IOWA DISTRICT OF WISCONSIN TERRITORY.

*By Lieutenant Albert M. Lea.

The Iowa District lies between 40°20' and 43° north latitude, and 18°10' and 15° 15' west from Washington; and is bounded by the Neutral Grounds between the Sauks and Sioux Indians on the north; by the lands of the Sauks and Foxes on the west; by the state of Missouri on the south; and by the Mississippi river on the east. It is about 190 miles in length, 50 miles wide near each end, and 40 miles wide near the middle, opposite to Rock-Island; and would make a parallelogram of 180 by 50 miles, equivalent to 9000 square miles, or 5,760,000 acres, including Keokuk's Reserve of 400 square miles.

This country has been alternately in the possession of various tribes of Indians, but last in that of the Sauks and Foxes, of whom it was obtained by treaty at the close of the Black-Hawk War, in 1832. General Scott was one of the commissioners appointed by the President to make this treaty; hence the District under review has been often called "*Scott's Purchase*," and it is sometimes called the "Black-Hawk Purchase;" but from the extent and beauty of the Iowa river which runs centrally through the District, and gives character to most of it, the name of that stream being both euphonic and appropriate, has been given to the District itself.

In the year 1832, immediately after the treaty above named, several families crossed the Mississippi and settled on the Purchase; but as the time provided for the Indians to give possession, was the 1st of June, 1833, these settlers were dispossessed by order of government, and hence the first permanent settlement of whites in the Iowa District, did not take place until the summer of 1833. Since then, nothing has happened to mar the peace, happiness, and prosperity of a rapidly increasing population, which has already given to many portions of the District the impress of a cultivated people. It is true, that a few whites had been living somewhat longer on the tract of land belonging to certain half-breeds; but as they were very few, and were living there only by sufferance, they need not be ranked as *settlers* of the District.

The soil is generally about two feet deep, and is composed of clay, sand, and vegetable mould. Much of it is too tenacious of water for the most convenient production of such grains as are planted in the Spring. It is of a dark brown colour near the surface, and gradually becomes lighter and lighter in descending, till it imperceptibly passes into a yellowish clay, which, in turn is based upon a blue marl, containing pebbles, and which always affords good water when penetrated. This latter stratum is found from fifteen to thirty feet below the surface in the upland prairies, so that it is only necessary to sink a well to that depth to obtain excellent water wherever it may be wanted. This is the general character of the soil of the higher prairies.

In the bottom lands along the rivers, the soil is more sandy, and is little affected by excessive rains, except such portions as are liable to be overflowed. The low grounds are peculiarly adapted to the growth of Indian corn, and the elevated lands to the growth of small grain; though the yellow maize of the North succeeds remarkably well on the coldest soils of our dry prairies.

*In June, 1835, Lieutenant Albert M. Lea with a company of about one hundred and fifty U. S. dragoons and under orders from the government, left Fort Des Moines (now Montrose), Iowa, to explore the "Western country especially that part known as the 'Iowa District,' one of the divisions of the new Wisconsin Territory."

He prepared and published in 1836 "Notes" describing such things "as are interesting to the emigrant, speculator and legislator."

Extracts from the account are here reproduced from the reprinted copy in the *Annals of Iowa*, Third Series, Volume XI, No. 2-3, July-October, 1913, page 121 and following.

The general appearance of the country is one of great beauty. It may be represented as one grand rolling prairie, along one side of which flows the mightiest river in the world, and through which numerous navigable streams pursue their devious way towards the ocean. In every part of this whole District, beautiful rivers and creeks are to be found, whose transparent waters are perpetually renewed by the springs from which they flow. Many of these streams are connected with lakes; and hence their supply of water is remarkably uniform throughout the seasons. All these rivers, creeks, and lakes, are skirted by woods, often several miles in width, affording shelter from intense cold or heat to the animals that may there take refuge from the contiguous prairies. These woods also afford the timber necessary for building houses, fences, and boats. Though probably three-fourths of the district is without trees, yet so conveniently and admirably are the water and the woods distributed throughout, that nature appears to have made an effort to arrange them in the most desirable manner possible. Where there is no water, isolated groves are frequently found to break the monotony of the prairie, or to afford the necessary timber for the enclosure of the farmer. No part of the district is probably more than three miles from good timber; and hence it is scarcely anywhere necessary to build beyond the limits of the woods to be convenient to farming lands the most distant from them, as the trouble of hauling the timber necessary for farming purposes, a distance of one, two or three miles, is trifling. Taking this district all in all, for convenience of navigation, water, fuel, and timber; for richness of soil; for beauty of appearance, and for pleasantness of climate, it surpasses any portion of the United States with which I am acquainted.

The products of this district are chiefly mineral and agricultural, though manufactures will undoubtedly take their place in due time.

Bituminous coal, the oxides and the sulphurets of iron, limestone, sandstone, and fire-clay, are found in numerous places; and some of these minerals occur in great abundance. But the chief mineral wealth of this region consists in its lead mines. The finest mines in the United States are those near Du Baque, in the northern part of the district. The galena has been found throughout an extensive tract, and I have little doubt that it will be found extending entirely across the district, running in a southwest direction towards the mines of Missouri.

The agricultural productions consist chiefly of maize, wheat, rye, oats and potatoes. The large white corn of the south may be produced as far north as Rock Island, and yields from fifty to one hundred bushels per acre; but the yellow flint-corn grows well anywhere, and yields from forty to seventy-five bushels per acre; the latter is the more certain crop. Wheat is produced with a facility unknown except in the west. I have known the sod of the prairie to be simply turned over, the seed harrowed in, and thirty bushels per acre to be harvested. But the usual crop, after the first, is from twenty-five to forty bushels per acre with negligent farming. Oats yield usually from sixty to seventy bushels per acre, and seventy-five bushels have been cut at Du Baque. Potatoes grow abundantly, and are famous throughout the west for their fine quality.

The growing of stock of various kinds will doubtless be extensively pursued, as few countries afford more facilities for such purposes; and in consequence of the abundance of excellent timber along the smaller rivers and creeks, those towns on the Mississippi, even as low down as St. Louis, will probably in a great measure be supplied with that article from the forests of Iowa. Already numerous mills have been put in operation; but lumber for exportation has not yet been thought of by the settlers.

The larger game will, of course, soon disappear from the settlement, but at present there is a great deal of deer, some bear, and some buffalo within reach. Turkeys, grouse, and ducks will long be abundant; and of fish there can never be any scarcity. Every stream is filled with them; and among them may be found the pike, the pickerel, the catfish, the trout, and many other varieties. Immense quantities are taken about the several rapids, where they may be easily speared.

The population of the whole district, exclusive of Indians, was about sixteen thousand, at the end of 1835, a time little more than two years after the first settlement was made. During the year 1835, the chief part of this population arrived; and there is every indication of a vast accession during the year 1836. Indeed large portions of the states of Ohio, Indiana, Illinois, Kentucky and Missouri seem to be about to emigrate to this region. There are now here emigrants from all these states, and every other state in the union, as well as many foreigners. Whole neighborhoods are moving from Indiana and Illinois to this land of promise. During a ride of 150 miles through the district, in the month of January, 1836, I was surprised at the number of improvements then being made, for occupation as soon as the warm season should set in.

The trade of this district is confined almost entirely to the grand thoroughfare of the Mississippi. By it, the produce of the mines is carried away, and all the wants of a new population are supplied. Saint Louis is the port through which all the exchanges are at present effected; though the town of Alton, on the east side of the Mississippi, just above the mouth of Missouri river, is now setting up a rivalry for this trade. The only important article of export, as yet, is lead; the amount of which is not correctly ascertained, even for one year, and as it is daily increasing, and capable of indefinite extension, it is enough to say that it is a profitable—a very profitable—source of trade. The town of Quincy, forty miles below the mouth of the Des Moines, derives its supply of coal from the banks of that river; and it is almost certain that a large trade will be carried on in that article, as the demand for it increases.

The Mississippi is, and must continue to be, the main avenue of trade for this country; but there is a reasonable prospect of our soon having a more direct and speedy communication with our brethren of the east. New York is now pushing her railroad from the Hudson to Lake Erie, where it will be met by another from Pennsylvania; thence the united railroad will be continued around the southern shore of Lake Erie, and cross the states of Ohio, Indiana, and Illinois, to the Mississippi, near the mouth of Rock River, touching upon the southern end of Lake Michigan in its route, and receiving the tribute of the various local works which it will intersect. This work would place the center of the Iowa district within sixty hours of the city of New York; and if any of the "down-east-ers" think this project chimerical, let them take a tour of a few weeks to the Upper Mississippi, and they will agree with me, that it is already demanded by the interests of the country.

GOVERNMENT.

From the first of June, 1833, to the thirtieth of June, 1834, the settlers in this district were without any municipal law whatever. At the latter date congress passed a law attaching it to the Territory of Michigan, "for judicial purposes"; and under that law, the legislative council of Michigan extended her laws over the district, dividing it into two counties, and providing for the regular administration of justice. But when Michigan determined to assume her place as one of the *states* of the Union, she could no longer govern any district as a *territory*. Accordingly, she cast off what was then called Wisconsin, together with this district, directing them to form a government for themselves, and providing that her own laws should continue in force, until superseded by others. Under this provision, the authorities of Iowa district have continued to act; and all the ordinary local business has been regularly transacted under the laws of Michigan, though the judge of the district court of the United States has refused to consider any cases of appeal taken to his court from the west side of the Mississippi. It is a matter of some doubt, in fact, whether there be any law at all among these people; but this question will soon be put at rest by the organization of the Territory of Wisconsin, within which the Iowa district is by law included.

Though this district may be considered, for a time, as forming a part of the Wisconsin territory, yet the intelligent reader will have little difficulty in foreseeing that a separate government will soon be required for Iowa. Already it has a population of nearly twenty thousand, which will swell to thirty thousand by the close of 1836. By casting an eye on the map, it will be seen that some

of the most beautiful country in the world is lying immediately along this district on the west side. From this country, the Indians are now moving over to the Des Moines, and finding the country on the Wabesapinica, the Iowa, the Bison, and the Chacagua rivers of no use to them, they are already anxious to sell, and the press of population along the border has already created a demand for its purchase. A short time, then, will cause the western boundary of the district to be extended; and, with this extension, will come a corresponding increase of population. It is hazarding little to say that this district will have population sufficient to entitle it to a place among the states of the Union by the time that the census of 1840 shall have been completed.

In the district generally, the land titles are in an anomalous condition. The country was freed from its Indian occupants in 1833; hundreds immediately flocked in, each selecting such place as suited him best, and each respecting the premises of those who had preceded him. It is now clearly understood what improvement it takes to constitute a *claim* to any portion of these lands; and a claim to a farm, regularly established, is just as good, for the time being, as if the occupant had the government patent for it. An emigrant comes into the country; he looks around him, and finds a situation that pleases him; here, he says, "I will make an improvement;" and forthwith he goes to work, builds a house, fences a piece of ground, ploughs and plants it; he stakes out his half a section of land, one quarter section probably being woodland, and the other quarter being prairie; and then his home is secure from trespass by any one whatever, until the government shall think proper to prefer its claims. If he think proper to sell his claim, he is at perfect liberty to do so; and the purchaser succeeds to all the rights of the first settler. It is usual in such sales, for the purchaser to take a bond of the previous occupant, to transfer any right that the latter may acquire, in consequence of his previous occupancy, under the operation of the laws of the United States relative to occupant titles.

As this country has not yet been surveyed, it might be supposed that much confusion would result from the new arrangement of boundaries, when the lands shall be regularly surveyed, as public lands usually are. But this difficulty is easily obviated; for instance,—the claims of A. and B. join each other; when the section lines shall be run, it may be found that a portion of A.'s land is within the quarter section including B.'s improvement, and *vice versa*; but in the meantime, A. and B. have entered into an agreement, that if any such awkward lines should be run, they would mutually relinquish lands to each other, so that the lines of their several tracts shall be the same after, as before the survey and sale. This want of surveys is an actual advantage in some respects. The farms are all now arranged, with reference to the localities, with the woods, prairies, water, flat and rolling lands, as well disposed as it is possible; whereas, when the country is surveyed before being settled, that very fact forces the emigrants to confine themselves to the arbitrary north and south, east and west lines of the public surveyor. The little inconvenience produced by this absence of survey, is more than compensated by its advantages.

MAGNA CHARTA.

THE GREAT CHARTER OF ENGLISH LIBERTY GRANTED BY KING
 • JOHN AT RUNNYMEDE, JUNE 15, 1215.

John, by the grace of God, King of England, Lord of Ireland, duke of Normandy and Aquitaine, count of Anjou: to the archbishops, bishops, abbots, earls, barons, justices, foresters, sheriffs, prevosts, serving men, and to all his bailiffs and faithful subjects, greeting. Know that we, by the will of God and for the safety of our soul, and of the souls of all our predecessors, and our heirs, to the honor of God and for the exalting of the holy church, and the bettering of our realm; by the counsel of our venerable fathers Stephen, archbishop of Canterbury, primate of all England and cardinal of the holy Roman church; of Henry, archbishop of Dublin; of the bishops William of London, Peter of Winchester, Jocelin of Bath and Glastonbury, Hugo of Lincoln, Walter of Worcester, William of Coventry and Benedict of Rochester; of master Pandulf, sub-deacon of the household of the lord pope; of brother Aymeric, master of the knights of the Temple in England; and of the noble men, William Marshall, earl of Pembroke; William, earl of Salisbury; William, earl of Warren; William, earl of Arundel; Alan de Galway, constable of Scotland; Warin, son of Gerold; Peter, son of Herbert; Hubert de Burgh, seneschal of Poitiers; Hugo de Neville, Matthew, son of Herbert; Thomas Basset, Alan Basset, Philip d'Aubigni, Robert de Roppelay, John Marshall, John, son of Hugo, and others of our faithful subjects:

1. First of all have granted to God, and, for us and for our heirs forever, have confirmed, by this our present charter, that the English church shall be free and shall have its rights intact and its liberties unincroached upon. And thus we will that it be observed. As is apparent from the fact that we, spontaneously and of our own free will, before discord broke out between ourselves and our barons, did grant and by our charter confirm—and did cause the lord pope Innocent III to confirm—freedom of elections, which is considered most important and most necessary to the church of England. Which charter both we ourselves shall observe, and we will that it be observed with good faith by our heirs forever. We have also granted to all free men of our realm, on the part of ourselves and our heirs forever, all the subjoined liberties, to have and to hold, to them and to their heirs, from us and from our heirs:

2. If any one of our earls or barons, or of others holding from us in chief through military service, shall die; and if, at the time of his death, his heir be of full age and owe a relief: he shall have his inheritance by paying the old relief;—the heir, namely, or the heirs of an earl, by paying one hundred pounds for the whole barony of an earl; the heir or heirs of a baron, by paying one hundred pounds for the whole barony; the heir or heirs of a knight, by paying one hundred shillings at most for a whole knight's fee; and he who shall owe less shall give less, according to the ancient custom of fees.

3. But if the heir of any of the above persons shall be under age and in wardship,—when he comes of age he shall have his inheritance without relief and without fine.

4. The administrator of the land of such heir whoshall be under age shall take none but reasonable issues from the land of the heir, and reasonable customs and services; and this without destruction and waste of men and goods. And if we shall have committed the custody of any such land to the sheriff or to any other man who ought to be responsible to us for the issues of it, and he cause destruction or waste to what is in his charge: we will fine him, and the land shall be handed over to two lawful and discreet men of that fee who shall answer to us, or to him to whom we shall have referred them, regarding those

issues. And if we shall have given or sold to any one the custody of any such land; and he shall have caused destruction or waste to it, he shall lose that custody, and it shall be given to two lawful and discreet men of that fee, who likewise shall answer to us, as has been explained.

5. The administrator, moreover, so long as he may have the custody of the land, shall keep in order, from the issues of that land, the houses, parks, warrens, lakes, mills, and other things pertaining to it. And he shall restore to the heir when he comes to full age, his whole land stocked with plows and wainnages, according as the time of the wainnage requires and the issues of the land will reasonably permit.

6. Heirs may marry without disparagement; so nevertheless, that, before the marriage is contracted, it shall be announced to the relations by blood by the heir himself.

7. A widow, after the death of her husband, shall straightway, and without difficulty, have her marriage portion and her inheritance, nor shall she give any thing in return for her dowry, her marriage portion, or the inheritance which belonged to her, and which she and her husband held on the day of the death of that husband. And she may remain in the house of her husband, after his death, for forty days; within which her dowry shall be paid over to her.

8. No widow shall be forced to marry when she prefers to live without a husband; so, however, that she gives security not to marry without our consent if she hold from us, or the consent of the lord from whom she holds, if she hold from another.

9. Neither we nor our bailiffs shall seize any revenue for any debt, so long as the chattels of the debtor suffice to pay the debt; nor shall the sponsors of that debtor be distrained so long as that chief debtor has enough to pay the debt. But if the chief debtor fail in paying the debt, not having the wherewithal to pay it, the sponsors shall answer for the debt. And, if they shall wish, they may have the lands and revenues of the debtor until satisfaction shall have been given them for the debt previously paid for him; unless the chief debtor shall show that he is quit in that respect towards those same sponsors.

10. If any one shall have taken any sum, great or small, as a loan from the Jews, and shall die before that debt is paid,—that debt shall not bear interest so long as the heir, from whoever he may hold, shall be under age. And if the debt fall into our hands, we shall take nothing save the chattel contained in the deed.

11. And if any one dies owing a debt to the Jews, his wife shall have her dowry, and shall restore nothing of that debt. But if there shall remain children of that dead man, and they shall be under age, the necessaries shall be provided for them according to the nature of the dead man's holding; and, from the residue, the debt shall be paid, saving the service due to the lords. In like manner shall be done concerning debts that are due to others besides the Jews.

12. No scutage or aid shall be imposed in our realm unless by the common counsel of our realm; except for redeeming our body, and knighting our eldest son, and marrying once of our eldest daughter. And for these purposes there shall only be given a reasonable aid. In like manner shall be done concerning the aids of the city of London.

13. And the city of London shall have all its old liberties and free customs as well by land as by water. Moreover we will and grant that all other cities and burroughs, and towns and ports, shall have all their liberties and free customs.

14. And, in order to have the common counsel of the realm in the matter of assessing an aid otherwise in the aforesaid cases, or of assessing a scutage,—we shall cause, under seal through our letters, the archbishops, bishops, abbots, earls, and greater barons to be summoned for a fixed day—for a term, namely, at least forty days distant,—and for a fixed place. And, moreover, we shall cause to be summoned in general, through our sheriffs and bailiffs, all those who hold of us in chief. And in all those letters of summons, we shall express the cause of the summons. And when a summons has thus been made, the business shall be proceeded with on the day appointed according to the counsel of those who shall be present, even though not all shall come who were summoned.

15. We will not allow any one henceforth to take an aid from his freemen save for the redemption of his body, and the knighting of his eldest son, the marrying, once, of his eldest daughter; and, for these purposes, there shall only be given a reasonable aid.

16. No one shall be forced to do more service for a knight's fee, or for another free holding, than is due from it.

17. Common pleas shall not follow our court, but shall be held in a certain fixed place.

18. Assizes of novel disseisin, of mort d'ancestor, and of darrein presentment shall not be held save in their own counties, and in this way: we, or our chief justice, if we shall be absent from the kingdom, shall send two justices through each county four times a year; they, with four knights from each county, chosen by the county, shall hold the aforesaid assizes in the county, and on the day and at the place of the county court.

19. And if on the day of the county court the aforesaid assizes can not be held, a sufficient number of knights and free tenants, from those who were present at the county court on that day, shall remain, so that through them the judgments may be suitably given, according as the matter may have been great or small.

20. A freeman shall only be amerced for a small offence according to the measure of that offence. And for a great offence he shall be amerced according to the magnitude of the offence, saving his contentment; and a merchant, in the same way, saving his merchandize. And a villein, in the same way, if he fall under our mercy, shall be amerced, saving his wainnage. And none of the aforesaid fines shall be imposed save upon oath of upright men from the neighborhood.

21. Earls and barons shall not be amerced save through their peers, and only according to the measure of the offence.

22. No clerk shall be amerced for his lay tenement except according to the manner of the other persons aforesaid; and not according to the amount of his ecclesiastical benefice.

23. Neither a town or a man shall be forced to make bridges over the rivers, with the exception of those who from of old and of right ought to do it.

24. No sheriff, constable, coroners, or other bailiffs of ours shall hold the pleas of our crown.

25. All counties, hundreds, wapentakes, and tithings—our demesne manors being excepted—shall continue according to the old farms, without any increase at all.

26. If any one holding from us a lay fee shall die, and our sheriff or bailiff can show our letters patent containing our summons for the debt which the dead man owed to us,—our sheriff or bailiff may be allowed to attach and enroll the chattels of the dead man to the value of that debt, through view of lawful men; in such way, however, that nothing shall be removed thence until the debt is paid which was plainly owed to us. And the residue shall be left to the executors that they may carry out the will of the dead man. And if nothing is owed to us by him, all the chattels shall go to the use prescribed by the deceased, saving their reasonable portions to his wife and children.

27. If any freeman shall have died intestate his chattels shall be distributed through the hands of his near relatives and friends, by view of the church; saving to any one the debts which the dead man owed him.

28. No constable or other bailiff of ours shall take the corn or other chattels of any one except he straightway give money for them, or can be allowed a respite in that regard by the will of the seller.

29. No constable shall force any knight to pay money for castleward if he be willing to perform that ward in person, or—he for a reasonable cause not being able to perform it himself—through another proper man. And if we shall have led or sent him on a military expedition, he shall be quit of ward according to the amount of time during which, through us, he shall have been in military service.

30. No sheriff or bailiff of ours, nor any one else, shall take the horses or carts of any freeman for transport, unless by the will of that freeman.

31. Neither we nor our bailiffs shall take another's wood for castles or for other private uses, unless by the will of him to whom the wood belongs.

32. We shall not hold the lands of those convicted of felony longer than a year and a day; and then the lands shall be restored to the lords of the fiefs.

33. Henceforth all the weirs in the Thames and Medway, and throughout all England, save on the sea coast, shall be done away with entirely.

34. Henceforth the writ which is called *Præcipe* shall not be served on any one for any holding so as to cause a free man to lose his court.

35. There shall be but one measure of wine throughout our whole realm, and one measure of ale and one measure of corn—namely, the London quart;—and one width of dyed and russet and hauberk cloths—namely, two ells below the selvaige. And with weights, moreover, it shall be as with measures.

36. Henceforth nothing shall be given or taken for a writ of inquest in a matter concerning life or limb; but it shall be conceded gratis, and shall not be denied.

37. If any one hold of us in fee-farm, or in socage, or in burkage, and hold land of another by military service, we shall not, by reason of that fee-farm, or socage, or burkage, have the wardship of his heir or of his land which is held in fee from another. Nor shall we have the wardship of that fee-farm, or socage, or burkage unless that fee-farm owe military service. We shall not, by reason of some petit serjeanty which someone holds of us through the service of giving us knives or arrows or the like, have the wardship of his heir or of the land which he holds of another by military service.

38. No bailiff, on his own simple assertion, shall henceforth put any one to his law, without producing faithful witnesses in evidence.

39. No freeman shall be taken, or imprisoned, or dis-seized, or outlawed, or exiled, or in any way harmed—nor will we go upon or send upon him, save by the lawful judgment of his peers or by the law of the land.

40. To none will we sell, to none deny or delay, right or justice.

41. All merchants may safely and securely go out of England, and come into England, and delay and pass through England, as well by land as by water, for the purpose of buying and selling, free from all evil taxes, subject to the ancient and right customs—save in time of war, and if they are of the land at war against us. And if such be found in our land at the beginning of the war, they shall be held, without harm to their bodies and goods, until it shall be known to us or our chief justice how the merchants of our land are to be treated who shall, at that time, be found in the land at war against us. And if ours shall be safe there, the others shall be safe in our land.

42. Henceforth any person, saving fealty to us, may go out of our realm and return to it, safely and securely by land and by water, except perhaps for a brief period in time of war, for the common good of the realm. But prisoners and outlaws are expected according to the law of the realm; also people of a land at war against us, and the merchants, with regard to whom shall be done as we have said.

43. If any one hold from any escheat—as from the honour of Wallingford, Nottingham, Boloin, Lancaster, or the other escheats which are in our hands and are baronies—and shall die, his heir shall not give another relief, nor shall he perform for us other service than he would perform for a baron if that barony were in the hand of a baron; and we shall hold it in the same way in which the baron has held it.

44. Persons dwelling without the forest shall not henceforth come before the forest justices, through common summonses, unless they are impleaded or are the sponsors of some person or persons attached for matters concerning the forest.

45. We will not make men justices, constables, sheriffs, or bailiffs, unless they are such as know the law of the realm, and are minded to observe it rightly.

46. All barons who have founded abbeys for which they have charters of the kings of England, or ancient right of tenure, shall have, as they ought to have, their custody when vacant.

47. All forests constituted as such in our time shall straightway be annulled; and the same shall be done for river banks made into places of defence by us in our time.

48. All evil customs concerning forests and warrens, and concerning foresters and warreners, sheriffs and their servants, river banks and their guardians, shall straightway be inquired into in each county, through twelve sworn knights from that county, and shall be eradicated by them, entirely, so that they shall never be renewed, within forty days after the inquest has been made; in such manner that we shall first know about them, or our justice if we be not in England.

49. We shall straightway return all hostages and charters which were delivered to us by Englishmen as a surety for peace or faithful service.

50. We shall entirely remove from their bailiwicks the relatives of Gerard de Athyes, so that they shall henceforth have no bailiwick in England: Engelard de Cygnes, Andrew Peter and Gyon de Chanceles, Gyon de Cygnes, Goeffrey de Martin and his brothers, Philip Mark and his brothers, and Geoffrey his nephew, and the whole following of them.

51. And straightway after peace is restored we shall remove from the realm all the foreign soldiers, cross-bowmen, servants, hirelings, who may have come with horses and arms to the harm of the realm.

52. If any one shall have been disseized by us, or removed, without a legal sentence of his peers, from his lands, castles, liberties or lawful right, we shall straightway restore them to him. And if a dispute shall arise concerning this matter it shall be settled according to the judgment of the twenty-five barons who are mentioned below as sureties for the peace. But with regard to all those things of which any one was, by king Henry our father or king Richard our brother, disseized or dispossessed without legal judgment of his peers, which we have in our hand or which others hold, and for which we ought to give a guarantee: We shall have respite until the common term for crusaders. Except with regard to those concerning which a plea was moved, or an inquest made by our order, before we took the cross. But when we return from our pilgrimage, or if, by chance, we desist from our pilgrimage, we shall straightway then show full justice regarding them.

53. We shall have the same respite, moreover, and in the same manner, in the matter of showing justice with regard to forests to be annulled and forests to remain, which Henry our father, or Richard our brother constituted; and in the matter of wardships of lands which belong to the fee of another—wardships of which kind we have hitherto enjoyed by reason of the fee which some one held from us in military service;—and in the matter of abbeys founded in the fee of another than ourselves—in which the lord of the fee may say that he has jurisdiction. And when we return, or if we desist from our pilgrimage, we shall straightway exhibit full justice to those complaining with regard to these matters.

54. No one shall be taken or imprisoned on account of the appeal of a woman concerning the death of another than her husband.

55. All fines imposed by us unjustly and contrary to the law of the land, and all amerancements made unjustly and contrary to the law of the land, shall be altogether remitted, or it shall be done with regard to them according to the judgment of the twenty-five barons mentioned below as sureties for the peace, or according to the judgment of the majority of them together with the aforesaid Stephen archbishop of Canterbury, if he can be present, and with others whom he may wish to associate with himself for this purpose. And if he cannot be present, the affair shall nevertheless proceed without him; in such way that, if one or more of the said twenty-five barons shall be concerned in a similar complaint, they shall be removed as to this particular decision, and, in their place, for this purpose alone, others shall be substituted who shall be chosen and sworn by the remainder of those twenty-five.

56. If we have disseized or dispossessed Welshmen of their lands or liberties or other things without legal judgment of their peers, in England or in Wales,—they shall straightway be restored to them. And if a dispute shall arise concerning this, then action shall be taken upon it in the March through judgment of their peers—concerning English holdings according to the law of England concerning Welsh holdings according to the law of Wales, concerning the holdings in the March according to the law of the March. The Welsh shall do likewise with regard to us and our subjects.

57. But with regard to all those things of which any of the Welsh was, by king Henry our father or king Richard our brother, disseized or dispossessed without legal judgment of his peers, which we have in our hand or which others hold, and for which we ought to give a guarantee: we shall have respite until the common term for crusaders. Except with regard to those concerning which a plea was moved, or an inquest made by our order, before we took the cross. But when we return from our pilgrimage, or if, by chance, we desist from our pilgrimage, we shall straightway then show full justice regarding them, according to the laws of Wales and the aforesaid districts.

58. We shall straightway return the son of Llewelin and all the Welsh hostages, and the charters delivered to us as security for the peace.

59. We shall act towards Alexander king of the Scots regarding the restoration of his sisters, and his hostages, and his liberties and his lawful right, as we shall act towards our other barons of England; unless it ought to be otherwise according to the charters which we hold from William, his father, the former king of the Scots. And this shall be done through judgment of his peers in our court.

60. Moreover all the subjects of our realm, clergy as well as laity, shall, as far as pertains to them, observe with regard to their vassals, all these aforesaid customs and liberties which we have decreed shall, as far as pertains to us, be observed in our realm with regard to our own.

61. Inasmuch as, for the sake of God, and for the bettering of our realm, and for the more ready healing of the discord which has arisen between us and our barons, we have made all these aforesaid concessions,—wishing them to enjoy forever the entire and firm stability, we make and grant to them the following security: that the barons, namely, may elect at their pleasure twenty-five barons from the realm who ought, with all their strength, to observe, maintain and cause to be observed, the peace and privileges which we have granted to them and confirmed by this our present charter. In such wise, namely, that if we, or our justice, or our bailiffs, or any one of our servants shall have transgressed against any one in any respect, or shall have broken some one of the articles of peace or security, and our transgression shall have been shown to four barons of the aforesaid twenty-five: those four barons shall come to us, or, if we are abroad, to our justice, showing to us our error; and they shall ask us to cause that error to be amended without delay. And if we do not amend that error, or, we being abroad, if our justice do not amend it within a term of forty days from the time when it was shown to us, or, we being abroad, to our justice: the aforesaid four barons shall refer the matter to the remainder of the twenty-five barons, and those twenty-five barons, with the whole land in common, shall distrain and oppress us in every way in their power,—namely, by taking our castles, lands and possessions and in every other way that they can, until amends shall have been made according to their judgment. Saving the persons of ourselves, our queen and our children. And when amends shall have been made they shall be in accord with us as they had been previously. And whoever of the land wishes to do so, shall swear that in carrying out all of the aforesaid measures he will obey the mandates of the aforesaid twenty-five barons, and that, with them, he will oppress us to the extent of his power. And, to anyone who wishes to do so, we publicly and freely give permission to swear; and we will never prevent any one from swearing. Moreover, all those in the land who shall be unwilling themselves and of their own accord to swear to the twenty-five barons as to distraining and oppressing us with them: such ones we shall make to swear by our mandate, as has been said. And if any one of the twenty-five barons shall die, or leave the country, or in any other way be prevented from carrying out the aforesaid measures,—the remainder of the aforesaid twenty-five barons shall choose another in his place, according to their judgment, who shall be sworn in the same way as the others. Moreover, in all things entrusted to those twenty-five barons to be carried out, if those twenty-five shall be present and chance to disagree among themselves with regard to some matter, or if some of them, having been summoned shall be unwilling or unable to be present: that which the majority of those present shall decide or decree shall be considered binding and valid,

just as if all the twenty-five had consented to it. And the aforesaid twenty-five shall swear that they will faithfully observe all the foregoing and will cause them to be observed to the extent of their power. And we shall obtain nothing from any one, either through ourselves or through another, by which any of these concessions and liberties may be revoked or diminished. And if any such thing shall have been obtained, it shall be vain and invalid, and we shall never make use of it, either through ourselves or through another.

62. And we have fully remitted to all, and pardoned, all the ill-will, anger and rancour which have arisen between us and our subjects, clergy and laity, from the time of the struggle. Moreover we have fully remitted to all, clergy and laity, and—as far as pertains to us—have pardoned fully all the transgressions committed, on the occasion of that same struggle, from Easter to the sixteenth year of our reign, until the re-establishment of peace. In witness of which, moreover, we have caused to be drawn up for them letters patent of lord Stephen, archbishop of Canterbury, lord Henry, archbishop of Dublin, and the aforesaid bishops and master Pandulf, regarding that surety and the aforesaid concessions.

63. Wherefore we will and firmly decree that the English church shall be free, and that the subjects of our realm shall have and hold all the aforesaid liberties, rights and concessions, duly and in peace, freely and quietly, fully and entirely, for themselves and their heirs, from us and our heirs in all matters and in all places, forever, as has been said. Moreover it has been sworn, on our part as well as on the part of the barons, that all these above mentioned provisions shall be observed with good faith and without evil intent. The witnesses being the above mentioned and many others. Given through our hand, in the plain called Runnymede between Windsor and Stanes, on the fifteenth day of June, in the seventeenth year of our reign.

DECLARATION OF INDEPENDENCE.

In Congress, July 4, 1776.

THE UNANIMOUS DECLARATION OF THE THIRTEEN UNITED STATES OF AMERICA.

(Adopted by the Continental Congress July 2, and authenticated and proclaimed July 4, 1776.)

When in the course of human events it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident: that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty and the pursuit of happiness; that, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such forms, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and, accordingly, all experience hath shown that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security. Such has been the patient sufferance of these colonies, and such is now the necessity which constrains them to alter their former systems of government. The history of the present king of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute tyranny over these states. To prove this, let facts be submitted to a candid world:

He has refused his assent to laws the most wholesome and necessary for the public good.

He has forbidden his governors to pass laws of immediate and pressing importance, unless suspended in their operation till his assent should be obtained, and, when so suspended, he has utterly neglected to attend to them.

He has refused to pass other laws for the accommodation of large districts of people, unless those people would relinquish the right of representation in the legislature—a right inestimable to them, and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the repository of their public records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved representative houses repeatedly for opposing, with manly firmness, his invasions on the rights of the people.

He has refused, for a long time after such dissolutions, to cause others to be elected; whereby the legislative powers, incapable of annihilation, have

DECLARATION OF INDEPENDENCE

returned to the people at large for their exercise; the state remaining, in the meantime, exposed to all the dangers of invasion from without, and convulsions within.

He has endeavored to prevent the population of these states; for that purpose obstructing the laws for naturalization of foreigners; refusing to pass others to encourage their migration hither, and raising the conditions of new appropriations of lands.

He has obstructed the administration of justice by refusing his assent to laws for establishing judiciary powers.

He has made judges dependent on his will alone for the tenure of their offices and the amount and payment of their salaries.

He has erected a multitude of new offices, and sent hither swarms of officers to harass our people and eat out their substance.

He has kept among us, in times of peace, standing armies, without the consent of our legislatures.

He has affected to render the military independent of, and superior to, the civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution and unacknowledged by our laws, giving his assent to their acts of pretended legislation—

For quartering large bodies of armed troops among us;

For protecting them, by a mock trial, from punishment for any murders which they should commit on the inhabitants of these states;

For cutting off our trade with all parts of the world;

For imposing taxes on us without our consent;

For depriving us, in many cases, of the benefits of trial by jury;

For transporting us beyond seas, to be tried for pretended offenses;

For abolishing the free system of English laws in a neighboring province; establishing therein an arbitrary government, and enlarging its boundaries, so as to render it at once an example and fit instrument for introducing the same absolute rule into these colonies;

For taking away our charters, abolishing our most valuable laws, and altering fundamentally the forms of our governments;

For suspending our own legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever.

He has abdicated government here by declaring us out of his protection and waging war against us.

He has plundered our seas, ravaged our coasts, burnt our towns, and destroyed the lives of our people.

He is, at this time, transporting large armies of foreign mercenaries to complete the works of death, desolation and tyranny, already begun, with circumstances of cruelty and perfidy scarcely parallel in the most barbarous ages, and totally unworthy the head of a civilized nation.

He has constrained our fellow-citizens, taken captive on the high seas, to bear arms against their country, to become the executioners of their friends and brethren, or to fall themselves by their hands.

He has excited domestic insurrections amongst us, and has endeavored to bring on the inhabitants of our frontiers the merciless Indian savages, whose known rule of warfare is an undistinguished destruction of all ages, sexes and conditions.

In every stage of these oppressions we have petitioned for redress, in the most humble terms; our repeated petitions have been answered only by repeated injury. A prince whose character is thus marked by every act which may define a tyrant is unfit to be the ruler of a free people.

Nor have we been wanting in attentions to our British brethren. We have warned them, from time to time, of attempts, by their legislature, to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity; and we have conjured them, by the ties of our common kindred, to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They, too, have been

deaf to the voice of justice and consanguinity. We must, therefore, acquiesce in the necessity which denounces our separation, and hold them, as we hold the rest of mankind, enemies in war, in peace friends.

We, therefore, the representatives of the United States of America, in general congress assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the name and by the authority of the good people of these colonies, solemnly publish and declare, that these united colonies are, and of right ought to be, free and independent states; that they are absolved from all allegiance to the British crown, and that all political connection between them and the state of Great Britain is, and ought to be, totally dissolved; and that, as free and independent states, they have full power to levy war, conclude peace, contract alliances, establish commerce, and do all other acts and things which independent states may of right do. And for the support of this declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, our fortunes and our sacred honor.

We, the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquillity, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this constitution for the United States of America.

ARTICLE I.

SECTION 1. All legislative powers herein granted shall be vested in a congress of the United States, which shall consist of a senate and house of representatives.

SEC. 2. (1)* The house of representatives shall be composed of members chosen every second year by the people of the several states; and the electors in each state shall have the qualifications requisite for electors of the most numerous branch of the state legislature.

(2) No person shall be a representative who shall not have attained to the age of twenty-five years, and been seven years a citizen of the United States, and who shall not, when elected, be an inhabitant of that state in which he shall be chosen.

(3) [Representatives and direct taxes shall be apportioned among the several states which may be included within this union according to their respective numbers, which shall be determined by adding to the whole number of free persons, including those bound to service for a term of years, and excluding Indians not taxed, three-fifths of all other persons.]** The actual enumeration shall be made within three years after the first meeting of the congress of the United States, and within every subsequent term of ten years, in such manner as they shall by law direct. The number of representatives shall not exceed one for every thirty thousand, but each state shall have at least one representative, and, until such enumeration shall be made, the state of New Hampshire shall be entitled to choose three, Massachusetts eight, Rhode Island and Providence Plantations one, Connecticut five, New York six, New Jersey four, Pennsylvania eight, Delaware one, Maryland six, Virginia ten, North Carolina five, South Carolina five, and Georgia three.

(4) When vacancies happen in the representation from any state, the executive authority thereof shall issue writs of election to fill such vacancies.

(5) The house of representatives shall choose their speaker and other officers and shall have the sole power of impeachment.

SEC. 3. (1) The senate of the United States shall be composed of two senators from each state, chosen by the legislature thereof for six years; and each senator shall have one vote.

(2) Immediately after they shall be assembled in consequence of the first election, they shall be divided as equally as may be into three classes. The seats of the senators of the first class shall be vacated at the expiration of the second year, of the second class at the expiration of the fourth year, and

**The foregoing clause included in brackets is amended by Sec. 2 of the 14th amendment, *post*.

of the third class at the expiration of the sixth year, so that one-third may be chosen every second year; and if vacancies happen, by resignation or otherwise, during the recess of the legislature of any state the executive thereof may make temporary appointments until the next meeting of the legislature, which shall then fill such vacancies.

(3) No person shall be a senator who shall not have attained to the age of thirty years, and been nine years a citizen of the United States, and who shall not, when elected, be an inhabitant of that state for which he shall be chosen.

(4) The vice-president of the United States shall be president of the senate, but shall have no vote, unless they be equally divided.

(5) The senate shall choose their other officers, and also a president pro tempore, in the absence of the vice-president, or when he shall exercise the office of president of the United States.

(6) The senate shall have the sole power to try all impeachments. When sitting for that purpose they shall be on oath or affirmation. When the president of the United States is tried, the chief justice shall preside; and no person shall be convicted without the concurrence of two-thirds of the members present.

(7) Judgment in cases of impeachment shall not extend further than to removal from office, and disqualification to hold and enjoy any office of honor, trust or profit under the United States; but the party convicted shall nevertheless be liable and subject to indictment, trial, judgment and punishment, according to law.

SEC. 4. (1) The times, places and manner of holding elections for senators and representatives shall be prescribed in each state by the legislature thereof, but the congress may at any time by law make or alter such regulations, except as to the places of choosing senators.

(2) The congress shall assemble at least once in every year, and such meeting shall be on the first Monday in December, unless they shall by law appoint a different day.

SEC. 5. (1) Each house shall be the judge of the elections, returns and qualifications of its own members, and a majority of each shall constitute a quorum to do business; but a smaller number may adjourn from day to day, and may be authorized to compel the attendance of absent members, in such manner and under such penalties as each house may provide.

(2) Each house may determine the rules of its proceedings, punish its members for disorderly behavior, and, with the concurrence of two-thirds, expel a member.

(3) Each house shall keep a journal of its proceedings, and from time to time publish the same, excepting such parts as may in their judgment require secrecy; and the yeas and nays of the members of either house on any question shall, at the desire of one-fifth of those present, be entered on the journal.

(4) Neither house, during the session of congress, shall, without the consent of the other, adjourn for more than three days, nor to any other place than that in which the two houses shall be sitting.

SEC. 6. (1) The senators and representatives shall receive a compensation for their services, to be ascertained by law, and paid out of the treasury of the United States. They shall in all cases, except treason, felony and breach of the peace, be privileged from arrest during their attendance at the sessions of their respective houses, and in going to and returning from the same; and for any speech or debate in either house they shall not be questioned in any other place.

(2) No senator or representative shall, during the time for which he was elected, be appointed to any civil office under the authority of the United States, which shall have been created, or the emoluments whereof shall have been increased, during such time; and no person holding any office under the United States shall be a member of either house during his continuance in office.

SEC. 7. (1) All bills for raising revenue shall originate in the house of representatives, but the senate may propose or concur with amendments, as on other bills.

(2) Every bill which shall have passed the house of representatives and the senate, shall, before it becomes a law, be presented to the president of the United States; if he approve he shall sign it, but if not he shall return it, with his objections, to that house in which it shall have originated, who shall enter the objections at large on their journal, and proceed to reconsider it. If after such reconsideration two-thirds of that house shall agree to pass the bill, it shall be sent, together with the objections, to the other house, by which it shall likewise be reconsidered, and, if approved by two-thirds of that house, it shall become a law. But in all such cases the votes of both houses shall be determined by yeas and nays, and the names of the persons voting for and against the bill shall be entered on the journal of each house, respectively. If any bill shall not be returned by the president within ten days (Sundays excepted) after it shall have been presented to him, the same shall be a law, in like manner as if he had signed it, unless the congress by their adjournment prevent its return, in which case it shall not be a law.

(3) Every order, resolution or vote to which the concurrence of the senate and house of representatives may be necessary (except on a question of adjournment) shall be presented to the president of the United States, and, before the same shall take effect, shall be approved by him, or, being disapproved by him, shall be repassed by two-thirds of the senate and house of representatives, according to the rules and limitations prescribed in the case of a bill.

SEC. 8. The congress shall have power:—

(1) To lay and collect taxes, duties, imposts and excises, to pay the debts and provide for the common defense and general welfare of the United States; but all duties, imposts and excises shall be uniform throughout the United States.

(2) To borrow money on the credit of the United States;

(3) To regulate commerce with foreign nations, and among the several states, and with the Indian tribes;

(4) To establish a uniform rule of naturalization, and uniform laws on the subject of bankruptcies throughout the United States;

(5) To coin money, regulate the value thereof and of foreign coin, and fix the standard of weights and measures;

(6) To provide for the punishment of counterfeiting the securities and current coin of the United States;

(7) To establish post offices and post roads;

(8) To promote the progress of science and useful arts, by securing for limited times to authors and inventors the exclusive right to their respective writings and discoveries;

(9) To constitute tribunals inferior to the supreme court;

(10) To define and punish piracies and felonies committed on the high seas, and offenses against the law of nations;

(11) To declare war, grant letters of marque, and reprisal, and make rules concerning captures on land and water;

(12) To raise and support armies; but no appropriation of money to that use shall be for a longer term than two years;

(13) To provide and maintain a navy;

(14) To make rules for the government and regulation of the land and naval forces;

(15) To provide for calling forth the militia to execute the laws of the union, suppress insurrections and repel invasions;

(16) To provide for organizing, arming and disciplining the militia, and for governing such part of them as may be employed in the service of the United States; reserving to the states, respectively, the appointment of the officers and the authority of training the militia according to the discipline prescribed by congress;

(17) To exercise exclusive legislation, in all cases whatsoever, over such district (not exceeding ten miles square) as may, by cession of particular states and the acceptance of congress, become the seat of the government of the United States, and to exercise like authority over all places purchased by the consent

of the legislature of the state in which the same shall be, for the erection of forts, magazines, arsenals, dock yards and other needful buildings; and—

(18) To make all laws which shall be necessary and proper for carrying into execution the foregoing powers, and all other powers vested by this constitution in the government of the United States, or in any department or officer thereof.

SEC. 9. (1) The migration or importation of such persons as any of the states now existing shall think proper to admit shall not be prohibited by the congress prior to the year one thousand eight hundred and eight, but a tax or duty may be imposed on such importation, not exceeding ten dollars for each person.

(2) The privilege of the writ of habeas corpus shall not be suspended, unless when, in cases of rebellion or invasion, the public safety may require it.

(3) No bill of attainder or ex post facto law shall be passed.

(4) No capitation or other direct tax shall be laid, unless in proportion to the census or enumeration hereinbefore directed to be taken.

(5) No tax or duty shall be laid on articles exported from any state.

(6) No preference shall be given by any regulation of commerce or revenue to the ports of one state over those of another; nor shall vessels bound to or from one state be obliged to enter, clear or pay duties in another.

(7) No money shall be drawn from the treasury but in consequence of appropriations made by law, and a regular statement and account of the receipts and expenditures of all public money shall be published from time to time.

(8) No title of nobility shall be granted by the United States; and no person holding any office of profit or trust under them shall, without the consent of the congress, accept of any present, emolument, office or title, of any kind whatever, from any king, prince or foreign state.

SEC. 10. (1) No state shall enter into any treaty, alliance or confederation; grant letters of marque and reprisal; coin money; emit bills of credit; make anything but gold and silver coin a tender in payment of debts; pass any bill of attainder, ex post facto law, or law impairing the obligation of contracts, or grant any title of nobility.

(2) No state shall, without the consent of the congress, lay any imposts or duties on imports or exports, except what may be absolutely necessary for executing its inspection laws; and the net produce of all duties and imposts, laid by any state on imports or exports, shall be for the use of the treasury of the United States; and all such laws shall be subject to the revision and control of the congress.

(3) No state shall, without the consent of congress, lay any duty of tonnage, keep troops or ships of war in time of peace, enter into any agreement or compact with another state, or with a foreign power, or engage in war, unless actually invaded, or in such imminent danger as will not admit of delay.

ARTICLE II.

SECTION 1. (1) The executive power shall be vested in a president of the United States of America. He shall hold his office during the term of four years, and, together with the vice-president chosen for the same term, be elected as follows:

(2) Each state shall appoint, in such manner as the legislature thereof may direct, a number of electors, equal to the whole number of senators and representatives to which the state may be entitled in the congress; but no senator or representative, or person holding an office of trust or profit under the United States, shall be appointed an elector.

The electors shall meet in their respective states and vote by ballot for two persons, of whom one at least shall not be an inhabitant of the same state with themselves. And they shall make a list of all the persons voted for, and of the number of votes for each; which list they shall sign and certify, and transmit

sealed to the seat of the government of the United States, directed to the president of the senate. The president of the senate shall, in the presence of the senate and house of representatives, open all the certificates, and the votes shall then be counted. The person having the greatest number of votes shall be the president, if such number be a majority of the whole number of electors appointed; and if there be more than one who have such majority, and have an equal number of votes, then the house of representatives shall immediately choose, by ballot, one of them for president; and if no person have a majority, then, from the five highest on the list, the said house shall, in like manner, choose the president. But in choosing the president the votes shall be taken by states, the representation for each state having one vote; a quorum for this purpose shall consist of a member or members from two-thirds of the states, and a majority of all the states shall be necessary to a choice. In every case, after the choice of the president, the person having the greatest number of votes of the electors shall be the vice-president. But if there should remain two or more who have equal votes, the senate shall choose from them, by ballot, the vice-president.

[The foregoing clause has been superseded and annulled by the twelfth amendment, *post.*]

(3) The congress may determine the time of choosing the electors, and the day on which they shall give their votes; which day shall be the same throughout the United States.

(4) No person except a natural born citizen, or a citizen of the United States at the time of the adoption of this constitution, shall be eligible to the office of president; neither shall any person be eligible to that office who shall not have attained to the age of thirty-five years, and been fourteen years a resident within the United States.

(5) In case of the removal of, the president from office, or of his death, resignation, or inability to discharge the powers and duties of the said office, the same shall devolve on the vice-president, and the congress may by law provide for the case of removal, death, resignation or inability, both of the president and vice-president, declaring what officer shall then act as president, and such officer shall act accordingly until the disability be removed or a president shall be elected.

(6) The president shall, at stated times, receive for his services a compensation, which shall neither be increased nor diminished during the period for which he shall have been elected, and he shall not receive within that period any other emolument from the United States or any of them.

(7) Before he enter on the execution of his office, he shall take the following oath or affirmation:

"I do solemnly swear (or affirm) that I will faithfully execute the office of president of the United States, and will, to the best of my ability, preserve, protect, and defend the constitution of the United States."

SEC. 2. (1) The president shall be commander-in-chief of the army and navy of the United States, and of the militia of the several states when called into the actual service of the United States; he may require the opinion in writing of the principal officer in each of the executive departments, upon any subject relating to the duties of their respective offices; and he shall have power to grant reprieves and pardons for offenses against the United States, except in cases of impeachment.

(2) He shall have power, by and with the advice and consent of the senate, to make treaties, provided two-thirds of the senators present concur; and he shall nominate, and by and with the advice and consent of the senate shall appoint, ambassadors, other public ministers and consuls, judges of the supreme court, and all other officers of the United States, whose appointments are not herein otherwise provided for and which shall be established by law. But the congress may, by law, vest the appointment of such inferior officers as they think proper in the president alone, in the courts of law, or in the heads of departments.

(3) The president shall have power to fill up all vacancies that may happen during the recess of the senate, by granting commissions, which shall expire at the end of their next session.

SEC. 3. He shall from time to time give to the congress information of the state of the Union, and recommend to their consideration such measures as he shall judge necessary and expedient. He may, on extraordinary occasions, convene both houses, or either of them; and, in case of disagreement between them with respect to the time of adjournment, he may adjourn them to such time as he shall think proper. He shall receive ambassadors and other public ministers. He shall take care that the laws be faithfully executed, and shall commission all the officers of the United States.

SEC. 4. The president, vice-president, and all civil officers of the United States, shall be removed from office on impeachment for, and conviction of, treason, bribery, or other high crimes and misdemeanors.

ARTICLE III.

SECTION 1. The judicial power of the United States shall be vested in one supreme court, and in such inferior courts as the congress may, from time to time, ordain and establish. The judges, both of the supreme and inferior courts, shall hold their offices during good behavior; and shall, at stated times, receive for their services a compensation, which shall not be diminished during their continuance in office.

SEC. 2. (1) The judicial power shall extend to all cases in law and equity arising under this constitution, the laws of the United States, and treaties made, or which shall be made, under their authority; to all cases affecting ambassadors, other public ministers and consuls; to all cases of admiralty and maritime jurisdiction; to controversies to which the United States shall be a party; to controversies between two or more states, between a state and citizens of another state, between citizens of different states, between citizens of the same state claiming lands under grants of different states, and between a state, or the citizens thereof, and foreign states, citizens or subjects.

(2) In all cases affecting ambassadors, other public ministers and consuls, and those in which a state shall be a party, the supreme court shall have original jurisdiction. In all the other cases, before mentioned, the supreme court shall have appellate jurisdiction, both as to law and fact, with such exceptions and under such regulations as the congress shall make.

(3) The trial of all crimes, except in cases of impeachment, shall be by jury; and such trial shall be held in the state where the said crimes shall have been committed; but when not committed within any state, the trial shall be at such place or places as the congress may by law have directed.

SEC. 3. (1) Treason against the United States shall consist only in levying war against them, or in adhering to their enemies, giving them aid and comfort. No person shall be convicted of treason unless on the testimony of two witnesses to the same overt act, or on confession in open court.

(2) The congress shall have power to declare the punishment of treason, but no attainder of treason shall work corruption of blood, or forfeiture, except during the life of the person attainted.

ARTICLE IV.

SECTION 1. Full faith and credit shall be given in each state to the public acts, records and judicial proceedings of every other state. And the congress may, by general laws, prescribe the manner in which such acts, records and proceedings shall be proved, and the effect thereof.

SEC. 2. (1) The citizens of each state shall be entitled to all privileges and immunities of citizens in the several states.

(2) A person charged in any state with treason, felony or other crime, who shall flee from justice and be found in another state, shall, on demand of the executive authority of the state from which he fled, be delivered up, to be removed to the state having jurisdiction of the crime.

(3) No person held to service or labor in one state, under the laws thereof, escaping into another, shall, in consequence of any law or regulation therein, be discharged from such service or labor, but shall be delivered up on claim of the party to whom such service or labor may be due.

SEC. 3. (1) New states may be admitted by the congress into this Union; but no new state shall be formed or erected within the jurisdiction of any other state, nor any state be formed by the junction of two or more states, or parts of states, without the consent of the legislatures of the states concerned as well as of the congress.

(2) The congress shall have power to dispose of, and make all needful rules and regulations respecting the territory or other property belonging to the United States; and nothing in this constitution shall be so construed as to pre-
judice any claims of the United States or of any particular state.

SEC. 4. The United States shall guarantee to every state in this Union a republican form of government, and shall protect each of them against invasion; and, on application of the legislature, or of the executive (when the legislature cannot be convened), against domestic violence.

ARTICLE V.

The congress, whenever two-thirds of both houses shall deem it necessary, shall propose amendments to this constitution, or, on the application of the legislatures of two-thirds of the several states, shall call a convention for proposing amendments, which, in either case, shall be valid to all intents and purposes, as part of this constitution, when ratified by the legislatures of three-fourth of the several states, or by conventions in three-fourths thereof, as the one or the other mode of ratification may be proposed by the congress; *provided* that no amendment which may be made prior to the year one thousand eight hundred and eight shall in any manner affect the first and fourth clauses in the ninth section of the first article; and that no state, without its consent, shall be deprived of its equal suffrage in the senate.

ARTICLE VI.

(1) All debts contracted and engagements entered into before the adoption of this constitution shall be as valid against the United States under this constitution as under the confederation.

(2) This constitution, and the laws of the United States which shall be made in pursuance thereof, and all treaties made, or which shall be made, under the authority of the United States, shall be the supreme law of the land; and the judges in every state shall be bound thereby, anything in the constitution of laws of any state to the contrary notwithstanding.

(3) The senators and representatives before mentioned and the members of the several state legislatures, and all executive and judicial officers, both of the United States and of the several states, shall be bound by oath or affirmation to support this constitution; but no religious test shall ever be required as a qualification to any office or public trust under the United States.

ARTICLE VII.

The ratification of the conventions of nine states shall be sufficient for the establishment of this constitution between the states so ratifying the same.

Any bill submitted to the governor for his approval during the last three days of a session of the general assembly, shall be deposited by him in the office of the secretary of state within thirty days after the adjournment, with his approval, if approved by him, and with his objections, if he disapproves thereof.

[The supreme court, April 21, 1883, in the case of Koehler & Lange vs. Hill, reported in 6th Iowa, page 543, held that the amendment, section 26, as submitted to the electors did not become a part of the constitution.]

At any regular session of the general assembly, the state may be divided into the necessary judicial districts for district court purposes, or the said districts may be reorganized and the number of the districts and the judges of said courts increased or diminished; but no reorganization of the districts or diminution of the judges shall have the effect of removing a judge from office.

Amendment 3. The grand jury may consist of any number of members not less than five, nor more than fifteen, as the general assembly may by law provide, or the general assembly may provide for holding persons to answer for any criminal offense without the intervention of the grand jury.

THIRTY-SIXTH GENERAL ASSEMBLY.

THE LEGISLATIVE DEPARTMENT.

The legislative department of the state of Iowa is vested in a general assembly, which consists of a senate and house of representatives.

The senate consists of fifty members. Senators are elected for terms of four years; twenty-one senators being elected at one general election and twenty-nine at the next.

The house of representatives consists at present of one hundred and eight members, who are elected for terms of two years.

Sessions of the general assembly are held biennially in the odd numbered years, and they commence on the second Monday of January.

The compensation of the members of the thirty-sixth general assembly was \$1,000 for the session. This is in accordance with an act of the thirty-fourth general assembly which went into effect July 4, 1911. They were also allowed five cents a mile from their homes to the capital and return for traveling expenses. Members are permitted to draw such stationery as they need during the session, the cost to the state for the supplies varying from \$1.50 to \$14.00 per member. No allowance is permitted for postage.

The lieutenant governor is the presiding officer of the senate. His pay is twice that of a member, being \$2,000 for the session of the thirty-sixth general assembly.

The speaker of the house is chosen by the members from among their own membership. His pay is twice that of a member, being \$2,000 for the session.

The lieutenant-governor appoints all committees in the senate and the speaker of the house all committees in the house.

In the regular proceedings of the senate motions made by members are not seconded but are put directly by the presiding officer, the formality of a second being waived. In the house all motions are seconded before being placed before the house by the speaker.

Sessions in both branches of the general assembly are opened by prayer. No regular chaplains are employed, but ministers from Des Moines and elsewhere over the state are assigned dates for these services and are allowed \$5 for each opening prayer.

Bills passed are re-written (enrolled) by the enrolling clerk of the branch of the general assembly where the bill originates; they are then signed by the president of the senate and speaker of the house in presence of these respective bodies, in open session; then by the governor, if meeting with his approval, and then are filed with the secretary of state and by him bound in book form, after the close of a session.

THIRTY-SIXTH GENERAL ASSEMBLY

Convened January, 1915. Adjourned April, 1915.

RULES OF THE SENATE.

REGULAR ORDER OF DAILY BUSINESS.

1. The following order shall govern:
 - (1) Presentations of petitions and memorials, addressed to the senate or the general assembly.
 - (2) Introduction of bills.
 - (3) Resolutions.
 - (4) Communications on the president's table, including house messages.
 - (5) Reports of standing committees, in order in which they stand in the rules, except the committee on engrossed and enrolled bills, rules and printing.
 - (6) Reports of select committees.
 - (7) Unfinished business before the senate.
 - (8) Third reading of bills.
 - (9) General order of the day.

PRESIDENT AND HIS DUTIES.

2. The president shall take the chair at the hour to which the senate is adjourned and call the senate to order; and, if a quorum be present, he shall proceed with the regular order of daily business, unless otherwise ordered by the senate, or unless a special order for the day shall interfere therewith. He shall preserve order and decorum, and decide all questions of order, subject to an appeal to the senate. He shall appoint all committees, unless otherwise especially ordered. Immediately preceding the adjournment of each morning session, or, in case it cannot be done during that session, then as soon after the convening of the next following session as he may find most convenient, the president shall call for corrections of the journal of the last day's proceedings. He shall then cause any mistakes therein to be corrected by the secretary, and the journal shall then be approved.

PRESIDENT PRO TEM. ELECTION AND DUTIES.

3. The senate shall, at its pleasure, elect a president pro tem, who shall hold his office during the remaining portion of the time for which the president was elected; and when the president shall, from any cause, be absent, the president pro tem shall preside, except when the chair is filled by appointment by the president.

MESSENGERS.

4. There shall be appointed by the lieutenant governor, at each session of the senate, to hold their positions during such session, but subject to be discharged by the president of the senate for inefficiency or misbehavior, or other reasons, in his judgment justifying such discharge, six messengers for the senate. And the president may appoint other messengers in the place of any discharged.

CALL OF SENATE AND ATTENDANCE.

5. One-fourth of the members may have a call of the senate, and absent members sent for and their attendance enforced.

MANNER OF SECURING RECOGNITION.

6. When a member is about to speak, in debate, or deliver any matter to the senate, he shall rise from his seat and respectfully address himself to "Mr. President," and shall confine himself to the question under debate, avoid personalities and the imputation of improper motives.

VIVA VOCE VOTE. DIVISION.

7. When the vote is taken viva voce, questions shall be distinctly put in this form: viz.: "As many as are of the opinion (as the case may be) say 'aye.'" And after the affirmative voice is expressed: "As many as are of the contrary opinion say 'No.'" If the president doubt, or a division be called for, the senate shall divide—those in the affirmative of the question shall first rise from their seats, and afterwards those in the negative.

VOTING.

8. Every member present when a question is put shall vote, unless he shall, for special cause, be excused by a vote of the senate; but no member shall vote on any question in the event of which he is directly and personally interested, or except by consent of the senate, in any case where he was not present when his name was called in the taking of the vote. Provided, that any member who was absent by leave of the senate may vote at any time before the result is announced.

MOTIONS AND RESOLUTIONS. WHEN IN WRITING.

9. All motions (except to adjourn, postpone, or commit) shall be reduced to writing, if required by any member of the senate. Any motion or resolution may be withdrawn by the mover, provided the same has not been amended by the senate, and that no amendment is pending thereto.

DEBATE. WHAT MOTIONS IN ORDER. PRECEDENCE.

10. When a question is under debate, no motion shall be received but to adjourn, to lay on the table, for the previous question, to postpone to a day certain, to commit or amend, to postpone indefinitely, which several motions shall have precedence in the order in which they are named; and no motion to postpone to a day certain, to commit or postpone indefinitely, being decided, shall be again allowed on the same day, and at the same stage of the bill or proposition. A motion to strike out the enacting clause of a bill shall have the precedence of a motion to amend; and, if carried, shall be considered equivalent to the rejection of the bill.

MOTIONS NOT DEBATABLE.

11. A motion to adjourn, to lay on the table, and for the previous question, shall be decided without debate, and all incidental questions of order arising after the motion is made for the previous question, and pending such motion, shall be decided—whether an appeal or otherwise—without debate.

PREVIOUS QUESTIONS.

12. The previous question shall be in this form: "Shall the main question be now put?" It shall only be admitted when demanded by a majority of the

members present, and its effect shall be to put an end to all debate, and bring the senate to a direct vote upon the pending amendments and then upon the main question, unless otherwise indicated by the motion and ordered by the senate, except that the member in charge of the measure under consideration shall have ten minutes in which to close the discussion, immediately before the vote is taken upon the main question. If the previous question is decided in the negative, the senate shall proceed with the matter before it, the same as though the previous question had not been moved.

DIVISION OF QUESTION.

13. Any member may call for a division of a question which shall be divided, if it comprehends propositions in substance so distinct that one being taken away, substantive propositions shall remain for the decision of the senate. A motion to strike out and insert shall be deemed indivisible; but, a motion to strike out being lost, shall preclude neither amendments to the matter attempted to be stricken out, nor a motion to strike out and insert.

WHO MAY MAKE MOTION TO RECONSIDER.

14. When a motion or question has been decided, any member having voted on the prevailing side may move a reconsideration, on the same or next legislative day.

PRINTING IN RECORD.

15. A motion to print any paper presented to the senate may, on motion, be referred to the committee on printing, whose duty it shall be to report, at the earliest time practicable, on the propriety of printing.

INTRODUCTION OF BILLS AND JOINT RESOLUTIONS, READINGS. HOW WRITTEN.

16. Every bill shall be introduced on the report of a committee, or by leave, and shall at once be given its first reading. Every bill and joint resolution shall have received three several readings previous to its passage; but no bill or joint resolution shall have its second and third readings on the same day, without a suspension of this rule; and every bill and joint resolution shall express in its title the object thereof. All rules of the senate applicable to bills shall apply with equal force to joint resolutions. Each bill and proposed joint resolution, when introduced, shall be typewritten double-space, and accompanied by two copies thereof.

PETITIONS AND MEMORIALS, ENDORSEMENTS, PRESENTATION.

17. Before the same is presented, there shall be endorsed on each petition a brief statement of the subject matter thereof, and on each bill and joint resolution the title thereof, and in either case the name of the senator presenting the same. In presenting a petition, the senator shall briefly state from his place in the senate chamber the subject matter to which the petition relates.

FIRST READING OF BILL OR A JOINT RESOLUTION. OBJECTION.

18. The first reading of a bill or joint resolution shall be for information, and, if objection be made to it, the question shall be: "Shall the bill (or joint resolution, as the case may be) be rejected?" If no objection be made, or the question to reject be lost, the bill or joint resolution shall go to its second reading without further questioning.

SECOND READING. COMMITMENT. CONSIDERATION ON.

19. Upon the second reading of a bill or joint resolution, the president shall refer the bill to an appropriate standing committee, unless otherwise ordered by the senate. If ordered by the senate to be considered by the committee of the whole, the senate shall fix the day for its consideration. If the bill or joint resolution be ordered to be engrossed, it shall be in order for its third reading any session after that day. No bill or joint resolution shall be committed or amended until it shall have been twice read.

THIRTY-SIXTH GENERAL ASSEMBLY

APPROPRIATION BILLS. DUTIES OF COMMITTEE. TIME TO REPORT.

20. (a) All bills carrying appropriations or involving the expenditure of state funds shall be referred to the committee on appropriations, which the committee shall report back to the senate not later than the first Monday after March 15th. After the third legislative day prior to said Monday. House bills shall be reported back by said committee within three days from the reference thereof.

WHEN INTRODUCED.

(b). No bill shall be introduced in the senate after March 30th, except such bills as may be reported from standing committees as committee bills.

SCHEDULE OF APPROPRIATIONS. WHEN MADE BY COMMITTEE.

(c) On or before the first Monday after March 15th, the committee on appropriations shall prepare an itemized schedule of all appropriations recommended by the committee on appropriations, and have the same printed and laid upon the desks of members, and no appropriation bill shall be taken up for consideration and passage until the third legislative day thereafter.

EDUCATIONAL INSTITUTIONS AND INSTITUTIONS UNDER THE BOARD OF CONTROL.

(d) Bills carrying appropriations for the state educational institutions and the institutions under the charge of the board of control shall not be introduced later than February 15th, and no bill carrying an appropriation for any purpose shall be introduced after March 1st, except by the committee on appropriations.

THIRD READING OF BILLS. ENROSSING. VOTE ON.

21. When a question is lost on engrossing a bill, or joint resolution for a third reading on a particular day, it shall not preclude a question to engross it for a third reading on a different day. After a third reading of a bill or a joint resolution, no amendment (except to fill blanks) shall be received, except by unanimous consent of the members present; and the vote on its final passage shall be immediately taken without debate.

COMMITMENT.

22. A bill or joint resolution may be committed at any time previous to its third reading.

AMENDING.

23. In filling blanks, the largest sum and longest time shall be first put.

HOUSE AMENDMENTS. CONCURRENCE IN.

24. On the return of a bill or joint resolution from the house, with an amendment, it shall be placed with the third reading of bills, unless the senate shall otherwise order. On the question of adopting the amendment the vote shall be taken on the final passage of the bill, and if the amendment be adopted by a constitutional majority, no further vote is necessary.

PRINTING OF BILLS AND JOINT RESOLUTIONS.

25. All bills and joint resolutions introduced, except local or legalizing bills, shall be printed, unless otherwise ordered by the senate, and committees may order to be printed any bills under consideration by them, and any substitutes for bills or resolutions reported by them.

REPORTS OF COMMITTEES. WHEN IN ORDER.

26. It shall be in order for the committee on engrossed and enrolled bills, on rules and on printing to report at any time, when no member is addressing the senate.

SPECIAL ORDER. WHEN CONSIDERED.

27. When any special order of the day is not proceeded with on the day assigned, it shall stand as a general order on each succeeding day until disposed of, unless otherwise ordered, but its consideration cannot be moved until that order of business is reached, when it shall be taken up in order of its file, and shall be taken up in order of precedence.

UNFINISHED BUSINESS AFTER SPECIAL ORDER.

28. When the pending question is interrupted by a "special order," it shall, upon the disposal of the special order, be before the senate in the same stage as if it had not been so interrupted.

COMMITTEE CLERKS. QUALIFICATIONS.

29. Committees are permitted to employ clerks by the majority vote of the whole committee. All applicants for the position of committee clerkship shall be examined by a committee of three appointed by the president of the senate. The clerk shall be selected by such vote, and in like manner may be discharged for inefficiency, or when the services of the clerk become unnecessary. All committee clerks shall be competent stenographers and of good moral character. Any clerk may be discharged for inefficiency, immorality or indecent or unbecoming conduct, whether in or out of the senate chamber; and, upon the request of any senator or the president of the senate, made to the chairman of a committee, a meeting of the committee shall be called for the purpose of considering the question of the discharge of such clerk upon any of the grounds above specified.

DUTIES OF COMMITTEE CLERKS.

30. Clerks of senate committees, when not engaged in duties pertaining to such committees, or work assigned them by the committee chairman, shall be subject to the discretion of the secretary of the senate for any labor connected with the duties or his position or his assistants. The secretary shall, from time to time, make detail from said clerks to assist in preparing copy or correcting proof for the daily journal.

REPORTS OF COMMITTEES.

31. All reports of committees on bills or resolutions shall be made in duplicate and be accompanied with the original bill or resolution to which the report relates. Provided, that this rule shall not apply to the reports of committees on enrolled and engrossed bills.

31-a. The chairman or clerk of a committee, except of the appropriation committee, to whom a bill is referred, shall note thereon the date of its reference, and it shall be the duty of each committee to report back all bills in its hands, within fifteen days after the order of reference, unless a different time is granted by a vote of the senate.

VOTE IN COMMITTEE.

32. When a vote is taken in any committee upon any bill or resolution before it, or any motion relating to the merits thereof, the chairman shall see that no person is present except the members and clerk of said committee, unless otherwise ordered by the committee.

SMOKING.

33. Smoking in the senate chamber is hereby prohibited, while the senate is in session. And any officer or employe who shall indulge in smoking while on duty in the senate chamber or doorways leading thereto shall thereby subject himself to liability of discharge.

SENATE CHAMBER, ADMISSION TO. LOBBYING.

34. Admission to the floor of the senate chamber shall be granted by the doorkeeper to the governor and his private secretary, members of the house of

representatives, the state officers and their deputies, judges of the several courts, ex-members of the legislature, ex-state officers, and the regular reporters of the senate and clerks of committees. No persons, except those herein specified, shall be admitted, except upon special permission of the president of the senate, or of a member of the senate. And no person shall be permitted, by members or otherwise, to come upon the floor of the senate or into the cloak rooms to solicit or influence senators in their official action, or to sell any article or to solicit subscriptions. No officer, or employe elected or appointed by the senate or any of its committees, shall solicit or endeavor to influence members of the legislature in their official action. Any person violating this rule shall be summarily dismissed by the senate.

PRESERVING ORDER.

35. In case of disturbance or disorderly conduct in the lobby or gallery, the presiding officer shall have the power to order the same cleared.

EXECUTIVE SESSIONS. WHO PRESENT.

36. Before acting on executive business, the senate chamber shall be cleared, by direction of the president, of all persons except members, the secretary, the sergeant-at-arms, members enjoined and the secretary and sergeant-at-arms sworn to observe secrecy.

COMMITTEE MEETINGS. ANNOUNCEMENT.

37. When an adjournment has been ordered by a vote of the senate and before adjournment is declared by the president of the senate, it shall be in order for the chairman of the several committees to announce in open senate the time and place of meeting of their respective committees.

SUSPENDING RULES. VOTE ON.

38. No standing rule or order of the senate shall be rescinded or suspended, nor shall any matter, tabled upon motion, be taken up, unless by a vote of two-thirds of the members present, except an order fixing the hour to which the senate shall stand adjourned.

RESOLUTIONS. ACTION ON SAME. REFERENCE.

39. Resolutions, including concurrent resolutions, shall not be acted upon by the senate upon the day the same are introduced or received by the senate, but shall lie upon the table for one legislative day if any member object to the immediate consideration thereof. But if no member object, the same may have immediate consideration. Nothing in this rule shall abridge or prevent the usual right to reference to committee.

RULES OF ORDER.

40. The rules of parliamentary practice comprised in Cushing's Manual shall govern the senate in all cases to which they are applicable, and in which they are not inconsistent with the standing rules or orders of the senate, and joint rules of the senate and house of representatives.

ADJOURNMENT.

41. The hours to which the senate shall stand adjourned from day to day shall be 9 o'clock a. m. and 2 o'clock p. m., unless otherwise ordered by the senate.

DUTIES OF OFFICERS AND EMPLOYES.

He shall see that the journal of each day's proceedings is correctly and fully kept, and fully made up before the next day's session, and be responsible for its safe-keeping. He shall have control of Room 25, which is assigned to said secretary for the use of himself and his assistants. He shall endorse on every bill or joint or concurrent resolution the date of its introduction, and by what senator, or of its receipt from the house, and also what action relating thereto is taken by the senate. The assistant secretaries shall be under his direction and he shall assign to them their several duties in connection with the duties of the secretary's desk.

DUTIES OF SERGEANT-AT-ARMS. FILE CLERK. BILL CLERK.

The sergeant-at-arms shall wear the appropriate badge of his office; shall attend the senate during its sessions; shall aid in the enforcement of order under the direction of the president of the senate; shall execute the commands of the senate from time to time, together with such process, issued by the authority thereof, as shall be directed to him by the presiding officers; shall see that the rule prohibiting smoking in the senate chamber is strictly enforced; shall, upon the request of any five members, have the senate chamber lighted up during any evening within the session, except Sunday, to an hour not later than 10 p. m.; shall see that no person, except one authorized to do so, disturbs or interferes with the desks of the members, or with the books, papers, etc., thereof; shall see that the printed bills and daily journals are, at the earliest practicable period, properly distributed and filed upon the desks of senators; shall have charge of the files in the senate bill room, and shall see that no copy of a bill is given out except to or upon the order of the president, a senator, or state officers; shall see that an additional door-keeper is detailed for duty at the senate chamber upon each day within the session, except Sunday, from 8:30 a. m. to 10 p. m., but should not five members of the senate desire to occupy the chamber to that hour, the detail may be relieved at 9 p. m.; shall have charge of the messengers of the senate and see that they severally perform their duties, and shall promptly report to the president of the senate any inefficiency or violations of duty on the part of said messengers. RULES OF THE HOUSE.

DUTIES OF THE SPEAKER.

CALL TO ORDER.

1. He shall take the chair every day precisely at the hour to which the house shall have adjourned; shall immediately call the members to order, and on appearance of a quorum shall cause the journal of the preceding day to be read.

PRESERVE ORDER.

2. He shall preserve order and decorum, and speak to points of order in preference to other members, rising from his seat for that purpose; and he shall decide questions of order, subject to an appeal to the house by any two members.

PUTTING THE QUESTION.

3. He shall rise to put a question but may state it sitting.

FORM OF THE QUESTION.

4. Questions shall be distinctly put in this form, to-wit: "As many as are of the opinion that (as the question may be) say 'aye'"; and after the affirmative voice is expressed, "As many as are of a contrary opinion, say 'no.'" If the speaker doubts, or a division is called for, the house shall be divided. Those in the affirmative of the question shall first rise from their seats, and afterward those in the negative.

ELECTION AND DUTIES OF SPEAKER PRO TEMPORE.

5. The house shall at its pleasure elect a speaker pro tempore. When the speaker shall from any cause be absent, the speaker pro tempore shall preside, except when the chair is filled by appointment by either the speaker or the speaker pro tempore. The speaker or the speaker pro tempore shall have the right to name any member to perform the duties of speaker, but

such substitution shall not extend beyond an adjournment. The acts of the speaker pro tempore shall have the same validity as those of the speaker. In the absence of both the speaker and the speaker pro tempore, the house shall name a speaker who shall preside over it and perform all the duties of speaker until such time as the speaker or speaker pro tempore shall be present, and his acts shall have the same force and validity as those of the regularly elected speaker.

COMMITTEE APPOINTMENTS.

6. All committees shall be appointed by the speaker, unless otherwise especially directed by the house.

SPEAKER'S VOTE.

7. In all cases of a call of the yeas and nays, the speaker shall vote; in other cases he shall not be required to vote unless the house is equally divided, or unless his vote, if given to the minority, will make the division equal, and in case of such equal division the question shall be lost.

SIGNATURE TO DOCUMENTS.

8. All acts, addresses and joint resolutions shall be signed by the speaker, and all writs, warrants, subpoenas, issued by order of the house, shall be under his hand and attested by the clerk.

CLEARING THE LOBBY.

9. In case of any disturbance or disorderly conduct in the lobby, the speaker or chairman of the committee of the whole house shall have power to have the same cleared.

ORDER OF BUSINESS.

10. After the journal is read the following order shall govern:

- (1) Business pending at last previous adjournment.
- (2) Petitions or remonstrances to be offered.
- (3) Reports of committees.
- (4) Resolutions laid over under rule 34.
- (5) Bills to be introduced.
- (6) Resolutions.
- (7) Messages and communications on the speaker's table.
- (8) Bills and resolutions read a second time.
- (9) Bills on their passage.
- (10) Reports in the possession of the house shall be taken up in their order.

OF DECORUM AND DEBATE.

ADDRESSING THE CHAIR.

11. When any member is about to speak in debate, or deliver any matter to the house, he shall rise from his seat and respectfully address himself to the presiding officer by his title, saying "Mr. Speaker," and shall not proceed until he shall be recognized by the chair, and shall confine himself to the question under debate and shall avoid personalities.

POINT OF ORDER.

12. When any member in speaking, or otherwise, transgresses the rules of the house, the speaker shall, or any member may, call him to order; in which case the member so called to order shall immediately sit down, but may be permitted with leave of the house to explain; and the house shall, if appealed to, decide the case, but without debate. If there be no appeal, the decision of the chair shall be submitted to; if the decision be in favor of the member so called to order, he is at liberty to proceed. If the case requires it, he shall be liable to the censure of the house.

WHO SHALL BE RECOGNIZED.

13. Should two or more members rise at the same time, the speaker shall designate the member entitled to speak.

MAY SPEAK BUT ONCE ON SAME QUESTION.

14. No member shall speak more than once on the same question without leave of the house, nor more than twice until every member choosing to speak shall have spoken, except as provided in section 26; provided further, when bills are being considered on their second reading debate thereon shall be limited to fifteen minutes to each member desiring to speak thereon, which may be extended by consent of the house.

DECORUM WHEN QUESTION IS PUT.

15. While the speaker is putting a question or addressing the house, no one shall walk out of or across the house; and when a member is speaking, no one shall engage in conversation or pass between him and the speaker.

WHO MAY NOT VOTE.

16. No member shall vote on any question in the event of which he is personally interested.

COUNT ON DIVISION OF THE HOUSE.

17. Upon a division and count of the house on any question, only those members standing in their places shall be counted.

DUTY TO VOTE.

18. Every member who shall be in the house when the question is put shall give his vote, unless the house for special reasons shall excuse him; but such a member must ask to be excused before commencing to take the vote on the main question.

STATING THE QUESTION.

19. When a motion is made and seconded, it shall be stated by the speaker; or, being in writing, it shall be passed to the desk and read aloud by the clerk before debated.

MOTIONS IN WRITING.

20. Every motion, except subsidiary or incidental motions, shall be reduced to writing if the speaker or any member desires it, but this exception shall not apply to motions to amend.

ENDORSEMENT OF DOCUMENTS.

21. All bills, resolutions, petitions, memorials or other papers shall be accompanied by the name of the member presenting the same, and also the name of the county.

WITHDRAWING A MOTION.

22. After a motion is stated by the speaker, or read by the clerk, it shall be deemed to be in possession of the house, but may be withdrawn by leave of the house.

PRECEDENCE OF MOTIONS.

23. When a question is under debate no motion shall be received but to adjourn; to lay on the table; for the previous question; to postpone to a certain day; to commit or amend; to postpone indefinitely; which several motions shall have precedence in the order in which they are arranged, and no motion to postpone to a day certain, to commit or postpone indefinitely being decided, shall again be allowed on the same day, and at the same stage of the bill or proposition. A motion to strike out the enacting words of a bill shall have precedence of a motion to amend; and, if carried, shall be considered equivalent to its rejection.

ORDER OF COMMITMENT.

24. When a resolution shall be offered or a motion made to refer any subject, and different committees shall be proposed, question shall be taken in the following order: The committee of the whole house; a standing committee; a select committee.

MOTION TO ADJOURN.

25. A motion to adjourn shall always be in order, except when a member is speaking, or the house voting.

THE PREVIOUS QUESTION.

26. The previous question shall always be put in this form: "Shall the main question be now put?" When a member moves a previous question he shall specifically state in his motion whether it shall apply to the main question and the amendments, or to the amendment or amendments only. It shall only be admitted when demanded by a majority of the members present, and when the motion prevails its effect shall be to put an end to all debate and to bring the house to a direct vote upon the question to which the motion applies, except when the motion applies to the main question, the member in charge of the measure under consideration, shall have ten (10) minutes in which to close the discussion before the vote is taken; when the motion applies to an amendment the person proposing the amendment shall have five minutes to close the discussion on the amendment. On a motion for the previous question, and prior to submitting the same, a call of the house shall be in order; but after such motion shall have been adopted no call shall be in order prior to the decision of the main question. If the previous question is decided in the negative the house shall proceed with the matter before it the same as though the previous question had not been moved.

LAY ON THE TABLE.

27. Motions to lay on the table, to adjourn, and for the previous question, shall be decided without debate.

INDEFINITE POSTPONEMENT.

28. When a question is postponed indefinitely, it shall not be again acted upon during the session.

DIVISION OF THE QUESTION.

29. Any member may call for a division of the question, which shall be divided if it comprehends questions so distinct that one being taken away, the rest may stand entire for the discussion of the house. A motion to strike out being lost shall preclude neither an amendment nor a motion to strike out and insert. A motion to strike out and insert shall be deemed indivisible.

COMMITMENT.

30. Motions and reports may be committed at the pleasure of the house.

IRRELEVANT MATTER.

31. No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment.

RECONSIDERATION.

32. When a motion has been made and carried or lost, it shall be in order for any member of the majority, on the same or succeeding day, to move for a reconsideration thereof, and such motion shall take precedence of all other questions except the consideration of a conference report, a motion to fix the day to which the house shall adjourn, to adjourn, or to take a recess, and shall not be withdrawn after the said succeeding day without the consent of the house; and thereafter any member may call it up for consideration, provided that such motion, if made during the last six days of the session, shall be disposed of when made. A motion to reconsider any vote by which a bill has passed or failed to pass the house shall require a constitutional majority to be sustained.

PRESENTATION OF PETITIONS.

33. Petitions, memorials, and other papers addressed to the house, shall be presented by the speaker or a member in his place; a brief statement of the contents thereof shall verbally be made by the introducer, and shall be referred to the committee of his selection, unless otherwise ordered by the house.

RESOLUTIONS TO GO OVER ONE DAY.

34. A proposition requesting information from the governor, secretary or any other state officer, and all resolutions shall lie on the table one day for consideration, and all such propositions shall be taken up for consideration in the order they were presented, immediately after the reports are called for from the select committee, and when adopted, the clerk shall cause the same to be delivered.

ATTENDANCE OF MEMBERS.

35. Any five members, if the speaker be in the chair, shall be authorized to compel the attendance of absent members.

CALL OF THE HOUSE.

36. Upon calls of the house, or in taking the yeas and nays on any question, the names of the members shall be called alphabetically, except that "Mr. Speaker" shall be called last.

EXCUSE FOR ABSENCE.

37. No member shall absent himself from the service of the house without leave unless he be sick or unable to attend.

PROCEDURE FOR CALL OF THE HOUSE.

38. Upon the call of the house, the names of the members shall be called by the clerk, and the absentees noted after which the names of the absentees shall again be called over, and the sergeant-at-arms be directed by the speaker to compel their attendance. Any member occupying his seat during a call of the house shall be counted by the speaker and his name entered in the journal as being present but not voting, for the purpose of making a quorum.

TIME OF COMMITTEE MEETINGS.

39. No committee shall sit during the sitting of the house without special leave.

QUORUM.

40. A majority of the members shall constitute a quorum, and upon demand of any two members the yeas and nays shall be ordered; the members demanding the yeas and nays shall arise for that purpose, and their names shall be entered in the journal.

TIME OF CONVENING.

41. The hours to which this house shall stand adjourned from day to day shall be nine o'clock a. m., and two o'clock p. m., unless otherwise ordered by the house.

COMMITTEE ON PAIRS.

42. A committee on pairs may be appointed, to consist of two persons, one of whom shall be selected by the members of each of the two dominant political parties represented in the house. It shall be the duty of the committee to arrange all pairs between members, and to announce such pairs and the time for which they shall continue, to the house, which announcement shall be entered on the journal. Thereafter neither member so paired shall vote (upon any question of a political or partisan nature) until the time of pairing has expired, unless such pair is sooner dissolved by the mutual agreement of the persons so paired. When pairs are dissolved such dissolution shall be entered on the journal of the house.

INTRODUCTION OF BILLS.

43. All bills and joint resolutions introduced in the house shall be type-written, accompanied by three carbon copies; one copy shall be marked and known as the "original" and one copy marked and designated as "printer's copy." The "original" shall, after registration, be subject to delivery to the chairman of the committee to which reference is made, unless otherwise ordered, and the "printer's copy" shall be delivered to the state printer.

APPROPRIATION BILLS.

44. Bills calling for appropriations for state educational institutions, the institutions in charge of the board of control, all claims and all appropriations for clerical help in the executive departments of the state of Iowa, shall be introduced not later than February 15, 1915; no bill carrying an appropriation for any purpose after March 1, 1915, and no other bill of any kind after March 10, 1915, except by standing committee as a committee bill, but this exception shall not be applicable to the appropriation bills which are herein specifically required to be introduced or reported not later than certain dates herein specified.

The appropriation committee shall report back to the house not later than March 10th, all bills in its hands.

Senate bills thereafter received carrying appropriations shall be referred to the appropriations committee, but must be reported back to the house within three days, and remain on the calendar three days before final consideration.

On or before March 10, 1915, the committee on appropriations shall prepare a schedule of all appropriations and have the same printed and laid upon the desks of the members, designating in such schedule such bills as may have already passed the house and such as remain to be considered.

READING OF BILLS.

45. Every bill shall receive three several readings, but no bill shall have its second and third reading on the same day.

SECOND READING OF BILLS.

46. The first reading of the bill shall be for information; and if opposition be made to it, the question is: "Shall this bill be rejected?" If no opposition be made, or if the question to reject be negatived, the bill shall go to its second reading without a question.

COMMITMENT OF BILLS.

47. Upon a second reading of a bill, the speaker shall state that it is ready for commitment, amendment or engrossment; and if committed, then the question shall be whether to a select or a standing committee, or to a committee of the whole house. If to a committee of the whole house, the house shall determine on what day.

SPECIAL COMMITMENT.

48. All bills to appropriate money shall be referred to the appropriations committee, and all bills pertaining to the levy, assessment or collection of taxes shall be referred to the committee on ways and means.

BILLS ON SECOND READING.

49. After a bill has been committed and reported back it shall be considered on its second reading after the amendments of committee have been read.

RE-COMMITMENT.

50. After the commitment and report thereof to the house, or any time before its passage, a bill may be re-committed.

ENGIOSSEMENT.

51. All bills ordered to be engrossed shall be written with typewriter with black record ribbon.

THIRTY-SIXTH GENERAL ASSEMBLY

BILLS ON THIRD READING.

52. No amendment, unless by way of correcting an error or omission, shall be received to any bill on its third reading, and no debate shall be allowed on the same.

ENDORSEMENT OF BILLS.

53. When a bill shall pass it shall be certified by the clerk noting the day of its passage at the foot thereof.

AMENDING AND SUSPENDING RULES.

54. No standing rule or order of the house shall be rescinded or changed without one day's notice being given of the motion therefor, nor shall any rule be suspended except by a vote of at least two-thirds of the members present; nor shall the order of business, as established by the rules of the house, be postponed or changed except by a vote of at least two-thirds of the members present.

COMMITTEE ON ENROLLED BILLS.

55. It shall be in order for the committee on engrossed and enrolled bills to report at any time when no member is addressing the house.

PRINTING.

56. All bills, memorials and joint resolutions, except legalizing bills, shall be printed for the use and information of the members, unless otherwise ordered by the house.

COMMITTEE HEARINGS.

57. When any matter is referred to a standing committee by motion of any member, it shall be the duty of the chairman of such standing committee to notify such member of the time of the sitting upon such matter referred, and such member shall be permitted to confer with such committee during their consideration of such matter, but no one not a member of the committee shall be present when the final vote is taken on any matter under consideration, and no final action shall be taken by the committee upon any bill on the day of public hearing thereon.

CLASSIFICATION OF BILLS.

58. Each standing committee of the house shall classify all bills referred to it. The bills of the greatest public importance shall be placed in the first class, and all other bills in the second class. Bills of the first class shall be first considered and reported to the house and no committee shall retain possession of any bill longer than ten days, except by consent of the house. But this shall not apply to the committee on appropriations.

ROBERTS' RULES OF ORDER.

59. The rules of parliamentary practice comprised in Roberts' Rules of Order shall govern the house in all cases where they are not inconsistent with the standing rules of this house and joint rules of both houses.

JOINT RESOLUTIONS.

60. Joint resolutions shall be framed and treated as a bill.

COMMITTEE PROCEDURE.

61. The chairman or clerk of a committee to which a bill is referred shall note thereon the date of its reference and it shall be the duty of each committee to report back all bills in its hands within ten days after the order of reference unless longer time is granted by a vote of the house, except as provided by rule 58. The minority of any committee may present its recommendations in writing with the report of the committee, and the same shall be printed in the journal, and said recommendation may, by vote of the house, be substituted for the report of the committee. The clerks of the different committees shall be subject to their respective chairmen.

When a motion which works a final disposition of a bill in the committee is up for adoption the roll of the committee shall be called and the yeas and nays entered in the minutes of the meeting; this last provision, however, shall not apply to the committee on appropriations and judiciary.

It shall be the duty of the chairman to see that the record of the committee meetings as herein provided, is properly kept, and that the same is deposited with the chief clerk of the house at the final adjournment of the session.

COMMITTEE QUORUM.

62. Seven members, or a majority, shall constitute a quorum of each standing committee.

DECORUM.

No one shall be admitted to the floor of the house during its sessions, except members of the general assembly and employes in the performance of their duties, ex-members of the general assembly and officers of the state government, judges and ex-judges of the supreme, district and circuit courts, the families of members of the house, trustees, superintendents and officers of the state institutions, on the invitation of the member from the district in which the institution is located, and each member shall have the right to admit a friend who may be visiting him. Representatives of the press to be admitted to the reporter's gallery.

Lobbying shall not be permitted on the floor of the house while the house is in session.

CHIEF CLERK. DUTIES OF OFFICERS.

65. The clerk of the house shall have charge of the clerk's desk and shall see that no one is permitted therein except himself and those assisting him. He shall be responsible for the custody and safekeeping of all bills, resolutions and other matters laid before or introduced into the house, except while the same are in the possession of the committee to whom the same shall have been referred, and when delivering the same to said committee he shall take a proper receipt therefor. He shall see that the journal of each day's proceedings is correctly and fully kept and fully made up before the next day's session, and be responsible for its safe-keeping. But when a measure originating in one house is amended in the other, the house in which it originated may amend such amendment and a motion therefor shall take precedence of a motion to concur. In case said house refuses to concur, the house which adopted the amendment may either recede from or insist upon such amendment, and a motion to recede takes precedence of a motion to insist. In case a motion to insist on the amendment be decided in the negative, such action shall be deemed a receding from the amendment and so entered upon the journal of the house. In case the amendment is insisted upon, the house so insisting shall request a committee of conference on the subject of disagreement, and shall appoint a committee therefor. The other house shall thereupon appoint such a committee. Unless another number is specified in said request, such conference committee shall consist of four members from each house. They shall meet at a convenient time, to be agreed upon by their chairman, and having conferred freely, each shall report to their respective house the result of their conference. In case of disagreement of conference committee, the papers shall remain with the house which insisted on the amendment. 3. All messages between the two houses shall be communicated by the secretary or chief clerk or their respective assistants.

6. After the report, each bill shall be signed, first by the speaker of the house of representatives, and then by the president of the senate, in the presence of their respective houses.

TRANSMISSION TO THE GOVERNOR.

7. After a bill shall have been thus signed in each house, it shall be forthwith presented, by committee of the house in which the bill originated, to the governor, for his approval, and they shall forthwith report the date of presentation, which shall be entered upon the journal of the house in which the bill originated.

WHAT SHALL BE ENROLLED.

8. All orders, resolutions, memorials or other votes, which are to be presented to the governor for his approval, shall be enrolled, examined, signed and presented in the same manner as bills.

And each bill, resolution or memorial shall have properly endorsed thereon, at the time of its transmission, a statement, signed by the secretary or clerk, of the action which has been taken thereon by the house transmitting the same, with the date thereof.

PROCEDURE FOR SECOND INTRODUCTION OF BILLS.

10. When a bill, resolution or memorial which shall have passed one house is rejected in the other, it shall not be again introduced during the session without five days' notice and leave of a majority of the members of the house in which the same is sought to be introduced.

TRANSMISSION OF ADDITIONAL DOCUMENTS.

11. Each house shall transmit to the other with any bill, resolution or memorial all paper upon which the same shall be founded.

PRINTING OF BILLS.

12. When any report, bill or resolution shall be ordered printed by either house, without stating the number, three hundred copies shall be printed for the use of both houses, but when any bill or resolution which may have passed one house is ordered printed by the other, a greater number of copies shall not be printed than the house making the order shall determine.

COMMUNICATION OF PRINTING ORDERS.

13. It shall be the duty of the chief clerk of the house of representatives and the secretary of the senate, when any document, except bills and resolutions, is ordered to be printed in their respective houses, forthwith to communicate such order to the other house.

ARRANGEMENT OF ROLL CALL IN JOINT CONVENTION.

14. In all elections in joint convention of the two houses, the names of all members shall be arranged in alphabetical order, and they shall be called upon to vote in the order in which they stand arranged.

'DUTY OF COMMITTEE ON CLAIMS.

15. It shall be the duty of the committee on claims in each house to keep a book of record, in which shall be entered each claim for money against the state referred to them, whether presented in favor of private persons or municipal or other corporations, entering therein the name of the claimant, the amount of the claim, the grounds therefor, with note of the evidence offered in support of the same, and the final conclusion of the committee thereon. At the close of the session said book of record shall be deposited with the auditor of state, to be kept by him, and he shall provide an index, showing the names of the claimants recorded therein. At any subsequent session the same shall be delivered, when desired, to the like committee having jurisdiction of such claims and shall always be open to the examination of the said committee of either house.

STATE EXECUTIVE DEPARTMENT.

GOVERNOR.

Term of incumbent ends January, 1917. Compensation \$5,000.

GEORGE W. CLARKE, of Adel, Dallas county. Born in Indiana.

Office	Name	Legal Residence	Birthplace	Compensation
Secretary to Governor.....	A. C. Gustafson.....	Red Oak	Illinois	\$ 1,800
Pardon clerk	Emma K. Blaise.....	Des Moines	Iowa	1,800
Requisition clerk	Homer F. Wood.....	Odebolt	Illinois	1,800
Notarial clerk	Mollie E. Helst.....	Des Moines	Iowa	900
Messenger and usher.....	Douglas Miller	Des Moines	Missouri	900

The supreme executive power of the state is vested in the governor, whose term of office is two years. He receives an annual salary of \$5,000 and an allowance of \$600 for house rent, and \$1,200 for services as member of the executive council.

No person shall be eligible who shall not have been a citizen of the United States and a resident of this state two years next preceding the election, and attained the age of thirty years at the time of said election.

He is commander-in-chief of the military forces of the state.

He transacts all executive business with the officers of government, civil and military, and may require information in writing from the officers of the executive department upon any subject relating to the duties of their respective offices.

When any office, from any cause, becomes vacant, and no mode is provided by the constitution and laws for filling such vacancy, the governor has power to fill such vacancy, by granting a commission, which expires at the end of the next session of the general assembly, or at the next election by the people.

He may, on extraordinary occasions, convene the general assembly by proclamation, and shall state to both houses, when assembled, the purpose for which they shall have been convened.

He is required to communicate, by message, to the general assembly, at every regular session, the condition of the state, and may make such recommendations to the body as he shall judge expedient.

In case of disagreement between the two houses with the respect to the time of adjournment, the governor has power to adjourn the general assembly to such time as he may think proper; but no such adjournment shall be beyond the time fixed for the regular meeting of the next general assembly.

All bills must be submitted to him for approval, and a two-thirds vote of both branches of the legislature is required to pass a bill over his veto.

The governor has power to grant reprieves, commutation and pardons, after conviction, for all offenses except treason and cases of impeachment, subject to such regulations as may be provided by law. Upon conviction for treason, he has power to suspend the execution of the sentence until the case shall be reported to the general assembly at its next meeting. He has power to remit fines and forfeitures, under such regulations as may be prescribed by law; and shall report to the general assembly, at its next meeting, each case of reprieve, commutation, or pardon granted, and the reason therefor.

He appoints all principal officers of the state not elected by the people, and certain officers connected with the state government, by and with the consent of the senate.

He signs patents for state lands, and appoints and commissions notaries public and commissioners in other states to take acknowledgments of deeds for this state.

He may demand fugitives from justice from the executives of other states, and may issue warrants, upon the requests of other governors, for fugitives found in this state.

REQUIREMENTS AS TO REQUISITIONS.

1. The application should be made by the county attorney.
2. The following must be made to appear in the application:
 - (a) The full name of the person whose rendition is asked; for example, John Doe, or a showing given that the same is unknown.
 - (b) The name of the state or territory upon which the requisition is desired, and also, if known, the name of the nearest postoffice to the point where the alleged fugitive is supposed to be.
 - (c) The full name of the person proposed for agent, who should preferably be the sheriff of the county or other peace officer.
 - (d) That the person named as agent has no private interest in the arrest of the fugitive.
 - (e) That the county attorney believes he has sufficient evidence to secure the conviction of the person to be demanded.
 - (f) That in his opinion the ends of public justice require the alleged criminal to be brought to this state for trial at the public expense.
 - (g) That the application is not made for the purpose of enforcing the collection of a debt or for any private purpose whatever.
3. The application should be accompanied by
 - (a) Original sworn evidence that the accused has, since the commission of the offense with which he is charged, actually fled from the state of Iowa (giving the date of fleeing as near as may be), and is a fugitive from the justice thereof.
 - (b) A duly attested copy of the indictment, or of an information and warrant made before the magistrate in the county in which the offense is alleged to have been committed.
 - (c) In case the application is based upon a preliminary information, affidavits should accompany the same, from persons familiar with the facts, stating the details of the crime. In all cases where the offense is one of fraud, false pretenses, seduction, or other statutory crime, this requirement is especially to be observed.
 - (d) In case the offense charged is not of recent occurrence and an indictment has not been found, a showing should be made as to the cause for delay in procuring indictment.
4. An information must be sworn to before a magistrate. One sworn to before a notary public will not be accepted as a basis for a requisition.
5. The official character of the magistrate must be duly certified by the clerk of the district court.
6. When the crime charged is forgery, if the information is not sworn to by the person whose name is alleged to be forged, the affidavit of such person should be produced or satisfactory reasons given why it can not be so produced.
7. When a fugitive is alleged to be within the state of Massachusetts, showing must be made that he has fled from the state making demand "in order to avoid arrest."
8. The application and all other papers must be made in duplicate; and if requisition is desired upon the state of Ohio the papers must be in triplicate.
9. The seal of an officer attesting a paper, or the official character of an officer should be so attached as to be impressed upon the original paper for which the attestation is required.
10. When the fugitive whose rendition is sought is at large on bail, or for any other reason deemed proper by the governor, the state will be at no expense on account of his return, or will limit the expense.
11. The governor can not make demand of foreign powers for the surrender of fugitives. When such surrender is desired, however, triplicate papers as above set forth must be submitted to the governor, who will, upon a proper showing, make request of the President of the United States for the issuance of the proper requisition for the extradition of the alleged fugitive. Such papers, whether the accused has been indicted or not, must be accompanied by original affidavits, detailing the facts of the offense.
12. When the fugitive has been returned, the agent, when the state is liable therefor, may file with the governor a bill made out in accordance with instructions furnished him. Upon approval thereof by the governor and a majority

STATE EXECUTIVE DEPARTMENT

of the members of the executive council, the auditor of state will issue a warrant for the amount allowed. The state will be at no expense on account of returning a fugitive, if such fugitive is not indicted and tried by a jury, or does not plead guilty, unless it be shown to the satisfaction of the governor that the want of trial was not due to any fault or neglect on the part of the person or persons interested in the prosecution.

LIEUTENANT-GOVERNOR.

Term of incumbent ends January, 1917.

WILLIAM L. HARDING, of Sioux City, Woodbury county. Born in Iowa.

The lieutenant-governor is elected for a term of two years and is required to have the same qualifications, as to age and residence, as the governor. He does not give bond.

In case of the death, impeachment, resignation, removal from office, or other disability of the governor, the powers and duties of that office devolve upon the lieutenant-governor, for the residue of the term, or until the governor shall be acquitted, or the disability removed.

The lieutenant-governor is president of the senate, but can only vote when the senate is equally divided. In case of his death or other disability incapacitating him from discharging the duties of his office, the same devolve upon the president pro tempore of the senate.

He receives the same mileage and double the per diem of a senator. He maintains an office at the capitol building during the meetings of the general assembly.

The secretary of state is the head of the department of state. He is elected by the people for a term of two years, and receives a salary of \$3,600 a year. He is ex officio a member of the executive council. He is also ex officio a member of the board of trustees of the state library and the historical department of Iowa and of the state board of health.

The secretary of state countersigns all commissions and proclamations issued by the governor, and keeps a record thereof in the executive register.

The enrolled copies of the constitutions and the laws of the state, the authenticated copies of the journals of the senate and house of the general assemblies, and many other legislative and state papers are filed in his office. He prepares for publication certain laws and resolutions passed by the general assembly, and is charged with the work of distributing the codes, code supplements and session laws.

All printed state documents, consisting of the annual and biennial reports of the various state departments, the journals of the house and senate, extracts from the laws, and other special reports, are delivered to the document-department of his office by the document editor and under the law he then becomes the custodian thereof.

Certificates of nomination and all papers and records pertaining to the nomination, election and qualification of state and district officers are filed in his office.

All papers relative to the incorporation of cities and towns, the annexation or severance of territory, and the consolidation or abandonment of municipal corporations are transmitted to him and preserved as a part of the permanent records of his office.

Articles of incorporation of both domestic and foreign corporations, as well as all amendments thereto, are filed and recorded in his office, and certificates of authority to transact business within the state of Iowa are issued by him. Applications for the registration of trade marks, labels and forms of advertising are made to him and certificates issued thereon.

Applications for the registration of motor vehicles are also filed with him, and he assigns and keeps a record of the numbers issued.

He edits, publishes and distributes the Iowa Official Register, and is required by law to place therein historical, political and other statistics and facts of general value, but nothing of a partisan character.

The records, files, field notes and plats of survey, and other papers and documents of the state land office are in his custody. Patents for school, university, agricultural college, railroad swamp and other lands, are prepared in the land office, and, when signed by the governor, are countersigned by the secretary of state and recorded in the patent record books in the land department. He makes a biennial report to the governor of the transactions of this department.

Iowa corporations organized for pecuniary profit, and all foreign corporations authorized to do business in this state, are required to report annually, in July, to the secretary of state and pay him an annual fee of one dollar each. The secretary of state is required to send, during May and June of each year, to each corporation of record in his office, a notice, advising as to the provisions of the law, and a blank for use of the corporation in making report. On receipt of annual report and fee, the secretary of state is required to issue to the corporation an annual permit.

The registration in the office of the Secretary of State is required to be made of all charitable organizations soliciting public aid in the state and a permit must first be procured from his department before any such organization, its agents or representatives may lawfully solicit public donations in any county, city, or township in Iowa except within the county or adjoining counties in which such association or institution is located.

The public revenues of the state are received and disbursed by the treasury department; books are kept in which are recorded the names of all persons from whom money for any purpose is received, the time received, the purpose for which the money was remitted, and the amount thereof. Receipts in duplicate are issued for each item received, and the duplicate is filed with the state auditor. When remittance of state dues is made by bank draft, check or certificate of deposit, such draft, check or certificate must be deposited for collection in some bank in the city of Des Moines which has been previously designated as a depository for state funds, and no receipts for any sum remitted by check or draft is issued by the treasury department until the depository receiving the deposit notifies the department of the collection thereof. All county treasurers, auditors and superintendents of schools and all state officers, boards or commissions are required to remit to the state treasury, on or before the 15th of each month, all moneys received by them during the preceding calendar month. The treasurer of state, with the consent of the executive council, may designate banks in the city of Des Moines as depositories of state funds. Each bank so designated shall give bonds to be approved by the executive council, and shall pay interest on daily balances at such rate and at such times as may be agreed by the banks and the treasurer of state, with the approval of the executive council. At this time such depositories pay interest monthly at the rate of two per cent per annum.

It is the especial duty of this department to enforce the law imposing a tax upon collateral inheritances. Disbursements from the state treasury are made only upon warrants issued by the state auditor and a record is kept of each warrant paid, showing date of issue, date of payment, to whom payable, to whom paid and upon what account drawn. All accounts of each state institution under the board of control are paid by checks issued by this department in favor of the person to whom the account is payable. These accounts are not paid until after they have been audited by the board of control and an abstract of the total amount due on account of each institution and the names and postoffice addresses of the persons to whom each of the several accounts are payable has been forwarded to this department by the board of control, together with a warrant or warrants of the auditor of state to cover the total amount to be paid. The state treasurer is the custodian of the permanent endowment fund of the State Agricultural College. This fund amounts to about \$680,000 and is loaned at not less than five per cent, secured by first mortgages upon real estate in Iowa. Only the interest may be used by the college. This interest is payable to the state treasurer and is by him paid to the treasurer of the college. The accounts of the department are examined once each quarter by the auditor's department and may be examined by the governor at any time. The total receipts of the department for the fiscal period ending June 30, 1914, were \$14,163,340.24, including agricultural endowment and interest fund.

The Work of the Department of Public Instruction. The duties of the superintendent of public instruction are numerous and varied. They may be classified as educational, quasi-judicial, and ex-officio.

Educational. Among the duties of an educational nature may be named his general supervision over the county superintendents of the state, which necessitates his meeting with these officers at least twice each year, and the publication of numerous circulars of instruction and suggestion. He is at the head of the public school system of Iowa, and his duties as such leader are to appoint institutes, and approve institute faculties, visit such institutes, and address the teachers in attendance. He is required by law to promote among the people of the state a proper interest in the general subject of education, including industrial and commercial education, agriculture, manual and vocational training, domestic science and continuation work. Also to classify and define various public schools belonging to his department, and to formulate suitable courses of study therefor, and to publish and distribute such classifications and courses of study, it is also his duty to collect statistics, and report on education, and educational questions, and the condition of the public schools of the state, and to publish them in reports and pamphlets. Among the publications that have become a part of the educational needs of the state and are of national note may be named: The Manual of Methods for the Elementary Schools of Iowa, the Institute Manual, Special Day Book, Educational Directory, Proceedings of the Iowa State Teachers' Association, Summary of Standards for Approved Graded and High Schools, Approved High School Bulletin, Reference Books for the Approved High Schools of Iowa, Outlines in Agriculture, Domestic Science and Manual Training, Regulations Covering the Issuance of Uniform County Certificates, Outlines of Psychology and School Management, Outline of Music for Normal Training High Schools and Normal Training Courses in Four Year High Schools. Many others of minor importance on various subjects are published.

In order to aid him in organizing and classifying the public schools of the state, the superintendent of public instruction is permitted by law to appoint one normal training inspector, two graded and high school inspectors, and one inspector of rural and consolidated schools. He is also empowered to distribute to the normal training schools and the consolidated schools certain aid which is set aside for these schools under certain conditions. It is his duty to pass upon them finally, and to determine what schools shall receive state aid.

For the purpose of increasing the facilities for training teachers for the rural schools by requiring a review of such common branches as may be deemed essential by the superintendent of public instruction, and for instructions in elementary pedagogy, and the art of teaching elementary agriculture and home economics, provision is made for normal courses of study and training in such approved four-year high schools as the superintendent of public instruction may designate.

Judicial. The quasi-judicial duties of the superintendent of public instruction include the hearing of appeals from the decisions of county superintendents, the rendering of opinions, in writing, when requested by school officials (but in fact opinions are rendered to all who request them) and publication of the school laws and notes of the same, and pamphlets containing session laws.

Ex-officio duties. The superintendent of public instruction is ex-officio member of the Iowa library commission, president of the educational council, president of the Iowa State Teachers' association, president of the State Teachers' Reading Circle board, and president of the Educational Board of Examiners.

As executive of the Educational Board of Examiners, a great amount of labor and responsibility is incurred, since all licenses to teach are issued under authority of this board, and the work is conducted under his personal supervision.

Miscellaneous. In addition to the duties enumerated above he reports biennially to the governor on the conditions of the public schools of the state, and makes suggestions and recommendations as investigation and experience dictate. He must keep a complete account of the expenditures on account in his department and the Educational Board of Examiners and report the same to the executive council. He also accepts many calls from rural and city communities to meet with them and discuss such school questions as may confront the school officials. This is especially true under the present system of developing the consolidated schools, of which 115 have already been organized.

REPORTER OF THE SUPREME COURT.

Term of incumbent ends January, 1919. Salary, \$3,500.

From the original opinions of the supreme court the reporter prepares the copy for the publishers of the "Supreme Court Reports," placing at the head of each opinion a syllabus of the law and fact therein determined, together with an index and table of cases. The reporter is ex-officio editor of the code. At the close of each session of the general assembly he prepares and publishes under the supervision of the judges of the supreme court a supplement to the code. He is also charged with the duties of keeping in his office a card index copy of the statute law of Iowa and to index and edit the same. The "Iowa Supreme Court Reports" and the publication thereof is under the control of the judges of the supreme court. The publication of such reports is let to the lowest responsible bidder.

 Asst. Commerce counsel, Dwight N. Lewis, Des Moines, Iowa\$2,500

The powers and duties of this board are: To generally supervise all railroads in the state, both steam and electric, except street railroads; to inquire into any neglect or violation of the laws of the state by any railroad corporation doing business therein; to make examinations and inspections of the physical conditions, conduct and management of such railroads and report their condition to said companies; to stop and prevent railroad companies, under certain circumstances, from running or passing their trains over unsafe bridges; to adjudge changes in station houses, rolling stock and rates of fare; to make report on the first Monday in December in each year to the governor of its doings for the preceding year, accompanied with appropriate suggestions and recommendations; to receive, tabulate, and report upon the annual reports filed with it by railroad companies; to examine any of the books, papers or documents of any such corporation; to examine under oath employes of such corporations; to issue subpoenas, administer oaths and compel the attendance of witnesses; to make and fix maximum schedules of freight rates for such corporations, such schedules to be deemed reasonable until disproved; to examine into rates in force, upon complaint that the rate charged by a railroad company, or that the maximum rates fixed by the commission are unreasonably high or discriminating, and to fix the rate again, which must not be higher than any rate established by law, such decision of the commission is prima facie evidence that the rate so made is a reasonable maximum rate; to bring suits to enforce its orders; to inquire into the management of the business of such carriers and to obtain from them full and complete information necessary to enable the commissioners to carry out the objects of the law; to hear, investigate and determine all complaints alleging unreasonable rates; unjust discrimination, undue preference, violation of the long and short haul clause; or other infractions of the commission law, and make proper orders thereupon; to establish joint through rates, upon application, over two or more connecting lines; and to have the same authority over express companies as the act confers concerning railroads.

Before any railway company may condemn lands for additional depot grounds, or for straightening or relocating track, the permission of the board must be obtained. Interlocking switches may be placed at grade railroad crossings or draw bridges, thus obviating the necessity of stopping trains before passing over such grade crossings or draw bridges, but before the interlocking switch may be used, consent of the board must be obtained.

The thirty-fifth general assembly gave to the commission the power to grant to individuals or corporations "engaged in the manufacture, sale, or distribution for sale of electric current for light, power, or heating purposes, the right within the state, except in cities and towns, to erect and maintain poles, wires, towers, fixtures and other necessary construction for the purpose of conducting electricity for lighting, power and heating purposes over, along and across any public lands, highways or streams or the lands of any person or persons, and to acquire the necessary interests in real estate therefor." It also provided that transmission lines proceeding under the provisions of the law should be subject to "such reasonable regulations as the commission may from time to time, prescribe."

The thirty-fourth general assembly created the office of commerce counsel, to be appointed by the board of railroad commissioners for a term of four years, subject to confirmation by senate. The law provides that the counsel may appoint assistants, subject to the approval of the board of railroad commissioners. The duties of the office briefly are as follows:

To investigate and present matters with reference to intrastate rates to the board of railroad commissioners; to investigate on his own motion, or at the request of the board, cases involving interstate rates in which Iowa is interested, and present the same to the interstate commerce commission if the board so directs.

The attorney general in an opinion holds that the railroad commission may, by resolution, direct the commerce counsel and his assistants to assist the department of justice in the state and federal courts, in cases involving orders made by the railroad commission.

The commissioner of insurance is the executive head of the insurance department of Iowa and has general control, supervision and direction of all insurance business transacted in the state and is charged with the execution of the laws relating to insurance. All powers vested in, and all duties imposed upon the auditor of this state, relating in any way to insurance matters prior to July 1, 1914, were on that date vested in and made incumbent upon the commissioner of insurance.

The department is authorized to conduct examinations of insurance organizations transacting business in the state, covering in detail their financial condition, evidence of solvency and methods and practices of their officers and agents. Domestic companies, associations and societies are required to be so examined at least biennially. The actuary and chief examiner are in charge of the examination work which is continuous. The companies are visited and the audits made in their offices. A written report of the findings of the examiners is filed with the department as a permanent record.

All deposits required by law to be made with the state by any such company, association or society, are directly in charge of the commissioner and a careful record is kept thereof, showing each item. A daily and monthly balance is maintained, showing the amount of securities on deposit to the credit of each company. Each security deposited is carefully examined and, before acceptance, must fully comply with the statutes governing investment of insurance funds. The companies and associations are required to keep their deposit fully up to the amount prescribed by law. No company or association is permitted to withdraw securities sufficient to bring the amount below the reserve required to be maintained on deposit.

All fees due the state from insurance companies and associations are paid to the commissioner of insurance.

Chapter 132, laws of the twentieth general assembly of 1884, provided for the creation of the Bureau of Labor Statistics, the appointment of a commissioner, defining his duties, and his tenure of office.

The work as outlined in the above act was purely statistical, and was designed for the purpose of making inquiry into the conditions surrounding the employment of labor. its connection with the development of industries both mechanical and those arising from the natural resources of the state, the advantages and inducements offered in various localities for the establishment of desirable industries, the extent and productive value of industries already established and information relative to the home life and general welfare of the workers.

The work was carried on with success by the different commissioners and assistants and proved its value to the commercial and manufacturing interests of the state, also to the workers who were given an opportunity from time to time to express their views on the surrounding conditions, their desires for more favorable legislation, for better sanitation, ventilation, and more efficient means of protection in the operation of dangerous machinery. These reports from the working people, strengthened by actual personal investigation made by the commissioners and exemplified in their reports, proved the necessity for periodical and systematic inspection of the factories and workshops by competent persons whose time could be devoted to their work. The frequent appeals thus made, backed by a desire on the part of our legislators that Iowa should not be relegated to the rear in the general march for improvement, resulted in the passage, in 1902, of a law providing for such inspection and the enforcement of requirements made, together with means for the support of men

assigned to the work. A great step in advance was thus made and the work has progressed by using up-to-date methods, similar to those in vogue in the older manufacturing states, thus establishing the most important feature of the work of the department. All classes of establishments where labor is employed have been visited, a long list of improvements have been made tending toward both safety and comfort, and proof is evident that the money provided was well expended.

Up to the close of 1905 no efficient means of restricting the employment of children had been provided. The existing law required that children under 14 should attend school 16 consecutive weeks in each year, but children of any age could be put to work all the remainder of the year, many children of tender age were found in the factories and stores. To remedy this evil the thirty-first general assembly in 1906 enacted a law prohibiting the employment of children under 14 in factories, workshops, stores and some other places specified, at any time, under penalty. The work of enforcement was placed in the hands of the commissioner of the Bureau of Labor Statistics and his assistants. The law has been partly self-enforcing. A number of employers who had been employing children under the age limit dismissed them voluntarily. Only a few employers have shown a disposition to oppose the enforcement of the law, and when proof was given them by inspectors that they were violating it, they dismissed all under the age limit at once, thus giving no immediate cause for prosecution. A better condition prevails in Iowa now than heretofore, and by persistent effort on the part of members of the department conditions will continue to improve and a nearer approach to the ideal condition will be attained.

In the line of progressive legislation by the thirty-sixth general assembly, the child labor law of 1906 was revised to harmonize with improved standards.

The thirty-sixth general assembly appreciating that modern employment is assuming more and more that which is well termed "seasonable employment," also that the idle man is industrial waste, made provision for a state free employment bureau in connection with the bureau of labor statistics.

Summing up, it may be said that considering the limited appropriation and general expense of this department there has been steady advancement made in the progress of the work this bureau is intended to perform, and it is confidently expected that the future will show gratifying progress.

*Term expires July 1, 1917.

†Term expires July 1, 1919.

‡Term expires July 1, 1921.

The statutes of Iowa provide the sentence of a prisoner convicted of a felony shall be for the maximum term provided for the crime committed; thus leaving to the court imposing the sentence no discretion as to the time of confinement. The board of parole is given authority to release on parole outside the prison walls, all prisoners, except those sentenced for life terms. The law which provided for the fixing of a definite time of prison service by the judge before whom the trial was had, contemplated punishment for the particular

crime, in other words, forfeiture of liberty on account of guilt, for a length of time which in the judgment of the judge would be the penalty the man should suffer. Hence, the oft repeated remark that a prisoner "has served as long as he should be required to serve for what he did."

The maximum sentence contemplates the keeping of a man in prison not for punishment, but for discipline, training, education and reformation, as well as example by which others may profit or be deterred from committing crime; this involves the consideration of past life, opportunities, environment, mental ability, criminal tendencies or want of them, and evidences of reformation and change in desires and ambitions. Boards of pardon and parole have time and opportunity to investigate all these things. The object of the parole law is, that the man who gives evidence of the fact that he will be a law abiding citizen if given his liberty, shall be released on parole, always taking into account what would be a reasonable term to be served as an example. The marked difference between the definite term fixed when sentence is pronounced and the indeterminate sentence is that the first is for punishment on account of a particular crime and the second contemplates not only the protection of society, but the study of the individual and the handling of him with a view of securing reformation from other causes than simply fear of imprisonment which is not reformation at all. On the trial of a man indicted for crime, guilt or innocence may be established by evidence, but the evidence proper to be used for that purpose will not determine what the man has been, or is, except as you may conclude from the single illegal act of which he is found guilty. The paroled man is kept under the control and supervision of the board of parole and in the custody of the warden of the prison; employment is found for him, he is placed in charge of someone whose duty it is to be in constant touch with him, to aid and encourage him, and keep the board advised of his conduct. The time he is on parole is not deducted from his prison sentence, so if returned to prison, he must serve the balance of his sentence, unless paroled again. The prisoner, however, cannot be kept in prison longer than the maximum time provided by statute for the crime for which he was convicted. Rules and regulations are provided which must be observed by the man while on parole and for the violation of which he may be remanded to prison. This reformatory method of handling prisoners had its origin in the law establishing the Elmira Reformatory in the state of New York in 1869. Now more than half of the states in the union have adopted it and in most cases the laws closely follow the system as then approved in the state of New York. No state enacting laws providing for the maximum sentence and parole provisions has ever repealed them. No state has yet adopted the absolutely indeterminate sentence; though such a sentence was advocated by the author of the New York law and is favored by practically all criminologists and those who have had experience in prison management and administration of parole laws. The law of this state provides that in all cases of life sentence the applications for parole or pardon must be made to the governor and may be referred by him to the board of parole for examination and report to him, and in cases of life sentence for murder in the first degree must be referred to the board of parole for examination before he passes upon them.

The office of dairy commissioner was established May 1, 1886. On July 4, 1906, the office became that of the food and dairy commissioner. On July 4, 1907, the food law became effective and the work of the department was also increased by the passage of the commercial feeding stuffs and agricultural seed law. Later enactments make the department responsible for the laws governing the sale of paint, linseed oil, turpentine, calcium carbide and commercial fertilizer. The 35th general assembly also gave the department the enforcement of the sanitary law, which provides for the proper sanitation of all food producing establishments; the weight and measure law, which provides for scale inspection and for general supervision of weights and measures and the use of such apparatus in connection with the purchase or sale of merchandise; and the cold storage law, which provides for the making of reports of stocks and gives the commissioner and assistants supervision over food products held in storage and limits the time that foods may be cold stored.

The total annual expenditures amount to approximately \$50,000. The term "food" is defined as including all articles used as food, drink, confectionery or condiment by man or beast. The inspectors employed by the dairy and food department are given authority to enter all places of business where food products are manufactured, stored or sold and all wagons used in the transportation of such products and authority is given for taking samples of any goods offered or exposed for sale within the state. The department issues licenses to all users for commercial purposes of the Babcock test. The fee for the license is \$2.50 per year for each operator. Milk inspection is extended to all incorporated cities and towns and a license fee of \$1.00 a year is required of all persons selling milk from stores or vehicles.

A license fee of \$3.00 is collected for each scale or weighing device where a fee is charged for weighing and the same license is required of all bakeries, candy factories, ice cream factories, canning factories, slaughter houses and meat markets. Cold storage plants are required to pay an annual fee of \$25. Condimental stock foods and tonics are included within the term "commercial feeding stuffs" and each manufacturer is required to pay a license fee of \$100 annually.

The style of binding, whether to be sewed or stitched, with paper, board, cloth or leather covers, or without covers, is all specified by law and the number of copies in each style of binding is named in the statute. Some discretion, however, is allowed the document editor in regard to the number of copies of reports and documents to be printed and bound, as the demand for them may vary from year to year.

The state printer and the state binder submit their bills for work done to the document editor. He is required by law to audit the bills, and to certify to the state board of audit the amount which each of said officers is entitled to receive for the work specified. The state board of audit then makes an additional audit thereof and certifies the approved amounts to the auditor of state, who thereupon draws his warrants therefor.

The duties of the fish and game warden, as defined by chapter 15 of the code, are as follows:

He shall make biennially a report to the governor of his doings, together with such information for the protection of fish and game as he may think proper. He shall make monthly an itemized statement to the executive council under oath of all moneys expended and for what purpose, and the number and varieties of fish distributed and in what waters; also all prosecutions made under the law. He shall have charge of the re-stocking and distribution of fish to the public waters of the state, and shall impartially and equitably distribute the same. He shall faithfully and impartially enforce obedience to the provisions of the fish and game laws. He may suspend for a specified period specified portions of fish and game laws and issue permits authorizing the persons to whom said permit is issued, to take from certain designated lakes of the state, having an area of not less than two square miles, certain fish designated in said permit in any quantities and for all purposes. He shall not permit seining in said lakes between the first day of December and the fifteenth day of June.

He may grant certificates to proper parties to collect birds, their nests or eggs for scientific purposes. He shall seize and take possession, without warrant, any fish, birds or animals which have been caught, taken or killed, at any time, in a manner or for a purpose or had in possession or under control, or have been shipped contrary to law, and shall sell the same for the purpose of paying any costs, and balance of proceeds, if any, shall be turned into the school fund of the county in which the seizure is made. He shall seize and destroy or sell without warrant or process, any net, seine, trap, contrivance, material, and substance whatever while in use or had and maintained for the purpose of catching, taking, killing, trapping or deceiving any fish, birds or animals contrary to the provisions of the fish and game laws. He may appoint such number of deputies as he may deem necessary, and their duties are to report all violations of the law, to make arrests where crime is committed in their province, and to aid the warden in the enforcement of the law. The provisions of the law make the state fish and game warden a state marshal, and it is his duty to ferret out offenders and bring them to justice.

By an act of the thirty-third general assembly, "no person shall hunt, kill or take any wild animal, bird or game in this state with a gun without first procuring a license." The fee for such license is one dollar a year for each citizen of the state and ten dollars a year for each non-resident or alien. The county auditors of the state issue the licenses. All licenses expire on the first of July of each year. Owners of land, their children and tenants are not required to procure a license to hunt on their own premises. Provision is made in the law for the amount of game that a non-resident may take from the state. Penalties are provided for the enforcement of the law. Another law of the

thirty-third general assembly provides for an annual license under certain restrictions for the use of seines and nets in the Mississippi and Missouri rivers where they form part of the boundary line of the state.

By an act of the thirty-fifth general assembly, three district deputy wardens are provided for, to be appointed by the state fish and game warden. The state will be divided into districts with a man in charge in each as a general supervisor.

By an act of the thirty-sixth general assembly, no person shall keep game birds in possession for the purpose of propagation and sale, without first procuring a license from the State Fish and Game Warden, the fee for which is \$2.00:

*Paid from receipts of the Department of Agriculture and State Fair.

The department of agriculture for the state of Iowa was created by legislative enactment of the twenty-eighth general assembly in the year 1900. The office of the department is in the northeast wing of the state capitol building, in the rooms formerly occupied by the Iowa state agricultural society (said society ceased to exist when the department of agriculture was created). The department is managed by a board, styled the state board of agriculture, of which the governor, president of the State College of Agriculture and Mechanic Arts, state dairy and food commissioner, and state veterinarian are ex officio members; other members are a president, vice president, secretary, treasurer, and one member from each of the eleven congressional districts of the state. The president, vice president, and district members are chosen at the annual agricultural convention, which is composed of delegates from each of the county and district fairs, county farmers' institutes, state dairy association, horticultural society, improved stock breeders' association, and members of the state board of agriculture. The president and vice president are elected for a term of one year, and the district members for a term of two years. The secretary and treasurer are elected by the board.

It is the duty of the department to look after and promote the interests of agriculture, agricultural education, animal and other industries of the state; to investigate all subjects relating to the improvement of methods, appliances and machinery, and the diversification of crops and other products; also to investigate reports of the prevalence of contagious diseases among domestic animals, and the destruction of insects and fungus grasses, grains and other plants; the adulteration of foods, seeds and other products, and to report the results of such investigation, together with recommendations of remedial measures for the prevention of dangers resulting therefrom. It is made the duty of the agricultural experiment station to co-operate with the department of agriculture in carrying on these investigations.

The passage of the pure food bill by the thirty-fifth general assembly, the bill for the regulation and prevention of frauds in the sale of agricultural seeds, and concentrated commercial feeding stuffs, passed by the thirty-second general assembly, the bills offered in the thirty-third general assembly for the destruction of noxious weeds, and the bill for the establishment of a live stock sanitary board, and the control and suppression of dangerous or infectious diseases of domestic animals, were all the result of careful investigations made by the department.

The department annually compiles and publishes the "Iowa Year Book of Agriculture." This book contains useful information upon various topics relating to agriculture, live stock, a review of the weather and crops for the preceding year, a synopsis of the work and proceedings of the state dairy and food department, state swine breeders' and state dairy associations, and such other matter as will be of interest to the farmer. It is also the duty of the secretary to carry out the provisions of the state law with reference to issuing state certificates of enrollment of all pure bred stallions and jacks and certificates of soundness for all grade stallions and jacks offered for public service, sale, exchange or transfer in the state of Iowa. It is also the duty of the secretary to prepare and send out the blanks, and receive the reports of the county and district fairs entitled to receive state aid, and the county farmers' institutes.

The thirty-third general assembly makes it the duty of the department to prepare and furnish blanks annually to the assessors for the purpose of listing the acreage and yield of farm crops, the number and value of live stock, and poultry and egg production.

By statute the state board of agriculture is made the custodian for the state fair and exposition grounds. It is also made the board of managers for the annual state fair and exposition. The state does not provide any support fund for the maintenance of the state fair, nor pay any of the yearly expenses or premiums of same, the statute providing that all expenditures connected with the holding of the fair must be paid out of the fair receipts. The title to the state fair grounds is in the name of the state of Iowa, all deeds and abstracts being on file in the state auditor's office.

The present investment of the state of Iowa in the fair grounds property, including the original appropriation of \$50,000.00 for the first frame buildings and the appropriations since 1902 for permanent buildings and additional ground total \$475,111.00.

The state fair grounds contains 283 1-3 acres, and was appraised in 1913 by a committee well acquainted with real estate values in and around Des Moines, without taking into consideration any improvements, at \$375,070.00. The value of the buildings, personal property, etc., and as shown by the books of the department is \$828,589.00. Adding to this the value of real estate it gives the total value of the plant at \$1,203,659.00.

By deducting the total investment of the state in the fair grounds plant from the present value we have the surplus or profit to the state of \$728,548.00.

This profit is largely due to the increased value of the real estate since the state acquired the title in 1885 and the many improvements added to the grounds in the past thirteen years from the profits of the fair.

Duties required of the state veterinary surgeon, include supervision of all contagious and infectious diseases among domestic animals, within the state and those in transit through the state; also to establish quarantine against infectious diseases, and to enforce laws respecting importations of stock for dairy or breeding purposes; and to co-operate with the local boards of health and the United States department of agriculture in the eradication of contagious diseases among live stock, and take such action as the exigencies of the case may demand.

COMMISSION OF ANIMAL HEALTH.

Appointed by the Governor. Term three years. Compensation \$100 a year.

MEMBERS.

JAMES I. GIBSON, *State Veterinary Surgeon, Chairman, Des Moines.*
 J. R. UNDERWOOD, *Veterinarian, Des Moines.*
 THOMAS DOWNING, *Veterinarian, Washington.*
 FRANK KINGSLEY, *Stockman, McGregor.*
 CHARLES A. SAUNDERS, *Stockman, Manilla.*

The thirty-fourth general assembly created the commission of animal health, the members of which are to be appointed by the governor and are to consist of the state veterinary surgeon, who is to be chairman and executive officer thereof, two veterinarians and two stockmen. The terms of one of the veterinarians and one of the stockmen are to expire June 30, 1916, and of the other veterinarian and stockman, June 30, 1914. When the terms of the members of the present board expire their successors are to be appointed for three years.

The commission is to hold at least two meetings a year and it has power and authority to make such rules and regulations as may be necessary for the prevention, suppression and quarantine of diseases among animals in the state and those being driven or transported through or into Iowa. Such rules and regulations are to be effective when approved by the executive council.

The state veterinary surgeon and the two veterinarians on the board constitute a board for the examination of applicants to practice veterinary medicine, surgery and dentistry.

The members of the Animal Health Commission, other than the state veterinary surgeon, are to receive \$100 a year for their services and in addition thereto the veterinarians, other than the state veterinary surgeon, are to receive \$100 for their services as members of the examining board.

The accession list of the general, law and legislative reference departments of the state library on the first day of July, 1914, included 130,946 volumes. The total accessions of the biennial period ending June 30, 1914, were 10,559 volumes. The historical department is separately reported.

The librarian notes with satisfaction the steadily growing utilization of the state library by advanced students of literature, philosophy, science and social problems, by debaters in the high schools and colleges of the state; also by state legislators and those interested in state legislation. This satisfaction is enhanced by the steadily increasing ability of the library to satisfy the wants of those who visit it with serious purpose. In fact the mission of the general library as a reference library—a final resort for information in science, the mechanic arts, the fine arts, biography, general history, literature and philosophy, is finding generous recognition with students, scholars, educators, legislators, clubs devoted to research work and the school, college and public libraries of the state. With a single additional assistant, a legislative reference bureau has been developed during the past few years, and the use made of the new bureau by legislators, legislative committee clerks and persons interested in legislation, has steadily increased to such an extent that legislative reference work must be extended and its efficiency increased in anticipation of the increased demands certain to be made upon its resources. The thirty-fourth general assembly added greatly to the future efficiency of the state library, and contributed largely to the relief of the library board, by increasing the appropriation of the several departments as follows: The general library, from \$5,000 to \$6,000; the historical department, from \$5,000 to \$6,000, and the law department and legislative reference bureau from \$4,000 to \$6,000. The inclusion of the legislative reference bureau is the first legislative recognition of that increasingly efficient area of the service beyond the appointment of an assistant for legislative reference work. The good work done without an appropriation, through aid rendered by the law and general libraries, gives much promise for the immediate future now that means are provided for its maintenance.

The law department of the state library has been materially strengthened by recent purchases bringing down to date several high-priced sets, and in other ways adding materially to the efficiency of that important department.

The completion of the valuable sets of standard periodicals, legal, scientific and miscellaneous, is one of the gratifying results of recent years, making the periodical feature of the library one of the strongest in the country.

As now organized this department dates from the first day of July, 1892. Its chief purpose is the collection of historical data relating to our own state and the territory of the middle west, of which it originally formed a part. Special efforts are made to collect Iowa newspapers from the earliest dates to the present time; works of state and general western history, biography and genealogy; works on the histories of all our wars from the earliest times; works relating to the North American Indians; county histories, maps, Iowa pamphlets, biographies of our noted men and women, printed or in manuscript; written or printed documents relating to early settlers and settlements; reports, catalogues and broadsides relating to the churches, educational and benevolent institutions of the state; in short, every species of data which can throw light upon local, state or western history. Two hundred ninety-five Iowa newspapers are currently received, and is endeavoring to acquire all Iowa papers. It has ceased the collection of papers from other states. The library is especially strong in genealogy, local history and the history of the civil war.

The department publishes The Annals of Iowa, an illustrated quarterly historical magazine of eighty pages, which has now completed its twelfth volume. This is made up largely of original contributions in history and biography. By direction of the trustees it is sent free to every organized library in our state. Its price to subscribers is \$1 per year.

In addition to the Annals, the historical department is to be credited with the following publications, viz., eleven biennial reports: "John Brown Among the Quakers and Other Sketches," by Hon. Irving B. Richman. "First Census of the Original Counties of Dubuque and Des Moines," edited by Dr. Benj. F. Shambaugh. "History of the Constitution of Iowa," by Dr. Shambaugh. Reprints of the laws of Iowa, 1838-39 and of 1839-40, and the hitherto unpublished journals of the council and house of representatives of the extra session of 1840. "Early Settlement and Growth of Western Iowa," by Rev. John Todd. Rafinesque; life and biography, by T. J. Fitzpatrick.

The department has secured one hundred and thirty-five fine oil portraits of distinguished Iowans, which are now on exhibition in the art gallery of the historical building, and has thousands of photographs and other black and white portraits and exhibits. More are promised in the near future.

The museum includes nine large cases for autograph letters, manuscripts and portraits; a collection of recent, aboriginal and prehistoric pottery found in our own state; a large collection of prehistoric implements, among which is an Iowa axe weighing 31½ pounds—one of the largest ever discovered—with hundreds of flints; many teeth, tusks, and other bones of the mammoth and mastodon, all of which were found in Iowa; several large cases of birds found within our state; many Iowa mammals; a case of Indian baskets, bead work, implements and weapons, much of which were manufactured by the Mesquakie Indians of Tama county; a collection of arms—cannon, mortars, swivel guns, rifles, muskets, carbines, swords and pistols, in use during the Civil, Spanish and Philippine wars; and duplicates in bronze of most of the historic medals issued by the United States government.

Chapter 142 of the laws of the thirty-first general assembly made provision for the care and permanent preservation of the public archives by giving the state library and historical department custody of all the original public documents, papers, letters, records and other official manuscripts of the state executive and administrative departments, offices or officers, councils, boards, bureaus and commissions, ten years after the date of the current use of such public documents, papers, letters, records or other official manuscripts.

The act also provided that the public archives shall be housed in the historical, memorial and art building in rooms to be known as the hall of public archives.

Chapter 157 acts of the thirty-second general assembly provided that the executive council should superintend the arrangement, labeling, filing and calendaring of the archives, the same to be delivered to the state library and historical department for preservation.

An act of the thirty-sixth general assembly provided that all of the duties and responsibilities of the executive council and the board of trustees of the state library and historical department with respect to the public archives, are transferred to the curator of the historical department to be administered under the direction of the above board of trustees; empowers the curator to certify copies and otherwise hold the same relation to the archives transferred as, for instance, that of the secretary of state to such as originated in his office.

Besides the historical department the state library and the Iowa library commission are accommodated in the magnificent historical building which is now completed.

STATE MINE INSPECTORS.

Appointed by the Governor. Term four years. Expires July 4, 1919.

Office	District	Name	Legal Residence	Birthplace	Compensation
Inspector	First	W. E. Holland	Albia	Pa.	\$ 1,800
Inspector	Second	Rhys T. Rhys	Ottumwa	So. Wales	1,800
Inspector	Third	Edward Sweeney	Des Moines	England	1,800
Secretary		L. E. Stamm	Des Moines	Iowa	1,200

The office of state mine inspector was created by the eighteenth general assembly in the year 1880. At that time the mining of coal in this state was in its infancy. But few large mines were in operation and the tonnage of coal was small as compared to that of the present time. Then but one inspector was needed. Owing to the growth of the coal industry the twenty-first general assembly amended the mining laws and provided for three inspectors, and gave the governor power to divide the state into three inspection districts. Today the entire time of the three inspectors is taken up with the work of inspecting the mines of the state and seeing that they are worked in conformity with the mining laws of the state as regards safety to the employes therein, proper ventilation, condition of the shafts, escape ways in times of danger, safety catches on cages, condition of the cables for hoisting men and coal, and everything that would tend to guard against accidents to men employed in the mines.

A general office for the inspectors is maintained in the state house and a complete record is kept therein of all inspections, accidents, etc., in record books for that purpose. A monthly report of the general condition of all mines is made to the mine inspectors and a general report of the conditions of the mines of the state, tonnage, accidents, number of employes, and other information relative to the coal industry, is published every two years. Copies of the state mining laws are also published and circulated. Blue prints of maps of all mines in the state, brought up to date once each year, are on file in the offices of the mine inspectors subject to public inspection. A secretary, elected by the inspectors, has charge of the general correspondence and books in the office, as the duties of the three inspectors keep them almost constantly in the field.

In 1900 Iowa produced 5,117,285 tons of coal and employed 13,041 men, and in 1914 the coal production amounted to 7,312,734 tons, and 15,740 men were employed.

The coal producing counties of the state are divided into three inspection districts. The first district includes the counties of Appanoose, Lucas, Taylor, Monroe (part), Wayne and Page. Mr. W. E. Holand of Albia, Iowa, is the inspector in this district. This district had last year 87 mines in operation and for the biennial period ending June 30, 1914, produced 5,707,956 tons of coal.

The second district comprises the counties of Mahaska, Marion, Monroe (part), Jasper, Keokuk, Van Buren, Davis, Jefferson, Wapello and Warren. Mr. Rhys T. Rhys of Ottumwa is inspector in this district. For the two years ending June 30, 1914, this district produced 4,378,300 tons of coal. The district has over one hundred mines in operation.

The third district comprises the counties of Polk, Webster, Boone, Greene, Guthrie, Scott and Dallas. Mr. Edward Sweeney of Des Moines is the inspector in this district. For the two years ending June 30, 1914, this district produced 4,642,235 tons of coal. There are about 75 mines in operation in this district.

The members of the board receive \$900 per year and railroad expenses for services as members of the state board of health, medical examiners, embalmers, nurses and optometry. The sanitary engineer, who is also a member of the board receives the sum of \$2,500 per year, and necessary traveling and incidental expenses. The secretary receives \$2,400 per year; the assistant secretary \$1,200 per year; chief clerk \$900 per year; the director of the bacteriological laboratory receives his compensation from the state university. The chemist of the board has never received a salary but has received fees, but the office of state chemist has been abolished, and all chemical and general laboratory work is to be done hereafter in the state bacteriological laboratory provided for the state board of health by the legislature and is located at the state university, Iowa City, Iowa.

The state board of health has a general supervision of the lives and health of the people of the state and has power to make rules and regulations respecting the public health and declare that such rules and regulations when made shall have the force of legislative enactments.

The board through local boards of health establishes, maintains and releases quarantine; requires the disinfection of persons and premises exposed to contagion; supervises through its sanitary engineer the installing of water works systems, the construction of sewerage systems, and makes sanitary surveys through its sanitary engineer and the state laboratory of the board located at the state university, Iowa City. It investigates into the causes of diseases and issues to the people of the state instructions relative to the prevention of transmissible diseases and how to correct insanitary conditions in general which may exist in any part of the state.

The board also supervises the examination and registration of licensed embalmers. The result has been that the science and skill as well as the technique

of the funeral director has been greatly improved and the public health has been better protected thereby. In connection with this work the board has adopted rules and regulations for the transportation of the dead so that bodies, dead of infectious diseases, may be so prepared as to be shipped without interference or danger to any point in the United States, Canada, Mexico, or Cuba. The rules for the shipment of corpses are the same in the countries just mentioned—the benefits of which can hardly be appreciated unless one is unfortunate enough to require such services.

The board also supervises the examination, and licenses those who desire to practice nursing as registered or graduate nurses.

It is required to make rules and regulations for the inspection of petroleum products; to determine the manner and methods, and to prescribe the instruments and apparatus to be used for the government of inspectors. Such rules and regulations shall be approved by the governor, and, when so approved shall be binding upon all inspectors. It is the duty of the state board of health, to examine lamps and apparatus to be used, as shall be presented to such board, and test said lamps or apparatus, and if it shall find any lamp or apparatus to be safe, said board shall enter the findings of the board upon the records of the proceedings of said board. It is further made the duty of the board to fix a standard of purity of oils and other illuminating materials to be used in mines and to establish regulations for testing the same, and when so determined and established shall be recognized by all of the courts of this state.

It is the duty of this board to dispose of unclaimed bodies by directing to what medical college of the state such bodies shall be sent for anatomical purposes.

This board with the executive council reviews and approves such rules and regulations of the state veterinary surgeon as may be deemed "necessary for the prevention and suppression, and against the spread of all contagious and infectious diseases among domestic animals in the state."

In addition to the above specified duties the board supervises the disinterment, burial and transportation of all dead bodies within the state and keeps a record of such disinterments and burials.

The board also has a thoroughly equipped and up-to-date bacteriological laboratory at Iowa City, in connection with the state university, where upon short notice tests are made to determine the presence of tuberculosis, typhoid fever, diphtheria, rabies, etc., and where the best methods of disinfection are determined.

The physicians of the board of health and its secretary are constituted the members and secretary of the board of medical examiners and as such, determine the standing of medical colleges, examine their graduates, and license those who pass satisfactory examinations as physicians and osteopaths, with authority to refuse to issue certificates and to revoke those issued under certain specified conditions and the board also issues certificates on reciprocity with other states and is authorized to grant itinerant licenses.

STATE BOARD OF HEALTH LABORATORY.

The thirty-second general assembly, in providing for the state hygienic laboratory, made an appropriation of six thousand dollars (\$6,000) annually, or so much thereof as may be necessary for the salary of the director, assistants and the running expenses of the laboratory.

At the first meeting of the state board of health following the passage of chapter 101, acts of the thirtieth general assembly, it was decided at that time, on account of limited funds, a great deal of work which the laboratory should do in the interests of the public health must be postponed, and that the work of the laboratory must be limited to the routine diagnostic work in connection with diphtheria, typhoid fever, tuberculosis and rabies. Because of the action of the thirty-second general assembly, in appropriating six thousand dollars (\$6,000) annually, the laboratory is able to do more and better work than formerly. The bacteriological and chemical analyses of public water supplies are problems of great importance and the state board of health feels that these should receive more attention in the future than in the past, hence it would recommend that the secretary and the director of the bacterio-

logical laboratory be consulted freely when the public health is eminently concerned as in epidemics of typhoid fever. On such occasions the director of the laboratory shall make or cause to be made an investigation of the epidemic and have such bacteriological and chemical analyses of water and other substances made as are necessary to the finding and the removal of the causes of such epidemics. The rapid diagnosis of a certain infectious disease like diphtheria, being of such great importance in order that proper treatment may be begun as soon as possible, the board has devised a method (which places the diagnosis outfits for the collection of material, in the hands of every physician) by establishing one or more culture stations in every city and town in the state where the diagnosis outfits are kept constantly on hand and given free of charge to all physicians.

STATE BOARD OF MEDICAL EXAMINERS.

President, WALTER L. BIERRING, M. D., Des Moines.

Secretary and Treasurer, GUILFORD H. SUMNER, M. D., Des Moines.

The secretary receives an annual salary of \$300.

Examinations are held in June and at such other times as may seem necessary.

Correspondence relating to practice of medicine or osteopathy should be sent to the secretary of this board.

Every person practicing medicine or osteopathy in the state is required to secure a certificate from this board.

Every physician or osteopath itinerating within the state is required to procure a special license.

The board is authorized to issue two classes of certificates; *first*, to *physicians*, and *second* to *osteopaths*.

Clerks of district court report, on forms prescribed by the registrar, all marriages and divorces recorded in their respective offices, and the city, town and township assessors collect the record of all births which they file with the clerk of the district court, and he reports the same to the registrar.

HOTEL INSPECTOR.

The civil engineer member of the state board of health was made inspector of hotels by an act of the thirty-third general assembly, but the thirty-sixth general assembly amended the law and made it obligatory upon the part of the state board of health to appoint a hotel inspector, who shall devote all of his time to the inspection of hotels, and his office shall be located with the state board of health, Capitol building. At this writing no appointment has been made as the amendment passed by the thirty-sixth general assembly does not become a law until July 4, 1915. The hotel inspector when appointed has power, with the consent of the state board of health, to appoint deputies.

His salary is fixed at \$1,500.00 a year and it is made his duty to inspect every hotel once each year, or oftener on complaint of three or more patrons, and to require that the law relative to proper construction, fire escapes and cleanliness be enforced. Each hotel inspected is required to pay a fee to the inspector, which is to be turned into the state treasury.

STATE BOARD OF OPTOMETRY EXAMINERS.

The board consists of three optometrists appointed by the Governor from a list of registered optometrists recommended by the Iowa State Association of Optometrists and one physician member of the State Board of Health appointed by the Governor. The Secretary of the State Board of Health acts as Secretary of this Board.

MEMBERS.

HOWARD E. BOUGHTON, Optometrist, President, Eagle Grove.
 THOMAS M. BUCHANAN, Optometrist, Waterloo.
 GEORGE J. FEIGE, Optometrist, Des Moines.

The terms of all members of the board are for one year and expire June 30th each year. The members of the board receive five dollars a day for time actually employed. They also receive necessary traveling expenses. The fee for examination is fifteen dollars. Provision is made for the board upon the payment of a fee of ten dollars, to license without examination those who have practiced optometry continuously in the state for more than five years, provided application was made within six months prior to the passage of this act. Applicants are required to possess certain qualifications before they are admitted to examination. The board meets in the offices of the state board of health in the capitol building. The act creating the board does not apply to merchants or dealers who sell glasses as merchandise and who do not profess to be optometrists.

The law which provides for the organization of the Iowa Geological Survey outlined its work to be that of making "a complete survey of the natural resources of the state in their economic and scientific aspects, including the determination of the characteristics of the various formations and the investigation of the different ores, coals, clays, building stones and other useful materials."

The present geological survey was organized in 1892 and ever since that time has been engaged in two lines of research. The first of these is the detailed

study of the geology of the state by counties. In this work all the natural features of interest and value are studied and described, such as the general character of the surface, its soils, water resources, deposits of valuable minerals and other like topics. At present the work has been carried on in ninety-five counties of the state, including an area of 54,141 square miles. As fast as a sufficient number of counties are studied the reports on them are gathered together and published as one of the annual reports of the survey, together with maps of the counties included, showing roads, streams, towns and the various geological formations.

The second line of work has been the carrying on of special investigation of the various mineral resources of the state. Immediately upon the organization of the survey the coal deposits were made the object of study and what was known of their structure, character and the modes of their exploitation was published as volume II of the survey reports. More recently a fuller account, made possible by the greater development of the coal fields, together with papers on related subjects, has been issued in volume XIX. In the same volume are given the results of an extensive study of the peat deposits of northern Iowa. The gypsum beds of Fort Dodge also received early attention as did the lead and zinc deposits of northeastern Iowa and the deep waters of the state. The preliminary report on gypsum is given in volume III and a more comprehensive report is found in volume XII, in connection with the report on the geology of Webster county. A report on lead and zinc appeared in volume VI and the result of a later and more detailed study of the Dubuque county deposits was incorporated in the report on the geology of that county, as found in volume X.

What was learned of the deep wells of the state in the early studies was issued in volume VI, and the subject has been studied continuously ever since. A report embodying all known data has been issued recently as volume XXI. The clays of the state received attention and are described in volume XIV, the quarry products in volume XVII, and the results of studies of the limestone, sand and gravel deposits of the state, with special reference to their value for road building and concrete purposes, are given in volume XXIV. A subject which will be of increasing importance as Iowa becomes more of an industrial center is that of water power. This is being made the object of close study and it is hoped to issue a report shortly. A large amount of work remains yet to be done before our knowledge of the geology of the state is complete, as much of the earlier study was of necessity largely reconnaissance work and needs to be supplemented by the results of later work done under more favorable conditions. Reports on the geology and physical geography of the entire state are now in process of preparation.

For several years past the state survey has co-operated with the national survey in the making of topographic maps of the Des Moines valley. These maps show the character of the surface, the elevations above sea level, as well as cultural features. They are of especial value in coal prospecting, engineering and drainage projects. Parts of Hamilton, Boone, Story, Dallas, Polk, Warren, Marion, Mahaska, Lucas and Monroe counties have been covered. These maps are printed by the federal government and may be purchased at a cost of ten cents each from the United States geological survey or from the Iowa geological survey. They are bounded not by county lines but by meridians of longitude and parallels of latitude and each map covers about 230 square miles.

The Iowa library commission was created by an act of the twenty-eighth general assembly in March, 1900. The growing interest in library matters and the many gifts for the erection of library buildings have made the demands on the commission heavy and constant.

The secretary is designated by the commission as the director of library extension and her activities cover a wide range of interests, among which are the following: Assisting any community desiring aid in planning for the submission of a library tax to a popular vote; aiding boards of trustees and librarians in organizing libraries for a business-like administration; assisting in the selection, classifying and cataloging of books; addressing women's clubs, teacher's meetings, public meetings, etc., and conferring with library trustees and city councils in the consideration of plans for new library buildings, with special reference to best working interior arrangement, etc. By correspondence much information is given to librarians and library boards as to details of library economy, the selection and classification of books, etc.

The principal activities of the commission are as follows: (1) The work of extension and supervision, as indicated above under the activities of the secretary. (2) The traveling library 30,000 volumes, which consists of (a) miscellaneous collections of fifty volume libraries; (b) books on special subjects of study; (c) picture collections for study club or exhibit purposes; (d) study club outlines and syllabi to aid in the preparation of programs; (e) books for the blind loaned singly to any blind reader in the state. As these are franked no postage charges are necessary. These are loaned free to any community in the state complying with a simple agreement and paying transportation charges. (3) Periodical clearing house for the exchange of standard periodicals indexed in Poole's Abridged Index and Reader's Guide, this exchange being for the purpose of aiding small libraries in securing sets of standard periodicals without cost. (4) Publication of quarterly, circulars of information, leaflets and other material helpful in disseminating library information and in developing and fostering the library spirit in Iowa.

The highway commission was first established in Iowa under chapter 105, acts of the thirtieth general assembly, which constituted the Iowa State College as an institution to act as the highway commission for the state. From 1904 until 1913, work was carried on under this law.

The thirty-fifth general assembly reorganized the entire system of road administration in the state and created a commission of three men as outlined above. The office of the commission is located at the Iowa State Col-

lege and the duties prescribed by the law are such that an extensive organization is necessary. Under the law as amended by the thirty-sixth general assembly the duties of the commission are as follows:

First. To devise and adopt plans of highway construction suited to the needs of the different counties of the state.

Second. To disseminate information and instruction to road officers of the state.

Third. To issue an annual report to the governor relative to the operations of the commission.

Fourth. To appoint such assistants as are necessary to carry on the work of the commission.

Fifth. To make investigations as to conditions of road and bridge work in the counties.

Sixth. To have general supervision over the county and township officers in the state and to enforce the provisions of the road law.

Seventh. To devise plans and conduct negotiations between railroad and local officials for the elimination of danger at railroad crossings.

Eighth. To assist county boards of supervisors and the attorney general in defense of patent suits.

Ninth. To have charge of the survey and administration of meandered lakes.

Provision is made for the appointment of a deputy fire marshal at a salary of eighteen hundred dollars a year, and of a state inspector or inspectors, known to be competent and skilled in the inspection of buildings and their contents, and of such other help as may be necessary. Reports are required to be made to the fire marshal by all chiefs of fire departments of each and every fire, and where there is no established fire department the report is to be made by the mayor of incorporated cities and towns, and by township clerks outside of incorporated cities and towns. An appropriation of \$13,500 a year is provided for defraying the expenses of the office.

Every applicant for admission to the bar must pass an examination by the board as to his legal attainments, and also as to his preliminary educational qualifications, unless he furnishes proof of such qualification by presenting a diploma or certificate that he is a graduate of a college, high school, normal school or academy, or that he has regularly and in good faith pursued and successfully completed four years of the regular course of an accredited high school, or the certificate of the state board of educational examiners that he has successfully passed an examination by that board, or the certificate of the president of the state university or of any college in this state having an equivalent collegiate or liberal art study, that he has been found on proper certification or examination to be entitled to admission, without condition, as a student of such university or college, for which admission the applicant must have actually and in good faith acquired a general education substantially equivalent to that involved in the completion of a high school course of study of at least four years extent.

STATE OIL INSPECTORS.

Appointed by the Governor. Term two years. Terms expire June, 1915. Compensation Chief Inspector, salary \$150 per month; other Inspectors, \$100 per month.

MELVIN H. BYERS, Des Moines, Chief Inspector.

JOHN P. RISLEY, Davenport.	THOMAS CHANTLAND, Badger.
REDDING M. GARRISON, Cedar Rapids.	CZAR W. KENT, Sioux City.
D. STROCK, Waukon.	G. B. HARDELL, Council Bluffs.
SOLOMON B. HUMBERT, Cedar Falls.	JOHN W. HALL, Osceola.
J. E. WILDMAN, Marshalltown.	JAMES P. EARLY, Albia.
J. W. RAMSEY, Garner.	J. T. SMITH, Burlington.
A. J. PATRICK, Denison.	

The state is divided into fourteen inspection districts which may be changed as the exigencies of the service may require.

An inspector is appointed for each inspection district, one of which is designated as chief inspector, who exercises supervision over the entire inspection service of the state.

Inspectors are furnished by the state with suitable apparatus for making inspection of all illuminating oils sold within the state, which includes miners' oil and oils used for illuminating boats, railway cars and street cars. A sample is taken by the inspector from each tank or barrel and subjected to a test. For petroleum oil (kerosene) the Elliott cup, closed test, is used. If the vapor arising from the heating process ignites at a temperature of 100 degrees or less, the entire lot from which the sample is taken is rejected and

cannot be sold or used for illuminating purposes within the state. If the "flash" does not take place until after 100 degrees is reached it is approved. Miners' oil is subjected to a gravity test of 22 degrees, Taglibue hydrometer, at a temperature of sixty degrees Fahrenheit. Oils used for illuminating boats, street or railway cars are tested to an igniting or burning point of 300 degrees Fahrenheit.

On or before the 15th day of each month, each inspector is required to make a report to the chief oil inspector of state of all inspections made during the previous month, showing each inspection made, for whom and where made, kind of oil, number of tank, degree of test, whether rejected or approved, amount of fees collected, total of oil inspected during the month, and an itemized report of all expenses incurred, amount of fees due inspectors, deputies and branders, all of which must be verified under oath and mailed, together with all fees collected, to the chief oil inspector of state, who is required to approve same before inspector's expenses can be allowed by the executive council and a warrant ordered drawn by the auditor of state in payment thereof. Deputies and branders may be appointed by inspectors when necessary, but must be approved by the executive council. No person interested in the manufacture or sale, either directly or indirectly, in petroleum products can serve as inspector, or act as surety on his official bond, which is fixed by statute at \$5,000.00. Inspectors may be removed for neglect or failure in the performance of their official duties.

All persons for whom inspections are made must report directly to the chief oil inspector of state all inspections made for them for each month.

This is compared with the inspector's report for the same month, and if any discrepancies are found, corrections are required until a complete check is secured.

Rules and regulations for making inspections are formulated and adopted by the state board of health and become effective and a part of the law when approved by the governor.

*Appointed by the Governor. Term two years. Compensation \$5.00 per diem.**

FRANK C. PELLETT, of Atlantic, Cass county.

The governor is authorized to appoint a competent man as inspector of bees. It is the duty of such inspector, when notified in writing by at least three beekeepers of any locality of the existence or supposed existence of the disease known as "foul brood" among the apiaries of the locality, to at once thoroughly examine such apiaries as are reported and thus ascertain where such disease exists. The inspector is given power to make remedial orders as provided for by statute even to the extent of causing to be burned infected colonies of bees in any apiary together with all the colonies and hives in order to prevent the further spread of the disease.

Anyone who knowingly sells, barter or gives away, moves or allows to be moved a diseased colony or colonies of bees or who exposes any infected honey to the bees without the consent of the inspector shall be deemed guilty of a misdemeanor and be liable on conviction to a fine of not less than \$25 nor more than \$100 or to imprisonment in the county jail not exceeding thirty days, or both such fine and imprisonment.

The inspector is required to make an annual report.

BOARD OF VOTING MACHINE COMMISSIONERS.

Appointed by the Governor. Term five years. Compensation not to exceed \$1,500.

J. B. CLASSEN, *President*, Green Mountain.

FRANK A. MATHIS, *Treasurer*, Des Moines.

GEORGE A. NICHOLS, *Secretary*, Estherville.

The voting machine commission was created by an act of the twenty-eighth general assembly, providing for the use of voting machines at all state, county, city, town, and township elections. By this act the governor was authorized to appoint three commissioners, not more than two of whom should be from the same political party. The commissioners are appointed for the term of five years, subject to removal at the pleasure of the governor.

Individuals or corporations owning or interested in any voting machine may call upon the commissioners to examine the said voting machine. After

*Together with expenses, providing the amount to be paid on account of such expenses, shall in no event exceed \$1,500.

such examination the commissioners are to report the results to the secretary of state, giving the capacity of such machine to register the vote of the people, its accuracy and efficiency, and its mechanical perfections or imperfections. This report is to be filed in the office of the secretary of state, and it must state the opinion of the commissioners, whether the kind of machine so examined can be safely used by the voters. Should the report state that the machine can be so used, it shall be deemed approved by the commissioners, and machines of its kind may be adopted and used at the various elections held in the state. For making such examination and report, each commissioner is to receive the sum of \$150 for his compensation and expenses, but no commissioner is to receive an amount in excess of \$1,500 and reasonable expenses in any one year. The fees for examination are to be paid by the individual or corporation owning or interested in the voting machine examined.

Ten voting machines made by as many different companies have been examined and approved by the commission. These are: The John Blocty, examined at Chicago, Ill., July 31, 1900; the Climax, examined at Cedar Rapids, September 15, 1900; the National, examined at Sioux City, December 22, 1903; the Universal, examined at Bloomington, Ill., December 26, 1903; the U. S. Standard, examined at Des Moines, May 31, 1904; the Iowa, examined at Cedar Rapids, July 11, 1905; the Abbott, made by the Abbott V. M. Co., Hudson, Mich., the Universal was re-examined at Moline, Ill., October 29, 1906, and the Glenn voting machine, examined at Cedar Rapids, November 5, 1906. The Glenn V. machine at Cedar Rapids, January 6, 1910, for improvements and attachment for use at primaries. The Empire voting machine submitted by Empire Voting Machine Company, Jamestown, N. Y., at Chicago, Ill., May 24, 1910, and a re-examination of same at Des Moines, Iowa, October 31, 1910. Each of these machines was found to comply with the provisions of the law, above mentioned, and was so reported by the commission to the secretary of state.

The commission in making examinations has not taken into account the manner in which results, required by law, are accomplished by the various machines, the examination having been conducted only along the line of determining whether the machines would or would not comply with the law. The matter of expensiveness of construction is not investigated, this being a matter to be determined between the companies manufacturing the machines and the purchasers, the boards of supervisors and city councils. The machines so far examined vary greatly in construction, some being quite complicated and intricate, and yet each has been shown to perform perfectly the requirements of the law in every respect.

ORGANIZATION.

The supreme court consists of seven judges, four of whom constitute a quorum for the transaction of business, but one alone may adjourn from day to day, or to a particular day, or until the next term.

The judge whose term first expires is the chief justice, and so on in rotation, except when the term of two of the justices expire at the same time the senior in age serves first as chief justice.

JURISDICTION.

The supreme court has appellate jurisdiction only in cases in chancery and constitutes a court for the correction of errors at law. It has appellate jurisdiction over all judgments and decisions of all courts of records, except as otherwise provided by law.

An appeal may also be taken to the supreme court from:

1. An order made affecting a substantial right in an action, when such order, in effect, determines the action and prevents a judgment from which an appeal might be taken;
2. A final order made in special actions affecting a substantial right therein, or made on a summary application in an action after judgment;
3. An order which grants or refuses, continues or modifies a provisional remedy; grants or refuses, dissolves or refuses to dissolve an injunction or attachment; or grants or refuses a new trial; or sustains or overrules a demurrer;
4. An intermediate order involving the merits or materially affecting the final decision;
5. An order or judgment on habeas corpus.

If any of the above orders or judgments are made or rendered by a judge, the same are reviewable, the same as if made by a court.

*Will be chief justice after January 1, 1916.

The supreme court has power to issue all writs and processes necessary to secure justice to parties, and to enforce its appellate jurisdiction, and it may exercise supervisory control over all inferior judicial tribunals.

It may enforce its mandates upon inferior courts and officers by fine and imprisonment, which imprisonment may continue until its mandates are obeyed.

TERMS.

There are three regular terms in each year, held as follows, to-wit: The first term beginning with the second Tuesday in January and ending with the first Monday of May; the second beginning with the first Tuesday after the first Monday in May and ending with the third Monday of September, and the third beginning with the first Tuesday after the third Monday of September and ending with the third Saturday of December.

The time allotted to each term is divided as nearly as practicable into periods of four weeks each, the first part of each period is devoted to the argument and submission of cases, and the second to consultation and the preparation of opinions. Cases assigned for each period are called in their order as shown on the term docket but no more submissions are taken for one period than in the judgment of the court can be properly considered and determined before the next succeeding session. All causes on the docket are heard at each term unless continued or otherwise disposed of by order of court.

The regular public sessions of the court are held in the supreme court room at the capitol, commencing at 9 o'clock A. M., standard time. On Tuesday and Friday of the first and second week of each four weeks' period submission of motions are taken before calling the calendar. Motions noticed for a day when the court is not sitting are taken on the next motion day on which the court sits.

Judgments of affirmance, rulings and orders in causes submitted and orders authorized by law may be made and entered by the court at any time regardless of the term of court.

APPEALS IN CIVIL CASES.

Appeals from the superior and district courts may be taken to the supreme court at any time within six months from the rendition of the judgment or order appealed from, and not afterwards. No appeal shall be taken in any cause in which the amount in controversy between the parties, as shown by the pleadings does not exceed one hundred dollars, unless the trial judge shall, during the term in which judgment is entered, certify that the cause is one in which the appeal should be allowed, and upon such certificate being filed the same shall be appealable regardless of the amount in controversy, but this limitation shall not affect the right of appeal in any action in which an interest in real estate is involved, nor shall the right of appeal be affected by the remission of any part of the verdict or judgment returned or rendered.

APPEALS IN CRIMINAL CASES.

Appeals from the final judgment of the district court may be taken in all criminal cases within six months after the judgment is rendered; and either the defendant or the state may appeal. Upon appeal the supreme court may affirm, reverse or modify the judgment or render such judgment as the district court should have done. It may order a new trial or reduce the punishment, but cannot increase it. If the state appeals, the court cannot reverse or modify the judgment so as to increase the punishment, but may affirm it and shall point out any error in the proceedings and its decision shall be obligatory as law.

SALARY.

The salary of each justice is six thousand dollars (\$6,000) a year. Each general assembly also appropriates sufficient funds for the payment of stenographers, bailiffs and such other incidental expenses as may be incurred by the court.

THE DISTRICT COURTS OF IOWA.

There are at the present time fifty-nine judges of the district court of the state of Iowa. The state is divided into twenty-one judicial districts and each district is entitled to from one to five judges, the number being fixed by statute. The judges are elected for terms of four years and receive an annual salary of \$3,500. Each judge appoints a shorthand reporter, who receives \$8 per day for each day's attendance upon said court, and in case the per diem does not equal \$1,600, then the county or counties composing the district make up the deficiency in proportion to the number of days of court held in such county or counties.

The following is the section of the code governing the jurisdiction of the district court:

SECTION 225. *Jurisdiction—civil, criminal, probate—successor of circuit court.* The district court shall have general original and exclusive jurisdiction of all actions, proceedings and remedies, both civil and criminal, except in cases where exclusive or concurrent jurisdiction is or may hereafter be conferred upon some other court or tribunal by the constitution and laws of the state, and shall have and exercise all the powers usually possessed and exercised by courts of record. It shall also possess and exercise jurisdiction in all appeals and writs of error taken in civil and criminal actions and special proceedings authorized to be taken from all inferior courts, tribunals, boards or officers, under any provisions of the laws of this state, and shall have a general supervision thereof, in all matters, to prevent and correct abuses, where no other remedy is provided.

First. The district court of each county shall have original and exclusive jurisdiction to probate the wills of, and to grant administration upon the estates of, all persons who at the time of their death were residents of the county and of non-residents of the state who die leaving property within the county subject to administration, or whose property is afterwards brought into the county.

Second. To appoint guardians of the persons and property of all persons resident in the county subject to guardianship.

Third. To appoint guardians of the property of all such persons non-residents of the state who have property within the county subject to guardianship, or whose property is afterwards brought into the county.

Fourth. It shall have jurisdiction in all matters in relation to the appointment of executors and trustees, and the management and disposition of the property of and settlement of such estates; *provided*, that where jurisdiction has heretofore been acquired, the same shall be retained until such estate is closed.

The district court shall succeed to and exercise full authority and jurisdiction over the records of the circuit court, and may enforce all judgments, decrees and orders thereof in the same manner and to the same extent as it may exercise like jurisdiction and authority over its own records, and for the purpose of the issuance of process, and of any and all other acts necessary to the due and efficient enforcement of the orders, judgments and decrees of the circuit courts the records thereof shall be deemed records of the district court.

Transcripts and process from the judgments, decrees and records of the circuit court shall be issued by the clerk of the district court and under the seal of his office.

SUPERIOR COURTS.

The statutes provide that any city containing four thousand inhabitants, whether organized under a special charter or under the general law for incorporation of cities and towns, may establish a superior court. There are at present seven of such courts, located respectively in the cities of Council Bluffs, Cedar Rapids, Grinnell, Keokuk, Oelwein, Perry and Shenandoah. The judges are elected for terms of four years and receive an annual salary of \$2,000, which is paid quarterly, the first two quarters being paid from the city treasury and the last two quarters from the county treasury of the county in which said court is located.

The judges of the superior courts appoint a shorthand reporter, who receives five dollars per day for each day's attendance upon said court.

The following is a copy of the section of the code, as amended, governing the jurisdiction of the superior court:

Sec. 260. *Jurisdiction—attachments of real estate—city prisons used.* Said court shall have jurisdiction concurrent with the district court in all civil matters, except in probate matters and actions for divorce, alimony and separate maintenance. It shall have exclusive original jurisdiction to try and determine all actions, civil and criminal, for the violation of city ordinances, and all jurisdiction conferred on police courts as now or as may hereafter be provided by law, and concurred jurisdiction with justices of the peace. Writs of errors and appeals may be taken thereto from justices' courts in the township in which the court is held, and, by consent of parties, from any other township in the county. For the trial of criminal actions on information and complaint, the court shall be open at such times and under such rules as it shall prescribe. In actions by attachment, where real property is levied on by writ of attachment, the officer levying the writ shall make entry thereof in the incumbrance book in the office of the clerk of the district court, in like manner and with like effect as of levies made in the district court. Parties may be committed to the city prison for confinement or punishment, instead of the county jail, at the option of the judge. In the absence of the judge, or in case of his inability to act, then, during such time, proceedings for the violation of city ordinances may be had before a justice of the peace, residing in such city.

Superior courts shall have original concurrent jurisdiction with the district courts of the state of Iowa, in all matters pertaining to the detention and treatment of dipsomaniacs, inebriates and those addicted to the excessive use of

narcotics, as provided in title XII, chapter 2-a of the supplement to the code, 1907, and the same proceeding shall be held so far as applicable. Wherever the words "district judge," "district court" or "judge of the district court" appear in title XII, chapter 2-a the same shall be construed to apply to the superior courts or the judge thereof to the same extent that the same applies to the district court or the judge thereof.

The Board of Control of State Institutions was created under the provisions of chapter 118, laws of the twenty-seventh general assembly, which, with the amendments thereto, clothes the board with full power to manage, control and govern, subject only to the limitations contained in the act, the following named institutions:

- Iowa Soldiers' Home at Marshalltown.
- Iowa Soldiers' Orphans' Home at Davenport.
- School for the Deaf at Council Bluffs.
- Institution for Feeble-minded Children at Glenwood.
- State Sanatorium for the Treatment of Tuberculosis at Oakdale.
- Iowa Industrial School for Boys at Eldora.
- Iowa Industrial School for Girls at Mitchellville.
- Mt. Pleasant State Hospital at Mt. Pleasant.
- Independence State Hospital at Independence.
- Clarinda State Hospital at Clarinda.
- Cherokee State Hospital at Cherokee.
- State Hospital for Inebriates at Knoxville.
- Hospital for Female Inebriates at Mt. Pleasant.
- Penitentiary at Ft. Madison.
- Reformatory at Anamosa.
- Industrial Reformatory for women to be located.
- State Hospital and Colony for Epileptics at Woodward.

The board is required to inspect county and private institutions in which insane persons are kept, associations and societies receiving friendless children and detention homes provided for juvenile offenders.

Prior to July 1, 1898, the foregoing state institutions, except the reformatory and penitentiary, were in charge of separate boards, each of which had its officers and each had a secretary and treasurer.

The board of control was organized on April 6, 1898, and took full control, as provided by statute, on July 1, 1898, of the institutions subject to its control. At that time the various boards of trustees and commissioners ceased to exist.

The board publishes quarterly a bulletin of over one hundred pages, devoted to the scientific investigation of the treatment of insanity and epilepsy and the feeble-minded, and information embodying the experience of soldiers' homes, charitable, reformatory and penal institutions in this and other countries.

As provided by law, under the direction of the board the state institutions under its control are supplied with goods for their support on competitive bids, thus procuring proper supplies at the lowest market prices. An opportunity to bid is afforded anyone who asks for it.

The board is required to investigate the management and financial condition of the state institutions under its control, to determine questions as to the sanity of patients in state hospitals, and to determine when persons shall be admitted to them as state charges, and is required to divide the state into hospital districts. It is required to make biennial reports to the governor and legislature showing the cost of operating the institutions for the preceding two years and to visit all institutions twice each year. Some member of the board or its agent is also required to visit each hospital once each month. It is required to meet the superintendents and other heads of institutions in quarterly conferences, to gather statistics, to publish a bulletin, to require official bonds of certain institution officers, to make a semi-annual invoice of all the stores of the institutions, to fix annually the salaries of officers and employes not fixed by law, and to appoint a state architect and perform other duties provided by law.

SCHOOL FOR THE DEAF—COUNCIL BLUFFS.

Superintendent—HENRY W. ROTHERT.

Physician—ALFRED P. HANCHETT, M. D.

Steward—JOHN F. SCHULTZ.

Matron—JENNIE HAMBEL.

There is a regular appropriation for this institution of \$22 per capita per month for nine months of each year for the payment of officers' and teachers' salaries and for a support fund.

Every resident not less than five or more than twenty-one years of age too deaf to be educated in the common schools, and every such person who is over twenty-one and under thirty-five years of age who has the consent of the board of control is entitled to receive an education in the institution at the expense of the state. Non-residents similarly situated may be entitled to an education therein upon the payment of sixty-six dollars quarterly in advance.

The session of the school begins the first day of October and continues until the last day of June of each year. Pupils should come promptly at the beginning and remain until the end of the session.

IOWA SOLDIERS' HOME—MARSHALLTOWN.

Commandant—CHARLES C. HORTON.

Adjutant—BYRON A. BEESON.

Quartermaster—HORACE J. BENNETT.

STATE BOARD OF CONTROL

Surgeon—HAMILTON P. DUFFIELD, M. D.

Assistant Surgeon—HARRIS ANDREWS NEWELL, M. D.

Chaplain—H. O. PRATT.

Chief Engineer—ROBERT MULLIN.

The United States government pays to the state of Iowa the sum of \$100 per year for each male inmate of the soldiers' home who served in any war in which the United States was engaged, which amount is used as a part of the support fund of the institution.

Persons who have sufficient means for their own support may be admitted to the home on payment of the cost of their support, which cost shall be fixed from time to time by the board of control of state institutions. Provided, however, that no person having sufficient means for his or her own support shall be received or permitted to remain in the home unless there be room for all eligible applicants who do not have such means, but pension money received by any member of the home from the United States government shall not be taken from him for his support in the home.

The regular appropriation by the state is \$15 per month for each member, and \$10 per month for each officer and employe not a member of the home.

IOWA SOLDIERS' ORPHANS' HOME—DAVENPORT.

Superintendent—FRANK J. SESSIONS.

Physician—WILLIAM L. ALLEN, M. D.

Steward—URIAS D. RUNKLE.

Head Matron—HARRIETT R. ROWLES.

There is in connection with this institution a school building, pleasant, commodious and well lighted, and it is the policy of the board to have the course of instruction of a high standard. A kindergarten is operated for the very young pupils.

The age limit beyond which children are not kept in the home is sixteen years. Fewer than 20 per cent remain to the age limit.

A library of well selected juvenile literature is a source of pleasure and profitable entertainment to the children, as from necessity their pastimes and pleasures are somewhat circumscribed.

It is the aim to provide the children with plenty of good, comfortable clothing, and to have them taught to take good care of the same. All their clothing is manufactured at the home, the large girls assisting in its manufacture. The table is supplied with a good variety of plain, wholesome food and a reasonable amount of luxuries.

The home is supported by a regular appropriation of \$14 per month for each inmate and the actual transportation charges of inmates to and from the institution. Each county is liable to the state for the support of its children to the extent of \$6 per month, except soldiers' orphans, who are cared for at the expense of the state.

INSTITUTION FOR FEEBLE-MINDED CHILDREN—GLENWOOD.

Physician and Assistant Superintendent—ROY MOON, M. D.

Assistant Physician—LAWRENCE T. SIDWELL, M. D.

Psychologist—MRS. E. LYONS.

Steward and Storekeeper—ED. C. COOK.

There is a regular appropriation for this institution of \$12 per month for each inmate.

The purposes or objects of this institution are to provide special methods of training for the class of children deficient in mind or marked with such peculiarities as to deprive them of the benefits and privileges provided for chil-

dren with normal faculties. The object is to make each child as nearly self-supporting as practicable, and to approach as nearly as possible the movements and actions of normal people. It further aims to provide a home for those who are not susceptible of mental culture, relying wholly on others to supply their simple wants.

INDUSTRIAL SCHOOL FOR BOYS—ELDORA.

Superintendent—WILLIAM L. KUSER.
Assistant Superintendent—GEORGE H. ILIFF.

Superintendent—LUCY M. SICKELS
Physician—A. H. LEONARD, M. D.
Matron—ELLA C. BARNES.
Storekeeper—MARGARET MCGRATH.

There is appropriated for the support of these schools the sum of \$15 monthly for each boy and \$16 monthly for each girl inmate.

The object of the institutions is the reformation of juvenile delinquents. They are not prisons but compulsory educational institutions where wayward boys and girls are brought under the influence of Christian instructors and taught by example, as well as precept, the better ways of life and where the moral intellectual and industrial education of the child is carried on at one and the same time.

Any boy or girl over ten and under eighteen years of age, excepting married women, prostitutes, or any girl who is pregnant, found guilty in any court of record of any crime excepting that of murder, may be ordered committed, if a boy to the industrial school at Eldora, and if a girl to the industrial school at Mitchellville. Any boy or girl may be discharged, or paroled from the school, at any time after one year's training, upon satisfactory evidence of reformation. They may also in exceptional cases be paroled or discharged in less than one year.

The labor of the prisoners has heretofore been very largely employed in construction of the buildings of the institution. Some twenty-five men have been engaged in the manufacturing of butter tubs on contract. This contract has now been terminated and the work is being carried on wholly by the state. Several other industries have been introduced, which are operated on state account—a large tailor shop, a tinshop and a thoroughly equipped print shop. The entire output of these industries is used by state institutions under the board of control.

This institution has a well equipped department—separate building and separate yard—for the criminal insane. Transfers from the penitentiary are made to this department also.

On July 1, 1909, the management and control of the State University, the Iowa State College of Agriculture and Mechanic Arts, and the Iowa State Teachers College was assumed by the Iowa State Board of Education. This board consists of nine members, who were appointed by the governor and confirmed by the senate, under the provisions of an act of the thirty-third general assembly, approved by the governor March 29, 1909, and effective on publication. By chapter 141 of the acts of the thirty-fourth general assembly, the College for the Blind was placed under the control of this board, Under the

provisions of the law, not more than five members of the board may be members of the same political party; and not more than one alumnus from each of the institutions may be members of the board. As required by the act, three of the members of the board were appointed for two years, three for four years, and three for six years. Subsequent appointments on the board, except to fill vacancies, are to be for terms of six years. Offices at the seat of the state government are to be furnished the board by the executive council, and the board will also maintain an office at each of the three institutions. Members of the board are not required to give bond; and they are to receive a compensation of seven dollars per day for the time actually employed in the performance of their duties not exceeding sixty days in any one year, and are also allowed mileage at the rate of two cents a mile. The board is required to have four regular meetings each year and may hold additional ones on the call of the president or secretary. The duties of the board as set out in the act are as follows:

Sec. 4. The state board of education shall have power to elect a president from its members; a president and treasurer for each of said educational institutions, and professors, instructors, officers and employes; to fix the compensation to be paid to such officers and employes; to make rules and regulations for the government of said schools, not inconsistent with the laws of the state; to manage and control the property, both real and personal, belonging to said educational institutions; to execute trusts or other obligations now or hereafter committed to the institutions; to direct the expenditure of all appropriations the general assembly shall, from time to time, make to said institutions, and the expenditure of any other moneys; and to do such other acts as are necessary and proper for the execution of the powers and duties conferred upon them by law. * * *

Members of the board choose, from outside their own membership, a finance committee of three members, not more than two of whom shall be members of the same political party. Each member of the finance committee receives a compensation of thirty-five hundred dollars a year, and serves for three years unless sooner removed by the board. The board designates one of the finance committee as chairman and one as secretary, and the secretary of this committee also serves as secretary of the board. The secretary has charge of the general offices and of all books and papers of the board at the seat of government. The members of the committee, in addition to their salaries, are entitled to mileage and necessary expenses. Each member of the finance committee is required to file a bond in the sum of \$25,000.00, which is to be approved by the governor. The members of the finance committee are required to visit each of the institutions once a month, and to familiarize themselves with the work there being done.

All official correspondence with the board should be addressed to the secretary of the Iowa State Board of Education, Capitol Building, Des Moines, Iowa.

STATE UNIVERSITY OF IOWA—IOWA CITY.

President—THOMAS HUSTON MACBRIDE, PH. D., LL. D., Iowa City.

Secretary—W. H. BATES, Iowa City.

Financial Agent—W. J. MCCHESENEY, Iowa City.

Superintendent of Grounds and Buildings—J. M. FISKE, Iowa City.

The State University of Iowa, established February 25, 1847.

An act of congress, July 20, 1840, authorized the secretary of the treasury to set apart and reserve from sale lands in the territory of Iowa for the use and support of a university to be established when Iowa should become a state. In 1846 Iowa was admitted into the Union with a constitution which provided that the general assembly should take measures to care for the lands granted and for the application of the income to support the university. In accordance with this provision the first general assembly on February 25, 1847, passed an act establishing and locating at Iowa City a state university. The capitol building and the land upon which it stood were donated to the university

in view of the contemplated removal of the seat of government from Iowa City. Delay in removing the capital prevented the opening of the institution until March, 1855. The organization of departments began in the same year. From 1858 until 1860, owing to the lack of funds, the normal department was the only one in operation, and the university was reorganized in 1860. The law department was established in 1868, the medical department in 1870, the homeopathic medical department in 1876, the dental department in 1882, the department of pharmacy in 1885, the graduate college in 1900, the college of applied science in 1905, the college of fine arts, or Mark Ranney memorial institute of fine arts, in 1911, and the college of education in 1913. In the course of the evolution of the university the various departments became, and now are, colleges.

From 1847 to 1870 the management of the university was in the hands of trustees, elected throughout most of the period by the legislature. In 1870 the legislature substituted a board of regents, consisting, aside from *ex-officio* members, of one member from each congressional district. In 1909, pursuant to an act of the thirty-third general assembly, the control of the state university of Iowa, together with that of the Iowa State Teachers college and the Iowa State College of Agriculture and Mechanic Arts, passed into the hands of a state board of education.

The State University of Iowa is an integral part of the public school system of the state. As contemplated in its establishment, the work of the university is based upon the preparation afforded by the duly accredited high schools of the state, whose students are admitted to the undergraduate and professional courses upon the presentation of the proper certificates—except in the colleges of medicine and law, which require two years of collegiate work in preparation. The state, through the university, undertakes to furnish instruction in the various branches requisite for an education in the liberal arts, law, medicine, dentistry, pharmacy, fine arts, nursing, and engineering. It also aims to encourage research work in all departments.

The university embraces the following colleges and schools:

- The Graduate College;
- The College of Liberal Arts;
- The College of Law;
- The College of Medicine;
- The College of Homeopathic Medicine;
- The College of Dentistry;
- The College of Pharmacy;
- The College of Applied Science;
- The College of Fine Arts or Mark Ranney Memorial Institute;
- The College of Education;
- The School of Commerce;
- The Schools for Nurses (Medical and Homeopathic Medical)
- The School of Music.

Integral parts of the institution are also: The Summer Session, including the Iowa Lakeside Laboratory at Lake Okoboji, the School for Library Training.

The College of Law offers a course of three years leading to the degree of LL. B. For admission two years of study in a liberal arts college are required.

The College of Medicine offers a course of four years leading to the degree of M. D. The college is recognized by the American Medical Association in "Class A plus." Two years of liberal arts study are required for admission.

The College of Homeopathic Medicine offers a course of four years, leading to the degree of M. D. Its departments of surgery, obstetrics and gynecology, ophthalmology, etc., materia medica, and theory and practice of medicine have been established by statute. Its other departments (anatomy, physiology, bacteriology, etc.,) are shared with the College of Medicine.

The College of Dentistry offers a course of three years leading to the degree of D. D. S. This course is likely to be extended to four years in the immediate

future. The college is one of the six leading dental colleges in the country which meet the standards of the Dental Faculties Association of American Universities.

The College of Pharmacy offers a two years' course leading to the degree of B. Phar. and a three years' course leading to the degree of Ph. C.

The College of Applied Science offers courses in civil, sanitary, mechanical, electrical and general engineering, and in chemistry. These are each of four years and lead to the degree of B. E. Advanced degrees are also given in C. E., M. E., etc.

The College of Fine Arts or Mark Ranney Memorial Institute offers a course of four years leading to the degree of B. A., a course of four years leading to the degree of B. Mus., and both general and professional courses in the fine arts (painting, drawing, design, and architecture).

The College of Education unites the various facilities of the university for the training of teachers, with special reference to administrative work and the higher positions. Its courses lead to the certificate of the College of Education.

The Graduate College unites the university's equipment for advanced study and research. It offers work leading to the degrees of M. A., M. S., and Ph. D.

The School of Commerce, established in September, 1914, takes the place of the former School of Political Science and Commerce. It is organized within the College of Liberal Arts and its courses lead to the degree of B. A.

The Schools for Nurses are two in number, one conducted in the university hospital under the direction of the faculty of the College of Medicine, the other in the university homeopathic hospital under the direction of the faculty of the College of Homeopathic Medicine. ¶

The School of Music is a part of the College of Fine Arts. It offers courses in piano, voice, pipe organ, violin, band instruments, and in the history and theory of music.

The summer session of two periods, one of six weeks, from June 21 to July 30, the other of four weeks, from August 2 to August 27, is a regular session of the colleges of Liberal Arts, Fine Arts, Education, Applied Science, and the Graduate College. The session also includes the Iowa Lakeside Laboratory and the School for Library Training.

"Combined courses" in Liberal Arts and professional studies permit the attainment in a shortened period of the double degrees of B. S. or B. A. and M. D.; B. A., and LL. B.; B. S. and D. D. S.; B. S. and B. E.; and D. D. S. and M. D.

Superintendent Buildings and Grounds—THOMAS SLOSS, Ames.

The general scope of the college work as provided by law is as follows:

"There shall be adopted and taught practical courses of study, embracing in their leading branches such as relate to agriculture and the mechanic arts, and such other branches as are best calculated to thoroughly educate the agricultural and industrial classes in the several pursuits and professions of life, including military tactics, and, as a separate department, a school of mines, in which a complete course in theoretical and practical mining in its different branches shall be taught."

On March 22, 1858, the legislature of Iowa passed an act providing for the establishment of a State College of Agriculture.

On July 2, 1862, congress passed what became known as the "First Morrill Endowment Act." This act provided for the donation of public lands to the several states which might found colleges for instruction in the branches of learning relating to agriculture and mechanic arts. The quantity of land

to be donated under the provisions of this act was 30,000 acres for each senator and representative in congress under the census of 1860. Under this grant, land to the amount of 204,300.30 acres was selected and certified to the state by the secretary of the interior. On March 29, 1864, there was approved an act of the legislature turning over to the Iowa State Agricultural College all the land above described.

In addition to this the college of agriculture received 3,200 acres of land in Jasper county, under what was known as the "Five Section Grant." All this land has been sold, and the proceeds constitute a permanent endowment fund amounting at the present time to \$686,777.97. The interest only on the fund can be used for the support of the college.

The college has been further aided by the general government by an act of congress approved August 30, 1890, known as the "Second Morrill Act," which gives the sum of \$25,000.00 per annum for the support of the college, and the Hatch act of March 2, 1887, and the Adams act approved March 16, 1906, which carry \$15,000 each per annum for agricultural experimentation.

For the past ten years the legislature has made a special levy of one-fifth of a mill for the erection of buildings. This is commonly known as the "Millage Tax," and it has resulted in the erection of a number of the finest and most useful buildings on the college campus. This tax expires July 1, 1915, after which an appropriation of \$150,000 per year for two years will be available for erection of buildings.

In addition to this, the various legislatures have made liberal appropriations for the general support of the college.

AGRICULTURAL EXPERIMENT STATION.

CHARLES FRANKLIN CURTISS, B. Sc., D. S., *Director*, Ames.

The Iowa Agricultural Experiment Station was established in accordance with an act of congress, approved March 2, 1887, for the purpose of aiding "in acquiring and diffusing among the people of the United States useful and practical information on subjects connected with agriculture, and to promote scientific investigation and experiments respecting the principles and application of agricultural science."

This station derives its support in part from the national government and in part from the state, as follows: For the year 1914-1915 from the national government \$30,000.00, from the state \$112,000.00.

The work of the Agricultural Experiment Station now includes the following lines of investigation: Soils and farm crops, farm management, animal husbandry, horticulture and forestry, agricultural engineering, botany, dairying, entomology, chemistry and bacteriology. The results of investigations and experiments along these lines are published in bulletin and circulars which are distributed free to all residents of the state who apply for them. During the biennial period ending June 30, 1914, the Agricultural Experiment Station published twenty (20) regular bulletins, nine (9) research bulletins, seventeen (17) circulars, and three (3) press bulletins, making a total of forty-nine (49) bulletins, aggregating over 800,000 copies.

The work of the Agricultural Experiment Station is of direct service to the agricultural interests of the state and nation. The results of experiment station investigations serve as the basis for agricultural instruction from the standpoint of both the college and extension work. It is now universally recognized that little progress can be made by agricultural colleges, either in teaching their students or in carrying information directly to farmers, until definite data have been secured concerning the scientific and practical problems which constitute the basis of our present day agriculture. For this reason the work of the Agricultural Experiment Station is of fundamental importance, and should receive adequate support from both the nation and the state.

ENGINEERING EXPERIMENT STATION.

INCLUDING GOOD ROADS EXPERIMENTATION.

The Engineering Experiment Station was established at the Iowa State College by the legislature of Iowa in 1904, to meet the demands made upon the college, by industrial, urban and agricultural interests for information and assistance. Since its creation, its growth has been rapid, and the demands upon it have more than justified its existence.

From the first the station has carried on original investigations along the lines of vital interest to the people of Iowa, and have published the results in bulletin form for free distribution. Twenty-five thousand dollars (\$25,000) annually is available for this work.

An indication of the experimental work which has been done by the station is shown by the following list of bulletins published. Many of these investigations are being extended, and others of vital importance are under way, and the results will be published in bulletin form for free distribution.

*Out of print.

The station is constantly receiving from cities, counties, corporations and individual citizens of Iowa, samples of cement, brick, tile, sewer pipe, asphalt, iron, steel, wood, stone, gravel, sand, clay, cement materials, fuels, water, sewage, etc., with the request that they be tested or analyzed and the results reported. The volume of such work is increasing, and more and more the Engineering Experiment Station is coming to be considered the final authority to decide many questions of quality of materials, or the value of fuels, clays and other materials. For such tests small charges are made, just safely covering the actual cost of the work.

The station is equipped to make practically any test desired, and has on its staff men whose knowledge and experience fit them to advise upon all phases of industrial and engineering work.

VETERINARY INVESTIGATIONS.

C. H. STANGE, *Dean.*

This work was organized under provisions made by the thirty-fifth general assembly. Considerable information concerning hemorrhagic septicemia in cattle has been secured, and other diseases have been studied. Much time has been given to hog cholera and complications of this disease.

EXTENSION WORK.

R. A. PEARSON, *President.*

The extension work of the Iowa State College of Agriculture and Mechanic Arts is divided into two branches—agricultural extension and engineering extension.

AGRICULTURAL EXTENSION.

R. K. BLISS, *Director.*

The agricultural extension work was established permanently by enactment of the thirty-first general assembly of Iowa. This act provided for giving lectures and demonstrations on the growing of crops and fruits, on stock raising, dairying, land drainage and kindred subjects, including domestic science. Specific mention was made in this act of instruction in corn and stock judging at the agricultural fairs, institutes and clubs and aid in conducting short courses of instruction at suitable places throughout the state.

ENGINEERING EXTENSION.

K. G. SMITH, *Director.*

The thirty-fifth general assembly of Iowa provided an appropriation to establish this work. It includes short courses of instruction in industrial centers and correspondence courses, and special attention is given to the needs of young men wishing to better prepare themselves for expert positions in public service and manufacturing work.

HOG CHOLERA SERUM PLANT.

C. H. STANGE, *Director.*

This work was started under an appropriation of \$35,000 made by the thirty-fifth general assembly for the production of biological products, especially hog cholera serum. The plant is self-supporting. Permanent buildings have been erected. Up to November, 1914, about 10,000,000 cubic centimeters of serum had been produced. This serum was used in treating 4,714 herds. Records show that the serum and virus distributed from the plant during the past season effected a saving of not less than \$3,000,000 to the state.

NATIONAL ELECTION OF 1912.

REPUBLICAN PARTY.

OFFICIAL CALL FOR THE NATIONAL CONVENTION.

To the Republican Electors of the United States:

In accordance with established custom and in obedience to instructions of the Republican National Convention of 1908, the Republican National Committee now directs that a National Convention of delegated representatives of the Republican party be held in the city of Chicago, in the state of Illinois, at 12 o'clock noon, on Tuesday, the 18th day of June, 1912, for the purpose of nominating candidates for President and Vice-President, to be voted for at the presidential election on Tuesday, November 5, 1912, and for the transaction of such other business as may properly come before it.

The Republican electors of the several states and territories, including the District of Columbia, Alaska, Porto Rico and the Philippine Islands, and all other electors without regard to past political affiliation, who believe in the principles of the Republican party and endorse its policies, are cordially invited to unite under this call in the selection of delegates to said convention. Said National Convention shall consist of four delegates-at-large from each state, and two delegates-at-large for each representative-at-large in the Congress, two delegates from each Congressional District, six delegates from each of the Territories, and two delegates each from the District of Columbia, Alaska, Porto Rico and the Philippine Islands. For each delegate elected to this Convention an alternate delegate shall be chosen who shall serve in case of the absence of his principal.

The delegates-at-large and their alternates shall be elected by popular State and Territorial Conventions called by the Republican State or Territorial Committee, of which at least thirty days' notice shall have been published in some newspaper or newspapers of general circulation in the respective State or Territory.

The Congressional District delegates shall be elected by conventions called by the Republican Congressional Committee of each District, of which at least thirty days' notice shall have been published in some newspaper or newspapers of general circulation in the District; provided that in any Congressional District where there is no Republican Congressional Committee, the Republican State Committee shall be substituted for and represent the Congressional Committee in issuing said call and making said publication; and, provided that delegates or their alternates shall be deemed ineligible to participate in State or District or Territorial Convention who were elected prior to the date of the adoption of this call; and, provided that delegates and alternates, both from the State at large and from each Congressional District may be elected in conformity with the laws of the State in which the election occurs if the State Committee or any such Congressional Committee so direct; but, provided further that in no State shall an election be so held as to prevent the delegates from any Congressional District and their alternates being selected by the Republican electors of that District.

The election of delegates from the District of Columbia shall be held under direction and supervision of an Election Board composed of Messrs. Leonard P. Bradshaw, John Lewis Smith and Andrew J. Thomas, of the District of Columbia. This Board shall have authority to fix the date of said election, subject to prior provision herein, and to arrange all details incident thereto; and shall provide for a registration of the votes cast, such registration to include the name and residence of each voter.

The delegates from the Territories and Alaska shall be selected in the manner of electing delegates-at-large from the State as provided herein.

The delegates from Porto Rico and the Philippine Islands shall be elected in conformity with certain rules and regulations adopted by this Committee, copies of which are to be furnished to the Governing Committee of the Republican Party in Porto Rico and the Philippine Islands.

All delegates shall be elected not earlier than thirty days after the date of this call and not later than thirty days before the date of the meeting of the Republican National Convention, for which this call is issued, unless otherwise provided by the laws of a State.

The credentials of each delegate and alternate must be forwarded to the Secretary of the Republican National Committee at Chicago, Illinois, at least twenty days before the date fixed for the meeting of the Convention for use in making up the temporary roll. Where more than the authorized number of delegates are reported to the Secretary of the National Committee a contest shall be deemed to exist, and the Secretary shall notify the several delegates so reported and shall submit all such credentials and claims to the whole Committee for decision as to which delegates reported shall be placed on the temporary roll of the Convention.

All notices of contest shall be submitted in writing accompanied by printed statement setting forth the ground of contest which must be filed with the Secretary of the Committee twenty days prior to the meeting of the National Convention.

In promulgating this call the Secretary of the Republican National Committee is directed to send a copy of it to the member of the National Committee of each State, and enclose therewith a copy of the call for the Chairman and Secretary of the State Executive Committee to be forwarded to said Chairman and Secretary by the member of the National Committee.

NATIONAL PLATFORM.

The Republican Party, assembled by its representatives in national convention, declares its unchanging faith in government of the people, by the people, for the people. We renew our allegiance to the principles of the Republican Party and our devotion to the cause of Republican institutions established by the fathers.

It is appropriate that we should now recall with a sense of veneration and gratitude the name of our first great leader, who was nominated in this city, and whose lofty principles and superb devotion to his country are an inspiration to the party he honored—Abraham Lincoln.

In the present state of public affairs we should be inspired by his broad statesmanship and by his tolerant spirit toward men.

The Republican Party looks back upon its record with pride and satisfaction, and forward to its new responsibilities with hope and confidence. Its achievements in government constitute the most luminous pages in our history.

Our greatest national advance has been made during the years of its ascendancy in public affairs. It has been genuinely and always a party of progress; it has never been either stationary or reactionary. It has gone from the fulfillment of one great pledge to the fulfillment of another in response to the public need and to the popular will.

We believe in our self-controlled representative democracy, which is a government of laws, not of men, and in which order is the prerequisite of progress.

The principles of constitutional government, which makes provision for orderly and effective expression of the popular will, for the protection of civil liberty and the rights of men, and for the interpretation of the law by an untrammelled and independent judiciary, have proved themselves capable of sustaining the structure of a government which, after more than a century of development, embraces 100,000,000 of people, scattered over a wide and diverse territory, but bound by common purpose, common ideals and common affection to the constitution of the United States.

Under the constitution and the principles asserted and vitalized by it, the United States has grown to be one of the great civilized and civilizing powers of the earth. It offers a home and an opportunity to the ambitious and the industrious from other lands.

Resting upon the broad basis of a people's confidence and a people's support, and managed by the people themselves, the government of the United States will meet the problems of the future as satisfactorily as it has solved those of the past.

The Republican Party is now, as always, a party of advanced and constructive statesmanship. It is prepared to go forward with the solution of those new questions which social, economic and political development have brought into the forefront of the nation's interests.

It will strive, not only in the nation but in the several states, to enact the necessary legislation to safeguard the public health; to limit effectively the labor of women and children; to protect wage earners engaged in dangerous occupations; to enact comprehensive and generous workman's compensation laws in

place of the present wasteful and unjust system of employers' liability, and in all possible ways to satisfy the just demand of the people for the study and solution of the complex and constantly changing problems of social welfare.

In dealing with these questions, it is important that the rights of every individual to the freest possible development of his own powers and resources and to the control of his own justly acquired property, so far as those are compatible with the rights of others, shall not be interfered with or destroyed.

The social and political structure of the United States rests upon the civil liberty of the individual, and for the protection of that liberty the people have wisely, in the national and state constitutions, put definite limitations upon themselves and upon their governmental officers and agencies.

To enforce these limitations, to secure the orderly and coherent exercises of governmental powers, and to protect the rights of even the humblest and least favored individuals are the functions of independent courts of justice.

The Republican Party reaffirms its intention to uphold at all times the authority and integrity of the courts, both state and federal and it will ever insist that their powers to enforce their process and to protect life, liberty and property shall be preserved inviolate.

An orderly method is provided under our system of government by which the people may, when they choose, alter or amend the constitutional provisions which underlie that government.

Until these constitutional provisions are so altered or amended, in orderly fashion, it is the duty of the courts to see to it that when challenged they are enforced.

That the courts, both the federal and state, may bear the heavy burden laid upon them to the complete satisfaction of public opinion, we favor legislation to prevent long delays and the tedious and costly appeals, which have so often amounted to a denial of justice in civil cases and to a failure to protect the public at large in criminal cases.

Since the responsibility of the judiciary is so great, the standards of judicial action must be always and everywhere above suspicion and reproach.

While we regard the recall of judges as unnecessary and unwise, we favor such action as may be necessary to simplify the process by which any judge who is found to be derelict in his duty may be removed from office.

Together with peaceful and orderly development at home, the Republican Party earnestly favors all measures for the establishment and protection of the peace of the world and for the development of closer relations between the various nations of the earth.

It believes most earnestly in the peaceful settlement of international disputes and in the reference of all justiciable controversies between nations to an international court of justice.

MONOPOLY AND PRIVILEGE.

The Republican Party is opposed to special privilege and monopoly. It placed upon the statute books the interstate commerce act of 1887, and the important amendments thereto, and the anti-trust act of 1890, and it has consistently and successfully enforced the provisions of these laws.

It will take no backward step to permit the re-establishment in any degree of conditions which were intolerable.

Experience makes it plain that the business of the country may be carried on without fear or without disturbance and at the same time without resort to practice which are abhorrent to the common sense of justice.

The Republican Party favors the enactment of legislation supplementary to the existing anti-trust act which will define as criminal offenses those specific acts that uniformly mark attempts to restrain and to monopolize trade, to the end that those who honestly intend to obey the law may have guide for their action and that those who aim to violate the law may the more surely be punished.

The same certainty should be given to the law prohibiting combinations and monopolies that characterize other provisions of commercial law in order that no part of the field of business opportunity may be restricted by monopoly

or combination, that business success honorably achieved may not be converted into crime and that the right of every man to acquire commodities, and particularly the necessaries of life, in an open market uninfluenced by the manipulation of trust or combination may be preserved.

FEDERAL TRADE COMMISSION.

In the enforcement and administration of federal laws governing interstate commerce and enterprises impressed with a public use engaged therein, there is much that may be committed to a federal trade commission, thus placing in the hands of an administration board many of the functions now necessarily exercised by the courts.

This will promote promptness in the administration of the law and avoid delays and technicalities incident to court procedure.

THE TARIFF.

We reaffirm our belief in a protective tariff. The Republican tariff policy has been of the greatest benefit to the country, developing our resources, diversifying our industries and protecting our workmen against competition with cheaper labor abroad, thus establishing for our wage earners the American standard of living.

The protective tariff is so woven into the fabric of our industrial and agricultural life that to substitute for it a tariff for revenue only would destroy many industries and throw millions of our people out of employment. The products of the farm and of the mine should receive the same measure of protection as other products of American labor.

We hold that the import duties should be high enough, while yielding a sufficient revenue, to protect adequately American industries and wages. Some of the existing import duties are too high, and should be reduced. Readjustment should be made from time to time to conform to changed conditions and to reduce excessive rates, but without injury to any American industry.

To accomplish this correct information is indispensable. This information can best be obtained by an expert commission, as the large volume of useful facts contained in the recent reports of the tariff board has demonstrated.

The pronounced feature of modern industrial life is its enormous diversification. To apply tariff rates justly to these changing conditions requires closer study and more scientific methods than ever before. The Republican Party has shown by its creation of a tariff board, its recognition of this situation, and its determination to be equal to it.

We condemn the Democratic Party for its failure either to provide funds for the continuance of this board or to make some other provision for securing the information requisite for intelligent tariff legislation. We protest against the democratic method of legislating on these vitally important subjects without careful investigation.

We condemn the democratic tariff bills passed by the house of representatives of the Sixty-second congress as sectional, as injurious to the public credit and as destructive of business enterprise.

COST OF LIVING.

The steadily increasing cost of living has become a matter not only of national but of world wide concern. The fact that it is not due to the protective tariff system is evidenced by the existence of similar conditions in countries which have a tariff policy different from our own, as well as by the fact that the cost of living has increased while rates of duty have remained stationary or been reduced.

The Republican Party will support a prompt, scientific inquiry into the causes which are operative, both in the United States and elsewhere, to increase the cost of living.

When the exact facts are known it will take the necessary steps to remove any abuses that may be found to exist, in order that the cost of the food, clothing and shelter of the people may in no way be unduly or artificially increased.

BANKING AND CURRENCY.

The Republican Party has always stood for a sound currency and for safe banking methods. It is responsible for the resumption of specie payments and for the establishment of the gold standard. It is committed to the progressive development of our banking and currency system.

Our banking arrangement today need further revision to meet the requirements of current conditions. We need measures which will prevent the recurrence of money panics and financial disturbances and which will promote the prosperity of business and the welfare of labor by producing constant employment.

We need better currency facilities for the movement of crops in the west and south. We need banking arrangements under American auspices for the encouragement and better conduct of our foreign trade.

In attaining these ends the independence of individual banks, whether organized under national or state charters, must be carefully protected and our banking and currency system must be safeguarded from any possibility of domination by sectional, financial or political interests.

It is of great importance to the social and economic welfare of this country that its farmers have facilities for borrowing easily and cheaply the money they need to increase the productivity of their land. It is as important that financial machinery be provided to supply the demand of farmers for credit as it is that the banking and currency systems be reformed in the interest of general business.

Therefore, we recommend and urge an authoritative investigation of agricultural credit societies and corporations in other countries and the passage of state and federal laws for the establishment and capable supervision of organizations having for their purpose the loaning of funds to farmers.

THE CIVIL SERVICE.

We reaffirm our adherence to the principle of appointment to public office based on proved fitness and tenure during good behavior and efficiency.

The Republican Party stands committed to the maintenance, extension and enforcement of the civil service law, and it favors the passage of legislation empowering the president to extend the competitive service as far as practicable.

We favor legislation to make possible the equitable retirement of disabled and superannuated members of the civil service, in order that a higher standard of efficiency may be maintained.

We favor the amendment of the federal employes' liability law so as to extend its provisions to all government employes as well as to provide a more liberal scale of compensation for injury and death.

CAMPAIGN CONTRIBUTIONS.

We favor such additional legislation as may be necessary more effectually to prohibit corporations from contributing funds, directly or indirectly, to campaigns for the nomination or election of the president, the vice president, senators and representatives in congress.

We heartily approve the recent act of congress requiring the fullest publicity in regard to all campaign contributions, whether made in connection with primaries, conventions or elections.

CONSERVATION POLICY.

We rejoice in the success of the distinctive republican policy of the conservation of our national resources, for their use by the people without waste and without monopoly. We pledge ourselves to a continuance of such a policy.

We favor such fair and reasonable rules and regulations as will not discourage or interfere with actual bona fide homeseekers, prospectors and miners in the acquisition of public lands under existing laws.

PARCELS POST.

In the interest of the general public, and particularly of the agricultural or rural communities, we favor legislation looking to the establishment, under proper regulations, of a parcels post, the postal rates to be graduated under a zone similar in proportion to the length of carriage.

PROTECTION OF AMERICAN CITIZENSHIP.

We approve the action taken by the president and the congress to secure with Russia, as with other countries, a treaty that will recognize the absolute right of expatriation, and that will prevent all discrimination of whatever kind between American citizens, whether native born or alien and regardless of race, religion or previous political allegiance.

The right of asylum is a precious possession of the people of the United States, and it is to be neither surrendered nor restricted.

THE NAVY.

We believe in the maintenance of an adequate navy for the national defense, and we condemn the action of the democratic house of representatives in refusing to authorize the construction of additional ships.

MERCHANT MARINE.

We believe that one of the country's most urgent needs is a revived merchant marine. There should be American ships and plenty of them, to make use of the great American interoceanic canal now nearing completion.

MISSISSIPPI VALLEY FLOOD PREVENTION.

This Mississippi river is the nation's drainage ditch. Its flood waters, gathered from thirty-one states and the Dominion of Canada, constitute an overpowering force which breaks the levees and pours its torrents over many million acres of the richest land in the union, stopping mails, impeding commerce and causing great loss of life and property.

These floods are national in scope and the disasters they produce seriously affect the general welfare. The states unaided cannot cope with this giant problem; hence we believe the federal government should assume a fair proportion of the burden of its control so as to prevent the disasters from recurring floods.

RECLAMATION.

We favor the continuance of the policy of the government with regard to the reclamation of arid land, and for the encouragement of the speedy settlement and improvement of such lands we favor an amendment to the law that will reasonably extend the time within which the cost of any reclamation may be repaid by the land owners under it.

RIVERS AND HARBORS.

We favor a liberal and systematic policy for the improvement of our rivers and harbors. Such improvements should be made upon expert information and after a careful comparison of cost and prospective benefits.

ALASKA.

We favor a liberal policy toward Alaska to promote the development of the great resources of that district, with such safeguards as will prevent waste and monopoly.

We favor the opening of the coal lands to development through a law leasing the lands on such terms as will invite development and provide fuel for the navy and the commerce of the Pacific ocean, while retaining title in the United States to prevent monopoly.

PHILIPPINE POLICY.

The Philippine policy of the republican party has been and is inspired by the belief that our duty toward the Filipino should remain entirely free from partisan politics.

REPUBLICAN PARTY

IMMIGRATION.

We pledge the Republican Party to the enactment of appropriate laws to give relief from the constantly growing evil of induced or undesirable immigration which is inimical to the progress and welfare of the people of the United States.

SAFETY AT SEA.

We favor the speedy enactment of laws to provide that seamen shall not be compelled to endure involuntary servitude and that life and property at sea shall be safeguarded by the ample equipment of vessels with life-saving appliances and with full complements of skilled, able-bodied seamen to operate them.

REPUBLICAN ACCOMPLISHMENT.

The approaching completion of the Panama canal, the establishment of a bureau of mines, the institution of postal savings banks, the increased provision made in 1912 for the aged and infirm soldiers and sailors of the republic and for their widows, and the vigorous administration of the laws relating to pure food and drugs, all mark the successful progress of republican administration, and are additional evidence of its effectiveness.

ECONOMY AND EFFICIENCY.

We commend the earnest effort of the republican administration to secure greater economy and increased efficiency in the conduct of government business. Extravagant appropriations and the creation of unnecessary officers are an injustice to the taxpayer and a bad example to the citizen.

CIVIC DUTY.

We call upon the people to quicken their interest in public affairs, to condemn and punish lynching and other forms of lawlessness, and to strengthen in all possible ways a respect for law and the observance of it. Indifferent citizenship is an evil from which the law affords no adequate protection and for which legislation can provide no remedy.

ARIZONA AND NEW MEXICO.

We congratulate the people of Arizona and New Mexico upon the admission of those states, thus merging in the union in final and enduring form the last remaining portion of our continental territory.

PORTO RICO.

We ratify in all its particulars the platform of 1908 respecting citizenship for the people of Porto Rico.

REPUBLICAN ADMINISTRATION.

We challenge successful criticism of the sixteen years of republican administration under President McKinley, Roosevelt and Taft. We heartily reaffirm the indorsement of President McKinley contained in the platforms of 1900 and 1904 and that of President Roosevelt contained in the platforms of 1904 and 1908.

We invite the intelligent judgment of the American people upon the administration of William H. Taft. The country has prospered and been at peace under his presidency.

During the years in which he had the cooperation of a republican congress an unexampled amount of constructive legislation was framed and passed in the interest of the people and in obedience to their wish. That legislation is a record on which any administration might appeal with confidence to the favorable judgment of history.

We appeal to the American electorate upon the record of the republican party, and upon this declaration of its principles and purposes.

We are confident that under the leadership of the candidates here to be nominated our appeal will not be in vain; that the republican party will meet every just expectation of the people, whose servant it is; that under its administration and its laws our nation will continue to advance; that peace and prosperity will abide with the people and that new glory will be added to the great republic.

STATE CONVENTION TO SELECT DELEGATES TO THE NATIONAL CONVENTION.

OFFICIAL CALL FOR THE STATE CONVENTION.

To the Republican Electors of Iowa:

In accordance with usage and in pursuance of a call of the Republican National Committee, and by direction of the Republican State Central Committee of Iowa, a delegate convention of the republicans of Iowa will be held in the city of Cedar Rapids on Wednesday, April 24, 1912, at 11 o'clock a. m., for the purpose of electing four delegates-at-large and four alternate delegates-at-large to represent Iowa in the Republican National Convention to be held in the city of Chicago, in the state of Illinois, on Tuesday, June 18, 1912.

All republicans and other voters of the state who believe in republican principles, and who endorse the policy of the republican party, are cordially invited to unite under this call for the selection of delegates and alternate delegates to said national convention.

At 10 o'clock a. m. of the day of the aforesaid state convention the delegates from the several districts will meet in caucuses to select the usual committees of the state convention.

The national committee directs: "The congressional district delegates and alternates shall be elected by conventions called by the Republican Congressional Committee of each district, of which at least thirty days' notice shall have been published in some newspaper or newspapers of general circulation in the district; provided that in any congressional district where there is no Republican Congressional Committee the Republican State Central Committee shall be substituted for and represent the congressional committee in issuing said call and making said publication."

It is recommended that the several district conventions as provided above be called at the same time and place as the state convention, in accordance with the custom of this state, and that the hour of convening of these several conventions be fixed at the same time as that of the district caucuses, at 10 o'clock a. m. of April 24, 1912. The state committee will provide separate halls for the holding of these caucuses and district conventions.

The method of selecting the delegates to attend the state convention shall be determined by the committees of the various counties and the method to be used shall be stated in the call issued by the county chairman for the election of these delegates. All delegates shall be chosen not later than ten days before the date of the meeting of the state convention and the credentials of all the delegates should be forwarded to the state chairman at Cedar Rapids at least five days before the meeting of the state convention.

The basis of representation in the said state convention will be as follows: One delegate for each county and one additional delegate for each 200 votes or fraction thereof, of not less than 100, cast for the republican presidential electors at the general election held November 3, 1908, and each county will be entitled to delegates as follows:

DEMOCRATIC PARTY.

OFFICIAL CALL FOR THE NATIONAL CONVENTION.

Washington, D. C., January 9, 1912.

To the Democrats of the United States:

By the authority of the Democratic National Executive Committee a national convention of the democratic party is hereby called to meet in the city of Baltimore, Maryland, on Tuesday, the 25th of June, 1912, at 12 o'clock noon, to nominate candidates for the presidency and vice presidency of the United States, to declare a party platform, and to take such other action as may be deemed advisable.

In addition, the territory of Alaska and the District of Columbia are entitled to six delegates and six alternates each, and six delegates and six alternates likewise allotted each to the Philippines, Hawaii and Porto Rico.

In the choice of delegates and alternates to represent the states and the territories at the said national convention the democratic state or territorial committees may, if not otherwise directed by the law of such states or territories, provide for the direct election of such delegates or alternates if in the opinion of the respective committees it is deemed desirable and possible to do so with proper safeguards. Where such provision is not made by the respective committees for the choice of delegates and alternates, and where the state laws do not provide specifically the manner of such choice, then the delegates and alternates to the said national convention shall be chosen in the manner that governed the choice of delegates from the respective states and territories to the last democratic national convention.

NATIONAL PLATFORM.

We, the representatives of the democratic party of the United states, in national convention assembled, reaffirm our devotion to the principles of the democratic government formulated by Thomas Jefferson and enforced by a long and illustrious line of democratic presidents.

TARIFF REFORM.

We declare it to be a fundamental principle of the democratic party that the federal government under the constitution has no right or power to impose or collect tariff duties except for the purpose of revenue, and we demand that the collection of such taxes shall be limited to the necessities of government, honestly and economically administered.

We favor the immediate downward revision of the existing high, and in many cases, prohibitive tariff duties, insisting that material reductions be speedily made upon the necessities of life. Articles entering into competition with trust controlled products and articles of American manufacture which are sold abroad more cheaply than at home, should be put upon the free list.

We recognize that our system of tariff taxation is intimately connected with the business of the country, and we favor the ultimate attainment of the principles we advocate by legislation that will not injure or destroy legitimate industry.

We denounce the action of President Taft in vetoing the bills to reduce the tariff in the cotton, woolen, metals and chemical schedules and the enormous free list, all of which were designed to give immediate relief to the masses from the exactions of the trusts.

The republican party while promising tariff revision, has shown by its tariff legislation that such revision is not to be in the people's interest, and having been faithless to its pledges of 1908, it should no longer enjoy the confidence of the nation. We appeal to the American people to support us in our demand for a tariff for revenue only.

HIGH COST OF LIVING.

The high cost of living is a serious problem in every American home. The Republican party in its platform attempts to escape from responsibility for present conditions by denying that they are due to a protective tariff. We take issue with them on this subject and charge that excessive prices result in a large measure from the high tariff laws enacted and maintained by the republican party and from trusts and commercial conspiracies fostered and encouraged by such laws, and we assert that no substantial relief can be secured for the people until import duties on the necessities of life are materially reduced and these criminal conspiracies broken up.*

ANTI-TRUST LAW.

A private monopoly is indefensible and intolerable. We therefore favor the vigorous enforcement of the criminal as well as the civil law against trust and trust officials, and demand the enactment of such additional legislation as may be necessary to make it impossible for a private monopoly to exist in the

United States. We favor the declaration by law of the conditions upon which corporations shall be permitted to engage in interstate trade, including among others the prevention of holding companies, of interlocking directors, of stock watering, of discrimination in prices and the control by any one corporation of so large a proportion of any industry as to make it a menace to competitive conditions.

We condemn the action of the republican administration in compromising with the standard oil company and the tobacco trust, and its failure to invoke criminal provisions of the anti-trust law against the officers of those corporations after the court had declared that from the undisputed facts in the record they had violated the criminal provisions of the law.

We regret that the Sherman anti-trust law has received a judicial construction depriving it of much of its efficacy and we favor the enactment of legislation which will restore to the statute the strength of which it was deprived by such interpretation.

RIGHTS OF THE STATE.

We believe in the preservation and maintenance in their full strength and integrity of the three co-ordinate branches of the federal government—the executive, the legislative and the judicial—each keeping within its own bounds and not encroaching upon the just powers of either of the others. Believing that the most efficient results under our system of government are to be attained by the full exercise by the states of their reserved sovereign powers, we denounce as usurpation the efforts of our opponents to deprive the states of any of the rights reserved by them, and to enlarge and magnify by indirection the powers of the federal government.

We insist upon the full exercise of all the powers of the government, both state and national, to protect the people from injustice at the hands of those who seek to make the government a private asset in business. There is no twilight zone between the nation and the state in which exploiting interests can take refuge from both. It is as necessary that the federal government exercise the powers reserved to it as it is for the states the powers reserved to them, but we insist that federal remedies for the regulation of interstate commerce, and for the prevention of private monopoly, shall be added to and not substituted for state remedies.

INCOME TAX AND POPULAR ELECTION OF SENATORS.

We congratulate the country upon the triumph of two important reforms demanded in the last national platform, namely, the amendment of the federal constitution authorizing an income tax, and the amendment providing for the popular election of senators, and we call upon the people of all the states to rally to the support of the pending proposition and secure their ratification.

We note with gratification the unanimous sentiment in favor of publicity before the election of campaign contributions—a measure demanded in our national platform of 1908, and at that time opposed by the republican party—and we commend the democratic house of representatives for extending the doctrine of publicity to recommendations, verbal and written, upon which presidential appointments are made, to the ownership and control of newspapers; and to the expenditures made by and on behalf of those who aspire to presidential nominations, and we point for additional justification for this legislation to the enormous expenditures in behalf of the president and his predecessor in the recent contest for the republican nomination for president.

PRESIDENTIAL PRIMARIES.

The movement towards more popular government should be promoted through legislation in each state which will permit the exception of the preference of the electors for national candidates at presidential primaries.

We direct that the national committee incorporate in the call for the next nominating convention a requirement that all expressions of preference for presidential candidates shall be given and the selection of delegates and alternates made through a primary election conducted by the party organization in each

state where such expression and election are not provided for by state laws. Committeemen who are hereafter to constitute the membership of the democratic national committee and whose election is not provided for by law shall be chosen in each state at such primary elections and the service and authority of committeemen, however chosen, shall begin immediately upon the receipt of their credentials respectively.

CAMPAIGN CONTRIBUTIONS.

We pledge the democratic party to the enactment of a law prohibiting any corporation from contributing to a campaign fund and any individual from contributing any amount above a reasonable maximum.

TERM OF PRESIDENT.

We favor a single presidential term and to that end urge the adoption of an amendment to the constitution making the president of the United States ineligible for re-election, and we pledge the candidate of this convention to this principle.

DEMOCRATIC CONGRESS.

At this time, when the republican party after a generation of unlimited power in its control of the federal government is rent into factions, it is opportune to point to the record of accomplishments of the democratic house of representatives in the Sixty-second congress. We indorse its action and we challenge comparison of its record with that of any congress which has been controlled by our opponents.

We call the attention of the patriotic citizens of our country to its record of efficiency, economy and constructive legislation.

It has, among other achievements, revised the rules of the house of representatives so as to give the representatives of the American people freedom of speech and action in advocating, proposing and perfecting remedial legislation.

It has passed bills for the relief of the people and the development of our country; it has endeavored to revise the tariff taxes downward in the interest of the consuming masses and thus to reduce the high cost of living.

It has proposed an addition to the federal constitution providing for the election of United States senators by direct vote of the people.

It has secured the admission of Arizona and New Mexico as two sovereign states.

It has required the publicity of campaign expenses both before and after election and fixed a limit upon the election expenses of United States senators and representatives. It has also passed a bill to prevent the abuse of the writ of injunction.

It has passed a law establishing an eight hour day for workmen on all national public work.

It has passed a resolution which forced the president to take immediate steps to abrogate the Russian treaty.

And it has passed the great supply bills which lessen waste and extravagance and which reduce the annual expenses of the government by many millions of dollars.

We approve the measure reported by the democratic leaders in the house of representatives for the creation of a council of national defense which will determine a definite national programme with a view to increased efficiency and economy. The party that proclaimed and has always enforced the Monroe doctrine and was sponsor for the new navy, will continue faithfully to observe the constitutional requirements to provide and maintain an adequate and well-proportioned navy sufficient to defend American policies, protect our citizens and uphold the honor and dignity of the nation.

REPUBLICAN EXTRAVAGANCE.

We denounce the profligate waste of the money wrung from the people by oppressive taxation through the lavish appropriations of recent republican congresses which have kept taxes high and reduced the purchasing power of the

people's toil. We demand a return to that simplicity and economy which befits a democratic government and a reduction in the number of useless offices, the salaries of which drain the substance of the people.

RAILROADS, EXPRESS COMPANIES, TELEGRAPH AND TELEPHONE LINES.

We favor the efficient supervision and rate regulation of railroads, express companies, telegraph and telephone lines engaged in interstate commerce. To this end we recommend the valuation of railroads, express companies, telegraph and telephone lines by the interstate commerce commission, such valuation to take into consideration the physical valuation of the property, the original cost, the cost or reproduction and any element of value that will render the valuation fair and just.

We favor such legislation as will effectually prohibit the railroads, express, telephone and telegraph companies from engaging in business which brings them into competition with their shippers or patrons; also legislation preventing the overissue of stocks and bonds by interstate railroads, express companies, telegraph and telephone lines and legislation which will assure such reduction in transportation rates as conditions will permit, care being taken to avoid reduction that would compel a reduction of wages, prevent adequate service or do injustice to legitimate investments.

BANKING LEGISLATION.

We oppose the so-called Aldrich bill or the establishment of a central bank, and we believe the people of the country will be largely freed from panics and consequent unemployment and business depression by such a systematic revision of our banking laws as will render temporary relief in localities where such relief is needed, with protection from control or domination by what is known as the money trust.

Banks exist for the accommodation of the public and not for the control of business. All legislation on the subject of banking and currency should have for its purpose the securing of these accommodations on terms of absolute security to the public and of complete protection from the misuse of the power that wealth gives to those who possess it.

We condemn the present methods of depositing government funds in a few favored banks, largely situated in or controlled by Wall street in return for political favors, and we pledge our party to provide by law for their deposit by competitive bidding in the banking institutions of the country, national and state, without discrimination as to locality, upon approved securities and subject to call by the government.

RURAL CREDITS.

Of equal importance with the question currency reform is the question of rural credits or agricultural finance. Therefore we recommend that an investigation of agricultural credit societies in foreign countries be made, so that it may be ascertained whether a system of rural credits may be devised suitable to conditions in the United States; and we also favor legislation permitting national banks to loan a reasonable proportion of their funds on real estate security.

We recognize the value of vocational education and urge financial appropriation for such training and extension teaching in agriculture in co-operation with the several states.

WATERWAYS.

We renew the declaration in our last platform relating to the conservation of our national resources, and the development of our waterways. The present devastation of the lower Mississippi valley accentuates the movement for the regulation of river flow by additional bank and levee protection below, and the diversion, storage and control of the flood waters above, and their utilization for beneficial purposes in the reclamation of arid and swamp lands, and the development of waterpower, instead of permitting the floods to continue, as heretofore, agents of destruction.

We hold that the control of the Mississippi river is a national problem. The preservation of the depth of its water for the purposes of navigation, the building of levees to maintain the integrity of its channel and the prevention of the overflow of the land, and its consequent destruction, resulting in interruption of interstate commerce, the disorganization of mail service and the enormous loss of life and property impose an obligation which alone can be discharged by the general government.

To maintain an adequate depth of water the entire year and thereby encourage water transportation is a consummation worthy of legislative attention, and an issue national in its character. It calls for prompt action on the part of congress, and the democratic party pledges itself to the enactment of legislation leading to that end.

We favor the co-operation of the United States and the respective states in plans for the comprehensive treatment of all waterways with a view of co-ordinating plans for channel improvement with plans for drainage of swamp and overflowed lands, and to this end we favor the appropriation by the federal government of sufficient funds to make survey of such lands, to develop plans for draining the same, and to supervise the work of construction.

We favor the adoption of a liberal and comprehensive plan for the development and improvement of our inland waterways with economy and efficiency, so as to permit their navigation by vessels of standard draft.

POST ROADS.

We favor national aid to state and local authorities in the construction and maintenance of post roads.

RIGHTS OF LABOR.

We repeat our declarations of the platform of 1908, as follows:

"The courts of justice are the bulwark of our liberties, and we yield to none in our purpose to maintain their dignity. Our party has given to the bench a long line of distinguished justices, who have added to the respect and confidence in which this department must jealously be maintained. We resent the attempt of the republican party to raise false issue respecting the judiciary. It is an unjust reflection upon the great body of our citizens to assume that they lack respect for the courts.

"It is the function of the courts to interpret the laws which the people enact, and if the laws appear to work economic, social or political injustice, it is our duty to change them. The only basis upon which the integrity of our courts can stand is that of unswerving justice and protection of life, personal liberty and property. As judicial processes may be abused, we should guard them against abuse.

"Experience has proven the necessity of a modification of the present law relating to injunctions, and we reiterate the pledges of our platforms of 1896 and 1904 in favor of a measure which passed the United States senate in 1896, relating to contempt in federal courts and providing for trial by jury in cases of indirect contempt.

"Questions of judicial practice have arisen, especially in connection with industrial disputes. We believe that the parties to all judicial proceedings should be treated with rigid impartiality and that injunctions should not be issued in any case in which an injunction would not issue if no industrial dispute were involved.

"The expanding organization of industry makes it essential that there should be no abridgment of the right of the wage earners and producers to organize for the protection of wages and the improvement of labor conditions, to the end that such labor organizations and their members should not be regarded as illegal combinations in restraint of trade.

"We pledge the democratic party to the enactment of a law creating a department of labor represented separately in the president's cabinet, in which department shall be included the subject of mines and mining."

EMPLOYEES' COMPENSATION.

We pledge the democratic party, so far as the federal jurisdiction extends, to an employee's compensation law providing adequate indemnity for injury to body or loss of life.

CONSERVATION.

We believe in the conservation and the development for the use of all the people of the natural resources of the country. Our forests, our sources of water supply, our arable and our mineral lands, our navigable streams and all the other material resources with which our country has been so lavishly endowed, constitute the foundation of our national wealth. Such additional legislation as may be necessary to prevent their being wasted or absorbed by special or privileged interests should be enacted and the policy of their conservation should be rigidly adhered to.

The public domain should be administered and disposed of with due regard to the general welfare. Reservations should be limited to the purposes which they purport to serve, and not extended to include land wholly unsuited therefor. The unnecessary withdrawal from sale and settlement of enough tracts of public land upon which tree growth never existed and cannot be promoted, tends only to retard development, create discontent and bring reproach upon the policy of conservation.

The public land laws should be administered in a spirit of the broadest liberality towards the settler exhibiting a bona-fide purpose to comply therewith, to the end that the invitation of this government to the landless should be as attractive as possible; and the plain provisions of the forest reserve act permitting homestead entries to be made within the national forests should not be nullified by administrative regulations which amount to a withdrawal of great areas of the same from settlement.

Immediate action should be taken by congress to make available the vast and valuable coal deposits of Alaska under conditions that will be a perfect guaranty against their falling into the hands of monopolizing corporations, associations or interests.

We rejoice in the inheritance of mineral resources unequalled in extent, variety or value, and in the development of a mining industry unequalled in its magnitude and importance. We honor the men who, in their hazardous toil underground, daily risk their lives in extracting and preparing for our use the products of the mine, so essential to the industries, the commerce and the comfort of the people of this country. And we pledge ourselves to the extension of the work of the bureau of mines in every way appropriate for national legislation with a view of safeguarding the lives of the miners, lessening the waste of essential resources and promoting the economic development of mining, which, along with agriculture, must in the future, even more than in the past, serve as the very foundation of our national prosperity and welfare and our international commerce.

AGRICULTURE.

We believe in encouraging the development of a modern system of agriculture and a systematic effort to improve the conditions of trade in farm products so as to benefit both the consumers and producers. And as an efficient means to this end we favor the enactment by congress of legislation that will suppress the pernicious practice of gambling in agricultural products by organized exchanges and others.

MERCHANT MARINE.

We believe in fostering by constitutional regulation of commerce the growth of a merchant marine, which shall develop and strengthen the commercial ties which bind us to our sister republics of the south, but without imposing additional burden upon the people and without bounties or subsidies from the public treasury.

We urge upon congress the speedy enactment of laws for the greater security of life and property at sea, and we favor the repeal of all laws and the abro-

gation of so much of our treaties with other nations, as provide for the arrest and imprisonment of seamen charged with desertion or with violation of their contract or service. Such laws and treaties are un-American and violate the spirit, if not the letter, of the constitution of the United States.

We favor the exemption from tolls of American ships engaged in coastwise trade passing through the Panama canal.

We also favor legislation forbidding the use of the Panama canal by ships owned or controlled by railroad carriers engaged in transportation competitive with the canal.

PURE FOOD AND PUBLIC HEALTH.

We reaffirm our previous declaration advocating the union and strengthening of the various governmental agencies relating to pure foods, quarantine, vital statistics and the human health. Thus united and administered without partiality to or discrimination against any school of medicine or system of treatment, they will constitute a single health service, not subordinated to any commercial or financial interests, but devoted exclusively to the conservation of human life and efficiency. Moreover, this health service should co-operate with the health agencies of our various states and cities without interference with their prerogatives or with the freedom of individuals to employ such medical or hygienic aid as they may see fit.

CIVIL SERVICE LAW.

The law pertaining to the civil service should be honestly and rigidly enforced to the end that merit and ability shall be the standard of appointment and promotion, rather than service rendered to a political party; and we favor a reorganization of the civil service with adequate compensation commensurate with the class of work performed, for all officers and employes; we also favor the extension to all classes of civil service employes of the benefits of the provisions of the employers' liability law. We also recognize the right of direct petition to congress by employes for the redress of grievances.

LAW REFORM.

We recognize the urgent need of reform in the administration of civil and criminal law in the United States, and we recommend the enactment of such legislation and the promotion of such measures as will rid the present legal system of the delay, expense and uncertainties incident to the system as now administered.

THE PHILIPPINES.

We reaffirm the position thrice announced by the democracy in national convention assembled, against a policy of imperialism and colonial exploitation in the Philippines or elsewhere. We condemn the experiment in imperialism as an inexcusable blunder which has involved us in enormous expense, brought us weakness instead of strength, and laid our nation open to the charge of abandonment of the fundamental doctrine of self-government. We favor an immediate declaration of the nation's purpose to recognize the independence of the Philippine Islands as soon as a stable government can be established, such independence to be guaranteed by us until the neutralization of the islands can be secured by treaty with other powers. In recognizing the independence of the Philippines our government should retain such land as may be necessary for coaling stations and naval bases.

ARIZONA AND NEW MEXICO.

We welcome Arizona and New Mexico to the sisterhood of states and heartily congratulate them upon their auspicious beginning of great and glorious careers.

ALASKA.

We demand for the people of Alaska the full enjoyment of the rights and privileges of a territorial form of government and we believe that the officials appointed to administer the government of all our territories and the District of Columbia should be qualified by previous bona-fide residence.

THE RUSSIAN TREATY.

We recommend the patriotism of the democratic members of the senate and house of representatives which compelled the termination of the Russian treaty of 1832, and we pledge ourselves anew to preserve the sacred rights of American citizenship at home and abroad. No treaty should receive the sanction of our government which does not recognize the equality of all our citizens, irrespective of race or creed, and which does not expressly guarantee the fundamental right of expatriation.

The constitutional rights of American citizens should protect them on our borders and go with them throughout the world, and every American citizen residing or having property in any foreign country is entitled to and must be given the full protection of the United States government, both for himself and his property.

PARCEL POST AND RURAL DELIVERY.

We favor the establishment of a parcel post or postal express and also the extension of the rural delivery system as rapidly as practicable.

PANAMA CANAL EXPOSITION.

We hereby express our deep interest in the great Panama canal exposition to be held in San Francisco in 1915 and favor such encouragement as can be properly given.

PROTECTION OF NATIONAL UNIFORM.

We recommend to the several states the adoption of a law making it an offense for the proprietors of places of public amusement and entertainment to discriminate against the uniform of the United States similar to the law passed by congress applicable to the District of Columbia and the territories in 1911.

PENSIONS.

We renew the declaration of our last platform relating to a general pension policy.

RULES OF THE PEOPLE.

We call attention to the fact that the democratic party's demand for a return to the rule of the people expressed in the national platform four years ago has now become the accepted doctrine of a large majority of the electors. We again remind the country that only by a larger exercise of the reserved power of the people can they protect themselves from the misuse of delegated power and the usurpation of governmental instrumentality by special interest. For this reason the national convention insists upon the overthrow of Cannonism and the inauguration of a system by which United States senators could be elected by direct vote. The democratic party offers itself to the country as an agency through which the complete overthrow and extirpation of corruption, fraud and machine rule in American politics can be effected.

CONCLUSION.

Our platform is one of principles which we believe to be essential to our national welfare. Our pledges are made to be kept when in office as well as relied upon during the campaign, and we invite the co-operation of all citizens, regardless of party, who believe in maintaining unimpaired the institutions and traditions of our country.

Inasmuch as there is no provision of law for holding a primary election for selection of delegates to the state convention, it is ordered that there shall be held in each county a convention for the selection of such delegates. The time and place of holding said county conventions and the manner of selecting delegates to such a county convention, whether by primary or caucus, shall be determined by the county committees of the respective counties.

All voters subscribing to the fundamental principles of democracy are invited to participate in the selection of delegates to this convention.

By order of the Democratic State Central Committee of Iowa. Done at Des Moines, January 29, 1912.

JNO. F. DALTON, *Secretary*.

N. F. REED, *Chairman*.

The state convention to select delegates to attend the national convention at Baltimore, Maryland, met at Burlington, May 16, 1912.

Temporary Chairman—M. F. HEALY of Fort Dodge.

Permanent Chairman—EMMETT TINLEY of Council Bluffs.

Secretary—FRED BEHRMANN of Decorah.

RESOLUTIONS ADOPTED.

Resolved, That we, the democratic party of Iowa, in convention assembled, affirm its faith and devotion to the principles of democracy, which have held the party together in victory and defeat.

Resolved, That we deplore the republican tariff as a masterpiece of injustice, involving the remorseless exactions from the many to enrich the few. Tariff taxation, like other taxation, should be for public purposes only and not for private gain, and should be so levied as not to discriminate against any section, class, industry or occupation, and should be limited to the actual necessities of the government economically administered.

Resolved, That we believe in the principle of initiative and referendum and we favor legislation putting the same into force.

Resolved, That we approve the prompt action of the democrats in the principles of legislation redeeming the beliefs of our party looking to reduction of the high and unreasonable tariffs and aiding in wresting from the unreasonable protective interests of this country the power that rightfully belongs to the people.

Resolved, That we are in favor of the nomination of all elective officers, including that of president, by direct vote of the people.

Resolved, That we deplore the conduct of President Taft and ex-President Roosevelt in their personal fight for the high office of the presidency, which is a humiliation and a disgrace to the people and beneath the dignity belonging to the high office of president of this great republic.

Resolved, That we express our deep sympathy and regret in the loss that the state and nation has sustained in the death of the eminent patriot and statesman, James B. Weaver.

Whereas, The name of that stalwart democrat, able and experienced statesman, finished scholar and thorough gentleman, the Hon. Champ Clark of Missouri, the present speaker of the national house of representatives, has been presented as a candidate for the democratic nomination, for the presidency; and

Whereas, We have confidence in his democracy, in his integrity and in his statesmanship;

Therefore, be it further resolved, That we, the democrats of the state of Iowa, in convention assembled, do hereby indorse the candidacy of the Hon. Champ Clark of Missouri for the democratic nomination for the presidency of the United States, to be made at the national democratic convention to be held in Baltimore, Md., on the 25th day of June, 1912.

Be it further resolved, That the delegates elected at this convention as delegates to the national democratic convention, to be held in Baltimore, Md., on the 25th day of June, 1912, be instructed to vote as a unit in said national convention for the nomination of the Hon. Champ Clark for president.

PROGRESSIVE PARTY.

On June 22d, 1912, the followers of Theodore Roosevelt who had been in attendance upon the National Republican convention at Chicago, held a meeting at Orchestra Hall immediately after the close of the Republican convention and nominated Theodore Roosevelt for the presidency on a progressive party ticket; the nomination was informal and for the purpose principally of forming a temporary organization. The meeting was presided over by Governor Hiram R. Johnson, of California.

The following resolutions were adopted, following which Mr. Roosevelt was notified and brought to the hall, where he delivered a speech in which he advocated the return of the delegates to their homes to ascertain the sentiment of their respective communities and later gather in a regular convention to nominate a progressive candidate for the presidency on a progressive platform.

RESOLUTIONS.

We, delegates and alternates to the republican national convention, representing a clear majority of the voters of the republican party in the nation, and representing a clear majority of delegates and alternates legally elected to the convention in meeting assembled, make the following declaration:

We were delegated by a majority of republican voters of our respective districts and states to nominate Theodore Roosevelt in the republican national convention as the candidate of our party for president and thereby carry out the will of the voters as expressed at the primaries.

We have earnestly and conscientiously striven to execute the commission entrusted to us by the party voters.

For five days we have been denied justice in the national convention.

This result has been accomplished by the action of the now defunct national committee in placing upon the preliminary roll of the convention and thereby seating upon the floor of the convention a sufficient number of fraudulently elected delegates to control the proceedings of the convention. These fraudulent delegates, once seated, have by concerted action with one another, put themselves upon the permanent roll, where they constitute an influence sufficient to control the convention and defeat the will of the party as expressed at the primaries.

We have exhausted every known means to hold off this conspiracy and to prevent this fraud upon the people without success. We were sent to this convention bearing the most specific instructions to place Theodore Roosevelt in nomination as the candidate of our party for president and we therefore deem it to be our duty to carry out these instructions in the only practicable and feasible way remaining open to us; therefore, be it

Resolved, That we, representing the majority of the voters of the republican party and of the delegates and alternates legally elected to the national republican convention, in compliance with our instructions from the party voters, hereby nominate Theodore Roosevelt as the candidate of our party for the office of president of the United States, and we call upon him to accept such nomination in compliance with the will of the party voters; and be it further

Resolved, That a committee be appointed by the chair to forthwith notify Colonel Roosevelt of the action here taken and request him to appear before us in this hall as soon as convenient.

PROGRESSIVE PARTY.

OFFICIAL CALL FOR THE NATIONAL CONVENTION.

To the people of the United States without regard to past differences who through repeated betrayals realize that today power of the crooked political bosses and of the privileged classes behind them is so strong in the two old party organizations that no helpful movement in the real interest of our country can come out of either.

We believe that the time has come for a national progressive movement, a nation wide movement on non-sectional lines, so that the people may be served in sincerity and truth by an organization unfettered by obligations to conflicting interests.

We believe in the right and capacity of the people to rule themselves and effectively to control all the agencies of their government and who hold that only through social and industrial justice, thus secured can honest property find permanent protection.

Who believe that government by the few tends to become and has in fact become government by the sordid influences that control the few.

Who believe that only through the movement proposed can we obtain in the nation and the several states the legislation demanded by the modern industrial evolution; legislation which shall favor honest business and yet control the great agencies of modern business so as to insure their being used in the interest of the whole people; legislation which shall promote prosperity and at the same time secure the better and more equitable diffusion of prosperity; legislation which shall promote the economic well being of the honest farmer, wage worker, professional man and business man alike, but which shall at the same time strike in efficient fashion and not pretend to strike at the roots of privilege in the world of industry not less than the world of politic.

Who believe that only this type of wise industrial evolution will avert industrial revolution.

Who believe that wholesome party government can come only if there is wholesome party management in the spirit of service to the whole country and who hold that the commandment delivered at Sinai, "Thou shalt not steal," applies to politics as well as to business.

To all in accord with these views a call is hereby issued by the provisional committee under the resolution of the massmeeting held in Chicago on June 22, last, to each state to send a number of delegates whose votes in the convention shall count for as many votes as the state have senators and representatives in congress, to a convention at Chicago on the fifth day of August, 1912, for the purpose of nominating candidates to be supported for the position of president and vice president of the United States.

NATIONAL PLATFORM.

The conscience of the people in a time of grave national problems has called into being a new party, born of the nation's awakening sense of justice.

We of the progressive party here dedicate ourselves to the fulfillment of the duty laid upon us by our fathers to maintain that government of the people, by the people and for the people, whose foundations they laid.

We hold with Thomas Jefferson and Abraham Lincoln that the people are the masters of their convictions, to fulfill its purposes and to safeguard it from those who by perversion of its intent, would convert it into an instrument of injustice. In accordance with the needs of each generation the people must use their severing power to establish and maintain in equal opportunity and justice to secure which this government was founded and without which no republic can endure.

This country belongs to the people who inhabit it. Its resources, its business, its institutions and its laws should be utilized, maintained or altered in whatever manner will best promote the general interest. It is time to set the public welfare in the first place.

THE OLD PARTIES.

Political parties exist to secure responsible government and to execute the will of the people. From these great tasks both of the old parties have turned aside. Instead of instruments to promote the general welfare they have become the tools of corrupt interests, which use them impartially to serve their selfish purposes. Behind the ostensible government sits enthroned invisible government, owing no allegiance and acknowledging no responsibility to the people. To destroy this invisible government, to dissolve the unholy allegiance between corrupt business and corrupt politics is the first task of the statesmanship of the day.

The deliberate betrayal of its trust by the republican party, the fatal incapacity of the democratic party to deal with the new issues of the new time, have compelled the people to forge a new instrument of government through which to give effect to their will in laws and institutions. Unhindered by tradition, uncorrupted by power, undismayed by the magnitude of the task, the new party offers itself as the instrument of the people to sweep away old abuses, to build a new and nobler commonwealth.

A COVENANT WITH THE PEOPLE.

This declaration is our covenant with the people, and we hereby bind the party and its candidates in state and nation to pledges made herein.

THE RULE OF THE PEOPLE.

The national progressive party, committed to the principle by a self-controlled democracy expressing its will through representatives of the people, pledges itself to secure such alterations in the fundamental laws of the several states and of the United States which will insure the representative character of the government.

In particular, the declaration for direct primaries, for the nomination of state and national officers, for nation-wide preferential primaries for candidates for the presidency, for the direct election of United States senators by the people, and we urge on the states the policy of the short ballot with responsibility to the people secured by the initiative, referendum and recall.

AMENDMENT OF CONSTITUTION.

The progressive party, believing that a free people should have the power from time to time to amend their fundamental law so as to adapt it progressively to the changing needs of the people, pledges itself to provide a more easy and expeditious method of amending the federal constitution.

NATION AND STATE.

Up to the limit of the constitution and later by amendment of the constitution if found necessary, we advocate bringing under effective national jurisdiction those problems which have expanded beyond reach of the individual states.

It is as grotesque as it is intolerable that the several states should by unequal laws in matter of common concern become competing commercial agencies, barter the lives of their children, the health of their women and the safety and wellbeing of their working people for the profit of their financial interests.

The extreme insistence on states' rights by the democratic party in the Baltimore platform demonstrates anew its inability to understand the world into which it has survived, or to administer the affairs of a union of states which have in all essential respects become one people.

The progressive party believing that no people can justly claim to be a true democracy which denies political rights on account of sex, pledges itself to the task of securing equal suffrage to men and women alike.

We pledge our party to legislation that will compel strict limitation of all campaign contributions and expenditures, and detailed publicity of both before as well as after primaries and elections.

PUBLICITY AND PUBLIC SERVICE.

We pledge our party to legislation compelling the registration of lobbyists, publicity of committee hearings, except on foreign affairs, and recording of all votes in committees, and forbidding federal appointees from holding office in state or national political organizations or taking part as officers or delegates in political conventions for the nomination of elective state or national officials.

THE COURTS.

The progressive party demands such restriction of the power of the courts as shall leave to the people the ultimate authority to determine fundamental questions of social welfare or public policy. To secure this end it pledges itself to provide—

First—That when an act, passed under the police power of the state, is held unconstitutional under the state constitution by the courts, the people, after an ample interval for deliberation, shall have an opportunity to settle the question whether they desire the act to become a law notwithstanding such a decision.

Second—That every decision of the highest appellate court of a state declaring an act of the legislature unconstitutional on the ground of its violation of the federal constitution shall be subject to the same review by the supreme court of the United States as is now accorded to decisions sustaining such legislation.

ADMINISTRATION OF JUSTICE.

The progressive party in order to secure to the people a better administration of justice and by that means to bring about a more general respect for the law and the courts, pledges itself to work unceasingly for the reform of legal procedure and judicial methods.

We believe that the issuance of an injunction in cases arising out of labor disputes should not be issued when such injunctions would not apply when no labor dispute existed.

We also believe that a person tried for contempt in labor disputes except when such contempt was committed in the actual presence of court or so near there as to interfere with the proper administration of justice should have a right to trial by jury.

SERIAL AND JUSTICE.

The supreme duty of the nation is the conservation of human resources. We pledge ourselves to work in state and nation for:

Effective legislation looking to the prevention of industrial accidents, occupational diseases, over-work, involuntary employment and other injurious effects incident to modern industry. The fixing of minimum safety and health standards for the various occupations and these and the exercise of the public authority on state and national, including the federal control over interstate commerce, and the taxing power, to maintain such standards.

The prohibition of child labor.

Minimum wage standards for working women, to provide a living wage in all industrial occupations. The general prohibition of night work for women and the establishment of an eight hour day for women and young persons.

One day's rest in seven for all wage workers.

The eight hour day in continuous twenty-four hour industries.

The abolition of the convict contract labor system, substituting a system of prison production for governmental consumption only and the application of prisoners' earnings to the support of their dependent families.

Publicity as to wages, hours and conditions of labor; full reports upon industrial accidents and diseases and the public protecting of all weights, measures and check system on labor products.

DEVELOPMENT OF LABOR.

We pledge our party to establish a department of labor with a seat in the cabinet and with wide jurisdiction over matters affecting the conditions of labor and living.

COUNTRY LIFE.

The development and prosperity of country life are as important to the people who live in the city as they are to the farmers. Increasing the prosperity on the farm will favorably affect the cost of living and promote the interests of all who dwell in the country, and all who depend upon its products for clothing, shelter and food.

We pledge our party to foster the development of agriculture and co-operation, and teaching of agriculture in schools, agriculture college extension, the use of mechanical power on the farm, and to re-establish the country life commission, thus directly promoting the welfare of the farmers, and bringing the benefits of better farming, better business and better living within their reach.

HIGH COST OF LIVING.

The high cost of living is due partly to world-wide and partly to local causes; partly to natural and partly to artificial causes. The measures proposed in this platform on such as the tariff, the trusts and conservation, will of themselves remove the artificial causes. There will remain other elements, such as the tendency to leave the country for the city, waste, extravagance, bad system of taxation, poor methods of raising crops and bad business methods in marketing crops. To remedy these conditions requires the fullest information and based on this information effective government supervision and control to remove all the artificial causes. We pledge ourselves to such full and immediate inquiry and to immediate action to deal with every need such inquiry discloses.

HEALTH.

We favor the testing agencies of the federal government dealing with the health into a single national health service without discrimination against or for any one set of therapeutic methods, school of medicine or school of healing, with such additional powers as may be necessary to enable it to perform efficiently such duties in the protection of the public from preventable diseases as may be properly undertaken by the federal authorities, including the execution of existing laws regarding pure food, quarantine and cognate subjects, the promotion of a department for the improvement of vital statistics, the extension of the registration area of such statistics, and co-operation with the health activities of the various states and statistics of the nation.

BUSINESS.

We believe that true popular government, justice and prosperity go hand in hand, and so believing it is our purpose to secure that large measure of general prosperity which is the fruit of legitimate and honest business, fostered by equal justice and by sound progressive laws.

We demand that the test of true prosperity shall be the benefits conferred thereby on all citizens, not confined to individuals or classes, and that the test

of corporate efficiency shall be the ability better to serve the public; that those who profit by the control of business affairs shall justify that profit and that control by sharing with the republic the fruits thereof.

We therefore demand a strong national regulation of interstate corporations. The corporation is an essential part of modern business. The concentration of modern business, in some degree, is both inevitable and necessary for national and international business efficiency. But this existing concentration of vast wealth under a corporate system, unguarded and uncontrolled by the nation, has placed in the hands of a few men enormous, secret, irresponsible powers over the daily life of the citizen—a power insufferable in a free government and certain of abuse.

This power has been abused in monopoly of national resources, in stock watering, in unfair competition and unfair privileges, and finally in sinister influences on the public agencies of state and nation. We do not fear commercial power, but we insist that it shall be exercised openly, under publicity, supervision and regulation of the most efficient sort, which will preserve its good while eradicating and preventing its evils.

FAVORS FEDERAL COMMISSION.

To that end we urge the establishment of a strong federal administrative commission of high standing which shall maintain permanent, active supervision over industrial corporations engaged in interstate commerce, such of them as are of public importance, doing for them what the government now does for the national banks, and what is now done for the railroads by the interstate commerce commission. Such commission must enforce the complete publicity of those corporative transactions which are of public interest; must attack unfair competition, false capitalization and special privileges, and by continuous trained watchfulness guard and keep open equally to all the highways of American commerce.

Thus the business man will have certain knowledge of the law and will be able to conduct his business easily in conformity therewith; the investor will find security for his capital; dividends will be rendered more certain; and the savings of the people will be drawn naturally and safely into the channels of trade.

Under such a system of constructive regulation, legitimate business freed from confusion, uncertainty and useless litigation, will develop enormously with the enterprise of the American business man.

PATENTS.

We pledge ourselves to the enactment of a patent law which will make it impossible for patents to be suppressed or used against the public welfare in the interests of injurious monopolies.

INTERSTATE COMMERCE COMMISSION.

We pledge our party to secure to the interstate commerce commission the power to value the physical property of railroads. In order that the power of the commission to protect the people may not be impaired or destroyed, we demand the abolition of the commerce court.

CURRENCY.

We believe there exists imperative need for prompt legislation for the improvement of our national currency system. We believe the present method of issuing notes through private agencies is harmful and unscientific. The issue of currency is fundamentally a government function and the system should have as basic principles, soundness and elasticity. The control should be lodged with the government and should be protected from domination or manipulation by Wall street or any special interests.

We are opposed to the so-called Aldrich currency bill because its provisions would place our currency and credit system in private hands, not subject to effective public control.

COMMERCIAL DEPARTMENT.

The time has come when the federal government should co-operate with manufacturers and producers in extending our foreign commerce. To this end we demand adequate appropriations by congress and the appointment of diplomatic and consular officers solely with a view to their special fitness and worth and not in consideration of political expediency.

It is imperative to the welfare of our people that we enlarge and extend our foreign commerce. We are pre-eminently fitted to do this because as a people we have developed high skill in the art of manufacturing; our business men are strong executives, strong organizers.

In every way possible our federal government should co-operate in this important matter. Anyone who has had opportunity to observe and study first hand Germany's course in this respect must realize that their policy of co-operation between government and business has in comparatively few years made them a leading competitor for the commerce of the world. It should be remembered that they are doing this on a national scale and with large units of business, while the democrats would have us believe that we should do it with small units of business, which would be controlled, not by the national government, but by forty-nine conflicting state sovereignties. Such a policy is utterly out of keeping with the progress of the times and gives our great commercial rivals in Europe, hungry for international markets, golden opportunities of which they are rapidly taking advantage.

CONSERVATION.

The natural resources of the nation must be promptly developed and generously used to supply the people's needs, but we cannot safely allow them to be wasted, exploited, monopolized or controlled against the general good. We heartily favor the policy of conservation and we pledge our party to protect the national forests without hindering their legitimate use for the benefit of all the people. Agricultural lands in the national forests are and should remain open to the genuine settler. Conservation will not retard legitimate development. The honest settler must receive his patent promptly without hindrance, rules or delays.

We believe that the remaining forest, coal and oil lands, water powers and other natural resources, still in state or national control (except agricultural land) are more likely to be wisely conserved and utilized for the general welfare if held in the public hands. In order that consumers and producers, managers and workmen now and hereafter need not pay toll to private monopolies of power and raw material we demand that such resources shall be retained by the state or nation and opened to immediate use under laws which will encourage development and make to the people a moderate return for benefits conferred.

In particular we pledge our party to require reasonable compensation to the public for water power rights hereafter granted by the public.

We pledge legislation to lease the public grazing lands under equitable provisions now pending which will increase the production of food for the people and thoroughly safeguard the rights of the actual homemaker. National resources whose conservation is necessary for the national welfare should be owned or controlled by the nation.

GOOD ROADS.

We recognize the vital importance of good roads, and we pledge our party to foster their extension in every proper way, and we favor early construction of national highways. We also favor the extension of the rural free delivery service.

ALASKA.

The coal and other natural resources of Alaska should be opened to development at once. They are owned by the people of the United States and are safe from monopoly, waste or destruction only while so owned. We demand that they shall neither be sold nor given away except under the homestead

law, but while held in government ownership shall be opened to use promptly upon liberal terms, requiring immediate development.

Thus the benefit of cheap fuel will accrue to the government of the United States and to the people of Alaska and the Pacific coast; the settlement of extensive agricultural lands will be hastened; the extermination of the salmon will be prevented, and the just and wise development of Alaskan resources will take the place of private extortion or monopoly. We demand also that extortion or monopoly in transportation shall be prevented by the prompt acquisition, construction or improvement by the government of such railroads, harbors and other facilities for transportation as the welfare of the people may need.

We promise the people of the territory of Alaska the same measure of local self-government that was given other American territories and that federal officials appointed shall be qualified by residence in the territory.

WATERWAYS.

The rivers of the United States are the natural arteries of this continent. We demand that they shall be open to traffic as indispensable parts of a great nation-wide system of transportation in which the Panama canal will be the central line, thus enabling the whole inner of the United States to share with the Atlantic and Pacific seaboard in the benefit derived from the canals. It is a national obligation to develop the rivers and especially the Mississippi, and its tributaries, without delay, under a comprehensive general plan covering each river system from its source to its mouth, designed to secure its highest usefulness for navigation, irrigation, domestic supply and the prevention of floods. We pledge our party to the immediate preparation of such a plan which should be made and carried out in close and friendly co-operation between the nation, the states and the cities affected. Under such a plan, the destructive floods of the Mississippi and other streams which represent a great needless loss to the nation, would be controlled by forest conservation and water storage at the head waters, and levees below, land sufficient to supply people would be reclaimed from the deserts and swamps, water power enough to transform the industrial standings of the whole states would be developed, adequate water terminals would be provided, transportation by river would revive and the railroads would be compelled to co-operate as freely with the boat lines as with each other. The equipment, organization and experience acquired in constructing the Panama canal soon will be available for lakes to the gulf and other portions of this great work and should be utilized by the nation in co-operation with the various states, at the lowest net cost to the public.

PANAMA CANAL.

The Panama canal, built and paid for by the American people, must be used primarily for their benefit; we demand that the canal shall be so operated as to break the transportation monopoly now held and misused by the trans-continental railroads by maintaining a competition with them, that ships directly or indirectly owned or controlled by American railroad companies shall not be permitted to use the canal and that American ships engaged in coast-wise trades shall pay no tolls.

The progressive party shall favor legislation having for its aim the development of friendship and commerce between the United States and Latin nations.

TARIFF.

We believe in a protective tariff which shall equalize conditions of competition between the United States and foreign countries, both for the farmer and the manufacturer and which shall maintain for labor an adequate standard of living.

Primarily the benefit of any tariff should be disclosed. We declare that no industry deserves protection which is unfair to labor or which is operating in violation of the federal law. We believe that the presumption is always in favor of the consuming public.

We demand tariff revision because the present tariff is unjust to the people of the United States. Fair dealing toward the people requires an immediate downward revision of those schedules wherein duties are shown to be unjust or excessive.

We pledge ourselves to the establishment of a non-partisan, scientific tariff commission reporting both to the president and to either branch of congress, which shall report the costs of production, efficiency of labor, capitalization, efficiency and the general competitive position in this country and abroad of industries seeking protection from congress; second, as to the revenue-producing power of the tariff and its relation to the resources of government, and, thirdly, as to the effect of the tariff on prices, operations of middlemen and on the purchasing power of the consumer.

We believe that this commission should have plenary powers to elicit information and for this purpose to prescribe a uniform system of accounting for the great protected industries. The work of the commission should not prevent the immediate adoption of acts reducing those schedules generally recognized as excessive.

We condemn the Payne-Aldrich bill as unjust to the people. The republican organization is in the hands of those who have broken and cannot again be trusted to keep the pledge of necessary downward revision.

The democratic party is committed to the destruction of the protective system through a tariff for revenue only—a policy which would inevitably produce wide-spread industrial and commercial disaster. We demand the immediate repeal of the Canadian reciprocity act.

INHERITANCE AND INCOME TAX.

We believe in a graduated inheritance tax as a national means of equalizing the obligations of holders of property to the government, and we hereby pledge our party to enact such a federal law as will tax large inheritances, returning to the states an equitable percentage of all amounts collected. We favor therefore the amendment giving the power to levy an income tax.

PEACE AND NATIONAL DEFENSE.

The progressive party deplors the survival in our civilization of a barbaric system of warfare among nations, with its enormous waste of resources even in time of peace and the consequent impoverishment of the life of the tolling masses. We pledge the party to use its best endeavors to judicial and other peaceful means of settling international differences. We favor an international agreement for limitation of naval forces. Pending such an agreement, and as the best means of preserving peace, we pledge ourselves to maintain for the present the policy of building two battleships a year. We pledge our party to protect the rights of American citizenship at home and abroad. No treaty should receive the sanction of our government which discriminates between American citizens because of birthplace, race or religion, or that does not recognize the absolute rights of them.

IMMIGRANT.

Through the establishment of industrial standards we propose to secure to the able-bodied immigrant and to his native co-workers a larger share of American opportunity. We denounce the fatal policy of indifference and neglect which has left our enormous immigration population to become the prey of chance and cupidity. We favor governmental action to encourage the distribution of immigrants away from the congested cities, to rigidly supervise all private agencies dealing with them, and to promise their assimilation, education and advancement.

PENSIONS.

We pledge ourselves to a wise and just policy of pensioning American soldiers and sailors and their widows and children by the federal government.

And we approve the policy of the southern states in granting pensions to the ex-confederate soldiers and sailors and their widows and children.

PARCELS POST.

We pledge ourselves to the immediate creation of a parcels post, with rates proportionate to distance and service.

CIVIL SERVICE.

We condemn the violations of the civil service law under the present administration, including coercion of subordinate employes and the president's refusal to punish such violation; his distribution of patronage among subservient congressmen while withholding it from those who refused support of administration measures; his withdrawal of nomination of the senate and his open use of the offices to reward those who voted for his renomination. To eradicate these abuses we demand not only the enforcement of the civil service act in letter and speech, but also legislation which will bring under the competitive system collectors and all other non-political offices, as well as enactment of an equitable retirement law, and we also insist upon continuous service during good behavior and efficiency.

GOVERNMENT BUSINESS ORGANIZATION.

We pledge our party to readjustment of the business methods of the government and a proper co-ordination of the federal bureaus, which will increase the economy and efficiency of government service, prevent duplications and secure better results to the taxpayer for every dollar expended.

GOVERNMENT SUPERVISION.

The people of the United States are swindled out of millions of dollars every year through worthless investments. The plain people, the wage earners and the men and women with small savings, have no way of knowing the merit of concerns sending out highly colored prospectuses of stock for sale, prospectuses that make big returns seem certain and fortunes easily within grasp. We hold it to be the duty of the government to protect its people from this kind of piracy. We therefore demand wise legislation that will give us such government supervision over this matter as will furnish to the people of the United States this much needed protection, and we pledge ourselves thereto.

CONCLUSION.

On these principles and on the recognized desire of uniting the progressive forces into an organization which shall represent the progressive party we make this appeal to citizens without regard to their political affiliations.

STATE CONVENTION TO SELECT DELEGATES TO THE NATIONAL CONVENTION.

OFFICIAL CALL FOR THE STATE CONVENTION.

To the people of Iowa, regardless of past or present party affiliations:

Who believe that the time has come for a nation-wide movement on non-sectional lines, so that the people may be served in sincerity and truth by an organization unfettered by obligations to conflicting interests;

Who believe in the right and capacity of the people to rule themselves and fairly to control all the agencies of their government, and who hold that only through social and industrial justice thus secured can honest property find permanent protection;

Who believe that government by the few tends to become and has in fact become government by the sordid influences that control the few—

RESOLUTIONS ADOPTED.

Be it Resolved, By the assembled progressive convention of Iowa:

That the free and independent electors who are delegates to this first state convention of Iowa progressives, for themselves and those whom they have been delegated to represent, dedicate their efforts henceforth to the promotion and perpetuation of those principles of political justice and plain honesty in the conduct of public affairs which lie at the foundation of all government by

and for the people. We believe in political freedom and equality, and we hereby pledge ourselves to the wholesome doctrine that the rights of all are superior to the demands of the few, and that human rights should take precedence over property rights.

FACING NATIONAL CRISIS.

That the time has come for all believers in republican institutions to act together and promptly if their faith is to have fruition. A crisis was forced upon the American people by the Chicago convention in June, which disclosed the inherent evil of the old boss-ruled and committee-controlled convention system. It is a matter of record that in the campaign which preceded that convention in substantially every case wherever the voters had opportunity they declared themselves overwhelmingly against the candidate who had been selected for them by the bosses, and for a candidate who stands unreservedly for progressive principles; yet a small group of these bosses by a series of political misdemeanors and crimes made possible by the survival of a bad political system, reversed the will of the people and deprived them of their choice of candidate for president, dictated the whole course of the convention and tainted its every act with fraud. In these proceedings a national committee demonstrated its subserviency to special interests, defied the men of the rank and file, seated in the convention delegates who do not represent any constituency, and organized the machinery for perpetuation of the system and repeating the fraud in the future. The violation of all principles of political decency was so flagrant that hundreds of the delegates refused to longer participate in the convention, and thousands of free Americans repudiate its action and refuse to be bound by it. The June Chicago convention and its steam rolled nomination represents nothing more than the vicious power of the captains of mercenary politics, and the crooked financiers who stand behind them.

SAME INFLUENCES AT BALTIMORE.

That the evil influences thus manifest permeate the whole political fabric was further demonstrated at the Baltimore convention in July, where the representatives of special privilege in the world of business and their tools and instruments in the world of politics, were able to organize the convention and name the chairman and dictate the terms upon which a nomination should be made. The issue raised is not a partisan one, for the elements that have controlled in one party have their grip upon the other, and it has been again and again demonstrated that where votes in congress, or in conventions are needed to thwart the will of the people, the bosses are able to get them, if not from one party then from another.

There is a moral issue raised by this state of affairs which calls for the courageous action of all good citizens. It goes not only to control of party conventions, but to the whole conduct of national affairs by an administration given over to the service of the great privileged interests. We here utter solemn protest against what has been done at Chicago and Baltimore in two national conventions, and against what has been done and is being done at Washington by a president who has proven recreant to the trust imposed in him, and who long ago definitely and completely abandoned the cause of the people to do the bidding of the bosses.

PURPOSE OF CONVENTION.

The sole purpose of this convention is to select delegates who will go to the convention called to meet in Chicago August 5, 1912, to nominate candidates for president and vice-president, to select candidates for presidential electors in Iowa pledged to the support of the nominees of that convention, and to organize to make the fight in Iowa for those candidates and the principles they espouse. We hereby declare for the nomination and election to the presidency of that foremost citizen of the world and greatest living preacher of political morals, the fearless champion of the people and most effective advocate of progressive principles, Theodore Roosevelt, and as an earnest of his usefulness in the future we adopt as our expression of his achievements in the past, the following from the republican national platform of 1908:

"In this greatest era of American advancement the republican party has reached its highest service under the leadership of Theodore Roosevelt. His administration is an epoch in American history. In no other period since national sovereignty was won under Washington, or preserved under Lincoln, has there been such mighty progress in those ideals of government which make for justice, equality, and fair dealing among men. The highest aspirations of the American people have found a voice. Their most exalted servant represents the best aims and worthiest purposes of all his countrymen. American manhood has been lifted to a nobler sense of duty and obligation. Conscience and courage in public station, and higher standards of right and wrong in private life have become cardinal principles of political faith; capital and labor have been brought into closer relations of confidence and interdependence; and the abuse of wealth, the tyranny of power, and all the evils of privilege and favoritism have been put to scorn by the simple, manly virtues of justice and fair play.

"These are the achievements that will make Theodore Roosevelt his place in history, but more than all else the great things he has done will be an inspiration to those who have yet greater things to do."

OUTLINE OF PRINCIPLES.

We recommend to our delegation to the progressive national convention, that in affirming the national platform the following propositions be supported.

The general application of the principle of nomination by the primary election method.

The selection of United States senators by direct vote.

The principle of the initiative and referendum.

A physical valuation of railroads by a government commission, for purposes of general information of all assessing and rate making bodies.

Preservation to the interstate commerce commission of its rightful authority in the regulation of transportation.

The protective tariff suited to the fostering of labor employed in domestic manufactures, agriculture, mining, and other industries.

Repeal of the statute under which Canada now has the option of acceptance of an unfair trade proposal.

The election of postmasters by the constituency served, the postmasters to be subject to removal by the postoffice department.

Application of the principle of the short ballot.

The aggressive policy for the conservation of natural resources.

The creation of a new department, to be known as the department of labor, the head to be a member of the presidential cabinet. An employers' liability and workmen's compensation law, under which the injuries resulting from the risks and hazards of industry shall be compensated without the present expensive litigation and unsatisfactory adjustments, and whereunder the cost can be added to the cost of production. The abolition of the contract system of employing inmates of penal institutions and substitution of a system under which the products of penal labor shall not come into open competition in the markets with free labor, and under which a part of the earnings of the inmates may be paid to dependents. National legislation under which a state may prevent the importation of penal made goods from another state, and by which each state may protect itself against the abuses of penal labor of other states.

A hearty indorsement of the world-wide movement for the enfranchisement of women.

Finally, we declare our belief that the choice of the people for president is to be made between Theodore Roosevelt and the democratic nominee, and upon this issue we invite the profound judgment of the country in favor of the prospective progressive candidate.

NATIONAL PLATFORM.

The representatives of the socialist party, in national convention at Indianapolis, declare that the capitalist system has outgrown its historical function, and has become utterly incapable of meeting the problems now confronting

society. We denounce this outgrown system as incompetent and corrupt and the source of unspeakable misery and suffering to the whole working class.

Under this system the industrial equipment of the nation has passed into the absolute control of plutocracy, which exacts an annual tribute of hundreds of millions of dollars from the producers. Unafraid of any organized resistance, it stretches out its greedy hands over the still undeveloped resources of the nation—the land, the mines, the forests and the water powers of every state in the union.

In spite of the multiplication of labor-saving machines and improved methods in industry, which cheapen the cost of production, the share of the producers grows ever less, and the prices of all the necessities of life steadily increase. The boasted prosperity of this nation is for the owning class alone. To the rest it means only greater hardship and misery. The high cost of living is felt in every home. Millions of wage-workers have seen the purchasing power of their wages decrease until life has become a desperate battle for mere existence.

Multitudes of unemployed walk the streets of our cities or trudge from state to state awaiting the will of the masters to move the wheels of industry.

The farmers in every state are plundered by the increasing prices exacted for tools and machinery and by extortionate rent, freight rates and storage charges.

Capitalist concentration is mercilessly crushing the class of small business men and driving its members into the ranks of the propertyless wage-workers. The overwhelming majority of the people of America are being forced under a yoke of bondage by this soulless industrial despotism.

It is this capitalist system that is responsible for the increasing burden of armaments, the poverty, slums, child labor, most of the insanity, crime and prostitution, and much of the disease that afflicts mankind.

Under this system the working class is exposed to poisonous conditions, to frightful and needless perils to life and limb, is walled around with court decisions, injunctions and unjust laws, and is preyed upon incessantly for the benefit of the controlling oligarchy of wealth. Under it also, the children of the working class are doomed to ignorance, drudging toil and darkened lives.

In the face of these evils, so manifest that all thoughtful observers are appalled at them, the legislative representatives of the Republican and Democratic parties remain the faithful servants of the oppressors. Measures designed to secure to the wage earners of this nation as humane and just treatment as is already enjoyed by the wage earners of all other civilized nations have been smothered in committee without debate, and laws ostensibly designed to bring relief to the farmers and general consumers are juggled and transformed into instruments for the exaction of further tribute. The growing unrest under oppression has driven these two old parties to the enactment of a variety of regulative measures, none of which has limited in any appreciable degree the power of the plutocracy, and some of which have been perverted into means for increasing that power. Anti-trust laws, railroad restrictions and regulations, with the prosecutions, indictments and investigations based upon such legislation, have proved to be utterly futile and ridiculous.

Nor has this plutocracy been seriously restrained or even threatened by any Republican or Democratic executive. It has continued to grow in power and insolence alike under the administrations of Cleveland, McKinley, Roosevelt and Taft.

In addition to this legislative juggling and this executive connivance, the courts of America have sanctioned and strengthened the hold of this plutocracy as the Dred Scott and other decisions strengthened the slave-power before the civil war. They have been used as instruments for the oppression of the working class and for the suppression of free speech and free assembly.

We declare, therefore, that the longer sufferance of these conditions is impossible, and we purpose to end them all. We declare them to be the product of the present system in which industry is carried on for private greed, instead of for the welfare of society. We declare, furthermore, that for these evils there will be and can be no remedy and no substantial relief except through Socialism, under which industry will be carried on for the common good and every worker receive the full social value of the wealth he creates.

Society is divided into warring groups and classes, based upon material interests. Fundamentally, this struggle is a conflict between the two main classes, one of which, the capitalist class, owns the means of production and the other, the working class, must use these means of production on terms dictated by the owners.

The capitalist class, though few in numbers, absolutely controls the government—legislative, executive and judicial. This class owns the machinery of gathering and disseminating news through its organized press. It subsidizes seats of learning—the colleges and schools—and even religious and moral agencies. It has also the added prestige which established customs give to any order of society, right or wrong.

The working class, which includes all those who are forced to work for a living, whether by hand or brain, in shop, mine or on the soil, vastly outnumber the capitalist class. Lacking effective organization and class solidarity, this class is unable to enforce its will. Given such class solidarity and effective organization, the workers will have the power to make all laws and control all industry in their own interest.

All political parties are the expression of economic class interests. All other parties than the Socialist party represent one or another group of the ruling capitalist class. Their political conflicts reflect merely superficial rivalries between competing capitalist groups. However they result, these conflicts have no issue of real value to the workers. Whether the Democrats or Republicans win politically, it is the capitalist class that is victorious economically.

The Socialist party is the political expression of the economic interests of the workers. Its defeats have been their defeats and its victories their victories. It is a party founded on the science and laws of social development. It proposes that, since all social necessities today are socially produced, the means of their production and distribution shall be socially owned and democratically controlled.

In the face of the economic and political aggressions of the capitalist class the only reliance left the workers is that of their economic organizations and their political power. By the intelligent and class-conscious use of these, they may resist successfully the capitalist class, break the fetters of wage-slavery, and fit themselves for the future society, which is to displace the capitalist system. The Socialist party appreciates the full significance of class organization and urges the wage earners, the working farmers and all other useful workers everywhere to organize for economic and political action, and we pledge ourselves to support the toilers of the fields as well as those in the shops, factories and mines of the nation in their struggles for economic justice.

In the defeat or victory of the working class party in this new struggle for freedom lies the defeat or triumph of the common people of all economic groups, as well as the failure or the triumph of popular government. Thus the Socialist party is the party of the present day revolution, which marks the transition from economic individualism to Socialism, from wage slavery to free co-operation, from capitalist oligarchy to industrial democracy.

WORKING PROGRAM.

As measures calculated to strengthen the working class in its fight for the realization of its ultimate aim, the co-operative commonwealth, and to increase its power of resistance against capitalist oppression, we advocate and pledge ourselves and our elected officers to the following program:

COLLECTIVE OWNERSHIP.

1. The collective ownership and democratic management of railroads, wire and wireless telegraphs and telephones, express services, steamboat lines and all other social means of transportation and communication and all large-scale industries.
2. The immediate acquirements by the municipalities, the states of the federal government of all grain elevators, stock yards, storage warehouses, and other distributing agencies, in order to reduce the present extortionate cost of living.

3. The extension of the public domain to include mines, quarries, oil wells, forests and water power.

4. The further conservation and development of natural resources for the use and benefit of all the people:

(a) By scientific forestation and timber protection.

(b) By the reclamation of arid and swamp tracts.

(c) By the storage of flood waters and the utilization of water power.

(d) By the stoppage of the present extravagant waste of the soil and of the products of mines and oil wells.

(e) By the development of highway and waterway systems.

5. The collective ownership of land wherever practicable, and in cases where such ownership is impracticable, the appropriation by taxation of the annual rental value of all land held for speculation or exploitation.

6. The collective ownership and democratic management of the banking and currency system.

UNEMPLOYMENT.

The immediate government relief of the unemployed by the extension of all useful public works. All persons employed on such works to be engaged directly by the government under a workday of not more than eight hours and at not less than the prevailing union wages. The government also to establish employment bureaus; to lend money to states and municipalities without interest for the purpose of carrying on public works, and to take such other measures within its power as will lessen the widespread misery of the workers caused by the misrule of the capitalist class.

INDUSTRIAL DEMAND.

The conservation of human resources, particularly of the lives and well-being of the workers and their families:

1. By shortening the workday in keeping with the increased productiveness of machinery.

2. By securing to every worker a rest period of not less than a day and a half in each week.

3. By securing a more effective inspection of workshops, factories and mines.

4. By forbidding the employment of children under sixteen years of age.

5. By the co-operative organization of the industries in the federal penitentiaries for the benefit of the convicts and their dependents.

6. By forbidding the interstate transportation of the products of child labor, of convict labor and of all uninspected factories and mines.

7. By abolishing the profit system in government work, and substituting either the direct hire of labor or the awarding of contracts to co-operative groups of workers.

8. By establishing minimum wage scales.

9. By abolishing official charity and substituting a non-contributory system of old-age pensions, a general system of insurance by the state of all its members against unemployment and invalidism and a system of compulsory insurance by employers of their workers, without cost to the latter, against industrial diseases, accidents and death.

POLITICAL DEMANDS.

1. The absolute freedom of press, speech and assemblage.

2. The adoption of a graduated income tax, the increase of the rates of the present corporation tax and the extension of inheritance taxes, graduated in proportion to the value of the estate and to nearness of kin—the proceeds of these taxes to be employed in the socialization of industry.

3. The abolition of the monopoly ownership of patents and the substitution of collective ownership, with direct rewards to inventors by premiums or royalties.

4. Unrestricted and equal suffrage for men and women.

5. The adoption of the initiative, referendum and recall and of proportional representation, nationally as well as locally.

6. The abolition of the Senate and of the veto power of the President.
7. The election of the President and the Vice-President by direct vote of the people.
8. The abolition of the power usurped by the Supreme Court of the United States to pass upon the constitutionality of the legislation enacted by Congress. National laws to be repealed only by act of Congress or by a referendum vote of the whole people.
9. The abolition of the present restrictions upon the amendment of the constitution, so that that instrument may be made amendable by a majority of the voters in the country.
10. The granting of the right of suffrage in the District of Columbia with representation in Congress and a democratic form of municipal government for purely local affairs.
11. The extension of democratic government to all United States territory.
12. The enactment of further measures for general education and particularly for vocational education in useful pursuits. The Bureau of Education to be made a department.
13. The enactment of further measures for the conservation of health. The creation of an independent bureau of health, with such restrictions as will secure full liberty to all schools of practice.
14. The separation of the present Bureau of Labor from the Department of Commerce and Labor and its elevation to the rank of a department.
15. Abolition of all federal district courts and the United States Circuit Courts of Appeals. State courts to have jurisdiction in all cases arising between citizens of the several states and foreign corporations. The election of all judges for short terms.
16. The immediate curbing of the power of the courts to issue injunctions.
17. The free administration of the law.
18. The calling of a convention for the revision of the constitution of the United States.

Such measures of relief as we may be able to force from capitalism are but a preparation of the workers to seize the whole powers of government, in order that they may thereby lay hold of the whole system of socialized industry and thus come to their rightful inheritance.

PROHIBITION PARTY.

OFFICIAL CALL FOR THE NATIONAL CONVENTION.

Headquarters Prohibition National Committee.
 Chicago, February 1, 1912.

This, the official call for the prohibition national convention of 1912, is issued under bright omens of coming victory for the cause of the national prohibition of the liquor traffic, and other reforms faithfully carried into effect by both federal and state governments.

Sustained by the prayers and zeal of thousands of consecrated comrades, the Providential leadership of our cause was never more plainly manifest.

More people than ever before believe it to be the duty of government to protect the weak; not to issue special privileges which authorize plunder and oppression.

Every such special privilege in existence in the United States today is issued directly under the mandate of the republican or democratic party. The prohibition party alone, of all existing national parties, says thou shalt not.

Every thief or grafter in public office today was put there and is kept there by the democratic or republican party. Every law with a "snake" in it was put upon the statute books and is now kept upon the statute books by the republican or democratic party.

Every looted public treasury, every robbery of a franchise, every system of public graft, every unhung murderer, every unconvicted robber from Tammany Hall in New York to that maelstrom of plunder around the Golden Gate, is a monument to the incapacity of the republican and democratic parties to establish good government among this people.

These temples of misrule are crumbling and the people hunger for a political refuge where they will not get their pockets picked.

Therefore, I, the chairman of the prohibition national committee, in accordance with the instructions of that body, hereby invite the prohibitionists of the several states, without regard to past political affiliations, and all citizens who believe in the principles advocated by the prohibition party, to unite in the selection of delegates to the national convention of the prohibition party which is called to meet in Music Hall (Steel Pier), in Atlantic City, New Jersey, at 10 o'clock in the morning of the tenth day of July, 1912, to nominate candidates for president and vice-president, and for the transaction of such other business as may properly come before that convention.

The basis of representation has been fixed by the prohibition national committee, as follows:

Each state and territory is entitled to four delegates-at-large.

Each state is entitled to an additional delegate for each two hundred votes, or major fraction thereof, cast for Eugene W. Chafin for president, in 1908.

The District of Columbia is entitled to two delegates.

Each state, territory and the District of Columbia is entitled to as many alternates as its number of delegates.

The time and manner of electing these delegates and alternates will be determined by the prohibitionists of the various states and territories, subject only to this provision: that in every state where the party has an organized state committee, the delegates must be chosen by such congressional or state conventions as the state central committee may call for that purpose, or by the state committee in such manner as it may determine, conforming to the laws relating thereto in force in the various states.

Complete information concerning forms of credentials, routes and rates of travel, preliminary meetings, etc., will be given in ample time through the general press.

CHARLES R. JONES,
Chairman.

The apportionment of delegates as made by the prohibition national committee for each state, based upon the vote for Eugene W. Chafin for president in 1908, is as follows:

Alabama	7	Michigan	90	South Dakota	24
Arizona	4	Minnesota	60	Tennessee	6
Arkansas	10	Mississippi	4	Texas	12
California	63	Missouri	23	Utah	4

NATIONAL PLATFORM.

The prohibition party in national convention at Atlantic City, N. J., July 10, 1912, recognizing God as the source of all governmental authority makes the following declarations of principles and policies:

1. The alcoholic drink traffic is wrong; is the most serious drain on the wealth and resources of the nation; is detrimental to the general welfare and destructive of the inalienable rights of life, liberty and the pursuit of happiness. All laws taxing or licensing a traffic which produces crime, poverty and political corruption, and spreads disease and death, should be repealed. To destroy such a traffic there must be elected to power a political party which will administer the government from the standpoint that the alcoholic drink traffic is a crime and not a business, and we pledge that the manufacture, importation, exportation, transportation and sale of alcoholic beverages shall be prohibited.

We favor:

2. Suffrage for women on the same terms as for men.
3. A uniform marriage and divorce law. The extermination of polygamy. And the complete suppression of the traffic in girls.
4. Absolute protection of the rights of labor, without impairment of the rights of capital.
5. The settlement of all international disputes by arbitration.
6. The abolition of child labor in mines, workshops and factories, with the rigid enforcement of the laws now flagrantly violated.
7. The election of United States Senators by direct vote of the people.
8. A presidential term of six years, and one term only.
9. Court review of postoffice and other departmental decisions and orders; the extension of the postal savings bank system, and of rural delivery, and the establishment of an efficient parcels post.
10. The initiative, referendum and recall.
11. As the tariff is a commercial question it should be fixed on the scientific basis of accurate knowledge, secured by means of a permanent, omni-partisan tariff commission, with ample powers.
12. Equitable graduated income and inheritance taxes.
13. Conservation of our forest and mineral reserves and the reclamation of waste lands. All mineral and timber lands, and water powers now owned by the government, should be held perpetually, and leased for revenue purposes.
14. Clearly defined laws for the regulation and control of corporations transacting an interstate business.
15. Efficiency and economy in governmental administration.
16. The protection of one day in seven as a day of rest.

To these fundamental principles, the national prohibition party renews its long allegiance, and on these issues invites the co-operation of all good citizens, to the end that the true object of government may be attained, namely, equal and exact justice for all.

In accordance with Section 1087-a27 of the Supplement to the Code, 1907, as amended by Section 16, Chapter 69, Acts of the Thirty-third General Assembly, the duties of this convention

shall be: To formulate and adopt a state platform for the Republican party. To nominate candidates for the party for any state office to be filled by voters of the entire state when no candidate for such office has been nominated at the preceding primary election, as shown by the canvass of the returns of said primary, and for which office there were persons voted for at said primary. To elect a state central committee, and to transact such other business as may properly be brought before it.

At 10 o'clock a. m. of the day of the aforesaid state convention, the delegates from the several congressional districts shall meet in caucuses to transact such business as may properly come before them and select the usual committees of the state convention.

The basis of representation in said state convention shall be as follows: One delegate for each county and one additional delegate for each two hundred votes, or fraction thereof not less than 100, cast for George W. Clarke for governor at the general election held November 5, 1912, and each county will be entitled to delegates as follows:

L. B. WHITNEY,
Secretary.

CHARLES A. RAWSON,
Chairman.

Des Moines, Iowa, June 9, 1914.

Temporary Chairman—PAUL STILLMAN, of Jefferson, Greene County.

Permanent Chairman—WILL E. JOHNSTON, of Ida Grove, Ida county.

Secretary—W. S. COOPER of Winterset, Madison county.

The convention nominated Frank S. Shaw of Toledo, Tama county, as Republican candidate for the office of Auditor of State and adopted a state platform.

STATE PLATFORM.

The democratic party has been in complete control of the national government for less than a year and a half. In that brief period it has turned the general prosperity of 1912 into the general depression of 1914. It has injured the producer without benefit to the consumer. It has destroyed the profit of

the home manufacturer without increasing the wages of labor and without reducing the price which the people must pay. It has increased our imports, diminished our exports and reduced the volume of our domestic production without lessening the cost of living.

It has transferred to foreign countries the work formerly done at home and great numbers of our working men and women are now without employment. It has opened our ports to vast quantities of agricultural products so that the markets of our coast cities are filled with corn and beef from South America, butter and eggs from Asia and wheat and barley from Canada, thus driving our farmers from their own market places without lowering the cost of any of these things to the man who consumes them.

UNWISE FOREIGN POLICY.

It has revised our financial system by strengthening the lender without adding to the facilities of the borrower. It has established a foreign policy which will inevitably involve us in those entangling alliances which our forefathers labored so earnestly to avoid, and which, if carried forward, will fasten upon us the perpetual hostility of our sister republics of this continent, unless we are willing to submit to the pillage of our public treasury to satisfy their demands.

It has filled many of our high officers with appointees not in sympathy with the body of the people, and the less important places by a return to the spoils system.

In all these things, for the proof of which we appeal to the common knowledge of the people, the democratic party has again exhibited its incompetency to conduct the affairs of a great nation.

RATIFY CONVENTION REFORM.

We ratify the action of the National Republican Committee in respect to determining the basis of the representation of the next National Republican Convention. In doing this, however, we do not indorse the election laws of southern states unjustly disfranchising thousands of American citizens in contravention of the fourteenth and fifteenth amendments to the constitution of the United States; and we recommend to the next national convention the further modification of the rules governing the holding of national conventions, to the end that the representation in succeeding national conventions shall be substantially in proportion to the Republican votes cast in each state.

FAVOR TRADE COMMISSION.

We favor such amendments to the Sherman anti-trust law as will make it effective in accomplishing the purposes for which it was enacted, and we indorse the policy of a trade commission for the better control, regulation and enforcement of the laws governing large aggregations of capital, commonly known as trusts; and we favor the enactment of such laws as will completely control the issuance of stock and securities by corporations engaged in interstate commerce by the federal government, to the end that all stock or bonds issued should represent capital actually invested in the enterprise.

FOR EQUALIZING TAX BURDENS.

We adopt as our recommendation to the legislature of the state of Iowa, in the language of Governor Clarke: "That no more of the people's money shall be taken than is necessary for a government so administered that for every dollar taken there shall be realized its full value in a permanent public good; that our revenue laws in the matter of assessments shall be obeyed or revised, to the end that there shall be equality of sacrifice as between individuals and uniformity as between taxing districts and counties, and to the end that tax levies may be very greatly reduced and Iowa known not as a land of high taxes, but as a land of assessments at fair actual value and very moderate rates." And we recommend to the legislature such further legislation as may be necessary to submit to the vote of the people an amendment to the constitu-

tion of the state of Iowa for the taxation of railroads, express and telegraph companies, etc., and exempting and divorcing the counties entirely from taxation for state purposes.

SHORTER BALLOT.

We heartily indorse the principle of the primary law of the state, but believe the law as now enacted should be amended that the ballot will be shortened, and the voters required to vote only for the candidates for the most important state offices and for local candidates.

We favor a law limiting the hours of employment of female labor in commercial and industrial enterprises to ten hours per day.

We are opposed to the contract labor system at our penal institutions and believe that the same should be abolished at the earliest practicable moment.

PRISON FARMS.

We are opposed to the present system of maintaining persons convicted of crimes in the county jails in idleness at the expense of the taxpayers, and believe that the county jail should be used only as a place of detention for persons awaiting trial and petty offenders; that as a substitute for the present jail system there should be established custodial farms so located as to best accommodate the various sections of the state with a sufficient number of industries to provide productive employment for all persons confined at said institutions.

We express our confidence in our public school system, and in the constructive legislation that has aided so much to solve the great problems of modern education.

We commend the legislature for submitting to the voters of Iowa an amendment giving to women of the state an equal right of suffrage, and we further urge the next legislature to take the necessary steps to secure submission of the question to the vote of the people.

INITIATIVE AND REFERENDUM.

We believe that a free government is a government of the people, and therefore we believe that the people should have the right under their state constitution, and under proper safeguards, to initiate and adopt both legislation and amendments to their constitution and to review through the referendum the work of their legislators.

We recommend that such legislation be enacted that will preserve and protect the lakes of Iowa.

We approve of the present law enacted for the protection of children from the burdens of labor, and urge the adoption of a national law, eliminating the employment of children in industrial and commercial pursuits.

We believe that the greatest problem of internal improvement before this state today is the building of better roads and that our road laws should be so further amended as to permit the several counties to finance public road improvements in a similar way as court, school houses and other public works are financed; that all property shall be assessed for said road building according to the state, county, community and private benefit to be derived from such improvement, and we believe that reasonable aid in promoting better roads from both state and nation would be a wise public policy.

FARM LAND BANKS.

Iowa farm lands now furnish the best security in the world. Iowa farmers should be able to borrow money on their lands at as low a rate of interest and on as good terms as the first class municipal corporation can borrow money on their bonds. The Iowa farmer must adopt modern methods in marketing his farm mortgages. He must do as governments and municipalities do—put his security in a form to suit the investing public. For the last hundred years German land bonds have been marketed at as low a rate of interest as state and provincial bonds.

We therefore urge our lawmakers to enact laws to provide for the organization of farm land banks to operate under strict government supervision and control. This government supervision and control will without doubt give American investors the same confidence in the bonds of our farm mortgage banks that the German investors have in the bonds of the farm land banks of Germany.

We most heartily approve of a non-partisan judiciary, but believe that the present nonpartisan judicial primary law works an unnecessary hardship upon qualified candidates for judicial honors, and should be amended or repealed.

INDORSE PRESENT LIQUOR LAWS.

The wise laws enacted by the Republicans of Iowa, that have resulted in the suppression of intemperance and materially aided in arousing and fostering in the state a love of temperance and good government, meet with our most hearty approval and support, and we pledge ourselves to the enforcement of same.

The exercise of the right of ballot is the highest privilege of a citizen in a republic. We, therefore, favor legislation that will enable thousands of voters who, through business or professional duties, are compelled to be away from home on election day to cast their vote at such election.

The Republicans of Iowa, believing that no state is more ably represented in the halls of congress, heartily indorse the public services of its senators, A. B. Cummins and W. S. Kenyon, and its representatives in congress, and we pledge to our candidates for congress the support of the united Republican party, and confidently look forward to the election in November of a solid Republican delegation to the National Congress.

We indorse the able, fearless and conscientious state administration of Governor George W. Clarke and his associates, and pledge to him the same hearty support that we pledge to our delegation in congress.

PROTECTIVE TARIFF.

We emphatically reaffirm our faith in the cardinal policy of protection of the Republican party.

We assert that all tariff duties shall be levied so that it will equalize the differences in the cost of production at home and abroad, and we favor an immediate return to the Republican policy of protection of American industry, American labor and the American farmer; that the differences in cost be ascertained by a commission and that the schedule be changed from time to time to conform to the then existing conditions.

We denounce both the principle and method adopted by the democratic party in arriving at the schedules embodied in the present tariff law, and deplore the effect upon American labor, industries, and producers.

Knowing that the foregoing announcement of the principles of the Republican party are sound, and when carried into effect by the Republican party will be for the best interests of the whole people, we appeal with assurance to the voters of the state for their co-operation and support.

EARL BRONSON,
Secretary.

N. F. REED,
Chairman.

The Democratic State Convention met July 23, 1914, at Council Bluffs and adopted a State Platform.

Temporary Chairman—MAURICE CONNOLLY of Dubuque, Dubuque county.
Permanent Chairman—E. T. MEREDITH of Des Moines, Polk county.
Secretary—J. C. DEMAR of Des Moines, Polk county.

STATE PLATFORM.

The complete platform follows:

"The democracy of Iowa views with mortification and regret the course of the senior senator from Iowa in his unwarranted criticism of Woodrow Wilson. He brings shame upon the state and supplies fresh proof of his selfish purposes. It furnishes a powerful reason why Iowa should substitute for this self-server the Hon. Maurice Connolly, whose aim would be to serve his country and to co-operate with Woodrow Wilson and the democratic party in making the government sensitively responsive to the aspirations of the common people.

"The people should send to Washington as their representative a man who will at all times vote and work to sustain and uphold the hand of the president in his efforts to redeem the pledges of the Democratic party, and to bring about the enactment of laws in harmony with our democratic faith, to the ultimate end that the great reforms to which we are committed may be made realities, and the people of our land made more prosperous, more happy, and more contented, because of just laws honestly made, and honestly enforced.

HAS KEPT THE FAITH.

"The Democracy of Iowa calls the nation to witness that its representatives in the nation have kept the faith. The party has given the people in Woodrow Wilson a chief executive endowed with a vision of democracy, the genius of equipment, the zeal of noble purpose and the morality of the truly great.

"We enthusiastically indorse and commend this administration for the great and successful work that has been accomplished along the line of progressive and beneficial legislation, and hereby express a supreme confidence that under his leadership and direction even greater achievements will result, and that the welfare of the people and the dignity of the nation will be wonderfully enhanced.

"Democracy has given the people a congress whose record of achievement surpasses that of any other in our history.

"It has deprived monopoly of its shelter and taken the taxes off of food. It has effected a downward revision of the tariff, and the Democracy of Iowa rejoices in the evidences of prosperity presented in farm, in office and factory, and points to the prices for all the farmer has to sell in disproof of the false, vicious and hoary doctrine that a tariff on his products is essential to his prosperity.

WHAT IT HAS ACCOMPLISHED.

"It has substituted in the income tax a tax on wealth for a tax on the necessities of life; it has rewritten the banking and currency laws and emancipated banking, industry and commerce from the unnatural and monopolistic control of Wall street; it has rescued the honor of the nation and set its face against subsidies in the repeal of canal tolls exemption; it has put the money of the nation at interest throughout the country, recognizing that there are states beyond New York, and that one is Iowa, a custom that gave to New York banks exclusively the treasury's funds without interest; it has revitalized the principles of the Declaration of Independence and has put this nation foremost among the powers of the world. It has by faith in the right and steady, patient purpose to avoid unjust war opened the way for wiping out of the last vestige of feudalism on the North American continent.

"We commend the policy of the administration in relation to the foreign affairs of the nation. We further assure the administration that the American people view its high standard of international obligations as an adornment to the public service, meriting the lasting gratitude of the party and country.

"We pledge to the taxpayers of Iowa the most painstaking investigation and study of the road problem to the end that the inequalities, waste and inefficiency of the existing system may be remedied in an intelligent manner.

INITIATIVE AND REFERENDUM.

"We favor such changes in the workmen's compensation law as will protect the heads of families engaged in the industries of Iowa against the present unjust discrimination in favor of the unmarried man and the correction of other existing inequalities in the law.

"Favoring as we do the principle of the initiative and the referendum, we recognize in that principle the best method of submitting to the people the question of woman suffrage, questions of extraordinary state expenditures and similar questions of state wide character.

"We are in favor of ascertaining the physical valuation of all railroads to the end that such valuation may be considered in establishing rates for the transportation of commodities and passengers.

"We favor the control by law of the operation and rates of telegraph and telephone service, and are in favor of the government ownership of such, that private monopoly of these means of communication may be abolished.

"We are opposed to the contract labor system in our state reformatories. The system should be entirely abolished at the earliest practicable time. Prison labor must not be exploited for private profit or in unfair competition with free labor.

LIMITING WOMEN'S WORK HOURS.

"We are in favor of the enactment of a law prohibiting the employment of female labor in all of the industries for more than ten hours in any one day or for more than fifty-four hours per week.

"We pledge our support to any measures tending to make farm life more attractive and promising to our young people.

"We favor any just and equitable policy that will increase the business of the home manufacturer and attract to Iowa new legitimate industrial enterprises.

FREE LABOR AGENCIES.

"We are in favor of legislation that will assure to the industrial wage earners the payment of wages at least semi-monthly and immediate payment on dismissal.

"We favor the establishment of a free state labor exchange, under the supervision of the commissioner of labor.

"Reformatories—We favor in connection with our reformatory institutions the introduction of such educational, technical and uplifting training as will assure and facilitate the early, complete and permanent redemption of our unfortunate sisters and brothers and return them to society as useful and self-respecting members.

"In the safe keeping of the teachers rests largely Iowa's future progress. Hence we believe in bending every effort in attracting to and retaining for our public educational work the most perfectly equipped men and women, and to that end favor the pensioning of teachers in their declining years after faithful, efficient and continuous service, and one of the indispensable means.

VOCATIONAL EDUCATION.

"We believe in the state of Iowa, in the Iowa boy and the Iowa girl and reaffirm our allegiance to the public school system of this state, but we demand such an extension thereof as shall grant to them all, rich or poor, the same educational opportunities, both general and technical, so as to equip them all equally well for the battle of life, and to furnish to farm, factory and mine skilled and intelligent help so essential to a healthy future development of the state.

"We favor an early revision of the banking laws of the state so as to extend to our citizens their full share of the additional security and benefits granted under the new federal banking laws.

"We charge the present Republican administration of the state of Iowa with extravagant expenditure of public funds, causing unnecessary increase in taxation, and pledge the Democratic party to the economical and just administration of the offices of the state.

GREETINGS TO WHITE.

"We send greetings to our distinguished leader, Fred E. White, who has rendered his party and the nation great service. We regret his inability to be present and take part in our deliberations, and express our gratification over the fact that he is on the road to a speedy recovery of his old time health and vigor.

"We pledge our support to any legislation that will relieve the children of the state from carrying on their tender shoulders any of the industrial burdens of the times and would penalize the employment of child labor in such a manner as to abolish the same.

"We advocate an amendment to the interstate commerce acts, which will restore the common law rule, that a shipper or passenger should only be bound by a limitation upon the value of property or baggage lost or destroyed through the negligence of any railroad, when the terms of such limitation are brought to the knowledge of and assented to by such shipper or passenger.

STATE ELECTION OF 1914

BALLOT FOR TRAVELERS.

"We consider the right of ballot as the paramount privilege of every citizen of this state, and favor legislation to guarantee to the commercial traveling man, railroad man and others the right to cast their ballots at any regular voting place in this state when they are absent from their homes, and we condemn the Republican legislature for failing to enact legislation along this line."

Dated at Des Moines, Iowa this 27th day of April, 1914.

State, District and Congressional Committees,

By J. H. WYLLIE,

State Chairman.

The Progressive State Convention met in Des Moines July 8, 1914.

Temporary Chairman—J. M. DOWER, Marengo.

Permanent Chairman—J. M. DOWER, Marengo.

Secretaries—LUCIUS WILSON, Cedar Rapids; GEORGE W. KEPHART, Sioux City.

The following resolutions were adopted:

RESOLUTIONS.

1st. We reaffirm our allegiance to the Progressive National Platform of 1912 and to Theodore Roosevelt and the other leaders, in their fight for social and industrial justice, and against the party bosses.

2d. We favor the primary for the nomination of candidates for public office, but believe that the present primary law should be amended so as to simplify it, and make it more responsive to the will of the people.

3d. We favor the development of a system of rural credits that will afford our farmers better facilities for borrowing money on their farms on long time at a reasonable rate of interest.

4th. We believe that every class of property should bear its fair portion of the cost of government; we believe that our present taxation laws are inequitable, and that property is taxed on an unequal basis; that income should be considered in taxing farms as well as railroad properties.

We favor the adoption of the proposed amendment to our constitution, enabling the legislature to tax railroads and other state wide utilities solely for state purposes, thereby making the county the unit for purposes of taxation and avoiding the necessity of equalization by the Executive Council.

5th. We stand for the right of the workingmen to organize in Unions, and for the rights of Unions to be recognized in dealing with employers.

6th. We favor the establishment of a Bureau of Employment in the Department of Labor to the end that the number of unemployed in the United States may be lessened by bringing together workmen seeking employment and employers seeking workmen.

8th. We congratulate the country on the practical completion of the great Panama Canal, made possible by the wise statesmanship and prompt action of the Roosevelt administration. We denounce the proposed treaty of the United States with Columbia as un-American and an unworthy attempt by the present administration to discredit that former administration.

9th. We favor the employment of inmates of the State Institutions in manufacturing and producing goods for State consumption only.

10th. We especially endorse the National Platform in respect to its provisions relative to equal suffrage.

11th. We especially commend the tariff and trust planks in the National Platform of 1912.

12th. We believe that the manufacture and sale of intoxicating liquor for a beverage is a social and economic evil both State and National. Therefore, believing in the rule of the people, we favor the submission of an amendment to both our State and National constitutions prohibiting the manufacture and sale of intoxicating liquors for a beverage.

OFFICIAL CALL OF STATE CONVENTION TO BE HELD AT DES MOINES,
JULY 4, 1914.

To the County Organizations and Members, Socialist Party of Iowa.

Greetings: The state convention of the socialist party of Iowa is called to be held in Trades Assembly Hall, Sixth and Plum street, Des Moines, Iowa, July 4th, 1914, and will convene at 9 o'clock a. m.

The purpose of the convention is to adopt a platform, fill vacancies that may exist in our state ticket and transact any other business that may properly come before it.

The ratio of representation as adopted by the state committee of the socialist party of Iowa is as follows: One delegate for every ten votes or major fraction thereof cast for I. S. McCrillis for governor in 1912, but nothing in this motion shall be construed as arbitrarily limiting the representation. Every red card member should have a voice in the convention if so desired.

It might be well to state in the above connection that while every red card member desiring it should have a voice in the convention this should not be understood as giving each comrade present a full vote, inasmuch as the election law provides that the holding of county conventions is mandatory and specifying that county conventions shall select delegates to the state convention according to the ratio of representation determined on.

I. S. MCCRILLIS,

State Secretary.

Temporary Chairman—L. M. FARNSWORTH, of Marshalltown.

Permanent Chairman—J. J. JACOBSEN, of Des Moines.

Secretary—J. ARCHIBALD, of Avery.

The convention adopted the following state platform:

E. G. POPEJOY,
State Chairman.

STATE PLATFORM.

The socialist party of Iowa in convention assembled at Des Moines, July 4, 1914, reaffirms its adherence to the principles of international socialism and endorses the platform of the socialist party of the United States as adopted at Indianapolis, Ind., May 12, 1914.

Food, clothing and shelter are the three absolute essentials of human life. The manner in which these three fundamental necessities are obtained by a people determine in a very large degree their development in any direction. They will never rise higher in the scale of physical efficiency, ethical culture or intellectual growth than the measure of fairness that enters into production and distribution of their wealth.

The character of the tools of production determine the method of production. Formerly these tools were simple, inexpensive, individually used. The worker could accordingly own them, employ himself and enjoy his product. The product of labor always has and always will go to the owner of the means of production.

The evolution of the tool has revolutionized industry from individual hand work to collective machine work. The means of production have become so complex and expensive the workers cannot use them individually nor can they own them individually. Yet it is absolutely certain that if the workers are to employ themselves and get their product they must own the means of production, and the only possible way they can own them is collectively.

The capitalists now own the means of production privately and are able therefore to dictate to the disinherited workers the term of access to them, place and manner of using them and who shall have the product.

In spite of the fact that the modern means of production created by the joint efforts of the workers have vastly increased their productive power the struggle of the workers for food, clothing and shelter grows in intensity because the capitalist class have a monopoly on the means of wealth production and distribution.

The working class is at the mercy of the capitalist class who have production carried on primarily for profit, regardless of the workers' needs. The improved methods of machine production becoming more widespread and thus intensifying the struggle for markets, is forcing the capitalist class to form combines and trusts and this in turn increases the uncertainty of employment for the workers.

This natural, unavoidable process of centralization having reached a comparative limit in trade, manufacture and transportation now seeks a new outlet. Agriculture offers the next and last great field for capitalist development and exploitation.

In the face of the "back to the soil" agitation the population of Iowa has decreased more than 12,000 since 1900. Centralization of ownership of land into the hands of the few, has increased the size of Iowa farms, and decreased

their number materially. The introduction of labor-saving machinery into the field of agriculture has greatly facilitated production and decreased the number of workers required to till the soil. This factor together with the great increase in land values is compelling the worker to leave the state and seek employment and cheaper land in less developed sections of the country.

The capitalist class is able to control the destinies of society by its ownership of the industrial forces. Its ownership is legal because it controls the political machinery by which laws are made and enforced, and has therefore seen to it that the laws are made in its interests. It controls the political machinery by and through political parties.

The republican and democratic parties, and all parties except the socialist party, are the parties of the capitalist class in the United States. They are organized for the purpose of serving the interests of the capitalist class and they therefore stand for capitalism with all its legitimate fruits; exploitation of the workers, inability to employ, feed, clothe and shelter the willing workers, periodical breakdowns called panics, widespread and increasing poverty in spite of increased production, hypocritical dispensing of degrading and repulsive charity to keep the workers quiet and salve the consciences of the capitalists, forcing of women and children into the industries and men into idleness, prostitution, divorce, illiteracy, crime, suicide, insanity and wholesale murder by the capitalists through unsafe mechanical appliances and unsanitary conditions because these yield larger profits.

The interest of the working class lies in escaping all exploitation, employing itself and being master of its economic destiny.

It is therefore impossible for any of the above mentioned parties or their officials to serve the workers and unreasonable for the workers to hope for relief from any of them.

In the face of the recent phenomenon, commonly called trusts, recent events have demonstrated that both the progressive and conservative elements in these political organizations alike stand for the perpetuation of capitalism and while representing the warring groups within the capitalist class they are a unit in their opposition to the working class interests both of city and on the farm.

The conservative or standpat element proposes that things are well enough as they are, while the progressive element proposes a program that is both reactionary and impossible and reflects the passing interests of those elements within society that the industrial changes are eliminating.

The socialist party standing for the collective ownership and democratic management of industry, abolition of exploitation, securing to the workers the full value of their product is the political expression of working class interests.

Therefore we earnestly urge working men to study carefully the principles of socialism and vote with their class.

INDUSTRIAL DEMANDS.

1. A lawful proper safeguard and sanitary regulation in all occupations with ample provisions for frequent and effective inspection of the places of employment, machinery and appliances.

2. State insurance of all workers against sickness, invalidity and old age.

3. An amendment to the state constitution declaring the right of the state to engage in any industry and in this way provide employment for the unemployed.

4. An eight hour work day in all lines of industry and an increase of pay in proportion to the increased efficiency of production, and a rest period of at least a day and a half in each week in all industries.

5. Prohibition of the employment of children under the age of sixteen years in gainful occupation and provision for furnishing by the state of food, clothing and shelter for those children whose parents are unable to furnish them with necessaries and education.

6. Prohibition of the state militia, the police force and court injunctions in labor disputes.

7. Statutory recognition of the unrestricted right of workers to strike and boycott and to employ all peaceable means in furtherance of such struggles without subjecting the union funds to liability of damages to the employers.

POLITICAL DEMANDS.

8. Equal suffrage for all adult men and women.
9. Equal pay to men and women for equal work for employment by the state or any of its subdivisions.
10. The initiative, referendum and recall and proportional representation without the percentage of the petition signers being so large as to prevent its use by the people.
11. Home rule for municipalities and express statutory powers to own and operate all public service utilities.
12. The use of the union label on all public documents.
13. Free text books for schools, same to be printed by the public.
14. Provision for proper and sanitary housing of the people.
15. Free feeding of needy school children without semblance of charity.
16. Free and speedy administration of justice, the retention and extension of our jury system and the jury to be selected mechanically from all classes and parties.
17. Abolition of capital punishment.
18. The abrogation of the power of courts and judges to nullify laws on the grounds of unconstitutionality or any other ground.
19. The absolute freedom of press, speech and assemblage including the right of civil service employees to express opinions on political questions and that all such have the right to take part in partisan politics.
20. As taxation is excessive and wages low and as over seventy per cent of our national revenues are wasted in wars and their results, therefore we demand the mitigation and abolition of war.

PRESIDENTIAL ELECTIONS FROM 1789 TO 1912.

AGGREGATE POPULAR VOTE AND ELECTORAL VOTE FOR CANDIDATES FOR PRESIDENT AND VICE-PRESIDENT AT EACH ELECTION.

NOTE—There is, properly speaking, no popular vote for President and Vice-President; the people vote for electors, and those, chosen in each state meet therein and vote for the candidates for President and Vice-President. The record of any popular vote for electors prior to 1824 is so meager and imperfect that a compilation would be useless. In most of the states, for more than a quarter century following the establishment of the Government, the State legislatures "appointed" the presidential electors, and the people therefore voted only indirectly for them, their choice being expressed by their votes for members of the legislature. In this tabulation only the aggregate electoral votes for candidates for president and vice-president in the first nine quadrennial elections appear.

REFERENCE NOTES TO THE FIVE SUCCEEDING PAGES.

*The candidates starred were elected. (a) The first Republican party is claimed by the present Democratic party as its progenitor. (b) No candidate having a majority of the electoral vote, the House of Representatives elected Adams. (c) Candidate of the Anti-Masonic party. (d) There being no choice, the Senate elected Johnson. (e) Eleven southern states, being within the belligerent territory, did not vote. (f) Three southern states disfranchised. (g) Horace Greeley died after election, and Democratic electors scattered their votes. (h) There being a dispute over the electoral vote of Florida, Louisiana, Oregon and South Carolina, they were referred by Congress to an electoral commission composed of eight Republicans and seven Democrats, which, by a strict party vote, awarded 185 electoral votes to Hayes and 184 to Tilden. (i) Free Democrat. (j) Free Silver Prohibition party. (k) In Massachusetts. There was also a native American ticket in that state, which received 184 votes. (m) Middle of the Road or Anti-Fusion People's party. (n) United Christian party. (o) Union Reform party.

For popular and electoral vote by states in 1912, 1908 and 1904, see pages 545-549.

Vacancies (votes not cast), 4. George Washington was chosen President and John Adams Vice-President.

1792. George Washington, Federalist, received 132 votes; John Adams, Federalist, 77; George Clinton, of New York, Republican (a) 50; Thomas Jefferson, of Virginia, Republican, 4; Aaron Burr, of New York, Republican, 1 vote. Later he attended Cornell college at Mount Vernon. He afterwards went to Waverly, and entered the

law office of Gray, Dougherty and Gibson, then to Webster City, where he studied in the law office of Chase & Covil for a short time. At the same time he assisted the editor of the "Freeman" in that city. At this point came the first country school which he taught some three miles southeast of Williams in Hamilton county. He next located at Spencer, Iowa, there he joined with a lawyer to take on "justice practice" because not of age. After this the subject of this sketch went to Cherokee county where he engaged in school teaching, herding, farm work, and between terms of school, working on streets of Aurelia. At this time he met Lucy M. Boylan as his pupil, and married her before either were of age. Went to the town of Manning, which was then being started. Was the first school teacher there on an arrangement by which the township had to pay one half the wages and the citizens of the town paid the other half. In the spare time Justice of the Peace work was done, as a member of a newly formed firm of Doty, Hughes & Salinger. The school job finally developed into that of being principal with six rooms scattered over the town. When his majority was reached he was naturalized at Carroll by Judge C. F. Loufhorow, and shortly after he was admitted to the bar by the same judge on examination of a committee of the Audubon bar. Went into practice of law at Manning, and after some fifteen years moved to Carroll, remaining in the practice there until elected to the supreme bench in November, 1914, by a non-partisan selection. Mr. Salinger was the chairman of that convention. Was chairman of the state convention in 1899. It was one of the stormiest ones in the history of the party. It required 25 ballots to make the nomination for governor. It finally nominated Captain Hutchinson, whom Horace Boies defeated.

*Jackson called himself a South Carolinian and his biographer, Kendall, recorded his birthplace in Lancaster county, South Carolina, but Barton has published documentary evidence to show that Jackson was born in Union county, North Carolina, less than a quarter of a mile from the South Carolina line. The Democratic party of today claims lineage descent from the first Republican party and President Jefferson as its founder. Political parties were reorganized at the time of the election of John Quincy Adams. He claimed to be a Republican, but his doctrines were decidedly Federalist. The opposition to his administration took the name of Democrats and elected Jackson President.

*This footing, it will be observed, is 61 less than the amount given at the top of the table. This is accounted for thus: the latter undoubtedly gives the correct area of the state according to government surveys, while the footing shows the sum of the square miles in the several counties according to the records in the state land office, as closely as can be ascertained without computing the precise areas of the townships, and in some cases the sections. The United States Census bureau has issued a pamphlet showing the areas of the several counties in the United States, but the figures for Iowa are evidently not prepared with the accuracy which characterizes most of the work of the bureau, as there are several quite manifest errors in them. They have consequently been discarded in the preparation of this work. P. 201, Historical and Comparative Census, Iowa.
