3. When the president of the United States has declared a major disaster to exist in the state and upon the governor's determination that a local government of the state will suffer a substantial loss of tax and other revenues from a major disaster and has demonstrated a need for financial assistance to perform its governmental functions, apply to the federal government, on behalf of the local government for a loan, receive and disburse the proceeds of any approved loan to any applicant local government, determine the amount needed by any applicant local government to restore or resume its governmental functions, and certify the same to the federal government; however, no application amount shall exceed twenty-five percent of the annual operating budget of the applicant for the fiscal year in which the major disaster occurs. The governor may recommend to the federal government, based upon the governor's review, the cancellation of all or any part or repayment when, in the first three full fiscal year period following the major disaster, the revenues of the local government are insufficient to meet its operating expenses, including additional disaster-related expenses of a municipal operation character.

4. When a disaster emergency is proclaimed, notwithstanding any other provision of law, through the use of state agencies or the use of any of the political subdivisions of the state, clear or remove from publicly or privately owned land or water, debris and wreckage which may threaten public health or safety or public or private property. The governor may accept funds from the federal government and utilize such funds to make grants to any local government for the purpose of removing debris or wreckage from publicly or privately owned land or water. Authority shall not be exercised by the governor unless the affected local government, corporation, organization or individual shall first present an additional authorization for removal of such debris or wreckage from public and private property and, in the case of removal of debris or wreckage from private property, such corporation, organization or individual shall first agree to hold harmless the state or local government against any claim arising from such removal. When the governor provides for clearance of debris or wreckage, employees of the designated state agencies or individuals appointed by the state may enter upon private land or waters and perform any tasks necessary to the removal or clearance operation. Any state employee or agent complying with orders of the governor and performing duties pursuant to such orders under this chapter shall be considered to be acting within the scope of employment within the meaning specified in chapter 669.

5. When the president of the United States has declared a major disaster to exist in the state and upon the governor's determination that financial assistance is essential to meet disaster-related necessary expenses or serious needs of individuals or families adversely affected by a major disaster that cannot be otherwise adequately met from other means of assistance, accept a grant by the federal government to fund such financial assistance, subject to such terms and conditions as may be imposed upon the grant and enter into an agreement with the federal government pledging the state to participate in the funding of the financial assistance authorized in an amount not to exceed twenty-five percent thereof, and, if state funds are not otherwise available to the governor, accept an advance of the state share from the federal government to be repaid when the state is able to do so.

6. Suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business, or the orders or rules, of any state agency, if strict compliance

with the provisions of any statute, order or rule would in any way prevent, hinder, or delay necessary action in coping with the emergency by stating in a proclamation such reasons. Upon the request of a local governing body, the governor may also suspend statutes limiting local governments in their ability to provide services to aid disaster victims.

7. On behalf of this state, enter into mutual aid arrangements with other states, including mutual aid arrangements with other states that extend the terms and conditions set forth in the interstate emergency management assistance compact described in section 29C.21 to situations in which an emergency or disaster proclamation has not been made by the governor of an affected state, and to coordinate mutual aid plans between political subdivisions of this state.

8. Delegate any administrative authority vested in the governor under this chapter and provide for the subdelegation of any such authority.

9. Cooperate with the president of the United States and the heads of the armed forces, the emergency management agencies of the United States and other appropriate federal officers and agencies and with the officers and agencies of other states in matters pertaining to emergency management of the state and nation.

10. Utilize all available resources of the state government as reasonably necessary to cope with the disaster emergency and of each political subdivision of the state.

11. Transfer the direction, personnel, or functions of state departments and agencies or units thereof for the purpose of performing or facilitating emergency management.

12. Subject to any applicable requirements for compensation, commander or utilize any private property if the governor finds this necessary to cope with the disaster emergency.

13. Direct the evacuation of all or part of the population from any stricken or threatened area within the state if the governor deems this action necessary for the preservation of life or other disaster mitigation, response, or recovery.

14. Prescribe routes, modes of transportation, and destinations in connection with evacuation.

15. Control ingress and egress to and from a disaster area, the movement of persons within the area, and the occupancy of premises in such area.

16. Suspend or limit the sale, dispensing, or transportation of alcoholic beverages, explosives, and combustibles.

17. *a.* When the president of the United States has declared a major disaster to exist in the state and upon the governor's determination that financial assistance is essential to meet disaster-related necessary expenses or serious needs of local and state government adversely affected by a major disaster that cannot be otherwise adequately met from other means of assistance, accept a grant by the federal government to fund the financial assistance, subject to terms and conditions imposed upon the grant, and enter into an agreement with the federal government pledging the state to participate in the funding of the financial assistance authorized to local government and eligible private nonprofit agencies in an amount not to exceed ten percent of the total eligible expenses, with the applicant providing the balance of any participation amount. If financial assistance is granted by the federal government for state disaster-related expenses or serious needs, the state shall participate in the funding of the financial assistance authorized in an amount not to exceed twenty-five percent of the total eligible expenses. If financial assistance is granted by the federal government for hazard mitigation, the state may participate in the funding of the financial assistance authorized to a local government in an amount not to exceed ten percent of the eligible expenses, with the applicant providing the balance of any participation amount. If financial assistance is granted by the federal government for state-related hazard mitigation, the state may participate in the funding of the financial assistance authorized, not to exceed fifty percent of the total eligible expenses. If state funds are not otherwise available to the governor, an advance of the state share may be accepted from the federal government to be repaid when the state is able to do so.

b. State participation in funding financial assistance under paragraph "a" is contingent

upon the local government having on file a state-approved, comprehensive emergency plan which meets the standards adopted pursuant to section 29C.9, subsection 8.

29C.20 Contingent fund — disaster aid.

1. *a.* A contingent fund is created in the state treasury for the use of the executive council. Funding for the contingent fund, if authorized by the executive council, shall be paid from the appropriations addressed in section 7D.29. Moneys in the contingent fund may be expended for the following purposes:

(1) Paying the expenses of suppressing an insurrection or riot, actual or threatened, when state aid has been rendered by order of the governor.

(2) Repairing, rebuilding, or restoring state property injured, destroyed, or lost by fire, storm, theft, or unavoidable cause.

(3) Repairing, rebuilding, or restoring state property that is fiberoptic cable and that is injured or destroyed by a wild animal.

(4) Purchasing a police service dog for the department of corrections when such a dog is injured or destroyed.

(5) Paying the expenses incurred by and claims of a homeland security and emergency response team when acting under the authority of section 29C.8, public health response teams when acting under the provisions of section 135.143, and a party state rendering assistance under the provisions of section 29C.21.

(6) (a) Aiding any governmental subdivision in an area declared by the governor to be a disaster area due to natural disasters or to expenditures necessitated by the governmental subdivision toward averting or lessening the impact of the potential disaster, where the effect of the disaster or action on the governmental subdivision is the immediate financial inability to meet the continuing requirements of local government.

(b) Upon application by a governmental subdivision in such an area, accompanied by a showing of obligations and expenditures necessitated by an actual or potential disaster in a form and with further information the executive council requires, the aid may be made in the discretion of the executive council and, if made, shall be in the nature of a loan up to a limit of seventy-five percent of the showing of obligations and expenditures. The loan, without interest, shall be repaid by the maximum annual emergency levy authorized by section 24.6, or by the appropriate levy authorized for a governmental subdivision not covered by section 24.6. The aggregate total of loans shall not exceed one million dollars during a fiscal year. A loan shall not be for an obligation or expenditure occurring more than two years previous to the application.

b. When a state department or agency requests that moneys from the contingent fund be expended to repair, rebuild, or restore state property injured, destroyed, or lost by fire, storm, theft, or unavoidable cause, or to repair, rebuild, or restore state property that is fiberoptic cable and that is injured or destroyed by a wild animal, or to purchase a police service dog for the department of corrections when such a dog is injured or destroyed, or for payment of the expenses incurred by and claims of a homeland security and emergency response team when acting under the authority of section 29C.8, the executive council shall consider the original source of the funds for acquisition of the property before authorizing the expenditure. If the original source was other than the general fund of the state, the department or agency shall be directed to utilize moneys from the original source if possible. The executive council shall not authorize the repairing, rebuilding, or restoring of the property from the disaster aid contingent fund if it determines that moneys from the original source are available to finance the project.

2. The proceeds of such loan shall be applied toward the payment of costs and obligations necessitated by such actual or potential disaster and the reimbursement of local funds from which such expenditures have been made. Any such project for repair, rebuilding or restoration of state property for which no specific appropriation has been made, shall, before work is begun, be subject to approval or rejection by the executive council.

3. If the president of the United States, at the request of the governor, has declared a major disaster to exist in this state, the executive council may make financial grants to meet disaster-related necessary expenses, serious needs, or hazard mitigation projects of local governments and eligible private nonprofit agencies adversely affected by the major disaster if those expenses or needs cannot otherwise be met from other means of assistance. The amount of the grant shall not exceed ten percent of the total eligible expenses and is conditional upon the federal government providing at least seventy-five percent for public assistance grants and at least fifty percent for hazard mitigation grants of the eligible expenses.

4. If the president, at the request of the governor, has declared a major disaster to exist in this state, the executive council may make financial grants to meet disaster-related necessary expenses or serious needs of individuals or families adversely affected by a major disaster which cannot otherwise adequately be met from other means of assistance. The amount of a financial grant shall not exceed the maximum federal authorization in the aggregate to an individual or family in any single major disaster declared by the president. All grants authorized to individuals and families will be subject to the federal government providing no less than seventy-five percent of each grant and the declaration of a major disaster in the state by the president of the United States.

5. If the president, at the request of the governor, has declared a major disaster to exist in this state, the executive council may lease or purchase sites and develop such sites to accommodate temporary housing units for disaster victims.

6. For the purposes of this section, “governmental subdivision” means any political subdivision of this state.

29C.20A Disaster aid individual assistance grant fund.

1. A disaster aid individual assistance grant fund is created in the state treasury for the use of the executive council. Moneys in the fund may be expended following the governor’s proclamation of a state of disaster emergency. The executive council may make financial grants to meet disaster-related expenses or serious needs of individuals or families adversely affected by a disaster which cannot otherwise be met by other means of financial assistance. The aggregate total of grants awarded shall not be more than one million dollars during a fiscal year. However, within the same fiscal year, additional funds may be specifically authorized by the executive council to meet additional needs.

2. The grant funds shall be administered by the department of human services. The department shall adopt rules to create the Iowa disaster aid individual assistance grant program. The rules shall specify the eligibility of applicants and eligible items for grant funding. The executive council shall use grant funds to reimburse the department of human services for its actual expenses associated with the administration of the grants. The department of human services may implement an ongoing contract with a provider or providers of a statewide program with local offices throughout the state to serve as the local administrative entity for the grant program so that the program can be implemented with minimal delay when a disaster occurs in a local area. The rules adopted by the department of human services for the program shall include but are not limited to all of the following:

a. If a local administrative entity is under contract with the state to provide other services or is implementing a state or federal program and the contract contains a sufficient surety bond or other adequate financial responsibility provision, the department shall accept the existing surety bond or financial responsibility provision in lieu of applying a new or additional surety bond or financial responsibility requirement.

b. If the president of the United States has declared a major disaster to exist in this state and federal aid is made available to provide assistance grants to individuals similar to that provided by the Iowa disaster aid individual assistance grant program, the Iowa program shall be discontinued.

c. Authorization for the local administrative entity to draw grant funding to pay valid claims on at least a weekly basis.

3. To be eligible for a grant, an applicant shall have an annual household income that is less than two hundred percent of the federal poverty level based on the number of people in the applicant’s household as defined by the most recently revised poverty income guidelines published by the United States department of health and human services. The amount of a grant for a household shall not exceed five thousand dollars. Expenses eligible for grant funding shall be limited to personal property, home repair, food assistance, and temporary housing assistance. An applicant for a grant shall sign an affidavit committing to refund any part of the grant that is duplicated by any other assistance, such as but not limited to insurance or assistance from community development groups, charities, the small business administration, and the federal emergency management agency.

4. A recipient of grant funding shall receive reimbursement for expenses upon presenting a receipt for an eligible expense or shall receive a voucher through a voucher system developed by the department of human services and administered locally within the designated disaster area. A voucher system shall ensure sufficient data collection to discourage and prevent fraud. The department shall consult with long-term disaster recovery committees and disaster recovery case management committees in developing a voucher system.

5. The department of human services shall submit an annual report, by January 1 of each year, to the legislative fiscal committee and the general assembly's standing committees on government oversight concerning the activities of the grant program in the previous fiscal year.

1. *a.* A disaster case management grant fund is created in the state treasury for the use of the executive council. Moneys in the fund shall be expended if grants are awarded pursuant to section 29C.20A following the governor's proclamation of a state of disaster emergency or the declaration of a major disaster by the president of the United States.

b. The executive council may make financial grants to meet disaster-related case management needs of disaster-affected individuals. The aggregate total of grants awarded shall not be more than one million dollars during a fiscal year. However, within the same fiscal year, additional funds may be specifically authorized by the executive council to meet additional needs. Upon request of the department of human services, the executive council may make available up to one hundred thousand dollars, or so much as is necessary, for contract entity staff support and case management training.

c. The department of human services shall work with the department of homeland security and emergency management and, as selected by the department of human services, a representative of nonprofit, voluntary, and faith-based organizations active in disaster recovery and response to establish a statewide system of disaster case management to be activated following the governor's proclamation of a disaster emergency or the declaration of a major disaster by the president of the United States for individual assistance purposes.

2. The department of human services shall administer disaster case management grants. The department of human services, in conjunction with the department of homeland security and emergency management, shall establish a disaster case management program and adopt rules pursuant to chapter 17A necessary to administer the program. The executive council shall use grant moneys to reimburse the department of human services for actual expenses associated with the administration of the grants. Under the program, the department of human services shall coordinate case management services locally through one or more contracted entities. The department of human services shall implement an ongoing contract with a provider of a statewide program with local offices throughout the state to serve as the local administrative entity for the grant program to allow implementation of the program with minimal delay if grants are awarded pursuant to section 29C.20A following a governor's proclamation of a state of disaster emergency or a declaration of a major disaster by the president of the United States.

3. The department of human services, in conjunction with the department of homeland security and emergency management and a representative of the Iowa voluntary organizations active in disaster, shall adopt rules pursuant to chapter 17A to create coordination mechanisms and standards for the establishment and implementation of a statewide system of disaster case management. The rules adopted by the department of human services for the program shall include but are not limited to all of the following:

a. If a local administrative entity is under contract with the state to provide other services or is implementing a state or federal program and the contract contains a sufficient surety bond or other adequate financial responsibility provisions, the department shall accept the existing surety bond or financial responsibility provisions in lieu of applying a new or additional surety bond or financial responsibility requirement.

b. Authorization for the local administrative entity to draw down grant funding to pay valid claims on at least a weekly basis.

 - j. Referral to all known available services for individuals from multiple agencies in coordinated service locations.

29C.21 Emergency management assistance compact.

The interstate emergency management assistance compact is entered into with all other states which enter into the compact in substantially the following form:

1. *Article I — Purpose and authorities.*
 - a. This compact is made and entered into by and between the participating member states which enact this compact, hereinafter called party states. For the purposes of this agreement, the term “states” is taken to mean the several states, the Commonwealth of Puerto Rico, the District of Columbia, and all United States territorial possessions.
 - b. The purpose of this compact is to provide for mutual assistance between the states entering into this compact in managing any emergency or disaster that is duly declared by the governor of the affected state, whether arising from natural disaster, technological hazard, man-made disaster, civil emergency aspects of resource shortages, community disorders, insurgency, or enemy attack.
 - c. This compact shall also provide for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party states or subdivisions of party states during emergencies, such actions occurring outside actual declared emergency periods. Mutual assistance in this compact may include the use of the states' national guard forces, either in accordance with the national guard mutual assistance compact or by mutual agreement between states.
2. *Article II — General implementation.*
 - a. Each party state entering into this compact recognizes many emergencies transcend

political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this compact. Each state further recognizes that there will be emergencies which require immediate access and present procedures to apply outside resources to make a prompt and effective response to such an emergency. This is because few, if any, individual states have all the resources they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

b. The prompt, full, and effective utilization of resources of the participating states, including any resources on hand or available from the federal government or any other source, that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster declared by a party state, shall be the underlying principle on which all articles of this compact shall be understood.

c. On behalf of the governor of each state participating in the compact, the legally designated state official who is assigned responsibility for emergency management will be responsible for formulation of the appropriate interstate mutual aid plans and procedures necessary to implement this compact.

3. *Article III — Party state responsibilities.*

a. It shall be the responsibility of each party state to formulate procedural plans and programs for interstate cooperation in the performance of the responsibilities listed in this article. In formulating such plans, and in carrying them out, the party states, insofar as practical, shall:

(1) Review individual state hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the party states might jointly suffer, whether due to natural disaster, technological hazard, man-made disaster, emergency aspects of resource shortages, civil disorders, insurgency, or enemy attack.

(2) Review party states' individual emergency plans and develop a plan which will determine the mechanism for the interstate management and provision of assistance concerning any potential emergency.

(3) Develop interstate procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans.

(4) Assist in warning communities adjacent to or crossing the state boundaries.

(5) Protect and assure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment, services, and resources, both human and material.

(6) Inventory and set procedures for the interstate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness.

(7) Provide, to the extent authorized by law, for temporary suspension of any statutes or ordinances that restrict the implementation of the above responsibilities.

b. The authorized representative of a party state may request assistance of another party state by contacting the authorized representative of that state. The provisions of this agreement shall only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If verbal, the request shall be confirmed in writing within thirty days of the verbal request. Requests shall provide all of the following:

(1) A description of the emergency service function for which assistance is needed, such as but not limited to fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue.

(2) The amount and type of personnel, equipment, materials and supplies needed, and a reasonable estimate of the length of time they will be needed.

(3) The specific place and time for staging of the assisting party's response and a point of contact at that location.

c. There shall be frequent consultation between state officials who have assigned emergency management responsibilities and other appropriate representatives of the party states with affected jurisdictions and the United States government, with free exchange of information, plans, and resource records relating to emergency capabilities.

4. *Article IV — Limitations.* Any party state requested to render mutual aid or conduct exercises and training for mutual aid shall take such action as is necessary to provide and make available the resources covered by this compact in accordance with the terms hereof, provided that it is understood that the state rendering aid may withhold resources to the extent necessary to provide reasonable protection for such state. Each party state shall afford to the emergency forces of any party state, while operating within its state limits under the terms and conditions of this compact, the same powers, except that of arrest unless specifically authorized by the receiving state, duties, rights, and privileges as are afforded forces of the state in which they are performing emergency services. Emergency forces will continue under the command and control of their regular leaders, but the organizational units will come under the operational control of the emergency services authorities of the state receiving assistance. These conditions may be activated, as needed, only subsequent to a declaration of a state of emergency or disaster by the governor of the party state that is to receive assistance or commencement of exercises or training for mutual aid and shall continue so long as the exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving state, whichever is longer.

5. *Article V — Licenses and permits.* Whenever any person holds a license, certificate, or other permit issued by any state party to the compact evidencing the meeting of qualifications for professional, mechanical, or other skills, and when such assistance is requested by the receiving party state, such person shall be deemed licensed, certified, or permitted by the state requesting assistance to render aid involving such skill to meet a declared emergency or disaster, subject to such limitations and conditions as the governor of the requesting state may prescribe by executive order or otherwise.

6. *Article VI — Liability.* Officers or employees of a party state rendering aid in another state pursuant to this compact shall be considered agents of the requesting state for tort liability and immunity purposes; and no party state or its officers or employees rendering aid in another state pursuant to this compact shall be liable on account of any act or omission in good faith on the part of such forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection therewith. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

7. *Article VII — Supplementary agreements.* Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that among the states that are party hereto, this instrument contains elements of a broad base common to all states, and nothing herein contained shall preclude any state from entering into supplementary agreements with another state or affect any other agreements already in force between states. Supplementary agreements may comprehend, but shall not be limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, and equipment and supplies.

8. *Article VIII — Compensation.* Each party state shall provide for the payment of compensation and death benefits to injured members of the emergency forces of that state and representatives of deceased members of such forces in case such members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within their own state.

9. *Article IX — Reimbursement.* Any party state rendering aid in another state pursuant to this compact shall be reimbursed by the party state receiving such aid for any loss or damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with such requests; provided that any aiding party state may assume in whole or in part such loss, damage, expense, or other cost, or may loan such equipment or donate such services to the receiving party state without charge or cost; and provided further, that any two or more party states may enter into supplementary agreements establishing a different allocation of costs among those states. Article VIII expenses shall not be reimbursable under this provision.

10. *Article X — Evacuation.* Plans for the orderly evacuation and interstate reception of portions of the civilian population as the result of any emergency or disaster of sufficient

proportions to so warrant, shall be worked out and maintained between the party states and the emergency management or services directors of the various jurisdictions where any type of incident requiring evacuations might occur. Such plans shall be put into effect by request of the state from which evacuees come and shall include the manner of transporting such evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends, and the forwarding of such evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. Such plans shall provide that the party state receiving evacuees and the party state from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for such evacuees, for expenditures for transportation, food, clothing, medicines and medical care, and like items. Such expenditures shall be reimbursed as agreed by the party state from which the evacuees come. After the termination of the emergency or disaster, the party state from which the evacuees come shall assume the responsibility for the ultimate support of repatriation of such evacuees.

11. *Article XI — Implementation.*

a. This compact shall become operative immediately upon its enactment into law by any two states; thereafter, this compact shall become effective as to any other state upon its enactment by such state.

b. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until thirty days after the governor of the withdrawing state has given notice in writing of such withdrawal to the governors of all other party states. Such action shall not relieve the withdrawing state from obligations assumed hereunder prior to the effective date of withdrawal.

c. Duly authenticated copies of this compact and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states and with the federal emergency management agency and other appropriate agencies of the United States government.

12. *Article XII — Validity.* This compact shall be construed to effectuate the purposes stated in article I hereof. If any provision of this compact is declared unconstitutional, or the applicability thereof to any person or circumstances is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to other persons and circumstances shall not be affected thereby.

13. *Article XIII — Additional provisions.* Nothing in this compact shall authorize or permit the use of military force by the national guard of a state at any place outside that state in any emergency for which the president is authorized by law to call into federal active duty the militia, or for any purpose for which the use of the army or the air force would in the absence of express statutory authorization be prohibited under 18 U.S.C. §1385.

29C.22 Statewide mutual aid compact.

This statewide mutual aid compact is entered into with all other emergency management commissions established pursuant to section 29C.9, counties, cities, and other political subdivisions that enter into this compact in substantially the following form:

1. *Article I — Purpose and authorities.*

a. This compact is made and entered into by and between the participating emergency management commissions established pursuant to section 29C.9, counties, cities, and political subdivisions which enact this compact. For the purposes of this agreement, the term “*participating governments*” means emergency management commissions, counties, cities, townships, and other political subdivisions of the state which have not, through ordinance or resolution of the governing body, acted to withdraw from this compact. The inclusion of emergency management commissions in the term “*participating governments*” shall not

convey taxing authority or other legal authority to emergency management commissions that is not otherwise granted in this chapter.

b. The purpose of this compact is to provide for mutual assistance between the participating governments entering into this compact in managing any emergency or disaster that is declared in accordance with a comprehensive emergency plan or by the governor, whether arising from natural disaster, technological hazard, man-made disaster, community disorder, insurgency, terrorism, or enemy attack.

c. This compact shall also provide for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by participating governments during emergencies, such actions occurring outside actual declared emergency periods.

2. *Article II — General implementation.*

a. Each participating government entering into this compact recognizes many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this compact. Each participating government further recognizes that there will be emergencies which require immediate access and present procedures to apply outside resources to make a prompt and effective response to the emergency. This is because few, if any, individual governments have all the resources they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

b. The prompt, full, and effective use of resources of the participating governments, including any resources on hand or available from any source, that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster declared by the governor or any participating government, shall be the underlying principle on which all articles of this compact shall be understood.

c. On behalf of the participating government in the compact, the legally designated official who is assigned responsibility for emergency management will be responsible for formulation of the appropriate intrastate mutual aid plans and procedures necessary to implement this compact.

3. *Article III — Participating government responsibilities.*

a. It shall be the responsibility of each participating government to formulate procedural plans and programs for intrastate cooperation in the performance of the responsibilities listed in this article. In formulating the plans, and in carrying them out, the participating governments, insofar as practical, shall:

(1) Review individual hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the participating governments might jointly suffer, whether due to natural disaster, technological hazard, man-made disaster, civil disorders, insurgency, terrorism, or enemy attack.

(2) Review the participating governments' individual emergency plans and develop a plan that will determine the mechanism for the intrastate management and provision of assistance concerning any potential emergency.

(3) Develop intrastate procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans.

(4) Assist in warning communities adjacent to or crossing the participating governments' boundaries.

(5) Protect and ensure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment, services, and resources, both human and material.

(6) Inventory and set procedures for the intrastate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness.

(7) Provide, to the extent authorized by law, for temporary suspension of any ordinances that restrict the implementation of the above responsibilities.

b. The authorized representative of a participating government may request assistance of another participating government by contacting the authorized representative of that participating government. The provisions of this compact shall only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing.

If verbal, the request shall be confirmed in writing within thirty days of the verbal request. Requests shall provide all of the following:

(1) A description of the emergency service function for which assistance is needed, such as but not limited to fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue.

(2) The amount and type of personnel, equipment, materials, and supplies needed, and a reasonable estimate of the length of time that the personnel, equipment, materials, and supplies will be needed.

(3) The specific place and time for staging of the assisting participating government's response and a point of contact at that location.

c. The authorized representative of a participating government may initiate a request by contacting the department of homeland security and emergency management. When a request is received by the department, the department shall directly contact other participating governments to coordinate the provision of mutual aid.

d. Frequent consultation shall occur between officials who have been assigned emergency management responsibilities and other appropriate representatives of the participating governments with affected jurisdictions and state government, with free exchange of information, plans, and resource records relating to emergency capabilities.

e. For purposes of this subsection, "*authorized representative of a participating government*" means a mayor or the mayor's designee, a member of the county board of supervisors or a representative of the board, an emergency management coordinator or the coordinator's designee, or the elected chief executive officer of the participating government or the elected chief executive officer's designee authorized to enter into contracts on behalf of the participating government.

4. *Article IV — Limitations.* Any participating government requested to render mutual aid or conduct exercises and training for mutual aid shall take the necessary action to provide and make available the resources covered by this compact in accordance with the terms of the compact. However, it is understood that the participating government rendering aid may withhold resources to the extent necessary to provide reasonable protection for the participating government. Each participating government shall afford to the emergency forces of any other participating government, while operating within its jurisdictional limits under the terms and conditions of this compact, the same powers, except that of arrest unless specifically authorized by the receiving participating government, duties, rights, and privileges as are afforded forces of the participating government in which the emergency forces are performing emergency services. Emergency forces shall continue under the command and control of their regular leaders, but the organizational units shall come under the operational control of the emergency services authorities of the participating government receiving assistance. These conditions may be activated, as needed, only subsequent to a declaration of a state of emergency or disaster by the governor or by competent authority of the participating government that is to receive assistance, or commencement of exercises or training for mutual aid, and shall continue so long as the exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving jurisdiction, whichever is longer.

5. *Article V — Licenses and permits.* If a person holds a license, certificate, or other permit issued by any participating government to this compact evidencing the meeting of qualifications for professional, mechanical, or other skills, and when the assistance is requested by another participating government, the person shall be deemed licensed, certified, or permitted by the participating government requesting assistance to render aid involving the skill to meet a declared emergency or disaster, subject to the limitations and conditions as the governor may prescribe by executive order or otherwise.

6. *Article VI — Liability.* Officers or employees of a participating government rendering aid in another participating government jurisdiction pursuant to this compact shall be considered agents of the requesting participating government for tort liability and immunity purposes and a participating government or its officers or employees rendering aid in

another jurisdiction pursuant to this compact shall not be liable on account of any act or omission in good faith on the part of the forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection with the aid. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

7. *Article VII — Supplementary agreements.* Because it is probable that the pattern and detail of the machinery for mutual aid among two or more participating governments may differ from that among other participating governments, this compact contains elements of a broad base common to all political subdivisions, and this compact shall not preclude any political subdivision from entering into supplementary agreements with another political subdivision or affect any other agreements already in force between political subdivisions. Supplementary agreements may include, but shall not be limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, and equipment and supplies.

8. *Article VIII — Workers' compensation.* Each participating government shall provide for the payment of workers' compensation and death benefits to injured members of the emergency forces of that participating government and representatives of deceased members of the emergency forces in case the members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within their own jurisdiction.

9. *Article IX — Reimbursement.* Any participating government rendering aid in another jurisdiction pursuant to this compact shall be reimbursed by the participating government receiving the emergency aid for any loss or damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with the requests. However, an aiding political subdivision may assume in whole or in part the loss, damage, expense, or other cost, or may loan the equipment or donate the services to the receiving participating government without charge or cost, and any two or more participating governments may enter into supplementary agreements establishing a different allocation of costs among the participating governments. Article VIII expenses shall not be reimbursable under this provision.

10. *Article X — Evacuation and sheltering.* Plans for the orderly evacuation and reception of portions of the civilian population as the result of any emergency or disaster shall be worked out and maintained between the participating governments and the emergency management or services directors of the various jurisdictions where any type of incident requiring evacuations might occur. The plans shall be put into effect by request of the participating government from which evacuees come and shall include the manner of transporting the evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends, and the forwarding of the evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. The plans shall provide that the participating government receiving evacuees and the participating government from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for the evacuees, for expenditures for transportation, food, clothing, medicines and medical care, and like items. The expenditures shall be reimbursed as agreed by the participating government from which the evacuees come. After the termination of the emergency or disaster, the participating government from which the evacuees come shall assume the responsibility for the ultimate support of repatriation of such evacuees.

11. *Article XI — Implementation.*

a. This compact shall become operative July 1, 2009.

b. Any participating government may withdraw from this compact by adopting an ordinance or resolution repealing the same, but a withdrawal shall not take effect until thirty days after the governing body of the withdrawing participating government has given notice in writing of the withdrawal to the director of the department of homeland security and emergency management who shall notify all other participating governments. The action

shall not relieve the withdrawing political subdivision from obligations assumed under this compact prior to the effective date of withdrawal.

c. Duly authenticated copies of this compact and any supplementary agreements as may be entered into shall be deposited, at the time of their approval, with the director of the department of homeland security and emergency management who shall notify all participating governments and other appropriate agencies of state government.

12. *Article XII — Validity.* This compact shall be construed to effectuate the purposes stated in article I. If any provision of this compact is declared unconstitutional, or the applicability of the compact to any person or circumstances is held invalid, the constitutionality of the remainder of this compact and the applicability of this compact to other persons and circumstances shall not be affected.

b. Notwithstanding any other provision of law to the contrary, the performance of disaster or emergency-related work during a disaster response period by an out-of-state employee shall not be used as the basis to determine that the out-of-state employee has established residency or a level of presence that would subject the out-of-state employee to any of the following:

(1) The requirement to complete or obtain any state or local registration, license, or similar authorization as a condition of doing business in this state or engaging in an occupation in this state, or to pay any related fee, including but not limited to the requirement to register with the secretary of state or a political subdivision.

(3) The use tax under chapter 423, subchapter III, or the equipment tax under chapter 423D, on tangible personal property or equipment purchased outside the state and used in the state to aid in the performance of disaster or emergency-related work during a disaster response period if such tangible personal property or equipment does not remain in the state after the conclusion of the disaster response period.

c. During a disaster response period, an out-of-state business or an out-of-state employee shall be subject to all taxes and fees not included in paragraphs “a” and “b”, and this subsection shall not be construed to provide protection or exemption during a disaster response period or any other period from taxes or taxable events not included in paragraphs “a” and “b”.

1. After July 1, 1986, when 911 service is established in a service area each public agency, public safety agency, and private safety entity serving territory within the service area shall participate in providing the 911 service. The 911 service shall be established according to a written plan which has the written approval of the governing bodies of each public agency, public safety agency, and private safety entity serving territory within the 911 service area.

2. This chapter does not prohibit or discourage participation in or the provision of 911 service covering the territory of more than one public agency, public safety agency, or private safety entity. A system established pursuant to this section may serve the territory of more than one public agency, public safety agency, or private safety entity or may include a part of their respective territories. 1. The director of the department of homeland security and emergency management shall appoint a 911 program manager to administer this chapter.

2. The 911 program manager shall act under the supervisory control of the director of the department of homeland security and emergency management, and in consultation with the 911 communications council, and shall perform the duties specifically set forth in this chapter and as assigned by the director.

34A.3 Joint 911 service board — 911 service plan — implementation — waivers.

1. *Joint 911 service boards — plans.*

a. The board of supervisors of each county shall maintain a joint 911 service board.

(1) Each political subdivision of the state having a public safety agency serving territory within the county and each local emergency management agency as defined in section 29C.2 operating within the area is entitled to voting membership on the joint 911 service board. For the purposes of this section, a township that operates a volunteer fire department providing fire protection services to the township, or a city which provides fire protection services through the operation of a volunteer fire department not financed through city government, shall be considered a political subdivision of the state having a public safety agency serving territory within the county. Each private safety agency operating within the area is entitled to nonvoting membership on the board.

(2) A township that does not operate its own public safety agency, but contracts for the provision of public safety services, is not entitled to membership on the joint 911 service board, but its contractor is entitled to membership according to the contractor’s status as a public or private safety agency.

(3) The sheriff of each county, or the sheriff’s designee, is entitled to voting membership on the joint 911 service board.

(4) The chief of police of each city operating a public safety answering point, or the chief of police’s designee, is entitled to voting membership on the joint 911 service board of the county where the city is located.

b. The joint 911 service board shall maintain a 911 service plan encompassing at minimum the entire county, unless an exemption is granted by the program manager permitting a smaller 911 service area.

(1) The program manager may grant a discretionary exemption from the single county minimum service area requirement based upon a joint 911 service board’s or other 911 service plan operating authority’s presentation of evidence which supports the requested exemption if the program manager finds that local conditions make adherence to the minimum standard unreasonable or technically infeasible and that the purposes of this chapter would be furthered by granting an exemption. The minimum size requirement is

intended to prevent unnecessary duplication of public safety answering points and minimize other administrative, personnel, and equipment expenses.

(2) The program manager may order the inclusion of a specific territory not serviced by surrounding 911 service plan areas in an adjoining 911 service plan area upon request of the joint 911 service board representing the territory to avoid the creation by exclusion of a territory smaller than a single county.

c. The 911 service plan operating authority shall submit proposed changes to the plan to all of the following:

- (1) The program manager.
- (2) Public and private safety agencies in the 911 service area.
- (3) Local exchange service providers affected by the 911 service plan.

2. *Compliance waivers available in limited circumstances.*

a. The program manager may extend the time period for plan implementation by issuing a compliance waiver.

b. The compliance waiver shall be based upon a joint 911 service board's presentation of evidence which supports an extension if the program manager finds that local conditions make implementation financially unreasonable or technically infeasible by the originally scheduled plan of implementation.

c. The compliance waiver shall be for a set period of time, and subject to review and renewal or denial of renewal upon its expiration.

d. The waiver may cover all or a portion of a 911 service plan's 911 service area to facilitate phased implementation when possible.

e. The granting of a compliance waiver does not create a presumption that the identical or similar waiver will be extended in the future.

f. Consideration of compliance waivers shall be on a case-by-case basis.

3. *Chapter 28E agreement — alternative to joint 911 service board.*

a. A legal entity created pursuant to chapter 28E by a county or counties, other political divisions, and public or private agencies to jointly plan, implement, and operate a countywide, or larger, 911 service system may be substituted for the joint 911 service board required under subsection 1. An alternative legal entity created pursuant to chapter 28E as a substitute for a joint 911 service board, as permitted by this subsection, may be created by either:

- (1) Agreement of the parties entitled to voting membership on a joint 911 service board.
- (2) Agreement of the members of a joint 911 service board.

b. An alternative chapter 28E entity has all of the powers of a joint 911 service board and any additional powers granted by the agreement. As used in this chapter, "joint 911 service board" includes an alternative chapter 28E entity created for that purpose, except as specifically limited by the chapter 28E agreement or unless clearly provided otherwise in this chapter. A chapter 28E agreement related to 911 service shall permit the participation of a private safety agency or other persons allowed to participate in a joint 911 service board, but the terms, scope, and conditions of participation are subject to the chapter 28E agreement.

4. *Participation in joint 911 service board required.* A political subdivision having a public or private safety agency within its territory or jurisdiction shall participate in a joint 911 service board and cooperate in maintaining the 911 service plan.

making a 911 call without prior insertion of a coin or payment of any other charge, and unless the telephone or device displays notice of free 911 service.

34A.7 Funding — wire-line 911 service surcharge.

When a 911 service plan is implemented, the costs of providing 911 service within a 911 service area are the responsibility of the joint 911 service board and the member political subdivisions. Costs in excess of the amount raised by imposition of the 911 service surcharge provided for under subsection 1 shall be paid by the joint 911 service board from such revenue sources allocated among the member political subdivisions as determined by the joint 911 service board. Funding is not limited to the surcharge, and surcharge revenues may be supplemented by other permissible local and state revenue sources. A joint 911 service board shall not commit a political subdivision to appropriate property tax revenues to fund a 911 service plan without the consent of the political subdivision. A joint 911 service board may approve a 911 service plan, including a funding formula requiring appropriations by participating political subdivisions, subject to the approval of the funding formula by each political subdivision. However, a political subdivision may agree in advance to appropriate property tax revenues or other moneys according to a formula or plan developed by an alternative chapter 28E entity.

1. Local wire-line 911 service surcharge imposition.

a. To encourage local implementation of 911 service, one source of funding for 911 emergency communication systems shall come from a surcharge per month, per access line on each access line subscriber, of one dollar.

b. The surcharge shall be imposed by order of the program manager as follows:

(1) The program manager shall notify a local exchange service provider scheduled to provide exchange access line service to a 911 service area that implementation of a 911 service plan has been approved by the joint 911 service board and that collection of the surcharge is to begin within sixty days.

(2) The program manager shall also provide notice to all affected public safety answering points.

2. Surcharge collected by local exchange service providers.

a. The surcharge shall be collected as part of the access line service provider's periodic billing to a subscriber. In compensation for the costs of billing and collection, the local exchange service provider may retain one percent of the gross surcharges collected. If the compensation is insufficient to fully recover a local exchange service provider's costs for billing and collection of the surcharge, the deficiency shall be included in the local exchange service provider's costs for ratemaking purposes to the extent it is reasonable and just under section 476.6. The surcharge shall be remitted to the joint 911 service board for deposit into the 911 service fund quarterly by the local exchange service provider. The total amount for multiple exchanges may be combined.

b. A local exchange service provider is not liable for an uncollected surcharge for which

the local exchange service provider has billed a subscriber but not been paid. The surcharge shall appear as a single line item on a subscriber's periodic billing entitled, "911 emergency communications service surcharge".

c. The joint 911 service board may request, not more than once each quarter, the following information from the local exchange service provider:

- (1) The identity of the exchange from which the surcharge is collected.
- (2) The number of lines to which the surcharge was applied for the quarter.
- (3) The number of refusals to pay per exchange if applicable.
- (4) Write-offs applied per exchange if applicable.
- (5) The number of lines exempt per exchange.
- (6) The amount retained by the local exchange service provider generated from the one percent administration fee.

d. Access line counts and surcharge remittances are confidential public records as provided in section 34A.8.

3. *Maximum limit per subscriber billing for surcharge.* An individual subscriber shall not be required to pay on a single periodic billing the surcharge on more than one hundred access lines, or their equivalent, in a 911 service area. A subscriber shall pay the surcharge in each 911 service area in which the subscriber receives access line service.

4. *911 service fund.* Each joint 911 service board shall establish and maintain as a separate account a 911 service fund. Any funds remaining in the account at the end of each fiscal year shall not revert to the general funds of the member political subdivisions, except as provided in subsection 5, but shall remain in the 911 service fund. Moneys in a 911 service fund may only be used for nonrecurring and recurring costs of the 911 service plan as approved by the program manager, as those terms are defined by section 34A.2.

5. *Use of moneys in fund — priority and limitations on expenditure.*

a. Moneys deposited in a 911 service fund shall be used for the repayment of any bonds issued for the benefit of or loan made to the joint 911 service board pursuant to sections 34A.20 through 34A.22, and as long as any such bond or loan remains unpaid the surcharge shall not be reduced or eliminated. Moneys deposited in the fund shall be subject to such terms and conditions as may be contained in the relevant bond documents, trust indenture, resolution, loan agreement, or other instrument pursuant to which bonds are issued or a loan is made, without regard to any limitation otherwise provided by law.

b. Moneys deposited in a 911 service fund shall be used for the following, in order of priority if paragraph "a" does not apply:

- (1) Money shall first be spent for actual recurring costs of operating the 911 service plan.
- (2) If money remains in the fund after fully paying for recurring costs incurred in the preceding year, the remainder may be spent to pay for nonrecurring costs, not to exceed actual nonrecurring costs as approved by the program manager.
- (3) If money remains in the fund after fully paying obligations under subparagraphs (1) and (2), the remainder may be accumulated in the fund as a carryover operating surplus.

6. *Limitation of liability — provider not liable on cause of action related to provision of 911 services.* A claim or cause of action does not exist based upon or arising out of an act or omission in connection with a land-line or wireless provider's participation in a 911 service plan or provision of 911 or local exchange access service, unless the act or omission is determined to be willful and wanton negligence.

34A.7A Emergency communications service surcharge — fund established — distribution and permissible expenditures.

1. a. The director shall adopt by rule a monthly surcharge of one dollar to be imposed

on each originating service number provided in this state. The surcharge shall be imposed uniformly on a statewide basis and simultaneously on all originating service numbers as provided by rule of the director. The surcharge shall not be imposed on wire-line-based communications or prepaid wireless telecommunications service.

b. The program manager shall provide no less than sixty days' notice of the surcharge to be imposed to each originating service provider.

c. (1) The surcharge shall be collected as part of the originating service provider's periodic billing to a subscriber. The surcharge shall appear as a single line item on a subscriber's periodic billing indicating that the surcharge is for 911 emergency communications service.

(2) In compensation for the costs of billing and collection, the originating service provider may retain one percent of the gross surcharges collected.

(3) The surcharges shall be remitted quarterly by the originating service provider to the program manager for deposit into the fund established in subsection 2.

(4) An originating service provider is not liable for an uncollected surcharge for which the originating service provider has billed a subscriber but which has not been paid.

2. Moneys collected pursuant to subsection 1 and section 34A.7B, subsection 2, shall be deposited in a separate 911 emergency communications fund within the state treasury under the control of the program manager. Section 8.33 shall not apply to moneys in the fund. Moneys earned as income, including as interest, from the fund shall remain in the fund until expended as provided in this section. Moneys in the fund shall be expended and distributed in the following priority order:

a. An amount as appropriated by the general assembly to the director shall be allocated to the director and program manager for implementation, support, and maintenance of the functions of the director and program manager and to employ the auditor of state to perform an annual audit of the 911 emergency communications fund.

b. (1) The program manager shall allocate to each joint 911 service board and to the department of public safety a minimum of one thousand dollars per calendar quarter for each public safety answering point within the service area of the department of public safety or joint 911 service board.

(2) The amount allocated under this paragraph "b" shall be sixty percent of the total amount of surcharge generated per calendar quarter allocated as follows:

(a) Sixty-five percent of the total dollars available for allocation shall be allocated in proportion to the square miles of the service area to the total square miles in this state.

(b) Thirty-five percent of the total dollars available for allocation shall be allocated in proportion to the wireless 911 calls taken at the public safety answering point in the service area to the total number of wireless 911 calls originating in this state.

(c) Notwithstanding subparagraph divisions (a) and (b), the minimum amount allocated to each joint 911 service board and to the department of public safety shall be no less than one thousand dollars for each public safety answering point within the service area of the department of public safety or joint 911 service board.

(3) The funds allocated in this paragraph "b" shall be used by the public safety answering points for the receipt and disposition of 911 calls.

c. From July 1, 2013, until June 30, 2026, the program manager shall allocate ten percent of the total amount of surcharge generated to wireless carriers to recover their costs to deliver E911 phase 1 services. If the allocation in this paragraph is insufficient to reimburse all wireless carriers for such carrier's eligible expenses, the program manager shall allocate a prorated amount to each wireless carrier equal to the percentage of such carrier's eligible expenses as compared to the total of all eligible expenses for all wireless carriers for the calendar quarter during which such expenses were submitted. When prorated expenses are paid, the remaining unpaid expenses shall no longer be eligible for payment under this paragraph.

d. (1) The program manager shall reimburse next generation 911 network service providers, 911 call processing equipment providers, 911 call transport providers, and third-party 911 automatic location identification database providers on a calendar quarterly basis for the costs of maintaining and upgrading the next generation 911 network

functionality, 911 call processing equipment, 911 call transport from the next generation 911 network to public safety answering points and from the wireless originating service provider network to the next generation 911 network, and the automatic location identification database.

(2) The program manager may also provide grants to joint 911 service boards and the department of public safety for the purpose of developing and maintaining GIS data to be used in support of the next generation 911 network. The program manager shall provide guidelines, application forms, and notice of the availability of such grants on the department's internet site.

e. The department of homeland security and emergency management may, in a reserve account established within the 911 emergency communications fund, credit each fiscal year an amount of up to twelve and one-half percent of the annual 911 emergency communications service surcharge collected pursuant to subsection 1 and the prepaid wireless 911 surcharge collected pursuant to section 34A.7B, subsection 2. However, the moneys contained in such reserve account shall not exceed twelve and one-half percent of the total surcharges collected for each fiscal year. Moneys credited to the reserve account shall only be used by the department for the purpose of repairing or replacing equipment in the event of a catastrophic equipment failure, as determined by the director.

f. (1) If moneys remain in the fund after fully paying all obligations under paragraphs "a", "b", "c", "d", and "e", remaining funds shall be expended and distributed in the following priority order:

(a) (i) The director, in consultation with the program manager and the 911 communications council, may provide grants to any public safety answering point agreeing to consolidate. For purposes of this subparagraph division, "consolidate" means the consolidation of all public safety answering point systems, functions, 911 service areas, and physical facilities of two or more public safety answering points, resulting in the consolidated public safety answering point being responsible for all call answering and dispatch functions for the combined 911 service area. Such a grant to a public safety answering point shall not exceed one-half of the projected cost of consolidation, or two hundred thousand dollars, whichever is less.

(ii) Grants provided under this subparagraph may, subject to available funding, be provided until June 30, 2022.

(iii) The director, in consultation with the program manager and the 911 communications council, shall adopt rules governing the eligibility for and the 911 communications council's distribution of grants to public safety answering points pursuant to this subparagraph division.

(b) The program manager, in consultation with the 911 communications council, shall allocate an amount, not to exceed one hundred thousand dollars per fiscal year, for development of public awareness and educational programs related to the use of 911 by the public, educational programs for personnel responsible for the maintenance, operation, and upgrading of local 911 systems, and the expenses of members of the 911 communications council for travel, monthly meetings, and training, provided, however, that the members have not received reimbursement funds for such expenses from another source.

(c) The program manager shall allocate an equal amount of moneys to each public safety answering point for costs related to the receipt and disposition of 911 calls, including hardware and software for the next generation 911 network and local costs related to accessing the state's interoperable communications system.

(2) Notwithstanding section 8.33, any moneys remaining in the fund at the end of each fiscal year shall not revert to the general fund of the state but shall remain available for the purposes of the fund.

g. The director, in consultation with the program manager and the 911 communications council, shall adopt rules pursuant to chapter 17A governing the distribution of the surcharge collected and distributed pursuant to this subsection. The rules shall include provisions that all joint 911 service boards and the department of public safety which answer or service wireless 911 calls are eligible to receive an equitable portion of the receipts.

3. a. The program manager shall submit an annual report by January 15 of each year to

the general assembly's standing committees on government oversight advising the general assembly of the status of 911 implementation and operations, including both wire-line and wireless services, the distribution of surcharge receipts, and an accounting of the revenues and expenses of the 911 program.

b. The program manager shall submit a calendar quarter report of the revenues and expenses of the 911 program to the fiscal services division of the legislative services agency.

c. The general assembly's standing committees on government oversight shall review the priorities of distribution of funds under this chapter at least every two years.

4. The amount collected from an originating service provider and deposited in the fund, pursuant to section 22.7, subsection 6, information provided by an originating service provider to the program manager consisting of trade secrets, pursuant to section 22.7, subsection 3, and other financial or commercial operations information provided by an originating service provider to the program manager, shall be kept confidential as provided under section 22.7. This subsection does not prohibit the inclusion of information in any report providing aggregate amounts and information which does not identify numbers of accounts or customers, revenues, or expenses attributable to an individual originating service provider.

5. a. The program manager, in consultation with the 911 communications council and the auditor of state, shall establish a methodology for determining and collecting comprehensive public safety answering point cost and expense data through the county joint 911 service boards. The methodology shall include the collection of data for all costs and expenses related to the operation of a public safety answering point and account for the extent to which identified costs and expenses are compensated for or addressed through 911 surcharges versus other sources of funding.

b. Data collection pursuant to paragraph "a" shall commence no later than January 1, 2014, and shall be subject to an audit by the auditor of state beginning July 1, 2014. The program manager shall prepare a report detailing the methodology developed and the data collected after such data has been collected for a two-year period. The report and the results of the initial audit shall be submitted to the general assembly by March 1, 2016. A new report regarding data collection and the results of an ongoing audit for each successive two-year period shall be submitted by March 1 every two years thereafter. Expenses associated with the audit shall be paid to the auditor of state by the program manager from the 911 emergency communications fund established in subsection 2.

c. A county joint 911 service board which fails to submit expenses and costs pursuant to the methodology developed pursuant to paragraph "a" by March 31 of each year shall be allocated sixty-five cents out of the one dollar 911 emergency communications service surcharge until March 31 of the following year. Remaining funds shall be held in the carryover operating surplus fund until the expenses and cost report is submitted by the county joint 911 service board. If the county joint 911 service board submits the expense and cost report before March 30 of the following year, the set aside funds shall be provided to the county joint 911 service board. If the county joint 911 service board fails to submit the expense and cost report within one year, funds shall revert to the carryover operating surplus fund and be used in accordance with subsection 2, paragraph "f".

The amount of the prepaid wireless 911 surcharge shall be either separately stated on an invoice, receipt, or other similar document that is provided to the consumer by the seller, or otherwise disclosed to the consumer.

4. For purposes of subsection 3, a retail transaction that is effected in person by a consumer at a business location of the seller shall be treated as occurring in this state if that business location is in this state, and any other retail transaction shall be treated as occurring in this state if the retail transaction is treated as occurring in this state for purposes of section 423.20 as that section applies to sourcing of a prepaid wireless calling service.

5. The prepaid wireless 911 surcharge is the liability of the consumer and not of the seller or of any provider, except that the seller shall be liable to remit all prepaid wireless 911 surcharges that the seller collects from consumers as provided in subsection 3, including all such surcharges that the seller is deemed to collect where the amount of the surcharge has not been separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller.

6. The amount of the prepaid wireless 911 surcharge that is collected by a seller from a consumer, if such amount is separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller, shall not be included in the base for measuring any tax, fee, other surcharge, or other charge that is imposed by this state, any political subdivision of this state, or any intergovernmental agency.

The proportional increase or reduction shall be effective on the first day of the calendar month after the effective date of the change to the surcharge imposed under section 34A.7A, subsection 1. The department shall provide not less than thirty days’ advance notice of such increase or reduction on the department’s internet site.

For purposes of this subsection, an amount of service denominated as ten minutes or less, or five dollars or less, shall be regarded as a minimal amount of service.

9. Prepaid wireless 911 surcharges collected by sellers shall be remitted to the department at the times and in the manner provided by chapter 423 with respect to the sales and use tax. The department shall establish registration and payment procedures that substantially coincide with the registration and payment procedures that apply to sellers under chapter 423.

procedures shall substantially coincide with the procedures for documenting sale for resale transactions under chapter 423.

13. The department shall transfer all reported prepaid wireless 911 surcharges to the treasurer of state for deposit in the 911 emergency communications fund created under section 34A.7A, subsection 2, within thirty days of receipt after deducting an amount, not to exceed two percent of collected surcharges, that shall be retained by the department to reimburse its direct costs of administering the collection and remittance of prepaid wireless 911 surcharges.

In addition, a provider or seller of prepaid wireless telecommunications service shall not be liable for damages to any person resulting from or incurred in connection with the provision of any lawful assistance to any investigative or law enforcement officer of the United States, this or any other state, or any political subdivision of this or any other state, in connection with any lawful investigation or other law enforcement activity by such investigative or law enforcement officer.

15. The prepaid wireless 911 surcharge imposed pursuant to this section shall be the only 911 funding obligation imposed with respect to prepaid wireless telecommunications service in this state, and no tax, fee, surcharge, or other charge shall be imposed by this state, any political subdivision of this state, or any intergovernmental agency, for 911 funding purposes, upon any provider, seller, or consumer with respect to the sale, purchase, use, or provision of prepaid wireless telecommunications service.

Interest or earnings on moneys deposited in the account shall be credited to the account.

b. The college student aid commission may, if requested, assist the commission in administering this paragraph "c".

d. Eligibility for assistance pursuant to this subsection shall be determined upon application to the commission, whose decision is final. The eligibility of applicants shall be certified by the commission to the director of the department of administrative services in a timely manner, and all amounts that are or become due an individual or a training institution under this subsection shall be paid to the individual or institution by the director of the department of administrative services upon receipt by the director of certification by the president or governing board of the educational or training institution as to accuracy of charges made, and as to the attendance of the individual at the educational or training institution. The commission may pay over the annual sum set forth in this subsection to the educational or training institution in a lump sum, or in installments as the circumstances warrant, upon receiving from the institution such written undertaking as the department may require to assure the use of funds for the child for the authorized purposes and for no other purpose. A person is not eligible for the benefits of this subsection until the person has graduated from a high school or educational institution offering a course of training equivalent to high school training.

e. Any expense incurred in carrying out the provisions of this subsection shall be chargeable to the trust fund.

8. If the commission identifies other purposes for which the moneys appropriated under this section may be used for the benefit of veterans and the spouses and dependents of veterans, the commission shall submit recommendations for the addition of such purposes to the general assembly for review.

9. The commission shall submit an annual report to the general assembly by January 15 of each year concerning the veterans trust fund created by this section. The annual report shall include financial information concerning the moneys in the trust fund and shall also include information on the number, amount, and type of expenditures, if any, from the fund during the prior calendar year for the purposes described in subsection 6.

Prior to any additional appropriations to this account, the department shall provide the general

assembly with information identifying immediate and long-term war orphans educational needs throughout the state and a plan for meeting those needs.

3. The department may receive and accept donations, grants, gifts, and contributions from any public or private source for the purpose of providing grants under this section. Moneys received by the department pursuant to this subsection shall be deposited in an injured veterans trust fund which shall be created in the state treasury under the control of the department. Moneys credited to the trust fund are appropriated to the department for the purpose of providing injured veterans grants under this section and shall not be transferred, used, obligated, appropriated, or otherwise encumbered, except as provided in this section. 5. The department shall adopt rules governing the distribution of grants under this section in accordance with the following:

a. b. Proof of continued medical care or rehabilitation services may include any reasonably reliable documentation showing that the veteran is receiving continued medical or rehabilitative care as a result of qualifying injuries. Proof that the injury occurred in the line of duty shall be made based upon the circumstances of the injury known at the time of evacuation from the place where the veteran was injured.

c. Grants for veterans injured after September 11, 2001, but prior to May 8, 2006, shall be payable, upon a showing that the veteran would have been eligible for payment had the injury occurred on or after May 8, 2006.

d. (1) A seriously injured veteran meeting all other requirements of this section may

receive additional grants for subsequent, unrelated injuries that meet the requirements of this section. Any subsequent, unrelated injury shall be treated as if it were an initial injury for the purposes of determining eligibility or allotment.

(2) Grants for veterans suffering subsequent, unrelated injuries after September 11, 2001, but prior to March 30, 2011, shall be payable, upon a showing that the veteran would have been eligible for payment had the subsequent, unrelated injury occurred on or after March 30, 2011.

6. The department may appear before the executive council and request funds to meet the funding needs of the grant program under this section if funds are made available to the executive council for this purpose.

To maintain certification, the executive director or administrator shall satisfy the continuing education requirements established by the national association of county veterans service officers. The appointing officer, board, or person shall set forth in writing and file for public inspection the specific grounds upon which it appointed or refused to appoint the person. At the time of application or at an interview for the position, an applicant may request notification of refusal only or notification of refusal and the specific grounds for refusal. Upon receipt of the notice and demand, the appointing officer, board, or person shall, within ten days, make, certify, and deliver to the appellant the transcript. The appellant shall, within five days thereafter, file the transcript and a copy of the notice of appeal with the clerk of court.

3. The notice of appeal shall stand as the appellant's complaint and the cause shall be accorded such preference in its assignment for trial as to assure its prompt disposition. The county board of supervisors may pass a resolution in favor of filling the offices of trustee and clerk within a township by appointment by the board, and may direct the county commissioner of elections to submit the question to the registered voters of the township at the next general election. In a township which does not include a city, the voters of the entire township are eligible to vote on the question. In a township which includes a city, only those voters who reside outside the corporate limits of a city are eligible to vote on the question. The resolution shall apply to all townships which have not approved a proposition to fill township offices by appointment. If the proposition to fill the township offices by appointment is approved by a majority of those voting on the question, the board shall fill the offices by appointment as the terms of office of the incumbent township officers expire.

b. 39A.1 Title and purpose — election officials defined.

1. This chapter may be cited and referred to as the “*Election Misconduct and Penalties Act*”.

2. The purpose of this chapter is to identify actions which threaten the integrity of the election process and to impose significant sanctions upon persons who intentionally commit those acts. It is the intent of the general assembly that offenses with the greatest potential to affect the election process be vigorously prosecuted and strong punishment meted out through the imposition of felony sanctions which, as a consequence, remove the voting rights of the offenders. Other offenses are still considered serious, but based on the factual context in which they arise, they may not rise to the level of offenses to which felony penalties attach. The general assembly also recognizes that instances may arise in which technical infractions of chapters 39 through 53 may occur which do not merit any level of criminal sanction. In such instances, administrative notice from the state or county commissioner of elections is sufficient. Mandates or proscriptions in chapters 39 through 53 which are not specifically included in this chapter shall be considered to be directive only, without criminal sanction.

3. For the purposes of this chapter, “*election officials*” include the state commissioner, the county commissioner, employees of the state commissioner and county commissioner who are responsible for carrying out functions or duties under chapters 39 through 53, and precinct election officials appointed pursuant to sections 49.12, 49.14, 49.18, and 53.23.

42.2 Preparations for redistricting.

1. The legislative services agency shall acquire appropriate information, review and evaluate available facilities, and develop programs and procedures in preparation for drawing congressional and legislative redistricting plans on the basis of each federal census. Funds shall be expended for the purchase or lease of equipment and materials only with prior approval of the legislative council.

2. By December 31 of each year ending in zero, the legislative services agency shall obtain from the United States bureau of the census information regarding geographic and political units in this state for which federal census population data has been gathered and will be tabulated. The legislative services agency shall use the data so obtained to:

- a. Prepare necessary descriptions of geographic and political units for which census data will be reported, and which are suitable for use as components of legislative districts.
- b. Prepare maps of counties, cities and other geographic units within the state, which may

be used to illustrate the locations of legislative district boundaries proposed in plans drawn in accordance with section 42.4.

3. As soon as possible after January 1 of each year ending in one, the legislative services agency shall obtain from the United States bureau of the census the population data needed for legislative districting which the census bureau is required to provide this state under United States Pub. L. No. 94-171, and shall use that data to assign a population figure based upon certified federal census data to each geographic or political unit described pursuant to subsection 2, paragraph “a”. Upon completing that task, the legislative services agency shall begin the preparation of congressional and legislative districting plans as required by section 42.3.

4. Upon each delivery by the legislative services agency to the general assembly of a bill embodying a plan, pursuant to section 42.3, the legislative services agency shall at the earliest feasible time make available to the public the following information:

- a. Copies of the bill delivered by the legislative services agency to the general assembly.
- b. Maps illustrating the plan.
- c. A summary of the standards prescribed by section 42.4 for development of the plan.
- d. A statement of the population of each district included in the plan, and the relative deviation of each district population from the ideal district population.

42.3 Timetable for preparation of plan.

1. a. Not later than April 1 of each year ending in one, the legislative services agency shall deliver to the secretary of the senate and the chief clerk of the house of representatives identical bills embodying a plan of legislative and congressional districting prepared in accordance with section 42.4. It is the intent of this chapter that the general assembly shall bring the bill to a vote in either the senate or the house of representatives expeditiously, but not less than three days after the report of the commission required by section 42.6 is received and made available to the members of the general assembly, under a procedure or rule permitting no amendments except those of a purely corrective nature. It is further the intent of this chapter that if the bill is approved by the first house in which it is considered, it shall expeditiously be brought to a vote in the second house under a similar procedure or rule. If the bill embodying the plan submitted by the legislative services agency under this subsection fails to be approved by a constitutional majority in either the senate or the house of representatives, the secretary of the senate or the chief clerk of the house, as the case may be, shall at once, but in no event later than seven days after the date the bill failed to be approved, transmit to the legislative services agency information which the senate or house may direct by resolution regarding reasons why the plan was not approved.

b. However, if the population data for legislative districting which the United States census bureau is required to provide this state under Pub. L. No. 94-171 and, if used by the legislative services agency, the corresponding topologically integrated geographic encoding and referencing data file for that population data are not available to the legislative services agency on or before February 15 of the year ending in one, the dates set forth in paragraph “a” shall be extended by a number of days equal to the number of days after February 15 of the year ending in one that the federal census population data and the topologically integrated geographic encoding and referencing data file for legislative districting become available.

2. If the bill embodying the plan submitted by the legislative services agency under subsection 1 fails to be enacted, the legislative services agency shall prepare a bill embodying a second plan of legislative and congressional districting. The bill shall be prepared in accordance with section 42.4, and, insofar as it is possible to do so within the requirements of section 42.4, with the reasons cited by the senate or house of representatives by resolution, or the governor by veto message, for the failure to approve the plan. If a second plan is required under this subsection, the bill embodying it shall be delivered to the secretary of the senate and the chief clerk of the house of representatives not later than thirty-five days after the date of the vote by which the senate or the house of representatives fails to approve

the bill submitted under subsection 1, or the date the governor vetoes or fails to approve the bill. If it is necessary to submit a bill under this subsection, the bill shall be brought to a vote not less than seven days after the bill is submitted and made available to the members of the general assembly, under a procedure or rule permitting no amendments except those of a purely corrective nature. It is further the intent of this chapter that if the bill is approved by the first house in which it is considered, it shall expeditiously be brought to a vote in the second house under a similar procedure or rule. If the bill embodying the plan submitted by the legislative services agency under this subsection fails to be approved by a constitutional majority in either the senate or the house of representatives, the secretary of the senate or the chief clerk of the house, as the case may be, shall transmit to the legislative services agency in the same manner as described in subsection 1, information which the senate or house may direct by resolution regarding reasons why the plan was not approved.

3. If the bill embodying the plan submitted by the legislative services agency under subsection 2 fails to be enacted, the same procedure as prescribed by subsection 2 shall be followed. If a third plan is required under this subsection, the bill embodying it shall be delivered to the secretary of the senate and the chief clerk of the house of representatives not later than thirty-five days after the date of the vote by which the senate or the house of representatives fails to approve the bill submitted under subsection 2, or the date the governor vetoes or fails to approve the bill. The legislative services agency shall submit a bill under this subsection sufficiently in advance of September 1 of the year ending in one to permit the general assembly to consider the plan prior to that date. If it is necessary to submit a bill under this subsection, the bill shall be brought to a vote within the same time period after its delivery to the secretary of the senate and the chief clerk of the house of representatives as is prescribed for the bill submitted under subsection 2, but shall be subject to amendment in the same manner as other bills.

42.4 Redistricting standards.

1. Legislative and congressional districts shall be established on the basis of population.

a. Senatorial and representative districts, respectively, shall each have a population as nearly equal as practicable to the ideal population for such districts, determined by dividing the number of districts to be established into the population of the state reported in the federal decennial census. Senatorial districts and representative districts shall not vary in population from the respective ideal district populations except as necessary to comply with one of the other standards enumerated in this section. In no case shall the quotient, obtained by dividing the total of the absolute values of the deviations of all district populations from the applicable ideal district population by the number of districts established, exceed one percent of the applicable ideal district population. No senatorial district shall have a population which exceeds that of any other senatorial district by more than five percent, and no representative district shall have a population which exceeds that of any other representative district by more than five percent.

b. Congressional districts shall each have a population as nearly equal as practicable to the ideal district population, derived as prescribed in paragraph "a" of this subsection. No congressional district shall have a population which varies by more than one percent from the applicable ideal district population, except as necessary to comply with Article III, section 37 of the Constitution of the State of Iowa.

c. If a challenge is filed with the supreme court alleging excessive population variance among districts established in a plan adopted by the general assembly, the general assembly has the burden of justifying any variance in excess of one percent between the population of a district and the applicable ideal district population.

2. To the extent consistent with subsection 1, district boundaries shall coincide with the boundaries of political subdivisions of the state. The number of counties and cities divided among more than one district shall be as small as possible. When there is a choice between

dividing local political subdivisions, the more populous subdivisions shall be divided before the less populous, but this statement does not apply to a legislative district boundary drawn along a county line which passes through a city that lies in more than one county.

3. Districts shall be composed of convenient contiguous territory. Areas which meet only at the points of adjoining corners are not contiguous.

4. Districts shall be reasonably compact in form, to the extent consistent with the standards established by subsections 1, 2, and 3. In general, reasonably compact districts are those which are square, rectangular, or hexagonal in shape, and not irregularly shaped, to the extent permitted by natural or political boundaries. If it is necessary to compare the relative compactness of two or more districts, or of two or more alternative districting plans, the tests prescribed by paragraphs "a" and "b" shall be used.

a. *Length-width compactness.* The compactness of a district is greatest when the length of the district and the width of the district are equal. The measure of a district's compactness is the absolute value of the difference between the length and the width of the district. In general, the length-width compactness of a district is calculated by measuring the distance from the northernmost point or portion of the boundary of a district to the southernmost point or portion of the boundary of the same district and the distance from the westernmost point or portion of the boundary of the district to the easternmost point or portion of the boundary of the same district. The absolute values computed for individual districts under this paragraph may be cumulated for all districts in a plan in order to compare the overall compactness of two or more alternative districting plans for the state, or for a portion of the state.

b. *Perimeter compactness.* The compactness of a district is greatest when the distance needed to traverse the perimeter boundary of a district is as short as possible. The total perimeter distance computed for individual districts under this paragraph may be cumulated for all districts in a plan in order to compare the overall compactness of two or more alternative districting plans for the state, or for a portion of the state.

5. No district shall be drawn for the purpose of favoring a political party, incumbent legislator or member of Congress, or other person or group, or for the purpose of augmenting or diluting the voting strength of a language or racial minority group. In establishing districts, no use shall be made of any of the following data:

a. Addresses of incumbent legislators or members of Congress.

b. Political affiliations of registered voters.

c. Previous election results.

d. Demographic information, other than population head counts, except as required by the Constitution and the laws of the United States.

6. In order to minimize electoral confusion and to facilitate communication within state legislative districts, each plan drawn under this section shall provide that each representative district is wholly included within a single senatorial district and that, so far as possible, each representative and each senatorial district shall be included within a single congressional district. However, the standards established by subsections 1 through 5 shall take precedence where a conflict arises between these standards and the requirement, so far as possible, of including a senatorial or representative district within a single congressional district.

7. Each bill embodying a plan drawn under this section shall provide that any vacancy in the general assembly which takes office in the year ending in one, occurring at a time which makes it necessary to fill the vacancy at a special election held pursuant to section 69.14, shall be filled from the same district which elected the senator or representative whose seat is vacant.

8. Each bill embodying a plan drawn under this section shall include provisions for election of senators to the general assemblies which take office in the years ending in three and five, which shall be in conformity with Article III, section 6, of the Constitution of the State of Iowa. With respect to any plan drawn for consideration in a year ending in one, those provisions shall be substantially as follows:

a. Each senatorial district in the plan which is not a holdover senatorial district shall elect a senator in the year ending in two for a four-year term commencing in January of the year ending in three. If an incumbent senator who was elected to a four-year term which commenced in January of the year ending in one, or was subsequently elected to fill a vacancy

in such a term, is residing in a senatorial district in the plan which is not a holdover senatorial district on the first Wednesday in February of the year ending in two, that senator's term of office shall be terminated on January 1 of the year ending in three.

b. Each holdover senatorial district in the plan shall elect a senator in the year ending in four for a four-year term commencing in January of the year ending in five.

(1) If one and only one incumbent state senator is residing in a holdover senatorial district in the plan on the first Wednesday in February of the year ending in two, and that senator meets all of the following requirements, the senator shall represent the district in the senate for the general assembly commencing in January of the year ending in three:

(a) The senator was elected to a four-year term which commenced in January of the year ending in one or was subsequently elected to fill a vacancy in such a term.

(b) The senatorial district in the plan which includes the place of residence of the state senator on the date of the senator's last election to the senate is the same as the holdover senatorial district in which the senator resides on the first Wednesday in February of the year ending in two, or is contiguous to such holdover senatorial district. Areas which meet only at the points of adjoining corners are not contiguous.

(2) Each holdover senatorial district to which subparagraph (1) is not applicable shall elect a senator in the year ending in two for a two-year term commencing in January of the year ending in three. However, if more than one incumbent state senator is residing in a holdover senatorial district on the first Wednesday in February of the year ending in two, and, on or before the third Wednesday in February of the year ending in two, all but one of the incumbent senators resigns from office effective no later than January of the year ending in three, the remaining incumbent senator shall represent the district in the senate for the general assembly commencing in January of the year ending in three. A copy of each resignation must be filed in the office of the secretary of state no later than 5:00 p.m. on the third Wednesday in February of the year ending in two.

c. For purposes of this subsection:

(1) "*Holdover senatorial district*" means a senatorial district in the plan which is numbered with an even or odd number in the same manner as senatorial districts, which were required to elect a senator in the year ending in zero, were numbered.

(2) "*Incumbent state senator*" means a state senator who holds the office of state senator on the first Wednesday in February of the year ending in two, and whose declared residence on that day is within the district from which the senator was last elected.

d. The secretary of state shall prescribe a form to be completed by all senators to declare their residences as of the first Wednesday in February of the year ending in two. The form shall be filed with the secretary of state no later than 5:00 p.m. on the first Wednesday in February of the year ending in two.

42.5 Temporary redistricting advisory commission.

1. Not later than February 15 of each year ending in one, a five member temporary redistricting advisory commission shall be established as provided by this section. The commission's only functions shall be those prescribed by section 42.6.

a. Each of the four selecting authorities shall certify to the chief election officer the authority's appointment of a person to serve on the commission. The certifications may be made at any time after the majority and minority floor leaders have been selected for the general assembly which takes office in the year ending in one, even though that general assembly's term of office has not actually begun.

b. Within thirty days after the four selecting authorities have certified their respective appointments to the commission, but in no event later than February 15 of the year ending in one, the four commission members so appointed shall select, by a vote of at least three members, and certify to the chief election officer the fifth commission member, who shall serve as chairperson.

c. A vacancy on the commission shall be filled by the initial selecting authority within fifteen days after the vacancy occurs.

d. Members of the commission shall receive a per diem as specified in section 7E.6, travel expenses at the rate provided by section 70A.9, and reimbursement for other necessary expenses incurred in performing their duties under this section and section 42.6. The per diem and expenses shall be paid from funds appropriated by section 2.12.

2. No person shall be appointed to the commission who:

a. Is not an eligible elector of the state at the time of selection.

b. Holds partisan public office or political party office.

c. Is a relative of or is employed by a member of the general assembly or of the United States Congress, or is employed directly by the general assembly or by the United States Congress.

42.6 Duties of commission.

The functions of the commission shall be as follows:

1. If, in preparation of plans as required by this chapter, the legislative services agency is confronted with the necessity to make any decision for which no clearly applicable guideline is provided by section 42.4, the legislative services agency may submit a written request for direction to the commission.

2. Prior to delivering any plan and the bill embodying that plan to the secretary of the senate and the chief clerk of the house of representatives in accordance with section 42.3, the legislative services agency shall provide to persons outside the legislative services agency staff only such information regarding the plan as may be required by policies agreed upon by the commission. This subsection does not apply to population data furnished to the legislative services agency by the United States bureau of the census.

3. Upon the delivery by the legislative services agency to the general assembly of a bill embodying an initial plan, as required by section 42.3, subsection 1, the commission shall:

a. As expeditiously as reasonably possible, schedule and conduct at least three public hearings, in different geographic regions of the state, on the plan embodied in the bill delivered by the legislative services agency to the general assembly.

b. Following the hearings, promptly prepare and submit to the secretary of the senate and the chief clerk of the house a report summarizing information and testimony received by the commission in the course of the hearings. The commission’s report shall include any comments and conclusions which its members deem appropriate on the information and testimony received at the hearings, or otherwise presented to the commission. The report shall be submitted no later than fourteen days after the date the bill embodying an initial plan of congressional and legislative redistricting is delivered to the general assembly.

1. Delegates to county conventions of political parties and party committee members shall be elected at precinct caucuses held not later than the fourth Monday in February of each even-numbered year. The date shall be at least eight days earlier than the scheduled date for any meeting, caucus, or primary which constitutes the first determining stage of the presidential nominating process in any other state, territory, or any other group which has the authority to select delegates in the presidential nomination. The state central committees of the political parties shall set the date for their caucuses. The county chairperson of each political party shall issue the call for the caucuses. The county chairperson shall file with the commissioner the meeting place of each precinct caucus at least seven days prior to the date of holding the caucus.

presidential candidate, it is the duty of a person designated as provided by the rules of that political party to report the results of the precinct caucus as directed by the state central committee of that political party. When the person designated to report the results of the precinct caucus reports the results, representatives of each candidate, if they so choose, may accompany the person as the results are being reported to assure that an accurate report of the proceedings is reported. If ballots are used at the precinct caucus, representatives of each candidate or other persons attending the precinct caucus may observe the tabulation of the results of the balloting.

4. Within sixty days after the date of the caucus the county central committee shall certify to the county commissioner the names of those elected as party committee members and delegates to the county convention. The commissioner shall retain precinct caucus records for twenty-two months. In addition, within fourteen days after the date of the precinct caucus, the chairperson of the county central committee shall deliver to the county commissioner all completed voter registration forms received at the caucus.

5. The central committee of each political party shall notify the delegates and committee members so elected and certified of their election and of the time and place of holding the county convention. Such conventions shall be held either preceding or following the primary election but no later than ten days following the primary election and shall be held on the same day throughout the state.

43.24 Objections to nomination petitions or certificates of nomination.

1. *Written objections required.* Nomination petitions or certificates of nomination filed under this chapter which are apparently in conformity with the law are valid unless objection is made in writing.

a. Objections to the legal sufficiency of a nomination petition or certificate of nomination filed or issued under this chapter or to the eligibility of a candidate may be filed in writing by any person who would have the right to vote for the candidate for the office in question.

Objections relating to incorrect or incomplete information for information that is required under section 43.14 or 43.18 shall be sustained.

b. Objections shall be filed with the officer with whom the nomination petition or certificate of nomination was filed, and within the following time:

(1) Those filed with the state commissioner, not less than seventy-four days before the date of the election, or for certificates of nomination filed under section 43.23, not less than seventy days before the date of the election.

(2) Those filed with the commissioner, not less than sixty-seven days before the date of the election, or for certificates of nomination filed under section 43.23, not less than sixty-three days before the date of the election.

(3) Objections to nominations to fill vacancies at a special election held under section 69.14, under which the forty-day notice of election provision applies, shall be filed with the state commissioner not less than fifteen days prior to the date set for the special election. If the forty-day notice provision does not apply, objections to nominations to fill vacancies at a special election held under section 69.14 may be filed any time prior to the date set for the special election.

(4) Those filed with the city clerk under this chapter, at least thirty-six days before the city primary election.

2. *Notice of objections.*

a. When objections have been filed, notice shall be mailed within seventy-two hours by certified mail to the candidate affected, addressed to the candidate's place of residence as stated in the candidate's affidavit of candidacy or in the certificate of nomination, stating that objections have been made, the nature of the objections, and the time and place the objections will be considered.

b. If an objection is filed to a nomination to fill a vacancy at a special election held under section 69.14, under which the forty-day notice of election provision of section 69.14 does not apply, notice of the objection shall be made to the candidate by the state commissioner as soon as practicable. Under this paragraph, failure to notify a candidate of an objection to the candidate's nomination prior to the date set for the special election does not invalidate the hearing conducted under subsection 3. The hearing to an objection shall proceed as quickly as possible to expedite the special election.

3. *Hearing.*

a. Objections filed with the state commissioner shall be considered by the secretary of state, auditor of state, and attorney general. However, if the objection is to the nomination petition, certificate of nomination, or eligibility of one or more of those officers, those officers shall be replaced, respectively, by the treasurer of state, secretary of agriculture, and lieutenant governor for the hearing.

b. Objections filed with the commissioner shall be considered by three elected county officers whose eligibility is not in question. The chairperson of the board of supervisors shall appoint the three elected officers unless the chairperson is ineligible, in which case, the appointments shall be made by the county auditor. In either case, a majority vote shall decide the issue.

c. Objections filed with the city clerk shall be considered by the mayor and clerk and one member of the council chosen by the council by ballot, and a majority decision shall be final; but if the objection is to the certificate of nomination of either of those city officials, that official shall not pass upon said objection, but that official's place shall be filled by a member of the council against whom no objection exists, chosen as above.

The fact that the candidate who receives the highest number of votes cast for any party’s nomination for an office to which section 43.52 or 43.65 is applicable is a person whose name was not printed on the official primary election ballot shall not affect the validity of the person’s nomination as a candidate for that office in the general election. If there have been no candidates from a political party for a seat in the general assembly since the most recent redistricting of the general assembly, a write-in candidate shall be considered nominated who receives a number of votes equal to at least thirty-five percent of the total votes cast, at the last preceding primary election in the precincts which currently constitute the general assembly district, for all of that party’s candidates for representative in the Congress of the United States or who receives at least one hundred votes, whichever number is greater. 1. A nonparty political organization that nominated a candidate whose name appeared on the general election ballot for a federal office, for governor, or for any other statewide elective office in any of the preceding ten years may request registration of voters showing their affiliation with the nonparty political organization pursuant to this section.

2. The organization shall file the following documents with the state registrar of voters on or before December 1 of an even-numbered year:

a. A petition in the form prescribed by the registrar and signed by no fewer than eight hundred fifty eligible electors residing in at least five counties in the state. The petition shall include the official name of the organization; the organization's name as the organization requests it to appear on the voter registration form if different from the organization's official name; and the name, address, and telephone number of the contact person for the organization. Each person who signs the petition shall include the person's signature, printed name, residence address with house number, street name, city, and county, and the date the person signed the petition.

b. A copy of the nonparty political organization's articles of incorporation, bylaws, constitution, or other document relating to establishment of the organization. Such copy shall be certified as a true copy of the original by the custodian of the original document.

If the registrar finds the name to be unacceptable, the registrar shall contact the organization and provide assistance in identifying an appropriate official name for the organization and for identifying the organization on the voter registration form. A determination by the registrar that the official name or voter registration form name requested is acceptable for use within the voter registration system is final.

4. The registrar and the voter registration commission may require biennial filings to update contact information.

5. Beginning in January 2011, and each odd-numbered year thereafter, the registrar and the voter registration commission may review the number of voters registered as affiliated with a nonparty political organization. If the number of registrants, including both active and inactive voters, is fewer than 150, the commission shall declare the organization to be

dormant for purposes of voter registration and may revise the voter registration form and instructions and electronic voter registration system to remove the organization from the list of nonparty political organizations with which a voter may register as affiliated. However, a change shall not be made to the record of political affiliation of individual registrants unless the registrant requests the change.

6. If a political party, as defined in section 43.2, fails to receive a sufficient number of votes in a general election to retain status as a political party and the former political party organizes as a nonparty political organization, the organization may request registration of voters showing their affiliation with the organization. 47.1 State commissioner of elections.

1. The secretary of state is designated as the state commissioner of elections and shall supervise the activities of the county commissioners of elections. There is established within the office of the secretary of state a division of elections which shall be under the direction of the state commissioner of elections. The state commissioner of elections may appoint a person to be in charge of the division of elections who shall perform the duties assigned by the state commissioner of elections. The state commissioner of elections shall prescribe uniform election practices and procedures, shall prescribe the necessary forms required for the conduct of elections, shall assign a number to each proposed constitutional amendment and statewide public measure for identification purposes, and shall adopt rules, pursuant to chapter 17A, to carry out this section. The state commissioner of elections may issue guidance that is not subject to the rulemaking process to clarify election laws and rules.

2. a. The state commissioner of elections may exercise emergency powers over any election being held in a district in which either a natural or other disaster or extremely inclement weather has occurred. The state commissioner’s decision to alter any conduct for an election using emergency powers must be approved by the legislative council. If the legislative council does not approve the secretary of state’s use of emergency powers to conduct an election, the legislative council may choose to present and approve its own election procedures or choose to take no further action. The state commissioner of elections may also exercise emergency powers during an armed conflict involving United States armed forces, or mobilization of those forces, or if an election contest court finds that there were errors in the conduct of an election making it impossible to determine the result.

b. If an emergency exists in all precincts of a county, the number of polling places shall

not be reduced by more than thirty-five percent. The polling places allowed to open shall be equitably distributed in the county based on the ratio of regular polling places located in unincorporated areas in the county to regular polling places in incorporated areas in the county.

3. The secretary of state is designated the chief state election official and is responsible for coordination of state responsibilities under the federal National Voter Registration Act of 1993.

4. The state commissioner shall adopt rules describing the emergency powers and the situations in which the powers will be exercised.

5. The state commissioner shall adopt rules pursuant to chapter 17A, for the implementation of uniform and nondiscriminatory administrative complaint procedures for resolution of grievances relating to violations of Tit. III of Pub. L. No. 107-252. In complaint proceedings in which all of the respondents are local election officials, the presiding officer shall be the state commissioner of elections. In complaint proceedings in which one of the respondents is the state commissioner of elections, the presiding officer shall be a panel consisting of all members of the state voter registration commission appointed pursuant to section 47.8, except the state commissioner of elections or the state commissioner's designee.

6. The state commissioner may, at the state commissioner's discretion, examine the records of a commissioner to evaluate complaints and to ensure compliance with the provisions of chapters 39 through 53. This examination shall include assessments conducted or authorized by private or government entities to evaluate a county's security readiness for elections-related technology or physical facilities. The state commissioner shall adopt rules pursuant to chapter 17A to require a commissioner to provide written explanations related to examinations conducted pursuant to this subsection. Any information that is requested by or in the possession of the state commissioner pursuant to this chapter shall not lose its confidential status pursuant to section 22.7, subsection 50.

7. The state commissioner may share information a county provides to an appropriate government agency to safeguard against cybersecurity or physical threats.

8. The state commissioner may adopt rules pursuant to chapter 17A to create minimum security protocols applicable to county commissioners of elections. If a county fails to adhere to these protocols, the state commissioner may limit access to the statewide voter registration system.

47.2 County commissioner of elections.

1. The county auditor of each county is designated as the county commissioner of elections in each county. The county commissioner of elections shall conduct voter registration pursuant to chapter 48A and conduct all elections within the county. The county commissioner of elections does not possess home rule powers with respect to the exercise of powers or duties related to the conduct of elections prescribed by statute or rule, or guidance issued pursuant to section 47.1.

2. a. When an election is to be held as required by law or is called by a political subdivision of the state and the political subdivision is located in more than one county, the county commissioner of elections of each of those counties shall conduct that election within the commissioner's county. However, the commissioner for the county having the greatest taxable base within the political subdivision shall serve as the controlling commissioner for the election. The controlling commissioner shall receive all nomination papers and public measures for the political subdivision. By the forty-first day prior to the election, the controlling commissioner shall certify the names of candidates and the text and summary of any public measure being submitted to the electorate to all county

commissioners of elections required to conduct elections for the political subdivision. The county commissioners of elections of the other counties in which the political subdivision is located shall cooperate with the controlling commissioner.

b. Notwithstanding paragraph “a”, for a city primary election, city runoff election, or a special election for a city, school district, or merged area, if a political subdivision is located in more than one county, the county commissioner of elections of a county not having the greatest taxable base within the political subdivision may designate that the controlling commissioner of the political subdivision shall conduct that election if fewer than one hundred twenty-five registered voters of the political subdivision are located within such county commissioner’s county. If the controlling commissioner is so designated, section 50.24, subsections 4 and 5, shall not apply. For the purposes of this paragraph, the number of registered voters shall be the number of registered voters in the political subdivision of a county not having the greatest taxable base on May 1 immediately preceding the first day of the filing period for candidates for the election. If May 1 falls on a day when the county commissioner’s office is closed for business, the county commissioner shall use the number of registered voters on the next day that the county commissioner’s office is open for business to determine the number of registered voters.

3. The commissioner may designate as a deputy county commissioner of elections any officer of a political subdivision who is required by law to accept nomination papers filed by candidates for office in that political subdivision, and when so designated that person shall assist the commissioner in administering elections conducted by the commissioner for that subdivision. The designation of a person as a deputy commissioner of elections pursuant to this section, once made, shall continue in effect until the designation is withdrawn by the commissioner.

4. The commissioner shall assign each local public measure a letter for identification purposes. The public measure on the ballot shall be identified by the letter.

a. The county commissioner who is responsible under subsection 2 for conducting the elections held for a political subdivision which lies in more than one county shall assign the letter to the public measure.

b. The county commissioners of elections of the other counties in which the political subdivision is located shall not assign the same letter to a local public measure on the ballot in their counties during the same election.

5. The office of county auditor or county commissioner of elections in each county shall be open for at least eight hours on the Saturday preceding a general election, primary election, or special election called by the governor for the purpose of receiving absentee ballots and conducting other official business relating to the election.

6. On the final date for filing nomination papers in the commissioner’s office the office shall be open until the time for receiving nomination papers has passed.

7. The county commissioner of elections shall, to maintain election security, do all of the following:

a. When the county commissioner believes that a cybersecurity incident or data breach has occurred, the county commissioner shall immediately inform the state commissioner of elections.

b. If the county commissioner has no reason to believe that a cybersecurity incident or data breach has occurred, the county commissioner shall certify that fact to the state commissioner on an annual basis.

8. The county commissioner shall not participate in an absentee ballot drive or collection effort in cooperation with a candidate, candidate’s committee, political party, or nonparty political organization. However, when a county commissioner is a candidate for election, such a county commissioner may participate in an absentee ballot drive or collection effort, but

shall not aid any other candidate, candidate's committee, political party, or nonparty political organization.

1. The costs of conducting a special election called by the governor, general election, and the primary election held prior to the general election shall be paid by the county.

The costs shall include but not be limited to the printing of the ballots and the election register, publication of notices, printing of declaration of eligibility affidavits, compensation for precinct election boards, canvass materials, and the preparation and installation of voting equipment. The county commissioner of elections shall certify to the county board of supervisors a statement of cost for an election. The cost shall be assessed by the county board of supervisors against the political subdivision for which the election was held.

3. a. Costs of registration and administrative and clerical costs shall not be charged as a part of the election costs.

b. If automatic tabulating equipment is used in any election, the county commissioner of elections shall not charge any political subdivision of the state a rental fee for the use of any automatic tabulating equipment.

4. The cost of maintenance of voter registration records and of preparation of election registers and any other voter registration lists required by the commissioner in the discharge of the duties of that office shall be paid by the county. 47.5 Purchasing by competitive bidding.

1. Except for legal services and printing of ballots, the commissioner shall take bids for goods and services which are needed in connection with registration of voters or preparation for or administration of elections and which will be performed or provided by persons who are not employees of the commissioner under the following circumstances:

a. In any case where it is proposed to purchase data processing services. The commissioner shall give the registrar written notice in advance on each occasion when it is proposed to have data processing services, necessary in connection with the administration of elections, performed by any person other than the registrar or an employee of the county. Such notice shall be made at least thirty days prior to publication of the specifications.

b. In all other cases, where the cost of the goods or services to be purchased will exceed one thousand dollars.

2. When it is proposed to purchase any goods or services, other than data processing services, in connection with administration of elections, the commissioner shall publish

notice to bidders, including specifications regarding the goods or services to be purchased or a description of the nature and object of the services to be retained, in a newspaper of general circulation in the county not less than fifteen days before the final date for submission of bids. When competitive bidding procedures are used, the purchase of goods or services shall be made from the lowest responsible bidder which meets the specifications or description of the services needed or the commissioner may reject all bids and readvertise. In determining the lowest responsible bidder, various factors may be considered, including but not limited to the past performance of the bidder relative to quality of product or service, the past experience of the purchaser in relation to the product or service, the relative quality of products or services, the proposed terms of delivery and the best interest of the county.

3. The procedure for purchasing data processing services in connection with administration of elections is the same as prescribed in subsection 2, except that the required copy of the bid specifications shall be filed with the registrar rather than the state commissioner. The specifications for data processing contracts relative to voter registration records shall be specified by the registration commission. The registrar shall, not later than the final date for submission of bids, inform the commissioner in writing whether the department of administrative services data processing facilities are currently capable of furnishing the services the county proposes to purchase, and if so the cost to the county of so obtaining the services as determined in accordance with the standard charges adopted by the registration commission. The commissioner, with approval of the board of supervisors, may reject all bids and enter into an arrangement with the registrar for the services to be furnished by the state. The commissioner may recommend and the board of supervisors may approve purchasing the needed services from the lowest responsible bidder; however, if the needed services could be obtained through the registrar at a lower cost, the board shall publish notice twice in a newspaper of general circulation in the county of its intent to accept such bid and of the difference in the amount of the bid and the cost of purchasing the needed services from the department of administrative services data processing facilities through the registrar. Each contract for the furnishing of data processing services necessary in connection with the administration of elections, by any person other than the registrar or an employee of the county, shall be executed with the contractor by the board of supervisors of the county purchasing the services, but only after the contract has been reviewed and approved by the registration commission. The contract shall be of not more than one year's duration. Each county exercising the option to purchase such data processing services from a provider other than the registrar shall provide the registrar, at the county's expense, original and updated voter registration lists in a form and at times prescribed by rules adopted by the registration commission.

4. Any election or registration data or records which may be in the possession of a contractor shall remain the property of the commissioner. Contracts with a private person relating to the maintenance and use of voter registration data, which were properly entered into in compliance with this section and with all other laws relating to bidding on such contracts, shall remain in force only until the most recently negotiated termination date of that contract. A new contract with the same provider may be entered into in accordance with subsection 3.

47.6 Election dates — conflicts — public measures.

1. a. (1) The governing body of a political subdivision which has authorized a special election to which section 39.2, subsections 1, 2, and 3, are applicable shall by written notice inform the commissioner who will be responsible for conducting the election of the proposed date of the special election.

(a) If a public measure will appear on the ballot at the special election, the governing body shall submit the complete text of the public measure to the commissioner with the notice of the proposed date of the special election.

(b) If the proposed date of the special election coincides with the date of a regularly

scheduled election or previously scheduled special election, the notice shall be given no later than 5:00 p.m. on the last day on which nomination papers may be filed with the commissioner for the regularly scheduled election or previously scheduled special election, but in no case shall notice be less than thirty-two days before the election. Otherwise, the notice shall be given at least forty-six days in advance of the date of the proposed special election.

(2) Upon receiving the notice, the commissioner shall promptly give written approval of the proposed date unless it appears that the special election, if held on that date, would conflict with a regular election or with another special election previously scheduled for that date.

b. A public measure shall not be withdrawn from the ballot at any election if the public measure was placed on the ballot by a petition, or if the election is a special election called specifically for the purpose of deciding one or more public measures for a single political subdivision. However, a public measure which was submitted to the county commissioner of elections by the governing body of a political subdivision may be withdrawn by the governing body which submitted the public measure if the public measure was to be placed on the ballot of a regularly scheduled election. The notice of withdrawal must be made by resolution of the governing body and must be filed with the commissioner no later than the last day upon which a candidate may withdraw from the ballot.

2. For the purpose of this section, a conflict between two elections exists only when some but not all of the registered voters of any precinct would be entitled to vote in one of the elections and all of the registered voters of the same precinct would be entitled to vote in the other election. Nothing in this subsection shall deny a commissioner discretionary authority to approve holding a special election on the same date as another election, even though the two elections may be defined as being in conflict, if the commissioner concludes that to do so will cause no undue difficulties.

3. a. A city council, county board of supervisors, school district board of directors, or merged area board of directors that has authorized a public measure to be submitted to the voters at a special election held pursuant to section 39.2, subsection 4, shall file the full text of the public measure with the commissioner no later than 5:00 p.m. on the forty-sixth day before the election.

b. If there are vacancies in county offices to be filled at the special election, candidates shall file their nomination papers with the commissioner not later than 5:00 p.m. on the forty-sixth day before the election.

c. If there are vacancies in city offices to be filled at the special election, candidates shall file their nomination papers with the city clerk not later than 5:00 p.m. on the forty-seventh day before the election. The city clerk shall deliver the nomination papers to the commissioner not later than 5:00 p.m. on the forty-sixth day before the election. Candidates for city offices in cities in which a primary election may be necessary shall file their nomination papers with the city clerk not later than 5:00 p.m. on the fifty-fourth day before the election. The city clerk shall deliver the nomination papers to the commissioner not later than 5:00 p.m. on the fifty-third day before the election.

47.7 State registrar of voters.

1. The state commissioner of elections is designated the state registrar of voters, and shall regulate the preparation, preservation, and maintenance of voter registration records, the preparation of precinct election registers for all elections administered by the commissioner of any county, and the preparation of other data on voter registration and participation in elections which is requested and purchased at actual cost of preparation and production by a political party or any resident of this state. The registrar shall maintain a log, which is a public record, showing all lists and reports which have been requested or generated or which

are capable of being generated by existing programs of the data processing services of the registrar. In the execution of the duties provided by this chapter, the state registrar of voters shall provide the maximum public access to the electoral process permitted by law.

2. *a.* On or before January 1, 2006, the state registrar of voters shall implement in a uniform and nondiscriminatory manner, a single, uniform, official, centralized, interactive computerized statewide voter registration file defined, maintained, and administered at the state level that contains the name and registration information of every legally registered voter in the state and assigns a unique identifier to each legally registered voter in the state. The state voter registration system shall be coordinated with other agency databases within the state, including, but not limited to, state department of transportation driver's license records, judicial records of convicted felons and persons declared incompetent to vote, and Iowa department of public health records of deceased persons.

b. On or after January 1, 2007, a county shall not establish or maintain a voter registration system separate from the state voter registration system. Each county shall provide to the state registrar the names, voter registration information, and voting history of each registered voter in the county in the form required by the state registrar.

c. A state or local election official may obtain immediate electronic access to the information contained in the computerized voter registration file. All voter registration information obtained by a local election official shall be electronically entered into the computerized voter registration file on an expedited basis at the time the information is provided to the local election official. The state registrar shall provide such support as may be required to enable local election officials to electronically enter the information into the computerized voter registration file on an expedited basis. The list generated from the computerized file shall serve as the official voter registration list for the conduct of all elections for federal office in the state.

d. The state registrar shall prescribe by rule the procedures for access to the state voter registration file, including all of the following:

(1) Access protocols for adding, changing, or deleting information from the state voter registration file.

(2) Training requirements for all state voter registration file users.

(3) Technology safeguards, including county information technology network requirements, necessary to access the state voter registration file.

(4) Breach incident response requirements and protocols on all matters related to elections.

e. The state registrar may rescind access to the statewide voter registration file from a user who is not in compliance with the prescribed rules.

f. b. Be an Iowa resident. A person’s residence, for voting purposes only, is the place which the person declares is the person’s home with the intent to remain there permanently or for a definite, or indefinite or indeterminable length of time. A person who is homeless or has no established residence may declare residence in a precinct by describing on the voter registration form a place to which the person often returns.

However, for purposes of voting in the primary election, an eligible elector shall be at least eighteen years of age on the date of the respective general election or city election. Completed registration forms shall be accepted from registrants who are at least seventeen years of age. For an election other than a primary election, the registration shall not be effective until the registrant reaches the age of eighteen. The commissioner of registration shall ensure that the birth date shown on the registration form is at least seventeen years earlier than the date the registration is processed.

(2) A registrant who is at least seventeen years of age and who will be eighteen by the date of a pending election is a registered voter for the pending election for purposes of chapter 53. However, a person who has moved to a new residence and fails to register to vote at the person's new residence after becoming eligible to do so shall not be entitled to vote at the person's former precinct in Iowa.

4. A citizen of the United States who lives outside of the United States has the right to register and vote as if the person were a resident of a precinct in Iowa if the citizen was an eligible elector of Iowa immediately before leaving the United States. A citizen who was not old enough to register to vote before leaving the United States but who met all of the other requirements for voter registration at that time also has the right to register and vote as if the person were a resident of a precinct in Iowa. This right applies even though while living outside the United States the citizen does not have a residence or other address in the precinct, and the citizen has not determined whether to return to Iowa. (5) A change of address notice for voter registration submitted to any voter registration agency.

b. If a registered voter submits a change of name, telephone number, or address under this subsection, the commissioner shall not change the political party or nonparty political organization affiliation in the registered voter's prior registration unless otherwise indicated by the registered voter.

3. The commissioner shall make the necessary changes in the registration records without any action by the registrant when any of the following events occur:

a. Annexation of territory by a city. When an existing city annexes territory, the city clerk shall furnish the commissioner a detailed map of the annexed territory. If a city is divided into wards for voting purposes, the detailed map shall show the ward designations for the annexed territory. The commissioner shall change the registration of persons residing in that territory to reflect the annexation and the city precinct to which each of those persons is assigned. If the commissioner cannot determine the names and addresses of the persons affected by the annexation, the commissioner shall send each person who may be involved a letter informing the person that the person's registration may be in error, and requesting that each person provide the commissioner with the information necessary to correct the registration records.

b. Change of official street name or house or building number by a city or county. When the city or county changes the name of a street or the number of a house or other building in which a person resides, the city clerk or county board of supervisors shall inform the commissioner of the change, and the commissioner shall change the registration of each person affected.

c. Incorporation or discontinuance of a city. When a new city is incorporated or an existing city is discontinued, the city clerk shall notify the commissioner. The commissioner shall change the registration of each person affected.

d. Change of rural route designation of the residence of the registered voter. The commissioner shall request each postmaster in the county to inform the commissioner of each change in rural route designation and the names of the persons affected, and the commissioner shall change the registration of each person as appropriate.

4. *a.* A commissioner, either independently or in cooperation with the state registrar of voters, and in accordance with rules of the state voter registration commission, may enter into an agreement with a licensed vendor of the United States postal service participating in the national change of address program to identify registered voters of the county who may have moved either within or outside the county.

b. If the information provided by the vendor indicates that a registered voter has moved to another address within the county, the commissioner shall change the registration records to show the new residence address, and shall also mail a notice of that action to the new address. The notice shall be sent by forwardable mail, and shall include a postage prepaid preaddressed return form by which the registered voter may verify or correct the address information.

c. If the information provided by the vendor indicates that a registered voter has moved to an address outside the county, the commissioner shall make the registration record inactive, and shall mail a notice to the registered voter at the new address.

(1) The notice shall be sent by forwardable mail, and shall include a postage paid preaddressed return card on which the registered voter may state the registered voter's current address.

(2) The notice shall contain a statement in substantially the following form:

Information received from the United States postal service indicates that you are no longer a resident of, and therefore not eligible to vote in (name of county) County, Iowa. If this information is not correct, and you still live in (name of county) County, please complete and mail the attached postage paid card at least fifteen days before any election at which you wish to vote. d. If the information provided by the vendor indicates the registered voter has moved to another county within the state, the notice required by paragraph "c" shall include a statement that registration in the county of the person's current residence is required.

e. If a registered voter returns a card sent pursuant to this subsection and confirms that the registered voter has moved to a new residence outside the county, the commissioner shall cancel the registration of the voter.

f. If a registered voter returns a card sent pursuant to this subsection and states that the registered voter's residence address has not changed for the purpose of voter registration, the commissioner shall reinstate the record to active status, making any other changes directed by the registrant in the notice.

5. The commissioner shall keep a record of the names and addresses of the registered voters to whom notices under this section are sent and the date of the notice. When the return card from a notice is received by the commissioner, the commissioner shall record the date it was received and whether the registrant had moved within the county, moved to an address outside the county, or had not changed residence.

49.3 Election precincts and districts.

1. Election precincts shall be drawn and named or numbered by the county board of supervisors or the temporary county redistricting commission in all unincorporated portions of each county, and by the city council of each city in which it is necessary or deemed advisable to establish more than one precinct. Precincts established as provided by this chapter shall be used for all elections, except where temporary merger of established precincts is specifically permitted by law for certain elections, and no political subdivision shall concurrently maintain different sets of precincts for use in different types of elections. Election precincts shall be drawn so that:

a. No precinct shall have a total population in excess of three thousand five hundred, as shown by the most recent federal decennial census.

b. Each precinct is contained wholly within an existing legislative district, except:

(1) When adherence to this requirement would force creation of a precinct which includes the places of residence of fewer than fifty registered voters.

(2) When the general assembly by resolution designates a period after the federal decennial census is taken and before the next succeeding reapportionment of legislative districts required by Article III, section 35 of the Constitution of the State of Iowa as amended in 1968, during which precincts may be drawn without regard to the boundaries of existing legislative districts.

c. Except as provided in section 49.4, subsection 3, precincts established after July 1, 1994, shall be composed of contiguous territory within a single county. The boundaries of all precincts shall follow the boundaries of areas for which official population figures are available from the most recent federal decennial census.

2. All election districts, including city wards and county supervisor districts, shall be drawn according to the following standards:

a. All boundaries, except for supervisor districts for counties using supervisor representation plan “two” pursuant to section 331.209, shall follow precinct boundaries.

b. All districts shall be as nearly equal as practicable to the ideal population for the districts as determined by dividing the number of districts to be established into the population of the city or county.

c. All districts shall be composed of contiguous territory as compact as practicable.

d. Consideration shall not be given to the addresses of incumbent officeholders, political affiliations of registered voters, previous election results, or demographic information other than population head counts, except as required by the Constitution and the laws of the United States.

e. Cities shall not be divided into two or more county supervisor districts unless the

population of the city is greater than the ideal size of a district. Cities shall be divided into the smallest number of county supervisor districts possible.

49.4 Precincts drawn by county board.

Where action by the board of supervisors is necessary or deemed advisable by the board of supervisors or the temporary county redistricting commission, the boundaries of precincts shall be definitely fixed by ordinance. A public hearing shall be held before final action is taken to adopt changes in the precinct boundaries. Notice of the date, time, and place of the hearing shall be given as provided in chapter 21. In the absence of contrary action by the board of supervisors or the temporary county redistricting commission, each civil township which does not include any part of a city of over two thousand population, and the portion of each civil township containing any such city which lies outside the corporate limits of that city or those cities, shall constitute an election precinct. If no action is necessary to change the county election precincts, the board of supervisors shall certify the retained boundaries to the state commissioner, as required by section 49.7.

1. Where a civil township, or the portion of a civil township outside the corporate limits of any city of over two thousand population contained within the civil township, is divided into two or more election precincts, the precincts shall be so drawn that their total populations shall be reasonably equal on the basis of data available from the most recent federal decennial census, except where the division is necessary to comply with section 49.3, subsection 1, paragraph “c”.

2. Counties using alternative supervisor representation plans “two” or “three”, as described in section 331.206, shall be apportioned into single-member supervisor districts on the basis of population. In counties using representation plan “three”, the boundaries of supervisor districts shall follow the boundaries of election precincts.

3. a. Notwithstanding any other provision of this chapter, Indian settlement land held in trust by the secretary of the interior of the United States for the Sac and Fox tribe of the Mississippi in Iowa and its trust land contiguous to the Indian settlement lying in Tama, Toledo and Indian Village townships of Tama county shall be an election precinct. The polling place of that precinct shall be located on the Indian settlement in a structure designated by the election commissioner of Tama county.

b. The Indian settlement precinct shall be redrawn to include land contiguous to the Indian settlement when such land is purchased by the settlement and added to the Indian settlement land held in trust by the secretary of the interior of the United States. Upon recording of the deed transferring the land to the United States in trust, the county recorder shall notify the county commissioner of that fact. If the commissioner is notified more than seventy days before the next scheduled election, the commissioner shall redraw the precinct for that election. The commissioner shall notify the board of supervisors of the redrawn precinct boundaries and shall certify the redrawn boundaries to the state commissioner. Land completely surrounded by the boundaries of the Indian settlement precinct, but not included in the settlement precinct, shall be included in the precinct in which such land was located prior to redrawing of the Indian settlement precinct. The commissioner shall notify registered voters in each of the redrawn precincts of the change in the precincts and the proper polling place for those affected voters.

49.5 City precincts.

1. As used in this section:

a. “The convenience of the voters” refers to but is not necessarily limited to the use of precinct boundaries which can be readily described to and identified by voters and for which there is ease of access by voters to their respective precinct polling places by reasonably direct routes of travel.

b. “Promoting electoral efficiency” means reducing the cost of staffing election precincts by requiring cities to avoid creating more precincts than is reasonably necessary to provide voters access to voting.

2. The council of a city where establishment of more than one precinct is necessary or deemed advisable shall, at the time required by law, divide the city into the number of election precincts as will best serve the convenience of the voters while promoting electoral efficiency. The precinct boundaries shall conform to section 49.3 and shall be described in an ordinance adopted by the council within the time required by section 49.7.

3. Before final adoption of any change in election precinct boundaries pursuant to this section or section 49.6, the council shall permit the commissioner not less than seven and not more than ten days’ time to offer written comments to the council on the proposed reprecincting. If the commissioner recommends changes in the proposed reprecincting which the commissioner concludes could better serve the convenience of the voters or could promote electoral efficiency, including lowering election costs, the council shall, if no changes to the reprecincting are made, include reasons in the ordinance for not adopting the proposed changes of the commissioner. A public hearing shall be held before final adoption of the ordinance. Notice of the date, time, and place of the hearing shall be given as provided in chapter 21.

1. Where reprecincting is necessary, city councils and county boards of supervisors or the temporary county redistricting commission shall make any necessary changes in precincts as soon as possible after the redistricting of congressional and legislative districts becomes law.

2. a. City councils shall complete any changes in precinct and ward boundaries necessary to comply with sections 49.3 and 49.5 not later than sixty days after the redistricting of congressional and legislative districts becomes law, or September 1 of the year immediately following each year in which the federal decennial census is taken, whichever is later. Different compliance dates may be set by the general assembly by joint resolution.

b. County boards of supervisors or the temporary county redistricting commission shall complete any changes in precinct and supervisor district boundaries necessary to comply with sections 49.3, 49.4, and 331.209 not later than ninety days after the redistricting of congressional and legislative districts becomes law, or October 15 of the year immediately following each year in which the federal decennial census is taken, whichever is later. Different compliance dates may be set by the general assembly by joint resolution.

3. Each county board of supervisors or the temporary county redistricting commission

and city council shall immediately notify the state commissioner and the commissioner when the boundaries of election precincts are changed, and shall provide a map showing the new boundary lines. Each county board or the temporary county redistricting commission and city council shall certify to the state commissioner the populations of the new election precincts or retained election precincts as determined by the latest federal decennial census. Materials filed with the state commissioner shall be postmarked no later than the deadline specified in this section.

4. If the state commissioner determines that a county board or the temporary county redistricting commission or city council has failed to make the required changes by the dates specified by this section, the state commissioner shall make or cause to be made the necessary changes as soon as possible. The state commissioner shall assess to the county or city, as the case may be, the expenses incurred in making the necessary changes. The state commissioner may request the services of personnel and materials available to the legislative services agency to assist the state commissioner in making required changes in election precincts which become the state commissioner's responsibility.

5. Precinct boundaries shall become effective on January 15 of the second year following the year in which the census was taken and shall be used for all subsequent elections. Precinct boundaries drawn by the state commissioner shall be incorporated into the ordinances of the city or county.

49.8 Changes in precincts.

After any required changes in precinct boundaries have been made following each federal decennial census, at the time established by or pursuant to section 49.7, the county board or city council shall make no further changes in precinct boundaries until after the next federal decennial census, except in the following circumstances:

1. When deemed necessary by the board of supervisors of any county because of a change in the location of the boundaries, dissolution or establishment of any civil township, the boundaries of precincts actually affected may be changed as necessary to conform to the new township boundaries.

2. When territory is annexed to a city the city council may attach all or any part of the annexed territory to any established precinct or precincts which are contiguous to the annexed territory, however this subsection shall not prohibit establishment of one or more new precincts in the annexed territory.

3. A city may have one special federal census taken each decade and the population figures obtained may be used to revise precinct boundaries in accordance with the requirements of sections 49.3 and 49.5.

4. If city population data certified by the United States bureau of the census following the federal decennial census is revised and the revision is certified by the United States bureau of the census, such revisions may be used to revise precinct and ward boundaries in accordance with the requirements of sections 49.3 and 49.5. The board of supervisors shall determine whether such revised population data affects the population equality of supervisor districts. If necessary, the temporary county redistricting commission shall be reconvened, notwithstanding section 331.210A, subsection 4, and supervisor districts shall be revised in accordance with the requirements of section 331.210A, subsection 2.

5. a. When the boundaries of a county supervisor, city council, or school director district, or any other district from which one or more members of any public representative body other than the general assembly are elected by the voters thereof, are changed by annexation or other means other than precincting, the change shall not result in the term of any officer

elected from the former district being terminated before or extended beyond the expiration of the term to which the officer was last elected, except as provided under section 275.23A and section 331.209, subsection 1. If more than one incumbent officeholder resides in a district redrawn during reprecincting, their terms of office shall expire after the next election in the political subdivision.

b. When a vacancy occurs in the office of county supervisor, city council, or school director following the effective date of new district boundaries, the vacancy shall be filled using the new boundaries.

6. When a city is changing its form of government from one which has council members elected at large to one which has council members elected from wards, or is changing its number of council members elected from wards, the city council may redraw the precinct boundaries in accordance with sections 49.3 and 49.5 to coincide with the new ward boundaries.

7. Precinct boundaries established by or pursuant to section 49.3 or 49.4, and not changed under subsection 1 since the most recent federal decennial census, may be changed once during the period beginning January 1 of the second year following a year in which a federal decennial census is taken and ending June 30 of the year immediately following the year in which the next succeeding federal decennial census is taken, if the commissioner recommends and the board of supervisors finds that the change will effect a substantial savings in election costs. Changes made under this subsection shall be made not later than ninety-nine days before a primary election, unless the changes will not take effect until January 1 of the next even-numbered year.

8. Precinct boundaries established by a city council pursuant to section 49.5 or 49.6 and not changed under subsections 1 through 6 since the most recent federal decennial census, may be redrawn by the city council in accordance with sections 49.3 and 49.5 once during the period beginning January 1 of the second year following a year in which a federal decennial census is taken and ending June 30 of the year immediately following the year in which the next succeeding federal decennial census is taken, if the commissioner recommends that the change will effect a substantial savings in election costs. Changes made under this subsection shall be made not later than ninety-nine days before a city primary or runoff election, unless the changes will not take effect until January 1 of the next odd-numbered year.

49.10 Polling places for certain precincts.

1. Polling places for precincts outside the limits of a city, but within the township, or originally within and set off as a separate township from the township in which the city is in whole or in part situated, and a polling place for a township which entirely surrounds another township containing a city, may be fixed at some room or rooms in the courthouse or in some other building within the limits of the city as the commissioner may provide.

2. If the commissioner determines, or if a petition be filed with the commissioner ninety days before any primary, general or special election stating that there is no suitable

or adequate polling place within a township constituting a voting precinct and that it is desirable and to the interest of the voters of that township voting precinct that a voting place be designated for it outside its territorial limits, the commissioner shall fix a polling place for that precinct, outside its territorial limits, which the commissioner deems convenient to the electors of the township precinct. A petition submitted under this subsection must be signed by eligible electors of the precinct exceeding in number one-half the total number of votes cast in the township precinct for the office of president of the United States or governor, as the case may be, at the last preceding general election. When the commissioner has fixed such a polling place it shall remain the polling place at all subsequent primary, general and special elections, until such time as the commissioner shall fix a different polling place for the precinct.

3. In any city in which precinct lines have been changed to comply with section 49.5, the commissioner may fix the polling place for any precinct outside the boundaries of the precinct if there is no building or facility within the precinct suitable and available for use as a polling place. In so doing, the commissioner shall fix the polling place at the point nearest the precinct which is suitable and available for use as a polling place and is reasonably accessible to voters of the precinct.

4. A single room or area of any building or facility may be fixed as the polling place for more than one precinct. The location of each polling place shall be clearly marked within the room or area on the days on which elections are held as the location of the polling place of a particular precinct, and suitable arrangements shall be made within the room or area to prevent direct access from the polling place of any precinct to the polling place of any other precinct. When the commissioner has fixed such a polling place for any precinct it shall remain the polling place at all subsequent elections, except elections for which the precinct is merged with another precinct as permitted by section 49.11, until the boundaries of the precinct are changed or the commissioner fixes a new polling place, except that the polling place shall be changed to a point within the boundaries of the precinct at any time not less than sixty days before the next succeeding election that a building or facility suitable for such use becomes available within the precinct.

5. If two or more contiguous townships have been combined into one election precinct by the board of supervisors, the commissioner shall provide a polling place which is convenient to all of the electors in the precinct.

49.11 Notice of boundaries of precincts — merger or division.

1. The board of supervisors or the temporary county redistricting commission or city council shall number or name the precincts established by the supervisors or council pursuant to sections 49.3, 49.4, and 49.5. The boundaries of the precincts shall be recorded in the records of the board of supervisors, temporary county redistricting commission, or city council, as the case may be.

2. The board of supervisors or city council shall publish notice of changes in the county or city precinct boundaries in a newspaper of general circulation published in the county or city once each week for three consecutive weeks. The series of publications shall be made after the changes in the precincts have been approved by the state commissioner of elections. The last of the three publications shall be made no later than thirty days before the next general election. A map showing the new boundaries may be used. No publication is necessary if no changes were made.

3. The precincts established pursuant to section 49.7 shall not be changed except in the manner provided by law. However, the county commissioner of elections may:

a. Consolidate two or more precincts into one.

(1) However, the commissioner shall not do so if there is filed with the commissioner at least twenty days before the election a petition signed by twenty-five or more eligible electors of any precinct requesting that it not be merged with any other precinct. There shall be attached to the petition the affidavit of an eligible elector of the precinct that the signatures

on the petition are genuine and that all of the signers are to the best of the affiant’s knowledge and belief eligible electors of the precinct.

(2) If a special election is to be held in which only those registered voters residing in a specified portion of any established precinct are entitled to vote, that portion of the precinct may be merged by the commissioner with one or more other established precincts or portions of established precincts for the special election, and the right to petition against merger of a precinct shall not apply.

b. (1) Establish voting centers for the regular city election, city primary election, city runoff election, regular school election, and special elections. Any registered voter who is eligible to vote in the regular city election may vote at any voting center in the city. Any registered voter who is eligible to vote at the regular school election may vote at any voting center in the school district. Any registered voter who is eligible to vote in a special election may vote at any voting center established for that special election. For purposes of section 48A.7A, a voting center shall be considered the polling place for the precinct in which a person resides.

(2) The county commissioner of elections shall designate the location of each voting center to be used in the election.

(3) A voting center designated under this subsection is subject to the requirements of section 49.21 relating to accessibility to persons who are elderly and persons with disabilities and relating to the posting of signs. The location of each voting center shall be published by the county commissioner of elections in the same manner as the location of polling places is required to be published.

(4) Pursuant to section 39A.2, subsection 1, paragraph “b”, subparagraph (3), a person commits the crime of election misconduct in the first degree if the person knowingly votes or attempts to vote at more than one voting center for the same election.

c. Divide any precinct permanently established under this section which contains all or any parts of two or more mutually exclusive political subdivisions, either or both of which is independently electing one or more officers or voting on one or more questions on the same date, into two or more temporary precincts and designate a polling place for each.

d. Consolidate precincts for any election under any of the following circumstances:

(1) One of the precincts involved consists entirely of dormitories that are closed at the time the election is held.

(2) The consolidated precincts, if established as a permanent precinct, would meet all requirements of section 49.3, and a combined total of no more than three hundred fifty voters voted in the consolidated precincts at the last preceding similar election.

(3) The city council of a special charter city with a population of three thousand five hundred or less which is divided into council wards requests the commissioner to consolidate two or more precincts for any election.

4. Notice of changes made pursuant to subsection 3 shall be reported to the state commissioner at least twenty-five days before the next election in which the temporary precinct will be active, or, for elections held pursuant to section 69.14 while the general assembly is in session or within forty-five days of the convening of a session of the general assembly, at least ten days before election day.

49.13 Commissioner to appoint members, chairperson.

1. The membership of each precinct election board shall be appointed by the commissioner, not less than fifteen days before each election held in the precinct, from the election board panel drawn up as provided in section 49.15. Precinct election officials shall be registered voters of the county, or other political subdivision within which precincts have been merged across county lines pursuant to section 49.11, subsection 3, paragraph “a”, in which they are appointed. Preference shall be given to appointment of residents of a precinct to serve as precinct election officials for that precinct, but the commissioner may appoint other residents of the county where necessary.

2. For all elections in which a partisan office is on the ballot, election boards shall include members of the two political parties whose candidates for president of the United States or for governor, as the case may be, received the largest and next largest number of votes in the county at the last general election. Election boards may also include persons not members of either of these parties. However, persons who are not members of either of these political parties shall not comprise more than one-third of the membership of an election board.

3. In appointing the election board to serve for any election in which candidates' names do appear under the heading of these political parties, the commissioner shall give preference to the persons designated by the respective county chairpersons of these political parties for placement on the election board panel, as provided by section 49.15, in the order that they were so designated. However, the commissioner may for good cause decline to appoint a designee of a county chairperson if that chairperson is notified and allowed two working days to designate a replacement.

4. In appointing the election board to serve for a nonpartisan election, the commissioner may give preference to the persons who are willing to serve without pay identified pursuant to section 49.15, subsection 2, paragraph “b”, by the city council or the school board.

5. The commissioner shall designate one member of each precinct election board as chairperson of that board. At the discretion of the commissioner, two people who are members of different political parties may be appointed as co-chairpersons. The co-chairpersons shall have joint authority over the work of the precinct election board.

6. The commissioner may appoint high school students who are not yet qualified to be registered voters to serve as precinct election board members.

a. To qualify to serve as a precinct election board member, a high school student shall:

(1) Be a United States citizen.

(2) Be at least seventeen years of age and a student in good standing enrolled in a public or private secondary school in Iowa.

(3) Receive credit in at least four subjects, each of one period or hour, or the equivalent thereof, at all times. The eligible subjects are language arts, social studies, mathematics, science, health, physical education, fine arts, world language, and career and technical education. Coursework taken as a postsecondary enrollment option for which a school district or accredited nonpublic school grants academic credit toward high school graduation shall be used in determining eligibility. A student shall not be denied eligibility if the student's school program deviates from the traditional two-semester school year. Each student wishing to participate under this subsection shall be passing all coursework for which credit is given and shall be making adequate progress toward graduation requirements at the end

of each grading period. At the end of a grading period that is the final grading period in a school year, a student who receives a failing grade in any course for which credit is awarded is ineligible to participate under this subsection. A student who is eligible at the close of a semester is academically eligible to participate under this subsection until the beginning of the subsequent semester. A student with a disability who has an individualized education program shall not be denied eligibility to participate under this subsection on the basis of scholarship if the student is making adequate progress, as determined by school officials, towards the goals and objectives of the student's individualized education program.

(4) At the time of appointment, have the written approval of the principal of the secondary school the student attends.

(5) Have the written approval of the student's parent or legal guardian.

(6) Have satisfactorily completed the training course for election officials.

(7) Meet all other qualifications for appointment and service as an election board member except the requirement of being a registered voter.

b. No more than one student precinct election board member may serve on each precinct election board.

c. Student precinct election board members shall not serve as the chairperson of a precinct election board.

d. Before serving at a partisan election, the student precinct election board member must certify in writing to the commissioner the political party with which the student is affiliated.

e. Student precinct election board members shall not be allowed to work more hours than allowed under the applicable labor laws.

f. A student who serves on a precinct election board is not eligible to receive class credit for such service unless such service qualifies as meeting the requirements of a class assignment imposed on all students in the class.

g. No later than fourteen days after the date of the election, the commissioner shall report to the appropriate secondary school the following information:

(1) The name of each student attending the school who served as a precinct election board member on election day.

(2) The number of hours the student served as a precinct election board member.

(3) The precinct number and polling place location where the student served as a precinct election board member.

(4) Any other information the commissioner deems appropriate or that is requested by the school.

7. A person serving on a precinct election board pursuant to subsection 2 or 3 who changes the political party of which the person is a member within thirty days before an election shall be immediately removed from the board and a substitute shall be appointed pursuant to section 49.14.

49.14 Substitute precinct election officials.

1. The commissioner may appoint substitute precinct election officials as alternates for election board members. The responsibilities and duties of a precinct election official present at the time the polling place was opened on the day of an election may be assumed at any later time that day by a substitute appointed as an alternate. The substitute shall serve either for the balance of that election day or for any shorter period of time the commissioner may designate. At partisan elections, a substitute precinct election official assuming the duties of a precinct election official shall be a member of the same political party as the precinct election official whose duties are being assumed, unless substitution of a precinct election official not

of the same political party results in no more than a simple majority of the total number of precinct election officials serving in that precinct being members of the same political party.

2. Substitute precinct election officials shall be appointed and shall serve in accordance with sections 49.12, 49.13, 49.15, and 49.16, and shall receive compensation as provided by sections 49.20 and 49.125. Upon arriving at the polling place and prior to performing any official duty, a substitute precinct election official shall take the oath required by section 49.75.

3. The commissioner shall not employ substitute precinct election officials in a partisan election unless:

a. The election board panel drawn up pursuant to section 49.15 contains the names of a sufficient number of political party designees to permit appointment of both the regular precinct election officials and any substitute precinct election officials from that panel; or

b. The commissioner has informed the county chairpersons of the political parties referred to in section 49.13, subsection 2, thirty days prior to the date of the election, of intent to appoint substitute precinct election officials and has allowed ten days thereafter for the respective county chairpersons to provide additional names of persons from whom the substitute precinct election officials shall be appointed. If a county chairperson fails to provide additional names after being so notified, the commissioner may appoint persons known to be members of the appropriate political party or parties.

49.15 Commissioner to draw up election board panel.

1. Not less than twenty days before each primary election, the commissioner shall draw up for each precinct an election board panel from which members of the precinct election board shall be appointed for each election held in the precinct during the ensuing two years.

2. a. Each panel shall include members of each of the political parties referred to in section 49.13, whose names may be designated by the county chairpersons of each of these political parties not less than thirty days prior to each primary election. The commissioner may place on the election board panel names of persons known by the commissioner to be members of these political parties, if the respective county chairpersons fail to designate a sufficient number of names, and may also add names of persons, whether or not they are members of either of these political parties, who have advised the commissioner they are willing to serve on the election board.

b. The commissioner may also place on the election board panel names of persons whom either the city council of a city or a school board has advised the commissioner at least thirty days before each primary election are willing to serve without pay at elections conducted for that school district or city, as the case may be, during the tenure of the election board panel on which these names are included.

3. In drawing up precinct election board panels, the commissioner may use student precinct election board members appointed pursuant to section 49.13, subsection 6.

49.16 Tenure of election board panel.

Each person whose name is placed on the election board panel as provided in section 49.15, shall remain available for appointment to the election board of the precinct, subject to the provisions of section 49.12, until a new panel is drawn up unless the person's name is sooner deleted from the panel by the commissioner. The election board for each election held in the precinct shall be drawn from the panel, however:

1. No person shall serve on the election board at any election in which the person or any person related to the person within the third degree of consanguinity or affinity is a candidate to be voted upon in that precinct, and it shall be the responsibility of each person whose name is listed on the election board panel to notify the commissioner not less than fifteen days

before any election at which the person is ineligible to serve by reason of this subsection. However, this subsection shall not apply in the case of any candidate or relative of a candidate seeking an office or nomination which no opposing candidate is seeking. Any candidate for an office or for nomination to an office to which two or more persons are to be elected at large is unopposed, for the purpose of this subsection, if the number of candidates for the office or nomination does not exceed the number of persons to be elected or nominated.

2. When all or portions of two or more precincts are merged for any election as permitted by section 49.11, subsection 3, paragraph “a”, the commissioner may appoint the election board for the merged precinct from the election board panels of any of the precincts so merged. When any permanent precinct is divided as permitted by section 49.11, subsection 3, paragraph “c”, the commissioner shall so far as possible appoint the election board for each of the temporary precincts so created from the election board panel of the permanent precinct.

3. Persons whose names are listed on the election board panel shall not be required to serve on the election board for any election which by the terms of the statute authorizing it is exempt from the provisions of this chapter. The necessary officers for such elections shall be designated as provided by law or, if there is no applicable statute, by the commissioner.

4. In appointing the election board for any election conducted for a city or a school district, the commissioner may give preference to any persons who are willing to serve without pay at those elections.

5. A person shall not serve on the precinct election board as a representative of a political party if the person has changed political party affiliation from that of the political party which selected the person to serve as a precinct election official. If a precinct election official records a change of political party, the official’s name shall be removed from the list of precinct election officials for that political party. The chairperson of the political party shall be notified of the vacancy and may designate a replacement. If the chairperson of another political party later designates the person as a precinct election official, the person may serve, if qualified. If a precinct election official serving on the board as a representative of a political party records a change of political party to vote absentee under chapter 53 and after voting absentee records a change of political party back to the political party the official represents on the precinct election board, the official’s name shall be removed from the list of precinct election officials for that election. The chairperson of the political party shall be notified of the vacancy and may designate a replacement for that election.

Compensation shall be paid to members of election boards only after the vote has been canvassed and it has been determined in the course of the canvass that the election record certificate has been properly executed by the election board.

49.21 Polling places — accessibility — signs.

1. a. It is the responsibility of the commissioner to designate a polling place for each precinct in the county. Notwithstanding any provision of law to the contrary, for city and school elections the commissioner shall, whenever practicable, designate polling places so that an eligible elector will be assigned to vote at the same polling place at which the eligible elector would be assigned to vote at the general election. However, if a city does not have a polling place designated for the general election precinct, the commissioner may designate an additional polling place for the precinct in that city.

b. Each polling place designated shall be accessible to persons with disabilities. However, if the commissioner is unable to provide an accessible polling place for a precinct, the commissioner shall apply for a temporary waiver of the accessibility requirement. The state commissioner shall adopt rules in accordance with chapter 17A prescribing standards for determining whether a polling place is accessible and the process for applying for a temporary waiver of accessibility.

2. a. Upon the application of the commissioner, the authority which has control of any buildings or grounds supported by taxation under the laws of this state shall make available the necessary space therein for the purpose of holding elections, without charge for the use thereof.

b. Except as otherwise provided by law, the polling place in each precinct in the state shall be located in a central location if a building is available. However, first consideration shall be given to the use of public buildings supported by taxation.

3. a. On the day of an election, the commissioner shall post a sign stating “vote here” at the entrance to each driveway leading to the building where a polling place is located. The sign must be visible from the street or highway fronting the driveway, but shall not encroach upon the right-of-way of such street or highway.

b. The commissioner shall post a sign at the entrance to the polling place indicating the election precinct number or name, and displaying a street map showing the boundaries of the precinct.

4. The commissioner shall remove or obscure from the view of voters any published material displaying the name of a candidate or elected official other than a ballot or sample ballot or envelope.

49.25 Equipment required at polling places.

1. The commissioner shall determine pursuant to section 49.26, subsection 2, in advance of an election whether ballots voted in that election shall be counted by automatic tabulating equipment or by precinct election officials. If automatic tabulating equipment will be used, the commissioner shall furnish voting equipment for use by voters with disabilities.

2. The commissioner shall furnish to each precinct, in advance of each election, voting booths in the following number:

a. At each regularly scheduled election, at least one for every three hundred fifty voters who voted in the last preceding similar election held in the precinct.

b. At any special election at which the ballot contains only a single public measure or only candidates for a single office or position, the number determined by the commissioner.

3. The commissioner shall furnish to each precinct the necessary ballot boxes, suitably equipped with seals or locks and keys, and voting booths. The voting booths shall provide for voting in secrecy. At least one voting booth in each precinct shall be accessible to persons with disabilities. Ballot boxes shall be locked or sealed before the polls open and shall remain locked or sealed until the polls are closed, except to provide necessary service to malfunctioning automatic tabulating equipment. If a ballot box is opened prior to the closing of the polls, two precinct election officials not of the same party shall be present and observe the ballot box being opened.

4. Secrecy folders or sleeves shall be provided for use at any precinct where ballots are used which cannot be folded to obscure the marks made by the voters.

49.26 Commissioner to decide method of voting — counting of ballots.

1. In all elections regulated by this chapter, the voting shall be by paper ballots printed and distributed as provided by law, or by voting systems meeting the requirements of chapter 52.

2. a. The commissioner shall determine in advance of each election conducted for a city of three thousand five hundred or less population or for any school district whether

the ballots will be counted by automatic tabulating equipment or by the precinct election officials. In making such a determination, the commissioner shall consider voter turnout for recent similar elections and factors considered likely to affect voter turnout for the forthcoming election.

b. If the commissioner concludes, pursuant to paragraph “a”, that voting will probably be so light as to make counting of ballots by the precinct election officials less expensive than preparation and use of automatic tabulating equipment, paper ballots may be used, subject to paragraph “c”. If paper ballots are used, the commissioner shall use ballots and instructions similar to those used when the ballots are counted by automatic tabulating equipment.

c. Notwithstanding a determination by the commissioner pursuant to paragraph “b”, upon receipt of a petition signed by not less than one hundred eligible electors, the commissioner shall count the ballots at an election described in paragraph “a” using automatic tabulating equipment. A petition filed under this paragraph must be received by the commissioner not later than 5:00 p.m. on the forty-second day before the election.

1. a. All ballots shall be arranged with the names of candidates for each office listed below the office title. For partisan elections the name of the political party or organization which nominated each candidate shall be listed after or below each candidate's name. The state commissioner may prescribe, and a county commissioner may use, uniform abbreviations for political parties and organizations.

b. (1) The commissioner shall determine the order of candidates on the ballot as provided in this paragraph. The order shall be the same for each office on the ballot and for each precinct in the county voting in the election.

(2) The state commissioner shall compile a list of each county in the state in alphabetical order and assign a number to each county such that the first county listed is number one, the second county listed is number two, and continuing in descending order in the same manner. The commissioner shall put in alphabetical order the top two political parties receiving the highest votes from the most recent election.

(3) The commissioner of each county assigned an even number pursuant to subparagraph (2) shall arrange the ballot as follows:

(a) The candidates of the first political party by alphabetical order pursuant to subparagraph (2) shall appear first on the ballot for the first general election at which the president of the United States is to be elected following July 1, 2019, and second on the ballot for the first general election at which the governor will be elected following July 1, 2019, and second on the ballot for the second general election at which the president of the United States is to be elected following July 1, 2019, and first on the ballot for the second general election at which the governor will be elected following July 1, 2019, and thereafter alternating with the candidates of the second political party by alphabetical order pursuant to subparagraph (2).

(b) The candidates of the second political party by alphabetical order pursuant to subparagraph (2) shall appear second on the ballot for the first general election at which the president of the United States is to be elected following July 1, 2019, and first on the ballot for the first general election at which the governor will be elected following July 1, 2019, and first on the ballot for the second general election at which the president of the United States is to be elected following July 1, 2019, and second on the ballot for the second general election at which the governor will be elected following July 1, 2019, and thereafter alternating with the candidates of the first political party by alphabetical order pursuant to subparagraph (2).

(4) The commissioner of each county assigned an odd number pursuant to subparagraph (2) shall arrange the ballot as follows:

(a) The candidates of the second political party by alphabetical order pursuant to subparagraph (2) shall appear first on the ballot for the first general election at which the president of the United States is to be elected following July 1, 2019, and second on the ballot for the first general election at which the governor will be elected following July 1, 2019, and second on the ballot for the second general election at which the president of the United States is to be elected following July 1, 2019, and first on the ballot for the second general election at which the governor will be elected following July 1, 2019, and thereafter alternating with the candidates of the first political party by alphabetical order pursuant to subparagraph (2).

(b) The candidates of the first political party by alphabetical order pursuant to

subparagraph (2) shall appear second on the ballot for the first general election at which the president of the United States is to be elected following July 1, 2019, and first on the ballot for the first general election at which the governor will be elected following July 1, 2019, and first on the ballot for the second general election at which the president of the United States is to be elected following July 1, 2019, and second on the ballot for the second general election at which the governor will be elected following July 1, 2019, and thereafter alternating with the candidates of the second political party by alphabetical order pursuant to subparagraph (2).

(5) The commissioner shall determine the order of candidates of nonparty political organizations on the ballot. The order shall be the same for each office on the ballot and for each precinct in the county voting in the election.

2. a. The commissioner shall prepare a list of the election precincts of the county, by arranging the various townships and cities in the county in alphabetical order, and the wards or precincts in each city or township in numerical order under the name of such city or township.

b. Notwithstanding any provision of subsection 1, paragraph “b”, to the contrary, the commissioner shall then arrange the surnames of each political party’s candidates for each office to which two or more persons are to be elected at large alphabetically for the respective offices for the first precinct on the list; thereafter, for each political party and for each succeeding precinct, the names appearing first for the respective offices in the last preceding precinct shall be placed last, so that the names that were second before the change shall be first after the change. The commissioner may also rotate the names of candidates of a political party in the reverse order of that provided in this subsection or alternate the rotation so that the candidates of different parties shall not be paired as they proceed through the rotation.

c. On the general election ballot the names of candidates for the nonpartisan offices listed in section 39.21 shall be arranged by drawing lots for position. The commissioner shall hold the drawing on the sixty-eighth day prior to the first Tuesday after the first Monday in November. If a candidate withdraws, dies, or is removed from the ballot after the ballot position of names has been determined, such candidate’s name shall be removed from the ballot, and the order of the remaining names shall not be changed.

d. On the regular and special city election and school election ballots the names of candidates for city, school district, and merged area offices shall be arranged by drawing lots for position. The commissioner shall hold the drawing on the second business day following the deadline for filing of nomination papers or petitions under sections 260C.15, 277.4, and 376.4. If a candidate withdraws, dies, or is removed from the ballot after the ballot position of names has been determined, such candidate’s name shall be removed from the ballot, and the order of the remaining names shall not be changed.

3. Except as otherwise provided in subsection 2, paragraph “d”, the ballots for any special election or any other election at which any office is to be filled on a nonpartisan basis and the statutes governing the office to be filled are silent as to the arrangement of names on the ballot, shall contain the names of all nominees or candidates arranged in alphabetical order by surname under the heading of the office to be filled. Except as otherwise provided in subsection 2, paragraph “d”, when a special election or any other election at which an office is to be filled on a nonpartisan basis is held in more than one precinct, the candidates’ names shall be rotated on the ballot from precinct to precinct in the manner prescribed by subsection 2 unless there are no more candidates for an office than the number of persons to be elected to that office.

4. The heading for each office on the ballot shall be immediately followed by a notation stating, “Vote for no more than”, and indicating the maximum number of nominees or candidates for that office for whom each elector may vote.

5. At the end of the list of candidates for each office listed on the ballot one or more blank lines and voting positions shall be printed to allow the elector to write in the name of any person for whom the elector desires to vote for any office or nomination on the ballot. The number of write-in lines shall equal the number of votes that can be cast for that office.

6. The name of a candidate printed on the ballot shall not include parentheses, quotation marks, or any personal or professional title.

7. For the purpose of ballot rotation the absentee ballot and special voters precinct may be considered a separate precinct.

b. At the discretion of the commissioner, this declaration may be printed on each page of the election register and the voter shall sign the election register next to the voter’s printed name. The voter’s signature in the election register shall be considered the voter’s signed

declaration of eligibility affidavit. The state commissioner of elections shall prescribe by rule an alternate method for providing the information in subsection 2 for those counties where the declaration of eligibility is printed in the election register. The state voter registration system shall be designed to allow for the affidavit to be printed on each page of the election register and to allow sufficient space for the voter's signature.

c. At the discretion of the commissioner, an electronic election register may be used to produce the declaration required in this subsection. The person desiring to vote shall sign the declaration produced by the electronic election register prior to receiving a ballot.

2. If the declaration of eligibility is not printed on each page of the election register, any of those persons present pursuant to section 49.104, subsection 1, paragraph "b", "c", "e", or "f", may upon request view the signed declarations of eligibility and may review the signed declarations on file so long as the person does not interfere with the functions of the precinct election officials. If the declaration of eligibility is printed on the election register, voters shall also sign a voter roster which the precinct election official shall make available for viewing. Any of those persons present pursuant to section 49.104, subsection 1, paragraph "b", "c", "e", or "f", may upon request view the roster of those voters who have signed declarations of eligibility, so long as the person does not interfere with the functions of the precinct election officials.

3. a. A person whose name does not appear on the election register of the precinct in which that person claims the right to vote shall not be permitted to vote, unless the person affirms that the person is currently registered in the county and presents proof of identity and residence as required pursuant to section 48A.8, or the commissioner informs the precinct election officials that an error has occurred and that the person is a registered voter of that precinct. If the commissioner finds no record of the person's registration but the person insists that the person is a registered voter of that precinct, the precinct election officials shall allow the person to cast a ballot in the manner prescribed by section 49.81.

b. If the voter informs the precinct election official that the voter resides in the precinct and is not registered to vote, the voter may register to vote pursuant to section 48A.7A and cast a ballot. If such a voter is unable to establish identity and residency in the manner provided in section 48A.7A, subsection 1, paragraph "b" or "c", the voter shall be allowed to cast a ballot in the manner prescribed by section 49.81.

c. A person who has been sent an absentee ballot by mail but for any reason has not received it shall be permitted to cast a ballot in person pursuant to section 53.19.

4. The request for the telephone number in the declaration of eligibility in subsection 1 is not mandatory and the failure by the voter to provide the telephone number does not affect the declaration's validity.

49.78 Voter identity and signature verification.

1. To ensure the integrity of, and to instill public confidence in, all elections in this state the general assembly finds that the verification of a voter's identity is necessary before a voter is permitted to receive and cast a ballot.

2. a. Before a precinct election official furnishes a ballot to a voter under section 49.77, the voter shall establish the voter's identity by presenting the official with one of the following forms of identification for verification:

- (1) An Iowa driver's license issued pursuant to section 321.189.
- (2) An Iowa nonoperator's identification card issued pursuant to section 321.190.

- (3) A United States passport.
- (4) A United States military or veterans identification card.
- (5) A current, valid tribal identification card or other tribal enrollment document issued by a federally recognized Indian tribe or nation, which includes a photograph, signature, and valid expiration date.

b. Upon being presented with a form of identification under this section, the precinct election official shall examine the identification. The precinct election official shall use the information on the identification card, including the signature, to determine whether the person offering to vote appears to be the person depicted on the identification card. The voter’s signature shall generally be presumed to be valid. If the identification provided does not appear to be the person offering to vote under section 49.77, the precinct election official shall challenge the person offering to vote in the same manner provided for other challenges by sections 49.79 and 49.80. A person offering to vote who establishes identity by presenting a veteran’s identification card that does not contain a signature, is not subject to challenge under this paragraph “b”.

3. To establish the voter’s identity under this section, a person who is registered to vote but is unable to present a form of identification listed under subsection 2 may present any of the following:

a. A current voter identification card provided pursuant to section 48A.10A that contains the voter identification number if the voter identification card is signed before the voter presents the card to the election official.

b. Other forms of identification sufficient to establish identity and residence under section 48A.7A, subsection 1, paragraph “b”.

4. A person who is registered to vote but is unable to present a form of identification under subsection 2 or 3 may establish identity and residency in the precinct by written oath of a person who is also registered to vote in the precinct. Before signing an oath under this subsection, the attesting registered voter shall present to the precinct election official proof of the voter’s identity as provided in subsection 2 or 3. The attesting registered voter’s oath shall attest to the stated identity of the person wishing to vote and that the person is a current resident of the precinct. The oath must be signed by the attesting registered voter in the presence of the appropriate precinct election official. A registered voter who has signed two oaths on election day attesting to a person’s identity and residency as provided in this subsection is prohibited from signing any further oaths as provided in this subsection on that day.

5. The form of the written oath required of a registered voter attesting to the identity and residency of the voter unable to present a form of identification shall read as follows:

I, (name of attesting registered voter), do solemnly swear or affirm all of the following:

I am a preregistered voter in this precinct or I registered to vote in this precinct today, and a registered voter did not sign an oath on my behalf. I will not sign more than two oaths attesting to the identity and residence of any other person in this election.

I am a resident of the ... precinct, ... ward or township, city of, county of, Iowa.

I reside at (street address) in (city or township).

I personally know (name of voter), and I personally know that (name of voter) is a resident of the ... precinct, ward or township, city of, county of, Iowa.

3. a. The state commissioner of elections shall prescribe a form to be used by a registered voter challenging a prospective voter at the polls. A precinct election official working at the precinct is not required to use the challenge form. The challenge form shall include a space for the challenger to provide the challenger's printed name, signature, address, and telephone number. The challenge form shall also contain the following statement signed by the challenger:

I am a registered voter in (name of county) County, Iowa. I swear or affirm that information contained in this challenge is true. I understand that knowingly filing a challenge containing false information is an aggravated misdemeanor.

If the voter is using a voting system other than an optical scan voting system, as defined in section 52.1, the writing of the name shall constitute a valid vote for the person whose name has been written on the ballot without regard to whether the voter has made a mark opposite the name. However, when a write-in vote is cast using an optical scan voting system, the ballot must also be marked in the corresponding space in order to be counted. Marking the voting target opposite a write-in line without writing a name on the line shall not affect the validity of the remainder of the ballot.

50.48 General recount provisions.

1. *a.* The county board of canvassers shall order a recount of the votes cast for a particular office or nomination in one or more specified election precincts in that county if a written request for a recount is made not later than 5:00 p.m. on the third day following the county board's canvass of the election in question. For a city runoff election held pursuant to section 376.9, the written request must be made not later than 5:00 p.m. on the day following the county board's canvass of the city runoff election. The request shall be filed with the commissioner of that county and shall be signed by either of the following:

(1) A candidate for that office or nomination whose name was printed on the ballot of the precinct or precincts where the recount is requested.

(2) Any other person who receives votes for that particular office or nomination in the precinct or precincts where the recount is requested and who is legally qualified to seek and to hold the office in question.

b. Immediately upon receipt of a request for a recount, the commissioner shall send a copy of the request to the apparent winner by certified mail. The commissioner shall also attempt to contact the apparent winner by telephone. If the apparent winner cannot be reached within four days, the chairperson of the political party or organization which nominated the apparent winner shall be contacted and shall act on behalf of the apparent winner, if necessary. For candidates for state or federal offices, the chairperson of the state party shall be contacted. For candidates for county offices, the county chairperson of the party shall be contacted.

2. *a.* The candidate requesting a recount under this section shall post a bond, unless the abstracts prepared pursuant to section 50.24, or section 43.49 in the case of a primary election, indicate that the difference between the total number of votes cast for the apparent winner and the total number of votes cast for the candidate requesting the recount is less than the greater of fifty votes or one percent of the total number of votes cast for the office or nomination in question. If a recount is requested for an office to which more than one person was elected, the vote difference calculations shall be made using the difference between the number of votes received by the person requesting the recount and the number of votes received by the apparent winner who received the fewest votes. Where votes cast for that office or nomination were canvassed in more than one county, the abstracts prepared by the county boards in all of those counties shall be totaled for purposes of this subsection. If a bond is required, it shall be filed with the state commissioner for recounts involving a state office, including a seat in the general assembly, or a seat in the United States Congress, and with the commissioner responsible for conducting the election in all other cases, and shall be in the following amount:

(1) For an office filled by the electors of the entire state, one thousand dollars.

(2) For United States representative, five hundred dollars.

(3) For senator in the general assembly, three hundred dollars.

(4) For representative in the general assembly, one hundred fifty dollars.

(5) For an office filled by the electors of an entire county having a population of fifty thousand or more, two hundred dollars.

(6) For any elective office to which subparagraphs (1) through (5) are not applicable, one hundred dollars.

b. After all recount proceedings for a particular office are completed and the official canvass of votes cast for that office is corrected or completed pursuant to subsections 5 and 6, if necessary, any bond posted under this subsection shall be returned to the candidate who requested the recount if the apparent winner before the recount is not the winner as shown by the corrected or completed canvass. In all other cases, the bond shall be deposited in the general fund of the state if filed with the state commissioner or in the election fund of the county with whose commissioner it was filed.

3. a. The recount shall be conducted by a board which shall consist of:

(1) A designee of the candidate requesting the recount, who shall be named in the written request when it is filed.

(2) A designee of the apparent winning candidate, who shall be named by that candidate at or before the time the board is required to convene.

(3) A person chosen jointly by the members designated under subparagraphs (1) and (2).

b. The commissioner shall convene the persons designated under paragraph "a", subparagraphs (1) and (2), not later than 9:00 a.m. on the seventh day following the county board's canvass of the election in question. If those two members cannot agree on the third member by 8:00 a.m. on the ninth day following the canvass, they shall immediately so notify the chief judge of the judicial district in which the canvass is occurring, who shall appoint the third member not later than 5:00 p.m. on the eleventh day following the canvass.

4. a. When all members of the recount board have been selected, the board shall undertake and complete the required recount as expeditiously as reasonably possible. The commissioner or the commissioner's designee shall supervise the handling of ballots to ensure that the ballots are protected from alteration or damage. The board shall open only the sealed ballot containers from the precincts specified to be recounted in the request or by the recount board. The board shall recount only the ballots which were voted and counted for the office in question, including any disputed ballots returned as required in section 50.5. If automatic tabulating equipment was used to count the ballots, the recount board may request the commissioner to retabulate the ballots using the automatic tabulating equipment. The same program used for tabulating the votes on election day shall be used at the recount unless the program is believed or known to be flawed.

b. Any member of the recount board may at any time during the recount proceedings extend the recount of votes cast for the office or nomination in question to any other precinct or precincts in the same county, or from which the returns were reported to the commissioner responsible for conducting the election, without the necessity of posting additional bond.

c. The ballots shall be resealed by the recount board before adjournment and shall be preserved as required by section 50.12. At the conclusion of the recount, the recount board shall make and file with the commissioner a written report of its findings, which shall be signed by at least two members of the recount board. The recount board shall complete the recount and file its report not later than the eighteenth day following the county board's canvass of the election in question.

5. If the recount board's report is that the abstracts prepared pursuant to the county board's canvass were incorrect as to the number of votes cast for the candidates for the office or nomination in question, in that county or district, the commissioner shall at once so notify the county board. The county board shall reconvene within three days after being so notified, and shall correct its previous proceedings.

6. The commissioner shall promptly notify the state commissioner of any recount of votes for an office to which section 50.30, or section 43.60 in the case of a primary election, is applicable. If necessary, the state canvass required by section 50.38, or by section 43.63, as the case may be, shall be delayed with respect to the office or the nomination to which the recount pertains. The commissioner shall subsequently inform the state commissioner at the earliest possible time whether any change in the outcome of the election in that county or district resulted from the recount.

7. If the election is a city primary election held pursuant to section 376.7, the recount shall progress according to the times provided by this subsection. If this subsection applies

the canvass shall be held by the second day after the election, the request for a recount must be made by the third day after the election, the board shall convene to conduct the recount by the sixth day after the election, and the report shall be filed by the eighth day after the election.

8. When a city council has chosen a runoff election pursuant to section 376.9, the recount shall progress according to the times provided by this subsection. If this subsection applies, the canvass shall be conducted pursuant to section 50.24. The request for a recount must be made by the day after the canvass, and the board shall convene for the first time not later than the first Friday following the canvass. The report shall be filed not later than the fourteenth day after the election.

1. A recount for any public measure shall be ordered by the board of canvassers if a petition requesting a recount is filed with the county commissioner not later than three days after the completion of the canvass of votes for the election at which the question appeared on the ballot. The petition shall be signed by the greater of not less than ten eligible electors or a number of eligible electors equaling one percent of the total number of votes cast upon the public measure. Each petitioner must be a person who was entitled to vote on the public measure in question or would have been so entitled if registered to vote.

2. The recount shall be conducted by a board which shall consist of:

a. A designee named in the petition requesting the recount.

b. A designee named by the commissioner at or before the time the board is required to convene.

c. A person chosen jointly by the members designated under paragraphs “a” and “b”.

3. The commissioner shall convene the persons designated under subsection 2, paragraphs “a” and “b”, not later than 9:00 a.m. on the seventh day following the canvass of the election in question. If those two members cannot agree on the third member by 8:00 a.m. on the ninth day following the canvass, they shall immediately notify the chief judge of the judicial district in which the canvass is occurring, who shall appoint the third member not later than 5:00 p.m. on the eleventh day following the canvass.

4. The petitioners requesting the recount shall post a bond as required by section 50.48, subsection 2. The amount of the bond shall be one thousand dollars for a public measure appearing on the ballot statewide or one hundred dollars for any other public measure. If the difference between the affirmative and negative votes cast on the public measure is less than the greater of fifty votes or one percent of the total number of votes cast for and against the question, a bond is not required. If approval by sixty percent of the votes cast is required for adoption of the public measure, no bond is required if the difference between sixty percent of the total votes cast for and against the question and the number of affirmative votes cast is less than the greater of fifty votes or one percent of the total number of votes cast.

the conclusion of the canvass of votes in the precinct. An administrative recount shall be conducted by the board of the special precinct established by section 53.23. Bond shall not be required for an administrative recount. The state commissioner may adopt rules for administrative recounts.

2. If the recount board finds that there is an error in the programming of any voting equipment which may have affected the outcome of the election for any office or public measure on the ballot, the recount board shall describe the errors in its report to the commissioner. The absentee ballot and special voters precinct for each county, established pursuant to section 53.20, shall be included with all other precincts of the county for selection by lot. In every precinct selected, the commissioner shall conduct a hand count of ballots cast in the preceding general election for president of the United States or governor, as the case may be. The hand count may be of less than all ballots cast, in accordance with rules adopted by the state commissioner.

b. “*Ballot*” includes paper ballots designed to be read by automatic tabulating equipment. In appropriate contexts, “*ballot*” also includes conventional paper ballots.

c. “Ballot marking device” means a pen, pencil, or similar writing tool, or an electronic device, all designed for use in marking an optical scan ballot, and so designed or fabricated that the mark it leaves may be detected and the vote so cast counted by automatic tabulating equipment.

d. “Optical scan ballot” means a printed ballot designed to be marked by a voter with a ballot marking device.

e. “Optical scan voting system” means a system employing paper ballots under which votes are cast by voters by marking paper ballots with a ballot marking device and thereafter counted by use of automatic tabulating equipment.

f. “Program” means the written record of the set of instructions defining the operations to be performed by a computer in examining, counting, tabulating, and printing votes.

Notwithstanding any provision to the contrary, for elections held on or after November 4, 2008, a county shall use an optical scan voting system only. The requirements of the federal Help America Vote Act, Pub. L. No. 107-252, 116 Stat. 1666, relating to disabled voters shall be met by a county through the use of electronic ballot marking devices that are compatible with an optical scan voting system.

Within seven days of receiving a request for examination and test, the state commissioner shall notify the board of examiners of the request in writing and set a time and place for the examination and test.

2. The state commissioner shall formulate, with the advice and assistance of the examiners, and adopt rules governing the testing and examination of any optical scan

voting system by the board of examiners. The rules shall prescribe the method to be used in determining whether the system is suitable for use within the state and performance standards for voting equipment in use within the state. The rules shall provide that all optical scan voting systems approved for use by the examiners after April 9, 2003, shall meet voting systems performance and test standards, as adopted by the federal election commission on April 30, 2002, and as deemed adopted by Pub. L. No. 107-252, §222. 3. The state commissioner may employ a competent person or persons to assist the examiners in their evaluation of the equipment and to advise the examiners as to the sufficiency of the equipment. Consultant fees shall be paid by the person who requested the certification. Following the examination and testing of the optical scan voting system, the examiners shall report to the state commissioner describing the testing and examination of the system and upon the capacity of the system to register the will of voters, its accuracy and efficiency, and with respect to its mechanical perfections and imperfections. Their report shall be filed in the office of the state commissioner and shall state whether in their opinion the kind of system so examined can be safely used by voters at elections under the conditions prescribed in this chapter. If the report states that the system can be so used, it shall be deemed approved by the examiners, and systems of its kind may be adopted for use at elections as provided in this section. Any form of system not so approved cannot be used at any election.

4. Before actual use by a county of a particular optical scan voting system which has been approved for use in this state, the state commissioner shall formulate, with the advice and assistance of the examiners, and adopt rules governing the development of vote counting programs and all procedures used in actual counting of votes by means of that system.

The ballot information shall be arranged as required by chapters 43 and 49, and by any relevant provisions of any statutes which specify the form of ballots for special elections, so far as possible within the constraints of the physical characteristics of the optical scan voting system in use in that county. The state commissioner may adopt rules requiring a reasonable degree of uniformity among counties in arrangement of optical scan voting system ballots.

1. Before entering the voting booth each voter shall be cautioned to mark the ballot only with a ballot marking device provided in the booth or by the precinct election officials.

In any other county, the commissioner may with approval of the board of supervisors conduct absentee voting by use of an optical scan voting system. All provisions of chapter 53 shall apply to such absentee voting, so far as applicable. In counties where absentee voting is conducted by use of an optical scan voting system, the special precinct counting board shall, at the time required by chapter 53, prepare absentee ballots for tabulation in the manner prescribed by this chapter.

2. The absentee and special precinct board shall follow the process prescribed in section 52.37, subsection 1, in handling damaged or defective ballots and in counting write-in votes on optical scan ballots.

52.35 Equipment tested.

Before the date of any election at which votes are to be cast by means of an optical scan voting system, the commissioner shall have the automatic tabulating equipment, including the portable tabulating devices, tested to ascertain that it will correctly count the votes cast for all offices and on all public questions. Testing shall be completed not later than twelve hours before the opening of the polls on the morning of the election. The procedure for conducting the test shall be as follows:

1. For any election to fill a partisan office, the county chairperson of each political party shall be notified in writing of the date, time, and place the test will be conducted, so that they may be present or have a representative present. For every election, the commissioner shall publish notice of the date, time, and place the test will be conducted. The commissioner may include such notice in the notice of the election published pursuant to section 49.53. The test shall be open to the public.

2. The test shall be conducted by processing a preaudited group of ballots marked so as to record a predetermined number of valid votes for each candidate, and on each public

question, on the ballot. The test group shall include for each office and each question one or more ballots having votes in excess of the number allowed by law for that office or question, in order to test the ability of the automatic tabulating equipment to reject such votes. Any observer may submit an additional test group of ballots which, if so submitted, shall also be tested. The state commissioner shall promulgate administrative rules establishing procedures for any additional test group of ballots submitted by an observer. If any error is detected, its cause shall be ascertained and corrected and an errorless count obtained before the automatic tabulating equipment is approved. When so approved, a statement attesting to the fact shall be signed by the commissioner and kept with the records of the election.

3. The test group of ballots used for the test shall be clearly labeled as such, and retained in the commissioner’s office. The test group of ballots and the programs used for the counting procedure shall be sealed, retained for the time required for and disposed of in the same manner as ballots cast in the election.

4. Those present for the test shall sign a certificate which shall read substantially as follows:

The undersigned certify that we were present and witnessed the testing of the following tabulating devices; that we believe the devices are in proper condition for use in the election of (date); that following the test the vote totals were erased from the memory of each tabulating device and a report was produced showing that all vote totals in the memory were set at 0000; that the devices were securely locked or sealed; and that the serial numbers and locations of the devices which were tested are listed below.

52.37 Special precinct tabulation procedure.

The tabulation of absentee and provisional ballots cast by means of an optical scan voting system shall be conducted as follows:

1. a. If any ballot is found damaged or defective, so that it cannot be counted properly by the automatic tabulating equipment, a true duplicate shall be made by the resolution board team and substituted for the damaged or defective ballot, or, as an alternative, the valid votes on a defective ballot may be manually counted by the special precinct election board, whichever method is best suited to the system being used. All duplicate ballots shall be clearly labeled as such, and shall bear a serial number which shall also be recorded on the damaged or defective ballot.

b. The special precinct election board shall also tabulate any write-in votes which were

cast. Write-in votes cast for a candidate whose name appears on the ballot for the same office shall be counted as a vote for the candidate indicated, if the vote is otherwise properly cast.

c. Ballots which are rejected by the tabulating equipment as blank because they have been marked with an unreadable marker shall be duplicated or tabulated as required by this subsection for damaged or defective ballots. The commissioner may instruct the special precinct election board to mark over voters' unreadable marks using a marker compatible with the tabulating equipment. The special precinct election board shall take care to leave part of the original mark made by the voter. If it is impossible to mark over the original marks made by the voter without completely obliterating them, the ballot shall be duplicated.

2. The record printed by the automatic tabulating equipment, with the addition of a record of any write-in or other votes manually counted pursuant to this chapter, shall constitute the official return of the absentee ballot and special voters precinct. Upon completion of the tabulation of the votes, the result shall be announced and reported in substantially the manner required by section 50.11.

3. If for any reason it becomes impracticable to count all or any part of the ballots with the automatic tabulating equipment, the commissioner may direct that they be counted manually, in accordance with chapter 50 so far as applicable.

53.2 Application for ballot.

1. *a.* Any registered voter, under the circumstances specified in section 53.1, may on any day, except election day, and not more than seventy days prior to the date of the election, apply in person for an absentee ballot at the commissioner's office or at any location designated by the commissioner. However, for those elections in which the commissioner directs the polls be opened at noon pursuant to section 49.73, a voter may apply in person for an absentee ballot at the commissioner's office from 8:00 a.m. until 11:00 a.m. on election day.

b. A registered voter may make written application to the commissioner for an absentee ballot. A written application for an absentee ballot must be received by the commissioner no later than 5:00 p.m. on the same day as the voter registration deadline provided in section 48A.9 for the election for which the ballot is requested, except when the absentee ballot is requested and voted at the commissioner's office pursuant to section 53.10. A written application for an absentee ballot delivered to the commissioner and received by the commissioner more than seventy days prior to the date of the election shall be returned to the voter with a notification of the date when the applications will be accepted.

c. The commissioner may send an absentee ballot application to a registered voter at the request of the registered voter. The commissioner shall not send an absentee ballot application to a person who has not submitted such a request.

d. In the event of a public health disaster declared by the governor pursuant to section 29C.6, the general assembly may by resolution direct the state commissioner to send an absentee ballot application to each registered voter prior to a primary or general election held in an even-numbered year. If the general assembly is not in session, the legislative council may so direct the state commissioner by a majority vote.

2. *a.* The state commissioner shall prescribe a form for absentee ballot applications. However, if a registered voter submits an application on a sheet of paper no smaller than three by five inches in size that includes all of the information required in this section, the prescribed form is not required.

b. Absentee ballot applications may include instructions to send the application directly to the county commissioner of elections. However, no absentee ballot application shall be preaddressed or printed with instructions to send the applications to anyone other than the appropriate commissioner.

c. No absentee ballot application shall be preaddressed or printed with instructions to send the ballot to anyone other than the voter.

d. No absentee ballot application shall be provided to a registered voter with any field prefilled, except that the absentee ballot application may have the fields for the type and date of the election prefilled.

3. This section does not require that a written communication mailed to the commissioner's office to request an absentee ballot, or any other document be notarized as a prerequisite to receiving or marking an absentee ballot or returning to the commissioner an absentee ballot which has been voted.

4. *a.* To request an absentee ballot, a registered voter shall provide:

(1) The name and signature of the registered voter and the date on which the request was signed.

(2) The registered voter's date of birth.

(3) The address at which the voter is registered to vote.

(4) The registered voter's voter verification number.

(5) The name or date of the election for which the absentee ballot is requested.

(6) Such other information as may be necessary to determine the correct absentee ballot for the registered voter.

b. If insufficient information has been provided, including the absence of a voter verification number, either on the prescribed form or on an application created by the applicant, the commissioner shall, within twenty-four hours after the receipt of the absentee ballot request, contact the applicant by telephone and electronic mail, if such information has been provided by the applicant. If the commissioner is unable to contact the applicant by telephone or electronic mail, the commissioner shall send a notice to the applicant at the address where the applicant is registered to vote, or to the applicant's mailing address if it is

different from the residential address. If the applicant has requested the ballot to be sent to an address that is not the applicant's residential or mailing address, the commissioner shall send an additional notice to the address where the applicant requested the ballot to be sent. A commissioner shall not use the voter registration system to obtain additional necessary information. A voter requesting or casting a ballot pursuant to section 53.22 shall not be required to provide a voter verification number.

c. For purposes of this subsection, "*voter verification number*" means the registered voter's driver's license number or nonoperator's identification card number assigned to the voter by the department of transportation or the registered voter's identification number assigned to the voter by the state commissioner pursuant to section 47.7, subsection 2.

d. If an applicant does not have current access to the applicant's voter verification number, the commissioner shall verify the applicant's identity prior to supplying the voter verification number by asking the applicant to provide at least two of the following facts about the applicant:

- (1) Date of birth.
- (2) The last four digits of the applicant's social security number, if applicable.
- (3) Residential address.
- (4) Mailing address.
- (5) Middle name.
- (6) Voter verification number as defined in paragraph "c".

5. The commissioner may dispute an application if it appears to the commissioner that the signature on the application has been signed by someone other than the registered voter, in comparing the signature on the application to the signature on record of the registered voter named on the application. The commissioner may also update a voter's identification number, as described in section 48A.11, subsection 1, paragraph "e", if an identification number is provided on an absentee ballot application. Upon receipt of a properly completed form, the commissioner shall enter a notation of the change on the registration records.

(4) A video surveillance system shall be used to monitor all activity at the ballot drop box at all times while the ballot drop box is in place. The system shall create a recording, which shall be reviewed by the state commissioner, county attorney, and law enforcement in the event that misconduct occurs.

(5) A ballot drop box shall be available no sooner than the time that absentee ballots are allowed to be mailed pursuant to section 53.8. The ballot drop box shall be removed or restricted from accepting deliveries immediately upon the closure of polls on election day.

(6) While available, a ballot drop box shall be securely fastened to a stationary surface or an immovable object.

(7) The ballot drop box shall be secured by a lock and shall include a tamper-evident seal. Only the commissioner or an employee of the commissioner shall have access to the means to unfasten the lock.

(8) Materials delivered to the ballot drop box shall be retrieved in an expeditious manner, but no less often than four times per day.

(9) The commissioner shall maintain a log of each time materials are retrieved from the ballot drop box, including the date and time materials were retrieved, and the name of the person who retrieved the materials. The commissioner or the commissioner’s employee shall record on the ballot, near the portion of the envelope including the affidavit signed by the voter, that the materials were retrieved from a drop box, the date and time of the retrieval, and the initials of the person who retrieved the materials.

(10) A ballot retrieved from a ballot drop box shall be processed in the same manner as a ballot returned pursuant to paragraph “a”.

2. In order for the ballot to be counted, the return envelope must be received in the commissioner's office before the polls close on election day.

3. If the law authorizing the election specifies that the supervisors canvass the votes earlier than the Monday following the election, absentee ballots returned through the mail must be received not later than the time established for the canvass by the board of supervisors for that election. The commissioner shall contact the post office serving the commissioner's office at the latest practicable hour before the canvass by the board of supervisors for that election, and shall arrange for absentee ballots received in that post office but not yet delivered to the commissioner's office to be brought to the commissioner's office before the canvass for that election by the board of supervisors.

4. When a person designated by the voter retrieves a completed absentee ballot from the voter, the designee shall, upon request of the voter, fill out a receipt to be retained by the voter. The state commissioner shall prescribe a form for receipts required by this subsection. The receipt shall include all of the following:

- a. The name of the voter's designee.
- b. The date and time the completed absentee ballot was received from the voter.
- c. The name and date of the election for which the absentee ballot is being voted.
- d. The name of the political party, candidate, or committee for which the designee is acting as an actual or implied agent, if applicable.
- e. A telephone number at which the voter's designee may be contacted.
- f. A statement that the completed absentee ballot will be delivered to the commissioner's office within seventy-two hours of retrieving it from the voter or before the closing of the polls on election day, whichever is earlier, or that the completed absentee ballot will be mailed to the commissioner within seventy-two hours of retrieving it from the voter.

5. For the purposes of this section, "voter's designee" means a person not prohibited to collect and deliver a completed ballot pursuant to section 53.33.

53.17A Absentee ballot tracking.

1. For the purposes of this chapter:

a. "Postal service barcode" means a barcode purchased by the sender and supplied by the United States postal service that is used to sort and track letters and flat packages and is printed on an absentee ballot return envelope at the direction of the commissioner before the envelope is sent to the voter.

b. "Tracking information database" means a database administered by the United States postal service that is accessible to the commissioner and contains information regarding letters or flat packages.

2. The state commissioner shall adopt rules regarding the statewide implementation of a postal service barcode and tracking information database, including procedures to be followed when usage of a postal service barcode or the tracking information database is negatively impacted. Each commissioner shall use a postal service barcode and tracking information database consistent with rules of the state commissioner. Every commissioner shall send notice to the state commissioner and implement the use of a postal service barcode and tracking information database prior to October 1, 2020.

3. a. An absentee ballot received after the polls close on election day but prior to the official canvass shall be counted if the commissioner determines that the ballot entered the federal mail system by the deadline specified in section 53.17 or 53.22. The date of entry

of such an absentee ballot into the federal mail system shall only be verified as provided in paragraph “b”.

b. (1) If the postmark indicates that the absentee ballot entered the federal mail system by the deadline specified in section 53.17 or 53.22, the ballot shall be included for canvass by the absentee and special voters precinct board.

(2) If the postmark is illegible, missing, or dated on or after election day, the commissioner shall attempt to verify the ballot’s date of entry into the federal mail system by querying the postal service barcode in the tracking information database. If the tracking information database indicates that the absentee ballot entered the federal mail system by the deadline specified in section 53.17 or 53.22, the ballot shall be included for canvass by the absentee and special voters precinct board. The commissioner shall provide a report to the absentee and special voters precinct board regarding the information available in the tracking information database.

(3) If there is a discrepancy between the date indicated by the postmark and the postal service barcode, the earlier of the two shall determine the date of entry of the absentee ballot into the federal mail system.

(4) (a) If neither the postmark nor the postal service barcode indicates that the absentee ballot entered the federal mail system by the deadline specified in section 53.17 or 53.22, the absentee ballot shall be sent to the absentee and special voters precinct board pursuant to subparagraph division (b) with the numeric value assigned to the postal service barcode and a full report from the tracking information database.

(b) Up to five absentee and special voters precinct board members from each political party for partisan elections, or any two members of the board for nonpartisan elections, shall review the postal service barcode and tracking database information report of each absentee ballot submitted pursuant to subparagraph division (a) and certify that the tracking information database report corresponds to the absentee ballot by initialing the report and the absentee ballot envelope. If the board concludes that the postal service barcode and tracking information database report verify that the absentee ballot entered the federal mail system by the deadline specified in section 53.17 or 53.22, the ballot shall be counted. Otherwise, the ballot shall not be counted.

4. The state commissioner shall by February 26, 2024, include on the state commissioner’s internet site an application through which a voter can track the voter’s absentee ballot request form and absentee ballot. The application shall provide all of the following information:

a. Whether the voter returned a ballot in person, by mail, or by voting in person at a satellite location.

b. The date the absentee ballot request form was received by the county commissioner.

c. The date the absentee ballot was mailed or given to the voter.

d. The date the absentee ballot was received by the county commissioner.

e. The date the county commissioner opened the outer envelope.

f. Whether there is a problem with the absentee ballot request form or absentee ballot that requires correction by the voter, along with instructions for the voter to contact the county commissioner as soon as possible to resolve the issue.

53.18 Manner of preserving ballot and application — review of affidavit — replacement ballots.

1. When the return envelope containing the completed absentee ballot is received by the commissioner, the commissioner shall at once record receipt of such ballot. Absentee ballots shall be stored in a secure place until they are delivered to the absentee and special voters precinct board.

2. If the commissioner receives the return envelope containing the completed absentee ballot by 5:00 p.m. on the Saturday before the election for general elections and by 5:00 p.m. on the Friday before the election for all other elections, the commissioner shall review the affidavit marked on the return envelope, if applicable, for completeness or shall open the

return envelope to review the affidavit for completeness. If the affidavit lacks the signature of the registered voter, the commissioner shall, within twenty-four hours of the receipt of the envelope, notify the voter of the deficiency and inform the voter that the voter may vote a replacement ballot as provided in subsection 3, cast a ballot as provided in section 53.19, subsection 3, or complete the affidavit in person at the office of the commissioner not later than the time polls close on election day.

3. If the affidavit envelope or the return envelope marked with the affidavit contains a defect that would cause the absentee ballot to be rejected by the absentee and special voters precinct board, the commissioner shall immediately notify the voter of that fact and that the voter's absentee ballot shall not be counted unless the voter requests and returns a replacement ballot in the time permitted under section 53.17, subsection 2. For the purposes of this section, a return envelope marked with the affidavit shall be considered to contain a defect if it appears to the commissioner that the signature on the envelope has been signed by someone other than the registered voter, in comparing the signature on the envelope to the signature on record of the registered voter named on the envelope. A signature or marking made in accordance with section 39.3, subsection 17, shall not be considered a defect for purposes of this section. The voter may request a replacement ballot in person, in writing, or over the telephone. The same serial number that was assigned to the records of the original absentee ballot application shall be used on the envelope and records of the replacement ballot. The envelope marked with the affidavit and containing the completed replacement ballot shall be marked "Replacement ballot". The envelope marked with the affidavit and containing the original ballot shall be marked "Defective" and the replacement ballot shall be attached to such envelope containing the original ballot and shall be stored in a secure place until they are delivered to the absentee and special voters precinct board, notwithstanding sections 53.26 and 53.27.

4. For the purposes of this section, a return envelope marked with the affidavit shall be considered incomplete if the affidavit lacks the registered voter's signature. A signature or marking made in accordance with section 39.3, subsection 17, shall not cause an affidavit to be considered incomplete.

5. The state commissioner of elections shall adopt rules for implementation of this section. [SS15, §1137-h, -i; C24, 27, 31, 35, 39, §944; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §53.18]

53.19 Listing absentee ballots.

1. The commissioner shall maintain a list of the absentee ballots provided to registered voters, the serial number appearing on the unsealed envelope, the date the application for the absentee ballot was received, the date the absentee ballot was sent to the registered voter requesting the absentee ballot, the date the absentee ballot was received by the commissioner, the date the absentee ballot outer envelope was opened, and whether the ballot was delivered by mail, in person, to a ballot drop box, or cast in person at a satellite location. The information under this subsection shall be reported separately at the same time as the information reported under section 53.30, subsection 3.

2. The commissioner shall provide each precinct election board with a list of all registered voters from that precinct who have received an absentee ballot. The precinct officials shall immediately designate on the election register those registered voters who have received an absentee ballot and are not entitled to vote in person at the polls, except as provided in subsection 3.

3. a. A registered voter who has received an absentee ballot and not returned it may surrender the absentee ballot to the precinct officials and vote in person at the polls. The precinct officials shall mark the uncast absentee ballot "void" and return it to the commissioner.

b. A registered voter who has requested an absentee ballot by mail but for any reason has not received it or who has not brought the ballot to the polls may appear at the voter's precinct polling place on election day and, after the precinct election officials confirm the commissioner has not received the voter's absentee ballot, the voter shall be permitted to vote in person at the polls. If the precinct election officials are unable to confirm whether the commissioner has received the voter's absentee ballot, the voter shall cast a ballot in accordance with section 49.81.

c. A registered voter who has been notified by the commissioner pursuant to section 53.18 of the need to complete the affidavit or vote a replacement absentee ballot and who has not completed the affidavit or voted a replacement absentee ballot may appear at the voter's precinct polling place on election day and, after the precinct election officials confirm the voter has not completed the affidavit or voted a replacement ballot, the voter shall be permitted to vote in person at the polls. If the precinct election officials are unable to confirm whether the voter has completed the affidavit or voted a replacement ballot, the voter shall cast a ballot in accordance with section 49.81.

53.20 Special precinct established.

1. There is established in each county a special precinct to be known as the absentee ballot and special voters precinct. Its jurisdiction shall be coterminous with the borders of the county, for the purposes specified by sections 53.22 and 53.23, and the requirement that precincts not cross the boundaries of legislative districts shall not be applicable to it. The commissioner shall draw up an election board panel for the special precinct in the manner prescribed by section 49.15, having due regard for the nature and extent of the duties required of members of the election board and the election officers to be appointed from the panel, including, if directed by the commissioner, the tallying and recording of write-in votes.

2. a. Results from the special precinct shall be reported separately from the results of the ballots cast at the polls on election day. The commissioner shall for general elections also report the results of the special precinct by the resident precincts of the voters who cast absentee and provisional ballots. For all other elections, the commissioner may report the results of the special precinct by the resident precincts of the voters who cast absentee and provisional ballots, or may report the absentee results as a single precinct.

b. For the general election and for any election in which the commissioner determines in advance of the election to report the results of the special precinct by the resident precincts of the voters who cast absentee and provisional ballots, the commissioner shall prepare a separate absentee ballot style for each precinct in the county and shall program the voting system to produce reports by the resident precincts of the voters.

53.21 Replacement of lost or spoiled absentee ballots.

1. A voter who has requested an absentee ballot may obtain a replacement ballot if the voter declares that the original ballot was lost or did not arrive. The commissioner upon receipt of a written or oral request for a replacement ballot shall provide a duplicate ballot. The same serial number that was assigned to the records of the original absentee ballot request shall be used on the envelopes and records of the replacement ballot.

2. a. The commissioner shall include with the replacement ballot two copies of a statement in substantially the following form:

The absentee ballot which I requested on
(date) has been lost or was never received. If I find this absentee
ballot I will return it, unvoted, to the commissioner.

.....
(Signature of voter)

.....
(Date)

b. The voter shall enclose one copy of the above statement in the return envelope along with the affidavit envelope, if the voter was mailed a separate affidavit envelope, and shall retain a copy for the voter’s records.

3. a. A voter who spoils an absentee ballot may return it to the commissioner. The outside of the return envelope shall be marked “SPOILED BALLOT”. The commissioner shall replace the ballot in the manner provided in this section for lost ballots.

b. An absentee ballot returned to the commissioner without a designation that the ballot was spoiled shall not be replaced.

53.22 Balloting by confined persons.

1. For purposes of this section, “assisted living program” means a program certified pursuant to section 231C.3 that meets the standards for a dementia-specific assisted living program, as established by rule by the department of inspections and appeals.

2. a. (1) A registered voter who has applied for an absentee ballot, in a manner other than that prescribed by section 53.10 or 53.11, and who is a resident, tenant, or patient in a health care facility, assisted living program, or hospital located in the county to which the application has been submitted shall be delivered the appropriate absentee ballot by two special precinct election officers, one of whom shall be a member of each of the political parties referred to in section 49.13, who shall be appointed by the commissioner from the election board panel for the special precinct established by section 53.20. The special precinct election officers shall be sworn in the manner provided by section 49.75 for election board members, shall receive compensation as provided in section 49.20, and shall perform their duties during the ten calendar days after the ballots are printed if the commissioner so elects, during the fourteen calendar days preceding the election, and on election day if all ballots requested under section 53.8, subsection 3, have not previously been delivered and returned.

(2) If materials are prepared for the two special precinct election officials, a list shall be made of all voters to whom ballots are to be delivered. The list shall be sent with the officials who deliver the ballots and shall include spaces to indicate whether the person was present at the hospital, assisted living program, or health care facility when the officials arrived, whether the person requested assistance from the officials, whether the person was assisted by another person of the voter’s choice, the time that the ballot was returned to the officials, and any other notes the officials deem necessary.

(3) The officials shall also be issued a supply of extra ballots to replace spoiled ballots. Receipts shall be issued in substantially the same form as receipts issued to precinct election officials pursuant to section 49.65. All ballots shall be accounted for and shall be returned to the commissioner. Separate envelopes shall be provided for the return of spoiled ballots and unused ballots.

b. If an applicant under this subsection notifies the commissioner that the applicant will not be available at the health care facility, assisted living program, or hospital address at any time during the ten-day period after the ballots are printed, if applicable, or during the fourteen-day period immediately prior to the election, but will be available there at some other time prior to the election or on election day, the commissioner shall direct the two special precinct election officers to deliver the applicant’s ballot at an appropriate time preceding the election or on election day. If a person who so requested an absentee ballot has been dismissed from the health care facility or hospital, or is no longer a tenant of the assisted

living program, the special precinct election officers may take the ballot to the voter if the voter is currently residing in the county.

c. The special precinct election officers shall travel together in the same vehicle and both shall be present when an applicant casts an absentee ballot. If either or both of the special precinct election officers fail to appear at the time the duties set forth in this section are to be performed, the commissioner shall at once appoint some other person, giving preference to persons designated by the respective county chairpersons of the political parties described in section 49.13, to carry out the requirements of this section. The persons authorized by this subsection to deliver an absentee ballot to an applicant, if requested, may assist the applicant in filling out the ballot as permitted by section 49.90. After the voter has securely sealed the marked ballot in the envelope provided and has subscribed to the oath, the voted absentee ballots shall be deposited in a sealed container which shall be returned to the commissioner on the same day the ballots are voted. On election day the officers shall return the sealed container by the time the polls are closed.

3. Any registered voter who becomes a patient, tenant, or resident of a hospital, assisted living program, or health care facility in the county where the voter is registered to vote after the deadline to make a written application for an absentee ballot as provided in section 53.2 or on election day may request an absentee ballot during that period or on election day. As an alternative to the application procedure prescribed by section 53.2, the registered voter may make the request directly to the officers who are delivering and returning absentee ballots under this section. Alternatively, the request may be made by telephone to the office of the commissioner not later than four hours before the close of the polls. If the requester is found to be a registered voter of that county, these officers shall deliver the appropriate absentee ballot to the registered voter in the manner prescribed by this section.

4. For any election except a primary or general election or a special election to fill a vacancy under section 69.14, the commissioner may, as an alternative to subsection 2, mail an absentee ballot to an applicant under this section to be voted and returned to the commissioner in accordance with this chapter. This subsection only applies to applications for absentee ballots from a single health care facility, assisted living program, or hospital if there are no more than two applications from that facility, program, or hospital.

5. The commissioner shall mail an absentee ballot to a registered voter who has applied for an absentee ballot and who is a patient, tenant, or resident of a hospital, assisted living program, or health care facility outside the county in which the voter is registered to vote.

6. a. If the registered voter becomes a patient, tenant, or resident of a hospital, assisted living program, or health care facility outside the county where the voter is registered to vote after the deadline to make a written application for an absentee ballot as provided in section 53.2 or on election day, the voter may designate a person to deliver and return the absentee ballot. The designee shall be a person not prohibited to collect and deliver a completed ballot pursuant to section 53.33. The request for an absentee ballot may be made by telephone to the office of the commissioner not later than four hours before the close of the polls. If the requester is found to be a registered voter of that county, the ballot shall be delivered by mail or by the person designated by the voter. An application form shall be included with the absentee ballot and shall be signed by the voter and returned with the ballot.

b. Absentee ballots voted under this subsection shall be delivered to the commissioner no later than the time the polls are closed on election day. If the ballot is returned by mail the return envelope must be received by the time the polls close, or be clearly postmarked by an officially authorized postal service or bear a postal service barcode traceable to a date of entry into the federal mail system not later than the day before the election, as provided in section 53.17A, and received by the commissioner no later than the time established for the canvass by the board of supervisors for that election.

7. Observers representing candidates, political parties, or nonparty political organizations, or observers who are opponents or proponents of a ballot issue to be voted on at the election are prohibited from being present at a hospital, assisted living program, or health care facility during the time the special precinct election officers are delivering absentee ballots to the patients, tenants, or residents of such hospital, assisted living program, or health care facility.

8. The proof of identity requirements under section 49.78 shall not apply to a voter casting a ballot pursuant to this section.

Subsection 6, paragraph a amended

53.23 Special precinct election board.

1. The election board of the absentee ballot and special voters precinct shall be appointed by the commissioner in the manner prescribed by sections 49.12 and 49.13, except that the number of precinct election officials appointed to the board shall be sufficient to complete the counting of absentee ballots by 10:00 p.m. on election day.

2. The board's powers and duties shall be the same as those provided in chapter 50 for precinct election officials in regular precinct polling places. However, the election board of the special precinct shall receive from the commissioner and count all absentee ballots for all precincts in the county; when two or more political subdivisions in the county hold elections simultaneously the special precinct election board shall count absentee ballots cast in all of the elections so held. The tally list shall be recorded on forms prescribed by the state commissioner.

3. a. The commissioner shall set the convening time for the board, allowing a reasonable amount of time to complete counting all absentee ballots by 10:00 p.m. on election day.

b. (1) The commissioner may direct the board to meet on the day before the election for the purpose of reviewing the absentee voters' affidavits appearing on the sealed envelopes. If in the commissioner's judgment this procedure is necessary due to the number of absentee ballots received, the members of the board may open the sealed affidavit envelopes and remove the secrecy envelope containing the ballot, but under no circumstances shall a secrecy envelope or a return envelope marked with an affidavit be opened before the board convenes on election day, except as provided in paragraph "c". If the affidavit envelopes are opened before election day pursuant to this paragraph "b", the observers appointed by each political party, as defined in section 43.2, shall witness the proceedings. Each political party may appoint up to five observers under this paragraph "b". The observers shall be appointed by the county chairperson or, if the county chairperson fails to make an appointment, by the state chairperson. However, if either or both political parties fail to appoint an observer, the commissioner may continue with the proceedings.

(2) If the board finds any ballot not enclosed in a secrecy envelope and the ballot is folded in such a way that any of the votes cast on the ballot are visible, the two special precinct election officials, one from each of the two political parties referred to in section 49.13, subsection 2, shall place the ballot in a secrecy envelope. No one shall examine the ballot, except as provided in paragraph "c".

c. The commissioner may convene the special precinct election board on the day before the election to begin counting absentee ballots. However, if in the preceding general election the counting of absentee ballots was not completed by 10:00 p.m. on election day, the commissioner shall convene the special precinct election board on the day before the next general election to begin counting absentee ballots. The board shall not release the results of its tabulation pursuant to this paragraph until the count is completed on election day.

4. The room where members of the special precinct election board are engaged in counting absentee ballots on the day before the election pursuant to subsection 3, paragraph "c", or during the hours the polls are open shall be policed so as to prevent any person other than those whose presence is authorized by this subsection from obtaining information about the progress of the count. The only persons who may be admitted to that room are the members of the board, five challengers representing each political party, one observer representing any nonparty political organization or any candidate nominated by petition pursuant to chapter 45 or any other nonpartisan candidate in a city or school election

appearing on the ballot of the election in progress, one observer representing persons supporting a public measure appearing on the ballot and one observer representing persons opposed to such measure, and the commissioner or the commissioner's designee. It shall be unlawful for any of these persons to communicate or attempt to communicate, directly or indirectly, information regarding the progress of the count at any time while the board is convened pursuant to subsection 3, paragraph "c", or at any time before the polls are closed.

5. The special precinct election board shall preserve the secrecy of all absentee and provisional ballots. After the affidavits on the envelopes have been reviewed and the qualifications of the persons casting the ballots have been determined, those that have been accepted for counting shall be opened. The ballots shall be removed from the affidavit envelopes or return envelopes marked with the affidavit, as applicable, without being unfolded or examined, and then shall be thoroughly intermingled, after which they shall be unfolded and tabulated. a. "Delivery agent" means an individual registered to vote in this state who has been designated to return a completed absentee ballot to the commissioner by another registered voter who is unable to return the registered voter's own absentee ballot due to reason of blindness or other disability. "Delivery agent" does not include the registered voter's employer, an agent of the registered voter's employer, an officer or agent of the registered voter's union, or a person acting as an actual or implied agent for a political party as defined in section 43.2, or a candidate or committee, as defined in section 68A.102.

b. "Immediate family member" means an individual related to a registered voter within the fourth degree of consanguinity or affinity.

2. No person other than the registered voter, an individual who lives in the same household as the registered voter, an immediate family member of the registered voter, an individual acting in accordance with section 53.22, or a delivery agent acting on behalf of a registered voter who is unable to return the registered voter's own ballot due to reason of blindness or other disability, shall collect and return a completed absentee ballot.

3. A registered voter who is unable to return the registered voter's own completed absentee ballot due to reason of blindness or any physical disability other than intoxication may designate a delivery agent to return the registered voter's completed absentee ballot. The registered voter shall complete and sign a designation of delivery agent form prescribed by the state commissioner prior to surrendering a ballot to a delivery agent.

4. A delivery agent shall return no more than two completed absentee ballots per election. This limit shall apply to all elections occurring on the same calendar date.

5. A delivery agent shall fill out a receipt pursuant to section 53.17, subsection 4, when retrieving a completed absentee ballot from a registered voter.

6. A delivery agent shall collect the registered voter's designation of delivery agent form at the time the delivery agent collects the registered voter's completed absentee ballot. The delivery agent shall deliver the registered voter's designation of delivery agent form to the commissioner at the same time as the registered voter's completed absentee ballot.

7. Notwithstanding any provision of law to the contrary, a delivery agent shall do all of the following when delivering a completed absentee ballot to the commissioner:

b. Present identification sufficient to establish identity pursuant to section 49.78.

c. On a form prescribed by the state commissioner, the delivery agent shall provide the delivery agent's full legal name, residential address, phone number, and electronic mail address, if applicable. The delivery agent shall also sign under penalty of perjury a statement in substantially the following form:

Under penalty of perjury, I hereby certify that I am a registered voter in the State of Iowa and not the employer, agent of the employer, or officer or agent of the union of the registered voter whose completed absentee ballot I am returning, or a person acting as an actual or implied agent for a political party as defined in section 43.2, or a candidate or committee, as defined in section 68A.102. I also certify that I am acting as the delivery agent of the registered voter whose completed absentee ballot I am returning, that I am returning the registered voter's completed absentee ballot to the commissioner who issued the ballot, and that I have not altered or tampered with the ballot. I acknowledge that Iowa law prohibits delivery agents from returning more than two completed absentee ballots for all elections occurring on the same date. I have complied with Iowa law. I understand that if I provide false information on this form, I may be guilty of perjury, a class "D" felony, and subject to a maximum prison term not to exceed five years and a fine of at least \$1,025 but not more than \$10,245.

1. Section 53.2 does not apply in the case of a qualified voter of the state of Iowa serving in the armed forces of the United States. In any such case an application for ballot as provided

2. All official ballots to be voted by qualified absent voters in the armed forces of the United States at the primary election and the general election shall be printed prior to forty-five days before the respective elections and shall be available for transmittal to such qualified voters in the armed forces of the United States at least forty-five days before the respective elections. The provisions of this chapter apply to absent voting by qualified voters in the armed forces of the United States except as modified by the provisions of this subchapter.

53.40 Request requirements — transmission of ballot.

1. *a.* A request in writing for a ballot may be made by any member of the armed forces of the United States who is or will be a qualified voter on the day of the election at which the ballot is to be cast, at any time before the election. Any member of the armed forces of the United States may request ballots for all elections to be held during a calendar year. The request may be made by using the federal postcard application form and indicating that the applicant wishes to receive ballots for all elections as permitted by state law. If the applicant does not specify which elections the request is for, the county commissioner shall send the applicant a ballot for each federal election held after the application is received until the end of the calendar year in which the request is received.

b. Unless the request specifies otherwise, a request for the primary election shall also be considered a request for the general election. In the case of the general election, request may be made not more than seventy days before the election, for and on behalf of a voter in the armed forces of the United States by a spouse, parent, parent-in-law, adult brother, adult sister, or adult child of the voter, residing in the county of the voter's residence. However, a request made by other than the voter may be required to be made on forms prescribed by the state commissioner.

c. A request shall show the residence, including street address, if any, of the voter and the age of the voter and shall designate the address to which the ballot is to be sent. In the case of the primary election, the request shall also show the party affiliation of the voter. The request shall be made to the commissioner of the county of the voter's residence. However, if the request is made by the voter to any elective state, city, or county official, the official shall forward it to the commissioner of the county of the voter's residence, and such request so forwarded shall have the same force and effect as if made directly to the commissioner by the voter.

2. The commissioner shall immediately on the forty-fifth day prior to the particular election transmit ballots to the voter by mail or otherwise, postage prepaid, as directed by the state commissioner, requests for which are in the commissioner's hands at that time, and thereafter so transmit ballots immediately upon receipt of requests. A request for ballot for the primary election which does not state the party affiliation of the voter making the request is void and of no effect. A request which does not show that the person for whom a ballot is requested will be a qualified voter in the precinct in which the ballot is to be cast on the day of the election for which the ballot is requested, shall not be honored. However, a request which states the age and the city, including street address, and county where the voter resides is sufficient to show that the person is a qualified voter. A request by the voter containing substantially the information required is sufficient.

3. If the affidavit on the envelope marked with the affidavit shows that the affiant is not a qualified voter on the day of the election at which the ballot is offered for voting, the envelope shall not be opened, but the envelope and ballot contained in the envelope shall be preserved and returned by the precinct election officials to the commissioner, who shall preserve them

for the period of time and under the conditions provided for in sections 50.12, 50.13, 50.15, and 50.19.

53.41 Records by commissioner — excess requests or ballots.

1. The commissioner of each county shall establish and maintain a record of all requests for ballots which are made, and of all ballots transmitted, and the manner of transmittal, from and received in the commissioner's office under the provisions of this subchapter.

2. If more than one request for absent voter's ballot for a particular election is made to the commissioner before the ballots are ready to mail by or on behalf of a voter in the armed forces of the United States, the last request received shall be honored, except that if one of the requests is made by the voter, the request of the voter shall be honored in preference to a request made on the voter's behalf by another.

3. Not more than one ballot shall be transmitted by the commissioner to any voter for a particular election unless after the ballot has been mailed the voter reports a change in the address to which the ballot should be sent. A ballot shall be mailed using a serial number that indicates that this is a replacement sent to an updated address. The original ballot shall be counted only if the replacement ballot does not arrive. If the commissioner receives more than one absent voter's ballot, provided for by this subchapter, from or purporting to be from any one voter for a particular election, all of the ballots so received from or purporting to be from such voter are void, and the commissioner shall not deliver any of the ballots to the precinct election officials, but shall retain them in the commissioner's office, and preserve them for the period and under the conditions provided for in sections 50.12, 50.13, 50.15, and 50.19.

2. With any special absentee ballot issued under this section, the commissioner shall include a listing of any candidates who have filed before the time of the application for offices that will appear on the ballot at that general election and a list of any measures that have been referred to the ballot before the time of the application.

3. Write-in votes on special absentee ballots shall be counted in the same manner provided by law for the counting of other write-in votes. The commissioner shall process and canvass the special absentee ballots provided under this section in the same manner as other absentee ballots.

4. Notwithstanding the provisions of section 53.49, an eligible elector who requests a special absentee ballot under this section may also make application for an absentee ballot under section 53.2 or an armed forces absentee ballot under section 53.40. If the regular absentee or armed forces absentee ballot is properly voted and returned, the special absentee ballot is void and the commissioner shall reject it in whole when special absentee ballots are canvassed.

Unless formal organization has previously occurred, a committee is deemed to have organized as of the date that committee transactions exceed the financial activity threshold established in section 68A.102, subsection 5 or 18. If committee transactions exceed the financial activity threshold prior to the due date for filing a disclosure report as established under section 68A.402, the committee shall file a disclosure report whether or not a statement of organization has been filed by the committee.

b. A person who makes one or more independent expenditures and files all statements required by section 68A.404 shall not be required to organize a committee or file the statement of organization required under this section.

d. Such other information as may be required by this chapter or rules adopted pursuant to this chapter.

e. A signed statement by the treasurer of the committee and the candidate, in the case of a candidate's committee, which shall verify that they are aware of the requirement to file disclosure reports if the committee, the committee officers, the candidate, or both the committee officers and the candidate receive contributions in excess of one thousand dollars in the aggregate, make expenditures in excess of one thousand dollars in the aggregate, or incur indebtedness in excess of one thousand dollars in the aggregate in a calendar year to expressly advocate the nomination, election, or defeat of any candidate for public office. In the case of political committees, statements shall be made by the treasurer of the committee and the chairperson.

2. A committee or organization not organized as a committee under section 68A.201 that is not registered and filing full disclosure reports of all financial activities with the federal election commission or another state's disclosure commission shall register and file full disclosure reports with the board pursuant to this chapter. 2. a. A political committee shall not be established to expressly advocate the nomination, election, or defeat of only one candidate for office. However, a political committee may be established to expressly advocate the passage or defeat of approval of a single judge standing for retention. A permanent organization, as defined in section 68A.402, subsection 9, may make a one-time contribution to only one candidate for office in excess of one thousand dollars.

b. The prohibition in paragraph "a" does not apply to a political committee described in section 68A.102, subsection 18, paragraph "c", until the individual becomes a candidate for public office. A political committee organized to expressly advocate that an individual should or should not seek election to a public office prior to the individual becoming a candidate for public office shall be dissolved when the individual becomes a candidate for public office.

e. Committee funds or committee property shall not be used for the personal benefit of a candidate, officer, member, or associate of the committee. The funds of a committee are not attachable for the personal debt of the committee's candidate or an officer, member, or associate of the committee.

e. Notwithstanding the provisions of subsection 3, paragraph “d”, of this section, when an expenditure is made by a committee in support of the entire state or local political party ticket, only the name of the party shall be given.

4. The treasurer and candidate in the case of a candidate’s committee, and the treasurer and chairperson in the case of a political committee, shall preserve all records required to be kept by this section for a period of five years. However, a committee is not required to preserve any records for more than three years from the certified date of dissolution of the committee. SUBCHAPTER III

GIFTS AND OFFERS —
GENERAL PENALTIES**68B.21 Legislative intent.**

It is the goal of the general assembly that public officials and public employees of the state be extremely cautious and circumspect about accepting a gratuity or favor, especially from persons that have a substantial interest in the legislative, administrative, or political actions of the official or employee. Even where there is a genuine personal friendship, the acceptance of personal benefits from those who could gain advantage by influencing official actions raises suspicions that tend to undermine the public trust. It is therefore the intent of the general assembly that the provisions of this subchapter be construed to discourage all gratuities, but to prohibit only those that create unacceptable conflicts of interest or appearances of impropriety.

92 Acts, ch 1228, §8

68B.22 Gifts accepted or received.

1. Except as otherwise provided in this section, a public official, public employee, or candidate, or that person's immediate family member shall not, directly or indirectly, accept or receive any gift or series of gifts from a restricted donor. A public official, public employee, candidate, or the person's immediate family member shall not solicit any gift or series of gifts from a restricted donor at any time.

2. Except as otherwise provided in this section, a restricted donor shall not, directly or indirectly, offer or make a gift or a series of gifts to a public official, public employee, or candidate. All such items donated to the department of administrative services shall be disposed of by assignment to state agencies for official use or by public sale. A person subject to section 8.7 that receives a gift pursuant to this subsection shall file a report pursuant to section 8.7.

- g. q. Gifts other than food, beverages, travel, and lodging received by a public official or public employee which are received from a person who is a citizen of a country other than the United States and are given during a ceremonial presentation or as a result of a custom of the other country and are of personal value only to the donee.

5. For purposes of determining the value of an item given or received, an individual who gives an item on behalf of more than one person shall not divide the value of the item by the number of persons on whose behalf the item is given and the value of an item received shall be the value actually received by the donee.

6. A gift shall not be considered to be received by a public official or public employee if the state is the donee of the gift and the public official or public employee is required to receive the gift on behalf of the state as part of the performance of the person's duties of office or employment.

7. If the complaint is deficient as to form, the complaint shall be returned to the complainant with a statement of the nature of the deficiency and the party charged in the complaint shall be notified that the complaint has been returned. If a complaint, previously found to be deficient as to form, is refiled in different form, the party charged in the complaint shall be provided with a copy of the new document in the same manner as provided for service of the initial complaint. Any amendments to a complaint that are filed with the committee shall also be served or personally delivered, unless service is waived, to the party charged in the complaint. If the complaint is sufficient as to form, the ethics committee shall review the complaint to determine whether the complaint states a valid charge which may be investigated. A valid complaint must allege all of the following:

a. Facts, that if true, establish a violation of a provision of this chapter, the rules governing lobbyists, or the code of ethics for which penalties or other remedies are provided.

b. That the conduct providing the basis for the complaint occurred within three years of the filing of the complaint.

c. That the party charged with a violation is a party subject to the jurisdiction of the ethics committee.

7. a. If the ethics committee determines that a complaint is not valid, the complaint shall be dismissed and returned to the complainant with a notice of dismissal stating the reason or reasons for the dismissal. If the ethics committee determines that a complaint is valid and the ethics committee does not take action under rules adopted pursuant to paragraph "b", the ethics committee shall request that the chief justice of the supreme court appoint an independent special counsel to investigate the allegations contained in the complaint to determine whether there is probable cause to believe that a violation of this chapter has occurred and whether an evidentiary hearing on the complaint should be held. Payment of costs for the independent special counsel shall be made from section 2.12.

b. The ethics committee may adopt rules for purposes of taking action on valid complaints without requesting the appointment of an independent special counsel and without requiring action by the appropriate house pursuant to subsection 11. Such action may only be taken if the committee determines that no dispute exists between the parties regarding material facts that establish a violation.

8. If a hearing on the complaint is ordered, the ethics committee shall receive all admissible evidence, determine any factual or legal issues presented during the hearing, and make findings of fact based upon evidence received. Hearings shall be conducted in the manner prescribed in section 17A.12. The rules of evidence applicable under section 17A.14 shall also apply in hearings before the ethics committee. Clear and convincing evidence shall be required to support a finding that the member of the general assembly, lobbyist, or client before the general assembly has committed a violation of this chapter. Parties to a complaint may, subject to the approval of the ethics committee, negotiate for settlement of disputes that are before the ethics committee. Terms of any negotiated settlements shall be publicly recorded. If a complaint is filed or initiated less than ninety days before the election for a state office, for which the person named in the complaint is the incumbent officeholder, the ethics committee shall, if possible, set the hearing at the earliest available date so as to allow the issue to be resolved before the election. An extension of time for a hearing may be granted when both parties mutually agree on an alternate date for the hearing. The ethics committee shall make every effort to hear all ethics complaints within three months of the date that the complaints are filed. However, after three months from the date of the filing of the complaint, extensions of time for purposes of preparing for hearing may only be granted by the ethics committee when the party charged in the complaint with the ethics violation consents to an extension. If the party charged does not consent to an extension, the ethics committee shall not grant any extensions of time for preparation prior to hearing. All complaints alleging a violation of this chapter or the code of ethics shall be heard within nine months of the filing of the complaint. Final dispositions of violations, which the ethics committee has found to have been established by clear and convincing evidence, shall be made within thirty days of the conclusion of the hearing on the complaint.

9. The ethics committee of each house shall recommend rules for adoption by the respective house relating to the confidentiality of a complaint or information which has been filed or provided to the committee. Rules adopted shall provide for initial confidentiality of a complaint, unless the complaint has been publicly disclosed, and shall permit the ethics committee to treat some or all of the contents of a complaint or other information as confidential if the committee finds that the criteria established under section 22.7, subsection 18, for keeping certain information confidential, are met. If the existence of a complaint or a preliminary investigation is made public, the ethics committee shall publicly confirm the existence of the complaint or preliminary inquiry and, in the ethics committee's discretion, make public the complaint or investigation and any documents which were issued to any party to the complaint or investigation. However, this subsection shall not prevent the committee from furnishing the complaint or other information to the appropriate law

enforcement authorities at any time. Upon commencement of a hearing on a complaint, all investigative material shall be made available to the subject of the hearing and any material that is introduced at the hearing shall be public information.

10. The code of ethics and rules relating to lobbyists and lobbying activities shall not become effective until approved by the members of the house to which the proposed code and rules apply. The code or rules may be amended either upon the recommendation of the ethics committee or by members of the general assembly.

11. Violation of a provision of this chapter or rules adopted relating to ethical conduct may result in censure, reprimand, or other sanctions as determined by a majority of the member's house. However, a member may be suspended or expelled and the member's salary forfeited only if directed by a two-thirds vote of the member's house. A suspension, expulsion, or forfeiture of salary shall be for the duration specified in the directing resolution. Violation of a rule relating to lobbyists and lobbying activities may result in censure, reprimand, or other sanctions as determined by a majority of the members of the house in which the violation occurred. However, a lobbyist may be suspended from lobbying activities for the duration provided in the directing resolution only if directed by a two-thirds vote of the house in which the violation occurred.

68B.31A Investigation by independent special counsel — probable cause.

The purpose of an investigation by the independent special counsel is to determine whether there is probable cause to proceed with an adjudicatory hearing on the matter. In conducting investigations and holding hearings, the independent special counsel may require by subpoena the attendance and testimony of witnesses and may subpoena books, papers, records, and any other real evidence relating to the matter before the independent special counsel. The independent special counsel shall have the additional authority provided in section 17A.13. If the independent special counsel determines at any stage in the proceedings that take place prior to hearing that the complaint is without merit, the independent special counsel shall report that determination to the appropriate ethics committee and the complaint shall be dismissed and the complainant and the party charged shall be notified. If, after investigation, the independent special counsel determines evidence exists which, if proven, would support a finding of a violation of this chapter, a finding of probable cause shall be made and reported to the ethics committee, and a hearing shall be ordered by the ethics committee as provided in section 68B.31. Independent special counsel investigations are not meetings of a governmental body within the meaning of chapter 21, and records and information obtained by independent special counsel during investigations are confidential until disclosed to a legislative ethics committee under section 68B.31.

The duties of the board shall include but are not limited to all of the following:

1. Adopt rules pursuant to chapter 17A and conduct hearings under sections 68B.32B and 68B.32C and chapter 17A, as necessary to carry out the purposes of this chapter, chapter 68A, and section 8.7.

2. Develop, prescribe, furnish, and distribute any forms necessary for the implementation of the procedures contained in this chapter, chapter 68A, and section 8.7 for the filing of reports and statements by persons required to file the reports and statements under this chapter and chapter 68A.

3. Establish a process to assign signature codes to a person or committee for purposes of facilitating an electronic filing procedure. The assignment of signature codes shall be kept confidential, notwithstanding section 22.2. The board and persons electronically filing reports and statements shall keep assigned signature codes or subsequently selected signature codes confidential. Signature codes shall not be subject to state security policies regarding frequency of change.

4. Review the contents of all campaign finance disclosure reports and statements filed with the board and promptly advise each person or committee of errors found. The board may verify information contained in the reports with other parties to assure accurate disclosure. The board may also verify information by requesting that a candidate or committee produce copies of receipts, bills, logbooks, or other memoranda of reimbursements of expenses to a candidate for expenses incurred during a campaign. The board, upon its own motion, may initiate action and conduct a hearing relating to requirements under chapter 68A.

5. Receive all registrations and reports that are required to be filed with the board under this chapter or section 8.7. The board, upon its own motion, may initiate action, conduct hearings, impose sanctions, and order administrative resolutions relating to reporting requirements under this chapter or section 8.7.

6. Prepare and publish a manual setting forth examples of approved uniform systems of accounts and approved methods of disclosure for use by persons required to file statements and reports under this chapter, chapter 68A, and section 8.7. The board shall also prepare and publish other educational materials, and any other reports or materials deemed appropriate by the board. The board shall annually provide all officials and state employees with notification of the contents of this chapter, chapter 68A, and section 8.7 by distributing copies of educational materials to each agency of state government under the board's jurisdiction.

7. Assure that the statements and reports which have been filed in accordance with this chapter, chapter 68A, and section 8.7 are available for public inspection and copying during the regular office hours of the office in which they are filed and not later than by the end of the day during which a report or statement was received. Rules adopted relating to public inspection and copying of statements and reports may include a charge for any copying and mailing of the reports and statements, shall provide for the mailing of copies upon the request of any person and upon prior receipt of payment of the costs by the board, and shall prohibit the use of the information copied from reports and statements for any commercial purpose by any person.

8. Require that the candidate of a candidate's committee, or the chairperson of a political committee, is responsible for filing disclosure reports under chapter 68A, and shall receive notice from the board if the committee has failed to file a disclosure report at the time required under chapter 68A. A candidate of a candidate's committee, or the chairperson of a political committee, may be subject to a civil penalty for failure to file a disclosure report required under section 68A.402, subsection 1.

9. Establish and impose penalties, and recommendations for punishment of persons who are subject to penalties of or punishment by the board or by other bodies, for the failure to comply with the requirements of this chapter, chapter 68A, or section 8.7.

10. Determine, in case of dispute, at what time a person has become a candidate.

11. Preserve copies of reports and statements filed with the board for a period of five years from the date of receipt.

12. Establish a procedure for requesting and issuing board advisory opinions to persons subject to the authority of the board under this chapter, chapter 68A, or section 8.7. Local officials and local employees may also seek an advisory opinion concerning the application of the applicable provisions of this chapter. Advice contained in board advisory opinions shall, if followed, constitute a defense to a complaint alleging a violation of this chapter, chapter 68A, section 8.7, or rules of the board that is based on the same facts and circumstances.

13. Establish rules relating to ethical conduct for officials and state employees, including candidates for statewide office, and regulations governing the conduct of lobbyists of the executive branch of state government, including but not limited to conflicts of interest, abuse of office, misuse of public property, use of confidential information, participation in matters in which an official or state employee has a financial interest, and rejection of improper offers.

14. Impose penalties upon, or refer matters relating to, persons who discharge any employee, or who otherwise discriminate in employment against any employee, for the filing of a complaint with, or the disclosure of information to, the board if the employee has filed the complaint or made the disclosure in good faith.

15. Establish fees, where necessary, to cover the costs associated with preparing, printing, and distributing materials to persons subject to the authority of the board.

16. Establish an expedited procedure for reviewing complaints forwarded by the state commissioner of elections to the board for a determination as to whether a supervisor district plan adopted pursuant to section 331.210A that differs from a supervisor district plan prepared by the legislative services agency was drawn for improper political reasons as described in section 42.4, subsection 5. The expedited procedure shall be substantially similar to the process used for other complaints filed with the board except that the provisions of section 68B.32D shall not apply.

17. At the board's discretion, develop and operate a searchable internet site database that provides access to information on statements or reports filed with the board. For purposes

of this subsection, “searchable internet site database” means an internet site database that allows the public to search and aggregate information and is in a downloadable format.

19. Impose penalties upon, or refer matters relating to, persons who provide false information to the board during a board investigation of a potential violation of this chapter, chapter 68A, section 8.7, or rules of the board. The board shall adopt rules to administer this subsection.

68B.32B Complaint procedures.

1. Any person may file a complaint alleging that a candidate, committee, person holding a state office in the executive branch of state government, employee of the executive branch of state government, or other person has committed a violation of chapter 68A or rules adopted by the board. Any person may file a complaint alleging that a person holding a state office in the executive branch of state government, an employee of the executive branch of state government, or a lobbyist or a client of a lobbyist of the executive branch of state government has committed a violation of this chapter or rules adopted by the board. Any person may file a complaint alleging a violation of section 8.7 or rules adopted by the board. The board shall prescribe and provide forms for purposes of this subsection. A complaint must include the name and address of the complainant, a statement of the facts believed to be true that form the basis of the complaint, including the sources of information and approximate dates of the acts alleged, and a certification by the complainant under penalty of perjury that the facts stated to be true are true to the best of the complainant’s knowledge.

2. The board staff shall review the complaint to determine if the complaint is sufficient as to form. If the complaint is deficient as to form, the complaint shall be returned to the complainant with a statement of the deficiency and an explanation describing how the deficiency may be cured. If the complaint is sufficient as to form, the complaint shall be referred for legal review.

3. Unless the chairperson of the board concludes that immediate notification would prejudice a preliminary investigation or subject the complainant to an unreasonable risk, the board shall mail a copy of the complaint to the subject of the complaint within three working days of the acceptance of the complaint. If a determination is made by the chairperson not to mail a copy of the complaint to the subject of the complaint within the three working days time period, the board shall approve and establish the time and conditions under which the subject will be informed of the filing and contents of the complaint.

4. Upon completion of legal review, the chairperson of the board shall be advised whether, in the opinion of the legal advisor, the complaint states an allegation which is legally sufficient. A legally sufficient allegation must allege all of the following:

a. Facts that would establish a violation of a provision of this chapter, chapter 68A, section 8.7, or rules adopted by the board.

b. Facts that would establish that the conduct providing the basis for the complaint occurred within three years of the complaint.

c. Facts that would establish that the subject of the complaint is a party subject to the jurisdiction of the board.

5. After receiving an evaluation of the legal sufficiency of the complaint, the chairperson shall refer the complaint to the board for a formal determination by the board of the legal sufficiency of the allegations contained in the complaint.

6. If the board determines that none of the allegations contained in the complaint are legally sufficient, the complaint shall be dismissed. The complainant shall be sent a notice

of dismissal stating the reason or reasons for the dismissal. If a copy of the complaint was sent to the subject of the complaint, a copy of the notice shall be sent to the subject of the complaint. If the board determines that any allegation contained in the complaint is legally sufficient, the complaint shall be referred to the board staff for investigation of any legally sufficient allegations.

7. Notwithstanding subsections 1 through 6, the board may, on its own motion and without the filing of a complaint by another person, initiate investigations into matters that the board believes may be subject to the board's jurisdiction. This section does not preclude persons from providing information to the board for possible board-initiated investigation instead of filing a complaint.

8. The purpose of an investigation by the board's staff is to determine whether there is probable cause to believe that there has been a violation of this chapter, chapter 68A, section 8.7, or of rules adopted by the board. To facilitate the conduct of investigations, the board may issue and seek enforcement of subpoenas requiring the attendance and testimony of witnesses and subpoenas requiring the production of books, papers, records, and other real evidence relating to the matter under investigation. Upon the request of the board, an appropriate county attorney or the attorney general shall assist the staff of the board in its investigation.

9. If the board determines on the basis of an investigation by board staff that there is probable cause to believe the existence of facts that would establish a violation of this chapter, chapter 68A, section 8.7, or of rules adopted by the board, the board may issue a statement of charges and notice of a contested case proceeding to the complainant and to the person who is the subject of the complaint, in the manner provided for the issuance of statements of charges under chapter 17A. If the board determines on the basis of an investigation by staff that there is no probable cause to believe that a violation has occurred, the board shall close the investigation, dismiss any related complaint, and the subject of the complaint shall be notified of the dismissal. If the investigation originated from a complaint filed by a person other than the board, the person making the complaint shall also be notified of the dismissal.

10. At any stage during the investigation or after the initiation of a contested case proceeding, the board may approve a settlement regarding an alleged violation. Terms of a settlement shall be reduced to writing and be available for public inspection. An informal settlement may provide for any remedy specified in section 68B.32D. However, the board shall not approve a settlement unless the board determines that the terms of the settlement are in the public interest and are consistent with the purposes of this chapter and rules of the board. In addition, the board may authorize board staff to seek informal voluntary compliance in routine matters brought to the attention of the board or its staff.

11. A complaint shall be a public record, but some or all of the contents may be treated as confidential under section 22.7, subsection 18, to the extent necessary under subsection 3 of this section. Information informally reported to the board and board staff which results in a board-initiated investigation shall be a public record but may be treated as confidential information consistent with the provisions of section 22.7, subsection 18. If the complainant, the person who provides information to the board, or the person who is the subject of an investigation publicly discloses the existence of an investigation, the board may publicly confirm the existence of the disclosed formal complaint or investigation and, in the board's discretion, make the complaint or the informal referral public, as well as any other documents that were issued by the board to any party to the investigation. However, investigative materials may be furnished to the appropriate law enforcement authorities by the board at any time. Upon the commencement of a contested case proceeding by the board, all investigative material relating to that proceeding shall be made available to the subject of the proceeding. The entire record of any contested case proceeding initiated under this section shall be a public record.

12. Board records used to achieve voluntary compliance to resolve discrepancies and deficiencies shall not be confidential unless otherwise required by law.

68B.32C Contested case proceedings.

1. Contested case proceedings initiated as a result of the issuance of a statement of charges pursuant to section 68B.32B, subsection 9, shall be conducted in accordance with the requirements of chapter 17A. Clear and convincing evidence shall be required to support a finding that a person has violated this chapter, section 8.7, or any rules adopted by the board pursuant to this chapter. A preponderance of the evidence shall be required to support a finding that a person has violated chapter 68A or any rules adopted by the board pursuant to chapter 68A. The case in support of the statement of charges shall be presented at the hearing by one of the board's attorneys or staff unless, upon the request of the board, the charges are prosecuted by another legal counsel designated by the attorney general. A person making a complaint under section 68B.32B, subsection 1, is not a party to contested case proceedings conducted relating to allegations contained in the complaint.

2. Hearings held pursuant to this chapter shall be heard by a quorum of the board, unless the board designates a board member or an administrative law judge to preside at the hearing. If a quorum of the board does not preside at the hearing, the board member or administrative law judge shall make a proposed decision. The board or presiding board member may be assisted by an administrative law judge in the conduct of the hearing and the preparation of a decision.

3. Upon a finding by the board that the party charged has violated this chapter, chapter 68A, section 8.7, or rules adopted by the board, the board may impose any penalty provided for by section 68B.32D. Upon a final decision of the board finding that the party charged has not violated this chapter, chapter 68A, section 8.7, or the rules of the board, the complaint shall be dismissed and the party charged and the original complainant, if any, shall be notified.

4. The right of an appropriate county attorney or the attorney general to commence and maintain a district court prosecution for criminal violations of the law is unaffected by any proceedings under this section.

5. The board shall adopt rules, pursuant to chapter 17A, establishing procedures to implement this section.

b. Issue an order requiring the violator to take any remedial action deemed appropriate by the board.

g. If the violation is a violation of this chapter or rules adopted by the board pursuant to this chapter and the violator is a lobbyist of the executive branch of state government, censure, reprimand, or impose other sanctions deemed appropriate by the board. A lobbyist may also be suspended from lobbying activities if the board finds that suspension is an appropriate sanction for the violation committed.

h. Issue an order requiring the violator to pay a civil penalty of not more than two thousand dollars for each violation of this chapter, chapter 68A, section 8.7, or rules adopted by the board.

i. Refer the complaint and supporting information to the attorney general or appropriate county attorney with a recommendation for prosecution or enforcement of criminal penalties.

2. At any stage during an investigation or during the board's review of routine compliance matters, the board may resolve the matter by admonishment to the alleged violator or by any other means not specified in subsection 1 as a posthearing remedy.

3. If a person fails to comply with an action of the board under subsection 1, the board may petition the Polk county district court for an order for enforcement of the action of the board. The enforcement proceeding shall be conducted as provided in section 68B.33.

a. A vacancy shall be filled at the next pending election if it occurs:

(1) Seventy-four or more days before the election, if it is a general election.

(2) Fifty-two or more days before the election, if it is a regularly scheduled or special city election. However, for those cities which may be required to hold a primary election, the vacancy shall be filled at the next pending election if it occurs seventy-three or more days before a regularly scheduled city election or fifty-nine or more days before a special city election.

(3) Forty-five or more days before the election, if it is a regularly scheduled school election.

(4) Sixty or more days before the election, if it is a special election.

(4) The twenty-fifth day before a special election.

c. A vacancy which occurs at a time when paragraph “a” of this subsection does not permit it to be filled at the next pending election shall be filled by appointment as provided by law until the succeeding pending election.

2. When the unexpired term of office in which the vacancy occurs will expire within seventy days after the date of the next pending election, or after the date of a preceding election in which that office was on the ballot, the person elected to the office for the succeeding term shall also be deemed elected to fill the remainder of the unexpired term. If the vacancy is on a multimember body to which more than one nonincumbent is elected for the succeeding term, the nonincumbent who received the most votes shall be deemed elected to fill the remainder of the unexpired term. A person so elected to fill an unexpired term shall qualify within the time required by sections 63.3 and 63.8. Unless other requirements are imposed by law, qualification for the unexpired term shall also constitute qualification for the full term to which the person was elected.

In the event the special election is to fill a vacancy in the general assembly while it is in session or within forty-five days of the convening of any session, the time limit provided in this section shall not apply and the governor shall order such special election at the earliest practical time, giving at least eighteen days' notice of the special election. 69.14A Filling vacancy of elected county officer.

1. A vacancy on the board of supervisors shall be filled by one of the following procedures:

a. By appointment by the committee of county officers designated to fill the vacancy in section 69.8.

(1) The appointment shall be for the period until the next pending election as defined in section 69.12, and shall be made within forty days after the vacancy occurs. If the committee of county officers designated to fill the vacancy chooses to proceed under this paragraph, the committee shall publish notice in the manner prescribed by section 331.305 stating that the committee intends to fill the vacancy by appointment but that the electors of the district or county, as the case may be, have the right to file a petition requiring that the vacancy be filled by special election. The committee may publish notice in advance if an elected official submits a resignation to take effect at a future date. The committee may make an appointment to fill the vacancy after the notice is published or after the vacancy occurs, whichever is later. A person appointed to an office under this subsection shall have actually resided in the county which the appointee represents sixty days prior to appointment.

(2) However, if within fourteen days after publication of the notice or within fourteen days after the appointment is made, a petition is filed with the county auditor requesting a special election to fill the vacancy, the appointment is temporary and a special election shall be called as provided in paragraph "b". The petition shall meet the requirements of section 331.306, except that in counties where supervisors are elected under plan "three", the number of signatures calculated according to the formula in section 331.306 shall be divided by the number of supervisor districts in the county.

b. By special election held to fill the office for the remaining balance of the unexpired term.

(1) The committee of county officers designated to fill the vacancy in section 69.8 may, on its own motion, or shall, upon receipt of a petition as provided in paragraph "a", call for a special election to fill the vacancy in lieu of appointment. The committee shall order the special election at the earliest practicable date, but giving at least thirty-two days' notice of the election. A special election called under this section shall be held on a Tuesday and shall not be held on the same day as a school election within the county.

(2) However, if a vacancy on the board of supervisors occurs after the date of the primary

election and more than seventy-three days before the general election, a special election to fill the vacancy shall not be called by the committee or by petition. If the term of office in which the vacancy exists will expire more than seventy days after the general election, the office shall be listed on the ballot, as “For Board of Supervisors, To Fill Vacancy”. The person elected at the general election shall assume office as soon as a certificate of election is issued and the person has qualified by taking the oath of office. The person shall serve the balance of the unexpired term.

(3) If the term of office in which the vacancy exists will expire within seventy days after the general election, the person elected to the succeeding term shall also serve the balance of the unexpired term. The person elected at the general election shall assume office as soon as a certificate of election is issued and the person has qualified by taking the oath of office.

c. For a vacancy declared by the board pursuant to section 331.214, subsection 2, by special election held to fill the office if the remaining balance of the unexpired term is two and one-half years or more. The committee of county officers designated to fill the vacancy in section 69.8 shall order the special election at the earliest practicable date, but giving at least thirty-two days’ notice of the election. A special election called under this section shall be held on a Tuesday and shall not be held on the same day as a school election within the county. The office shall be listed on the ballot, as “For Board of Supervisors, To Fill Vacancy”. The person elected at the special election shall serve the balance of the unexpired term.

2. A vacancy in any of the offices listed in section 39.17 shall be filled by one of the two following procedures:

a. By appointment by the board of supervisors.

(1) The appointment shall be for the period until the next general election, and shall be made within forty days after the vacancy occurs. If the board of supervisors chooses to proceed under this paragraph, the board shall publish notice in the manner prescribed by section 331.305 stating that the board intends to fill the vacancy by appointment but that the electors of the county have the right to file a petition requiring that the vacancy be filled by special election. The board may publish notice in advance if an elected official submits a resignation to take effect at a future date. The board may make an appointment to fill the vacancy after the notice is published or after the vacancy occurs, whichever is later. A person appointed to an office under this subsection, except for a county attorney, shall have actually resided in the county which the appointee represents sixty days prior to appointment. A person appointed to the office of county attorney shall be a resident of the county at the time of appointment.

(2) However, if within fourteen days after the appointment is made, a petition is circulated and filed with the county auditor requesting a special election to fill the vacancy, the appointment is temporary and a special election shall be called as provided in paragraph “b”. The petition shall meet the requirements of section 331.306. A signature shall not be considered valid if the signature is dated prior to the date on which the appointment was made.

b. By special election held to fill the office for the remaining balance of the unexpired term.

(1) The board of supervisors may, on its own motion, or shall, upon receipt of a petition as provided in paragraph “a”, call for a special election to fill the vacancy in lieu of appointment. The supervisors shall order the special election at the earliest practicable date, but giving at least thirty-two days’ notice of the election. A special election called under this section shall be held on a Tuesday.

(2) If a vacancy in an elective county office occurs after the date of the primary election and more than seventy-three days before the general election, a special election to fill the vacancy shall not be called by the board of supervisors or by petition. If the term of office in which the vacancy exists will expire more than seventy days after the general election, the office shall be listed on the ballot with the name of the office and the additional description, “To Fill Vacancy”. The person elected at the general election shall assume office as soon as a certificate of election is issued and the person has qualified by taking the oath of office. The person shall serve the balance of the unexpired term.

(3) If the term of office in which the vacancy exists will expire within seventy days after

the general election, the person elected to the succeeding term shall also serve the balance of the unexpired term. The person elected at the general election shall assume office as soon as a certificate of election is issued and the person has qualified by taking the oath of office.

3. Notwithstanding subsection 2, in the event of a vacancy for which no eligible candidate residing in the county comes forward for appointment, a county board of supervisors may employ a person to perform the duties of the office for at least sixty days but no more than ninety days. After ninety days, the board shall proceed under subsection 2.

4. Notwithstanding subsections 1 and 2, if a nomination has been made at the primary election for an office in which a vacancy has been filled by appointment, the office shall be filled at the next general election, and not at any special election in the same political subdivision.

a. The person does not attend three or more consecutive regular meetings of such board. This paragraph does not apply unless the first and last of the consecutive meetings counted for this purpose are at least thirty days apart.

b. The person attends less than one-half of the regular meetings of such board within any period of twelve calendar months beginning on July 1 or January 1. This paragraph does not apply unless such board holds at least four regular meetings during such period. This paragraph applies only to such a period beginning on or after the date when the person takes office as a member of such board.

2. If such person received no notice and had no knowledge of a regular meeting and gives the governor a sworn statement to that effect within ten days after the person learns of the meeting, such meeting shall not be counted for the purposes of this section.

3. The governor in the governor’s discretion may accept or reject such resignation. If the governor accepts it, the governor shall notify such person, in writing, that the resignation is accepted pursuant to this section. The governor shall then make another appointment to such office. Such appointment shall be made in the same manner and for the same term as in the case of other vacancies caused by resignation from such office.

4. As used in this section, “board” includes any commission, committee, agency, or governmental body which has three or more members.

2. In the case where the appointment of members of the general assembly is allowed, and the law does not otherwise provide, if an even number of legislators are appointed they shall be equally divided by political party affiliation; if an odd number of members of the general assembly are appointed, the number representing a certain political party shall not exceed the number of legislative members of the other political party who may be appointed by more than one.

3. If there are multiple appointing authorities for a board, commission or council, the appointing authorities shall consult to avoid a violation of this section.

4. This section shall not apply to any board, commission, or council established by the Code for which other restrictions regarding the political affiliations of members are provided by law.

If the board, commission, committee, or council is composed of an even number of members, not more than one-half of the membership shall be of one gender. If there are multiple appointing authorities for a board, commission, committee, or council, they shall consult each other to avoid a violation of this section.

2. All appointive boards, commissions, committees, and councils of a political subdivision of the state that are established by the Code, if not otherwise provided by law, shall be gender balanced as provided by subsection 1 unless the political subdivision has made a good faith effort to appoint a qualified person to fill a vacancy on a board, commission, committee, or council in compliance with subsection 1 for a period of three months but has been unable to make a compliant appointment. In complying with the requirements of this subsection, political subdivisions shall utilize a fair and unbiased method of selecting the best qualified applicants. This subsection shall not prohibit an individual whose term expires prior to January 1, 2012, from being reappointed even though the reappointment continues an inequity in gender balance.

1. Salaries specifically provided for in an appropriation Act of the general assembly shall be in lieu of existing statutory salaries, for the positions provided for in the Act, and all salaries, including longevity where applicable by express provision in the Code, shall be paid according to the provisions of chapter 91A and shall be in full compensation of all services, including any service on committees, boards, commissions or similar duty for Iowa government, except for members of the general assembly. A state employee on an annual salary shall not be paid for a pay period an amount which exceeds the employee's annual salary transposed into a rate applicable to the pay period by dividing the annual salary by the number of pay periods in the fiscal year. Salaries for state employees covered by the overtime payment provisions of the federal Fair Labor Standards Act shall be established on an hourly basis.

2. a. All employees of the state earn two weeks' vacation per year during the first year of employment and through the fourth year of employment, and three weeks' vacation per year during the fifth and through the eleventh year of employment, and four weeks' vacation per year during the twelfth year through the nineteenth year of employment, and four and four-tenths weeks' vacation per year during the twentieth year through the twenty-fourth year of employment, and five weeks' vacation per year during the twenty-fifth year and all subsequent years of employment, with pay. One week of vacation is equal to the number of hours in the employee's normal workweek. Vacation allowances accrue according to chapter 91A as provided by the rules of the department of administrative services.

b. The vacations shall be granted at the discretion and convenience of the head of the department, agency, or commission, except that an employee shall not be granted vacation in excess of the amount earned by the employee. Vacation leave earned under this subsection shall not be cumulated to an amount in excess of twice the employee's annual rate of accrual. The head of the department, agency, or commission shall make every reasonable effort to schedule vacation leave sufficient to prevent any loss of entitlements.

c. (1) If the employment of an employee of the state is terminated, the provisions of chapter 91A relating to the termination apply.

(2) If the termination of employment is by reason of the death of the employee, the

vacation allowance shall be paid to the estate of the deceased employee if the estate is opened for probate. If an estate is not opened, the allowance shall be paid to the surviving spouse, if any, or to the legal heirs if no spouse survives.

3. Payments authorized by this section shall be approved by the department subject to rules of the department of administrative services and paid from the appropriation or fund of original certification of the claim.

4. Effective July 1, 2006, permanent full-time and permanent part-time employees of state departments, boards, agencies, and commissions shall accrue sick leave as provided in this subsection which shall be credited to the employee's sick leave account. The sick leave accrual rate for part-time employees shall be prorated to the accrual rate for full-time employees. The sick leave accrual rate for each complete month of full-time employment, excluding employees covered under a collective bargaining agreement which provides for a different rate of accrual, shall be as follows:

a. For employees of the state board of regents, one and one-half days.

b. For employees who are peace officers employed within the department of public safety or department of natural resources and who are not covered under a collective bargaining agreement, the rate shall be the same as the rate provided under the state police officers council collective bargaining agreement.

c. For all other employees, the rate shall be as follows:

(1) If the employee's accrued sick leave balance is seven hundred fifty hours or less, one and one-half days.

(2) If the employee's accrued sick leave balance is one thousand five hundred hours or less but more than seven hundred fifty hours, one day.

(3) If the employee's accrued sick leave balance is more than one thousand five hundred hours, one-half day.

5. Sick leave shall not accrue during any period of absence without pay. Employees may use accrued sick leave for physical or mental personal illness, bodily injury, medically related disabilities, including disabilities resulting from pregnancy and childbirth, or contagious disease, which result in any of the following:

a. The employee's confinement is required.

b. The employee is rendered unable to perform assigned duties.

c. The performance of assigned duties would jeopardize the employee's health or recovery.

6. Except as provided in section 70A.23, all unused accrued sick leave in an employee's sick leave account is canceled upon the employee's separation from state employment. However, if an employee is laid off and the employee is reemployed by any state department, board, agency, or commission within one year of the date of the layoff, accrued sick leave of the employee shall be restored.

7. State employees, excluding state board of regents' faculty members with nine-month appointments, and employees covered under a collective bargaining agreement negotiated with the public safety bargaining unit who are eligible for accrued vacation benefits and accrued sick leave benefits, who have accumulated thirty days of sick leave, and who do not use sick leave during a full month of employment may elect to have up to one-half day of additional vacation added to the employee's accrued vacation account. The additional vacation time added to an employee's accrued vacation account for not using sick leave during a month is in lieu of the accrual of sick leave for that month. The amount of additional vacation for part-time employees shall be prorated to the amount of additional vacation authorized for full-time employees. The director of the department of administrative services may adopt the necessary rules and procedures for the implementation of this program for all state employees except employees of the state board of regents. The state board of regents may adopt necessary rules for the implementation of this program for its employees.

8. The head of any department, agency, or commission, subject to rules of the department of administrative services, may grant an educational leave to employees for whom the head of the department, agency, or commission is responsible pursuant to section 70A.25 and funds appropriated by the general assembly may be used for this purpose. The head of the department, agency, or commission shall notify the legislative council and the director of the

department of administrative services of all educational leaves granted within fifteen days of the granting of the educational leave. If the head of a department, agency, or commission fails to notify the legislative council and the director of the department of administrative services of an educational leave, the expenditure of funds appropriated by the general assembly for the educational leave shall not be allowed.

9. A specific annual salary rate or annual salary adjustment commencing with a fiscal year shall commence on July 1 except that if a pay period overlaps two fiscal years, a specific annual salary rate or annual salary adjustment shall commence with the first day of a pay period as specified by the general assembly.

70A.20 Employees disability program.

1. As used in this section, unless the context otherwise requires:

a. “Adult” means a person who is eighteen years of age or older.

b. “Primary and family social security” shall not include social security benefits awarded to an adult child with a disability of the state employee with a disability who does not reside with the state employee with a disability if the social security benefits were awarded to the adult child with a disability prior to the approval of the state employee’s benefits under this section, regardless of whether the United States social security administration records the benefits to the social security number of the adult child with a disability, the state employee with a disability, or any other family member, and such social security benefits shall not reduce the benefits payable pursuant to this section.

2. A state employees disability insurance program is created, which shall be administered by the director of the department of administrative services and which shall provide disability benefits in an amount and for the employees as provided in this section. The monthly disability benefits shall, at a minimum, provide twenty percent of monthly earnings if employed less than one year, forty percent of monthly earnings if employed one year or more but less than two years, and sixty percent of monthly earnings thereafter, reduced by primary and family social security determined at the time social security disability payments commence, railroad retirement disability income, workers’ compensation if applicable, and any other state-sponsored sickness or disability benefits payable. However, the amount of benefits payable under the Iowa public employees’ retirement system pursuant to chapter 97B shall not reduce the benefits payable pursuant to this section. Subsequent social security or railroad retirement increases shall not be used to further reduce the insurance benefits payable. State employees shall receive credit for the time they were continuously employed prior to and on July 1, 1974.

3. The following provisions apply to the employees disability insurance program:

a. Waiting period of no more than ninety working days of continuous sickness or accident disability or the expiration of accrued sick leave, whichever is greater.

b. Maximum period benefits paid for both accident or sickness disability:

(1) If the disability occurs prior to the time the employee attains the age of sixty-one years, the maximum benefit period shall end sixty months after continuous benefit payments begin or on the date on which the employee attains the age of sixty-five years, whichever is later.

(2) If the disability occurs on or after the time the employee attains the age of sixty-one years but prior to the age of sixty-nine years, the maximum benefit period shall end sixty months after continuous benefit payments begin or on the date on which the employee attains the age of seventy years, whichever is earlier.

(3) If the disability occurs on or after the time the employee attains the age of sixty-nine years, the maximum benefit period shall end twelve months after continuous benefit payments begin.

c. (1) Minimum and maximum benefits of not less than fifty dollars per month and not exceeding three thousand dollars per month.

(2) In no event shall benefits exceed one hundred percent of the claimant’s predisability covered monthly compensation.

d. All probationary and permanent full-time state employees shall be covered under the employees disability insurance program, except board members and members of commissions who are not full-time state employees, and state employees who on July 1, 1974, are under another disability program financed in whole or in part by the state, and state employees who have agreed to participation in another disability program through a collective bargaining agreement. For purposes of this section, members of the general

assembly serving on or after January 1, 1989, are eligible for the plan during their tenure in office, on the basis of enrollment rules established for full-time state employees excluded from collective bargaining as provided in chapter 20.

70A.23 Credit for accrued sick leave.

1. For purposes of this section:

a. “*Eligible retirement system*” means a retirement system authorized under chapter 97A or 97B, including the teachers insurance and annuity association-college retirement equities fund (TIAA-CREF).

b. “*Eligible state employee*” means a state employee eligible to receive retirement benefits under an eligible retirement system.

2. An eligible state employee, excluding an employee covered under a collective bargaining agreement which provides otherwise, who retires and has applied for retirement benefits under an eligible retirement system, or who dies while in active employment, shall be credited with the number of accrued days of sick leave of the employee. The employee, or the employee’s estate, shall receive a cash payment of the monetary value of the employee’s accrued sick leave balance, not to exceed two thousand dollars. The value of the employee’s accrued sick leave balance shall be calculated by multiplying the number of hours of accrued sick leave by the employee’s regular hourly rate of pay at the time of retirement.

3. a. An eligible state employee, excluding an employee covered under a collective bargaining agreement which provides otherwise or an employee of the state board of regents, who retires and receives a payment as provided in subsection 2 shall be entitled to elect to have the employee’s available remaining value of sick leave used to pay the state share for the employee’s continuation of state group health insurance coverage pursuant to the requirements of this subsection.

b. An eligible state employee’s available remaining value of sick leave shall be calculated as follows:

(1) If the employee’s accrued sick leave balance prior to payment as provided in subsection 2 is seven hundred fifty hours or less, sixty percent of the value of the remaining accrued sick leave balance.

(2) If the employee’s accrued sick leave balance prior to payment as provided in subsection 2 is one thousand five hundred hours or less but more than seven hundred fifty hours, eighty percent of the value of the remaining accrued sick leave balance.

(3) If the employee’s accrued sick leave balance prior to payment as provided in subsection 2 is more than one thousand five hundred hours, one hundred percent of the value of the remaining accrued sick leave balance.

c. An eligible state employee’s available remaining value of sick leave shall be available to pay for that portion of the employee’s state group health insurance premium that would otherwise be paid for by the state if the employee were still a state employee. The benefits provided for in this subsection have no cash value and are not transferable to any other person, including the retiree’s spouse. Payment of state group health insurance premiums pursuant to this subsection continues until the earliest of when the eligible state employee’s available remaining value of sick leave is exhausted, the employee otherwise becomes eligible for federal Medicare program benefits, or the employee dies. In addition, an employee electing benefits pursuant to this subsection who is reinstated or reemployed in a permanent full-time or permanent part-time position within state government forfeits any remaining benefits for payment of state group health insurance benefits, and such employee

is not eligible for restoration of the unused sick leave accrued during the employee's prior employment with the state.

4. Notwithstanding any provision of this section to the contrary, peace officers employed within the department of public safety and the department of natural resources that are not covered under a collective bargaining agreement shall have a sick leave conversion program extended to them that is equivalent to the sick leave conversion program negotiated under chapter 20 between the state and the state police officers council labor union for peace officers. In addition, an employee of the department of public safety or the department of natural resources who has earned benefits of payment of premiums under a collective bargaining agreement and who becomes a manager or supervisor and is no longer covered by the agreement shall not lose the benefits of payment of premiums earned while covered by the agreement. The payment shall be calculated by multiplying the number of hours of accumulated, unused sick leave by the employee's hourly rate of pay at the time of retirement.

72.5 Life cycle cost.

1. a. A contract for a public improvement or construction of a public building, including new construction or renovation of an existing public building, by the state, or an agency of the state, shall not be let without satisfying the following requirements:

(1) A design professional submitting a design development proposal for consideration of the public body shall at minimum prepare one proposal meeting the design program's space and use requirements which reflects the lowest life cycle cost possible in light of existing commercially available technology.

(2) Submission of a cost-benefit analysis of any deviations from the lowest life cycle cost

proposal contained in other design proposals requested by or prepared for submission to the public body.

b. The public body may request additional design proposals in light of funds available for construction, aesthetic considerations, or any other reason.

c. This subsection applies for all design development proposals requested on or after January 1, 1991.

2. The director of the economic development authority, in consultation with the department of management, state building code commissioner, and state fire marshal, shall develop standards and methods to evaluate design development documents and construction documents based upon life cycle cost factors to facilitate fair and uniform comparisons between design proposals and informed decision making by public bodies.

3. The department of management shall develop a proposal for submission to the general assembly on or before January 10, 1991, to create a division within the department of management to evaluate life cycle costs on design proposals submitted on public improvement and construction contracts for agencies of the state, to assure uniform comparisons and professional evaluations of design proposals by an independent agency. The report shall also address potential redundancy and conflicts within existing state law regarding life cycle cost analysis and recommend the resolution of any problems which are identified.

4. It is the intent of the general assembly to discourage construction of public buildings based upon lowest acquisition cost, and instead to require that such decisions be based upon life cycle costs to reduce energy consumption, maintenance requirements, and continuing burdens upon taxpayers.

SUBCHAPTER I

IOWA PRODUCTS AND LABOR

73.1 Preference — conditions.

1. Every commission, board, committee, officer, or other governing body of the state, or of any county, township, school district or city, and every person acting as contracting or purchasing agent for any such commission, board, committee, officer, or other governing body shall use only those products and provisions grown and coal produced within the state of Iowa, when they are found in marketable quantities in the state and are of a quality reasonably suited to the purpose intended, and can be secured without additional cost over foreign products or products of other states. This section shall apply to horticultural products grown in this state even if the products are not in the stage of processing that the agency usually purchases the product. However, this section does not apply to a school district purchasing food while the school district is participating in the federal school lunch or breakfast program.

2. All requests for proposals for materials, products, supplies, provisions, and other needed articles and services to be purchased at public expense shall not knowingly be written in such a way as to exclude an Iowa-based company capable of filling the needs of the purchasing entity from submitting a responsive proposal.

[C27, 31, 35, §1171-b1; C39, §1171.01; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §73.1] 86 Acts, ch 1096, §10; 2004 Acts, ch 1046, §1; 2010 Acts, ch 1069, §8

73.2 Advertisements for bids — form.

1. a. All requests made for bids and proposals for materials, products, supplies, provisions, and other needed articles to be purchased at public expense, shall be made in general terms and by general specifications and not by brand, trade name, or other individual mark.

b. All such requests and bids shall contain a paragraph in easily legible print, reading as follows:

By virtue of statutory authority, a preference will be given to products and provisions grown and coal produced within the state of Iowa.

2. In addition to any method of advertisement required by law, any executive branch agency, the general assembly, and the judicial branch shall advertise any request for bids and proposals on the official state internet site operated by the department of administrative services. An electronic link to an internet site maintained by an executive branch agency, the general assembly, or the judicial branch on which requests for bids and proposals for that agency or for the general assembly or judicial branch are posted satisfies the requirements of this subsection.

An officer or person who is connected with, or is a member or agent or representative of a commission, board, committee, officer or other governing body of this state, or of any county, township, school district, city, or contractor, who fails to give preference as required in this chapter is guilty of a simple misdemeanor. 73.6 Iowa coal.

It shall be unlawful for any commission, board, county officer or other governing body of the state, or of any county, township, school district or city, to purchase or use any coal, except that mined or produced within the state by producers who are, at the time such coal is purchased and produced, complying with all the workers' compensation and mining laws of the state. The provisions of this section shall not be applicable if coal produced within the state cannot be procured of a quantity or quality reasonably suited to the needs of such purchaser, nor if the equipment now installed is not reasonably adapted to the use of coal produced within the state, nor if the use of coal produced within the state would materially lessen the efficiency or increase the cost of operating such purchaser's heating or power plant, nor to mines employing miners not now under the provisions of the workers' compensation Act or who permit the miners to work in individual units in their own rooms.

In addition to the other provisions of this section relating to procurement contracts for targeted small businesses, all purchasing authorities shall assure that a proportionate share of small businesses and targeted small businesses identified under the uniform small business vendor application program of the economic development authority are given the opportunity to bid on all solicitations issued by agencies and departments of state government.

2. a. Prior to the commencement of a fiscal year, the director of each agency or department of state government having purchasing authority, in cooperation with the targeted small business project manager of the economic development authority, shall establish for that fiscal year a procurement goal from certified targeted small businesses identified pursuant to section 15.108, subsection 7, paragraph “d”.

(1) The procurement goal shall include the procurement of all goods and services, including construction, but not including utility services.

(2) A procurement goal shall be stated in terms of a dollar amount of certified purchases and shall be established at a level that exceeds the procurement levels from certified targeted small businesses during the previous fiscal year.

b. SUBCHAPTER II

RECIPROCAL RESIDENT BIDDER AND LABOR FORCE PREFERENCE

73A.21 Reciprocal resident bidder and resident labor force preference by state, its agencies, and political subdivisions — penalties.

1. For purposes of this section:
 - a. “*Commissioner*” means the labor commissioner appointed pursuant to section 91.2, or the labor commissioner’s designee.
 - b. “*Division*” means the division of labor of the department of workforce development.
 - c. “*Nonresident bidder*” means a person or entity who does not meet the definition of a resident bidder.
 - d. “*Public body*” means the state and any of its political subdivisions, including a school district, public utility, or the state board of regents.
 - e. “*Public improvement*” means a building or other construction work to be paid for in whole or in part by the use of funds of the state, its agencies, and any of its political subdivisions and includes road construction, reconstruction, and maintenance projects.
 - f. “*Public utility*” includes municipally owned utilities and municipally owned waterworks.
 - g. “*Resident bidder*” means a person or entity authorized to transact business in this state and having a place of business for transacting business within the state at which it is conducting and has conducted business for at least three years prior to the date of the first

advertisement for the public improvement. If another state or foreign country has a more stringent definition of a resident bidder, the more stringent definition is applicable as to bidders from that state or foreign country.

h. "Resident labor force preference" means a requirement in which all or a portion of a labor force working on a public improvement is a resident of a particular state or country.

2. Notwithstanding this chapter, chapter 73, chapter 309, chapter 310, chapter 331, or chapter 384, when a contract for a public improvement is to be awarded to the lowest responsible bidder, a resident bidder shall be allowed a preference as against a nonresident bidder from a state or foreign country if that state or foreign country gives or requires any preference to bidders from that state or foreign country, including but not limited to any preference to bidders, the imposition of any type of labor force preference, or any other form of preferential treatment to bidders or laborers from that state or foreign country. The preference allowed shall be equal to the preference given or required by the state or foreign country in which the nonresident bidder is a resident. In the instance of a resident labor force preference, a nonresident bidder shall apply the same resident labor force preference to a public improvement in this state as would be required in the construction of a public improvement by the state or foreign country in which the nonresident bidder is a resident.

3. If it is determined that this may cause denial of federal funds which would otherwise be available, or would otherwise be inconsistent with requirements of any federal law or regulation, this section shall be suspended, but only to the extent necessary to prevent denial of the funds or to eliminate the inconsistency with federal requirements.

4. The public body involved in a public improvement shall require a nonresident bidder to specify on all project bid specifications and contract documents whether any preference as described in subsection 2 is in effect in the nonresident bidder's state or country of domicile at the time of a bid submittal.

5. The commissioner and the division shall administer and enforce this section, and the commissioner shall adopt rules for the administration and enforcement of this section as provided in section 91.6.

6. The commissioner shall have the following powers and duties for the purposes of this section:

a. The commissioner may hold hearings and investigate charges of violations of this section.

b. The commissioner may, consistent with due process of law, enter any place of employment to inspect records concerning labor force residency, to question an employer or employee, and to investigate such facts, conditions, or matters as are deemed appropriate in determining whether any person has violated the provisions of this section. The commissioner shall only make such an entry in response to a written complaint.

c. The commissioner shall develop a written complaint form applicable to this section and make it available in division offices and on the department of workforce development's internet site.

d. The commissioner may sue for injunctive relief against the awarding of a contract, the undertaking of a public improvement, or the continuation of a public improvement in response to a violation of this section.

e. The commissioner may investigate and ascertain the residency of a worker engaged in any public improvement in this state.

f. The commissioner may administer oaths, take or cause to be taken deposition of witnesses, and require by subpoena the attendance and testimony of witnesses and the production of all books, registers, payrolls, and other evidence relevant to a matter under investigation or hearing.

g. The commissioner may employ qualified personnel as are necessary for the enforcement of this section. Such personnel shall be employed pursuant to the merit system provisions of chapter 8A, subchapter IV.

h. The commissioner shall require a contractor or subcontractor to file, within ten days of receipt of a request, any records enumerated in subsection 7. If the contractor or subcontractor fails to provide the requested records within ten days, the commissioner may direct, within fifteen days after the end of the ten-day period, the fiscal or financial office

charged with the custody and disbursement of funds of the public body that contracted for construction of the public improvement or undertook the public improvement, to immediately withhold from payment to the contractor or subcontractor up to twenty-five percent of the amount to be paid to the contractor or subcontractor under the terms of the contract or written instrument under which the public improvement is being performed. The amount withheld shall be immediately released upon receipt by the public body of a notice from the commissioner indicating that the request for records as required by this section has been satisfied.

7. While participating in a public improvement, a nonresident bidder domiciled in a state or country that has established a resident labor force preference shall make and keep, for a period of not less than three years, accurate records of all workers employed by the contractor or subcontractor on the public improvement. The records shall include each worker's name, address, telephone number when available, social security number, trade classification, and the starting and ending time of employment.

8. Any person or entity that violates the provisions of this section is subject to a civil penalty in an amount not to exceed one thousand dollars for each violation found in a first investigation by the division, not to exceed five thousand dollars for each violation found in a second investigation by the division, and not to exceed fifteen thousand dollars for a third or subsequent violation found in any subsequent investigation by the division. Each violation of this section for each worker and for each day the violation continues constitutes a separate and distinct violation. In determining the amount of the penalty, the division shall consider the appropriateness of the penalty to the person or entity charged, upon determination of the gravity of the violations. The collection of these penalties shall be enforced in a civil action brought by the attorney general on behalf of the division.

9. A party seeking review of the division's determination pursuant to this section may file a written request for an informal conference. The request must be received by the division within fifteen days after the date of issuance of the division's determination. During the conference, the party seeking review may present written or oral information and arguments as to why the division's determination should be amended or vacated. The division shall consider the information and arguments presented and issue a written decision advising all parties of the outcome of the conference.

1. Except as otherwise provided by law, this chapter establishes the interest rates which are applicable to all bonds, warrants, anticipatory warrants, pledge orders, improvement certificates, and anticipation certificates issued by a governmental body or agency under the laws of this state, and the interest rates which are applicable to assessments levied by a governmental body or agency under the laws of this state against benefited properties for the retirement of public debt.

2. This chapter does not authorize the issuance of a public obligation or the levying of an assessment, and does not create an obligation to pay interest, and does not determine when interest commences or ceases to accrue.

3. This chapter does not impose an interest rate or interest rate limitation where by law

the rate of interest payable on an obligation is within the discretion of the governmental body or agency, unless that discretion is expressly made subject to the limitations contained in this chapter.

[C81, §74A.1]

74A.2 Unpaid warrants.

A warrant not paid upon presentation for want of funds bears interest on unpaid balances at the rate in effect at the time the warrant is first presented for payment, as established by rule pursuant to section 74A.6, subsection 2. This section does not apply to an obligation which by law bears interest from the time it is issued.

b. Revenue bonds, warrants, pledge orders or other obligations, the principal and interest of which are to be paid solely from the revenue derived from the operations of the publicly owned enterprise or utility for which the bonds or obligations are issued, may bear interest at a rate to be set by the issuing governmental body or agency.

c. Special assessment bonds, certificates, warrants or other obligations, the principal and interest of which are payable from special assessments levied against benefited property may bear interest at a rate to be set by the issuing governmental body or agency.

2. The interest rates authorized by this section to be set by the issuing governmental body or agency shall be set in each instance by the governing body which, in accordance with applicable provisions of law then in effect, authorizes the issuance of the bonds, warrants, pledge orders, certificates, obligations, or other evidences of indebtedness.

76.2 Mandatory levy — obligations in anticipation of levy.

1. *a.* The governing authority of a political subdivision specified in section 76.1, subsection 1, before issuing bonds shall, by resolution, provide for the assessment of an annual levy upon all the taxable property in the political subdivision sufficient to pay the interest and principal of the bonds within a period named not exceeding the applicable period of time specified in section 76.1. A certified copy of this resolution shall be filed with the county auditor or the auditors of the counties in which the political subdivision is located; and the filing shall make it a duty of the auditors to enter annually this levy for collection from the taxable property within the boundaries of the political subdivision until funds are realized to pay the bonds in full. The levy shall continue to be made against property that is severed from the political subdivision after the filing of the resolution until funds are realized to pay the bonds in full.

b. If the resolution is filed prior to April 1, or April 15 if the political subdivision is a county or a city, or May 1 if the political subdivision is a school district, the annual levy shall begin with the tax levy for collection commencing July 1 of that year. If the resolution is filed on or after April 1, or April 15 in the case of a county or a city, or May 1 in the case of a school district, the annual levy shall begin with the tax levy for collection in the next succeeding fiscal year. However, the governing authority of a political subdivision may adjust a levy of taxes made under this section for the purpose of adjusting the annual levies and collections for property severed from the political subdivision, subject to the approval of the director of the department of management.

2. If funds, including reserves and amounts available for temporary transfer, are found to be insufficient to pay in full any installment of principal or interest, a public issuer of bonds may anticipate the next levy of taxes pursuant to this section in the manner provided in chapter 74, whether the taxes so anticipated are to be collected in the same or a future fiscal year.

76.3 Tax limitations.

Tax limitations in any law or proposition for the issuance of bonds or obligations, including any law or proposition for the issuance of bonds or obligations in anticipation of levies or collections of taxes or both, shall be based on the latest equalized actual valuation then existing and shall only restrict the amount of bonds or obligations which may be issued. For the sole purpose of computing the amount of bonds which may be issued as a result of the application of a tax limitation, all interest on the bonds or obligations in excess of that accruing in the first twelve months may be excluded from the first annual levy of taxes, so that the need for including more than one year's interest in the first annual levy of taxes to pay the bonds or obligations and interest does not operate to further restrict the amount of bonds or obligations which may be issued, and in certifying the annual levies to the county auditor or auditors the first annual levy of taxes shall be sufficient to pay all principal of and interest on the bonds or obligations becoming due prior to the next succeeding annual levy

and the full amount of the first annual levy shall be entered for collection by the auditor or auditors, as provided in this chapter.

76.4 Permissive application of funds.

Whenever the governing authority of such political subdivision shall have on hand funds derived from any other source than taxation which may be appropriated to the payment either of interest or principal, or both principal and interest of such bonds, such funds may be so appropriated and used and the levy for the payment of the bonds correspondingly reduced. This section shall not restrict the authority of a political subdivision to apply sales and services tax receipts collected pursuant to chapter 423B for such purpose. Notwithstanding section 423F.3, a school district may apply tax receipts received pursuant to chapter 423F for the purposes of this section.
