The proceedings or any part thereof shall be transcribed at the request of either party with the expense of transcription charged to the requesting party.

The subpoenas shall be signed by the presiding officer of the board.

In case a witness is duly subpoenaed and refuses to attend, or in case a witness appears and refuses to testify or to produce required books or papers, the board shall, in writing, report such refusal to the district court of the county in which the administrative office of the school district is located, and the court shall proceed with the person or witness as though the refusal had occurred in a proceeding legally pending before the court.

The board shall not be bound by common law or statutory rules of evidence or by technical or formal rules of procedure, but it shall hold the hearing in such manner as is best suited to ascertain and conserve the substantial rights of the parties. Process and procedure under sections 279.13 to 279.19 shall be as summary as reasonably may be.

At the conclusion of the private hearing, the superintendent and the teacher may file written briefs and arguments with the board within three days or such other time as may be agreed upon.

The board shall convene in open session and by roll call vote determine the termination or continuance of the teacher's contract.

Within five days after the private hearing, the board shall, in executive session, meet to make a final decision upon the recommendation and the evidence as herein provided. The board shall also consider any written brief and arguments submitted by the superintendent and the teacher.

The secretary of the board shall immediately mail notice of the board's action to the teacher.

[C77, 79, 81, §279.16]

279.17 Appeal by teacher to adjudicator.

If the teacher is no longer a probationary teacher, the teacher may, within ten days, appeal the determination of the board to an adjudicator by filing a notice of appeal with the secretary of the board. The notice of appeal shall contain a concise statement of the action which is the subject of the appeal, the particular board action appealed from, the grounds on which relief is sought and the relief sought.

Within five days following receipt by the secretary of the notice of appeal, the board or the board's legal representative, if any, and the teacher or the teacher's representative, if any, may select an adjudicator who resides within the boundaries of the merged area in which the school district is located. If an adjudicator cannot be mutually agreed upon within the five day period, the secretary shall notify the chairperson of the public employment relations board by transmitting the notice of appeal, and the chairperson of the public employment relations board shall within five days provide a list of five adjudicators to the parties. Within three days from receipt of the list of adjudicators, the parties shall select an adjudicator by alternately removing a name from the list until only one name remains. The person whose name remains shall be the adjudicator. The parties shall determine by lot which party shall remove the first name from the list submitted by the chairperson of the public employment relations board. The secretary of the board shall inform the chairperson of the public employee relations board of the name of the adjudicator selected.

If the teacher does not timely request an appeal to an adjudicator the decision, opinion, or conclusion of the board shall become final and binding.

Within thirty days after filing the notice of appeal, or within further time allowed by the adjudicator,

the board shall transmit to the adjudicator the original or a certified copy of the entire record of the private hearing which may be the subject of the petition. By stipulation of the parties to review the proceedings, the record of the case may be shortened. The adjudicator may require or permit subsequent corrections or additions to the shortened record.

The record certified and filed by the board shall be the record upon which the appeal shall be heard and no additional evidence shall be heard by the adjudicator. In such appeal to the adjudicator, especially when considering the credibility of witnesses, the adjudicator shall give weight to the fact findings of the board, but shall not be bound by them.

Before the date set for hearing a petition for review of board action, which shall be within ten days after receipt of the record unless otherwise agreed or unless the adjudicator orders additional evidence be taken before the board, application may be made to the adjudicator for leave to present evidence in addition to that found in the record of the case. If it is shown to the adjudicator that the additional evidence is material and that there were good reasons for failure to present it in the private hearing before the board, the adjudicator may order that the additional evidence be taken before the board upon conditions determined by the adjudicator. The board may modify its findings and decision in the case by reason of the additional evidence and shall file that evidence and any modifications, new findings, or decisions, with the adjudicator and mail copies of the new findings or decisions to the teacher.

The adjudicator may affirm board action or remand to the board for further proceedings. The adjudicator shall reverse, modify, or grant any appropriate relief from the board action if substantial rights of the teacher have been prejudiced because the board action is

1 In violation of a board rule or policy or contract, or

2 Unsupported by a preponderance of the competent evidence in the record made before the board when that record is viewed as a whole, or

3 Unreasonable, arbitrary or capricious or characterized by an abuse of discretion or a clearly unwarranted exercise of discretion.

The adjudicator shall, within fifteen days after the hearing, make a decision and shall give a copy of the decision to the teacher and the secretary of the board. The decision of the adjudicator shall become the final and binding decision of the board unless either party within ten days notifies the secretary of the board that the decision is rejected. The board may reject the decision by majority vote, by roll call, in open meeting and entered into the minutes of the meeting. The board shall immediately notify the teacher of its decision by certified mail. The teacher may reject the adjudicator's decision by notifying the board's secretary in writing within ten days of the filing of such decision.

All costs of the adjudicator shall be shared equally by the teacher and the board.

[C77, 79, 81, §279.17]

279.18 Appeal by either party to court.

If either party rejects the adjudicator's decision, the rejecting party shall, within thirty days of the initial filing of such decision, appeal to the district court of the county in which the administrative office of the school district is located. The notice of appeal shall be immediately mailed by certified mail to the other party. The adjudicator shall transmit to the reviewing court the original or a certified copy of the entire record which may be the subject of the petition. By stipulation of all parties to the review proceedings, the record of such a case may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional cost. The court may require or permit subsequent corrections or additions to the shortened record.

In proceedings for judicial review of the adjudicator's decision, the court shall not hear any further evidence but shall hear the case upon the certified record. In such judicial review, especially when considering the credibility of witnesses, the court shall give weight to the fact findings of the board; but shall not be bound by them. The court may affirm the adjudicator's decision or remand to the adjudicator or the board for further proceedings upon conditions determined by the court. The court shall reverse, modify, or grant any other appropriate relief from the board decision or the adjudicator's decision equitable or legal and including declaratory relief if substantial rights of the petitioner have been prejudiced because the action is:

1. In violation of constitutional or statutory provisions; or
2. In excess of the statutory authority of the board or the adjudicator; or
3. In violation of a board rule or policy or contract; or
4. Made upon unlawful procedure; or
5. Affected by other error of law; or
6. Unsupported by a preponderance of the competent evidence in the record made before the board and the adjudicator when that record is viewed as a whole; or
7. Unreasonable, arbitrary or capricious or characterized by an abuse of discretion or a clearly unwarranted exercise of discretion.

An aggrieved or adversely affected party to the judicial review proceeding may obtain a review of any final judgment of the district court by appeal to the supreme court. The appeal shall be taken as in other civil cases, although the appeal may be taken regardless of the amount involved.

In the case of the termination of a probationary teacher's contract, the provisions of sections 279.15 and 279.16 shall apply.

The board's decision shall be final and binding unless the termination was based upon an alleged violation of a constitutionally guaranteed right of the teacher or an alleged violation of public employee rights of the teacher under section 20.10.

Proof of achievement shall be determined on the basis of tests or other means of evaluation prescribed by the director of the department of education with the approval of the state board of education. The testing or evaluation, if required, shall be accomplished prior to submission of the request for renewal of the exemption. Renewal requests shall be filed with the director by April 15 of the school year preceding the school year for which the applicants desire exemption. 280.4 Medium of instruction — special instruction.

The medium of instruction in all secular subjects taught in both public and nonpublic schools shall be the English language, except when the use of a foreign language is deemed appropriate in the teaching of any subject or when the student is non-English-speaking. When the student is non-English-speaking, both public and nonpublic schools shall provide special instruction, which shall include but need not be limited to either instruction in the English language or a transitional bilingual program, until the student demonstrates a functional ability to speak, write, read and understand the English language. As used in this section, "non-English-speaking student" means a student whose native language is not English and whose inability or limited ability to speak, write or read English significantly impedes educational progress.

1. The board of directors of a school district may submit an application to the school budget review committee for funds provided by 1982 Iowa Acts, chapter 1260, section 47, for instruction in the English language, a transitional bilingual, or other

special instruction program when support for the program from other federal, state or local sources is not available or is inadequate. The department of education shall review all applications for funding and provide recommendations to the school budget review committee regarding their disposition. The school budget review committee shall not grant funds to a public school for instruction in the English language, a transitional bilingual or other special instruction program unless the program offered by the public school is available to nonpublic school students in the district.

2. The department of education shall promulgate rules relating to the identification of non-English-speaking students who require special instruction under this section and to application procedures for funds available under this section.

3. Grants made to a school pursuant to this section shall not exceed four hundred dollars for each student in the program. A public school may receive funds for nonpublic school students attending the program offered by the public school. However, the amount granted for each nonpublic school student in a program shall not exceed the amount granted for each public school student in the program.

4. In order to provide funds for the excess costs of instruction of non-English-speaking students above the costs of instruction of pupils in a regular curriculum, students identified as non-English-speaking are assigned an additional weighting of two-tenths and that weighting shall be included in the weighted enrollment of the school district of residence.

The board of directors of each local public school district and the authorities in charge of each non-public school shall incorporate into the educational program the total concept of career education to enable students to become familiar with the values of a work-oriented society. Curricular and cocurricular teaching-learning experiences from the prekindergarten level through grade twelve shall be provided for all students currently enrolled in order to develop an understanding that employment may be meaningful and satisfying. However, career education does not mean a separate vocational-technical program is required. A vocational-technical program includes units or partial units in subjects which have as their purpose to equip students with marketable skills.

Essential elements in career education shall include, but not be limited to:

A public school shall not participate in or allow students representing a public school to participate in any extracurricular interscholastic contest or competition which is sponsored or administered by an organization as defined in this section, unless the organization is registered with the department of education, files financial statements with the department in the form and at the intervals prescribed by the director of the department of education, and is in compliance with rules which the state board of education adopts for the proper administration, supervision, operation, adoption of eligibility requirements, and scheduling of extracurricular interscholastic contests and competitions and the organizations. For the purposes of this section “organization” means a corporation, association, or organization which has as one of its primary purposes the sponsoring or administration of extracurricular interscholastic contests or competitions, but does not include an agency of this state, a public or private school or school board, or an athletic conference or other association whose interscholastic contests or competitions do not include more than twenty schools.

280.13A Sharing interscholastic activities.

If a school district does not provide an interscholastic activity for its students, the board of directors of that school district may complete an agreement with another school district to provide for the eligibility of its students in interscholastic activities provided by that other school district. A copy of each agreement completed under this section shall be filed with the appropriate organization as organization is defined in section 280.13 not later than April 30 of the school year preceding the school year in which the agreement takes effect, unless an exception is granted by the organization for good cause. An agreement completed under this section shall be deemed approved unless denied by the governing organization within ten days after its receipt. A governing organization shall determine whether an agreement would substantially prejudice the interscholastic activities of other schools. An agreement denied by a governing organization under this section may be appealed to the state board of education under chapter 290.

For the purpose of this section, “substantial prejudice” includes, but is not limited to, situations where shared interscholastic activities may result in an unfair domination of an interscholastic activity or substantial disruption of activity classifications and management.

280.16 Open enrollment.

For the school years commencing July 1, 1988 and July 1, 1989, a parent or guardian residing in a school district in which the high school offers fewer than forty-one curriculum units either on its own or under a sharing agreement that does not meet the criteria for section 282.11 may enroll the parent's or guardian's child in a public school in a contiguous school district in the manner provided in this section if the conditions specified in this section exist.

Not later than February 1 of the preceding school year, the parent or guardian shall send notification to the district of residence and to the department of education on forms prescribed by the department of education that the parent or guardian intends to enroll the parent's or guardian's child in a public school in a contiguous school district because the academic curriculum of the contiguous school district provides substantial educational opportunities for a pupil that are not available to that pupil in the district of residence. The notification shall list the educational opportunities that the parent or guardian believes are necessary for the child and shall

describe the manner in which the contiguous district can provide those educational opportunities. The state board of education shall adopt rules under chapter 17A that define educational opportunity.

A request under this section is for a period not less than four years unless the pupil will graduate within the four-year period. However, if a parent or guardian chooses to reenroll the child in the district of residence, or to enroll the child in another school district, during the four-year period, the parent or guardian shall pay the maximum tuition fee to the district pursuant to section 282.24.

The board of directors of the district of residence shall approve or disapprove the request within thirty days of its receipt. The parent or guardian may appeal the decision of the board under chapter 290. If the parent or guardian appeals to the state board of education, the board of the district of residence must prove to the state board that the conditions listed in the request do not exist and the request of the parent or guardian is not valid.

Following approval of the transfer, the board of the district of residence shall transmit a copy of the form to the contiguous school district. The board of the contiguous school district shall enroll the pupil in a school in the contiguous district for the following school year unless the contiguous district does not have classroom space for the pupil.

The board of directors of the district of residence shall pay to the contiguous school district the lower district cost per pupil of the two districts for that school year. Quarterly payments shall be made to the contiguous district. Notwithstanding section 285.1 relating to transportation of nonresident pupils, the parent or guardian is responsible for transporting the student without reimbursement to and from a point on a regular school bus route of the contiguous district.

A student who attends school in a contiguous school district is not eligible to participate in interscholastic athletic contests and athletic competitions during the first year of enrollment under this section except for an interscholastic sport in which the district of residence and the contiguous school district jointly participate.

The board of directors of a public school and the authorities in control of a nonpublic school shall prescribe procedures, in accordance with the guidelines contained in the model policy developed by the department of education in consultation with the department of human services, and adopted by the department of education pursuant to chapter 17A, for the handling of reports of child abuse, as defined in section 232.68, subsection 2, paragraph "a", "b",

The board of directors of each school district shall adopt goals to improve student achievement and performance. Student achievement and performance can be measured by measuring the improvement of students' skills in reading, writing, speaking, listening, mathematics, reasoning, studying, and technological literacy.

In order to achieve the goal of improving student achievement and performance on a statewide basis, the board of directors of each school district shall adopt goals that will improve student achievement at each grade level in the skills listed in this section and other skills deemed important by the board. Not later than July 1, 1989, the board of each district shall transmit to the department of education its plans for achieving the goals it has adopted and the periodic assessment that will be used to determine whether its goals have been achieved. The committee appointed by the board under section 280.12 shall advise the board concerning the development of goals, the assessment process to be used, and the measurements to be used.

The periodic assessment used by a school district to determine whether its student achievement goals have been met shall use various measures for determination, of which standardized tests may be one. The board shall ensure that the achievement of goals for a grade level has been assessed at least once during every four-year period.

The board shall file assessment reports with the department of education and shall make copies of these reports available to the residents of the school district.

4. To the extent possible the board shall provide that changes in the boundary lines of director districts of merged areas do not lengthen or diminish the term of office of a director of the board. The board of directors of each merged area shall prepare an annual budget designating the proposed expenditures for operation of the area vocational school or area community college. The board shall further designate the amounts which are to be raised by local taxation and the amounts which are to be raised by other sources of revenue for the operation. The budget of each merged area shall be submitted to the state board no later than May 1 preceding the next fiscal year for approval. The state board shall review the proposed budget and shall, prior to June 1, either grant its approval or return the budget without approval with the comments of the state board attached to it. Taxes collected pursuant to the levy shall be paid by the respective county treasurers to the treasurer of the merged area as provided in section 331 552, subsection 29.

It is the policy of this state that the property tax for the operation of area schools shall not in any event exceed twenty and one fourth cents per thousand dollars of assessed value, and that the present and future costs of such operation in excess of the funds raised by such levy shall be the responsibility of the state and shall not be paid from property tax

280A.22 Facilities levy by vote — borrowing — temporary cash reserve levy.

1 a. In addition to the tax authorized under section 280A 17, the voters in any merged area may at the annual school election vote a tax not exceeding twenty and one fourth cents per thousand dollars of assessed value in any one year for a period not to exceed ten years for the purchase of grounds, construction of buildings, payment of debts contracted for the construction of buildings, purchase of buildings and equipment for buildings, and the acquisition of libraries, for the purpose of paying costs of utilities, and for the purpose of maintaining, remodeling, improving, or expanding the area vocational school or area community college of the merged area. If the tax levy is approved under this section, the costs of utilities shall be paid from the proceeds of the levy. The tax shall be collected by the county treasurers and remitted to the treasurer of the merged area as provided in section 331 552, subsection 29. The proceeds of the tax shall be

deposited in a separate and distinct fund to be known as the voted tax fund, to be paid out upon warrants drawn by the president and secretary of the board of directors of the merged area district for the payment of costs incurred in providing the school facilities for which the tax was voted

b In order to make immediately available to the merged area the proceeds of the voted tax hereinbefore authorized to be levied, the board of directors of any such merged area is hereby authorized, without the necessity for any further election, to borrow money and enter into loan agreements in anticipation of the collection of such tax, and such board shall, by resolution, provide for the levy of an annual tax, within the limits of the special voted tax hereinbefore authorized, sufficient to pay the amount of any such loan and the interest thereon to maturity as the same becomes due. A certified copy of this resolution shall be filed with the county auditors of the counties in which such merged area is located, and the filing thereof shall make it a duty of such auditors to enter annually this levy for collection until funds are realized to repay the loan and interest thereon in full. Said loan must mature within the number of years for which the tax has been voted and shall bear interest at a rate or rates not exceeding that permitted by chapter 74A. Any loan agreement entered into pursuant to authority herein contained shall be in such form as the board of directors shall by resolution provide and the loan shall be payable as to both principal and interest from the proceeds of the annual levy of the voted tax hereinbefore authorized, or so much thereof as will be sufficient to pay the loan and interest thereon. In furtherance of the foregoing the board of directors of such merged area may, with or without notice, negotiate and enter into a loan agreement or agreements with any bank, investment banker, trust company, insurance company or group thereof, whereunder the borrowing of the necessary funds may be assured and consummated. The proceeds of such loan shall be deposited in a special fund, to be kept separate and apart from all other funds of the merged area, and shall be paid out upon warrants drawn by the president and secretary of the board of directors to pay the cost of acquiring the school facilities for which the tax was voted.

c If the boundary lines of a merged area are changed, the levy of the annual tax provided in this section sufficient to pay the amount due for a loan agreement and the interest on the loan agreement to maturity shall continue in any territory severed from the merged area until the loan with interest on the loan has been paid in full.

d Nothing herein contained shall be construed to limit the authority of the board of directors to levy the full amount of the voted tax, but if and to whatever extent said tax is levied in any year in excess of the amount of principal and interest falling due in such year under any loan agreement, the first available proceeds thereof, to an amount sufficient to meet maturing installments of principal and interest under the loan agreement, shall be paid into

the sinking fund for such loan before any of such taxes are otherwise made available to the merged area for other school purposes, and the amount required to be annually set aside to pay the principal of and interest on the money borrowed under such loan agreement shall constitute a first charge upon all of the proceeds of such annual special voted tax, which tax shall be pledged to pay said loan and the interest thereon.

e This law shall be construed as supplemental and in addition to existing statutory authority and as providing an independent method of financing the cost of acquiring school facilities for which a tax has been voted under this section and for the borrowing of money and execution of loan agreements in connection therewith and shall not be construed as subject to the provisions of any other law. The fact that a merged area may have previously borrowed money and entered into loan agreements under authority herein contained shall not prevent such merged area from borrowing additional money and entering into further loan agreements provided that the aggregate of the amount payable under all of such loan agreements does not exceed the proceeds of the voted tax. All acts and proceedings heretofore taken by the board of directors or by any official of any merged area for the exercise of any of the powers granted by this section are hereby legalized and validated in all respects.

2 The proceeds of the tax voted under subsection 1, paragraph "a", prior to July 1, 1987 shall be used for the purposes for which it was approved by the voters and may be used for the purpose of paying the costs of utilities.

3 In addition to the tax authorized under section 280A 17, the board of directors of an area school may certify for levy by March 15, 1982 and March 15, 1983, a tax on taxable property in the merged area at rates that will provide total revenues for the two years equal to five percent of the area school's general fund expenditures for the fiscal year ending June 30, 1980 in order to provide a cash reserve for that area school. As nearly as possible, one half the revenue for the cash reserve fund shall be collected during each year.

The revenues derived from the levies shall be placed in a separate cash reserve fund. Moneys from the cash reserve fund shall only be used to alleviate temporary cash shortages. If moneys from the cash reserve fund are used to alleviate a temporary cash shortage, the cash reserve fund shall be reimbursed immediately from the general fund of the area school as funds in the general fund become available, but in no case later than June 30 of the current fiscal year, to repay the funds taken from the cash reserve fund.

280A.23 Authority of area directors.

The board of directors of each area vocational school or area community college shall

1. Determine the curriculum to be offered in such school or college subject to approval of the state board. If an existing private educational or vocational institution within the merged area has facilities and curriculum of adequate size and quality which would duplicate the functions of the area school, the board of directors shall discuss with the institution the possibility of entering into contracts to have the existing institution offer facilities and curriculum to students of the merged area. The board of directors shall consider any proposals submitted by the private institution for providing such facilities and curriculum. The board of directors may enter into such contracts. In approving curriculum, the state board shall ascertain that all courses and programs submitted for approval are needed and that the curriculum being offered by an area school does not duplicate programs provided by existing public or private facilities in the area. In determining whether duplication would actually exist, the state board shall consider the needs of the area and consider whether the proposed programs are competitive as to size, quality, tuition, purposes, and area coverage with existing public and private educational or vocational institutions within the merged area.

2. Have authority to determine tuition rates for instruction. Tuition for residents of Iowa shall not exceed the lowest tuition rate per semester, or the equivalent, charged by an institution of higher education under the state board of regents for a full-time resident student. However, if a local school district pays tuition for a resident pupil of high school age, the limitation on tuition for residents of Iowa shall not apply, the amount of tuition shall be determined by the board of directors of the area school with the consent of the local school board, and the pupil shall not be included in the full-time equivalent enrollment of the area school for the purpose of computing general aid to the area school. Tuition for nonresidents of Iowa shall be not less than one hundred fifty percent and not more than two hundred percent of the tuition established for residents of Iowa. Tuition for resident or nonresident students may be set at a higher figure with the approval of the state board. A lower tuition for nonresidents may be permitted under a reciprocal tuition agreement between a merged area and an educational institution in another state, if the agreement is approved by the state board. The board may designate that portion of the tuition moneys collected from students be used for student aid purposes.

3. Have the powers and duties with respect to such schools and colleges, not otherwise provided in this chapter, which are prescribed for boards of directors of local school districts by chapter 279 except that the board of directors is not required to prohibit the use of tobacco and the use or possession of alcoholic liquor or beer by any student under the provisions of section 279.9.

4. Have the power to enter into contracts and take other necessary action to insure a sufficient curric-

ulum and efficient operation and management of the school or college and maintain and protect the physical plant, equipment, and other property of the school or college.

5. Establish policy and make rules, not inconsistent with law and administrative rules, regulations, and policies of the state board, for its own government and that of the administrative, teaching, and other personnel, and the students of the school or college, and aid in the enforcement of such laws, rules, and regulations.

6. Have authority to sell a student-constructed building and the property on which the student-constructed building is located or any article resulting from any vocational program or course offered at an area vocational school or area community college by any procedure which may be adopted by the board. Governmental agencies and governmental subdivisions of the state within the merged areas shall be given preference in the purchase of such articles. All revenue received from the sale of any article shall be credited to the funds of the board of the merged area.

7. With the consent of the inventor, and in the discretion of the board, secure letters patent or copyright on inventions of students, instructors, and officials of any vocational school or community college of the merged area, or take assignment of such letters patent or copyright and make all necessary expenditures in regard thereto. Letters patent or copyright on inventions when so secured shall be the property of the board of the merged area and the royalties and earnings thereon shall be credited to the funds of the board.

8. Set the salary of the area superintendent. In setting the salary, the board shall consider the salaries of administrators of educational institutions in the merged area and the enrollment of the area school.

9. At the request of an employee through contractual agreement the board may arrange for the purchase of group or individual annuity contracts for any of its employees from any company the employee chooses that is authorized to do business in this state and through an Iowa-licensed insurance agent that the employee selects, for retirement or other purposes, and may make payroll deductions in accordance with the arrangements for the purpose of paying the entire premium due and to become due under the contract. The deductions shall be made in the manner which will qualify the annuity premiums for the benefits under section 403(b) of the Internal Revenue Code, as defined in section 422.3. The employee's rights under the annuity contract are nonforfeitable except for the failure to pay premiums. If an existing tax-sheltered annuity contract is to be replaced by a new contract the agent or representative of the company shall submit a letter of intent by registered mail to the company being replaced, to the insurance commissioner of the state of Iowa, and to the agent's or representative's own company at least thirty days prior to any action. This

letter of intent shall contain the policy number and description of the contract being replaced and a description of the replacement contract.

10. Make necessary rules to provide for the policing, control, and regulation of traffic and parking of vehicles and bicycles on the property of the area school. The rules may provide for the use of institutional roads, driveways, and grounds; registration of vehicles and bicycles; the designation of parking areas; the erection and maintenance of signs designating prohibitions or restrictions; the installation and maintenance of parking control devices except parking meters; and assessment, enforcement, and collection of reasonable penalties for the violation of the rules.

Rules made under this subsection may be enforced under procedures adopted by the board of directors. Penalties may be imposed upon students, faculty, and staff for violation of the rules, including, but not limited to, a reasonable monetary penalty which may be deducted from student deposits and faculty or staff salaries or other funds in possession of the area school or added to student tuition bills. The rules made under this subsection may also be enforced by the impoundment of vehicles and bicycles parked in violation of the rules, and a reasonable fee may be charged for the cost of impoundment and storage prior to the release of the vehicle or bicycle to the owner. Each area school shall establish procedures for the determination of controversies in connection with the imposition of penalties. The procedures shall require giving notice of the violation and the penalty prescribed and providing the opportunity for an administrative hearing.

11. Be authorized to issue to employees of merged area schools school credit cards to use for payment of authorized expenditures incurred in the performance of work-related duties.

12. During the second week of August of each year, publish by one insertion in at least one newspaper published in the merged area a summarized statement verified by affidavit of the secretary of the board showing the receipts and disbursements of all funds of the area school for the preceding fiscal year. The statement of disbursements shall show the names of the persons, firms, or corporations, and the total amount paid to each during the fiscal year. The board is not required to make the publications and notices required under sections 279.34, 279.35, and 279.36.

13. Adopt policies and procedures for the use of telecommunications as an instructional tool at the area school. The policies and procedures shall include but not be limited to policies and procedures relating to programs, educational policy, practices, staff development, use of pilot projects, and the instructional application of the technology.

14. In its discretion, adopt rules relating to the classification of students enrolled in the area school who are residents of Iowa's sister states as residents or nonresidents for tuition and fee purposes.

2. Certificates may be issued with respect to a single project or multiple projects and may contain terms or conditions as the board of directors may provide by resolution authorizing the issuance of the certificates.

3. Certificates issued to refund other certificates may be sold at public sale or at private sale as provided in this section with the proceeds from the sale to be used for the payment of the certificates being refunded. The refunding certificates may be exchanged in payment and discharge of the certificates being refunded, in installments at different times or an entire issue or series at one time. Refunding certificates may be sold or exchanged at any time on, before, or after the maturity of the outstanding certificates to be refunded, may be issued for the purpose of refunding a like, greater, or lesser principal amount of certificates and may bear a higher, lower, or equivalent rate of interest than the certificates being renewed or refunded.

4. To further secure the payment of the certificates, the board of directors shall, by resolution, provide for the assessment of an annual levy of a standby tax upon all taxable property within the merged area. A copy of the resolution shall be sent to the county auditor of each county in which the merged area is located. The revenues from the standby tax shall be deposited in a special fund and shall be expended only for the payment of principal of and interest on the certificates issued as provided in this section, when the receipt of payment for program costs as provided in the agreement is insufficient. If payments are necessary and made from the special fund, the amount of the payments shall be promptly repaid into the special fund from the first available payments received for program costs as provided in the agreement which are not required for the payment of principal of or interest on certificates due. No reserves may be built up in this fund

in anticipation of a projected default The board of directors shall adjust the annual standby tax levy for each year to reflect the amount of revenues in the special fund and the amount of principal and interest which is due in that year

5 Before certificates are issued, the board of directors shall publish once a notice of its intention to issue the certificates, stating the amount, the purpose, and the project or projects for which the certificates are to be issued A person may, within fifteen days after the publication of the notice by action in the district court of a county in the area within which the area school is located, appeal the decision of the board of directors in proposing to issue the certificates The action of the board of directors in determining to issue the certificates is final and conclusive unless the district court finds that the board of directors has exceeded its legal authority An action shall not be brought which questions the legality of the certificates, the power of the board of directors to issue the certificates, the effectiveness of any proceedings relating to the authorization of the project, or the authorization and issuance of the certificates from and after fifteen days from the publication of the notice of intention to issue

6 The board of directors shall determine if revenues are sufficient to secure the faithful performance of obligations in the agreement

280B.7 Department of economic development.

280C.3 Agreement.

An area school may enter into an agreement to establish a project. However, before an area school and a small business enter into an agreement to establish a project, the area school shall consult with the local office of the division of job service of the department of employment services to determine if there already exists in the community, a skilled or experienced group of unemployed workers, as a result of a plant closing or reduction in force, sufficiently large to supply the needs of the new or expanding small business. If such a supply of workers exists, the area school shall enter into the agreement only if the small business agrees to give preference in training to those workers over any

other workers who do not have greater qualifications. If an agreement is entered into, the area school and the employer shall notify the department of revenue and finance as soon as possible. An agreement may provide, but is not limited to:

1. Program costs, including deferred costs, may be paid from one or a combination of the following sources:

a. Incremental property taxes to be received or derived from an employer's business property where new jobs are created as a result of the project.

b. New jobs credit from withholding to be received or derived from new employment resulting from the project.

c. Tuition, student fees, or special charges fixed by the board of directors to defray program costs in whole or in part.

d. Guarantee of payments to be received under paragraph "a", "b", or "c".

2. Payment of program costs shall not be deferred for a period longer than ten years from the date of commencement of the project.

3. Costs of on-the-job training for employees shall not exceed fifty percent of the annual gross payroll costs for up to one year of the new jobs. For purposes of this subsection, "gross payroll" can be the gross wages, salaries, and benefits for the jobs in training in the project.

4. A provision which fixes the minimum amount of incremental property taxes, new jobs credit from withholding, or tuition and fee payments which shall be paid for program costs.

5. Any payments required to be made by an employer are a lien upon the employer's business property until paid and have equal precedence with ordinary taxes and shall not be divested by a judicial sale. Property subject to the lien may be sold for sums due and delinquent at a tax sale, with the same forfeitures, penalties, and consequences as for the nonpayment of ordinary taxes. The purchaser at tax sale obtains the property subject to the remaining payments.

85 Acts, ch 235, §3

280C.4 Incremental property taxes.

If an agreement provides that all or part of program costs are to be paid for by incremental property taxes, the board of directors shall provide by resolution that taxes levied on the employer's taxable business property, where new jobs are created as a result of a project, each year by or for the benefit of the state, city, county, school district, or other taxing district after the effective date of the resolution shall be divided as provided in section 403.19, subsections 1 and 2, in the same manner as if the employer's business property, where new jobs are created as a result of a project, was taxable property in an urban renewal project and the resolution was an ordinance within the meaning of those subsections. To the extent that the taxes received by the board of directors represent repayments of an advance made under section 280C.6 plus interest, the taxes shall be paid to the treasurer of state. However, with respect to

any urban renewal project as to which an ordinance is in effect under section 403 19, the collection of incremental property taxes authorized by this chapter are suspended in favor of collection of incremental taxes under section 403 19 As used in this section, "taxes" includes, but is not limited to, all levies on an ad valorem basis upon land or real property of the employer's business, where new jobs are created as a result of a project

85 Acts, ch 235, §4

280C.5 New jobs credit from withholding.

If an agreement provides that all or part of program costs are to be met by receipt of new jobs credit from withholding, it shall be done as follows

1 New jobs credit from withholding shall be based upon the wages paid to the employees in the new jobs

2 An amount equal to one and one half percent of the gross wages paid by the employer to each employee participating in a project shall be credited from the payment made by an employer pursuant to section 422 16 If the amount of the withholding by the employer is less than one and one half percent of the gross wages paid to the employees covered by the agreement, then the employer shall receive a credit against other withholding taxes due by the employer The employer shall remit the amount of the credit quarterly in the same manner as withholding payments are reported to the department of revenue and finance, to the area school To the extent this credit represents repayments of an advance made under section 280C 6 plus interest, it shall be paid to the treasurer of state When the repayments of an advance plus interest have been paid, the employer credits shall cease and any money received after this shall be remitted to the treasurer of state to be deposited in the general fund of the state

3 The employer shall certify to the department of revenue and finance that the credit in withholding is in accordance with an agreement and shall provide other information the department may require

4 An area school shall certify to the department of revenue and finance the amount of new jobs credit from withholding an employer has remitted to the area school and shall provide other information the department may require

5 An employee participating in a project will receive full credit for the amount withheld as provided in section 422 16

85 Acts, ch 235, §5

280C.6 Job training fund.

1 There is established for the area schools an area school job training fund under the supervision of the treasurer of state The area school job training fund consists of two separate accounts containing moneys as follows

a A permanent school fund repayment account to which shall be credited the interest and principal from repayment of loans originating from the permanent school fund appropriation in section 280C 8, made to employers for program costs, and interest earned from moneys in the account Moneys in this

account shall be used to repay the appropriation from the permanent school fund At the end of each calendar quarter, the treasurer of state shall transfer the moneys in the account and any moneys in the surplus account of the Iowa plan fund for economic development created in section 99E 31 to the permanent school fund as repayment of the loan from the permanent school fund If there are moneys in the permanent school fund repayment account after the permanent school fund loan has been fully repaid, those moneys shall be transferred to the revolving loan account provided in paragraph "b" of this section

b A revolving loan account to which shall be credited moneys appropriated for the fiscal year beginning July 1, 1987, and for succeeding fiscal years for the purposes of this chapter plus the interest and principal from repayment of advances made to employers for program costs and interest earned from moneys in the revolving loan account Moneys in this account shall be used to provide advances to employers for program costs upon request of boards of directors of the area schools Beginning July 1, 1995, the Iowa department of economic development shall reserve a portion of the moneys in the revolving loan account to pay a portion of the original one million dollar appropriation in section 280C 8 which, based upon projections of the state treasurer, may still be owed to the permanent school fund on June 30, 1996 The department shall reserve a portion of the moneys in the revolving loan account only if the moneys in the permanent school fund repayment account created in paragraph "a" and moneys in the "surplus" account of the Iowa plan fund for economic development created in section 99E 31, subsection 1, paragraph "c", are insufficient to repay the loan from the permanent school fund

2 To provide funds for the present payment of the costs of a new jobs training program by the employer, the area school may provide to the employer an advance of the moneys to be used to pay for the program costs as provided in the agreement To receive the funds for this advance from the revolving loan account, the area school shall submit an application to the department of economic development The amount of the advance shall not exceed fifty thousand dollars for any project The advance shall be repaid with interest from the sources provided in the agreement The rate of interest to be charged for advances made in a calendar month is equal to one half of the average rate of interest on tax exempt certificates issued by area schools pursuant to chapter 280B for the previous twelve months The rate shall be computed by the Iowa department of economic development

85 Acts, ch 235, §6, 88 Acts, ch 1131, §1

280C.7 Department of economic development to coordinate.

The department shall establish by rule criteria for determining what constitutes a small business. A project shall not be funded under this chapter unless the department approves the project. The department shall establish by rule criteria for approval of projects. The department is authorized to make any rule that is adopted, amended, or repealed effective immediately upon filing with the administrative rules coordinator or at a subsequent stated date prior to indexing and publication, or at a stated date less than thirty-five days after filing, indexing, and publication. The Iowa department of economic development shall prepare an annual report for the governor and general assembly on the activities and the future anticipated needs of this new jobs training program.

dollars to provide funds for the purposes of and deposits in the area school job training fund created in section 280C 6. The money appropriated under this section is a loan from the permanent school fund to the area school job training fund. The interest on the loan shall be prepaid for a three-year period from funds appropriated by this section. The rate of interest shall be determined by the treasurer of state.

At the end of each calendar quarter the treasurer of state shall transfer moneys to repay the amount of the loan from the permanent school fund from the following sources:

281.1 Division of special education created.

There is created within the department of education a division of special education for the promotion, direction, and supervision of education for children requiring special education in the schools under the supervision and control of the department. The director of the department of education may organize the division and employ the necessary qualified personnel to implement this chapter.

85 Acts, ch 212, §22, 86 Acts, ch 1245, §1476

281.2 Definitions — policies — funds.

1 "*Children requiring special education*" means persons under twenty one years of age, including children under five years of age, who are handicapped in obtaining an education because of physical, mental, communication or learning disabilities or who are behaviorally disordered, as defined by the rules of the department of education.

2 "*Special education*" means classroom, home, hospital, institutional, or other instruction designed to meet the needs of children requiring special

education as defined in subsection 1; transportation and corrective and supporting services required to assist children requiring special education, as defined in subsection 1, in taking advantage of, or responding to, educational programs and opportunities, as defined by rules of the state board of education.

3. It is the policy of this state to require school districts and state operated educational programs to provide or make provision, as an integral part of public education, for a free and appropriate public education sufficient to meet the needs of all children requiring special education. This chapter is not to be construed as encouraging separate facilities or segregated programs designed to meet the needs of children requiring special education when the children can benefit from all or part of the education program as offered by the local school district. To the maximum extent possible, children requiring special education shall attend regular classes and shall be educated with children who do not require special education. Whenever possible, hindrances to learning and to the normal functioning of children requiring special education within the regular school environment shall be overcome by the provision of special aids and services rather than by separate programs for those in need of special education. Special classes, separate schooling or other removal of children requiring special education from the regular educational environment, shall occur only when, and to the extent that the nature or severity of the educational handicap is such that education in regular classes, even with the use of supplementary aids and services, cannot be accomplished satisfactorily. For those children who cannot adapt to the regular educational or home living conditions, and who are attending facilities under chapters 263, 269 and 270, upon the request of the board of directors of an area education agency, the department of human services shall provide residential or detention facilities and the area education agency shall provide special education programs and services. The area education agencies shall co-operate with the board of regents to provide the services required by this Act.*

Special aids and services shall be provided to children requiring special education who are less than five years of age if the aids and services will reasonably permit the child to enter the educational process or school environment when the child attains school age.

Every child requiring special education shall, if reasonably possible, receive a level of education commensurate with the level provided each child who does not require special education. The cost of providing such an education shall be paid as provided in section 273.9, this chapter and chapter 442. It shall be the primary responsibility of each school district to provide special education to children who reside in that district if the children requiring special education are properly identified, the educational program or service has been approved, the teacher or instructor has been certified, the number of children requiring special education needing that

educational program or service is sufficient to make offering the program or service feasible, and the program or service cannot more economically and equably be obtained from the area education agency, another school district, another group of school districts, a qualified private agency, or in co-operation with one or more other districts.

4. Any funds received by the school district of the child's residence for the child's education, derived from funds received through chapter 442, this chapter and section 273.9 shall be paid by the school district of the child's residence to the appropriate education agency, private agency, or other school district providing special education for the child pursuant to contractual arrangements as provided in section 273.3, subsections 5 and 7.

requiring special education to attend school in a district other than the one in which the child resides when there is no available special school, class, or instruction in the districts in which the child resides

9 To co-operate with existing agencies such as the department of human services, the Iowa department of public health, the state school for the deaf, the Iowa braille and sight-saving school, the state tuberculosis sanatorium, the children's hospitals, or other agencies concerned with the welfare and health of children requiring special education in the co-ordination of their educational activities for such children

The board of directors of a school district or area education agency, with the approval of the director of the department of education, may provide special education programs and services as defined in this chapter. If services are provided by the area education agency the board of directors of the area education agency with the co-operation of the local school districts within its jurisdiction may

1 Establish and operate special education programs and classes for the education of children requiring special education

2 Acquire, maintain, and construct facilities in which to provide education, corrective services, and supportive services for children requiring special education

3 Make arrangements with participating school districts for the provision of special education, corrective, and supportive services to the children requiring special education residing in the school districts

The maximum number of pupils per teacher shall be determined by the board of directors of the local district or the area education agency board in accordance with the rules and regulations of the state board of education

The board of directors of the local district or the area education agency may establish and operate one or more special education centers to provide diagnostic, therapeutic, corrective, and other services, on a more comprehensive, expert, economical, and efficient basis than can be reasonably provided by a single school district. The services, if offered by the area education agency board, may be provided in the regular schools using personnel and equipment of the area education agency or, if it is impractical or inefficient to provide them on the premises of a regular school, the area education agency may provide services in its own facilities. To the maximum extent feasible, centers shall be established at and in conjunction with, or in close proximity to one or more elementary and secondary schools. Local districts or the area education agencies may accept diagnostic and evaluation studies conducted by other individuals, hospitals, or centers, if determined to be competent. Children requiring special education services may be identified in any way that the department of education determines to be reliable. 86 Acts, ch 1245, §1481

281.8 Exceptions.

It shall not be incumbent upon the school districts to keep a child requiring special education in regular instruction when the child cannot sufficiently profit from the work of the regular classroom, nor to keep such child requiring special education in the special class or instruction for children requiring special education when it is determined by the director of special education of an area education agency that the child can no longer benefit from the instruction or needs more specialized instruction available in special schools. However, the school district shall count the child requiring special education in the enrollment as provided in sections 273.9, 281.9 and 442.4 and shall insure that appropriate educational provisions are made for the child requiring special education within the limits of funds available under the provisions of this chapter and chapters 273 and 442.

An area education agency director of special education may request approval from the department of education to continue the special education program of a person beyond the person's twenty-first birthday if the person had an accident or prolonged illness that resulted in delays in the initiation of or interruptions in that person's special education program. Approval may be granted by the department to continue the special education program of that person for up to three years or until the person's twenty-fourth birthday.

No provision of this chapter shall be construed to require or compel any person who is a member of a well-recognized church or religious denomination and whose religious convictions, in accordance with the tenets or principles of the person's church or religious denomination, are opposed to medical or surgical treatment for disease to take or follow a course of physical therapy, or submit to medical treatment, nor shall any parent or guardian who is a member of such church or religious denomination and who has such religious convictions be required to enroll a child in any course or instruction which utilizes medical or surgical treatment for disease.

84 Acts, ch 1001, §1

281.9 Weighting plan — audits — evaluations — expenditures.

1 In order to provide funds for the excess costs of instruction of children requiring special education, above the costs of instruction of pupils in a regular curriculum, a special education weighting plan for determining enrollment in each school district is adopted as follows

a Pupils in a regular curriculum are assigned a weighting of one

b Children requiring special education who require special adaptations while assigned to a regular classroom for basic instructional purposes and handicapped pupils placed in a special education class who receive part of their instruction in regular classrooms are assigned a weighting of one and eight tenths for the school year commencing July 1, 1975

c Children requiring special education who require full time, self-contained special education placement with little integration into a regular classroom are assigned a weighting of two and two-tenths for the school year commencing July 1, 1975

d Children requiring special education who are severely handicapped or who have multiple handicaps are assigned a weighting of four and four-tenths for the school year commencing July 1, 1975

e Shared-time and part-time pupils of school age who require special education shall be placed in the proper category and counted in the proportion that the time for which they are enrolled or receive instruction for the school year bears to the time that full time pupils, carrying a normal course schedule, in the same school district, for the same school year are enrolled and receive instruction

2 The weighting for each category of child multiplied by the number of children in each category in the enrollment of a school district, as identified and certified by the director of special education for the area, determines the weighted enrollment to be used in that district for purposes of computations required under the state school foundation plan in chapter 442

3 The weight that a child is assigned under this section shall be dependent upon the required educational modifications necessary to meet the special education needs of the child. Enrollment for the purpose of this section, and all payments to be made pursuant thereto, includes all children for whom a special education program or course is to be provided pursuant to sections 273 1 to 273 9 and this chapter, whether or not the children are actually enrolled upon the records of a school district

4 On December 1, 1987, and no later than December 1 every two years thereafter, for the school year commencing the following July 1, the director of the department of education shall report to the school budget review committee the average costs of providing instruction for children requiring special education in the categories of the weighting plan established under this section, and the director of the department of education shall make recommen-

dations to the school budget review committee for needed alterations to make the weighting plan suitable for subsequent school years. The school budget review committee shall establish the weighting plan for each school year after the school year commencing July 1, 1987, and shall report the plan to the director of the department of education. The school budget review committee shall not alter the weighting assigned to pupils in a regular curriculum, but it may increase or decrease the weighting assigned to each category of children requiring special education by not more than two-tenths of the weighting assigned to pupils in a regular curriculum. The state board of education shall adopt rules under chapter 17A, to implement the weighting plan for each year and to assist in identification and proper indexing of each child in the state who requires special education

5 The division of special education shall audit the reports required in section 273 5 to determine that all children in the area who have been identified as requiring special education have received the appropriate special education instructional and support services, and to verify the proper identification of pupils in the area who will require special education instructional services during the school year in which the report is filed. The division shall certify to the director of the department of management the correct total enrollment of each school district in the state, determined by applying the appropriate pupil weighting index to each child requiring special education, as certified by the directors of special education in each area

6 The division may conduct an evaluation of the special education instructional program or special education support services being provided by an area education agency, school district, or private agency, pursuant to sections 273 1 to 273 9 and this chapter, to determine if the program or service is adequate and proper to meet the needs of the child, if the child is benefiting from the program or service, if the costs are in proportion to the educational benefits being received, and if there are any improvements that can be made in the program or service. A written report of the evaluation shall be sent to the area education agency, school district, or private agency evaluated and to the president of the senate and speaker of the house of representatives of the general assembly

7 The costs of special education instructional programs include the costs of purchase of transportation equipment to meet the special needs of children requiring special education with the approval of the director of the department of education. The state board of education shall adopt rules under chapter 17A for the purchase of transportation equipment pursuant to this section

8 Commencing with the school year beginning July 1, 1976, a school district may expend an amount not to exceed two-sevenths of an amount equal to the district cost of a school district for the costs of regular classroom instruction of a child certified under the special education weighting plan in subsection 1, paragraph "b", as a handicapped

pupil who is enrolled in a special class, but who receives part of the pupil's instruction in a regular classroom. Unencumbered funds generated for special education instructional programs for the school year beginning July 1, 1975 and for the school year beginning July 1, 1976 shall not be expended for such purpose.

9. Commencing with the school year beginning July 1, 1975, funds generated for special education instructional programs under this chapter and chapter 442 shall not be expended for modifications of school buildings to make them accessible to children requiring special education. Unencumbered funds generated for special education instructional programs for the school years beginning July 1, 1975 and July 1, 1976, shall not be expended for such purpose unless approved by the department of public instruction based upon applications received by the department prior to January 1, 1978 and approved prior to April 1, 1978.

1. That there are sufficient children requiring special education within the area.
2. That the service or program will be provided by the most appropriate educational agency.
3. That the educational agency providing the service or program has employed qualified special educational personnel.
4. That the instruction is a natural and normal progression of a planned course of instruction.
5. That all revenue raised for support of special education instruction and services is expended for actual delivery of special education instruction or services.

281.15 Reimbursement for special education services.

1. The state board of education in conjunction with the department of education shall develop a program to utilize federally funded health care programs, except the federal medically needy program for individuals who have a spend-down, to share in

the costs of services which are provided to children requiring special education.

2. The department of education shall designate an area education agency to develop a system for collecting the information necessary to implement procedures for billing and collecting the costs of the services. The area education agency shall begin to develop the system immediately. The area education agency shall consult with and work jointly with state agencies and federal agencies to determine procedures and standards which shall be initiated by all area education agencies to qualify for receipt of benefits under federal programs.

3. The department of education, in conjunction with the area education agency, shall determine those specific services which are covered by federally funded health care programs, which shall include, but not be limited to, physical therapy, audiology, speech language therapy, and psychological evaluations. The department shall also determine which other special services may be subject to reimbursement and the qualifications necessary for personnel providing those services. If it is determined that services are required from other service providers, these providers shall be reimbursed for those services.

4. All services referred to in subsection 1 shall be initially funded by the area education agency and shall be provided regardless of subsequent subrogation collections. The area education agency shall make a claim for reimbursement to federally funded health care programs.

5. Not later than July 1, 1988, the area education agency designated by the department of education shall have developed the program for collecting for the services provided. The program shall be distributed to all of the area education agencies in the state. All area education agencies shall begin collecting the information on July 1, 1988.

6. Effective November 1, 1988, all area education agencies in the state shall participate in the program and begin billing for and collecting for the covered services and shall bill for services provided retroactive to July 1, 1988. Retroactive Title XIX billing is contingent upon state plan approval. Nothing contained in this section shall be construed to allow nonlicensed individuals to perform services which otherwise require licenses under the laws of this state or to allow licensed providers to perform services outside their scope of practice.

7. All reimbursements received by the area education agencies for eligible services shall be paid annually to the treasurer of state. The treasurer of state shall credit all receipts received under this subsection to the general fund of the state.

8. The department of education and the department of human services may adopt rules pursuant to chapter 17A as these agencies deem necessary to implement this section. These rules shall take effect immediately as provided in section 17A.5, subsection 2, paragraph "b".

9. Students or their parents or guardians covered by a federal health care program shall provide

health care information to an area education agency or local school district

10 The department of education and the department of human services shall adopt rules to implement this section to be effective immediately upon

filing with the administrative rules coordinator, or at a stated date prior to indexing and publication, or at a stated date less than thirty five days after filing, indexing, and publication

282.7 Attending in another corporation – payment.

1. The board of directors of a school district by record action may discontinue any or all of grades seven through twelve and negotiate an agreement for attendance of the pupils enrolled in those grades in the schools of one or more contiguous school districts having accredited school systems. If the board designates more than one contiguous district for attendance of its pupils, the board shall draw boundary lines within the school district for determining the school districts of attendance of the pupils. The portion of a district so designated shall be contiguous to the accredited school district designated for attendance. Only entire grades may be discontinued under this subsection and if a grade is discontinued, all higher grades in that district shall also be discontinued. A school district that has discontinued one or more grades under this subsection has complied with the requirements of section 275.1 relating to the maintenance of kindergarten and twelve grades. A pupil who graduates from another school district under this subsection shall receive a diploma from the receiving district. The boards of directors entering into an agreement under this section shall provide for sharing the costs and expenses as provided in sections 282.10 through 282.12. The agreement shall provide for transportation and authority and liability of the affected boards.

2. A school district which does not have an area vocational technical high school or program, established and approved under chapter 258, may permit a resident child to attend school in another district which has such a school or program. The child shall meet the entrance requirements of the school district which has the area school or program. Tuition at the maximum rate prescribed in section 282.24, subsection 1, but not transportation, for such a child shall be paid by the resident district as required in section 282.20.

3. Notwithstanding section 282.8 and section 28E.9, a school district may negotiate an agreement under subsection 1 for attendance of its pupils in a school district located in a contiguous state subject to a reciprocal agreement by the two state boards in the manner provided in this subsection. Prior to negotiating an agreement with the school district in the contiguous state, the board of directors shall file a written request with the state board of education for a determination whether the school district in the contiguous state meets requirements substantially similar to those required for accredited or approved school districts in this state and the school district receives or has available services equivalent

to those that would be provided in this state by an area education agency. The school district shall also obtain approval by the department of education of the sharing proposal, before the agreement becomes effective. Six months prior to making the request for approval, the district shall request a feasibility study from the department of education. If the state board of this state and the corresponding state board in the contiguous state agree that the school districts of their respective states meet substantially similar requirements and have substantially similar services available to the school district, and if the Iowa department of education approves the proposed contract, the two state boards may sign a reciprocal agreement for attendance of their pupils in the school district of the other state, subject to the agreement signed between the boards of directors of the two districts. A school district that negotiates an agreement with a school district in a contiguous state under this subsection is not eligible for supplementary weighting under section 442.39 as a result of that agreement.

282.8 Attending school outside state.

The boards of directors of school districts located near the state boundaries may designate schools of equivalent standing across the state line for attendance of both elementary and high school pupils when the public school in the adjoining state is nearer than any appropriate public school in a pupil's district of residence or in Iowa. Distance shall be measured by the nearest traveled public road. Arrangements shall be subject to reciprocal agreements made between the chief state school officers of the respective states. Notwithstanding section 282.1, arrangements between districts pursuant to the reciprocal agreements made under this section shall establish tuition and transportation fees in an amount acceptable to the affected boards, but the tuition and transportation fees shall not be less than the lower average cost per pupil for the previous school year of the two affected school districts. For the purpose of this section average cost per pupil for the previous school year is determined by dividing the district's operating expenditures for the previous school year by the number of children enrolled in the district on the third Friday of September of the previous school year. A person attending school in another state shall continue to be treated as a pupil of the district of residence in the apportionment of the current school fund and the payment of state aid.

282.10 Whole grade sharing.

1. Whole grade sharing is a procedure used by school districts whereby all or a substantial portion of the pupils in any grade in two or more school districts share an educational program for all or a substantial portion of a school day under a written agreement pursuant to section 256.13, 280.15, or 282.7, subsection 1 or subsections 1 and 3. Whole grade sharing may either be one-way or two-way sharing.

2. One-way whole grade sharing occurs when a school district sends pupils to one or more other school districts for instruction and does not receive a substantial number of pupils from those districts in return.

3. Two-way whole grade sharing occurs when a school district sends pupils to one or more other school districts for instruction and receives a substantial number of pupils from those school districts in return.

4. A whole grade sharing agreement shall be signed by the boards of the districts involved in the agreement not later than February 1 of the school year preceding the school year for which the agreement is to take effect.

87 Acts, ch 224, §60; 88 Acts, ch 1263, §8

Not applicable to sharing agreements signed before July 1, 1987, 87 Acts, ch 224, §79

282.11 Procedure.

Not less than ninety days prior to signing a whole grade sharing agreement whereby all or a substantial portion of the pupils in a grade in the district will attend school in another district, the board of directors of each school district that is negotiating, extending, or renewing a sharing agreement, shall publicly announce its intent to negotiate a sharing agreement under section 21.4, subsection 1. Within thirty days of the board's public notice, a petition may be filed with the department of education requesting that a feasibility study be completed. The petition shall be signed by twenty percent of the eligible electors in the district. The director of the department of education may determine that a feasibility study conducted by the board satisfies the request, provided that the study conforms with the criteria contained in section 256.9.

Not less than thirty days prior to signing a whole grade sharing agreement whereby all or a substantial portion of the pupils in a grade in the district will attend school in another district, the board of directors of each school district that is a party to a proposed sharing agreement shall hold a public hearing at which the proposed agreement is described, and at which the parent or guardian of an affected pupil and certificated employees of the

school district shall have an opportunity to comment on the proposed agreement. Within the thirty-day period prior to the signing of the agreement, the parent or guardian of an affected pupil may request the board of directors to send the pupil to another contiguous school district. The request shall be based upon one of the following:

1. That the agreement will not meet the educational program needs of the pupil.
2. That adequate consideration was not given to geographical factors.

The board shall allow or disallow the request prior to the signing of the agreement, or the request shall be deemed granted. If the board disallows the request, the board shall indicate the reasons why the request is disallowed and shall notify the parent or guardian that the decision of the board may be appealed as provided in this section.

If the board disallows the request of a parent or guardian of an affected pupil, the parent or guardian, not later than March 1, may appeal the sending of that pupil to the school district specified in the agreement, to the state board of education. The basis for the appeal shall be the same as the basis for the request to the board. An appeal shall specify a contiguous school district to which the parent or guardian wishes to send the affected pupil. If the parent or guardian appeals, the standard of review of the appeal is a preponderance of evidence that the parent's or guardian's hardship outweighs the benefits and integrity of the sharing agreement. The state board may require the district of residence to pay tuition to the contiguous school district specified by the parent or guardian, or may deny the appeal by the parent or guardian. If the state board requires the district of residence to pay tuition to the contiguous school district specified by the parent or guardian, the tuition shall be equal to the tuition established in the sharing agreement. The decision of the state board is binding on the boards of directors of the school districts affected, except that the decision of the state board may be appealed by either party to the district court.

87 Acts, ch 224, §61; 88 Acts, ch 1263, §10

282.12 Funding.

1. An agreement for whole grade sharing shall establish a method for determination of costs, if any, associated with the sharing agreement.
2. For one-way sharing, the sending district shall pay no less than one-half of the district cost per pupil of the sending district.
3. For two-way sharing, the costs shall be determined by mutual agreement of the boards.
4. The number of pupils participating in a whole grade sharing agreement shall be determined on the third Friday of September and third Friday of February of each year.

87 Acts, ch 224, §62

Not applicable to sharing agreements signed before July 1, 1987; 87 Acts, ch 224, §79

Repealed by 83 Acts, ch 31, §8.

282.18 Open enrollment.

It is the intent of the general assembly to allow a pupil with special and exceptional needs to enroll in a district contiguous to the pupil's resident district if the contiguous district offers coursework or programs, not already available to the pupil, that would meet the needs of the pupil.

1. Except as provided in subsection 2, for the school year commencing July 1, 1990, and each succeeding school year, a parent or guardian residing in a school district may be allowed to enroll the parent's or guardian's child or ward in a public school in a contiguous school district as provided in this section.

Not later than November 1, 1989, or not later than November 1 of the preceding school year, the parent or guardian shall notify the district of residence and the department of education that the parent or guardian intends to enroll the parent's or guardian's child or ward in a contiguous school district. Notice shall be made in the form and manner prescribed by the department of education and shall contain a description of the substantial educational opportunities necessary and available for the child in the receiving district that are not available in the district of residence and a statement that the child intends to take advantage of the opportunity before graduation. The state board of education shall adopt rules under chapter 17A by January 1, 1989, that define substantial educational opportunity. The definition shall include, but not be limited to, whether the contiguous district offers coursework or programs not available in the district of residence. A request under this section is for a period of not less than four years, unless the pupil will graduate within the four-year period.

The board of directors of the district of residence shall approve or disapprove the request within thirty days of receipt of the parent's and guardian's notice. The parent or guardian may appeal the decision of the board under chapter 290. If the parent or guardian appeals to the state board of education, the parent or guardian must prove by substantial evidence to the state board that the conditions listed in the request exist and the denial of the request of the parent or guardian was an abuse of discretion by the board of the district of residence.

Following approval of the transfer, the board of the district of residence shall transmit a copy of the form to the contiguous school district. The board of the contiguous school district shall enroll the pupil in a school in the contiguous district for the following school year, unless the contiguous school district does not have classroom space for the pupil or enrolling the pupil in the contiguous district will adversely affect the minority enrollment in the resident or contiguous school district because of voluntary or court ordered desegregation. The child

shall, however, be included in the basic enrollment of the district of residence for purposes of section 442.4.

The board of directors of the district of residence shall pay to the receiving school district an amount which is equal to the lesser of the state aid portion of the resident district's cost per pupil or the state aid of the receiving district's cost per pupil. For the purpose of this section, "state aid portion of a district's cost per pupil" is the state foundation aid for the budget year received by the district under section 442.26 for regular program costs divided by the district's basic enrollment for the budget year. In addition, the state aid amount shall include moneys received under sections 294A.9 and 294A.14. If the amount paid to the receiving school district is not equal to that district's cost per pupil, the receiving district has the option of either accepting the amount paid by the district of residence, or billing the parent or guardian for the difference between the district cost per pupil and the amount received from the district of residence. The district of residence may reimburse the parent for any difference paid to the receiving district. Quarterly payment shall be made to the receiving district. Notwithstanding section 285.1 relating to transportation of nonresident pupils, the parent or guardian is responsible for transporting the pupil without reimbursement to and from a point on a regular school bus route of the receiving district. A parent or guardian who chooses to reenroll the child in the district of residence, or to enroll the child in another school district, during the four-year period covered by the request, shall pay the maximum tuition fee to the enrolling district pursuant to section 282.24. However, the tuition fee requirement does not apply if a child is enrolled in another school district, during the four-year period covered by the request, because of a change in the child's place of residence.

A student who attends school in a contiguous school district is not eligible to participate in interscholastic athletic contests and athletic competitions during the first year of enrollment under this section except for an interscholastic sport in which the district of residence and the contiguous school district jointly participate.

2. This section does not apply if the contiguous district, in which the parent or guardian wishes to enroll their child, is a party to a sharing agreement, which covers the request, with the district of residence under sections 282.7 through 282.12. If a resident or receiving district is participating in a reorganization study under chapter 275, subsection 1 shall not be available to a parent or guardian until the study is completed.

282.24 Tuition fees established.

1. There is established a maximum tuition fee that may be charged for elementary and high school

students residing within another school district or corporation except students attending school in another district under section 282.7, subsection 1 or subsections 1 and 3. That fee is the district cost per pupil of the receiving district as computed in section 442.9, subsection 1, paragraph "a".

A school corporation which owns facilities used as attendance centers for students shall maintain an itemized statement of the appraised value of all buildings owned by the school corporation. Beginning July 1, 1976, the appraisal shall be updated at least one time every five years.

The director of the department of education shall, after July 1 but before September 1 of each year, notify every school in the state, affected by this section, what the computed maximum tuition rate shall be for the ensuing year.

This subsection does not prevent the corporation or district in which the student resides from paying a tuition in excess of the maximum computed tuition rates, if the actual per pupil cost of the preceding year so warrants, but the receiving district or corporation shall not demand more than the maximum rate.

284 2 Designated state official

284 3 Contracts on file

284.1 Interstate agreement.

The interstate agreement on qualification of educational personnel is hereby enacted into law and entered into with all jurisdictions legally joining therein, in the form substantially as follows

ARTICLE I — PURPOSE, FINDINGS, AND POLICY

1 The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interest of society, of education, and of the teaching profession It is the purpose of this agreement to provide for the development and execution of such programs of co-operation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end

2 The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources Participation in this agreement can increase the availability of educational personnel

Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this agreement. A designated state official may enter into a contract pursuant to this article only with states in which the official finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in the official's state.

2. Any such contract shall provide for:

a. Its duration.

b. The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.

c. Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.

d. Any other necessary matters.

3. No contract made pursuant to this agreement shall be for a term longer than five years but any such contract may be renewed for like or lesser periods.

4. Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the

earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

5. The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

6. A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

ARTICLE IV — APPROVED AND ACCEPTED PROGRAMS

1. Nothing in this agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

ARTICLE V — INTERSTATE CO-OPERATION

The party states agree that:

1. They will, so far as practicable, prefer the making of multilateral contracts pursuant to article III of this agreement.

2. They will facilitate and strengthen co-operation in interstate certification and other elements of educational personnel qualification and for this purpose shall co-operate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

ARTICLE VI — AGREEMENT EVALUATION

The designated state officials of any party states may meet from time to time as a group to evaluate programs under the agreement, and to formulate recommendations for changes.

ARTICLE VII — OTHER ARRANGEMENTS

Nothing in this agreement shall be construed to prevent or inhibit other arrangements or practices of

any party state or states to facilitate the interchange of educational personnel

ARTICLE VIII — EFFECT AND WITHDRAWAL

1 This agreement shall become effective when enacted into law by two states. Thereafter it shall become effective as to any state upon its enactment of this agreement.

2 Any party state may withdraw from this agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

3 No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

ARTICLE IX — CONSTRUCTION AND SEVERABILITY

This agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remain-

der of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state participating therein, the agreement shall remain in full force and effect as to the state affected as to all severable matters.

285.1 When entitled to state aid.

1 The board of directors in every school district shall provide transportation, either directly or by reimbursement for transportation, for all resident pupils attending public school, kindergarten through twelfth grade, except that

a. Elementary pupils shall be entitled to trans-

portation only if they live more than two miles from the school designated for attendance.

b. High school pupils shall be entitled to transportation only if they live more than three miles from the school designated for attendance.

For the purposes of this subsection, high school means a school which commences with either grade

nine or grade ten, as determined by the board of directors of the school district or by the governing authority of the nonpublic school in the case of nonpublic schools.

Boards in their discretion may provide transportation for some or all resident pupils attending public school or pupils who attend nonpublic schools who are not entitled to transportation. Boards in their discretion may collect from the parent or guardian of the pupil not more than the pro rata cost for such optional transportation, determined as provided in subsection 12.

To the extent that this section as amended requires transportation which was not required before August 15, 1973, the board of directors shall not be required to provide such transportation before July 1, 1978.

2. Any pupil may be required to meet a school bus on the approved route a distance of not to exceed three-fourths of a mile without reimbursement.

3. In a district where transportation by school bus is impracticable, where necessary to implement a whole grade sharing agreement under section 282.10, or where school bus service is not available, the board may require parents or guardians to furnish transportation for their children to the schools designated for attendance. Except as provided in section 285.3, the parent or guardian shall be reimbursed for such transportation service for public and nonpublic school pupils by the board of the resident district in an amount equal to eighty dollars plus seventy-five percent of the difference between eighty dollars and the previous school year's statewide average per pupil transportation cost, as determined by the department of education.

However, a parent or guardian shall not receive reimbursement for furnishing transportation for more than three family members who attend elementary school and one family member who attends high school.

4. In all districts where unsatisfactory roads or other conditions make it advisable, the board at its discretion may require the parents or guardians of public and nonpublic school pupils to furnish transportation for their children up to two miles to connect with vehicles of transportation. The parents or guardians shall be reimbursed for such transportation by the boards of the resident districts at the rate of twenty-eight cents per mile per day, one way, per family for the distance from the pupil's residence to the bus route.

5. Where transportation by school bus is impracticable or not available or other existing conditions warrant it, arrangements may be made for use of common carriers according to uniform standards established by the director of the department of education and at a cost based upon the actual cost of service and approved by the board.

6. When the school designated for attendance of pupils is engaged in the transportation of pupils, the sending or designating school shall use these facilities and pay the pro rata cost of transportation

except that a district sending pupils to another school may make other arrangements when it can be shown that such arrangements will be more efficient and economical than to use facilities of the receiving school, providing such arrangements are approved by the board of the area education agency.

7. If a local board closes either elementary or high school facilities and is approved by the board of the area education agency to operate its own transportation equipment, the full cost of transportation shall be paid by the board for all pupils living beyond the statutory walking distance from the school designated for attendance.

8. Transportation service may be suspended upon any day or days, due to inclemency of the weather, conditions of roads, or the existence of other conditions, by the board of the school district operating the buses, when in their judgment it is deemed advisable and when the school or schools are closed to all children.

9. Distance to school or to a bus route shall in all cases be measured on the public highway only and over the most passable and safest route as determined by the area education agency board, starting in the roadway opposite the private entrance to the residence of the pupil and ending in the roadway opposite the entrance to the school grounds or designated point on bus route.

10. The board in any district providing transportation for nonresident pupils shall collect the pro rata cost of transportation from the district of pupil's residence for all properly designated pupils so transported.

11. Boards in districts operating buses may transport nonresident pupils who attend public school, kindergarten through junior college, who are not entitled to free transportation provided they collect the pro rata cost of transportation from the parents.

12. The pro rata cost of transportation shall be based upon the actual cost for all the children transported in all school buses. It shall include one-seventh of the original net cost of the bus and other items as determined and approved by the director of the department of education but no part of the capital outlay cost for school buses and transportation equipment for which the school district is reimbursed from state funds or that portion of the cost of the operation of a school bus used in transporting pupils to and from extra-curricular activities shall be included in determining the pro rata cost. In a district where, because of unusual conditions, the cost of transportation is in excess of the actual operating cost of the bus route used to furnish transportation to nonresident pupils, the board of the local district may charge a cost equal to the cost of other schools supplying such service to that area, upon receiving approval of the director of the department of education.

13. When a local board fails to pay transportation costs due to another school for transportation service rendered, the board of the creditor corporation shall file a sworn statement with the area education

agency board specifying the amount due. The agency board shall check such claim and if the claim is valid shall certify to the county auditor. The auditor shall transmit to the county treasurer an order directing the county treasurer to transfer the amount of such claim from the funds of the debtor corporation to the creditor corporation and the treasurer shall pay the same accordingly.

14 Resident pupils attending a nonpublic school located either within or without the school district of the pupil's residence shall be entitled to transportation on the same basis as provided for resident public school pupils under this section. The public school district providing transportation to a nonpublic school pupil shall determine the days on which bus service is provided, which shall be based upon the days for which bus service is provided to public school pupils, and the public school district shall determine bus schedules and routes. In the case of nonpublic school pupils the term "school designated for attendance" means the nonpublic school which is designated for attendance by the parents of the nonpublic school pupil.

15 If the nonpublic school designated for attendance is located within the public school district in which the pupil is a resident, the pupil shall be transported to the nonpublic school designated for attendance as provided in this section.

16 *a.* If the nonpublic school designated for attendance of a pupil is located outside the boundary line of the school district of the pupil's residence, the pupil may be transported by the district of residence to a public school or other location within the district of the pupil's residence. A public school district in which a nonpublic school is located may establish school bus collection locations within its district from which nonresident nonpublic school pupils may be transported to and from a nonpublic school located in the district. If a pupil receives such transportation, the district of the pupil's residence shall be relieved of any requirement to provide transportation.

b. As an alternative to paragraph "a" of this subsection, subject to section 285 9, subsection 3, where practicable, and at the option of the public school district in which a nonpublic school pupil resides, the school district may transport a nonpublic school pupil to a nonpublic school located outside the boundary lines of the public school district if the nonpublic school is located in a school district contiguous to the school district which is transporting the nonpublic school pupils, or may contract with the contiguous public school district in which a nonpublic school is located for the contiguous school district to transport the nonpublic school pupils to the nonpublic school of attendance within the boundary lines of the contiguous school district.

c. If the nonpublic school designated for attendance of a pupil is located outside the boundary line of the school district of the pupil's residence and the district of residence meets the requirements of subsections 14 to 16 of this section by using subsection 17, paragraph "c", of this section and the district in

which the nonpublic school is located is contiguous to the district of the pupil's residence and is willing to provide transportation under subsection 17, paragraph "a" or "b", of this section, the district in which the nonpublic school is located may provide transportation services, subject to section 285 9, subsection 3, and may make the claim for reimbursement under section 285 2. The district in which the nonpublic school is located shall notify the district of the pupil's residence that it is making the claim for reimbursement, and the district of the pupil's residence shall be relieved of the requirement for providing transportation and shall not make a claim for reimbursement for those nonpublic school pupils for which a claim is filed by the district in which the nonpublic school is located.

17 The public school district may meet the requirements of subsections 14 to 16 by any of the following:

a. Transportation in a school bus operated by a public school district.

b. Contracting with private parties as provided in section 285 5. However, contracts shall not provide payment in excess of the average per pupil transportation costs of the school district for that year.

c. Utilizing the transportation reimbursement provision of subsection 3.

d. Contracting with a contiguous public school district to transport resident nonpublic school pupils the entire distance from the nonpublic pupil's residence to the nonpublic school located in the contiguous public school district or from the boundary line of the public school district to the nonpublic school.

18 The director of the department of education may review all transportation arrangements to see that they meet all legal and established uniform standard requirements.

19 Transportation authorized by this chapter is exempt from all laws of this state regulating common carriers.

20 Transportation for which the pro rata cost or other charge is collected shall not be provided outside the state of Iowa except in accordance with rules adopted by the department of education in accordance with chapter 17A. The rules shall take into account any applicable federal requirements.

21 Boards in districts operating buses may in their discretion transport senior citizens, children, handicapped and other persons and groups, who are not otherwise entitled to free transportation, and shall collect the pro rata cost of transportation. Transportation under this subsection shall not be provided when the school bus is being used to transport pupils to or from school unless the board determines that such transportation is desirable and will not interfere with or delay the transportation of pupils.

22 Notwithstanding subsection 1, paragraph "a", a parent or guardian of an elementary pupil entitled to transportation pursuant to subsection 1, may request that a child day care facility be designated for purposes of subsection 9 rather than the residence of the pupil. The request shall be submit-

ted for a period of time of at least one semester and may not be submitted more than twice during a school year

285.2 Payment of claims for nonpublic school pupil transportation.

Boards of directors of school districts shall be required to provide transportation services to nonpublic school pupils as provided in section 285 1 when the general assembly appropriates funds to the department of education for the payment of claims for transportation costs submitted by the school district

There is appropriated from the general fund of the state to the department of education funds sufficient to pay the approved claims of public school districts for transportation services to nonpublic school pupils as provided in this section. The portion of the amount appropriated for approved claims under section 285 1, subsection 3, shall be determined under section 285 3

The costs of providing transportation to nonpublic school pupils as provided in section 285 1 shall not be included in the computation of district cost under chapter 442, but shall be shown in the budget as an expense from miscellaneous income. Any transportation reimbursements received by a local school district for transporting nonpublic school pupils shall not affect district cost limitations of chapter 442. The reimbursements provided in this section are miscellaneous income as defined in section 442 5

Claims for reimbursement shall be made to the department of education by the public school district providing transportation or transportation reimbursement during a school year on a form prescribed by the department, and the claim shall state the services provided and the actual costs incurred. A claim shall not exceed the average transportation costs of the district per pupil transported except as otherwise provided. If transportation is provided under section 285 1, subsection 3, the amount of a claim shall be determined under section 285 3 regardless of the average transportation costs of the district per pupil transported

Claims shall be accompanied by an affidavit of an officer of the public school district affirming the accuracy of the claim. By February 1 and by July 15 of each year, the department shall certify to the department of revenue and finance the amounts of approved claims to be paid, and the department of revenue and finance shall draw warrants payable to

school districts which have established claims. Claims shall be allowed where practical, and at the option of the public school district of the pupil's residence, subject to approval by the area education agency of the pupil's residence, under section 285 9, subsection 3, the public school district of the pupil's residence may transport a pupil to a school located in a contiguous public school district outside the boundary lines of the public school district of the pupil's residence. The public school district of the pupil's residence may contract with the contiguous public school district or with a private contractor under section 285 5 to transport the pupils to the school of attendance within the boundary lines of the contiguous public school district. The public school district in which the pupil resides may contract with the contiguous public school district or with a private contractor under section 285 5 to transport the pupil from the pupil's residence or from designated school bus collection locations to the school located within the boundary lines of the contiguous public school district, subject to the approval of the area education agency of the pupil's residence. 285.3 Parental reimbursement for nonpublic school pupil transportation.

The portion of the amount appropriated under section 285 2 to pay claims to reimburse parents or guardians of nonpublic school pupils for furnishing transportation for their children is equal to eighty dollars plus seventy five percent of the difference between eighty dollars and the previous school year's statewide average per pupil transportation cost as determined by the department of education multiplied by the total number of nonpublic school pupils for which the parent or guardian furnishes transportation, except that all elementary pupils and two members of a family who attend a nonpublic high school shall be included in the total number

The amount of an approved claim to a parent or guardian for furnishing transportation shall include a base payment, and may include a supplemental payment, determined under this section. The base payment is equal to the amount of the reimbursement determined under section 285 1, subsection 3

The difference between the amount appropriated under this section for reimbursement of parents and guardians of nonpublic school pupils and the amount paid to parents and guardians of nonpublic school pupils pursuant to section 285 1, subsection 3, shall be used for supplemental payments to the parents and guardians of nonpublic school pupils who transport one or more family members more than four miles to a school of attendance. The department of education shall add together the number of parents and guardians who transport one or more family members more than four miles to their nonpublic schools of attendance and divide that number into

the amount available for supplemental payments to determine a supplemental payment amount per parent or guardian. That supplemental payment amount per parent or guardian shall be paid to each eligible parent or guardian transporting nonpublic school pupils in addition to the base payment.

The supplemental payment amount calculated under this section for nonpublic school parents shall be paid by the school district of residence to parents and guardians transporting eligible resident pupils attending public school.

285.4 Pupils sent to another district.

When a board closes its elementary school facilities for lack of pupils or by action of the board, it shall, if there is a school bus service available in the area, designate for attendance the school operating the buses, provided the board of such school is willing to receive them and the facilities and curricular offerings are adequate. The board of the district where the pupils reside may with the approval of the area education agency board, subject to legal limitations and established uniform standards, designate another rural school and provide their own transportation if the transportation costs will be less than to use the established bus service.

All designations must be submitted to the area education agency board on or before July 15, for review and approval. The agency board shall after due investigation alter or change designations to make them conform to legal requirements and established uniform standards for making designations and for locating and establishing bus routes. After designations are made, they will remain the same from year to year except that on or before July 15, of each year, the rural board or parents may petition the agency board for a change of designation to another school. 286A.1 State area school funding plan.

The state area school funding plan is established for the fiscal year beginning July 1, 1986 and succeeding fiscal years. Funds appropriated specifically for distribution under this chapter shall be allocated to the area schools established under chapter 280A in the manner provided in this chapter. If the funds appropriated for distribution under this chapter are insufficient to make the allocations required, the department of management shall prorate the allocations. However, an area school shall be allocated an amount at least equal to the state general aid allocated for the base year unless the formula is fully funded under this chapter.

86 Acts, ch 1246, §145

286A.2 Definitions.

As used in this chapter and chapter 280A, unless the context otherwise requires:

1 "Contact hour" means fifty minutes of contact between an instructor and students in a scheduled course offering for which students are registered.

The total contact hours for an area school in a cost center for a budget year for purposes of determining state general aid under this chapter are the average of the total contact hours offered by the area school in that cost center for the base year and the two fiscal years preceding the base year.

2 "Contact hour eligible for general aid" is a contact hour as provided in subsection 1 except for the contact hours of nonresident students, contact hours of students in avocational or recreational programs, and contact hours of students in courses or programs the direct operational costs of which are entirely paid by federal, state, or other governmental agencies, or private subsidy, or both.

3 "Base year" means base year as defined in section 442.6.

4 "Budget year" means budget year as defined in section 442.6.

5 "State percent of growth" is the state percent of growth calculated under section 442.7.

6 "Area school allowable growth for an instructional cost center" is a dollar amount determined by the department of management by multiplying the state average cost per contact hour for that cost center for a base year times the state percent of growth for the budget year.

7 "Instructional cost center" means one of the following areas of course offerings of the area schools:

- a. Arts and sciences cost center
- b. Vocational technical preparatory cost center
- c. Vocational technical supplementary cost center
- d. Adult basic education and high school completion cost center
- e. Continuing and general education cost center

8 "Noninstructional function" means all of the following functions:

- a. General institutional function
- b. Student services function
- c. Physical plant, including plant maintenance and utility costs functions
- d. Library services function

9 "State average cost per contact hour for an instructional cost center" is the actual state average cost per contact hour for that instructional cost center for all area schools for the base year beginning July 1, 1985 adjusted in succeeding years to equal the base year's state average cost per contact hour for the instructional cost center plus the area school allowable growth for the instructional cost center for the budget year. The state average cost per contact hour does not include expenditures for capital outlay.

86 Acts, ch 1246, §146

Education appropriations subcommittee to review method of calculating total contact hours and report to general assembly in 1990. 88 Acts ch 1284 §37.

286A.3 Foundation support level.

The department of management shall determine for the base year beginning July 1, 1985, the state average cost per contact hour for each instructional

cost center. The state foundation support level per contact hour for each instructional cost center is sixty-five percent of the state average cost per contact hour for that year.

For the budget year commencing July 1, 1986 and succeeding budget years, the department of management shall determine the area school allowable growth for each instructional cost center and shall add those amounts to the foundation support level per contact hour for each instructional cost center for the base year in order to determine the foundation support level per contact hour for the budget year. However, for any budget year for which funds are appropriated by the general assembly for salary improvement for the arts and sciences cost center and for the vocational-technical preparatory cost center, the foundation support level per contact hour for those cost centers for the budget year shall be increased by a salary improvement cost per contact hour. However, the salary improvement cost per contact hour is not included in the foundation support level per contact hour for those cost centers. Funds appropriated for salary improvement for a budget year shall be divided by the total number of contact hours in the arts and sciences cost center and the vocational-technical preparatory cost center in all area schools for the budget year to determine a salary improvement cost per contact hour. Salary improvement moneys received by an area school shall be added to the base salaries of recipients of the moneys, and shall supplement, not supplant, the results of a collective bargaining agreement negotiated under chapter 20, if any.

86 Acts, ch 1246, §147

286A.4 Support per instructional cost center.

Each area school shall multiply the state foundation support level per contact hour for each instructional cost center for a budget year by the number of contact hours eligible for state general aid in the area school in the cost center for the budget year to obtain the support per cost center in that area school. The total support for an area school for instructional cost centers is the sum of the support per cost center for all five instructional cost centers.

86 Acts, ch 1246, §148

286A.5 General institutional function.

The general institutional function cost for the base year commencing July 1, 1985 for an area school is determined by multiplying the area school's total expenditures for the fiscal year beginning July 1, 1985 by thirteen and ninety-six hundredths percent, which is the average percent of total expenditures of the area schools for general institutional function costs.

The foundation support level for the general institutional function for an area school for the base year beginning July 1, 1985 is sixty-five percent of the area school's general institutional support function cost for that year.

For the budget year beginning July 1, 1986 and succeeding budget years, the foundation support level for the general institutional support function

for an area school is the foundation support level for the base year plus a general institutional function allowable growth amount. The allowable growth amount is determined by the department of management by multiplying the state percent of growth for the budget year by the state average general institutional function cost for the base year.

For the base year beginning July 1, 1989, and each four years thereafter, the department shall recalculate the average percent of total expenditures of the area schools for general institutional function costs and shall use that percent for the four next following budget years.

86 Acts, ch 1246, §149

286A.6 Student services function cost.

The state student services function cost for the base year commencing July 1, 1985 is determined by dividing the total of all area schools' expenditures for the student services function for that year by the total number of contact hours eligible for general aid in the state for that year to achieve a state average student services function cost per contact hour for the base year.

The foundation support level per contact hour for the student services function cost for the base year beginning July 1, 1985 is sixty-five percent of the state average student services function cost per contact hour for that year.

For the budget year beginning July 1, 1986 and succeeding budget years, the foundation support level per contact hour eligible for state general aid for the student services function cost for an area school is the foundation support level per contact hour for the base year plus a student services support allowable growth amount. The allowable growth amount is determined by the department of management by multiplying the state percent of growth for the budget year by the state average student services function cost per contact hour for the base year. The total is then multiplied by the number of contact hours in the area school to determine the foundation support for the student services function cost for a budget year.

86 Acts, ch 1246, §150

286A.7 Physical plant function cost.

The physical plant function cost includes physical plant maintenance cost and the physical plant utility cost.

1. The physical plant function cost for the base year commencing July 1, 1985 for all area schools is determined by dividing the total physical plant maintenance cost of all area schools for that year by the total square feet of buildings of the area schools for that year to achieve a state average cost per square foot.

The foundation support level per square foot for the physical plant maintenance costs for the base year beginning July 1, 1985 is sixty-five percent of the state average cost per square foot for that year.

For the budget year beginning July 1, 1986 and succeeding budget years, the foundation support level per square foot for the physical plant maintenance

nance costs for an area school is the foundation support level per square foot for the base year plus a physical plant maintenance allowable growth amount. The allowable growth amount is determined by the department of education by multiplying the state percent of growth for the budget year by state average cost per square foot for the base year. The total is then multiplied by the number of square feet in buildings of the area school to determine the foundation support for the physical plant maintenance costs for a budget year. The department shall notify the department of management.

2 The physical plant utility function cost for the base year commencing July 1, 1985 for all area schools is determined by dividing the total physical plant utility costs of all area schools for that year by the total cubic feet of buildings of the area schools for that year to achieve a state average cost per cubic foot.

The foundation support level per cubic foot for the physical plant utility cost for the base year beginning July 1, 1985 is sixty five percent of the state average cost per cubic foot for the base year for that year.

For the budget year beginning July 1, 1986 and succeeding budget years, the foundation support level per cubic foot for the physical plant utility cost for an area school is the foundation support level per cubic foot for the base year plus a physical plant utility allowable growth amount. The allowable growth amount is determined by the department of education by multiplying the state percent of growth for the budget year by the state average cost per cubic foot for the base year. The total is then multiplied by the number of cubic feet in buildings of the area school to determine the foundation support for the physical plant utility cost for a budget year. The department shall notify the department of management.

3 The foundation support for the physical plant maintenance cost added to the foundation support for the physical plant utility cost for a budget year equals the foundation support for the physical plant function for a budget year.

86 Acts, ch 1246, §151

286A.8 Library function cost.

The library function cost for a budget year for an area school is determined by the department of education by multiplying the total of the area school's support for the five instructional cost centers, for the general institutional support function, for the student services function, and for the physical plant function for that year by three and thirty three hundredths percent, which is the average percent of the area schools' support expended for the library function cost. The department shall notify the department of management.

The foundation support level for the library services function for an area school for a base year is sixty five percent of the area school's library function cost for that year.

86 Acts, ch 1246, §152, 87 Acts, ch 233, §489

286A.9 Area school moneys.

The difference between the amount of an area school's budget and the sum of the amount of state general aid plus the amount raised by the tax levy under section 280A 17 may include tuition, student fees, revenues received from property tax levies other than the levy established in section 280A 17, federal moneys, and other moneys received by the area school.

86 Acts, ch 1246, §153

286A.10 Expenditures for base year.

When an area school determines its total expenditures, expenditures for the student services function, physical plant maintenance costs, physical plant utility costs, and costs per cost center for the base year beginning July 1, 1985 for purposes of determining state general aid under this chapter, the area school shall use the actual costs and expenditures for the first three quarters of the fiscal year and shall estimate the costs of the fourth quarter. When actual costs and expenditures are known, the department of education shall direct the department of management to adjust the support levels for the cost centers and noninstructional functions and the amount of state general aid to be paid for that budget year on the basis of the actual figures.

86 Acts, ch 1246, §154

286A.11 State general aid amount.

The amount of state general aid to which an area school is entitled for a budget year under this chapter is equal to the sum of the following:

1 An amount equal to the difference between the total of foundation support levels for the five instructional cost centers and the four noninstructional functions, and the amount raised by the tax levy under section 280A 17.

2 An amount for operation of a public radio station if one has been established for the area school and has been funded by the state. The amount is the amount for operation of the radio station for the base year plus an amount equal to the cost of operation for the base year multiplied by the state percent of growth for the budget year.

3 Fifty thousand dollars if the area school has fewer than one million contact hours. The department of education shall calculate the difference between the amount of state general aid each area school that has fewer than one million contact hours would receive if a foundation support level of seventy percent were used in lieu of the sixty five percent specified in this chapter and the amount the area school would receive under this chapter. The area school shall receive that difference in lieu of the fifty thousand dollars granted under this subsection if the difference is greater than fifty thousand dollars.

4 An amount equal to the general allocation of the area school as determined under section 405A 2.

86 Acts, ch 1246, §155, 88 Acts, ch 1250, §11

286A.12 Payment of appropriation.

Payment shall be made by the department of

revenue and finance in four installments due on or about November 15, February 15, and May 15 of a budget year and on or about August 15 of the next following budget year, and installments shall be as nearly equal as possible, as determined by the department of revenue and finance, taking into consideration the relative budget and cash position of the state resources

The payment made on or about August 15 of the next following budget year is an account receivable for the budget year

86 Acts, ch 1246, §156

286A.13 Misrepresentation of required information.

An area school which misrepresents the cost for a cost center or its contact hours shall repay any excess funds received under this chapter

86 Acts, ch 1246, §157

286A.14 Area school budget review.

1 An area school budget review procedure is established for the school budget review committee created in section 442.12. The school budget review committee, in addition to its duties under chapter 442, shall meet and hold hearings each year under this chapter to review unusual circumstances of area schools, either upon the committee's motion or upon the request of an area school. The committee may grant supplemental aid to the area school from funds appropriated to the department of education for area school budget review purposes, or an amount may be added to the area school allowable growth for all cost centers and area school allowable growth for noninstructional functions for the budget year either on a temporary or permanent basis, or both.

Unusual circumstances shall include but not be limited to the following

- a. An unusual increase or decrease in enrollment
- b. Natural disasters
- c. Unusual staffing problems
- d. Unusual necessity for additional funds to permit continuance of a course or program which provides substantial benefit to students
- e. Unusual need for a new course or program

which will provide substantial benefit to students, if the area school establishes the need and the amount of necessary increased cost

f. Unique problems of area schools to include vandalism, civil disobedience, and other costs incurred by area schools

2 When the school budget review committee makes a decision under subsection 1, it shall provide written notice of its decision, including all changes, to the board of directors of the area school and to the department of management

3 All decisions by the school budget review committee under this chapter shall be made in accordance with reasonable and uniform policies which shall be consistent with this chapter

4 Failure by an area school to provide information or appear before the school budget review committee as requested for the accomplishment of review or hearing constitutes justification for the committee to instruct the department of revenue and finance to withhold state area school aid to that area school until the committee's inquiries are satisfied completely

86 Acts, ch 1246, §158

286A.15 Information furnished by area school.

Each area school shall supply to the department of management and the department of education the information required for calculation of the amount of state area school aid due each area school under the state area school funding plan. Forms for reporting information to calculate the state area school aid for a budget year shall be supplied by the department of management to each area school

86 Acts, ch 1246, §159

286A.16 Rules.

The department of education shall adopt rules and definitions of terms necessary for the administration of this chapter. The school budget review committee shall adopt rules under chapter 17A to carry out section 286A.14

TERMINATION IN CITIES

294.11 Resolution adopted.

Any school district which has in operation the pension and annuity retirement system created pursuant to sections 294.8 to 294.10 may terminate such system by the adoption by the board of directors of such district, of a resolution declaring such system terminated as of a date specified therein.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §294.11]

294.12 Pension fund held for survivors.

In the event of such termination, all assessments of teachers shall cease upon such date of termination, or upon such earlier date as may be prescribed in such resolution, and no additional taxes shall be levied or assessed for the operation of such system, save as in section 294.13. All undisposed of funds and accumulations derived from the operation of said system, including the proceeds, when collected, of any annual tax heretofore levied for the operation of said system, and including the proceeds of any annual tax levied hereafter pursuant to the provisions of section 294.13, shall constitute a retirement liquidation fund. Such liquidation fund shall be held for the benefit of those surviving beneficiaries under such system as of said date of termination, and of members of such system as of date of termination. There shall be set aside from such retirement liquidation fund an amount sufficient to provide for the payment of all surviving beneficiaries who shall be entitled to receive benefits under such system as of said date of termination, providing an actuarial computation has been made of the amount required to meet such benefit payments, providing the amount in the retirement liquidation fund is sufficient for this purpose, and the amount set aside shall be used for no other purpose than for the payment of claims to such beneficiaries. Any amount in excess of the actuarial equivalent of the sum required to pay such benefit payments shall be apportioned to persons who were as of the effective date of the termination of the system, members of such system, in proportion to the amount which the accumulated contribution of each such person bears to the total funds of such retirement system subject to such apportionment. Any member of such system as of the date of termination thereof, may, in lieu of receiving the cash refund of the member's share of the liquidation fund, elect to come under the coverage of any new pension and annuity retirement system established by the district, to which the member is eligible, with credits toward future benefits in consideration of the member's prior contributions and length of service, and may direct the transfer of the amount payable to the member to the assets of the new pension and annuity retirement system. In any case where the board of directors of a school district including a teachers retirement system established under the provisions of section 294.8, whose members were not under coverage of the Iowa old-age and survivors' insurance system prior to May 1, 1953, the board of directors may authorize the payment from funds in excess of the actuarial amount estimated as required for the payment of benefits to persons entitled to them, and for the purpose of obtaining retroactive social security coverage from January 1, 1951, until the effective date of federal coverage of Iowa public employees as provided by chapter 97C. Each surviving beneficiary entitled to receive retirement benefits of the date of termination of the system will be entitled to receive retirement benefits at the time and in the amount in effect with respect to such beneficiary immediately prior to the date of termination.

In any school district which has pursuant to section 294 11 terminated a previously existing pension and annuity retirement system and has after actuarial computation established a retirement reserve fund pursuant to this section in order to pay to surviving beneficiaries entitled to receive retirement benefits at date of termination of said system in the amount in effect with respect to such beneficiaries immediately prior to the date of termination, the board of directors may authorize each and every payment to each surviving beneficiary falling due subsequent to June 30, 1971, to be increased by an amount to be determined by the board such increased payments to be paid from the retirement reserve fund according to an actuarial computation thereof plus such additional amounts transferred from the general fund as may be required. In order to provide the additional amounts required from the general fund for such increased payments, the board of directors may annually at the meeting at which it estimates the amount required for the general fund in accordance with section 298 1 estimate such additional amount as an actuarial computation shall show is necessary from the general fund for the payment of such increased benefits for the current school year, provided the amount estimated and certified to be transferred from the general fund to the retirement reserve fund shall not exceed one and four tenths cents per thousand dollars of the assessed valuation of the taxable property of the school corporation. The board of supervisors shall in accordance with the provisions of section 298 8 levy the taxes necessary to raise the amount estimated by the board of directors as above provided and certified to the board of supervisors. Upon the death of the last beneficiary to survive, any balance remaining in said retirement reserve fund shall be transferred to the general fund of said school district.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §294 12]

294.13 General fund replacements.

The board of directors of said district shall each year at the meeting at which it estimates the amount required for the general fund, in accordance with the provisions of section 298 1, estimate the additional amount, if any, necessary to provide the required annual payments to surviving beneficiaries, which amount shall be levied by the board of supervisors in accordance with the provisions of section 298 8. Upon the death of the last beneficiary to survive, any balance remaining in said fund, including any undisposed of accumulations, shall be transferred to the general fund of said school district.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §294 13]

294.14 Estimate of funds needed — levy.

The board of directors of said district shall annually, for a period of five years after the effective date of the termination of its pension system, at the meeting at which it estimates the amount required for the general fund, in accordance with the provisions of section 298 1, estimate the additional amount if any necessary to pay to participants in the

pension system who are not entitled to receive benefits under such system at the date of termination thereof, one fifth of the amount paid into said pension fund by such participants therein, without interest, which amount shall be levied by the board of supervisors, in accordance with provisions of section 298 8 and, in addition thereto, the board of directors of said district shall each year at the meeting at which it estimates the amount required for the general fund, in accordance with the provisions of section 298 1, estimate the additional amount, if any, necessary to provide the required annual payments to surviving beneficiaries of said pension system, as defined in section 294 12, which amount shall be levied by the board of supervisors, in accordance with the provisions of section 298 8. Upon the death of the last beneficiary, as defined in section 294 12, to survive, any balance remaining in said fund, including any undisposed of accumulations, shall be transferred to the general fund of said school district.

EDUCATIONAL EXCELLENCE PROGRAM

294A.1 Educational excellence program.

The purpose of this chapter is to promote excellence in education In order to maintain and advance the educational excellence in the state of Iowa, this chapter establishes the Iowa educational excellence program The program shall consist of three major phases addressing the following

- 1 Phase I — The recruitment of quality teachers
- 2 Phase II — The retention of quality teachers

3 Phase III — The enhancement of the quality and effectiveness of teachers through the utilization of performance pay

87 Acts, ch 224, §1

294A.2 Definitions.

For the purposes of this chapter

1 "Certified enrollment in a school district" for the school years beginning July 1, 1987, July 1, 1988, and July 1, 1989, means that district's basic enrollment for the budget year beginning July 1, 1987 as defined in section 442 4 For each school

year thereafter, certified enrollment in a school district means that district's basic enrollment for the budget year

2 "*Enrollment served*" for the fiscal years beginning July 1, 1987, July 1, 1988, and July 1, 1989, means that area education agency's enrollment served for the budget year beginning July 1, 1987. For each school year thereafter, enrollment served means that area education agency's enrollment served for the budget year. Enrollment served shall be determined under section 442.27, subsection 12.

3 "*General training requirements*" means requirements prescribed by a board of directors that provide for the acquisition of additional semester hours of graduate credit from an institution of higher education approved by the board of educational examiners or the completion of staff development activities approved by the department of education for renewal of certificates issued under chapter 260.

4 "*Specialized training requirements*" means requirements prescribed by a board of directors to meet specific needs of the school district identified by the board of directors that provide for the acquisition of clearly defined skills through formal or informal education that are beyond the requirements necessary for initial certification under chapter 260.

5 "*Teacher*" means an individual holding a teaching certificate issued under chapter 260, letter of authorization, or a statement of professional recognition issued by the board of educational examiners who is employed in a nonadministrative position by a school district or area education agency pursuant to a contract issued by a board of directors under section 279.13. A teacher may be employed in both an administrative and a nonadministrative position by a board of directors and shall be considered a part-time teacher for the portion of time that the teacher is employed in a nonadministrative position.

Effective July 1, 1988, "*teacher*" includes an individual employed on less than a full-time basis by a school district through a contract between the school district and an institution of higher education with an approved teacher education program in which the teacher is enrolled in a graduate teacher education program.

6 "*Teacher's regular compensation*" means the annual salary specified in a teacher's contract pursuant to the salary schedule adopted by the board of directors or negotiated under chapter 20. It does not include pay earned by a teacher for performance of additional noninstructional duties and does not include the costs of the employer's share of fringe benefits.

87 Acts, ch 224, §2, 88 Acts, ch 1266, §6

294A.3 Educational excellence fund.

An educational excellence fund is established in the office of treasurer of state to be administered by the department of education. Moneys appropriated by the general assembly for deposit in the fund shall be paid to school districts and area education agen-

cies pursuant to the requirements of this chapter and shall be expended only to pay for increases in the regular compensation of teachers and other salary increases for teachers, to pay the costs of the employer's share of federal social security and Iowa public employees' retirement system, or a pension and annuity retirement system established under chapter 294, payments on the salary increases, and to pay costs associated with providing specialized or general training. Moneys received by school districts and area education agencies shall not be used for pay earned by a teacher for performance of additional noninstructional duties.

If moneys are appropriated by the general assembly to the fund for distribution under this chapter the moneys shall be allocated by the department so that the allocations of moneys for phases I and II are made prior to the allocation of moneys for phase III.

87 Acts, ch 224, §3

DIVISION II

PHASE I

294A.4 Goal.

The goal of phase I is to provide for establishment of pay plans incorporating sufficient annual compensation to attract quality teachers to Iowa's public school system. This is accomplished by increasing the minimum salary. A beginning salary which is competitive with salaries paid to other professionals will provide incentive for top quality individuals to enter the teaching profession.

87 Acts, ch 224, §4

294A.5 Minimum salary supplement.

For the school year beginning July 1, 1987 and succeeding school years, the minimum annual salary paid to a full-time teacher as regular compensation shall be eighteen thousand dollars.

For the school year beginning July 1, 1987 for phase I, each school district and area education agency shall certify to the department of education by the third Friday in September the names of all teachers employed by the district or area education agency whose regular compensation is less than eighteen thousand dollars per year for that year and the amounts needed as minimum salary supplements. The minimum salary supplement for each eligible teacher is the total of the difference between eighteen thousand dollars and the teacher's regular compensation plus the amount required to pay the employer's share of the federal social security and Iowa public employees' retirement system, or a pension and annuity retirement system established under chapter 294, payments on the additional salary moneys.

The board of directors shall report the salaries of teachers employed on less than a full-time equivalent basis, and the amount of minimum salary supplement shall be prorated.

87 Acts, ch 224, §5

294A.6 Payments.

For the school year beginning July 1, 1987, the department of education shall notify the department of revenue and finance of the total minimum salary supplement to be paid to each school district and area education agency under phase I and the department of revenue and finance shall make the payments. For school years after the school year beginning July 1, 1987, if a school district or area education agency reduces the number of its full-time equivalent teachers below the number employed during the school year beginning July 1, 1987, the department of revenue and finance shall reduce the total minimum salary supplement payable to that school district or area education agency so that the amount paid is equal to the ratio of the number of full-time equivalent teachers employed in the school district or area education agency for that school year divided by the number of full-time equivalent teachers employed in the school district or area education agency for the school year beginning July 1, 1987 and multiplying that fraction by the total minimum salary supplement paid to that school district or area education agency for the school year beginning July 1, 1987.

87 Acts, ch 224, §6

294A.7 Reserved.

DIVISION III

PHASE II

294A.8 Goal.

The goal of phase II is to keep Iowa's best educators in the profession and assist in their development by providing general salary increases.

87 Acts, ch 224, §7

294A.9 Phase II program.

Phase II is established to improve the salaries of teachers. For each fiscal year, the department of education shall allocate to each school district for the purpose of implementing phase II an amount equal to seventy-five dollars and ninety-three cents multiplied by the district's certified enrollment and to each area education agency for the purpose of implementing phase II an amount equal to three dollars and fifty-five cents multiplied by the enrollment served in the area education agency, if the general assembly has appropriated sufficient moneys to the fund so that pursuant to section 294A.3, thirty-eight million five hundred thousand dollars will be allocated by the department to school districts and area education agencies for phase II. If, because of the amount of the appropriation made by the general assembly to the fund, less than thirty-eight million five hundred thousand dollars is allocated for phase II, the department of education shall adjust the amount for each student in certified enrollment and each student in enrollment served based upon the amount allocated for phase II.

The department of education shall certify the amounts of the allocations for each school district

and area education agency to the department of revenue and finance and the department of revenue and finance shall make the payments to school districts and area education agencies.

If a school district has discontinued grades under section 282.7, subsection 1, or students attend school in another school district, under an agreement with the board of the other school district, the board of directors of the district of residence shall transmit the phase II moneys allocated to the district for those students based upon the full-time equivalent attendance of those students to the board of the school district of attendance of the students.

If a school district uses teachers under a contract between the district and the area education agency in which the district is located, the school district shall transmit to the employing area education agency a portion of its phase II allocation based upon the portion that the salaries of teachers employed by the area education agency and assigned to the school district for a school year bears to the total teacher salaries paid in the district for that school year, including the salaries of the teachers employed by the area education agency.

If the school district or area education agency is organized under chapter 20 for collective bargaining purposes, the board of directors and certified bargaining representative for the certificated employees shall mutually agree upon a formula for distributing the phase II allocation among the teachers. For the school year beginning July 1, 1987 only, the parties shall follow the procedures specified in chapter 20 except that if the parties reach an impasse, neither impasse procedures agreed to by the parties nor sections 20.20 through 20.22 shall apply and the phase II allocation shall be divided as provided in section 294A.10. Negotiations under this section are subject to the scope of negotiations specified in section 20.9. If a board of directors and certified bargaining representative for certificated employees have not reached mutual agreement by July 15, 1987 for the distribution of the phase II payment, section 294A.10 will apply.

If the school district or area education agency is not organized for collective bargaining purposes, the board of directors shall determine the method of distribution.

87 Acts, ch 224, §8

294A.10 Failure to agree on distribution.

For the school year beginning July 1, 1987 only, if the board of directors and certified bargaining representative for the certificated employees have not reached agreement under section 294A.9, the board of directors shall divide the payment among the teachers employed by the district or area education agency as follows:

1. All full-time teachers whose regular compensation is equal to or more than the minimum salary for phase I will receive an equal amount from the phase II allocation.

2. A teacher who will receive a minimum salary supplement under section 294A.5 will receive mon-

eyes equal to the difference between the amount from the phase II allocation and the minimum salary supplement paid to that teacher.

3. The amount from the phase II allocation will be prorated for a teacher employed on less than a full-time basis.

4. An amount from the phase II allocation includes the amount required to pay the employers' share of the federal social security and Iowa public employees' retirement system, or a pension and annuity retirement system established under chapter 294, payments on the additional salary.

87 Acts, ch 224, §9

294A.11 Reports.

By August 15, 1987, each school district and area education agency shall file a report with the department of education, on forms provided by the department of education, specifying the method used to distribute the phase II allocation.

Reports filed by area education agencies shall include a description of the method used to distribute phase II allocations to teachers employed by the area education agency working under contract in a school district.

87 Acts, ch 224, §10

DIVISION IV

PHASE III

294A.12 Goal.

The goal of phase III is to enhance the quality, effectiveness, and performance of Iowa's teachers by promoting teacher excellence. This will be accomplished through the development of performance-based pay plans and supplemental pay plans requiring additional instructional work assignments which may include specialized training or differential training, or both.

It is the intent of the general assembly that school districts and area education agencies incorporate into their planning for performance-based pay plans and supplemental pay plans, implementation of recommendations from recently issued national and state reports relating to the requirements of the educational system for meeting future educational needs, especially as they relate to the preparation, working conditions, and responsibilities of teachers, including but not limited to assistance to new teachers, development of teachers as instructional leaders in their schools and school districts, using teachers for evaluation and diagnosis of other teachers' techniques, and the implementation of sabbatical leaves.

87 Acts, ch 224, §11

294A.13 Phase III program.

For the school year beginning July 1, 1987 and succeeding school years, each school district and area education agency that meets the requirements of this section is eligible to receive moneys for the implementation under phase III of a performance-

based pay plan or supplemental pay plan, or a combination of the two.

87 Acts, ch 224, §12

294A.14 Phase III payments.

For each fiscal year, the department shall allocate the remainder of the moneys appropriated by the general assembly to the fund for phase III, subject to section 294A.18. If fifty million dollars is allocated for phase III, the payments for an approved plan for a school district shall be equal to the product of a district's certified enrollment and ninety-eight dollars and sixty-three cents, and for an area education agency shall be equal to the product of an area education agency's enrollment served and four dollars and sixty cents. If the moneys allocated for phase III are either greater than or less than fifty million dollars, the department of education shall adjust the amount for each student in certified enrollment and each student in enrollment served based upon the amount allocated for phase III.

If a school district has discontinued grades under section 282.7, subsection 1, or students attend school in another school district, under an agreement with the board of the other school district, the board of directors of the district of residence shall transmit the phase III moneys allocated to the district for those students based upon the full-time equivalent attendance of those students to the board of the school district of attendance of the students.

A plan shall be developed using the procedure specified under section 294A.15. The plan shall provide for the establishment of a performance-based pay plan, a supplemental pay plan, or a combination of the two pay plans and shall include a budget for the cost of implementing the plan. In addition to the costs of providing additional salary for teachers and the amount required to pay the employers' share of the federal social security and Iowa public employees' retirement system, or a pension and annuity retirement system established under chapter 294, payments on the additional salary, the budget may include costs associated with providing specialized or general training. Moneys received under phase III shall not be used to employ additional employees of a school district, except that phase III moneys may be used to employ substitute teachers, part-time teachers, and other employees needed to implement plans that provide innovative staffing patterns or that require that a teacher employed on a full-time basis be absent from the classroom for specified periods for fulfilling other instructional duties. However, all teachers employed are eligible to receive additional salary under an approved plan.

For the purpose of this section, a performance-based pay plan shall provide for salary increases for teachers who demonstrate superior performance in completing assigned duties. The plan shall include the method used to determine superior performance of a teacher. For school districts, the plan may include assessments of specific teaching behavior, assessments of student performance, assessments of

other characteristics associated with effective teaching, or a combination of these criteria

For school districts, a performance based pay plan may provide for additional salary for individual teachers or for additional salary for all teachers assigned to an attendance center For area education agencies, a performance based pay plan may provide for additional salary for individual teachers or for additional salary for all teachers assigned to a specific discipline within an area education agency If the plan provides additional salary for all teachers assigned to an attendance center, or specific discipline, the receipt of additional salary by those teachers shall be determined on the basis of whether that attendance center or specific discipline, meets specific objectives adopted for that attendance center, or specific discipline For school districts, the objectives may include, but are not limited to, decreasing the dropout rate, increasing the attendance rate, or accelerating the achievement growth of students enrolled in that attendance center

If a performance based pay plan provides additional salary for individual teachers

1 The plan may provide for salary moneys in addition to the existing salary schedule of the school district or area education agency and may require the participation by the teacher in specialized training requirements

2 The plan may provide for salary moneys by replacing the existing salary schedule or as an option to the existing salary schedule and may include specialized training requirements, general training requirements, and experience requirements

A supplemental pay plan may provide for supplementing the costs of vocational agriculture programs as provided in section 294A 17

For the purpose of this section, a supplemental pay plan in a school district shall provide for the payment of additional salary to teachers who participate in either additional instructional work assignments or specialized training during the regular school day or during an extended school day, school week, or school year A supplemental pay plan in an area education agency shall provide for the payment of additional salary to teachers who participate in either additional work assignments or improvement of instruction activities with school districts during the regular school day or during an extended school day, school week, or school year

For school districts, additional instructional work assignments may include but are not limited to general curriculum planning and development, vertical articulation of curriculum, horizontal curriculum coordination, development of educational measurement practices for the school district, attendance at workshops and other programs for service as cooperating teachers for student teachers, development of plans for assisting beginning teachers during their first year of teaching, attendance at summer staff development programs, development of staff development programs for other teachers to be presented during the school year, and other plans

locally determined in the manner specified in section 294A 15 and approved by the department of education under section 294A 16 that are of equal importance or more appropriately meet the educational needs of the school district

For area education agencies, additional instructional work assignments may include but are not limited to providing assistance and support to school districts in general curriculum planning and development, providing assistance to school districts in vertical articulation of curriculum and horizontal curriculum coordination, development of educational measurement practices for school districts in the area education agency, development of plans for assisting beginning teachers during their first year of teaching, attendance or instruction at summer staff development programs, development of staff development programs for school district teachers to be presented during the school year, and other plans determined in the manner specified in section 294A 15 and approved by the department of education under section 294A 16 that are of equal importance or more appropriately meet the educational needs of the area education agency

Any summer school program for which the teacher's salary is paid or supplemented under a supplemental pay plan, shall be open to nonpublic school students in the manner provided in section 256 12

87 Acts, ch 224, §13, 88 Acts, ch 1266, §7, 88 Acts, ch 1284, §49

294A.15 Development of plan.

The board of directors of a school district desiring to receive moneys under phase III shall appoint a committee consisting of representatives of school administrators, teachers, parents, and other individuals interested in the public schools of the school district to develop a proposal for distribution of phase III moneys to be submitted to the board of directors The board of directors of an area education agency desiring to receive moneys under phase III shall appoint a committee of similar membership to develop a proposal If the school district or area education agency is organized under chapter 20 for collective bargaining purposes, the board shall provide that one of the teacher members of the committee is an individual selected by the certified bargaining representative for certificated employees of the district or area education agency The proposal developed by the committee shall be submitted to the board of directors of the school district or area education agency for consideration by the board in developing a plan For the school year beginning July 1, 1987, if the school district or area education agency is organized for collective bargaining purposes under chapter 20, the portions of the proposed plan that are within the scope of negotiations specified in section 20 9 require the mutual agreement by January 1, 1988 of both the board of directors of the school district or area education agency and the certified bargaining representative for the certificated employees In succeeding years, if the school district or area education agency is organized for

collective bargaining purposes, the portions of the proposed plan that are within the scope of the negotiations specified in section 20.9 are subject to chapter 20.

Nothing in this chapter shall be construed to expand or restrict the scope of negotiations in section 20.9.

87 Acts, ch 224, §14

294A.16 Submission of plan.

A plan adopted by the board of directors of a school district or area education agency shall be submitted to the department of education not later than July 1 of a school year for that school year. Amendments to multiple year plans may be submitted annually.

If a school district uses teachers under a contract between the district and the area education agency in which the district is located, the school district shall make provision for those teachers under phase III.

The department of education shall review each plan and its budget and notify the department of management of the names of school districts and area education agencies with approved plans.

However, for the school year beginning July 1, 1987, a board of directors may submit a proposed plan and budget not later than January 1, 1988, and the department of education shall notify the school districts and area education agencies not later than February 15, 1988 that their plans have been approved by the department. However, if the appraised value exceeds twenty-five thousand dollars, the board shall hold a public hearing before the board takes final action on the property.

Proceeds from the sale, lease or disposition of real property shall be placed in the schoolhouse fund and proceeds from the sale, lease or disposition of prop-

The board of directors of a school corporation may sell, lease, or dispose of a student-constructed building and the property on which the student-constructed building is located, and may purchase sites for the erection of additional structures, by any procedure which is adopted by the board.

The board of directors of a school corporation may lease a portion of an existing school building in which the remaining portion of the building will be used for school purposes for a period of not to exceed five years. The lease may be renewed at the option of the board. Sections 297.15 to 297.20, sections 297.23 and 297.24, and the appraisal requirements of this section do not apply to the lease of a portion of an existing school building. A school corporation shall pay out of the revenue from a lease to the state of Iowa, and to the city, school district and any other political subdivision authorized to levy taxes, an amount as determined by this section. The amount shall be determined by applying the annual tax rate of the taxing district to the assessed value of the portion of the building leased, prorated for the term of the lease during the appropriate taxing period. The provisions of this section relating to the payment of property tax because of leases shall only apply to leases to private, for-profit entities which lease a portion of a school building for a period of thirty or more consecutive days.

297.36 Loan agreements.

In order to make immediately available proceeds of the schoolhouse tax which has been approved by the voters as provided in section 278 1, subsection 7, the board of directors may, with or without notice, borrow money and enter into loan agreements in anticipation of the collection of the tax with a bank, investment banker, trust company, insurance company, or insurance group

By resolution, the board shall provide for an annual levy which is within the limits of the tax approved by the voters to pay for the amount of the principal and interest due each year until maturity. The board shall file a certified copy of the resolution with the auditor of each county in which the district is located. The filing of the resolution with the auditor shall make it the duty of the auditor to annually levy the amount certified for collection until funds are realized to repay the loan and interest on the loan in full

The loan must mature within the period of time authorized by the voters and shall bear interest at a rate which does not exceed the limits provided under chapter 74A. A loan agreement entered into pursuant to this section shall be in a form as the board of directors shall by resolution provide and the loan shall be payable as to both principal and interest from the proceeds of the annual levy of the voted tax pursuant to section 278 1, subsection 7, or so much thereof as will be sufficient to pay the loan and interest on the loan

The proceeds of a loan must be deposited in a fund which is separate from other district funds. War rants paid from this fund must be for purposes authorized by the voters as provided in section 278 1, subsection 7

This section does not limit the authority of the board of directors to levy the full amount of the voted tax, but if and to whatever extent the tax is levied in any year in excess of the amount of principal and interest falling due in that year under a loan agreement, the first available proceeds, to an amount sufficient to meet maturing installments of principal and interest under the loan agreement, shall be paid into the sinking fund for the loan before the taxes are otherwise made available to the school corporation for other school purposes, and the amount required to be annually set aside to pay principal of and interest on the money borrowed under the loan agreement shall constitute a first charge upon the proceeds of the special voted tax, which tax shall be pledged to pay the loan and the interest on the loan

This section is supplemental and in addition to existing statutory authority to finance the purposes specified in section 278 1, subsection 7, and for the borrowing of money and execution of loan agreements in connection with that section and subsection, and is not subject to any other law. The fact that a school corporation may have previously borrowed money and entered into loan agreements under authority of this section does not prevent the school corporation from borrowing additional money and entering into further loan agreements if the aggregate of the amount payable under all of the loan agreements does not exceed the proceeds of the voted tax

For the sole purpose of computing the amount of bonds which may be issued as a result of the application of any limitation referred to in this section, all interest on the bonds in excess of that accruing in the first twelve months may be excluded from the first annual levy of taxes, so that the need for including more than one year's interest in the first annual levy of taxes to pay the bonds and interest shall not operate to further restrict the amount of bonds which may be issued, and in certifying the annual levies to the county auditor or auditors such first annual levy of taxes shall be sufficient to pay all principal and interest on said bonds becoming due prior to the next succeeding annual levy and the full amount of such first annual levy shall be entered for collection by said auditor or auditors, as provided in chapter 76

Notice of the election shall be given by the county commissioner of elections according to section 49 53. The election shall be held on a date not less than four nor more than twenty days after the last publication of the notice. At such election the ballot used for the submission of said proposition shall be in substantially the form for submitting special questions at general elections. The county commissioner of elections shall conduct the election pursuant to the provisions of chapters 39 to 53 and certify the results to the board of directors. Whenever such a proposition has been approved by the voters of a school corporation as hereinbefore provided, no further approval of the voters of such school corporation shall be required as a result of any subsequent change in the boundaries of such school corporation.

The voted tax levy referred to herein shall not limit the source of payment of bonds and interest but shall only restrict the amount of bonds which may be issued.

The ability of a school corporation to exceed two dollars and seventy cents per thousand dollars of assessed value to service principal and interest payments on bonded indebtedness is limited and conferred only to those school corporations engaged in the administration of elementary and secondary education.

If the commission determines that the proposed construction, reconstruction, alteration, restoration, moving, demolition, or the change in use is appropriate, it shall forthwith approve such application and shall issue to the applicant a certificate of appropriateness.

If the commission determines that the proposed

construction, reconstruction, alteration, restoration, moving or demolition of buildings, structures, appurtenant fixtures, outdoor advertising signs or natural features, or the proposed change in use would be incongruous with the historical, architectural, archaeological or cultural aspects of the district, a certificate of appropriateness shall not be issued, and the commission shall place upon its records the reasons for such determination and shall notify the applicant of such determination, furnishing the applicant an attested copy of its reasons and its recommendations, if any, as appearing in the records of the commission.

The commission may approve the application in any case where a person would suffer extreme hardship, not including loss of profit, unless the certificate of appropriateness was issued. Any applicant aggrieved by a determination of the commission may appeal to the district court for the county in which the land concerned is located within sixty days of the commission's action.

[C77, 79, 81, §303.30]

303.31 Action by commission.

The commission shall take action to enjoin any attempts to construct, reconstruct, alter, restore, move, or demolish any exterior feature, or to change the use of the property within the district without a certificate of appropriateness.

[C77, 79, 81, §303.31]

303.32 Ordinary maintenance and repair.

Nothing in this subchapter of this chapter shall be construed to prevent the ordinary maintenance or repair of any exterior feature in a district which does not involve a change in design, material or outer appearance, nor to prevent the construction, reconstruction, alteration, restoration or demolition of any such feature which is required by public safety because of an unsafe or dangerous condition.

[C77, 79, 81, §303.32]

303.33 Termination of district.

Two years after the establishment of a district, a referendum for the termination of the district shall be held if ten percent of the eligible voters in the district so request. If the qualified electors, by a majority of those voting, favor termination, this Act* will no longer have any effect on the property formerly included in the district.

If an election is held to terminate a district under this section and such attempt fails, another referendum for termination of the district in question shall not take place for a period of two years.

[C77, 79, 81, §303.33]

303.34 Historical preservation districts.

The provisions of sections 303.20 to 303.33 do not apply within the limits of a city. However, in order for a city to designate an area which is deemed to merit preservation as an area of historical significance, the following shall apply:

1. An area of historical significance shall be pro-

posed by the governing body of the city on its own motion or upon the receipt by the governing body of a petition signed by residents of the city. The city shall submit a description of the proposed area of historical significance or the petition describing the proposed area, if the proposed area is a result of the receipt of a petition, to the historical division which shall determine if the proposed area meets the criteria in subsection 2 and may make recommendations concerning the proposed area. Any recommendations made by the division shall be made available by the city to the public for viewing during normal working hours at a city government place of public access.

2. A city shall not designate an area as an area of historical significance unless it contains contiguous pieces of property under diverse ownership which meets the criteria specified in section 303.20, subsection 1, paragraphs "a" to "f".

3. A city may provide by ordinance for the establishment of a commission to deal with matters involving areas of historical significance but shall provide by ordinance for such commission upon the enactment of the ordinance designating an area as an area of historical significance as required in subsection 4. Upon the establishment of the commission the city shall provide by ordinance for the method of appointment, the number, and terms, of members of the commission and for the duties and powers of the commission. The commission shall contain not less than three members. The members of the commission shall be appointed with due regard to proper representation of residents and property owners of the city and their relevant fields of knowledge including but not limited to history, urban planning, architecture, archaeology, law, and sociology. At least one resident of each designated area of historical significance shall be appointed to the commission. Cities with a population of more than fifty thousand shall not appoint more than one-third of the members to the commission of an area of historical significance that are members of a city zoning commission appointed pursuant to chapter 414. The commission shall have the power to approve or deny applications for proposed alterations to exterior features within an area designated as an area of historical significance. An aggrieved party may appeal the commission's action to the governing body of the city. If not satisfied by the decision of the governing body, the party may appeal within sixty days of the governing body's decision to the district court for the county in which the designated area is located. On appeal the governing body or the district court as the case may be shall consider whether the commission has exercised its powers and followed the guidelines established by the law and ordinance, and whether the commission's action was patently arbitrary or capricious.

4. An area shall be designated an area of historical significance upon enactment of an ordinance of the city. Before the ordinance or an amendment to it is enacted, the governing body of the city shall

submit the ordinance or amendment to the historical division for its review and recommendations [C81, §303 34, 82 Acts, ch 1238, §19]

303.41 Eligibility and purpose.

A land use district shall not be created under this subchapter unless it is an area of contiguous territory encompassing twenty thousand acres or more of predominately rural and agricultural land owned by a single entity which has within its general boundaries at least seven platted villages which are not incorporated as municipalities at the time the district is organized. The eligible electors may create a land use district to conserve the distinctive historical and cultural character and peculiar suitability of the area for particular uses with a view to conserving the value of all existing and proposed structures and land and to preserve the quality of life of those citizens residing within the boundaries of the contiguous area by preserving its historical and cultural quality.

83 Acts, ch 108, §1

Ten percent or more of the qualified voters residing within the limits of a proposed land use district may file a petition in the office of the county auditor of the county in which the proposed land use district, or its major portion, is located, requesting that there be submitted to the qualified voters of the proposed district the question of whether the territory within the boundaries of the proposed district shall be organized as a land use district under this subchapter. The petition shall be addressed to the board of supervisors of the county where it is filed and shall set forth the following:

- 1 An intelligible description of the boundaries of the territory to be embraced in the district
 - 2 The name of the proposed district

 - 5 The signatures of the petitioners
- 83 Acts, ch 108, §2

303.43 Jurisdiction — decisions — records.

The board of supervisors of the county in which the proposed land use district, or its major portion, is located has jurisdiction of the proceedings on the petition as provided in this subchapter and the decision of a majority of the members of that board is necessary for adoption. All orders of the board made under this subchapter shall be spread at length upon

the records of the proceedings of the board of supervisors, but need not be published.

303.44 Date and notice of hearing.

The board of supervisors to whom the petition is addressed, at its next regular, special, or adjourned meeting, shall set the time and place when it will meet for a hearing upon the petition, and direct the county auditor in whose office the petition is filed to cause notice to be given to all persons whom it may concern, without naming them, of the pendency and prayer of the petition, by publication of a notice once each week for two consecutive weeks in some newspaper of general circulation published in the proposed district. The last publication shall not be less than twenty days prior to the date set for the hearing of the petition. Proof of the residence and qualification of the petitioners as qualified voters shall be made by affidavit or otherwise as the board may direct. The board shall consider the boundaries of the proposed land use district, whether they shall be as described in the petition or otherwise, and for that purpose may alter and amend the petition and limit or change the boundaries of the proposed district as stated in the petition. The boundaries of a proposed district shall not be changed to include property not included in the original petition and published notice until the owner of that property is given notice as on the

original hearing. All persons in the proposed district shall have an opportunity to be heard regarding the location and boundaries of the proposed district and to make suggestions regarding them. The board of supervisors, after hearing the statements, evidence, and suggestions made and offered at the hearing, shall enter an order fixing the boundaries of the proposed district and directing that an election be held for the purpose of submitting to the qualified voters residing within the boundaries of the proposed district the question of organization and establishment of the proposed land use district as determined by the board of supervisors. The order shall fix a date for the election not more than sixty days after the date of the order, establish voting precincts within the proposed district and define their boundaries, and specify the polling places which in the board's judgment will best serve the convenience of the voters, and shall appoint from residents of the proposed district three judges and two clerks of election for each voting precinct established.

This special election shall be held within the newly created district at a single polling place designated by the county auditor not more than ninety days after the organization of the land use district. The election shall be held for the purpose of electing the initial seven members of the board of trustees of the land use district. The county auditor shall cause notice of the election to be posted and published, and shall perform all other acts with reference to the election, and conduct it in like manner, as nearly as may be, as provided in this subchapter for the election on the question of establishing the district. Each trustee must be a United States citizen not less than eighteen years of age and a resident of the district. Each qualified elector at the election may write in upon the ballot the names of not more than seven persons whom the elector desires for trustees and may cast not more than one vote for each of the seven persons. The seven persons receiving the highest number of votes cast shall constitute the first board of trustees of the district.

2. Following the initial special election, an annual election shall be held on the second Tuesday of each September at a single polling place within the district designated by the county auditor for the purpose of electing a trustee to replace a trustee whose term will expire. The county auditor shall perform all other acts with reference to the election and conduct it in like manner, as nearly as may be, as provided in chapters 45 and 49. Each qualified elector at the election may vote for one person whom the elector desires as a trustee for each expiring term. The term of office for each trustee elected shall be three years.

3. Vacancies in the office of trustee of a land use district shall be filled by the remaining members of the board of trustees for the period extending to the second Tuesday in September at which time the qualified electors of the district shall elect a new trustee to fill the vacancy for the unexpired term. Expenses incurred in carrying out the annual elec-

4. When the initial board of trustees is elected under this section the trustees shall be ranked in the order of votes received from highest to lowest. Any ties shall be resolved by a random method. The last ranked trustee shall receive an initial term expiring at the next annual election for trustees in September, the sixth and fifth ranked trustees receive an initial term expiring one year later, the fourth ranked trustee receives an initial term expiring two years after that election, the third and second ranked trustees receive initial terms expiring three years after that election, and the first ranked trustee shall receive an initial term expiring four years after that election.

83 Acts, ch 108, §10

303.51 Land use district to be a body corporate.

A land use district organized under this subchapter is a body corporate and politic, with the name and style under which it was organized, and by that name and style may sue and be sued, contract and be contracted with, acquire and hold real and personal property necessary for corporate purposes, adopt a corporate seal and alter it, and exercise all the powers conferred in this chapter.

The courts of this state shall take judicial notice of the existence of a land use district organized under this subchapter.

83 Acts, ch 108, §11

The trustees elected under this subchapter constitute the board of trustees for the district, which is the corporate authority of the district, and shall exercise all the powers and manage and control all the affairs of the district. A majority of the board of trustees is a quorum, but a smaller number may adjourn from day to day. The board of trustees may elect a president, vice president, clerk, and a treasurer from their own number and, from without their own number, employees of the district. The compensation of members of the board of trustees is fixed not to exceed ten dollars per day, or any part of a day, for each day the board is actually in session and ten dollars per day when not in session but employed on board service, and twenty cents for every mile traveled in going to and from sessions of the board and in going to and from the place of performing board service. Members of the board

shall not receive compensation for more than sixty days of session and board service each year.

2. The board of trustees shall formulate and administer a land use plan which includes all ordinances, resolutions, rules, and regulations necessary for the proper administration of the land use district. The land use plan shall be created for the primary purpose of regulating and restricting, where deemed necessary, the erection, construction, reconstruction, alteration, repair, or use of buildings, structures, or land in a manner which would maintain or enhance the distinctive historical and cultural character of the district. The ordinances, resolutions, rules, and regulations shall not apply to any tillable farmland, pastureland, timber pasture or forestland located within the district except to structures of an advertising or commercial nature located on the land.

3. The board of trustees shall provide for the manner in which the land use plan shall be established and enforced and amended, supplemented, or changed. However, a plan shall not become effective until after a public hearing on it, at which parties in interest and citizens of the district shall have an opportunity to be heard. At least fifteen days notice of the time and place of the hearing shall be published in a newspaper of general circulation within the district giving the time, date, and location of the public hearing.

4. The board of trustees shall appoint an administrative officer authorized to enforce the resolutions or ordinances adopted by the board of trustees. The board of trustees may pay the administrative officer the compensation it deems fit from the funds of the district.

The land area to be included in or excluded from the land use district must be contiguous to the land use district. If two thirds of the membership of the board of trustees vote in favor of the petition, the petition shall be granted and the land area included in or excluded from the district.

85 Acts, ch 161, §3

303.53 Changes and amendments.

The land use plan, once established, may be amended, supplemented, changed, modified, or repealed. In case, however, of a protest against a change signed by the owners of twenty percent or more either of the area included in the proposed change, or of the immediately adjacent area and within five hundred feet of the boundaries, the amendment shall not become effective except by the

favorable vote of at least eighty percent of all of the members of the board of trustees.

83 Acts, ch 108, §13

303.54 Board of adjustment.

The board of trustees of the district shall provide for the appointment of a board of adjustment, shall provide that the board of adjustment may, in appropriate cases, and subject to appropriate conditions and safeguards, make special exceptions to the terms of the land use plan which are in harmony with its general purpose and intent and in accordance with the general or specific rules of the plan, and provide that a property owner aggrieved by the action of the board of trustees in the adoption of the land use plan may petition the board of adjustment directly to modify regulations and restrictions as applied to those property owners.

83 Acts, ch 108, §14

The board of adjustment may:

1. Hear and decide appeals where it is alleged there is error in an order, requirement, decision, or determination made by an administrative official in the enforcement of this subchapter or of any ordinance adopted pursuant to it.

2. Hear and decide special exceptions to the terms of the ordinance upon which the board is required to pass under the ordinance.

3. Authorize upon appeal, in specific cases, a variance from the terms of the land use plan which are not contrary to the public interest, where owing to special conditions a literal enforcement of the plan would result in unnecessary hardship, and so that the spirit of the plan shall be observed and substantial justice done.

83 Acts, ch 108, §18

303.59 Powers on appeal.

In exercising its powers the board may, in conformity with this subchapter, reverse or affirm, wholly or partly, or may modify the order, requirement, decision, or determination appealed from and may make the order, requirement, decision, or determination as should be made, and to that end have all the powers of the administrative officer of the board.

83 Acts, ch 108, §19; 85 Acts, ch 161, §6

Any persons, jointly or severally, aggrieved by a decision of the board of adjustment under this subchapter, or any taxpayer, may present to a court of record a petition, duly verified, setting forth that the decision is illegal, in whole or in part, specifying the grounds of the illegality. The petition shall be presented to the court within thirty days after the filing of the decision in the office of the board.

83 Acts, ch 108, §21

303.62 Review by court.

Upon the presentation of a petition, the court may allow a writ of certiorari directed to the board of adjustment to review the decision of the board of adjustment prescribing the time within which a return must be made and served upon the relator's attorney, which shall not be less than ten days and may be extended by the court. The allowance of the writ does not stay proceedings upon the decision appealed from, but the court may, on application, on

notice to the board and on due cause shown, grant a restraining order.

83 Acts, ch 108, §22

303.63 Trial to court.

If upon the hearing, which shall be tried de novo, it appears to the court that testimony is necessary for the proper disposition of the matter, it may take evidence or appoint a referee to take evidence as it directs and report the evidence to the court with findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. The court may reverse or affirm, wholly or partly, or may modify the decision brought up for review.

Costs shall not be allowed against the board unless it appears to the court that it acted with gross negligence or in bad faith or with malice in making the decision appealed from.

83 Acts, ch 108, §23

If a building or structure is erected, constructed, reconstructed, altered, repaired, converted, or maintained, or a building, structure, or land is used in violation of this subchapter or of an ordinance or other regulation made under this subchapter, the board of trustees, in addition to other remedies, may institute any appropriate action or proceedings to prevent the unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance, or use, to restrain, correct, or abate the violation, to prevent the occupancy of the building, structure, or land, or to prevent any illegal act, conduct, business, or use in, or about the premises.

83 Acts, ch 108, §25

303.66 Taxes — power to levy — tax sales.

The board of trustees of a land use district organized under this subchapter may by ordinance levy annually for the purpose of paying the administrative costs of the district, a tax upon real property within the territorial limits of the land use district not exceeding twenty-seven cents per thousand dollars of the adjusted taxable valuation of the property for the preceding fiscal year. The tax shall not be levied on any tillable farmland, pastureland, timber pasture or forestland located within the district.

Taxes levied by the board shall be certified on or before the first day of March to the county auditor of each county where any of the property included within the territorial limits of the land use district is located, and shall be placed upon the tax list for the current year, and the county treasurer shall collect the taxes in the same manner as other taxes, and when delinquent they shall draw the same interest and penalties. All taxes so levied and collected shall be paid over to the treasurer of the district.

Sales for delinquent taxes owing to a land use district shall be made at the same time and in the same manner as sales are made for other taxes, and all provisions of the law of this state relating to the sale of property for delinquent taxes are applicable, so far as may be, to such sales.

If any other statute or local ordinance or regulation imposes higher standards than are required by the regulations made under authority of this subchapter, that statute or ordinance or regulation governs. If a regulation proposed or made under this subchapter relates to a structure, building, dam, obstruction, deposit, or excavation in or on the flood plains of a river or stream, prior approval of the department of natural resources is required to establish, amend, supplement, change, or modify the regulation or to grant a variation or exception from it.

305.12 Maps – surveys.

The operator of any underground mine shall comply with the following provisions relative to maps and surveys:

1. *Scale.* Each mine map shall be drawn to a scale of not more than two hundred feet to the inch.

2. *General specifications.* Each map shall show the name of the state, county, and township in which the mine is located, the designation of the mine, the name of the company or operator, the certificate of the mining engineer or surveyor as to the accuracy and date of the survey, the north point, and the scale to which the map is drawn.

3. *Boundaries and surface lines.* Every map shall correctly show the surface boundary lines of the mineral rights pertaining to each mine and all section or quarter section lines or corners within the same, the lines of town lots and streets, the tracks and sidetracks of all railroads, the location of all wagon roads, rivers, streams, and ponds, and reservations made of the mineral.

4. *Underground conditions.* For the underground workings, the map shall show all shafts, slopes, tunnels, or other openings to the surface or to the workings of a contiguous mine; all excavations, entries, rooms, and crosscuts; the location of the escape ways, and of the fan or furnace or other means of ventilation and the direction of air currents, and the location of permanent pumps, hauling engines, engine planes, abandoned works, fire walls, and standing water.

5. *Separate maps.* A separate and similar map drawn to the same scale in all cases shall be made of each layer of minerals mined in any mine in this state. A separate map shall also be made of the surface whenever the surface buildings, lines, or objects are so numerous as to obscure the details of the mine workings if drawn upon the same sheet with them, and in such case the surface map shall be drawn upon transparent cloth or paper so that it can

be laid upon the map of the underground workings and thus truly indicate the local relation of lines and objects on the surface to the excavations of the mine and any other principal workings of the mine.

6. *Rise and dip of minerals.* Each map of underground workings shall also show by profile drawing and measurement, the last one hundred fifty feet approaching the boundary lines, showing the rise and dip of the minerals.

7. *Copies.* The original or true copies of the maps shall be kept at the office of the mine, and true copies thereof shall also be furnished the state geologist within thirty days after the completion of the same.

8. *Extensions.* An accurate extension of the last preceding survey of every mine in active operation shall be made once in every twelve months prior to July 1 of every year and the result of such survey, with the date thereof, shall be promptly and accurately entered upon the original map, and a true, correct, and accurate copy of the extended map shall be forwarded to the state geologist so as to show all changes in plan of new work in the mine, and all extensions of the old workings to the most advanced face or boundary of the workings which have been made since the last preceding survey, and the parts of the mine abandoned or worked out after the last preceding survey shall be clearly indicated and shown by colorings, which copy must be delivered to the state geologist within thirty days after the last survey is made.

9. *Abandoned mine.* When any underground mine is worked out or is about to be abandoned or indefinitely closed, the operator of the same shall make or cause to be made a completed and extended map of the mine and the result of the same shall be duly extended on all maps of the mine and copies thereof so as to show all excavations and the most advanced workings of the mine, and their exact relation to the boundary or section lines on the surface, and deliver to the state geologist a copy of the completed map.

10. *Copies furnished.* The state geologist shall

provide the division of soil conservation within the department of agriculture and land stewardship a copy of each map and map extension received by the geologist under this section.

[C97, §2485; S13, §2485, 2496-m; C24, 27, 31, 35, 39, §1245, 1351-1355, 1357, 1358; C46, 50, 54, 58, 62, 66, 71, 73, §82.28, 83.14-83.18, 83.20, 83.21; C75, 77, 79, 81, §305.12]

305.13 Failure to furnish map.

When the operator of any mine neglects or refuses for a period of ninety days to furnish to the state geologist the map or plan, or a copy thereof, of such mine or any extension thereof, as provided in this chapter, the state geologist shall cause to be made an accurate map or plan of such mine or extension as the case may be, at the expense of the operator. The cost shall be paid by the state and recovered from such operator. It shall be the duty of the county attorney of the county in which such mine is located, at the request of the state geologist, to bring action in the name of the state for such recovery.

[S13, §2485-a, 2496-m; C24, 27, 31, 35, 39, §1246, 1359; C46, 50, 54, 58, 62, 66, 71, 73, §82.29, 83.22; C75, 77, 79, 81, §305.13]

305.14 Maps property of state — custody — copies.

The maps so delivered to the state geologist shall be the property of the state and shall remain in the custody of the state geologist. They shall be kept at the office of the geological survey and be open to examination by all persons interested in the maps; but such examination shall only be made in the presence of the state geologist or a designee, and the state geologist shall not permit any copies of the maps to be made without the written consent of the operator or the owner of the property, except as provided in section 305.12 or if the mine has been abandoned for at least five years.

305B.4 Conservation or disposal of loaned property.

1 Unless there is a written loan agreement to the contrary, a museum may apply conservation measures to or dispose of property on loan to the museum without the lender's or claimant's permission, or formal notice, if immediate action is required to protect the property on loan or other property in the custody of the museum or if the property on loan is a hazard to the health and safety of the public or the museum staff and if any of the following apply

b. Is not liable for injury to or loss of the property if the museum

(1) Had a reasonable belief at the time the action was taken that the action was necessary to protect the property on loan or other property in the custody of the museum or that the property on loan was a hazard to the health and safety of the public or the museum staff

(2) Exercised reasonable care in the choice and application of conservation measures

88 Acts, ch 1117, §4

305B.5 Notice of injury or loss.

A museum shall give a lender or claimant prompt notice of any known injury to or loss of property on loan. The department of cultural affairs shall adopt by rule a form for notice of injury or loss, no later than January 1, 1989, and shall distribute the rule and form to all identified museums in Iowa within sixty days after adoption of the rule. The notice shall be mailed to the lender's or claimant's last known address in event of injury or loss of property on loan to the museum. Published notice of injury or loss of undocumented property shall not be required

88 Acts, ch 1117, §5

305B.6 Notice of intent to terminate loan — acquiring title to loaned property.

1 A museum may acquire title to loaned property pursuant to this section. A museum may give notice of termination of a loan of property at any time if either of the following apply

a. The property was loaned to the museum for an indefinite term

b. The property was loaned to the museum for a specified term, and that term has expired

2 If the lender or claimant does not respond to the notice of termination provided under subsection 1 within one year by filing a notice of intent to preserve an interest in property on loan, the museum acquires title to the property

3 A notice of intent to terminate a loan must include a statement containing substantially the following information

"The records of (name of museum) indicate that you have property on loan to it. The institution wishes to terminate the loan. You must contact the institution, establish your ownership of the property pursuant to section 305B.8, and make arrangements to collect the property. If you fail to do so promptly, you will be considered to have donated the property to the institution."

88 Acts, ch 1117, §6

305B.7 Acquiring title to undocumented property.

1 A museum may acquire title to undocumented property held by a museum for seven years or longer with no valid claim or written contact by any person, all verifiable through the museum's written records, by giving notice of acquisition of title to undocumented property

2 If a lender or claimant does not respond to the notice provided in subsection 1 within three years by

filing a notice of intent to retain an interest in property on loan, the museum's title to the property becomes uncontestable under section 305B.9.

3. A notice of acquisition of title must include a statement containing substantially the following information:

"The records of (name of museum) fail to indicate the owner of record of certain property in its possession. The museum intends to acquire title to the below described property: (general description of the property). If you claim ownership or other legal interest in this property you must contact the institution, establish your ownership of the property pursuant to section 305B.8, and make arrangements to collect the property. If you fail to do so promptly, you will be considered to have waived any claim you may have had to the property."

88 Acts, ch 1117, §7

305B.8 Notice of intent to preserve an interest in property — requirements — form — disclosure.

1. A notice of intent to preserve an interest in property on loan to a museum filed pursuant to this chapter shall be in writing and contain all of the following information:

a. A description of the property adequate to enable the museum to identify the property.

b. Documentation sufficient to establish the claimant as owner of the property.

c. A statement attesting to the truth, to the best of the signer's knowledge, of all information included in or with the notice.

d. The signature, under penalty of perjury, of the claimant or a person authorized to act on behalf of the claimant.

2. The museum need not retain a notice which does not meet the requirements set forth in subsection 1. If, however, the museum does not intend to retain a notice for this reason, the museum shall promptly notify the claimant at the address given on the notice that the museum believes the notice is ineffective to preserve an interest, and the reasons for the insufficiency. The fact that a museum retains a notice under section 305B.12 does not mean that the museum accepts the sufficiency or accuracy of the notice or that the notice is effective to preserve an interest in property on loan to the museum.

3. The department of cultural affairs shall adopt by rule a form for notice of intent to preserve an interest in property on loan to a museum. The form shall satisfy the requirements of subsection 1 and shall notify the claimant of the rights and procedures to preserve an interest in museum property. The form shall also facilitate recordkeeping and record retrieval by a museum. At a minimum the form shall provide a place for recording evidence of receipt of a notice by a museum, including the date of receipt, signature of the person receiving the notice, and the date on which a copy of the receipt is returned to the claimant.

88 Acts, ch 1117, §8

305B.9 Limitations on actions against museums.

1. An action shall not be brought against a museum for damages because of injury to or loss of property loaned to the museum more than three years from the date the museum gives the lender or claimant notice of the injury or loss or ten years from the date of the injury or loss, whichever occurs earlier.

2. An action shall not be brought against a museum to recover property on loan more than one year from the date the museum gives the lender or claimant notice of its intent to terminate the loan or notice of acquisition of title to undocumented property.

3. An action shall not be brought against a museum to recover property on loan more than seven years from the date of the last written contact between the lender or claimant and the museum as evidenced by the museum's records.

4. A lender or claimant is considered to have donated loaned property to the museum if the lender fails to file an action to recover the property on loan to the museum within the periods specified in subsections 1 through 3.

5. A person who purchases property from a museum acquires good title to the property if the museum represents that it has acquired title to the property pursuant to subsection 4.

6. Notwithstanding subsections 3 and 4, a lender or claimant who was not given notice as provided in this chapter that the museum intended to terminate a loan, as provided in section 305B.6, and who proves that the museum received an adequate notice of intent to preserve an interest in loaned property, which satisfies all of the requirements of section 305B.8, within the seven years immediately preceding the filing of an action to recover the property, may recover the property or, if the property has been disposed of, the reasonable value of the property at the time it was disposed of plus interest at the legal rate.

7. A museum is not liable at any time, in the absence of a court order, for returning property to the original lender, even if a claimant other than the lender has filed a notice of intent to preserve an interest in property. If persons claim competing interests in property in the possession of a museum, the burden is upon the claimants to prove their interest in an action in equity initiated by a claimant. A museum is not liable at any time for returning property to an uncontested claimant who produced reasonable proof of ownership pursuant to section 305B.8.

88 Acts, ch 1117, §9

305B.10 Museum obligations.

In order to take title pursuant to this chapter a museum has the following obligations to a lender or claimant:

1. The museum shall retain all written records regarding the property for at least three years from the date of taking title pursuant to this chapter.

2. The museum shall keep written records on all loaned property acquired pursuant to section 305B.6. Records shall contain the following information:

- a. Lender's name, address, and phone number.
- b. Claimant's name, address, and phone number.
- c. The nature and terms of the loan.
- d. The beginning date of the loan period, if known.

3. A museum accepting a loan of property on or after January 1, 1989, shall inform the lender in writing at the time of the loan of the provisions of this chapter. A copy of the form notice prescribed in section 305B.8, or a citation to this chapter, is adequate for this purpose.

4. The museum is responsible for notifying a lender or claimant of the museum's change of address or dissolution.

88 Acts, ch 1117, §10

305B.11 Required museum recordkeeping.

On or after January 1, 1989, a museum shall at minimum maintain and retain the following records, either originals or accurate copies, for a period of not less than twenty-five years:

1. A notice of intent to preserve an interest in property.
2. The loan agreement, if any, and a receipt or ledger for property on loan.
3. A receipt or ledger for property delivered to an owner or claimant.
4. Records containing the following information, as available, for property in the museum's possession:
 - a. Lender's name, address, and phone number.
 - b. Claimant's name, address, and phone number.
 - c. Donor's name, address, and phone number.
 - d. Seller's name, address, and phone number.
 - e. The nature and terms of the transaction (loan

for specified term, loan for unspecified term, donation, purchase, etc.).

f. The beginning date of the loan period or transaction date.

The department of cultural affairs may by rule determine the minimum form and substance of recordkeeping by museums with regard to museum property to implement this chapter.

88 Acts, ch 1117, §11

305B.12 Lender obligations to museum.

1. The lender or claimant of property on loan to a museum shall notify the museum of a change of address or change in ownership of the property. Failure to notify the museum of these changes may result in the lender's or claimant's loss of rights in the property.

2. The lender or claimant of property on loan to a museum may file with the museum a notice of intent to preserve an interest in the property as provided for in section 305B.8. The filing of a notice of intent to preserve an interest in property on loan to a museum does not validate or make enforceable any claim which would be extinguished under the terms of a written agreement, or which would otherwise be invalid or unenforceable.

88 Acts, ch 1117, §12

305B.13 Retroactive applicability.

1. Sections 305B.1 through 305B.8 are retroactively applicable to all property in the possession of a museum within the state on or after January 1, 1988.

2. Section 305B.9 is effective July 1, 1989, and when effective is retroactively applicable to all property in the possession of the museum before July 1, 1989, and is prospectively applicable to all property in the possession of the museum on or after July 1, 1989, for which a claim is filed on or after July 1, 1989.

- 2 *Definitions of road and street systems* For the purpose of functionally classifying the roads and streets of this state, the following words and phrases relating to roads and streets shall have the following meanings
 - a. The *freeway-expressway system* shall consist of those roads connecting and serving the major urban and regional areas of the state with high volume, long distance traffic movements, and generally connecting with like roads of adjacent states. The national system of interstate and defense highways shall be a part of the freeway expressway system. The freeway-expressway system, including the national interstate and defense highway mileage, shall not exceed two thousand six hundred sixty miles

b The *arterial system* shall consist of those roads which connect the freeway expressway system with the arterial connector system, or which serve long distance movements of traffic, or which serve as collectors of long distance traffic from other systems to the freeway expressway system. The arterial system shall not exceed three thousand five hundred miles.

c The *arterial connector system* shall consist of those roads providing service for short distance intra state and interstate traffic, or providing connections between highways classified as arterial or freeway expressway.

d The *trunk system* shall consist of those intra county and intercounty roads which serve principal traffic generating areas, and connect such areas to other trunk roads and roads on the arterial or freeway expressway system. The trunk system shall not exceed fifteen thousand miles and shall include, but not be limited to, the major federal aid secondary roads of the state.

e The *trunk collector system* shall consist of those roads providing service for short distance intra county and intercounty traffic, or providing connections between roads classified as trunk and area service. The trunk collector system shall not exceed twenty thousand miles. The trunk collector system and the trunk system shall constitute the farm to market road system of the state.

f The *area service system* shall include those public roads outside of municipalities not otherwise classified.

g The *municipal arterial system* shall consist of those streets within municipalities not included in other classifications which connect principal traffic generating areas or connect such areas with other systems. The municipal arterial system shall not exceed fifteen percent of the entire street mileage under the jurisdiction of a municipality, except that municipalities under two thousand population may exceed such limitation.

h The *municipal collector system* shall consist of those streets within municipalities that collect traffic from the municipal service system and connect to other systems. The municipal collector system shall not exceed twenty percent of the entire street mileage under jurisdiction of the municipality, except that municipalities under two thousand population may exceed such limitation.

i The *municipal service system* shall consist of those streets and commercial alleys within municipalities which serve primarily as access to commercial and residential property and shall also include streets within municipal parks.

j The *municipal residential alley system* shall consist of those alleys which serve primarily as secondary access to residential property.

k The *state park, state institution, and other state land road system* shall consist of those roads and streets wholly within the boundaries of state lands operated as parks, institutions, or other state governmental agencies.

l The *county conservation parkway system* shall consist of those parkways located wholly within the boundaries of county lands operated as parks, forests, or other public access areas.

1. Jurisdiction and control over the primary roads shall be vested in the department.

2. Jurisdiction and control over the secondary roads shall be vested in the county board of supervisors of the respective counties.

3. Jurisdiction and control over the municipal street system shall be vested in the governing bodies of each municipality; except that the department and the municipal governing body shall exercise concurrent jurisdiction over the municipal extensions of primary roads in all municipalities. The parties exercising concurrent jurisdiction shall enter into agreements with each other as to the kind and type of construction, reconstruction, repair and maintenance and the division of costs thereof.

4. Jurisdiction and control over the roads and streets in any state park, state institution or other state land shall be vested in the board, commission, or agency in control of such park, institution, or other state land; except that:

a. The department and the controlling agency shall have concurrent jurisdiction over any road which is an extension of a primary road and which both enters and exits from the state land at separate points. The department may expend the moneys available for such roads in the same manner as the department expends such funds on other roads over which the department exercises jurisdiction and control. The parties exercising concurrent jurisdiction may enter into agreements with each other as to the kind and type of construction, reconstruction, repair and maintenance and the division of costs thereof. The mileage of such extensions of these systems shall be included in the total mileage of a particular primary, trunk or trunk collector system and shall also be listed separately as an extension of such road system.

The department may reallocate mileage within the systems under its jurisdiction. The board of supervisors or the governing body of municipalities may alter the classification of roads under their jurisdiction with the approval of the functional classification board as provided in section 306.6.

[C71, 73, 75, 77, 79, 81, §306.5]

306.6 Functional classification board.

1. A functional classification board shall be appointed for each county and shall operate under procedural rules promulgated by the department under the provisions of chapter 17A. Said board shall consist of three members to be appointed as follows: The department shall appoint one member from the staff of the department, the county board of supervisors shall appoint one member who shall be either the county engineer or one of its own members, and the third member shall be a municipal official from within the county who shall be appointed by a majority of the mayors of the cities of the county. The mayors shall meet at the call of the chairperson of the county board of supervisors who shall act as chairperson of the meeting without vote. In the event the mayors cannot agree to and appoint this member within thirty days after the call of the meeting by the chairperson, the two members previously appointed shall select the third member. The board shall serve without additional compensation and shall:

a. Classify each segment of each rural public road and each municipal street in the county in accordance with the classifications found in section 306.1.

b. Establish continuity between the systems within the county and with the systems of adjacent counties.

c. File a copy of the proposed road classification in the office of county engineer for public information and hold a public hearing before final approval of a road classification action. Notice of the date, the time, and the place of the hearing, and the filing of the proposed road classification for public information shall be published in an official newspaper in general circulation throughout the affected area as provided in section 331.305.

d. Report the selected classifications to the department. The department shall review the reports of the county classification boards and may:

(1) Alter the classification of roads coinciding with or crossing county lines to provide continuity of the various county systems.

(2) Adjust the mileage of roads classified in the trunk and trunk collector systems to assure equitable distribution among the counties of the total mileage of such systems.

(3) Any action authorized under subparagraphs (1) and (2) of this paragraph "d" shall not be taken by the department until the proposed action has been thoroughly discussed with the affected county classification boards and their comments heard.

2. A state functional classification review board is created, consisting of one state senator appointed by the majority leader of the senate, one state representative appointed by the speaker of the house of representatives, one supervisor appointed by the Iowa state association of county supervisors, one engineer appointed by the Iowa county engineers' association, two persons appointed by the league of Iowa municipalities, one of whom shall be a licensed professional engineer, and two persons appointed by the department, one of whom shall be a commis-

sioner and the other a staff member. This board shall select a permanent chairperson from among its members by majority vote of the total membership. Except as otherwise provided, the members of the board shall serve without additional compensation to the salary and expenses authorized for the office or position held by the member. The supervisor appointed by the Iowa state association of county supervisors, the engineer appointed by the Iowa county engineers' association, and the two persons appointed by the league of Iowa municipalities shall be reimbursed for their actual and necessary expenses incurred in the performance of their official duties as members of the board from funds allocated under section 312.2, subsection 12. The legislative members shall be paid for their actual and necessary expenses and, when the general assembly is not in session, per diem as provided in sections 2.10 and 2.12. The department's members of the board shall be reimbursed for their actual and necessary expenses from the funds appropriated pursuant to section 313.5.

It shall be the responsibility of the state functional classification review board to hear any and all appeals from classification boards or board members, relative to disputes arising out of the functional classification of any segment of highway or street. It shall also be the responsibility of the board to establish the necessary guidelines, procedures, and the time limits to be followed in transferring jurisdiction in accordance with section 306.8. The state functional classification review board shall have the authority and the responsibility to make final administrative determinations based on sound functional classification principles for all disputes relative to functional classification including those disputes relative to the transfer of jurisdictions. The review board shall also serve, when requested jointly by state and local jurisdictions, as an advisory committee for review and adjustment of construction and maintenance guidelines used in updating road and street needs studies.

It is the intent of the general assembly that effective July 1, 1979 the functional reclassification of roads shall be implemented as provided by law.

306.7 Functions changed or new roads added.

If the function of any road or street has been altered by new construction or by reconstruction or relocation, or if a new road or street has been constructed, the functional classification board shall reclassify said roads or streets within one year. If the functional classification board does not classify any road or street as provided herein, the department shall make the classification.

[C71, 73, 75, 77, 79, 81, §306.7]

306.8 Transfer of jurisdiction.

When a change of jurisdiction occurs as a result of

the classification or reclassification of a road or street, the unit of government having jurisdiction shall, prior to such change of jurisdiction, either place the road or street and any structures on the road in good repair or provide for the transfer of money to the appropriate jurisdiction sufficient for the repairs to the road or street and any structures on the road.

Transfers of the jurisdiction and control of roads and streets may take place if agreements are entered into between the jurisdictions of government involved in the transfer of such roads and streets.

306.9 Diagonal roads — restoring existing roads.

It is declared to be the policy of the state of Iowa that relocation of primary highways through cultivated land shall be avoided to the maximum extent possible. Whenever the volume of traffic for which the road is designed or other conditions require such relocation, diagonal routes shall be avoided wherever feasible and prudent alternatives exist.

It is further declared that improvement of two-lane roads shall utilize the existing right of way unless alignment or other conditions make changes imperative, and when any two-lane road is expanded to a four-lane road, the normal procedure would be that the additional right of way would be contiguous to the existing right of way unless relocated for compelling reasons. This policy shall not apply to any highway project for which the corridor has been approved by the state department of transportation and which corridor has been finalized by September 1, 1977.

It is further declared to be the policy of the state of Iowa that on construction of roads classified as freeway-expressway and which are designed with four-lane divided roadways, access controls shall be limited to the minimum level necessary to comply with federal aid requirements.

Unless otherwise required by the federal law or regulation, it is also the policy of this state that road use tax fund moneys shall be used to rehabilitate or reconstruct existing roads, streets, and bridges using substantially existing right of way. This paragraph shall not apply where additional right of way is needed for the construction or completion of designated interstate or city routes and highway by-passes.

306.12 Notice — service.

Notice of such hearing shall be published in some newspaper of general circulation in the county or counties where such road is located, at least twenty days prior to the date of hearing. The agency which instituted said proceedings and is holding such hearing, shall notify all adjoining property owners, all utility companies whose facilities adjoin the road right of way, and the department, the agency or boards of supervisors, or agency in control of affected state lands, as the case may be, of the time and place of such hearing, by certified mail addressed to the affected property owners, all utility companies whose facilities are on the road right of way and the department, the county auditor, or the agency in control of affected state lands, as the case may be.

After the road has been vacated and closed the board shall sell the properties at the best attainable price.

After the hearing, the agency which instituted the proceedings and conducted the hearing shall enter an order either dismissing the proceedings, or vacating and closing the road, part thereof, or crossing, in which event it shall determine and state in the order the amount of the damages allowed to each claimant. The order thus entered shall be final except as to the amount of the damages unless the order is rescinded as provided in section 306.17. A copy of the order shall be filed with the county auditor of the county or counties in which the road, part thereof, or crossing, is located and with the department and the agency in control of any affected state land.

If, in the opinion of the agency, the damages as finally determined on appeal are excessive, the agency may rescind its order vacating and closing the road, part thereof, or crossing, and the right of way shall remain under the jurisdiction of the agency. If the order is rescinded at any time after an appeal is taken, the agency shall pay reasonable attorney fees incurred by the claimant as taxed by the court.

306.19 Purchase or condemnation of right of way — procedure — closing driveway — alternative access.

1. In the maintenance, relocation, establishment, or improvement of any road, including the extension of such road within cities, the agency having jurisdiction and control of such road shall have authority to purchase or to institute and maintain proceedings for the condemnation of the necessary right of way therefor. Such agency shall likewise have power to purchase or institute and maintain proceedings for the condemnation of land necessary for highway drainage, or land containing gravel or other suitable material for the improvement or maintenance of highways, together with the necessary road access or right of access thereto.

2. Whenever the agency condemns or purchases property access rights or alters by lengthening any existing driveway to a road from abutting property, except during the time required for construction and maintenance of the road or highway, the agency shall:

a. Compensate the owner for any diminution in the market value of the property by the denial or alteration by lengthening the driveway; however, in computing such diminution in value no consideration shall be given to the additional maintenance expense for maintaining the additional length of driveway, but in lieu thereof, both in condemnation proceedings or negotiated purchases, the agency shall pay to the owner the sum of five dollars for every lineal foot of additional length of driveway located on said owner's property. This payment shall represent just compensation to said property owner for the additional driveway maintenance caused by reason of the highway or road project.

b. If in the opinion of the agency it would be more economical to purchase the entire tract of the property owner than to provide and pay the maintenance expense required under the provisions of this section, proceed with the acquisition of the entire tract of land; or

c. If mutually agreeable, move buildings from an existing location to a location requiring an equal or lesser length of driveway and provide an adequate driveway to a public road.

3. None of the foregoing requirements shall prohibit the property owner and the agency from entering into a mutually acceptable agreement for the replacement, relocation, construction, or maintenance of any alternate driveway on the owner's property.

4. Compensation for any property rights taken in the establishment of any alternative temporary or permanent access shall be paid as in any other purchase or condemnation of property. Proceedings for the condemnation of land for any highway shall be under the provisions of chapter 471 and chapter

472 Provided that, in the condemnation of right of way for secondary roads, the board of supervisors may proceed as provided in sections 306 28 to 306 37

306A.1 Declaration of policy.

The legislature hereby finds, determines, and declares that this chapter is necessary for the immediate preservation of the public peace, health, and safety, and for the promotion of the general welfare.

306A.2 Definition of a controlled-access facility.

For the purposes of this chapter, a controlled-access facility is defined as a highway or street especially designed for through traffic, and over, from or to which owners or occupants of abutting land or other persons have no right or easement or only a controlled right or easement of access, light, air, or view by reason of the fact that their property abuts upon such controlled-access facility or for any other reason. Such highways or streets may be freeways open to use by all customary forms of street and highway traffic or they may be parkways from which trucks, buses, and other commercial vehicles shall be excluded.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §306A.2]

Cities and highway authorities having jurisdiction and control over the highways of the state, as provided by chapter 306, acting alone or in co-operation with each other or with any federal, state, or local agency or any other state having authority to participate in the construction and maintenance of highways, are hereby authorized to plan, designate, establish, regulate, vacate, alter, improve, maintain, and provide controlled-access facilities for public use wherever such authority or authorities are of the opinion that traffic conditions, present or future, will justify such special facilities; provided, that within cities such authority shall be subject to such municipal consent as may be provided by law. Said cities and highway authorities, in addition to the specific powers granted in this chapter, shall also have and may exercise, relative to controlled-access facilities, any and all additional authority now or hereafter vested in them relative to highways or

streets within their respective jurisdictions. Said cities and highway authorities may regulate, restrict, or prohibit the use of such controlled-access facilities by the various classes of vehicles or traffic in a manner consistent with section 306A.2.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §306A.3]

306A.4 Design of controlled-access facility.

Cities and highway authorities having jurisdiction and control over the highways of the state, as provided by chapter 306, are authorized to so design any controlled-access facility and to so regulate, restrict, or prohibit access as to best serve the traffic for which such facility is intended. In this connection such cities and highway authorities are authorized to divide and separate any controlled-access facility into separate roadways by the construction of raised curbs, central dividing sections, or other physical separations, or by designating such separate roadways by signs, markers, stripes, and other devices. No person shall have any right of ingress or egress to, from, or across controlled-access facilities to or from abutting lands, except at such designated points at which access may be permitted, upon such terms and conditions as may be specified from time to time.

No access rights to any highway shall be acquired by any authority having jurisdiction and control over the highways of this state by adverse possession or prescriptive right. No action heretofore or hereafter taken by any such authority shall form the basis for any claim of adverse possession of, or prescriptive right to any access rights by any such authority.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §306A.5]

1. Advertising devices located within the adjacent area of interstate highways and freeway primary highways shall not be erected or maintained closer to another advertising device facing in the same direction than five hundred feet outside of cities, and within two hundred fifty feet if inside of cities. An advertising device may not be located within two hundred fifty feet of an interchange, or rest area. The measurement shall be from the nearest widening constructed for the purpose of acceleration or deceleration of traffic movement to or from the main-traveled way to the advertising device.

2. Advertising devices located within the adjacent area of primary highways shall not be erected or maintained closer to another advertising device facing in the same direction than one hundred feet if inside the corporate limits of a municipality. No advertising device, other than as excepted or permitted by subsections 4, 5, or 6 of this section, shall be located within the triangular area formed by the line connecting two points each fifty feet back from the point where the street right of way lines of the main-traveled way and the intersecting street meet, or would meet, if extended.

3. Advertising devices located within the adjacent area of primary highways shall not be erected or maintained closer to another advertising device facing in the same direction than three hundred feet if outside the corporate limits of a municipality. No advertising device, other than those excepted or permitted by subsections 4, 5, or 6 of this section, shall be located within the triangular area formed by a line connecting two points each one hundred feet back from the point where the street right-of-way lines of the main-traveled way and the intersecting street meet, or would meet, if extended.

4. The distance spacing measurements fixed by subsections 2 and 3 of this section shall not apply to advertising devices which are separated by a building in such a manner that only one advertising device located within the minimum spacing distance is visible from a highway at any one time.

5. Within a triangular area, as defined by subsections 2 and 3 of this section, occupied by a building or structure, no advertising device shall be erected or maintained closer to the intersection than the building or structure itself, except that a wall advertising device may be attached to said building or structure not to protrude more than twelve inches.

6. Official and directional signs and notices and advertising devices concerning the sale or lease of the property or activities conducted upon the property as specified in Title 23, section 131, subsection

“c” of the United States Code, shall not be taken into consideration in determining compliance with spacing requirements.

7. The minimum distance between two advertising devices facing the same direction shall apply without regard to the side of the highway on which the advertising devices may be located and shall be measured along the center line of the highway between points directly opposite the advertising devices.

8. Advertising devices shall not be erected, maintained, or illuminated:

a. In a manner to obscure or otherwise physically interfere with an official traffic sign, signal, or device, or to obstruct or physically interfere with any driver's view of approaching, merging, or intersecting traffic.

b. Unless effectively shielded to prevent light from being directed at any portion of the traveled highway with such intensity or brilliance as to cause glare or to impair the vision of the driver of any motor vehicle.

c. Which contain, include, or are illuminated by any flashing, intermittent, or moving light or lights, except those giving public service information such as, but not limited to time, date, temperature, weather, news and similar information.

d. e. Which exceed one thousand two hundred square feet in area or in the case of a back-to-back or V-type advertising device, with a maximum of two facings per advertising device, seven hundred fifty square feet in area, including border and trim but excluding base or apron, support, and other structural members.

f. Which do not comply with all applicable state or local laws, regulations and ordinances, including but not limited to zoning, building, and sign codes as locally interpreted and applied and enforced, or which violate chapter 319; however, nothing in this division shall prevent or restrict county or local zoning authorities from making a determination of customary use concerning size, lighting, and spacing of advertising devices in zoned commercial or industrial adjacent areas, and such determinations will be accepted in lieu of the standards of this division. The provisions of this division shall not prevent or restrict county or local zoning authorities within their respective jurisdictions from establishing standards imposing controls stricter than those required by this division.

g. The standards contained in this section pertaining to size, lighting, and spacing shall not apply to advertising devices erected or maintained within six hundred sixty feet of the right of way of those portions of the interstate highway system exempted

from control under chapter 306B by authority of section 306B.2, subsection 5, nor to advertising devices erected and maintained within adjacent areas along primary highways within zoned and unzoned commercial and industrial areas, unless said advertising devices were erected subsequent to July 1, 1972

[C73, 75, 77, 79, 81, §306C 13]

3 Advertising devices lawfully erected on or after July 1, 1972, but which subsequently become non conforming

4. Any advertising device erected on the mistaken or negligent advice of any official or employee of the state of Iowa as to the interpretation, effect, or operation of this division, chapter 306B, or rules promulgated by the department

The application for a permit shall be on a form provided by the department and shall contain the name and address of the owner of the advertising device and the name and address of the owner of the real property on which it is located, the date of its erection, a description of its location, its dimensions, and such other information required by the department, together with a permit fee as provided in this section

After July 1, 1972, no new advertising device for which an application for a permit is required may be erected without first obtaining a permit from the department, except in the case of advertising devices lawfully in existence in areas adjacent to any highway made an interstate, freeway primary, or primary highway after July 1, 1972 The owner shall be required to make application for a permit as provided for in this section within thirty days after the date the said highway acquired said designation

Upon receipt of an application containing all the required information in due form and properly executed together with the fee required, the department shall issue a permit to be affixed to the advertising device if the advertising device will not violate any provision of this division or chapter 306B, or any rule promulgated by the department, provided that in the case of advertising devices to be acquired pursuant to section 306C 15, a provisional permit shall be issued

The fee for both types of permits shall be twenty-five dollars for the initial fee and five dollars for each annual renewal The fees collected for the above permits shall be credited to a special account entitled the "highway beautification fund" and all salaries and expenses incurred in administering this chapter shall be paid from this fund or from specific appropriations for this purpose, except that surveillance of, and removal of, advertising devices performed by regular maintenance personnel are not to be charged against the account

[C73, 75, 77, 79, 81, §306C 18]

1. If the owner of the advertising device or the landowner fails to act within thirty days as required in the notice, the advertising device shall be deemed to be forfeited and the department may enter upon the land and remove the advertising device. Such entry after notice, shall not be deemed a trespass and the department may be aided by injunction to abate the nuisance and to insure peaceful entry.

SCENIC ROUTES

306D 1 Statement of purpose — intent
 306D 2 Statewide scenic highways program — objectives and agency duties

306D 3 Plan recommendations and pilot projects

306D.1 Statement of purpose — intent.

1 The general assembly finds that

a. The state offers numerous regions through which people can drive for the pleasure of viewing unusually scenic and interesting landscapes, however, routes to and through these areas have not been adequately identified for Iowans and state visitors

b. Among those things that attract motorists to the state's landscape are agricultural lands, forests, river basins, distinctive landforms, interesting architecture, metropolitan areas, small rural towns, and historic sites

c. The landscape qualities of unusually scenic routes throughout the state have not been protected from visual and resource deterioration particularly along routes which pass near the state's nationally significant areas such as the bluffs of the Mississippi and Missouri rivers, the Amana colonies, the Herbert Hoover national historic site, federal reservoirs, communities surrounding the state's natural lakes, the Des Moines river greenbelt, the great river road, and many others

d. A principal goal of economic development in this state is to increase the influence which travel and tourism have on the state's economic expansion

e. Iowans and visitors should be encouraged to travel to and through unusually scenic areas of the state

f. A program should be established, following a statewide plan, to identify and promote highways and secondary routes which pass through unusually scenic landscapes and to protect and enhance the scenic qualities of the landscape through which these routes pass

2 In addition to other goals for the program, it is the intention of the general assembly that the scenic highways program be coordinated with the state's open space program *

park and recreation departments, and the federal agencies having jurisdiction over land in the state shall be encouraged to assist in preparing the plan The plan shall be coordinated with the state's open space plan if a state open space plan has been approved by the general assembly The plan shall include, but is not limited to, the following elements

a. Preparation of a statewide inventory of scenic routes and ranking of relative uniqueness for each route The degree to which these routes suffer from negative visual intrusions shall be documented

b. Recommended techniques for preserving and enhancing the scenic qualities associated with each route

c. Forecasts of significant changes in traffic volumes and environmental, social, and economic impacts if scenic routes are publicly identified and promoted as tourism attractions

d. Recommended techniques for incorporating scenic highway routes in state and local tourism development and marketing programs

e. Landscape management needs including maintenance, rehabilitation, and improvements to scenic areas

f. Funding levels needed to accomplish the statewide scenic highway program

g. Recommendations of how federal and state transportation programs can be modified or developed to assist the state's scenic highway program

2 The preparation of the plan is subject to an appropriation by the general assembly for that purpose The plan shall be submitted to the general assembly by January 15, 1988 Prior to submission of the plan to the general assembly, the department shall request comments on the proposed plan from state agencies, federal agencies, and private organizations with interests in scenic highways The comments shall be submitted to the general assembly

87 Acts, ch 175, §2

306D.3 Plan recommendations and pilot projects.

307B.1 Short title.

This chapter may be referred to and cited as the “Iowa Railway Finance Authority Act ”

[C81, §307B 1]

307B.2 Declaration of necessity and purpose.

The purpose of this chapter is to benefit the citizens of Iowa by improving their general health, welfare and prosperity and insuring the economic and commercial development of the state and by promoting agricultural and industrial improvement. Access to adequate railway transportation facilities is essential to the economic welfare of the state. One purpose of this chapter is to preserve or provide for the citizens of Iowa those railway services now in existence or needed in the state which have a viable future but which for a variety of economic and legal reasons may not exist if the state does not provide the financing or other mechanisms referred to in this chapter. It is the intent of the chapter that any public ownership and control of railway facilities provided for in this chapter be transferred to private ownership as promptly as economically practicable subject to financing requirements. It is further intended that the authority created in this chapter be vested with all powers to enable it to accomplish the purposes of this chapter except the power to operate rolling stock.

It is the further intent of this chapter and of the general assembly that, in order to preserve rail competition and to provide for railway service in this state, the authority work primarily with railroad carriers already providing service in this state based

upon their willingness and ability to meet these objectives

[C81, §307B 2, 81 Acts 2d Ex, ch 3, §2]

307B.3 Legislative findings.

The general assembly finds and declares as follows

1 The establishment of the authority is in all respects for the benefit of the people of the state of Iowa, for the improvement of their health and welfare, for the preservation and creation of employment, and for the promotion of the economy and of agricultural and industrial improvement, which are public purposes

2 The authority will be performing an essential governmental function in the exercise of the powers and duties conferred upon it by this chapter

3 There will exist a serious shortage of viable rail lines and railway facilities serving the urban, rural, agricultural and industrial communities of the state

4 There exists a serious problem in this state regarding the ability of agricultural producers to transport economically farm products to traditional markets because of the abandonment and possible abandonment of railway facilities within the state

5 These conditions are making it more and more difficult for farmers and farm related businesses to survive in the present state of the economy thus threatening the very heart blood of Iowa

6 One major cause of this condition has been recurrent shortages of funds in private channels and the high interest cost of borrowing

7 These shortages have contributed to reductions in construction of new railway facilities, and have made the sale, purchase and repair of existing rail

way facilities a virtual impossibility in many parts of the state

8 Iowa faces the possible consequences of two railroad bankruptcies and further reductions in service by other railroads due to deteriorating rail facilities. The loss of rail service on three thousand ninety miles may be the immediate consequence of the bankruptcies, with a resultant increase in transportation costs. This will be accompanied by a reduction in Iowa farm income. Any prolonged loss of service on the essential portions of these rail facilities means the loss of jobs in Iowa and a loss to the state economy.

9 A stable supply of adequate funds for financing of railway facilities is required to encourage construction of railway facilities, the rehabilitation of existing facilities and to prevent the abandonment of others in an orderly and sustained manner and to reduce the problems described in this section.

10 It is necessary to create a railway finance authority to encourage the investment of private capital and stimulate the construction, rehabilitation and repair of railway facilities and to prevent the abandonment of others through the use of public financing, publicly assisted financing and other forms of public assistance.

11 All of the purposes stated in this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned or granted.

2. The members of the governing board shall be appointed by the governor for staggered terms of six years beginning and ending as provided in section 69.19. A person appointed to fill a vacancy shall serve only for the unexpired portion of the term. A member is eligible for reappointment. A member of the board may be removed from office by the governor for misfeasance, malfeasance or willful neglect of duty or other just cause, after notice and hearing, unless the notice and hearing is expressly waived in writing. A member of the board shall not also serve concurrently as a member of the state transportation commission or as an official or employee of the department.

The majority shall not include any member who has a conflict of interest and a statement by a member of a conflict of interest is conclusive for this purpose. A vacancy in the membership does not impair the right of a quorum to perform the functions and duties of the board.

4. Members of the board are entitled to receive forty dollars per diem for each day spent in performance of their functions and duties as members and reimbursement for all actual and necessary expenses incurred in the performance of their functions and duties as members.

307B.7 Powers of the authority.

The authority shall have all powers necessary for the performance of its purposes and duties, including but not limited to, the power to:

1. Have perpetual succession as a public authority.

2. Adopt rules under chapter 17A for the regulation of its affairs and to carry out its duties and responsibilities. The authority is an agency as that term is defined in chapter 17A and is subject to the provisions of chapter 17A.

3. Sue and be sued in its own name.

4. Exercise the power of eminent domain.

5. Acquire railway facilities, whether located within Iowa or a contiguous state, directly or through an agent, by purchase, lease, lease-purchase, gift, devise or otherwise. The authority shall not submit a bid to acquire a railway facility if any railroad company or person is negotiating for the facility's purchase and if the railroad company's or person's offer exceeds the net salvage value set by the trustee by at least fifteen percent and the offer is for a segment which originates and terminates at the intersection of another railroad mainline or is for a segment which connects to a mainline if the facility is a branchline. However, even if a railroad company or person is negotiating for a facility's purchase, the authority may submit a bid for the acquisition of the railway facility upon approval of a resolution by the state transportation commission stating that the best interests of the state and the transportation needs thereof might not be served by the railroad company's or person's offer or negotiation. However, the commission shall not adopt such a resolution if the competing railroad corporation or person files with the state department of transportation an enforceable undertaking to operate the facility for a period of five years after its purchase.

6. Determine the location of and select any railway facility to be provided financial assistance under this chapter and acquire, construct, reconstruct, renovate, rehabilitate, improve, extend, replace, maintain, repair and lease the facility, and to enter into contracts for any of these purposes.

7. Enter into contracts, including partnership agreements, with any person for the ownership, operation, management or use of a railway facility. Provisions shall be made in any contract or partnership agreement entered into by the authority that any additional jobs which may result from the ownership, operation, management, or use of a railway facility shall be offered, when practicable, to quali-

fied former employees of the Milwaukee Road or Rock Island railroad companies.

8. Designate an agent to perform its powers under subsections 6 and 7.

9. The authority may sell or convey any of the railway facilities upon terms and considerations acceptable to the governing board.

10. Issue obligations for any of its purposes and refund the obligations, all as provided for in this chapter. However, the total principal amount of obligations outstanding at any one time shall not exceed two hundred million dollars.

11. Invest or deposit moneys of the authority, subject to an agreement with bondholders or note-holders, in a manner determined by the authority, notwithstanding chapter 452 or 453.

12. Fix, revise, charge and collect rates, rents, fees and charges for the use of any railway facility or any portion of a facility that is owned or financially assisted by the authority alone or in any other association with any other person and contract with any person in respect to a facility.

Make interest-free loans for rehabilitation of railway tracks, roadbeds, or trestles to persons which have repaid in part the original loan from the authority which was made for the purpose of the acquisition or rehabilitation of railway tracks, roadbeds, or trestles. However, an interest-free loan to a person shall not exceed the amount repaid of the original loan made to that person and one-half of the amount of the interest-free loan repaid to the authority shall be credited to the railroad assistance fund established in section 327H.18.

15. Extend financial assistance to refund, retire, or refinance obligations, including obligations running to the federal government, mortgages or advances issued, made or given for the project cost of a railway facility which costs were incurred for railway facilities undertaken and completed prior to or after May 20, 1980 when the governing board finds that this financial assistance is in the public interest.

16. Have and alter a corporate seal.

17. Receive and accept from any person or governmental agency loans, guarantees or grants for or in aid of project costs and receive and accept grants, gifts and other contributions from any source.

18. Own a railway facility under this chapter alone, in partnership, or in any other association with any person if necessary or beneficial to preserve part of a railway system, upon the determination, after consultation with the department, that the railway facility is necessary or beneficial to the railway system, to be relinquished to nonauthority ownership or operation as soon as economically practicable.

19. Temporarily operate a railway facility under this chapter if sufficient need exists or there is an emergency situation as determined by a majority of the board.

20. Pledge any funds contained in the special railroad facility fund to the payment of and as security for obligations issued under this chapter.

21. Invest moneys in the special railroad facility fund in general or limited partnership interests in a partnership formed to purchase, renovate, and operate a railway facility.

22. Serve as a general or limited partner in a partnership formed to purchase, renovate, and operate a railway facility.

[C81, §307B.8; 81 Acts 2d Ex, ch 3, §9, 10]

307B.9 Obligations.

Except as provided in this chapter, all obligations are payable solely out of the pledged receipts as designated in the bond proceedings. Tax funds which the authority receives from a political subdivision of the state shall not be pledged for payment of the obligations. Except for those tax funds deposited in

the special railroad facility fund as provided in sections 307.29, 435.9 and 324A.8, the state shall not appropriate tax funds, directly or indirectly, to the authority for the purpose of payment of obligations of the authority. Obligations shall be authorized by resolution of the board and bond proceedings shall provide for the purpose of the obligations, the principal amount, the principal maturity or maturities, not exceeding twenty-five years from the date of issuance, the interest rate or rates or the maximum interest rate, the date of the obligations and the dates of payment of interest on them, their denomination, and the establishment within or without the state of a place or places of payment of bond service charges. As much as is practicable within the legal and fiscal limitations inherent in bond issuance, a portion of the bonds shall be issued in denominations of five thousand dollars and smaller, in order to allow smaller investors in the state to purchase the bonds. The purpose of the obligations may be stated in the bond proceedings in terms describing the general purpose or purposes to be served. The bond proceedings shall also provide, subject to other applicable bond proceedings, for the pledge of all or such part, as the authority may determine, of the pledged receipts to the payment of bond service charges, which pledges may be made either prior or subordinate to other expenses, claims or payments, and may be made to secure the obligations on a parity with obligations issued at other times, if and to the extent provided in the bond proceedings. The pledged receipts so pledged and received by the authority are immediately subject to the lien of the pledge without physical delivery or further act, and the pledge of the pledged receipts is effective and these moneys may be applied to the purposes for which pledged without necessity for an Act of appropriation. Every pledge and every covenant and agreement with respect to a pledge made in the bond proceedings may be extended to the benefit of the owners and holders of obligations authorized by this chapter, and to any trustee for owners and holders, for the further security of the payment of the bond service charges. The authority shall issue a prospectus or official statement in connection with the offering of obligations. Obligations may be issued in coupon or in registered form, or both. Provision may be made for the registration of obligations with coupons attached as to principal alone or as to both principal and interest, their exchange for obligations so registered, and for the conversion or reconversion into obligations with coupons attached of any obligations registered as to both principal and interest, and for reasonable charges for registration, exchange, conversion and reconversion. Obligations may be sold at public or private sale at the price, in the manner, and at the time determined by the governing board. Chapter 75 and sections 23.12 to 23.16 do not apply to obligations issued under this chapter. All obligations are negotiable instruments.

The bond proceedings may contain additional provisions as to:

1. The redemption of obligations prior to maturity at the option of the authority at the price and under the terms and conditions provided in the bond proceedings.

2. Other terms of the obligation.

3. Limitations on the issuance of additional obligations.

4. The terms of any trust agreement or indenture securing the obligations or under which the obligations may be issued.

5. The deposit, investment and application of special funds and the safeguarding of moneys on hand or on deposit, without regard to chapter 453, subject to this chapter, with respect to particular funds or moneys; provided that any bank or trust company which acts as depository of any moneys in the special funds may furnish indemnifying bonds or may pledge the securities as required by the authority.

6. The provisions of the bond proceedings which are binding upon the officer, board, commission, authority, agency, department or other person or body which has the authority under law to take actions as necessary to perform all or any part of the duty required by a provision.

7. Any provision which may be made in a trust agreement or indenture.

8. Additional agreements with the holders of the obligations, or the trustee for the holders, relating to the obligations or the security for the obligations.

Before the authority can incur an obligation for the acquisition or purchase of railway facilities under this chapter, the proceeds of which are to be contributed, loaned, or otherwise provided to a partnership of which the authority is a partner, the other partners of the partnership must pledge to the partnership in the aggregate an amount equal to at least twenty percent of the amount of the obligations to be incurred for the acquisition or purchase.

[C81, §307B.8(4-6), 307B.9; 81 Acts 2d Ex, ch 3, §11]

307B.10 Refunding of obligations.

The board may authorize and issue obligations for the refunding, including funding and retirement, and advance refunding with or without payment or redemption prior to maturity, of any obligations previously issued by the authority. These obligations may be issued in amounts sufficient for payment of the principal amount of the prior obligations, any redemption premiums on the prior obligations, principal maturities of any obligations maturing prior to the redemption of the remaining obligations on a parity with them, interest accrued or to accrue to the maturity date or dates of redemption of the obligations, and any project costs including expenses incurred or to be incurred in connection with this issuance, refunding, funding, and retirement. Subject to the bond proceedings, the portion of proceeds of the sale of obligations issued under this section to be applied to bond service charges on the prior obligations shall be credited to the appropriate account for those prior obligations. Obligations autho-

rized under this section shall be deemed to be issued for those purposes for which the prior obligations were issued and are subject to the provisions of this chapter pertaining to other obligations. Obligations refunded shall not be considered to be outstanding for purposes of section 307B.7, subsection 10.

Refunding may be made without regard to whether or not the obligations to be refunded were issued in connection with the same railway facilities, separate railway facilities or for other purposes, and without regard to whether or not the obligations proposed to be refunded shall be payable on the same date or different dates or due serially or otherwise.

[C81, §307B.10; 81 Acts 2d Ex, ch 3, §12]

307B.11 Security for obligations.

Obligations may be additionally secured by a trust agreement or indenture between the authority and a corporate trustee which may be any trust company or bank having its principal place of business within the state. Any such agreement, indenture, mortgage, or deed of trust, or any combination thereof, may contain the resolution authorizing the issuance of the obligations, any provisions that may be contained in any bond proceedings, and other provisions which are customary or appropriate in an agreement or indenture of such type, including, but not limited to:

1. Maintenance of each pledge, trust agreement, indenture, or other instrument comprising part of the bond proceedings until the authority has fully paid the bond service charges on the obligations secured by the instrument, or provision for payment has been made.

2. In the event of default in any payments required to be made by the bond proceedings or any other agreement of the authority made as a part of the contract under which the obligations were issued, enforcement of the payments or agreement by mandamus, appointment of a receiver, suit in equity, action at law, or any combination of these.

3. The rights and remedies of the holders of obligations and of the trustee and provisions for protecting and enforcing them, including limitations on rights of individual holders of obligations.

4. The replacement of any obligations which become mutilated or are destroyed, lost, or stolen.

The principal of and interest on obligations shall be secured as provided in the bond proceedings by the pledge of pledged receipts and by assignment of leases or other contract rights of the authority, or any person acquiring, leasing, or operating railway facilities assisted under this chapter to third parties, which assignment may cover all or any part of the railway facilities from which the receipts may be derived, including, but not limited to, any enlargements of or additions to any of these railway facilities.

Each pledge shall continue in effect until the principal of and interest on the obligations has been fully paid or provision for the payment has been duly made pursuant to the bond proceedings.

[C81, §307B.11; 81 Acts 2d Ex, ch 3, §13]

307B.12 Payment of obligations – nonliability of state.

Obligations issued under this chapter, and judgments based on contract or tort arising from the activities of the authority or persons acting on its behalf, are not a debt or liability of the state or of any political subdivision within the meaning of any constitutional or statutory debt limitation and are not a pledge of the state's credit or taxing power within the meaning of any constitutional or statutory limitation or provision and no appropriation shall be made, directly or indirectly, by the state or any political subdivision of the state for the payment of the obligations or judgments or to fund any deficiency in the special railroad facility fund, or for the indemnification of a person subject to a judgment arising from that person's actions on the authority's behalf. These obligations and judgments are special obligations of the authority payable solely and only from the sources and special funds provided in this chapter. Funds from the general fund of the state shall not be used to pay interest or principal on obligations of the authority in the event that receipts from the taxes designated for deposit in the special railroad facility fund are insufficient.

[C81, §307B.12; 81 Acts 2d Ex, ch 3, §14]

307B.13 Remedies of holders of obligations.

1. The bond proceedings may provide that a holder of obligations or a trustee under the bond proceedings, except to the extent that the holder's rights are restricted by the bond proceedings, may by legal proceedings, protect and enforce any rights under the laws of this state or granted by the bond proceedings. These rights include the right to compel the performance of all duties of the authority required by this chapter or the bond proceedings; to enjoin unlawful activities; and in the event of default with respect to the payment of any bond service charges on any obligations or in the performance of any covenant or agreement on the part of the authority in the bond proceedings, to apply to a court to appoint a receiver to receive and administer the pledged receipts which are pledged to the payment of the bond service charges on these obligations or which are the subject of the covenant or agreement, with full power to pay and to provide for payment of bond service charges on these obligations and with powers accorded receivers in general equity cases, excluding any power to pledge additional revenues or receipts or other income or moneys of the authority or the state or governmental agencies of the state to the payment of the bond service charges; and if provided in the bond proceedings, the power to take possession of, mortgage, or cause the sale or otherwise dispose of any railway facilities.

Each duty of the authority and the authority's board, officers, and employees, and of each governmental agency and its officers, members, or employees, undertaken pursuant to the bond proceedings or any agreement or lease, lease-purchase agreement, or loan made under authority of this chapter, and in every agreement by or with the authority, is a duty

of the authority, and of each board, officer, member or employee having authority to perform this duty, which may be specifically enjoined by the law resulting from an office, trust or station under chapter 661.

2. If the bond proceedings do not contain provisions authorized in subsection 1, if the authority defaults in the payment of principal or interest on obligations as they become due, whether at maturity or upon call for redemption, and the default continues for a period of thirty days, or if the authority fails or refuses to comply with this chapter or defaults in any covenant or agreement in the bond proceedings made for the benefit of the holders of obligations, the holders of twenty-five percent in aggregate principal amount of obligations of the issue then outstanding by instrument filed in the office of the clerk of the county in which the principal office of the authority is located and proved or acknowledged in the same manner as a deed to be recorded may appoint a trustee to represent the holders of the obligations for the purposes provided in this section.

The trustee selected may, and upon written request of the holders of twenty-five percent in aggregate principal amount of the issue of obligations then outstanding, shall:

a. Enforce all rights of the holders of the obligations including the right to require the authority to carry out its agreements with the holders and to perform its duties under this chapter.

b. Bring suit upon the obligations.

c. By action require the authority to account as if it were the trustee of an express trust for the holders.

d. By action enjoin any acts or things which are unlawful or in violation of the rights of the holders.

e. Declare all the obligations due and payable and, if all defaults are made good then with the consent of the holders of twenty-five percent of the aggregate principal amount of the issue of obligations then outstanding, annul the declaration and its consequences. Before declaring the principal of obligations due and payable, the trustee shall first give thirty days notice in writing to the governor, to the authority, and to the attorney general of the state.

The trustee selected shall also have all powers necessary or appropriate for the exercise of functions specifically set forth or incident to the general representation of holders in the enforcement and protection of their rights.

3. The district court has jurisdiction of any action by the trustee on behalf of holders. The venue of the action shall be in the county in which the principal office of the authority is located.

[C81, §307B.13; 81 Acts 2d Ex, ch 3, §15]

307B.14 Authority as public instrumentality.

The authority is performing a public function on behalf of the state and is a public instrumentality of the state. Income of the authority and all properties owned by or leased to the authority are exempt from all taxation in the state of Iowa. This chapter does

not exempt from taxation properties comprising railway facilities financially assisted under this chapter which are owned by persons other than the authority except those leased to the authority. However, properties owned by the authority which are leased or rented to a private person shall include as part of the rates, rents, fees or charges payable by that person a sum equal to the amount of tax, determined by applying the tax rate of the taxing district to the assessed value of the property, which the state, county, city, school district or other political subdivision would receive if the property were owned by a private person, any other statute to the contrary notwithstanding. This sum shall be distributed to each taxing district based upon its tax equivalent. For purposes of arriving at that tax equivalent, the property shall be valued and assessed by the assessor in whose jurisdiction the property is located, in accordance with chapter 441, but the authority, the lessee or renter on behalf of the authority, and other persons as are authorized by chapter 441 shall be entitled to protest any assessment and take appeals in the same manner as any taxpayer. The valuations shall be included in any summation of valuations in the taxing district for all purposes known to the law. Income from this source shall be considered under the provisions of section 384.16, subsection 1, paragraph "b".

[C81, §307B.14; 81 Acts 2d Ex, ch 3, §16]

307B.15 Powers not restricted — law complete in itself.

This chapter is not a restriction or limitation upon any powers which the authority or another governmental agency has under any laws of this state, but is cumulative to any such powers. No proceedings, referendum, notice or approval is required for the creation of the authority or the issuance of any obligations or any instrument as security except as provided in this chapter. However, nothing in this chapter deprives the state and its political subdivisions of their police powers over properties of the authority or impairs any power over the authority of any official or agency of the state and its political subdivisions which is otherwise provided by law.

[C81, §307B.15; 81 Acts 2d Ex, ch 3, §17]

307B.16 Limitation of liability.

The members of the board and persons acting in the board's behalf, while acting within the scope of their employment or agency, shall be employees of the state within the meaning of chapter 25A and the provisions, except section 25A.11, of that chapter shall apply to such members and persons. The fund may also be used to purchase or upgrade railroad right-of-way and trackage facilities for the development of railroad passenger tourism.

2. Any moneys credited to the special railroad facility fund under section 435.9 shall be deposited in a separate account within the special railroad facility fund. The authority may issue obligations under this chapter which are secured solely by the moneys to be deposited in that separate account and the holders or owners of any such obligations have no rights to payment of bond service charges from any other funds in the special railroad facility fund, including any moneys accruing to the authority from the lease, sale or other disposition, or use of railway facilities, or from payment of the principal of or interest on loans made, or from any other use of the proceeds of the sale of the obligations, and no such moneys may be used for the payment of bond service charges on any such obligations, except for accrued interest, capitalized interest, and reserves funded from proceeds received upon the sale of the obligations.

2. An exclusive, transferable, five-year option to purchase all of the corporation's right, title, and

interest in the right-of-way, track materials, and rail facilities.

The authority may waive the requirements of this section.

The authority shall have thirty days in which to accept or decline the corporation's offer for all or any part of the rail line. If the authority fails to accept the offer within thirty days of the offer, the corporation may dispose of the property.

However, certification shall only be made under this section when there are insufficient moneys available to the authority for the payment from moneys credited to the special railroad facility fund or other sources available to the authority.

Certification shall only be made under this section for projects in which the authority has done all of the following:

1. Conducted a feasibility study, prior to agreeing to assist the project, which demonstrates that the proposed project has a reasonable potential to generate adequate revenues to be economically viable.

2. Obtained from participants in the project pledges to be received by the authority, which in combination with other moneys available to the authority, are sufficient to either retire obligations issued by the authority to assist the project or make all payments on leases guaranteed by the authority to assist the project, including a lien against the assets of the project and a lien against the assets of each participant in the project to the extent of that participant's pledged obligation.

307C.1 Missouri river barge compact.

The Missouri river interstate barge compact is enacted into law and entered into with all other states which legally join in the compact in substantially the following form

COMPACT BETWEEN IOWA, KANSAS,
MISSOURI AND NEBRASKA FOR THE
DEVELOPMENT OF THE MISSOURI RIVER
FOR BARGE TRAFFIC

ARTICLE I

The purposes of this compact are to provide for planning for the most efficient use of the waters of the Missouri river, to increase the amount of barge traffic on that segment of the Missouri river below Sioux City, Iowa, to take necessary steps to develop the Missouri river and its banks to handle more barge traffic than is presently handled, to encourage barge use on that segment of the Missouri river for transporting bulk goods, especially farm commodities, to insure that the intended increase in barge traffic does not impose unacceptable damage on the Missouri river in all its various uses, including agriculture, wildlife management, and recreational opportunities, to consider the effects of diversion of the waters of the Missouri river on navigation, and to promote joint action between the compact parties to accomplish these purposes. The purposes of the compact do not include lobbying activities against user fees for barge traffic and such activities under this compact are prohibited

ARTICLE II

It is the responsibility of the four states to accomplish the purposes in Article I through the official in each state charged with the duty of administering the public waters and to collect and correlate through those officials the data necessary for the proper administration of the compact. Those officials may, by unanimous action, adopt rules and regulations to accomplish the purposes of this compact

ARTICLE III

The states of Iowa, Missouri, Kansas, and Nebraska agree that within a reasonable time they

shall fulfill the obligations of this compact and that each shall authorize the proper official or agency in its state to take the necessary steps to promote barge use and develop the Missouri river as it flows between and within the compact states for additional barge traffic

ARTICLE IV

This compact does not limit the powers granted in any other act to enter into interstate or other agreements relating to the Missouri river flowing between and within the compact states, alter the relations between the respective internal responsibilities of the government of a party state and its subdivisions, or impair or affect any rights, powers, or jurisdiction of the United States, or those acting by or under its authority, in, over, and to those waters of the Missouri river. Adoption of this compact by the general assembly shall not require the signatory states to adopt any legislation or to appropriate funds for its implementation

ARTICLE V

Other states having an interest in the promotion of barge traffic on the Missouri river can join in this compact by unanimous consent of the member states

Any member state can withdraw at any time by appropriate action of its legislature

84 Acts, ch 1257, §3

307C.4 Liberal interpretation.

This compact shall be liberally construed so as to effectuate its purposes. The compact is severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States or the applicability of the compact to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability of it to any government, agency, person or circumstance shall not be affected. If this compact is held to be contrary to the constitution of any state partici-

pating in the compact, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

84 Acts, ch 1257, §4

However, this prohibition and requirement shall not apply to any normal or emergency repairs or replacements which are necessary to maintain an existing structure of a facility in approximately its previously existing functioning condition. When the rights in land for a segment of the great river road are acquired, damages shall not be allowed for any construction, alterations, or additions in violation of this subsection.

3. Without limiting any authority otherwise existing, rights in land needed for the great river road may be acquired at any time by the state, the county, or the municipality in which such segment of the great river road is located. If an owner's contiguous land is acquired to an extent which is less than the total amount shown on the map as needed, consequential damages to the land not acquired shall be allowed as found to exist.

The approval of any claims by the board of supervisors or by the department may be evidenced by the signature of the chairperson of said board or department, or a majority of the members of the board or department, on the individual claims or on the abstract of a number of claims with the individual claims attached to said abstract.

310.19 Supervision and inspection of work.

The county engineer is charged with the duty of supervision, inspection and direction of the work of construction of farm-to-market road projects under

this chapter. In this capacity, the county engineer is responsible for the efficient, economical, and good-faith performance of the work.

310.20 Supervisors resolution to state treasurer.

Any county may, in any year, by resolution of its board of supervisors, make available for improvement or construction of farm-to-market roads within the county any portion of its allotment of road use tax funds. Upon certification of such a resolution, the state treasurer shall place in the county's allotment of the farm-to-market road fund the amount authorized by such resolution.

[C39, §4686.20; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §310.20]

310.22 Right of way — how acquired.

Right of way for farm-to-market road projects under this chapter shall be acquired by the county in accordance with chapter 306 and chapter 316.

[C39, §4686.22; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §310.22; 82 Acts, ch 1110, §10]

310.26 Repealed by 53GA, ch 127, §5. See §312.7.

310.27 Period of allocation — reversion — temporary transfers.

The farm-to-market road fund allotted to any county as provided in this chapter shall remain available for expenditure in said county for three years after the close of the fiscal year during which said sums respectively were allocated. Any sum remaining unexpended at the end of the period during which it is available for expenditure, shall be reapportioned among all the counties as provided in section 312.5 for original allocations.

For the purposes of this section, any sums of the farm-to-market road fund allotted to any county shall be presumed to have been "expended" when a contract has been awarded obligating the sums. When projects and their estimated costs, which are proposed to be funded from the farm-to-market road fund, are submitted to the department for approval, the department shall estimate the total funding necessary and the period during which claims for the projects will be filed. After anticipating the funding necessary for approved projects, the department may temporarily allocate additional moneys from the farm-to-market road fund for use in any other farm-to-market projects. However, a county shall not be temporarily allocated funds for projects in excess of the county's anticipated farm-to-market road fund allocation for the current fiscal year plus the four succeeding fiscal years.

If in the judgment of the department the anticipated claims against the primary road fund for any month are in excess of moneys available, a temporary transfer for highway construction costs may be made from the farm-to-market road fund to the primary road fund providing there will remain in the transferring fund a sufficient balance to meet the anticipated obligations. All transfers shall be repaid from the primary road fund to the farm-to-market road fund within sixty days from the date of the transfer. A transfer shall be made only with the approval of the director of management and shall comply with the director of management's rules relating to the transfer of funds. Similar transfers may be made by the department from the primary road fund to the farm-to-market road fund and these transfers shall be subject to the same terms and conditions that transfers from the farm-to-market road fund to the primary road fund are subject.

[C39, §4686.27; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §310.27]

310.28 Engineering and other expense.

Engineering, inspection and administration expense in connection with any farm-to-market road project may be paid from said county's allotment of the farm-to-market road fund. Any such expense incurred by the department may in the first instance be advanced out of the primary road fund, said amounts later being reimbursed to said funds out of the farm-to-market road fund.

Provided, that no part of the salary or expense of the county engineer, any member of the county board of supervisors, any member of the department, the chief engineer, or any department head or district engineer of the department shall be paid out of the farm-to-market road fund.

[C39, §4686.28; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §310.28]

310.29 Maintenance by county.

Any farm-to-market road constructed under this chapter shall be maintained by the county. If any county fails to satisfactorily maintain any road that is part of the federal aid secondary system, the department shall give the board of supervisors notice of that fact. If within sixty days after receipt of notice the highway has not been placed in proper condition of maintenance the department may withhold authorization for letting of any project using farm-to-market funds until a proper condition of maintenance has been restored.

[C39, §4686.29; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §310.29; 82 Acts, ch 1110, §11]

and maintenance of secondary roads, including bridges and culverts located thereon

311.1 Power to establish.

In order to provide for improvements such as grading, draining, bridging, aggregate surfacing, paving, or resurfacing of secondary roads, the board of supervisors may, on petition, establish secondary road assessment districts

[C24, 27, 31, 35, 39, §4746; C46, §311 3, C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §311 1] 85 Acts, ch 143, §1

311.2 Width of district.

Any such secondary road assessment district shall be not more than one half mile wide on each side of the road or roads to be improved by said district

[C24, 27, 31, 35, 39, §4746; C46, §311 3, C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §311 2]

311.3 Amount of assessment.

Special assessments in the aggregate amount of not less than fifty percent of the total estimated cost of improvement of a road included in a secondary road assessment district project shall be apportioned and levied on the lands included in the secondary road assessment district

[C24, 27, 31, 35, 39, §4753; C46, §311 10, C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §311 3] 85 Acts, ch 143, §2

311.4 County line road.

When it is desired to improve a secondary road on a county line, as a secondary road assessment district project, the board of supervisors of any county may establish an assessment district in its county,

and levy and collect special assessments for the payment of that portion of the estimated cost of the project assessable against lands in that county. Each county shall pay its share of the cost of the project as provided in this chapter, in the same manner as though the project were located wholly within that county.

[C24, 27, 31, 35, 39, §4746; C46, §311.3; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §311.4]
85 Acts, ch 143, §3

311.5 Project in city.

A road or street which is a continuation of a secondary road within a city and which the county board desires to improve, may by resolution of the county board and concurrence by the council of the city be improved as a secondary road assessment district project or part of a project as provided in this chapter. The lands within the city abutting on or adjacent to the street or road may be included within the secondary road assessment district and assessed for the improvement upon the same basis and in the same manner as though the lands were located outside of a city.

[C24, §4754; C27, 31, 35, §4745-a1; C39, §4745.1; C46, §311.2; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §311.5]

85 Acts, ch 143, §4

311.6 Petition — information required.

The petition for a secondary road assessment district proposing to establish the district shall intelligibly describe the road or roads proposed to be improved, the nature of the proposed improvement, the percentage of the estimated cost of improving the road proposed to be assessed against the property in the district and the lands proposed to be included in the district.

The petition shall be signed by fifty percent of the owners of the lands within the proposed district, or by fifty percent of the owners of the land within the proposed district who reside within the county.

[C24, 27, 31, 35, 39, §4746; C46, §311.3; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §311.6]

85 Acts, ch 143, §5

311.7 Improvement by private funds.

The owner or a group of owners of not less than seventy-five percent of the lands adjacent to, or abutting upon any secondary road may, on or before October 1 of any year, petition the board of supervisors of their county for the improvement of the road, and for the assessment of not less than fifty percent, or a greater portion as provided in the petition, of the cost of the improvement, to the lands adjacent to, or abutting upon the road. When the petition has been filed, the board of supervisors shall review the project proposed by the petition and may accept or reject the proposed project. If the board of supervisors accepts the petition, the board shall include the project in the secondary road construction program of the county and establish a priority for the completion of the project.

The board of supervisors shall proceed with the

construction and completion of the project in accordance with its assigned priority and under the same procedure as is prescribed generally for the improvement of secondary roads by assessment, and shall establish a special secondary road assessment district and assess against the lands included in the district not less than fifty percent, or a greater portion as provided in the petition, of the engineer's estimated cost of the improvements of the road included in the project against all the lands adjacent to or abutting upon the road.

However, if the owners of all the lands included in any special secondary road assessment district under this section, subscribe and deposit with the county treasurer an amount not less than fifty percent, or a greater portion as provided in the petition, of the engineer's estimated cost of the improvement of the road included in the project, the board of supervisors shall not establish the special assessment district, but shall accept the donations in lieu of an assessment, and shall otherwise proceed to the improvement of the road.

The total expenditure of secondary road funds of the county in any year for or on account of special secondary road assessment district projects on local secondary roads under this section shall not exceed the total secondary road funds legally expendable for construction on local secondary roads in the county in the year.

Upon the completion of the road, and the satisfaction of all claims in relation to the road, any balance then remaining of the funds provided by the sponsors shall be returned to them according to their respective interests, providing all guarantees made by the sponsors have been fulfilled.

311.8 County engineer's report.

Upon the filing of the petition with the county engineer proposing the establishment of a secondary road assessment district, the county engineer shall prepare a report on the proposed district, which report shall include:

1. An estimate of the cost of the improvement proposed on the road included in the proposed district.
2. A plat of said proposed district which plat shall show the road or roads proposed to be improved, the various tracts and parcels of real estate included in said proposed district, and the ownership of such lands.
3. An approximately equitable apportionment of not less than fifty percent of the estimated cost of the improvement among the tracts and parcels of real estate included in the proposed district.
4. A statement whether all of the secondary roads to be improved in the proposed secondary road assessment district project have been built to permanent grade and properly drained.

5. Any information the county engineer may deem pertinent.

311.9 Publicly owned real estate.

In making said apportionment, real estate owned by the state, county or any city, shall be treated as other real estate, but no other publicly owned real estate shall be included. In apportioning benefits to real estate owned by a city, the county or the state, no consideration shall be given to the buildings thereon.

311.10 Estimate and apportionment — presumption.

Said estimated cost shall carry the presumption, in the absence of a contrary showing, that the same correctly represents the probable cost of said project as nearly as can be determined in advance of the actual doing and completion of the work. Said apportionment shall carry the presumption, in the absence of a contrary showing, that the same is fair, just, equitable, and in proportion to the benefits and not in excess thereof.

311.11 Hearing — notice.

The board of supervisors shall fix a time for hearing on the proposal for the establishment of the secondary road assessment district and on the apportionment of not less than fifty percent of the estimated cost of the proposed improvement, and shall cause the county engineer to publish notice of the hearing. The notice shall state:

1. The time and place of hearing,
2. The road or roads proposed to be improved,
3. The type of surfacing proposed,
4. The estimated cost of the proposed improvement,
5. A description of the lands lying within said proposed district,
6. The ownership of said lands as shown by the transfer books in the auditor's office,
7. A statement of the amount apportioned to each tract or parcel of real estate as shown by the engineer's report,
8. That at said hearing the amount apportioned to any tract or parcel of land may be increased or decreased without further notice,
9. That all objections to the establishment of the district, to the apportionment report, or to the proceedings relating to the district or report must be specifically made in writing and filed with the county engineer on or before noon of the day set for the hearing, and
10. That a failure to make and file such objections

will be deemed a conclusive waiver of all such objections.

311.13 Errors in notice or apportionment report.

Any omission or error in said apportionment report or notice with respect to any tract or parcel of real estate or the description thereof, or the name of the owner, or the amount of the assessment apportioned thereto, shall work no loss of jurisdiction on the part of the board over such proceeding. Such omission or error shall only affect the particular tract of real estate or person in question. If, before or after the board has entered its final order in the establishment of the said district or in the apportionment proceedings such omission or error is discovered, the board shall fix a time for a hearing as to such party or real estate and shall cause service of notice to be made upon them, either by publication as in this chapter provided, or by personal service in the time and manner required for service of original notices in the district court. After such hearing the board shall proceed as to such person or land as though such omission or error had not occurred.

ters. It may reject, approve, or modify and approve said proposal. The board may exclude lands from the district or may add lands thereto or otherwise modify the proposal.

Should the proposal be approved in whole or in part, the board shall establish such district. The order of the board establishing such district shall state the road or roads to be improved, the type of improvement, and the lands included in said district. Said order shall be final. No lands shall thereafter be added to or excluded from said district.

On final hearing the board shall hear and determine all objections filed. The board may increase, diminish, annul, or affirm the apportionment made in said report, or any part thereof, as may appear to the board to be just and equitable.

On the final determination the board shall levy the assessments and all installments thereof upon the real estate within the district as finally established. The entire amount of the assessment shall be then due and payable, and bear interest at a rate not exceeding that permitted by chapter 74A commencing twenty days from the date of the levy, and shall be collected at the succeeding September semiannual payment of ordinary taxes.

If an owner other than the state or a county or city, of any tracts of land on which the assessment is more than ten dollars, shall, within twenty days from the date of the assessment, agree in writing filed in the office of the county auditor, that in consideration of the owner having the right to pay the assessment in installments, the owner will not make any objection of illegality or irregularity as to the assessment upon the real estate, and will pay the assessment plus interest, the assessment shall be payable in ten equal installments. The first installment shall be payable on the date of the agreement. The other installments with interest on the whole amount unpaid shall be paid annually at the same time and in the same manner as the September semiannual payment of ordinary taxes. The rate of interest shall be as established by the board, but not exceeding that permitted by chapter 74A.

An owner of land who has used said ten-year option may at any time discharge the assessment by paying the balance then due on all unpaid installments, with interest on the entire amount of the unpaid installments for thirty days in advance.

313.1 Federal and state co-operation.

The department is empowered on behalf of the state to enter into any arrangement or contract with and required by the duly constituted federal author

ities, in order to secure the full co-operation of the government of the United States, and the benefit of all present and future federal allotments in aid of highway construction, reconstruction, improvement

or maintenance. The good faith of the state is hereby pledged to cause to be made available each year, sufficient funds to equal the total of any sums now or hereafter apportioned to the state for road purposes by the United States government for such year, and to maintain the roads constructed with said funds.

[C24, §4688; C27, 31, 35, §4755-b1; C39, §4755.01; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §313.1]

313.2 "Road systems" defined – roadside parks.

The roads and streets of the state are, for the purpose of this chapter, assigned to the functional classification systems established under chapter 306.

Whenever the board of supervisors of a county and the department mutually determine that a portion of a highway under the jurisdiction of either party should be transferred to the jurisdiction of the other party, the board and department may enter into an agreement to effect such transfer. Such agreement may provide that each party may undertake or share responsibility for improving said road with the costs of such improvement to be borne entirely by either the county or the department or equitably divided between the two jurisdictions. All such improvements shall be completed and all actual costs thereof paid or reimbursed prior to the time transfer of the road is made. In carrying out such agreement, the board of supervisors may expend secondary road funds of the county and the department may expend primary road funds.

However, prior to entering into the agreement, a notice of intent to execute such agreement shall be published in a newspaper of general circulation within the county and the cost of such notice shall be jointly borne by the department and the board of supervisors. If one hundred or more residents of the county request by petition or in writing that a hearing be held in regard to such agreement within ten days after the publication of the notice, the board of supervisors and the department shall hold such a hearing not more than seven days after receiving the petition or written instrument, and based upon evidence presented at such hearing shall re-examine the merits of executing such agreement and make a decision in regard to it.

The department may, for the purpose of affording access to cities or state parks, or for the purpose of shortening the direct line of travel on important routes, or to effect connections with interstate roads at the state line, add such road or roads to the primary system.

The department, either alone or in co-operation with any county, shall have the authority to utilize any land acquired incidental to the acquisition of land for highway right of way and to also accept by gift, lands not exceeding two acres in area for roadside parks and parking areas. The department may furnish necessary maintenance. The department shall also have authority to accept by gift, equipment or other installations incidental to the use of

said parks and parking areas. Said parks and parking areas shall be a part of the primary road system and the department may at its discretion sell or otherwise dispose of said lands.

Reasonable maintenance and surveillance of rest area sites and buildings located thereon shall be provided by employees of the department within the limits of appropriations provided for such purpose.

When the department, for the purpose of establishing, constructing or maintaining any primary road, determines that any secondary road or portion thereof is necessary for a detour or haul road, the department, after consultation with the county board of supervisors having jurisdiction of the route, shall by order temporarily designate the secondary road or portion thereof as a temporary primary road detour or as a temporary primary road haul road, and the department shall maintain the same as a primary road until it shall revoke the temporary designation order. Prior to use of a secondary road as a primary haul road or detour, the department shall designate a representative to inspect the secondary road with the county engineer to determine and note the condition of the road.

Prior to revoking the designation, the department shall:

1. Restore the secondary road or portion thereof to as good condition as it was prior to its designation as a temporary primary road, or

road or portion thereof during the period of its designation as a temporary primary road. The department shall certify the amount determined to the director of revenue and finance. The director of revenue and finance shall credit the amount to the county.

3. If on examination of the route, it is determined that the road can be restored to its original condition only by reconstruction, the department shall cause plans to be drawn, award the necessary contracts for work and proceed to reconstruct and make payments for in the same manner as is prescribed for primary construction projects.

1 *“Toll bridge”* shall mean an interstate bridge constructed, purchased or acquired under the provisions of this chapter, upon which tolls are charged, together with all appurtenances, additions, alterations, improvements, and replacements thereof, and the approaches thereto, and all lands and interests therein used therefor, and buildings and improvements thereon

2 *“Department”* shall mean the state department of transportation

3 *“Construct, constructing, construction or constructed”* shall include the completion, reconstruction, remodeling, repair, or improvement of any existing toll bridge or any partially constructed interstate bridge, as well as the construction of any new toll bridge

4 *“Acquisition by purchase, gift, or condemna-*

tion” as used in this chapter shall mean acquisition by the department, whether such terms “purchase, gift, or condemnation” are used singularly or in sequence

5 *“Federal bridge commission”* shall mean any bridge commission organized and operating pursuant to an Act of the Congress of the United States, even though such Act of Congress may declare the bridge commission not to be an agency of the federal government

[C71, 73, 75, 77, 79, 81, §313A 1]

313A.2 Bridge to be controlled by department.

The department shall have full charge of the construction and acquisition of all toll bridges constructed or acquired under the provisions of this chapter, the operation and maintenance thereof and the imposition and collection of tolls and charges for the use thereof. The department shall have full charge of the design of all toll bridges constructed under the provisions of this chapter. The department

shall proceed with the construction of such toll bridges and other facilities and the approaches thereto by contract immediately upon there being made available funds for such work and shall prosecute such work to completion as rapidly as practicable. The department shall advertise for bids for the construction, reconstruction, improvement, repair or remodeling of any toll bridge by publication of a notice once each week for at least two consecutive weeks in a newspaper published and having a general circulation throughout the state of Iowa, the first publication to appear at least fifteen days prior to the date set for receiving bids. The department shall have the power to accept such offer or offers, propositions or bids, and enter into such contract or contracts as it shall deem to be to the best interest of the state.

[C71, 73, 75, 77, 79, 81, §313A 2]

313A.3 Toll bridges constructed over boundary rivers.

The department is hereby authorized to establish and construct toll bridges upon any public highway, together with approaches thereto, wherever it is considered necessary or advantageous and practical for crossing any navigable river between this state and an adjoining state. The necessity or advantage and practicality of any toll bridge shall be determined by the department. To obtain information for the consideration of the department upon the construction of any toll bridge or any other matter pertaining thereto, any officer or employee of the state, upon the request of the department, shall make reasonable examination, investigation, survey, or reconnaissance to determine material facts pertaining thereto and shall report such findings to the department. The cost thereof shall be borne by the department or office conducting it from funds provided for its functions.

[C71, 73, 75, 77, 79, 81, §313A 3]

313A.4 Investigation of feasibility.

The department is hereby authorized to enter into agreements with any federal bridge commission or any county or city of this state, and with an adjoining state or county, city, or town thereof, for the purpose of implementing an investigation of the feasibility of any toll bridge project for the bridging of a navigable river forming a portion of the boundary of this state and such adjoining state. The department may use any funds available for the purposes of this section. Such agreements may provide that in the event any such project is determined to be feasible and adopted, any advancement of funds by any state, county or city may be reimbursed out of any proceeds derived from the sale of bonds or out of tolls and revenues to be derived from such project.

[C71, 73, 75, 77, 79, 81, §313A 4]

313A.5 Acquiring existing bridge – bonds.

Whenever the department deems it necessary or advantageous and practical, it may acquire by gift, purchase, or condemnation any interstate bridge

which connects with or may be connected with the public highways and the approaches thereto, except that the department may not condemn an existing interstate bridge used for interstate highway traffic and combined highway and railway traffic and presently owned by a municipality, or a person, firm, or corporation engaged in interstate commerce. The department may also acquire by gift or purchase two or more existing interstate bridges and any partially constructed interstate bridge, all located within ten miles of each other, complete the partially constructed bridge and dismantle the bridge which it is designed to replace. In connection with the acquisition of any such bridge, bridges, or partially constructed bridge, the department and any federal bridge commission or any city, county, or other political subdivision of the state are authorized to do all acts and things as in this chapter are provided for the establishing and constructing of toll bridges and operating, financing, and maintaining such bridges insofar as such powers and requirements are applicable to the acquisition of any toll bridge and its operation, financing, and maintenance. In so doing, they shall act in the same manner and under the same procedures as provided for establishing, constructing, operating, financing, and maintaining toll bridges insofar as such manner and procedures are applicable. Without limiting the generality of the above provisions, the department is hereby authorized to cause surveys to be made to determine the propriety of acquiring any such bridge and the rights of way necessary therefor, and other facilities necessary to carry out the provisions hereof, to issue, sell, redeem bonds or issue and exchange bonds with present holders of outstanding bonds of bridges being acquired under the provisions of this chapter and deposit and pay out of the proceeds of the bonds for the financing thereof, to impose, collect, deposit, and expend tolls therefrom, to secure and remit financial and other assistance in connection with the purchase thereof, and to carry insurance thereon.

[C71, 73, 75, 77, 79, 81, §313A 5]

313A.6 Rules adopted – financial statements.

The department, its officials, and all state officials are hereby authorized to perform such acts and make such agreements consistent with the law which are necessary and desirable in connection with the duties and powers conferred upon them regarding the construction, maintenance, and operation and insurance of toll bridges or the safeguarding of the funds and revenues required for such construction and the payment of the indebtedness incurred therefor. The department shall adopt such rules and regulations in accordance with the provisions of chapter 17A as it may deem necessary for the administration and exercise of its powers and duties granted by this chapter, and shall prepare annual financial statements regarding the operation of such toll bridges which shall be made available for inspection by the public and by the holders of reve-

nue bonds issued by the department under the provisions of this chapter at all reasonable times.

[C71, 73, 75, 77, 79, 81, §313A.6]

313A.7 Resolution of public interest and necessity — revenue bonds.

Whenever the department deems it to be in the best interest of the primary highway system that any new toll bridge be constructed upon any public highway and across any navigable river between this state and an adjoining state, the department shall adopt a resolution declaring that the public interest and necessity require the construction of such toll bridge and authorizing the issuance of revenue bonds in an amount sufficient for the purpose of obtaining funds for such construction. The issuance of bonds as provided in this chapter for the construction, purchase, or acquisition of more than one toll bridge may, at the discretion of the department, be included in the same authority and issue or issues of bonds, and the department is hereby authorized to pledge the gross revenues derived from the operation of any such toll bridge under its control and jurisdiction to pay the principal of and interest on bonds issued to pay the cost of purchasing, acquiring, or constructing any such toll bridge financed under the provisions of this chapter. The department is hereby granted wide discretion, in connection with the financing of the cost of any toll bridge, to pledge the gross revenues of a single toll bridge for the payment of bonds and interest thereon issued to pay the cost of such bridge and to pledge the gross revenues of two or more toll bridges to pay bonds issued to pay the cost of one or more toll bridges and interest thereon as long as the several bridges included herein are not more than ten miles apart.

In addition, if the department in its discretion determines that the construction of a toll bridge cannot be financed entirely through revenue bonds and that the construction of such toll bridge is necessary, the department may advance funds from the primary highway fund to pay for that part of the construction cost, including the cost of approaches and all incidental costs, which is not paid out of the proceeds of revenue bonds. However, said funds advanced from the primary highway fund shall be used only to pay the construction cost, including the cost of approaches and all incidental costs, with respect to that part of the bridge which is or will be located within the state of Iowa. After all revenue bonds and interest thereon issued and sold pursuant to this chapter and payable from the tolls and revenues of said bridge have been fully paid and redeemed or funds sufficient to pay said bonds and interest, including premium, if any, have been set aside and pledged for that purpose, then such amount advanced from the primary road fund shall be repaid to the primary road fund from the tolls and revenues of said bridge before said bridge is made a toll free bridge under the provisions of this chapter.

[C71, 73, 75, 77, 79, 81, §313A.7]

313A.8 Right of way secured.

Whenever the department shall authorize the construction of any toll bridge, the department is empowered to secure rights of way therefor and for approaches thereto by gift or purchase or by condemnation in the manner provided by law for the taking of private property for public purposes.

[C71, 73, 75, 77, 79, 81, §313A.8]

313A.9 Consent to cross state property.

The right of way is hereby given, dedicated, and set apart upon which to locate, construct, and maintain toll bridges or approaches thereto or other highway crossings, and transportation facilities thereof or thereto, through, over or across any of the lands which are now or may be the property of this state, including highways; and through, over, or across the streets, alleys, lanes, and roads within any city, county, or other political subdivision of the state. If any property belonging to any city, county or other political subdivision of the state is required to be taken for the construction of any such bridge or approach thereto or should any such property be injured or damaged by such construction, such compensation therefor as may be proper or necessary and as shall be agreed upon may be paid by the department to the particular county, city or other political subdivision of the state owning such property, or condemnation proceedings may be brought for the determination of such compensation.

[C71, 73, 75, 77, 79, 81, §313A.9]

313A.10 Resolution precedent to action.

Before the department shall proceed with any action to secure right of way or with the construction of any toll bridge under the provisions of this chapter, it shall first pass a resolution finding that public interest and necessity require the acquisition of right of way for and the construction of such toll bridge. Such resolution shall be conclusive evidence of the public necessity of such construction and that such property is necessary therefor. To aid the department in determining the public interest, a public hearing shall be held in the county or counties of this state in which any portion of a bridge is proposed to be located. Notice of such hearing shall be published at least once in a newspaper published and having a general circulation in the county or counties where such bridge is proposed to be located, not less than twenty days prior to the date of the hearing. When it becomes necessary for the department to condemn any real estate to be used in connection with any such bridge, or to condemn any existing bridge, such condemnation shall be carried out in a manner consistent with the provisions of chapters 471 and 472. In eminent domain proceedings to acquire property for any of the purposes of this chapter, any bridge, real property, personal property, franchises, rights, easements, or other property or privileges appurtenant thereto appropriated or dedicated to a public use or purpose by any person, firm, private, public or municipal corporation, county, city, district or any political subdivision of the state, may be condemned and taken, and the

acquisition and use thereof as herein provided for the same public use or purpose to which such property has been so appropriated or dedicated, or for any other public use or purpose, shall be deemed a superior and permanent right and necessity, and a more necessary use and purpose than the public use or purpose to which such property has already been appropriated or dedicated, and any condemnation award may be paid from the proceeds of revenue bonds issued under the provisions of this chapter.

[C71, 73, 75, 77, 79, 81, §313A.10]

313A.11 Payment from available funds.

If the department determines that any toll bridge should be constructed or acquired under its authority, all costs thereof, including land, right of way, surveying, engineering, construction, legal and administrative expenses, and fees of any fiscal adviser, shall be paid out of any funds available for payment of the cost of the bridge.

[C71, 73, 75, 77, 79, 81, §313A.11]

313A.12 Revenue bonds.

The department is hereby authorized and empowered to issue revenue bonds for the acquisition, purchase or construction of any interstate bridge. Any and all bonds issued by the department for the acquisition, purchase, or construction of any interstate bridge under the authority of this chapter shall be issued in the name of the department and shall constitute obligations only of the department, shall be identified by some appropriate name, and shall contain a recital on the face thereof that the payment or redemption of said bonds and the payment of the interest thereon are secured by a direct charge and lien upon the tolls and other revenues of any nature whatever received from the operation of the particular bridge for the acquisition, purchase, or construction of which the bonds are issued and of such other bridge or bridges as may have been pledged therefor, and that neither the payment of the principal or any part thereof nor of the interest thereon or any part thereof constitutes a debt, liability, or obligation of the state of Iowa. When it is determined by the department to be in the best public interest, any bonds issued under the provisions of this chapter may be refunded and refinanced at a lower rate, the same rate or a higher rate or rates of interest and from time to time as often as the department shall find it to be advisable and necessary so to do. Bonds issued to refund other bonds theretofore issued by the department under the provisions of this chapter may either be sold in the manner hereinafter provided and the proceeds thereof applied to the payment of the bonds being refunded, or the refunding bonds may be exchanged for and in payment and discharge of the bonds being refunded. The refunding bonds may be sold or exchanged in installments at different times or an entire issue or series may be sold or exchanged at one time. Any issue or series of refunding bonds may be exchanged in part or sold in part in installments at different times or at one time. The refunding bonds may be sold at any time on, before, or after the

maturity of any of the outstanding bonds to be refinanced thereby and may be issued for the purpose of refunding a like or greater principal amount of bonds, except that the principal amount of the refunding bonds may exceed the principal amount of the bonds to be refunded to the extent necessary to pay any premium due on the call of the bonds to be refunded or to fund interest in arrears or about to become due. The gross revenues of any toll bridge pledged to the payment of the bonds being refunded, together with the unpledged gross revenues of any other toll bridges located within ten miles of said bridge, may be pledged by the department to pay the principal of and interest on the refunding bonds and to create and maintain reserves therefor.

The department is empowered to receive and accept funds from the state of Iowa or the federal government or any other state upon a co-operative or other basis for the acquisition, purchase, or construction of any interstate bridge authorized under the provisions of this chapter and is empowered to enter into such agreements with the state of Iowa or any other state or the federal government as may be required for the securing of such funds.

The department is authorized and empowered to spend from annual primary road fund receipts sufficient moneys to pay the cost of operation, maintenance, insurance, collection of tolls and accounting therefor and all other charges incidental to the operation and maintenance of any toll bridge administered under the provisions of this chapter. However, said annual primary road fund receipts shall be used only to pay such costs and charges with respect to that part of the bridge which is located within the state of Iowa.

The department may also issue its revenue bonds to pay all or any part of the cost of acquiring two or more existing interstate bridges and any partially constructed interstate bridge, all located within ten miles of each other, of completing the partially constructed bridge and of dismantling the bridge which it is designed to replace, and to impose and collect tolls on all of such bridges and to pledge the revenues derived therefrom to the payment of the bonds issued to finance such project. The department may also issue its revenue bonds to pay all or any part of the cost of reconstructing, completing, improving, repairing, or remodeling any interstate bridge or partially constructed bridge, impose and collect tolls, and pledge the bridge revenues to the payment of said bonds.

[C71, 73, 75, 77, 79, 81, §313A.12]

313A.13 Sale and exchange or retirement of bonds.

The revenue bonds may be issued and sold or exchanged by the department from time to time and in such amounts as it deems necessary to provide sufficient funds for the acquisition, purchase, or construction of any such bridge and to pay interest on bonds issued for the construction of any toll bridge during the period of actual construction and for six months after completion thereof. The depart-

ment is hereby authorized to adopt all necessary resolutions prescribing the form, conditions, and denominations of the bonds, the maturity dates therefor, and the interest rate or rates which the bonds shall bear. All bonds of the same issue need not bear the same interest rate. Principal and interest of the bonds shall be payable at such place or places within or without the state of Iowa as determined by the department, and the bonds may contain provisions for registration as to principal or interest, or both. Interest shall be payable at such times as determined by the department and the bonds shall mature at such times and in such amounts as the department prescribes. The department may provide for the retirement of the bonds at any time prior to maturity, and in such manner and upon payment of such premiums as it may determine in the resolution providing for the issuance of the bonds. All such bonds and any coupons attached thereto shall be signed by such officials of the department as the department may direct. Successive issues of such bonds within the limits of the original authorization shall have equal preference with respect to the payment of the principal thereof and the payment of interest thereon. The department may fix different maturity dates, serially or otherwise, for successive issues under any one original authorization. All bonds issued under the provisions of this chapter shall have all the qualities of negotiable instruments under the laws of the state of Iowa. All bonds issued and sold hereunder shall be sold to the highest and best bidder on the basis of sealed proposals received pursuant to a notice specifying the time and place of sale and the amount of bonds to be sold which shall be published at least once not less than seven days prior to the sale in a newspaper published in the state of Iowa and having a general circulation in said state. None of the provisions of chapter 75 shall apply to bonds issued under the provisions of this chapter but such bonds shall be sold upon terms of not less than par plus accrued interest. The department may reject any or all bids received at the public sale and may thereafter sell the bonds at private sale on such terms and conditions as it deems most advantageous to its own interests, but not at a price below that of the best bid received at the advertised sale. The department may enter into contracts and borrow money through the sale of bonds of the same character as those herein authorized, from the United States or any agency thereof, upon such conditions and terms as may be agreed to and the bonds shall be subject to all the provisions of this chapter, except that any bonds issued hereunder to the United States or any agency thereof need not first be offered at public sale. The department may also provide for the private sale of bonds issued under the provisions of this chapter to the state treasurer of Iowa upon such terms and conditions as may be agreed upon, and in such event said bonds need not first be offered at public sale. Temporary or interim bonds, certificates, or receipts, of any denomination, and with or without coupons attached, signed by such official as the department

may direct, may be issued and delivered until the definitive bonds are executed and available for delivery.

[C71, 73, 75, 77, 79, 81, §313A.13]

313A.14 Proceeds in trust fund.

The proceeds from the sale of all bonds authorized and issued under the provisions of this chapter shall be deposited by the department in a fund designated as the construction fund of the particular interstate bridge or bridges for which such bonds were issued and sold, which fund shall not be a state fund and shall at all times be kept segregated and set apart from all other funds and in trust for the purposes herein set out. Such proceeds shall be paid out or disbursed solely for the acquisition, purchase, or construction of such interstate bridge or bridges and expenses incident thereto, the acquisition of the necessary lands and easements therefor and the payment of interest on such bonds during the period of actual construction and for a period of six months thereafter, only as the need therefor shall arise and the department may agree with the purchaser of said bonds upon any conditions or limitations restricting the disbursement of such funds that may be deemed advisable, for the purpose of assuring the proper application of such funds. All moneys in such fund and not required to meet current construction costs of the interstate bridge or bridges for which such bonds were issued and sold, and all funds constituting surplus revenues which are not immediately needed for the particular object or purpose to which they must be applied or are pledged may be invested in obligations issued or guaranteed by the United States or by any person controlled by or supervised by and acting as an instrumentality of the United States pursuant to authority granted by the Congress of the United States; provided, however, that the department may provide in the proceedings authorizing the issuance of said bonds that the investment of such moneys shall be made only in particular bonds and obligations within the classifications eligible for such investment and such provisions shall thereupon be binding upon the department and all officials having anything to do with such investment. Any surplus which may exist in said construction fund shall be applied to the retirement of bonds issued for the acquisition, purchase, or construction of any such interstate bridge by purchase or call and, in the event such bonds cannot be purchased at a price satisfactory to the department and are not by their terms callable prior to maturity, such surplus shall be paid into the fund applicable to the payment of principal and interest of said bonds and shall be used for that purpose. The proceedings authorizing the issuance of bonds may provide limitations and conditions upon the time and manner of applying such surplus to the purchase and call of outstanding bonds and the terms upon which they shall be purchased or called and such limitations and conditions shall be followed and observed in the application and use of such

surplus. All bonds so retired by purchase or call shall be immediately canceled.

[C71, 73, 75, 77, 79, 81, §313A.14]

313A.15 Toll revenue fund.

All tolls or other revenues received from the operation of any toll bridge acquired, purchased, or constructed with the proceeds of bonds issued and sold hereunder shall be deposited by the department to the credit of a special trust fund to be designated as the toll revenue fund of the particular toll bridge or toll bridges producing such tolls or revenue, which fund shall be a trust fund and shall at all times be kept segregated and set apart from all other funds.

[C71, 73, 75, 77, 79, 81, §313A.15]

313A.16 Funds transferred to place of payment.

From the money so deposited in each separate construction fund as hereinabove provided, at the direction of the department there shall be transferred to the place or places of payment named in said bonds such sums as may be required to pay the interest as it becomes due on all bonds issued and outstanding for the construction of such particular toll bridge or toll bridges during the period of actual construction and during the period of six months immediately thereafter. The department shall thereafter transfer from each separate toll revenue fund to the place or places of payment named in the bonds for which said revenues have been pledged such sums as may be required to pay the interest on said bonds and redeem the principal thereof as such interest and principal become due. All funds so transferred for the payment of principal or of interest on bonds issued for any particular toll bridge or toll bridges shall be segregated and applied solely for the payment of said principal or interest. The proceedings authorizing the issuance of the bonds may provide for the setting up of a reserve fund or funds out of the tolls and other revenues not needed for the payment of principal and interest, as the same currently matures and for the preservation and continuance of such fund in a manner to be provided therein, and such proceedings may also require the immediate application of all surplus moneys in such toll revenue fund to the retirement of such bonds prior to maturity, by call or purchase, in such manner and upon such terms and the payment of such premiums as may be deemed advisable in the judgment of the department. The moneys remaining in each separate toll revenue fund after providing the amount required for the payment of principal of and interest on bonds as hereinabove provided, shall be held and applied as provided in the proceedings authorizing the issuance of said bonds. In the event the proceedings authorizing the issuance of said bonds do not require surplus revenues to be held or applied in any particular manner, they shall be allocated and used for such other purposes incidental to the construction, operation, and maintenance of any toll bridge as the department may determine

and as permitted under sections 313A.7 and 313A.12.

[C71, 73, 75, 77, 79, 81, §313A.16]

313A.17 Warrants for payment.

Warrants for payments to be made on account of such bonds shall be drawn by the department on duly approved vouchers. Moneys required to meet the costs of purchase or construction and all expenses and costs incidental to the acquisition, purchase, or construction of any particular interstate bridge or to meet the costs of operating, maintaining, and repairing the same, shall be paid by the department from the proper fund therefor upon duly approved vouchers. All interest received or earned on money deposited in each and every fund herein provided for shall be credited to and become a part of the particular fund upon which said interest accrues.

[C71, 73, 75, 77, 79, 81, §313A.17]

313A.18 Depositaries or paying agents.

The department may provide in the proceedings authorizing the issuance of bonds or may otherwise agree with the purchasers of bonds regarding the deposit of all moneys constituting the construction fund and the toll revenue fund and provide for the deposit of such money at such times and with such depositaries or paying agents and upon the furnishing of such security as may meet with the approval of the purchasers of such bonds.

[C71, 73, 75, 77, 79, 81, §313A.18]

313A.19 Expenses of department.

Notwithstanding any provision contained in this chapter, the proceeds received from the sale of bonds and the tolls or other revenues received from the operation of any toll bridge may be used to defray any expenses incurred by the department in connection with and incidental to the issuance and sale of bonds for the acquisition, purchase, or construction of any such toll bridge including expenses for the preparation of surveys and estimates, legal, fiscal and administrative expenses, and the making of such inspections and examinations as may be required by the purchasers of such bonds; provided, that the proceedings authorizing the issuance of such bonds may contain appropriate provisions governing the use and application of said bond proceeds and toll or other revenues for the purposes herein specified.

[C71, 73, 75, 77, 79, 81, §313A.19]

313A.20 No diminution of duties while bonds outstanding.

While any bonds issued by the department remain outstanding, the powers, duties or existence of the department or of any other official or agency of the state shall not be diminished or impaired in any manner that will affect adversely the interests and rights of the holders of such bonds. The holder of any bond may by mandamus or other appropriate proceeding require and compel the performance of any of the duties imposed upon any state department,

official, or employee or imposed upon the department or its officers, agents, and employees in connection with the acquisition, purchase, construction, maintenance, operation, and insurance of any bridge and in connection with the collection, deposit, investment, application, and disbursement of all tolls and other revenues derived from the operation and use of any bridge and in connection with the deposit, investment, and disbursement of the proceeds received from the issuance of bonds, provided, that the enumeration of such rights and remedies herein shall not be deemed to exclude the exercise or prosecution of any other rights or remedies by the holders of such bonds

[C71, 73, 75, 77, 79, 81, §313A 20]

313A.21 Insurance or indemnity bond.

When any toll bridge authorized hereunder is being built by the department it may carry or cause to be carried such an amount of insurance or indemnity bond or bonds as protection against loss or damage as it may deem proper. The department is hereby further empowered to carry such an amount of insurance to cover any accident or destruction in part or in whole to any toll bridge. All moneys collected on any indemnity bond or insurance policy as the result of any damage or injury to any such toll bridge shall be used for the purpose of repairing or rebuilding of any such toll bridge as long as there are revenue bonds against any such structure outstanding and unredeemed. The department is also empowered to carry insurance or indemnity bonds insuring against the loss of tolls or other revenues to be derived from any such toll bridge by reason of any interruption in the use of such toll bridge from any cause whatever, and the proceeds of such insurance or indemnity bonds shall be paid into the fund into which the tolls and other revenues of the bridge thus insured are required to be paid and shall be applied to the same purposes and in the same manner as other moneys in the said fund. Such insurance or indemnity bonds may be in an amount equal to the probable tolls and other revenues to be received from the operation of such toll bridge during any period of time that may be determined upon by the department and fixed in its discretion, and be paid for out of the toll revenue fund as may be specified in said proceedings. The department may provide in the proceedings authorizing the issuance of bonds for the carrying of insurance as authorized by this chapter and the purchase and carrying of insurance as authorized by this chapter shall thereupon be obligatory upon the department and be paid for out of the toll revenue fund as may be specified in said proceedings

[C71, 73, 75, 77, 79, 81, §313A 21]

313A.22 Toll charges fixed by department.

The department is hereby empowered to fix the rates of toll and other charges for all interstate bridges acquired, purchased, or constructed under the terms of this chapter. Toll charges so fixed may be changed from time to time as conditions may warrant. The department in establishing toll

charges shall give due consideration to the amount required annually to pay the principal of and interest on bonds payable from the revenues thereof. The tolls and charges shall be at all times fixed at rates sufficient to pay the bonds and interest as they mature, together with the creation and maintenance of bond reserve funds and other funds as established in the proceedings authorizing the issuance of the bonds, for any particular toll bridge. The amounts required to pay the principal of and interest on bonds shall constitute a charge and lien on all such tolls and other revenues and interest thereon and sinking funds created therefrom received from the use and operation of said toll bridge, and the department is hereby authorized to pledge a sufficient amount of said tolls and revenues for the payment of bonds issued under the provisions of this chapter and interest thereon and to create and maintain a reserve therefor. Such tolls and revenues, together with the interest earned thereon, shall constitute a trust fund for the security and payment of such bonds and shall not be used or pledged for any other purpose as long as such bonds or any of them are outstanding and unpaid.

[C71, 73, 75, 77, 79, 81, §313A 22]

313A.23 Political subdivision may aid.

Whenever a proposed interstate bridge is to be acquired, purchased or constructed, any city, county, or other political subdivision located in relation to such facility so as to benefit directly or indirectly thereby, may, either jointly or separately, at the request of the department advance or contribute money, rights of way, labor, materials, and other property toward the expense of acquiring, purchasing or constructing the bridge, and for preliminary surveys and the preparation of plans and estimates of cost therefor and other preliminary expenses. Any such city, county, or other political subdivision may, either jointly or separately, at the request of the department advance or contribute money for the purpose of guaranteeing the payment of interest or principal on the bonds issued by the department to finance the bridge. Appropriations for such purposes may be made from any funds available, including county road funds received from or credited by the state, or funds obtained by excess tax levies made pursuant to law or the issuance of general obligation bonds for this purpose. Money or property so advanced or contributed may be immediately transferred or delivered to the department to be used for the purpose for which contribution was made. The department may enter into an agreement with a city, county, or other political subdivision to repay any money or the value of a right of way, labor, materials or other property so advanced or contributed. The department may make such repayment to a city, county, or other political subdivision and reimburse the state for any expenditures made by it in connection with the bridge out of tolls and other revenues for the use of the bridge.

[C71, 73, 75, 77, 79, 81, §313A 23]

313A.24 Sale of excess land to political subdivisions.

If the department deems that any land, including improvements thereon, is no longer required for toll bridge purposes and that it is in the public interest, it may negotiate for the sale of such land to the state or to any city, county, or other political subdivision or municipal corporation of the state. The department shall certify the agreement for the sale to the state executive council, with a description of the land and the terms of the sale and the state executive council may execute the deed and deliver it to the grantee.

[C71, 73, 75, 77, 79, 81, §313A.24]

313A.25 Sale to public.

If the department is of the opinion that any land, including improvements thereon, is no longer required for toll bridge purposes, it may be offered for sale upon publication of a notice once each week for two consecutive weeks in a newspaper published and having a general circulation throughout the state of Iowa, specifying the time and place fixed for the receipt of bids.

[C71, 73, 75, 77, 79, 81, §313A.25]

313A.26 Acceptance or rejection of bids.

The department may reject all such bids if the highest bid does not equal the reasonable fair market value of the real property, plus the value of the improvements thereon, computed on the basis of the reproduction value less depreciation. The department may accept the highest and best bid, and certify the agreement for the sale to the state executive council, with a description of the land and the terms of the sale and the state executive council shall execute the deed and deliver it to the grantee.

[C71, 73, 75, 77, 79, 81, §313A.26]

313A.27 Franchises for use of bridge.

If the department deems it consistent with the use and operation of any toll bridge, the department may grant franchises to persons, firms, associations, private or municipal corporations, the United States government or any agency thereof, to use any portion of the property of any toll bridge, including approaches thereto, for the construction and maintenance of water pipes, flumes, gas pipes, telephone, telegraph and electric light and power lines and conduits, trams or railways, and any other such facilities in the manner of granting franchises on state highways.

[C71, 73, 75, 77, 79, 81, §313A.27]

313A.28 Deposit of proceeds.

Any moneys received pursuant to the provisions of sections 313A.24 through 313A.27 shall be deposited by the department into the separate and proper trust fund established for the bridge.

[C71, 73, 75, 77, 79, 81, §313A.28]

313A.29 Tolls imposed for improving other bridges.

The department shall have the right to impose and

reimpose tolls for pedestrian or vehicular traffic over any interstate bridges under its control and jurisdiction for the purpose of paying the cost of reconstructing and improving existing bridges and their approaches, purchasing existing bridges, and constructing new bridges and approaches, provided that any such existing bridge or new bridge is located within ten miles of the bridge on which tolls are so imposed or reimposed, to pay interest on and create a sinking fund for the retirement of revenue bonds issued for the account of such projects and to pay any and all costs and expenses incurred by the department in connection with and incidental to the issuance and sale of bonds and for the preparation of surveys and estimates and to establish the required interest reserves for and during the estimated construction period and for six months thereafter.

[C71, 73, 75, 77, 79, 81, §313A.29]

313A.30 Bridges as part of primary roads.

The bridges herein provided for may be incorporated into the primary road system as toll free bridges whenever the costs of the construction of the bridges and the approaches thereto and the reconstruction and improvement of existing bridges and approaches thereto, including all incidental costs, have been paid and when all revenue bonds and interest thereon issued and sold pursuant to this chapter and payable from the tolls and revenues thereof shall have been fully paid and redeemed or funds sufficient to pay said bonds and interest, including premium, if any, have been set aside and pledged for that purpose. However, tolls may again be imposed as provided in section 313A.29.

[C71, 73, 75, 77, 79, 81, §313A.30]

313A.31 Revenue bonds.

The department shall have the power and is hereby authorized by resolution to issue, sell, or pledge its revenue bonds in an amount sufficient to provide funds to pay all or any part of the costs of construction of a new bridge and approaches thereto and the reconstruction, improvement, and maintaining of an existing bridge and approaches thereto, including all costs of survey, acquisition of right of way, engineering, legal, fiscal and incidental expenses, to pay the interest due thereon during the period beginning with the date of issue of the bonds and ending at the expiration of six months after the first imposition and collection of tolls from the users of said bridges, and all costs incidental to the issuance and sale of the bonds.

Except as may be otherwise specifically provided by statute, all of the other provisions of this chapter shall govern the issuance and sale of revenue bonds issued under this section, the execution thereof, the disbursement of the proceeds of issuance thereof, the interest rate or rates thereon, their form, terms, conditions, covenants, negotiability, denominations, maturity date or dates, the creation of special funds or accounts safeguarding and providing for the payment of the principal thereof and interest thereon, and their manner of redemption and retirement.

Such bonds shall include a covenant that the

payment of the principal thereof and the interest thereon are secured by a first and direct charge and lien on all of the tolls and other gross revenues received from the operation of said toll bridges and from any interest which may be earned from the deposit or investment of any such revenues.

The tolls and charges shall be at all times fixed at rates sufficient to pay the bonds and interest as they mature, together with the creation and maintenance of bond reserve funds and other funds as established in the proceedings authorizing the issuance of the bonds.

[C71, 73, 75, 77, 79, 81, §313A.31]

313A.32 Operation and control of bridge.

The department is hereby authorized to operate and to assume the full control of said toll bridges and each portion thereof whether within or without the borders of the state of Iowa, with full power to impose and collect tolls from the users of such bridges for the purpose of providing revenues at least sufficient to pay the cost and incidental expenses of construction and acquisition of said bridges and approaches in both states in which located and for the payment of the principal of and interest on its revenue bonds as authorized by this chapter.

[C71, 73, 75, 77, 79, 81, §313A.32]

313A.33 No obligation of state.

Under no circumstances shall any bonds issued under the terms of this chapter be or become or be construed to constitute a debt of or charge against the state of Iowa within the purview of any constitutional or statutory limitation or provision. No taxes, appropriations or other funds of the state of Iowa may be pledged for or used to pay such bonds or the interest thereon, but any such bonds shall be payable solely and only as to both principal and interest from the tolls and revenues derived from the operation of any toll bridge or toll bridges acquired, purchased, or constructed under this chapter, and the sole remedy for any breach or default of the terms of any such bonds or proceedings for their issuance shall be a proceeding either in law or in equity by suit, action or mandamus to enforce and compel performance of the duties required by this chapter and the terms of the resolution under which such bonds are issued.

[C71, 73, 75, 77, 79, 81, §313A.33]

313A.34 Agreements with other states.

Such agreements may include, but shall not be restricted to, the following provisions:

4. A provision that all acts pertaining to the design and construction of such toll bridges may be done and performed by the department and that any and all contracts for the construction of such toll bridges shall be awarded in the name of the department.

5. A provision that the state of Iowa and adjoining state and all governmental agencies or subdivisions party to such agreement shall be reimbursed out of the proceeds of the sale of such bonds or out of tolls and revenues as herein allowed for any advances they may have made or expenses they may have incurred for any of the purposes for which said revenue bonds may be issued, after duly verified itemized statements of such advances and expenses have been submitted to and been approved by all parties to such agreement.

6. A provision for the division of ownership with the adjoining state and for a proportional division of the maintenance costs of the bridge when all outstanding indebtedness or other obligations payable from the revenues of the bridge have been paid.

The agency having charge of the receipt of bids and the award of contracts for the construction, reconstruction, improvement, repair or maintenance of any highway, may require, for any highway contract letting, that each bidder shall file with said agency a statement showing the bidder's financial standing, equipment, and experience in the execution of like or similar work. Said statements shall be on standard forms prepared by the department and shall be filed with said agency previous to the letting at which such bidder expects to bid. The agency may, in advance of the letting, notify the bidder as to the amount and the nature of the work for which the bidder is deemed qualified to bid.

In the award of contracts for the construction, reconstruction, improvement, repair or maintenance

of any highway, the agency having charge of awarding such contracts shall give due consideration not only to the prices bid but also to the mechanical or other equipment and the financial responsibility and experience in the performance of like or similar contracts. The agency may reject any or all bids, or may let by private contract or build by day labor, at a cost not in excess of the lowest bid received. Upon the completion of any contract or project on either the farm-to-market or secondary road system, the county engineer shall file with the county auditor a statement showing the total cost thereof with certificate that said work has been done in accordance with the plans and specifications. All contracts shall be in writing and shall be secured by a bond for the faithful performance thereof as provided by law.

Such entry, after notice, shall not be deemed a trespass, and the agency may be aided by injunction to insure peaceful entry. The agency shall pay actual damages caused by such entry, surveys, soundings, drillings, appraisals or examinations.

(1) Is at least fifty-one percent owned by one or more socially and economically disadvantaged individuals.

(2) Whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

b. "Small business concern" means a business which is independently owned and operated and which is not dominant in its field of operation.

However, the department may also determine, on a case-by-case basis, that an individual who is not a member of one of the enumerated groups is socially and economically disadvantaged. A rebuttable presumption exists that individuals in the following groups are socially and economically disadvantaged:

(1) "*Black Americans*" which includes persons having origins in any of the black racial groups of Africa.

(2) "*Hispanic Americans*" which includes persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

d. "*Prequalified*" means that the disadvantaged business enterprise is currently approved by the department as a disadvantaged business enterprise, is a recognized contractor engaged in the class of work provided for in the plans and specifications, possesses sufficient resources to complete the work, and is able to furnish a performance bond for one hundred percent of the contract.

2. *Set-aside*. Notwithstanding section 314.1, there may be set aside for bidding by prequalified disadvantaged business enterprises a percentage of the total annual dollar amount of public contracts let by the department. The annual dollar amount set aside for bidding by prequalified disadvantaged business enterprises shall not exceed ten percent of the total dollar amount of federal aid highway construction contracts let by the department and federal aid transit dollars administered by the department. The director may estimate the set-aside amount at the beginning of each fiscal year and a suit shall not be brought by any party as a result of this estimate. Set-aside contracts will be awarded to the lowest responsible prequalified disadvantaged business enterprise. This section shall not be construed as limiting the department's right to refuse any or all disadvantaged business enterprise bids.

85 Acts, ch 231, §11

315.11 Additional factors and requirements.

In addition to other effects and factors to be considered under section 315.5, for applications submitted after July 1, 1988, the following factors and requirements shall be considered or applied:

1. The impact of the proposed project on other businesses in competition with the business being considered for assistance. The department shall make a good faith effort to identify existing Iowa businesses within an industry in competition with the business being considered for assistance. The department shall make a good faith effort to determine the probability that the proposed financial assistance will displace employees of the existing businesses. In determining the impact on businesses in competition with the business being considered for assistance, jobs created as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created.

2. The economic impact to the state of the proposed project. In measuring the economic impact the department shall award more points for the following:

a. A project which has a greater consistency with the state strategic plan.*

b. A business with a greater percentage of sales out-of-state or of import substitution.

c. A business with a higher proportion of in-state suppliers.

d. A project which would provide greater diversification of the state economy

e. A business with fewer in-state competitors

f. A potential for future job growth

g. A project which is not a retail operation

3 The quality of jobs to be provided. Jobs that have a higher wage scale, have a lower turnover rate, are full-time, or are career-type positions are considered higher in quality. Businesses that have wage scales substantially below that of existing Iowa businesses in that area should be rated as providing the lowest quality of jobs and should therefore be given the lowest ranking for providing such assistance.

4 If the business has a record of violations of the law over a period of time that tends to show a consistent pattern, the business shall be given the

lowest ranking for providing assistance. The department shall make a good faith effort to compile this information.

5 If a business has, within three years of application for assistance, acquired or merged with an Iowa corporation or company, the business shall make a good faith effort to hire the workers of the merged or acquired company.

6 To be eligible for assistance a business shall provide for a preference for hiring residents of the state or the economic development area, except for out-of-state employees offered a transfer to Iowa or the economic development area.

7 All known required environmental permits must be granted and regulations met before moneys are released.

1. The provisions of this chapter shall not affect the validity of any property acquisitions by purchase or condemnation.

2. Nothing in this chapter shall be construed as creating in any condemnation proceedings brought under the power of eminent domain, any element of value or of damage not in existence immediately prior to the date of this chapter.

[C71, §316.8; C73, 75, 77, 79, 81, §316.2]

316.3 Declaration of policy.

The purpose of this chapter is to establish a uniform policy for the fair and equitable treatment of persons displaced as a result of state and federally assisted highway programs in order that such persons shall not suffer disproportionate injuries as a result of programs designed for the benefit of the public as a whole. The general assembly declares that replacement housing for persons displaced by highway projects is a necessary and essential part of such highway projects. This chapter shall be known and may be cited as the "Highway Relocation Assistance Law."

[C73, 75, 77, 79, 81, §316.3]

316.4 Moving and related expenses.

1. Whenever the acquisition of real property for a program or project undertaken by the department will result in the displacement of any person, the department shall make a payment to any displaced person, upon proper application as approved by such department, for:

a. Actual reasonable expenses in moving the person, the person's family, business, farm operation, or other personal property;

b. Actual direct losses of tangible personal property as a result of moving or discontinuing a business or farm operation, but not to exceed an amount equal to the reasonable expenses that would have been required to relocate such property, as determined by the department; and

c. Actual reasonable expenses in searching for a replacement business or farm.

2. Any displaced person eligible for payments under subsection 1 who is displaced from a dwelling and who elects to accept the payments authorized by this subsection in lieu of the payments authorized by subsection 1 may receive a moving expense allowance, determined according to a schedule established by the department not to exceed three hundred dollars; and a dislocation allowance of two hundred dollars.

3. Any displaced person eligible for payments under subsection 1 who is displaced from the person's place of business or farm operation and who elects to accept the payment authorized by this subsection in lieu of the payment authorized by subsection 1, may receive a fixed payment in an amount equal to the average annual net earnings of the business or farm operation, except that such payment shall be not less than two thousand five hundred dollars nor more than ten thousand dollars. In the case of a business, no payment shall be made under this subsection unless the department is satisfied that the business cannot be relocated without a substantial loss of its existing patronage, and is not a part of a commercial enterprise having at least one other establishment not being acquired for a highway project which is engaged in the same or similar business. For purposes of this subsection, the term "average annual net earnings" means one-half of any net earnings of the business or farm operation, before federal, state, and local income taxes, during the two taxable years immediately preceding the taxable year in which such business or farm operation moves from the real property acquired for such project, or during such other period as the department determines to be more equitable for establishing such earnings, and includes any compensation paid by the business or farm operation to the owner, the owner's spouse, or the owner's dependents during such period.

316.5 Replacement housing for homeowner.

1. In addition to payments otherwise authorized by this chapter, the department shall make an additional payment not in excess of fifteen thousand dollars to any displaced person who is displaced from a dwelling actually owned and occupied by such displaced person for not less than one hundred eighty days prior to the initiation of negotiations for the acquisition of the property. Such additional payment shall include the following elements:

a. The amount, if any, which when added to the acquisition cost of the dwelling acquired by the department, equals the reasonable cost of a comparable replacement dwelling which is a decent, safe, and sanitary dwelling adequate to accommodate such displaced person, reasonably accessible to public services and places of employment and available on the private market. All determinations required to carry out this paragraph shall be made in accor-

dance with administrative rules established by the department in making these additional payments

b The amount, if any, which will compensate such displaced person for any increased interest costs which such person is required to pay for financing the acquisition of any such comparable replacement dwelling. Such amount shall be paid only if the dwelling acquired by the department was encumbered by a bona fide mortgage which was a valid lien on such dwelling for not less than one hundred and eighty days prior to the initiation of negotiations for the acquisition of such dwelling. Such amount shall be equal to the excess in the aggregate interest and other debt service costs of that amount of the principal of the mortgage on the replacement dwelling which is equal to the unpaid balance of the mortgage on the acquired dwelling, over the remainder term of the mortgage on the acquired dwelling, reduced to discounted present value. The discount rate shall be the prevailing interest rate paid on savings deposits by commercial banks in the general area in which the replacement dwelling is located.

c Reasonable expenses incurred by such displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

2 The additional payment authorized by this section shall be made only to such a displaced person who purchases and occupies a replacement dwelling which is decent, safe, and sanitary not later than the end of the one year period beginning on the date on which the person receives from the department final payment of all costs of the acquired dwelling, or on the date on which the person moves from the acquired dwelling, whichever is the later date.

In addition to amounts otherwise authorized by this chapter, the department shall make a payment to or for any displaced person displaced from any dwelling not eligible to receive a payment under section 316 5 which dwelling was actually and lawfully occupied by such displaced person for not less than ninety days prior to the initiation of negotiations for acquisition of such dwelling. Such payment shall be either

1 The amount necessary to enable such displaced person to lease or rent for a period not to exceed four years, a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, and reasonably accessible to the person's place of employment, but not to exceed four thousand dollars, or

2 The amount necessary to enable such person to make a down payment, including incidental expenses described in section 316 5, subsection 1, paragraph "c", on the purchase of a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less

desirable in regard to public utilities and public and commercial facilities, but not to exceed four thousand dollars, except that if such amount exceeds two thousand dollars, such person must equally match any such amount in excess of two thousand dollars, in making the down payment.

1 Whenever the acquisition of real property for a highway project undertaken by the department will result in the displacement of any person, the department shall provide a relocation assistance advisory program for displaced persons which shall offer the services described in subsection 3. If the department determines that any person occupying property immediately adjacent to the real property acquired is caused substantial economic injury because of the acquisition, the department may offer such person relocation advisory services under such program.

2 The department shall cooperate to the maximum extent feasible with federal, state or local agencies to assure that such displaced persons receive the maximum assistance available to them.

3 Each relocation assistance advisory program required by subsection 1 shall include such measures, facilities, or services as may be necessary or appropriate in order to

a Determine the need, if any, of displaced persons, for relocation assistance,

b Provide current and continuing information on the availability, prices, and rentals, of comparable decent, safe, and sanitary sales and rental housing, and of comparable commercial properties and locations for displaced businesses,

c Assure that, within a reasonable period of time, prior to displacement there will be available in areas not generally less desirable in regard to public utilities and public and commercial facilities and at rents or prices within the financial means of the families and individuals displaced, decent, safe, and sanitary dwellings, as defined by the department, equal in number to the number of and available to such displaced persons who require such dwellings and reasonably accessible to their places of employment, except that the department may prescribe by departmental rules situations when such assurances may be waived,

d Assist a displaced person displaced from the person's business or farm operation in obtaining and becoming established in a suitable replacement location,

e Supply information concerning federal and state housing programs, and other federal or state programs offering assistance to displaced persons, and

f Provide other advisory services to displaced persons in order to minimize hardships to such persons in adjusting to relocation.

4 The department shall coordinate relocation activities with project work, and other planned or proposed governmental actions in the community or

316.8 Housing replacement by department as last resort.

1. If a highway project cannot proceed to actual construction because comparable replacement sale or rental housing is not available, and the department determines that such housing cannot otherwise be made available, the department may take such action as is necessary or appropriate to provide such housing by use of funds authorized for such project. The department may let contracts for the construction of said housing to approve plans and specifications for the building thereof, and to supervise, inspect and approve the housing once constructed in order that the housing so constructed complies with the terms and conditions of this chapter.

2. No person shall be required to move from the person's dwelling on or after July 1, 1971, on account of any highway project, unless the department is satisfied that replacement housing, in accordance with section 316.7, subsection 3, paragraph "c", is available to such person.

[C73, 75, 77, 79, 81, §316.8]

316.9 Rules adopted.

3. A displaced person who makes proper application for a payment authorized by this chapter is paid promptly after a move or, in hardship cases, is paid in advance.

4. Any person aggrieved by a determination as to eligibility for a payment authorized by this chapter, or the amount of a payment, may have the person's application reviewed by the department.

All rules shall be subject to the provisions of chapter 17A.

To the extent that a program or payment is provided under this section, it shall be provided on a uniform basis to all persons so dis-

placed. The department shall adopt by administrative rule reasonable standards, which need not conform to federal regulations and guidelines, for programs and payments provided under this section. However, the department may pay all right-of-way and relocation assistance benefits in the full amount authorized by federal standards and regulations on state projects which are not federally funded.

The department shall, in carrying out the relocation assistance activities described in section 316.8 whenever practicable, utilize the services of state or local housing agencies, or other agencies having experience in the administration or conduct of similar housing assistance activities.

The certificate of title shall contain upon its face the identical information required upon the face of the registration receipt. In addition, the certificate of title shall contain a statement of the owner's title, the amount of tax paid pursuant to section 423.7, the name and address of the previous owner, and a statement of all security interests and encumbrances as shown in the application, upon the vehicle described, including the nature of the security interest, date of notation, and name and address of the secured party. If the prior certificate of title was a salvage, rebuilt, or junking certificate of title in any other state, or if the prior certificate of title in any other state indicates that the vehicle was salvaged, rebuilt, or junked, the new certificate of title shall contain the same information together with the name of the state issuing the prior salvage, rebuilt, or junking certificate of title and a salvage, rebuilt, or junking designation together with the name of the state issuing the prior salvage, rebuilt, or junking certificate of title shall be retained on all subsequent Iowa certificates of title for the vehicle, except as provided in section 321.52. In the event a vehicle which previously had a salvage certificate of title from another state is repaired and a regular certificate of title is to be issued for it pursuant to section 321.52 without the designation rebuilt, the regular certificate of title shall indicate the state which had issued the prior salvage certificate of title in the same location in which Iowa certificates of title show the designation salvage or rebuilt, in addition to the name and address of the previous owner, in lieu of the salvage designation. The name of the state which had issued the prior salvage certificate of title shall remain in that location on every Iowa certificate of title issued thereafter for the vehicle. The department shall adopt rules to determine how other states' designations are to be indicated on Iowa titles. The certificate shall bear the seal of the county treasurer or of the department, and the signature of the county treasurer, the deputy county treasurer, or the department director or deputy designee. The certificate shall provide space for the signature of the owner. The owner shall sign the certificate of title in the space provided with pen and ink upon its receipt. The certificate of title shall contain upon the reverse side a form for assignment of title or interest and warranty by the owner, for reassignments by a licensed dealer, and for application for a new certificate of title by the transferee as provided in this chapter. However, titles for mobile homes shall not be reassigned by licensed dealers. All certificates of title shall be typewritten or printed by other mechanical means.

The original certificate of title shall be delivered to the owner if no security interest or encumbrance appears on the certificate. Otherwise the certificate of title shall be delivered by the county treasurer or the department to the person holding the first security interest or encumbrance as shown in the certificate.

The county treasurer or the department shall maintain in the county or department records system information contained on the certificate of title. The information shall be accessible by title certificate number for a period of three years from the date of notification of cancellation of title or that a new title has been issued as provided in this chapter. Copies the department requires shall be sent to the department in the manner and at the time the department directs. The department shall designate a uniform system of title numbers to indicate the county of issuance.

A vehicle shall be registered for the registration year. A vehicle registered for the first time in this state shall be registered for the remaining unexpired months of the registration year and pay a registration fee prorated for the remaining unexpired months of the registration year.

If the county treasurer or department is not satisfied as to the ownership of the vehicle or that there are no undisclosed security interests in it, the county treasurer or department may register the vehicle but shall as a condition of issuing a certificate of title and registration receipt, require the applicant to file with the department a bond in the form prescribed by the department and executed by the applicant, and either accompanied by the deposit of cash with the department or also executed by a person authorized to conduct a surety business in this state. The bond shall be in an amount equal to one and one-half times the current value of the vehicle as determined by the department and conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the vehicle or person acquiring any security interest in it, and their respective successors in interest, against any expense, loss or damage, including reasonable attorney's fees, by reason of the issuance of the certificate of title of the vehicle or on account of any defect in or undisclosed security interest upon the right, title and interest of the applicant in and to the vehicle. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond, and any deposit accompanying it, shall be returned at the end of three years or prior thereto if the vehicle is no longer registered in this state and the currently valid certificate of title is surrendered to the department, unless the department has been notified of the pendency of an action to recover on the bond.

The records system shall consist of information from the certificate of title including the notation and cancellation of security interests, information from the registration receipt, and such information shall be maintained by retention of one copy of the registration receipt in a registration number file and one copy of the title certificate in a title number file. In lieu of retaining one copy of the registration receipt and one copy of the title certificate, the information may be maintained in such other manner as may be approved by the department, provided such information is accessible by title certificate number and registration number.

The county treasurer may make photostatic, microfilm, or other photographic copies of certificates of title, registration receipts, or other records, reports or documents which are required to be retained by the county treasurer. 1. *Plates issued.* The county treasurer upon receiving application, accompanied by proper fee, for registration of a vehicle shall issue to the owner one registration plate for a motorcycle, motorized bicycle, truck tractor, trailer, or semitrailer and two registration plates for every other motor vehicle. When the owner of a registered vehicle transfers or assigns ownership of the vehicle to another person, the owner shall remove the registration plates from the vehicle. The owner shall forward the plates to the county treasurer where the vehicle is registered or the owner may have the plates assigned to another vehicle within thirty days after transfer, upon payment of the fees required by law. The department shall adopt rules providing for the assignment of registration plates to the transferee of a vehicle for which a credit is allowed under section 321.46, subsection 6.

2. *Validation stickers.* In lieu of issuing new registration plates each registration year for a vehicle renewing registration, the department may reassign the registration plates previously issued to the vehicle and may adopt and prescribe annual validation stickers indicating payment of registration fees. The department shall issue two validation stickers for each set of registration plates. One sticker shall specify the year of expiration of the registration period. The second sticker shall specify the month of expiration of the registration period and need not be reissued annually. The month of registration shall not be required on registration plates or validation stickers issued for vehicles registered under chapter 326. The stickers shall be displayed only on the rear registration plate, except that the stickers shall be displayed on the front registration plate of a truck tractor.

The state department of transportation shall promulgate rules to provide for the placement of motor vehicle registration validation stickers on all registration plates issued for the motor vehicle when such validation stickers are issued in lieu of issuing new registration plates under the provisions of this section.

3. *Radio operators plates.* The owner of an automobile, light delivery truck, panel delivery truck, or pickup who holds an amateur radio license issued by the federal communications commission may, upon written application to the county treasurer accompanied by a fee of five dollars, order special registration plates bearing the call letters authorized the radio station covered by the person's amateur radio license. When received by the county treasurer, such special registration plates shall be issued to the applicant in exchange for the registration plates previously issued to the person. Not more than one set of special registration plates may be issued to an applicant. Said fee shall be in addition to and not in lieu of the fee for regular registration plates. Special registration plates must be surrendered upon expiration of the owner's amateur radio license and the owner shall thereupon be entitled to the owner's regular registration plates. The fee for issuance of the personalized registration plates shall be in addition to the regular annual registration fee.

b. The county treasurer shall validate personalized registration plates in the same manner as regular registration plates are validated under this section at an annual fee of five dollars in addition to the regular annual registration fee. A person renewing a personalized registration plate within one month following the time requirements under section 321.40 may renew the personalized plate without paying the additional registration fee under paragraph "a" but shall pay the five-dollar fee in addition to the regular registration fee and any penalties subject to regular registration plate holders for late renewal.

If the application is approved by the department the special registration plates shall be issued to the applicant in exchange for the previous registration plates issued to the person. The fee for the special plates is five dollars which is in addition to the regular annual registration fee. The department shall validate the special plates in the same manner as regular registration plates are validated under this section at the regular annual registration fee. However, the special plates shall not be renewed without the applicant furnishing evidence to the department that the owner of the motor vehicle is still a handicapped person as defined in section 601E.1, unless the applicant has previously provided satisfactory evidence to the department that the owner of the vehicle is permanently handicapped in which case the furnishing of additional evidence shall not be required for renewal. The special registration plates shall be surrendered in exchange for regular registration plates when the owner of the motor vehicle no longer qualifies as a handicapped person as defined in section 601E.1.

The registration shall be renewed upon payment of the appropriate registration fee.

On or before the fifteenth day of the month of expiration of a vehicle's registration the county treasurer shall send a statement by mail of fees due to the appropriate owner of record. The statement shall be mailed to the most current address of record, showing information sufficient to identify the vehicle and a listing of the various fees as appropriate. Registration receipts issued for renewals shall have the word "renewal" imprinted thereon and, if the owner making a renewal application has been issued a certificate of title, the title number shall appear on the registration receipt. All registration receipts for renewals shall be typewritten or printed by other mechanical means. The applicant shall receive a registration receipt.

The application shall be signed by the owner or lienholder and accompanied by a fee of ten dollars. After five days, the department or county treasurer shall issue a certified copy to the applicant at the applicant's most recent address, however, the five-day waiting period does not apply to an applicant who has surrendered the original certificate of title to the department or county treasurer. The certified copy shall be clearly marked "duplicate" and shall be identical to the original, including notation of liens or encumbrances. When a certified copy has been issued, the previous certificate is void. A new purchaser or transferee is entitled to receive an original title upon presenting the assigned duplicate copy to the treasurer of the county where the new purchaser or transferee resides. At the time of purchase, a purchaser may require the seller to indemnify the purchaser and all future purchasers of the vehicle against any loss which may be suffered due to claims on the original certificate. A person recovering an original certificate of title for which a duplicate has

been issued shall surrender the original certificate to the county treasurer or the department.

If a county treasurer mails vehicle registration documents which become lost or are damaged in transit through the United States postal service, the person to whom the documents were being sent may apply for reissuance without cost. The application shall be made with the county treasurer who originally issued the documents not less than twenty days from the date the documents were placed with the United States postal service. A credit shall not be allowed unless the vehicle to which the credit applies is registered within the time specified under subsection 1. The credit shall be computed on the basis of the number of unexpired months remaining in the

registration year of the former owner computed from the date the vehicle was transferred, computed to the nearest whole dollar. The credit shall not exceed the amount of the registration fee for the transferred vehicle. When the amount of the credit is computed to be an amount of less than five dollars, the credit shall be disallowed. The credit shall not be sold, transferred, or assigned to any other person.

1. A security interest in a vehicle subject to registration under the laws of this state or a mobile home, except trailers whose empty weight is two thousand pounds or less, and except new or used vehicles held by a dealer or manufacturer as inventory for sale, is perfected by the delivery to the county treasurer of the county where the certificate of title was issued or, in the case of a new certificate, to the county treasurer where the certificate will be issued of an application for certificate of title which lists the security interest, or an application for notation of security interest signed by the owner, or by one owner of a vehicle owned jointly by more than one person, or a certificate of title from another jurisdiction which shows the security interest, and a fee of five dollars for each security interest shown. If the owner or secured party is in possession of the

certificate of title, it must also be delivered at this time in order to perfect the security interest. If a vehicle is subject to a security interest when brought into this state, the validity of the security interest and the date of perfection is determined by section 554.9103. Delivery as provided in this subsection is an indication of a security interest on a certificate of title for purposes of chapter 554.

The county treasurer shall on the same day deliver the certificate of title to the then first secured party or, if there is no such person, to the person as directed by the owner, in writing, on a form prescribed by the department or, if there is no person designated, then to the owner. The cancellation of the security interest shall be noted on the certificate of title by the county treasurer without charge. The holder of a security interest discharged by payment who fails to release the security interest within fifteen days after being requested in writing to do so shall forfeit to the person making the payment the sum of twenty-five dollars.

5 The Uniform Commercial Code, chapter 554, Article 9, shall apply to all transactions intended to create a security interest in vehicles except as provided in this chapter.

6 This person obtaining possession of a certificate of title for a vehicle not already subject to a perfected security interest, except new or used vehicles held by a dealer or manufacturer as inventory for sale, who purports to have a security interest in such vehicle shall, within thirty days from the receipt of the certificate of title, deliver such certificate of title to the county treasurer of the county where it was issued to note such security interest and, if such person fails to do so, the person's purported security interest in the vehicle shall be

void and unenforceable and such person shall forthwith deliver the certificate of title to the county treasurer of the county where it was issued. If no security interest has been filed for notation on the certificate of title, the certificate shall be mailed by the treasurer to the owner of the vehicle. For purposes of determining the commencement date of the thirty day period provided by this subsection, it shall be presumed that the purported security interest holder received the certificate of title on the date of the creation of the holder's purported security interest in the vehicle or the date of the issuance of the certificate of title, whichever is the latter. Any person collecting a fee from the owner of the vehicle for the purpose of perfecting a security interest in such vehicle who does not cause such security interest to be noted on the certificate of title by the county treasurer shall remit such fee to the department of revenue and finance of this state.

7 Upon request of any person, the county treasurer shall issue a certificate showing whether there are, on the date and hour stated therein, any security interests noted on a particular vehicle's certificate of title, and the name and address of each secured party whose security interest is noted thereon. The uniform fee for a written certificate shall be two dollars if the request for the certificate is on a form conforming to standards prescribed by the secretary of state, otherwise, three dollars. Upon request and payment of the appropriate fee, the county treasurer shall furnish a certified copy of any security interest notations for a uniform fee of one dollar per page.

321.52 Out-of-state sales — junked, dismantled, wrecked, or salvage vehicles.

1 When a vehicle is sold outside the state for purposes other than for junk the owner, dealer or otherwise, shall detach the registration plates and registration card and shall indicate on the reverse side of such registration card the name and address of the foreign purchaser or transferee over the person's signature. The owner shall surrender the registration plates and registration card to the county treasurer, unless the registration plates are properly attached to another vehicle, who shall cancel the records and shall destroy the registration plates and forward the registration card to the department. The department shall make a notation on the records of the out-of-state sale, and, after a reasonable period, may destroy the files to that particular vehicle. The department is not authorized to make a refund of license fees on a vehicle sold out of state unless it receives the registration card completed as provided in this section.

2 The purchaser or transferee of a motor vehicle for which a certificate of title is issued which is sold for scrap or junk shall surrender the certificate of

title to the county treasurer of the county of residence of the transferee within fifteen days after assignment of the certificate of title. The county treasurer shall issue to such person without fee a junking certificate. A junking certificate shall authorize the holder to possess, transport or transfer by endorsement the ownership of the junked vehicle. A certificate of title shall not again be issued for the vehicle subsequent to the issuance of a junking certificate. The county treasurer shall cancel the record of the vehicle and forward the certificate of title to the department. The junking certificate shall be of a form to allow for the assignment of ownership of the vehicle. The junking certificate shall provide a space for the notation of the transferee of the component parts of the vehicle transferred by the owner of the vehicle.

3. When a vehicle for which a certificate of title is issued is junked or dismantled by the owner, the owner shall detach the registration plates and surrender the plates to the county treasurer, unless the plates are properly assigned to another vehicle. The owner shall also surrender the certificate of title to the county treasurer. Upon surrendering the certificate of title, the county treasurer shall issue to the person, without fee, a junking certificate, which shall authorize the holder to possess, transport or transfer ownership of the junked vehicle by endorsement of the junking certificate. The county treasurer shall hold the surrendered certificate of title, registration receipt and, if applicable, the registration plates for a period of fourteen days following the issuance of a junking certificate under this subsection. Within the fourteen-day period the person who was issued the junking certificate and to whom the vehicle was titled or assigned may surrender to the county treasurer the junking certificate, and upon the person's payment of appropriate fees and taxes and payment of any credit for registration fees received by the person for the vehicle under section 321.46, subsection 3, the county treasurer shall issue to the person a certificate of title for the vehicle. After the expiration of the fourteen-day period, a county treasurer shall not issue a certificate of title for a junked vehicle for which a junking certificate is issued. The county treasurer shall cancel the record of the vehicle and forward the certificate of title to the department.

However, upon application the department upon a showing of good cause may issue a certificate of title after the fourteen-day period for a junked vehicle for which a junking certificate has been issued. For purposes of this subsection, "good cause" means that the junking certificate was obtained by mistake or inadvertence. If a person's application to the department is denied, the person may seek judicial review as provided under sections 17A.19 and 17A.20.

4. *a.* A vehicle rebuilder or a motor vehicle dealer licensed under chapter 322, upon acquisition of a wrecked or salvage vehicle, shall surrender the certificate of title or manufacturer's or importer's statement of origin properly assigned, together with an application for a salvage certificate of title to the

county treasurer of the county of residence of the purchaser or transferee within fourteen days after the date of assignment of the certificate of title for the wrecked or salvage motor vehicle. This subsection applies only to vehicles with a fair market value of five hundred dollars or more, based on the value before the vehicle became wrecked or salvage. Upon payment of a fee of two dollars, the county treasurer shall issue a salvage certificate of title which shall bear the word "SALVAGE" stamped or printed on the face of the title in a manner prescribed by the department. A salvage certificate of title may be assigned to any person. A vehicle on which ownership has transferred to an insurer of the vehicle, as a result of a settlement with the owner of the vehicle arising out of damage to, or unrecovered theft of the vehicle, shall be deemed to be a wrecked or salvage vehicle and the insurer shall comply with this subsection to obtain a salvage certificate of title within fourteen days after the date of assignment of the certificate of title of the vehicle. However, a vehicle that has major damage to four or more component parts as defined in paragraph "b" shall receive a junking certificate of title and shall not thereafter be granted a regular certificate of title.

b. When a wrecked or salvage vehicle has been repaired, the owner may apply for a regular certificate of title by paying the appropriate fees and surrendering the salvage certificate of title and a properly executed salvage theft examination certificate. The county treasurer shall issue a regular certificate of title which, commencing September 1, 1988, if the wrecked or salvage vehicle is five model years old or less, shall bear the word "REBUILT" stamped or printed on the face of the title. The rebuilt designation shall be included on every Iowa certificate of title issued thereafter for the vehicle. However, if ownership of a stolen vehicle has been transferred to an insurer organized under the laws of this state or admitted to do business in this state, or if the transfer was the result of a settlement with the owner of the vehicle arising from damage to or the unrecovered theft of the vehicle, and if the insurer certifies to the county treasurer on a form approved by the department that the cost of repairs to all damage to the vehicle is less than three thousand dollars, the county treasurer shall issue the regular certificate of title without the rebuilt designation. The county treasurer shall issue a regular certificate of title without the "REBUILT" designation if, before repairs are made, a component parts review has been conducted by a peace officer authorized to do so by the state department of transportation showing that the vehicle does not have component part damage. The component parts review shall be conducted in accordance with rules adopted by the department. For the purpose of this section, a wrecked or salvage vehicle shall be considered to have component part damage if there is major damage requiring repairs or replacement of more than two of the vehicle's component parts. A "component part" means the rear clip, cowl, frame or inner structure forward of the cowl, body, cab, front end assembly, front clip, or

such other parts which are critical to the safety of the vehicle as determined by rules adopted by the department. The owner shall pay a fee of thirty-five dollars upon the completion of the prerepair component parts review. The peace officer conducting the review shall maintain a record of the review and shall forward a copy of the review to the department. The department shall maintain a record of all reviews. If a vehicle does not have component damage as determined in this subsection, the officer conducting the review shall issue a certificate to the owner to that effect. The certificate shall be surrendered to the county treasurer at the time of application for a regular certificate of title and the treasurer shall forward the certificate to the department.

c. A salvage theft examination shall be made by a peace officer who has been specially certified and recertified when required by the Iowa law enforcement academy to do salvage theft examinations. The Iowa law enforcement academy shall determine standards for training and certification, conduct training, and may approve alternative training programs which satisfy the academy's standards for training and certification. The owner of the salvage vehicle shall make the vehicle available for examination at a time and location designated by the peace officer doing the examination. The owner may obtain a permit to drive the vehicle to and from the examination location by submitting a repair affidavit to the agency performing the examination stating that the vehicle is reasonably safe for operation and listing the repairs which have been made to the vehicle. The owner must be present for the examination and have available for inspection the salvage title, bills of sale for all essential parts changed, and the repair affidavit. The examination shall be for the purposes of determining whether the vehicle or repair components have been stolen. The examination is not a safety inspection and a signed salvage theft examination certificate shall not be construed by any court of law to be a certification that the vehicle is safe to be operated. There shall be no cause of action against the peace officer or the agency conducting the examination or the county treasurer for failure to discover or note safety defects. If the vehicle passes the theft examination, the peace officer shall indicate that the vehicle passed examination on the salvage theft examination certificate and, with regard to a vehicle which is required to bear the word "REBUILT" stamped or printed on the face of the title, shall permanently identify the vehicle as "rebuilt" on the driver's door jamb or other area on the vehicle as designated by the department. A removal or alteration of this rebuilt identification is a violation of section 321.92. The repair affidavit, permit, and salvage theft examination certificate shall be on controlled forms prescribed and furnished by the department. The owner shall pay a fee of thirty dollars upon completion of the examination. The agency performing the examinations shall retain twenty dollars of the fee and shall pay five dollars of the fee to the department and five dollars of the fee to the Iowa law enforce-

ment academy to provide for the special training, certification, and recertification of officers as required by this subsection.

The provision of this subsection requiring a salvage theft examination by a peace officer specially certified or recertified by the Iowa law enforcement academy to do salvage theft examinations shall become effective July 1, 1989. Salvage theft examinations conducted before July 1, 1989, shall be made by peace officers authorized to do so by the state department of transportation or the department of public safety who are qualified, as determined by those agencies, to conduct salvage theft examinations. The state department of transportation shall adopt rules in accordance with chapter 17A to carry out this section, including transition rules allowing for salvage theft examinations prior to July 1, 1989.

d. For purposes of this subsection a "wrecked or salvage vehicle" means a damaged vehicle subject to registration and having a gross vehicle weight rating of less than thirty thousand pounds, for which the cost of repair exceeds fifty percent of the fair market value of the vehicle, as determined in accordance with rules adopted by the department, before it became damaged.

321.71 Odometer requirements.

1. For the purposes of this section the following words and phrases shall have the meanings respectively ascribed to them:

a. "Intent and purpose of this section" is and shall mean to achieve the end that odometers of motor vehicles shall at all times correctly show the true mileage that the motor vehicle has been driven.

b. "True mileage" is the actual mileage the motor vehicle has been driven.

2. No person shall knowingly tamper with, adjust, alter, change, set back, disconnect or fail to connect the odometer of any motor vehicle, or cause any of the foregoing to occur to an odometer of a motor vehicle, so as to reflect a lower mileage than the true mileage driven by the motor vehicle.

3. No person shall conspire with any other person to evade the intent and purpose of this section.

4. No person shall with the intent to defraud operate a motor vehicle on any street or highway knowing that the odometer of the motor vehicle is disconnected or nonfunctional.

5. No person shall advertise for sale, sell, use or install on any part of a motor vehicle or on any odometer in a motor vehicle any device which causes the odometer to register any mileage other than the true mileage.

6. In the event any odometer is repaired or replaced, the reading of the repaired or replaced odometer shall be set at the reading of the odometer repaired or replaced immediately prior to repair or replacement, but where the odometer is incapable of registering the same mileage the odometer shall be adjusted to read zero and any adjustment made in accordance with the provisions of this subsection shall not be deemed a violation of any provision of this section.

7. As to motor vehicles less than eleven model years old which were equipped with an odometer by the manufacturer, no certificate of title shall be issued unless an odometer statement which is in compliance with federal law and regulations has been made by the transferor of a vehicle and is furnished with the application for certificate of title. The new certificate of title shall record on its face the odometer reading and if the odometer reading is not the true mileage or the true mileage is unknown, then the word "unknown" shall be recorded. However, a certificate of title may be issued for a motor vehicle to a person who moves into this state if the person acquired ownership of the motor vehicle prior to moving to this state. This subsection does not apply to motor vehicles transferred by operation of

law pursuant to section 321.47 nor to motor vehicles having a registered gross vehicle weight of more than sixteen thousand pounds.

8. Any person who knowingly makes or delivers a false odometer statement as required by subsection 7 shall be guilty of a violation of this section.

9. An Iowa licensed motor vehicle dealer shall not have in possession as inventory for sale a used motor vehicle acquired by the dealer after the eleventh model year prior to the current registration year, for which the dealer does not possess an odometer statement by the transferor which is in compliance with federal law and regulations unless a certificate of title has been issued for the vehicle in the name of the dealer.

10. A transferee of a motor vehicle reassigning the certificate of title to such motor vehicle pursuant to the provisions of section 321.48, subsection 1, shall not be guilty of a violation of this section if such transferee has in the transferee's possession an odometer statement by the transferor which is in compliance with federal law and regulations and if the transferee has no knowledge that the statement is false and that the transferee has no knowledge that the odometer does not reflect the true mileage of such motor vehicle.

11. Any person who violates this section commits a fraudulent practice.

1. *Definitions.* As used in this section and sec-

tions 321 90 and 321 91 unless the context otherwise requires

a "Police authority" means the Iowa highway safety patrol or any law enforcement agency of a county or city

b "Abandoned vehicle" means any of the following

(5) Any vehicle parked on the highway determined by a police authority to create a hazard to other vehicle traffic

However, a vehicle shall not be considered abandoned for a period of five days if its owner or operator is unable to move the vehicle and notifies the police authority responsible for the geographical location of the vehicle and requests assistance in the removal of the vehicle

c "Demolisher" means any city or public agency organized for the disposal of solid waste, or any person whose business it is to convert a vehicle to junk, processed scrap or scrap metal, or otherwise to wreck, or dismantle vehicles

2 *Authority to take possession of abandoned vehicles* A police authority may, and on the request of any other authority having the duties of control of highways or traffic, shall take into custody any abandoned vehicle on public property and may take into custody any abandoned vehicle on private property A police authority taking into custody an abandoned vehicle determined to create a traffic hazard shall report the reasons constituting the hazard in writing to the appropriate authority having duties of control of the highway The police authority may employ its own personnel, equipment and facilities or hire other personnel, equipment and facilities for the purpose of removing, preserving, storing, or disposing abandoned vehicles

3 *Notification of owner, lienholders, and other claimants*

a A police authority which takes into custody an abandoned vehicle shall notify, within twenty days, by certified mail, the last known registered owner of the vehicle, all lienholders of record, and any other known claimant to the vehicle or to personal property found in the vehicle, addressed to their last known addresses of record, that the abandoned vehicle has been taken into custody Notice shall be deemed given when mailed The notice shall describe the year, make, model, and serial number of

the vehicle, describe the personal property found in the vehicle, set forth the location of the facility where the vehicle is being held, and inform the persons receiving the notice of their right to reclaim the vehicle and personal property within twenty one days after the effective date of the notice upon payment of all towing, preservation, and storage charges resulting from placing the vehicle in custody and upon payment of the costs of notice required pursuant to this subsection The notice shall also state that the failure of the owner or lienholders to exercise their right to reclaim the vehicle within the time provided shall be deemed a waiver by the owner and all lienholders of all right, title, claim and interest in the vehicle and that failure to reclaim the vehicle is deemed consent to the sale of the vehicle at a public auction or disposal of the vehicle to a demolisher The notice shall state that any person claiming rightful possession of the vehicle or personal property who disputes the planned disposition of the vehicle or property by the police authority or of the assessment of fees and charges provided by this section may ask for an evidentiary hearing before the police authority to contest those matters If the persons receiving the notice do not ask for a hearing or exercise their right to reclaim the vehicle within the twenty one day reclaiming period, the owner and lienholders shall no longer have any right, title, claim, or interest in or to the vehicle No court in any case in law or equity shall recognize any right, title, claim, or interest of the owner and lienholders after the expiration of the twenty one day reclaiming period

two or more wheels or another part which renders the vehicle totally inoperable may dispose of the vehicle to a demolisher for junk after complying with the notification procedures enumerated in subsection 3 and without public auction. The purchaser of the vehicle takes title free and clear of all liens and claims of ownership, shall receive a sales receipt from the police authority, and is entitled to register the vehicle and receive a certificate of title if sold for use upon the highways. However, if the vehicle is sold or disposed of to a demolisher for junk, the sales receipt by itself is sufficient title only for purposes of transferring the vehicle to the demolisher for demolition, wrecking, or dismantling and, when so transferred, no further titling of the vehicle is permitted. From the proceeds of the sale of an abandoned vehicle the police authority shall reimburse itself for the expenses of the auction, the costs of towing, preserving, and storing which resulted from placing the abandoned vehicle in custody, all notice and publication costs incurred pursuant to subsection 3, the cost of inspection, and any other costs incurred except costs of bookkeeping and other administrative costs. Any remainder from the proceeds of a sale shall be held for the owner of the vehicle or entitled lienholder for ninety days, and shall then be deposited in the road use tax fund. The costs to police authorities of auction, towing, preserving, storage, and all notice and publication costs, and all other costs which result from placing abandoned vehicles in custody, whenever the proceeds from a sale of the abandoned vehicles are insufficient to meet these expenses and costs, shall be paid from the road use tax fund.

321.90 Disposal of abandoned motor vehicles.

1. *Garagekeepers and abandoned motor vehicles.* Any motor vehicle left in a garage operated for commercial purposes after the period for which the vehicle was to remain on the premises shall, after notice by certified mail to the last known registered owner of the vehicle addressed to the owner's last known address of record to reclaim the vehicle within ten days of the date of the notice, be deemed an abandoned motor vehicle unless reclaimed by the owner within such ten-day period or the owner notifies the garagekeeper in writing within such period of time that such vehicle is not an abandoned motor vehicle and shall be reported by the garagekeeper to the police authority. If the identity or address of the last registered owner of the motor vehicle cannot be determined, the vehicle shall be deemed an abandoned motor vehicle on the eleventh day after the period for which the vehicle was to remain on the premises unless reclaimed by the

owner within the ten-day period or the owner notifies the garagekeeper in writing within such period of time that such vehicle is not an abandoned motor vehicle and shall be reported by the garagekeeper to the police authority. All abandoned motor vehicles left in garages may be taken into custody by a police authority upon the request of the garagekeeper and sold in accordance with the procedures set forth in section 321.89, subsection 4, unless the motor vehicle is reclaimed. The proceeds of the sale shall be first applied to the garagekeeper's charges for towing and storage, and any surplus proceeds shall be distributed in accordance with section 321.89, subsection 4. Nothing in this section shall be construed to impair any lien of a garagekeeper under the laws of this state, or the right of a garagekeeper to foreclose the garagekeeper's lien, provided that a garagekeeper shall be deemed to have abandoned the garagekeeper's artisan lien when such vehicle is taken into custody by the police authority. For the purposes of this section "garagekeeper" means any operator of a parking place or establishment, motor vehicle storage facility, or establishment for the servicing, repair, or maintenance of motor vehicles.

2. *Disposal to demolisher.*

a. Any person, firm, corporation, or unit of government upon whose property or in whose possession is found any abandoned motor vehicle, or any person being the owner of a motor vehicle whose title certificate is faulty, lost, or destroyed and is thereby unable to transfer title to the motor vehicle, may apply to the police authority of the jurisdiction in which the motor vehicle is situated for authority to sell, give away, or otherwise dispose of the motor vehicle to a demolisher.

b. The application shall set out the name and address of the applicant, and the year, make, model, and serial number of the motor vehicle, if ascertainable, together with any other identifying features, and shall contain a concise statement of the facts surrounding the abandonment, or a statement that the title of the motor vehicle is lost or destroyed, or the reasons for the defect of title in the owner. The applicant shall execute an affidavit stating that the facts alleged are true and that no material fact has been withheld. An order for disposal obtained pursuant to section 562C.8, subsection 3, satisfies the application requirements of this paragraph.

c. If the police authority finds that the application is executed in proper form, and shows that the motor vehicle has been abandoned upon the property of the applicant, or if it shows that the motor vehicle is not abandoned but that the applicant appears to be the rightful owner, the police authority shall follow appropriate notification procedures as set forth in section 321.89, subsection 3, except that in the case of an order for disposal obtained pursuant to section 562C.8, subsection 3, no notification is required.

d. If the abandoned motor vehicle is not reclaimed in accordance with section 321.89, subsection 3, or no lienholder objects to the disposal in the case of an owner-applicant, the police authority shall

give the applicant a certificate of authority to dispose of the motor vehicle to any demolisher for demolition, wrecking, or dismantling. The demolisher shall accept such certificate in lieu of the certificate of title to the motor vehicle.

e. Notwithstanding any other provisions of this section and sections 321.89 and 321.91, any person, firm, corporation, or unit of government upon whose property or in whose possession is found any abandoned motor vehicle, or any person being the owner of a motor vehicle whose title certificate is faulty, lost, or destroyed, may dispose of such motor vehicle to a demolisher for junk without a title and without the notification procedures of section 321.89, subsection 3, if the motor vehicle lacks an engine or two or more wheels or other structural part which renders the vehicle totally inoperable.

f. The owner of an abandoned motor vehicle and all lienholders shall no longer have any right, title, claim, or interest in or to such motor vehicle; and no court in any case in law or equity shall recognize any right, title, claim, or interest of any such owner and lienholders after the disposal of such motor vehicle to a demolisher.

g. Any proceeds from the sale of an abandoned motor vehicle to a demolisher under this section, by one other than the owner of the vehicle, except the sale of a vehicle pursuant to an order for disposal obtained pursuant to section 562C.8, subsection 3, shall first be applied to that person's expenses in effecting the sale, including storage, towing, and disposal charges, and any surplus shall be distributed in accordance with section 321.89, subsection 4. The proceeds from the sale of a vehicle disposed of pursuant to section 562C.8, subsection 3, shall be distributed in accordance with section 562C.9.

3. Duties of demolishers.

a. Any demolisher who purchases or otherwise acquires an abandoned motor vehicle for junk under the provisions of this section shall junk, scrap, wreck, dismantle, or demolish such motor vehicle. However, if the vehicle is acquired under the provisions of subsection 2, paragraph "e", the demolisher shall apply to the police authority of the jurisdiction from which the vehicle was acquired for a certificate of authority to demolish the vehicle. In making the application the demolisher shall describe the motor vehicle as required by subsection 2, paragraph "b". The police authority shall issue the certificate of authority upon complying with subsection 2, paragraph "c", but shall be excused from following the notification procedures as required therein. No further titling of the motor vehicle shall be permitted. After the motor vehicle has been demolished, processed, or changed so that it physically is no longer a motor vehicle, the demolisher shall surrender the auction sales receipt or certificate of authority to dispose of or demolish a motor vehicle to the department for cancellation. The department shall issue such forms and rules governing the surrender of auction sales receipts, certificates of title, and certificates of authority to dispose of or demolish motor vehicles, and the cancellation and surrender of the

registrations and certificates of title for such motor vehicles as are appropriate.

b. A demolisher shall keep an accurate and complete record of all motor vehicles purchased or received by the demolisher in the course of the demolisher's business. These records shall contain the name and address of the person from whom each such motor vehicle was purchased or received and the date when such purchases or receipts occurred. Such records shall be open for inspection by any police authority at any time during normal business hours. Any record required by this section shall be kept by the demolisher for at least one year after the transaction to which it applies.

Subsections 1 and 2 do not apply to motor vehicles registered by the county treasurer. The refunds shall be made as follows:

If the motor vehicle is destroyed by fire or accident, or junked and its identity as a motor vehicle entirely eliminated, the owner in whose name the motor vehicle was registered at the time of destruction or dismantling shall return the plates to the department and within thirty days thereafter make a statement of such destruction or dismantling and make claim for refund. With reference to the destruction or dismantling of a vehicle, no refund shall be allowed unless a junking certificate has been issued, as provided in section 321.52.

4. If the motor vehicle is registered by the county treasurer during the current registration year and the owner or lessee registers the vehicle for proportional registration under chapter 326, the owner of the registered vehicle shall surrender the registration plates to the county treasurer and may file a claim for refund. a. The refund shall be computed on the basis of the number of unexpired months remaining in the registration year at the time the vehicle was sold or junked and shall be rounded to the nearest whole dollar. Section 321.127, subsection 1, does not apply.

b. The refund shall not exceed the amount of the registration fee for the replacement vehicle and shall only be allowed if the replacement vehicle was registered within the time specified for registration under section 321.46, subsection 1.

If an owner subject to proportional registration leases the vehicle for which the refund is sought, the claim shall be filed in the names of both the lessee and the lessor and the refund payment made payable to both the lessor and the lessee. The term "owner" for purposes of this section shall include a person in whom is vested right of possession or control of a vehicle which is subject to a lease, contract, or other legal arrangement vesting right of possession or control in addition to the term as defined in section 321.1, subsection 36.

If the permittee is driving a motorcycle, the qualified operator must be within audible and visual communications distance from the permittee and be accompanying the permittee on or in a different motor vehicle. Only one permit holder shall be under the immediate supervision of an accompanying qualified operator, unless the qualified operator is an approved motorcycle or driver education instructor or a prospective motorcycle or driver education instructor, and the permittee is enrolled in an approved motorcycle or driver education course, in which case no more than three students shall be under the immediate supervision of each instructor while on the highway.

2. A person, upon meeting each of the following requirements, shall be eligible to apply for a chauffeur's instruction permit valid for the operation of a motor vehicle requiring a chauffeur's license when the permittee is accompanied by a person, possessing a valid chauffeur's license, properly licensed to drive the motor vehicle and actually occupying a seat beside the permittee. Issuance of a chauffeur's instruction permit shall not require the surrender of a valid operator's license.

A permittee shall not be penalized for failing to have the permit in immediate possession if the permittee produces in court, within a reasonable time, an instruction permit issued to the permittee and valid at the time of the permittee's arrest.

1. *Application for and contents of card.* The department shall, upon application and payment of the required fee, issue to an applicant a nonoperator's identification card, which card shall bear a distinguishing number assigned to the card holder, the full name, date of birth, sex, residence address, a brief description and a colored photograph of the card holder, the usual signature of the card holder, and such other information as the department may by rule require. The card, including the colored photograph, shall be issued to the applicant at the time of application and no positive or negative photograph shall be retained. The department shall, by rule, establish procedures for the application for, and issuance of, a nonoperator's identification card. An identification card shall not be valid unless it bears the usual signature of the card holder.

The department shall use a process or processes for issuance of a nonoperator's identification card, that prevents, as nearly as possible, the opportunity for alteration or reproduction of, and the superimposition of a photograph on the nonoperator's identification card without ready detection.

The fee for a nonoperator's identification card shall be five dollars and the card shall be valid for the purpose of identification for a period of four years from the date of issuance. A fee of five dollars shall be charged for the voluntary replacement of an identification card.

The nonoperator's identification card fees shall be transmitted by the department to the treasurer of state who shall credit such fees to the general fund of the state.

2. *Unlawful use of nonoperator's identification cards.* It is a simple misdemeanor, punishable as provided in section 321.482, for any person:

f. To permit any unlawful use of a nonoperator's identification card issued to such person.

3. *Colored photograph — procedures.* The department shall in issuing licenses, permits and nonoperator's identification cards bearing a colored photograph of the licensee, permittee or card holder use such processes that prevent to the maximum extent possible, the alteration or reproduction of the license, permit or card including the ability to superimpose a photograph on a license, permit or card without ready detection.

321.192 Disposal of fees.

The license fees shall be forwarded by the department to the treasurer of state who shall credit the fees to the road use tax fund. However, for each operator's and motorized bicycle license issued by a county sheriff for which a license fee is paid, the

321.193 Restricted licenses.

When provided in rules adopted pursuant to chapter 17A, the department upon issuing an operator's or chauffeur's license or motorized bicycle license shall have authority whenever good cause appears to impose restrictions suitable to the licensee's driving ability with respect to the type of vehicle or special mechanical control devices required on a motor vehicle which the licensee may operate or such other restrictions applicable to the licensee, including licenses issued under section 321.194, as the department may determine to be appropriate to assure the safe operation of a motor vehicle by the licensee. The department shall not require a person issued a valid operator's or chauffeur's license to comply with any other licensing requirements in order to operate a motorized bicycle.

The department may either issue a special restricted license or may set forth such restrictions upon the usual license form.

The department may upon receiving satisfactory evidence of any violation of the restrictions of such license suspend or revoke the same but the licensee shall be entitled to a hearing as upon a suspension or revocation under this chapter.

It is a misdemeanor, punishable as provided in section 321.482, for any person to operate a motor vehicle in any manner in violation of the restrictions imposed in a restricted license issued to that person.

[C39, §5013.18; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.193]

321.194 Minors' school licenses.

Upon certification of a special need by the school board or the superintendent of the applicant's school, the department may issue a school license to a person between the ages of fourteen and eighteen years. The license shall entitle the holder, while having the license in immediate possession, to operate a motor vehicle during the hours of 6 a.m. to 9 p.m. over the most direct and accessible route between the licensee's residence and schools of enrollment and between schools of enrollment for the purpose of attending duly scheduled courses of instruction and extracurricular activities at the schools or at any time when accompanied by a parent or guardian, driver education instructor, or prospective driver education instructor who is a holder of a valid operator's or chauffeur's license, and who is actually occupying a seat beside the driver. The license shall expire on the licensee's eighteenth birthday or upon issuance of a restricted license under section 321.178, subsection 2 or operator's license.

Each application shall be accompanied by a statement from the school board or superintendent of the applicant's school. The statement shall be upon a

form provided by the department. The school board or superintendent shall certify that a need exists for the license and that the board and superintendent are not responsible for actions of the applicant which pertain to the use of the school license. The department of education shall adopt rules pursuant to chapter 17A establishing criteria for issuing a statement of necessity. Upon receipt of a statement of necessity, the department shall issue a school license. The fact that the applicant resides at a distance less than one mile from the applicant's schools of enrollment is prima-facie evidence of the nonexistence of necessity for the issuance of a license.

A license issued under this section is subject to suspension or revocation in like manner as any other license or permit issued under a law of this state. The department may also suspend a license upon receiving satisfactory evidence that the licensee has violated the restrictions of the license or has been involved in one or more accidents chargeable to the licensee. The department may suspend a license issued under this section upon receiving a record of the licensee's conviction for one violation and shall revoke the license upon receiving a record of conviction for two or more violations of a law of this state or a city ordinance regulating the operation of motor vehicles on highways other than parking violations as defined in section 321.210. After revoking a license under this section the department shall not grant an application for a new license or permit until the expiration of one year or until the licensee's sixteenth birthday whichever is the longer period.

In the event that an instruction permit, operator's, chauffeur's license, motorized bicycle license or extension certificate issued under the provisions of this chapter is lost or destroyed, the person to whom the same was issued may upon payment of a fee of two dollars for an operator's or chauffeur's license, one dollar for an extension certificate, or motorized bicycle license, obtain a duplicate, or substitute thereof, upon furnishing proof satisfactory to the department that such permit, license, or extension certificate has been lost or destroyed. A fee of one dollar shall be charged for the voluntary replacement of an instruction permit or an operator's or chauffeur's license.

321.196 Expiration of operator's license — renewal — vision test mandatory.

Except as otherwise provided, an operator's license expires, at the option of the applicant, two or four years from the licensee's birthday anniversary occurring in the year of issuance if the licensee is

between the ages of eighteen and seventy years on the date of issuance of the license, otherwise the license is effective for a period of two years. The license is renewable without written examination or penalty within a period of thirty days after its expiration date. A person shall not be considered to be driving with an invalid license during a period of thirty days following the license expiration date. However, for a license renewed within the thirty-day period, the date of issuance shall be considered to be the previous birthday anniversary on which it expired. Applicants whose licenses are restricted due to vision or other physical deficiencies may be required to renew their licenses every two years. For the purposes of this section the birthday anniversary of a person born on February 29 shall be deemed to occur on March 1. All applications for renewal of operators' licenses shall be made under the direct supervision of a uniformed member of the department and shall be approved by the uniformed member. The department in its discretion may authorize the renewal of a valid license upon application without an examination provided that the applicant satisfactorily passes a vision test as prescribed by the department.

Any resident of Iowa holding a valid operator's or chauffeur's license who is temporarily absent from the state, or incapacitated, may, at the time for renewal for such license, obtain from the sheriff of the county of the licensee's residence a form to apply for a temporary extension of the license. The department upon receipt of such application form properly filled out shall, upon a showing of good cause, issue a temporary extension of such license for not to exceed six months. The department shall prescribe and furnish such forms to each county sheriff.

Prior to the renewal of a license pursuant to this section, the department shall issue to each applicant information on the law relating to the operation of a motor vehicle while intoxicated and statistical information relating to the number of injuries and fatalities occurring as a result of the operation of motor vehicles while intoxicated.

Except as otherwise provided, every chauffeur's license shall expire, at the option of the applicant, two or four years from the licensee's birthday anniversary occurring in the year of issuance. A chauffeur's license may be renewed within thirty days after the applicant's license expiration date without written examination or penalty. A person shall not be considered to be driving with an invalid license during a period of thirty days following the license expiration date. For any license renewed within the thirty-day period, the date of issuance shall be considered to be the previous birthday anniversary on which it expired. However, if the licensee is seventy years of age or older on the date of issuance

of the license, the license shall be issued to be valid for two years. For the purposes of this section the birthday anniversary of a person born on February 29 shall be deemed to occur on March 1. The department in its discretion may waive the examination of any applicant previously licensed as a chauffeur under this chapter, provided that the person satisfactorily passes a vision test as prescribed by the department. An application for the renewal of a chauffeur's license shall be made under the direct supervision of a uniformed member of the department and shall be approved by the uniformed member.

However, no person entitled to the benefits of this section, charged with operating a motor vehicle without an operator's license, shall be convicted if the person produces in court, within a reasonable time, a valid operator's or chauffeur's license theretofore issued to that person along with evidence of the person's military service as above mentioned.

The department is authorized to renew any motor vehicle license falling within the provisions and limitations of the preceding paragraph, without examination, upon application and payment of fee made within six months following separation from the military service.

The provisions of this section shall also apply to the spouse and children or ward of such military personnel when such spouse, children or ward are living with the above described military personnel outside of the state of Iowa and provided that such extension of license does not exceed five years.

321.210 Authority to suspend — point system — temporary restricted license.

The department is hereby authorized to establish rules under the provisions of chapter 17A providing for the suspension of the license of an operator or chauffeur without preliminary hearing upon a showing by its records or other sufficient evidence that under the rules adopted by the department the licensee

1 Has committed an offense for which mandatory revocation of license is required upon conviction

2 Is an habitually reckless or negligent driver of a motor vehicle

3 Is an habitual violator of the traffic laws

4 Is physically or mentally incapable of safely operating a motor vehicle

5 Has permitted an unlawful or fraudulent use of the license

6 Has committed an offense in another state which if committed in this state would be grounds for suspension or revocation

7 Has committed a serious violation of the motor vehicle laws of this state

8 Is subject to a license suspension under section 321.513

For the purpose of determining when to suspend a license under this section the director may, in accordance with the provisions of chapter 17A, promulgate a point system for the purpose of weighing traffic convictions, or offenses by their seriousness and may change such weighted scale from time to time as experience or the accident frequency in the state makes necessary or desirable

Prior to a suspension taking effect under subsection 2, 3, 4, 5 or 7, the licensee shall have received twenty days' advance notice of the effective date of the suspension. Notwithstanding the terms of the Iowa administrative procedure Act, the filing of a petition for judicial review shall operate to stay the suspension pending the determination by the district court

If the department assesses any points against an operator or chauffeur of a motor vehicle under any

point system devised by the department for the purpose of suspending operators' or chauffeurs' licenses, the licensee shall receive a credit of one point for each year in which the licensee had in continuous effect a valid operator's or chauffeur's license and during which no points were assessed against such licensee, but such credit of points shall not exceed five points at any one time. Credit points shall be subtracted from the total points assessed against the licensee in determining when to suspend a license.

If the department assesses any points against an operator or chauffeur of a motor vehicle under any point system devised by the department for the purpose of suspending operators' or chauffeurs' licenses, the department must notify the licensee by ordinary mail that such points have been assessed and the reason therefor. Such notice shall also contain a reference to all Code sections under which the person's motor vehicle license may be suspended, revoked, canceled or denied. Provided that no license shall be suspended on the basis of any point system devised by the department without notice of proposed suspension to the licensee and a reasonable opportunity for a preliminary hearing before a member of the department who shall have authority in meritorious cases to revoke the suspension.

However, a warning memorandum, summons, conviction or forfeiture of bail not vacated, for a violation of any section of the Code or any municipal ordinance pertaining to the standards to be maintained for motor vehicle equipment, except section 321.430 or 321.431 or any municipal ordinance pertaining to motor vehicle brake requirements, shall not be taken into consideration in determining suspension or the length of suspension of an operator's or chauffeur's license. A violation of section 321.430 or 321.431 or any municipal ordinance pertaining to motor vehicle brake requirements shall not be taken into consideration in determining suspension or the length of suspension of an operator's or chauffeur's license if the equipment in violation of the Code or municipal ordinance has been repaired within seventy-two hours of such warning memorandum, summons, conviction, or forfeiture of bail not vacated, and evidence of such repair has immediately been sent to the director.

The department shall not consider nor assess points for violations of section 321.445 in determining a motor vehicle license suspension, revocation or cancellation.

The department shall not consider or assess any points for violations of section 321.446, in determining a license suspension under this section.

The department shall not consider or assess points for a parking violation in determining a license suspension under this section and a parking violation is not a moving traffic violation. For purposes of this section, a "parking violation" means a violation of a parking ordinance by local authorities, a violation of section 601E.6, section 321.366, subsection 6, or sections 321.354 through 321.361 except section 321.354, subsection 1.

The department shall not consider or assess any

points for speeding violations of ten miles per hour or less over the legal speed limit in speed zones that have a legal speed limit equal to or greater than thirty-five miles per hour but not greater than fifty-five miles per hour in determining a license suspension under this section. This paragraph shall apply to only the first two such violations which occur within any twelve-month period.

The department may, on application, issue a temporary restricted license to a person, whose motor vehicle license is suspended, canceled, or revoked under this chapter, allowing the person to drive to and from the person's home and specified places at specified times which can be verified by the department and which are required by the person's full-time or part-time employment; continuing health care or the continuing health care of another who is dependent upon the person; continuing education while enrolled in an educational institution on a part-time or full-time basis and while pursuing a course of study leading to a diploma, degree, or other certification of successful educational completion; substance abuse treatment; or court-ordered community service responsibilities. However, a temporary restricted license shall not be issued to a person whose license is revoked under section 321.209, subsections 1 through 5. A temporary restricted license may be issued to a person whose license is revoked under section 321.209, subsection 6, only if the person has no previous drag racing convictions. A person holding a temporary restricted license issued by the department under this section shall not operate a motor vehicle for pleasure.

2 Official traffic control signals consisting of colored lights or colored lighted arrows shall regulate vehicle and pedestrian traffic in the following manner:

a. A "steady circular red" light means vehicular traffic shall stop. Vehicular traffic shall remain standing until a signal to proceed is shown or vehicular traffic, unless prohibited by a sign, may cautiously enter the intersection to make a right turn from the right lane of traffic or a left turn from a one way street to a one way street from the left lane of traffic on a one way street onto the leftmost lane of traffic on a one way street. Turns made under this paragraph shall be made in a manner that does not interfere with other vehicular or pedestrian traffic lawfully using the intersection. Pedestrian traffic facing a steady circular red light shall not enter the roadway unless the pedestrian can safely cross the roadway without interfering with any vehicular traffic.

b. A "steady circular yellow" or "steady yellow arrow" light means vehicular traffic is warned that the related green movement is being terminated and vehicular traffic shall no longer proceed into the intersection and shall stop. If the stop cannot be made in safety, a vehicle may be driven cautiously through the intersection. Pedestrian traffic is warned that there is insufficient time to cross the intersection and any pedestrian starting to cross the roadway shall yield the right of way to all vehicles.

c. A "steady circular green" light means vehicular traffic may proceed straight, turn right or turn left through the intersection unless otherwise specifically prohibited. Vehicular traffic shall yield the right of way to other vehicular and pedestrian traffic lawfully within the intersection.

d. A "steady green arrow" light shown alone or with another official traffic control signal means vehicular traffic may cautiously enter the intersection and proceed in the direction indicated by the arrow. Vehicular traffic shall yield the right of way to other vehicles and pedestrians lawfully within the intersection.

e. A "flashing circular red" light means vehicular traffic shall stop and after stopping may proceed cautiously through the intersection yielding to all vehicles not required to stop or yield which are within the intersection or approaching so closely as to constitute a hazard, but then may proceed.

f. A "flashing yellow" light means vehicular traffic shall proceed through the intersection or past such signal with caution.

g. A “don’t walk” light is a pedestrian signal which means that pedestrian traffic facing the illuminated pedestrian signal shall not start to cross the roadway in the direction of the pedestrian signal, and pedestrian traffic in the crossing shall proceed to a safety zone.

h. A “walk” light is a pedestrian signal which means that pedestrian traffic facing the illuminated pedestrian signal may proceed to cross the roadway in the direction of the pedestrian signal and shall be given the right of way by drivers of all vehicles.

This shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information of a type that cannot be mistaken for official signs.

321.275 Operation of motorcycles and motorized bicycles.

1. *General.* The motor vehicle laws apply to the operators of motorcycles and motorized bicycles to the extent practically applicable.

2. *Riders.*

a. *Motorized bicycles.* A person operating a motorized bicycle on the highways shall not carry any other person on the vehicle.

b. *Motorcycles.* A person shall not operate or ride a motorcycle on the highways with another person on the motorcycle unless the motorcycle is designed to carry more than one person. The additional passenger may ride upon the permanent and regular seat if designed for two persons, or upon another seat firmly attached to the motorcycle at the rear of the operator. The motorcycle shall be equipped with footrests for the passenger unless the passenger is riding in a sidecar or enclosed cab. The motorcycle operator shall not carry any person nor shall any other person ride in a position that will interfere with the operation or control of the motorcycle or the view of the operator.

3. *Sitting position.* A person operating a motorcycle or motorized bicycle shall ride only upon the vehicle's permanent and regular attached seat. Every person riding upon the vehicle shall be sitting astride the seat, facing forward with one leg on either side of the vehicle.

4. *Use of traffic lanes.* Persons shall not operate motorcycles or motorized bicycles more than two abreast in a single lane. Except for persons operating such vehicles two abreast, a motor vehicle shall not be operated in a manner depriving a motorcycle or motorized bicycle operator of the full use of a lane. A motorcycle or motorized bicycle shall not be operated between lanes of traffic or between adjacent lines or rows of vehicles. The operator of a motorcycle or motorized bicycle shall not overtake and pass in the same lane occupied by the vehicle being overtaken unless the vehicle being overtaken is a motorcycle or motorized bicycle.

5. *Headlights on.* A person shall not operate a 1977 or later model year motorcycle or any model year motorized bicycle upon the highways without displaying at least one lighted headlamp of the type described in section 321.409. However, this subsection is subject to the exceptions with respect to parked vehicles as provided in this chapter.

6 *Packages* The operator of a motorcycle or motorized bicycle shall not carry any package, bundle, or other article which prevents the operator from keeping both hands on the handlebars

7 *Handlebars* A person shall not operate a motorcycle or motorized bicycle with handlebars more than fifteen inches in height above that portion of the seat occupied by the operator

8 *Parades* The provisions of this section do not apply to motorcycles or motorized bicycles when used in a parade authorized by proper permit from local authorities

SPEED RESTRICTIONS

321.285 Speed restrictions.

Any person driving a motor vehicle on a highway shall drive the same at a careful and prudent speed not greater than nor less than is reasonable and proper, having due regard to the traffic, surface and width of the highway and of any other conditions then existing, and no person shall drive any vehicle upon a highway at a speed greater than will permit the person to bring it to a stop within the assured clear distance ahead, such driver having the right to assume, however, that all persons using said highway will observe the law

The following shall be the lawful speed except as hereinbefore or hereinafter modified, and any speed in excess thereof shall be unlawful

1 Twenty miles per hour in any business district

2 Twenty five miles per hour in any residence or school district

3 Forty miles per hour for any motor vehicle drawing another vehicle, except as hereinafter specified

4 Forty five miles per hour in any suburban district Each school district as defined in subsection 59 of section 321 1 shall be marked by distinctive signs as provided by the current manual of uniform traffic control devices adopted by the department and placed on the highway at the limits of such school district

5 Fifty five miles per hour from sunset to sunrise and fifty five miles per hour from sunrise to sunset

6 Fifty five miles per hour for any motor vehicle drawing a one or two wheel trailer or a tandem wheel trailer not more than thirty two feet in length including towing arm and not more than eight feet in width

7 Reasonable and proper, but not greater than fifty five miles per hour at any time between sunrise and sunset, and not greater than fifty miles per hour

at any time between sunset and sunrise, on secondary roads unless such roads are surfaced with concrete or asphalt or a combination of both, in which case the speed limits shall be the same as provided in subsection 5 of this section. Whenever the board of supervisors of any county shall determine upon the basis of an engineering and traffic investigation conducted by the department when so requested by said board that the speed limit on any secondary road is greater than is reasonable and proper under the conditions found to exist at any intersection or other place or upon any part of a secondary road, said board shall determine and declare a reasonable and proper speed limit thereat. Such speed limits as determined by the board of supervisors shall be effective when appropriate signs giving notice thereof are erected by the board of supervisors at such intersection or other place or part of the highway.

8. Notwithstanding any other speed restrictions, the speed limit for all vehicular traffic, except vehicles subject to the provisions of section 321.286 on fully controlled-access, divided, multilaned highways including the national system of interstate highways designated by the federal highway administration and this state (23 U.S.C. sec. 103 (e)) is sixty-five miles per hour. However, the department or cities with the approval of the department may establish a lower speed limit upon such highways located within the corporate limits of a city and used as city alternate routes, commonly referred to as "freeways." For the purposes of this subsection a fully controlled-access highway is a highway that gives preference to through traffic by providing access connections with selected public roads only and by prohibiting crossings at grade or direct private driveway connections. A minimum speed of forty miles per hour, road conditions permitting, is established on the highways referred to in this subsection.

It is further provided that any kind of vehicle, implement, or conveyance incapable of attaining and maintaining a speed of forty miles per hour shall be prohibited from using the interstate system.

1. Sixty-five miles per hour on all fully controlled-access, divided, multilaned highways including interstate highways.

2. Fifty-five miles per hour on all primary roads.

3. Fifty miles per hour on all secondary roads.

For the purposes of this section, interstate highways are those designated by the federal highway administration and this state, and primary and secondary roads are those designated by the federal

highway administration and this state.

a. When approaching and passing a person walking in the traveled portion of the public highway.

b. When approaching and passing an animal which is being led, ridden, or driven upon a public highway.

c. When approaching and traversing a crossing or intersection of public highways, or a bridge, sharp turn, curve, or steep descent, in a public highway.

On all other main highways the city shall furnish and erect suitable signs giving similar information to traffic on such highways.

321.290 Special restrictions.

Whenever the department shall determine upon the basis of an engineering and traffic investigation that any speed limit hereinbefore set forth is greater

or less than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of the primary road system or upon any part of a primary road extension, said department shall determine and declare a reasonable and safe speed limit thereat which shall be effective when appropriate signs giving notice thereof are erected at such intersection or other place or part of the highway.

Whenever the council in any city shall determine upon the basis of an engineering and traffic investigation that any speed limit hereinbefore set forth is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of the city street system, except primary road extensions, said council shall determine and adopt by ordinance such higher or lower speed limit as it deems reasonable and safe thereat. Such speed limit shall be effective when proper and appropriate signs giving notice thereof are erected at such intersections or other place or part of the street.

In every charge of violation of sections 321.285 to 321.287 the information, also the notice to appear, shall specify the speed at which the defendant is alleged to have driven, also the speed limit applicable within the district or at the location.

321.292 Civil action unaffected.

The foregoing provisions of sections 321.285 to 321.287 shall not be construed to relieve the plaintiff in any civil action from the burden of proving negligence upon the part of the defendant as the proximate cause of an accident.

321.293 Local authorities may alter limits.

Local authorities in their respective jurisdiction may in their discretion subject to the approval of the department authorize by ordinance higher speeds than those stated in section 321.285 upon through highways or upon highways or portions thereof where stop or yield signs have been erected at the entrances thereto provided signs are erected giving notice of the authorized speed, but local authorities shall not have authority to authorize by ordinance a speed in excess of fifty-five miles per hour. If local authorities fail to authorize by ordinance higher speeds than those stated in section 321.285 upon through highways or upon highways or portions thereof where stop signs have been erected at the entrances thereto, the department may recommend, upon the basis of an engineering and traffic investigation, to the local authorities that the speed limit be increased. If local authorities fail to increase the speed limit upon said recommendation of the department, said department shall declare a reasonable

and safe speed limit which shall be effective when appropriate signs are erected giving notice thereof.

321.294 Minimum speed regulation.

No person shall drive a motor vehicle at such a slow speed as to impede or block the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law. Peace officers are hereby authorized to enforce this provision by directions to drivers, and in the event of apparent willful disobedience to this provision and refusal to comply with direction of an officer in accordance herewith the continued slow operation by a driver shall be a misdemeanor, and be punished as provided in section 321.482.

321.295 Limitation on bridge or elevated structures.

No person shall drive a vehicle on any public bridge or elevated structure at a speed which is greater than the maximum speed permitted under this chapter on the street or highway at a point where said street or highway joins said bridge or elevated structure, provided that if the maximum speed permitted on said street or highway differs from the maximum speed on any other street or highway joining said bridge or elevated structure, then the lowest of said speeds shall be the maximum speed limit on said bridge or elevated structure, subject to the following:

The department upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it shall thereupon find that such structure cannot with safety to itself withstand vehicles traveling at the speed otherwise permissible under this chapter, the department shall determine and declare the maximum speed of vehicles which such structure can withstand, and shall cause or permit suitable signs stating such maximum speed to be erected and maintained at a distance of two hundred feet before each end of such structure.

No person shall drive a vehicle over any bridge or other elevated structure constituting a part of a highway at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, when such structure is signposted as provided in this section.

Upon the trial of any person charged with driving a vehicle at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, proof of such determination of the maximum speed by said department and the existence of said signs shall constitute conclusive evidence of the maximum speed which can be maintained with safety to such bridge or structure.

a. When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement.

b. When an obstruction exists making it necessary to drive to the left of the center of the roadway, provided, any person so doing shall yield the right of way to all vehicles traveling in the proper direction upon the unobstructed portion of the roadway within such distance as to constitute an immediate hazard.

c. Upon a roadway divided into three marked lanes for traffic under the rules applicable thereon.

d. Upon a roadway restricted to one-way traffic.

2. Any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic upon all roadways, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection, an alley, private road or driveway.

3. A vehicle shall not be driven upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, to the left of the center line of the roadway, except when authorized by official traffic-control devices designating certain lanes to the left side of the center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under subsection 1, paragraph “b.” This subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road, or driveway.

The driver of a vehicle may overtake and, allowing sufficient clearance, pass another vehicle proceeding in the same direction either upon the left or upon the right on a roadway with unobstructed pavement of sufficient width for four or more lines of moving traffic when such movement can be made in safety. No person shall drive off the pavement or upon the shoulder of the roadway in overtaking or passing on the right.

[C39, §5024.06; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.302]

321.303 Limitations on overtaking on the left.

A vehicle shall not be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless the left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit the overtaking and passing to be completely made without interfering with the safe operation of a vehicle approaching from the opposite direction or a vehicle overtaken. The overtaking vehicle shall return to the right-hand side of the roadway before coming within three hundred feet of a vehicle approaching from the opposite direction when traveling on a roadway having a legal speed limit in excess

of thirty miles per hour, and the overtaking vehicle shall return to the right-hand side of the roadway before coming within one hundred feet of a vehicle approaching from the opposite direction when traveling on a roadway having a legal speed limit of thirty miles per hour or less.

321.304 Prohibited passing.

No vehicle shall, in overtaking and passing another vehicle or at any other time, be driven to the left side of the roadway under the following conditions:

1. When approaching the crest of a grade or upon a curve in the highway where the driver's view along the highway is obstructed for a distance of approximately seven hundred feet.

2. When approaching within one hundred feet of any narrow bridge, viaduct, or tunnel, when so signposted, or when approaching within one hundred feet of or traversing any intersection or railroad grade crossing.

3. Where official signs are in place directing that traffic keep to the right or a distinctive center line or off-center line is marked, which distinctive line also so directs traffic as declared in the sign manual adopted by the department of transportation.

[C35, §5024-e1; C39, §5024.08; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.304]

321.306 Roadways laned for traffic.

Whenever any roadway has been divided into three or more clearly marked lanes for traffic the following rules in addition to all others consistent herewith shall apply:

A vehicle shall be driven as nearly as practical entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

Upon a roadway which is divided into three lanes a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is signposted to give notice of such allocation.

Official signs may be erected directing slow-moving traffic to use a designated lane or allocating specified lanes to traffic moving in the same direction and drivers of vehicles shall obey the directions of every such sign.

Vehicles moving in a lane designated for slow-moving traffic shall yield the right of way to vehicles moving in the same direction in a lane not so designated when such lanes merge to form a single lane.

A portion of a highway provided with a lane for slow-moving vehicles does not become a roadway marked for three lanes of traffic.

321.307 Following too closely.

The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon and the condition of the highway.

When the director has reason to believe that an approved device as being sold commercially does not comply with the requirements of this chapter, the director may, after giving thirty days' previous notice to the person holding the certificate of approval for such device in this state, conduct a hearing upon

the question of compliance of said approved device. After said hearing the director shall determine whether said approved device meets the requirements of this chapter. If said device does not meet the requirements of this chapter the director shall give notice to the person holding the certificate of approval for such device in this state.

If at the expiration of ninety days after such notice the person holding the certificate of approval for such device has failed to satisfy the director that said approved device as thereafter to be sold meets the requirements of this chapter, the director shall suspend or revoke the approval issued therefor until or unless such device is resubmitted to and retested by an authorized testing agency and is found to meet the requirements of this chapter, and may require that all said devices sold since the notification following the hearing be replaced with devices that do comply with the requirements of this chapter. The director may at the time of the retest purchase in the open market and submit to the testing agency one or more sets of such approved devices, and if such device upon such retest fails to meet the requirements of this chapter, the director may refuse to renew the certificate of approval of such device.

321.430 Brake, hitch and control requirements.

1 Every motor vehicle, other than a motorcycle, or motorized bicycle, when operated upon a highway shall be equipped with brakes adequate to control the movement of and to stop and hold such vehicle, including two separate means of applying the brakes, each of which means shall be effective to apply the brakes to at least two wheels. If these two separate means of applying the brakes are connected in any way, they shall be so constructed that failure of any one part of the operating mechanism shall not leave the motor vehicle without brakes on at least two wheels.

2 Every motorcycle and motorized bicycle, when operated upon a highway, shall be equipped with at least one brake, which may be operated by hand or foot.

3 Every trailer or semitrailer of a gross weight of three thousand pounds or more, and every trailer coach or travel trailer of a gross weight of three thousand pounds or more intended for use for human habitation, when operated on the highways of this state, shall be equipped with brakes adequate to control the movement of and to stop and hold such vehicle, and so designed as to be applied by the driver of the towing motor vehicle from its cab, or with self actuating brakes, and weight equalizing hitch with a sway control of a type approved by the director of transportation. Every semitrailer, travel trailer, or trailer coach of a gross weight of three thousand pounds or more shall be equipped with a separate, auxiliary means of applying the brakes on

the semitrailer, travel trailer, or trailer coach from the cab of the towing vehicle. Trailers or semitrailers with a truck or truck tractor need only comply with the brake requirements.

4 Except as otherwise provided in this chapter, every new motor vehicle, trailer, or semitrailer hereafter sold in this state and operated upon the highways shall be equipped with service brakes upon all wheels of every such vehicle with the following exceptions:

a Any motorcycle or motorized bicycle.

b Any trailer or semitrailer of less than three thousand pounds gross weight need not be equipped with brakes.

c Trucks and truck tractors equipped with three or more axles and manufactured before July 25, 1980, need not have brakes on the front wheels, except that such vehicles equipped with two or more front axles shall be equipped with brakes on at least one of the axles, however, the service brakes of the vehicle shall comply with the performance requirements of section 321.431.

d Only such brakes on the vehicle or vehicles being towed in a driveaway towaway operation need be operative as may be necessary to insure compliance by the combination of vehicles with the performance requirements of section 321.431. The term "driveaway towaway" operation as used in this subsection means any operation in which any motor vehicle or motor vehicles, new or used, constitute the commodity being transported, when one set or more of wheels of any such motor vehicle or motor vehicles are on the roadway during the course of transportation, whether or not any such motor vehicle furnishes the motive power.

b To stop such vehicle or vehicles having a gross weight in excess of five thousand pounds within a distance of forty five feet.

2 Under the above conditions the hand brake shall be adequate to hold such vehicle or vehicles stationary on any grade upon which operated.

3 Under the above conditions the service brakes upon a motor vehicle equipped with two wheel brakes only, and when permitted hereunder, shall be adequate to stop the vehicle within a distance of forty five feet and the hand brake adequate to stop the vehicle within a distance of fifty five feet.

4 All braking distances specified in this section

shall apply to all vehicles mentioned, whether such vehicles are not loaded or are loaded to the maximum capacity permitted under this chapter.

5. All brakes shall be maintained in good working order and shall be so adjusted as to operate as equally as practicable with respect to the wheels on opposite sides of the vehicle.

3. Pneumatic tires with inserted ice grips or tire studs projecting not more than one-sixteenth inch beyond the tread of the traction surface of the tire upon any vehicle from November 1 of each year to April 1 of the following year, except that a school bus and fire department emergency apparatus may use such tires at any time.

A person possessing a written certification from a physician on a form provided by the department that the person is unable to wear a safety belt or safety harness due to physical or medical reasons. The certification shall specify the time period for which the exemption applies. The time period shall not exceed twelve months, at which time a new certification may be issued.

f. Front seat occupants of an authorized emergency vehicle while they are being transported in an emergency. However, this exemption does not apply to the driver of the authorized emergency vehicle.

During the six-month period from July 1, 1986 through December 31, 1986, peace officers shall issue only warning citations for violations of this subsection, except this does not apply to drivers subject to the federal motor carrier safety regulation 49 C.F.R. §392.16.

The department, in cooperation with the department of public safety and the department of education, shall establish educational programs to foster compliance with the safety belt and safety harness usage requirements of this subsection.

3. The driver and front seat passengers may be each charged separately for improperly used or non-used equipment under subsection 2. The owner of the motor vehicle may be charged for equipment violations under subsection 1.

b. In a cause of action arising on or after July 1, 1986, brought to recover damages arising out of the ownership or operation of a motor vehicle, the failure to wear a safety belt or safety harness in

violation of this section shall not be considered evidence of comparative fault under section 668.3, subsection 1. However, except as provided in section 321.446, subsection 6, the failure to wear a safety belt or safety harness in violation of this section may be admitted to mitigate damages, but only under the following circumstances:

(1) Parties seeking to introduce evidence of the failure to wear a safety belt or safety harness in violation of this section must first introduce substantial evidence that the failure to wear a safety belt or safety harness contributed to the injury or injuries claimed by the plaintiff.

(2) If the evidence supports such a finding, the trier of fact may find that the plaintiff's failure to wear a safety belt or safety harness in violation of this section contributed to the plaintiff's claimed injury or injuries, and may reduce the amount of plaintiff's recovery by an amount not to exceed five percent of the damages awarded after any reductions for comparative fault.

5. The department shall adopt rules pursuant to chapter 17A providing exceptions from application of subsections 1 and 2 for front seats and front seat passengers of motor vehicles owned, leased, rented, or primarily used by physically handicapped persons who use collapsible wheelchairs.

A child at least three years of age but under six years of age who is being transported in a motor vehicle subject to registration which has a gross weight of ten thousand pounds or less as specified by the manufacturer, except a school bus or motorcycle, shall be secured during transit by either a child restraint system that meets federal motor vehicle safety standards and is used in accordance with the manufacturer's instructions, or by a safety belt or safety harness of a type approved under section 321.445.

3. This section does not apply to peace officers acting on official duty. This section also does not apply to the transportation of children in 1965 model year or older vehicles or authorized emergency vehicles. This section does not apply to the transportation of a child who has been certified by a physician licensed under chapter 148, 150, or 150A as having a medical, physical, or mental condition which prevents or makes inadvisable securing the child in a child restraint system, safety belt or safety harness.

4. The operator who violates subsection 1 or 2 is

guilty of a misdemeanor and subject only to the penalty provisions of section 805.8, subsection 2, paragraph “t”.

5. A person who is first charged for a violation of subsection 1 and who has not purchased or otherwise acquired a child restraint system shall not be convicted if the person produces in court, within a reasonable time, proof that the person has purchased or otherwise acquired a child restraint system which meets federal motor vehicle safety standards.

The minimum age for the exempted intrastate operations is eighteen years of age.

Notwithstanding other provisions of this section, rules adopted under this section for a driver of a commercial vehicle shall not apply to a driver for a private carrier, who is not for hire and who is engaged exclusively in intrastate commerce, when the driver's commercial vehicle is not operated more than one hundred miles from the driver's work reporting location.

Notwithstanding other provisions of this section, rules adopted under this section concerning physical and medical qualifications for drivers of commercial vehicles engaged in intrastate commerce shall not be construed as disqualifying any individual who was employed as a driver of commercial vehicles engaged in intrastate commerce prior to January 1, 1988.

Notwithstanding other provisions of this section, rules adopted under this section concerning physical and medical qualifications for a driver shall not apply to a farmer or a farmer's hired help when operating a vehicle owned by the farmer while it is being used in connection with the intrastate transportation of fertilizers and chemicals used in the farmer's crop production.

Notwithstanding other provisions of this section, rules adopted under this section concerning physical and medical qualifications for a driver shall not apply to a farmer or a farmer's hired help when operating a vehicle owned by the farmer while it is being used in connection with the intrastate transportation of agricultural commodities or feed.

Notwithstanding other provisions of this section, rules adopted under this section shall not impose any requirements which impose any restrictions upon a person operating an implement of husbandry or pickup to transport fertilizers and pesticides in that person's agricultural operations.

321.450 Hazardous materials transportation regulations.

A person shall not transport or have transported or shipped within this state any hazardous material except in compliance with rules adopted by the department under chapter 17A. The rules shall be consistent with the federal hazardous materials regulations promulgated under United States Code, Title 49, and found in 49 C.F.R. §§107, 171 to 173, 177, and 178. However, rules adopted under this section concerning tank specifications shall not apply to cargo tank motor vehicles with a capacity of four thousand gallons or less used to transport gasoline in intrastate commerce, which were manufactured between 1950 and 1979 and are in compliance with the American society of mechanical engineers specifications in effect at the time of manufacture.

321.451 Emergency vehicles — certificate of designation.

The director may designate a privately owned ambulance, fire, rescue or disaster vehicle as an authorized emergency vehicle, and issue a certificate of designation for it, upon written request being made on forms provided by the department and showing necessity for the designation. The certificate of designation shall at all times be carried with the certificate of registration of the vehicle to which it refers and may be revoked by the director upon a showing of abuse.

SIZE, WEIGHT, AND LOAD

321.452 Scope and effect.

Except for offenses punishable under the provisions of section 321.463 it is a misdemeanor, punishable as provided in section 321.482, for any person to drive or move or for the owner to cause or knowingly permit to be driven or moved on any highway any vehicle or vehicles of a size or weight exceeding the limitations stated in this chapter, and the maximum size and weight of vehicles herein specified shall be lawful throughout this state, and local authorities shall have no power or authority to alter said limitations except as express authority may be granted in this chapter.

[C39, §5035.01; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.452]

321.453 Exceptions.

The provisions of this chapter governing size, weight, and load do not apply to fire apparatus, to road maintenance equipment owned by or under lease to any state or local authority, or to implements of husbandry temporarily moved upon a highway, or to implements moved from farm site to farm site or between the retail seller and a farm purchaser within a one hundred mile radius from the retail seller's place of business, or to indivisible implements of husbandry temporarily moved between the place of manufacture and a retail seller or a farm purchaser, or implements received and moved by a retail seller of implements of husbandry in exchange for an implement purchased, or implements of husbandry moved for repairs, except on any part of the interstate highway system, or to a vehicle operating under the terms of a special permit issued as provided in chapter 321E.

[C39, §5035.02; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.453; 82 Acts, ch 1154, §3, ch 1254, §3]

321.454 Width of vehicles.

1. The total outside width of any vehicle or the load thereon shall not exceed eight feet except that a motor home or bus having a total outside width not exceeding eight feet six inches, exclusive of safety equipment, is exempt from the permit requirements of chapter 321E and may be operated on the public highways of the state. However, if hay, straw or stover moved on any implement of husbandry and the total width of load of the implement of husbandry exceeds eight feet in width, the implement of husbandry is not subject to the permit requirements of chapter 321E. If hay, straw or stover is moved on any other vehicle subject to registration, the moves are subject to the permit requirements for transporting loads exceeding eight feet in width as required under chapter 321E. The vehicle width limitations imposed by this subsection only apply to the public highways of the state not subject to the width limitations imposed under subsection 2.

2. The total outside width of any vehicle and load shall not exceed eight feet six inches, exclusive of

safety equipment determined necessary for safe and efficient operation by the secretary of the United States department of transportation, on highways designated by the transportation commission. The commission shall adopt rules to designate the highways. The rules adopted under this subsection are exempt from chapter 17A.

No passenger-type vehicle shall be operated on any highway with any load carried thereon extending beyond the line of the fenders on the left side of such vehicle nor extending more than six inches beyond the line of the fenders on the right side thereof. Passengers shall not ride on any part of any vehicle unless it is expressly designed either for passenger use or designed for carrying livestock, merchandise, or freight.

321.456 Height of vehicles — permits.

A vehicle unladen or with load shall not exceed a height of thirteen feet, six inches, except by permit as provided in this section. This section shall not be construed to require any railroad or public authorities to provide sufficient vertical clearance to permit the operation of such vehicle upon the highways of this state. Any damage to highways, highway or railroad structures or underpasses caused by the height of any vehicle provided for by this section shall be borne by the operator or owner of the vehicle. Vehicles unladen or with load exceeding a height of thirteen feet, six inches but not exceeding fourteen feet may be operated with a permit issued by the department or jurisdictional local authorities. The permits shall be issued annually for a fee of twenty-five dollars and subject to rules adopted by the department. The state or a political subdivision shall not be liable for damage to any vehicle or its cargo if changes in vertical clearance of a structure are made subsequent to the issuance of a permit during the term of the permit.

321.457 Maximum length.

1. A combination of four vehicles is not allowed on the highways of this state, except for power units saddle mounted on other power units which shall be restricted to a maximum overall length of sixty-five feet.

2. The maximum length of any motor vehicle or combination of vehicles operated on the highways of this state, unless subject to the maximum length provisions of subsection 3, are as follows:

a. A single truck, unladen or with load, shall not

have an overall length, inclusive of front and rear bumpers, in excess of forty feet.

b. A single bus, unladen or with load, shall not have an overall length, inclusive of front and rear bumpers, in excess of forty feet, except that buses constructed so as to contain a flexible part allowing articulation shall not exceed sixty-one feet.

c. Except for combinations of vehicles, provisions for which are otherwise made in this chapter, no combination of a truck tractor and a semitrailer coupled together or a motor truck and a trailer or semitrailer coupled together unladen or with load, shall have an overall length, inclusive of front and rear bumpers, in excess of sixty feet.

d. However, a mobile home not in excess of forty-eight feet in length may be drawn by any motor vehicle, except a motor truck, provided that the mobile home and its towing unit are not in excess of an overall length of sixty feet. For the purposes of this subsection, a light delivery truck, panel delivery truck or "pickup" is not a motor truck. A portable livestock loading chute not in excess of a length of thirteen feet including its hitch or tongue may be drawn by any vehicle or combination of vehicles, provided that the vehicle or combination of vehicles drawing the loading chute is not in excess of the legal length provided for such vehicles or combinations.

e. Combinations of vehicles coupled together which are used exclusively for the transportation of passenger vehicles, light delivery trucks, panel delivery trucks, pickup trucks, recreational vehicle chassis, and boats shall not exceed sixty-five feet in overall length. However, the load carried on a truck-semitrailer combination may extend up to three feet beyond the front bumper and up to four feet beyond the rear bumper.

f. A combination of three vehicles coupled together one of which is a motor vehicle, unladen or with load, shall not have an overall length, inclusive of front and rear bumpers, in excess of sixty feet.

g. A motor vehicle or combination of vehicles may be operated upon the highways of this state, irrespective of the length and weight limitations imposed by the laws of this state, if the motor vehicle or combination of vehicles is operated within the corporate limits of a city abutting a border of this state and such operations have been approved by ordinance of the city council and if the length and weight of the motor vehicle or combination of vehicles is in conformity with the laws relating to length and weight of the abutting state on July 1, 1974. If a city council has authorized such operation upon highways within the corporate limits, then the limit of travel for such motor vehicles or combination of vehicles within the state is extended to the commercial zones as described by federal regulations concerning interstate commerce, 49 code of federal regulations, paragraphs 1048.10, 1048.38, and 1048.101 as they exist on July 1, 1974.

h. A semitrailer shall not have a distance between the kingpin and the center of its rearmost axle in excess of forty feet, except a semitrailer used principally for hauling livestock, a semitrailer used exclu-

sively for hauling self-propelled industrial and construction equipment, or a semitrailer used exclusively for the purposes described in paragraph e of this subsection. A semitrailer which is a 1980 or older model having a distance between the kingpin and center of the rearmost axle of more than forty feet may be operated on the highways of this state if a special overlength permit is obtained from the department for the vehicle. The special overlength permit shall be valid until the semitrailer is inoperable.

3. The maximum length of any motor vehicle or combination of vehicles operated on the highways of this state which are designated by the transportation commission shall be as follows:

a. A trailer or semitrailer, laden or unladen, shall not have an overall length in excess of fifty-three feet when operating in a truck tractor-semitrailer combination.

b. A trailer or semitrailer, laden or unladen, shall not have an overall length in excess of twenty-eight feet six inches when operating in a truck tractor-semitrailer-trailer combination.

c. Power units designed to carry cargo, when used in combination with a trailer or semitrailer shall not exceed sixty-five feet in overall length for the combination.

d. In a combination of vehicles used principally for hauling livestock operating under this subsection and section 321.454, subsection 2, the combination of vehicles used principally for hauling livestock may depart from the designated highway system by the most direct route to points of pickup and delivery. Vehicles operating under this paragraph are not exempt from posted size and weight restrictions on highway structures.

The commission shall adopt rules to designate the highways. The rules adopted by the department under this paragraph are exempt from chapter 17A.

4. Fire fighting apparatus and vehicles operated during daylight hours when transporting poles, pipe, machinery, or other objects of a structural nature which cannot be readily disassembled when required for emergency repair of public service facilities or properties are not subject to the limitations on overall length of vehicles and combinations of vehicles imposed under this section. However, for operation during nighttime hours, these vehicles and the load being transported shall be equipped with a sufficient number of clearance lamps on both sides and marker lamps at the extreme ends of the projecting load to clearly mark the dimensions of the load. A member of the state highway safety patrol shall also be notified prior to the operation of the vehicle.

321.458 Loading beyond front.

The load upon any vehicle operated alone, or the load upon the front vehicle of a combination of vehicles, shall not extend more than three feet

beyond the front wheels of such vehicle or the front bumper of such vehicle if it is equipped with such a bumper.

[C39, §5035.07; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.458]

321.459 Dual axle requirement.

Axles of a motor vehicle, trailer, or semitrailer which are less than forty inches apart center to center shall be considered as a single axle for the purpose of determining permissible gross weight under section 321.463.

[C31, 35, §5067.d3; C39, §5035.08; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.459]

321.460 Spilling loads on highways.

A vehicle shall not be driven or moved on any highway by any person unless such vehicle is so constructed or loaded or the load securely covered as to prevent any of its load from dropping, sifting, leaking, or otherwise escaping or its load covering from dropping from the vehicle, except that sand may be dropped for the purpose of securing traction, or water or other substance may be sprinkled on a roadway in cleaning or maintaining such roadway. The provisions of this section shall not apply to vehicles loaded with hay or stover or the products listed in section 321.466, subsections 5 and 6.

[C39, §5035.09; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.460]

321.461 Trailers and towed vehicles.

When one vehicle is towing another the drawbar or other connection shall not exceed fifteen feet from one vehicle to the other except the connection between any two vehicles transporting poles, pipe, machinery, or other objects of structural nature which cannot readily be dismembered.

[C39, §5035.10; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.461]

321.462 Drawbars and safety chains.

When one vehicle is towing or pulling another vehicle the drawbar or other connection shall be of sufficient strength to pull all weight towed thereby and shall be fastened to the frame of the towing vehicle in such manner as to prevent sidesway, and in addition to such principal connection there shall be a safety chain which shall be so fastened as to be capable of holding the towed vehicle should the principal connection for any reason fail.

The connection between a truck tractor and a semitrailer with a gross weight of three thousand pounds or more shall be of a type approved by the director.

[C39, §5035.11; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.462]

88 Acts, ch 1278, §33

321.463 Maximum gross weight.

An axle may be divided into two or more parts, except that all parts in the same vertical transverse plane shall be considered as one axle.

The gross weight on any one axle of a vehicle, or of a combination of vehicles, operated on the highways of this state, shall not exceed twenty thousand pounds on an axle equipped with pneumatic tires, and shall not exceed fourteen thousand pounds on an axle equipped with solid rubber tires. The gross weight on any tandem axle of a vehicle, or any combination of vehicles, shall not exceed thirty-four thousand pounds on an axle equipped with pneumatic tires.

A group of two or more consecutive axles of any vehicle or combination of vehicles, shall not carry a load in pounds in excess of the overall gross weight determined by application of the following formula: W equals $500(LN/N-1 + 12N + 36)$. W equals the overall gross weight on any group of two or more consecutive axles to the nearest five hundred pounds, L equals the distance in feet, rounded to the nearest whole foot, between the extreme of any group of two or more consecutive axles, and N equals the number of axles in the group under consideration. The following are exceptions to application of the formula:

1. Two consecutive sets of tandem axles may carry a gross load of thirty-four thousand pounds each providing the overall distance between the first and last axles of the consecutive sets of tandem axles is thirty-six feet or more.

2. On highways not part of the interstate system, a vehicle or combination of vehicles having:

a. Four axles where the extreme axles are eighteen feet apart may carry a gross load of fifty-three thousand pounds.

b. Five axles where the extreme axles are thirty-two feet apart may carry a gross load of sixty-seven thousand five hundred pounds.

c. Six or more axles where the extreme axles are forty-one feet apart may carry a gross load of seventy-eight thousand pounds.

For every foot of distance between extreme axles less than the above axle spacings, the overall gross weight of the vehicle or combination of vehicles shall be determined by deducting one thousand pounds from the gross loads specified in paragraphs "a", "b" and "c". All measurements between extreme axles shall be rounded to the nearest whole foot.

The maximum gross weight shall not exceed eighty thousand pounds.

The weight on any one axle, including a tandem axle, of a vehicle which is transporting livestock on highways not part of the interstate system may exceed the legal maximum weight given in this chapter providing that the gross weight on any particular group of axles on such vehicle does not exceed the gross weight allowable under this chapter for such groups of axles.

A person who operates a vehicle in violation of the provisions of this section, and an owner, or any other person, employing or otherwise directing the operator of a vehicle, who requires or knowingly permits the operation of a vehicle in violation of the provisions of this section shall be fined according to the following schedule:

AXLE, TANDEM AXLE,
AND GROUP OF AXLES WEIGHT VIOLATIONS

Pounds Overloaded	Amount of Fine
Up to and including 1,000 pounds	\$10 plus one-half cent per pound
Over 1,000 pounds to and including 2,000 pounds	\$15 plus one-half cent per pound
Over 2,000 pounds to and including 3,000 pounds	\$80 plus three cents per pound
Over 3,000 pounds to and including 4,000 pounds	\$100 plus four cents per pound
Over 4,000 pounds to and including 5,000 pounds	\$150 plus five cents per pound
Over 5,000 pounds to and including 6,000 pounds	\$200 plus seven cents per pound
Over 6,000 pounds	\$200 plus ten cents per pound

Fines for gross weight violations for vehicles or combinations of vehicles shall be assessed at one-half of the fine rate schedule for axle, tandem axle, and groups of axles weight violations.

The amount of the fine to be assessed shall be computed on the difference between the actual weight and the maximum legal weight specified in this section by applying the appropriate rate in the preceding schedule for the total amount of overload.

The schedule of fines may be assessed in addition to any other penalties provided for in this chapter.

Overloads on axles and tandem axles and overloads on groups of axles or on an entire vehicle or combination of vehicles shall be considered as separate violations of the provisions of this section.

A person who issues or executes, or causes to be issued or executed, a bill of lading, manifest, or shipping document of any kind which states a false weight of the cargo set forth on such bill, manifest, or document, which is less than the actual weight of the cargo, shall, upon conviction, be guilty of a simple misdemeanor.

[C24, 27, 31, 35, §5065; C39, §5035.12; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.463; 81 Acts, ch 110, §1, ch 111]

321.464 Investigation as to safety.

The director upon registering any vehicle under the laws of this state which vehicle is designed and used primarily for the transportation of property or for the transportation of ten or more persons, may require such information and may make such investigation or test as necessary to enable the director to determine whether such vehicle may safely be operated upon the highways in compliance with all the provisions of this chapter. The director shall register every such vehicle for a permissible gross weight not exceeding the limitations set forth in this chapter. Every such vehicle shall meet the following requirements:

1. It shall be equipped with brakes as required in sections 321.430 and 321.431.

2. Every motor vehicle to be operated outside of business and residence districts shall have motive power adequate to propel at a reasonable speed such

vehicle and any load thereon or to be drawn thereby. [C39, §5035.13; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.464]

321.465 Weighing vehicles and removal of excess.

Any peace officer having reason to believe that the weight of a vehicle and load is unlawful is authorized to require the driver to stop and submit to a weighing of the same either by means of portable or stationary scales and may require that such vehicle be driven to the nearest public scales.

Whenever an officer upon weighing a vehicle and load, as above provided, determines that the weight is unlawful, such officer may require the driver to stop the vehicle in a suitable place and remain standing until such portion of the load is removed as may be necessary to reduce the gross weight of such vehicle to such limit as permitted under this chapter. All material so unloaded shall be cared for by the owner or operator of such vehicle at the risk of such owner or operator.

A driver of a vehicle who fails or refuses to stop and submit the vehicle and load to a weighing, or who fails or refuses when directed by an officer upon a weighing of the vehicle to stop the vehicle and otherwise comply with this section, is guilty of a simple misdemeanor.

Upon weighing a vehicle and load, as above provided, if such load is a sealed load, the weight officer shall issue a certificate setting forth the weights as determined by the weight officer and the seal number or numbers, if requested by the operator.

[C31, 35, §4921-d1; C39, §5035.14; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.465] 83 Acts, ch 101, §71

321.466 Increased loading capacity – reregistration.

1. An increased gross weight registration may be obtained for any vehicle by payment of the difference between the annual fee for the higher gross weight and the amount of the fee for the gross weight at which it is registered.

2. During or after the seventh month of a current registration year, the owner of a motor truck, truck tractor, road tractor, semitrailer or trailer may, if the owner's operation has not resulted in a conviction or action pending under this section, increase the gross weight of the vehicle to a higher gross weight classification by payment of one-twelfth of the difference between the annual fee for the higher gross weight and the amount of the fee for the gross weight at which it is registered, multiplied by the number of unexpired months of the registration year.

3. Upon conversion of a truck to a truck tractor or a truck tractor to a truck, an increased gross weight registration of the proper type may be obtained for the vehicle by payment, except as provided in section 321.106, of one-twelfth of the difference between the annual fee for the higher gross weight and the amount of the annual fee for the gross weight at which the vehicle is registered, multiplied by the

number of unexpired months of the registration year from the date of the conversion.

4. The registered gross weight of any vehicle or combination of vehicles may also be increased by installing and using a properly registered auxiliary axle or axles, and the combined registered gross weight of such vehicle and auxiliary axle or axles shall determine the total registered gross weight thereof. No auxiliary axle may be used to convert a single axle to a tandem axle unless equipped with a device to equalize the load carried by the single axle and the said auxiliary axle when in tandem and when in motion or when standing, and the load transmitted to the highway by either the single axle or the auxiliary axle shall not exceed that permitted for any single axle, nor shall the load transmitted to the highway when in tandem and when in motion or when standing, exceed that permitted for any tandem axle.

5. It shall be unlawful for any person to operate a motor truck, trailer, truck tractor, road tractor, semi-trailer or combination thereof, or any such vehicle equipped with a transferable auxiliary axle or axles, on the public highways with a gross weight exceeding that for which it is registered by more than five percent of the gross weight for which it is registered, provided, however, that any vehicle or vehicle combination referred to herein, while carrying a load of raw farm products, soil fertilizers, including ground limestone, raw dairy products or livestock, live poultry, eggs, may be operated with a gross weight of twenty-five percent in excess of the gross weight for which it is registered.

6. For the purposes of this section cracked or ground soy beans, sargo, corn, wheat, rye, oats or other grain shall be deemed to be raw farm products, provided that such products are being directly delivered to a farm, from the place where the whole grain had been delivered from a farm for the purpose of cracking or grinding and immediate delivery to the farm to which such cracked or ground products are being delivered.

7. The truck operator shall have in the truck operator's possession a receipt showing place of processing on the return trip.

321.471 Local authorities may restrict.

1. Local authorities with respect to a highway under their jurisdiction may by ordinance or resolution prohibit the operation of vehicles upon the highway or impose restrictions as to the weight of vehicles to be operated upon the highway, except implements of husbandry as defined in section 321.1, subsection 16 and implements of husbandry loaded on hauling units for transporting the implements to locations for purposes of repair, for a total period of not to exceed ninety days in any one

calendar year, whenever the highway by reason of deterioration, rain, snow, or other climatic conditions will be seriously damaged or destroyed unless the use of vehicles on the highway is prohibited or the permissible weights reduced.

A person who violates the provisions of the ordinance or resolution shall, upon conviction or a plea of guilty, be subject to a fine determined by dividing the difference between the actual weight and the maximum weight established by the ordinance or resolution by one hundred, and multiplying the quotient by two dollars. Local authorities may issue special permits, during periods the restrictions are in effect, to permit limited operation of vehicles upon specified routes with loads in excess of any restrictions imposed under this subsection, but not in excess of load restrictions imposed by any other provision of this chapter, and the authorities shall issue the permits upon a showing that there is a need to move to market farm produce of the type subject to rapid spoilage or loss of value or to move to any farm feeds or fuel for home heating purposes.

2. Upon a finding that a bridge or culvert does not meet established standards set forth by state and federal authorities, local authorities may by ordinance or resolution impose limitations for an indefinite period of time on the weight of vehicles upon bridges or culverts located on highways under their sole jurisdiction. The ordinance or resolution shall not apply to implements of husbandry as defined in section 321.1, subsection 16 or to implements of husbandry loaded on hauling units for transporting the implements to locations for purposes of repair. A person who violates the ordinance or resolution shall, upon conviction or a guilty plea, be subject to a fine determined by dividing the difference between the actual weight of the vehicle and the maximum weight allowed by the ordinance or resolution by one hundred and multiplying the quotient by two dollars. Local authorities may issue or approve special permits allowing the operation over a bridge or culvert of vehicles with weights in excess of restrictions imposed under the ordinance or resolution, but not in excess of load restrictions imposed by any other provision of this chapter.

Annual special permits approved by the issuing authority shall be issued upon payment of an annual fee, in addition to other registration fees imposed, of one hundred dollars to be paid to the department for all nongovernmental vehicles.

Any person who violates the provisions of the ordinance or resolution shall, upon conviction or a plea of guilty, be subject to a fine determined by dividing the difference between the actual weight and the maximum weight established by the ordinance or resolution by one hundred, and multiplying the quotient by two dollars.

The department shall issue special permits in accordance with the foregoing to trucks moving farm produce, which decays or loses its value if not speedily put to its intended use, to market upon a showing to the department that there is a requirement for trucking the produce, or to trucks moving any farm feeds or fuel necessary for home heating purposes.

to the insurance carrier or surety carrier which issued such policy or bond a copy of such information concerning insurance or bond coverage, and it shall be presumed that such policy or bond was in effect and provided coverage to both the operator and the owner of the motor vehicle involved in such accident unless the insurance carrier or surety carrier shall notify the director otherwise within fifteen days from the mailing of such information to such carrier; provided, however, that in the event the director shall later ascertain that erroneous information had been given the director in respect to the insurance or bond coverage of the operator or owner of a motor vehicle involved in such accident, the director shall take such action as the director is otherwise authorized to do under this chapter within sixty days after the receipt by the director of correct information with respect to such coverage.

3. To the owner of a motor vehicle if at the time of the accident the vehicle was being operated without the owner's permission, express or implied, or was parked by a person who had been operating such motor vehicle without such permission.

4. Such a person shall also file the original policy of insurance or a certified copy thereof, if available, and such other documents as the director may require to show that the loss, injury, or damage for which such judgment was rendered, was covered by such policy of insurance. a. Said insurance carrier shall execute a power of attorney authorizing the director to accept service on its behalf of notice or process in any action arising out of a motor vehicle accident in this state.

b. Said insurance carrier shall agree in writing that such policies shall be deemed to conform with the laws of this state relating to the terms of motor vehicle liability policies issued herein.

2. If any insurance carrier not authorized to transact business in this state, which has qualified to furnish proof of financial responsibility, defaults in any said undertakings or agreements, the director shall not thereafter accept as proof any certificate of said carrier whether theretofore filed or thereafter tendered as proof, so long as such default continues.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321A.20]

2. Such owner's policy of liability insurance:

a. Shall designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is thereby to be granted; and

b. Shall insure the person named in the policy and any other person, as insured, using the motor vehicles with the express or implied permission of the named insured, against loss from the liability imposed by law for damages arising out of the ownership, maintenance, or use of the motor vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each such motor vehicle, as follows: With respect to all accidents which occur on or after January 1, 1981, and before January 1, 1983, fifteen thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, thirty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and ten thousand dollars because of injury to or destruction of property of others in any one accident; and with respect to all accidents which occur on or after January 1, 1983, twenty thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, forty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and fifteen thousand dollars because of injury to or destruction of property of others in any one accident.

3. Such operator's policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed upon the person by law for damages arising out of the use by the person of any motor vehicle not owned by the person, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to an owner's policy of liability insurance.

5. Such motor vehicle liability policy need not insure any liability under any workers' compensation law nor any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance, or repair of any such motor vehicle nor any liability for damage to property owned by, rented to, in charge of, or transported by the insured.

6. Every motor vehicle liability policy shall be subject to the following provisions which need not be contained therein:

a. The liability of the insurance carrier with respect to the insurance required by this chapter shall become absolute whenever injury or damage

covered by said motor vehicle liability policy occurs; said policy may not be canceled or annulled as to such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage; no statement made by the insured or on the insured's behalf and no violation of said policy shall defeat or void said policy.

b. The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of such injury or damage.

c. The insurance carrier shall have the right to settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in paragraph "b" of subsection 2 of this section.

d. The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of the chapter shall constitute the entire contract between the parties.

7. Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy and such excess or additional coverage shall not be subject to the provisions of this chapter. With respect to a policy which grants such excess or additional coverage the term "motor vehicle liability policy" shall apply only to that part of the coverage which is required by this section.

8. Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this chapter.

9. Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

10. The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carriers which policies together meet such requirements.

11. Any binder issued pending the issuance of a motor vehicle liability policy shall be deemed to fulfill the requirements for such a policy.

321A.23 Chapter not to affect other policies.

1. This chapter shall not be held to apply to or affect policies of automobile insurance against liability which may now or hereafter be required by any other law of this state, and such policies, if they contain an agreement or are endorsed to conform with the requirements of this chapter, may be certified as proof of financial responsibility under this chapter.

2. This chapter shall not be held to apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance or use by persons in the insured's employ or on the insured's behalf of motor vehicles not owned by the insured.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321A.23]

321A.24 Bond as proof.

1. Proof of financial responsibility may be evidenced by the bond of a surety company duly authorized to transact business within this state, or a bond with at least two individual sureties each owning real estate within this state, and together having equities equal in value to at least twice the amount of the bond, which real estate shall be scheduled in the bond approved by a judge or clerk of a court of record, which said bond shall be conditioned for payment of the amounts specified in section 321A.1, subsection 10. Such bond shall be filed with the director and shall not be cancelable except after ten days' written notice to the director. Such bond shall constitute a lien in favor of the state upon the real estate so scheduled of any surety, which lien shall exist in favor of any holder of a final judgment against the person who has filed such bond, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damage because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use, or operation of a motor vehicle after such bond was filed, upon the filing of notice to that effect by the director in the office of the proper clerk of court of the county where such real estate shall be located. Any individual surety so scheduling real estate security shall furnish satisfactory evidence of title thereto and the nature and extent of all encumbrances thereon and the value of the surety's interest therein, in such manner as the judge or clerk of the court of record approving the bond may require. The notice filed by the director shall, in addition to any other matters deemed by the director to be pertinent, contain a legal description of the real estate so scheduled, the name of the holder of the record title, the amount for which it stands as security, and the name of the person in whose behalf proof is so being made. Upon the filing of such notice the clerk of the court of such county shall retain the same as part of the records of such court and enter upon the encumbrance book the date and hour of filing, the name of the surety, the name of the record titleholder, the description of the real estate, and the

further notation that a lien is charged on such real estate pursuant to the notice filed hereunder. From and after the entry of the foregoing upon the encumbrance book all persons whomsoever shall be charged with notice thereof.

2. If such a judgment, rendered against the principal on such bond shall not be satisfied within sixty days after it has become final, the judgment creditor may, for the judgment creditor's own use and benefit and at the judgment creditor's sole expense, bring an action or actions in the name of the state against the company or persons executing such bond, including an action or proceeding to foreclose any lien that may exist upon the real estate of a person who has executed such bond. An action to foreclose any lien upon real estate scheduled by any surety under the provisions of this chapter shall be by equitable proceeding in the same manner as is provided for the foreclosure of real estate mortgages.

321A.25 Money or securities as proof.

1. With respect to accidents occurring on or after January 1, 1981, and before January 1, 1983, proof of financial responsibility may be evidenced by the certificate of the state treasurer that the person named in the certificate has deposited with the treasurer forty thousand dollars in cash, or securities such as may legally be purchased by a state bank or for trust funds of a market value of forty thousand dollars; and with respect to accidents occurring on or after January 1, 1983, proof of financial responsibility may be evidenced by the certificate of the state treasurer that the person named in the certificate has deposited with the treasurer fifty-five thousand dollars in cash, or securities such as may legally be purchased by a state bank or for trust funds of a market value of fifty-five thousand dollars. The state treasurer shall not accept a deposit and issue a certificate for it and the director shall not accept the certificate unless accompanied by evidence that there are no unsatisfied judgments of any character against the depositor in the county where the depositor resides.

2. Such deposit shall be held by the state treasurer to satisfy, in accordance with the provisions of this chapter, any execution on a judgment issued against such person making the deposit, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use, or operation of a motor vehicle after such deposit was made. Money or securities so deposited shall not be subject to attachment or execution unless such attachment or execution shall arise out of a suit for damages as aforesaid.

321A.26 Owner may give proof for others.

Whenever any person required to give proof of

financial responsibility hereunder is or later becomes an operator in the employ of any owner, or is or later becomes a member of the immediate family or household of the owner, the director shall accept proof given by such owner in lieu of proof by such other person to permit such other person to operate a motor vehicle for which the owner has given proof as herein provided or has qualified as a self-insurer under section 321A.34. The director shall designate the restrictions imposed by this section on the face of such person's license.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321A.26]

321A.27 Substitution of proof.

The director shall consent to the cancellation of any bond or certificate of insurance or the director shall direct and the state treasurer shall return any money or securities to the person entitled thereto upon the substitution and acceptance of other adequate proof of financial responsibility pursuant to this chapter.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321A.27]

321A.28 Other proof may be required.

Whenever any proof of financial responsibility filed under the provisions of this chapter no longer fulfills the purposes for which required, the director shall for the purpose of this chapter, require other proof as required by this chapter and shall suspend the license and registration or the nonresident's operating privilege pending the filing of such other proof.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321A.28]

321A.29 Duration of proof – when proof may be canceled or returned.

1. The director shall upon request consent to the immediate cancellation of any bond or certificate of insurance, or the director shall direct and the state treasurer shall return to the person entitled thereto any money or securities deposited pursuant to this chapter as proof of financial responsibility, or the director shall waive the requirement of filing proof, in any of the following events:

a. At any time after two years from the date such proof was required when, during the two-year period preceding the request, the director has not received record of a conviction or a forfeiture of bail which would require or permit the suspension or revocation of the license, registration, or nonresident's operating privilege of the person by or for whom such proof was furnished; or

b. In the event of the death of the person on whose behalf such proof was filed or the permanent incapacity of such person to operate a motor vehicle; or

c. In the event the person who has given proof surrenders the person's license and registration to the director;

2. Provided, however, that the director shall not consent to the cancellation of any bond or the return of any money or securities in the event any action for

damages upon a liability covered by such proof is then pending or any judgment upon any such liability is then unsatisfied, or in the event the person who has filed such bond or deposited such money or securities has within one year immediately preceding such request been involved as an operator or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the nonexistence of such facts, or that the applicant has been released from all of the applicant's liability, or has been finally adjudicated not to be liable, for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the director.

3. Whenever any person whose proof has been canceled or returned under paragraph "c" of subsection 1 of this section applies for a license or registration within a period of two years from the date proof was originally required, any such application shall be refused unless the applicant shall re-establish such proof for the remainder of the two-year period.

INTERSTATE DRIVERS LICENSE COMPACTS

321C 1 Power to enter into compact — terms

321C 2 Enforcement

321C.1 Power to enter into compact — terms.

The director of transportation may enter into drivers license compacts with other jurisdictions in substantially the following form

The contracting states agree

ARTICLE I — FINDINGS AND DECLARATION OF POLICY

a. The party states find that

1 The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles

2 Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property

3 The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated

b It is the policy of each of the party states to

1 Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles

2 Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states

ARTICLE II — DEFINITIONS

As used in this compact

a. *“State”* means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico

b. *“Home state”* means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle

c. *“Conviction”* means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any

such offense, and which conviction or forfeiture is required to be reported to the licensing authority

ARTICLE III — REPORTS OF CONVICTION

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted, describe the violation specifying the section of the statute, code or ordinance violated, identify the court in which action was taken, indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security, and shall include any special findings made in connection therewith

ARTICLE IV — EFFECT OF CONVICTION

a. The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state, in the case of convictions for

1 Manslaughter or negligent homicide resulting from the operation of a motor vehicle,

2 Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle,

3 Any felony in the commission of which a motor vehicle is used,

4 Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another

b. As to other convictions, reported pursuant to Article III, the licensing authority in the home state shall give such effect to the conduct as is provided by the laws of the home state

c. If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision “a” of this article, such party state shall construe the denominations and descriptions appearing in subdivision “a” hereof as being applicable to and identifying those offenses or violations of a substantially similar nature,

and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this article.

ARTICLE V — APPLICATIONS FOR NEW LICENSES

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

1. The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.
2. The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.
3. The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

ARTICLE VI — APPLICABILITY OF OTHER LAWS

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a nonparty state.

ARTICLE VII — COMPACT ADMINISTRATOR AND INTERCHANGE OF INFORMATION

a. The head of the licensing authority of each party state shall be the administrator of this compact for that state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

b. The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

ARTICLE VIII — ENTRY INTO FORCE AND WITHDRAWAL

a. This compact shall enter into force and become effective as to any state when it has enacted the same into law.

b. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX — CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable.

[C66, 71, 73, 75, 77, 79, 81, §321C.1]
86 Acts, ch 1245, §1938

VEHICLE EQUIPMENT COMPACTS

321D.1 Power to enter into compact — terms.

321D.2 Enforcement.

321D.1 Power to enter into compact — terms.

The director of transportation may enter into vehicle equipment safety compacts with other jurisdictions in substantially the following form.

The contracting states agree:

ARTICLE I — FINDINGS AND PURPOSES

a. The party states find that:

1. Accidents and deaths on their streets and highways present a very serious human and economic problem with a major deleterious effect on the public welfare.

2. There is a vital need for the development of greater interjurisdictional co-operation to achieve the necessary uniformity in the laws, rules, regulations and codes relating to vehicle equipment, and to accomplish this by such means as will minimize the time between the development of demonstrably and scientifically sound safety features and their incorporation into vehicles.

b. The purposes of this compact are to:

1. Promote uniformity in regulation of and standards for equipment.

2. Secure uniformity of law and administrative practice in vehicular regulation and related safety standards to permit incorporation of desirable equipment changes in vehicles in the interest of greater traffic safety.

3. To provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in subdivision "a" of this article.

c. It is the intent of this compact to emphasize performance requirements and not to determine the specific detail of engineering in the manufacture of vehicles or equipment except to the extent necessary for the meeting of such performance requirements.

ARTICLE II — DEFINITIONS

As used in this compact:

a. "Vehicle" means every device in, upon or by which any person or property is or may be transported or drawn upon a highway, excepting devices moved by human power or used exclusively upon stationary rails or tracks.

b. "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

c. "Equipment" means any part of a vehicle or any accessory for use thereon which affects the safety of operation of such vehicle or the safety of the occupants.

ARTICLE III — THE COMMISSION

a. There is hereby created an agency of the party states to be known as the "Vehicle Equipment Safety Commission" hereinafter called the commission. The commission shall be composed of one commissioner from each party state who shall be appointed, serve and be subject to removal in accordance with the laws of the state which the commissioner represents. If authorized by the laws of the commissioner's party state, a commissioner may provide for the discharge of the commissioner's duties and the performance of the commissioner's functions on the commission, either for the duration of the commissioner's membership or for any lesser period of time, by an alternate. No such alternate shall be entitled to serve unless notification of the alternate's identity and appointment shall have been given to the commission in such form as the commission may require. Each commissioner, and each alternate, when serving in the place and stead of a commissioner, shall be entitled to be reimbursed by the commission for expenses actually incurred in attending commission meetings or while engaged in the business of the commission.

b. The commissioners shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners, or their alternates, are present.

c. The commission shall have a seal.

d. The commission shall elect annually, from among its members, a chairperson, a vice chairperson and a treasurer. The commission may appoint an executive director and fix the executive director's duties and compensation. Such executive director shall serve at the pleasure of the commission, and together with the treasurer shall be bonded in such amount as the commission shall determine. The executive director also shall serve as secretary. If there be no executive director, the commission shall elect a secretary in addition to the other officers provided by this subdivision.

e. Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director with the approval of the commission, or the commission if there be no executive director, shall appoint, remove or discharge such personnel as may be necessary for the performance of the commission's functions, and shall fix the duties and compensation of such personnel.

f. The commission may establish and maintain independently or in conjunction with any one or more of the party states, a suitable retirement system for its full-time employees. Employees of the commission shall be eligible for social security coverage in respect of old-age and survivor's insurance provided that the commission takes such steps as may be necessary pursuant to the laws of the United States, to participate in such program of insurance as a governmental agency or unit. The commission may establish and maintain or participate in such additional programs of employee benefits as may be appropriate.

g. The commission may borrow, accept or contract for the services of personnel from any party state, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party states or their subdivisions.

h. The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency and may receive, utilize and dispose of the same.

i. The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

j. The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states. The bylaws shall provide for appropriate notice to the commissioners of all commission meetings and hearings and the business to be transacted at such meetings or hearings. Such notice shall also be given to such agencies or officers of each party state as the laws of such party state may provide.

k. The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year, and embodying such recommendations as may have been issued by the commission. The commission may make such additional reports as it may deem desirable.

ARTICLE IV — RESEARCH AND TESTING

The commission shall have power to:

a. Collect, correlate, analyze and evaluate information resulting or derivable from research and testing activities in equipment and related fields.

b. Recommend and encourage the undertaking of research and testing in any aspect of equipment or related matters when, in its judgment, appropriate or sufficient research or testing has not been undertaken.

c. Contract for such equipment research and testing as one or more governmental agencies may agree to have contracted for by the commission, provided that such governmental agency or agencies shall make available the funds necessary for such research and testing.

d. Recommend to the party states changes in law or policy with emphasis on uniformity of laws and administrative rules, regulations or codes which would promote effective governmental action or coordination in the prevention of equipment-related highway accidents or the mitigation of equipment-related highway safety problems.

ARTICLE V — VEHICULAR EQUIPMENT

a. In the interest of vehicular and public safety, the commission may study the need for or desirability of the establishment of or changes in performance requirements or restrictions for any item of equipment. As a result of such study, the commission may publish a report relating to any item or items of equipment, and the issuance of such a report shall be a condition precedent to any proceedings or other action provided or authorized by this article. No less than sixty days after the publication of a report containing the results of such study, the commission upon due notice shall hold a hearing or hearings at such place or places as it may determine.

b. Following the hearing or hearings provided for in subdivision "a" of this article, and with due regard for standards recommended by appropriate professional and technical associations and agencies, the commission may issue rules, regulations or codes embodying performance requirements or restrictions for any item or items of equipment covered in the report, which in the opinion of the commission will be fair and equitable and effectuate the purposes of this compact.

c. Each party state obligates itself to give due consideration to any and all rules, regulations and codes issued by the commission and hereby declares its policy and intent to be the promotion of uniformity in the laws of the several party states relating to equipment.

d. The commission shall send prompt notice of its action in issuing any rule, regulation or code pursuant to this article to the appropriate motor vehicle agency of each party state and such notice shall contain the complete text of the rule, regulation or code.

e. If the constitution of a party state requires, or if its statutes provide, the approval of the legislature by appropriate resolution or act may be made a condition precedent to the taking effect in such party state of any rule, regulation or code. In such event, the commissioner of such party state shall submit any commission rule, regulation or code to the legislature as promptly as may be in lieu of administrative acceptance or rejection thereof by the party state.

f. Except as otherwise specifically provided in or pursuant to subdivisions “e” and “g” of this article, the appropriate motor vehicle agency of a party state shall in accordance with its constitution or procedural laws adopt the rule, regulation or code within six months of the sending of the notice, and, upon such adoption, the rule, regulation or code shall have the force and effect of law therein.

g. The appropriate motor vehicle agency of a party state may decline to adopt a rule, regulation or code issued by the commission pursuant to this article if such agency specifically finds, after public hearing on due notice, that a variation from the commission’s rule, regulation or code is necessary to the public safety, and incorporates in such finding the reasons upon which it is based. Any such finding shall be subject to review by such procedure for review of administrative determinations as may be applicable pursuant to the laws of the party state. Upon request, the commission shall be furnished with a copy of the transcript of any hearings held pursuant to this subdivision.

ARTICLE VI — FINANCE

a. The commission shall submit to the executive head or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that party state for presentation to the legislature thereof.

b. Each of the commission’s budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The total amount of appropriations under any such budget shall be apportioned among the party states as follows: One-third in equal shares; and the remainder in proportion to the number of motor vehicles registered in each party state. In determining the number of such registrations, the commission may employ such source or sources of information as in its judgment present the most equitable and accurate comparisons among the party states. Each of the commission’s budgets of estimated expenditures and requests for appropriations shall indicate the source or sources used in obtaining information concerning vehicular registrations.

c. The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under Article III “h” of this compact, provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under Article III “h” hereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

d. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its rules. However, all receipts and disburse-

ments of funds handled by the commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become part of the annual reports of the commission.

e. The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

f. Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE VII — CONFLICT OF INTEREST

a. The commission shall adopt rules and regulations with respect to conflict of interest for the commissioners of the party states, and their alternates, if any, and for the staff of the commission and contractors with the commission to the end that no member or employee or contractor shall have a pecuniary or other incompatible interest in the manufacture, sale or distribution of motor vehicles or vehicular equipment or in any facility or enterprise employed by the commission or on its behalf for testing, conduct of investigations or research. In addition to any penalty for violation of such rules and regulations as may be applicable under the laws of the violator’s jurisdiction of residence, employment or business, any violation of a commission rule or regulation adopted pursuant to this article shall require the immediate discharge of any violating employee and the immediate vacating of membership, or relinquishing of status as a member on the commission by any commissioner or alternate. In the case of a contractor, any violation of any such rule or regulation shall make any contract of the violator with the commission subject to cancellation by the commission.

b. Nothing contained in this article shall be deemed to prevent a contractor for the commission from using any facilities subject to the contractor’s control in the performance of the contract even though such facilities are not devoted solely to work of or done on behalf of the commission; nor to prevent such a contractor from receiving remuneration or profit from the use of such facilities.

ARTICLE VIII — ADVISORY AND TECHNICAL COMMITTEES

The commission may establish such advisory and technical committees as it may deem necessary, membership on which may include private citizens and public officials, and may co-operate with and use the services of any such committees and the organizations which the members represent in furthering any of its activities.

ARTICLE IX — ENTRY INTO FORCE AND WITHDRAWAL

a. This compact shall enter into force when enacted into law by any six or more states. Thereafter,

this compact shall become effective as to any other state upon its enactment thereof.

b. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of

such withdrawal.

321E.1 Permits by department and local authorities.

The department and local authorities may in their discretion and upon application and with good cause being shown issue permits for the movement of construction machinery or asphalt repavers being temporarily moved on streets, roads or highways and for vehicles with indivisible loads which exceed the maximum dimensions and weights specified in sections 321.452 to 321.466, but not to exceed the limitations imposed in sections 321E.1 to 321E.15 except as provided in sections 321E.29 and 321E.30. Vehicles permitted to transport indivisible loads may exceed the width and length limitations specified in sections 321.454 and 321.457 for the purpose of picking up an indivisible load or returning from delivery of the indivisible load. Permits issued may be single-trip permits or annual permits. Permits shall be in writing and shall be carried in the cab of the vehicle for which the permit has been issued and

shall be available for inspection at all times. The vehicle and load for which the permit has been issued shall be open to inspection by a peace officer or an authorized agent of a permit granting authority. When in the judgment of the issuing local authority in cities and counties the movement of a vehicle with an indivisible load or construction machinery which exceeds the maximum dimensions and weights will be unduly hazardous to public safety or will cause undue damage to streets, avenues, boulevards, thoroughfares, highways, curbs, sidewalks, trees, or other public or private property, the permit shall be denied and the reasons for denial endorsed on the application. Permits issued by local authorities shall designate the days when and routes upon which loads and construction machinery may be moved within the county on other than primary roads.

The department may issue an all system permit under section 321E 8 which is valid for movements on all highways or streets under the jurisdiction of either the state or those local authorities which have indicated in writing to the department those streets or highways for which an all system permit is not valid.

86 Acts, ch 1220, §1

321J.2 Operating while under the influence of alcohol or a drug or while having an alcohol concentration of .10 or more. (OWI)

1. A person commits the offense of operating while intoxicated if the person operates a motor vehicle in this state in either of the following conditions:

a. While under the influence of an alcoholic beverage or other drug or a combination of such substances.

b. While having an alcohol concentration as defined in section 321J.1 of .10 or more.

2. A person who violates this section commits:

a. A serious misdemeanor for the first offense and shall be imprisoned in the county jail for not less than forty-eight hours to be served as ordered by the court, less credit for any time the person was confined in a jail or detention facility following arrest, and assessed a fine of not less than five hundred dollars nor more than one thousand dollars. As an alternative to a portion or all of the fine, the court may order the person to perform not more than two hundred hours of unpaid community service. The court may accommodate the sentence to the work schedule of the defendant.

b. An aggravated misdemeanor for a second offense and shall be imprisoned in the county jail or community-based correctional facility not less than seven days, which minimum term cannot be suspended notwithstanding section 901.5, subsection 3 and section 907.3, subsection 3, and assessed a fine of not less than seven hundred fifty dollars.

c. A class "D" felony for a third offense and each subsequent offense and shall be imprisoned in the county jail for a determinate sentence of not more than one year but not less than thirty days, or committed to the custody of the director of the department of corrections, and assessed a fine of not less than seven hundred fifty dollars. The minimum jail term of thirty days cannot be suspended notwithstanding section 901.5, subsection 3, and section 907.3, subsection 3, however, the person sentenced shall receive credit for any time the person was confined in a jail or detention facility following arrest. If a person is committed to the custody of the director of the department of corrections pursuant to this paragraph and the sentence is suspended, the sentencing court shall order that the offender serve the thirty-day minimum term in the county jail. If the sentence which commits the person to the custody of the director of the department of corrections is later imposed by the court, all time served in a county jail toward the thirty-day minimum term shall count as time served toward the sentence which committed the person to the custody of the director of the department of corrections. A person convicted of a second or subsequent offense shall be ordered to undergo a substance abuse evaluation prior to sentencing. If a person is convicted of a third or subsequent offense or if the evaluation recommends treatment, the offender may be committed to the custody of the director of the department of corrections, who, if the sentence is not suspended, shall assign the person to a facility pursuant to section 246.513 or the offender may be committed to treatment in the community under the provisions of section 907.6.

3. No conviction for, deferred judgment for, or plea of guilty to, a violation of this section which occurred more than six years prior to the date of the violation

charged shall be considered in determining that the violation charged is a second, third, or subsequent offense. For the purpose of determining if a violation charged is a second, third, or subsequent offense, deferred judgments pursuant to section 907.3 for violations of this section and convictions or the equivalent of deferred judgments for violations in any other states under statutes substantially corresponding to this section shall be counted as previous offenses. The courts shall judicially notice the statutes of other states which define offenses substantially equivalent to the one defined in this section and can therefore be considered corresponding statutes. Each previous violation shall be considered a separate previous offense without regard to whether each was complete as to commission and conviction or deferral of judgment following or prior to any other previous violation.

4. A person shall not be convicted and sentenced for more than one violation of this section if the violation is shown to have been committed by either or both of the means described in subsection 1 in the same occurrence.

5. The clerk of court shall immediately certify to the department a true copy of each order entered with respect to deferral of judgment, deferral of sentence or pronouncement of judgment and sentence for a defendant under this section.

6. This section does not apply to a person operating a motor vehicle while under the influence of a drug if the substance was prescribed for the person and was taken under the prescription and in accordance with the directions of a medical practitioner as defined in chapter 155A, if there is no evidence of the consumption of alcohol and the medical practitioner had not directed the person to refrain from operating a motor vehicle.

7. In any prosecution under this section, evidence of the results of analysis of a specimen of the defendant's blood, breath, or urine is admissible upon proof of a proper foundation. The alcohol concentration established by the results of an analysis of a specimen of the defendant's blood, breath, or urine withdrawn within two hours after the defendant was driving or in physical control of a motor vehicle is presumed to be the alcohol concentration at the time of driving or being in physical control of the motor vehicle.

8. 321J.3 Court ordered substance abuse evaluation or treatment.

1 On a conviction for a violation of section 321J 2, the court may order the defendant to attend a course for drinking drivers under section 321J 22. If the defendant submitted to a chemical test on arrest for the violation of section 321J 2 and the test indicated an alcohol concentration of 20 or higher, or if the defendant is charged with a second or subsequent offense, the court shall order the defendant, on conviction, to undergo a substance abuse evaluation and the court may order the defendant to follow the recommendations proposed in the substance abuse evaluation for appropriate substance abuse treatment for the defendant. The time for which the defendant is committed for treatment shall be credited against the defendant's sentence. The court may prescribe the length of time for the evaluation and treatment or it may request that the area school conducting the course for drinking drivers which the person is ordered to attend or the treatment program to which the person is committed immediately report to the court when the person has received maximum benefit from the course for drinking drivers or treatment program or has recovered from the person's addiction, dependency, or tendency to chronically abuse alcohol or drugs. A person committed under this section who does not possess sufficient income or estate to make payment of the costs of the treatment in whole or in part shall be considered a state patient and the costs of treatment shall be paid as provided in section 125 44. A defendant who fails to carry out the order of the court or who fails to successfully complete or attend a course for drinking drivers or an ordered substance abuse treatment program shall be confined in the county jail for twenty days in addition to any other imprisonment ordered by the court or may be ordered to perform unpaid community service work, and shall be placed on probation for one year with a violation of this probation punishable as contempt of court.
