

REPORT OF THE LEGISLATIVE SERVICE COMMITTEE

June 9, 1976

The Legislative Service Committee received salary recommendations for employees of the Legislative Service Bureau, the Legislative Fiscal Bureau, and the Office of the Citizens' Aide from the directors of the three agencies. It was determined that the Committee will hold an additional meeting prior to the July meeting of the Legislative Council in order to finalize its recommendations to the Legislative Council.

The Legislative Service Committee recommends that Jay Honeycutt and Michael Goedert both be employed by the Legislative Service Bureau in Attorney I positions to fill the vacancies created by the resignations of Robert Egge and Mark Soldat.

It is recommended that Serge Garrison be given the authority to enter into a lease-purchase agreement with Xerox Corporation for the ownership of a Xerox 7000 machine at an annual price approximately equal to the annual rental cost, which would pay for the machine over a five-year period and would provide a seven-year guarantee.

Summaries of travel for the last fiscal year and proposed travel for the next fiscal year were presented by the three directors. The Legislative Service Committee took no action on the travel policy.

The Committee recommends that the budget allocations for the Legislative Service Bureau and the Legislative Fiscal Bureau for the next fiscal year be approved as submitted by the directors pending approval of any salary increases and any future review by the Committee.

Respectfully submitted,

MINNETTE F. DODERER, Chairperson
