PREFACE TO 2022 IOWA CODE

IOWA CODE — ANNUAL ELECTRONIC PUBLICATIONS — BIENNIAL PRINTED HARDBOUND VOLUMES. The Iowa Code is published pursuant to Iowa Code chapters 2A and 2B by the Legislative Services Agency. An official copy in PDF format and an unofficial and searchable version of the Iowa Code are published following each regular session of a General Assembly on the Internet and on the Iowa Law Infobase. Printed hardbound volumes of the Iowa Code and the Tables and Indexes are published following the second regular session of a General Assembly.

CODE CONTENTS AND EFFECTIVE AND APPLICABILITY DATES. This 2022 Iowa Code includes all enactments with a January 1, 2022, or earlier effective date from the 2021 Regular and Extraordinary Sessions of the Eighty-ninth Iowa General Assembly and includes enactments from prior sessions that were effective on or before that date. Unless otherwise indicated in the text or in a footnote, new sections, amendments, and repeals from the 2021 Regular Session were effective on or before July 1, 2021. New sections, amendments, and repeals from the 2021 Second Extraordinary Session were effective as stated in the enactments. Refer to specific enactments to determine effective and applicability dates. The Table of Contents enumerates the titles and subtitles in this Iowa Code, and each volume contains an analysis by title, subtitle, and chapter. Codified and original versions of the Constitution of the State of Iowa are included at the beginning of Volume I.

EDITORIAL DECISIONS. All duplicative or nonconflicting amendments to a Code section or part of a Code section were harmonized as required under Iowa Code sections 2B.13 and 4.11. A strike or repeal prevailed over an amendment to the same material. If amendments were irreconcilable, the last amendment in the Act, or latest in date of enactment, was codified as provided in Iowa Code sections 2B.13 and 4.8. Code Editor's Notes at the beginning of each Code volume explain editorial decisions. Iowa Code sections 2B.13 and 2B.17A govern editorial changes and their effective dates.

HISTORIES AND NOTES. Bracketed material at the end of Code sections traces the sections' histories up through 1982. Beginning with the 1983 Legislative Session, Code section histories are traced by citing all Iowa Acts amending or enacting the Code sections. The history of a transferred section includes the publication year and the Code section from which the transfer took place. An explanatory note describing the most recent changes in each new, amended, or revised Code section follows the history. Internal reference citations follow Code titles, subtitles, chapters, chapter subunits, or sections.

TABLES AND INDEXES. Tables and Indexes are published online annually, and contain conversion tables of Senate and House files and Joint Resolutions to Iowa Acts chapters, tables of disposition of Iowa Acts, tables of Code sections altered, tables of corresponding sections, an Iowa Constitution Index, a General Index, and a Skeleton Index.

EDITORIAL STAFF. The 2022 Iowa Code senior legal editorial staff included Michael Duster, Senior Legal Counsel; John Heggen, Legal Services Editor; and Nicholas Schroeder, Legal Services Editor. The editorial staff of the Iowa Code welcomes comments and suggestions for improvements.

CODE EDITOR'S NOTES

Reference

Simple Harmonization Note

The multiple amendments do not conflict, so they were harmonized to give effect to each as required by Code sections 2B.13 and 4.11. In some cases where this note is referenced, the amendments are identical. Under Code section 2B.13, a strike or repeal prevails over an amendment to the same material and does not create a conflict.

15.331C

2021 Acts, ch 86, §1, 6, 7, amends this Code section by changing a tax credit that can be claimed by a corporation to a tax credit that can be claimed by either an eligible business or an individual who is part of a partnership, limited liability company, S corporation, estate, or trust that elects to have income taxed directly to the individual. The amendment took effect May 10, 2021, and applies retroactively to January 1, 2020. 2021 Acts, ch 86, §48, changes the words “goods, wares, or merchandise” to “tangible personal property” in the language of the former corporate tax credit effective July 1, 2021. The amendments conflict and 2021 Acts, ch 86, §1, because it replaces the former corporate tax credit retroactive to January 1, 2020, was codified.

490.901

2021 Acts, ch 165, §263, 266, amends former Code section 490.901 effective June 8, 2021. The amendment to the Code section text includes language repealing the Code section effective January 1, 2022. 2021 Acts, ch 165, §124, 216, 230, enacts and then transfers new Code section 490.901A to become new Code section 490.901 effective January 1, 2022. The repeal of former Code section 490.901 and the transfer of new Code section 490.901A to become Code section 490.901 were both codified, but the amendment to former Code section 490.901 was in effect from June 8, 2021, until January 1, 2022.

1. Each regular session of the general assembly shall be designated by the year in which it convenes and by a number with a new consecutive number assigned with the session beginning in each odd-numbered year.
2. A special session of the general assembly shall be designated as an extraordinary session in the particular year of a numbered general assembly.

2B.17 Official legal publications — citations.

1. A legal publication designated as official by the legislative services agency as provided in sections 2.42 and 2A.1 is the authoritative and official electronic or print version of the statutes, administrative rules, or court rules of the state of Iowa.

2.
 - a. The codified state constitution shall be known as the Constitution of the State of Iowa.
 - b. For statutes, the official versions of publications shall be known as the Iowa Acts, the Iowa Code, and the Code Supplement for supplements for the years 1979 through 2011.
 - c. For administrative rules, the official versions of the publications shall be known as the Iowa Administrative Bulletin and the Iowa Administrative Code.
 - d. For court rules, the official legal publication shall be known as the Iowa Court Rules.

3. The legislative services agency may adopt a style manual providing a uniform system of citing the codified Constitution of the State of Iowa and the official versions of publications listed in subsection 2, including by reference to commonly accepted legal sources. The legislative services agency style manual may provide for a different form of citation for electronic and printed versions of the same publication. Nothing in this section affects rules for style and format adopted pursuant to section 2.42.

4. The codified Constitution of the State of Iowa, and statutes enacted and joint resolutions enacted or passed by the general assembly shall be cited as follows:

- a. The codified Constitution of the State of Iowa shall be cited as the Constitution of the State of Iowa, with a reference identifying the preamble or boundaries, or article, section, and subunit of a section. Subject to the legislative services agency style manual, the Constitution of the State of Iowa may be cited as the Iowa Constitution.

- b. The Iowa Acts shall be cited as the Iowa Acts with a reference identifying the year of the publication in conformance with section 2.2, and the chapter of a bill enacted or joint resolution enacted or passed during a regular session, or in the alternative the bill or joint resolution chamber designation, and the section of the chapter or bill or subunit of a section. A bill or joint resolution enacted or passed during a special session shall be cited by the extraordinary session designation in conformance with section 2.2. If the Iowa Acts have not been published, a bill or joint resolution may be cited by its bill or joint resolution chamber designation.

- c. The Iowa Code shall be cited as the Iowa Code. Supplements to the Iowa Code published for the years 1979 through 2011 shall be cited as the Code Supplement. Subject to the legislative services agency style manual, the Iowa Code may be cited as the Code of Iowa or Code and the Code Supplement may be cited as the Iowa Code Supplement, with references identifying parts of the publication, including but not limited to title or chapter, section, or subunit of a section. If the citation refers to a past edition of the Iowa Code or Code Supplement, the citation shall identify the year of publication. The legislative services agency style manual shall provide for a citation form for any supplements to the Iowa Code published after the year 2013.

5. Administrative rules shall be cited as follows:

Subject to the legislative services agency style manual, the citation may also include the publication's page number.

- b. The Iowa Administrative Code shall be cited as the IAC, with references to an agency's identification number placed at the beginning of the citation and with references to parts of the publication, including but not limited to chapter, rule, or subunit of a rule.

6. Subject to the legislative services agency style manual, the names of the rules may be abbreviated.

Chapters of the Code are cited as whole numerals; as chapter 135 or chapter 135A.

Sections are cited as decimal numerals; as section 135.101 or section 135A.2. Sections are often divided into subunits. The following is an example of the hierarchical structure of a Code section:

Section: 8C.7A	Subparagraph division: (a)
Subsection: 3	Subparagraph subdivision: (iv)
Paragraph: c	Subparagraph part: (A)
Subparagraph: (3)	Subparagraph subpart: (I)

The above Code section example may be abbreviated as 8C.7A(3)(c)(3)(a)(iv)(A)(I).

THE DECLARATION OF INDEPENDENCE

IN CONGRESS, JULY 4, 1776

[*Literal reprint of the Declaration of Independence as it appears in the Revised Statutes of the United States, 1878*]

The unanimous Declaration of the thirteen united States of America.

When in the Course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the Powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. — Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britian is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world.

He has refused his Assent to Laws, the most wholesome and necessary for the public good.

He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their Public Records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people.

He has refused for a long time, after such dissolutions, to cause others to be elected; whereby the Legislative Powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the dangers of invasion from without, and convulsions within.

He has endeavoured to prevent the population of these States; for that purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their migration hither, and raising the conditions of new Appropriations of Lands.

He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary Powers.

He has made Judges dependent on his Will alone, for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our People, and eat out their substance.

He has kept among us, in times of peace, Standing Armies without the Consent of our legislature.

He has affected to render the Military independent of and superior to the Civil Power.

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his Assent to their acts of pretended Legislation:

For quartering large bodies of armed troops among us:

For protecting them, by a mock Trial, from Punishment for any Murders which they should commit on the Inhabitants of these States:

For cutting off our Trade with all parts of the world:

For imposing taxes on us without our Consent:

For depriving us in many cases, of the benefits of Trial by Jury:

For transporting us beyond Seas to be tried for pretended offenses:

For abolishing the free System of English Laws in a neighbouring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies:

For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Government:

For suspending our own Legislature, and declaring themselves invested with Power to legislate for us in all cases whatsoever.

He has abdicated Government here, by declaring us out of his Protection and waging War against us.

He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our people.

He is at this time transporting large armies of foreign mercenaries to complete the works of death, desolation and tyranny, already begun with circumstances of Cruelty & perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation.

He has constrained our fellow Citizens taken captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands.

He has excited domestic insurrections amongst us, and has endeavoured to bring on the inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare, is an undistinguished destruction of all ages, sexes and conditions.

In every stage of these Oppressions We have Petitioned for Redress in the most humble terms: Our repeated Petitions have been answered only by repeated injury. A Prince, whose character is thus marked by every act which may define a Tyrant is unfit to be the ruler of a free People.

Nor have We been wanting in attention to our British brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which, would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends.

We, therefore, the Representatives of the united States of America, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by Authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be Free and Independent States; that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britian is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do. And for the support of this Declaration, with a firm

reliance on the Protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

To all to whom these Presents shall come, we the undersigned Delegates of the States affixed to our Names send greeting.

Whereas the Delegates of the United States of America in Congress assembled did on the fifteenth day of November in the Year of our Lord One Thousand Seven Hundred and Seventy seven, and in the Second Year of the Independence of America agree to certain articles of Confederation and perpetual Union between the States of Newhampshire, Massachusetts-bay, Rhodeisland and Providence Plantations, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, North-Carolina, South-Carolina and Georgia in the Words following, viz.

“Articles of Confederation and perpetual Union between the States of Newhampshire, Massachusetts-bay, Rhodeisland, and Providence Plantations, Connecticut, New-York, New-Jersey, Pennsylvania, Delaware, Maryland, Virginia, North-Carolina, South-Carolina and Georgia.

Article I. The stile of this confederacy shall be “The United States of America.”

Article II. Each State retains its sovereignty, freedom and independence, and every power, jurisdiction and right, which is not by this confederation expressly delegated to the United States, in Congress assembled.

Article III. The said States hereby severally enter into a firm league of friendship with each other, for their common defence, the security of their liberties, and their mutual and general welfare, binding themselves to assist each other, against all force offered to, or attacks made upon them, or any of them, on account of religion, sovereignty, trade, or any other pretence whatever.

Article IV. The better to secure and perpetuate mutual friendship and intercourse among the people of the different States in this Union, the free inhabitants of each of these States, paupers, vagabonds and fugitives from justice excepted, shall be entitled to all privileges and immunities of free citizens in the several States; and the people of each State shall have free ingress and regress to and from any other State, and shall enjoy therein all the privileges of trade and commerce, subject to the same duties, impositions and restrictions as the inhabitants thereof respectively, provided that such restrictions shall not extend so far as to prevent the removal of property imported into any State, to any other State of which the owner is an inhabitant; provided also that no imposition, duties or restriction shall be laid by any State, on the property of the United States, or either of them.

If any person guilty of, or charged with treason, felony, or other high misdemeanor in any State, shall flee from justice, and be found in any of the United States, he shall upon demand of the Governor or Executive power, of the State from which he fled, be delivered up and removed to the State having jurisdiction of his offence.

Full faith and credit shall be given in each of these States to the records, acts and judicial proceedings of the courts and magistrates of every other State.

Article V. For the more convenient management of the general interests of the United States, delegates shall be annually appointed in such manner as the legislature of each State shall direct, to meet in Congress on the first Monday in November, in every year, with a power reserved to each State, to recall its delegates, or any of them, at any time within the year, and to send others in their stead, for the remainder of the year.

No State shall be represented in Congress by less than two, nor by more than seven members; and no person shall be capable of being a delegate for more than three years in any term of six years; nor shall any person, being a delegate, be capable of holding any office under the United States, for which he, or another for his benefit receives any salary, fees or emolument of any kind.

Each State shall maintain its own delegates in a meeting of the States, and while they act as members of the committee of the States.

In determining questions in the United States, in Congress assembled, each State shall have one vote.

Freedom of speech and debate in Congress shall not be impeached or questioned in any court, or place out of Congress, and the members of Congress shall be protected in their persons from arrests and imprisonments, during the time of their going to and from, and attendance on Congress, except for treason, felony, or breach of the peace.

Article VI. No State without the consent of the United States in Congress assembled, shall send any embassy to, or receive any embassy from, or enter into any conference, agreement, alliance or treaty with any king, prince or state; nor shall any person holding any office of profit or trust under the United States, or any of them, accept of any present, emolument, office or title of any kind whatever from any king, prince or foreign state; nor shall the United States in Congress assembled, or any of them, grant any title of nobility.

No two or more States shall enter into any treaty, confederation or alliance whatever between them, without the consent of the United States in Congress assembled, specifying accurately the purposes for which the same is to be entered into, and how long it shall continue.

No State shall lay any imposts or duties, which may interfere with any stipulations in treaties, entered into by the United States in Congress assembled, with any king, prince or state, in pursuance of any treaties already proposed by Congress, to the courts of France and Spain.

No vessels of war shall be kept up in time of peace by any State, except such number only, as shall be deemed necessary by the United States in Congress assembled, for the defence of such State, or its trade; nor shall any body of forces be kept up by any State, in time of peace, except such number only, as in the judgment of the United States, in Congress assembled, shall be deemed requisite to garrison the forts necessary for the defence of such State; but every State shall always keep up a well regulated and disciplined militia, sufficiently armed and accoutered, and shall provide and constantly have ready for use, in public stores, a due number of field pieces and tents, and a proper quantity of arms, ammunition and camp equipage.

No State shall engage in any war without the consent of the United States in Congress assembled, unless such State be actually invaded by enemies, or shall have received certain advice of a resolution being formed by some nation of Indians to invade such State, and the danger is so imminent as not to admit of a delay, till the United States in Congress assembled can be consulted: nor shall any State grant commissions to any ships or vessels of war, nor letters of marque or reprisal, except it be after a declaration of war by the United States in Congress assembled, and then only against the kingdom or state and the subjects thereof, against which war has been so declared, and under such regulations as shall be established by the United States in Congress assembled, unless such State be infested by pirates, in which case vessels of war may be fitted out for that occasion, and kept so long as the danger shall continue, or until the United States in Congress assembled shall determine otherwise.

Article VII. When land-forces are raised by any State for the common defence, all officers of or under the rank of colonel, shall be appointed by the Legislature of each State respectively by whom such forces shall be raised, or in such manner as such State shall direct, and all vacancies shall be filled up by the State which first made the appointment.

Article VIII. All charges of war, and all other expenses that shall be incurred for the common defence or general welfare, and allowed by the United States in Congress assembled, shall be defrayed out of a common treasury, which shall be supplied by the several States, in proportion to the value of all land within each State, granted to or surveyed for any person, as such land and the buildings and improvements thereon shall be estimated

according to such mode as the United States in Congress assembled, shall from time to time direct and appoint.

The taxes for paying that proportion shall be laid and levied by the authority and direction of the Legislatures of the several States within the time agreed upon by the United States in Congress assembled.

Article IX. The United States in Congress assembled, shall have the sole and exclusive right and power of determining on peace and war, except in the cases mentioned in the sixth article — of sending and receiving ambassadors — entering into treaties and alliances, provided that no treaty of commerce shall be made whereby the legislative power of the respective States shall be restrained from imposing such imposts and duties on foreigners, as their own people are subjected to, or from prohibiting the exportation or importation of any species of goods or commodities whatsoever — of establishing rules for deciding in all cases, what captures on land or water shall be legal, and in what manner prizes taken by land or naval forces in the service of the United States shall be divided or appropriated — of granting letters of marque and reprisal in times of peace — appointing courts for the trial of piracies and felonies committed on the high seas and establishing courts for receiving and determining finally appeals in all cases of captures, provided that no member of Congress shall be appointed a judge of any of said courts.

The United States in Congress assembled, shall also be the last resort on appeal in all disputes and differences now subsisting or that hereafter may arise between two or more States concerning boundary, jurisdiction or any other cause whatever; which authority shall always be exercised in the manner following. Whenever the legislative or executive authority or lawful agent of any State in controversy with another shall present a petition to Congress, stating the matter in question and praying for a hearing, notice thereof shall be given by order of Congress to the legislative or executive authority of the other State in controversy, and a day assigned for the appearance of the parties by their lawful agents, who shall then be directed to appoint by joint consent, commissioners or judges to constitute a court for hearing and determining the matter in question: but if they cannot agree, Congress shall name three persons out of each of the United States, and from the list of such persons each party shall alternately strike out one, the petitioners beginning, until the number shall be reduced to thirteen; and from that number not less than seven, nor more than nine names as Congress shall direct, shall in the presence of Congress be drawn out by lot, and the persons whose names shall be so drawn or any five of them, shall be commissioners or judges, to hear and finally determine the controversy, so always as a major part of the judges who shall hear the cause shall agree in the determination: and if either party shall neglect to attend at the day appointed, without showing reasons, which Congress shall judge sufficient, or being present shall refuse to strike, the Congress shall proceed to nominate three persons out of each State, and the Secretary of Congress shall strike in behalf of such party absent or refusing; and the judgment and sentence of the court to be appointed, in the manner before prescribed, shall be final and conclusive; and if any of the parties shall refuse to submit to the authority of such court, or to appear or defend their claim or cause, the court shall nevertheless proceed to pronounce sentence, or judgment, which shall in like manner be final and decisive, the judgment or sentence and other proceedings being in either case transmitted to Congress, and lodged among the acts of Congress for the security of the parties concerned: provided that every commissioner, before he sits in judgment, shall take an oath to be administered by one of the judges of the supreme or superior court of the State where the cause shall be tried, “well and truly to hear and determine the matter in question, according to the best of his judgment, without favour, affection or hope of reward:” provided also that no State shall be deprived of territory for the benefit of the United States.

All controversies concerning the private right of soil claimed under different grants of two or more States, whose jurisdiction as they may respect such lands, and the States which passed such grants are adjusted, the said grants or either of them being at the same time claimed to have originated antecedent to such settlement of jurisdiction, shall on the petition of either party to the Congress of the United States, be finally determined as near as may

be in the same manner as is before prescribed for deciding disputes respecting territorial jurisdiction between different States.

The United States in Congress assembled shall also have the sole and exclusive right and power of regulating the alloy and value of coin struck by their own authority, or by that of the respective States. — fixing the standard of weights and measures throughout the United States. — regulating the trade and managing all affairs with the Indians, not members of any of the States, provided that the legislative right of any State within its own limits be not infringed or violated — establishing and regulating post-offices from one State to another, throughout all the United States, and exacting such postage on the papers passing thro' the same as may be requisite to defray the expenses of the said office — appointing all officers of the land forces, in the service of the United States, excepting regimental officers — appointing all the officers of the naval forces, and commissioning all officers whatever in the service of the United States — making rules for the government and regulation of the said land and naval forces, and directing their operations.

The United States in Congress assembled shall have authority to appoint a committee, to sit in the recess of Congress, to be denominated “a Committee of the States,” and to consist of one delegate from each State; and to appoint such other committees and civil officers as may be necessary for managing the general affairs of the United States under their direction — to appoint one of their number to preside, provided that no person be allowed to serve in the office of president more than one year in any term of three years; to ascertain the necessary sums of money to be raised for the service of the United States, and to appropriate and apply the same for defraying the public expenses — to borrow money, or emit bills on the credit of the United States, transmitting every half year to the respective States an account of the sums of money so borrowed or emitted, — to build and equip a navy — to agree upon the number of land forces, and to make requisitions from each State for its quota, in proportion to the number of white inhabitants in such State; which requisition shall be binding, and thereupon the Legislature of each State shall appoint the regimental officers, raise the men and cloath, arm and equip them in a soldier like manner, at the expense of the United States; and the officers and men so cloathed, armed and equipped shall march to the place appointed, and within the time agreed on by the United States in Congress assembled: but if the United States in Congress assembled shall, on consideration of circumstances judge proper that any State should not raise men, or should raise a smaller number than its quota, and that any other State should raise a greater number of men than the quota thereof, such extra number shall be raised, officered, cloathed, armed and equipped in the same manner as the quota of such State, unless the legislature of such State shall judge that such extra number cannot be safely spared out of the same, in which case they shall raise officer, cloath, arm and equip as many of such extra number as they judge can be safely spared. And the officers and men so cloathed, armed and equipped, shall march to the place appointed, and within the time agreed on by the United States in Congress assembled.

The United States in Congress assembled shall never engage in a war, nor grant letters of marque and reprisal in time of peace, nor enter into any treaties or alliances, nor coin money, nor regulate the value thereof, nor ascertain the sums and expenses necessary for the defence and welfare of the United States, or any of them, nor emit bills, nor borrow money on the credit of the United States, nor appropriate money, nor agree upon the number of vessels of war, to be built or purchased, or the number of land or sea forces to be raised, nor appoint a commander in chief of the army or navy, unless nine States assent to the same: nor shall a question on any other point, except for adjournment from day to day be determined, unless by the votes of a majority of the United States in Congress assembled.

The Congress of the United States shall have power to adjourn to any time within the year, and to any place within the United States, so that no period of adjournment be for a longer duration than the space of six months, and shall publish the journal of their proceedings monthly, except such parts thereof relating to treaties, alliances or military operations, as in their judgment require secrecy; and the yeas and nays of the delegates of each State on any question shall be entered on the journal, when it is desired by any delegate; and the delegates of a State, or any of them, at his or their request shall be furnished with a transcript of the

said journal, except such parts as are above excepted, to lay before the Legislatures of the several States.

Article X. The committee of the States, or any nine of them, shall be authorized to execute, in the recess of Congress, such of the powers of Congress as the United States in Congress assembled, by the consent of nine States, shall from time to time think expedient to vest them with; provided that no power be delegated to the said committee, for the exercise of which, by the articles of confederation, the voice of nine States in the Congress of the United States assembled is requisite.

Article XI. Canada acceding to this confederation, and joining in the measures of the United States, shall be admitted into, and entitled to all the advantages of this Union: but no other colony shall be admitted into the same, unless such admission be agreed to by nine States.

Article XII. All bills of credit emitted, monies borrowed and debts contracted by, or under the authority of Congress, before the assembling of the United States, in pursuance of the present confederation, shall be deemed and considered as a charge against the United States, for payment and satisfaction whereof the said United States, and the public faith are hereby solemnly pledged.

Article XIII. Every State shall abide by the determinations of the United States in Congress assembled, on all questions which by this confederation are submitted to them. And the articles of this confederation shall be inviolably observed by every State, and the Union shall be perpetual; nor shall any alteration at any time hereafter be made in any of them; unless such alteration be agreed to in a Congress of the United States, and be afterwards confirmed by the Legislatures of every State.

And whereas it has pleased the Great Governor of the world to incline the hearts of the Legislatures we respectively represent in Congress, to approve of, and to authorize us to ratify the said articles of confederation and perpetual union. Know ye that we the undersigned delegates, by virtue of the power and authority to us given for that purpose, do by these presents, in the name and in behalf of our respective constituents, fully and entirely ratify and confirm each and every of the said articles of confederation and perpetual union, and all and singular the matters and things therein contained: and we do further solemnly plight and engage the faith of our respective constituents, that they shall abide by the determinations of the United States in Congress assembled, on all questions, which by the said confederation are submitted to them. And that the articles thereof shall be inviolably observed by the States we re[s]pectively represent, and that the Union shall be perpetual.

In witness whereof we have hereunto set our hands in Congress. Done at Philadelphia in the State of Pennsylvania the ninth day of July in the year of our Lord one thousand seven hundred and seventy-eight, and in the third year of the independence of America.

[Literal reprint of the constitution of the United States as it appears in Senate Document No. 96, Sixty-Seventh Congress, Second Session.]

We the people of the United States, in Order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defence, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America.

ARTICLE I.

SECTION. 1. All legislative Powers herein granted shall be vested in a Congress of the United States, which shall consist of a Senate and House of Representatives.

SECTION. 2. The House of Representatives shall be composed of Members chosen every second Year by the People of the several States, and the Electors in each State shall have the Qualifications requisite for Electors of the most numerous Branch of the State Legislature.

No Person shall be a Representative who shall not have attained to the Age of twenty five Years, and been seven Years a Citizen of the United States, and who shall not, when elected, be an Inhabitant of that State in which he shall be chosen.

Representatives and direct Taxes shall be apportioned among the several States which may be included within this Union, according to their respective Numbers, which shall be determined by adding to the whole Number of free Persons, including those bound to Service for a Term of Years, and excluding Indians not taxed, three fifths of all other Persons. The actual Enumeration shall be made within three Years after the first Meeting of the Congress of the United States, and within every subsequent Term of ten Years, in such Manner as they shall by Law direct. The Number of Representatives shall not exceed one for every thirty Thousand, but each State shall have at Least one Representative; and until such enumeration shall be made, the State of New Hampshire shall be entitled to chuse three Massachusetts eight, Rhode-Island and Providence Plantations one, Connecticut five, New-York six, New Jersey four, Pennsylvania eight, Delaware one, Maryland six, Virginia ten, North Carolina five, South Carolina five, and Georgia three.

When vacancies happen in the Representation from any State, the Executive Authority thereof shall issue Writs of Election to fill such Vacancies.

The House of Representatives shall chuse their Speaker and other Officers; and shall have the sole Power of Impeachment.

SECTION. 3. The Senate of the United States shall be composed of two Senators from each State, chosen by the Legislature thereof, for six Years; and each Senator shall have one Vote.

Immediately after they shall be assembled in Consequence of the first Election, they shall be divided as equally as may be into three Classes. The Seats of the Senators of the first Class shall be vacated at the Expiration of the second Year, of the second Class at the Expiration of the fourth Year, and of the third Class at the Expiration of the sixth Year, so that one third may be chosen every second Year; and if Vacancies happen by Resignation, or otherwise, during the Recess of the Legislature of any State, the Executive thereof may make temporary Appointments until the next Meeting of the Legislature, which shall then fill such Vacancies.

No Person shall be a Senator who shall not have attained to the Age of thirty Years, and been nine Years a Citizen of the United States, and who shall not, when elected, be an Inhabitant of that State for which he shall be chosen.

The Vice President of the United States shall be President of the Senate, but shall have no Vote, unless they be equally divided.

The Senate shall choose their other Officers, and also a President pro tempore, in the Absence of the Vice President, or when he shall exercise the Office of President of the United States.

The Senate shall have the sole Power to try all Impeachments. When sitting for that Purpose, they shall be on Oath or Affirmation. When the President of the United States is tried the Chief Justice shall preside: And no Person shall be convicted without the Concurrence of two thirds of the Members present.

Judgment in Cases of Impeachment shall not extend further than to removal from Office, and disqualification to hold and enjoy any Office of honor, Trust or Profit under the United States: but the Party convicted shall nevertheless be liable and subject to Indictment, Trial, Judgment and Punishment, according to Law.

SECTION. 4. The Times, Places and Manner of holding Elections for Senators and Representatives, shall be prescribed in each State by the Legislature thereof: but the Congress may at any time by Law make or alter such Regulations, except as to the Places of choosing Senators.

The Congress shall assemble at least once in every Year, and such Meeting shall be on the first Monday in December, unless they shall by Law appoint a different Day.

SECTION. 5. Each House shall be the Judge of the Elections, Returns and Qualifications of its own Members, and a Majority of each shall constitute a Quorum to do Business; but a smaller Number may adjourn from day to day, and may be authorized to compel the Attendance of absent Members, in such Manner, and under such Penalties as each House may provide.

Each House may determine the Rules of its Proceedings, punish its Members for disorderly Behaviour, and, with the Concurrence of two thirds, expel a Member.

Each House shall keep a Journal of its Proceedings, and from time to time publish the same, excepting such Parts as may in their Judgment require Secrecy; and the Yeas and Nays of the Members of either House on any question shall, at the Desire of one fifth of those Present, be entered on the Journal.

Neither House, during the Session of Congress, shall, without the Consent of the other, adjourn for more than three days, nor to any other Place than that in which the two Houses shall be sitting.

SECTION. 6. The Senators and Representatives shall receive a Compensation for their Services, to be ascertained by Law, and paid out of the Treasury of the United States. They shall in all Cases, except Treason, Felony and Breach of the Peace, be privileged from Arrest during their Attendance at the Session of their respective Houses, and in going to and returning from the same; and for any Speech or Debate in either House, they shall not be questioned in any other Place.

No Senator or Representative shall, during the Time for which he was elected, be appointed to any civil Office under the Authority of the United States, which shall have been created, or the Emoluments whereof shall have been increased during such time; and no Person holding any Office under the United States, shall be a Member of either House during his Continuance in Office.

SECTION. 7. All Bills for raising Revenue shall originate in the House of Representatives; but the Senate may propose or concur with Amendments as on other Bills.

Every Bill which shall have passed the House of Representatives and the Senate, shall, before it become a Law, be presented to the President of the United States; if he approve he shall sign it, but if not he shall return it, with his Objections to that House in which it shall have originated, who shall enter the Objections at large on their Journal, and proceed to reconsider it. If after such Reconsideration two thirds of that House shall agree to pass the Bill, it shall be sent, together with the Objections, to the other House, by which it shall

likewise be reconsidered, and if approved by two thirds of that House, it shall become a Law. But in all such Cases the Votes of both Houses shall be determined by yeas and Nays, and the Names of the Persons voting for and against the Bill shall be entered on the Journal of each House respectively. If any Bill shall not be returned by the President within ten Days (Sundays excepted) after it shall have been presented to him, the Same shall be a Law, in like Manner as if he had signed it, unless the Congress by their Adjournment prevent its Return, in which Case it shall not be a Law.

Every Order, Resolution, or Vote to which the Concurrence of the Senate and House of Representatives may be necessary (except on a question of Adjournment) shall be presented to the President of the United States; and before the Same shall take Effect, shall be approved by him, or being disapproved by him, shall be repassed by two thirds of the Senate and House of Representatives, according to the Rules and Limitations prescribed in the Case of a Bill.

SECTION. 8. The Congress shall have Power To lay and collect Taxes, Duties, Imposts and Excises, to pay the Debts and provide for the common Defence and general Welfare of the United States; but all Duties, Imposts and Excises shall be uniform throughout the United States;

To borrow Money on the credit of the United States;

To define and punish Piracies and Felonies committed on the high Seas, and Offences against the Law of Nations;

To declare War, grant Letters of Marque and Reprisal, and make Rules concerning Captures on Land and Water;

To raise and support Armies, but no Appropriation of Money to that Use shall be for a longer Term than two Years;

To provide and maintain a Navy;

To make Rules for the Government and Regulation of the land and naval Forces;

To provide for calling forth the Militia to execute the Laws of the Union, suppress Insurrections and repel Invasions;

To provide for organizing, arming, and disciplining the Militia, and for governing such Part of them as may be employed in the Service of the United States, reserving to the States respectively, the Appointment of the Officers, and the Authority of training the Militia according to the discipline prescribed by Congress;

To exercise exclusive Legislation in all Cases whatsoever, over such District (not exceeding ten Miles square) as may, by Cession of particular States, and the Acceptance of Congress, become the Seat of the Government of the United States, and to exercise like Authority over all Places purchased by the Consent of the Legislature of the State in which the Same shall be, for the Erection of Forts, Magazines, Arsenals, dock-Yards, and other needful Buildings;

— And

To make all Laws which shall be necessary and proper for carrying into Execution the foregoing Powers, and all other Powers vested by this Constitution in the Government of the United States, or in any Department or Officer thereof.

SECTION. 9. The Migration or Importation of such Persons as any of the States now existing shall think proper to admit, shall not be prohibited by the Congress prior to the

Year one thousand eight hundred and eight, but a Tax or duty may be imposed on such Importation, not exceeding ten dollars for each Person.

The Privilege of the Writ of Habeas Corpus shall not be suspended, unless when in Cases of Rebellion or Invasion the public Safety may require it.

No State shall, without the Consent of the Congress, lay any Imposts or Duties on Imports or Exports, except what may be absolutely necessary for executing its inspection Laws: and the net Produce of all Duties and Imposts, laid by any State on Imports or Exports, shall be for the Use of the Treasury of the United States; and all such Laws shall be subject to the Revision and Controul of the Congress.

No State shall, without the Consent of Congress, lay any Duty of Tonnage, keep Troops, or Ships of War in time of Peace, enter into any Agreement or Compact with another State, or with a foreign Power, or engage in War, unless actually invaded, or in such imminent Danger as will not admit of delay.

ARTICLE. II.

SECTION. 1. The executive Power shall be vested in a President of the United States of America. He shall hold his Office during the Term of four Years, and, together with the Vice President, chosen for the same Term, be elected, as follows

Each State shall appoint, in such Manner as the Legislature thereof may direct, a Number of Electors, equal to the whole Number of Senators and Representatives to which the State may be entitled in the Congress: but no Senator or Representative, or Person holding an Office of Trust or Profit under the United States, shall be appointed an Elector.

The Electors shall meet in their respective States, and vote by Ballot for two Persons, of whom one at least shall not be an Inhabitant of the same State with themselves. And they shall make a List of all the Persons voted for, and of the Number of Votes for each; which List they shall sign and certify, and transmit sealed to the Seat of the Government of the United States, directed to the President of the Senate. The President of the Senate shall, in the Presence of the Senate and House of Representatives, open all the Certificates, and the Votes shall then be counted. The Person having the greatest Number of Votes shall be the President, if such Number be a Majority of the whole Number of Electors appointed; and if there be more than one who have such Majority, and have an equal Number of Votes, then the House of Representatives shall immediately chuse by Ballot one of them for President; and if no Person have a Majority, then from the five highest on the List the said House shall in like Manner chuse the President. But in chusing the President, the Votes shall be taken by States, the Representation from each State having one Vote; A quorum for this Purpose

shall consist of a Member or Members from two thirds of the States, and a Majority of all the States shall be necessary to a Choice. In every Case, after the Choice of the President, the Person having the greatest Number of Votes of the Electors shall be the Vice President. The Congress may determine the Time of chusing the Electors, and the Day on which they shall give their Votes; which Day shall be the same throughout the United States.

No Person except a natural born Citizen, or a Citizen of the United States, at the time of the Adoption of this Constitution, shall be eligible to the Office of President; neither shall any Person be eligible to that Office who shall not have attained the Age of thirty five Years, and been fourteen Years a Resident within the United States.

In Case of the Removal of the President from Office, or of his Death, Resignation, or Inability to discharge the Powers and Duties of the said Office, the Same shall devolve on the Vice President, and the Congress may by Law provide for the Case of Removal, Death, Resignation or Inability, both of the President and Vice President, declaring what Officer shall then act as President, and such Officer shall act accordingly, until the Disability be removed, or a President shall be elected.

The President shall, at stated Times, receive for his Services, a Compensation, which shall neither be increased nor diminished during the Period for which he shall have been elected, and he shall not receive within that Period any other Emolument from the United States, or any of them.

Before he enter on the Execution of his Office, he shall take the following Oath or Affirmation: — “I do solemnly swear (or affirm) that I will faithfully execute the Office of President of the United States, and will to the best of my Ability, preserve, protect and defend the Constitution of the United States.”

The President shall have Power to fill up all Vacancies that may happen during the Recess of the Senate, by granting Commissions which shall expire at the End of their next Session.

SECTION. 3. He shall from time to time give to the Congress Information of the State of the Union, and recommend to their Consideration such Measures as he shall judge necessary and expedient; he may, on extraordinary Occasions, convene both Houses, or either of them, and in Case of Disagreement between them, with Respect to the Time of Adjournment, he may adjourn them to such Time as he shall think proper; he shall receive Ambassadors and other public Ministers; he shall take Care that the Laws be faithfully executed, and shall Commission all the Officers of the United States.

SECTION. 3. Treason against the United States, shall consist only in levying War against them, or in adhering to their Enemies, giving them Aid and Comfort. No Person shall be convicted of Treason unless on the Testimony of two Witnesses to the same overt Act, or on Confession in open Court.

The Congress shall have Power to declare the Punishment of Treason, but no Attainder of Treason shall work Corruption of Blood, or Forfeiture except during the Life of the Person attainted.

New States may be admitted by the Congress into this Union; but no new State shall be formed or erected within the Jurisdiction of any other State; nor any State be formed by the Junction of two or more States, or Parts of States, without the Consent of the Legislatures of the States concerned as well as of the Congress.

The Congress shall have Power to dispose of and make all needful Rules and Regulations respecting the Territory or other Property belonging to the United States; and nothing in this Constitution shall be so construed as to Prejudice any Claims of the United States, or of any particular State.

SECTION. 4. The United States shall guarantee to every State in this Union a Republican Form of Government, and shall protect each of them against Invasion; and on Application of the Legislature, or of the Executive (when the Legislature cannot be convened) against domestic Violence.

ARTICLE. V.

The Congress, whenever two thirds of both Houses shall deem it necessary, shall propose Amendments to this Constitution, or, on the Application of the Legislatures of two thirds of the several States, shall call a Convention for proposing Amendments, which, in either Case, shall be valid to all Intents and Purposes, as Part of this Constitution, when ratified by the Legislatures of three fourths of the several States, or by Conventions in three fourths thereof, as the one or the other Mode of Ratification may be proposed by the Congress: Provided that no Amendment which may be made prior to the Year One thousand eight hundred and eight shall in any Manner affect the first and fourth Clauses in the Ninth Section of the first Article; and that no State, without its Consent, shall be deprived of its equal Suffrage in the Senate.

ARTICLE. VI.

All Debts contracted and Engagements entered into, before the Adoption of this Constitution, shall be as valid against the United States under this Constitution, as under the Confederation.

This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.

The Senators and Representatives before mentioned, and the Members of the several State Legislatures, and all executive and judicial Officers, both of the United States and of the several States, shall be bound by Oath or Affirmation, to support this Constitution; but no religious Test shall ever be required as a Qualification to any Office or public Trust under the United States.

ARTICLE. VII.

The Ratification of the Conventions of nine States, shall be sufficient for the Establishment of this Constitution between the States so ratifying the Same.

Done in Convention by the Unanimous Consent of the States present the Seventeenth Day of September in the Year of our Lord one thousand seven hundred and Eighty seven and of the Independence of the United States of America the Twelfth. In Witness whereof We have hereunto subscribed our Names,

No revenue shall be credited to the fund until the tax rate for the sales tax imposed upon the retail sales price of tangible personal property and the furnishing of enumerated services sold in this state in effect on the effective date of this section is increased. After such an increased tax rate becomes effective, an amount equal to the amount generated by the increase in the tax rate shall be annually credited to the fund, not to exceed an amount equal to the amount generated by a tax rate of three-eighths of one percent imposed upon the retail sales price of tangible personal property and the furnishing of enumerated services sold in this state.

1857 CONSTITUTION OF THE STATE OF IOWA — ORIGINAL

PREFACE

Literal Print Version of Text. *With the exception of the table of contents which appears at the beginning of this version of the Constitution of the State of Iowa and the catchwords which precede each section, the Constitution as it appears here is a literal print version of the original handwritten Constitution on file in the Office of the Secretary of State. If the original text contained an ess set, a double “s” (ss) is substituted. Certain manifest clerical errors and instances where the original text is not clear are footnoted. If a provision in this original Constitution was repealed or superseded by constitutional amendment, the provision is bracketed, asterisked, and followed by a footnote that includes the year, each relevant amendment number, and information relating to the changes made by the amendment. If a provision was modified only, an asterisk showing the location of each change is placed within the text and a footnote including the year, relevant amendment number, and information relating to the changes made by the amendment is added at the end of the provision.*

Literal Print Version of Amendments. *Following the original Constitution text are all of the amendments which have been adopted by the General Assembly and ratified by the electorate. The text of the amendments are a literal reprint of the text of the final resolutions, but each amendment has been numbered editorially for reference purposes. If more than one amendment was ratified by the electorate in the same year, each amendment received a different editorial number. The editorial amendment numbers precede the amendments to which they relate, are in boldface type, and are contained in brackets. Descriptive catchwords have also been editorially supplied preceding the amendment text for any amendments which did not include catchwords in the original resolutions.*

Historical Source Notes. *Footnotes providing historical source information to both ratified and certain unratified constitutional amendments and internal references to other provisions in this original Constitution are included.*

Internet Access. *To access electronic copies of the original handwritten Constitution, adopted resolutions proposing amendments to the Iowa Constitution, the codified Iowa Constitution, and information relating to Iowa’s three constitutional conventions and the republication of the original and codified versions of the Iowa Constitution in the 2019 Iowa Code, see www.legis.iowa.gov/law/statutory/constitution.*

1. The governor shall either make an appointment or file a notice of deferred appointment by March 1 for the following appointments which are subject to confirmation by the senate:

- a. An appointment to fill a term beginning on May 1 of that year.
- b. An appointment to fill a vacancy, other than as provided for in paragraph “d”, existing prior to the convening of the general assembly in regular session in that year.
- c. An appointment to fill a vacancy, other than as provided for in paragraph “d”, which is known, prior to the convening of the general assembly in regular session, will occur before May 1 of that year.

d. An appointment to fill a vacancy existing in a full-time compensated position on December 15 prior to the convening of the general assembly.

2. The governor shall file by February 1 with the secretary of the senate a list of all the appointment positions requiring gubernatorial action pursuant to subsection 1. The secretary of the senate shall provide the governor a written acknowledgment of the list within five days of its receipt. The senate shall approve the list or request corrections by resolution by February 15.

3. The governor shall submit all appointments requiring confirmation by the senate and notices of deferred appointment to the secretary of the senate who shall provide the governor’s office with receipts of submission. Each notice of appointment shall be accompanied by a statement of the appointee’s political affiliation. The notice of a deferred appointment shall be filed by the governor with the secretary of the senate and accompanied by a statement of reasons for the deferral. For appointments requiring confirmation by the senate made during the legislative interim, the notice of appointment shall be submitted to the secretary of the senate within three days of the appointment date.

4. A gubernatorial appointee, whose appointment is subject to confirmation by the senate and who serves at the pleasure of the governor, is subject to reconfirmation by the senate during the regular session of the general assembly convening in January if the appointee will complete the appointee’s fourth year in office on or before the following April 30. For the purposes of this section, the submission of an appointee for reconfirmation is deemed the same as the submission of an appointee for confirmation and the procedures of this section regarding confirmation and the consequences of refusal to confirm are the same for reconfirmation.

5. If an appointment subject to senate confirmation is required by statute to be made by an appointing authority other than the governor, the duties assigned under this section to the governor shall be performed by the appointing authority.

6. If a vacancy in a position requiring confirmation by the senate, other than a full-time

compensated position, occurs after the convening of the general assembly in regular session, the governor shall, within sixty calendar days after the vacancy occurs, either make an appointment or file a notice of deferred appointment unless the general assembly has adjourned its regular session before the sixty-day period expires. If a vacancy in a full-time compensated position requiring senate confirmation occurs after December 15, the governor shall, within ninety calendar days after the vacancy occurs, make an appointment or file a notice of deferred appointment unless the general assembly has adjourned its regular session before the ninety-day period expires.

7. If an appointment is submitted pursuant to subsection 1, the senate shall by April 15 of that year either approve, disapprove, or by resolution defer consideration of confirmation of the appointment. If an appointment is submitted pursuant to subsection 6, the senate shall either approve, disapprove, or by resolution defer consideration of confirmation of the appointment within thirty days after receiving the appointment from the governor. The senate may defer consideration of an appointment until a later time during that session, but the senate shall not adjourn that session until all appointments submitted pursuant to this section before the last thirty days of the session are approved or disapproved. If a nomination is submitted during the last thirty days of the session, the senate may by resolution defer consideration of the appointment until the next regular session of the general assembly and the nomination shall be considered as though made during the legislative interim.

8. The confirmation of every appointment submitted to the senate requires the approval of two-thirds of the members of the senate. The senate shall adopt rules governing the referral of appointments to committees, the reports of committees on appointments, and the confirmation of appointments by the senate.

9. A person whose appointment is subject to senate confirmation shall make available to the senate committee to which the appointment is referred, upon the committee's request, a notarized statement that the person has filed federal and state income tax returns for the three years immediately preceding the appointment, or a notarized statement of the legal reason for failure to file. In addition, a person whose appointment is subject to senate confirmation shall make available to the senate committee to which the appointment is referred a notarized statement on whether the person has filed a registration statement pursuant to the federal Foreign Agents Registration Act of 1938, as amended, 22 U.S.C. §611 et seq. If the appointment is to a board, commission, council, or other body empowered to take disciplinary action, all complaints and statements of charges, settlement agreements, findings of fact, and orders pertaining to any disciplinary action taken by that board, commission, council, or body in a contested case against the person whose appointment is being reviewed by the senate shall be made available to the senate committee to which the appointment is referred upon its request.

10. All tax records, complaint files, investigation files, other investigation reports, and other investigative information in the possession of the committee which relate to appointee tax filings or complaints and statements of charges, settlement agreements, findings of fact, and orders from any past disciplinary action in a contested case against the appointee are privileged and confidential and they are not subject to discovery, subpoena, or other means of legal compulsion for their release to a person other than the appointee unless otherwise provided by law.

11. Sixty days after a person's appointment has been disapproved by the senate, that person shall not serve in that position as an interim appointment or by holding over in office and the governor shall submit another appointment or file a notice of deferred appointment before the sixty-day period expires.

2.40 Membership in state insurance plans.

1. *a.* A member of the general assembly may elect to become a member of a state group insurance plan for employees of the state established under chapter 509A subject to the following conditions:

(1) The member shall be eligible for all state group insurance plans on the basis of enrollment rules established for the largest number of full-time state employees of the executive branch, other than employees of the state board of regents, that are excluded from collective bargaining as provided in chapter 20.

(2) The member shall pay that portion of the total premium for the plan selected on the same basis as paid by the largest number of full-time state employees of the executive branch, other than employees of the state board of regents, that are excluded from collective bargaining as provided in chapter 20.

(3) The member shall authorize a payroll deduction of the premium due according to the member's pay plan selected pursuant to section 2.10, subsection 4.

b. A member of the general assembly may continue membership in a state group insurance plan without reapplication during the member's tenure as a member of consecutive general assemblies. For the purpose of electing to become a member of the state health or medical service group insurance plan, a member of the general assembly has the status of a

“new hire”, full-time state employee following each election of that member in a general or special election, or during the first subsequent annual open enrollment.

c. In lieu of membership in a state health or medical group insurance plan, a member of the general assembly may elect to receive reimbursement for the costs paid by the member for a continuation of a group coverage (COBRA) health or medical insurance plan. The member shall apply for reimbursement by submitting evidence of payment for a COBRA health or medical insurance plan. The maximum reimbursement shall be no greater than the state’s contribution for health or medical insurance family plan II.

d. A member of the general assembly who elects to become a member of a state health or medical group insurance plan shall be exempted from preexisting medical condition waiting periods. A member of the general assembly may change programs or coverage under the state health or medical service group insurance plan during the month of January of odd-numbered years, but program and coverage change selections shall be subject to the enrollment rules established for full-time state employees excluded from collective bargaining as provided in chapter 20.

e. A person who has been a member of the general assembly for two years and who has elected to be a member of a state health or medical group insurance plan may continue to be a member of such state health or medical group insurance plan by requesting continuation in writing to the finance officer within thirty-one days after leaving office. The continuing former member of the general assembly shall pay the total premium for the state plan and shall have the same rights to change programs or coverage as state employees. This paragraph shall not be construed to permit a former member to become a member of a state health or medical group insurance plan providing programs or coverage of a type that the former member did not elect to continue pursuant to this paragraph.

f. In the event of the death of a former member of the general assembly who has elected to continue to be a member of a state health or medical group insurance plan, the surviving spouse of the former member whose insurance would otherwise terminate because of the death of the former member may elect to continue to be a member of such state health or medical group insurance plan by requesting continuation in writing to the finance officer within thirty-one days after the death of the former member. The surviving spouse of the former member shall pay the total premium for the state plan and shall have the same rights to change programs or coverage as state employees. For purposes of this paragraph, health or medical programs or coverage and dental programs or coverage are to be treated separately and the rights to change programs or coverage apply only to the type of programs or coverage that the continuing former member has elected to continue.

2. A part-time employee of the general assembly may elect to become a member of a state group insurance plan for employees of the state established under chapter 509A subject to the following conditions:

a. The part-time employee shall be eligible for all state group insurance plans on the basis of enrollment rules established for full-time state employees excluded from collective bargaining as provided in chapter 20 and shall have the same rights to change programs or coverage as are afforded such state employees.

b. The part-time employee shall pay the total premium.

c. A part-time employee may continue membership in a state group insurance plan without reapplication during the employee’s employment during consecutive sessions of the general assembly. For the purpose of electing to become a member of the state group insurance plan, a part-time employee of the general assembly has the status of a “new hire”, full-time state employee when the employee is initially eligible or during the first subsequent enrollment change period.

d. (1) A part-time employee of the general assembly who elects membership in a state group insurance plan shall state each year whether the membership is to extend through the interim period between consecutive sessions of the general assembly.

(2) If the membership is to extend through the interim period the part-time employee shall authorize payment of the total annual premium through direct payment of the monthly premium for the plan selected to the state group insurance plan provider.

(3) The part-time employee shall notify the finance officer within thirty-one days after the

conclusion of the general assembly whether the person's decision to extend the membership through the interim period is confirmed.

e. A member of a state group insurance plan pursuant to this subsection shall have the same rights upon final termination of employment as a part-time employee as are afforded full-time state employees excluded from collective bargaining as provided in chapter 20.

f. A part-time employee of the general assembly who elects membership in a state life insurance plan shall authorize payment of the premium through a total of two payments during each annual period made to the department of administrative services on dates prescribed by the department.

3. A full-time employee of the general assembly may elect to become a member of a state group insurance plan for employees of the state established under chapter 509A subject to the following conditions:

a. The full-time employee shall be eligible for all state group insurance plans on the basis of enrollment rules established for the largest number of full-time state employees of the executive branch, other than employees of the state board of regents, that are excluded from collective bargaining as provided in chapter 20 and shall have the same rights to change programs or coverage as are afforded such state employees.

b. The full-time employee shall pay that portion of the total premium for the plan selected on the same basis as paid by the largest number of full-time state employees of the executive branch, other than employees of the state board of regents, that are excluded from collective bargaining as provided in chapter 20.

c. A member of a state group insurance plan pursuant to this subsection shall have the same rights upon final termination of employment as are afforded the largest number of full-time state employees, other than employees of the state board of regents, that are excluded from collective bargaining as provided in chapter 20.

2. Investigate, on complaint or on the ombudsman's own motion, any administrative action of any person providing child welfare or juvenile justice services under contract with an agency that is subject to investigation by the ombudsman. If the court finds that the subpoena should be obeyed, it shall enter an order requiring obedience to the subpoena, and refusal to obey the court order is subject to punishment for contempt.

6. Establish rules relating to the operation, organization, and procedure of the office of ombudsman. The rules are exempt from chapter 17A and shall be published in the Iowa administrative code.

4.2 Common law rule of construction.

[C51, §2503; R60, §2622; C73, §2528; C97, §3446; C24, 27, 31, 35, 39, §64; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §4.2]

4.3 References to other statutes.

Any statute which adopts by reference the whole or a portion of another statute of this state shall be construed to include subsequent amendments of the statute or the portion thereof so adopted by reference unless a contrary intent is expressed.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §4.3]

4.4 Presumption of enactment.

In enacting a statute, it is presumed that:

1. Compliance with the Constitutions of the state and of the United States is intended.
2. The entire statute is intended to be effective.
3. A just and reasonable result is intended.
4. A result feasible of execution is intended.
5. Public interest is favored over any private interest.

[C73, 75, 77, 79, 81, §4.4]

4.5 Prospective statutes.

A statute is presumed to be prospective in its operation unless expressly made retrospective.

[C73, 75, 77, 79, 81, §4.5]

4.6 Ambiguous statutes — interpretation.

If a statute is ambiguous, the court, in determining the intention of the legislature, may consider among other matters:

1. The object sought to be attained.
2. The circumstances under which the statute was enacted.
3. The legislative history.

4. The common law or former statutory provisions, including laws upon the same or similar subjects.

5. The consequences of a particular construction.

7. The preamble or statement of policy.

[C73, 75, 77, 79, 81, §4.6]

4.7 Conflicts between general and special statutes.

If a general provision conflicts with a special or local provision, they shall be construed, if possible, so that effect is given to both. If the conflict between the provisions is irreconcilable, the special or local provision prevails as an exception to the general provision.

[C73, 75, 77, 79, 81, §4.7]

Referred to in §7E.6

Intent of general assembly that §7E.6 govern compensation of members of boards, committees, commissions, or councils except for certain provisions enacted subsequent to July 1, 1986; see §7E.6(1) and (7)

4.8 Irreconcilable statutes.

[C73, 75, 77, 79, 81, §4.8]

See also §2B.13(1)(h)

4.9 Official copy prevails.

[C73, 75, 77, 79, 81, §4.9]

4.10 Reenactment of statutes — continuation.

A statute which is reenacted, revised or amended is intended to be a continuation of the prior statute and not a new enactment, so far as it is the same as the prior statute.

[C73, 75, 77, 79, 81, §4.10]

4.11 Conflicting amendments to same statutes — interpretation.

If amendments to the same statute are enacted at the same or different sessions of the general assembly, one amendment without reference to another, the amendments are to be harmonized, if possible, so that effect may be given to each. If the amendments are irreconcilable, the latest in date of enactment by the general assembly prevails.

[C73, 75, 77, 79, 81, §4.11]

4.12 Acts or statutes are severable.

If any provision of an Act or statute or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the Act or statute which can be given effect without the invalid provision or application, and to this end the provisions of the Act or statute are severable.

[C73, 75, 77, 79, 81, §4.12]

The right to take private property for public use is hereby conferred:

1. *Counties.* Upon all counties for public purposes which are reasonable and necessary as an incident to the powers and duties conferred upon counties.

2. *Owners of land without a way to the land.* Upon the owner or lessee of lands, which have no public or private way to the lands, for the purpose of providing a public way which will connect with an existing public road.

a. The condemned public way shall not exceed forty feet in width when such lands are agricultural or have a single residence located on them. For all other uses, the condemned public way shall not exceed sixty-six feet.

b. The condemned public way shall be located on a division, subdivision or "forty" line, or immediately adjacent thereto, and along the line which is the nearest feasible route to an existing public road, or along a route established for a period of ten years or more by an easement of record or by use and travel to and from the property by the owner and the general public. The public way shall not interfere with buildings, orchards, or cemeteries.

c. When passing through enclosed lands, the public way shall be fenced on both sides by the condemner upon request of the owner of the condemned land. The condemner or the condemner's assignee shall provide easement for access to the owner of property severed by the condemnation. The public way shall be maintained by the condemner or the condemner's assignee, and shall not be considered any part of the primary or secondary road systems.

Such right-of-way shall not interfere with buildings, orchards, or cemeteries, and when passing through enclosed lands, fences shall be built and maintained on both sides thereof by the party condemning the land and by that party's assignees. The right granted in this subsection shall not be exercised until the board of supervisors, of the county in which the land sought to be condemned is located, has, on written application and hearing, on such reasonable notice to all interested parties as it may fix, found that the land, describing it, sought to be condemned, is necessary for cemetery purposes. The association shall pay all costs attending such hearing.

5. *Subdistricts of soil and water conservation districts.* Upon a subdistrict of a soil and water conservation district for land or rights or interests in the land as reasonable and necessary to carry out the purposes of the subdistrict.

6A.22 Additional limitations on exercise of power — definitions.

1. In addition to the limitations in section 6A.21, the authority of an acquiring agency to condemn any private property through eminent domain may only be exercised for a public purpose, public use, or public improvement. However, if the owner of the property consents to the condemnation, the property may be condemned for any purpose.

2. a. “Public use”, “public purpose”, or “public improvement” means one or more of the following:

(1) The possession, occupation, and enjoyment of property by the general public or governmental entities.

(2) The acquisition of any interest in property necessary to the function of a public or private utility to the extent such purpose does not include construction of aboveground merchant lines, or necessary to the function of a common carrier or airport or airport system.

(3) Private use that is incidental to the public use of the property, provided that no property shall be condemned solely for the purpose of facilitating such incidental private use.

(4) The acquisition of property pursuant to chapter 455H.

(5) (a) The acquisition of property for redevelopment purposes and to eliminate slum or blighted conditions in that portion of an urban renewal area designated as a slum or blighted area if each parcel, or any improvements thereon, for which condemnation is sought is determined by the governing body of the municipality to be in a slum or blighted

condition. However, for a project or acquisition plan adopted by the governing body of a municipality after due deliberation and public input, if seventy-five percent or more of the area included in the plan consists of property in a slum or blighted condition at the time the plan was established, the entire project or acquisition plan area is subject to condemnation by the municipality. The project or acquisition plan area shall only include the adjacent and contiguous parcels necessary for the completion of planned activities for a specific business or housing project. Before a municipality exercises its eminent domain authority to acquire properties in a project or acquisition plan area that are not in a slum or blighted condition, the municipality shall be required to adopt a resolution by a two-thirds majority to authorize the acquisition of such property by eminent domain. The resolution shall make a finding that includes at a minimum all of the following:

(i) The taking of such property is necessary to achieve the project or acquisition plan objectives.

(ii) The taking of property for the project or acquisition plan will eliminate or rehabilitate the slum and blighted conditions in the area.

(iii) If the specific project is for a business, the proposed project or acquisition plan will confer economic benefits upon the municipality.

(b) For purposes of this subparagraph (5):

(i) “*Blighted condition*” means the presence of a substantial number of slum or deteriorated structures; insanitary or unsafe conditions; excessive and uncorrected deterioration of site or other improvements; tax or special assessment delinquency exceeding the fair value of the land; defective or unusual conditions of title; or the existence of conditions which endanger life or property by fire and other causes; or the existence of conditions which retard the provision of housing accommodations for low or moderate income families, or is a menace to the public health and safety in its present condition and use.

(ii) “*Slum condition*” means a condition conducive to ill health, transmission of disease, infant mortality, juvenile delinquency, or crime, or detrimental to the public health and safety due to a predominance of buildings or improvements, whether residential or nonresidential, by reason of the following: by reason of dilapidation, deterioration that is excessive and uncorrected, age or obsolescence; by reason of inadequate provision for sanitation; by reason of high density of population and overcrowding; by reason of the existence of conditions which endanger life or property by fire and other causes; or by reason of any combination of such factors.

(iii) In no case shall land that is agricultural land be determined to be in a slum condition or blighted condition.

(iv) “*Project or acquisition plan*” means the planned activities of a municipality to rehabilitate or redevelop specific property in that portion of an urban renewal area designated as a slum or blighted area pursuant to chapter 403. The planned activities may include the sale and acquisition of property; demolition and removal of buildings and improvements; construction, repair, and rehabilitation of buildings or other improvements; and installation, construction, or reconstruction of streets and utilities.

(v) “*Economic benefits*” means the creation of new employment opportunities or the retention of employment opportunities.

b. Except as specifically included in the definition in paragraph “a”, “*public use*” or “*public purpose*” or “*public improvement*” does not mean economic development activities resulting in increased tax revenues, increased employment opportunities, privately owned or privately funded housing and residential development, privately owned or privately funded commercial or industrial development, or the lease of publicly owned property to a private party.

c. Notwithstanding paragraph “a”:

(1) (a) If private property is to be condemned for development or creation of a lake, only that number of acres justified as necessary for a surface drinking water source, and not otherwise acquired, may be condemned. In addition, the acquiring agency shall conduct a review of prudent and feasible alternatives to provision of a drinking water source prior to making a determination that such lake development or creation is reasonable and necessary.

Development or creation of a lake as a surface drinking water source includes all of the following:

(i) Construction of the dam, including sites for suitable borrow material and the auxiliary spillway.

(ii) The water supply pool.

(iii) The sediment pool.

(iv) The flood control pool.

(v) The floodwater retarding pool.

(vi) The surrounding area upstream of the dam no higher in elevation than the top of the dam's elevation.

(vii) The appropriate setback distance required by state or federal laws and regulations to protect drinking water supply.

(b) For condemnation of property located in a county with a population of greater than nine thousand two hundred fifty but less than nine thousand three hundred, according to the 2010 federal decennial census, prior to making a determination that development or creation of a lake as a surface drinking water source is reasonable and necessary, the acquiring agency shall conduct a review of feasible alternatives to development or creation of a lake as a surface drinking water source. An acquiring agency shall not have the authority to condemn private property for the development or creation of a lake as a surface drinking water source if one or more feasible alternatives to provision of a drinking water source exist. An alternative that results in the physical expansion of an existing drinking water source is presumed to be a feasible alternative to development or creation of a lake as a surface drinking water source. An alternative that supplies drinking water by pipeline or other method of transportation or transmission from an existing source located within or outside this state at a reasonable cost is a feasible alternative to development or creation of a lake as a surface drinking water source. If private property is to be condemned for development or creation of a lake, only that number of acres justified as necessary for a surface drinking water source, and not otherwise acquired, may be condemned. Development or creation of a lake as a surface drinking water source includes all of the following:

(i) Construction of the dam, including sites for suitable borrow material and the auxiliary spillway.

(ii) The water supply pool.

(iii) The sediment pool.

(iv) The flood control pool.

(v) The floodwater retarding pool.

(vi) The surrounding area upstream of the dam no higher in elevation than the top of the dam's elevation.

(vii) The appropriate setback distance required by state or federal laws and regulations to protect drinking water supply.

(c) (i) For purposes of this subparagraph (1), "*number of acres justified as necessary for a surface drinking water source*" means according to guidelines of the United States natural resource conservation service and according to analyses of surface drinking water capacity needs conducted by one or more registered professional engineers.

(ii) For condemnation proceedings for which the application pursuant to section 6B.3 was filed after January 1, 2013, for condemnation of property located in a county with a population of greater than nine thousand two hundred fifty but less than nine thousand three hundred, according to the 2010 federal decennial census, which property sought to be condemned was in whole or in part described in a petition filed under section 6A.24, subsection 2, after January 1, 2013, but before January 1, 2014, regardless of whether the petitioner was determined by a court to not be a proper acquiring agency, "*number of acres justified as necessary for a surface drinking water source*", as determined under subparagraph subdivision (i) shall not exceed the number of acres that would be necessary to provide the amount of drinking water to meet the needs of a population equal to the population of the county where the lake is to be developed or created, according to the most recent federal decennial census.

(2) The use of eminent domain authority to acquire private property in the unincorporated area of a county for use as an airport, airport system, or aviation facilities is prohibited,

notwithstanding any provision of the law to the contrary, if the property to be condemned is located outside the geographic boundaries of the city or county operating the airport, airport system, or aviation facilities or outside the geographic boundaries of the member municipalities of the commission or authority. However, an acquiring agency may proceed with condemnation of property under these circumstances if the board of supervisors of the county where the property for which condemnation is sought is located holds a public hearing on the matter and subsequent to the hearing approves, by resolution, the condemnation action. This subparagraph does not apply if any of the following conditions is met:

(a) The property to be condemned is for an improvement to an existing airport, airport system, or aviation facilities if such improvement is required by federal law, regulation, or order or if such improvement is included in an airport layout plan approved by the federal aviation administration for the existing site of the airport, airport system, or aviation facilities.

(b) The property to be condemned has been zoned by a city or county for use as an airport, airport system, or aviation facilities.

(c) The property to be condemned is for a proposed airport, airport system, or aviation facilities that as of July 1, 2006, were designated in the federal aviation administration national plan for integrated airport services, and the property to be condemned is located within the county where at least one of the cities that will participate in operation of the proposed airport, airport system, or aviation facilities is located.

6A.24 Judicial review of eminent domain authority.

1. An owner of property described in an application for condemnation may bring an action challenging the exercise of eminent domain authority or the condemnation proceedings. Such action shall be commenced within thirty days after service of notice of assessment pursuant to section 6B.8 by the filing of a petition in district court. Service of the original notice upon the acquiring agency shall be as required in the rules of civil procedure. In addition to the owner of the property, a contract purchaser of record of the property or a tenant occupying the property under a recorded lease shall also have standing to bring such action.

2. An acquiring agency that proposes to acquire property by eminent domain may file a petition in district court seeking a determination and declaration that its finding of public use, public purpose, or public improvement necessary to support the taking meets the definition of those terms. The action shall be commenced by the filing of a petition identifying all property owners whose property is proposed to be acquired, any contract purchaser of record of the property, and any tenant known to be occupying the property, and including a description of the properties proposed to be acquired and a statement of the public use, public purpose, or public improvement supporting the acquisition of the property by eminent domain. The original notice shall be served as required by the rules of civil procedure on each property owner named in the petition and on any contract purchaser of record of the property and on any tenant occupying the property under a recorded lease. Such action may be commenced by an acquiring agency at any time prior to the filing of an application for condemnation pursuant to section 6B.3.

3. For any action brought under this section, the burden of proof shall be on the acquiring agency to prove by a preponderance of the evidence that the finding of public use, public purpose, or public improvement meets the definition of those terms. If a property owner or a contract purchaser of record or a tenant occupying the property under a recorded lease

prevails in an action brought under this section, the acquiring agency shall be required to pay the costs, including reasonable attorney fees, of the adverse party.

6B.2A Notice of proposed public improvement.

1. An acquiring agency shall provide written notice of a public hearing to each owner and any contract purchaser of record of agricultural land that may be the subject of condemnation. The authority under this chapter is not conferred and condemnation proceedings shall not begin unless a good faith effort is made to mail and publish the notice as provided in this section on the owner and any contract purchaser of record of the property subject to condemnation. The notice shall be mailed by ordinary mail, not less than thirty days before the date the hearing is held, to the owner and any contract purchaser of record of each property or property interest at the owner’s and contract purchaser’s last known address as shown in the records of the county auditor not less than seven days nor more than fourteen days prior to the date of mailing. A change in ownership of any such property which is not reflected in the records of the county auditor during the period those records are searched as above provided shall not affect the validity of the notice or any condemnation proceeding commenced on the basis of such notice. The notice shall be given and the public hearing held before adoption of the ordinance, resolution, motion, or other declaration of intent to fund the final site-specific design for the public improvement, to make the final selection of the route or site location for the public improvement, or to acquire or condemn,

if necessary, all or a portion of the property or an interest in the property for the public improvement. If the location of the public improvement is changed or expanded after the decision has been made to proceed with the public improvement, a notice shall be mailed by ordinary mail no less than thirty days before the adoption of the ordinance, resolution, motion, or other declaration of intent to proceed with a change in the location of the public improvement to the owner and any contract purchaser of record of the land to be acquired or condemned, if necessary, in the new location of the public improvement affected by the change. The mailed notice shall, at a minimum, include the following information:

- a. The general nature of the public improvement.
- b. A statement of the possibility that the acquiring agency may acquire part or all of the property or interest in the property by condemnation for the public improvement.
- c. The process to be followed by the acquiring agency in making the decision to fund the final site-specific design for the public improvement, to make the final selection of the route or site location, or to acquire or condemn, if necessary, all or a portion of the property or an interest in the property for the public improvement.
- d. The time and place of a public hearing at which an opportunity is provided for public input into the decision to fund the final site-specific design for the public improvement, to make the final selection of the route or site location, or to acquire or condemn, if necessary, all or a portion of the property or an interest in the property for the public improvement.
- e. The name, address, and telephone number of the person designated by the acquiring agency as the person to contact regarding the public improvement.
- f. A statement of rights of individual property owners with respect to the acquisition of their property and the availability of relocation benefits. The attorney general shall adopt by rule pursuant to chapter 17A a statement of rights which may be used in substantial form by any person required to provide the statement of rights as provided in this section.

2. The acquiring agency shall cause a notice to be published once in a newspaper of general circulation in the county or city where the agricultural land is located. The notice shall be published at least four but no more than twenty days before the public hearing is held as referred to in subsection 1. The published notice shall, at a minimum, include the following information:

- a. The general nature of the public improvement.
- b. A statement of the possibility that the acquiring agency may acquire part or all of the property or an interest in the property by condemnation for the public improvement.
- c. The process to be followed by the acquiring agency in making the decision to fund the final site-specific design for the public improvement, to make the final selection of the route or site location, or to acquire or condemn, if necessary, all or a portion of the property or an interest in the property for the public improvement.
- d. The time and place of a public hearing at which an opportunity is provided for public input into the decision to fund the final site-specific design for the public improvement, to make the final selection of the route or site location, or to acquire or condemn, if necessary, all or a portion of the property or an interest in the property for the public improvement.
- e. The name, address, and telephone number of the contact person regarding the public improvement.

3. If the acquiring agency is a person required to obtain a franchise under chapter 478, compliance with section 478.2 shall satisfy the requirements of this section. If the acquiring agency is a person required to obtain a permit under chapter 479, compliance with section 479.5 shall satisfy the requirements of this section.

4. This section shall not apply to a condemnation of property by the state department of transportation or a county for right-of-way that is contiguous to an existing road right-of-way and necessary for the maintenance, safety improvement, repair, or upgrade of the existing road. Notwithstanding section 6B.2C, a condemnation of property by the state department of transportation pursuant to this subsection shall be approved by the director of transportation. For purposes of this subsection, “*upgrade*” means to bring a road or bridge up to currently acceptable standards, including improved geometrics, passing lanes, turning lanes, climbing lanes, and improved shoulders. “*Upgrade*” does not include expanding a highway from two lanes to four lanes.

5. The time deadlines in this section do not apply during the existence of an emergency requiring the construction or repair of public improvements in situations where failure to immediately construct or repair would result in immediate danger to public health, safety, or welfare. The notices required in this section shall be provided to the owner as soon as practicable.

99 Acts, ch 171, §2, 42; 2000 Acts, ch 1178, §1; 2000 Acts, ch 1179, §2 – 4, 30; 2002 Acts, ch 1063, §1; 2015 Acts, ch 29, §114

6B.2B Acquisition negotiation.

The acquiring agency shall make a good faith effort to negotiate with the owner to purchase the private property or property interest before filing an application for condemnation or otherwise proceeding with the condemnation process. An acquiring agency shall not make an offer to purchase the property or property interest that is less than the fair market value the acquiring agency has established for the property or property interest pursuant to the appraisal required in section 6B.45 or less than the value determined under the acquiring agency's waiver procedure established pursuant to section 6B.54, subsection 2, for acquisition of property with a low fair market value. A purchase offer made by an acquiring agency shall include provisions for payment to the owner of expenses, including relocation expenses, expenses listed in section 6B.54, subsection 10, and other expenses required by law to be paid by an acquiring agency to a condemnee. However, in the alternative, the acquiring agency may make, and the owner may accept, a purchase offer from the acquiring agency that is an amount equal to one hundred thirty percent of the appraisal amount plus payment to the owner of expenses listed in section 6B.54, subsection 10, once those expenses have been determined. If the owner accepts such a purchase offer, the owner is barred from claiming payment from the acquiring agency for any other expenses allowed by law. An acquiring agency need not make an offer in excess of the amounts described in this section in order to satisfy the requirement to negotiate in good faith. The option to make an alternative purchase offer does not apply when property is being acquired for street and highway projects undertaken by the state, a county, or a city.

99 Acts, ch 171, §3, 42; 2000 Acts, ch 1179, §5, 6, 30; 2006 Acts, 1st Ex, ch 1001, §6, 49

Referred to in §6B.54

6B.2C Approval of the public improvement.

The authority to condemn is not conferred, and the condemnation proceedings shall not commence, unless the governing body for the acquiring agency approves a preliminary or final route or site location of the proposed public improvement, approves the use of condemnation, and finds that there is a reasonable expectation the applicant will be able to achieve its public purpose, comply with all applicable standards, and obtain the necessary permits.

6B.2D Notice of intent to approve acquisition of property by eminent domain.

1. The acquiring agency shall send notice of a proposed resolution, motion, or other document authorizing acquisition of property by eminent domain to each property owner whose property is proposed to be acquired by eminent domain, to any contract purchaser of record of the property, and to any tenant known to be occupying the property at least fourteen days prior to the date of the meeting at which such proposed authorization will be considered for adoption by the acquiring agency. The notice shall include the date, time, and place of the meeting and a statement that the persons receiving the notice have a right to attend the meeting and to voice objection to the proposed acquisition of the property. The notice shall include a copy of the proposed resolution, motion, or other document authorizing acquisition by eminent domain. The notice shall also include the same statement of individual rights that is required by section 6B.2A.

2. This section shall not apply to the following:

a. Street and highway projects undertaken by the state, a county, or a city.

- b. Projects undertaken by a municipal utility.
- c. Projects undertaken by a city enterprise providing services of sewer systems, storm water drainage systems, sewage treatment, solid waste collection, or solid waste disposal.
- d. Projects undertaken by a county enterprise providing services described in section 331.461, subsection 2, paragraphs “b” and “f”.
2006 Acts, 1st Ex, ch 1001, §7, 49

6B.3 Application — recording — notice — time for appraisal — new proceedings.

1. The proceedings shall be instituted by a written application filed with the chief judge of the judicial district of the county in which the land sought to be condemned is located. The application shall set forth:

a. A description of all the property in the county affected or sought to be condemned, by its congressional numbers, in tracts not exceeding one-sixteenth of a section, or, if the land consists of lots, by the numbers of the lot and block, and plat designation.

b. A plat showing the location of the right-of-way or other property sought to be condemned with reference to such description.

c. The names of all record owners of the different tracts of land sought to be condemned, or otherwise affected by such proceedings, and of all record holders of liens and encumbrances on such lands; also the place of residence of all such persons so far as known to the applicant.

d. The purpose for which condemnation is sought.

e. A request for the appointment of a commission to appraise the damages.

f. If the damages are to be paid by the state and the land to be condemned is within an agricultural area as provided in chapter 352, a statement disclosing whether any of that land is classified as class I or class II land under the United States department of agriculture natural resources conservation service land capability classification system contained in the agriculture handbook number 210, 1961 edition and, if so classified, stating that the class I or class II land is reasonably necessary for the work of internal improvement for which condemnation is sought.

g. A showing of the minimum amount of land necessary to achieve the public purpose and the amount of land to be acquired by condemnation for the public improvement. Any land to be acquired by condemnation beyond the necessary minimum to complete the project shall be presumed not to be necessary for a public use or public purpose unless the applicant can show that a substantial need exists for the additional property to achieve the public use or public purpose, or that the land in question constitutes an uneconomical remnant that has little or no value or utility to the owner, or that the owner consents to the condemnation.

h. A statement indicating the efforts made by the applicant to negotiate in good faith with the owner to acquire the private property sought to be condemned.

2. a. The applicant shall mail a copy of the application by certified mail to the owner at the owner’s last known address, to any contract purchaser of record of the property, to any tenant known to be occupying the property, and to any record lienholder or encumbrancer of the property at the lienholder’s or encumbrancer’s last known address. The applicant shall also cause the application to be published once in a newspaper of general circulation in the county, not less than four nor more than twenty days before the meeting of the compensation commission to assess the damages. Service of the application by publication shall be deemed complete on the day of publication.

b. In lieu of mailing and publishing the application, the applicant may cause the application to be served upon the owner, contract purchaser of record, tenant known to be occupying the property, record lienholders, and record encumbrancers of the property in the manner provided by the Iowa rules of civil procedure for the personal service of original notice. The application shall be mailed and published or served, as above provided, prior to or contemporaneously with the mailing and publication or service of the list of compensation commissioners as provided in section 6B.4.

3. a. The applicant shall promptly certify that its application for condemnation has been approved by the chief judge and shall file the original approved application with the county recorder in the manner required under section 6B.37.

b. The county recorder shall file and index the application in the record of deeds and preserve the application as required by sections 6B.38 and 558.55. The filing and indexing constitute constructive notice to all parties that a proceeding to condemn the property is pending and that the applicant has the right to acquire the property from all owners, lienholders, and encumbrancers whose interests are of record at the time of the filing. After filing and indexing, the county recorder shall file a copy of the application with the office of secretary of state.

c. When indexed, the proceeding is considered pending so as to charge all persons not having an interest in the property with notice of its pendency, and while pending no interest can be acquired by the third parties in the property against the rights of the applicant.

d. If the appraisalment of damages by the commission pursuant to section 6B.14 is not made within one hundred twenty days of indexing, the proceedings instituted under this section are terminated and all rights and interests of the applicant arising out of the application for condemnation terminate. The applicant may reinstitute a new condemnation proceeding at any time. The reinstated proceedings are entirely new proceedings and not a revival of the terminated proceeding.

6B.4 Commission to assess damages.

1. Annually the board of supervisors of a county shall appoint not less than twenty-eight residents of the county and the names of such persons shall be placed on a list and they shall be eligible to serve as members of a compensation commission. One-fourth of the persons appointed shall be owner-operators of agricultural property, one-fourth of the persons appointed shall be owners of city property, one-fourth shall be licensed real estate salespersons or real estate brokers, and one-fourth shall be persons having knowledge of property values in the county by reason of their occupation, such as bankers, auctioneers, property managers, property appraisers, and persons responsible for making loans on property.

2. a. The chief judge of the judicial district or the chief judge’s designee shall select by lot six persons from the list, who shall constitute a compensation commission to assess the damages to all property to be taken by the applicant and located in the county, as follows:

(1) Two persons who are owner-operators of agricultural property when the property to be condemned is agricultural property.

(2) Two persons who are owners of city property when the property to be condemned is other than agricultural property.

(3) Two persons from each of the remaining two representative groups.

b. The chief judge or the judge’s designee shall name a chairperson from the persons selected and may appoint such alternate members and chairpersons to the commission as are deemed necessary and appropriate under the circumstances. A person shall not be selected as a member or alternate member of the compensation commission if the person possesses any interest in the proceeding which would cause the person to render a biased decision. The applicant shall mail a copy of the list of commissioners and alternates appointed by

the chief judge by certified mail to the property owner at the owner's last known address. The applicant shall also cause the list of commissioners and alternates to be published once in a newspaper of general circulation in the county, not less than four nor more than twenty days before the meeting of the compensation commission to assess the damages. Service of the list of commissioners and alternates by publication shall be deemed complete on the day of publication. In lieu of mailing and publishing the list of commissioners and alternates, the applicant may cause the list to be served upon the owner of the property in the manner provided by the Iowa rules of civil procedure for the personal service of original notice. The list of commissioners and alternates shall be mailed and published or served, as above provided, prior to or contemporaneously with service of the notice of assessment as provided in section 6B.8.

3. Written instructions for members of compensation commissions shall be prepared under the direction of the chief justice of the supreme court and distributed to the sheriff in each county. The sheriff shall transmit copies of the instructions to each member of a compensation commission, and such instructions shall be read aloud to each commission before it commences its duties.

2. The applicant may challenge one commissioner without stating cause and the person or persons representing the fee ownership interest in the property may challenge one commissioner without stating cause. A challenge to the appointment of a commissioner shall be filed, in writing, with the sheriff not less than seven days prior to the meeting of the compensation commission, and shall be mailed to the other party by ordinary mail on the day of filing. An alternate commissioner may not be challenged without cause. A challenge filed less than seven days prior to the meeting of the commission shall have no effect.

3. If a person is excused from the commission, the sheriff shall select and notify, not less than twenty-four hours prior to the meeting, the alternate commissioners appointed for that condemnation proceeding, to complete the membership of the commission. Alternate commissioners selected and notified shall have the same qualifications as the person who is being replaced. If no alternates have been appointed, the chief judge of the judicial district shall appoint another person from the list, possessing the same qualifications as the person who is being replaced to complete the membership of the commission.

4. The sheriff shall notify alternate commissioners in the order directed by the chief judge, and the alternate commissioner first notified who is available to serve as a compensation commissioner shall serve in the place of the commissioner who was unable to serve or who was stricken from the panel.

5. If a person is excused from the commission, the applicant and the property owner may stipulate in writing to the selection and notification of a particular alternate having the same qualifications as the person who is being replaced, to complete the membership of the

commission. Such stipulation shall be filed with the sheriff not less than seventy-two hours prior to the meeting of the commission.

6B.14 Appraisalment — report.

1. The commissioners shall, at the time fixed in the notices required under section 6B.8, view the land sought to be condemned and assess the damages which the owner will sustain by reason of the appropriation. The commission shall file its written report, signed by all commissioners, with the sheriff. At the request of the condemner or the condemnee, the commission shall divide the damages into parts to indicate the value of any dwelling, the value of the land and improvements other than a dwelling, and the value of any additional damages. The appraisalment and return may be in parcels larger than forty acres belonging to one person and lying in one tract, unless the agent or attorney of the applicant, or the commissioners, have actual knowledge that the tract does not belong wholly to the person in whose name it appears of record; and in case of such knowledge, the appraisalment shall be made of the different portions as they are known to be owned.

2. Prior to the meeting of the commission, the commission or a commissioner shall not communicate with the applicant, property owner, or tenant, or their agents, regarding the condemnation proceedings. The commissioners shall meet in open session to view the property and to receive evidence, but may deliberate in closed session. When deliberating in closed session, the meeting is closed to all persons who are not commissioners except for personnel from the sheriff's office if such personnel are requested by the commission. After deliberations commence, the commission and each commissioner are prohibited from communicating with any party to the proceeding. However, if the commission is deliberating in closed session, and after deliberations commence the commission requires further information from a party or a witness, the commission shall notify the property owner and the acquiring agency that they are allowed to attend the meeting at which such additional information shall be provided but only for that period of time during which the additional

information is being provided. The property owner and the acquiring agency shall be given a reasonable opportunity to attend the meeting. The commission shall keep minutes of all its meetings showing the date, time, and place, the members present, and the action taken at each meeting. The minutes shall show the results of each vote taken and information sufficient to indicate the vote of each member present. The vote of each member present shall be made public at the open session. The minutes shall be public records open to public inspection.

3. In determining fair market value of property, the commissioners shall not consider only the assessed value assigned to such property for purposes of property taxation.

4. In assessing the damages the owner or tenant will sustain, the commissioners shall consider and make allowance for personal property which is damaged or destroyed or reduced in value.

5. An owner or tenant occupying land which is proposed to be acquired by condemnation shall be awarded a sum sufficient to remove such owner's or tenant's personal property from the land to be acquired, which sum shall represent reasonable costs of moving the personal property from the land to be acquired to a point no greater than fifty miles; but in any event, damages awarded under this section for moving shall not exceed five thousand dollars for each owner or tenant occupying land proposed to be condemned. An owner or tenant may apply for an award pursuant to this section only if all other damages provided by law have been awarded and such amount awarded is insufficient to pay the owner's or tenant's reasonable costs of moving.

1. a. Upon the filing of the commissioners' report with the sheriff, the applicant may deposit with the sheriff the amount assessed in favor of a claimant, and the applicant, except as otherwise provided, may take possession of the land condemned and proceed with the improvement. An appeal from the assessment does not affect the right, except as otherwise provided.

The acquiring agency shall also pay all costs occasioned by the appeal, including reasonable attorney fees and the reasonable cost incurred by the property owner for one appraisal to be taxed by the court, unless on the trial thereof the same or a lesser amount of damages is awarded than was allowed by the tribunal from which the appeal was taken.

In determining fair market value of property, the acquiring agency shall not consider only the assessed value assigned to such property for purposes of property taxation. All other appraisals made on the property as a result of the condemnation proceeding shall be made available to the condemnee upon request. In lieu of an appraisal, a utility or person under the jurisdiction of the utilities board of the department of commerce, or any other utility conferred the right by statute to condemn private property, shall provide in writing by certified mail to the owner of record thirty days prior to negotiations, the methods and factors used in arriving at an offered price for voluntary easements including the range of cash amount of each component. 1. When any city has voted at an election to purchase, establish, erect, maintain and operate heating plants, waterworks, gasworks or electric light or power plants, or when it has voted to contract an indebtedness and issue bonds for such purposes, and in such city there exists any such utility, or incomplete parts thereof or more than one, not publicly owned, and the contract or franchise of the owner of the utility has expired or been surrendered, and the owner and the city cannot agree upon terms of purchase, it may, by resolution, proceed to acquire by condemnation any one or more of the utilities or incomplete parts thereof. When so acquired it may apply the proceeds of the bonds in payment therefor and in making extensions and improvements to such works or plants so acquired, but not more than one utility may be so acquired when the municipality is indebted in excess of the statutory limitation of indebtedness for such purposes for any such acquired property.

2. Upon the passage of the resolution as provided in subsection 1 and the presentation of a certified copy thereof to the supreme court while in session, or to the chief justice of the supreme court, the court or chief justice shall within five days appoint as a court of condemnation three district court judges from three judicial districts, one of whom shall be from the district in which the city is located, if not a resident of the city, and shall enter an order requiring the judges to attend as such court of condemnation at the county seat of the county in which the city is located within ten days. The district court judges shall attend and constitute a court of condemnation.

3. Said court when it meets to organize or at any time during the proceedings, which may be adjourned from time to time for any purpose, may fix the time for the appearance of any person that any party desires to have joined in the proceedings, and whom the court deems necessary. The time for appearance shall be sufficiently remote to serve notice upon the

parties, but if the time for appearance occurs after the proceedings are begun, the proceedings may be reviewed by the court to give all parties a full opportunity to be heard.

4. Persons not voluntarily appearing, but having any right, title, or interest in or to the property which is the subject of condemnation, or any part thereof, including all leaseholders, mortgagees and trustees of bondholders, who are to be made parties to the proceedings shall be served with notice of the proceedings and the time and place of meeting of the court in the same manner and for the same length of time as for the service of original notice, either by personal service, or by service by publication, the time so set being the time at which the parties so served are required to appear, and actual personal service of the notice within or without the state shall supersede the necessity for publication.

5. The court of condemnation shall have power to summon and swear witnesses, take evidence, order the taking of depositions, require the production of any books or papers, and may appoint a shorthand reporter. It shall perform all the duties of commissioners in the condemnation of property. The duties and the method of procedure and condemnation, including provisions for appeal shall be except as otherwise specifically provided, as provided for the taking of private property for works of internal improvement. The clerk of the district court of the county where the city is located shall perform all of the duties required of the sheriff in the condemnation; and in case of a vacancy in the court, the vacancy shall be filled in the manner in which the original appointment was made. When necessary by reason of a vacancy, the court may review any evidence in its record.

6. The costs of the proceedings shall be the same and paid in the same manner as in proceedings in the district court, and the district court judges of the court of condemnation shall receive, while engaged in such service, their actual expenses, which expenses shall be taxed as costs in the case.

6B.54 Acquisition policies for acquiring agencies.

For any public use, public purpose, or public improvement for which condemnation is sought, an acquiring agency shall, at a minimum, satisfy the following policies:

1. Every reasonable and good faith effort shall be made to acquire expeditiously real property by negotiation as provided in section 6B.2B.

2. Real property shall be appraised as required by section 6B.45 before the initiation of negotiations, and the owner or the owner's designated representative shall be given an opportunity to accompany at least one appraiser of the acquiring agency during an inspection of the property, except that an acquiring agency may prescribe a procedure to waive the appraisal in cases involving the acquisition of property with a low fair market

value. In lieu of an appraisal, a utility or person under the jurisdiction of the utilities board of the department of commerce, or any other utility conferred the right by statute to condemn private property, shall provide in writing by certified mail to the owner of record thirty days before negotiations, the methods and factors used in arriving at an offered price for voluntary easements including the range of cash amount of each component.

3. Before the initiation of negotiations for real property, the acquiring agency shall establish an amount which it believes to be just compensation for the real property, and shall make a prompt offer to acquire the property for the full amount established by the agency. In no event shall the amount be less than the fair market value the acquiring agency has established for the property or property interest pursuant to the appraisal required in section 6B.45 or less than the value determined under the acquiring agency's waiver procedure established pursuant to subsection 2. A purchase offer made by an acquiring agency shall include provisions for payment to the owner of expenses, including relocation expenses, expenses listed in subsection 10, and other expenses required by law to be paid by an acquiring agency to a condemnee. However, in the alternative, the acquiring agency may make, and the owner may accept, a purchase offer from the acquiring agency that is an amount equal to one hundred thirty percent of the appraisal amount plus payment to the owner of expenses listed in subsection 10, once those expenses have been determined. If the owner accepts such a purchase offer, the owner is barred from claiming payment from the acquiring agency for any other expenses allowed by law. In the case of a utility or person under the jurisdiction of the utilities board of the department of commerce, or any other utility conferred the right by statute to condemn private property, the amount shall not be less than the amount indicated by the methods and factors used in arriving at an offered price for a voluntary easement. The option to make an alternative purchase offer does not apply when property is being acquired for street and highway projects undertaken by the state, a county, or a city.

4. The construction or development of a public improvement shall be so scheduled that, to the greatest extent practicable, no person lawfully occupying real property shall be required to move from a dwelling or to move the person's business or farm operation without at least ninety days' written notice of the date by which the move is required.

5. If after damages have been finally determined and paid, an owner or tenant is permitted to occupy the real property acquired on a rental basis for a short term or for a period subject to termination on short notice, the amount of rent required shall not exceed the fair rental value of the property to a short-term occupier.

6. In no event shall the time of condemnation be advanced, or negotiations or condemnation and the deposit of funds in court for the use of the owner be deferred, or any other coercive action be taken to compel an agreement on the price to be paid for the property.

7. If an interest in real property is to be acquired by exercise of the power of eminent domain, formal condemnation proceedings shall be instituted. The acquiring agency shall not intentionally make it necessary for an owner to institute legal proceedings to prove the fact of the taking of the owner's real property.

8. If the acquisition of only a portion of property would leave the owner with an uneconomical remnant, the acquiring agency shall offer to acquire that remnant. For the purposes of this chapter, an "*uneconomical remnant*" is a parcel of real property in which the owner is left with an interest after the partial acquisition of the owner's property, where the acquiring agency determines that the parcel has little or no value or utility to the owner.

9. A person whose real property is being acquired in accordance with this chapter, after the person has been fully informed of the person's right to receive just compensation for the property, may donate the property, any part of the property, any interest in the property, or any compensation paid for it as the person may determine.

10. *a.* As soon as practicable after the date of payment of the purchase price or the date of deposit in court of funds to satisfy the award of compensation in a condemnation proceeding to acquire real property, whichever is earlier, the acquiring agency shall reimburse the owner, to the extent the acquiring agency deems fair and reasonable, for expenses the owner necessarily incurred for all of the following:

(1) Recording fees, transfer taxes, and similar expenses incidental to conveying the real property to the acquiring agency.

(2) Penalty costs for full or partial prepayment of any preexisting recorded mortgage entered into in good faith encumbering the real property.

b. Payments and expenditures under this subsection are incident to and arise out of the program or project for which the acquisition activity takes place. Such payments and expenditures may be made from the funds made available for the program or project.

c. A person aggrieved by a determination as to the eligibility for or amount of a reimbursement may apply to have the matter reviewed by the acquiring agency or in accordance with section 316.9 if applicable.

11. An owner shall not be required to surrender possession of real property before the acquiring agency concerned pays the agreed purchase price.

12. After damages have been finally determined and paid, the acquiring agency may offer, and the owner may accept, an amount equal to thirty percent of the amount of damages plus payment to the owner of expenses listed in subsection 10, once those expenses have been determined. If the owner accepts such an offer, the owner is barred from claiming payment from the acquiring agency for any other expenses allowed by law. This subsection does not apply when property is being acquired for street and highway projects undertaken by the state, a county, or a city.

6B.55 Buildings, structures, and improvements — policies for acquiring agencies.

For any public use, public purpose, or public improvement for which condemnation is sought, an acquiring agency shall at a minimum satisfy the following policies:

1. If an interest in real property is acquired, the acquiring agency shall acquire an equal interest in all buildings, structures, or other improvements located upon the real property which are required to be removed from the real property or which are determined to be adversely affected by the use to which the real property will be put.

2. For the purpose of determining the just compensation to be paid for any building, structure, or other improvement required to be acquired under this section, the building, structure, or other improvement shall be deemed to be a part of the real property to be acquired, notwithstanding the right or obligation of a tenant of the lands, as against the owner of any other interest in the real property, to remove the building, structure, or improvement at the expiration of the tenant's term. The fair market value which the building, structure, or improvement contributes to the fair market value of the real property to be acquired, or the fair market value of the building, structure, or improvement for removal from the real property, whichever is the greater, shall be paid to the owner of the building, structure, or improvement.

3. Payment for the building, structure, or improvement under this section shall not result in duplication of any payments otherwise authorized by state law. The payment shall not be made unless the owner of the land involved disclaims all interest in the improvements of the tenant. In consideration for any such payment, the tenant shall assign, transfer, and release all the tenant's right, title, and interest in and to the improvements. Nothing with regard to the above-mentioned acquisition of buildings, structures, or other improvements shall be construed to deprive the tenant of any rights to reject payment and to obtain payment for the property interests in accordance with other laws of this state.

6B.56 Disposition of condemned property.

1. If all or a portion of real property condemned pursuant to this chapter is not used for the purpose stated in the application filed pursuant to section 6B.3 and the acquiring agency seeks to dispose of the unused real property, the acquiring agency shall first offer the unused real property for sale to the prior owner of the condemned property as provided in this section. If real property condemned pursuant to this chapter is used for the purpose stated in the application filed pursuant to section 6B.3 and the acquiring agency seeks to dispose of the real property by sale to a private person or entity within five years after acquisition of the property, the acquiring agency shall first offer the property for sale to the prior owner of the condemned property as provided in this section. For purposes of this section, the prior owner of the real property includes the successor in interest of the real property.

2. *a.* Before the real property described in subsection 1 may be offered for sale to the general public, the acquiring agency shall notify the prior owner of such real property in writing of the acquiring agency's intent to dispose of the real property, of the current appraised value of the real property to be offered for sale, and of the prior owner's right to purchase the real property to be offered for sale within sixty days from the date the notice is served at a price equal to the current appraised value of the real property to be offered for sale or the fair market value of the property to be offered for sale at the time it was acquired by the acquiring agency from the prior owner plus cleanup costs incurred by the acquiring agency for the property to be offered for sale, whichever is less. However, the current appraised value of the real property to be offered for sale shall be the purchase price to be paid by the previous owner if any other amount would result in a loss of federal funding for projects funded in whole or in part with federal funds. The notice sent by the acquiring agency as provided in this subsection shall be filed with the office of the recorder in the county in which the real property is located.

b. For purposes of this subsection, "cleanup costs" means costs incurred to abate a nuisance or a public nuisance as those terms are defined in chapters 657 and 657A and costs incurred to recycle and remediate land pursuant to chapter 455H.

3. If the prior owner elects to purchase the real property at the price established in subsection 2, before the expiration of the sixty-day period, the prior owner shall notify the acquiring agency in writing of this intention and file a copy of this notice with the office of the recorder in the county in which the real property is located.

4. The provisions of this section do not apply to the sale of unused right-of-way property as provided in chapter 306.

6B.56A Disposition of condemned property — five-year time period.

1. When five years have elapsed since property was condemned and all or a portion of the property has not been used for the purpose stated in the application filed pursuant to section 6B.3, and the acquiring agency has not taken action to dispose of the unused property pursuant to section 6B.56, the acquiring agency shall, within sixty days, adopt a resolution reaffirming the purpose for which the unused property will be used or offering the unused property for sale to the prior owner at a price as provided in section 6B.56. However, if all or a portion of such property was condemned for the creation of a lake subject to the requirements of section 6A.22, subsection 2, paragraph "c", subparagraph (1), subparagraph division (b), the acquiring agency shall not adopt a resolution reaffirming the purpose for which the property was to be used and shall instead adopt a resolution offering the property for sale to the prior owner at a price as provided in section 6B.56. If the resolution adopted approves an offer of sale to the prior owner, the offer shall be made in writing and mailed by certified mail to the prior owner. The prior owner has one hundred eighty days after the offer is mailed to purchase the property from the acquiring agency.

2. If the acquiring agency has not adopted a resolution described in subsection 1 within the sixty-day time period, the prior owner may, in writing, petition the acquiring agency to offer the property for sale to the prior owner at a price as provided in section 6B.56. Within sixty

days after receipt of such a petition, the acquiring agency shall adopt a resolution described in subsection 1. If the acquiring agency does not adopt such a resolution within sixty days after receipt of the petition, the acquiring agency is deemed to have offered the property for sale to the prior owner.

3. The acquiring agency shall give written notice to the owner of the right to purchase the property under this section at the time damages are paid to the owner.

4. This section does not apply to property acquired for street and highway projects undertaken by the state, a county, or a city.

Provisions of this section shall only apply to energy conservation measures identified in the comprehensive engineering analysis.

c. CHAPTER 7E

EXECUTIVE BRANCH ORGANIZATION AND RESPONSIBILITIES

Referred to in §8E.103

7E.1	Policy — purposes.	7E.5A	Buildings and infrastructure — funding.
7E.2	Offices, departments, and independent agencies.	7E.5B	Real property lease or purchase — notice.
7E.3	Heads of departments and independent agencies — powers and duties.	7E.6	Compensation of members of boards, committees, commissions, and councils.
7E.4	Definitions and terminology for executive branch organization.	7E.7	Organizational structure.
7E.5	Principal departments and primary responsibilities.	7E.8	Members of boards, committees, commissions, and councils — disclosure requirements.

7E.1 Policy — purposes.

1. *Declaration of policy: three branches of government.* The separation of powers within state government among the legislative, the executive, and the judicial branches of the government is a traditional American concept. The legislative branch has the broad objective of determining policies and programs and review of program performance for programs previously authorized, the executive branch carries out the programs and policies,

and the judicial branch has the responsibility for adjudicating any conflicts which might arise from the interpretation or application of the laws.

2. *Goals of executive branch organization.*

a. The governor, as the chief executive officer of the state, should be provided with the facilities and the authority to carry out the functions of the governor's office efficiently and effectively within the policy limits established by the legislature.

b. The administrative agencies which comprise the executive branch should be consolidated into a reasonable number of departments, consistent with executive capacity to administer effectively at all levels.

c. The executive branch shall be organized on a functional basis, so that programs can be coordinated.

d. Each agency in the executive branch should be assigned a name commensurate with the scope of its responsibilities, and should be integrated into one of the departments of the executive branch as closely as the goals of administrative integration and responsiveness to the legislature and citizenry permit.

3. *Goals of continuing reorganization.* Structural reorganization should be a continuing process through careful executive and legislative appraisal of the placement of proposed new programs and the coordination of existing programs in response to changing emphasis or public needs, and should be consistent with the following goals:

a. The organization of state government should assure its responsiveness to popular control. It is the goal of reorganization to improve legislative policymaking capability and to improve the administrative capability of the executive to carry out the policies.

b. The organization of state government should facilitate communication between citizens and government. It is the goal of reorganization, through coordination of related programs in function-oriented departments, to improve public understanding of government programs and policies and to improve the relationships between citizens and administrative agencies.

c. The organization of state government should assure efficient and effective administration of the policies established by the legislature. It is the goal of reorganization to promote efficiency by improving the management and coordination of state services and by eliminating overlapping activities.

86 Acts, ch 1245, §1

7E.2 Offices, departments, and independent agencies.

The constitutional and statutory offices, administrative departments, and independent agencies which comprise the executive branch of state government are structured as follows:

1. *Separate constitutional offices.* The elective constitutional and statutory officers who do not head operating departments each head a staff to be termed the "office" of the respective elective officer, but the office of the governor shall be known as the "executive office".

2. *Principal administrative units.* The principal administrative unit of the executive branch is a "department" and there may be one or more "independent agencies".

3. *Internal structure.*

a. The director of each department, subject to applicable statute, approval by the governor, and the provisions of subsection 4 of this section, may establish the internal structure within the office of the director so as to best suit the purposes of the department.

b. For field operations, departments may establish district or area offices which may cut across divisional lines of responsibility.

c. For their internal structure, all departments shall adhere to the following standard terms unless otherwise specified by law, and independent agencies are encouraged to review their internal structure and to adhere as much as possible to the following standard terms:

(1) The principal subunit of the department is the "division". Each division shall be headed by an "administrator".

(2) The principal subunit of the division is the "bureau". Each bureau shall be headed by a "chief".

(3) If further subdivision is necessary, bureaus may be divided into subunits which shall be known as "sections" and which shall be headed by "supervisors" and sections may be divided into subunits which shall be known as "units" and which shall be headed by "unit managers".

4. *Internal organization and allocation of functions.* Subject to applicable law, the head of each department or independent agency shall, subject to the approval of the governor, establish the internal organization of the department or independent agency and allocate and reallocate duties and functions not assigned by law to an officer or any subunit of the department or independent agency to promote economic and efficient administration and operation of the department or independent agency.

5. *Attachment for limited purposes.* Any commission, board, or other unit attached under this section to a department or independent agency, or a specified division of one, shall be a distinct unit of that department, independent agency, or specified division. Any commission, board, or other unit so attached shall exercise its powers, duties, and functions as may be prescribed by law, including rulemaking, licensing and regulation, and operational planning within the area of program responsibility of the commission, board, or other unit independently of the head of the department or independent agency, but budgeting, program coordination, and related management functions shall be performed under the direction and supervision of the head of the department or independent agency, unless otherwise provided by law.

86 Acts, ch 1245, §2
Referred to in §8A.512A, 22.13A

2. *Budget.* Annually compile a comprehensive program budget which reflects all fiscal matters related to the operation of the department or independent agency and each program, subprogram, and activity in the department or agency.

3. *Advisory bodies.* In addition to any councils specifically created by law, create by rule and appoint such councils or committees as the operation of the department or independent agency requires. Members of councils and committees created under this general authority shall serve without compensation, but may be reimbursed for their expenses.

4. *Annual report.* Unless otherwise provided by law, submit a report in November of each year to the governor and the legislature on the operation of the department or independent agency during the fiscal year concluded on the preceding June 30, and projecting the goals and objectives of the department or independent agency as developed in the program budget report for the fiscal year under way. Any department or independent agency may issue such additional reports on its findings and recommendations as its operations require.

5. *Persons not lawfully present.* Unless expressly authorized by federal or state law, ensure that the public benefits administered by the department or independent agency are not provided to persons who are not lawfully present in the United States.

Only an estimate for the following fiscal year agreed to by the

conference pursuant to subsection 3, 4, or 5, shall be used for purposes of calculating the state general fund expenditure limitation under section 8.54, and any other estimate agreed to shall be considered a preliminary estimate that shall not be used for purposes of calculating the state general fund expenditure limitation.

3. By December 15 of each fiscal year the conference shall agree to a revenue estimate for the fiscal year beginning the following July 1. That estimate shall be used by the governor in the preparation of the budget message under section 8.22 and by the general assembly in the budget process. If the conference agrees to a different estimate at a later meeting which projects a greater amount of revenue than the initial estimate amount agreed to by December 15, the governor and the general assembly shall continue to use the initial estimate amount in the budget process for that fiscal year. However, if the conference agrees to a different estimate at a later meeting which projects a lesser amount of revenue than the initial estimate amount, the governor and the general assembly shall use the lesser amount in the budget process for that fiscal year. As used in this subsection, “*later meeting*” means only those later meetings which are held prior to the conclusion of the regular session of the general assembly and, if the general assembly holds an extraordinary session prior to the commencement of the fiscal year to which the estimate applies, those later meetings which are held before or during the extraordinary session.

4. At the meeting in which the conference agrees to the revenue estimate for the following fiscal year in accordance with the provisions of subsection 3, the conference shall agree to an estimate for tax refunds payable from that estimated revenue. The estimates required by this subsection shall be used in determining the adjusted revenue estimate under section 8.54.

5. At the meeting in which the conference agrees to the revenue estimate for the succeeding fiscal year in accordance with the provisions of subsection 3, the conference shall also agree to the following estimates which shall be used by the governor in preparation of the budget message under section 8.22 and the general assembly in the budget process for the succeeding fiscal year:

a. The amount of lottery revenues for the following fiscal year to be available for disbursement following the deductions made pursuant to section 99G.39, subsection 1.

b. The amount of revenue for the following fiscal year from gambling revenues and from interest earned on the cash reserve fund and the economic emergency fund to be deposited in the rebuild Iowa infrastructure fund under section 8.57, subsection 5, paragraph “e”.

c. The amount of accruals of those revenues collected by or due from entities other than the state on or before June 30 of the fiscal year but not remitted to the state until after June 30.

8.30 Availability of appropriations.

The appropriations made are not available for expenditure until allotted as provided for in section 8.31. All appropriations are declared to be maximum and proportionate appropriations, the purpose being to make the appropriations payable in full in the amounts named if the estimated budget resources during the fiscal year for which the appropriations are made, are sufficient to pay all of the appropriations in full. The governor shall restrict allotments only to prevent an overdraft or deficit in any fiscal year for which appropriations are made.

[C35, §84-e23; C39, §84.23; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §8.30]
86 Acts, ch 1245, §2019

8.31 Allotments of appropriations — exceptions — modifications.

1. a. Before an appropriation of any department or establishment becomes available, the department or establishment shall submit to the director of the department of management a requisition for allotment of the appropriation according to dates identified in the requisition during the fiscal year by which portions of the appropriation will be needed. The department or establishment shall submit the requisition by June 1, prior to the start of a fiscal year or by another date identified by the director. The requisition shall contain details of proposed expenditures as may be required by the director subject to review by the governor.

b. The director of the department of management shall approve the allotments subject to review by the governor, unless it is found that the estimated budget resources during the fiscal year are insufficient to pay all appropriations in full, in which event such allotments may be modified to the extent the governor may deem necessary in order that there shall be no overdraft or deficit in the several funds of the state at the end of the fiscal year, and the

director shall submit copies of the allotments thus approved or modified to the head of the department or establishment concerned, who shall set up such allotments on the books and be governed accordingly in the control of expenditures.

2. Allotments made in accordance with subsection 1 may be subsequently modified by the director of the department of management at the direction of the governor either upon the written request of the head of the department or establishment concerned, or in the event the governor finds that the estimated budget resources during the fiscal year are insufficient to pay all appropriations in full, upon the governor's own initiative to the extent the governor may deem necessary in order that there shall be no overdraft or deficit in the several funds of the state at the end of the fiscal year; and the head of the department or establishment shall be given notice of a modification in the same way as in the case of original allotments.

3. The allotment requests of all departments and establishments collecting governmental fees and other revenue which supplement a state appropriation shall attach to the summary of requests a statement showing how much of the proposed allotments are to be financed from state appropriations, stores, and repayment receipts.

4. The procedure to be employed in controlling the expenditures and receipts of the state fair board and the institutions under the state board of regents, whose collections are not deposited in the state treasury, is that outlined in section 8A.502, subsection 9.

6. Allotments from appropriations for the foreign trade offices of the economic development authority, if the appropriations are described by line item in the authority's appropriation Act or another Act, may be made as is necessary to take advantage of the most favorable foreign currency exchange rates.

All appropriations made to any department or establishment of the government as receive or collect moneys available for expenditure by them under present laws, are declared to be in addition to such repayment receipts, and such appropriations are to be available as and to the extent that such receipts are insufficient to meet the costs of administration, operation, and maintenance, or public improvements of such departments:

a. Provided, that such receipts or collections shall be deposited in the state treasury as part of the general fund or special funds in all cases, except those collections made by the state fair board, the institutions under the state board of regents, and the natural resource commission.

b. Provided further, that no repayment receipts shall be available for expenditures until allotted as provided in section 8.31; and

c. Provided further, that the collection of repayment receipts by the state fair board and the institutions under the state board of regents shall be deposited in a bank or banks duly designated and qualified as state depositories, in the name of the state of Iowa, for the use of such boards and institutions, and such funds shall be available only on the check of such boards or institutions depositing them, which are hereby authorized to withdraw such funds, but only after allotment by the governor as provided in section 8.31; and

d. Provided further, that this chapter shall not apply to endowment or private trust funds or to gifts to institutions owned or controlled by the state or to the income from such endowment or private trust funds, or to private funds belonging to students or inmates of state institutions.

2. The provisions of this chapter shall not be construed to prohibit the state fair board from creating an emergency or sinking fund out of the receipts of the state fair and state

appropriation for the purpose of taking care of any emergency that might arise beyond the control of the board of not to exceed three hundred thousand dollars. Neither shall this chapter be construed to prohibit the state fair board from retaining an additional sum of not to exceed three hundred fifty thousand dollars to be used in carrying out the provisions of chapter 173.

8.33 Time limit on obligations — reversion.

1. No obligation of any kind shall be incurred or created subsequent to the last day of the fiscal year for which an appropriation is made, except when specific provision otherwise is made in the Act making the appropriation. On August 31, or as otherwise provided in an appropriation Act, following the close of each fiscal year, all unencumbered or unobligated balances of appropriations made for that fiscal term revert to the state treasury and to the credit of the funds from which the appropriations were made, except that capital expenditures for the purchase of land or the erection of buildings or new construction continue in force until the attainment of the object or the completion of the work for which the appropriations were made unless the Act making an appropriation for the capital expenditure contains a specific provision relating to a time limit for incurring an obligation or reversion of funds. The director shall transmit all agency requests in final form to the legislative services agency by November 15. The fiscal year of the government shall commence on the first day of July and end on the thirtieth day of June. 8.36A Full-time equivalent positions.

1. For purposes of making appropriations and financial reports and as used in appropriations statutes, “*full-time equivalent position*” means a budgeting and monitoring unit that equates the aggregate of full-time positions, part-time positions, a vacancy and turnover factor, and other adjustments. One full-time equivalent position represents two thousand eighty working hours, which is the regular number of hours one full-time person works in one fiscal year. The number of full-time equivalent positions shall be calculated by totaling the regular number of hours that could be annually worked by persons in all authorized positions, reducing those hours by a vacancy and turnover factor and dividing that amount by two thousand eighty hours. In order to achieve the full-time equivalent position level, the number of filled positions may exceed the number of full-time equivalent positions during parts of the fiscal year to compensate for time periods when the number of filled positions is below the authorized number of full-time equivalent positions.

2. *a.* If a department or establishment has reached or anticipates reaching the full-time equivalent position level authorized for the department but determines that conversion of a contract position to a full-time equivalent position would result in cost savings while providing comparable or better services, the department or establishment may request the director of the department of management to approve the conversion and addition of the full-time equivalent position. The request shall be accompanied by evidence demonstrating how the cost savings and service quality will be achieved through the conversion. If approved by the director of the department of management, the department’s or establishment’s authorized full-time equivalent position level shall be increased accordingly and the revised level shall be reported to the fiscal committee of the legislative council and the legislative services agency.

b. A department or establishment shall not convert a full-time equivalent position authorized for the department or establishment to a contract position and shall not use appropriated moneys for such a contract position unless the department or establishment receives approval from the director of the department of management to convert the full-time equivalent position to a contract position. The director of the department of management shall not approve the conversion unless the department or establishment submits sufficient evidence that the conversion would result in cost savings while providing comparable or better services.

A violation of this section shall make any person committing or consenting to the violation liable to the state for the sum expended together with interest

and costs, which shall be recoverable in an action to be instituted by the attorney general for the use of the state. The action may be brought in any county of the state.

8.39 Use of appropriations — transfer.

1. Except as otherwise provided by law, an appropriation or any part of it shall not be used for any other purpose than that for which it was made. However, with the prior written consent and approval of the governor and the director of the department of management, the governing board or head of any state department, institution, or agency may, at any time during the fiscal year, make a whole or partial intradepartmental transfer of its unexpended appropriations for purposes within the scope of such department, institution, or agency. Such transfer shall be to an appropriation made from the same funding source and within the same fiscal year. The amount of a transfer made from an appropriation under this subsection shall be limited to not more than one-tenth of one percent of the total of all appropriations made from the funding source of the transferred appropriation for the fiscal year in which the transfer is made.

2. If the appropriation of a department, institution, or agency is insufficient to properly meet the legitimate expenses of the department, institution, or agency, the director, with the approval of the governor, may make an interdepartmental transfer from any other department, institution, or agency of the state having an appropriation in excess of its needs, of sufficient funds to meet that deficiency. Such transfer shall be to an appropriation made from the same funding source and within the same fiscal year. The amount of a transfer made from an appropriation under this subsection shall be limited to not more than one-tenth of one percent of the total of all appropriations made from the funding source of the transferred appropriation for the fiscal year in which the transfer is made. An interdepartmental transfer to an appropriation which is not an entitlement appropriation is not authorized when the general assembly is in regular session and, in addition, the sum of interdepartmental transfers in a fiscal year to an appropriation which is not an entitlement appropriation shall not exceed fifty percent of the amount of the appropriation as enacted by the general assembly. For the purposes of this subsection, an entitlement appropriation is a line item appropriation to the state public defender for indigent defense or to the department of human services for foster care, state supplementary assistance, or medical assistance, or for the family investment program.

3. The aggregate amount of intradepartmental and interdepartmental transfers made from all appropriations for a fiscal year pursuant to this section is limited to not more than five-tenths of one percent of the total amount of the appropriations made from the general fund of the state for the fiscal year. The aggregate amount of the intradepartmental and interdepartmental transfers made from an appropriation for a fiscal year is limited to fifty percent of the appropriation.

4. Prior to any transfer of funds pursuant to subsection 1 or 2 of this section or a transfer of an allocation from a subunit of a department which statutorily has independent budgeting authority, the director shall notify the chairpersons of the standing committees on budget of the senate and the house of representatives and the chairpersons of subcommittees of such committees of the proposed transfer. The notice from the director shall include information concerning the amount of the proposed transfer, the departments, institutions or agencies affected by the proposed transfer and the reasons for the proposed transfer. Chairpersons notified shall be given at least two weeks to review and comment on the proposed transfer before the transfer of funds is made.

5. a. Any transfer made under the provisions of this section shall be reported to the legislative fiscal committee on a monthly basis. The report shall cover each calendar month and shall be due the tenth day of the following month. The report shall contain the following:

- (1) The amount of each transfer.
- (2) The date of each transfer.
- (3) The departments and funds affected.
- (4) A brief explanation of the reason for the transfer.

(5) Such other information as may be required by the committee.

b. A summary of all transfers made under the provisions of this section shall be included in the annual report of the legislative fiscal committee.

Commencing with the fiscal year beginning July 1, 1981, federal funds received in the form of block grants shall be deposited in a special fund in the state treasury and are subject to appropriation by the general assembly upon a recommendation by the governor. In determining a general fund balance, the federal funds deposited in the special fund shall not be included, but shall remain segregated in the special fund until appropriated by the general assembly.

2. Federal funds deposited in the state treasury as provided in subsection 1 shall either be included as part of the governor's budget required by section 8.22 or shall be included in a separate recommendation made by the governor to the general assembly. If federal funds received in the form of block grants or categorical grants have not been included in the governor's budget for the current fiscal year because of time constraints or because a budget is not being submitted for the next fiscal year, the governor shall submit a supplemental statement to the general assembly listing the federal funds received and including the same information for the federal funds required by section 8.22, subsection 1, paragraph "b", subparagraph (1), subparagraph division (e), for the statement of federal funds in the governor's budget.

3. a. If, in any federal fiscal year, the federal government provides for a block grant which requires a new or revised program than was required in the prior fiscal year, each state agency required to administer the block grant program shall develop a block grant plan detailing program changes.

b. To the extent allowed by federal law, the block grant plan shall be developed in accordance with the following:

(1) The primary goal of the plan shall be to attain savings for taxpayers and to avoid shifting costs from the federal government to state and local governments.

(2) State agency planning meetings shall be held jointly with officials of the affected political subdivision and affected members of the public.

(3) The plan shall address proposed expenditures and accountability measures and shall be published so as to provide reasonable opportunity for public review and comment.

(4) (a) Preference shall be given to any existing service delivery system capable of delivering the required service. If an existing service delivery system is not used, the plan shall identify those existing delivery systems which were considered and the reasons those systems were rejected. This subparagraph division applies to any service delivered pursuant to a federal block grant, including but not limited to any of the following block grant areas: health, human services, education, employment, community and economic development, and criminal justice.

(b) If a service delivered pursuant to a federal block grant and implemented by a political subdivision was previously provided for by a categorical grant, the state agency shall allow the political subdivision adequate transition time to accommodate related changes in federal and state policy. Transition activities may include, but are not limited to, revision of the political subdivision's laws, budgets, and administrative procedures.

(c) The state agency shall allow the political subdivision the flexibility to implement a service in a manner so as to address identifiable needs within the context of meeting broad national objectives.

(5) State administrative costs shall not exceed the limits allowed for under the federal law enacting the block grant.

(6) A federal mandate that is eliminated or waived for the state shall be eliminated or waived for a political subdivision.

(7) Federal block grants shall not be used to supplant existing funding efforts by the state.

c. The state agency shall send copies of the proposed block grant plan to the legislative fiscal committee and to the appropriate appropriations subcommittee chairpersons and ranking members of the general assembly. The plan and any program changes contained within the plan shall be adopted as rules in accordance with chapter 17A.

8.54 General fund expenditure limitation.

1. For the purposes of section 8.22A, this section, and sections 8.55 through 8.57:
 - a. "*Adjusted revenue estimate*" means the appropriate revenue estimate for the general fund for the following fiscal year as determined by the revenue estimating conference under section 8.22A, subsection 3, adjusted by subtracting estimated tax refunds payable from that estimated revenue and as determined by the conference, adding any new revenues which may be considered to be eligible for deposit in the general fund.
 - b. "*New revenues*" means moneys which are received by the state due to increased tax rates and fees or newly created taxes and fees over and above those moneys which are received due to state taxes and fees which are in effect as of January 1 following the December state revenue estimating conference. "*New revenues*" also includes moneys received by the general fund of the state due to new transfers over and above those moneys received by the general fund of the state due to transfers which are in effect as of January 1 following the December state revenue estimating conference. The department of management shall obtain concurrence from the revenue estimating conference on the eligibility of transfers to the general fund of the state which are to be considered as new revenue in determining the state general fund expenditure limitation.
2. There is created a state general fund expenditure limitation for each fiscal year calculated as provided in this section. An expenditure limitation shall be used for the portion of the budget process commencing on the date the revenue estimating conference agrees to a revenue estimate for the following fiscal year in accordance with section 8.22A, subsection 3, and ending with the governor's final approval or disapproval of the appropriations bills

applicable to that fiscal year that were passed prior to July 1 of that fiscal year in a regular or extraordinary legislative session.

3. Except as otherwise provided in this section, the state general fund expenditure limitation for a fiscal year shall be ninety-nine percent of the adjusted revenue estimate.

4. The state general fund expenditure limitation amount provided for in this section shall be used by the governor in the preparation of the budget under section 8.22 and approval of the budget and by the general assembly in the budget process. If a source for new revenues is proposed, the budget revenue projection used for that new revenue source for the period beginning on the effective date of the new revenue source and ending in the fiscal year in which the source is included in the revenue base shall be an amount determined by subtracting estimated tax refunds payable from the projected revenue from that new revenue source, multiplied by ninety-five percent. If a new revenue source is established and implemented, the original state general fund expenditure limitation amount provided for in subsection 3 shall be readjusted to include ninety-five percent of the estimated revenue from the new revenue source.

5. For fiscal years in which it is anticipated that the distribution of moneys from the Iowa economic emergency fund in accordance with section 8.55, subsection 2, will result in moneys being transferred to the general fund, the original state general fund expenditure limitation amount provided for in subsection 3 shall be readjusted to include the amount of moneys anticipated to be so transferred.

6. The scope of the expenditure limitation under subsection 3 shall not encompass federal funds, donations, constitutionally dedicated moneys, and moneys in expenditures from state retirement system moneys.

7. The governor shall transmit to the general assembly, in accordance with section 8.21, a budget which does not exceed the state general fund expenditure limitation. The general assembly shall pass a budget which does not exceed the state general fund expenditure limitation. The governor shall not transmit a budget with recommended appropriations in excess of the state general fund expenditure limitation and the general assembly shall not pass a budget with appropriations in excess of the state general fund expenditure limitation. The governor shall not approve or disapprove appropriation bills or items of appropriation bills passed by the general assembly in a manner that would cause the final budget approved by the governor to exceed the state general fund expenditure limitation. In complying with the requirements of this subsection, the governor and the general assembly shall not rely on any anticipated reversion of appropriations in order to meet the state general fund expenditure limitation.

The fund shall be separate from the general fund of the state and the balance in the fund shall not be considered part of the balance of the general fund of the state. The moneys credited to the fund are not subject to section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this section.

2. The maximum balance of the fund is the amount equal to two and one-half percent of the adjusted revenue estimate for the fiscal year. If the amount of moneys in the Iowa economic emergency fund is equal to the maximum balance, moneys in excess of this amount shall be distributed as follows:

a. The difference between the actual net revenue for the general fund of the state for the

fiscal year and the adjusted revenue estimate for the fiscal year shall be transferred to the taxpayer relief fund created in section 8.57E.

b. The remainder of the excess, if any, shall be transferred to the general fund of the state.

3. a. Except as provided in paragraphs “b”, “c”, and “d”, the moneys in the Iowa economic emergency fund shall only be used pursuant to an appropriation made by the general assembly. An appropriation shall only be made for the fiscal year in which the appropriation is made. The moneys shall only be appropriated by the general assembly for emergency expenditures.

b. Moneys in the fund may be used for cash flow purposes during a fiscal year provided that any moneys so allocated are returned to the fund by the end of that fiscal year.

c. There is appropriated from the Iowa economic emergency fund to the general fund of the state for the fiscal year in which moneys in the fund were used for cash flow purposes, for the purposes of reducing or preventing any overdraft on or deficit in the general fund of the state, the amount from the Iowa economic emergency fund that was used for cash flow purposes pursuant to paragraph “b” and that was not returned to the Iowa economic emergency fund by June 30 of the fiscal year. The appropriation in this paragraph shall not exceed one percent of the adjusted revenue estimate for the fiscal year for which the appropriation is made and is contingent upon all of the following having occurred:

(1) Prior to an appropriation being made pursuant to this paragraph, the balance of the general fund of the state at the end of the fiscal year for which the appropriation is made is negative.

(2) The governor issues an official proclamation and notifies the legislative fiscal committee and the legislative services agency that the balance of the general fund is negative and that an appropriation made pursuant to this paragraph brings the general fund of the state into balance.

d. There is appropriated from the Iowa economic emergency fund to the executive council an amount sufficient to pay the expenses authorized by the executive council, as addressed in section 7D.29.

e. If an appropriation is made pursuant to paragraph “c” for a fiscal year, there is appropriated from the general fund of the state to the Iowa economic emergency fund for the following fiscal year, the amount of the appropriation made pursuant to paragraph “c”.

f. Except as provided in section 8.58, the Iowa economic emergency fund shall be considered a special account for the purposes of section 8.53 in determining the cash position of the general fund of the state for the payment of state obligations.

8.56 Cash reserve fund.

1. A cash reserve fund is created in the state treasury. The cash reserve fund shall be separate from the general fund of the state and shall not be considered part of the general fund of the state except in determining the cash position of the state as provided in subsection 3. The moneys in the cash reserve fund are not subject to section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this section. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the cash reserve fund shall be credited to the rebuild Iowa infrastructure fund created in section 8.57. Moneys in the cash reserve fund may be used for cash flow purposes

during a fiscal year provided that any moneys so allocated are returned to the cash reserve fund by the end of that fiscal year.

2. The maximum balance of the cash reserve fund is the amount equal to the cash reserve goal percentage, as defined in section 8.57, multiplied by the adjusted revenue estimate for the general fund of the state for the current fiscal year.

3. The moneys in the cash reserve fund shall only be used pursuant to an appropriation made by the general assembly. An appropriation shall be made in accordance with subsection 4 only for the fiscal year in which the appropriation is made. The moneys shall only be appropriated by the general assembly for nonrecurring emergency expenditures and shall not be appropriated for payment of any collective bargaining agreement or arbitrator's decision negotiated or awarded under chapter 20. Except as provided in section 8.58, the cash reserve fund shall be considered a special account for the purposes of section 8.53 in determining the cash position of the general fund of the state for the payment of state obligations.

4. a. Except as provided in subsection 1, an appropriation shall not be made from the cash reserve fund unless the appropriation is in accordance with all of the following:

(1) The appropriation is contained in a bill or joint resolution in which the appropriation is the only subject matter of the bill or joint resolution.

(2) The bill or joint resolution states the reasons the appropriation is necessary.

b. In addition to the requirements of paragraph "a", an appropriation shall not be made from the cash reserve fund which would cause the fund's balance to be less than three and three-fourths percent of the adjusted revenue estimate for the year for which the appropriation is made unless the bill or joint resolution is approved by vote of at least three-fifths of the members of both chambers of the general assembly and is signed by the governor.

8.57 Annual appropriations — reduction of GAAP deficit — rebuild Iowa infrastructure fund — sports wagering receipts fund.

1. a. The "cash reserve goal percentage" for fiscal years beginning on or after July 1, 2004, is seven and one-half percent of the adjusted revenue estimate. For each fiscal year in which the appropriation of the surplus existing in the general fund of the state at the conclusion of the prior fiscal year pursuant to paragraph "b" was not sufficient for the cash reserve fund to reach the cash reserve goal percentage for the current fiscal year, there is appropriated from the general fund of the state an amount to be determined as follows:

(1) If the balance of the cash reserve fund in the current fiscal year is not more than six and one-half percent of the adjusted revenue estimate for the current fiscal year, the amount of the appropriation under this lettered paragraph is one percent of the adjusted revenue estimate for the current fiscal year.

(2) If the balance of the cash reserve fund in the current fiscal year is more than six and one-half percent but less than seven and one-half percent of the adjusted revenue estimate for that fiscal year, the amount of the appropriation under this lettered paragraph is the amount necessary for the cash reserve fund to reach seven and one-half percent of the adjusted revenue estimate for the current fiscal year.

(3) The moneys appropriated under this lettered paragraph shall be credited in equal and proportionate amounts in each quarter of the current fiscal year.

b. The surplus existing in the general fund of the state at the conclusion of the fiscal year is appropriated for distribution in the succeeding fiscal year as provided in subsections 2 and 3. Moneys credited to the cash reserve fund from the appropriation made in this paragraph shall not exceed the amount necessary for the cash reserve fund to reach the cash reserve goal percentage for the succeeding fiscal year. As used in this paragraph, "surplus" means the excess of revenues and other financing sources over expenditures and other financing uses for the general fund of the state in a fiscal year.

c. The amount appropriated in this section is not subject to the provisions of section 8.31,

relating to requisitions and allotment, or to section 8.32, relating to conditional availability of appropriations.

2. Moneys appropriated under subsection 1 shall be first credited to the cash reserve fund. To the extent that moneys appropriated under subsection 1 would make the moneys in the cash reserve fund exceed the cash reserve goal percentage of the adjusted revenue estimate for the fiscal year, the moneys are appropriated to the department of management to be spent for the purpose of eliminating Iowa's GAAP deficit, including the payment of items budgeted in a subsequent fiscal year which under generally accepted accounting principles should be budgeted in the current fiscal year. These moneys shall be deposited into a GAAP deficit reduction account established within the department of management. The department of management shall annually file with both houses of the general assembly at the time of the submission of the governor's budget, a schedule of the items for which moneys appropriated under this subsection for the purpose of eliminating Iowa's GAAP deficit, including the payment of items budgeted in a subsequent fiscal year which under generally accepted accounting principles should be budgeted in the current fiscal year, shall be spent. The schedule shall indicate the fiscal year in which the spending for an item is to take place and shall incorporate the items detailed in 1994 Iowa Acts, ch. 1181, §17. The schedule shall list each item of expenditure and the estimated dollar amount of moneys to be spent on that item for the fiscal year. The department of management may submit during a regular legislative session an amended schedule for legislative consideration. If moneys appropriated under this subsection are not enough to pay for all listed expenditures, the department of management shall distribute the payments among the listed expenditure items. Moneys appropriated to the department of management under this subsection shall not be spent on items other than those included in the filed schedule. On September 1 following the close of a fiscal year, moneys in the GAAP deficit reduction account which remain unexpended for items on the filed schedule for the previous fiscal year shall be credited to the Iowa economic emergency fund.

3. To the extent that moneys appropriated under subsection 1 exceed the amounts necessary for the cash reserve fund to reach its maximum balance and the amounts necessary to eliminate Iowa's GAAP deficit, including elimination of the making of any appropriation in an incorrect fiscal year, the moneys shall be appropriated to the Iowa economic emergency fund.

4. As used in this section, "GAAP" means generally accepted accounting principles as established by the governmental accounting standards board.

5. a. A rebuild Iowa infrastructure fund is created under the authority of the department of management. The fund shall consist of appropriations made to the fund and transfers of interest, earnings, and moneys from other funds as provided by law. The rebuild Iowa infrastructure fund shall be separate from the general fund of the state and the balance in the rebuild Iowa infrastructure fund shall not be considered part of the balance of the general fund of the state. However, the rebuild Iowa infrastructure fund shall be considered a special account for the purposes of section 8.53, relating to generally accepted accounting principles.

b. Moneys in the rebuild Iowa infrastructure fund are not subject to section 8.33. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the rebuild Iowa infrastructure fund shall be credited to the fund. Moneys in the rebuild Iowa infrastructure fund may be used for cash flow purposes during a fiscal year provided that any moneys so allocated are returned to the fund by the end of that fiscal year.

c. Moneys in the rebuild Iowa infrastructure fund in a fiscal year shall be used as directed by the general assembly for public vertical infrastructure projects. For the purposes of this subsection, "vertical infrastructure" includes only land acquisition and construction; major renovation and major repair of buildings; routine, recurring maintenance; all appurtenant structures; utilities; site development; recreational trails; renewable fuel infrastructure programs; and debt service payments on academic revenue bonds issued in accordance with chapter 262A for capital projects at board of regents institutions. "Vertical infrastructure" does not include operational expenses or leasing of a building, appurtenant structure, or utility without a lease-purchase agreement.

d. The general assembly may provide that all or part of the moneys deposited in the GAAP

deficit reduction account created in this section shall be transferred to the infrastructure fund in lieu of appropriation of the moneys to the Iowa economic emergency fund.

e. (1) (a) (i) For the fiscal year beginning July 1, 2000, and for each fiscal year thereafter through the fiscal year beginning July 1, 2012, not more than a total of sixty-six million dollars shall be deposited in the general fund of the state in any fiscal year pursuant to sections 99D.17 and 99F.11.

8A.302 Departmental duties — physical resources.

The duties of the department as it relates to the physical resources of state government shall include but not necessarily be limited to the following:

1. Providing a system of uniform standards and specifications for purchasing. When the system is developed, all items of general use shall be purchased by state agencies through the department, except items provided for under section 904.808 or items used by the state board of regents and institutions under the control of the state board of regents. However, the department may authorize the department of transportation, the department for the blind, and any other agencies otherwise exempted by law from centralized purchasing, to directly purchase items used by those agencies without going through the department, if the department of administrative services determines such purchasing is in the best interests of the state. However, items of general use may be purchased through the department by any governmental entity.

2. Providing for the proper maintenance of the state laboratories facility in Ankeny and of the state capitol, grounds, and equipment, and all other state buildings, grounds, and equipment at the seat of government, except those referred to in section 216B.3, subsection 6.

PART 2

PURCHASING

8A.311 Competitive bidding — preferences — reciprocal application — direct purchasing.

The director shall adopt rules establishing competitive bidding procedures.

1. *a.* All equipment, supplies, or services procured by the department shall be purchased by a competitive bidding procedure as established by rule. However, the director may exempt by rule purchases of noncompetitive items and purchases in lots or quantities too small to be effectively purchased by competitive bidding. Preference shall be given to purchasing Iowa products and purchases from Iowa-based businesses if the Iowa-based business bids submitted are comparable in price to bids submitted by out-of-state businesses and otherwise meet the required specifications. If the laws of another state mandate a percentage preference for businesses or products from that state and the effect of the preference is that bids of Iowa businesses or products that are otherwise low and responsive are not selected in the other state, the same percentage preference shall be applied to Iowa businesses and products when businesses or products from that other state are bid to supply Iowa requirements.

b. The department and each state agency shall provide notice in an electronic format available to the public of every competitive bidding opportunity offered by the department or the state agency as provided in section 73.2, subsection 2. The department may establish by rule requirements relating to such notice. A competitive bidding opportunity that is not preceded by a notice that satisfies the requirements of this paragraph is void and shall be rebid. A request for proposals for architectural or engineering services may be posted electronically by a department or state agency.

2. Notwithstanding section 72.3, if the competitive bidding procedure used by the department involves the use of a reverse auction or similar competitive bidding procedure requiring the disclosure of bid information submitted by vendors, the department shall disclose the bid information as necessary and appropriate.

3. The director may also exempt the purchase of an item or service from a competitive bidding procedure when the director determines that the best interests of the state will be served by the exemption which shall be based on one of the following:

a. An immediate or emergency need existing for the item or service.

b. A need to protect the health, safety, or welfare of persons occupying or visiting a public improvement or property located adjacent to the public improvement.

4. *a.* The director may contract for the purchase of items or services by the department. Contracts for the purchase of items or services shall be awarded on the basis of the lowest competent bid. Contracts not based on competitive bidding shall be awarded on the basis of bidder competence and reasonable price.

b. Architectural and engineering services shall be procured in a reasonable manner, as the director by rule may determine, on the basis of competence and qualification for the type of services required and for a fair and reasonable price.

5. The director may enter into a cooperative procurement agreement with another governmental entity relating to the procurement of goods or services, whether the goods or services are for the use of the department or other governmental entities. The cooperative procurement agreement shall clearly specify the purpose of the agreement and the method by which that purpose will be accomplished. Any power exercised under the agreement shall not exceed the power granted to any party to the agreement.

6. The director may refuse all bids on any item or service and request new bids.

7. The director shall establish by rule the amount of security, if any, to accompany a bid or as a condition precedent to the awarding of any contract and the circumstances under which a security will be returned to the bidder or forfeited to the state.

8. The director shall adopt rules providing a method for the various state agencies to file with the department a list of those supplies, equipment, machines, and all items needed to properly perform their governmental duties and functions.

9. The director shall furnish a list of specifications, prices, and discounts of contract items

to any governmental subdivision which shall be responsible for payment to the vendor under the terms and conditions outlined in the state contract.

10. *a.* The director shall adopt rules providing that any state agency may, upon request and approval by the department, purchase directly from a vendor if the direct purchasing is more economical than purchasing through the department, if the agency shows that direct purchasing by the state agency would be in the best interests of the state due to an immediate or emergency need, or if the purchase will not exceed an amount, not to exceed twenty-five thousand dollars, determined by the department by rule and the purchase would contribute to the agency complying with the targeted small business procurement goals under sections 73.15 through 73.21.

b. Any member of the executive council may bring before the executive council for review a decision of the director granting a state agency request for direct purchasing. The executive council shall hear and review the director's decision in the same manner as an appeal filed by an aggrieved bidder, except that the three-day period for filing for review shall not apply.

c. By January 15 of each year, the department shall submit to the general assembly electronically an annual report of contracts awarded to targeted small businesses, as defined in section 15.102, in the previous fiscal year pursuant to paragraph "a" authorizing direct purchasing by a state agency if the purchase will not exceed an amount determined by the department by rule and would contribute to the agency complying with the targeted small business goals under sections 73.15 through 73.21.

11. *a.* When the estimated total cost of construction, erection, demolition, alteration, or repair of a public improvement exceeds the competitive bid threshold in section 26.3, or as established in section 314.1B, the department shall comply with chapter 26.

b. In awarding a contract under this subsection, the department shall let the work to the lowest responsible bidder submitting a sealed proposal. However, if the department considers the bids received not to be acceptable, all bids may be rejected and new bids requested. A bid shall be accompanied by a certified or cashier's check or bid bond in an amount designated in the advertisement for bids as security that the bidder will enter into a contract for the work requested. The department shall establish the bid security in an amount equal to at least five percent, but not more than ten percent of the estimated total cost of the work. The certified or cashier's checks or bid bonds of unsuccessful bidders shall be returned as soon as the successful bidder is determined. The certified or cashier's check or bid bond of the successful bidder shall be returned upon execution of the contract. This subsection does not apply to the construction, erection, demolition, alteration, or repair of a public improvement when the contracting procedure for the work requested is otherwise provided for in law.

12. The state and its political subdivisions shall give preference to purchasing Iowa products and purchasing from Iowa-based businesses if the bids submitted are comparable in price to those submitted by other bidders and meet the required specifications.

13. The director shall adopt rules which provide that a department or agency is not required to comply with the requirements of section 904.808 for the purchase of a product if the department or agency can verify that the product is manufactured within the state. However, the rules shall provide that if a department or agency is not required to comply with the requirements of section 904.808, Iowa state industries, as defined in section 904.802, shall be allowed to submit a bid to provide the product to be purchased.

14. The director shall adopt rules which require that each bid received for the purchase of items purchased by the department includes a product content statement which provides the percentage of the content of the item which is reclaimed material.

15. The director shall review and, where necessary, revise specifications used by state agencies to procure products in order to ensure all of the following:

a. The procurement of products containing recovered materials, including but not limited to lubricating oils, retread tires, building insulation materials, and recovered materials from waste tires. The specifications shall be revised if they restrict the use of alternative materials, exclude recovered materials, or require performance standards which exclude products containing recovered materials unless the agency seeking the product can document that the use of recovered materials will hamper the intended use of the product.

b. The procurement by state agencies of biobased hydraulic fluids, greases, and other

industrial lubricants manufactured from soybeans in accordance with the requirements of section 8A.316.

c. The procurement of designated biobased products in accordance with the requirements of section 8A.317.

16. a. A bidder, to be considered for an award of a state construction contract, shall disclose to the state agency awarding the contract the names of all subcontractors and suppliers who will work on the project being bid within forty-eight hours after the published date and time by which bids must be submitted.

b. A bidder shall not replace a subcontractor or supplier disclosed under paragraph "a" without the approval of the state agency awarding the contract.

c. A bidder, prior to an award or who is awarded a state construction contract, shall disclose all of the following, as applicable:

(1) If a subcontractor or supplier disclosed under paragraph "a" by a bidder is replaced, the reason for replacement and the name of the new subcontractor or supplier.

(2) If the cost of work to be done by a subcontractor or supplier is changed or if the replacement of a subcontractor or supplier results in a change in the cost, the amount of the change in cost.

17. A state agency shall make every effort to purchase those products produced for sale by sheltered workshops, work activity centers, and other special programs funded in whole or in part by public moneys that employ persons with an intellectual disability or other developmental disabilities or mental illness if the products meet the required specifications.

18. A state agency shall make every effort to purchase products produced for sale by employers of persons in supported employment.

19. The department shall not award a contract to a bidder for a construction, reconstruction, demolition, or repair project or improvement with an estimated cost that exceeds twenty-five thousand dollars in which the bid requires the use of inmate labor supplied by the department of corrections, but not employed by private industry pursuant to section 904.809, to perform the project or improvement.

20. Life cycle cost and energy efficiency shall be included in the criteria used by the department, institutions under the control of the state board of regents, the state department of transportation, the department for the blind, and other state agencies in developing standards and specifications for purchasing energy-consuming products. However, for the purchase of passenger vehicles, light, medium-duty, and heavy-duty trucks, passenger and cargo vans, and sport utility vehicles, a purchase contract shall be awarded to the lowest responsive and responsible bidder based solely on bid price.

21. Preference shall be given to purchasing American-made products and purchases from American-based businesses if the life cycle costs are comparable to those products of foreign businesses and which most adequately fulfill the department's need.

22. a. The director may authorize the procurement of goods and services in which a contractual limitation of vendor liability is provided for and set forth in the documents initiating the procurement. The director, in consultation with the department of management, shall adopt rules setting forth the circumstances in which such procurement will be permitted and what types of contractual limitations of liability are permitted. Rules adopted by the director shall establish criteria to be considered in making a determination of whether to permit a contractual limitation of vendor liability with regard to any procurement of goods and services. The criteria, at a minimum, shall include all of the following:

(1) Whether authorizing a contractual limitation of vendor liability is necessary to prevent harm to the state from a failure to obtain the goods or services sought, or from obtaining the goods or services at a higher price if the state refuses to allow a contractual limitation of vendor liability.

(2) Whether the contractual limitation of vendor liability is commercially reasonable when taking into account any risk to the state created by the goods or services to be procured and the purpose for which they will be used.

b. Notwithstanding paragraph "a", a contractual limitation of vendor liability shall not include any limitation on the liability of any vendor for intentional torts, criminal acts, or fraudulent conduct.

c. The rules shall provide for the negotiation of a contractual limitation of vendor liability consistent with the requirements of this section and any other requirements of the department as provided in any related documents associated with a procurement of goods and services.

23. a. The state, through the department, shall give a preference to purchasing equipment, supplies, or services from or awarding public improvement contracts pursuant to subsection 11 to an Iowa-based business as provided under paragraph “b”, as appropriate, if the bid submitted is comparable in price to those submitted by other bidders and meets the required specifications. However, before giving the preference, the department shall confirm with the Iowa employer support of the guard and reserve committee that the requirements of paragraph “b” have been met by the Iowa-based business.

b. To receive a preference as provided by this subsection, the Iowa-based business employer shall have adopted policies beyond those otherwise required by law to support employees who are officers or enlisted persons in the national guard and organized reserves of the armed forces of the United States consistent with standards adopted by the Iowa employer support of the guard and reserve committee. To be eligible for such preference, an employer shall submit to the committee a copy of the applicable policies adopted by the employer and shall sign and submit to the committee a statement of support of persons in the employ of the employer who serve in the national guard and the reserves, recognizing the vital role of the national guard and the reserves, and pledging all of the following:

(1) To neither deny employment nor limit or reduce job opportunities because of an employee’s service in the national guard or organized reserves of the armed forces of the United States.

(2) To grant leaves of absence during a period of military duty or training.

(3) To ensure that all employees are aware of the employer’s policies and the requirements of section 29A.43.

8A.311A Centralized purchasing.

1. The department may designate goods and services of general use that agencies shall, and governmental subdivisions may, purchase pursuant to a master contract established by the department for that good or service. The department shall establish a master contract subject to the requirements of this section if the department determines that a high-quality good or service can be acquired by agencies and governmental subdivisions at lower cost through the establishment of a master contract.

2. The department shall establish a master contract pursuant to this section on a competitive basis, and the purchase of a good or service pursuant to the contract shall be deemed to satisfy any otherwise applicable competitive bidding requirements.

3. Upon the establishment of a master contract for a good or service pursuant to this section, an agency shall purchase the good or service pursuant to the contract, and shall not expend money to purchase the good or service directly from a vendor and not through the contract, unless any of the following applies:

a. The department determines, upon a request by the agency, that the agency can satisfy the requirements for purchase of the good or service directly from a vendor as provided in section 8A.311, subsection 10, paragraph “a”.

b. The agency is purchasing the good or service pursuant to another contract in effect on the effective date of the master contract. However, the agency shall terminate the other contract if the contract permits the termination of the contract without penalty and the agency shall not renew the other contract beyond the current term of the other contract.

8A.312 Cooperative purchasing.

The director may purchase items through any agency specifically exempted by law from centralized purchasing as well as from other interstate and intergovernmental entities. The department shall collaborate and cooperate with the state board of regents and institutions under the control of the state board of regents, as provided in section 262.9B, and any other state agency exempt from centralized purchasing to explore joint purchases of general use items that present opportunities to obtain quality goods and services at the lowest reasonable cost.

Disputes arising between the department of corrections and a purchasing department or agency over the procurement of products from Iowa state industries as described in section 904.808 shall be referred to the director. The decision of the director is final unless a written appeal is filed with the executive council within five days of receipt of the decision of the director, excluding Saturdays, Sundays, and legal holidays. If an appeal is filed, the executive council shall hear and determine the appeal within thirty days. The decision of the executive council is final.

8A.314 Purchasing revolving fund.

1. A purchasing revolving fund is established within the department. The director shall keep an accurate itemized account for each state agency purchasing through the department, using services provided for by the department, and using postage supplied by the department.

2. At the end of each month the director shall render a statement to each state agency for the actual cost of items purchased through the department, and the actual cost of services and postage used by the agency. The monthly statement shall also include a fair proportion of the administrative costs of the department during the month. The portion of administrative costs shall be determined by the director subject to review by the executive council upon complaint from any state agency adversely affected.

3. Statements rendered to the various state agencies shall be paid by the state agencies in the manner determined by the department. When the statements are paid the sums shall be credited to the purchasing revolving fund. If any funds accrue to the revolving fund in excess of two hundred twenty-five thousand dollars and there is no anticipated need or use for such funds, the governor shall order the excess funds credited to the general fund of the state.

8A.315 State purchases — recycled products — soybean-based inks.

1. When purchasing paper products other than printing and writing paper, the department shall, when the price is reasonably competitive and the quality as intended, purchase the recycled product. The department shall also purchase, when the price is reasonably competitive and the quality as intended, and in keeping with the schedule established in this subsection, soybean-based inks and plastic products with recycled content including but not limited to plastic garbage can liners.

a. One hundred percent of the purchases of inks which are used for newsprint printing services performed internally or contracted for by the department shall be soybean-based.

b. One hundred percent of the purchases of inks, other than inks which are used for newsprint printing services, and which are used internally or contracted for by the department, shall be soybean-based to the extent formulations for such inks are available.

c. A minimum of fifty percent of the purchases of garbage can liners made by the department shall be plastic garbage can liners with recycled content.

d. For purposes of this subsection, “*recycled content*” means that the content of the product contains a minimum of thirty percent postconsumer material.

2. a. Except as otherwise provided in this section, the department shall purchase and use recycled printing and writing paper so that ninety percent of the volume of printing

and writing paper purchased is recycled paper. The recycled printing and writing paper shall meet the requirements for procuring recycled printing and writing paper set forth in 40 C.F.R. pt. 247, and in related recovered materials advisory notices issued by the United States environmental protection agency.

b. The department shall establish a prioritization procedure for the purchase of recycled paper which provides for a five percent differential in the cost of the purchase of paper which has been recycled through the use of a nonchlorinated process.

c. If a provision under this subsection results in the limitation of sources for the purchase of printing and writing paper to three or fewer sources, the department may waive the requirement in order to purchase necessary amounts of printing and writing paper.

d. Notwithstanding the requirements of this subsection regarding the purchase of recycled printing and writing paper, the department shall purchase acid-free permanent paper in the amount necessary for the production or reproduction of documents, papers, or similar materials produced or reproduced for permanent preservation pursuant to law.

e. Notwithstanding the requirements of this subsection regarding the purchase of recycled printing and writing paper, the department may purchase printing and writing paper in lieu of recycled paper if the department determines that the purchase will result in significant savings to the state.

3. The department, in conjunction with the department of natural resources, shall review the procurement specifications currently used by the state to eliminate, wherever possible, discrimination against the procurement of products manufactured with recovered materials and soybean-based inks.

4. The department of natural resources shall assist the department in locating suppliers of recycled products and soybean-based inks and collecting data on recycled content and soybean-based ink purchases.

5. Information on recycled content shall be requested on all bids for paper products other than printing and writing paper issued by the state and on other bids for products which could have recycled content such as oil, plastic products, compost materials, aggregate, solvents, soybean-based inks, and rubber products. Except for purchases of printing and writing paper made pursuant to subsection 2, paragraphs “c”, “d”, and “e”, the department shall require persons submitting bids for printing and writing paper to certify that the printing and writing paper proposed complies with the requirements referred to in subsection 2, paragraph “a”.

6. The department, in conjunction with the department of natural resources, shall adopt rules to administer this section.

7. All state agencies shall fully cooperate with the department and with the department of natural resources in all phases of implementing this section.

8. The department, whenever technically feasible, shall purchase and use degradable loose foam packing material manufactured from grain starches or other renewable resources, unless the cost of the packing material is more than ten percent greater than the cost of packing material made from nonrenewable resources. For the purposes of this subsection, “*packing material*” means material, other than an exterior packing shell, that is used to stabilize, protect, cushion, or brace the contents of a package.

1. Notwithstanding any requirements under section 8A.315 related to the purchase of recycled paper to the contrary, the department may use certified chain-of-custody paper as provided in this section in lieu of recycled paper. The department shall adopt rules related to the use of chain-of-custody paper.

2. As used in this section, unless the context otherwise requires, “*certified chain-of-custody paper*” means paper that has been certified pursuant to a process that tracks and records the possession and transfer of wood and fiber used to make paper through the different states of production to the end user of the paper. The department shall adopt rules defining “*certified chain-of-custody paper*” consistent with the certification

requirements established by independent entities such as the forest stewardship council, sustainable forest initiative, or other similar entity.

8A.316 Lubricants and oils — preferences.

The department shall do all of the following:

1. Develop its procedures and specifications for the purchase of lubricating oil and industrial oil to eliminate exclusion of recycled oils and any requirement that oils be manufactured from virgin materials.

2. Require that purchases of lubricating oil and industrial oil be made from the seller whose oil product contains the greatest percentage of recycled oil, unless one of the following circumstances regarding a specific oil product containing recycled oil exists:

a. The product is not available within a reasonable period of time or in quantities necessary or in container sizes appropriate to meet a state agency's needs.

b. The product does not meet the performance requirements or standards recommended by the equipment or vehicle manufacturer, including any warranty requirements.

c. The product is available only at a cost greater than one hundred five percent of the cost of comparable virgin oil products.

3. Establish and maintain a preference program for procuring oils containing the maximum content of recycled oil. The preference program shall include but is not limited to all of the following:

a. The inclusion of the preferences for recycled oil products in publications used to solicit bids from suppliers.

b. The provision of a description of the recycled oil procurement program at bidders' conferences.

c. Discussion of the preference program in lubricating oil and industrial oil procurement solicitations or invitations to bid.

d. Efforts to inform industry trade associations about the preference program.

4. a. Provide that when purchasing hydraulic fluids, greases, and other industrial lubricants, the department or a state agency authorized by the department to directly purchase hydraulic fluids, greases, and other industrial lubricants shall give preference to purchasing biobased hydraulic fluids, greases, and other industrial lubricants manufactured from soybeans.

b. Provide for the implementation of requirements necessary in order to carry out this subsection by the department or state agency making the purchase, which shall include all of the following:

(1) Including the preference requirements in publications used to solicit bids for hydraulic fluids, greases, and other industrial lubricants.

(2) Describing the preference requirements at bidders' conferences in which bids for the sale of hydraulic fluids, greases, and other industrial lubricants are sought by the department or authorized state agency.

(3) Discussing the preference requirements in procurement solicitations or invitations to bid for hydraulic fluids, greases, and other industrial lubricants.

(4) Informing industry trade associations about the preference requirements.

c. As used in this subsection, unless the context otherwise requires:

(1) "*Biobased hydraulic fluids, greases, and other industrial lubricants*" means the same as defined by the United States department of agriculture, if the department has adopted such a definition. If the United States department of agriculture has not adopted a definition, "*biobased hydraulic fluids, greases, and other industrial lubricants*" means hydraulic fluids, greases, and other lubricants containing a minimum of fifty-one percent soybean oil.

(2) "*Other industrial lubricants*" means lubricants used or applied to machinery.

8A.317 State purchases — designated biobased products.

1. As used in this section, unless the context otherwise requires:

a. “*Biobased material*” means a material in which carbon is derived in whole or in part from a renewable resource.

b. “*Biobased product*” means a product generated by blending or assembling of one or more biobased materials, either exclusively or in combination with nonbiobased materials, in which the biobased material is present as a quantifiable portion of the total mass of the product.

c. “*Designated biobased product*” means a biobased product and includes a product determined by the United States department of agriculture to be a commercial or industrial product, other than food or feed, that is composed, in whole or in significant part, of biological products, including renewable domestic agricultural materials including plant, animal, and marine materials, or forestry materials as provided in 7 U.S.C. §8102.

2. The department shall do all of the following:

a. Develop procedures and specifications for the purchase of designated biobased products. The department may develop specifications after consulting guidelines or regulations promulgated by the United States department of agriculture pursuant to section 7 U.S.C. §8102.

b. Require that a purchase of a designated biobased product be made from the seller whose designated biobased product contains the greatest percentage of biobased materials, unless any of the following applies:

(1) The designated biobased product is not available within a reasonable period of time or in quantities necessary or in container sizes appropriate to meet a state agency’s needs.

(2) The designated biobased product does not meet performance requirements or standards recommended by a manufacturer, including any warranty requirements.

(3) The designated biobased product does not meet the functional requirements and evaluation criteria identified in bid documents. Functional requirements to be considered may include but are not limited to the designated biobased product’s conformance with ASTM (American society for testing and materials) international standards.

(4) The purchase of the designated biobased product conflicts with section 8A.311, subsection 1, paragraph “a”.

(5) The designated biobased product is available only at a cost greater than one hundred five percent of the cost of comparable products which are not biobased.

c. Establish and maintain a preference program for procuring the maximum content of biobased materials in biobased products. The preference program shall include but is not limited to all of the following:

8A.318 Building cleaning and maintenance — environmentally preferable cleaning products.

1. *Findings and intent.* The general assembly finds that human beings are vulnerable to and may be severely affected by exposure to chemicals, hazardous waste, and other

environmental hazards. The federal environmental protection agency estimates that human exposure to indoor air pollutants can be two to five times, and up to one hundred times, higher than outdoor levels. Children, teachers, janitors, and other staff members spend a significant amount of time inside school buildings. Likewise, state employees and citizens of this state spend a significant amount of time inside state buildings. These individuals are continuously exposed to chemicals from cleaners, waxes, deodorizers, and other maintenance products.

2. *Definitions.* As used in this section, unless the context otherwise requires:

a. “*Environmentally preferable cleaning and maintenance products*” includes but is not limited to cleaning and maintenance products identified by the department and posted on the department’s internet site.

b. “*State building*” means a public facility or building owned by or leased by the state, or an agency or department of the state.

3. *Use of environmentally preferable cleaning and maintenance products.*

a. All school districts in this state, community colleges, institutions under the control of the state board of regents, and state agencies utilizing state buildings, are encouraged to conform to an environmentally preferable cleaning policy designed to facilitate the purchase and use of environmentally preferable cleaning and maintenance products for purposes of public school, community college, regents institution, and state building cleaning and maintenance.

b. Each school district, community college, institution under the control of the state board of regents, or state agency utilizing public buildings shall conduct an evaluation and assessment regarding implementation of an environmentally preferable cleaning policy pursuant to this section. On or after July 1, 2012, all state agencies, and all school districts, community colleges, and institutions under the control of the state board of regents which have not opted out of compliance pursuant to paragraph “c”, shall purchase only cleaning and maintenance products identified by the department or that meet nationally recognized standards. School districts, community colleges, institutions under the control of the state board of regents, and state agencies procuring supplies for schools and state buildings may deplete their existing cleaning and maintenance supply stocks and implement the new requirements in the procurement cycle for the following year. This section shall not be interpreted in a manner that prohibits the use of disinfectants, disinfecting cleaners, sanitizers, or any other antimicrobial product regulated by the federal Insecticide, Fungicide, and Rodenticide Act, 7 U.S.C. §136 et seq., when necessary to protect public health and provided that the use of these products is in accordance with responsible cleaning procedure requirements.

c. A school district, community college, or institution under the control of the state board of regents may, based upon the evaluation and assessment conducted pursuant to paragraph “b”, opt out of compliance with the requirements of this section upon the affirmative vote of a majority of the members of the board of directors of the school district or a determination by the president of the community college or by the president or administrative officer of the regents institution. A school district, community college, or regents institution opting out of compliance pursuant to this paragraph shall notify the department of education, the state board of education, or the state board of regents, as appropriate, of this decision.

4. *Information requirements — department internet site.* The department shall provide information on the department’s internet site regarding environmentally preferable cleaning and maintenance products used by the department. The department may also provide information regarding other cleaning and maintenance products that the department is aware of that meet nationally recognized standards. Information shall also be provided, at the discretion of the department, regarding the nationally recognized standards and the entity establishing the standards.

5. Dispose of all personal property of the state under the director's control as provided by section 8A.324 when it becomes unnecessary or unfit for further use by the state. If the director concludes that the personal property is contaminated, contains hazardous waste, or is hazardous waste, the director may charge the state agency responsible for the property for removal and disposal of the personal property. The director shall adopt rules establishing the procedures for inspecting, selecting, and removing personal property from state agencies or from state storage.

6. a. Lease all buildings and office space necessary to carry out the provisions of this subchapter or necessary for the proper functioning of any state agency wherever located throughout the state. For state agencies at the seat of government, the director may lease buildings and office space in Polk county or in a county contiguous to Polk county. If no specific appropriation has been made, the proposed lease shall be submitted to the executive council for authorization and if authorized lease expense shall be paid from the appropriations addressed in section 7D.29. An office space lease shall not be terminated at a time when either contract damages or early termination penalties may be applicable for doing so. Additionally, the director shall also develop cooperative relationships with the state board of regents in order to promote colocation of state agencies.

b. When the general assembly is not in session, the director may request an expense authorization from the executive council for moving state agencies from one location to another. The request may include moving costs, telecommunications costs, repair costs, or any other costs relating to the move. The executive council may authorize the expenses and may authorize the expenses to be paid from the appropriations addressed in section 7D.29 if it determines the agency or department does not have funds available for these expenses.

c. (1) Prior to replacing or renovating publicly owned buildings or relocating any state agencies at the seat of government to any space in publicly owned buildings, the department shall issue a request for proposals for leasing privately owned office space for state employees in the downtown area of the city of Des Moines and shall use such proposals to compare the costs of privately owned space to publicly owned space. The department shall locate state employees in office space in the most cost-efficient manner possible. In determining cost

efficiency, the department shall consider all costs of the publicly owned space, the costs of the original acquisition of the publicly owned space, the costs of tenant improvements to the publicly owned space, and the anticipated economic and useful life of the publicly owned building space.

(2) Subparagraph (1) shall not apply when emergency circumstances exist. Actions taken during an emergency which would otherwise violate subparagraph (1) shall be limited in scope and duration to meet the emergency. An emergency includes but is not limited to a condition that does any of the following:

(a) Threatens public health, welfare, or safety.

(b) In which there is a need to protect the health, welfare, or safety of persons occupying or visiting a public improvement or property located adjacent to the public improvement.

d. This subsection shall not apply to the department of public defense or the armory board.

7. Unless otherwise provided by law, coordinate the location, design, plans and specifications, construction, and ultimate use of the real or personal property to be purchased by a state agency for whose benefit and use the property is being obtained.

a. If the purchase of real or personal property is to be financed pursuant to section 12.28, the department shall cooperate with the treasurer of state in providing the information necessary to complete the financing of the property.

b. A contract for acquisition, construction, erection, demolition, alteration, or repair by a private person of real or personal property to be lease-purchased by the treasurer of state pursuant to section 12.28 is exempt from section 8A.311, subsections 1 and 11, unless the lease-purchase contract is funded in advance by a deposit of the lessor's moneys to be administered by the treasurer of state under a lease-purchase contract which requires rent payments to commence upon delivery of the lessor's moneys to the lessee.

8. With the authorization of a constitutional majority of each house of the general assembly and approval by the governor, dispose of real property belonging to the state and its state agencies upon terms, conditions, and consideration as the director may recommend. If real property subject to sale under this subsection has been purchased or acquired from appropriated funds, the proceeds of the sale shall be deposited with the treasurer of state and credited to the general fund of the state or other fund from which appropriated. There is appropriated from that same fund, with the prior approval of the executive council and in cooperation with the director, a sum equal to the proceeds so deposited and credited to the state agency to which the disposed real property belonged or by which it was used, for purposes of the state agency.

9. a. With the approval of the executive council pursuant to section 7D.29 or pursuant to other authority granted by law, acquire real property to be held by the department in the name of the state as follows:

(1) By purchase, lease, option, gift, grant, bequest, devise, or otherwise.

(2) By exchange of real property belonging to the state for property belonging to another person.

b. If real property acquired by the department in the name of the state is subject to a lease in effect at the time of acquisition, the director may honor and maintain the existing lease subject to the following requirements:

(1) The lease shall not be renewed beyond the term of the existing lease including any renewal periods under the lease that are solely at the discretion of the lessee.

(2) The lease shall not be renewed by the department as the lessor if the lessor has discretion to not renew under the existing lease.

(3) The lease shall not be maintained for a period in excess of ten years from the date of acquisition of the real property, including any renewal periods, without the approval of the executive council.

(4) The lease shall not be maintained if the lessee at the time of the acquisition ceases to occupy the leased property.

banks, insurers, underwriters, accountants, attorneys, and other advisors or consultants necessary to implement the provisions of subsection 7.

12. In carrying out the requirements of section 64.6, purchase an individual or a blanket surety bond insuring the fidelity of state officers. The department may self-assume or self-insure fidelity exposures for state officials and employees. A state official is deemed to have furnished surety if the official has been covered by a program of insurance or self-insurance established by the department. To the extent possible, all bonded state employees shall be covered under one or more blanket bonds or position schedule bonds.

13. Review the management of state property loss exposures and state liability risk exposures for the capitol complex. Insurance coverage may include self-insurance or any type of insurance protection sold by insurers, including, but not limited to, full coverage, partial coverage, coinsurance, reinsurance, and deductible insurance coverage.

14. Establish a monument maintenance account in the state treasury under the control of the department. Funds for the maintenance of a state monument, whether received by gift, devise, bequest, or otherwise, shall be deposited in the account. Funds in the account shall be deposited in an interest-bearing account. Notwithstanding section 12C.7, interest earned on the account shall be deposited in the account and shall be used to maintain the designated monument. Any maintenance funds for a state monument held by the state and interest earned on the funds shall be used to maintain the designated monument. Notwithstanding section 8.33, funds in the monument maintenance account at the end of a fiscal year shall not revert to the general fund of the state.

15. Prepare an annual report listing any state building, as defined in section 8A.318, that is vacant and submit the annual report to the legislative services agency and the department of management on or before January 15 of each year.

16. At least thirty days prior to entering into a contract for a lease or renewal of a lease pursuant to subsection 6 or a contract for the acquisition of real property pursuant to subsection 9 in which any part or the total amount of the contract is at least fifty thousand dollars, notify the legislative services agency concerning the contract. The legislative services agency shall submit the notification to the general assembly's standing committees on government oversight. The notification is required regardless of the source of payment for the lease, renewal of lease, or acquisition of real property. The notification shall include all of the following information:

a. A description of the buildings and office space subject to the lease or renewal of lease or a description of the real property to be acquired.

b. The proposed terms of the contract.

The director shall call to the attention of an elected official or the head of any state agency to which a motor vehicle has been assigned any evidence of the mishandling or misuse of a state-assigned motor vehicle which is called to the director's attention.

b. A gasoline-powered motor vehicle operated under this subsection shall not operate on gasoline other than ethanol blended gasoline as defined in section 214A.1, unless under emergency circumstances. A diesel-powered motor vehicle operated under this subsection shall not operate on diesel fuel other than biodiesel fuel as defined in section 214A.1, if commercially available. A state-issued credit card shall not be valid to purchase gasoline other than ethanol blended gasoline, if commercially available, or to purchase diesel fuel other than biodiesel fuel, if commercially available. The motor vehicle shall also be affixed with a brightly visible sticker which notifies the traveling public that the motor vehicle is being operated on ethanol blended gasoline or biodiesel fuel, as applicable. However, the sticker is not required to be affixed to an unmarked vehicle used for purposes of providing law enforcement or security.

4. a. The director shall provide for the purchase of motor vehicles for all branches of the state government, except the state department of transportation, institutions under the control of the state board of regents, the department for the blind, and any other state agency exempted by law, which are not rented or leased pursuant to section 8A.367. The director shall purchase new vehicles in accordance with competitive bidding procedures for items or services as provided in this subchapter. The director may purchase used or preowned vehicles at governmental or dealer auctions if the purchase is determined to be in the best interests of the state.

b. The director, and any other state agency, which for purposes of this subsection includes but is not limited to community colleges and institutions under the control of the state board of regents, or local governmental subdivisions purchasing new motor vehicles, shall purchase motor vehicles and light trucks, which are not rented or leased pursuant to section 8A.367, so that the average fuel efficiency for the fleet of new passenger vehicles and light trucks purchased in that year equals or exceeds the average fuel economy standard for the vehicles' model year as established by the United States secretary of transportation under 15 U.S.C. §2002. This paragraph does not apply to vehicles purchased for law enforcement purposes or used for off-road maintenance work, or work vehicles used to pull loaded trailers.

c. The director shall assign motor vehicles available for use to maximize the average passenger miles per gallon of motor fuel consumed. In assigning motor vehicles, the director shall consider standards established by the director, which may include but are not limited to the number of passengers traveling to a destination, the fuel economy of and passenger capacity of vehicles available for assignment, and any other relevant information, to assure assignment of the most energy-efficient vehicle or combination of vehicles for a trip from those vehicles available for assignment. The standards shall not apply to special work vehicles and law enforcement vehicles. The standards shall apply to the following agencies:

- (1) State department of transportation.
- (2) Institutions under the control of the state board of regents.
- (3) Department for the blind.
- (4) Any other state agency exempted from obtaining vehicles for use through the department.

d. As used in paragraph "c", "*fuel economy*" means the average number of miles traveled

by an automobile per gallon of gasoline consumed as determined by the United States environmental protection agency administrator in accordance with 26 U.S.C. §4064(c).

5. All used motor vehicles turned in to the director shall be disposed of by public auction, and the sales shall be advertised in a newspaper of general circulation one week in advance of sale, and the receipts from the sale shall be deposited in the depreciation fund to the credit of the state agency turning in the vehicle; except that, in the case of a used motor vehicle of special design, the director may, instead of selling it at public auction, authorize the motor vehicle to be traded for another vehicle of similar design. If a vehicle sustains damage and the cost to repair exceeds the wholesale value of the vehicle, the director may dispose of the motor vehicle by obtaining two or more written salvage bids and the vehicle shall be sold to the highest responsible bidder.

6. The director may authorize the establishment of motor pools consisting of a number of state-assigned motor vehicles under the director's supervision. The director may store the motor vehicles in a public or private garage. If the director establishes a motor pool, any state officer or employee desiring the use of a state-assigned motor vehicle on state business shall notify the director of the need for a vehicle within a reasonable time prior to actual use of the motor vehicle. The director may assign a motor vehicle from the motor pool to the state officer or employee, or from the vendor awarded a contract pursuant to section 8A.367. If two or more state officers or employees desire the use of a state-assigned motor vehicle for a trip to the same destination for the same length of time, the director may assign one vehicle to make the trip.

7. The director shall require that a sign be placed on each state-owned motor vehicle in a conspicuous place which indicates its ownership by the state. This requirement shall not apply to motor vehicles requested to be exempt by the director or by the commissioner of public safety. All state-owned motor vehicles shall display registration plates bearing the word "official" except motor vehicles requested to be furnished with ordinary plates by the director or by the commissioner of public safety pursuant to section 321.19. The director shall keep an accurate record of the registration plates used on all state-owned motor vehicles. This subsection shall not apply to an assigned vehicle rented or leased pursuant to section 8A.367.

8. All fuel used in state-assigned automobiles shall be purchased at cost from the various installations or garages of the state department of transportation, state board of regents, department of human services, or state motor pools throughout the state, unless the state-owned sources for the purchase of fuel are not reasonably accessible. If the director determines that state-owned sources for the purchase of fuel are not reasonably accessible, the director shall authorize the purchase of fuel from other sources. The director may prescribe a manner, other than the use of the revolving fund, in which the purchase of fuel from state-owned sources is charged to the state agency responsible for the use of the motor vehicle. The director shall prescribe the manner in which oil and other normal motor vehicle maintenance for state-owned motor vehicles may be purchased from private sources, if they cannot be reasonably obtained from a state motor pool. The director may advertise for bids and award contracts in accordance with competitive bidding procedures for items and services as provided in this subchapter for furnishing fuel, oil, grease, and vehicle replacement parts for all state-owned motor vehicles. The director and other state agencies, when advertising for bids for gasoline, shall also seek bids for ethanol blended gasoline.

8A.363 Private use prohibited — rate for state business.

1. A state officer or employee shall not use a state-assigned motor vehicle for personal private use. A state officer or employee shall not be compensated for driving a privately owned motor vehicle unless it is done on state business with the approval of the director. In that case the state officer or employee shall receive an amount to be determined by the

director. The amount shall not exceed the maximum allowable under the federal internal revenue service rules per mile, notwithstanding established mileage requirements or depreciation allowances. However, the director may authorize private motor vehicle rates in excess of the rate allowed under the federal internal revenue service rules for state business use of substantially modified or specially equipped privately owned vehicles required by persons with disabilities. A statutory provision establishing reimbursement for necessary mileage, travel, or actual expenses to a state officer falls under the private motor vehicle mileage rate limitation provided in this section unless specifically provided otherwise. Any peace officer employed by the state as defined in section 801.4 who is required to use a private motor vehicle in the performance of official duties shall receive the private vehicle mileage rate at the rate provided in this section. However, the director may delegate authority to officials of the state, and department heads, for the use of private vehicles on state business up to a yearly mileage figure established by the director. If a motor vehicle has been assigned to a state officer or employee, the officer or employee shall not collect mileage for the use of a privately owned motor vehicle unless the motor vehicle assigned is not usable.

2. This section does not apply to any of the following:

- a. Officials and employees of the state whose mileage is paid other than by a state agency.
- b. Elected officers of the state.
- c. Judicial officers or court employees.

d. Members and employees of the general assembly who shall be governed by policies relating to motor vehicle travel, including but not limited to reimbursement for expenses, if such policies are otherwise established by the general assembly.

1. A fleet management revolving fund is created in the state treasury under the control of the department. There is appropriated from moneys in the state treasury not otherwise appropriated the sum of twenty-five thousand dollars to the revolving fund. All purchases of gasoline, oil, tires, repairs, and all other general expenses incurred in the operation of state-assigned motor vehicles, and all salaries and expenses of employees providing fleet management services shall be paid from this fund.

2. At the end of each month the director shall render a statement to each state department or agency for the actual cost of operation of all motor vehicles assigned to such department or agency, together with a fair proportion of the administrative costs for providing fleet management services during such month, as determined by the director, all subject to review by the executive council upon complaint of any state department or agency adversely affected. Such expenses shall be paid by the state departments or agencies in the same manner as other expenses of such department are paid, and when such expenses are paid, such sums shall be credited to the fleet management revolving fund. If any surplus accrues to the revolving fund in excess of twenty-five thousand dollars for which there is no anticipated need or use, the governor may order such surplus transferred to the general fund of the state.

The director's records shall show the total funds deposited by and credited to each department or agency. At the end of each month, the director shall render a statement to each state department or agency for additions to the fleet and total depreciation credited to that department or agency. Such depreciation expense shall be paid by the state departments or agencies in the same manner as other expenses are paid, and shall be deposited in the depreciation fund to the credit of the department or agency. The funds credited to each department or agency shall remain the property of the department or

agency. However, at the end of each biennium, the director shall cause to revert to the fund from which it accumulated any unassigned depreciation.

2. The department of corrections is not obligated to pay the depreciation expense otherwise required by this section.

b. Existence of adequate personnel in any county within the state where rental and leasing activity can be supported to satisfy the terms of the contract in renting or leasing state-assigned vehicles.

c. Existence of adequate personnel to facilitate the sale and disposition of the existing state-owned passenger vehicles returned to the department pursuant to subsection 3 or otherwise under the control of the department. Notwithstanding the provisions of section 8A.364 to the contrary, proceeds from the sale of motor vehicles as provided by this subsection shall be credited to the fund from which the motor vehicles were purchased.

3. By March 1, 2012, the department shall award a vehicle rental or leasing contract to a private entity, and shall assign passenger vehicles for rental or lease pursuant to that contract, to the extent the department determines doing so would be economically feasible and financially advantageous. By March 1, 2012, all state-assigned passenger vehicles designated for use by multiple drivers, and located in any county of this state which can support the operation of a private entity for rental and leasing purposes, which the department determines would be suitable for rental or leasing shall be returned to the department for use and disposition as provided in this section.

4. Notwithstanding any other provision of state law to the contrary, a private entity awarded a contract pursuant to this section shall not be required to indemnify or hold harmless the state for any liability the state might have to any third party due to the negligence of the state or any of its employees.

5. The department shall conduct an ongoing evaluation regarding the economic advantages of renting or leasing state-assigned vehicles versus state ownership of such vehicles, and shall accordingly adjust the number of vehicles subject to the rental and leasing contract pursuant to this section at intervals specified in the contract.

2. The department, as it relates to the human resources of state government, shall do the following:
- a. Establish and maintain a list of all employees in the executive branch of state government and set forth, as to each employee, the class title, pay, status, and other pertinent data. For employees governed by chapter 262, the director shall work collaboratively with the state board of regents to collect such information.
 - b. Foster and develop, in cooperation with appointing authorities and others, programs for the improvement of employee effectiveness, including training, safety, health, counseling, and welfare.

These officers and employees are not entitled to extra pay for their services, but shall be paid their necessary traveling and other expenses.

 - (b) State government job training programs for disabled veterans that qualify for federal funding from the United States department of veterans affairs.
 - (c) A noncompetitive hiring program for disabled veterans who satisfactorily complete a federally funded job training program approved by the United States department of veterans affairs. The disabled veteran shall have trained in the class of positions for which the disabled veteran is to be noncompetitively appointed.
 - g. (1) (a) Consult with the department of management and discuss and collaborate with executive branch agencies to implement and maintain a policy for incrementally

increasing the aggregate ratio in the number of employees per supervisory employee in executive branch agencies. For purposes of determining the effects of the policy on the state employee workforce, the base date of July 1, 2008, shall be used and the target date for full implementation shall be July 1, 2011. The target aggregate ratio of supervisory employees to other employees shall be as follows:

(i) For the fiscal year beginning July 1, 2010, one to fourteen.

(ii) For the fiscal year beginning July 1, 2011, one to fifteen.

(b) For the purposes of this paragraph "g", "*supervisory employee*" means a public employee who is not a member of a collective bargaining unit and who has authority, in the interest of a public employer, to hire, transfer, suspend, lay off, recall, promote, discharge, assign, reward, or discipline other public employees, to direct such public employees, or to adjust the grievances of such public employees, or to effectively recommend any such action.

(c) In this paragraph "g", executive branch agencies, except the department of public safety, shall not grant a supervisory employee the right to replace or bump a junior employee not being laid off for a position for which the supervisory employee is qualified.

(d) The policy shall allow appropriation units with twenty-eight or fewer full-time equivalent employee positions to apply for an exception to the policy through the executive council. The policy shall allow for exceptions when the supervisory employee ratio is mandated by a federal requirement.

(e) (i) Beginning July 1, 2011, the policy shall allow a director of an executive branch agency who believes that the agency will not be able to reach the applicable target aggregate ratio to apply for a waiver of that requirement through a five-person review board. In applying for a waiver, the director shall provide detailed documentation to the board describing the efforts that the executive branch agency has made in attempting to meet the applicable target aggregate ratio provided in this paragraph "g". The review board shall consist of the director of the department of management or a designee of the director, three agency directors or the designees of those directors as designated by the governor, and one public member selected by the employee organization representing the greatest number of executive branch employees. However, if a department represented on the review board seeks a waiver, the member representing the department shall not participate in the decision on whether to grant a waiver for that department.

(ii) Prior to determining whether to grant a waiver, the review board shall make an initial determination of whether the executive branch agency has provided sufficient information to conduct a review. If not, the review board shall deny the request and notify the executive branch agency of the information needed to consider the request for waiver. 8A.413 State human resource management — rules.

The department shall adopt rules for the administration of this subchapter pursuant to chapter 17A. Rulemaking shall be carried out with due regard to the terms of collective bargaining agreements. A rule shall not supersede a provision of a collective bargaining agreement negotiated under chapter 20. Notwithstanding any provisions to the contrary, a rule or regulation shall not be adopted by the department which would deprive the state of Iowa, or any of its agencies or institutions, of federal grants or other forms of financial assistance. The rules shall provide:

1. For the preparation, maintenance, and revision of a job classification plan that encompasses each job in the executive branch, excluding job classifications under the state board of regents, based upon assigned duties and responsibilities, so that the same general qualifications may reasonably be required for and the same pay plan may be equitably applied to all jobs in the same job classification. The director shall classify the position of every employee in the executive branch, excluding employees of the state board of regents, into one of the classes in the plan. An appointing authority or employee adversely affected by a classification or reclassification decision may file an appeal with the director. Appeals of a classification or reclassification decision shall be exempt from the provisions of section 17A.11 and shall be heard by a committee appointed by the director. The classification or reclassification of a position that would cause the expenditure of additional salary funds shall not become effective if the expenditure of funds would be in excess of the total amount budgeted for the department of the appointing authority until budgetary approval has been obtained from the director of the department of management.

2. For notification of the governor when the public interest requires a decrease or increase of employees in any position or type of employment not otherwise provided by law, or the creation or abolishment of any position or type of employment, as determined by the director, acting in good faith. Thereafter, the position or type of employment shall stand abolished or created and the number of employees therein reduced or increased.

3. For pay plans covering all employees in the executive branch, excluding employees of the state board of regents, after consultation with the governor and appointing authorities, and consistent with the terms of collective bargaining agreements negotiated under chapter 20.

4. For examinations to determine the relative fitness of applicants for employment.

a. Such examinations shall be practical in character and shall relate to such matters as will fairly assess the ability of the applicant to discharge the duties of the position to which appointment is sought.

b. Where the Code of Iowa establishes certification, registration, or licensing provisions, such documents shall be considered prima facie evidence of basic skills accomplishment and such persons shall be exempt from further basic skills examination.

5. For the public announcement of vacancies at least ten days in advance of the date fixed for the filing of applications for the vacancies, and the advertisement of the vacancies through the communications media. The director may, however, in the director's discretion, continue to receive applications and examine candidates for a period adequate to assure a sufficient number of eligibles to meet the needs of the system, and may add the names of successful candidates to existing eligible lists.

6. For an applicant for employment in the executive branch to disclose in the application for employment whether the applicant has filed a registration statement pursuant to the federal Foreign Agents Registration Act of 1938, as amended, 22 U.S.C. §611 et seq.

7. For promotions which shall give appropriate consideration to the applicant's qualifications, record of performance, and conduct. A promotion means a change in the

status of an employee from a position in one class to a position in another class having a higher pay grade.

8. For the establishment of lists for appointment and promotion, upon which lists shall be placed the names of successful candidates.

9. For the rejection of applicants who fail to meet reasonable requirements.

10. For the appointment by the appointing authority of a person on the appropriate list to fill a vacancy.

11. For a probation period of six months, excluding educational or training leave, before appointment may be made complete, and during which period a probationer may be discharged or reduced in class or pay. If the employee's services are unsatisfactory, the employee shall be dropped from the payroll on or before the expiration of the probation period. If satisfactory, the appointment shall be deemed permanent. The determination of the appointing authority shall be final and conclusive.

12. For temporary employment for not more than seven hundred eighty hours in a fiscal year.

13. For provisional employment when there is no appropriate list available. Such provisional employment shall not continue longer than one hundred eighty calendar days.

14. For transfer from a position in one state agency to a similar position in the same state agency or another state agency involving similar qualifications, duties, responsibilities, and salary ranges. Whenever an employee transfers or is transferred from one state agency to another state agency, the employee's seniority rights, any accumulated sick leave, and accumulated vacation time, as provided in the law, shall be transferred to the new place of employment and credited to the employee. Employees who are subject to contracts negotiated under chapter 20 which include transfer provisions shall be governed by the contract provisions.

15. For reinstatement of persons who have attained permanent status and who resign in good standing or who are laid off from their positions without fault or delinquency on their part.

16. For establishing in cooperation with the appointing authorities a performance management system for all employees in the executive branch, excluding employees of the state board of regents, which shall be considered in determining salary increases; as a factor in promotions; as a factor in determining the order of layoffs and in reinstatement; as a factor in demotions, discharges, and transfers; and for the regular evaluation, at least annually, of the qualifications and performance of those employees.

17. For layoffs by reason of lack of funds or work, or reorganization, and for the recall of employees so laid off, giving consideration in layoffs to the employee's performance record and length of service. An employee who has been laid off may be on a recall list for one year, which list shall be exhausted by the organizational unit enforcing the layoff before selection of an employee may be made from the promotional or nonpromotional list in the employee's classification. Employees who are subject to contracts negotiated under chapter 20 which include layoff and recall provisions shall be governed by the contract provisions.

18. For imposition, as a disciplinary measure, of a suspension from service without pay.

19. a. For discharge, suspension, or reduction in job classification or pay grade for any of the following causes:

- (1) Failure to perform assigned duties.
- (2) Inadequacy in performing assigned duties.
- (3) Negligence.
- (4) Inefficiency.
- (5) Incompetence.
- (6) Insubordination.
- (7) Unrehabilitated alcoholism or narcotics addiction.
- (8) Dishonesty.
- (9) Unlawful discrimination.

(10) Failure to maintain a license, certificate, or qualification necessary for a job classification or position.

(11) Any act or conduct which adversely affects the employee's performance or the employing agency.

(12) Any other good cause for discharge, suspension, or reduction.

b. The person discharged, suspended, or reduced shall be given a written statement of the reasons for the discharge, suspension, or reduction within twenty-four hours after the discharge, suspension, or reduction.

c. All persons concerned with the administration of this subchapter shall use their best efforts to ensure that this subchapter and the rules adopted pursuant to this subchapter shall not be a means of protecting or retaining unqualified or unsatisfactory employees, and shall discharge, suspend, or reduce in job classification or pay grade all employees who should be discharged, suspended, or reduced for any of the causes stated in this subsection.

20. For establishment of a uniform plan for resolving employee grievances and complaints. Employees who are subject to contracts negotiated under chapter 20 which include grievance and complaint provisions shall be governed by the contract provisions.

21. For attendance regulations, and special leaves of absence, with or without pay, or reduced pay, in the various classes of positions in the executive branch, excluding positions under the state board of regents.

a. Employees who are subject to contracts negotiated under chapter 20 which include leave of absence provisions shall be governed by the contract provisions.

b. Annual sick leave and vacation time shall be granted in accordance with section 70A.1.

The director shall respond within thirty calendar days following receipt of the third step grievance.

b. If not satisfied, the employee may, within thirty calendar days following the director's response, file an appeal with the public employment relations board. Decisions by the public employment relations board constitute final agency action. The procedure shall only apply when at the discretion of the director it is feasible. The procedure shall meet the following conditions:

a. Before setoff, a person's liability to a public agency and the person's claim on a public agency shall be in the form of a liquidated sum due, owing, and payable.

b. Before setoff, the public agency shall obtain and forward to the collection entity the full name and social security number of the person liable to the public agency or to whom a claim is owing who is a natural person. If the person is not a natural person, before setoff, the

public agency shall forward to the collection entity the information concerning the person as the collection entity shall, by rule, require. The collection entity shall cooperate with other public agencies in the exchange of information relevant to the identification of persons liable to or claimants of public agencies. However, the collection entity shall provide only relevant information required by a public agency. The information shall be held in confidence and used for the purpose of setoff only. Section 422.72, subsection 1, does not apply to this paragraph.

c. Before setoff, a public agency shall, at least annually, submit to the collection entity the information required by paragraph “b” along with the amount of each person’s liability to and the amount of each claim on the public agency. The collection entity may, by rule, require more frequent submissions.

d. Before setoff, the amount of a person’s claim on a public agency and the amount of a person’s liability to a public agency shall constitute a minimum amount set by rule of the collection entity.

e. Upon submission of an allegation of liability by a public agency, the collection entity shall notify the public agency whether the person allegedly liable is entitled to payment from a public agency, and, if so entitled, shall notify the public agency of the amount of the person’s entitlement and of the person’s last address known to the collection entity. Section 422.72, subsection 1, does not apply to this paragraph.

f. (1) Upon notice of entitlement to a payment, the public agency shall send written notification to that person of the public agency’s assertion of its rights to all or a portion of the payment and of the public agency’s entitlement to recover the liability through the setoff procedure, the basis of the assertion, the opportunity to request that a jointly or commonly owned right to payment be divided among owners, and the person’s opportunity to give written notice of intent to contest the amount of the allegation. A public agency shall provide the person with an opportunity to contest the liability. A public agency subject to chapter 17A shall give notice, conduct hearings, and allow appeals in conformity with chapter 17A.

(2) However, upon submission of an allegation of the liability of a person which is owing and payable to the clerk of the district court and upon the determination by the collection entity that the person allegedly liable is entitled to payment from a public agency, the collection entity shall send written notification to the person which states the assertion by the clerk of the district court of rights to all or a portion of the payment, the clerk’s entitlement to recover the liability through the setoff procedure, the basis of the assertions, the person’s opportunity to request within fifteen days of the mailing of the notice that the collection entity divide a jointly or commonly owned right to payment between owners, the opportunity to contest the liability to the clerk by written application to the clerk within fifteen days of the mailing of the notice, and the person’s opportunity to contest the collection entity’s setoff procedure.

g. Upon the timely request of a person liable to a public agency or of the spouse of that person and upon receipt of the full name and social security number of the person’s spouse, a public agency shall notify the collection entity of the request to divide a jointly or commonly owned right to payment. Any jointly or commonly owned right to payment is rebuttably presumed to be owned in equal portions by its joint or common owners.

h. The collection entity shall, after the public agency has sent notice to the person liable or, if the liability is owing and payable to the clerk of the district court, the collection entity has sent notice to the person liable, set off the amount owed to the agency against any amount which a public agency owes that person. The collection entity shall refund any balance of the amount to the person. The collection entity shall periodically transfer amounts set off to the public agencies entitled to them. If a person liable to a public agency gives written notice of intent to contest an allegation, a public agency shall hold a refund or rebate until final disposition of the allegation. Upon completion of the setoff, a public agency shall notify in writing the person who was liable or, if the liability is owing and payable to the clerk of the district court, shall comply with the procedures as provided in paragraph “j”.

i. The department of revenue’s existing right to credit against tax due or to become due under section 422.73 is not to be impaired by a right granted to or a duty imposed upon the collection entity or other public agency by this section. This section is not intended to impose

upon the collection entity or the department of revenue any additional requirement of notice, hearing, or appeal concerning the right to credit against tax due under section 422.73.

j. If the alleged liability is owing and payable to the clerk of the district court and setoff as provided in this section is sought, all of the following shall apply:

(1) The judicial branch shall prescribe procedures to permit a person to contest the amount of the person's liability to the clerk of the district court.

(2) The collection entity shall, except for the procedures described in subparagraph (1), prescribe any other applicable procedures concerning setoff as provided in this subsection.

(3) Upon completion of the setoff, the collection entity shall file, at least monthly, with the clerk of the district court a notice of satisfaction of each obligation to the full extent of all moneys collected in satisfaction of the obligation. The clerk shall record the notice and enter a satisfaction for the amounts collected and a separate written notice is not required.

k. If the alleged liability is owing and payable to a community college and setoff pursuant to this section is sought, both of the following shall apply:

(1) In addition to satisfying other applicable setoff procedures established under this subsection, the community college shall prescribe procedures to permit a person to contest the amount of the person's liability to the community college. Such procedures shall be consistent with and ensure the protection of the person's right of due process under Iowa law.

(2) The collection entity shall, except for the procedures prescribed pursuant to subparagraph (1), prescribe any other applicable procedures concerning setoff as provided in this subsection.

l. If the alleged liability is owing and payable to a school district for school meals and the school district has made reasonable efforts to collect the debt, setoff pursuant to this section may be sought by the school district. However, this paragraph shall not be interpreted to limit any other options for school meal debt collection available to the school district by law.

3. 1. The office shall administer a broadband grant program designed to reduce or eliminate unserved and underserved areas in the state, leveraging federal funds and public and private partnerships where possible, by awarding grants to communications service providers that reduce or eliminate targeted service areas by installing broadband infrastructure that facilitates broadband service in accordance with the following:

a. The broadband infrastructure facilitates broadband service that provides a minimum download speed of one hundred megabits per second and a minimum upload speed of one hundred megabits per second in a targeted service area within which no communications service provider offers or facilitates broadband service that provides download and upload speeds less than or equal to the tier 1 download and upload speeds specified in the definition of targeted service area in section 8B.1.

b. The broadband infrastructure facilitates broadband service that provides a minimum download speed of one hundred megabits per second and a minimum upload speed of one hundred megabits per second in a targeted service area within which no communications service provider offers or facilitates broadband service that provides any of the following:

(1) Download speeds less than or equal to the tier 2 download speed specified in the definition of targeted service area in section 8B.1.

(2) Download speeds less than or equal to the tier 3 download speed specified in the definition of targeted service area in section 8B.1.

2. a. An empower rural Iowa broadband grant fund is established in the state treasury under the authority of the office. The fund shall consist of moneys available to and obtained or accepted by the office. Moneys in the fund are appropriated to the office to be used for the grant program, including for broadband mapping and the administration and operation of the grant program, and for the fiberoptic network conduit installation program established in section 8B.25.

b. The office shall use moneys in the fund to provide grants to communications service

providers pursuant to this section and to lead and coordinate the fiberoptic network conduit installation program pursuant to section 8B.25. The office may use not more than two and one-half percent of the moneys in the fund at the beginning of the fiscal year to pay the costs and expenses associated with the administration and operation of the grant program and the fiberoptic network conduit installation program. The office shall use moneys in the fund to leverage available federal moneys if possible.

c. Notwithstanding section 8.33, moneys in the fund that remain unencumbered or unobligated at the close of the fiscal year shall not revert but shall remain available for expenditure for the purposes designated until three years following the last day of the fiscal year in which the funds were originally appropriated.

d. Notwithstanding paragraph “c” or any provision to the contrary, moneys in the fund that have been awarded but not paid to a communications service provider shall not revert but shall remain available to the office for purposes of administering the award in a manner consistent with the terms and conditions of any corresponding contract or grant agreement governing the administration of the award.

3. Communications service providers may apply to the office for a grant pursuant to this section for the installation of broadband infrastructure that facilitates broadband service in targeted service areas. 4. a. The office shall award grants on a competitive basis for the installation of broadband infrastructure that facilitates broadband service as provided in subsection 3 in targeted service areas after considering the following:

(1) The relative need for broadband infrastructure in the area and the existing broadband service speeds, including whether the project serves a rural area or areas.

(2) The applicant’s total proposed budget for the project, including all of the following:

(a) The amount or percentage of local or federal matching funds, if any, and any funding obligations shared between public and private entities.

(b) The percentage of funding provided directly from the applicant, including whether the applicant requested from the office an amount less than the maximum amount the office could award pursuant to subsection 5 and, if so, the percentage of the project cost that the applicant is requesting.

(3) The relative download and upload speeds of proposed projects for all applicants.

(4) The specific product attributes resulting from the proposed project, including technologies that provide higher qualities of service, such as service levels, latency, and other service attributes as determined by the office.

(5) The percentage of the homes, farms, schools, and businesses in the targeted service area that will be provided access to broadband service.

(6) The proportion of proposed projects that will result in the installation of broadband infrastructure in a targeted service area within which the only broadband service available provides the tier 1 download and upload speeds specified in the definition of targeted service area in section 8B.1.

(7) Other factors the office deems relevant.

b. In considering the factors listed in paragraph “a” for awarding grants pursuant to this section, the office shall afford the greatest weight to the factors described in paragraph “a”, subparagraphs (1) through (3), and subparagraph (6).

5. The total amount of the grants the office awards from the empower rural Iowa broadband grant fund pursuant to this section shall not exceed any of the following amounts:

a. Seventy-five percent of a communications service provider’s project costs for projects that will result in the installation of broadband infrastructure in a targeted service area within which no communications service provider offers or facilitates broadband service

that provides download and upload speeds less than or equal to the tier 1 download and upload speeds specified in the definition of targeted service area in section 8B.1.

b. Fifty percent of a communications service provider's project costs for projects that will result in the installation of broadband infrastructure in a targeted service area within which no communications service provider offers or facilitates broadband service that provides download and upload speeds less than or equal to the tier 2 download and upload speeds specified in the definition of targeted service area in section 8B.1.

c. Thirty-five percent of a communications service provider's project costs for projects that will result in the installation of broadband infrastructure in a targeted service area within which no communications service provider offers or facilitates broadband service that provides download speeds less than or equal to the tier 3 download speed specified in the definition of targeted service area in section 8B.1.

6. Notwithstanding subsections 3 and 5, communications service providers may apply to the office for a grant pursuant to this section for the installation of broadband infrastructure that facilitates broadband service providing a minimum download speed of one hundred megabits per second and a minimum upload speed of twenty megabits per second in targeted service areas pursuant to this subsection. The office shall make available a public internet site identifying all publicly available information contained in the applications and any results of performance testing conducted after the project is completed.

a. The office shall award grants under this subsection on a competitive basis after considering the factors provided in subsection 4 and affording weight to the factors pursuant to subsection 4, paragraph "b".

b. The total amount of the grants the office shall award pursuant to this subsection shall not exceed fifty percent of a communications service provider's project costs for projects that will result in the installation of broadband infrastructure in a targeted service area within which no communications service provider offers or facilitates broadband service that provides download and upload speeds less than or equal to the tier 1 download and upload speeds specified in the definition of targeted service area in section 8B.1.

7. Notwithstanding subsections 5 and 6, at least twenty percent of the total amount of the grants the office awards from the empower rural Iowa broadband grant fund pursuant to this section shall be allocated to projects that will result in the installation of broadband infrastructure in difficult to serve targeted service areas within which no communications service provider offers or facilitates broadband service that provides download and upload speeds less than or equal to the tier 1 download and upload speeds specified in the definition of targeted service area in section 8B.1. For purposes of this subsection, a targeted service area is difficult to serve if the soil conditions, topography, or other local conditions make the installation of broadband infrastructure in the targeted service area more time-consuming or labor-intensive compared to other areas of the state.

8. The office shall provide public notice regarding the application process and receipt of funding.

9. The office may adopt rules pursuant to chapter 17A interpreting this chapter or necessary for administering this chapter, including but not limited to rules relating to the broadband grant program process, management, and measurements as deemed necessary by the office.

(3) The office shall enter into an agreement with a vendor who is the lowest responsible bidder which meets the specifications or description of the information technology to be procured, or the office may reject all bids and begin the process again. In determining the lowest responsible bidder, the office may consider various factors including but not limited to the past performance of the vendor relative to quality of product or service, the past

experience of the office in relation to the product or service, the relative quality of products or services, the proposed terms of delivery, and the best interest of the state.

e. Competitive bidding. The office may enter into an agreement for the procurement or acquisition of information technology in the same manner as provided under chapter 8A, subchapter III, for the purchasing of service.

f. Other agreement. In addition to the competitive bidding procedure provided for under paragraph “e”, the office may enter into an agreement for the purchase, disposal, or other disposition of information technology in the same manner and subject to the same limitations as otherwise provided in this chapter. The office, by rule, shall provide for such procedures.

6. The office shall adopt rules pursuant to chapter 17A to implement the procurement methods and procedures provided for in subsections 2 through 5.

8B.25 Fiberoptic network conduit installation program.

1. For purposes of this section:

a. “Fiberoptic network conduit” means a pipe, vault, or duct used to enclose fiberoptic cable facilities buried alongside a roadway or surface mounted on a bridge, overpass, or other facility where placement below ground is impossible or impractical. “Fiberoptic network conduit” does not include electronics or cable.

b. “Public funding” does not include a tax exemption authorized under section 427.1, subsection 40.

c. “Where such conduit does not exist” means that private or publicly owned fiberoptic cable is not currently within a linear range of five hundred feet or less in any one direction.

2. The office shall lead and coordinate a program to provide for the installation of fiberoptic network conduit where such conduit does not exist. The chief information officer shall consult and coordinate with applicable agencies and entities, including public utilities as defined in section 476.1, the state department of transportation, the economic development authority, county boards of supervisors, municipal governing bodies, the farm-to-market review board, county conservation boards, and the boards, commissions, or agencies in control of state parks, as determined appropriate to ensure that the opportunity is provided to lay or install fiberoptic network conduit wherever a state-funded construction project involves trenching, boring, a bridge, a roadway, or opening of the ground, or alongside any state-owned infrastructure.

3. Contingent upon the provision of funding for such purposes by the general assembly, the office may contract with a nongovernmental third party to manage, lease, install, or otherwise provide fiberoptic network conduit access for projects described in this section. This section does not require coordination with or approval from the office pursuant to this program or installation of fiberoptic conduit as required by this section for construction projects not using public funding.

8C.2 Definitions.

For the purposes of this chapter, unless the context otherwise requires:

1. “*Applicant*” means any person engaged in the business of providing wireless telecommunications services or the wireless telecommunications infrastructure required for wireless telecommunications services and who submits an application.

2. “*Application*” means a request submitted by an applicant to an authority to construct a new tower, for the initial placement of transmission equipment on a wireless support structure, for the modification of an existing tower or existing base station that constitutes a substantial change to an existing tower or existing base station, or any other request to construct or place transmission equipment that does not meet the definition of an eligible facilities request.

3. “*Authority*”, used as a noun, means a state, county, or city governing body, board, agency, office, or commission authorized by law to make legislative, quasi-judicial, or

administrative decisions relative to an application. “*Authority*” does not include any of the following:

a. State courts having jurisdiction over land use, planning, or zoning decisions made by an authority.

b. The utilities division of the department of commerce.

c. Any entities, including municipally owned utilities established under or governed by Title IX, subtitle 4 of the Code, that do not have zoning or permitting jurisdiction.

4. a. “*Base station*” means a structure or equipment at a fixed location that enables wireless communications licensed by the federal communications commission or authorized wireless communications between user equipment and a communications network.

b. “*Base station*” does not mean a tower or equipment associated with a tower.

c. “*Base station*” includes but is not limited to equipment associated with wireless communications services such as private, broadcast, and public safety services and unlicensed wireless services and fixed wireless services such as microwave backhaul.

d. “*Base station*” includes but is not limited to radio transceivers, antennas, coaxial or fiberoptic cable, regular and backup power supplies, and comparable equipment, regardless of technological configuration.

e. “*Base station*” includes a structure other than a tower that, at the time the relevant application is filed with the state or local government, supports or houses equipment described in this subsection that has been reviewed and approved under the applicable zoning or siting process, or under another state or local regulatory review process, even if the structure was not built for the sole or primary purpose of providing such support.

f. “*Base station*” does not include any structure that at the time the relevant application is filed with the state or local government does not support or house equipment described in this subsection.

5. “*Collocation*” means the mounting or installation of additional transmission equipment on a support structure already in use for the purpose of transmitting or receiving radio frequency signals for communications purposes.

6. “*Electric utility*” means any owner or operator of electric transmission or distribution facilities subject to the regulation and enforcement activities of the Iowa utilities board relating to safety standards.

7. “*Eligible facilities request*” means a request for modification of an existing tower or base station that does not substantially change the physical dimensions of the tower or base station and involves collocation of new transmission equipment, the removal of transmission equipment, or the replacement of transmission equipment.

8. “*Existing tower*” or “*existing base station*” means a tower or base station that has been reviewed and approved under the applicable zoning or siting process, or under another state or local regulatory review process. “*Existing tower*” includes a tower that was not reviewed and approved because it was not in a zoned area when it was built and lawfully constructed.

9. “*Initial placement or installation*” means the first time transmission equipment is placed or installed on a wireless support structure.

10. “*Micro wireless facility*” means a small wireless facility with dimensions no larger than twenty-four inches in length, fifteen inches in width, and twelve inches in height and that has an exterior antenna, if any, that is no more than eleven inches in length.

11. a. “*Site*”, in relation to a tower that is not in the public right-of-way, means the current boundaries of the leased or owned property surrounding the tower and any access or utility easements currently related to the site.

b. “*Site*”, in relation to support structures other than towers, means an area in proximity to the structure and to other transmission equipment already deployed on the ground.

12. a. “*Small wireless facility*” means a wireless facility that meets the following requirements:

(1) Each antenna is no more than six cubic feet in volume.

(2) (a) All other equipment associated with the small wireless facility is cumulatively no more than twenty-eight cubic feet in volume.

(b) For purposes of this subparagraph, volume shall be measured by the external displacement of the primary equipment enclosure, not the internal volume of such

enclosure. An associated electric meter, concealment, telecommunications demarcation box, ground-based enclosures, battery backup power systems, grounding equipment, power transfer switch, cutoff switch, cable, conduit, and any equipment that is concealed from public view within or behind an existing structure or concealment may be located outside of the primary equipment enclosure and shall not be included in the calculation of the equipment volume.

b. “*Small wireless facility*” includes a micro wireless facility as defined in subsection 10.

c. “*Small wireless facility*” does not include any structure that supports or houses equipment described in this subsection.

13. “*Substantial change*” means a change in the existing support structure which results in one or more of the following:

a. (1) Increase in the height of a tower, other than a tower in the public right-of-way, by more than ten percent or by the height of one additional antenna array with separation from the nearest existing antenna not to exceed twenty feet, whichever is greater.

(2) Increase in the height of existing support structures, other than a tower in subparagraph (1), by more than ten percent or more than ten feet, whichever is greater.

(3) Height shall be measured from the original support structure in cases where deployments are or will be separated horizontally, such as on buildings’ rooftops. Otherwise, height shall be measured from the dimensions of the tower or base station, inclusive of originally approved appurtenances and any modifications that were approved prior to the passage of the Spectrum Act, Pub. L. No. 112-96, Tit. VI.

b. (1) Addition of an appurtenance to the body of the tower, other than a tower in the public right-of-way, that would protrude from the edge of the tower more than twenty feet, or more than the width of the tower structure at the level of the appurtenance, whichever is greater.

(2) Addition of an appurtenance to an existing support structure, other than a tower under subparagraph (1), that would protrude from the edge of the structure by more than six feet.

c. (1) Installation of more than the standard number of new equipment cabinets for the technology involved, but not to exceed four cabinets.

(2) Installation of any new equipment cabinets on the ground if there are no preexisting ground cabinets associated with the tower in the public right-of-way or base station.

(3) Installation of ground cabinets that are more than ten percent larger in height or overall volume than any other ground cabinets associated with a tower in the public right-of-way or base station.

d. Excavation or deployment outside the current site.

e. Defeat of concealment elements of the existing support structure.

f. Noncompliance with conditions associated with the siting approval of the construction or modification of the existing support structure or base station equipment, except if the change is noncompliant only in a manner that does not exceed the thresholds identified in paragraphs “a” through “d”.

14. “*Tower*” means a structure built for the sole or primary purpose of supporting an antenna and the associated facilities authorized or licensed by the federal communications commission. “*Tower*” includes structures constructed for wireless communications services, including but not limited to private, broadcast, and public safety services and unlicensed wireless services and fixed wireless services, such as microwave backhaul, and the associated site.

15. “*Transmission equipment*” means equipment that facilitates transmission for a wireless communications service licensed or authorized by the federal communications commission, including but not limited to radio transceivers, antennas, coaxial or fiberoptic cable, and regular and backup power supply. “*Transmission equipment*” includes equipment associated with wireless communications services, including but not limited to private, broadcast, and public safety services, such as wireless local area network services and services utilizing a set of specifications developed by the institute of electrical and electronics engineers for interface between a wireless client and a base station or between two wireless clients, as well as unlicensed wireless services and fixed wireless services, such as microwave backhaul.

16. “*Utility pole*” means a pole or similar structure owned or utilized in whole or in part by a public utility, municipality, wireless service provider, or electric utility that is designed specifically for and used to carry lines, cable, transmission equipment, or wires for telephone, wireless service, cable television, or electricity service, or for lighting, the vertical portion of support structures for traffic control signals or devices, signage, information kiosks, or other similar functions.

17. “*Wireless facility*” means equipment at a fixed location that enables the transmission of wireless communications or information of any kind between user equipment and a communications network, except that “*wireless facility*” does not include coaxial or fiberoptic cable that is not immediately adjacent to, or directly associated with, a particular antenna.

18. “*Wireless service*” means any fixed or mobile service using licensed or unlicensed wireless spectrum and provided using a wireless facility.

8C.3 Uniform rules and limitations — applications.

In order to ensure uniformity across this state with respect to the consideration of every application, and notwithstanding any other provision to the contrary, an authority shall not do any of the following:

1. Require an applicant to submit information about, or evaluate an applicant’s business decisions with respect to, the applicant’s designed service, customer demand for service, or quality of the applicant’s service to or from a particular area or site, but may require propagation maps solely for the purpose of identifying the location of the coverage or capacity gap or need for applications for new towers in an area zoned residential.

2. a. Evaluate an application based on the availability of other potential locations for the placement or construction of a tower or transmission equipment.

b. Require the applicant to establish other options for collocation instead of the construction of a new tower or modification of an existing tower or existing base station that constitutes a substantial change to an existing tower or existing base station.

c. Notwithstanding paragraph “b”, an authority shall require an applicant applying for the construction of a new tower to provide an explanation regarding the reason for choosing the proposed location and the reason the applicant did not choose collocation. The explanation shall include a sworn statement from an individual who has responsibility over placement of the tower attesting that collocation within the area determined by the applicant to meet the applicant’s radio frequency engineering requirements for the placement of a site would not result in the same mobile service functionality, coverage, and capacity, is technically infeasible, or is economically burdensome to the applicant.

3. Dictate the type of transmission equipment or technology to be used by the applicant or discriminate between different types of infrastructure or technology.

4. a. Require the removal of existing towers, base stations, or transmission equipment, wherever located, as a condition to approval of an application.

b. Notwithstanding paragraph “a”, the authority may adopt reasonable rules regarding removal of abandoned towers or transmission equipment.

5. Impose environmental testing, sampling, or monitoring requirements, or other compliance measures, for radio frequency emissions from transmission equipment that are categorically excluded under the federal communications commission’s rules for radio frequency emissions pursuant to 47 C.F.R. §1.1307(b)(1).

6. Establish or enforce regulations or procedures for radio frequency signal strength or the adequacy of service quality.

7. Reject an application, in whole or in part, based on perceived or alleged environmental effects of radio frequency emissions, as provided in 47 U.S.C. §332(c)(7)(B)(iv).

8. Prohibit the placement of emergency power systems that comply with federal and state environmental requirements.

9. Charge an application fee, consulting fee, or other fee associated with the submission, review, processing, or approval of an application, unless the fee charged is in compliance with this section. Fees imposed by an authority or by a third-party entity providing review or technical consultation to the authority shall be based on actual, direct, and reasonable administrative costs incurred for the review, processing, and approval of an application. In no case shall total charges and fees exceed five hundred dollars for an eligible facilities request or three thousand dollars for an application for a new tower, for the initial placement or installation of transmission equipment on a wireless support structure, for a modification of an existing tower or existing base station that constitutes a substantial change to an existing tower or base station, or any other application to construct or place transmission equipment that does not constitute an eligible facilities request. An authority or any third-party entity shall not include within its charges any travel expenses incurred in the review of an application for more than one trip to the authority's jurisdiction, and an applicant shall not be required to pay or reimburse an authority for consultant or other third-party fees based on a contingency-based or result-based arrangement.

10. Impose surety requirements, including bonds, escrow deposits, letters of credit, or any other type of financial surety, to ensure that abandoned or unused towers or transmission equipment can be removed, unless requirements are competitively neutral, nondiscriminatory, reasonable in amount, and commensurate with the historical record for local facilities and structures that are abandoned.

11. Condition the approval of an application on the applicant's agreement to provide space on or near the tower, base station, or wireless support structure for authority or local governmental or nongovernmental services at less than the market rate for such space or to provide other services via the structure or facilities at less than the market rate for such services.

12. Limit the duration of the approval of an application, except that construction of the approved structure or facilities shall be commenced within two years of final approval, including the disposition of any appeals, and diligently pursued to completion.

13. Discriminate on the basis of the ownership, including ownership by the authority, of any property, structure, or tower when promulgating rules or procedures for siting wireless facilities or for evaluating applications.

8C.4 Uniform rules — new tower applications.

1. An authority may exercise zoning, land use, planning, and permitting authority within the authority's territorial boundaries with regard to the siting of new towers, subject to the provisions of this chapter and federal law.

2. An applicant that proposes to construct a new tower within the jurisdiction of an authority that has adopted planning and zoning regulations shall submit the necessary copies and attachments of the application to the appropriate authority and comply with applicable local ordinances concerning land use and the appropriate permitting processes.

3. All records, documents, and electronic data in the possession or custody of authority personnel are subject to chapter 22. Disclosure of such records shall be consistent with applicable state law.

4. An authority, within one hundred fifty calendar days of receiving an application to construct a new tower, unless another date is specified in a written agreement between the authority and the applicant, shall comply with the following provisions:

a. Review the application for conformity with applicable local zoning regulations, building permit requirements, and consistency with this chapter. An application is deemed to be complete unless the authority notifies the applicant in writing, within thirty calendar

days of submission of the application, specifying the deficiencies in the application which, if cured, would make the application complete. The authority's timeframe to review the application is tolled beginning the date the notice is sent. The authority's timeframe of one hundred fifty days for review of the application begins running again when the applicant cures the specified deficiencies. Following the applicant's supplemental submission, the authority has ten days to notify the applicant that the supplemental submission did not provide the information identified in the original notice that specified deficiencies in the application. The authority's timeframe of one hundred fifty days to review the application is tolled in the case of second or subsequent notices in conformance with this paragraph. The authority shall not include deficiencies in a second or subsequent notice that were not delineated in the original notice. The authority's timeframe for review does not toll if the authority requests information regarding any of the considerations an authority may not consider as described in section 8C.3.

b. Make its final decision to approve or disapprove the application.

c. Advise the applicant in writing of its final decision.

5. If the authority fails to act on an application to construct a new tower within the timeframe for review specified under subsection 4, the application shall be deemed approved.

6. A party aggrieved by the final action of an authority, either by its affirmative disapproval of an application under the provisions of this section or by its inaction, may bring an action for review in any court of competent jurisdiction.

2015 Acts, ch 120, §4, 10

8C.5 Uniform rules for certain changes.

1. An authority may exercise zoning, land use, planning, and permitting authority within the authority's territorial boundaries with regard to an application for initial placement or installation of transmission equipment on wireless support structures, for modification of an existing tower or existing base station that constitutes a substantial change, or for a request for construction or placement of transmission equipment that does not constitute an eligible facilities request, subject to the provisions of this chapter and federal law.

2. An applicant that proposes an initial placement or installation of transmission equipment on wireless support structures, a modification of an existing tower or existing base station that constitutes a substantial change, or a request for construction or placement of transmission equipment that does not constitute an eligible facilities request, within the jurisdiction of an authority that has adopted planning and zoning ordinances, rules, or regulations shall submit the necessary copies and attachments of the application to the authority and comply with such applicable local ordinances, rules, or regulations concerning land use and zoning and the appropriate local permitting processes.

3. All records, including but not limited to documents and electronic data, in the possession or custody of authority personnel are subject to chapter 22. Disclosure of such records shall be consistent with applicable state law.

4. An authority, within ninety calendar days of receiving an application pursuant to subsection 2, unless another date is specified in a written agreement between the authority and the applicant, shall comply with the following provisions:

a. Review the application for conformity with applicable local zoning ordinances, rules, or regulations, building permit requirements, and consistency with this chapter. An application is deemed to be complete unless the authority notifies the applicant in writing, within thirty calendar days of submission of the application, specifying the deficiencies in the application which, if cured, would make the application complete. The authority's timeframe for review is tolled beginning the date the notice is sent. The authority's ninety-day timeframe for review of the application begins running again when the applicant cures the specified deficiencies. Following the applicant's supplemental submission, the authority has ten days to notify the applicant that the supplemental submission did not provide the information identified in the original notice that specified deficiencies. The authority's ninety-day timeframe to review the application is tolled in the case of second or subsequent notices in conformance with this paragraph. The authority shall not include deficiencies in a second or subsequent notice that were not delineated in the original notice. The authority's ninety-day timeframe for review

does not toll if the authority requests information regarding any of the considerations an authority may not consider as described in section 8C.3.

- b. Make its final decision to approve or disapprove the application.
- c. Advise the applicant in writing of its final decision.

5. If the authority fails to act on an application for an initial placement or installation of transmission equipment on wireless support structures, for a modification of an existing tower or existing base station that constitutes a substantial change, or for a request for construction or placement of transmission equipment that does not constitute an eligible facilities request within the review period specified under subsection 4, the application shall be deemed approved.

6. A party aggrieved by the final action of an authority, either by its affirmative disapproval of an application under the provisions of this section or by its inaction, may bring an action for review in any court of competent jurisdiction.

2015 Acts, ch 120, §5, 10

8C.6 Use of public lands for towers and transmission equipment.

1. In accordance with other applicable laws, when entering into a lease with an applicant for the applicant's use of public lands, an authority shall offer the market rate value for use of that land. The term of the lease shall be for at least twenty years, but all or a portion of the land may be subject to release for public purposes after fifteen years.

2. a. If the authority and the applicant cannot agree on the process to derive the market rate, the appraisals of a three-person panel of appraisers shall determine the market rate. Each party will appoint one appraiser and the two appointed appraisers shall select a third appraiser. Each appraiser shall independently appraise the appropriate market rate for lease of the land. The market rate shall be set at the median value between the highest and lowest market rates determined by the three independent appraisers. However, if the median between the appraisals of the appraisers appointed by each party is greater than or less than ten percent of the appraisal of the appraiser selected by the two appraisers, then the appraisal of the appraiser selected by the two appraisers shall determine the rate for the lease. Each appraiser shall send a copy of the appraisal to the authority and the applicant. The authority shall use the appraisal process under this paragraph to determine the lease rate for purposes of this subsection.

b. An authority shall approve or reject the lease rate as determined by the appraisal process pursuant to paragraph "a" within fifteen days following completion and receipt of the appraisals obtained pursuant to paragraph "a". The authority's failure to reject the lease rate as determined by the appraisal process within fifteen days constitutes approval of the lease rate determined pursuant to paragraph "a" as the market rate value for the use of the land for purposes of the lease between the authority and the applicant.

c. The authority and applicant shall conclude the appraisal process within one hundred fifty calendar days from the date the applicant first offered a proposed lease rate to the authority.

d. If using the three-person panel, each party shall bear the cost of its own appointed appraiser and equally share the cost of the third appraiser.

2015 Acts, ch 120, §6, 10

8C.7 Utility poles.

Notwithstanding any provision to the contrary, an authority shall not mandate, require, or regulate the installation, location, or use of transmission equipment on a utility pole.

2015 Acts, ch 120, §7, 10

8C.7A Uniform rules for small wireless facilities — permit approval.

1. a. Except as provided in this section, an authority shall not prohibit or restrict the siting of a small wireless facility.

b. For purposes of this section, "siting" means the mounting, installation, maintenance, modification, operation, or replacement of a small wireless facility on or adjacent to any of the following:

- (1) An existing tower, utility pole, wireless support structure, or other existing structure.
 - (2) A new utility pole of a similar height and appearance as an existing utility pole and which is located within a five-hundred-foot radius of the existing utility pole.
 - (3) A replacement utility pole of a similar height and appearance as an existing utility pole and which is located within a five-hundred-foot radius of the existing utility pole.
2. a. An authority that has adopted planning and zoning regulations shall authorize the siting of a small wireless facility within its jurisdiction and shall not require a person to obtain a special or conditional land use permit for any of the following:
 - (1) For siting the small wireless facility in a public right-of-way or on an authority structure located outside of a public right-of-way to the extent that such structure is already in use as a wireless support structure by supporting non-authority communications equipment that involve external attachments, provided that such structure is not listed on the national register of historic places.
 - (2) For siting the small wireless facility on an existing tower, utility pole, or wireless support structure, regardless of the location, except for on property zoned and used exclusively for single-family residential use or within a previously designated area of historical significance pursuant to section 303.34.
 - b. A small wireless facility may be classified as a special or conditional land use where such small wireless facility is not sited in a manner as provided in paragraph "a".
 - c. A person may install a new utility pole or wireless support structure in a public right-of-way subject to the provisions of this section. An authority may reasonably limit the number of new utility poles or wireless support structures, consistent with the protection of public health, safety, and welfare, and provided that such limitation does not have the effect of prohibiting or significantly impairing a wireless service provider's ability to provide wireless service within the area of a proposed new structure. However, an authority may require a person to obtain a special or conditional land use permit to install a new utility pole or wireless support structure for the siting of a small wireless facility on property zoned and used exclusively for single-family residential use or within a previously designated area of historical significance pursuant to section 303.34.
3. a. (1) An authority may require a person to obtain a building, electrical, or public right-of-way use permit for the siting of a small wireless facility to the extent that such permit is of general applicability and does not deny access to site the small wireless facility in a public right-of-way. Notwithstanding this paragraph, an authority shall not require a person to obtain a permit for the routine maintenance of a previously approved small wireless facility or the replacement of a previously approved small wireless facility with a facility of substantially similar height, weight, and wind and structural loading, provided, however, that an authority may require a person to obtain a permit to work in a public right-of-way or on an authority structure located outside of a public right-of-way with the same terms and conditions provided for other commercial projects or uses in the public right-of-way or on the authority structure.
 - (2) (a) Except as provided in subparagraph divisions (b) and (c), an authority shall not impose any fee or require any application or permit for the installation, placement, operation, maintenance, or replacement of a micro wireless facility that is suspended on operator-owned cables or lines that are strung between existing utility poles in compliance with national safety codes.
 - (b) An authority that has adopted a municipal or county code on or before July 1, 2017, which requires an application or permit for the installation, placement, operation, maintenance, or replacement of a micro wireless facility may continue the application or permit requirement subsequent to July 1, 2017.
 - (c) (i) An authority may require a single-use right-of-way permit for the installation, placement, operation, maintenance, or replacement of a micro wireless facility if any of the following conditions apply:
 - (A) The work is contained within a highway lane or requires the closure of a highway lane.
 - (B) The work disturbs the pavement, shoulder, ditch, or operation of a highway.

(C) The work involves placement of a micro wireless facility on a limited access right-of-way.

(D) The work requires any specific precautions to ensure the safety of the traveling public or the protection or operation of public infrastructure and such work was not authorized in, or will not be conducted in, the same time, place, or manner that is consistent with the approved terms of the existing permit for the facility or structure upon which the micro wireless facility is attached.

(ii) For purposes of this subparagraph division, “highway” means the same as defined in section 325A.1.

b. An authority shall not require a person to apply for or enter into an individual license, franchise, or other agreement with the authority or any other entity for the siting of a small wireless facility on a utility pole located in a public right-of-way. However, an authority may, through the conditions set forth in a permit obtained pursuant to this subsection, do any of the following:

(1) Establish nondiscriminatory, competitively neutral and commercially reasonable rates, terms, and conditions for such siting, which rates, terms, and conditions shall comply with the federal pole attachment requirements provided in 47 U.S.C. §224 and any regulations promulgated thereunder.

(2) Require compliance with the Iowa electrical safety code, the national electrical safety code, applicable fire safety codes, and any building code or similar code of general applicability for the protection of the public health, safety, or welfare that was adopted by an authority prior to the filing of the application.

(3) Require that a small wireless facility reasonably match the aesthetics of an existing utility pole or wireless support structure that incorporates decorative elements.

(4) Require compliance with section 306.46, subsection 1, and section 306.47.

(5) Require that after the construction of a small wireless facility or new utility pole is completed in accordance with all conditions under which the permit is granted, which conditions shall be consistent with this section, the owner of the small wireless facility or new utility pole, or the owner’s successor in interest, shall maintain the small wireless facility or new utility pole at the expense of the owner or successor and if the authority subsequently undertakes any maintenance, public improvement project, or reconstruction of authority property or equipment which requires the modification, relocation, or reconstruction of the small wireless facility or new utility pole, such work and the costs thereof shall be the responsibility of the owner or successor. If the project necessitating the modification, relocation, or reconstruction of the small wireless facility or new utility pole is for a private commercial purpose, the authority may require the owner or successor to modify, relocate, or reconstruct the small wireless facility or new utility pole upon prepayment of the costs of such work by the private commercial entity whose project facilitates the need for such work. For purposes of this subparagraph, “new utility pole” means a new utility pole installed by a wireless service provider pursuant to this section solely for use as a wireless support structure and that is owned by the wireless service provider.

c. Beginning with applications filed on or after September 1, 2017, an authority shall accept an application for, process, and issue a permit under this subsection as follows:

(1) An applicant shall not be required to provide more information or pay a higher application fee, consulting fee, or other fee associated with the processing or issuance of a permit than the amount charged to a telecommunications service provider that is not a wireless service provider. The total amount of fees for processing or issuing a permit, including any fees charged by third parties, shall not exceed five hundred dollars for an application addressing no more than five small wireless facilities, and an additional fifty dollars for each small wireless facility addressed in an application in excess of five small wireless facilities. An applicant shall not be required to pay any additional fees or perform any services relating to the acceptance, processing, or issuance of a permit, nor provide any services unrelated to the siting of the small wireless facility or of a new, replacement, or modified utility pole on which a small wireless facility is sited. For purposes of this subparagraph, engineering and structural review are deemed to be related to the permitting of a small wireless facility. The total amount of fees shall be adjusted every five years to

reflect any increases or decreases in the consumer price index, rounded to the nearest five dollars.

(2) An authority shall approve or deny a permit application within ninety days following the submission of a completed application. Except as provided herein, an application shall be deemed approved if the authority fails to approve or deny the application within ninety days following the submission of a completed application. This period of time for the processing of an application may be extended upon mutual written agreement between the authority and the applicant. An applicant may address up to twenty-five small wireless facilities in a single application, provided, however, that a single application may only address small wireless facilities within a single two-mile radius consisting of substantially similar equipment to be placed on substantially similar types of wireless support structures or utility poles. In rendering a decision on an application addressing more than one small wireless facility, an authority may approve the application as to certain individual small wireless facilities while denying it as to others. An authority's denial of an individual small wireless facility or subset of small wireless facilities within an application is not a basis to deny the application as a whole. If an authority receives applications for the approval of more than seventy-five small wireless facilities within a single seven-day period, whether from a single applicant or from multiple applicants, the authority may notify an applicant submitting any additional siting applications during that seven-day period that the authority is invoking its right to an automatic thirty-day extension for any additional siting application submitted during that seven-day period.

(3) (a) An authority may only deny a completed application if any of the following apply:

(i) The application fails to include reasonable information required by the authority and in accordance with this subsection.

(ii) The application does not comply with the Iowa electrical safety code, the national electrical safety code, applicable fire safety codes, or any building code or similar code of general applicability for the protection of the public health, safety, or welfare that was adopted by an authority prior to the filing of the application.

(iii) The application would result in the authority being noncompliant with the federal Americans With Disabilities Act.

(iv) (A) A licensed engineer selected by the applicant or the authority certifies that siting the small wireless facility as proposed would compromise the structural safety of, or preclude the essential purpose of, the utility pole or wireless support structure in the public right-of-way on which it is proposed to be sited and any of the following conditions apply:

(I) The applicant fails to redesign the small wireless facility in a manner determined necessary by the engineer to make the existing utility pole or wireless support structure structurally sound for the siting of the small wireless facility.

(II) The applicant fails to modify the utility pole or wireless support structure to make the structure structurally sound for the siting of the small wireless facility.

(III) The applicant fails to replace the utility pole or wireless support structure with a utility pole or wireless support structure that is structurally sound for the siting of the small wireless facility.

(IV) The applicant fails to propose an alternative location for the siting of the small wireless facility.

(B) If an applicant chooses to modify or replace a utility pole or wireless support structure to make the structure structurally sound for the siting of a small wireless facility, the applicant shall pay or advance to the authority the costs of modifying or replacing the utility pole or wireless support structure with a utility pole or wireless support structure that would safely support the small wireless facility and preserve the essential purpose of the utility pole or wireless support structure.

(v) The application seeks approval of a new small wireless facility, utility pole, or wireless support structure that would impair, interfere with, or preclude the safe and effective use of facilities already located in the public right-of-way for pedestrian, vehicular, utility, or other authority public right-of-way purposes.

(vi) The application seeks approval for the siting of a small wireless facility outside the

public right-of-way that would impair, interfere with, or preclude the safe and effective use of an authority structure or property for a public purpose.

(vii) The application seeks approval for the siting of a small wireless facility on a wireless support structure used exclusively for emergency communications equipment.

(viii) The application seeks approval for the siting of a small wireless facility on a utility pole that is the vertical portion of a support structure for a traffic control signal or device, and the authority determines that the utility pole lacks sufficient space or load capacity for the proposed siting or the small wireless facility cannot be sited on the utility pole without impairing the public health, safety, or welfare.

(b) An authority denying an application shall document the basis for the denial, including the specific code provisions or standards on which the denial is based, and provide the applicant with such documentation on or before the date the application is denied.

(c) An applicant whose application is denied shall have an opportunity to cure any deficiencies identified by the authority as the basis for the denial and to submit a revised application within thirty days following the date of denial without paying an additional fee. The authority shall approve or deny a revised application within thirty days following submission. The authority shall not identify any deficiencies in a second or subsequent denial that were not identified in the original denial.

(4) An authority shall not limit the duration of a permit issued for the siting of a small wireless facility in a public right-of-way pursuant to this subsection, and shall not limit the duration of a permit issued for the siting of a small wireless facility on an authority structure located outside of a public right-of-way to any period less than ten years, with one automatic five-year renewal, provided, however, that the owner of the small wireless facility may terminate the permit upon providing ninety days' notice to the authority. The construction of a small wireless facility permitted pursuant to this subsection shall commence no later than two years following the date that the permit is issued, or two years after any appeals are exhausted.

(5) An authority shall not impose a moratorium on the processing or issuance of permits under this subsection.

(6) An authority shall process and issue permits on a nondiscriminatory basis. An authority shall receive an application for, process, and issue a permit for the siting of a small wireless facility in a manner substantially comparable to the permitting of other applicants within the jurisdiction of the authority, and may not impose discriminatory licensing standards for persons siting small wireless facilities.

4. The annual recurring rate charged by an authority for the siting of a small wireless facility on an authority utility pole shall not exceed the rate computed by the federal communications commission for telecommunications pole attachments in 47 C.F.R. §1.1409(e)(2).

5. a. An authority shall authorize the siting of a small wireless facility on an authority structure located outside of a public right-of-way to the same extent the authority authorizes access to such structures for other non-authority communications equipment that involve external attachments, and may authorize the siting even if the authority has not previously permitted such access.

b. A siting authorized under this subsection shall be subject to reasonable rates, terms, and conditions as provided in one or more agreements between the authority and the wireless service provider. Notwithstanding chapter 480A, the annual recurring rate for such siting as charged by an authority shall not exceed the lesser of the following:

(1) The amount charged for a similar commercial project or use to occupy a similar area of space on similarly situated property.

(2) The projected cost to the authority resulting from the siting.

6. A party aggrieved by the final action of an authority, either by its affirmative action on a permit, term or condition, or rate under the provisions of this section or by its inaction, may bring an action for review in any court of competent jurisdiction, except that if the final action of the authority was the denial of a conditional or special use permit pursuant to this section, the party must first seek review under section 335.13 or 414.10, as applicable.

7. This section only addresses an authority's approval of zoning and building permits and

the rates for the use of public rights-of-way and authority structures. This section shall not modify the rights and obligations of a nonauthority owner of a utility pole or a municipal utility that owns a utility pole, under 47 C.F.R. §1.1401 et seq., and the Iowa electrical safety code.

Section not amended; editorial change applied

8C.7B Small wireless facilities — violation and removal.

1. A public utility that owns or controls a utility pole on which a small wireless facility is sited in alleged violation of this chapter or the Iowa electrical safety code shall notify the owner of the small wireless facility of the alleged violation, in writing or by any other method agreed upon by the parties in writing. The notice shall include the following information:

- a. The address and location where the alleged violation occurred.
- b. A description of the alleged violation.
- c. Suggested corrective action.

2. Upon the receipt of notice of an alleged violation, the recipient of such notice shall respond to the public utility within sixty days in writing or by any other method agreed upon by the parties in writing. The response shall include the following information:

- a. A statement disclosing whether or not the recipient of the notice is the owner of the small wireless facility at issue.
- b. A statement disclosing that the owner disputes that the alleged violation has occurred, if applicable.
- c. A plan for corrective action if the owner does not dispute that the violation has occurred.
- d. A statement disclosing whether the violation has been corrected, if the owner does not dispute that the violation has occurred.

3. The owner of a small wireless facility in alleged violation of this chapter or the Iowa electrical safety code shall correct the alleged violation within one hundred eighty days after receiving notice of the violation unless, for good cause shown, a delay for taking corrective action is appropriate or if the parties otherwise agree in writing to extend the time required to take corrective action. Good cause for a delay in corrective action shall include but is not limited to a dispute over whether the recipient of the notice is the owner of the small wireless facility at issue, a dispute over whether the alleged violation has occurred, or if taking corrective action within the required time frame is not possible due to circumstances which are beyond the control of the owner of the small wireless facility. The public utility and owner of the small wireless facility shall cooperate in determining an efficient and cost-effective solution to correct an alleged violation.

4. a. Notwithstanding subsections 1 through 3, in the event of an emergency, an authority or public utility shall contact the owner of the small wireless facility at issue and provide the owner with a reasonable opportunity, given the nature of the emergency, to alleviate such emergency or participate with the authority or public utility to make any repairs necessary to alleviate such emergency. If the owner of the small wireless facility does not respond in a timely manner, as determined by the authority or public utility given the nature of the emergency, the authority or public utility may remove or make alterations to the small wireless facility as necessary to ensure public safety.

b. For purposes of this subsection, “*emergency*” means exigent and extraordinary circumstances under which the physical or electrical failure of a utility pole, wireless support structure, or small wireless facility threatens imminent physical harm to persons or there is a substantial likelihood of imminent and significant harm to property.

5. If the parties cannot resolve a dispute after following the procedures provided in this section, any party may file an action concerning an alleged violation under this section in the district court for the county in which the violation is alleged to have occurred, for any appropriate remedy, including the removal of a small wireless facility deemed by the court to be in violation of this chapter or the Iowa electrical safety code. However, this section shall not preclude a party from bringing an action pursuant to the Iowa electrical safety code or

47 C.F.R. §1.1401 et seq., or the application of a dispute resolution process set forth in an applicable pole attachment agreement between the parties.

6. Nothing in this section shall be deemed to limit the ability of a public utility and the owner of a small wireless facility to voluntarily enter into a pole attachment agreement that establishes different terms for the siting of a small wireless facility or the resolution of a dispute regarding such a facility.

2017 Acts, ch 112, §4

8C.7C Height limitations.

1. A new, replacement, or modified utility pole or wireless support structure installed in a public right-of-way located within the city limits of an incorporated city for the purpose of siting a wireless facility, including a small wireless facility under the provisions of this chapter shall not exceed the greater of ten feet in height above the tallest utility pole existing on or before July 1, 2017, located within five hundred feet of the new, replacement, or modified utility pole in the same public right-of-way, or forty feet in height above ground level. Except as provided in section 8C.7A, subsection 2, paragraph “c”, an authority shall not require a special or conditional use permit for the installation of a utility pole or wireless support structure that complies with the height limitations of this subsection.

2. Notwithstanding subsection 1, a person may construct, modify, or maintain a utility pole or wireless support structure along, across, and under a public right-of-way in excess of the size limits provided in subsection 1, to the extent permitted by the authority’s applicable zoning regulations.

3. A person shall comply with nondiscriminatory undergrounding requirements that prohibit wireless service providers from installing structures in a public right-of-way without prior zoning approval in areas designated as an underground district pursuant to a resolution or ordinance adopted by an authority prior to the date the application is filed or in areas zoned and used for single-family residential use, provided that such requirements shall not prohibit the replacement of existing structures.

4. Nothing in this section shall be deemed to limit the ability of a public utility to install a utility pole for the purposes of electric utility transmission or distribution within a public right-of-way subject to an authority’s planning and zoning regulations.

2017 Acts, ch 112, §5

8C.8 Application and construction.

This chapter shall not be construed as:

1. Prohibiting an airport, aviation authority, or municipality from administering and enforcing airport zoning pursuant to the provisions of chapter 329 for the protection of navigable airspace.

2. Infringing upon the jurisdiction of a commission, as defined in section 303.20, to approve or deny applications for proposed alterations to exterior features within an area designated as an area of historical significance.

3. Infringing upon the jurisdiction of a city or county, or any other entity authorized by statute, to approve or deny applications for proposed alterations to exterior features of designated local historic landmarks.

8D.3 Iowa telecommunications and technology commission — members — duties.

1. *Commission established.* A telecommunications and technology commission is established with the sole authority to supervise the management, development, and operation of the network and ensure that all components of the network are technically compatible. The management, development, and operation of the network shall not be subject to the jurisdiction or control of any other state agency. However, the commission is subject to the general operations practices and procedures which are generally applicable to other state agencies.

a. The commission shall ensure that the network operates in an efficient and responsible manner consistent with the provisions of this chapter for the purpose of providing the best economic service attainable to the network users consistent with the state's financial capacity.

b. The commission shall ensure that educational users and the use, design, and implementation for educational applications be given the highest priority concerning use of the network.

c. The commission shall provide for the centralized, coordinated use and control of the network.

2. Members — meetings.

a. The commission is composed of five voting members appointed by the governor and subject to confirmation by the senate. Voting members of the commission shall not serve in any manner or be employed by an authorized user of the network or by an entity seeking to do or doing business with the network.

(1) The governor shall appoint a voting member as the chairperson of the commission from the five voting members, subject to confirmation by the senate.

(2) Voting members of the commission shall serve six-year staggered terms as designated by the governor and appointments to the commission are subject to the requirements of sections 69.16, 69.16A, and 69.19. Vacancies shall be filled by the governor for the duration of the unexpired term.

(3) The salary of the voting members of the commission shall be twelve thousand dollars per year, except that the salary of the chairperson shall be seventeen thousand dollars per year. Voting members of the commission shall also be reimbursed for all actual and necessary expenses incurred in the performance of duties as members. The benefits and salary paid to the voting members of the commission shall be adjusted annually equal to the average of the annual pay adjustments, expense reimbursements, and related benefits provided under collective bargaining agreements negotiated pursuant to chapter 20.

b. The auditor of state or the auditor's designee and the chief information officer appointed pursuant to section 8B.2 or the chief information officer's designee shall serve as nonvoting, ex officio members of the commission.

c. Meetings of the commission shall be held at the call of the chairperson of the commission.

3. Duties. The commission shall do all of the following:

a. Enter into agreements pursuant to chapter 28E as necessary and appropriate for the purposes of the commission. However, the commission shall not enter into an agreement with an unauthorized user or any other person pursuant to chapter 28E for the purpose of providing such user or person access to the network.

b. Adopt rules pursuant to chapter 17A as deemed appropriate and necessary, and directly related to the implementation and administration of the duties of the commission. The commission, in consultation with the department of administrative services, shall also adopt and provide for standard communications procedures and policies relating to the use of the network which recognize, at a minimum, the need for reliable communications services.

c. Establish an appeal process for review by the commission of a scheduling conflict decision, including a scheduling conflict involving an educational user, or the establishment of a fee associated with the network upon the request of a person affected by such decision or fee. A determination made by the commission pursuant to this paragraph shall be final.

d. Review and approve for adoption, rules as proposed and submitted by an authorized user group necessary for the authorized user group's access and use of the network. The commission may refuse to approve and adopt a proposed rule, and upon such refusal, shall return the proposed rule to the respective authorized user group proposing the rule with a statement indicating the commission's reason for refusing to approve and adopt the rule.

e. (1) Develop and issue for response all requests for proposals for any construction, installation, repair, maintenance, or equipment and parts necessary for the network. In preparing the request for proposals, the commission shall do all of the following:

(a) Review existing requests for proposals related to the network.

(b) Consider and evaluate all competing technologies which could be used in any construction, installation, repair, or maintenance project.

(c) Allow flexibility for proposals to be submitted in response to a request for proposals issued by the commission such that any qualified provider may submit a bid on a site-by-site basis, or on a merged area or defined geographic area basis, or both, and by permitting proposals to be submitted for use of competing or alternative technologies in each defined area.

(d) Ensure that rural communities have access to comparable services to the services provided in urban areas resulting from any plans to construct, install, repair, or maintain any part of the network.

(2) In determining which proposal to recommend to the general assembly to accept, consider what is in the long-term best interests of the citizens of the state and the network, and utilize, if possible, the provision of services with existing service providers consistent with those best interests. In determining what is in the long-term best interests of the citizens of the state and the network, the commission, at a minimum, shall consider the cost to taxpayers of the state.

f. Include in the commission's annual report related to the network the actual income and expenses for the network for the preceding fiscal year and estimates for income and expenses for the network for the two-year fiscal period that includes the fiscal year during which the report is submitted. The report shall include the amount of any general fund appropriations to be requested, any recommendations of the commission related to changes in the system, and other items as deemed appropriate by the commission. The report shall also include a list of contracts in excess of one million dollars entered into by the commission during the preceding fiscal year, including any contract entered into pursuant to section 8D.11 or 8D.13 or any other authority of the commission.

g. Review existing maintenance contracts and past contracts to determine vendor capability to perform the obligations under such contracts. The commission shall report to the general assembly prior to January 1 of each year as to the performance of all vendors under each contract and shall make recommendations concerning continued funding for the contracts.

h. Pursue available opportunities to cooperate and coordinate with the federal government for the use and potential expansion of the network and for the financing of any such expansion.

i. Evaluate existing and projected rates for use of the system and ensure that rates are sufficient to pay for the operation of the system excluding the cost of construction and lease costs for Parts I, II, and III. The commission shall establish all hourly rates to be charged to all authorized users for the use of the network and shall consider all costs of the network in establishing the rates. A fee established by the commission to be charged to a hospital licensed pursuant to chapter 135B, a physician clinic, or the federal government shall be at an appropriate rate so that, at a minimum, there is no state subsidy related to the costs of the connection or use of the network related to such user.

8D.9 Certification of use — network use by certain authorized users.

1. A private or public agency, other than a state agency, local school district or nonpublic school, city library, county library, judicial branch, judicial district department of correctional services, agency of the federal government, a hospital or physician clinic, or a post office authorized to be offered access pursuant to this chapter as of May 18, 1994, shall certify to the commission no later than July 1, 1994, that the agency is a part of or intends to become a part of the network. Upon receiving such certification from an agency not a part of the network on May 18, 1994, the commission shall provide for the connection of such agency as soon as practical. An agency which does not certify to the commission that the agency is a part of or intends to become a part of the network as required by this subsection shall be prohibited from using the network.

2. *a.* A private or public agency, other than an institution under the control of the state board of regents, a private college or university, or a nonpublic school, which certifies to the commission pursuant to subsection 1 that the agency is a part of or intends to become a part of the network shall use the network for all video, data, and voice requirements of the agency unless the private or public agency petitions the commission for a waiver and one of the following applies:

(1) The costs to the authorized user for services provided on the network are not competitive with the same services provided by another provider.

(2) The authorized user is under contract with another provider for such services, provided the contract was entered into prior to April 1, 1994. The agency shall use the network for video, data, and voice requirements which are not provided pursuant to such contract.

(3) The authorized user has entered into an agreement with the commission to become part of the network prior to June 1, 1994, which does not provide for use of the network for all video, data, and voice requirements of the agency. The commission may enter into an agreement described in this subparagraph upon a determination that the use of the network for all video, data, and voice requirements of the agency would not be in the best interests of the agency.

b. A private or public agency, other than an institution under the control of the state board of regents, a private college or university, or a nonpublic school, shall petition the commission for a waiver of the requirement to use the network as provided in paragraph “a”, if the agency determines that paragraph “a”, subparagraph (1) or (2) applies. The commission shall establish by rule a review process for determining, upon application of an authorized user, whether paragraph “a”, subparagraph (1) or (2) applies. An authorized user found by the commission to be under contract for such services as provided in paragraph “a”, subparagraph (2), shall not enter into another contract upon the expiration of such contract, but shall utilize the network for such services as provided in this section unless paragraph “a”, subparagraph (1), applies. A waiver approved by the commission may be for a period as requested by the private or public agency of up to three years.

c. An institution under the control of the state board of regents, a private college or university, or a nonpublic school which certifies to the commission pursuant to subsection 1 that it is a part of or intends to become a part of the network may use the network for its video, data, or voice requirements as determined by the regents institution, private college or university, or nonpublic school.

3. A facility that is considered a public agency pursuant to section 8D.2, subsection 5, paragraph “b”, shall be authorized to access the Iowa communications network strictly for homeland security communication purposes and disaster communication purposes. Any utilization of the network that is not related to communications concerning homeland security or a disaster, as defined in section 29C.2, is expressly prohibited. Access under this subsection shall be available only if a state of disaster emergency is proclaimed by the governor pursuant to section 29C.6 or a homeland security or disaster event occurs requiring connection of disparate communications systems between public agencies to provide for a multiagency or multijurisdictional response. Access shall continue only for the period of time the homeland security or disaster event exists. For purposes of this subsection, disaster communication purposes includes training and exercising for a disaster if public notice of the training and exercising session is posted on the internet site of the department of homeland security and emergency management. A scheduled and noticed training and exercising session shall not exceed five days. Interpretation and application of the provisions of this subsection shall be strictly construed.

4. A community college receiving federal funding to conduct first responder training and testing regarding homeland security first responder communication and technology-related research and development projects shall be authorized to utilize the network for testing purposes.

8D.11 Powers — facilities — leases.

1. a. The commission may purchase, lease, and improve property, equipment, and services for telecommunications for public and private agencies and may dispose of property

and equipment when not necessary for its purposes. The commission may enter into a contract for the purchase, lease, or improvement of property, equipment, or services for telecommunications pursuant to this subsection in an amount not greater than the contract limitation amount without prior authorization by a constitutional majority of each house of the general assembly, approval by the legislative council if the general assembly is not in session, or the approval of the executive council as provided pursuant to paragraph “b”. A contract entered into under this subsection for an amount exceeding the contract limitation amount shall require prior authorization or approval by the general assembly, the legislative council, or the executive council as provided in this subsection. The commission shall not issue any bonding or other long-term financing arrangements as defined in section 12.30, subsection 1, paragraph “b”. Real or personal property to be purchased by the commission through the use of a financing agreement shall be done in accordance with the provisions of section 12.28, provided, however, that the commission may purchase property, equipment, or services for telecommunications pursuant to a financing agreement in an amount not greater than the contract limitation amount without prior authorization by a constitutional majority of each house of the general assembly, approval by the legislative council if the general assembly is not in session, or the approval of the executive council as provided pursuant to paragraph “b”. A contract entered into under this subsection for an amount exceeding the contract limitation amount shall require prior authorization or approval by the general assembly, the legislative council, or the executive council as provided in this subsection.

b. Approval by the executive council as provided under paragraph “a” shall only be permitted if the contract for which the commission is seeking approval is necessary as the result of circumstances constituting a natural disaster or a threat to homeland security.

c. For purposes of this subsection, “*contract limitation amount*” means two million dollars. However, beginning July 1, 2008, and on each succeeding July 1, the director shall adjust the contract limitation amount to be applicable for the twelve-month period commencing on September 1 of the year in which the adjustment is made. The new contract limitation amount shall be published annually as a notice in the Iowa administrative bulletin prior to September 1. The adjusted contract limitation amount shall be calculated by applying the percentage change in the consumer price index for all urban consumers for the most recent available twelve-month period published in the federal register by the United States department of labor, bureau of labor statistics, to the existing contract limitation amount as an increase or decrease, rounded to the nearest dollar. The calculation and publication of the contract limitation amount by the director are exempt from the provisions of chapter 17A.

2. The commission also shall not provide or resell communications services to entities other than public and private agencies. The public or private agency shall not provide communication services of the network to another entity unless otherwise authorized pursuant to this chapter. The commission may arrange for joint use of available services and facilities, and may enter into leases and agreements with private and public agencies with respect to the Iowa communications network, and public agencies are authorized to enter into leases and agreements with respect to the network for their use and operation. Rentals and other amounts due under the agreements or leases entered into pursuant to this section by a state agency are payable from funds annually appropriated by the general assembly or from other funds legally available. Other public agencies may pay the rental costs and other amounts due under an agreement or lease from their annual budgeted funds or other funds legally available or to become available.

3. This section comprises a complete and independent authorization and procedure for a public agency, with the approval of the commission, to enter into a lease or agreement and this section is not a qualification of any other powers which a public agency may possess and the authorizations and powers granted under this section are not subject to the terms, requirements, or limitations of any other provisions of law, except that the commission must comply with the provisions of section 12.28 when entering into financing agreements for the purchase of real or personal property. All moneys received by the commission from agreements and leases entered into pursuant to this section with private and public agencies shall be deposited in the Iowa communications network fund.

4. A political subdivision receiving communications services from the state as of April 1,

1986, may continue to do so but communications services shall not be provided or resold to additional political subdivisions other than a school corporation, a city library, and a county library as provided in chapter 336. The rates charged to the political subdivision shall be the same as the rates charged to state agencies.

5. Pursuant to an agreement between the commission and an authorized user, the commission may provide billing services on behalf of the authorized user and charge another entity that receives services from the authorized user pursuant to the network if all of the following conditions are satisfied:

a. The services provided by the authorized user to the other entity must be consistent with the mission of the authorized user.

b. The services provided by the authorized user to the other entity must be consistent with the requirements and limitations in subsection 2.

94 Acts, ch 1184, §14; 2003 Acts, ch 145, §286

8D.13 Iowa communications network.

1. Moneys in the Iowa communications network fund are appropriated to the Iowa telecommunications and technology commission for purposes of providing financing for the procurement, operation, and maintenance of the Iowa communications network with sufficient capacity to serve the video, data, and voice requirements of the educational telecommunications system consisting of Part I, Part II, and Part III, and other public and private agencies.

2. For purposes of this section, unless the context otherwise requires:

a. "Part I" means the communications connections between central switching and institutions under the control of the board of regents, nonprofit institutions of higher education eligible for tuition grants, and the regional switching centers for the remainder of the network.

b. "Part II" means the communications connections between the regional switching centers and the secondary switching centers.

c. "Part III" means the communications connection between the secondary switching centers and the agencies defined in section 8D.2, subsections 4 and 5, excluding state agencies, institutions under the control of the board of regents, nonprofit institutions of higher education eligible for tuition grants, and the judicial branch, judicial district departments of correctional services, hospitals and physician clinics, agencies of the federal government, and post offices.

3. The financing for the procurement costs for the entirety of Part I except for the communications connections between central switching and institutions under the control of the board of regents, and nonprofit institutions of higher education eligible for tuition grants, and for the video, data, and voice capacity for state agencies and for Part II and Part III, shall be provided by the state. The financing for the procurement and maintenance costs for Part III shall be provided by the state. A local school board, governing authority of a nonpublic school, or an area education agency board may elect to provide one hundred percent of the financing for the procurement and maintenance costs for Part III to become part of the network. The basis for the amount of state financing is one hundred percent of a single interactive audio and interactive video connection for Part III, and such data and voice capacity as is necessary. If a school board, governing authority of a nonpublic school, or area education agency board elects to provide one hundred percent of the financing for the leasing costs for Part III, the school district or area education agency may become part of the network as soon as the network can reasonably connect the district or agency. A local school board, governing authority of a nonpublic school, or an area education agency board may also elect not to become part of the network. Construction of Part III, related to a school board, governing authority of a nonpublic school, or area education agency board which provides one hundred percent of the financing for the leasing costs for Part III, may proceed as determined by the commission and consistent with the purpose of this chapter.

4. The commission shall develop the requests for proposals that are needed for the Iowa communications network with sufficient capacity to serve the video, data, and voice requirements of state agencies and for educational telecommunications applications. The commission shall develop a request for proposals for each of the systems that will make up the network. The commission may develop a request for proposals for each definitive component of the network or the commission may provide in the request for proposals for each such system that separate contracts may be entered into for each definitive component covered by the request for proposals. The requests for proposals may be for the purchase, lease-purchase, or lease of the component parts of the network consistent with the provisions of this chapter, may require maintenance costs to be identified, and the resulting contract may provide for maintenance for parts of the network. The master contract may provide for electronic classrooms, satellite equipment, receiving equipment, studio and production equipment, and other associated equipment as required.

5. a. The state shall lease all fiberoptic cable facilities or facilities with sufficient capacity as determined by the commission for Part III connections, for the judicial branch, judicial district departments of correctional services, and state agency connections for which state funding is provided. In determining the capacity to be provided, the commission shall consult with the authorized users associated with the Part III connections, the judicial branch, the judicial district departments of correctional services, and state agencies associated with connections for which state funding is provided. Such facilities shall be leased from qualified providers. The state shall not own such facilities, except for those facilities owned by the state as of January 1, 1994.

b. The lease provisions of this subsection do not apply to a school district which elects to provide one hundred percent of the financing for the district's connection.

6. It is the intent of the general assembly that during the implementation of Parts I and II of the system, the department of administrative services shall employ a consultant to report to it on the impact of changing technology on the potential cost and capabilities of the system. It is also the intent of the general assembly that the department of education shall study new techniques in distant teaching. These reports shall be made available to the general assembly.

7. The commission shall be responsible for the network design and shall be responsible for the implementation of each component of the network as it is incorporated into the network. The final design selected shall optimize the routing for all users in order to assure maximum utilization by all agencies of the state. Efficiencies achieved in the implementation of the network shall be used to fund further implementation and enhancement of the network, and shall be considered part of the operational cost of the network. The commission shall be responsible for all management, operations, control switching, diagnostics, and maintenance functions of network operations as provided in this chapter. The performance of these duties is intended to provide optimal utilization of the facilities, and the assurance that future growth requirements will be provided for, and that sufficient network capacity will be available to meet the needs of all users.

8. The procurement and maintenance of electronic equipment including, but not limited to, master receiver antenna systems, studio and production equipment, and broadcast system components shall be provided for under the commission's contracts. The Iowa public broadcasting board and other educational entities within the state have the option to use their existing or replacement resources and agreements in the operation and maintenance of these systems.

9. In addition to the other evaluation criteria specified in the request for proposals issued pursuant to this section, the commission, in evaluating proposals, shall base up to two percent of the total possible points on the public benefit that can be derived from a given proposal due to the increased private telecommunications capacity available to Iowa citizens located in rural Iowa. For purposes of this subsection, an area of the state is considered rural if it is not part of a federally designated standard metropolitan statistical area.

10. The fees charged for use of the network and state communications shall be based on the ongoing expenses of the network and of providing state communications. For the services rendered to state agencies by the commission, the commission shall prepare a statement of services rendered and the agencies shall pay in a manner consistent with procedures established by the department of administrative services.

11. The commission, on its own or as recommended by an advisory committee of the commission and approved by the commission, shall permit a fee to be charged by a receiving site to the originator of the communication provided on the network. The fee charged shall be for the purpose of recovering the operating costs of a receiving site. The fee charged shall be reduced by an amount received by the receiving site pursuant to a state appropriation for such costs, or federal assistance received for such costs. Fees established under this subsection shall be paid by the originator of the communication directly to the receiving site. In the event that an entity requests a receiving site location in a video classroom facility which is authorized by, but not funded by, the originator of the communication, the requesting entity shall be directly billed by the video classroom facility for operating costs relating to the communication. For purposes of this section, "*operating costs*" include the costs associated with the management or coordination, operations, utilities, classroom, equipment, maintenance, and other costs directly related to providing the receiving site.

12. Access to the network shall be offered to the judicial district departments of correctional services established in section 905.2, provided that such departments contribute an amount consistent with their share of use for the part of the system in which the departments participate, as determined by the commission.

13. Access shall be offered to hospitals licensed pursuant to chapter 135B and physician clinics for diagnostic, clinical, consultative, data, and educational services for the purpose of developing a comprehensive, statewide telemedicine network, to an agency of the federal government, and to a post office defined as a public agency pursuant to section 8D.2, subsection 5. A hospital, physician clinic, an agency of the federal government, or a post office defined as a public agency pursuant to section 8D.2, subsection 5, shall be responsible for all costs associated with becoming a part of the network.

14. Access shall be offered to the judicial branch provided that the judicial branch contributes an amount consistent with the judicial branch's share of use for the part of the network in which the judicial branch participates, as determined by the commission.

15. Notwithstanding chapter 476, the provisions of chapter 476 shall not apply to a public

utility in furnishing a telecommunications service or facility to the commission for the Iowa communications network or to any authorized user of the Iowa communications network for such authorized user's connection to the network.

16. Access to the network shall be offered to the department of public safety and the department of public defense for the purpose of establishing and operating a shared data-only network providing law enforcement, emergency management, disaster service, emergency warning, and other emergency information dissemination services to federal, state, and local law enforcement agencies as provided in sections 80.5 and 80.9B, and local emergency management offices established under the authority of sections 29C.9 and 29C.10.

17. Access shall be offered to the Iowa hospital association only for the purposes of collection, maintenance, and dissemination of health and financial data for hospitals and for hospital education services. The Iowa hospital association shall be responsible for all costs associated with becoming part of the network, as determined by the commission.

Therefore, it is the intent of the general assembly to direct the department of management, in consultation with the department of revenue, to create and maintain a searchable database and internet site of each tax rate for all taxing jurisdictions in the state to make citizen access to state and local tax rates as open, transparent, and publicly accessible as is feasible.

2011 Acts, ch 122, §47

9C.4 Bond required — applicability — forfeiture.

1. At the time and as part of filing the application, the applicant shall file with the secretary of state a bond, with sureties to be approved by the secretary of state, in a penal sum two times the value of the tangible personal property to be sold or offered for sale or the average inventory to be carried by such transient merchant engaged in or conducting an intermittent or temporary business as the case may be as shown by the application, running to the state of Iowa, for the use and benefit of any purchaser of any tangible personal property from such transient merchant who might have a cause of action of any nature arising from or out of such sale against the applicant or the owner of such property if other than the applicant. The bond shall be conditioned on the payment by the applicant of all taxes that may be payable by, or due from, the applicant to the state of Iowa or any subdivision thereof, and shall be further conditioned for the payment of any fines that may be assessed by any court against the applicant for violation of the provision of this chapter, as well as for the payment and satisfaction of any and all causes of action against the applicant commenced within one year from the date of sale thereof, and arising from such sale. However, the aggregate liability of the surety for all such taxes, fines, and causes of action shall in no event exceed the principal sum of such bond.

2. In such bond the applicant and surety shall appoint the secretary of state, the agent of the applicant and surety for the service of process. In the event of such service, the agent upon whom such service is made shall within five days after the date of service, mail by ordinary mail a true copy of the process served upon the agent to each party for whom the agent is served, addressed to the last known address of such party. Failure to mail the copy shall not, however, affect the jurisdiction of the court.

3. Such bond shall contain the consent of the applicant and surety that the district court of the county in which the plaintiff may reside or Polk county, Iowa, shall have jurisdiction of all actions against the applicant or surety, or both, arising out of the sale. The state of Iowa, or any subdivision thereof, or any person having a cause of action against the applicant or surety arising out of said sale may join the applicant and surety on such bond in the same action, or may in such action sue either the applicant or the surety alone.

4. The requirements of this section also apply to transient merchants who are licensed in accordance with an ordinance of a city in the state of Iowa.

5. Notwithstanding subsections 1 through 4, the bond provided for in this section shall be forfeited to the state of Iowa upon the applicant's failure to pay the total of all taxes payable by or due from the applicant to the state which taxes are administered by the department of revenue. The department shall adopt administrative rules for the collection of the forfeiture. Notice shall be provided to the surety and to the applicant. Notice to the applicant shall be mailed to the applicant's last known address. The applicant or the surety shall have the opportunity to apply to the director of revenue for a hearing within thirty days after the giving of such notice. Upon the failure to timely request a hearing, the bond shall be forfeited. If, after the hearing upon timely request, the director finds that the applicant has failed to pay the total of all taxes payable and the bond is forfeited, the director shall order the bond forfeited. The amount of the forfeiture shall be the amount of taxes payable or the amount of the bond. The surety shall not have standing to contest the amount of any taxes payable. For purposes

of this section, “*taxes payable*” means all tax, penalties, interest, and fees that the department has previously determined to be due by assessment or in an appeal of an assessment.

9E.1 Purpose.

The general assembly finds that individuals attempting to escape from actual or threatened domestic abuse, domestic abuse assault, sexual abuse, assault, stalking, or human trafficking frequently establish new addresses in order to prevent their assailants or probable assailants from finding them. The purpose of this chapter is to enable state and local agencies to respond to requests for data without disclosing the location of a victim of domestic abuse, domestic abuse assault, sexual abuse, assault, stalking, or human trafficking; to enable interagency cooperation with the secretary of state in providing address confidentiality for victims of domestic abuse, domestic abuse assault, sexual abuse, assault, stalking, or human trafficking; and to enable program participants to use an address designated by the secretary of state as a substitute mailing address for the purposes specified in this chapter. In addition, the

purpose of this chapter is to prevent such victims from being physically located through a public records search.

A corporation, limited liability company, trust, or unincorporated nonprofit association, other than a family farm corporation, authorized farm corporation, family farm limited liability company, authorized limited liability company, family trust, authorized trust, revocable trust, testamentary trust, family farm unincorporated nonprofit association, or authorized unincorporated nonprofit association shall not, either directly or indirectly, acquire or otherwise obtain or lease any agricultural land in this state. However, the restrictions provided in this section shall not apply to the following:

a. A bona fide encumbrance taken for purposes of security.

b. Agricultural land acquired for research or experimental purposes. Agricultural land is used for research or experimental purposes if any of the following apply:

(1) Research and experimental activities are undertaken on the agricultural land and commercial sales of products produced from farming the agricultural land do not occur or are incidental to the research or experimental purposes of the corporation or limited liability

company. Commercial sales are incidental to the research or experimental purposes of the corporation or limited liability company when such sales are less than twenty-five percent of the gross sales of the primary product of the research.

(2) The agricultural land is used for the primary purpose of testing, developing, or producing seeds or plants for sale or resale to farmers as seed stock. Grain which is not sold as seed stock is an incidental sale and must be less than twenty-five percent of the gross sales of the primary product of the research and experimental activities.

(3) (a) The agricultural land is used by a corporation or limited liability company, including any trade or business which is under common control, as provided in 26 U.S.C. §414 for the primary purpose of testing, developing, or producing animals for sale or resale to farmers as breeding stock. (iv) The corporation or limited liability company must deliver a copy of the lease to the secretary of state. The secretary of state shall notify the lessee of receipt of the copy of the lease. However, this subparagraph division does not apply to a nonprofit corporation as defined in section 9H.1, subsection 20, paragraph "a".

(b) Culls and test animals may be sold under this subparagraph (3). For a three-year period beginning on the date that the corporation or limited liability company acquires an interest in the agricultural land, the gross sales for any year shall not be greater than five hundred thousand dollars. After the three-year period ends, the gross sales for any year shall not be greater than twenty-five percent of the gross sales for that year of the breeding stock, or five hundred thousand dollars, whichever is less.

j. Agricultural land held or leased by a trust on July 1, 1977, as long as the trust holding or leasing such land on this date continues to hold or lease such agricultural land.

k. Agricultural land acquired by a trust for immediate use in nonfarming purposes.

5. “*Nonresident alien*” means an individual who is not any of the following:

9I.3 Restriction on agricultural land holdings.

1. A nonresident alien, foreign business or foreign government, or an agent, trustee or fiduciary thereof, shall not purchase or otherwise acquire agricultural land in this state. A nonresident alien, foreign business or foreign government, or an agent, trustee or fiduciary

thereof, which owns or holds agricultural land in this state on January 1, 1980, may continue to own or hold the land, but shall not purchase or otherwise acquire additional agricultural land in this state.

2. A person who acquires agricultural land in violation of this chapter or who fails to convert the land to the purpose other than farming within five years, as provided for in this chapter, remains in violation of this chapter for as long as the person holds an interest in the land.

3. The restriction set forth in subsection 1 of this section does not apply to the following:

a. Agricultural land acquired by devise or descent.

b. A bona fide encumbrance on agricultural land taken for purposes of security.

c. Agricultural land acquired by a process of law in the collection of debts, by a deed in lieu of foreclosure, pursuant to a forfeiture of a contract for deed, or by any procedure for the enforcement of a lien or claim on the land, whether created by mortgage or otherwise. However, agricultural land so acquired shall be sold or otherwise disposed of within two years after title is transferred. Pending the sale or disposition, the land shall not be used for any purpose other than farming, and the land shall not be used for farming except under lease to an individual, trust, corporation, partnership or other business entity not subject to the restriction on the increase in agricultural land holdings imposed by section 9H.4. Agricultural land which has been acquired pursuant to this paragraph shall not be acquired or utilized by the nonresident alien, foreign business, or foreign government, or an agent, trustee, or fiduciary thereof, under either paragraph “d” or paragraph “e”.

d. Agricultural land acquired for research or experimental purposes. Agricultural land is used for research or experimental purposes if any of the following apply:

(1) Research and experimental activities are undertaken on the agricultural land and commercial sales of products produced from farming the agricultural land do not occur or are incidental to the research or experimental purposes of the corporation. Commercial sales are incidental to the research or experimental purposes of the corporation when such sales are less than twenty-five percent of the gross sales of the primary product of the research.

(2) The agricultural land is used for the primary purpose of testing, developing, or producing seeds or plants for sale or resale to farmers as seed stock. Grain which is not sold as seed stock is an incidental sale and must be less than twenty-five percent of the gross sales of the primary product of the research and experimental activities.

(3) Until July 1, 2001, the agricultural land is used for the primary purpose of testing, developing, or producing animals for sale or resale to farmers as breeding stock. However, after July 1, 1989, to qualify under this paragraph, the following conditions must be satisfied:

(a) The nonresident alien, foreign business, or foreign government or an agent, trustee, or fiduciary of the alien, business, or government must not hold the agricultural land other than as a lessee. The term of the lease must be for not more than twelve years. A lessee shall not renew a lease entered into under this subparagraph (3). The lessee shall not enter into a lease under this paragraph, if another lease under this paragraph has been entered into by the lessee.

(b) A term or condition of sale, including resale, of seed stock or breeding stock must not relate to the direct or indirect control by the lessee of the breeding stock or breeding stock progeny subsequent to the sale.

(c) The number of acres of agricultural land held by the lessee must not exceed six hundred forty acres.

(d) The lessee must deliver a copy of the lease to the secretary of state. The secretary of state shall notify the lessee of receipt of the copy of the lease.

(4) Culls and test animals may be sold under subparagraph (3). For a three-year period beginning on the date that the lease takes effect, the gross sales for any year shall not be greater than five hundred thousand dollars. After the three-year period ends, the gross sales for any year shall not be greater than twenty-five percent of the gross sales for that year of the breeding stock, or five hundred thousand dollars, whichever is less. As used in subparagraph (3), “lessee” means a nonresident alien, foreign business, or foreign government, or an agent, trustee, or fiduciary acting on behalf of the nonresident alien, foreign business, or foreign

government, or any other trade or business which is under the lessee's common control as provided in 26 U.S.C. §414.

(5) Effective July 1, 2001, a nonresident alien, foreign business, or foreign government or an agent, trustee, or fiduciary of the alien, business, or government shall not acquire or hold agricultural land used for the primary purpose of testing, developing, or producing animals.

e. An interest in agricultural land, not to exceed three hundred twenty acres, acquired for an immediate or pending use other than farming. However, a nonresident alien, foreign business or foreign government, or an agent, trustee or fiduciary thereof, who lawfully owns over three hundred twenty acres on January 1, 1980, may continue to own or hold the land, but shall not purchase or otherwise acquire additional agricultural land in this state except by devise or descent from a nonresident alien. Pending the development of the agricultural land for purpose other than farming, the land shall not be used for farming except under lease to an individual, trust, corporation, partnership or other business entity not subject to the restriction on the increase in agricultural land holdings imposed by section 9H.4.

4. A nonresident alien, foreign business or foreign government, or an agent, trustee or fiduciary thereof shall not transfer title to or interest in agricultural land to a nonresident alien, foreign business or foreign government, or an agent, trustee or fiduciary thereof except by devise or descent.

c. The date that the resolution was adopted and the date that it will take effect.

2. Within five days following the date that the resolution authorizing the farmers cooperative association to acquire an interest in agricultural land or acquire an interest in a farmers entity is adopted, the farmers cooperative association must provide notice of the resolution as provided in this section. NOTICE

MEMBERS OF THE (INSERT NAME OF

a. If a valid petition is filed, the board of directors shall call a special referendum of voting members at a regular or special meeting, as provided in section 499.27. 4. a. Within thirty days following the date that the resolution authorizing the farmers cooperative association to acquire an interest in agricultural land or acquire an interest in a

farmers entity is adopted, a holder of members' equity, including a member or shareholder, may dissent to an acquisition as expressed in the resolution adopted by the board of directors under this section.

b. The holder of members' equity shall dissent by filing a demand with the board of directors. The farmers cooperative association shall pay the holder the fair value of that holder's interest as if the holder were a member dissenting to a merger or consolidation, as provided in section 499.66, upon surrender of the holder's evidence of equity in the farmers cooperative association, including a certificate of membership or shares.

c. The farmers cooperative association is not required to pay the holder of members' equity the fair value of that holder's interest as provided in this subsection, if the resolution provided for in this section does not become effective.

10A.107 Repayment receipts.

The department may charge state departments, agencies, and commissions for services rendered and the payment received shall be considered repayment receipts as defined in section 8.2.

90 Acts, ch 1247, §2

10A.108 Improper human services entitlement benefits or provider payments — debt, lien, collection.

1. a. If a person refuses or neglects to repay benefits or provider payments inappropriately obtained from the department of human services, the amount inappropriately obtained, including any interest, penalty, or costs attached to the amount, constitutes a debt and is a lien in favor of the state upon all property and any rights or title to or interest in property, whether real or personal, belonging to the person for the period established in

subsection 2, with the exception of property which is exempt from execution pursuant to chapter 627.

b. A lien under this section shall not attach to any amount of inappropriately obtained benefits or provider payments, or portions of the benefits or provider payments, attributable to errors by the department of human services. Liens shall only attach to the amounts of inappropriately obtained benefits or provider payments or portions of the benefits or provider payments which were obtained due to false, misleading, incomplete, or inaccurate information submitted by a person in connection with the application for or receipt of benefits or provider payments.

2. a. The lien attaches at the time the notice of the lien is filed under subsection 3, and continues for ten years from that date, unless released or otherwise discharged at an earlier time.

b. The lien may be extended, within ten years from the date of attachment, if a person files a notice with the county recorder or other appropriate county official of the county in which the property is located at the time of filing the extension. From the time of the filing of the notice, the lien period shall be extended for ten years to apply to the property in the county in which the notice is filed, unless released or otherwise discharged at an earlier time. The number of extensions is not limited.

c. The director shall discharge any lien which is allowed to lapse and may charge off any account and release the corresponding lien before the lien has lapsed if the director determines, under uniform rules prescribed by the director, that the account is uncollectible or collection costs involved would not warrant collection of the amount due.

3. To preserve the lien against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, on any property located in a county, the director shall file a notice of the lien with the recorder of the county in which the property is located at the time of filing of the notice.

4. The county recorder of each county shall prepare and maintain in the recorder's office an index of liens of debts established based upon benefits or provider payments inappropriately obtained from and owed the department of human services, containing the applicable entries specified in sections 558.49 and 558.52, and providing appropriate columns for all of the following data, under the names of debtors, arranged alphabetically:

- a. The name of the debtor.
- b. "State of Iowa, Department of Human Services" as claimant.
- c. The time that the notice of the lien was filed for recording.
- d. The date of notice.
- e. The amount of the lien currently due.
- f. The date of the assessment.
- g. The date of satisfaction of the debt.

h. Any extension of the time period for application of the lien and the date that the notice for extension was filed.

5. The recorder shall endorse on each notice of lien the day and time filed for recording and the document reference number, and shall preserve the notice. The recorder shall index the notice and shall record the lien in the manner provided for recording real estate mortgages. The lien is effective from the time of the indexing.

6. The department shall pay, from moneys appropriated to the department for this purpose, recording fees as provided in section 331.604, for the recording of the lien.

7. Upon payment of a debt for which the director has filed notice with a county recorder, the director shall provide to the debtor a satisfaction of the debt. The debtor shall be responsible for filing the satisfaction of the debt with the recorder and the recorder shall enter the satisfaction on the notice on file in the recorder's office.

8. The department of inspections and appeals, as provided in this chapter and chapter 626, shall proceed to collect all debts owed the department of human services as soon as practicable after the debt becomes delinquent. If service has not been made on a distress warrant by the officer to whom addressed within five days from the date the distress warrant was received by the officer, the authorized investigators of the department of inspections and appeals may serve and make return of the warrant to the clerk of the district court of the

county named in the distress warrant, and all subsequent procedures shall be in compliance with chapter 626.

9. The distress warrant shall be in a form as prescribed by the director, shall be directed to the sheriff of the appropriate county, and shall identify the debtor, the type of debt, and the delinquent amount. The distress warrant shall direct the sheriff to distrain, seize, garnish, or levy upon, and sell, as provided by law, any real or personal property belonging to the debtor to satisfy the amount of the delinquency plus costs. The distress warrant shall also direct the sheriff to make due and prompt return to the department or to the district court under chapter 626 of all amounts collected.

10. The attorney general, upon the request of the director of inspections and appeals, shall bring an action, as the facts may justify, without bond, to enforce payment of any debts under this section, and in the action the attorney general shall have the assistance of the county attorney of the county in which the action is pending.

11. The remedies of the state shall be cumulative and no action taken by the director of inspections and appeals or attorney general shall be construed to be an election on the part of the state or any of its officers to pursue any remedy to the exclusion of any other remedy provided by law.

2. The employment appeal board is composed of three members appointed by the governor, subject to confirmation by the senate, to six-year staggered terms beginning and ending as provided in section 69.19. One member shall be qualified by experience and affiliation to represent employers, one member shall be qualified by experience and affiliation to represent employees, and one member shall represent the general public. No more than two members shall be members of the same political party. A vacancy in membership shall be filled in the same manner as the original appointment. A member of the appeal board may be removed by the governor for inefficiency, neglect of duty, or malfeasance in office. The members of the employment appeal board shall receive an annual salary as set by the governor.

3. The members of the appeal board shall select a chairperson and vice chairperson from their membership. The appeal board shall meet at least once per month but may meet as often as necessary. Meetings shall be set by a majority of the appeal board or upon the call of the chairperson, or in the chairperson's absence, upon the call of the vice chairperson. The employment appeal board, subject to the approval of the director, may appoint personnel necessary for carrying out its functions and duties.

The appeal board may on its own motion affirm, modify, or set aside a decision of an administrative law judge on the basis of the evidence previously submitted in the contested case, or direct the taking of additional evidence, or may permit any of the parties to the decision to initiate further appeals before the appeal board. The appeal board shall permit further appeal by any of the parties interested in a decision of an administrative law judge and by the representative whose decision has been overruled or modified by the

In the discharge of the duties imposed by this chapter, the chairperson of the appeal board and any duly authorized representative designated by the appeal board, may administer oaths and affirmations, take depositions, certify official acts, and issue subpoenas. 6. The appeal board shall adopt rules pursuant to chapter 17A to establish the manner in which contested cases are to be presented, reports are to be required from the parties, and hearings and appeals are to be conducted. The appeal board shall keep a full and complete record of all proceedings in connection with a contested case. All testimony at a hearing shall be recorded, but need not be transcribed unless the contested case is further appealed. ADMINISTRATIVE HEARINGS DIVISION

10A.801 Division of administrative hearings — creation, powers, duties.

1. *Definitions.* For purposes of this article, unless the context otherwise requires:
 - a. "Administrator" means the person coordinating the administration of the division.
 - b. "Division" means the administrative hearings division of the department of inspections and appeals.
2. The administrator shall coordinate the division's conduct of appeals and administrative hearings as provided by law, shall serve as chief administrative law judge of the division, and may conduct any proceeding for which the division provides an administrative law judge.
3. a. The department shall employ a sufficient number of administrative law judges to conduct proceedings for which agencies are required, by section 17A.11 or any other provision of law, to use an administrative law judge employed by the division. An administrative law judge employed by the division shall not perform duties inconsistent with the judge's duties and responsibilities as an administrative law judge and shall be located in an office that is separated from the offices of the agencies for which that person acts as a presiding officer. Administrative law judges, except the chief administrative law judge, shall be covered by the merit system provisions of chapter 8A, subchapter IV.
 - b. The division shall facilitate, insofar as practicable, specialization by its administrative law judges so that particular judges may become expert in presiding over cases in particular agencies. An agency may, by rule, identify particular classes of its contested cases for which the administrative law judge who acts as presiding officer shall have specified technical expertise. After the adoption of such a rule, the division may assign administrative law judges to preside over those identified particular classes of contested cases only if the administrative law judge possesses the technical expertise specified by agency rule. The division may charge the applicable agency for the costs of any training required by the division's administrative law judges to acquire or maintain the technical expertise specified by agency rule.
4. If the division cannot furnish one of its administrative law judges in response to an agency request, the administrator shall designate in writing a full-time employee of an agency other than the requesting agency to serve as administrative law judge for the proceeding, but only with the consent of the employing agency. The designee must possess the same qualifications required of administrative law judges employed by the division.
5. The division may furnish administrative law judges on a contract basis to any governmental entity to conduct any proceeding.
6. A person shall not be employed by the division as the administrator or as an administrative law judge to preside over contested case proceedings unless that person has a license to practice law in this state.
7. The division shall adopt rules pursuant to this chapter and chapter 17A to do all of the following:

a. To establish procedures for agencies to request and for the administrator to assign administrative law judges employed by the division.

b. To establish procedures and adopt forms, consistent with chapter 17A and other provisions of law, to govern administrative law judges employed by the division, but any rules adopted under this paragraph shall be applicable to a particular contested case proceeding only to the extent that they are not inconsistent with the rules of the agency under whose authority that proceeding is conducted. Nothing in this paragraph precludes an agency from establishing procedural requirements otherwise within its authority to govern its contested case proceedings, including requirements with respect to the timeliness of decisions rendered for it by administrative law judges.

c. To establish standards and procedures for the evaluation, training, promotion, and discipline for the administrative law judges employed by the division. The procedures shall include provisions for each agency for whom a particular administrative law judge presides to submit to the division on a periodic basis the agency's views with respect to the performance of that administrative law judge or the need for specified additional training for that administrative law judge. However, the evaluation, training, promotion, and discipline of all administrative law judges employed by the division shall remain solely within the authority of the department.

d. To establish, consistent with the provisions of this section and chapter 17A, a code of administrative judicial conduct that is similar in function and substantially equivalent to the Iowa code of judicial conduct, to govern the conduct, in relation to their quasi-judicial functions in contested cases, of all persons who act as presiding officers under the authority of section 17A.11, subsection 1. The code of administrative judicial conduct shall separately specify which provisions are applicable to agency heads or members of multimembered agency heads when they act as presiding officers, taking into account the objectives of the code and the fact that agency heads, unlike administrative law judges, have other duties imposed upon them by law. The code of administrative judicial conduct may also contain separate provisions, that are appropriate and consistent with the objectives of such a code, to govern the conduct of agency heads or the members of multimember agency heads when they act as presiding officers. However, a provision of the code of administrative judicial conduct shall not be made applicable to agency heads or members of multimember agency heads unless the application of that provision to agency heads and members of multimember agency heads has previously been approved by the administrative rules coordinator.

e. To facilitate the performance of the responsibilities conferred upon the division by this section, chapter 17A, and any other provision of law.

8. The division may do all of the following:

a. Provide administrative law judges, upon request, to any agency that is required to or wishes to utilize the services of an administrative law judge employed by the division.

b. Maintain a staff of reporters and other personnel.

c. Administer the provisions of this section and rules adopted under its authority.

9. The division may charge agencies for services rendered and the payment received shall be considered repayment receipts as defined in section 8.2.

10. Except to the extent specified otherwise by statute, decisions of administrative law judges employed by the division are subject to review by the agencies for which they act as presiding officers as provided by section 17A.15 or any other provision of law.

1. Notwithstanding section 10A.801, subsection 7, paragraph “b”, and section 554D.120, the division may adopt rules pursuant to this chapter and chapter 17A establishing an electronic filing system for contested case and other administrative proceedings conducted by the division and prescribing whether and to what extent the division will accept, process, distribute, and retain electronic records and electronic signatures from appellants, governmental agencies, and other persons with respect to such proceedings.

2. If the division adopts rules pursuant to subsection 1, the rules may include but are not limited to the following:

- c. Establishing the electronic filing system to create, generate, send, communicate, receive, file, record, and store an electronic record.

- f. The type of electronic signature required.
- g. The manner and format in which an electronic signature is associated with an electronic record.
- h. Who can create an electronic signature.

- j. Establishing processes and procedures to ensure adequate preservation, integrity, security, disposition, and audit worthiness of the electronic records.
- k. Establishing the criteria for the retention of paper documents when deemed necessary to promote the integrity of electronic records.
- l. Establishing the appropriate level of public access to differing classes of electronic records and other agency records to ensure the confidentiality of any records that are required by law to be confidential.
- m. Establishing any other process or procedures attributable to creating, generating, communicating, storing, processing, and using electronic records and electronic signatures, and how these electronic records and electronic signatures will relate to nonelectronic agency records.

3. Rules adopted pursuant to this section shall provide for the division's acceptance of the filing of paper documents.

4. 12.25 Legislative findings.

The general assembly finds and declares that because of differences in the timing of the receipt of tax and other revenues and the expenditure of funds by the state, the state has been unable to remain timely on its obligations, including its payments of school aid; the untimely payment of state aid has created a hardship for schools by increasing their costs and hindering their ability to remain timely on their obligations; it would be advantageous to the state to be able to issue notes in anticipation of its tax and other revenues in order to coordinate its cash flow; and pending their use, the proceeds of notes issued in anticipation of tax and other revenues should be invested in order to pay the cost of issuing the notes and as a benefit to the state. It is the purpose of this section and section 12.26 to enable the state to make timely payments of its obligations, including its school aid payments, by securing funds through the issuance of notes in anticipation of the state's tax and other revenues.

85 Acts, ch 34, §18

12.26 Issuance of revenue anticipation notes.

1. In anticipation of the collection of revenues in and for a fiscal year, the treasurer of state may borrow money, and issue notes for the money, in an amount not exceeding the estimated state revenues for that year. The sums so anticipated are appropriated for the payment of the notes with interest at maturity. The notes may be issued prior to the beginning of a fiscal year, but the notes shall be payable not later than the end of the fiscal year for which they are issued. More than one series of notes may be issued in a fiscal year and the proceeds of notes may be used to retire a prior issue of notes provided that the total outstanding at any one time shall not exceed the limit prescribed in this section. The proceeds from the issuance of notes shall be invested in the same manner as other public funds and shall be used only for the purposes for which the anticipated tax revenues were levied, collected, and appropriated.

2. The principal of and the interest on notes are payable solely out of the taxes and revenues of the state for the fiscal year for which the notes are issued. The notes of each issue shall be dated, shall bear interest at a rate or rates which may be variable according to a method approved by the treasurer of state, without regard to any limit contained in chapter 74A or any other law of this state, and shall mature at a time or times not later than the end of the fiscal year, all as determined by the treasurer of state. The notes may be made redeemable before maturity, at the option of the treasurer of state, at the price and under the terms and conditions provided by the treasurer of state. The treasurer of state shall determine the form of the notes and shall fix the denomination of the notes and the place of payment of principal and interest which may be at any bank within or without the state. The notes shall be executed by the manual or facsimile signatures of the treasurer of state, the director of the department of management, and the director of the department of administrative services. If an official whose signature or a facsimile of whose signature appears on any notes ceases to hold office before the delivery of the notes, the signature or the facsimile is valid and sufficient for all purposes the same as if the official had remained in office until the delivery. All notes issued under this section have the qualities and incidents of negotiable instruments under the laws of this state and without regard to any other law. 12.28 Centralized financing for state agency purchase of real and personal property.

1. As used in this section, unless the context otherwise requires:

a. “*Financing agreement*” means any lease, lease-purchase agreement, or installment acquisition contract in which the lessee may purchase the leased property at a price which is less than the fair market value of the property at the end of the lease term, or any lease, agreement, or transaction which would be considered under criteria established by the internal revenue service to be a conditional sale agreement for tax purposes.

b. “*State agency*” means a board, commission, bureau, division, office, department, or branch of state government. However, state agency does not mean the state board of regents, institutions governed by the board of regents, or authorities created under chapter 16, 257C, or 261A.

2. The treasurer of state shall have sole authority to enter into financing agreements on behalf of state agencies. The treasurer of state may enter into financing agreements, including master lease-purchase agreements, for the purpose of funding state agency requests for the financing of real or personal property, wherever located within the state, including equipment, buildings, facilities, and structures, or additions or improvements to existing buildings, facilities, and structures. Subject to the selection procedures of section 12.30, the treasurer may employ financial consultants, banks, trustees, insurers, underwriters, accountants, attorneys, and other advisors or consultants as necessary to implement the provisions of this section. The costs of professional services and any other costs of entering into the financing agreements may be included in the financing agreement as a cost of the property being financed.

3. The financing agreement may provide for ultimate ownership of the property by the state. Title to all property acquired in this manner shall be taken and held in the name of the state. The state shall be the lessee or contracting party under all financing agreements entered into pursuant to this section. The financing agreements may contain provisions pertaining, but not limited to, interest, term, prepayment, and the state’s obligation to make payments on the financing agreement beyond the current budget year subject to availability of appropriations. All projects financed under this section shall be deemed to be for an essential governmental purpose.

4. The treasurer of state may contract for additional security or liquidity for a financing agreement and may enter into agreements for letters of credit, lines of credit, insurance, or other forms of security with respect to rental and other payments due under a financing agreement. Fees for the costs of additional security or liquidity are a cost of entering into the financing agreement and may be paid from funds annually appropriated by the general assembly to the state agency for which the property is being obtained, from other funds legally available, or from proceeds of the financing agreement. The provision of a financing agreement which provides that a portion of the periodic rental or lease payment be applied as interest is subject to chapter 74A. Other laws relating to interest rates do not apply. Chapter 75 does not apply to financing agreements entered into pursuant to this section.

5. Payments and other costs due under financing agreements entered into pursuant to this section shall be payable from funds annually appropriated by the general assembly to the state agency for which the property is being obtained or from other funds legally available. The treasurer of state, in cooperation with the department of administrative services, shall implement procedures to ensure that state agencies are timely in making payments due under the financing agreements.

6. The maximum principal amount of financing agreements which the treasurer of state can enter into shall be one million dollars per state agency in a fiscal year, subject to the requirements of section 8.46. For the fiscal year, the treasurer of state shall not enter into more than one million dollars of financing agreements per state agency, not considering interest expense. However, the treasurer of state may enter into financing agreements in excess of the one million dollar per agency per fiscal year limit if a constitutional majority of each house of the general assembly, or the legislative council if the general assembly is not in session, and the governor, authorize the treasurer of state to enter into additional financing agreements above the one million dollar authorization contained in this section. The treasurer of state shall not enter into a financing agreement for real or personal property which is to be constructed for use as a prison or prison-related facility without prior authorization by a constitutional majority of each house of the general assembly and approval by the governor of the use, location, and maximum cost, not including interest expense, of the real or personal property to be financed. However, financing agreements for an energy conservation measure, as defined in section 7D.34, for an energy management improvement, as defined in section 473.19, or for costs associated with projects under section 473.13A, are exempt from the provisions of this subsection, but are subject to the requirements of section 7D.34. In addition, financing agreements funded through the materials and equipment revolving fund established in section 307.47 are exempt from the provisions of this subsection.

7. The treasurer of state shall decide upon the most economical method of financing a state agency's request for funds. The treasurer of state may utilize master lease-purchase agreements, issue certificates of participation in lease-purchase agreements, or use any other financing method or method of sale which the treasurer believes will provide savings to the state in issuance or interest costs.

8. A financing agreement to which the state is a party is an obligation of the state for purposes of chapters 502 and 636, and is a lawful investment for banks, trust companies, building and loan associations, savings and loan associations, investment companies, insurance companies, insurance associations, executors, guardians, trustees, and other fiduciaries responsible for the investment of funds.

9. Publication of any notice, whether under section 73A.12 or otherwise, and other or further proceedings with respect to the financing agreements referred to in this section are not required except as set forth in this section, notwithstanding any provisions of other statutes of the state to the contrary.

1. As used in this section, unless the context otherwise requires:

a. "Authority" means a department, or public or quasi-public instrumentality of the state including but not limited to the authority created under chapter 12E, 16, 257C, or 261A, which has the power to issue obligations, except that "authority" does not include the state board of regents or the Iowa finance authority to the extent the Iowa finance authority acts pursuant to chapter 260C. "Authority" also includes a port authority created under chapter 28J.

b. "Obligations" means notes, bonds, including refunding bonds, and other evidences of indebtedness of an authority.

Prior to the issuance of obligations, an authority shall notify the treasurer of its intention to do so. The treasurer shall:

a. Select and fix the compensation for, in consultation with the respective authority, through a competitive selection procedure, attorneys, accountants, financial advisors, banks, underwriters, insurers, and other employees and agents which in the treasurer's

judgment are necessary to carry out the authority's intention. Prior to the initial selection, the treasurer shall, after consultation with the authorities, establish a procedure which provides for a fair and open selection process including, but not limited to, the opportunity to present written proposals and personal interviews. The treasurer shall maintain a list of firms which have requested to be notified of requests for proposal. The selection criteria shall take into consideration, but are not limited to, compensation, expenses, experience with similar issues, scheduling, ability to provide the services of individuals with specific knowledge in the relevant subject matter and length of the engagement. The treasurer may waive the requirements for a competitive selection procedure for any specific employment upon written notice to the executive council stating why the waiver is in the public interest. Upon selection by the treasurer, the authority shall promptly employ the individual or firm and be responsible for payment of costs.

b. Submit an account to the respective authority for all costs incurred in each transaction. The treasurer will charge an authority for costs of administration. The authority shall disburse to the treasurer the amounts set forth in the account.

c. Direct the investment or deposit of the proceeds of the sale of the obligations, in accordance with the language of the documents drafted to effectuate issuance of the obligations, except for the proceeds necessary to fund the ongoing operations of the authority. This paragraph does not apply to proceeds of obligations issued before July 1, 1986.

d. Collect from an authority and other sources, any statistical and financial information necessary to draft an offering document or prepare a presentation necessary for the issuance or marketing of the obligations.

3. Each respective authority shall consult with the treasurer on the following:

a. Amount, terms, and conditions of the obligations to be issued by the authority including other provisions deemed necessary by the treasurer or the authority.

b. The documents or instruments necessary to effectuate issuance of the obligation.

c. Presentations to rating agencies and marketing activities. The treasurer may choose to participate in these presentations.

4. Professional services, including but not limited to attorneys, accountants, financial advisors, banks, underwriters, insurers, and other employees employed by a project sponsor may be selected by the project sponsor, if the obligation is issued in behalf of the project sponsor and the purchaser of the obligation does not have recourse to the authority or state.

5. The treasurer may delay implementation of this section for up to six months following July 1, 1986, for an authority to facilitate an orderly transition.

1. A vision Iowa fund is created and established as a separate and distinct fund in the state treasury. The moneys in the fund are appropriated to the enhance Iowa board for purposes of the vision Iowa program established in section 15F.302. Moneys in the fund shall not be subject to appropriation for any other purpose by the general assembly, but shall be used only for the purposes of the vision Iowa fund. The treasurer of state shall act as custodian of the fund and disburse moneys contained in the fund as directed by the enhance Iowa board, including automatic disbursements of funds received pursuant to the terms of bond indentures and documents and security provisions to trustees. The fund shall be administered by the enhance Iowa board which shall make expenditures from the fund consistent with the purposes of the vision Iowa program without further appropriation. An applicant under the vision Iowa program shall not receive more than seventy-five million dollars in financial assistance from the fund.

2. Revenue for the vision Iowa fund shall include, but is not limited to, the following, which shall be deposited with the treasurer of state or the treasurer's designee as provided by any bond or security documents and credited to the fund:

a. The proceeds of bonds issued to capitalize and pay the costs of the fund and investment earnings on the proceeds.

b. Interest attributable to investment of money in the fund or an account of the fund.

c. Moneys in the form of a devise, gift, bequest, donation, federal or other grant, reimbursement, repayment, judgment, transfer, payment, or appropriation from any source intended to be used for the purposes of the fund.

3. Moneys in the vision Iowa fund are not subject to section 8.33. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the fund shall be credited to the fund.

4. a. The treasurer of state may create and establish one or more special funds, to be known as "*bond reserve funds*", to secure one or more issues of bonds or notes issued pursuant to section 12.71, Code 2020. The treasurer of state shall pay into each bond reserve fund any moneys appropriated and made available by the state or the treasurer for the purpose of the fund, any proceeds of sale of notes or bonds to the extent provided in the resolutions authorizing their issuance, and any other moneys which may be available to the treasurer

for the purpose of the fund from any other sources. All moneys held in a bond reserve fund, except as otherwise provided in this chapter, shall be used as required solely for the payment of the principal of bonds secured in whole or in part by the fund or of the sinking fund payments with respect to the bonds, the purchase or redemption of the bonds, the payment of interest on the bonds, or the payments of any redemption premium required to be paid when the bonds are redeemed prior to maturity.

b. Moneys in a bond reserve fund shall not be withdrawn from it at any time in an amount that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, as provided in this subsection, except for the purpose of making, with respect to bonds secured in whole or in part by the fund, payment when due of principal, interest, redemption premiums, and the sinking fund payments with respect to the bonds for the payment of which other moneys of the treasurer are not available. Any income or interest earned by, or incremental to, a bond reserve fund due to the investment of it may be transferred by the treasurer to other funds or accounts to the extent the transfer does not reduce the amount of that bond reserve fund below the bond reserve fund requirement for it.

For the purposes of this subsection, the term “*bond reserve fund requirement*” means, as of any particular date of computation, an amount of money, as provided in the resolutions authorizing the bonds with respect to which the fund is established.

d. To assure the continued solvency of any bonds secured by the bond reserve fund, provision is made in paragraph “c” for the accumulation in each bond reserve fund of an amount equal to the bond reserve fund requirement for the fund. In order further to assure maintenance of the bond reserve funds, the treasurer shall, on or before January 1 of each calendar year, make and deliver to the governor the treasurer’s certificate stating the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund. Within thirty days after the beginning of the session of the general assembly next following the delivery of the certificate, the governor shall submit to both houses printed copies of a budget including the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund. Bonds issued and sold under this section are payable solely and only out of the moneys in the revenue bonds debt service fund, the revenue bonds federal subsidy holdback fund, and any bond reserve funds established pursuant to section 12.89, and only to the extent provided in the trust indenture, resolution, or other instrument authorizing their issuance. All moneys in the revenue bonds debt service fund, the revenue bonds federal subsidy holdback fund, and any bond reserve funds established pursuant to section 12.89 may be deposited with trustees or depositories in accordance with the terms of the trust indentures, resolutions, or other instruments authorizing the issuance of bonds and pledged by the treasurer of state to the payment thereof. Bonds issued and sold under this section shall contain a statement that the bonds are limited special obligations of the state and do not constitute a debt or indebtedness of the state or a pledge of the faith or credit of the state or a charge against the general credit or general fund of the state. The treasurer of state shall not pledge the credit or taxing power of this state or any political subdivision of this state or make bonds issued and sold pursuant to this section payable out of any moneys except those in the revenue bonds debt service fund, the revenue bonds federal subsidy holdback fund, and any bond reserve funds established pursuant to section 12.89.

3. The proceeds of bonds issued and sold by the treasurer of state and not required for immediate disbursement may be deposited with a trustee or depository as provided in the bond documents and invested or reinvested in any investment as directed by the treasurer of state and specified in the trust indenture, resolution, or other instrument pursuant to which the bonds are issued and sold without regard to any limitation otherwise provided by law.

4. The bonds, if issued and sold, shall be:

a. In a form, issued in denominations, executed in a manner, and payable over terms and with rights of redemption, and be subject to such other terms and conditions as prescribed in the trust indenture, resolution, or other instrument authorizing their issuance.

b. Negotiable instruments and investment securities under the laws of the state and sold at prices, at public or private sale, and in a manner, as prescribed by the treasurer of state. Chapters 73A, 74, 74A, and 75 do not apply to the sale or issuance of the bonds.

c. Subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest, and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this section and as determined by the trust indenture, resolution, or other instrument authorizing their issuance.

5. The bonds are securities in which public officers and bodies of this state; political subdivisions of this state; insurance companies and associations and other persons carrying on an insurance business; banks, trust companies, savings associations, and investment companies; administrators, guardians, executors, trustees, and other fiduciaries; and other persons authorized to invest in bonds or other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them.

6. Bonds must be authorized by a trust indenture, resolution, or other instrument of the treasurer of state.

7. The resolution, trust indenture, or any other instrument by which a pledge is created shall not be required to be recorded or filed under the Iowa uniform commercial code, chapter 554, to be valid, binding, or effective.

8. Any bonds issued and sold under the provisions of this section are declared to be issued and sold for an essential public and governmental purpose, and all bonds issued and sold under this section except as otherwise provided in any trust indentures, resolutions, or other instruments authorizing their issuance shall be exempt from taxation by the state of Iowa and the interest on the bonds shall be exempt from the state income tax and the state inheritance tax.

9. The treasurer of state may issue and sell bonds for the purpose of refunding any bonds issued and sold pursuant to this section then outstanding, including the payment of any redemption premiums thereon and any interest accrued or to accrue to the date of redemption of the outstanding bonds. Until the proceeds of bonds issued for the purpose of refunding outstanding bonds are applied to the purchase or retirement of outstanding bonds or the redemption of outstanding bonds, the proceeds may be placed in escrow and be invested and reinvested in accordance with the provisions of this section. The interest,

income, and profits earned or realized on an investment may also be applied to the payment of the outstanding bonds to be refunded by purchase, retirement, or redemption. After the terms of the escrow have been fully satisfied and carried out, any balance of proceeds and interest earned or realized on the investments shall be returned to the treasurer of state for deposit in the revenue bonds debt service fund established in section 12.89. All refunding bonds shall be issued, sold and secured and subject to the provisions of this section in the same manner and to the same extent as other bonds issued and sold pursuant to this section.

10. Bonds issued and sold pursuant to this section are limited special obligations of the state and are not a debt or indebtedness of the state, nor of any political subdivision of the state, and do not constitute a pledge of the faith and credit of the state or a charge against the general credit or general fund of the state. The issuance and sale of any bonds pursuant to this section by the treasurer of state do not directly, indirectly, or contingently obligate the state or a political subdivision of the state to apply moneys from or to levy or pledge any form of taxation whatever to, or to continue the appropriation of the funds for, the payment of the bonds. Bonds issued and sold under this section are payable solely and only from moneys in the revenue bonds debt service fund and any reserve fund created in section 12.89 and only to the extent provided in the trust indenture, resolution, or other instrument authorizing their issuance.

11. The treasurer of state may enter into or obtain authorizing documents and other agreements and ancillary arrangements with respect to the bonds as the treasurer of state determines to be in the best interests of the state, including but not limited to trust indentures, resolutions, other instruments authorizing the issuance of the bonds, liquidity facilities, remarketing or dealer agreements, letter of credit agreements, insurance policies, guaranty agreements, reimbursement agreements, indexing agreements, or interest rate exchange agreements.

12. Neither the treasurer of state, the Iowa finance authority, nor any person acting on behalf of the treasurer of state or the Iowa finance authority while acting within the scope of their employment or agency, is subject to personal liability resulting from carrying out the powers and duties conferred by this section and sections 12.88 through 12.90.

13. As used in this section and sections 12.88 through 12.90, the term “bonds” means bonds, notes, or other evidence of obligations.

The moneys in such fund are appropriated and shall be used for the purpose of making all payments with respect to bonds issued and sold pursuant to section 12.87, including but not limited to the following:

a. Principal payments, interest payments, sinking fund payments, purchase price, redemption price, redemption premiums, and interest rate exchange payments.

a. The proceeds of bonds to the extent provided in the trust indenture, resolution, or other instrument authorizing their issuance and investment earnings on the proceeds.

b. The revenues required to be deposited into the fund pursuant to section 8.57, subsection 5, paragraph "e", subparagraphs (1) and (2).

- c. Transfers from any bond reserve fund created pursuant to this section.
 - d. Federal subsidies and any transfers from the revenue bonds federal subsidy holdback fund created pursuant to section 12.89A.
 - e. Interest attributable to investment of moneys in the fund or an account of the fund.
 - f. Any other moneys from any other sources which may be legally available to the treasurer of state for the purpose of the fund.
3. a. The treasurer of state may create and establish one or more special funds, to be known as bond reserve funds, to secure one or more issues of bonds issued and sold pursuant to section 12.87. The treasurer of state shall pay into each bond reserve fund any moneys appropriated and made available for the purpose of the fund, any proceeds of sale of bonds to the extent provided in the trust indenture, resolution, or other instrument authorizing their issuance, and any other moneys which may be legally available to the treasurer of state for the purpose of the fund from any other sources. All moneys held in a bond reserve fund shall be used or transferred to the revenue bonds debt service fund to be used as required solely to make the payments authorized to be made from such fund pursuant to subsection 1.
- b. Moneys in a bond reserve fund shall not be transferred or withdrawn from the fund at any time in an amount that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, as provided in this subsection, except for the purpose of making, with respect to bonds secured in whole or in part by the fund, the payments authorized to be made from such fund pursuant to subsection 1 for the payment of which sufficient moneys in the revenue bonds debt service fund are not available. Any income or interest earned by, or incremental to, a bond reserve fund due to the investment of moneys in the bond reserve fund may be transferred by the treasurer of state to other funds or accounts to the extent the transfer does not reduce the amount of that bond reserve fund below the established bond reserve fund requirement.
- c. The treasurer of state shall not at any time issue and sell bonds, secured in whole or in part by a bond reserve fund if, upon the issuance of the bonds, the amount in the bond reserve fund will be less than the bond reserve fund requirement for the fund, unless the treasurer of state at the time of issuance of the bonds deposits in the fund from the proceeds of the bonds issued or from other legally available sources an amount which, together with the amount then in the fund, will not be less than the bond reserve fund requirement for the fund. For the purposes of this subsection, the term "*bond reserve fund requirement*" means, as of any particular date of computation, an amount of moneys, as provided in the trust indenture, resolution, or other instrument authorizing the bonds with respect to which the fund is established.
- d. To assure the continued solvency of any bonds secured by a bond reserve fund, provision is made in paragraph "c" for the accumulation in each bond reserve fund of an amount equal to the bond reserve fund requirement for the fund. In order further to assure maintenance of the bond reserve funds, the treasurer of state shall, on or before January 1 of each calendar year, make and deliver to the governor and to both houses of the general assembly the treasurer of state's certificate stating the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund and requesting that the budget and appropriation bills approved for such fiscal year include amounts sufficient to restore each bond reserve fund to the bond reserve fund requirement for such fund. Within thirty days after the beginning of the session of the general assembly next following the delivery of the certificate, the governor may submit to both houses printed copies of a budget including the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund. Any sums appropriated by the general assembly and paid to the treasurer of state pursuant to this subsection shall be deposited by the treasurer of state in the applicable bond reserve fund.
4. Except as otherwise provided in this section, the moneys on deposit in the revenue bonds debt service fund or any bond reserve fund relating to bonds issued pursuant to section 12.87 shall be held for the sole benefit of the bonds and shall not be pledged or used for the benefit of any bonds issued by the treasurer of state pursuant to any other section of the Code.
5. Moneys in the revenue bonds debt service fund and any bond reserve fund created pursuant to this section are not subject to section 8.33; provided however, that on August

31 following the close of each fiscal year, any moneys on deposit in the revenue bonds debt service fund at the end of such fiscal year, which is determined by the treasurer of state to not be encumbered or obligated or otherwise necessary to make the payments for such fiscal year authorized to be made from such fund pursuant to subsection 1, shall be credited to the rebuild Iowa infrastructure fund created in section 8.57. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the revenue bonds debt service fund and any bond reserve fund shall be credited to such funds.

The treasurer of state may issue bonds in principal amounts which, in the opinion of the treasurer, are necessary to provide sufficient funds for the costs of the project, the payment of interest on the bonds, the establishment of reserves to secure the bonds, the costs of issuance of the bonds, other expenditures of the treasurer of state incident to and necessary or convenient to carry out the bond issue, and all other expenditures of the utilities board and the department of administrative services in connection with the construction of the project. The bonds are investment securities and negotiable instruments within the meaning of and for purposes of the Iowa uniform commercial code, chapter 554.

3. Bonds issued under this section are payable solely and only out of the moneys, assets, or revenues of the chargeable expenses fund and any bond reserve funds established pursuant to this section, all of which may be held by the treasurer of state or deposited with trustees or depositories in accordance with bond or security documents and pledged by the treasurer of state to the payment thereof. Bonds issued under this section shall contain a statement that the bonds do not constitute an indebtedness of the state. The treasurer of state shall not pledge the credit or taxing power of this state or any political subdivision of this state or make bonds issued pursuant to this section payable out of any moneys except those in the chargeable expenses fund and any bond reserve funds established pursuant to this section.

4. The proceeds of bonds issued by the treasurer of state and not required for immediate disbursement may be deposited with a trustee or depository as provided in the bond documents and invested or reinvested in any investment as directed by the treasurer of state and specified in the trust indenture, resolution, or other instrument pursuant to which the bonds are issued without regard to any limitation otherwise provided by law.

6. The bonds are securities in which public officers and bodies of this state; political subdivisions of this state; insurance companies and associations and other persons carrying on an insurance business; banks, trust companies, savings associations, and investment companies; administrators, guardians, executors, trustees, and other fiduciaries; and other persons authorized to invest in bonds or other obligations of the state may properly and legally invest funds, including capital, in their control or belonging to them.

7. Bonds must be authorized by a trust indenture, resolution, or other instrument of the treasurer of state.

8. Neither the resolution, trust agreement, nor any other instrument by which a pledge is created needs to be recorded or filed under the Iowa uniform commercial code, chapter 554, to be valid, binding, or effective.

10. Subject to the terms of any bond documents, moneys in the chargeable expenses fund may be expended for administration expenses of the treasurer of state in connection with the bonds.

11. The treasurer of state may issue bonds for the purpose of refunding any bonds issued pursuant to this section then outstanding, including the payment of any redemption premiums thereon and any interest accrued or to accrue to the date of redemption of the outstanding bonds. Until the proceeds of bonds issued for the purpose of refunding outstanding bonds are applied to the purchase or retirement of outstanding bonds or the redemption of outstanding bonds, the proceeds may be placed in escrow and be invested and reinvested in accordance with the provisions of this section. The interest, income, and profits earned or realized on an investment may also be applied to the payment of the outstanding bonds to be refunded by purchase, retirement, or redemption. After the terms of the escrow have been fully satisfied and carried out, any balance of proceeds and interest earned or realized on the investments may be returned to the treasurer of state for deposit in the chargeable expenses fund unless all bonds issued under the provisions of this section have been retired, in which case the proceeds shall be deposited in the general fund of the state. All refunding bonds shall be issued and secured and subject to the provisions of this chapter in the same manner and to the same extent as other bonds issued pursuant to this section.

12. A chargeable expenses fund is created and established as a separate and distinct fund in the state treasury. The moneys in the fund are appropriated for payment of the principal of, premium, and interest on any bonds issued under this section. Moneys in the fund shall not be subject to appropriation for any other purpose by the general assembly, but shall be used only for the purposes of the chargeable expenses fund. The treasurer of state shall act as custodian of the fund and disburse moneys contained in the fund for payment of the principal of, premium, and interest on any bonds issued under this section. Notwithstanding section 476.10, there shall in each fiscal year be deposited in the chargeable expenses fund from amounts collected by the utilities board as chargeable expenses an amount equal to the principal of, premium, if any, and interest on any bonds issued under this section to become due, whether at maturity, by call for optional redemption or by sinking fund redemption, in such fiscal year. The treasurer of state is authorized to pledge any amounts in the chargeable expenses fund as security for the payment of the principal of, premium, and interest on any bonds issued under this section. The treasurer of state may provide in the trust indenture, resolution, or other instrument authorizing the issuance of bonds for the transfer to the general fund of the state of any amounts on deposit in the chargeable expenses fund that

are not necessary for the payment of the principal of, premium, and interest on any bonds issued under this section.

14. a. The treasurer of state may create and establish one or more special funds, to be known as “*bond reserve funds*”, to secure one or more issues of bonds issued pursuant to this section. The treasurer of state shall pay into each bond reserve fund any moneys appropriated and made available by the state or the treasurer of state for the purpose of the fund, any proceeds of sale of bonds to the extent provided in the resolutions authorizing their issuance, and any other moneys which may be available to the treasurer of state for the purpose of the fund from any other sources. All moneys held in a bond reserve fund, except as otherwise provided in this chapter, shall be used as required solely for the payment of the principal of bonds secured in whole or in part by the fund or of the sinking fund payments with respect to the bonds, the purchase or redemption of the bonds, the payment of interest on the bonds, or the payments of any redemption premium required to be paid when the bonds are redeemed prior to maturity.

b. Moneys in a bond reserve fund shall not be withdrawn from it at any time in an amount that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, as provided in this subsection, except for the purpose of making, with respect to bonds secured in whole or in part by the fund, payment when due of principal, interest, redemption premiums, and the sinking fund payments with respect to the bonds for the payment of which other moneys of the treasurer of state are not available. Any income or interest earned by, or incremental to, a bond reserve fund due to the investment of it may be transferred by the treasurer of state to other funds or accounts to the extent the transfer does not reduce the amount of that bond reserve fund below the bond reserve fund requirement for that bond reserve fund. For the purposes of this subsection, the term “*bond reserve fund requirement*” means, as of any particular date of computation, an amount of money, as provided in the resolutions authorizing the bonds with respect to which the fund is established.

c. The treasurer of state shall comply with the provisions of section 476.10B in order to assure the maintenance of any bond reserve funds established under this section.

15. It is the intent of the general assembly that a pledge made in respect of bonds issued under this section shall be valid and binding from the time the pledge is made, that the money or property so pledged and received after the pledge by the treasurer of state shall immediately be subject to the lien of the pledge without physical delivery or further act, and that the lien of the pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the treasurer of state whether or not the parties have notice of the lien.

16. Bonds issued pursuant to this section are not debts of the state, nor of any political subdivision of the state, and do not constitute a pledge of the faith and credit of the state or a charge against the general credit or general fund of the state. The issuance of any bonds pursuant to this section by the treasurer of state does not directly, indirectly, or contingently obligate the state or a political subdivision of the state to apply moneys from, or to levy or pledge any form of taxation whatever to, the payment of the bonds. Bonds issued under this section are payable solely and only from the sources and special fund provided in this section.

17. This section, being necessary for the welfare of this state and its inhabitants, shall be liberally construed to effect its purposes.

12A.4 General powers.

1. An issuer may issue bonds under this chapter and do all things necessary with respect to the issuance of the bonds. An issuer shall have all of the powers necessary to issue and secure bonds and carry out the purposes for which the bonds are to be issued, including the power to secure credit enhancement or support and to enter into agreements providing interest rate protection, as deemed appropriate by the issuer. The issuer may issue bonds in principal amounts consistent with the enabling legislation and which the issuer determines are necessary to provide sufficient funds for the purposes for which the bonds are issued, and to provide for the payment of capitalized interest on the bonds, the establishment of reserves to secure the bonds, the payment of the costs of issuance of the bonds, the payment of other expenditures of the issuer incident to and necessary or convenient to carry out the issue, and the payment of all other expenditures necessary or convenient to carry out the purposes for which the bonds are issued.

2. The proceeds of bonds issued by the issuer and not required for immediate disbursement may be deposited with a trustee or depository or the treasurer of state as provided in the authorizing documents. Proceeds shall be invested or reinvested as directed by the treasurer of state and specified in the authorizing documents without regard to any limitation otherwise provided by law.

3. Bonds shall be issued as follows:

a. In a form, issued in denominations, executed in a manner, and payable over terms and with rights of redemption, and subject to such other terms and conditions as prescribed in the authorizing documents.

b. Sold at prices, at public or private sale, and in a manner, as prescribed by the issuer. Chapters 73A, 74, 74A, 75, and 76 do not apply to the sale, issuance, or retirement of the bonds if this chapter is utilized.

c. Subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest, and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this chapter and as determined by the authorizing documents.

4. Bonds issued under this chapter are investment securities and negotiable instruments within the meaning of and for purposes of the uniform commercial code, chapter 554. Bonds are securities in which public officers and bodies of this state; political subdivisions of this state; insurance companies and associations and other persons carrying on an insurance business; banks, trust companies, savings associations, and investment companies; administrators, guardians, executors, trustees, and other fiduciaries; and other persons authorized to invest in bonds of the state, may properly and legally invest funds, including capital, in their control or belonging to them.

5. Bonds must be authorized by the authorizing documents. The authorizing documents may, however, delegate to an officer of a board or of a governing body of an issuer the power to negotiate and fix the details of an issue of bonds.

6. A resolution, trust agreement, or any other instrument by which a pledge is created shall not be required to be recorded or filed under the uniform commercial code, chapter 554, to be valid, binding, or effective.

7. Subject to the terms of the authorizing documents, the proceeds of bonds may be expended for administrative expenses.

8. An issuer may issue bonds for the purpose of refunding any bonds then outstanding, including the payment of any redemption premiums thereon and any interest accrued or to

accrue to the date of redemption of the outstanding bonds. Until the proceeds of bonds issued for the purpose of refunding outstanding bonds are applied to the purchase or retirement of outstanding bonds or the redemption of outstanding bonds, the proceeds may be placed in escrow and be invested and reinvested in accordance with the provisions of this chapter, the authorizing documents, and any applicable escrow agreement. The interest, income, and profits earned or realized on an investment may also be applied to the payment of the outstanding bonds to be refunded by purchase, retirement, or redemption. After the terms of the escrow have been fully satisfied and carried out, any balance of proceeds and interest earned or realized on the investments shall be returned to the issuer. The issuer shall pay into each bond reserve fund any moneys appropriated and made available by the state for the purpose of that reserve fund, any proceeds of the sale of bonds to the extent provided in the authorizing documents, and any other moneys which may be legally available from any other sources and which the issuer determines to deposit in the reserve fund. All moneys held in a bond reserve fund, except as otherwise provided in this chapter, shall be used solely for the payment of the principal of bonds secured in whole or in part by the fund or other payments with respect to the bonds, the purchase or redemption of the bonds, the payment of interest on the bonds, or the payments of any redemption premium required to be paid when the bonds are redeemed prior to maturity, all in accordance with the authorizing documents.

2. Except as otherwise specified in the authorizing documents, moneys in a bond reserve fund shall not be withdrawn at any time in an amount that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, except for the purpose of making payment as described in subsection 1. For the purposes of this chapter, “*bond reserve fund requirement*” means, as of any particular date of computation, the amount of moneys, provided in the authorizing documents with respect to which the fund is established. Any income or interest earned by, or incremental to, a bond reserve fund due to its investment may be transferred to other funds or accounts as provided in the authorizing documents to the extent the transfer does not reduce the amount of that bond reserve fund below its bond reserve fund requirement.

3. The issuer shall not at any time issue bonds, secured in whole or in part by a bond reserve fund if, upon the issuance of the bonds, the amount in the bond reserve fund for the bonds will be less than the bond reserve fund requirement for the fund, unless the issuer at the time of issuance of the bonds deposits in the fund from the proceeds of the bonds issued or from other legally available sources an amount which, together with the amount then in the fund, will not be less than the bond reserve fund requirement for the fund.

The treasurer of state may act as custodian of the funds and disburse moneys contained in the funds as directed by the authorizing documents.

The lien of the pledge or assignment is valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the issuer irrespective of whether the parties have notice of the lien. b. State funds invested in depository time certificates of deposit shall draw interest at not less than the rate established, effective on the date of investment.

c. An interest rate established by the committee under this section shall be in effect commencing on the eighth calendar day following the day the rate is established and until a different rate is established and takes effect.

d. The committee shall give advisory notice of an interest rate established under this section. This notice may be given by publication in one or more newspapers, by publication in the Iowa administrative bulletin, by ordinary mail to persons directly affected, by any other method determined by the committee, or by a combination of these. In all cases, the notice shall be published in the Iowa administrative bulletin.

e. The notice shall contain the following words:

The rate of interest has been determined by a committee of the state of Iowa to be the minimum interest rate that shall be paid on public funds deposited in approved financial institutions. To be eligible to accept deposits of public funds of the state of Iowa, a financial institution shall demonstrate a commitment to serve the needs of the local community in which it is chartered to do business. These needs include credit services as well as deposit services. All such financial institutions are required to provide the committee with a written description of their commitment to provide credit services in the community. This statement is available for examination by citizens.

12C.6A Eligibility for state public funds — procedures.

1. Public funds of the state shall not be deposited in a financial institution which does not demonstrate a commitment to serve the needs of the local community in which it is chartered to do business, including the needs of neighborhoods, rural areas, and small businesses in communities served by the financial institution. These needs include credit services as well as deposit services.

2. In addition to establishing a minimum interest rate for public funds pursuant to section 12C.6, the committee composed of the superintendent of banking, the superintendent of credit unions, the auditor of state or a designee, and the treasurer of state shall develop a list of financial institutions eligible to accept state public funds. The committee shall require that a financial institution seeking to qualify for the list shall annually provide the committee a written statement that the financial institution has complied with the requirements of this chapter and has a commitment to community reinvestment consistent with the safe and sound operation of a financial institution, unless the financial institution has received a rating of satisfactory or higher pursuant to the federal Community Reinvestment Act, 12 U.S.C. §2901 et seq., and such rating is certified to the committee by the superintendent of banking. To qualify for the list, a financial institution must demonstrate a continuing commitment to meet the credit needs of the local community in which it is chartered.

3. The committee may require a financial institution to provide public notice inviting

the public to submit comments to the financial institution regarding its community lending activities. Each financial institution shall maintain a file open to public inspection which contains public comments received on its community investment activities, and the financial institution's response to those comments. The committee shall adopt procedures for both of the following:

a. To receive information relating to a financial institution's commitment to community reinvestment.

b. To receive challenges from any person to a financial institution's continued eligibility to receive public funds.

4. At least once a year the committee shall review any challenges that have been filed pursuant to subsection 3. The committee may hold a public hearing to consider the challenge. In considering a challenge, the committee shall review documents filed with federal regulatory authorities pursuant to the Community Reinvestment Act, 12 U.S.C. §2901 et seq., and regulations adopted pursuant to the Act, as amended to January 1, 1990. In addition, consistent with the confidentiality of financial institution records the committee shall consider other factors including, but not limited to, the following:

a. Activities conducted to determine the credit needs of the community.

b. Marketing and special credit-related programs to make citizens in the community aware of the credit services offered.

c. A description of how services actually provided satisfied the needs described under paragraph "a".

d. Practices intended to discourage application for home mortgages, small business loans, small farm loans, community development loans, and, if consumer lending constitutes a substantial majority of a financial institution's business, consumer loans.

e. Geographic distribution of credit extensions, credit applications and credit denials.

f. Evidence of prohibited discriminatory or other illegal credit practices.

g. Participation in local community and rural development and redevelopment projects, and in state and federal business and economic development programs, including investment in an Iowa agricultural industry finance corporation formed under the Iowa agricultural industry finance Act pursuant to chapter 15E.

h. Origination or purchase of residential mortgage loans, housing rehabilitation loans, home improvement loans and business or farm loans within the community.

i. Ability to meet various community credit needs based on financial condition, size, legal impediments, and local economic conditions.

5. a. A person who believes a bank has failed to meet its community reinvestment responsibility may file a complaint with the committee detailing the basis for that belief.

b. If any committee member, in the member's discretion, finds that the complaint has merit, the member may order the bank alleged to have failed to meet its community reinvestment responsibility to attend and participate in a meeting with the complainant. The committee member may specify who, at minimum, shall represent the bank at the meeting. At the meeting, or at any other time, the bank may, but is not required to, enter into an agreement with a complainant to correct alleged failings.

c. A majority of the committee may order a bank against which a complaint has been filed pursuant to this subsection, to disclose such additional information relating to community reinvestment as required by the order of the majority of the committee.

d. This subsection does not preempt any other remedies available under statutory or common law available to the committee, the superintendent of banking, or aggrieved persons to cure violations of this section or chapter 524, or rules adopted pursuant to this section or chapter 524. The committee may conduct a public hearing as provided in subsection 4 based upon the same complaint. An order finding merit in a complaint and ordering a meeting is not an election of remedies.

4. The public officer which deposits public funds with a credit union shall require, if the market value of the securities deposited with or for the benefit of the officer falls below one hundred ten percent of the deposit liability to the public officer, the deposit of additional security to bring the total market value of the security to one hundred ten percent of the amount of public funds held by the credit union.

12C.23 Payment of losses in a credit union.

1. a. The pledging of securities by a credit union pursuant to this chapter constitutes consent by the credit union to the disposition of the securities in accordance with this section.

b. The acceptance of public funds by a credit union pursuant to this chapter constitutes consent by the credit union to assessments by the treasurer of state in accordance with this chapter.

2. The credit union and the security given for the public funds in its hands are liable for payment if the credit union fails to pay a check, draft, or warrant drawn by the public officer or to account for a check, draft, warrant, order, or certificates of deposit, or any public funds entrusted to it if, in failing to pay, the credit union acts contrary to the terms of an agreement between the credit union and the public body treasurer. The credit union and the security given for the public funds in its hands are also liable for payment if the credit union fails to pay an assessment by the treasurer of state when the assessment is due.

3. If a credit union is closed by its primary regulatory officials, the public body with deposits in the credit union may sell the collateral to pay for any loss of principal and accrued interest.

a. In cooperation with the responsible regulatory officials for the credit union, the public body shall validate the amount of public funds on deposit at the defaulting credit union and the amount of deposit insurance applicable to the deposits.

b. The loss to public depositors shall be satisfied, first through any applicable deposit insurance and then through the sale of securities pledged by the defaulting credit union, and then the assets of the defaulting credit union. The priority of claims are those established pursuant to section 533.404, subsection 1, paragraph “b”. To the extent permitted by federal law, in the distribution of an insolvent federally chartered credit union’s assets, the order of payment of liabilities if its assets are insufficient to pay in full all its liabilities for which claims are made shall be in the same order as for the equivalent type of state chartered credit union as provided in section 533.404, subsection 1, paragraph “b”.

c. The claim of a public depositor for purposes of this section shall be the amount of the depositor’s deposits plus interest to the date the funds are distributed to the public depositor at the rate the credit union agreed to pay on the funds reduced by the portion of the funds which is insured by federal deposit insurance.

d. If the loss to public funds is not covered by insurance and the proceeds of the failed credit union’s assets which are liquidated within thirty days of the closing of the credit union

and pledged collateral, the treasurer shall provide coverage of the remaining loss from the state sinking fund for public deposits in credit unions. If the funds are inadequate to cover the entire loss, then the treasurer shall make an assessment against other credit unions who hold public funds. The assessment shall be determined by multiplying the total amount of the remaining loss to public depositors by a percentage that represents the average of public funds deposits held by all credit unions during the preceding twelve-month period ending on the last day of the month immediately preceding the month the credit union was closed. Each credit union shall pay its assessment to the treasurer within three business days after it receives notice of assessment. If a credit union fails to pay its assessment when due, the treasurer of state shall initiate a lawsuit to collect the assessment. If a credit union is found to have failed to pay the assessment as required by this paragraph, the court shall order it to pay the assessment, court costs, reasonable attorney's fees based upon the amount of time the attorney general's office spent preparing and bringing the action, and reasonable expenses incurred by the treasurer of state's office. Idle balances in the fund are to be invested by the treasurer with earnings credited to the fund. Fees paid by credit unions for administration of this chapter will be credited to the fund and the treasurer may deduct actual costs of administration from the fund.

e. Any amount realized from the sale of collateral pursuant to paragraph "d", in excess of the amount of a credit union's assessment, shall continue to be held by the treasurer, in the same interest-bearing investments available for public funds, as collateral until that credit union provides substitute collateral or is otherwise entitled to its release.

12C.23A Payment of losses in a bank.

1. The acceptance of public funds by a bank pursuant to this chapter constitutes all of the following:

- a. Agreement by the bank to pledge collateral as required by section 12C.22.
- b. Consent by the bank to the disposition of the collateral in accordance with this section.
- c. Consent by the bank to assessments by the treasurer of state in accordance with this chapter.

d. Agreement by the bank to provide accurate information and to otherwise comply with the requirements of this chapter.

e. Consent to the jurisdiction and authority of the superintendent as provided under section 12C.29.

2. A bank is liable for payment if the bank fails to pay a check, draft, or warrant drawn by a public funds depositor or to account for a check, draft, warrant, order, or certificate of deposit, or any public funds entrusted to the bank if, in failing to pay, the bank acts contrary to the terms of an agreement between the bank and the public funds depositor. The bank is also liable to the treasurer of state for payment if the bank fails to pay an assessment by the treasurer of state under subsection 3 when the assessment is due.

3. If a bank is closed by its primary state or federal regulator, including a bank that has accepted public funds deposits under section 12B.10, subsection 7, each public funds depositor with deposits in the bank shall notify the treasurer of state of the amount of any claim within thirty days of the closing. The treasurer of state shall implement the following procedures:

a. In cooperation with the responsible regulatory officials for the closed bank, the treasurer shall validate the amount of public funds on deposit at the closed bank and the amount of deposit insurance applicable to the deposits.

b. Any loss to a public funds depositor shall be satisfied first by any federal deposit insurance, then by the sale or other disposition of collateral pledged by the closed bank,

then from the assets of the closed bank. To the extent permitted by federal law, the priority of claims are those established pursuant to section 524.1312, subsection 2. To the extent permitted by federal law, in the distribution of an insolvent federally chartered bank's assets, the order of payment of liabilities, if its assets are insufficient to pay in full all its liabilities for which claims are made, shall be in the same order as for a state bank as provided in section 524.1312, subsection 2.

c. The claim of a public funds depositor for purposes of this section shall be the amount of the depositor's public funds deposits plus interest to the date the funds are distributed to the public funds depositor at the rate the bank agreed to pay on the public funds reduced by the portion of the public funds that is insured by federal deposit insurance.

d. If the loss of public funds is not covered by federal deposit insurance and the proceeds of the closed bank's assets that are liquidated within thirty days of the closing of the bank are not sufficient to cover the loss, then any further payments to cover the loss will come from the state sinking fund for public deposits in banks. If the balance in that sinking fund is inadequate to pay the entire loss, then the treasurer shall obtain the additional amount needed by making an assessment against other banks whose public funds deposits exceed federal deposit insurance coverage. A bank's assessment shall be determined by multiplying the total amount of the remaining loss to all public depositors in the closed bank by a percentage that represents the assessed bank's proportional share of the total of uninsured public funds deposits held by all banks and all branches of out-of-state banks, based upon the average of the uninsured public funds of the assessed bank or branch of an out-of-state bank as of the end of the four calendar quarters prior to the date of closing of the closed bank and the average of the uninsured public funds in all banks and branches of out-of-state banks as of the end of the four calendar quarters prior to the date of closing of the closed bank, excluding the amount of uninsured public funds held by the closed bank at the end of the four calendar quarters. Each bank shall pay its assessment to the treasurer of state within three business days after it receives notice of assessment. For purposes of this section, when calculating uninsured public funds, a bank shall include all deposits of customers of other financial institutions as permitted by section 12B.10, subsection 7.

e. If a bank fails to pay its assessment when due, the treasurer of state shall make additional assessments as may be necessary against other banks that hold uninsured public funds to satisfy any unpaid assessment. Any additional assessments shall be determined, collected, and satisfied in the same manner as the first assessment except that in calculating the amount of each such additional assessment, the amount of uninsured public funds held by the bank that fails to pay the assessment shall not be counted.

f. If a bank fails to pay its assessment when due, the treasurer of state shall notify the superintendent or the comptroller of the currency, as applicable, of the failure to pay the assessment. If the bank that has failed to pay the assessment is a nationally chartered financial institution, the superintendent shall immediately notify the bank's primary federal regulator. If the assessment is not paid within thirty days after the bank received the notice of assessment, the treasurer of state shall initiate a lawsuit to collect the amount of the assessment. If a bank is found to have failed to pay the assessment as required by this subsection and is ordered to pay the assessment, the court shall also order that the bank pay court costs and reasonable attorney fees based on the amount of time the attorney general's office spent preparing and bringing the action, and reasonable expenses incurred by the treasurer of state.

g. Following collection of the assessments, the treasurer of state shall distribute funds to the public depositors of the closed bank according to their validated claims unless a public depositor requests in writing that the claims of other public depositors be paid prior to payment to the public depositor making the request. By receiving payment under this section, a public depositor shall be deemed to have assigned to the treasurer of state any claim the public depositor may have against the closed bank by reason of the deposit of its

public funds and all rights the public depositor may have in funds that subsequently become available to depositors of the closed bank.

1. If at the end of any calendar year the amount in the sinking fund exceeds three million one hundred thousand dollars, then to the extent the amount in the sinking fund exceeds three million dollars, the treasurer shall, on or before January 31 of the following year, refund to each bank that paid an assessment after the year 1999 to the sinking fund resulting from the closing of a bank, its pro rata share of the unreimbursed portion of the total assessment paid by all banks. If assessments remain unreimbursed by reason of the closing of more than one bank, the reimbursements shall be made to the banks that paid assessments by reason of the bank which closed first until those banks are reimbursed in full, and then to the banks that paid assessments by reason of the bank which closed next. Such a refund shall not be made to a bank if the refund would exceed the amount of previous assessments paid by the bank.

2. Upon recovery of a loss of public funds due to a closed credit union, the treasurer of state may refund all or a portion of the recovered amount to the credit unions that paid an assessment under this chapter as a result of the closing of that credit union.

12C.29 Authority of superintendent to issue orders.

1. If it appears to the superintendent that a bank is violating or has violated, or the superintendent has reasonable cause to believe that a bank is about to violate, any provision of this chapter or any rules adopted pursuant thereto, or if a bank is less than well capitalized as defined in 12 U.S.C. §1831o(b)(1)(A), or if a bank is subject to a final order or written agreement subject to the public disclosure requirements of 12 U.S.C. §1818(u), the superintendent may issue an order requiring the bank to do one or more of the following:

- a. Not accept uninsured public funds deposits.
- b. Reduce the amount of uninsured public funds accepted.
- c. Return to the depositors some or all uninsured public funds held in demand deposits and, when deposit instruments or agreements mature, return to the depositors some or all uninsured deposits representing proceeds of such instruments or agreements.
- d. Pledge collateral to the treasurer of state, with such collateral having a value at all times up to one hundred ten percent of the public funds held by the bank.
- e. Comply with such other requirements as the superintendent may impose.

2. An order issued pursuant to this section shall become effective upon service of the order on the bank and shall remain effective except to such extent modified, terminated, or set aside by action of the superintendent or of the district court of Polk county as provided in subsection 3.

3. An order issued pursuant to this section shall contain a concise statement of the facts forming the basis for issuing the order and shall provide the bank an opportunity to appeal the order by requesting a hearing. If the bank requests a hearing, the hearing shall be fixed for a date not later than thirty days after the service of the order unless a later date is set at the request of the bank. If upon the record made at the hearing, the superintendent finds that the grounds for the order have been established, the superintendent may issue and serve upon the bank an order upholding the original order. If the superintendent finds the grounds for the order have not been established, the superintendent shall set aside the original order or modify the order, as the superintendent deems appropriate. An administrative law judge may assist the superintendent at the hearing or, at the superintendent's request, preside over the hearing. The hearing shall not be open to the public. The superintendent's decision shall be subject to judicial review in Polk county district court in accordance with the provisions of chapter 17A.

4. An order issued pursuant to this section shall be confidential, and the Polk county district court shall review the record in camera and shall maintain filings of any judicial review filed pursuant to subsection 3 under seal.

5. This section is intended to provide the superintendent additional authority and regulatory flexibility in regulating a bank that accepts public funds deposits and whose financial condition, level of public funds, or level of collateral may pose a greater than normal risk of loss coverage from the state sinking fund applicable for uninsured and unsecured public funds.

6. An act or omission by the superintendent pursuant to this section shall not subject the state to liability.

12D.1 Purpose and definitions.

1. The general assembly finds that the general welfare and well-being of the state are directly related to educational levels and skills of the citizens of the state, and that a vital and valid public purpose is served by the creation and implementation of programs which encourage and make possible the attainment of formal education by the greatest number of citizens of the state. The general welfare of the citizens of the state will be enhanced by establishing a program which allows citizens of the state to invest money in a public trust for future application to the payment of qualified education expenses. The creation of the means of encouragement for citizens to invest in such a program represents the carrying out of a vital and valid public purpose. In order to make available to the citizens of the state an opportunity to fund future formal education needs, it is necessary that a public trust be established in which moneys may be invested for future educational use.
