PREFACE TO 1995 IOWA CODE SUPPLEMENT

This 1995 Iowa Code Supplement is published pursuant to Code chapter 2B. It shows sections of the laws of Iowa enacted, amended, repealed, or otherwise affected by the 1995 regular session of the Iowa General Assembly or by an earlier session if the effective date was deferred, arranged in the numerical sequence followed by the 1995 Iowa Code. However, it does not show temporary sections, such as appropriation sections, which are not to be codified.

EFFECTIVE DATES. Except as otherwise indicated in the text or in a footnote, the new sections, amendments, and repeals were effective on or before July 1, 1995. See the 1995 Iowa Acts to determine specific effective dates not shown.

NOTES. A source note following each new or amended section refers to the appropriate chapter and section number in the Iowa Acts where the new section or amendment can be found in the form it had upon passage. Repeals are indicated in the form used in the 1995 Code. Following the source note or repeal may be a footnote. A footnote to an amended section usually refers only to the amended part and not necessarily to the entire section as printed. Many of the footnotes from the 1995 Code are not included but will be corrected as necessary and appear in the 1997 Code. Following the source note or footnote for a new or amended section is an explanatory note to indicate whether the section or a part of it is new, or was amended, stricken, stricken and rewritten, or renumbered.

EDITORIAL DECISIONS. If there were multiple amendments to a section or part of a section, all changes that were duplicative or otherwise did not appear to conflict were harmonized as required under section 4.11 of the Code. It was generally assumed that a strike or repeal prevailed over an amendment to the same material and did not create an irreconcilable conflict, and that the substitution of the correct title of an officer or department as authorized by law did not create a conflict. At the end of this Supplement are Code editor's notes which explain the major editorial decisions. Section 2B.13 of the 1995 Code governs the ongoing revision of gender references, authorizes other editorial changes, and provides for the effective date of the changes.

INDEX AND TABLES. A subject matter index to new or amended sections, a table of the disposition of the 1995 Acts and any previous years' Acts codified in this Supplement, and a table of corresponding sections from the 1995 Code to the 1995 Code Supplement also appear at the end of this Supplement.

RETENTION OF CODE SUPPLEMENT VOLUMES. Users who maintain libraries of previous years' biennial hardbound Codes of Iowa should also retain the Iowa Code Supplement volumes, as the Code Supplements contain Code editor's notes, footnotes, and other aids which are not included in the subsequent hardbound Code.

Because the Iowa General Assembly meets annually, the Supplement also serves as the only record of the original codification of statutes enacted in the odd-numbered year if those statutes are amended or repealed in the next even-numbered year.

CHAPTER 2

GENERAL ASSEMBLY

2.10 Salaries and expenses — members of general assembly.

Members of the general assembly shall receive salaries and expenses as provided by this section.

1. Every member of the general assembly except the presiding officer of the senate, the speaker of the house, the majority and minority floor leader of each house, and the president pro tempore of the senate and speaker pro tempore of the house, shall receive an annual salary of eighteen thousand eight hundred dollars for the year 1995 and subsequent years while serving as a member of the general assembly. In addition, each such member shall receive the sum of

sixty dollars per day for expenses of office, except travel, for each day the general assembly is in session commencing with the first day of a legislative session and ending with the day of final adjournment of each legislative session as indicated by the journals of the house and senate, except that if the length of the first regular session of the general assembly exceeds one hundred ten calendar days and the second regular session exceeds one hundred calendar days, the payments shall be made only for one hundred ten calendar days for the first session and one hundred calendar days for the second session. However, members from Polk county shall receive forty-five dollars

per day. Each member shall receive a one hundred twenty-five dollar per month allowance for legislative district constituency postage, travel, telephone costs, and other expenses. Travel expenses shall be paid at the rate established by section 18.117 for actual travel in going to and returning from the seat of government by the nearest traveled route for not more than one time per week during a legislative session. However, any increase from time to time in the mileage rate established by section 18.117 shall not become effective for members of the general assembly until the convening of the next general assembly following the session in which the increase is adopted; and this provision shall prevail over any inconsistent provision of any present or future statute.

2. Reserved.

3. The speaker of the house, presiding officer of the senate, and the majority and minority floor leader of each house shall each receive an annual salary of twenty-nine thousand dollars for the year 1995 and subsequent years while serving in that capacity. The president pro tempore of the senate and the speaker pro tempore of the house shall receive an annual salary of nineteen thousand nine hundred dollars for the year 1995 and subsequent years while serving in that capacity. Expense and travel allowances shall be the same for the speaker of the house and the presiding officer of the senate, the president pro tempore of the senate and the speaker pro tempore of the house, and the majority and minority leader of each house as provided for other members of the general assembly.

4. When a vacancy occurs and the term of any member of the general assembly is not completed, the member shall receive a salary or compensation proportional to the length of the member's service computed to the nearest whole month. A successor elected to fill such vacancy shall receive a salary or compensation proportional to the successor's length of service computed to the nearest whole month commencing with such time as the successor is officially determined to have succeeded to such office.

5. The director of revenue and finance shall pay the travel and expenses of the members of the general assembly commencing with the first pay period after the names of such persons are officially certified. The salaries of the members of the general assembly shall be paid pursuant to any of the following alternative methods:

a. During each month of the year at the same time state employees are paid.

b. During each pay period during the first six months of each calendar year.

c. During the first six months of each calendar year by allocating two-thirds of the annual salary to the pay periods during those six months and one-third of the annual salary to the pay periods during the second six months of a calendar year. Each member of the general assembly shall file with the director of revenue and finance a statement as to the method the member selects for receiving payment of salary. The presiding officers of the two houses of the general assembly shall jointly certify to the director

of revenue and finance the names of the members, officers, and employees of their respective houses and the salaries and mileage to which each is entitled. Travel and expense allowances shall be paid upon the submission of vouchers to the director of revenue and finance indicating a claim for the same.

6. In addition to the salaries and expenses authorized by this section, members of the general assembly shall be paid sixty dollars per day, and necessary travel and actual expenses incurred in attending meetings for which per diem or expenses are authorized by law for members of the general assembly who serve on statutory boards, commissions, or councils, and for standing or interim committee or subcommittee meetings subject to the provisions of section 2.14, or when on authorized legislative business when the general assembly is not in session. However, if a member of the general assembly is engaged in authorized legislative business at a location other than at the seat of government during the time the general assembly is in session, payment may be made for the actual transportation and lodging costs incurred because of the business. Such per diem or expenses shall be paid promptly from funds appropriated pursuant to section 2.12.

7. If a special session of the general assembly is convened, members of the general assembly shall receive, in addition to their annual salaries, the sum of sixty dollars per day for each day the general assembly is actually in special session, and the same travel allowances and expenses as authorized by this section. A member of the general assembly shall receive the additional per diem, travel allowances and expenses only for the days of attendance during a special session.

8. A member of the general assembly may return to the state treasury all or a part of the salary, per diem, or expenses paid to the member pursuant to this section. The member may specify the public use for the returned money. A member has no income tax liability for that portion of the member's salary or per diem which is returned to the state treasury pursuant to this subsection. The administrative officer of each house shall provide a form at the convening of each legislative session to allow legislators to return any portion of their salaries or expenses according to this section.

For amendments to subsections 1, 3, 6, and 7, effective upon the convening of the general assembly in January 1997, see 95 Acts, ch 211, §14, 17
Section not amended; footnote added

In lieu of membership in a state health or medical group insurance plan, a member of the general assembly may elect to receive reimbursement for the costs paid by the member for a continuation of a group coverage (COBRA) health or medical insurance plan. The member shall apply for reimbursement by submitting evidence of payment for a COBRA health or medical insurance plan. The maximum reimbursement shall be no greater than the state's contribution for health or medical insurance family plan II. A member of the general assembly may change programs or coverage under the state health or medical service group insurance plan during the month of January of odd-numbered years, but program and coverage change selections shall be subject to the enrollment rules established for full-time state employees excluded from collective bargaining as provided in chapter 20. A person who has been a member of the general assembly for two years and who has elected to be a member of a state health or medical group insurance plan may continue to be a member of such state health or medical group insurance plan by requesting continuation in writing to the finance officer within thirty-one days after leaving office. The continuing former member of the general assembly shall pay the total premium for the state plan and shall have the same rights to change programs or coverage as state employees. In the event of the death of a former member of the general assembly who has elected to continue to be a member of a state health or medical group insurance plan, the surviving spouse of the former member whose insurance would otherwise terminate because of the death of the former member may elect to continue to be a member of such state health or medical group insurance plan by requesting continuation in writing to the finance officer within thirty-one days after the death of the

former member. The surviving spouse of the former member shall pay the total premium for the state plan and shall have the same rights to change programs or coverage as state employees.

2. A part-time employee of the general assembly may elect to become a member of a state group insurance plan for employees of the state established under chapter 509A subject to the following conditions:

b. The part-time employee shall pay the total premium.

c. A part-time employee may continue membership in a state group insurance plan without reapplication during the employee's employment during consecutive sessions of the general assembly. For the purpose of electing to become a member of the state group insurance plan, a part-time employee of the general assembly has the status of a "new hire", full-time state employee when the employee is initially eligible or during the first subsequent enrollment change period.

d. (1) A part-time employee of the general assembly who elects membership in a state group insurance plan shall state each year whether the membership is to extend through the interim period between consecutive sessions of the general assembly.

(2) If the membership is to extend through the interim period the part-time employee shall authorize payment of the total annual premium through direct payment of the monthly premium for the plan selected to the state group insurance plan provider.

(3) The part-time employee shall notify the finance officer within thirty-one days after the conclusion of the general assembly whether the person's decision to extend the membership through the interim period is confirmed.

e. A member of a state group insurance plan pursuant to this subsection shall have the same rights upon final termination of employment as a part-time employee as are afforded full-time state employees excluded from collective bargaining as provided in chapter 20.

f. A part-time employee of the general assembly who elects membership in a state life insurance plan shall authorize payment of the premium through a total of two payments during each annual period made to the department of personnel on dates prescribed by the department.

CHAPTER 6B

PROCEDURE UNDER EMINENT DOMAIN

6B.3 Application — recording — notice — time for appraisal — new proceedings.

Such proceedings shall be instituted by a written application filed with the chief judge of the judicial district of the county in which the land sought to be condemned is located. Said application shall set forth:

1. A description of all the property in the county, affected or sought to be condemned, by its congressional numbers, in tracts not exceeding one-sixteenth of a section, or, if the land consists of lots, by the numbers of the lot and block, and plat designation.

2. A plat showing the location of the right-of-way or other property sought to be condemned with reference to such description.

3. The names of all record owners of the different tracts of land sought to be condemned, or otherwise affected by such proceedings, and of all record holders of liens and encumbrances on such lands; also the place of residence of all such persons so far as known to the applicant.

4. The purpose for which condemnation is sought.

5. A request for the appointment of a commission to appraise the damages.

6. If the damages are to be paid by the state and the land to be condemned is within an agricultural area as provided in chapter 352, a statement disclosing whether any of that land is classified as class I or class II land under the United States department of agriculture natural resources conservation service land capability classification system contained in the agriculture handbook number 210, 1961 edition and, if so classified, stating that the class I or class II land is reasonably necessary for the work of internal improvement for which condemnation is sought.

7. The applicant shall promptly certify that its application for condemnation has been approved by the chief judge and shall file the original approved application with the county recorder in the manner required under section 6B.37. The county recorder shall file and index the application in the record of deeds and preserve the application as required by sections 6B.38 and 558.55. The filing and indexing constitute constructive notice to all parties that a proceeding to condemn the property is pending and that the applicant has the right to acquire the property from all owners, lienholders, and encumbrancers whose interests are of record at the time of the filing. When indexed, the proceeding is considered pending so as to charge all persons not having an interest in the property with notice of its pendency, and while pending no interest can be acquired by the third parties in the property against the rights of the applicant. If the appraisal of damages is not made within one hundred twenty days, the proceedings instituted under this section are terminated and

all rights and interests of the applicant arising out of the application for condemnation terminate. The applicant may reinstitute a new condemnation proceeding at any time. The reinstated proceedings are entirely new proceedings and not a revival of the terminated proceeding.

95 Acts, ch 216, §25

Subsection 6, reference to federal agency updated

6B.24 Reduction of damages — interest on increased award.

If the amount of damages awarded by the commissioners is decreased on appeal, the reduced amount shall be paid to the landowner. If the amount of damages awarded by the commissioners is increased on appeal, interest shall be paid from the date of the condemnation. Interest shall not be paid on any amount which was previously paid. Interest shall be calculated at an annual rate equal to the coupon issue yield equivalent, as determined by the United States secretary of the treasury, of the average accepted auction price for the last auction of fifty-two-week United States treasury bills settled immediately before the date of the award.

3. By December 15 of each fiscal year the conference shall agree to a revenue estimate for the fiscal

year beginning the following July 1. That estimate shall be used by the governor in the preparation of the budget message under section 8.22 and by the general assembly in the budget process. If the conference agrees to a different estimate at a later meeting which projects a greater amount of revenue than the initial estimate amount agreed to by December 15, the governor and the general assembly shall continue to use the initial estimate amount in the budget process for that fiscal year. However, if the conference agrees to a different estimate at a later

meeting which projects a lesser amount of revenue than the initial estimate amount, the governor and the general assembly shall use the lesser amount in the budget process for that fiscal year. As used in this subsection, "later meeting" means only those later meetings which are held prior to the conclusion of the regular session of the general assembly.

4. At the meeting in which the conference agrees to the revenue estimate for the following fiscal year in accordance with the provisions of subsection 3, the conference shall agree to an estimate for tax refunds payable from that estimated revenue. The estimates required by this subsection shall be used in determining the adjusted revenue estimate under section 8.54.

On or before October 1, prior to each legislative session, all departments and establishments of the government shall transmit to the director, on blanks to be furnished by the director, estimates of their expenditure requirements, including every proposed expenditure, for the ensuing fiscal year, classified so as to distinguish between expenditures estimated for administration, operation, and maintenance, and the cost of each project involving the purchase of land or the making of a public improvement or capital outlay of a permanent character, together with supporting data and explanations as called for by the director. The budget estimates shall include for those agencies which pay for energy directly a line item for energy expenses itemized by type of energy and location. The estimates shall be accompanied with performance measures for evaluating the effectiveness of the program. If a department or establishment fails to submit estimates within the time specified, the legislative fiscal bureau shall use the amounts of the appropriations to the department or establishment for the fiscal year in process at the time the estimates are required to be submitted as the amounts for the department's or establishment's request in the documents submitted to the general assembly for the ensuing fiscal year and the governor shall cause estimates to be prepared for that depart-

The governor's recommendation included on this record shall be considered confidential by the legislative fiscal bureau until it is made public by the governor. ECONOMIC EMERGENCY FUND, CASH RESERVE FUND, AND REBUILD IOWA INFRASTRUCTURE FUND

8.55 Iowa economic emergency fund.

1. The Iowa economic emergency fund is created. The fund shall be separate from the general fund of

the state and the balance in the fund shall not be considered part of the balance of the general fund of the state. The moneys in the fund shall not revert to the general fund, notwithstanding section 8.33, unless and to the extent the fund exceeds the maximum balance. However, the fund shall be considered a special account for the purposes of section 8.53.

2. The maximum balance of the fund is the amount equal to five percent of the adjusted revenue estimate for the fiscal year. If the amount of moneys in the Iowa economic emergency fund is equal to the maximum balance, moneys in excess of this amount shall be transferred to the general fund.

3. The moneys in the Iowa economic emergency fund may be appropriated by the general assembly only in the fiscal year for which the appropriation is made. The moneys shall only be appropriated by the general assembly for emergency expenditures. However, except as provided in section 8.58, the balance in the Iowa economic emergency fund may be used in determining the cash position of the general fund of the state for the payment of state obligations.

4. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the Iowa economic emergency fund shall be credited to the rebuild Iowa infrastructure fund.

95 Acts, ch 214, §13
Subsection 4 amended

8.56 Cash reserve fund.

1. A cash reserve fund is created in the state treasury. The cash reserve fund shall be separate from the general fund of the state and shall not be considered part of the general fund of the state except in determining the cash position of the state as provided in subsection 3. The moneys in the cash reserve fund are not subject to section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this section. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the cash reserve fund shall be credited to the rebuild Iowa infrastructure fund created in section 8.57. Moneys in the cash reserve fund may be used for cash flow purposes provided that any moneys so allocated are returned to the cash reserve fund by the end of each fiscal year. However, the fund shall be considered a special account for the purposes of section 8.53.

2. The maximum balance of the cash reserve fund is the amount equal to the cash reserve goal percentage, as defined in section 8.57, multiplied by the adjusted revenue estimate for the general fund of the state for the current fiscal year.

3. The moneys in the cash reserve fund may be appropriated by the general assembly in accordance with subsection 4 only in the fiscal year for which the appropriation is made. The moneys shall only be appropriated by the general assembly for nonrecurring emergency expenditures and shall not be appropriated for payment of any collective bargaining agreement or arbitrator's decision negotiated or awarded under chapter 20. However, except as provided in section 8.58, the balance in the cash reserve

fund may be used in determining the cash position of the general fund of the state for payment of state obligations.

4. *a.* Except as provided in subsection 1, an appropriation shall not be made from the cash reserve fund unless the appropriation is in accordance with all of the following:

(1) The appropriation is contained in a bill or joint resolution in which the appropriation is the only subject matter of the bill or joint resolution.

(2) The bill or joint resolution states the reasons the appropriation is necessary.

b. In addition to the requirements of paragraph "a", an appropriation shall not be made from the cash reserve fund which would cause the fund's balance to be less than three percent of the adjusted revenue estimate for the year for which the appropriation is made unless the bill or joint resolution is approved by vote of at least three-fifths of the members of both chambers of the general assembly and is signed by the governor.

95 Acts, ch 214, §14
Subsection 1 amended

8.57 Annual appropriations — reduction of GAAP deficit — rebuild Iowa infrastructure fund.

1. *a.* The "cash reserve goal percentage" for fiscal years beginning on or after July 1, 1995, is five percent of the adjusted revenue estimate. For each fiscal year beginning on or after July 1, 1995, in which the appropriation of the surplus existing in the general fund of the state at the conclusion of the prior fiscal year pursuant to paragraph "b" was not sufficient for the cash reserve fund to reach the cash reserve goal percentage for the current fiscal year, there is appropriated from the general fund of the state an amount to be determined as follows:

(1) If the balance of the cash reserve fund in the current fiscal year is not more than four percent of the adjusted revenue estimate for the current fiscal year, the amount of the appropriation under this lettered paragraph is one percent of the adjusted revenue estimate for the current fiscal year.

(2) If the balance of the cash reserve fund in the current fiscal year is more than four percent but less than five percent of the adjusted revenue estimate for that fiscal year, the amount of the appropriation under this lettered paragraph is the amount necessary for the cash reserve fund to reach five percent of the adjusted revenue estimate for the current fiscal year.

(3) The moneys appropriated under this lettered paragraph shall be credited in equal and proportionate amounts in each quarter of the current fiscal year.

b. The surplus existing in the general fund of the state at the conclusion of the fiscal year is appropriated for distribution in the succeeding fiscal year as provided in subsections 2 and 3. Moneys credited to the cash reserve fund from the appropriation made in this paragraph shall not exceed the amount necessary for the cash reserve fund to reach the cash reserve goal percentage for the succeeding fiscal year.

As used in this paragraph, "surplus" means the excess of revenues and other financing sources over expenditures and other financing uses for the general fund of the state in a fiscal year.

c. The amount appropriated in this section is not subject to the provisions of section 8.31, relating to quarterly requisitions and allotment, or to section 8.32, relating to conditional availability of appropriations.

2. Moneys appropriated under subsection 1 shall be first credited to the cash reserve fund. To the extent that moneys appropriated under subsection 1 would make the moneys in the cash reserve fund exceed the cash reserve goal percentage of the adjusted revenue estimate for the fiscal year, the moneys are appropriated to the department of management to be spent for the purpose of eliminating Iowa's GAAP deficit, including the payment of items budgeted in a subsequent fiscal year which under generally accepted accounting principles should be budgeted in the current fiscal year. These moneys shall be deposited into a GAAP deficit reduction account established within the department of management. The department of management shall annually file with both houses of the general assembly at the time of the submission of the governor's budget, a schedule of the items for which moneys appropriated under this subsection for the purpose of eliminating Iowa's GAAP deficit, including the payment of items budgeted in a subsequent fiscal year which under generally accepted accounting principles should be budgeted in the current fiscal year, shall be spent. The schedule shall indicate the fiscal year in which the spending for an item is to take place and shall incorporate the items detailed in 1994 Iowa Acts, chapter 1181, section 17. The schedule shall list each item of expenditure and the estimated dollar amount of moneys to be spent on that item for the fiscal year. The department of management may submit during a regular legislative session an amended schedule for legislative consideration. If moneys appropriated under this subsection are not enough to pay for all listed expenditures, the department of management shall distribute the payments among the listed expenditure items. Moneys appropriated to the department of management under this subsection shall not be spent on items other than those included in the filed schedule. On September 1 following the close of a fiscal year, moneys in the GAAP deficit reduction account which remain unexpended for items on the filed schedule for the previous fiscal year shall be credited to the Iowa economic emergency fund.

3. To the extent that moneys appropriated under subsection 1 exceed the amounts necessary for the cash reserve fund to reach its maximum balance and the amounts necessary to eliminate Iowa's GAAP deficit, including elimination of the making of any appropriation in an incorrect fiscal year, the moneys shall be appropriated to the Iowa economic emergency fund.

4. As used in this section, "GAAP" means generally accepted accounting principles as established by the governmental accounting standards board.

5. *a.* A rebuild Iowa infrastructure fund is created under the authority of the department of management. The fund shall consist of appropriations made to the fund and transfers of interest, earnings, and moneys from other funds as provided by law. The fund shall be separate from the general fund of the state and the balance in the fund shall not be considered part of the balance of the general fund of the state. However, the fund shall be considered a special account for the purposes of section 8.53, relating to generally accepted accounting principles.

b. Moneys in the infrastructure fund are not subject to section 8.33. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the infrastructure fund shall be credited to the infrastructure fund.

c. Moneys in the fund in a fiscal year shall be used as directed by the general assembly for public infrastructure-related expenditures.

d. The general assembly may provide that all or part of the moneys deposited in the GAAP deficit reduction account created in this section shall be transferred to the infrastructure fund in lieu of appropriation of the moneys to the Iowa economic emergency fund.

8.63 Innovations fund.

1. An innovations fund is created in the state treasury under the control of the department of management for the purpose of stimulating and encouraging innovation in state government by the awarding of repayable loans to state agencies.

2. The director of the department of management shall establish an eight-member committee to be called the state innovations fund committee. The committee shall review all requests for funds and approve loans of funds if the committee determines that an agency request would result in cost savings or added revenue to the general fund of the state. Eligible projects are projects which cannot be funded from an agency's operating budget without adversely affecting the agency's normal service levels. Projects may include, but are not limited to, purchase of advanced technology, contracting for expert services, and acquisition of equipment or supplies.

3. A state agency seeking a loan from the innovations fund shall complete an application form designed by the state innovations fund committee which employs a return on investment concept and demonstrates how state general fund expenditures will be reduced or how state general fund revenues will increase. Minimum loan requirements for state agency requests shall be determined by the committee. As an incentive to increase state general fund revenues, an agency may retain up to fifty percent of savings realized in connection with a loan from the innovations fund. The amount retained shall be determined by the innovations fund committee.

4. In order for the innovations fund to be self-supporting, the innovations fund committee shall establish repayment schedules for each innovation fund loan awarded. Agencies shall repay the funds over a period not to exceed five years with interest, at a rate to be determined by the innovations fund committee.

5. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the innovations fund shall be credited to the innovations fund. Notwithstanding section 8.33, moneys remaining in the innovations fund at the end of a fiscal year shall not revert to the general fund of the state.

8D.3 Iowa telecommunications and technology commission — members — duties.

1. *Commission established.* A telecommunications and technology commission is established with the sole authority to supervise the management, development, and operation of the network and ensure that all components of the network are technically compatible. The commission shall ensure that the network operates in an efficient and responsible manner consistent with the provisions of this chapter for the purpose of providing the best economic service attainable to the network users consistent with the state's financial capacity. The commission shall ensure that educational users and the use, design, and implementation for educational applications be given the highest priority concerning use of the network. The commission shall provide for the centralized, coordinated use and control of the network.

2. *Members.* The commission is composed of three members appointed by the governor and subject to confirmation by the senate. Vacancies shall be filled by the governor for the duration of the unexpired term. The salary of the members of the commission shall be twenty thousand dollars per year, except that the salary of the chairperson shall be twenty-five thousand dollars per year. Members of the commission shall also be reimbursed for all actual and necessary expenses incurred in the performance of duties as members. Meetings of the commission shall be held at the call of the chairperson of the commission. In addition to the members appointed by the governor, the auditor of state or the auditor's designee shall serve as a nonvoting, ex officio member of the commission.

The benefits and salary paid to the members of the commission shall be adjusted annually equal to the average of the annual pay adjustments, expense reimbursements, and related benefits provided under collective bargaining agreements negotiated pursuant to chapter 20.

3. *Duties.* The commission shall do all of the following:

a. Enter into agreements pursuant to chapter 28E as necessary and appropriate for the purposes of the commission. However, the commission shall not enter into an agreement with an unauthorized user or any other person pursuant to chapter 28E for the purpose of providing such user or person access to the network.

b. Adopt rules pursuant to chapter 17A as deemed appropriate and necessary, and directly related to the implementation and administration of the duties of the commission. The commission, in consultation with the department of general services, shall also adopt and provide for standard communications procedures and policies relating to the use of the network which recognize, at a minimum, the need for reliable communications services.

c. Establish an appeal process for review by the commission of a scheduling conflict decision, including a scheduling conflict involving an educational user, or the establishment of a fee associated with the network upon the request of a person affected by such decision or fee. A determination made by the commission pursuant to this paragraph shall be final.

d. Review and approve for adoption, rules as proposed and submitted by an authorized user group necessary for the authorized user group's access and use of the network. The commission may refuse to approve and adopt a proposed rule, and upon such refusal, shall return the proposed rule to the respective authorized user group proposing the rule with a statement indicating the commission's reason for refusing to approve and adopt the rule.

e. (1) Develop and issue for response all requests for proposals for any construction, installation, repair, maintenance, or equipment and parts necessary for the network. In preparing the request for proposals, the commission shall do all of the following:

(a) Review existing requests for proposals related to the network.

(b) Consider and evaluate all competing technologies which could be used in any construction, installation, repair, or maintenance project.

(c) Allow flexibility for proposals to be submitted in response to a request for proposals issued by the commission such that any qualified provider may submit a bid on a site-by-site basis, or on a merged area or defined geographic area basis, or both, and by permitting proposals to be submitted for use of competing or alternative technologies in each defined area.

(d) Ensure that rural communities have access to comparable services to the services provided in urban

areas resulting from any plans to construct, install, repair, or maintain any part of the network.

(2) In determining which proposal to recommend to the general assembly to accept, consider what is in the long-term best interests of the citizens of the state and the network, and utilize, if possible, the provision of services with existing service providers consistent with those best interests. In determining what is in the long-term best interests of the citizens of the state and the network, the commission, at a minimum, shall consider the cost to taxpayers of the state.

(3) Deliver a written report and all proposals submitted in response to the request for proposals for Part III to the general assembly no later than January 1, 1995. The commission shall not enter into any agreement related to such proposals without prior authorization by a constitutional majority of each house of the general assembly and approval by the governor.

f. Annually prepare a written five-year financial plan for the network which shall be provided to the general assembly and the governor no later than January 15 of each year. The plan shall include estimates for income and expenses for the network for the five-year period and the actual income and expenses for the preceding fiscal year. The plan shall include the amount of general fund appropriations to be requested for the payment of operating expenses and debt service. The plan shall also include any recommendations of the commission related to changes in the system and other items as deemed appropriate by the commission. The recommendations of the commission contained in the plan shall include a detailed plan for the connection of all public schools to the network, including a discussion and evaluation of all potential financing options, an estimate of all costs incurred in providing such connections, and a schedule for completing such connections, including the anticipated final completion date for such connections.

g. Review existing maintenance contracts and past contracts to determine vendor capability to perform the obligations under such contracts. The commission shall report to the general assembly prior to January 1 of each year as to the performance of all vendors under each contract and shall make recommendations concerning continued funding for the contracts.

h. Pursue available opportunities to cooperate and coordinate with the federal government for the use and potential expansion of the network and for the financing of any such expansion.

i. Evaluate existing and projected rates for use of the system and ensure that rates are sufficient to pay for the operation of the system excluding the cost of construction and lease costs for Parts I, II, and III. The commission shall establish all hourly rates to be charged to all authorized users for the use of the network. A fee established by the commission to be charged to a hospital licensed pursuant to chapter 135B, a physician clinic, or the federal government shall be at an appropriate rate so that, at a minimum,

there is no state subsidy related to the costs of the connection or use of the network related to such user.

j. Make recommendations to the general assembly, as deemed appropriate by the commission, concerning the operation of the network.

"Part III" means the communications connection between the secondary switching centers and the agencies defined in section 8D.2, subsections 4 and 5, excluding state agencies, institutions under the control of the board of regents, nonprofit institutions of higher education eligible for tuition grants, and the judicial department, judicial district departments of correctional services, hospitals and physician clinics, agencies of the federal government, and post offices.

3. The financing for the procurement costs for the entirety of Part I except for the communications connections between central switching and institutions under the control of the board of regents, and nonprofit institutions of higher education eligible for tuition grants, and for the video, data, and voice capacity for state agencies and for Part II and Part III, shall be provided by the state. The financing for the procurement and maintenance costs for Part III shall be provided by the state. A local school board, governing authority of a nonpublic school, or an area education agency board may elect to provide one hundred percent of the financing for the procurement and maintenance costs for Part III to become part of the network. The basis for the amount of state financing is one hundred percent of a single interactive audio and interactive video connection for Part III, and such data and voice capacity as is necessary. If a school board, governing authority of a nonpublic school, or area education agency board elects to provide one hundred percent of the financing for the leasing costs for Part III, the school district or area education agency may become part of the network as

soon as the network can reasonably connect the district or agency. A local school board, governing authority of a nonpublic school, or an area education agency board may also elect not to become part of the network. Construction of Part III, related to a school board, governing authority of a nonpublic school, or area education agency board which provides one hundred percent of the financing for the leasing costs for Part III, may proceed as determined by the commission and consistent with the purpose of this chapter.

4. The commission shall develop the requests for proposals that are needed for the Iowa communications network with sufficient capacity to serve the video, data, and voice requirements of state agencies and for educational telecommunications applications. The commission shall develop a request for proposals for each of the systems that will make up the network. The commission may develop a request for proposals for each definitive component of the network or the commission may provide in the request for proposals for each such system that separate contracts may be entered into for each definitive component covered by the request for proposals. The requests for proposals may be for the purchase, lease-purchase, or lease of the component parts of the network consistent with the provisions of this chapter, may require maintenance costs to be identified, and the resulting contract may provide for maintenance for parts of the network. The master contract may provide for electronic classrooms, satellite equipment, receiving equipment, studio and production equipment, and other associated equipment as required.

5. The state shall lease all fiberoptic cable facilities or facilities with DS-3 capacity for Part III connections for which state funding is provided. The state shall lease all fiberoptic cable facilities or facilities with DS-3 or DS-1 capacity for the judicial department, judicial district department of correctional services, and state agency connections for which state funding is provided. Such facilities shall be leased from qualified providers. The state shall not own such facilities, except for those facilities owned by the state as of January 1, 1994.

The lease provisions of this subsection do not apply to a school district which elects to provide one hundred percent of the financing for the district's connection.

6. It is the intent of the general assembly that during the implementation of Parts I and II of the system, the department of general services shall employ a consultant to report to it on the impact of changing technology on the potential cost and capabilities of the system. It is also the intent of the general assembly that the department of education shall study new techniques in distant teaching. These reports shall be made available to the general assembly.

7. The commission shall be responsible for the network design and shall be responsible for the implementation of each component of the network as it is incorporated into the network. The final design selected shall optimize the routing for all users in

order to assure maximum utilization by all agencies of the state. Efficiencies achieved in the implementation of the network shall be used to fund further implementation and enhancement of the network, and shall be considered part of the operational cost of the network. The commission shall be responsible for all management, operations, control switching, diagnostics, and maintenance functions of network operations as provided in this chapter. The performance of these duties is intended to provide optimal utilization of the facilities, and the assurance that future growth requirements will be provided for, and that sufficient network capacity will be available to meet the needs of all users.

8. The education telecommunications council shall review all requests for grants for educational telecommunications applications, if they are a part of the Iowa communications network, to ensure that the educational telecommunications application is consistent with the telecommunications plan. All other grant requests shall be reviewed as determined by the commission. If the education telecommunications council finds that a grant request is inconsistent with the telecommunications plan, the grant request shall not be allowed.

9. The procurement and maintenance of electronic equipment including, but not limited to, master receiver antenna systems, studio and production equipment, and broadcast system components shall be provided for under the commission's contracts. The Iowa public broadcasting board and other educational entities within the state have the option to use their existing or replacement resources and agreements in the operation and maintenance of these systems.

10. In addition to the other evaluation criteria specified in the request for proposals issued pursuant to this section, the commission, in evaluating proposals, shall base up to two percent of the total possible points on the public benefit that can be derived from a given proposal due to the increased private telecommunications capacity available to Iowa citizens located in rural Iowa. For purposes of this subsection, an area of the state is considered rural if it is not part of a federally designated standard metropolitan statistical area.

11. The fees charged for use of the network shall be based on the ongoing operational costs of the network only.

12. The commission, on its own or as recommended by an advisory committee of the commission and approved by the commission, shall permit a fee to be charged by a receiving site to the originator of the communication provided on the network. The fee charged shall be for the purpose of recovering the operating costs of a receiving site. The fee charged shall be reduced by an amount received by the receiving site pursuant to a state appropriation for such costs, or federal assistance received for such costs. Fees established under this subsection shall be paid by the originating site directly to the receiving site. For purposes of this section, "operating costs"

include the costs associated with the management or coordination, operations, utilities, classroom, equipment, maintenance, and other costs directly related to providing the receiving site.

13. The auditor of state shall, no less than annually, examine the financial condition and transactions of the commission as provided in chapter 11. A copy of the auditor's report concerning such examination shall be provided to the general assembly.

14. Access to the network shall be offered on an equal basis to public and private agencies under subsection 8 if the private agency contributes an amount toward the match requirement comparable to its share of use for the part of the system in which it participates.

15. Access to the network shall be offered to the judicial district departments of correctional services established in section 905.2, provided that such departments contribute an amount consistent with their share of use for the part of the system in which the departments participate, as determined by the commission.

16. Access shall be offered to hospitals licensed pursuant to chapter 135B and physician clinics for diagnostic, clinical, consultative, data, and educational services for the purpose of developing a comprehensive, statewide telemedicine network, to an agency of the federal government, and to a post office defined as a public agency pursuant to section 8D.2, subsection 5. A hospital, physician clinic, an agency of the federal government, or a post office defined as a public agency pursuant to section 8D.2, subsection

5, shall be responsible for all costs associated with becoming a part of the network.

17. Access shall be offered to the judicial department provided that the department contributes an amount consistent with the department's share of use for the part of the network in which the department participates, as determined by the commission.

18. Notwithstanding chapter 476, the provisions of chapter 476 shall not apply to a public utility in furnishing a telecommunications service or facility to the commission for the Iowa communications network or to any authorized user of the Iowa communications network for such authorized user's connection to the network.

CHAPTER 15A

USE OF PUBLIC FUNDS TO AID ECONOMIC DEVELOPMENT

15A.9 Quality jobs enterprise zone — state assistance.

1. Findings — zone designation.

a. The general assembly finds and declares that the designation of a quality jobs enterprise zone or zones and the provision of economic development assistance within the zone or zones are necessary to diversify the Iowa economy, enhance opportunities for Iowans to obtain quality industrial jobs, and provide significant economic benefits to the state through the expansion of Iowa's economy. Establishment of the quality jobs enterprise zone or zones and the economic development assistance provided by the state or a local community will be for the well-being and benefit of the residents of the state and will be for a public purpose.

b. In order to assist a community or communities located within the state to secure new industrial manufacturing jobs, the state of Iowa makes economic development assistance available within the zone or zones, and the department of economic development shall designate a site or sites, which shall not be larger than two thousand five hundred acres, within thirty days of March 4, 1994, as a quality jobs enterprise zone or zones for the purpose of attracting a primary business and supporting businesses to locate facilities within the state.

The primary business or a supporting business shall not be prohibited from participating in or receiving other economic development programs or services or electing to utilize other tax provisions to the extent authorized elsewhere by law.

2. Definitions. As used in this section:

a. "Contractor or subcontractor" means a person who contracts with the primary business or a supporting business or subcontracts with a contractor for the provision of property, materials, or services for the construction or equipping of a facility, located within the zone, of the primary business or a supporting business.

b. "Primary business" means a business which pays its full-time production employees at the facility average cash compensation, which shall not include

the cost of the business' contribution to retirement or health benefit plans, equating to fifteen dollars per hour worked by the end of the second full year of operation following project completion, and which provides the department of economic development within thirty days of March 4, 1994, with notice of its intent to develop and operate a new manufacturing facility on a specific location within the state, including the legal description of the site which shall not contain more than two thousand five hundred acres, to invest at least two hundred fifty million dollars in the facility, and to commence construction of the facility by December 31, 1994, providing all necessary permits have been issued and zoning changes made in time for construction to begin by that date. The business shall also guarantee that it will create at least three hundred full-time jobs at the facility. The headquarters of the primary business need not be within the zone.

c. "Project completion" means the first date upon which the average annualized production of finished product for the preceding ninety-day period at the manufacturing facility operated by the primary business within the zone is at least fifty percent of the initial design capacity of the facility. The primary business shall inform the department of revenue and finance in writing within two weeks of project completion.

d. "Supporting business" means a business under contract with the primary business to provide property, materials, or services which are a necessary component of the operation of the manufacturing facility. To qualify as a supporting business, the business shall have a permanent facility or operations located within the zone and the revenue from fulfilling the contract with the primary business shall constitute at least seventy-five percent of the revenue generated by the business from all activities undertaken from the facility within the zone.

e. "Zone or zones" means a quality jobs enterprise zone or zones.

3. *New jobs credit.* At the request of the primary business or a supporting business, an agreement

authorizing a supplemental new jobs credit from withholding from jobs within the zone may be entered into between the department of revenue and finance, a community college, and the primary business or a supporting business. The agreement shall be for program services for an additional job training project, as defined in chapter 260E. The agreement shall provide for the following:

a. That the project shall be administered in the same manner as a project under chapter 260E and that a supplemental new jobs credit from withholding in an amount equal to one and one-half percent of the gross wages paid by the primary business or a supporting business pursuant to section 422.16 is authorized to fund the program services for the additional project.

b. That the supplemental new jobs credit from withholding shall be collected, accounted for, and may be pledged by the community college in the same manner as described in section 260E.5.

c. That the community college shall not be allowed any expenses for administering the additional project except those expenses which are directly attributable to the additional project and which are in excess of the expenses allowed for the project under chapter 260E.

To provide funds for the payment of the costs of the additional project, a community college may borrow money, issue and sell certificates, and secure the payment of the certificates in the same manner as described in section 260E.6, including, but not limited to, providing the assessment of an annual levy as described in section 260E.6, subsection 4. The program and credit authorized by this subsection is in addition to, and not in lieu of, the program and credit authorized in chapter 260E.

4. *Investment tax credit.* The primary business and a supporting business shall be entitled to a corporate tax credit equal to ten percent of the new investment made within the zone by the primary business or a supporting business prior to project completion. A credit in excess of the tax liability for the tax year may be credited to the tax liability for the following twenty years or until depleted, whichever comes first.

For purposes of this section, "*new investment made within the zone*" means the capitalized cost of all real and personal property, including buildings and other improvements to real estate, purchased or otherwise acquired or relocated to the zone for use in the operation of the primary business or a supporting business within the zone. New investment in the zone does not include land, intangible property, or furniture and furnishings. The capitalized cost of property shall for the purposes of this section be determined in accordance with generally accepted accounting principles.

5. *Property tax exemption.*

a. All property, as defined in section 427A.1, subsection 1, paragraphs "e" and "j", Code 1993, used by the primary business or a supporting business and located within the zone, shall be exempt from prop-

erty taxation for a period of twenty years beginning with the year it is first assessed for taxation. In order to be eligible for this exemption, the property shall be acquired or leased by the primary business or a supporting business or relocated by the primary business or a supporting business to the zone from outside the state prior to project completion.

b. Property which is exempt for property tax purposes under this subsection is eligible for the sales and use tax exemption under section 422.45, subsection 27, notwithstanding that subsection or any other provision of the Code to the contrary.

6. *Sales, services, and use tax refund.* Taxes paid pursuant to chapter 422 or 423 on the gross receipts or rental price of property purchased or rented by the primary business or a supporting business for use by the primary business or a supporting business within the zone or on gas, electricity, water, and sewer utility services prior to project completion shall be refunded to the primary business or supporting business if the item was purchased or the service was performed or received prior to project completion. Claims under this section shall be submitted on forms provided by the department of revenue and finance not later than six months after project completion. The refund in this subsection shall not apply to furniture or furnishings, or intangible property.

7. *Sales, services, and use tax refund — contractor or subcontractor.* The primary business or a supporting business shall be entitled to a refund of the taxes paid under chapters 422 and 423 for gas, electricity, water, or sewer utility services, goods, wares, or merchandise, or on services rendered, furnished, or performed to or for a contractor or subcontractor and used in the fulfillment of a written contract relating to the construction or equipping of a facility within the zone of the primary business or a supporting business. Taxes attributable to intangible property and furniture and furnishings shall not be refunded.

To receive the refund a claim shall be filed by the primary business or a supporting business with the department of revenue and finance as follows:

a. The contractor or subcontractor shall state under oath, on forms provided by the department, the amount of the sales of goods, wares, or merchandise or services rendered, furnished, or performed including water, sewer, gas, and electric utility services for use in the zone upon which sales or use tax has been paid prior to the project completion, and shall file the forms with the primary business or supporting business before final settlement is made.

b. The primary business or a supporting business shall, not more than six months after project completion, make application to the department for any refund of the amount of the taxes paid pursuant to chapter 422 or 423 upon any goods, wares, or merchandise, or services rendered, furnished, or performed, including water, sewer, gas, and electric utility services. The application shall be made in the manner and upon forms to be provided by the department, and the department shall audit the claim

and, if approved, issue a warrant to the primary business or supporting business in the amount of the sales or use tax which has been paid to the state of Iowa under a contract. A claim filed by the primary business or a supporting business in accordance with this subsection shall not be denied by reason of a limitation provision set forth in chapter 421, 422, or 423.

c. A contractor or subcontractor who willfully makes a false report of tax paid under the provisions of this subsection is guilty of a simple misdemeanor and in addition is liable for the payment of the tax and any applicable penalty and interest.

8. *Corporate tax research credit.* A corporate tax credit shall be available to the primary business or a supporting business for increasing research activities in this state within the zone. The credit equals thirteen percent of the state's apportioned share of the qualifying expenditures for increasing research activities. The state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state within the zone to total qualified research expenditures. Any credit in excess of the tax liability for the tax year shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, the primary business or a supporting business may elect to have the overpayment shown on its final return credited to its tax liability for the following tax year.

For the purposes of this section, "*qualifying expenditures for increasing research activities*" means the qualifying expenditures as defined for the federal credit for increasing research activities which would be allowable under section 41 of the Internal Revenue Code in effect on January 1, 1995. The credit authorized in this subsection is in lieu of the credit authorized in section 422.33, subsection 5.

9. *Exemption from land ownership restrictions for nonresident aliens.*

a. The primary business and a supporting business, to the extent the primary business or the supporting business is not actively engaged in farming within the zone, may acquire, own, and lease land in the zone, notwithstanding the provisions of sections 9H.4, 9H.5, and 567.3, and shall be exempt from the requirements of section 567.4. The primary business and supporting business shall comply with the re-

maining provisions of chapters 9H and 567 to the extent they do not conflict with this subsection.

(2) Regularly and frequently making or taking an important part in making management decisions substantially contributing to or affecting the success of the farm operations within the zone.

(3) Performing physical work which significantly contributes to crop or livestock production.

10. *Limitation on assistance.* Economic development assistance under subsections 3 through 9 shall only be available to the primary business or a supporting business. However, if the department finds that a primary business or a supporting business has a record of violations of the law, including but not limited to environmental and worker safety statutes, rules, and regulations, over a period of time that tends to show a consistent pattern, the primary business or supporting business shall not qualify for economic development assistance under subsections 3 through 9, unless the department finds that the violations did not seriously affect public health or safety or the environment, or if it did that there were mitigating circumstances. In making the findings and determinations regarding violations, mitigating circumstances, and whether a primary business or a supporting business is eligible for economic development assistance under subsections 3 through 9, the department shall be exempt from chapter 17A.

11. *Economic cost benefit analysis.* An economic cost benefit analysis shall be conducted by the legislative fiscal bureau for each zone established under this section for every five-year period through the duration of the zone. The analysis shall measure the impact upon both revenues and costs of the state and affected governmental subdivisions due to economic activities within the zone. Contract, with the approval of the executive council, for the repair, remodeling or, if the condition warrants, demolition of all buildings and grounds of the state at the seat of government and the institutions of the department of human services and the department of corrections for which no specific appropriation has been made, if the cost of repair, remodeling or demolition will not exceed one hundred thousand dollars when completed. The cost of repair projects for which no specific appropriation has been made shall be paid from the fund provided in section 7D.29.

8. Dispose of all personal property of the state under the director's control when it becomes unnecessary or unfit for further use by the state. If the director concludes that the property has little value, the director may dispose of the personal property by means other than by sale. Proceeds from the sale of personal property shall be deposited in the state general fund.

9. Lease all buildings and office space necessary to carry out the provisions of this chapter or necessary for the proper functioning of any state agency at the seat of government, with the approval of the executive council if no specific appropriation has been made. The cost of any lease for which no specific appropriation has been made shall be paid from the fund provided in section 7D.29.

When the general assembly is not in session, the director of general services may request funds from the executive council for moving state agencies lo-

cated at the seat of government from one location to another. The request may include moving costs, telephone costs, repair costs, or any other costs relating to the move. The executive council may approve and shall pay the costs from funds provided in section 7D.29 if it determines the agency or department has no available funds for these expenses.

10. On behalf of the department, enter into lease-purchase contracts for real or personal property, wherever located within the state, to be used for buildings, facilities, and structures, or for additions or improvements to existing buildings, facilities, and structures, to carry out the provisions of this section or for the proper use and benefit of the state and its state agencies on the following terms and conditions:

a. The director shall coordinate the location, design, plans and specifications, construction, and ultimate use of the real or personal property lease-purchased with the state agency for whose benefit and use the property is being obtained and the terms and conditions of the lease-purchase contract with both the state agency for whose benefit and use the property is being obtained and the treasurer of state. Upon awarding the contract for construction of a building or for site development, the director shall have sole authority to administer the contract.

b. The lease-purchase contract may provide for ultimate ownership of the property by the state. Title to all property acquired in this manner shall be taken and held in the name of the state. The state shall be the lessee or contracting party under all lease-purchase contracts entered into pursuant to this section. The lease-purchase contract may contain provisions similar to provisions customarily found in lease-purchase contracts between private persons, including, but not limited to, provisions prohibiting the acquisition or use by the lessee of competing property or property in substitution for the lease-purchased property, obligating the lessee to pay costs of operation, maintenance, insurance, and taxes relating to the property, and permitting the lessor to retain a security interest in the property lease-purchased, until title passes to the state, which may be assigned or pledged by the lessor. The director may contract for additional security or liquidity for a lease-purchase contract and may enter into agreements for letters of credit, lines of credit, insurance, or other forms of security with respect to rental and other payments due under a lease-purchase contract. Fees for the costs of additional security or liquidity are a cost of entering into the lease-purchase contract and may be paid from funds annually appropriated by the general assembly to the state agency for which the property is being obtained or from other funds legally available. The lease-purchase contract may include the costs of entering into the lease-purchase contract as a cost of the lease-purchased property. The provision of a lease-purchase contract which provides that a portion of the periodic rental payment be applied as interest is subject to chapter 74A. Other laws relating to interest rates do not apply. Chapter 75 does not apply to lease-purchase contracts

entered into pursuant to this section. Rental and other costs due under lease-purchase contracts entered into pursuant to this section shall be payable from funds annually appropriated by the general assembly to the state agency for which the property is being obtained or from other funds legally available.

c. A lease-purchase contract to which the state is a party is an obligation of a state for purposes of chapters 502 and 636, and is a lawful investment for banks, trust companies, building and loan associations, savings and loan associations, investment companies, insurance companies, insurance associations, executors, guardians, trustees, and other fiduciaries responsible for the investment of funds.

d. The director shall not enter into lease-purchase contracts pursuant to this section without prior authorization by a constitutional majority of each house of the general assembly and approval by the governor of the use, location, and maximum cost, not including interest expense, of the real or personal property to be lease-purchased. However, the director shall not enter into a lease-purchase contract for real or personal property which is to be constructed for use as a prison or prison-related facility without prior authorization by a constitutional majority of each house of the general assembly and approval by the governor of the use, location, and maximum cost, not including interest expense, of the real or personal property to be lease-purchased and with the construction in accordance with space needs as established by an independent study of space needs authorized by the general assembly.

e. A contract for acquisition, construction, erection, demolition, alteration, or repair by a private person of real or personal property to be lease-purchased by the director pursuant to this section is exempt from section 18.6, subsections 1 and 9, unless the lease-purchase contract is funded in advance by a deposit of the lessor's moneys to be administered by the director under a lease-purchase contract which requires rent payments to commence upon delivery of the lessor's moneys to the lessee.

This subsection provides an alternative and independent method for carrying out projects under this chapter and for entering into lease-purchase contracts in connection with the projects, without reference to any other statute, and is not an amendment of or subject to the provision of any other law. No publication of any notice, whether under section 73A.12 or otherwise, and no other or further proceedings with respect to the lease-purchase contracts referred to in this section are required except as set forth in this section, any provisions of other statutes of the state to the contrary notwithstanding.

For purposes of this subsection and subsection 12, "state agency" means a board, commission, bureau, division, office, department, or branch of state government.

11. Establish rental fees for space owned by the state and provided by the department to a state agency to which the general assembly has specifically appropriated funds to pay the rental fees.

The director shall notify each state agency provided space by the department to which an appropriation for the rental of that space has been made of the rental fee for the space. The fee shall be based on the cost of the space, services provided to the agency by the division of buildings and grounds, maintenance, utilities, administration, and other property management costs. The state agency shall pay the fee to the department in the same manner as other expenses of the state agency are paid. Fees collected shall be deposited in the general fund of the state.

12. Coordinate the leasing of buildings and office space by state agencies throughout the state and develop cooperative relationships with the state board of regents to promote the colocation of state agencies.

13. With the authorization of a constitutional majority of each house of the general assembly and approval by the governor, dispose of real property belonging to the state and its state agencies upon terms, conditions, and consideration as the director may recommend. If real estate subject to sale under this subsection has been purchased or acquired from appropriated funds, the proceeds of the sale shall be deposited with the treasurer of state and credited to the general fund of the state or other fund from which appropriated. There is appropriated from that same fund, with the prior approval of the executive council and in cooperation with the director, a sum equal to the proceeds so deposited and credited to the state agency to which the disposed property belonged or by which it was used, for purposes of the state agency.

14. Subject to the selection procedures of section 12.30, employ financial consultants, banks, insurers, underwriters, accountants, attorneys, and other advisors or consultants necessary to implement the provisions of subsection 10.

15. Prepare annual status reports for all ongoing capital projects of all state agencies, as defined in section 8.3A, and submit the status reports to the legislative capital projects committee.

16. Call upon any state agency, as defined in section 8.3A, for assistance the director may require in performing the director's duties under subsection 15 regarding capital project status reports. All state agencies, upon the request of the director and with the approval of the director of the department of management, shall assist the director and are authorized to make available to the director any existing studies, surveys, plans, data, and other materials in the possession of the state agencies which are relevant to the director's duties.

17. In carrying out the requirements of section 64.6, the state may purchase an individual or a blanket surety bond insuring the fidelity of state officers. The department may self-assume or self-insure fidelity exposures for state officials and employees. A state official is deemed to have furnished surety if the official has been covered by a program of insurance or self-insurance established by the department. To the extent possible, all bonded state employees shall be covered under one or more blanket bonds or position schedule bonds.

18. The management of state property loss exposures and state liability risk exposures shall be reviewed by the director for the capitol complex. Insurance coverage may include self-insurance or any type of insurance protection sold by insurers, including but not limited to, full coverage, partial coverage, coinsurance, reinsurance, and deductible insurance coverage.

19. Perform all other duties required by law.

The department shall also purchase, when the price is reasonably competitive and the quality as intended, and in keeping with the schedule established in this subsection, soybean-based inks and plastic products with recycled content including but not limited to plastic garbage can liners.

a. By July 1, 1991, one hundred percent of the purchases of inks which are used for newsprint printing services performed internally or contracted for by the department shall be soybean-based.

b. By July 1, 1993, one hundred percent of the purchases of inks, other than inks which are used for newsprint printing services, and which are used internally or contracted for by the department, shall be soybean-based to the extent formulations for such inks are available.

c. By July 1, 1995, a minimum of ten percent of the purchases of garbage can liners made by the department shall be plastic garbage can liners with recycled content. The percentage shall increase by ten percent annually until fifty percent of the purchases of garbage can liners are plastic garbage can liners with recycled content.

d. The department shall report to the general assembly on February 1 of each year the following:

(2) Information relating to soybean-based inks and plastic garbage can liners with recycled content regularly purchased by the department and other state agencies, including the cost of purchasing soybean-based inks and plastic garbage can liners with recycled content and the percentages of soybean-based inks and plastic garbage can liners with recycled content that have been purchased.

e. For purposes of this section “*recycled content*” means that the content of the product contains a minimum of thirty percent postconsumer material.

2. a. As used in this subsection, unless the context otherwise requires:

(1) “*Postconsumer material*” means only those products generated by a business or consumer which have served their intended end uses, and which have been separated or diverted from solid waste for the purposes of collection, recycling, and disposition. Postconsumer material does not include manufacturing wastes.

(2) “*Recycled paper*” means a paper product with not less than fifty percent of its total weight consisting of secondary and postconsumer material. At least ten percent of the total weight of recycled paper shall be postconsumer materials.

(3) “*Secondary material*” means fragments of finished products or finished products of a manufacturing process which has converted a resource into a commodity of real economic value, and includes postconsumer material but does not include excess virgin resources of the manufacturing process.

b. The department, in conjunction with recommendations made by the department of natural resources, shall purchase and use recycled printing and writing paper so that fifty percent by January 1, 1992, seventy-five percent by January 1, 1996, and ninety percent by January 1, 2000, of the volume of printing and writing paper purchased is recycled paper.

c. The department shall adopt standards for the allowable content of postconsumer and secondary material of recycled paper which shall conform with but may be more stringent than the American society for testing and materials standards.

d. The department shall establish a prioritization procedure for the purchase of recycled paper which provides for a five percent differential in the cost of the purchase of paper which has been recycled through the use of a nonchlorinated process.

e. If a provision under this subsection results in the limitation of sources for the purchase of printing and writing paper to three or fewer sources, the department may waive the requirement in order to purchase necessary amounts of printing and writing paper.

f. The department of general services, in conjunction with the department of natural resources, shall review the availability of a higher percentage content of postconsumer content printing and writing paper and shall, by rule, adjust the percentage requirement accordingly.

g. Notwithstanding the requirements of this subsection regarding the purchase of recycled paper, the department shall purchase acid-free permanent paper in the amount necessary for the production or reproduction of documents, papers, or similar materials produced or reproduced for permanent preservation pursuant to law.

3. The department of general services, in conjunction with the department of natural resources, shall review the procurement specifications currently used by the state to eliminate, wherever possible, discrimination against the procurement of products manufactured with recovered materials and soybean-based inks.

4. The department of natural resources shall assist the department of general services in locating suppliers of recycled products and soybean-based inks and collecting data on recycled content and soybean-based ink purchases.

5. Information on recycled content shall be requested on all bids for paper products issued by the state and on other bids for products which could have recycled content such as oil, plastic products, including but not limited to starch-based plastic products, compost materials, aggregate, solvents, soybean-based inks, and rubber products.

6. The department of general services, in conjunction with the department of natural resources, shall adopt rules and regulations to carry out the provisions of this section.

7. All state agencies shall fully cooperate with the departments of general services and natural resources in all phases of implementing this section.

8. The department, by January 1, 1993, shall seek an agreement with the agencies of the states of Minnesota and Wisconsin authorized to purchase general use items for state agencies, to provide for the cooperative purchase of recycled products.

9. The department, whenever technically feasible, shall purchase and use degradable loose foam packing material manufactured from grain starches or other renewable resources, unless the cost of the packing material is more than ten percent greater than the cost of packing material made from nonrenewable resources. For the purposes of this subsection, "packing material" means material, other than an exterior packing shell, that is used to stabilize, protect, cushion, or brace the contents of a package.

6. Reports to governmental agencies which, if released, would give advantage to competitors and serve no public purpose.

7. Appraisals or appraisal information concerning the purchase of real or personal property for public purposes, prior to public announcement of a project.

However, the notice must be published at least ten days prior to the hearing, and if a petition valid under section 362.4 is filed with the clerk of the city prior to the hearing, asking that the

The proposition shall provide for the establishment of a public safety fund and the levy of a tax on taxable property located in the district at rates not exceeding the rates specified in this section for the purpose of providing additional moneys for the operation of the district.

The ballot for the election shall be prepared in substantially the form for submitting special questions at general elections and the form of the proposition shall be substantially as follows:

Shall an annual levy, the amount of which will not exceed a rate of one dollar and fifty cents per thousand dollars of assessed value of the taxable property in the unified law enforcement district be authorized for providing additional moneys needed for unified law enforcement services in the district?

If a majority of the registered voters in each city and the unincorporated area of the county voting on the proposition approve the proposition, the county board of supervisors for unincorporated area and city councils for cities are authorized to levy the tax as provided in section 28E.23.

Such moneys collected pursuant to the tax levy shall be expended only for providing additional moneys needed for unified law enforcement services in the district and shall be in addition to the revenues

If a majority of the registered voters in each city and the unincorporated area of the county, as applicable, approve the proposition, the tax levy shall be discontinued.

2. If the discontinuation of the tax levy necessitates the dissolution of the district, the public safety commission shall dispose of any remaining property, the proceeds of which shall be applied first against any outstanding obligations of the district and any balance shall be remitted to the county and each city in the district in the same proportion that each jurisdiction contributed to the district's budget in its final fiscal year. ELECTION COMMISSIONERS

47.5 Purchasing by competitive bidding.

1. The commissioner shall take bids for goods and services which are needed in connection with registration of voters or preparation for or administration of elections and which will be performed or provided by persons who are not employees of the commissioner under the following circumstances:

a. In any case where it is proposed to purchase data processing services. The commissioner shall give the registrar written notice in advance on each occasion when it is proposed to have data processing services, necessary in connection with the administration of elections, performed by any person other than the registrar or an employee of the county. Such notice shall be made at least thirty days prior to publication of the specifications.

b. In all other cases, where the cost of the goods or services to be purchased will exceed one thousand dollars.

c. Bids shall not be required for legal services or the printing of ballots.

2. When it is proposed to purchase any goods or services, other than data processing services, in connection with administration of elections, the commissioner shall publish notice to bidders, including specifications regarding the goods or services to be purchased or a description of the nature and object of the services to be retained, in a newspaper of general circulation in the county not less than fifteen days before the final date for submission of bids. The commissioner shall also file a copy of the bid specifications in the office of the state commissioner for a period of not less than twenty days prior to such final date. When competitive bidding procedures are used, the purchase of goods or services shall be made from the lowest responsible bidder which meets the specifications or description of the services needed or the commissioner may reject all bids and readvertise. In determining the lowest responsible bidder, various factors may be considered, including but not limited to the past performance of the bidder relative to quality of product or service, the past experience of the purchaser in relation to the product or service, the relative quality of products or services, the proposed terms of delivery and the best interest of the county.

3. The procedure for purchasing data processing services in connection with administration of elections is the same as prescribed in subsection 2, except that the required copy of the bid specifications shall be filed with the registrar rather than the state commissioner. The specifications for data processing contracts relative to voter registration records shall be specified by the registration commission. The registrar shall, not later than the final date for submission of bids, inform the commissioner in writing whether the department of general services data processing facilities are currently capable of furnishing the services the county proposes to purchase, and if so the cost to the county of so obtaining the services as determined in accordance with the standard charges adopted by the registration commission. The commissioner, with approval of the board of supervisors, may reject all bids and enter into an arrangement with the registrar for the services to be furnished by the state. The commissioner may recommend and the board of supervisors may approve purchasing the needed services from the lowest responsible bidder; however, if the needed services could be obtained through the registrar at a lower cost, the board shall publish notice twice in a newspaper of general circulation in the county of its intent to accept such bid and of the difference in the amount of the bid and the cost of purchasing the needed services from the department of general services data processing facilities through the registrar. Each contract for the furnishing of data processing services necessary in connection with the administration of elections, by any person other than the registrar or an employee of the county, shall be executed with the contractor by the board of supervisors of the county purchasing the services, but only after the contract has been reviewed and approved by the registration commission. The contract shall be of not more than one year's duration. Each county exercising the option to purchase such data processing services from a provider other than the registrar shall provide the registrar, at the county's expense, original and updated voter registration lists in a form and at times prescribed by rules adopted by the registration commission.

4. Any election or registration data or records which may be in the possession of a contractor shall remain the property of the commissioner. Contracts with a private person relating to the maintenance and use of voter registration data, which were properly entered into in compliance with this section and with all other laws relating to bidding on such contracts, shall remain in force only until the most recently negotiated termination date of that contract. A new contract with the same provider may be entered into in accordance with subsection 3.

47.6 Election dates — conflicts — public measures.

1. The governing body of any political subdivision which has authorized a special election to which section 39.2 is applicable shall by written notice inform the commissioner who will be responsible for conducting the election of the proposed date of the special election. If a public measure will appear on the ballot at the special election the governing body shall submit the complete text of the public measure to the commissioner with the notice of the proposed date of the special election.

If the proposed date of the special election coincides with the date of a regularly scheduled election, the notice shall be given no later than five p.m. on the last day on which nomination papers may be filed for the regularly scheduled election. Otherwise, the notice shall be given at least thirty-two days in advance of the date of the proposed special election. Upon receiving the notice, the commissioner shall promptly give written approval of the proposed date unless it appears that the special election, if held on that date, would conflict with a regular election or with another special election previously scheduled for that date.

A public measure shall not be withdrawn from the ballot at any election if the public measure was placed on the ballot by a petition, or if the election is a special election called specifically for the purpose of deciding one or more public measures for a single political subdivision. However, a public measure which was submitted to the county commissioner of elections by the governing body of a political subdivision may be withdrawn by the governing body which submitted the public measure if the public measure was to be placed on the ballot of a regularly scheduled election. The notice of withdrawal must be made by resolution of the governing body and must be filed with the commissioner no later than the last day upon which a candidate may withdraw from the ballot.

2. For the purpose of this section, a conflict between two elections exists only when one of the elections would require use of precinct boundaries which differ from those to be used for the other election, or when some but not all of the registered voters of any precinct would be entitled to vote in one of the elections and all of the registered voters of the same precinct would be entitled to vote in the other

election. Nothing in this subsection shall deny a commissioner discretionary authority to approve holding a special election on the same date as another election, even though the two elections may be defined as being in conflict, if the commissioner concludes that to do so will cause no undue difficulties.

47.8 Voter registration commission — composition — duties.

1. A state voter registration commission is established which shall meet at least quarterly to make and review policy, adopt rules, and establish procedures to be followed by the registrar in discharging the duties of that office, and to promote interagency cooperation and planning. The commission shall consist of the state commissioner of elections or the state commissioner's designee, the state chairpersons of the two political parties whose candidates for president of the United States or governor, as the case may be, received the greatest and next greatest number of votes in the most recent general election, or their respective designees, and a county commissioner of registration appointed by the president of the Iowa state association of county auditors, or an employee of the commissioner. The commission membership shall be balanced by political party affiliation pursuant to section 69.16. Members shall serve without additional salary or reimbursement.

The state commissioner of elections, or the state commissioner's designee, shall serve as chairperson of the state voter registration commission.

2. The registration commission shall prescribe the forms required for voter registration by rules promulgated pursuant to chapter 17A.

3. The registrar shall provide staff services to the commission and shall make available to it all information relative to the activities of the registrar's office in connection with voter registration policy which may be requested by any commission member. The registrar shall also provide to the commission at no charge statistical reports for planning and analyzing voter registration services in the state.

The commission may authorize the registrar to employ such additional staff personnel as it deems necessary to permit the duties of the registrar's office to be adequately and promptly discharged. Such personnel shall be employed pursuant to chapter 19A.

4. The registration commission shall annually adopt a set of standard charges to be made for the services the registrar is required to offer to the several commissioners, and for furnishing of voter registration records which are requested by persons other than the registrar, the state commissioner or any commissioner pursuant to section 48A.38. These charges shall be sufficient to reimburse the state for the actual cost of furnishing such services or information, and shall be specified by unit wherever possible. The standard charges shall be adopted by the commission by January 15 of each calendar year.

VOTER REGISTRATION

48A.14 Challenges of voter registrations.

1. The registration of a registered voter may be challenged by another registered voter of the same county subject to the conditions and limitations of this section. A challenge shall be a statement in writing to the commissioner alleging one or more of the following reasons the challenged registrant's registration should not have been accepted or should be canceled:

- a. The challenged registrant is not a citizen of the United States.
- b. The challenged registrant is less than seventeen and one-half years of age.
- c. The challenged registrant is not a resident at the address where the registrant is registered.
- d. The challenged registrant has falsified information on the registrant's registration form.
- e. The challenged registrant has been convicted of a felony, and the registrant's voting rights have not been restored.
- f. The challenged registrant has been adjudged mentally incompetent by a court of law and no subsequent proceeding has reversed that finding.

2. A challenge shall not contain allegations against more than one registered voter.

3. A challenge shall contain a statement signed by the challenger in substantially the following form: "I swear or affirm that information contained on this challenge is true. I understand that knowingly filing a challenge containing false information is an aggravated misdemeanor."

4. A challenge may be filed at any time. A challenge filed less than seventy days before a regularly scheduled election shall not be processed until after the pending election unless the challenge is filed within twenty days of the commissioner's receipt of the challenged registrant's registration form or notice of change to an existing registration.

5. A challenger may withdraw a challenge at any time before the hearing held pursuant to section 48A.16 by notifying the commissioner in writing of the withdrawal.

CHAPTER 49

METHOD OF CONDUCTING ELECTIONS

49.3 Election precincts.

Election precincts shall be drawn by the county board of supervisors or the temporary county redistricting commission in all unincorporated portions of each county, and by the city council of each city in which it is necessary or deemed advisable to establish more than one precinct. Precincts established as provided by this chapter shall be used for all elections, except where temporary merger of established precincts is specifically permitted by law for certain elections, and no political subdivision shall concurrently maintain different sets of precincts for use in different types of elections. Election precincts shall be drawn so that:

1. No precinct shall have a total population in excess of three thousand five hundred, as shown by the most recent federal decennial census.
2. Each precinct is contained wholly within an existing legislative district, except:
 - a. When adherence to this requirement would force creation of a precinct which includes the places of residence of fewer than fifty registered voters.
 - b. When the general assembly by resolution designates a period after the federal decennial census is taken and before the next succeeding reapportionment of legislative districts required by Article III, section 35, Constitution of the state of Iowa as amended

in 1968, during which precincts may be drawn without regard to the boundaries of existing legislative districts.

3. Precincts established after July 1, 1994, shall be composed of contiguous territory within a single county. The boundaries of all precincts shall follow the boundaries of areas for which official population figures are available from the most recent federal decennial census.

4. All election districts, including city wards and county supervisor districts, shall be drawn according to the following standards:

- a. All boundaries, except for supervisor districts for counties using supervisor representation plan "two" pursuant to section 331.209, shall follow precinct boundaries.
- b. All districts shall be as nearly equal as practicable to the ideal population for the districts as determined by dividing the number of districts to be established into the population of the city or county.
- c. All districts shall be composed of contiguous territory as compact as practicable.
- d. Consideration shall not be given to the addresses of incumbent officeholders, political affiliations of registered voters, previous election results, or demographic information other than population head counts, except as required by the Constitution and the laws of the United States.

e. Cities shall not be divided into two or more county supervisor districts unless the population of the city is greater than the ideal size of a district. Cities shall be divided into the smallest number of county supervisor districts possible.

49.12 Election boards.

There shall be appointed in each election precinct an election board which shall ordinarily consist of five precinct election officials. However, in precincts using only one voting machine at any one time, and in precincts voting by paper ballot where no more than three hundred fifty persons cast ballots in the last preceding similar election, the board shall consist of three precinct election officials; and in precincts using more than two voting machines one additional precinct election official may be appointed for each such additional machine. At the commissioner's discretion, additional precinct election officials may be appointed to work at any election. Double election boards may be appointed for any precinct as provided by chapter 51. Not more than a simple majority of the members of the election board in any precinct, or of the two combined boards in any precinct for which a double election board is appointed, shall be members of the same political party or organization if one or more registered voters of another party or organization are qualified and willing to serve on the board.

If double counting boards are not appointed for precincts using paper ballots and using only three precinct election officials, a fourth precinct election official shall be appointed from the election board panel to serve beginning at the time the polls close to assist in counting the paper ballots.

49.13 Commissioner to appoint members, chairperson.

1. The membership of each precinct election board shall be appointed by the commissioner, not less than fifteen days before each election held in the precinct, from the election board panel drawn up as provided in section 49.15. Precinct election officials shall be registered voters of the county, or other political subdivision within which precincts have been merged across county lines pursuant to section 49.11, subsection 1, in which they are appointed. Preference shall be given to appointment of residents of a precinct to serve as precinct election officials for that precinct, but the commissioner may appoint other residents of the county where necessary.

2. Each election board member shall be a member of one of the two political parties whose candidates for president of the United States or for governor, as the case may be, received the largest and next largest number of votes in the precinct at the last general election, except that persons not members of either of these parties may be appointed to serve for any

election in which no candidates appear on the ballot under the heading of either of these political parties.

3. In appointing the election board to serve for any election in which candidates' names do appear under the heading of these political parties, the commissioner shall give preference to the persons designated by the respective county chairpersons of these political parties for placement on the election board panel, as provided by section 49.15, in the order that they were so designated. However, the commissioner may for good cause decline to appoint a designee of a county chairperson if that chairperson is notified and allowed two working days to designate a replacement.

4. The commissioner shall designate one member of each precinct election board as chairperson of that board, and also of the counting board authorized by chapter 51 if one is appointed, with authority over the mechanics of the work of both boards.

49.51 Commissioner to control printing.

The commissioner shall have charge of the printing of the ballots to be used for any election held in the county, unless the commissioner delegates that authority as permitted by this section. The commissioner may delegate this authority only to another commissioner who is responsible under section 47.2 for conducting the elections held for a political subdivision which lies in more than one county, and only with respect to printing of ballots containing only public questions or the names of candidates to be voted upon by the registered voters of that political subdivision. Only one facsimile signature, that of the commissioner under whose direction the ballot is printed, shall appear on the ballot. It is the duty of the commissioner to insure that the arrangement of any ballots printed under the commissioner's direction conforms to all applicable requirements of this chapter.

A sample ballot of any election held in the county shall be forwarded as soon as available to the ethics and campaign disclosure board.

49.66 Reserve supply of ballots.

The commissioner shall provide and retain at the commissioner's office an ample supply of ballots, in addition to those distributed to the several voting precincts. If at any time the ballots furnished to any precinct shall be lost, destroyed, or if the chairperson of the precinct election officials determines that the supply of ballots will be exhausted before the polls are closed, the chairperson of the precinct election officials of the precinct shall immediately contact the commissioner by telephone. If no telephone is available, a messenger shall be sent to the commissioner with a written application for additional ballots. The application shall be signed by a majority of the precinct election officials. The commissioner shall keep written records of all requests for additional ballots and shall immediately cause to be delivered to the

officials, at the polling place, such additional supply of ballots as may be required, and sufficient to comply with the provisions of this chapter.

49.67 Form of reserve supply.

The number of reserve ballots for each precinct shall be determined by the commissioner.

If necessary, the commissioner or the commissioner's designee may make photocopies of official ballots to replace or replenish ballot supplies. The commissioner shall keep a record of the number of photocopied ballots made for each precinct, the name of the person who made the photocopies, and the date, time, and location at which the photocopies were made. These records shall be made on forms and following procedures prescribed by the secretary of state by administrative rule.

In any precinct where photocopied ballots are used, each photocopied ballot shall be initialed as required

CANVASS OF VOTES

50.24 Canvass by board of supervisors.

The county board of supervisors shall meet to canvass the vote on the first Monday or Tuesday after the day of each election to which this chapter is applicable, unless the law authorizing the election specifies another date for the canvass. If that Monday or Tuesday is a public holiday, section 4.1, subsection 34, controls. Upon convening, the board shall open and canvass the tally lists and shall prepare abstracts stating, in words written at length, the number of votes cast in the county, or in that portion of the county in which the election was held, for each office and on each question on the ballot for the election. The board shall contact the chairperson of the special precinct board before adjourning and include in the canvass any absentee ballots which were received after the polls closed in accordance with section 53.17 and which were canvassed by the special precinct board after election day. The abstract shall further indicate the name of each person who received votes for each office on the ballot, and the number of votes each person named received for that office, and the number of votes for and against each question submitted to the voters at the election. The votes of all write-in candidates who each received less than two percent of the votes cast for an office shall be reported collectively under the heading "scattering".

The board shall also prepare a certificate showing the total number of people who cast ballots in the election. For general elections and elections held pursuant to section 69.14, a copy of the certificate shall be forwarded to the state commissioner.

Any obvious clerical errors in the tally lists from the precincts shall be corrected by the supervisors. Complete records of any changes shall be recorded in the minutes of the canvass.

The secretary of state shall invite to attend the canvass one representative from each political party which, at the last preceding general election, cast for its candidate for president of the United States or for governor, as the case may be, at least two percent of the total vote cast for all candidates for that office at that election, as determined by the secretary of state. The secretary of state shall notify the chairperson of each political party of the time of the canvass. 50.49 Recounts for public measures.

A recount for any public measure shall be ordered by the board of canvassers if a petition requesting a recount is filed with the county commissioner not later than three days after the completion of the canvass of votes for the election at which the question appeared on the ballot. The petition shall be signed by the greater of not less than ten eligible electors or a number of eligible electors equaling one percent of the total number of votes cast upon the public measure. Each petitioner must be a person who was entitled to vote on the public measure in question or would have been so entitled if registered to vote.

The recount shall be conducted by a board which shall consist of:

1. A designee named in the petition requesting the recount.
2. A designee named by the commissioner at or before the time the board is required to convene.
3. A person chosen jointly by the members designated under subsections 1 and 2.

The commissioner shall convene the persons designated under subsections 1 and 2 not later than nine a.m. on the seventh day following the canvass of the election in question. If those two members cannot agree on the third member by eight a.m. on the ninth day following the canvass, they shall immediately notify the chief judge of the judicial district in which the canvass is occurring, who shall appoint the third member not later than five p.m. on the eleventh day following the canvass.

The petitioners requesting the recount shall post a bond as required by section 50.48, subsection 2. The amount of the bond shall be one thousand dollars for a public measure appearing on the ballot statewide or one hundred dollars for any other public measure. If the difference between the affirmative and negative votes cast on the public measure is less than the greater of fifty votes or one percent of the total number of votes cast for and against the question, a bond is not required.

The procedure for the recount shall follow the provisions of section 50.48, subsections 4 through 7, as far as possible.

CHAPTER 53

ABSENT VOTERS

53.2 Application for ballot.

Any registered voter, under the circumstances specified in section 53.1, may on any day, except election day, and not more than seventy days prior to the date of the election, apply in person for an absentee ballot at the commissioner's office or at any location designated by the commissioner, or make written application to the commissioner for an absentee ballot. The state commissioner shall prescribe a form for absentee ballot applications. However, if a registered voter submits an application that includes all of the information required in this section, the prescribed form is not required.

This section does not require that a written communication mailed to the commissioner's office to request an absentee ballot, or any other document be notarized as a prerequisite to receiving or marking an absentee ballot or returning to the commissioner an absentee ballot which has been voted.

Each application shall contain the name and signature of the registered voter, the address at which

the voter is registered to vote, and the name or date of the election for which the absentee ballot is requested, and such other information as may be necessary to determine the correct absentee ballot for the registered voter. If insufficient information has been provided, the commissioner shall, by the best means available, obtain the additional necessary information.

An application for a primary election ballot which specifies a party different from that recorded on the registered voter's voter registration record shall be accepted as a change or declaration of party affiliation. The commissioner shall approve the change or declaration and enter a notation of the change on the registration records. A notice shall be sent with the ballot requested informing the voter that the voter's registration record will be changed to show that the voter is now affiliated with the party whose ballot the voter requested.

If an application for an absentee ballot is received from an eligible elector who is not a registered voter

the commissioner shall send a registration form under section 48A.8 and an absentee ballot to the eligible elector. If the application is received so late that it is unlikely that the registration form can be returned in time to be effective on election day, the commissioner shall enclose with the absentee ballot a notice to that effect, informing the voter of the registration time limits in section 48A.9. The commissioner shall record on the elector's application that the elector is not currently registered to vote. If the registration form is properly returned by the time provided by section 48A.9, the commissioner shall record on the elector's application the date of receipt of the registration form and enter a notation of the registration on the registration records.

A registered voter who has not moved from the county in which the elector is registered to vote may submit a change of name, telephone number, or address on the form prescribed in section 48A.8 when casting an absentee ballot. Upon receipt of a properly completed form, the commissioner shall enter a notation of the change on the registration records.

Unnumbered paragraph 4 amended

53.23 Special precinct election board.

1. The election board of the absentee ballot and special voters precinct shall be appointed by the commissioner in the manner prescribed by sections 49.12 and 49.13, except that the number of precinct election officials appointed to the board shall be sufficient to complete the counting of absentee ballots by ten p.m. on election day.

2. The board's powers and duties shall be the same as those provided in chapter 50 for precinct election officials in regular precinct polling places. However, the election board of the special precinct shall receive from the commissioner and count all absentee ballots for all precincts in the county; when two or more political subdivisions in the county hold elections simultaneously the special precinct election board shall count absentee ballots cast in all of the elections so held. The tally list shall be recorded on forms prescribed by the state commissioner.

3. The commissioner shall set the convening time for the board, allowing a reasonable amount of time to complete counting all absentee ballots by ten p.m. on election day. The commissioner may direct the board to meet on the day prior to the election solely for the purpose of reviewing the absentee voters' affidavits appearing on the sealed ballot envelopes if in the commissioner's judgment this procedure is necessary due to the number of absentee ballots received, but under no circumstances shall a sealed ballot envelope be opened before the board convenes on election day.

4. The room where members of the special precinct election board are engaged in counting absentee ballots during the hours the polls are open shall be policed so as to prevent any person other than those whose presence is authorized by this subsection from obtaining information about the progress of the

count. The only persons who may be admitted to that room are the members of the board, one challenger representing each political party, one observer representing any nonparty political organization or any candidate nominated by petition pursuant to chapter 45 or any other nonpartisan candidate in a city or school election appearing on the ballot of the election in progress, one observer representing persons supporting a public measure appearing on the ballot and one observer representing persons opposed to such measure, and the commissioner or the commissioner's designee. It shall be unlawful for any of these persons to communicate or attempt to communicate, directly or indirectly, information regarding the progress of the count at any time before the polls are closed.

5. The special precinct election board shall preserve the secrecy of all absentee and special ballots. After the affidavits on the envelopes have been reviewed and the qualifications of the persons casting the ballots have been determined, those that have been accepted for counting shall be opened. The ballots shall be removed from the affidavit envelopes without being unfolded or examined, and then shall be thoroughly intermingled, after which they shall be unfolded and tabulated. If secrecy folders or envelopes are used with special paper ballots, the ballots shall be removed from the secrecy folders after the ballots have been intermingled.

6. The special precinct election board shall not release the results of its tabulation on election day until all of the ballots it is required to count on that day have been counted, nor release the tabulation of challenged ballots accepted and counted under chapter 50 until that count has been completed.

56.3 Committee treasurer and chairperson — duties.

1. Every candidate’s committee shall appoint a treasurer who shall be an Iowa resident who has

reached the age of majority. Every political committee shall appoint both a treasurer and a chairperson, each of whom shall have reached the age of majority. Every candidate’s committee shall maintain all of the committee’s funds in bank accounts in a financial institution located in Iowa. Every political committee shall either have an Iowa resident as treasurer or maintain all of the committee’s funds in bank accounts in a financial institution located in Iowa. An expenditure shall not be made by the treasurer or treasurer’s designee for or on behalf of a committee without the approval of the chairperson of the committee, or the candidate. Expenditures shall be remitted to the designated recipient within fifteen days of the date of the issuance of the payment.

2. An individual who receives contributions for a committee without the prior authorization of the chairperson of the committee or the candidate shall be responsible for either rendering the contributions to the treasurer within fifteen days of the date of receipt of the contributions, or depositing the contributions in the account maintained by the committee within seven days of the date of receipt of the contributions. A person who receives contributions for a committee shall, not later than fifteen days from the date of receipt of the contributions or on demand of the treasurer, render to the treasurer the contributions and an account of the total of all contributions, including the name and address of each person making a contribution in excess of ten dollars, the amount of the contributions, and the date on which the contributions were received. The treasurer shall deposit all contributions within seven days of receipt by the treasurer in an account maintained by the committee. All funds of a committee shall be segregated from any other funds held by officers, members, or associates of the committee or the committee’s candidate. However, if a candidate’s committee receives contributions only from the candidate, or if a permanent organization temporarily engages in activity which qualifies it as a political committee and all expenditures of the organization are made from existing general operating funds and funds are not solicited or received for this purpose from sources other than operating funds, then that committee is not required to maintain a separate account in a financial institution. The funds of a committee are not attachable for the personal debt of the committee’s candidate or an officer, member, or associate of the committee.

3. The treasurer of a committee shall keep a detailed and exact account of:

- a. All contributions made to or for the committee.
- b. The name and mailing address of every person making contributions in excess of ten dollars, and the date and amount of the contribution.
- c. All disbursements made from contributions by or on behalf of the committee.
- d. The name and mailing address of every person to whom any expenditure is made, the purpose of the expenditure, the date and amount of the expenditure and the name and address of, and office sought by each candidate, if any, on whose behalf the expendi-

ture was made. Notwithstanding this paragraph, the treasurer may keep a miscellaneous account for disbursements of less than five dollars which need only show the amount of the disbursement so long as the aggregate miscellaneous disbursements to any one person during a calendar year do not exceed one hundred dollars.

e. Notwithstanding the provisions of subsection 3, paragraph "d", of this section, when an expenditure is made by a committee in support of the entire state or local political party ticket, only the name of the party shall be given.

4. The treasurer and candidate in the case of a candidate's committee, and the treasurer and chairperson in the case of a political committee, shall preserve all records required to be kept by this section for a period of five years. However, a committee is not required to preserve any records for more than three years from the certified date of dissolution of the committee. For purposes of this section, the five-year period shall commence with the due date of the disclosure report covering the activity documented in the records.

56.4 Reports filed with board or commissioner.

All statements and reports required to be filed under this chapter for a state office shall be filed with the board. All statements and reports required to be filed under this chapter for a county, city, or school office shall be filed with the commissioner. Statements and reports on a ballot issue shall be filed with the commissioner responsible under section 47.2 for conducting the election at which the issue is voted upon, except that statements and reports on a statewide ballot issue shall be filed with the board. Copies of any reports filed with a commissioner shall be provided by the commissioner to the board on its request. State statutory political committees shall file all statements and reports with the board. All other statutory political committees shall file the statements and reports with the commissioner with a copy sent to the board. The board shall retain statements and reports filed with the board for at least five years from the date of the election in which the committee is involved, or at least five years from the certified date of dissolution of the committee, whichever date is later. The commissioner shall retain statements and reports filed with the commissioner for at least three years from the date of the election in which the committee is involved, or at least three years from the certified date of dissolution of the committee, whichever date is later.

Political committees supporting or opposing candidates for both federal office and any elected office created by law or the Constitution of the state of Iowa shall file statements and reports with the board in addition to any federal reports required to be filed with the board. However, a political committee which is registered and filing full disclosure reports of all

financial activities with the federal election commission may file verified statements as provided in section 56.5.

Political committees supporting or opposing candidates or ballot issues for statewide elections and for county, municipal or school elections may file all activity on one report with the board and shall send a copy to the commissioner responsible under section 47.2 for conducting the election.

56.5 Organization statement.

1. Every committee, as defined in this chapter, shall file a statement of organization within ten days from the date of its organization. Unless formal organization has previously occurred, a committee is deemed to have organized as of the date that committee transactions exceed the financial activity threshold established in section 56.2, subsection 5 or 16.

2. The statement of organization shall include:

a. The name, purpose, mailing address, and telephone number of the committee. The committee name shall not duplicate the name of another committee organized under this section. For candidate's committees filing initial statements of organization on or after July 1, 1995, the candidate's name shall be contained within the committee name.

b. The name, mailing address, and position of the committee officers.

c. The name, address, office sought, and the party affiliation of all candidates whom the committee is supporting and, if the committee is supporting the entire ticket of any party, the name of the party. If, however, the committee is supporting several candidates who are not identified by name or are not of the same political affiliation, the committee may provide a statement of purpose in lieu of candidate names or political party affiliation.

d. The disposition of funds which will be made in the event of dissolution if the committee is not a statutory committee.

e. Such other information as may be required by this chapter or rules adopted pursuant to this chapter.

f. A signed statement by the treasurer of the committee and the candidate, in the case of a candidate's committee, which shall verify that they are aware of the requirement to file disclosure reports if the committee, the committee officers, the candidate, or both the committee officers and the candidate receive contributions in excess of five hundred dollars in the aggregate, make expenditures in excess of five hundred dollars in the aggregate, or incur indebtedness in excess of five hundred dollars in the aggregate in a calendar year for the purpose of supporting or opposing any candidate for public office. In the case of political committees, statements shall be made by the treasurer of the committee and the chairperson.

g. The identification of any parent entity or other affiliates or sponsors.

h. The name of the financial institution in which the committee receipts will be deposited.

3. Any change in information previously submitted in a statement of organization or notice in case of dissolution of the committee shall be reported to the board or commissioner not more than thirty days from the date of the change or dissolution.

4. A list, by office and district, of all candidates who have filed an affidavit of candidacy in the office of the secretary of state shall be prepared by the secretary of state and delivered to the board not more than ten days after the last day for filing nomination papers.

5. A committee or organization not organized as a committee under this section which makes a contribution to a candidate's committee or political committee organized in Iowa shall disclose each contribution to the board. A committee or organization not organized as a committee under this section which is not registered and filing full disclosure reports of all financial activities with the federal election commission or another state's disclosure commission shall register and file full disclosure reports with the board pursuant to this chapter, and shall either appoint an eligible Iowa elector as committee or organization treasurer, or shall maintain all committee funds in an account in a financial institution located in Iowa. A committee which is currently filing a disclosure report in another jurisdiction shall either file a statement of organization under subsections 1 and 2 and file disclosure reports, the same as those required of committees organized only in Iowa, under section 56.6, or shall file one copy of a verified statement with the board and a second copy with the treasurer of the committee receiving the contribution. The form shall be completed and filed at the time the contribution is made. The verified statement shall be on forms prescribed by the board and shall attest that the committee is filing reports with the federal election commission or in a jurisdiction with reporting requirements which are substantially similar to those of this chapter, and that the contribution is made from an account which does not accept contributions which would be in violation of section 56.15. The form shall include the complete name, address, and telephone number of the contributing committee, the state or federal jurisdiction under which it is registered or operates, the identification of any parent entity or other affiliates or sponsors, its purpose, the name, address, and signature of an Iowa resident authorized to receive service of original notice and the name and address of the receiving committee, the amount of the cash or in-kind contribution, and the date the contribution was made.

didate receives contributions in excess of five hundred dollars in the aggregate, makes expenditures in excess of five hundred dollars in the aggregate, or incurs indebtedness in excess of five hundred dollars in the aggregate in a calendar year. 56.6 Disclosure reports.

1. a. Each treasurer of a committee shall file with the board or commissioner disclosure reports of contributions received and disbursed on forms prescribed by rules as provided by chapter 17A. The reports from all committees, except those committees for municipal and school elective offices and for local ballot issues, shall be filed on the nineteenth day or mailed bearing a United States postal service postmark dated on or before the nineteenth day of January, May, July, and October of each year. The May, July, and October reports shall be current as of five days prior to the filing deadline. The January report shall be the annual report covering activity through December 31. However, a state, county, or city statutory political committee is not required to file the May and July reports for a year in which no primary or general election is held at the respective state, county, or city level. A candidate's committee, other than for municipal and school elective offices, for a year in which the candidate is not standing for election, is not required to file the May, July, and October reports. Reports for committees for a ballot issue placed before the voters of the entire state shall be filed at the January, May, July, and October deadlines.

b. A candidate's committee of a candidate for statewide office or the general assembly shall file a supplementary report in a year in which a primary, general or special election for that office is held if the committee of a candidate for governor receives ten thousand dollars or more, a committee of a candidate for any other statewide office receives five thousand dollars or more, or the committee of a candidate for the general assembly receives one thousand dollars or more after the close of the period covered by the last report filed prior to that primary, general or special election. The amounts of contributions causing a supplementary report under this paragraph shall include the estimated fair market value of in-kind contributions. The report shall be filed by the Friday immediately preceding the election and be current through the Tuesday immediately preceding the election.

c. A candidate's committee for a candidate for the general assembly at a special election shall file a report by the fourteenth day prior to the special election which is current through the nineteenth day prior to the special election.

d. Committees for municipal and school elective offices and local ballot issues shall file their first

reports five days prior to any election in which the name of the candidate or the local ballot issue which they support or oppose appears on the printed ballot and shall file their next report on the first day of the month following the final election in a calendar year in which the candidate's name or the ballot issue appears on the ballot. A committee supporting or opposing a candidate for a municipal or school elective office or a local ballot issue shall also file disclosure reports on the nineteenth day of January and October of each year in which the candidate or ballot issue does not appear on the ballot and on the nineteenth day of January, May, and July of each year in which the candidate or ballot issue appears on the ballot, until the committee dissolves. These reports shall be current to five days prior to the filing deadline and are considered timely filed if mailed bearing a United States postal service postmark on or before the due date.

e. A state statutory political committee and congressional district committees as authorized by the constitution of the state statutory political committee are not subject to this subsection if the state statutory political committee and congressional district political committees file copies of campaign disclosure reports as required by federal law with the board at the times the reports are required to be filed under federal law, provided that the federal reports contain all information required by this chapter. A committee of a national political party is not required to file a disclosure report with the board if it is required by federal law to file a campaign disclosure report with a federal agency.

2. If any committee, after having filed a statement of organization or one or more disclosure reports, dissolves or determines that it shall no longer receive contributions or make disbursements, the treasurer of the committee shall notify the board or the commissioner within thirty days following such dissolution by filing a dissolution report on forms prescribed by the board. Moneys refunded in accordance with a dissolution statement shall be considered a disbursement or expense but the names of persons receiving refunds need not be released or reported unless the contributors' names were required to be reported when the contribution was received.

3. Each report under this section shall disclose:

a. The amount of cash on hand at the beginning of the reporting period.

b. The name and mailing address of each person who has made one or more contributions of money to the committee including the proceeds from any fund-raising events except those reportable under paragraph "f" of this subsection, when the aggregate amount in a calendar year exceeds the amount specified in the following schedule:

- (1) For any candidate for school or township office \$ 25
- (2) For any candidate for city office \$ 25
- (3) For any candidate for county office \$ 25
- (4) For any candidate for the general assembly \$ 25

- (5) For any candidate for the Congress of the United States \$100
- (6) For any candidate for statewide office \$ 25
- (7) For any committee of a national political party \$200
- (8) For any state statutory political committee \$200
- (9) For any county statutory political committee \$ 50
- (10) For any other political committee \$ 25
- (11) For any ballot issue \$ 25

c. The total amount of contributions made to the political committee during the reporting period and not reported under paragraph "b" of this subsection.

d. The name and mailing address of each person who has made one or more in-kind contributions to the committee when the aggregate market value of the in-kind contribution in a calendar year exceeds the amount specified in subsection 3, paragraph "b", of this section. In-kind contributions shall be designated on a separate schedule from schedules showing contributions of money and shall identify the nature of the contribution and provide its estimated fair market value.

e. Each loan to any person or committee within the calendar year in an aggregate amount in excess of those amounts enumerated in the schedule in paragraph "b" of this subsection, together with the name and mailing address of the lender and endorsers, the date and amount of each loan received, and the date and amount of each loan repayment. Loans received and loan repayments shall be reported on a separate schedule.

f. The total amount of proceeds from any fund-raising event. Contributions and sales at fund-raising events which involve the sale of a product acquired at less than market value and sold for an amount of money in excess of the amount specified in paragraph "b" of this subsection shall be designated separately from in-kind and monetary contributions and the report shall include the name and address of the donor, a description of the product, the market value of the product, the sales price of the product, and the name and address of the purchaser.

g. The name and mailing address of each person to whom disbursements or loan repayments have been made by the committee from contributions during the reporting period and the amount, purpose, and date of each disbursement except that disbursements of less than five dollars may be shown as miscellaneous disbursements so long as the aggregate miscellaneous disbursements to any one person during a calendar year do not exceed one hundred dollars. If disbursements are made to a consultant, the consultant shall provide the committee with a statement of disbursements made by the consultant during the reporting period showing the name and address of the recipient, amount, purpose, and date to the same extent as if made by the candidate, which shall be included in the report by the committee.

h. The amount and nature of debts and obliga-

tions owed in excess of those amounts stated in the schedule in paragraph "b" of this subsection by the committee. Loans made to a committee and reported under paragraph "b" of this subsection shall not be considered a debt or obligation under this paragraph. A loan made by a committee to any person shall be considered a disbursement.

i. If a person listed under paragraph "b", "d", "e", or "f" as making a contribution or loan to or purchase from a candidate's committee is related to the candidate within the third degree of consanguinity or affinity, the existence of that person's family relationship shall be indicated on the report.

j. The name and mailing address of each person with whom a candidate's committee has entered into a contract during the reporting period for future or continuing performance and the nature of the performance, period of performance and total, anticipated compensation for performance. For a report filed under subsection 1, paragraph "b", this paragraph also requires the reporting of estimates of performance which the candidate's committee reasonably expects to contract for during the balance of the period running until thirty days after the election.

k. Other pertinent information required by this chapter, by rules adopted pursuant to this chapter, or forms approved by the board.

4. If the report is the first report filed by the committee, the report shall include all information required under subsection 3 covering the period from the beginning of the committee's financial activity, even if from a different calendar year, through the end of the current reporting period. If no contributions have been accepted nor any disbursements made or indebtedness incurred during that reporting period, the treasurer of the committee shall file a disclosure statement which shows only the amount of cash on hand at the beginning of the reporting period.

5. A committee shall not dissolve until all loans, debts and obligations are paid, forgiven, or transferred and the remaining money in the account is distributed according to the organization statement. If a loan is transferred or forgiven, the amount of the transferred or forgiven loan must be reported as an in-kind contribution and deducted from the loans payable balance on the disclosure form. If, upon review of a committee's statement of dissolution and final report, the board determines that the requirements for dissolution have been satisfied, the dissolution shall be certified and the committee relieved of further filing requirements.

A statutory political committee is prohibited from dissolving, but may be placed in an inactive status upon the approval of the board. Inactive status may be requested for a statutory political committee when no officers exist and the statutory political committee has ceased to function. The request shall be made by the previous treasurer or chairperson of the committee and by the appropriate state statutory political committee. A statutory political committee granted inactive status shall not solicit or expend funds in its name until the committee reorganizes and fulfills the

requirements of a political committee under this chapter.

6. A permanent organization temporarily engaging in activity which would qualify it as a political committee shall organize a political committee and shall keep the funds relating to that political activity segregated from its operating funds. The political committee shall file reports in accordance with this chapter. When the permanent organization ceases to be involved in the political activity, it shall dissolve the political committee.

A communication regarding any subject by a permanent organization, which is a nonprofit organization, to its dues-paying members is not political activity requiring the organization of a political committee, reporting, or disclosure pursuant to this chapter.

As used in this subsection, "*permanent organization*" means an organization which is continuing, stable, and enduring, and which was originally organized for purposes other than engaging in election activities.

For the purpose of this section, a contribution or expenditure made by one person which is ultimately reimbursed by another person who has not been identified as the ultimate source or recipient of the funds is considered to be an illegal contribution or expenditure in the name of another.

Any candidate or committee receiving funds, the original source of which was a loan, shall be required to list the lender as a contributor. No candidate or committee shall knowingly receive funds from a contributor who has borrowed the money without listing the original source of said money.

56.13 Independent expenditures.

1. Action involving a contribution or expenditure which must be reported under this chapter and which is taken by any person, candidate's committee or political committee on behalf of a candidate, if known and approved by the candidate, shall be deemed action by the candidate and reported by the candidate's committee. It shall be presumed that a candidate approves the action if the candidate had knowledge of it and failed to file a statement of disavowal with the commissioner or board and take corrective action within seventy-two hours of the action. A person, candidate's committee or political committee taking such action independently of that candidate's committee shall notify that candidate's

committee in writing within twenty-four hours of taking the action. The notification shall provide that candidate's committee with the cost of the promotion at fair market value. A copy of the notification shall be sent to the board.

Any person who makes expenditures or incurs indebtedness, other than incidental expenses incurred in performing volunteer work, in support or opposition of a candidate for public office shall notify the appropriate committee and provide necessary information for disclosure reports.

2. If a person, other than a political committee, makes one or more expenditures in excess of five hundred dollars in the aggregate, or incurs indebtedness in excess of five hundred dollars in the aggregate, in any one calendar year for purposes of supporting or opposing a ballot issue, the person shall file a statement of activity within ten days of taking the action exceeding the threshold. The statement shall contain information identifying the person filing the statement, identifying the ballot issue, and indicating the position urged by the person with regard to the ballot issue. The person shall file reports indicating the dates on which the expenditures or incurrence of indebtedness took place; a description of the nature of the action taken which resulted in the expenditures or debt; and the cost of the promotion at fair market value. For a local ballot issue, the reports shall be filed five days prior to any election in which the ballot issue appears and on the first day of the month following the election, as well as on the nineteenth day of January, May, and July of each year in which the ballot issue appears on the ballot and on the nineteenth day of January and October of each year in which the ballot issue does not appear on the ballot. For a statewide ballot issue, reports shall be filed on the nineteenth day of January, May, and July of each year. The reports shall be current to five days prior to the filing deadline, and are considered timely filed if mailed bearing a United States postal service postmark on or before the due date. Filing obligations shall cease when the person files a statement of discontinuation indicating that the person's financial activity in support of or in opposition to the ballot issue has ceased. Statements and reports shall be filed with the commissioner responsible under section 47.2 for conducting the election at which the issue is voted upon, except that reports on a statewide ballot issue shall be filed with the board.

3. A person taking action involving the making of an expenditure or incurrence of indebtedness in support or opposition to a ballot issue independently of a political committee shall, within seventy-two hours of taking the action, notify in writing any political committee which advocates the same position with regard to the ballot issue as the person taking the action. The notification shall provide the political committee with the cost of the promotion at fair market value. A copy of the notification shall be sent to the board. It shall be presumed that a benefited committee approves the action if the committee fails

to file a statement of disavowal with the commissioner or board and takes corrective action within ten days of the action. Action approved by a committee shall be reported as a contribution by the committee.

4. This section shall not be construed to require duplicate reporting of anything reported under this chapter by a political committee except that actions which constitute contributions in kind shall be reported by the benefited committee. This section shall not be construed to require reporting of action by any person which does not constitute a contribution.

If the person responsible is an organization, the name of one officer of the organization shall appear on the material. However, if the organization is a committee which has filed a statement of organization under this chapter, only the name of the committee is required to be included on the published material. Published material designed to promote or defeat the nomination or election of a candidate for public office or the passage of a constitutional amendment or public measure which contains language or depictions which a reasonable person would understand as asserting that an entity which is incorporated or is a registered committee had authored the material shall, if the entity is not incorporated or a registered committee, include conspicuously on the published material a statement that the apparent organization or committee is not incorporated or a registered committee in addition to the disclaimer statement required by this section. For purposes of this section, "registered committee" means a committee which has an active statement of organization filed under section 56.5.

2. This section does not apply to the editorials or news articles of a newspaper or magazine which are not political advertisements. For the purpose of this section, "published material" means any newspaper, magazine, shopper, outdoor advertising facility, poster, direct mailing, brochure, or any other form of printed general public political advertising; however, the identification need not be conspicuous on posters. This section does not apply to yard signs, bumper stickers, pins, buttons, pens, matchbooks, and similar small items upon which the inclusion of the disclaimer would be impracticable or to published material which is subject to federal regulations regarding a disclaimer requirement.

3. Yard signs shall not be placed on any property which adjoins a city, county, or state roadway sooner than forty-five days preceding a primary or general

election and shall be removed within seven days after the primary or general election, in which the name of the particular candidate or ballot issue described on the yard sign appears on the ballot. Yard signs are subject to removal by highway authorities as provided in section 319.13, or by county or city law enforcement authorities in a manner consistent with section 319.13. The placement or erection of yard signs shall be exempt from the requirements of chapter 480. Notice may be provided to the chairperson of the appropriate county central committee if the highway authorities are unable to provide notice to the candidate, candidate's committee, or political committee regarding the yard sign.

4. This section does not prohibit the placement of yard signs on agricultural land owned by individuals or by a family farm operation as defined in section 9H.1, subsections 8, 8A, 9, and 10; does not prohibit the placement of yard signs on property owned by private individuals who have rented or leased the property to a corporation, if the prior written permission of the property owner is obtained; and does not prohibit the placement of yard signs on residential property owned by a corporation but rented or leased to a private individual if the prior permission of the renter or lessee is obtained. For the purposes of this chapter, "agricultural land" means agricultural land as defined in section 9H.1.

5. This section shall not be construed to require the inclusion on published material of information which discloses the identity or address of any individual who is acting independently and using the individual's own modest resources to publish or distribute the material.

56.15 Financial institution, insurance company, and corporation restrictions.

1. Except as provided in subsections 3 and 4, it is unlawful for an insurance company, savings and loan association, bank, credit union, or corporation organized pursuant to the laws of this state, the United States, or any other state, territory, or foreign country, whether for profit or not, or an officer, agent, or representative acting for such insurance company, savings and loan association, bank, credit union, or corporation, to contribute any money, property, labor, or thing of value, directly or indirectly, to a committee, or for the purpose of influencing the vote of an elector, except that such resources may be so expended in connection with a utility franchise election held pursuant to section 364.2, subsection 4, or a ballot issue. All such expenditures are subject to the disclosure requirements of this chapter.

2. Except as provided in subsection 3, it is unlawful for a member of a committee, or its employee or representative, except a ballot issue committee, or for a candidate for office or the representative of the candidate, to solicit, request, or knowingly receive from an insurance company, savings and loan association, bank, credit union, or corporation organized

pursuant to the laws of this state, the United States, or any other state, territory, or foreign country, whether for profit or not, or its officer, agent, or representative, any money, property, or thing of value belonging to the insurance company, savings and loan association, bank, or corporation for campaign expenses, or for the purpose of influencing the vote of an elector. This section does not restrain or abridge the freedom of the press or prohibit the consideration and discussion in the press of candidacies, nominations, public officers, or public questions.

3. It is lawful for an insurance company, savings and loan association, bank, credit union, and corporation organized pursuant to the laws of this state, the United States, or any other state or territory, whether or not for profit, and for their officers, agents, and representatives, to use the money, property, labor, or any other thing of value of the entity for the purposes of soliciting its stockholders, administrative officers, and members for contributions to a committee sponsored by that entity and of financing the administration of a committee sponsored by that entity. The entity's employees to whom the foregoing authority does not extend may voluntarily contribute to such a committee but shall not be solicited for contributions. All contributions made under this subsection are subject to the disclosure requirements of this chapter. A committee member, committee employee, committee representative, candidate, or representative referred to in subsection 2 lawfully may solicit, request, and receive money, property and other things of value from a committee sponsored by an insurance company, savings and loan association, bank, credit union, or corporation as permitted by this subsection.

4. The restrictions imposed by this section relative to making, soliciting or receiving contributions shall not apply to a nonprofit corporation or organization which uses those contributions to encourage registration of voters and participation in the political process, or to publicize public issues, or both, but does not use any part of those contributions to endorse or oppose any candidate for public office. A nonprofit corporation or organization may use contributions solicited or received to support or oppose ballot issues but the expenditures shall be disclosed by the nonprofit corporation or organization in the manner provided for a permanent organization temporarily engaged in a political activity under section 56.6.

This section does not prohibit a family farm corporation, as defined in section 9H.1, from placing a yard sign on agricultural land, and does not prohibit the placement of yard signs, with the prior written permission of the individual property owner, on property rented or leased by a corporation from private individuals, subject to the requirements of section 56.14. This section also does not prohibit the placement of a yard sign on residential property that is owned by a corporation, but rented or leased to a private individual, if the prior permission of the renter or lessee is obtained.

5. Any person convicted of a violation of any of the provisions of this section shall be guilty of a serious misdemeanor.

All contributions directed to the Iowa election campaign fund by taxpayers who do not designate any one political party to receive their contributions shall be divided by the director of revenue and finance equally among each account currently maintained in the fund. However, at any time when more than two accounts are being maintained within the fund contributions to the fund by taxpayers who do not designate any one political party to receive their contributions shall be divided among the accounts in the same proportion as the number of registered voters declaring affiliation with each political party for which an account is maintained bears to the total number of registered voters who have declared an affiliation with a political party. Any interest income received by the treasurer of state from investment of moneys deposited in the fund shall be deposited in the Iowa election campaign fund. Human immunodeficiency virus-related information shall not be transmitted over the police radio broadcasting system under chapter 693 or any other radio-based communications system. An employee of an agency receiving human immunodeficiency virus-related information under this section who communicates the information to another employee who does not have direct physical supervision over inmates, other than to a supervisor of an employee who has direct physical supervision over inmates for the purpose of conveying the information to such an employee, or who communicates the information to any person not employed by the agency or uses the information outside the agency is guilty of a class "D" felony. The commissioner shall adopt rules regarding the transmission of human immunodeficiency virus-related information including provisions for maintaining

confidentiality of the information. The rules shall include a requirement that persons receiving information from the Iowa criminal justice information system or the national crime information center system receive training regarding confidentiality standards applicable to the information received from the system. The commissioner shall develop and establish, in cooperation with the department of corrections and the Iowa department of public health, training programs and program criteria for persons receiving human immunodeficiency virus-related information through the Iowa criminal justice information system or the national crime information center system.

g. To assist persons who are responsible for the care of private and public land in identifying growing marijuana plants when the plants are reported to the department. CHAPTER 85

WORKERS' COMPENSATION

85.36 Basis of computation.

The basis of compensation shall be the weekly earnings of the injured employee at the time of the injury. Weekly earnings means gross salary, wages, or earnings of an employee to which such employee would have been entitled had the employee worked the customary hours for the full pay period in which the employee was injured, as regularly required by the employee's employer for the work or employment for which the employee was employed, computed or determined as follows and then rounded to the nearest dollar:

1. In the case of an employee who is paid on a weekly pay period basis, the weekly gross earnings.

2. In the case of an employee who is paid on a biweekly pay period basis, one-half of the biweekly gross earnings.

3. In the case of an employee who is paid on a semimonthly pay period basis, the semimonthly gross earnings multiplied by twenty-four and subsequently divided by fifty-two.

4. In the case of an employee who is paid on a monthly pay period basis, the monthly gross earnings multiplied by twelve and subsequently divided by fifty-two.

5. In the case of an employee who is paid on a yearly pay period basis, the weekly earnings shall be the yearly earnings divided by fifty-two.

6. In the case of an employee who is paid on a daily, or hourly basis, or by the output of the employee, the weekly earnings shall be computed by dividing by thirteen the earnings, not including overtime or premium pay, of said employee earned in the employ of the employer in the last completed period of thirteen consecutive calendar weeks immediately preceding the injury.

7. In the case of an employee who has been in the employ of the employer less than thirteen calendar weeks immediately preceding the injury, the employee's weekly earnings shall be computed under subsection 6, taking the earnings, not including overtime or premium pay, for such purpose to be the amount the employee would have earned had the employee been so employed by the employer the full thirteen calendar weeks immediately preceding the injury and had worked, when work was available to other employees in a similar occupation.

8. If at the time of the injury the hourly earnings have not been fixed or cannot be ascertained, the earnings for the purpose of calculating compensation

shall be taken to be the usual earnings for similar services where such services are rendered by paid employees.

9. If an employee earns either no wages or less than the usual weekly earnings of the regular full-time adult laborer in the line of industry in which the employee is injured in that locality, the weekly earnings shall be one-fiftieth of the total earnings which the employee has earned from all employment during the twelve calendar months immediately preceding the injury.

a. In computing the compensation to be allowed a volunteer fire fighter, emergency medical care provider, reserve peace officer, volunteer ambulance driver, or emergency medical technician trainee, the earnings as a fire fighter, emergency medical care provider, reserve peace officer, volunteer ambulance driver, or emergency medical technician trainee shall be disregarded and the volunteer fire fighter, emergency medical care provider, reserve peace officer, volunteer ambulance driver, or emergency medical technician trainee shall be paid an amount equal to the compensation the volunteer fire fighter, emergency medical care provider, reserve peace officer, volunteer ambulance driver, or emergency medical technician trainee would be paid if injured in the normal course of the volunteer fire fighter's, emergency medical care provider's, reserve peace officer's, volunteer ambulance driver's, or emergency medical technician trainee's regular employment or an amount equal to one hundred and forty percent of the statewide average weekly wage, whichever is greater.

b. If the employee was an apprentice or trainee when injured, and it is established under normal conditions the employee's earnings should be expected to increase during the period of disability, that fact may be considered in computing the employee's weekly earnings.

c. In computing the compensation to be paid to any employee who, before the accident for which the employee claims compensation, was disabled and drawing compensation under the provisions of this chapter, the compensation for each subsequent injury shall be apportioned according to the proportion of disability caused by the respective injuries which the employee shall have suffered.

Paragraph "c" of this subsection shall not apply to compensable injuries arising under the second injury compensation Act.

d. If the employee was an inmate as defined in section 85.59, the inmate's actual earnings shall be disregarded, and the weekly compensation rate shall be as set forth in section 85.59.

10. If a wage, or method of calculating a wage, is used for the basis of the payment of a workers' compensation insurance premium for a proprietor, partner, or officer of a corporation, the wage or the method of calculating the wage is determinative for purposes of computing the proprietor's, partner's, or officer's weekly workers' compensation benefit rate.

11. In computing the compensation to be allowed an elected or appointed official, the official may choose either of the following payment options:

a. The official shall be paid an amount of compensation based on the official's weekly earnings as an elected or appointed official.

b. The earnings of the official as an elected or appointed official shall be disregarded and the official shall be paid an amount equal to one hundred forty percent of the statewide average weekly wage.

An amount equal to the amount which would be withheld pursuant to withholding tables in effect on July 1 preceding the injury under the Internal Revenue Code, and regulations pursuant thereto, as amended, as though the employee had elected to claim the maximum number of exemptions for actual dependency, blindness and old age to which the employee is entitled on the date on which the employee was injured.

b. An amount equal to the amount which would be withheld pursuant to withholding tables in effect on July 1 preceding the injury under chapter 422, and any rules pursuant thereto, as though the employee had elected to claim the maximum number of exemptions for actual dependency, blindness and old age to which the employee is entitled on the date on which the employee was injured.

c. The words "personal injury arising out of and in the course of the employment" shall include injuries to employees whose services are being performed on, in, or about the premises which are occupied, used, or controlled by the employer, and also injuries to those who are engaged elsewhere in places where their employer's business requires their presence and subjects them to dangers incident to the business.

Personal injuries sustained by a volunteer fire fighter arise in the course of employment if the injuries are sustained at any time from the time the volunteer fire fighter is summoned to duty as a volunteer fire fighter until the time the volunteer fire fighter is discharged from duty by the chief of the volunteer fire department or the chief's designee.

Personal injuries sustained by emergency medical care providers as defined in section 147A.1 arise in the course of employment if the injuries are sustained at any time from the time the emergency medical care providers are summoned to duty until the time those duties have been fully discharged.

chief or other person in command of the fire department of the municipality, township or benefited fire district, or of any other officer of the municipality, township or benefited fire district having authority to demand such service, and who is not a full-time member of a paid fire department. A person performing such services shall not be classified as a casual employee.

11. “*Worker*” or “*employee*” means a person who has entered into the employment of, or works under contract of service, express or implied, or apprenticeship, for an employer; an executive officer elected or appointed and empowered under and in accordance with the charter and bylaws of a corporation, including a person holding an official position, or standing in a representative capacity of the employer; an official elected or appointed by the state, or a county, school district, area education agency, municipal corporation, or city under any form of government; a member of the Iowa highway safety patrol; a conservation officer; and a proprietor or partner who elects to be covered pursuant to section 85.1A, except as specified in this chapter.

“*Worker*” or “*employee*” includes an emergency medical care provider as defined in section 147A.1, a volunteer ambulance driver, or an emergency medical technician trainee, only if an agreement is reached between such worker or employee and the employer for whom the volunteer services are provided that workers’ compensation coverage under chapters 85, 85A, and 85B is to be provided by the employer. An emergency medical care provider who is a worker or employee under this paragraph is not a casual employee. “*Volunteer ambulance driver*” means a person performing services as a volunteer ambulance driver at the request of the person in charge of a fire department or ambulance service of a municipality. “*Emergency medical technician trainee*” means a person enrolled in and training for emergency medical technician certification.

“*Worker*” or “*employee*” includes a real estate agent who does not provide the services of an independent contractor. For the purposes of this paragraph a real estate agent is an independent contractor if the real estate agent is licensed by the Iowa real estate commission as a salesperson and both of the following apply:

a. Seventy-five percent or more of the remuneration, whether or not paid in cash, for the services performed by the individual as a real estate salesperson is derived from one company and is directly related to sales or other output, including the performance of services, rather than to the number of hours worked.

respect to the services for state tax purposes.

12. The term “*worker*” or “*employee*” shall include the singular and plural. Any reference to a worker or employee who has been injured shall, when such worker or employee is dead, include the worker’s or employee’s dependents as herein defined or the worker’s or employee’s legal representatives; and where the worker or employee is a minor or incompetent, it shall include the minor’s or incompetent’s guardian, next friend, or trustee. Notwithstanding any law prohibiting the employment of minors all minor employees shall be entitled to the benefits of this chapter and chapters 86 and 87 regardless of the age of such minor employee.

(1) The owner-operator is responsible for the maintenance of the vehicle.

(2) The owner-operator bears the principal burden of the vehicle’s operating costs, including fuel, repairs, supplies, collision insurance, and personal expenses for the operator while on the road.

(3) The owner-operator is responsible for supplying the necessary personnel to operate the vehicle, and the personnel are considered the owner-operator’s employees.

(4) The owner-operator’s compensation is based on factors related to the work performed, including a percentage of any schedule of rates or lawfully published tariff, and not on the basis of the hours or time expended.

(5) The owner-operator determines the details and means of performing the services, in conformance with regulatory requirements, operating procedures of the carrier, and specifications of the shipper.

(6) The owner-operator enters into a contract which specifies the relationship to be that of an independent contractor and not that of an employee.

Such a review proceeding shall be accorded priority over other matters pending before the district court.

COMPENSATION LIABILITY INSURANCE

87.4 Group and self-insured plans — tax exemption — plan approval.

For the purpose of complying with this chapter, groups of employers by themselves or in an association with any or all of their workers, may form insurance associations as hereafter provided, subject to such reasonable conditions and restrictions as may be fixed by the insurance commissioner; and membership in such mutual insurance organization as approved, together with evidence of the payment of premiums due, shall be evidence of compliance with this chapter.

A self-insurance association formed under this section and an association comprised of cities or counties, or both, or community colleges, as defined in section 260C.2, which have entered into an agreement under chapter 28E for the purpose of establishing a self-insured program for the payment of workers' compensation benefits are exempt from taxation under section 432.1.

A plan shall be submitted to the commissioner of insurance for review and approval prior to its implementation. The commissioner shall adopt rules for the review and approval of a self-insured group plan provided under this section. The rules shall include, but are not limited to, the following:

1. Procedures for submitting a plan for approval including the establishment of a fee schedule to cover the costs of conducting the review.

2. Establishment of minimum financial standards to ensure the ability of the plan to adequately cover the reasonably anticipated expenses.

A self-insured program for the payment of workers' compensation benefits established by an association comprised of cities or counties, or both, or community colleges, as defined in section 260C.2, which have entered into an agreement under chapter 28E, is not insurance, and is not subject to regulation under chapters 505 through 523C. Membership in such an association together with payment of premiums due relieves the member from obtaining insurance as required in section 87.1. Such an association is not required to submit its plan or program to the commissioner of insurance for review and approval prior to its implementation and is not subject to rules or rates adopted by the commissioner relating to workers' compensation group self-insurance programs. Such a program is deemed to be in compliance with this chapter.

The workers' compensation premium written on a municipality which is a member of an insurance pool which provides workers' compensation insurance coverage to a statewide group of municipalities, as defined in section 670.1, shall not be considered in the determination of any assessments levied pursuant to an agreement established under section 515A.15.

WAGE PAYMENT COLLECTION

91A.4 Employment suspension or termination — how wages are paid.

When the employment of an employee is suspended or terminated, the employer shall pay all wages earned, less any lawful deductions specified in section 91A.5 by the employee up to the time of the suspension or termination not later than the next regular payday for the pay period in which the wages were earned as provided in section 91A.3. However, if any of these wages are the difference between a credit paid against wages determined on a commis-

sion basis and the wages actually earned on a commission basis, the employer shall pay the difference not more than thirty days after the date of suspension or termination. If vacations are due an employee under an agreement with the employer or a policy of the employer establishing pro rata vacation accrued, the increment shall be in proportion to the fraction of the year which the employee was actually employed.

CHAPTER 96

JOB SERVICE DIVISION — EMPLOYMENT SECURITY — UNEMPLOYMENT COMPENSATION

96.3 Payment — determination — duration — child support intercept.

1. *Payment.* Twenty-four months after the date when contributions first accrue under this chapter, benefits shall become payable from the fund; provided, that wages earned for services defined in section 96.19, subsection 18, paragraph “g” (3), irrespective of when performed, shall not be included for purposes of determining eligibility, under section 96.4 or full-time weekly wages, under subsection 4 of this section, for the purposes of any benefit year commencing on or after July 1, 1939, nor shall any benefits with respect to unemployment occurring on and after July 1, 1939, be payable under subsection 5 of this section on the basis of such wages. All benefits shall be paid through employment offices in accordance with such regulations as the division of job service of the department of employment services may prescribe.

2. *Total unemployment.* Each eligible individual who is totally unemployed in any week shall be paid with respect to such week benefits in an amount which shall be equal to the individual’s weekly benefit amount.

3. *Partial unemployment.* An individual who is partially unemployed in any week as defined in section 96.19, subsection 38, paragraph “b”, and who meets the conditions of eligibility for benefits shall be paid with respect to that week an amount equal to the individual’s weekly benefit amount less that part of wages payable to the individual with respect to that week in excess of one-fourth of the individual’s weekly benefit amount. The benefits shall be rounded to the lower multiple of one dollar.

4. *Determination of benefits.* With respect to benefit years beginning on or after July 1, 1983, an eligible individual’s weekly benefit amount for a week of total unemployment shall be an amount equal to the following fractions of the individual’s total wages in insured work paid during that quarter

of the individual’s base period in which such total wages were highest; the commissioner shall determine annually a maximum weekly benefit amount equal to the following percentages, to vary with the number of dependents, of the statewide average weekly wage paid to employees in insured work which shall be effective the first day of the first full week in July:

If the number of dependents is:	The weekly benefit amount shall equal the following fraction of high quarter wages:	Subject to the following maximum percentage of the statewide average weekly wage:
0	1/23	53%
1	1/22	55%
2	1/21	57%
3	1/20	60%
4 or more	1/19	65%

The maximum weekly benefit amount, if not a multiple of one dollar shall be rounded to the lower multiple of one dollar. However, until such time as sixty-five percent of the statewide average weekly wage exceeds one hundred ninety dollars, the maximum weekly benefit amounts shall be determined using the statewide average weekly wage computed on the basis of wages reported for calendar year 1981. As used in this section “dependent” means dependent as defined in section 422.12, subsection 1, paragraph “c”, as if the individual claimant was a taxpayer, except that an individual claimant’s nonworking spouse shall be deemed to be a dependent under this section. “Nonworking spouse” means a spouse who does not earn more than one hundred twenty dollars in gross wages in one week.

5. *Duration of benefits.* The maximum total amount of benefits payable to an eligible individual

during a benefit year shall not exceed the total of the wage credits accrued to the individual's account during the individual's base period, or twenty-six times the individual's weekly benefit amount, whichever is the lesser. The commissioner shall maintain a separate account for each individual who earns wages in insured work. The commissioner shall compute wage credits for each individual by crediting the individual's account with one-third of the wages for insured work paid to the individual during the individual's base period. However, the commissioner shall recompute wage credits for an individual who is laid off due to the individual's employer going out of business at the factory, establishment, or other premises at which the individual was last employed, by crediting the individual's account with one-half, instead of one-third, of the wages for insured work paid to the individual during the individual's base period. Benefits paid to an eligible individual shall be charged against the base period wage credits in the individual's account which have not been previously charged, in the inverse chronological order as the wages on which the wage credits are based were paid. However if the state "off indicator" is in effect and if the individual is laid off due to the individual's employer going out of business at the factory, establishment, or other premises at which the individual was last employed, the maximum benefits payable shall be extended to thirty-nine times the individual's weekly benefit amount, but not to exceed the total of the wage credits accrued to the individual's account.

6. *Part-time workers.*

a. As used in this subsection the term "*part-time worker*" means an individual whose normal work is in an occupation in which the individual's services are not required for the customary scheduled full-time hours prevailing in the establishment in which the individual is employed, or who, owing to personal circumstances, does not customarily work the customary scheduled full-time hours prevailing in the establishment in which the individual is employed.

b. The commissioner shall prescribe fair and reasonable general rules applicable to part-time workers, for determining their full-time weekly wage, and the total wages in employment by employers required to qualify such workers for benefits.

7. *Recovery of overpayment of benefits.* If an individual receives benefits for which the individual is subsequently determined to be ineligible, even though the individual acts in good faith and is not otherwise at fault, the benefits shall be recovered. The division of job service in its discretion may recover the overpayment of benefits either by having a sum equal to the overpayment deducted from any future benefits payable to the individual or by having the individual pay to the division a sum equal to the overpayment.

If the division determines that an overpayment has been made, the charge for the overpayment against the employer's account shall be removed and the account shall be credited with an amount equal to the overpayment from the unemployment compensation

trust fund and this credit shall include both contributory and reimbursable employers, notwithstanding section 96.8, subsection 5.

8. *Back pay.* If an individual receives benefits for a period of unemployment and subsequently receives a payment for the same period from the individual's employer in the form of or in lieu of back pay, the benefits shall be recovered. The division of job service, in its discretion, may reach an agreement with the individual and the employer to allow the employer to deduct the amount of the benefits from the back pay and remit a sum equal to that amount to the unemployment compensation fund and the balance to the individual, or may recover the amount of the benefits either by having a sum equal to that amount deducted from any future benefits payable to the individual or by having the individual pay to the division a sum equal to that amount. If an agreement is reached to allow the employer to deduct the amount of benefits from the back pay and remit that amount to the fund, the division shall not charge that amount to the employer's account under section 96.7.

9. *Child support intercept.*

a. An individual filing a claim for benefits under section 96.6, subsection 1 shall, at the time of filing, disclose whether the individual owes a child support obligation which is being enforced by the child support recovery unit established in section 252B.2. If an individual discloses that such a child support obligation is owed and the individual is determined to be eligible for benefits under this chapter, the division of job service shall notify the child support recovery unit of the individual's disclosure and deduct and withhold from benefits payable to the individual the amount specified by the individual.

b. However, if the child support recovery unit and an individual owing a child support obligation reach an agreement to have specified amounts deducted and withheld from the individual's benefits and the child support recovery unit submits a copy of the agreement to the division, the division shall deduct and withhold the specified amounts.

c. However, if the division is notified of an assignment of income by the child support recovery unit under chapter 252D or section 598.22 or 598.23 or is garnished by the child support recovery unit under chapter 642 and an individual's benefits are condemned to the satisfaction of the child support obligation being enforced by the child support recovery unit, the division shall deduct and withhold from the individual's benefits that amount required through legal process.

Notwithstanding section 642.2, subsections 2, 3, 6, and 7 which restrict garnishments under chapter 642 to wages of public employees, the division may be garnished under chapter 642 by the child support recovery unit established in section 252B.2, pursuant to a judgment for child support against an individual eligible for benefits under this chapter.

Notwithstanding section 96.15, benefits under this chapter are not exempt from income assignment, garnishment, attachment, or execution if assigned to

or garnisheed by the child support recovery unit, established in section 252B.2, or if an assignment under section 598.22 or 598.23 is being enforced by the child support recovery unit to satisfy the child support obligation of an individual who is eligible for benefits under this chapter.

d. An amount deducted and withheld under paragraph "a", "b", or "c" shall be paid by the division to the child support recovery unit, and shall be treated as if it were paid to the individual as benefits under this chapter and as if it were paid by the individual to the child support recovery unit in satisfaction of the individual's child support obligations.

e. If an agreement for reimbursement has been made, the division shall be reimbursed by the child support recovery unit for the administrative costs incurred by the division under this section which are attributable to the enforcement of child support obligations by the child support recovery unit.

96.5 Causes for disqualification.

An individual shall be disqualified for benefits:

1. *Voluntary quitting.* If the individual has left work voluntarily without good cause attributable to the individual's employer, if so found by the division of job service. But the individual shall not be disqualified if the division finds that:

a. The individual left employment in good faith for the sole purpose of accepting other or better employment, which the individual did accept, and the individual performed services in the new employment. Benefits relating to wage credits earned with the employer that the individual has left shall be charged to the unemployment compensation fund. This paragraph applies to both contributory and reimbursable employers, notwithstanding section 96.8, subsection 5.

b. Reserved.

c. The individual left employment for the necessary and sole purpose of taking care of a member of the individual's immediate family who was then injured or ill, and if after said member of the family sufficiently recovered, the individual immediately returned to and offered the individual's services to the individual's employer, provided, however, that during such period the individual did not accept any other employment.

d. The individual left employment because of illness, injury or pregnancy upon the advice of a licensed and practicing physician, and upon knowledge of the necessity for absence immediately notified the employer, or the employer consented to the absence, and after recovering from the illness, injury or pregnancy, when recovery was certified by a licensed and practicing physician, the individual returned to the employer and offered to perform services and the individual's regular work or comparable suitable work was not available, if so found by the division, provided the individual is otherwise eligible.

e. The individual left employment upon the advice of a licensed and practicing physician, for the sole purpose of taking a member of the individual's family to a place having a different climate, during which time the individual shall be deemed unavailable for work, and notwithstanding during such absence the individual secures temporary employment, and returned to the individual's regular employer and offered the individual's services and the individual's regular work or comparable work was not available, provided the individual is otherwise eligible.

f. The individual left the employing unit for not to exceed ten working days, or such additional time as may be allowed by the individual's employer, for compelling personal reasons, if so found by the division, and prior to such leaving had informed the individual's employer of such compelling personal reasons, and immediately after such compelling personal reasons ceased to exist the individual returned to the individual's employer and offered the individual's services and the individual's regular or comparable work was not available, provided the individual is otherwise eligible; except that during the time the individual is away from the individual's work because of the continuance of such compelling personal reasons, the individual shall not be eligible for benefits.

g. The individual left work voluntarily without good cause attributable to the employer under circumstances which did or would disqualify the individual for benefits, except as provided in paragraph "a" of this subsection but, subsequent to the leaving, the individual worked in and was paid wages for insured work equal to ten times the individual's weekly benefit amount, provided the individual is otherwise eligible.

h. The individual has left employment in lieu of exercising a right to bump or oust a fellow employee with less seniority or priority from the fellow employee's job.

i. The individual is unemployed as a result of the individual's employer selling or otherwise transferring a clearly segregable and identifiable part of the employer's business or enterprise to another employer which does not make an offer of suitable work to the individual as provided under subsection 3; however, if the individual does accept, and works in and is paid wages for, suitable work with the acquiring employer, the acquiring employer immediately becomes chargeable for the benefits paid which are based on the wages paid by the transferring employer.

2. *Discharge for misconduct.* If the division of job service finds that the individual has been discharged for misconduct in connection with the individual's employment:

a. The individual shall be disqualified for benefits until the individual has worked in and has been paid wages for insured work equal to ten times the individual's weekly benefit amount, provided the individual is otherwise eligible.

b. Provided further, if gross misconduct is established, the division shall cancel the individual's wage credits earned, prior to the date of discharge, from all employers.

c. Gross misconduct is deemed to have occurred after a claimant loses employment as a result of an act constituting an indictable offense in connection with the claimant's employment, provided the claimant is duly convicted thereof or has signed a statement admitting the commission of such an act. Determinations regarding a benefit claim may be redetermined within five years from the effective date of the claim. Any benefits paid to a claimant prior to a determination that the claimant has lost employment as a result of such act shall not be considered to have been accepted by the claimant in good faith.

3. *Failure to accept work.* If the division of job service finds that an individual has failed, without good cause, either to apply for available, suitable work when directed by the division or to accept suitable work when offered that individual. The division shall, if possible, furnish the individual with the names of employers which are seeking employees. The individual shall apply to and obtain the signatures of the employers designated by the division on forms provided by the division. However, the employers may refuse to sign the forms. The individual's failure to obtain the signatures of designated employers, which have not refused to sign the forms, shall disqualify the individual for benefits until requalified. To requalify for benefits after disqualification under this subsection, the individual shall work in and be paid wages for insured work equal to ten times the individual's weekly benefit amount, provided the individual is otherwise eligible.

a. In determining whether or not any work is suitable for an individual, the division shall consider the degree of risk involved to the individual's health, safety, and morals, the individual's physical fitness, prior training, length of unemployment, and prospects for securing local work in the individual's customary occupation, the distance of the available work from the individual's residence, and any other factor which the division finds bears a reasonable relation to the purposes of this paragraph. Work is suitable if the work meets all the other criteria of this paragraph and if the gross weekly wages for the work equal or exceed the following percentages of the individual's average weekly wage for insured work paid to the individual during that quarter of the individual's base period in which the individual's wages were highest:

(1) One hundred percent, if the work is offered during the first five weeks of unemployment.

(2) Seventy-five percent, if the work is offered during the sixth through the twelfth week of unemployment.

(3) Seventy percent, if the work is offered during the thirteenth through the eighteenth week of unemployment.

(4) Sixty-five percent, if the work is offered after the eighteenth week of unemployment.

However, the provisions of this paragraph shall not require an individual to accept employment below the federal minimum wage.

b. Notwithstanding any other provision of this chapter, no work shall be deemed suitable and benefits shall not be denied under this chapter to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(1) If the position offered is vacant due directly to a strike, lockout, or other labor dispute;

(2) If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;

(3) If as a condition of being employed, the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

4. *Labor disputes.* For any week with respect to which the division of job service finds that the individual's total or partial unemployment is due to a stoppage of work which exists because of a labor dispute at the factory, establishment, or other premises at which the individual is or was last employed, provided that this subsection shall not apply if it is shown to the satisfaction of the division that:

a. The individual is not participating in or financing or directly interested in the labor dispute which caused the stoppage of work; and

b. The individual does not belong to a grade or class of workers of which, immediately before the commencement of the stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating in or financing or directly interested in the dispute.

Provided, that if in any case separate branches of work which are commonly conducted as separate businesses in separate premises are conducted in separate departments of the same premises, each such department shall, for the purposes of this subsection, be deemed to be a separate factory, establishment, or other premises.

5. *Other compensation.* For any week with respect to which the individual is receiving or has received payment in the form of any of the following:

a. Wages in lieu of notice, separation allowance, severance pay, or dismissal pay.

b. Compensation for temporary disability under the workers' compensation law of any state or under a similar law of the United States.

c. A governmental or other pension, retirement or retired pay, annuity, or any other similar periodic payment made under a plan maintained or contributed to by a base period or chargeable employer where, except for benefits under the federal Social Security Act or the federal Railroad Retirement Act of 1974 or the corresponding provisions of prior law, the plan's eligibility requirements or benefit payments are affected by the base period employment or the remuneration for the base period employment. However, if an individual's benefits are reduced due to the receipt of a payment under this paragraph, the

reduction shall be decreased by the same percentage as the percentage contribution of the individual to the plan under which the payment is made.

Provided, that if the remuneration is less than the benefits which would otherwise be due under this chapter, the individual is entitled to receive for the week, if otherwise eligible, benefits reduced by the amount of the remuneration. Provided further, if benefits were paid for any week under this chapter for a period when benefits, remuneration or compensation under paragraphs "a", "b", or "c", were paid on a retroactive basis for the same period, or any part thereof, the division of job service shall recover the excess amount of benefits paid by the division for the period, and no employer's account shall be charged with benefits so paid. However, compensation for service-connected disabilities or compensation for accrued leave based on military service, by the beneficiary, with the armed forces of the United States, irrespective of the amount of the benefit, does not disqualify any individual, otherwise qualified, from any of the benefits contemplated herein.

6. *Benefits from other state.* For any week with respect to which or a part of which an individual has received or is seeking unemployment benefits under an unemployment compensation law of another state or of the United States, provided that if the appropriate agency of such other state or of the United States finally determines that the individual is not entitled to such unemployment benefits, this disqualification shall not apply.

7. *Vacation pay.*

a. When an employer makes a payment or becomes obligated to make a payment to an individual for vacation pay, or for vacation pay allowance, or as pay in lieu of vacation, such payment or amount shall be deemed "wages" as defined in section 96.19, subsection 41, and shall be applied as provided in paragraph "c" hereof.

b. When, in connection with a separation or layoff of an individual, the individual's employer makes a payment or payments to the individual, or becomes obligated to make a payment to the individual as, or in the nature of, vacation pay, or vacation pay allowance, or as pay in lieu of vacation, and within ten calendar days after notification of the filing of the individual's claim, designates by notice in writing to the division of job service the period to which the payment shall be allocated; provided, that if such designated period is extended by the employer, the individual may again similarly designate an extended period, by giving notice in writing to the division not later than the beginning of the extension of the period, with the same effect as if the period of extension were included in the original designation. The amount of a payment or obligation to make payment, is deemed "wages" as defined in section 96.19, subsection 41, and shall be applied as provided in paragraph "c" of this subsection 7.

c. Of the wages described in paragraph "a" (whether or not the employer has designated the period therein described), or of the wages described

in paragraph "b", if the period therein described has been designated by the employer as therein provided, a sum equal to the wages of such individual for a normal workday shall be attributed to, or deemed to be payable to the individual with respect to, the first and each subsequent workday in such period until such amount so paid or owing is exhausted. Any individual receiving or entitled to receive wages as provided herein shall be ineligible for benefits for any week in which the sums, so designated or attributed to such normal workdays, equal or exceed the individual's weekly benefit amount. If the amount so designated or attributed as wages is less than the weekly benefit amount of such individual, the individual's benefits shall be reduced by such amount.

d. Notwithstanding contrary provisions in paragraphs "a", "b" and "c", if an individual is separated from employment and is scheduled to receive vacation payments during the period of unemployment attributable to the employer and if the employer does not designate the vacation period pursuant to paragraph "b", then payments made by the employer to the individual or an obligation to make a payment by the employer to the individual for vacation pay, vacation pay allowance or pay in lieu of vacation shall not be deemed wages as defined in section 96.19, subsection 41, for any period in excess of one week and such payments or the value of such obligations shall not be deducted for any period in excess of one week from the unemployment benefits the individual is otherwise entitled to receive under this chapter. However, if the employer designates more than one week as the vacation period pursuant to paragraph "b", the vacation pay, vacation pay allowance, or pay in lieu of vacation shall be considered wages and shall be deducted from benefits.

e. If an employer pays or is obligated to pay a bonus to an individual at the same time the employer pays or is obligated to pay vacation pay, a vacation pay allowance, or pay in lieu of vacation, the bonus shall not be deemed wages for purposes of determining benefit eligibility and amount, and the bonus shall not be deducted from unemployment benefits the individual is otherwise entitled to receive under this chapter.

8. *Administrative penalty.* If the division of job service finds that, with respect to any week of an insured worker's unemployment for which such person claims credit or benefits, such person has, within the thirty-six calendar months immediately preceding such week, with intent to defraud by obtaining any benefits not due under this chapter, willfully and knowingly made a false statement or misrepresentation, or willfully and knowingly failed to disclose a material fact; such person shall be disqualified for the week in which the division makes such determination, and forfeit all benefit rights under the unemployment compensation law for a period of not more than the remaining benefit period as determined by the division according to the circumstances of each case. Any penalties imposed by this subsection shall be in addition to those otherwise prescribed in this chapter.

9. *Athletes — disqualified.* Services performed by an individual, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two successive sport seasons or similar periods, if such individual performs such services in the first of such seasons or similar periods and there is a reasonable assurance that such individual will perform such services in the later of such season or similar periods.

10. *Aliens — disqualified.* For services performed by an alien unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for the purpose of performing such services, or was permanently residing in the United States under color of law at the time such services were performed, including an alien who is lawfully present in the United States as a result of the application of the provisions of section 212(d)(5) of the Immigration and Nationality Act. Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits. In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of the individual's alien status shall be made except upon a preponderance of the evidence.

96.6 Filing — determination — appeal.

1. *Filing.* Claims for benefits shall be made in accordance with such regulations as the division of job service may prescribe.

2. *Initial determination.* A representative designated by the commissioner shall promptly notify all interested parties to the claim of its filing, and the parties have ten days from the date of mailing the notice of the filing of the claim by ordinary mail to the last known address to protest payment of benefits to the claimant. The representative shall promptly examine the claim and any protest, take the initiative to ascertain relevant information concerning the claim, and, on the basis of the facts found by the representative, shall determine whether or not the claim is valid, the week with respect to which benefits shall commence, the weekly benefit amount payable and its maximum duration, and whether any disqualification shall be imposed. The claimant has the burden of proving that the claimant meets the basic eligibility conditions of section 96.4. The employer has the burden of proving that the claimant is disqualified for benefits pursuant to section 96.5. However, the claimant has the initial burden to produce evidence showing that the claimant is not disqualified for benefits in cases involving section 96.5, subsection 1, paragraphs "a" through "h", and subsection 10. Unless the claimant or other interested party, after notification or within ten calendar days after

notification was mailed to the claimant's last known address, files an appeal from the decision, the decision is final and benefits shall be paid or denied in accordance with the decision. If an administrative law judge affirms a decision of the representative, or the appeal board affirms a decision of the administrative law judge allowing benefits, the benefits shall be paid regardless of any appeal which is thereafter taken, but if the decision is finally reversed, no employer's account shall be charged with benefits so paid and this relief from charges shall apply to both contributory and reimbursable employers, notwithstanding section 96.8, subsection 5.

3. *Appeals.* Unless the appeal is withdrawn, an administrative law judge, after affording the parties reasonable opportunity for fair hearing, shall affirm or modify the findings of fact and decision of the representative. The hearing shall be conducted pursuant to the provisions of chapter 17A relating to hearings for contested cases. Before the hearing is scheduled, the parties shall be afforded the opportunity to choose either a telephone hearing or an in-person hearing. A request for an in-person hearing shall be approved unless the in-person hearing would be impractical because of the distance between the parties to the hearing. A telephone or in-person hearing shall not be scheduled before the seventh calendar day after the parties receive notice of the hearing. Reasonable requests for the postponement of a hearing shall be granted. The parties shall be duly notified of the administrative law judge's decision, together with the administrative law judge's reasons for the decision, which is the final decision of the division, unless within fifteen days after the date of notification or mailing of the decision, further appeal is initiated pursuant to this section.

Appeals from the initial determination shall be heard by an administrative law judge employed by the division of job service. An administrative law judge's decision may be appealed by any party to the employment appeal board created in section 10A.601. The decision of the appeal board is final agency action and an appeal of the decision shall be made directly to the district court.

4. *Effect of determination.* A finding of fact or law, judgment, conclusion, or final order made pursuant to this section by an employee or representative of the division, administrative law judge, or the employment appeal board, is binding only upon the parties to proceedings brought under this chapter, and is not binding upon any other proceedings or action involving the same facts brought by the same or related parties before the division of labor services, division of industrial services, other state agency, arbitrator, court, or judge of this state or the United States.

Subsection 2 amended

96.7 Employer contributions and reimbursements.

1. *Payment.* Contributions accrue and are payable, in accordance with rules adopted by the divi-

sion, on all taxable wages paid by an employer for insured work.

2. *Contribution rates based on benefit experience.*

a. (1) The division shall maintain a separate account for each employer and shall credit each employer's account with all contributions which the employer has paid or which have been paid on the employer's behalf.

(2) The amount of regular benefits plus fifty percent of the amount of extended benefits paid to an eligible individual shall be charged against the account of the employers in the base period in the inverse chronological order in which the employment of the individual occurred.

However, if the individual to whom the benefits are paid is in the employ of a base period employer at the time the individual is receiving the benefits, and the individual is receiving the same employment from the employer that the individual received during the individual's base period, benefits paid to the individual shall not be charged against the account of the employer. This provision applies to both contributory and reimbursable employers, notwithstanding subparagraph (3) and section 96.8, subsection 5.

An employer's account shall not be charged with benefits paid to an individual who left the work of the employer voluntarily without good cause attributable to the employer or to an individual who was discharged for misconduct in connection with the individual's employment, or to an individual who failed without good cause, either to apply for available, suitable work or to accept suitable work with that employer, but shall be charged to the unemployment compensation fund. This paragraph applies to both contributory and reimbursable employers, notwithstanding section 96.8, subsection 5.

The amount of benefits paid to an individual, which is solely due to wage credits considered to be in an individual's base period due to the exclusion and substitution of calendar quarters from the individual's base period under section 96.23, shall be charged against the account of the employer responsible for paying the workers' compensation benefits for temporary total disability or during a healing period under section 85.33, section 85.34, subsection 1, or section 85A.17, or responsible for paying indemnity insurance benefits.

(3) The amount of regular benefits charged against the account of an employer for a calendar quarter of the base period shall not exceed the amount of the individual's wage credits based on employment with the employer during that quarter. The amount of extended benefits charged against the account of an employer for a calendar quarter of the base period shall not exceed an additional fifty percent of the amount of the individual's wage credits based on employment with the employer during that quarter. However, the amount of extended benefits charged against the account of a governmental entity which is either a reimbursable or contributory employer, for a calendar quarter of the base period shall not exceed an additional one hundred percent of the

amount of the individual's wage credits based on employment with the governmental entity during that quarter.

(4) The division shall adopt rules prescribing the manner in which benefits shall be charged against the accounts of several employers for which an individual performed employment during the same calendar quarter.

(5) This chapter shall not be construed to grant an employer or an individual in the employer's service, prior claim or right to the amount paid by the employer into the unemployment compensation fund either on the employer's own behalf or on behalf of the individual.

(6) Within forty days after the close of each calendar quarter, the division shall notify each employer of the amount of benefits charged to the employer's account during that quarter. The notification shall show the name of each individual to whom benefits were paid, the individual's social security number, and the amount of benefits paid to the individual. An employer which has not been notified as provided in section 96.6, subsection 2, of the allowance of benefits to an individual, may within thirty days after the date of mailing of the notification appeal to the division for a hearing to determine the eligibility of the individual to receive benefits. The appeal shall be referred to an administrative law judge for hearing and the employer and the individual shall receive notice of the time and place of the hearing.

b. If an enterprise or business, or a clearly segregable and identifiable part of an enterprise or business, for which contributions have been paid is sold or transferred to a subsequent employing unit, or if one or more employing units have been reorganized or merged into a single employing unit, and the successor employer, having qualified as an employer as defined in section 96.19, subsection 16, paragraph "b", continues to operate the enterprise or business, the successor employer shall assume the position of the predecessor employer or employers with respect to the predecessors' payrolls, contributions, accounts, and contribution rates to the same extent as if no change had taken place in the ownership or control of the enterprise or business. However, the successor employer shall not assume the position of the predecessor employer or employers with respect to the predecessor employer's or employers' payrolls, contributions, accounts, and contribution rates which are attributable to that part of the enterprise or business transferred, unless the successor employer applies to the division within sixty days from the date of the partial transfer, and the succession is approved by the predecessor employer or employers and the division.

The predecessor employer, prior to entering into a contract with a successor employer relating to the sale or transfer of the enterprise or business, or a clearly segregable and identifiable part of the enterprise or business, shall disclose to the successor employer the predecessor employer's record of charges of benefits payments and any layoffs or incidences since

the last record that would affect the experience record. A predecessor employer who fails to disclose or willfully discloses incorrect information to a successor employer regarding the predecessor employer's record of charges of benefits payments is liable to the successor employer for any actual damages and attorney fees incurred by the successor employer as a result of the predecessor employer's failure to disclose or disclosure of incorrect information. The division shall include notice of the requirement of disclosure in the division's quarterly notification given to each employer pursuant to paragraph "a", subparagraph (6).

The contribution rate to be assigned to the successor employer for the period beginning not earlier than the date of the succession and ending not later than the beginning of the next following rate year, shall be the contribution rate of the predecessor employer with respect to the period immediately preceding the date of the succession, provided the successor employer was not, prior to the succession, a subject employer, and only one predecessor employer, or only predecessor employers with identical rates, are involved. If the predecessor employers' rates are not identical and the successor employer is not a subject employer prior to the succession, the division shall assign the successor employer a rate for the remainder of the rate year by combining the experience of the predecessor employers. If the successor employer is a subject employer prior to the succession, the successor employer may elect to retain the employer's own rate for the remainder of the rate year, or the successor employer may apply to the division to have the employer's rate redetermined by combining the employer's experience with the experience of the predecessor employer or employers. However, if the successor employer is a subject employer prior to the succession and has had a partial transfer of the experience of the predecessor employer or employers approved, then the division shall recompute the successor employer's rate for the remainder of the rate year.

c. (1) A nonconstruction contributory employer newly subject to this chapter shall pay contributions at the rate specified in the twelfth benefit ratio rank but not less than one percent until the end of the calendar year in which the employer's account has been chargeable with benefits for twelve consecutive calendar quarters immediately preceding the computation date.

(2) A construction contributory employer, as defined under rules adopted by the division, which is newly subject to this chapter shall pay contributions at the rate specified in the twenty-first benefit ratio rank until the end of the calendar year in which the employer's account has been chargeable with benefits for twelve consecutive calendar quarters.

(3) Thereafter, the employer's contribution rate shall be determined in accordance with paragraph "d", except that the employer's average annual taxable payroll and benefit ratio may be computed, as determined by the division, for less than five periods

of four consecutive calendar quarters immediately preceding the computation date.

d. The division shall determine the contribution rate table to be in effect for the rate year following the computation date, by determining the ratio of the current reserve fund ratio to the highest benefit cost ratio on the computation date. On or before the fifth day of September the division shall make available to employers the contribution rate table to be in effect for the next rate year.

(1) The current reserve fund ratio is computed by dividing the total funds available for payment of benefits, on the computation date, by the total wages paid in covered employment excluding reimbursable employment wages during the first four calendar quarters of the five calendar quarters immediately preceding the computation date.

(2) The highest benefit cost ratio is the highest of the resulting ratios computed by dividing the total benefits paid, excluding reimbursable benefits paid, during each consecutive twelve-month period, during the ten-year period ending on the computation date, by the total wages, excluding reimbursable employment wages, paid in the four calendar quarters ending nearest and prior to the last day of such twelve-month period; however, the highest benefit cost ratio shall not be less than .02.

If the current reserve fund ratio, divided by the highest benefit cost ratio:

Equals or exceeds	But is less than	The contribution rate table in effect shall be

0.7	0.85	4
0.85	1.0	5
1.0	1.15	6

"Benefit ratio" means a number computed to six decimal places on July 1 of each year obtained by dividing the average of all benefits charged to an employer during the five periods of four consecutive calendar quarters immediately preceding the computation date by the employer's average annual taxable payroll.

Each employer qualified for an experience rating shall be assigned a contribution rate for each rate year that corresponds to the employer's benefit ratio rank in the contribution rate table effective for the rate year from the following contribution rate tables. Each employer's benefit ratio rank shall be computed by listing all the employers by increasing benefit ratios, from the lowest benefit ratio to the highest benefit ratio and grouping the employers so listed into twenty-one separate ranks containing as nearly as possible four and seventy-six hundredths percent of the total taxable wages, excluding reimbursable employment wages, paid in covered employment dur-

ing the four completed calendar quarters immediately preceding the computation date. If an employer's taxable wages qualify the employer for two separate benefit ratio ranks the employer shall be

afforded the benefit ratio rank assigned the lower contribution rate. Employers with identical benefit ratios shall be assigned to the same benefit ratio rank.

e. The division shall fix the contribution rate for each employer and notify the employer of the rate. An employer may appeal to the division for a revision of the contribution rate within thirty days from the date of the notice to the employer. After providing an opportunity for a hearing, the division may affirm, set aside, or modify its former determination and may grant the employer a new contribution rate. The division shall notify the employer of its decision by regular mail. Judicial review of action of the division may be sought pursuant to chapter 17A.

If an employer's account has been charged with benefits as the result of a decision allowing benefits and the decision is reversed, the employer may appeal, within thirty days from the date of the next contribution rate notice, for a recomputation of the rate. If a base period employer's account has been charged with benefits paid to an employee at a time when the employee was employed by the base period employer in the same employment as in the base period, the employer may appeal, within thirty days from the date of the first notice of the employer's contribution rate which is based on the charges, for a recomputation of the rate.

f. If an employer has not filed a contribution and payroll quarterly report, as required pursuant to section 96.11, subsection 7, for a calendar quarter which precedes the computation date and upon which the employer's rate of contribution is computed, the employer's average annual taxable payroll shall be computed by considering the delinquent quarterly reports as containing zero taxable wages.

If a delinquent quarterly report is received by September 30 following the computation date the contribution rate shall be recomputed by using the taxable wages in all the appropriate quarterly reports on file to determine the average annual taxable payroll.

If a delinquent quarterly report is received after September 30 following the computation date the contribution rate shall not be recomputed, unless the rate is appealed in writing to the division under paragraph "e" and the delinquent quarterly report is also submitted not later than thirty days after the division notifies the employer of the rate under paragraph "e".

3. *Determination and assessment of contributions.*

a. As soon as practicable and in any event within two years after an employer has filed reports, as required pursuant to section 96.11, subsection 7, the division shall examine the reports and determine the correct amount of contributions due, and the amount so determined by the division shall be the contributions payable. If the contributions found due are greater than the amount paid, the division shall send a notice by certified mail to the employer with respect to the additional contributions and interest assessed. A lien shall attach as provided in section 96.14, subsection 3, if the assessment is not paid or appealed within thirty days of the date of the notice of assessment.

b. If the division discovers from the examination of the reports required pursuant to section 96.11, subsection 7 or in some other manner that wages, or any portion of wages, payable for employment, have not been listed in the reports, or that reports were not filed when due, or that reports have been filed showing contributions due but contributions in fact have not been paid, the division shall at any time within five years after the time the reports were due, determine the correct amount of contributions payable, together with interest and any applicable penalty as provided in this chapter. The division shall send a notice by certified mail to the employer of the amount assessed and a lien shall attach as provided in paragraph "a".

c. The certificate of the division to the effect that contributions have not been paid, that reports have not been filed, or that information has not been furnished as required under the provisions of this chapter, is prima facie evidence of the failure to pay contributions, file reports, or furnish information.

4. *Employer liability determination.* The division shall initially determine all questions relating to the liability of an employing unit or employer, including the amount of contribution, the contribution rate, and successorship. A copy of the initial determination shall be sent by regular mail to the last address, according to the records of the division, of each affected employing unit or employer.

The affected employing unit or employer may appeal in writing to the division from the initial determination. An appeal shall not be entertained for any reason by the division unless the appeal is filed with the division within thirty days from the date on which the initial determination is mailed. If an appeal is not so filed, the initial determination shall with the expiration of the appeal period become final and conclusive in all respects and for all purposes.

A hearing on an appeal shall be conducted according to rules adopted by the division. A copy of the decision of the administrative law judge shall be sent by regular mail to the last address, according to the records of the division, of each affected employing unit or employer.

The division's decision on the appeal shall be final and conclusive as to the liability of the employing unit or employer unless the employing unit or employer files an appeal for judicial review within thirty

days after the date of mailing of the decision as provided in subsection 5.

5. *Judicial review.* Notwithstanding chapter 17A, petitions for judicial review may be filed in the district court of the county in which the employer resides, or in which the employer's principal place of business is located, or in the case of a nonresident not maintaining a place of business in this state either in a county in which the wages payable for employment were earned or paid or in Polk county, within thirty days after the date of the notice to the employer of the division's final determination as provided for in subsection 2, 3, or 4.

The petitioner shall file with the clerk of the district court a bond for the use of the respondent, with sureties approved by the clerk, with any penalty to be fixed and approved by the clerk. The bond shall not be less than fifty dollars and shall be conditioned on the petitioner's performance of the orders of the court. In all other respects, the judicial review shall be in accordance with chapter 17A.

6. *Jeopardy assessments.* If the division believes that the collection of contributions payable or benefits reimbursable will be jeopardized by delay, the division may immediately make an assessment of the estimated amount of contributions due or benefits reimbursable, together with interest and applicable penalty, and demand payment from the employer. If the payment is not made, the division may immediately file a lien against the employer which may be followed by the issuance of a distress warrant.

The division shall be permitted to accept a bond from the employer to satisfy collection until the amount of contributions due is determined. The bond shall be in an amount deemed necessary, but not more than double the amount of the contributions involved, with securities satisfactory to the division.

7. *Financing benefits paid to employees of governmental entities.*

a. A governmental entity which is an employer under this chapter shall pay benefits in a manner provided for a reimbursable employer unless the governmental entity elects to make contributions as a contributory employer. The election shall be effective for a minimum of one calendar year and may be changed if an election is made to become a reimbursable employer prior to December 1 for a minimum of the following calendar year.

However, if on the effective date of the election the governmental entity has a negative balance in its contributory account, the governmental entity shall pay to the fund within a time period determined by the division the amount of the negative balance and shall immediately become liable to reimburse the unemployment compensation fund for benefits paid in lieu of contributions. Regular or extended benefits paid after the effective date of the election, including those based on wages paid while the governmental entity was a contributory employer, shall be billed to the governmental entity as a reimbursable employer.

b. A governmental entity electing to make contributions as a contributory employer, with at least

eight consecutive calendar quarters immediately preceding the computation date throughout which the employer's account has been chargeable with benefits, shall be assigned a contribution rate under this paragraph. Contribution rates shall be assigned by listing all governmental contributory employers by decreasing percentages of excess from the highest positive percentage of excess to the highest negative percentage of excess. The employers so listed shall be grouped into seven separate percentage of excess ranks each containing as nearly as possible one-seventh of the total taxable wages of governmental entities eligible to be assigned a rate under this paragraph.

As used in this subsection, "percentage of excess" means a number computed to six decimal places on July 1 of each year obtained by dividing the excess of all contributions attributable to an employer over the sum of all benefits charged to an employer by the employer's average annual payroll. An employer's percentage of excess is a positive number when the total of all contributions paid to an employer's account for all past periods to and including those for the quarter immediately preceding the rate computation date exceeds the total benefits charged to such account for the same period. An employer's percentage of excess is a negative number when the total of all contributions paid to an employer's account for all past periods to and including those for the quarter immediately preceding the rate computation date is less than the total benefits charged to such account for the same period.

As used in this subsection, "average annual taxable payroll" means the average of the total amount of taxable wages paid by an employer for insured work during the three periods of four consecutive calendar quarters immediately preceding the computation date. However, for an employer which qualifies on any computation date for a computed rate on the basis of less than twelve consecutive calendar quarters of chargeability immediately preceding the computation date, "average annual taxable payroll" means the average of the employer's total amount of taxable wages for the two periods of four consecutive calendar quarters immediately preceding the computation date.

The division shall annually calculate a base rate for each calendar year. The base rate is equal to the sum of the benefits charged to governmental contributory employers in the calendar year immediately preceding the computation date plus or minus the difference between the total benefits and contributions paid by governmental contributory employers since January 1, 1980, which sum is divided by the total taxable wages reported by governmental contributory employers during the calendar year immediately preceding the computation date, rounded to the next highest one-tenth of one percent. Excess contributions from the years 1978 and 1979 shall be used to offset benefits paid in any calendar year where total benefits exceed total contributions of governmental contributory employers. The contribu-

tion rate as a percentage of taxable wages of the employer shall be assigned as follows:

If the percentage of excess rank is:	The contribution rate shall be:	Approximate cumulative taxable payroll
1	Base Rate -0.9	14.3
2	Base Rate -0.6	28.6
3	Base Rate -0.3	42.9
4	Base Rate	57.2
5	Base Rate +0.3	71.5
6	Base Rate +0.6	85.8
7	Base Rate +0.9	100.0

If a governmental contributory employer is grouped into two separate percentage of excess ranks, the employer shall be assigned the lower contribution rate of the two percentage of excess ranks. Notwithstanding the provisions of this paragraph, a governmental contributory employer shall not be assigned a contribution rate less than one-tenth of one percent of taxable wages unless the employer has a positive percentage of excess greater than five percent.

Governmental entities electing to be contributory employers which are not eligible to be assigned a contribution rate under this paragraph shall be assigned the base rate as a contribution rate for the calendar year.

c. For the purposes of this subsection, "governmental reimbursable employer" means an employer which makes payments to the division for the unemployment compensation fund in an amount equal to the regular and extended benefits paid, which are based on wages paid for service in the employ of the employer. Benefits paid to an eligible individual shall be charged against the base period employers in the inverse chronological order in which the employment of the individual occurred. However, the amount of benefits charged against an employer for a calendar quarter of the base period shall not exceed the amount of the individual's wage credits based upon employment with that employer during that quarter. At the end of each calendar quarter, the division shall bill each governmental reimbursable employer for benefits paid during that quarter. Payments by a governmental reimbursable employer shall be made in accordance with subsection 8, paragraph "b", subparagraphs (2) through (5).

d. A state agency, board, commission, or department, except a state board of regents' institution, shall, after approval of the billing for a governmental reimbursable employer as provided in subsection 8, paragraph "b", submit the billing to the director of revenue and finance. The director of revenue and finance shall pay the approved billing out of any funds in the state treasury not otherwise appropriated. A state agency, board, commission, or department shall reimburse the director of revenue and finance out of any revolving, special, trust, or federal fund from which all or a portion of the billing can be

paid, for payments made by the director of revenue and finance on behalf of the agency, board, commission, or department.

e. If an enterprise or business of a reimbursable government entity is sold or otherwise transferred to a subsequent employing unit and the successor employing unit continues to operate the enterprise or business, the successor employing unit shall assume the position of the reimbursable government entity with respect to the reimbursable government entity's payroll and reimbursable benefits to the same extent as if no change in the ownership or control of the enterprise or business had occurred, whether or not the successor employer elected or elects, or was or is eligible to elect, to become a reimbursable employer with respect to the employer's payroll prior to the sale or transfer of the enterprise or business.

f. If a reimbursable instrumentality of the state or of a political subdivision is discontinued other than by sale or transfer to a subsequent employing unit as described in paragraph "e", the state or the political subdivision, respectively, shall reimburse the division of job service for benefits paid to former employees of the instrumentality after the instrumentality is discontinued.

8. Financing benefits paid to employees of nonprofit organizations.

a. A nonprofit organization which is, or becomes, subject to this chapter, shall pay contributions under subsections 1 and 2, unless the nonprofit organization elects, in accordance with this paragraph, to reimburse the unemployment compensation fund for benefits paid in an amount equal to the amount of regular benefits and of one-half of the extended benefits paid, which are based on wages paid for service in the employ of the nonprofit organization during the effective period of the election.

(1) A nonprofit organization may elect to become a reimbursable employer for a period of not less than two calendar years by filing with the division a written notice of its election not later than thirty days prior to the beginning of the calendar year for which the election is to be effective.

(2) A nonprofit organization which makes an election in accordance with subparagraph (1) shall continue to be a reimbursable employer until the nonprofit organization files with the division a written notice terminating its election not later than thirty days prior to the beginning of the calendar year for which the termination is to be effective.

(3) The division may for good cause extend the period within which a notice of election or termination of election must be filed and may permit an election or termination of election to be retroactive.

(4) The division, in accordance with rules, shall notify each nonprofit organization of any determination made by the division of the status of the nonprofit organization as an employer and of the effective date of any election or termination of election. A determination is subject to appeal and review in accordance with subsections 4 and 5.

b. Reimbursements for benefits paid in lieu of contributions shall be made in accordance with the following:

(1) At the end of each calendar quarter, the division shall bill each nonprofit organization which has elected to reimburse the unemployment compensation fund for benefits paid in an amount equal to the full amount of regular benefits and one-half of the amount of extended benefits paid during the quarter which are based on wages paid for service in the employ of the organization. Benefits paid to an individual shall be charged against the base period employers in the inverse chronological order in which the employment of the individual occurred. However, the amount of benefits charged against an employer for a calendar quarter of the base period shall not exceed the amount of the individual's wage credits based upon employment with that employer during that quarter.

(2) The nonprofit organization shall pay the bill not later than thirty days after the bill was mailed or otherwise delivered to the last known address of the nonprofit organization, unless the nonprofit organization has filed an application for redetermination in accordance with subparagraph (4).

(3) Reimbursements made by a nonprofit organization shall not be deducted, in whole or in part, from the wages of individuals in the employ of the nonprofit organization.

(4) The amount due specified in a bill from the division is conclusive unless, not later than fifteen days following the date the bill was mailed or otherwise delivered to the last known address of the nonprofit organization, the nonprofit organization files an application for redetermination with the division setting forth the grounds for the application. The division shall promptly review the amount due specified in the bill and shall issue a redetermination. The redetermination is conclusive on the nonprofit organization unless, not later than thirty days after the redetermination was mailed or otherwise delivered to the last known address of the nonprofit organization, the nonprofit organization files an appeal to the district court pursuant to subsection 5.

(5) The provisions for collection of contributions under section 96.14 are applicable to reimbursements for benefits paid in lieu of contributions.

(6) If an enterprise or business of a reimbursable nonprofit organization is sold or otherwise transferred to a subsequent employing unit and the successor employing unit continues to operate the enterprise or business, the successor employing unit shall assume the position of the reimbursable nonprofit organization with respect to the nonprofit organization's payroll and reimbursable benefits to the same extent as if no change in the ownership or control of the enterprise or business had occurred, whether or not the successor employer elected or elects, or was or is eligible to elect, to become a reimbursable employer with respect to the employer's payroll prior to the sale or transfer of the enterprise or business.

9. Reserved.

10. *Group accounts.* Two or more nonprofit organizations or two or more governmental entities which have become reimbursable employers in accordance with subsection 7 or subsection 8, paragraph "a", may file a joint application to the division for the establishment of a group account for the purpose of sharing the cost of benefits paid which are attributable to service in the employ of the employers. The application shall identify and authorize a group representative to act as the group's agent for the purposes of this subsection. Upon approval of the application, the division shall establish a group account for the employers effective as of the beginning of the calendar quarter in which the division receives the application and shall notify the group's agent of the effective date of the account. The account shall remain in effect for not less than one year until terminated at the discretion of the division or upon application by the group. Upon establishment of the account, each employer member of the group shall be liable for benefit reimbursements in lieu of contributions with respect to each calendar quarter in an amount which bears the same ratio to the total benefits paid in the quarter which are attributable to service performed in the employ of all members of the group, as the total wages paid for service performed in the employ of the member in the quarter bear to the total wages paid for service performed in the employ of all members of the group in the quarter. The division shall adopt rules with respect to applications for establishment, maintenance, and termination of group accounts, for addition of new members to, and withdrawal of active members from group accounts, and for the determination of the amounts which are payable by members of the group and the time and manner of the payments.

11. *Temporary emergency surcharge.* If on the first day of the third month in any calendar quarter, the division has an outstanding balance of interest accrued on advance moneys received from the federal government for the payment of unemployment compensation benefits, or is projected to have an outstanding balance of accruing federal interest for that calendar quarter, the division shall collect a uniform temporary emergency surcharge for that calendar quarter, retroactive to the beginning of that calendar quarter. The surcharge shall be a percentage of employer contribution rates and shall be set at a uniform percentage, for all employers subject to the surcharge, necessary to pay the interest accrued on the moneys advanced to the division by the federal government, and to pay any additional federal interest which will accrue for the remainder of that calendar quarter. The surcharge shall apply to all employers except governmental entities, nonprofit organizations, and employers assigned a zero contribution rate. The division shall adopt rules prescribing the manner in which the surcharge will be collected. Interest shall accrue on all unpaid sur-

charges under this subsection at the same rate as on regular contributions and shall be collectible in the same manner. The surcharge shall not affect the computation of regular contributions under this chapter.

A special fund to be known as the temporary emergency surcharge fund is created in the state treasury. The special fund is separate and distinct from the unemployment compensation fund. All contributions collected from the temporary emergency surcharge shall be deposited in the special fund. The special fund shall be used only to pay interest accruing on advance moneys received from the federal government for the payment of unemployment compensation benefits. Interest earned upon moneys in the special fund shall be deposited in and credited to the special fund.

If the division determines on June 1 that no outstanding balance of interest due has accrued on advanced moneys received from the federal government for the payment of unemployment compensation benefits, and that no outstanding balance is projected to accrue for the remainder of the calendar year, the division shall notify the treasurer of state of its determination. The treasurer of state shall immediately transfer all moneys, including accrued interest, in the temporary emergency surcharge fund to the unemployment compensation fund for the payment of benefits.

12. *Administrative contribution surcharge — fund.*

a. An employer other than a governmental entity or a nonprofit organization, subject to this chapter, shall pay an administrative contribution surcharge equal in amount to one-tenth of one percent of federal taxable wages, as defined in section 96.19, subsection 37, paragraph "b". The division shall recompute the amount as a percentage of taxable wages, as defined in section 96.19, subsection 37, and shall add the percentage surcharge to the employer's contribution rate determined under this section. The division shall adopt rules prescribing the manner in which the surcharge will be collected. Interest shall accrue on all unpaid surcharges under this subsection at the same rate as on regular contributions and shall be collectible in the same manner.

b. A special fund to be known as the administrative contribution surcharge fund is created in the state treasury. The fund is separate and distinct from the unemployment compensation fund. All contributions collected from the administrative contribution surcharge shall be deposited in the fund. Interest earned upon moneys in the fund shall be deposited in and credited to the fund.

c. Moneys in the fund shall be used by the division only upon appropriation by the general assembly and only for personnel and nonpersonnel costs of rural and satellite job service offices in population centers of less than twenty thousand or for the division-approved training fund funded in section 8, subsection 2, of 1988 Iowa Acts, chapter 1274.

d. This subsection is repealed July 1, 1998, and the repeal is applicable to contribution rates for calendar year 1999 and subsequent calendar years.

Provided, that such other employing unit would have been an employer under paragraph "a" of this subsection, if such part had constituted its entire organization, trade, or business.

Provided, however, that if an employer subject to contributions solely because of the terms of this subsection shall establish proper proof to the satisfaction of the department that the employer's employees have been and will be duly covered and insured under the unemployment compensation law of another jurisdiction such employer shall not be deemed an employer and such services shall not be deemed employment under this chapter.

h. After December 31, 1971, this state or a state instrumentality and after December 31, 1977, a government entity unless specifically excluded from the definition of employment.

i. Any employing unit for which service in employment, as defined in subsection 18, paragraph "a", subparagraph (5), is performed after December 31, 1971.

j. For purposes of paragraphs "a" and "i", employment shall include service which would constitute employment but for the fact that such service is deemed to be performed entirely within another state pursuant to an election under an arrangement entered into in accordance with subsection 18, paragraph "d", by the division of job service and an agency charged with the administration of any other state or federal unemployment compensation law.

k. For purposes of paragraphs "a" and "i", if any week includes both December 31 and January 1, the days of that week up to January 1 shall be deemed one calendar week and the days beginning January 1 another such week.

l. An employing unit employing agricultural labor after December 31, 1977, if the employing unit:

(1) Paid during any calendar quarter in the calendar year or the preceding calendar year wages of twenty thousand dollars or more for agricultural labor, or

(2) Employed on each of some twenty days during the calendar year or during the preceding calendar year, each day being in a different calendar week, at least ten individuals in employment in agricultural labor for some portion of the day.

m. An employing unit employing after December 31, 1977, domestic service in a private home, local college club, or local chapter of a college fraternity or sorority, and with respect to any calendar year, any employing unit who during any calendar quarter in the calendar year or the preceding calendar year paid wages in cash of one thousand dollars or more for such service.

17. All individuals performing services within this state for any employing unit which maintains two or more separate establishments within this state shall be deemed to be employed by a single employing unit for all the purposes of this chapter. Whenever any employing unit contracts with or has under it any contractor or subcontractor for any work which is part of its usual trade, occupation, profession, or business, unless the employing unit as well as each such contractor or subcontractor is an employer by reason of subsection 16 or section 96.8, subsection 3, the employing unit shall for all the purposes of this chapter be deemed to employ each individual in the employ of each such contractor or subcontractor for each day during which such individual is engaged in performing such work; except that each such contractor or subcontractor who is an employer by reason of subsection 16 or section 96.8, subsection 3, shall alone be liable for the contributions measured by wages payable to individuals in the contractor's or subcontractor's employ, and except that any employing unit who shall become liable for and pay contributions with respect to individuals in the employ of any such contractor or subcontractor who is not an employer by reason of subsection 16 or section 96.8, subsection 3, may recover the same from such contractor or subcontractor, except as any contractor or subcontractor who would in the absence of the foregoing provisions be liable to pay said contributions, accepts exclusive liability for said contributions under an agreement with such employer made pursuant to general rules of the division of job service. Each individual employed to perform or to assist in performing the work of any agent or employee of an employ-

ing unit shall be deemed to be employed by such employing unit for all the purposes of this chapter, whether such individual was hired or paid directly by such employing unit or by such agent or employee, provided the employing unit had actual or constructive knowledge of such work, and provided, further, that such employment was for a total of not less than eight hours in any one calendar week.

18. "Employment".

a. Except as otherwise provided in this subsection "employment" means service, including service in interstate commerce, performed for wages or under any contract of hire, written or oral, expressed or implied. Employment also means any service performed prior to January 1, 1978, which was employment as defined in this subsection prior to such date and, subject to the other provisions of this subsection, service performed after December 31, 1977, by:

(1) Any officer of a corporation. Provided that the term "employment" shall not include such officer if the officer is a majority stockholder and the officer shall not be considered an employee of the corporation unless such services are subject to a tax to be paid under any federal law imposing a tax against which credit may be taken for contributions required to be paid into a state unemployment fund or such services are required to be covered under this chapter of the Code, as a condition to receipt of a full tax credit against the tax imposed by the federal Unemployment Tax Act (26 U.S.C. § 3301-3309), or

(2) Any individual who, under the usual common law rules applicable in determining the employer-employee relationship, has the status of an employee, or

(3) Any individual other than an individual who is an employee under subparagraphs (1) or (2) who performs services for remuneration for any person as an agent driver or commission driver engaged in distributing meat products, vegetable products, fruit products, bakery products, beverages (other than milk), or laundry or dry cleaning services for the individual's principal; as a traveling or city salesperson, other than as an agent driver or commission driver, engaged upon a full-time basis in the solicitation on behalf of, and the transmission to, the individual's principal (except for sideline sales activities on behalf of some other person) of orders from wholesalers, retailers, contractors, or operators of hotels, restaurants, or other similar establishments for merchandise for resale or supplies for use in their business operations.

Provided, that for purposes of paragraph "a", subparagraph (3), the term "employment" shall include services performed after December 31, 1971, only if:

(a) The contract of service contemplates that substantially all of the services are to be performed personally by such individual;

(b) The individual does not have a substantial investment in facilities used in connection with the performance of the services (other than in facilities for transportation); and

(c) The services are not in the nature of single transaction that is not part of a continuing relationship with the person for whom the services are performed.

(4) Service performed after December 31, 1971, by an individual in the employ of this state or any of its wholly owned instrumentalities and after December 31, 1977, service performed by an individual in the employ of a government entity unless specifically excluded from the definition of employment for a government entity.

(5) Service performed after December 31, 1971, by an individual in the employ of a religious, charitable, educational or other organization, but only if the service is excluded from "employment" as defined in the federal Unemployment Tax Act (26 U.S.C. § 3301-3309) solely by reason of section 3306(c)(8) of that Act.

(6) For the purposes of subparagraphs (4) and (5), the term "employment" does not apply to service performed:

(a) In the employ of a church or convention or association of churches, or an organization which is operated primarily for religious purposes and which is operated, supervised, controlled, or principally supported by a church or convention or association of churches.

(b) By a duly ordained, commissioned, or licensed minister of a church in the exercise of that ministry or by a member of a religious order in the exercise of duties required by such order.

(c) In the employ of a nonpublic school which is not an institution of higher education prior to January 1, 1978.

(16) Employees of the Iowa peace institute, established in chapter 38*, unless an employee files an application with the department to be covered under this chapter.

(17) Employees appointed by the state board of regents who, at the discretion of the state board of regents, elect coverage in a retirement system qualified by the state board of regents that meets the criteria of section 97B.2.

(18) Persons employed by the board of trustees for the statewide fire and police retirement system established in section 411.36, unless these employees make an application to the department to be covered under this chapter and the department has approved the election. Coverage will begin when the election has been approved by the department.

(19) Employees of an area agency on aging, if as of July 1, 1994, the agency provides for participation by all of its employees in an alternative qualified plan pursuant to the requirements of the federal Internal Revenue Code.

9. "*Employment for any calendar quarter*" means any service performed under an employer-employee relationship under this chapter for which wages are reported in the calendar quarter. For the purposes of this chapter, elected officials are deemed to be in employment for all quarters of the elected officials' respective terms of office, even if the elected officials have selected a method of payment of wages which results in the elected officials not being credited with wages every quarter of a year.

9A. "*First month of entitlement*" means the first month for which a member is qualified to receive retirement benefits under this chapter. Effective January 1, 1995, a member who meets all of the following requirements is qualified to receive retirement benefits under this chapter:

- a. Has attained the minimum age for retirement.
- b. If the member has not attained seventy years of age, has terminated all employment covered under the chapter or formerly covered under the chapter pursuant to section 97B.42.
- c. Has filed a completed application for benefits.
- d. Has survived into the month for which the member's first retirement allowance is payable by the system.

10. "*Inactive member*" with respect to future service means a member who at the end of a year had not made any contributions during the current year and who has not received a refund of the member's accumulated contributions.

11. "*Member*" means an employee or a former employee who maintains the employee's or former employee's accumulated contributions in the system. The former employee is not a member if the former employee has received a refund of the former employee's accumulated contributions.

12. "*Membership service*" means service rendered by a member after July 4, 1953. Years of membership service shall be counted to the complete quarter calendar year. However, membership service for a calendar year shall not include more than four quarters. In determining a member's period of membership service, the department shall combine all periods of service for which the member has made contributions. If the department has not maintained the accumulated contribution account of the member for a period of service, as provided pursuant to section 97B.53, subsection 6, the department shall credit the member for the service if the member submits satisfactory proof to the department that the member

did make the contributions for the period of service and did not take a refund for the period of service. However, the department shall not implement the amendments to this subsection, as enacted in 1994 Iowa Acts, chapter 1183, unless and until the department determines that the most recent annual actuarial valuation of the retirement system indicates that the employer and employee contribution rates in effect under section 97B.11 can absorb the amendments to this subsection and to section 97B.53, subsections 3 and 7, section 97B.53, subsection 6, unnumbered paragraph 1, and section 97B.70, by enacting a new subsection 4, contained in 1994 Iowa Acts, chapter 1183, after meeting the other established priorities of the system. Until the amendments are implemented, the department shall continue to implement the provisions of section 97B.41, subsection 12, Code Supplement 1993. As used in this subsection, unless the context otherwise requires, "*other established priorities of the system*" means that commencing January 1 following the most recent annual actuarial valuation of the system, the department has increased the covered wage limitation from the previous year by three thousand dollars, in accordance with section 97B.41, subsection 20, paragraph "b", subparagraph (11), and that the department has implemented the amendments to section 97B.66, unnumbered paragraphs 1 and 2, section 97B.72, unnumbered paragraphs 1 and 2, section 97B.72A, subsection 1, unnumbered paragraph 1, section 97B.73A, unnumbered paragraph 1, and section 97B.74, unnumbered paragraphs 1 and 2, contained in 1994 Iowa Acts, chapter 1183.

13. "*Prior service*" means any service by an employee rendered at any time prior to July 4, 1953.

14. "*Retired member*" means a member who has applied for the member's retirement allowance and has survived into at least the first day of the member's first month of entitlement.

15. "*Service*" means uninterrupted service under this chapter by an employee, except an elected official, from the date the employee last entered employment of the employer until the date the employee's employment shall be terminated by death, retirement, resignation or discharge; provided, however, the service of any employee shall not be deemed to be interrupted by:

a. Service in the armed forces of the United States, if the employee was employed by the employer immediately prior to entry into the armed forces, and if the employee was released from service and returns to covered employment with the employer within twelve months of the date on which the employee has the right of release from service or within a longer period as provided by the applicable laws of the United States.

b. Leave of absence or vacation authorized by the employer for a period not exceeding twelve months.

c. The termination at the end of the school year of the contract of employment of an employee in the public schools of the state of Iowa, provided the employee enters into a further contract of employment

in the public schools of the state of Iowa for the next succeeding school year.

d. Temporary or seasonal interruptions in service such as service of school bus drivers, schoolteachers under regular contract, interim teachers or substitute teachers, instructors at Iowa state university of science and technology, the state university of Iowa, or university of northern Iowa, employees in state schools or hospital dormitories, other positions when the temporary suspension of service does not terminate the period of employment of the employee, or temporary employees of the general assembly.

16. "*Service*" for an elected official means the period of membership service for which contributions are made beginning on the date an elected official assumes office and ending on the expiration date of the last term the elected official serves, excluding all the intervening periods during which the elected official is not an elected official.

17. "*System*" means the retirement plan as contained herein or as duly amended.

18. "*Three-year average covered wage*" means a member's covered wages averaged for the highest three years of the member's service, except as otherwise provided in this subsection. The highest three years of a member's covered wages shall be determined using calendar years. However, if a member's final quarter of a year of employment does not occur at the end of a calendar year, the department may determine the wages for the third year by computing the average quarter of all quarters from the member's highest calendar year of covered wages not being used in the selection of the two highest years and using the computed average quarter for each quarter in the third year in which no wages have been reported in combination with the final quarter or quarters of the member's service to create a full year. However, the department shall not use the member's final quarter of wages if using that quarter would reduce the member's three-year average covered wage. If the three-year average covered wage of a member exceeds the highest maximum covered wages in effect for a calendar year during the member's period of service, the three-year average covered wage of the member shall be reduced to the highest maximum covered wages in effect during the member's period of service.

19. a. "*Vested member*" means a member who has attained through age or sufficient years of service eligibility to receive monthly retirement benefits upon the member's retirement. A vested member must meet one of the following requirements:

(1) Prior to July 1, 1965, had attained the age of forty-eight and completed at least eight years of service.

(2) Between July 1, 1965 and June 30, 1973, had completed at least eight years of service.

(3) On or after July 1, 1973, has completed at least four years of service.

(4) Has attained the age of fifty-five.

(5) On or after July 1, 1988, an inactive member who had accumulated, as of the date of the member's

last termination of employment, years of membership service equal to or exceeding the years of membership service specified in this subsection for qualifying as a vested member on that date of termination.

b. "Active vested member" means an active member who has attained sufficient membership service to achieve vested status.

c. "Inactive vested member" means an inactive member who was a vested member at the time of termination of employment.

20. a. "Wages" means all remuneration for employment, including the cash value of remuneration paid in a medium other than cash, but not including the cash value of remuneration paid in a medium other than cash as necessitated by the convenience of the employer. The amount agreed upon by the employer and employee for remuneration paid in a medium other than cash shall be reported to the department by the employer and is conclusive of the value of the remuneration. "Wages" does not include special lump sum payments made as payment for accrued sick leave or accrued vacation or payments made as an incentive for early retirement or as payments made upon dismissal, severance, or a special bonus payment. Wages for an elected official means the salary received by an elected official, exclusive of expense and travel allowances.

Wages for a member of the general assembly means the total compensation received by a member of the general assembly, whether paid in the form of per diem or annual salary, exclusive of expense and travel allowances paid to a member of the general assembly except as otherwise provided in this paragraph. Wages includes per diem payments paid to members of the general assembly during interim periods between sessions of the general assembly. Wages also includes daily allowances to members of the general assembly for nontravel expenses of office during a session of the general assembly, but does not include the portion of the daily allowance which exceeds the maximum established by law for members from Polk county.

b. "Covered wages" means wages of a member during the periods of membership service as follows:

(1) For the period from July 4, 1953, through December 31, 1953, and each calendar year from January 1, 1954, through December 31, 1963, wages not in excess of four thousand dollars.

(2) For each calendar year from January 1, 1964, through December 31, 1967, wages not in excess of four thousand eight hundred dollars.

(3) For each calendar year from January 1, 1968, through December 31, 1970, wages not in excess of seven thousand dollars, for each calendar year from January 1, 1971 through December 31, 1972, wages not in excess of seven thousand eight hundred dollars, and for each calendar year from January 1, 1973 through December 31, 1975, wages not in excess of ten thousand eight hundred dollars.

(4) For each calendar year from January 1, 1976, through December 31, 1983, wages not in excess of twenty thousand dollars.

(5) For each calendar year from January 1, 1984, through December 31, 1985, wages not in excess of twenty-one thousand dollars per year.

(6) For the calendar year from January 1, 1986, through December 31, 1986, wages not in excess of twenty-two thousand dollars.

(7) For the calendar year from January 1, 1987, through December 31, 1987, wages not in excess of twenty-three thousand dollars.

(8) For the calendar year beginning January 1, 1988, and ending December 31, 1988, wages not in excess of twenty-four thousand dollars.

(9) For the calendar year beginning January 1, 1989, and ending December 31, 1989, wages not in excess of twenty-six thousand dollars.

(10) For the calendar year beginning January 1, 1990, and ending December 31, 1990, wages not in excess of twenty-eight thousand dollars.

(11) Commencing January 1, 1991, for each calendar year, the department shall increase the covered wages limitation from the previous calendar year by three thousand dollars if the annual actuarial valuation of the assets and liabilities of the retirement system indicates that the cost of the increase in covered wages can be absorbed within the employer and employee contribution rates in effect under section 97B.11. However, covered wages shall not exceed fifty-five thousand dollars for a calendar year.

If the annual actuarial valuation of the retirement system in any year indicates that the cost of the increase provided under this subparagraph and the increase in the monthly benefit formula provided in section 97B.49, subsection 5, paragraph "b", cannot be absorbed within the employer and employee contribution rates in effect under section 97B.11, the department shall reduce the increase provided in this subparagraph by an amount sufficient to pay for the increase in the benefit percent.

Notwithstanding any other provision of this chapter providing for the payment of the benefits provided in section 97B.49, subsection 16, the department shall establish the covered wages limitation which applies to members covered under section 97B.49, subsection 16, at the same level as is established under this subparagraph for other members of the system.

(12) Effective July 1, 1992, covered wages does not include wages to a member on or after the effective date of the member's retirement unless the member is reemployed, as provided under section 97B.48A.

(13) If a member is employed by more than one employer during a calendar year, the total amount of wages paid to the member by the several employers shall be included in determining the limitation on covered wages as provided in this paragraph. If the amount of wages paid to a member by the member's several employers during a calendar year exceeds the covered wage limit, the amount of such excess shall not be subject to the contributions required by section 97B.11.

21. "Years of prior service" means the total of all periods of prior service of a member. In computing credit for prior service, service of less than a full

quarter shall be rounded up to a full quarter. Where a member had prior service as a teacher, a full year of service shall be granted that member if the member had three quarters of service and a contract for employment for the following school year.

97B.49 Monthly payments of allowance.

Each member, upon retirement on or after the member's normal retirement date, is entitled to receive a monthly retirement allowance determined under this section. For an inactive vested member the monthly retirement allowance shall be determined on the basis of this section and section 97B.50 as they are in effect on the date of the member's retirement.

1. For each active member employed before January 1, 1976, and retiring on or after January 1, 1976, and for each member who was a vested member before January 1, 1976, with four or more complete years of service, a formula benefit shall be determined equal to the larger of the benefit determined under this subsection and subsection 3 of this section as applicable, or the benefit determined under subsection 5 of this section. The amount of the monthly formula benefit for each such active or vested member who retired on or after January 1, 1976, shall be equal to one-twelfth of one and fifty-seven hundredths percent per year of membership service multiplied by the member's average annual covered wages; but in no case shall the amount of monthly formula benefit accrued for membership service prior to July 1, 1967, be less than the monthly annuity at the normal retirement date determined by applying the sum of the member's accumulated contributions, the member's employer's accumulated contributions on or before June 30, 1967, and any retirement dividends standing to the member's credit on or before December 31, 1966, to the annuity tables in use by the department with due regard to the benefits payable from such accumulated contributions under sections 97B.52 and 97B.53.

2. For each active and vested member retiring with less than four complete years of service and who therefore cannot have a benefit determined under the formula benefit of subsection 1 or subsection 5 of this section a monthly annuity for membership service shall be determined by applying the member's accumulated contributions and the employer's matching accumulated contributions as of the effective retirement date and any retirement dividends standing to the member's credit on or before December 31, 1966, to the annuity tables in use by the department according to the member's age.

3. For each member employed before January 1, 1976, who has qualified for prior service credit in accordance with the first paragraph of section 97B.43, there shall be determined a benefit of eight-tenths of one percent per year of prior service credit multiplied by the monthly rate of the member's total remuneration not in excess of three thousand dollars annually during the twelve consecutive months of the member's prior service for which that total remuneration was the highest. An additional three-tenths of one percent of the remuneration not in excess of three thousand dollars annually shall be payable for prior service during each year in which the accrued liability for benefit payments created by the abolished system is funded by appropriation from the Iowa public employees' retirement fund.

4. For each active member retiring on or after June 30, 1973, and who has completed ten or more years of membership service, the total amount of monthly benefit payable at the normal retirement date for prior service and membership service shall not be less than fifty dollars per month. If benefits commence on an early retirement date, the amount of benefit shall be reduced in accordance with section 97B.50. If an optional allowance is selected under section 97B.51, the amount payable shall be the actuarial equivalent of the minimum benefit. An employee who is in employment on a school year or academic year basis, will be considered to be an active member as of June 30, 1973, if the employee completes the 1972-1973 school year or academic year.

5. a. For each active or inactive vested member retiring on or after July 1, 1986, and before July 1, 1990, with four or more complete years of service, a monthly benefit shall be computed which is equal to one-twelfth of an amount equal to fifty percent of the three-year average covered wage multiplied by a fraction of years of service.

b. For each active or inactive vested member retiring on or after July 1, 1990, with four or more complete years of service, a monthly benefit shall be computed which is equal to one-twelfth of an amount equal to fifty-two percent of the three-year average covered wage multiplied by a fraction of years of service.

Commencing July 1, 1991, the department shall increase the percentage multiplier of the three-year average covered wage by an additional two percent each July 1 until reaching sixty percent of the three-year average covered wage if the annual actuarial valuation of the retirement system indicates for that year that the cost of this increase in the percentage of the three-year average covered wage used in computing retirement benefits can be absorbed within the employer and employee contribution rates in effect under section 97B.11. However, commencing July 1, 1994, if the annual actuarial valuation of the retirement system indicates that the employer and employee contribution rates in effect under section 97B.11 can absorb an increase in the percentage multiplier in excess of two percent, the department shall increase the percentage multiplier for that year beyond two percent to the extent which the increase

can be absorbed by the contribution rates in effect, not to exceed a maximum percentage multiplier of sixty percent. The increase in the percentage multiplier for a year applies only to the members retiring on or after July 1 of the respective year.

If the annual actuarial valuation of the retirement system in any year indicates that the full cost of the increase provided under this paragraph cannot be absorbed within the employer and employee contribution rates in effect under section 97B.11, the department shall reduce the increase to a level which the department determines can be so absorbed.

Notwithstanding any other provision of this chapter providing for the payment of the benefits provided in subsection 16, the department shall establish the percentage multiplier which applies to members covered under subsection 16 at the same level as is established under this subsection for other members of the system.

By November 15, 1995, the department shall set aside from other moneys in the retirement fund three million eight hundred sixty thousand dollars. The moneys set aside shall be from the funds generated by the employer and employee contributions in effect under section 97B.11 that exceed the amount necessary to fund the system's existing liabilities, as determined in the annual actuarial valuation of the system as of June 30, 1995. If the annual actuarial valuation indicates that the amount of the employer and employee contributions in excess of the amount necessary to fund existing liabilities is less than three million eight hundred sixty thousand dollars, the department shall set aside all funds that are available. The funds set aside shall not be used in determining the covered wage limitation pursuant to section 97B.41, subsection 20, paragraph "b", subparagraph (11), on January 1, 1996. However, any funds set aside which are not specifically dedicated to a purpose by the Seventy-sixth General Assembly shall be used in determining the covered wage limitation thereafter.

In accordance with sections 97D.1 and 97D.4, it is the intent of the general assembly that once the goal of sixty percent of the three-year average covered wage is attained for a percentage multiplier, the department shall submit to the public retirement systems committee a plan for future benefit enhancements. This plan shall include, but is not limited to, continuation in the increase in the covered wage ceiling until reaching fifty-five thousand dollars for a calendar year, providing for annual adjustments in the annual dividends paid to retired members as provided in section 97B.49, subsection 13, and providing for the indexing of terminated vested members' earned benefits at a rate of three percent per year calculated from the date of termination from covered employment until the date of retirement.

c. For the purposes of this subsection, "*fraction of years of service*" means a number, not to exceed one, equal to the sum of the years of membership service and the number of years of prior service divided by thirty years.

d. If benefits under this subsection commence on an early retirement date, the amount of benefit shall be reduced in accordance with section 97B.50.

6. On January 1, 1976, for each member who retired before January 1, 1976, the amount of regular monthly retirement allowance attributable to membership service and prior service that was payable to the member for December 1975 is increased by ten percent for the first calendar year or portion of a calendar year the member was retired, and by an additional five percent for each calendar year after the first calendar year the member was retired through the calendar year beginning January 1, 1975. The total increase shall not exceed one hundred percent. Effective July 1, 1987, there is appropriated for each fiscal year from the Iowa public employees' retirement fund created in section 97B.7 to the department of personnel from funds not otherwise appropriated an amount sufficient to fund the monthly retirement allowance increases paid under this subsection.

The benefit increases granted to members retired under the system on January 1, 1976 shall be granted only on January 1, 1976 and shall not be further increased for any year in which the member was retired after the calendar year beginning January 1, 1975.

7. a. Notwithstanding other provisions of this chapter, a member who is or has been employed as a conservation peace officer under section 456A.13 and who retires on or after July 1, 1986, and before July 1, 1988, and at the time of retirement is at least sixty years of age and has completed at least twenty-five years of membership service as a conservation peace officer, may elect to receive, in lieu of the receipt of any benefits under subsection 5 of this section, a monthly retirement allowance equal to one-twelfth of fifty percent of the member's three-year average covered wage as a conservation peace officer, with benefits payable during the member's lifetime.

b. A conservation peace officer who retires on or after July 1, 1986, and before July 1, 1988, and has not completed twenty-five years of membership service as required under this subsection is eligible to receive a monthly retirement allowance equal to one-twelfth of fifty percent of the member's three-year average covered wage as a conservation peace officer multiplied by a fraction of years of service as a conservation peace officer. For the purpose of this subsection, "*fraction of years of service*" means a number, not to exceed one, equal to the sum of the years of membership service as a conservation peace officer, divided by twenty-five years. On or after July 1, 1986, if the conservation peace officer has not reached sixty years of age at retirement, the monthly retirement allowance shall be reduced by five-tenths of one percent per month for each month that the conservation peace officer's retirement precedes the date on which the conservation peace officer attains sixty years of age.

The annual contribution necessary to pay for the additional benefits provided in this paragraph, shall be paid by the employer and employee in the same

proportion that employer and employee contributions are made under section 97B.11.

c. There is appropriated from the state fish and game protection fund to the department of personnel an actuarially determined amount determined by the Iowa public employees' retirement system sufficient to pay for the additional benefits to conservation peace officers provided by this section, as a percentage, in paragraph "a" and for the employer portion of the benefits provided in paragraph "b". The amount is in addition to the contribution paid by the employer under section 97B.11. The cost of the benefits relating to conservation peace officers within the fish and game division of the department of natural resources shall be paid from the state fish and game protection fund and the cost of the benefits relating to the other conservation peace officers of the department shall be paid from the general fund.

8. a. Notwithstanding other provisions of this chapter, a member who is or has been employed as a peace officer and who retires on or after July 1, 1986, and before July 1, 1988, and at the time of retirement is at least sixty years of age and has completed at least twenty-five years of membership service as a peace officer, may elect to receive, in lieu of the benefits under subsection 5 of this section, a monthly retirement allowance equal to one-twelfth of fifty percent of the member's three-year average covered wage as a peace officer, with benefits payable during the member's lifetime.

A peace officer who retires on or after July 1, 1986, and before July 1, 1988, and has not completed twenty-five years of membership service as required under this subsection is eligible to receive a monthly retirement allowance equal to one-twelfth of fifty percent of the member's three-year average covered wage as a peace officer multiplied by the fraction of years of service as a peace officer. For the purpose of this subsection, "*fraction of years of service*" means a number, not to exceed one, equal to the sum of the years of membership service as a peace officer, divided by twenty-five years. On or after July 1, 1984, if the peace officer has not reached sixty years of age at retirement, the monthly retirement allowance shall be reduced by five-tenths of one percent per month for each month that the peace officer's retirement precedes the date on which the peace officer attains sixty years of age.

For the purpose of this subsection membership service as a peace officer means service under this system as any or all of the following:

- (1) As a county sheriff as defined in section 39.17.
- (2) As a deputy sheriff appointed pursuant to section 341.1, Code 1981, or section 331.903.
- (3) As a marshal or police officer in a city not covered under chapter 400.

b. Each county and applicable city and employee eligible for benefits under this section shall annually contribute an amount determined by the department of personnel, as a percentage of covered wages, to be necessary to pay for the additional benefits provided by this section. The annual contribution in excess of

the employer and employee contributions required by this chapter shall be paid by the employer and the employee in the same proportion that employer and employee contributions are made under section 97B.11. The additional percentage of covered wages shall be calculated separately by the department for service under paragraph "a", subparagraphs (1) and (2), and for service under paragraph "a", subparagraph (3), and each shall be an actuarially determined amount for that type of service which, if contributed throughout the entire period of active service, would be sufficient to provide the pension benefit provided in this section.

9. Effective July 1, 1978, for each member who retired from the system prior to January 1, 1976, the amount of regular monthly retirement allowance attributable to membership service and prior service that was payable to the member for June 1978 is increased as follows:

- a. For the first ten years of service, fifty cents per month for each complete year of service.
- b. For the eleventh through the twentieth years of service, two dollars per month for each complete year of service.
- c. For the twenty-first through the thirtieth years of service, three dollars per month for each complete year of service.

Effective July 1, 1979, the increases granted to members under this subsection shall be paid to contingent annuitants and to beneficiaries.

10. Notwithstanding sections of this chapter relating to eligibility for and determination of retirement benefits, a vested member who is or has been employed as a correctional officer by the Iowa department of corrections and who retires on or after July 1, 1986, and before July 1, 1988, and at the time of retirement is at least sixty years of age and has completed at least thirty years of membership service as a correctional officer, may elect to receive, in lieu of the receipt of benefits under subsection 5 of this section, a monthly retirement allowance equal to one-twelfth of fifty percent of the member's three-year average covered wage as a correctional officer, with benefits payable during the member's lifetime.

The Iowa department of corrections and the department of personnel shall jointly determine the applicable merit system job classifications of correctional officers.

The Iowa department of corrections shall pay to the department of personnel, from funds appropriated to the Iowa department of corrections, an actuarially determined amount sufficient to pay for the additional benefits provided in this subsection. The amount is in addition to the employer contributions required in section 97B.11.

11. Effective July 1, 1980, for each member who retired from the system prior to January 1, 1976, and for each member who retired from the system on or after January 1, 1976 under subsection 1 of this section, the amount of regular monthly retirement allowance attributable to membership service and prior service that was payable to the member for June 1980 is increased as follows:

a. For the first ten years of service, fifty cents per month for each complete year of service.

b. For the eleventh through the twentieth years of service, one dollar per month for each complete year of service.

c. For the twenty-first through the thirtieth years of service, one dollar and fifty cents per month for each complete year of service.

d. The amount of monthly increase payable to a member under this subsection is also payable to a beneficiary and a contingent annuitant and shall be reduced by an amount based upon the actuarial equivalent of the option selected in section 97B.51 or section 97B.52 compared to the full monthly benefit provided in this section.

However, effective July 1, 1980 the monthly retirement allowance attributable to membership service and prior service of a member, contingent annuitant and beneficiary shall not be less than five dollars times the number of complete years of service of the member, not to exceed thirty, reduced by an amount based upon the actuarial equivalent of the option selected in section 97B.51 or section 97B.52, compared to the full monthly retirement benefit provided in this section.

12. Effective beginning July 1, 1982, for each member who retired from the system prior to January 1, 1976, and for each member who retired from the system on or after January 1, 1976 under subsection 1 of this section, the amount of regular monthly retirement allowance attributable to membership service and prior service that was payable to the member for June 1982 is increased as follows:

a. For the first ten years of service, fifty cents per month for each complete year of service.

b. For the eleventh through the twentieth years of service, one dollar per month for each complete year of service.

c. For the twenty-first through the thirtieth years of service, one dollar and fifty cents per month for each complete year of service.

d. The amount of monthly increase payable to a member under this subsection is also payable to a beneficiary and a contingent annuitant and shall be reduced by an amount based upon the actuarial equivalent of the option selected in section 97B.51 or section 97B.52 compared to the full monthly benefit provided in this section.

13. a. A member who retired from the system between January 1, 1976, and June 30, 1982, or a contingent annuitant or beneficiary of such a member, shall receive with the November 1994 and the November 1995 monthly benefit payments a retirement dividend equal to one hundred eighty-one percent of the monthly benefit payment the member received for the preceding June, or the most recently received benefit payment, whichever is greater. The retirement dividend does not affect the amount of a monthly benefit payment.

b. Each member who retired from the system between July 4, 1953, and December 31, 1975, or a contingent annuitant or beneficiary of such a mem-

ber, shall receive with the November 1994 and the November 1995 monthly benefit payments a retirement dividend equal to two hundred thirty-six percent of the monthly benefit payment the member received for the preceding June, or the most recently received benefit payment, whichever is greater. The retirement dividend does not affect the amount of a monthly benefit payment.

c. Notwithstanding the determination of the amount of a retirement dividend under paragraph "a", "b", "d", or "f", a retirement dividend shall not be less than twenty-five dollars.

d. A member who retired from the system between July 1, 1982, and June 30, 1986, or a contingent annuitant or beneficiary of such a member, shall receive with the November 1994 and the November 1995 monthly benefit payments a retirement dividend equal to forty-nine percent of the monthly benefit payment the member received for the preceding June, or the most recently received benefit payment, whichever is greater. The retirement dividend does not affect the amount of a monthly benefit payment.

e. If the member dies on or after July 1 of the dividend year but before the payment date, the full amount of the retirement dividend for that year shall be paid to the designated beneficiary. If there is no beneficiary designated by the member, the department shall pay the dividend to the member's estate. The beneficiary, or the representative of the member's estate, must apply for the dividend within two years after the dividend is payable or the dividend is forfeited.

f. A member who retired from the system between July 1, 1986, and June 30, 1990, or a contingent annuitant or beneficiary of such a member, shall receive with the November 1996 and the November 1997 monthly benefit payments a retirement dividend in an amount determined by the general assembly. The retirement dividend does not affect the amount of a monthly benefit payment.

14. Notwithstanding other provisions of this chapter, a member who is or has been employed by the office of disaster services as an airport fire fighter who retires on or after July 1, 1986, and before July 1, 1988, and at the time of retirement is at least sixty years of age and has completed at least twenty-five years of membership service as an airport fire fighter, may elect to receive, in lieu of the receipt of any benefits under subsection 5 of this section, a monthly retirement allowance equal to one-twelfth of fifty percent of the member's three-year average covered wage as an airport fire fighter, with benefits payable during the member's lifetime.

An airport fire fighter who retires on or after July 1, 1986, and before July 1, 1988, and has not completed twenty-five years of membership service as required under this subsection is eligible to receive a monthly retirement allowance equal to one-twelfth of fifty percent of the member's three-year average covered wage as an airport fire fighter multiplied by a fraction of years of service as an airport fire fighter. For the purpose of this subsection, "*fraction of years of ser-*

The employer and each employee eligible for benefits under this subsection shall annually contribute an actuarially determined amount specified by the department, as a percentage of covered wages, that is necessary to pay for the additional benefits provided by this subsection. The annual contribution in excess of the employer and employee contributions required in section 97B.11 shall be paid by the employer and the employee in the same proportion that the employer and employee contributions are made under section 97B.11.

There is appropriated from the general fund of the state to the department from funds not otherwise appropriated an amount sufficient to pay the employer share of the cost of the additional benefits provided in this subsection.

15. In lieu of the monthly benefit computed under subsections 1 and 3 as applicable, or subsection 5:

a. For each active or inactive vested member retiring on or after July 1, 1988, and before July 1, 1990, who is at least fifty-five years of age and has completed at least thirty years of membership service and prior service, and for which the sum of the number of years of membership service and prior service and the member's age in years as of the member's last birthday equals or exceeds ninety-two, a monthly benefit shall be computed which is equal to one-twelfth of fifty percent of the three-year average covered wage of the member.

b. For each active or inactive vested member retiring on or after July 1, 1990, who is at least fifty-five years of age and for which the sum of the number of years of membership service and prior service and the member's age in years as of the member's last birthday equals or exceeds ninety-two, a monthly benefit shall be computed which is equal to one-twelfth of the same percentage of the three-year average covered wage of the member as is provided in subsection 5.

(b) The years of membership service required under this subparagraph shall include membership service as an airport fire fighter, regardless of whether the service occurred prior to the inclusion of airport fire fighters under this paragraph, and the inclusion of that service shall not affect the contribution rates paid by the member or the employer under this subsection.

97B.51 Optional allowance.

Each member has the right prior to the member's retirement date to elect to have the member's retirement allowance payable under one of the options set forth in this section in lieu of the retirement allowance otherwise payable to the member upon retirement under the retirement system. The amount of the optional retirement allowance shall be the actuarial equivalent of the amount of the retirement allowance otherwise payable to the member. The member shall make an election by written request to the department and the election is subject to the approval of the department. If the member is married, election of an option under this section requires the written acknowledgement of the member's spouse.

1. A member may elect to receive a decreased retirement allowance during the member's lifetime

and have the decreased retirement allowance (or a designated fraction thereof) continued after the member's death to another person, called a contingent annuitant, during the lifetime of the contingent annuitant. The member cannot change the contingent annuitant after the member's retirement. In case of the election of a contingent annuitant, no death benefits, as might otherwise be provided by this chapter, will be payable upon the death of either the member or the contingent annuitant after the member's retirement.

2. The election by a member of the option stated under subsection 1 of this section shall be null and void if the member dies prior to the member's first month of entitlement.

3. A member who had elected to take the option stated in subsection 1 of this section may, at any time prior to retirement, revoke such an election by written notice to the department.

4. A member may elect to receive an increased retirement allowance during the member's lifetime with no death benefit after the member's retirement date.

5. At retirement, a member may designate that upon the member's death, a specified amount of money shall be paid to a named beneficiary, and the member's monthly retirement allowance shall be reduced by an actuarially determined amount to provide for the lump sum payment. The amount designated by the member must be in thousand dollar increments, and the amount designated shall not lower the monthly retirement allowance of the member by more than one-half the amount payable under section 97B.49, subsection 1 or 5. A member may designate a different beneficiary if the original named beneficiary predeceases the member.

6. A member may elect to receive a decreased retirement allowance during the member's lifetime with provision that in event of the member's death during the first one hundred twenty months of retirement, monthly payments of the member's decreased retirement allowance shall be made to the member's beneficiary until a combined total of one hundred twenty monthly payments have been made to the member and the member's beneficiary. A member may designate a different beneficiary if the original named beneficiary predeceases the member.

97B.52 Payment to beneficiary.

1. If a member dies prior to the member's first month of entitlement, the accumulated contributions of the member at the date of death plus the product of an amount equal to the highest year of covered wages of the deceased member and the number of years of membership service divided by thirty shall be paid to the member's beneficiary in a lump sum payment. However, a lump sum payment made to a beneficiary under this subsection due to the death of a member shall not be less than the amount that

would have been payable on the death of the member on June 30, 1984, under this subsection as it appeared in the 1983 Code.

Effective July 1, 1978, a method of payment under this subsection filed with the department by a member does not apply.

2. If a member dies on or after the first day of the member's first month of entitlement, the excess, if any, of the accumulated contributions by the member as of said date, over the total monthly retirement allowances received by the member under the retirement system will be paid to the member's beneficiary unless the retirement allowance is then being paid in accordance with section 97B.48A or with section 97B.51, subsection 1, 4, 5, or 6.

3. *a.* Other than as provided in subsections 1 and 2 of this section, or section 97B.51, all rights to any benefits under the retirement system shall cease upon the death of a member.

b. If a death benefit is due and payable, interest shall continue to accumulate through the month preceding the month in which payment is made to the designated beneficiary, heirs at law, or the estate unless the payment of the death benefit is delayed because of a dispute between alleged heirs, in which case the benefit due and payable shall be placed in a noninterest bearing escrow account until the beneficiary is determined in accordance with this section. In order to receive the death benefit, the beneficiary, heirs at law, or the estate, or any other third-party payee, must apply to the department within two years of the member's death.

4. If the department cannot locate the beneficiary within eighteen months following the member's death and receipt of verification that a certified letter with return receipt requested, addressee only, has been mailed to the beneficiary, the department shall pay to the estate of the deceased member the amount otherwise designated to be received by the beneficiary. If a beneficiary is known to exist but cannot be notified, the department shall not pay the death benefits to the estate.

5. Following written notification to the department, a beneficiary of a deceased member may waive current and future rights to payments to which the beneficiary would otherwise be entitled under sections 97B.51 and this section. Upon receipt of the waiver, the department shall pay to the estate of the deceased member the amount designated to be received by the beneficiary.

6. If a member has not filed a designation of beneficiary with the department, the death benefit is payable to the member's estate. If no designation has been filed and an estate is not probated, the death benefit shall be paid to the surviving spouse, if any. If no designation has been filed, no estate has been probated, and there is no surviving spouse, the death benefit shall be paid to the heirs. Otherwise, the death benefit shall remain in the fund.

97B.52A Eligibility for benefits — bona fide retirement.

1. Effective January 1, 1995, a member has a bona fide retirement when the member terminates all employment covered under the chapter or formerly covered under the chapter pursuant to section 97B.42, files a completed application for benefits form with the department, survives into the month for which benefits are first payable, and does not return to employment as defined in this chapter until the member has qualified for no fewer than four calendar months of retirement benefits.

2. A member may commence receiving retirement benefits under this chapter upon satisfying eligibility requirements. However, a retired member who commences receiving a retirement allowance but returns to employment before qualifying for no fewer than four calendar months of retirement benefits does not have a bona fide retirement and any retirement allowance received by such a member must be returned to the system together with interest earned on the retirement allowance calculated at a rate determined by the department. Until the member has repaid the retirement allowance and interest, the department may withhold any future retirement allowance for which the member may qualify.

97B.53 Termination of employment — refund options.

Membership in the retirement system, and all rights to the benefits under the system, will cease upon a member's termination of employment with the employer prior to the member's retirement, other than by death, and upon receipt by the member of the member's accumulated contributions.

1. Upon the termination of employment with the employer prior to retirement other than by death of a member, the accumulated contributions by the member at the date of the termination may be paid to the member upon application, except as provided in subsections 2, 5, and 6.

2. If a vested member's employment is terminated prior to the member's retirement, other than by death, the member may receive a monthly retirement allowance commencing on the first day of the month in which the member attains the age of sixty-five years, if the member is then alive, or, if the member so elects in accordance with section 97B.47, commencing on the first day of the month in which the member attains the age of fifty-five or any month thereafter prior to the date the member attains the age of sixty-five years, and continuing on the first day of each month thereafter during the member's lifetime, provided the member does not receive prior to the date the member's retirement allowance is to commence a refund of accumulated contributions under any of the provisions of this chapter. The amount of each such monthly retirement allowance shall be determined as provided in either section

97B.49 or in section 97B.50, whichever is applicable.

3. The accumulated contributions of a terminated, vested member shall be credited with interest, including interest dividends, in the manner provided in section 97B.70. Interest and interest dividends shall be credited to the accumulated contributions of members who terminate service and subsequently become vested in accordance with section 97B.70. However, the department shall not implement the amendments to this subsection or to subsection 6, unnumbered paragraph 1, or to subsection 7, as enacted in 1994 Iowa Acts, chapter 1183, unless and until the department determines that the most recent annual actuarial valuation of the retirement system indicates that the employer and employee contribution rates in effect under section 97B.11 can absorb the amendments to these provisions of this section and the amendments to section 97B.41, subsection 12, and section 97B.70, by enacting a new subsection 4, contained in 1994 Iowa Acts, chapter 1183, after meeting the other established priorities of the system, as defined in section 97B.41, subsection 12. Until the amendments are implemented, the department shall continue to implement the provisions of section 97B.53, subsections 3 and 7, and section 97B.53, subsection 6, unnumbered paragraph 1, 1993 Code of Iowa.

4. A terminated, vested member has the right, prior to the commencement of the member's retirement allowance, to receive a refund of the member's accumulated contributions, and in the event of the death of the member prior to the commencement of the member's retirement allowance and prior to the receipt of any such refund the benefits of subsection 1 of section 97B.52 shall be paid.

5. A member has not terminated employment if the member accepts other covered employment within thirty days.

5A. Within sixty days after a member has been issued payment for a refund of the member's accumulated contributions, the member may repay the accumulated contributions plus interest that would have accrued, as determined by the department, and receive credit for membership service for the period covered by the refund payment.

5B. A member who does not withdraw the member's accumulated contributions upon termination of employment may at any time request the return of the member's accumulated contributions, but if the member receives a return of contributions the member has waived all claims for any other benefits and membership rights from the fund.

6. A member who terminates employment before the member is vested and who does not claim and receive a refund of the member's accumulated contributions within ten years of the date of termination shall, if the member makes claim for a refund more than ten years after the date of termination, be required to submit proof satisfactory to the department of the member's entitlement to the refund. Interest and interest dividends on the accumulated

contributions shall only be credited if provided in accordance with section 97B.70. The department is under no obligation to maintain the accumulated contribution accounts of such former members for more than ten years after their dates of termination.

A person who made contributions to the abolished system, who is entitled to a refund in accordance with the provisions of this chapter, and who has not claimed and received such a refund prior to January 1, 1964, shall, if the person makes a claim for refund after January 1, 1964, be required to submit proof satisfactory to the department of the person's entitlement to the refund. The department is under no obligation to maintain the contribution accounts of such persons after January 1, 1964.

7. Any member whose employment is terminated may elect to leave the member's accumulated contributions in the retirement fund.

8. If an employee hired to fill a permanent position terminates the employee's employment within six months from the date of employment, the employer may file a claim with the department for a refund of the funds contributed to the department by the employer for the employee.

97B.66 Former members.

A vested or retired member who was a member of the teachers insurance and annuity association-college retirement equity fund at any time between July 1, 1967 and June 30, 1971 and who became a member of the system on July 1, 1971, upon submitting verification of service and wages earned during the applicable period of service under the teachers insurance and annuity association-college retirement equity fund, may make employer and employee contributions to the system based upon the covered wages of the member and the covered wages and the contribution rates in effect for all or a portion of that period of service and receive credit for membership service under this system equivalent to the applicable period of membership service in the teachers insurance and annuity association-college retirement equity fund for which the contributions have been made. In addition, a member making employer and employee contributions because of membership in the teachers insurance and annuity association-college retirement equity fund under this section who was a member of the system on June 30, 1967 and withdrew the member's accumulated contributions because of membership on July 1, 1967 in the teachers insurance and annuity association-college retirement equity fund, may make employee contributions to the system for all or a portion of the period of service under the system prior to July 1, 1967. A member making contributions pursuant to this section may make the contributions either for the entire applicable period of service, or, effective upon the

date that the department determines that the amendments to this paragraph and unnumbered paragraph 2 contained in 1994 Iowa Acts, chapter 1183, shall be implemented, for portions of the period of service, and if contributions are made for portions of the period of service, the contributions shall be in increments of one or more years, as long as the increments represent full years and not a portion of a year. However, the department shall not implement the amendments to this paragraph or unnumbered paragraph 2, as enacted in 1994 Iowa Acts, chapter 1183, unless and until the department determines that the most recent annual actuarial valuation of the retirement system indicates that the employer and employee contribution rates in effect under section 97B.11 can absorb the amendments to this paragraph and unnumbered paragraph 2 and to section 97B.72, unnumbered paragraphs 1 and 2, section 97B.72A, subsection 1, unnumbered paragraph 1, section 97B.73A, unnumbered paragraph 1, and section 97B.74, unnumbered paragraphs 1 and 2, contained in 1994 Iowa Acts, chapter 1183, after meeting the other established priority of the system. Until the amendments are implemented, the department shall continue to implement the provisions of section 97B.66, unnumbered paragraphs 1 and 2, Code Supplement 1993. As used in this section, unless the context otherwise requires, "other established priority of the system" means that commencing January 1 following the most recent annual actuarial valuation of the system, the department has increased the covered wage limitation from the previous year by three thousand dollars, in accordance with section 97B.41, subsection 20, paragraph "b", subparagraph (11).

The contributions paid by the vested or retired member shall be equal to the accumulated contributions as defined in section 97B.41, subsection 2, by the member for the applicable period of service, and the employer contribution for the applicable period of service under the teachers insurance and annuity association-college retirement equity fund, that would have been or had been contributed by the vested or retired member and the employer, if applicable, plus interest on the contributions that would have accrued for the applicable period from the date the previous applicable period of service commenced under this system or from the date the service of the member in the teachers insurance and annuity association-college retirement equity fund commenced to the date of payment of the contributions by the member equal to two percent plus the interest dividend rate applicable for each year.

However, effective January 1, 1994, the department shall ensure that the member, in exercising an option provided in this section, does not exceed the amount of annual additions to a member's account permitted pursuant to section 415 of the federal Internal Revenue Code.

97B.70 Interest and dividends to members.

Interest at two percent per annum and interest dividends declared by the department shall be credited to the member's contributions and the employer's contributions to become part of the accumulated contributions thereby.

1. The average rate of interest earned shall be determined upon the following basis:

a. Investment income shall include interest and cash dividends on stock.

b. Investment income shall be accounted for on an accrual basis.

c. Capital gains and losses, realized or unrealized, shall not be included in investment income.

d. Mean assets shall include fixed income investments valued at cost or on an amortized basis, and common stocks at market values or cost, whichever is lower.

e. The average rate of earned interest shall be the quotient of the investment income and the mean assets of the retirement fund.

2. The interest dividend shall be determined within sixty days after the end of each calendar year as follows:

The dividend rate for a calendar year shall be the excess of the average rate of interest earned for the year over the statutory two percent rate plus twenty-five hundredths of one percent. The average rate of interest earned and the interest dividend rate in percent shall be calculated to the nearest one hundredth, that is, to two decimal places.

3. Interest and interest dividends shall be credited to the contributions of active members and inactive vested members until the first of the month coinciding with or next following the member's retirement date.

4. Effective upon the date that the department determines that this subsection shall be implemented, interest and interest dividends shall be credited to the contributions of a person who leaves the contributions in the retirement fund upon termination from covered employment prior to achieving vested status, but who subsequently achieves vested status. The interest and interest dividends shall be credited to the contributions commencing either upon the date that the department determines that this subsection shall be implemented, or the date on which the person becomes a vested member, whichever is later. Interest and interest dividends shall cease upon the first of the month coinciding with or next following the person's retirement date. If the department no longer maintains the accumulated contribution account of the person pursuant to section 97B.53, but the person submits satisfactory proof to the department that the person did make the contributions, the department shall credit interest and interest dividends in the manner provided in this subsection. 97B.72 Members of general assembly — appropriation.

Persons who are members of the Seventy-first General Assembly or a succeeding general assembly who submit proof to the department of membership in the general assembly during any period beginning July 4, 1953, may make contributions to the system for all or a portion of the period of service in the general assembly, and receive credit for the applicable period for which contributions are made. The contributions made by the member shall be equal to the accumulated contributions as defined in section 97B.41, subsection 2, which would have been made if the member of the general assembly had been a member of the system during the applicable period. The proof of membership in the general assembly and payment of accumulated contributions shall be transmitted to the department. A member making contributions pursuant to this section may make the contributions either for the entire applicable period of service, or, effective upon the date that the department determines that the amendments to this paragraph and unnumbered paragraph 2 contained in 1994 Iowa Acts, chapter 1183, shall be implemented, for portions of the period of service, and if contributions are made for portions of the period of service, the contributions shall be in increments of one or more years, as long as the increments represent full years and not a portion of a year. However, the department shall not implement the amendments to this paragraph or unnumbered paragraph 2, as enacted in 1994 Iowa Acts, chapter 1183, unless and until the department determines that the most recent annual actuarial valuation of the retirement system indicates that the employer and employee contribution rates in effect under section 97B.11 can absorb the amendments to this paragraph and unnumbered paragraph 2 and to section 97B.66, unnumbered paragraphs 1 and 2, section 97B.72A, subsection 1, unnumbered paragraph 1, section 97B.73A, unnumbered paragraph 1, and section 97B.74, unnumbered paragraphs 1 and 2, contained in 1994 Iowa Acts, chapter 1183, after meeting the other established priority of the system, as defined in section 97B.66. Until the amendments are implemented, the department shall continue to implement the provisions of section 97B.72, unnumbered paragraphs 1 and 2, Code Supplement 1993.

There is appropriated from moneys available to the general assembly under section 2.12 an amount suf-

ficient to pay the contributions of the employer based on the period of service for which the members have paid accumulated contributions in an amount equal to the contributions which would have been made if the members of the general assembly who made employee contributions had been members of the system during the applicable period of service in the general assembly plus two percent interest plus interest dividends for all completed calendar years and for any completed calendar year for which the interest dividend has not been declared and for completed months of partially completed calendar years at two percent interest plus the interest dividend rate calculated for the previous year, compounded annually, from the end of the calendar year in which contribution was made to the first day of the month of such date.

However, effective January 1, 1994, the department shall ensure that the member, in exercising an option provided in this section, does not exceed the amount of annual additions to a member's account permitted pursuant to section 415 of the federal Internal Revenue Code.

1. An active or vested member of the system who was a member of the general assembly prior to July 1, 1988, may make contributions to the system for all or a portion of the period of service in the general assembly. The contributions made by the member shall be equal to the accumulated contributions as defined in section 97B.41, subsection 2, which would have been made if the member of the general assembly had been a member of the system during the applicable period of service in the general assembly. A member making contributions pursuant to this section may make the contributions either for the entire applicable period of service, or for portions of the period of service, and, effective upon the date that the department determines that the amendments to this paragraph contained in 1994 Iowa Acts, chapter 1183, shall be implemented, if contributions are made for portions of the period of service, the contributions shall be in increments of one or more years, as long as the increments represent full years and not a portion of a year. The member of the system shall submit proof to the department of membership in the general assembly. The department shall credit the member with the period of membership service for which contributions are made. However, the department shall not implement the amendments to this paragraph, as enacted in 1994 Iowa Acts, chapter 1183, unless and until the department determines that the most recent annual actuarial valuation of the retirement system indicates that the employer and employee contribution rates in effect under section 97B.11 can absorb the amendments to this paragraph and to section 97B.66, unnumbered paragraphs 1 and 2,

section 97B.72, unnumbered paragraphs 1 and 2, section 97B.73A, unnumbered paragraph 1, and section 97B.74, unnumbered paragraphs 1 and 2, contained in 1994 Iowa Acts, chapter 1183, after meeting the other established priority of the system, as defined in section 97B.66. Until the amendments are implemented, the department shall continue to implement the provisions of section 97B.72A, subsection 1, unnumbered paragraph 1, Code Supplement 1993.

There is appropriated from the general fund of the state to the department an amount sufficient to pay the contributions of the employer based on the period of service of members of the general assembly for which the member paid accumulated contributions under this section. The amount appropriated is equal to the employer contributions which would have been made if the members of the system who made employee contributions had been members of the system during the period for which they made employee contributions plus two percent interest plus the interest dividend rate applicable for each year compounded annually.

2. Effective January 1, 1994, however, the department shall ensure that the member, in exercising an option provided in this section, does not exceed the amount of annual additions to a member's account permitted pursuant to section 415 of the federal Internal Revenue Code.

A part-time county attorney may elect in writing to the department to make employee contributions to the system for the county attorney's previous service as a county attorney and receive credit for membership service in the system for the applicable period of service as a part-time county attorney for which employee contributions are made. The contributions paid by the member shall be equal to the accumulated contributions, as defined in section 97B.41, subsection 2, for the applicable period of membership service. A member making contributions pursuant to this section may make the contributions either for the entire applicable period of service, or, effective upon the date that the department determines that the amendments to this paragraph contained in 1994 Iowa Acts, chapter 1183, shall be implemented, for portions of the period of service, and if contributions are made for portions of the period of service, the contributions shall be in increments of one or more years, as long as the increments represent full years and not a portion of a year. A member who elects to make contributions under this section shall notify the county board of supervisors of the member's election, and the county board of supervisors shall pay to the department the employer contributions that would have been contributed by the employer under section 97B.11 plus interest on the contributions that would have accrued if the county attorney

had been a member of the system for the applicable period of service. However, the department shall not implement the amendments to this paragraph, as enacted in 1994 Iowa Acts, chapter 1183, unless and until the department determines that the most recent annual actuarial valuation of the retirement system indicates that the employer and employee contribution rates in effect under section 97B.11 can absorb the amendments to this paragraph and to section 97B.66, unnumbered paragraphs 1 and 2, section 97B.72, unnumbered paragraphs 1 and 2, section 97B.72A, subsection 1, unnumbered paragraph 1, and section 97B.74, unnumbered paragraphs 1 and 2, contained in 1994 Iowa Acts, chapter 1183, after meeting the other established priority of the system, as defined in section 97B.66. The contributions repaid by the member for such service shall be equal to the accumulated contributions, as defined in section 97B.41, subsection 2, received by the member for the applicable period of membership service plus interest on the accumulated contributions for the applicable period from the date of receipt by the member to the date of repayment equal to two percent plus the interest dividend rate applicable for each year compounded annually.

An active member must have at least one quarter's reportable wages on file and have membership service, including that period of membership service for which a refund of contributions was made, sufficient

b. Provide for the registration of Iowa-foaled horses and that a horse shall not compete in a race limited to Iowa-foaled horses unless the horse is registered with the department of agriculture and land stewardship. The department may prescribe such forms as necessary to determine the eligibility of a horse.

c. The secretary of agriculture shall appoint investigators to determine the eligibility for registration of Iowa-foaled horses.

d. Adopt a schedule of fees to be charged to breeders of thoroughbreds, quarter horses, or standardbreds to administer this subsection.

1. The board and the commissioner shall supervise the lottery in order to produce the maximum amount of net revenues for the state in a manner which maintains the dignity of the state and the general welfare of the people.

2. However, rules governing the particular features of specific games within a class of games are not subject to chapter 17A. Such rules may include, but are not limited to, setting the name and prize structure of the game and shall be made available to the public prior to the time the games go on sale and shall be kept on file at the office of the commissioner. The board shall authorize instant lottery and on-line lotto games and may authorize the use of any type of lottery game that on May 3, 1985, has been conducted by a state lottery of another state in the United States, or any game that the board determines will achieve the revenue objectives of the lottery and is consistent with subsection 1. However, the board shall not authorize a game using an electronic computer terminal or other device if, upon winning a game, the terminal or device immediately dispenses coins or currency or a ticket, credit or token which is redeemable for cash or a prize. In a game utilizing instant tickets other than pull-tab tickets, each ticket in the game shall bear a unique consecutive serial number distinguishing it from every other ticket in the game, and each lottery number or symbol shall be accompanied by a confirming caption consisting of a repetition of a symbol or a description of the symbol in words. d. The number and size of the prizes on the winning tickets or shares, including but not limited to prizes of free tickets or shares in lottery games conducted by the lottery and merchandise prizes. The lottery division shall maintain and make available for public inspection at its offices during regular

business hours a detailed listing of the estimated number of prizes of each particular denomination that are expected to be awarded in any game that is on sale or the estimated odds of winning the prizes and, after the end of the claim period, shall maintain and make available a listing of the total number of tickets or shares sold in a game and the number of prizes of each denomination which were awarded.

e. The method of selecting the winning tickets or shares and the manner of payment of prizes to the holders of winning tickets or shares. The rules may provide for payment by the purchase of annuities in the case of prizes payable in installments. Lottery employees shall examine claims and shall not pay any prize for altered, stolen, or counterfeit tickets or shares nor tickets or shares which fail to meet validation rules established for a lottery game. A prize shall not be paid more than once. If the commissioner determines that more than one person is entitled to a prize, the sole remedy of the claimants is to receive an equal share in the single prize. The rules may provide for payment of prizes directly by the licensee.

f. The methods of validation of the authenticity of winning tickets or shares.

g. The frequency of selection of winning tickets or shares. Drawings shall be held in public. Drawings shall be witnessed by an independent certified public accountant. Equipment used to select winning tickets or shares or participants for prizes shall be examined by lottery division employees and an independent certified public accountant prior to and after each public drawing.

h. Requirements for eligibility for participation in runoff drawings, including but not limited to requirements for submission of evidence of eligibility.

i. The locations at which tickets or shares may be sold. The board may authorize the sale of tickets or shares on the premises of establishments which sell or serve alcoholic beverages, wine, or beer as defined in section 123.3.

j. The method to be used in printing and selling tickets or shares. An elected official's name shall not be printed on the tickets. The overall estimated odds of winning a prize in a given game shall be printed on each ticket if the games have either preprinted winners or fixed odds. Estimated odds of winning a prize are not required to be printed on tickets in lottery games of a pari-mutuel nature. As used in this paragraph, "*games of a pari-mutuel nature*" means a game in which the amount of the winnings and the odds of winning are determined by the number of participants in the game.

k. The issuing of licenses to sell tickets or shares. In addition to any other rules made regarding the qualifications of an applicant for a license, a person shall not be issued a license unless the person meets the criteria established in section 99E.16, subsection 7.

l. The compensation to be paid licensees including but not limited to provision for variable compensation based on sales volume or incentive considerations.

m. The form and type of marketing, informational, and educational material to be permitted. Marketing material and campaigns shall include the concept of investing in Iowa's economic development and show the economic development initiatives funded from lottery revenue.

n. Subject to section 99E.10, the apportionment of the annual revenues accruing from the sale of lottery tickets or shares and from other sources for the payment of prizes to the holders of winning tickets or shares and for the following:

(1) The payment of costs incurred in the operation and administration of the lottery and the lottery division, including the expenses of the lottery and the cost resulting from contracts entered into for consulting or operational services, or for marketing.

(2) Actual and necessary expenses of all audits performed pursuant to section 99E.20, subsection 3.

(3) Incentive programs for lottery licensees and lottery employees.

(4) Payment of compensation to licensees necessary to provide for the adequate availability of tickets, shares, or services to prospective buyers and for the convenience of the public.

(5) The purchase or lease of lottery equipment, tickets, and materials.

o. Requirement that a licensee either print or stamp the licensee's name and address on the back of each instant ticket, except pull-tab tickets.

4. The board and the commissioner may enter into written agreements or compacts with another state or states or one or more political subdivisions of another state or states for the operation, marketing, and promotion of a joint lottery or joint lottery games.

5. The board may authorize the commissioner to enter into written agreements with business entities for special lottery promotions in which, incident to the special lottery games, additional prizes, including annuities, may be purchased by the business entity and transferred to the lottery division for payment to qualifying holders of lottery tickets or shares.

6. If reasonably practical when the lottery division awards a contract under subsection 2, for the lease or purchase of a machine to be used in the conducting of a lottery game including, but not limited to, a machine used in lotto, the lottery division shall give preference to awarding the contract to a responsible vendor who manufactures the machines in the state, provided the costs and benefits to the lottery division are equal to those available from competing vendors.

If reasonably practical when the lottery division awards a contract under subsection 2, for the servicing of a machine to be used in the conducting of a lottery game including, but not limited to, a machine used in lotto, the lottery division shall give preference to a responsible vendor whose principal place of business is in Iowa, provided the costs and benefits to the lottery division are equal to those available from competing vendors.

7. In making decisions relating to the marketing or advertising of the Iowa lottery and the various

games offered, the board shall give consideration to marketing or advertising through Iowa-based advertising agencies and media outlets.

8. The Iowa lottery board shall cooperate with the gamblers assistance program administered by the department of human services to incorporate infor-

99F.6 Requirements of applicant — fee — penalty.

1. A person shall not be issued a license to conduct gambling games on an excursion gambling boat or a license to operate an excursion gambling boat under this chapter, an occupational license, a distributor license, or a manufacturer license unless the person has completed and signed an application on the form prescribed and published by the commission. The application shall include the full name, residence, date of birth and other personal identifying information of the applicant that the commission deems necessary. The application shall also indicate whether the applicant has any of the following:

- A record of conviction of a felony.
- An addiction to alcohol or a controlled substance.
- A history of mental illness.

2. An applicant shall submit pictures, fingerprints, and descriptions of physical characteristics to the commission in the manner prescribed on the application forms.

3. The commission shall charge the applicant a fee set by the department of public safety, division of criminal investigation and bureau of identification, to defray the costs associated with the search and classification of fingerprints required in subsection 2 and background investigations conducted by agents of the division of criminal investigation. This fee is in addition to any other license fee charged by the commission.

4. *a.* Before a license is granted, the division of criminal investigation of the department of public safety shall conduct a thorough background investigation of the applicant for a license to operate a gambling game operation on an excursion gambling boat. The applicant shall provide information on a form as required by the division of criminal investigation. A qualified sponsoring organization licensed to operate gambling games under this chapter shall distribute the receipts of all gambling games, less reasonable expenses, charges, taxes, fees, and deductions allowed under this chapter, as winnings to players or participants or shall distribute the receipts for educational, civic, public, charitable, patriotic, or religious uses as defined in section 99B.7, subsection 3, paragraph "b". However, if a licensee who is also licensed to conduct pari-mutuel wagering at a horse racetrack has unpaid debt from the pari-mutuel racetrack operations, the first receipts of the gambling games operated within the racetrack enclosure less reasonable operating expenses, taxes, and fees allowed under this chapter shall be first used to pay the annual indebtedness. The commission shall authorize, subject to the debt payments for horse racetracks and the provisions of paragraph "b" for dog racetracks, a licensee who is also licensed to conduct pari-mutuel dog or horse racing to use receipts from gambling games within the racetrack enclosure to supplement purses for races particularly for Iowa-bred horses pursuant to an agreement which shall be negotiated between the licensee and representatives of the dog or horse owners. A qualified sponsoring organization shall not make a contribution to a candidate, political committee, candidate's committee, state statutory political committee, county statutory political committee, national political party, or fundraising event as these terms are defined in section 56.2. The membership of the board of directors of a qualified sponsoring organization shall represent a broad interest of the communities.

b. The commission shall authorize the licensees of pari-mutuel dog racetracks located in Dubuque county and Black Hawk county to conduct gambling games as provided in section 99F.4A if the licensees schedule at least one hundred thirty performances of twelve live races each day during a season of twenty-five weeks. For the pari-mutuel dog racetrack located in Pottawattamie county, the commission shall authorize the licensee to conduct gambling games as provided in section 99F.4A if the licensee schedules at least two hundred ninety performances of twelve live races each day during a season of fifty weeks. The commission shall approve an annual contract to be

negotiated between the annual recipient of the dog racing promotion fund and each dog racetrack licensee to specify the percentage or amount of gambling game proceeds which shall be dedicated to supplement the purses of live dog races. The parties shall agree to a negotiation timetable to insure no interruption of business activity. If the parties fail to agree, the commission shall impose a timetable. If the two parties cannot reach agreement, each party shall select a representative and the two representatives shall select a third person to assist in negotiating an agreement. The two representatives may select the commission or one of its members to serve as the third party. Alternately, each party shall submit the name of the proposed third person to the commission who shall then select one of the two persons to serve as the third party. All parties to the negotiations, including the commission, shall consider that the dog racetracks were built to facilitate the development and promotion of Iowa greyhound racing dogs in this state and shall negotiate and decide accordingly.

5. Before a license is granted, an operator of an excursion gambling boat shall work with the department of economic development to promote tourism throughout Iowa. Tourism information from local civic and private persons may be submitted for dissemination.

6. A person who knowingly makes a false statement on the application is guilty of an aggravated misdemeanor.

7. For the purposes of this section, applicant includes each member of the board of directors of a qualified sponsoring organization.

8. *a.* The licensee or a holder of an occupational license shall consent to the search, without a warrant, by agents of the division of criminal investigation of the department of public safety or commission employees designated by the secretary of the commission, of the licensee's or holder's person, personal property, and effects, and premises which are located on the excursion gambling boat or adjacent facilities under control of the licensee, in order to inspect or investigate for violations of this chapter or rules adopted by the commission pursuant to this chapter. The department or commission may also obtain administrative search warrants under section 808.14.

b. However, this subsection shall not be construed to permit a warrantless inspection of living quarters or sleeping rooms on the riverboat if all of the following are true:

(1) The licensee has specifically identified those areas which are to be used as living quarters or sleeping rooms in writing to the commission.

(2) Gaming is not permitted in the living quarters or sleeping rooms, and devices, records, or other items relating to the licensee's gaming operations are not stored, kept, or maintained in the living quarters or sleeping rooms.

(3) Alcoholic beverages are not stored, kept, or maintained in the living quarters or sleeping rooms except those legally possessed by the individual occupying the quarters or room.

c. The commission shall adopt rules to enforce this subsection.

99F.7 Licenses — terms and conditions — revocation.

1. If the commission is satisfied that this chapter and its rules adopted under this chapter applicable to licensees have been or will be complied with, the commission shall issue a license for a period of not more than three years to an applicant to own a gambling game operation and to an applicant to operate an excursion gambling boat. The commission shall decide which of the gambling games authorized under this chapter it will permit. The commission shall decide the number, location, and type of excursion gambling boats licensed under this chapter for operation on the rivers, lakes, and reservoirs of this state. The license shall set forth the name of the licensee, the type of license granted, the place where the excursion gambling boats will operate and dock, and the time and number of days during the excursion season and the off season when gambling may be conducted by the licensee. The commission shall not allow a licensee to conduct gambling games on an excursion gambling boat while docked during the off season if the licensee does not operate gambling excursions for a minimum number of days during the excursion season. The commission may delay the commencement of the excursion season at the request of a licensee.

2. A license shall only be granted to an applicant upon the express conditions that:

a. The applicant shall not, by a lease, contract, understanding, or arrangement of any kind, grant, assign, or turn over to a person the operation of an excursion gambling boat licensed under this section or of the system of wagering described in section 99F.9. This section does not prohibit a management contract approved by the commission.

b. The applicant shall not in any manner permit a person other than the licensee to have a share, percentage, or proportion of the money received for admissions to the excursion gambling boat.

3. The commission shall require, as a condition of granting a license, that an applicant to operate an excursion gambling boat develop, and as nearly as practicable, recreate boats that resemble Iowa's riverboat history.

4. The commission shall require that an applicant utilize Iowa resources, goods and services in the operation of an excursion gambling boat. The commission shall develop standards to assure that a substantial amount of all resources and goods used in the operation of an excursion gambling boat come from Iowa and that a substantial amount of all services and entertainment be provided by Iowans.

5. The commission shall, as a condition of granting a license, require an applicant to provide written documentation that, on each excursion gambling boat:

a. An applicant shall make every effort to ensure that a substantial number of the staff and entertainers employed are residents of Iowa.

b. A section is reserved solely for activities and interests of persons under the age of twenty-one and is staffed to provide adequate supervision.

c. A section is reserved for promotion and sale of arts, crafts, and gifts native to and made in Iowa.

6. It is the intent of the general assembly that employees be paid at least twenty-five percent above the federal minimum wage level.

7. A license shall not be granted if there is substantial evidence that any of the following apply:

a. The applicant has been suspended from operating a game of chance or gambling operation in another jurisdiction by a board or commission of that jurisdiction.

b. The applicant has not demonstrated financial responsibility sufficient to meet adequately the requirements of the enterprise proposed.

c. The applicant is not the true owner of the enterprise proposed.

d. The applicant is not the sole owner, and other persons have ownership in the enterprise, which fact has not been disclosed.

e. The applicant is a corporation and ten percent of the stock of the corporation is subject to a contract or option to purchase at any time during the period for which the license is to be issued unless the contract or option was disclosed to the commission and the commission approved the sale or transfer during the period of the license.

f. The applicant has knowingly made a false statement of a material fact to the commission.

g. The applicant has failed to meet a monetary obligation in connection with an excursion gambling boat.

8. A license shall not be granted if there is substantial evidence that the applicant is not of good repute and moral character or if the applicant has pled guilty to, or has been convicted of, a felony.

9. A licensee shall not loan to any person money or any other thing of value for the purpose of permitting that person to wager on any game of chance.

10. a. A license to conduct gambling games on an excursion gambling boat in a county shall be issued only if the county electorate approves the conduct of the gambling games as provided in this subsection. The board of supervisors, upon receipt of a valid petition meeting the requirements of section 331.306, shall direct the commissioner of elections to submit to the registered voters of the county a proposition to approve or disapprove the conduct of gambling games on an excursion gambling boat in the county. The proposition shall be submitted at a general election or at a special election called for that purpose. To be submitted at a general election, the petition must be received by the board of supervisors at least five working days before the last day for candidates for county offices to file nomination papers for the general election pursuant to section 44.4. If a majority of the county voters voting on the proposition favor the

conduct of gambling games, the commission may issue one or more licenses as provided in this chapter. If a majority of the county voters voting on the proposition do not favor the conduct of gambling games, a license to conduct gambling games in the county shall not be issued.

b. If licenses to conduct gambling games and to operate an excursion gambling boat are in effect pursuant to a referendum as set forth in this section and are subsequently disapproved by a referendum of the county electorate, the licenses issued by the commission after a referendum approving gambling games on excursion gambling boats shall remain valid and are subject to renewal for a total of nine years from the date of original issue unless the commission revokes a license at an earlier date as provided in this chapter.

c. If a licensee of a pari-mutuel racetrack who held a valid license issued under chapter 99D as of January 1, 1994, requests a license to operate gambling games as provided in this chapter, the board of supervisors of a county in which the licensee of a pari-mutuel racetrack requests a license to operate gambling games shall submit to the county electorate a proposition to approve or disapprove the operation of gambling games at pari-mutuel racetracks at a special election at the earliest practicable time. If the operation of gambling games at the pari-mutuel racetrack is not approved by a majority of the county electorate voting on the proposition at the election, the commission shall not issue a license to operate gambling games at the racetrack.

d. If the proposition to operate gambling games on an excursion gambling boat or at a racetrack enclosure is approved by a majority of the county electorate voting on the proposition, the board of supervisors shall submit the same proposition to the county electorate at the general election held in 2002 and, unless the operation of gambling games is terminated earlier as provided in this chapter or chapter 99D, at the general election held at each subsequent eight-year interval.

e. After a referendum has been held which defeated a proposal to conduct gambling games on excursion gambling boats or which defeated a proposal to conduct gambling games at a licensed pari-mutuel racetrack enclosure as provided in this section, another referendum on a proposal to conduct gambling games on an excursion gambling boat or at a licensed pari-mutuel racetrack shall not be held for at least two years.

11. If a docking fee is charged by a city or a county, a licensee operating an excursion gambling boat shall pay the docking fee one year in advance.

12. A licensee shall not be delinquent in the payment of property taxes or other taxes or fees or in the payment of any other contractual obligation or debt due or owed to a city or county.

13. An excursion gambling boat operated on inland waters of this state shall meet all of the requirements of chapter 462A and is subject to an inspection of its sanitary facilities to protect the environment

and water quality before a certificate of registration is issued by the department of natural resources or a license is issued under this chapter.

14. If a licensed excursion boat stops at more than one harbor and travels past a county without stopping at any port in that county, the commission shall require the excursion boat operator to develop a schedule for ports of call in which a county referendum has been approved, and the port of call has the necessary facilities to handle the boat. The commission may limit the schedule to only one port of call per county.

15. Upon a violation of any of the conditions listed in this section, the commission shall immediately revoke the license.

16. The commission shall require each licensee operating gambling games to post in conspicuous locations specified by the commission the average percentage payout from the gambling machines.

99F.10 Admission fee — tax — local fees.

1. A qualified sponsoring organization conducting gambling games on an excursion gambling boat licensed under section 99F.7 shall pay the tax imposed by section 99F.11.

2. An excursion boat licensee shall pay to the commission an admission fee for each person embarking on an excursion gambling boat with a ticket of admission. The admission fee shall be set by the commission.

a. If tickets are issued which are good for more than one excursion, the admission fee shall be paid for each person using the ticket on each excursion that the ticket is used.

b. If free passes or complimentary admission tickets are issued, the licensee shall pay the same fee upon these passes or complimentary tickets as if they were sold at the regular and usual admission rate.

c. However, the excursion boat licensee may issue fee-free passes to actual and necessary officials and employees of the licensee or other persons actually working on the excursion gambling boat.

d. The issuance of fee-free passes is subject to the rules of the commission, and a list of all persons to whom the fee-free passes are issued shall be filed with the commission.

3. In addition to the admission fee charged under subsection 2 and subject to approval of excursion gambling boat docking by the voters, a city may adopt, by ordinance, an admission fee not exceeding fifty cents for each person embarking on an excursion gambling boat docked within the city or a county may adopt, by ordinance, an admission fee not exceeding fifty cents for each person embarking on an excursion gambling boat docked outside the boundaries of a city. The admission revenue received by a city or a county shall be credited to the city general fund or county general fund as applicable.

4. In determining the license fees and state admission fees to be charged as provided under section 99F.4 and this section, the commission shall use the amount appropriated to the commission plus the cost of salaries for no more than two special agents and no more than four gaming enforcement officers for each excursion gambling boat for the division of criminal investigation's excursion gambling boat activities as the basis for determining the amount of revenue to be raised from the license fees and admission fees. The division's salary costs shall be limited to sixty-five percent of the salary costs for special agents and sixty-five percent of the salary costs for gaming en-

forcement for personnel assigned to excursion gambling boats who enforce laws and rules adopted by the commission.

5. No other license tax, permit tax, occupation tax, excursion fee, or taxes on fees shall be levied, assessed, or collected from a licensee by the state or by a political subdivision, except as provided in this chapter.

6. No other excise tax shall be levied, assessed, or collected from the licensee relating to gambling excursions or admission charges by the state or by a political subdivision, except as provided in this chapter.

ALCOHOLIC BEVERAGE CONTROL

123.28 Restrictions on transportation.

It is lawful to transport, carry, or convey alcoholic liquors from the place of purchase by the division to a state warehouse or depot established by the division or from one such place to another and, when so permitted by this chapter, it is lawful for the division, a common carrier, or other person to transport, carry, or convey alcoholic liquor sold from a state warehouse, depot, or point of purchase by the state to any place to which the liquor may be lawfully delivered under this chapter. The division shall deliver alcoholic liquor purchased by class "E" liquor control licensees. Class "E" liquor control licensees may deliver alcoholic liquor purchased by class "A", "B", or "C" liquor control licensees, and class "A", "B", or "C" liquor control licensees may transport alcoholic liquor purchased from class "E" liquor control licensees. A common carrier or other person shall not break or open or allow to be broken or opened a container or package containing alcoholic liquor or use or drink or allow to be used or drunk any alcoholic liquor while it is being transported or conveyed, but this section does not prohibit a private person from transporting individual bottles or containers of alcoholic liquor exempted pursuant to section 123.22 and individual bottles or containers bearing the identifying mark prescribed in section 123.26 which have been opened previous to the commencement of the transportation. This section does not affect the right of a special permit or liquor control license holder to purchase, possess, or transport alcoholic liquors subject to this chapter.

Unnumbered paragraph 2 stricken

123.38 Nature of permit or license — surrender — transfer.

A special liquor permit, liquor control license, wine permit, or beer permit is a personal privilege and is revocable for cause. It is not property nor is it subject to attachment and execution nor alienable nor as-

signable, and it shall cease upon the death of the permittee or licensee. However, the administrator of the division may in the administrator's discretion allow the executor or administrator of a permittee or licensee to operate the business of the decedent for a reasonable time not to exceed the expiration date of the permit or license. Every permit or license shall be issued in the name of the applicant and no person holding a permit or license shall allow any other person to use it.

Any licensee or permittee, or the licensee's or permittee's executor or administrator, or any person duly appointed by the court to take charge of and administer the property or assets of the licensee or permittee for the benefit of the licensee's or permittee's creditors, may voluntarily surrender a license or permit to the division. When a license or permit is surrendered the division shall notify the local authority, and the division or the local authority shall refund to the person surrendering the license or permit, a proportionate amount of the fee received by the division or the local authority for the license or permit as follows: if a license or permit is surrendered during the first three months of the period for which it was issued, the refund shall be three-fourths of the amount of the fee; if surrendered more than three months but not more than six months after issuance, the refund shall be one-half of the amount of the fee; if surrendered more than six months but not more than nine months after issuance, the refund shall be one-fourth of the amount of the fee. No refund shall be made, however, for any special liquor permit, nor for a liquor control license, wine permit, or beer permit surrendered more than nine months after issuance. For purposes of this paragraph, any portion of license or permit fees used for the purposes authorized in section 331.424, subsection 1, paragraphs "a" and "b", and in section 331.424A, shall not be deemed received either by the division or by a local authority. No refund shall be made to any licensee or permittee, upon the surrender of the license or per-

mit, if there is at the time of surrender, a complaint filed with the division or local authority, charging the licensee or permittee with a violation of this chapter. If upon a hearing on a complaint the license or permit is not revoked or suspended, then the licensee or permittee is eligible, upon surrender of the license or permit, to receive a refund as provided in this section; but if the license or permit is revoked or suspended upon hearing the licensee or permittee is not eligible for the refund of any portion of the license or permit fee.

The local authority may in its discretion authorize a licensee or permittee to transfer the license or permit from one location to another within the same incorporated city, or within a county outside the corporate limits of a city, provided that the premises to which the transfer is to be made would have been eligible for a license or permit in the first instance and such transfer will not result in the violation of any law. All transfers authorized, and the particulars of same, shall be reported to the administrator by the local authority. The administrator may by rule establish a uniform transfer fee to be assessed by all local authorities upon licensees or permittees to cover the administrative costs of such transfers, such fee to be retained by the local authority involved.

123A.1 Purposes and scope.

This chapter is enacted pursuant to the authority of the state under the provisions of the twenty-first amendment to the Constitution of the United States to promote the public's interest in fair, efficient, and competitive distribution of beer products through regulation and encouragement of brewer and wholesaler vendors to conduct their business relations toward these ends by:

1. Assuring that the beer wholesaler is free to manage its business enterprise.

2. Assuring the brewer and the public of service from wholesalers who will devote reasonable efforts and resources to distribution and sales of all of the brewer's products which the wholesaler has been granted the right to sell and distribute and maintain satisfactory sales levels.

3. Promoting and maintaining a sound, stable, and viable three-tier system of distribution of beer to the public.

123A.2 Definitions.

As used in this chapter, unless the context otherwise requires:

1. "*Affected party*" means a wholesaler, brewer, master distributor, successor brewer, or any person that is a party to an agreement.

2. "*Agreement*" means a contract or arrangement whether expressed or implied, oral or written, for a definite or indefinite period between a brewer and a wholesaler pursuant to which a wholesaler has been granted the right to purchase, resell, and distribute one or more brands of beer offered by a brewer, or a contract or arrangement in which a brewer grants to a wholesaler a license to use a trade name, trademark, service mark, or related characteristic and in which there is a community of interest in the marketing of the products of the brewer. An agreement exists when one or more of the following occur:

a. A brewer has shipped beer to a wholesaler or accepted an order for beer from a wholesaler.

b. A brewer purchases the right to manufacture a beer product, the right to use the trade name for the product, or the right to distribute a product from another brewer with whom the wholesaler has an agreement.

3. "*Beer*" means any liquid capable of being used for beverage purposes made by the fermentation of an infusion in potable water of barley, malt, and hops with or without unmalted grains or decorticated and degerminated grains, or made by the fermentation of, or by distillation of the fermented products of fruit, fruit extracts, or other agricultural products, containing more than one-half of one percent of alcohol by volume but not more than five percent of alcohol by weight, but not including mixed drinks or cocktails mixed on the premises.

4. "*Brand*" means a word, name, group of letters, symbol, or a combination of words, names, letters, or symbols adopted and used by a brewer to identify a specific beer product, and to distinguish that beer product from other beer products brewed or marketed by that brewery or other breweries.

5. "*Brand extension*" means a brand which incorporates all or a substantial part of the unique features of a preexisting brand of the same brewery and which relies to a significant extent on the goodwill associated with the preexisting brand. However, a general corporate logo or symbol or an advertising message, whether appearing on the product packaging or elsewhere, is not a brand, brand extension, or part of a brand or brand extension.

6. "*Brewer*" means a person who is engaged in the manufacture of beer for the purpose of sale, barter, exchange, or transportation, a master distributor, or a fermenter, processor, bottler, packager, or importer of beer, or a successor brewer.

7. "*Designated member*" means a deceased wholesaler's spouse, child, grandchild, parent, brother, or sister, who is entitled to inherit the deceased wholesaler's ownership interest under the terms of the deceased wholesaler's will, other testamentary de-

vice, or the laws of intestate succession. With respect to an incapacitated individual having an ownership interest in a wholesaler, "*designated member*" also means a person appointed by the court as the conservator of the individual's property. "*Designated member*" also includes the appointed and qualified personal representative and the testamentary trustee of a deceased wholesaler.

8. "*Good cause*" exists if the wholesaler or affected party has failed to comply with reasonable requirements which are imposed upon the wholesaler or affected party through an agreement, which do not discriminate either by their terms or in the methods of their enforcement as compared with requirements imposed on other similarly situated wholesalers by the brewer, and which are not in violation of any law or administrative rule.

9. "*Good faith*" means honesty in fact and the observance of reasonable commercial standards of fair dealing in the trade and defined and interpreted under section 554.2103.

10. "*Manager*" means an individual named or designated by agreement between the brewer and wholesaler, who is principally responsible for the daily management of the wholesaler.

11. "*Master distributor*" means a wholesaler who acts in the role of or in a similar capacity as a brewer or outside seller of one or more brands of beer to other wholesalers on a regular basis in the normal course of business.

12. "*Reasonable standards and qualifications*" means those criteria applied by the brewer to similarly situated wholesalers during a period of twenty-four months before a proposed change in a successor manager of the wholesaler's business.

13. "*Similarly situated wholesalers*" means wholesalers of a brewer that are of a generally comparable size, and operate in markets with similar demographic characteristics, including population size, density, distribution, and vital statistics, and reasonably similar economic and geographic conditions.

14. "*Successor brewer*" means a person who succeeds to the role of a brewer or master distributor to manufacture or distribute one or more brands of beer whether by merger, purchase of corporate shares, purchase of assets, or any other arrangement.

15. "*Successor manager*" means an individual named or designated by agreement between a brewer and wholesaler who succeeds to the role of manager who will be principally responsible for the daily management of the wholesaler.

16. "*Territory*" means the geographic area of primary sales responsibility designated by an agreement between a wholesaler and brewer for one or more brands of beer of the brewer.

17. "*Wholesaler*" means a person, other than a vintner, brewer, or bottler of beer, who sells, barter, exchanges, offers for sale, possesses with intent to sell, deals, or traffics in beer.

123A.3 Termination and notice of cancellation.

1. Except as provided in subsection 5, a brewer or wholesaler shall not amend, modify, cancel, fail to renew, or otherwise terminate an agreement unless the brewer or wholesaler furnishes prior notification to the other party in accordance with subsection 2.

2. The notification required under subsection 1 shall be in writing and sent to the affected party by certified mail not less than ninety days before the date on which the agreement will be amended, modified, canceled, not renewed, or otherwise terminated. The notification shall contain all of the following:

a. A statement of intention to amend, modify, cancel, fail to renew, or otherwise terminate the agreement.

b. A statement enumerating the facts and reasons for the action, including documentation necessary to fully inform the wholesaler of the reasons for the action.

c. The date on which the action will take effect.

3. For each cancellation, nonrenewal, or termination, the brewer shall have the burden of showing that it has acted in good faith, that the notice requirements under this section have been complied with, and that there was good cause for the cancellation, nonrenewal, or termination.

4. Notwithstanding the terms or conditions of any agreement, good cause exists for the purpose of a cancellation, nonrenewal, or termination if all of the following occur:

a. The wholesaler fails to comply with a provision of the agreement which is both reasonable and of material significance to the business relationship between the wholesaler and the brewer.

b. The brewer first acquired knowledge of the failure described in paragraph "a" not more than twenty-four months before the date notification was given pursuant to subsection 2.

c. The wholesaler was given notice by the brewer of failure to comply with the agreement.

d. The wholesaler has been given thirty days in which to submit a plan of corrective action to comply with the agreement and an additional ninety days to cure the noncompliance in accordance with the plan, and has failed to correct the failure to comply with the provisions of the agreement.

5. A brewer may cancel, fail to renew, or otherwise terminate an agreement without furnishing any prior notification and without good cause as required in subsection 4 for any of the following reasons:

a. The wholesaler's failure to pay any account when due and upon written demand by the brewer for the payment, in accordance with agreed upon payment terms.

b. The wholesaler's assignment for the benefit of creditors, or similar disposition, of substantially all of the assets of the party's business.

c. The insolvency of the wholesaler, or the institution of proceedings in bankruptcy by or against the wholesaler.

d. The dissolution or liquidation of the wholesaler.

e. The wholesaler's conviction of, or plea of guilty or no contest to, a charge of violating a law or rule in this state which materially and adversely affects the ability of either party to continue to sell beer in this state, or the revocation or suspension of a license or permit to sell beer in this state for a period greater than thirty-one days.

f. Any attempted transfer of business assets of the wholesaler, ten percent or more of the voting stock of the wholesaler or the voting stock of any parent corporation of the wholesaler, or any change in the beneficial ownership or control of any wholesaler without obtaining the prior consent or approval as provided for under section 123A.6.

g. The wholesaler's fraudulent conduct relating to a material matter on the part of the wholesaler in dealings with the brewer or its product. However, the brewer shall have the burden of proving fraudulent conduct relating to a material matter on the part of the wholesaler in any legal action challenging the termination.

h. The wholesaler distributes, sells, or delivers beer to a retailer whose premises are situated outside the geographic territory agreed upon by the wholesaler and the brewer as the area in which the wholesaler will sell beer purchased from the brewer, without the consent of the brewer and the distributor who has been assigned the territory by the brewer.

123A.4 Cancellation.

A brewer or a wholesaler shall not cancel, fail to renew, or otherwise terminate an agreement unless the party intending that action has good cause for the cancellation, failure to renew, or termination, has made good faith efforts to resolve disagreements, and, in any case in which prior notification is required under section 123A.3, the party intending to act has furnished the prior notification and the other party has not eliminated the reasons specified in the notification for cancellation, failure to renew, or termination, within the periods provided in section 123A.3, subsection 4, paragraph "d".

a. Induce or coerce, or attempt to induce or coerce, any wholesaler to engage in any illegal act or course of conduct.

b. Require a wholesaler to assent to any unreasonable requirement, condition, understanding, or term of an agreement prohibiting a wholesaler from selling the product of another brewer.

c. Fix, maintain, or establish the price at which a wholesaler may resell beer, or to change, by any means, the price charged to the wholesaler after beer has been ordered by the wholesaler from the brewer.

e. Require a wholesaler without the wholesaler's approval to participate in an arrangement for the payment or crediting by an electronic fund transfer transaction for any item or commodity other than beer, or to access a wholesaler's account for any item or commodity other than beer.

f. Require or prohibit any change in the manager or successor manager of any wholesaler who has been approved by the brewer as of or subsequent to July 1, 1995, unless the brewer acts in good faith. If a wholesaler changes an approved manager or successor manager, a brewer shall not require or prohibit the change unless the person selected by the wholesaler fails to meet the nondiscriminatory, material, and reasonable standards and qualifications for managers or successor managers consistently applied to similarly situated wholesalers by the brewer. However, the brewer shall have the burden of proving that the person fails to meet the reasonable standards and qualifications.

g. Discriminate among the brewer's wholesalers in any business dealings including, but not limited to, the price of beer sold to the wholesaler or terms of sale offered to wholesalers, unless the difference among its wholesalers is based on reasonable grounds.

h. Fail to provide each wholesaler of the brewer's brand with a written agreement which contains in total the brewer's agreement with each wholesaler, and designates a specific exclusive sales territory. The terms of written agreements executed, amended, or renewed after July 1, 1995, shall be consistent with this chapter, and this chapter may be incorporated by reference in the agreement.

i. Enter into an additional agreement with any other wholesaler for, or to sell to any other wholesaler, the same brand of beer or brand extension in the same territory or any portion of the territory, or to sell directly to any retailer in this state.

j. Require a wholesaler to purchase one or more brands of beer in order for the wholesaler to purchase another brand of beer for any reason.

k. Require a wholesaler, by any means, directly to participate in or contribute to any local or national advertising fund controlled directly or indirectly by a brewer.

l. Require by a provision of an agreement or other instrument in connection with the agreement that any dispute arising out of or in connection with the agreement be determined through the application of any other state's laws, be determined in federal court sitting in a state other than Iowa, or be determined in a state court of a state other than this state. A provision contained in any agreement or other instrument in connection with the agreement which contravenes this section shall be null and void.

2. A wholesaler who, pursuant to an agreement, is granted a sales territory for which the wholesaler is primarily responsible or in which the wholesaler is required to concentrate the wholesaler's efforts, shall

not make any sale or delivery of beer to any retail licensee whose place of business is not within the territory granted to the wholesaler unless agreed upon by all affected parties.

Upon the death of one of the partners of a partnership operating the business of a wholesaler, a brewer shall not deny the surviving partner of the partnership the right to become a successor-in-interest to the agreement between the brewer and the partnership, if the survivor has been active in the management of the partnership and is otherwise capable of carrying on the business of the partnership.

2. Notwithstanding subsection 1, upon the death of a wholesaler, a brewer shall not deny approval for any transfer of ownership or management to a designated member, including the rights under the agreement with the brewer. The transfer or assignment shall not be effective until written notice is given to the brewer, but the brewer's consent to the transfer or assignment shall not be required.

123A.7 Reasonable compensation.

1. The fair market value of the wholesaler's business shall include, but not be limited to, its goodwill, if any.

2. If a brewer and a wholesaler are unable to mutually agree on the reasonable compensation to be paid for the value of the wholesaler's business, either party may maintain a civil action as provided in section 123A.9, or the matter may, by mutual agreement of the parties, be submitted to a three-member arbitration panel consisting of one representative selected by the brewer but unassociated with the brewer; one representative selected by the wholesaler but unassociated with the wholesaler; and an impartial arbitrator selected by the other two members from a list provided by the American arbitration

association, and the claim settled in accordance with the rules provided by the American arbitration association. Arbitration costs shall be paid one-half by the wholesaler and one-half by the brewer. 1. If a brewer or a wholesaler who is a party to an agreement pursuant to this chapter fails to comply with this chapter or otherwise engages in conduct prohibited under this chapter, the aggrieved party may maintain a civil action in district court if the cause of action directly relates to or stems from the relationship of the individual parties under the agreement.

2. A brewer or wholesaler may bring an action for declaratory judgment for determination of any controversy arising under this chapter or out of the brewer and wholesaler agreement.

3. Upon proper petition to the district court, a brewer or wholesaler may obtain injunctive relief against a violation of this chapter.

4. In an action under subsection 1, the district court may grant the relief as the court determines is necessary or appropriate considering the purposes of this chapter. The district court may, if it finds that a brewer has acted in bad faith in invoking the amendment, modification, cancellation, nonrenewal, or termination provision of the agreement between the brewer and wholesaler, or has unreasonably withheld its consent to any assignment, transfer, or sale of the wholesaler's business, award equitable relief, actual damages, court costs, and attorney's fees.

5. The prevailing party in an action under subsection 1 shall be entitled to actual damages, court costs, and attorney's fees at the court's discretion.

6. With respect to a dispute arising under this chapter or out of the agreement between a brewer and wholesaler, the wholesaler and brewer each has the absolute right, before the wholesaler or brewer has agreed to arbitrate a particular dispute, to refuse

to arbitrate that particular dispute. A brewer shall not, as a condition of entering into or renewing an agreement, require the wholesaler to agree to arbitration in lieu of judicial remedies.

7. A brewer shall not take retaliatory action against a wholesaler who files or manifests an intention to file a complaint of alleged violation of state or federal law or regulation by the brewer with the appropriate state or federal regulatory authority. Retaliatory action shall include, but shall not be limited to, refusal without good cause to continue the agreement, or a material reduction in the quality of service or quantity of products available to the wholesaler under the agreement, or impede the normal business operations of the wholesaler.

For the purposes of this subsection, "designate" means to identify by a distinctive title or label and "dedicate" means to set apart for a definite use or purpose and to promote that purpose.

b. The department may also establish by administrative rule special classifications within the residential care facility, intermediate care facility for the mentally ill, intermediate care facility for the mentally retarded, or nursing facility categories, for facilities intended to serve individuals who have special health care problems or conditions in common. Rules establishing a special classification shall define the problem or condition to which the special classification is relevant and establish requirements for an approved program of care commensurate with the problem or condition. The rules may grant special variances or considerations to facilities licensed within the special classification.

c. The rules adopted for intermediate care facilities for the mentally retarded shall be consistent with, but no more restrictive than, the federal standards for intermediate care facilities for the mentally retarded established pursuant to the federal Social Security Act, § 1905(c)(d), as codified in 42 U.S.C. § 1396d, in effect on January 1, 1989. However, in order to be licensed the state fire marshal must certify to the department an intermediate care facility for the mentally retarded as meeting the applicable provisions of either the health care occupancies chapter or the residential board and care chapter of the life safety code of the national fire protection association, 1985 edition. The department shall adopt additional rules for intermediate care facilities for the mentally retarded pursuant to section 135C.14, subsection 8.

d. Notwithstanding the limitations set out in this subsection regarding rules for intermediate care facilities for the mentally retarded, the department shall consider the federal interpretive guidelines issued by the federal health care financing administration when interpreting the department's rules for intermediate care facilities for the mentally retarded. This use of the guidelines is not subject to the rulemaking provisions of sections 17A.4 and 17A.5, but the guidelines shall be published in the Iowa administrative bulletin and the Iowa administrative code.

4. The protection and advocacy agency designated in the state, under Pub. L. No. 98-527, the Developmental Disabilities Act of 1984, Pub. L. No.

99-319, the Protection and Advocacy for Mentally Ill Individuals Act of 1986, and Pub. L. No. 100-146, the federal Developmental Disabilities Assistance and Bill of Rights Act Amendments of 1987, is recognized as an agency legally authorized and constituted to ensure the implementation of the purposes of this chapter for populations under its authority and in the manner designated by Pub. L. No. 98-527, Pub. L. No. 99-319, and Pub. L. No. 100-146 and in the assurances of the governor of the state.

5. The department shall establish a special classification within the residential care facility category in order to foster the development of residential care facilities which serve persons with mental retardation, chronic mental illness, a developmental disability, or brain injury, as described under section 225C.26, and which contain five or fewer residents. A facility within the special classification established pursuant to this subsection is exempt from the requirements of section 135.63. The department shall adopt rules which are consistent with rules previously developed for the waiver demonstration project pursuant to 1986 Iowa Acts, chapter 1246, section 206, and which include all of the following provisions:

a. A facility provider under the special classification must comply with rules adopted by the department for the special classification. However, a facility provider which has been accredited by the accreditation council for services to persons with mental retardation and other developmental disabilities shall be deemed to be in compliance with the rules adopted by the department.

b. A facility must be located in an area zoned for single or multiple-family housing or in an unincorporated area and must be constructed in compliance with applicable local requirements and the rules adopted for the special classification by the state fire marshal in accordance with the concept of the least restrictive environment for the facility residents. The rules adopted by the state fire marshal for the special classification shall be no more restrictive than the rules adopted by the state fire marshal for demonstration waiver project facilities pursuant to 1986 Iowa Acts, chapter 1246, section 206, subsection 2. Local requirements shall not be more restrictive than the rules adopted for the special classification by the state fire marshal and the state building code requirements for single or multiple-family housing.

c. Facility provider plans for the facility's accessibility to residents must be in place.

d. A written plan must be in place which documents that a facility meets the needs of the facility's residents pursuant to individual program plans developed according to age appropriate and least restrictive program requirements.

e. A written plan must be in place which documents that a facility's residents have reasonable access to employment or employment-related training, education, generic community resources, and integrated opportunities to promote interaction with the community.

f. A committee of not more than nine members must be established to provide monitoring of the special classification and the rules and procedures adopted regarding the special classification. The recommendations of the committee are subject to the approval of the director. The committee shall include but is not limited to representatives designated by each of the following:

- (1) The association for retarded citizens of Iowa.
- (2) The Iowa association of rehabilitation and residential facilities.
- (3) The governor's planning council for developmental disabilities.
- (4) The mental health and developmental disabilities commission created in section 225C.5.
- (5) The alliance for the mentally ill of Iowa.
- (6) The Iowa state association of counties.
- (7) The state fire marshal.

g. The facilities licensed under this subsection shall be eligible for funding utilized by other licensed residential care facilities for the mentally retarded, or licensed residential care facilities for the mentally ill, including but not limited to funding under or from the federal social services block grant, the state

supplementary assistance program, state mental health and developmental disabilities services funds, and county funding provisions.

6. *a.* This chapter shall not apply to adult day care services provided in a health care facility. However, adult day care services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

b. The level of care certification provisions pursuant to sections 135C.3 and 135C.4, the license application and fee provisions pursuant to section 135C.7, and the involuntary discharge provisions pursuant to section 135C.14, subsection 8, shall not apply to respite care services provided in a health care facility. However, respite care services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

c. The department shall adopt rules to implement this subsection.

c. “*Designated officer*” means a person who is designated by a department, agency, division, or service organization to act as an infection control liaison officer.

d. “*Emergency care provider*” means a person who is trained and authorized by federal or state law to provide emergency medical assistance or treatment, for compensation or in a voluntary capacity, including but not limited to all of the following:

(1) An emergency medical care provider as defined in section 147A.1.

- (2) A health care provider as defined in this section.
- (3) A fire fighter.
- (4) A peace officer.

"Emergency care provider" also includes a person who renders direct emergency aid without compensation.

e. "Exposure" means the risk of contracting disease.

f. "Health care provider" means a person licensed or certified under chapter 148, 148C, 150, 150A, 152, or 153 to provide professional health care service to a person during the person's medical care, treatment, or confinement.

2. a. A hospital licensed under chapter 135B shall have written policies and procedures for notification of an emergency care provider who renders assistance or treatment to an individual when in the course of admission, care, or treatment of the individual the individual is diagnosed or is confirmed as having a contagious or infectious disease.

b. If an individual is diagnosed or confirmed as having a contagious or infectious disease, the hospital shall notify the designated officer of an emergency care provider service who shall notify persons involved in attending or transporting the individual. For blood-borne contagious or infectious diseases, notification shall only take place upon filing of an exposure report form with the hospital. The exposure report form may be incorporated into the Iowa pre-hospital care report, the Iowa prehospital advanced care report, or a similar report used by an ambulance, rescue, or first responder service or law enforcement agency.

c. A person who renders direct emergency aid without compensation and is exposed to an individual who has a contagious or infectious disease shall also receive notification from the hospital upon the filing with the hospital of an exposure report form developed by the department.

d. The notification shall advise the emergency care provider of possible exposure to a particular contagious or infectious disease and recommend that the provider seek medical attention. The notification shall be provided as soon as is reasonably possible

following determination that the individual has a contagious or infectious disease.

e. This subsection does not require a hospital to administer a test for the express purpose of determining the presence of a contagious or infectious disease. The notification shall not include the name of the individual with the contagious or infectious disease unless the individual consents.

f. The department shall adopt rules pursuant to chapter 17A to implement this subsection.

3. A health care provider may provide the notification required of hospitals in this section to emergency care providers if an individual who has a contagious or infectious disease is delivered by an emergency care provider to the office or clinic of a health care provider for treatment. The notification shall not include the name of the individual who has the contagious or infectious disease unless the individual consents.

4. This section does not preclude a hospital from providing notification to an emergency care provider or health care provider under circumstances in which the hospital's policy provides for notification of the hospital's own employees of exposure to a contagious or infectious disease that is not life-threatening if the report does not reveal a patient's name unless the patient consents.

5. A hospital or health care provider or other person participating in good faith in making a report under the notification provisions of this section or in notifying its own employees under procedures consistent with this section or in failing to make a report under this section is immune from liability, civil or criminal, which may otherwise be incurred or imposed.

6. A hospital's or health care provider's duty of notification under this section is not continuing but is limited to a diagnosis of a contagious or infectious disease made in the course of admission, care, and treatment following the rendering of emergency assistance or treatment to which notification under this section applies.

The notification shall advise the emergency care provider of possible exposure to HIV infection. Notification shall be made in accordance with both of the following:

a. The hospital informs the individual when the individual's condition permits, of the submission of a significant exposure report.

b. The individual consents to serological testing by or voluntarily discloses the individual's HIV status to the hospital and consents to the provision of notification.

7. A health care provider, with consent of the individual, may provide the notification required of hospitals in this section to emergency care providers if an individual who has HIV infection is delivered by an emergency care provider to the office or clinic of the health care provider for treatment. The notification shall take place only upon submission of a significant exposure report form by the emergency care provider to the health care provider and the determination by the health care provider that a significant exposure has occurred.

8. This section does not require or permit a hospital or health care provider to administer a test for the express purpose of determining the presence of HIV infection except that testing may be performed if the individual consents and if the requirements of section 141.22 are satisfied.

9. A hospital or health care provider or other person participating in good faith in making a report under the notification provisions of this section, under procedures similar to this section for notification of its own employees upon filing of a significant exposure report, or in failing to make a report under this section is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

10. Notifications made pursuant to this section shall not disclose the identity of the individual who is diagnosed or confirmed as having HIV infection unless the individual provides a specific written release as provided in section 141.23, subsection 1, paragraph "a".

11. If notification is made under this section, and discloses the identity of the individual who is diagnosed or confirmed as having HIV infection, or otherwise allows the emergency care provider to determine the identity of the individual, the identity of the individual shall be confidential information and shall not be disclosed by the emergency care provider to any other person unless a specific written release is obtained from the individual.

12. An emergency care provider who intentionally or recklessly makes an unauthorized disclosure under this section is subject to a civil penalty of one thousand dollars. The attorney general or the attorney general's designee may maintain a civil action to enforce this section. Proceedings maintained under this section shall provide for the anonymity of the individual and all documentation shall be maintained in a confidential manner.

13. A hospital's duty to notify under this section is not continuing but is limited to the diagnosis of HIV infection made in the course of admission, care,

and treatment following the rendering of emergency assistance or treatment of the individual with the disease.

14. Notwithstanding subsection 13, if, following discharge or completion of care or treatment, an individual, for whom a significant exposure report was submitted but which report did not result in notification, wishes to provide information regarding the individual's HIV infection status to the emergency care provider who submitted the report, the hospital shall provide a procedure for notifying the emergency care provider.

15. The employer of an emergency care provider who submits a significant exposure report under this

section shall pay the costs of HIV testing and counseling for the individual and the emergency care provider. However, the department shall pay the costs of HIV testing and counseling for an emergency care provider who is a person who renders direct emergency aid without compensation.

16. A significant exposure report is a confidential record and the remedies under section 141.24 are applicable to such records.

142C.3 Donation of anatomical gifts — persons who may execute — manner of executing.

1. A competent individual who is at least eighteen years of age, or a minor fourteen through seventeen years of age with written consent of a parent or legal guardian, may make an anatomical gift for one or more of the purposes listed in section 142C.5, may limit an anatomical gift to one or more of the purposes listed in section 142C.5, or may refuse to make an anatomical gift, the gift to take effect upon the death of the donor.

2. An anatomical gift may be made only by completion of a document of gift or as otherwise provided in this section. If the prospective donor is a minor fourteen through seventeen years of age, to be valid, a document of gift shall be signed by the minor and the minor's parent or legal guardian. If the donor is unable to sign the document, the document of gift shall be signed by another individual and by two witnesses, all of whom sign at the direction and in the presence of the donor, the other individual, and the two witnesses. The document of gift shall provide certification that the document has been executed in the prescribed manner.

3. If a donor indicates the wish to become a donor, pursuant to section 321.189, and the indication is attached to or imprinted or noted on an individual's driver's license, the document shall be considered an expression of intent for the purposes of this section.

4. A document of gift may designate a particular physician, technician, or enucleator to perform the appropriate procedures. In the absence of a designation or if the designee is not available to perform the procedures, the donee or other person authorized to accept the anatomical gift may employ or authorize any physician, technician, or enucleator to perform the appropriate procedures.

5. A document of gift by will takes effect upon the death of the testator, whether or not the will is probated. For the purposes of a document of gift by will, invalidation of the will for testamentary purposes does not result in the invalidation of the document of gift.

6. A donor may amend or revoke a document of gift by any of the following means:

- a. A signed statement, executed by the donor.
- b. An oral statement made by the donor in the presence of two individuals.

7. The donor of an anatomical gift made by will may amend or revoke the gift as provided in subsection 6 or in the manner provided for amendment or revocation of wills.

8. A document of gift that is not revoked by the donor prior to the donor's death is irrevocable and does not require the consent or concurrence of any other person after the donor's death.

9. An individual may refuse to make an anatomical gift of the individual's body or part by completing any written document expressing the individual's refusal to make an anatomical gift. During a terminal illness or injury, the refusal may be by an oral statement or other form of unwritten communication addressed to a health care professional licensed or certified under chapter 148, 148C, 150A, or 152.

10. In the absence of a contrary indication by the donor, an anatomical gift of a part does not constitute a refusal to donate other parts nor does it constitute a limitation on an anatomical gift made pursuant to section 142C.4.

11. In the absence of a contrary indication by the donor, a revocation or amendment of an anatomical gift does not constitute a refusal to make a subsequent anatomical gift. If the donor intends a revocation to constitute a refusal to make an anatomical gift, the donor shall make the refusal pursuant to subsection 9.

12. A document of gift may be in the form of a specific donor card such as an eye donor card, a uniform donor card, a will, or any other written document executed pursuant to this chapter. 147A.22 Legislative findings and intent — purpose.

The general assembly finds the following:

1. Trauma is a serious health problem in the state of Iowa and is the leading cause of death of younger Iowans. The death and disability associated with traumatic injury contributes to the significant medical expenses and lost work, and adversely affects the productivity of Iowans.

2. Optimal trauma care is limited in many parts of the state. With health care delivery in transition, access to quality trauma and emergency medical care continues to challenge our rural communities.

3. The goal of a statewide trauma care system is to coordinate the medical needs of the injured person with an integrated system of optimal and cost-effective trauma care. The result of a well-coordinated statewide trauma care system is to reduce the incidences of inadequate trauma care and preventable deaths, minimize human suffering, and decrease the costs associated with preventable mortality and morbidity.

4. The development of the Iowa trauma care system will achieve these goals while meeting the unique needs of the rural residents of the state.

95 Acts, ch 40, §3
NEW section

147A.23 Trauma care system development.

1. The department is designated as a lead agency in this state responsible for the development of a statewide trauma care system.

2. The department, in consultation with the trauma system advisory council, shall develop, coordinate, and monitor a statewide trauma care system. This system shall include, but not be limited to, the following:

a. The categorization of all hospitals and emergency care facilities by the department as to their capacity to provide trauma care services. The cat-

egorization shall be determined by the department from self-reported information provided to the department by the hospital or emergency care facility. This categorization shall not be construed to imply any guarantee on the part of the department as to the level of trauma care services available at the hospital or emergency care facility.

b. The issuance of a certificate of verification of all categorized hospitals and emergency care facilities from the department at the level preferred by the hospital or emergency care facility. The standards and verification process shall be established by rule and may vary as appropriate by level of trauma care capability. To the extent possible, the standards and verification process shall be coordinated with other applicable accreditation and licensing standards.

c. Upon verification and the issuance of a certificate of verification, a hospital or emergency care facility agrees to maintain a level of commitment and resources sufficient to meet responsibilities and standards as required by the trauma care criteria established by rule under this subchapter. Verifications are valid for a period of three years or as determined by the department and are renewable. As part of the verification and renewal process, the department may conduct periodic on-site reviews of the services and facilities of the hospital or emergency care facility.

d. The department is responsible for the funding of the administrative costs of this subchapter. Any funds received by the department for this purpose shall be deposited in the emergency medical services fund established in section 135.25.

e. This section shall not be construed to limit the number and distribution of level I, II, III, and IV categorized and verified trauma care facilities in a community or region.

A soil and water conservation district organized under this chapter has the following powers, in addition to others granted in other sections of this chapter:

1. To conduct surveys, investigations, and research relating to the character of soil erosion and erosion, floodwater, and sediment damages, and the preventive and control measures needed, to publish the results of such surveys, investigations or research, and to disseminate information concerning such preventive and control measures; provided, however, that in order to avoid duplication of research activities, no district shall initiate any research program except in cooperation with the Iowa agricultural experiment station located at Ames, Iowa, and pursuant to a cooperative agreement entered into between the Iowa agricultural experiment station and such district.

2. To conduct demonstrational projects within the district on lands owned or controlled by this state or any of its agencies, with the consent and cooperation of the agency administering and having jurisdiction thereof, and on any other lands within the district upon obtaining the consent of the owner or occupier of such lands or the necessary rights or interests in such lands, in order to demonstrate by example the means, methods, and measures by which soil and soil resources may be conserved, and soil erosion in the form of soil blowing and soil washing may be prevented and controlled; provided, however, that in order to avoid duplication of agricultural extension activities, no district shall initiate any demonstrational projects, except in cooperation with the Iowa agricultural extension service whose offices are located at Ames, Iowa, and pursuant to a cooperative agreement entered into between the Iowa agricultural extension service and such district.

3. To carry out preventive and control measures within the district, including, but not limited to, crop rotations, engineering operations, methods of cultivation, the growing of vegetation, changes in use of land, and the measures listed in section 161A.2, on lands owned or controlled by this state or any of its agencies, with the consent and cooperation of the agency administering and having jurisdiction thereof, and on any other lands within the district, upon obtaining the consent of the owner or occupier of such lands or the necessary rights or interests in such lands. 4. To cooperate, or enter into agreements with, and within the limits of appropriations duly made available to it by law, to furnish financial or other aid to any agency, governmental or otherwise, or any owner or occupier of lands within the district, in the carrying on of erosion-control and watershed protection and flood prevention operations within the district, subject to such conditions as the commissioners may deem necessary to advance the purposes of this chapter.

5. To obtain options upon and to acquire, by purchase, exchange, lease, gift, grant, bequest, devise or otherwise, any property, real or personal, or rights or interests therein; to maintain, administer, and improve any properties acquired, to receive income from such properties and to expend such income in carrying out the purposes and provisions of this chapter; and to sell, lease or otherwise dispose of any of its property or interests therein in furtherance of the purposes and provisions of this chapter.

6. To make available on such terms as it shall prescribe, to landowners or occupiers within the district, agricultural and engineering machinery and equipment, fertilizer, lime, and such other material or equipment as will assist such landowners or occupiers to carry on operations upon their lands for the conservation of soil resources and for the prevention and control of soil erosion and for the prevention of erosion, floodwater, and sediment damages.

17. To encourage local school districts to provide instruction in the importance of and in some of the basic methods of soil conservation, as a part of course work relating to conservation of natural resources and environmental awareness required in rules adopted by the state board of education pursuant to section 256.11, subsections 3 and 4, and to offer technical assistance to schools in developing such instructional programs.

a. The district plan shall contain a comprehensive long-range assessment of soil and surface water

resources in the district consistent with rules approved by the committee under section 161A.4. In developing the plan the district may receive technical support from the United States department of agriculture natural resources conservation service and the county board of supervisors in the county where the district is located. The division and the Iowa cooperative extension service in agriculture and home economics may provide technical support to the district. The support may include, but is not limited to, the following: assessing the condition of soil and surface water in the district, including an evaluation of the type, amount, and quality of soil and water, the threat of soil erosion and erosion, floodwater, and sediment damages, and necessary preventative and control measures; developing methods to maintain or improve soil and water condition; and cooperating with other state and federal agencies to carry out this support.

b. The title page of the district plan and a notification stating where the plan may be reviewed shall be recorded with the recorder in the county in which the district is located, and updated as necessary, after the committee approves and the administrator of the division signs the district plan. The commissioners shall provide notice of the recording and may provide a copy of the approved district plan to the county board of supervisors in the county where the district is located. The district plan shall be filed with the division as part of the state soil and water resource conservation plan provided in section 161A.4.

19. To enter into agreements pursuant to chapter 161C with the owner or occupier of land within the district or cooperating districts, or any other private entity or public agency, in carrying out water protection practices, including district and multidistrict projects to protect this state's groundwater and surface water from point and nonpoint sources of contamination, including but not limited to agricultural drainage wells, sinkholes, sedimentation, and chemical pollutants.

161A.62 Duties of commissioners and of owners and occupants of agricultural land — restrictions on use of cost-sharing funds.

The commissioners of each soil and water conservation district shall seek to implement or to assist in implementing the following requirements:

1. Each farm unit shall be furnished a conservation folder complying with the rules of the department by the soil and water conservation district in which the farm unit is located, not later than January 1, 1985, or as soon thereafter as adequate funding is available to permit completion of a conservation folder for every farm unit in the state. Technical assistance in the development of the conservation folder may be provided by the United States department of agriculture natural resources conservation

service through the memorandum of understanding with the district or by the department. The department shall provide by rule that an updated farm plan prepared for a particular farm unit within ten years prior to the effective date of this subsection shall be considered an adequate replacement for the conservation folder for that farm unit. Upon completion of the conservation folder for a particular farm unit, the district shall send the owner of that farm unit, and also the operator of the farm unit if known by the commissioners to be other than the owner, a letter offering that person or those persons a copy of the folder. The district shall keep a record of the date the folder is completed and the letter is sent. The folder shall be updated from time to time by the district as it deems necessary.

2. The commissioners of each soil and water conservation district shall complete preparation of a farm unit soil conservation plan for each farm unit within the district, not later than January 1, 1985, or five years after completion of the conservation folder for that farm unit, whichever date is later, or as soon thereafter as adequate funding is available to permit compliance with this requirement. Technical assistance in the development of the farm unit soil conservation plan may be provided by the United States department of agriculture natural resources conservation service through the memorandum of understanding with the district or by the department. The commissioners shall make every reasonable effort to consult with the owner and, if appropriate, with the operator of that farm unit, and to prepare the plan in a form which is acceptable to that person or those persons. The plan shall be drawn up and completed without expense to the owner or operator of the farm unit, except that the owner or operator shall not be reimbursed for the value of the owner's or occupant's own time devoted to participation in the preparation of the plan. If the commissioners' plan is unacceptable to the owner or operator of the farm unit, that person or those persons may prepare an alternative farm unit soil conservation plan identifying permanent or temporary soil and water conservation practices which may be expected to achieve compliance with the soil loss limit or limits applicable to that farm unit, and submit that plan to the soil and water conservation district commissioners for their review.

3. Within one year after completion of a farm unit soil conservation plan for a particular farm unit which is acceptable both to the commissioners of the soil and water conservation district within which the farm unit is located and to the owner and, if appropriate, to the operator of that farm unit, the commissioners shall offer to enter into a soil conservation agreement with the owner, and also with the operator if appropriate, based on the mutually acceptable farm unit soil conservation plan.

161C.4 Water protection fund.

A water protection fund is created within the division. The fund is composed of money appropriated by the general assembly for that purpose, and moneys available to and obtained or accepted by the state soil conservation committee from the United States or private sources for placement in the fund. The fund shall be divided into two accounts, the water quality

protection projects account and the water protection practices account. The first account shall be used to carry out water quality protection projects to protect the state's surface and groundwater from point and nonpoint sources of contamination. The second account shall be used to establish water protection practices with individual landowners including but not limited to woodland establishment and protection, establishment of native grasses and forbs, sink-hole management, agricultural drainage well management, streambank stabilization, grass waterway establishment, stream buffer strip establishment, and erosion control structure construction. Twenty-five percent of funds appropriated to the water protection practices account shall be used for woodland establishment and protection, and establishment of native grasses and forbs. Soil and water conservation district commissioners shall give priority to applications for practices that implement their soil and water resource conservation plan. The fund shall be a revolving fund from which moneys may be used for loans, grants, administrative costs, and cost-sharing.

In administering the fund the division may:

1. Contract, sue and be sued, and adopt rules necessary to carry out the provisions of this section, but the division or committee shall not in any manner directly or indirectly pledge the credit of this state.

CHAPTER 161D

LOESS HILLS DEVELOPMENT AND CONSERVATION AUTHORITY

161D.1 Loess hills development and conservation authority created — membership and duties.

1. A loess hills development and conservation authority is created. The counties of Lyon, Sioux, Plymouth, Cherokee, Woodbury, Ida, Sac, Monona, Crawford, Carroll, Harrison, Shelby, Audubon, Pottawattamie, Cass, Adair, Mills, Montgomery, Adams, Fremont, Page, and Taylor are entitled to one voting member each on the authority, but membership or participation in projects of the authority is not required. Each member of the authority shall be appointed by the respective board of supervisors for a term to be determined by each board of supervisors, but the term shall not be for less than one year. An appointee shall serve without compensation, but an appointee may be reimbursed for actual expenses

incurred while performing the duties of the authority as determined by each board of supervisors. The authority shall meet, organize, and adopt rules of procedures as deemed necessary to carry out its duties. The authority may appoint working committees that include other individuals in addition to voting members.

2. The mission of the authority is to develop and coordinate plans for projects related to the unique natural resource, rural development, and infrastructure problems of counties in the deep loess region of western Iowa. The erosion and degradation of stream channels in the deep loess soils has occurred due to historic channelization of the Missouri river and straightening stream channels of its tributaries. This erosion of land has damaged the rural infrastructure of this area, destroyed public roads and bridges,

adversely impacted stream water quality and riparian habitat, and affected other public and private improvements. Stabilization of stream channels is necessary to protect the rural infrastructure in the deep loess soils area of the state. The authority shall cooperate with the division of soil conservation of the department of agriculture and land stewardship, the affected soil and water conservation districts, the department of natural resources, and the state department of transportation in carrying out its mission and duties. The authority shall also cooperate with appropriate federal agencies, including the United States environmental protection agency, the United States department of interior, and the United States department of agriculture natural resources

conservation service. The authority shall make use of technical resources available through member counties and cooperating agencies.

3. The authority shall administer the loess hills development and conservation fund created under section 161D.2 and shall deposit and expend moneys in the fund for the planning, development, and implementation of development and conservation activities or measures in the member counties.

4. This section is not intended to affect the authority of the department of natural resources in its acquisition, development, and management of public lands within the counties represented by the authority.

b. (1) If it bears or contains, by reason of administration of any substance to the livestock or poultry or otherwise, any added poisonous or deleterious substance, other than one which is a pesticide chemical in or on a raw agricultural commodity; a food additive; or a color additive, which may, in the judgment of the secretary, make such article unfit for human food.

(2) If it is, in whole or in part, a raw agricultural commodity and such commodity bears or contains a pesticide chemical which is unsafe within the meaning of section 408 of the federal Food, Drug, and Cosmetic Act.

(3) If it bears or contains any food additive which is unsafe within the meaning of section 409 of the federal Food, Drug, and Cosmetic Act.

CHAPTER 198

COMMERCIAL FEED

198.9 Inspection fees and reports.

1. An inspection fee to be fixed annually by the secretary at a rate of not more than sixteen cents per ton, shall be paid on commercial feed distributed in this state by the person who first distributes the commercial feed, subject to the following:

a. The inspection fee is not required on the first distribution, if made to a qualified buyer who, with approval from the secretary, shall become responsible for the fee.

b. A fee shall not be paid on a commercial feed if the payment has been made by a previous distributor.

c. A fee shall not be paid on customer-formula feeds if the inspection fee is paid on the commercial feeds which are used as components of the customer-formula feeds.

d. A minimum semiannual fee shall be twenty dollars.

e. A licensed manufacturer shall pay the inspection fee on commercial feed that is fed to livestock owned by the licensee.

In the case of a pet food or specialty pet food, which is distributed in this state in packages of ten pounds or less, each product shall be registered and an annual registration fee of fifty dollars for each product shall be paid by January 1 of each year in lieu of the per ton rate as provided in this subsection. The inspection fee shall apply to those same products distributed in packages of more than ten pounds.

2. Each person who is liable for the payment of such fee shall:

a. File, not later than the last day of January and July of each year, a semiannual statement, setting forth the number of net tons of commercial feeds distributed in this state during the preceding six months and upon filing the statement shall pay the inspection fee at the rate stated in subsection 1. Inspection fees which are due and owing and have not been remitted to the secretary within fifteen days following the due date shall have a delinquency fee of ten percent of the amount due or fifty dollars, whichever is greater, added to the amount due when payment is finally made. The assessment of this delin-

quency fee does not prevent the department from taking other actions as provided in this chapter.

b. Keep such records as may be necessary or required by the secretary to indicate accurately the tonnage of commercial feed distributed in this state, and the secretary shall have the right to examine such records to verify statements of tonnage.

Failure to make an accurate statement of tonnage or to pay the inspection fee or comply as provided in this section is sufficient cause for cancellation of the license of the distributor.

3. Fees collected shall be deposited in the general fund of the state and shall be subject to the requirements of section 8.60. Moneys deposited under this section shall be used for the payment of the costs of inspection, sampling, analysis, supportive research, and other expenses necessary for the administration of this chapter.

If there is an unencumbered balance of funds from the fees deposited under this section on June 30 of any fiscal year equal to or exceeding one hundred thousand dollars, the secretary of agriculture shall reduce the per ton fee provided for in subsection 1 for the next fiscal year in such amount as will result in an ending estimated balance of the fees deposited less costs paid for from those fees for June 30 of the next fiscal year of one hundred thousand dollars.

The secretary shall publish a report not later than January 1 of each year. The report shall provide a detailed accounting of all sources of revenue deposited under and all dispositions of funds expended under this section. The report shall detail full-time equivalent positions used in fulfilling the requirements of this chapter. The report shall also indicate to what extent any full-time equivalent positions are shared with other programs. Copies of the report issued by the secretary pursuant to this subsection shall be delivered each year to the members of the house of representatives and senate standing committees on agriculture.

198.10 Rules.

1. The secretary may adopt rules for commercial feeds and pet foods as specifically authorized in this chapter and other reasonable rules necessary in order to carry out the purpose and intent of this chapter or to secure the efficient enforcement of this chapter. In the interest of uniformity the secretary shall adopt any rule based on regulations promulgated under the authority of the federal Food, Drug, and Cosmetic Act, 21 U.S.C. § 301 et seq., provided the secretary has the authority under this chapter to adopt the rule. However, the secretary is not required to adopt such a rule, if the secretary determines that the rule would be inconsistent with this chapter or not appropriate to conditions which exist in this state.

2. Before the issuance, amendment, or repeal of a rule authorized by this chapter, the secretary shall publish the proposed rule, amendment, or notice to repeal an existing rule in a manner reasonably cal-

culated to give interested parties, including all current licensees, adequate notice, and shall afford all interested persons an opportunity to be heard, orally or in writing, within a reasonable period of time. After consideration of all views presented by interested persons, the secretary shall take appropriate action to issue the proposed rule or to amend or repeal an existing rule. However, if the secretary adopts rules based on regulations promulgated under the authority of the federal Food, Drug, and Cosmetic Act, any amendment or modification adopted by the United States secretary of health and human services shall be adopted automatically under this chapter without regard to publication of the notice required by this subsection, unless the secretary by order specifically determines that an amendment or modification shall not be adopted.

Any place of public accommodation, employer, labor organization, or other person who has any employees or members who refuse or threaten to refuse to comply with the provisions of this chapter may file with the commission a verified written complaint in triplicate asking the commission for assistance to obtain their compliance by conciliation or other remedial action.

3. a. After the filing of a verified complaint, a true copy shall be served within twenty days by certified mail on the person against whom the complaint is filed. An authorized member of the commission staff shall make a prompt investigation and shall issue a recommendation to an administrative law judge under the jurisdiction of the commission, who shall then issue a determination of probable cause or no probable cause.

b. For purposes of this chapter, an administrative law judge issuing a determination of probable cause or no probable cause under this section is exempt from section 17A.17.

After the expiration of thirty days, the director may order the conciliation conference and persuasion procedure provided in this section to be bypassed when the director determines

the procedure is unworkable by reason of past patterns and practices of the respondent, or a statement by the respondent that the respondent is unwilling to continue with the conciliation. The director must have the approval of a commissioner before bypassing the conciliation, conference and persuasion procedure. Upon the bypassing of conciliation, the director shall state in writing the reasons for bypassing.

4. The members of the commission and its staff shall not disclose the filing of a complaint, the information gathered during the investigation, or the endeavors to eliminate such discriminatory or unfair practice by mediation, conference, conciliation, and persuasion, unless such disclosure is made in connection with the conduct of such investigation.

If upon taking into consideration all of the evidence at a hearing, the commission determines that the respondent has engaged in a discriminatory or unfair practice, the commission shall state its findings of fact and conclusions of law and shall issue an order requiring the respondent to cease and desist from the discriminatory or unfair practice and to take the necessary remedial action as in the judgment of the commission will carry out the purposes of this chapter. A copy of the order shall be delivered to the respondent, the complainant, and to any other public officers and persons as the commission deems proper.

(8) Payment to the complainant of damages for an injury caused by the discriminatory or unfair practice which damages shall include but are not limited to actual damages, court costs and reasonable attorney fees.

b. In addition to the remedies provided in the preceding provisions of this subsection, the commission may issue an order requiring the respondent to cease and desist from the discriminatory or unfair practice and to take such affirmative action as in the judgment of the commission will carry out the purposes of this chapter as follows:

(1) In the case of a respondent operating by virtue of a license issued by the state or a political subdivision or agency, if the commission, upon notice to the respondent with an opportunity to be heard, determines that the respondent has engaged in a discriminatory or unfair practice and that the practice was authorized, requested, commanded, performed or knowingly or recklessly tolerated by the board of directors of the respondent or by an officer or executive agent acting within the scope of the officer's or agent's employment, the commission shall so certify to the licensing agency. Unless the commission finding of a discriminatory or unfair practice is reversed in the course of judicial review, the finding of discrimination is binding on the licensing agency. If a certification is made pursuant to this subsection, the licensing agency may initiate licensee disciplinary procedures.

(2) In the case of a respondent who is found by the commission to have engaged in a discriminatory or unfair practice in the course of performing under a contract or subcontract with the state or political subdivision or agency, if the practice was authorized, requested, commanded, performed, or knowingly or recklessly tolerated by the board of directors of the respondent or by an officer or executive agent acting within the scope of the officer's or agent's employment, the commission shall so certify to the contracting agency. After determining the legal settlement of the adult person as provided by this chapter, the board of supervisors shall, on forms prescribed by the administrator, apply to the superintendent of the hospital-school in the district for the admission of the adult person to the hospital-school. An application for admission to a special unit of any adult person believed to be in need of any of the services provided by the special unit under section 222.88 may be made in the same manner, upon request of the adult person or the adult person's guardian. The superintendent shall accept the application providing a preadmission diagnostic evaluation confirms or establishes the need for admission, except that an application may not be accepted if the institution does not have adequate facilities available or if the acceptance will result in an overcrowded condition.

2. If the hospital-school has no appropriate program for the treatment of an adult or minor person with mental retardation applying under this section or section 222.13A, the board of supervisors shall arrange for the placement of the person in any public or private facility within or without the state, approved by the director of the department of human services, which offers appropriate services for the person.

3. Upon applying for admission of an adult or minor person to a hospital-school, or a special unit, the board of supervisors shall make a full investigation into the financial circumstances of that person and those liable for that person's support under section 222.78, to determine whether or not any of them are able to pay the expenses arising out of the admission of the person to a hospital-school or special treatment unit. If the board finds that the person or those legally responsible for the person are presently unable to pay the expenses, they shall direct that the

expenses be paid by the county. The board may review its finding at any subsequent time while the person remains at the hospital-school, or is otherwise receiving care or treatment for which this chapter obligates the county to pay. If the board finds that the person or those legally responsible for the person are able to pay the expenses, they shall direct that the charges be so paid to the extent required by section 222.78, and the county auditor shall be responsible for the collection of the charges.

If the hospital-school does not have appropriate services for the minor's treatment, the board of supervisors may arrange for the admission of the minor in a public or private facility within or without the state, approved by the director of human services, which offers appropriate services for the minor's treatment.

2. Upon receipt of an application for voluntary admission of a minor, the board of supervisors shall provide for a preadmission diagnostic evaluation of the minor to confirm or establish the need for the admission. The preadmission diagnostic evaluation shall be performed by a person who meets the qualifications of a qualified mental retardation professional.

3. During the preadmission diagnostic evaluation, the minor shall be informed both orally and in writing that the minor has the right to object to the voluntary admission. If the preadmission diagnostic evaluation determines that the voluntary admission is appropriate but the minor objects to the admission, the minor shall not be admitted to the state hospital-school unless the court approves of the admission. A petition for approval of the minor's admission may be submitted to the juvenile court by the minor's parent, guardian, or custodian.

4. As soon as practicable after the filing of a petition for approval of the voluntary admission, the court shall determine whether the minor has an attorney to represent the minor in the proceeding. If the minor does not have an attorney, the court shall assign to the minor an attorney. If the minor is unable to pay for an attorney, the attorney shall be compen-

sated in substantially the same manner as provided in section 815.7.

5. The court shall order the admission of a minor who objects to the admission, only after a hearing in which it is shown by clear and convincing evidence that both of the following circumstances exist:

a. The minor needs and will substantially benefit from treatment or habilitation.

b. A placement which involves less restriction of the minor's liberties for the purposes of treatment or habilitation is not feasible.

1. If the person is an adult and was admitted pursuant to an application by the person or the person's guardian and the request for release is made by a different person, the release is subject to the agreement of the person voluntarily admitted or the person's guardian, if the guardian submitted the application.

2. If the person is a minor who was admitted pursuant to the provisions of section 222.13A, the person's release prior to becoming eighteen years of age is subject to the consent of the person's parent, guardian, or custodian, or to the approval of the court if the admission was approved by the court.

3. a. If the administrator of the facility in which the patient is admitted certifies that in the administrator's opinion the release of the person would be contrary to the safety of the person or the community, the release may be postponed by a court order. The administrator's certification shall be filed with the clerk of the district court for the county in which the facility is located no later than one day following the submission of the written request for release. The period of postponement shall be the period of time the court determines necessary to permit the commencement of judicial proceedings for the person's involuntary commitment. The period of postponement shall not exceed five days unless the period of postponement is extended by court order for good cause shown.

b. If a petition for the person's involuntary commitment is timely filed, the administrator may detain the person in the facility and provide treatment until disposition of the petition. The treatment shall be limited to that necessary to preserve the person's life or to appropriately control behavior by the person which is likely to result in physical injury to the person or to others if allowed to continue. The administrator shall not otherwise provide treatment to the person without the person's consent.

222.60 Costs paid by county or state — diagnosis and evaluation.

All necessary and legal expenses for the cost of admission or commitment or for the treatment, training, instruction, care, habilitation, support and transportation of persons with mental retardation, as provided for in the county management plan provisions implemented pursuant to section 331.439, subsection 1, in a state hospital-school, or in a special unit, or any public or private facility within or without the state, approved by the director of the department of human services, shall be paid by either:

1. The county in which such person has legal settlement as defined in section 252.16.
2. The state when such person has no legal settlement or when such settlement is unknown.

Prior to a county of legal settlement approving the payment of expenses for a person under this section, the county may require that the person be diagnosed to determine if the person has mental retardation or that the person be evaluated to determine the appropriate level of services required to meet the person's needs relating to mental retardation. The diagnosis and the evaluation may be performed concurrently and shall be performed by an individual or individuals approved by the county who are qualified to perform the diagnosis or the evaluation. Following the initial approval for payment of expenses, the county of legal settlement may require that an evaluation be performed at reasonable time periods. The cost of a county-required diagnosis and an evaluation is at the county's expense. In the case of a person without legal settlement or whose legal settlement is unknown, the state may apply the diagnosis and evaluation provisions of this paragraph at the state's expense. A diagnosis or an evaluation under this section may be part of a county's single entry point process under section 331.440, provided that a diagnosis is performed only by an individual qualified as provided in this section.

A diagnosis of mental retardation under this section shall be made only when the onset of the person's condition was prior to the age of eighteen years and shall be based on an assessment of the person's intellectual functioning and level of adaptive skills. The diagnosis shall be made by an individual who is a psychologist or psychiatrist who is professionally trained to administer the tests required to assess intellectual functioning and to evaluate a person's adaptive skills.

A diagnosis of mental retardation shall be made in accordance with the criteria provided in the diagnostic and statistical manual of mental disorders, fourth edition, published by the American psychiatric association.

222.73 Billing of patient charges — computation of actual costs — cost settlement.

1. The superintendent of each hospital-school and special unit shall compute by February 1 the

average daily patient charge and outpatient treatment charges for which each county will be billed for services provided to patients chargeable to the county during the fiscal year beginning the following July 1. The department shall certify the amount of the charges to the director of revenue and finance and notify the counties of the billing charges.

a. The superintendent shall compute the average daily patient charge for a hospital-school or special unit for services provided in the following fiscal year, in accordance with generally accepted accounting procedures, by totaling the expenditures of the hospital-school or special unit for the immediately preceding calendar year, by adjusting the expenditures by a percentage not to exceed the percentage increase in the consumer price index for all urban consumers for the immediately preceding calendar year, and by dividing the adjusted expenditures by the total inpatient days of service provided during the immediately preceding calendar year.

b. The department shall compute the outpatient treatment charges, in accordance with generally accepted accounting procedures, on the basis of the actual cost of the outpatient treatment provided during the immediately preceding calendar year.

2. The superintendent shall certify to the director of revenue and finance the billings to each county for services provided to patients chargeable to the county during the preceding calendar quarter. The county billings shall be based on the average daily patient charge and outpatient treatment charges computed pursuant to subsection 1, and the number of inpatient days and outpatient treatment service units chargeable to the county. The billings to a county of legal settlement are subject to adjustment for all of the following circumstances:

a. The county billing for a patient shall be reduced by the amount received for the patient's care from a source other than state appropriated funds.

b. If more than twenty percent of the cost of a patient's care is initially paid from a source other than state appropriated funds, the amount paid shall be subtracted from the average per-patient-per-day cost of that patient's care and the patient's county shall be billed for the full balance of the cost so computed.

c. The county of a patient who is eligible for reimbursement under the medical assistance program shall be responsible for the costs which are not reimbursed by the medical assistance program, regardless of the level of care provided to the patient.

d. A county shall be responsible for eighty percent of the cost of care of a patient who is not eligible for reimbursement under the medical assistance program.

e. The billings for counties shall be credited with one hundred percent of the client participation for patients eligible for medical assistance in the calculation of the per diem rate for patients.

The per diem costs billed to each county shall not exceed the per diem costs in effect on July 1, 1988. However, the per diem costs may be adjusted annually to the extent of the adjustment in the consumer

price index published annually in the federal register by the federal department of labor, bureau of labor statistics.

3. The superintendent shall compute in January the actual per-patient-per-day cost for each hospital-school or special unit for the immediately preceding calendar year, in accordance with generally accepted accounting procedures, by totaling the actual expenditures of the hospital-school or special unit for the calendar year and by dividing the total actual expenditures by the total inpatient days of service provided during the calendar year.

4. The department shall certify to the director of revenue and finance and the counties by February 1 the actual per-patient-per-day costs, as computed pursuant to subsection 3, and the actual costs owed by each county for the immediately preceding calendar year for patients chargeable to the county. If the actual costs owed by the county are greater than the charges billed to the county pursuant to subsection 2, the director of revenue and finance shall bill the county for the difference with the billing for the quarter ending June 30. If the actual costs owed by

the county are less than the charges billed to the county pursuant to subsection 2, the director of revenue and finance shall credit the county for the difference starting with the billing for the quarter ending June 30.

5. A superintendent of a hospital-school or special unit may enter into a contract with a person for the hospital-school or special unit to provide consultation or treatment services. The contract provisions shall include charges which reflect the actual cost of providing the services. Any income from a contract authorized under this subsection may be retained by the hospital-school or special unit to defray the costs of providing the services. Except for a contract voluntarily entered into by a county under this subsection, the costs or income associated with a contract authorized under this subsection shall not be considered in computing charges and per diem costs in accordance with the provisions of subsections 1 through 4 of this section.

Subsection 14, paragraph c amended

229.22 Hospitalization — emergency procedure.

1. The procedure prescribed by this section shall not be used unless it appears that a person should be immediately detained due to serious mental impairment, but that person cannot be immediately detained by the procedure prescribed in sections 229.6 and 229.11 because there is no means of immediate access to the district court.

2. In the circumstances described in subsection 1, any peace officer who has reasonable grounds to believe that a person is mentally ill, and because of that illness is likely to physically injure the person's self or others if not immediately detained, may without a warrant take or cause that person to be taken to the nearest available facility as defined in section 229.11, subsections 2 and 3. A person believed mentally ill, and likely to injure the person's self or others if not immediately detained, may be delivered to a hospital by someone other than a peace officer. Upon delivery of the person believed mentally ill to the hospital, the chief medical officer may order treatment of that person, including chemotherapy, but only to the extent necessary to preserve the person's life or to appropriately control behavior by the person which is likely to result in physical injury to that person or others if allowed to continue. The peace officer who took the person into custody, or other party who brought the person to the hospital, shall describe the circumstances of the matter to the chief

medical officer. If the chief medical officer finds that there is reason to believe that the person is seriously mentally impaired, and because of that impairment is likely to physically injure the person's self or others if not immediately detained, the chief medical officer shall at once communicate with the nearest available magistrate as defined in section 801.4, subsection 10. The magistrate shall, based upon the circumstances described by the chief medical officer, give the chief medical officer verbal instructions either directing that the person be released forthwith or authorizing the person's continued detention at that facility. In the latter case, the magistrate shall:

a. By the close of business on the next working day, file with the clerk a written report stating the substance of the information on the basis of which the person's continued detention was ordered; and

b. Proceed to the facility where the person is being detained within twenty-four hours of giving instructions that the person be detained.

3. Upon arrival at the hospital, the magistrate shall at once review the matter. Unless convinced upon initial inquiry that there are no grounds for further detention of the person, the magistrate shall in the manner prescribed by section 229.8, subsection 1 insure that the person has or is provided legal counsel at the earliest practicable time, and shall arrange for the counsel to be present, if practicable, before proceeding further under this section. If the magistrate finds upon review of the report prepared by the chief medical officer under subsection 2 of this section, and of such other information or evidence as the magistrate deems pertinent, that there is probable cause to believe that the person is seriously mentally impaired and because of that impairment is likely to physically injure the person's self or others if not detained, the magistrate shall enter a written order for the person to be detained in custody and, if the facility where the person is at that time is not an appropriate hospital, transported to an appropriate hospital. The magistrate's order shall state the circumstances under which the person was taken into custody or otherwise brought to a hospital and the grounds supporting the finding of probable cause to believe that the person is seriously mentally impaired and likely to physically injure the person's self or others if not immediately detained. The order shall be filed with the clerk of the district court in the county where it is anticipated that an application will be filed under section 229.6, and a certified copy of the order shall be delivered to the chief medical officer of the hospital where the person is detained, at the earliest practicable time.

4. The chief medical officer of the hospital shall examine and may detain and care for the person taken into custody under the magistrate's order for a period not to exceed forty-eight hours from the time such order is dated, excluding Saturdays, Sundays and holidays, unless the order is sooner dismissed by a magistrate. The hospital may provide treatment which is necessary to preserve the person's life, or to appropriately control behavior by the person which is

likely to result in physical injury to the person's self or others if allowed to continue, but may not otherwise provide treatment to the person without the person's consent. The person shall be discharged from the hospital and released from custody not later than the expiration of that period, unless an application for the person's involuntary hospitalization is sooner filed with the clerk pursuant to section 229.6. The detention of any person by the procedure and not in excess of the period of time prescribed by this section shall not render the peace officer, physician or hospital so detaining that person liable in a criminal or civil action for false arrest or false imprisonment if the peace officer, physician or hospital had reasonable grounds to believe the person so detained was mentally ill and likely to physically injure the person's self or others if not immediately detained.

5. The cost of hospitalization at a public hospital of a person detained temporarily by the procedure prescribed in this section shall be paid in the same way as if the person had been admitted to the hospital by the procedure prescribed in sections 229.6 to 229.13.

95 Acts, ch 24, §2
Subsection 2 amended

229.24 Records of involuntary hospitalization proceeding to be confidential.

1. All papers and records pertaining to any involuntary hospitalization or application for involuntary hospitalization of any person under this chapter, whether part of the permanent record of the court or of a file in the department of human services, are subject to inspection only upon an order of the court for good cause shown. Nothing in this section shall

1. If a dispute arises between different counties or between the administrator and a county as to the legal settlement of a person admitted or committed to a state hospital for the mentally ill, the attorney general, at the request of the administrator, shall, without the advancement of fees, cause an action to be brought in the district court of any county where such dispute exists, to determine the person's legal settlement. This action may be brought at any time when it appears that the dispute cannot be amicably settled. All counties which may be the place of the legal settlement, so far as known, shall be made defendants and the allegation of the settlement may be in the alternative. The action shall be tried as in equity.

1. The superintendent of each mental health institute shall compute by February 1 the average daily patient charges and other service charges for which each county will be billed for services provided to patients chargeable to the county during the fiscal year beginning the following July 1. The department shall certify the amount of the charges to the director of revenue and finance and notify the counties of the billing charges.

a. The superintendent shall separately compute by program the average daily patient charge for a mental health institute for services provided in the following fiscal year, in accordance with generally accepted accounting procedures, by totaling the expenditures of the program for the immediately preceding calendar year, by adjusting the expenditures by a percentage not to exceed the percentage increase in the consumer price index for all urban consumers for the immediately preceding calendar year, and by dividing the adjusted expenditures by the total inpatient days of service provided in the program during the immediately preceding calendar year. However, the superintendent shall not include the following in the computation of the average daily patient charge:

(1) The costs of food, lodging, and other maintenance provided to persons not patients of the hospital.

(2) The costs of certain direct medical services identified in administrative rule, which may include but need not be limited to X-ray, laboratory, and dental services.

(3) The costs of outpatient and state placement services.

(4) The costs of the psychiatric residency program.

(5) The costs of the chaplain intern program.

b. The department shall compute the direct medical services, outpatient, and state placement services charges, in accordance with generally accepted accounting procedures, on the basis of the actual cost of the services provided during the immediately preceding calendar year. The direct medical services, outpatient, and state placement services shall be billed directly against the patient who received the services.

2. The superintendent shall certify to the director of revenue and finance the billings to each county for services provided to patients chargeable to the county during the preceding calendar quarter. The county billings shall be based on the average daily patient charge and other service charges computed pursuant to subsection 1, and the number of inpa-

tient days and other service units chargeable to the county. However, a county billing shall be decreased by an amount equal to reimbursement by a third party payor or estimation of such reimbursement from a claim submitted by the superintendent to the third party payor for the preceding calendar quarter. When the actual third party payor reimbursement is greater or less than estimated, the difference shall be reflected in the county billing in the calendar quarter the actual third party payor reimbursement is determined. The per diem costs billed to each county shall not exceed the per diem costs in effect on July 1, 1988. However, the per diem costs may be adjusted annually to the extent of the adjustment in the consumer price index published annually in the federal register by the federal department of labor, bureau of labor statistics.

3. The superintendent shall compute in January the actual per-patient-per-day cost for each mental health institute for the immediately preceding calendar year, in accordance with generally accepted accounting procedures, by totaling the actual expenditures of the mental health institute for the calendar year and by dividing the total actual expenditures by the total inpatient days of service provided during the calendar year.

4. The department shall certify to the director of revenue and finance and the counties by February 1 the actual per-patient-per-day costs, as computed pursuant to subsection 3, and the actual costs owed by each county for the immediately preceding calendar year for patients chargeable to the county. If the actual costs owed by the county are greater than the charges billed to the county pursuant to subsection 2, the director of revenue and finance shall bill the county for the difference with the billing for the quarter ending June 30. If the actual costs owed by the county are less than the charges billed to the county pursuant to subsection 2, the director of revenue and finance shall credit the county for the difference starting with the billing for the quarter ending June 30.

5. An individual statement shall be prepared for a patient on or before the fifteenth day of the month following the month in which the patient leaves the mental health institute, and a general statement shall be prepared at least quarterly for each county to which charges are made under this section. Except as otherwise required by sections 125.33 and 125.34 the general statement shall list the name of each patient chargeable to that county who was served by the mental health institute during the preceding month or calendar quarter, the amount due on account of each patient, and the specific dates for which any third party payor reimbursement received by the state is applied to the statement and billing, and the county shall be billed for eighty percent of the stated charge for each patient specified in this subsection. The statement prepared for each county shall be certified by the department to the director of revenue and finance and a duplicate statement shall be mailed to the auditor of that county.

6. All or any reasonable portion of the charges incurred for services provided to a patient, to the most recent date for which the charges have been computed, may be paid at any time by the patient or by any other person on the patient's behalf. Any payment so made, and any federal financial assistance received pursuant to Title XVIII or XIX of the federal Social Security Act for services rendered to a patient, shall be credited against the patient's account and, if the charges so paid have previously been billed to a county, reflected in the mental health institute's next general statement to that county.

7. A superintendent of a mental health institute may enter into a contract with a person for the mental health institute to provide consultation or treatment services. The contract provisions shall include charges which reflect the actual cost of providing the services. Any income from a contract

authorized under this subsection may be retained by the mental health institute to defray the costs of providing the services. Except for a contract voluntarily entered into by a county under this subsection, the costs or income associated with a contract authorized under this subsection shall not be considered in computing charges and per diem costs in accordance with the provisions of subsections 1 through 6 of this section.

8. The department shall provide a county with information, which is not otherwise confidential under law, in the department's possession concerning a patient whose cost of care is chargeable to the county, including but not limited to the information specified in section 229.24, subsection 3.

4. A child shall not be detained in a facility under subsection 2, paragraph "c" for a period of time in excess of six hours without the oral or written order of a judge or a magistrate authorizing the detention. 232.28 Intake.

1. Any person having knowledge of the facts may file a complaint with the court or its designee alleging that a child has committed a delinquent act. A written record shall be maintained of any oral complaint received.

2. The court or its designee shall refer the complaint to an intake officer who shall consult with law enforcement authorities having knowledge of the facts and conduct a preliminary inquiry to determine what action should be taken.

a. Interview the complainant, victim or witnesses of the alleged delinquent act.

b. Check existing records of the court, law enforcement agencies and public records of other agencies.

4. Any additional inquiries may be made only with the consent of the child and the child's parent or parents, guardian or custodian.

5. Participation of the child and the child's parent or parents, guardian or custodian in a conference with an intake officer shall be voluntary, and they shall have the right to refuse to participate in such conference. At such conference the child shall have the right to the assistance of counsel in accordance with section 232.11 and the right to remain silent when questioned by the intake officer.

6. The intake officer, after consultation with the county attorney when necessary, shall determine whether the complaint is legally sufficient for the filing of a petition. A complaint shall be deemed legally sufficient for the filing of a petition if the facts as alleged are sufficient to establish the jurisdiction of the court and probable cause to believe that the child has committed a delinquent act. If the intake officer determines that the complaint is legally sufficient to support the filing of a petition, the officer shall determine whether the interests of the child and the public will best be served by the dismissal of the complaint, the informal adjustment of the complaint, or the filing of a petition.

7. If the intake officer determines that the complaint is not legally sufficient for the filing of a petition or that further proceedings are not in the best interests of the child or the public, the intake officer shall dismiss the complaint.

8. If the intake officer determines that the complaint is legally sufficient for the filing of a petition and that an informal adjustment of the complaint is in the best interests of the child and the community, the officer may make an informal adjustment of the complaint in accordance with section 232.29.

9. If the intake officer determines that the complaint is legally sufficient for the filing of a petition and that the filing of a petition is in the best interests of the child and the public, the officer shall request the county attorney to file a petition in accordance with section 232.35.

10. A complaint filed with the court or its designee pursuant to this section which alleges that a child has committed a delinquent act which if committed by an adult would be an aggravated misdemeanor or a felony shall be a public record and shall not be confidential under section 232.147. c. Any informal adjustment agreement shall be entered into voluntarily and intelligently by the child with the advice of the child's attorney, or by the child with the consent of a parent, guardian, or custodian if the child is not represented by counsel.

d. The terms of such agreement shall be clearly stated in writing and signed by all parties to the agreement and a copy of this agreement shall be given to the child; the counsel for the child; the parent, guardian or custodian; and the intake officer, who shall retain the copy in the case file.

e. An agreement providing for the supervision of a child by a juvenile court officer or the provision of intake services shall not exceed six months.

f. An agreement providing for the referral of a child to a public or private agency for services shall not exceed six months.

g. The child and the child's parent, guardian or custodian shall have the right to terminate such agreement at any time and to request the filing of a petition and a formal adjudication.

h. If an informal adjustment of a complaint has been made, a petition based upon the events out of which the original complaint arose may be filed only during the period of six months from the date the informal adjustment agreement was entered into. If a petition is filed within this period the child's compliance with all proper and reasonable terms of the agreement shall be grounds for dismissal of the petition by the court.

i. The person performing the duties of intake officer shall file a report at least annually with the court listing the number of informal adjustments made during the reporting time, the conditions imposed in each case, the number of informal adjustments resulting in dismissal without the filing of a petition, and the number of informal adjustments resulting in the filing of a petition upon the original complaint.

2. An informal adjustment agreement may prohibit a child from driving a motor vehicle for a specified period of time or under specific circumstances, require the child to perform a work assignment of value to the state or to the public, or require the child to make restitution consisting of a monetary payment to the victim or a work assignment directly of value to the victim. The juvenile court officer shall notify the state department of transportation of the informal adjustment prohibiting the child from driving.

3. The person performing the duties of intake officer shall notify the superintendent of the school district or the superintendent's designee, or the authorities in charge of the nonpublic school which the child attends, of any informal adjustment regarding the child, fourteen years of age or older, for an act which would be an aggravated misdemeanor or felony if committed by an adult.

4. An informal adjustment agreement regarding a child who has been placed in detention under section 232.22, subsection 1, paragraph "g", may include a provision that the child voluntarily partici-

The summons shall attach a copy of the petition and shall give notification of the right to counsel provided for in section 232.11.

2. Notice of the pendency of the case shall be served upon the known parents, guardians or legal custodians of a child if these persons are not summoned to appear as provided in subsection 1. Notice shall also be served upon the child and upon the child's guardian ad litem, if any. The notice shall attach a copy of the petition and shall give notification of the right to counsel provided for in section 232.11.

3. Upon request of the child who is identified in the petition as a party to the proceeding, the child's parent, guardian or custodian, a county attorney or on the court's own motion, the court or the clerk of the court shall issue subpoenas requiring the attendance and testimony of witnesses and production of papers at any hearing under this division.

4. Service of summons or notice shall be made personally by the delivery of a copy of the summons or notice to the person being served. If the court determines that personal service of a summons or notice is impracticable, the court may order service by certified mail addressed to the last known address. Service of summons or notice shall be made not less than five days before the time fixed for hearing. Service of summons, notice, subpoenas or other process, after an initial valid summons or notice, shall be made in accordance with the rules of the court governing such service in civil actions.

5. If a person personally served with a summons or subpoena fails without reasonable cause to appear or to bring the child, the person may be proceeded against for contempt of court or the court may issue an order for the arrest of such person or both the arrest of the person and the taking into custody of the child.

6. The court may issue an order for the removal of the child from the custody of the child's parent, guardian or custodian when there exists an immediate threat that the parent, guardian or custodian will flee the state with the child, or when it appears that the child's immediate removal is necessary to avoid imminent danger to the child's life or health.

95 Acts, ch 92, §1
Subsection 4 amended

232.44 Detention or shelter care hearing — release from detention upon change of circumstance.

1. A hearing shall be held within forty-eight hours, excluding Saturdays, Sundays, and legal holidays, of the time of the child's admission to a shelter care facility, and within twenty-four hours, excluding Saturdays, Sundays, and legal holidays, of the time of a child's admission to a detention facility. If the hearing is not held within the time specified, the child shall be released from shelter care or detention. Prior to the hearing a petition shall be filed, except where the child is already under the supervision of a juvenile court under a prior judgment.

If the child is placed in a detention facility in a county other than the county in which the child resides or in which the delinquent act allegedly occurred but which is within the same judicial district, the hearing may take place in the county in which the detention facility is located. The child shall appear in person at the hearing required by this subsection.

2. The county attorney or a juvenile court officer may apply for a hearing at any time after the petition is filed to determine whether the child who is the subject of the petition should be placed in detention or shelter care. The court may upon the application or upon its own motion order such hearing.

3. A notice shall be served upon the child, the child's attorney, the child's guardian ad litem if any, and the child's known parent, guardian, or custodian not less than twelve hours before the time the hearing is scheduled to begin and in a manner calculated fairly to apprise the parties of the time, place, and purpose of the hearing. If the court finds that there has been reasonably diligent effort to give notice to a parent, guardian, or custodian and that the effort has been unavailing, the hearing may proceed without the notice having been served.

4. At the hearing the court shall admit only testimony and other evidence relevant to the determination of whether there is probable cause to believe the child has committed the act as alleged in the petition and to the determination of whether the placement of the child in detention or shelter care is authorized under section 232.21 or 232.22. Any written reports or records made available to the court at the hearing shall be made available to the parties. A copy of the petition shall be given to each of the parties at or before the hearing.

5. The court shall find release to be proper under the following circumstances:

a. If the court finds that there is not probable cause to believe that the child is a child within the jurisdiction of the court under this chapter, it shall release the child and dismiss the petition.

b. If the court finds that detention or shelter care is not authorized under section 232.21 or 232.22, or is authorized but not warranted in a particular case, the court shall order the child's release, and in so doing, may impose one or more of the following conditions:

(1) Place the child in the custody of a parent, guardian or custodian under that person's supervi-

sion, or under the supervision of an organization which agrees to supervise the child.

(2) Place restrictions on the child's travel, association, or place of residence during the period of release.

(3) Impose any other condition deemed reasonably necessary and consistent with the grounds for detaining children specified in section 232.21 or 232.22, including a condition requiring that the child return to custody as required.

c. An order releasing a child on conditions specified in this section may be amended at any time to impose equally or less restrictive conditions. The order may be amended to impose additional or more restrictive conditions, or to revoke the release, if the child has failed to conform to the conditions originally imposed.

6. If the court finds that there is probable cause to believe that the child is within the jurisdiction of the court under this chapter and that full-time detention or shelter care is authorized under section 232.21 or 232.22, it may issue an order authorizing either shelter care or detention until the adjudicatory hearing is held or for a period not exceeding seven days whichever is shorter.

7. If a child held in shelter care or detention by court order has not been released after a detention hearing or has not appeared at an adjudicatory hearing before the expiration of the order of detention, an additional hearing shall automatically be scheduled for the next court day following the expiration of the order. The child, the child's counsel, the child's guardian ad litem, and the child's parent, guardian or custodian shall be notified of this hearing not less than twenty-four hours before the hearing is scheduled to take place. The hearing required by this subsection may be held by telephone conference call.

8. A child held in a detention or shelter care facility under order of court after a hearing may be released upon a showing that a change of circumstances makes continued detention unnecessary.

9. A written request for the release of the child, setting forth the changed circumstances, may be filed by the child, by a responsible adult on the child's behalf, by the child's custodian, or by the juvenile court officer.

10. Based upon the facts stated in the request for release the court may grant or deny the request without a hearing, or may order that a hearing be held at a date, time and place determined by the court. Notice of the hearing shall be given to the child and the child's custodian or counsel. Upon receiving evidence at the hearing, the court may release the child to the child's custodian or other suitable person, or may deny the request and remand the child to the detention or shelter care facility.

11. This section does not apply to a child placed in accordance with section 232.78, 232.79, or 232.95.

95 Acts, ch 67, §15
Subsection 7 amended

232.45A Waiver to and conviction by district court — processing.

1. Once jurisdiction over a child has been waived

by the juvenile court as provided in section 232.45, for the alleged commission of a felony, and once a conviction is entered by the district court, for all other offenses, the clerk of the juvenile court shall immediately send a certified copy of the findings required by section 232.45, subsection 8, and the judgment of conviction, as applicable, to the department of public safety. The department shall maintain a file on each child who has previously been waived to or waived to and convicted by the district court in a prosecution as an adult. The file shall be accessible by law enforcement officers on a twenty-four hour per day basis.

2. Once a child sixteen years of age or older has been waived to and convicted of an aggravated misdemeanor or a felony in the district court, all criminal proceedings against the child for any aggravated misdemeanor or felony occurring subsequent to the date of the conviction of the child shall begin in district court, notwithstanding sections 232.8 and 232.45. A copy of the findings required by section 232.45, subsection 8, shall be made a part of the record in the district court proceedings.

3. If proceedings against a child for an aggravated misdemeanor or a felony who has previously been waived to and convicted of an aggravated misdemeanor or a felony in the district court are mistakenly begun in the juvenile court, the matter shall be transferred to district court upon the discovery of the prior waiver and conviction, notwithstanding sections 232.8 and 232.45.

95 Acts, ch 191, §12
Section amended

232.46 Consent decree.

1. At any time after the filing of a petition and prior to entry of an order of adjudication pursuant to section 232.47, the court may suspend the proceedings on motion of the county attorney or the child's counsel, enter a consent decree, and continue the case under terms and conditions established by the court. These terms and conditions may include prohibiting a child from driving a motor vehicle for a specified period of time or under specific circumstances, or the supervision of the child by a juvenile court officer or other agency or person designated by the court, and may include the requirement that the child perform a work assignment of value to the state or to the public or make restitution consisting of a monetary payment to the victim or a work assignment directly of value to the victim. The court shall notify the state department of transportation of an order prohibiting the child from driving.

2. A consent decree entered regarding a child placed in detention under section 232.22, subsection 1, paragraph "g", shall require the child to attend a batterers' treatment program under section 708.2B. The second time the child fails to attend the batterers' treatment as required by the consent decree shall result in the decree being vacated and proceedings commenced under section 232.47.

3. A consent decree shall not be entered unless the child and the child's parent, guardian or custo-

dian is informed of the consequences of the decree by the court and the court determines that the child has voluntarily and intelligently agreed to the terms and conditions of the decree. If the county attorney objects to the entry of a consent decree, the court shall proceed to determine the appropriateness of entering a consent decree after consideration of any objections or reasons for entering such a decree.

4. A consent decree shall remain in force for six months unless the child is sooner discharged by the court or by the juvenile court officer or other agency or person supervising the child. Upon application of a juvenile court officer or other agency or person supervising the child made prior to the expiration of the decree and after notice and hearing, or upon agreement by the parties, a consent decree may be extended for an additional six months by order of the court.

5. When a child has complied with the express terms and conditions of the consent decree for the required amount of time or until earlier dismissed as provided in subsection 4, the original petition may not be reinstated. However, failure to so comply may result in the child's being thereafter held accountable as if the consent decree had never been entered.

6. A child who is discharged or who completes a period of continuance without the reinstatement of the original petition shall not be proceeded against in any court for a delinquent act alleged in the petition.

3. When the court enters an order placing a child on probation pursuant to this section, the court may in cases of change of residency transfer jurisdiction of the child to the juvenile court of the county where the child's residence is established. eliminate the need for removal of the child from the child's home.

When the court orders the transfer of legal custody of a child pursuant to subsection 2, paragraph "d", and the child is sixteen years of age or older, the order shall specify the services needed to assist the child in preparing for the transition from foster care to independent living. If the child is interested in pursuing higher education, the plan shall provide for the child's participation in the college student aid commission's program of assistance in applying for federal and state aid under section 261.2.

7. If the court orders the transfer of the custody of the child to the department of human services or to another agency for placement in foster group care, the department or agency shall make every reasonable effort to place the child within the state, in the least restrictive setting available and in close proximity to the parents' home, consistent with the child's best interests and special needs, and shall consider the placement's proximity to the school in which the child is enrolled at the time of placement.

8. If a child has previously been adjudicated as a child in need of assistance, and a social worker or other caseworker from the department of human services has been assigned to work on the child's case, the court may order the department of human services to assign the same social worker or caseworker to work on any matters related to the child arising under this division.

9. *a.* Upon receipt of an application from the director of the department of human services, the court shall enter an order to temporarily transfer a child who has been placed in the state training school pursuant to subsection 2, paragraph "e", to a facility which has been designated to be an alternative placement site for the state training school, provided the court finds that all of the following conditions exist:

(1) There is insufficient time to file a motion and hold a hearing for a substitute dispositional order under section 232.54.

(2) Immediate removal of the child from the state training school is necessary to safeguard the child's physical or emotional health.

(3) That reasonable attempts to notify the parents, guardian ad litem, and attorney for the child have been made.

b. If the court finds the conditions in paragraph "a" exist and there is insufficient time to provide notice as required under rule of juvenile procedure 4.6, the court may enter an ex parte order temporarily transferring the child to the alternative placement site.

c. Within three days of the child's transfer, the director shall file a motion for a substitute dispositional order under section 232.54 and the court shall hold a hearing concerning the motion within fourteen days of the child's transfer.

232.54 Termination, modification, or vacation and substitution of dispositional order.

At any time prior to its expiration, a dispositional order may be terminated, modified, or vacated and another dispositional order substituted therefor only in accordance with the following provisions:

1. With respect to a dispositional order made pursuant to section 232.52, subsection 2, paragraph "a", "b" or "c" and upon the motion of a child, a child's parent or guardian, a child's guardian ad litem, a person supervising the child under a dispositional order, a county attorney, or upon its own motion, the court may terminate the order and discharge the child, modify the order, or vacate the order and substitute another order pursuant to the provisions of section 232.52. Notice shall be afforded all parties, and a hearing shall be held at the request of any party.

2. With respect to a dispositional order made pursuant to section 232.52, subsection 2, paragraphs "d", and "e", the court shall grant a motion of the person to whom custody has been transferred for termination of the order and discharge of the child, for modification of the order by imposition of less restrictive conditions, or for vacation of the order and substitution of a less restrictive order unless there is clear and convincing evidence that there has not been a change of circumstance sufficient to grant the motion. Notice shall be afforded all parties, and a hearing shall be held at the request of any party or upon the court's own motion.

3. With respect to a dispositional order made pursuant to section 232.52, subsection 2, paragraphs "d", or "e" or "f", the court shall grant a motion of a person or agency to whom custody has been transferred for modification of the order by transfer to an equally restrictive placement, unless there is clear and convincing evidence that there has not been a change of circumstance sufficient to grant the motion. Notice shall be afforded all parties, and a hearing shall be held at the request of any party or upon the court's own motion.

4. With respect to a dispositional order made pursuant to section 232.52, subsection 2, paragraphs "d", "e" or "f", the court may, after notice and hearing, either grant or deny a motion of the child, the child's parent or guardian, or the child's guardian ad litem, to terminate the order and discharge the child, to modify the order either by imposing less restrictive conditions or by transfer to an equally or less restrictive placement, or to vacate the order and substitute a less restrictive order. A motion may be made pursuant to this paragraph no more than once every six months.

5. With respect to a dispositional order made pursuant to section 232.52, subsection 2, paragraphs "d" and "e", the court may, after notice and a hearing at which there is presented clear and convincing evidence to support such an action, either grant or deny a motion by a county attorney or by a person or agency to whom custody has been transferred, to modify an order by imposing more restrictive condi-

6. With respect to a temporary transfer order made pursuant to section 232.52, subsection 9, if the court finds that removal of a child from the state training school is necessary to safeguard the child's physical or emotional health and is in the best interests of the child, the court shall grant the director's motion for a substitute dispositional order to place the child in a facility which has been designated to be an alternative placement site for the state training school.

Notice requirements of this section shall be satisfied in the same manner as for adjudicatory hearings as provided in section 232.37 except that notice shall be waived regarding a person who was notified of the adjudicatory hearing and who failed to appear. 1. "*Child*" means any person under the age of eighteen years.

2. "*Child abuse*" or "*abuse*" means:

a. Any nonaccidental physical injury, or injury which is at variance with the history given of it, suffered by a child as the result of the acts or omissions of a person responsible for the care of the child.

b. Any mental injury to a child's intellectual or psychological capacity as evidenced by an observable and substantial impairment in the child's ability to function within the child's normal range of performance and behavior as the result of the acts or omissions of a person responsible for the care of the child, if the impairment is diagnosed and confirmed by a licensed physician or qualified mental health professional as defined in section 622.10.

c. The commission of a sexual offense with or to a child pursuant to chapter 709, section 726.2, or section 728.12, subsection 1, as a result of the acts or omissions of the person responsible for the care of the child. Notwithstanding section 702.5, the commission of a sexual offense under this paragraph includes any sexual offense referred to in this paragraph with or to a person under the age of eighteen years.

d. The failure on the part of a person responsible for the care of a child to provide for the adequate food, shelter, clothing or other care necessary for the child's health and welfare when financially able to do so or when offered financial or other reasonable means to do so. A parent or guardian legitimately practicing religious beliefs who does not provide specified medical treatment for a child for that reason alone shall not be considered abusing the child, however this provision shall not preclude a court from ordering that medical service be provided to the child where the child's health requires it.

e. The acts or omissions of a person responsible for the care of a child which allow, permit, or encourage the child to engage in acts prohibited pursuant to section 725.1. Notwithstanding section 702.5, acts or omissions under this paragraph include an act or omission referred to in this paragraph with or to a person under the age of eighteen years.

f. An illegal drug is present in a child's body as a direct and foreseeable consequence of the acts or omissions of the person responsible for the care of the child which a reasonable and prudent person knew or should have known is likely to lead to the drug's presence in the child's body.

3. "*Confidential access to a child*" means access to a child, during an investigation of an alleged act of child abuse, who is alleged to be the victim of the child abuse. The access may be accomplished by interview, observation, or examination of the child. As used in this subsection:

a. "*Interview*" means the verbal exchange between the department investigator and the child for the purpose of developing information necessary to protect the child. A department investigator is not precluded from recording visible evidence of abuse.

b. "*Observation*" means direct physical viewing of a child under the age of four by the department investigator where the viewing is limited to the child's body other than the genitalia and pubes. "*Observation*" also means direct physical viewing of a child age four or older by the department investigator without touching the child or removing an article of the child's clothing, and doing so without the consent of the child's parent, custodian, or guardian. A department investigator is not precluded from recording evidence of abuse obtained as a result of a child's voluntary removal of an article of clothing without inducement by the investigator. However, if prior consent of the child's parent or guardian, or an ex parte court order, is obtained, "*observation*" may include viewing the child's unclad body other than the genitalia and pubes.

c. "*Examination*" means direct physical viewing, touching, and medically necessary manipulation of any area of the child's body by a physician licensed under chapter 148 or 150A.

4. "*Department*" means the state department of human services and includes the local, county and regional offices of the department.

6. "*Mental health professional*" means a person who meets the following requirements:

a. Holds at least a master's degree in a mental health field, including, but not limited to, psychology, counseling, nursing, or social work; or is licensed to practice medicine pursuant to chapter 148, 150, or 150A.

c. An employee or agent of any public or private facility providing care for a child, including an institution, hospital, health care facility, group home, mental health center, residential treatment center, shelter care facility, detention center, or child care facility.

d. Any person providing care for a child, but with whom the child does not reside, without reference to the duration of the care.

Subsection 5 amended

232.71 Duties of the department upon receipt of report.

1. If a report is determined to constitute a child abuse allegation, the department of human services shall promptly commence an appropriate investigation. The primary purpose of this investigation shall be the protection of the child named in the report. The department, within five working days of commencing the investigation, shall provide written notification of the investigation to the child's parents. However, if the department shows the court to the court's satisfaction that notification is likely to endanger the child or other persons, the court shall orally direct the department to withhold notification. Within one working day of issuing an oral directive, the court shall issue a written order restraining the notification. The department shall not reveal in the written notification to the parents or otherwise the identity of the reporter of child abuse during an investigation to a subject of a child abuse report listed in section 235A.15, subsection 2, paragraph "a". If a report is determined not to constitute a child abuse allegation, but a criminal act harming a child is alleged, the department shall immediately refer the matter to the appropriate law enforcement agency.

2. The investigation shall include:

a. Identification of the nature, extent and cause of the injuries, if any, to the child named in the report.

b. The identification of the person or persons responsible therefor.

c. The name, age and condition of other children in the same home as the child named in the report.

d. An evaluation of the home environment. If protective concerns are identified, the department shall evaluate the child named in the report and any other children in the same home as the parents or other persons responsible for their care.

e. An interview of the person alleged to have committed the child abuse, if the person's identity and location are known, to afford the person the opportunity to address the allegations of the child abuse report. The interview shall be conducted, or an opportunity for an interview shall be provided, prior to a determination of child abuse being made. The court may waive the requirement of the interview for good cause.

3. The investigation may, with the consent of the parent or guardian, include a visit to the home of the child named in the report and an interview or observation of the child may be conducted. If permission to enter the home to interview or observe the child is refused, the juvenile court or district court upon a showing of probable cause may authorize the person making the investigation to enter the home and interview or observe the child. The department may utilize a multidisciplinary team in investigations of child abuse.

4. Based on an investigation of alleged child abuse by an employee of a facility providing care to a child, the department shall notify the licensing authority for the facility, the governing body of the facility, and the administrator in charge of the facility of any of the following:

a. A violation of facility policy noted in the investigation.

b. An instance in which facility policy or lack of facility policy may have contributed to the alleged child abuse.

c. An instance in which general practice in the facility appears to differ from the facility's written policy.

The licensing authority, the governing body, and the administrator in charge of the facility shall take any lawful action which may be necessary or advisable to protect children residing in the facility.

5. a. The department of human services may request information from any person believed to have knowledge of a child abuse case. The county attorney, any law enforcement or social services agency in the state, and any mandatory reporter, whether or not the reporter made the specific child abuse report, shall cooperate and assist in the investigation upon the request of the department of human services. The county attorney and appropriate law enforcement agencies shall also take any other lawful action which may be necessary or advisable for the protection of the child.

b. If the department refers a child to a physician for a physical examination, the department shall contact the physician concerning the examination within twenty-four hours of making the referral. If the physician who performs the examination upon referral by the department reasonably believes the child has been abused, the physician shall report to

the department within twenty-four hours of performing the examination.

6. The investigation may include a visit to a facility providing care to the child named in the report or to any public or private school subject to the authority of the department of education where the child named in the report is located. The administrator of a facility, or a public or private school shall cooperate with the investigator by providing confidential access to the child named in the report for the purpose of interviewing the child, and shall allow the investigator confidential access to other children for the purpose of conducting interviews in order to obtain relevant information. The investigator may observe a child named in a report in accordance with the provisions of section 232.68, subsection 3, paragraph "b". A witness shall be present during an observation of a child. Any child age ten years of age or older can terminate contact with the investigator by stating or indicating the child's wish to discontinue the contact. The immunity granted by section 232.73 applies to acts or omissions in good faith of such administrators and their facilities or school districts for cooperating in an investigation and allowing confidential access to a child. The department may utilize a multidisciplinary team to conduct investigations of child abuse involving employees or agents of a facility providing care for a child.

7. The department, upon completion of its investigation, shall make a preliminary report of its investigation as required by subsection 2. A copy of this report shall be transmitted to juvenile court within four regular working days after the department initially receives the abuse report unless the juvenile court grants an extension of time for good cause shown. If the preliminary report is not a complete report, a complete report shall be filed within ten working days of the receipt of the abuse report, unless the juvenile court grants an extension of time for good cause shown. The department shall notify a subject of the report of the result of the investigation, of the subject's right to correct the information pursuant to section 235A.19, and of the procedures to correct the information. The juvenile court shall notify the registry of any action it takes with respect to a suspected case of child abuse.

8. The department of human services shall transmit a copy of the report of its investigation, including actions taken or contemplated, to the registry. The department of human services shall make periodic follow-up reports thereafter in a manner prescribed by the registry so that the registry is kept up-to-date and fully informed concerning the handling of a suspected case of child abuse.

9. The department of human services shall also transmit a copy of the report of its investigation to the county attorney. The county attorney shall notify the registry of any actions or contemplated actions with respect to a suspected case of child abuse so that the registry is kept up-to-date and fully informed concerning the handling of such a case.

10. Based on the investigation conducted pursuant to this section, the department shall offer to the family of any child believed to be the victim of abuse such services as are available and appear appropriate for either the child, the family, or both, if it is explained that the department has no legal authority to compel the family to accept the services.

11. If, upon completion of the investigation, the department of human services determines that the best interests of the child require juvenile court action, the department shall take the appropriate action to initiate such action under this chapter. The county attorney shall assist the county department of human services as provided under section 232.90, subsection 2.

12. The department of human services shall assist the juvenile court or district court during all stages of court proceedings involving a suspected child abuse case in accordance with the purposes of this chapter.

13. The department of human services shall provide for or arrange for and monitor services for abused children and their families on a voluntary basis or under a final or intermediate order of the juvenile court. The department shall adopt rules defining services which the local planning groups authorized to develop plans may recommend.

14. In every case involving child abuse which results in a child protective judicial proceeding, whether or not the proceeding arises under this chapter, a guardian ad litem shall be appointed by the court to represent the child in the proceedings. Before a guardian ad litem is appointed pursuant to this section, the court shall require the person responsible for the care of the child to complete under oath a detailed financial statement. If, on the basis of that financial statement, the court deems that the person responsible for the care of the child is able to bear the cost of the guardian ad litem, the court shall so order. In cases where the person responsible for the care of the child is unable to bear the cost of the guardian ad litem, the expense shall be paid out of the county treasury.

15. If a fourth report is received from the same person who made three earlier unfounded reports which identified the same child as the abused child and the same person responsible for the child as the alleged abuser, the department may determine that the report is again unfounded due to the report's spurious or frivolous nature and may in its discretion terminate its investigation.

16. The department may request criminal history data from the department of public safety on any person believed to be responsible for an injury to a child which, if confirmed, would constitute child abuse. The department shall establish procedures for determining when a criminal history records check under this subsection is necessary.

17. In each county or multicounty area in which more than fifty child abuse reports are made per year, the department shall establish a multidisciplinary

team, as defined in section 235A.13, subsection 7. Upon the department's request, a multidisciplinary team shall assist the department in the assessment, diagnosis, and disposition of a child abuse report.

232.71A Child abuse assessment pilot projects.

1. The department shall develop an assessment-based approach to respond to child abuse reports in accordance with the provisions of this section. The assessment-based approach shall be utilized on a pilot project basis in not more than five areas of the state, each of which is at least the size of a departmental county cluster, selected by the department. The pilot projects shall be selected in a manner so the pilot projects are in both rural and urban areas.

2. Notwithstanding the provisions of sections 232.70 and 232.71, in the pilot project areas, the department's responsibilities in responding to a child abuse report shall be in accordance with this section.

3. Upon receipt of a child abuse report in a pilot project area, the department shall perform an assessment. The department shall commence the assessment within seventy-two hours of the receipt of the report. The primary purpose of the assessment shall be to protect the safety of the child named in the report. The secondary purpose of the assessment shall be to engage the child's family in services to enhance family strengths and to address needs.

4. An assessment is subject to the provisions of section 232.71 as though the department is performing an investigation under that section for all of the following:

a. Notification of a child's parents in accordance with section 232.71, subsection 1.

b. Interview of a person alleged to have committed the child abuse in accordance with section 232.71, subsection 2, paragraph "e".

c. Notification of a facility providing care to a child in accordance with section 232.71, subsection 4.

d. Request for information from any person believed to have knowledge of a child abuse case and referral of a child to a physician in accordance with section 232.71, subsection 5.

e. Confidential access to a child in accordance with section 232.71, subsection 6.

f. Requests for information from the department of public safety in accordance with section 232.71, subsection 16.

g. Establishment and usage of a multidisciplinary team in accordance with section 232.71, subsection 17.

5. A child abuse assessment shall be completed in writing within twenty-one calendar days of the receipt of the report. The assessment shall include a description of the child's condition, identification of the injury or risk to which the child was exposed, the circumstances which led to the injury or risk to the child, and the identity of any person alleged to be

responsible for the injury or risk to the child. In addition, the assessment shall identify the strengths and needs of the child, and of the child's parent, home, family, and community. Upon completion of the assessment, the department shall consult with the child's family in offering services to the child and the child's family to address strengths and needs identified in the assessment.

6. The department shall provide the county attorney with a written copy of any assessment which includes a recommendation for a juvenile or criminal court action or petition. The county attorney shall notify the department of any action taken concerning an assessment provided by the department.

7. Notwithstanding contrary provisions of sections 235A.13 to 235A.23, the following requirements shall apply to child abuse information in an assessment performed in accordance with this section:

a. If the department determines the child suffered significant injury or was placed in great risk of injury, the name of the child and the alleged perpetrator of the child abuse shall be placed in the central registry as a case of founded child abuse. Any of the following shall be considered to be an indicator that the child suffered significant injury or was placed in great risk of injury:

(1) The case was referred for juvenile or criminal court action as a result of the acts or omissions of the alleged perpetrator.

(2) In the opinion of a health practitioner or mental health professional, the injury to the child as a result of the acts or omission of the alleged perpetrator required or should have required medical or mental health treatment.

(3) The department determines in a subsequent assessment that the child suffered significant injury or was placed in great risk of injury due to the acts or omissions of the same alleged perpetrator.

b. In any other case, the child abuse information in an assessment shall not be placed in the central registry and notwithstanding chapter 22, the confidentiality of the information shall be maintained.

c. If information is placed in the central registry as a case of founded child abuse, all of the provisions of sections 235A.13 to 235A.23 which apply to a case of founded child abuse shall apply to a case of founded child abuse under this section.

8. The department shall implement the pilot projects by January 15, 1996. The department shall report to the governor and the general assembly concerning the pilot projects on or before February 29, 1996. The report shall include a description of successes and problems encountered in implementing the pilot projects. It is the intent of the general assembly to implement statewide an assessment-based approach to respond to child abuse reports commencing with the fiscal year beginning July 1, 1996.

232.102 Transfer of legal custody of child and placement.

1. After a dispositional hearing the court may enter an order transferring the legal custody of the child to one of the following for purposes of placement:

- a. A relative or other suitable person.
- b. A child placing agency or other suitable private agency, facility or institution which is licensed or otherwise authorized by law to receive and provide care for the child.
- c. The department of human services.

If the child is sixteen years of age or older, the order shall specify the services needed to assist the child in preparing for the transition from foster care to independent living.

1A. The court shall not order group foster care placement of the child which is a charge upon the state if that placement is not in accordance with the regional plan for group foster care established pursuant to section 232.143 for the departmental region in which the court is located.

2. After a dispositional hearing and upon the request of the department, the court may enter an order appointing the department as the guardian of an unaccompanied refugee child or of a child without parent or guardian.

3. After a dispositional hearing and upon written findings of fact based upon evidence in the record that an alternative placement set forth in subsection 1, paragraph “b”, has previously been made and is not appropriate the court may enter an order transferring the guardianship of the child for the purposes of subsection 8, to the director of human services for the purposes of placement in the Iowa juvenile home at Toledo.

4. a. Upon receipt of an application from the director of the department of human services, the court shall enter an order to temporarily transfer a child who has been placed in the Iowa juvenile home at Toledo pursuant to subsection 3, to a facility which has been designated to be an alternative placement site for the juvenile home, provided the court finds that all of the following conditions exist:

(1) There is insufficient time to file a motion and hold a hearing for a new dispositional order under section 232.103.

(2) Immediate removal of the child from the juvenile home is necessary to safeguard the child’s physical or emotional health.

(3) That reasonable attempts to notify the parents, guardian ad litem, and attorney for the child have been made.

b. If the court finds the conditions in paragraph “a” exist and there is insufficient time to provide notice as required under rule of juvenile procedure 4.6, the court may enter an ex parte order temporarily transferring the child to the alternative placement site.

c. Within three days of the child’s transfer, the director shall file a motion for a new dispositional order under section 232.103 and the court shall hold

a hearing concerning the motion within fourteen days of the child's transfer.

5. Whenever possible the court should permit the child to remain at home with the child's parent, guardian or custodian. Custody of the child should not be transferred unless the court finds there is clear and convincing evidence that:

a. The child cannot be protected from physical abuse without transfer of custody; or

b. The child cannot be protected from some harm which would justify the adjudication of the child as a child in need of assistance and an adequate placement is available.

The order shall, in addition, contain a statement that removal from the home is the result of a determination that continuation therein would be contrary to the welfare of the child, and that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home.

6. The child shall not be placed in the state training school.

7. In any order transferring custody to the department or an agency, or in orders pursuant to a custody order, the court shall specify the nature and category of disposition which will serve the best interests of the child, and shall prescribe the means by which the placement shall be monitored by the court. If the court orders the transfer of the custody of the child to the department of human services or other agency for placement, the department or agency shall submit a case permanency plan to the court and shall make every reasonable effort to return the child to the child's home as quickly as possible consistent with the best interest of the child. When the child is not returned to the child's home and if the child has been previously placed in a licensed foster care facility, the department or agency shall consider placing the child in the same licensed foster care facility. If the court orders the transfer of custody to a relative or other suitable person, the court may direct the department or other agency to provide services to the child's parent, guardian or custodian in order to enable them to resume custody of the child. If the court orders the transfer of custody to the department of human services or to another agency for placement in foster group care, the department or agency shall make every reasonable effort to place the child within Iowa, in the least restrictive setting available, and in close proximity to the parents' home, consistent with the child's best interests and special needs, and shall consider the placement's proximity to the school in which the child is enrolled at the time of placement.

8. An agency, facility, institution, or person to whom custody of the child has been transferred pursuant to this section shall file a written report with the court at least every six months concerning the status and progress of the child. The court shall hold a periodic dispositional review hearing for each child in placement pursuant to this section in order to determine whether the child should be returned home, an extension of the placement should be made,

a permanency hearing should be held, or a termination of the parent-child relationship proceeding should be instituted. The placement shall be terminated and the child returned to the child's home if the court finds by a preponderance of the evidence that the child will not suffer harm in the manner specified in section 232.2, subsection 6. If the placement is extended, the court shall determine whether additional services are necessary to facilitate the return of the child to the child's home, and if the court determines such services are needed, the court shall order the provision of such services. When the child is not returned to the child's home and if the child has been previously placed in a licensed foster care facility, the department or agency responsible for the placement of the child shall consider placing the child in the same licensed foster care facility.

a. The initial dispositional review hearing shall not be waived or continued beyond six months after the date of the dispositional hearing.

b. Subsequent dispositional review hearings shall not be waived or continued beyond twelve months after the date of the most recent dispositional review hearing.

c. For purposes of this subsection, a hearing held pursuant to section 232.103 or 232.104 satisfies the requirements for initial or subsequent dispositional review.

9. a. As used in this section, "*reasonable efforts*" means the efforts made to prevent or eliminate the need for removal of a child from the child's home. Reasonable efforts may include intensive family preservation services or family-centered services, if the child's safety in the home can be maintained during the time the services are provided. In determining whether reasonable efforts have been made, the court shall consider both of the following:

(1) The type, duration, and intensity of services or support offered or provided to the child and the child's family. If intensive family preservation services were not provided, the court record shall enumerate the reasons the services were not provided, including but not limited to whether the services were not available, not accepted by the child's family, judged to be unable to protect the child and the child's family during the time the services would have been provided, judged to be unlikely to be successful in resolving the problems which would lead to removal of the child, or other services were found to be more appropriate.

(2) The relative risk to the child of remaining in the child's home versus removal of the child.

b. As used in this section:

(1) "*Family-centered services*" means services which utilize a comprehensive approach to addressing the problems of individual family members, whether or not the problems are integrally related to the family, within the context of the family. Family-centered services are adapted to the individual needs of a family in the intensity and duration of service delivery and are intended to improve overall family functioning.

(2) "Intensive family preservation services" means services provided to a family with a child who is at imminent risk of out-of-home placement. The services are designed to address any problem creating the need for out-of-home placement and have the following characteristics: are persistently offered but provided at the family's option; are provided in the family's home; are available twenty-four hours per day; provide a response within twenty-four hours of the initial contact for assistance; have worker case-loads of not more than two through four families per worker at any one time; are provided for a period of four to six weeks; and provide funding in order to meet the special needs of a family.

232.104 Permanency hearing.

1. If a child has been placed in foster care for a period of twelve months, or if the prior legal custodian of a child has abandoned efforts to regain custody of the child, the court shall, on its own motion, or upon application by any interested party, including the child's foster parent if the child has been placed with the foster parent for at least twelve months, hold a hearing to consider the issue of the establishment of permanency for the child.

Such a permanency hearing may be held concurrently with a hearing to review, modify, substitute, vacate, or terminate a dispositional order. Reasonable notice of a permanency hearing in a case of juvenile delinquency shall be provided pursuant to section 232.37. A permanency hearing shall be conducted in substantial conformance with the provisions of section 232.99. During the hearing the court shall consider the child's need for a secure and permanent placement in light of any permanency plan or evidence submitted to the court. Upon completion of the hearing the court shall enter written findings and make a determination based upon the permanency plan which will best serve the child's individual interests at that time.

2. After a permanency hearing the court shall do one of the following:

a. Enter an order pursuant to section 232.102 to return the child to the child's home.

b. Enter an order pursuant to section 232.102 to continue placement of the child for an additional six months at which time the court shall hold a hearing to consider modification of its permanency order. An order entered under this paragraph shall enumerate the specific factors, conditions, or expected behavioral changes which comprise the basis for the determination that the need for removal of the child from the child's home will no longer exist at the end of the additional six-month period.

c. Direct the county attorney or the attorney for the child to institute proceedings to terminate the parent-child relationship.

d. Enter an order, pursuant to findings required by subsection 3, to do one of the following:

(1) Transfer guardianship and custody of the child to a suitable person.

(2) Transfer sole custody of the child from one parent to another parent.

(3) Transfer custody of the child to a suitable person for the purpose of long-term care.

(4) Order long-term foster care placement for the child in a licensed foster care home or facility.

3. Prior to entering a permanency order pursuant to subsection 2, paragraph "d", convincing evidence must exist showing that all of the following apply:

a. A termination of the parent-child relationship would not be in the best interest of the child.

b. Services were offered to the child's family to correct the situation which led to the child's removal from the home.

c. The child cannot be returned to the child's home.

4. Any permanency order may provide restrictions upon the contact between the child and the child's parent or parents, consistent with the best interest of the child.

5. Subsequent to the entry of a permanency order pursuant to this section, the child shall not be returned to the care, custody, or control of the child's parent or parents, over a formal objection filed by the child's attorney or guardian ad litem, unless the court finds by a preponderance of the evidence, that returning the child to such custody would be in the best interest of the child.

6. Following the entry of a permanency order which places a child in the custody or guardianship of another person or agency, the court shall retain jurisdiction and annually review the order to ascertain whether the best interest of the child is being served. When such order places the child in the custody of the department for the purpose of long-term foster care placement in a facility, the review shall be in a hearing that shall not be waived or continued beyond twelve months after the permanency hearing or the last review hearing. Any modification shall be accomplished through a hearing procedure following reasonable notice. During the hearing, all relevant and material evidence shall be admitted and procedural due process shall be provided to all parties.

232.116 Grounds for termination.

1. Except as provided in subsection 3, the court may order the termination of both the parental rights with respect to a child and the relationship between the parent and the child on any of the following grounds:

a. The parents voluntarily and intelligently consent to the termination of parental rights and the parent-child relationship and for good cause desire the termination.

b. The court finds that there is clear and convincing evidence that the child has been abandoned or deserted.

c. The court finds that both of the following have occurred:

(1) The court has previously adjudicated the child to be a child in need of assistance after finding the child to have been physically or sexually abused or neglected as the result of the acts or omissions of one or both parents, or the court has previously adjudicated a child who is a member of the same family to be a child in need of assistance after such a finding.

(2) Subsequent to the child in need of assistance adjudication, the parents were offered or received services to correct the circumstance which led to the adjudication, and the circumstance continues to exist despite the offer or receipt of services.

d. The court finds that all of the following have occurred:

(1) The child has been adjudicated a child in need of assistance pursuant to section 232.96.

(2) The child has been removed from the physical custody of the child's parents for a period of at least six consecutive months.

(3) There is clear and convincing evidence that the parents have not maintained significant and meaningful contact with the child during the previous six consecutive months and have made no reasonable efforts to resume care of the child despite being given the opportunity to do so. For the purposes of this subparagraph, "significant and meaningful contact" includes but is not limited to the affirmative assumption by the parents of the duties encompassed by the role of being a parent. This affirmative duty, in addition to financial obligations, requires continued interest in the child, a genuine effort to complete the responsibilities prescribed in the case permanency plan, a genuine effort to maintain communication with the child, and requires that the parents establish and maintain a place of importance in the child's life.

e. The court finds that all of the following have occurred:

(1) The child is four years of age or older.

(2) The child has been adjudicated a child in need of assistance pursuant to section 232.96.

(3) The child has been removed from the physical custody of the child's parents for at least twelve of the last eighteen months, or for the last twelve consecutive months and any trial period at home has been less than thirty days.

(4) There is clear and convincing evidence that at the present time the child cannot be returned to the custody of the child's parents as provided in section 232.102.

(1) The child has been adjudicated a child in need of assistance pursuant to section 232.96.

(2) The court has terminated parental rights pursuant to section 232.117 with respect to another child who is a member of the same family.

(3) There is clear and convincing evidence that the parent continues to lack the ability or willingness to respond to services which would correct the situation.

(4) There is clear and convincing evidence that an additional period of rehabilitation would not correct the situation.

g. The court finds that all of the following have occurred:

(1) The child is three years of age or younger.

(2) The child has been adjudicated a child in need of assistance pursuant to section 232.96.

(3) The child has been removed from the physical custody of the child's parents for at least six months of the last twelve months, or for the last six consecutive months and any trial period at home has been less than thirty days.

(4) There is clear and convincing evidence that the child cannot be returned to the custody of the child's parents as provided in section 232.102 at the present time.

h. The court finds that all of the following have occurred:

(1) The child meets the definition of child in need of assistance based on a finding of physical or sexual abuse or neglect as a result of the acts or omissions of one or both parents.

(2) There is clear and convincing evidence that the abuse or neglect posed a significant risk to the life of the child or constituted imminent danger to the child.

(3) There is clear and convincing evidence that the offer or receipt of services would not correct the conditions which led to the abuse or neglect of the child within a reasonable period of time.

i. The court finds that both of the following have occurred:

(1) The child has been adjudicated a child in need of assistance pursuant to section 232.96 and custody has been transferred from the child's parents for placement pursuant to section 232.102.

(2) The parent has been imprisoned for a crime against the child, the child's sibling, or another child in the household, or the parent has been imprisoned and it is unlikely that the parent will be released from prison for a period of five or more years.

j. The court finds that all of the following have occurred:

(1) The child has been adjudicated a child in need of assistance pursuant to section 232.96 and custody has been transferred from the child's parents for placement pursuant to section 232.102.

(2) The parent has a chronic mental illness and has been repeatedly institutionalized for mental illness, and presents a danger to self or others as evidenced by prior acts.

(3) There is clear and convincing evidence that the parent's prognosis indicates that the child will not be able to be returned to the custody of the parent within a reasonable period of time considering the child's age and need for a permanent home.

k. The court finds that all of the following have occurred:

(1) The child has been adjudicated a child in need of assistance pursuant to section 232.96 and custody has been transferred from the child's parents for placement pursuant to section 232.102.

(2) The parent has a severe, chronic substance abuse problem, and presents a danger to self or others as evidenced by prior acts.

(3) There is clear and convincing evidence that the parent's prognosis indicates that the child will not be able to be returned to the custody of the parent within a reasonable period of time considering the child's age and need for a permanent home.

l. The court finds that both of the following have occurred:

(1) The child has been adjudicated a child in need of assistance pursuant to section 232.96 after finding that the child has been physically or sexually abused or neglected as a result of the acts or omissions of a parent.

(2) The parent found to have physically or sexually abused or neglected the child has been convicted of a felony and imprisoned for physically or sexually abusing or neglecting the child, the child's sibling, or any other child in the household.

m. The court finds that all of the following have occurred:

(1) The child has been adjudicated a child in need of assistance pursuant to section 232.96.

(2) The parent has been convicted of child endangerment resulting in the death of the child's sibling, has been convicted of three or more acts of child endangerment involving the child, the child's sibling, or another child in the household, or has been convicted of child endangerment resulting in a serious injury to the child, the child's sibling, or another child in the household.

(3) There is clear and convincing evidence that the circumstances surrounding the parent's conviction for child endangerment would result in a finding of imminent danger to the child.

2. In considering whether to terminate the rights of a parent under this section, the court shall give primary consideration to the physical, mental, and emotional condition and needs of the child. Such consideration may include any of the following:

a. Whether the parent's ability to provide the needs of the child is affected by the parent's mental capacity or mental condition or the parent's imprisonment for a felony.

b. For a child who has been placed in foster family care by a court or has been voluntarily placed in foster family care by a parent or by another person, whether the child has become integrated into the foster family to the extent that the child's familial identity is with the foster family, and whether the foster family is able and willing to permanently integrate the child into the foster family. In considering integration into a foster family, the court shall review the following:

(1) The length of time the child has lived in a stable, satisfactory environment and the desirability of maintaining that environment and continuity for the child.

(2) The reasonable preference of the child, if the court determines that the child has sufficient capacity to express a reasonable preference.

c. For a child who has been placed in foster family care, any relevant testimony or written statement provided by the child's foster parents.

3. The court need not terminate the relationship between the parent and child if the court finds any of the following:

a. A relative has legal custody of the child.

b. The child is over ten years of age and objects to the termination.

c. There is clear and convincing evidence that the termination would be detrimental to the child at the time due to the closeness of the parent-child relationship.

d. It is necessary to place the child in a hospital, facility, or institution for care and treatment and the continuation of the parent-child relationship is not preventing a permanent family placement for the child.

e. The absence of a parent is due to the parent's admission or commitment to any institution, hospital, or health facility or due to active service in the state or federal armed forces.

6. The following requirements apply to a request to defer registering a child on the adoption exchange under subsection 5:

b. In addition to the requirements of paragraph "a", a deferral granted by the exchange pursuant to subsection 5, paragraph "b", shall be limited to not more than a one-time, ninety-day period unless the termination of parental rights order is appealed or the child is placed in a hospital or other institutional placement. However, if the foster parents or another person with a significant relationship continues to be considered the child's prospective adoptive family, additional extensions of the deferral request under subsection 5, paragraph "b", may be granted until sixty days after the date of the final decision regarding the appeal or until the date the child is discharged from a hospital or other institutional placement.

c. A deferral granted by the exchange pursuant to subsection 5, paragraph "c", shall be limited to not more than a one-time, ninety-day period.

NEW section

234.39 Responsibility for cost of services.

It is the intent of this chapter that an individual receiving foster care services and the individual's parents or guardians, shall have primary responsibility for paying the cost of the care and services. The support obligation established and adopted under this section shall be consistent with the limitations on legal liability established under sections 222.78 and 230.15, and by any other statute limiting legal responsibility for support which may be imposed on a person for the cost of care and services provided by the department. Support obligations shall be established as follows:

1. For an individual to whom section 234.35, subsection 1, is applicable, a dispositional order of the juvenile court requiring the provision of foster care, or an administrative order entered pursuant to chapter 252C, or any order establishing paternity and support for a child in foster care, shall establish, after notice and a reasonable opportunity to be heard is provided to a parent or guardian, the amount of the parent's or guardian's support obligation for the cost of foster care provided by the department. The amount of the parent's or guardian's support obligation and the amount of support debt accrued and accruing shall be established in accordance with the child support guidelines prescribed under section 598.21, subsection 4. However, the court, or the department of human services in establishing support by administrative order, may deviate from the prescribed obligation after considering a recommendation by the department for expenses related to goals and objectives of a case permanency plan as defined under section 237.15, and upon written findings of fact which specify the reason for deviation and the prescribed guidelines amount. Any order for support shall direct the payment of the support obligation to the collection services center for the use of the department's foster care recovery unit. The order shall be filed with the clerk of the district court in which the responsible parent or guardian resides and has the same force and effect as a judgment when entered in the judgment docket and lien index. The collection services center shall disburse the payments pursuant to the order and record the disbursements. If payments are not made as ordered, the child support recovery unit may certify a default to the court and the court may, on its own motion, proceed under section 598.22 or 598.23 or the child support recovery

unit may enforce the judgment as allowed by law. An order entered under this subsection may be modified only in accordance with the guidelines prescribed under section 598.21, subsection 8.

2. For an individual who is served by the department of human services under section 234.35, and is not subject to a dispositional order of the juvenile court requiring the provision of foster care, the department shall determine the obligation of the individual's parent or guardian pursuant to chapter 252C and in accordance with the child support guidelines prescribed under section 598.21, subsection 4. However, the department may adjust the prescribed obligation for expenses related to goals and objectives of a case permanency plan as defined under section 237.15. An obligation determined under this subsection may be modified only in accordance with conditions under section 598.21, subsection 8.

3. A person entitled to periodic support payments pursuant to an order or judgment entered in any action for support, who also is or has a child receiving foster care services, is deemed to have assigned to the department current and accruing support payments attributable to the child effective as of the date the child enters foster care placement, to the extent of expenditure of foster care funds. The department shall notify the clerk of the district court when a child entitled to support payments is receiving foster care services pursuant to chapter 234. Upon notification by the department that a child entitled to periodic support payments is receiving foster care services, the clerk of the district court shall make a notation of the automatic assignment in the judgment docket and lien index. The notation constitutes constructive notice of assignment. The clerk of court shall furnish the department with copies of all orders and decrees awarding support when the child is receiving foster care services. At the time the child ceases to receive foster care services, the assignment of support shall be automatically terminated. Unpaid support accrued under the assignment of support rights during the time that the child was in foster care remains due to the department up to the amount of unreimbursed foster care funds expended. The department shall notify the clerk of court of the automatic termination of the assignment.

b. The department shall exercise the option provided in 42 U.S.C. § 1396p(c) to provide a period of ineligibility for medical assistance due to a transfer of assets by a noninstitutionalized individual or the spouse of a noninstitutionalized individual. For noninstitutionalized individuals, the number of months of ineligibility shall be equal to the total, cumulative uncompensated value of all assets transferred by the individual or the individual's spouse on or after the look-back date specified in 42 U.S.C. § 1396p(c)(1)(B)(i), divided by the average monthly cost to a private patient for nursing facility services in Iowa at the time of application. The services for which noninstitutionalized individuals shall be made ineligible shall include any long-term care services for which medical assistance is otherwise available. Notwithstanding section 17A.4, the department may adopt rules providing a period of ineligibility for medical assistance due to a transfer of assets by a noninstitutionalized individual or the spouse of a noninstitutionalized individual without notice of opportunity for public comment, to be effective immediately upon filing under section 17A.5, subsection 2, paragraph "b", subparagraph (1).

12. In determining the eligibility of an individual for medical assistance, the department shall consider income or assets relating to trusts or similar legal instruments or devices established on or before August 10, 1993, as available to the individual, in accordance with the federal Comprehensive Omnibus Budget Reconciliation Act of 1986, Pub. L. No. 99-272, § 9506(a), as amended by the federal Omnibus

Budget Reconciliation Act of 1986, Pub. L. No. 99-509, § 9435(c).

13. In determining the eligibility of an individual for medical assistance, the department shall consider income or assets relating to trusts or similar legal instruments or devices established after August 10, 1993, as available to the individual, in accordance with 42 U.S.C. § 1396p(d) and sections 633.708 and 633.709.

249A.5 Recovery of payment.

1. Medical assistance paid to, or on behalf of, a recipient or paid to a provider of services is not recoverable, except as provided in subsection 2, unless the assistance was incorrectly paid. Assistance incorrectly paid is recoverable from the provider, or from the recipient, while living, as a debt due the state and, upon the recipient's death, as a claim classified with taxes having preference under the laws of this state.

2. The provision of medical assistance to an individual who is fifty-five years of age or older, or who is a resident of a nursing facility, intermediate care facility for the mentally retarded, or mental health institute, who cannot reasonably be expected to be discharged and return to the individual's home, creates a debt due the department from the individual's estate for all medical assistance provided on the individual's behalf, upon the individual's death.

a. The department shall waive the collection of the debt created under this subsection from the estate of a recipient of medical assistance to the extent that collection of the debt would result in either of the following:

(1) Reduction in the amount received from the recipient's estate by a surviving spouse, or by a surviving child who was under age twenty-one, blind, or permanently and totally disabled at the time of the individual's death.

(2) Otherwise work an undue hardship as determined on the basis of criteria established pursuant to 42 U.S.C. § 1396p(b)(3).

b. If the collection of all or part of a debt is waived pursuant to subsection 2, paragraph "a", subparagraph (1), the amount waived shall be a debt due from the estate of the recipient's surviving spouse or blind or disabled child, upon the death of the spouse or child, or due from a surviving child who was under twenty-one years of age at the time of the recipient's death, upon the child reaching age twenty-one, to the extent the recipient's estate is received by the surviving spouse or child.

c. For purposes of this section, the estate of a medical assistance recipient, surviving spouse, or surviving child includes any real property, personal property, or other asset in which the recipient, spouse, or child had any legal title or interest at the time of the recipient's, spouse's, or child's death, to the extent of such interests, including but not limited to interests in jointly held property and interests in trusts.

d. For purposes of collection of a debt created by this subsection, all assets included in the estate of a medical assistance recipient, surviving spouse, or surviving child pursuant to paragraph "c" are subject to probate.

e. Interest shall accrue on a debt due under this subsection, at the rate provided pursuant to section 535.3, beginning six months after the death of a medical assistance recipient, surviving spouse, or surviving child.

f. If a debt is due under this subsection from the estate of a recipient, the administrator of the nursing facility, intermediate care facility for the mentally retarded, or mental health institute in which the recipient resided at the time of the recipient's death, and the personal representative of the recipient, if applicable, shall report the death to the department within ten days of the death of the recipient. For the purposes of this paragraph, "personal representative" means a person who filed a medical assistance application on behalf of the recipient or who manages the financial affairs of the recipient.

249A.12 Assistance to persons with mental retardation.

1. Assistance may be furnished under this chapter to an otherwise eligible recipient who is a resident of a health care facility licensed under chapter 135C and certified as an intermediate care facility for the mentally retarded.

2. A county shall reimburse the department on a monthly basis for that portion of the cost of assistance provided under this section to a recipient with legal settlement in the county, which is not paid from federal funds, if the recipient's placement has been approved by the appropriate review organization as medically necessary and appropriate. The department shall place all reimbursements from counties in the appropriation for medical assistance, and may use the reimbursed funds in the same manner and for any purpose for which the appropriation for medical assistance may be used.

3. If a county reimburses the department for medical assistance provided under this section and the amount of medical assistance is subsequently repaid through a medical assistance income trust or a medical assistance special needs trust as defined in section 633.707, the department shall reimburse the county on a proportionate basis. The department shall adopt rules to implement this subsection.

4. a. Effective July 1, 1995, the state shall be responsible for all of the nonfederal share of the costs of intermediate care facility for the mentally retarded services provided under medical assistance to minors. Notwithstanding subsection 2 and contrary provisions of section 222.73, effective July 1, 1995, a county is not required to reimburse the department and shall not be billed for the nonfederal share of the costs of such services provided to minors.

b. Effective July 1, 1995, the state shall be responsible for all of the nonfederal share of medical

assistance home and community-based waivers for persons with mental retardation services provided to minors and a county is not required to reimburse the department and shall not be billed for the nonfederal share of the costs of the services.

HOME AND COMMUNITY-BASED SERVICES — RECORDS CHECKS

249A.29 Home and community-based services waiver providers — records checks.

1. For purposes of this section unless the context otherwise requires:

a. "Consumer" means an individual approved by the department to receive services under a waiver.

b. "Provider" means an agency certified by the department to provide services under a waiver.

c. "Waiver" means a home and community-based services waiver approved by the federal government and implemented under the medical assistance program.

2. If a person is being considered by a provider for employment involving direct responsibility for a consumer or with access to a consumer when the consumer is alone, and if the person has been convicted of a crime or has a record of founded child or dependent adult abuse, the department shall perform an evaluation to determine whether the crime or

founded abuse warrants prohibition of employment by the provider. The department shall conduct criminal and child and dependent adult abuse records checks of the person in this state and may conduct these checks in other states. The records checks and evaluations required by this section shall be performed in accordance with procedures adopted for this purpose by the department.

3. If the department determines that a person employed by a provider has committed a crime or has a record of founded abuse, the department shall perform an evaluation to determine whether prohibition of the person's employment is warranted.

4. In an evaluation, the department shall consider the nature and seriousness of the crime or founded abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded abuse, the circumstances under which the crime or founded abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded abuse again, and the number of crimes or founded abuses committed by the person involved. The department may permit a person who is evaluated to be employed or to continue to be employed by the provider if the person complies with the department's conditions relating to the employment, which may include completion of additional training.

5. If the department determines that the person has committed a crime or has a record of founded abuse which warrants prohibition of employment, the person shall not be employed by a provider.

SUPPORT OF THE POOR

252.16 Settlement — how acquired.

A legal settlement in this state may be acquired as follows:

1. A person continuously residing in a county in this state for a period of one year acquires a settlement in that county except as provided in subsection 7 or 8.

2. A person having acquired a settlement in a county of this state shall not acquire a settlement in any other county until the person has continuously

resided in the other county for a period of one year except as provided in subsection 7.

3. A person who is an inpatient, a resident, or an inmate of or is supported by an institution whether organized for pecuniary profit or not or an institution supported by charitable or public funds in a county in this state does not acquire a settlement in the county unless the person before becoming an inpatient, a resident, or an inmate in the institution or being supported by an institution has a settlement in the

county. A minor child residing in an institution assumes the settlement of the child's custodial parent. Settlement of the minor child changes with the settlement of the child's custodial parent, except that the child retains the settlement that the child's custodial parent has on the child's eighteenth birthday until the child is discharged from the institution, at which time the child acquires the child's own settlement by continuously residing in a county for one year.

4. Minor children who reside with both parents take the settlement of the parents. If the minor child resides on a permanent basis with only one parent or a guardian, the minor child takes the settlement of the parent or guardian with whom the child resides.

An emancipated minor acquires a legal settlement in the minor's own right. An emancipated minor is one who is absent from the minor's parents with the consent of the parents, is self-supporting, and has assumed a new relationship inconsistent with being a part of the family of the parents.

A minor, placed in the care of a public agency or facility as custodian or guardian, takes the legal settlement that the parents had upon severance of the parental relationship, and retains that legal settlement until a natural person is appointed custodian or guardian at which time the minor takes the legal settlement of the natural person or until the minor person attains the age of eighteen and acquires another legal settlement in the person's own right.

5. A person with settlement in this state who becomes a member on active duty of an armed service of the United States retains the settlement during the period of active duty. A person without settlement in this state who is a member on active duty of an armed service of the United States within the borders of this state does not acquire settlement during the period of active duty.

6. *a.* Subsections 1, 2, 3, 7, and 8 do not apply to a blind person who is receiving assistance under the laws of this state.

b. A blind person who has resided in one county of this state for a period of six months acquires legal

settlement for support as provided in this chapter, except as specified in paragraph "c".

c. A blind person who is an inpatient or resident of, is supported by, or is receiving treatment or support services from a state hospital-school created under chapter 222, a state mental health institute created under chapter 226, the Iowa braille and sight saving school administered by the state board of regents, or any community-based provider of treatment or services for mental retardation, developmental disabilities, mental health, or substance abuse, does not acquire legal settlement in the county in which the institution, facility, or provider is located, unless the blind person has resided in the county in which the institution, facility, or provider is located for a period of six months prior to the date of commencement of receipt of assistance under the laws of this state or for a period of six months subsequent to the date of termination of assistance under the laws of this state.

7. A person hospitalized in or receiving treatment at a state mental health institute or state hospital-school does not acquire legal settlement in the county in which the institute or hospital-school is located unless the person is discharged from the institute or hospital-school, continuously resides in the county for a period of one year subsequent to the discharge, and during that year is not hospitalized in and does not receive treatment at the institute or hospital-school.

8. A person receiving treatment or support services from any community-based provider of treatment or services for mental retardation, developmental disabilities, mental health, or substance abuse does not acquire legal settlement in the host county unless the person continuously resides in the host county for one year from the date of the last treatment or support service received by the person.

252A.3A Establishing paternity by affidavit.

1. The paternity of a child born out of wedlock may be legally established by the completion and filing of an affidavit of paternity only as provided by this section.

2. When paternity has not been legally established, paternity may be established by affidavit under this section for the following children:

a. The child of a woman who was unmarried at the time of conception and birth of the child.

b. The child of a woman who is married at the time of conception or birth of the child if a court of competent jurisdiction has determined that the in-

dividual to whom the mother was married at that time is not the father of the child.

3. *a.* Prior to or at the time of completion of an affidavit of paternity, written information about paternity establishment, developed by the child support recovery unit created in section 252B.2, shall be provided to the mother and putative father.

b. The information provided shall include a description of parental rights and responsibilities, including the duty to provide financial support for the child, and the benefits of establishing paternity.

c. Copies of the written information shall be made available by the child support recovery unit or the

Iowa department of public health to those entities where an affidavit of paternity may be obtained as provided under subsection 4.

4. *a.* The affidavit of paternity form developed and used by the Iowa department of public health is the only affidavit of paternity form recognized for the purpose of establishing paternity under this section.

(2) That the mother was married at the time of conception or birth of the child, and that a court order has been entered ruling that the individual to whom the mother was married at that time is not the father of the child.

b. If paragraph "a", subparagraph (2), is applicable, a certified copy of the filed order ruling that the husband is not the father of the child.

c. A statement from the putative father that the putative father is the father of the child.

h. The signature of a notary public attesting to the identities of the parties signing the affidavit of paternity.

i. Instructions for filing the affidavit.

6. A completed affidavit of paternity shall be filed with the state registrar. However, if the affidavit of paternity is obtained directly from the county registrar, the completed affidavit may be filed with the county registrar who shall forward the original affidavit to the state registrar. For the purposes of legal establishment of paternity under this section, paternity is legally established only upon filing of the affidavit with the state registrar.

7. The state registrar shall make copies of affidavits of paternity and identifying information from the affidavits filed pursuant to this section available to the child support recovery unit created under section 252B.2 in accordance with section 144.13, subsection 4.

8. An affidavit of paternity completed and filed pursuant to this section has all of the following effects:

a. Is admissible as evidence of paternity.

b. Has the same legal force and effect as a judicial determination of paternity.

c. Serves as a basis for seeking child or medical support without further determination of paternity.

9. All institutions in the state shall provide the following services with respect to any newborn child born out of wedlock:

a. Prior to discharge of the newborn from the institution, the institution where the birth occurs shall provide the mother and, if present, the putative father, with all of the following:

(1) Written information about establishment of paternity pursuant to subsection 3.

(2) An affidavit of paternity form.

(3) An opportunity for consultation with the staff of the institution regarding the written information provided under subparagraph (1).

(4) An opportunity to complete an affidavit of paternity at the institution, as provided in this section.

b. The institution shall file any affidavit of paternity completed at the institution with the state registrar, pursuant to subsection 6, accompanied by a copy of the child's birth certificate, within ten days of the birth of the child.

10. *a.* An institution may be reimbursed by the child support recovery unit created in section 252B.2 for providing the services described under subsection 9, or may provide the services at no cost.

b. An institution electing reimbursement shall enter into a written agreement with the child support recovery unit for this purpose.

c. An institution entering into an agreement for reimbursement shall assist the parents of a child born out of wedlock in completing and filing an affidavit of paternity.

d. Reimbursement shall be based only on the number of affidavits completed in compliance with this section and submitted to the state registrar during the duration of the written agreement with the child support recovery unit.

e. The reimbursement rate is twenty dollars for each completed affidavit filed with the state registrar.

a. (1) If the prior determination of paternity is based on an affidavit of paternity filed pursuant to section 252A.3A, or an administrative order entered pursuant to chapter 252F, or an order by the courts of this state, or by operation of law when the mother and established father are or were married to each

other, the provisions of section 600B.41A are applicable.

(2) If the court determines that the prior determination of paternity should not be overcome, pursuant to section 600B.41A, and that the respondent has a duty to provide support, the court shall enter an order establishing the monthly child support payment and the amount of the support debt accrued and accruing pursuant to section 598.21, subsection 4, or medical support pursuant to chapter 252E, or both.

In addition to the amount to be withheld for payment of support, the order shall include all of the following information regarding the duties of the payor in implementing the withholding order:

If payments for multiple obligors are combined, the portion of the payment attributable to each obligor shall be specifically identified.

8. The withholding is binding on the payor until further notice by the court or the child support recovery unit.

In order to meet this need, the high school curriculum must be redesigned so students appreciate the relevance of academic course work, reach higher levels of learning in science, math, and communications skills, and acquire the ability to apply this knowledge. Career pathways will modify high school curricula and instruction to provide students with opportunities to achieve high levels of skills and knowledge within a broad range of related career areas, which will require a variety of levels of preparation.

A portion of the moneys appropriated by the general assembly shall be made available to schools to pay for the issuance of employability skills assessments to public or nonpublic school students. Students are encouraged to volunteer their time to community organizations in exchange for workplace learning opportunities that do not displace current employees.

5. In developing career pathways program efforts, each consortium shall make every effort to cooperate with the juvenile courts, the department of economic development, the department of employment services, the department of human services, and the new Iowa schools development corporation.

6. The department of education shall direct and monitor the progress of each career pathways consortium in developing career pathways programs. CHAPTER 257

FINANCING SCHOOL PROGRAMS

257.1 State school foundation program — state aid.

1. *Program established.* A state school foundation program is established for the school year commencing July 1, 1991, and succeeding school years.

2. *State school foundation aid — foundation base.* For a budget year, each school district in the state is entitled to receive foundation aid, in an amount per pupil equal to the difference between the amount per pupil of foundation property tax in the district, and the combined foundation base per pupil or the combined district cost per pupil, whichever is less. However, if the amount of foundation aid received by a school district under this chapter is less than three hundred dollars per pupil, the district is entitled to receive three hundred dollars per pupil unless the receipt of three hundred dollars per pupil plus the per pupil amount raised by the foundation property tax exceeds the combined district cost per pupil of the district for the budget year. In that case, the district is entitled to receive an amount per pupil equal to the difference between the per pupil amount raised by the foundation property tax for the budget year and the combined district cost per pupil for the budget year.

For the budget year commencing July 1, 1991, and for each succeeding budget year the regular program foundation base per pupil is eighty-three percent of the regular program state cost per pupil, except that the regular program foundation base per pupil for the portion of weighted enrollment that is additional enrollment because of special education is seventy-nine percent of the regular program state cost per pupil. For the budget year commencing July 1, 1991, and for each succeeding budget year the special education support services foundation base is seventy-nine percent of the special education support services state cost per pupil. The combined foundation base is the sum of the regular program foundation base and

the special education support services foundation base.

For the budget year commencing July 1, 1995, the department of management shall add the amount of the additional budget adjustment computed in section 257.14, subsection 2, to the combined foundation base.

3. *Computations rounded.* In making computations and payments under this chapter, except in the case of computations relating to funding of special education support services, media services, and educational services provided through the area education agencies, the department of management shall round amounts to the nearest whole dollar.

Subsection 2, NEW unnumbered paragraph 3

257.3 Foundation property tax.

1. *Amount of tax.* Except as provided in subsections 2 and 3, a school district shall cause to be levied each year, for the school general fund, a foundation property tax equal to five dollars and forty cents per thousand dollars of assessed valuation on all taxable property in the district. The county auditor shall spread the foundation levy over all taxable property in the district.

The amount paid to each school district for the tax replacement claim for industrial machinery, equipment and computers under section 427B.19A shall be regarded as property tax. The portion of the payment which is foundation property tax shall be determined by applying the foundation property tax rate to the amount computed under section 427B.19, subsection 3, paragraph "a", as adjusted by paragraph "d", if any adjustment was made.

2. *Tax for reorganized and dissolved districts.* Notwithstanding subsection 1, a reorganized school district shall cause a foundation property tax of four dollars and forty cents per thousand dollars of

assessed valuation to be levied on all taxable property which, in the year preceding a reorganization, was within a school district affected by the reorganization as defined in section 275.1, or in the year preceding a dissolution was a part of a school district that dissolved if the dissolution proposal has been approved by the director of the department of education pursuant to section 275.55. In the year preceding the reorganization or dissolution, the school district affected by the reorganization or the school district that dissolved must have had a certified enrollment of fewer than six hundred in order for the four-dollar-and-forty-cent levy to apply. In succeeding school years, the foundation property tax levy on that portion shall be increased twenty cents per year until it reaches the rate of five dollars and forty cents per thousand dollars of assessed valuation.

For purposes of this section, a reorganized school district is one which absorbed at least thirty percent of the enrollment of the school district affected by a reorganization or dissolved during a dissolution and in which action to bring about a reorganization or dissolution was initiated by a vote of the board of directors or jointly by the affected boards of directors prior to November 30, 1990, and the reorganization or dissolution takes effect on or after July 1, 1991, and on or before July 1, 1993. Each district which initiated, by a vote of the board of directors or jointly by the affected boards, action to bring about a reorganization or dissolution by November 30, 1990, shall certify the date and the nature of the action taken to the department of education by September 1, 1991.

A reorganized school district which meets the requirements of this section for reduced property tax rates, but failed to vote on reorganization or dissolution prior to November 30, 1990, and failed to certify such action to the department of education by September 1, 1991, shall cause to be levied a foundation property tax of four dollars and sixty cents per thousand dollars of assessed valuation on all eligible taxable property pursuant to this section. In succeeding school years, the foundation property tax levy on that portion shall be increased twenty cents per year until it reaches the rate of five dollars and forty cents per thousand dollars of assessed valuation.

The reduced property tax rates of reorganized school districts that met the requirements of section 442.2, Code 1991, prior to July 1, 1991, shall continue to increase as provided in that section until they reach five dollars and forty cents.

3. *Subsequent reorganization.* If a reorganized school district, whose foundation property tax is reduced under subsection 2, reorganizes within five school years from the time of its original reorganization to which subsection 2 applies, the resulting reorganized school district shall cause to be levied a foundation property tax on the taxable property in that portion of the new reorganized district which, in the year preceding the latest reorganization, was within the original reorganized school district to which subsection 2 applies equal to one dollar per

thousand dollars of assessed value less than the rate the original reorganized district would have levied under subsection 2 for the same school year if there had been no new reorganization. In succeeding school years, the foundation property tax on that portion of the new reorganized school district shall be increased by forty cents for the first succeeding year and by twenty cents per year thereafter until it reaches the rate of five dollars and forty cents per thousand dollars of assessed valuation.

4. *Railway corporations.* For purposes of section 257.1, the "amount per pupil of foundation property tax" does not include the tax levied under subsection 1, 2, or 3 on the property of a railway corporation, or on its trustee if the corporation has been declared bankrupt or is in bankruptcy proceedings.

257.8 State percent of growth — allowable growth.

1. *State percent of growth.* The state percent of growth for the budget year beginning July 1, 1996, is three and three-tenths percent. The state percent of growth for each subsequent budget year shall be established by statute which shall be enacted within thirty days of the submission in the year preceding the base year of the governor's budget under section 8.21. The establishment of the state percent of growth for a budget year shall be the only subject matter of the bill which enacts the state percent of growth for a budget year.

2. *Allowable growth calculation.* The department of management shall calculate the regular program allowable growth for a budget year by multiplying the state percent of growth for the budget year by the regular program state cost per pupil for the base year and shall calculate the special education support services allowable growth for the budget year by multiplying the state percent of growth for the budget year by the special education support services state cost per pupil for the base year.

3. *Combined allowable growth.* The combined allowable growth per pupil for each school district is the sum of the regular program allowable growth per pupil and the special education support services allowable growth per pupil for the budget year, which may be modified as follows:

a. By the school budget review committee under section 257.31.

b. By the department of management under section 257.36.

257.11 Supplementary weighting plan.

In order to provide additional funds for school districts which send their resident pupils to another school district or to a community college for classes, which jointly employ and share the services of teach-

ers under section 280.15, which use the services of a teacher employed by another school district, or which jointly employ and share the services of a school superintendent under section 280.15 or 273.7A, a supplementary weighting plan for determining enrollment is adopted as follows:

1. *Regular curriculum.* Pupils in a regular curriculum attending all their classes in the district in which they reside, taught by teachers employed by that district, and having administrators employed by that district, are assigned a weighting of one.

2. *Shared classes or teachers.* If the school budget review committee certifies to the department of management that the shared classes or teachers would otherwise not be implemented without the assignment of additional weighting, pupils attending classes in another school district or a community college, attending classes taught by a teacher who is employed jointly under section 280.15, or attending classes taught by a teacher who is employed by another school district, are assigned a weighting of one plus an additional portion equal to one times the percent of the pupil's school day during which the pupil attends classes in another district or community college, attends classes taught by a teacher who is jointly employed under section 280.15, or attends classes taught by a teacher who is employed by another school district. A pupil attending a class in which students from one or more other school districts are enrolled and the class is taught via the Iowa communications network is not deemed to be attending a class in another school district for the purposes of this subsection and the school district is not eligible for additional weighting for that class under this subsection.

School districts that have executed whole grade sharing agreements under section 282.10 through 282.12 beginning with the budget year beginning on July 1, 1993, and that received supplementary weighting for shared teachers or classes under this subsection for the school year ending prior to the effective date of the whole grade sharing agreement shall include in its supplementary weighting amount additional pupils added by the application of the supplementary weighting plan, equal to the pupils added by the application of the supplementary weighting plan pursuant to this subsection in the budget year beginning July 1, 1992. If at any time after July 1, 1993, a district ends a whole grade sharing agreement with the original district and does not enter into a whole grade sharing agreement with an alternative district, the school district shall reduce its supplementary weighting amount by the number of pupils added by the application of the supplementary weighting in this subsection in the budget year beginning July 1, 1992, in the budget year that the whole grade sharing agreement is terminated.

3. *Whole grade sharing.* For the budget years beginning July 1, 1991, and July 1, 1992, in districts that have executed whole grade sharing agreements under sections 282.10 through 282.12, the school budget review committee shall assign a weighting

equal to one plus an additional portion of one times the percent of the pupil's school day in which a pupil attends classes in another district or a community college, attends classes taught by a teacher who is employed jointly under section 280.15, or attends classes taught by a teacher who is employed by another district. The assignment of additional weighting to a school district shall continue for a period of five years. If the school district reorganizes during that five-year period, the assignment of the additional weighting shall be transferred to the reorganized district until the expiration of the five-year period. If a school district was receiving additional weighting for whole grade sharing under section 442.39, subsection 2, Code 1989, the district shall continue to be assigned additional weighting for whole grade sharing by the school budget review committee under this subsection so that the district is assigned the additional weighting for whole grade sharing for a total period of five years.

4. *Pupils ineligible.* A pupil eligible for the weighting plan provided in section 256B.9 is not eligible for the weighting plan provided in this section.

5. *Shared superintendents.* For the budget years beginning July 1, 1991, and July 1, 1992, pupils enrolled in a school district in which the superintendent is employed jointly under section 280.15 or under section 273.7A, are assigned a weighting of one plus an additional portion of one for the superintendent who is jointly employed times the percent of the superintendent's time in which the superintendent is employed in the school district. However, the total additional weighting assigned under this subsection for a budget year for a school district shall not exceed seven and one-half and the total additional weighting added cumulatively to the enrollment of school districts sharing a superintendent shall not exceed twelve and one-half. The assignment of additional weighting to a school district shall continue for a period of five years. If the school district reorganizes during that five-year period, the assignment of the additional weighting shall be transferred to the reorganized district until the expiration of the five-year period.

If a district was receiving additional weighting for superintendent sharing or administrator sharing under section 442.39, subsection 4, Code 1989, the district shall continue to be assigned additional weighting for superintendent sharing or administrator sharing by the school budget review committee under this subsection so that the district is assigned the additional weighting for sharing for a total period of five years.

For purposes of this section, "superintendent" includes a person jointly employed under section 273.7A or section 280.15 to serve in the capacity of a school superintendent and who holds a superintendent's endorsement issued under chapter 272 by the board of educational examiners.

6. *Shared mathematics, science, and language courses.* For the budget years beginning July 1, 1991, and July 1, 1992, a school district receiving

additional funds under subsection 2 or 3 for its pupils at the ninth grade level and above that are enrolled in sequential mathematics courses at the advanced algebra level and above; chemistry, advanced chemistry, physics or advanced physics courses; or foreign language courses at the second year level and above shall have an additional weighting of one pupil added to its total.

7. *Calculation of weights.* The school budget review committee shall calculate the weights to be used under subsections 2 and 3 to the nearest one-hundredth of one and under subsection 5 to the next highest one-thousandth of one. To the extent possible, the moneys generated by the weighting shall be equivalent to the moneys generated by the one-tenth, five-tenths, and twenty-five thousandths weighting provided in section 442.39, Code 1989.

For the budget years commencing July 1, 1991, July 1, 1992, July 1, 1993, July 1, 1994, July 1, 1995, and July 1, 1996, if the department of management determines that the regular program district cost of a school district for a budget year is less than the total of the regular program district cost plus any adjustment added under this section for the base year for that school district, the department of management shall provide a budget adjustment for that district for that budget year that is equal to the difference.

2. For the budget year beginning July 1, 1995, if the department of management determines that the regular program district cost plus the budget adjustment computed under subsection 1 of a school district is less than one hundred one percent of the total of the regular program district cost plus any adjustment added under this section for the base year for that school district, the department of management shall provide an additional budget adjustment for that budget year that is equal to the difference.

3. For the budget year beginning July 1, 1991, for a school district, the department of management shall use as the district's base year regular program district cost the product of the district's regular program district cost per pupil calculated as regular program district cost per pupil would have been calculated for the budget year under section 442.9, Code 1989, multiplied by the district's budget enrollment as budget enrollment would have been calculated under section 442.4, Code 1989, for the budget year, and shall add to that amount the amount added to district cost pursuant to section 442.21, Code 1989.

257.18 Instructional support program.

1. An instructional support program that provides additional funding for school districts is established. A board of directors that wishes to consider participating in the instructional support program shall hold a public hearing on the question of participation. The board shall set forth its proposal, including the method that will be used to fund the program, in a resolution and shall publish the notice of the time and place of a public hearing on the resolution. Notice of the time and place of the public hearing shall be published in one or more newspapers not less than ten nor more than twenty days before the public hearing. For the purpose of establishing and giving assured circulation to the proceedings, only a newspaper which is a newspaper of general circulation issued at a regular frequency, distributed in the school district's area, and regularly delivered or mailed through the post office during the preceding two years may be used for the publication. In addition, the newspaper must have a list of subscribers who have paid, or promised to pay, at more than a nominal rate, for copies to be received during a stated period. At the hearing, the board shall announce a date certain, no later than thirty days after the date of the hearing, that it will take action to adopt a resolution to participate in the instructional support program for a period not exceeding five years or to direct the county commissioner of elections to call an election to submit the question of participation in the program for a period not exceeding ten years to the registered voters of the school district at the next following regular school election in the base year or a special election held not later than December 1 of the base year. If the board calls an election on the question of participation, if a majority of those voting on the question favors participation in the program, the board shall adopt a resolution to participate and certify the results of the election to the department of management.

2. If the board does not provide for an election and adopts a resolution to participate in the instructional support program, the district shall participate in the instructional support program unless within twenty-

eight days following the action of the board, the secretary of the board receives a petition containing the required number of signatures, asking that an election be called to approve or disapprove the action of the board in adopting the instructional support program. The petition must be signed by eligible electors equal in number to not less than one hundred or thirty percent of the number of voters at the last preceding regular school election, whichever is greater. The board shall either rescind its action or direct the county commissioner of elections to submit the question to the registered voters of the school district at the next following regular school election or a special election held not later than December 1 of the base year. If a majority of those voting on the question at the election favors disapproval of the action of the board, the district shall not participate in the instructional support program. If a majority of those voting on the question favors approval of the action, the board shall certify the results of the election to the department of management and the district shall participate in the program.

At the expiration of the twenty-eight day period, if no petition is filed, the board shall certify its action to the department of management and the district shall participate in the program.

3. Participation in an instructional support program is not affected by a change in the boundaries of the school district, except as otherwise provided in this section. If each school district involved in a school reorganization under chapter 275 has approved an instructional support program, and if the voters have not voted upon the question of participation in the program in the reorganized district, the instructional support program shall be in effect for the reorganized district that has been approved for the least amount and the shortest time in any of the districts.

257.29 Educational improvement program.

An educational improvement program is established to provide additional funding for school districts in which the regular program district cost per pupil for a budget year is one hundred ten percent of the regular program state cost per pupil for the budget year and which have approved the use of the instructional support program established in section 257.18. A board of directors that wishes to consider participating in the educational improvement program shall hold a hearing on the question of participation and the maximum percent of the regular program district cost of the district that will be used. The hearing shall be held in the manner provided in section 257.18 for the instructional support program. Following the hearing, the board may direct the county commissioner of elections to submit the question to the registered voters of the school district at the next following regular school election or a special election held not later than the following February 1. If a majority of those voting on the question favors participation in the program, the board shall adopt a

resolution to participate and shall certify the results of the election to the department of management and the district shall participate in the program. If a majority of those voting on the question does not favor participation, the district shall not participate in the program.

The educational improvement program shall provide additional revenues each fiscal year equal to a specified percent of the regular program district cost of the district, as determined by the board but not more than the maximum percent authorized by the electors if an election has been held. Certification of a district's participation for a budget year, the method of funding, and the amount to be raised shall be made to the department of management not later than April 15 of the base year.

The educational improvement program shall be funded by either an educational improvement property tax or by a combination of an educational improvement property tax and an educational improvement income surtax. The method of raising the educational improvement moneys shall be determined by the board. Subject to the limitation in section 298.14, if the board uses a combination of an educational improvement property tax and an educational improvement income surtax, the board shall determine the percent of income surtax to be imposed, expressed as full percentage points, not to exceed twenty percent.

The department of management shall establish the amount of the educational improvement property tax to be levied or the amount of the combination of the educational improvement property tax to be levied and the amount of the school district income surtax to be imposed for each school year that the educational improvement amount is authorized. The educational improvement property tax and income surtax, if an income surtax is imposed, shall be levied and imposed, collected, and paid to the school district in the manner provided for the instructional support program in sections 257.21 through 257.26. Moneys received by a school district under the educational improvement program are miscellaneous income.

Once approved at an election, the authority of the board to use the educational improvement program shall continue until the board votes to rescind the educational improvement program or the voters of the school district by majority vote order the discontinuance of the program. The board shall call an election to vote on the proposition whether to discontinue the program upon the receipt of a petition signed by not less than one hundred eligible electors or thirty percent of the number of electors voting at the last preceding school election, whichever is greater.

Participation in an educational improvement program is not affected by a change in the boundaries of the school district, except as otherwise provided in this section. If each school district involved in school reorganization under chapter 275 has approved an educational improvement program, and if the voters have not voted upon the question of participation in the program in the reorganized district, the educa-

tional improvement program shall be in effect for the reorganized district that has been approved for the least amount and the shortest time in any of the districts.

Notwithstanding the requirement in the first unnumbered paragraph of this section that the regular program district cost per pupil for a budget year is one hundred ten percent of the regular state cost per pupil, the board of directors may participate in the educational improvement program as provided in this section if the school district had adopted an

enrichment levy of fifteen percent of the state cost per pupil multiplied by the budget enrollment in the district prior to July 1, 1992, and upon expiration of the period for which the enrichment levy was adopted, adopts a resolution for the use of the instructional support program established in section 257.18. The maximum percent of the regular district cost of the district that may be used under this paragraph shall not exceed five percent.

Moneys in the interest for Iowa schools fund shall be transferred or allocated only for school purposes as provided in this section.

2. The value of in-kind contributions shall be based upon the fair market value of the contribution determined for income tax purposes.

The portion of the interest for Iowa schools fund that is equal to the cumulative total value of contributions, less the portion of the interest for Iowa schools fund dedicated to the national center for gifted and talented education, is dedicated to the first in the nation in education foundation for that year. The interest earned on this dedicated amount shall be transferred by the treasurer of state to the credit of the first in the nation in education foundation.

262.75 Incentives for cooperating teachers.

A cooperating teacher incentive program is established to encourage experienced teachers to serve as cooperating teachers for student teachers enrolled in the institutions of higher education under the control of the board. An individual who submits evidence to an institution that the individual has satisfactorily served as a cooperating teacher for a student teacher from any of the institutions of higher education under the control of the board for the duration of the student teaching experience shall receive from the institution either a monetary recompense or a reduction in tuition for graduate hours of coursework equivalent to the value of the monetary recompense, rounded to the nearest whole credit hour. If, because of a policy adopted by the board of directors employing the teacher, the amount of the monetary recompense is not made available to the teacher for the teacher's own personal use or the salary paid to the cooperating teacher by the employing board is correspondingly reduced, the institution shall grant the teacher the reduction in tuition pursuant to this section in lieu of the monetary recompense.

In lieu of the payment of monetary recompense to a cooperating teacher, the cooperating teacher may direct that the monetary recompense be paid by the institution directly into a scholarship fund which has been established jointly by the board of directors of the school district that employs the teacher and the local teachers' association. In such cases, the cooperating teacher shall receive neither monetary recompense nor any reduction in tuition at the institution.

CONTINUING EDUCATION AND REGULATION — PROFESSIONAL AND OCCUPATIONAL

272C.3 Authority of licensing boards.

1. Notwithstanding any other provision of this chapter, each licensing board shall have the powers to:

- a. Administer and enforce the laws and administrative rules provided for in this chapter and any other statute to which the licensing board is subject;
- b. Adopt and enforce administrative rules which provide for the partial re-examination of the professional licensing examinations given by each licensing board;
- c. Review or investigate, or both, upon written complaint or upon its own motion pursuant to other evidence received by the board, alleged acts or omissions which the board reasonably believes constitute cause under applicable law or administrative rule for licensee discipline;
- d. Determine in any case whether an investigation, or further investigation, or a disciplinary proceeding is warranted;
- e. Initiate and prosecute disciplinary proceedings;
- f. Impose licensee discipline;
- g. Petition the district court for enforcement of its authority with respect to licensees or with respect to other persons violating the laws which the board is charged with administering;
- h. Register or establish and register peer review committees;
- i. Refer to a registered peer review committee for investigation, review, and report to the board, any complaint or other evidence of an act or omission which the board reasonably believes to constitute cause for licensee discipline. However, the referral of any matter shall not relieve the board of any of its duties and shall not divest the board of any authority or jurisdiction;
- j. Determine and administer the renewal of licenses for periods not exceeding three years.
- k. Establish a licensee review committee for the purpose of evaluating and monitoring licensees who

self-report physical or mental impairments to the board. The board shall adopt rules for the establishment and administration of the committee, including but not limited to establishment of the criteria for eligibility for referral to the committee and the grounds for disciplinary action for noncompliance with committee decisions. Information in the possession of the board or the licensee review committee, under this paragraph, shall be subject to the confidentiality requirements of section 272C.6. Referral of a licensee by the board to a licensee review committee shall not relieve the board of any duties of the board and shall not divest the board of any authority or jurisdiction otherwise provided. A licensee who violates section 272C.10 or the rules of the board while under review by the licensee review committee shall be referred to the board for appropriate action.

2. Each licensing board may impose one or more of the following as licensee discipline:

- a. Revoke a license, or suspend a license either until further order of the board or for a specified period, upon any of the grounds specified in section 147.55, 148.6, 148B.7, 153.34, 154A.24, 169.13, 542B.21, 542C.21, 543B.29, 544A.13, 544B.15, or 602.3203 or chapter 151, 155, 507B or 522, as applicable, or upon any other grounds specifically provided for in this chapter for revocation of the license of a licensee subject to the jurisdiction of that board, or upon failure of the licensee to comply with a decision of the board imposing licensee discipline;
- b. Revoke, or suspend either until further order of the board or for a specified period, the privilege of a licensee to engage in one or more specified procedures, methods, or acts incident to the practice of the profession, if pursuant to hearing or stipulated or agreed settlement the board finds that because of a lack of education or experience, or because of negligence, or careless acts or omissions, or because of one or more intentional acts or omissions, the licensee has demonstrated a lack of qualifications which are

necessary to assure the residents of this state a high standard of professional and occupational care;

c. Impose a period of probation under specified conditions, whether or not in conjunction with other sanctions;

d. Require additional professional education or training, or re-examination, or any combination, as a condition precedent to the reinstatement of a license or of any privilege incident thereto, or as a condition precedent to the termination of any suspension;

e. Impose civil penalties by rule, if the rule specifies which offenses or acts are subject to civil penalties. The amount of civil penalty shall be in the discretion of the board, but shall not exceed one thousand dollars. Failure to comply with the imposition of a civil penalty may be grounds for further license discipline;

f. Issue a citation and warning respecting licensee behavior which is subject to the imposition of other sanctions by the board.

3. The powers conferred by this section upon a licensing board shall be in addition to powers speci-

fied elsewhere in the Code. The powers of any other person specified elsewhere in the Code shall not limit the powers of a licensing board conferred by this section, nor shall the powers of such other person be deemed limited by the provisions of this section.

4. Nothing contained in this section shall be construed to prohibit informal stipulation and settlement by a board and a licensee of any matter involving licensee discipline. However, licensee discipline shall not be agreed to or imposed except pursuant to a written decision which specifies the sanction and which is entered by the board and filed.

All health-care boards shall file written decisions which specify the sanction entered by the board with the Iowa department of public health which shall be available to the public upon request. All nonhealth-care boards shall have on file the written and specified decisions and sanctions entered by the board and shall be available to the public upon request.

CHAPTER 273

AREA EDUCATION AGENCIES

273.2 Area education agencies established — powers — services and programs.

There are established throughout the state fifteen area education agencies, each of which is governed by an area education agency board of directors. The boundaries of an area education agency shall not divide a school district. The director of the department of education shall change boundaries of area education agencies to take into account mergers of local school districts and changes in boundaries of local school districts, when necessary to maintain the policy of this chapter that a local school district shall not be a part of more than one area education agency.

An area education agency established under this chapter is a body politic as a school corporation for the purpose of exercising powers granted under this chapter, and may sue and be sued. An area education agency may hold property and execute lease-purchase agreements pursuant to section 273.3, subsection 7, and if the lease exceeds ten years or the purchase price of the property to be acquired pursuant to a lease-purchase agreement exceeds twenty-five thousand dollars, the area education agency shall conduct a public hearing on the proposed lease-

purchase agreement and receive approval from the area education agency board of directors and the director of the department of education before entering into the agreement.

The area education agency board shall furnish educational services and programs as provided in sections 273.1 to 273.9 and chapter 256B to the pupils enrolled in public or nonpublic schools located within its boundaries which are on the list of accredited schools pursuant to section 256.11. The programs and services provided shall be at least commensurate with programs and services existing on July 1, 1974. The programs and services provided to pupils enrolled in nonpublic schools shall be comparable to programs and services provided to pupils enrolled in public schools within constitutional guidelines.

The area education agency board shall provide for special education services and media services for the local school districts in the area and shall encourage and assist school districts in the area to establish programs for gifted and talented children.

The area education agency board may provide for the following programs and services to local school districts, and at the request of local school districts to

providers of child development services who have received grants under chapter 256A from the child development coordinating council, within the limits of funds available:

1. In-service training programs for employees of school districts and area education agencies, provided at the time programs and services are established they do not duplicate programs and services available in that area from the universities under the state board of regents and from other universities and four-year institutions of higher education in Iowa. The in-service training programs shall include but are not limited to regular training concerning mental or emotional disorders which may afflict children and the impact children with such disorders have upon their families.

2. Educational data processing pursuant to section 256.9, subsection 11.

3. Research, demonstration projects and models, and educational planning for children under five years of age through grade twelve and children requiring special education as defined in section

256B.2 as approved by the state board of education.

4. Auxiliary services for nonpublic school pupils as provided in section 256.12. However, if auxiliary services are provided their funding shall be based on the type of service provided.

5. Other educational programs and services for children under five years through grade twelve and children requiring special education as defined in section 256B.2 and for employees of school districts and area education agencies as approved by the state board of education.

The board of directors of an area education agency shall not establish programs and services which duplicate programs and services which are or may be provided by the community colleges under the provisions of chapter 260C. An area education agency shall contract, whenever practicable, with other school corporations for the use of personnel, buildings, facilities, supplies, equipment, programs, and services.

CHAPTER 275

REORGANIZATION OF SCHOOL DISTRICTS

275.12 Petition — method of election.

1. A petition describing the boundaries, or accurately describing the area included therein by legal descriptions, of the proposed district, which boundaries or area described shall conform to plans developed or the petition shall request change of the plan, shall be filed with the area education agency administrator of the area education agency in which the greatest number of registered voters reside. However, the area education agency administrator shall not accept a petition if any of the school districts affected have approved the issuance of general obligation bonds at an election pursuant to section 296.6 during the preceding six-month period. The petition shall be signed by registered voters in each existing school district or portion affected equal in number to at least twenty percent of the number of registered voters or four hundred registered voters, whichever is the smaller number.

2. The petition filed under subsection 1 shall also state the name of the proposed school district and the number of directors which may be either five or seven and the method of election of the school directors of the proposed district. The method of election of the directors shall be one of the following optional plans:

a. Election at large from the entire district by the electors of the entire district.

b. Division of the entire school district into designated geographical single director or multi-director subdistricts on the basis of population for each director, to be known as director districts, each of which director districts shall be represented on the school board by one or more directors who shall be residents

of the director district but who shall be elected by the vote of the electors of the entire school district. The boundaries of the director districts and the area and population included within each district shall be such as justice, equity, and the interests of the people may require. Changes in the boundaries of director districts shall not be made during a period commencing sixty days prior to the date of the annual school election. Insofar as may be practicable, the boundaries of the districts shall follow established political or natural geographical divisions.

c. Election of not more than one-half of the total number of school directors at large from the entire district and the remaining directors from and as residents of designated single-member or multi-member director districts into which the entire school district shall be divided on the basis of population for each director. In such case, all directors shall be elected by the electors of the entire school district. Changes in the boundaries of director districts shall not be made during a period commencing sixty days prior to the date of the annual school election.

d. Division of the entire school district into designated geographical single director or multi-director subdistricts on the basis of population for each director, to be known as director districts, each of which director districts shall be represented on the school board by one or more directors who shall be residents of the director district and who shall be elected by the voters of the director district. Place of voting in the director districts shall be designated by the commissioner of elections. Changes in the boundaries of director districts shall not be made during a period

commencing sixty days prior to the date of the annual school election.

e. In districts having seven directors, election of three directors at large by the electors of the entire district, one at each annual school election, and election of the remaining directors as residents of and by the electors of individual geographic subdistricts established on the basis of population and identified as director districts. Boundaries of the subdistricts shall follow precinct boundaries, insofar as practicable, and shall not be changed less than sixty days prior to the annual school election.

3. If the petition proposes the division of the school district into director districts, the boundaries of the proposed director districts shall be described in the petition and shall be drawn according to the standards described in section 275.23A, subsection 1.

4. The area education agency board in reviewing the petition as provided in sections 275.15 and 275.16 shall review the proposed method of election of school directors and may change or amend the plan in any manner, including the changing of boundaries of director districts if proposed, or to specify a different method of electing school directors as may be required by law, justice, equity, and the interest of the people. In the action, the area education agency board shall follow the same procedure as is required by sections 275.15 and 275.16 for other action on the petition by the area education agency board. The area education agency shall ascertain that director district boundary lines comply with the provisions of section 275.23A, subsection 1, and shall make adjustments as necessary.

5. The petition may also include a provision that the voter-approved physical plant and equipment levy provided in section 298.2 will be voted upon at the election conducted under section 275.18.

275.22 Canvass and return.

The election tally lists, including absentee ballots, shall be listed by individual school district. The county commissioner of elections shall certify the results of the election to the area education agency administrator. If the majority of the votes cast by the registered voters is in favor of the proposition, as provided in section 275.20, a new school corporation shall be organized. If the majority of votes cast is opposed to the proposition, a new petition describing the identical or similar boundaries shall not be filed for at least six months from the date of the election. If territory is excluded from the reorganized district, action pursuant to section 274.37 shall be taken prior to the effective date of reorganization. The secretary of the new school corporation shall file a written description of the boundaries as provided in section 274.4.

275.23A Redistricting following federal decennial census.

1. School districts which have directors who represent director districts as provided in section 275.12, subsection 2, paragraphs "b", "c", "d", and "e", shall be divided into director districts according to the following standards:

a. All director district boundaries shall follow the boundaries of areas for which official population figures are available from the most recent federal decennial census and, wherever possible, shall follow precinct boundaries.

b. To the extent possible in order to comply with paragraph "a", all director districts shall be as nearly equal as practicable to the ideal population for the districts as determined by dividing the number of districts to be established into the population of the school district.

c. All districts shall be composed of contiguous territory as compact as practicable unless the school district is composed of marginally adjacent territory. A school district which is composed of marginally adjacent territory shall have director districts composed of contiguous territory to the extent practicable.

d. Consideration shall not be given to the addresses of incumbent officeholders, political affiliations of registered voters, previous election results, or demographic information other than population head counts, except as required by the Constitution and the laws of the United States.

e. Cities shall not be divided into two or more districts unless the population of the city is greater than the ideal size of a director district. Cities shall be divided into the smallest number of director districts possible.

2. Following each federal decennial census the school board shall determine whether the existing director district boundaries meet the standards in subsection 1 according to the most recent federal decennial census. If necessary, the board of directors shall redraw the director district boundaries. The director district boundaries shall be described in a resolution adopted by the school board. The resolution shall be adopted no earlier than November 15 of the year immediately following the year in which the federal decennial census is taken nor later than April 30 of the second year immediately following the year in which the federal decennial census is taken. A copy of the plan shall be filed with the area education agency administrator of the area education agency in which the school's electors reside.

3. The school board shall notify the state commissioner of elections and the county commissioner of elections of each county in which a portion of the school district is located when the boundaries of director districts are changed. The notices of changes submitted to the state commissioner shall be post-marked no later than the deadline for adoption of the resolution under subsection 2. The board shall provide the commissioners with maps showing the new boundaries and shall also certify to the state commissioner the populations of the new director districts as determined under the latest federal decen-

nial census. If, following a federal decennial census a school district elects not to redraw director districts under this section, the school board shall so certify to the state commissioner of elections, and the school board shall also certify to the state commissioner the populations of the retained director districts as determined under the latest federal decennial census. If the state commissioner determines that a district board has failed to make the required changes by the dates specified by this section, the state commissioner of elections shall make or cause to be made the necessary changes as soon as possible. The state commissioner shall assess any expenses incurred to the school district. The state commissioner of elections may request the services of personnel of and materials available to the legislative service bureau to assist the state commissioner in making any required boundary changes.

4. If more than one incumbent director resides in a redrawn director district, the terms of office of the affected directors expire at the organizational meeting of the board of directors following the next regular school election following the adoption of the redrawn districts.

5. The boundary changes under this section take effect July 1 following their adoption for the next regular school election.

6. Section 275.9 and sections 275.14 through 275.23 do not apply to changes in director district boundaries made under this section.

95 Acts, ch 189, §18
Subsection 1 amended

275.27 Community school districts — part of area education agency.

School districts created or enlarged under this chapter are community school districts and are part of the area education agency in which the greatest number of registered voters of the district reside at the time of the special election called for in section 275.18, and sections of the Code applicable to the common schools generally are applicable to these districts in addition to the powers and privileges conferred by this chapter. If a school district, created or enlarged under this chapter and assigned to an area education agency under this section, can demonstrate that students in the district were utilizing a service or program prior to the formation of the new or enlarged district that is unavailable from the area education agency to which the new or enlarged district is assigned, the district may be reassigned to the area education agency which formerly provided the service or program, upon an affirmative majority vote of the boards of the affected area education agencies to permit the change.

275.51 Dissolution commission.

As an alternative to school district reorganization prescribed in this chapter, the board of directors of a school district may establish a school district disso-

lution commission to prepare a proposal of dissolution of the school district and attachment of all of the school district to one or more contiguous school districts and to include in the proposal a division of the assets and liabilities of the dissolving school district. A school district dissolution commission shall be established by the board of directors of a school district if a dissolution proposal has been prepared by registered voters who reside within the district. The proposal must contain the names of the proposed members of the commission and be accompanied by a petition which has been signed by at least twenty percent of the registered voters.

The dissolution commission shall consist of seven members appointed by the board for a term of office ending either with a report to the board that no proposal can be approved or on the date of the election on the proposal. Members of the dissolution commission must be eligible electors who reside in the school district, not more than three of whom may be members of the board of directors of the school district. Members shall be appointed from throughout the school district and should represent the various socioeconomic factors present in the school district.

Members of the dissolution commission shall serve without compensation and may be appointed to a subsequent commission. A vacancy on the commission shall be filled in the same manner as the original appointment was made.

The board of the school district shall certify to the area education agency board that a commission has been formed, the names and addresses of commission members, and that the commission members represent the various geographic areas and socioeconomic factors present in the district.

A student enrolled in ninth, tenth, or eleventh grade during the school year preceding the effective date of a dissolution proposal, who was a resident of the school district that dissolved, may enroll in a school district to which territory of the school district that dissolved was attached until the student's graduation from high school, unless the student was expelled or suspended from school and the conditions of expulsion or suspension have not been met. The student under expulsion or suspension shall not be enrolled until the board of directors of the school district to which territory of the dissolved school district was attached approves, by majority vote, the enrollment of the student. Notwithstanding section 282.24, the district of residence of the student, determined in the dissolution proposal, shall pay tuition to the school district selected by the student in an amount not to exceed the district cost per pupil of the district of residence and the school district selected by the student shall accept that tuition payment and enroll the student.

SCHOOL ELECTIONS

277.4 Nominations required.

Nomination papers for all candidates for election to office in each school district shall be filed with the secretary of the school board not more than sixty-four days, nor less than forty days before the election. Nomination petitions shall be filed not later than five p.m. on the last day for filing. If the school board secretary is not readily available during normal office hours, the secretary may designate a full-time employee of the school district who is ordinarily available to accept nomination papers under this section. On the final date for filing nomination papers the office of the school secretary shall remain open until five p.m.

Each candidate shall be nominated by petition. If the candidate is running for an at-large seat in the district, the petition must be signed by at least ten eligible electors, or a number of eligible electors equal in number to not less than one percent of the registered voters of the school district. If the candidate is running for a seat which is voted for only by the voters of a director district, the petition must be signed by at least ten eligible electors of the director district or a number of eligible electors equal in number to not less than one percent of the registered voters in the director district. A petition filed under this section shall not be required to have more than one hundred signatures. Signers of nomination petitions shall include their addresses and the date of signing, and must reside in the same director district as the candidate if directors are elected by the voters of a director district, rather than at large. A person may sign nomination petitions for more than one

candidate for the same office, and the signature is not invalid solely because the person signed nomination petitions for one or more other candidates for the office. The petition shall be filed with the affidavit of the candidate being nominated, stating the candidate's name, place of residence, that such person is a candidate and is eligible for the office the candidate seeks, and that if elected the candidate will qualify for the office. The affidavit shall also state that the candidate is aware that the candidate is disqualified from holding office if the candidate has been convicted, and never pardoned, of a felony or other infamous crime.

The secretary of the school board shall accept the petition for filing if on its face it appears to have the requisite number of signatures and if it is timely filed. The secretary of the school board shall note upon each petition and affidavit accepted for filing the date and time that the petition was filed. The secretary of the school board shall deliver all nomination petitions, together with the complete text of any public measure being submitted by the board to the electorate, to the county commissioner of elections not later than five o'clock p.m. on the day following the last day on which nomination petitions can be filed.

Any person on whose behalf nomination petitions have been filed under this section may withdraw as a candidate by filing a signed statement to that effect with the secretary at any time prior to five o'clock p.m. on the thirty-fifth day before the election.

For each fiscal year beginning on or after July 1, 1995, there is appropriated the sum which was appropriated for the fiscal year commencing July 1, 1994.

The moneys shall be allocated as follows:

a. Two hundred seventy-five thousand dollars of the funds appropriated shall be allocated to the area education agencies to assist school districts in developing program plans and budgets under this section and to assist school districts in meeting other responsibilities in early childhood education.

b. For the fiscal year beginning July 1, 1990, four million six hundred twenty-five thousand dollars, and for each fiscal year thereafter, six million one hundred twenty-five thousand dollars of the funds appropriated shall be allocated to the child development coordinating council established in chapter 256A for the purposes set out in subsection 2 of this section and section 256A.3.

For each of the fiscal years during the fiscal period beginning July 1, 1994, and ending June 30, 1998, twenty thousand dollars of the funds allocated under this paragraph shall be expended for staff development, research, and the development of strategies for coordination with community-based youth organizations and agencies. A school that received a grant during the fiscal year beginning July 1, 1993, is ineligible to receive a grant under this paragraph.

Subject to the approval of the state board of education, the allocation made in this paragraph may be renewed for additional four-year periods of time.

d. For the fiscal year beginning July 1, 1990, three million dollars, and for each fiscal year thereafter, four million dollars of the funds appropriated shall be allocated as grants to school districts that have elementary schools that demonstrate the greatest need for programs for at-risk students with preference given to innovative programs for the early elementary school years. The grant allocations made in this paragraph may be renewed for additional periods of time. Of the amount allocated under this paragraph for each fiscal year, seventy-five thousand dollars shall be allocated to school districts which have an actual student population of ten thousand or less and have an actual non-English speaking student population which represents greater than five percent of the total actual student population for grants to elementary schools in those districts.

e. Additional funds available under this subsection as a result of additional growth provided to the appropriation in subsection 1 shall be distributed equally between paragraphs "b" and "d".

g. Not later than January 15, 1991, the department of education shall submit a report to the general assembly listing the moneys allocated under each of the paragraphs of this section and anticipated funding needed for the remainder of the fiscal year for each of those paragraphs. If the moneys appropriated under this section are insufficient to fund the grants under paragraphs "b" and "d", the department of education shall certify that information in the report and it is the intent of the general assembly that moneys shall be appropriated for the fiscal year beginning July 1, 1990, to supplement the appropriation in this section in an amount sufficient to fund grants under paragraphs "b" and "d", but not greater than two million five hundred thousand dollars.

Notwithstanding section 256A.3, subsection 6, of the amount appropriated for the fiscal year beginning July 1, 1990, less the amount allocated under paragraph "a", three and thirty-three hundredths percent may be used for administrative costs.

In succeeding fiscal years, notwithstanding section 256A.3, subsection 6, of the amount appropriated for a fiscal year, less the amount allocated under paragraph "a", three and thirty-three hundredths percent may be used for administrative costs. However, if the amount appropriated for the fiscal year, less the amount allocated under paragraph "a", times three and thirty-three hundredths percent is greater than the amount received for use for administrative costs

during the fiscal year beginning July 1, 1990, then the amount to be used for administrative costs shall be reduced to equal the amount received during the fiscal year beginning July 1, 1990.

2. Funds allocated under subsection 1, paragraph "b", shall be used by the child development coordinating council for the following:

a. To continue funding for programs previously funded by grants awarded under section 256A.3 and to provide additional grants under section 256A.3. The council shall seek to provide grants on the basis of the location within the state of children meeting at-risk definitions.

b. At the discretion of the child development coordinating council, award grants for the following:

(1) To school districts to establish programs for three-year, four-year, and five-year old at-risk children which are a combination of preschool and full-day kindergarten.

(2) To provide grants to provide educational support services to parents of at-risk children age birth through three years.

3. A school-based youth services education program is established. The department of education, in consultation with the department of human services, the department of employment services, the Iowa department of public health, the division of criminal and juvenile justice planning of the department of human rights, institutions of higher learning with applicable programs, and the division of job training and entrepreneurship assistance of the department of economic development, shall develop a four-year demonstration grant program that commences in the fiscal year beginning July 1, 1994. The department shall provide grants to individual or consortiums of elementary, middle, or high schools to establish school-based youth services programs, in conjunction with local agencies and community organizations, based upon program plans filed by the board of directors of the school district. The department shall provide grants to establish model programs in at least the following three size categories:

a. A school district with an enrollment of less than one thousand two hundred.

b. A school district with an enrollment of one thousand two hundred to four thousand nine hundred ninety-nine.

c. A school district with an enrollment of at least five thousand.

Priority shall be weighted toward need and given to schools whose plans indicate a high degree of active participation by community-based youth organizations and agencies, and to schools with student populations characterized by high rates of a number of the following: school dropout and absenteeism; teenage pregnancy; juvenile court involvement; family conflict; unemployment; teenage suicide; and child and youth mental health, substance abuse, and other health problems. The department shall coordinate an evaluation initiative with the approved projects designed to investigate program effectiveness in reducing these rates within communities. In

developing the evaluation initiative, the department shall consult with the department of human services, the department of employment services, the Iowa department of public health, the division of criminal and juvenile justice planning of the department of human rights, institutions of higher learning with applicable programs, and the division of job training and entrepreneurship assistance of the department of economic development.

Programs shall provide at a minimum recreation opportunities, personal skills development, basic academic skills development, family interaction opportunities, and mentoring. Additional objectives of the programs shall be: to increase the ability of existing agencies within the community to address the multiple problems of children and youth and to coordinate their activities and to facilitate joint planning to make the most economic and innovative use of community resources. Priority shall be given to programs that provide access to a center for children and youth after school, in the evening, and on weekends, and during the summer and that provide a twenty-four-hour telephone hotline or similar service, and that provide access to day care or on-site child day care. Programs shall at a minimum provide career development services, mental health and family counseling services, and primary health care services that include but are not limited to physical examinations, immunizations, hearing and vision screening, and preventive and primary health care services, in the context of the educational needs of the students. Programs shall not include abortion counseling or the dispensing of contraceptives.

The plan shall include the appointment by the board of a local advisory board for each proposed program, which at a minimum shall include a representative of the private industry council serving the area, parents of children enrolled in the school, a teacher recommended by the local teachers association, a representative from the health and mental health community in the area, teenagers enrolled in the school and recommended by the school student government, a representative from the nonprofit provider community, and a representative from the juvenile court system serving the area. Management of the program shall be by the school or by a nonprofit youth service organization. As used in this subsection, "youth service" means recreational services, employment services, civic services, or juvenile treatment services.

Program proposals shall include a program evaluation component and a written commitment from the school principal and the board of directors that the school will work to coordinate and integrate existing school services and activities with the center and shall include letters of support for the proposal from the local teachers association; parent-teacher organizations; community organizations; nonprofit agencies providing social services, health, or career development services in the area; the juvenile court system serving the area; and the area private industry council.

Grants for the program shall not be used to construct a new facility or to renovate an existing structure.

Program proposals shall include a contribution of at least twenty percent of the total costs of the program, which can include "in-kind" services. Partnerships between the public and private sectors to provide employment and training opportunities for youth served by the program are particularly encouraged. The budget for a proposed program shall not exceed two hundred thousand dollars per year.

4. The department shall seek assistance from the first in the nation in education foundation established in chapter 257A and other foundations and public and private agencies in the evaluation of the programs funded under this section, and in the provision of support to school districts in developing and implementing the programs funded under this section.

5. The state board of education shall adopt rules under chapter 17A for the administration of this section.

279.53 Additional enrichment amount for asbestos projects.

1. A school board may raise an additional enrichment amount for purposes of funding an asbestos project under section 279.52 as provided in this section.

2. The board shall determine the additional enrichment amount needed for an asbestos project, within the limits of this section, and shall direct the county commissioner of elections to submit the question of whether to raise that amount under this section and section 279.54 for a period not exceeding five years, to the registered voters of the school district at a regular school election held during September of the base year or at a special election held not later than February 15 of the base year or Feb-

ruary 15, 1995, whichever is earlier. Only one election on the question shall be held during a twelve-month period. If a majority of those voting on the question favors raising the additional enrichment amount for an asbestos project, the board may include the approved amount in its certified budget.

3. The additional enrichment amount needed for an asbestos project shall be raised within the limits provided in this section by an enrichment property tax or by a combination of an enrichment property tax and a school district income surtax. The method of raising the additional enrichment amount shall be determined by the board. Subject to the limitation in section 298.14, if the board uses a combination of an enrichment property tax and a school district income surtax, for each fiscal year the board shall determine the percent of income surtax to be expressed as full percentage points, not to exceed twenty percent.

279.58 School dress code policies.

1. The general assembly finds and declares that the students and the administrative and instructional staffs of Iowa's public schools have the right to be safe and secure at school. Gang-related apparel worn at school draws attention away from the school's learning environment and directs it toward thoughts or expressions of violence, bigotry, hate, and abuse.

2. The board of directors of a school district may adopt, for the district or for an individual school within the district, a dress code policy that prohibits students from wearing gang-related or other specific apparel if the board determines that the policy is necessary for the health, safety, or positive educational environment of students and staff in the school environment or for the appropriate discipline and operation of the school. Adoption and enforcement of a dress code policy is not a violation of section 280.22.

However, the superintendent or chief administering officer of a school or school district may modify expulsion requirements on a case-by-case basis. This section shall not be construed to prevent the board of directors of a school district or the authorities in charge of a nonpublic school that have expelled a student from the student's regular school setting from providing educational services to the student in an alternative setting. If both this section and section 282.4 apply, this section takes precedence over section 282.4. For purposes of this section, "weapon" means a firearm as defined in 18 U.S.C. § 921. 282.4 Suspension — expulsion.

1. The board may, by a majority vote, expel any student from school for a violation of the regulations or rules established by the board, or when the presence of the student is detrimental to the best interests of the school. The board may confer upon any teacher, principal, or superintendent the power temporarily to suspend a student, notice of the suspension being at once given in writing to the president of the board.

2. A student who commits an assault, as defined under section 708.1, against a school employee in a school building, on school grounds, or at a school-sponsored function shall be suspended for a time to be determined by the principal. Notice of the suspension shall be immediately sent to the president of the board. By special meeting or at the next regularly scheduled board meeting, the board shall review the suspension and decide whether to hold a disciplinary hearing to determine whether or not to order further sanctions against the student, which may include expelling the student. In making its decision, the board shall consider the best interests of the school district, which shall include what is best to protect and ensure the safety of the school employees and students from the student committing the assault.

A student shall not be suspended or expelled pursuant to this section if the suspension or expulsion would violate the federal Individuals with Disabilities Education Act.

3. Notwithstanding section 282.6, if a student has been expelled or suspended from school and has not met the conditions of the expulsion or suspension and if the student, or the parent or guardian of the student, changes district of residence, the student shall not be enrolled in the new district of residence until the board of directors of the new district of

282.31 Funding for special programs.

1. *a.* A child who lives in a facility pursuant to section 282.30, subsection 1, paragraph "a", and who is not enrolled in the educational program of the district of residence of the child, shall receive appropriate educational services. The area education agency shall submit a proposed program and budget to the department of education by January 1 for the next succeeding school year. The department of education shall review and approve or modify the program and proposed budget and shall notify the department of revenue and finance and the area education agency of its action by February 1. The department of revenue and finance shall pay the approved budget amount for an area education agency in monthly installments beginning September 15 and ending June 15 of the next succeeding school year. The installments shall be as nearly equal as possible as determined by the department of management, taking into consideration the relative budget and cash position of the state's resources. The

department of revenue and finance shall transfer the approved budget amount for an area education agency from the moneys appropriated under section 257.16 and make the payment to the area education agency. The area education agency shall submit an accounting for the actual cost of the program to the department of education by August 1 of the following school year. The department shall review and approve or modify all expenditures incurred in compliance with the guidelines pursuant to section 256.7, subsection 10, and shall notify the department of revenue and finance of the approved accounting amount. The approved accounting amount shall be compared with any amounts paid by the department of revenue and finance to the area education agency and any differences added to or subtracted from the October payment made under this paragraph for the next school year. Any amount paid by the department of revenue and finance shall be deducted monthly from the state foundation aid paid under section 257.16 to all school districts in the state during the subsequent fiscal year. The portion of the total amount of the approved budget that shall be deducted from the state aid of a school district shall be the same as the ratio that the budget enrollment for the budget year of the school district bears to the total budget enrollment in the state for that budget year in which the deduction is made.

b. A child who lives in a facility or home pursuant to section 282.19, and who does not require special education and who is not enrolled in the educational program of the district of residence of the child, shall be included in the basic enrollment of the school district in which the facility or home is located.

However, on June 30 of a school year, if the board of directors of a school district determines that the number of children under this paragraph who were counted in the basic enrollment of the school district on the third Friday of September of that school year is fewer than the sum of the number of months all children were enrolled in the school district under this paragraph during the school year divided by nine, the secretary of the school district may submit a claim to the department of education by August 1 following the school year for an amount equal to the district cost per pupil of the district for the previous school year multiplied by the difference between the number of children counted and the number of children calculated by the number of months of enrollment. The amount of the claim shall be paid by the department of revenue and finance to the school district by October 1. The department of revenue and finance shall transfer the total amount of the approved claim of a school district from the moneys appropriated under section 257.16 and the amount paid shall be deducted monthly from the state foundation aid paid to all school districts in the state during the remainder of the subsequent fiscal year in the manner provided in paragraph "a".

2. a. The actual special education instructional costs incurred for a child who lives in a facility pursuant to section 282.19 or for a child who is placed in a facility or home pursuant to section 282.29, who re-

quires special education and who is not enrolled in the educational program of the district of residence of the child but who receives an educational program from the district in which the facility or home is located, shall be paid by the district of residence of the child to the district in which the facility or home is located, and the costs shall include the cost of transportation.

b. A child shall not be denied special education programs and services because of a dispute over the determination of district of residence of the child. The director of the department of education shall determine the district of residence when a dispute arises regarding the determination of the district of residence for a child who requires special education pursuant to this subsection.

3. The actual special education instructional costs, including transportation, for a child who requires special education shall be paid by the department of revenue and finance to the school district in which the facility or home is located, only when a district of residence cannot be determined, and the child was not included in the weighted enrollment of any district pursuant to section 256B.9, and the payment pursuant to subsection 2, paragraph "a", was not made by any district. The district shall submit a proposed program and budget to the department of education by January 1 for the next succeeding school year. The department of education shall review and approve or modify the program and proposed budget and shall notify the district by February 1. The district shall submit a claim by August 1 following the school year for the actual cost of the program. The department shall review and approve or modify the claim and shall notify the department of revenue and finance of the approved claim amount by September 1. The total amount of the approved claim shall be paid by the department of revenue and finance to the school district by October 1. The total amount paid by the department of revenue and finance shall be deducted monthly from the state foundation aid paid under section 257.16 to all school districts in the state during the subsequent fiscal year. The portion of the total amount of the approved claims that shall be deducted from the state aid of a school district shall be the same as the ratio that the budget enrollment for the budget year of the school district bears to the total budget enrollment in the state for the budget year in which the deduction is made. The department of revenue and finance shall transfer the total amount of the approved claims from moneys appropriated under section 257.16 for payment to the school district.

4. For purposes of this section, "*district of residence*" means the school district in which the parent or legal guardian of the child resides or the district in which the district court is located if the district court is the guardian of the child.

5. Programs may be provided during the summer and funded under this section if the school district or area education agency determines a valid educational reason to do so.

CHAPTER 285

STATE AID FOR TRANSPORTATION

285.1 When entitled to state aid.

1. The board of directors in every school district shall provide transportation, either directly or by reimbursement for transportation, for all resident pupils attending public school, kindergarten through twelfth grade, except that:

a. Elementary pupils shall be entitled to transportation only if they live more than two miles from the school designated for attendance.

b. High school pupils shall be entitled to transportation only if they live more than three miles from the school designated for attendance.

c. Children attending prekindergarten programs offered or sponsored by the district or nonpublic school and approved by the department of education or department of human services may be provided transportation services. However, transportation services provided nonpublic school children are not eligible for reimbursement under this chapter.

d. Districts are not required to maintain seating space on school buses for students who are otherwise to be provided transportation under this subsection if the students do not or will not regularly utilize the district's transportation service for extended periods during the school year. The student, or the student's parent or legal guardian if the student is less than eighteen years of age, shall be notified by the district before transportation services may be suspended, and the suspension may continue until the student, or the student's parent or legal guardian, notifies the district that regular student ridership will continue.

For the purposes of this subsection, high school means a school which commences with either grade nine or grade ten, as determined by the board of directors of the school district or by the governing authority of the nonpublic school in the case of nonpublic schools.

Boards in their discretion may provide transportation for some or all resident pupils attending public school or pupils who attend nonpublic schools who are not entitled to transportation. Boards in their discretion may collect from the parent or guardian of the pupil not more than the pro rata cost for such optional transportation, determined as provided in subsection 12.

2. Any pupil may be required to meet a school bus on the approved route a distance of not to exceed three-fourths of a mile without reimbursement.

3. In a district where transportation by school bus is impracticable, where necessary to implement a whole grade sharing agreement under section 282.10, or where school bus service is not available, the board may require parents or guardians to furnish transportation for their children to the schools designated for attendance. Except as provided in section 285.3, the parent or guardian shall be reimbursed for such transportation service for public and nonpublic school pupils by the board of the resident

district in an amount equal to eighty dollars plus seventy-five percent of the difference between eighty dollars and the previous school year's statewide average per pupil transportation cost, as determined by the department of education.

However, a parent or guardian shall not receive reimbursement for furnishing transportation for more than three family members who attend elementary school and one family member who attends high school.

4. In all districts where unsatisfactory roads or other conditions make it advisable, the board at its discretion may require the parents or guardians of public and nonpublic school pupils to furnish transportation for their children up to two miles to connect with vehicles of transportation. The parents or guardians shall be reimbursed for such transportation by the boards of the resident districts at the rate of twenty-eight cents per mile per day, one way, per family for the distance from the pupil's residence to the bus route.

5. Where transportation by school bus is impracticable or not available or other existing conditions warrant it, arrangements may be made for use of common carriers according to uniform standards established by the director of the department of education and at a cost based upon the actual cost of service and approved by the board.

6. When the school designated for attendance of pupils is engaged in the transportation of pupils, the sending or designating school shall use these facilities and pay the pro rata cost of transportation except that a district sending pupils to another school may make other arrangements when it can be shown that such arrangements will be more efficient and economical than to use facilities of the receiving school, providing such arrangements are approved by the board of the area education agency.

7. If a local board closes either elementary or high school facilities and is approved by the board of the area education agency to operate its own transportation equipment, the full cost of transportation shall be paid by the board for all pupils living beyond the statutory walking distance from the school designated for attendance.

8. Transportation service may be suspended upon any day or days, due to inclemency of the weather, conditions of roads, or the existence of other conditions, by the board of the school district operating the buses, when in their judgment it is deemed advisable and when the school or schools are closed to all children.

9. Distance to school or to a bus route shall in all cases be measured on the public highway only and over the most passable and safest route as determined by the area education agency board, starting in the roadway opposite the private entrance to the residence of the pupil and ending in the roadway

opposite the entrance to the school grounds or designated point on bus route.

10. The board in any district providing transportation for nonresident pupils shall collect the pro rata cost of transportation from the district of pupil's residence for all properly designated pupils so transported.

11. Boards in districts operating buses may transport nonresident pupils who attend public school, kindergarten through junior college, who are not entitled to free transportation provided they collect the pro rata cost of transportation from the parents.

12. The pro rata cost of transportation shall be based upon the actual cost for all the children transported in all school buses. It shall include one-seventh of the original net cost of the bus and other items as determined and approved by the director of the department of education but no part of the capital outlay cost for school buses and transportation equipment for which the school district is reimbursed from state funds or that portion of the cost of the operation of a school bus used in transporting pupils to and from extra-curricular activities shall be included in determining the pro rata cost. In a district where, because of unusual conditions, the cost of transportation is in excess of the actual operating cost of the bus route used to furnish transportation to nonresident pupils, the board of the local district may charge a cost equal to the cost of other schools supplying such service to that area, upon receiving approval of the director of the department of education.

13. When a local board fails to pay transportation costs due to another school for transportation service rendered, the board of the creditor corporation shall file a sworn statement with the area education agency board specifying the amount due. The agency board shall check such claim and if the claim is valid shall certify to the county auditor. The auditor shall transmit to the county treasurer an order directing the county treasurer to transfer the amount of such claim from the funds of the debtor corporation to the creditor corporation and the treasurer shall pay the same accordingly.

14. Resident pupils attending a nonpublic school located either within or without the school district of the pupil's residence shall be entitled to transportation on the same basis as provided for resident public school pupils under this section. The public school district providing transportation to a nonpublic school pupil shall determine the days on which bus service is provided, which shall be based upon the days for which bus service is provided to public school pupils, and the public school district shall determine bus schedules and routes. In the case of nonpublic school pupils the term "*school designated for attendance*" means the nonpublic school which is designated for attendance by the parents of the nonpublic school pupil.

15. If the nonpublic school designated for attendance is located within the public school district in which the pupil is a resident, the pupil shall be

transported to the nonpublic school designated for attendance as provided in this section.

16. *a.* If the nonpublic school designated for attendance of a pupil is located outside the boundary line of the school district of the pupil's residence, the pupil may be transported by the district of residence to a public school or other location within the district of the pupil's residence. A public school district in which a nonpublic school is located may establish school bus collection locations within its district from which nonresident nonpublic school pupils may be transported to and from a nonpublic school located in the district. If a pupil receives such transportation, the district of the pupil's residence shall be relieved of any requirement to provide transportation.

b. As an alternative to paragraph "*a*" of this subsection, subject to section 285.9, subsection 3, where practicable, and at the option of the public school district in which a nonpublic school pupil resides, the school district may transport a nonpublic school pupil to a nonpublic school located outside the boundary lines of the public school district if the nonpublic school is located in a school district contiguous to the school district which is transporting the nonpublic school pupils, or may contract with the contiguous public school district in which a nonpublic school is located for the contiguous school district to transport the nonpublic school pupils to the nonpublic school of attendance within the boundary lines of the contiguous school district.

c. If the nonpublic school designated for attendance of a pupil is located outside the boundary line of the school district of the pupil's residence and the district of residence meets the requirements of subsections 14 to 16 of this section by using subsection 17, paragraph "*c*", of this section and the district in which the nonpublic school is located is contiguous to the district of the pupil's residence and is willing to provide transportation under subsection 17, paragraph "*a*" or "*b*", of this section, the district in which the nonpublic school is located may provide transportation services, subject to section 285.9, subsection 3, and may make the claim for reimbursement under section 285.2. The district in which the nonpublic school is located shall notify the district of the pupil's residence that it is making the claim for reimbursement, and the district of the pupil's residence shall be relieved of the requirement for providing transportation and shall not make a claim for reimbursement for those nonpublic school pupils for which a claim is filed by the district in which the nonpublic school is located.

17. The public school district may meet the requirements of subsections 14 to 16 by any of the following:

a. Transportation in a school bus operated by a public school district.

b. Contracting with private parties as provided in section 285.5. However, contracts shall not provide payment in excess of the average per pupil transportation costs of the school district for that year.

c. Utilizing the transportation reimbursement provision of subsection 3.

d. Contracting with a contiguous public school district to transport resident nonpublic school pupils the entire distance from the nonpublic pupil's residence to the nonpublic school located in the contiguous public school district or from the boundary line of the public school district to the nonpublic school.

18. The director of the department of education may review all transportation arrangements to see that they meet all legal and established uniform standard requirements.

19. Transportation authorized by this chapter is exempt from all laws of this state regulating common carriers.

20. Transportation for which the pro rata cost or other charge is collected shall not be provided outside the state of Iowa except in accordance with rules adopted by the department of education in accordance with chapter 17A. The rules shall take into account any applicable federal requirements.

21. Boards in districts operating buses may in their discretion transport senior citizens, children, handicapped and other persons and groups, who are not otherwise entitled to free transportation, and shall collect the pro rata cost of transportation. Transportation under this subsection shall not be provided when the school bus is being used to transport pupils to or from school unless the board determines that such transportation is desirable and will not interfere with or delay the transportation of pupils.

22. Notwithstanding subsection 1, paragraph "a", a parent or guardian of an elementary pupil entitled to transportation pursuant to subsection 1, may request that a child day care facility be designated for purposes of subsection 9 rather than the residence of the pupil. The request shall be submitted for a period of time of at least one semester and may not be submitted more than twice during a school year.

95 Acts, ch 209, §15

Subsection 1, paragraph c amended

285.2 Payment of claims for nonpublic school pupil transportation.

Boards of directors of school districts shall be required to provide transportation services to nonpublic school pupils as provided in section 285.1 when the general assembly appropriates funds to the department of education for the payment of claims for transportation costs submitted by the school district.

There is appropriated from the general fund of the state to the department of education funds sufficient to pay the approved claims of public school districts for transportation services to nonpublic school pupils as provided in this section. The portion of the amount appropriated for approved claims under section 285.1, subsection 3, shall be determined under section 285.3.

The costs of providing transportation to nonpublic school pupils as provided in section 285.1 shall not be included in the computation of district cost under chapter 257, but shall be shown in the budget as an expense from miscellaneous income. Any transportation reimbursements received by a local school district for transporting nonpublic school pupils shall not affect district cost limitations of chapter 257. The reimbursements provided in this section are miscellaneous income as defined in section 257.2.

Claims for reimbursement shall be made to the department of education by the public school district providing transportation or transportation reimbursement during a school year on a form prescribed by the department, and the claim shall state the services provided and the actual costs incurred. A claim shall not exceed the average transportation costs of the district per pupil transported except as otherwise provided. If transportation is provided under section 285.1, subsection 3, the amount of a claim shall be determined under section 285.3 regardless of the average transportation costs of the district per pupil transported.

Claims shall be accompanied by an affidavit of an officer of the public school district affirming the accuracy of the claim. By February 1 and on or about June 15 of each year, the department shall certify to the department of revenue and finance the amounts of approved claims to be paid, and the department of revenue and finance shall draw warrants payable to school districts which have established claims. Claims shall be allowed where practical, and at the option of the public school district of the pupil's residence, subject to approval by the area education agency of the pupil's residence, under section 285.9, subsection 3, the public school district of the pupil's residence may transport a pupil to a school located in a contiguous public school district outside the boundary lines of the public school district of the pupil's residence. The public school district of the pupil's residence may contract with the contiguous public school district or with a private contractor under section 285.5 to transport the pupils to the school of attendance within the boundary lines of the contiguous public school district. The public school district in which the pupil resides may contract with the contiguous public school district or with a private contractor under section 285.5 to transport the pupil from the pupil's residence or from designated school bus collection locations to the school located within the boundary lines of the contiguous public school district, subject to the approval of the area education agency of the pupil's residence. The public school district of the pupil's residence may utilize the reimbursement provisions of section 285.1, subsection 3.

The supervisor appointed by the Iowa state association of county supervisors, the engineer appointed by the Iowa county engineers' association, and the two persons appointed by the Iowa league of cities shall be reimbursed for their actual and necessary expenses incurred in the performance of their official duties as members of the board from funds allocated under section 312.2, subsection 10. It shall be the responsibility of the state functional classification review board to hear any and all appeals from classification boards or board members, relative to disputes arising out of the functional classification of any segment of highway or street. It shall also be the responsibility of the board to establish the necessary guidelines, procedures, and the time limits to be followed in transferring jurisdiction in accordance with section 306.8. The state functional classification review board shall have the authority and the responsibility to make final administrative determinations based on sound functional classification principles for all disputes relative to functional classification including those disputes

relative to the transfer of jurisdictions. The review board shall also serve, when requested jointly by state and local jurisdictions, as an advisory committee for review and adjustment of construction and maintenance guidelines used in updating road and street needs studies.

The agency which is holding the hearing shall notify all adjoining property owners, all utility companies whose facilities adjoin the road right-of-way or are on the road right-of-way, and the department, boards of supervisors, or agency in control of affected state lands, of the time and place of the hearing, by certified mail, and shall notify all property owners located outside the boundary of a city, who own ten or more acres of land within one mile of the road, by regular mail.

306.19 Right-of-way — access — notice.

1. In the maintenance, relocation, establishment, or improvement of any road, including the extension of such road within cities, the agency having jurisdiction and control of such road shall have authority to purchase or to institute and maintain proceedings for the condemnation of the necessary right-of-way therefor. Such agency shall likewise have power to purchase or institute and maintain proceedings for the condemnation of land necessary for highway drainage, or land containing gravel or other suitable material for the improvement or maintenance of highways, together with the necessary road access or right of access thereto.

2. Whenever the agency condemns or purchases property access rights or alters by lengthening any existing driveway to a road from abutting property, except during the time required for construction and maintenance of the road or highway, the agency shall:

a. Compensate the owner for any diminution in the market value of the property by the denial or alteration by lengthening the driveway; however, in computing such diminution in value no consideration shall be given to the additional maintenance expense for maintaining the additional length of driveway, but in lieu thereof, both in condemnation proceedings or negotiated purchases, the agency shall pay to the owner the sum of five dollars for every lineal foot of additional length of driveway located on said owner's property. This payment shall represent just compensation to said property owner for the additional driveway maintenance caused by reason of the highway or road project.

b. If in the opinion of the agency it would be more economical to purchase the entire tract of the property owner than to provide and pay the maintenance expense required under the provisions of this section, proceed with the acquisition of the entire tract of land; or

c. If mutually agreeable, move buildings from an existing location to a location requiring an equal or lesser length of driveway and provide an adequate driveway to a public road.

3. None of the foregoing requirements shall prohibit the property owner and the agency from entering into a mutually acceptable agreement for the replacement, relocation, construction, or maintenance of any alternate driveway on the owner's property.

4. Compensation for any property rights taken in the establishment of any alternative temporary or permanent access shall be paid as in any other purchase or condemnation of property. Proceedings for the condemnation of land for any highway shall be under the provisions of chapter 6A and chapter 6B. Provided that, in the condemnation of right-of-way for secondary roads, the board of supervisors may proceed as provided in sections 306.28 to 306.37.

5. a. The department may notify a city or county that a road under the jurisdiction or control of the department will be established, improved, relocated, or maintained and that the department may need to acquire additional right-of-way or property rights within an area described by the department. The notice shall include a depiction of the area on a map provided by the city, county, or the department. This notice shall be valid for a period of three years from the date of notification to the city or county and may be refiled by the department every three years. Within seven days of filing the notice, the department shall publish in a newspaper of public record a description and map of the area and a description of the potential restrictions applied to the city or county with respect to the granting of building permits, approving of subdivision plats, or zoning changes within the area.

b. The city or county shall notify the department of an application for a building permit for construction valued at twenty-five thousand dollars or more, of the submission of a subdivision plat, or of a proposed zoning change within the area at least thirty days prior to granting the proposed building permit, approving the subdivision plat, or changing the zoning.

c. If the department, within the thirty-day period, notifies the city or county that the department is proceeding to acquire all or part of the property or property rights affecting the area, the city or county shall not issue the building permit, approve the subdivision plat, or change the zoning. The department may apply to the city or county for an extension of the thirty-day period. After a public hearing on the matter, the city or county may grant an additional sixty-day extension of the period.

d. The department shall begin the process of acquiring property or property rights from affected persons within ten days of the department's written notification of intent to the city or county.

6. If the agency determines that it is necessary to relocate an interstate hazardous liquid pipeline as defined by the federal Hazardous Liquid Pipeline Safety Act of 1979, 49 U.S.C. § 2001, et seq., the agency shall have the authority to institute and maintain proceedings on behalf of the pipeline company for the condemnation of replacement property rights. The replacement property rights shall be equal in substance to the pipeline company's existing rights, except that if the issue of width was not addressed, the replacement property rights shall be for a width and location deemed appropriate and necessary for the needs of the pipeline company, as determined by the agency. The replacement property rights of the pipeline company shall be subordinate to the rights of the agency only to the extent necessary for the construc-

tion and maintenance of the designated road. Within a reasonable time after completion of the pipeline replacement, all previously owned property rights of the pipeline company no longer required for operation and maintenance of the pipeline shall be released or conveyed to the appropriate parties. The authority of the agency under this subsection may only be exercised upon execution of a relocation agreement between the agency and the pipeline company.

7. For the purposes of this section, the term "driveway" shall mean a way of ingress and egress located entirely on private property, consisting of a lane or passageway leading from a residence to a public roadway or highway.

CHAPTER 306A

CONTROLLED-ACCESS HIGHWAYS

306A.3 Authority to establish controlled-access facilities — utility accommodation policy.

Cities and highway authorities having jurisdiction and control over the highways of the state, as provided by chapter 306, acting alone or in cooperation with each other or with any federal, state, or local agency or any other state having authority to participate in the construction and maintenance of highways, are authorized to plan, designate, establish, regulate, vacate, alter, improve, maintain, and provide controlled-access facilities for public use if traffic conditions, present or future, will justify special facilities; provided, that within a city such authority shall be subject to municipal consent as may be provided by law. In addition to the specific powers granted in this chapter, cities and highway authorities shall have any additional authority vested in them relative to highways or streets within their respective jurisdictions. Cities and highway authorities may regulate, restrict, or prohibit the use of controlled-access facilities by various classes of vehicles or traffic in a manner consistent with section 306A.2.

The department shall adopt rules, pursuant to chapter 17A, embodying a utility accommodation

policy which imposes reasonable restrictions on placements occurring on or after the effective date of the rules, on primary road rights-of-way. The rules may require utilities to give notice to the department prior to installation of a utility system on a primary road right-of-way and obtain prior permission from the department for the proposed installation. The rules shall recognize emergency situations and the need for immediate installation of service extensions subject to the standards adopted by the department and the utilities board. The rules shall be no less stringent than the standards adopted by the utilities board pursuant to chapters 478, 479, 479A, and 479B. This paragraph shall not be construed as granting the department authority which has been expressly granted to the utilities board to determine the route of utility installations. If the department requires a utility company permit, the department shall be required to act upon the permit application within thirty days of its filing. In cases of federal-aid highway projects on nonprimary highways, the local authority with jurisdiction over the highway and the department shall comply with all federal regulations and statutes regarding utility accommodation.

ADMINISTRATIVE PROVISIONS FOR HIGHWAYS

314.21 Living roadway trust fund.

1. The living roadway trust fund is created in the office of the treasurer of state. The moneys in this fund shall be used exclusively for the development and implementation of integrated roadside vegetation plans. Except as provided in subsections 2 and 3, the moneys shall only be expended for areas on or adjacent to road, street, and highway right-of-ways. The state department of transportation in consultation with the department of natural resources shall establish standards relating to the type of projects available for assistance. For the fiscal period beginning July 1, 1988, and ending March 31, 1990, the moneys in the fund shall be expended as follows: fifty-six percent on state department of transportation projects; thirty percent on county projects; and fourteen percent on city projects.

A city or county which has a project which qualifies for the use of these funds shall submit a request for the funds to the state department of transportation. A city or county may, at its option, apply moneys allocated for use on city or county projects under this subsection toward qualifying projects on the primary system. The state department of transportation in consultation with the department of natural resources shall determine which projects qualify for the funds and which projects shall be funded if the requests for the funds exceed the availability of the funds. In ranking applications for funds, the department shall consider the proportion of political subdivision matching funds to be provided, if any, and the proportion of private contributions to be provided, if any. In considering the proportion of political subdivision matching funds provided, the department shall consider only those moneys which are in addition to those which the political subdivision has historically provided toward such projects. Funds allocated to the cities, the counties, and the department which are not programmed by the end of each fiscal year shall be available for redistribution to any eligible applicant regardless of the original allocation of funds. Such funds shall be awarded for eligible projects based upon their merit in meeting the program objectives established by the department under section 314.22. The department shall submit a report of all projects funded in the previous fiscal year to the governor and to the general assembly on January 15 of each year.

Beginning April 1, 1990, the moneys in the living roadway trust fund shall be allocated between the state, counties, and cities in the same proportion that the road use tax funds are allocated under section 312.2, subsections 1, 2, 3, and 4. However, after April 1, 1990, a city or county shall not be eligible to receive moneys from the living roadway trust fund unless the city or county has an integrated roadside vegetation management plan in place consistent with the objectives in section 314.22.

2. a. The department may authorize projects which provide grants or loans to local governments and organizations which are developing community entryway enhancement and other planting demonstration projects. Planning, public education, installation, and initial maintenance planning and development may be determined by the department to be eligible activities for funding under this paragraph. Projects approved under this paragraph require a local match or contribution toward the overall project cost.

b. The department may authorize projects which provide grants or loans to local governments for the purchase of specialized equipment and special staff training for the establishment of alternative forms of roadside vegetation. Projects approved under this paragraph require a local match or contribution toward the overall project cost.

c. The department, in order to create greater visual effect, shall investigate alternatives for concentrating plantings at strategic locations to gain a greater visual impact and appeal as well as stronger scenic value. Equal attention shall be given to providing safe and effective habitats for wildlife which can coexist with highways.

d. The department may authorize projects which provide grants or loans to local jurisdictions for increased protection through the use of easements, fee title acquisition, covenants, zoning ordinances, or other provisions for protection of vegetation and desirable environment adjacent to the right-of-way. Off-right-of-way projects shall emphasize vegetation protection or enhancement, scenic and wildlife values, erosion control and enhancement of vegetation management projects within the right-of-ways.

3. a. Moneys allocated to the state under subsection 1 shall be expended as follows:

(1) Fifty thousand dollars annually to the department for the services of the integrated roadside vegetation management coordinator and support.

321.24 Issuance of registration and certificate of title.

Upon receipt of the application for title and payment of the required fees for a motor vehicle, trailer, or semitrailer, the county treasurer or the department shall, when satisfied as to the application's genuineness and regularity, and, in the case of a mobile home, that taxes are not owing under chapter 435, issue a certificate of title and, except for a mobile home, a registration receipt, and shall file the application, the manufacturer's or importer's certificate, the certificate of title, or other evidence of ownership, as prescribed by the department. The registration receipt shall be delivered to the owner and shall contain upon its face the date issued, the name and address of the owner, the registration number assigned to the vehicle, the title number assigned to the owner of the vehicle, the amount of the fee paid, the amount of tax paid pursuant to section 423.7, the type of fuel used, and a description of the vehicle as determined by the department, and upon the reverse side a form for notice of transfer of the vehicle.

The county treasurer shall maintain in the county record system information contained on the registration receipt. The information shall be accessible by registration number and shall be open for public inspection during reasonable business hours. Copies the department requires shall be sent to the department in the manner and at the time the department directs.

The certificate of title shall contain upon its face the identical information required upon the face of the registration receipt. In addition, the certificate of title shall contain a statement of the owner's title, the

amount of tax paid pursuant to section 423.7, the name and address of the previous owner, and a statement of all security interests and encumbrances as shown in the application, upon the vehicle described, including the nature of the security interest, date of notation, and name and address of the secured party.

If the prior certificate of title is from another state and indicates that the vehicle was rebuilt, the new certificate of title shall contain the designation of "REBUILT" stamped or printed on its face together with the name of the state issuing the prior title. The designation of "REBUILT" and the name of the other state shall be retained on all subsequent Iowa certificates of title for the vehicle. If the prior certificate of title is from another state and indicates that the vehicle was rebuilt, the registration receipt shall contain the designation of "REBUILT" stamped and printed on its face. The stamped designation of "REBUILT" shall be located on the center of the right side of the registration receipt in black letters no bigger than sixteen point type. The designation shall be retained on the face of all subsequent registration receipts for the vehicle.

If the prior certificate of title is from another state and indicates that the vehicle was junked, an Iowa junking certificate shall be issued according to section 321.52, subsections 2 and 3. If the prior certificate of title from another state indicates that the vehicle is salvaged and not rebuilt or is a salvage certificate of title, an Iowa salvage certificate of title shall be issued and a "SALVAGE" designation shall be retained on all subsequent Iowa certificates of title and registration receipts for the vehicle, except as provided under section 321.52, subsection 4, paragraph "b". The department may require that subsequent Iowa certificates of title retain other states' designations which indicate that a vehicle had incurred prior damage. The department shall determine the manner in which other states' rebuilt, salvage, or other designations are to be indicated on Iowa titles.

The certificate shall bear the seal of the county treasurer or of the department, and the signature of the county treasurer, the deputy county treasurer, or the department director or deputy designee. The certificate shall provide space for the signature of the owner. The owner shall sign the certificate of title in the space provided with pen and ink upon its receipt. The certificate of title shall contain upon the reverse side a form for assignment of title or interest and warranty by the owner, for reassignments by a dealer licensed in this state or in another state if the state in which the dealer is licensed permits Iowa licensed dealers to similarly reassign certificates of title. Attached to the certificate of title shall be an application for a new certificate of title by the transferee as provided in this chapter. However, titles for mobile homes shall not be reassigned by licensed dealers. All certificates of title shall be typewritten or printed by other mechanical means. Notwithstanding section 321.1, subsection 17, as used in this paragraph "dealer" means every person engaged in the business

of buying, selling, or exchanging vehicles of a type required to be registered under this chapter.

The original certificate of title shall be delivered to the owner if no security interest or encumbrance appears on the certificate. Otherwise the certificate of title shall be delivered by the county treasurer or the department to the person holding the first security interest or encumbrance as shown in the certificate.

The county treasurer or the department shall maintain in the county or department records system information contained on the certificate of title. The information shall be accessible by title certificate number for a period of three years from the date of notification of cancellation of title or that a new title has been issued as provided in this chapter. Copies the department requires shall be sent to the department in the manner and at the time the department directs. The department shall designate a uniform system of title numbers to indicate the county of issuance.

A vehicle shall be registered for the registration year. A vehicle registered for the first time in this state shall be registered for the remaining unexpired months of the registration year and pay a registration fee prorated for the remaining unexpired months of the registration year.

If the county treasurer or department is not satisfied as to the ownership of the vehicle or that there are no undisclosed security interests in it, or a junking certificate has been issued for the vehicle but a certificate of title will not be reissued under section 321.52, subsection 3, and the vehicle qualifies as an antique vehicle under section 321.115, subsection 1, the county treasurer or department may register the vehicle but shall as a condition of issuing a certificate of title and registration receipt, require the applicant to file with the department a bond in the form prescribed by the department and executed by the applicant, and either accompanied by the deposit of cash with the department or also executed by a person authorized to conduct a surety business in this state. The bond shall be in an amount equal to one and one-half times the current value of the vehicle as determined by the department and conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the vehicle or person acquiring any security interest in it, and their respective successors in interest, against any expense, loss, or damage, including reasonable attorney's fees, by reason of the issuance of the certificate of title of the vehicle or on account of any defect in or undisclosed security interest upon the right, title and interest of the applicant in and to the vehicle. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond, and any deposit accompanying it, shall be returned at the end of three years or prior thereto if the vehicle is no longer registered in this state and the currently valid certificate of title is surrendered to the department,

unless the department has been notified of the pendency of an action to recover on the bond.

2. That the vehicle is mechanically unfit or unsafe to be operated or moved upon the highways, providing such condition is revealed by a member of this department, or any peace officer.

3. That the department or the county treasurer has reasonable ground to believe that the vehicle is a stolen or embezzled vehicle or that the granting of registration and issuance of a certificate of title would constitute a fraud against the rightful owner.

4. That the registration of the vehicle stands suspended or revoked for any reason as provided in the motor vehicle laws of this state.

5. That the required fee has not been paid except as provided in section 321.48.

6. That the required use tax has not been paid.

An applicant may contest this action by requesting a contested case proceeding from the agency that referred the debt for collection pursuant to section 421.17. This subsection shall apply only to a

renewal of registration and shall not apply to the issuance of an original registration or to the issuance of a certificate of title.

The department or the county treasurer shall also refuse registration of a vehicle if the applicant for registration of the vehicle has failed to pay the required registration fees of any vehicle owned or previously owned when the registration fee was required to be paid by the applicant, and for which vehicle the registration was suspended or revoked under section 321.101, subsection 4, until the fees are paid together with any accrued penalties.

The records system shall also contain a record of the certificate of title including such information as the department deems necessary. The information to be kept in the records system shall be entered within forty-eight hours after receipt insofar as is practical. The records system shall constitute the permanent record of ownership of each vehicle titled under the laws of this state.

The department may make photostatic, microfilm, or other photographic copies of certificates of title, registration receipts, or other records, reports or documents which are required to be retained by the department. When copies have been made, the department may destroy the original records in such manner as prescribed by the director. The photostatic, microfilm, or other photographic copies, when no longer of use, may be destroyed in the manner prescribed by the director, subject to the approval of the state records commission. Photostatic, microfilm, or other photographic copies of records shall be admissible in evidence when duly certified and authenticated by the officer having custody and control of the copies of records. Records of vehicle certificates of title may be destroyed seven years after the date of issue.

The director shall maintain a records system of delinquent accounts owed to the state using information provided through the computerized data bank established in section 421.17. The department and county treasurers shall use the information maintained in the records system to determine if applicants for renewal of registration have delinquent accounts, charges, fees, loans, taxes, or other indebtedness owed to or being collected by the state as provided pursuant to section 421.17. The director

and the director of revenue and finance shall establish procedures for updating the delinquent accounts records to add and remove accounts, as applicable.

321.34 Plates or validation sticker furnished — retained by owner — special plates.

1. *Plates issued.* The county treasurer upon receiving application, accompanied by proper fee, for registration of a vehicle shall issue to the owner one registration plate for a motorcycle, motorized bicycle, truck tractor, trailer, or semitrailer and two registration plates for every other motor vehicle. The registration plates, including special registration plates, shall be assigned to the owner of a vehicle. When the owner of a registered vehicle transfers or assigns ownership of the vehicle to another person, the owner shall remove the registration plates from the vehicle. The owner shall forward the plates to the county treasurer where the vehicle is registered or the owner may have the plates assigned to another vehicle within thirty days after transfer, upon payment of the fees required by law. The owner shall immediately affix registration plates retained by the owner to another vehicle owned or acquired by the owner, providing the owner complies with section 321.46. The department shall adopt rules providing for the assignment of registration plates to the transferee of a vehicle for which a credit is allowed under section 321.46, subsection 6.

2. *Validation stickers.* In lieu of issuing new registration plates each registration year for a vehicle renewing registration, the department may reassign the registration plates previously issued to the vehicle and may adopt and prescribe annual validation stickers indicating payment of registration fees. The department shall issue two validation stickers for each set of registration plates. One sticker shall specify the year of expiration of the registration period. The second sticker shall specify the month of expiration of the registration period and need not be reissued annually. The month of registration shall not be required on registration plates or validation

stickers issued for vehicles registered under chapter 326. The stickers shall be displayed only on the rear registration plate, except that the stickers shall be displayed on the front registration plate of a truck-tractor.

The state department of transportation shall promulgate rules to provide for the placement of motor vehicle registration validation stickers on all registration plates issued for the motor vehicle when such validation stickers are issued in lieu of issuing new registration plates under the provisions of this section.

3. *Radio operators plates.* The owner of an automobile, light delivery truck, panel delivery truck, or pickup who holds an amateur radio license issued by the federal communications commission may, upon written application to the county treasurer accompanied by a fee of five dollars, order special registration plates bearing the call letters authorized the radio station covered by the person's amateur radio license. When received by the county treasurer, such special registration plates shall be issued to the applicant in exchange for the registration plates previously issued to the person. Not more than one set of special registration plates may be issued to an applicant. Said fee shall be in addition to and not in lieu of the fee for regular registration plates. Special registration plates must be surrendered upon expiration of the owner's amateur radio license and the owner shall thereupon be entitled to the owner's regular registration plates. The county treasurer shall validate special plates in the same manner as regular registration plates, upon payment of five dollars in addition to the regular annual registration fee.

4. *Multiyear plates.* In lieu of issuing annual registration plates for trailers and semitrailers, the department may issue a multiyear registration plate for a three-year period or a permanent registration plate for trailers and semitrailers licensed under chapter 326 upon payment of the appropriate registration fee. Payment of fees to the department for a permanent registration plate shall, at the option of the registrant, be made at five-year intervals or on an annual basis. Fees from three-year and five-year payments shall not be reduced or prorated.

5. *Personalized registration plates.*

a. Upon application and the payment of a fee of twenty-five dollars, the director may issue to the owner of a motor vehicle registered in this state or a trailer or travel trailer registered in this state, personalized registration plates marked with up to seven initials, letters, or combination of numerals and letters requested by the owner. However, personalized registration plates for motorcycles and motorized bicycles shall be marked with no more than six initials, letters, or combinations of numerals and letters. Upon receipt of the personalized registration plates, the applicant shall surrender the regular registration plates to the county treasurer. The fee for issuance of the personalized registration plates shall be in addition to the regular annual registration fee.

b. The county treasurer shall validate personalized registration plates in the same manner as regu-

lar registration plates are validated under this section at an annual fee of five dollars in addition to the regular annual registration fee. A person renewing a personalized registration plate within one month following the time requirements under section 321.40 may renew the personalized plate without paying the additional registration fee under paragraph "a" but shall pay the five-dollar fee in addition to the regular registration fee and any penalties subject to regular registration plate holders for late renewal.

This designation shall be included on every Iowa certificate of title and registration receipt issued thereafter for the vehicle. The stamped designation shall be in black and shall be in letters no bigger than sixteen point type and located on the center of the right side of the registration receipt.

However, if ownership of a stolen vehicle has been transferred to an insurer organized under the laws of this state or admitted to do business in this state, or if the transfer was the result of a settlement with the owner of the vehicle arising from damage to or the unrecovered theft of the vehicle, and if the insurer certifies to the county treasurer on a form approved by the department that the insurance company has received one or more written estimates which state that the retail cost of repairs including labor, parts, and other materials of all damage to the vehicle is less than three thousand dollars, the county treasurer shall issue to the insurance company the regular certificate of title and registration receipt without this designation.

c. A salvage theft examination shall be made by a peace officer who has been specially certified and recertified when required by the Iowa law enforcement academy to do salvage theft examinations. The Iowa law enforcement academy shall determine standards for training and certification, conduct training, and may approve alternative training programs which satisfy the academy's standards for training and certification. The owner of the salvage vehicle shall make the vehicle available for examination at a time and location designated by the peace officer doing the examination. The owner may obtain a permit to drive the vehicle to and from the examination location by submitting a repair affidavit to the agency performing the examination stating that the vehicle is reasonably safe for operation and listing the repairs which have been made to the vehicle. The owner must be present for the examination and have available for inspection the salvage title, bills of sale for all essential parts changed, and the repair affidavit. The examination shall be for the purposes of determining whether the vehicle or repair components have been stolen. The examination is not a safety inspection and a signed salvage theft examination certificate shall not be construed by any court of law to be a certification that the vehicle is safe to be operated. There shall be no cause of action against the peace officer or the agency conducting the examination or the county treasurer for failure to discover or note safety defects. If the vehicle passes the theft examination, the peace officer shall indicate that the vehicle passed examination on the salvage theft examination certificate. The permit and salvage theft examination certificate shall be on controlled forms prescribed and furnished by the department. The owner shall pay a fee of thirty dollars upon completion of the examination. The agency performing the examinations shall retain twenty dollars of the fee and shall pay five dollars of the fee to the department and five dollars of the fee to the treasurer of state for deposit in the general fund of the state. Moneys deposited to the general fund under this paragraph are subject to the requirements of section 8.60 and shall be used by the Iowa law enforcement academy to provide for the special training, certification, and recertification of officers as required by this subsection.

The provision of this subsection requiring a salvage theft examination by a peace officer specially certified or recertified by the Iowa law enforcement academy to do salvage theft examinations shall become effective July 1, 1989. Salvage theft examinations conducted before July 1, 1989, shall be made by peace officers authorized to do so by the state department of transportation or the department of public safety who are qualified, as determined by those agencies, to conduct salvage theft examinations. The state department of transportation shall adopt rules in accordance with chapter 17A to carry out this section, including transition rules allowing for salvage theft examinations prior to July 1, 1989.

d. For purposes of this subsection a "wrecked or salvage vehicle" means a damaged motor vehicle subject to registration and having a gross vehicle weight rating of less than thirty thousand pounds, for which the cost of repair exceeds fifty percent of the fair market value of the vehicle, as determined in accordance with rules adopted by the department, before it became damaged.

321.52A Certificate of title surcharge.

In addition to the fee required for the issuance of a certificate of title under section 321.20, 321.20A, 321.23, 321.42, 321.46, 321.47, 321.48, 321.50, or 321.52, a surcharge of five dollars shall be required. Of each surcharge collected under those sections, the county treasurer shall remit five dollars to the office of treasurer of state for deposit in the general fund of the state.

95 Acts, ch 118, §12

Section amended

321.69 Damage disclosure statement.

1. A certificate of title shall not be issued for a motor vehicle unless a damage disclosure statement has been made by the transferor of the vehicle and is furnished with the application for certificate of title. A damage disclosure statement must be provided by the transferor to the transferee in a transfer of ownership of a motor vehicle. The new certificate of title and registration receipt shall state on the face of the title the total cumulative dollar amount of damage reported by owners prior to the owner listed on the front of the title.

2. The damage disclosure statement required by this section shall, at a minimum, state the total retail dollar amount of all damage to the vehicle during the period of the transferor's ownership of the vehicle and whether the transferor knows if the vehicle was titled as a salvage or flood vehicle in this or any other state prior to the transferor's ownership of the vehicle. For the purposes of this section, "damage" refers to damage to the vehicle caused by fire, vandalism, collision, weather, falling objects, submersion in water, or flood, where the cost of repair is three thousand dollars or more per incident, but does not include normal wear and tear, glass damage, me-

chanical repairs or electrical repairs that have not been caused by fire, vandalism, collision, weather, falling objects, submersion in water, or flood. "Damage" does not include the cost of repairing, replacing, or reinstalling an inflatable restraint system. A determination of the amount of damage to a vehicle shall be based on estimates of the retail cost of repairing the vehicle, including labor, parts, and other materials, if the vehicle has not been repaired or on the actual retail cost of repair, including labor, parts, and other materials, if the vehicle has been repaired. Only individual incidents in which the retail cost of repairs is three thousand dollars or more are required to be disclosed by this section. If the vehicle has incurred damage of three thousand dollars or more per incident in more than one incident, the damage amounts must be combined and disclosed as the total of all separate incidents.

3. The damage disclosure statement shall be provided by the transferor to the transferee at or before the time of sale. If the transferor is not a resident of this state the transferee shall not be required to submit a damage disclosure statement from the transferor with the transferee's application for title unless the state of the transferor's residence requires a damage disclosure statement. However, the transferee shall submit a damage disclosure statement with the transferee's application for title indicating whether a salvage or rebuilt title had ever existed for the vehicle, whether the vehicle had incurred prior damage of three thousand dollars or more per incident, and the year, make, and vehicle identification number of the motor vehicle.

4. A lessee who has executed a lease as defined in section 321F.1 shall provide a damage disclosure statement to the lessor at the termination of the lease. The damage disclosure statement shall be made on a separate disclosure document and shall state the total dollar amount of all damage to the vehicle which occurred during the term of the lease. The lessee's damage disclosure statement shall not be submitted with the application for title, but the lessor shall retain the lessee's damage disclosure statement for five years following the date of the statement.

5. The department shall retain each damage disclosure statement received and copies shall be available to the public and the attorney general upon request.

6. Authorized vehicle recyclers licensed under chapter 321H and motor vehicle dealers licensed under chapter 322 shall maintain copies of all damage disclosure statements where the recycler or dealer is either the transferor or the transferee for five years following the date of the statement. The copies shall be made available to the department or the attorney general upon request.

7. The damage disclosure statements shall be made on the back of the certificate of title if the title is available to the transferor at the time of sale. If the title is not available at the time of sale or if the face of the transferor's Iowa title contains no indication

that the vehicle was previously salvaged or titled as salvaged or rebuilt and the transferor knows or reasonably should know that the vehicle was previously salvaged or titled as salvaged or rebuilt in another state, the transferor shall make the disclosure on a separate disclosure document. The damage disclosure statement forms shall be as approved by the department. The treasurer shall not accept a damage disclosure statement and issue a title unless the back of the title or separate disclosure document has been fully completed and signed and dated by the transferee and the transferor, if applicable.

8. A person, authorized vehicle recycler licensed under chapter 321H, or motor vehicle dealer licensed under chapter 322 shall not be liable to a subsequent owner of a vehicle because a prior owner or lessee gave a false or inaccurate damage disclosure statement or failed to disclose that the vehicle had previously been damaged and repaired or had been titled on a salvage or rebuilt certificate of title unless the person, recycler, or dealer knew or reasonably should have known that the prior owner or lessee gave a false or inaccurate damage disclosure statement or failed to disclose that the vehicle had been damaged and repaired or had been titled on a salvage or rebuilt certificate of title.

9. This section does not apply to motor trucks and truck tractors with a gross vehicle weight rating of sixteen thousand pounds or more, vehicles more than nine model years old, motorcycles, motorized bicycles, and special mobile equipment. The section does apply to motor homes.

10. A person who knowingly makes a false damage disclosure statement commits a fraudulent practice. Failure of a person, authorized vehicle recycler licensed under chapter 321H, or motor vehicle dealer licensed under chapter 322, to comply with any duty imposed by this section constitutes a violation of section 714.16, subsection 2, paragraph "a".

11. The department shall adopt rules as necessary to implement this section.

321.89 Abandoned vehicles.

1. *Definitions.* As used in this section and sections 321.90 and 321.91 unless the context otherwise requires:

a. "Police authority" means the Iowa highway safety patrol, any law enforcement agency of a county or city or any special security officer employed by the state board of regents under section 262.13.

b. "Abandoned vehicle" means any of the following:

(1) A vehicle that has been left unattended on public property for more than forty-eight hours and lacks current registration plates or two or more wheels or other parts which renders the vehicle totally inoperable, or

(2) A vehicle that has remained illegally on public property for more than seventy-two hours, or

(3) A vehicle that has been unlawfully parked on private property or has been placed on private property without the consent of the owner or person in control of the property for more than twenty-four hours, or

(4) A vehicle that has been legally impounded by order of a police authority and has not been reclaimed for a period of ten days, or

(5) Any vehicle parked on the highway determined by a police authority to create a hazard to other vehicle traffic.

(6) A vehicle that has been impounded pursuant to section 321J.4B by order of the court and whose owner has not paid the impoundment fees after notification by the person or agency responsible for carrying out the impoundment order.

However, a vehicle shall not be considered abandoned for a period of five days if its owner or operator is unable to move the vehicle and notifies the police authority responsible for the geographical location of the vehicle and requests assistance in the removal of the vehicle.

c. *"Demolisher"* means any city or public agency organized for the disposal of solid waste, or any person whose business it is to convert a vehicle to junk, processed scrap or scrap metal, or otherwise to wreck, or dismantle vehicles.

2. *Authority to take possession of abandoned vehicles.* A police authority may, and on the request of any other authority having the duties of control of highways or traffic, shall take into custody any abandoned vehicle on public property and may take into custody any abandoned vehicle on private property. A police authority taking into custody an abandoned vehicle determined to create a traffic hazard shall report the reasons constituting the hazard in writing to the appropriate authority having duties of control of the highway. The police authority may employ its own personnel, equipment and facilities or hire other personnel, equipment and facilities for the purpose of removing, preserving, storing, or disposing abandoned vehicles.

3. *Notification of owner, lienholders, and other claimants.*

a. A police authority which takes into custody an abandoned vehicle shall notify, within twenty days, by certified mail, the last known registered owner of the vehicle, all lienholders of record, and any other known claimant to the vehicle or to personal property found in the vehicle, addressed to their last known addresses of record, that the abandoned vehicle has been taken into custody. Notice shall be deemed given when mailed. The notice shall describe the year, make, model, and serial number of the vehicle, describe the personal property found in the vehicle, set forth the location of the facility where the vehicle is being held, and inform the persons receiving the notice of their right to reclaim the vehicle and personal property within twenty-one days after the effective date of the notice upon payment of all towing,

preservation, and storage charges resulting from placing the vehicle in custody and upon payment of the costs of notice required pursuant to this subsection. The notice shall also state that the failure of the owner or lienholders to exercise their right to reclaim the vehicle within the time provided shall be deemed a waiver by the owner and all lienholders of all right, title, claim and interest in the vehicle and that failure to reclaim the vehicle is deemed consent to the sale of the vehicle at a public auction or disposal of the vehicle to a demolisher. The notice shall state that any person claiming rightful possession of the vehicle or personal property who disputes the planned disposition of the vehicle or property by the police authority or of the assessment of fees and charges provided by this section may ask for an evidentiary hearing before the police authority to contest those matters. If the persons receiving the notice do not ask for a hearing or exercise their right to reclaim the vehicle within the twenty-one-day reclaiming period, the owner and lienholders shall no longer have any right, title, claim, or interest in or to the vehicle. No court in any case in law or equity shall recognize any right, title, claim, or interest of the owner and lienholders after the expiration of the twenty-one-day reclaiming period.

b. If the identity of the last registered owner cannot be determined, or if the registration contains no address for the owner, or if it is impossible to determine with reasonable certainty the identity and addresses of all lienholders, notice by one publication in one newspaper of general circulation in the area where the vehicle was abandoned shall be sufficient to meet all requirements of notice under this section. The published notice may contain multiple listings of abandoned vehicles but shall be published within the same time requirements and contain the same information as prescribed for mailed notice in subsection 3, paragraph "a" of this section.

c. The owner or any lienholders may, by written request delivered to the police authority prior to the expiration of the twenty-one-day reclaiming period, obtain an additional fourteen days within which the vehicle may be reclaimed.

4. *Auction of abandoned vehicles.* If an abandoned vehicle has not been reclaimed as provided for in subsection 3, the police authority shall make a determination as to whether or not the vehicle shall be sold for use upon the highways. If the vehicle is not sold for use upon the highways, it shall be sold for junk, or demolished and sold as scrap. The police authority shall sell the vehicle at public auction. Notwithstanding any other provision of this section, any police authority, which has taken into possession any abandoned vehicle which lacks an engine or two or more wheels or another part which renders the vehicle totally inoperable may dispose of the vehicle to a demolisher for junk after complying with the notification procedures enumerated in subsection 3 and without public auction. The purchaser of the vehicle takes title free and clear of all liens and claims of ownership, shall receive a sales receipt from the

police authority, and is entitled to register the vehicle and receive a certificate of title if sold for use upon the highways. If the vehicle is sold or disposed of to a demolisher for junk, the demolisher shall make application for a junking certificate to the county treasurer within fifteen days of purchase and shall surrender the sales receipt in lieu of the certificate of title.

From the proceeds of the sale of an abandoned vehicle the police authority shall reimburse itself for the expenses of the auction, the costs of towing, preserving, and storing which resulted from placing the abandoned vehicle in custody, all notice and publication costs incurred pursuant to subsection 3, the cost of inspection, and any other costs incurred except costs of bookkeeping and other administrative costs. Any remainder from the proceeds of a sale shall be held for the owner of the vehicle or entitled lienholder for ninety days, and shall then be deposited in the road use tax fund. The costs to police authorities of auction, towing, preserving, storage, and all notice and publication costs, and all other costs which result from placing abandoned vehicles in custody, whenever the proceeds from a sale of the abandoned vehicles are insufficient to meet these expenses and costs, shall be paid from the road use tax fund.

The director of transportation shall establish by rule a claims procedure to be followed by police authorities in obtaining expenses and costs from the fund.

321.90 Disposal of abandoned motor vehicles.

1. *Garagekeepers and abandoned motor vehicles.* Any motor vehicle left in a garage operated for commercial purposes after the period for which the vehicle was to remain on the premises shall, after notice by certified mail to the last known registered owner of the vehicle addressed to the owner's last known address of record to reclaim the vehicle within ten days of the date of the notice, be deemed an abandoned motor vehicle unless reclaimed by the owner within such ten-day period or the owner notifies the garagekeeper in writing within such period of time that such vehicle is not an abandoned motor vehicle and shall be reported by the garagekeeper to the police authority. If the identity or address of the last registered owner of the motor vehicle cannot be determined, the vehicle shall be deemed an abandoned motor vehicle on the eleventh day after the period for which the vehicle was to remain on the premises unless reclaimed by the owner within the ten-day period or the owner notifies the garagekeeper in writing within such period of time that such vehicle is not an abandoned motor vehicle and shall be reported by the garagekeeper to the police authority. All abandoned motor vehicles left in garages may be taken into custody by a police authority upon the request of the garagekeeper and sold in accordance

with the procedures set forth in section 321.89, subsection 4, unless the motor vehicle is reclaimed. The proceeds of the sale shall be first applied to the garagekeeper's charges for towing and storage, and any surplus proceeds shall be distributed in accordance with section 321.89, subsection 4. Nothing in this section shall be construed to impair any lien of a garagekeeper under the laws of this state, or the right of a garagekeeper to foreclose the garagekeeper's lien, provided that a garagekeeper shall be deemed to have abandoned the garagekeeper's artisan lien when such vehicle is taken into custody by the police authority. For the purposes of this section "garagekeeper" means any operator of a parking place or establishment, motor vehicle storage facility, or establishment for the servicing, repair, or maintenance of motor vehicles.

2. Disposal to demolisher.

a. Any person, firm, corporation, or unit of government upon whose property or in whose possession is found any abandoned motor vehicle, or any person being the owner of a motor vehicle whose title certificate is faulty, lost, or destroyed and is thereby unable to transfer title to the motor vehicle, may apply to the police authority of the jurisdiction in which the motor vehicle is situated for authority to sell, give away, or otherwise dispose of the motor vehicle to a demolisher.

b. The application shall set out the name and address of the applicant, and the year, make, model, and serial number of the motor vehicle, if ascertainable, together with any other identifying features, and shall contain a concise statement of the facts surrounding the abandonment, or a statement that the title of the motor vehicle is lost or destroyed, or the reasons for the defect of title in the owner. The applicant shall execute an affidavit stating that the facts alleged are true and that no material fact has been withheld. An order for disposal obtained pursuant to section 555B.8, subsection 3, satisfies the application requirements of this paragraph.

c. If the police authority finds that the application is executed in proper form, and shows that the motor vehicle has been abandoned upon the property of the applicant, or if it shows that the motor vehicle is not abandoned but that the applicant appears to be the rightful owner, the police authority shall follow appropriate notification procedures as set forth in section 321.89, subsection 3, except that in the case of an order for disposal obtained pursuant to section 555B.8, subsection 3, no notification is required.

d. If the abandoned motor vehicle is not reclaimed in accordance with section 321.89, subsection 3, or no lienholder objects to the disposal in the case of an owner-applicant, the police authority shall give the applicant a certificate of authority allowing the applicant to obtain a junking certificate for the motor vehicle. The applicant shall make application for a junking certificate to the county treasurer within fifteen days of purchase and surrender the certificate of authority in lieu of the certificate of title. The demolisher shall accept the junking cer-

tificate in lieu of the certificate of title to the motor vehicle.

e. Notwithstanding any other provisions of this section and sections 321.89 and 321.91, any person, firm, corporation, or unit of government upon whose property or in whose possession is found any abandoned motor vehicle, or any person being the owner of a motor vehicle whose title certificate is faulty, lost, or destroyed, may dispose of such motor vehicle to a demolisher for junk without a title and without the notification procedures of section 321.89, subsection 3, if the motor vehicle lacks an engine or two or more wheels or other structural part which renders the vehicle totally inoperable. The police authority shall give the applicant a certificate of authority. The owner shall apply to the county treasurer for a junking certificate within fifteen days of purchase and shall surrender the certificate of authority in lieu of the certificate of title.

f. The owner of an abandoned motor vehicle and all lienholders shall no longer have any right, title, claim, or interest in or to the motor vehicle; and no court in any case in law or equity shall recognize any right, title, claim, or interest of any owner or lienholders after the disposal of the motor vehicle to a demolisher.

g. Any proceeds from the sale of an abandoned motor vehicle to a demolisher under this section, by one other than the owner of the vehicle, except the sale of a vehicle pursuant to an order for disposal obtained pursuant to section 555B.8, subsection 3, shall first be applied to that person's expenses in effecting the sale, including storage, towing, and disposal charges, and any surplus shall be distributed in accordance with section 321.89, subsection 4. The proceeds from the sale of a vehicle disposed of pursuant to section 555B.8, subsection 3, shall be distributed in accordance with section 555B.9.

3. Duties of demolishers.

a. Any demolisher who purchases or otherwise acquires an abandoned motor vehicle for junk under the provisions of this section shall junk, scrap, wreck, dismantle, or demolish such motor vehicle. A demolisher shall not junk, scrap, wreck, dismantle, or demolish a vehicle until the demolisher has obtained the junking certificate issued for the vehicle.

b. A demolisher shall keep an accurate and complete record of all motor vehicles purchased or received by the demolisher in the course of the demolisher's business. These records shall contain the name and address of the person from whom each motor vehicle was purchased or received and the date when the purchases or receipts occurred. The records shall be open for inspection by any police authority at any time during normal business hours. Any record required by this section shall be kept by the demolisher for at least one year after the transaction to which it applies.

1. When the department is satisfied that such registration card, plate, or permit was fraudulently or erroneously issued.

2. When the department determines that a registered vehicle is mechanically unfit or unsafe to be operated or moved upon the highways.

3. When a registered vehicle has been dismantled or wrecked.

4. When the department determines that the required fee has not been paid and the same is not paid upon reasonable notice and demand.

5. When a registration card, registration plate, or permit is knowingly displayed upon a vehicle other than the one for which issued.

6. When the department determines that the owner has committed any offense under this chapter involving the registration card, plate, or permit to be suspended or revoked.

7. When the department is so authorized under any other provision of law.

8. The department shall cancel a certificate of title that appears to have been improperly issued or fraudulently obtained or in the case of a mobile home, if taxes were owing under chapter 435 at the time the certificate was issued and have not been paid. However, before the certificate to a mobile home where taxes were owing can be canceled, notice and opportunity to pay the taxes must be given to the person to whom the certificate was issued. Upon cancellation of any certificate of title the department shall notify the county treasurer who issued it, who shall enter the cancellation upon the records. The department shall also notify the person to whom the certificate of title was issued, as well as any lienholders appearing thereon, of the cancellation and shall demand the surrender of the certificate of title, but the cancellation shall not affect the validity of any lien noted thereon.

9. If a commercial motor vehicle has been assigned to be operated by a commercial motor carrier whose ability to operate has been terminated or denied by a federal agency.

10. Notice of suspension or revocation of the registration of a vehicle, registration card, registration plate, or any nonresident or other permit under the terms of this section shall be by personal delivery of said notice to the person to be so notified or by certified mail addressed to such person at the person's address as shown on the registration record. No return acknowledgment shall be necessary to prove such latter service.

If a vehicle, for which the registration has been suspended or revoked pursuant to subsection 4 of this section, is transferred to a bona fide purchaser for value without actual knowledge of such suspension or revocation then the vehicle shall be deemed to be

registered and the provisions of sections 321.28 and 321.30, subsections 4 and 5, shall not be applicable to such vehicle for the failure of the previous owner to pay the required fees.

If a vehicle, which has been registered for the current registration year, is transferred during the registration year, the transferee shall reregister the vehicle as provided in section 321.46.

The registration fee shall be paid to the county treasurer at the same time the application is made for the registration or reregistration of the motor vehicle or trailer. The owner's request shall be accompanied by a mailing fee as determined annually by the director.

The registration fees shall be delivered to the county treasurer at the time the county treasurer has processed the vehicle registration application. Registration fees received with vehicle registration applications shall be designated as public funds only upon receipt of such funds by the county treasurer from the financial institution.

In addition to the payment of an annual registration fee for each trailer and semitrailer to be issued an annual registration plate, an additional registration fee may be paid for a period of two or four subsequent registration years.

b. c. As used in this section, "*moving traffic violation*" does not include a parking violation as defined in section 321.210 or a violation of a section of the Code or municipal ordinance pertaining to standards to be maintained for motor vehicle equipment except sections 321.430 and 321.431, or except a municipal ordinance pertaining to motor vehicle brake requirements as applicable to motorized bicycles.

"FAILURE TO PAY RESTITUTION OWED BY YOU CAN BE GROUNDS FOR REFUSING TO RENEW YOUR MOTOR VEHICLE'S REGISTRATION."

This paragraph does not invalidate forms for notice of parking violations in existence prior to July 1, 1980. Existing forms may be used until supplies are exhausted.

"Snow tires" as used in this subsection means tires designed for use when there are conditions of snow or ice on the highways, and meeting the standards which shall be promulgated by rule of the director of transportation. The standards promulgated by the director shall require that snow tires be so designed to provide adequate traction to maintain reasonable movement of the motor vehicle on highways under snow conditions.

Any person charged with impeding or blocking traffic for lack of snow tires, chains or nonslip differential shall have said charge dismissed upon a showing to the court that the person's motor vehicle was equipped with a nonslip differential.

13. Establishing a rural residence district. reach of the driver while the motor vehicle is upon a public street or highway is evidence from which the court or jury may infer that the driver intended to consume the alcoholic beverage, wine, or beer while upon the public street or highway if the inference is supported by corroborative evidence. However, an open or unsealed receptacle containing an alcoholic beverage, wine, or beer may be transported at any time in the trunk of the motor vehicle or in some other area of the interior of the motor vehicle not designed or intended to be occupied by the driver and not readily accessible to the driver while the motor vehicle is in motion. The vehicle shall remain stopped until the stop signal arm is retracted after which time the driver may proceed with due caution.

The driver of a vehicle, including the driver of a vehicle operating on a private road or driveway, overtaking a school bus shall not pass a school bus when red or amber warning signal lights are flashing. The driver shall bring the vehicle to a complete stop no closer than fifteen feet from the school bus when it is stopped and the stop arm is extended, and the vehicle shall remain stopped until the stop arm is retracted and the school bus resumes motion.

4. The driver of a vehicle upon a highway providing two or more lanes in each direction need not stop upon meeting a school bus which is traveling in the opposite direction even though the school bus is stopped.

321.449 Motor carrier safety rules.

A person shall not operate a commercial vehicle on the highways of this state except in compliance with rules adopted by the department under chapter 17A. The rules shall be consistent with the federal motor carrier safety regulations promulgated under United States Code, Title 49, and found in 49 C.F.R. §§ 390-399 and adopted under chapter 17A which rules shall be to a date certain.

Rules adopted under this section concerning driver qualifications, hours of service, and recordkeeping requirements do not apply to the operators of public utility trucks, trucks hauling gravel, construction trucks and equipment, trucks moving implements of husbandry, and special trucks, other than a truck tractor, operating intrastate. Trucks for hire on construction projects are not exempt from this section.

Rules adopted under this section concerning driver age qualifications do not apply to drivers for private and for-hire motor carriers which operate solely in-

trastate except when the vehicle being driven is transporting a hazardous material in a quantity which requires placarding. The minimum age for the exempted intrastate operations is eighteen years of age.

Notwithstanding other provisions of this section, rules adopted under this section for drivers of commercial vehicles shall not apply to a driver of a commercial vehicle who is engaged exclusively in intrastate commerce, when the commercial vehicle's gross vehicle weight rating is 26,000 pounds or less, unless the vehicle is used to transport hazardous materials requiring a placard or if the vehicle is designed to transport more than fifteen passengers, including the driver. For the purpose of complying with the hours of service recordkeeping requirements under 49 C.F.R. § 395.1(e)(5), a driver's report of daily beginning and ending on-duty time submitted to the motor carrier at the end of each work week shall be considered acceptable motor carrier time records. In addition, rules adopted under this section shall not apply to a driver for a farm operation as defined in section 352.2, or for an agricultural interest when the commercial vehicle is operated between the farm as defined in section 352.2 and another farm, between the farm and a market for farm products, or between the farm and an agribusiness location. A driver or a driver-salesperson for a private carrier, who is not for hire and who is engaged exclusively in intrastate commerce, may drive twelve hours, be on duty sixteen hours in a twenty-four hour period and be on duty seventy hours in seven consecutive days or eighty hours in eight consecutive days. A driver-salesperson means as defined in 49 C.F.R. § 395.2, adopted as of a specific date by the department by rule.

Notwithstanding other provisions of this section, rules adopted under this section concerning physical and medical qualifications for drivers of commercial vehicles engaged in intrastate commerce shall not be construed as disqualifying any individual who was employed as a driver of commercial vehicles engaged in intrastate commerce prior to January 1, 1988.

Notwithstanding other provisions of this section, rules adopted under this section concerning physical and medical qualifications for a driver shall not apply to a farmer or a farmer's hired help when operating a vehicle owned by the farmer while it is being used in connection with the intrastate transportation of fertilizers and chemicals used in the farmer's crop production.

Notwithstanding other provisions of this section, rules adopted under this section concerning physical and medical qualifications for a driver shall not apply to a farmer or a farmer's hired help when operating a vehicle owned by the farmer while it is being used in connection with the intrastate transportation of agricultural commodities or feed.

Notwithstanding other provisions of this section, rules adopted under this section shall not impose any requirements which impose any restrictions upon a person operating an implement of husbandry or

pickup to transport fertilizers and pesticides in that person's agricultural operations.

Rules adopted under this section concerning periodic inspections shall not apply to special trucks as defined in section 321.1, subsection 76, and registered under section 321.121.

Rules adopted under this section shall not apply to vehicles used in combination provided the gross vehicle weight rating of the towing unit is ten thousand pounds or less and the gross combination weight rating is twenty-six thousand pounds or less.

321.454 Width of vehicles.

The total outside width of any vehicle or the load on the vehicle shall not exceed eight feet except that a motor home, commercial motor vehicle, motor truck or trailer hauling grain or livestock, travel trailer, fifth-wheel travel trailer, or bus having a total outside width not exceeding eight feet six inches, exclusive of safety equipment, is exempt from the permit requirements of chapter 321E and may be operated on the public highways of the state. However, if hay, straw, or stover is moved on any implement of husbandry and the total width of load of the implement of husbandry exceeds eight feet in width, the implement of husbandry is not subject to the permit requirements of chapter 321E. If hay, straw, or stover is moved on any other vehicle subject to registration, the moves are subject to the permit requirements for transporting loads exceeding eight feet in width as required under chapter 321E.

Section amended

321.463 Maximum gross weight — exceptions — penalties.

An axle may be divided into two or more parts, except that all parts in the same vertical transverse plane shall be considered as one axle.

The gross weight on any one axle of a vehicle, or of a combination of vehicles, operated on the highways of this state, shall not exceed twenty thousand pounds on an axle equipped with pneumatic tires, and shall not exceed fourteen thousand pounds on an axle equipped with solid rubber tires. The gross weight on any tandem axle of a vehicle, or any combination of vehicles, shall not exceed thirty-four thousand pounds on an axle equipped with pneumatic tires.

Notwithstanding other provisions of this chapter to the contrary, indivisible loads operating under the permit requirements of sections 321E.7, 321E.8, and 321E.9 shall be allowed a maximum of twenty thousand pounds per axle.

A group of two or more consecutive axles of any vehicle or combination of vehicles, shall not carry a load in pounds in excess of the overall gross weight determined by application of the following formula: W equals $500(LN/N-1 + 12N + 36)$. W equals the overall gross weight on any group of two or more consecutive axles to the nearest five hundred pounds,

L equals the distance in feet, rounded to the nearest whole foot, between the extreme of any group of two or more consecutive axles, and N equals the number of axles in the group under consideration. The following are exceptions to application of the formula:

1. Two consecutive sets of tandem axles may carry a gross load of thirty-four thousand pounds each providing the overall distance between the first and last axles of the consecutive sets of tandem axles is thirty-six feet or more.

2. On highways not part of the interstate system, a vehicle or combination of vehicles having:

a. Four axles where the extreme axles are eighteen feet apart may carry a gross load of fifty-three thousand pounds.

b. Five axles where the extreme axles are thirty-two feet apart may carry a gross load of sixty-seven thousand five hundred pounds.

c. Six or more axles where the extreme axles are forty-one feet apart may carry a gross load of seventy-eight thousand pounds.

For every foot of distance between extreme axles less than the above axle spacings, the overall gross weight of the vehicle or combination of vehicles shall be determined by deducting one thousand pounds from the gross loads specified in paragraphs "a", "b" and "c". All measurements between extreme axles shall be rounded to the nearest whole foot.

The maximum gross weight shall not exceed eighty thousand pounds.

The weight on any one axle, including a tandem axle, of a vehicle which is transporting livestock on highways not part of the interstate system may exceed the legal maximum weight given in this chapter providing that the gross weight on any particular group of axles on such vehicle does not exceed the gross weight allowable under this chapter for such groups of axles.

In addition, the weight on any one axle, including a tandem axle, of a vehicle which is transporting raw materials from a designated borrow site to a construction project or transporting raw materials from a construction project, may exceed the legal maximum weight otherwise allowed under this chapter by ten percent if the gross weight on any particular group of axles on the vehicle does not exceed the gross weight allowed under this chapter for that group of axles. However, if the vehicle exceeds the ten percent tolerance allowed for any one axle or tandem axle under this paragraph the fine to be assessed for the axle or tandem axle shall be computed on the difference between the actual weight and the ten percent tolerance weight allowed for the axle or tandem axle under this paragraph. This paragraph applies only to vehicles operating along a route of travel approved by the department.

A vehicle designed to tow wrecked or disabled vehicles shall be exempt from the weight limitations in this section while the vehicle is towing a wrecked or disabled vehicle.

A person who operates a vehicle in violation of the provisions of this section, and an owner, or any other

person, employing or otherwise directing the operator of a vehicle, who requires or knowingly permits the operation of a vehicle in violation of the provisions of this section shall be fined according to the following schedule:

**AXLE, TANDEM AXLE,
AND GROUP OF AXLES
WEIGHT VIOLATIONS**

Pounds Overloaded	Amount of Fine
Up to and including 1,000 pounds	\$10 plus one-half cent per pound
Over 1,000 pounds to and including 2,000 pounds	\$15 plus one-half cent per pound
Over 2,000 pounds to and including 3,000 pounds	\$80 plus three cents per pound
Over 3,000 pounds to and including 4,000 pounds	\$100 plus four cents per pound
Over 4,000 pounds to and including 5,000 pounds	\$150 plus five cents per pound
Over 5,000 pounds to and including 6,000 pounds	\$200 plus seven cents per pound
Over 6,000 pounds	\$200 plus ten cents per pound

Fines for gross weight violations for vehicles or combinations of vehicles shall be assessed at one-half of the fine rate schedule for axle, tandem axle, and groups of axles weight violations.

Except as otherwise provided, the amount of the fine to be assessed shall be computed on the difference between the actual weight and the maximum legal weight specified in this section by applying the appropriate rate in the preceding schedule for the total amount of overload.

The schedule of fines may be assessed in addition to any other penalties provided for in this chapter.

Overloads on axles and tandem axles and overloads on groups of axles or on an entire vehicle or combination of vehicles shall be considered as separate violations of the provisions of this section.

A person who issues or executes, or causes to be issued or executed, a bill of lading, manifest, or shipping document of any kind which states a false weight of the cargo set forth on such bill, manifest, or document, which is less than the actual weight of the cargo, shall, upon conviction, be guilty of a simple misdemeanor.

321.484 Offenses by owners.

It is unlawful for the owner, or any other person, employing or otherwise directing the driver of any vehicle to require or knowingly to permit the operation of such vehicle upon a highway in any manner contrary to law.

The owner of a vehicle shall not be held responsible for a violation of a provision regulating the stopping, standing, or parking of a vehicle, whether the provision is contained in this chapter, or chapter 321L,

or an ordinance or other regulation or rule, if the owner establishes that at the time of the violation the vehicle was in the custody of an identified person other than the owner pursuant to a lease as defined in chapter 321F. The furnishing to the clerk of the district court where the charge is pending of a copy of the lease prescribed by section 321F.6 that was in effect for the vehicle at the time of the alleged violation shall be prima facie evidence that the vehicle was in the custody of an identified person other than the owner within the meaning of this paragraph, and the charge against the owner shall be dismissed. The clerk of the district court then shall cause a uniform citation and complaint to be issued against the lessee of the vehicle, and the citation shall be served upon the defendant by ordinary mail directed to the defendant at the address shown in the certificate of responsibility.*

If a peace officer as defined in section 801.4 has reasonable cause to believe the driver of a motor vehicle has violated sections 321.261, 321.262, 321.264, 321.341, 321.342, 321.343, 321.344, or 321.372, the officer may request any owner of the motor vehicle to supply information identifying the driver. When requested, the owner of the vehicle shall identify the driver to the best of the owner's ability. However, the owner of the vehicle is not required to supply identification information to the officer if the owner believes the information is self-incriminating.

Unnumbered paragraph 2 amended

321.493 Liability for damages.

1. In all cases where damage is done by any motor vehicle by reason of negligence of the driver, and driven with the consent of the owner, the owner of the motor vehicle shall be liable for such damage. For purposes of this subsection, "owner" means the person to whom the certificate of title for the vehicle has been issued or assigned or to whom a manufacturer's or importer's certificate of origin for the vehicle has been delivered or assigned. However, if the vehicle is leased, "owner" means the person to whom the vehicle is leased, not the person to whom the certificate of title for the vehicle has been issued or assigned or to whom the manufacturer's or importer's certificate of origin for the vehicle has been delivered or assigned. For purposes of this subsection, "leased" means the transfer of the possession or right to possession of a vehicle to a lessee for a valuable consideration for a continuous period of twelve months or more, pursuant to a written agreement.

2. A person who has made a bona fide sale or transfer of the person's right, title, or interest in or to a motor vehicle and who has delivered possession of the motor vehicle to the purchaser or transferee shall not be liable for any damage thereafter resulting from negligent operation of the motor vehicle by another, but the purchaser or transferee to whom possession was delivered shall be deemed the owner. The provisions of subsection 2 of section 321.45 shall

not apply in determining, for the purpose of fixing liability under this subsection, whether such sale or transfer was made.

321.556 Notice and hearing — findings and order.

1. If, upon review of the record of convictions of any person, the department determines that the person appears to be a habitual offender, the department shall immediately notify the person in writing and afford the licensee an opportunity for a hearing. The notice shall direct the person named in the notice to appear for hearing and show cause why the person should not be barred from operating a motor vehicle on the highways of this state. The notice shall meet the requirements of section 17A.12 and shall be served in the manner provided in that section. Service of notice on any nonresident of this state may be made in the same manner as provided in sections 321.498 through 321.506. A peace officer stopping a person for whom a notice to appear for hearing has been issued under the provisions of this section may personally serve the notice upon forms approved by the department to satisfy the notice requirements of this section. A peace officer may confiscate the motor vehicle license of a person if the license has been revoked or has been suspended subsequent to a hearing and the person has not forwarded the motor vehicle license to the department as required.

2. The hearing shall be conducted as provided in section 17A.12 before the department in the county where the alleged events occurred, unless the director and the person agree that the hearing may be held in some other county, or the hearing may be held by telephone conference at the discretion of the agency conducting the hearing. The hearing shall be recorded and its scope shall be limited to the issue of whether the person notified is a habitual offender.

3. An abstract certified by the director of transportation may be admitted as evidence as provided in section 622.43, at the hearing, and shall be prima facie evidence that the person named in the abstract was duly convicted by the court in which the conviction or holding was made of each offense shown by the abstract. If the person named in the abstract denies conviction of any of the relevant convictions contained in the abstract, the person shall have the burden of proving that the conviction is untrue. For purposes of this subsection, a conviction is relevant if it is for one of the offenses listed in section 321.555.

4. If the department finds that the person is not the same person named in the abstract, or otherwise concludes that the person is not a habitual offender as provided in section 321.555, the department shall issue a decision dismissing the proceedings. If the

department's findings and conclusions are that the person is a habitual offender, the department shall issue an order prohibiting the person from operating a motor vehicle on the highways of this state for the period specified in section 321.560. If a person is found to be a habitual offender, the person shall surrender all licenses or permits to operate a motor vehicle in this state to the department. A person who is found to be a habitual offender may be assessed a fee by the department to cover the costs of the habitual offender proceedings. Fees assessed shall be paid before the person may be issued a license or permit to operate a motor vehicle in this state.

321J.2A Persons under the age of twenty-one.

A person who is under the age of twenty-one shall not operate a motor vehicle while having an alcohol concentration, as defined under section 321J.1, of .02 or more. 321J.4 Revocation of license — ignition interlock devices — conditional temporary restricted license.

1. If a defendant is convicted of a violation of section 321J.2 and the defendant's motor vehicle license or nonresident operating privilege has not been revoked under section 321J.9 or 321J.12 for the occurrence from which the arrest arose, the department shall revoke the defendant's motor vehicle license or nonresident operating privilege for one hundred eighty days if the defendant has had no previous conviction or revocation under this chapter within the previous six years and the defendant shall not be eligible for any temporary restricted license for at least thirty days after the effective date of the revocation if a test was obtained, and for at least ninety days if a test was refused.

If a defendant is convicted of a violation of section 321J.2, and the defendant's motor vehicle license or nonresident operating privilege has not already been revoked under section 321J.9 or 321J.12 for the occurrence from which the arrest arose, the department shall revoke the defendant's motor vehicle license or nonresident operating privilege for one year if the defendant has had one or more previous convictions or revocations under this chapter within the previous six years. The defendant shall not be

eligible for any temporary restricted license during the entire one-year revocation period.

2. If the court defers judgment pursuant to section 907.3 for a violation of section 321J.2, and if the defendant's motor vehicle license or nonresident operating privilege has not been revoked under section 321J.9 or 321J.12, or has not otherwise been revoked for the occurrence from which the arrest arose, the department shall revoke the defendant's motor vehicle license or nonresident operating privilege for a period of not less than thirty days nor more than ninety days. The defendant shall not be eligible for any temporary restricted license for at least thirty days after the effective date of the revocation if a test was obtained and for at least ninety days if a test was refused.

3. *a.* Upon a plea or verdict of guilty of a third or subsequent violation of section 321J.2, the court shall order the department to revoke the defendant's motor vehicle license or nonresident operating privilege for a period of six years. The defendant shall not be eligible for a temporary restricted license for at least one year after the effective date of the revocation. The court shall require the defendant to surrender to it all Iowa licenses or permits held by the defendant, which the court shall forward to the department with a copy of the order for revocation.

b. After two years from the date of the order for revocation, the defendant may apply to the court for restoration of the defendant's eligibility for a motor vehicle license. The application may be granted only if all of the following are shown by the defendant by a preponderance of the evidence:

(1) The defendant has completed an evaluation and, if recommended by the evaluation, a program of treatment for chemical dependency and is recovering, or has substantially recovered, from that dependency on or tendency to abuse alcohol or drugs.

(2) The defendant has not been convicted, since the date of the revocation order, of any subsequent violations of section 321J.2 or 123.46, or any comparable city or county ordinance, and the defendant has not, since the date of the revocation order, submitted to a chemical test under this chapter that indicated an alcohol concentration as defined in section 321J.1 of .10 or more, or refused to submit to chemical testing under this chapter.

(3) The defendant has abstained from the excessive consumption of alcoholic beverages and the consumption of controlled substances, except at the direction of a licensed physician or pursuant to a valid prescription.

(4) The defendant's motor vehicle license is not currently subject to suspension or revocation for any other reason.

c. The court shall forward to the department a record of any application submitted under paragraph "b" and the results of the court's disposition of the application.

4. Upon a plea or verdict of guilty of a violation of section 321J.2 which involved a personal injury, the court shall determine in open court, from consideration of the information in the file and any other evidence the parties may submit, whether a serious injury was sustained by any person other than the defendant and, if so, whether the defendant's conduct in violation of section 321J.2 caused the serious injury. If the court so determines, the court shall order the department to revoke the defendant's motor vehicle license or nonresident operating privilege for a period of one year in addition to any other period of suspension or revocation. The defendant shall not be eligible for any temporary restricted license until the minimum period of ineligibility has expired under this section or section 321J.9, 321J.12, or 321J.20. The defendant shall surrender to the court any Iowa license or permit and the court shall forward it to the department with a copy of the order for revocation.

5. Upon a plea or verdict of guilty of a violation of section 321J.2 which involved a death, the court shall determine in open court, from consideration of the information in the file and any other evidence the parties may submit, whether a death occurred and, if so, whether the defendant's conduct in violation of section 321J.2 caused the death. If the court so determines, the court shall order the department to revoke the defendant's motor vehicle license or nonresident operating privilege for a period of six years. The defendant shall not be eligible for any temporary restricted license until the minimum period of ineligibility has expired under this section or section 321J.9, 321J.12, or 321J.20. The defendant shall surrender to the court any Iowa license or permit and the court shall forward it to the department with a copy of the order for revocation.

6. If a license or permit to operate a motor vehicle is revoked or denied under this section or section 321J.9 or 321J.12, the period of revocation or denial shall be the period provided for such a revocation or until the defendant reaches the age of eighteen whichever period is longer.

7. On a conviction for or as a condition of a deferred judgment for a violation of section 321J.2, the court may order the defendant to install ignition interlock devices of a type approved by the commissioner of public safety on all motor vehicles owned or operated by the defendant which, without tampering or the intervention of another person, would prevent the defendant from operating the motor vehicle with an alcohol concentration greater than a level set by rule of the commissioner of public safety. The commissioner of public safety shall adopt rules to approve certain ignition interlock devices and the means of installation of the devices, and shall establish the level of alcohol concentration beyond which an ignition interlock device will not allow operation of the motor vehicle in which it is installed. The order shall remain in effect for a period of time as determined by the court which shall not exceed the maximum term of imprisonment which the court could have imposed according to the nature of the violation.

While the order is in effect, the defendant shall not operate a motor vehicle which does not have an approved ignition interlock device installed. If the defendant's motor vehicle license or nonresident operating privilege has been revoked, the department shall not issue a temporary permit or a motor vehicle license to the person without certification that approved ignition interlock devices have been installed in all motor vehicles owned or operated by the defendant while the order is in effect. A defendant who fails within a reasonable time to comply with an order to install an approved ignition interlock device may be declared in contempt of court and punished accordingly. A person who tampers with or circumvents an ignition interlock device installed under a court order while an order is in effect commits a serious misdemeanor.

8. A person whose motor vehicle license has either been revoked under this chapter, or revoked or suspended under chapter 321 solely for violations of this chapter, or who has been determined to be a habitual offender under chapter 321 based solely on violations of this chapter, and who is not eligible for a temporary restricted license under this chapter may petition the court upon the expiration of the minimum period of ineligibility for a temporary restricted license provided for under this section or section 321J.9, 321J.12, or 321J.20 for an order to the department to require the department to issue a temporary restricted license to the person notwithstanding section 321.560. Upon the filing of a petition for a temporary restricted license under this section, the clerk of the district court in the county where the violation that resulted in the revocation occurred shall send notice of the petition to the department and the prosecuting attorney. The department and the prosecuting attorney shall each be given an opportunity to respond to and request a hearing on the petition. The court shall determine if the temporary restricted license is necessary for the person to maintain the person's present employment. However, a temporary restricted license shall not be ordered or issued for violations of section 321J.2A or to persons under the age of twenty-one who commit violations under section 321J.2. If the court determines that the temporary restricted license is necessary for the person to maintain the person's present employment, and that the minimum period of ineligibility for receipt of a temporary license has expired, the court shall order the department to issue to the person a temporary restricted license conditioned upon the person's certification to the court of the installation of approved ignition interlock devices in all motor vehicles that it is necessary for the person to operate to maintain the person's present employment. Section 321.561 does not apply to a person operating a motor vehicle in the manner permitted under this subsection. If the person operates a motor vehicle which does not have an approved ignition interlock device or if the person tampers with or circumvents an ignition interlock device, in addition to other penalties provided, the person's temporary restricted

license shall be revoked. A person holding a temporary restricted license issued under this subsection shall not operate a commercial motor vehicle, as defined in section 321.1, on a highway if a commercial driver's license is required for the person to operate the commercial motor vehicle.

321J.4A Surrender of registration and plates. Repealed by 95 Acts, ch 48, § 24.

321J.4B Motor vehicle impoundment or immobilization — penalty.

1. If a person is convicted of a second, third, or subsequent offense of operating while intoxicated, the court shall order that any motor vehicles owned by the person and used to commit the offense and any other motor vehicles used by the person in the commission of the offense be impounded or immobilized. For purposes of this section, "immobilized" means the installation of a device that completely prevents a motor vehicle from being operated, or the installation of an ignition interlock device, of a type approved by the commissioner of public safety, in a motor vehicle.

2. The order shall specify all of the following:

a. The motor vehicles that are subject to the order.

b. The period of impoundment or immobilization.

c. The person or agency responsible for carrying out the order requiring impoundment or immobilization of the motor vehicle. If a vehicle which is to be impounded or immobilized is in the custody of a law enforcement agency, the court shall designate that agency as the responsible agency. If the vehicle is not in the custody of a law enforcement agency, the person or agency responsible for carrying out the order shall be any person deemed appropriate by the court, including but not limited to a law enforcement agency with jurisdiction over the area in which the residence of the vehicle owner is located. The person or agency responsible for carrying out the order shall determine whether the motor vehicle shall be impounded or immobilized.

3. The period of impoundment or immobilization of a motor vehicle under this section shall be the period of license revocation imposed upon the person convicted of the offense or one hundred eighty days, whichever period is longer. The impoundment or immobilization period shall commence on the day that the vehicle is actually impounded or immobilized.

4. The clerk of the district court shall send a copy of the order to the department, the person convicted of the offense, the motor vehicle owner if the owner is not the person convicted, and the person or agency responsible for executing the order for impoundment or immobilization.

5. If the vehicle to be impounded or immobilized is in the custody of a law enforcement agency, the agency shall immobilize or impound the vehicle upon

receipt of the order, seize the motor vehicle's license plates and registration, and shall send or deliver the vehicle's license plates and registration to the department.

6. If the vehicle to be impounded or immobilized is not in the custody of a law enforcement agency, the person or agency designated in the order as the person or agency responsible for executing the order shall, upon receipt of the order, promptly locate the vehicle specified in the order, seize the motor vehicle and the license plates, and send or deliver the vehicle's license plates to the department.

7. If the vehicle is located at a place other than the place at which the impoundment or immobilization is to be carried out, the person or agency responsible for executing the order shall arrange for the vehicle to be moved to the place of impoundment or immobilization. When the vehicle is found, is impounded or immobilized, and is at the place of impoundment or immobilization, the person or agency responsible for executing the order shall notify the clerk of the date on which the order was executed. The clerk shall notify the department of the date on which the order was executed.

8. Upon receipt of the court order for impoundment or immobilization and seizure of the motor vehicle, if the agency responsible for carrying out the order determines that the motor vehicle is to be impounded, the agency shall review the value of the vehicle in relation to the costs associated with the period of impoundment of the motor vehicle specified in the order. If the agency determines that the costs of impoundment of the motor vehicle exceed the actual wholesale value of the motor vehicle, the agency may treat the vehicle as an abandoned vehicle pursuant to section 321.89. If the agency elects to treat the motor vehicle as abandoned, the agency shall notify the registered owner of the motor vehicle that the vehicle shall be deemed abandoned and shall be sold in the manner provided in section 321.89 if payment of the total cost of impoundment is not received within twenty-one days of the mailing of the notice. The agency shall provide documentation regarding the valuation of the vehicle and the costs of impoundment. This paragraph shall not apply to vehicles that are immobilized pursuant to this section or if subsection 15 or 16 applies.

9. The department shall destroy license plates received under this section and shall not authorize the release of the vehicle or the issuance of new license plates for the vehicle until the period of impoundment or immobilization has expired, and the fee and costs assessed under subsection 10 have been paid. The fee for issuance of new license plates and certificates of registration shall be the same as for the replacement of lost, mutilated, or destroyed license plates and certificates of registration.

10. Except where the person who is convicted of operating while intoxicated and being a second or subsequent offender is not lawfully in possession of the motor vehicle, the owner of any motor vehicle that is impounded or immobilized under this section shall

be assessed a fee of one hundred dollars plus the cost of any expenses for towing, storage, and any other costs of impounding or immobilizing the motor vehicle, to be paid to the clerk of the district court. The person or agency responsible for carrying out the order shall inform the court of the costs of towing, storage, and any other costs of impounding or immobilizing the motor vehicle. Upon payment of the fee and costs, the clerk shall forward a copy of the receipt to the department.

11. If a law enforcement agency impounds or immobilizes a motor vehicle, the amount of the fee and expenses deposited with the clerk shall be paid by the clerk to the law enforcement agency responsible for executing the order to reimburse the agency for costs incurred for impoundment or immobilization equipment and, if required, in sending officers to search for and locate the vehicle specified in the impoundment or immobilization order.

12. Operating a motor vehicle on a street or highway in this state in violation of an order of impoundment or immobilization is a serious misdemeanor. A motor vehicle which is subject to an order of impoundment or immobilization that is operated on a street or highway in this state in violation of the order shall be seized and forfeited to the state under chapter 809.

13. Once the period of impoundment or immobilization has expired, the owner of the motor vehicle shall have thirty days to claim the motor vehicle and pay the fees and charges imposed under this section. If the owner or the owner's designee has not claimed the vehicle and paid the fees and charges imposed under this section within seven days from the date of expiration of the period, the clerk shall send written notification to the motor vehicle owner, at the owner's last known address, notifying the owner of the date of expiration of the period of impoundment or immobilization and of the period in which the motor vehicle must be claimed. If the motor vehicle owner fails to claim the motor vehicle and pay the fees and charges imposed within the thirty-day period, the motor vehicle shall be forfeited to the state under chapter 809.

14. *a.* During the period of impoundment or immobilization, a person convicted of the offense of operating while intoxicated which resulted in the impoundment or immobilization shall not sell or transfer the title of the motor vehicle which is subject to the order of impoundment or immobilization. The person convicted of the offense of operating while intoxicated shall also not purchase another motor vehicle or register any motor vehicle during the period of impoundment or immobilization. Violation of this paragraph is a serious misdemeanor.

b. If, during the period of impoundment or immobilization, the title to the motor vehicle which is the subject of the order is transferred by the foreclosure of a chattel mortgage, a sale upon execution, the cancellation of a conditional sales contract, or an order of a court, the court which enters the order that permits transfer of the title shall notify the department of the transfer of the title. The department shall enter

notice of the transfer of the title to the motor vehicle in the previous owner's vehicle registration record.

15. Notwithstanding the requirements of this section, if the owner of the motor vehicle is not the person who is convicted of the offense which resulted in the issuance of the order of impoundment or immobilization or the owner of the motor vehicle is a motor vehicle rental or leasing company, the owner, the owner's designee, or the rental or leasing company shall be permitted to submit a claim for return of the motor vehicle within twenty-four hours from receipt of the order for impoundment or immobilization. Upon learning the address or phone number of a rental or leasing company which owns a motor vehicle, the peace officer, county attorney, or attorney general shall immediately contact the company to inform the company that the vehicle is available for return to the company. The vehicle shall be returned to the owner, owner's designee, or rental or leasing company and the order for impoundment or immobilization shall be rescinded with respect to the particular motor vehicle, if the owner or owner's designee can prove to the satisfaction of the court that the owner did not know or should not have known that the vehicle was to be used in the commission of the offense of operating while intoxicated, or if the rental or leasing company did not know, should not have known, and did not consent to the operation of the motor vehicle used in the commission of the offense of operating while intoxicated. For purposes of this section, unless the person convicted of the offense which results in the imposition of the order for impoundment or immobilization is not in lawful possession of the motor vehicle used in the commission of the offense, an owner of a motor vehicle shall be presumed to know that the vehicle was to be used by the person who is convicted of the offense, in the commission of the offense of operating while intoxicated.

16. Notwithstanding the requirements of this section, the holder of a security interest in a vehicle which is impounded or immobilized pursuant to this section or forfeited in the manner provided in chapter 809 shall be notified of the impoundment, immobilization, or forfeiture within seventy-two hours of the seizure of the vehicle and shall have the right to claim the motor vehicle without payment of any fees or surcharges unless the value of the vehicle exceeds the value of the security interest held by the creditor.

17. Notwithstanding the requirements of this section, any of the following persons may make application to the court for permission to operate a motor vehicle, which is impounded or immobilized pursuant to this section, during the period of impoundment or immobilization, if the applicant's motor vehicle license or operating privilege has not been suspended, denied, or revoked, and an ignition interlock device of a type approved by the commissioner of public safety is installed in the motor vehicle prior to operation:

a. A person, other than the person who committed the offense which resulted in the impoundment or immobilization, who is not a member of the imme-

mediate family of the person who committed the offense but is a joint owner of the motor vehicle.

b. A member of the immediate family of the person who committed the offense which resulted in the impoundment or immobilization, if the member demonstrates that the motor vehicle that is subject to the order for impoundment or immobilization is the only motor vehicle possessed by the family.

For purposes of this section, "a member of the immediate family" means a spouse, child, or parent of the person who committed the offense.

18. The impoundment, immobilization, or forfeiture of a motor vehicle under this chapter does not constitute loss of use of a motor vehicle for purposes of any contract of insurance.

When a peace officer has reasonable grounds to believe that either of the following have occurred, the peace officer may request that the operator provide a sample of the operator's breath for a preliminary screening test using a device approved by the commissioner of public safety for that purpose:

a. A motor vehicle operator may be violating or has violated section 321J.2 or 321J.2A.

b. The operator has been involved in a motor vehicle collision resulting in injury or death.

2. The results of this preliminary screening test may be used for the purpose of deciding whether an arrest should be made or whether to request a chemical test authorized in this chapter, but shall not be used in any court action except to prove that a chemical test was properly requested of a person pursuant to this chapter.

321J.6 Implied consent to test.

1. A person who operates a motor vehicle in this state under circumstances which give reasonable grounds to believe that the person has been operating a motor vehicle in violation of section 321J.2 or 321J.2A is deemed to have given consent to the withdrawal of specimens of the person's blood, breath, or urine and to a chemical test or tests of the specimens for the purpose of determining the alcohol concentration or presence of drugs, subject to this section. The withdrawal of the body substances and the test or tests shall be administered at the written request of a peace officer having reasonable grounds to believe that the person was operating a motor vehicle in violation of section 321J.2 or 321J.2A, and if any of the following conditions exist:

a. A peace officer has lawfully placed the person under arrest for violation of section 321J.2.

b. The person has been involved in a motor vehicle accident or collision resulting in personal injury or death.

c. The person has refused to take a preliminary breath screening test provided by this chapter.

d. The preliminary breath screening test was administered and it indicated an alcohol concentration as defined in section 321J.1 of .10 or more.

e. The preliminary breath screening test was administered to a person operating a commercial motor vehicle as defined in section 321.1 and it indicated an alcohol concentration of 0.04 or more.

f. The preliminary breath screening test was administered and it indicated an alcohol concentration of less than 0.10 and the peace officer has reasonable grounds to believe that the person was under the influence of a drug other than alcohol or a combination of alcohol and another drug.

g. The preliminary breath screening test was administered and it indicated an alcohol concentration of .02 or more but less than .10 and the person is under the age of twenty-one.

2. The peace officer shall determine which of the three substances, breath, blood, or urine, shall be tested. Refusal to submit to a chemical test of urine or breath is deemed a refusal to submit, and section 321J.9 applies. A refusal to submit to a chemical test of blood is not deemed a refusal to submit, but in that case, the peace officer shall then determine which one of the other two substances shall be tested and shall offer the test. If the peace officer fails to offer a test within two hours after the preliminary screening test is administered or refused or the arrest is made, whichever occurs first, a test is not required, and there shall be no revocation under section 321J.9.

3. Notwithstanding subsection 2, if the peace officer has reasonable grounds to believe that the person was under the influence of a drug other than alcohol or a combination of alcohol and another drug, a urine test may be required even after a blood or breath test has been administered. Section 321J.9 applies to a refusal to submit to a chemical test of urine requested under this subsection.

321J.9 Refusal to submit — revocation.

1. If a person refuses to submit to the chemical testing, a test shall not be given, but the department, upon the receipt of the peace officer's certification, subject to penalty for perjury, that the officer had reasonable grounds to believe the person to have been operating a motor vehicle in violation of section 321J.2 or 321J.2A, that specified conditions existed for chemical testing pursuant to section 321J.6, and that the person refused to submit to the chemical testing, shall revoke the person's motor vehicle license and any nonresident operating privilege for the following periods of time:

3. If the person is a resident without a license or permit to operate a motor vehicle in this state, the department shall deny to the person the issuance of a license or permit for the same period a license or permit would be revoked, and deny issuance of a temporary restricted license for the same period of ineligibility for receipt of a temporary restricted license, subject to review as provided in this chapter.

4. The effective date of revocation shall be ten days after the department has mailed notice of revocation to the person by certified mail or, on behalf of the department, a peace officer offering or directing the administration of a chemical test may serve immediate notice of intention to revoke and of revocation on a person who refuses to permit chemical testing. If the peace officer serves that immediate notice, the peace officer shall take the Iowa license or permit of the driver, if any, and issue a temporary license effective for only ten days. Upon certification, subject to penalty for perjury, by the peace officer that there existed reasonable grounds to believe that the person had been operating a motor vehicle in violation of section 321J.2, that there existed one or more of the necessary conditions for chemical testing described in section 321J.6, subsection 1, and that the person submitted to chemical testing and the test results indicated an alcohol concentration as defined in section 321J.1 of .10 or more, the department shall revoke the person's motor vehicle license or nonresident operating privilege for the following periods of time:

a. One hundred eighty days if the person has had no revocation within the previous six years under this chapter.

A person whose license or privileges have been revoked under subsection 1, paragraph "b", for one year shall not be eligible for any temporary restricted license for one year after the effective date of the revocation.

3. The effective date of the revocation shall be ten days after the department has mailed notice of revocation to the person by certified mail. The peace officer who requested or directed the administration of the chemical test may, on behalf of the department, serve immediate notice of revocation on a person whose test results indicated an alcohol concentration of .10 or more.

4. If the peace officer serves that immediate notice, the peace officer shall take the person's Iowa license or permit, if any, and issue a temporary license valid only for ten days. The peace officer shall immediately send the person's driver's license to the department along with the officer's certificate indicating that the test results indicated an alcohol concentration of .10 or more.

5. Upon certification, subject to penalty for perjury, by the peace officer that there existed reasonable grounds to believe that the person had been operating a motor vehicle in violation of section 321J.2A, that there existed one or more of the necessary conditions for chemical testing described in section 321J.6, subsection 1, and that the person submitted to chemical testing and the test results indicated an alcohol concentration as defined in section 321J.1 of .02 or more but less than .10, the

6. The results of a chemical test may not be used as the basis for a revocation of a person's motor vehicle license or nonresident operating privilege if the alcohol concentration indicated by the chemical test minus the established margin of error inherent in the device or method used to conduct the chemical test does not equal an alcohol concentration of .10 or more for violations under section 321J.2 or of .02 or more for violations of section 321J.2A.

321J.13 Hearing on revocation — appeal.

1. Notice of revocation of a person's motor vehicle license or operating privilege served pursuant to section 321J.9 or 321J.12 shall include a form accompanied by a preaddressed envelope on which the person served may indicate by a checkmark if the person only wishes to request a temporary restricted license after the mandatory ineligibility period for issuance of a temporary restricted license has ended, or if the person wishes a hearing to contest the revocation. The form shall clearly state on its face that the form must be completed and returned within ten days of receipt or the person's right to a hearing to contest the revocation is foreclosed. The form shall also be accompanied by a statement of the operation of and the person's rights under this chapter.

2. The department shall grant the person an opportunity to be heard within forty-five days of receipt of a request for a hearing if the request is made not later than ten days after receipt of notice of revocation served pursuant to section 321J.9 or 321J.12. The hearing shall be before the department in the county where the alleged events occurred, unless the director and the person agree that the hearing may be held in some other county, or the hearing may be held by telephone conference at the discretion of the agency conducting the hearing. The hearing may be recorded and its scope shall be limited to the issues of whether a peace officer had reasonable grounds to believe that the person was operating a motor vehicle in violation of section 321J.2 or section 321J.2A and either of the following:

a. Whether the person refused to submit to the test or tests.

b. Whether a test was administered and the test results indicated an alcohol concentration as defined in section 321J.1 of .10 or more or whether a test was administered and the test results indicated an alcohol concentration as defined in section 321J.1 of .02 or more pursuant to section 321J.2A.

3. After the hearing the department shall order that the revocation be either rescinded or sustained. Upon receipt of the decision of the department to

sustain a revocation, the person contesting the revocation has ten days to file a request for review of the decision by the director. The director or the director's designee shall review the decision within fifteen days and shall either rescind or sustain the revocation or order a new hearing. If the director orders a new hearing, the department shall grant the person a new hearing within twenty days of the director's order.

4. A person whose motor vehicle license or operating privilege has been or is being revoked under section 321J.9 or 321J.12 may reopen a department hearing on the revocation if the person submits a petition stating that new evidence has been discovered which provides grounds for rescission of the revocation, or prevail at the hearing to rescind the revocation, if the person submits a petition stating that a criminal action on a charge of a violation of section 321J.2 filed as a result of the same circumstances which resulted in the revocation has resulted in a decision in which the court has held that the peace officer did not have reasonable grounds to believe that a violation of section 321J.2 or 321J.2A had occurred to support a request for or to administer a chemical test or which has held the chemical test to be otherwise inadmissible or invalid. Such a decision by the court is binding on the department and the department shall rescind the revocation.

5. The department shall stay the revocation of a person's motor vehicle license or operating privilege for the period that the person is contesting the revocation under this section or section 321J.14 if it is shown to the satisfaction of the department that the new evidence is material and that there were valid reasons for failure to present it in the contested case proceeding before the department. However, a stay shall not be granted for violations of section 321J.2A.

6. If the department fails to comply with the time limitations of this section regarding granting a hearing, review by the director or the director's designee, or granting a new hearing, and if the request for a hearing or review by the director was properly made under this section, the revocation of the motor vehicle license or operating privilege of the person who made the request for a hearing or review shall be rescinded. This subsection shall not apply in those cases in which a continuance to the hearing has been granted at the request of either the person who requested the hearing or the peace officer who requested or administered the chemical test.

3. Each handicapped identification device shall be acquired by handicapped persons upon application on forms prescribed by the department. Before delivering a handicapped identification device to a handicapped person the department shall permanently affix to the device a unique number which may be used by the department to identify the individual to whom the device is issued. A temporary handicapped identification hanging device shall have the expiration date permanently affixed to the device. Expiration dates and identification numbers affixed to handicapped identification hanging devices shall be of sufficient size to be readable from outside the vehicle.

A handicapped person who owns a motor vehicle for which the handicapped person has been issued radio operator registration plates under section 321.34, subsection 3, or registration plates as a seriously disabled veteran under section 321.105 may apply to the department for a handicapped identification sticker to be affixed to the plates. 4. An exercise of a county power is not inconsistent with a state law unless it is irreconcilable with the state law.
