established by the department, which authorizes patients of a substance abuse facility, residents of health care
facilities licensed under chapter 135C, tenants of elder group homes licensed under chapter 231B, tenants of assisted living program facilities licensed under chapter 231C, participants who attend adult day services programs licensed under chapter 231D, participants in services funded under a federal home and community-based services waiver implemented under the medical assistance program as defined in chapter 249A, and persons cared for in juvenile shelter care homes as provided for in chapter 232 to fish without a license as a supervised group. A person supervising a group pursuant to this subsection may fish with the group pursuant to the permit and is not required to obtain a fishing license.

16. Upon payment of the fee established by rules adopted pursuant to section 483A.1 for a lifetime fishing license or lifetime hunting and fishing combined license, the department shall issue a lifetime fishing license or lifetime hunting and fishing combined license to a resident of Iowa who has served in the armed forces of the United States on federal active duty and who was disabled or was a prisoner of war during that veteran's military service. The department shall prepare an application to be used by a person requesting a lifetime fishing license or lifetime hunting and fishing combined license under this subsection. The department of veterans affairs shall assist the department in verifying the status or claims of applicants under this subsection. As used in this subsection, “disabled” means entitled to a service connected rating under 38 U.S.C. ch. 11.

17. The department shall issue without charge a special annual fishing or combined hunting and fishing license to residents of this state who have permanent disabilities and whose income falls below the federal poverty guidelines as published by the United States department of health and human services or residents of this state who are sixty-five years of age or older and whose income falls below the federal poverty guidelines as published by the United States department of health and human services. The commission shall provide for, by rule, an application to be used by an applicant requesting a special license. The commission shall require proof of age, income, and proof of permanent disability.

18. The department may issue a permit, subject to conditions established by the department, which authorizes a student sixteen years of age or older attending an Iowa public or accredited nonpublic school who is participating in the Iowa department of natural resources fish Iowa! basic spincasting module to fish without a license as part of a supervised school outing.

483A.24A License refunds — military service.

Notwithstanding any provision of this chapter to the contrary, a service member deployed for military service, as defined in section 29A.1, subsection 3, shall receive a refund of that
portion of any license fee paid by the service member representing the service member’s period of military service.

483A.24B Special deer hunts.
1. The commission may establish a special season deer hunt for antlerless deer in those counties where paid antlerless only deer hunting licenses remain available for issuance.
2. Antlerless deer may be taken by shotgun, muzzleloading rifle, muzzleloading pistol, handgun, or bow during the special season as provided by the commission by rule.
3. Prior to December 15, a resident may obtain up to three paid antlerless only deer hunting licenses for the special season regardless of how many paid or free gun or bow deer hunting licenses the person may have already obtained. Beginning December 15, a resident or nonresident may purchase an unlimited number of antlerless only deer hunting licenses for the special season.
4. All antlerless deer hunting licenses issued pursuant to this section shall be included in the quotas established by the commission by rule for each county and shall be available in each county only until the quota established by the commission for that county is filled.
5. The daily bag and possession limit during the special season is one deer per license. The tagging requirements are the same as for the regular gun season.
6. A person who receives a license pursuant to this section shall be otherwise qualified to hunt deer in this state and shall purchase a hunting license that includes the wildlife habitat fee.
7. A person violating a provision of this section or a rule adopted pursuant to this section is guilty of a simple misdemeanor punishable as a scheduled violation as provided in section 483A.42.

483A.26 False claims.
A nonresident shall not obtain a resident license by falsely claiming residency in the state. The use of a license by a person other than the person to whom the license is issued is unlawful and nullifies the license.

483A.27 Hunter education program — license requirement.
1. A person born after January 1, 1972, shall not obtain a hunting license unless the person has satisfactorily completed a hunter education course approved by the commission. A person who is eleven years of age or more may enroll in an approved hunter education course, but a person who is eleven years of age and who has successfully completed the course shall be issued a certificate of completion which becomes valid on the person’s twelfth birthday. A certificate of completion from an approved hunter education course issued in this state, or a certificate issued by another state, country, or province for completion of a course that meets the standards adopted by the international hunter education association — United States of America, is valid for the requirements of this section.
2. a. A certificate of completion shall not be issued to a person who has not satisfactorily completed an approved hunter education course. The department shall establish the
curriculum based on the standards adopted by the international hunter education association — United States of America for the approved hunter education course. The curriculum shall include instruction relating to making an anatomical gift, including of an organ, an eye, or tissue, under the revised uniform anatomical gift Act as provided in chapter 142C. Upon completion of the course, each person shall pass an individual oral test or a written test provided by the department. The department shall establish the criteria for successfully passing the tests. Based on the results of the test and demonstrated safe handling of a firearm, the instructor shall determine the persons who shall be issued a certificate of completion.

b. Notwithstanding paragraph “a”, a resident who is eighteen years of age or older may obtain a certificate of completion without demonstrating the safe handling of a firearm.

3. The department shall provide a manual regarding hunter education which shall be used by all instructors and persons receiving hunter education training in this state. The department may produce the manual in a print or electronic format accessible from a computer, including from a data storage device or the department’s internet site.

4. The department shall provide for the certification of persons who wish to become hunter education instructors. A person shall not act as an instructor in hunter education as provided in this section without first obtaining an instructor’s certificate from the department.

5. An officer of the department or a certified instructor may issue a certificate to a person who has not completed the hunter education course but meets the criteria established by the commission.

6. A public or private school accredited pursuant to section 256.11 or an organization approved by the department may cooperate with the department in providing a course in hunter education or shooting sports activities as provided in this section.

7. A hunting license obtained under this section by a person who gave false information or presented a fraudulent certificate of completion shall be revoked and a new hunting license shall not be issued for at least two years from the date of conviction. A hunting license obtained by a person who was born after January 1, 1972, but has not satisfactorily completed the hunter education course or has not met the requirements established by the commission, shall be revoked.

8. The commission shall adopt rules in accordance with chapter 17A as necessary to carry out the administration of this section.

9. The initial hunter education certificate shall be issued without cost. A duplicate certificate shall be issued upon payment of the writing fee and administrative fee, if applicable.

10. A person under eighteen years of age who is required to exhibit a valid hunting license shall also exhibit a valid certificate of completion from a state approved hunter education course upon request of an officer of the department. A failure to carry or refusal to exhibit the certificate of completion as provided in this subsection is a violation of this chapter. A violator is guilty of a simple misdemeanor as provided in section 483A.42.

11. An instructor certified by the department shall be allowed to conduct a department-approved hunter education course or shooting sports activities course on public school property with the approval of a majority of the board of directors of the school district. Conducting an approved hunter education course or shooting sports activities course is not a violation of any public policy, rule, regulation, resolution, or ordinance which prohibits the possession, display, or use of a firearm, bow and arrow, or other hunting weapon on public school property or other public property in this state.

§483A.27A Apprentices.

1. Notwithstanding section 483A.27, a person who is sixteen years of age or older may purchase a hunting license with an apprentice hunter designation on the license without first completing a hunter education course if the person meets all the requirements of this section.

2. If the apprentice hunter is a minor, the person must be accompanied and aided while hunting by a mentor who is the person’s parent or guardian, or be accompanied and aided by any other competent adult mentor with the consent of the minor’s parent or guardian. If the apprentice hunter is not a minor, the apprentice hunter must be accompanied and aided while hunting by a competent adult mentor.

3. The mentor and the apprentice hunter must have valid hunting licenses that include the wildlife habitat fee and that are valid for the same seasons to hunt game. 

   a. A resident mentor and a resident apprentice hunter must also purchase deer hunting licenses and tags to hunt deer and wild turkey hunting licenses and tags to hunt wild turkey. Deer hunting licenses and tags purchased by a resident mentor and a resident apprentice hunter must be valid for the same seasons and zones. When hunting wild turkey, a resident mentor having a license valid for one of the spring wild turkey hunting seasons may accompany and aid a resident apprentice hunter who has a valid wild turkey hunting license for any of the spring seasons as provided by rule. When hunting wild turkey in the fall, a resident mentor and a resident apprentice hunter must each have a fall wild turkey hunting license valid for the current year. A transportation tag issued to a resident apprentice hunter shall not be used to tag a deer or wild turkey taken by another person.

   b. A nonresident apprentice hunter is not entitled to purchase a deer hunting license to hunt deer or a wild turkey hunting license to hunt wild turkey, or to participate in a hunt for deer or wild turkey.

4. While hunting, the apprentice hunter must be under the direct supervision of the mentor. For the purposes of this subsection, “direct supervision” means the mentor must maintain constant direction and control of the apprentice hunter and stay within a distance from the apprentice hunter that enables the mentor to give uninterrupted, unaided visual and auditory communications to the apprentice hunter. There must be one licensed mentor in direct supervision of each apprentice hunter.

5. A hunting license with an apprentice hunter designation issued pursuant to this section is valid from the date issued to January 10 of the succeeding calendar year for which it is issued. A hunting license with an apprentice hunter designation shall contain the address, signature, and a general description of the licensee.

6. A person is eligible to obtain a hunting license with an apprentice hunter designation pursuant to this section only two times. Subsequently, the person must meet the requirements of section 483A.27 in order to obtain a hunting license.

7. The commission shall adopt rules pursuant to chapter 17A to administer this section.

§483A.28 Noncommercial harvest of aquatic species.

1. A boundary waters sport trotline license entitles the licensee to use a maximum of four trotlines with two hundred hooks in the aggregate and only on boundary waters. All boundary waters sport trotlines shall be tagged with the name and address of the licensee on a weather-resistant tag provided by the licensee and affixed above the waterline. A boundary waters sport trotline licensee is not permitted to sell, barter, or trade fish or turtles taken pursuant to the license.

2. A valid fishing license issued pursuant to this chapter entitles the licensee to take and possess a maximum of one hundred pounds of live turtles or fifty pounds of dressed turtles. Any unattended fishing gear used to take turtles pursuant to a fishing license shall be tagged with the name and address of the licensees on a weather-resistant tag provided by the licensee and affixed above the waterline. A fishing license is not permitted to sell, barter, or trade live or dressed turtles taken pursuant to the license.

3. A valid fishing license issued pursuant to this chapter entitles the licensee to take
and possess a maximum amount of mussels or shells daily as authorized by rule under the
authority of sections 456A.24, 481A.38, and 481A.39. A fishing licensee shall not sell, barter,
or trade freshwater mussels or shells taken pursuant to the fishing license.
4. Any person who is issued a valid fishing license pursuant to this chapter may fish with a
third line as provided in section 481A.72 only upon the annual purchase of a third line fishing
permit as provided in rules adopted pursuant to section 483A.1.

483A.31 Reciprocal privileges authorized.
1. Reciprocal fishing, hunting, or trapping privileges are contingent upon a grant of
similar privileges by another state to residents of this state.
2. The commission may negotiate fishing, hunting, or trapping reciprocity agreements
with other states.
3. When another state confers upon fishing, hunting, or trapping licensees of this state
reciprocal rights, privileges, and immunities, a fishing, hunting, or trapping license issued by
that state entitles the licensee to all rights, privileges, and immunities in the public waters or
public lands of this state enjoyed by the holders of equivalent licenses issued by this state,
subject to duties, responsibilities, and liabilities imposed on licensees of this state by the laws
of this state.

SUBCHAPTER II
SEIZURE OF CONTRABAND PROPERTY — CONDEMNATION

483A.32 Public nuisance.
1. Subject to subsection 2, any device, contrivance, or material used to violate a rule
adopted by the commission, or any other provision of this chapter or chapter 481A, 481B,
482, 484A, or 484B, is a public nuisance and may be condemned by the state. The director,
the director’s officers, or any peace officer, shall seize the devices, contrivances, or materials
used as a public nuisance, without warrant or process, and deliver them to a magistrate
having jurisdiction. An automobile shall not be construed to be a public nuisance under this
section.
2. The state may only condemn property seized as a public nuisance if the person from
whom the property was seized is convicted of the violation for which the property was seized
as a public nuisance.
3. If the person from whom the property was seized is not convicted of the violation
for which the property was seized, the department, law enforcement agency, or other
governmental agency in possession of the seized property shall return the seized property
to the person within thirty days of any of the following:
a. The date the person is found not guilty of the violation.
b. The date the action involving the violation is dismissed.
c. The date the statute of limitations expires for the alleged violation for which the property was seized.
4. For purposes of this section, “convicted” means the same as in section 481A.13A, subsection 3.

483A.33 Disposition of property seized as public nuisance.
The disposition of property seized pursuant to section 483A.32 shall be conducted as follows:

1. The officer taking possession of property seized as a public nuisance shall make a written inventory of the property and deliver a copy of the inventory to the person from whom the property was seized. The inventory shall include the name of the person taking custody of the seized property, the date and time of seizure, location of the seizure, and the name of the seizing public agency. Property which has been seized shall be safely secured and stored by the public agency which caused its seizure unless directed otherwise by the county attorney of the county where the property was seized or by the attorney general.

2. a. The county attorney or attorney general may file with the clerk of the district court for the county in which the property was seized a notice of condemnation which shall include a description of the property claimed to be condemned by the state, the grounds upon which the state claims that the property has been condemned, the date and place of seizure, and the name of the person from whom the property was seized.

b. The notice shall be filed not later than six months after the property was seized. Failure to file within the time limit terminates the state's right to claim a condemnation of the property.

c. The state shall give notice of condemnation to the person from whom the property was seized and any person identified as an owner or lien holder, by certified mail, personal service, or publication.

3. a. The person from whom the property was seized may make application for its return in the office of the clerk of the district court for the county in which the property was seized. The application shall be filed within thirty days after the receipt of the notice of condemnation or the person is convicted of the violation for which the property was seized, whichever occurs later. Failure to file the application within this time period terminates the interest of the person and the ownership of the property shall be transferred to the state, except that a person who is not convicted of the violation for which the property was seized is not required to file an application and is entitled to the return of the property in accordance with section 483A.32.

b. The application for return of condemnable property shall be written and shall state the specific item or items sought, the nature and the source of the claimant's interest in the property, and the grounds upon which the claimant seeks to avoid condemnation. The ownership of property is not sufficient grounds for its return. The written application shall be specific and the claimant shall be limited at the judicial hearing to proof of the grounds set forth in the application for return. The fact that the property is inadmissible as evidence or that it may be suppressed is not grounds for its return. If specific grounds for return are not provided in the application for return, or the grounds are insufficient as a matter of law, the court may enter judgment on the pleadings without further hearing.

4. If an application for return of condemnable property is timely and of sufficient grounds, the claim shall be set for hearing. The hearing shall be held not less than ten nor more than thirty days after the claim is filed or the person is convicted for the violation for which the property was seized as a public nuisance, whichever occurs later. The proceeding shall be conducted by a magistrate or a district associate judge. All claims to the same property shall be heard in one proceeding unless it is shown that the proceeding would result in prejudice to one or more of the parties.

5. a. Upon a finding by the court that the property is condemnable, the court shall enter an order transferring title of the property to the state, and placed at the disposal of the director,
who may use or sell the property, depositing the proceeds of the sale in the state fish and
game protection fund.

b. Upon a finding by the court that the property should not be condemned, the property
shall be returned to the person from whom it was seized. If the property is necessary for
use as evidence in a criminal proceeding, the property shall not be returned until its use as
evidence is no longer required.

c. On or before December 31, 2018, and on or before December 1 each year thereafter,
the department shall report to the general assembly’s standing committees on government
oversight regarding the amount of the proceeds deposited to the state fish and game
protection fund pursuant to this subsection. The report shall also contain all information
recorded pursuant to paragraph “d”.

d. A seizing public agency that has custody of any property that is seized pursuant to a
provision of this subchapter shall adopt and comply with a written internal control policy that
does all of the following:

(1) Provides for keeping detailed records as to the amount of property acquired by the
agency and the date property was acquired.

(2) Provides for keeping detailed records of the disposition of the property, which shall
include the manner in which the property was disposed, the date of disposition, and detailed
financial records concerning any property sold. The records shall not identify or enable
identification of the individual officer who seized any item of property or the name of any
person or entity who received any item of property.

e. The records kept under the internal control policy shall be open to public inspection
during the agency’s regular business hours. The policy adopted under this section is a public
record open for inspection under chapter 22.

6. a. An employee of the seizing public agency or a member of the immediate family of the
employee shall not purchase a fish, fur, bird, animal, mussel, clam, or frog seized pursuant to
section 481A.12, a device, contrivance, or material condemned pursuant to section 483A.32,
or a weapon seized pursuant to section 483A.32 and disposed of pursuant to this section or
section 809.21. For purposes of this subsection, “member of the immediate family” means a
spouse, child, stepchild, brother, brother-in-law, stepbrother, sister, sister-in-law, stepsister,
parent, parent-in-law, or stepparent of an employee of the seizing public agency who resides
in the same household in the same principal residence of the employee of the seizing public
agency.

b. The department shall provide a form on which a person purchasing property seized
pursuant to section 481A.12 or 483A.32 shall declare that the person is not an employee of
the seizing public agency or a member of the immediate family of an employee of the seizing
public agency.

7. For purposes of this section, “convicted” means the same as in section 481A.13A,
subsection 3.

An appeal from a denial of an application for return of condemnable property, or from an
order for return of condemnable property, shall be made within ten days after the entry of a
judgment order and shall be conducted in the same manner as an appeal in a small claims
action. The appellant, other than the state, shall post a bond of a reasonable amount as the
court may fix and approve, conditioned to pay all costs of the proceedings if the appellant is
unsuccessful on appeal.

483A.39 Bass fishing tournaments.
1. a. For the purposes of this section, “bass fishing tournament” means an organized
fishing event, except for a fishing event sponsored by the department for educational purposes, involving all of the following:

1. An organized event occurring on public water for the purpose of fishing for bass.
2. Participation of six or more vessels or twelve or more individuals in the event, except for an event on the waters of the Mississippi river, where the number of vessels participating shall be twenty or more and the number of participants shall be forty or more.
3. The award of prizes or other inducements for participation in the event.
   a. For the purposes of this section, “bass fishing tournament” also includes a planned event on public water for the purpose of fishing for bass.
2. A person shall apply for a permit to hold a bass fishing tournament. The commission shall, by rule, specify the requirements to obtain a permit including but not limited to the following:
   a. Minimum requirements for weigh-in, handling, and release of live bass by tournament participants.
   b. Measurement of bass to length and release from a vessel.
   c. Allowance of up to five bass for weigh-in during the tournament.
   d. Allowance of possession of bass of any length so long as the bass are kept alive and are released after weigh-in.
   e. Cleaning of vessels used before and after the tournament in compliance with department guidelines to prevent the transportation of aquatic invasive species.

SUBCHAPTER VI
WILDLIFE HABITAT BONDS

483A.50 Definitions.
When used in this subchapter, unless the context otherwise requires:
1. “Bonds” means negotiable wildlife habitat bonds of the commission issued pursuant to this subchapter and includes all bonds, notes, and other obligations issued in anticipation of these bonds or as refunding bonds pursuant to this subchapter.
2. “Treasurer” means the treasurer of state of the state of Iowa.
3. “Wildlife habitat bond fund” means the fund created by section 483A.53.

86 Acts, ch 1231, §2
C87, §110.50
§483A.50, FISHING AND HUNTING LICENSES, CONTRABAND, AND GUNS  V-1468

C93, §483A.50
2014 Acts, ch 1026, §143

483A.51 Bonds issued by the commission.

1. The commission may issue its negotiable bonds in principal amounts as, in the opinion of the commission, are necessary to provide funds for the acquisition of real property for the development and enhancement of wildlife lands and habitat areas, the payment of interest on its bonds and all other expenditures of the commission incident to and necessary or convenient to carry out the acquisition. However, the commission shall not have a total principal amount of bonds outstanding at any time in excess of eight million dollars. The bonds shall be deemed to be investment securities and negotiable instruments within the meaning of and for all purposes of chapter 554, the uniform commercial code.

2. Bonds issued by the commission are payable solely and only from the revenues credited to the wildlife habitat bond fund. Taxes or appropriations shall not be pledged for the payment of the bonds. Bonds are not an obligation of this state or any political subdivision of this state other than the commission within the meaning of any constitutional or statutory debt limitations, but are special obligations of the commission payable solely and only from the sources provided in this subchapter, and the commission shall not pledge the general credit or taxing power of this state or any political subdivision of this state or make its debts payable out of any moneys except those of the wildlife habitat bond fund.

3. Bonds must be authorized by a resolution of the commission. However, a resolution authorizing the issuance of obligations may delegate to an officer of the commission the power to negotiate and fix the details of an issue of bonds or notes by an appropriate certificate of the authorized officer.

4. The bond proceedings shall provide for the purpose of the bonds, principal amount and principal maturity or maturities, the interest rate or rates or the maximum interest rate, the date of the bonds and the dates of payment of interest on the bonds, their denomination, the terms and conditions upon which parity bonds may be issued, and the establishment within or without the state of a place or places of payment of principal of and interest on the bonds. The purpose of the bonds may be stated in the bond proceedings in terms describing the general purpose or purposes to be served. The commission may cause to be issued a prospectus or official statement in connection with the offering of the bonds. Bonds may be issued in coupon or in registered form, or both. Provision may be made for the registration of bonds with coupons attached as to principal alone, or as to both principal and interest, their exchange for bonds so registered, and for the conversion or reconversion into bonds with coupons attached of any bonds registered as to both principal and interest, and for reasonable charges for registration, exchange, conversion, and reconversion. Bonds shall be sold in the manner and at the time determined by the commission. Chapter 75 and sections 73A.12 through 73A.16 do not apply to these bonds. The bonds are negotiable instruments. The bond proceedings may contain additional provisions as to:

a. The redemption of bonds prior to maturity at the option of the commission at the price and on the terms and conditions provided in the bond proceedings.

b. Other terms of the bonds and concerning execution and delivery of the bonds.

c. The delegation of responsibility for any act relating to the issuance, execution, sale, redemption, or other matter pertaining to the bonds to any other officer, agency of the state, or other person or body.

d. Additional agreements with the bondholders relating to the bonds.

e. Payment from the proceeds of the sale of the bonds of all legal and financial expenses incurred by the commission in the issuance, sale, delivery, and payment of the bonds.

f. Other matters, alike or different, which may in any way affect the security of the bonds and the protection of the bondholders.

5. The power to issue bonds includes the power to issue obligations in the form of bond anticipation notes or other forms of short-term indebtedness and to renew these notes by the issuance of new notes. The holders of notes or interest coupons of notes have a right to be paid solely from those revenues credited to the wildlife habitat bond fund which were pledged to the payment of the bonds anticipated, or from the proceeds of those bonds or renewal
notes, or both, as the commission provides in the bond proceedings authorizing the notes. The notes may be additionally secured by covenants of the commission to the effect that the commission will do those acts authorized by this subchapter and necessary for the issuance of the bonds or renewal notes in appropriate amount, and either exchange the bonds or renewal notes for the notes, or apply the proceeds of the notes, to the extent necessary, to make full payment of the principal of and interest on the notes at the time contemplated, as provided in the bond proceedings. For this purpose, the commission may issue bonds or renewal notes in a principal amount and upon terms as authorized by this subchapter and as necessary to provide funds to pay when required the principal of and interest on the outstanding notes. All provisions for and references to bonds in this subchapter are applicable to notes authorized under this subsection to the extent not inconsistent with this subsection.

6. The commission may authorize and issue bonds for the refunding, including funding and retirement, and advance refunding with or without payment or redemption prior to maturity, of bonds previously issued by the commission. These bonds may be issued in amounts sufficient for payment of the principal amount of the prior bonds, any redemption premiums on the prior bonds, principal maturities of bonds maturing prior to the redemption of the remaining bonds on a parity with them, interest accrued or to accrue to the maturity date or dates of redemption of the bonds, and project costs including expenses incurred or to be incurred in connection with this issuance, refunding, funding, and retirement. Subject to the bond proceedings, the portion of proceeds of the sale of bonds issued under this subsection to be applied to principal of and interest on the prior bonds shall be credited to the appropriate account for the prior bonds. Bonds authorized under this subsection shall be deemed to be issued for those purposes for which the prior bonds were issued and are subject to the provisions of this subchapter pertaining to other bonds. Refunding bonds may be issued without regard to whether or not the bonds to be refunded are payable on the same date or different dates or due serially or otherwise.

483A.52 Additional powers of commission.
In connection with the issuance of the bonds or in order to secure the payment of the bonds and interest on the bonds, the commission may by resolution:

1. Provide that the bonds be secured by a first lien on the revenues and receipts received or to be received into the wildlife habitat bond fund from income from the investment of the wildlife habitat bond fund, from moneys received from the sale of bonds, and from any other moneys which are available for the payment of bond service charges.

2. Pledge for the benefit of the bondholders any part of the receipts in the wildlife habitat bond fund. The pledge shall be effective without physical delivery or further act and moneys in the fund may be applied for the purposes as pledged without the necessity of an Act of appropriation.

3. Establish, authorize, set aside, regulate, and dispose of reserves and sinking funds.

4. Provide that sufficient amounts of the proceeds of the sale of the bonds may be used to fully or partially fund any and all reserves or sinking funds set out by the bond resolution.

5. Prescribe the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of the bonds whose holders must consent thereto, and the manner in which the consent may be given.

6. Purchase bonds, out of funds available for that purpose, which shall be canceled, at a price not exceeding either of the following:
   a. If the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date.
   b. If the bonds are not then redeemable, the redemption price applicable on the first date after the purchase upon which the bonds become subject to redemption plus accrued interest to that date.

86 Acts, ch 1231, §4
483A.53 Payment of bonds.
A wildlife habitat bond fund is created in the state treasury. At the direction of the commission as provided in the bond proceedings or pursuant to section 483A.52, subsection 1 or 2, and as certified by the director, the treasurer of state shall credit to the wildlife habitat bond fund from the revenues received from the sale of wildlife habitat stamps a sum at least sufficient to pay interest on the bonds in each fiscal year and principal on the bonds that mature during each fiscal year. In each fiscal year after July 1, 1986, and after bonds are issued, and until all the bonds issued have been retired, in order to provide for the payment of principal of the bonds issued and sold and the interest on them as the same become due and mature, there is pledged and annually appropriated out of the revenues to be credited to the wildlife habitat bond fund an amount sufficient to pay principal and interest on the bonds issued for each of the years the bonds are outstanding. The director shall annually certify to the treasurer the amount of funds required to pay interest on the bonds in the ensuing fiscal year and the principal on the bonds that mature during the ensuing fiscal year:

483A.54 Nonliability of the state and its officials.
1. Bonds issued are special limited obligations of the commission and are not a debt or liability of the state or any other political subdivision within the meaning of any constitutional or statutory debt limitation and are not a pledge of the state’s credit or taxing power within the meaning of any constitutional or statutory limitation or provision and, except as provided in this subchapter, an appropriation shall not be made, directly or indirectly, by the state or any political subdivision of the state for the payment of bonds. The bonds are special obligations of the commission payable solely from the wildlife habitat bond fund. Funds from the general fund of the state shall not be used to pay interest or principal on the bonds if revenues deposited in the wildlife habitat bond fund are insufficient.
2. The members of the commission or other person executing the bonds is not personally liable for the payment of the bonds. The bonds are valid and binding obligations of the commission notwithstanding the fact that before the delivery of the bonds any of the officers whose signatures appear on the bonds cease to be officers of the state. From and after the sale and delivery of the bonds, they shall be incontestable by the commission.

483A.55 Bonds as legal investments.
Bonds are securities in which all public officers and bodies of the state and all municipalities and political subdivisions of this state, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, and savings associations, investment companies, and other persons carrying on a banking business, all administrators, guardians, executors, trustees, and other fiduciaries and all other persons who are now or may be authorized to invest in bonds or other obligations of this state may properly and legally invest funds including capital in their control or belonging to them. The bonds are also securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities and legal subdivisions of this state for any purpose for which the deposit of bonds or other obligations of the state is now or may be authorized.
86 Acts, ch 1231, §7
483A.56 Rights of bondholders.

The bond proceedings may provide that a holder of bonds or a trustee under the bond proceedings, except to the extent that the holder’s rights are restricted by the bond proceedings, may by legal proceedings, protect and enforce any rights under the laws of this state or granted by the bond proceedings. These rights include the right to compel the performance of all duties of the commission required by this subchapter or the bond proceedings; to enjoin unlawful activities; and in the event of default with respect to the payment of any principal of or interest on bonds or in the performance of a covenant or agreement on the part of the commission in bond proceedings, to apply to a court to appoint a receiver to receive and administer the funds which are pledged to the payment of bonds or which are the subject of the covenant or agreement, with full power to pay and to provide for payment of any principal of or interest on bonds and with powers accorded receivers in general equity cases, excluding power to pledge additional funds or other income or moneys of the commission, the state, or governmental agencies of the state to the payment of the bonds.

484B.1 Definitions.

As used in this chapter unless the context otherwise requires:
1. “Commission” means the natural resource commission.
2. “Department” means the department of natural resources.
3. “Director” means the director of the department.
4. “Elk” means an animal belonging to the cervidae family and classified as part of the canadensis species of the cervus genus.
5. “Game birds” means pen-reared birds of the family gallinæ and mallard ducks.
6. “Hunting preserve” means property and facilities either privately owned or leased for holding, rearing, releasing, or processing captive-raised game for the purpose of hunting, for a fee, over an extended season.
7. “Livestock” means the same as defined in section 717.1.
8. “Pen-reared” means the propagation and holding of game birds and game animals whose origins are from captive populations.
9. “Season” means hunting preserve season.
10. “Ungulate” means hoofed nondomesticated mammal other than livestock.

484B.2 Rules.

The commission may adopt rules under chapter 17A as necessary to carry out this chapter.

92 Acts, ch 1160, §2

484B.3 Authority of the director — exceptions to chapter.

1. The director shall develop, administer, and enforce hunting preserve programs and requirements within the state which implement the provisions of this chapter and rules adopted by the commission pursuant to this chapter.
2. a. The chapter does not apply to keeping farm deer as regulated by the department of agriculture and land stewardship pursuant to chapter 170 or to preserve whitetail kept on a hunting preserve as regulated by the department of natural resources pursuant to chapter 484C.
   b. This chapter does not apply to an owner or tenant of land raising or releasing pen-reared pheasants on the owner’s or tenant’s land as provided in section 481A.6A, provided that a person taking a pen-reared pheasant complies with all requirements provided in chapters 481A and 483A.

484B.4 Hunting preserve operator's license — application and requirements.
1. A person who owns or controls by lease or otherwise for five or more years, a contiguous tract of land having an area of not less than three hundred twenty acres, and who desires to establish a hunting preserve, to propagate and sell game birds and their young or unhatched eggs, and shoot game birds and ungulates on the land, under this chapter or the rules of the commission, shall make application to the department for an operator’s license. The application shall be made under oath of the applicant or under oath of one of its principal officers if the applicant is an association or corporation. Under the authority of this license, any property or facilities to be used for propagating, holding, processing, or pasturing of game birds or ungulates shall not be required to be contained within the contiguous land area used for hunting purposes. The application shall be accompanied by an operator’s license fee of two hundred dollars.
2. Upon receipt of an application, the department or its authorized agent shall inspect the proposed hunting preserve and facilities described in the application. If the department finds that the proposed hunting preserve meets the following requirements, the department may approve the application and issue a hunting preserve operator’s license for the operation of the property and facilities described in the application with the rights and subject to the limitations in this chapter and the rules adopted by the commission:
   a. The proposed hunting preserve contains at least three hundred twenty acres but not more than two thousand five hundred sixty acres.
   b. The area of the proposed hunting preserve is contiguous.
   c. The total area of all licensed hunting preserves and the proposed hunting preserve will not exceed three percent of the land area of the county.
   d. The game birds or ungulates released on the preserve will not be detrimental to wildlife.
   e. The proposed hunting preserve will not interfere with the normal activities of migratory birds.
3. All hunting preserve operator’s licenses shall expire on March 31 of each year.
Referred to in §484B.4A

484B.4A Minimum enclosed acreage — exceptions.
A hunting preserve on which elk are kept must include at least three hundred twenty contiguous acres which are enclosed by a fence as required pursuant to section 484B.5. However, a person may keep elk only on a hunting preserve that includes a fewer number of enclosed acres if either of the following applies:
1. The commission grants a waiver for the hunting preserve according to terms and conditions required by the commission. The hunting preserve must include at least one hundred sixty contiguous acres.
   2. a. The hunting preserve was operated as a business on January 1, 2005.
      b. If the hunting preserve operated as a business on January 1, 2005, the landowner or the landowner’s successor in interest may sell or otherwise transfer ownership of the hunting preserve to another person who may continue to operate the hunting preserve in the same manner as the landowner. However, this paragraph shall not apply if the owner of the hunting preserve or any successor in interest fails to meet the licensing requirements of section 484B.4 each year.
2012 Acts, ch 1118, §16, 21

484B.5 Boundaries signed — fenced.
Upon receipt of a hunting preserve operator’s license, the licensee shall promptly sign the licensed property with signs prescribed by the department. A licensee holding and releasing ungulates shall construct and maintain boundary fences prescribed by the department so as to enclose and contain all released ungulates and exclude all ungulates which are property of the state from becoming a part of the hunting preserve enterprise.
92 Acts, ch 1160, §5; 2016 Acts, ch 1073, §138
Referred to in §484B.4A
484B.6 Game birds released.
The licensee of a licensed hunting preserve may take, or authorize to be taken within the season, the numbers of game birds as provided in this section:
1. A licensed hunting preserve may take up to eighty percent of the total number of pheasant and quail released. One hundred percent of all other game birds released may be taken.
2. A minimum of five hundred game birds shall be released during the hunting preserve season by each licensed hunting preserve authorized to release game birds.
3. A licensee operating two or more licensed hunting preserve areas shall release a cumulative minimum of eight hundred game birds during the hunting preserve season.
4. If hen ring-necked pheasants are shot on the licensed hunting preserve, no less than thirty-five percent of all ring-necked pheasants released shall be hens.
92 Acts, ch 1160, §6

484B.7 Records — reports — inspections.
1. Each hunting preserve licensee shall keep the records and make the reports required on forms prepared and provided by the department. All records shall be open for inspection at any reasonable time by the department or its authorized agents.
2. Each licensee shall file an annual report with the department on or before April 30. The report shall detail the hunting preserve operations during the preceding license year. The original report shall be forwarded to the department and a copy shall be retained in the hunting preserve’s file for three years from the date of expiration of the hunting preserve’s last license issued. Records required by this section shall be entered in the annual report record within twenty-four hours of the event. Failure to keep or submit the required records and reports is grounds for refusal to renew a license for the succeeding year. An on-site inspection of property and facilities shall be conducted by an authorized agent of the department prior to the initial issuance of a hunting preserve operator’s license. The hunting preserve may be reinspected by an agent of the department at any reasonable time. A licensed hunting preserve shall maintain adequate facilities for all designated birds and ungulates held under the hunting preserve operator’s license.
92 Acts, ch 1160, §7; 2017 Acts, ch 29, §138

484B.8 Game bird transportation tags — markings.
The department shall prepare transportation tags suitable for use upon the legs of game birds described in this chapter. The tags shall be of a type which are not removable without breaking and mutilating the tag. The tags shall be used to designate all game birds taken by hunters upon a licensed hunting preserve. The department shall provide licensees with the tags. All dead game birds removed from a licensed hunting preserve shall have a hunting preserve tag affixed to one leg prior to being transported from the licensed hunting preserve, except as otherwise provided by rule of the commission. All mallards released for hunting purposes shall be physically marked by the removal of the hind toe from the right foot at not more than four weeks of age, so as to provide for permanent identification. Game bird tags issued to a hunting preserve are not transferable.
92 Acts, ch 1160, §8

484B.9 Ungulate transportation tags — markings.
The department shall prepare transportation tags suitable for use upon the carcass of ungulates described in this chapter. The tags shall be used to designate all ungulates taken by hunters upon a licensed hunting preserve. The department shall provide licensees with the tags. All ungulates taken on a licensed hunting preserve shall be tagged with a numbered tag prior to being removed from the hunting preserve. The hunter shall tag the ungulate taken in accordance with the rules as determined by the department. The tag shall remain attached to the carcass of the dead ungulate until processed for consumption. The hunter shall be provided with a bill of sale by the licensee. The bill of sale shall remain in the possession of the hunter. Ungulate tags issued to a hunting preserve are not transferable.
92 Acts, ch 1160, §9
§484B.10 Season — hunting preserve hunting license.
1. A person shall not take a game bird or ungulate upon a hunting preserve, by shooting in any manner, except during the established season or as authorized by section 481A.56. The established season shall be September 1 through March 31 of the succeeding year, both dates inclusive. The owner of a hunting preserve shall establish the hunting season for nonnative, pen-reared ungulates on the hunting preserve.
2. Waterfowl shall not be shot over any area where pen-reared mallards may serve as live decoys for wild waterfowl. All persons hunting game birds or ungulates upon a licensed hunting preserve shall secure a hunting license that includes the wildlife habitat fee in accordance with the game laws of Iowa, with the exception that an unlicensed person may secure an annual hunting preserve hunting license restricted to hunting preserves only for a license fee of five dollars. All persons who hunt on hunting preserves shall pay the wildlife habitat fee.
3. A nonresident youth under sixteen years of age may hunt game birds on a licensed hunting preserve upon securing an annual hunting preserve hunting license restricted to hunting preserves only for a license fee of five dollars and payment of the wildlife habitat fee. A nonresident youth is not required to complete the hunter education course to obtain a hunting preserve hunting license pursuant to this subsection if the youth is accompanied by a person who is at least eighteen years of age, is qualified to hunt, and possesses a valid hunting license that includes the wildlife habitat fee. During the hunt, the accompanying adult must be within arm’s reach of the nonresident youth.

Remote control or internet hunting prohibited, see §481A.125A

§484B.11 Health requirements — game birds.
All game birds, including breeders and nonbreeders; or their chicks or unhatched eggs either purchased, propagated, confined, released, or sold by a licensed hunting preserve shall be free of diseases considered significant for wildlife, poultry, or livestock and shall comply with all game bird, mallard, and turkey requirements as designated by the national poultry improvement plan (NPIP) and in accordance with the United States department of agriculture and requirements of the Iowa department of agriculture and land stewardship.

92 Acts, ch 1160, §11

§484B.12 Health requirements — ungulates.
All ungulates which are purchased, propagated, confined, released, or sold by a licensed hunting preserve shall be free of diseases considered significant for wildlife, poultry, or livestock. The department of agriculture and land stewardship shall provide for the regulation of farm deer as provided in chapter 170.

§484B.13 License refusal.
The department may either refuse to issue, refuse to renew, or suspend or revoke a hunting preserve operator’s license if the department finds that the licensed area or the operator or employees of the licensed area are not in compliance with this chapter, or that the property or area is operated in violation of this chapter or administrative rules adopted under this chapter.

484C.2 Application of chapter.
1. A landowner shall not keep whitetail unless the whitetail are kept as preserve whitetail pursuant to this chapter or as farm deer pursuant to chapter 170.
2. This chapter authorizes the department of natural resources to regulate preserve whitetail. However, the department of agriculture and land stewardship shall regulate whitetail kept as farm deer pursuant to chapter 170.

2005 Acts, ch 139, §15

484C.3 Rules.
The department shall adopt rules pursuant to chapter 17A as necessary to administer this chapter.

2005 Acts, ch 139, §16
Referred to in §484C.4

484C.4 Departmental programs and requirements.
The department shall develop, administer, and enforce hunting preserve programs and requirements, which implement the provisions of this chapter and rules adopted by the department pursuant to section 484C.3, regarding fencing, recordkeeping, reporting, and the tagging, transportation, testing, and monitoring for disease of preserve whitetail.

2005 Acts, ch 139, §17
484C.5 Minimum enclosed acreage — exceptions.
1. A hunting preserve must include at least three hundred twenty contiguous acres which are enclosed by a fence certified pursuant to section 484C.6. However, the hunting preserve may include a fewer number of enclosed acres if any of the following applies:
   a. The commission grants a waiver for the hunting preserve according to terms and conditions required by the commission. The hunting preserve must include at least one hundred sixty contiguous acres.
   b. (1) The hunting preserve was operated as a business on January 1, 2005.
      (2) If the hunting preserve operated as a business on January 1, 2005, the landowner or the landowner’s successor in interest may sell or otherwise transfer ownership of the hunting preserve to another person who may continue to operate the hunting preserve in the same manner as the landowner. However, this subparagraph shall not apply if the owner of the hunting preserve or any successor in interest fails to register with the department as provided in section 484C.7 for three or more consecutive years.
   c. (1) The hunting preserve was not operated as a business on January 1, 2005, and all of the following apply:
      (a) The hunting preserve has at least one hundred contiguous acres.
      (b) The hunting preserve’s fence is certified by the department not later than September 1, 2005.
      (2) If the hunting preserve complies with subparagraph (1), the landowner or the landowner’s successor in interest may sell or otherwise transfer ownership of the hunting preserve to another person who may continue to operate the hunting preserve in the same manner as the landowner. However, this subparagraph shall not apply if the owner of the hunting preserve or any successor in interest fails to register with the department as provided in section 484C.7 for three or more consecutive years.
2. Notwithstanding any other provision of this chapter or chapter 484B, a person may keep whitetail and elk together on a hunting preserve that includes less than three hundred twenty enclosed acres if the person receives a waiver as provided in subsection 1, paragraph “a” or meets the conditions specified in subsection 1, paragraph “b”.

484C.6 Fencing — certification.
1. A fence required to enclose preserve whitetail under section 484C.5 must be constructed and maintained as prescribed by rules adopted by the department and as certified by the department. The fence shall be constructed and maintained to ensure that the preserve whitetail are kept in the enclosure and all other whitetail are excluded from the enclosure.
2. A fence that was certified by the department of agriculture and land stewardship pursuant to chapter 170 prior to July 1, 2005, shall be certified by the department of natural resources.
3. A fence shall be at least eight feet in height above ground level. The enclosure shall be posted with signs as prescribed by rules adopted by the department.
4. The department may require that the fence be inspected and approved by the department prior to certification. The department shall periodically inspect the fence at any reasonable time by appointment or by providing the landowner with at least forty-eight hours’ notice.
2005 Acts, ch 139, §19
Referred to in §484C.5, 484C.8, 484C.13

484C.7 Registration and fee.
A landowner who keeps preserve whitetail shall annually register the landowner’s hunting preserve with the department by June 30. The landowner shall pay the department a registration fee. The amount of the registration fee shall not exceed three hundred fifty dollars per fiscal year. The fee shall be deposited into the state fish and game protection fund.
2005 Acts, ch 139, §20
Referred to in §484C.5, 484C.9, 484C.13
484C.8 Requirements for releasing whitetail — property interests.
A person shall not release whitetail kept as preserve whitetail onto land unless the landowner complies with all of the following:
1. The landowner must notify the department at least thirty days prior to first releasing the preserve whitetail on the land. The notice shall be provided in a manner required by the department. The notice must at least provide all of the following:
   a. A statement verifying that the fence which encloses the land is certified by the department pursuant to section 484C.6.
   b. The landowner’s name.
   c. The location of the land enclosed by the fence.
2. The landowner shall cooperate with the department to remove any whitetail from the enclosed land. However, after the thirtieth day following receipt of the notice, the state shall relinquish its property interest in any remaining whitetail that the landowner and the department were unable to remove from the enclosed land. Any remaining whitetail existing at that time on the enclosed land, and any progeny of the whitetail, shall become preserve whitetail and property of the landowner.
3. A hunting preserve may include whitetail which were regulated as farm deer by the department of agriculture and land stewardship pursuant to chapter 170 and transported to the hunting preserve. The whitetail shall be considered farm deer until released onto the hunting preserve. Once released onto the hunting preserve, the whitetail and its progeny become preserve whitetail and are subject to regulation by the department of natural resources.
2005 Acts, ch 139, §21

484C.9 Documentation — inspections.
1. The department shall prepare forms for documents, including records and reports, and provide such forms to landowners in order to comply with this section. The department shall provide procedures for the receipt, filing, processing, and return of documents in an electronic format. The department shall provide for the authentication of the documents that may include electronic signatures as provided in chapter 554D. However, this subsection does not require a landowner to complete or receive a document in an electronic format.
2. A landowner who operates a hunting preserve shall do all of the following:
   a. Keep records as required by the department. The records shall be open for inspection at any reasonable time by the department.
   b. File an annual report with the department on or before June 30. The report shall describe the hunting preserve operations during the preceding twelve months. The original report shall be forwarded to the department and a copy shall be retained in the hunting preserve’s file for three years from the date of expiration of the landowner’s last registration as provided in section 484C.7.
   c. Keep a record of a documented event as required by the department. The record of the documented event shall be entered in the annual report required in this section. The record of the documented event shall be maintained by the landowner and submitted to the department. The entry of the documented event shall be made within twenty-four hours after its occurrence as prescribed by departmental rule.

Referred to in §484C.13

484C.10 Taking preserve whitetail — transportation tags.
The department shall provide transportation tags to a landowner for use in identifying the carcass of preserve whitetail.
1. The tags shall be used to designate all preserve whitetail taken by persons on the hunting preserve. A person taking the preserve whitetail shall tag the preserve whitetail in accordance with the rules adopted by the department.
2. The preserve whitetail taken on a hunting preserve shall be tagged prior to being removed from the hunting preserve.
3. A tag shall remain attached to the carcass of the dead preserve whitetail until processed
§484C.10, PRESERVE WHITETAIL

for consumption. The person taking the preserve whitetail shall be provided with a bill of sale by the landowner. The bill of sale shall remain in the possession of the person taking the preserve whitetail.

4. Preserve whitetail tags issued to a hunting preserve are not transferable.

2005 Acts, ch 139, §23

484C.11 Taking preserve whitetail — processing.

If preserve whitetail have been taken, the harvested preserve whitetail may be processed by the hunting preserve as prescribed by rules adopted by the department. The rules shall provide for the marking and shipment of meat.

2005 Acts, ch 139, §24

484C.12 Health requirements — chronic wasting disease.

1. Preserve whitetail that are purchased, propagated, confined, released, or sold by a hunting preserve shall be free of diseases considered reportable for wildlife, poultry, or livestock. The department may provide for the quarantine of diseased preserve whitetail that threaten the health of animal populations.

2. The landowner, or the landowner’s veterinarian, and an epidemiologist designated by the department shall develop a plan for eradicating a reportable disease among the preserve whitetail population. The plan shall be designed to reduce and then eliminate the reportable disease, and to prevent the spread of the disease to other animals. The plan must be developed and signed within sixty days after a determination that the preserve whitetail population is affected with the disease. The plan must address population management and adhere to rules adopted by the department. The plan must be formalized as a memorandum of agreement executed by the landowner or landowner’s veterinarian and the epidemiologist. The plan must be approved by the department.

2005 Acts, ch 139, §25

484C.13 Penalties.

1. A person who violates a provision of this chapter or a rule adopted pursuant to this chapter is guilty of a simple misdemeanor.

2. A landowner who keeps preserve whitetail and who fails to register with the department as required in section 484C.7 is subject to a civil penalty of not more than two thousand five hundred dollars. The civil penalty shall be deposited in the state fish and game protection fund.

3. The department may suspend or revoke a fence certification issued pursuant to section 484C.6 if the department determines that a landowner has done any of the following:

   a. Provided false information to the department in an application for fence certification pursuant to section 484C.6.

   b. Failed to provide access to the department for an inspection as provided in this chapter.

   c. Failed to maintain adequate records or to submit timely reports as provided in section 484C.9.

   d. Failed to maintain a fence enclosing the land where preserve whitetail are kept as required by this chapter. The department shall not suspend or revoke a certification if the landowner remedies each item as provided in a notice of deficiency delivered to the landowner by the department. The remedies shall be completed within seven days from receipt of the notice. The notice shall be hand delivered or sent by certified mail.
