### **INDEXER'S PREFATORY NOTE**

This index is, for the most part, the index of 1958 with additions and deletions as required to include the Acts of the 58th and 59th General Assemblies.

In general, references are made to section numbers. Where the reference is to chapter or page, such is indicated. Rules of Civil Procedure are referred to by rule number only. These rules, which are printed in Volume II of the Code, after the chapters on criminal procedure, are followed by notes indicating related sections of the Code. The rules are also printed in the Code itself, together with the related Code sections. However, no reference to this second printing is made in the index, as it is felt that double references would be confusing, rather than helpful.

Subject to the limitations imposed by available time and resources, every effort has been made to prevent errors from appearing in this index. Unfortunately, errors do occur, and it is essential that such errors be brought to the attention of the Code Editor, in order that the usefulness of this index be preserved. A thorough examination and verification of every item appearing in the previous edition of this index is not possible. For this reason, it is certain that any error, once it appears in this index, will be perpetuated in subsequent editions unless such error is brought to the attention of the Code Editor. Any person discovering an error in this index is urged to notify the Code Editor of such.
