(4) A statement that the net proceeds from the sale of bonds shall be deposited in the tobacco settlement trust fund established under section 12E.12 and that in no event shall the amounts in the trust fund be available or be applied for payment of bonds or any claim against the authority or any debt or obligation of the authority.

(5) A requirement that the net proceeds received by the authority from the sale of any tax-exempt bonds issued to provide funds for capital projects, certain debt service, and attorney fees related to the master settlement agreement be paid by the authority to the state as consideration for the sale of that portion of the state's share, that such net proceeds be deposited by the state upon receipt in the tax-exempt bond proceeds restricted capital funds account of the tobacco settlement trust fund, and that such proceeds are to be held by the authority solely for the benefit of the state, subject to annual appropriation by the state in accordance with section 12E.10, subsection 1, paragraph "b".

(6) A requirement that the net proceeds received by the authority from the sale of taxable bonds or tax-exempt bonds issued to provide funds for the purposes specified in section 12E.3A be deposited in the endowment for Iowa's health account of the tobacco settlement trust fund as moneys of the authority until transferred to the state pursuant to section 12E.12, subsection 1, paragraph "b", subparagraph (3). Each amount transferred shall be the consideration received by the state for that portion of the state's share.

(7) An agreement that the effective date of the sale is the date of receipt of the bond proceeds by the authority and the deposits of the net proceeds of the tax-exempt bonds and any taxable bonds in the respective accounts of the tobacco settlement trust fund.

2. The sale made under this section shall be irrevocable during the time when bonds are outstanding under this chapter, and shall be a part of the contractual obligation owed to the bondholders. The sale shall constitute and be treated as a true sale and absolute transfer of the property so transferred and not as a pledge or other security interest for any borrowing. The characterization of such a sale as an absolute transfer shall not be negated or adversely affected by the fact that only a portion of the state's share is being sold, or by the state's acquisition or retention of an ownership interest in the residual assets.

3. On or after the effective date of such sale, the state shall not have any right, title, or interest in the portion of the master settlement agreement sold and such portion shall be the property of the authority and not the state, and shall be owned, received, held, and disbursed by the authority or its trustee or assignee, and not the state.

4. On or before the effective date of the sale, the state shall notify the escrow agent under the master settlement agreement of the sale and shall instruct the escrow agent that subsequent to that date, all payments constituting the portion sold shall be made directly to the authority.

5. The authority, the treasurer of state, and the attorney general shall report to the legislative council and the executive council on or before the date of the sale, advising them of the status of the sale, its terms, and conditions.

12E.10 Tobacco settlement program plan.

1. a. (1) The authority shall implement the program plan and shall proceed with a securitization to maximize the transference of risks associated with the master settlement agreement.

(2) The authority shall issue tax-exempt bonds as necessary in amounts determined by the authority sufficient to provide net proceeds for deposit in the tax-exempt bond proceeds restricted capital funds account of the tobacco settlement trust fund, to be used for capital projects, certain debt service on outstanding obligations which funded capital projects, and attorney fees related to the master settlement agreement.

(3) The authority may also issue taxable bonds or tax-exempt bonds to provide additional amounts to be used for the purposes specified in section 12E.3A.

(4) Notwithstanding subparagraphs (1) and (2), the authority is not required to issue tax-exempt bonds if the authority determines that the issuance would not be in the best interest of the state due to market conditions.

b. It is the expectation of the state that not less than eighty-five percent of the proceeds of any issue of tax-exempt bonds will be expended within five years from the effective date of the sale, consistent with the requirements of federal law, and that the specific capital projects, debt service, and attorney fees payments shall be determined annually through appropriations authorized by a constitutional majority of each house of the general assembly and approved by the governor.

c. The authority may issue tax-exempt bonds if the securitization of any remaining tobacco settlement payments will result in the deposit of net proceeds of not less than one hundred eighty-three million dollars for tax-exempt bonds issued after July 1, 2008.

2. The authority shall periodically report to the legislative council and the governor regarding implementation of the program plan and shall, prior to any public offering of bonds, submit a report to the legislative council and the governor describing the terms of the proposed bond issue.

3. Any amendment to the program plan shall be authorized by a constitutional majority of each house of the general assembly and approved by the governor.

4. To the extent that any provision of the program plan is inconsistent with this chapter, the provisions of this chapter shall govern.

12E.11 Authority — bonds.

1. The authority may issue bonds and, if bonds are issued, shall make the proceeds from the bonds available to the state pursuant to the sales agreement to fund capital projects, certain debt service on outstanding obligations that funded capital projects, and attorney fees related to the master settlement agreement, and to provide a secure and stable source of funding to the state, consistent with the purposes of section 12E.3A and other provisions of this chapter. In connection with the issuance of bonds and subject to the terms of the sales agreement, the authority shall determine the terms and other details of the financing and the method of implementation of the program plan. Bonds issued pursuant to this section may be secured by a pledge of all or a portion of the state's share and any moneys derived from the state's share, and any other sources available to the authority with the exception of moneys in the tobacco settlement trust fund. The authority may also issue refunding bonds, including advance refunding bonds, for the purpose of refunding previously issued bonds, and may issue other types of bonds, debt obligations, and financing arrangements necessary to fulfill its purposes or the purposes of this chapter.

2. The authority may issue its bonds in principal amounts which, in the opinion of the authority, are necessary to provide sufficient funds for achievement of its purposes, the payment of interest on its bonds, the establishment of reserves to secure the bonds, the costs of issuance of its bonds, and all other expenditures of the authority incident to and necessary to carry out its purposes or powers. The bonds are investment securities and negotiable instruments within the meaning of and for the purposes of the uniform commercial code, chapter 554.

3. Bonds issued by the authority are payable solely and only out of the moneys, assets, or revenues pledged by the authority and are not a general obligation or indebtedness of the authority or an obligation or indebtedness of the state or any subdivision of the state. The authority shall not pledge the credit or taxing power of the state or any political subdivision of the state, or create a debt or obligation of the state, or make its debts payable out of any moneys except those of the authority, excluding those moneys deposited in the tobacco settlement trust fund.

4. Bonds shall state on their face that they are payable both as to principal and interest solely out of the assets of the authority pledged for their purpose and do not constitute an indebtedness of the state or any political subdivision of the state; are secured solely by and

payable solely from assets of the authority pledged for such purpose; constitute neither a general, legal, or moral obligation of the state or any of its political subdivisions; and that the state has no obligation or intention to satisfy any deficiency or default of any payment of the bonds.

5. Any amount pledged by the authority to be received under the master settlement agreement shall be valid and binding at the time the pledge is made. Amounts so pledged and then or thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act. The lien of any such pledge shall be valid and binding as against all parties having claims of any kind against the authority, whether such parties have notice of the lien. Notwithstanding any other provision to the contrary, the resolution of the authority or any other instrument by which a pledge is created need not be recorded or filed to perfect such pledge.

6. The proceeds of bonds issued by the authority and not required for deposit in the tobacco settlement trust fund may be invested in any manner approved by the board and specified in the trust indenture or resolution pursuant to which the bonds must be issued, notwithstanding any other provision to the contrary.

7. The bonds shall comply with all of the following:

a. The bonds shall be in a form, issued in denominations, executed in a manner, and payable over terms and with rights of redemption, as the board prescribes in the resolution authorizing their issuance.

b. The bonds shall be fully negotiable instruments under the laws of this state and may be sold at prices, at public or private sale, and in a manner as prescribed by the board. Chapters 73A, 74, 74A, and 75 shall not apply to the sale or issuance of bonds under this chapter.

c. The bonds shall be subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest which may be fixed or variable during any period the bonds are outstanding, and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this chapter and as determined by resolution of the board authorizing their issuance.

8. The bonds issued under this chapter are securities in which insurance companies and associations and other persons engaged in the business of insurance; banks, trust companies, savings associations, and investment companies; administrators, guardians, executors, trustees, and other fiduciaries; and other persons authorized to invest in bonds or other obligations of the state may properly and legally invest funds, including capital, in their control or belonging to them.

9. Bonds must be authorized by a resolution of the board. However, a resolution authorizing the issuance of bonds may delegate to an officer of the authority the power to negotiate and fix the details of an issue of bonds by an appropriate certificate of the authorized officer.

10. To comply with federal law with respect to the issuance of bonds, the interest of which is tax-exempt pursuant to the Internal Revenue Code, the authority may issue a certain series of bonds, or periodically issue several series of bonds, so that interest on the bonds remains exempt from federal taxation or to comply with the purposes specified in this chapter.

11. The state reserves the right at any time to alter, amend, repeal, or otherwise change the structure, organization, programs, or activities of the authority, including the power to terminate the authority, except that a law shall not be enacted that impairs any obligation made pursuant to a sales agreement or any contract entered into by the authority with or on behalf of the holders of the bonds to the extent that any such law would contravene Article I, section 21, of the Constitution of the State of Iowa or Article I, section 10, of the Constitution of the United States.

12E.12 Tobacco settlement trust fund — established — investment — liability.

1. a. A tobacco settlement trust fund is established, separate and apart from all other public moneys or funds of the state, under the control of the authority. The fund shall consist of moneys paid to the authority and not pledged to the payment of bonds or otherwise

obligated. Such moneys shall include but are not limited to payments received from the master settlement agreement which are not pledged to the payment of bonds or which are subsequently released from a pledge to the payment of any bonds; payments which, in accordance with any sales agreement with the state, are to be paid to the state and not pledged to the bonds, including that portion of the proceeds of any bonds designated for purchase of all or a portion of the state's share, which are designated for deposit in the fund, together with all interest, dividends, and rents on the bonds; and all securities or investment income and other assets acquired by and through the use of the moneys belonging to the fund and any other moneys deposited in the fund. Moneys in the fund are to be used solely and only for the payment of all amounts due and to become due to the state, and shall not be used for any other purpose. Such moneys shall not be available for the payment of any claim against the authority or any debt or obligation of the authority.

b. The fund shall consist of the following accounts:

(1) The tax-exempt bond proceeds restricted capital funds account. The net proceeds of tax-exempt bonds issued to provide funds for capital projects, certain debt service, and attorney fees related to the master settlement agreement which the state treasurer is authorized and directed to deposit on behalf of the state shall be deposited in the account and shall be used to fund capital projects, certain debt service, and the payment of attorney fees related to the master settlement agreement. With respect to capital projects, it is the intent of the general assembly to fund capital projects that qualify as vertical infrastructure projects as defined in section 8.57, subsection 5, paragraph "c", to the extent practicable in any fiscal year and without limiting other qualifying capital expenditures considered and approved by a constitutional majority of each house of the general assembly and the governor.

(2) The FY 2009 tax-exempt bond proceeds restricted capital funds account. The net proceeds of tax-exempt bonds issued after July 1, 2008, as a result of the securitization of any remaining tobacco settlement payments to provide funds for capital projects which the treasurer of state is authorized and directed to deposit on behalf of the state shall be deposited in the account and shall be used to fund capital projects. With respect to capital projects, it is the intent of the general assembly to fund capital projects that qualify as vertical infrastructure projects as defined in section 8.57, subsection 5, paragraph "c", to the extent practicable in any fiscal year and without limiting other qualifying capital expenditures considered and approved by a constitutional majority of each house of the general assembly and the governor.

(3) The endowment for Iowa's health account.

(a) The net proceeds of any taxable bonds or tax-exempt bonds issued to provide funds for the purposes specified in section 12E.3A, which the authority is directed to deposit in the account, any portion of the state's share which is not sold to the authority, and any other moneys appropriated by the state for deposit in the account shall be deposited in the account and shall be used for the purposes specified in section 12E.3A.

(b) For each fiscal year beginning July 1, 2009, the moneys deposited in the endowment for Iowa's health account of the tobacco settlement trust fund are transferred to the rebuild Iowa infrastructure fund.

2. The treasurer of the authority shall act as custodian and trustee of the fund and shall administer the fund as directed by the authority. The treasurer of the authority shall do all of the following:

a. Hold the funds.

b. Invest the portion of the funds which, as deemed by the authority, is not necessary for current payment of sums to the state under this chapter or the program plan.

c. Disburse funds, if directed by the authority.

d. Sell any securities or other property held by the fund and reinvest the proceeds as directed by the authority, when deemed advisable by the authority for the protection of the fund or the preservation of the value of the investment. Such sale of securities or other property held by the fund shall only be made with the advice of the board in the manner and to the extent provided in this chapter with regard to the purchase of investments.

e. Subscribe, at the direction of the authority, for the purchase of securities for future

delivery in anticipation of future income. Such securities shall be paid for by such anticipated income or from funds from the sale of securities or other property held by the fund.

f. Pay for securities, as directed by the authority, on the receipt of the purchasing entity's paid statement or paid confirmation of purchase.

3. The authority shall execute the disposition and investment of moneys in the fund in accordance with the investment policy and goal statement established by the board.

a. In establishing the investment policy and goal statement of the fund, the standard utilized by the board shall be the exercise of judgment and care, under the prevailing circumstances, which persons of prudence, discretion, and intelligence exercise in the management of their own financial affairs, not for the purpose of speculation, but with regard to the permanent disposition of the funds, considering the probable income, as well as the probable safety, of their capital.

b. Within the limitations of the standard prescribed in this subsection and the program plan, the treasurer of the authority, the authority, and the board may acquire and retain any type of property or investment which persons of prudence, discretion, and intelligence would acquire or retain for their own financial interests.

c. The authority and the board shall give appropriate consideration to those facts and circumstances that the authority and board know or should know are relevant to the particular investment or investment policy involved, including the role the investment plays in the total value of the fund. For the purposes of this paragraph, "appropriate consideration" includes, but is not limited to, a determination by the authority and the board that the particular investment or investment policy is reasonably designed to further the purposes of the tobacco settlement program plan, taking into consideration the risk of loss and the opportunity for gain or other return associated with the investment or investment policy and consideration of all of the following as they relate to the tobacco settlement trust fund:

(1) The composition of the fund with regard to diversification.

(2) The liquidity and current return of the investments in the fund relative to the anticipated cash flow requirements of the program plan.

(3) The projected return of the investments relative to the funding objectives of the program plan.

d. Investments of moneys in the funds are not subject to sections 73.15 through 73.21.

e. If consistent with the investment policy established by the board, the authority may invest moneys of or held by the authority in structured notes and investment agreements, the repayment of the principal amount of which is protected or guaranteed.

4. The authority, its staff, members of the board, and the treasurer of the authority are not personally liable for actions or omissions under this chapter that do not involve malicious or wanton misconduct even if those actions or omissions violate the standards established in this section.

5. Except as provided in this section, if there is loss to the fund, the treasurer, the authority, the board, and the staff are not personally liable, and the loss shall be charged against the fund. The amount required to cover a loss may be paid from the fund.

6. a. Expenses incurred in the sale and purchase of securities belonging to the fund shall be charged to the fund, and the amount required for the investment management expenses may be paid from the fund, subject to the limitations stated in this subsection. The amount paid for investment management expenses for a fiscal year under this section shall not exceed the reasonable and customary charge to similar funds for similar purposes. The authority shall report the investment management expenses for a fiscal year as a percent of the market value of the fund in the annual report to the governor submitted pursuant to section 12E.15.

b. A person who has entered into a contract with the authority for investment management purposes shall meet the requirements for doing business in Iowa sufficient to be subject to taxation under the rules of the department of revenue.

7. All moneys paid to or deposited in the fund are available to the authority to be used for the exclusive purpose of the program plan in accordance with this chapter, including but not limited to all of the following:

a. For payment of amounts due to the state pursuant to the terms of the sales agreements entered into between the state and the authority.

b. For payment of other amounts provided for in the program plan.

c. For payment of the costs of administering the program plan and the costs of the authority.

8. With respect to the payment of certain debt service, the debt service to be paid shall be those installments of debt service on bonds selected by the treasurer of state and identified in the authority's tax certificate delivered at the time of the issuance of the bonds issued pursuant to this chapter, or as otherwise selected by the treasurer of state. Once the bonds and the installments of debt service thereon are so selected, that debt service and bonds shall not be paid, or provided to be paid, from any other source including the state or any of its departments or agencies. Provided, however, that if funds are not appropriated to pay debt service on such bonds when due, the issuing agency shall pay the debt service from any available source as provided in the bond covenants. To the extent that this section does not allow proceeds of previously issued refunding bonds to be applied for the purpose of the refunding, the issuing agency may expend such proceeds to improve, remodel, or repair buildings or other infrastructure upon authorization of the issuing agency's authority.

9. Annually, on or before January 15 of each year, a state agency that received an appropriation from the tobacco settlement trust fund shall report to the legislative services agency and the department of management the status of all projects completed or in progress. The report shall include a description of the project, the progress of work completed, the total estimated cost of the project, a list of all revenue sources being used to fund the project, the amount of funds expended, the amount of funds obligated, and the date the project was completed or an estimated completion date of the project, where applicable.

		12F.7	Applicability.

12F.1 Legislative findings and intent.

The general assembly is deeply concerned over the human rights situation in Sudan which calls for stepped-up international efforts to end the crisis in Sudan's Darfur region, and concurs with United States policy which has officially declared that genocide is ongoing in the Sudan, and demands that the government of Sudan bring an end to these atrocities. Therefore, the general assembly intends that state funds and funds administered by the state, including public employee retirement funds, should not be invested in companies that provide power production-related services, mineral extraction activities, oil-related activities, or military equipment to the government of Sudan, or are complicit in the genocide in Darfur, given the ongoing genocide in that country, the previous atrocities perpetrated by the government of Sudan, and the abysmal human rights situation in that country.

2015 Acts, ch 137, §84, 162, 163

12I.10 Implementation as a contracting state — tax considerations.

1. The general assembly acknowledges that section 529A of the Internal Revenue Code permits access to qualified ABLE programs by residents of a state without such a program. The general assembly finds that becoming a contracting state may accomplish the public purpose set forth in section 12I.1, subsection 1, in the same manner as if the qualified ABLE program under the Iowa ABLE savings plan trust were to be implemented and administered by this state. To that end, the treasurer of state, as trustee of the trust, may defer implementation of the qualified ABLE program under the trust and alternatively cause this state to become a contracting state by entering into an agreement with another state with a qualified ABLE program to provide Iowa residents access to that state's qualified ABLE program. The trust shall not enter into an agreement pursuant to this section unless the treasurer, as trustee of the trust, determines that all of the following requirements are satisfied:

a. The program is a qualified ABLE program.

b. The qualified ABLE program provides comparable benefits and protections to Iowa residents as would be provided under the Iowa ABLE savings plan trust.

c. That entering into an agreement for access to the qualified ABLE program would not result in increased costs to the state or to account owners and designated beneficiaries as compared to the costs of implementing and administering the qualified ABLE program under the Iowa ABLE savings plan trust.

d. The qualified ABLE program will be audited annually by an independent certified public accountant or by the state auditor, or similar public official, of the state that has implemented the qualified ABLE program.

e. The qualified ABLE program will provide information to the treasurer of state as trustee of the trust so as to allow the trustee to fulfill the reporting requirements in section 12I.7.

2. a. The maximum amount that may be deducted per year for Iowa income tax purposes by an individual for contributions on behalf of any one designated beneficiary that is a resident of this state to the qualified ABLE program with which the state has contracted pursuant to this section shall not exceed the maximum deductible amount determined for the year pursuant to section 12D.3, subsection 1.

b. State income tax treatment of the qualified ABLE program with which the state has contracted pursuant to this section shall be as provided in section 422.7, subsections 34 and 34A.

3. State inheritance tax treatment of interests in the qualified ABLE program with which the state has contracted pursuant to this section shall be as provided in section 450.4, subsection 9.

12J.4	Prohibited investments — divestment.		

12J.1 Legislative findings and intent.

The general assembly is deeply concerned and does not support boycotts and related tactics that have become a tool of economic warfare that threaten the sovereignty and security of allies and trade partners of the United States, including the state of Israel. Therefore, the general assembly intends that state funds and funds administered by the state, including public employee retirement funds, should not be invested in, and public contracts should not be entered into with, companies that refuse to engage in commerce with Israel and boycott Israel or persons doing business in Israel or territories controlled by Israel.

2016 Acts, ch 1102, §1

12J.2 Definitions.

As used in this chapter, unless the context otherwise requires:

1. “*Company*” means any business or business entity that is publicly traded and that is not based in the United States.

2. “*Direct holdings*” in a company means all publicly traded securities of that company that are held directly by the public fund in an actively managed account or fund in which the public fund owns all shares or interests.

3. “*Indirect holdings*” in a company means all securities of that company that are held in an account or fund managed by one or more persons not employed by the public fund, in which the public fund owns shares or interests together with other investors not subject to the provisions of this chapter. Indirect holdings include but are not limited to mutual funds, fund of funds, index funds, private equity funds, hedge funds, and real estate funds.

4. “*Public entity*” means the state, political subdivisions of the state, public school corporations, and all public officers, boards, commissions, departments, agencies, and authorities empowered by law to enter into public contracts for the expenditure of public funds, including the state board of regents and institutions under the control of the state board of regents.

5. “*Public fund*” means the treasurer of state, the state board of regents, the public safety peace officers’ retirement system created in chapter 97A, the Iowa public employees’ retirement system created in chapter 97B, the statewide fire and police retirement system created in chapter 411, or the judicial retirement system created in chapter 602.

6. “*Scrutinized company*” means any company that publicly states it is participating in a boycott of Israel.

2016 Acts, ch 1102, §2

12J.3 Identification of companies — notice.

1. *a.* By March 1, 2017, the public fund shall make its best efforts to identify or have identified all scrutinized companies in which the public fund has direct or indirect holdings or could possibly have such holdings in the future and shall create and make available to the public a scrutinized companies list for that public fund. The public fund shall review on an annual basis and update, if necessary, the scrutinized companies list.

b. In making its best efforts to identify or have identified scrutinized companies, the public fund may review and rely, in the best judgment of the public fund, on publicly available information regarding companies, and including other information that may be provided by nonprofit organizations, research firms, international organizations, and government

entities. The public fund may also contact asset managers and institutional investors for the public fund to identify scrutinized companies based upon industry-recognized lists of such companies that the public fund may have indirect holdings in.

c. The Iowa public employees' retirement system, acting on behalf of the system and other public funds subject to this section, may develop and issue a request for proposals for third-party services to complete the identification of scrutinized companies and the compilation of a scrutinized companies list. The Iowa public employees' retirement system shall consult with all other public funds on the development of the request for proposals. However, selection of a successful proposal and the final scope of services to be provided shall be determined only by those public funds that have agreed to utilize the third-party services. If more than one public fund decides to utilize the third-party services, the participating public funds shall equally share the costs of such services.

2. a. For each company on the scrutinized companies list, the public fund shall send or have sent a written notice informing the company of its status as a scrutinized company and that it may become subject to divestment and restrictions on investment in the company by the public fund. The notice shall offer the company the opportunity to clarify its activities or to cease its activities causing its inclusion on the scrutinized companies list. The public fund or its representative shall continue to provide such written notice on an annual basis if the company remains a scrutinized company.

b. If, following notice as provided by this section, a scrutinized company ceases activity that designates it as a scrutinized company and submits a written statement to the public fund that it has ceased engaging in activities boycotting Israel, the company shall be removed from the scrutinized companies list.

12J.4 Prohibited investments — divestment.

1. The public fund shall not acquire publicly traded securities of a company on the public fund's most recent scrutinized companies list so long as such company remains on the public fund's scrutinized companies list as provided in this chapter.

2. a. The public fund shall sell, redeem, divest, or withdraw all publicly traded securities of a company on the public fund's list of scrutinized companies, so long as the company remains on that list, within eighteen months following the first written notice sent to the scrutinized company as required by section 12J.3.

b. This subsection shall not be construed to require the premature or otherwise imprudent sale, redemption, divestment, or withdrawal of an investment, but such sale, redemption, divestment, or withdrawal shall be completed as provided by this subsection.

3. The requirements of this section shall not apply to indirect holdings of a scrutinized company. The public fund shall, however, submit letters to the managers of such investment funds containing scrutinized companies requesting that they consider removing such companies from the fund or create a similar fund with indirect holdings devoid of such companies. If the manager creates a similar fund with indirect holdings devoid of such companies, the public fund is encouraged to replace all applicable investments with investments in the similar fund consistent with prudent investing standards.

Referred to in §12J.5

2. *Annual report.* On October 1, 2017, and each October 1 thereafter, each public fund shall make available to the public, and file with the general assembly, an annual report covering the prior fiscal year that includes the following:

The local public defender shall counsel and defend an indigent defendant at every stage of the criminal proceedings and prosecute before or after conviction any appeals or other remedies which the local public defender considers to be in the interest of justice unless other counsel is appointed to the case.

b. Represent an indigent party, upon order of the court, in child in need of assistance, family in need of assistance, delinquency, and termination of parental rights proceedings pursuant to chapter 232 when designated by the state public defender to represent the indigent party in the type of case for that county. 2. “*Charitable purpose*” means a benevolent, educational, philanthropic, humane, scientific, patriotic, social welfare or advocacy, public health, environmental, conservation, civic, or other charitable objective. In the case of law enforcement, emergency medical technician, paramedic, and fire fighter organizations, “*charitable purpose*” does not include funds raised through the sale of advertisements, products, or tickets for an event unless the organization represents that part of proceeds will be used to assist individuals other than the organization, its members, or their families.

A bona fide salaried officer, employee, or volunteer of a charitable organization is not a professional commercial fund-raiser.

6. “*Solicit*” or “*solicitation*” means the request, directly or indirectly, for a contribution on the pleas or representation that the contribution will be used for a charitable purpose. A solicitation is deemed to have taken place whether or not the person making the solicitation receives a contribution. “*Solicitation*” does not include an application for a grant from any governmental entity or private nonprofit foundation.

The statement shall include the telephone number, mailing address, and names of persons to be contacted to obtain the financial disclosure information of the fund-raiser. 3. a. If a professional commercial fund-raiser or charitable organization fails to provide financial information as required or requested, the fund-raiser or organization shall file the financial disclosure information with the attorney general within seven days of its failure to have provided the disclosure information and, thereafter, file, if required by the attorney general, annual financial disclosure information with the attorney general.

b. The attorney general may seek an injunction pursuant to section 714.16 prohibiting the professional commercial fund-raiser or charitable organization from soliciting contributions until the required financial information has been disclosed to the attorney general, person, or governmental entity making the request.

Upon notice that an application has been withdrawn, the authority shall not release a copy in response to a request for records pursuant to chapter 22.

1. *a.* The economic development authority shall, pursuant to section 15.106A, subsection 1, paragraph “o”, establish a community catalyst building remediation fund for the purpose of providing grants to cities for the remediation of underutilized buildings. The authority shall administer the fund in a manner to make grant moneys annually available to cities for the purposes of this section.

b. The fund may consist of any moneys appropriated by the general assembly for purposes of this section and any other moneys that are lawfully available to the authority, including moneys transferred or deposited from other funds created pursuant to section 15.106A, subsection 1, paragraph “o”.

c. The authority shall use any moneys specifically appropriated for purposes of this section only for the purposes of this section. The authority may use all other moneys in the fund, including interest, earnings, and recaptures for purposes of this section, or the authority may transfer the other moneys to other funds created pursuant to section 15.106A, subsection 1, paragraph “o”.

d. Notwithstanding section 8.33, moneys in the community catalyst building remediation fund at the end of each fiscal year shall not revert to any other fund but shall remain in the fund for expenditure for subsequent fiscal years.

If at the end of each application period the amount of grants awarded to cities with a population of less than one thousand five hundred is less than the amount to be dedicated to such cities under this subsection, the balance may be awarded to any approved applicant city regardless of city population.

4. The authority shall enter into an agreement with each city for the receipt of grants under this section. Subsection 8 amended

15.293B Application — registration — agreement.

1. a. The authority shall develop a system for the application, review, registration, and authorization of projects awarded tax credits pursuant to this part and shall control the issuance of all tax credit certificates to investors pursuant to this part.

b. The authority shall accept and, in conjunction with the council, review applications for tax credits provided in section 15.293A and, with the approval of the council, make tax credit award recommendations regarding the applications to the board.

c. Applications for redevelopment tax credits shall be accepted during an annual application period established by the authority.

d. Upon review of an application, the authority may register the project with the redevelopment tax credits program. If the authority registers the project, the authority may, in conjunction with the council, make a preliminary determination as to the amount of tax credit for which an award recommendation will be made to the board.

e. After registering the project, the authority shall notify the investor of successful registration under the redevelopment tax credits program. The notification may include the amount of tax credit for which an award recommendation will be made to the board. If an award recommendation is included in the notification, such notification shall include a statement that the award recommendation is a recommendation only. The amount of tax credit included on a tax credit certificate issued pursuant to this section shall be contingent upon an award by the board and upon completion of the requirements in this section.

f. (1) All completed applications shall be reviewed and scored on a competitive basis by the council and the board. In reviewing and scoring applications, the council and the board may consider any factors the council and board deem appropriate for a competitive application process, including but not limited to the financial need, quality, and feasibility of a qualifying redevelopment project.

(2) For purposes of this paragraph:

(a) “*Feasibility*” means the likelihood that the project will obtain the financing necessary to allow for full completion of the project and the likelihood that the proposed redevelopment or improvement that is the subject of the project will be fully completed.

(b) “*Financial need*” means the difference between the total costs of the project less the total financing that will be received for the project.

(c) “*Quality*” means the merit of the project after considering and evaluating its total characteristics and measuring those characteristics in a uniform, objective manner against the total characteristics of other projects that have applied for the tax credit provided in section 15.293A during the same annual application period.

g. Upon reviewing and scoring all applications that are part of an annual application period, the board may award tax credits provided in section 15.293A.

h. If the applicant for a tax credit provided in section 15.293A has also applied to an agency of the federal government or to the authority, the board, or any other agency of state government for additional financial assistance, the authority, the council, and the board shall

consider the amount of funding to be received from such public sources when making a tax credit award pursuant to this section.

i. An applicant that is unsuccessful in receiving a tax credit award during an annual application period may make additional applications during subsequent annual application periods. Such applicants shall be required to submit a new application, which shall be competitively reviewed and scored in the same manner as other applications in that annual application period.

2. An investor applying for a tax credit shall provide the authority with all of the following:

a. Information showing the total costs of the qualifying redevelopment project, including the costs of land acquisition, cleanup, and redevelopment.

b. Information about the financing sources of the investment which are directly related to the qualifying redevelopment project for which the investor is seeking approval for a tax credit provided in section 15.293A.

c. Any other information deemed necessary by the board and the council to review and score the application pursuant to subsection 1.

3. If an investor is awarded a tax credit pursuant to this section, the authority and the investor shall enter into an agreement concerning the qualifying redevelopment project. If the investor fails to comply with any of the requirements of the agreement, the authority may find the investor in default under the agreement and may revoke all or a portion of the tax credit award. The department of revenue, upon notification by the authority of an event of default, shall seek repayment of the value of any such tax credit already claimed in the same manner as provided in section 15.330, subsection 2.

4. A registered project shall be completed within thirty months of the date the project was registered unless the authority, upon recommendation of the council and approval of the board, provides additional time to complete the project. If the registered project is not completed within the time required, the project is not eligible to claim a tax credit provided in section 15.293A.

5. a. Upon completion of a registered project, an audit of the project, completed by an independent certified public accountant licensed in this state, shall be submitted to the authority.

b. Upon review of the audit and verification of the amount of the qualifying investment, the authority may issue a tax credit certificate to the investor stating the amount of tax credit under section 15.293A the investor may claim.

6. a. Tax credits revoked under subsection 3 including tax credits revoked up to five years prior to July 1, 2021, and tax credits not awarded under subsection 4 or 5, may be awarded in the next annual application period established in subsection 1, paragraph “c”.

b. Tax credits awarded pursuant to paragraph “a” shall not be counted against the limit under section 15.119, subsection 3.

7. The authority, in conjunction with the department of revenue, shall adopt rules to administer the redevelopment tax credits program.

15.318 Eligible business application and agreement — maximum tax credits.

1. *Application.*

a. An eligible business that produces a renewable chemical in this state from biomass feedstock during a calendar year may apply to the authority for the renewable chemical production tax credit provided in section 15.319.

b. The application shall be made to the authority in the manner prescribed by the authority.

c. The application shall be made during the calendar year following the calendar year in which the renewable chemicals are produced.

d. The authority may accept applications on a continuous basis or may establish, by rule, an annual application deadline.

e. The application shall include all of the following information:

(1) The amount of renewable chemicals produced in the state from biomass feedstock by the eligible business during the calendar year, measured in pounds.

(2) Any other information reasonably required by the authority in order to establish and verify eligibility under the program.

2. *Agreement and fees.*

a. Before being issued a tax credit under section 15.319, an eligible business shall enter into an agreement with the authority for the successful completion of all requirements of the program. As part of the agreement, the eligible business shall agree to collect and provide any information reasonably required by the authority in order to allow the board to fulfill its reporting obligation under section 15.320.

b. The compliance cost fees authorized in section 15.330, subsection 12, shall apply to all agreements entered into under this program and shall be collected by the authority in the same manner and to the same extent as described in that subsection.

c. An eligible business shall fulfill all the requirements of the program and the agreement before receiving a tax credit or entering into a subsequent agreement under this section. The authority may decline to enter into a subsequent agreement under this section or issue a tax credit if an agreement is not successfully fulfilled.

d. Upon establishing that all requirements of the program and the agreement have been fulfilled, the authority shall issue a tax credit and related tax credit certificate to the eligible business stating the amount of renewable chemical production tax credit the eligible business may claim.

3. *Maximum tax credit amount.*

a. The maximum amount of tax credit that may be issued under section 15.319 to an eligible business for the production of renewable chemicals in a calendar year shall not exceed the following:

(2) In the case of an eligible business that has been in operation in the state for more than five years at the time of application, five hundred thousand dollars.

b. An eligible business shall not receive a tax credit for renewable chemicals produced before the date the business first qualified as an eligible business pursuant to section 15.317.

c. An eligible business shall only receive a tax credit for renewable chemicals produced in a calendar year to the extent such production exceeds the eligible business's pre-eligibility production threshold.

d. An eligible business shall not receive more than five tax credits under the program.

e. The authority shall issue tax credits under the program on a first-come, first-served basis until the maximum amount of tax credits allocated pursuant to section 15.119, subsection 2, paragraph "h", is reached. The authority shall maintain a list of successful applicants under the program, so that if the maximum aggregate amount of tax credits is reached in a given fiscal year, eligible businesses that successfully applied but for which tax credits were not issued shall be placed on a wait list in the order the eligible businesses applied and shall be given priority for receiving tax credits in succeeding fiscal years. Placement on a wait list pursuant to this paragraph shall not constitute a promise binding the state. The availability of a tax credit and issuance of a tax credit certificate pursuant to this subsection in a future fiscal year is contingent upon the availability of tax credits in that particular fiscal year.

4. *Termination and repayment.* The failure by an eligible business in fulfilling any requirement of the program or any of the terms and obligations of an agreement entered into pursuant to this section may result in the reduction, termination, or rescission of the tax credits under section 15.319 and may subject the eligible business to the repayment or recapture of tax credits claimed. The repayment or recapture of tax credits pursuant to this subsection shall be accomplished in the same manner as provided in section 15.330, subsection 2.

5. *Confidentiality.*

However, an eligible business shall not receive a tax credit for the production of a secondarily derived building block chemical if that chemical is also the subject of a credit at the time of production as a first product. The renewable chemical production tax credit shall not be available for any renewable chemical produced before the 2017 calendar year or after the 2026 calendar year.

2. The tax credit shall be allowed against taxes imposed under chapter 422, subchapter II or III.

6. a. To claim a tax credit under this section, a taxpayer shall include one or more tax credit certificates with the taxpayer’s tax return.

b. The tax credit certificate shall contain the taxpayer’s name, address, tax identification number, the amount of the credit, the name of the eligible business, and any other information required by the department of revenue.

c. The tax credit certificate, unless rescinded by the authority, shall be accepted by the department of revenue as payment for taxes imposed pursuant to chapter 422, subchapters II and III, subject to any conditions or restrictions placed by the authority upon the face of the tax credit certificate and subject to the limitations of the program.

d. Tax credit certificates issued pursuant to this section shall not be transferred to any other person.

15.328 Reserved.

15.329 Eligible business.

1. To be eligible to receive incentives or assistance under this part, a business shall meet all of the following requirements:

a. If the qualifying investment is ten million dollars or more, the community has approved the project by ordinance or resolution for the purpose of receiving the benefits of this part.

b. (1) The business shall not be solely relocating operations from one area of the state while seeking state or local incentives. A project that does not create new jobs or involve a substantial amount of new capital investment shall be presumed to be a relocation. In determining whether a business is solely relocating operations for purposes of this subparagraph, the authority shall consider a letter of support for the move from the affected local community.

(2) The business shall not be in the process of reducing operations in one community while simultaneously applying for assistance under the program. For purposes of this subparagraph, a reduction in operations within twelve months before or after an application for assistance is submitted to the authority shall be presumed to be a reduction in operations while simultaneously applying for assistance under the program.

(3) This paragraph shall not be construed to prohibit a business from expanding its operation in a community if existing operations of a similar nature in this state are not closed or substantially reduced.

c. The business shall create or retain jobs as part of a project, and the jobs created or retained shall meet one of the following qualifying wage thresholds:

(1) If the business is creating jobs, the business shall demonstrate that the jobs will pay at least one hundred percent of the qualifying wage threshold at the start of the project completion period, at least one hundred twenty percent of the qualifying wage threshold by the project completion date, and at least one hundred twenty percent of the qualifying wage threshold until the maintenance period completion date.

(2) If the business is retaining jobs, the business shall demonstrate that the jobs retained will pay at least one hundred twenty percent of the qualifying wage threshold throughout both the project completion period and the maintenance period.

d. The business shall provide a sufficient package of benefits to each employee holding a created or retained job. The board, at the recommendation of the authority, shall adopt rules determining what constitutes a sufficient package of benefits.

e. The business shall demonstrate that the jobs created or retained will have a sufficient impact on state and local government revenues as determined by the authority after calculating the fiscal impact ratio of the project.

f. The business shall not be a retail business or a business where entrance is limited by a cover charge or membership requirement.

g. Notwithstanding the qualifying wage threshold requirements in paragraph "c", if a business is also the recipient of financial assistance under another program administered by the authority, and the other program requires the payment of higher wages than the wages required under this subsection, the business shall be required to pay the higher wages.

2. a. If the authority finds that a business has a record of violations of the law, including but not limited to antitrust, environmental, and worker safety statutes, rules, and regulations, that over a period of time tends to show a consistent pattern or that establishes intentional, criminal, or reckless conduct in violation of such laws, the business shall not qualify for economic development assistance under this part, except as provided in paragraph "b".

b. If the authority finds that the violations described in paragraph "a" did not seriously affect public health, public safety, or the environment, or if the authority finds that there were mitigating circumstances involved, the business may qualify for economic development assistance under this part, notwithstanding paragraph "a".

c. In making the findings and determinations regarding violations, mitigating circumstances, and whether the business is disqualified for economic development assistance under this part, the authority shall be exempt from chapter 17A.

3. The authority shall also consider a variety of factors including but not limited to the following in determining the eligibility of a business to participate in the program:

a. The quality of the jobs to be created or retained. In rating the quality of the jobs, the

authority shall place greater emphasis on those jobs that have a higher wage scale, have a lower turnover rate, are full-time or career-type positions, provide comprehensive health benefits, or have other related factors which could be considered to be higher in quality, than to other jobs. Businesses that have wage scales substantially below that of existing Iowa businesses in that area should be rated as providing the lowest quality of jobs and should therefore be given the lowest ranking for providing such assistance.

b. The impact of the proposed project on other businesses in competition with the business being considered for assistance. The authority shall make a good-faith effort to identify existing Iowa businesses within an industry in competition with the business being considered for assistance. The authority shall make a good-faith effort to determine the probability that the proposed financial assistance will displace employees of the existing businesses. In determining the impact on businesses in competition with the business being considered for assistance, jobs created or retained as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created or retained.

c. The economic impact to this state of the proposed project. In measuring the economic impact, the authority shall place greater emphasis on projects which can demonstrate the existence of one or more of the following conditions:

- (1) A business with a greater percentage of sales out-of-state or of import substitution.
- (2) A business with a higher proportion of in-state suppliers.
- (3) A project which would provide greater diversification of the state economy.
- (4) A business with fewer in-state competitors.
- (5) A potential for future job growth.
- (6) A project which is not a retail operation.

4. In addition to the factors in subsection 3, in determining the eligibility of a business to participate in the program the authority may consider whether a proposed project will provide a licensed center for use by the business's employees.

5. The authority may waive any of the requirements of this section for good cause shown.

15.330 Agreement.

A business shall enter into an agreement with the authority specifying the requirements that must be met to confirm eligibility pursuant to this part and the requirements that must be maintained throughout the period of the agreement in order to retain the incentives or financial assistance received. The authority shall consult with the community during negotiations relating to the agreement. The agreement shall contain, at a minimum, the following provisions:

1. A business that is approved to receive incentives or assistance under this part shall, for the length of the agreement, certify annually to the authority the compliance of the business with the requirements of the agreement. If the business receives a local property tax exemption, the business shall also certify annually to the community the compliance of the business with the requirements of the agreement.

2. The repayment of incentives or financial assistance by the business if the business does not meet any of the requirements of this part or the resulting agreement. The repayment of incentives pursuant to this subsection shall be considered a tax payment due and payable to the department of revenue by any taxpayer who has claimed such incentives, and the failure to make such a repayment may be treated by the department of revenue in the same manner as a failure to pay the tax shown due or required to be shown due with the filing of a return or deposit form. In addition, the county shall have the authority to take action to recover the

value of property taxes not collected as a result of the exemption provided to the business under this part.

3. If a business that is approved to receive incentives or assistance under this part experiences a layoff within the state or closes any of its facilities within the state, the authority shall have the discretion to reduce or eliminate some or all of the incentives or assistance. If a business has received incentives or assistance under this part and experiences a layoff within the state or closes any of its facilities within the state, the business may be subject to repayment of all or a portion of the incentives or financial assistance that it has received.

4. A project completion date, a maintenance period completion date, the number of jobs to be created or retained, or certain other terms and obligations as the authority deems necessary in order to make the requirements in project agreements uniform. The authority, with the approval of the board, may adopt rules as necessary for making such requirements uniform. Such rules shall be in compliance with the provisions of this part.

5. The amount and type of project completion assistance to be provided under section 15.335B.

6. The amount of matching funds to be received by a business from a city or county. The authority shall adopt by rule a formula for determining the amount of matching funds required under the program.

7. The business shall not be relocating or reducing operations as described in section 15.329, subsection 1, paragraph “b”.

8. The proposed project shall not negatively impact other businesses in competition with the business being considered for assistance. The authority shall make a good-faith effort to identify existing Iowa businesses within an industry in competition with the business being considered for incentives or assistance. The authority shall make a good-faith effort to determine the probability that the proposed incentives or assistance will displace employees of the existing businesses. In determining the impact on businesses in competition with the business being considered for incentives or assistance, jobs created or retained as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created or retained.

9. A report submitted to the authority by a business together with its application describing all violations of environmental law or worker safety law within the last five years. If, upon review of the application, the authority finds that the business has a record of violations of the law, statutes, rules, or regulations that tends to show a consistent pattern, the authority shall not provide incentives or assistance to the business unless the authority finds either that the violations did not seriously affect public health, public safety, or the environment, or, if such violations did seriously affect public health, public safety, or the environment, that mitigating circumstances were present.

10. That the business shall only employ individuals legally authorized to work in this state. In addition to any and all other applicable penalties provided by current law, all or a portion of the incentives or assistance received under this part by a business that is found to knowingly employ individuals not legally authorized to work in this state is subject to recapture by the authority or by the department of revenue.

11. Any terms deemed necessary by the authority to effect compliance with the eligibility requirements of section 15.329.

12. a. The imposition of a one-time compliance cost fee of five hundred dollars to be collected by the authority prior to the issuance of a tax incentive certificate or the disbursement of financial assistance.

b. The imposition of a compliance cost fee equal to one-half of one percent of the value of tax incentives claimed pursuant to an agreement that has an aggregate tax incentive value of one hundred thousand dollars or greater. The authority shall collect the fee from the business after the tax incentive is claimed by the business from the department of revenue.

2. During the maintenance period an eligible business receiving incentives or assistance under this part shall continue to comply with the terms and obligations of an agreement entered into pursuant to section 15.330.

Taxes attributable to intangible property and furniture and furnishings shall not be included, but taxes attributable to racks, shelving, and conveyor equipment to be used in a warehouse or distribution center shall be included. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs earlier. An eligible business may elect to receive a refund of all or a portion of an unused tax credit.

2. A third-party developer shall state under oath, on forms provided by the department of revenue, the amount of taxes paid as described in subsection 1 and shall submit such forms to the department of revenue. If an applicant for a tax credit certificate does not receive a certificate for the taxes paid and attributable to racks, shelving, and conveyor equipment to be used in a warehouse or distribution center, the application shall be considered in succeeding fiscal years. The eligible business shall not claim a tax credit under this section unless a tax credit certificate issued by the department of revenue is included with the taxpayer's tax return for the tax year for which the tax credit is claimed. A tax credit certificate shall contain the eligible business's name, address, tax identification number, the amount of the tax credit, and other information deemed necessary by the department of revenue.

3. An individual may claim a tax credit under this section of a partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings from the partnership, limited liability company, S corporation, estate, or trust.

15.333 Investment tax credit.

1. For purposes of this section, “new investment” means the cost of machinery and equipment, as defined in section 427A.1, subsection 1, paragraphs “e” and “j”, purchased for use in the operation of the eligible business, the purchase price of which has been depreciated in accordance with generally accepted accounting principles, the purchase price of real property and any buildings and structures located on the real property, and the cost of improvements made to real property which is used in the operation of the eligible business. “New investment” also means the annual base rent paid to a third-party developer by an eligible business for a period not to exceed ten years, provided the cumulative cost of the base rent payments for that period does not exceed the cost of the land and the third-party developer’s costs to build or renovate the building for the eligible business.

If the business is a partnership, S corporation, limited liability company, cooperative organized under chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings of the partnership, S corporation, limited liability company, cooperative organized under chapter 501 and filing as a partnership for federal tax purposes, or estate or trust. The percentage shall be determined as provided in section 15.335A. Any tax credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs first.

3. The eligible business shall enter into a lease agreement with the third-party developer for a minimum of five years. If, however, within five years of purchase, the eligible business sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which tax credit was claimed under this section, the tax liability of the eligible business for the year in which all or part of the property is sold, disposed of, razed, or otherwise rendered unusable shall be increased by one of the following amounts:

a. One hundred percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within one full year after being placed in service.

b. Eighty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within two full years after being placed in service.

c. Sixty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within three full years after being placed in service.

d. Forty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within four full years after being placed in service.

e. Twenty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within five full years after being placed in service.

1. For purposes of this section, “*new investment*” means the cost of machinery and equipment, as defined in section 427A.1, subsection 1, paragraphs “e” and “j”, purchased for use in the operation of the eligible business, the purchase price of which has been depreciated in accordance with generally accepted accounting principles, the purchase price of real property and any buildings and structures located on the real property, and the cost of improvements made to real property which is used in the operation of the eligible business. “*New investment*” also means the annual base rent paid to a third-party developer by an eligible business for a period not to exceed ten years, provided the cumulative cost of the base rent payments for that period does not exceed the cost of the land and the third-party developer’s costs to build or renovate the building for the eligible business.

2. a. In the case of an eligible business whose gross revenues do not exceed twenty million dollars per year, the credit equals the sum of the following:

(2) Ten percent of the basic research payments determined under section 41(e)(1)(A) of

the Internal Revenue Code during the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.

b. In the case of an eligible business whose gross revenues exceed twenty million dollars per year, the credit equals the sum of the following:

(1) Three percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.

(2) Three percent of the basic research payments determined under section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.

3. For purposes of subsection 2, the state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research expenditures.

4. a. In lieu of the credit amount computed in subsection 2, an eligible business may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative simplified credit described in section 41(c)(4) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used for the taxpayer's federal income tax. The election made under this paragraph is for the tax year and the taxpayer may use another or the same method for any subsequent tax year.

b. For purposes of the alternate credit computation method in paragraph "a", the credit percentages applicable to qualified research expenses described in section 41(c)(4)(A) and clause (ii) of section 41(c)(4)(B) of the Internal Revenue Code are as follows:

However, if the alternative credit computation method is used in section 422.10 or section 422.33, subsection 5, the credit allowed in this section shall also be computed using that method.

6. If the eligible business is a partnership, S corporation, limited liability company, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

7. a. For purposes of this section, "base amount", "basic research payment", and "qualified research expense" mean the same as defined for the federal credit for increasing research activities under section 41 of the Internal Revenue Code, except that for the alternative simplified credit such amounts are for research conducted within this state.

b. For purposes of this section, "Internal Revenue Code" means the same as defined in section 422.3.

8. Any credit in excess of the tax liability for the taxable year shall be refunded with interest in accordance with section 421.60, subsection 2, paragraph "e". In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on its final, completed return credited to the tax liability for the following tax year.

9. The department of revenue shall by February 15 of each year issue an annual report to the general assembly containing the total amount of all claims made by employers under this section, and the portion of the claims issued as refunds, for all claims processed during the previous calendar year. In determining a tax incentive award, the authority shall not use an amount of project costs that exceeds the amount included in the application of the housing business. Tax incentive awards shall be approved by the director of the authority.

c. After making a tax incentive award, the authority shall notify the housing business of its tax incentive award. d. An applicant that does not receive a tax incentive award during an application period may make additional applications during subsequent application periods. Such applicant shall be required to submit a new application, which shall be competitively reviewed and scored in the same manner as other applications in that application period.

3. *Agreement and fees.*

a. Upon receipt of a tax incentive award by the housing project, the housing business shall enter into an agreement with the authority for the successful completion of all requirements of the program. The agreement shall identify the tax incentive award amount, the tax incentive award date, the project completion deadline, and the total costs of the housing project.

b. The compliance cost fees imposed in section 15.330, subsection 12, shall apply to all agreements entered into under this program and shall be collected by the authority in the same manner and to the same extent as described in that subsection.

(b) If the project costs cause the housing project's average dwelling unit cost to exceed the applicable maximum amount authorized in section 15.353, subsection 3, but do not cause the average dwelling unit cost to exceed one hundred ten percent of such applicable maximum amount, the authority may consider the agreement fulfilled and may issue a tax credit certificate. In such case, the authority shall reduce the tax incentive award and the corresponding amount of tax incentives the eligible housing project may claim under section 15.355, subsections 2 and 3, by the same percentage that the housing project's average dwelling unit cost exceeds the applicable maximum amount under section 15.353, subsection 3, and such tax incentive reduction shall be reflected on the tax credit certificate. If the authority issues a certificate pursuant to this subparagraph division, the department of revenue shall accept the certificate notwithstanding that the housing project's average dwelling unit costs exceed the maximum amount specified in section 15.353, subsection 3.

(c) If the project costs cause the housing project's average dwelling unit cost to exceed one hundred ten percent of the applicable maximum amount authorized in section 15.353, subsection 3, the authority shall determine the eligible housing business to be in default under the agreement, shall revoke the tax incentive award, and shall not issue a tax credit certificate. The housing business shall not be allowed a refund of sales and use tax under section 15.355, subsection 2.

4. *Maximum tax incentives amount.*

a. (1) For fiscal years beginning on or after July 1, 2019, the authority shall not award in any fiscal year an amount of tax incentives for housing projects located in small cities, or for other housing projects, in excess of the amounts allocated for each category in section 15.119, subsection 2, paragraph "g". This paragraph "a" applies to housing projects awarded tax incentives pursuant to subsection 2 on or after July 1, 2019, and to housing projects registered prior to July 1, 2019, under section 15.354, subsection 2, Code 2019.

(2) Notwithstanding subparagraph (1), and section 15.119, subsection 2, paragraph "g", if the sum of the amount of tax incentives applied for in valid applications submitted in a given

fiscal year beginning on or after July 1, 2019, for housing projects located in small cities, plus the amount of tax incentives eligible for issuance to housing projects located in small cities that were registered prior to July 1, 2019, under section 15.354, subsection 2, Code 2019, does not exceed the amount reserved for housing projects located in small cities pursuant to section 15.119, subsection 2, paragraph “g”, the authority may award the remaining amount of tax incentives reserved for housing projects located in small cities to other housing projects during that same fiscal year.

(3) Notwithstanding subparagraph (1), and section 15.119, subsection 2, paragraph “g”, the authority may award during a fiscal year an aggregate amount of tax incentives to housing projects located in small cities that is less than the amount reserved for allocation to small cities under section 15.119, subsection 2, paragraph “g”, provided the difference between the amount of the small city reservation and the aggregate amount actually awarded to small cities during that fiscal year is awarded during that same fiscal year to housing projects registered prior to July 1, 2018.

b. With regard to a housing project registered prior to July 1, 2019, a tax incentive shall be considered awarded for purposes of paragraph “a” when the authority enters into an agreement with the housing business for that housing project as provided under section 15.354, subsection 3, Code 2019. Notwithstanding any provision of law to the contrary, a housing business shall have no right to enter into an agreement with the authority for a housing project registered prior to July 1, 2019, until the authority allocates an amount of tax incentives to the housing project and notifies the housing business that the authority is prepared to execute the agreement and make a tax incentive award for the housing project. A housing business shall have no right to receive a tax credit certificate or claim a tax incentive for a housing project registered prior to July 1, 2019, until the housing business enters into an agreement with the authority.

c. In making tax incentive awards during any fiscal year in which there are housing projects registered prior to July 1, 2019, which are eligible to receive tax incentives under the program, the authority shall give priority in making tax incentive awards to housing projects registered prior to July 1, 2019. The authority shall create and maintain a wait list of housing projects registered prior to July 1, 2019, and such housing projects shall be placed on the wait list in the order the housing projects were registered.

d. The maximum aggregate amount of tax incentives that may be awarded and issued under section 15.355 to a housing business for a housing project shall not exceed one million dollars.

e. If a housing business qualifies for a higher amount of tax incentives under section 15.355 than is allowed by the limitation imposed in paragraph “d”, the authority and the housing business may negotiate an apportionment of the reduction in tax incentives between the sales tax refund provided in section 15.355, subsection 2, and the workforce housing investment tax credits provided in section 15.355, subsection 3, provided the total aggregate amount of tax incentives after the apportioned reduction does not exceed the amount in paragraph “d”.

f. The authority shall issue tax incentives under the program on a first-come, first-served basis until the maximum amount of tax incentives allocated under section 15.119, subsection 2, paragraph “g”, is reached. The authority shall maintain a list of housing projects registered prior to July 1, 2019, and of housing projects awarded tax incentives on or after July 1, 2019, so that if the maximum aggregate amount of tax incentives is reached in a given fiscal year, such registered housing projects that were completed but for which tax incentives were not issued, and such housing projects that were completed and are awarded tax incentives but for which tax incentives have not been issued, shall be placed on a wait list in the order the housing projects were registered or awarded tax incentives and shall be given priority for receiving tax incentives in succeeding fiscal years.

5. *Termination and repayment.* The failure by a housing business in completing a housing project to comply with any requirement of this program or any of the terms and obligations of an agreement entered into pursuant to this section may result in the revocation, reduction, termination, or rescission of the tax incentive award or the approved tax incentives and may subject the housing business to the repayment or recapture of tax

incentives claimed under section 15.355. The repayment or recapture of tax incentives pursuant to this section shall be accomplished in the same manner as provided in section 15.330, subsection 2.

6. *Disaster recovery housing projects.*

a. For purposes of this subsection, “*disaster recovery housing project*” means a qualified housing project located in a county that has been declared a major disaster by the president of the United States on or after March 12, 2019, and that is also a county in which individuals are eligible for federal individual assistance.

b. Notwithstanding subsection 1, the authority may establish a disaster recovery application period following the declaration of a major disaster by the president of the United States for a county in Iowa.

c. Upon review, and scoring of all applications received during a disaster recovery application period, the authority may make a tax incentive award to a disaster recovery housing project. The tax incentive award shall represent the maximum amount of tax incentives that the disaster recovery housing project may qualify for under the program. In determining a tax incentive award, the authority shall not use an amount of project costs that exceeds the amount included in the application of the housing business. Tax incentive awards shall be approved by the director of the authority.

d. The authority shall administer tax credit allocations for disaster recovery housing projects separately from the general allocation and separately from the allocation reserved for small cities in section 15.119, subsection 2, paragraph “g”. The authority shall issue tax incentives under the program for disaster recovery housing projects on a first-come, first-served basis until the maximum amount of tax incentives allocated under section 15.119, subsection 5, is reached. The authority shall maintain a list of disaster recovery housing projects awarded tax incentives under the program, so that if the maximum aggregate amount of tax incentives allocated for disaster recovery housing projects under the program is reached in a given fiscal year, such disaster recovery housing projects that were completed but for which tax incentives were not issued shall be placed on a wait list in the order the disaster recovery housing projects were awarded tax incentives pursuant to paragraph “c”, and shall be given priority for receiving tax incentives in succeeding fiscal years.

15A.5	Reserved.		

15A.1 Economic development — public purpose — environmental protection and waste disposal requirements.

1. a. Economic development is a public purpose for which the state, a city, or a county may provide grants, loans, guarantees, tax incentives, and other financial assistance to or for the benefit of private persons.

b. For purposes of this chapter, “*economic development*” means private or joint public and private investment involving the creation of new jobs and income or the retention of existing jobs and income that would otherwise be lost.

2. Before public funds are used for grants, loans, tax incentives, or other financial assistance to private persons or on behalf of private persons for economic development, the governing body of the state, city, county, or other public body dispensing those funds or the governing body’s designee, shall determine that a public purpose will reasonably be accomplished by the dispensing or use of those funds. In determining whether the funds should be dispensed, the governing body or designee of the governing body shall consider any or all of the following factors:

a. Businesses that add diversity to or generate new opportunities for the Iowa economy should be favored over those that do not.

b. Development policies in the dispensing of the funds should attract, retain, or expand businesses that produce exports or import substitutes or which generate tourism-related activities.

c. Development policies in the dispensing or use of the funds should be targeted toward businesses that generate public gains and benefits, which gains and benefits are warranted in comparison to the amount of the funds dispensed.

d. Development policies in dispensing the funds should not be used to attract a business presently located within the state to relocate to another portion of the state unless the business is considering in good faith to relocate outside the state or unless the relocation is related to an expansion which will generate significant new job creation. Jobs created as a result of other jobs in similar Iowa businesses being displaced shall not be considered direct jobs for the purpose of dispensing funds.

3. In addition to the requirements of subsection 2, a state agency shall not provide a grant, loan, or other financial assistance to a private person or on behalf of a private person unless the business for whose benefit the financial assistance is to be provided meets, to the satisfaction of the state agency, all of the following:

a. The business makes a report detailing the circumstances of its violations, if any, of a federal or state environmental protection statute, regulation, or rule within the previous five years. The state agency shall take into consideration before allowing financial assistance this report of the business.

b. If the business generates solid or hazardous waste, that the business conducts in-house audits and management plans to reduce the amount of the waste and to safely dispose of the waste. For purposes of this paragraph, a business may, in lieu of conducting in-house audits, authorize the department of natural resources or the Iowa waste reduction center established under section 268.4 to provide the audits.

4. A state agency shall disburse public moneys used for grants, loans, tax incentives, or other financial assistance for economic development without discrimination or without the use of terms or conditions which are more onerous than those regularly extended to persons of similar economic backgrounds and based on an applicant's age, color, creed, national origin, race, religion, marital status, sex, physical disability, or familial status.

5. In addition to the other requirements of this section, a state agency may give additional consideration or additional points in the application of rating or evaluation criteria in providing a grant, loan, or other financial assistance for economic development-related purposes to a person or business for whose benefit the financial assistance is to be provided if the person or business is located in an area that meets one of the following criteria:

a. The area is a brownfield site as defined in section 15.291.

b. The area is a blighted area as defined in section 403.17.

15A.2 Conflicts of interest.

1. a. If a member of the governing body of a city or county or an employee of a state, city, or county board, agency, commission, or other governmental entity of the state, city, or county has an interest, either direct or indirect, in a private person for which grants, loans, guarantees, tax incentives, or other financial assistance may be provided by the governing board or governmental entity, the interest shall be disclosed to that governing body or governmental entity in writing. The member or employee having the interest shall not participate in the decision-making process with regard to the providing of such financial assistance to the private person.

b. Employment by a public body, its agencies, or institutions or by any other person having such an interest shall not be deemed an indicia of an interest by the employee or of any ownership or control by the employee of interests of the employee's employer.

c. The word "*participate*" or "*participation*" shall be deemed not to include discussion or debate preliminary to a vote of a local governing body or agency upon proposed ordinances or resolutions relating to such a project or any abstention from such a vote.

d. The designation of a bank or trust company as depository, paying agent, or agent for investment of funds shall not be deemed a matter of interest or personal interest.

e. Stock ownership in a corporation having such an interest shall not be deemed an indicia of an interest or of ownership or control by the person owning the stocks when less than five percent of the outstanding stock of the corporation is owned or controlled directly or indirectly by that person.

f. The phrase "*decision-making process*" shall not be deemed to include resolutions advisory to the local governing body or agency by any citizens group, board, body, or commission designated to serve a purely advisory approving or recommending function for economic development.

2. A violation of a provision of this section is misconduct in office under section 721.2. However, a decision of the governing board or governmental entity is not invalid because of the participation of the member or employee in the decision-making process or because of a vote cast by a member or employee in violation of this section unless the participation or vote was decisive in the awarding of the financial assistance.

2. For any program providing financial assistance for economic development in which the assistance is provided on a competitive basis, a business which enters into a good neighbor agreement shall receive extra consideration of at least ten points or the equivalent. A business which fails to abide by the good neighbor agreement shall repay all financial assistance received under the program.

The tax credit certificate shall contain the taxpayer’s name, address, tax identification number, the amount of credit, the name of the qualifying business, and other information required by the department of revenue.  - b. An individual may claim a tax credit under this section of a partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings from the partnership, limited liability company, S corporation, estate, or trust.
3. The amount of a tax credit allowed under this section shall equal twenty-five percent of the taxpayer’s equity investment in an innovation fund.
4. A taxpayer shall not claim a tax credit under this section if the taxpayer is a venture capital investment fund allocation manager for the Iowa fund of funds created in section 15E.65 or an investor that receives a tax credit for the same investment in a qualifying business as described in section 15E.44 or in a community-based seed capital fund as described in section 15E.45, Code 2015.

A certificate issued pursuant to this section cannot pledge the credit of the state and any such certificate so pledged to secure the debt of the original holder or a transferee shall not constitute a contract binding the state.

6. Any tax credit in excess of the taxpayer's liability for the tax year may be credited to the tax liability for the following five years or until depleted, whichever is earlier. A tax credit shall not be carried back to a tax year prior to the tax year in which the taxpayer claims the tax credit.

Each replacement tax credit certificate must contain the information required for the original tax credit certificate. A replacement tax credit certificate may designate a different tax than the tax designated on the original tax credit certificate. The Iowa capital investment corporation is not a public corporation or instrumentality of the state and shall not enjoy any of the privileges and shall not be required to comply with the requirements of a state agency. Except as otherwise provided in this subchapter, this subchapter does not exempt the corporation from the requirements under state law which apply to other corporations organized under chapter 504. The purposes of an Iowa capital investment corporation shall be to organize the Iowa fund of funds, to select a venture capital investment fund allocation manager to select venture capital fund investments by the Iowa fund of funds, to negotiate the terms of a contract with the venture capital investment fund allocation manager, to execute the contract with the selected venture capital investment fund allocation manager on behalf of the Iowa fund of funds, to receive investment returns from the Iowa fund of funds, and to reinvest the investment returns in additional venture capital investments designed to result in a significant potential to create jobs and to diversify and stabilize the economy of the state. The corporation shall not exercise governmental functions and shall not have members. The obligations of the corporation are not obligations of this state or any political subdivision of this state within the meaning of any constitutional or statutory debt limitations, but are obligations of the corporation payable solely and only from the corporation's funds. The corporation shall not and cannot pledge the credit or taxing power of this state or any political subdivision of this state or make its debts payable out of any moneys except those of the corporation.

4. The members of the appointment committee shall exercise due care to assure that persons elected to the initial board of directors have the requisite financial experience necessary in order to carry out the duties of the corporation as established in this subchapter, including in areas related to venture capital investment, investment management, and supervision of investment managers and investment funds.

5. Upon the election of the initial board of directors, the terms of the members of the appointment committee shall expire.

7. After incorporation, the Iowa capital investment corporation shall conduct a national solicitation for investment plan proposals from qualified venture capital investment fund allocation managers for the raising and investing of capital by the Iowa fund of funds in accordance with the requirements of this subchapter. Any proposed investment plan shall address the applicant's level of experience, quality of management, investment philosophy and process, probability of success in fund-raising, prior investment fund results, and plan for achieving the purposes of this subchapter. The selected venture capital investment fund allocation manager shall be a person with substantial, successful experience in the design, implementation, and management of seed and venture capital investment programs and in capital formation. The corporation shall only select a venture capital investment fund allocation manager with demonstrated expertise in the management and fund allocation of investments in venture capital funds. The corporation shall select the venture capital investment fund allocation manager deemed best qualified to generate the amount of capital required by this subchapter and to invest the capital of the Iowa fund of funds.

8. The Iowa capital investment corporation may charge a management fee on assets under management in the Iowa fund of funds. The fee shall be in addition to any fee charged to the Iowa fund of funds by the venture capital investment fund allocation manager selected by the corporation, but the fee shall be charged only to pay for reasonable and necessary costs of the Iowa capital investment corporation and shall not exceed one-half of one percent per year of the value of assets under management.

9. Directors of the Iowa capital investment corporation shall be compensated for direct expenses and mileage but shall not receive a director's fee or salary for service as directors.

15E.65 Iowa fund of funds.

1. The Iowa capital investment corporation shall organize the Iowa fund of funds. The Iowa fund of funds shall be authorized to make investments in private seed and venture capital partnerships or entities in a manner which will encourage the availability of a wide variety of venture capital in the state, strengthen the economy of the state, help business in Iowa gain access to sources of capital, help build a significant, permanent source of capital available to serve the needs of Iowa businesses, and accomplish all these benefits in a way that minimizes the use of tax credits.

2. The Iowa capital investment corporation shall organize the Iowa fund of funds in the following manner:

a. The Iowa fund of funds shall be organized as a private, for-profit, limited partnership or limited liability company under Iowa law pursuant to which the Iowa capital investment corporation shall be the general partner or manager. The entity shall be organized so as to provide for equity interests for designated investors which provide for a designated scheduled rate of return. The interest of the Iowa capital investment corporation in the Iowa fund of funds shall be to serve as general partner or manager and to be paid a management fee for the service as provided in section 15E.64, subsection 8, and to receive investment returns of the Iowa fund of funds in excess of those payable to designated investors. Any returns in excess of those payable to designated investors shall be reinvested by the Iowa capital investment corporation by being held in the Iowa fund of funds as a revolving fund for reinvestment in venture capital funds or investments until the termination of the Iowa fund of funds. Any returns received from these reinvestments shall be deposited in the revolving fund.

b. The Iowa fund of funds shall principally make investments in high-quality venture capital funds managed by investment managers who have made a commitment to consider equity investments in businesses located within the state of Iowa and which have committed to maintain a physical presence within the state of Iowa. The investments by the Iowa fund of funds shall be focused principally on partnership interests in private venture capital funds and not in direct investments in individual businesses. The Iowa fund of funds shall invest in venture capital funds with experienced managers or management teams with demonstrated expertise and a successful history in the investment of venture capital funds. The Iowa fund of funds may invest in newly created venture capital funds as long as the managers or management teams of the funds have the experience, expertise, and a successful history in the investment of venture capital funds described in this paragraph.

c. The Iowa fund of funds shall establish and administer a program to provide loan guarantees and other related credit enhancements on loans to rural and small business borrowers within the state of Iowa. The Iowa fund of funds shall invest five percent of its assets in investments for this program.

d. The Iowa fund of funds shall have the power to engage consultants, expend funds, invest funds, contract, bond or insure against loss, or perform any other act necessary to carry out its purpose, including, without limitation, engaging and agreeing to compensate a venture capital investment fund allocation manager. Such compensation shall be in addition to the management fee paid to the Iowa capital investment corporation. However, the Iowa fund of funds shall not hire employees except to administer its rural and small business loan guarantee and credit enhancement program.

e. The Iowa fund of funds may issue debt and borrow such funds as may be needed to accomplish its goals. However, such debt shall not be secured by tax credits issued by the board. The Iowa fund of funds may open and manage bank and short-term investment accounts as deemed necessary by the venture capital investment fund allocation manager.

f. The Iowa fund of funds may expend moneys to secure investment ratings for investments by designated investors in the Iowa fund of funds.

g. Each calendar year, the auditor of state shall conduct an annual audit of the activities of the Iowa fund of funds or shall engage an independent auditor to conduct the audit, provided that the independent auditor has no business, contractual, or other connection to the Iowa capital investment corporation or the Iowa fund of funds. The corporation shall reimburse the auditor of state for costs associated with the annual audit. The audit shall be delivered to

the Iowa capital investment corporation and the board each year and shall include a valuation of the assets owned by the Iowa fund of funds as of the end of each year.

h. As soon as practicable after June 20, 2013, the Iowa capital investment corporation, in conjunction with the department of revenue, the board, and the attorney general, shall wind up the Iowa fund of funds pursuant to section 15E.72 and shall cause the Iowa fund of funds to be liquidated with all of its assets distributed to its owners in accordance with the provisions of its organizational documents and in accordance with the fund documents. In liquidating such assets, the capital investment corporation, the department of revenue, the board, and the attorney general shall act with prudence and caution in order to minimize costs and fees and to preserve investment assets to the extent reasonably possible.

i. Upon the liquidation of the Iowa fund of funds, the Iowa capital investment corporation shall file a report with the general assembly stating how many jobs in this state were created through investments made by the Iowa fund of funds.

15E.66 Certificates and tax credits.

1. The board may issue certificates and related tax credits to designated investors which, if redeemed for the maximum possible amount, shall not exceed a total aggregate of sixty million dollars of tax credits. The certificates shall be issued contemporaneously with a commitment to invest in the Iowa fund of funds by a designated investor. A certificate issued by the board shall have a specific maturity date or dates designated by the board and shall be redeemable only in accordance with the contingencies reflected on the certificate or incorporated therein by reference. A certificate and the related tax credit shall be transferable by the designated investor. A tax credit shall not be claimed or redeemed except by a designated investor or transferee in accordance with the terms of a certificate from the board. A tax credit shall not be claimed for a tax year that begins earlier than the maturity date or dates stated on the certificate. An individual may claim the credit of a partnership, limited liability company, S corporation, estate, or trust electing to have the income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings from the partnership, limited liability company, S corporation, estate, or trust. Any tax credit in excess of the taxpayer's tax liability for the tax year may be credited to the tax liability for the following seven years, or until depleted, whichever is earlier.

2. The board shall certify the maximum amount of a tax credit which could be issued to a designated investor and identify the specific earliest date or dates the certificate may be redeemed pursuant to this subchapter. The amount of the tax credit shall be limited to an amount equivalent to any difference between the scheduled aggregate return to the designated investor at rates of return authorized by the board and aggregate actual return received by the designated investor and any predecessor in interest of capital and interest on the capital. The rates, whether fixed rates or variable rates, shall be determined pursuant to a formula stipulated in the certificate or incorporated therein by reference. The board shall clearly indicate on the certificate, or incorporate therein by reference, the schedule, the amount of equity investment, the calculation formula for determining the scheduled aggregate return on invested capital, and the calculation formula for determining the amount of the tax credit that may be claimed. Once issued to a designated investor, a certificate shall be binding on the board and the department of revenue and shall not be modified, terminated, or rescinded.

3. If a designated investor or transferee elects to redeem a certificate, the certificate shall not be redeemed prior to the maturity date or dates stated on the certificate. At the time of redemption, the board shall determine the amount of the tax credit that may be claimed by the designated investor based upon the returns received by the designated investor and its predecessors in interest and the provisions of the certificate. The board shall issue a verification to the department of revenue setting forth the maximum tax credit which can be claimed by the designated investor with respect to the redemption of the certificate.

4. The board shall, in conjunction with the department of revenue, develop a system for registration of any certificate and related tax credit issued or transferred pursuant to this section and a system that permits verification that any tax credit claimed upon a tax return is valid and that any transfers of the certificate and related tax credit are made in accordance with the requirements of this subchapter.

5. The board shall issue the tax credits in such a manner that not more than twenty million dollars of tax credits may be initially redeemable in any fiscal year. The board shall indicate on the tax certificate the principal amount of the tax credit and the maturity date or dates on which the credit may be first claimed.

6. A certificate or tax credit issued or transferred pursuant to this subchapter shall not be considered a security pursuant to chapter 502.

7. In determining the maximum aggregate limit in subsection 1 and the fiscal year limitation in subsection 5, the board shall use the cumulative amount of scheduled aggregate returns on certificates issued by the board to designated investors. However, certificates and related tax credits which have expired shall not be included and certificates and related tax credits which have been redeemed shall be included only to the extent of tax credits actually allowed.

The authority shall apply to the amounts due under the Iowa agricultural industry finance loan the principal, interest, and fees which the eligible person is obligated to pay under the assigned loan. The total amount of the principal, interest, and fees that the eligible person is obligated to pay to the authority during the period of assignment plus any other repayment of the Iowa agricultural industry finance loan made by the corporation to the authority must equal the amount of the Iowa agricultural industry finance loan that the corporation would otherwise be obligated to repay the authority during that same period. However, the agreement may provide that during any year of the assignment period the eligible person may pay more or less than four percent of the amount of the Iowa agricultural industry finance loan that the corporation would otherwise be obligated to repay during that year.

(b) The assignment agreement shall contain conditions relating to the right of payment assigned to the authority which may include securing the payment obligation in any manner that allows the authority to enforce a debt against the property of the eligible person. This subparagraph shall not be construed to limit the authority of the department of economic development, or its successor entity, to negotiate the payment of interest accruing on the principal balance which shall be paid as provided by an agreement executed by the department of economic development, or its successor entity, and the corporation.

(e) Notwithstanding any provision of this subchapter to the contrary, payments of principal and interest of the loan granted by the corporation to an eligible person and

a. Three appointed members constitute a quorum and the affirmative vote of a majority of the appointed members is necessary for any substantive action taken by the board. A majority of appointed members shall not include any member who has a conflict of interest and a statement by a member that the member has a conflict of interest is conclusive for this purpose. A vacancy in the membership does not impair the right of a quorum to exercise all rights and perform all duties of the board.

b. Meetings of the board shall be held at the call of the chairperson or whenever two appointed members so request.

c. The appointed members shall elect a chairperson and vice chairperson annually, and other officers as they determine. The executive director of the authority or the executive director's designee shall serve as secretary to the board.

SUBCHAPTER III

LEGISLATIVE FINDINGS AND GUIDING PRINCIPLES

Referred to in §16.1, 16.1A, 16.70

PART 1

GENERAL

16.2E Legislative findings — general.

The general assembly finds and declares all of the following:

1. The establishment of the authority is in all respects for the benefit of the people of the state of Iowa, for the improvement of their health and welfare, and for the promotion of the economy, which are public purposes.

2. The authority will be performing an essential governmental function in the exercise of the powers and duties conferred upon it by this chapter.

3. All of the purposes stated in this chapter are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned, or granted.

2014 Acts, ch 1080, §11, 78

PART 2

HOUSING

16.3 Legislative findings — housing.

The general assembly finds and declares as follows:

1. There exists a serious shortage of safe and sanitary residential housing available to low or moderate income families.

2. This shortage is conducive to disease, crime, environmental decline and poverty and impairs the economic value of large areas, which are characterized by depreciated values, impaired investments, and reduced capacity to pay taxes and are a menace to the health, safety, morals and welfare of the citizens of the state.

3. These conditions result in a loss in population and further deterioration, accompanied by added costs to communities for creation of new public facilities and services elsewhere.

4. One major cause of this condition has been recurrent shortages of funds in private channels.

5. These shortages have contributed to reductions in construction of new residential units, and have made the sale and purchase of existing residential units a virtual impossibility in many parts of the state.

6. The ordinary operations of private enterprise have not in the past corrected these conditions.

7. A stable supply of adequate funds for residential financing is required to encourage new housing and the rehabilitation of existing housing in an orderly and sustained manner and to reduce the problems described in this section.

8. It is necessary to create a state finance authority to encourage the investment of private capital and stimulate the construction and rehabilitation of adequate housing through the use of public financing.

9. The interest costs paid by group homes of fifteen beds or less licensed as health care facilities or child foster care facilities for facility acquisition and indirectly reimbursed by the department of human services through payments for patients at those facilities who are recipients of medical assistance or state supplementary assistance are severe drains on the state's budget. A reduction in these costs obtained through financing with tax-exempt revenue bonds would clearly be in the public interest.

10. There is a need in areas of the state for new construction of certain group homes of fifteen beds or less licensed as health care facilities or child foster care facilities to provide adequate housing and care for elderly Iowans and Iowans with disabilities, and to provide adequate housing and foster care for children.

11. There is a need to provide for early intensive intervention on behalf of juveniles which is designed to meet the juveniles' needs and prevent future antisocial and criminal behavior and there is a need in areas of the state to establish facilities providing residential housing or treatment facilities for juveniles requiring a more enhanced level of services than those services currently available in the state's existing foster care system.

16.4 Guiding principles — housing — other programs and projects.

In the performance of its duties and implementation of its powers, and in the selection of specific programs and projects to receive its assistance, the authority shall be guided by the following precatory principles:

1. The authority shall not become an owner of real property constituting a project under any program, except on a temporary basis where necessary in order to implement its programs, protect its investments by means of foreclosure or other means, or to facilitate transfer of real property for the use of low or moderate income families.

2. The authority shall strive to function in cooperation with local governmental units and local or regional housing agencies, and in fulfillment of local or regional housing plans, and to that end shall provide technical assistance to local governmental units and local or regional agencies in need of that assistance.

3. When feasible, a local contributing effort may be required of each project assisted by the authority. The local contribution may be provided by local governmental units or by local or regional agencies, public or private. The percentage and type of local contribution shall be determined by the authority, and may include but should not be limited to cash match, land contribution, tax abatement, or ancillary facilities. The authority shall seek to encourage ingenuity and creativity in local effort.

4. The authority shall encourage units of local government and local and regional housing agencies to use federal revenue-sharing funds for programs which increase or improve the supply of adequate housing for low or moderate income families.

5. The authority shall seek to encourage cooperative housing efforts at the local level, both with respect to the cooperation of public bodies with private enterprise and civic groups, and with respect to the formation of regional or multicity units engaged in housing.

6. With respect to programs relating to housing, wherever practicable, the authority shall give preference to the following types of programs:

a. Those which treat housing problems in the context of the total needs of individuals and communities, recognizing that individuals may have other problems and needs closely related to their need for adequate housing, and that the development of isolated housing units without regard for neighborhood and community development tends to create undesirable consequences.

b. Those which promote home ownership by families of low or moderate income, recognizing the need for educational counseling programs in family financial management and home maintenance in order to achieve this goal.

c. Those which involve the rehabilitation and conservation of existing housing units, and the preservation of existing neighborhoods and communities.

d. Those designed to serve elderly families, families which include one or more persons with disabilities, lower income families, or very low income families.

7. The authority shall encourage the protection, restoration, and rehabilitation of historic properties, and the preservation of other properties of special value for architectural or esthetic reasons.

PART 3

AGRICULTURAL DEVELOPMENT

16.4A Legislative findings — agricultural development.

The general assembly finds and declares all of the following:

1. There exists a serious problem in this state regarding the ability of nonestablished farmers to acquire agricultural land and agricultural improvements and depreciable agricultural property in order to enter farming.

2. This barrier to entry into farming is conducive to consolidation of acreage of agricultural land with fewer individuals resulting in a grave threat to the traditional family farm.

3. These conditions result in a loss in population, unemployment, and a movement of persons from rural communities to urban areas accompanied by added costs to communities for creation of new public facilities and services.

4. One major cause of this condition has been recurrent shortages of funds in private channels and the high interest cost of borrowing.

5. These shortages and costs have made the sale and purchase of agricultural land to beginning farmers a virtual impossibility in many parts of the state.

6. The ordinary operations of private enterprise have not in the past corrected these conditions.

7. A stable supply of adequate funds for agricultural financing is required to encourage beginning farmers in an orderly and sustained manner and to reduce the problems described in this section.

8. Article IX, 2nd subarticle, section 3, of the Constitution of the State of Iowa requires that, “The General Assembly shall encourage, by all suitable means, the promotion of intellectual, scientific, moral, and agricultural improvement,” and agricultural improvement and the public good are served by a policy of facilitating access to capital by beginning

farmers unable to obtain capital elsewhere in order to preserve, encourage, and protect the family farm which has been the economic, political, and social backbone of rural Iowa.

9. It is necessary to create a program to encourage ownership of farms by beginning farmers by providing purchase money loans to beginning farmers who are not able to obtain adequate capital elsewhere to provide such funds and to lower costs through the use of public financing.

10. There exists a serious problem in this state regarding the ability of farmers to obtain affordable operating loans for reasonable and necessary expenses and cash flow requirements of farming.

11. Farming is one of the principal pursuits of the inhabitants of this state. Many other industries and pursuits, in turn, are wholly dependent upon farming.

12. The inability of farmers to obtain affordable operating loans is conducive to a general decline of the economy in this state.

13. A serious problem continues to exist in this state regarding the ability of agricultural producers to obtain, retain, restructure, or service loans or other financing on a reasonable and affordable basis for operating expenses, cash flow requirements, and capital asset acquisition or maintenance.

14. Because the Iowa economy is dependent upon the production and marketing of agricultural produce, the inability of agricultural producers to obtain, retain, restructure, or service loans or other financing on a reasonable and an affordable basis for operating expenses, cash flow requirements, or capital asset acquisition or maintenance contributes to a general decline of the state's economy.

2014 Acts, ch 1080, §14, 78

16.4B Guiding principles — agricultural development.

In the performance of its duties, implementation of its powers, and the selection of specific programs and projects to receive its assistance under subchapter VIII, the authority shall be guided by the following precatory principles:

1. The authority shall not become an owner of real or depreciable property, except on a temporary basis where necessary in order to implement its programs, to protect its investments by means of foreclosure or other means, or to facilitate transfer of real or depreciable property for the use of beginning farmers.

2. The authority shall exercise diligence and care in selection of projects to receive its assistance and shall apply customary and acceptable business and lending standards in selection and subsequent implementation of the projects. The authority may delegate primary responsibility for determination and implementation of the projects to any federal governmental agency which assumes any obligation to repay the loan, either directly or by insurance or guaranty.

3. The authority shall develop programs for providing financial assistance to agricultural producers in this state.

2014 Acts, ch 1080, §15, 78

PART 4

TITLE GUARANTY

16.4C Legislative findings — title guaranty.

The general assembly finds and declares that the abstract attorney's title opinion system promotes land title stability for determining the marketability of land titles and is a public purpose. A public purpose is served by providing, as an adjunct to the abstract attorney's title opinion system, a low-cost mechanism to provide for additional guaranties of real property titles in Iowa. The title guaranties facilitate mortgage lenders' participation in the secondary market and add to the integrity of the land-title transfer system in the state.

2014 Acts, ch 1080, §16, 78

PART 5
ECONOMIC DEVELOPMENT

16.4D Legislative findings — economic development.

The general assembly finds and declares all of the following:

1. Economic development and expansion of business, industry, and farming in the state is dependent upon the availability of financing of the development and expansion at affordable interest rates.
2. The pooling of private financing enhances the marketability of the obligations involved and increases access to other state, regional, and national credit markets.
3. The creation of an economic development program as provided in section 16.102 will make the pooling of private financing available to small businesses, farmers, agricultural landowners and operators, and commercial, industrial, and other business enterprises at favorable interest rates with reduced marketing costs.

The authority may charge a lending institution a commitment fee or other fees as set by rule as a condition for the authority purchasing residential mortgage loans.

9. Sell or make advanced commitments to sell residential mortgage loans in the organized or unorganized secondary mortgage market. The authority may issue and sell securities that are secured by residential mortgage loans held by the authority. 16.23 through 16.25 Repealed by 2007 Acts, ch 54, §45.

16.26 Bonds and notes.

1. The authority may issue its negotiable bonds and notes in principal amounts as, in the opinion of the authority, are necessary to provide sufficient funds for achievement of its corporate purposes, the payment of interest on its bonds and notes, the establishment of

reserves to secure its bonds and notes, and all other expenditures of the authority incident to and necessary or convenient to carry out its purposes and powers. The bonds and notes shall be deemed to be investment securities and negotiable instruments within the meaning of and for all purposes of the uniform commercial code, chapter 554.

2. Bonds and notes issued by the authority are payable solely and only out of the moneys, assets, or revenues of the authority, and as provided in the agreement with bondholders or noteholders pledging any particular moneys, assets, or revenues. Bonds or notes are not an obligation of this state or any political subdivision of this state other than the authority within the meaning of any constitutional or statutory debt limitations, but are special obligations of the authority payable solely and only from the sources provided in this chapter, and the authority may not pledge the credit or taxing power of this state or any political subdivision of this state other than the authority, or make its debts payable out of any moneys except those of the authority.

3. Bonds and notes must be authorized by a resolution of the authority. However, a resolution authorizing the issuance of bonds or notes may delegate to an officer of the authority the power to negotiate and fix the details of an issue of bonds or notes by an appropriate certificate of the authorized officer.

4. Bonds shall:

a. State the date and series of the issue, and state that they are payable both as to principal and interest solely out of the assets of the authority and do not constitute an indebtedness of this state or any political subdivision of this state other than the authority within the meaning of any constitutional or statutory debt limit.

b. Be either registered, registered as to principal only, or in coupon form, issued in denominations as the authority prescribes, fully negotiable instruments under the laws of this state, signed on behalf of the authority with the manual or facsimile signature of the chairperson or vice chairperson, attested by the manual or facsimile signature of the secretary, have impressed or imprinted thereon the seal of the authority or a facsimile of it, and the coupons attached shall be signed with the facsimile signature of the chairperson or vice chairperson, be payable as to interest at rates and at times as the authority determines, be payable as to principal at times over a period not to exceed fifty years from the date of issuance, at places, and with reserved rights of prior redemption, as the authority prescribes, be sold at prices, at public or private sale, and in a manner as the authority prescribes, and the authority may pay all expenses, premiums, and commissions which it deems necessary or advantageous in connection with the issuance and sale, and be issued under and subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest, and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this chapter, as are found to be necessary by the authority for the most advantageous sale, which may include, but are not limited to, covenants with the holders of the bonds as to:

(1) Pledging or creating a lien, to the extent provided by the resolution, on moneys or property of the authority or moneys held in trust or otherwise by others to secure the payment of the bonds.

(2) Providing for the custody, collection, securing, investment, and payment of any moneys of or due to the authority.

(3) The setting aside of reserves or sinking funds and the regulation or disposition of them.

(4) Limitations on the purpose to which the proceeds of sale of an issue of bonds then or thereafter to be issued may be applied.

(5) Limitations on the issuance of additional bonds and on the refunding of outstanding or other bonds.

(6) The procedure by which the terms of a contract with the holders of bonds may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which consent may be given.

(7) The creation of special funds into which moneys of the authority may be deposited.

(8) Vesting in a trustee properties, rights, powers, and duties in trust as the authority determines, which may include the rights, powers, and duties of the trustee appointed for the holders of any issue of bonds pursuant to section 16.28, in which event the provisions of

that section authorizing appointment of a trustee by the holders of bonds shall not apply, or limiting or abrogating the right of the holders of bonds to appoint a trustee under that section, or limiting the rights, duties, and powers of the trustee.

(9) Defining the acts or omissions which constitute a default in the obligations and duties of the authority and providing for the rights and remedies of the holders of bonds in the event of a default. However, rights and remedies shall be consistent with the laws of this state and other provisions of this chapter.

(10) Any other matters which affect the security and protection of the bonds and the rights of the holders.

5. The authority may issue its bonds for the purpose of refunding any bonds or notes then outstanding, including the payment of any redemption premiums thereon and any interest accrued or to accrue to the date of redemption of the outstanding bonds or notes. Until the proceeds of bonds issued for the purpose of refunding outstanding bonds or notes are applied to the purchase or retirement of outstanding bonds or notes or the redemption of outstanding bonds or notes, the proceeds may be placed in escrow and be invested and reinvested in accordance with the provisions of this chapter. The interest, income, and profits earned or realized on an investment may also be applied to the payment of the outstanding bonds or notes to be refunded by purchase, retirement, or redemption. After the terms of the escrow have been fully satisfied and carried out, any balance of proceeds and interest earned or realized on the investments may be returned to the authority for use by it in any lawful manner. All refunding bonds shall be issued and secured and subject to the provisions of this chapter in the same manner and to the same extent as other bonds issued pursuant to this chapter.

6. The authority may issue negotiable bond anticipation notes and may renew them from time to time but the maximum maturity of the notes, including renewals, shall not exceed ten years from the date of issue of the original notes. Bond anticipation notes are payable from any available moneys of the authority not otherwise pledged, or from the proceeds of the sale of bonds of the authority in anticipation of which the bond anticipation notes were issued. Bond anticipation notes may be issued for any corporate purpose of the authority. Bond anticipation notes shall be issued in the same manner as bonds and notes, and the resolution authorizing them may contain any provisions, conditions, or limitations, not inconsistent with the provisions of this subsection, which the bonds or a bond resolution of the authority may contain. Bond anticipation notes may be sold at public or private sale. In case of default on its bond anticipation notes or violation of any obligations of the authority to the noteholders, the noteholders shall have all the remedies provided in this chapter for bondholders. Bond anticipation notes shall be as fully negotiable as bonds of the authority.

7. A pledge made in respect of bonds or notes shall be valid and binding from the time the pledge is made. The moneys or property so pledged and received after the pledge by the authority shall immediately be subject to the lien of the pledge without physical delivery or further act. The lien of the pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the authority whether or not the parties have notice of the lien. Neither the resolution, trust agreement, nor any other instrument by which a pledge is created needs to be recorded or filed under the Iowa uniform commercial code, chapter 554, to be valid, binding, or effective against the parties.

8. Neither the members of the authority nor any person executing its bonds, notes, or other obligations shall be liable personally on the bonds, notes, or other obligations or be subject to any personal liability or accountability by reason of the issuance of the authority's bonds or notes.

9. The authority may make or participate in the making of loans to housing sponsors to provide interim construction financing for the construction or rehabilitation of adequate housing for low or moderate income persons or families, elderly persons or families, and persons or families which include one or more persons with disabilities, and of noninstitutional residential care facilities. An interim construction loan may be made under this section only if the loan is the subject of a commitment from an agency or instrumentality of the United States government or from the authority, to provide long-term financing for the mortgage loan, and interim construction advances made under the interim construction

loan will be insured or guaranteed by an agency or instrumentality of the United States government.

10. In connection with any financing which involves an out-of-state issuer issuing bonds, notes, or other obligations for facilities located in the state, the authority is designated as the only governmental unit in the state that may conduct the public hearing required by section 147(f) of the federal Internal Revenue Code, as defined in section 422.3, and the governor of Iowa is designated as the applicable elected representative pursuant to section 147(f) of the federal Internal Revenue Code, as defined in section 422.3.

The authority may create and establish one or more special funds, to be known as “bond reserve funds”, and shall pay into each bond reserve fund any moneys appropriated and made available by the state for the purpose of the fund, any proceeds of sale of notes or bonds to the extent provided in the resolutions of the authority authorizing their issuance, and any other moneys which may be available to the authority for the purpose of the fund from any other sources. All moneys held in a bond reserve fund, except as otherwise provided in this chapter, shall be used as required solely for the payment of the principal of bonds secured in whole or in part by the fund or of the sinking fund payments with respect to the bonds, the purchase or redemption of the bonds, the payment of interest on the bonds or the payments of any redemption premium required to be paid when the bonds are redeemed prior to maturity.

2. Moneys in a bond reserve fund shall not be withdrawn from it at any time in an amount that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, as provided in this section, except for the purpose of making, with respect to bonds secured in whole or in part by the fund, payment when due of principal, interest, redemption premiums and the sinking fund payments with respect to the bonds for the payment of which other moneys of the authority are not available. Any income or interest earned by, or incremental to, a bond reserve fund due to the investment of it may be transferred by the authority to other funds or accounts of the authority to the extent the transfer does not reduce the amount of that bond reserve fund below the bond reserve fund requirement for it.

3. The authority shall not at any time issue bonds, secured in whole or in part by a bond reserve fund if, upon the issuance of the bonds, the amount in the bond reserve fund will be less than the bond reserve fund requirement for the fund, unless the authority at the time of issuance of the bonds deposits in the fund from the proceeds of the bonds issued or from other sources an amount which, together with the amount then in the fund will not be less than the bond reserve fund requirement for the fund. For the purposes of this section, the term “*bond reserve fund requirement*” means, as of any particular date of computation, an amount of money, as provided in the resolutions of the authority authorizing the bonds with respect to which the fund is established, equal to not more than ten percent of the outstanding principal amount of bonds of the authority secured in whole or in part by the fund.

3. The authority shall require the submission to the authority by each lending institution to which the authority has made a loan, of evidence satisfactory to the authority of the making of new mortgage loans to low or moderate income families as required by this section, and in that connection may, through its members, employees, or agents, inspect the books and records of a lending institution.

4. Compliance by a lending institution with the terms of its agreement with the authority with respect to the making of new mortgage loans to low or moderate income families may be enforced by decree of any district court of this state. The authority may also require, as a condition of a loan to a lending institution, agreement by the lending institution to the payment of penalties to the authority for violation by the lending institution of its agreement with the authority, and the penalties shall be recoverable at the suit of the authority.

5. 6. 7. The authority shall require that loans to lending institutions are additionally secured as to payment of both principal and interest by a pledge of and lien upon collateral security by special escrow funds or other forms of guaranty and in such amounts and forms as the authority shall by resolution determine to be necessary to assure the payment of the loans and the interest thereon as they become due. In the absence of such a requirement, each lending institution shall enter into an agreement with the authority containing provisions as the authority deems necessary to adequately identify and maintain the collateral, service the collateral, and require the lending institution to hold the collateral as an agent for the authority and be accountable to the authority as the trustee of an express trust for the application and disposition of the collateral and the income from it. The authority may also establish additional requirements as the authority deems necessary with respect to the pledging, assigning, setting aside, or holding of collateral and the making of substitutions for it or additions to it and the disposition of income and receipts from it.

9. The authority may require as a condition of loans to lending institutions, any representations and warranties the authority determines are necessary to secure the loans and carry out the purposes of this section.

However, the total purchase price for all mortgage loans which the authority commits to purchase from a lending institution at any one time shall not exceed the total of the unpaid principal balances of the mortgage loans purchased. Lending institutions are authorized to sell mortgage loans to the authority in accordance with the provisions of this section and the rules of the authority.

2. The authority shall require as a condition of purchase of mortgage loans from lending institutions that the lending institutions, within a reasonable period after receipt of the purchase price as the authority prescribes by rule, shall enter into written commitments to loan and, within a reasonable period thereafter as the authority prescribes by rule, shall loan an amount equal to the entire purchase price of the mortgage loans, on new mortgage loans to low or moderate income families or certify that mortgage loans purchased are mortgage loans made to low or moderate income families. New mortgage loans to be made by lending institutions shall have terms and conditions as the authority prescribes by rule. The authority may make a commitment to purchase mortgage loans from lending institutions in advance of the time such loans are made by lending institutions. The authority shall require as a condition of such commitment that lending institutions certify in writing that all mortgage loans represented by the commitment will be made to low or moderate income families, and that other authority specifications will be complied with.

3. The authority shall require the submission to the authority by each lending institution from which the authority has purchased mortgages, of evidence satisfactory to the authority of the making of new mortgage loans to low or moderate income families as required by this section and in that connection may, through its members, employees, or agents, inspect the books and records of a lending institution.

4. Compliance by a lending institution with the terms of its agreement with the authority with respect to the making of new mortgage loans to low or moderate income families may be enforced by decree of any district court of this state. The authority may require as a condition of purchase of mortgage loans from any national banking association or federally chartered savings and loan association, the consent of the association to the jurisdiction of courts of this state over any such proceeding. The authority may also require as a condition of the authority's purchase of mortgage loans from a lending institution, agreement by the lending institution to the payment of penalties to the authority for violation by the lending institution of its agreement with the authority, and the penalties shall be recoverable at the suit of the authority.

5. The authority may require as a condition of purchase of a mortgage loan from a lending institution that the lending institution represent and warrant to the authority that:

a. The unpaid principal balance of the mortgage loan and the interest rate on it have been accurately stated to the authority.

b. The amount of the unpaid principal balance is justly due and owing.

c. The lending institution has no notice of the existence of any counterclaim, offset, or defense asserted by the mortgagor or the mortgagor's successor in interest.

d. The mortgage loan is evidenced by a bond or promissory note and a mortgage which has been properly recorded with the appropriate public official.

e. The mortgage constitutes a valid first lien on the real property described to the authority subject only to real property taxes not yet due, installments of assessments not yet due, and easements and restrictions of record which do not adversely affect, to a material degree, the use or value of the real property or improvements on it.

f. The mortgagor is not now in default in the payment of any installment of principal or interest, escrow funds, or real property taxes, or otherwise in the performance of obligations under the mortgage documents and has not to the knowledge of the lending institution been in default in the performance of any obligation under the mortgage for a period of longer than sixty days during the life of the mortgage.

g. The improvements to the mortgaged real property are covered by a valid and subsisting policy of insurance issued by a company authorized to issue such policies in this state and providing fire and extended coverage in amounts as the authority prescribes by rule.

h. The mortgage loan meets the prevailing investment quality standards for mortgage loans in this state.

6. A lending institution is liable to the authority for damages suffered by the authority by reason of the untruth of a representation or the breach of a warranty and, in the event that a representation proves to be untrue when made or in the event of a breach of warranty, the lending institution shall, at the option of the authority, repurchase the mortgage loan for the original purchase price adjusted for amounts subsequently paid on it, as the authority determines.

7. The authority shall require the recording of an assignment of a mortgage loan purchased by the authority from a lending institution and shall not be required to notify the mortgagor of the authority's purchase of the mortgage loan. The authority shall not be required to inspect or take possession of the mortgage documents if the mortgage lender from which the mortgage loan is purchased by the authority enters into a contract to service the mortgage loan and account to the authority for it.

8. If a provision of this section is inconsistent with another provision of law of this state governing lending institutions, the provision of this section controls for the purposes of this section.

LOANS TO LENDING INSTITUTIONS

16.70 Loans to lending institutions.

1. The authority may make and contract to make loans to lending institutions on terms and conditions the authority determines are reasonably related to protecting the security of the authority's investment and to implementing the purposes of this subchapter. Lending institutions are authorized to borrow from the authority in accordance with the provisions of this section and the rules of the authority.

2. The authority shall require as a condition of each loan to a lending institution that the lending institution, within a reasonable period after receipt of the loan proceeds as the authority prescribes by rule, shall have entered into written commitments to make and, within a reasonable period thereafter as the authority prescribes by rule, shall have disbursed the loan proceeds in new mortgage or secured loans to beginning farmers in an aggregate principal amount of not less than the amount of the loan. New mortgage or secured loans shall have terms and conditions as the authority prescribes by rules which are reasonably related to implementing the purposes of this subchapter as provided in subchapter III.

3. The authority shall require the submission by each lending institution to which the authority has made a loan, of evidence satisfactory to the authority of the making of new mortgage or secured loans to beginning farmers as required by this section, and in that connection may, through its members, employees, or agents, inspect the books and records of a lending institution.

4. Compliance by a lending institution with the terms of its agreement with the authority with respect to the making of new mortgage or secured loans to beginning farmers may be enforced by decree of any district court of this state. The authority may require as a condition of a loan to a national banking association or a federally chartered savings and loan association, the consent of the association to the jurisdiction of the courts of this state over any enforcement proceeding. The authority may also require, as a condition of a loan to a lending institution, agreement by the lending institution to the payment of penalties to the authority for violation by the lending institution of its agreement with the authority, and the penalties shall be recoverable at the suit of the authority.

5. The authority shall require that each lending institution receiving a loan pursuant to this section shall issue and deliver to the authority evidence of its indebtedness to the authority which shall constitute a general obligation of the lending institution and shall bear a date, mature at a time, be subject to prepayment, and contain other provisions consistent with this section and reasonably related to protecting the security of the authority's investment, as the authority determines.

6. Notwithstanding any other provision of this section, the interest rate and other terms of loans to lending institutions made from the proceeds of an issue of bonds or notes of the authority shall be at least sufficient to assure the payment of the bonds or notes and the interest on them as they become due.

7. The authority may require that loans to lending institutions are additionally secured as to payment of both principal and interest by a pledge of and lien upon collateral security by special escrow funds or other forms of guaranty and in amounts and forms as the authority by resolution determines to be necessary to assure the payment of the loans and the interest as they become due. Collateral security shall consist of direct obligations of or obligations guaranteed by the United States or one of its agencies, obligations satisfactory to the authority

which are issued by other federal agencies, direct obligations of or obligations guaranteed by a state or a political subdivision of a state, or investment quality obligations approved by the authority.

8. The authority may require that collateral for loans be deposited with a bank, trust company, or other financial institution acceptable to the authority located in this state and designated by the authority as custodian. In the absence of that requirement, each lending institution shall enter into an agreement with the authority containing provisions the authority deems necessary to adequately identify and maintain the collateral, service the collateral and require the lending institution to hold the collateral as an agent for the authority, and be accountable to the authority as the trustee of an express trust for the application and disposition of the collateral and the income from it. The authority may also establish additional requirements the authority deems necessary with respect to the pledging, assigning, setting aside, or holding of collateral and the making of substitutions for it or additions to it and the disposition of income and receipts from it.

9. The authority may require as a condition of loans to lending institutions any representations and warranties the authority determines are necessary to secure the loans and carry out the purposes of this section.

10. The authority may require the beginning farmer to satisfy conditions and requirements normally imposed by lending institutions in making similar loans, including but not limited to the purchase of capital stock in the federal land bank.

11. If a provision of this section is inconsistent with a provision of law of this state governing lending institutions, the provision of this section controls for the purposes of this section.

However, the total purchase price for all mortgage or secured loans which the authority commits to purchase from a lending institution at any one time shall not exceed the total of the unpaid principal balances of the mortgage or secured loans purchased. Lending institutions are authorized to sell mortgage or secured loans to the authority in accordance with the provisions of this section and the rules of the authority.

2. The authority shall require as a condition of purchase of mortgage or secured loans from lending institutions that the lending institutions certify that the mortgage or secured loans purchased are loans made to beginning farmers. Mortgage or secured loans to be made by lending institutions shall have terms and conditions as the authority prescribes by rule. The authority may make a commitment to purchase mortgage or secured loans from lending institutions in advance of the time the loans are made by lending institutions. 16.82 Beginning farmer tax credit — allowance.

1. A beginning farmer tax credit is authorized under the beginning farmer tax credit program as provided in section 16.78. The beginning farmer tax credit is allowed against the taxes imposed in chapter 422, subchapter II, as provided in section 422.11E, and in chapter 422, subchapter III, as provided in section 422.33, subsection 21, to facilitate the transfer of agricultural assets from an eligible taxpayer to a qualifying beginning farmer participating in the program.

2. An individual may claim a beginning farmer tax credit under this section of a partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings from the partnership, limited liability company, S corporation, estate, or trust.

3. Subject to the limitations described in subsections 5, 6, and 7, the authority shall determine the amount of the tax credit under an agreement using the following methods:

a. In the case of an agreement on a fixed basis, in which an eligible taxpayer receives a fixed cash rent payment, the amount of the tax credit equals five percent of the amount of the fixed cash rent payment for each year.

b. In the case of an agreement on a commodity share basis, in which an eligible taxpayer receives as a rent payment a percentage of the commodity produced, the amount of the tax credit shall equal fifteen percent of the gross amount that the eligible taxpayer would receive as a rent payment from the sale of the eligible taxpayer's share of the crop in each harvest year. The amount of the tax credit shall be based on an equation established by rule adopted by the authority which shall use data compiled by the United States department of agriculture, which shall include all of the following factors:

(1) The past ten-year average per bushel yield for the same type of grain as produced

under the agreement in the same county where the leased agricultural land is located excluding the years of highest and lowest per bushel yields.

(2) The per bushel state price established for the same type of grain harvested as described in subparagraph (1). Price information shall be averaged from the past five years excluding the years of the highest and lowest per bushel state price.

c. In the case of an agreement made on a flexible basis in which an eligible taxpayer receives a rent payment consisting of a fixed cash payment and an amount subject to adjustment according to a risk-sharing arrangement, or receives a rent payment consisting of an amount subject to adjustment according to a risk-sharing arrangement, the amount of the tax credit equals the sum of the following amounts:

(1) To the extent that a portion of the amount of the rent payment is calculated on a fixed basis as described in paragraph “a”, that portion of the tax credit equals five percent of the fixed cash payment in the same manner as provided in paragraph “a”.

(2) To the extent that a portion of the amount of the rent payment is calculated on a commodity share basis as described in paragraph “b”, that portion of the tax credit equals fifteen percent of the amount that the eligible taxpayer would receive from the sale of the eligible taxpayer’s share of the commodity in the same manner as provided in paragraph “b”.

(3) (a) To the extent that the amount of the rent payment may be adjusted after taking into account all risk-sharing factors provided in the agreement, that portion of the tax credit equals fifteen percent of the highest adjusted amount that the eligible taxpayer could receive in excess of the amounts calculated in subparagraphs (1) and (2) based on an equation adopted by rule by the authority.

(b) As used in subparagraph division (a), “*risk-sharing factor*” means an occurrence or lack of occurrence that may affect the commodity’s production or profitability as provided in the agreement, and which may include but is not limited to production costs, per acre crop yield, gross revenue, or market price.

(c) The authority shall adopt rules establishing criteria for commonly used risk-sharing factors and adjustment limits.

4. The authority shall provide the department with data, in the format prescribed by the department, of eligible taxpayers and persons who have been decertified due to lease termination or other cause of ineligibility by January 31 of each year. The data shall include the amount of the tax credit issued for the most recent year and all expected future tax credits under an agreement for each eligible taxpayer and the type of agreement.

5. The amount of tax credits that may be awarded to an eligible taxpayer for any one year under an agreement shall not exceed fifty thousand dollars.

6. The amount of the tax credit shall be reduced by the percent ownership interest of the qualifying beginning farmer in the agricultural asset.

7. A tax credit in excess of the eligible taxpayer’s tax liability for the tax year is not refundable but may be credited to the tax liability for the following ten tax years or until depleted, whichever is earlier. A tax credit shall not be carried back to a tax year prior to the tax year in which the eligible taxpayer redeems the tax credit.

8. a. To claim a tax credit under this section, an eligible taxpayer shall include one or more tax credit certificates with the eligible taxpayer’s tax return pursuant to rules adopted by the department.

b. A tax credit shall not be transferable to any other person other than the eligible taxpayer’s estate or trust upon the eligible taxpayer’s death pursuant to rules adopted by the department.

9. If an agreement is terminated by the eligible taxpayer, all of the following shall apply:

a. Any tax credit properly claimed by the eligible taxpayer prior to the date of termination or for the year during which the termination occurred shall be allowed except as provided in paragraph “b”, but no additional tax credits may be issued or claimed under the program for that agreement. The eligible taxpayer may apply for and be awarded another beginning farmer tax credit under a new agreement for the same agricultural assets as provided in this section.

b. If the authority determines that the eligible taxpayer is at fault for the termination, any beginning farmer tax credit that is claimed by the eligible taxpayer for the year during

which the termination occurred shall be disallowed and the amount shall be considered a tax payment due. If an eligible taxpayer does not notify the authority of the termination within thirty days of the date of the termination in the manner and form prescribed by the authority, the eligible taxpayer shall be conclusively deemed at fault for the termination.

b. The authority shall notify the eligible taxpayer of the tax credit award under the program. The notification shall include the total tax credit award, the amount of the tax credit award that will be issued by way of a tax credit certificate in each future year under the approved agreement, and a statement that the eligible taxpayer has no right to receive tax credit certificates and claim tax credits under the program if all requirements of the agreement and the program are not satisfied.

c. If, after a tax credit award is made, the eligible taxpayer or qualified beginning farmer no longer meets the requirements of the agreement or the program, the authority may revoke the tax credit award and may rescind any tax credit certificate that has been issued.

2. The amount of beginning farmer tax credits that may be awarded by the authority in any one calendar year under the beginning farmer tax credit program shall not in the aggregate exceed a limit of twelve million dollars. That the bondholders or noteholders may enforce the remedies provided in the loan agreement or security instrument on their own behalf without the appointment or designation of a trustee and if there is a default in the principal of or interest on the bonds or notes or in the performance of any agreement contained therein, the payment or performance may be enforced in accordance with the provisions contained therein.

d. That if there is a default in the payment of the principal or interest on a mortgage or security instrument or a violation of an agreement contained in the mortgage or security instrument, the mortgage or security instrument may be foreclosed or enforced and any collateral sold under proceedings or actions permitted by law and a trustee under the mortgage or security agreement or the holder of any bonds or notes secured thereby may become a purchaser if the trustee or holder is the highest bidder.

e. Other terms and conditions.

3. The authority may provide in the resolution authorizing the issuance of the bonds or notes that the principal and interest shall be limited obligations payable solely out of the revenues derived from the debt obligation, collateral, or other security furnished by or on behalf of the beginning farmer, and that the principal and interest does not constitute an indebtedness of the authority or a charge against its general credit or general fund.

4. The powers granted the authority under this section are in addition to other powers granted to the authority to administer this subchapter as provided in this chapter. All other provisions of this chapter, except section 16.28, subsection 4, apply to bonds or notes issued pursuant to and powers granted to the authority under this section except to the extent that they are inconsistent with this section.

b. The agricultural producer's land and farm operations are located within the state.

d. Other criteria as the authority prescribes by rule.

3. The authority is granted all powers which are necessary or useful to develop and implement programs and authorizations pursuant to subsection 1. These powers include but are not limited to:

The agreements may contain any terms and conditions which the authority determines are reasonably necessary or useful to implement the purposes of this section or which are usually included in agreements or documents between private or public persons in similar transactions.

c. The power to require submission of evidence satisfactory to the authority of the receipt by an agricultural producer of the assistance intended under a program developed and implemented pursuant to this section. In that connection, the authority, through its members, employees, or agents, may inspect the books and records of any person receiving or involved in the provision of assistance in accordance with this section.

d. The power to establish by rule appropriate enforcement provisions in order to assure compliance with this section and rules adopted pursuant to this section, to seek the enforcement of such rules and the terms of any agreement or document by decree of any court of competent jurisdiction, and to require as a condition of providing assistance pursuant to this section the consent of any person receiving or involved in the provision of the assistance to the jurisdiction of the courts of this state over any enforcement proceeding.

e. The power to require, as a condition of the provision of assistance pursuant to this section, any representations and warranties on the part of any person receiving or involved in providing such assistance that the authority determines are reasonably necessary or useful to carry out the purposes of this section. A person receiving or involved in providing assistance pursuant to this section is liable to the authority for damages suffered by the authority by reason of a misrepresentation or the breach of a warranty.

4. All persons, public and private, are authorized to cooperate with the authority and to participate in the programs developed and implemented pursuant to this section and in accordance with the rules of the authority.

SUBCHAPTER IX
TITLE GUARANTY

PART 1
GENERAL

16.90 Definition.

As used in this subchapter, unless the context otherwise requires, “*title guaranty*” means a guaranty against loss or damage caused by a defective title to real property.

2014 Acts, ch 1080, §65, 78

PART 2
PROGRAM

16.91 Iowa title guaranty program.

1. The authority through the Iowa title guaranty division shall initiate and operate a program in which the division shall offer guaranties of real property titles in this state. The terms, conditions, and form of the guaranty contract shall be forms approved by the division board. The division shall fix a charge for the guaranty in an amount sufficient to permit the program to operate on a self-sustaining basis, including payment of administrative costs and the maintenance of an adequate reserve against claims under the Iowa title guaranty program. A title guaranty fund is created in the office of the treasurer of state. Funds collected under this program shall be placed in the title guaranty fund and are available to pay all claims, necessary reserves and all administrative costs of the Iowa title guaranty program. Moneys in the fund shall not revert to the general fund and interest on the moneys in the fund shall be deposited in the housing trust fund established in section 16.181 and shall not accrue to the general fund. If the authority board in consultation with the division board determines that there are surplus funds in the title guaranty fund after providing for adequate reserves and operating expenses of the division, the surplus funds shall be transferred to the housing assistance fund created pursuant to section 16.40.

2. A title guaranty, closing protection letter, or gap coverage issued under this program is an obligation of the division only and claims are payable solely and only out of the moneys, assets, and revenues of the title guaranty fund and are not an indebtedness or liability of the state. The state is not liable on any guaranty, closing protection letter, or gap coverage.

3. With the approval of the authority board the division and its board shall consult with the insurance division of the department of commerce in developing a guaranty contract acceptable to the secondary market and developing any other feature of the program with which the insurance division may have special expertise. Except as provided in this subsection, the Iowa title guaranty program is not subject to the jurisdiction of or regulation by the insurance division or the commissioner of insurance.

4. Each participating attorney and abstractor may be required to pay an annual participation fee to be eligible to participate in the Iowa title guaranty program. The fee, if any, shall be set by the division, subject to the approval of the authority.

5. The participation of abstractors and attorneys shall be in accordance with rules established by the division and adopted by the authority pursuant to chapter 17A.

a. (1) Each participant shall at all times maintain liability coverage in amounts approved by the division. Upon payment of a claim by the division, the division shall be subrogated to the rights of the claimant against all persons relating to the claim.

(2) Additionally, each participating abstractor is required to own or lease, and maintain and use in the preparation of abstracts, an up-to-date abstract title plant including tract indices for real estate for each county in which abstracts are prepared for real property titles guaranteed by the division. The tract indices shall contain a reference to all instruments

affecting the real estate which are recorded in the office of the county recorder, and shall commence not less than forty years prior to the date the abstractor commences participation in the Iowa title guaranty program. However, a participating attorney providing abstract services continuously from November 12, 1986, to the date of application, either personally or through persons under the attorney's supervision and control is exempt from the requirements of this subparagraph.

b. The division may waive the requirements of this subsection pursuant to an application of an attorney or abstractor which shows that the requirements impose a hardship to the attorney or abstractor and that the waiver clearly is in the public interest or is absolutely necessary to ensure availability of title guaranties throughout the state.

6. Prior to the issuance of a title guaranty, the division shall require evidence that an abstract of title to the property in question has been brought up-to-date and certified by a participating abstractor in a form approved by division rules and a title opinion issued by a participating attorney in the form approved in the rules stating the attorney's opinion as to the title. The division shall require evidence of the abstract being brought up-to-date and the abstractor shall retain evidence of the abstract as determined by the board.

7. The attorney rendering a title opinion shall be authorized to issue a title guaranty certificate subject to the rules of the authority.

8. The authority shall adopt rules pursuant to chapter 17A that are necessary for the implementation of the Iowa title guaranty program as established by the division and that have been approved by the authority.

(2) Three days after the notice is deposited with the United States postal service, or with a commercial delivery service for delivery other than by overnight delivery.

(3) The day the notice is transmitted, if served pursuant to paragraph "c", subparagraph (2).

(5) The day the notice is received, if served by a method other than as provided in paragraph “c”, subparagraph (1), (2), or (3).

e. c. In addition to any other remedy provided by law, if the division through an act of negligence wrongfully or erroneously records a certificate of release under this section, the division is liable to the mortgagee and mortgage servicer for actual damages sustained due to the recording of the certificate of release.

16.93 Closing protection letters.

1. The authority through the Iowa title guaranty division may issue a closing protection letter to a person to whom a proposed title guaranty is to be issued, upon the request of the person, if the division issues a commitment for title guaranty or title guaranty certificate. The closing protection letter shall conform to the terms of coverage and form of the instrument as approved by the division board and may indemnify a person to whom a proposed title guaranty is to be issued against loss of settlement funds due to only the following acts of the division’s named participating attorney, participating abstractor, or closer:

a. Theft of settlement funds.

b. Failure by the participating attorney, participating abstractor, or closer to comply with written closing instructions of the person to whom a proposed title guaranty is to be issued relating to title certificate coverage when agreed to by the participating attorney, participating abstractor, or closer.

2. A closing protection letter shall only be issued to a person to whom a proposed title guaranty is to be issued for real property transactions in which the division has committed to issue an owner or lender certificate and for which the division receives a premium and other payments or fees for a title guaranty certificate or other coverage.

3. The division board shall establish the amount of coverage to be provided and may distinguish between classes of property including, but not limited to, residential, agricultural, or commercial, provided that the total amount of coverage provided by the closing protection letter shall not exceed the amount of the commitment or title guaranty to be issued. Liability under the closing protection letter shall be coextensive with liability under the certificate to be issued in connection with a transaction such that payments under the terms of the closing protection letter shall reduce by the same amount the liability under the title guaranty certificate and payment under the title guaranty certificate shall reduce the liability under the terms of the closing protection letter.

4. The division may adopt a required fee for providing closing protection letter coverage.

5. The division shall not provide any other coverage which purports to indemnify against improper acts or omissions of a person with regard to escrow, settlement, or closing services.

In carrying out the economic development program, the authority may do any of the following:

1. Make secured and unsecured loans for both the acquisition and the construction of projects on terms the authority determines. A loan may be made to any person or entity including but not limited to a city or county for a project approved by the authority. The authority may take any action which is reasonable and lawful to protect its security and to avoid losses from its loans.

2. Acquire, hold, and mortgage personal property and real estate and interests in real estate to be used as a project.

3. Purchase, construct, improve, furnish, equip, lease, option, sell, exchange, or otherwise dispose of one or more projects under the terms the authority determines. However, in the lease, sale, or loan agreement relating to a project, the authority shall provide for adequate maintenance of the project.

4. Grant a mortgage, lien, pledge, assignment, or other encumbrance on one or more projects, revenues, or reserve or other funds established in connection with obligations, or with respect to a lease, sale, or loan relating to one or more projects, or a guaranty or insurance agreement relating to one or more projects, or a secured or unsecured interest of the authority in one or more projects or parts of one or more projects.

5. Provide that the interest on obligations may vary in accordance with a base or formula authorized by the authority.

6. Contract for the acquisition, construction, or both of one or more projects or parts of one or more projects and for the leasing, subleasing, sale, or other disposition of one or more projects in a manner determined by the authority.

16.104 Loan agreements.

1. The authority may enter into loan agreements with one or more borrowers to finance in whole or in part the acquisition of one or more projects by construction or purchase. The repayment obligation of the borrower or borrowers may be unsecured, secured by a mortgage or security agreement, or secured by other security as the authority deems advisable. The repayment obligation may be evidenced by one or more notes of the borrower or borrowers. The loan agreements may contain terms and conditions the authority deems advisable.

2. The authority may issue its bonds and notes for the projects set forth in section 16.102 and may enter into one or more lending agreements or purchase agreements with one or more bondholders or noteholders containing the terms and conditions of the repayment of and the security for the bonds or notes. The authority and the bondholders or noteholders or a trustee or agent designated by the authority may enter into agreements to provide for any of the following:

a. That the proceeds of the bonds and notes and the investments of the proceeds may be received, held, and disbursed by the bondholders or noteholders, or by a trustee or agent designated by the authority.

b. That the bondholders or noteholders or a trustee or agent designated by the authority may collect, invest, and apply the amounts payable under the loan agreements or any other security instruments securing the debt obligations of the borrower or borrowers.

c. That the bondholders or noteholders may enforce the remedies provided in the loan agreements or security instruments on their own behalf without the appointment or designation of a trustee. If there is a default in the principal or interest on the bonds or notes or in the performance of any agreement contained in the loan agreements or security instruments, the payment or performance may be enforced in accordance with the loan agreement or security instrument.

d. That if there is a default in the payment of the principal or interest on a mortgage or security instrument or if there is a violation of an agreement contained in the mortgage or security instrument, the mortgage or security instrument may be foreclosed or enforced. Collateral may be sold under proceedings or actions permitted by law. A trustee under the mortgage or security agreement or the holder of any bonds or notes secured by the mortgage or security agreement may become a purchaser if the trustee or holder is the highest bidder.

e. Other terms and conditions as deemed necessary or appropriate by the authority.

16.105 Security for bonds — reserve funds — validity of pledge — nonliability.

1. The authority may provide in the resolution authorizing the issuance of its bonds or notes for the economic development program that the principal of, premium, if any, and interest on the bonds or notes are payable exclusively from any of the following:

a. The income and receipts or other money derived from the projects financed with the proceeds of the bonds or notes.

b. The income and receipts or other money derived from designated projects whether or not the projects are financed in whole or in part with the proceeds of the bonds or notes.

c. The authority's income and receipts of other assets generally, or a designated part or parts of them.

2. a. For the purpose of securing one or more issues of its bonds or notes, the authority may establish one or more special funds, called "capital reserve funds". The authority may pay into the capital reserve funds the proceeds of the sale of its bonds or notes and other money which may be made available to the authority from other sources for the purposes of the capital reserve funds. Except as provided in this section, money in a capital reserve fund shall be used only as required for any of the following:

(1) The payment of the principal of and interest on bonds or notes or of the sinking fund payments with respect to those bonds or notes.

(2) The purchase or redemption of the bonds or notes.

(3) The payment of a redemption premium required to be paid when the bonds or notes are redeemed before maturity.

b. However, money in a capital reserve fund shall not be withdrawn if the withdrawal would reduce the amount in the capital reserve fund to less than the capital reserve fund requirement, except for the purpose of making payment, when due, of principal, interest, redemption premiums on the bonds or notes, and making sinking fund payments when other money pledged to the payment of the bonds or notes is not available for the payments. Income or interest earned by, or increment to, a capital reserve fund from the investment of all or part of the fund may be transferred by the authority to other funds or accounts of the authority if the transfer does not reduce the amount of the capital reserve fund below the capital reserve fund requirement.

3. If the authority decides to issue bonds or notes secured by a capital reserve fund, the bonds or notes shall not be issued if the amount in the capital reserve fund is less than the capital reserve fund requirement, unless at the time of issuance of the bonds or notes the authority deposits in the capital reserve fund from the proceeds of the bonds or notes to be issued or from other sources, an amount which, together with the amount then in the fund, is not less than the capital reserve fund requirement.

4. In computing the amount of a capital reserve fund for the purpose of this section, securities in which all or a portion of the fund is invested shall be valued by a reasonable method established by the authority by resolution. Valuation shall include the amount of interest earned or accrued as of the date of valuation.

5. In this section, "*capital reserve fund requirement*" means the amount required to be on deposit in the capital reserve fund as of the date of computation as determined by resolution of the authority.

6. To assure maintenance of the capital reserve funds, the chairperson of the authority shall, on or before July 1 of each calendar year, make and deliver to the governor the chairperson's certificate stating the sum, if any, required to restore each capital reserve fund to the capital reserve fund requirement for that fund. Within thirty days after the beginning of the session of the general assembly next following the delivery of the certificate, the governor may submit to both houses printed copies of a budget including the sum, if any, required to restore each capital reserve fund to the capital reserve fund requirement for that fund. Any sums appropriated by the general assembly and paid to the authority pursuant to this section shall be deposited by the authority in the applicable capital reserve fund.

7. All amounts paid to the authority by the state pursuant to this section shall be

considered advances by the state to the authority and, subject to the rights of the holders of any bonds or notes of the authority that have previously been issued or will be issued, shall be repaid to the state without interest from all available operating revenues of the authority in excess of amounts required for the payment of bonds, notes, or obligations of the authority, the capital reserve fund, and operating expenses.

8. If any amount deposited in a capital reserve fund is withdrawn for payment of principal, premium, or interest on the bonds or notes or sinking fund payments with respect to bonds or notes thus reducing the amount of that fund to less than the capital reserve fund requirement, the authority shall immediately notify the general assembly of this event and shall take steps to restore the capital reserve fund to the capital reserve fund requirement for that fund from any amounts designated as being available for such purpose.

9. The authority may establish reserve funds, other than capital reserve funds, to secure one or more issues of its bonds or notes. The authority may deposit in a reserve fund established under this subsection the proceeds of the sale of its bonds or notes and other money which is made available from any other source. The authority may allow a reserve fund established under this subsection to be depleted without complying with subsection 6 or subsection 8.

10. It is the intention of the general assembly that a pledge made in respect of bonds or notes shall be valid and binding from the time the pledge is made, that the money or property so pledged and received after the pledge by the authority shall immediately be subject to the lien of the pledge without physical delivery or further act, and that the lien of the pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the authority whether or not the parties have notice of the lien. Neither the resolution, trust agreement, nor any other instrument by which a pledge is created needs to be recorded or filed under the Iowa uniform commercial code, chapter 554, to be valid, binding, or effective against the parties.

11. Neither the members of the authority nor a person executing the bonds or notes are liable personally on the bonds or notes or are subject to personal liability or accountability by reason of the issuance of the bonds or notes.

12. The bonds or notes issued by the authority are not an indebtedness or other liability of the state or of a political subdivision of the state, except the authority, and are payable solely from the income and receipts or other funds or property of the authority which are designated in the resolution of the authority authorizing the issuance of the bonds or notes as being available as security for bonds or notes. The authority shall not pledge the faith or credit of the state or of a political subdivision of the state, except the authority, to the payment of a bond or note. 17A.1 Citation and statement of purpose.

1. This chapter may be cited as the “*Iowa Administrative Procedure Act*”.

2. This chapter is intended to provide a minimum procedural code for the operation of all state agencies when they take action affecting the rights and duties of the public. Nothing in this chapter is meant to discourage agencies from adopting procedures providing greater protections to the public or conferring additional rights upon the public; and save for express provisions of this chapter to the contrary, nothing in this chapter is meant to abrogate in whole or in part any statute prescribing procedural duties for an agency which are greater than or in addition to those provided here. This chapter is meant to apply to all rulemaking and contested case proceedings and all suits for the judicial review of agency action that are not specifically excluded from this chapter or some portion thereof by its express terms or by the express terms of another chapter.

3. The purposes of this chapter are: To provide legislative oversight of powers and duties delegated to administrative agencies; to increase public accountability of administrative agencies; to simplify government by assuring a uniform minimum procedure to which all agencies will be held in the conduct of their most important functions; to increase public access to governmental information; to increase public participation in the formulation of administrative rules; to increase the fairness of agencies in their conduct of contested case proceedings; and to simplify the process of judicial review of agency action as well as increase its ease and availability.

4. In accomplishing its objectives, the intention of this chapter is to strike a fair balance between these purposes and the need for efficient, economical and effective government administration. The chapter is not meant to alter the substantive rights of any person or agency. Its impact is limited to procedural rights with the expectation that better substantive results will be achieved in the everyday conduct of state government by improving the process by which those results are attained.

17A.2 Definitions.

As used in this chapter:

1. “Agency” means each board, commission, department, officer or other administrative office or unit of the state. “Agency” does not mean the general assembly, the judicial branch or any of its components, the office of consumer advocate, the governor, or a political subdivision of the state or its offices and units. Unless provided otherwise by statute, no less than two-thirds of the members eligible to vote of a multimember agency constitute a quorum authorized to act in the name of the agency.

2. “Agency action” includes the whole or a part of an agency rule or other statement of law or policy, order, decision, license, proceeding, investigation, sanction, relief, or the equivalent or a denial thereof, or a failure to act, or any other exercise of agency discretion or failure to do so, or the performance of any agency duty or the failure to do so.

3. “Agency member” means an individual who is the statutory or constitutional head of an agency, or an individual who is one of several individuals who constitute the statutory or constitutional head of an agency.

4. “ARC number” means the identification number assigned by the governor’s administrative rules coordinator to each rulemaking document.

5. “Contested case” means a proceeding including but not restricted to ratemaking, price fixing, and licensing in which the legal rights, duties or privileges of a party are required by Constitution or statute to be determined by an agency after an opportunity for an evidentiary hearing.

6. “License” includes the whole or a part of any agency permit, certificate, approval, registration, charter, or similar form of permission required by statute.

7. “Licensing” includes the agency process respecting the grant, denial, renewal, revocation, suspension, annulment, withdrawal, or amendment of a license.

8. “Party” means each person or agency named or admitted as a party or properly seeking and entitled as of right to be admitted as a party.

9. “Person” means any individual, partnership, corporation, association, governmental subdivision, or public or private organization of any character other than an agency.

10. “Provision of law” means the whole or part of the Constitution of the United States of America or the Constitution of the State of Iowa, or of any federal or state statute, court rule, executive order of the governor, or agency rule.

11. “Rule” means each agency statement of general applicability that implements, interprets, or prescribes law or policy, or that describes the organization, procedure, or practice requirements of any agency. Notwithstanding any other statute, the term includes an executive order or directive of the governor which creates an agency or establishes a program or which transfers a program between agencies established by statute or rule. The term includes the amendment or repeal of an existing rule, but does not include:

a. A statement concerning only the internal management of an agency and which does not substantially affect the legal rights of, or procedures available to, the public or any segment thereof.

b. A declaratory order issued pursuant to section 17A.9, or an interpretation issued by an agency with respect to a specific set of facts and intended to apply only to that specific set of facts.

c. An intergovernmental, interagency, or intra-agency memorandum, directive, manual, or other communication which does not substantially affect the legal rights of, or procedures available to, the public or any segment thereof.

d. A determination, decision, or order in a contested case.

e. An opinion of the attorney general.

f. Those portions of staff manuals, instructions, or other statements issued by an agency which set forth criteria or guidelines to be used by its staff in auditing, in making inspections, in settling commercial disputes or negotiating commercial arrangements, or in the selection or handling of cases, such as operational tactics or allowable tolerances or criteria for the defense, prosecution, or settlement of cases, when the disclosure of such statements would do any of the following:

(1) Enable law violators to avoid detection.

(2) Facilitate disregard of requirements imposed by law.

(3) Give a clearly improper advantage to persons who are in an adverse position to the state.

g. A specification of the prices to be charged for goods or services sold by an agency as distinguished from a license fee, application fee, or other fees.

h. A statement concerning only the physical servicing, maintenance, or care of publicly owned or operated facilities or property.

i. A statement relating to the use of a particular publicly owned or operated facility or property, the substance of which is indicated to the public by means of signs or signals.

j. A decision by an agency not to exercise a discretionary power.

k. A statement concerning only inmates of a penal institution, students enrolled in an educational institution, or patients admitted to a hospital, when issued by such an agency.

l. An advisory opinion of the Iowa ethics and campaign disclosure board.

12. “Rulemaking” means the process for adopting, amending, or repealing a rule.

17A.3 Public information — adoption of rules — availability of rules and orders.

1. In addition to other requirements imposed by Constitution or statute, each agency shall:

a. Adopt as a rule a description of the organization of the agency which states the general course and method of its operations, the administrative subdivisions of the agency and the programs implemented by each of them, a statement of the mission of the agency, and the methods by which and location where the public may obtain information or make submissions or requests.

b. Adopt rules of practice setting forth the nature and requirements of all formal and informal procedures available to the public, including a description of all forms and instructions that are to be used by the public in dealing with the agency.

c. As soon as feasible and to the extent practicable, adopt rules, in addition to those otherwise required by this chapter, embodying appropriate standards, principles, and procedural safeguards that the agency will apply to the law it administers.

d. Make available for public inspection all rules, and make available for public inspection and index by subject, all other written statements of law or policy, or interpretations formulated, adopted, or used by the agency in the discharge of its functions. Except as otherwise required by Constitution or statute, or in the use of discovery under the Iowa rules of civil procedure or in criminal cases, an agency shall not be required to make available for public inspection those portions of its staff manuals, instructions, or other statements excluded from the definition of “rule” by section 17A.2, subsection 11, paragraph “f”.

e. Make available for public inspection and index by name and subject all final orders, decisions, and opinions: Provided that to the extent required to prevent a clearly unwarranted invasion of personal privacy or trade secrets, an agency shall delete identifying details when it makes available for public inspection any final order, decision, or opinion; however, in each case the justification for the deletion shall be explained fully in writing.

2. No agency rule or other written statement of law or policy, or interpretation, order, decision, or opinion is valid or effective against any person or party, nor shall it be invoked by the agency for any purpose, until it has been made available for public inspection and indexed as required by subsection 1, paragraphs “d” and “e”. This provision is not applicable in favor of any person or party who has actual timely knowledge thereof and the burden of proving such knowledge shall be on the agency.

17A.4 Procedure for adoption of rules.

1. Prior to the adoption, amendment, or repeal of any rule an agency shall:

a. Give notice of its intended action by submitting the notice to the administrative rules coordinator and the administrative code editor. The administrative rules coordinator shall assign an ARC number to each rulemaking document. The administrative code editor shall publish each notice meeting the requirements of this chapter in the Iowa administrative bulletin created pursuant to section 2B.5A. The agency shall also submit a copy of the notice to the chairpersons and ranking members of the appropriate standing committees of the general assembly for additional study. Any notice of intended action shall be published at least thirty-five days in advance of the action. The notice shall include a statement of either the terms or substance of the intended action or a description of the subjects and issues involved, and the time when, the place where, and the manner in which interested persons may present their views.

b. Afford all interested persons not less than twenty days to submit data, views, or arguments in writing. If timely requested in writing by twenty-five interested persons, by a governmental subdivision, by the administrative rules review committee, by an agency, or by an association having not less than twenty-five members, the agency must give interested persons an opportunity to make oral presentation. The opportunity for oral presentation must be held at least twenty days after publication of the notice of its time and place in the Iowa administrative bulletin. The agency shall consider fully all written and oral submissions respecting the proposed rule. Within one hundred eighty days following either the notice published according to the provisions of paragraph "a" or within one hundred eighty days after the last date of the oral presentations on the proposed rule, whichever is later, the agency shall adopt a rule pursuant to the rulemaking proceeding or shall terminate the proceeding by publishing notice of termination in the Iowa administrative bulletin.

c. Mail the number of copies of the proposed rule as requested to the state office of a trade or occupational association which has registered its name and address with the agency. The trade or occupational association shall reimburse the agency for the actual cost incurred in providing the copies of the proposed rule under this paragraph. Failure to provide copies as provided in this paragraph shall not be grounds for the invalidation of a rule, unless that failure was deliberate on the part of that agency or the result of gross negligence.

2. An agency shall include in a preamble to each rule it adopts a brief explanation of the principal reasons for its action and, if applicable, a brief explanation of the principal reasons for its failure to provide in that rule for the waiver of the rule in specified situations if no such waiver provision is included in the rule. This explanatory requirement does not apply when the agency adopts a rule that only defines the meaning of a provision of law if the agency does not possess delegated authority to bind the courts to any extent with its definition. In addition, if requested to do so by an interested person, either prior to adoption or within thirty days thereafter, the agency shall issue a concise statement of the principal reasons for and against the rule adopted, incorporating therein the reasons for overruling considerations urged against the rule. This concise statement shall be issued either at the time of the adoption of the rule or within thirty-five days after the agency receives the request.

3. a. When the statute so provides, or with the approval of the administrative rules review committee, if the committee finds good cause that notice and public participation would be unnecessary, impracticable, or contrary to the public interest, the provisions of subsection 1 shall be inapplicable.

b. (1) If the administrative rules review committee by a two-thirds vote, the governor, or the attorney general files with the administrative code editor an objection to the adoption of a rule or portion of a rule pursuant to this subsection, the rule or portion of the rule shall cease to be effective one hundred eighty days after the date the objection was filed.

(2) If the administrative rules review committee files with the administrative code editor an objection to the adoption of a rule or portion of a rule pursuant to this subsection, the administrative rules review committee, by a separate two-thirds vote, may suspend the applicability of the rule or portion of the rule until the rule ceases to be effective under this paragraph "b". The determination to suspend the applicability of the rule or portion of the rule shall be included in the copy of the objection to be forwarded to the agency.

c. If an objection to a rule is filed under this subsection, a copy of the objection, properly dated, shall be forwarded to the agency at the time of filing the objection. In any action

contesting a rule or portion of a rule adopted pursuant to this subsection, the burden of proof shall be on the agency to show that the procedures of subsection 1 were impracticable, unnecessary, or contrary to the public interest.

4. Any rule filed pursuant to this section or section 17A.5, that necessitates additional annual expenditures of at least one hundred thousand dollars or combined expenditures of at least five hundred thousand dollars within five years by all affected persons, including the agency itself, shall be accompanied by a fiscal impact statement outlining the expenditures. The agency shall promptly deliver a copy of the statement to the legislative services agency. To the extent feasible, the legislative services agency shall analyze the statement and provide a summary of that analysis to the administrative rules review committee. If the agency has made a good-faith effort to comply with the requirements of this subsection, the rule shall not be invalidated on the ground that the contents of the statement are insufficient or inaccurate.

5. A rule is not valid unless adopted in substantial compliance with the requirements of this section that are in effect at the time of adoption of the rule. However, a rule shall be conclusively presumed to have been made in compliance with all of the procedural requirements of this section if it has not been invalidated on the grounds of noncompliance in a proceeding commenced within two years after its effective date.

6. *a.* If the administrative rules review committee created by section 17A.8, the governor, or the attorney general finds objection to all or some portion of a proposed or adopted rule because that rule is deemed to be unreasonable, arbitrary, capricious, or otherwise beyond the authority delegated to the agency, the committee, governor, or attorney general may, in writing, notify the agency of the objection. In the case of a rule filed without notice pursuant to subsection 3, or a rule made effective under section 17A.5, subsection 2, paragraph “*b*”, the committee, governor, or attorney general may notify the agency of such an objection. The committee, governor, or attorney general shall also file a certified copy of such an objection in the office of the administrative code editor and a notice to the effect that an objection has been filed shall be published in the next issue of the Iowa administrative bulletin and in the Iowa administrative code when that rule is printed in it. The burden of proof shall then be on the agency in any proceeding for judicial review or for enforcement of the rule heard subsequent to the filing to establish that the rule or portion of the rule objected to according to the above procedure is not unreasonable, arbitrary, capricious, or otherwise beyond the authority delegated to it.

b. If the agency fails to meet the burden of proof prescribed for a rule objected to according to the provisions of paragraph “*a*”, the court shall declare the rule or portion of the rule objected to invalid and judgment shall be rendered against the agency for court costs. Such court costs shall include a reasonable attorney fee and shall be payable by the director of the department of administrative services from the support appropriations of the agency which adopted the rule in question.

7. The governor may rescind an adopted rule by executive order within seventy days of the rule becoming effective. The governor shall provide a copy of the executive order to the administrative code editor who shall include it in the next publication of the Iowa administrative bulletin.

8. Upon the vote of two-thirds of its members, the administrative rules review committee, following notice of intended action as provided in subsection 1 and prior to adoption of a rule pursuant to that notice, may suspend further action relating to that notice for seventy days. Notice that a notice of intended action was suspended under this provision shall be published in the Iowa administrative code and bulletin.

9. *a.* If a provision of an Act of the general assembly expressly requires rulemaking by an agency, or if another statute that governs or is directly related to a provision of an Act of the general assembly expressly requires rulemaking by an agency, the agency shall make one of the following submissions regarding such rulemaking within one hundred eighty days of the date on which the provision becomes effective:

The notification shall include the provision of the Act of the general assembly for which rulemaking is required, the subject matter of the provision, an explanation of the delay in the submission of a notice of intended action, and an estimated timeline for submission of a notice of intended action.

b. This subsection shall not be construed to prohibit an agency from conducting rulemaking relating to a provision of an Act of the general assembly for which a submission was not made pursuant to paragraph “a”. This subsection shall not be construed to prohibit an agency from conducting additional rulemaking subsequent to completion of any rulemaking for which a submission was made pursuant to paragraph “a”.

An agency shall issue a regulatory analysis of a proposed rule that complies with subsection 2, paragraph “b”, if the rule would have a substantial impact on small business and if, within thirty-two days after the published notice of proposed rule adoption, a written request for analysis is submitted to the agency by the administrative rules review committee, the administrative rules coordinator, at least twenty-five persons signing that request who each qualify as a small business or by an organization representing at least twenty-five such persons. 2. a. Except to the extent that a written request for a regulatory analysis expressly waives one or more of the following, the regulatory analysis must contain all of the following:

(1) A description of the classes of persons who probably will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.

(2) A description of the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons, including a description of the nature and amount of all of the different kinds of costs that would be incurred in complying with the proposed rule.

(4) A comparison of the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

(5) A determination of whether less costly methods or less intrusive methods exist for achieving the purpose of the proposed rule.

(6) A description of any alternative methods for achieving the purpose of the proposed rule that were seriously considered by the agency and the reasons why they were rejected in favor of the proposed rule.

b. In the case of a rule that would have a substantial impact on small business, the regulatory analysis must contain a discussion of whether it would be feasible and practicable to do any of the following to reduce the impact of the rule on small business:

(1) Establish less stringent compliance or reporting requirements in the rule for small business.

(2) Establish less stringent schedules or deadlines in the rule for compliance or reporting requirements for small business.

3. Each regulatory analysis must include quantifications of the data to the extent practicable and must take account of both short-term and long-term consequences.

4. Upon receipt by an agency of a timely request for a regulatory analysis, the agency shall extend the period specified in this chapter for each of the following until at least twenty days after publication in the Iowa administrative bulletin of a concise summary of the regulatory analysis:

6. The published summary of the regulatory analysis must also indicate where persons may obtain copies of the full text of the regulatory analysis and where, when, and how persons may present their views on the proposed rule and demand an oral proceeding thereon if one is not already provided. Agencies shall make available to the public, to the maximum extent feasible, the published summary and the full text of the regulatory analysis described in this subsection in an electronic format, including, but not limited to, access to the documents through the internet.

7. If the agency has made a good-faith effort to comply with the requirements of subsections 1 through 3, the rule may not be invalidated on the ground that the contents of the regulatory analysis are insufficient or inaccurate.

8. a. For the purpose of this section, "*small business*" means any entity including but not limited to an individual, partnership, corporation, joint venture, association, or cooperative, to which all of the following apply:

The term of office for a member of the senate shall end upon the convening of the general assembly after the general assembly following appointment. However, a member shall serve until a successor is appointed. A vacancy on the committee shall be filled by the original appointing authority for the remainder of the term. A vacancy shall exist whenever a committee member ceases to be a member of the house from which the member was appointed.

3. A committee member shall be paid the per diem specified in section 2.10, subsection 5, for each day in attendance and shall be reimbursed for actual and necessary expenses. 1. a. Any person may petition an agency for a declaratory order as to the applicability to specified circumstances of a statute, rule, or order within the primary jurisdiction of the agency.

b. (1) An agency shall issue a declaratory order in response to a petition for that order unless the agency determines that issuance of the order under the circumstances would be contrary to a rule adopted in accordance with subsection 2.

(2) However, an agency shall not issue a declaratory order that would substantially prejudice the rights of a person who would be a necessary party and who does not consent in writing to the determination of the matter by a declaratory order proceeding.

2. Each agency shall adopt rules that provide for the form, contents, and filing of petitions for declaratory orders, the procedural rights of persons in relation to the petitions, and the disposition of the petitions. The rules must describe the classes of circumstances in which the agency will not issue a declaratory order and must be consistent with the public interest and with the general policy of this chapter to facilitate and encourage agency issuance of reliable advice.

3. Within fifteen days after receipt of a petition for a declaratory order, an agency shall give notice of the petition to all persons to whom notice is required by any provision of law and may give notice to any other persons.

4. Persons who qualify under any applicable provision of law as an intervenor and who file timely petitions for intervention according to agency rules may intervene in proceedings for declaratory orders. The provisions of sections 17A.10 through 17A.18 apply to agency proceedings for declaratory orders only to the extent an agency so provides by rule or order.

5. Within thirty days after receipt of a petition for a declaratory order, an agency, in writing, shall do one of the following:

a. Issue an order declaring the applicability of the statute, rule, or order in question to the specified circumstances.

b. Set the matter for specified proceedings.

c. Agree to issue a declaratory order by a specified time.

d. Decline to issue a declaratory order, stating the reasons for its action.

6. A copy of all orders issued in response to a petition for a declaratory order must be mailed promptly to the petitioner and any other parties.

7. A declaratory order has the same status and binding effect as any final order issued in a contested case proceeding. A declaratory order must contain the names of all parties to the proceeding on which it is based, the particular facts on which it is based, and the reasons for its conclusion.

8. If an agency has not issued a declaratory order within sixty days after receipt of a petition therefor, or such later time as agreed by the parties, the petition is deemed to have been denied. Once a petition for a declaratory order is deemed denied or if the agency declines to issue a declaratory order pursuant to subsection 5, paragraph “d”, a party to that proceeding may either seek judicial review or await further agency action with respect to its petition for a declaratory order.

17A.9A Waivers.

1. Any person may petition an agency for a waiver from the requirements of a rule, pursuant to the requirements of this section, if the agency has established by rule an application, evaluation, and issuance procedure permitting waivers. An agency shall not grant a petition for waiver of a rule unless the agency has jurisdiction over the rule and the waiver is consistent with any applicable statute, constitutional provision, or other provision of law. In addition, this section does not authorize an agency to waive any requirement created or duty imposed by statute.

2. Upon petition of a person, an agency may in its sole discretion issue a waiver from the requirements of a rule if the agency finds, based on clear and convincing evidence, all of the following:

a. The application of the rule would pose an undue hardship on the person for whom the waiver is requested.

b. The waiver from the requirements of a rule in the specific case would not prejudice the substantial legal rights of any person.

c. The provisions of a rule subject to a petition for a waiver are not specifically mandated by statute or another provision of law.

d. Substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested.

3. The burden of persuasion rests with the person who petitions an agency for the waiver of a rule. Each petition for a waiver shall be evaluated by the agency based on the unique, individual circumstances set out in the petition. A waiver, if granted, shall be drafted by the agency so as to provide the narrowest exception possible to the provisions of the rule. The agency may place any condition on a waiver that the agency finds desirable to protect the public health, safety, and welfare. A waiver shall not be permanent, unless the petitioner can show that a temporary waiver would be impracticable. If a temporary waiver is granted, there is no automatic right to renewal. At the sole discretion of the agency, a waiver may be renewed if the agency finds all of the factors set out in subsection 2 remain valid.

4. A grant or denial of a waiver petition shall be indexed, filed, and available for public inspection as provided in section 17A.3. The administrative code editor and the administrative rules coordinator shall devise an internet site to identify rules for which a petition for a waiver has been granted or denied and make this information available to the public. When an agency grants a waiver, the agency shall submit the information required by this subsection on the internet site within sixty days. The internet site shall identify the rules for which a waiver has been granted or denied, the number of times a waiver was granted or denied for each rule, a citation to the statutory provisions implemented by these rules, and a general summary of the reasons justifying the agencies’ actions on the waiver request. To the extent practicable, the agency shall include information detailing the extent to which the granting of a waiver has established a precedent for additional waivers and the extent to which the granting of a waiver has affected the general applicability of the rule itself.

5. For purposes of this section, “a waiver” means an agency action which suspends in whole or in part the requirements or provisions of a rule as applied to an identified person on the basis of the particular circumstances of that person.

17A.10 Informal settlements — waiver.

1. Unless precluded by statute, informal settlements of controversies that may culminate in contested case proceedings according to the provisions of this chapter are encouraged. Agencies shall prescribe by rule specific procedures for attempting such informal settlements prior to the commencement of contested case proceedings. This subsection shall not be construed to require either party to such a controversy to utilize the informal procedures or to settle the controversy pursuant to those informal procedures.

2. The parties to a contested case proceeding may, by written stipulation representing an informed mutual consent, waive any provision of this chapter relating to such proceedings. In addition to consenting to such a waiver in individual cases, an agency may, by rule, express its consent to such a waiver as to an entire class of cases.

17A.10A Contested cases — no factual dispute.

Upon petition by a party in a matter that would be a contested case if there was a dispute over the existence of material facts, all of the provisions of this chapter applicable to contested cases, except those relating to presentation of evidence, shall be applicable even though there is no factual dispute in the particular case.

17A.11 Presiding officer, disqualification, substitution.

1. *a.* If the agency or an officer of the agency under whose authority the contested case is to take place is a named party to that proceeding or a real party in interest to that proceeding the presiding officer may be, in the discretion of the agency, either the agency, one or more members of a multimember agency, or one or more administrative law judges assigned by the division of administrative hearings in accordance with the provisions of section 10A.801. However, a party may, within a time period specified by rule, request that the presiding officer be an administrative law judge assigned by the division of administrative hearings. Except as otherwise provided by statute, the agency shall grant a request by a party for an administrative law judge unless the agency finds, and states reasons for the finding, that any of the following conditions exist:

(1) There is a compelling need to expedite issuance of a final decision in order to protect the public health, safety, or welfare.

(2) A qualified administrative law judge is unavailable to hear the case within a reasonable time.

(3) The case involves significant policy issues of first impression that are inextricably intertwined with the factual issues presented.

(4) The demeanor of the witnesses is likely to be dispositive in resolving the disputed factual issues.

(5) Funds are unavailable to pay the costs of an administrative law judge and an intra-agency appeal.

(6) The request was not timely filed.

(7) There is other identified good cause, as specified by rule, for denying the request.

b. If the agency or an officer of the agency under whose authority the contested case is to take place is not a named party to that proceeding or a real party in interest to that proceeding the presiding officer may be, in the discretion of the agency, either the agency, one or more members of a multimember agency, an administrative law judge assigned by the division of administrative hearings in accordance with the provisions of section 10A.801, or any other qualified person designated as a presiding officer by the agency. Any other person designated as a presiding officer by the agency may be employed by and officed in the agency for which that person acts as a presiding officer, but such a person shall not perform duties inconsistent with that person's duties and responsibilities as a presiding officer.

c. For purposes of paragraph "a", the division of administrative hearings established

in section 10A.801 shall be treated as a wholly separate agency from the department of inspections and appeals.

2. Any person serving or designated to serve alone or with others as a presiding officer is subject to disqualification for bias, prejudice, interest, or any other cause provided in this chapter or for which a judge is or may be disqualified.

3. Any party may timely request the disqualification of a person as a presiding officer by filing a motion supported by an affidavit asserting an appropriate ground for disqualification, after receipt of notice indicating that the person will preside or upon discovering facts establishing grounds for disqualification, whichever is later.

4. A person whose disqualification is requested shall determine whether to grant the request, stating facts and reasons for the determination.

5. If a substitute is required for a person who is disqualified or becomes unavailable for any other reason, the substitute shall be appointed by either of the following:

a. The governor, if the disqualified or unavailable person is an elected official.

b. The appointing authority, if the disqualified or unavailable person is an appointed official.

6. Any action taken by a duly-appointed substitute for a disqualified or unavailable person is as effective as if taken by the latter.

17A.12 Contested cases — notice — hearing — records.

1. In a contested case, all parties shall be afforded an opportunity for hearing after reasonable notice in writing delivered either by personal service as in civil actions or by certified mail return receipt requested. However, an agency may provide by rule for the delivery of such notice by other means. Delivery of the notice referred to in this subsection shall constitute commencement of the contested case proceeding.

2. The notice shall include:

a. A statement of the time, place, and nature of the hearing.

b. A statement of the legal authority and jurisdiction under which the hearing is to be held.

c. A reference to the particular sections of the statutes and rules involved.

d. A short and plain statement of the matters asserted. If the agency or other party is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter upon application a more definite and detailed statement shall be furnished.

3. If a party fails to appear or participate in a contested case proceeding after proper service of notice, the presiding officer may, if no adjournment is granted, enter a default decision or proceed with the hearing and make a decision in the absence of the party. The parties shall be duly notified of the decision, together with the presiding officer's reasons for the decision, which is the final decision of the agency, unless within fifteen days, or such period of time as otherwise specified by statute or rule, after the date of notification or mailing of the decision, further appeal is initiated. If a decision is rendered against a party who failed to appear for the hearing and the presiding officer is timely requested by that party to vacate the decision for good cause, the time for initiating a further appeal is stayed pending a determination by the presiding officer to grant or deny the request. If adequate reasons are provided showing good cause for the party's failure to appear, the presiding officer shall vacate the decision and, after proper service of notice, conduct another evidentiary hearing. If adequate reasons are not provided showing good cause for the party's failure to appear, the presiding officer shall deny the motion to vacate.

4. Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved and to be represented by counsel at their own expense.

5. Unless precluded by statute, informal disposition may be made of any contested case

by stipulation, agreed settlement, consent order, default, or another method agreed upon by the parties in writing.

6. The record in a contested case shall include:

- a. All pleadings, motions, and intermediate rulings.
- b. All evidence received or considered and all other submissions.
- c. A statement of all matters officially noticed.
- d. All questions and offers of proof, objections, and rulings thereon.
- e. All proposed findings and exceptions.
- f. Any decision, opinion, or report by the officer presiding at the hearing.

7. Oral proceedings shall be open to the public and shall be recorded either by mechanized means or by certified shorthand reporters. Oral proceedings or any part thereof shall be transcribed at the request of any party with the expense of the transcription charged to the requesting party. The recording or stenographic notes of oral proceedings or the transcription thereof shall be filed with and maintained by the agency for at least five years from the date of decision.

8. Findings of fact shall be based solely on the evidence in the record and on matters officially noticed in the record.

9. Unless otherwise provided by statute, a person's request or demand for a contested case proceeding shall be in writing, delivered to the agency by United States postal service or personal service and shall be considered as filed with the agency on the date of the United States postal service postmark or the date personal service is made.

17A.13 Subpoenas — discovery.

1. Agencies have all subpoena powers conferred upon them by their enabling acts or other statutes. In addition, prior to the commencement of a contested case by the notice referred to in section 17A.12, subsection 1, an agency having power to decide contested cases may subpoena books, papers, records, and any other real evidence necessary for the agency to determine whether it should institute a contested case proceeding. After the commencement of a contested case, each agency having power to decide contested cases may administer oaths and issue subpoenas in those cases. Discovery procedures applicable to civil actions are available to all parties in contested cases before an agency. Evidence obtained in discovery may be used in the hearing before the agency if that evidence would otherwise be admissible in the agency hearing. Agency subpoenas shall be issued to a party on request. On contest, the court shall sustain the subpoena or similar process or demand to the extent that it is found to be in accordance with the law applicable to the issuance of subpoenas or discovery in civil actions. In proceedings for enforcement, the court shall issue an order requiring the appearance of the witness or the production of the evidence or data within a reasonable time under penalty of punishment for contempt in cases of willful failure to comply.

2. An agency that relies on a witness in a contested case, whether or not an agency employee, who has made prior statements or reports with respect to the subject matter of the witness' testimony, shall, on request, make such statements or reports available to parties for use on cross-examination, unless those statements or reports are otherwise expressly exempt from disclosure by Constitution or statute. Identifiable agency records that are relevant to disputed material facts involved in a contested case, shall, upon request, promptly be made available to a party unless the requested records are expressly exempt from disclosure by Constitution or statute.

17A.14 Rules of evidence — official notice.

In contested cases:

1. Irrelevant, immaterial, or unduly repetitious evidence should be excluded. A finding

shall be based upon the kind of evidence on which reasonably prudent persons are accustomed to rely for the conduct of their serious affairs, and may be based upon such evidence even if it would be inadmissible in a jury trial. Agencies shall give effect to the rules of privilege recognized by law. Objections to evidentiary offers may be made and shall be noted in the record. Subject to these requirements, when a hearing will be expedited and the interests of the parties will not be prejudiced substantially, any part of the evidence may be required to be submitted in verified written form.

2. Documentary evidence may be received in the form of copies or excerpts, if the original is not readily available. Upon request, parties shall be given an opportunity to compare the copy with the original, if available.

3. Witnesses at the hearing, or persons whose testimony has been submitted in written form if available, shall be subject to cross-examination by any party as necessary for a full and true disclosure of the facts.

4. Official notice may be taken of all facts of which judicial notice may be taken and of other facts within the specialized knowledge of the agency. Parties shall be notified at the earliest practicable time, either before or during the hearing, or by reference in preliminary reports, preliminary decisions or otherwise, of the facts proposed to be noticed and their source, including any staff memoranda or data, and the parties shall be afforded an opportunity to contest such facts before the decision is announced unless the agency determines as part of the record or decision that fairness to the parties does not require an opportunity to contest such facts.

5. The agency's experience, technical competence, and specialized knowledge may be utilized in the evaluation of the evidence.

Referred to in §17A.9, 68B.31, 421.17

17A.15 Final decisions — proposed decisions — conclusiveness — review by the agency.

1. When the agency presides at the reception of the evidence in a contested case, the decision of the agency is a final decision.

2. When the agency did not preside at the reception of the evidence in a contested case, the presiding officer shall make a proposed decision. Findings of fact shall be prepared by the officer presiding at the reception of the evidence in a contested case unless the officer becomes unavailable to the agency. If the officer is unavailable, the findings of fact may be prepared by another person qualified to be a presiding officer who has read the record, unless demeanor of witnesses is a substantial factor. If demeanor is a substantial factor and the presiding officer is unavailable, the portions of the hearing involving demeanor shall be heard again or the case shall be dismissed.

3. When the presiding officer makes a proposed decision, that decision then becomes the final decision of the agency without further proceedings unless there is an appeal to, or review on motion of, the agency within the time provided by rule. On appeal from or review of the proposed decision, the agency has all the power which it would have in initially making the final decision except as it may limit the issues on notice to the parties or by rule. The agency may reverse or modify any finding of fact if a preponderance of the evidence will support a determination to reverse or modify such a finding, or may reverse or modify any conclusion of law that the agency finds to be in error. In cases where there is an appeal from a proposed decision or where a proposed decision is reviewed on motion of the agency, an opportunity shall be afforded to each party to file exceptions, present briefs and, with the consent of the agency, present oral arguments to the agency members who are to render the final decision.

4. This section shall not preclude an agency from instituting a system whereby the proposed decision of a presiding officer in a contested case may be appealed to, or reviewed on motion of, a body consisting of one or more persons that is between the presiding officer and the agency. If an agency institutes such a system of intermediate review, the proposed decision of the presiding officer becomes the final decision of the agency without further proceedings unless there is an appeal to, or review on motion of, the intermediate reviewing body within the time provided by rule. An intermediate reviewing body may be vested with all or a part of the power which it would have in initially making the decision. A decision of

such an intermediate reviewing body is also a proposed decision and shall become the final decision of the agency without further proceedings unless there is an appeal to, or review on motion of, the agency within the time provided by rule. In cases where there is an appeal from a proposed decision rendered by a presiding officer to an intermediate reviewing body, or where such a proposed decision is reviewed on motion of an intermediate reviewing body, an opportunity shall be afforded to each party to file exceptions, present briefs and, with the consent of the intermediate reviewing body, present oral arguments to those who are to render the decision.

5. When an appeal from an agency decision in a contested case may be taken to another agency pursuant to statute, or a second agency may according to statute review on its own motion the decision in a contested case by the first agency, the appeal or review shall be deemed a continuous proceeding as though before one agency. A decision of the first agency in such a case is a proposed decision and shall become the final decision without further proceedings unless there is an appeal to, or review on motion of, the second agency within the time provided by statute or rule. In deciding an appeal from or review of a proposed decision of the first agency, the second agency shall have all those powers conferred upon it by statute and shall afford each party an opportunity to file exceptions, present briefs and, with its consent, present oral arguments to agency members who are to render the final decision.

17A.16 Decisions and orders — rehearing.

1. A proposed or final decision or order in a contested case shall be in writing or stated in the record. A proposed or final decision shall include findings of fact and conclusions of law, separately stated. Findings of fact, if set forth in statutory language, shall be accompanied by a concise and explicit statement of underlying facts supporting the findings. The decision shall include an explanation of why the relevant evidence in the record supports each material finding of fact. If, in accordance with agency rules, a party submitted proposed findings of fact, the decision shall include a ruling upon each proposed finding. Each conclusion of law shall be supported by cited authority or by a reasoned opinion. Parties shall be promptly notified of each proposed or final decision or order by the delivery to them of a copy of such decision or order in the manner provided by section 17A.12, subsection 1.

2. Except as expressly provided otherwise by another statute referring to this chapter by name, any party may file an application for rehearing, stating the specific grounds for the rehearing and the relief sought, within twenty days after the date of the issuance of any final decision by the agency in a contested case. A copy of the application for rehearing shall be timely mailed by the presiding agency to all parties of record not joining in the application. An application for rehearing shall be deemed to have been denied unless the agency grants the application within twenty days after its filing.

17A.17 Ex parte communications and separation of functions.

1. a. Unless required for the disposition of ex parte matters specifically authorized by statute, a presiding officer in a contested case shall not communicate directly or indirectly with any person or party in connection with any issue of fact or law in that contested case, except upon notice and opportunity for all parties to participate as shall be provided for by agency rules.

b. However, without such notice and opportunity for all parties to participate, a presiding officer in a contested case may communicate with members of the agency, and may have the aid and advice of persons other than those with a personal interest in, or those engaged in personally investigating, prosecuting, or advocating in, either the case under consideration or a pending factually related case involving the same parties so long as those persons do not directly or indirectly communicate to the presiding officer any ex parte communications they

have received of a type that the presiding officer would be prohibited from receiving or that furnish, augment, diminish, or modify the evidence in the record.

2. Unless required for the disposition of ex parte matters specifically authorized by statute, parties or their representatives in a contested case and persons with a direct or indirect interest in such a case shall not communicate, directly or indirectly, in connection with any issue of fact or law in that contested case, with a presiding officer in that contested case, except upon notice and opportunity for all parties to participate as shall be provided for by agency rules.

3. If, before serving as the presiding officer in a contested case, a person receives an ex parte communication relating directly to the merits of the proceeding over which that person subsequently presides, the person, promptly after starting to serve, shall disclose to all parties any material factual information so received and not otherwise disclosed to those parties pursuant to section 17A.13, subsection 2, or through discovery.

4. A presiding officer who receives an ex parte communication in violation of this section shall place on the record of the pending matter all such written communications received, all written responses to the communications, and a memorandum stating the substance of all such oral and other communications received, all responses made, and the identity of each person from whom the presiding officer received a prohibited ex parte communication, and shall advise all parties that these matters have been placed on the record. Any party desiring to rebut the prohibited ex parte communication must be allowed to do so, upon requesting the opportunity for rebuttal within ten days after notice of the communication.

5. If the effect of an ex parte communication received in violation of this section is so prejudicial that it cannot be cured by the procedure in subsection 4, a presiding officer who receives the communication shall be disqualified and the portions of the record pertaining to the communication shall be sealed by protective order.

6. The agency and any party may report any violation of this section to appropriate authorities for any disciplinary proceedings provided by law. In addition, each agency by rule shall provide for appropriate sanctions, including default, suspending or revoking a privilege to practice before the agency, and censuring, suspending, or dismissing agency personnel, for any violations of this section.

7. A party to a contested case proceeding may file a timely and sufficient affidavit alleging a violation of any provision of this section. The agency shall determine the matter as part of the record in the case. When an agency in these circumstances makes such a determination with respect to an agency member, that determination shall be subject to de novo judicial review in any subsequent review proceeding of the case.

8. An individual who participates in the making of any proposed or final decision in a contested case shall not have personally investigated, prosecuted, or advocated in connection with that case, the specific controversy underlying that case, or another pending factually related contested case, or pending factually related controversy that may culminate in a contested case, involving the same parties. In addition, such an individual shall not be subject to the authority, direction, or discretion of any person who has personally investigated, prosecuted, or advocated in connection with that contested case, the specific controversy underlying that contested case, or a pending factually related contested case or controversy, involving the same parties. However, this section shall not be construed to preclude a person from serving as a presiding officer solely because that person determined there was probable cause to initiate the proceeding.

17A.18 Licenses.

1. When the grant, denial, or renewal of a license is required by Constitution or statute to be preceded by notice and opportunity for an evidentiary hearing, the provisions of this chapter concerning contested cases apply.

2. When a licensee has made timely and sufficient application for the renewal of a license or a new license with reference to any activity of a continuing nature, the existing license

does not expire until the application has been finally determined by the agency, and, in case the application is denied or the terms of the new license limited, until the last day for seeking judicial review of the agency order or a later date fixed by order of the agency or the reviewing court.

3. No revocation, suspension, annulment, or withdrawal, in whole or in part, of any license is lawful unless, prior to the institution of agency proceedings, the agency gave written, timely notice by personal service as in civil actions or by restricted certified mail to the licensee of facts or conduct and the provision of law which warrants the intended action, and the licensee was given an opportunity to show, in an evidentiary hearing conducted according to the provisions of this chapter for contested cases, compliance with all lawful requirements for the retention of the license.

17A.18A Emergency adjudicative proceedings.

1. Notwithstanding any other provision of this chapter and to the extent consistent with the Constitution of the State of Iowa and of the United States, an agency may use emergency adjudicative proceedings in a situation involving an immediate danger to the public health, safety, or welfare requiring immediate agency action.

2. The agency may take only such action as is necessary to prevent or avoid the immediate danger to the public health, safety, or welfare that justifies use of emergency adjudication.

3. The agency shall issue an order, including a brief statement of findings of fact, conclusions of law, and policy reasons for the decision if it is an exercise of the agency's discretion, to justify the determination of an immediate danger and the agency's decision to take the specific action.

4. The agency shall give such notice as is practicable to persons who are required to comply with the order. The order is effective when issued.

5. After issuing an order pursuant to this section, the agency shall proceed as quickly as feasible to complete any proceedings that would be required if the matter did not involve an immediate danger.

6. The agency record consists of any documents regarding the matter that were considered or prepared by the agency. The agency shall maintain these documents as its official record.

7. Unless otherwise required by a provision of law, the agency record need not constitute the exclusive basis for agency action in emergency adjudicative proceedings or for judicial review thereof.

17A.19 Judicial review.

Except as expressly provided otherwise by another statute referring to this chapter by name, the judicial review provisions of this chapter shall be the exclusive means by which a person or party who is aggrieved or adversely affected by agency action may seek judicial review of such agency action. However, nothing in this chapter shall abridge or deny to any person or party who is aggrieved or adversely affected by any agency action the right to seek relief from such action in the courts.

1. A person or party who has exhausted all adequate administrative remedies and who is aggrieved or adversely affected by any final agency action is entitled to judicial review thereof under this chapter. When agency action is pursuant to rate regulatory powers over public utilities or common carriers and the aggrievement or adverse effect is to the rates or charges of a public utility or common carrier, the agency action shall not be final until all agency remedies have been exhausted and a decision prescribing rates which satisfy the requirements of those provisions of the Code has been rendered. A preliminary, procedural, or intermediate agency action is immediately reviewable if all adequate administrative remedies have been exhausted and review of the final agency action would not provide

an adequate remedy. If a declaratory order has not been rendered within sixty days after the filing of a petition therefor under section 17A.9, or by such later time as agreed by the parties, or if the agency declines to issue such a declaratory order after receipt of a petition therefor, any administrative remedy available under section 17A.9 shall be deemed inadequate or exhausted.

2. Proceedings for judicial review shall be instituted by filing a petition either in Polk county district court or in the district court for the county in which the petitioner resides or has its principal place of business. When a proceeding for judicial review has been commenced, a court may, in the interest of justice, transfer the proceeding to another county where the venue is proper. Within ten days after the filing of a petition for judicial review the petitioner shall serve by the means provided in the Iowa rules of civil procedure for the personal service of an original notice, or shall mail copies of the petition to all parties named in the petition and, if the petition involves review of agency action in a contested case, all parties of record in that case before the agency. Such personal service or mailing shall be jurisdictional. The delivery by personal service or mailing referred to in this subsection may be made upon the party's attorney of record in the proceeding before the agency. A mailing shall be addressed to the parties or their attorney of record at their last known mailing address. Proof of mailing shall be by affidavit. Any party of record in a contested case before an agency wishing to intervene and participate in the review proceeding must file an appearance within forty-five days from the time the petition is filed.

3. If a party files an application under section 17A.16, subsection 2, for rehearing with the agency, the petition for judicial review must be filed within thirty days after that application has been denied or deemed denied. If a party does not file an application under section 17A.16, subsection 2, for rehearing, the petition must be filed within thirty days after the issuance of the agency's final decision in that contested case. If an application for rehearing is granted, the petition for review must be filed within thirty days after the issuance of the agency's final decision on rehearing. In cases involving a petition for judicial review of agency action other than the decision in a contested case, the petition may be filed at any time petitioner is aggrieved or adversely affected by that action.

4. The petition for review shall name the agency as respondent and shall contain a concise statement of:

- a. The nature of the agency action which is the subject of the petition.
- b. The particular agency action appealed from.
- c. The facts on which venue is based.
- d. The grounds on which relief is sought.
- e. The relief sought.

5. a. The filing of the petition for review does not itself stay execution or enforcement of any agency action. Unless precluded by law, the agency may grant a stay on appropriate terms or other temporary remedies during the pendency of judicial review.

b. A party may file an interlocutory motion in the reviewing court, during the pendency of judicial review, seeking review of the agency's action on an application for stay or other temporary remedies.

c. If the agency refuses to grant an application for stay or other temporary remedies, or application to the agency for a stay or other temporary remedies is an inadequate remedy, the court may grant relief but only after a consideration and balancing of all of the following factors:

(1) The extent to which the applicant is likely to prevail when the court finally disposes of the matter.

(2) The extent to which the applicant will suffer irreparable injury if relief is not granted.

(3) The extent to which the grant of relief to the applicant will substantially harm other parties to the proceedings.

(4) The extent to which the public interest relied on by the agency is sufficient to justify the agency's action in the circumstances.

d. If the court determines that relief should be granted from the agency's action on an application for stay or other temporary remedies, the court may remand the matter to the agency with directions to deny a stay, to grant a stay on appropriate terms, or to grant other

temporary remedies, or the court may issue an order denying a stay, granting a stay on appropriate terms, or granting other temporary remedies.

6. Within thirty days after filing of the petition, or within further time allowed by the court, the agency shall transmit to the reviewing court the original or a certified copy of the entire record of any contested case which may be the subject of the petition. By stipulation of all parties to the review proceedings, the record of such a case may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional costs. The court may require or permit subsequent corrections or additions to the record.

7. In proceedings for judicial review of agency action a court may hear and consider such evidence as it deems appropriate. In proceedings for judicial review of agency action in a contested case, however, a court shall not itself hear any further evidence with respect to those issues of fact whose determination was entrusted by the Constitution or a statute to the agency in that contested case proceeding. Before the date set for hearing a petition for judicial review of agency action in a contested case, application may be made to the court for leave to present evidence in addition to that found in the record of the case. If it is shown to the satisfaction of the court that the additional evidence is material and that there were good reasons for failure to present it in the contested case proceeding before the agency, the court may order that the additional evidence be taken before the agency upon conditions determined by the court. The agency may modify its findings and decision in the case by reason of the additional evidence and shall file that evidence and any modifications, new findings, or decisions with the reviewing court and mail copies of the new findings or decisions to all parties.

8. Except to the extent that this chapter provides otherwise, in suits for judicial review of agency action all of the following apply:

a. The burden of demonstrating the required prejudice and the invalidity of agency action is on the party asserting invalidity.

b. The validity of agency action must be determined in accordance with the standards of review provided in this section, as applied to the agency action at the time that action was taken.

9. The court shall make a separate and distinct ruling on each material issue on which the court's decision is based.

10. The court may affirm the agency action or remand to the agency for further proceedings. The court shall reverse, modify, or grant other appropriate relief from agency action, equitable or legal and including declaratory relief, if it determines that substantial rights of the person seeking judicial relief have been prejudiced because the agency action is any of the following:

a. Unconstitutional on its face or as applied or is based upon a provision of law that is unconstitutional on its face or as applied.

b. Beyond the authority delegated to the agency by any provision of law or in violation of any provision of law.

c. Based upon an erroneous interpretation of a provision of law whose interpretation has not clearly been vested by a provision of law in the discretion of the agency.

d. Based upon a procedure or decision-making process prohibited by law or was taken without following the prescribed procedure or decision-making process.

e. The product of decision making undertaken by persons who were improperly constituted as a decision-making body, were motivated by an improper purpose, or were subject to disqualification.

f. Based upon a determination of fact clearly vested by a provision of law in the discretion of the agency that is not supported by substantial evidence in the record before the court when that record is viewed as a whole. For purposes of this paragraph, the following terms have the following meanings:

(1) "*Substantial evidence*" means the quantity and quality of evidence that would be deemed sufficient by a neutral, detached, and reasonable person, to establish the fact at issue when the consequences resulting from the establishment of that fact are understood to be serious and of great importance.

(2) "*Record before the court*" means the agency record for judicial review, as defined

by this chapter, supplemented by any additional evidence received by the court under the provisions of this chapter.

(3) “When that record is viewed as a whole” means that the adequacy of the evidence in the record before the court to support a particular finding of fact must be judged in light of all the relevant evidence in the record cited by any party that detracts from that finding as well as all of the relevant evidence in the record cited by any party that supports it, including any determinations of veracity by the presiding officer who personally observed the demeanor of the witnesses and the agency’s explanation of why the relevant evidence in the record supports its material findings of fact.

g. Action other than a rule that is inconsistent with a rule of the agency.

h. Action other than a rule that is inconsistent with the agency’s prior practice or precedents, unless the agency has justified that inconsistency by stating credible reasons sufficient to indicate a fair and rational basis for the inconsistency.

i. The product of reasoning that is so illogical as to render it wholly irrational.

j. The product of a decision-making process in which the agency did not consider a relevant and important matter relating to the propriety or desirability of the action in question that a rational decision maker in similar circumstances would have considered prior to taking that action.

k. Not required by law and its negative impact on the private rights affected is so grossly disproportionate to the benefits accruing to the public interest from that action that it must necessarily be deemed to lack any foundation in rational agency policy.

l. Based upon an irrational, illogical, or wholly unjustifiable interpretation of a provision of law whose interpretation has clearly been vested by a provision of law in the discretion of the agency.

m. Based upon an irrational, illogical, or wholly unjustifiable application of law to fact that has clearly been vested by a provision of law in the discretion of the agency.

n. Otherwise unreasonable, arbitrary, capricious, or an abuse of discretion.

11. In making the determinations required by subsection 10, paragraphs “a” through “n”, the court shall do all of the following:

a. Shall not give any deference to the view of the agency with respect to whether particular matters have been vested by a provision of law in the discretion of the agency.

b. Should not give any deference to the view of the agency with respect to particular matters that have not been vested by a provision of law in the discretion of the agency.

c. Shall give appropriate deference to the view of the agency with respect to particular matters that have been vested by a provision of law in the discretion of the agency.

12. A defendant in a suit for civil enforcement of agency action may defend on any of the grounds specified in subsection 10, paragraphs “a” through “n”, if that defendant, at the time the enforcement suit was filed, would have been entitled to rely upon any of those grounds as a basis for invalidating the agency action in a suit for judicial review of that action brought at the time the enforcement suit was filed. If a suit for civil enforcement of agency action in a contested case is filed within the time period in which the defendant could have filed a petition for judicial review of that agency action, and the agency subsequently dismisses its suit for civil enforcement of that agency action against the defendant, the defendant may, within thirty days of that dismissal, file a petition for judicial review of the original agency action at issue if the defendant relied upon any of the grounds for judicial review in subsection 10, paragraphs “a” through “n”, in a responsive pleading to the enforcement action, or if the time to file a responsive pleading had not yet expired at the time the enforcement action was dismissed.

Except as expressly provided otherwise by this chapter or by another statute referring to this chapter by name, the rights created and the requirements imposed by this chapter shall be in addition to those created or imposed by every other statute in existence on July 1, 1975, or enacted after that date. If any other statute in existence on July 1, 1975, or enacted after that date diminishes a right conferred upon a person by this chapter or diminishes a requirement imposed upon an agency by this chapter, this chapter shall take precedence unless the other statute expressly provides that it shall take precedence over all or some specified portion of this cited chapter.

2. This chapter shall be construed broadly to effectuate its purposes. This chapter shall also be construed to apply to all agencies not expressly exempted by this chapter or by another statute specifically referring to this chapter by citation; and except as to proceedings in process on July 1, 1975, this chapter shall be construed to apply to all covered agency proceedings and all agency action not expressly exempted by this chapter or by another statute specifically referring to this chapter by citation.

Unless otherwise specifically provided in statute, a grant of rulemaking authority shall be construed narrowly.

4. An agency shall not implement or enforce any standard, requirement, or threshold, including any term or condition of a permit or license issued by the agency, unless that standard, requirement, or threshold is clearly required or clearly permitted by a state statute, rule adopted pursuant to this chapter, or a federal statute or regulation, or is required by a court ruling, a state or federal executive order, a state or federal directive that would result in the gain or loss of specific funding, or a federal waiver.

LAND USE — SMART PLANNING

- 18B.1 Iowa smart planning principles. 18B.2 Local comprehensive planning
and development guidelines.

18B.1 Iowa smart planning principles.

State agencies, local governments, and other public entities shall consider and may apply the following principles during deliberation of all appropriate planning, zoning, development, and resource management decisions, except that nothing in this section shall be construed to expand the eminent domain authority of a state agency, local government, or other public entity beyond that which is authorized under chapter 6A or 6B:

1. *Collaboration.* Governmental, community, and individual stakeholders, including those outside the jurisdiction of the entity, are encouraged to be involved and provide comment during deliberation of planning, zoning, development, and resource management decisions and during implementation of such decisions. The state agency, local government, or other public entity is encouraged to develop and implement a strategy to facilitate such participation.

2. *Efficiency, transparency, and consistency.* Planning, zoning, development, and resource management should be undertaken to provide efficient, transparent, and consistent outcomes. Individuals, communities, regions, and governmental entities should share in the responsibility to promote the equitable distribution of development benefits and costs.

3. *Clean, renewable, and efficient energy.* Planning, zoning, development, and resource management should be undertaken to promote clean and renewable energy use and increased energy efficiency.

4. *Occupational diversity.* Planning, zoning, development, and resource management should promote increased diversity of employment and business opportunities, promote access to education and training, expand entrepreneurial opportunities, and promote the establishment of businesses in locations near existing housing, infrastructure, and transportation.

5. *Revitalization.* Planning, zoning, development, and resource management should facilitate the revitalization of established town centers and neighborhoods by promoting development that conserves land, protects historic resources, promotes pedestrian

accessibility, and integrates different uses of property. Remediation and reuse of existing sites, structures, and infrastructure is preferred over new construction in undeveloped areas.

6. *Housing diversity.* Planning, zoning, development, and resource management should encourage diversity in the types of available housing, support the rehabilitation of existing housing, and promote the location of housing near public transportation and employment centers.

7. *Community character.* Planning, zoning, development, and resource management should promote activities and development that are consistent with the character and architectural style of the community and should respond to local values regarding the physical character of the community.

8. *Natural resources and agricultural protection.* Planning, zoning, development, and resource management should emphasize protection, preservation, and restoration of natural resources, agricultural land, and cultural and historic landscapes, and should increase the availability of open spaces and recreational facilities.

9. *Sustainable design.* Planning, zoning, development, and resource management should promote developments, buildings, and infrastructure that utilize sustainable design and construction standards and conserve natural resources by reducing waste and pollution through efficient use of land, energy, water, air, and materials.

10. *Transportation diversity.* Planning, zoning, development, and resource management should promote expanded transportation options for residents of the community. Consideration should be given to transportation options that maximize mobility, reduce congestion, conserve fuel, and improve air quality.

The comprehensive plan or land development regulations may identify existing or potential conflicts between the municipality and other local governments related to future development of the municipality and may include recommendations for resolving such conflicts. The comprehensive plan or land development regulations may also identify opportunities to collaborate and partner with neighboring jurisdictions and other entities in the region for projects of mutual interest.

m. A compilation of programs and specific actions necessary to implement any provision of the comprehensive plan, including changes to any applicable land development regulations, official maps, or subdivision ordinances.

1. It is the policy of this state to provide equal opportunity in state employment to all persons. An individual shall not be denied equal access to state employment opportunities because of race, creed, color, religion, national origin, sex, age, or physical or mental disability. 20.9 Scope of negotiations.

1. For negotiations regarding a bargaining unit with at least thirty percent of members who are public safety employees, the public employer and the employee organization shall meet at reasonable times, including meetings reasonably in advance of the public employer's budget-making process, to negotiate in good faith with respect to wages, hours, vacations, insurance, holidays, leaves of absence, shift differentials, overtime compensation, supplemental pay, seniority, transfer procedures, job classifications, health and safety matters, evaluation procedures, procedures for staff reduction, in-service training, grievance procedures for resolving any questions arising under the agreement, and other matters mutually agreed upon. For negotiations regarding a bargaining unit that does not have at least thirty percent of members who are public safety employees, the public employer and the employee organization shall meet at reasonable times, including meetings reasonably in advance of the public employer's budget-making process, to negotiate in good faith with respect to base wages and other matters mutually agreed upon. Such obligation to negotiate in good faith does not compel either party to agree to a proposal or make a concession. Mandatory subjects of negotiation specified in this subsection shall be interpreted narrowly and restrictively.

2. Nothing in this section shall diminish the authority and power of the department of administrative services, board of regents' merit system, Iowa public broadcasting board's merit system, or any civil service commission established by constitutional provision, statute, charter, or special act to recruit employees, prepare, conduct, and grade examinations, rate candidates in order of their relative scores for certification for appointment or promotion or for other matters of classification, reclassification, or appeal rights in the classified service of the public employer served.

3. All retirement systems, dues checkoffs, and other payroll deductions for political action committees or other political contributions or political activities shall be excluded from the scope of negotiations. For negotiations regarding a bargaining unit that does not have at least thirty percent of members who are public safety employees, insurance, leaves of absence for political activities, supplemental pay, transfer procedures, evaluation procedures, procedures for staff reduction, and subcontracting public services shall also be excluded from the scope of negotiations.

4. The term of a contract entered into pursuant to this chapter shall not exceed five years.

Subsection 3, paragraph f amended

20.11 Prohibited practice violations.

1. Proceedings against a party alleging a violation of section 20.10 shall be commenced by filing a complaint with the board within ninety days of the alleged violation, causing a

copy of the complaint to be served upon the accused party. The accused party shall have ten days within which to file a written answer to the complaint. However, the board may conduct a preliminary investigation of the alleged violation, and if the board determines that the complaint has no basis in fact, the board may dismiss the complaint. The board shall promptly thereafter set a time and place for hearing in the county where the alleged violation occurred, provided, however, that the presiding officer may conduct the hearing through the use of technology from a remote location. The parties shall be permitted to be represented by counsel, summon witnesses, and request the board to subpoena witnesses on the requester's behalf. Compliance with the technical rules of pleading and evidence shall not be required.

2. The board may designate one of its members, an administrative law judge, or any other qualified person employed by the board to serve as the presiding officer at the hearing. The presiding officer has the powers as may be exercised by the board for conducting the hearing and shall follow the procedures adopted by the board for conducting the hearing. The proposed decision of the presiding officer may be appealed to the board, or reviewed on motion of the board, in accordance with the provisions of chapter 17A.

3. The board shall appoint a certified shorthand reporter to report the proceedings and the board shall fix the reasonable amount of compensation for such service, and for any transcript requested by the board, which amounts shall be taxed as other costs.

4. The board shall file its findings of fact and conclusions of law within sixty days of the close of any hearing, receipt of the transcript, or submission of any briefs. If the board finds that the party accused has committed a prohibited practice, the board may, within thirty days of its decision, enter into a consent order with the party to discontinue the practice, or after the thirty days following the decision may petition the district court for injunctive relief pursuant to rules of civil procedure 1.1501 to 1.1511.

5. The board's review of proposed decisions and the rehearing or judicial review of final decisions is governed by the provisions of chapter 17A.

20.12 Strikes prohibited — penalties.

1. It shall be unlawful for any public employee or any employee organization, directly or indirectly, to induce, instigate, encourage, authorize, ratify, or participate in a strike against any public employer.

2. It shall be unlawful for any public employer to authorize, consent to, or condone a strike; or to pay or agree to pay any public employee for any day in which the employee participates in a strike; or to pay or agree to pay any increase in compensation or benefits to any public employee in response to or as a result of any strike or any act which violates subsection 1. It shall be unlawful for any official, director, or representative of any public employer to authorize, ratify, or participate in any violation of this subsection. Nothing in this subsection shall prevent new or renewed bargaining and agreement within the scope of negotiations as defined by this chapter, at any time after such violation of subsection 1 has ceased; but it shall be unlawful for any public employer or employee organization to bargain at any time regarding suspension or modification of any penalty provided in this section or regarding any request by the public employer to a court for such suspension or modification.

3. In the event of any violation or imminently threatened violation of subsection 1 or 2, any citizen domiciled within the jurisdictional boundaries of the public employer may petition the district court for the county in which the violation occurs or the district court for Polk county for an injunction restraining such violation or imminently threatened violation. Rules of civil procedure 1.1501 to 1.1511 regarding injunctions shall apply. However, the court shall grant a temporary injunction if it appears to the court that a violation has occurred or is imminently threatened; the plaintiff need not show that the violation or threatened violation would greatly or irreparably injure the plaintiff; and no bond shall be required of the plaintiff unless the court determines that a bond is necessary in the public interest. Failure to comply with any temporary or permanent injunction granted pursuant to this section shall constitute a contempt punishable pursuant to chapter 665. The punishment shall not exceed

five hundred dollars for an individual, or ten thousand dollars for an employee organization or public employer, for each day during which the failure to comply continues, or imprisonment in a county jail not exceeding six months, or both such fine and imprisonment. An individual or an employee organization which makes an active good faith effort to comply fully with the injunction shall not be deemed to be in contempt.

4. If a public employee is held to be in contempt of court for failure to comply with an injunction pursuant to this section, or is convicted of violating this section, the employee shall be ineligible for any employment by the same public employer for a period of twelve months. The employee's public employer shall immediately discharge the employee, but upon the employee's request the court shall stay the discharge to permit further judicial proceedings.

5. If an employee organization or any of its officers is held to be in contempt of court for failure to comply with an injunction pursuant to this section, or is convicted of violating this section, the employee organization shall be immediately decertified, shall cease to represent the bargaining unit, and may again be certified only after twenty-four months have elapsed from the effective date of decertification and only if a new petition for certification pursuant to section 20.14 is filed and a new certification election pursuant to section 20.15 is held. The penalties provided in this section may be suspended or modified by the court, but only upon request of the public employer and only if the court determines the suspension or modification is in the public interest.

6. Each of the remedies and penalties provided by this section is separate and several, and is in addition to any other legal or equitable remedy or penalty.

20.13 Bargaining unit determination.

1. Board determination of an appropriate bargaining unit shall be upon petition filed by a public employer, public employee, or employee organization.

2. Within thirty days of receipt of a petition, the board shall conduct a public hearing, receive written or oral testimony, and promptly thereafter file an order defining the appropriate bargaining unit. In defining the unit, the board shall take into consideration, along with other relevant factors, the principles of efficient administration of government, the existence of a community of interest among public employees, the history and extent of public employee organization, geographical location, and the recommendations of the parties involved.

3. Appeals from such order shall be governed by the provisions of chapter 17A.

4. Professional and nonprofessional employees shall not be included in the same bargaining unit unless a majority of both agree.

20.14 Bargaining representative determination.

1. Board certification of an employee organization as the exclusive bargaining representative of a bargaining unit shall be upon a petition filed with the board by a public employer, public employee, or an employee organization and an election conducted pursuant to section 20.15.

2. The petition of an employee organization shall allege that:

a. The employee organization has submitted a request to a public employer to bargain collectively on behalf of a designated group of public employees.

b. The petition is accompanied by written evidence that thirty percent of such public employees are members of the employee organization or have authorized it to represent them for the purposes of collective bargaining.

3. The petition of a public employee shall allege that an employee organization which has been certified as the bargaining representative does not represent a majority of such public

employees and that the petitioners do not want to be represented by an employee organization or seek certification of an employee organization.

4. The petition of a public employer shall allege that it has received a request to bargain from an employee organization which has not been certified as the bargaining representative of the public employees in an appropriate bargaining unit.

5. The board shall investigate the allegations of any petition and shall give reasonable notice of the receipt of such a petition to all public employees, employee organizations and public employers named or described in such petitions or interested in the representation questioned. The board shall thereafter call an election under section 20.15, unless:

a. It finds that less than thirty percent of the public employees in the unit appropriate for collective bargaining support the petition for decertification or for certification.

b. The appropriate bargaining unit has not been determined pursuant to section 20.13.

20.15 Elections — agreements with the state.

1. *Initial certification elections.*

a. Upon the filing of a petition for certification of an employee organization, the board shall submit a question to the public employees at an election in the bargaining unit found appropriate by the board. The question on the ballot shall permit the public employees to vote for no bargaining representation or for any employee organization which has petitioned for certification or which has presented proof satisfactory to the board of support of thirty percent or more of the public employees in the appropriate unit.

b. (1) If a majority of the public employees in the bargaining unit vote for no bargaining representation, the public employees in the bargaining unit found appropriate by the board shall not be represented by an employee organization.

(2) If a majority of the public employees in the bargaining unit vote for a listed employee organization, then that employee organization shall represent the public employees in the bargaining unit found appropriate by the board.

(3) If none of the choices on the ballot receive the vote of a majority of the public employees in the bargaining unit, the public employees in the bargaining unit found appropriate by the board shall not be represented by an employee organization.

c. The board shall not consider a petition for certification of an employee organization as the exclusive representative of a bargaining unit unless a period of two years has elapsed from the date of the last certification election in which an employee organization was not certified as the exclusive representative of that bargaining unit, of the last retention and recertification election in which an employee organization was not retained and recertified as the exclusive representative of that bargaining unit, or of the last decertification election in which an employee organization was decertified as the exclusive representative of that bargaining unit. The board shall also not consider a petition for certification as the exclusive bargaining representative of a bargaining unit if the bargaining unit is at that time represented by a certified exclusive bargaining representative.

2. *Retention and recertification elections.*

a. The board shall conduct an election to retain and recertify the bargaining representative of a bargaining unit prior to the expiration of the bargaining unit's collective bargaining agreement. The question on the ballot shall be whether the bargaining representative of the public employees in the bargaining unit shall be retained and recertified as the bargaining representative of the public employees in the bargaining unit. For collective bargaining agreements with a June 30 expiration date, the election shall occur between June 1 and November 1, both dates included, in the year prior to that expiration date. For collective bargaining agreements with a different expiration date, the election shall occur between three hundred sixty-five and two hundred seventy days prior to the expiration date.

b. (1) If a majority of the public employees in the bargaining unit vote to retain and recertify the representative, the board shall retain and recertify the bargaining representative

and the bargaining representative shall continue to represent the public employees in the bargaining unit.

(2) If a majority of the public employees in the bargaining unit do not vote to retain and recertify the representative, the board, after the period for filing written objections pursuant to subsection 4 has elapsed, shall immediately decertify the representative and the public employees shall not be represented by an employee organization except pursuant to the filing of a subsequent petition for certification of an employee organization as provided in section 20.14 and an election conducted pursuant to such petition. Such written objections and decertifications shall be subject to applicable administrative and judicial review.

3. *Decertification elections.*

a. Upon the filing of a petition for decertification of an employee organization, the board shall submit a question to the public employees at an election in the bargaining unit found appropriate by the board. The question on the ballot shall be whether the bargaining representative of the public employees in the bargaining unit shall be decertified as the bargaining representative of public employees in the bargaining unit.

b. (1) If a majority of the public employees in the bargaining unit vote to decertify the bargaining representative, the board, after the period for filing written objections pursuant to subsection 4 has elapsed, shall immediately decertify the representative and the public employees shall not be represented by an employee organization except pursuant to the filing of a subsequent petition for certification of an employee organization as provided in section 20.14 and an election conducted pursuant to such petition. Such written objections and decertifications shall be subject to applicable administrative and judicial review.

(2) If a majority of the public employees in the bargaining unit do not vote to decertify the bargaining representative, the bargaining representative shall continue to represent the public employees in the bargaining unit.

c. The board shall not consider a petition for decertification of an employee organization unless a bargaining unit's collective bargaining agreement exceeds two years in length. The board shall not schedule a decertification election for a bargaining unit within one year of a prior certification, retention and recertification, or decertification election involving the bargaining unit. Unless otherwise prohibited by this paragraph, the board shall schedule a decertification election not less than one hundred fifty days before the expiration date of the bargaining unit's collective bargaining agreement.

4. *Invalidation of elections.* Upon written objections filed by any public employee, public employer, or employee organization involved in the election within ten days after notice of the results of the election, if the board finds that misconduct or other circumstances prevented the public employees eligible to vote from freely expressing their preferences, the board may invalidate the election and hold a second election for the public employees.

5. *Results certified.* Upon completion of a valid election in which the majority choice of the public employees in the bargaining unit is determined, the board shall certify the results of the election and shall give reasonable notice of the order to all employee organizations listed on the ballot, the public employers, and the public employees in the appropriate bargaining unit.

6. *State agreements.* A collective bargaining agreement with the state, its boards, commissions, departments, and agencies shall be for two years. The provisions of a collective bargaining agreement or arbitrator's award affecting state employees shall not provide for renegotiations which would require the refinancing of subjects within the scope of negotiations under section 20.9 for the second year of the term of the agreement, except as provided in section 20.17, subsection 6. The effective date of any such agreement shall be July 1 of odd-numbered years, provided that if an exclusive bargaining representative is certified on a date which will prevent the negotiation of a collective bargaining agreement prior to July 1 of odd-numbered years for a period of two years, the certified collective bargaining representative may negotiate a one-year contract with the public employer

which shall be effective from July 1 of the even-numbered year to July 1 of the succeeding odd-numbered year when new agreements shall become effective.

20.16 Duty to bargain.

Upon the receipt by a public employer of a request from an employee organization to bargain on behalf of public employees, the duty to engage in collective bargaining shall arise if the employee organization has been certified by the board as the exclusive bargaining representative for the public employees in that bargaining unit.

[C75, 77, 79, 81, §20.16]

20.17 Procedures.

1. The employee organization certified as the bargaining representative shall be the exclusive representative of all public employees in the bargaining unit and shall represent all public employees fairly. However, any public employee may meet and adjust individual complaints with a public employer. To sustain a claim that a certified employee organization has committed a prohibited practice by breaching its duty of fair representation, a public employee must establish by a preponderance of the evidence action or inaction by the organization which was arbitrary, discriminatory, or in bad faith.

2. The employee organization and the public employer may designate any individual as its representative to engage in collective bargaining negotiations.

3. Negotiating sessions, strategy meetings of public employers, mediation, and the deliberative process of arbitrators shall be exempt from the provisions of chapter 21. However, the employee organization shall present its initial bargaining position to the public employer at the first bargaining session. The public employer shall present its initial bargaining position to the employee organization at the second bargaining session, which shall be held no later than two weeks following the first bargaining session. Both sessions shall be open to the public and subject to the provisions of chapter 21. Parties who by agreement are utilizing a cooperative alternative bargaining process may exchange their respective initial interest statements in lieu of initial bargaining positions at these open sessions. Hearings conducted by arbitrators shall be open to the public.

4. The terms of a proposed collective bargaining agreement shall be made available to the public by the public employer and reasonable notice shall be given to the public employees by the employee organization prior to a ratification election. The collective bargaining agreement shall become effective only if ratified by a majority of those voting by secret ballot.

5. Terms of any collective bargaining agreement may be enforced by a civil action in the district court of the county in which the agreement was made upon the initiative of either party.

6. A collective bargaining agreement or arbitrator's award shall not be valid or enforceable if its implementation would be inconsistent with any statutory limitation on the public employer's funds, spending, or budget or would substantially impair or limit the performance of any statutory duty by the public employer. A collective bargaining agreement or arbitrator's award may provide for benefits conditional upon specified funds to be obtained by the public employer, but the agreement shall provide either for automatic reduction of such conditional benefits or for additional bargaining if the funds are not obtained or if a lesser amount is obtained.

7. If agreed to by the parties nothing in this chapter shall be construed to prohibit supplementary bargaining on behalf of public employees in a part of the bargaining unit concerning matters uniquely affecting those public employees or cooperation and coordination of bargaining between two or more bargaining units.

8. *a.* The salaries of all public employees of the state under a merit system and all other subjects within the scope of negotiations pursuant to the provisions of section 20.9 regarding

public employees of the state shall be negotiated with the governor or the governor's designee on a statewide basis, except those subjects excluded from the scope of negotiations pursuant to the provisions of section 20.9, subsection 3.

b. For the negotiation of such a proposed, statewide collective bargaining agreement to become effective in the year following an election described in section 39.9, a ratification election referred to in section 20.17, subsection 4, shall not be held, and the parties shall not request arbitration as provided in section 20.22, subsection 1, until at least two weeks after the date of the beginning of the term of office of the governor in that year as prescribed in the Constitution of the State of Iowa. On or after the beginning of the term of office of the governor in that year as prescribed in the Constitution of the State of Iowa, the governor shall have the authority to reject such a proposed statewide collective bargaining agreement. If the governor does so, the parties shall commence collective bargaining in accordance with section 20.17. Such negotiation shall be complete not later than March 15 of that year, unless the parties mutually agree to a different deadline. The board shall adopt rules pursuant to chapter 17A providing for alternative deadlines for the completion of the procedures provided in sections 20.17, 20.19, 20.20, and 20.22 for negotiation of such statewide collective bargaining agreements in such years, which deadlines may be waived by mutual agreement of the parties.

9. The negotiation of a proposed collective bargaining agreement by representatives of a state public employer and a state employee organization shall be complete not later than March 15 of the year when the agreement is to become effective. The board shall provide, by rule, a date on which any impasse item must be submitted to binding arbitration and for such other procedures as deemed necessary to provide for the completion of negotiations of proposed state collective bargaining agreements not later than March 15. The date selected for the mandatory submission of impasse items to binding arbitration shall be sufficiently in advance of March 15 to ensure that the arbitrator's award can be reasonably made before March 15.

10. a. In the absence of an impasse agreement negotiated pursuant to section 20.19 which provides for a different completion date, public employees represented by a certified employee organization who are teachers licensed under chapter 272 and who are employed by a public employer which is a school district or area education agency shall complete the negotiation of a proposed collective bargaining agreement not later than May 31 of the year when the agreement is to become effective. The board shall provide, by rule, a date on which impasse items in such cases must be submitted to binding arbitration and for such other procedures as deemed necessary to provide for the completion of negotiations of proposed collective bargaining agreements not later than May 31. The date selected for the mandatory submission of impasse items to binding arbitration in such cases shall be sufficiently in advance of May 31 to ensure that the arbitrator's award can be reasonably made by May 31.

b. In the absence of an impasse agreement negotiated pursuant to section 20.19 which provides for a different completion date, public employees represented by a certified employee organization who are employed by a public employer which is a community college shall complete the negotiation of a proposed collective bargaining agreement not later than May 31 of the year when the agreement is to become effective. The board shall provide, by rule, a date on which impasse items in such cases must be submitted to binding arbitration and for such other procedures as deemed necessary to provide for the completion of negotiations of proposed collective bargaining agreements not later than May 31. The date selected for the mandatory submission of impasse items to binding arbitration in such cases shall be sufficiently in advance of May 31 to ensure that the arbitrator's award can be reasonably made by May 31.

c. Notwithstanding the provisions of paragraphs "a" and "b", the May 31 deadline

may be waived by mutual agreement of the parties to the collective bargaining agreement negotiations.

20.18 Grievance procedures.

1. An agreement with an employee organization which is the exclusive representative of public employees in an appropriate unit may provide procedures for the consideration of public employee and employee organization grievances over the interpretation and application of agreements. Negotiated procedures may provide for binding arbitration of public employee and employee organization grievances over the interpretation and application of existing agreements. An arbitrator’s decision on a grievance may not change or amend the terms, conditions, or applications of the collective bargaining agreement. Such procedures shall provide for the invoking of arbitration only with the approval of the employee organization in all instances, and in the case of an employee grievance, only with the additional approval of the public employee. The costs of arbitration shall be shared equally by the parties.

2. Public employees of the state or public employees covered by civil service shall follow either the grievance procedures provided in a collective bargaining agreement, or in the event that grievance procedures are not provided, shall follow grievance procedures established pursuant to chapter 8A, subchapter IV, or chapter 400, as applicable.

20.19 Impasse procedures — agreement of parties.

1. As the first step in the performance of their duty to bargain, the public employer and the employee organization shall endeavor to agree upon impasse procedures. Such agreement shall provide for implementation of these impasse procedures not later than one hundred twenty days prior to the certified budget submission date of the public employer. However, if public employees represented by the employee organization are teachers licensed under chapter 272, and the public employer is a school district or area education agency, the agreement shall provide for implementation of impasse procedures not later than one hundred twenty days prior to May 31 of the year when the collective bargaining agreement is to become effective. If the public employer is a community college, the agreement shall provide for implementation of impasse procedures not later than one hundred twenty days prior to May 31 of the year when the collective bargaining agreement is to become effective. If the public employer is not subject to the budget certification requirements of section 24.17 and other applicable sections, the agreement shall provide for implementation of impasse procedures not later than one hundred twenty days prior to the date the next fiscal or budget year of the public employer commences. If the parties fail to agree upon impasse procedures under the provisions of this section, the impasse procedures provided in sections 20.20 and 20.22 shall apply.

2. Parties who by agreement are utilizing a cooperative alternative bargaining process shall, at the outset of such process, agree upon a method and schedule for the completion of impasse procedures should they fail to reach a collective bargaining agreement through the use of such alternative bargaining process.

20.22 Binding arbitration.

1. If an impasse persists ten days after the mediator has been appointed, the board shall have the power, upon request of either party, to arrange for arbitration, which shall be binding. The request for arbitration shall be in writing and a copy of the request shall be served upon the other party.

2. Each party shall serve its final offer on each of the impasse items upon the other party within four days of the board's receipt of the request for arbitration, or by a deadline otherwise agreed upon by the parties. The parties may continue to negotiate all offers until an agreement is reached or an award is rendered by the arbitrator. The full costs of arbitration under this section shall be shared equally by the parties to the dispute.

3. The submission of the impasse items to the arbitrator shall be limited to those items upon which the parties have not reached agreement. With respect to each such item, the arbitrator's award shall be restricted to the final offers on each impasse item submitted by the parties to the arbitrator, except as provided in subsection 10, paragraph "b".

4. Upon the filing of the request for arbitration, a list of five arbitrators shall be served upon the parties by the board. Within five days of service of the list, the parties shall determine by lot which party shall remove the first name from the list and the parties shall then alternately remove names from the list until the name of one person remains, who shall become the arbitrator. The parties shall immediately notify the board of their selection and the board shall notify the arbitrator. After consultation with the parties, the arbitrator shall set a time and place for an arbitration hearing.

5. The arbitrator shall at no time engage in an effort to mediate or otherwise settle the dispute in any manner other than that prescribed in this section.

6. From the time the board notifies the arbitrator of the selection of the arbitrator until such time as the arbitrator's selection on each impasse item is made, there shall be no discussion concerning recommendations for settlement of the dispute by the arbitrator with parties other than those who are direct parties to the dispute.

7. For an arbitration involving a bargaining unit that has at least thirty percent of members who are public safety employees, the arbitrator shall consider and specifically address in the arbitrator's determination, in addition to any other relevant factors, the following factors:

a. Past collective bargaining contracts between the parties including the bargaining that led up to such contracts.

b. Comparison of wages, hours, and conditions of employment of the involved public employees with those of other public employees doing comparable work, giving consideration to factors peculiar to the area and the classifications involved.

c. The interests and welfare of the public, the ability of the public employer to finance economic adjustments, and the effect of such adjustments on the normal standard of services.

8. For an arbitration involving a bargaining unit that does not have at least thirty percent of members who are public safety employees, the following shall apply:

a. The arbitrator shall consider and specifically address in the arbitrator's determination, in addition to any other relevant factors, the following factors:

(1) Comparison of base wages, hours, and conditions of employment of the involved public employees with those of other public employees doing comparable work, giving consideration to factors peculiar to the area and the classifications involved. To the extent adequate, applicable data is available, the arbitrator shall also compare base wages, hours, and conditions of employment of the involved public employees with those of private sector employees doing comparable work, giving consideration to factors peculiar to the area and the classifications involved.

(2) The interests and welfare of the public.

(3) The financial ability of the employer to meet the cost of an offer in light of the current economic conditions of the public employer. The arbitrator shall give substantial weight to evidence that the public employer's authority to utilize funds is restricted to special purposes or circumstances by state or federal law, rules, regulations, or grant requirements.

b. The arbitrator shall not consider the following factors:

(1) Past collective bargaining agreements between the parties or bargaining that led to such agreements.

(2) The public employer's ability to fund an award through the increase or imposition of new taxes, fees, or charges, or to develop other sources of revenues.

9. a. The arbitrator may administer oaths, examine witnesses and documents, take testimony and receive evidence, and issue subpoenas to compel the attendance of witnesses and the production of records. The arbitrator may petition the district court at the seat of government or of the county in which the hearing is held to enforce the order of the arbitrator compelling the attendance of witnesses and the production of records.

b. Except as required for purposes of the consideration of the factors specified in subsection 7, paragraphs "a" through "c", and subsection 8, paragraph "a", subparagraphs (1) through (3), the parties shall not introduce, and the arbitrator shall not accept or consider, any direct or indirect evidence regarding any subject excluded from negotiations pursuant to section 20.9.

10. a. The arbitrator shall select within fifteen days after the hearing the most reasonable offer, in the arbitrator's judgment, of the final offers on each impasse item submitted by the parties.

b. (1) However, for an arbitration involving a bargaining unit that does not have at least thirty percent of members who are public safety employees, with respect to any increase in base wages, the arbitrator's award shall not exceed the lesser of the following percentages in any one-year period in the duration of the bargaining agreement:

(a) Three percent.

(b) A percentage equal to the increase in the consumer price index for all urban consumers for the midwest region, if any, as determined by the United States department of labor, bureau of labor statistics, or a successor index. Such percentage shall be the change in the consumer price index for the twelve-month period beginning eighteen months prior to the month in which the impasse item regarding base wages was submitted to the arbitrator and ending six months prior to the month in which the impasse item regarding base wages was submitted to the arbitrator.

(2) To assist the parties in the preparation of their final offers on an impasse item regarding base wages, the board shall provide information to the parties regarding the change in the consumer price index for all urban consumers for the midwest region for any

twelve-month period. The department of workforce development shall assist the board in preparing such information upon request.

11. The selections by the arbitrator and items agreed upon by the public employer and the employee organization, shall be deemed to be the collective bargaining agreement between the parties.

12. The determination of the arbitrator shall be final and binding subject to the provisions of section 20.17, subsection 6. The arbitrator shall give written explanation for the arbitrator's selections and inform the parties of the decision.

a. To review or discuss records which are required or authorized by state or federal law to be kept confidential or to be kept confidential as a condition for that governmental body's possession or continued receipt of federal funds.

b. To discuss application for letters patent.

c. To discuss strategy with counsel in matters that are presently in litigation or where litigation is imminent where its disclosure would be likely to prejudice or disadvantage the position of the governmental body in that litigation.

d. To discuss the contents of a licensing examination or whether to initiate licensee disciplinary investigations or proceedings if the governmental body is a licensing or examining board.

e. To discuss whether to conduct a hearing or to conduct hearings to suspend or expel a student, unless an open session is requested by the student or a parent or guardian of the student if the student is a minor.

f. To discuss the decision to be rendered in a contested case conducted according to the provisions of chapter 17A.

g. To avoid disclosure of specific law enforcement matters, such as current or proposed investigations or inspection or auditing techniques or schedules, which if disclosed would enable law violators to avoid detection.

h. To avoid disclosure of specific law enforcement matters, such as allowable tolerances or criteria for the selection, prosecution, or settlement of cases, which if disclosed would facilitate disregard of requirements imposed by law.

i. To evaluate the professional competency of an individual whose appointment, hiring, performance, or discharge is being considered when necessary to prevent needless and irreparable injury to that individual's reputation and that individual requests a closed session.

j. To discuss the purchase or sale of particular real estate only where premature disclosure could be reasonably expected to increase the price the governmental body would have to pay for that property or reduce the price the governmental body would receive for that property. The minutes and the audio recording of a session closed under this paragraph shall be available for public examination when the transaction discussed is completed.

k. To discuss information contained in records in the custody of a governmental body that are confidential records pursuant to section 22.7, subsection 50.

l. To discuss patient care quality and process improvement initiatives in a meeting of a public hospital or to discuss marketing and pricing strategies or similar proprietary information in a meeting of a public hospital, where public disclosure of such information would harm such a hospital's competitive position when no public purpose would be served by public disclosure. The minutes and the audio recording of a closed session under this paragraph shall be available for public inspection when the public disclosure would no longer harm the hospital's competitive position. For purposes of this paragraph, "*public hospital*" means a hospital licensed pursuant to chapter 135B and governed pursuant to chapter 145A, 226, 347, 347A, or 392, or a health care facility operated by an institution governed by the state board of regents. This paragraph does not apply to the information required to be disclosed pursuant to section 347.13, subsection 11, or to any discussions relating to terms or conditions of employment, including but not limited to compensation of an officer or employee or group of officers or employees.

2. The vote of each member on the question of holding the closed session and the reason for holding the closed session by reference to a specific exemption under this section shall be announced publicly at the open session and entered in the minutes. A governmental body shall not discuss any business during a closed session which does not directly relate to the specific reason announced as justification for the closed session.

3. Final action by any governmental body on any matter shall be taken in an open session unless some other provision of the Code expressly permits such actions to be taken in closed session.

4. A governmental body shall not exclude a member of the governmental body from attending a closed session, unless the member's attendance at the closed session creates a conflict of interest for the member due to the specific reason announced as justification for holding the closed session.

5. a. A governmental body shall keep detailed minutes of all discussion, persons present, and action occurring at a closed session, and shall also audio record all of the closed session.

b. (1) The detailed minutes and audio recording of a closed session shall be sealed and shall not be public records open to public inspection. However, upon order of the court in an action to enforce this chapter, the detailed minutes and audio recording shall be unsealed and examined by the court in camera. The court shall then determine what part, if any, of the minutes should be disclosed to the party seeking enforcement of this chapter for use in that enforcement proceeding. In determining whether any portion of the minutes or recording shall be disclosed to such a party for this purpose, the court shall weigh the prejudicial effects to the public interest of the disclosure of any portion of the minutes or recording in question, against its probative value as evidence in an enforcement proceeding. After such a determination, the court may permit inspection and use of all or portions of the detailed minutes and audio recording by the party seeking enforcement of this chapter. A governmental body shall keep the detailed minutes and audio recording of any closed session for a period of at least one year from the date of that meeting, except as otherwise required by law.

(2) This paragraph "b" does not require the office of ombudsman to obtain a court order to examine the detailed minutes and audio recording of a closed session when such examination is relevant to an investigation under chapter 2C and the information sought is not available through other reasonable means. Any portion of the minutes or recording released by a governmental body to the office of ombudsman shall remain confidential pursuant to section 2C.9.

6. Nothing in this section requires a governmental body to hold a closed session to discuss or act upon any matter.

21.6 Enforcement.

1. The remedies provided by this section against state governmental bodies shall be in addition to those provided by section 17A.19. Any aggrieved person, taxpayer to, or citizen of, the state of Iowa, or the attorney general or county attorney, may seek judicial enforcement of the requirements of this chapter. Suits to enforce this chapter shall be brought in the district court for the county in which the governmental body has its principal place of business.

2. Once a party seeking judicial enforcement of this chapter demonstrates to the court that the body in question is subject to the requirements of this chapter and has held a closed session, the burden of going forward shall be on the body and its members to demonstrate compliance with the requirements of this chapter.

3. Upon a finding by a preponderance of the evidence that a governmental body has violated any provision of this chapter, a court:

a. Shall assess each member of the governmental body who participated in its violation damages in the amount of not more than five hundred dollars and not less than one hundred dollars. However, if a member of a governmental body knowingly participated in such a violation, damages shall be in the amount of not more than two thousand five hundred dollars and not less than one thousand dollars. These damages shall be paid by the court imposing it to the state of Iowa, if the body in question is a state governmental body, or to the local government involved if the body in question is a local governmental body. A member of a governmental body found to have violated this chapter shall not be assessed such damages if that member proves that the member did any of the following:

(1) Voted against the closed session.

(2) Had good reason to believe and in good faith believed facts which, if true, would have indicated compliance with all the requirements of this chapter.

(3) Reasonably relied upon a decision of a court, a formal opinion of the Iowa public information board, the attorney general, or the attorney for the governmental body, given in writing, or as memorialized in the minutes of the meeting at which a formal oral opinion was given, or an advisory opinion of the Iowa public information board, the attorney general, or the attorney for the governmental body, given in writing.

b. Shall order the payment of all costs and reasonable attorney fees in the trial and appellate courts to any party successfully establishing a violation of this chapter. The costs and fees shall be paid by those members of the governmental body who are assessed damages under paragraph "a". If no such members exist because they have a lawful defense under that paragraph to the imposition of such damages, the costs and fees shall be paid to the successful party from the budget of the offending governmental body or its parent.

c. Shall void any action taken in violation of this chapter, if the suit for enforcement of this chapter is brought within six months of the violation and the court finds under the facts of the particular case that the public interest in the enforcement of the policy of this chapter outweighs the public interest in sustaining the validity of the action taken in the closed session. This paragraph shall not apply to an action taken regarding the issuance of bonds or other evidence of indebtedness of a governmental body if a public hearing, election or public sale has been held regarding the bonds or evidence of indebtedness.

d. Shall issue an order removing a member of a governmental body from office if that member has engaged in a prior violation of this chapter for which damages were assessed against the member during the member's term.

e. May issue a mandatory injunction punishable by civil contempt ordering the members of the offending governmental body to refrain for one year from any future violations of this chapter.

4. Ignorance of the legal requirements of this chapter shall be no defense to an enforcement proceeding brought under this section. A governmental body which is in doubt

about the legality of closing a particular meeting is authorized to bring suit at the expense of that governmental body in the district court of the county of the governmental body's principal place of business to ascertain the propriety of any such action, or seek a formal opinion of the attorney general or an attorney for the governmental body.

b. The governmental body complies with section 21.4. For the purpose of this paragraph, the place of the meeting is the place from which the communication originates or where public access is provided to the conversation.

c. Minutes are kept of the meeting. The minutes shall include a statement explaining why a meeting in person was impossible or impractical.

2. A meeting conducted in compliance with this section shall not be considered in violation of this chapter.

22.1 Definitions.

As used in this chapter:

1. “*Government body*” means this state, or any county, city, township, school corporation, political subdivision, tax-supported district, nonprofit corporation other than a fair conducting a fair event as provided in chapter 174, whose facilities or indebtedness are supported in whole or in part with property tax revenue and which is licensed to conduct pari-mutuel wagering pursuant to chapter 99D; the governing body of a drainage or levee district as provided in chapter 468, including a board as defined in section 468.3, regardless of how the district is organized; or other entity of this state, or any branch, department, board, bureau, commission, council, committee, official, or officer of any of the foregoing or any employee delegated the responsibility for implementing the requirements of this chapter.

2. “*Lawful custodian*” means the government body currently in physical possession of the public record. The custodian of a public record in the physical possession of persons outside a government body is the government body owning that record. The records relating to the investment of public funds are the property of the public body responsible for the public funds. Each government body shall delegate to particular officials or employees of that government body the responsibility for implementing the requirements of this chapter and shall publicly announce the particular officials or employees to whom responsibility for implementing the requirements of this chapter has been delegated. “*Lawful custodian*” does not mean an automated data processing unit of a public body if the data processing unit holds the records solely as the agent of another public body, nor does it mean a unit which holds the records of other public bodies solely for storage.

3. a. “*Public records*” includes all records, documents, tape, or other information, stored

or preserved in any medium, of or belonging to this state or any county, city, township, school corporation, political subdivision, nonprofit corporation other than a fair conducting a fair event as provided in chapter 174, whose facilities or indebtedness are supported in whole or in part with property tax revenue and which is licensed to conduct pari-mutuel wagering pursuant to chapter 99D, or tax-supported district in this state, or any branch, department, board, bureau, commission, council, or committee of any of the foregoing.

b. “Public records” also includes all records relating to the investment of public funds including but not limited to investment policies, instructions, trading orders, or contracts, whether in the custody of the public body responsible for the public funds or a fiduciary or other third party.

22.2 Right to examine public records — exceptions.

1. Every person shall have the right to examine and copy a public record and to publish or otherwise disseminate a public record or the information contained in a public record. Unless otherwise provided for by law, the right to examine a public record shall include the right to examine a public record without charge while the public record is in the physical possession of the custodian of the public record. The right to copy a public record shall include the right to make photographs or photographic copies while the public record is in the possession of the custodian of the public record. All rights under this section are in addition to the right to obtain a certified copy of a public record under section 622.46.

2. A government body shall not prevent the examination or copying of a public record by contracting with a nongovernment body to perform any of its duties or functions.

3. If feasible, the custodian of a public record may provide for the electronic examination and copying of a public record in lieu of requiring in-person examination and copying of a public record. This subsection does not apply to searches of all indexes, general and specific, of public records relating to documents, instruments, and muniments of title, for the purpose of performing title searches, real property searches, or creating real property abstracts.

4. However, notwithstanding subsections 1 and 2, a government body is not required to permit access to or use of the following:

a. A geographic computer database by any person except upon terms and conditions acceptable to the governing body. The governing body shall establish reasonable rates and procedures for the retrieval of specified records, which are not confidential records, stored in the database upon the request of any person.

b. Data processing software developed by the government body or developed by a nongovernment body and used by a government body pursuant to a contractual relationship with the nongovernment body, as provided in section 22.3A.

22.3 Supervision — fees.

1. The examination and copying of public records shall be done under the supervision of the lawful custodian of the records or the custodian’s authorized designee. The lawful custodian shall not require the physical presence of a person requesting or receiving a copy of a public record and shall fulfill requests for a copy of a public record received in writing, by telephone, or by electronic means. Fulfillment of a request for a copy of a public record may

be contingent upon receipt of payment of expenses to be incurred in fulfilling the request and such estimated expenses shall be communicated to the requester upon receipt of the request. The lawful custodian may adopt and enforce reasonable rules regarding the examination and copying of the records and the protection of the records against damage or disorganization. The lawful custodian shall provide a suitable place for the examination and copying of the records, but if it is impracticable to do the examination and copying of the records in the office of the lawful custodian, the person desiring to examine or copy shall pay any necessary expenses of providing a place for the examination and copying.

2. All expenses of the examination and copying shall be paid by the person desiring to examine or copy. The lawful custodian may charge a reasonable fee for the services of the lawful custodian or the custodian's authorized designee in supervising the examination and copying of the records. If copy equipment is available at the office of the lawful custodian of any public records, the lawful custodian shall provide any person a reasonable number of copies of any public record in the custody of the office upon the payment of a fee. The fee for the copying service as determined by the lawful custodian shall not exceed the actual cost of providing the service. Actual costs shall include only those expenses directly attributable to supervising the examination of and making and providing copies of public records. Actual costs shall not include charges for ordinary expenses or costs such as employment benefits, depreciation, maintenance, electricity, or insurance associated with the administration of the office of the lawful custodian. However, a county recorder shall not charge a fee for the examination and copying of public records necessary to complete and file claims for benefits with the Iowa department of veterans affairs or the United States department of veterans affairs.

22.3A Access to data processing software.

1. As used in this section:

a. "Access" means the instruction of, communication with, storage of data in, or retrieval of data from a computer.

b. "Computer" means an electronic device which performs logical, arithmetical, and memory functions by manipulations of electronic or magnetic impulses, and includes all input, output, processing, storage, and communication facilities which are connected or related to the computer including a computer network. As used in this paragraph, "computer" includes any central processing unit, front-end processing unit, miniprocessor, or microprocessor, and related peripheral equipment such as data storage devices, document scanners, data entry terminal controllers, and data terminal equipment and systems for computer networks.

c. "Computer network" means a set of related, remotely connected devices and communication facilities including two or more computers with capability to transmit data among them through communication facilities.

d. "Data" means a representation of information, knowledge, facts, concepts, or instructions that has been prepared or is being prepared in a formalized manner and has been processed, or is intended to be processed, in a computer. Data may be stored in any form, including but not limited to a printout, magnetic storage media, disk, compact disc, punched card, or as memory of a computer.

e. "Data processing software" means an ordered set of instructions or statements that, when executed by a computer, causes the computer to process data, and includes any program or set of programs, procedures, or routines used to employ and control capabilities of computer hardware. As used in this paragraph "data processing software" includes but is not limited to an operating system, compiler, assembler, utility, library resource, maintenance routine, application, computer networking program, or the associated documentation.

2. a. A government body may provide, restrict, or prohibit access to data processing software developed by the government body or developed by a nongovernment body and

used by a government body pursuant to a contractual relationship with the nongovernment body, regardless of whether the data processing software is separated or combined with a public record. A government body shall establish policies and procedures to provide access to public records which are combined with its data processing software. A public record shall not be withheld from the public because it is combined with data processing software.

b. A government body shall not acquire any electronic data processing system for the storage, manipulation, or retrieval of public records that would impair the government body's ability to permit the examination of a public record and the copying of a public record in either written or electronic form.

c. If a public record is only available as a part of or in combination with data processing software in order to permit the examination or copying of the public record, the government body shall bear the cost of separation of the public record from the data processing software.

d. An electronic public record shall be made available in the format in which it is readily accessible to the government body if that format is useable with commonly available data processing or database management software. The government body may make a public record available in a specific format requested by a person that is different from that in which the public record is readily accessible to the government body and may charge the reasonable costs of any required processing, programming, or other work required to produce the public record in the specific format in addition to any other costs allowed under this chapter.

e. The cost chargeable to a person receiving a public record separated from data processing software under this subsection shall not be in excess of the charge under this chapter unless the person receiving the public record requests that the public record be specially processed or produced in a format different from that in which the public record is readily accessible to the government body.

f. A government body may establish payment rates and procedures required to provide access to data processing software, regardless of whether the data processing software is separated from or combined with a public record. Proceeds from payments may be considered repayment receipts, as defined in section 8.2. The payment amount shall be calculated as follows:

(1) The amount charged for access to a public record shall be not more than that required to recover direct publication costs, including but not limited to editing, compilation, and media production costs, incurred by the government body in developing the data processing software and preparing the data processing software for transfer to the person. The amount shall be in addition to any other fee required to be paid under this chapter for the examination and copying of a public record. If a person accesses a public record stored in an electronic format that does not require formatting, editing, or compiling to access the public record, the charge for providing the accessed public record shall not exceed the reasonable cost of accessing that public record. The government body shall, if requested, provide documentation which explains and justifies the amount charged. 22.8 Injunction to restrain examination.

1. The district court may grant an injunction restraining the examination, including copying, of a specific public record or a narrowly drawn class of public records. A hearing shall be held on a request for injunction upon reasonable notice as determined by the court to persons requesting access to the record which is the subject of the request for injunction. It shall be the duty of the lawful custodian and any other person seeking an injunction to ensure compliance with the notice requirement. Such an injunction may be issued only if the petition supported by affidavit shows and if the court finds both of the following:

- a. That the examination would clearly not be in the public interest.
- b. That the examination would substantially and irreparably injure any person or persons.

2. An injunction shall be subject to the rules of civil procedure except that the court in its discretion may waive bond.

3. In actions brought under this section the district court shall take into account the policy of this chapter that free and open examination of public records is generally in the public interest even though such examination may cause inconvenience or embarrassment to public officials or others. A court may issue an injunction restraining examination of a public record or a narrowly drawn class of such records, only if the person seeking the injunction demonstrates by clear and convincing evidence that this section authorizes its issuance. An injunction restraining the examination of a narrowly drawn class of public records may be issued only if such an injunction would be justified under this section for every member within the class of records involved if each of those members were considered separately.

4. Good-faith, reasonable delay by a lawful custodian in permitting the examination and copying of a government record is not a violation of this chapter if the purpose of the delay is any of the following:

- a. To seek an injunction under this section.
- b. To determine whether the lawful custodian is entitled to seek such an injunction or should seek such an injunction.
- c. To determine whether the government record in question is a public record, or confidential record.
- d. To determine whether a confidential record should be available for inspection and copying to the person requesting the right to do so. A reasonable delay for this purpose shall not exceed twenty calendar days and ordinarily should not exceed ten business days.

e. Actions for injunctions under this section may be brought by the lawful custodian of a government record, or by another government body or person who would be aggrieved or adversely affected by the examination or copying of such a record.

f. The rights and remedies provided by this section are in addition to any rights and remedies provided by section 17A.19.

22.9 Denial of federal funds — rules.

1. If it is determined that any provision of this chapter would cause the denial of funds, services or essential information from the United States government which would otherwise definitely be available to an agency of this state, such provision shall be suspended as to such agency, but only to the extent necessary to prevent denial of such funds, services, or essential information.

2. An agency within the meaning of section 17A.2, subsection 1, shall adopt as a rule, in each situation where this section is believed applicable, the agency's determination identifying those particular provisions of this chapter that must be waived in the circumstances to prevent the denial of federal funds, services, or information.

22.10 Civil enforcement.

1. The rights and remedies provided by this section are in addition to any rights and remedies provided by section 17A.19. Any aggrieved person, any taxpayer to or citizen of the state of Iowa, or the attorney general or any county attorney, may seek judicial enforcement of the requirements of this chapter in an action brought against the lawful custodian and any other persons who would be appropriate defendants under the circumstances. Suits to enforce this chapter shall be brought in the district court for the county in which the lawful custodian has its principal place of business.

2. Once a party seeking judicial enforcement of this chapter demonstrates to the court that the defendant is subject to the requirements of this chapter, that the records in question are government records, and that the defendant refused to make those government records available for examination and copying by the plaintiff, the burden of going forward shall be on the defendant to demonstrate compliance with the requirements of this chapter.

3. Upon a finding by a preponderance of the evidence that a lawful custodian has violated any provision of this chapter, a court:

a. Shall issue an injunction punishable by civil contempt ordering the offending lawful custodian and other appropriate persons to comply with the requirements of this chapter in the case before it and, if appropriate, may order the lawful custodian and other appropriate persons to refrain for one year from any future violations of this chapter.

b. Shall assess the persons who participated in its violation damages in the amount of not more than five hundred dollars and not less than one hundred dollars. However, if a person knowingly participated in such a violation, damages shall be in the amount of not more than two thousand five hundred dollars and not less than one thousand dollars. These damages shall be paid by the court imposing them to the state of Iowa if the body in question is a state government body, or to the local government involved if the body in question is a local government body. A person found to have violated this chapter shall not be assessed such damages if that person proves that the person did any of the following:

(1) Voted against the action violating this chapter, refused to participate in the action violating this chapter, or engaged in reasonable efforts under the circumstances to resist or prevent the action in violation of this chapter.

(2) Had good reason to believe and in good faith believed facts which, if true, would have indicated compliance with the requirements of this chapter. It shall constitute such good reason and good faith belief and a court shall not assess any damages, costs, or fees under this subsection if the person incorrectly balanced the right of the public to receive public

records against the rights and obligations of the government body to maintain confidential records as provided in section 22.7 under any judicially created balancing test, unless the person is unable to articulate any reasonable basis for such balancing.

(3) Reasonably relied upon a decision of a court, a formal opinion of the Iowa public information board, the attorney general, or the attorney for the government body, given in writing, or as memorialized in the minutes of the meeting at which a formal oral opinion was given, or an advisory opinion of the Iowa public information board, the attorney general, or the attorney for the government body, given in writing.

c. Shall order the payment of all costs and reasonable attorney fees, including appellate attorney fees, to any plaintiff successfully establishing a violation of this chapter in the action brought under this section. The costs and fees shall be paid by the particular persons who were assessed damages under paragraph “b” of this subsection. If no such persons exist because they have a lawful defense under that paragraph to the imposition of such damages, the costs and fees shall be paid to the successful plaintiff from the budget of the offending government body or its parent.

d. Shall issue an order removing a person from office if that person has engaged in a prior violation of this chapter for which damages were assessed against the person during the person’s term.

4. Ignorance of the legal requirements of this chapter is not a defense to an enforcement proceeding brought under this section. A lawful custodian or its designee in doubt about the legality of allowing the examination or copying or refusing to allow the examination or copying of a government record is authorized to bring suit at the expense of that government body in the district court of the county of the lawful custodian’s principal place of business, or to seek an opinion of the attorney general or the attorney for the lawful custodian, to ascertain the legality of any such action.

22.11 Fair information practices.

This section may be cited as the “*Iowa Fair Information Practices Act*”. It is the intent of this section to require that the information policies of state agencies are clearly defined and subject to public review and comment.

1. Each state agency as defined in chapter 17A shall adopt rules which provide the following:

a. The nature and extent of the personally identifiable information collected by the agency, the legal authority for the collection of that information, and a description of the means of storage.

b. A description of which of its records are public records, which are confidential records, and which are partially public and partially confidential records and the legal authority for the confidentiality of the records. The description shall indicate whether the records contain personally identifiable information.

c. The procedure for providing the public with access to public records.

d. The procedures for allowing a person to review a government record about that person and have additions, dissents, or objections entered in that record unless the review is prohibited by statute.

e. The procedures by which the subject of a confidential record may have a copy of that record released to a named third party.

f. The procedures by which the agency shall notify persons supplying information requested by the agency of the use that will be made of the information, which persons outside of the agency might routinely be provided this information, which parts of the information requested are required and which are optional and the consequences of failing to provide the information requested.

g. Whether a data processing system matches, collates, or permits the comparison

of personally identifiable information in one record system with personally identifiable information in another record system.

2. A state agency shall not use any personally identifiable information after July 1, 1988, unless it is in a record system described by the rules required by this section.

22.12 Political subdivisions.

A political subdivision or public body which is not a state agency as defined in chapter 17A is not required to adopt policies to implement section 22.11. However, if a public body chooses to adopt policies to implement section 22.11 the policies must be adopted by the elected governing body of the political subdivision of which the public body is a part. The elected governing body must give reasonable notice, make the proposed policy available for public inspection and allow full opportunity for the public to comment before adopting the policy. If the public body is established pursuant to an agreement under chapter 28E, the policy must be adopted by a majority of the public agencies party to the agreement. These policies shall be kept in the office of the county auditor if adopted by the board of supervisors, the city clerk if adopted by a city, and the chief administrative officer of the public body if adopted by some other elected governing body.

22.13 Settlements — government bodies.

When a government body reaches a final, binding, written settlement agreement that resolves a legal dispute claiming monetary damages, equitable relief, or a violation of a rule or statute, the government body shall, upon request and to the extent allowed under applicable law, prepare a brief summary of the resolution of the dispute indicating the identity of the parties involved, the nature of the dispute, and the terms of the settlement, including any payments made by or on behalf of the government body and any actions to be taken by the government body. A government body is not required to prepare a summary if the settlement agreement includes the information required to be included in the summary. The settlement agreement and any required summary shall be a public record.

All complaints filed with the board shall be public records.

2. All board proceedings in response to the filing of a complaint shall be conducted as expeditiously as possible.

2012 Acts, ch 1115, §10, 17

23.8 Initial processing of complaint.

Upon receipt of a complaint alleging a violation of chapter 21 or 22, the board shall do either of the following:

1. Determine that, on its face, the complaint is within the board's jurisdiction, appears legally sufficient, and could have merit. In such a case the board shall accept the complaint, and shall notify the parties of that fact in writing.

2. Determine that, on its face, the complaint is outside its jurisdiction, is legally insufficient, is frivolous, is without merit, involves harmless error, or relates to a specific incident that has previously been finally disposed of on its merits by the board or a court. In such a case the board shall decline to accept the complaint. If the board refuses to accept a complaint, the board shall provide the complainant with a written order explaining its reasons for the action.

2012 Acts, ch 1115, §11, 17

23.9 Informal assistance.

After accepting a complaint, the board shall promptly work with the parties, through employees of the board, to reach an informal, expeditious resolution of the complaint.

2013 Acts, ch 135, §60; 2014 Acts, ch 1092, §17

23.10 Enforcement.

1. If any party declines informal assistance or if informal assistance fails to resolve

the matter to the satisfaction of all parties, the board shall initiate a formal investigation concerning the facts and circumstances set forth in the complaint. The board shall, after an appropriate investigation, make a determination as to whether the complaint is within the board's jurisdiction and whether there is probable cause to believe that the facts and circumstances alleged in the complaint constitute a violation of chapter 21 or 22.

2. If the board finds the complaint is outside the board's jurisdiction or there is no probable cause to believe there has been a violation of chapter 21 or 22, the board shall issue a written order explaining the reasons for the board's conclusions and dismissing the complaint, and shall transmit a copy to the complainant and to the party against whom the complaint was filed.

3. a. If the board finds the complaint is within the board's jurisdiction and there is probable cause to believe there has been a violation of chapter 21 or 22, the board shall issue a written order to that effect and shall commence a contested case proceeding under chapter 17A against the respondent. If there are no material facts in dispute, the board may order that the contested case procedures relating to the presentation of evidence shall not apply as provided in section 17A.10A. The executive director of the board or an attorney selected by the executive director shall prosecute the respondent in the contested case proceeding. At the termination of the contested case proceeding the board shall, by a majority vote of its members, render a final decision as to the merits of the complaint. If the board finds that the complaint has merit, the board may issue any appropriate order to ensure enforcement of chapter 21 or 22 including but not limited to an order requiring specified action or prohibiting specified action and any appropriate order to remedy any failure of the respondent to observe any provision of those chapters.

b. If the board determines, by a majority vote of its members, that the respondent has violated chapter 21 or 22, the board may also do any or all of the following:

(1) Require the respondent to pay damages as provided for in section 21.6 or 22.10, whichever is applicable, to the extent that provision would make such damages payable if the complainant had sought to enforce a violation in court instead of through the board.

(2) Void any action taken in violation of chapter 21 if a court would be authorized to do so in similar circumstances pursuant to section 21.6.

(3) Require the respondent to take any remedial action deemed appropriate by the board.

c. The board shall not have the authority to remove a person from public office for a violation of chapter 21 or 22. The board may file an action under chapter 21 or 22 to remove a person from office for violations that would subject a person to removal under those chapters.

d. A final board order resulting from such proceedings may be enforced by the board in court and is subject to judicial review pursuant to section 17A.19.

2012 Acts, ch 1115, §13, 17; 2013 Acts, ch 135, §61, 62

23.11 Defenses in a contested case proceeding.

A respondent may defend against a proceeding before the board charging a violation of chapter 21 or 22 on the ground that if such a violation occurred it was only harmless error or that clear and convincing evidence demonstrated that grounds existed to justify a court to issue an injunction against disclosure pursuant to section 22.8.

2012 Acts, ch 1115, §14, 17

23.12 Jurisdiction.

The board shall not have jurisdiction over the judicial or legislative branches of state government or any entity, officer, or employee of those branches, or over the governor or the office of the governor.

Thereafter the state appeal board may effect a compromise settlement with the debtor in an amount and under terms as the board deems just and equitable in view of the findings and conclusions reported to it. When a claim is compromised by the state appeal board, the board shall file with the department of management and the department of administrative services a statement as to the settlement, together with a true copy of the agreement of settlement, and if in settlement an amount less than the face amount is accepted in full, the proper entries shall be made in the books of the department of management, the department of administrative services, and the auditor of state showing the amount of the claim, the amount of the settlement, and the amount charged off.

25B.1 Title.

This chapter may be cited as the “*State Mandates Act*”.
83 Acts, ch 142, §1

25B.2 Findings and purpose — effect of unfunded state mandate.

1. The general assembly finds that preceding actions of state government in specifying the manner, standards, and conditions under which public services are rendered to citizens by the political subdivisions of this state in some cases have not resulted in equitable relationships between the state government and its political subdivisions. Some state actions have dealt in detail with the internal management of the political subdivisions; some have specified the establishment of new services and facilities without providing new revenue sources or financial participation by the state to meet the additional costs; and other actions have specified the adoption of higher service standards without a complete assessment of the impact on the expenditures and tax rates of the political subdivisions.

2. It is the purpose of this chapter to enunciate policies, criteria, and procedures to govern future state-initiated specification of local government services, standards, employment conditions, and retirement benefits that necessitates increased expenditures by political subdivisions or agencies and entities which contract with a political subdivision to provide services.

3. *a.* If, on or after July 1, 1994, a state mandate is enacted by the general assembly, or otherwise imposed, on a political subdivision and the state mandate requires a political subdivision to engage in any new activity, to provide any new service, or to provide any service beyond that required by any law enacted prior to July 1, 1994, and the state does not appropriate moneys to fully fund the cost of the state mandate, the political subdivision is not required to perform the activity or provide the service and the political subdivision shall not be subject to the imposition of any fines or penalties for the failure to comply with the state mandate unless the legislation specifies the amount or proportion of the cost of the state mandate which the state shall pay annually. However, this subsection does not apply to any requirement imposed on a political subdivision relating to public employee retirement systems under chapters 97B, 410, and 411.

b. For the purposes of this subsection, any requirement originating from the federal government and administered, implemented, or enacted by the state, or any allocation of federal moneys conditioned upon enactment of a state law or rule, is not a state mandate.

c. For the purposes of this subsection, “*political subdivision*” includes community colleges and area education agencies.

1. “*Political subdivision*” means a city, county, township, or school district.
2. “*State mandate*” means a statutory requirement or appropriation which requires a political subdivision of the state to establish, expand, or modify its activities in a manner which necessitates additional combined annual expenditures of local revenue by all affected political subdivisions of at least one hundred thousand dollars, or additional combined

expenditures of local revenue by all affected political subdivisions within five years of enactment of five hundred thousand dollars or more, excluding an order issued by a court of this state.

83 Acts, ch 142, §4

25B.5 Cost estimates — notation in Acts.

1. When a bill or joint resolution is requested, the legislative services agency shall make an initial determination of whether the bill or joint resolution may impose a state mandate. If a state mandate may be included, that fact shall be included in the explanation of the bill or joint resolution.

2. If a bill or joint resolution may include a state mandate, the legislative services agency shall determine if the bill or joint resolution contains a state mandate. If the bill or joint resolution contains a state mandate and is still eligible for consideration during the legislative session for which the bill or joint resolution was drafted, the legislative services agency shall prepare an estimate of the amount of costs imposed.

3. If a bill or joint resolution containing a state mandate is enacted, unless the estimate already on file with the house of origin is sufficient, the legislative services agency shall prepare a final estimate of additional local revenue expenditures required by the state mandate and file the estimate with the secretary of state for inclusion with the official copy of the bill or resolution to which it applies. A notation of the filing of the estimate shall be made in the Iowa Acts published pursuant to chapter 2B.

25B.6 State rules.

1. A state agency or department shall not propose or adopt an administrative rule which exceeds its statutory authority by mandating expenditures by political subdivisions, or agencies and entities which contract with political subdivisions to provide services. A state administrative rule, proposed pursuant to chapter 17A, which necessitates additional combined annual expenditures exceeding one hundred thousand dollars by all affected political subdivisions or agencies and entities which contract with the affected political subdivisions to provide services shall be accompanied by a fiscal impact statement outlining the costs. An affected political subdivision, or an entity representing an affected political subdivision, shall cooperate in the preparation of the fiscal impact statement. The fiscal impact statement shall be submitted to the administrative rules coordinator for publication in the Iowa administrative bulletin along with the notice of intended action.

2. The fiscal note shall also be submitted to the legislative fiscal committee of the legislative council. Beginning in the first full fiscal year after adoption of the state administrative rule, the fiscal committee shall annually prepare a report for each fiscal note submitted detailing the fiscal impact of the administrative rule on the affected political subdivision, or agencies and entities which contract with the political subdivision to provide services. The report shall be transmitted to the governor and the general assembly.

1. Beginning with property taxes due and payable in the fiscal year beginning July 1, 1998, the cost of providing a property tax credit or property tax exemption which is enacted by the general assembly on or after January 1, 1997, shall be fully funded by the state. If a state appropriation made to fund a credit or exemption which is enacted on or after January 1, 1997, is not sufficient to fully fund the credit or exemption, the political subdivision shall

be required to extend to the taxpayer only that portion of the credit or exemption estimated by the department of revenue to be funded by the state appropriation. The department of revenue shall determine by June 15 the estimated portion of the credit or exemption which will be funded by the state appropriation.

Referred to in §26.3, 314.1

26.8 Bid security.

1. Each bidder shall accompany its bid with a bid security as security that the successful bidder will enter into a contract for the work bid upon and will furnish after the award of contract a corporate surety bond, acceptable to the governmental entity, for the faithful performance of the contract, in an amount equal to one hundred percent of the amount of the contract. The bid security shall be in an amount fixed by the governmental entity, and shall be in the form of a cashier's check or certified check drawn on a state-chartered or federally chartered bank, or a certified share draft drawn on a state-chartered or federally chartered credit union, or the governmental entity may provide for a bidder's bond with corporate surety satisfactory to the governmental entity. The bidder's bond shall contain no conditions except as provided in this section.

However, contracts relating to public utilities or extensions or improvements thereof, as described in sections 384.80 through 384.94, may be awarded by the city as it deems to be in the best interests of the city. This section shall not be construed to prohibit a governmental entity in the award of a contract for a public improvement or a governing body of a city utility from providing, in the award of a contract for a public improvement, an enhancement of payments upon early completion of the public improvement if the availability of the enhancement payments is included in the notice to bidders, the enhancement payments are competitively neutral to potential bidders, the enhancement payments are considered as a separate item in the public hearing on the award of contract, and the total value of the enhancement payments does not exceed ten percent of the value of the contract.

2. A governmental entity shall not require a potential bidder on a public improvement to provide any information which the potential bidder may deem to be confidential or proprietary as a requirement for being deemed a responsive, responsible bidder. This subsection shall not be construed to prohibit a governmental entity from obtaining information from the lowest responsive bidder to determine the bidder's responsibility relating to the bidder's experience, number of employees, and ability to finance the cost of the public improvement. However, a governmental entity shall require nonresident bidders to comply with section 73A.21, subsection 4.

1. The date and time that each bid is received by the governmental entity, together with the name of the person receiving the bid, shall be recorded on the envelope containing the bid. All bids received after the deadlines for submission of bids as stated in the project specifications shall not be considered and shall be returned to the late bidder unopened. The governmental entity shall open, announce the amount of the bids, and file all proposals received, at the time and place specified in the notice to bidders. The governmental entity may, by resolution, award the contract for the public improvement to the bidder submitting the lowest responsive, responsible bid, determined as provided in section 26.9, or the governmental entity may reject all bids received, fix a new date for receiving bids, and order publication of a new notice to bidders. The governmental entity shall retain the bid security furnished by the successful bidder until the approved contract form has been executed, a bond has been filed by the bidder guaranteeing the performance of the contract, and the contract and bond have been

approved by the governmental entity. The provisions of chapter 573, where applicable, apply to contracts awarded under this chapter.

2. The governmental entity shall promptly return the checks or bidder's bonds of unsuccessful bidders to the bidders as soon as the successful bidder is determined or within thirty days, whichever is sooner.

The officer shall report the results of the bidding with the officer's recommendations to the next regular meeting of the governmental entity's governing body or at a special meeting called for that purpose.

26.12 When hearing necessary.

If the estimated total cost of a public improvement exceeds the competitive bid threshold in section 26.3, or as adjusted in section 314.1B, the governmental entity shall not enter into a contract for the public improvement until the governmental entity has held a public hearing and has approved the proposed plans, specifications, and form of contract, and estimated total cost of the public improvement. Notice of the hearing must be published as provided in section 362.3 and shall include a description of the public improvement and its location. At the hearing, any interested person may appear and file objections to the proposed plans, specifications, contract, or estimated cost of the public improvement. After hearing objections, the governmental entity shall by resolution enter its decision on the plans, specifications, contract, and estimated cost. This section does not apply to the state.

26.13 Early release of retained funds. Repealed by 2018 Acts, ch 1097, §6. See §573.28.

26.14 Competitive quotations for public improvement contracts.

1. Competitive quotations shall be required for a public improvement having an estimated total cost that exceeds the applicable threshold amount provided in this section, but is less than the competitive bid threshold established in section 26.3.

2. Unless the threshold amounts are adjusted pursuant to section 314.1B, the following threshold amounts shall apply:

- a. Sixty-seven thousand dollars for a county, including a county hospital.
- b. Fifty-one thousand dollars for a city having a population of fifty thousand or more.
- c. Fifty-one thousand dollars for a school district having a population of fifty thousand or more.
- d. Fifty-one thousand dollars for an aviation authority created within a city having a population of fifty thousand or more.
- e. Thirty-six thousand dollars for a city having a population of less than fifty thousand, for a school district having a population of less than fifty thousand, and for any other governmental entity.

f. The threshold amount applied to a city applies to a city hospital.

3. a. When a competitive quotation is required, the governmental entity shall make a good faith effort to obtain quotations for the work from at least two contractors regularly engaged in such work prior to letting a contract. Good faith effort shall include advising all contractors who have filed with the governmental entity a request for notice of projects. The governmental entity shall provide such notice in a timely manner so that a requesting contractor will have a reasonable opportunity to submit a competitive quotation. Quotations may be obtained from contractors after the governmental entity provides a description of

the work to be performed, including the plans and specifications prepared by an architect, landscape architect, or engineer, if required under chapter 542B, 544B, or 544A, and an opportunity to inspect the work site. The contractor shall include in the quotation the price for labor, materials, equipment, and supplies required to perform the work. If the work can be performed by an employee or employees of the governmental entity, the governmental entity may file a quotation for the work to be performed in the same manner as a contractor. If the governmental entity receives no quotations after making a good faith effort to obtain quotations from at least two contractors regularly engaged in such work, the governmental entity may negotiate a contract with a contractor regularly engaged in such work.

b. The governmental entity shall designate the time, place, and manner for filing quotations, which may be received by mail, facsimile, or electronic mail. The governmental entity shall award the contract to the contractor submitting the lowest responsive, responsible quotation subject to section 26.9, or the governmental entity may reject all of the quotations. The unconditional acceptance and approval of the lowest responsive, responsible quotation shall constitute the award of a contract. The governmental entity shall record the approved quotation in its meeting minutes. The contractor awarded the contract shall not commence work until the contractor's performance and payment bond has been approved by the governmental entity. A governmental entity may delegate the authority to award a contract, to execute a contract, to authorize work to proceed under a contract, or to approve the contractor's performance and payment bond to an officer or employee of the governmental entity. A quotation approved outside a meeting of the governing body of a governmental entity shall be included in the minutes of the next regular or special meeting of the governing body.

c. If a public improvement may be performed by an employee of the governmental entity, the amount of estimated sales and fuel tax and the premium cost for the performance and payment bond which a contractor identifies in its quotation shall be deducted from the contractor's price for determining the lowest responsive, responsible quotation. If no quotations are received to perform the work, or if the governmental entity's estimated cost to do the work with its employee is less than the lowest responsive, responsible quotation received, the governmental entity may authorize its employee or employees to perform the work.

2006 Acts, ch 1017, §14, 42, 43; 2007 Acts, ch 144, §9; 2009 Acts, ch 133, §10

Referred to in §26.4, 26.14A, 314.1A, 314.1B

26.14A Alternative procedures.

1. When competitive quotations are required under section 26.14 for a public improvement, the governmental entity may proceed, in lieu of competitive quotations, as if the estimated total cost of the public improvement exceeds the competitive bid threshold under section 26.3.

2. If the total estimated cost of the public improvement does not warrant either competitive quotations under section 26.14 or competitive bidding under section 26.3, the governmental entity may nevertheless proceed with competitive quotations or competitive bidding for the public improvement.

2007 Acts, ch 144, §10

26.15 Structure demolition project.

A governmental entity may enter into annual contracts with multiple contractors for structure demolition projects, with each project having a total estimated cost of one hundred thousand dollars or less, or each project having a total estimated cost equal to or less than the competitive bid threshold as established in section 314.1B. The governmental entity shall solicit contractors by publishing a notice as provided in section 362.3. A contractor is eligible to perform structure demolition work for the governmental entity after the contractor executes an annual demolition contract in a form satisfactory to the governmental entity, including a bond and insurance. For the twelve-month period following execution of the contract or contracts, the governmental entity may obtain competitive proposals from each

eligible contractor as necessary for the demolition of structures. The contractor submitting the lowest responsible proposal shall enter into a contract addendum to perform the work.

2006 Acts, ch 1017, §15, 42, 43

26.16 Prequalification requirements prohibited.

A governmental entity shall not by ordinance, rule, or any other action relating to contracts for public improvements for which competitive bids are required by this chapter impose any requirement that directly or indirectly restricts potential bidders to any predetermined class of bidders defined by experience on similar projects, size of company, union membership, or any other criteria. However, a governmental entity shall require nonresident bidders to comply with section 73A.21, subsection 4.

2017 Acts, ch 65, §2, 9, 10

Section takes effect April 13, 2017, and applies to notices to bidders for public improvements, bids awarded for public improvements, and contracts for public improvements entered into on and after that date; 2017 Acts, ch 65, §9, 10

The board of the authority may enter into any deeds of trust, mortgages, indentures, or other agreements, with any bank or trust company or any other lender within or without the state as security for the bonds, and may assign and pledge all or any of the revenues, rates, fees, rentals, or other charges or receipts of the authority. The deeds of trust, mortgages, indentures, or other agreements may contain the provisions as may be customary in the instruments, or, as the board may authorize, including, but without limitation, provisions as to:

1. The board of supervisors, or the city councils of a district composed only of cities, may, and upon receipt of a petition signed by eligible electors residing in the district equal in number to at least five percent of the registered voters in the district shall, submit a

proposition to the electorate residing in the district at any general election or at a special election held throughout the district. The proposition shall provide for the establishment of a public safety fund and the levy of a tax on taxable property located in the district at rates not exceeding the rates specified in this section for the purpose of providing additional moneys for the operation of the district.

2. The ballot for the election shall be prepared in substantially the form for submitting special questions at general elections and the form of the proposition shall be substantially as follows:

Shall an annual levy, the amount of which will not exceed a rate of one dollar and fifty cents per thousand dollars of assessed value of the taxable property in the unified law enforcement district be authorized for providing additional moneys needed for unified law enforcement services in the district?

Yes

No

3. If a majority of the registered voters in each city and the unincorporated area of the county voting on the proposition approve the proposition, the county board of supervisors for unincorporated area and city councils for cities are authorized to levy the tax as provided in section 28E.23.

4. Such moneys collected pursuant to the tax levy shall be expended only for providing additional moneys needed for unified law enforcement services in the district and shall be in addition to the revenues raised in the county and cities in the district from their general funds which are based upon an average of revenues raised for law enforcement purposes by the county or city for the three previous years. The amount of revenues raised for law enforcement purposes by the county for the three previous years shall be computed separately for the unincorporated portion of the district and for each city in the district.

28E.23 Budget.

1. The public safety commission, on or before January 10 of each year, shall make an estimate of the total amount of revenue deemed necessary for operation of the district and, in conjunction with the county board of supervisors and city councils in the district, determine the amounts which will be contributed by the county and by each city in the district from its general fund which are based upon an average of revenues raised for law enforcement purposes in the county or city for the three previous years. As an alternative to computing average revenues raised for law enforcement purposes for the three previous years, a public safety commission, in conjunction with the county board of supervisors and city councils in the district, may calculate the average by using the amounts budgeted for the three previous fiscal years. The average of the amounts budgeted for the three previous fiscal years may be adjusted by a percentage not to exceed the percentage increase in the consumer price index for all urban consumers for the last available twelve-month period published in the federal register by the federal department of labor, bureau of labor statistics.

2. One of the following methods shall be used by the public safety commission for computing the amount of revenue deemed necessary for the operation of the district:

a. The per capita cost shall be computed by dividing the amount of revenue deemed necessary for the operation of the district by the total population of the district and by computing separate amounts for the public safety fund as follows:

(1) The funds to be contributed by each city in the district shall be computed by multiplying the per capita cost by the population residing in each city of the district.

(2) The funds to be contributed by the unincorporated area of the district shall be computed by multiplying the per capita cost by the population residing in the unincorporated area of the district.

b. The percent of service received by the unincorporated area and by each city in the

district shall be computed and the percent of service received by each shall be multiplied by the amount of revenue deemed necessary for the operation of the district.

c. Any other method agreed to by each city and county member of the district. The public safety commission shall compute the amount of revenue deemed necessary for the operation of the district and the amounts to be contributed by the county and by each city in the district based upon such agreement. The computation of revenue under this paragraph shall be certified, deposited, and otherwise treated the same as an average of revenues under section 28E.24 for all purposes, including determining the source of additional revenues needed for unified law enforcement services. If the method of funding allowed in this paragraph is used, any requirement relating to average revenues raised for law enforcement purposes for the three previous years in this section, section 28E.22, subsection 4, or section 28E.24, shall not apply.

1. a. The county board of supervisors shall certify to the public safety commission the amount of revenue from the county general fund credited to the unincorporated area in the district based upon an average of revenues raised for law enforcement purposes in the unincorporated area for the three previous years. The public safety commission shall subtract this amount from the amount of revenue to be contributed by the unincorporated area. The difference is the amount of additional revenue needed for unified law enforcement purposes.

b. In addition, the county board of supervisors and the city council of each city in the district shall certify to the public safety commission the amounts of revenue from the county and from the city general fund credited to each city in the district based upon an average of revenues raised for law enforcement purposes in each city for the three previous years. The public safety commission shall subtract the total of these amounts from the amount of revenue to be contributed by each city respectively. The difference for each city is the amount of additional revenue needed for unified law enforcement purposes.

2. The county board of supervisors and the council of each city located within the district shall review the proposed budget and upon the approval of the budget by the board of supervisors and all city councils in the district, each governing body shall determine the source of the additional revenue needed for unified law enforcement purposes. If the tax levy is approved as the source of revenue, the governing body shall certify to the county auditor the amount of revenue to be raised from the tax levy in either the unincorporated area of the district or a city in the district.

3. If the tax rate in any of the cities or the unincorporated area exceeds the limitations prescribed in section 28E.22, the public safety commission shall revise the budget to conform with the tax limitations.

4. The county board of supervisors and the city council of each city in the district shall deposit in the public safety fund the amounts of revenue certified to the public safety commission in this section based upon an average of revenues raised for law enforcement purposes for the three previous years.

5. If the average of revenues raised for law enforcement purposes in the unincorporated area or a city for the previous three years exceeds the amount of revenue needed for unified law enforcement purposes, the unincorporated area or city is only required to contribute the amount of revenue needed.

6. Taxes collected pursuant to the tax levies and other moneys received from the county and cities in the district shall be placed in a public safety fund and used only for the operation of the district. Any unencumbered funds remaining in the fund at the end of a fiscal year shall carry over to the next fiscal year and may be used for the operation of the district.

If a majority of the registered voters in each city and the unincorporated area of the county, as applicable, approve the proposition, the tax levy shall be discontinued.

2. If the discontinuation of the tax levy necessitates the dissolution of the district, the public safety commission shall dispose of any remaining property, the proceeds of which shall be applied first against any outstanding obligations of the district and any balance shall be remitted to the county and each city in the district in the same proportion that each jurisdiction contributed to the district's budget in its final fiscal year. 28F.1 Scope of chapter — limitations.

1. This chapter provides a means for the joint financing by public agencies of works or facilities useful and necessary for the collection, treatment, purification, and disposal in a sanitary manner of liquid and solid waste, sewage, and industrial waste, facilities used for the conversion of solid waste to energy, gasworks and facilities useful for the delivery of natural gas service, and also electric power facilities constructed within the state of Iowa, except that hydroelectric power facilities may also be located in the waters and on the dams of or on land adjacent to either side of the Mississippi or Missouri river bordering the state of Iowa, water supply systems, swimming pools or golf courses. This chapter applies to the acquisition, construction, reconstruction, ownership, operation, repair, extension, or improvement of such works or facilities, by a separate administrative or legal entity created pursuant to chapter 28E or chapter 389. When the legal entity created under this chapter is comprised solely of cities, counties, and sanitary districts established under chapter 358, or any combination thereof or any combination of the foregoing with other public agencies, the entity shall be both a corporation and a political subdivision with the name under which it was organized. The legal entity may sue and be sued, contract, acquire and hold real and personal property necessary for corporate purposes, adopt a corporate seal and alter the seal at pleasure, and execute all the powers conferred in this chapter.

2. A city shall not join an entity created under this chapter for the purpose of financing electric power facilities unless that city had established a municipal electric utility as of July 1, 1984. Power supplied by a municipal power agency shall not be furnished to a municipal utility not existing as of July 1, 1984.

28F.3 Revenue bonds.

An entity created to carry out an agreement authorizing the joint exercise of those governmental powers enumerated in section 28F.1 shall have power to construct, acquire, own, repair, improve, expand, operate and maintain a project or projects necessary to carry out the purposes of such agreement, and to issue from time to time revenue bonds payable from the revenues derived from such project or projects, or any combination of such projects, to finance the cost or part of the cost of the acquisition, construction, reconstruction, repair, extension or improvement of such project or projects, including the acquisition for the purposes of such agreement, of any property, real or personal or mixed therefor. The power of the entity to issue revenue bonds shall not be exercised until authorized by resolution duly adopted by each of the public agencies participating in such agreement. Public agencies participating in such an agreement may not withdraw or in any way terminate, amend, or modify in any manner to the detriment of the bondholders said agreement if revenue bonds or obligations issued in anticipation of the issuance of said revenue bonds have been issued and are then outstanding and unpaid as provided for herein. Any revenue bonds for the payment and discharge of which, upon maturity or upon redemption prior to maturity, provision has been made through the setting apart in a reserve fund or special trust account created pursuant to this chapter to insure the payment thereof, of moneys sufficient for that purpose or through the irrevocable segregation for that purpose in a sinking fund or other fund or trust account of moneys sufficient therefor, shall be deemed to be no longer outstanding and unpaid within the meaning of any provision of this chapter.

[C71, 73, 75, 77, 79, 81, §28F.3]

28F.4 Use of proceeds — negotiability.

Revenue bonds may be issued, as provided in section 28F.3, to provide all or any part of the funds required to finance the cost of the acquisition, construction, reconstruction, repair, extension or improvement of any project or projects or other purposes authorized under this chapter and such cost shall include, but shall not be limited to, administrative expenses, acquisition and construction costs, engineering, fiscal or financial and legal expenses, surveys, plans and specifications, interest during such construction, reconstruction, repair, extension or improvement or acquisition and for one year after completion of such construction, reconstruction, repair, extension or improvement or after acquisition of the project or projects, initial reserve funds, acquisition of real or personal property, including franchises, and such other costs as are necessary and incidental to the construction, reconstruction, repair, extension or improvement, or acquisition of such project or projects and the financing thereof. Such an entity shall have the power to retain and enter into agreements with engineers, fiscal agents, financial advisers, attorneys, architects or other consultants or advisers for planning, supervision and financing of such project or projects upon such terms and conditions as shall be deemed advisable and in the best interest of the entity. Bonds issued under the provisions of this chapter are declared to be investment securities under the laws of the state of Iowa.

[C71, 73, 75, 77, 79, 81, §28F.4]

28F.5 Source of payment — rates and charges, pledge of revenues.

1. An entity shall have the power to pledge all or part of the net revenues of a project or projects to the payment of the principal of and interest on the bonds issued pursuant to this chapter and shall provide by resolution authorizing the issuance of said bonds that such net revenues of the project or projects shall be set apart in a sinking fund for that purpose and kept separate and distinct from all other revenues of the entity. The principal of and interest on the bonds so issued shall be secured by a pledge of such net revenues of the project or projects in the manner and to the extent provided in the resolution authorizing the issuance of said bonds.

2. An entity shall have the power to fix, establish and maintain such rates, tolls, fees, rentals or other charges and collect the same from the public agencies participating in the agreement or from private agencies or persons for the payment of the services and facilities

provided by said project or projects. Such rates, tolls, fees, rentals or other charges shall be so fixed, established and maintained and revised from time to time whenever necessary as will always provide revenues sufficient to pay the cost of maintaining, repairing and operating the project or projects, to pay the principal of and interest on the bonds then outstanding which are payable therefrom as the same become due and payable, to provide adequate and sufficient reserves therefor, to provide for replacements, depreciations and necessary extensions and enlargements and to provide a margin of safety for the making of such payments and providing such reserves. Notwithstanding the foregoing such an entity shall have the further right to pledge to the payment of the bonds issued pursuant to this chapter, in addition to the net revenues of the project or projects pledged therefor, such other moneys that it may have and which are lawfully available therefor.

3. In order to pay the rates, tolls, fees, rentals or other charges levied against a public agency by an entity for the payment of the services and facilities provided by a project or projects authorized by this chapter, public agencies participating in such an agreement shall have the power by ordinance to fix, establish and maintain, rates or other charges for the use of and the services and facilities rendered by said project or projects. Such rates or charges may be so fixed, established and maintained and revised from time to time whenever necessary as will always provide such public agencies with sufficient revenue to pay the rates, tolls, fees, rentals or other charges levied against it by the entity for the payments of the services and facilities provided by said project or projects. All such rates or charges to be paid by the owners of real property, if not paid as by the ordinance provided, when due, shall constitute a lien upon such real property served by such project or projects, and shall be collected in the same manner as general taxes.

All bonds issued by the entity shall contain a recital on their face that neither the payment of the principal nor any part thereof nor any interest thereon constitutes a debt, liability or obligation of any of the public agencies participating in the agreement creating such entity or of the entity itself, except that the entity shall be liable for the payment of such bonds from the net revenues derived from the project or projects and from the other moneys lawfully available therefor and pledged thereto pursuant to the provisions of the resolution which authorized their issuance. Said bonds issued by the entity shall be authorized by resolution which may be adopted at the same meeting at which it was introduced by a majority of the members of the governing body of the entity. The terms, conditions and provisions for the authorization, issuance, sale, and security of said bonds and of the holders thereof shall be set forth in said resolution.

2. The electric light and power plant and system of any public agency participating in and receiving wholesale power from electric power facilities owned, operated, or financed

pursuant to this chapter shall meet the standards of the national electric safety code of 1968, as amended to and including January 1, 1981, of the national fire protection association.

The governing body of the entity may retire any notes from the revenues derived from the project or from other moneys of the entity which are lawfully available for that purpose or from a combination of each, in lieu of retiring them by means of bond proceeds.

INTERGOVERNMENTAL SOLID WASTE SERVICES

Referred to in §28A.4

28G.1	Purpose.	28G.5	Revenue bonds.
28G.2	Definitions.	28G.6	Annual report.
28G.3	Creation of public service monopoly.	28G.7	Obligations not excused.
28G.4	Powers of entity.	28G.8	Limitation on powers.
		28G.9	Nonapplicability.

28G.1 Purpose.

The purpose of this chapter is to allow two or more local governments to form a public service monopoly when they find that a public service monopoly is an effective means to protect the public health and welfare, and the environment through any of the following:

1. Adequate solid waste collection, transportation, storage and disposal practices which are the only effective means of allowing the construction and utilization of a resource recovery facility for the recycling of solid waste for use as an energy source.
2. The implementation of other solid waste management projects, such as source reduction and recycling, which are part of an approved comprehensive plan required under section 455B.306, and if the formation of a public service monopoly is the only effective means of accomplishing solid waste reduction and recycling. The public service monopoly shall utilize private recycling industries in the service area when possible.

84 Acts, ch 1039, §1; 92 Acts, ch 1215, §1

28G.2 Definitions.

As used in this chapter, unless the context otherwise requires:

1. “*Private agency*” means a private agency as defined in section 28E.2.
2. “*Recyclable materials*” means those materials separated by a person from solid waste incidental to the collection of the solid waste for utilization as raw materials to be manufactured into a new product.

Referred to in §28G.3, 28G.4

28G.3 Creation of public service monopoly.

If two or more local governments find that the only effective means of allowing the construction and utilization of a resource recovery facility for the recycling of solid waste for use as an energy source or to implement solid waste management projects as defined in section 28G.2 is to create a public service monopoly, a legal entity shall be created pursuant to chapter 28E by agreement of two or more local governments to displace competition with regulation and monopoly of a public service for the collection, transportation, storage, and disposal, or diversion of solid waste to the extent reasonably necessary to carry out these functions. The agreement is subject to approval of the environmental protection commission before it becomes effective.

1. Engage in, manage, own, operate, and regulate the collection, transportation, storage, and disposal or diversion of solid waste including, but not limited to, the designation of a specific facility which must be used for the collection, transportation, storage, and disposal or diversion of solid waste within its jurisdiction or geographic area.

2. Grant permits, licenses, or franchises, exclusive or nonexclusive, or a combination of exclusive or nonexclusive franchises, to solid waste management services.

3. Enter into contracts for construction and may contract, license, or permit the construction of resource recovery facilities for recycling of solid waste for an energy source or of facilities necessary to implement solid waste management projects as defined in section 28G.2.

4. Require the use of the resource recovery facilities or of facilities necessary to implement solid waste management projects as defined in section 28G.2, by any person who can be effectively served by the facilities. However, this subsection does not prohibit a private agency from dumping or depositing solid waste resulting from its own residential, farming, manufacturing, mining, or commercial activities on land owned or leased by it if the action does not violate any statute of this state or rules adopted by the environmental protection commission or local boards of health or local ordinances.

84 Acts, ch 1039, §4; 92 Acts, ch 1215, §4

28G.5 Revenue bonds.

A legal entity operating under this chapter may issue bonds as provided under chapter 28F for the planning, design, acquisition, construction, reconstruction, improvement, equipping, and furnishing of a solid waste management project as authorized under this chapter.

Every contract shall be accompanied by or shall refer to plans and specifications for the work to be done, prepared for and approved by the port authority, and signed by an authorized officer of the port authority and by the contractor.

c. The board of directors may provide criteria for the negotiation and award without competitive bidding of any contract as to which the port authority is the contracting entity for the construction of any building or structure or other improvement under any of the following circumstances:

(1) A real and present emergency exists that threatens damage or injury to persons or property of the port authority or other persons, provided that a statement specifying the nature of the emergency that is the basis for the negotiation and award of a contract without competitive bidding shall be signed by the officer of the port authority that executes that contract at the time of the contract's execution and shall be attached to the contract.

(2) A commonly recognized industry or other standard or specification does not exist and cannot objectively be articulated for the improvement.

(3) The contract is for any energy conservation measure as defined in section 7D.34.

(4) With respect to material to be incorporated into the improvement, only a single source or supplier exists for the material.

(5) A single bid is received by the port authority after complying with the provisions of paragraph "b".

d. (1) If a contract is to be negotiated and awarded without competitive bidding for the reason set forth in paragraph "c", subparagraph (2), the port authority shall publish a notice calling for technical proposals at least twice, with at least seven days between publications, in a newspaper of general circulation in the area of the port authority. After receipt of the technical proposals, the port authority may negotiate with and award a contract for the improvement to the person making the proposal considered to be the most advantageous to the port authority.

(2) If a contract is to be negotiated and awarded without competitive bidding for the reason set forth in paragraph "c", subparagraph (4), construction activities related to the incorporation of the material into the improvement also may be provided without competitive bidding by the source or supplier of that material.

e. A purchase, exchange, sale, lease, lease with an option to purchase, conveyance of other interests in, or other contract with a person or governmental agency that pertains to the acquisition, construction, maintenance, repair, furnishing, equipping, or operation of any real or personal property, related to or in furtherance of economic development and the provision of adequate housing, shall be made in such manner and subject to such terms and conditions as may be determined in the board's discretion. This paragraph applies to all contracts that are subject to this section, notwithstanding any other provision of law that might otherwise apply, including a requirement of notice, competitive bidding or selection, or for the provision of security. However, this paragraph shall not apply to a contract secured exclusively by or to be paid exclusively from the general revenues of the port authority. For the purposes of this paragraph, any revenues derived by the port authority under a lease or other agreement that, by its terms, contemplates the use of amounts payable under the agreement either to pay the costs of the improvement that is the subject of the contract or to secure obligations of the port authority issued to finance costs of such improvement, are excluded from general revenues.

19. Employ managers, superintendents, and other employees and retain or contract with consulting engineers, financial consultants, accounting experts, architects, attorneys, and any other consultants and independent contractors as are necessary in the port authority's judgment to carry out this chapter, and fix the compensation thereof. All expenses thereof shall be payable from any available funds of the port authority or from funds appropriated for that purpose by the political subdivisions comprising the port authority.

20. Receive and accept from a governmental agency grants and loans for the construction

of a port authority facility, for research and development with respect to a port authority facility, or any other authorized purpose, and receive and accept aid or contributions from any source of moneys, property, labor, or other things of value, to be held, used, and applied only for the purposes for which the grants, loans, aid, or contributions are made.

21. Engage in research and development with respect to a port authority facility.

22. 1. a. A port authority may charge, alter, and collect rental fees or other charges for the use or services of any port authority facility and contract for the use or services of a facility, and fix the terms, conditions, rental fees, or other charges for the use or services.

b. If the services are furnished in the jurisdiction of the port authority by a utility company or a common carrier, the port authority's charges for the services shall not be less than the charges established for the same services furnished by a utility company or common carrier in the port authority jurisdiction.

c. The rental fees or other charges shall not be subject to supervision or regulation by any other authority, commission, board, bureau, or governmental agency of the state and the contract may provide for acquisition of all or any part of the port authority facility for such consideration payable over the period of the contract or otherwise as the port authority determines to be appropriate, but subject to the provisions of any resolution authorizing the issuance of port authority revenue bonds or any trust agreement securing the bonds.

d. A governmental agency that has power to construct, operate, and maintain a port authority facility may enter into a contract or lease with a port authority for the use or services of a port authority facility as may be agreed to by the port authority and the governmental agency.

b. A governmental agency may provide funds for the payment of any contribution required under such agreements by the levy of taxes or assessments if otherwise authorized by the laws governing the governmental agency in the construction of the type of port authority facility provided for in the agreements, and may pay the proceeds from the collection of the taxes or assessments; or the governmental agency may issue bonds or notes, if authorized by law, in anticipation of the collection of the taxes or assessments, and may pay the proceeds of the bonds or notes to the port authority pursuant to such agreements.

c. A governmental agency may provide the funds for the payment of a contribution by the appropriation of moneys or, if otherwise authorized by law, by the issuance of bonds or notes and may pay the appropriated moneys or the proceeds of the bonds or notes to the port authority pursuant to such agreements.

3. When the contribution of any governmental agency is to be made over a period of time from the proceeds of the collection of special assessments, the interest accrued and to accrue before the first installment of the assessments is collected, which is payable by the governmental agency on the contribution under the terms and provisions of the agreements, shall be treated as part of the cost of the improvement for which the assessments are levied,

and that portion of the assessments that is collected in installments shall bear interest at the same rate as the governmental agency is obligated to pay on the contribution under the terms and provisions of the agreements and for the same period of time as the contribution is to be made under the agreements. 28J.20 Loans for acquisition or construction of facility — sale of facility — power to encumber property.

1. With respect to the financing of a facility for an authorized purpose, under an agreement whereby the person to whom the facility is to be leased, subleased, or sold, or to whom a loan is to be made for the facility, is to make payments sufficient to pay all of the principal of, premium, and interest on the port authority revenue bonds issued for the facility, the port authority, in addition to other powers under this chapter, may do any of the following:

a. Make loans for the acquisition or construction of the facility to such person upon such terms as the port authority may determine or authorize including secured or unsecured loans; and enter into loan agreements and other agreements, accept notes and other forms of obligation to evidence such indebtedness and mortgages, liens, pledges, assignments, or other security interests to secure such indebtedness, which may be prior or subordinate to or on a parity with other indebtedness, obligations, mortgages, pledges, assignments, other security interests, or liens or encumbrances, and take actions considered appropriate to protect such security and safeguard against losses, including, without limitation, foreclosure and the bidding upon and purchase of property upon foreclosure or other sale.

b. Sell the facility under terms as the port authority may determine, including sale by conditional sale or installment sale, under which title may pass prior to or after completion of the facility or payment or provisions for payment of all principal of, premium, and interest on the revenue bonds, or at any other time provided in the agreement pertaining to the sale, and including sale under an option to purchase at a price which may be a nominal amount or less than true value at the time of purchase.

c. Grant a mortgage, lien, or other encumbrance on, or pledge or assignment of, or other security interest with respect to, all or any part of the facility, revenues, reserve funds, or other funds established in connection with the bonds or with respect to a lease, sublease, sale, conditional sale or installment sale agreement, loan agreement, or other agreement pertaining to the lease, sublease, sale, or other disposition of a facility or pertaining to a loan made for a facility, or a guaranty or insurance agreement made with respect thereto, or an interest of the port authority therein, or any other interest granted, assigned, or released to secure payments of the principal of, premium, or interest on the bonds or to secure any other payments to be made by the port authority, which mortgage, lien, encumbrance, pledge, assignment, or other security interest may be prior or subordinate to or on a parity with any other mortgage, assignment, or other security interest, or lien or encumbrance.

d. Contract for the acquisition or construction of the facility or any part thereof and for the leasing, subleasing, sale, or other disposition of the facility in a manner determined by the port authority in its sole discretion, without necessity for competitive bidding or performance bonds.

e. Make appropriate provision for adequate maintenance of the facility.

2. With respect to a facility referred to in this section, the authority granted by this section is cumulative and supplementary to all other authority granted in this chapter. 28J.21 Issuance of revenue and refunding bonds and pledge orders.

1. A port authority may issue revenue bonds and pledge orders payable solely from the net revenues of the port authority including the revenues generated from a facility pursuant to section 28J.20. The revenue bonds may be issued in such principal amounts as, in the opinion of the port authority, are necessary for the purpose of paying the cost of one or more port authority facilities or parts thereof.

2. *a.* The resolution to issue the bonds must be adopted at a regular or special meeting of the board called for that purpose by a majority of the total number of members of the board. The board shall fix a date, time, and place of meeting at which it proposes to take action, and give notice by publication in the manner directed in section 331.305. The notice must include a statement of the date, time, and place of the meeting, the maximum amount of the proposed revenue bonds, the purpose for which the revenue bonds will be issued, and the net revenues to be used to pay the principal and interest on the revenue bonds.

b. At the meeting, the board shall receive oral or written objections from any resident or property owner within the jurisdiction of the port authority. After all objections have been received and considered, the board, at the meeting or a date to which it is adjourned, may take additional action for the issuance of the bonds or abandon the proposal to issue bonds. Any resident or property owner within the jurisdiction of the port authority may appeal a decision of the board to take additional action in district court within fifteen days after the additional action is taken, but the additional action of the board is final and conclusive unless the court finds that the board exceeded its authority.

3. The board may sell revenue bonds or pledge orders at public or private sale and may deliver revenue bonds and pledge orders to the contractors, sellers, and other persons furnishing materials and services constituting a part of the cost of the port authority facility in payment therefor. The pledge of any net revenues of a port authority is valid and effective as to all persons including but not limited to other governmental bodies when it becomes valid and effective between the port authority and the holders of the revenue bonds or pledge orders.

4. A revenue bond is valid and binding for all purposes if it bears the signatures or a facsimile of the signature of the officer designated by the port authority. Port authority revenue bonds may bear dates, bear interest at rates not exceeding those permitted by chapter 74A, bear interest at a variable rate or rates changing from time to time in accordance with a base or formula, mature in one or more installments, be in registered form, carry registration and conversion privileges, be payable as to principal and interest at times and places, be subject to terms of redemption prior to maturity with or without premium, and be in one or more denominations, all as provided by the resolution of the board authorizing their issuance. The resolution may also prescribe additional provisions, terms, conditions, and covenants which the port authority deems advisable, consistent with this chapter, including provisions for creating and maintaining reserve funds, the issuance of additional revenue bonds ranking on a parity with such revenue bonds and additional revenue bonds junior and subordinate to such revenue bonds, and that such revenue bonds shall rank on a parity with or be junior and subordinate to any revenue bonds which may be then outstanding. Port authority revenue bonds are a contract between the port authority and holders and the resolution is a part of the contract.

5. The port authority may issue revenue bonds to refund revenue bonds, pledge orders, and other obligations which are by their terms payable from the net revenues of the same port authority, at lower, the same, or higher rates of interest. A port authority may sell refunding revenue bonds at public or private sale and apply the proceeds to the payment of the obligations being refunded, and may exchange refunding revenue bonds in payment and discharge of the obligations being refunded. The principal amount of refunding revenue bonds may exceed the principal amount of the obligations being refunded to the extent necessary to pay any premium due on the call of the obligations being refunded and to fund interest accrued and to accrue on the obligations being refunded.

6. The final maturity of any original issue of port authority revenue bonds shall not exceed forty years from the date of issue, and the final maturity of port authority revenue bonds that refund outstanding port authority revenue bonds shall not be later than the later of forty years

from the date of issue of the original issue of bonds or the date by which it is expected, at the time of issuance of the refunding bonds, that the useful life of all of the property refinanced with the proceeds of the bonds, other than interests in land, will have expired. Such bonds or notes shall be executed in a manner as the resolution may provide.

7. The port authority may contract to pay an amount not to exceed ninety-five percent of the engineer's estimated value of the acceptable work completed during the month to the contractor at the end of each month for work, material, or services. Payment may be made in warrants drawn on any fund from which payment for the work may be made. If such funds are depleted, anticipatory warrants may be issued bearing a rate of interest not exceeding that permitted by chapter 74A even if income from the sale of bonds which have been authorized and are applicable to the public improvement takes place after the fiscal year in which the warrants are issued. If the port authority arranges for the private sale of anticipatory warrants, the warrants may be sold and the proceeds used to pay the contractor. The warrants may also be used to pay other persons furnishing services constituting a part of the cost of the public improvement.

8. Port authority revenue bonds, pledge orders, and warrants issued under this section are negotiable instruments.

9. The board may issue pledge orders pursuant to a resolution adopted by a majority of the total number of supervisors, at a regular or special meeting, ordering their issuance and delivery in payment for all or part of the cost of a project. Pledge orders may bear interest at rates not exceeding those permitted by chapter 74A.

10. Except as provided in section 28J.20, the physical properties of the port authority shall not be pledged or mortgaged to secure the payment of revenue bonds, pledge orders, or refunding bonds, or the interest thereon.

11. The members of the board of the port authority and any person executing the bonds or pledge orders shall not be personally liable on the bonds or pledge orders or be subject to any personal liability or accountability by reason of the issuance thereof.

Referred to in §28J.1, 28J.9

28J.22 Bonds may be secured by trust agreement.

1. In the discretion of the port authority, a port authority revenue bond issued under this chapter may be secured by a trust agreement between the port authority and a corporate trustee that may be any trust company or bank having the powers of a trust company within this or any other state.

2. The trust agreement may pledge or assign revenues of the port authority to be received for payment of the revenue bonds. The trust agreement or any resolution providing for the issuance of revenue bonds may contain provisions for protecting and enforcing the rights and remedies of the bondholders as are reasonable and proper and not in violation of law, including covenants setting forth the duties of the port authority in relation to the acquisition of property, the construction, improvement, maintenance, repair, operation, and insurance of the port authority facility in connection with which the bonds are authorized, the rentals or other charges to be imposed for the use or services of any port authority facility, the custody, safeguarding, and application of all moneys, and provisions for the employment of consulting engineers in connection with the construction or operation of any port authority facility.

3. A bank or trust company incorporated under the laws of this state, that may act as the depository of the proceeds of bonds or of revenues, shall furnish any indemnifying bonds or may pledge any securities that are required by the port authority. The trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing similar bonds. The trust agreement may contain any other provisions that the port authority determines reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of the trust agreement may be treated as a part of the cost of the operation of the port authority facility.

2005 Acts, ch 150, §110

28J.23 Remedy of holder of bond or coupon — statute of limitations.

1. The sole remedy for a breach or default of a term of a port authority revenue bond or pledge order is a proceeding in law or in equity by suit, action, or mandamus to enforce and compel performance of the duties required by this chapter and of the terms of the resolution authorizing the issuance of the revenue bonds or pledge orders, or to obtain the appointment of a receiver to take possession of and operate the port authority, and to perform the duties required by this chapter and the terms of the resolution authorizing the issuance of the port authority revenue bonds or pledge orders.

2. An action shall not be brought which questions the legality of port authority revenue bonds or pledge orders, the power of a port authority to issue revenue bonds or pledge orders, or the effectiveness of any proceedings relating to the authorization and issuance of revenue bonds or pledge orders, from and after fifteen days from the time the bonds or pledge orders are ordered issued by the port authority.

2005 Acts, ch 150, §111

28J.24 Bonds are payable solely from revenues and funds pledged for payment.

Port authority revenue bonds and pledge orders issued under this chapter do not constitute a debt, or a pledge of the faith and credit, of the state or a political subdivision of the state, and the holders or owners of the bonds or pledge orders shall not have taxes levied by the state or by a taxing authority of a governmental agency of the state for the payment of the principal or of interest on the bonds or pledge orders, but the bonds and pledge orders are payable solely from the revenues and funds pledged for their payment as authorized by this chapter, unless the notes are issued in anticipation of the issuance of bonds or pledge orders or the bonds and pledge orders are refunded by refunding bonds issued under this chapter, which bonds, pledge orders, or refunding bonds shall be payable solely from revenues and funds pledged for their payment as authorized by those sections. All of the bonds or pledge orders shall contain a statement to the effect that the bonds or pledge orders, as to both principal and interest, are not debts of the state or a political subdivision of the state, but are payable solely from revenues and funds pledged for their payment.

2005 Acts, ch 150, §112

28J.25 Funds and property held in trust — use and deposit of funds.

All revenues, funds, properties, and assets acquired by the port authority under this chapter, whether as proceeds from the sale of port authority revenue bonds, pledge orders, or as revenues, shall be held in trust for the purposes of carrying out the port authority's powers and duties, shall be used and reused as provided in this chapter, and shall at no time be part of other public funds. Such funds, except as otherwise provided in a resolution authorizing port authority revenue bonds or in a trust agreement securing the same, or except when invested pursuant to section 28J.26, shall be kept in depositories selected by the port authority in the manner provided in chapter 12C, and the deposits shall be secured as provided in that chapter. The resolution authorizing the issuance of revenue bonds or pledge orders, or the trust agreement securing such bonds or pledge orders, shall provide that any officer to whom, or any bank or trust company to which, such moneys are paid shall act as trustee of such moneys and hold and apply them for the purposes hereof, subject to such conditions as this chapter and such resolution or trust agreement provide.

2005 Acts, ch 150, §113

28J.26 Investment of excess funds.

1. If a port authority has surplus funds after making all deposits into all funds required by the terms, covenants, conditions, and provisions of outstanding revenue bonds, pledge orders, and refunding bonds which are payable from the revenues of the port authority and after complying with all of the requirements, terms, covenants, conditions, and provisions of the proceedings and resolutions pursuant to which revenue bonds, pledge orders, and refunding bonds are issued, the board may transfer the surplus funds to any other fund of the port authority in accordance with this chapter and chapter 12C, provided that a transfer shall not be made if it conflicts with any of the requirements, terms, covenants, conditions,

or provisions of a resolution authorizing the issuance of revenue bonds, pledge orders, or other obligations which are payable from the revenues of the port authority which are then outstanding.

2. This section does not prohibit or prevent the board from using funds derived from any other source which may be properly used for such purpose, to pay a part of the cost of a facility.

28J.27 Change in location of public way, railroad, or utility facility — vacation of highway.

1. When a port authority changes the location of any portion of any public road, railroad, or utility facility in connection with the construction of a port authority facility, the port authority shall reconstruct at such location as the governmental agency having jurisdiction over such road, railroad, or utility facility finds most favorable. The construction of such road, railroad, or utility facility shall be of substantially the same type and in as good condition as the original road, railroad, or utility facility. The cost of such reconstruction, relocation, or removal and any damage incurred in changing the location of any such road, railroad, or utility facility shall be paid by the port authority as a part of the cost of the port authority facility.

2. When the port authority finds it necessary that a public highway or portion of a public highway be vacated by reason of the acquisition or construction of a port authority facility, the port authority may request the director of transportation to vacate such highway or portion in accordance with chapter 306 if the highway or portion to be vacated is on the state highway system, or if the highway or portion to be vacated is under the jurisdiction of a county, the port authority shall petition the board of supervisors of that county, in the manner provided in chapter 306, to vacate such highway or portion. The port authority shall pay to the county, as a part of the cost of such port authority facility, any amounts required to be deposited with a court in connection with proceedings for the determination of compensation and damages and all amounts of compensation and damages finally determined to be payable as a result of such vacation.

3. The port authority may adopt bylaws for the installation, construction, maintenance, repair, renewal, relocation, and removal of railroad or utility facilities in, on, over, or under any port authority facility. Whenever the port authority determines that it is necessary that any such facility installed or constructed in, on, over, or under property of the port authority pursuant to such bylaws be relocated, the utility company owning or operating such facility shall relocate or remove them in accordance with the order of the port authority. The cost and expenses of such relocation or removal, including the cost of installing such facility in a new location, the cost of any lands, or any rights or interests in lands, and any other rights, acquired to accomplish such relocation or removal, shall be paid by the port authority as a part of the cost of the port authority facility. In case of any such relocation or removal of such facilities, the railroad or utility company owning or operating them, its successors, or assigns may maintain and operate such facilities, with the necessary appurtenances, in the new location in, on, over, or under the property of the port authority for as long a period and upon the same terms as the railroad or utility company had the right to maintain and operate such facilities in their former location.

However, for a city participating in a regional transit district, the total of all the tax levies imposed in the city pursuant to section 384.12, subsection 10, and this section shall not exceed the aggregate

of ninety-five cents per thousand dollars of the assessed value of all taxable property in the participating city.

2. If a regional transit district budget allocates revenue responsibilities to the board of supervisors of a participating county, the amount of the regional transit district levy that is the responsibility of the participating county shall be deducted from the maximum rates of taxes authorized to be levied by the county pursuant to section 331.423, subsections 1 and 2, as applicable, unless the county meets its revenue responsibilities as allocated in the budget from other available revenue sources. However, for a regional transit district that includes a county with a population of less than three hundred thousand, the amount of the regional transit district levy that is the responsibility of such participating county shall be deducted from the maximum rate of taxes authorized to be levied by the county pursuant to section 331.423, subsection 1.

3. The regional transit district tax levy imposed in a participating city located in a nonparticipating contiguous county shall, when collected, be paid to the county treasurer of the participating county.

However, a court may allow an eviction or the recovery of property pursuant to chapter 646 or 648.

2. In any action affecting the right of possession, the court may, on its own motion, stay the proceedings for not longer than three months, or make any order the court determines to be reasonable and just under the circumstances, unless the court finds that the ability of the service member to pay the agreed rent is not materially affected by reason of military service.

3. When a stay is granted or other order is made by the court, the owner of the premises shall be entitled, upon application, to relief with respect to the premises similar to that granted service members in military service in sections 29A.102 through 29A.104 to the extent and for any period as the court determines to be just and reasonable under the circumstances.

requirements of this section. Termination of a premises lease or vehicle lease shall be made as follows:

a. By delivery by the lessee of written notice of such termination, and a copy of the service member's military orders, to the lessor or the lessor's grantee, or to the lessor's agent or the agent's grantee. A lessee's termination of a lease pursuant to this subsection shall terminate any obligation a dependent of the lessee may have under the lease. For purposes of this paragraph, written notice may be accomplished by hand delivery, by private business carrier, or by placing the written notice in an envelope with sufficient postage and with return receipt requested, and addressed as designated by the lessor or the lessor's grantee or to the lessor's agent or the agent's grantee, and depositing the written notice in the United States mail.

A lessee's termination of a lease pursuant to this subsection shall terminate any obligation a dependent of the lessee may have under the lease.

3. In the case of any other premises lease, termination of the lease is effective on the last day of the month following the month in which the notice is delivered.

4. In the case of a vehicle lease, termination of the lease is effective on the day on which the vehicle is delivered to the lessor or the lessor's grantee.

In the case of a vehicle lease, the lessor shall not impose an early termination charge, but any summonses, title and registration fees, including the fee for new registration, and any other obligation and liability of the lessee in accordance with the terms of the lease, including reasonable charges to the lessee for excess wear, use, and mileage, that are due and unpaid at the time of termination of the lease shall be paid by the lessee.

6. Rents or lease amounts paid in advance for a period after the effective date of the termination of the lease shall be refunded to the lessee by the lessor or the lessor's assignee or the assignee's agent within thirty days of the effective date of the termination of the lease.

7. Upon application by the lessor to a court before the termination date provided in the written notice, relief granted by this section to a service member may be modified as justice and equity require.

8. a. Any person who knowingly seizes, holds, or detains the personal effects, security deposit, or other property of a service member or a service member's dependent who lawfully terminates a lease covered by this section, or who knowingly interferes with the removal of such property from premises covered by such lease, for the purpose of subjecting or attempting to subject any of such property to a claim for rent accruing subsequent to the date of termination of such lease, or attempts to do so, commits a simple misdemeanor.

b. The remedy and rights provided under this section are in addition to and do not preclude any remedy for wrongful conversion otherwise available under law to the person claiming relief under this section.

SUBCHAPTER XI
MISCELLANEOUS PROVISIONS

SUBCHAPTER I

GENERAL JURISDICTION

29B.1 Persons subject to code — definitions — short title.

1. A person shall not be punished for an offense under this chapter unless the person is a member of the military forces of the state and any of the following applies:

a. The person is on national guard duty or state active duty, including between consecutive drill periods which are less than twenty-four hours apart. For purposes of this paragraph, a member of the state military forces is on national guard duty or state active duty during travel to or from the member's duty location.

b. (1) The person is not on national guard duty or state active duty but a nexus exists between the offense and the military forces of the state. Only a commanding officer holding a position in the grade of 0-6 and above may impose nonjudicial punishment for an offense subject to this paragraph.

(2) For purposes of this paragraph, the military forces of the state shall have the burden to show the existence of a nexus by a preponderance of the evidence and the term nexus shall be liberally construed in favor of finding the existence of a nexus.

2. As used in this chapter, unless the context otherwise requires:

a. "Code" means this chapter.

b. "State military forces" means the same as defined in section 29A.6.

3. This chapter may be cited as the "*Iowa Code of Military Justice*".

29B.2 Jurisdiction to try personnel.

1. Each person discharged from the state military forces who is later charged with having fraudulently obtained a discharge is, subject to section 29B.44, subject to trial by

court-martial on that charge and is after apprehension subject to this code while in the custody of the military for that trial. Upon conviction of that charge the person is subject to trial by court-martial for all offenses under this code committed before the fraudulent discharge.

2. No person who has deserted from the state military forces may be relieved from amenability to the jurisdiction of this code by virtue of a separation from any later period of service.

3. A person who is charged with having committed an offense against this code may be called or ordered to duty for the purpose of investigation under section 29B.33, trial by court-martial, or nonjudicial punishment under section 29B.14.

4. A member of the state military forces who is subject to this code at the time of commission of an offense made punishable by this code is not relieved from amenability to the jurisdiction of this code by virtue of the termination of a period of duty.

It also applies to all persons otherwise subject to this code while they are serving outside the state, and while they are going to and returning from such service outside the state, in the same manner and to the same extent as if they were serving inside the state.

2. Courts-martial and courts of inquiry may be convened and held in units of the state military forces while those units are serving outside the state with the same jurisdiction and powers as to persons subject to this code as if the proceedings were held inside the state and offenses committed outside the state may be tried and punished either inside or outside the state.

2. Commissioned officers, warrant officers, noncommissioned officers, and military police may quell quarrels, frays, and disorders among persons subject to this code and may apprehend persons subject to this code who take part therein.

4. A commissioned officer or a warrant officer may be ordered apprehended or into arrest or confinement only by a commanding officer to whose authority the commissioned or warrant officer is subject, by an order, oral or written, delivered in person or by another commissioned officer. The authority to order such persons apprehended or into arrest or confinement may not be delegated.

5. This section does not limit the authority of persons authorized to apprehend offenders to secure the custody of an alleged offender until the proper authority is notified.

When any person subject to this code is placed in arrest or confinement prior to trial, after charges are placed against the person, immediate steps shall be taken to inform the person of the specific wrong of which the person is accused and to try the person within sixty days of informing the accused or to dismiss the charges and release the person.

Subject to section 29B.58, no person, while being held for trial or the result of a trial, may be subjected to punishment or penalty other than arrest or confinement upon the charges pending against the person, nor shall the arrest or confinement imposed upon the person be any more rigorous than the circumstances require to insure the person's presence, but the person may be subjected to minor punishment during that period for infractions of discipline. [C66, 71, 73, 75, 77, 79, 81, §29B.12]

1. Under regulations as may be prescribed under this code a person subject to this code who is on national guard duty or state active duty who is accused of an offense against civil authority may be delivered, upon request, to the civil authority for trial.

2. When delivery under this section is made to any civil authority of a person undergoing sentence of a court-martial, the delivery, if followed by conviction in a civil tribunal, shall be held to interrupt the execution of the sentence of the court-martial, and the offender after having answered to the civil authorities for the offense shall, upon the request of competent military authority, be returned to military custody for the completion of the sentence.

SUBCHAPTER III

NONJUDICIAL PUNISHMENT

29B.14 Commanding officer's nonjudicial punishment.

1. Under regulations as the adjutant general may prescribe limitations may be placed on the powers granted by this section with respect to the kind and amount of punishment authorized, the categories of commanding officers and warrant officers authorized to exercise those powers, the applicability of this section to an accused who demands trial by court-martial, and the kinds of courts-martial to which the case may be referred upon such a demand. However, punishment shall not be imposed upon any member of the state military forces under this section if the member demands trial by court-martial in lieu of punishment before imposition of the punishment. The adjutant general may adopt rules relating to the suspension and mitigation of punishments authorized under this code. The adjutant general, or an officer of a general rank in command may delegate powers under this section to a principal assistant who is a member of the state military forces according to rules adopted by the adjutant general.

2. Subject to rules of the adjutant general, any commanding officer may, in addition to or in lieu of admonition or reprimand, impose disciplinary punishments for minor offenses without the intervention of a court-martial as follows:

a. Upon officers under the officer's command any one or a combination of the following:

(1) Withholding of privileges for not more than two consecutive weeks.

(2) Restriction to certain specified limits with or without suspension from duty, for not more than two consecutive weeks.

(3) If imposed by a commanding officer of the state military forces of field grade or above, a fine of any amount up to a maximum of the equivalent of ten days' pay or the forfeiture of not more than ten days' pay.

b. Upon other military personnel under the officer's command any one or a combination of the following:

(1) Withholding of privileges for not more than two consecutive weeks.

(2) Restriction to certain specified limits, with or without suspension from duty, for not more than two consecutive weeks.

(3) Extra duties for not more than fourteen days, which need not be consecutive, and for not more than two hours per day, holidays included.

(4) Reduction to the next inferior pay grade if the current grade from which demoted is within the promotion authority of the officer imposing the reduction or an officer subordinate to the one imposing the reduction.

(5) A fine of any amount up to a maximum of the equivalent of four days' pay or the forfeiture of not more than four days' pay.

c. If the commanding officer is of field grade or above, any one or a combination of the following:

(1) Any of the punishments stated in paragraph "b", subparagraph (1), (2), or (3).

(2) A fine of any amount up to the maximum of the equivalent of ten days' pay or the forfeiture of not more than ten days' pay.

(3) Reduction to the lowest or any intermediate pay grade, if the current grade from which demoted is within the promotion authority of the officer imposing the reduction or an officer subordinate to the one imposing the reduction, but enlisted members in pay grades above E-4 shall not be reduced more than two pay grades.

d. Maximum allowable punishments of withholding of privileges, restrictions, and extra duties shall not be combined to run consecutively.

3. A person punished under this section who considers the punishment unjust or disproportionate to the offense may appeal to the next superior authority through the proper channel. The authority considering the appeal may refer a case that has been appealed to a staff judge advocate or legal officer for consideration and advice and shall do so before deciding on the appeal when the punishment is restriction, withholding of privileges, extra duties, forfeiture of pay, or reduction from the fourth or higher pay grade. The appeal shall be promptly forwarded and decided, but the person punished may in the meantime be required to undergo the punishment adjudged. The officer who imposes the punishment, the officer's successor in command, or superior authority may suspend, set aside, or remit any part or amount of the punishment and restore all rights, privileges and property affected. In addition the officer or authority may at any time place the offender on probation and suspend a reduction in grade or forfeiture whether or not executed.

4. The imposition and enforcement of disciplinary punishment under this section for any act or omission is not a bar to trial by court-martial for a serious crime or offense growing out of the same act or omission, and not properly punishable under this section, but the fact that a disciplinary punishment has been enforced may be shown by the accused upon trial, and when so shown shall be considered in determining the measure of punishment to be adjudged in the event of a finding of guilty.

5. When a punishment of forfeiture of pay and allowances is imposed under this section, the forfeiture may apply to pay or allowances accruing on or after that punishment is imposed and to pay and allowances accrued before that date.

[C54, 58, 62, §29.62; C66, 71, 73, 75, 77, 79, 81, §29B.14; 82 Acts, ch 1042, §5]

2. The adjutant general shall designate a staff judge advocate for the army national guard and the air national guard. The adjutant general may appoint the number of judge advocates of the state military forces as the adjutant general considers necessary to perform state active duty to supplement or replace national guard judge advocates in emergencies or when the national guard judge advocates are on federal active duty.

3. Convening authorities shall at all times communicate directly with their staff judge advocates in matters relating to the administration of military justice; and the staff judge advocate of any command may communicate directly with the staff judge advocate of any command.

4. No person who has acted as member, law officer, trial counsel, assistant trial counsel, defense counsel, assistant defense counsel, or investigating officer, or who has been a witness for either the prosecution or defense, in any case may later act as staff judge advocate or legal officer to any reviewing authority upon the same case.

29B.23 Who may convene general courts-martial.

In the state military forces general courts-martial may be convened by the governor, or by the adjutant general of the state of Iowa.

[C39, §467.33; C46, 50, §29.33; C54, 58, 62, §29.71; C66, 71, 73, 75, 77, 79, 81, §29B.23; 82 Acts, ch 1042, §10]

Referred to in §29B.128

29B.24 Who may convene special courts-martial.

In the state military forces, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where members of the state military forces are on duty, or of a division, brigade, regiment, wing, group, detached battalion, separate squadron, or other detached command, may convene special courts-martial. When any such officer is an accuser, the court shall be convened by superior competent authority.

[C54, 58, 62, §29.72; C66, 71, 73, 75, 77, 79, 81, §29B.24; 82 Acts, ch 1042, §11]

29B.25 Summary courts-martial — who may convene.

1. In the state military forces, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where members of the state military forces are on duty, or of a division, brigade, regiment, wing, group, detached battalion, detached squadron, detached company, or other detachment, may convene a summary court-martial consisting of one commissioned officer. The proceedings shall be informal.

2. When only one commissioned officer is present with a command or detachment, the officer shall be the summary court officer of that command or detachment and shall hear and determine all summary court-martial cases.

[C54, 58, 62, §29.73; C66, 71, 73, 75, 77, 79, 81, §29B.25; 82 Acts, ch 1042, §12]
2019 Acts, ch 24, §104

29B.26 Who may serve on courts-martial.

1. *a.* Any commissioned officer of or on duty with the state military forces is eligible to serve on all courts-martial for the trial of any person who may lawfully be brought before the courts for trial.

b. Any warrant officer of or on duty with the state military forces is eligible to serve on general and special courts-martial for the trial of any person, other than a commissioned officer, who may lawfully be brought before the courts for trial.

c. Any enlisted member of the state military forces who is not a member of the same unit as the accused is eligible to serve on general and special courts-martial for the trial of any enlisted member who may lawfully be brought before the courts for trial, but the enlisted member shall serve as a member of a court only if, before the end of any pretrial session that is held or if none is held before the convening of the court, the accused personally has requested in writing, that enlisted members serve on it. After such a request, the accused shall not be tried by a general or special court-martial the membership of which does not include enlisted members in a number comprising at least one-third of the total membership of the court, unless eligible members cannot be obtained on account of physical conditions or military exigencies. If such members cannot be obtained, the court may be convened and the trial held without them, but the convening authority shall make a detailed written statement, to be appended to the record, stating why they could not be obtained.

d. In this section, the word “unit” means any regularly organized body of the state military forces.

2. When it can be avoided, a person subject to this code shall not be tried by a court-martial any member of which is junior to the person in rank or grade.

3. When convening a court-martial, the convening authority shall detail as members of the courts-martial persons who in the convening authority’s opinion, are best qualified

for the duty by reason of age, education, training, experience, length of service, and judicial temperament. A person is not eligible to serve as a member of a general or special court-martial when the person is the accuser or a witness for the prosecution or has acted as investigating officer, staff judge advocate, or as counsel in the same case. If a military judge is not appointed for a special court-martial and if a commissioned officer who is a member of the bar of the highest court of the state and of appropriate rank and grade is present and not otherwise disqualified and within the command of the convening authority, the convening authority shall appoint the commissioned officer as president of a special court-martial. Failure to meet this requirement does not divest a military court of jurisdiction.

[C66, 71, 73, 75, 77, 79, 81, §29B.26; 82 Acts, ch 1042, §13]

2015 Acts, ch 29, §5

29B.27 Military judge of a general court-martial.

1. The authority convening a general court-martial shall detail a military judge to the court-martial. Subject to rules of the adjutant general, the authority convening a special court-martial may detail a military judge to the court-martial. A military judge shall preside over each open session of the court-martial to which the military judge has been detailed.

2. A military judge must be a commissioned officer of the state armed forces or a retired officer of the reserve components of the armed forces of the United States, a member of the bar of a federal court or a member of the bar of the highest court of the state, and certified to be qualified for the duty by the appropriate staff judge advocate of the state force concerned. The judge advocate responsible for certifying the military judge may recommend to the adjutant general that the adjutant general order to active duty retired personnel of the national guard or the United States armed forces who are qualified to act as military judges.

3. Unless the court-martial was convened by the governor neither the convening authority nor any member of the convening authority's staff shall prepare or review any report concerning the effectiveness, fitness, or efficiency of the military judge so detailed to perform the duties of a military judge. A person is not eligible to act as a military judge in a case if the person is the accuser or a witness for the prosecution or has acted as investigating officer or as a counsel in the same case. The military judge of a court-martial shall not consult with the members of the court except in the presence of the accused, trial counsel, and defense counsel, nor shall the military judge vote with members of the court.

[C35, §467-f38; C39, §467.40; C46, 50, §29.40; C54, 58, 62, §29.79; C66, 71, 73, 75, 77, 79, 81, §29B.27; 82 Acts, ch 1042, §14]

2002 Acts, ch 1117, §44, 52; 2017 Acts, ch 54, §76

29B.28 Detail of trial counsel and defense counsel.

1. For each general and special court-martial the authority convening the court shall detail trial counsel and defense counsel and assistants the authority considers appropriate. A person who has acted as investigating officer, military judge, or court member in a case shall not act later as trial counsel, assistant trial counsel, or, unless expressly requested by the accused, as defense counsel, or assistant defense counsel in the same case. A person who has acted for the prosecution shall not act later in the same case for the defense, nor shall a person who has acted for the defense act later in the same case for the prosecution.

2. Trial counsel or defense counsel detailed for a general court-martial must be a person who is a member of the bar of the highest court of the state and certified as competent for the duty by the staff judge advocate.

3. In the case of a special court-martial:

a. The accused has the right to be represented at the trial by counsel having the qualifications stated in this section unless counsel having such qualifications cannot be provided because of physical conditions or military exigencies. If such counsel cannot be provided, the court may be convened and the trial held, but the convening authority shall append a detailed written statement to the record stating why such counsel was not provided.

b. If the trial counsel is qualified to act as counsel before a general court-martial, the defense counsel detailed by the convening authority must be a person similarly qualified.

c. If the trial counsel is a member of the bar of the highest court of the state, the defense

counsel detailed by the convening authority must also be a member of the bar of the highest court of the state.

Referred to in §29B.39, 29B.67

29B.29 Detail or employment of reporters and interpreters.

Under such regulations as the adjutant general may prescribe, the convening authority of a general or special court-martial or court of inquiry shall detail or employ certified court reporters, who shall record the proceedings of and testimony taken before that court. Under like regulations, the convening authority of a military court may detail or employ interpreters who shall interpret for the court.

[C66, 71, 73, 75, 77, 79, 81, §29B.29]

29B.30 Absent and additional members.

1. A member of a general or special court-martial shall not be absent or excused after the court has been assembled for the trial of the accused except for physical disability or as the result of a challenge or by order of the convening authority for good cause.

2. If a general court-martial, except a general court-martial composed of a military judge only, is reduced below five members, the trial shall not proceed until the convening authority details new members sufficient in number to provide not less than five members. The trial may proceed with the new members present after the recorded evidence previously introduced before the members of the court has been read to the new members of the court in the presence of the military judge, the accused, and counsel for both sides.

3. If a special court-martial, except a special court-martial composed of a military judge only, is reduced below three members, the trial shall not proceed until the convening authority details new members sufficient in number to provide not less than three members. The trial shall proceed with the new members present as if no evidence had previously been introduced at the trial, unless a verbatim record of the evidence previously introduced before the members of the court is read to the new members of the court in the presence of the military judge, if any, the accused, and counsel for both sides.

4. If the military judge of a court-martial composed of a military judge only is unable to proceed with the trial because of physical disability, as a result of a challenge, or for other good cause, the trial shall proceed after the detail of a new military judge as if no evidence had previously been introduced unless a verbatim record of the evidence previously introduced or a stipulation thereof is read in court in the presence of the new military judge, the accused, and counsel for both sides.

SUBCHAPTER VI PRETRIAL PROCEDURES

29B.31 Charges and specifications.

1. Charges and specifications shall be signed by a person subject to this code under oath before a person authorized by this code to administer oaths and shall state:

a. That the signer has personal knowledge of, or has investigated, the matters set forth therein; and

b. That they are true in fact to the best of the signer's knowledge and belief.

2. Upon the preferring of charges, the proper authority shall take immediate steps to determine what disposition should be made thereof in the interest of justice and discipline, and the person accused shall be informed of the charges against the person as soon as practicable.

[C54, 58, 62, §29.64; C66, 71, 73, 75, 77, 79, 81, §29B.31]
2008 Acts, ch 1032, §201
Referred to in §29B.50

29B.32 Compulsory self-incrimination prohibited.

1. No person subject to this code may compel any person to make a self-incriminating statement or to answer any question the answer to which may tend to incriminate the person.

2. No person subject to this code may interrogate, or request any statement from, an accused or a person suspected of an offense without first informing the accused or suspect of the nature of the accusation and advising the accused or suspect that the accused or suspect does not have to make any statement regarding the offense of which the person is accused or suspected and that any statement made by the accused or suspect may be used as evidence against the accused or suspect in a trial by court-martial.

3. No person subject to this code may compel any person to make a statement or produce evidence before any military tribunal if the statement or evidence is not material to the issue and may tend to degrade the person.

4. No statement obtained from any person in violation of this section, or through the use of coercion, unlawful influence, or unlawful inducement may be received in evidence against the person in a trial by court-martial.

[C66, 71, 73, 75, 77, 79, 81, §29B.32]

2017 Acts, ch 54, §76

29B.33 Investigation.

1. A charge or specification shall not be referred to a general court-martial for trial until a thorough and impartial investigation of all the matters set forth in the charge or specification is made. This investigation shall include inquiry as to the truth of the matter set forth in the charges, consideration of the form of charges, and a recommendation as to the disposition which should be made of the case in the interest of justice and discipline.

2. The accused shall be advised of the charges and of the right to be represented at the investigation by counsel. Upon the accused's own request the accused shall be represented by civilian counsel at the expense of the accused, or military counsel of the accused's own selection if such counsel is reasonably available, or by counsel detailed by the convening authority. At that investigation full opportunity shall be given to the accused to cross-examine prosecution witnesses if they are available and to present anything the accused may desire in the accused's own behalf, either in defense or mitigation, and the investigating officer shall examine witnesses requested by the accused. If the charges are forwarded after the investigation, they shall be accompanied by a statement of the substance of the testimony taken on both sides and a copy thereof shall be given to the accused.

3. If an investigation of the subject matter of an offense has been conducted before the accused is charged with the offense, and if the accused was present at the investigation and afforded the opportunities for representation, cross-examination, and presentation prescribed above, no further investigation of that charge is necessary under this section unless it is demanded by the accused after the accused is informed of the charge. A demand for further investigation entitles the accused to recall witnesses for further cross-examination and to offer any new evidence in the accused's own behalf.

4. The requirements of this section are binding on all persons administering this code but failure to follow them does not divest a military court of jurisdiction.

Referred to in §29B.2

29B.34 Forwarding of charges.

When a person is held for trial by general court-martial the commanding officer shall, within eight days after the accused is ordered into arrest or confinement, if practicable, forward the charges directly to the person exercising general court-martial jurisdiction, together with the investigation and allied papers. If that is not practicable, the commanding officer shall report in writing to the adjutant general the reasons for delay.

[C66, 71, 73, 75, 77, 79, 81, §29B.34; 82 Acts, ch 1042, §18]

29B.35 Advice of staff judge advocate and reference for trial.

1. Before directing the trial of any charge by general court-martial, the convening authority shall refer the charge to the appropriate staff judge advocate of the state force concerned for consideration and advice. The convening authority may not refer a charge to a general court-martial for trial unless the authority has found that the charge alleges an offense under this code and is warranted by evidence indicated in the report of the investigation.

2. If the charges or specifications are not formally correct or do not conform to the substance of the evidence contained in the report of the investigating officer, formal corrections and such changes in the charges and specifications as are needed to make them conform to the evidence may be made.

29B.36 Service of charges.

The trial counsel to whom court-martial charges are referred for trial shall cause to be served upon the accused a copy of the charges upon which trial is to be had. The accused shall not be brought to trial before a general court-martial or be required to participate in a session before a military judge under section 29B.40 within a period of five days after the service of the charges upon the accused, or before a special court-martial within a period of three days after the service of the charges upon the accused, unless the accused consents otherwise.

The authority convening a general, special, or summary court-martial or any other commanding officer, or officer serving on the staff of the authority, shall not censure, reprimand, or admonish the court or any member, military judge, or counsel of the court, with respect to the findings or sentence adjudged by the court, or with respect to any other exercise of its or the court or military judge or counsel's functions in the conduct of the proceeding. A person subject to this code shall not attempt to coerce or, by any unauthorized means, influence the action of the court-martial or any other military tribunal or any member thereof, in reaching the findings or sentence in any case, or the action of any convening, approving, or reviewing authority with respect to the authority's judicial acts. Any violation of this section shall be punished as a court-martial may direct.

2. In the preparation of an effectiveness, fitness, or efficiency report or any other report or document used to determine whether a member of the state military force is qualified to be advanced in grade, reassigned, transferred, or retained on active duty, a person shall not do either of the following:

a. Consider or evaluate the performance of duty of the member as a member of a court-martial or military judge.

b. Give a less favorable rating or evaluation of a member of the state military forces

because of the zeal with which the member, as counsel, represented an accused before a court-martial.

1. The trial counsel of a general or special court-martial shall prosecute in the name of the state, and shall, under the direction of the court, prepare the record of the proceedings.

2. The accused has the right to be represented in the accused's defense before a general or special court-martial by civilian counsel if provided at the expense of the accused, or by military counsel selected by the accused if reasonably available, or by the defense counsel detailed under section 29B.28. If the accused selects defense counsel, the defense counsel, and assistant defense counsel, if any, who were detailed, shall, if the accused so desires, act as associate counsel for the accused; otherwise they shall be excused by the military judge or by the president of the court-martial if there is no military judge.

3. In every court-martial proceeding, the defense counsel may, in the event of conviction, forward for attachment to the record of proceedings a brief of such matters the defense counsel feels should be considered in behalf of the accused on review, including any objection to the contents of the record which the defense counsel considers appropriate.

4. An assistant trial counsel of a general court-martial may, under the direction of the trial counsel or when the assistant is qualified to be a trial counsel as required by section 29B.28, perform any duty imposed by law, regulation, or the custom of the service upon the trial counsel of the court. An assistant trial counsel of a special court-martial may perform any duty of the trial counsel.

5. An assistant defense counsel of a general or special court-martial may, under the direction of the defense counsel or when the assistant is qualified to be the defense counsel as required by section 29B.28, perform any duty imposed by law, regulation, or the custom of the service upon counsel for the accused.

29B.40 Sessions.

1. At any time after the service of charges referred for trial to a court-martial composed of a military judge and members, the military judge may, subject to this chapter, call the court into session without the presence of the members for the purpose of any of the following:

a. Hearing and determining motions raising defenses or objections which are capable of determination without trial of the issues raised by a plea of not guilty.

b. Hearing and ruling upon any matter which may be ruled upon by the military judge under this code, whether or not the matter is appropriate for later consideration or decision by the members of the court.

c. If permitted by rules of the adjutant general holding the arraignment and receiving the pleas of the accused.

d. Performing any other procedural function which may be performed by the military judge under this code or under rules adopted pursuant to this code and which does not require the presence of the members of the court.

2. a. These proceedings shall be conducted in the presence of the accused, the defense counsel, and the trial counsel and shall be made a part of the record.

b. When the members of a court-martial deliberate or vote, only the members may be present. 1. The military judge and members of a general or special court-martial may be challenged by the accused or the trial counsel for cause stated to the court. The military judge or the court in the absence of a military judge shall determine the relevancy and validity of challenges for cause, and shall not receive a challenge to more than one person at a time. Challenges by the trial counsel shall ordinarily be presented and decided before those by the accused are offered.

2. Each accused and the trial counsel is entitled to one peremptory challenge, but the military judge shall not be challenged except for cause.

Before performing their official duties, military judges, members of a general and special courts-martial, trial counsel, assistant trial counsel, defense counsel, assistant defense counsel, reporters, and interpreters shall take an oath to perform their duties faithfully. The adjutant general shall adopt rules prescribing the form of the oath, the time and place of the taking of the oath, the manner of recording, and whether the oath must be taken for all cases in which official duties must be performed or for a particular case. The rules may provide that an oath to perform duties faithfully as a military judge, trial counsel, assistant trial counsel, defense counsel, or assistant defense counsel may be taken at any time by any judge advocate or legal officer, or other person certified to be qualified or competent for the duty, and that once taken the oath need not be taken again each time the person is detailed to that duty.

3. Except as otherwise provided in this section, a person charged with any offense under this code is not liable to be punished under section 29B.14 if the offense was committed more than two years before the imposition of punishment under section 29B.14.

4. Periods in which the accused was absent from territory in which the state has the authority to apprehend the accused, or in the custody of civil authorities, or in the hands of the enemy, shall be excluded in computing the period of limitation prescribed in this section.

5. If charges or specifications are dismissed as defective or insufficient for any cause and the period prescribed by the applicable statute of limitations has expired or will expire within one hundred eighty days after the date the charges or specifications are dismissed, trial by court-martial or punishment under section 29B.14 is not barred by the statute of limitations if the following conditions are met:

2. With respect to any charge or specification to which a plea of guilty has been made by the accused and accepted by the military judge, or by a court-martial without a military judge, a finding of guilty of the charge or specification may, if permitted by rules of the adjutant general be entered immediately without vote. This finding shall constitute the finding of the court unless the plea of guilty is withdrawn prior to the announcement of the sentence, in which case the proceedings shall continue as though the accused had pleaded not guilty.

3. Process issued in court-martial cases to compel witnesses to appear and testify and to compel the production of other evidence shall run to any part of the United States and shall be executed by civil officers as prescribed by laws of the United States or the place where the witness or evidence is located.

[C35, §467-f37; C39, §467.39; C46, 50, §29.39; C54, 58, 62, §29.76; C66, 71, 73, 75, 77, 79, 81, §29B.47; 82 Acts, ch 1042, §28]

2008 Acts, ch 1032, §201; 2010 Acts, ch 1087, §3

29B.48 Refusal to appear or testify.

1. Any person not subject to this code is guilty of a simple misdemeanor if the person does all of the following:

a. Has been duly subpoenaed to appear as a witness or to produce books and records before a military court or before any military or civil officer and designated to take a deposition to be read in evidence before such a court.

b. Has been duly paid or tendered the fees and mileage of a witness at the rates allowed to witnesses attending the courts of the state.

c. Willfully neglects or refuses to appear, or refuses to qualify as a witness or to testify or to produce any evidence which that person has been legally subpoenaed to produce.

2. Upon certification of the facts in a case under this section by the military judge, president of courts-martial without a military judge, or summary courts-martial officer, the county attorney of the county where the offense occurred shall prosecute the offense as if it were included in the Iowa criminal code.

2006 Acts, ch 1010, §19

29B.49 Contempts.

1. A military court may punish for contempt any person subject to this code who uses any menacing word, sign, or gesture in its presence, or who disturbs its proceedings by any riot or disorder. The punishment shall not exceed confinement for thirty days or a fine of one hundred dollars, or both.

2. A person who is not subject to this code who engages in conduct described in subsection 1 is guilty of a simple misdemeanor. The facts shall be certified to the county attorney of the county in which the offense occurred who shall prosecute the case as if the offense were included in the Iowa criminal code.

[C66, 71, 73, 75, 77, 79, 81, §29B.49; 82 Acts, ch 1042, §30]

29B.50 Depositions.

1. At any time after charges have been signed, as provided in section 29B.31 any party may take oral or written depositions unless the military judge or court-martial without a military judge hearing the case, or if the case is not being heard, an authority competent to convene a court-martial for the trial of those charges forbids it for good cause. If a deposition is to be taken before charges are referred for trial, the authority may designate commissioned officers to represent the prosecution and the defense and may authorize those officers to take the deposition of any witness.

2. The party at whose instance a deposition is to be taken shall give to every other party reasonable written notice of the time and place for taking the deposition.

3. Depositions may be taken before and authenticated by any military or civil officer authorized to administer oaths by the laws of the United States or by the laws of the place where the deposition is taken.

4. A duly authenticated deposition taken upon reasonable notice to the other parties, so far as otherwise admissible under the rules of evidence, may be read in evidence before any court-martial or in any proceeding before a court of inquiry, if any of the following are apparent:

a. That the witness resides or is out of the state of Iowa and the witness' appearance cannot be obtained, unless it appears that the absence of the witness was procured by the party offering the deposition.

b. That the witness by reason of death, age, sickness, bodily infirmity, imprisonment, military necessity, or other reasonable cause, is unable to appear and testify in person at the place of trial or hearing.

c. That the party offering the deposition has been unable to procure the attendance of the witness by subpoena or other process and the present whereabouts of the witness is unknown.

2008 Acts, ch 1032, §201

29B.51 Admissibility of records of courts of inquiry.

1. In any case not extending to the dismissal of a commissioned officer, the sworn testimony, contained in the duly authenticated record of proceedings of a court of inquiry, of a person whose oral testimony cannot be obtained, may, if otherwise admissible under the rules of evidence, be read in evidence by any party before a court-martial if the accused was a party before the court of inquiry, and if the same issue was involved or if the accused consents to the introduction of such evidence.

2. Such testimony may be read in evidence only by the defense in cases extending to the dismissal of a commissioned officer.

3. Such testimony may also be read in evidence before a court of inquiry or a military board.

[C66, 71, 73, 75, 77, 79, 81, §29B.51]

2008 Acts, ch 1032, §201

29B.52 Voting and rulings.

1. Voting by members of a general or special court-martial on the findings and on the sentence, and by members of a court-martial without a military judge upon questions of challenge shall be by secret written ballot. The junior member of the court shall count the votes. The count shall be checked by the president, who shall immediately announce the result of the ballot to the members of the court.

2. The military judge and, except for questions of challenge, the president of a court-martial without a military judge, shall rule upon all questions of law and all interlocutory questions arising during the proceedings. A ruling made by the military judge upon a question of law or an interlocutory question other than the factual issue of mental responsibility of the accused, or by the president of a court-martial without a military judge upon a question of law other than a motion for a finding of not guilty is final and constitutes the ruling of the court. However, the military judge may change a ruling at any time during the trial. Unless the ruling is final, if a member objects to the ruling, the court shall be cleared and closed and the question decided by a voice vote as provided in this code beginning with the junior in rank.

3. Before a vote is taken on the findings, the military judge or the president of a court-martial without a military judge shall, in the presence of the accused and counsel, instruct the members of the court as to the elements of the offense and charge them as follows:

a. That the accused must be presumed to be innocent until guilt is established by legal and competent evidence beyond reasonable doubt.

b. That in the case being considered, if there is a reasonable doubt as to the guilt of the accused, the doubt must be resolved in favor of the accused and the accused must be acquitted.

c. That, if there is a reasonable doubt as to the degree of guilt, the finding must be in a lower degree as to which there is no reasonable doubt.

d. That the burden of proof for establishing the guilt of the accused beyond reasonable doubt is upon the state.

4. Subsection 3 does not apply to a court-martial composed of a military judge only. The military judge of a court-martial composed only of a military judge shall determine all questions of law and fact arising during the proceedings, and, if the accused is convicted, adjudge an appropriate sentence. The military judge shall make a general finding and shall find the facts specifically on request. If an opinion or memorandum of decision is filed, it is sufficient if the findings of fact appear in the opinion or memorandum of decision.

[C66, 71, 73, 75, 77, 79, 81, §29B.52; 82 Acts, ch 1042, §32]

29B.53 Number of votes required.

1. A person shall not be convicted of an offense, except as provided in this code by the concurrence of two-thirds of the members present at the time the vote is taken.

2. All sentences shall be determined by the concurrence of two-thirds of the members present at the time that the vote is taken.

3. All other questions to be decided by the members of a general or special court-martial shall be determined by a majority vote. A tie vote on a challenge disqualifies the member challenged. A tie vote on a motion for a finding of not guilty or on a motion relating to the question of the accused's sanity is a determination against the accused. A tie vote on any other question is a determination in favor of the accused but a determination to reconsider a finding of guilty or to reconsider a sentence for the purpose of possible reduction may be made by any lesser vote if the determination to reconsider is not opposed by two-thirds of the members present.

[C66, 71, 73, 75, 77, 79, 81, §29B.53; 82 Acts, ch 1042, §33]

29B.54 Court to announce action.

A court-martial shall announce its findings and sentence to the parties as soon as determined.

[C66, 71, 73, 75, 77, 79, 81, §29B.54]

29B.55 Record of trial.

1. Each general court-martial shall keep a separate record of the proceedings in each case brought before it, and the record shall be authenticated by the signature of the military judge. If the record cannot be authenticated by the military judge by reason of death, disability, or absence of the military judge, it shall be authenticated by the signature of the trial counsel or by the signature of a member if the trial counsel is unable to authenticate it by reason of death, disability, or absence. In a court-martial consisting of only a military judge the record shall be authenticated by the court reporter under the same conditions which would impose such a duty on a member under this subsection. If the proceedings have resulted in an acquittal of all charges and specifications or, if not affecting a general officer, in a sentence not including discharge, dismissal, or confinement and not in excess of that which may otherwise be adjudged by a special court-martial, the record shall contain matters prescribed by rules of the adjutant general.

2. Each special and summary court-martial shall keep a separate record of the proceedings in each case, and the record shall contain the matter and shall be authenticated in the manner required by rules of the adjutant general.

3. A copy of the record of the proceedings of each general and special court-martial shall be given to the accused as soon as the record is authenticated. If a verbatim record of trial by general court-martial is not required, but is made, the accused may buy the record as prescribed in rules of the adjutant general.

SUBCHAPTER VIII

SENTENCES

29B.56 Cruel and unusual punishments prohibited.

Punishment by cruel or unusual punishment may not be adjudged by any court-martial or inflicted upon any person subject to this code.

[C66, 71, 73, 75, 77, 79, 81, §29B.56]

29B.57 Maximum fines.

The punishment which a court-martial may direct for an offense may not exceed limits prescribed by this code.

[C66, 71, 73, 75, 77, 79, 81, §29B.57]

29B.58 Effective date of sentences.

1. When a sentence of a court-martial as lawfully adjudged and approved includes a

forfeiture of pay or allowances in addition to confinement not suspended or deferred, the forfeiture shall apply only to pay or allowances becoming due on or after the date the sentence is approved by the convening authority. A forfeiture shall not extend to any pay or allowances accrued before that date.

2. A period of confinement included in a sentence of a court-martial begins to run from the date the sentence is adjudged by the court-martial but periods during which the sentence to confinement is suspended or deferred shall be excluded in computing the service of the term of confinement, provided that credit be given for confinement served prior to trial. Rules prescribed by the adjutant general may provide that sentences of confinement shall not be executed until approved by designated officers.

3. All other sentences of courts-martial are effective on the date ordered executed.

4. On application by an accused who is under sentence to confinement that has not been ordered executed, the convening authority, or if the accused is no longer under the jurisdiction of the convening authority, the person exercising general court-martial jurisdiction, may in the person's discretion defer service of the sentence to confinement. The deferral terminates when the sentence is ordered executed. The deferral may be rescinded at any time by the officer who granted it, or, if the accused is no longer under jurisdiction of that officer, by the person exercising general court-martial jurisdiction.

5. Unless otherwise provided in rules of the adjutant general, a court-martial sentence of an enlisted member in pay grade above E-1, that includes a discharge under other than honorable conditions or confinement and that is approved by the convening authority reduces the member to pay-grade E-1, effective on the date of the approval.

6. If the sentence of a member who is reduced in pay grade under subsection 5 is set aside or disapproved, or, as finally approved, does not include a punishment named in subsection 5, the rights and privileges of which the member was deprived because of the reduction shall be restored and the member is entitled to the pay and allowances lost during the period the reduction was in effect.

[C66, 71, 73, 75, 77, 79, 81, §29B.58; 82 Acts, ch 1042, §35]

Referred to in §29B.12

29B.59 Execution of confinement.

1. A sentence of confinement adjudged by a military court, whether or not the sentence includes discharge or dismissal, and whether or not the discharge or dismissal has been executed, may be carried into execution by confinement in any place of confinement under the control of any of the forces of the state military forces or in any jail, penitentiary, or prison designated for that purpose. Persons so confined in a jail, penitentiary, or prison are subject to the same discipline and treatment as persons confined or committed to the jail, penitentiary or prison by the courts of the state or of any political subdivision thereof.

2. The omission of the words "hard labor" from any sentence or punishment of a court-martial adjudging confinement does not deprive the authority executing that sentence or punishment of the power to require hard labor as a part of the punishment.

3. The keepers, officer, and wardens of city or county jails and of other jails, penitentiaries, or prisons shall receive persons ordered into confinement before trial and persons committed to such confinement by a military court and shall confine them according to law. No such keeper, officer or warden may require payment of any fee or charge for so receiving or confining a person.

SUBCHAPTER IX

REVIEW BY COURT-MARTIAL

29B.60 Execution of sentence — suspension of sentence.

Except as provided in sections 29B.20 and 29B.65, a court-martial sentence, unless suspended or deferred, may be ordered executed by the convening authority when approved

by the convening authority. The convening authority shall approve the sentence or the part, amount, or commuted form of the sentence as the convening authority sees fit, and may suspend or defer the execution of the sentence.

[C66, 71, 73, 75, 77, 79, 81, §29B.60; 82 Acts, ch 1042, §36]

29B.61 Initial action of record.

1. After a trial by court-martial the record shall be forwarded to the convening authority, as reviewing authority, and action may be taken by the person who convened the court, a commissioned officer commanding for the time being, a successor in command, or by the adjutant general.

2. In acting on the findings and sentence of a court-martial, the convening authority may approve only such findings of guilty, and the sentence or part or amount of the sentence as the convening authority finds correct in law and fact and as in the convening authority's discretion should be approved. Unless the convening authority indicates otherwise, approval of the sentence includes approval of the findings.

[C66, 71, 73, 75, 77, 79, 81, §29B.61; 82 Acts, ch 1042, §37]

2019 Acts, ch 24, §104

29B.62 General court-martial records.

The convening authority shall refer the record of each general court-martial to the appropriate staff judge advocate of the state force concerned, who shall submit a written opinion thereon to the convening authority. If the final action of the court has resulted in an acquittal of all charges and specifications, the opinion shall be limited to questions of jurisdiction.

[C66, 71, 73, 75, 77, 79, 81, §29B.62]

2002 Acts, ch 1117, §47, 52

29B.63 Reconsideration and revision.

1. If a specification before a court-martial has been dismissed on motion and the ruling does not amount to a finding of not guilty, the convening authority may return the record to the court for reconsideration of the ruling and any further appropriate action.

2. Where there is an apparent error or omission in the record or where the record shows improper or inconsistent action by a court-martial with respect to a finding or sentence which can be rectified without material prejudice to the substantial rights of the accused, the convening authority may return the record to the court for appropriate action. In no case, however, may the record be returned:

a. For reconsideration of a finding of not guilty, or a ruling which amounts to a finding of not guilty;

b. For reconsideration of a finding of not guilty of any charge, unless the record shows a finding of guilty under a specification laid under that charge, which sufficiently alleges a violation of some section of this code; or

c. For increasing the severity of the sentence unless the sentence prescribed for the offense is mandatory.

[C66, 71, 73, 75, 77, 79, 81, §29B.63]

2008 Acts, ch 1032, §201

29B.64 Rehearings.

1. If the convening authority disapproves the findings and sentence of a court-martial the convening authority may, except where there is lack of sufficient evidence in the record to support the findings, order a rehearing. In such case the convening authority shall state the reasons for disapproval. If the convening authority disapproves the findings and sentence and does not order a rehearing, the convening authority shall dismiss the charges.

2. Each rehearing shall take place before a court-martial composed of members not members of the court-martial which first heard the case. Upon a rehearing the accused may not be tried for any offense of which the accused was found not guilty by the first court-martial, and no sentence in excess of or more severe than the original sentence may be

imposed, unless the sentence is based upon a finding of guilty of an offense not considered upon the merits in the original proceedings, or unless the sentence prescribed for the offense is mandatory.

2019 Acts, ch 24, §104

29B.65 Review of records — disposition.

1. If the convening authority is the governor or adjutant general, the convening authority's action on the review of any record of trial is final.

2. In all other cases not covered by subsection 1, if the sentence of a special court-martial as approved by the convening authority includes a bad-conduct discharge, dishonorable discharge, dismissal, or confinement, whether or not suspended, the entire record shall be sent to the appropriate staff judge advocate of the state force concerned to be reviewed in the same manner as a record of trial by general court-martial.

3. All other special and summary court-martial records shall be sent to the appropriate staff judge advocate of the state force concerned and shall be acted upon, transmitted, and disposed of as prescribed by rules of the adjutant general.

4. *a.* The staff judge advocate of the state force concerned shall review the record of trial in each case sent for review as provided under this section. If the final action of the court-martial has resulted in an acquittal of all charges and specifications, the opinion of the staff judge advocate is limited to questions of jurisdiction.

b. The staff judge advocate shall take final action in any case reviewable by the staff judge advocate.

5. In a case reviewable by the appropriate staff judge advocate under this section, the staff judge advocate may act only with respect to the findings and sentence as approved by the convening authority. The staff judge advocate may affirm only such findings of guilty, and the sentence or such part or amount of the sentence, as the staff judge advocate finds correct in law and fact and determines, on the basis of the entire record, should be approved. In consideration of the record, the staff judge advocate may weigh the evidence, judge the credibility of witnesses, and determine controverted questions of fact, recognizing that the trial court saw and heard the witnesses. If the staff judge advocate sets aside the findings and sentence, the staff judge advocate may, except where the setting aside is based on lack of sufficient evidence in the record to support the findings, order a rehearing. If the staff judge advocate sets aside the findings and sentence and does not order a rehearing, the staff judge advocate shall order that the charges be dismissed.

6. In a case reviewable by the staff judge advocate under this section, the staff judge advocate shall instruct the convening authority to act in accordance with the decision on the review. If the staff judge advocate has ordered a rehearing but the convening authority finds a rehearing impracticable, the staff judge advocate may dismiss the charges.

7. The staff judge advocate may order one or more boards of review each composed of not less than three commissioned officers of the state military forces, each of whom must be a member of the bar of the highest court of the state. Each board of review shall review the record of any trial by court-martial including a sentence to a dishonorable discharge, dismissal or confinement, referred to it by the staff judge advocate. Boards of review have the same authority on review as the staff judge advocate has under this section.

Referred to in §29B.60

29B.66 Error of law — lesser included offenses.

1. A finding or sentence of a court-martial may not be held incorrect on the ground of an error of law unless the error materially prejudices the substantial rights of the accused.

2. Any reviewing authority with the power to approve or affirm a finding of guilty may approve or affirm so much of the finding as includes a lesser included offense.

2019 Acts, ch 24, §104

29B.67 Review counsel.

1. Upon the final review of a sentence of a general court-martial or of a sentence to a dishonorable discharge, dismissal, or confinement, the accused has the right to be represented by counsel before the reviewing authority and before the appropriate staff judge advocate.

2. Upon the request of an accused entitled to be so represented, the appropriate staff judge advocate shall appoint a lawyer who is a member of the state military forces and who has the qualifications prescribed in section 29B.28, if available, to represent the accused before the reviewing authority and before the appropriate staff judge advocate, in the review of cases specified in this section.

3. If provided by the accused, an accused entitled to be so represented may be represented by civilian counsel before the reviewing authority and before the appropriate staff judge advocate.

2002 Acts, ch 1117, §49, 52; 2017 Acts, ch 54, §76

29B.68 Vacation of suspension.

1. Before the vacation of the suspension of a special court-martial sentence which as approved includes a discharge under other than honorable conditions, a dismissal, or a confinement, or of any general court-martial sentence, the officer having special court-martial jurisdiction over the probationer shall hold a hearing on the alleged violation of probation. The probationer shall be represented at the hearing by counsel if the probationer so desires.

2. The record of the hearing and the recommendation of the officer having special court-martial jurisdiction shall be sent for action to the adjutant general in cases involving a general court-martial sentence and to the commanding officer of the force of state military forces of which the probationer is a member in all other cases covered by this section. If the adjutant general or commanding officer vacates the suspension, any unexecuted part of the sentence except a dismissal shall be executed.

3. The suspension of any other sentence may be vacated by any authority competent to convene, for the command in which the accused is serving or assigned, a court of the kind that imposed the sentence.

29B.69 Petition for a new trial.

At any time within two years after approval by the convening authority of a court-martial sentence which extends to dismissal, dishonorable or bad-conduct discharge, the accused may petition the governor for a new trial on ground of newly discovered evidence or fraud on the court-martial.

[C66, 71, 73, 75, 77, 79, 81, §29B.69; 82 Acts, ch 1042, §41]
Referred to in §29B.72

29B.70 Remission or suspension.

1. A convening authority may remit or suspend any part or amount of the unexecuted part of any sentence, including all uncollected forfeitures.

2. The governor may, for good cause, substitute an administrative form of discharge for a discharge or dismissal executed in accordance with the sentence of a court-martial.

[C66, 71, 73, 75, 77, 79, 81, §29B.70]
2019 Acts, ch 24, §104

29B.71 Restoration.

1. Under such regulations as the adjutant general may prescribe, all rights, privileges, and property affected by an executed part of a court-martial sentence which has been set aside or disapproved, except an executed dismissal or discharge, shall be restored unless a new trial

or rehearing is ordered and such executed part is included in a sentence imposed upon a new trial or rehearing.

2. If a previously executed sentence of dishonorable or bad-conduct discharge is not imposed on a new trial, the adjutant general shall substitute therefor a form of discharge authorized for administrative issuance unless the accused is to serve out the remainder of the accused's enlistment.

3. If a previously executed sentence of dismissal is not imposed on a new trial, the adjutant general shall substitute therefor a form of discharge authorized for administrative issue, and the commissioned officer dismissed by that sentence may be reappointed by the governor alone to such commissioned grade and with such rank as in the opinion of the governor that former officer would have attained had the former officer not been dismissed. The reappointment of such a former officer may be made if a position vacancy is available under applicable tables of organization. All times between the dismissal and reappointment shall be considered as service for all purposes.

The proceedings, findings, and sentences of court-martial as reviewed and approved, as required by this code, and all dismissals and discharges carried into execution under sentences by courts-martial following review and approval, as required by this code, are final and conclusive. Orders publishing the proceedings are binding upon all departments, courts, agencies, and officers of the state, subject only to action upon a petition for a new trial as provided in section 29B.69.
