5. a. Notwithstanding subsection 2, a board, in lieu of calling an election, may institute proceedings for the issuance of bonds for a general county purpose by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, and the right to petition for an election, to be published as provided in section 331.305 at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds subject to the following limitations:

a. The amount estimated and certified to apply on principal and interest for any one year shall not exceed the maximum rate of tax, if any, provided by this division for the purpose for which the bonds were issued. If general obligation bonds are issued for different categories, as provided in section 331.445, the maximum rate of levies, if any, for each purpose shall apply separately to that portion of the bond issue for that category and the resolution authorizing the bond issue shall clearly set forth the annual debt service requirements with respect to each purpose in sufficient detail to indicate compliance with the rate of tax levy, if any.

b. The amount estimated and certified to apply on principal and interest for any one year may only exceed the statutory rate of levy limit, if any, by the amount that the registered voters of the county have approved at a special election, which may be held at the same time as the general election and may be included in the proposition authorizing the issuance of bonds, if an election on the proposition is necessary, or may be submitted as a separate proposition at the same election or at a different election. Notice of the election shall be given as specified in section 331.305. If the proposition includes issuing bonds and increasing the levy limit, it shall be in substantially the following form:

2. A statutory or voted tax levy limitation does not limit the source of payment of bonds and interest, but only restricts the amount of bonds which may be issued.

3. For the sole purpose of computing the amount of bonds which may be issued as the result of the application of a statutory or voted tax levy limitation, all interest on the bonds in excess of that accruing in the first twelve months may be excluded from the first annual levy of taxes, so that the need for including more than one year's interest on the first annual levy of taxes to pay the bonds and interest does not operate to further restrict the amount of bonds which may be issued, and in certifying the annual levies, the first annual levy of taxes shall be sufficient to pay all principal of and interest on the bonds becoming due prior to the next succeeding annual levy and the full amount of the annual levy shall be entered for collection as provided in chapter 76.

The articles of incorporation shall set forth the name of the authority, the name of the incorporating units, the purpose for which the authority is created, the number, terms, and manner of selection of its officers including its governing body which shall be known as the "*commission*", the powers and duties of the authority and of its officers, the date upon which the authority becomes effective, the name of the newspaper in which the articles of incorporation shall be published, and any other matters.

5. The authority shall be directed and governed by a board of commissioners of three members, one to be elected by the board of supervisors of the county from the area outside of the county seat, one to be elected by the council of the city from the area inside the city, and one to be elected by the joint action of the board of supervisors of the county and the council of the city, and if the governing bodies are unable to agree upon a choice for the third member within sixty days of the election of the first member, then the third member shall be appointed by the governor. The commissioners shall serve for six-year terms. Of the first appointees, the member appointed by the board of supervisors shall be for a term of two years, the member appointed by the city council shall be for a term of four years, and the member appointed by the joint action of the board and council shall be for a term of six years. The board of commissioners shall designate one of their number as chairperson, one as secretary, and one as treasurer, and shall adopt by-laws and rules of procedure and provide therein for regular meetings and for the proper safekeeping of its records. No commissioner shall receive any compensation in connection with services as commissioner. Each commissioner, however, shall be entitled to reimbursement for any necessary expenditures in connection with the performance of the commissioner's duties.

6. The articles of incorporation shall be recorded in the office of the county recorder and filed with the secretary of state, and shall be published once in a newspaper designated in the articles of incorporation and having a general circulation within the county, and upon such recording and publication, the authority shall be deemed to come into existence.

7. Amendments may be made to the articles of incorporation if adopted by the governing body of each incorporating unit; provided that no amendment shall impair the obligation of any bond or other contract. Each amendment shall be adopted, executed, recorded and published in the same manner as specified for the original articles of incorporation.

8. Any incorporating unit may make donations of property, real or personal, including gratuitous lease, to the authority as deemed proper and appropriate in aiding the authority to effectuate its purposes.

9. The authority shall be a body corporate with power to sue and be sued in any court of this state, have a seal and alter the same at its pleasure, and make and execute contracts, leases, deeds, and other instruments necessary or convenient to the exercise of its powers. In addition, it shall have and exercise the following public and essential governmental powers and functions and all other powers incidental or necessary to carry out and effectuate its express powers:

a. To select, locate, and designate an area lying wholly within the territorial limits of the county seat of the county in which the authority is incorporated as the site to be acquired for the construction, alteration, enlargement, or improvement of a building. The site selected is subject to approval by a majority of the members of each governing body of the incorporating units.

b. To acquire in the corporate name of the authority the fee simple title to the real property located within the area by purchase, gift, devise, or by the exercise of the power of eminent domain, or to take possession of real estate by lease.

c. To demolish, repair, alter, or improve any building within the designated area, to construct a new building within the area and to furnish, equip, maintain, and operate the building.

d. To construct, repair, and install streets, sidewalks, sewers, water pipes, and other similar facilities and otherwise improve the site.

e. To make provisions for off-street parking facilities.

f. To operate, maintain, manage, and enter into contracts for the operation, maintenance, and management of buildings, and to provide rules for the operation, maintenance and management.

g. To employ and fix the compensation of technical, professional, and clerical assistance as necessary and expedient to accomplish the objects and purposes of the authority.

h. To lease all or any part of a building to the incorporating units for a period of time not to exceed fifty years, upon rental terms agreed upon between the authority and the incorporating units. The rentals specified shall be subject to increase by agreement of the incorporating units and the authority if necessary in order to provide funds to meet obligations.

i. To procure insurance of any and all kinds in connection with the building. The bidding procedures provided in section 73A.18 shall be utilized in the procurement of insurance.

j. To accept donations, contributions, capital grants, or gifts from individuals, associations, municipal and private corporations, and the United States, or any agency or instrumentality thereof, and to enter into agreements in connection therewith.

k. To borrow money and to issue and sell revenue bonds in an amount and with maturity dates not in excess of fifty years from date of issue, to provide funds for the purpose of acquiring, constructing, demolishing, improving, enlarging, equipping, furnish-

ing, repairing, maintaining, and operating buildings, and to acquire and prepare sites, convenient therefor, and to pay all incidental costs and expenses, including, but not limited to architectural, engineering, legal, and financing expense and to refund and re-finance revenue bonds as often as deemed advantageous by the board of commissioners.

l. The provisions of chapter 73A applicable to other municipalities are applicable to an authority.

10. After the incorporation of an authority, and before the sale of any issue of revenue bonds, except refunding bonds, the authority shall submit in a single countywide election to the registered voters of the city and county, at a general, primary, or special election called for that purpose, the question of whether an authority shall issue and sell revenue bonds, stating the amount, for any of the purposes for which it is incorporated. An affirmative vote of a majority of the votes cast on the proposition is required to authorize the issuance and sale of revenue bonds. A notice of the election shall be published once each week for at least two weeks in some newspaper published in the county. The notice shall name the time when the question shall be submitted, and a copy of the question to be submitted shall be posted at each polling place during the day of election. The authority shall call this election with the concurrence of both incorporating units, and it shall establish the voting precincts and polling places, and appoint the election judges, and in so doing such election procedures shall be in accordance with the provisions of chapters 49 and 50.

11. When the board of commissioners decides to issue bonds subject to the election requirement, it shall adopt a resolution describing the area to be acquired, the nature of the existing improvements, the disposition to be made of the improvements, and a general description of any new buildings to be constructed.

12. The resolution shall set out the limit of the cost of the project, including the cost of acquiring and preparing the site, determine the period of usefulness and fix the amount of revenue bonds to be issued, the date or dates of maturity, the dates on which interest is payable, the sinking fund provisions, and all other details in connection with the bonds. The board shall determine and fix the rate of interest of any revenue bonds issued, in a resolution adopted by the board prior to the issuance. The resolution, trust agreement, or other contract entered into with the bondholders may contain covenants and restrictions concerning the issuance of additional revenue bonds as necessary or advisable for the assurance of the payment of the bonds authorized.

13. Bonds shall be issued in the name of the authority and are declared to have all the qualities and incidents of negotiable instruments under the laws of this state.

14. Bonds issued under this section may be issued as serial or term bonds, shall be of such denomination or denominations and form, including interest coupons to be attached, shall be payable at

such place or places and bear such date as the board of commissioners fix by the resolution authorizing the bonds, shall mature within a period not to exceed fifty years, and may be redeemable prior to maturity with or without premium, at the option of the board of commissioners, upon terms and conditions the board shall fix by the resolution authorizing the issuance of bonds. The board of commissioners may provide for the registration of bonds in the name of the owner as to the principal alone or as to both principal and interest upon terms and conditions the board determines. All bonds issued by an authority shall be sold at a price so that the interest cost to the commission of the proceeds of the bonds shall not exceed that permitted by chapter 74A, payable semi-annually, computed to maturity, and shall be sold in the manner and at the time the board of commissioners determines.

15. Bonds issued by an authority, and the interest thereon, shall be payable solely from the revenues derived from the operation, management, or use of the buildings acquired or to be acquired by the authority, which revenues shall include payments received under any leases or other contracts for the use of the buildings. Bonds shall recite that the principal and interest thereon are payable only from the revenues pledged, and shall state on their face that they are not an indebtedness of the authority or a claim against the property of the authority.

16. Bonds shall be executed in the name of the commission by the chairperson of the board of commissioners or by another officer of the commission as the board, by resolution, may direct, and be attested by the secretary, or by another officer of the commission as the board, by resolution, may direct, and shall be sealed with the commission's corporate seal. In case any officer whose signature appears on the bonds or coupons shall cease to be such officer before delivery of the bonds, the officer's signature shall be valid and sufficient for all purposes, the same as if the officer had remained in office until delivery.

17. In its discretion, the authority may issue refunding bonds to refund its bonds prior to their maturity, refund its outstanding matured bonds, refund matured coupons evidencing interest upon its outstanding bonds, refund interest at the coupon rate that has accrued upon its outstanding matured bonds, and refund its bonds which by their terms are subject to call or redemption before maturity. All bonds redeemed or purchased shall be canceled.

18. To secure the payment of revenue bonds and for the purpose of setting forth the covenants and undertakings of the authority in connection with the issuance of revenue bonds and the issuance of any additional revenue bonds payable from such revenue income to be derived from the operation, management, or use of the buildings acquired or to be acquired by the authority, the authority may execute and deliver a trust agreement except that no lien upon any physical property of the authority shall be created.

19. The resolution shall provide for the creation of a sinking fund account into which shall be payable

from the revenues of the project, from month to month as such revenues are collected, the sums in excess of the cost of maintenance and operation of the project and the cost of administration of the authority, sufficient to comply with the covenants of the bond resolution and sufficient to pay the accruing interest and retire the bonds at maturity. The board of commissioners, in a resolution, may provide for other accounts as necessary for the sale of the bonds. Moneys in the accounts shall be applied in the manner provided by the resolution, the trust agreement, or other contract with the bondholders.

20. No such bonds shall constitute a debt of the authority or of any public body within the meaning of any statutory or constitutional limitation as to debt.

21. From and after the issuance of bonds the board of commissioners shall establish and fix rates, rentals, fees, and charges for the use of any and all buildings or space owned and operated by the authority, sufficient at all times to pay maintenance and operation costs and to pay the accruing interest and retire the bonds at maturity and to make all payments to all accounts created by any bond resolution and to comply with all covenants of any bond resolution.

22. When an incorporating unit enters into a lease with the authority, the governing body of the incorporating unit shall provide by ordinance or resolution for the levy and collection of a direct annual tax sufficient to pay the annual rent payable under the lease as and when it becomes due and payable. The tax shall be levied and collected in like manner with the other taxes of the incorporating unit and shall be in addition to all other taxes authorized to be levied by that incorporating unit. This tax shall not be included within and shall be in addition to any statu-

tory limitation of rate or amount for that incorporating unit. The fund realized from the tax levy shall be set aside for the payment of the annual rent and shall not be disbursed for any other purpose until the annual rental has been paid in full.

23. All leases, contracts, deeds of conveyance, bonds, or other instruments in writing on behalf of the authority, shall be executed in the name of the authority by the chairperson and secretary of the authority, or by other officers as the board of commissioners, by resolution, directs, and the seal of the authority shall be affixed.

24. All property owned by any authority shall be exempt from taxation by the state or any taxing unit of the state. However, any interest derived from bonds issued by the authority shall be subject to taxation.

25. When all bonds issued by an authority have been retired, the authority may convey the title to the property owned by the authority to the incorporating units in accordance with the provisions therefor contained in the articles of incorporation, or, if none, in accordance with any agreement adopted by the respective governing bodies of the incorporating units, and the authority. The proposition of whether a conveyance shall be made shall be submitted to the legal voters of the city and county, utilizing the election procedures provided for bond issues, and an affirmative vote equal to at least a majority of the total votes cast on the proposition shall be required to authorize the conveyance. If the proposition does not carry, the authority shall continue to operate, maintain, and manage the building under a lease arrangement with the incorporating units.

COUNTY HOSPITALS

347.7 Tax levies.

If a county hospital is established, the board of supervisors, at the time of levying ordinary taxes, shall levy a tax at the rate voted not to exceed fifty-four cents per thousand dollars of assessed value in any one year for the erection and equipment of the hospital, and also a tax not to exceed twenty-seven cents per thousand dollars of value for the improvement, maintenance, and replacements of the hospital, as certified by the board of hospital trustees. However, in counties having a population of two hundred twenty-five thousand or over, the levy for taxes payable in the fiscal year beginning July 1, 1996, and for subsequent fiscal years, for improvements and maintenance of the hospital shall not exceed one dollar and seventy-five cents per thousand dollars of assessed value in any one year. The

proceeds of the taxes constitute the county public hospital fund and the fund is subject to review by the board of supervisors in counties over two hundred twenty-five thousand. However, the board of trustees of a county hospital, where funds are available in the county public hospital fund of the county which are unappropriated, may use the unappropriated funds for erecting and equipping hospital buildings and additions thereto without authority from the voters of the county.

No levy shall be made for the improvement, maintenance, or replacements of the hospital until the hospital has been constructed, staffed, and receiving patients. If revenue bonds are issued and outstanding under section 331.461, subsection 2, paragraph "d", the board may levy a tax to pay operating and maintenance expenses in lieu of the authority oth-

erwise contained in this section not to exceed twenty-seven cents per thousand dollars of assessed value or not to exceed one dollar and twenty-one and one-half cents per thousand dollars of assessed value for improvements and maintenance of the hospital in counties having a population of two hundred twenty-five thousand or over.

In addition to levies otherwise authorized by this section, the board of supervisors may levy a tax at the rate, not to exceed twenty-seven cents per thousand dollars of assessed value, necessary to raise the amount budgeted by the board of hospital trustees for support of ambulance service as authorized in section 347.14, subsection 14.

The tax levy authorized by this section for operation and maintenance of the hospital may be available in whole or in part to any county with or without a county hospital organized under this chapter, to be used to enhance rural health services in the county. However, the tax levied may be expended for enhancement of rural health care services only following a local planning process. The Iowa department of public health shall establish guidelines to be followed by counties in implementing the local planning process which shall require legal notice, public hearings, and a referendum in accordance with this section and section 347.30 prior to the authorization of any new levy or a change in the use of a levy. Enhancement of rural health services for which the tax levy pursuant to this section may be used includes but is not limited to emergency medical services, health care services shared with other hospitals, rural health clinics, and support for rural health care practitioners and public health services. When alternative use of funds from the tax levy authorized by this section is proposed in a county with a county hospital organized under this chapter, use of the funds shall be agreed upon by the elected board of trustees of the county hospital. When alternative use of funds from the tax levy authorized by this section is proposed in a county without a county hospital organized under this chapter, use of the funds shall be agreed upon by the board of supervisors and any publicly elected hospital board of trustees within the county prior to submission of the question to the voters. Moneys raised from a tax levied in accordance with this paragraph shall be designated and administered by the board of supervisors in a manner consistent with the purposes of the levy.

347.16 Treatment in county hospital — terms.

1. Any resident of a county in this state who is sick or injured shall be entitled to care and treatment in any public hospital established and maintained by that county under this chapter, so long as that person observes the rules of conduct prescribed by the board of hospital trustees. Each patient admitted under this subsection, or the person legally liable for that patient's support, shall pay to the board of hospital trustees reasonable compensation for that patient's care and treatment according to the rules established by the board, unless subsection 2 is applicable.

2. Free care and treatment shall be furnished in a county public hospital to any sick or injured person who fulfills the residency requirements under section 47.4, subsection 1, paragraph "d", Code 1993, in the county maintaining the hospital, and who is indigent. The board of hospital trustees shall determine whether a person is indigent and entitled to free care under this subsection, or may delegate that determination to the general assistance director or the office of the department of human services in that county, subject to guidelines the board may adopt in conformity with applicable statutes.

3. Care and treatment may be furnished in a county public hospital to any sick or injured person who has legal settlement outside the county which maintains the hospital, subject to such policies and rules as the board of hospital trustees may adopt. If care and treatment is provided under this subsection to a person who is indigent, the county in which that person has legal settlement shall pay to the board of hospital trustees the fair and reasonable cost of the care and treatment provided by the county public hospital unless the cost of the indigent person's care and treatment is otherwise provided for. If care and treatment is provided to an indigent person under this subsection, the county public hospital furnishing the care and treatment shall immediately notify, by regular mail, the auditor of the county of legal settlement of the indigent person of the provision of care and treatment to the indigent person.

4. A county public hospital may, but shall not be required to, provide care and treatment for persons afflicted with tuberculosis. If treatment for tuberculosis is provided by a county public hospital, the provisions of this section shall be applicable to persons admitted to that hospital for such treatment.

Iowa association of chiefs of police and peace officers, the Iowa league of cities, and the Iowa board of supervisors association, shall draw up minimum

CHAPTER 357A

RURAL WATER DISTRICTS

357A.2 Petition — deposit — limitation.

A petition may at any time be filed with the auditor requesting the supervisors to incorporate and organize a district encompassing an area, not then included in any other district, in a county or in two or more adjacent counties for the purpose of providing an adequate supply of water for residents of the area who are not served by the water mains of any city water system.

There shall be filed with the petition a bond with sureties approved by the auditor, or a certified check, credit union certified share draft or cash in an amount sufficient for the payment of all costs and expenses incurred in the proceedings if the district is not finally established.

The petition shall be signed by the owners of at least thirty percent of all real property lying within the outside perimeter of the area designated for inclusion in the proposed district, and shall state:

1. The location of the area, describing such area to be served or specifying the area by an attached map.

2. The reasons a district is needed.

3. A new water service plan describing the cost feasibility and estimated construction schedules.

Water services, other than water services provided as of April 1, 1987, shall not be provided within two miles of the limits of a city by a rural water district incorporated under this chapter or chapter 504A except as provided in this section.

A rural water district incorporated under this chapter or chapter 504A may give notice of intent to provide water service to a new area within two miles of a city by submitting a water plan to the city. The plan is only required to indicate the area within two miles of the city which the rural water district intends to serve. If the city fails to respond to the rural water district's plan within ninety days of receipt of the plan, the rural water district may provide service in the area designated in the plan. The city may inform the rural water district within ninety days of receipt of the plan that the city requires additional time or information to study the question of providing water service outside the limits of the city. If additional time or information is required, the city shall respond to the rural water district's plan within one hundred eighty days of receipt of the plan. In re-

sponding to the plan, the city may waive its right to provide water service within the areas designated for service by the rural water district, or the city may reserve the right to provide water service in some or all of the areas which the rural water district intends to serve. If the city reserves the right to provide water service within some or all of the areas which the rural water district intends to serve, the city shall provide service within four years of receipt of the plan. This section does not preclude a city from providing water service in an area which is annexed by the city.

357A.8 Bylaws submitted at special meeting.

Within thirty days after election of the original board, proposed bylaws shall be submitted for adoption at a special meeting of members of the district, written notice of which shall be mailed to each member. Members present at the special meeting may adopt or amend any of the proposed bylaws, and may propose and adopt alternative or additional bylaws. The bylaws may subsequently be amended at any annual or special meeting of the participating members of the district. However, the bylaws of each district shall provide:

1. For an annual meeting of participating members between January 1 and May 1 of each year following the year of incorporation of the district, and for the mailing of written notice of the time and place of each annual meeting to each participating member and publication of the notice in a newspaper of general circulation in the district not less than ten nor more than thirty days prior to each meeting.

2. That each participating member of the district shall be entitled to a single vote at all annual and special meetings of the district, regardless of the number of benefit units to which the member has subscribed.

357A.11 Board's powers and duties.

The board shall be the governing body of the district, and shall:

bylaws of the district as necessary for the conduct of the business of the district.

2. Maintain at its office a record of the district's proceedings, rules and regulations, and any decisions and orders made pursuant to the provisions of this chapter, and furnish copies thereof to the supervisors or the council upon request.

3. Employ, appoint, or retain attorneys, engineers, other professional and technical employees, and other personnel as necessary, and require and approve bonds of district employees. The board may enter into agreements pursuant to chapter 28E to provide professional or technical services under this subsection to other water districts, nonprofit corporations, or related associations.

4. Prior to each annual meeting of participating members:

a. Prepare an estimated budget for the coming year, and adjust water rates if necessary in order to produce the revenue required to fund the estimated budget, and make a report thereon at the annual meeting.

b. Have an audit made of the district's records and accounts, and make copies of the audit report available to all participating members attending the annual meeting and to any other participating member who so requests.

5. Have authority to acquire by gift, lease, purchase, or grant any property, real or personal, in fee or a lesser interest needed to achieve the purposes for which the district was incorporated, to acquire easements for water lines and reservoirs by condemnation proceedings, and to sell and convey property owned, but no longer needed, by the district. Condemnation proceedings shall not apply to existing wells, ponds or reservoirs.

6. Have authority to construct, operate, maintain, repair, and when necessary to enlarge or extend, such ponds, reservoirs, pipelines, wells, check dams, pumping installations, or other facilities for the storage, transportation, or utilization of water, and such appurtenant structures and equipment, as may be necessary or convenient to carry out the purposes for which the district was incorporated. A district may purchase its water supply from any source.

7. Have power to borrow from, co-operate with and enter into agreements as deemed necessary with any agency of the federal government, this state, or a county of this state, and to accept financial or other aid from any agency of the federal government. To evidence any indebtedness the obligations may be one or more bonds or notes and the obligations may be sold at private sale.

8. Have power to finance all or part of the cost of the construction or purchase of any project necessary to carry out the purposes for which the district is incorporated, or to refinance all or part of the original cost of any such project, and to evidence that financing by issuance of revenue bonds or notes which shall mature in a period not to exceed forty years from date of issuance, shall bear interest, or combined interest and insurance charges, at a rate not to exceed that

permitted by chapter 74A, shall be payable only from revenue derived from sale of water by the district, and shall never become or be construed to be a debt against the state of Iowa or any of its political subdivisions other than the district issuing the bonds.

9. Finance all or part of the cost of the construction or purchase of a project necessary to carry out the purposes for which the district is incorporated or to refinance all or part of the original cost of that project, including, but not limited to, obligations originated by the district as a nonprofit corporation under chapter 504A and assumed by the district reorganized under this chapter. Financing or refinancing carried out under this subsection shall be in accordance with the terms and procedures set forth in the applicable provisions of sections 384.83 through 384.88, 384.92, and 384.93. References in these sections to a city shall be applicable to a rural water district operating under this chapter, and references in that division to a city council shall be applicable to the board of directors of a rural water district. This subsection shall not create a lien against the property of a person who is not a rural water subscriber.

10. Have power to join the Iowa association of rural water districts, and pay out of funds available to the board, reasonable dues to the association. The financial condition and transactions of the Iowa association of rural water districts must be audited in the same manner as rural water districts.

11. Have authority to execute an agreement with a governmental entity, including a county, city, or another district, for purposes of managing or administering the governmental entity's works, facilities, or waterways which are useful for the collection, disposal, or treatment of wastewater or sewage.

12. Place all funds in investments to the extent practicable and may invest the funds jointly with one or more counties, judicial district departments of correctional services, cities, or city utilities pursuant to a joint investment agreement. All investments of funds shall be subject to sections 12B.10 and 12B.10A and other applicable law.

This chapter and chapter 384, as it applies to rural water districts, shall not be construed to mean that the real property of any rural water subscriber shall be used as security for any debts of a rural water district. However, the failure to pay water rates or charges by a subscriber may result in a lien being attached against the premises served upon certification to the county treasurer that the rate or charges are due.

A nonprofit corporation incorporated under chapter 504A for the specific purpose of operating a rural water system may petition the supervisors for incorporation of a district, in the manner provided by section 357A.2. The signatures of the corporation's

officers on the petition and a resolution adopted by the corporation's board of directors approving the petition shall suffice in lieu of signatures of owners of thirty percent of the real property in the proposed district, if the corporation presents evidence satisfactory to the supervisors that a sufficient number of members of the proposed district will subscribe to benefit units to make its operation feasible. The procedure for hearing and determination of disposition of the petition shall be as provided by this chapter.

In any district incorporated upon the petition of a nonprofit corporation, the following procedures shall apply:

1. After final approval of the petition by a board of supervisors, the secretary of the corporation shall file a notice with the secretary of state dissolving the nonprofit corporation in accordance with chapter 504A.

2. Upon filing of the notice, the nonprofit corporation shall cease to exist as a chapter 504A entity

and all assets and liabilities of the nonprofit corporation become the assets and liabilities of the newly organized district without a need for any further meetings, voting, notice to creditors, or other actions by the members or board.

3. The officers and board of directors of the corporation shall be the officers and board of the district.

4. The applicable laws of the state and the articles of incorporation and bylaws of the corporation shall control the initial size and initial term of office of such officers and board, in lieu of sections 357A.7, 357A.9, and 357A.10.

Any twenty-five or more eligible electors resident within the limits of any proposed sanitary district may file a petition in the office of the county auditor of the county in which the proposed sanitary district,

or the major portion thereof, is located, requesting that there be submitted to the registered voters of such proposed district the question whether the territory within the boundaries of such proposed district shall be organized as a sanitary district under this

CHAPTER 358C

REAL ESTATE IMPROVEMENT DISTRICTS

358C.1 Legislative findings — purpose — definitions.

1. The general assembly finds and declares as follows:

a. The economic health and development of Iowa communities is tied to opportunities for jobs in and near those communities and the availability of jobs is in part tied to the availability of affordable, decent housing in those communities.

b. A need exists for a program to assist developers and communities in increasing the availability of housing in Iowa communities.

c. A shortage of opportunities and means for developing local housing exists. It is in the best interest of the state and its citizens for infrastructure development which will lower the costs of developing housing.

d. The expansion of local housing is dependent upon the cost of providing the basic infrastructure necessary for a housing development. Providing this infrastructure is a public purpose for which the state may encourage the formation of real estate improvement districts for the purpose of providing water, sewer, roads, and other infrastructure.

2. As used in this chapter, unless the context otherwise requires:

a. "Board" means the board of trustees of a real estate improvement district.

b. "Construction" includes materials, labor, acts, operations, and services necessary to complete a public improvement.

c. d. "District" means a real estate improvement district as created in this chapter, in a county designated as a pilot county under section 358C.2.

e. "Public improvement" includes the principal structures, works, component parts, and accessories of the facilities or systems specified in section 358C.4.

358C.16 Debt limit — borrowing — bonds — purposes.

1. A district may borrow money for its corporate purposes, but shall not become indebted in any manner or for any purpose to an amount in the aggregate exceeding its constitutional debt limit of five percent on the value of the taxable property within the district, to be ascertained by the last state and county tax lists previous to the incurring of the indebtedness. Indebtedness within this constitutional limit

shall not include the indebtedness of any other municipal corporation located wholly or partly within the boundaries of the district, special assessment bonds or obligations authorized under section 358C.17.

2. Subject only to this debt limitation, a district shall have the same powers to issue bonds, including both general obligation and revenue bonds, including the power to enter into short-term loans and issue warrants, which cities have under the laws of this state. In the application of the laws to this chapter, the words used in the laws referring to municipal corporations or to cities shall be held to include real estate improvement districts organized under this chapter; the words “council” or “city council” shall be held to include the board of trustees of a district; the words “mayor” and “clerk” shall be held to include the president and clerk of a board of trustees; and like construction shall be given to any other words in the laws where required to permit the exercise of the powers by real estate improvement districts.

358C.17 Special assessments.

1. The board of trustees of a real estate improvement district may provide for payment of all or any portion of the costs of a public improvement specified in section 358C.4, by assessing all, or any portion of, the costs on adjacent property according to the benefits derived. For the purposes of this chapter, the board of trustees may define “adjacent property” as all that included within a designated benefited district to be fixed by the board, which may be all of the property located within the real estate improvement district or any lesser portion of that property. It is not a valid objection to a special assessment that the improvement for which the assessment is levied is outside the limits of the district, but a special assessment shall not be made upon property situated outside of the district. Special assessments pursuant

to this section shall be in proportion to the special benefits conferred upon the property, and not in excess of the benefits. The value of a property is the present fair market value of the property with the proposed public improvements completed. Payment of installments of a special assessment against property shall be made in the same manner and under the same procedures as provided in chapter 384 for special assessments by cities. Notwithstanding the provisions of section 384.62, the combined assessments against any lot for public improvements included in the petition creating the housing development district or as authorized in section 358C.4 shall not exceed the valuation of that lot as established by section 384.46.

2. The assessments may be made to extend over a period not to exceed fifteen years, payable in as nearly equal annual installments as practicable. A majority vote of the board of trustees is requisite and sufficient for any action required by the board of trustees under this section.

3. Subject to the limitations otherwise stated in this section, a district organized under this chapter has all of the powers to specially assess the costs of improvements described in this section, including the power to issue special assessment bonds, warrants, project notes, or other forms of interim financing obligations, which cities have under the laws of this state.

358C.18 Additional territory.

1. The district may be enlarged and additional territory annexed to the district by either of the following methods:

a. By petitions signed by the owners of all the property to be annexed to the district. If a petition requesting annexation is presented to the trustees and approved by the trustees the change in the boundaries to include the additional area shall be certified by the clerk of the district to the county auditor in which the greater portion of the district is located and thereafter the district shall include the area thus annexed.

b. By a petition filed with the clerk of the district, signed by persons owning not less than fifty percent of the area to be annexed, but not signed by persons owning all the area requested to be annexed. On the filing of the petition, the trustees of the district shall fix a time and place for a hearing on the petition and give notice of the hearing, as provided in section 331.305, and by certified mail to the record owners of all persons owning land within the territory sought to be annexed, not less than ten days prior to the date of the hearing, if the address of the owners is known or can be ascertained by reasonable diligence by the trustees. At the hearing, any person owning property within the area proposed to be annexed or any person owning property or residing within the district may appear and be heard. If, after the hearing, the board of trustees determines that annexation of the addi-

tional area will be conducive to the public health, convenience, and welfare and will not be an undue burden on the district, the board of trustees may, by resolution, annex the additional area and fix the boundary which shall not include more than the area requested in the petition. A copy of the resolution shall be filed with the county auditor of the county in which the largest portion of the district is located and thereafter the area included by the resolution shall be a part of the district.

2. All property, from and after it is annexed to the district, shall be subject to all taxes and other burdens levied by the district, regardless of when the obligation for which the taxes or assessments are levied was incurred.

358C.19 Annexation by a city.

When a city or real estate improvement district proposes that the district be annexed by the city, either wholly or partially, an owner of property in the district shall not object to the annexation if a city annexes all the territory within the boundaries of a real estate improvement district, the district shall merge with the city and the city shall succeed to all the property and property rights of every kind, contracts, and obligations, held by or belonging to the district, and the city shall be liable for and recognize, assume, and carry out all valid contracts and obligations of the district. The city may assume and provide for the payment of the obligations of any bonds of the district by issuing general obligation, special assessment, or revenue refunding bonds which may be sold at public or private sale or exchanged for outstanding bonds. General obligation bonds of the city may be issued to refund special assessment and revenue obligations if the governing body of the city determines that it is in the best interest of the city. The refunding of these obligations shall constitute an essential corporate purpose under section 384.24. All taxes, assessments, claims, and demands of every kind due or owing to the district shall be paid to and collected by the city. However, this section does not authorize the annexing city to revoke any resolution, order, or finding made by the district in regard to special benefits or increase any assessments made by the district, but the city shall be bound by all findings or orders and assessments to the same extent as the district would be bound. Also, a district shall not levy any special assessments after the effective date of the annexation.

A city may:

1. Acquire, hold, and dispose of property outside the city in the same manner as within.

2. By contract, extend services to persons outside the city.

3. Enact and enforce ordinances relating to city property and city-extended services outside the city.

4. Enter into leases or lease-purchase contracts for real or personal property in accordance with the following terms and procedures:

a. A city shall lease or lease-purchase property only for a term which does not exceed the economic life of the property, as determined by the governing body.

b. A lease or lease-purchase contract entered into by a city may contain provisions similar to those sometimes found in leases between private parties, including, but not limited to, the obligation of the lessee to pay any of the costs of operation or ownership of the leased property and the right to purchase the leased property.

c. A provision of a lease or lease-purchase contract which stipulates that a portion of the rent payments be applied as interest is subject to chapter 74A. Other laws relating to interest rates do not apply. Chapter 75 is not applicable. A city utility or city enterprise is a separate entity under this subsection whether it is governed by the governing body of the city or another governing body.

d. The governing body must follow substantially the same authorization procedure required for the issuance of general obligation bonds issued for the same purpose to authorize a lease or a lease-purchase contract made payable from the debt service fund.

e. The governing body may authorize a lease or lease-purchase contract which is payable from the general fund and which would not cause the total of annual lease or lease-purchase payments of the city due from the general fund of the city in any future year for lease or lease-purchase contracts in force on

the date of the authorization, excluding payments to exercise purchase options or to pay the expenses of operation or ownership of the property, to exceed ten percent of the last certified general fund budget amount in accordance with the following procedures:

(1) The governing body must follow substantially the authorization procedures of section 384.25 to authorize a lease or lease-purchase contract for personal property which is payable from the general fund. The governing body must follow substantially the authorization procedures of section 384.25 to authorize the lease or lease-purchase contract for real property which is payable from the general fund if the principal amount of the lease-purchase contract does not exceed the following limits:

(b) Seven hundred thousand dollars in a city having a population of more than five thousand but not more than seventy-five thousand.

(c) One million dollars in a city having a population of more than seventy-five thousand.

(2) The governing body must follow the following procedures to authorize a lease or lease-purchase contract for real property which is payable from the general fund if the principal amount of the lease or lease-purchase contract exceeds the limits set forth in subparagraph (1):

(a) The governing body must institute proceedings to enter into a lease or lease-purchase contract payable from the general fund by causing a notice of the meeting to discuss entering into the lease or lease-purchase contract, including a statement of the principal amount and purpose of the lease or lease-purchase contract and the right to petition for an election, to be published at least once in a newspaper of general circulation within the city at least ten days prior to the discussion meeting. No sooner than thirty days following the discussion meeting shall the governing body hold a meeting at which it is proposed to take action to enter into the lease or lease-purchase contract.

(b) If at any time before the end of the thirty-day period after which a meeting may be held to take action to enter into the lease or lease-purchase contract, a petition is filed with the clerk of the city in the manner provided by section 362.4, asking that the question of entering into the lease or lease-purchase contract be submitted to the registered voters of the city, the governing body shall either by resolution declare the proposal to enter into the lease or lease-purchase contract to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of entering into the lease or lease-purchase contract. However, for purposes of this subparagraph, the petition shall not require signatures in excess of one thousand persons. The question to be placed on the ballot shall be stated affirmatively in substantially the following manner: Shall the city of enter into a lease or lease-purchase contract in amount of \$..... for the purpose of? Notice of the election and its conduct shall be in the manner provided in section 384.26, subsections 2 through 4.

f. The governing body may authorize a lease or lease-purchase contract payable from the net revenues of a city utility, combined utility system, city enterprise, or combined city enterprise by following the authorization procedures of section 384.83.

g. A lease or lease-purchase contract to which a city is a party or in which a city has a participatory interest is an obligation of a political subdivision of this state for the purposes of chapters 502 and 636, and is a lawful investment for banks, trust companies, building and loan associations, savings and loan associations, investment companies, insurance companies, insurance associations, executors, guardians, trustees, and any other fiduciaries responsible for the investment of funds.

h. Property that is lease-purchased by a city is exempt under section 427.1, subsection 2.

i. A contract for construction by a private party of property to be leased or lease-purchased by a city is not a contract for a public improvement under section 384.95, subsection 1, except for purposes of section 384.102. However, if a lease-purchase contract is funded in advance by means of the lessor depositing moneys to be administered by a city, with the city's obligations to make rent payments commencing with its receipt of moneys, a contract for construction of the property in question awarded by the city is subject to division VI of chapter 384.

5. Enter into insurance agreements obligating the city to make payments beyond its current budget year to procure or provide for a policy of insurance, a self-insurance program, or a local government risk pool to protect the city against tort liability, loss of property, or any other risk associated with the operation of the city. local government risk pool is not insurance and is not subject to regulation under chapters 505 through 523C. However, those self-insurance plans regulated pursuant to section 509A.14 shall remain subject to the requirements of section 509A.14 and rules adopted pursuant to that section.

Unnumbered paragraphs 2 and 3 amended

364.12 Responsibility for public places.

1. As used in this section, "property owner" means the contract purchaser if there is one of record, otherwise the record holder of legal title.

2. A city shall keep all public grounds, streets, sidewalks, alleys, bridges, culverts, overpasses, underpasses, grade crossing separations and approaches, public ways, squares, and commons open, in repair, and free from nuisance, with the following exceptions:

a. Public ways and grounds may be temporarily closed by resolution. Following notice as provided in section 362.3, public ways and grounds may be vacated by ordinance.

b. The abutting property owner is responsible for the removal of the natural accumulations of snow and ice from the sidewalks within a reasonable amount of time and may be liable for damages caused by the failure of the abutting property owner to use reasonable care in the removal of the snow or ice. If damages are to be awarded under this section against the abutting property owner, the claimant has the burden of proving the amount of the damages. To authorize recovery of more than a nominal amount, facts must exist and be shown by the evidence which afford a reasonable basis for measuring the amount of the claimant's actual damages, and the amount of actual damages shall not be determined by specula-

tion, conjecture, or surmise. All legal or equitable defenses are available to the abutting property owner in an action brought pursuant to this paragraph. The city's general duty under this subsection does not include a duty to remove natural accumulations of snow or ice from the sidewalks. However, when the city is the abutting property owner it has the specific duty of the abutting property owner set forth in this paragraph.

c. The abutting property owner may be required by ordinance to maintain all property outside the lot and property lines and inside the curb lines upon the public streets, except that the property owner shall not be required to remove diseased trees or dead wood on the publicly owned property or right of way.

d. A city may serve notice on the abutting property owner, by certified mail to the property owner as shown by the records of the county auditor, requiring the abutting property owner to repair, replace, or reconstruct sidewalks.

e. If the abutting property owner does not perform an action required under this subsection within a reasonable time, a city may perform the required action and assess the costs against the abutting property for collection in the same manner as a property tax. This power does not relieve the abutting property owner of liability imposed under paragraph "b".

f. A city has no duty under this subsection with respect to property that is required by law to be maintained by a railway company.

3. A city may:

a. Require the abatement of a nuisance, public or private, in any reasonable manner.

b. Require the removal of diseased trees or dead wood, except as stated in subsection 2, paragraph "c" of this section.

c. Require the removal, repair, or dismantling of a dangerous building or structure.

d. Require the numbering of buildings.

e. Require connection to public drainage systems from abutting property when necessary for public health or safety.

f. Require connection to public sewer systems from abutting property, and require installation of sanitary toilet facilities and removal of other toilet facilities on such property.

g. Require the cutting or destruction of weeds or other growth which constitutes a health, safety, or fire hazard.

h. If the property owner does not perform an action required under this subsection within a reasonable time after notice, a city may perform the required action and assess the costs against the property for collection in the same manner as a

property tax. Notice may be in the form of an ordinance or by certified mail to the property owner as shown by the records of the county auditor, and shall state the time within which action is required. However, in an emergency a city may perform any action which may be required under this section without prior notice, and assess the costs as provided in this subsection, after notice to the property owner and hearing.

4. In addition to any other remedy provided by law, a city may also seek reimbursement for costs incurred in performing any act authorized by this section by a civil action for damages against a property owner. However, a city shall not seek reimbursement for costs incurred in performing an act if the same act has not been performed by the city on adjoining city-owned property. For the purposes of this subsection, a county acquiring property for delinquent taxes shall not be considered a property owner.

5. A city may cause, without prior determination and notice, the repair or replacement of public improvements including, but not limited to, sidewalks, water stop boxes, and driveway approaches if the property owner does all of the following:

a. Requests the repair and replacement of the public improvements specified in this subsection abutting the property owner's property located outside the lot and property lines and inside the curb lines.

b. Waives the requirement of a prior finding by the city council that the condition of the public improvements constitutes a nuisance and the requirement of prior notice.

c. Consents to the repair of the public improvements and the assessment of the cost of the repair to the abutting property.

6. If, in repairing and replacing improvements in the area between the lot or property lines and the curb lines pursuant to subsection 5, it becomes necessary for the city to repair or replace adjacent improvements in the area, the cost of repairing or replacing the adjacent public improvements may be assessed, with consent of the property owner, against the property which the public improvements abut.

7. A city may accumulate individual assessments for the repair and replacement of sidewalks, driveway approaches, water stop boxes, or similar improvements or for the abatement of nuisances, and may periodically certify the assessments to the county treasurer under one or more assessment schedules.

384.65 Installments due.

1. The first installment of each assessment, or the total amount if less than fifty dollars, is due and payable on July 1 next succeeding the date of the levy, unless the assessment is filed with the county treasurer after May 31 in any year. The first installment shall bear interest on the whole unpaid assessment from the date of acceptance of the work by the council to the first day of December following the due date.

2. The succeeding annual installments, with interest on the whole unpaid amount, to the first day of December following the due date, are respectively due on July 1 annually, and must be paid at the same time and in the same manner as the September semiannual payment of ordinary taxes.

3. All future installments of an assessment may be paid on any date by payment of the then outstanding balance, plus interest to the next December 1, or additional annual installments may be paid after the current installment has been paid before December 1 without interest. A payment must be for the full amount of the next installment. If installments re-

main to be paid, the next annual installment with interest added to December 1 will be due as provided in subsection 2.

4. Each installment of an assessment with interest on the unpaid balance is delinquent from October 1 after its due date, unless the last day of September is a Saturday or Sunday, in which case the installment becomes delinquent from the following Tuesday, and bears the same delinquent interest as ordinary taxes. When collected, the interest must be credited to the same fund as the special assessment.

5. From the date of filing of a certified copy of the resolution of necessity, the plat, and the schedule of assessments as provided in section 384.51, all special assessments with all interest become and remain a lien on the benefited properties until paid, and have equal precedence with ordinary taxes, and are not divested by any judicial sale.

6. After December 1, if a special assessment is not delinquent, a property owner may pay one-half or all of the next annual installment of principal and interest of a special assessment prior to the delinquency date of the installment. When the next installment has been paid in full, successive principal installments may be prepaid. The county treasurer shall accept the payments of the special assessment, and shall credit the next annual installment or future installments of the special assessment to the extent of the payment or payments, and shall remit the payments to the city. If a property owner elects to pay one or more principal installments in advance, the pay schedule shall be advanced by the number of principal installments prepaid.

7. Each installment of an assessment shall be equal to the amount of the unpaid assessment as computed on the thirty-first day after the certification of the assessment divided by the number of annual installments into which the assessment may be divided as adopted by the council pursuant to section 384.60.

8. Each installment of a special assessment shall be calculated to the nearest whole dollar. Interest on unpaid installments and interest added for delinquencies shall also be calculated to the nearest whole dollar. The minimum interest amount is one dollar.

384.84 Rates and charges — billing and collection — contracts.

1. The governing body of a city utility, combined utility system, city enterprise, or combined city enterprise may establish, impose, adjust, and provide for the collection of rates and charges to produce gross revenues at least sufficient to pay the expenses of operation and maintenance of the city utility, combined utility system, city enterprise, or combined city enterprise. When revenue bonds or pledge orders are issued and outstanding pursuant to this division, the governing body shall establish, impose, adjust, and provide for the collection of rates to produce gross revenues at least sufficient to pay the expenses of

operation and maintenance of the city utility, combined utility system, city enterprise, or combined city enterprise, and to leave a balance of net revenues sufficient to pay the principal of and interest on the revenue bonds and pledge orders as they become due and to maintain a reasonable reserve for the payment of principal and interest, and a sufficient portion of net revenues must be pledged for that purpose. Rates must be established by ordinance of the council or by resolution of the trustees, published in the same manner as an ordinance.

2. a. A city utility or enterprise service to a property or premises, including services of sewer systems, storm water drainage systems, sewage treatment, solid waste collection, water, solid waste disposal, or any of these services, may be discontinued if the account for the service becomes delinquent. Gas or electric service provided by a city utility or enterprise shall be discontinued only as provided by section 476.20, and discontinuance of those services are subject to rules adopted by the utilities board of the department of commerce.

b. If more than one city utility or enterprise service is billed to a property or premises as a combined service account, all of the services may be discontinued if the account becomes delinquent.

c. A city utility or enterprise service to a property or premises shall not be discontinued unless prior written notice is sent to the account holder by ordinary mail, informing the account holder of the nature of the delinquency and affording the account holder the opportunity for a hearing prior to discontinuance of service. If the account holder is a tenant, and if the owner or landlord of the property has made a written request for notice, the notice shall also be given to the owner or landlord.

3. a. All rates or charges for the services of sewer systems, storm water drainage systems, sewage treatment, solid waste collection, water, solid waste disposal, or any of these services, if not paid as provided by ordinance of the council or resolution of the trustees, are a lien upon the property or premises served by any of these services upon certification to the county treasurer that the rates or charges are due.

b. This lien may be imposed upon a property or premises even if a city utility or enterprise service to the property or premises has been or may be discontinued as provided in this section.

c. A lien for a city utility or enterprise service shall not be certified to the county treasurer for collection unless prior written notice of intent to certify a lien is given to the account holder of the delinquent account. If the account holder is a tenant, and if the owner or landlord of the property has made a written request for notice, the notice shall also be given to the owner or landlord. The notice shall be sent to the appropriate persons by ordinary mail not less than ten days prior to certification of the lien to the county treasurer.

d. For a residential rental property where a charge for water service is separately metered and

paid directly by the tenant, the rental property is exempt from a lien for those delinquent charges incurred after the landlord gives written notice to the city utility or enterprise that the tenant is liable for the charges and a deposit not exceeding the usual cost of ninety days of water service is paid to the utility or enterprise. Upon receipt, the utility or enterprise shall acknowledge the notice and deposit. A written notice shall contain the name of the tenant responsible for charges, address of the property that the tenant is to occupy, and the date that the occupancy begins. A change in tenant shall require a new written notice and deposit. When the tenant moves from the rental property, the city utility or enterprise shall return the deposit if the water service charges are paid in full and the lien exemption shall be lifted from the rental property. The lien exemption for rental property does not apply to charges for repairs to a water service if the repair charges become delinquent.

4. A lien shall not be imposed pursuant to this section for a delinquent charge of less than five dollars. The governing body of the city utility or enterprise may charge up to five dollars, and the county treasurer may charge up to five dollars, as an administrative expense of certifying and filing this lien, which amounts shall be added to the amount of the lien to be collected at the time of payment of the assessment from the payor. Administrative expenses collected by the county treasurer on behalf of the city utility or enterprise shall be paid to the governing body of the city utility or enterprise, and those collected by the county treasurer on behalf of the county shall be credited to the county general fund. The lien has equal precedence with ordinary taxes, may be certified to the county treasurer and collected in the same manner as taxes, and is not divested by a judicial sale.

5. A governing body may declare all or a certain portion of a city as a storm water drainage system district for the purpose of establishing, imposing, adjusting, and providing for the collection of rates as provided in this section. The ordinance provisions for collection of rates of a storm water drainage system may prescribe a formula for determination of the rates which may include criteria and standards by which benefits have been previously determined for special assessments for storm water public improvement projects under this chapter.

6. a. The governing body of a city utility, combined utility system, city enterprise, or combined city enterprise may:

(1) By ordinance of the council or by resolution of the trustees published in the same manner as an ordinance, establish, impose, adjust, and provide for the collection of charges for connection to a city utility or combined utility system.

(2) Contract for the use of or services provided by a city utility, combined utility system, city enterprise, or combined city enterprise with persons whose type or quantity of use or service is unusual.

(3) Lease for a period not to exceed fifteen years all or part of a city enterprise or combined city

enterprise, if the lease will not reduce the net revenues to be produced by the city enterprise or combined city enterprise.

(4) Contract for a period not to exceed forty years with other governmental bodies for the use of or the services provided by the city utility, combined utility system, city enterprise, or combined city enterprise on a wholesale basis.

(5) Contract for a period not to exceed forty years with persons and other governmental bodies for the purchase or sale of water, gas, or electric power and energy on a wholesale basis.

b. Two or more city utilities, combined utility systems, city enterprises, or combined city enterprises, including city utilities established pursuant to chapter 388, may contract pursuant to chapter 28E for joint billing or collection, or both, of combined service accounts for utility or enterprise services, or both. The contracts may provide for the discontinuance of one or more of the city utility or enterprise services if a delinquency occurs in the payment of any charges billed under a combined service account.

7. The portion of cost attributable to the agreement or arbitration awarded under section 357A.21 may be apportioned in whole or in part among water customers within an annexed area.

In cities having a population of more than one hundred thousand, the city council may establish, by ordinance, the number of commissioners at not less than five. The term of office of each such commissioner shall be one year.

MUNICIPAL HOUSING PROJECTS

403A.5 Exercise of municipal housing powers — municipal housing agency.

Any municipality may create, in such municipality, a public body corporate and politic to be known as the "Municipal Housing Agency" of such municipality except that such agency shall not transact any business or exercise its powers hereunder until or unless the local governing body has elected to exercise its municipal housing powers through such an agency as prescribed in this section.

If the municipal housing agency is authorized to transact business and exercise powers hereunder, the mayor, by and with the advice and consent of the local governing body, shall appoint a board of commissioners of the municipal housing agency which board shall consist of five commissioners. The term of office for three of the commissioners originally appointed shall be two years and the term of office for two of the commissioners originally appointed shall be one year. Thereafter the term of office for each commissioner shall be two years. In cities having a population of more than one hundred thousand, the city council may establish, by ordinance, the number of commissioners at not less than five.

A commissioner shall receive no compensation for services, but shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of a duty. Each commissioner shall hold office until a successor has been appointed and has qualified. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk of the municipality, and the certificate shall be conclusive evidence of the due and proper appointment of the commissioner.

The powers of a municipal housing agency shall be exercised by the commissioners. A majority of the commissioners shall constitute a quorum for the purpose of conducting business and exercising the powers of the agency, and for all other purposes. Action may be taken by the agency upon a vote of a majority

of the commissioners present, unless in any case the bylaws shall require a larger number. Any persons may be appointed as commissioners if they reside within the area of operation of the agency, which area shall be coterminous with the area of operation of the municipality, and if they are otherwise eligible for appointments under this chapter.

The mayor shall designate a chairperson and vice chairperson from among the commissioners. An agency may employ an executive director, technical experts and such other agents and employees, permanent and temporary, as it may require, and the agency may determine their qualifications, duties and compensation. For such legal service as it may require, an agency may employ or retain its own counsel and legal staff. An agency authorized to transact business and exercise powers under this chapter shall file, with the local governing body, on or before September 30 of each year, a report of its activities for the preceding fiscal year, which report shall include a complete financial statement setting forth its assets, liabilities, income and operating expense as of the end of such fiscal year. At the time of filing the report, the agency shall publish in a newspaper of general circulation in the community a notice to the effect that such report has been filed with the municipality, and that the report is available for inspection during business hours in the office of the city clerk and in the office of the agency.

For inefficiency, or neglect of duty, or misconduct in office, a commissioner may be removed by a majority vote of the governing body of the municipality only after a hearing before the body, and after the commissioner shall have been given a copy of the charges at least ten days prior to such hearing, and after the commissioner shall have had an opportunity to be heard in person or by counsel.

A municipality may itself exercise the powers in connection with municipal housing as defined in this chapter, or may, if the local governing body by reso-

lution determines such action to be in the public interest, elect to have such powers exercised by the municipal housing agency, if one exists or is subsequently established in the community. In the event the local governing body makes such determination, the municipal housing agency shall be vested with all of the municipal housing project powers in the same manner as though all such powers were conferred on such agency instead of the municipality. If the local governing body does not elect to make such determination, the municipality in its discretion may exercise its municipal housing project powers through a board or commissioner, or through such officers of the

municipality as the local governing body may by resolution determine.

A municipality or a "Municipal Housing Agency" may not proceed with a housing project until a study or a report and recommendation on housing available within the community is made public by the municipality or agency and is included in its recommendations for a housing project. Recommendations must receive majority approval from the local governing body before proceeding on the housing project.

The members of the state board shall qualify by taking the regular oath of office as prescribed by law for state officers. A vacancy on the board shall be filled by appointment by the governor in the same manner as the original appointment.

The members of the state board shall be allowed their necessary travel and expenses while engaged in their official duties. Each member of the board may also be eligible to receive compensation as provided in section 7E.6. They shall organize the board and select one of their members as chairperson.

The place of office of the state board shall be in the office of the tax department in the capitol of the state.

The state board shall hold at least six regular meetings each year, the first of which shall be on the second secular day of July. Special meetings of the state board may be called by the chairperson on five days' notice given to each member. All meetings shall be held at the office of the tax department unless a different place within the state is designated by the state board or in the notice of the meeting.

It shall be the responsibility of the state board to exercise the following general powers and duties:

1. Determine and adopt such policies as are au-

thorized by law and are necessary for the more efficient operation of any phase of tax review.

2. Perform such duties prescribed by law as it may find necessary for the improvement of the state system of taxation in carrying out the purposes and objectives of the tax laws.

3. Employ, pursuant to the Iowa merit system, adequate clerical help to keep such records as are necessary to set forth clearly all actions and proceedings of the state board.

4. Advise and counsel with the director of revenue and finance concerning the tax laws and the rules adopted pursuant to the law; and, upon its own motion or upon appeal by any affected taxpayer, review the record evidence and the decisions of, and any orders or directive issued by, the director of revenue and finance for the identification of taxable property, classification of property as real or personal, or for assessment and collection of taxes by the department or an order to reassess or to raise assessments to any local assessor, and shall affirm, modify, reverse, or remand them within sixty days from the date the case is submitted to the board for decision. For an appeal to the board to be valid, written notice must be given to the department within thirty days of the rendering of the decision, order, or directive from which the appeal is taken. The director shall certify to the board the record, documents, reports, audits, and all other information pertinent to the decision, order, or directive from which the appeal is taken.

The affected taxpayer and the department shall be given at least fifteen days' written notice by the board of the date the appeal shall be heard and both parties may be present at such hearing if they desire. The board shall adopt and promulgate, pursuant to chapter 17A, rules for the conduct of appeals by the board. The record and all documents, reports, audits and all other information certified to the board by the director, and hearings held by the board pursuant to the appeal and the decision of the board thereon shall be open to the public notwithstanding the provisions of

sections 422.72, subsection 1, and 422.20; except that the board upon the application of the affected taxpayer may order the record and all documents, reports, audits, and all other information certified to it by the director, or so much thereof as it deems necessary, held confidential, if the public disclosure of same would reveal trade secrets or any other confidential information that would give the affected taxpayer's competitor a competitive advantage. Any deliberation of the board in reaching a decision on any appeal shall be confidential.

5. Adopt a long-range program for the state system of tax reform based upon special studies, surveys, research, and recommendations submitted by or proposed under the direction of the director of revenue and finance.

The state board shall constitute a continuing research commission as to tax matters in the state and cause to be prepared and submitted to each regular session of the general assembly a report containing such recommendations as to revisions, amendments, and new provisions of the law as the state board has decided should be submitted to the legislature for its consideration.

6. All of the provisions of section 422.70 shall also be applicable to the state board of tax review.

421.17 Powers and duties of director.

In addition to the powers and duties transferred to the director of revenue and finance, the director shall have and assume the following powers and duties:

1. To have and exercise general supervision over the administration of the assessment and tax laws of the state, over boards of supervisors and all other officers or boards in the performance of their official duties in all matters relating to assessments and taxation, to the end that all assessments of property and taxes levied on the property be made relatively just and uniform in substantial compliance with the law.

2. To supervise the activity of all assessors and boards of review in the state of Iowa; to co-operate with them in bringing about a uniform and legal assessment of property as prescribed by law.

The director may order the reassessment of all or part of the property in any assessing jurisdiction in any year. Such reassessment shall be made by the

local assessor according to law under the direction of the director and the cost of making the assessment shall be paid in the same manner as the cost of making an original assessment.

The director shall determine the degree of uniformity of valuation as between the various assessing jurisdictions of the state and shall have the authority to employ competent personnel for the purpose of performing this duty.

For the purpose of bringing about uniformity and equalization of assessments throughout the state of Iowa, the director shall prescribe rules relating to the standards of value to be used by assessing authorities in the determination, assessment and equalization of actual value for assessment purposes of all property subject to taxation in the state, and such rules shall be adhered to and followed by all assessing authorities.

3. To prescribe and promulgate all forms of books and forms to be used in the listing and assessment of property, and on or before November 1 of each year shall furnish to the county auditor of each county such prescribed forms of assessment rolls and other forms to properly list and assess all property subject to taxation in each county. The department of revenue and finance shall also from time to time prepare and furnish in like manner forms for any and all other blanks, memoranda or instructions which the director deems necessary or expedient for the use or guidance of any of the officers over which the director is authorized by law to exercise supervision.

4. To confer with, advise, and direct boards of supervisors, boards of review, and others obligated by law to make levies and assessments, as to their duties under the laws.

5. To direct proceedings, actions, and prosecutions to be instituted for the enforcement of the laws relating to the penalties, liabilities, and punishment of public officers, and officers or agents of corporations, and other persons or corporations, for failure or neglect to comply with the provisions of the statutes governing the return, assessment and taxation of property; to make or cause to be made complaints against members of boards of review, boards of supervisors or other assessing, reviewing, or taxing officers for official misconduct or neglect of duty. Employees of the department of revenue and finance shall not during their regular hours of employment engage in the preparation of tax returns, except in connection with a regular audit of a tax return or in connection with assistance requested by the taxpayer.

6. To require city, township, school districts, county, state, or other public officers to report information as to the assessment of property and collection of taxes and such other information as may be needful or desirable in the work of the department in such form and upon such blanks as the director may prescribe.

The director shall require all city and county assessors to prepare a quarterly report in the manner and form to be prescribed by the director showing for each warranty deed or contract of sale of real estate,

divided between rural and urban, during the last completed quarter the amount of real property transfer tax, the sale price or consideration, and the equalized value at which that property was assessed that year. This report with further information required by the director shall be submitted to the department within sixty days after the end of each quarter. The department shall prepare annual summaries of the records of the ratio of assessments to actual sales prices for all counties, and for cities having city assessors, and the information for the preceding year shall be available for public inspection by May 1.

7. To hold public hearings either at the seat of government or elsewhere in the state, and tax the costs thereof; to summon and compel witnesses to appear and give testimony, to administer oaths to said witnesses, and to compel said witnesses to produce for examination records, books, papers, and documents relating to any matter which the director shall have the authority to investigate or determine. Provided, however, that no bank or trust company or its officers or employees shall be required to divulge knowledge concerning the property of any person when such knowledge was obtained through information imparted as a part of a business transaction with or for such person and in the usual and ordinary course of business of said bank or trust company, and was necessary and proper to the discharge of the duty of said bank or trust company in relation to such business transaction. This proviso shall be additional to other provisions of the law relating to confidential and privileged communications.

8. To cause the depositions of witnesses residing within or without the state, or absent therefrom, to be taken either on written or oral interrogatories, and the clerk of the district court of any county shall upon the order of the director issue a commission for the taking of such depositions. The proceedings therefor shall be the same as the proceedings for the taking of depositions in the district court so far as applicable.

9. To investigate the work and methods of boards of review, boards of supervisors, or other public officers, in the assessment, equalization, and taxation of all kinds of property, and for that purpose the director or employees of the department may visit the counties or localities when deemed necessary so to do.

10. To require any board of review at any time after its adjournment to reconvene and to make such orders as the director shall determine are just and necessary; to direct and order any board of review to raise or lower the valuation of the property, real or personal, in any township, city, or taxing district, to order and direct any board of review to raise or lower the valuation of any class or classes of property in any township, city, or taxing district, and generally to make any order or direction to any board of review as to the valuation of any property, or any class of property, in any township, city, county, or taxing district, which in the judgment of the director may seem just and necessary, to the end that all property shall be valued and assessed in the manner and according to the real intent of the law. For the purpose of this

paragraph the words "*taxing district*" include drainage districts and levee districts.

The director may correct obvious errors or obvious injustices in the assessment of any individual property, but the director shall not reduce the valuation of any individual property except upon the recommendation of the local board of review and an order of the director affecting any valuation shall not be retroactive as to any reduction or increase in taxes payable prior to January 1 of the year in which that order is issued, or prior to September 1 of the preceding year in cities under special charter which collect their own municipal levies. The director shall not correct errors or injustices under the authority of this paragraph if that correction would involve the exercise of judgment. Judicial review of the actions of the director may be sought in accordance with the terms of the Iowa administrative procedure Act.

The director may order made effective reassessments or revaluations in any taxing district for any taxing year or years and the director may in any year order uniform increases or decreases in valuation of all property or upon any class of property within any taxing district or any area within such taxing district, such orders to be effective in the year specified by the director. For the purpose of this paragraph the words "*taxing district*" include drainage districts and levee districts.

11. To carefully examine into all cases where evasion or violation of the law for assessment and taxation of property is alleged, complained of, or discovered, and to ascertain wherein existing laws are defective or are improperly or negligently administered, and cause to be instituted such proceedings as will remedy improper or negligent administration of the laws relating to the assessment or taxation of property.

12. To make a summary of the tax situation in the state, setting out the amount of moneys raised by both direct and indirect taxation; and also to formulate and recommend legislation for the better administration of the fiscal laws so as to secure just and equal taxation. To recommend such additions to and changes in the present system of taxation that in the director's judgment are for the best interest of the state and will eliminate the necessity of any levy for state purposes.

13. To transmit biennially to the governor and to each member and member-elect of the legislature, thirty days before the meeting of the legislature, the report of the director, covering the subject of assessment and taxation, the result of the investigation of the director, recommendations for improvement in the system of taxation in the state, together with such measures as may be formulated for the consideration of the legislature.

14. To publish in pamphlet form the revenue laws of the state and distribute them to the county auditors, assessors, and boards of review.

15. Reserved.

16. To call upon any state department or institution for technical advice and data which may be of

value in connection with the work of assessment and taxation.

17. Reserved.

18. To prepare and issue a state appraisal manual which each county and city assessor shall use in assessing and valuing all classes of property in the state. The appraisal manual shall be continuously revised and the manual and revisions shall be issued to the county and city assessors in such form and manner as prescribed by the director.

19. To issue rules as are necessary, subject to the provisions of chapter 17A, to provide for the uniform application of the exemptions provided in section 427.1 in all assessor jurisdictions in the state.

20. To subpoena from property owners and taxpayers any and all records and documents necessary to assist the department in the determination of the fair market value of industrial real estate. The burden of showing reasonable cause to believe that the documents or records sought by the subpoena are necessary to assist the department under this subsection shall be upon the director.

The provisions of sections 17A.10 to 17A.18 relating to contested cases shall not apply to any matters involving the equalization of valuations of classes of property as authorized by this chapter and chapter 441. This exemption shall not apply to a hearing before the state board of tax review.

21. To establish and maintain a procedure to set off against a debtor's income tax refund or rebate any debt, which is assigned to the department of human services, which the child support recovery unit is attempting to collect on behalf of an individual not eligible as a public assistance recipient, or which the foster care recovery unit of the department of human services is attempting to collect on behalf of a child receiving foster care provided by the department of human services.

a. This includes any of the following:

(1) Any debt which has accrued through written contract, subrogation, or court judgment and which is in the form of a liquidated sum due and owing for the care, support or maintenance of a child.

(2) Any debt which has accrued through a court judgment which is due and owing as a support obligation for the debtor's spouse or former spouse when enforced in conjunction with a child support obligation.

(3) Any debt which is owed to the state for public assistance overpayments to recipients or to providers of services to recipients which the investigations division of the department of inspections and appeals is attempting to collect on behalf of the state. For purposes of this subsection, "public assistance" means assistance under the family investment program, medical assistance, food stamps, foster care, and state supplementary assistance.

b. The procedure shall meet the following conditions:

(1) Before setoff all outstanding tax liabilities collectible by the department of revenue and finance shall be satisfied except that no portion of a refund

or rebate shall be credited against tax liabilities which are not yet due.

(2) Before setoff the child support recovery unit established pursuant to section 252B.2, the foster care recovery unit and the investigations division of the department of inspections and appeals shall obtain and forward to the department of revenue and finance the full name and social security number of the debtor. The department of revenue and finance shall co-operate in the exchange of relevant information with the child support recovery unit as provided in section 252B.9, with the foster care recovery unit, and with the investigations division of the department of inspections and appeals. However, only relevant information required by the child support unit, by the foster care recovery unit, or by the investigations division of the department of inspections and appeals shall be provided by the department of revenue and finance. The information shall be held in confidence and shall be used for purposes of setoff only.

(3) The child support recovery unit, the foster care recovery unit, and the investigations division of the department of inspections and appeals shall, at least annually, submit to the department of revenue and finance for setoff the debts described in this subsection, which are at least fifty dollars, on a date to be specified by the department of human services and the department of inspections and appeals by rule.

(4) Upon submission of a claim the department of revenue and finance shall notify the child support recovery unit, the foster care recovery unit, or the investigations division of the department of inspections and appeals as to whether the debtor is entitled to a refund or rebate and if so entitled shall notify the unit or division of the amount of the refund or rebate and of the debtor's address on the income tax return.

(5) Upon notice of entitlement to a refund or rebate the child support recovery unit, the foster care recovery unit, or the investigations division of the department of inspections and appeals shall send written notification to the debtor, and a copy of the notice to the department of revenue and finance, of the unit's or division's assertion of its rights, or the rights of the department of human services, or the rights of an individual not eligible as a public assistance recipient to all or a portion of the debtor's refund or rebate and the entitlement to recover the debt through the setoff procedure, the basis of the assertion, the opportunity to request that a joint income tax refund or rebate be divided between spouses, the debtor's opportunity to give written notice of intent to contest the claim, and the fact that failure to contest the claim by written application for a hearing will result in a waiver of the opportunity to contest the claim, causing final setoff by default. Upon application filed with the department of human services within fifteen days from the mailing of the notice of entitlement to a refund or rebate, the department of human services shall grant a hearing pursuant to chapters 10A and 17A. An appeal taken

from the decision of an administrative law judge and subsequent appeals shall be taken pursuant to chapter 17A.

(6) Upon the request of a debtor or a debtor's spouse to the child support recovery unit, the foster care recovery unit, or the investigations division of the department of inspections and appeals, filed within fifteen days from the mailing of the notice of entitlement to a refund or rebate, and upon receipt of the full name and social security number of the debtor's spouse, the unit or division shall notify the department of revenue and finance of the request to divide a joint income tax refund or rebate. The department of revenue and finance shall upon receipt of the notice divide a joint income tax refund or rebate between the debtor and the debtor's spouse in proportion to each spouse's net income as determined under section 422.7.

(7) The department of revenue and finance shall, after notice has been sent to the debtor by the child support recovery unit, the foster care recovery unit, or the investigations division of the department of inspections and appeals, set off the debt against the debtor's income tax refund or rebate. However, if a debtor has made all current child support or foster care payments in accordance with a court order or an assessment of foster care liability for the twelve months preceding the proposed setoff and has regularly made delinquent child support or foster care payments during those twelve months, the child support or foster care recovery unit shall notify the department of revenue and finance not to set off the debt against the debtor's income tax refund or rebate. If a debtor has made all current repayment of public assistance in accordance with a court order or voluntary repayment agreement for the twelve months preceding the proposed setoff and has regularly made delinquent payments during those twelve months, the investigations division of the department of inspections and appeals shall notify the department of revenue and finance not to set off the debt against the debtor's income tax refund or rebate. The department of revenue and finance shall refund any balance of the income tax refund or rebate to the debtor. The department of revenue and finance shall periodically transfer the amount set off to the child support recovery unit, the foster care recovery unit, or the investigations division of the department of inspections and appeals. If the debtor gives timely written notice of intent to contest the claim the department of revenue and finance shall hold the refund or rebate until final disposition of the contested claim pursuant to chapter 17A or by court judgment. The child support recovery unit, the foster care recovery unit, or the investigations division of the department of inspections and appeals shall notify the debtor in writing upon completion of setoff.

21A. To cooperate with the child support recovery unit created in chapter 252B to establish and maintain a process to implement the provisions of section 252B.5, subsection 8. The department of revenue and finance shall forward to individuals meeting the cri-

teria under section 252B.5, subsection 8, paragraph "a", a notice by first-class mail that the individual is obligated to file a state estimated tax form and to remit a separate child support payment.

a. Individuals notified shall submit a state estimated tax form on a quarterly basis.

b. The individual shall pay monthly, the lesser of the total delinquency or one hundred fifty percent of the current or most recent monthly obligation.

c. The individual shall remit the payment to the department of revenue and finance separate from any tax liability payments, identify the payment as a support payment, and make the payment payable to the collection services center. The department shall forward all payments received pursuant to this section to the collection services center established pursuant to chapter 252B, for processing and disbursement. The department of revenue and finance may establish a process for the child support recovery unit or collection services center to directly receive the payments. For purposes of crediting the support payments pursuant to sections 252B.14 and 598.22, payments received by the department of revenue and finance and forwarded to the collection services center shall be credited as if received directly by the collection services center.

d. The notice shall provide that, as an alternative to the provisions of paragraph "b", the individual may contact the child support recovery unit to formalize a repayment plan and obtain an exemption from the quarterly filing requirement when payments are made pursuant to the repayment plan or to contest the balance due listed in the notice.

e. The department of revenue and finance, in cooperation with the child support recovery unit, may adopt rules, if necessary, to implement this subsection.

21B. To provide information contained in state individual tax returns to the child support recovery unit for the purposes of establishment or enforcement of support obligations. The department of revenue and finance and child support recovery unit may exchange information in a manual or automated fashion. The department of revenue and finance, in cooperation with the child support recovery unit, may adopt rules, if necessary, to implement this subsection.

22. To employ collection agencies, within or without the state, to collect delinquent taxes, including penalties and interest, administered by the department or delinquent accounts, charges, loans, fees or other indebtedness due the state or any state agency, that have formal agreements with the department for central debt collection where the director finds that departmental personnel are unable to collect the delinquent accounts, charges, loans, fees, or other indebtedness because of a debtor's location outside the state or for any other reason. Fees for services, reimbursement, or other remuneration, including attorney fees, paid to collection agencies shall be based upon the amount of tax, penalty, and interest or debt actually collected and shall be paid only after

the amount of tax, penalty, and interest or debt is collected. All funds collected must be remitted in full to the department within thirty days from the date of collection from a debtor or in a lesser time as the director prescribes. The funds shall be applied toward the debtor's account and handled as are funds received by other means. An amount is appropriated from the amount of tax, penalty, and interest, delinquent accounts, charges, loans, fees, or other indebtedness actually collected by the collection agency sufficient to pay all fees for services, reimbursement, or other remuneration pursuant to a contract with a collection agency under this subsection. A collection agency entering into a contract with the department for the collection of delinquent taxes, penalties, and interests, delinquent accounts, charges, loans, fees, or other indebtedness pursuant to this subsection is subject to the requirements and penalties of the confidentiality laws of this state regarding tax or indebtedness information.

23. To establish and maintain a procedure to set off against a defaulter's income tax refund or rebate the amount that is due because of a default on a guaranteed student or parental loan under chapter 261. The procedure shall meet the following conditions:

a. Before setoff all outstanding tax liabilities collectible by the department of revenue and finance shall be satisfied except that a refund or rebate shall not be credited against tax liabilities which are not yet due.

b. Before setoff the college student aid commission shall obtain and forward to the department of revenue and finance the full name and social security number of the defaulter. The department of revenue and finance shall cooperate in the exchange of relevant information with the college student aid commission.

c. The college student aid commission shall, at least annually, submit to the department of revenue and finance for setoff the guaranteed student loan defaults, which are at least fifty dollars, on a date or dates to be specified by the college student aid commission by rule.

d. Upon submission of a claim, the department of revenue and finance shall notify the college student aid commission whether the defaulter is entitled to a refund or rebate of at least fifty dollars and if so entitled shall notify the commission of the amount of the refund or rebate and of the defaulter's address on the income tax return. Section 422.72, subsection 1, does not apply to this paragraph.

e. Upon notice of entitlement to a refund or rebate, the college student aid commission shall send written notification to the defaulter, and a copy of the notice to the department of revenue and finance, of the commission's assertion of its rights to all or a portion of the defaulter's refund or rebate and the entitlement to recover the amount of the default through the setoff procedure, the basis of the assertion, the defaulter's opportunity to request that a joint income tax refund or rebate be divided between

spouses, the defaulter's opportunity to give written notice of intent to contest the claim, and the fact that failure to contest the claim by written application for a hearing before a specified date will result in a waiver of the opportunity to contest the claim, causing final setoff by default. Upon application, the commission shall grant a hearing pursuant to chapter 17A. An appeal taken from the decision of an administrative law judge and any subsequent appeals shall be taken pursuant to chapter 17A.

f. Upon the timely request of a defaulter or a defaulter's spouse to the college student aid commission and upon receipt of the full name and social security number of the defaulter's spouse, the commission shall notify the department of revenue and finance of the request to divide a joint income tax refund or rebate. The department of revenue and finance shall upon receipt of the notice divide a joint income tax refund or rebate between the defaulter and the defaulter's spouse in proportion to each spouse's net income as determined under section 422.7.

g. The department of revenue and finance shall, after notice has been sent to the defaulter by the college student aid commission, set off the amount of the default against the defaulter's income tax refund or rebate if both the amount of the default and the refund or rebate are at least fifty dollars. The department shall refund any balance of the income tax refund or rebate to the defaulter. The department of revenue and finance shall periodically transfer the amount set off to the college student aid commission. If the defaulter gives written notice of intent to contest the claim, the commission shall hold the refund or rebate until final disposition of the contested claim pursuant to chapter 17A or by court judgment. The commission shall notify the defaulter in writing upon completion of setoff.

24. To enter into reciprocal agreements with the departments of revenue of other states that have enacted legislation, that is substantially equivalent to the setoff procedure in subsection 23. A reciprocal agreement shall also be approved by the college student aid commission. The agreement shall authorize the department to provide by rule for the setoff of state income tax refunds or rebates of defaulters from states with which Iowa has a reciprocal agreement and to provide for sending lists of names of Iowa defaulters to the states with which Iowa has a reciprocal agreement for setoff of that state's income tax refunds.

25. To establish and maintain a procedure to set off against a debtor's income tax refund or rebate any debt which is in the form of a liquidated sum due, owing, and payable to the clerk of the district court. The procedure shall meet the following conditions:

a. Before setoff all outstanding tax liabilities collectible by the department shall be satisfied except that no portion of a refund or rebate shall be credited against tax liabilities which are not yet due.

b. Before setoff the clerk of the district court shall obtain and forward to the department the full name

and social security number of the debtor. The department shall cooperate in the exchange of relevant information with the clerk of the district court. However, only relevant information required by the clerk of the district court shall be provided by the department. The information shall be held in confidence and shall be used for purposes of setoff only.

c. The clerk of the district court, on the first day of February and August of each calendar year, shall submit to the department for setoff the debts described in this subsection, which are at least fifty dollars.

d. Upon submission of a claim the department shall send written notification to the debtor or the clerk of the district court's assertion of rights to all or a portion of the debtor's refund or rebate and the entitlement to recover the debt through the setoff procedure, the basis of the assertion, the opportunity to request that a joint income tax refund or rebate be divided between spouses, and the debtor's opportunity to give written notice of intent to contest the amount of the claim.

e. Upon the request of a debtor or a debtor's spouse to the department, filed within fifteen days from the mailing of the notice of entitlement to a refund or rebate, and upon receipt of the full name and social security number of the debtor's spouse, the department shall divide a joint income tax refund or rebate between the debtor and the debtor's spouse in proportion to each spouse's net income as determined under section 422.7.

f. The department shall set off the debt, plus a fee established by rule to reflect the cost of processing, against the debtor's income tax refund or rebate. The department shall transfer ninety percent of the amount set off to the treasurer of state for deposit in the general fund of the state. The remaining ten percent shall be remitted to the judicial department and used to defray the costs of this procedure. It is also the intent of the general assembly that the centralized debt collection program be administered without the antici-

pation of future additional commitments of computer equipment and personnel.

i. NEW subsection 11

Subsection 11, NEW unnumbered paragraph 2

421.60 Tax procedures and practices.

1. *Short title.* This section shall be known and may be cited as the "Tax Procedures and Practices Act".

2. *Procedures and practices.*

a. The department shall prepare a statement which sets forth in simple and nontechnical terms all of the following:

(1) The rights of a taxpayer and the obligations of the department during an audit.

(2) The procedures by which a taxpayer may appeal an adverse decision of the department, including administrative and judicial appeals.

(3) The procedures which the department may use in enforcing the tax laws, including notices of assessment and jeopardy assessment and the filing and enforcement of liens.

The statement prepared in accordance with this paragraph shall be distributed by the department to all taxpayers at the first contact by the department with respect to the determination or collection of any tax, except in the case of simply providing tax forms.

b. The department shall furnish to the taxpayer, before or at the time of issuing a notice of assessment or denial of a refund claim, an explanation of the reasons for the assessment or refund denial. An inadequate explanation shall not invalidate the notice. For purposes of this section, an explanation by the department shall be sufficient where the amount of tax, interest, and penalty is stated together with an attachment setting forth the computation of the tax by the department.

c. If the notice of assessment or denial of a claim for refund relates to a tax return filed pursuant to section 422.14 or chapter 450, 450A, or 451, by the taxpayer which designates an individual as an authorized representative of the taxpayer with respect to that return, or if a power of attorney has been filed with the department by the taxpayer which designates an individual as an authorized representative of the taxpayer with respect to any tax that is included in the notice of assessment or denial of a claim for refund, a copy of the notice together with any additional information required to be sent to the taxpayer shall be sent to the authorized representative as well.

If the department fails to mail a notice of assessment to the last known address of a taxpayer or fails to personally deliver such notice to a taxpayer, interest for the month such mailing or personal delivery fails to occur through the month of the correct mailing or personal delivery is waived.

If the department fails to mail a notice of assessment or denial of a claim for refund to the taxpayer's last known address or fails to personally deliver such notice to a taxpayer and, if applicable, to the taxpayer's authorized representative, the time period to appeal the notice of assessment or a denial of a claim for refund is suspended until the notice or claim denial is correctly mailed or personally delivered, or in any event, for a period not to exceed one year, whichever is the lesser period.

Collection activities, except where a jeopardy situation exists, shall be suspended and the statute of limitations for assessment or collection of the tax shall be tolled during the period in which interest is waived.

d. A taxpayer is permitted to designate in writing the type of tax and tax periods to which any voluntary payment relates, provided that separate written instructions accompany the payment. This paragraph does not apply to jeopardy assessments and does not apply if the department has to enforce collection of the payment.

e. Unless otherwise provided by law, all Iowa taxes which are administered by the department and which result in a refund shall accrue interest at the rate in effect under section 421.7 from the first day of the second calendar month following the date of payment or the date the return was due to be filed or was filed, whichever is the latest.

f. A taxpayer may appeal a refund claim to the director if a claim for refund has been filed and not denied by the department within six months of the filing of the claim. The filing of an appeal by a taxpayer shall not affect the ability of the department to examine and inspect a taxpayer's records.

g. A taxpayer may request in writing that a contested case proceeding be commenced by the department after a period of six months from the filing of a proper appeal by the taxpayer. The department shall file an answer within thirty days of receipt of the request and a contested case proceeding shall be commenced. In the case of an appeal of an assessment, failure to answer within the thirty-day time period and after a request has been made shall result in the suspension of interest from the time that the department was required to answer until the date that the department files its answer. In the case of an appeal of a denial of a refund, failure to answer within the thirty-day time period, and after a request has been made, shall result in the accrual of interest payable to the taxpayer at double the rate in effect under section 421.7 from the time the department was required to answer until the date that the department files its answer.

h. A taxpayer who has failed to appeal a notice of assessment to the department within the time provided by law may contest the assessment by paying the tax, interest, and penalty, which in the case of divisible taxes might not be the entire liability and by filing a refund claim within the time period provided for filing such claim. The filing of a refund claim allows the time period for which the refund is claimed to be open to examination and to be open to offset, to zero, based upon any issue associated with the type of tax for which the refund is claimed and which has not up to that time been resolved between the taxpayer and the department, irrespective of whether the period of limitations to issue a notice of assessment has expired. The department may make this offset at any time until the department grants or denies the refund.

i. The director may, at any time, abate any unpaid portion of assessed tax, interest, or penalties which

the director determines is erroneous, illegal, or excessive. The director shall prepare quarterly reports summarizing each case in which abatement of tax, interest, or penalties was made. However, the report shall not disclose the identity of the taxpayer.

j. The director shall adopt rules for setting times and places for taxpayer interviews and to permit any taxpayer to record the interviews.

k. If the determination that a return is incorrect is the result of an audit of the books and records of the taxpayer, the tax or additional tax, if any, shall be assessed and the notice of assessment to the taxpayer shall be given by the department within one year after the completion of the examination of the books and records.

l. The department shall annually report to the general assembly all areas of recurrent taxpayer noncompliance with rules or guidelines issued by the department and shall make recommendations concerning the noncompliance in the report.

3. *Installment payments.* The department may permit the payment of a delinquent tax on a deferred basis where the equities indicate that a deferred payment agreement would be in the interest of the state and that without a deferred payment agreement the taxpayer would experience extreme financial hardship. A deferred payment agreement shall include applicable penalty and interest at the rate in effect under section 421.7 on the unpaid balance of the liability.

4. *Costs.*

a. A prevailing taxpayer in an administrative hearing or a court proceeding related to the determination, collection, or refund of a tax, penalty, or interest may be awarded reasonable litigation costs by the department, state board of tax review, or a court, incurred subsequent to the issuance of the notice of assessment or denial of claim for refund in the proceeding, based upon the following:

- (1) The reasonable expenses of expert witnesses.
- (2) The reasonable costs of studies, reports, and tests.
- (3) The reasonable fees of independent attorneys or independent accountants retained by the taxpayer.

(4) An award for reasonable litigation costs shall not exceed twenty-five thousand dollars per case.

b. An award under paragraph "a" shall not be made with respect to a portion of the proceedings during which the prevailing taxpayer has unreasonably protracted the proceedings.

c. For purposes of this section, "*prevailing taxpayer*" means a taxpayer who establishes that the position of the state was not substantially justified and who has substantially prevailed with respect to the amount in controversy or has substantially prevailed with respect to the most significant issue or set of issues presented. The determination of whether a taxpayer is a prevailing taxpayer is to be determined in accordance with chapter 17A.

d. An award for reasonable litigation costs shall be paid to the taxpayer from the general fund of the

state. For purposes of this subsection, there is appropriated from the general fund of the state an amount sufficient to pay each taxpayer entitled to an award under this subsection.

e. This subsection does not apply to the tax imposed by chapter 453B if the department relied upon information provided or action conducted by federal, state, or local officials or law enforcement agencies.

5. *Damages.* Notwithstanding section 669.14, subsection 2, if the director or an employee of the department recklessly or intentionally disregards any tax law or rule in the collection of any tax, or if the director or an employee of the department knowingly or negligently fails to release a lien against or bond on a taxpayer's property, the taxpayer may file a claim in accordance with the Iowa tort claims Act, chapter 669, for damages against the state. However, the damages shall be limited to the actual direct economic damages suffered by the taxpayer as a proximate result of the actions of the director or employee, plus costs, reduced by the amount of such damages and costs as could reasonably have been mitigated by the taxpayer. The Iowa tort claims Act shall be the exclusive remedy for recovering damages resulting from such actions. This subsection does not apply to the tax imposed by chapter 453B.

6. *Burden of proof.* The burden of proof with respect to assessments or denial of refunds in contested case proceedings shall be allocated as follows:

a. With respect to the issue of fraud with intent to evade tax, the burden of proof is upon the department. The burden of proof must be carried by clear and convincing evidence.

b. In a case where the assessment was not made within six years after the return became due, excluding any extension of time for filing, the burden of proof shall be upon the department. However, the burden of proof shall be upon the taxpayer where the determination of the department is the result of the final disposition of a matter between the taxpayer and the internal revenue service or where the taxpayer and the department have signed a waiver of the statute of limitations.

c. In all other cases, the burden of proof shall be upon the taxpayer who challenges the assessment or refund denial, except that, with respect to any new matter or affirmative defense, the burden of proof shall be upon the department. For purposes of this provision, "*new matter*" means an adjustment not set forth in the computation of the tax in the assessment or refund denial as distinguished from a new reason for the assessment or refund denial. "*Affirmative defense*" is one resting on facts not necessary to support the taxpayer's case.

7. *Employee evaluations.* It is unlawful to base a performance evaluation for an employee of the department on the total amount of assessments issued by that employee.

8. *Refund of untimely assessed taxes.* Notwithstanding any other refund statute, if it appears that an amount of tax, penalty, or interest has been paid to the department after the expiration of the statute

of limitations for the department to determine and assess or collect the amount of such tax due, then the amount paid shall be credited against another tax liability of the taxpayer which is outstanding, if the statute of limitations for assessment or collection of that other tax has not expired or the amount paid shall be refunded to the person or, with the person's approval, credited to tax to become due. An application for refund or credit under this subsection must be filed within one year of payment. This subsection shall not be construed to prohibit the department from offsetting the refund claim against any tax due,

if the statute of limitations for that other tax has not expired.

9. *No applicability to real property.* The provisions of this section do not apply to the assessment and taxation of real property.

10. *Illegal tax.* A tax shall not be collected by the department if it is prohibited under the Constitution of the United States or laws of the United States, or under the Constitution of the State of Iowa.

422.7 "Net income" — how computed.

The term "net income" means the adjusted gross income before the net operating loss deduction as properly computed for federal income tax purposes under the Internal Revenue Code, with the following adjustments:

1. Subtract interest and dividends from federal securities.

2. Add interest and dividends from foreign securities and from securities of state and other political subdivisions exempt from federal income tax under the Internal Revenue Code.

3. Where the adjusted gross income includes capital gains or losses, or gains or losses from property other than capital assets, and such gains or losses have been determined by using a basis established prior to January 1, 1934, an adjustment may be made, under rules prescribed by the director, to reflect the difference resulting from the use of a basis

of cost or January 1, 1934, fair market value, less depreciation allowed or allowable, whichever is higher. Provided that the basis shall be fair market value as of January 1, 1955, less depreciation allowed or allowable, in the case of property acquired prior to that date if use of a prior basis is declared to be invalid.

4. Subtract installment payments received by a beneficiary under an annuity which was purchased under an employee's pension or retirement plan when the commuted value of said installments has been included as a part of the decedent employee's estate for Iowa inheritance tax purposes.

5. Individual taxpayers and married taxpayers who file a joint federal income tax return and who elect to file a joint return, separate returns, or separate filing on a combined return for Iowa income tax purposes, may avail themselves of the disability income exclusion and shall compute the amount of the disability income exclusion subject to the limitations for joint federal income tax return filers provided by section 105(d) of the Internal Revenue Code. The disability income exclusion provided in section 105(d) of the Internal Revenue Code, as amended up to and including December 31, 1982, continues to apply for state income tax purposes for tax years beginning on or after January 1, 1984.

6. Add to the taxable income of trusts, that portion of trust income excluded from federal taxable income under section 641(c) of the Internal Revenue Code.

7. Married taxpayers who file a joint federal income tax return and who elect to file separate returns or separate filing on a combined return for Iowa income tax purposes, may avail themselves of the expensing of business assets and capital loss provisions of sections 179(a) and 1211(b) respectively of the Internal Revenue Code and shall compute the amount of expensing of business assets and capital loss subject to the limitations for joint federal income tax return filers provided by sections 179(b) and 1211(b) respectively of the Internal Revenue Code.

8. Subtract the amount of the jobs tax credit allowable for the tax year under section 51 of the Internal Revenue Code to the extent that the credit increased federal adjusted gross income.

9. Subtract the amount of the alcohol fuel credit allowable for the tax year under section 40 of the Internal Revenue Code to the extent that the credit increased federal adjusted gross income.

10. Notwithstanding the method for computing the amount of travel expenses that may be deducted under section 162(h) of the Internal Revenue Code, for tax years beginning on or after January 1, 1987, a member of the general assembly whose place of residence within the legislative district is greater than fifty miles from the capitol building of the state may deduct the total amount per day determined under section 162(h)(1)(B) of the Internal Revenue Code and a member of the general assembly whose place of residence within the legislative district is fifty or fewer miles from the capitol building of the state may deduct fifty dollars per day. This subsection does not apply to a member of the general assembly who elects to itemize for state tax purposes the member's travel expenses.

11. Add the amounts deducted and subtract the amounts included as income as a result of the treatment provided sale-leaseback agreements under section 168(f)(8) of the Internal Revenue Code for property placed in service by the transferee prior to January 1, 1986, to the extent that the amounts deducted and the amounts included in income are not otherwise deductible or included in income under the Internal Revenue Code as amended to and including December 31, 1985. Entitlement to depreciation on any property included in a sale-leaseback agreement which is placed in service by the transferee prior to January 1, 1986, shall be determined under the Internal Revenue Code as amended to and including December 31, 1985, excluding section 168(f)(8) in making the determination.

12. If the adjusted gross income includes income or loss from a small business operated by the taxpayer, an additional deduction shall be allowed in computing the income or loss from the small business if the small business hired for employment in the state during its annual accounting period ending with or during the taxpayer's tax year any of the following:

a. A handicapped individual domiciled in this state at the time of the hiring who meets any of the following conditions:

- (1) Has a physical or mental impairment which substantially limits one or more major life activities.
- (2) Has a record of that impairment.
- (3) Is regarded as having that impairment.

b. An individual domiciled in this state at the time of the hiring who meets any of the following conditions:

(4) Is in a work release program pursuant to chapter 904, division IX.

c. An individual, whether or not domiciled in this state at the time of the hiring, who is on parole or probation and to whom the interstate probation and parole compact under section 907A.1 applies.

The amount of the additional deduction is equal to sixty-five percent of the wages paid to individuals, but shall not exceed twenty thousand dollars per individual, named in paragraphs "a", "b", and "c" who were hired for the first time by that business during the annual accounting period for work done in the state. This additional deduction is allowed for the wages paid to those individuals successfully completing a probationary period during the twelve months following the date of first employment by the business and shall be deducted at the close of the annual accounting period.

The additional deduction shall not be allowed for wages paid to an individual who was hired to replace an individual whose employment was terminated within the twelve-month period preceding the date of first employment. However, if the individual being replaced left employment voluntarily without good cause attributable to the employer or if the individual was discharged for misconduct in connection with the individual's employment as determined by the division of job service of the department of employment services, the additional deduction shall be allowed.

A taxpayer who is a partner of a partnership or a shareholder of a subchapter S corporation, may deduct that portion of wages qualified under this subsection paid by the partnership or subchapter S corporation based on the taxpayer's pro rata share of the profits or losses from the partnership or subchapter S corporation.

For purposes of this subsection, "*physical or mental impairment*" means any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the body systems or any mental or psychological disorder, including mental retardation, organic brain syndrome, emotional or mental illness and specific learning disabilities.

For purposes of this subsection, "*small business*" means small business as defined in section 16.1, subsection 36, except that it shall also include the operation of a farm.

12A. If the adjusted gross income includes income or loss from a business operated by the taxpayer, and if the business does not qualify for the adjustment under subsection 12, an additional deduction shall be allowed in computing the income or loss from the business if the business hired for employment in the state during its annual accounting period ending with or during the taxpayer's tax year either of the following:

a. An individual domiciled in this state at the time of the hiring who meets any of the following conditions:

- (1) Has been convicted of a felony in this or any other state or the District of Columbia.
- (2) Is on parole pursuant to chapter 906.

(3) Is on probation pursuant to chapter 907, for an offense other than a simple misdemeanor.

(4) Is in a work release program pursuant to chapter 904, division IX.

b. An individual, whether or not domiciled in this state at the time of the hiring, who is on parole or probation and to whom the interstate probation and parole compact under section 907A.1 applies.

The amount of the additional deduction is equal to sixty-five percent of the wages paid to individuals, but shall not exceed twenty thousand dollars per individual, named in paragraphs "a" and "b" who were hired for the first time by that business during the annual accounting period for work done in the state. This additional deduction is allowed for the wages paid to those individuals successfully completing a probationary period during the twelve months following the date of first employment by the business and shall be deducted at the close of the annual accounting period.

The additional deduction shall not be allowed for wages paid to an individual who was hired to replace an individual whose employment was terminated within the twelve-month period preceding the date of first employment. However, if the individual being replaced left employment voluntarily without good cause attributable to the employer or if the individual was discharged for misconduct in connection with the individual's employment as determined by the division of job service of the department of employment services, the additional deduction shall be allowed.

A taxpayer who is a partner of a partnership or a shareholder of a subchapter S corporation, may deduct that portion of wages qualified under this subsection paid by the partnership or subchapter S corporation based on the taxpayer's pro rata share of the profits or losses from the partnership or subchapter S corporation.

The department shall develop and distribute information concerning the deduction available for businesses employing persons named in paragraphs "a" and "b".

13. Subtract, to the extent included, the amount of additional social security benefits taxable under the Internal Revenue Code for tax years beginning on or after January 1, 1994. The amount of social security benefits taxable as provided in section 86 of the Internal Revenue Code, as amended up to and including January 1, 1993, continues to apply for state income tax purposes for tax years beginning on or after January 1, 1994. Married taxpayers, who file a joint federal income tax return and who elect to file separate returns or who elect separate filing on a combined return for state income tax purposes, shall allocate between the spouses the amount of benefits subtracted from net income in the ratio of the social security benefits received by each spouse to the total of these benefits received by both spouses.

14. Add the amount of intangible drilling and development costs optionally deducted in the year paid or incurred as described in section 57(a)(2) of the Internal Revenue Code. This amount may be recov-

ered through cost depletion or depreciation, as appropriate under rules prescribed by the director.

15. Add the percentage depletion amount determined with respect to an oil, gas, or geothermal well as described in section 57(a)(1) of the Internal Revenue Code.

16. Subtract the income resulting from the forfeiture of an installment real estate contract, the transfer of real or personal property securing a debt to a creditor in cancellation of that debt, or from the sale or exchange of property as a result of actual notice of foreclosure if all of the following conditions are met:

a. The forfeiture, transfer, or sale or exchange was done for the purpose of establishing a positive cash flow.

b. Immediately before the forfeiture, transfer, or sale or exchange, the taxpayer's debt to asset ratio exceeded ninety percent as computed under generally accepted accounting practices.

c. The taxpayer's net worth at the end of the tax year is less than seventy-five thousand dollars. In determining a taxpayer's net worth at the end of the tax year a taxpayer shall include any asset transferred within one hundred twenty days prior to the end of the tax year without adequate and full consideration in money or money's worth. In determining the taxpayer's debt to asset ratio, the taxpayer shall include any asset transferred within one hundred twenty days prior to such forfeiture, transfer, or sale or exchange without adequate and full consideration in money or money's worth. For purposes of this subsection, actual notice of foreclosure includes, but is not limited to, bankruptcy or written notice from a creditor of the creditor's intent to foreclose where there is a reasonable belief that the creditor can force a sale of the asset. For purposes of this subsection, in the case of married taxpayers, except in the case of a husband and wife who live apart at all times during the tax year, the assets and liabilities of both spouses shall be considered for purposes of determining the taxpayer's net worth or the taxpayer's debt to asset ratio.

17. Add interest and dividends from regulated investment companies exempt from federal income tax under the Internal Revenue Code and subtract the loss on the sale or exchange of a share of a regulated investment company held for six months or less to the extent the loss was disallowed under section 852(b)(4)(B) of the Internal Revenue Code.

18. Reserved.

19. Subtract interest earned on bonds and notes issued by the agricultural development authority as provided in section 175.17, subsection 10.

20. Subtract, to the extent included, the proceeds received pursuant to a judgment in or settlement of a lawsuit against the manufacturer or distributor of a Vietnam herbicide for damages resulting from exposure to the herbicide. This subsection applies to proceeds received by a taxpayer who is a disabled veteran or who is a beneficiary of a disabled veteran.

For purposes of this subsection:

a. "Vietnam herbicide" means a herbicide, defoliant or other causative agent containing dioxin, including, but not limited to, Agent Orange, used in the Vietnam Conflict beginning December 22, 1961, and ending May 7, 1975, inclusive.

b. "Agent Orange" means the herbicide composed of trichlorophenoxyacetic acid and dichlorophenoxyacetic acid and the contaminant dioxin (TCDD).

21. Subtract forty-five percent of the net capital gain from the following:

a. Net capital gain from the sale of real property used in a business, in which the taxpayer materially participated for ten years, as defined in section 469(h) of the Internal Revenue Code, and which has been held for a minimum of ten years, or from the sale of a business, as defined in section 422.42, in which the taxpayer was employed or in which the taxpayer materially participated for ten years, as defined in section 469(h) of the Internal Revenue Code, and which has been held for a minimum of ten years. The sale of a business means the sale of all or substantially all of the tangible personal property or service of the business.

b. Net capital gain from the sale of cattle or horses held by the taxpayer for breeding, draft, dairy, or sporting purposes for a period of twenty-four months or more from the date of acquisition; but only if the taxpayer received more than one-half of the taxpayer's gross income from farming or ranching operations during the tax year.

c. Net capital gain from the sale of breeding livestock, other than cattle or horses, if the livestock is held by the taxpayer for a period of twelve months or more from the date of acquisition; but only if the taxpayer received more than one-half of the taxpayer's gross income from farming or ranching operations during the tax year.

d. Net capital gain from the sale of timber as defined in section 631(a) of the Internal Revenue Code.

The net capital gain of paragraphs "a", "b", "c", and "d" together shall not exceed seventeen thousand five hundred dollars for the tax year. Married taxpayers who elect separate filing on a combined return for state tax purposes are treated as one taxpayer and the amount of net capital gain to be used to determine the total amount to be subtracted by them shall not exceed seventeen thousand five hundred dollars in the aggregate. Married taxpayers who file jointly or separately on a combined return shall prorate the seventeen thousand five hundred dollar limitation between them based on the ratio of each spouse's net capital gain to the total net capital gain of both spouses. In the case of married taxpayers filing separate returns, the amount of net capital gain to be used to determine the amount to be subtracted by each spouse shall not exceed eight thousand seven hundred fifty dollars. However, to the extent otherwise allowed, the deduction provided in this subsection is not allowed for purposes of computation of a net operating loss in section 422.9, subsection 3, and in computing the income for the taxable year or years for which a net operating loss is deducted.

22. Subtract, to the extent included, the amounts paid to an eligible individual under section 105 of the Civil Liberties Act of 1988, Pub. L. No. 100-383, Title I, as satisfaction for a claim against the United States arising out of the confinement, holding in custody, relocation, or other deprivation of liberty or property of an individual of Japanese ancestry.

26. Add depreciation taken for federal income tax purposes on a speculative shell building defined in section 427.1, subsection 41, which is owned by a for-profit entity and the for-profit entity is receiving the proper tax exemption. Subtract depreciation computed as if the speculative shell building were classified as fifteen-year property under the accelerated cost recovery system of the Internal Revenue Code during the period during which it is owned by the for-profit entity and is receiving the property tax exemption. However, this subsection does not apply to a speculative shell building which is used by the for-profit entity, subsidiary of the for-profit entity, or majority owners of the for-profit entity, for other than as a speculative shell building, as defined in section 427.1, subsection 41.

27. Subtract, to the extent included, payments received by an individual providing unskilled in-home health-related care services pursuant to section 249.3, subsection 2, paragraph "a", subparagraph (2), to a member of the individual caregiver's family. For purposes of this subsection, a member of the individual caregiver's family includes a spouse, parent, stepparent, child, stepchild, brother, stepbrother, sister, stepsister, lineal ancestor, or lineal descendant, and such persons by marriage or adoption. A health care professional licensed by an examination board designated in section 147.13, subsections 1 through 10, is not eligible for the exemption authorized in this subsection.

28. If the taxpayer is owner of an individual development account certified under chapter 541A at any time during the tax year the following adjustments shall be made:

a. Subtract, to the extent included, all of the following:

29. Add, to the extent not included, the amount of the taxpayer's employee contributions picked up by the taxpayer's employer under chapter 97A or 411. The director shall by rule provide a formula to exclude income, to the extent included, from adjusted gross income amounts added under this subsection which are subsequently returned to the taxpayer as retirement benefits or otherwise.

30. Add, to the extent not included, the amount of the taxpayer's employee contributions picked up by the taxpayer's employer under chapter 97B. The director shall by rule provide a formula to exclude income, to the extent included, from adjusted gross income amounts added under this subsection which are subsequently returned to the taxpayer as retirement benefits or otherwise.

31. Add, to the extent not included, the amount of the taxpayer's teacher assessment picked up by the taxpayer's employing school district under chapter 294. For a person who is disabled, or is fifty-five years of age or older, or is the surviving spouse of an individual or a survivor having an insurable interest in an individual who would have qualified for the exemption under this subsection for the tax year, subtract, to the extent included, the total amount of a governmental or other pension or retirement pay, including, but not limited to, defined benefit or defined contribution plans, annuities, individual retirement accounts, plans maintained or contributed to by an employer, or maintained or contributed to by a self-employed person as an employer, and deferred compensation plans or any earnings attributable to the deferred compensation plans, up to a maximum of three thousand dollars for a person who files a separate state income tax return and up to a maximum of six thousand dollars for a husband and wife

who file a joint state income tax return. However, a surviving spouse who is not disabled or fifty-five years of age or older can only exclude the amount of pension or retirement pay received as a result of the death of the other spouse.

422.9 Deductions from net income.

In computing taxable income of individuals, there shall be deducted from net income the larger of the following amounts:

1. An optional standard deduction, after deduction of federal income tax, equal to one thousand two hundred thirty dollars for a married person who files separately or a single person or equal to three thousand thirty dollars for a husband and wife who file a joint return, a surviving spouse, or an unmarried head of household. The optional standard deduction shall not exceed the amount remaining after deduction of the federal income tax.

2. The total of contributions, interest, taxes, medical expense, nonbusiness losses, and miscellaneous expenses deductible for federal income tax purposes under the Internal Revenue Code, with the following adjustments:

a. Subtract the deduction for Iowa income taxes.

b. Add the amount of federal income taxes paid or accrued as the case may be, during the tax year, adjusted by any federal income tax refunds. Provided, however, that where married persons, who have filed a joint federal income tax return, file separately, such total shall be divided between them according to the portion thereof paid or accrued, as the case may be, by each.

c. Add the amount by which expenses paid or incurred in connection with the adoption of a child by the taxpayer exceed three percent of the net income of the taxpayer, or of the taxpayer and spouse in the case of a joint return. The expenses may include medical and hospital expenses of the biological mother which are incident to the child's birth and are paid by the taxpayer, welfare agency fees, legal fees, and all other fees and costs relating to the adoption of a child if the child is placed by a child-placing agency licensed under chapter 238 or by a person making an independent placement according to the provisions of chapter 600.

d. Add an additional deduction for mileage incurred by the taxpayer in voluntary work for a charitable organization consisting of the excess of the state employee mileage reimbursement over the amount deductible for federal income tax purposes. The deduction shall be proven by the keeping of a contemporaneous diary by the person throughout the period of the voluntary work in the tax year.

e. Add the amount, not to exceed five thousand dollars, of expenses not otherwise deductible under

this section actually incurred in the home of the taxpayer for the care of a person who is the grandchild, child, parent, or grandparent of the taxpayer or the taxpayer's spouse and who is unable, by reason of physical or mental disability, to live independently and is receiving, or would be eligible to receive if living in a health care facility licensed under chapter 135C, medical assistance benefits under chapter 249A. In the event that the person being cared for is receiving assistance benefits under chapter 239, the expenses not otherwise deductible shall be the net difference between the expenses actually incurred in caring for the person and the assistance benefits received under chapter 239.

f. Add the amount the taxpayer has paid to others, not to exceed one thousand dollars for each dependent in grades kindergarten through twelve, for tuition and textbooks of each dependent in attending an elementary or secondary school situated in Iowa, which school is accredited or approved under section 256.11, which is not operated for profit, and which adheres to the provisions of the federal Civil Rights Act of 1964 and chapter 216. As used in this lettered paragraph, "textbooks" means books and other instructional materials and equipment used in elementary and secondary schools in teaching only those subjects legally and commonly taught in public elementary and secondary schools in this state and does not include instructional books and materials used in the teaching of religious tenets, doctrines, or worship, the purpose of which is to inculcate those tenets, doctrines, or worship, and does not include books or materials for extracurricular activities including sporting events, musical or dramatic events, speech activities, driver's education, or programs of a similar nature. The deduction in this paragraph does not apply to a taxpayer whose net income, as properly computed for state tax purposes, is forty-five thousand dollars or more. In the case where the taxpayer is married, whether filing jointly or separately, the deduction does not apply if the combined net income of the taxpayer and spouse is forty-five thousand dollars or more.

As used in this lettered paragraph, "tuition" means any charges for the expenses of personnel, buildings, equipment and materials other than textbooks, and other expenses of elementary or secondary schools which relate to the teaching only of those subjects legally and commonly taught in public elementary and secondary schools in this state and which do not relate to the teaching of religious tenets, doctrines, or worship, the purpose of which is to inculcate those tenets, doctrines, or worship, and which do not relate to extracurricular activities including sporting events, musical or dramatic events, speech activities, driver's education, or programs of a similar nature.

g. Reserved.

h. To the extent not otherwise included pursuant to section 164 of the Internal Revenue Code, add the amount of the annual registration fee paid for a multipurpose vehicle pursuant to section 321.124, subsection 3, paragraph "h", which is based upon the

value of the vehicle. For purposes of this paragraph, sixty percent of the amount of the registration fee is based upon the value of the multipurpose vehicle.

i. If the taxpayer has a deduction for medical care expenses under section 213 of the Internal Revenue Code, the taxpayer shall recompute for the purposes of this subsection the amount of the deduction under section 213 by excluding from medical care, as defined in section 213, the amount subtracted under section 422.7, subsection 32.

3. If, after applying all of the adjustments provided for in section 422.7, the allocation provisions of section 422.8, and the deductions allowable in this section subject to the modifications provided in section 172(d) of the Internal Revenue Code, the taxable income results in a net operating loss, the net operating loss shall be deducted as follows:

a. The Iowa net operating loss shall be carried back three taxable years or to the taxable year in which the individual first earned income in Iowa whichever year is the later.

b. The Iowa net operating loss remaining after being carried back as required in paragraph "a" of this subsection or if not required to be carried back shall be carried forward fifteen taxable years.

c. If the election under section 172(b)(3) of the Internal Revenue Code is made, the Iowa net operating loss shall be carried forward fifteen taxable years.

4. Where married persons file separately, both must use the optional standard deduction if either elects to use it.

5. A taxpayer affected by section 422.8 shall, if the optional standard deduction is not used, be permitted to deduct only such portion of the total referred to in subsection 2 above as is fairly and equitably allocable to Iowa under the rules prescribed by the director.

422.10 Research activities credit.

The taxes imposed under this division shall be reduced by a state tax credit for increasing research activities in this state. For individuals, the credit equals six and one-half percent of the state's apportioned share of the qualifying expenditures for increasing research activities. The state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research expenditures. For purposes of this section, an individual may claim a research credit for qualifying research expenditures incurred by a partnership, subchapter S corporation, estate, or trust electing to have the income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings of a partnership, subchapter S corporation, estate, or trust. For purposes of this section, "qualifying expenditures for increasing research ac-

activities” means the qualifying expenditures as defined for the federal credit for increasing research activities which would be allowable under section 41 of the Internal Revenue Code in effect on January 1, 1995.

Any credit in excess of the tax liability imposed by section 422.5 less the credits allowed under sections 422.11A, 422.11C, 422.12, and 422.12B for the taxable year shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on the taxpayer’s final, completed return credited to the tax liability for the following taxable year.

422.12 Deductions from computed tax.

There shall be deducted from but not to exceed the tax, after the same shall have been computed as provided in this division, the following:

1. A personal exemption credit in the following amounts:

a. For an estate or trust, a single individual, or a married person filing a separate return, twenty dollars.

b. For a head of household, or a husband and wife filing a joint return, forty dollars.

c. For each dependent, an additional forty dollars. As used in this section, the term “dependent” has the same meaning as provided by the Internal Revenue Code.

d. For a single individual, husband, wife or head of household, an additional exemption of twenty dollars for each of said individuals who has attained the age of sixty-five years before the close of the tax year or on the first day following the end of the tax year.

e. For a single individual, husband, wife or head of household, an additional exemption of twenty dollars for each of said individuals who is blind at the close of the tax year. For the purposes of this paragraph, an individual is blind only if the individual’s central visual acuity does not exceed twenty-two hundredths in the better eye with correcting lenses, or if the individual’s visual acuity is greater than twenty-two hundredths but is accompanied by a limitation in the fields of vision such that the widest diameter of the visual field subtends an angle no greater than twenty degrees.

2. For those who do not itemize their deductions, a tuition credit equal to five percent of the first one thousand dollars which the taxpayer has paid to others for each dependent in grades kindergarten through twelve, for tuition and textbooks of each dependent in attending an elementary or secondary school situated in Iowa, which school is accredited or approved under section 256.11, which is not operated for profit, and which adheres to the provisions of the federal Civil Rights Act of 1964 and chapter 216. As used in this subsection, “textbooks” means books and other instructional materials and equipment used in elementary and secondary schools in teaching only

those subjects legally and commonly taught in public elementary and secondary schools in this state and does not include instructional books and materials used in the teaching of religious tenets, doctrines, or worship, the purpose of which is to inculcate those tenets, doctrines, or worship, and does not include books or materials for extracurricular activities including sporting events, musical or dramatic events, speech activities, driver’s education, or programs of a similar nature. Notwithstanding any other provision, all other credits allowed under sections 422.12 and 422.12B shall be deducted before the tuition credit under this subsection. The credit in this subsection does not apply to a taxpayer whose net income, as properly computed for state tax purposes, is forty-five thousand dollars or more. In the case where the taxpayer is married, whether filing jointly or separately, the credit does not apply if the combined net income of the taxpayer and spouse is forty-five thousand dollars or more.

As used in this subsection, “tuition” means any charges for the expenses of personnel, buildings, equipment and materials other than textbooks, and other expenses of elementary or secondary schools which relate to the teaching only of those subjects legally and commonly taught in public elementary and secondary schools in this state and which do not relate to the teaching of religious tenets, doctrines, or worship, the purpose of which is to inculcate those tenets, doctrines, or worship, and which do not relate to extracurricular activities including sporting events, musical or dramatic events, speech activities, driver’s education, or programs of a similar nature.

3. For the purpose of this section, the determination of whether an individual is married shall be made as of the close of the individual’s tax year unless the individual’s spouse dies during the individual’s tax year, in which case the determination shall be made as of the date of the spouse’s death. An individual legally separated from the individual’s spouse under a decree of divorce or of separate maintenance shall not be considered married.

422.16A Job training withholding — certification and transfer.

Upon payment in full of a certificate of participation or other obligation issued to fund a job training program under chapter 260E, the community college providing the job training program shall notify the department of economic development of the amount paid by the employer or business to the community college to retire the certificate during the previous twelve months. The department of economic development shall notify the department of revenue and finance of that amount. The department shall credit to the workforce development fund established in section 15.343 twenty-five percent of that amount each quarter for a period of ten years. If the amount of withholding from the business or employer is in-

sufficient, the department shall prorate the quarterly amount credited to the workforce development fund. The maximum amount from all employers which shall be transferred to the workforce development fund in any year is two million dollars.

422.25 Computation of tax, interest, and penalties — limitation.

1. *a.* Within three years after the return is filed or within three years after the return became due, including any extensions of time for filing, whichever time is the later, the department shall examine the return and determine the tax. However, if the taxpayer omits from income an amount which will, under the Internal Revenue Code, extend the statute of limitations for assessment of federal tax to six years under the federal law, the period for examination and determination is six years. In addition to the applicable period of limitation for examination and determination, the department may make an examination and determination at any time within six months from the date of receipt by the department of written notice from the taxpayer of the final disposition of any matter between the taxpayer and the internal revenue service with respect to the particular tax year. In order to begin the running of the six-month period, the notice shall be in writing in any form sufficient to inform the department of the final disposition with respect to that year, and a copy of the federal document showing the final disposition or final federal adjustments shall be attached to the notice.

b. The period for examination and determination of the correct amount of tax is unlimited in the case of a false or fraudulent return made with the intent to evade tax or in the case of a failure to file a return. In lieu of the period of limitation for any prior year for which an overpayment of tax or an elimination or reduction of an underpayment of tax due for that prior year results from the carryback to that prior year of a net operating loss or net capital loss, the period is the period of limitation for the taxable year of the net operating loss or net capital loss which results in the carryback. If the tax found due is greater than the amount paid, the department shall compute the amount due, together with interest and penalties as provided in subsection 2, and shall mail a notice of assessment to the taxpayer and, if applicable, to the taxpayer's authorized representative of the total, which shall be computed as a sum certain if paid on or before the last day of the month in which the notice is postmarked, or on or before the last day of the following month if the notice is postmarked after the twentieth day of any month. The notice shall also inform the taxpayer of the additional interest and penalty which will be added to the total due if not paid on or before the last day of the applicable month.

2. In addition to the tax or additional tax determined by the department under subsection 1, the taxpayer shall pay interest on the tax or additional

tax at the rate in effect under section 421.7 for each month counting each fraction of a month as an entire month, computed from the date the return was required to be filed. In addition to the tax or additional tax, the taxpayer shall pay a penalty as provided in section 421.27.

3. If the amount of the tax as determined by the department is less than the amount paid, the excess shall be refunded with interest, the interest to begin to accrue on the first day of the second calendar month following the date of payment or the date the return was due to be filed or was filed, whichever is the latest, at the rate in effect under section 421.7 counting each fraction of a month as an entire month under the rules prescribed by the director. If an overpayment of tax results from a net operating loss or net capital loss which is carried back to a prior year, the overpayment, for purposes of computing interest on refunds, shall be considered as having been made on the date a claim for refund or amended return carrying back the net operating loss or net capital loss is filed with the department or on the first day of the second calendar month following the date of the actual payment of the tax, whichever is later. However, when the net operating loss or net capital loss carryback to a prior year eliminates or reduces an underpayment of tax due for an earlier year, the full amount of the underpayment of tax shall bear interest at the rate in effect under section 421.7 for each month counting each fraction of a month as an entire month from the due date of the tax for the earlier year to the last day of the taxable year in which the net operating loss or net capital loss occurred.

4. All payments received must be credited first, to the penalty and interest accrued, and then to the tax due. For purposes of this subsection, the department shall not reapply prior payments made by the taxpayer to penalty or interest determined to be due after the date of those prior payments, except that the taxpayer and the department may agree to apply payments in accordance with rules adopted by the director when there are both agreed and unagreed to items as a result of an examination.

5. A person or withholding agent required to supply information, to pay tax, or to make, sign, or file a semimonthly, monthly, or quarterly deposit form or return or supplemental return, who willfully makes a false or fraudulent semimonthly, monthly, or quarterly deposit form or return, or willfully fails to pay the tax, supply the information, or make, sign, or file the semimonthly, monthly, or quarterly deposit form or return, at the time or times required by law, is guilty of a fraudulent practice.

6. The certificate of the director to the effect that a tax has not been paid, that a return has not been filed, or that information has not been supplied, as required under the provisions of this division shall be prima facie evidence thereof except as otherwise provided in this section.

7. The periods of limitation provided by this section may be extended by the taxpayer by signing a waiver agreement to be provided by the department.

The agreement shall stipulate the period of extension and the year or years to which the extension applies. It shall provide that a claim for refund may be filed by the taxpayer at any time during the period of extension.

8. A person or withholding agent who willfully attempts in any manner to defeat or evade a tax imposed by this division or the payment of the tax, upon conviction for each offense is guilty of a class "D" felony.

9. The jurisdiction of any offense as defined in this section is in the county of the residence of the person so charged, unless such person be a nonresident of this state or the person's residence in this state is not established, in either of which events jurisdiction of such offense is in the county of the seat of government of the state of Iowa.

10. A prosecution for any offense defined in this section must be commenced within six years after the commission thereof, and not after.

11. If a taxpayer files an amended return within sixty days prior to the expiration of the applicable period of limitations described in subsection 1, the department has sixty days from the date of receipt of the amended return to issue an assessment for any applicable tax, interest, or penalty.

422.32 Definitions.

For the purpose of this division and unless otherwise required by the context:

1. The term "*affiliated group*" means a group of corporations as defined in section 1504(a) of the Internal Revenue Code.

2. "*Business income*" means income arising from transactions and activity in the regular course of the taxpayer's trade or business; or income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations; or gain or loss resulting from the sale, exchange, or other disposition of real property or of tangible or intangible personal property, if the property while owned by the taxpayer was operationally related to the taxpayer's trade or business carried on in Iowa; or gain or loss resulting from the sale, exchange, or other disposition of stock in another corporation if the activities of the other corporation were operationally related to the taxpayer's trade or business carried on in Iowa while the stock was owned by the taxpayer. A taxpayer may have more than one regular trade or business in determining whether income is business income.

It is the intent of the general assembly to treat as apportionable business income all income that may be treated as apportionable business income under the Constitution of the United States.

The filing of an Iowa income tax return on a combined report basis is neither allowed nor required by this subsection.

3. "*Commercial domicile*" means the principal place from which the trade of business of the taxpayer is directed or managed.

4. "*Corporation*" includes joint stock companies, and associations organized for pecuniary profit, and publicly traded partnerships and limited liability companies taxed as corporations under the Internal Revenue Code.

5. The words "*domestic corporation*" mean any corporation organized under the laws of this state.

6. The words "*foreign corporation*" mean any corporation other than a domestic corporation.

7. "*Nonbusiness income*" means all income other than business income.

8. "*State*" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

9. "*Taxable in another state*". For purposes of allocation and apportionment of income under this division, a taxpayer is taxable in another state if:

a. In that state the taxpayer is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax; or

b. That state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state does or does not.

10. The term "*unitary business*" means a business carried on partly within and partly without a state where the portion of the business carried on within the state depends on or contributes to the business outside the state.

The words, terms, and phrases defined in division II, section 422.4, subsections 4 to 6, 8, 9, 13, and 15 to 17, when used in this division, shall have the meanings ascribed to them in said section except where the context clearly indicates a different meaning.

95 Acts, ch 141, §1

Subsection 2 amended

422.33 Corporate tax imposed — credit.

1. A tax is imposed annually upon each corporation organized under the laws of this state, and upon each foreign corporation doing business in this state, or deriving income from sources within this state, in an amount computed by applying the following rates of taxation to the net income received by the corporation during the income year:

a. On the first twenty-five thousand dollars of taxable income, or any part thereof, the rate of six percent.

b. On taxable income between twenty-five thousand dollars and one hundred thousand dollars or any part thereof, the rate of eight percent.

c. On taxable income between one hundred thousand dollars and two hundred fifty thousand dollars or any part thereof, the rate of ten percent.

d. On taxable income of two hundred fifty thousand dollars or more, the rate of twelve percent.

"Income from sources within this state" means income from real, tangible, or intangible property located or having a situs in this state.

1A. There is imposed upon each corporation exempt from the general business tax on corporations by section 422.34, subsection 2, a tax at the rates in subsection 1 upon the state's apportioned share computed in accordance with subsections 2 and 3 of the unrelated business income computed in accordance with the Internal Revenue Code and with the adjustments set forth in section 422.35.

2. If the trade or business of the corporation is carried on entirely within the state, the tax shall be imposed on the entire net income, but if the trade or business is carried on partly within and partly without the state or if income is derived from sources partly within and partly without the state, the tax shall be imposed only on the portion of the net income reasonably attributable to the trade or business or sources within the state, with the net income attributable to the state to be determined as follows:

a. Nonbusiness interest, dividends, rents and royalties, less related expenses, shall be allocated within and without the state in the following manner:

(1) Nonbusiness interest, dividends, and royalties from patents and copyrights shall be allocable to this state if the taxpayer's commercial domicile is in this state.

(2) Nonbusiness rents and royalties received from real property located in this state are allocable to this state.

(3) Nonbusiness rents and royalties received from tangible personal property are allocable to this state to the extent that the property is utilized in this state; or in their entirety if the taxpayer's commercial domicile is in this state and the taxpayer is not taxable in the state in which the property is utilized. The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown, or unascertainable by the taxpayer tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payor obtained possession.

(4) Nonbusiness capital gains and losses from the sale or other disposition of assets shall be allocated as follows:

Gains and losses from the sale or other disposition of real property located in this state are allocable to this state.

Gains and losses from the sale or other disposition of tangible personal property are allocable to this state if the property had a situs in this state at the

time of the sale or disposition or if the taxpayer's commercial domicile is in this state and the taxpayer is not taxable in the state in which the property had a situs.

Gains and losses from the sale or disposition of intangible personal property are allocable to this state if the taxpayer's commercial domicile is in this state.

b. Net nonbusiness income of the above class having been separately allocated and deducted as above provided, the remaining net business income of the taxpayer shall be allocated and apportioned as follows:

(1) Business interest, dividends, rents, and royalties shall be reasonably apportioned within and without the state under rules adopted by the director.

(2) Capital gains and losses from the sale or other disposition of assets shall be apportioned to the state based upon the business activity ratio applicable to the year the gain or loss is determined if the corporation determines Iowa taxable income by a sales, gross receipts or other business activity ratio. If the corporation has only allocable income, capital gains and losses from the sale or other disposition of assets shall be allocated in accordance with paragraph "a", subparagraph (4).

(3) Where income is derived from business other than the manufacture or sale of tangible personal property, the income shall be specifically allocated or equitably apportioned within and without the state under rules of the director.

(4) Where income is derived from the manufacture or sale of tangible personal property, the part attributable to business within the state shall be in that proportion which the gross sales made within the state bear to the total gross sales.

(5) Where income consists of more than one class of income as provided in subparagraphs (1) to (4) of this paragraph, it shall be reasonably apportioned by the business activity ratio provided in rules adopted by the director.

(6) The gross sales of the corporation within the state shall be taken to be the gross sales from goods delivered or shipped to a purchaser within the state regardless of the f.o.b. point or other conditions of the sale, excluding deliveries for transportation out of the state.

For the purpose of this section, the word "sale" shall include exchange, and the word "manufacture" shall include the extraction and recovery of natural resources and all processes of fabricating and curing. The words "tangible personal property" shall be taken to mean corporeal personal property, such as machinery, tools, implements, goods, wares, and merchandise, and shall not be taken to mean money deposits in banks, shares of stock, bonds, notes, credits, or evidence of an interest in property and evidences of debt.

3. If any taxpayer believes that the method of allocation and apportionment hereinbefore prescribed, as administered by the director and applied to the taxpayer's business, has operated or will so

operate as to subject the taxpayer to taxation on a greater portion of the taxpayer's net income than is reasonably attributable to business or sources within the state, the taxpayer shall be entitled to file with the director a statement of the taxpayer's objections and of such alternative method of allocation and apportionment as the taxpayer believes to be proper under the circumstances with such detail and proof and within such time as the director may reasonably prescribe; and if the director shall conclude that the method of allocation and apportionment theretofore employed is in fact inapplicable and inequitable, the director shall redetermine the taxable income by such other method of allocation and apportionment as seems best calculated to assign to the state for taxation the portion of the income reasonably attributable to business and sources within the state, not exceeding, however, the amount which would be arrived at by application of the statutory rules for apportionment.

4. In addition to all taxes imposed under this division, there is imposed upon each corporation doing business within the state the greater of the tax determined in subsection 1, paragraphs "a" through "d" or the state alternative minimum tax equal to sixty percent of the maximum state corporate income tax rate, rounded to the nearest one-tenth of one percent, of the state alternative minimum taxable income of the taxpayer computed under this subsection.

The state alternative minimum taxable income of a taxpayer is equal to the taxpayer's state taxable income as computed with the adjustments in section 422.35 and with the following adjustments:

a. Add items of tax preference included in federal alternative minimum taxable income under section 57, except subsections (a)(1) and (a)(5), of the Internal Revenue Code, make the adjustments included in federal alternative minimum taxable income under section 56, except subsections (a)(4) and (d), of the Internal Revenue Code, and add losses as required by section 58 of the Internal Revenue Code. In making the adjustment under section 56(c)(1) of the Internal Revenue Code, interest and dividends from federal securities and interest and dividends from state and other political subdivisions and from regulated investment companies exempt from federal income tax under the Internal Revenue Code, net of amortization of any discount or premium, shall be subtracted.

b. Apply the allocation and apportionment provisions of subsection 2.

c. Subtract an exemption amount of forty thousand dollars. This exemption amount shall be reduced, but not below zero, by an amount equal to twenty-five percent of the amount by which the alternative minimum taxable income of the taxpayer, computed without regard to the exemption amount in this paragraph, exceeds one hundred fifty thousand dollars.

d. In the case of a net operating loss computed for a tax year beginning after December 31, 1986 which is carried back or carried forward to the current

taxable year, the net operating loss shall be reduced by the amount of items of tax preference and adjustments arising in the tax year which is taken into account in computing the net operating loss in section 422.35, subsection 11. The deduction for a net operating loss for a tax year beginning after December 31, 1986 which is carried back or carried forward to the current taxable year shall not exceed ninety percent of the alternative minimum taxable income determined without regard for the net operating loss deduction.

5. The taxes imposed under this division shall be reduced by a state tax credit for increasing research activities in this state equal to six and one-half percent of the state's apportioned share of the qualifying expenditures for increasing research activities. The state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to the total qualified research expenditures. For purposes of this subsection, "qualifying expenditures for increasing research activities" means the qualifying expenditures as defined for the federal credit for increasing research activities which would be allowable under section 41 of the Internal Revenue Code in effect on January 1, 1995.

Any credit in excess of the tax liability for the taxable year shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on its final, completed return credited to the tax liability for the following taxable year.

6. The taxes imposed under this division shall be reduced by a new jobs tax credit. An industry which has entered into an agreement under chapter 260E and which has increased its base employment level by at least ten percent within the time set in the agreement or, in the case of an industry without a base employment level, adds new jobs within the time set in the agreement is entitled to this new jobs tax credit for the tax year selected by the industry. In determining if the industry has increased its base employment level by ten percent or added new jobs, only those new jobs directly resulting from the project covered by the agreement and those directly related to those new jobs shall be counted. The amount of this credit is equal to the product of six percent of the taxable wages upon which an employer is required to contribute to the state unemployment compensation fund, as defined in section 96.19, subsection 37, times the number of new jobs existing in the tax year that directly result from the project covered by the agreement or new jobs that directly result from those new jobs. The tax year chosen by the industry shall either begin or end during the period beginning with the date of the agreement and ending with the date by which the project is to be completed under the agreement. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following ten tax years or until depleted in less than the ten years. For purposes of this section, "agreement", "industry", "new job" and "project" mean the

same as defined in section 260E.2 and "base employment level" means the number of full-time jobs an industry employs at the plant site which is covered by an agreement under chapter 260E on the date of that agreement.

7. a. There is allowed as a credit against the tax determined in subsection 1 for a tax year an amount equal to the minimum tax credit for that tax year.

The minimum tax credit for a tax year is the excess, if any, of the adjusted net minimum tax imposed for all prior tax years beginning on or after January 1, 1987, over the amount allowable as a credit under this subsection for those prior tax years.

b. The allowable credit under paragraph "a" for a tax year shall not exceed the excess, if any, of the tax determined in subsection 1 over the state alternative minimum tax as determined in subsection 4.

The net minimum tax for a tax year is the excess, if any, of the tax determined in subsection 4 for the tax year over the tax determined in subsection 1 for the tax year.

The adjusted net minimum tax for a tax year is the net minimum tax for the tax year reduced by the amount which would be the net minimum tax if the only item of tax preference taken into account was that described in paragraph (6) of section 57(a) of the Internal Revenue Code.

8. The taxes imposed under this division shall be reduced by a seed capital credit.

a. The amount of the credit is equal to ten percent of a taxpayer's investment, during the tax year, in an initial offering of securities by a qualified business or a qualified seed capital fund.

b. A seed capital fund, to be a qualified seed capital fund under this section, must meet all of the following conditions:

(1) The investment must be in shares or other equity interests, which are purchased for money consideration and carry voting rights.

(2) The issue of shares or other equity interests must be registered under an expedited registration by filing system as provided in section 502.207A.

(3) Its capital base must be used to make investments exclusively in the types of businesses described in paragraph "c", subparagraph (1).

(4) Its capital base must be used to make qualified investments according to the following schedule:

(a) Invest at least thirty percent of its capital base, raised through investments for which tax credits were taken, within three years of the fiscal year in which tax credits were claimed.

1. Subtract interest and dividends from federal securities.

2. Add interest and dividends from foreign securities, from securities of state and other political subdivisions, and from regulated investment companies exempt from federal income tax under the Internal Revenue Code.

3. Where the net income includes capital gains or losses, or gains or losses from property other than capital assets, and such gains or losses have been determined by using a basis established prior to January 1, 1934, an adjustment may be made, under rules and regulations prescribed by the director, to reflect the difference resulting from the use of a basis of cost or January 1, 1934, fair market value, less depreciation allowed or allowable, whichever is higher. Provided that the basis shall be fair market value as of January 1, 1955, less depreciation allowed or allowable, in the case of property acquired prior to that date if use of a prior basis is declared to be invalid.

4. Subtract fifty percent of the federal income taxes paid or accrued, as the case may be, during the tax year, adjusted by any federal income tax refunds; and add the Iowa income tax deducted in computing said taxable income.

5. Subtract the amount of the jobs tax credit allowable for the tax year under section 51 of the Internal Revenue Code to the extent that the credit increased federal taxable income.

6. If the taxpayer is a small business corporation, subtract an amount equal to sixty-five percent of the wages paid to individuals, but not to exceed twenty thousand dollars per individual, named in paragraphs "a", "b", and "c" who were hired for the first time by the taxpayer during the tax year for work done in this state:

c. An individual, whether or not domiciled in this state at the time of the hiring, who is on parole or

probation and to whom the interstate probation and parole compact under section 907A.1 applies.

This deduction is allowed for the wages paid to the individuals successfully completing a probationary period named in paragraphs "a", "b", and "c" during the twelve months following the date of first employment by the taxpayer and shall be deducted in the tax years when paid.

For purposes of this subsection, "*physical or mental impairment*" means any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the body systems or any mental or psychological disorder, including mental retardation, organic brain syndrome, emotional or mental illness and specific learning disabilities.

For purposes of this subsection, "*small business*" means small business as defined in section 16.1, subsection 36, except that it shall also include the operation of a farm.

6A. If the taxpayer is a business corporation and does not qualify for the adjustment under section 422.35, subsection 6, subtract an amount equal to sixty-five percent of the wages paid to individuals, but shall not exceed twenty thousand dollars per individual, named in paragraphs "a" and "b" who were hired for the first time by the taxpayer during the tax year for work done in this state:

This deduction is allowed for the wages paid to the individuals successfully completing a probationary period named in paragraphs "a" and "b" during the twelve months following the date of first employment by the taxpayer and shall be deducted in the tax years when paid.

The department shall develop and distribute information concerning the deduction available for businesses employing persons named in paragraphs "a" and "b".

7. Subtract the amount of the alcohol fuel credit allowable for the tax year under section 40 of the Internal Revenue Code to the extent that the credit increased federal taxable income.

8. Add the amounts deducted and subtract the amounts included in income as a result of the treatment provided sale-leaseback agreements under section 168f(8) of the Internal Revenue Code for property placed in service by the transferee prior to January 1, 1986 to the extent that the amounts deducted and the amounts included in income are not

otherwise deductible or included in income under the other provisions of the Internal Revenue Code as amended to and including December 31, 1985. Entitlement to depreciation on any property involved in a sale-leaseback agreement which is placed in service by the transferee prior to January 1, 1986 shall be determined under the Internal Revenue Code as amended to and including December 31, 1985, excluding section 168(f)(8) in making the determination.

9. Reserved.

a. The Iowa net operating loss shall be carried back three taxable years or to the taxable year in which the corporation first commenced doing business in this state, whichever is later.

b. The Iowa net operating loss remaining after being carried back as required in paragraph "a" of this subsection or if not required to be carried back shall be carried forward fifteen taxable years.

c. If the election under section 172(b)(3) of the Internal Revenue Code is made, the Iowa net operating loss shall be carried forward fifteen taxable years.

d. No portion of a net operating loss which was sustained from that portion of the trade or business carried on outside the state of Iowa shall be deducted.

e. The limitations on net operating loss carryback and carryforward under sections 172(b)(1)(E) and 172(h) of the Internal Revenue Code shall apply.

Provided, however, that a corporation affected by the allocation provisions of section 422.33 shall be permitted to deduct only such portion of the deductions for net operating loss and federal income taxes as is fairly and equitably allocable to Iowa, under rules prescribed by the director.

When used by a manufacturer of food products, carbon dioxide in a liquid, solid, or gaseous form, electricity, steam, and other taxable services are sold for processing when used to produce marketable food products for human consumption, including but not limited to, treatment of material to change its form, context, or condition, in order to produce the food product, maintenance of quality or integrity of the food product, changing or maintenance of temperature levels necessary to avoid spoilage or to hold the food product in marketable condition, maintenance

The tax shall not be due when materials are withdrawn from inventory for use in construction outside of Iowa and the tax shall not apply to tangible personal property purchased and consumed by the manufacturer as building materials in the performance by the manufacturer or its subcontractor of construction outside of Iowa.

For the purposes of this subsection, the sale of carpeting is not a sale of building materials. The sale of carpeting to owners, contractors, subcontractors, or builders shall be treated as the sale of ordinary tangible personal property and subject to the tax imposed under section 422.43, subsection 1, and the tax imposed under section 423.2.

16. The use within this state of tangible personal property by the manufacturer thereof, as building

The gross receipts are subject to

tax even if some of the services furnished are not enumerated under this section. For the purpose of this division, the sale of an optional service or warranty contract, other than a residential service contract regulated under chapter 523C, is a sale of tangible personal property. Additional sales, services, or use taxes shall not be levied on services, parts, or labor provided under optional service or warranty contracts which are subject to tax under this section.

422.47 Refunds — exemption certificates.

1. a. A relief agency may apply to the director for refund of the amount of tax imposed hereunder and paid upon sales to it of any goods, wares, merchandise, or services rendered, furnished, or performed, used for free distribution to the poor and needy.

b. Such refunds may be obtained only in the following amounts and manner and only under the following conditions:

(1) On forms furnished by the department, and filed within such time as the director shall provide by regulation, the relief agency shall report to the department the total amount or amounts, valued in money, expended directly or indirectly for goods, wares, merchandise, or services rendered, furnished, or performed, used for free distribution to the poor and needy.

(2) On these forms the relief agency shall separately list the persons making the sales to it or to its order, together with the dates of the sales, and the total amount so expended by the relief agency.

(3) The relief agency must prove to the satisfaction of the director that the person making the sales has included the amount thereof in the computation of the gross receipts of such person and that such person has paid the tax levied by this division, based upon such computation of gross receipts.

c. If satisfied that the foregoing conditions and requirements have been complied with, the director shall refund the amount claimed by the relief agency.

2. Construction contractors may make application to the department for a refund of the additional one percent tax paid under this division or the additional one percent tax paid under chapter 423 by

reason of the increase in the tax from four to five percent for taxes paid on goods, wares, or merchandise under the following conditions:

a. The goods, wares, or merchandise are incorporated into an improvement to real estate in fulfillment of a written contract fully executed prior to July 1, 1992. The refund shall not apply to equipment transferred in fulfillment of a mixed construction contract.

b. The contractor has paid to the department or to a retailer the full five percent tax.

c. The claim is filed on forms provided by the department and is filed within one year of the date the tax is paid.

A contractor who makes an erroneous application for refund shall be liable for payment of the excess refund paid plus interest at the rate in effect under section 421.7. In addition, a contractor who willfully makes a false application for refund is guilty of a simple misdemeanor and is liable for a penalty equal to fifty percent of the excess refund claimed. Excess refunds, penalties, and interest due under this subsection may be enforced and collected in the same manner as the tax imposed by this division.

3. a. The department shall issue or the seller may separately provide exemption certificates in the form prescribed by the director to assist retailers in properly accounting for nontaxable sales of tangible personal property or services to purchasers for purposes of resale or for processing, except fuel consumed in processing.

b. The sales tax liability for all sales of tangible personal property and all sales of services is upon the seller and the purchaser unless the seller takes in good faith from the purchaser a valid exemption certificate stating under penalties for perjury that the purchase is for resale or for processing and is not a retail sale as defined in section 422.42, subsection 14, or unless the seller takes a fuel exemption certificate pursuant to subsection 4. If the tangible personal property or services are purchased tax free pursuant to a valid exemption certificate which is taken in good faith by the seller, and the tangible personal property or services are used or disposed of by the purchaser in a nonexempt manner, the purchaser is solely liable for the taxes and shall remit the taxes directly to the department and sections 422.50, 422.51, 422.52, 422.54, 422.55, 422.56, 422.57, 422.58, and 422.59 shall apply to the purchaser.

c. A valid exemption certificate is an exemption certificate which is complete and correct according to the requirements of the director.

d. A valid exemption certificate is taken in good faith by the seller when the seller has exercised that caution and diligence which honest persons of ordinary prudence would exercise in handling their own business affairs, and includes an honesty of intention and freedom from knowledge of circumstances which ought to put one upon inquiry as to the facts. In order for a seller to take a valid exemption certificate in good faith, the seller must exercise reasonable prudence to determine the facts supporting the valid exemption certificate, and if any facts upon such

certificate would lead a reasonable person to further inquiry, then such inquiry must be made with an honest intent to discover the facts.

e. If the circumstances change and the tangible personal property or services are used or disposed of by the purchaser in a nonexempt manner, the purchaser is liable solely for the taxes and shall remit the taxes directly to the department in accordance with this subsection.

4. a. The department shall issue or the seller may separately provide fuel exemption certificates in the form prescribed by the director.

b. The seller may accept a completed fuel exemption certificate, as prepared by the purchaser, for five years unless the purchaser files a new completed exemption certificate. If the fuel is purchased tax free pursuant to a fuel exemption certificate which is taken by the seller, and the fuel is used or disposed of by the purchaser in a nonexempt manner, the purchaser is solely liable for the taxes, and shall remit the taxes directly to the department and sections 422.50, 422.51, 422.52, 422.54, 422.55, 422.56, 422.57, 422.58, and 422.59 shall apply to the purchaser.

c. The purchaser may apply to the department for its review of the fuel exemption certificate. In this event, the department shall review the fuel exemption certificate within twelve months from the date of application and determine the correct amount of the exemption. If the amount determined by the department is different than the amount that the purchaser claims is exempt, the department shall promptly notify the purchaser of the determination. Failure of the department to make a determination within twelve months from the date of application shall constitute a determination that the fuel exemption certificate is correct as submitted. A determination of exemption by the department is final unless the purchaser appeals to the director for a revision of the determination within thirty days after the postmark date of the notice of determination. The director shall grant a hearing, and upon the hearing the director shall determine the correct exemption and notify the purchaser of the decision by mail. The decision of the director is final unless the purchaser seeks judicial review of the director's decision under section 422.55 within thirty days after the postmark date of the notice of the director's decision. Unless there is a substantial change, the department shall not impose penalties pursuant to section 422.58, both retroactively to purchases made after the date of application and prospectively until the department gives notice to the purchaser that a tax or additional tax is due, for failure to remit any tax due which is in excess of a determination made under this section. A determination made by the department pursuant to this subsection does not constitute an audit for purposes of section 422.54.

d. If the circumstances change and the fuel is used or disposed of by the purchaser in a nonexempt manner, the purchaser is solely liable for the taxes and shall remit the taxes directly to the department in accordance with subsection 3.

e. The purchaser shall attach documentation to the fuel exemption certificate which is reasonably necessary to support the exemption for fuel consumed in processing. If the purchaser files a new exemption certificate with the seller, documentation shall not be required if the purchaser previously furnished the seller with this documentation and substantial change has not occurred since that documentation was furnished or if fuel consumed in processing is separately metered and billed by the seller.

f. In this section, "fuel" includes gas, electricity, water, heat, steam, and any other tangible personal property consumed in creating heat, power, or steam. In this section, "fuel consumed in processing" means fuel used or disposed of for processing including grain drying, for providing heat or cooling for livestock buildings or for greenhouses or buildings or parts of buildings dedicated to the production of flowering, ornamental, or vegetable plants intended for sale in the ordinary course of business, or for generating electric current, or in implements of husbandry engaged in agricultural production. In this subsection, "fuel exemption certificate" means an exemption certificate given by the purchaser under penalty of perjury to assist retailers in properly accounting for nontaxable sales of fuel consumed in processing. In this subsection, "substantial change" means a change in the use or disposition of tangible personal property and services by the purchaser such that the purchaser pays less than ninety percent of the purchaser's actual sales tax liability. A change includes a misstatement of facts in an application made pursuant to paragraph "c" or in a fuel exemption certificate.

422.53 Permits required — applications — revocation.

1. It is unlawful for any person to engage in or transact business as a retailer within this state, unless a permit has been issued to the retailer under this section, except as provided in subsection 6. Every person desiring to engage in or conduct business as a retailer within this state shall file with the department an application for a permit. Every application for a permit shall be made upon a form prescribed by the director and shall set forth the name under which the applicant transacts or intends to transact business, the location of the applicant's place of business, and any other information as the director may require. The application shall be signed by the owner if a natural person; in the case of an association or partnership, by a member or partner; in the case of a corporation, by an executive officer or some person specifically authorized by the corporation to sign the application, to which shall be attached the written evidence of the person's authority.

2. The applicant must have a permit for each place of business. The department may deny a permit to an applicant who is substantially delinquent in paying a tax due, or the interest or penalty on the tax, administered by the department at the time of ap-

plication. If the applicant is a partnership, a permit may be denied if the partner is substantially delinquent in paying any delinquent tax, penalty, or interest. If the applicant is a corporation, a permit may be denied if any officer having a substantial legal or equitable interest in the ownership of the corporation owes any delinquent tax, penalty, or interest.

3. The department shall grant and issue to each applicant a permit for each place of business within the state. A permit is not assignable and is valid only for the person in whose name it is issued and for the transaction of business at the place designated.

4. Permits issued under this division are valid and effective until revoked by the department.

5. If the holder of a permit fails to comply with any of the provisions of this division or any order or rule of the department adopted under this division or is substantially delinquent in the payment of a tax administered by the department or the interest or penalty on the tax, or if the person is a corporation and if any officer having a substantial legal or equitable interest in the ownership of the corporation owes any delinquent tax of the permit-holding corporation, or interest or penalty on the tax, administered by the department, the director may revoke the permit. The director shall send notice by mail to a permit holder informing that person of the director's intent to revoke the permit and of the permit holder's right to a hearing on the matter. If the permit holder petitions the director for a hearing on the proposed revocation, after giving ten days' notice of the time and place of the hearing in accordance with section 17A.18, subsection 3, the matter may be heard and a decision rendered. The director may restore permits after revocation. The director shall adopt rules setting forth the period of time a retailer must wait before a permit may be restored or a new permit may be issued. The waiting period shall not exceed ninety days from the date of the revocation of the permit.

6. Persons who are not regularly engaged in selling at retail and do not have a permanent place of business, but who are temporarily engaged in selling from trucks, portable roadside stands, concessionaires at state, county, district or local fairs, carnivals and the like, shall report and remit the tax on a nonpermit basis, under rules the director shall provide for the efficient collection of the sales tax.

7. The provisions of subsection 1, dealing with lawful right of a retailer to transact business, according to the context, apply to persons having receipts from rendering, furnishing, or performing services enumerated in section 422.43, except that a person holding a permit pursuant to subsection 1 shall not be required to obtain any separate sales tax permit for the purpose of engaging in business involving the services.

2. For cause and upon a showing by the director that collection of the tax in dispute is in doubt, the court may order the petitioner to file with the clerk a bond for the use of the respondent, with sureties approved by the clerk, in the amount of tax appealed from, conditioned that the petitioner shall perform the orders of the court.

3. An appeal may be taken by the taxpayer or the director to the supreme court of this state irrespective of the amount involved.

422.60 Imposition of tax — credit.

1. A franchise tax according to and measured by net income is imposed on financial institutions for the privilege of doing business in this state as financial institutions.

2. In addition to all taxes imposed under this division, there is imposed upon each financial institution doing business within the state the greater of the tax determined in section 422.63 or the state alternative minimum tax equal to sixty percent of the maximum state franchise tax rate, rounded to the nearest one-tenth of one percent, of the state alternative minimum taxable income of the taxpayer computed under this subsection.

The state alternative minimum taxable income of a taxpayer is equal to the taxpayer's state taxable income as computed with the adjustments in section 422.61, subsection 3, and with the following adjustments:

a. Add items of tax preference included in federal alternative minimum taxable income under section 57, except subsections (a)(1) and (a)(5), of the Internal Revenue Code, make the adjustments included in federal alternative minimum taxable income under section 56, except subsections (a)(4), (c)(1), (d), (f), and (g), of the Internal Revenue Code, and add losses as required by section 58 of the Internal Revenue Code.

b. Make the adjustments provided in section 56(c)(1) of the Internal Revenue Code, except that in making the calculation under sections 56(f)(1) and 56(g)(1) of the Internal Revenue Code the state alternative minimum taxable income, computed without regard to the adjustments made by this paragraph, the exemption provided for in paragraph "d", and the state alternative tax net operating loss described in paragraph "e", shall be substituted for the items described in sections 56(f)(1)(B) and 56(g)(1)(B) of the Internal Revenue Code.

c. Apply the allocation and apportionment provisions of section 422.63.

d. Subtract an exemption amount of forty thousand dollars. This exemption amount shall be reduced, but not below zero, by an amount equal to twenty-five percent of the amount by which the alternative minimum taxable income of the taxpayer, computed without regard to the exemption amount in this paragraph, exceeds one hundred fifty thousand dollars.

e. In the case of a net operating loss beginning after December 31, 1986 which is carried back or carried forward to the current taxable year, the net operating loss shall be reduced by the amount of items of tax preference and adjustments arising in the tax year which was taken into account in computing the net operating loss in section 422.35, subsection 11. The deduction for a net operating loss for a tax year beginning after December 31, 1986 which is carried back or carried forward to the current taxable year shall not exceed ninety percent of the alternative minimum taxable income determined without regard for the net operating loss deduction.

3. a. There is allowed as a credit against the tax determined in section 422.63 for a tax year an amount equal to the minimum tax credit for that tax year.

The minimum tax credit for a tax year is the excess, if any, of the adjusted net minimum tax imposed for all prior tax years beginning on or after January 1, 1987, over the amount allowable as a credit under this subsection for those prior tax years.

b. The allowable credit under paragraph "a" for a tax year shall not exceed the excess, if any, of the tax determined in section 422.63 over the state alternative minimum tax as determined in subsection 2.

The net minimum tax for a tax year is the excess, if any, of the tax determined in subsection 2 for the tax year over the tax determined in section 422.63 for the tax year.

The adjusted net minimum tax for a tax year is the net minimum tax for the tax year reduced by the amount which would be the net minimum tax if the only item of tax preference taken into account was that described in paragraph (6) of section 57(a) of the Internal Revenue Code.

In lieu of the fuel tax refund provided in sections 452A.17 to 452A.19, a person or corporation subject

to taxation under divisions II or III of this chapter, except persons or corporations licensed under section 452A.4, may elect to receive an income tax credit for tax years beginning on or after January 1, 1975. The person or corporation which elects to receive an income tax credit shall cancel its refund permit obtained under section 452A.18 within thirty days after the first day of its tax year or the permit becomes invalid at that time. For the purposes of this section, "person" includes a person claiming a tax credit based upon the person's pro rata share of the earnings from a partnership or corporation which is not subject to a tax under division II or III of this chapter as a partnership or corporation. If the election to receive an income tax credit has been made, it remains effective for at least one tax year, and for subsequent tax years unless a change is requested and a new refund permit applied for within thirty days after the first day of the person's or corporation's tax year. The income tax credit shall be the amount of the Iowa fuel tax paid on fuel purchased by the person or corporation and used as follows:

1. Motor fuel as defined in section 452A.2, subsection 17, used for the purpose of operating or propelling farm tractors, corn shellers, roller mills, truck-mounted feed grinders, stationary engines, for producing denatured alcohol within the state, for cleaning or dyeing, or for any purpose other than in watercraft or aircraft or in motor vehicles operated or intended to be operated upon the public highways.

2. Special fuel, as defined in section 452A.2, used for the purpose of operation of corn shellers, roller mills, and feed grinders mounted on trucks.

3. Motor fuel placed in motor vehicles and used, other than on public highways, in the extraction and processing of natural deposits.

4. Motor fuel or special fuel used by a bona fide commercial fisher, licensed and operating under an owner's certificate for commercial fishing gear issued pursuant to section 482.4.

However, no credit shall be given with respect to motor fuel taken out of the state in fuel supply tanks of motor vehicles, motor fuel used in aircraft or watercraft, or motor fuel used in the performance of a contract which is paid out of state funds unless the contract for the work contains a certificate made under penalty for false certificate that the estimate, bid or price to be paid for the work includes no amount representing motor fuel tax subject to a credit. The right to a credit under this section is not assignable and the credit may be claimed only by the person or corporation that purchased the fuel.

CHAPTER 422A

HOTEL AND MOTEL TAX

422A.2 Local transient guest tax fund.

1. There is created in the department of revenue and finance a local transient guest tax fund which shall consist of all moneys credited to such fund under section 422A.1.

2. All moneys in the local transient guest tax fund shall be remitted at least quarterly by the department of revenue and finance, pursuant to rules of the director of revenue and finance, to each city in the amount collected from businesses in that city and to each county in the amount collected from businesses in the unincorporated areas of the county.

3. Moneys received by the city from this fund shall be credited to the general fund of the city, subject to the provisions of subsection 4.

4. The revenue derived from any hotel and motel tax authorized by this chapter shall be used as follows:

a. Each county or city which levies the tax shall spend at least fifty percent of the revenues derived therefrom for the acquisition of sites for, or constructing, improving, enlarging, equipping, repairing, operating, or maintaining of recreation, convention, cultural, or entertainment facilities including but not limited to memorial buildings, halls and monuments, civic center convention buildings, auditoriums, coliseums, and parking areas or facilities located at those recreation, convention, cultural, or entertainment facilities or the payment of principal and interest, when due, on bonds or other evidence of indebtedness issued by the county or city for those recreation, convention, cultural, or entertainment facilities; or for the promotion and encouragement of tourist and convention business in the city or county and surrounding areas.

b. The remaining revenues may be spent by the city or county which levies the tax for any city or county operations authorized by law as a proper purpose for the expenditure within statutory limitations of city or county revenues derived from ad valorem taxes.

c. Any city or county which levies and collects the hotel and motel tax authorized by this chapter may pledge irrevocably an amount of the revenues derived therefrom for each of the years the bonds remain outstanding to the payment of bonds which the city or county may issue for one or more of the purposes set forth in paragraph "a" of this subsection. Any revenue pledged to the payment of such bonds may be credited to the spending requirement of paragraph "a" of this subsection.

d. The provisions of division III of chapter 384 relating to the issuance of corporate purpose bonds apply to the issuance by a city of bonds payable as provided in this section and the provisions of chapter 331, division IV, part 3, relating to the issuance of county purpose bonds apply to the issuance by a county of bonds payable as provided in this section.

The provisions of chapter 76 apply to the bonds payable as provided in this section except that the mandatory levy to be assessed pursuant to section 76.2 shall be at a rate to generate an amount which together with the receipts from the pledged portion of the hotel and motel tax is sufficient to pay the interest and principal on the bonds. All amounts collected as a result of the levy assessed pursuant to section 76.2 and paid out in the first instance for bond principal and interest shall be repaid to the city or county which levied the tax from the first available hotel and motel tax collections received in excess of the requirement for the payment of the principal and interest of the bonds and when repaid shall be applied in reduction of property taxes.

The amount of bonds which may be issued under section 76.3 shall be the amount which could be retired from the actual collections of the hotel and motel tax for the last four calendar quarters, as certified by the director of revenue and finance. The amount of tax revenues pledged jointly by other cities or counties may be considered for the purpose of determining the amount of bonds which may be issued. If the hotel and motel tax has been in effect for less than four calendar quarters, the tax collected within the shorter period may be adjusted to project the collections for the full year for the purpose of determining the amount of the bonds which may be issued.

e. A city or county, jointly with one or more other cities or counties as provided in chapter 28E, may pledge irrevocably any amount derived from the revenues of the hotel and motel tax to the support or payment of bonds issued for a project within the purposes set forth in paragraph "a" of this subsection and located within one or more of the participatory cities or counties or may apply the proceeds of its bonds to the support of any such project. Revenue so pledged or applied shall be credited to the spending requirement of paragraph "a" of this subsection.

f. A city or county acting on behalf of an unincorporated area may, in lieu of calling an election, institute proceedings for the issuance of bonds under this section by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, together with the maximum rate of interest which the bonds are to bear, and the right to petition for an election, to be published at least once in a newspaper of general circulation within the city or unincorporated area at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds.

If at any time before the date fixed for taking action for the issuance of the bonds, a petition signed by three percent of the registered voters of the city or unincorporated area, asking that the question of issuing the bonds be submitted to the registered voters of the city or unincorporated area, the council

or board of supervisors acting on behalf of an unincorporated area shall either by resolution declare the proposal to issue the bonds to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds.

The proposition of issuing bonds under this section is not approved unless the vote in favor of the proposition is equal to a majority of the vote cast.

If no petition is filed, or if a petition is filed and the

proposition of issuing the bonds is approved at an election, the council or board of supervisors acting on behalf of an unincorporated area may proceed with the authorization and issuance of the bonds.

Bonds may be issued for the purpose of refunding outstanding and previously issued bonds under this subsection without otherwise complying with this paragraph.

CHAPTER 422B

LOCAL OPTION TAXES

422B.1 Authorization — election — imposition and repeal.

1. A county may impose by ordinance of the board of supervisors local option taxes authorized by this chapter, subject to this section and subject to the exception provided in subsection 2.

2. *a.* A city whose corporate boundaries include areas of two counties may impose by ordinance of its city council a local sales and services tax if all of the following apply:

(1) All the residents of the city live in one county.

(2) The county in which the city residents reside has held an election on the question of the imposition of a local sales and services tax and a majority of those voting on the question in the city favored its imposition.

(3) The city has entered into an agreement on the distribution of the sales and services tax revenues collected from the area where the city tax is imposed with the county where such area is located.

b. The city council of a city authorized to impose a local sales and services tax pursuant to paragraph "a" shall only do so subject to all of the following restrictions:

(1) The tax shall only be imposed in the area of the city located in the county where none of its residents reside.

(2) The tax shall be at the same rate and become effective at the same time as the county tax imposed in the other area of the city.

(3) The tax once imposed shall continue to be imposed until the county-imposed tax is reduced or increased in rate or repealed, and then the city-imposed tax shall also be reduced or increased in rate or repealed in the same amount and be effective on the same date.

(4) The tax shall be imposed on the same basis as provided in section 422B.8 and notification requirements in section 422B.9 apply.

(5) The city shall assist the department of revenue and finance to identify the businesses in the area which are to collect the city-imposed tax. The process shall be ongoing as long as the city tax is imposed.

c. The agreement on the distribution of the revenues collected from the city-imposed tax shall provide that fifty percent of such revenues shall be remitted to the county in which the part of the city where the city tax is imposed is located.

d. The latest certified federal census preceding the election held by the county on the question of imposition of the local sales and services tax shall be used in determining if the city qualifies under paragraph "a", subparagraph (1), to impose its own tax and in determining the area where the city tax may be imposed under paragraph "b", subparagraph (1).

e. A city is not authorized to impose a local sales and services tax under this subsection after January 1, 1998. A city that has imposed a local sales and services tax under this subsection on or before January 1, 1998, may continue to collect the tax until such time as the tax is repealed by the city and the fact that that area acquires residents after the tax is imposed shall not affect the imposition or collection of the tax.

3. A local option tax shall be imposed only after an election at which a majority of those voting on the question favors imposition and shall then be imposed until repealed as provided in subsection 6, paragraph "a". If the tax is a local vehicle tax imposed by a county, it shall apply to all incorporated and unincorporated areas of the county. If the tax is a local sales and services tax imposed by a county, it shall only apply to those incorporated areas and the unincorporated area of that county in which a majority of those voting in the area on the tax favors its imposition. For purposes of the local sales and services tax, all cities contiguous to each other shall be treated as part of one incorporated area and the tax would be imposed in each of those contiguous cities only if the majority of those voting in the total area covered by the contiguous cities favors its imposition. For purposes of the local sales and services tax, a city is not contiguous to another city if the only road access between the two cities is through another state.

4. *a.* A county board of supervisors shall direct within thirty days the county commissioner of elec-

tions to submit the question of imposition of a local vehicle tax or a local sales and services tax to the registered voters of the incorporated and unincorporated areas of the county upon receipt of a petition, requesting imposition of a local vehicle tax or a local sales and services tax, signed by eligible electors of the whole county equal in number to five percent of the persons in the whole county who voted at the last preceding state general election. In the case of a local vehicle tax, the petition requesting imposition shall specify the rate of tax and the classes, if any, that are to be exempt. If more than one valid petition is received, the earliest received petition shall be used.

b. The question of the imposition of a local sales and services tax shall be submitted to the registered voters of the incorporated and unincorporated areas of the county upon receipt by the county commissioner of elections of the motion or motions, requesting such submission, adopted by the governing body or bodies of the city or cities located within the county or of the county, for the unincorporated areas of the county, representing at least one half of the population of the county. Upon adoption of such motion, the governing body of the city or county, for the unincorporated areas, shall submit the motion to the county commissioner of elections and in the case of the governing body of the city shall notify the board of supervisors of the adoption of the motion. The county commissioner of elections shall keep a file on all the motions received and, upon reaching the population requirements, shall publish notice of the ballot proposition concerning the imposition of the local sales and services tax. A motion ceases to be valid at the time of the holding of the regular election for the election of members of the governing body which adopted the motion. The county commissioner of elections shall eliminate from the file any motion that ceases to be valid. The manner provided under this paragraph for the submission of the question of imposition of a local sales and services tax is an alternative to the manner provided in paragraph "a".

5. The county commissioner of elections shall submit the question of imposition of a local option tax at a state general election or at a special election held at any time other than the time of a city regular election. The election shall not be held sooner than sixty days after publication of notice of the ballot proposition. The ballot proposition shall specify the type and rate of tax and in the case of a vehicle tax the classes that will be exempt and in the case of a local sales and services tax the date it will be imposed. The ballot proposition shall also specify the approximate amount of local option tax revenues that will be used for property tax relief and shall contain a statement as to the specific purpose or purposes for which the revenues shall otherwise be expended. If the county board of supervisors decides under subsection 6 to specify a date on which the local option sales and services tax shall automatically be repealed, the date of the repeal shall also be specified on the ballot. The rate of the vehicle tax shall be in increments of one dollar per vehicle as set by the

petition seeking to impose the tax. The rate of a local sales and services tax shall not be more than one percent as set by the governing body. The state commissioner of elections shall establish by rule the form for the ballot proposition which form shall be uniform throughout the state.

6. a. If a majority of those voting on the question of imposition of a local option tax favor imposition of a local option tax, the governing body of that county shall impose the tax at the rate specified for an unlimited period. However, in the case of a local sales and services tax, the county shall not impose the tax in any incorporated area or the unincorporated area if the majority of those voting on the tax in that area did not favor its imposition. For purposes of the local sales and services tax, all cities contiguous to each other shall be treated as part of one incorporated area and the tax shall be imposed in each of those contiguous cities only if the majority of those voting on the tax in the total area covered by the contiguous cities favored its imposition. The local option tax may be repealed or the rate increased or decreased or the use thereof changed after an election at which a majority of those voting on the question of repeal or rate or use change favored the repeal or rate or use change. The election at which the question of repeal or rate or use change is offered shall be called and held in the same manner and under the same conditions as provided in subsections 4 and 5 for the election on the imposition of the local option tax. However, in the case of a local sales and services tax where the tax has not been imposed countywide, the question of repeal or imposition or rate or use change shall be voted on only by the registered voters of the areas of the county where the tax has been imposed or has not been imposed, as appropriate. However, the governing body of the incorporated area or unincorporated area where the local sales and services tax is imposed may, upon its own motion, request the county commissioner of elections to hold an election in the incorporated or unincorporated area, as appropriate, on the question of the change in use of local sales and services tax revenues. The election may be held at any time but not sooner than sixty days following publication of the ballot proposition. If a majority of those voting in the incorporated or unincorporated area on the change in use favor the change, the governing body of that area shall change the use to which the revenues shall be used. The ballot proposition shall list the present use of the revenues, the proposed use, and the date after which revenues received will be used for the new use.

When submitting the question of the imposition of a local sales and services tax, the county board of supervisors may direct that the question contain a provision for the repeal, without election, of the local sales and services tax on a specific date, which date shall be the end of a calendar quarter.

b. Within ten days of the election at which a majority of those voting on the question favors the imposition, repeal, or change in the rate of a local option tax, the governing body shall give written

notice to the director of revenue and finance or, in the case of a local vehicle tax, to the director of the department of transportation, of the result of the election.

7. More than one of the authorized local option taxes may be submitted at a single election and the different taxes shall be separately implemented as provided in this section.

Costs of local option tax elections shall be apportioned among jurisdictions within the county voting on the question at the same election on a pro rata basis in proportion to the number of registered voters in each taxing jurisdiction and the total number of registered voters in all of the taxing jurisdictions.

8. Local option taxes authorized to be imposed as provided in this chapter are a local sales and services tax and a local vehicle tax. The rate of the tax shall be in increments of one dollar per vehicle for a vehicle tax as set on the petition seeking to impose the vehicle tax. The rate of a local sales and services tax shall not be more than one percent as set by the governing body.

9. In a county that has imposed a local option sales and services tax, the board of supervisors shall, notwithstanding any contrary provision of this chapter, repeal the local option sales and services tax in the unincorporated areas or in an incorporated city area in which the tax has been imposed upon adoption of its own motion for repeal in the unincorporated areas or upon receipt of a motion adopted by the governing body of that incorporated city area requesting repeal. The board of supervisors shall repeal the local option sales and services tax effective at the end of the calendar quarter during which it adopted the repeal motion or the motion for the repeal was received. For purposes of this subsection, incorporated city area includes an incorporated city which is contiguous to another incorporated city.

10. Notwithstanding subsection 9 or any other contrary provision of this chapter, a local option sales and services tax shall not be repealed or reduced in rate if obligations are outstanding which are payable as provided in section 422B.12, unless funds sufficient to pay the principal, interest, and premium, if any, on the outstanding obligations at and prior to maturity have been properly set aside and pledged for that purpose.

422B.8 Local sales and services tax.

A local sales and services tax at the rate of not more than one percent may be imposed by a county on the gross receipts taxed by the state under chapter 422, division IV. A local sales and services tax shall be imposed on the same basis as the state sales and services tax and may not be imposed on the sale of

any property or on any service not taxed by the state, except the tax shall not be imposed on the gross receipts from the sale of motor fuel or special fuel as defined in chapter 452A, on the gross receipts from the rental of rooms, apartments, or sleeping quarters which are taxed under chapter 422A during the period the hotel and motel tax is imposed, on the gross receipts from the sale of natural gas or electric energy in a city or county where the gross receipts are subject to a franchise fee or user fee during the period the franchise or user fee is imposed, on the gross receipts from the sale of equipment by the state department of transportation, and on the gross receipts from the sale of a lottery ticket or share in a lottery game conducted pursuant to chapter 99E. A local sales and services tax is applicable to transactions within those incorporated and unincorporated areas of the county where it is imposed and shall be collected by all persons required to collect state gross receipts taxes. All cities contiguous to each other shall be treated as part of one incorporated area and the tax would be imposed in each of those contiguous cities only if the majority of those voting in the total area covered by the contiguous cities favor its imposition.

The amount of the sale, for purposes of determining the amount of the local sales and services tax, does not include the amount of any state gross receipts taxes.

A tax permit other than the state tax permit required under section 422.53 shall not be required by local authorities.

422B.10 Payment to local governments.

1. The director shall credit the local sales and services tax receipts and interest and penalties from a county-imposed tax to the county's account in the local sales and services tax fund and from a city-imposed tax under section 422B.1, subsection 2, to the city's account in the local sales and services tax fund. If the director is unable to determine from which county any of the receipts were collected, those receipts shall be allocated among the possible counties based on allocation rules adopted by the director.

2. a. The director of revenue and finance within fifteen days of the beginning of each fiscal year shall send to each city or county where the local option tax is imposed, an estimate of the amount of tax moneys each city or county will receive for the year and for each quarter of the year. At the end of each quarter, the director may revise the estimates for the year and remaining quarters.

b. The director of revenue and finance shall remit ninety percent of the estimate tax receipts for the city or county to the city or county after the end of each quarter no later than the following dates: November 10, February 10, May 10, and August 10.

c. The director of revenue and finance shall remit a final payment of the remainder of tax moneys due the city or county for the fiscal year before the due date for the payment of the first quarter of the next

fiscal year. If an overpayment has resulted during the previous fiscal year, the first payment of the new fiscal year shall be adjusted to reflect any overpayment.

3. Seventy-five percent of each county's account shall be remitted on the basis of the county's population residing in the unincorporated area where the tax was imposed and those incorporated areas where the tax was imposed as follows:

a. To the board of supervisors a pro rata share based upon the percentage of the above population of the county residing in the unincorporated area of the county where the tax was imposed according to the most recent certified federal census.

b. To each city in the county where the tax was imposed a pro rata share based upon the percentage of the city's population residing in the county to the above population of the county according to the most recent certified federal census.

4. Twenty-five percent of each county's account shall be remitted based on the sum of property tax dollars levied by the board of supervisors if the tax was imposed in the unincorporated areas and each city in the county where the tax was imposed during the three-year period beginning July 1, 1982 and ending June 30, 1985 as follows:

a. To the board of supervisors a pro rata share based upon the percentage of the total property tax dollars levied by the board of supervisors during the above three-year period.

b. To each city council where the tax was imposed a pro rata share based upon the percentage of property tax dollars levied by the city during the above three-year period of the above total property tax dollars levied by the board of supervisors and each city where the tax was imposed during the above three-year period.

5. From each city's account, the percent of revenues agreed to be distributed to the county in the agreement entered into as provided in section 422B.1, subsection 2, paragraph "a", subparagraph (3), and paragraph "c", shall be deposited into the appropriate county's account to be remitted as provided in subsections 3 and 4. The remaining revenues in the city's account shall be remitted to the city council. If a county does not have an account, its percent of the revenues shall be remitted directly to the county board of supervisors.

6. Local sales and services tax moneys received by a city or county may be expended for any lawful purpose of the city or county.

b. "Designated portion" means the portion of the local option sales and services tax revenues which is authorized to be expended for one or a combination of purposes under an adopted public measure.

c. "Secondary recipient" means a political subdivision of the state which is to receive revenues from a local option sales and services tax over a period of years pursuant to the terms of a chapter 28E agreement with one or more cities or counties.

2. An issuer of public bonds which is a recipient of revenues from a local option sales and services tax imposed pursuant to this chapter may issue bonds in anticipation of the collection of one or more designated portions of the local option sales and services tax and may pledge irrevocably an amount of the revenue derived from the designated portions for each of the years the bonds remain outstanding to the payment of the bonds. Bonds may be issued only for one or more of the purposes set forth on the ballot proposition concerning the imposition of the local option sales and services tax, except bonds shall not be issued which are payable from that portion of tax revenues designated for property tax relief. The bonds may be issued in accordance with the procedures set forth in either subsection 3 or 4.

3. The governing body of an issuer may authorize the issuance of bonds which are payable from the designated portion of the revenues of the local option sales and services tax, and not from property tax, by following the authorization procedures set forth for cities in section 384.83. Bonds may be issued for the purpose of refunding outstanding and previously issued bonds under this subsection without otherwise complying with the provisions of this subsection.

4. To authorize the issuance of bonds payable as provided in this subsection, the governing body of an issuer shall comply with all of the procedures as follows:

a. A bond issuer may institute proceedings for the issuance of bonds by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, together with the maximum rate of interest which the bonds are to bear, and the right to petition for an election, to be published at least once in a newspaper of general circulation within the political subdivision or unincorporated area at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds.

If at any time before the date fixed for taking action for the issuance of the bonds, a petition signed by three percent of the registered voters of the bond issuer is filed, asking that the question of issuing the bonds be submitted to the registered voters, the governing body shall either by resolution declare the proposal to issue the bonds to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds. The proposition of issuing bonds under this subsection is not approved unless the vote in favor of the proposition is equal to at least sixty percent of the vote cast. If a petition is not filed, or if a petition is

filed and the proposition of issuing the bonds is approved at an election, the governing body acting on behalf of the issuer may proceed with the authorization and issuance of the bonds. Bonds may be issued for the purpose of refunding outstanding and previously issued bonds under this subsection without otherwise complying with the provisions of this subsection.

b. The provisions of chapter 76 apply to the bonds payable as provided in this subsection, except that the mandatory levy to be assessed pursuant to section 76.2 shall be at a rate to generate an amount which together with the receipts from the pledged designated portion of the local option sales and services tax is sufficient to pay the interest and principal on the bonds. All amounts collected as a result of the levy assessed pursuant to section 76.2 and paid out in the first instance for bond principal and interest shall be repaid to the bond issuer which levied the tax from the first available designated portion of local option sales and services tax collections received in excess of the requirement for the payment of the principal and interest of the bonds and when repaid shall be applied in reduction of property taxes. The amount of bonds which may be issued under section 76.3 shall be the amount which could be retired from the actual collections of the designated portions of the local option sales and services tax for the last four calendar quarters, as certified by the director of revenue and finance. The amount of tax revenues pledged jointly by other cities or counties may be considered for the purpose of determining the amount of bonds which may be issued. If the local option sales and services tax has been in effect for less than four calendar quarters, the tax collected within the shorter period may be adjusted to project the collections of the designated portion for the full year for the purpose of determining the amount of the bonds which may be issued. The provisions of this section constitute separate authorization for the issuance of bonds and shall prevail in the event of conflict with any other provision of the Code limiting

the amount of bonds which may be issued or the source of payment of the bonds. Bonds issued under this section shall not limit or restrict the authority of the bond issuer to issue bonds under other provisions of the Code.

5. A city or county, jointly with one or more other political subdivisions as provided in chapter 28E, may pledge irrevocably any amount derived from the designated portions of the revenues of the local option sales and services tax to the support or payment of bonds of an issuer, issued for one or more purposes set forth on the ballot proposition concerning the imposition of the local option sales and services tax or a political subdivision may apply the proceeds of its bonds to the support of any such purpose.

6. Bonds issued pursuant to this section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, and shall not be subject to the provisions of any other law or charter relating to the authorization, issuance, or sale of bonds. Bonds issued pursuant to this section are declared to be issued for an essential public and governmental purpose. Bonds issued pursuant to this section shall be authorized by resolution of the governing body and may be issued in one or more series and shall bear the date or dates, be payable on demand or mature at the time or times, bear interest at the rate or rates not exceeding that permitted by chapter 74A, be in the denomination or denominations, be in the form, have the rank or priority, be executed in the manner, be payable in the medium of payment, at the place or places, be subject to the terms of redemption, with or without premium, be secured in the manner, and have the other characteristics, as may be provided by the resolution authorizing their issuance. The bonds may be sold at public or private sale at a price as may be determined by the governing body.

However, the fund shall be considered a special account for the purposes of section 8.53, relating to elimination of any GAAP deficit. These payments shall continue until the combined amount of the payments made under this subsection and subsection 1 are equal to fifty percent of the total of all counties' base year expenditures as defined in section 331.438. PROPERTY EXEMPT AND TAXABLE

427.1 Exemptions.

The following classes of property shall not be taxed:

1. *Federal and state property.* The property of the United States and this state, including state university, university of science and technology, and school lands. The exemption herein provided shall not include any real property subject to taxation under any federal statute applicable thereto, but such exemption shall extend to and include all machinery and equipment owned exclusively by the United States or any corporate agency or instrumentality thereof without regard to the manner of the affixation of such machinery and equipment to the land or building upon or in which such property is located, until such time as the Congress of the United States shall expressly authorize the taxation of such machinery and equipment.

2. *Municipal and military property.* The property of a county, township, city, school corporation, levee district, drainage district or military company of the state of Iowa, when devoted to public use and not held for pecuniary profit, except property of a municipally owned electric utility held under joint ownership and property of an electric power facility financed under chapter 28F which shall be subject to assessment and taxation under provisions of chapters 428 and 437. The exemption for property owned by a city or county also applies to property which is operated by a city or county as a library, art gallery or museum, conservatory, botanical garden or display, observatory or science museum, or as a location for holding athletic contests, sports or entertainment events, expositions, meetings or conventions, or leased from the city or county for any such purposes. Food and beverages may be served at the events or locations without affecting the exemptions, provided the city has approved the serving of food and beverages on the property if the property is owned by the city or the county has approved the serving of food and beverages on the property if the property is owned by the county.

3. *Public grounds and cemeteries.* Public grounds, including all places for the burial of the dead; and crematoriums with the land, not exceeding one acre, on which they are built and appurtenant thereto, so long as no dividends or profits are derived therefrom.

5. Reserved.

6. *Property of associations of war veterans.* The property of any organization composed wholly of veterans of any war, when such property is devoted entirely to its own use and not held for pecuniary profit.

7. *Property of cemetery associations.* Burial grounds, mausoleums, buildings and equipment owned and operated by cemetery associations and used exclusively for the maintenance and care of the cemeteries devoted to interment of human bodies and human remains. The exemption granted by this subsection shall not apply to any property used for the practice of mortuary science.

9. *Property of religious, literary, and charitable societies.* All grounds and buildings used or under construction by literary, scientific, charitable, benevolent, agricultural, and religious institutions and societies solely for their appropriate objects, not exceeding three hundred twenty acres in extent and not leased or otherwise used or under construction with a view to pecuniary profit. However, an organization mentioned in this subsection whose primary objective is to preserve land in its natural state may own or lease land not exceeding three hundred twenty acres in each county for its appropriate objects. All deeds or leases by which such property is held shall be filed for record before the property herein described shall be omitted from the assessment. All such property shall be listed upon the tax rolls of the district or districts in which it is located and shall have ascribed to it an actual fair market value and an assessed or taxable value, as contemplated by section 441.21, whether such property be subject to a levy or be exempted as herein provided and such information shall be open to public inspection.

10. Reserved.

11. *Property of educational institutions.* Real estate owned by any educational institution of this state as a part of its endowment fund, to the extent of one hundred sixty acres in any civil township except any real property acquired after January 1, 1965, by any educational institution as a part of its endowment fund or upon which any income is derived or used, directly or indirectly, for full or partial payment for services rendered, shall be taxed beginning with the levies applied for taxes payable in the year 1967, at the same rate as all other property of the same class in the taxing district in which the real property is located. The property acquired prior to January 1, 1965, and held or owned as part of the endowment fund of an educational institution shall be subject to assessment and levy in the assessment year 1974 for taxes payable in 1975. All the property shall be listed on the assessment rolls in the district in which the property is located and an actual fair market value and an assessed or taxable value be ascribed to it, as contemplated by section 441.21, irrespective of whether an exemption under this sub-

section may be or is affirmed, and the information shall be open to public inspection; it being the intent of this section that the property be valued whether or not it be subject to a levy. Every educational institution claiming an exemption under this subsection shall file with the assessor not later than February 1 of the year for which the exemption is requested, a statement upon forms to be prescribed by the director of revenue and finance, describing and locating the property upon which exemption is claimed. Property which is located on the campus grounds and used for student union purposes may serve food and beverages without affecting its exemption received pursuant to subsection 9 or this subsection.

12. *Homes for soldiers.* The buildings and grounds of homes owned and operated by organizations of soldiers, sailors, or marines of any of the wars of the United States when used for a home for disabled soldiers, sailors, or marines and not operated for pecuniary profit.

22. Reserved.

23. *Statement of objects and uses filed.* A society or organization claiming an exemption under subsection 6 or subsection 9 of this section shall file with the assessor not later than July 1 a statement upon forms to be prescribed by the director of revenue and finance, describing the nature of the property upon which the exemption is claimed and setting out in detail any uses and income from the property derived from the rentals, leases, or other uses of the property not solely for the appropriate objects of the society or organization. Upon the filing and allowance of the claim, the claim shall be allowed on the property for successive years without further filing as long as the property is used for the purposes specified in the original claim for exemption. When the property is sold or transferred, the county recorder shall provide notice of the transfer to the assessor. The notice shall describe the property transferred and the name of the person to whom title to the property is transferred.

The assessor, in arriving at the valuation of any property of the society or organization, shall take into consideration any uses of the property not for the appropriate objects of the organization and shall

assess in the same manner as other property, all or any portion of the property involved which is leased or rented and is used regularly for commercial purposes for a profit to a party or individual. If a portion of the property is used regularly for commercial purposes an exemption shall not be allowed upon property so used and the exemption granted shall be in the proportion of the value of the property used solely for the appropriate objects of the organization, to the entire value of the property. However, the board of trustees or the board of directors of a hospital, as defined in section 135B.1, subsection 1, may permit use of a portion of the hospital for commercial purposes, and the hospital is entitled to full exemption for that portion used for nonprofit health-related purposes, upon compliance with the filing requirements of this subsection.

An exemption shall not be granted upon property upon or in which persistent violations of the laws of the state are permitted. A claimant of an exemption shall, under oath, declare that no violations of law will be knowingly permitted or have been permitted on or after January 1 of the year in which a tax exemption is requested. Claims for exemption shall be verified under oath by the president or other responsible head of the organization. A society or organization which ceases to use the property for the purposes stated in the claim shall provide written notice to the assessor of the change in use.

24. Reserved.

25. *Mandatory denial.* No exemption shall be granted upon any property which is the location of federally licensed devices not lawfully permitted to operate under the laws of the state.

26. *Revoking exemption.* Any taxpayer or any taxing district may make application to the director of revenue and finance for revocation for any exemption, based upon alleged violations of this chapter. The director of revenue and finance may also on the director's own motion set aside any exemption which has been granted upon property for which exemption is claimed under this chapter. The director of revenue and finance shall give notice by mail to the societies or organizations claiming an exemption upon property, exemption of which is questioned before or by the director of revenue and finance, and any order made by the director of revenue and finance revoking or modifying an exemption is subject to judicial review in accordance with the Iowa administrative procedure Act. Notwithstanding the terms of that Act, petitions for judicial review may be filed in the district court having jurisdiction in the county in which the property is located, and must be filed within thirty days after any order revoking an exemption is made by the director of revenue and finance.

27. *Tax provisions for armed forces.* If any person enters any branch of the armed service of the United States in time of national emergency, all personal property used in making the livelihood, in excess of three hundred dollars in value, of such person shall be assessed but no tax shall be due if

such person upon return from service, or in event of the person's death if the person's executor, administrator or next of kin, executes an affidavit to the county assessor that such property was not used in any manner during the person's absence, the tax as assessed thereon shall be waived and no payment shall be required.

28. Reserved.

29. Reserved.

30. *Rural water sales.* The real property of a nonprofit corporation engaged in the distribution and sale of water to rural areas when devoted to public use and not held for pecuniary profit.

31. *Assessed value of exempt property.* Each county and city assessor shall determine the assessment value that would be assigned to the property if it were taxable and value all tax exempt property within the assessor's jurisdiction. A summary report of tax exempt property shall be filed with the director of revenue and finance and the local board of review on or before April 16 of each year on forms prescribed by the director of revenue and finance.

32. *Pollution control and recycling.* Pollution-control or recycling property as defined in this subsection shall be exempt from taxation to the extent provided in this subsection, upon compliance with the provisions of this subsection.

This exemption shall apply to new installations of pollution-control or recycling property beginning on January 1 after the construction or installation of the property is completed. This exemption shall apply beginning on January 1, 1975, to existing pollution-control property if its construction or installation was completed after September 23, 1970, and this exemption shall apply beginning January 1, 1994, to recycling property.

This exemption shall be limited to the market value, as defined in section 441.21, of the pollution-control or recycling property. If the pollution-control or recycling property is assessed with other property as a unit, this exemption shall be limited to the net market value added by the pollution-control or recycling property, determined as of the assessment date.

Application for this exemption shall be filed with the assessing authority not later than the first of February of the first year for which the exemption is requested, on forms provided by the department of revenue and finance. The application shall describe and locate the specific pollution-control or recycling property to be exempted.

The application for a specific pollution-control or recycling property shall be accompanied by a certificate of the administrator of the environmental protection division of the department of natural resources certifying that the primary use of the pollution-control property is to control or abate pollution of any air or water of this state or to enhance the quality of any air or water of this state or, if the property is recycling property, that the primary use of the property is for recycling.

A taxpayer may seek judicial review of a determination of the administrator of the environmental

protection division or, on appeal, of the environmental protection commission in accordance with the provisions of chapter 17A.

The environmental protection commission of the department of natural resources shall adopt rules relating to certification under this subsection and information to be submitted for evaluating pollution control or recycling property for which a certificate is requested. The department of revenue and finance shall adopt any rules necessary to implement this subsection, including rules on identification and valuation of pollution-control or recycling property. All rules adopted shall be subject to the provisions of chapter 17A.

For the purposes of this subsection "*pollution-control property*" means personal property or improvements to real property, or any portion thereof, used primarily to control or abate pollution of any air or water of this state or used primarily to enhance the quality of any air or water of this state and "*recycling property*" means personal property or improvements to real property or any portion of the property, used primarily in the manufacturing process and resulting directly in the conversion of waste plastic, waste-paper products, or waste paperboard, into new raw materials or products composed primarily of recycled material. In the event such property shall also serve other purposes or uses of productive benefit to the owner of the property, only such portion of the assessed valuation thereof as may reasonably be calculated to be necessary for and devoted to the control or abatement of pollution, to the enhancement of the quality of the air or water of this state, or for recycling shall be exempt from taxation under this subsection.

For the purposes of this subsection "*pollution*" means air pollution as defined in section 455B.131 or water pollution as defined in section 455B.171. "*Water of the state*" means the water of the state as defined in section 455B.171. "*Enhance the quality*" means to diminish the level of pollutants below the air or water quality standards established by the environmental protection commission of the department of natural resources.

33. *Impoundment structures.* The impoundment structure and any land underlying an impoundment located outside an incorporated city, which are not developed or used directly or indirectly for non-agricultural income-producing purposes and which are maintained in a condition satisfactory to the soil and water conservation district commissioners of the county in which the impoundment structure and the impoundment are located. A person owning land which qualifies for a property tax exemption under this subsection shall apply to the county assessor each year before the first of July for the exemption. The application shall be made on forms prescribed by the department of revenue and finance. The first application shall be accompanied by a copy of the water storage permit approved by the administrator of the environmental protection division of the department of natural resources and a copy of the plan for the construction of the impoundment structure

and the impoundment. The construction plan shall be used to determine the total acre-feet of the impoundment and the amount of land which is eligible for the property tax exemption status. The county assessor shall annually review each application for the property tax exemption under this subsection and submit it, with the recommendation of the soil and water conservation district commissioners, to the board of supervisors for approval or denial. An applicant for a property tax exemption under this subsection may appeal the decision of the board of supervisors to the district court. As used in this subsection, "*impoundment*" means a reservoir or pond which has a storage capacity of at least eighteen acre-feet of water or sediment at the time of construction; "*storage capacity*" means the total area below the crest elevation of the principal spillway including the volume of any excavation in the area; and "*impoundment structure*" means a dam, earth-fill, or other structure used to create an impoundment.

34. *Low-rent housing.* The property owned and operated by a nonprofit organization providing low-rent housing for the elderly and the physically and mentally handicapped. The exemption granted under the provisions of this subsection shall apply only until the terms of the original low-rent housing development mortgage is paid in full or expires, subject to the provisions of subsections 23 and 24.

35. Reserved.

36. *Natural conservation or wildlife areas.* Recreational lakes, forest covers, rivers and streams, river and stream banks, and open prairies as designated by the board of supervisors of the county in which located. The board of supervisors shall annually designate the real property, not to exceed in the aggregate for the fiscal year beginning July 1, 1983, the greater of one percent of the acres assessed as agricultural land or three thousand acres in each county, for which this exemption shall apply. For subsequent fiscal years, the limitation on the maximum acreage of real property that may be granted exemptions shall be the limitation for the previous fiscal year, unless the amount of acreage granted exemptions for the previous fiscal year equaled the limitation for that year, then the limitation for the subsequent fiscal year is the limitation for the previous fiscal year plus an increase, not to exceed three hundred acres, of ten percent of that limitation. The procedures of this subsection shall be followed for each assessment year to procure an exemption for the fiscal year beginning in the assessment year. The exemption shall be only for the fiscal year for which it is granted. A parcel of property may be granted subsequent exemptions. The exemption shall only be granted for parcels of property of two acres or more.

Application for this exemption shall be filed with the commissioners of the soil and water conservation district in which the property is located, not later than April 15 of the assessment year, on forms provided by the department of revenue and finance. The application shall describe and locate the property to

be exempted and have attached to it an aerial photo of that property on which is outlined the boundaries of the property to be exempted. In the case of an open prairie which is or includes a gully area susceptible to severe erosion, an approved erosion control plan must accompany the application. Upon receipt of the application, the commissioners shall certify whether the property is eligible to receive the exemption. The commissioners shall not withhold certification of the eligibility of property because of the existence upon the property of an abandoned building or structure which is not used for economic gain. If the commissioners certify that the property is eligible, the application shall be forwarded to the board of supervisors by May 1 of that assessment year with the certification of the eligible acreage. An application must be accompanied by an affidavit signed by the applicant that if an exemption is granted, the property will not be used for economic gain during the assessment year in which the exemption is granted.

Before the board of supervisors may designate real property for the exemption, it shall establish priorities for the types of real property for which an exemption may be granted and the amount of acreage. These priorities may be the same as or different than those for previous years. The board of supervisors shall get the approval of the governing body of the city before an exemption may be granted to real property located within the corporate limits of that city. A public hearing shall be held with notice given as provided in section 73A.2 at which the proposed priority list shall be presented. However, no public hearing is required if the proposed priorities are the same as those for the previous year. After the public hearing, the board of supervisors shall adopt by resolution the proposed priority list or another priority list. Property upon which are located abandoned buildings or structures shall have the lowest priority on the list adopted, except where the board of supervisors determines that a structure has historic significance. The board of supervisors shall also provide for a procedure where the amount of acres for which exemptions are sought exceeds the amount the priority list provides for that type or in the aggregate for all types.

After receipt of an application with its accompanying certification and affidavit and the establishment of the priority list, the board of supervisors may grant a tax exemption under this subsection using the established priority list as a mandate. Real property designated for the tax exemption shall be designated by May 15 of the assessment year in which begins the fiscal year for which the exemption is granted. Notification shall be sent to the county auditor and the applicant.

The board of supervisors does not have to grant tax exemptions under this subsection, grant tax exemptions in the aggregate of the maximum acreage which may be granted exemptions, or grant a tax exemption for the total acreage for which the applicant requested the exemption. Only real property in parcels of two acres or more which is recreational lakes,

forest cover, river and stream, river and stream banks, or open prairie and which is utilized for the purposes of providing soil erosion control or wildlife habitat or both, and which is subject to property tax for the fiscal year for which the tax exemption is requested, is eligible for the exemption under this subsection. However, in addition to the above, in order for a gully area which is susceptible to severe erosion to be eligible, there must be an erosion control plan for it approved by the commissioners of the soil and water conservation district in which it is located. In the case of an exemption for river and stream or river and stream banks, the exemption shall not be granted unless there is included in the exemption land located at least thirty-three feet from the ordinary high water mark of the river and stream or river and stream banks. Property shall not be denied an exemption because of the existence upon the property of an abandoned building or structure which is not used for economic gain. If the real property is located within a city, the approval of the governing body must be obtained before the real property is eligible for an exemption. For purposes of this subsection:

a. "*Open prairies*" includes hillsides and gully areas which have a permanent grass cover but does not include native prairies meeting the criteria of the natural resource commission.

b. "*Forest cover*" means land which is predominantly wooded.

c. "*Recreational lake*" means a body of water, which is not a river or stream, owned solely by a non-profit organization and primarily used for boating, fishing, swimming and other recreational purposes.

d. "*Used for economic gain*" includes, but is not limited to, using property for the storage of equipment, machinery, or crops.

Notwithstanding other requirements under this subsection, the owner of any property lying between a river or stream and a dike which is required to be set back three hundred feet or less from the river or stream shall automatically be granted an exemption for that property upon submission of an application accompanied by an affidavit signed by the applicant that if the exemption is granted the property will not be used for economic gain during the period of exemption. The exemption shall continue from year to year for as long as the property qualifies and is not used for economic gain, without need for filing additional applications or affidavits. Property exempted pursuant to this paragraph is in addition to the maximum acreage applicable to other exemptions under this subsection.

37. *Native prairie and wetland.* Land designated as native prairie or land designated as a protected wetland by the department of natural resources pursuant to section 456B.12. Application for the exemption shall be made on forms provided by the department of revenue and finance. Land designated as a protected wetland shall be assessed at a value equal to the average value of the land where the wetland is located and which is owned by the person granted the exemption. The application forms shall be filed with the assessing authority not later than

the first of February of the year for which the exemption is requested. The application must be accompanied by an affidavit signed by the applicant that if the exemption is granted, the property will not be used for economic gain during the assessment year in which the exemption is granted. If the property is used for economic gain during the assessment year in which the exemption is granted, the property shall lose its tax exemption and shall be taxed at the rate levied by the county for the fiscal year beginning in that assessment year. The first annual application shall be accompanied by a certificate from the department of natural resources stating that the land is native prairie or protected wetland. The department of natural resources shall issue a certificate for the native prairie exemption if the department finds that the land has never been cultivated, is unimproved, is primarily a mixture of warm season grasses interspersed with flowering plants, and meets the other criteria established by the natural resource commission for native prairie. The department of natural resources shall issue a certificate for the wetland exemption if the department finds the land is a protected wetland, as defined under section 456B.1, or if the wetland was previously drained and cropped but has been restored under a nonpermanent restoration agreement with the department or other county, state, or federal agency or private conservation group. A taxpayer may seek judicial review of a decision of the department according to chapter 17A. The natural resource commission shall adopt rules to implement this subsection.

The assessing authority each year may submit to the department a claim for reimbursement of tax revenue lost from the exemption. Upon receipt of the claim, the department shall reimburse the assessing authority an amount equal to the lost tax revenue based on the value of the protected wetland as assessed by the authority, unless the department reimburses the authority based upon a departmental assessment of the protected wetland. The authority may contest the department's assessment as provided in chapter 17A. The department is not required to honor a claim submitted more than sixty days after the authority has assessed land where the protected wetland is located and which is owned by the person granted the exemption.

38. *Land certified as a wildlife habitat.* The owner of agricultural land may designate not more than two acres of the land for use as a wildlife habitat. After inspection, if the land meets the standards established by the natural resource commission for a wildlife habitat under section 483A.3, the department of natural resources shall certify the designated land as a wildlife habitat and shall send a copy of the certification to the appropriate assessor. The department of natural resources may subsequently withdraw certification of the designated land if it fails to meet the established standards for a wildlife habitat and the assessor shall be given written notice of the decertification.

39. *Right-of-way.* Railroad right-of-way and improvements on the right-of-way only during that

period of time that the Iowa railway finance authority holds an option to purchase the right-of-way under section 327I.24.

40. *Public television station.* All grounds and buildings used or under construction for a public television station and not leased or otherwise used or under construction for pecuniary profit.

41. *Speculative shell buildings of certain organizations.* New construction of shell buildings by community development organizations, not-for-profit cooperative associations under chapter 499, or for-profit entities for speculative purposes or the portion of the value added to buildings being reconstructed or renovated by community development organizations, not-for-profit cooperative associations under chapter 499, or for-profit entities in order to become speculative shell buildings. The exemption or partial exemption shall be allowed only pursuant to ordinance of a city council or board of supervisors, which ordinance shall specify if the exemption will be available for community development organizations, not-for-profit cooperative associations under chapter 499, or for-profit entities and shall be effective for the assessment year in which the building is first assessed for property taxation or the assessment year in which the reconstruction or renovation first adds value and all subsequent years until the property is leased or sold or for a specific time period stated in the ordinance or until the exemption is terminated by ordinance of the city council or board of supervisors which approved the exemption. Eligibility for an exemption as a speculative shell building shall be determined as of January 1 of the assessment year. However, an exemption shall not be granted a speculative shell building of a not-for-profit cooperative association under chapter 499 or a for-profit entity if the building is used by the cooperative association or for-profit entity, or a subsidiary or majority owners thereof for other than as a speculative shell building. If the shell building or any portion of the shell building is leased or sold, the portion of the shell building which is leased or sold shall not be entitled to an exemption under this subsection for subsequent years. An application shall be filed pursuant to section 427B.4 for each project for which an exemption is claimed. Upon the sale of the shell building, the shell building shall be considered new construction for purposes of section 427B.1 if used for purposes set forth in section 427B.1.

For purposes of this subsection the following definitions apply:

(e) A representative of private citizens in the community, area, or region.

b. *"New construction"* means new buildings or structures and includes new buildings or structures which are constructed as additions to existing buildings or structures. *"New construction"* also includes reconstruction or renovation of an existing building or structure which constitutes complete replacement of an existing building or structure or refitting of an existing building or structure, if the reconstruction or renovation of the existing building or structure is required due to economic obsolescence, if the reconstruction or renovation is necessary to implement recognized industry standards for the manufacturing or processing of products, and the reconstruction or renovation is required in order to competitively manufacture or process products or for community development organizations, not-for-profit cooperative associations under chapter 499, or for-profit entities to market a building or structure as a speculative shell building, which determination must receive prior approval from the city council of the city or county board of supervisors of the county.

c. *"Speculative shell building"* means a building or structure owned and constructed or reconstructed by a community development organization, a not-for-profit cooperative association under chapter 499, or a for-profit entity without a tenant or buyer for the purpose of attracting an employer or user which will complete the building to the employer's or user's specification for manufacturing, processing, or warehousing the employer's or user's product line.

42. *Joint water utilities.* The property of a joint water utility established under chapter 389, when devoted to public use and not held for pecuniary profit.

43. *Methane gas conversion.* Methane gas conversion property shall be exempt from taxation.

For purposes of this subsection, *"methane gas conversion property"* means personal property, real property, and improvements to real property, and machinery, equipment, and computers assessed as real property pursuant to section 427A.1, subsection 1, paragraphs "e" and "j", used in an operation connected with a publicly owned sanitary landfill to collect methane gas or other gases produced as a by-product of waste decomposition and to convert the gas to energy.

If the property used to convert the gas to energy also burns another fuel, the exemption shall apply to that portion of the value of such property which

equals the ratio that its use of methane gas bears to total fuel consumed.

Application for this exemption shall be filed with the assessing authority not later than February 1 of each year for which the exemption is requested on forms provided by the department of revenue and finance. The application shall describe and locate the specific methane gas conversion property to be exempted. If the property consuming methane gas also consumes another fuel, the first year application shall contain a statement to that effect and shall identify the other fuel and estimate the ratio that the methane gas consumed bears to the total fuel consumed. Subsequent year applications shall identify the actual ratio for the previous year which ratio shall be used to calculate the exemption for that assessment year.

f. Property taxed under chapter 499B.

g. Rights to space above the land.

This subsection does not apply to any land or building.

5. Nothing in this section shall be construed to permit an item of property to be assessed and taxed in this state more than once in any one year.

6. The assessing authority shall annually reassess property which is assessed and taxed as real property, but which would be regarded as personal property except for this section. This section shall not be construed to limit the assessing authority's powers to assess or reassess under other provisions of law.

427B.17 Property subject to special valuation.

1. For property defined in section 427A.1, subsection 1, paragraphs "e" and "j", acquired or initially leased on or after January 1, 1982, the taxpayer's valuation shall be limited to thirty percent of the net acquisition cost of the property, except as otherwise provided in subsections 2 and 3. For purposes of this section, "net acquisition cost" means the acquired cost of the property including all foundations and installation cost less any excess cost adjustment.

For purposes of this subsection:

a. Property acquired before January 1, 1982, which was owned or used before January 1, 1982, by a related person shall not receive the benefits of this subsection.

b. Property acquired on or after January 1, 1982, which was owned and used by a related person shall not receive any additional benefits under this subsection.

c. Property which was owned or used before January 1, 1982, and subsequently acquired by an exchange of like property shall not receive the benefits of this subsection.

d. Property which was acquired on or after January 1, 1982, and subsequently exchanged for like property shall not receive any additional benefits under this subsection.

e. Property acquired before January 1, 1982, which is subsequently leased to a taxpayer or related person who previously owned the property shall not receive the benefits of this subsection.

f. Property acquired on or after January 1, 1982, which is subsequently leased to a taxpayer or related person who previously owned the property shall not receive any additional benefits under this subsection.

For purposes of this subsection, "related person" means a person who owns or controls the taxpayer's business and another business entity from which property is acquired or leased or to which property is sold or leased. Business entities are owned or controlled by the same person if the same person directly or indirectly owns or controls fifty percent or more of the assets or any class of stock or who directly or indirectly has an interest of fifty percent or more in the ownership or profits.

2. Property defined in section 427A.1, subsection 1, paragraphs "e" and "j", which is first assessed for taxation in this state on or after January 1, 1995, shall be exempt from taxation.

3. Property defined in section 427A.1, subsection 1, paragraphs "e" and "j", and assessed under subsection 1 of this section, shall be valued by the local assessor as follows for the following assessment years:

a. For the assessment year beginning January 1, 1999, at twenty-two percent of the net acquisition cost.

b. For the assessment year beginning January 1, 2000, at fourteen percent of the net acquisition cost.

c. For the assessment year beginning January 1, 2001, at six percent of the net acquisition cost.

d. For the assessment year beginning January 1, 2002, and succeeding assessment years, at zero percent of the net acquisition cost.

4. Property assessed pursuant to this section shall not be eligible to receive a partial exemption under sections 427B.1 to 427B.6.

5. This section shall not apply to property assessed by the department of revenue and finance pursuant to sections 428.24 to 428.29, or chapters 433, 434, and 436 to 438, and such property shall not receive the benefits of this section.

Any electric power generating plant which operated during the preceding assessment year at a net capacity factor of more than twenty percent, shall not receive the benefits of this section or of sections 15.332 and 15.334. For purposes of this section, "electric power generating plant" means any name plate rated electric power generating plant, in which electric energy is produced from other forms of energy, including all taxable land, buildings, and equipment used in the production of such energy. "Net capacity factor" means net actual generation divided by the product of net maximum capacity times the number of hours the unit was in the active state during the assessment year. Upon commissioning, a unit is in the active state until it is decommissioned. "Net actual generation" means net electrical megawatt hours produced by the unit during the preceding assessment year. "Net maximum capacity" means the capacity the unit can sustain over a specified period when not restricted by ambient conditions or equipment deratings, minus the losses associated with station service or auxiliary loads.

6. The taxpayer's valuation of property defined in section 427A.1, subsection 1, paragraphs "e" and "j", and located in an urban renewal area for which an urban renewal plan provides for the division of taxes as provided in section 403.19 to pay the principal and interest on loans, advances, bonds issued under the authority of section 403.9, subsection 1, or indebtedness incurred by a city or county to finance an urban renewal project within the urban renewal area, if such loans, advances, or bonds were issued or indebtedness incurred, on or after January 1, 1982, and on or before June 30, 1995, shall be limited to thirty percent of the net acquisition cost of the property. Such property located in an urban renewal area shall not be valued pursuant to subsection 2 or 3, whichever is applicable, until the assessment year following the calendar year in which the obligations created by any loans, advances, bonds, or indebtedness payable from the division of taxes as provided in section 403.19 have been retired. The taxpayer's valuation for such property shall then be the valuation specified in subsection 2 or 3, whichever is applicable, for the applicable assessment year. If the loans, advances, or bonds issued, or indebtedness incurred between Jan-

uary 1, 1982, and June 30, 1995, are refinanced or refunded after June 30, 1995, the valuation of such property shall then be the valuation specified in subsection 2 or 3, whichever is applicable, for the applicable assessment year beginning with the assessment year following the calendar year in which any of those loans, advances, bonds, or other indebtedness are refinanced or refunded after June 30, 1995.

7. For the purpose of dividing taxes under section 260E.4 or 260F.4, the employer's or business's valuation of property defined in section 427A.1, subsection 1, paragraphs "e" and "j", and used to fund a new jobs training project which project's first written agreement providing for a division of taxes as provided in section 403.19 is approved on or before June 30, 1995, shall be limited to thirty percent of the net acquisition cost of the property. An employer's or business's taxable property used to fund a new jobs training project shall not be valued pursuant to subsection 2 or 3, whichever is applicable, until the assessment year following the calendar year in which the certificates or other funding obligations have been retired or escrowed. The taxpayer's valuation for such property shall then be the valuation specified in subsection 1 for the applicable assessment year. If the certificates issued, or other funding obligations incurred, between January 1, 1982, and June 30, 1995, are refinanced or refunded after June 30, 1995, the valuation of such property shall then be the valuation specified in subsection 2 or 3, whichever is applicable, for the applicable assessment year beginning with the assessment year following the calendar year in which those certificates or other funding obligations are refinanced or refunded after June 30, 1995.

427B.19 Assessor and county auditor duties.

1. On or before July 1 of each fiscal year, the assessor shall determine the total assessed value of the property assessed under section 427B.17 for taxes payable in that fiscal year and the total assessed value of such property assessed as of January 1, 1994, and shall report the valuations to the county auditor.

2. On or before July 1 of each fiscal year, the assessor shall determine the valuation of all commercial and industrial property assessed for taxes payable in that fiscal year and the valuation of such property assessed as of January 1, 1994, and shall report the valuations to the county auditor.

3. On or before July 1, 1996, and on or before July 1 of each succeeding fiscal year through June 30, 2006, the county auditor shall prepare a statement,

based upon the report received pursuant to subsections 1 and 2, listing for each taxing district in the county:

a. Beginning with the assessment year beginning January 1, 1995, the difference between the assessed valuation of property assessed pursuant to section 427B.17 for that year and the total assessed value of such property assessed as of January 1, 1994. If the total assessed value of the property assessed as of January 1, 1994, is less, there is no tax replacement for the fiscal year.

b. The tax levy rate for each taxing district for that fiscal year.

c. The industrial machinery, equipment and computers tax replacement claim for each taxing district. For fiscal years beginning July 1, 1996, and ending June 30, 2001, the replacement claim is equal to the amount determined pursuant to paragraph "a", multiplied by the tax rate specified in paragraph "b". For fiscal years beginning July 1, 2001, and ending June 30, 2006, the replacement claim is equal to the product of the amount determined pursuant to paragraph "a", less any increase in valuations determined in paragraph "d", and the tax rate specified in paragraph "b". If the amount subtracted under paragraph "d" is more than the amount determined in paragraph "a", there is no tax replacement for the fiscal year.

d. Beginning with the assessment year beginning January 1, 2000, the auditor shall reduce the amount listed in paragraph "a", by the increase, if any, in assessed valuations of commercial and industrial property in the assessment year beginning January 1, 1994, and the assessment year for which taxes are due and payable in that fiscal year. If the calculation under this paragraph indicates a net decrease in aggregate valuation of such property, the industrial machinery, equipment and computers tax replacement claim for each taxing district is equal to the amount determined pursuant to paragraph "a", multiplied by the tax rate specified in paragraph "b".

4. The county auditor shall certify and forward one copy of the statement to the department of revenue and finance not later than July 1 of each year.

95 Acts, ch 206, §31

427B.19A Fund created.

1. The industrial machinery, equipment and computers property tax replacement fund is created. For the fiscal year beginning July 1, 1996, through the

fiscal year ending June 30, 2006, there is appropriated annually from the general fund of the state to the department of revenue and finance to be credited to the industrial machinery, equipment and computers property tax replacement fund, an amount sufficient to implement this division.

2. If an amount appropriated for a fiscal year is insufficient to pay all claims, the director shall prorate the disbursements from the fund to the county treasurers and shall notify the county auditors of the pro rata percentage on or before August 1.

3. The replacement claims shall be paid to each county treasurer in equal installments in September and March of each year. The county treasurer shall apportion the replacement claim payments among the eligible taxing districts in the county.

95 Acts, ch 206, §32
NEW section

427B.19B Guarantee of state replacement funds.

For the fiscal years beginning July 1, 1996, and ending June 30, 2006, if the industrial machinery, equipment and computers property tax replacement fund is insufficient to pay in full the total of the amounts certified to the director of revenue and finance, the director shall compute for each county the difference between the total of all replacement claims for each taxing district within the county and the amount paid to the county treasurer for disbursement to each taxing district in the county. The assessor, for the assessment year for which taxes are due and payable in the fiscal year for which a sufficient appropriation was not made, shall revalue all industrial machinery, equipment and computers described in section 427B.17, subsections 2 and 3, in the county at a percentage of net acquisition cost which will yield from each taxing district its shortfall and the property shall be assessed and taxed in such manner for taxes due and payable in the following fiscal year in addition to being assessed and taxed in the applicable manner under section 427B.17. When conducting the revaluation, the assessor shall increase the percentage of net acquisition cost of such property by the same percentage point. Property tax dollar amounts certified pursuant to this section shall not be considered property tax dollars certified for purposes of the property tax limitation in chapter 444.

CHAPTER 427C

FOREST AND FRUIT-TREE RESERVATIONS

427C.10 Restraint of livestock and limitation on use.

Cattle, horses, mules, sheep, goats, ostriches, rheas, emus, and swine shall not be permitted upon a fruit-tree or forest reservation. Fruit-tree and for-

est reservations shall not be used for economic gain other than the gain from raising fruit or forest trees.

95 Acts, ch 43, §11

427C.12 Application — inspection — continuation of exemption — recapture of tax.

It shall be the duty of the assessor to secure the facts relative to fruit-tree and forest reservations by taking the sworn statement, or affirmation, of the owner or owners making application under this chapter; and to make special report to the county auditor of all reservations made in the county under the provisions of this chapter.

The board of supervisors shall designate the county conservation board or the assessor who shall inspect the area for which an application is filed for a fruit-tree or forest reservation tax exemption before the application is accepted. Use of aerial photographs may be substituted for on-site inspection when appropriate. The application can only be accepted if it meets the criteria established by the natural resource commission to be a fruit-tree or forest reservation. Once the application has been accepted, the area shall continue to receive the tax exemption during each year in which the area is maintained as a fruit-tree or forest reservation without the owner having to refile. If the property is sold or transferred, the seller shall notify the buyer that all, or part of, the property is in fruit-tree or forest reservation and subject to the recapture tax provisions of this section. The tax exemption shall continue to be granted for the remainder of the eight-year period for fruit-tree reservation and for the following years for forest reservation or until the property no longer qualifies as a fruit-tree or forest reservation. The area may be

inspected each year by the county conservation board or the assessor to determine if the area is maintained as a fruit-tree or forest reservation. If the area is not maintained or is used for economic gain other than as a fruit-tree reservation during any year of the eight-year exemption period and any year of the following five years or as a forest reservation during any year for which the exemption is granted and any of the five years following those exemption years, the assessor shall assess the property for taxation at its fair market value as of January 1 of that year and in addition the area shall be subject to a recapture tax. However, the area shall not be subject to the recapture tax if the owner, including one possessing under a contract of sale, and the owner's direct antecedents or descendants have owned the area for more than ten years. The tax shall be computed by multiplying the consolidated levy for each of those years, if any, of the five preceding years for which the area received the exemption for fruit-tree or forest reservation times the assessed value of the area that would have been taxed but for the tax exemption. This tax shall be entered against the property on the tax list for the current year and shall constitute a lien against the property in the same manner as a lien for property taxes. The tax when collected shall be apportioned in the manner provided for the apportionment of the property taxes for the applicable tax year.

428.37 Listing certain electric power generating plants.

1. As used in this section, unless the context otherwise requires:

a. "Taxable value" means one hundred percent of the actual value of an electric power generating plant.

b. "Electric power generating plant" means each taxable name plate rated electric power generating plant owned solely or jointly by any person or electric power facility financed under the provisions of chapter 28F in which electrical energy is produced from other forms of energy, including all equipment used in the production of such energy through its step-up transformer.

c. "Electric operating property" means all electric property belonging to such owner, as determined by the department of revenue and finance and assessed by it under this chapter and chapter 437, except electric power generating plants.

2. Notwithstanding section 428.25, the taxable value of an electric power generating plant placed in commercial service after December 31, 1972, shall be apportioned by the director of revenue and finance, commencing with the year 1973, as follows:

a. The first forty-four million, four hundred forty-four thousand, four hundred forty-five dollars of taxable value shall be apportioned to the taxing districts in which each such electric power generating plant is situated.

b. If the owner has no taxable property in this state other than the electric power generating plant which is assessed, then the remainder shall be assessed and levied on at the current rate of the taxing district in which the plant is located. Tax moneys received from such remainder assessments and levies shall be paid to the county treasurer, who shall pay such tax moneys to the treasurer of state not later than fifteen days from the date the moneys are received by the county treasurer for deposit in the general fund of the state.

c. Notwithstanding the provisions of paragraph "b" of this subsection, if the owner is a municipal electric utility or electric power facility financed under the provisions of chapter 28F, the remaining taxable value shall be allocated to each taxing district in which the municipal electric utility is serving

customers and has electric meters in operation in the ratio that the number of operating electric meters of the municipal electric utility located in the taxing district bears to the total number of operating electric meters of the municipal electric utility in the state as of January 1 of the calendar year in which the assessment is made. If the municipal electric utility or electric power facility financed under the provisions of chapter 28F has no operating electric meters in this state, then the remainder shall be assessed and levied on at the current rate of the taxing district in which the electric power generating plant is located. Tax moneys received from such remainder assessment and levies shall be paid to the county treasurer, who shall pay such tax moneys to the treasurer of state not later than fifteen days from the date the tax moneys are received by the county treasurer for deposit in the general fund of the state.

All municipal electric utilities which shall have taxable value apportioned under this section shall, annually on or before the first day of May of each calendar year, make a report listing the total operating meters of the municipal electric utility in each taxing district it serves as of the first day of January of each calendar year on forms provided by the department of revenue and finance.

d. If an electric power generating plant is jointly owned by two or more owners, each owner's pro rata share of the first forty-four million, four hundred forty-four thousand, four hundred forty-five dollars of taxable value shall be apportioned to the taxing district or districts in which such plant is situated. Each owner's pro rata share of the remainder of such taxable value shall be allocated as provided in paragraphs "b" and "c" of this subsection, whichever is applicable.

The director of revenue and finance shall on the second Monday in July of each year, proceed to find the actual value of the property of these companies in this state, taking into consideration the information obtained from the statements required, and any further information the director can obtain, using the same as a means for determining the actual cash value of the property of these companies within this state. The director shall also take into consideration the valuation of all property of these companies, including franchises and the use of the property in connection with lines outside the state, and making these deductions as may be necessary on account of extra value of property outside the state as compared with the value of property in the state, in order that the actual cash value of the property of the company within this state may be ascertained. The assessment

shall include all property of every kind and character whatsoever, real, personal, or mixed, used by the companies in the transaction of telegraph and telephone business; and the property so included in the assessment shall not be taxed in any other manner than as provided in this chapter.

TAX ON HOMES IN MOBILE HOME PARKS

435.1 Definitions.

The following definitions shall apply to this chapter:

1. "Home" means a mobile home, a manufactured home, or a modular home.

2. "Manufactured home" is a factory-built structure built under authority of 42 U.S.C. § 5403, is required by federal law to display a seal from the United States department of housing and urban development, and was constructed on or after June 15, 1976. If a manufactured home is placed in a mobile home park, the home must be titled and is subject to the mobile home square foot tax. If a manufactured home is placed outside a mobile home park, the home is to be assessed and taxed as real estate.

3. "Mobile home" means any vehicle without motive power used or so manufactured or constructed as to permit its being used as a conveyance upon the public streets and highways and so designed, constructed, or reconstructed as will permit the vehicle to be used as a place for human habitation by one or more persons; but shall also include any such vehicle with motive power not registered as a motor vehicle in Iowa. A "mobile home" is not built to a mandatory building code, contains no state or federal seals, and was built before June 15, 1976. If a mobile home is placed outside a mobile home park, the home is to be assessed and taxed as real estate.

4. "Mobile home park" means a site, lot, field, or tract of land upon which three or more mobile homes, manufactured homes, or modular homes, or a com-

bination of any of these homes are placed on developed spaces and operated as a for-profit enterprise with water, sewer or septic, and electrical services available.

The term "mobile home park" shall not be construed to include mobile homes, buildings, tents or other structures temporarily maintained by any individual, educational institution, or company on their own premises and used exclusively to house their own labor or students.

A mobile home park must be classified as to whether it is a residential mobile home park or a recreational mobile home park or both. The mobile home park residential landlord tenant Act* only applies to residential mobile home parks.

5. "Modular home" means a factory-built structure built on a permanent chassis which is manufactured to be used as a place of human habitation, is constructed to comply with the Iowa state building code for modular factory-built structures, and must display the seal issued by the state building code commissioner. If a modular home is placed in a mobile home park, the home is subject to the annual tax as required by section 435.22. If a modular home is placed outside a mobile home park, the home shall be considered real property and is to be assessed and taxed as real estate.

CHAPTER 441

ASSESSMENT AND VALUATION OF PROPERTY

441.21 Actual, assessed and taxable value.

1. a. All property subject to taxation shall be valued at its actual value which shall be entered opposite each item, and, except as otherwise provided in this section, shall be assessed at one hundred percent of its actual value, and the value so assessed shall be taken and considered as the assessed value and taxable value of the property upon which the levy shall be made.

b. The actual value of all property subject to assessment and taxation shall be the fair and reasonable market value of such property except as otherwise provided in this section. "Market value" is defined as the fair and reasonable exchange in the year in which the property is listed and valued between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and each being familiar with all the facts relating to the particular property. Sale prices of the property or comparable property in normal transactions reflecting market value, and the probable availability or unavailability of persons interested in purchasing the property, shall be taken into consideration in arriving at its market value. In arriving at market value, sale prices of property in abnormal transactions not reflecting market value shall not be taken into account, or shall be adjusted to eliminate the effect of factors which distort market value, including but not limited to sales to immediate family of the seller, foreclosure or other forced sales, contract sales, discounted purchase transactions or purchase of adjoining land or other land to be operated as a unit.

The actual value of special purpose tooling, which is subject to assessment and taxation as real property under section 427A.1, subsection 1, paragraph "e", but which can be used only to manufacture property which is protected by one or more United States or foreign patents, shall not exceed the fair and reasonable exchange value between a willing buyer and a willing seller, assuming that the willing buyer is purchasing only the special purpose tooling and not the patent covering the property which the special purpose tooling is designed to manufacture nor the rights to manufacture the patented property. For purposes of this paragraph, special purpose tooling includes dies, jigs, fixtures, molds, patterns, and similar property. The assessor shall not take into consideration the special value or use value to the present owner of the special purpose tooling which is

designed and intended solely for the manufacture of property protected by a patent in arriving at the actual value of the special purpose tooling.

c. In assessing and determining the actual value of special purpose industrial property having an actual value of five million dollars or more, the assessor shall equalize the values of such property with the actual values of other comparable special purpose industrial property in other counties of the state. Such special purpose industrial property includes, but is not limited to chemical plants. If a variation of ten percent or more exists between the actual values of comparable industrial property having an actual value of five million dollars or more located in separate counties, the assessors of the counties shall consult with each other and with the department of revenue and finance to determine if adequate reasons exist for the variation. If no adequate reasons exist, the assessors shall make adjustments in the actual values to provide for a variation of ten percent or less. For the purposes of this paragraph, special purpose industrial property includes structures which are designed and erected for operation of a unique and special use, are not rentable in existing condition, and are incapable of conversion to ordinary commercial or industrial use except at a substantial cost.

d. Actual value of property in one assessing jurisdiction shall be equalized as compared with actual value of property in an adjoining assessing jurisdiction. If a variation of five percent or more exists between the actual values of similar, closely adjacent property in adjoining assessing jurisdictions in Iowa, the assessors thereof shall determine whether adequate reasons exist for such variation. If no such reasons exist, the assessors shall make adjustments in such actual values to reduce the variation to five percent or less.

e. The actual value of agricultural property shall be determined on the basis of productivity and net earning capacity of the property determined on the basis of its use for agricultural purposes capitalized at a rate of seven percent and applied uniformly among counties and among classes of property. Any formula or method employed to determine productivity and net earning capacity of property shall be adopted in full by rule.

f. In counties or townships in which field work on a modern soil survey has been completed since Janu-

ary 1, 1949, the assessor shall place emphasis upon the results of the survey in spreading the valuation among individual parcels of such agricultural property.

g. Notwithstanding any other provision of this section, the actual value of any property shall not exceed its fair and reasonable market value, except agricultural property which shall be valued exclusively as provided in paragraph "e" of this subsection.

2. The market value of an inventory or goods in bulk shall be their market value as such inventory or goods in bulk, not their retail or unit price. Such market value shall be fair and reasonable based on market value of similar classes of property.

In the event market value of the property being assessed cannot be readily established in the foregoing manner, then the assessor may determine the value of the property using the other uniform and recognized appraisal methods including its productive and earning capacity, if any, industrial conditions, its cost, physical and functional depreciation and obsolescence and replacement cost, and all other factors which would assist in determining the fair and reasonable market value of the property but the actual value shall not be determined by use of only one such factor. The following shall not be taken into consideration: Special value or use value of the property to its present owner, and the good will or value of a business which uses the property as distinguished from the value of the property as property. Upon adoption of uniform rules by the revenue department or succeeding authority covering assessments and valuations of such properties, said valuation on such properties shall be determined in accordance therewith for assessment purposes to assure uniformity, but such rules shall not be inconsistent with or change the foregoing means of determining the actual, market, taxable and assessed values.

3. "Actual value", "taxable value", or "assessed value" as used in other sections of the Code in relation to assessment of property for taxation shall mean the valuations as determined by this section; however, other provisions of the Code providing special methods or formulas for assessing or valuing specified property shall remain in effect, but this section shall be applicable to the extent consistent with such provisions. The assessor and department of revenue and finance shall disclose at the written request of the taxpayer all information in any formula or method used to determine the actual value of the taxpayer's property.

The burden of proof shall be upon any complainant attacking such valuation as excessive, inadequate, inequitable or capricious; however, in protest or appeal proceedings when the complainant offers competent evidence by at least two disinterested witnesses that the market value of the property is less than the market value determined by the assessor, the burden of proof thereafter shall be upon the officials or persons seeking to uphold such valuation to be assessed.

4. For valuations established as of January 1, 1978, agricultural and residential property shall be assessed at a percentage of the actual value of each class of property. The percentage shall be determined for each class of property by the director of revenue for the state in accordance with the provisions of this section. For valuations established as of January 1, 1978, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend shall be the total equalized value of such property in the state in 1975, adjusted for additions or deletions to said value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment submitted in 1976 and 1977, plus six percent of the 1975 equalized value of such property or the amount of value added by the revaluation of existing properties in 1976, 1977 and 1978 whichever is less. The divisor shall be the total value of such property in the state as reported by the assessors on the abstracts of assessment submitted in 1977, plus the amount of value added in 1978 by the revaluation of existing properties.

5. For valuations established as of January 1, 1979, the percentage of actual value at which agricultural and residential property shall be assessed shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the dividend as determined for each class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, plus six percent of the amount so determined. However, if the difference between the dividend so determined for either class of property and the dividend for that class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, is less than six percent, the 1979 dividend for the other class of property shall be the dividend as determined for that class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, plus a percentage of the amount so determined which is equal to the percentage by which the dividend as determined for the other class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the

revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, is increased in arriving at the 1979 dividend for the other class of property. The divisor for each class of property shall be the total actual value of all such property in the state in the preceding year, as reported by the assessors on the abstracts of assessment submitted for 1978, plus the amount of value added to said total actual value by the revaluation of existing properties in 1979 as equalized by the director of revenue pursuant to section 441.49. The director shall utilize information reported on abstracts of assessment submitted pursuant to section 441.45 in determining such percentage. For valuations established as of January 1, 1980, and each year thereafter, the percentage of actual value as equalized by the director of revenue and finance as provided in section 441.49 at which agricultural and residential property shall be assessed shall be calculated in accordance with the methods provided herein including the limitation of increases in agricultural and residential assessed values to the percentage increase of the other class of property if the other class increases less than the allowable limit adjusted to include the applicable and current values as equalized by the director of revenue and finance, except that any references to six percent in this subsection shall be four percent.

6. For valuations established as of January 1, 1979, commercial property and industrial property, excluding properties referred to in section 427A.1, subsection 6, shall be assessed as a percentage of the actual value of each class of property. The percentage shall be determined for each class of property by the director of revenue for the state in accordance with the provisions of this section. For valuations established as of January 1, 1979, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the total actual valuation for each class of property established for 1978, plus six percent of the amount so determined. The divisor for each class of property shall be the valuation for each class of property established for 1978, as reported by the assessors on the abstracts of assessment for 1978, plus the amount of value added to the total actual value by the revaluation of existing properties in 1979 as equalized by the director of revenue pursuant to section 441.49. For valuations established as of January 1, 1979, property valued by the department of revenue pursuant to chapters 428, 433, 436, 437, and 438 shall be considered as one class of property and shall be assessed as a percentage of its actual value. The percentage shall be determined by the director of revenue in accordance with the provisions of this section. For valuations established as of January 1, 1979, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend shall be the total actual valuation established for 1978 by the department of revenue, plus ten percent of the amount so determined. The divisor for property valued by the department of revenue

pursuant to chapters 428, 433, 436, 437, and 438 shall be the valuation established for 1978, plus the amount of value added to the total actual value by the revaluation of the property by the department of revenue as of January 1, 1979. For valuations established as of January 1, 1980, commercial property and industrial property, excluding properties referred to in section 427A.1, subsection 6, shall be assessed at a percentage of the actual value of each class of property. The percentage shall be determined for each class of property by the director of revenue for the state in accordance with the provisions of this section. For valuations established as of January 1, 1980, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the dividend as determined for each class of property for valuations established as of January 1, 1979, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1979, plus four percent of the amount so determined. The divisor for each class of property shall be the total actual value of all such property in 1979, as equalized by the director of revenue pursuant to section 441.49, plus the amount of value added to the total actual value by the revaluation of existing properties in 1980. The director shall utilize information reported on the abstracts of assessment submitted pursuant to section 441.45 in determining such percentage. For valuations established as of January 1, 1980, property valued by the department of revenue pursuant to chapters 428, 433, 436, 437, and 438 shall be assessed at a percentage of its actual value. The percentage shall be determined by the director of revenue in accordance with the provisions of this section. For valuations established as of January 1, 1980, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend shall be the total actual valuation established for 1979 by the department of revenue, plus eight percent of the amount so determined. The divisor for property valued by the department of revenue pursuant to chapters 428, 433, 436, 437, and 438 shall be the valuation established for 1979, plus the amount of value added to the total actual value by the revaluation of the property by the department of revenue as of January 1, 1980. For valuations established as of January 1, 1981, and each year thereafter, the percentage of actual value as equalized by the director of revenue and finance as provided in section 441.49 at which commercial property and industrial property, excluding properties referred to in section 427A.1, subsection 6, shall be assessed shall be calculated in accordance with the methods provided herein, except that any references to six percent in this subsection shall be four percent. For valuations established as of January 1, 1981, and each year thereafter, the percentage of actual value at which property valued by the department of rev-

enue and finance pursuant to chapters 428, 433, 436, 437, and 438 shall be assessed shall be calculated in accordance with the methods provided herein, except that any references to ten percent in this subsection shall be eight percent. Beginning with valuations established as of January 1, 1979, and each year thereafter, property valued by the department of revenue and finance pursuant to chapter 434 shall also be assessed at a percentage of its actual value which percentage shall be equal to the percentage determined by the director of revenue and finance for commercial property, industrial property, or property valued by the department of revenue and finance pursuant to chapters 428, 433, 436, 437, and 438, whichever is lowest.

7. Beginning with valuations established as of January 1, 1978, the assessors shall report the aggregate taxable values and the number of dwellings located on agricultural land and the aggregate taxable value of all other structures on agricultural land. Beginning with valuations established as of January 1, 1981, the agricultural dwellings located on agricultural land shall be valued at their market value as defined in this section and agricultural dwellings shall be valued as rural residential property and shall be assessed at the same percentage of actual value as is all other residential property.

8. For the purpose of computing the debt limitations for municipalities, political subdivisions and school districts, the term "*actual value*" means the "*actual value*" as determined by subsections 1 to 3 of this section without application of any percentage reduction and entered opposite each item, and as listed on the tax list as provided in section 443.2 as "*actual value*".

Whenever any board of review or other tribunal changes the assessed value of property, all applicable records of assessment shall be adjusted to reflect such change in both assessed value and actual value of such property.

9. a. Any normal and necessary repairs to a building, not amounting to structural replacements or modification, shall not increase the taxable value of the building. This paragraph applies only to repairs of two thousand five hundred dollars or less per building per year.

b. Notwithstanding paragraph "a", any construction or installation of a solar energy system on property so classified shall not increase the actual, assessed and taxable values of the property for five full assessment years.

c. As used in this subsection "*solar energy system*" means either of the following:

(1) A system of equipment capable of collecting and converting incident solar radiation or wind energy into thermal, mechanical or electrical energy and transforming these forms of energy by a separate apparatus to storage or to a point of use which is constructed or installed after January 1, 1978.

(2) A system that uses the basic design of the building to maximize solar heat gain during the cold season and to minimize solar heat gain in the hot

season and that uses natural means to collect, store and distribute solar energy which is constructed or installed after January 1, 1981.

In assessing and valuing the property for tax purposes, the assessor shall disregard any market value added by a solar energy system to a building. The director of revenue and finance shall adopt rules, after consultation with the department of natural resources, specifying the types of equipment and structural components to be included under the guidelines provided in this subsection.

10. Not later than November 1, 1979 and November 1 of each subsequent year, the director shall certify to the county auditor of each county the percentages of actual value at which residential property, agricultural property, commercial property, industrial property, and property valued by the department of revenue and finance pursuant to chapters 428, 433, 434, 436, 437, and 438 in each assessing jurisdiction in the county shall be assessed for taxation. The county auditor shall proceed to determine the assessed values of agricultural property, residential property, commercial property, industrial property, and property valued by the department of revenue and finance pursuant to chapters 428, 433, 434, 436, 437, and 438 by applying such percentages to the current actual value of such property, as reported to the county auditor by the assessor, and the assessed values so determined shall be the taxable values of such properties upon which the levy shall be made.

11. The percentage of actual value computed by the director for agricultural property, residential property, commercial property, industrial property and property valued by the department of revenue and finance pursuant to chapters 428, 433, 434, 436, 437, and 438 and used to determine assessed values of those classes of property does not constitute a rule as defined in section 17A.2, subsection 10.

12. Beginning with valuations established on or after January 1, 1995, as used in this section, "*residential property*" includes all land and buildings of multiple housing cooperatives organized under chapter 499A and includes land and buildings used primarily for human habitation which land and buildings are owned and operated by organizations that have received tax-exempt status under section 501(c)(3) of the Internal Revenue Code and rental income from the property is not taxed as unrelated business income under section 422.33, subsection 1A.

441.31 Board of review.

1. The chairperson of the conference board shall call a meeting by written notice to all of the members of the board for the purpose of appointing a board of review for all assessments made by the assessor. The board of review may consist of either three members or five members. As nearly as possible this board shall include one licensed real estate broker and one

registered architect or person experienced in the building and construction field. In the case of a county, at least one member of the board shall be a farmer. Not more than two members of the board of review shall be of the same profession or occupation and members of the board of review shall be residents of the assessor jurisdiction. The terms of the members of the board of review shall be for six years, beginning with January 1 of the year following their selection. In boards of review having three members the term of one member of the first board to be appointed shall be for two years, one member for four years and one member for six years. In the case of boards of review having five members, the term of one member of the first board to be appointed shall be for one year, one member for two years, one member for three years, one member for four years and one member for six years.

2. However, notwithstanding the board of review appointed by the county conference board pursuant to subsection 1, a city council of a city having a population of seventy-five thousand or more which is a member of a county conference board may provide, by ordinance, for a city board of review to hear appeals

of property assessments by residents of that city. The members of the city board of review shall be appointed by the city council. The city shall pay the expenses incurred by the city board of review. All of the provisions of this chapter relating to the boards of review shall apply to a city board of review appointed pursuant to this subsection.

3. Notwithstanding the requirements of subsection 1, the conference board or a city council which has appointed a board of review may increase the membership of the board of review by an additional two members if it determines that as a result of the large number of protests filed or estimated to be filed the board of review will be unable to timely resolve the protests with the existing number of members. These two additional emergency members shall be appointed for a term set by the conference board or the city council but not for longer than two years. The conference board or the city council may extend the terms of the emergency members if it makes a similar determination as required for the initial appointment.

tract entered into prior to January 1, 1992, or as a result of a comprehensive revaluation directed or authorized by the conference board prior to January 1, 1992, with documentation of the contract, authorization, or directive on the revaluation provided to the director of revenue and finance, if the levies are equal to or less than the levies for the previous year, levies on that portion of the taxable property located in an urban renewal project the tax revenues from which are no longer divided as provided in section 403.19, subsection 2, or as otherwise provided in this section:

The increase in taxes levied under this exception for the fiscal year beginning July 1, 1995, is limited to no more than the product of the total tax dollars levied in the fiscal year beginning July 1, 1994, and the percent change, computed to two decimal places, in the price index for government purchases by type for state and local governments computed for the third quarter of calendar year 1994 from that computed for the third quarter of calendar year 1993. The increase in taxes levied under this exception for the fiscal year beginning July 1, 1996, is limited to no more than the product of the total tax dollars levied in the fiscal year beginning July 1, 1995, and the percent change, computed to two decimal places, in the price index for government purchases by type for state and local governments computed for the third quarter of calendar year 1995 from that computed for the third quarter of calendar year 1994.

For purposes of this paragraph, the price index for government purchases by type for state and local governments is defined by the bureau of economic analysis of the United States department of commerce and published in table 7.11 of the national income and products accounts. For the fiscal years beginning July 1, 1995, and July 1, 1996, the price index used shall be the revision published in the November 1994 and November 1995 issues, respectively, of the United States department of commerce publication, "survey of current business". For purposes of this paragraph, tax dollars levied in the fiscal years beginning July 1, 1994, and July 1, 1995, shall not include funds levied for paragraphs "a", "b", and "c" of this subsection.

Application of this exception shall require an original publication of the budget and a public hearing and a second publication and a second hearing both in the manner and form prescribed by the director of the department of management, notwithstanding the provisions of section 331.434. The publications and hearings prescribed in this paragraph shall be held and the budget certified no later than March 15. The taxes levied for counties whose budgets are certified after March 15, 1995, shall be frozen at the fiscal year beginning July 1, 1994, level, and the taxes levied for counties whose budgets are certified after March 15, 1996, shall be frozen at the fiscal year beginning July 1, 1995, level.

3. *Appeal procedures.* In lieu of the procedures in sections 24.48 and 331.426, which procedures do not apply for taxes payable in the fiscal years beginning July 1, 1995, and July 1, 1996, if a county needs to raise property tax dollars from a tax levy in excess of the limitations imposed by subsection 1, the following procedures apply:

a. Not later than March 1, and after the publication and public hearing on the budget in the manner and form prescribed by the director of the

department of management, notwithstanding section 331.434, the county shall petition the state appeal board for approval of a property tax increase in excess of the increase provided for in subsection 2, paragraph "e", on forms furnished by the director of the department of management. Applications received after March 1 shall be automatically ineligible for consideration by the board.

b. Additional costs incurred by the county due to any of the following circumstances shall be the basis for justifying the excess in property tax dollars:

(1) Natural disaster or other life-threatening emergencies.

(2) Unusual need for additional moneys to finance existing programs which would provide substantial benefit to county residents or compelling need to finance new programs which would provide substantial benefit to county residents.

(3) Need for additional moneys for health care, treatment, and facilities, including treatment pursuant to section 331.424, subsection 1, paragraphs "a" and "b".

(4) Judgments, settlements, and related costs arising out of civil claims against the county and its officers, employees, and agents, as defined in chapter 670.

c. The state appeal board shall approve, disapprove, or reduce the amount of excess property tax dollars requested. The board shall take into account the intent of this section to provide property tax relief. The decision of the board shall be rendered at a regular or special meeting of the board within twenty days of the board's receipt of an appeal.

d. Within seven days of receipt of the decision of the state appeal board, the county shall adopt and certify its budget under section 331.434, which budget may be protested as provided in section 331.436. The budget shall not contain an amount of property tax dollars in excess of the amount approved by the state appeal board.

4. *Rate adjustment by county auditor.* In addition to the requirement of the county auditor in section 444.3 to establish a rate of tax which does not exceed the rate authorized by law, the county auditor shall also adjust the rate if the amount of property tax dollars to be raised is in excess of the amount specified in subsection 1, as may be adjusted pursuant to subsection 3.

444.25B Property tax limitation for fiscal year 1998.

1. *County limitation.* The maximum amount of property tax dollars which may be certified by a county for taxes payable in the fiscal year beginning July 1, 1997, shall not exceed the amount of property

tax dollars certified by the county for taxes payable in the fiscal year beginning July 1, 1996, minus the amount by which the property tax relief moneys to be received by the county in the fiscal year beginning July 1, 1997, pursuant to section 426B.2, subsections 1 and 3, exceed the amount of the property tax relief moneys received in the fiscal year beginning July 1, 1996, for each of the levies for the following, except for the levies on the increase in taxable valuation due to new construction, additions or improvements to existing structures, remodeling of existing structures for which a building permit is required, annexation, and phasing out of tax exemptions, and on the increase in valuation of taxable property as a result of a comprehensive revaluation by a private appraiser under a contract entered into prior to January 1, 1992, or as a result of a comprehensive revaluation directed or authorized by the conference board prior to January 1, 1992, with documentation of the contract, authorization, or directive on the revaluation provided to the director of revenue and finance, if the levies are equal to or less than the levies for the previous year, levies on that portion of the taxable property located in an urban renewal project the tax revenues from which are no longer divided as provided in section 403.19, subsection 2, or as otherwise provided in this section:

95 Acts, ch 57, §11
Subsection 6 amended

445.3 Actions authorized.

In addition to all other remedies and proceedings now provided by law for the collection of taxes, the county treasurer may bring or cause an ordinary suit at law to be commenced and prosecuted in the treasurer's name for the use and benefit of the county for the collection of taxes from any person, as shown by the county system in the treasurer's office, and the suit shall be in all respects commenced, tried, and prosecuted to final judgment the same as provided for ordinary actions.

The commencement of actions for ad valorem taxes authorized under this section shall not begin until the issuance of a tax sale certificate under the requirements of section 446.19. The commencement of actions for all other taxes authorized under this section shall not begin until ten days after the publication of tax sale under the requirements of section 446.9, subsection 2. This paragraph does not apply to the collection of ad valorem taxes under section 445.32, grain handling taxes under section 428.35, and moneys and credits taxes under chapter 430A.

Notwithstanding the provisions in section 535.3, interest on the judgment shall be at the rate provided in section 447.1 and shall commence from the month of the commencement of the action. This interest shall be in lieu of the interest assessed under section 445.39 from and after the month of the commencement of the action.

An appeal may be taken to the Iowa supreme court

as in other civil cases regardless of the amount involved.

Notwithstanding any other provisions in this section, if the treasurer is unable or has reason to believe that the treasurer will be unable to offer land at the annual tax sale to collect the total amount due, the treasurer may immediately collect the total amount due by the commencement of an action under this section.

Notwithstanding any other provision of law, if a statute authorizes the collection of a delinquent tax, assessment, rate, or charge by tax sale, the tax, assessment, rate, or charge, including interest, fees, and costs, may also be collected under this section and section 445.4.

This section is remedial and shall apply to all delinquent taxes included in a tax sale certificate of purchase issued to a county. Upon assignment of a county-held tax sale certificate, this section shall not apply to the assignee.

95 Acts, ch 57, §12
NEW unnumbered paragraph 7

445.4 Statutes applicable — attachment — damages.

Chapter 639 is applicable to proceedings instituted by a county treasurer under section 445.3, and a writ of attachment shall be issued upon the treasurer complying with the provisions of chapter 639, for taxes, whether due or not due, except that a bond shall not be required from the treasurer or county in such cases, but the county shall be liable for damages only, as provided by section 639.14. The county attorney, upon request of the treasurer, shall assist in prosecution of actions authorized in this section.

This section is remedial and shall apply to all delinquent taxes included in a tax sale certificate of purchase issued to a county. Upon assignment of a county-held tax sale certificate, this section shall not apply to the assignee.

95 Acts, ch 57, §13
NEW unnumbered paragraph 2

445.16 Abatement or compromise of tax.

If the county holds the tax sale certificate of purchase, the county, through the board of supervisors, may compromise by written agreement, or abate by resolution, the tax, interest, fees, or costs. In the event of a compromise, the board of supervisors may

enter into a written agreement with the owner of the legal title or with any lienholder for the payment of a stipulated sum in full satisfaction of all amounts included in that agreement. In addition, if a parcel is offered at regular tax sale and is not sold, the county, prior to public bidder sale to the county under section 446.19, may compromise by written agreement, or abate by resolution, the tax, interest, fees, or costs, as provided in this section.

A copy of the agreement or resolution shall be filed with the county treasurer.

If the treasurer determines that it is impractical to pursue collection of the total amount due through the tax sale and the personal judgment remedies, the treasurer shall make a written recommendation to the board of supervisors to abate the amount due. The board of supervisors shall abate, by resolution, the amount due and direct the treasurer to strike the amount due from the county system.

95 Acts, ch 57, §14
NEW unnumbered paragraph 3

445.37 When delinquent.

If the semiannual installment of any tax has not been paid before October 1 succeeding the levy, that amount becomes delinquent from October 1 after due, including those instances when the last day of September is a Saturday or Sunday. If the second installment is not paid before April 1 succeeding its maturity, it becomes delinquent from April 1 after due, including those instances when the last day of March is a Saturday or Sunday. This paragraph applies to all taxes as defined in section 445.1, subsection 6.

However, if there is a delay in the delivery of the tax list referred to in chapter 443 to the county treasurer, the amount of ad valorem taxes and mobile home taxes due shall become delinquent thirty days after the date of delivery or on the delinquent date of the first installment, whichever date occurs later. The delay shall not affect the due dates for special assessments and rates or charges. The delinquent date for special assessments and rates or charges is the same as the first installment delinquent date for ad valorem taxes, including any extension, in absence of a statute to the contrary.

CHAPTER 446

TAX SALES

446.15 Offer for sale.

The county treasurer shall offer for sale, on the day of the sale, each parcel separately for the total amount due against each parcel advertised for sale.

95 Acts, ch 57, §16
Section amended

446.16 Bid — purchaser.

The person who offers to pay the total amount due, which is a lien on any parcel, for the smallest percentage of the parcel is the purchaser, and when the purchaser designates the percentage of any parcel for which the purchaser will pay the total amount due,

the percentage thus designated shall give the person an undivided interest upon the issuance of a treasurer's deed, as provided in chapter 448. If two or more persons have placed an equal bid and the bids are the smallest percentage offered, the county treasurer shall use a random selection process to select the bidder to whom a certificate of purchase will be issued.

The delinquent tax lien transfers with the tax sale certificate, whether held by the county or purchased by an individual, through assignment or direct purchase at the tax sale. The delinquent tax sale lien expires when the tax sale certificate expires.

95 Acts, ch 57, §17
Section amended

446.19 County or city as purchaser.

When a parcel is offered at a tax sale under section 446.18, and no bid is received, or if the bid received is less than the total amount due, the county in which the parcel is located, through its county treasurer, shall bid for the parcel a sum equal to the total amount due. Money shall not be paid by the county or other tax-levying or tax-certifying body for the purchase, but each of the tax-levying and tax-certifying bodies having any interest in the taxes shall be charged with the total amount due the tax-levying or tax-certifying body as its just share of the purchase price.

This section does not prohibit a governmental agency or political subdivision from bidding at the sale for a parcel to protect its interests. When a bid is received from a city in which the parcel is located, money shall not be paid by the city, but each of the tax-levying and tax-certifying bodies having any interest in the taxes shall be charged with the total amount due the tax-levying or tax-certifying body as its just share of the purchase price.

95 Acts, ch 57, §18
Unnumbered paragraph 1 amended

446.20 Remedies.

1. Without limiting the county's rights under section 445.3, once a certificate is issued to a county, a county may collect the total amount due by the alternative remedy provided in section 445.3 by converting the total amount due to a personal judgment. Entrance of the judgment shall be shown on the county system. Collection of the judgment may then be initiated as provided in section 445.4. The county attorney shall, upon request of the county treasurer, assist in prosecution of action authorized under this section and sections 445.3 and 445.4.

The remedies associated with tax sale and personal judgment may be simultaneously pursued until such time as the total amount due has been collected or otherwise discharged. If the total amount due is collected pursuant to a personal judgment, the tax sale shall be canceled by the treasurer. If a tax deed is issued, any personal judgment shall be released and a satisfaction of judgment shall be filed with the clerk of the appropriate district court.

2. If the board or council determines that any property located on a parcel purchased by the county

or city pursuant to section 446.19 requires removal, dismantling, or demolition, the board or council shall, at the same time and in the same manner that the notice of expiration of right of redemption is served, cause to be served on the person in possession of the parcel and also upon the person in whose name the parcel is taxed a separate notice stating that if the parcel is not redeemed within the time period specified in the notice of expiration of right of redemption, the property described in the notice shall be removed, dismantled, or demolished. The notice shall further state that the costs of removal, dismantling, or demolition shall be assessed against the person in whose name the parcel is taxed and a lien for the costs shall be placed against any other parcel taxed in that person's name within the county.

Service of the notice shall also be made by mail on any mortgagee having a lien upon the parcel, a vendor of the parcel under a recorded contract of sale, a lessor who has a recorded lease or memorandum of a recorded lease, and any other person who has an interest of record, at the person's last known address, if the mortgagee, vendor, lessor, or other person has filed a request for notice, as prescribed in section 446.9, subsection 3, and on the state of Iowa in case of an old-age assistance lien by service upon the department of human services. The notice shall also be served on any city where the parcel is situated.

3. This section is remedial and shall apply to all delinquent taxes included in a tax sale certificate of purchase issued to a county. Upon assignment of a county-held tax sale certificate, this section shall not apply to the assignee.

95 Acts, ch 57, §19
NEW subsection 3

446.31 Assignment — presumption from deed recitals.

The certificate of purchase is assignable by endorsement and entry in the county system in the office of county treasurer of the county from which the certificate was issued, and when the assignment is so entered and the assignment transaction fee paid, it shall vest in the assignee or legal representatives of the assignee all the right and title of the assignor. The statement in the treasurer's deed of the fact of the assignment is presumptive evidence of that fact. For each assignment transaction, the treasurer shall charge the assignee an assignment transaction fee of ten dollars to be deposited in the county general fund. The assignment transaction fee shall not be added to the amount necessary to redeem.

When the county acquires a certificate of purchase, the county may assign the certificate for the total amount due as of the date of assignment or compromise the total amount due and assign the certificate. An assignment or a compromise and assignment shall be by written agreement. A copy of the agreement shall be filed with the treasurer. For each assignment transaction, the treasurer shall collect from the assignee an assignment transaction fee of ten dollars to be deposited in the county general fund.

The assignment transaction fee shall not be added to the amount necessary to redeem. All money received from the assignment of county-held certificates of purchase shall be apportioned to the tax-levying and certifying bodies in proportion to their interests in the taxes for which the parcel was sold with all interest, fees, and costs deposited in the county general fund. After assignment of a certificate of purchase which is held by the county, section 446.37 applies. In that instance, the three-year requirement shall be calculated from the date the assignment is recorded by the treasurer in the county system. When

the assignment is entered and the assignment transaction fee is paid, all of the rights and title of the assignor shall vest in the assignee or the legal representative of the assignee. The statement in the treasurer's deed of the fact of the assignment is presumptive evidence of that fact.

A certificate of purchase for a parcel shall not be assigned to a person, other than a municipality, who is entitled to redeem that parcel.

CHAPTER 447

TAX REDEMPTION

447.9 Notice of expiration of right of redemption.

After one year and nine months from the date of sale, or after nine months from the date of a sale made under section 446.18, 446.38 or 446.39, the holder of the certificate of purchase may cause to be served upon the person in possession of the parcel, and also upon the person in whose name the parcel is taxed, in the manner provided for the service of original notices in R.C.P. 56.1, if the person resides in Iowa, or otherwise as provided in section 446.9, subsection 1, a notice signed by the certificate holder or the certificate holder's agent or attorney, stating the date of sale, the description of the parcel sold, the name of the purchaser, and that the right of redemption will expire and a deed for the parcel be made unless redemption is made within ninety days from the completed service of the notice. The ninety-day redemption period begins as provided in section 447.12. When the notice is given by a county as a holder of a certificate of purchase the notice shall be signed by the county treasurer or the county attorney, and when given by a city, it shall be signed by the city officer designated by resolution of the council. When

the notice is given by the Iowa finance authority or a city or county agency holding the parcel as part of an Iowa homesteading project, it shall be signed on behalf of the agency or authority by one of its officers, as authorized in rules of the agency or authority.

Service of the notice shall be made by mail on any mortgagee having a lien upon the parcel, a vendor of the parcel under a recorded contract of sale, a lessor who has a recorded lease or recorded memorandum of a lease, and any other person who has an interest of record, at the person's last known address. The notice shall be served on any city where the parcel is situated. Notice shall not be served after the filing of the affidavit required by section 447.12. Only those persons who are required to be served the notice of expiration as provided in this section or who have acquired an interest in or possession of the parcel subsequent to the filing of the notice of expiration of the right of redemption are eligible to redeem a parcel from tax sale.

INHERITANCE TAX**

450.7 Lien of tax.

1. Except for the share of the estate passing to the surviving spouse, the tax is a charge against and a lien upon the estate subject to tax under this chapter, and all property of the estate or owned by the decedent from the death of the decedent until paid, subject to the following limitation:

Inheritance taxes owing with respect to a passing of property of a deceased person are no longer a lien against the property ten years from the date of death of the decedent owner, except to the extent taxes are attributable to remainder or deferred interests and are deferred in accordance with the provisions of this chapter.

2. Notice of the lien is not required to be recorded. The rights of the state under the lien have priority over all subsequent mortgages, purchases, or judgment creditors; and a conveyance after the decedent's death of the property subject to a lien does not discharge the property except as otherwise provided in this chapter. However, if additional tax is determined to be owing under this chapter or chapter 451 after the lien has been released under paragraph "a" or "b", the lien does not have priority over subsequent mortgages, purchases, or judgment creditors unless notice of the lien is recorded in the office of the recorder of

the county where the estate is probated, or where the property is located if the estate has not been administered. The department of revenue and finance may release the lien by filing in the office of the clerk of the court in the county where the property is located, the decedent owner died, or the estate is pending or was administered, one of the following:

- a. A receipt in full payment of the tax.
- b. A certificate of nonliability for the tax as to all property reported in the estate.
- c. A release or waiver of the lien as to all or any part of the property reported in the estate, which shall release the lien as to the property designated in the release or waiver.

3. The sale, exchange, mortgage, or pledge of property by the personal representative pursuant to a testamentary direction or power, pursuant to section 633.387, or under order of court, divests the property from the lien of the tax. The proceeds from that sale, exchange, mortgage, or pledge shall be held by the personal representative subject to the same priorities for the payment of the tax as existed with respect to the property before the transaction, and the personal representative is personally liable for payment of the tax to the extent of the proceeds.

95 Acts, ch 63, §1
Subsection 1 amended

450.12 Liabilities deductible.

1. Subject to the limitations in subsections 2 and 3, there shall be deducted from the gross value of the estate only the liabilities defined as follows:

a. The debts owing by the decedent at the time of death, the local and state taxes accrued before the decedent's death, the federal estate tax and federal taxes owing by the decedent, a reasonable sum for funeral expenses, the allowance for surviving spouse and minor children granted by the probate court or its judge, court costs, and any other administration expenses allowable pursuant to section 2053 of the Internal Revenue Code.

b. A liability shall not be deducted unless the personal representative or other person filing the inheritance tax return as provided in section 450.22 certifies that it has been paid or, if not paid, the director of revenue and finance is satisfied that it will be paid. If the amount of liabilities deductible under this section exceeds the amount of property subject to the payment of the liabilities, the excess shall be deducted from other property included in the gross estate on a prorated basis that the gross value of each item of other property bears to the total gross value

of all the other property. Subject to the previous provision, a liability is deductible whether or not the liability is legally enforceable against the decedent's estate.

2. If the decedent's gross estate includes property with a situs outside of Iowa, the liabilities deductible under subsection 1 shall be prorated on the basis that the gross value of property with a situs in Iowa bears to the total gross estate. Only the Iowa portion of the liabilities shall be deductible in computing the tax imposed by this chapter. However, a liability secured by a lien on property shall be allocated to the state where the property has a situs and shall not be prorated except to the extent the liability exceeds the value of the property.

3. If a liability under subsection 1 is secured by property, or a portion of property, not included in the decedent's gross estate, only that portion of the liability attributable to property or a portion of property included in the decedent's gross estate is deductible in computing the tax imposed by this chapter.

452A.2 Definitions.

As employed in this division:

1. "*Aviation gasoline*" means any gasoline which is capable of being used for propelling aircraft, which is invoiced as aviation gasoline or is received, sold, stored, or withdrawn from storage by any person for the purpose of propelling aircraft. Motor fuel capable of being used for propelling motor vehicles is not aviation gasoline.

2. "*Blender*" means a person who owns and blends alcohol with gasoline to produce ethanol blended gasoline and blends the product at a non-terminal location. The blender is not restricted to blending alcohol with gasoline. Products blended

with other than grain alcohol are treated and taxed as gasoline. "*Blender*" also means a person blending two or more special fuel products at a nonterminal location where the tax has not been paid on all of the products blended. The blend is taxed as a special fuel.

3. "*Common carrier*" or "*contract carrier*" means a person involved in the movement of motor fuel or special fuel from the terminal or movement of the motor fuel or special fuel imported into this state, who is not an owner of the motor fuel or special fuel.

4. "*Dealer*" means a person, other than a distributor, who engages in the business of selling or distributing motor fuel or special fuel to the end user in this state.

5. "*Department*" means the department of revenue and finance.

6. "*Director*" means the director of revenue and finance.

7. "*Distributor*" means a person who acquires tax paid motor fuel or special fuel from a supplier, restrictive supplier or importer, or another distributor for subsequent sale at wholesale and distribution by tank cars or tank trucks or both. The department may require that the distributor be registered to have terminal purchase rights.

8. "*Eligible purchaser*" means a distributor of motor fuel or special fuel or an end user of special fuel

who has purchased a minimum of two hundred forty thousand gallons of special fuel each year in the preceding two years. Eligible purchasers who elect to make delayed payments to a licensed supplier shall use electronic funds transfer. Additional requirements for qualifying as an eligible purchaser shall be established by rule.

9. "*Ethanol blended gasoline*" means motor fuel containing at least ten percent alcohol distilled from cereal grains.

10. "*Export*" means delivery across the boundaries of this state by or for the seller or purchaser from a place of origin in this state.

11. "*Exporter*" means a person or other entity who acquires fuel in this state exclusively for export to another state.

12. "*Import*" means delivery across the boundaries of this state by or for the seller or purchaser from a place of origin outside this state.

13. "*Importer*" means a person who imports motor fuel or undyed special fuel in bulk or transport load into the state by truck, rail, or barge.

14. "*Licensed compressed natural gas and liquefied petroleum gas dealer*" means a person in the business of handling untaxed compressed natural gas or liquefied petroleum gas who delivers any part of the fuel into a fuel supply tank of any motor vehicle.

15. "*Licensed compressed natural gas and liquefied petroleum gas user*" means a person licensed by the department who dispenses compressed natural gas or liquefied petroleum gas, upon which the special tax has not been previously paid, for highway use from fuel sources owned and controlled by the person into the fuel supply tank of a motor vehicle, or commercial vehicle owned or controlled by the person.

16. "*Licensee*" means a person holding an unanceled supplier's, restrictive supplier's, importer's, exporter's, dealer's, user's, or blender's license issued by the department under this division or any prior motor fuel tax law or any other person who possesses fuel for which the tax has not been paid.

17. "*Motor fuel*" means both of the following:

a. All products commonly or commercially known or sold as gasoline (including casinghead and absorption or natural gasoline) regardless of their classifications or uses.

b. Any liquid advertised, offered for sale, sold for use as, or commonly or commercially used as a fuel for propelling motor vehicles which, when subjected to distillation of gasoline, naphtha, kerosene and similar petroleum products (American Society of Testing Materials Designation D-86), shows not less than ten per centum distilled (recovered) below three hundred forty-seven degrees Fahrenheit (one hundred seventy-five degrees Centigrade) and not less than ninety-five per centum distilled (recovered) below four hundred sixty-four degrees Fahrenheit (two hundred forty degrees Centigrade).

"*Motor fuel*" does not include special fuel, and does not include liquefied gases which would not exist as liquids at a temperature of sixty degrees Fahrenheit and a pressure of fourteen and seven-tenths pounds

per square inch absolute, or naphthas and solvents unless the liquefied gases or naphthas and solvents are used as a component in the manufacture, compounding, or blending of a liquid within paragraph "b", in which event the resulting product shall be deemed to be motor fuel.

18. "*Naphthas and solvents*" shall mean and include those liquids which come within the distillation specifications for motor fuel set out under subsection 17, paragraph "b", but which are designed and sold for exclusive use other than as a fuel for propelling motor vehicles.

19. "*Regional transit system*" means regional transit system as defined in section 452A.57, subsection 11.

20. "*Restrictive supplier*" means a person who imports motor fuel or undyed special fuel into this state in tank wagons or in small tanks not otherwise licensed as an importer.

21. "*Special fuel*" means fuel oils and all combustible gases and liquids suitable for the generation of power for propulsion of motor vehicles or turbine-powered aircraft, and includes any substance used for that purpose, except that it does not include motor fuel.

22. "*Supplier*" means a person who acquires motor fuel or special fuel by pipeline or marine vessel from a state, territory, or possession of the United States, or from a foreign country for storage at and distribution from a terminal and who is registered under 26 U.S.C. § 4101 for tax-free transactions in gasoline, a person who produces in this state or acquires by truck, railcar, or barge for storage at and distribution from a terminal, alcohol or alcohol derivative substances, or a person who produces, manufactures, or refines motor fuel or special fuel in this state. "*Supplier*" includes a person who does not meet the jurisdictional connection to this state but voluntarily agrees to act as a supplier for purposes of collecting and reporting the motor fuel or special fuel tax. "*Supplier*" does not include a retail dealer or wholesaler who merely blends alcohol with gasoline before the sale or distribution of the product or a terminal operator who merely handles, in a terminal, motor fuel or special fuel consigned to the terminal operator.

23. "*Terminal*" means a motor fuel or special fuel storage and distribution facility that is supplied by a pipeline or a marine vessel and from which the fuel may be removed at a rack. "*Terminal*" does not include a facility at which motor fuel or special fuel blend stocks and additives are used in the manufacture of products other than motor fuel or special fuel and from which no motor fuel or special fuel is removed.

24. "*Terminal operator*" means the person who by ownership or contractual agreement is charged with the responsibility for, or physical control over, and operation of a terminal. If co-venturers own a terminal, "*terminal operator*" means the person who is appointed to exercise the responsibility for, or physical control over, and operation of the terminal.

25. "Urban transit system" means Iowa urban transit system as defined in section 452A.57, subsection 6.

26. "Use" means the receipt, delivery, or placing of liquefied petroleum gas by a licensed liquefied petroleum gas user into a fuel supply tank of a motor vehicle while the vehicle is in the state, except that with respect to natural gas used as a special fuel, "use" means the receipt, delivery, or placing of the natural gas into equipment for compressing the gas for subsequent delivery into the fuel supply tank of a motor vehicle.

27. "Withdrawn from terminal" means physical movement from a supplier to a distributor or eligible end user and includes an importer going out of state and obtaining fuel from a terminal and bringing the fuel into the state, and a restrictive supplier bringing fuel into the state even though not purchased directly from a terminal.

452A.3 Levy of excise tax.

1. For the privilege of operating motor vehicles in this state, an excise tax of twenty cents per gallon is imposed upon the use of all motor fuel used for any purpose except aviation gasoline and except motor fuel containing at least ten percent alcohol distilled from cereal grains grown in the United States for the period ending June 30, 2000, and except as otherwise provided in this division. For the privilege of operating aircraft in this state an excise tax of eight cents per gallon is imposed on the use of all aviation gasoline.

2. For the privilege of operating motor vehicles in this state, an excise tax of nineteen cents per gallon until June 30, 2000, is imposed upon the use of motor fuel containing at least ten percent alcohol distilled from cereal grains grown in the United States and used for any purpose except as otherwise provided in this division.

3. For the privilege of operating motor vehicles or aircraft in this state, there is imposed an excise tax on the use of special fuel in a motor vehicle or aircraft. The tax rate on special fuel for diesel engines of motor vehicles is twenty-two and one-half cents per gallon. The rate of tax on special fuel for aircraft is three cents per gallon. On all other special fuel the per gallon rate is the same as the motor fuel tax. Indelible dye meeting United States environmental protection agency and internal revenue service regulations must be added to fuel before or upon withdrawal at a terminal or refinery rack for that fuel to be exempt from tax and may be used only for an exempt purpose.

4. For compressed natural gas used as a special fuel, the rate of tax that is equivalent to the motor fuel tax shall be sixteen cents per hundred cubic feet adjusted to a base temperature of sixty degrees Fahrenheit and a pressure of fourteen and seventy-three hundredths pounds per square inch absolute.

5. The tax shall be paid by the following:

a. The supplier, upon the invoiced gross gallonage of all motor fuel or undyed special fuel withdrawn from a terminal for delivery in this state.

b. The person who owns or causes the fuel to be brought into the state by a restrictive supplier or importer, upon the invoiced gross gallonage of motor fuel or undyed special fuel imported.

c. The blender on total invoiced gross gallonage of alcohol or other product sold to be blended with gasoline or special fuel.

d. Any other person who possesses taxable fuel upon which the tax has not been paid to a licensee.

However, the tax shall not be imposed or collected under this division with respect to motor fuel or special fuel sold for export or exported from this state to any other state, territory, or foreign country.

6. Thereafter, except as otherwise provided in this division, the per gallon amount of the tax shall be added to the selling price of every gallon of such motor fuel or undyed special fuel sold in this state and shall be collected from the purchaser so that the ultimate consumer bears the burden of the tax.

452A.4 Supplier's, restrictive supplier's, importer's, exporter's, dealer's, and user's license.

1. It shall be unlawful for any person to sell motor fuel or undyed special fuel within this state or to otherwise act as a supplier, restrictive supplier, importer, exporter, dealer, or user unless the person holds an unanceled license issued by the department. To procure a license, a supplier, restrictive supplier, importer, exporter, dealer, or user shall file with the department an application signed under penalty for false certificate setting forth and complying with all of the following:

a. The name under which the licensee will transact business in this state.

b. The location, with street number address, of the principal office or place of business of the licensee within this state.

c. The name and complete residence address of the owner or the names and addresses of the partners, if the licensee is a partnership, or the names and addresses of the principal officers, if the licensee is a corporation or association.

d. A dealer's or user's license shall be required for each separate place of business or location where compressed natural gas or liquefied petroleum gas is delivered or placed into the fuel supply tank of a motor vehicle.

e. An applicant for an exporter's license shall provide verification as required by the department

that the applicant has the appropriate license valid in the state or states into which the motor fuel or undyed special fuel will be exported.

2. *a.* The department may deny the issuance of a license to an applicant who is substantially delinquent in the payment of a tax due, or the interest or penalty on the tax, administered by the department. If the applicant is a partnership, a license may be denied if a partner owes any delinquent tax, interest, or penalty. If the applicant is a corporation, a license may be denied if any officer having a substantial legal or equitable interest in the ownership of the corporation owes any delinquent tax, interest, or penalty of the applicant corporation.

b. The department may deny the issuance of a license if an application for a license to transact business as a supplier, restrictive supplier, importer, exporter, dealer, or user in this state is filed by a person whose license or registration has been canceled for cause at any time under the provisions of this chapter or any prior motor fuel tax law, if the department has reason to believe that the application is not filed in good faith, or if the application is filed by some person as a subterfuge for the real person in interest whose license or registration has been canceled for cause under the provisions of this chapter or any prior motor fuel tax law. The applicant shall be given fifteen days' notice in writing of the date of the hearing and shall have the right to appear in person or by counsel and present testimony.

3. *a.* The application in proper form having been accepted for filing, and the other conditions and requirements of this section and division IV having been complied with, the department shall issue to the applicant a license to transact business as a supplier, restrictive supplier, importer, exporter, dealer, or user in this state. The license shall remain in full force and effect until canceled as provided in this chapter.

b. The license shall not be assignable and shall be valid only for the licensee in whose name it is issued.

c. The department shall keep and file all applications and bonds and a record of all licenses.

95 Acts, ch 155, §15

452A.5 Distribution allowance.

A supplier shall retain a distribution allowance of not more than one and six-tenths percent of all gallons of motor fuel and a distribution allowance of not more than seven-tenths percent of all gallons of undyed special fuel removed from the terminal during the reporting period for purposes of tax computation under section 452A.8.

The distribution allowance shall be prorated between the supplier and the distributor as follows:

1. Motor fuel: four-tenths percent retained by the supplier, one and two-tenths percent to the distributor.

2. Undyed special fuel: thirty-five hundredths percent retained by the supplier, thirty-five hun-

dredths percent to the distributor or dealer purchasing directly from a supplier. Gallons exported outside of the state shall not be included in the calculation of the distribution.

452A.6 Ethanol blended gasoline blender's license.

A person other than a supplier, restrictive supplier, or importer licensed under this division, who blends gasoline with alcohol distilled from cereal grains so that the blend contains at least ten percent alcohol distilled from cereal grains, shall obtain a blender's license. The license shall be obtained by following the procedure under section 452A.4 and the license is subject to the same restrictions as contained in that section. A blender shall maintain records as required by section 452A.10 as to motor fuel, alcohol, and ethanol blended gasoline.

452A.7 Foreign suppliers.

The director, upon application, may authorize the collection and reporting of the tax by any supplier not having jurisdictional connections with this state. A foreign supplier shall be issued a license to collect and report the tax and shall be subject to the same regulations and requirements as suppliers having a jurisdictional connection with the state, or other regulations and agreements as prescribed by the director.

452A.8 Tax reports — computation and payment of tax — credits.

1. For the purpose of determining the amount of the supplier's, restrictive supplier's, or importer's tax liability, a supplier or restrictive supplier shall file, not later than the last day of the month following the month in which this division becomes effective and not later than the last day of each calendar month thereafter, and an importer shall file a report semi-monthly with the department, signed under penalty for false certification. For an importer for the reporting period from the first day of the month through the fifteenth of the month, the report is due on the last day of the month. For an importer for the reporting period from the sixteenth of the month through the last day of the month, the report is due on the fifteenth day of the following month. The reports shall include the following:

a. A statement of the number of invoiced gallons of motor fuel and undyed special fuel withdrawn from the terminal by the licensee within this state during the preceding calendar month in such detail as determined by the department. This includes on-site blending reports at the terminal.

b. For information purposes only, a supplier, restrictive supplier, or importer shall show the number of invoiced gallons of dyed special fuel withdrawn from the terminal.

c. A statement showing the deductions authorized in this division in such detail and with such supporting evidence as required by the department.

d. Any other information the department may require for the enforcement of this chapter.

2. At the time of filing of a report, a supplier, restrictive supplier, or importer shall pay to the department the full amount of the fuel tax due for the preceding calendar month computed as follows:

a. From the total number of invoiced gallons of motor fuel or undyed special fuel withdrawn from the terminal by the licensee within the state during the preceding calendar month the following deductions shall be made:

(1) The gallonage of motor fuel or undyed special fuel withdrawn from a terminal by a licensee and exported outside Iowa.

(2) For suppliers only, the one and six-tenths percent of the number of gallons of motor fuel or seven-tenths percent of the number of gallons of undyed special fuel of the invoiced gallons of motor fuel or undyed special fuel withdrawn from a terminal within this state during the preceding calendar month.

b. The number of invoiced gallons remaining after the deductions in paragraph "a" shall be multiplied by the per gallon fuel tax rate.

c. The tax due under paragraph "b" shall be the amount of fuel tax due from the supplier, restrictive supplier, or importer for the preceding reporting period. The director may require by rule that the payment of taxes by suppliers, restrictive suppliers, and importers be made by electronic funds transfer. The director may allow a tax float by rule where the eligible purchaser is not required to pay the tax to the supplier until one business day prior to the date the tax is due. Any credit calculated by the supplier, restrictive supplier, or importer may be applied against the amount due. A licensed supplier who is unable to recover the tax from an eligible purchaser is not liable for the tax, upon proper documentation, and may credit the amount of unpaid tax against a later remittance of tax. Under this provision, a supplier does not qualify for a credit if the purchaser did not elect to use the eligible purchaser status, or otherwise does not qualify to be an eligible purchaser. To qualify for the credit, the supplier must notify the department of the uncollectible account no later than ten calendar days after the due date for payment of the tax. If a supplier sells additional motor fuel or undyed special fuel to a delinquent eligible purchaser after notifying the department that the supplier has an uncollectible debt with that eligible purchaser, the limited liability provision does not apply to the additional fuel. The supplier is liable for tax collected from the purchaser.

d. The director may require by rule that reports be filed by electronic transmission.

e. The tax for compressed natural gas and liquefied petroleum gas delivered by a licensed compressed natural gas or liquefied petroleum gas dealer for use in this state shall attach at the time of the delivery and shall be collected by the dealer from the consumer and paid to the department as provided in this chapter. The tax, with respect to compressed natural gas and liquefied petroleum gas acquired by a consumer in any manner other than by delivery by a licensed compressed natural gas or liquefied petroleum gas dealer into a fuel supply tank of a motor vehicle, attaches at the time of the use of the fuel and shall be paid over to the department by the consumer as provided in this chapter.

The department shall adopt rules governing the dispensing of compressed natural gas and liquefied petroleum gas by licensed dealers and licensed users. For purposes of this paragraph, "dealer" and "user" mean a licensed compressed natural gas or liquefied petroleum gas dealer or user and "fuel" means compressed natural gas or liquefied petroleum gas. The department shall require that all pumps located at dealer locations and user locations through which liquefied petroleum gas can be dispensed, metered, inspected, tested for accuracy, and sealed and licensed by the state department of agriculture and land stewardship, and that fuel delivered into the fuel supply tank of any motor vehicle, shall be dispensed only through tested metered pumps and may be sold without temperature correction or corrected to a temperature of sixty degrees. If the metered gallonage is to be temperature-corrected, only a temperature-compensated meter shall be used. Natural gas used as fuel shall be delivered into compressing equipment through sealed meters certified for accuracy by the department of agriculture and land stewardship.

All gallonage which is not for highway use, dispensed through metered pumps as licensed under this section on which fuel tax is not collected, must be substantiated by exemption certificates as provided by the department or by valid exemption certificates provided by the dealers, signed by the purchaser, and retained by the dealer. A "valid exemption certificate provided by a dealer" is an exemption certificate which is in the form prescribed by the director to assist a dealer to properly account for fuel dispensed for which tax is not collected and which is complete and correct according to the requirements of the director.

For the privilege of purchasing liquefied petroleum gas, dispensed through licensed metered pumps, on a basis exempt from the tax, the purchaser shall sign exemption certificates for the gallonage claimed which is not for highway use.

The department shall disallow all sales of gallonage which is not for highway use unless proof is established by the certificate. Exemption certificates shall be retained by the dealer for a period of three years.

(1) For the purpose of determining the amount of liability for fuel tax, each dealer and each user shall

file with the department not later than the last day of the month following the month in which this division becomes effective and not later than the last day of each calendar month thereafter a monthly tax return certified under penalties for false certification. The return shall show, with reference to each location at which fuel is delivered or placed by the dealer or user into a fuel supply tank of any motor vehicle during the next preceding calendar month, information as required by the department.

(2) The amount of tax due shall be computed by multiplying the appropriate tax rate per gallon by the number of gallons of fuel delivered or placed by the dealer or user into supply tanks of motor vehicles.

(3) The return shall be accompanied by remittance in the amount of the tax due for the month in which the fuel was placed into the supply tanks of motor vehicles.

3. For the purpose of determining the amount of the tax liability on alcohol blended to produce ethanol blended gasoline, each licensed blender shall, not later than the last day of each month following the month in which the blending is done, file with the department a monthly report, signed under penalty for false certificate, containing information required by rules adopted by the director.

4. A person who possesses fuel or uses fuel in a motor vehicle upon which no tax has been paid by a licensee in this state is subject to reporting and paying the applicable tax.

452A.9 Report from persons not licensed as suppliers, restrictive suppliers, or importers.

Every person other than a licensed supplier, restrictive supplier, or importer, who purchases, brings into this state, or otherwise acquires within this state motor fuel or undyed special fuel, not otherwise exempted, which the person has knowingly not paid or incurred liability to pay either to a licensee or to a dealer the motor fuel or special fuel tax, shall be subject to the provisions of this division that apply to suppliers, restrictive suppliers, and importers of motor fuel or undyed special fuel and shall make the same reports and tax payments and be subject to the same penalties for delinquent reporting or nonreporting or delinquent payment or nonpayment as apply to suppliers, restrictive suppliers, and importers.

452A.10 Required records.

A motor fuel or special fuel supplier, restrictive supplier, importer, exporter, blender, dealer, user, common carrier, contract carrier, or terminal shall maintain, for a period of three years, records of all transactions by which the supplier, restrictive supplier, or importer withdraws from a terminal within this state or imports into this state motor fuel or

undyed special fuel together with invoices, bills of lading, and other pertinent records and papers as required by the department.

If in the normal conduct of a supplier's, restrictive supplier's, importer's, exporter's, blender's, dealer's, user's, common carrier's, contract carrier's, or terminal's business the records are maintained and kept at an office outside this state, the records shall be made available for audit and examination by the department at the office outside this state, but the audit and examination shall be without expense to this state.

Each distributor handling motor fuel or special fuel in this state shall maintain for a period of three years records of all motor fuel or undyed special fuel purchased or otherwise acquired by the distributor, together with delivery tickets, invoices, and bills of lading, and any other records required by the department.

The department, after an audit and examination of records required to be maintained under this section, may authorize their disposal upon the written request of the supplier, restrictive supplier, importer, exporter, blender, dealer, user, carrier, terminal, or distributor.

452A.12 Loading and delivery evidence on transportation equipment.

1. A serially numbered manifest shall be carried on every vehicle, except small tank wagons, while in use in transportation service, on which shall be entered the following information as to the cargo of motor fuel or special fuel being moved in the vehicle: The date and place of loading, the place to be unloaded, the person for whom it is to be delivered, the nature and kind of product, the amount of product, and other information required by the department. The manifest for small tank wagons shall be retained at the home office. The manifest covering each load transported, upon consummation of the delivery, shall be completed by showing the date and place of actual delivery and the person to whom actually delivered and shall be kept as a permanent record for a period of three years. However, the record of the manifest of past cargoes need not be carried on the conveyance but shall be preserved by the carrier for inspection by the department. A carrier subject to this subsection when distributing for a licensee may with the approval of the department substitute the loading and delivery evidence required in subsection 2 for the manifest.

2. 1. Every railroad and common carrier or contract carrier transporting motor fuel or special fuel either in interstate or intrastate commerce within this state and every person transporting motor fuel or special fuel by whatever manner into this state shall, subject to penalties for false certificate, report to the department all deliveries of motor fuel or special fuel to points within this state other than refineries or marine or pipeline terminals. If any supplier, restrictive supplier, importer, or distributor is also engaged in the transportation of motor fuel or special fuel for others, the supplier, restrictive supplier, importer, or distributor shall make the same reports as required of common carriers and contract carriers.

The report shall cover monthly periods and shall show as to each delivery:

If a person required under this section to file transportation reports is a licensee under this division and if the information required in the transportation report is contained in any other report rendered by the person under this division, a separate transportation report of that information shall not be required.

2. A person operating storage facilities at a refinery or at a terminal in this state shall make a monthly accounting to the department of all motor fuel, alcohol, and undyed special fuel withdrawn from the refinery and all motor fuel, alcohol, and undyed special fuel delivered into, withdrawn from, and on hand in the refinery or terminal.

3. The reports required in this section shall be for information purposes only and the department may in its discretion waive the filing of any of these reports not necessary for proper administration of this division. 452A.16 Credit or refund to licensee — fuel used other than in watercraft, aircraft, or motor vehicles — casualty losses. Repealed effective January 1, 1996, by 95 Acts, ch 155, § 43, 44.

452A.17 Refunds.

1. A person who uses motor fuel or undyed special fuel for any of the nontaxable purposes listed in this subsection, and who has paid the motor fuel or special fuel tax either directly to the department or by having the tax added to the price of the fuel, and who has a refund permit, upon presentation to and approval by the department of a claim for refund, shall be reimbursed and repaid the amount of the tax which the claimant has paid on the gallonage so used, except that the amount of a refund payable under this division may be applied by the department against any tax liability outstanding on the books of the department against the claimant.

a. The refund is allowable for motor fuel or undyed special fuel sold to or used for the following:

(1) The United States or any agency or instrumentality of the United States or where collection of the tax would be prohibited by the Constitution of the United States or the laws of the United States or by the Constitution of the State of Iowa.

(2) An Iowa urban transit system which is used for a purpose specified in section 452A.57, subsection 6.

(3) A regional transit system, the state, any of its agencies, or any political subdivision of the state which is used for a purpose specified in section 452A.57, subsection 11, or for public purposes, including fuel sold for the transportation of pupils of approved public and nonpublic schools by a carrier who contracts with the public school under section 285.5.

(4) Fuel used in unlicensed vehicles, stationary engines, and implements used in agricultural production.

(5) Fuel used for producing denatured alcohol.

(6) Fuel used for idle time, power takeoffs, reefer units, pumping credits, and transport diversions, fuel lost through casualty, exports by eligible purchasers, and blending errors for special fuel. The department shall adopt rules setting forth specific requirements relating to refunds for idle time, power takeoffs,

reefer units, pumping credits, and transport diversions, fuel lost through casualty, and blending errors for special fuel.

(7) A bona fide commercial fisher, licensed and operating under an owner's certificate for commercial fishing gear issued pursuant to section 482.4.

(8) For motor fuel or special fuel placed in motor vehicles and used, other than on a public highway, in the extraction and processing of natural deposits, without regard to whether the motor vehicle was registered under section 321.18. An applicant under this subparagraph shall maintain adequate records for a period of three years beyond the date of the claim.

b. A claim for refund is subject to the following conditions:

(1) The claim shall be on a form prescribed by the department and be certified by the claimant under penalty for false certificate.

(2) The claim shall include proof as prescribed by the department showing the purchase of the motor fuel or undyed special fuel on which a refund is claimed.

(3) An invoice shall not be acceptable in support of a claim for refund unless it is a separate serially numbered invoice covering no more than one purchase of motor fuel or undyed special fuel, prepared by the seller on a form approved by the department which will prevent erasure or alteration and unless it is legibly written with no corrections or erasures and shows the date of sale, the name and address of the seller and of the purchaser, the kind of fuel, the gallonage in figures, the per gallon price of the motor fuel or undyed special fuel, the total purchase price including the Iowa motor fuel or undyed special fuel tax and that the total purchase price including tax has been paid. However, with respect to refund invoices made on a billing machine, the department may waive any of the requirements of this subparagraph.

(4) The claim shall state the gallonage of motor fuel or undyed special fuel that was used or will be used by the claimant other than in watercraft or aircraft or to propel motor vehicles, the manner in which the motor fuel or undyed special fuel was used or will be used, and the equipment in which it was used or will be used.

(5) The claim shall state whether the claimant used fuel for watercraft or aircraft or to propel motor vehicles from the same tanks or receptacles in which the claimant kept the motor fuel or undyed special fuel on which the refund is claimed.

(6) If an original invoice is lost or destroyed the department may in its discretion accept a copy identified and certified by the seller as being a true copy of the original.

(7) Claim shall be made by and the amount of the refund shall be paid to the person who purchased the motor fuel or undyed special fuel as shown in the supporting invoice unless that person designates another person as an agent for purposes of filing and receiving the refund for idle time, power takeoff,

reefer units, pumping credits, and transport diversions.

(8) In order to verify the validity of a claim for refund the department shall have the right to require the claimant to furnish such additional proof of validity as the department may determine and to examine the books and records of the claimant. Failure of a claimant to furnish the claimant's books and records for examination shall constitute a waiver of all rights to refund related to the transaction in question.

2. In lieu of the refund provided in this section, a person may receive an income tax credit as provided in chapter 422, division IX, but only as to motor fuel or undyed special fuel not used in motor vehicles, aircraft, or watercraft.

3. a. A claim for refund shall not be allowed unless the claimant has accumulated sixty dollars in credits for one calendar year. A claim for refund may be filed any time the sixty dollar minimum has been met within the calendar year. If the sixty dollar minimum has not been met in the calendar year, the credit shall be claimed on the claimant's income tax return unless the taxpayer is not required to file an income tax return in which case a refund shall be allowed. Once the sixty dollar minimum has been met, the claim for refund must be filed within one year.

b. A refund shall be paid with respect to any motor fuel or undyed special fuel taken out of this state in supply tanks of watercraft, aircraft, or motor vehicles.

c. A refund shall not be paid with respect to motor fuel or special fuel used in the performance of a contract which is paid out of state funds unless the contract for the work contains a certificate made under penalty for false certificate that the estimate, bid, or price to be paid for the work does not include any amount representing motor fuel or special fuel tax subject to refund.

Persons not licensed under this division who blend motor fuel and alcohol to produce ethanol blended gasoline may file for a refund for the difference between taxes paid on the motor fuel purchased to produce ethanol blended gasoline and the tax due on the ethanol blended gasoline blended. If, during any month, a person licensed under this division uses tax paid motor fuel to blend ethanol blended gasoline and the refund otherwise due under this section is greater than the licensee's total tax liability for that month, the licensee is entitled to a credit. The claim for credit shall be filed as part of the report required by section 452A.8.

In order to obtain the refund established by this section, the person shall do all of the following:

DIVISION III

MOTOR FUEL AND SPECIAL FUEL USE TAX
FOR INTERSTATE MOTOR VEHICLE OPERATIONS

452A.54 Fuel tax computation — refund — reporting and payment.

Fuel tax liability under this division shall be computed on the total number of gallons of each kind of

motor fuel and special fuel consumed in the operation in Iowa by commercial motor vehicles subject to this division at the same rate for each kind of fuel as would be applicable if taxed under division I of this chapter. A refund against the fuel tax liability so computed shall be allowed, on excess Iowa motor fuel purchased, in the amount of fuel tax paid at the prevailing rate per gallon set out under division I of this chapter on motor fuel and special fuel consumed by commercial motor vehicles, the operation of which is subject to this division.

Notwithstanding any provision of this chapter to the contrary, except as provided in this section, the holder of a permanent permit may make application to the state department of transportation for a refund, not later than the last day of the third month following the quarter in which the overpayment of Iowa fuel tax paid on excess purchases of motor fuel or special fuel was reported as provided in section 452A.8, and which application is supported by such proof as the state department of transportation may require. The state department of transportation shall refund Iowa fuel tax paid on motor fuel or special fuel purchased in excess of the amount consumed by such commercial motor vehicles in their operation on the highways of this state.

Application for a refund of fuel tax under this division must be made for each quarter in which the excess payment was reported, and will not be allowed unless the amount of fuel tax paid on the fuel purchased in this state, in excess of that consumed for highway operation in this state in the quarter applied for, is in an amount exceeding ten dollars. An application for a refund of excess Iowa fuel tax paid under this division which is filed for any period or in any manner other than herein set out shall not be allowed.

To determine the amount of fuel taxes due under this division and to prevent the evasion thereof, the state department of transportation shall require a quarterly report on forms prescribed by the state department of transportation. It shall be filed not later than the last day of the month following the quarter reported, and each quarter thereafter. These reports shall be required of all persons who have been issued a permit under this division and shall cover actual operation and fuel consumption in Iowa on the basis of the permit holder's average consumption of fuel in Iowa, determined by the total miles traveled and the total fuel purchased and consumed for highway use by the permittee's commercial motor vehicles in the permittee's entire operation in all states to establish an overall miles per gallon ratio, which ratio shall be used to compute the gallons used for the miles traveled in Iowa.

Subject to compliance with rules adopted by the department, annual reporting may be permitted in lieu of quarterly reporting. A licensee permitted to report annually shall maintain records in compliance with this chapter.

Each county board of supervisors within the region is responsible for determining the service and funding within its county. However, the administration and overhead support services for the overall regional transit system shall be consolidated into one existing or new agency to be mutually agreed upon by the participating members. Privately chartered bus services and uses other than providing services that are open and public on a shared ride basis shall not be construed to be a regional transit system.

If the operator or owner of the importing vehicle or the owner of the fuel move the vehicle or the fuel after the vehicle has been detained and a sticker has been placed on the vehicle stating that "This vehicle cannot be moved until the tax, penalty, and interest have been paid to the Department of Revenue and Finance", an additional penalty of five thousand dollars shall be assessed against the operator or owner of the importing vehicle or the owner of the fuel.

f. For purposes of this subsection, "vehicle" means as defined in section 321.1.

3. *Improper receipt of fuel credit or refund.* If a person files an incorrect refund claim, in addition to the amount of the claim, a penalty of ten percent shall be added to the amount by which the amount claimed and refunded exceeds the amount actually due and shall be paid to the department. If a person knowingly files a fraudulent refund claim with the intent to evade the tax, the penalty shall be seventy-five percent in lieu of the ten percent. The person shall also pay interest on the excess refunded at the rate per month specified in section 421.7, counting each fraction of a month as an entire month, computed from the date the refund was issued to the date the excess refund is repaid to the state.

4. *Illegal heating of fuel.* The deliberate heating of taxable motor fuel or special fuel by dealers prior to consumer sale is a simple misdemeanor.

5. *Prevention of inspection.* The department of revenue and finance or the state department of transportation may conduct inspections for coloration, markers, and shipping papers at any place where taxable fuel is or may be loaded into transport ve-

hicles, produced, or stored. Any attempts by a person to prevent, stop, or delay an inspection of fuel or shipping papers by authorized personnel shall be subject to a civil penalty of not more than one thousand dollars per occurrence. Any law enforcement officer or department of revenue and finance or state department of transportation employee may physically inspect, examine or otherwise search any tank, reservoir, or other container that can or may be used for the production, storage, or transportation of any type of fuel.

6. *Failure to conspicuously label a fuel pump.* A retailer who does not conspicuously label a fuel pump or other delivery facility as required by the internal revenue service, that dispenses dyed diesel fuel so as to notify customers that it contains dyed diesel fuel, shall pay to the department a penalty of one hundred dollars per occurrence.

7. *False or fraudulent return.* Any person, including an officer of a corporation or a manager of a limited liability company, who is required to make, render, sign, or verify any report or return required by this chapter and who makes a false or fraudulent report, or who fails to file a report or return with the intent to evade the tax, shall be guilty of a fraudulent practice. Any person who aids, abets, or assists another person in making any false or fraudulent return or false statement in any return with the intent to evade payment of tax shall be guilty of a fraudulent practice.

Enforcement personnel or requested peace officers are authorized to stop a conveyance suspected to be illegally transporting motor fuel or

special fuel on the highways, to investigate the cargo, and also have the authority to inspect or test the fuel in the supply tank of a conveyance to determine if legal fuel is being used to power the conveyance. The operator of any vehicle transporting motor fuel or special fuel shall, upon request, produce and offer for inspection the manifest or loading and delivery invoices pertaining to the load and trip in question and shall permit the authority to inspect and measure the contents of the vehicle. If the vehicle operator fails to produce the evidence or if, when produced, the evidence fails to contain the required information and it appears that there is an attempt to evade payment of the fuel tax, the vehicle operator will be subject to the penalty provisions contained in section 452A.74A. 1. Determine monthly the total amount of motor fuel tax collected under this chapter and multiply the amount by nine-tenths of one percent.

2. Subtract from the figure computed pursuant to subsection 1 of this section three percent of the figure for administrative costs and further subtract from the figure the amounts refunded to commercial fishers pursuant to section 452A.17, subsection 1, paragraph "a", subparagraph (7). 2. Persons subject to the tax imposed under this section shall take an inventory to determine the gallonage in storage for purposes of determining the tax and shall report the gallonage and pay the tax due within thirty days of the prescribed inventory date. The department of revenue and finance shall adopt rules pursuant to chapter 17A as are necessary to administer this section.

A temperature-adjusted or other method shall not be used, except as it applies to liquefied petroleum gas and the sale or exchange of petroleum products between petroleum refiners. All invoices, bills of lading, or other records of sale or purchase and all reports or records required to be made, kept, and maintained by a supplier, restrictive supplier, importer, exporter, blender, or compressed natural gas or liquefied petroleum gas dealer or user shall be made, kept, and maintained on the gross volume basis. CHAPTER 455A

DEPARTMENT OF NATURAL RESOURCES

455A.17A Review of allocation of REAP moneys — congress on resources enhancement and protection.

1. During the 1996 congress on resources enhancement and protection, the congress shall review the Iowa resources enhancement and protection fund allocations and uses of moneys provided under the separate accounts of the fund, pursuant to section 455A.19, and recommend changes regarding the allocations or uses of those moneys, but only if the congress determines that changes should be made. The congress shall review the allocations and uses of the moneys based upon the purposes of the fund as provided in sections 455A.15 and 455A.16. The con-

gress shall review the percentage of allocation of moneys to each account and determine whether the moneys expended from the account meet current needs, and whether the state is in a position to maintain resources already under state control.

2. As part of the review, the congress shall review the open spaces account as provided in section 455A.19, and specifically how moneys in the account are used, including issues relating to all of the following:

a. The acquisition of land, including the process of determining what land should be eligible for acquisition, the amount of land acquired, the purpose of land acquisition, land acquisition prices, the crop

suitability rating of acquired land, lost property taxes, maintenance performed on acquired land, and proposed uses and maintenance of the land.

b. The expenditure of moneys for purposes of supporting open spaces projects, including the purpose of the projects, project costs, proposed or needed projects, the purposes of proposed or needed projects, and the estimated costs of completing proposed or needed projects.

3. If the congress determines that the allocations of the moneys to specific accounts or the uses of moneys in those accounts under section 455A.19 should be changed, the congress shall include that finding and provide recommendations to the governor, the general assembly, and the natural resource commission as part of a report which shall be included with any other recommendations made by the congress pursuant to section 455A.17. If the congress determines that no changes are necessary, the congress shall include that finding as part of the recommendations made by the congress pursuant to section 455A.17.

NEW section

455A.19 Allocation of fund proceeds.

1. Upon receipt of any revenue, the director shall deposit the moneys in the Iowa resources enhancement and protection fund created pursuant to section 455A.18. The first three hundred fifty thousand dollars of the funds received for deposit in the fund annually shall be allocated to the conservation education board for the purposes specified in section 256.34. One percent of the revenue receipts shall be deducted and transferred to the administration fund provided for in section 456A.17. All of the remaining receipts shall be allocated to the following accounts:

a. Twenty-eight percent shall be allocated to the open spaces account. At least ten percent of the allocations to the account shall be made available to match private funds for open space projects on the cost-share basis of not less than twenty-five percent private funds pursuant to the rules adopted by the natural resources commission. Five percent of the funds allocated to the open spaces account shall be used to fund the protected waters program. This account shall be used by the department to implement the statewide open space acquisition, protection, and development programs.

The department shall give priority to acquisition and control of open spaces of statewide significance. The department shall also use these funds for developments on state property. The total cost of an open spaces project funded under this paragraph "a" shall not exceed two million dollars unless a public hearing is held on the project in the area of the state affected by the project. However, on and after July 1, 1994, the following shall apply:

(1) If the total amount appropriated by the general assembly to the resources enhancement and protection fund, in any fiscal year as defined in sec-

tion 8.36, is seven million dollars or more, not more than seventy-five percent of moneys in the open spaces account shall be allocated or obligated during that fiscal year to support a single project.

(2) If the total amount appropriated by the general assembly to the resources enhancement and protection fund, in any fiscal year as defined in section 8.36, is less than seven million dollars, not more than fifty percent of moneys in the open spaces account shall be allocated or obligated during that fiscal year to support a single project.

Political subdivisions of the state shall be reimbursed for property tax dollars lost to open space acquisitions based on the reimbursement formula provided for in section 465A.4. There is appropriated from the open spaces account to the department the amount in that account, or so much thereof as is necessary, to carry out the open spaces program as specified in this paragraph "a". An appropriation made under this paragraph "a" shall continue in force for two fiscal years after the fiscal year in which the appropriation was made or until completion of the project. All unencumbered or unobligated funds remaining at the close of the fiscal year in which the project is completed or at the close of the final fiscal year, whichever date is earlier, shall revert to the open spaces account.

b. Twenty percent shall be allocated to the county conservation account.

(1) Thirty percent of the allocation to the county conservation account annually shall be allocated to each county equally.

(2) Thirty percent of the allocation to the county conservation account annually shall be allocated to each county on a per capita basis.

(3) Forty percent of the allocation to the county conservation account annually shall be held in an account in the state treasury for the natural resource commission to award to counties on a competitive grant basis by a project selection committee established in this subparagraph. Local matching funds are not required for grants awarded under this subparagraph. The project planning and review committee shall be composed of two staff members of the department and two county conservation board directors appointed by the director and a fifth member selected by a majority vote of the director's appointees. The natural resource commission, by rule, shall establish procedures for application, review, and selection of county projects submitted for funding. Upon recommendation of the project planning and review committee, the director shall award the grants.

(4) Funds allocated to the counties under subparagraphs (1), (2), and (3) may be used for land easements or acquisitions, capital improvements, stabilization and protection of resources, repair and upgrading of facilities, environmental education, and equipment. However, expenditures are not allowed for single or multipurpose athletic fields, baseball or softball diamonds, tennis courts, golf courses, swimming pools, and other group or organized sport fa-

ilities. Funds may be used for county projects located within the boundaries of a city.

(5) Funds allocated pursuant to subparagraphs (2) and (3) shall only be allocated to counties dedicating property tax revenue at least equal to twenty-two cents per thousand dollars of the assessed value of taxable property in the county to county conservation purposes. State funds received under this paragraph shall not reduce or replace county tax revenues appropriated for county conservation purposes. The county auditor shall submit documentation annually of the dedication of property tax revenue for county conservation purposes. The annual audit of the financial transactions and condition of a county shall certify compliance with requirements of this subparagraph. Funds not allocated to counties not qualifying for the allocations under subparagraph (2) as a result of this subparagraph shall be held in reserve for each county for two years. Counties qualifying within two years may receive the funds held in reserve. Funds not spent by a county within two years shall revert to the general pool of county funds for reallocation to other counties where needed.

(6) Each board of supervisors shall create a special resource enhancement account in the office of county treasurer and the county treasurer shall credit all resource enhancement funds received from the state in that account. Notwithstanding section 12C.7, all interest earned on funds in the county resource enhancement account shall be credited to that account and used for the purposes authorized for that account.

(7) There is appropriated from the county conservation account to the department the amount in that account, or so much thereof as is necessary, to fund the provisions of this paragraph. An appropriation made under this paragraph shall continue in force for two fiscal years after the fiscal year in which the appropriation was made or until completion of the project for which the appropriation was made, whichever date is earlier. All unencumbered or unobligated funds remaining at the close of the fiscal year in which a project funded pursuant to subparagraph (3) is completed or at the close of the third fiscal year, whichever date is earlier, shall revert to the county conservation account.

(8) Any funds received by a county under this paragraph may be used to match other state or federal funds, and multicounty or multiagency projects may be funded under this paragraph.

c. Twenty percent shall be allocated to the soil and water enhancement account. The moneys shall be used to carry out soil and water enhancement programs including, but not limited to, reforestation, woodland protection and enhancement, wildlife habitat preservation and enhancement, protection of highly erodible soils, and clean water programs. The division of soil conservation, by rule, shall establish procedures for eligibility, application, review, and selection of projects and practices to implement the requirements of this paragraph. There is appropriated from the soil and water enhancement account to

the soil conservation division the amount in that account, or so much thereof as is necessary, to carry out the programs as specified in this paragraph. Remaining funds of the soil and water conservation account shall be allocated to the accounts of the water protection fund authorized in section 161C.4. Annually, fifty percent of the soil and water enhancement account funds, not to exceed one million dollars, shall be allocated to the water quality protection projects account. The balance of the funds shall be allocated to the water protection practices account. An appropriation made under this paragraph shall continue in force for two fiscal years after the fiscal year in which the appropriation was made or until completion of the project for which the appropriation was made, whichever date is earlier. All unencumbered or unobligated funds remaining at the close of the fiscal year in which the project is completed or at the close of the third fiscal year, whichever date is earlier, shall revert to the soil and water enhancement account.

d. Fifteen percent shall be allocated to a cities' parks and open space account. The moneys allocated in this paragraph may be used to fund competitive grants to cities to acquire, establish, and maintain natural parks, preserves, and open spaces. The grants may include expenditures for multipurpose trails, restroom facilities, shelter houses, and picnic facilities, but expenditures for single or multipurpose athletic fields, baseball or softball diamonds, tennis courts, golf courses, swimming pools, and other group or organized sport facilities requiring specialized equipment are excluded. The grants may be used for city projects located outside of a city's boundaries. The natural resource commission, by rule, shall establish procedures for application, review, and selection of city projects on a competitive basis. The rules shall provide for three categories of cities based on population within which the cities shall compete for grants. There is appropriated from the cities' parks and open space account to the department the amount in that account, or so much thereof as is necessary, to carry out the competitive grant program as provided in this paragraph.

e. Nine percent shall be allocated to the state land management account. The department shall use the moneys allocated to this account for maintenance and expansion of state lands and related facilities under its jurisdiction. The authority to expand state lands and facilities under this paragraph is limited to expansion of the state lands and facilities already owned by the state. There is appropriated from the state land management account to the department the moneys in that account, or so much thereof as is necessary, to implement a maintenance and expansion program for state lands and related facilities under the jurisdiction of the department.

f. Five percent shall be allocated to the historical resource grant and loan fund established pursuant to section 303.16. The department of cultural affairs shall use the moneys allocated to this fund to implement historical resource development programs as provided under section 303.16.

g. Three percent shall be allocated to the living roadway account for distribution to the living roadway trust fund created under section 314.21 for the development and implementation of integrated roadside vegetation plans.

2. The moneys appropriated under this section shall remain in the appropriate account of the Iowa resources enhancement and protection fund until such time as the agency, board, commission, or overseer of the fund to which moneys are appropriated has made a request to the treasurer for use of moneys appropriated to it and the amount needed for that use. Notwithstanding section 8.33, moneys remaining of the appropriations made for a fiscal year from any of the accounts within the Iowa resources enhancement and protection fund on June 30 of that fiscal year, shall not revert to any fund but shall remain in that account to be used for the purposes for

which they were appropriated and the moneys remaining in that account shall not be considered in making the allotments for the next fiscal year.

However, any moneys in excess of \$500,000, remaining in the living roadway account under subsection 1, paragraph "g", on June 30 shall revert to the resources enhancement and protection fund under this section for distribution pursuant to the formula under this section except for subsection 1, paragraph "g". That proportion of moneys that would have been reallocated to subsection 1, paragraph "g", shall be distributed to the open spaces account under subsection 1, paragraph "a".

CHAPTER 455B

JURISDICTION OF DEPARTMENT OF NATURAL RESOURCES

455B.109 Schedule of fines — violations.

1. The commission shall establish, by rule, a schedule or range of civil penalties which may be administratively assessed. The schedule shall provide procedures and criteria for the administrative assessment of penalties of not more than ten thousand dollars for violations of this chapter or rules, permits or orders adopted or issued under this chapter. In adopting a schedule or range of penalties and in proposing or assessing a penalty, the commission and director shall consider among other relevant factors the following:

- a. The costs saved or likely to be saved by non-compliance by the violator.
- b. The gravity of the violation.
- c. The degree of culpability of the violator.
- d. The maximum penalty authorized for that violation under this chapter.

Penalties may be administratively assessed only after an opportunity for a contested case hearing which may be combined with a hearing on the merits of the alleged violation. Violations not fitting within the schedule, or violations which the commission determines should be referred to the attorney general for legal action shall not be governed by the schedule established under this subsection.

2. When the commission establishes a schedule for violations, the commission shall provide, by rule, a procedure for the screening of alleged violations to determine which cases may be appropriate for the administrative assessment of penalties. However, the screening procedure shall not limit the discretion of the department to refer any case to the attorney general for legal action.

3. A penalty shall be paid within thirty days of the date the order assessing the penalty becomes final. When a person against whom a civil penalty is

assessed under this section seeks timely judicial review of an order imposing the penalty as provided under chapter 17A, the order is not final for the purposes of this section until all judicial review processes are completed. Additional judicial review may not be sought after the order becomes final. A person who fails to timely pay a civil penalty assessed by a final order of the department shall pay, in addition, interest at the rate of one and one-half percent of the unpaid balance of the assessed penalty for each month or part of a month that the penalty remains unpaid. The attorney general shall institute, at the request of the department, summary proceedings to recover the penalty and any accrued interest.

4. All civil penalties assessed by the department and interest on the penalties shall be deposited in the general fund of the state. However, civil penalties assessed by the department and interest on penalties, arising out of violations committed by animal feeding operations under division II, part 2, shall be deposited in the manure storage indemnity fund as created in section 204.2. Civil penalties assessed by the department and interest on the penalties arising out of violations committed by animal feeding operations under division III, which may be assessed pursuant to section 455B.191, shall be deposited in the manure storage indemnity fund as created in section 204.2.

5. This section does not require the commission or the director to pursue an administrative remedy before seeking a remedy in the courts of this state.

95 Acts, ch 195, §12

Subsection 4 amended

455B.110 Animal feeding operations — commission approval of enforcement actions.

The department shall not initiate an enforcement

action in response to a violation by an animal feeding operation as provided in this chapter or a rule adopted pursuant to this chapter, or request the commencement of legal action by the attorney general pursuant to section 455B.141, unless the commission has approved the intended action. This section shall not apply to an enforcement action in which the department enforces a civil penalty of three thousand dollars or less. This section shall also not apply to an order to terminate an emergency issued by the director pursuant to section 455B.175.

95 Acts, ch 195, §13
NEW section

455B.133 Duties.

The commission shall:

1. Develop comprehensive plans and programs for the abatement, control, and prevention of air pollution in this state, recognizing varying requirements for different areas in the state. The plans may include emission limitations, schedules and timetables for compliance with the limitations, measures to prevent the significant deterioration of air quality and other measures as necessary to assure attainment and maintenance of ambient air quality standards.

2. Adopt, amend, or repeal rules pertaining to the evaluation, abatement, control, and prevention of air pollution. The rules may include those that are necessary to obtain approval of the state implementation plan under section 110 of the federal Clean Air Act as amended through January 1, 1991.

3. Adopt, amend, or repeal ambient air quality standards for the atmosphere of this state on the basis of providing air quality necessary to protect the public health and welfare and to reduce emissions contributing to acid rain pursuant to Title IV of the federal Clean Air Act Amendments of 1990.

4. Adopt, amend, or repeal emission limitations or standards relating to the maximum quantities of air contaminants that may be emitted from any air contaminant source. The standards or limitations adopted under this section shall not exceed the standards or limitations promulgated by the administrator of the United States environmental protection agency or the requirements of the federal Clean Air Act as amended through January 1, 1991. This does not prohibit the commission from adopting a standard for a source or class of sources for which the United States environmental protection agency has not promulgated a standard. This also does not prohibit the commission from adopting an emission standard or limitation for infectious medical waste treatment or disposal facilities which exceeds the standards or limitations promulgated by the administrator of the United States environmental protection agency or the requirements of the federal Clean Air Act as amended through January 1, 1991. The commission shall not adopt an emission standard or limitation for infectious medical waste treatment or disposal facilities prior to January 1, 1995, which exceeds the standards or limitations promulgated by the administrator of the United States environmen-

tal protection agency or the requirements of the federal Clean Air Act, as amended through January 1, 1991, for a hospital, or a group of hospitals, licensed under chapter 135B which has been operating an infectious medical waste treatment or disposal facility prior to January 1, 1991.

a. (1) The commission shall establish standards of performance unless in the judgment of the commission it is not feasible to adopt or enforce a standard of performance. If it is not feasible to adopt or enforce a standard of performance, the commission may adopt a design, equipment, material, work practice or operational standard, or combination of those standards in order to establish reasonably available control technology or the lowest achievable emission rate in nonattainment areas, or in order to establish best available control technology in areas subject to prevention of significant deterioration review, or in order to adopt the emission limitations promulgated by the administrator of the United States environmental protection agency under section 111 or 112 of the federal Clean Air Act as amended through January 1, 1991.

(2) If a person establishes to the satisfaction of the commission that an alternative means of emission limitation will achieve a reduction in emissions of an air pollutant at least equivalent to the reduction in emissions of the air pollutant achieved under the design, equipment, material, work practice or operational standard, the commission shall amend its rules to permit the use of the alternative by the source for purposes of compliance with this paragraph with respect to the pollutant.

(3) A design, equipment, material, work practice or operational standard promulgated under this paragraph shall be promulgated in terms of a standard of performance when it becomes feasible to promulgate and enforce the standard in those terms.

(4) For the purpose of this paragraph, the phrase "not feasible to adopt or enforce a standard of performance" refers to a situation in which the commission determines that the application of measurement methodology to a particular class of sources is not practicable due to technological or economic limitations.

b. If the maximum standards for the emission of sulphur dioxide from solid fuels have to be reduced in an area to meet ambient air quality standards, a contract for coal produced in Iowa and burned by a facility in that area that met the sulphur dioxide emission standards in effect at the time the contract went into effect shall be exempted from the decreased requirement until the expiration of the contract period or December 31, 1983, whichever first occurs, if there is any other reasonable means available to satisfy the ambient air quality standards. To qualify under this subsection, the contract must be recorded with the county recorder of the county where the burning facility is located within thirty days after the signing of the contract.

c. The degree of emission limitation required for control of an air contaminant under an emission

standard shall not be affected by that part of the stack height of a source that exceeds good engineering practice, as defined in rules, or any other dispersion technique. This paragraph shall not apply to stack heights in existence before December 30, 1970, or dispersion techniques implemented before that date.

5. Classify air contaminant sources according to levels and types of emissions, and other characteristics which relate to air pollution. The commission may require, by rule, the owner or operator of any air contaminant source to establish and maintain such records, make such reports, install, use and maintain such monitoring equipment or methods, sample such emissions in accordance with such methods at such locations and intervals, and using such procedures as the commission shall prescribe, and provide such other information as the commission may reasonably require. Such classifications may be for application to the state as a whole, or to any designated area of the state, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property.

6. a. Require, by rules, notice of the construction of any air contaminant source which may cause or contribute to air pollution, and the submission of plans and specifications to the department, or other information deemed necessary, for the installation of air contaminant sources and related control equipment. The rules shall allow the owner or operator of a major stationary source to elect to obtain a conditional permit in lieu of a construction permit. The rules relating to a conditional permit for an electric power generating facility subject to chapter 476A and other major stationary sources shall allow the submission of engineering descriptions, flow diagrams and schematics that quantitatively and qualitatively identify emission streams and alternative control equipment that will provide compliance with emission standards. Such rules shall not specify any particular method to be used to reduce undesirable levels of emissions, nor type, design, or method of installation of any equipment to be used to reduce such levels of emissions, nor the type, design, or method of installation or type of construction of any manufacturing processes or kinds of equipment, nor specify the kind or composition of fuels permitted to be sold, stored, or used unless authorized by subsection 4 of this section.

b. The commission may give technical advice pertaining to the construction or installation of the equipment or any other recommendation.

7. Commission rules establishing maximum permissible sulfate content shall not apply to an expansion of an industrial anaerobic lagoon facility which was constructed prior to February 22, 1979.

8. a. Adopt rules consistent with the federal Clean Air Act Amendments of 1990, Pub. L. No. 101-549, which require the owner or operator of an air contaminant source to obtain an operating permit prior to operation of the source. The rules shall specify the information required to be submitted with

the application for a permit and the conditions under which a permit may be granted, modified, suspended, terminated, revoked, reissued, or denied. For sources subject to the provisions of Title IV of the federal Clean Air Act Amendments of 1990, permit conditions shall include emission allowances for sulfur dioxide emissions. The commission may impose fees, including fees upon regulated pollutants emitted from an air contaminant source, in an amount sufficient to cover all reasonable costs, direct and indirect, required to develop and administer the permit program in conformance with the federal Clean Air Act Amendments of 1990, Pub. L. No. 101-549. Affected units regulated under Title IV of the federal Clean Air Act Amendments of 1990, Pub. L. No. 101-549, shall pay operating permit fees in the same manner as other sources subject to operating permit requirements, except as provided in section 408 of the federal Act. The fees collected pursuant to this subsection shall be deposited in the air contaminant source fund created pursuant to section 455B.133B, and shall be utilized solely to cover all reasonable costs required to develop and administer the programs required by Title V of the federal Clean Air Act Amendments of 1990, Pub. L. No. 101-549, including the permit program pursuant to section 502 of the federal Act and the small business stationary source technical and environmental assistance program pursuant to section 507 of the federal Act.

b. Adopt rules allowing the department to issue a state operating permit to an owner or operator of an air contaminant source. The state operating permit granted under this paragraph may only be issued at the request of an air contaminant source and will be used to limit its potential to emit to less than one hundred tons per year of a criteria pollutant as defined by the United States environmental protection agency or ten tons per year of a hazardous air pollutant or twenty-five tons of any combination of hazardous air pollutants.

c. Adopt rules for the issuance of a single general permit, after notice and opportunity for a public hearing. The single general permit shall cover numerous sources to the extent that the sources are representative of a class of facilities which can be identified and conditioned by a single permit.

9. Adopt rules allowing asphalt shingles to be burned in a fire set for the purpose of bona fide training of public or industrial employees in fire fighting methods only if a notice is provided to the director containing testing results indicating that the asphalt shingles do not contain asbestos. Each fire department shall be permitted to host two fires per year as allowed under this subsection.

An air contaminant source fund is created in the office of the treasurer of state under the control of the department. Moneys received from the fees assessed pursuant to section 455B.133, subsection 8, shall be deposited in the fund. Moneys in the fund shall be used solely to defray the costs related to the permit, monitoring, and inspection program, including the small business stationary source technical and environmental compliance assistance program required pursuant to the federal Clean Air Act Amendments of 1990, sections 502 and 507, Pub. L. No. 101-549. Notwithstanding section 8.33, any unexpended balance in the fund at the end of each fiscal year shall be retained in the fund. Notwithstanding section 12C.7, any interest and earnings on investments from money in the fund shall be credited to the fund.

455B.134 Director — duties — limitations.

The director shall:

1. Publish and administer the rules and standards established by the commission. The department shall furnish a copy of such rules or standards to any person upon request.

2. Provide technical, scientific, and other services required by the commission or for the effective administration of this division II.

3. Grant, modify, suspend, terminate, revoke, re-issue or deny permits for the construction or operation of new, modified, or existing air contaminant sources and for related control equipment, and conditional permits for electric power generating facilities subject to chapter 476A and other major stationary sources, subject to the rules adopted by the commission. The department shall furnish necessary application forms for such permits.

a. No air contaminant source shall be installed, altered so that it significantly affects emissions, or placed in use unless a construction or conditional permit has been issued for the source.

b. The condition of expected performance shall be reasonably detailed in the construction or conditional permit.

c. All applications for permits other than conditional permits for electric generating facilities shall be subject to such notice and public participation as may be provided by rule by the commission. Upon denial or limitation of a permit other than a conditional permit for an electric generating facility, the applicant shall be notified of such denial and informed of the reason or reasons therefor, and such applicant shall be entitled to a hearing before the commission.

d. All applications for conditional permits for electric power generating facilities shall be subject to such notice and opportunity for public participation as may be consistent with chapter 476A or any agree-

ment pursuant thereto under chapter 28E. The applicant or intervenor may appeal to the commission from the denial of a conditional permit or any of its conditions. For the purposes of chapter 476A, the issuance or denial of a conditional permit by the director or by the commission upon appeal shall be a determination that the electric power generating facility does or does not meet the permit and licensing requirements of the commission. The issuance of a conditional permit shall not relieve the applicant of the responsibility to submit final and detailed construction plans and drawings and an application for a construction permit for control equipment that will meet the emission limitations established in the conditional permit.

e. A regulated air contaminant source for which a construction permit or conditional permit has been issued shall not be operated unless an operating permit also has been issued for the source. However, if the facility was in compliance with permit conditions prior to the requirement for an operating permit and has made timely application for an operating permit, the facility may continue operation until the operating permit is issued or denied. Operating permits shall contain the requisite conditions and compliance schedules to ensure conformance with state and federal requirements including emission allowances for sulfur dioxide emissions for sources subject to Title IV of the federal Clean Air Act Amendments of 1990. If construction of a new air contaminant source is proposed, the department may issue an operating permit concurrently with the construction permit, if possible and appropriate.

f. (1) Notwithstanding any other provision of division II of this chapter, the following siting requirements shall apply to anaerobic lagoons and earthen waste slurry storage basins:

Anaerobic lagoons, constructed or expanded on or after June 20, 1979, but prior to May 31, 1995, or earthen waste slurry storage basins, constructed or expanded on or after July 1, 1990, but prior to May 31, 1995, which are used in connection with animal feeding operations containing less than six hundred twenty-five thousand pounds live animal weight capacity of animal species other than beef cattle or containing less than one million six hundred thousand pounds live animal weight capacity of beef cattle, shall be located at least one thousand two hundred fifty feet from a residence not owned by the owner of the feeding operation or from a public use area other than a public road. Anaerobic lagoons or earthen waste slurry storage basins, which are used in connection with animal feeding operations containing six hundred twenty-five thousand pounds or more live animal weight capacity of animal species other than beef cattle or containing one million six hundred thousand pounds or more live animal weight capacity of beef cattle, shall be located at least one thousand eight hundred seventy-five feet from a residence not owned by the owner of the feeding operation or from a public use area other than a public road. For the purpose of this paragraph the

determination of live animal weight capacity shall be based on the average animal weight capacity during a production cycle and the maximum animal capacity of the animal feeding operation.

Anaerobic lagoons which are used in connection with industrial treatment of wastewater where the average wastewater discharge flow is one hundred thousand gallons per day or less shall be located at least one thousand two hundred fifty feet from a residence not owned by the owner of the lagoon or from a public use area other than a public road. Anaerobic lagoons which are used in connection with industrial treatment of wastewater where the average wastewater discharge flow is greater than one hundred thousand gallons per day shall be located at least one thousand eight hundred seventy-five feet from a residence not owned by the owner of the lagoon or from a public use area other than a public road. These separation distances apply to the construction of new facilities and the expansion of existing facilities.

(2) A person may build or expand an anaerobic lagoon or an earthen waste slurry storage basin closer to a residence not owned by the owner of the anaerobic lagoon or to a public use area than is otherwise permitted by subparagraph (1) of this paragraph, if the affected landowners enter into a written agreement with the anaerobic lagoon owner to waive the separation distances under such terms the parties negotiate. The written agreement becomes effective only upon recording in the office of the recorder of deeds of the county in which the residence is located.

4. Determine by field studies and sampling the quality of atmosphere and the degree of air pollution in this state or any part thereof.

5. Conduct and encourage studies, investigations, and research relating to air pollution and its causes, effects, abatement, control, and prevention.

6. Provide technical assistance to political subdivisions of this state requesting such aid for the furtherance of air pollution control.

7. Collect and disseminate information, and conduct educational and training programs, relating to air pollution and its abatement, prevention, and control.

8. Consider complaints of conditions reported to, or considered likely to, constitute air pollution, and investigate such complaints upon receipt of the written petition of any state agency, the governing body of a political subdivision, a local board of health, or twenty-five affected residents of the state.

9. Issue orders consistent with rules to cause the abatement or control of air pollution, or to secure compliance with permit conditions. In making the orders, the director shall consider the facts and circumstances bearing upon the reasonableness of the emissions involved, including but not limited to, the character and degree of injury to, or interference with, the protection of health and the physical property of the public, the practicability of reducing or limiting the emissions from the air pollution source,

and the suitability or unsuitability of the air pollution source to the area where it is located. An order may include advisory recommendations for the control of emissions from an air contaminant source and the reduction of the emission of air contaminants.

10. Encourage voluntary co-operation by persons or affected groups in restoring and preserving a reasonable quality of air within the state.

11. Encourage political subdivisions to handle air pollution problems within their respective jurisdictions.

12. Review and evaluate air pollution control programs conducted by political subdivisions of the state with respect to whether the programs are consistent with the provisions of division II of this chapter and rules adopted by the commission.

13. Hold public hearings, except when the evidence to be received is confidential pursuant to section 455B.137, necessary to accomplish the purposes of division II of this chapter. The director may issue subpoenas requiring the attendance of witnesses and the production of evidence pertinent to the hearings. A subpoena shall be issued and enforced in the same manner as in civil actions.

An animal feeding operation which does not comply with the distance requirements of section 455B.162 on May 31, 1995, may continue to operate regardless of those separation distances. The animal feeding operation may be expanded on or after May 31, 1995, regardless of those separation distances, if either of the following applies:

1. The animal feeding operation structure as constructed or expanded complies with the distance requirements of section 455B.162.

2. All of the following apply to the expansion of the animal feeding operation:

a. No portion of the animal feeding operation after expansion is closer than before expansion to a location or object for which separation is required under section 455B.162.

b. The animal weight capacity of the animal feeding operation as expanded is not more than the lesser of the following:

(1) Double its capacity on May 31, 1995.

NEW section

455B.165 Separation distance requirements — exemptions.

A separation distance requirement provided in this part shall not apply to the following:

1. A confinement feeding operation structure which provides for the storage of manure exclusively in a dry form.

2. A confinement feeding operation structure, other than an earthen manure storage basin, if the structure is part of a confinement feeding operation which qualifies as a small animal feeding operation.

3. An animal feeding operation structure which is constructed or expanded, if the titleholder of the land benefiting from the distance separation requirement executes a written waiver with the titleholder of the land where the structure is located, under such terms and conditions that the parties negotiate. The written waiver becomes effective only upon the recording of the waiver in the office of the recorder of deeds of the county in which the benefited land is located. The filed waiver shall preclude enforcement by the state of this part as it relates to the animal feeding operation structure.

4. An animal feeding operation which is constructed or expanded within the corporate limits of a city, or the area within a separation distance required pursuant to this part, if the city approves a waiver which shall be memorialized in writing. The written waiver becomes effective only upon recording the waiver in the office of the recorder of deeds of the county in which the benefited land is located. The filed waiver shall preclude enforcement by the state of this part as it relates to the animal feeding operation structure. However, this subsection shall not affect a separation distance required between residences, educational institutions, commercial enterprises, bona fide religious institutions, or public use areas, as provided in this part.

5. An animal feeding operation structure which is located within any distance from a residence, educational institution, commercial enterprise, bona fide religious institution, city, or public use area, if the residence, educational institution, commercial enterprise, or bona fide religious institution was constructed or expanded, or the boundaries of the city or public use area were expanded, after the date that the animal feeding operation was established. The date the animal feeding operation was established is the date on which the animal feeding operation com-

To the extent that they are not subject to section 402 of the federal Water Pollution Control Act, ditches, pipes, and drains that serve only to collect, channel, direct, and convey nonpoint runoff from precipitation are not considered as sewer systems for the purposes of this Act.*

29. "Small animal feeding operation" means the same as defined in section 455B.161.

30. "Treatment works" means any plant, disposal field, lagoon, holding or flow-regulating basin, pumping station, or other works installed for the purpose of treating, stabilizing or disposing of sewage, industrial waste or other wastes.

31. "Viable" means a disposal system or a public water supply system which is self-sufficient and has the financial, managerial, and technical capability to reliably meet standards of performance on a long-term basis, as required by state and federal law, including the federal Water Pollution Control Act and the federal Safe Drinking Water Act.

32. "Water of the state" means any stream, lake, pond, marsh, watercourse, waterway, well, spring, reservoir, aquifer, irrigation system, drainage system, and any other body or accumulation of water, surface or underground, natural or artificial, public or private, which are contained within, flow through or border upon the state or any portion thereof.

33. "Water pollution" means the contamination or alteration of the physical, chemical, biological, or radiological integrity of any water of the state by a source resulting in whole or in part from the activities of humans, which is harmful, detrimental, or injurious to public health, safety, or welfare, to domestic, commercial, industrial, agricultural, or recreational use or to livestock, wild animals, birds, fish, or other aquatic life.

34. "Water supply distribution system extension" means any extension to the pipelines or conduits which carry water directly from the treatment facility, source or storage facility to the consumer's service connection.

35. "Water well" means an excavation that is drilled, cored, bored, augered, washed, driven, dug, jetted or otherwise constructed for the purpose of exploring for groundwater, monitoring groundwater, utilizing the geothermal properties of the ground, or extracting water from or injecting water into the aquifer. 455B.173 Duties.

The commission shall:

1. Develop comprehensive plans and programs for the prevention, control and abatement of water pollution.

2. Establish, modify, or repeal water quality standards, pretreatment standards and effluent standards. The effluent standards may provide for maintaining the existing quality of the water of the state where the quality thereof exceeds the requirements of the water quality standards.

If the federal environmental protection agency has promulgated an effluent standard or pretreatment standard pursuant to section 301, 306 or 307 of the federal Water Pollution Control Act, a pretreatment or effluent standard adopted pursuant to this section shall not be more stringent than the federal effluent or pretreatment standard for such source. This section may not preclude the establishment of a more restrictive effluent limitation in the permit for a particular point source if the more restrictive effluent limitation is necessary to meet water quality standards, the establishment of an effluent standard for a source or class of sources for which the federal environmental protection agency has not promulgated standards pursuant to section 301, 306 or 307

of the federal Water Pollution Control Act. Except as required by federal law or regulation, the commission shall not adopt an effluent standard more stringent with respect to any pollutant than is necessary to reduce the concentration of that pollutant in the effluent to the level due to natural causes, including the mineral and chemical characteristics of the land, existing in the water of the state to which the effluent is discharged. Notwithstanding any other provision of this part of this division, any new source, the construction of which was commenced after October 18, 1972, and which was constructed as to meet all applicable standards of performance for the new source or any more stringent effluent limitation required to meet water quality standards, shall not be subject to any more stringent effluent limitations during a ten-year period beginning on the date of completion of construction or during the period of depreciation or amortization of the pollution control equipment for the facility for the purposes of section 167 and 169 or both sections of the Internal Revenue Code, whichever period ends first.

3. Establish, modify, or repeal rules relating to the location, construction, operation, and maintenance of disposal systems and public water supply systems and specifying the conditions, including the viability of a system pursuant to section 455B.174, under which the director shall issue, revoke, suspend, modify, or deny permits for the operation, installation, construction, addition to, or modification of any disposal system or public water supply system, or for the discharge of any pollutant. The rules specifying the conditions under which the director shall issue permits for the construction of an electric power generating facility subject to chapter 476A shall provide for issuing a conditional permit upon the submission of engineering descriptions, flow diagrams and schematics that qualitatively and quantitatively identify effluent streams and alternative disposal systems that will provide compliance with effluent standards or limitations.

No rules shall be adopted which regulate the hiring or firing of operators of disposal systems or public water supply systems except rules which regulate the certification of operators as to their technical competency.

A publicly owned treatment works whose discharge meets the final effluent limitations which were contained in its discharge permit on the date that construction of the publicly owned treatment works was approved by the department shall not be required to meet more stringent effluent limitations for a period of ten years from the date the construction was completed and accepted but not longer than twelve years from the date that construction was approved by the department.

4. Co-operate with other state or interstate water pollution control agencies in establishing standards, objectives, or criteria for the quality of interstate waters originating or flowing through this state.

5. Establish, modify or repeal rules relating to drinking water standards for public water supply

systems. Such standards shall specify maximum contaminant levels or treatment techniques necessary to protect the public health and welfare. The drinking water standards must assure compliance with federal drinking water standards adopted pursuant to the federal Safe Drinking Water Act.

6. a. Adopt rules relating to inspection, monitoring, recordkeeping, and reporting requirements for the owner or operator of any public water supply or any disposal system or of any source which is an industrial user of a publicly or privately owned disposal system.

b. Adopt rules which require each public water system regulated under chapter 455B to test the source water of that supply for the presence of synthetic organic chemicals and pesticides every three years. The rules shall enumerate the synthetic organic chemicals and pesticides, but not more than ten of each, for which the samples are to be tested; shall specify the approved analytical methods for conducting the analysis of water samples; and shall require the reporting of the analytical test results to the department. Priority for testing in the first year shall be those public water supplies for which none of the specified contaminants have been analyzed within the past five years. All of the laboratory analysis and data management shall be conducted by the center for health effects of environmental contamination. Sample collection shall be conducted using a standard sampling protocol by personnel within the department and the center for health effects of environmental contamination in conjunction with other ongoing field activities. Samples from private wells and samples from privately owned public water supplies shall be allowed to undergo the same analysis. The cost for the analysis provided for samples from private wells and privately owned public water supplies shall not exceed one hundred ninety-five dollars for the first year of testing. The department shall submit a report to the general assembly, by September 1 of each year, of the findings of the tests and the conclusions which may be drawn from the tests.

7. Adopt a statewide plan for the provision of safe drinking water under emergency circumstances. All public agencies, as defined in chapter 28E, shall co-operate in the development and implementation of the plan. The plan shall detail the manner in which the various state and local agencies shall participate in the response to an emergency. The department may enter into any agreement, subject to approval of the commission, with any state agency or unit of local government or with the federal government which may be necessary to establish the role of such agencies in regard to the plan. This plan shall be coordinated with disaster emergency plans.

8. Formulate and adopt specific and detailed statewide standards pursuant to chapter 17A for review of plans and purifications and the construction of sewer systems and water supply distribution systems and extensions to such systems not later than October 1, 1977. The standards shall be based on criteria contained in the "Recommended Stan-

Standards for Sewage Works" and *Recommended Standards for Water Works*" (Ten States Standards) as adopted by the Great Lakes-Upper Mississippi River board of state sanitary engineers, design manuals published by the department, applicable federal guidelines and standards, standard textbooks, current technical literature and applicable safety standards. The material standards for polyvinyl chloride pipe shall not exceed the specifications for polyvinyl chloride pipe in designations D-1784-69, D-2241-73, D-2564-76, D-2672-76, D-3036-73 and D-3139-73 of the American society of testing and material. The rules adopted which directly pertain to the construction of sewer systems and water supply distribution systems and the review of plans and specifications for such construction shall be known respectively as the Iowa Standards for Sewer Systems and the Iowa Standards for Water Supply Distribution Systems and shall be applicable in each governmental subdivision of the state. Exceptions shall be made to the standards so formulated only upon special request to and receipt of permission from the department. The department shall publish the standards and make copies of such standards available to governmental subdivisions and to the public.

9. Adopt, modify or repeal rules relating to the construction and reconstruction of water wells, the proper abandonment of wells, and the registration or certification of water well contractors. The rules shall include those necessary to protect the public health and welfare, and to protect the waters of the state. The rules may include, but are not limited to, establishing fees for registration or certification of water well contractors, requiring the submission of well driller's logs, formation samples or well cuttings, water samples, information on test pumping and requiring inspections. Fees shall be based upon the reasonable cost of conducting the water well contractor registration or certification program.

10. Adopt, modify, or repeal rules relating to the awarding of grants to counties for the purpose of carrying out responsibilities pursuant to section 455B.172 relative to private water supplies and private sewage disposal facilities.

11. Adopt, modify, or repeal rules relating to the business plan which disposal systems and public water supply systems must file with the department pursuant to section 455B.174, and adopt, modify, or repeal rules establishing a methodology and timetable by which nonviable systems shall take action to become viable or make alternative arrangements in providing treatment or water supply services.

12. Adopt rules for the issuance of a single general permit, after notice and opportunity for a public hearing. The single general permit shall cover numerous facilities to the extent that they are representative of a class of facilities which can be identified and conditioned by a single permit.

13. Adopt, modify, or repeal rules relating to the construction or operation of animal feeding operations. The rules shall include, but are not limited to, minimum manure control requirements, require-

ments for obtaining permits, and departmental evaluations of animal feeding operations. The department shall not require that a person obtain a permit for the construction of an animal feeding operation structure, if the structure is part of a small animal feeding operation. The department shall collect an indemnity fee as provided in section 204.3 prior to the issuance of a construction permit. The department shall not approve a permit for the construction of three or more animal feeding operation structures unless the applicant files a statement approved by a professional engineer registered pursuant to chapter 542B certifying that the construction of the animal feeding operation structure will not impede the drainage through established drainage tile lines which cross property boundary lines unless measures are taken to reestablish the drainage prior to completion of construction. The department shall deposit moneys collected in indemnity fees in the manure storage indemnity fund created in section 204.2. The department shall issue a permit for an animal feeding operation, if an application is submitted according to procedures required by the department, and the application meets standards established by the department, regardless of whether the animal feeding operation is required to obtain such a permit. An applicant for a construction permit shall not begin construction at the location of a site planned for the construction of an animal feeding operation structure, until the person has been granted a permit for the construction of the structure by the department. The department shall make a determination regarding the approval or denial of a permit within sixty days from the date that the department receives a completed application for a permit. However, the sixty-day requirement shall not apply to an application, if the applicant is not required to obtain a permit in order to construct an animal feeding operation structure or to operate an animal feeding operation. The department shall deliver a copy or require the applicant to deliver a copy of the application for a construction permit to the county board of supervisors in the county where the confinement feeding operation or confinement feeding operation structure subject to the permit is to be located. The department shall not approve the application or issue a construction permit until thirty days following delivery of the application to the county board of supervisors. The department shall consider comments from the county board of supervisors, regarding compliance by the applicant with the legal requirements for the construction of the confinement feeding operation structure as provided in this chapter, and rules adopted by the department pursuant to this chapter, if the comments are delivered to the department within fourteen days after receipt of the application by the county board of supervisors. Prior to granting a permit to a person for the construction of an animal feeding operation, the department may require the installation and operation of a hydrological monitoring system for an exclusively earthen manure storage structure, if, after

an on-site inspection, the department determines that the site presents an extraordinary potential for groundwater pollution. A person shall not obtain a permit for the construction of a confinement feeding operation, unless the person develops a manure management plan as provided in section 455B.203. The department shall not issue a permit to a person under this subsection if an enforcement action by the department, relating to a violation of this chapter concerning a confinement feeding operation in which the person has an interest, is pending. The department shall not issue a permit to a person under this subsection for five years after the date of the last violation committed by a person or confinement feeding operation in which the person holds a controlling interest during which the person or operation was classified as a habitual violator under section 455B.191. The department shall conduct an annual review of each confinement feeding operation which is a habitual violator and each confinement feeding operation in which a habitual violator holds a controlling interest. The department shall notify persons classified as habitual violators of their classification, additional restrictions imposed upon the persons pursuant to the classification, and special civil penalties that may be imposed upon the persons. The notice shall be sent to the persons by certified mail.

Subsection 3, unnumbered paragraph 1 amended

NEW subsections 12 and 13

455B.183A Water quality protection fund.

1. A water quality protection fund is created in the state treasury under the control of the department. The fund consists of moneys appropriated to the fund by the general assembly, moneys deposited into the fund from fees described in subsection 2, and other moneys available to and obtained or accepted by the department from the United States government or private sources for placement in the fund. The fund is divided into two accounts, including the administration account and the public water supply system account. Moneys in the administration account shall be used for purposes of carrying out the provisions of this division, which relate to the administration, regulation, and enforcement of the federal Safe Drinking Water Act. Moneys in the public water supply system account shall be used to support the program to assist supply systems, as provided in section 455B.183B.

2. The commission shall adopt fees as required pursuant to section 455B.105 for permits required for public water supply systems as provided in sections 455B.174 and 455B.183. Fees paid pursuant to this section shall not be subject to the sales or services tax. The fees shall be for each of the following:

a. The construction, installation, or modification of a public water supply system. The amount of the fees may be based on the type of system being constructed, installed, or modified.

b. The operation of a public water supply system, including any part of the system. The commission shall adopt a fee schedule which shall be based on the total number of persons served by public water supply systems in this state. However, a public water supply system shall be assessed a fee of at least twenty-five dollars. A public water supply system not owned or operated by a community and serving a transient population shall be assessed a fee of twenty-five dollars. The commission shall calculate all fees in the schedule to produce total revenues equaling three hundred fifty thousand dollars for each fiscal year, commencing with the fiscal year beginning July 1, 1995, and ending June 30, 1996. For each fiscal year, one-half of the fees shall be deposited into the administration account and one-half of the fees shall be deposited into the public water supply system account. By May 1 of each year, the department shall estimate the total revenue expected to be collected from the overpayment of fees, which are all fees in excess of the amount of the total revenues which are expected to be collected under the current fee schedule, and the total revenue expected to be collected from the payment of fees during the next fiscal year. The commission shall adjust the fees if the estimate exceeds the amount of revenue required to be deposited in the fund pursuant to this paragraph.

3. Moneys in the fund are subject to an annual audit by the auditor of state. The fund is subject to warrants by the director of revenue and finance, drawn upon the written requisition of the department.

4. Section 8.33 does not apply to moneys in the fund. Moneys earned as income, including interest from the fund, shall remain in the fund until expended.

5. On or before November 15 of each fiscal year, the department shall transmit to the department of management and the legislative fiscal bureau information regarding the fund and accounts, including all of the following:

a. The balance of unobligated and unencumbered moneys in each account as of November 1.

b. A summary of revenue deposited in and expenditures from each account during the current fiscal year.

c. Estimates of revenues expected to be deposited into the public water supply system account during the current fiscal year, and an estimate of the expected balance of unobligated and unencumbered moneys in the account on June 30 of the current fiscal year.

95 Acts, ch 216, §39

Subsection 2, paragraph b amended

455B.191 Penalties — burden of proof.

1. Any person who violates any provision of part 1 of division III of this chapter or any permit, rule, standard, or order issued under part 1 of division III of this chapter shall be subject to a civil penalty not to exceed five thousand dollars for each day of such violation.

2. Any person who negligently or knowingly violates section 455B.183 or section 455B.186 or any condition or limitation included in any permit issued under section 455B.183, or who negligently or knowingly introduces into a sewer system or into a publicly owned treatment works any pollutant or hazardous substance which the person knew or reasonably should have known could cause personal injury or property damage or, other than in compliance with all applicable federal and state requirements or permits, negligently or knowingly causes a treatment works to violate any water quality standard, effluent standard, pretreatment standard or condition of a permit issued to the treatment works pursuant to section 455B.183 is guilty of a serious misdemeanor for a negligent violation and is guilty of an aggravated misdemeanor for a knowing violation. A conviction for a negligent violation is punishable by a fine of not more than twenty-five thousand dollars for each day of violation or by imprisonment for not more than one year, or both; however, if the conviction is for a second or subsequent violation committed by a person under this subsection, the conviction is punishable by a fine of not more than fifty thousand dollars for each day of violation or by imprisonment for not more than two years, or both. A conviction for a knowing violation is punishable by a fine of not more than fifty thousand dollars for each day of violation or by imprisonment for not more than two years, or both; however, if the conviction is for a second or subsequent violation committed by a person under this subsection, the conviction is punishable by a fine of not more than one hundred thousand dollars for each day of violation or by imprisonment for not more than five years, or both. As used in this section, "hazardous substance" means hazardous substance as defined in section 455B.381 or section 455B.411.

3. Any person who knowingly makes any false statement, representation, or certification in any application, record, report, plan or other document filed or required to be maintained under part 1 of division III of this chapter, or who falsifies, tampers with or knowingly renders inaccurate any monitoring device or method required to be maintained under part 1 of division III of this chapter or by any permit, rule, regulation, or order issued under part 1 of division III of this chapter, shall upon conviction be punished by a fine of not more than ten thousand dollars or by imprisonment in the county jail for not more than six months or by both such fine and imprisonment.

4. The attorney general shall, at the request of the director with approval of the commission, institute any legal proceedings, including an action for an injunction or a temporary injunction, necessary to enforce the penalty provisions of part 1 of division III of this chapter or to obtain compliance with the provisions of part 1 of division III of this chapter or any rules promulgated or any provision of any permit issued under part 1 of division III of this chapter. In any such action, any previous findings of fact of the director or the commission after notice and hearing

shall be conclusive if supported by substantial evidence in the record when the record is viewed as a whole.

5. In all proceedings with respect to any alleged violation of the provisions of this part 1 of division III or any rule established by the commission or the department, the burden of proof shall be upon the commission or the department except in an action for contempt as provided in section 455B.182.

6. If the attorney general has instituted legal proceedings in accordance with this section, all related issues which could otherwise be raised by the alleged violator in a proceeding for judicial review under section 455B.178 shall be raised in the legal proceedings instituted in accordance with this section.

7. The department may impose a civil penalty upon a habitual violator which shall not exceed twenty-five thousand dollars for each day the violation continues. The increased penalty may be assessed for each violation committed subsequent to the violation which results in classifying the person as a habitual violator. A person shall be classified as a habitual violator, if the person has committed three or more violations as described in this subsection. To be considered a violation that is applicable to a habitual violator determination, a violation must have been committed on or after January 1, 1995. In addition, each violation must have been referred to the attorney general for legal action under this chapter, and each violation must be subject to the assessment of a civil penalty or a court conviction, in the five years prior to the date of the latest violation provided in this subsection, counting any violation committed by a confinement feeding operation in which the person holds a controlling interest. A person shall be removed from the classification of habitual violator on the date on which the person and all confinement feeding operations in which the person holds a controlling interest have committed less than three violations described in this subsection for the prior five years. For purposes of counting violations, a continuing and uninterrupted violation shall be considered as one violation. Different types of violations shall be counted as separate violations regardless of whether the violations were committed during the same period. A violation must relate to one of the following:

- a. The construction or operation of a confinement feeding operation structure or anaerobic lagoon which is part of a confinement feeding operation, or the installation or use of a related pollution control device or practice, for which the person must obtain a permit, in violation of this chapter, or rules adopted by the department, including the terms or conditions of the permit.
- b. Intentionally making a false statement or misrepresenting information to the department as part of an application for a construction permit for a confinement feeding operation structure or anaerobic lagoon which is part of a confinement feeding operation, or the installation of a related pollution control device or practice for which the person must obtain a construction permit.

c. Failing to obtain a permit or approval by the department in violation of this chapter or departmental rule which requires a permit to construct or operate a confinement feeding operation or use a confinement feeding operation structure, anaerobic lagoon, or a pollution control device or practice which is part of a confinement feeding operation.

d. Operating a confinement feeding operation, including a confinement feeding operation structure or anaerobic lagoon which is part of a confinement feeding operation, or a related pollution control device or practice, which causes pollution to the waters of the state, if the pollution was caused intentionally, or caused by a failure to take measures required to abate the pollution which resulted from an act of God.

e. Failing to submit a manure management plan as required pursuant to section 455B.203, or operating a confinement feeding operation without having a manure management plan approved by the department.

This subsection shall not apply unless the department of natural resources has previously notified the person of the person's classification as a habitual violator as provided in section 455B.173.

8. Moneys assessed and collected in civil penalties and interest earned on civil penalties, arising out of a violation involving an animal feeding operation, shall be deposited in the manure storage indemnity fund as created in section 204.2.

2. A manure management plan shall include all of the following:

a. Calculations necessary to determine the land area required for the application of manure from a confinement feeding operation based on nitrogen use levels in order to obtain optimum crop yields according to a crop schedule specified in the plan, and according to requirements adopted by the department after receiving recommendations from the animal agriculture consulting organization provided for in 1995 Iowa Acts, chapter 195, section 37.

b. Manure nutrient levels as determined by either manure testing or accepted standard manure nutrient values.

c. Manure application methods, timing of manure application, and the location of the manure application.

d. If the location of the application is on land other than land owned by the person applying for the construction permit, the plan shall include a copy of each written agreement executed between the person and the landowner where the manure will be applied.

e. An estimate of the annual animal production and manure volume or weight produced by the confinement feeding operation.

f. Methods, structures, or practices to prevent or diminish soil loss and potential surface water pollution.

g. Methods or practices to minimize potential odors caused by the application of manure by the use of spray irrigation equipment.

3. A person classified as a habitual violator or a confinement feeding operation in which a habitual violator owns a controlling interest, as provided in section 455B.191, shall submit a manure management plan to the department on an annual basis, which must be approved by the department for the following year of operation.

4. A person receiving a permit for the construction of a confinement feeding operation shall maintain a current manure management plan and maintain records sufficient to demonstrate compliance with the manure management plan. Chapter 22 shall not apply to the records which shall be kept

confidential by the department and its agents and employees. The contents of the records are not subject to disclosure except as follows:

- a. Upon waiver by the person receiving the permit.
- b. In an action or administrative proceeding commenced under this chapter. Any hearing related to the action or proceeding shall be closed.
- c. When required by subpoena or court order.

5. The department may inspect the confinement feeding operation at any time during normal working hours, and may inspect records required to be maintained as part of the manure management plan. The department shall regularly inspect a confinement feeding operation if the operation or a person holding a controlling interest in the operation is classified as a habitual violator pursuant to section 455B.191. The department shall assess and the confinement feeding operation shall pay the actual costs of the inspection. However, in order to access the operation, the departmental inspector must comply with standard disease control restrictions customarily required by the operation. The department shall comply with section 455B.103 in conducting an investigation of the premises where the animals are kept.

6. A person submitting a manure management plan who is found in violation of the terms and conditions of the plan shall not be subject to an enforcement action other than assessment of a civil penalty pursuant to section 455B.191.

The commission shall establish rules for the proper administration of this part 1 of division IV which shall reflect and accommodate as far as is reasonably possible the current and generally accepted methods and techniques for treatment and disposition of solid waste which will serve the purposes of this part, and which shall take into consideration the factors, including others which it deems proper, such as existing physical conditions, topography, soils and geology, climate, transportation, and land use, and which shall include but are not limited to rules relating to the establishment and location of sanitary disposal projects, sanitary practices, inspection of sanitary disposal projects, collection of solid waste, disposal of solid waste, pollution controls, the issuance of permits, approved methods of private disposition of solid waste, the general operation and maintenance of sanitary disposal projects, and the implementation of this part.

2. The commission shall adopt rules that allow the use of wet or dry sludge from publicly owned

treatment works for land application. A sale of wet or dry sludge for the purpose of land application shall be accompanied by a written agreement signed by both parties which contains a general analysis of the contents of the sludge. The heavy metal content of the sludge shall not exceed that allowed by rules of the commission. An owner of a publicly owned treatment works which sells wet or dry sludge is not subject to criminal liability for acts or omissions in connection with a sale, and is not subject to any action by the purchaser to recover damages for harm to person or property caused by sludge that is delivered pursuant to a sale unless it is a result of a violation of the written agreement or if the heavy metal content of the sludge exceeds that allowed by rules of the commission. Nothing in this section shall provide immunity to any person from action by the department pursuant to section 455B.307. The rules promulgated under this subsection shall be generally consistent with those rules of the department existing on January 1, 1982, regarding the land application of municipal sewage sludge except that they may provide for different methods of application for wet sludge and dry sludge.

3. The commission shall adopt rules prohibiting the disposal of uncontained liquid waste in a sanitary landfill. The rules shall prohibit land burial or disposal by land application of wet sewer sludge at a sanitary landfill.

4. The commission shall adopt rules requiring that each sanitary disposal project established pursuant to section 455B.302 and permitted pursuant to section 455B.305 install and maintain a sufficient number of groundwater monitoring wells to adequately determine the quality of the groundwater and the impact the sanitary disposal project, if any, is having on the groundwater adjacent to the sanitary disposal project site.

5. The commission shall adopt rules requiring a schedule of monitoring of the quality of groundwater adjacent to the sanitary disposal project from the groundwater monitoring wells installed in accordance with this section during the period the sanitary disposal project is in use. Schedules of monitoring may be varied in consideration of the types of sanitary disposal practices, hydrologic and geologic conditions, construction and operation characteristics, and volumes and types of wastes handled at the sanitary disposal project site.

6. The commission shall, by rule, require continued monitoring of groundwater pursuant to this section for a period of thirty years after the sanitary disposal project is closed. The commission may prescribe a lesser period of monitoring duration and frequency in consideration of the potential or lack thereof for groundwater contamination from the sanitary disposal project. The commission may extend the thirty-year monitoring period on a site-specific basis by adopting rules specifically addressing additional monitoring requirements for each sanitary disposal project for which the monitoring period is to be extended.

7. The commission shall adopt rules which may require the installation of shafts to relieve the accumulation of gas in a sanitary disposal project.

8. The commission shall adopt rules which establish closure, postclosure, leachate control and treatment, and financial assurance standards and requirements and which establish minimum levels of financial responsibility for sanitary disposal projects.

9. The commission shall adopt rules which establish the minimum distance between tiling lines and a sanitary landfill in order to assure no adverse effect on the groundwater.

10. The commission shall adopt rules for the distribution of grants to cities, counties, central planning agencies, and public or private agencies working in cooperation with cities or counties, for the purpose of solid waste management. The rules shall base the awarding of grants on a project's reflection of the solid waste management policy and hierarchy established in section 455B.301A, the proposed amount of local matching funds, and community need.

11. By July 1, 1990, a sanitary landfill disposal project operating with a permit shall have a trained, tested, and certified operator. A certification program shall be devised or approved by rule of the department.

12. The commission shall adopt rules for the certification of operators of solid waste incinerators. The criteria for certification shall include, but is not limited to, an operator's technical competency and operation and maintenance of solid waste incinerators.

13. Notwithstanding the provisions of this chapter regarding the requirement of the equipping of a sanitary landfill with a leachate control system and the establishment and continuation of a postclosure account, the department shall adopt rules which provide for an exemption from the requirements to equip a publicly owned sanitary landfill with a leachate control system and to establish and maintain a postclosure account if the sanitary landfill operator is a public agency, if the sanitary landfill has closed or will close by July 1, 1992, and will no longer accept waste for disposal after that date, and if at the time of closure of the sanitary landfill monitoring of the groundwater does not reveal the presence of leachate. The department shall require postclosure groundwater monitoring and shall establish the requirements for the implementation of leachate collection and control in cases in which leachate is found during postclosure monitoring. The department shall provide for a closure completion period following the date of closure of a sanitary landfill. Notwithstanding the provisions of this paragraph, the public agency shall retain financial responsibility for closure and postclosure requirements applicable to sanitary disposal projects.

14. The commission shall adopt rules providing for the land application of soils resulting from the remediation of underground storage tank releases in the state.

15. The commission shall adopt rules which require all sanitary landfills in which the tonnage fee

pursuant to section 455B.310 is imposed, to install scales by January 1, 1994.

16. The commission shall adopt rules which prohibit the land application of petroleum contaminated soils on flood plains.

17. The commission shall adopt rules to establish a special waste authorization program. For purposes of this subsection, "special waste" means any industrial process waste, pollution control waste, or toxic waste which presents a threat to human health or the environment or a waste with inherent properties which make the disposal of the waste in a sanitary landfill difficult to manage. Special waste does not include domestic, office, commercial, medical, or industrial waste that does not require special handling or limitations on its disposal. Special waste does not include hazardous wastes which are regulated under the federal Resource Conservation and Recovery Act, 42 U.S.C. § 6921-6934, hazardous wastes as defined in section 455B.411, subsection 3, or hazardous wastes included in the list compiled in accordance with section 455B.464.

18. The commission shall adopt rules for the issuance of a single general permit, after notice and opportunity for a public hearing. The single general permit shall cover numerous facilities to the extent that they are representative of a class of facilities which can be identified and conditioned by a single permit.

NEW subsection 18

455B.310 Tonnage fee imposed — appropriations — exemptions.

1. Except as provided in subsection 3, the operator of a sanitary landfill shall pay a tonnage fee to the department for each ton or equivalent volume of solid waste received and disposed of at the sanitary landfill during the preceding reporting period. The department shall determine by rule the volume which is equivalent to a ton of waste.

2. The tonnage fee is four dollars and twenty-five cents per ton of solid waste. Of that amount, ninety-five cents of the tonnage fee shall be retained by a city, county, or public or private agency and used as follows:

a. To meet comprehensive planning requirements of section 455B.306, the development of a closure or postclosure plan, the development of a plan for the control and treatment of leachate including the preparation of facility plans and detailed plans and specifications, and the preparation of a financial plan.

b. Forty-five cents of the retained funds shall be used for implementing waste volume reduction and recycling requirements of comprehensive plans filed under section 455B.306. The funds shall be distributed to a city, county, or public agency served by the sanitary disposal project. Fees collected by a private agency which provides for the final disposal of solid waste shall be remitted to the city, county, or public

agency served by the sanitary disposal project. However, if a private agency is designated to develop and implement the comprehensive plan pursuant to section 455B.306, fees under this paragraph shall be retained by the private agency.

c. For other environmental protection and compliance activities.

d. Each sanitary landfill owner or operator shall submit a return to the department identifying the use of all fees retained under this subsection including the manner in which the fees were distributed. The return shall be submitted concurrently with the return required under subsection 5.

3. Solid waste disposal facilities with special provisions which limit the site to disposal of construction and demolition waste, landscape waste, coal combustion waste, foundry sand, and solid waste materials approved by the department for lining or capping, or for construction berms, dikes, or roads in a sanitary disposal project or sanitary landfill are exempt from the tonnage fees imposed under this section. However, solid waste disposal facilities under this subsection are subject to the fees imposed pursuant to section 455B.105, subsection 11, paragraph "a". Notwithstanding the provisions of section 455B.105, subsection 11, paragraph "b", the fees collected pursuant to this subsection shall be used by the department for the regulation of these solid waste disposal facilities.

4. All tonnage fees received by the department under this section shall be deposited in the solid waste account of the groundwater protection fund created under section 455E.11.

5. Fees imposed by this section shall be paid to the department on a quarterly basis with payment due by no more than ninety days following the quarter during which the fees were collected. The payment shall be accompanied by a return which shall identify the amount of fees to be allocated to the landfill alternative financial assistance program, the amount of fees, in terms of cents per ton, retained for meeting waste reduction and recycling goals under section 455D.3, and additional fees imposed for failure to meet the twenty-five percent waste reduction and recycling goal under section 455D.3.

6. A person required to pay fees by this section who fails or refuses to pay the fees imposed by this section shall be assessed a penalty of two percent of the fee due for each month the fee is overdue. The penalty shall be paid in addition to the fee due.

7. Foundry sand used by a sanitary landfill as daily cover, road base, or berm material or for other purposes defined as beneficial uses by rule of the department is exempt from imposition of the tonnage fee under this section. Sanitary landfills shall use foundry sand as a replacement for earthen material, if the foundry sand is generated by a foundry located within the state and if the foundry sand is provided to the sanitary landfill at no cost to the sanitary landfill.

As used in this part unless the context otherwise requires:

1. "*Board*" means the Iowa comprehensive petroleum underground storage tank fund board.

2. "*Corrective action*" means an action taken to reduce, minimize, eliminate, clean up, control, or monitor a release to protect the public health and safety or the environment. Corrective action includes, but is not limited to, excavation of an underground storage tank for purposes of repairing a leak or removal of a tank, removal of contaminated soil, disposal or processing of contaminated soil, cleansing of groundwaters or surface waters, natural biodegradation, institutional controls, and site management practices. Corrective action does not include replacement of an underground storage tank. Corrective action specifically excludes third-party liability.

6. a. "*Owner*" means:

(1) In the case of an underground storage tank in use on or after July 1, 1985, a person who owns the underground storage tank used for the storage, use, or dispensing of regulated substances.

b. To the extent consistent with the federal Resource Conservation and Recovery Act, as amended to January 1, 1994, 42 U.S.C. § 6901 et seq., "*owner*" does not include a person who holds indicia of ownership in the underground storage tank or the tank site property if all of the following apply:

(1) The person holds indicia of ownership primarily to protect that person's security interest in the underground storage tank or tank site property, where such indicia of ownership was acquired either for the purpose of securing payment of a loan or other indebtedness, or in the course of protecting the security interest. The term "*primarily to protect that person's security interest*" includes but is not limited to ownership interests acquired as a consequence of that person exercising rights as a security interest holder in the underground storage tank or tank site property, where such exercise is necessary or appropriate to protect the security interest, to preserve the value of the collateral, or to recover a loan or indebtedness secured by such interest. The person holding indicia of ownership in the underground storage tank or tank site property and who acquires title or a right to title to such underground storage tank or tank site property upon default under the security arrangement, or at, or in lieu of, foreclosure, shall continue

to hold such indicia of ownership primarily to protect that person's security interest so long as subsequent actions taken by that person with respect to the underground storage tank or tank site property are intended to protect the collateral secured by the interest, and demonstrate that the person is seeking to sell or liquidate the secured property rather than holding the property for investment purposes.

(2) The person does not exhibit managerial control of, or managerial responsibility for, the daily operation of the underground storage tank or tank site property through the actual, direct, and continual or recurrent exercise of managerial control over the underground storage tank or tank site property in which that person holds a security interest, which managerial control materially divests the borrower, debtor, owner or operator of the underground storage tank or tank site property of such control.

(3) The person has taken no subsequent action with respect to the site which causes or exacerbates a release or threatened release of a hazardous substance.

7. "*Petroleum*" means petroleum, including crude oil or any fraction of crude oil which is liquid at standard conditions of temperature and pressure (sixty degrees Fahrenheit and fourteen and seven-tenths pounds per square inch absolute).

8. "*Regulated substance*" means an element, compound, mixture, solution or substance which, when released into the environment, may present substantial danger to the public health or welfare or the environment. Regulated substance includes substances designated in 40 C.F.R., Parts 61 and 116, and section 401.15, and petroleum including crude oil or any fraction of crude oil which is liquid at standard conditions of temperature and pressure (sixty degrees Fahrenheit and fourteen and seven-tenths pounds per square inch absolute). However, regulated substance does not include a substance regulated as a hazardous waste under the Resource Conservation and Recovery Act of 1976. Substances may be added or deleted as regulated substances by rule of the commission pursuant to section 455B.474.

9. "*Release*" means spilling, leaking, emitting, discharging, escaping, leaching, or disposing of a regulated substance, including petroleum, from an underground storage tank into groundwater, surface water, or subsurface soils.

Pipeline facilities regulated under the Natural Gas Pipeline Safety Act of 1968, as amended to January 1, 1985 (49 U.S.C. § 1671 et seq.), the Hazardous Liquid Pipeline Safety Act of 1979, as amended to January 1, 1985 (49 U.S.C. § 2001 et seq.), or an intrastate pipeline facility regulated under chapter 479.

e. A surface impoundment, pit, pond, or lagoon.

f. A storm water or wastewater collection system.

g. A flow-through process tank.

h. A liquid trap or associated gathering lines directly related to oil or gas production and gathering operations.

Underground storage tank does not include pipes connected to a tank described in paragraphs "a" to "i".

95 Acts, ch 215, §4

Subsection 2 stricken and rewritten

455B.474 Duties of commission — rules.

The commission shall adopt rules pursuant to chapter 17A relating to:

1. Release detection, prevention, and correction as may be necessary to protect human health and the environment, applicable to all owners and operators of underground storage tanks. The rules shall include, but are not limited to, requirements for:

a. Maintaining a leak detection system, an inventory control system with a tank testing, or a comparable system or method designed to identify releases in a manner consistent with the protection of human health and the environment.

b. Maintaining records of any monitoring or leak detection system, inventory control system, or tank testing or comparable system.

c. Reporting of any releases and corrective action taken in response to a release from an underground storage tank.

d. Establishing criteria for classifying sites according to the release of a regulated substance in connection with an underground storage tank.

(1) The classification system shall consider the actual or potential threat to public health and safety and to the environment posed by the contaminated site and shall take into account relevant factors, including the presence of contamination in soils, groundwaters, and surface waters, and the effect of conduits, barriers, and distances on the contamination found in those areas according to the following factors:

(a) Soils shall be evaluated based upon the depth of the existing contamination and its distance from the ground surface to the contamination zone and the contamination zone to the groundwater; the soil type and permeability, including whether the contamination exists in clay, till or sand and gravel; and the

variability of the soils, whether the contamination exists in soils of natural variability or in a disturbed area.

(b) Groundwaters shall be evaluated based upon the depth of the contamination and its distance from the ground surface to the groundwater and from the contamination zone to the groundwater; the flow pattern of the groundwater, the direction of the flow in relation to the contamination zone and the inter-connection of the groundwater with the surface or with surface water and with other groundwater sources; the nature of the groundwater, whether it is located in a high yield aquifer, an isolated, low yield aquifer, or in a transient saturation zone; and use of the groundwater, whether it is used as a drinking water source for public or private drinking water supplies, for livestock watering, or for commercial and industrial processing.

(c) Surface water shall be evaluated based upon its location, its distance in relation to the contamination zone, the groundwater system and flow, and its location in relation to surface drainage.

(d) The effect of conduits, barriers, and distances on the contamination found in soils, groundwaters, and surface waters. Consideration should be given to the following: the effect of contamination on conduits such as wells, utility lines, tile lines and drainage systems; the effect of conduits on the transport of the contamination; whether a well is active or abandoned; what function the utility line serves, whether it is a sewer line, a water distribution line, telephone line, or other line; the existence of barriers such as buildings and other structures, pavement, and natural barriers, including rock formations and ravines; and the distance which separates the contamination found in the soils, groundwaters, or surface waters from the conduits and barriers.

(2) A site shall be classified as either high risk, low risk, or no action required.

(a) A site shall be considered high risk when it is determined that contamination from the site presents an unreasonable risk to public health and safety or the environment under any of the following conditions:

(i) Contamination is affecting or likely to affect groundwater which is used as a source water for public or private water supplies, to a level rendering them unsafe for human consumption.

(ii) Contamination is actually affecting or is likely to affect surface water bodies to a level where surface water quality standards, under section 455B.173, will be exceeded.

(iii) Harmful or explosive concentrations of petroleum substances or vapors affecting structures or utility installations exist or are likely to occur.

(b) A site shall be considered low risk under any of the following conditions:

(i) Contamination is present and is affecting groundwater, but high risk conditions do not exist and are not likely to occur.

(ii) Contamination is above action level standards, but high risk conditions do not exist and are not likely to occur.

(c) A site shall be considered no action required if contamination is below action level standards and high or low risk conditions do not exist and are not likely to occur.

(d) For purposes of classifying a site as either low risk or no action required, the department shall rely upon the example tier one risk-based screening level look-up table of the American society for testing of materials' emergency standard, ES38-94, or other look-up table as determined by the department by rule.

(e) A site cleanup report which classifies a site as either high risk, low risk, or no action required shall be submitted by a groundwater professional to the department with a certification that the report complies with the provisions of this chapter and rules adopted by the department. The report shall be determinative of the appropriate classification of the site. However, if the report is found to be inaccurate or incomplete, and if based upon information in the report the risk classification of the site cannot be reasonably determined by the department based upon industry standards, the department shall work with the groundwater professional to obtain the additional information necessary to appropriately classify the site. A groundwater professional who knowingly or intentionally makes a false statement or misrepresentation which results in a mistaken classification of a site shall be guilty of a serious misdemeanor and shall have the groundwater professional's certification revoked under section 455G.18.

e. The closure of tanks to prevent any future release of a regulated substance into the environment. If consistent with federal environmental protection agency technical standard regulations, state tank closure rules shall include, at the tank owner's election, an option to fill the tank with an inert material. Removal of a tank shall not be required if the tank is filled with an inert material pursuant to department of natural resources rules. A tank closed, or to be closed and which is actually closed, within one year of May 13, 1988, shall be required to complete monitoring or testing as required by the department to ensure that the tank did not leak prior to closure, but shall not be required to have a monitoring system installed.

f. Establishing corrective action response requirements for the release of a regulated substance in connection with an underground storage tank. The corrective action response requirements shall include, but not be limited to, all of the following:

(1) A requirement that the site cleanup report do all of the following:

(a) Identify the nature and level of contamination resulting from the release.

(b) Provide supporting data and a recommendation of the degree of risk posed by the site relative to the site classification system adopted pursuant to paragraph "d".

(c) Provide supporting data and a recommendation of the need for corrective action.

(d) Identify the corrective action options which shall address the practical feasibility of implementation, costs, expected length of time to implement, and environmental benefits.

(2) To the fullest extent practicable, allow for the use of generally available hydrological, geological, topographical, and geographical information and minimize site specific testing in preparation of the site cleanup report.

(3) Require that at a minimum the source of a release be stopped either by repairing, upgrading, or closing the tank and that free product be removed or contained on site.

(4) High risk sites shall be addressed pursuant to a corrective action design report, as submitted by a groundwater professional and as accepted by the department. The corrective action design report shall determine the most appropriate response to the high risk conditions presented. The appropriate corrective action response shall be based upon industry standards and shall take into account the following:

(a) The extent of remediation required to reclassify the site as a low risk site.

(b) The most appropriate exposure scenarios based upon residential, commercial, or industrial use or other predefined industry accepted scenarios.

(c) Exposure pathway characterizations including contaminant sources, transport mechanisms, and exposure pathways.

(d) Affected human or environmental receptors and exposure scenarios based on current and projected use scenarios.

(e) Risk-based corrective action assessment principles which identify the risks presented to the public health and safety or the environment by each release in a manner that will protect the public health and safety or the environment using a tiered procedure consistent with the American society for testing of materials' emergency standard, ES38-94.

(f) Other relevant site specific factors such as the feasibility of available technologies, existing background contaminant levels, current and planned future uses, ecological, aesthetic, and other relevant criteria, and the applicability and availability of engineering and institutional controls.

(g) Remediation shall not be required on a site that does not present an increased cancer risk at the point of exposure of one in one million for residential areas or one in ten thousand for nonresidential areas.

(5) A corrective action design report submitted by a groundwater professional shall be accepted by the department and shall be primarily relied upon by the department to determine the corrective action response requirements of the site. However, if the corrective action design report is found to be inaccurate or incomplete, and if based upon information in the report the appropriate corrective action response cannot be reasonably determined by the department based upon industry standards, the department shall work with the groundwater professional to obtain the additional information necessary to appropriately determine the corrective action response require-

ments. A groundwater professional who knowingly or intentionally makes a false statement or misrepresentation which results in an improper or incorrect corrective action response shall be guilty of a serious misdemeanor and shall have the groundwater professional's certification revoked under section 455G.18.

(6) Low risk sites shall be monitored as deemed necessary by the department consistent with industry standards. Monitoring shall not be required on a site which has received a no further action certificate.

(7) An owner or operator may elect to proceed with additional corrective action on the site. However, any action taken in addition to that required pursuant to this paragraph "f" shall be solely at the expense of the owner or operator and shall not be considered corrective action for purposes of section 455G.9.

(8) Notwithstanding other provisions to the contrary and to the extent permitted by federal law, the department shall allow for bioremediation of soils and groundwater. For purposes of this subparagraph, "bioremediation" means the use of biological organisms, including microorganisms or plants, to degrade organic pollutants to common natural products.

(9) Replacement or upgrade of a tank on a site classified as a high or low risk site shall be equipped with a secondary containment system with monitoring of the space between the primary and secondary containment structures or other board approved tank system or methodology.

(10) The commission and the board shall cooperate to ensure that remedial measures required by the corrective action rules adopted pursuant to this paragraph are reasonably cost-effective and shall, to the fullest extent possible, avoid duplicating and conflicting requirements.

(11) The director may order an owner or operator to immediately take all corrective actions deemed reasonable and necessary by the director if the corrective action is consistent with the prioritization rules adopted under this paragraph. Any order taken by the director pursuant to this subparagraph shall be reviewed at the next meeting of the environmental protection commission.

g. Specifying an adequate monitoring system to detect the presence of a leaking underground storage tank and to provide for protection of the groundwater resources for regulated tanks installed prior to January 14, 1987. The effective date of the rules adopted shall be January 14, 1989. In the event that federal regulations are adopted by the United States environmental protection agency after the commission has adopted state standards pursuant to this subsection, the commission shall immediately proceed to adopt rules consistent with those federal regulations adopted. Unless the federal environmental protection agency adopts final rules to the contrary, rules adopted pursuant to this section shall not apply to hydraulic lift reservoirs, such as for automobile hoists and elevators, containing hydraulic oil.

h. Issuing a no further action certificate or a monitoring certificate to the owner or operator of an underground storage tank site.

(1) A no further action certificate shall be issued by the department for a site which has been classified as a no further action site or which has been reclassified pursuant to completion of a corrective action plan or monitoring plan to be a no further action site.

(2) A monitoring certificate shall be issued by the department for a site which does not require remediation, but does require monitoring of the site.

(3) A certificate may be recorded with the county recorder. The owner or operator of a site who has been issued a certificate under this paragraph "h" or a subsequent purchaser of the site shall not be required to perform further corrective action solely because action standards are changed at a later date. A certificate shall not prevent the department from ordering corrective action of a new release.

In adopting the rules under this subsection, the commission may distinguish between types, classes, and ages of underground storage tanks. In making the distinctions, the commission may take into consideration factors including, but not limited to, location of the tanks, compatibility of a tank material with the soil and climate conditions, uses of the tanks, history of maintenance, age of the tanks, current industry recommended practices, national consensus codes, hydrogeology, water table, size of the tanks, quantity of regulated substances periodically deposited in or dispensed from the tank, the degree of risk presented by the regulated substance, the technical and managerial capability of the owners and operators, and the compatibility of the regulated substance and the materials of which the underground storage tank is fabricated.

The department may issue a variance, which includes an enforceable compliance schedule, from the mandatory monitoring requirement for an owner or operator who demonstrates plans for tank removal, replacement, or filling with an inert material pursuant to a department approved variance. A variance may be renewed for just cause.

2. The maintenance of evidence of financial responsibility as the director determines to be feasible and necessary for taking corrective action and for compensating third parties for bodily injury and property damage caused by release of a regulated substance from an underground storage tank.

a. Financial responsibility required by this subsection may be established in accordance with rules adopted by the commission by any one, or any combination, of the following methods: insurance, guarantee, surety bond, letter of credit, or qualification as a self-insurer. In adopting requirements under this subsection, the commission may specify policy or other contractual terms, conditions, or defenses which are necessary or are unacceptable in establishing the evidence of financial responsibility.

A person who establishes financial responsibility by self-insurance shall not require or shall not enforce an indemnification agreement with an operator or owner of the tank covered by the self-insurance obligation, unless the owner or operator has committed a substantial breach of a contract between the

self-insurer and the owner or operator, and that substantial breach relates directly to the operation of the tank in an environmentally sound manner. This paragraph applies to all contracts between a self-insurer and an owner or operator entered into on or after May 5, 1989.

b. If the owner or operator is in bankruptcy, reorganization, or arrangement pursuant to the federal bankruptcy law or if jurisdiction in any state court or federal court cannot be obtained over an owner or operator likely to be solvent at the time of judgment, any claim arising from conduct for which evidence of financial responsibility must be provided under this subsection may be asserted directly against the guarantor providing the evidence of financial responsibility. In the case of action pursuant to this paragraph, the guarantor is entitled to invoke all rights and defenses which would have been available to the owner or operator if an action had been brought against the owner or operator by the claimant and which would have been available to the guarantor if an action had been brought against the guarantor by the owner or operator.

c. The total liability of a guarantor shall be limited to the aggregate amount which the guarantor has provided as evidence of financial responsibility to the owner or operator under this subsection. This subsection does not limit any other state or federal statutory, contractual, or common law liability of a guarantor to its owner or operator including, but not limited to, the liability of the guarantor for bad faith in negotiating or in failing to negotiate the settlement of any claim. This subsection does not diminish the liability of any person under section 107 or 111 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 or other applicable law.

d. For the purpose of this subsection, the term "guarantor" means any person, other than the owner or operator, who provides evidence of financial responsibility for an owner or operator under this subsection.

e. If an owner or operator is required to uncover or remove an underground storage tank based upon a determination of the department that the underground storage tank presents a hazard to the public health, safety, or the environment, and if upon inspection of the tank the determination is unfounded, the state may reimburse reasonable costs incurred in the inspection of the tank. Claims for reimbursement shall be filed on forms provided by the commission. The commission shall adopt rules pursuant to chapter 17A relating to determinations of reasonableness in approval or rejection of claims in cases of dispute. Claims shall be paid from the general fund of the state. When any one of the tanks or the related pumps and piping at a multiple tank facility are found to be leaking, the state shall not reimburse costs for uncovering or removing any of the other tanks, piping, or pumps that are not found to be leaking.

3. Standards of performance for new underground storage tanks which shall include, but are not

limited to, design, construction, installation, release detection, and compatibility standards. Until the effective date of the standards adopted by the commission and after January 1, 1986, a person shall not install an underground storage tank for the purpose of storing regulated substances unless the tank (whether of single or double wall construction) meets all the following conditions:

a. The tank will prevent release due to corrosion or structural failure for the operational life of the tank.

b. The tank is cathodically protected against corrosion, constructed of noncorrosive material, steel clad with a noncorrosive material, or designed in a manner to prevent the release or threatened release of any stored substance.

c. The material used in the construction or lining of the tank is compatible with the substance to be stored. If soil tests conducted in accordance with A.S.T.M., standard G 57-78 or another standard approved by the commission show that soil resistivity in an installation location is twelve thousand ohm/cm or more (unless a more stringent soil resistivity standard is adopted by rule of the commission), a storage tank without corrosion protection may be installed in that location until the effective date of the standards adopted by the commission and after January 1, 1986.

d. Rules adopted by the commission shall specify adequate monitoring systems to detect the presence of a leaking underground storage tank and to provide for protection of the groundwater resources from regulated tanks installed after January 14, 1987. In the event that federal regulations are adopted by the United States environmental protection agency after the commission has adopted state standards pursuant to this subsection, the commission shall immediately proceed to adopt rules consistent with those federal regulations adopted. Tanks installed on or after January 14, 1987, shall continue to be considered new tanks for purposes of this chapter and are subject to state monitoring requirements unless federal requirements are more restrictive.

4. The form and content of the written notices required by section 455B.473.

5. The duties of owners or operators of underground storage tanks to locate and abate the source of release of regulated substances, when in the judgment of the director, the local hydrology, geology and other relevant factors reasonably include a tank as a potential source.

6. Reporting requirements necessary to enable the department to maintain an accurate inventory of underground storage tanks.

7. Designation of regulated substances subject to this part, consistent with section 455B.471, subsection 8. The rules shall be at least as stringent as the regulations of the federal government pursuant to section 311, subsection b, paragraph 2, subparagraph A of the federal Water Pollution Control Act, 33 U.S.C. § 1321(b)(2)(A), pursuant to section 102 of the Comprehensive Environmental Response, Compens-

sation, and Liability Act, 42 U.S.C. § 9602, pursuant to section 307, subsection a of the federal Water Pollution Control Act, 33 U.S.C. § 1317(a), pursuant to section 112 of the Clean Air Act, 42 U.S.C. § 7412, or pursuant to section 7 of the Toxic Substances Control Act, 15 U.S.C. § 2606.

The rules adopted by the commission under this section shall be consistent with and shall not exceed the requirements of federal regulations relating to the regulation of underground storage tanks except as provided in subsection 1, paragraph "f" and subsection 3, paragraph "d". It is the intent of the general assembly that state rules adopted pursuant to subsection 1, paragraph "f" and subsection 3, paragraph "d" be consistent with and not more restrictive than federal regulations adopted by the United States environmental protection agency when those rules are adopted.

CHAPTER 455D

WASTE VOLUME REDUCTION AND RECYCLING

455D.3 Goals for waste stream reduction — procedures — reductions and increases in fees.

1. *Year 1994 and 2000 goals.* The goal of the state is to reduce the amount of materials in the waste stream, existing as of July 1, 1988, twenty-five percent by July 1, 1994, and fifty percent by July 1, 2000, through the practice of waste volume reduction at the source and through recycling. For the purposes of this section, "waste stream" means the disposal of solid waste as "solid waste" is defined in section 455B.301.

Notwithstanding section 455D.1, subsection 6, facilities which employ combustion of solid waste with energy recovery and refuse-derived fuel, which are included in an approved comprehensive plan, and which were in operation prior to July 1, 1989, may include these processes in the definition of recycling for the purpose of meeting the state goal if at least thirty-five percent of the waste reduction goal, required to be met by July 1, 2000, pursuant to this section, is met through volume reduction at the source and recycling and reuse, as established pursuant to section 455B.301A, subsection 1, paragraphs "a" and "b".

2. *Projected waste stream — year 2000.* A planning area may request the department to allow the planning area to project the planning area's waste stream for the year 2000 for purposes of meeting the year 2000 fifty percent waste volume reduction and recycling goals required by this section. The department shall make a determination of the eligibility to use this option based upon the annual tonnage of the solid waste processed by the planning area and the population density of the area the planning area serves. If the department agrees to allow the planning area to make year 2000 waste stream projections, the planning area shall calculate the year 2000 projections and submit the projections to the department for approval. The planning area shall use data which is current as of July 1, 1994, and shall take into

account population, employment, and industrial changes and documented diversions due to existing programs. The planning area shall use the departmental methodology to calculate the tonnage necessary to be diverted from landfills in order to meet the year 2000 fifty percent waste volume reduction and recycling goals required by this section. Once the department approves the year 2000 projections, the projections shall not be changed prior to the year 2001.

3. *Departmental monitoring.*

a. By October 31, 1994, a planning area shall submit to the department a solid waste abatement table which is updated through June 30, 1994. By April 1, 1995, the department shall report to the general assembly on the progress that has been made by each planning area on attainment of the July 1, 1994, twenty-five percent goal.

If at any time the department determines that a planning area has met or exceeded the twenty-five percent goal, a planning area shall subtract fifty cents from the total amount of the tonnage fee imposed pursuant to section 455B.310, subsection 2. The reduction in tonnage fees pursuant to this paragraph shall be taken from that portion of the tonnage fees which would have been allocated for funding alternatives to landfills pursuant to section 455E.11, subsection 2, paragraph "a", subparagraph (1).

If the department determines that a planning area has failed to meet the July 1, 1994, twenty-five percent goal, the planning area shall, at a minimum, implement the solid waste management techniques as listed in subsection 4. Evidence of implementation of the solid waste management techniques shall be documented in subsequent comprehensive plans submitted to the department.

b. By October 31, 2000, a planning area shall submit to the department, a solid waste abatement table which is updated through June 30, 2000. By April 1, 2001, the department shall report to the general assembly on the progress that has been made

by each planning area on attainment of the July 1, 2000, fifty percent goal.

If at any time the department determines that a planning area has met or exceeded the fifty percent goal, the planning area shall subtract fifty cents from the total amount of the tonnage fee imposed pursuant to section 455B.310, subsection 2. This amount shall be in addition to any amount subtracted pursuant to paragraph "a" of this subsection. The reduction in tonnage fees pursuant to this paragraph shall be taken from that portion of the tonnage fees which would have been allocated to funding alternatives to landfills pursuant to section 455E.11, subsection 2, paragraph "a", subparagraph (1).

4. *Solid waste management techniques.* A planning area that fails to meet the twenty-five percent goal shall implement the following solid waste management techniques:

a. Remit fifty cents per ton to the department, as of July 1, 1995. The funds shall be deposited in the solid waste account under section 455E.11, subsection 2, paragraph "a", to be used for funding alternatives to landfills pursuant to section 455E.11, subsection 2, paragraph "a", subparagraph (1). Monies under this paragraph shall be remitted until such time as evidence of attainment of the twenty-five percent goal is documented in subsequent comprehensive plans submitted to the department.

b. Notify the public of the planning area's failure to meet the waste volume reduction goals of this section, utilizing standard language developed by the department for that purpose.

c. Develop draft ordinances which shall be used by local governments for establishing collection fees that are based on volume or on the number of containers used for disposal by residents.

d. Conduct an educational and promotional program to inform citizens of the manner and benefits of reducing, reusing, and recycling materials and the procurement of products made with recycled content. The program shall include the following:

(1) Targeted waste reduction and recycling education for residents, including multifamily dwelling complexes having five or more units.

(2) An intensive one-day seminar for the commercial sector regarding the benefits of and opportunities for waste reduction and recycling.

(3) Promotion of recycling through targeted community and media events.

(4) Recycling notification and education packets to all new residential, commercial, and institutional collection service customers that include, at a minimum, the manner of preparation of materials for collection, and the reasons for separation of materials for recycling.

waste reduction and recycling network to promote the waste management policy contained in section 455B.481 and the waste management hierarchy contained in section 455B.301A. Programs established shall encourage waste generators to reduce the volume of waste generated and to recycle or properly dispose of the waste that is generated. The network shall utilize existing recycling companies when possible. The programs may utilize financial and legal incentives, education, technical assistance, regulation, and other methods as appropriate to implement the programs. The programs may involve the development of public and private sector initiatives, the development of markets and other opportunities for waste reduction and recycling, and other related efforts.

2. The elements of the network shall include but are not limited to all of the following:

a. Promotion of efforts to increase the amount of recyclable materials used by the public.

b. Promotion of efforts to recover recyclable materials from the waste stream.

c. Promotion of local efforts to implement recycling collection centers located at disposal sites or other convenient local sites.

d. Promotion of local efforts of curbside collection of separated recyclable waste materials.

e. Provision of public education programs which promote public awareness of waste volume reduction and the use of recyclable materials.

f. Promotion of the creation of markets for recyclable materials.

g. Promotion of research, manufacturing processes, and product development, which provide for waste reduction through decreased material input, and resource consumption.

h. Promotion of the concentration of the efforts of the business and industry resource search service by the small business assistance center for the safe and economic management of solid waste and hazardous substances at the university of northern Iowa, to locate existing waste streams and materials from businesses and industries which generate small amounts of waste and to catalyze the reuse of these materials in the production of goods and services.

CHAPTER 455G

COMPREHENSIVE PETROLEUM UNDERGROUND STORAGE TANK FUND

455G.3 Establishment of Iowa comprehensive petroleum underground storage tank fund.

1. The Iowa comprehensive petroleum underground storage tank fund is created as a separate fund in the state treasury, and any funds remaining in the fund at the end of each fiscal year shall not revert to the general fund but shall remain in the Iowa comprehensive petroleum underground storage tank fund. Interest or other income earned by the fund shall be deposited in the fund. The fund shall include moneys credited to the fund under this section, section 423.24, subsection 1, paragraph "a", subparagraph (1), and sections 455G.8, 455G.9, 455G.10, and 455G.11, and other funds which by law may be credited to the fund. The moneys in the fund are appropriated to and for the purposes of the board as provided in this chapter. Amounts in the fund shall not be subject to appropriation for any other purpose by the general assembly, but shall be used only for the purposes set forth in this chapter. The treasurer of state shall act as custodian of the fund and disburse amounts contained in it as directed by the board including automatic disbursements of funds as received pursuant to the terms of bond indentures and documents and security provisions to trustees and custodians. The treasurer of state is authorized to invest the funds deposited in the fund at the direction of the board and subject to any limitations contained in any applicable bond proceedings. The income from such investment shall be credited to and deposited in the fund. The fund shall be administered by the board which shall make expenditures from the fund consistent with the purposes of the programs set out in this chapter without further appropriation. The fund may be divided into different accounts with different depositories as determined by the board and to fulfill the purposes of this chapter.

2. The board shall assist Iowa's owners and operators of petroleum underground storage tanks in complying with federal environmental protection agency technical and financial responsibility regulations by establishment of the Iowa comprehensive petroleum underground storage tank fund. The authority may issue its bonds, or series of bonds, to assist the board, as provided in this chapter.

3. The purposes of this chapter shall include but are not limited to any of the following:

a. To establish a remedial account to fund corrective action for petroleum releases as provided by section 455G.9.

b. To establish a loan guarantee account, as provided by and to the extent permitted by section 455G.10.

c. To establish an insurance account for insurable underground storage tank risks within the state as provided by section 455G.11.

d. To establish a marketability fund for the purposes as stated in section 455G.21.

4. The state, the general fund of the state, or any other fund of the state, other than the Iowa comprehensive petroleum underground storage tank fund, is not liable for a claim or cause of action in connection with a tank not owned or operated by the state, or agency of the state. All expenses incurred by the fund shall be payable solely from the fund and no liability or obligation shall be imposed upon the state. The liability of the fund is limited to the extent of coverage provided by the account under which a claim is submitted, subject to the terms and conditions of that coverage. The liability of the fund is further limited by the moneys made available to the fund, and no remedy shall be ordered which would require the fund to exceed its then current funding limitations to satisfy an award or which would restrict the availability of moneys for higher priority sites. The

state is not liable for a claim presented against the fund.

5. For purposes of payment of refunds of the environmental protection charge under section 424.15 by the department of revenue and finance, the treasurer of state shall allocate to the department of revenue and finance the total amount budgeted by the fund's board for environmental protection charge refunds. Any unused funds shall be remitted to the treasurer of state.

Subsection 3, NEW paragraph d

455G.6 Iowa comprehensive petroleum underground storage tank fund — general and specific powers.

In administering the fund, the board has all of the general powers reasonably necessary and convenient to carry out its purposes and duties and may do any of the following, subject to express limitations contained in this chapter:

1. Guarantee secured and unsecured loans, and enter into agreements for corrective action, acquisition and construction of tank improvements, and provide for the insurance program. The loan guarantees may be made to a person or entity owning or operating a tank. The board may take any action which is reasonable and lawful to protect its security and to avoid losses from its loan guarantees.

2. Acquire, hold, and mortgage personal property and real estate and interests in real estate to be used.

3. Purchase, construct, improve, furnish, equip, lease, option, sell, exchange, or otherwise dispose of one or more improvements under the terms it determines.

4. Grant a mortgage, lien, pledge, assignment, or other encumbrance on one or more improvements, revenues, asset of right, accounts, or funds established or received in connection with the fund, including revenues derived from the use tax under section 423.24, subsection 1, paragraph "a", subparagraph (1), and deposited in the fund or an account of the fund.

5. Provide that the interest on bonds may vary in accordance with a base or formula.

6. Contract for the acquisition, construction, or both of one or more improvements or parts of one or more improvements and for the leasing, subleasing, sale, or other disposition of one or more improvements in a manner it determines.

7. The board may contract with the authority for the authority to issue bonds and do all things necessary with respect to the purposes of the fund, as set out in the contract between the board and the authority. The board may delegate to the authority and the authority shall then have all of the powers of the board which are necessary to issue and secure bonds and carry out the purposes of the fund, to the extent provided in the contract between the board and the authority. The authority may issue the authority's bonds in principal amounts which, in the opinion of

the board, are necessary to provide sufficient funds for the fund, the payment of interest on the bonds, the establishment of reserves to secure the bonds, the costs of issuance of the bonds, other expenditures of the authority incident to and necessary or convenient to carry out the bond issue for the fund, and all other expenditures of the board necessary or convenient to administer the fund. The bonds are investment securities and negotiable instruments within the meaning of and for purposes of the uniform commercial code.

8. Bonds issued under this section are payable solely and only out of the moneys, assets, or revenues of the fund, all of which may be deposited with trustees or depositories in accordance with bond or security documents and pledged by the board to the payment thereof, and are not an indebtedness of this state or the authority, or a charge against the general credit or general fund of the state or the authority, and the state shall not be liable for any financial undertakings with respect to the fund. Bonds issued under this chapter shall contain on their face a statement that the bonds do not constitute an indebtedness of the state or the authority.

9. The proceeds of bonds issued by the authority and not required for immediate disbursement may be deposited with a trustee or depository as provided in the bond documents and invested in any investment approved by the authority and specified in the trust indenture, resolution, or other instrument pursuant to which the bonds are issued without regard to any limitation otherwise provided by law.

10. The bonds shall be:

a. In a form, issued in denominations, executed in a manner, and payable over terms and with rights of redemption, and be subject to such other terms and conditions as prescribed in the trust indenture, resolution, or other instrument authorizing their issuance.

b. Negotiable instruments under the laws of the state and may be sold at prices, at public or private sale, and in a manner, as prescribed by the authority. Chapters 73A, 74, 74A and 75 do not apply to their sale or issuance of the bonds.

c. Subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest, and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this chapter and as determined by the trust indenture, resolution, or other instrument authorizing their issuance.

11. The bonds are securities in which public officers and bodies of this state; political subdivisions of this state; insurance companies and associations and other persons carrying on an insurance business; banks, trust companies, savings associations, savings and loan associations, and investment companies; administrators, guardians, executors, trustees, and other fiduciaries; and other persons authorized to invest in bonds or other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them.

12. Bonds must be authorized by a trust indenture, resolution, or other instrument of the authority, approved by the board. However, a trust indenture, resolution, or other instrument authorizing the issuance of bonds may delegate to an officer of the issuer the power to negotiate and fix the details of an issue of bonds.

13. Neither the resolution, trust agreement, nor any other instrument by which a pledge is created needs to be recorded or filed under the Iowa uniform commercial code to be valid, binding, or effective.

14. Bonds issued under the provisions of this section are declared to be issued for an essential public and governmental purpose and all bonds issued under this chapter shall be exempt from taxation by the state of Iowa and the interest on the bonds shall be exempt from the state income tax and the state inheritance and estate tax.

15. *a.* Subject to the terms of any bond documents, moneys in the fund or fund accounts may be expended for administration expenses, civil penalties, moneys paid under an agreement, stipulation, or settlement, for the costs associated with sites within a community remediation project, for costs related to contracts entered into with a state agency or university, costs for activities relating to litigation, or for the costs of any other activities as the board may determine are necessary and convenient to facilitate compliance with and to implement the intent of federal laws and regulations and this chapter. For purposes of this chapter, administration expenses include expenses incurred by the underground storage tank section of the department of natural resources in relation to tanks regulated under this chapter.

b. The authority granted under this subsection which allows the board to expend fund moneys on an activity the board determines is necessary and convenient to facilitate compliance with and to implement the intent of federal laws and regulations and this chapter, shall only be used in accordance with the following:

(1) Prior board approval shall be required before expenditure of moneys pursuant to this authority shall be made.

(2) If the expenditure of fund moneys pursuant to this authority would result in the board establishing a policy which would substantially affect the operation of the program, rules shall be adopted pursuant to chapter 17A prior to the board or the administrator taking any action pursuant to this proposed policy.

16. The board shall cooperate with the department of natural resources in the implementation and administration of this chapter to assure that in combination with existing state statutes and rules governing underground storage tanks, the state will be, and continue to be, recognized by the federal government as having an "approved state account" under the federal Resource Conservation and Recovery Act, especially by compliance with the Act's subtitle I financial responsibility requirements as enacted in the federal Superfund Amendments and Reauthorization Act of 1986 and the financial responsibility

regulations adopted by the United States environmental protection agency at 40 C.F.R. pts. 280 and 281. Whenever possible this chapter shall be interpreted to further the purposes of, and to comply, and not to conflict, with such federal requirements.

1. *Bonds issued to capitalize fund.* The proceeds of bonds issued to capitalize and pay the costs of the fund, and investment earnings on the proceeds except as required for the capital reserve funds.

2. *Use tax.* The revenues derived from the use tax imposed under chapter 423. The proceeds of the use tax under section 423.24, subsection 1, paragraph "a", subparagraph (1), shall be allocated, consistent with this chapter, among the fund's accounts, for debt service and other fund expenses, according to the fund budget, resolution, trust agreement, or other instrument prepared or entered into by the board or authority under direction of the board. The proceeds of the use tax under section 423.24, subsection 1, paragraph "a", subparagraph (2), shall be allocated in accordance with section 455G.21.

3. *Storage tank management fee.* That portion of the storage tank management fee proceeds which are deposited into the fund, pursuant to section 455B.479.

4. *Insurance premiums.* Insurance premium income as provided by section 455G.11 shall be credited to the insurance account.

5. *Cost recovery enforcement.* Cost recovery enforcement net proceeds as provided by section 455G.13 shall be allocated to the innocent landowners fund created under section 455G.21, subsection 2, paragraph "a". When federal cleanup funds are recovered, the funds are to be deposited to the remedial account of the fund and used solely for the purpose of future cleanup activities.

6. *Other sources.* Interest attributable to investment of money in the fund or an account of the fund. 455G.9 Remedial program.

1. *Limits of remedial account coverage.* Moneys in the remedial account shall only be paid out for the following:

a. (1) Corrective action for an eligible release reported to the department of natural resources on or after July 1, 1987, but prior to May 5, 1989. Third-party liability is specifically excluded from remedial

account coverage. For a claim for a release for a small business under this subparagraph, the remedial program shall pay in accordance with subsection 4. For all other claims under this subparagraph, the remedial program shall pay the lesser of fifty thousand dollars of the total costs of corrective action for that release or total corrective action costs for that release as determined under subsection 4. For a release to be eligible for coverage under this subparagraph the following conditions must be satisfied:

(a) The owner or operator applying for coverage shall not be a person who is maintaining, or has maintained, proof of financial responsibility for federal regulations through self-insurance.

(b) The owner or operator applying for coverage shall not have claimed bankruptcy any time on or after July 1, 1987.

(c) The claim for coverage pursuant to this subparagraph must have been filed with the board prior to January 31, 1990, except that cities and counties must have filed their claim with the board by September 1, 1990.

(d) The owner or operator at the time the release was reported to the department of natural resources must have been in compliance with then current monitoring requirements, if any, or must have been in the process of compliance efforts with anticipated requirements, including installation of monitoring devices, a new tank, tank improvements or retrofit, or any combination.

(2) Corrective action, up to one million dollars total, and subject to prioritization rules as established pursuant to section 455G.12A, for a release reported to the department of natural resources after May 5, 1989, and on or before October 26, 1990. Third-party liability is specifically excluded from remedial account coverage. Corrective action coverage provided pursuant to this paragraph may be aggregated with other financial assurance mechanisms as permitted by federal law to satisfy required aggregate and per occurrence limits of financial responsibility for both corrective action and third-party liability, if the owner's or operator's effective financial responsibility compliance date is prior to October 26, 1990. School districts who reported a release to the department of natural resources prior to December 1, 1990, shall have until July 1, 1991, to report a claim to the board for remedial coverage under this subparagraph.

(3) Corrective action for an eligible release reported to the department of natural resources on or after January 1, 1984, but prior to July 1, 1987. Third-party liability is specifically excluded from remedial account coverage. For a claim for a release for a small business under this subparagraph, the remedial program shall pay in accordance with subsection 4. For all other claims under this subparagraph, the remedial program shall pay the lesser of fifty thousand dollars of the total costs of corrective action for that release or total corrective action costs for that release as determined under subsection 4. For a release to be eligible for coverage under this

subparagraph the following conditions must be satisfied:

(a) The owner or operator applying for coverage must be currently engaged in the business for which the tank connected with the release was used prior to the report of the release.

(b) The owner or operator applying for coverage shall not be a person who is maintaining, or has maintained, proof of financial responsibility for federal regulations through self-insurance.

(c) The owner or operator applying for coverage shall not have claimed bankruptcy any time on or after January 1, 1985.

(d) The claim for coverage pursuant to this subparagraph must have been filed with the board prior to September 1, 1990.

(e) The owner or operator at the time the release was reported to the department of natural resources must have been in compliance with then current monitoring requirements, if any, or must have been in the process of compliance efforts with anticipated requirements, including installation of monitoring devices, a new tank, tank improvements or retrofit, or any combination.

(4) One hundred percent of the costs of corrective action for a release reported to the department of natural resources on or before July 1, 1991, if the owner or operator is not a governmental entity and is a not-for-profit organization exempt from federal income taxation under section 501(c)(3) of the Internal Revenue Code with a net annual income of twenty-five thousand dollars or less for the year 1990, and if the tank which is the subject of the corrective action is a registered tank and is under one thousand one hundred gallons capacity.

(5) For the purposes of calculating corrective action costs under this paragraph, corrective action shall include the cost of a tank system upgrade required by section 455B.474, subsection 1, paragraph "f", subparagraph (9). Payments under this subparagraph shall be limited to a maximum of ten thousand dollars for any one site.

(6) For the purposes of calculating corrective action costs under this paragraph, corrective action shall include the costs associated with monitoring required by the rules adopted under section 455B.474, subsection 1, paragraph "f", but corrective action shall exclude monitoring used for leak detection required by rules adopted under section 455B.474, subsection 1, paragraph "a".

b. Corrective action and third-party liability for a release discovered on or after January 24, 1989, for which a responsible owner or operator able to pay cannot be found and for which the federal underground storage tank trust fund or other federal moneys do not provide coverage. For the purposes of this section property shall not be deeded or quitclaimed to the state or board in lieu of cleanup. Additionally, the ability to pay shall be determined after a claim has been filed. The board is not liable for any cost where either the responsible owner or operator, or both, have a net worth greater than fifteen thousand dol-

lars, or where the responsible party can be determined. Third-party liability specifically excludes any claim, cause of action, or suit, for personal injury including, but not limited to, loss of use or of private enjoyment, mental anguish, false imprisonment, wrongful entry or eviction, humiliation, discrimination, or malicious prosecution.

c. Corrective action and third-party liability for a tank owned or operated by a financial institution eligible to participate in the remedial account under section 455G.16 if the prior owner or operator is unable to pay, if so authorized by the board as part of a condition or incentive for financial institution participation in the fund pursuant to section 455G.16. Third-party liability specifically excludes any claim, cause of action, or suit, for personal injury including, but not limited to, loss of use or of private enjoyment, mental anguish, false imprisonment, wrongful entry or eviction, humiliation, discrimination, or malicious prosecution.

d. One hundred percent of the costs of corrective action and third-party liability for a release situated on property acquired by a county for delinquent taxes pursuant to chapters 445 through 448, for which a responsible owner or operator able to pay, other than the county, cannot be found. A county is not a "responsible party" for a release in connection with property which it acquires in connection with delinquent taxes, and does not become a responsible party by sale or transfer of property so acquired. Third-party liability specifically excludes any claim, cause of action, or suit, for personal injury including, but not limited to, loss of use or of private enjoyment, mental anguish, false imprisonment, wrongful entry or eviction, humiliation, discrimination, or malicious prosecution.

e. Corrective action for a release reported to the department of natural resources after May 5, 1989, and on or before October 26, 1990, in connection with a tank owned or operated by a state agency or department which elects to participate in the remedial account pursuant to this paragraph. A state agency or department which does not receive a standing unlimited appropriation which may be used to pay for the costs of a corrective action may opt, with the approval of the board, to participate in the remedial account. As a condition of opting to participate in the remedial account, the agency or department shall pay all registration fees, storage tank management fees, environmental protection charges, and all other charges and fees upon all tanks owned or operated by the agency or department in the same manner as if the agency or department were a person required to maintain financial responsibility. Once an agency has opted to participate in the remedial program, it cannot opt out, and shall continue to pay all charges and fees upon all tanks owned or operated by the agency or department so long as the charges or fees are imposed on similarly situated tanks of a person required to maintain financial responsibility. The board shall by rule adopted pursuant to chapter 17A provide the terms and conditions for a state agency

or department to opt to participate in the remedial account. A state agency or department which opts to participate in the remedial account shall be subject to the minimum copayment schedule of subsection 4, as if the state agency or department were a person required to maintain financial responsibility.

f. One hundred percent of the costs up to twenty thousand dollars incurred by the board under section 455G.12A, subsection 2, unnumbered paragraph 2, for site cleanup reports. Costs of a site cleanup report which exceed twenty thousand dollars shall be considered a cost of corrective action and the amount shall be included in the calculations for corrective action cost copayments under section 455G.9, subsection 4. The board shall have the discretion to authorize a site cleanup report payment in excess of twenty thousand dollars if the site is participating in community remediation.

g. Corrective action for the costs of a release under all of the following conditions:

(1) The property upon which the tank causing the release was situated was transferred by inheritance, devise, or bequest.

(2) The property upon which the tank causing the release was situated has not been used to store or dispense petroleum since December 31, 1975.

(3) The person who received the property by inheritance, devise, or bequest was not the owner of the property during the period of time when the release which is the subject of the corrective action occurred.

(4) The release was reported to the board by October 26, 1991.

Corrective action costs and copayment amounts under this paragraph shall be paid in accordance with subsection 4.

A person requesting benefits under this paragraph may establish that the conditions of subparagraphs (1), (2), and (3) are met through the use of supporting documents, including a personal affidavit.

h. One hundred percent of the costs of corrective action for a governmental subdivision in connection with a tank which was in place on the date the release was discovered or reported if the governmental subdivision did not own or operate the tank which caused the release and if the governmental subdivision did not obtain the property upon which the tank giving rise to the release is located on or after May 3, 1991. Property acquired pursuant to eminent domain in connection with a United States department of housing and urban development approved urban renewal project is eligible for payment of costs under this paragraph whether or not the property was acquired on or after May 3, 1991.

i. Notwithstanding section 455G.1, subsection 2, corrective action, for a release which was tested prior to October 26, 1990, and for which the site was issued a no-further-action letter by the department of natural resources and which was later determined, due to sale of the property or removal of a nonoperating tank, to require remediation which was reported to the administrator by October 26, 1992, in an amount as specified in subsection 4. In order to qualify for

benefits under this paragraph, the applicant must not have operated a tank on the property during the period of time for which the applicant owned the property and the applicant must not be a financial institution.

2. *Remedial account funding.* The remedial account shall be funded by that portion of the proceeds of the use tax imposed under chapter 423 and other moneys and revenues budgeted to the remedial account by the board.

3. *Trust fund to be established.* When the remedial account has accumulated sufficient capital to provide dependable income to cover the expenses of expected future releases or expected future losses for which no responsible owner is available, the excess capital shall be transferred to a trust fund administered by the board and created for that purpose.

4. *Minimum copayment schedule.*

a. An owner or operator who reports a release to the department of natural resources after May 5, 1989, and on or before October 26, 1990, shall be required to pay the following copayment amounts:

(1) If the owner or operator has a net worth of one hundred thousand dollars or less and owns no more than one site, the owner or operator shall pay no more than eighteen percent of the total costs of corrective action for that release. For purposes of this subparagraph, "net worth" means the fair market value of the site, which shall include an adjustment for anticipated benefits under this section.

(2) If a site's total anticipated expenses are not reserved for more than, or actual expenses do not exceed, eighty thousand dollars, the owner or operator shall pay the greater of five thousand dollars or eighteen percent of the total costs of corrective action for that release.

(3) If a site's total anticipated expenses are reserved for more than, or actual expenses exceed, eighty thousand dollars, the owner or operator shall pay the amount as designated in subparagraph (2) plus thirty-five percent of the total costs of the corrective action for that release which exceed eighty thousand dollars.

b. The remedial account shall pay the remainder, as required by federal regulations, of the total costs of the corrective action for that release, except that a county shall not be required to pay a copayment in connection with a release situated on property acquired in connection with delinquent taxes, as provided in subsection 1, paragraph "d", unless subsequent to acquisition the county actively operates a tank on the property for purposes other than risk assessment, risk management, or tank closure.

5. *Recovery of gain on sale of property.* If an owner or operator ceases to own or operate a tank site for which remedial account benefits were received within ten years of the receipt of any account benefit and sells or transfers a property interest in the tank site for an amount which exceeds one hundred twenty percent of the precorrective action value, adjusted for equipment and capital improvements,

the owner or operator shall refund to the remedial account an amount equal to ninety percent of the amount in excess of one hundred twenty percent of the precorrective action value up to a maximum of the expenses incurred by the remedial account associated with the tank site plus interest, equal to the interest for the most recent twelve-month period for the most recent bond issue for the fund, on the expenses incurred, compounded annually. An owner or operator under this subsection shall notify the board of the sale or transfer of the property interest in the tank site. Expenses incurred by the fund are a lien upon the property recordable and collectible in the same manner as the lien provided for in section 424.11 at the time of sale or transfer, subject to the terms of this section.

This subsection shall not apply if the sale or transfer is pursuant to a power of eminent domain, or benefits. When federal cleanup funds are recovered, the funds are to be deposited to the remedial account of the fund and used solely for the purpose of future cleanup activities.

6. *Recurring releases treated as a newly reported release.* A release shall be treated as a release reported on or after May 5, 1989, if prior to May 5, 1989, a release was reported to the department, corrective action was taken pursuant to a site cleanup report approved by the department, and the work performed was accepted by the department. For purposes of this subsection, work performed is accepted by the department if the department did not order further action within ninety days of the date on which the department had notice that the work was completed, unless the department clearly indicated in writing to the owner, operator, contractor, or other agent that additional work would be required beyond that specified in the site cleanup report or in addition to the work actually performed.

7. *Expenses of cleanup not required.* When an owner or operator who is eligible for benefits under this chapter is allowed by the department of natural resources to monitor in place, the expenses incurred for cleanup beyond the level required by the department of natural resources are not covered under any of the accounts established under the fund. The cleanup expenses incurred for work completed beyond what is required is the responsibility of the person contracting for the excess cleanup.

8. *Owner or operator defined.* For purposes of receiving benefits under this section, "owner or operator" means the then current tank owner or operator or the owner of the land for which a covered release was reported or application for benefits was submitted on or before the relevant application deadlines of this section.

9. *Self-insureds.* For a self-insured as determined under 567 IAC 136.6(455B), to qualify for remedial benefits under this section, tanks shall be upgraded by January 1, 1995, as specified by the United States environmental protection agency in 40 C.F.R. § 280.21, as amended through January 1, 1989. A self-insured who qualifies for benefits under

this section shall repay any benefits received if the upgrade date is not met.

455G.10 Loan guarantee account.

1. The board may create a loan guarantee account to offer loan guarantees for the following purposes:

a. All or a portion of the expenses incurred by the applicant for its share of corrective action.

b. Tank and monitoring equipment improvements necessary to satisfy federal technical standards to become insurable.

c. Capital improvements made on a tank site.

d. Purchase of a leaking underground storage tank site.

Moneys from the revenues derived from the use tax under section 423.24, subsection 1, paragraph "a", subparagraph (1), may be used to fund the loan guarantee account according to the fund budget as approved by the board. Loan guarantees shall be made on terms and conditions determined by the board to be reasonable, except that in no case may a loan guarantee satisfy more than ninety percent of the outstanding balance of a loan.

2. A separate nonlapsing loan guarantee account is created within the fund. Any funds remaining in the account at the end of each fiscal year shall not revert to the general fund but shall remain in the account. The loan account shall be maintained by the treasurer of state. All expenses incurred by the loan account shall be payable solely from the loan account and no liability or obligation shall be imposed upon the state beyond this amount.

3. The board shall administer the loan guarantee account. The board may delegate administration of the account, provided that the administrator is subject to the board's direct supervision and direction. The board shall adopt rules regarding the provision of loan guarantees. The board may impose such terms and conditions as it deems reasonable and necessary or appropriate. The board shall take appropriate steps to publicize the existence of the loan account.

4. In calculating the net worth of an applicant for a loan guarantee, the board shall use the fair market value of any property on which a tank is sited, and not the precorrective action value required for recovery of gain upon later sale of the same property under section 455G.9, subsection 5.

5. As a condition of eligibility for financial assistance from the loan guarantee account, an applicant shall demonstrate satisfactory attempts to obtain financing from private lending sources. When applying for loan guarantee account assistance, the applicant shall demonstrate good faith attempts to obtain financing from at least two financial institutions. The board may first refer a tank owner or operator to a financial institution eligible to participate in the fund under section 455G.16; however, if no such financial institution is currently willing or able to

make the required loan, the applicant shall determine if any of the previously contacted financial institutions would make the loan in participation with the loan guarantee account. The loan guarantee account may offer to guarantee a loan, or provide other forms of financial assistance to facilitate a private loan.

6. The maturity for each financial assistance package made by the board pursuant to this chapter shall be the shortest feasible term commensurate with the repayment ability of the borrower. However, the maturity date of a loan shall not exceed twenty years and the guarantee is ineffective beyond the agreed term of the guarantee or twenty years from initiation of the guarantee, whichever term is shorter.

7. The source of funds for the loan account shall be from the following:

a. Loan guarantee account income, including loan guarantee service fees, if any, and investment income attributed to the account by the board.

b. Moneys allocated to the account by the board according to the fund budget approved by the board.

c. Moneys appropriated by the federal government or general assembly and made available to the loan account.

8. A loan loss reserve account shall be established within the loan guarantee account. A default on a loan guaranteed under this section shall be paid from such reserve account. In administering the program, the board shall periodically determine the necessary loan loss reserve needed and shall set aside the appropriate moneys in the loan loss reserve account for payment of loan defaults. This reserve shall be determined based on the credit quality of the outstanding guaranteed loans at the time that the reserve requirement is being determined. A default is not eligible for payment until the lender has satisfied all administrative and legal remedies for settlement of the loan and the loan has been reduced to judgment by the lender. After the default has been reduced to judgment and the guarantee paid from the reserve account, the board is entitled to an assignment of the judgment. The board shall take all appropriate action to enforce the judgment or may enter into an agreement with the lender to provide for enforcement. Upon collection of the amount guaranteed, any excess collected shall be deposited into the fund. The general assembly is not obligated to appropriate any moneys to pay for any defaults or to appropriate any moneys to be credited to the reserve account. The loan guarantee program does not obligate the state or the board except to the extent provided in this section, and the board in administering the program shall not give or lend the credit of the state of Iowa.

Subsections 1, 3, 5 and 6 amended

455G.11 Insurance account.

1. *Insurance account as a financial assurance mechanism.* The insurance account shall offer financial assurance for a qualified owner or operator

under the terms and conditions provided for under this section. Coverage may be provided to the owner or the operator, or to each separately. The board is not required to resolve whether the owner or operator, or both are responsible for a release under the terms of any agreement between the owner and operator.

The source of funds for the insurance account shall be from the following:

a. Moneys allocated to the board or moneys allocated to the account by the board according to the fund budget approved by the board.

b. Moneys collected as an insurance premium including service fees, if any, and investment income attributed to the account by the board.

2. *Limits of coverage available.* An owner or operator required to maintain proof of financial responsibility may purchase coverage up to the federally required levels for that owner or operator subject to the terms and conditions under this section and those adopted by the board.

3. *Eligibility of owners and operators for insurance account coverage.* An owner or operator, subject to underwriting requirements and such terms and conditions deemed necessary and convenient by the board, may purchase insurance coverage from the insurance account to provide proof of financial responsibility provided that a tank to be insured satisfies one of the following conditions:

a. Satisfies performance standards for new underground storage tank systems as specified by the federal environmental protection agency in 40 C.F.R. § 280.20, as amended through January 1, 1989.

b. Has satisfied on or before the date of the application standards for upgraded underground storage tank systems as specified by the federal environmental protection agency in 40 C.F.R. § 280.21, as amended through January 1, 1989.

c. The applicant certifies in writing to the board that the tank to be insured will be brought into compliance with either paragraph "a" or "b", on or before December 22, 1998, provided that prior to the provision of insurance account coverage, the tank site tests release free. An owner or operator who fails to comply as certified to the board on or before December 22, 1998, shall not insure that tank through the insurance account unless and until the tank satisfies the requirements of paragraph "a" or "b". An owner or operator who fails to comply with either paragraph "a" or "b" by October 26, 1993, or who fails to enter into a contract on or before October 26, 1993, which, upon completion, will bring the owner or operator into compliance with either paragraph "a" or "b" by December 22, 1998, may be eligible for financial assurance under this section but shall be subject to an additional surcharge of eight hundred dollars per tank in addition to payment of a premium that is equal to two times the cost of the premium required under subsection 4, paragraph "g", per insured time period.

d. The applicant either:

(1) Is maintaining financial responsibility pursuant to current or previously applicable federal or

state financial responsibility requirements on petroleum underground storage tanks within the state.

(2) Complies with the applicable following date for financial responsibility:

(a) On or before April 26, 1990, for a petroleum marketing firm owning at least thirteen, but no more than ninety-nine petroleum underground storage tanks.

(b) On or before October 26, 1990, for an owner or operator not described in subparagraph subdivision (a), and not currently or previously required to maintain financial responsibility by federal or state law on tanks within the state.

4. *Actuarially sound premiums based on risk factor adjustments after five years.* The annual premium for insurance coverage shall be:

a. For the year July 1, 1989, through June 30, 1990, one hundred dollars per tank.

b. For the year July 1, 1990, through June 30, 1991, one hundred fifty dollars per tank.

c. For the year July 1, 1991, through June 30, 1992, two hundred dollars per tank.

d. For the year July 1, 1992, through June 30, 1993, two hundred fifty dollars per tank.

e. For the year July 1, 1993, through June 30, 1994, in accordance with the following:

(1) For a tank satisfying subsection 3, paragraph "a" or "b", three hundred dollars per tank.

(2) For a tank qualifying under subsection 3, paragraph "c", six hundred dollars per tank.

f. For the period from July 1, 1994, through December 31, 1994, in accordance with the following:

(1) For a tank satisfying subsection 3, paragraph "a" or "b", three hundred fifty dollars per tank.

(2) For a tank qualifying under subsection 3, paragraph "c", seven hundred dollars per tank.

g. For subsequent time periods, an owner or operator applying for coverage shall pay an annually adjusted insurance premium for coverage by the insurance account. The board may only approve fund coverage through the payment of a premium established on an actuarially sound basis. Risk factors shall be taken into account in establishing premiums. It is the intent of the general assembly that an actuarially sound premium reflect the risk to the insurance account presented by the insured. Risk factor adjustments should reflect the range of risk presented by the variety of tank systems, monitoring systems, and risk management practices in the general insurable tank population. Premium adjustments for risk factors should at minimum take into account lifetime costs of a tank and monitoring system and insurance account premiums for that tank system so as to provide a positive economic incentive to the owner or operator to install the more environmentally safe option so as to reduce the exposure of the insurance account to loss. Actuarially sound is not limited in its meaning to fund premium revenue equaling or exceeding fund expenditures for the general tank population.

Tanks receiving financial assurance pursuant to subsection 3, paragraph "c", shall not be included in the general tank population for purposes of deter-

mining actuarially sound premiums under this paragraph.

If coverage is purchased for any part of a year the purchaser shall pay the full annual premium.

h. The insurance account may offer, at the buyer's option, a range of deductibles. A ten thousand dollar deductible policy shall be offered.

5. Future repeal. The future repeal of this section shall not terminate the following obligations or authorities necessary to administer the obligations until these obligations are satisfied:

a. The payment of claims filed prior to the effective date of any future repeal, against the insurance account until moneys in the account are exhausted. Upon exhaustion of the moneys in the account, any remaining claims shall be invalid.

b. The resolution of a cost recovery action filed prior to the effective date of the repeal.

6. Installer's and inspector's insurance coverage.

a. Coverage. The board shall offer insurance coverage under the fund's insurance account to installers and inspectors of certified underground storage tank installations within the state for an environmental hazard arising in connection with a certified installation as provided in this subsection. Coverage shall be limited to environmental hazard coverage for both corrective action and third-party liability for a certified tank installation within the state in connection with a release from that tank.

b. Annual premiums. The annual premium shall be:

(1) For the year July 1, 1991, through June 30, 1992, two hundred dollars per insured tank.

(2) For the year July 1, 1992, through June 30, 1993, two hundred fifty dollars per insured tank.

(3) For the year July 1, 1993, through June 30, 1994, three hundred dollars per insured tank.

(4) For the period from July 1, 1994, through December 31, 1994, three hundred fifty dollars per insured tank.

(5) For subsequent time periods, installers and inspectors shall pay an annually adjusted insurance premium to maintain coverage on each tank previously installed or newly insured by the insurance account. The board may only approve fund coverage through the payment of a premium established on an actuarially sound basis. The premium paid shall be fully earned and is not subject to refund or cancellation. If coverage is purchased for any part of a year the purchaser shall pay the full annual premium.

(6) The board may offer coverage at rates based on sales if the qualifying installer or inspector cannot be rated on a per tank basis, or if the work the installer or inspector performs involves more than tank installation. The rates to develop premiums shall be based on the premium charged per tank under subparagraphs (1), (2), (3), and (4).

c. Limits of coverage available. Installers and inspectors may purchase coverage up to one million dollars per occurrence and two million dollars aggregate, subject to the terms and conditions under this section and those adopted by the board.

d. Deductible. The insurance account may offer, at the buyer's option, a range of deductibles. A ten thousand dollar deductible policy shall be offered.

e. Excess coverage. Installers and inspectors may purchase excess coverage of up to five million dollars upon such terms and conditions as determined by the board.

f. Certification of tank installations. The board shall adopt certification rules requiring certification of a new tank installation as a precondition to offering insurance to an owner or operator or an installer or inspector. The board shall set in the rule the effective date for the certification requirement. Certification rules shall at minimum require that an installation be personally inspected by an independent licensed engineer, local fire marshal, state fire marshal's designee, or other person who is unaffiliated with the tank owner, operator, installer or inspector, who is qualified and authorized by the board to perform the required inspection and that the tank and installation of the tank comply with applicable technical standards and manufacturer's instructions and warranty conditions. An inspector may be an owner or operator of a tank, or an employee of an owner, operator, or installer.

7. Coverage alternatives. The board shall provide for insurance coverage to be offered to installers and inspectors for a tank installation certified pursuant to subsection 6, through both of the following methods:

a. Directly through the fund with premiums and deductibles as provided in subsection 6.

b. In cooperation with a private insurance carrier with excess or stop loss coverage provided by the fund to reduce the cost of insurance to such installers or inspectors, and including such other terms and conditions as the board deems necessary and convenient to provide adequate coverage for a certified tank installation at a reasonable premium. An installer or inspector obtaining insurance coverage pursuant to this paragraph, may purchase excess coverage of up to five million dollars, subject to the terms and conditions as determined by the board.

The insurance coverage offered pursuant to this subsection shall, at a minimum, cover environmental hazards for both corrective action and third-party liability.

8. Account expenditures. Moneys in the insurance account may be expended to take corrective action for and to compensate a third party for damages, including but not limited to payment of a judgment for bodily injury or property damage caused by a release from a tank, where coverage has been provided to the owner or operator from the insurance account, up to the limits of coverage extended. A personal injury is not a compensable third-party liability damage.

9. Conditions to receive premium discount. A person engaged in the wholesale or retail sale of petroleum shall receive a discount of eight percent on that person's annual insurance premium for all tanks located at a site which meets all of the following conditions:

a. The person maintains a tank for the purpose of storing waste oil.

b. The person accepts waste oil from the general public.

c. The person posts a notice at the site in a form and manner approved by the administrator advertising that the person will accept waste oil from the general public.

10. *Property transfer insurance.*

a. Additional cleanup requirements. An owner, operator, landowner, or financial institution may purchase insurance coverage under the insurance account to cover environmental damage caused by a tank in the event that governmental action requires additional cleanup beyond that which was required at the time a no further action certificate or a monitoring certificate was issued under section 455B.474, subsection 1, paragraph "h".

b. Eligibility for coverage. An owner, operator, landowner, or financial institution, subject to underwriting requirements and such terms and conditions deemed necessary and convenient by the board, may purchase insurance coverage from the insurance account to provide proof of financial responsibility if the following conditions are satisfied:

(1) A no further action certificate or a monitoring certificate has been issued for the site under section 455B.474, subsection 1, paragraph "h". Property transfer coverage shall be effective on a monitored site only for the time period for which monitoring is allowed as specified in the monitoring certificate. A site which has not been issued a no further action certificate or a monitoring certificate shall not be eligible for property transfer coverage.

(2) The tank location is not covered by other environmental hazard liability insurance coverage, or is eligible for remedial benefits as provided under section 455G.9.

(3) The environmental damage is not caused by a new release.

(4) The additional cleanup is mandated by governmental action requiring cleanup beyond that which was required at the time a no further action certificate or a monitoring certificate under section 455B.474, subsection 1, paragraph "h", was issued for a site.

c. Premiums. The annual premium for insurance coverage shall be two hundred fifty dollars per party, per location, with an overall limit of liability per site of five hundred thousand dollars. The premiums are fully earned. Each party purchasing coverage at that site will have the total limit of liability prorated over the total limit among the policies issued, so as to avoid stacking beyond the total coverage limit of five hundred thousand dollars. If coverage is purchased for any part of a year, the purchaser shall pay the full annual premium.

After December 31, 1994, an owner, operator, landowner, or financial institution applying for coverage shall pay an annually adjusted insurance premium for coverage by the insurance account. The board may only approve fund coverage through the payment of a premium established on an actuarially sound basis.

d. Coverage exclusions. Property transfer insurance coverage offered under this subsection does not include coverage of the following:

(1) Third-party liability.

(2) Cleanup beyond the actual costs associated with the site.

(3) Loss of use of the property and other economic damages.

(4) Costs associated with additional remediation required by a voluntary change in usage of the site.

e. Annual monitoring. Annual monitoring is required for any site for which coverage is purchased. Failure to comply with monitoring as prescribed by the board will invalidate insurance coverage under this subsection. For a site which has been issued a monitoring certificate, the annual monitoring requirements imposed under this paragraph shall be satisfied by the annual monitoring requirements imposed under the corrective action rules for a site which is allowed to monitor in place.

f. Transfer of coverage. Coverage may be transferred upon payment of a transfer fee.

g. Rules. The board shall adopt rules pursuant to chapter 17A as necessary to implement this subsection.

11. *Limitations on third-party liability.* To the extent that coverage under this section includes third-party liability, third-party liability specifically excludes any claim, cause of action, or suit, for personal injury including, but not limited to, loss of use or of private enjoyment, mental anguish, false imprisonment, wrongful entry or eviction, humiliation, discrimination, or malicious prosecution.

2. A groundwater professional is a person who provides subsurface soil contamination and groundwater consulting services or who contracts to perform remediation or corrective action services and is one or more of the following:

a. A person certified by the American institute of hydrology, the national water well association, the American board of industrial hygiene, or the association of groundwater scientists and engineers.

b. A professional engineer registered in Iowa.

c. A professional geologist certified by a national organization.

d. Any person who has five years of direct and related experience and training as a groundwater

professional or in the field of earth sciences as of June 10, 1991.

e. Any other person with a license, certification, or registration to practice hydrogeology or groundwater hydrology issued by any state in the United States or by any national organization, provided that the license, certification, or registration process requires, at a minimum, all of the following:

(1) Possession of a bachelor's degree from an accredited college.

(2) Five years of related professional experience.

3. The department of natural resources may provide for a civil penalty of no more than fifty dollars for failure to obtain certification. An interested person may obtain a list of certified groundwater professionals from the department of natural resources. The department of natural resources may impose a fee for the certification of persons under this section.

4. The certification of groundwater professionals shall not impose liability on the board, the department, or the fund for any claim or cause of action of any nature, based on the action or inaction of groundwater professionals certified pursuant to this section.

5. Any person who was not previously registered as a groundwater professional who requests certification under this section, after January 1, 1996, shall be required to attend a course of instruction and pass a certification examination. The administrator of the fund shall hold certification courses and offer examinations. An applicant who successfully passes the examination shall be certified as a groundwater professional.

6. A groundwater professional who was registered prior to January 1, 1996, shall not be required to attend the course of instruction but shall be required to pass the certification examination by January 1, 1997.

7. All groundwater professionals shall be required to complete continuing education requirements as adopted by rule by the department.

8. The board may provide for exemption from the certification requirements of this section for a professional engineer registered pursuant to chapter 542B, if the person is qualified in the field of geotechnical, hydrological, environmental groundwater, or hydrogeological engineering.

9. Notwithstanding the certification requirements of this section, a site cleanup report or corrective action design report submitted by a registered groundwater professional shall be accepted by the department in accordance with section 455B.474, subsection 1, paragraph "d", subparagraph (2), subparagraph subdivision (e), and paragraph "f", subparagraph (5).

Notwithstanding section 8.33, moneys remaining in the marketability fund at the end of each fiscal year shall not revert to the general fund but shall remain in the marketability fund. The marketability fund shall include the following:

a. Moneys allocated to the fund pursuant to section 423.24, subsection 1, paragraph "a", subparagraph (2).

b. Notwithstanding section 12C.7, interest earned by the marketability fund or other income specifically allocated to the marketability fund.

The innocent landowners fund shall also include any moneys recovered pursuant to cost recovery enforcement under section 455G.13. Notwithstanding section 455G.1, subsection 2, benefits for the costs of corrective action shall be provided to the owner of a petroleum-contaminated property, who is not otherwise eligible to receive benefits under section 455G.9. An owner of a petroleum-contaminated property shall be eligible for payment of total corrective action costs subject to copayment requirements under section 455G.9, subsection 4, paragraph "a", subparagraphs (1) and (2). The board may adopt rules conditioning receipt of benefits under this paragraph to those petroleum-contaminated properties which present a higher degree of risk to the public health and safety or the environment and may adopt rules providing for denial of benefits under this paragraph to a person who did not make a good faith attempt to comply with the provisions of this chapter. This paragraph does not confer a legal right to an owner of petroleum-contaminated property for receipt of benefits under this paragraph.

b. The remainder of the moneys shall be used for payment of remedial benefits as provided in section 455G.9.

CHAPTER 456A

REGULATION AND FUNDING — NATURAL RESOURCES DEPARTMENT

456A.17 Funds — restrictions.

The following four funds are created in the state treasury:

1. A state fish and game protection fund.
2. A state conservation fund.
3. An administration fund.
4. A county conservation board fund.

The state fish and game protection fund, except as otherwise provided, consists of all moneys accruing from license fees and all other sources of revenue arising under the fish and wildlife division. Notwithstanding section 12C.7, subsection 2, interest or earnings on investments or time deposits of the moneys in the state fish and game protection fund shall be credited to that fund.

The county conservation board fund consists of all moneys credited to it by law or appropriated to it by the general assembly.

The conservation fund, except as otherwise provided, consists of all other funds accruing to the department for the purposes embraced by this chapter.

The administration fund shall consist of an equitable portion of the gross amount of the state fish and game protection fund and the state conservation fund, to be determined by the commission, sufficient to pay the expense of administration entailed by this chapter.

All receipts and refunds and reimbursements related to activities funded by the administration fund are appropriated to the administration fund. All refunds and reimbursements relating to activities of the state fish and game protection fund shall be credited to the state fish and game protection fund.

The department may apply for a loan for the construction of facilities for the collection and treatment of waste water under the state sewage treatment works financing program as established in sections 455B.291 through 455B.299. In order to provide for the repayment of a loan granted under the financing program, the commission may impose a lien on not more than ten percent of the annual revenues from user fees and related revenue derived from park and recreation areas under chapter 461A which are deposited in the state conservation fund. If a lien is

established as provided in this paragraph, repayment of the loan is the first priority on the revenues received and dedicated for the loan repayment each year.

456A.19 Expenditures.

All funds accruing to the fish and game protection fund, except an equitable portion of the administration fund, shall be expended solely in carrying on the activities embraced in the fish and wildlife division. Expenditures incurred by the division in carrying on the activities shall be only on authorization by the general assembly.

The department shall by October 1 of each year submit to the department of management for transmission to the general assembly a detailed estimate of the amount required by the department during the succeeding year for carrying on the activities embraced in the fish and wildlife division. The estimate shall be in the same general form and detail as required by law in estimates submitted by other state departments.

Any unexpended balance at the end of the biennium shall revert to the fish and game protection fund.

All administrative expense shall be paid from the administration fund.

All other expenditures shall be paid from the conservation fund.

All expenditures under this chapter are subject to approval by the director of management and the director of revenue and finance.

All moneys credited to the county conservation board fund shall be used to provide grants to county conservation boards to provide funding for the purposes of chapter 350. These grants are in addition to moneys appropriated to the conservation boards from the county boards of supervisors. The grants shall be made to the conservation boards based upon the needs of the boards. Applications shall be made by the boards to the commission.

1. *b.* In addition to the fee required under para-

2. If a certificate of title is lost, stolen, mutilated, destroyed, or becomes illegible, the first lienholder or, if there is none, the owner named in the certificate,

as shown by the county recorder's records, shall within thirty days obtain a duplicate by applying to the county recorder. The applicant shall furnish information the department requires concerning the original certificate and the circumstances of its loss, mutilation, or destruction. Mutilated or illegible certificates shall be returned to the department with the application for a duplicate.

3. The duplicate certificate of title shall be marked plainly "duplicate" across its face, and mailed or delivered to the applicant.

4. If a lost or stolen original certificate of title for which a duplicate has been issued is recovered, the

original shall be surrendered promptly to the department for cancellation.

5. The funds collected under subsection 1, paragraph "a", shall be placed in the general fund of the county and used for the expenses of the county conservation board if one exists in that county. LEVEE AND DRAINAGE DISTRICTS AND IMPROVEMENTS

468.57 Installment payments — waiver.

If the owner of any land against which a levy exceeding one hundred dollars has been made and certified shall, within thirty days from the date of such levy, agree in writing endorsed upon any improvement certificate referred to in section 468.70, or in a separate agreement, that in consideration of having a right to pay the owner's assessment in installments, the owner will not make any objection as to the legality of the assessment for benefit, or the levy of the taxes against the property, then such owner shall have the following options:

1. To pay one-third of the amount of the assessment at the time of filing the agreement; one-third within twenty days after the engineer in charge certifies to the auditor that the improvement is one-half completed; and the remaining one-third within twenty days after the improvement has been completed and accepted by the board. All installments shall be without interest if paid at said times, otherwise the assessments shall bear interest from the date of the levy at a rate determined by the board notwithstanding chapter 74A, payable annually, and be collected as other taxes on real estate, with like interest for delinquency.

2. To pay the assessments in not less than ten nor more than twenty equal installments, with the number of payments and interest rate determined by the board, notwithstanding chapter 74A. The first installment of each assessment, or the total amount if less than one hundred dollars, is due and payable on July 1 next succeeding the date of the levy, unless the assessment is filed with the county treasurer after May 31 in any year. The first installment shall bear interest on the whole unpaid assessment from the date of the levy as set by the board to the first day of December following the due date. The succeeding annual installments, with interest on the whole unpaid amount, to the first day of December following the due date, are respectively due on July 1 annually,

and must be paid at the same time and in the same manner as the first semiannual payment of ordinary taxes. All future installments of an assessment may be paid on any date by payment of the then outstanding balance plus interest accrued to the date of payment. Each installment of an assessment with interest on the unpaid balance is delinquent from October 1 after its due date, including those instances when the last day of September is a Saturday or Sunday, and bears the same delinquent interest as ordinary taxes. When collected, the interest must be credited to the same drainage fund as the drainage special assessment.

The provisions of this section and of sections 468.58 through 468.61 may within the discretion of the board, also be made applicable to repairs and improvements made under the provisions of section 468.126.

Upon receipt of the report, the board shall set a day to consider the report and shall give notice of the time and purpose of the meeting by ordinary mail to the owners of the land on which the work was done, and to the owners of each tract of land or lot within the district by publication in a newspaper of general circulation in the county. The publication is not required to name the owners of any tract of land or lot within the district. CHAPTER 474

UTILITIES DIVISION

474.1 Creation of division and board — organization.

A utilities division is created within the department of commerce. The policymaking body for the division is the utilities board which is created within the division. The board is composed of three members appointed by the governor and subject to confirmation by the senate, not more than two of whom shall be from the same political party. Each member appointed shall serve for six-year staggered terms beginning and ending as provided by section 69.19. Vacancies shall be filled for the unexpired portion of the term in the same manner as full-term appointments are made.

The utilities board shall organize by appointing an executive secretary, who shall take the same oath as the members. The board shall set the salary of the executive secretary within the limits of the pay plan for exempt positions provided for in section 19A.9, subsection 2, unless otherwise provided by the general assembly. The board may employ additional personnel as it finds necessary. Subject to confirma-

tion by the senate, the governor shall appoint a member as the chairperson of the board. The chairperson shall be the administrator of the utilities division. The appointment as chairperson shall be for a two-year term which begins and ends as provided in section 69.19.

As used in this chapter and chapters 475A, 476, 476A, 478, 479, 479A, and 479B, "division" and "utilities division" mean the utilities division of the department of commerce.

474.9 General jurisdiction of utilities board.

The utilities board has general supervision of all pipelines and all lines for the transmission, sale, and distribution of electrical current for light, heat, and power pursuant to chapters 476, 476A, 478, 479, 479A, and 479B and has other duties as provided by law.

CHAPTER 476

PUBLIC UTILITY REGULATION

476.1D Regulation and deregulation of communications services.

1. Except as provided in this section, the jurisdiction of the board as to the regulation of communications services is not applicable to a service or facility that is provided or is proposed to be provided by a telephone utility that is or becomes subject to effective competition, as determined by the board. In determining whether a service or facility is or becomes subject to effective competition, the board shall consider, among other factors, whether a comparable service or facility is available from a supplier other than the telephone utility and whether market forces are sufficient to assure just and reasonable rates without regulation.

2. Deregulation of a service or facility for a utility is effective only after all of the following:

- a. A finding of effective competition by the board.
- b. Election by a utility providing the service or facility to file a deregulation accounting plan.
- c. Approval of a utility's deregulation accounting plan by the board.

3. If the board determines a service or facility is subject to effective competition and approves the utility's deregulation accounting plan, the board shall deregulate the service or facility within a reasonable time.

4. Upon deregulation, all investment, revenues, and expenses associated with the service or facility shall be removed from the telephone utility's regulated operations and shall not be considered by the board in setting rates for the telephone utility unless they continue to affect the utility's regulated operations. If the board considers investment, revenues, and expenses associated with unregulated services or facilities in setting rates for the telephone utility, the board shall not use any profits or costs from such unregulated services or facilities to determine the rates for regulated services or facilities. This section does not preclude the board from considering the investment, revenues, and expenses associated with the sale of classified directory advertising by a telephone utility in determining rates for the telephone utility.

5. Notwithstanding the presence of effective competition, if the board determines a service or facility is an essential communications service or facility and the public interest warrants retention of service regulation, the board shall deregulate rates and may continue service regulation.

6. The board may reimpose rate and service regulation on a deregulated service or facility if it determines the service or facility is no longer subject to effective competition.

7. The board may reimpose service regulation only on a deregulated service or facility if the board determines the service or facility is an essential communications service or facility and the public interest warrants service regulation, notwithstanding the presence of effective competition.

8. If the board reimposes regulation pursuant to subsection 6 or 7, the reimposition of regulation shall apply to all providers of the service or facility.

9. The board may investigate and obtain information from providers of deregulated services or facilities to determine whether the services or facilities are subject to effective competition or whether the service or facility is an essential communications service or facility and the public interest warrants service regulation. However, the board shall not, for purposes of this subsection, request or obtain information related to the provider's costs or earnings.

10. The board, at the request of a long distance telephone company, shall classify such company as a competitive long distance telephone company if more than half of the company's revenues from its Iowa intrastate telecommunications services and facilities are received from services and facilities that the board has determined to be subject to effective competition. The board shall promptly notify the director of revenue and finance that a long distance telephone company has been classified as a competitive long distance telephone company. Upon such notification by the board, the director of revenue and finance shall assess the property of such competitive long distance telephone company, which property is first assessed for taxation in this state on or after January 1, 1996, in the same manner as all other property assessed as commercial property by the local assessor under chapters 427, 427A, 427B, 428, and 441. As used in this section, "*long distance telephone company*" means an entity that provides telephone service and facilities between local exchanges, but does not include a cellular service provider or a local exchange utility holding a certificate issued under section 476.29, subsection 12.

NEW subsection 10

476.3 Complaints — investigation — refunds.

1. A public utility shall furnish reasonably adequate service at rates and charges in accordance with tariffs filed with the board. When there is filed with the board by any person or body politic, or filed by the board upon its own motion, a written complaint requesting the board to determine the reasonableness of the rates, charges, schedules, service, regulations, or anything done or omitted to be done by a public utility subject to this chapter in contravention of this chapter, the written complaint shall be forwarded by the board to the public utility, which shall be called upon to satisfy the complaint or to answer it in writing within a reasonable time to be specified by the board. Copies of the written complaint forwarded by the board to the public utility and copies of all correspondence from the public utility in

response to the complaint shall be provided by the board in an expeditious manner to the consumer advocate. If the board determines the public utility's response is inadequate and there appears to be any reasonable ground for investigating the complaint, the board shall promptly initiate a formal proceeding. If the consumer advocate determines the public utility's response to the complaint is inadequate, the consumer advocate may file a petition with the board which shall promptly initiate a formal proceeding if the board determines that there is any reasonable ground for investigating the complaint. The complainant or the public utility also may petition the board to initiate a formal proceeding which petition shall be granted if the board determines that there is any reasonable ground for investigating the complaint. The formal proceeding may be initiated at any time by the board on its own motion. If a proceeding is initiated upon petition filed by the consumer advocate, complainant, or the public utility, or upon the board's own motion, the board shall set the case for hearing and give notice as it deems appropriate. When the board, after a hearing held after reasonable notice, finds a public utility's rates, charges, schedules, service, or regulations are unjust, unreasonable, discriminatory, or otherwise in violation of any provision of law, the board shall determine just, reasonable, and nondiscriminatory rates, charges, schedules, service, or regulations to be observed and enforced.

2. If, as a result of a review procedure conducted under section 476.31, a review conducted under section 476.32, a special audit, an investigation by division staff, or an investigation by the consumer advocate, a petition is filed with the board by the consumer advocate, alleging that a utility's rates are excessive, the disputed amount shall be specified in the petition. The public utility shall, within the time prescribed by the board, file a bond or undertaking approved by the board conditioned upon the refund in a manner prescribed by the board of amounts collected after the date of filing of the petition in excess of rates or charges finally determined by the board to be lawful. If upon hearing the board finds that the utility's rates are unlawful, the board shall order a refund, with interest, of amounts collected after the date of filing of the petition that are determined to be in excess of the amounts which would have been collected under the rates finally approved. However, the board shall not order a refund that is greater than the amount specified in the petition, plus interest, and if the board fails to render a decision within ten months following the date of filing of the petition, the board shall not order a refund of any excess amounts that are collected after the expiration of that ten-month period and prior to the date the decision is rendered.

Notwithstanding the provisions of this subsection, the consumer advocate shall not file a petition under this subsection that alleges a local exchange carrier's rates are excessive while the local exchange carrier is participating in a price regulation plan approved by the board pursuant to section 476.97.

3. A determination of utility rates by the board pursuant to this section that is based upon a departure from previously established regulatory principles shall apply prospectively from the date of the decision.

95 Acts, ch 199, §2
Subsection 2, NEW unnumbered paragraph 2

476.10 Investigations — expense — appropriation.

When the board deems it necessary in order to carry out the duties imposed upon it by this chapter for the purpose of determining rate matters to investigate the books, accounts, practices, and activities of, or make appraisals of the property of any public utility, or to render any engineering or accounting services to any public utility, or to review the operations or annual reports of the public utility under section 476.31 or 476.32, or to evaluate a proposal for reorganization under section 476.77, the public utility shall pay the expense reasonably attributable to the investigation, appraisal, service, or review. The board shall ascertain the expenses including certified expenses incurred by the consumer advocate division of the department of justice directly chargeable to the public utility under section 475A.6, and shall render a bill to the public utility, either at the conclusion of the investigation, appraisal, services, or review, or from time to time during its progress, which bill is notice of the assessment and shall demand payment. The total amount of such expense in any one calendar year, for which any public utility shall become liable, shall not exceed two-tenths of one percent of its gross operating revenues derived from intrastate public utility operations in the last preceding calendar year.

The board shall ascertain the total of the division's expenditures during each year which are reasonably attributable to the performance of its duties under this chapter. The board shall add to this total the certified expenses of the consumer advocate as provided under section 475A.6 and shall deduct all amounts chargeable directly to any specific utility under any law. The remainder shall be assessed by the board to the public utilities in proportion to their respective gross operating revenues during the last calendar year derived from intrastate public utility operations and may be assessed by the board on a quarterly basis. Assessments may be made quarterly based upon estimates of the utilities division's and the consumer advocate's expenditures for the fiscal year. Beginning with the fiscal year beginning July 1, 1987, the first assessment for any fiscal year may be made by the utilities division by May 15 of the preceding fiscal year and shall be paid by the utility on or before the following July 1. Not more than ninety days following the close of the fiscal year, the utilities division shall conform the amount of the prior fiscal year's assessments to the requirements of this section. Public utilities exempt from rate regulation under this chapter shall not be assessed for remainder expenses incurred during review of rate-

regulated public utilities under section 476.31 or 476.32, but such remainder expenses shall be assessed proportionally as provided in this section among only the rate-regulated public utilities. The total amount which may be assessed to the public utilities under authority of this paragraph shall not exceed two-tenths of one percent of the total gross operating revenues of the public utilities during the calendar year derived from intrastate public utility operations. However, the total amount which may be assessed in any one calendar year to a public utility under this section shall not exceed three-tenths of one percent of the utility's total gross operating revenues derived from intrastate public utility operation in the last preceding year. For public utilities exempted from rate regulation under this chapter, the assessments under this paragraph shall be computed at one-half the rate used in computing the assessment for other utilities.

Each utility shall pay the division the amount assessed against it within thirty days from the time the division mails notice to it of the amount due unless it shall file with the board objections in writing setting out the grounds upon which it claims that such assessment is excessive, erroneous, unlawful, or invalid. Upon the filing of such objections the board shall set the matter down for hearing and issue its order in accordance with its findings in such proceeding, which order shall be subject to review in the manner provided in this chapter. All amounts collected by the division pursuant to the provisions of this section shall be deposited with the state treasurer and credited to the general fund of the state. Such amounts shall be spent in accordance with the provisions of chapter 8.

Whenever the board shall deem it necessary in order to carry out the duties imposed upon it in connection with rate regulation under section 476.6, investigations under section 476.3, or review proceedings under section 476.31, the board may employ additional temporary or permanent staff, or may contract with persons who are not state employees for engineering, accounting, or other professional services, or both. The costs of these additional employees and contract services shall be paid by the public utility whose rates are being reviewed in the same manner as other expenses are paid under this section. Beginning on July 1, 1991, there is appropriated out of any funds in the state treasury not otherwise appropriated, such sums as may be necessary to enable the board to hire additional staff and contract for services under this section. The board shall increase quarterly assessments specified in unnumbered paragraph 2, by amounts necessary to enable the board to hire additional staff and contract for services under this section. The authority to hire additional temporary or permanent staff that is granted to the board by this section shall not be subject to limitation by any administrative or executive order or decision that restricts the number of state employees or the filling of employee vacancies, and shall not be subject to limitation by any law of

this state that restricts the number of state employees or the filling of employee vacancies unless that law is made applicable to this section by express reference to this section. Before the board expends or encumbers an amount in excess of the funds budgeted for rate regulation and before the board increases quarterly assessments pursuant to this paragraph, the director of the department of management shall approve the expenditure or encumbrance. Before approval is given, the director of the department of management shall determine that the expenses exceed the funds budgeted by the general assembly to the board for rate regulation and that the board does not have other funds from which the expenses can be paid. Upon approval of the director of the department of management the board may expend and encumber funds for the excess expenses, and increase quarterly assessments to raise the additional funds. The board and the office of consumer advocate may add additional personnel or contract for additional assistance to review and evaluate energy efficiency plans and the implementation of energy efficiency programs including, but not limited to, professionally trained engineers, accountants, attorneys, skilled examiners and inspectors, and secretaries and clerks. The board and the office of consumer advocate may also contract for additional assistance in the evaluation and implementation of issues relating to telecommunication competition. The board and the office of the consumer advocate may expend additional sums beyond those sums appropriated. However, the authority to add additional personnel or contract for additional assistance must first be approved by the department of management. The additional sums for energy efficiency shall be provided to the board and the office of the consumer advocate by the utilities subject to the energy efficiency requirements in this chapter. Telephone companies shall pay any additional sums needed for assistance with telecommunication competition issues. The assessments shall be in addition to and separate from the quarterly assessment.

Fees paid to the utilities division shall be deposited in the general fund of the state. These funds shall be used for the payment, upon appropriation by the general assembly, of the expenses of the utilities division and the consumer advocate division of the department of justice. Subject to this section, the utilities division or the consumer advocate division may keep on hand with the treasurer of state funds in excess of the current needs of the utilities division or the consumer advocate division.

The administrator and consumer advocate shall account for receipts and disbursements according to the separate duties imposed upon the utilities and consumer advocate divisions by the laws of this state and each separate duty shall be fiscally self-sustaining.

All fees and other moneys collected under this section and sections 478.4, 479.16, and 479A.9 shall be deposited into the general fund of the state and expenses required to be paid under this section shall

be paid from funds appropriated for those purposes. Moneys deposited into the general fund of the state pursuant to this section and sections 478.4, 479.16, and 479A.9 shall be subject to the requirements of section 8.60.

476.11 Telephone toll connections.

Whenever toll connection between the lines or facilities of two or more telephone companies has been made, or is demanded under the statutes of this state and the companies concerned cannot agree as to the terms and procedures under which toll communications shall be interchanged, the board upon complaint in writing, after hearing had upon reasonable notice, shall determine such terms and procedures.

The board may resolve complaints, upon notice and hearing, that a utility, operating under section 476.29, has failed to provide just, reasonable, and nondiscriminatory arrangements for interconnection of its telecommunications services with another telecommunications provider.

95 Acts, ch 199, §4
NEW unnumbered paragraph 2

476.29 Certificates for providing local telecommunications services.

1. After September 30, 1992, a utility must have a certificate of public convenience and necessity issued by the board before furnishing land-line local telephone service in this state. No lines or equipment shall be constructed, installed, or operated for the purpose of furnishing the service before a certificate has been issued.

2. Except as provided in subsection 12, a certificate shall be issued by the board, after notice and opportunity for hearing, if the board determines that the service proposed to be rendered will promote the public convenience and necessity, provided that an applicant other than a local exchange carrier, as defined in section 476.96, shall not be denied a certificate if the board finds that the applicant possesses the technical, financial, and managerial ability to provide the service it proposes to render and the board finds the service is consistent with the public interest. The board shall make a determination within ninety days of the submission by the applicant of evidence of its technical, financial, and managerial ability, unless the board determines that additional time is necessary to consider the application, in which case the board may extend the time for making a determination for an additional sixty days. The board may establish reasonable conditions or restrictions on the certificate at the time of issuance.

3. A certificate is transferable, subject to approval of the board pursuant to section 476.20, subsection 1, and for purposes of a rate-regulated local exchange utility shall be treated by the board in the same manner as a reorganization pursuant to sections 476.76 and 476.77.

4. Each certificate shall define the service territory in which land-line local telephone service will be provided. The service territory shall be shown on maps and other documentation as the board may require to be filed with the board. The board shall, by rule, specify the style, size, and kind of map or other documentation, and the information to be shown.

5. Each local exchange utility has an obligation to serve all eligible customers within the utility's service territory, unless explicitly excepted from this requirement by the board.

6. The certificate and tariffs approved by the board are the only authority required for the utility to furnish land-line local telephone service. However, to the extent not inconsistent with this section, the power to regulate the conditions required and manner of use of the highways, streets, rights-of-way, and public grounds remains in the appropriate public authority.

7. The inclusion of any facilities or service territory of a local exchange utility within the boundaries of a city does not impair or affect the rights of the utility to provide land-line local telephone service in the utility's service territory.

8. An agreement between local exchange utilities to designate service territory boundaries and customers to be served by the utilities, or for exchange of customers between utilities, when approved by the board after notice to affected persons and opportunity for hearing, is valid and enforceable and shall be incorporated into the appropriate certificates. The board shall approve an agreement if the board finds the agreement will result in adequate service to all areas and customers affected and is in the public interest.

9. A certificate may, after notice and opportunity for hearing, be revoked by the board for failure of a utility to furnish reasonably adequate telephone service and facilities. The board may also order a revocation affecting less than the entire service territory, or may place appropriate conditions on a utility to ensure reasonably adequate telephone service. Prior to revocation proceedings, the board shall notify the utility of any inadequacies in its service and facilities and allow the utility a reasonable time to eliminate the inadequacies.

10. In the event that eighty percent or more of the subscribers in a community served by a local exchange utility sign a petition indicating they are adversely affected by school reorganization or economic dislocation and prefer to have their local telephone service provided by a different local exchange utility and file that petition with the board, the board, after notice and opportunity for hearing, shall determine whether the certificate held by the local exchange utility shall be revoked or conditioned as provided in subsection 9.

11. The board shall assure that all territory in the state is served by a local exchange utility. If at any time due to certificate revocation proceedings, discontinuance of service proceedings, or any other reason, it appears that a particular territory may not be

served by any local exchange utility, the board may, after notice to interested persons and opportunity for hearing, include all or part of the territory in the certificate of another local exchange utility or utilities. In determining the local exchange utility or utilities to be authorized or required to serve, the board shall consider the willingness and ability of the utilities to serve, the location of existing service facilities, the community of interest of the customers involved, and any other factors deemed relevant to the public interest.

12. The board, on or prior to September 30, 1992, shall issue to each local exchange utility in the state, without a contested case proceeding, a nonexclusive certificate to serve the area included within the utility's service territory boundaries as shown by the service territory boundary maps on record with the board on January 1, 1992. The board shall adopt rules pursuant to chapter 17A to implement the issuance of certificates.

a. A customer served by a local exchange utility, but outside the service territory of that utility when the utility's certificate is issued, shall continue to be served by that utility for as long as that customer remains eligible to receive and requests service.

b. If more than one utility has on file maps indicating service in the same territory, the board shall request the involved utilities to resolve the overlap. If the overlap is not resolved in a reasonable time, the board, after notice to interested persons and opportunity for hearing, shall determine the boundary, taking into consideration the criteria listed in subsection 11.

13. Reserved.

14. This section does not prevent the board from adopting rules requiring or allowing local exchange utilities to provide extended area service or adjacent exchange service.

15. The board shall provide a written report to the general assembly no later than January 20, 2005, describing the current status of local telephone service in this state. The report shall include at a minimum the number of certificates of convenience issued, the number of current providers of local telephone service, and any other information deemed appropriate by the board.

PRICE REGULATION FOR TELECOMMUNICATIONS SERVICES PROVIDERS

476.95 Findings — statement of policy.

The general assembly finds all of the following:
 1. Communications services should be available throughout the state at just, reasonable, and affordable rates from a variety of providers.
 2. In rendering decisions with respect to regulation of telecommunications companies, the board

shall consider the effects of its decisions on competition in telecommunications markets and, to the extent reasonable and lawful, shall act to further the development of competition in those markets.

3. In order to encourage competition for all telecommunications services, the board should address issues relating to the movement of prices toward cost and the removal of subsidies in the existing price structure of the incumbent local exchange carrier.

4. Regulatory flexibility is appropriate when competition provides customers with competitive choices in the variety, quality, and pricing of communications services, and when consistent with consumer protection and other relevant public interests.

5. The board should respond with speed and flexibility to changes in the communications industry.

6. Economic development can be fostered by the existence of advanced communications networks.

NEW section

476.96 Definitions.

As used in section 476.95, this section, and sections 476.97 through 476.102, unless the context otherwise requires:

1. "*Basic communications service*" includes at a minimum, basic local telephone service, switched access, 911 and E-911 services, and dual party relay service. The board is authorized to classify by rule at any time, any other two-way switched communications services as basic communications services consistent with community expectations and the public interest.

2. "*Basic local telephone service*" means the provision of dial tone access and usage, for the transmission of two-way switched communications within a local exchange area, including, but not limited to, the following:

a. Residence service and business services, including flat rate or local measured service, private branch exchange trunks, trunk type hunting services, direct inward dialing, and the network access portion of central office switched exchange service.

b. Extended area service.

c. Touch tone service when provided separately.

d. Call tracing.

e. Calling number blocking on either a per call or a per line basis.

f. Local exchange white pages directories.

g. Installation and repair of local network access.

h. Local operator services, excluding directory assistance.

i. Toll service blocking and 1-900 and 1-976 access blocking.

3. "*Competitive local exchange service provider*" means any person that provides local exchange services, other than a local exchange carrier or a nonrate-regulated wireline provider of local exchange services under an authorized certificate of public convenience and necessity within a specific geographic area described in maps filed with and approved by the board as of September 30, 1992.

4. "*Interim number portability*" means one or more mechanisms by which a local exchange customer at a particular location may change the customer's local exchange services provider without any change in the local exchange customer's telephone number, while experiencing as little loss of functionality as is feasible using available technology.

5. "*Local exchange carrier*" means any person that was the incumbent and historical rate-regulated wireline provider of local exchange services or any successor to such person that provides local exchange services under an authorized certificate of public convenience and necessity within a specific geographic area described in maps filed with and approved by the board as of September 30, 1992.

6. "*Nonbasic communications services*" means all communications services subject to the board's jurisdiction which are not deemed either by statute or by rule to be basic communications services, including any service offered by the local exchange carrier for the first time after July 1, 1995. A service is not considered new if it constitutes the bundling, unbundling, or repricing of an already existing service. Consistent with community expectations and the public interest, the board may reclassify by rule as nonbasic those two-way switched communications services previously classified by rule as basic.

7. "*Provider number portability*" means the capability of a local exchange customer to change the customer's local exchange services provider at the customer's same location without any change in the local exchange customer's telephone number, while preserving the full range of functionality that the customer currently experiences. "*Provider number portability*" includes the equal availability of information concerning the local exchange provider serving the number to all carriers, and the ability to deliver traffic directly to that provider without having first to route traffic to the local exchange carrier or otherwise use the services, facilities, or capabilities of the local exchange carrier to complete the call, and without the dialing of additional digits or access codes.

476.97 Price regulation.

1. Notwithstanding contrary provisions of this chapter relating to rate regulation, the board may approve a plan for price regulation submitted by a rate-regulated local exchange carrier. The plan for price regulation is not effective until the approval by the board of tariffs implementing the unbundling of essential facilities pursuant to section 476.101, subsection 4, except for a local exchange carrier with less than seventy-five thousand access lines whose plan for price regulation will be effective concurrent with the approval of its plan. The board may approve a plan for price regulation prior to the adoption of rules related to the unbundling of essential facilities or concurrent with a rate proceeding under section 476.3, 476.6, or 476.7. During the term of the plan,

the board shall regulate the prices of the local exchange carrier's basic and nonbasic communications services pursuant to the requirements of the price regulation plan approved by the board. The local exchange carrier shall not be subject to rate of return regulation during the term of the plan.

2. The board, after notice and opportunity for hearing, may approve, modify, or reject the plan. The local exchange carrier shall have ten days to accept or reject any board modifications to its plan. If the local exchange carrier rejects a modification to its plan, the board shall reject the plan without prejudice to the local exchange carrier to submit another plan.

3. A price regulation plan, at a minimum, shall include provisions, consistent with the provisions of this section and any rules adopted by the board, for the following:

a. (1) Establishing and changing prices, terms, and conditions for basic communications services. The initial plan for price regulation must include a proposal, which the board shall approve, for reducing the local exchange carrier's average intrastate access service rates to the local exchange carrier's average interstate access service rates in effect as of the last day of the calendar year immediately preceding the date of filing of the plan, as follows:

(a) A local exchange carrier with five hundred thousand or more access lines in this state shall reduce its average intrastate access service rates by at least fifty percent of the difference between average intrastate access service rates and average interstate access service rates as of the date that the plan is filed and further reduce such rates to the average interstate access service rates within ninety days of the date that the plan becomes effective.

(b) A local exchange carrier with fewer than five hundred thousand but seventy-five thousand or more access lines in this state shall reduce its average intrastate access service rates to its average interstate access service rates in increments of at least twenty-five percent, with the initial reduction to take effect on approval of the plan and equal annual reductions on each anniversary of the approval during the first three years that its plan is in effect.

(c) A local exchange carrier with fewer than seventy-five thousand access lines in this state shall reduce its average intrastate access service rates to its average interstate access service rates with equal annual reductions during a period beginning no more than two years and ending no more than five years from the plan's inception.

(2) This section shall not be construed to do either of the following:

(a) Prohibit an additional decrease in a carrier's average intrastate access service rate during the term of the plan.

(b) Permit any increase in a carrier's average intrastate access service rates during the term of the plan.

(3) The plan shall also provide that the initial prices for basic communications services shall be six

percent less than the rates approved and in effect at the time the local exchange carrier files its plan. A local exchange carrier which elects to reduce its rates by six percent shall not, at a later time, increase its rates for basic communications services as a result of the carrier's compliance with the board's rules relating to unbundling. In lieu of the six percent reduction, and prior to the adoption of rules relating to unbundling pursuant to section 476.101, subsection 4, paragraph "a", subparagraph (1), the local exchange carrier may request and the board may establish a regulated revenue requirement in a rate proceeding under section 476.3 or 476.6 commenced after July 1, 1995. After the determination of the local exchange carrier's regulated revenue requirement pursuant to the rate proceeding, the local exchange carrier shall not immediately implement rates designed to recover that regulated revenue requirement. Following the adoption of rules relating to unbundling pursuant to section 476.101, subsection 4, paragraph "a", subparagraph (1), the local exchange carrier shall commence a tariff proceeding for the approval of tariffs implementing such unbundling. The board has six months to complete this tariff proceeding and determine the local exchange carrier's final unbundled rates. The local exchange carrier shall carry forward the regulated revenue requirement determined by the board pursuant to the rate proceeding and design rates that comply with the board's rules relating to unbundling that recover the regulated revenue requirement, and that implement the board's approved rate design established in the tariff proceeding.

In lieu of taking the six percent reduction, a local exchange carrier that submits a plan for price regulation after the board adopts rules relating to unbundling may file a rate proceeding under section 476.3 or 476.6 and the board may approve rates designed to comply with those rules which allow the carrier to recover the established regulated revenue requirement and that implement the board's approved rate design established in the tariff proceeding.

(4) The plan shall provide for both increases and decreases in the prices for basic communications services reflecting annual changes in inflation and productivity. Prior to January 1, 1998, the board shall use the gross domestic product price index, as published by the federal government, for an inflation measure, and two and six-tenths percentage points for a productivity measure. After January 1, 1998, the board by rule may adopt current measures of inflation and productivity.

(5) The plan may provide that price increases for basic communications services which are permitted under this section may be deferred and accumulated for a maximum of three years into a single price increase, provided that a deferred and accumulated price increase under this section shall not at any time exceed six percent. A price decrease for basic communications services shall not be deferred or accumulated, except that price decreases of less than two percent may be deferred by the local exchange carrier

for one year. A price decrease required under this section may be offset by a price increase for a basic communications service that would have been permitted under this section in the previous twelve-month period, but which was deferred by the local exchange carrier.

b. Establishing and changing prices, terms, and conditions for nonbasic communications services.

c. Reporting new service offerings to the board.

d. Reflecting in rates any changes in revenues, expenses, and investment due to exogenous factors beyond the control of the local exchange carrier.

e. Providing notice to customers, the board, and the consumer advocate of changes in prices, terms, or conditions for basic and nonbasic communications services.

4. The board shall consider the extent to which a proposed plan complies with the requirements of subsection 3 and achieves the following:

a. Just, nondiscriminatory, and reasonable rates.

b. High quality, universally available communications services.

c. Encouragement of investment in communications infrastructure, efficiency improvements, and technological innovation.

d. The introduction of new communications products and services from a variety of sources.

e. Regulatory efficiency including reduction of regulatory costs and delays. A plan shall not provide for waiver of, release from, or delay in implementing the provisions of this section, section 476.101 or 476.102 or any rules adopted by the board pursuant to those sections.

5. Notwithstanding an approved plan for price regulation, the board shall continue to have regulatory authority over the following:

a. The level, extent, and timing of the unbundling of essential facilities offered by a local exchange carrier.

b. Ensuring against cross-subsidization between nonbasic communications services and basic communications services.

6. Any person, including the consumer advocate, a body politic, or the board on its own motion, may file a written complaint pursuant to section 476.3, subsection 1, regarding a local exchange carrier's implementation, operation under, or satisfaction of the purposes of its price regulation plan.

7. The consumer advocate may represent consumers before the board regarding any rule, order, or proceeding pertaining to price regulation. The consumer advocate may act as attorney for and represent consumers generally before any state or federal court concerning a board rule, order, or proceeding pertaining to price regulation.

8. In implementing price regulation, the board shall consider competitively neutral methods to assist lower-income Iowans to secure and retain telephone services.

9. The board shall determine the duration of any plan. The board shall review a local exchange carrier's operation under its plan, with notice and an

opportunity for hearing, within four years of the initiation of the plan and prior to the termination of the plan. The local exchange carrier, consumer advocate, or any person may propose, and the board may approve, any reasonable modifications to a local exchange carrier's plan as a result of the review, except that such modifications shall not require a reduction in the rates for any basic communications service.

10. The board, in determining whether to file a written complaint pursuant to subsection 6 or prior to reviewing a local exchange carrier's operation pursuant to subsection 9, may request that such carrier provide any information which the board deems necessary to make such determination or conduct such review. The carrier shall provide the requested information upon receipt of the request from the board.

11. a. Notwithstanding subsections 1 through 10, a local exchange carrier with fewer than five hundred thousand access lines in this state shall have the option to be regulated pursuant to subsections 1 through 10 or pursuant to this subsection. A local exchange carrier which elects to become price regulated under this subsection shall also be subject to subsections 5 through 8 and subsection 10 in the same manner as a local exchange carrier which operates under an approved plan of price regulation submitted pursuant to subsection 1.

b. A local exchange carrier which elects to become price regulated under this subsection shall give written notice to the board of such election not less than thirty days prior to the date such regulation is to commence.

c. Upon election of a local exchange carrier to become price-regulated under this subsection, the carrier shall reduce its rates for basic local telephone service an average of three percent. In lieu of the three percent reduction, the local exchange carrier may establish its rates for basic local telephone service in a rate proceeding under section 476.3 or 476.6 commenced after July 1, 1995.

d. Initial prices for basic communications services, other than basic local telephone service, shall be set at the rates in effect as of the first of July prior to the date such regulation is to commence.

e. (1) A price-regulated local exchange carrier shall not increase its rates for basic communications services, for a period of twelve months after electing to become price regulated. To the extent necessary, rates for basic services may be increased to carry out the purpose of any rules that may be adopted by the board relating to the terms and conditions of unbundled services and interconnection. A price-regulated local exchange carrier may increase its rates for basic communications services following the initial twelve-month period, to the extent that the change in rate does not exceed two percentage points less than the most recent annual change in the gross domestic product price index, as published by the federal government. If application of such formula achieves a negative result, prices shall be reduced so that the cumulative price change for basic services, including prior price reductions in these services,

achieves the negative result. After January 1, 2000, the board by rule may adopt different measures of inflation and productivity if they are found to be more reflective of the individual price-regulated carriers.

(2) Price increases for basic communications services which are permitted under this subsection may be deferred and accumulated for a maximum of three years into a single price increase, provided that a deferred and accumulated price increase under this subsection shall not at any time exceed six percent. A price decrease for basic communications services shall not be deferred or accumulated, except that price decreases of less than two percent may be deferred by the local exchange carrier for one year. A price decrease required under this section may be offset by a price increase for a basic communications service that would have been permitted under this section in the previous twelve-month period, but which was deferred by the local exchange carrier. A rate change pursuant to this subsection may take effect thirty days after the notification of the board and consumers.

(3) A price-regulated local exchange carrier shall not increase its aggregate revenue weighted prices for nonbasic communications services more than six percent in any twelve-month period.

(4) A price-regulated local exchange carrier may reduce the price for any basic communications service, to an amount not less than the total service long-run incremental cost for such service on one day's notice filed with the board. For purposes of this subsection, "*total service long-run incremental costs*" means the difference between the company's total cost and the total cost of the company less the applicable service, feature, or function.

(5) A price-regulated local exchange carrier may offer new service alternatives for any basic communications services on thirty days prior notice to the board, provided that the preexisting basic communications service rate structure continues to be offered to customers. New telecommunications services shall be considered nonbasic communications services as defined in section 476.96, subsection 6.

(6) A price-regulated local exchange carrier must reduce the average intrastate access service rates to the carrier's average interstate access service rates. Such carrier shall reduce the average intrastate access service rates by at least twenty-five percent of the difference of such rates within ninety days of the election to be price-regulated and twenty-five percent each of the next three years.

f. A local exchange carrier shall notify customers of a rate change under this subsection at least thirty days prior to the effective date of the rate change.

g. A local exchange carrier which elects to become price regulated under this subsection shall also be subject to the following:

(1) The local exchange carrier shall not be subject to rate-of-return regulation while operating under price regulation.

(2) All regulated services shall be provided pursuant to board-approved tariffs.

(3) All new regulated service offerings shall be reported to the board.

(4) Rates may be adjusted by the board to reflect any changes in revenues, expenses, and investment due to exogenous factors beyond the control of the local exchange carrier.

h. The board may review a local exchange carrier's operation under this subsection, with notice and an opportunity for hearing, after four years of the carrier's election to be price-regulated. The local exchange carrier, consumer advocate, or any person may propose, and the board may approve, any reasonable modifications to the price-regulation requirements in this subsection as a result of the specific carrier review, except that such modifications shall not require a reduction in the rates for any basic communications service or a return to rate-base, rate-of-return regulation.

i. This subsection shall not be construed to prohibit an additional decrease or to permit any increase in a local exchange carrier's average intrastate access service rates during the term of the local exchange carrier's operation under price regulation.

NEW section

476.98 Earnings calculation and report.

The consumer advocate shall calculate an estimate of the return of a local exchange carrier operating under price regulation pursuant to section 476.97 as if the carrier were subject to rate-of-return regulation. The calculation shall be based upon the annual report of such carrier and other information provided to the consumer advocate by the carrier. The calculation shall be made every two years beginning following the end of the second calendar year after the year in which the plan becomes effective. The consumer advocate shall provide a written report to the general assembly including the results of this calculation on or before July 1 of the year immediately following the two-year period for which a calculation is made. If, after a review of the information used to make the calculation required in this section, the consumer advocate determines that the public interest would be better served by a different form of rate regulation, the consumer advocate shall provide a recommendation that the general assembly direct the utilities board to implement a different form of rate regulation.

476.99 Additional price regulation plan provisions.

In addition to the provisions required in section 476.97, a local exchange carrier, prior to operating under price regulation, shall make provision for the following:

1. Reflecting in rates any changes due to changes in the average cost of the local exchange carrier resulting from the sale of an exchange in this state.

2. Encouraging modernization of the local exchange carrier's telecommunications infrastructure. This provision shall include a requirement that the local exchange carrier develop and file with the board an increased modernization plan.

LOCAL EXCHANGE COMPETITION

476.100 Prohibited acts.

A local exchange carrier shall not do any of the following:

1. Discriminate against another provider of communications services by refusing or delaying access to the local exchange carrier's services.
2. Discriminate against another provider of communications services by refusing or delaying access to essential facilities on terms and conditions no less favorable than those the local exchange carrier provides to itself and its affiliates. A local telecommunications facility, feature, function, or capability of the local exchange carrier's network is an essential facility if all of the following apply:
 - a. Competitors cannot practically or economically duplicate the facility, feature, function, or capability, or obtain the facility, feature, function, or capability from another source.
 - b. The use of the facility, feature, function, or capability by potential competitors is technically and economically feasible.
 - c. Denial of the use of the facility, feature, function, or capability by competitors is unreasonable.
 - d. The facility, feature, function, or capability will enable competition.
3. Degrade the quality of access or service provided to another provider of communications services.
4. Fail to disclose in a timely manner, upon reasonable request and pursuant to a protective agreement concerning proprietary information, all information reasonably necessary for the design of network interface equipment, network interface services, or software that will meet the specifications of the local exchange carrier's local exchange network.
5. Unreasonably refuse or delay interconnections or provide inferior interconnections to another provider.
6. Use basic exchange service rates, directly or indirectly, to subsidize or offset the costs of other products or services offered by the local exchange carrier.
7. Discriminate in favor of itself or an affiliate in the provision and pricing of, or extension of credit for, any telephone service.

95 Acts, ch 199, §11
NEW section

476.101 Local exchange competition.

1. A certificate of public convenience and necessity to provide local telephone service shall not be interpreted as conveying a monopoly, exclusive privilege, or franchise. A competitive local exchange ser-

vice provider shall not be subject to the requirements of this chapter, except that a competitive local exchange service provider shall obtain a certificate of public convenience and necessity pursuant to section 476.29, file tariffs, notify affected customers prior to any rate increase, file reports, information, and pay assessments pursuant to section 476.2, subsection 4, and sections 476.9, 476.10, 476.16, 476.102, and 477C.7, and shall be subject to the board's authority with respect to adequacy of service, interconnection, discontinuation of service, civil penalties, and complaints. If, after notice and opportunity for hearing, the board determines that a competitive local exchange service provider possesses market power in its local exchange market or markets, the board may apply such other provisions of chapter 476 to a competitive local exchange service provider as it deems appropriate.

2. The duty of a local exchange carrier includes the duty, in accordance with requirements prescribed by the board pursuant to subsection 3 and other laws, to provide equal access to, and interconnection with, its facilities so that its network is fully interoperable with the telecommunications services and information services of other providers, and to offer unbundled essential facilities.

3. A local exchange carrier shall provide reasonable access to ducts, conduits, rights-of-way, and other pathways owned or controlled by the local exchange carrier to which reasonable access is necessary to a competitive local exchange service provider in order for a competitive local exchange service provider to provide service and is feasible for the local exchange carrier.

Upon application of a local exchange carrier or a competitive local exchange service provider, the board shall determine any matters concerning reasonable access to ducts, conduits, rights-of-way, and other pathways owned or controlled by the local exchange carrier upon which agreement cannot be reached, including but not limited to, matters regarding valuation, space, and capacity restraints, and compensation for access.

4. a. Prior to September 1, 1995, the board shall initiate a rulemaking proceeding to adopt rules that satisfy the requirements enumerated in subparagraphs (1) through (4). The rulemaking proceeding shall be completed as promptly as possible. The board, upon petition or on its own motion, may conduct a separate evidentiary hearing on the same or related subjects. The evidence from a hearing may be considered by the board during the rulemaking proceeding, provided that the board announces its intention to do so prior to the oral presentation in the rulemaking proceeding. The rules shall do the following:

- (1) Require a local exchange carrier to provide unbundled essential facilities of its network, and allow reasonable and nondiscriminatory equal access to, use of, and interconnection with, those unbundled essential facilities on reasonable, cost-based, and tariffed terms and conditions. The board's rules must

require a local exchange carrier, including those operating under a plan of price regulation, to file tariffs implementing the unbundled essential facilities within ninety days of the board's final order adopting such rules, except for local exchange carriers with less than seventy-five thousand access lines which must file such tariffs within two years of July 1, 1995. Such access, use, and interconnection shall be on terms and conditions no less favorable than those the local exchange carrier provides to itself and its affiliates for the provision of local exchange, access, and toll services. This subsection shall not be construed to establish a presumption as to the level of interconnection charges, if any, to be determined by the board pursuant to subparagraph (2).

(2) Establish reciprocal cost-based compensation for termination of telecommunications services between local exchange carriers and competitive local exchange service providers.

(3) Require local exchange carriers to make interim number portability available on request of a competitive local exchange service provider, and to implement provider number portability as soon as the availability of necessary technology makes provider number portability economically and technically feasible, as determined by the board. The rules shall also devise a reasonable and nondiscriminatory mechanism for the recovery of all recurring and nonrecurring costs of interim and provider number portability.

(4) Develop the cost methodology appropriate for a competitive telecommunications environment.

b. The rules adopted in paragraph "a", subparagraphs (2) and (3), do not apply to local exchange carriers with less than seventy-five thousand access lines until a competitive local exchange service provider has filed for a certificate to provide basic communications services in an exchange or exchanges of the local exchange carrier, or the board determines that competitive necessity requires the implementation of the rules in paragraph "a", subparagraphs (2) and (3), by the local exchange carrier.

5. Local exchange carriers shall file tariffs or price lists in accordance with board rules with respect to the services, features, functions, and capabilities offered to comply with board rules on unbundling of essential facilities and interconnection. Local exchange carriers shall submit with the tariffs or price lists for basic communications services and toll services supporting information that is sufficient for the board to determine the relationship between the proposed charges and the costs of providing such services, features, functions, or capabilities, including the imputed cost of intrastate access service rates in toll service rates pursuant to existing board orders. The board shall review the tariffs or price lists to ensure that the charges are cost-based and that the terms and conditions contained in the tariffs or price lists unbundle any essential facilities in accordance with the board's rules and any other applicable laws.

6. This section shall not be construed to prohibit the board from enforcing rules or orders entered in contested cases pending on July 1, 1995, to the extent that such rules and orders are consistent with the provisions of this section.

7. Except as provided under section 476.29, subsection 2, and this section, the board shall not impose or allow a local exchange carrier to impose restrictions on the resale of local exchange services, functions, or capabilities. The board may prohibit residential service from being resold as a different class of service.

8. Any person may file a written complaint with the board requesting the board to determine compliance by a local exchange carrier with the provisions of sections 476.96 through 476.100, 476.102, and this section, or any board rules implementing those sections. Upon the filing of such complaint, the board may promptly initiate a formal complaint proceeding and give notice of the proceeding and the opportunity for hearing. The formal complaint proceeding may be initiated at any time by the board on its own motion. The board shall render a decision in the proceeding within ninety days after the date the written complaint was filed.

UNIVERSAL SERVICE

476.102 Universal service.

1. The board shall initiate a proceeding to preserve universal service such that it shall be maintained in a competitively neutral fashion. As a part of this proceeding, the board shall determine the difference between the cost of providing universal service and the prices determined to be appropriate for such service.

2. The board shall base policies for the preservation of universal service on the following principles:

a. A plan adopted by the board should ensure the continued viability of universal service by maintaining quality services at just and reasonable rates.

b. The plan should define the nature and extent of the service encompassed within any entities' universal service obligations.

c. The plan should establish specific and predictable mechanisms to provide competitively neutral support for universal service. Those mechanisms shall include a nondiscriminatory mechanism by which funds to support universal service shall be collected, and a mechanism for disbursement of support funds to eligible subscribers, either directly to those subscribers, or to the subscriber's provider of local exchange services chosen by the subscriber.

d. The plan should be based on other principles as the board determines are necessary and appropriate for the protection of the public interest, convenience, and necessity and consistent with the purposes of sections 476.95 through 476.101 and this section.

CHAPTER 479

PIPELINES AND UNDERGROUND GAS STORAGE

479.1 Purpose — applicability.

It is the purpose of the general assembly in enacting this law to confer upon the utilities board the power and authority to supervise the transportation or transmission of any solid, liquid, or gaseous substance, except water, within or through this state by pipeline, whether specifically mentioned in this chapter or not, and the power and authority to supervise the underground storage of gas, to protect the safety and welfare of the public in its use of public or private highways, grounds, waters, and streams of any kind in this state. However, this chapter does not apply to interstate natural gas or hazardous liquid pipelines, pipeline companies, and underground storage, as these terms are defined in chapters 479A and 479B.

95 Acts, ch 192, §5
Section amended

479.2 Definitions.

As used in this chapter:

1. *“Board”* means the utilities board within the utilities division of the department of commerce.

2. *“Pipeline”* means a pipe, pipes, or pipelines used for the transportation or transmission of a solid, liquid, or gaseous substance, except water, within or through this state. However, the term does not include interstate pipe, pipes, or pipelines used for the transportation or transmission of natural gas or hazardous liquids.

3. *“Pipeline company”* means a person engaged in or organized for the purpose of owning, operating, or controlling pipelines for the transportation or transmission of any solid, liquid, or gaseous substance, except water, within or through this state. However, the term does not include a person owning, operating, or controlling interstate pipelines for the transportation or transmission of natural gas or hazardous liquids.

4. *“Underground storage”* means storage of gas in a subsurface stratum or formation of the earth.

95 Acts, ch 192, §6
Section amended

479.5 Application for permit.

A pipeline company doing business in this state shall file with the board its verified petition asking for a permit to construct, maintain and operate its pipeline or lines along, over or across the public or private highways, grounds, waters and streams of any kind of this state. Any pipeline company now owning or operating a pipeline in this state shall be issued a permit by the board upon supplying the information as provided for in section 479.6.

A pipeline company doing business in this state and proposing to engage in underground storage of gas within this state shall file with the board its verified petition asking for a permit to construct,

maintain and operate facilities for the underground storage of gas to include the construction, placement, maintenance and operation of machinery, appliances, fixtures, wells, pipelines, and stations necessary for the construction, maintenance and operation of the gas underground storage facilities.

A pipeline company shall hold informational meetings in each county in which real property or property rights will be affected at least thirty days prior to filing the petition for a new pipeline. A member of the board or a person designated by the board shall serve as the presiding officer at each meeting and present an agenda for the meeting which shall include a summary of the legal rights of the affected landowners. No formal record of the meeting shall be required.

The meeting shall be held at a location reasonably accessible to all persons, companies, or corporations which may be affected by the granting of the permit.

The pipeline company seeking the permit for a new pipeline shall give notice of the informational meeting to each person determined to be a landowner affected by the proposed project and each person in possession of or residing on the property. For the purposes of the informational meeting, *“landowner”* means a person listed on the tax assessment rolls as responsible for the payment of real estate taxes imposed on the property and *“pipeline”* means a line transporting a solid, liquid, or gaseous substance, except water, under pressure in excess of one hundred fifty pounds per square inch and extending a distance of not less than five miles or having a future anticipated extension of an overall distance of five miles.

The notice shall set forth the name of the applicant; the applicant's principal place of business; the general description and purpose of the proposed project; the general nature of the right-of-way desired; a map showing the route of the proposed project; that the landowner has a right to be present at such meeting and to file objections with the board; and a designation of the time and place of the meeting; and shall be served by certified mail with return requested not less than thirty days previous to the time set for the meeting; and shall be published once in a newspaper of general circulation in the county. The publication shall be considered notice to landowners whose residence is not known and to each person in possession of or residing on the property provided a good faith effort to notify can be demonstrated by the pipeline company.

A pipeline company seeking rights under this chapter shall not negotiate or purchase any easements or other interests in land in any county known to be affected by the proposed project prior to the informational meeting.

95 Acts, ch 192, §7
Section amended

479.23 Extension of permit.

A pipeline company may petition the board for the extension of a permit granted under this chapter by filing a petition containing the information required by section 479.6, subsections 1 through 4, 6, and 7, and section 479.26.

95 Acts, ch 192, §8
Section amended

479.24 Eminent domain.

A pipeline company granted a pipeline permit under this chapter shall be vested with the right of eminent domain* to the extent necessary and as prescribed and approved by the board, not exceeding seventy-five feet in width for right-of-way and not exceeding one acre in any one location in addition to right-of-way for the location of pumps, pressure apparatus, or other stations or equipment necessary to the proper operation of its pipeline. The board may grant additional eminent domain rights where the pipeline company has presented sufficient evidence to adequately demonstrate that a greater area is required for the proper construction, operation, and maintenance of the pipeline or for the location of pumps, pressure apparatus, or other stations or equipment necessary to the proper operation of its pipeline.

A pipeline company having secured a permit for underground storage of gas shall be vested with the right of eminent domain to the extent necessary and as prescribed and approved by the board in order to appropriate for its use for the underground storage of gas any subsurface stratum or formation in any land which the board shall have found to be suitable and in the public interest for the underground storage of gas, and may appropriate other interests in property, as may be required to adequately examine, prepare, maintain, and operate the underground gas storage facilities. This chapter does not authorize the construction of a pipeline longitudinally on, over or under any railroad right-of-way or public highway, or at other than an approximate right angle to a railroad track or public highway without the consent of the railroad company, the state department of transportation, or the county board of supervisors, and this chapter does not authorize or give the right of condemnation or eminent domain for such purposes.

95 Acts, ch 192, §9
*See 253 Iowa 1143
Section amended

479.25 Damages.

A pipeline company operating a pipeline or a gas storage area shall have reasonable access to the pipeline or gas storage area for the purpose of constructing, operating, maintaining, or locating pipes, pumps, pressure apparatus or other stations, wells, devices, or equipment used in or upon the pipeline or gas storage area; shall pay the owner of the land for the right of entry and the owner of crops for all damages caused by entering, using, or occupying the land; and shall pay to the owner all damages caused by the completion of construction of the pipeline due

to wash or erosion of the soil at or along the location of the pipeline and due to the settling of the soil along and above the pipeline. However, this section shall not prevent the execution of an agreement between the pipeline company and the owner of land or crops with reference to the use of the land.

479.27 Venue.

In all cases arising under this chapter, the district court of any county in which property of a pipeline company is located shall have jurisdiction.

95 Acts, ch 192, §11
Section amended

479.29 Construction standards.

1. The board shall, pursuant to chapter 17A, adopt rules establishing standards for the protection of underground improvements during the construction of pipelines, to protect soil conservation and drainage structures from being permanently damaged by pipeline construction and for the restoration of agricultural lands after pipeline construction. To ensure that all interested persons are informed of this rulemaking procedure and are afforded a right to participate, the board shall schedule an opportunity for oral presentations on the proposed rule making, and, in addition to the requirements of section 17A.4, shall distribute copies of the notice of intended action and opportunity for oral presentations to each county board of supervisors. Any county board of supervisors may, under the provisions of chapter 17A, and subsequent to the rulemaking proceedings, petition under those provisions for additional rule making to establish standards to protect soil conservation practices, structures and drainage structures within that county. Upon the request of the petitioning county the board shall schedule a hearing to consider the merits of the petition. Rules adopted under this section shall not apply within the boundaries of a city, unless the land is used for agricultural purposes.

2. The county board of supervisors shall cause an on-site inspection for compliance with the standards adopted under this section to be performed at any pipeline construction project in the county. A professional engineer familiar with the standards adopted under this section and registered under chapter 542B shall be in responsible charge of the inspection. A county board of supervisors may contract for the services of a professional engineer for the purposes of the inspection. The reasonable costs of the inspection shall be borne by the pipeline company.

3. If the inspector determines that there has been a violation of the standards adopted under this section, the inspector shall give oral notice, followed by written notice, to the pipeline company and the contractor operating for the pipeline company and order corrective action to be taken in compliance with the standards. The costs of the corrective action shall be borne by the contractor operating for the pipeline company.

4. As a part of the inspection process, the inspector shall ascertain that the trench excavation has been filled in a manner to provide that the topsoil has been replaced on top and rocks and debris have been removed from the topsoil of the easement area. An existing topsoil layer extending at least one foot in width on either side of the pipeline excavation at a maximum depth of twelve inches shall be removed separately and shall be stockpiled and preserved separately during subsequent construction operations, unless other means for separating the topsoil are provided in the easement. The topsoil shall be replaced so the upper portion of the pipeline excavation and the crowned surface shall contain only the topsoil originally removed.

5. Adequate inspection of underground improvements altered during construction of pipeline shall be conducted at the time of the replacement or repair of the underground improvements. An inspector shall be present on the site at all times at each phase and separate activity of the opening of the trench, the restoration of underground improvements, and backfilling. The pipeline company and its contractor shall keep all county inspectors continually informed of the work schedule and any schedule changes.

6. If the pipeline company or its contractor does not comply with the orders of the inspector for compliance with the standards, the county board of supervisors may direct the county attorney to petition the district court for an order requiring corrective action to be taken in compliance with the standards adopted under this section.

7. The pipeline company shall allow landowners and inspectors to view the proposed center line of the pipeline prior to commencing trenching operations to insure that construction takes place in its proper location.

8. An inspector may temporarily halt the construction if the construction is not in compliance with the law or the terms of the agreement with the pipeline company regarding topsoil removal and replacement, drainage structures, soil moisture conditions or the location of construction until the inspector consults with the supervisory personnel of the pipeline company. If the construction is then continued over the inspector's objection and is found to not be in compliance with the law or agreement and is found to cause damage, any civil penalty recovered under section 479.31 as a result of that violation shall be paid to the landowner.

9. The board shall instruct inspectors appointed by the board of supervisors regarding the content of the statutes and rules and the inspector's responsibility to require construction conforming with the standards provided by this chapter.

10. Any underground drain tile damaged, cut or removed shall be temporarily repaired and maintained as necessary to allow for its proper function during construction of the pipeline. If temporary repair is not determined to be necessary, the exposed line will nonetheless be screened or otherwise protected to prevent the entry of any for-

eign material, small animals, etc. into the tile line system.

479.30 Entry for land surveys.

After the informational meeting or after the filing of a petition if no informational meeting is required, a pipeline company may enter upon private land for the purpose of surveying and examining the land to determine the direction or depth of a pipeline by giving ten days' written notice by restricted certified mail to the landowner as defined in section 479.5 and to any person residing on or in possession of the land. The entry for land surveys authorized in this section shall not be deemed a trespass and may be aided by injunction. The pipeline company shall pay the actual damages caused by the entry, survey, and examination.

95 Acts, ch 192, §13
Section amended

479.31 Civil penalty.

A person who violates this chapter or any rule or order issued pursuant to this chapter shall be subject to a civil penalty levied by the board not to exceed ten thousand dollars for each violation. Each day that the violation continues shall constitute a separate offense. However, the maximum civil penalty shall not exceed five hundred thousand dollars for any related series of violations. Civil penalties collected pursuant to this section shall be credited to and are appropriated for the Iowa energy center created in section 266.39C.

Any civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in compromise, the appropriateness of the penalty to the size of the business of the person charged, the gravity of the violation, and the good faith of the person charged in attempting to achieve compliance, after notification of a violation, shall be considered. The amount of the penalty, when finally determined, or the amount agreed upon in compromise, may be deducted from any sums owed by the state to the person charged, or may be recovered in a civil action.

95 Acts, ch 192, §14
Unnumbered paragraph 1 amended

479.33 Authorized federal aid.

The board may enter into agreements with and receive moneys from the United States department of transportation for the inspection of pipelines to determine compliance with applicable standards of pipeline safety, and for enforcement of the applicable standards of pipeline safety as provided by Pub. L. No. 103-272, as codified in 49 U.S.C. § 60101-60125.

95 Acts, ch 49, §13

479.41 Arbitration agreements.

If an easement or other written agreement between a landowner and a pipeline company provides

for the determination through arbitration of the amount of monetary damages sustained by a landowner and caused by the construction, maintenance, or repair of a pipeline, and if either party has not appointed its arbitrator or agreed to an arbitrator under the agreement within thirty days after the other party has invoked the arbitration provisions of the agreement by written notice to the other party by restricted certified mail, the landowner or the pipeline company may petition a judicial magistrate in the county where the real property is located for the appointment of an arbitrator to serve in the stead of the arbitrator who would have been appointed or agreed to by the other party. Before filing the petition the landowner or pipeline company shall give notice of the petitioning of the judicial magistrate by restricted certified mail to the other party and file proof of mailing with the petition. If after hearing, the magistrate finds that the landowner or pipeline company has not been diligent in appointing or reasonable in agreeing to an arbitrator, the magistrate shall appoint an impartial arbitrator who shall have all of the powers and duties of an arbitrator appointed or agreed to by the other party under the agreement.

For purposes of this section only, "landowner" means the persons who signed the easement or other written agreement, their heirs, successors, and assigns.

95 Acts, ch 192, §15
Section amended

479.42 Subsequent pipelines.

A pipeline company shall not install a subsequent pipeline upon its existing easement when a damage claim from the installation of its previous pipeline on that easement has not been resolved, unless the damage claim is under litigation, arbitration, or a proceeding pursuant to section 479.46.

With the exception of claims for damage to drain tile and future crop deficiency, for this section to apply, landowners and tenants must submit in writing their claims for damages caused by installation of the pipeline within one year of final cleanup on the real property.

95 Acts, ch 192, §16
Section amended

479.46 Determination of installation damages.

1. The county board of supervisors shall determine when installation of a pipeline has been completed in that county for the purposes of this section. Not less than ninety days after the completion of installation, and if an agreement cannot be made as to damages, a landowner whose land was affected by the installation of the pipeline or a pipeline company may file with the board of supervisors a petition asking that a compensation commission determine the damages arising from the installation of the pipeline.

2. If the board of supervisors by resolution approves the petition, the landowner or pipeline com-

pany shall commence the proceeding by filing an application with the chief judge of the judicial district of the county for the appointment of a compensation commission as provided in section 6B.4.

The application shall contain the following:

a. The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.

b. A description of the nature of the damage claimed to have occurred and the amount of the damage claimed.

c. The name and address of the pipeline company claimed to have caused the damage or the name and address of the affected landowner.

3. After the commissioners have been appointed, the applicant shall serve notice on the pipeline company or the landowner stating the following:

a. That a compensation commission has been appointed to determine the damages caused by the installation of the pipeline.

b. The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.

c. The date, time, and place when the commissioners will view the premises and proceed to appraise the damages and that the pipeline company or the landowner may appear before the commissioners.

Sections 6B.10 to 6B.13 apply to this notice. If more than one landowner petitions the county board of supervisors, the application to the chief judge, notice to the pipeline company, and appraisal of damages shall be consolidated into one application, notice, and appraisal. The county attorney may assist in coordinating the consolidated application and notice, but does not become an attorney for the landowners by doing so.

4. The commissioners shall view the land at the time provided in the notice and assess the damages sustained by the landowner by reason of the installation of the pipeline and they shall file their report with the sheriff. The appraisal of damages returned by the commissioners is final unless appealed. After the appraisal of damages has been delivered to the sheriff by the compensation commission, the sheriff shall give written notice by ordinary mail to the pipeline company and the landowner of the date the appraisal of damages was made, the amount of the appraisal, and that any interested party may appeal to the district court within thirty days of the date of mailing. The sheriff shall endorse the date of mailing of notice on the original appraisal of damages. At the time of appeal, the appealing party shall give written notice to the adverse party or the party's attorney and the sheriff.

5. Chapter 6B applies to this section to the extent it is applicable and consistent with this section.

6. The pipeline company shall pay all costs of the assessment made by the commissioners and reasonable attorney fees and costs incurred by the landowner as determined by the commissioners if the award of the commissioners exceeds one hundred ten percent of the final offer of the pipeline company prior

to the determination of damages; if the award does not exceed one hundred ten percent, the landowners shall pay the fees and costs incurred by the pipeline company. The pipeline company shall file with the sheriff an affidavit setting forth the most recent offer made to the landowner. Commissioners shall receive a per diem of fifty dollars and actual and necessary expenses incurred in the performance of their official duties. The pipeline company shall also pay all costs occasioned by the appeal, including reasonable attorney fees to be taxed by the court, unless on the trial of the appeal the same or a less amount of damages is awarded than was allowed by the commission from which the appeal was taken.

7. As used in this section, "damages" means compensation for damages to the land, crops, and other personal property caused by the construction activity of installing a pipeline and its attendant structures but does not include compensation for a property interest, and "landowner" includes a farm tenant.

8. The provisions of this section do not apply if the easement provides for any other means of negotiation or arbitration.

Subsections 1, 2, and 3 amended

479.47 Subsequent tiling.

All additional costs of new tile construction caused by an existing pipeline shall be paid by the pipeline company. To receive compensation under this section, the landowner or agent of the landowner shall either present an invoice specifying the additional costs caused by the presence of the pipeline which is accompanied by a written verification of the additional costs by the county engineer or soil and water conservation district conservationist or reach an agreement with the pipeline company on the project design and share of the cost to be paid by the pipeline company during the planning of the tiling project.

CHAPTER 479A

INTERSTATE NATURAL GAS PIPELINES

479A.11 Damages.

A pipeline company operating pipelines or underground storage shall be given reasonable access to the pipelines and storage areas for the purpose of constructing, operating, maintaining, or locating their pipes, pumps, pressure apparatus, or other stations, wells, devices, or equipment used in or upon a pipeline or storage area, but shall pay the owner of the lands for the right of entry and the owner of crops on the land all damages caused by entering, using, or occupying the lands for these purposes; and shall pay to the owner of the lands, after the completion of construction of the pipeline or storage, all damages caused by settling of the soil along and above the pipeline, and wash or erosion of the soil along the pipeline due to the construction of the pipeline. However, this section does not prevent the execution of an agreement with other terms between the pipeline company and the owner of the land or crops with reference to their use.

Section amended

479A.14 Land restoration — standards — inspection.

1. The board shall adopt rules establishing standards to protect underground improvements during

the construction of pipelines, to protect soil conservation and drainage structures from being permanently damaged by pipeline construction, and for the restoration of agricultural lands after pipeline construction. To ensure that all interested persons are informed of this rulemaking procedure and are afforded a right to participate, the board shall schedule an opportunity for oral presentations on the proposed rulemaking and, in addition to the requirements of section 17A.4, shall distribute copies of the notice of intended action and opportunity for oral presentations to each county board of supervisors. A county board of supervisors may, under chapter 17A and subsequent to the rulemaking proceedings, petition for additional rulemaking to establish standards to protect soil conservation practices, structures, and drainage structures within that county. Upon the request of the petitioning county, the board shall schedule a hearing to consider the merits of the petition. Rules adopted under this section do not apply within the boundaries of a city, unless the land is used for agricultural purposes.

2. The county board of supervisors shall cause an on-site inspection for compliance with the standards adopted under this section to be performed at any pipeline construction project in the county. A professional engineer familiar with the standards adopted under this section and registered under chapter 542B shall be placed in charge of the inspection. The reasonable costs of the inspection shall be borne by the pipeline company.

3. If the inspector determines that there has been a violation of the standards adopted under this section, the inspector shall give oral notice, followed by

written notice, to the pipeline company and the contractor operating for the pipeline company, and order corrective action to be taken in compliance with the standards. The costs of the corrective action shall be borne by the contractor operating for the pipeline company.

4. As a part of the inspection process, the inspector shall ascertain that the trench excavation has been filled in a manner to provide that the topsoil has been replaced on top and rocks and debris have been removed from the topsoil of the easement area. An existing topsoil layer extending at least one foot in width on either side of the pipeline excavation at a maximum depth of one foot shall be removed separately and shall be stockpiled and preserved separately during subsequent construction operations, unless other means for separating the topsoil are provided in the easement. The topsoil shall be replaced so the upper portion of the pipeline excavation and the crowned surface contain only the topsoil originally removed.

5. Adequate inspection of underground improvements altered during construction of a pipeline shall be conducted at the time of the replacement or repair of the underground improvements. An inspector shall be present on the site at all times at each phase and separate activity of the opening of the trench, the restoration of underground improvements, and back-filling. The pipeline company and its contractor shall keep all county inspectors continually informed of the work schedule and any schedule changes.

6. If the pipeline company or its contractor does not comply with the orders of the inspector for compliance with the standards, the county board of supervisors may direct the county attorney to petition the district court for an order requiring corrective action to be taken in compliance with the standards adopted under this section.

7. The pipeline company shall allow landowners and inspectors to view the proposed center line of the pipeline before commencing trenching operations to ensure that construction takes place in the proper location.

8. An inspector may temporarily halt the construction if the construction is not in compliance with this chapter and the standards adopted under it, or the terms of the agreement with the pipeline company regarding topsoil removal and replacement, drainage structures, soil moisture conditions, or the location of construction, until the inspector consults with the supervisory personnel of the pipeline company. If the construction is continued over the inspector's objection and is found not to be in compliance with this chapter, the standards, or the agreement, and is found to cause damage, a civil penalty recovered under section 479A.16 as a result of that violation shall be paid to the landowner.

9. The board shall instruct inspectors appointed by the county board of supervisors regarding the content of this chapter and the standards and the inspectors' responsibility to require construction conforming with them.

10. An underground drain tile damaged, cut, or removed shall be temporarily repaired and maintained as necessary to allow for its proper function during construction of the pipeline. If temporary repair is determined not to be necessary, the exposed line shall be screened or otherwise protected to prevent the entry of foreign material or small animals into the tile line system.

11. This section does not preclude the application of provisions for protecting or restoring property contained in agreements independently executed by the pipeline company and the landowner if the provisions are not inconsistent with state law or with rules adopted by the board.

95 Acts, ch 192, §21
Subsection 1 amended

479A.15 Entry for land surveys.

A pipeline company may enter upon private land for the purpose of surveying and examining the land to determine direction or depth of a pipeline by giving ten days' written notice by restricted certified mail to the landowner and to any person residing on or in possession of the land. For purposes of this section only, "landowner" means a person listed on the tax assessment rolls as responsible for the payment of real estate taxes imposed on the property. The entry for land surveys authorized in this section is not a trespass and may be aided by injunction. The pipeline company shall pay the actual damages caused by the entry and survey.

95 Acts, ch 192, §22

479A.16 Civil penalty.

A person who violates this chapter or a rule or an order issued pursuant to this chapter is subject to a civil penalty levied by the board not to exceed one thousand dollars for each violation. Each day that the violation continues constitutes a separate offense. However, the civil penalty shall not exceed two hundred thousand dollars for any related series of violations. Civil penalties collected pursuant to this section shall be credited to and are appropriated for the Iowa energy center created in section 266.39C.

A civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in compromise, the appropriateness of the penalty to the size of the business of the person charged, the gravity of the violation, and the good faith of the person charged in attempting to achieve compliance after notification of a violation, shall be considered. The amount of the penalty, when finally determined, or the amount agreed upon in compromise, may be deducted from any sums owed by the state to the person charged, or may be recovered in a civil action.

479A.18 Federal inspection.

The board may enter into agreements with and receive moneys from the United States department of

transportation for the inspection of pipelines to determine compliance with the applicable standards of pipeline safety as provided by Pub. L. No. 103-272, as codified in 49 U.S.C. § 60101-60125.

95 Acts, ch 49, §14

479A.20 Arbitration agreements.

Notwithstanding conflicting provisions of chapter 679A, if an easement or other written agreement between a landowner and a pipeline company provides for the determination through arbitration of the amount of monetary damages sustained by a landowner and caused by the construction, maintenance, or repair of a pipeline, and if either party has not appointed its arbitrator or agreed to an arbitrator under the agreement within thirty days after the other party has invoked the arbitration provisions of the agreement by written notice to the other party by restricted certified mail, the landowner or the pipeline company may petition a magistrate in the county where the real property is located for the appointment of an arbitrator to serve in place of the arbitrator who would have been appointed or agreed to by the other party. Before filing the petition the landowner or pipeline company shall give notice of the petitioning of the magistrate by restricted certified mail to the other party and file proof of mailing with the petition. If, after hearing, the magistrate finds that the landowner or pipeline company has not been diligent in appointing or reasonable in agreeing to an arbitrator, the magistrate shall appoint an impartial arbitrator who shall have all of the powers and duties of an arbitrator appointed or agreed to by the other party under the agreement.

For purposes of this section only, "landowner" means the persons who signed the easement or other written agreement, their heirs, successors, and assigns.

95 Acts, ch 192, §24
Section amended

479A.21 Subsequent pipelines.

A pipeline company shall not install a subsequent pipeline upon its existing easement when a damage claim from the installation of its previous pipeline on that easement has not been resolved unless that claim is under litigation or arbitration or is the subject of a proceeding pursuant to section 479A.25.

95 Acts, ch 192, §25
Section amended

479A.25 Determination of installation damages.

1. The county board of supervisors shall determine when installation of a pipeline has been completed in that county for the purposes of this section. Not less than ninety days after the completion of installation, and if an agreement cannot be made as to damages, a landowner whose land was affected by the installation of the pipeline or the pipeline company may file with the board of supervisors a petition asking that a compensation commission determine

the damages arising from the installation of the pipeline.

2. If the board of supervisors by resolution approves the petition, the landowner or pipeline company shall commence the proceeding by filing an application with the chief judge of the judicial district of the county for the appointment of a compensation commission as provided in section 6B.4.

The application shall contain all of the following:

a. The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.

b. A description of the nature of the damage claimed to have occurred and the amount of the damage claimed.

c. The name and address of the pipeline company claimed to have caused the damage or the name and address of the affected landowner.

3. After the commissioners have been appointed, the applicant shall serve notice on the pipeline company or the landowner stating all of the following:

a. That a compensation commission has been appointed to determine the damages caused by the installation of the pipeline.

b. The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.

c. The place, date, and time when the commissioners will view the premises and proceed to appraise the damages and that the pipeline company or landowner may appear before the commissioners.

Sections 6B.10 to 6B.13 apply to this notice. If more than one landowner petitions the county board of supervisors, the application to the chief judge, notice to the pipeline company, and appraisal of damages shall be consolidated into one application, notice, and appraisal. The county attorney may assist in coordinating the consolidated application and notice, but does not become an attorney for the landowners by doing so.

4. The commissioners shall view the land at the time provided in the notice and assess the damages sustained by the landowner by reason of the installation of the pipeline. The commissioners shall file their report with the sheriff. The appraisal of damages returned by the commissioners is final unless appealed. After the appraisal of damages has been delivered to the sheriff by the compensation commission, the sheriff shall give written notice by ordinary mail to the pipeline company and the landowner of the date the appraisal of damages was made, the amount of the appraisal, and that any interested party may appeal to the district court within thirty days of the date of mailing. The sheriff shall endorse the date of mailing of notice on the original appraisal of damages. At the time of appeal, the appealing party shall give written notice to the adverse party or the party's attorney and the sheriff.

5. Chapter 6B applies to this section to the extent it is applicable and consistent with this section.

6. The pipeline company shall pay all costs of the assessment made by the commissioners and reason-

able attorney fees and costs incurred by the landowner as determined by the commissioners, if the award of the commissioners exceeds one hundred ten percent of the final offer of the pipeline company prior to the determination of damages. If the award does not exceed one hundred ten percent, the landowners shall pay the fees and costs incurred by the pipeline company. The pipeline company shall file with the sheriff an affidavit setting forth the most recent offer made to the landowner. Commissioners shall receive a per diem of fifty dollars and actual and necessary expenses incurred in the performance of their official duties. The pipeline company shall also pay all costs occasioned by the appeal, including reasonable attorney fees to be taxed by the court, unless on the trial of the appeal the same or a lesser amount of damages is awarded than was allowed by the commission from which the appeal was taken.

7. As used in this section, "damages" means compensation for damages to the land, crops, and other personal property caused by the construction activity of installing a pipeline and its attendant structures

but does not include compensation for a property interest, and "landowner" includes a tenant.

8. This section does not apply if the easement provides for any other means of negotiation or arbitration.

Subsections 1, 2, and 3 amended

479A.26 Subsequent tiling.

Additional costs of new tile construction caused by an existing pipeline shall be paid by the pipeline company. To receive compensation under this section, the landowner or agent of the landowner shall either present an invoice specifying the additional costs caused by the presence of the pipeline which is accompanied by a written verification of the additional costs by the county engineer or soil and water conservation district conservationist or reach an agreement with the pipeline company on the project design and share of the cost to be paid by the pipeline company during the planning of the tiling project.

The publication shall be considered notice to landowners whose residence is not known and to each person in possession of or residing on the property provided a good faith effort to notify can be demonstrated by the pipeline company.

A pipeline company seeking rights under this chapter shall not negotiate or purchase an easement or other interest in land in a county known to be affected by the proposed project prior to the informational meeting.

479B.13 Financial condition of permittee — bond.

Before a permit is granted under this chapter the applicant must satisfy the board that the applicant has property within this state other than pipelines or underground storage facilities, subject to execution of a value in excess of two hundred fifty thousand dollars, or the applicant must file and maintain with the board a surety bond in the penal sum of two

hundred fifty thousand dollars with surety approved by the board, conditioned that the applicant will pay any and all damages legally recovered against it growing out of the construction, maintenance, or operation of its pipeline or underground storage facilities in this state. When the pipeline company deposits with the board security satisfactory to the board as a guaranty for the payment of the damages, or furnishes to the board satisfactory proofs of its solvency and financial ability to pay the damages, the pipeline company is relieved of the provisions requiring bond.

479B.14 Permits — limitations — sale or transfer — records — extension.

The board shall prepare and issue permits. The permit shall show the name and address of the pipeline company to which it is issued and identify the decision and order of the board under which the permit is issued. The permit shall be signed by the chairperson of the board and the official seal of the board shall be affixed to it.

The board shall not grant an exclusive right to any pipeline company to construct, maintain, or operate its pipeline along, over, or across any public or private highway, grounds, waters, or streams. The board shall not grant a permit for longer than twenty-five years.

A permit shall not be sold until the sale is approved by the board.

If a transfer of a permit is made before the construction for which it was issued is completed in whole or in part, the transfer shall not be effective until the pipeline company to which it was issued files with the board a notice in writing stating the date of the transfer and the name and address of the transferee.

The board shall keep a record of all permits granted by it, showing when and to whom granted and the location and route of the pipeline or underground storage facility, and if the permit has been transferred, the date and the name and address of the transferee.

A pipeline company may petition the board for an extension of a permit granted under this section by filing a petition containing the information required by section 479B.5, subsections 1 through 5, and meeting the requirements of section 479B.13.

479B.15 Entry for land surveys.

After the informational meeting or after the filing of a petition if no informational meeting is required, a pipeline company may enter upon private land for the purpose of surveying and examining the land to determine direction or depth of pipelines by giving ten days' written notice by restricted certified mail to the landowner as defined in section 479B.4 and to any person residing on or in possession of the land.

The entry for land surveys shall not be deemed a trespass and may be aided by injunction. The pipeline company shall pay the actual damages caused by the entry, survey, and examination.

479B.16 Eminent domain.

A pipeline company granted a pipeline permit shall be vested with the right of eminent domain, to the extent necessary and as prescribed and approved by the board, not exceeding seventy-five feet in width for right-of-way and not exceeding one acre in any one location in addition to right-of-way for the location of pumps, pressure apparatus, or other stations or equipment necessary to the proper operation of its pipeline. The board may grant additional eminent domain rights where the pipeline company has presented sufficient evidence to adequately demonstrate that a greater area is required for the proper construction, operation, and maintenance of the pipeline or for the location of pumps, pressure apparatus, or other stations or equipment necessary to the proper operation of its pipeline.

A pipeline company granted a permit for underground storage of hazardous liquid shall be vested with the right of eminent domain to the extent necessary and as prescribed and approved by the board in order to appropriate for its use for the underground storage of hazardous liquid any subsurface stratum or formation in any land which the board shall have found to be suitable and in the public interest for the underground storage of hazardous liquid, and may appropriate other interests in property, as may be required adequately to examine, prepare, maintain, and operate the underground storage facilities.

This chapter does not authorize the construction of a pipeline longitudinally on, over, or under any railroad right-of-way or public highway, or at other than an approximate right angle to a railroad track or public highway without the consent of the railroad company, the state department of transportation, or the county board of supervisors, and this chapter does not authorize or give the right of condemnation or eminent domain for such purposes.

479B.17 Damages.

A pipeline company operating a pipeline or an underground storage facility shall have reasonable access to the pipeline or underground storage facility for the purpose of constructing, operating, maintaining, or locating pipes, pumps, pressure apparatus, or other stations, wells, devices, or equipment used in or upon the pipeline or underground storage facility. A pipeline company shall pay the owner of the land for the right of entry and the owner of crops for all damages caused by entering, using, or occupying the lands and shall pay to the owner all damages caused by the completion of construction of the pipeline due

to wash or erosion of the soil at or along the location of the pipeline and due to the settling of the soil along and above the pipeline. However, this section does not prevent the execution of an agreement between the pipeline company and the owner of the land or crops with reference to the use of the land.

479B.19 Orders — enforcement.

If the pipeline company fails to obey an order within the period of time determined by the board, the board may commence an equitable action in the district court of the county where the pipeline, device, apparatus, equipment, or underground storage facility is located to compel compliance with its order. If, after trial, the court finds that the order is reasonable, equitable, and just, the court shall decree a mandatory injunction compelling obedience to and compliance with the order and may grant other relief as may be just and proper. Appeal from the decree may be taken in the same manner as in other actions.

479B.20 Land restoration standards.

1. The board, pursuant to chapter 17A, shall adopt rules establishing standards for the protection of underground improvements during the construction of pipelines or underground storage facilities, to protect soil conservation and drainage structures from being permanently damaged by construction of the pipeline or underground storage facility, and for the restoration of agricultural lands after pipeline or underground storage facility construction. To ensure that all interested persons are informed of this rule-making procedure and are afforded a right to participate, the board shall schedule an opportunity for oral presentations on the proposed rulemaking, and, in addition to the requirements of section 17A.4, shall distribute copies of the notice of intended action and opportunity for oral presentations to each county board of supervisors. Any county board of supervisors may, under the provisions of chapter 17A, and subsequent to the rulemaking proceedings, petition under those provisions for additional rulemaking to establish standards to protect soil conservation practices, structures, and drainage structures within that county. Upon the request of the petitioning county, the board shall schedule a hearing to consider the merits of the petition. Rules adopted under this section shall not apply within the boundaries of a city unless the land is used for agricultural purposes.

2. The county board of supervisors shall cause an on-site inspection for compliance with the standards adopted under this section to be performed at any pipeline construction project in the county. A professional engineer familiar with the standards adopted under this section and registered under chapter 542B shall be responsible for the inspection. A county board of supervisors may contract for the services of a professional engineer for the purposes of the inspection. The reasonable costs of the inspection shall be paid by the pipeline company.

3. If the inspector determines that there has been a violation of the standards adopted under this section, the inspector shall give oral notice, followed by written notice, to the pipeline company and the contractor operating for the pipeline company and order corrective action to be taken in compliance with the standards. The costs of the corrective action shall be borne by the contractor operating for the pipeline company.

4. As a part of the inspection process, the inspector shall ascertain that the trench excavation has been filled in a manner to provide that the topsoil has been replaced on top and rocks and debris have been removed from the topsoil of the easement area. An existing topsoil layer extending at least one foot in width on either side of the pipeline excavation at a maximum depth of twelve inches shall be removed separately and shall be stockpiled and preserved separately during subsequent construction operations, unless other means for separating the topsoil are provided in the easement. The topsoil shall be replaced so the upper portion of the pipeline excavation and the crowned surface shall contain only the topsoil originally removed.

5. Adequate inspection of underground improvements altered during construction of the pipeline shall be conducted at the time of the replacement or repair of the underground improvements. An inspector shall be present on the site at all times at each phase and separate activity of the opening of the trench, the restoration of underground improvements, and backfilling. The pipeline company and its contractor shall keep all county inspectors continually informed of the work schedule and any schedule changes.

6. If the pipeline company or its contractor does not comply with the orders of the inspector for compliance with the standards, the county board of supervisors may direct the county attorney to petition the district court for an order requiring corrective action to be taken in compliance with the standards adopted under this section.

7. The pipeline company shall allow landowners and inspectors to view the proposed center line of the pipeline prior to commencing trenching operations to ensure that construction takes place in its proper location.

8. An inspector may temporarily halt the construction if the construction is not in compliance with the law or the terms of the agreement with the pipeline company regarding topsoil removal and re-

placement, drainage structures, soil moisture conditions, or the location of construction until the inspector consults with the supervisory personnel of the pipeline company. If the construction is then continued over the inspector's objection and is found not to be in compliance with the law or agreement and is found to cause damage, any civil penalty recovered under section 479B.21 as a result of that violation shall be paid to the landowner.

9. The board shall instruct inspectors appointed by the board of supervisors regarding the content of the statutes and rules and the inspector's responsibility to require construction conforming with the standards provided by this chapter.

10. Any underground drain tile damaged, cut, or removed shall be temporarily repaired and maintained as necessary to allow for its proper function during construction of the pipeline or underground storage facility. If temporary repair is not determined to be necessary, the exposed tile shall nonetheless be screened or otherwise protected to prevent the entry of any foreign material or small animals into the tile line system.

11. This section does not preclude the application of provisions for protecting or restoring property contained in agreements independently executed by the pipeline company and the landowner if the provisions are not inconsistent with state law or with rules adopted by the board.

479B.21 Civil penalty.

A person who violates this chapter or any rule or order issued pursuant to this chapter shall be subject to a civil penalty levied by the board in an amount not to exceed one thousand dollars for each violation. Each day that the violation continues shall constitute a separate offense. However, the maximum civil penalty shall not exceed two hundred thousand dollars for any related series of violations. Civil penalties collected pursuant to this section shall be credited to and are appropriated for the use of the Iowa energy center created in section 266.39C.

A civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in compromise, the appropriateness of the penalty to the size of the pipeline company charged, the gravity of the violation, and the good faith of the person charged in attempting to achieve compliance, after notification of a violation, shall be considered. The amount of the penalty, when finally determined, or the amount agreed upon in compromise, may be deducted from any sums owed by the state to the person charged, or may be recovered in a civil action.

479B.24 Cancellation.

A pipeline company seeking to acquire an easement or other property interest for the construction, maintenance, or operation of a pipeline or underground storage facility shall do all of the following:

1. Allow the landowner or a person serving in a fiduciary capacity on the landowner's behalf to cancel an agreement granting an easement or other interest by restricted certified mail to the pipeline company's principal place of business if received by the pipeline company within seven days, excluding Saturday and Sunday, of the date of the agreement and inform the landowner or the fiduciary in writing of the right to cancel prior to the signing of the agreement by the landowner or the fiduciary.

2. Provide the landowner or a person serving in a fiduciary capacity in the landowner's behalf with a form in duplicate for the notice of cancellation.

3. Not record an agreement until after the period for cancellation has expired.

4. Not include in the agreement a waiver of the right to cancel in accordance with this section. The landowner or a person serving in a fiduciary capacity in the landowner's behalf may exercise the right of cancellation only once for each pipeline project.

479B.25 Arbitration agreements.

If an easement or other written agreement between a landowner and a pipeline company provides for the determination through arbitration of the amount of monetary damages sustained by a landowner and caused by the construction, maintenance, or repair of a pipeline or underground storage facility, and if either party has not appointed its arbitrator or agreed to an arbitrator under the agreement within thirty days after the other party has invoked the arbitration provisions of the agreement by written notice to the other party by restricted certified mail, the landowner or the pipeline company may petition a magistrate in the county where the real property is located for the appointment of an arbitrator to serve in the stead of the arbitrator who would have been appointed or agreed to by the other party. Before filing the petition the landowner or pipeline company shall give notice of the petitioning of the magistrate

by restricted certified mail to the other party and file proof of mailing with the petition.

If after hearing, the magistrate finds that the landowner or pipeline company has not been diligent in appointing or reasonable in agreeing to an arbitrator, the magistrate shall appoint an impartial arbitrator who shall have all of the powers and duties of an arbitrator appointed or agreed to by the other party under the agreement.

For purposes of this section only, "landowner" means the person who signed the easement or other written agreement, or the person's heirs, successors, and assigns.

479B.26 Subsequent pipeline or underground storage facility.

A pipeline company shall not construct a subsequent pipeline or underground storage facility upon its existing easement when a damage claim from the installation of its previous pipeline on that easement has not been resolved unless that claim is under litigation or arbitration, or is the subject of a proceeding pursuant to section 479B.30.

With the exception of claims for damage to drain tile and future crop deficiency, for this section to apply, landowners and tenants must submit their claims in writing for damages caused by construction of the pipeline or underground storage facility within one year of final cleanup on the real property by the pipeline company.

479B.27 Damage agreement.

A pipeline company shall not construct a pipeline or underground storage facility until a written statement is on file with the board as to how damages resulting from the construction of the pipeline shall be determined and paid, except in cases of eminent domain. 479B.28 Negotiated fee.

In lieu of a one-time lump sum payment for an easement or other property interest allowing a pipeline to cross property or allowing underground storage of hazardous liquids, a landowner and the pipeline company may negotiate an annual fee, to be paid over a fixed number of years. Unless the easement provides otherwise, the annual fee shall run with the land and shall be payable to the owner of record.

479B.29 Particular damage claims.

1. The loss of gain by or the death or injury of livestock caused by the interruption or relocation of

normal feeding of the livestock caused by the construction or repair of a pipeline or underground storage facility is a compensable loss and shall be recognized by a pipeline company.

2. A claim for damage for future crop deficiency within the easement strip shall not be precluded from renegotiation under section 6B.52 on the grounds that it was apparent at the time of settlement unless the settlement expressly releases the pipeline company from claims for damage to the productivity of the soil. The landowner shall notify the pipeline company in writing thirty days prior to harvest in each year to assess crop deficiency.

479B.30 Determination of construction damages.

1. The county board of supervisors shall determine when construction of a pipeline or underground storage facility has been completed in that county for the purposes of this section. Not less than ninety days after the completion of construction and if an agreement cannot be made as to damages, a landowner whose land was affected by the construction of the pipeline or underground storage facility or the pipeline company may file with the board of supervisors a petition asking that a compensation commission determine the damages arising from construction of the pipeline.

2. If the board of supervisors by resolution approves the petition, the landowner or pipeline company shall commence the proceeding by filing an application with the chief judge of the judicial district for the county for the appointment of a compensation commission as provided in section 6B.4. The application shall contain all of the following information:

a. The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.

b. A description of the nature of the damage claimed to have occurred and the amount of the damage claimed.

c. The name and address of the pipeline company claimed to have caused the damage or the name and address of the affected landowner.

3. After the commissioners have been appointed, the applicant shall serve notice on the pipeline company or the landowner stating all of the following:

a. That a compensation commission has been appointed to determine the damages caused by the construction of the pipeline or underground storage facility.

b. The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.

c. The date, time, and place when the commissioners will view the premises and proceed to appraise the damages and that the pipeline company or landowner may appear before the commissioners.

Sections 6B.10 to 6B.13 apply to this notice. If more

than one landowner petitions the county board of supervisors, the application to the chief judge, notice to the pipeline company, and appraisal of damages shall be consolidated into one application, notice, and appraisal. The county attorney may assist in coordinating the consolidated application and notice, but does not become an attorney for the landowners by doing so.

4. The commissioners shall view the land at the time provided in the notice and assess the damages sustained by the landowner by reason of the construction of the pipeline or underground storage facility and they shall file their report with the sheriff. The appraisal of damages returned by the commissioners is final unless appealed. After the appraisal of damages has been delivered to the sheriff by the compensation commission, the sheriff shall give written notice by ordinary mail to the pipeline company and the landowner of the date the appraisal of damages was made, the amount of the appraisal, and that any interested party may appeal to the district court within thirty days of the date of mailing. The sheriff shall endorse the date of mailing of notice on the original appraisal of damages. At the time of appeal, the appealing party shall give written notice to the adverse party or the party's attorney and the sheriff.

5. Chapter 6B applies to this section to the extent it is applicable and consistent with this section.

6. The pipeline company shall pay all costs of the assessment made by the commissioners and reasonable attorney fees and costs incurred by the landowner as determined by the commissioners if the award of the commissioners exceeds one hundred ten percent of the final offer of the pipeline company prior to the determination of damages; if the award does not exceed one hundred ten percent, the landowners shall pay the fees and costs incurred by the pipeline company. The pipeline company shall file with the sheriff an affidavit setting forth the most recent offer made to the landowner. Commissioners shall receive a per diem of fifty dollars and actual and necessary expenses incurred in the performance of their official duties. The pipeline company shall also pay all costs occasioned by the appeal, including reasonable attorney fees to be taxed by the court, unless on the trial of the appeal the same or a lesser amount of damages is awarded than was allowed by the commission from which the appeal was taken.

7. As used in this section, "damages" means compensation for damages to the land, crops, and other personal property caused by the construction of a pipeline and its attendant structures or underground storage facility but does not include compensation for a property interest, and "landowner" includes a farm tenant.

8. The provisions of this section do not apply if the easement provides for any other means of negotiation or arbitration.

To receive compensation under this section, the landowner or agent of the landowner shall either present an invoice specifying the additional costs caused by the presence of the pipeline which is accompanied by a written verification of the additional costs by the

county engineer or soil and water conservation district conservationist or reach an agreement with the pipeline company on the project design and share of the cost to be paid by the pipeline company during the planning of the tiling project.

COOPERATIVE ASSOCIATIONS

499.30 Distribution of earnings.

The directors shall annually dispose of the earnings of the association in excess of its operating expenses as follows:

1. To provide a reasonable reserve for depreciation, obsolescence, bad debts, or contingent losses or expenses.

2. *a.* To the extent that the cooperative association is operating on a pooling basis, the board of directors of the cooperative association shall determine the portion of the remaining earnings derived from the pool that will be added to the surplus. The cooperative association is operating on a pooling basis, if the association markets, sells, or handles an agricultural product and all of the following apply:

(1) The product is a pool composed by commingling units of the same kind of product which are contributed to the cooperative association by its members.

(2) The earnings of the association are computed without deducting a charge for products delivered by members of the association who are contributing units to be commingled in the product pool.

The board of directors may provide an advance payment to the members of the association contributing units of the product to be commingled in the product pool during the contribution period.

b. To the extent that the cooperative association is not operating on a pooling basis as provided in this subsection, at least ten percent of the remaining earnings must be added to surplus until surplus equals either thirty percent of the total of all capital paid in for stock or memberships, plus all unpaid patronage dividends, plus certificates of indebtedness payable upon liquidation, earnings from non-member business, and earnings arising from the earnings of other cooperative organizations of which the association is a member, or one thousand dollars, whichever is greater. No additions shall be made to surplus when it exceeds either fifty percent of the total, or one thousand dollars, whichever is greater.

3. Not less than one percent nor more than five percent of earnings in excess of reserves may be placed in an educational fund, to be used as the directors deem suitable for teaching or promoting cooperation.

4. After disposing of earnings as provided in subsections 1 and 2, the cooperative association shall pay any fixed dividends on stock or memberships.

5. Notwithstanding an association's articles of incorporation, for each taxable year of the association, the association shall allocate all remaining net earnings to the account of each member, including subscribers described in section 499.16, ratably in proportion to the business the member did with the association during that year. The directors shall determine, or the articles of incorporation or bylaws of the association may specify, the percentage or the amount of the allocation to be currently paid in cash. However, for a cooperative association other than a public utility as defined in section 476.1, the amount to be currently payable in cash shall not exceed twenty percent of the allocation during any period when unpaid local deferred patronage dividends of deceased members for prior years are outstanding. Notwithstanding the twenty percent allocation limitation, the directors of a cooperative association or the articles of incorporation or bylaws of the association may specify any percentage or amount to be currently paid in cash to the estates of deceased natural persons who were members. All the remaining allocation not paid in cash shall be transferred to a revolving fund as provided in section 499.33 and credited to the members and subscribers. The credits in the revolving fund are referred to in this chapter as deferred patronage dividends.

95 Acts, ch 106, §1
Subsection 5 amended

499.33 Use of revolving fund.

1. The directors may use a revolving fund to pay the obligations or add to the capital of the association or retire its preferred stock. In that event the deferred patronage dividends credited to members constitute a charge on the revolving fund, on future additions to the revolving fund, and on the corporate assets, subordinate to existing or future creditors and preferred stockholders. Except as otherwise provided in subsection 2, deferred patronage dividends for any year have priority over those for subsequent years.

2. *a.* Prior to other payments of deferred patronage dividends or redemption of preferred stock held by members, the directors of a cooperative association, other than a cooperative association which is a public utility as defined in section 476.1, shall pay local deferred patronage dividends and redeem local deferred patronage preferred stock of deceased natu-

ral persons who were members, and may pay deferred patronage dividends or may redeem preferred stock of deceased natural persons who were members or of members who become ineligible, without reference to the order of priority.

b. The directors of a cooperative association which is a public utility as defined in section 476.1 may pay deferred patronage dividends and redeem preferred stock of deceased natural persons who were

members, and may pay all other deferred patronage dividends or redeem preferred stock of members without reference to priority.

3. Payment of deferred patronage dividends or the redemption of preferred stock shall be carried out to the extent and in the manner specified in the bylaws of the association.

2. In order to register under this section, the issuer must meet all of the following conditions:

a. The issuer must be a corporation, limited liability company, or partnership organized under the laws of one of the states or possessions of the United States which engages in or proposes to engage in a business other than petroleum exploration or production mining or other extractive industries.

b. The securities must be offered and sold only on behalf of the issuer, and must not be used by any selling security holder to register securities for resale.

3. In order to register under this section, all of the following conditions must be satisfied:

a. The offering price for common stock, the exercise price if the securities are options, warrants, or rights for common stock, or the conversion price if the securities are convertible into common stock must be equal to or greater than five dollars per share. The issuer must not split its common stock, or declare a stock dividend, for two years after effectiveness of the registration, except that in connection with a subsequent registered public offering, the issuer may upon application and consent of the administrator take such action.

b. A commission, fee, or other remuneration shall not be paid or given, directly or indirectly, for the sale of the securities, except for a payment to a broker-dealer or agent registered under this chapter, or except for a payment as permitted by the administrator by rule or by order issued upon written application showing good cause for allowance of a commission, fee, or other remuneration.

c. The issuer or a broker-dealer offering or selling the securities is not or would not be disqualified under rule 505, 17 C.F.R. § 230.505 (2)(iii), adopted under the federal Securities Act of 1933.

d. The aggregate offering price of the offering of securities by the issuer within or outside this state must not exceed one million dollars, less the aggregate

gate offering price for all securities sold within twelve months before the start of, and during the offering of, the securities under rule 504, 17 C.F.R. § 230.504, in reliance on any exemption under section 3(b) of the federal Securities Act of 1933 or in violation of section 5(a) of that Act; provided, that if rule 504, 17 C.F.R. § 230.504, adopted under the Securities Act of 1933, is amended after April 26, 1990, the administrator may by rule increase the limit under this paragraph to conform to that increased amount.

e. An offering document meeting the disclosure requirements of rule 502(b)(2), 17 C.F.R. § 230.502(b)(2), adopted under the Securities Act of 1933, must be delivered to each purchaser in the state prior to the sale of the securities, unless the administrator by rule or order provides for disclosure different from that rule.

f. The issuer must file with the administrator an application for registration and the offering document to be used in connection with the offer and sale of securities.

g. The issuer must pay to the administrator a fee of one hundred dollars and is not required to pay the filing fee set forth in section 502.208, subsection 2.

4. Unless the administrator issues a stop order denying the effectiveness of the registration, as provided in section 502.209, the registration becomes effective on the fifth business day after the registration has been filed with the administrator, or earlier if the administrator permits a shorter time period between registration and effectiveness.

5. In connection with an offering registered under this section, a person may be registered as an agent of the issuer under section 502.301 by the filing of an application by the issuer with the administrator for the registration of the person as an agent of the issuer and the paying of a fee of ten dollars. Notwithstanding any other provision of this chapter, the registration of the agent shall be effective until withdrawn by the issuer or until the securities registered pursuant to the registration statement have all been sold, whichever occurs first. The registration of an agent shall become effective when ordered by the administrator or on the fifth business day after the

agent's application has been filed with the administrator, whichever occurs first, and the administrator shall not impose further conditions upon the registration of the agent. However, the administrator may deny, revoke, suspend, or withdraw the registration of the agent at any time as provided in section 502.304. For the purposes of registration of agents under this section, the issuer and agent are not required to post bond. An agent registered solely pursuant to this section is entitled to sell only securities registered under this section.

6. This section is not applicable to any of the following issuers:

- a. An investment company, including a mutual fund.
- b. An issuer subject to the reporting requirements of section 13 or 15(d) of the federal Securities Exchange Act of 1934.
- c. A direct participation program, unless otherwise permitted by the administrator by rule or order for good cause.
- d. A blind pool or other offering for which the specific business or properties cannot now be described, unless the administrator determines that the blind pool is a community development, seed, or venture cap-

7. Notwithstanding any other provision of this chapter, the administrator shall not deny effectiveness to or suspend or revoke the effectiveness of a registration under this section on the basis of section 502.209, subsection 1, paragraph "h", and the administrator shall not impose the conditions specified in section 502.208, subsection 8, subsection 9, paragraph "b", or subsection 12. The administrator may issue a stop order pursuant to section 502.209 to filers under this section for any of the following additional reasons:

If the corporation has issued shares of stock, the resolution shall contain a statement of that fact including the number of shares authorized, the number issued and outstanding, and a statement that all issued and outstanding shares of stock have been delivered to the corporation to be canceled upon the adoption of this chapter by the corporation, or will be canceled upon receipt by the corporation, and that from and after the effective date of adoption the authority of the corporation to issue shares of stock is terminated. As to foreign corporations, a resolution shall be adopted by the board of directors, reciting that the corporation voluntarily adopts this chapter, and designating the address of its registered office in this state and the name of its registered agent or agents at that address and, if the name of the corporation does not comply with this chapter, setting forth the name of the corporation with the changes which it elects to make in the name conforming to the requirements of this chapter for use in this state.

b. Upon adoption of the required resolution or resolutions, an instrument shall be executed by the corporation which shall set forth both of the following:

- (1) The name of the corporation.
- (2) Each such resolution adopted by the corporation and the date of its adoption.

c. As to domestic corporations such instrument shall be delivered to the secretary of state for filing and recording in the secretary of state's office.

d. As to foreign corporations, such instrument shall be delivered to the secretary of state for filing in the secretary of state's office and the corporation shall at the same time deliver also to the secretary of state for filing in the secretary of state's office any annual report which is then due.

e. The secretary of state shall not file such instrument with respect to a domestic corporation unless at the time thereof such corporation is validly existing and in good standing in that office under the provisions of chapter 504 of the Code. If the articles of incorporation of such corporation have not heretofore been filed in the office of the secretary of state, but are on file in the office of a county recorder, no such instrument of adoption shall be accepted by the secretary of state until the corporation shall have caused its articles of incorporation and all amendments duly certified by the proper county recorder to be recorded in the office of the secretary of state. Upon the filing of such instrument the secretary of state shall issue a certificate as to the filing of such instrument and deliver such certificate to the corporation or its representative.

Upon the issuance of such certificate by the secretary of state:

- (1) All of the provisions of this chapter shall thereafter apply to the corporation and thereupon

every such foreign corporation shall be entitled to all the rights and privileges applicable to foreign corporations procuring certificates of authority to conduct affairs in this state under this chapter, and shall be subject to all the limitations, restrictions, liabilities, and duties prescribed herein for foreign corporations procuring certificates of authority to conduct affairs in this state under this chapter.

(2) In the case of any corporation with issued shares of stock, the holders of such issued shares who surrender them to the corporation to be canceled upon the adoption of this chapter by the corporation becoming effective, shall be and become members of the corporation with one vote for each share of stock so surrendered until such time as the corporation by proper corporate action relative to the election, qualification, terms and voting power of members shall otherwise prescribe.

4. Any domestic corporation which elects to adopt the provisions of this chapter by complying with the provisions of subsection 3 of this section may, at the same time, amend or restate its articles of incorporation by complying with the provisions of this chapter with respect to amending articles of incorporation or restating articles of incorporation, as the case may be.

5. The provisions of this chapter becoming applicable to any domestic or foreign corporation shall not affect any right accrued or established, or any liability or penalty incurred, under the provisions of chapter 504 prior to the filing by the secretary of state in the secretary of state's office of the instrument manifesting the election of such corporation to adopt the provisions of this chapter as provided in subsection 3 of this section.

6. Except for the exceptions and limitations of subsection 1 of this section, this chapter shall apply to: all domestic corporations organized after the date on which this chapter became effective; domestic corporations organized or existing under chapter 504 which voluntarily elect to adopt the provisions of this chapter and comply with the provisions of subsection 3 of this section; all foreign corporations conducting or seeking to conduct affairs within this state and not holding, July 4, 1965, a valid permit so to do; foreign corporations holding, on the date the chapter becomes effective, a valid permit under the provisions of chapter 504 which, during the period of two years from and after said date, voluntarily elect to adopt the provisions of this chapter and comply with the provisions of subsection 3 of this section; and, upon the expiration of the period of two years from and after July 4, 1965, all foreign corporations holding such a permit on July 4, 1965.

7. Upon the expiration of a period of two years from and after the date on July 4, 1965, except for the exceptions and limitations of subsection 1 of this section, this chapter shall apply to every foreign corporation holding a valid permit to do business within this state or seeking to conduct affairs within this state. Every foreign corporation holding a valid permit to do business within this state on July 4, 1965, which has not meanwhile adopted this chapter by complying with the provisions of subsection 3 of

this section, shall at the expiration of two years from and after said date be deemed to have elected to adopt this chapter by not voluntarily withdrawing from the state, and thereupon every such foreign corporation, subject to the limitations set forth in its certificate of authority, shall be entitled to all the rights and privileges applicable to foreign corporations procuring certificates of authority to conduct affairs in this state under this chapter, and shall be subject to all the limitations, restrictions, liabilities, and duties prescribed herein for foreign corporations procuring certificates of authority to conduct affairs in this state under this chapter.

8. Within eight months after this chapter becomes applicable to any foreign corporation pursuant to the provisions of subsection 7 of this section, the board of directors of such foreign corporation shall adopt a resolution designating the address of its registered office in this state and the name of its registered agent or agents at such address and, if the name of such corporation does not comply with this chapter, setting forth the name of the corporation with the changes which it elects to make therein conforming to the requirements of this chapter for use in this state.

Upon adoption of the required resolution or resolutions, an instrument or instruments shall be executed by the foreign corporation by its president or a vice president and by its secretary or assistant secretary and verified by one of the officers signing such instrument, which shall set forth the name of the corporation, each resolution adopted as required by the provisions of this subsection, and the date of the adoption thereof. Such instrument shall be delivered to the secretary of state for filing in the secretary of state's office. Upon the filing of such instrument by a foreign corporation the secretary of state shall issue a certificate as to the filing of such instrument and deliver such certificate to the corporation or its representative. The secretary of state

shall not file any annual report of any foreign corporation subject to the provisions of this subsection unless and until said corporation has fully complied with the provisions of this paragraph and, in such event, such foreign corporation shall be subject to the penalties prescribed in this chapter for failure to file such report within the time as provided therefor in this chapter.

9. The first annual report required to be filed by a domestic or foreign corporation under this chapter shall be filed between May 1 and July 1 of the year next succeeding the calendar year in which it becomes subject to the chapter.

10. No corporation to which the provisions of this chapter apply shall be subject to the provisions of chapter 504.

11. The provisions of sections 504A.96 and 504A.97 shall apply to any action required or permitted to be taken under this section.

12. Except as otherwise provided in this section, existing corporations shall continue to be governed by the laws of this state heretofore applicable thereto.

13. Corporations existing under chapter 504 shall be subject to this chapter on July 1, 1990, except that the corporations shall be subject to sections 504A.8 and 504A.83 on January 1, 1997. A corporate existence of a corporation that is not in compliance on the records of the secretary of state with sections 504A.8 and 504A.83 on June 30, 1997, is terminated, effective July 1, 1997. A corporation whose existence is terminated pursuant to this subsection may be reinstated. When the reinstatement is effective, it relates back to and takes effect as of the effective date of the termination of its corporate existence as if such termination had never occurred. The secretary of state shall adopt rules governing the reinstatement of a corporation pursuant to this subsection.

EXAMINATION OF INSURANCE COMPANIES

507.2 Authority, scope, and scheduling of examinations.

1. The commissioner or any of the commissioner's examiners may conduct an examination under this chapter of any company as often as the commissioner deems appropriate, but at a minimum, shall conduct an examination of any domestic insurer licensed in this state no less than once every five years. In scheduling and determining the nature, scope, and frequency of the examinations, the commissioner shall consider such matters as the results of financial statement analyses and ratios, changes in management or ownership, actuarial opinions, reports of independent certified public accountants, and other criteria as set forth in the examiners' handbook adopted by the national association of insurance commissioners and in effect when the commissioner exercises discretion under this section.

2. For purposes of completing an examination of any company pursuant to this chapter, the commissioner may examine or investigate any person, or the business of any person, insofar as the examination or investigation is, in the sole discretion of the commissioner, necessary or material to the examination of the company.

3. In lieu of an examination under this chapter of any foreign or alien insurer licensed in this state, the commissioner may accept an examination report on the company as prepared by the regulatory authority for insurance for the company's state of domicile or port-of-entry state.

95 Acts, ch 185, §4
Subsection 3 amended

507.10 Examination reports.

1. *General description.* All examination reports shall be comprised only of facts appearing upon the books, records, or other documents of the company, its agents, or other persons examined, or as ascertained from the testimony of its officers or agents or other persons examined concerning its affairs, and such conclusions and recommendations as the examiners find reasonably warranted from the facts.

2. *Filing of examination report.* No later than sixty days following completion of the examination, the examiner in charge shall file with the division a verified written report of examination under oath. Upon receipt of the verified report and after administrative review, the division shall transmit the report to the company examined, together with a notice which shall afford the company examined a reasonable opportunity of not more than thirty days to make a written submission or rebuttal with respect to any matters contained in the examination report.

3. *Adoption of report on examination.* Within twenty days of the end of the period allowed for the receipt of written submissions or rebuttals, the com-

missioner shall fully consider and review the report, together with any written submissions or rebuttals and any relevant portions of the examiner's work papers and enter an order which does one of the following:

a. Adopts the examination report as filed or with modification or corrections. If the examination report reveals that the company is operating in violation of any law or a rule or prior order of the commissioner, the commissioner may order the company to take any action the commissioner considers necessary and appropriate to cure the violation.

b. Rejects the examination report with directions to the examiners to reopen the examination for purposes of obtaining additional data, documentation, or information, and refile pursuant to subsection 1 above.

c. Calls for an investigatory hearing with no less than twenty days' notice to the company for purposes of obtaining additional documentation, data, information, and testimony.

4. Orders and procedures.

a. All orders entered pursuant to subsection 3, paragraph "a", shall be accompanied by findings and conclusions resulting from the commissioner's consideration and review of the examination report, relevant examiner work papers, and any written submissions or rebuttals. Any such order is a final administrative decision and may be appealed pursuant to chapter 17A, and shall be served upon the company by certified mail, together with a copy of the adopted examination report. Within thirty days of the issuance of the adopted report, the company shall file affidavits executed by each of its directors stating under oath that they have received a copy of the adopted report and related orders.

b. Any hearing conducted under subsection 3, paragraph "c", by the commissioner or an authorized representative, shall be conducted as a nonadversarial, confidential, investigatory proceeding as necessary for the resolution of any inconsistencies, discrepancies, or disputed issues apparent upon the face of the filed examination report or indicated as a result of the commissioner's review of relevant work papers or by the written submission or rebuttal of the company. Within twenty days of the conclusion of any such hearing, the commissioner shall enter an order pursuant to subsection 3, paragraph "a".

(1) The commissioner shall not appoint an examiner as an authorized representative to conduct the hearing. The hearing shall proceed expeditiously with discovery by the company limited to the examiner's work papers which tend to substantiate any assertions set forth in any written submission or rebuttal. The commissioner or a representative acting on the commissioner's behalf may issue subpoenas for the attendance of any witnesses or the

production of any documents deemed relevant to the investigation whether under the control of the division of insurance, the company, or other persons. The documents produced shall be included in the record and testimony taken by the commissioner or a representative acting on the commissioner's behalf shall be under oath and preserved for the record.

This section does not require the division of insurance to disclose any information or records which would indicate or show the existence of any investigation or activity of a criminal or juvenile justice agency.

(2) The hearing shall proceed with the commissioner or the commissioner's representative posing questions to the persons subpoenaed. Thereafter the company and the division may present testimony relevant to the investigation. Cross-examination shall be conducted only by the commissioner or the commissioner's representative. The company and the division shall be permitted to make closing statements and may be represented by counsel.

5. *Publication and use.*

a. Upon the adoption of the preliminary examination report under subsection 3, paragraph "a", the commissioner shall hold the content of the final examination report as private and confidential information

not subject to disclosure and it is not a public record under chapter 22, for a period of twenty days except to the extent provided in subsection 2. After the twenty-day period has elapsed, the commissioner may open the final report for public inspection so long as no court of competent jurisdiction has stayed its publication.

b. The commissioner is not prevented from disclosing the content of an examination report, preliminary examination report or results, or any matter relating to the report, to an insurance department of any other state or country, or to law enforcement officials of this or any other state or an agency of the federal government at any time, so long as such agency or office receiving the report, or matters relating to the report, agrees in writing to maintain the confidentiality of the report or such matters in a manner consistent with this chapter.

c. If the commissioner determines that regulatory action is appropriate as a result of any examination, the commissioner may initiate any proceeding or action as provided by law.

b. Nothing in subsection 7 or paragraph "a" of this subsection shall be construed as including within the definition of discrimination or rebates any of the following practices:

(1) In the case of any contract of life insurance or life annuity, paying bonuses to policyholders or oth-

erwise rebating their premiums in whole or in part out of surplus accumulated from nonparticipating insurance, provided that any such bonuses or rebatement of premiums shall be fair and equitable to policyholders and for the best interests of the company and its policyholders.

j. Making claims payments to insureds or beneficiaries not accompanied by a statement setting forth the coverage under which payments are being made.

k. Making known to insureds or claimants a policy of appealing from arbitration awards in favor of insureds or claimants for the purpose of compelling them to accept settlements or compromises less than the amount awarded in arbitration.

1. *Reserve valuation.* The commissioner shall annually value, or cause to be valued, the reserve liabilities, referred to in this section as reserves, for all outstanding life insurance policies and annuity and pure endowment contracts of every life insurance company doing business in this state, and may certify the amount of any such reserves, specifying the mortality table or tables, rate or rates of interest, and the net level premium method or other methods used in the calculation of such reserves. In calculating the reserves, the commissioner may use group methods and approximate averages for fractions of a year or otherwise. In lieu of the valuation of the reserves required in this section of any foreign or alien company, the commissioner may accept any valuation made, or caused to be made, by the insurance supervisory official of any state or other jurisdiction when such valuation complies with the minimum standard provided for in this section and if the official of such state or jurisdiction accepts as sufficient and valid for all legal purposes the certificate of valuation of the commissioner when such certificate states the valuation to have been made in a specified manner according to which the aggregate reserves would be at

least as large as if they had been computed in the manner prescribed by the law of that state or jurisdiction.

2. *Actuarial opinion of reserves.* This subsection is effective January 1, 1996.

a. *General.* A life insurance company doing business in this state shall annually submit the written opinion of a qualified actuary as to whether the reserves and related actuarial items held in support of the policies and contracts specified by the commissioner by regulation are computed appropriately, are based on assumptions which satisfy contractual provisions, are consistent with prior reported amounts, and are in compliance with applicable laws of this state. The commissioner shall define by rule the requirements and content of this opinion and add any other items deemed to be necessary.

b. *Actuarial analysis of reserves and assets supporting such reserves.*

(1) Unless exempted by rule, a life insurance company shall also annually include in the opinion required by paragraph "a", an opinion of the same qualified actuary as to whether the reserves and related actuarial items held in support of policies and contracts specified by the commissioner by rule, when considered with respect to the assets held by the company associated with the reserves and related actuarial items, including, but not limited to, the investment earnings on the assets and the considerations anticipated to be received and retained under the policies and contracts, are sufficient for the company's obligations under the policies and contracts, including but not limited to the benefits under and expenses associated with the policies and contracts.

(2) The commissioner may provide by rule for a transition period for establishing any higher reserves which the qualified actuary may deem necessary in order to render the opinion required by this section.

c. *Requirements for actuarial analysis.* An opinion required by paragraph "b" shall be governed by the following provisions:

(1) A memorandum, in form and substance acceptable to the commissioner as specified by rule, shall be prepared to support each actuarial opinion.

(2) If the insurance company fails to provide a supporting memorandum at the request of the commissioner within a period specified by rule or the commissioner determines that the supporting memorandum provided by the insurance company fails to meet the standards prescribed by the rules or is otherwise unacceptable to the commissioner, the commissioner may engage a qualified actuary at the expense of the company to review the opinion and the basis for the opinion and prepare such supporting memorandum as is required by the commissioner.

d. *Requirement for all opinions.* An opinion required under this section is governed by the following provisions:

(1) The opinion shall be submitted with the annual statement reflecting the valuation of such reserve liabilities for each year ending on or after December 31, 1995.

(2) The opinion shall apply to all business in force, including individual and group health insurance plans, in form and substance acceptable to the commissioner as specified by rule.

(3) The opinion shall be based on standards adopted from time to time by the actuarial standards board and on such additional standards as the commissioner may by rule prescribe.

(4) In the case of an opinion required to be submitted by a foreign or alien company, the commissioner may accept the opinion filed by that company with the insurance supervisory official of another state if the commissioner determines that the opinion reasonably meets the requirements applicable to a company domiciled in this state.

(5) For the purposes of this section, "qualified actuary" means a member in good standing of the American academy of actuaries who meets the requirements of the commissioner as specified by rule.

(6) Except in cases of fraud or willful misconduct, a qualified actuary is not liable for damages to any person, other than to the insurance company and the commissioner, for any act, error, omission, decision, or conduct with respect to the actuary's opinion.

(7) Disciplinary action which may be taken by the commissioner against the company or the qualified actuary shall be defined in rules adopted by the commissioner.

(8) Any memorandum in support of the opinion, and any other material provided by the company to the commissioner in connection with the opinion, shall be kept confidential by the commissioner and shall not be made public and shall not be subject to subpoena, other than for the purpose of defending an action seeking damages from any person by reason of any action required by this section or by rules adopted pursuant to this section. Notwithstanding this subparagraph, the memorandum or other material may be released by the commissioner if either of the following applies:

(a) The commissioner receives the written consent of the company with which the opinion is associated.

(b) The American academy of actuaries requests that the memorandum or other material is required for the purpose of professional disciplinary proceedings and setting forth procedures satisfactory to the commissioner for preserving the confidentiality of the memorandum or other material.

Once any portion of the confidential memorandum is cited by the company in its marketing, is cited before any governmental agency other than a state insurance department, or is released by the company to the news media, all portions of the confidential memorandum are no longer confidential.

3. *Computations of minimum standards.* Except as otherwise provided in subsections 4, 5, and 12, the minimum standard for the valuation of all such policies and contracts issued prior to July 1, 1994, shall be that provided by the laws in effect immediately prior to such date. Except as otherwise provided in subsections 4, 5, and 12, the minimum standard for

the valuation of all such policies and contracts shall be the commissioner's reserve valuation methods defined in subsections 6, 7, 10, and 11, five percent interest for group annuity and pure endowment contracts and three and one-half percent interest for all other policies and contracts, or in the case of policies and contracts, other than annuity and pure endowment contracts, issued on or after July 1, 1974, four percent interest for such policies issued prior to January 1, 1980, five and one-half percent interest for single premium life insurance policies and four and one-half percent interest for all other such policies issued on and after January 1, 1980, and the following tables:

a. For all ordinary policies of life insurance issued on the standard basis, excluding any disability and accidental death benefits in the policies, the following:

(1) The commissioner's 1941 standard ordinary mortality table for policies issued prior to the operative date of section 508.37, subsection 5, paragraph "a".

(2) The commissioner's 1958 standard ordinary mortality table for such policies issued on or after the operative date of section 508.37, subsection 5, paragraph "c", provided that for any category of policies issued on female risks, all modified net premiums and present values referred to in this section may be calculated according to an age not more than six years younger than the actual age of the insured.

(3) For policies issued on or after the operative date of section 508.37, subsection 5, paragraph "c", any of the following:

(a) The commissioner's 1980 standard ordinary mortality table.

(c) Any ordinary mortality table, adopted after 1980 by the national association of insurance commissioners, that is approved by rule adopted by the commissioner for use in determining the minimum standard of valuation for such policies.

b. For all industrial life insurance policies issued on the standard basis, excluding any disability and accidental death benefits in the policies, the following:

(1) For policies issued prior to the operative date of section 508.37, subsection 5, paragraph "b", the 1941 standard industrial mortality table.

(2) For policies issued on or after the operative date of section 508.37, subsection 5, paragraph "b", the commissioner's 1961 standard industrial mortality table, or any industrial mortality table adopted after 1980 by the national association of insurance commissioners, that is approved by rule adopted by the commissioner for use in determining the minimum standard of valuation for such policies.

c. For individual annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies, the 1937 standard

annuity mortality table or, at the option of the company, the annuity mortality table for 1949, ultimate, or any modification of either of these tables approved by the commissioner.

d. For group annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies, the group annuity mortality table for 1951, or a modification of the table approved by the commissioner, or at the option of the company, any of the tables or modifications of tables specified for individual annuity and pure endowment contracts.

e. For total and permanent disability benefits in or supplementary to ordinary policies or contracts, the following:

(1) For policies or contracts issued on or after January 1, 1966, the tables of period 2 disablement rates and the 1930 to 1950 termination rates of the 1952 disability study of the society of actuaries, with due regard to the type of benefit, or any tables of disablement rates and termination rates adopted after 1980 by the national association of insurance commissioners and approved by rule adopted by the commissioner for use in determining the minimum standard of valuation for such policies.

(2) For policies or contracts issued on or after January 1, 1961, and prior to January 1, 1966, either of the tables identified under subparagraph (1), or at the option of the company, the class (3) disability table (1926).

(3) For policies issued prior to January 1, 1961, the class (3) disability table (1926).

A table used under this paragraph "e" shall, for active lives, be combined with a mortality table permitted for calculating the reserves for life insurance policies.

f. For accidental death benefits in or supplementary to policies, the following:

(1) For policies issued on or after January 1, 1966, the 1959 accidental death benefits table, or any accidental death benefits table adopted after 1980 by the national association of insurance commissioners and approved by rule adopted by the commissioner for use in determining the minimum standard of valuation for such policies.

(2) For policies issued on or after January 1, 1961, and prior to January 1, 1966, either of the tables identified under subparagraph (1), or at the option of the company, the intercompany double indemnity mortality table.

(3) For policies issued prior to January 1, 1961, the intercompany double indemnity mortality table.

A table used under this paragraph "f" shall be combined with a mortality table for calculating the reserves for life insurance policies.

g. For group life insurance, life insurance issued on the substandard basis, and other special benefits, tables approved by the commissioner.

4. *Computation for minimum standards for annuities.* Except as provided in subsection 5, the minimum standard for the valuation of all individual annuity and pure endowment contracts issued on or

after the operative date of this subsection, and for all annuities and pure endowments purchased on or after the operative date of this subsection under group annuity and pure endowment contracts, shall be the commissioner's reserve valuation methods defined in subsections 6 and 7, and the following tables and interest rates:

a. For individual annuity and pure endowment contracts issued prior to January 1, 1980, excluding any disability and accidental death benefits in such contracts, both of the following:

(1) The 1971 individual annuity mortality table, or any modification of this table approved by the commissioner.

(2) Six percent interest for single premium immediate annuity contracts, and four percent interest for all other individual annuity and pure endowment contracts.

b. For individual single premium immediate annuity contracts issued on or after January 1, 1980, excluding any disability and accidental death benefits in such contracts, both of the following:

(1) One of the following tables:

(a) The 1971 individual annuity mortality table.

(b) An individual annuity mortality table, adopted after 1980 by the national association of insurance commissioners and approved by rule adopted by the commissioner for use in determining the minimum standard of valuation for such contracts.

(c) A modification of the tables identified in subparagraph subdivisions (a) and (b) approved by the commissioner.

(2) Seven and one-half percent interest.

c. For individual annuity and pure endowment contracts issued on or after January 1, 1980, other than single premium immediate annuity contracts, excluding any disability and accidental death benefits in such contracts, both of the following:

(1) One of the following tables:

(b) An individual annuity mortality table adopted after 1980 by the national association of insurance commissioners and approved by rule adopted by the commissioner for use in determining the minimum standard of valuation for such contracts.

(c) A modification of the tables identified in subparagraph subdivisions (a) and (b) approved by the commissioner.

d. For all annuities and pure endowments purchased prior to January 1, 1980, under group annuity and pure endowment contracts, excluding any disability and accidental death benefits purchased under such contracts, both of the following:

(1) The 1971 group annuity mortality table or any modification of this table approved by the commissioner.

(2) Six percent interest.

e. For all annuities and pure endowments purchased on or after January 1, 1980, under group annuity and pure endowment contracts, excluding any disability and accidental death benefits purchased under such contracts, both of the following:

(1) One of the following tables:

(a) The 1971 group annuity mortality table.

(b) A group annuity mortality table adopted after 1980 by the national association of insurance commissioners and approved by rule adopted by the commissioner for use in determining the minimum standard of valuation for such annuities and pure endowments.

(c) A modification of the tables identified in subparagraph subdivisions (a) and (b) approved by the commissioner.

(2) Seven and one-half percent interest.

After July 1, 1973, a company may file with the commissioner a written notice of its election to comply with the provisions of this subsection after a specified date before January 1, 1979, which shall be the operative date of this section for such company, provided, if a company makes no election, the effective date of this section for a company is January 1, 1979.

5. *Computation of minimum standard by calendar year of issue.*

a. *Applicability of this subsection.* The calendar year statutory valuation interest rates, as defined in this subsection, shall be used in determining the minimum standard for the valuation of all of the following:

(1) All life insurance policies issued in a particular calendar year, on or after the operative date of section 508.37, subsection 5, paragraph "c".

(2) All individual annuity and pure endowment contracts issued in a particular calendar year on or after January 1, 1995.

(3) All annuities and pure endowments purchased in a particular calendar year on or after January 1, 1995, under group annuity and pure endowment contracts.

(4) The net increase, if any, in a particular calendar year on or after January 1, 1995, in amounts held under guaranteed interest contracts.

b. *Calendar year statutory valuation interest rates.*

(1) The calendar year statutory valuation interest rates, referred to in this paragraph as "I", shall be determined as follows and the results rounded to the nearer one-quarter of one percent:

(a) For life insurance,

$$I \text{ equals } .03 + W(R1 - .03) + 2(R2 - .09),$$

where R1 is the lesser of R and .09, R2 is the greater of R and .09, R is the reference interest rate defined in paragraph "d" of this subsection, and W is the weighting factor defined in paragraph "c" of this subsection.

(b) For single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and from guaranteed interest contracts with cash settlement options,

$$I \text{ equals } .03 + W(R - .03),$$

where R1 is the lesser of R and .09, R2 is the greater of R and .09, R is the reference interest rate defined in paragraph "d" of this subsection, and W is the weighting factor defined in paragraph "c" of this subsection.

(c) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on an issue-year basis, except as stated in subparagraph subdivision (b), the formula for life insurance stated in subparagraph subdivision (a) applies to annuities and guaranteed interest contracts with guarantee durations in excess of ten years, and the formula for single premium immediate annuities stated in subparagraph subdivision (b) applies to annuities and guaranteed interest contracts with guarantee durations of ten years or less.

(d) For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the formula for single premium immediate annuities stated in subparagraph subdivision (b) applies.

(e) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change-in-fund basis, the formula for single premium immediate annuities stated in subparagraph subdivision (b) applies.

(2) However, if the calendar year statutory valuation interest rate for any life insurance policies issued in any calendar year determined under subparagraph (1), subparagraph subdivision (a) without reference to this sentence differs from the corresponding actual rate for similar policies issued in the immediately preceding calendar year by less than one-half of one percent, the calendar year statutory valuation interest rate for the life insurance policies is equal to the corresponding actual rate for the immediately preceding calendar year. For purposes of applying the immediately preceding sentence, the calendar year statutory valuation interest rate for life insurance policies issued in a calendar year shall be determined for 1980, using the reference interest rate defined in 1979, and shall be determined for each subsequent calendar year regardless of the operative date of section 508.37, subsection 5, paragraph "c".

c. *Weighting factors.*

(1) The weighting factors referred to in paragraph "b" are given in the following tables:

(a) *Weighting Factors for Life Insurance:*

Guarantee Duration (Years)	Weighting Factors
10 or less	.50
More than 10, but not more than 20	.45
More than 20	.35

For life insurance, the guarantee duration is the maximum number of years the life insurance can remain in force on a basis guaranteed in the policy or under options to convert to plans of life insurance with premium rates or nonforfeiture values or both which are guaranteed in the original policy.

(b) The weighting factors for single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options is .80.

(c) Weighting factors for other annuities and for guaranteed interest contracts, except as stated in subparagraph subdivision (b), shall be as specified in subparagraph subdivision parts (i), (ii), and (iii) of this subparagraph subdivision, according to the rules and definitions in subparagraph subdivision parts (iv), (v), and (vi) of this subparagraph subdivision:

(i) For annuities and guaranteed interest contracts valued on an issue-year basis:

Guarantee Duration (Years)	Weighting Factor for Plan Type		
	A	B	C
5 or less	.80	.60	.50
More than 5, but not more than 10	.75	.60	.50
More than 10, but not more than 20	.65	.50	.45
More than 20	.45	.35	.35

(ii) For annuities and guaranteed interest contracts valued on a change-in-fund basis, the factors shown in subparagraph subdivision part (i) of this subparagraph subdivision increased by:

Plan Type	A	B	C
		.15	.25

(iii) For annuities and guaranteed interest contracts valued on an issue-year basis, other than those with no cash settlement options, which do not guarantee interest on considerations received more than one year after issue or purchase and for annuities and guaranteed interest contracts valued on a change-in-fund basis which do not guarantee interest rates on considerations received more than twelve months beyond the valuation date, the factors shown in subparagraph subdivision part (i) of this subparagraph subdivision or derived in subparagraph subdivision part (ii) of this subparagraph subdivision increased by:

Plan Type	A	B	C
		.05	.05

(iv) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the guarantee duration is the number of years for which the contract guarantees

interest rates in excess of the calendar year statutory valuation interest rate for life insurance policies with guarantee durations in excess of twenty years. For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the guarantee duration is the number of years from the date of issue or date of purchase to the date annuity benefits are scheduled to commence.

(v) "Plan type", as used in subparagraph subdivision parts (i), (ii), and (iii) of this subparagraph subdivision, is defined as follows:

"Plan Type A": At any time, the policyholder may withdraw funds only with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or may withdraw funds without that adjustment but in installments over five years or more, or may withdraw funds as in immediate life annuity; or no withdrawal is permitted.

"Plan Type B": Before expiration of the interest rate guarantee, the policyholder may withdraw funds only with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or may withdraw funds without that adjustment but in installments over five years or more; or no withdrawal is permitted. At the end of interest rate guarantee, funds may be withdrawn without adjustment in a single sum or installments over less than five years.

"Plan Type C": The policyholder may withdraw funds before expiration of interest rate guarantee in a single sum or installments over less than five years either without adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or subject only to a fixed surrender charge stipulated in the contract as a percentage of the fund.

(vi) A company may elect to value guaranteed interest contracts with cash settlement options and annuities with cash settlement options on either an issue-year basis or on a change-in-fund basis. Guaranteed interest contracts with no cash settlement options and other annuities with no cash settlement options must be valued on an issue-year basis. As used in this section, an issue-year basis of valuation refers to a valuation basis under which the interest rate used to determine the minimum valuation standard for the entire duration of the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of issue or year of purchase of the annuity or guaranteed interest contract, and the change-in-fund basis of valuation refers to a valuation basis under which the interest rate used to determine the minimum valuation standard applicable to each change in the fund held under the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of the change in the fund.

d. *Reference interest rate.* The reference interest rate referred to in paragraph "b" is defined as follows:

(1) For all life insurance, the lesser of the average over a period of thirty-six months and the average over a period of twelve months, ending on June 30 of the calendar year next preceding the year of issue, of the monthly average of the composite yield on seasoned corporate bonds, as published by Moody's Investors Service, Inc.

(2) For single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the average over a period of twelve months, ending on June 30 of the calendar year of issue or year of purchase, of the monthly average of the composite yield on seasoned corporate bonds, as published by Moody's Investors Service, Inc.

(3) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on an issue-year basis, except as stated in subparagraph (2), with guarantee duration in excess of ten years, the lesser of the average over a period of thirty-six months and the average over a period of twelve months, ending on June 30 of the calendar year of issue or purchase, of the monthly average of the composite yield on seasoned corporate bonds, as published by Moody's Investors Service, Inc.

(4) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on an issue-year basis, except as stated in subparagraph (2), with guarantee duration of ten years or less, the average over a period of twelve months, ending on June 30 of the calendar year of issue or purchase, of the monthly average of the composite yield on seasoned corporate bonds, as published by Moody's Investors Service, Inc.

(5) For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the average over a period of twelve months, ending on June 30 of the calendar year of issue or purchase, of the monthly average of the composite yield on seasoned corporate bonds, as published by Moody's Investors Service, Inc.

(6) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change-in-fund basis, except as stated in subparagraph (2), the average over a period of twelve months, ending on June 30 of the calendar year of the change in the fund, of the monthly average of the composite yield on seasoned corporate bonds, as published by Moody's Investors Service, Inc.

e. Alternative method for determining reference interest rates. In the event that the monthly average of the composite yield on seasoned corporate bonds is no longer published by Moody's Investors Service, Inc., or in the event that the national association of insurance commissioners determines that the monthly average of the composite yield on seasoned corporate bonds as published by Moody's Investors Service, Inc. is no longer appropriate for the determination of the reference interest rate, an al-

ternative method for determination of the reference interest rate, which is adopted by the national association of insurance commissioners and approved by rule adopted by the commissioner, may be substituted.

6. *Reserve valuation method — life insurance and endowment benefits.*

a. Except as otherwise provided in subsections 7, 10, and 12, reserves calculated according to the commissioner's reserve valuation method, for the life insurance and endowment benefits of policies providing for a uniform amount of insurance and requiring the payment of uniform premiums, shall be the excess, if any, of the present value, at the date of valuation, of future guaranteed benefits provided for by such policies, over the present value, at the date of valuation, of any future modified net premiums for such policies. The modified net premiums for such policy is the uniform percentage of the respective contract premiums for the benefits such that the present value, at the date of issue of the policy, of all modified net premiums shall be equal to the sum of the present value, at the date of valuation, of such benefits provided for by the policy and the excess of the amount determined in subparagraph (1) over the amount determined in subparagraph (2), as follows:

(1) A net level annual premium equal to the present value at the date of issue, of the benefits provided for after the first policy year, divided by the present value at the date of issue, of an annuity of one per annum payable on the first, and each subsequent, anniversary of the policy on which a premium falls due. However, the net level annual premium shall not exceed the net level annual premium on the nineteen-year premium whole life plan for insurance of the same amount at an age one year more than the age of the insured at issue of the policy.

(2) A net one-year term premium for the benefits provided for in the first policy year.

b. However, for a life insurance policy issued on or after January 1, 1998, for which the contract premium in the first policy year exceeds that of the second year and for which no comparable additional benefit is provided in the first year for such additional premium and which provides an endowment benefit or a cash surrender value or a combination of such benefit or value in an amount greater than the additional premium, the reserve according to the commissioner's reserve valuation method as of any policy anniversary occurring on or before the assumed ending date defined as the first policy anniversary on which the sum of any endowment benefit and any cash surrender value then available is greater than such additional premium shall be, except as otherwise provided in subsection 10, the greater of the reserve as of such policy anniversary calculated as described in paragraph "a" and the reserve as of such policy anniversary calculated as described in paragraph "a", but with the following modifications:

(1) The value defined in paragraph "a" being reduced by fifteen percent of the amount of such excess first year premium.

(2) All present values of benefits and premiums being determined without reference to premiums or benefits provided for by the policy after the assumed ending date.

(3) The policy being assumed to mature on such date as an endowment.

(4) The cash surrender value provided on such date being considered as an endowment benefit.

In making the above comparison the mortality and interest bases stated in subsections 4 and 5 shall be used.

c. Reserves according to the commissioner's reserve valuation method shall be calculated pursuant to a method consistent with this subsection for all of the following:

(1) Life insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums.

(2) Group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation established or maintained by an employer, including a partnership or sole proprietorship, or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under section 408 of the Internal Revenue Code.

(3) Disability and accidental death benefits in all policies and contracts.

(4) All other benefits, except life insurance and endowment benefits in life insurance policies and benefits provided by all other annuity and pure endowment contracts.

7. *Reserve valuation method — annuity and pure endowment benefits.* This subsection applies to all annuity and pure endowment contracts other than group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation established or maintained by an employer, including a partnership or sole proprietorship, or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under section 408 of the Internal Revenue Code.

Reserves according to the commissioner's annuity reserve method for benefits under annuity or pure endowment contracts, excluding any disability and accidental death benefits in such contracts, shall be the greatest of the respective excesses of the present values, at the date of valuation, of the future guaranteed benefits, including guaranteed nonforfeiture benefits, provided for by such contracts at the end of each respective contract year, over the present value, at the date of valuation, of any future valuation considerations derived from future gross considerations, required by the terms of such contract, that become payable prior to the end of such respective contract year. The future guaranteed benefits shall be determined by using the mortality table, if any, and the interest rate or rates, specified in such contracts for determining guaranteed benefits. The valuation considerations are the portions of the respective gross considerations applied under the

terms of such contracts to determine nonforfeiture values.

8. *Minimum reserves.*

a. A company's aggregate reserves for all life insurance policies, excluding disability and accidental death benefits, issued on or after the operative date of section 508.37, shall not be less than the aggregate reserves calculated in accordance with the methods set forth in subsections 6, 7, 10, and 11, and the mortality table or tables and rate or rates of interest used in calculating nonforfeiture benefits for such policies.

b. A company's aggregate reserves for all policies, contracts, and benefits shall not be less than the aggregate reserves determined by the qualified actuary to be necessary to render the opinion required by subsection 2.

9. *Optional reserve calculation.* Reserves for all policies and contracts issued prior to the operative date of section 508.37, may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for all such policies and contracts than the minimum reserves required prior to July 1, 1994.

Reserves for any category of policies, contracts, or benefits, as established by the commissioner, issued on or after the operative date of section 508.37, may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for such category than those calculated according to the minimum standard as provided in this section, but the rate or rates of interest used for policies and contracts, other than annuity and pure endowment contracts, shall not be higher than the corresponding rate or rates of interest used in calculating any nonforfeiture benefits as provided in this section.

A company which at any time adopts a standard of valuation producing greater aggregate reserves than those calculated according to the minimum standard as provided in this section may adopt, with the approval of the commissioner, any lower standard of valuation, not to be lower than the minimum as provided in this section, provided, however, that, for purposes of this section, the holding of additional reserves previously determined by a qualified actuary to be necessary to render the opinion required by subsection 2 shall not be deemed to be the adoption of a higher standard of valuation.

10. *Reserve calculation — valuation net premium exceeding the gross premium charge.*

a. If in any contract year the gross premium charged by a life insurance company on a policy or contract is less than the valuation net premium for the policy or contract, as calculated by the method used in calculating the reserve for such policy or contract but using the minimum valuation standards of mortality and rate of interest, the minimum reserve required for such policy or contract is the greater of either the reserve calculated according to the mortality table, rate of interest, and method actually used for such policy or contract, or the re-

serve calculated by the method actually used for such policy or contract but using the minimum valuation standards of mortality and rate of interest and replacing the valuation net premium by the actual gross premium in each contract year for which the valuation net premium exceeds the actual gross premium. The minimum valuation standards of mortality and rate of interest referred to in this section are those standards established in subsections 4 and 5.

b. However, for any life insurance policy issued on or after January 1, 1998, for which the gross premium in the first policy year exceeds that of the second year and for which no comparable additional benefit is provided in the first year for such excess and which provides an endowment benefit or a cash surrender value, or a combination of such benefit and value, in an amount greater than the excess premium, the provisions of paragraph "a" apply as if the method actually used in calculating the reserve for such policy is the method established in subsection 6, excluding paragraph "b" of that subsection. The minimum reserve of the policy at each policy anniversary shall be the greater of the minimum reserve calculated pursuant to subsection 6 and the minimum

reserve calculated in accordance with this subsection.

d. Perform any other functions within the authority of the association.

6. Rates for basic and standard coverages as provided in this chapter shall be determined by each carrier or organized delivery system as the average of the lowest rate available for issuance by that carrier or organized delivery system adjusted for rating characteristics and benefits and the maximum rate allowable by law after adjustments for rate characteristics and benefits.

7. Following the close of each calendar year, the association, in conjunction with the commissioner, shall require each carrier or organized delivery system to report the amount of earned premiums and the associated paid losses for all basic and standard plans issued by the carrier or organized delivery system. The reporting of these amounts must be certified by an officer of the carrier or organized delivery system.

8. The board shall develop procedures and make assessments and distributions as required to equalize the individual carrier and organized delivery system gains or losses so that each carrier or organized delivery system receives the same ratio of paid claims to ninety percent of earned premiums as the aggregate of all basic and standard plans insured by all carriers and organized delivery systems in the state.

9. If the statewide aggregate ratio of paid claims to ninety percent of earned premiums is greater than one, the dollar difference between ninety percent of earned premiums and the paid claims shall represent an assessable loss.

10. The assessable loss plus necessary operating expenses for the association, plus any additional expenses as provided by law, shall be assessed by the association to all members in proportion to their respective shares of total health insurance premiums or payments for subscriber contracts received in Iowa during the second preceding calendar year, or with paid losses in the year, coinciding with or ending during the calendar year, or on any other equitable basis as provided in the plan of operation. In sharing losses, the association may abate or defer any part of the assessment of a member, if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations. The association may also provide for an initial or interim assessment against the members of the association to meet the operating expenses of the association until the next calendar year is completed.

11. The board shall develop procedures for distributing the assessable loss assessments to each carrier and organized delivery system in proportion to the carrier's and organized delivery system's respective share of premium for basic and standard plans to the statewide total premium for all basic and standard plans.

12. The board shall ensure that procedures for collecting and distributing assessments are as efficient as possible for carriers and organized delivery systems. The board may establish procedures which combine, or offset, the assessment from, and the distribution due to, a carrier or organized delivery system.

13. A carrier or an organized delivery system may petition the association board to seek remedy from writing a significantly disproportionate share of basic and standard policies in relation to total premiums written in this state for health benefit plans. Upon a finding that a carrier or organized delivery system has written a disproportionate share, the board may agree to compensate the carrier or organized delivery system either by paying to the carrier or organized delivery system an additional fee not to exceed two percent of earned premiums from basic and standard policies for that carrier or organized

delivery system or by petitioning the commissioner or director, as appropriate, for remedy.

14. *a.* The commissioner, upon a finding that the acceptance of the offer of basic and standard coverage by individuals pursuant to this chapter would place the carrier in a financially impaired condition, shall not require the carrier to offer coverage or accept applications for any period of time the financial impairment is deemed to exist.

b. The director, upon a finding that the acceptance of the offer of basic and standard coverage by individuals pursuant to this chapter would place the organized delivery system in a financially impaired condition, shall not require the organized delivery system to offer coverage or accept applications for any period of time the financial impairment is deemed to exist.

513C.11 Self-funded employer-sponsored health benefit plan participation in reinsurance association.

1. A self-funded employer-sponsored health benefit plan qualified under the federal Employee Retirement Income Security Act of 1974 may voluntarily elect to participate in the Iowa individual health benefit reinsurance association established in section 513C.10 in accordance with the plan of operation and subject to such terms and conditions adopted by the board of the association to provide portability and continuity to its covered employees and their covered spouses and dependents subject to the same terms and conditions as a participating insurer.

2. If the federal Employee Retirement Income Security Act of 1974 is amended such that the state may require the participation of a self-funded employer, the individual reinsurance requirements shall apply equally to such employers.

3. When and if the federal government imposes conditions of portability and continuity on self-funded employers qualified under the federal Employee Retirement Income Security Act of 1974 that the commissioner deems are substantially similar to those required of Iowa insurers, coverage under such qualified plans shall be deemed qualified prior coverage for purposes of chapter 513B and this chapter.

Except as provided in subsection 2 concerning prepaid group plans, notice of cancellation to an enrollee shall not be effective unless

delivered to the enrollee by the health maintenance organization in a manner prescribed by the commissioner and at least thirty days before the effective date of cancellation and unless accompanied by a statement of reason for cancellation. At any time before cancellation of the policy for nonpayment, the enrollee may pay to the health maintenance organization the full amount due, including court costs if any, and from the date of payment by the enrollee or the collection of the judgment, coverage shall revive and be in full force and effect.

2. The effect of cancellation of a prepaid group plan providing health care services to enrollees, and the duty to provide notice and liability for benefits, is the same as provided under section 509B.5, subsection 2, for the termination of accident or health insurance for employees or members.

b. A general description of the methodology used to determine usual and customary fees, including geographic considerations.

c. The percentile that determines the maximum benefit that the insurer or nonprofit health service corporation will pay for any dental procedure, if the usual and customary fee is determined by taking a sample of fees submitted on actual claims from licensed dentists and then determining the benefit by selecting a percentile of those fees.

2. The disclosure shall be provided upon request to all group and individual policyholders and subscribers. 514C.8 Coordination of health care benefits with state medical assistance.

1. An insurer, health maintenance organization, or hospital and medical service plan providing health care coverage to individuals in this state shall not consider the availability of or eligibility for medical assistance under Title XIX of the federal Social Security Act and chapter 249A, when determining eligibility of the individual for coverage or calculating payments to the individual under the health care coverage plan.

2. The state acquires the rights of an individual to payment from an insurer, health maintenance organization, or hospital or medical service plan to the extent payment for covered expenses is made pursuant to chapter 249A for health care items or services provided to the individual. Upon presentation of proof that payment was made pursuant to chapter 249A for covered expenses, the insurer, health maintenance organization, or hospital or medical service plan shall make payment to the state medical assistance program to the extent of the coverage provided in the policy or contract.

3. An insurer shall not impose requirements on the state with respect to the assignment of rights pursuant to this section that are different from the requirements applicable to an agent or assignee of a covered individual.

514C.9 Medical support — insurance requirements.

1. An insurer shall not deny coverage or enrollment of a child under the health plan of the obligor upon any of the following grounds:

a. The child is born out of wedlock.

b. The child is not claimed as a dependent on the obligor's federal income tax return.

c. The child does not reside with the obligor or in the insurer's service area. This section shall not be construed to require a health maintenance organization regulated under chapter 514B to provide any services or benefits for treatment outside of the geographic area described in its certificate of authority

which would not be provided to a member outside of that geographic area pursuant to the terms of the health maintenance organization's contract.

2. An insurer of an obligor providing health care coverage to the child for which the obligor is legally responsible to provide support shall do all of the following:

a. Provide information to the obligee or other legal custodian of the child as necessary for the child to obtain benefits through the coverage of the insurer.

b. Allow the obligee or other legal custodian of the child, or the provider with the approval of the obligee or other legal custodian of the child, to submit claims for covered services without the approval of the obligor.

c. Make payment on a claim submitted in paragraph "b" directly to the obligee or other legal custodian of the child, the provider, or the state medical assistance agency for claims submitted by the obligee or other legal custodian of the child, by the provider with the approval of the obligee or other legal custodian of the child, or by the state medical assistance agency.

3. If an obligor is required by a court order or administrative order to provide health coverage for a child and the obligor is eligible for dependent health coverage, the insurer shall do all of the following:

a. Allow the obligor to enroll under dependent coverage a child who is eligible for coverage pursuant to the applicable terms and conditions of the health benefit plan and the standard enrollment guidelines of the insurer without regard to an enrollment season restriction.

b. Enroll a child who is eligible for coverage under the applicable terms and conditions of the health benefit plan and the standard enrollment guidelines of the insurer, without regard to any time of enrollment restriction, under dependent coverage upon application by the obligee or other legal custodian of the child or by the department of human services in the event an obligor required by a court order or administrative order fails to apply for coverage for the child.

c. Maintain coverage and not cancel the child's enrollment unless the insurer obtains satisfactory written evidence of any of the following:

(1) The court order or administrative order is no longer in effect.

(2) The child is eligible for or will enroll in comparable health coverage through an insurer which shall take effect not later than the effective date of the cancellation of enrollment of the original coverage.

(3) The employer has eliminated dependent health coverage for its employees.

(4) The obligor is no longer paying the required premium because the employer no longer owes the obligor compensation, or because the obligor's employment has terminated and the obligor has not elected to continue coverage.

4. A group health plan shall establish reasonable procedures to determine whether a child is covered

under a qualified medical child support order issued pursuant to chapter 252E. The procedures shall be in writing, provide for prompt notice of each person specified in the medical child support order as eligible to receive benefits under the group health plan upon receipt by the plan of the medical child support order, and allow an obligee or other legal custodian of the child under chapter 252E to designate a representative for receipt of copies of notices in regard to the medical child support order that are sent to the obligee or other legal custodian of the child and the department of human services' child support recovery unit.

5. For purposes of this section, unless the context otherwise requires:

a. "Child" means a person, other than an obligee's spouse or former spouse, who is recognized under a qualified medical child support order as having a right to enrollment under a group health plan as the obligor's dependent.

b. "Court order" or "administrative order" means a ruling by a court or administrative agency in regard to the support an obligor shall provide to the obligor's child.

c. "Insurer" means an entity which offers a health benefit plan.

d. "Obligee" means an obligee as defined in section 252E.1.

e. "Obligor" means an obligor as defined in section 252E.1.

f. "Qualified medical child support order" means a child support order which creates or recognizes a child's right to receive health benefits for which the child is eligible under a group health benefit plan, describes or determines the type of coverage to be provided, specifies the length of time for which the order applies, and specifies the plan to which the order applies.

514C.10 Coverage for adopted child.

1. *Definitions.* For purposes of this section, unless the context otherwise requires:

a. "Child" means, with respect to an adoption or a placement for adoption of a child, an individual who

has not attained age eighteen as of the date of the issuance of a final adoption decree, or upon an interlocutory adoption decree becoming a final adoption decree, as provided in chapter 600, or as of the date of the placement for adoption.

b. "Placement for adoption" means the assumption and retention of a legal obligation for the total or partial support of the child in anticipation of the adoption of the child. The child's placement with a person terminates upon the termination of such legal obligation.

2. *Coverage required.* A policy or contract providing for third-party payment or prepayment of health or medical expenses shall provide coverage benefits to a dependent child adopted by, or placed for adoption with, an insured or enrollee under the same terms and conditions as apply to a biological, dependent child of the insured or enrollee. The issuer of the policy or contract shall not restrict coverage under the policy or contract for a dependent child adopted by, or placed for adoption with, the insured or enrollee solely on the basis of a preexisting condition of such dependent child at the time that the child would otherwise become eligible for coverage under the plan, if the adoption or placement occurs while the insured or enrollee is eligible for coverage under the policy or contract. This section applies to the following classes of third-party payment provider contracts or policies delivered, issued for delivery, continued, or renewed in this state on or after July 1, 1995:

a. Individual or group accident and sickness insurance providing coverage on an expense-incurred basis.

b. An individual or group hospital or medical service contract issued pursuant to chapter 509, 514, or 514A.

c. An individual or group health maintenance organization contract regulated under chapter 514B.

d. An individual or group Medicare supplemental policy, unless coverage pursuant to such policy is preempted by federal law.

e. An organized delivery system licensed by the director of public health.

CHAPTER 514G

LONG-TERM CARE INSURANCE

514G.7 Disclosure and performance standards for long-term care insurance.

1. *Rules.* The commissioner may adopt rules for full and fair disclosure of the terms and benefits of a long-term care insurance policy, including but not limited to rules setting forth the manner, content, and required disclosures for the sale of long-term

care insurance policies, terms of renewability, initial and subsequent conditions of eligibility, nonduplication of coverage provisions, coverage of dependents, preexisting conditions, termination of insurance, probationary periods, limitations, exceptions, reductions, elimination periods, requirements for replacement, recurrent conditions, and definitions of terms.

2. *Prohibitions.* A long-term care insurance policy shall not:

a. Be cancelled, nonrenewed, or otherwise terminated on the grounds of the age or the deterioration of the mental or physical health of the insured individual or certificate holder.

b. Contain a provision establishing a new waiting period in the event existing coverage is converted to or replaced by a new or other form within the same company, except with respect to an increase in benefits voluntarily selected by the insured individual or group policyholder.

c. Provide coverage for skilled nursing care only, or provide significantly more coverage for skilled care in a facility than coverage for lower levels of care.

d. Be issued to an individual without obtaining one or more of the following:

- (1) A report of a physical examination.
- (2) An assessment of functional capacity.
- (3) An attending physician's statement.
- (4) Copies of medical records.

3. *Preexisting conditions.*

a. A long-term care insurance policy or certificate shall not use a definition of preexisting condition which is more restrictive than the following: "*Preexisting condition*" means the existence of symptoms which would cause an ordinarily prudent person to seek diagnosis, care, or treatment, or a condition for which medical advice or treatment was recommended by or received from a provider of health care services within six months preceding the effective date of coverage of an insured person.

b. A long-term care insurance policy shall not exclude coverage for a loss or confinement which is the result of a preexisting condition unless the loss or confinement begins within six months following the effective date of coverage of an insured person.

c. The definition of "*preexisting condition*" does not prohibit either of the following:

(1) An insurer from using an application form designed to elicit the complete health history of an applicant.

(2) An insurer from underwriting in accordance with that insurer's established underwriting standards based on the answers on an application conforming with subparagraph (1).

4. *Prior hospitalization — institutionalization.*

a. Effective July 1, 1989, a long-term care insurance policy shall not be delivered or issued for delivery in this state if the policy does either of the following:

(1) Conditions eligibility for any benefits on a requirement of prior hospitalization.

(a) Effective July 1, 1991, any holder of a long-term care insurance policy, which is not noncancelable or guaranteed renewable, was issued before July 1, 1989, and conditions eligibility for benefits on a requirement of prior hospitalization, shall, unless it has previously been offered by the insurer, be offered by the insurer a rider or endorsement that waives the requirement of prior hospitalization. If the rider or endorsement results in a concomitant

increase in premium during the policy term, then it must be agreed to in writing and signed by the insured to become effective.

(b) The rider or endorsement under subparagraph subdivision (a) shall be subject to the insurer's underwriting guidelines as proof of insurability at the time of application for the rider or endorsement.

(c) Effective July 1, 1991, any holder of a noncancelable or guaranteed renewable long-term care insurance policy issued before July 1, 1989, which conditions eligibility for benefits on a requirement of prior hospitalization, shall, unless the holder has previously been notified by the insurer, be notified by the insurer in writing prior to or at the time of delivery of the next premium statement of the existence of the condition and that new policies issued by any insurance carrier may not condition benefits on a requirement of prior hospitalization. The insurer shall not solicit the replacement of the noncancelable or guaranteed renewable policy at the same time as the delivery of notice under this subparagraph subdivision.

(2) Conditions eligibility for benefits covering care provided in an institutional care setting on the receipt of a higher level of institutional care.

b. Effective July 1, 1989, a long-term care insurance policy containing any limitations or conditions for eligibility, other than those prohibited in paragraph 1, shall clearly label such limitations or conditions in a separate paragraph of the policy or certificate entitled "*Limitations or Conditions on Eligibility for Benefits*".

c. A long-term care insurance policy advertised, marketed, or offered as containing long-term care benefits at home shall not condition receipt of benefits on a requirement of prior hospitalization.

d. A long-term care insurance policy shall not condition eligibility for noninstitutional benefits on the prior receipt of institutional care.

5. *Rules.* The commissioner may adopt rules establishing loss ratio standards for long-term care insurance policies provided that a specific reference to long-term care insurance policies is contained in the rules.

6. *Right to return after examination.* An individual long-term care insurance policyholder has the right to return the policy within thirty days of its delivery and to have the premium refunded if, after examination, the insured person is not satisfied for any reason. Long-term care insurance policies must have a notice prominently printed on the first page or attached to the first page stating in substance that the policyholder has the right to return the policy within thirty days of its delivery and to have the premium refunded as provided in this subsection.

7. *Outline of coverage.* An outline of coverage shall be delivered to an applicant for an individual long-term care insurance policy at the time of application. An outline of coverage must include all of the following:

a. A description of the principal benefits and coverage provided in the policy.

b. A statement of the principal exclusions, reductions, and limitations contained in the policy.

c. A statement of the renewal provisions, including any reservation in the policy of a right to change premiums. Continuation or conversion provisions of group coverage shall be specifically described.

d. A statement that the outline of coverage is a summary of the policy issued or applied for, not a contract of insurance, and that the policy or group master policy should be consulted to determine governing contractual provisions.

e. A description of the terms by which the policy or certificate may be returned and premium refunded.

f. A description of the cost of care and benefits.

8. *Certificates.* A certificate issued pursuant to a group long-term care insurance policy which is

delivered or issued for delivery in this state shall include all of the following:

a. A description of the principal benefits and coverage provided in the policy.

b. A statement of the principal exclusions, reductions, and limitations contained in the policy.

c. A statement that the group master policy determines governing contractual provisions.

9. *Compliance required.* A policy shall not be advertised, marketed, or offered as long-term care or nursing home insurance unless it complies with this chapter.

515.12 Mutual companies — conditions.

No mutual company shall issue policies or transact any business of insurance unless it shall hold a certificate of authority from the commissioner of insurance authorizing the transaction of such business, which certificate of authority shall not be issued

until and unless the company shall comply with the following conditions:

1. It shall hold bona fide applications for insurance upon which it shall issue simultaneously, or it shall have in force, at least two hundred policies issued to at least two hundred members for the same kind of insurance upon not less than two hundred separate risks, each within the maximum single risk described herein; provided that not more than one hundred members shall be required for employer's liability and workers' compensation insurance.

2. The maximum single risk shall not exceed twenty percent of the admitted assets, or three times the average risk, or one percent of the insurance in force, whichever is the greater, any reinsurance taking effect simultaneously with the policy being deducted in determining such maximum single risk.

3. It shall have collected a premium upon each application, which premium shall be held in cash or securities in which insurance companies are authorized to invest, which shall be equal, in case of fire insurance, to not less than twice the maximum single risk assumed subject to one fire nor less than ten thousand dollars; and in any other kind of insurance, to not less than five times the maximum single risk assumed; and, in case of employer's liability and workers' compensation insurance, to not less than fifty thousand dollars.

4. For the purpose of transacting employer's liability and workers' compensation insurance, the applications shall cover not less than one thousand five hundred employees, each such employee being considered a separate risk for determining the maximum single risk.

5. The mutual company shall have in cash or in securities in which insurance companies are authorized to invest, surplus in an amount not less than

five million dollars. The surplus so required may be advanced in accordance with section 515.19. A mutual company authorized to do business in Iowa that undergoes a change of control as defined under chapter 521A shall maintain the minimum surplus requirements mandated by this section.

b. Any specified risk by order, or any line or kind of insurance or subdivision of insurance or any class of risk or combination of classes of risks by rule.

CHAPTER 515F

CASUALTY INSURANCE

515F.5 Rate filings.

1. An insurer shall file with the commissioner, except as to inland marine risks which are not written according to manual rates or rating plans, every manual, minimum premium, class rate, rating schedule, rating plan, and every other rating rule, and every modification of any of the foregoing which it proposes to use. A filing shall state its proposed effective date, and shall indicate the character and extent of the coverage contemplated.

An insurer shall file or incorporate by reference to material which has been approved by the commissioner, at the same time as the filing of the rate, all supplementary rating and supporting information to be used in support of or in conjunction with a rate. The information furnished in support of a filing may include or consist of a reference to any of the following:

a. The experience or judgment of the insurer or rating information filed by the advisory organization on behalf of the insurer as permitted by section 515F.11.

b. An interpretation of any statistical data the insurer relies upon.

c. The experience of other insurers or rating advisory organizations.

d. Any other relevant factors. A filing and any supporting information shall be open to public inspection after the filing becomes effective.

When a filing is not accompanied by the information upon which the insurer supports the filing, the commissioner may require the insurer to furnish the supporting information and the waiting period commences on the date the information is furnished. Until the required information is furnished, the filing shall not be deemed complete or filed or available for use by the insurer. If the requested information is not furnished within a reasonable time period, the filing may be returned to the insurer as not filed and not available for use.

After reviewing an insurer's filing, the commissioner may require that the insurer's rates be based upon the insurer's own loss and expense information. If an insurer's loss or allocated loss adjustment expense information is not actuarially credible, as determined by the commissioner, the insurer may supplement its experience with information filed with the commissioner by an advisory organization.

Insurers using the services of an advisory organization shall, at the request of the commissioner, provide with a rate filing, a description of the rationale for that use, including its own information and method of using the advisory organization's information.

2. The commissioner shall review filings as soon as reasonably possible after they have been made in order to determine whether they meet the requirements of this chapter.

3. Subject to the exception in subsection 4, a filing shall be on file for a waiting period of thirty days before it becomes effective, which period may be extended by the commissioner for an additional period not to exceed fifteen days if written notice is given within the waiting period to the insurer or advisory organization which made the filing that additional time is needed for the consideration of the filing. Upon written application by the insurer, the commissioner may authorize a filing which has been reviewed to become effective before the expiration of the waiting period or an extension of the waiting period. A filing is deemed to meet the requirements of this chapter unless disapproved by the commissioner within the waiting period or an extension of the waiting period.

4. Under rules adopted under chapter 17A, the commissioner may, by written order, suspend or modify the requirement of filing as to any kind of insurance, or subdivision or combination of insurance, or as to classes of risks, which are unnecessary to achieve the purposes of this chapter and the rates for which cannot practicably be filed before they are used. The commissioner may make an examination as the commissioner deems advisable to ascertain whether rates affected by the order meet the standards set forth in section 515F.4.

CHAPTER 518

COUNTY MUTUAL INSURANCE ASSOCIATIONS

518.14 Investments.

1. *General considerations.* The following considerations apply in the interpretation of this section:

a. This section applies to the investments of county mutual insurance associations.

b. The purpose of this section is to protect and further the interests of policyholders, claimants, creditors, and the public by providing standards for the development and administration of programs for the investment of the assets of associations organized under this chapter. These standards, and the investment programs developed by associations, shall take into account the safety of the association's principal, investment yield and growth, stability in the value of the investment, and liquidity necessary to meet the association's expected business needs, and investment diversification.

All investments made pursuant to this section shall have investment qualities and characteristics such that the speculative elements of the investments are not predominant.

c. Financial terms relating to county mutual insurance associations have the meanings assigned to them under statutory accounting methods. Financial terms relating to companies or associations other than county mutual insurance associations have the meanings assigned to them under generally accepted accounting principles.

d. Investments shall be valued in accordance with the valuation procedures established by the national association of insurance commissioners, unless the commissioner requires or finds another method of valuation reasonable under the circumstances.

e. If an investment qualifies under more than one subsection, an association may elect to hold the investment under the subsection of its choice. This section does not prevent an association from electing to hold an investment under a subsection different from the one under which it previously held the investment.

2. *Definitions.* For purposes of this section:

a. "*Admitted assets*", for purposes of computing percentage limitations on particular types of investments, means the assets which are authorized to be shown on the commissioner's annual statement blank as admitted assets as of the December 31 immediately preceding the date the association acquires the investment.

b. "*Clearing corporation*" means as defined in section 554.8102.

c. "*Custodian bank*" means as defined in section 554.8102.

d. "*Issuer*" means as defined in section 554.8201.

g. "*Obligations*" includes bonds, notes, debentures, transportation equipment certificates, domestic repurchase agreements, and obligations for the payment of money not in default as to payments of principal and interest on the date of investment, which constitute general obligations of the issuer or payable only out of certain revenues or certain funds pledged or otherwise dedicated for payment of principal and interest on the obligations. A lease is an obligation if the lease is assigned to the insurer and is nonterminable by the lessee upon foreclosure of any lien upon the leased property, and if rental payments are sufficient to amortize the investment over the primary lease term.

3. *Investments in name of association or nominee and prohibitions.*

a. An association's investments shall be held in its own name or the name of its nominee, except as follows:

(1) Investments may be held in the name of a clearing corporation or of a custodian bank or in the name of the nominee of either on the following conditions:

(a) The clearing corporation, custodian bank, or nominee must be legally authorized to hold the particular investment for the account of others.

(b) When the investment is evidenced by a certificate and held in the name of a custodian bank or the nominee of a custodian bank, a written agreement shall provide that certificates so deposited shall at all times be kept separate and apart from other deposits with the depository, so that at all times they may be identified as belonging solely to the association making the deposit.

(c) If a clearing corporation is to act as depository, the investment may be merged or held in bulk in the name of the clearing corporation or its nominee with other investments deposited with the clearing corporation by any other person, if a written agreement between the clearing corporation and the association provides that adequate evidence of the deposit is to be obtained and retained by the association or a custodian bank.

(2) An association may loan stocks or obligations held by it under this chapter to a broker-dealer registered under the federal Securities Exchange Act of 1934 or to a member bank. The loan must be evidenced by a written agreement which provides all of the following:

(a) That the loan will be fully collateralized by cash or obligations issued or guaranteed by the United States or an agency or an instrumentality of the United States, and that the collateral will be adjusted as necessary each business day during the term of the loan to maintain the required collateralization in the event of market value changes in the loaned securities or collateral.

(b) That the loan may be terminated by the association at any time, and that the borrower will return the loaned stocks or obligations within five business days after termination.

(c) That the association has the right to retain the collateral or use the collateral to purchase investments equivalent to the loaned securities if the borrower defaults under the terms of the agreement, and that the borrower remains liable for any losses and expenses incurred by the association due to default that are not covered by the collateral.

(3) An association may participate through a member bank in the United States federal reserve book entry system, and the records of the member bank shall at all times show that the investments are held for the association or for specific accounts of the association.

(4) An investment may consist of an individual interest in a pool of obligations or a fractional interest in a single obligation if the certificate of participation or interest or the confirmation of participation or interest in the investment is issued in the name of the association, the name of the custodian bank, or the nominee of either, and, if the interest as evidenced by the certificate or confirmation is, if held by a custodian bank, kept separate and apart from the investments of others so that at all times the participation may be identified as belonging solely to the association making the investment.

(5) Transfers of ownership of investments held as described in paragraph "a", subparagraph (1), subparagraph subdivision (c), and subparagraphs (3) and (4), may be evidenced by bookkeeping entry on the books of the issuer of the investment, its transfer or recording agent, or the clearing corporation without physical delivery of a certificate evidencing the association's investment.

b. Except as provided in paragraph "a", subparagraph (5), if an investment is not evidenced by a certificate, adequate evidence of the association's investment shall be obtained from the issuer or its transfer or recording agent and retained by the association, a custodian bank, or clearing corporation. Adequate evidence, for purposes of this paragraph, means a written receipt or other verification issued by the depository or issuer or a custodian bank which shows that the investment is held for the association.

4. *Investments.* Except as otherwise permitted by this section, an association organized under this chapter shall only invest in the following:

a. *United States government obligations.* Obligations issued or guaranteed by the United States or an agency or instrumentality of the United States.

b. *Certain development bank obligations.* Obligations issued or guaranteed by the international bank for reconstruction and development, the Asian development bank, the inter-American development bank, the export-import bank, the world bank, or any United States government-sponsored organization of which the United States is a member, if the principal and interest is payable in United States dollars. An association shall not invest more than five percent of

its total admitted assets in the obligations of any one of these banks or organizations, and shall not invest more than a total of ten percent of its total admitted assets in the obligations authorized by this paragraph.

Investments shall be made only in investment grade bonds.

f. *Stocks.* Common stocks, common stock equivalents, mutual fund shares, securities convertible into common stocks or common stock equivalents, or preferred stocks issued or guaranteed by a corporation incorporated under the laws of the United States or a state, or the laws of Canada or a province of Canada. Aggregate investments in nondividend paying stocks shall not exceed five percent of surplus.

(1) Stocks purchased under this lettered paragraph shall not exceed fifty percent of surplus. With the approval of the commissioner, an association may invest any amount in common stocks, preferred stocks, or other securities of one or more subsidiaries provided that after such investments the association's surplus as regards policyholders will be reasonable in relation to the association's outstanding liabilities and adequate to its financial needs.

(2) An association shall not invest more than ten percent of its surplus in the stocks of any one corporation.

g. *Home office real estate.* Funds may be invested in a home office building, at the direction of the board of directors and with the prior approval of the commissioner of insurance. An association shall not invest more than twenty-five percent of its total admitted assets in such real estate. The mutual insurance holding company

shall at all times own a majority of the voting shares of the capital stock of the reorganized insurance company. A merger of policyholders' membership interests in a mutual insurance company into a mutual insurance holding company shall be deemed to be a merger of insurance companies pursuant to chapter 521 and chapter 521 is also applicable.

3. A mutual insurance holding company resulting from the reorganization of a domestic mutual insurance company organized under chapter 491 shall be incorporated pursuant to chapter 491. This requirement shall supersede any conflicting provisions of section 491.1. The articles of incorporation and any amendments to such articles of the mutual insurance holding company shall be subject to approval of the commissioner and the attorney general in the same manner as those of an insurance company.

4. A mutual insurance holding company is deemed to be an insurer subject to chapter 507C and shall automatically be a party to any proceeding under chapter 507C involving an insurance company which as a result of a reorganization pursuant to subsection 1 or 2 is a subsidiary of the mutual insurance holding company. In any proceeding under chapter 507C involving the reorganized insurance company, the assets of the mutual insurance holding company are deemed to be assets of the estate of the reorganized insurance company for purposes of satisfying the claims of the reorganized insurance company's policyholders. A mutual insurance holding company shall not dissolve or liquidate without the approval of the commissioner or as ordered by the district court pursuant to chapter 507C.

5. a. Chapters 508B and 515G are not applicable to a reorganization or merger pursuant to this section.

b. Chapter 508B is applicable to demutualization of a mutual insurance holding company which resulted from the reorganization of a domestic mutual life insurance company organized under chapter 508 as if it were a mutual life insurance company.

c. Chapter 515G is applicable to demutualization of a mutual insurance holding company which resulted from the reorganization of a domestic mutual property and casualty insurance company organized under chapter 515 as if it were a mutual property and casualty insurance company.

6. A membership interest in a domestic mutual insurance holding company shall not constitute a security as defined in section 502.102.

CHAPTER 521B

CREDIT FOR REINSURANCE

521B.2 Credit allowed a domestic ceding insurer.

Credit for reinsurance is allowed a domestic ceding insurer as either an asset or a deduction from liability

on account of reinsurance ceded only if the reinsurer meets the requirements of subsection 1, 2, 3, 4, or 5. If the reinsurer meets the requirements of subsection 3 or 4, the requirements of subsection 6 must also be met.

1. Credit is allowed if the reinsurance is ceded to an assuming insurer which is licensed to transact the business of reinsurance in this state.

2. Credit is allowed if the reinsurance is ceded to an assuming insurer which is accredited as a reinsurer in this state. An accredited reinsurer is one which satisfies all of the following conditions:

a. Files with the commissioner evidence of submission to the jurisdiction of this state.

b. Submits to the authority of this state to examine its books and records.

c. Is licensed to transact reinsurance in at least one state, or in the case of a United States branch of an alien assuming insurer, is entered through and licensed to transact the business of reinsurance in at least one state.

d. Files annually with the commissioner a copy of its annual statement filed with the insurance department of its state of domicile and a copy of its most recent audited financial statement and does either of the following:

(1) Maintains a surplus with respect to policyholders in an amount which is not less than twenty million dollars and whose accreditation has not been denied by the commissioner within ninety days of its submission to the jurisdiction of this state.

(2) Maintains a surplus with respect to policyholders in an amount less than twenty million dollars and whose accreditation has been approved by the commissioner. Credit shall not be allowed a domestic ceding insurer, if the accreditation of the assuming insurer is revoked by the commissioner after notice and hearing.

To qualify as an accredited reinsurer, an assuming insurer must meet all of the requirements and the standards set forth in this subsection. If the commissioner determines that the assuming insurer has failed to continue to meet any of these requirements or standards, the commissioner may upon written notice and hearing revoke accreditation of the assuming insurer.

This section does not apply to reinsurance ceded and assumed pursuant to pooling arrangements among insurers in the same holding company system.

3. *a.* Credit is allowed if the reinsurance is ceded to an assuming insurer which is domiciled and licensed in, or in the case of a United States branch of an alien assuming insurer is entered through, a state which employs standards regarding credit for reinsurance substantially similar to those applicable under this section, and the assuming insurer or United States branch of an alien assuming insurer does both of the following:

(1) Maintains a surplus with respect to policyholders in an amount of not less than twenty million dollars.

(2) Submits to the authority of this state to examine its books and records.

b. However, the requirement of paragraph "a", subparagraph (1), does not apply to reinsurance ceded and assumed pursuant to a pooling arrange-

ment among insurers in the same holding company system.

4. *a.* Credit is allowed if the reinsurance is ceded to an assuming insurer which maintains a trust fund in a qualified United States financial institution, as defined in section 521B.4, subsection 2, for the payment of the valid claims of its United States policyholders and ceding insurers, their assigns, and successors in interest. The assuming insurer shall report annually to the commissioner information substantially the same as that required to be reported on the national association of insurance commissioners' annual statement form by licensed insurers to enable the commissioner to determine the sufficiency of the trust fund. In the case of a single assuming insurer, the trust shall consist of a trusted account representing the liabilities of the assuming insurer attributable to business written in the United States and, in addition, the assuming insurer shall maintain a trusted surplus of not less than twenty million dollars. In the case of a group including individual unincorporated and incorporated underwriters, the trust shall consist of a trusted account representing the liabilities of the group attributable to business written in the United States and, in addition, the group shall maintain a trusted surplus of which one hundred million dollars shall be held jointly for the benefit of United States ceding insurers of any member of the group. The incorporated members of the group shall not engage in any business other than underwriting as a member of the group and shall be subject to the same level of solvency regulation and control by the group's domiciliary regulator as are the unincorporated members. The group shall make available to the commissioner an annual certification of the solvency of each underwriter by the group's domiciliary regulator and its independent public accountants.

b. In the case of a group of incorporated insurers under common administration which complies with the filing requirements contained in paragraph "a", which is under the supervision of the department of trade and industry of the United Kingdom, which submits to the authority of this state to examine its books and records and bears the expense of the examination, and which has aggregate policyholders' surplus of at least ten billion dollars, the trust shall be in an amount equal to the several liabilities of the group attributable to business written in the United States. The group shall also maintain a joint trustee surplus of which one hundred million dollars shall be held jointly for the benefit of United States ceding insurers of any member of the group, and each member of the group shall make available to the commissioner an annual certification of the member's solvency by the member's domiciliary regulator and its independent public accountant.

c. Such trust shall be established in a form approved by the commissioner. The trust instrument shall provide that contested claims are valid and enforceable upon the final order of any court of competent jurisdiction in the United States. The trust

vests legal title to its assets in the trustees of the trust for its United States policyholders and ceding insurers, their assigns, and successors in interest. The trust and the assuming insurer are subject to examination as determined by the commissioner. The trust described in this paragraph must remain in effect for as long as the assuming insurer has outstanding obligations due under the reinsurance agreements subject to the trust.

d. No later than February 28 of each year the trustees of the trust shall report to the commissioner in writing setting forth the balance of the trust and listing the trust's investments at the end of the preceding calendar year and shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire prior to the following December 31.

5. Credit is allowed if the reinsurance is ceded to an assuming insurer not meeting the requirements of subsection 1, 2, 3, or 4, but only with respect to the insurance of risks located in a jurisdiction where such reinsurance is required by applicable law or regulation of that jurisdiction. For purposes of this subsection, jurisdiction refers to a jurisdiction other than the United States, and any state, district, or territory of the United States. This subsection allows credit to ceding insurers which are mandated by such a jurisdiction to cede reinsurance to state owned or controlled insurance or reinsurance companies or to

participate in pools, guaranty funds, or joint underwriting associations.

6. a. If the assuming insurer is not licensed or accredited to transact insurance or reinsurance in this state, the credit permitted by subsection 3 or 4 is not allowed unless the assuming insurer agrees in the reinsurance agreements to both of the following:

(1) That in the event of the failure of the assuming insurer to perform its obligations under the terms of the reinsurance agreement, the assuming insurer, at the request of the ceding insurer, shall submit to the jurisdiction of any court of competent jurisdiction in any state of the United States, shall comply with all requirements necessary to give such court jurisdiction, and shall abide by the final decision of such court or of any appellate court in the event of an appeal.

(2) That the commissioner or an attorney designated in the agreement is the true and lawful attorney of the assuming insurer upon whom may be served any lawful process in any action, suit, or proceeding instituted by or on behalf of the ceding company.

b. This subsection is not intended to conflict with or override the obligation of the parties to a reinsurance agreement to arbitrate their disputes, if such an obligation is created in the agreement.

Subsection 4, paragraph a amended

CHAPTER 523A

FUNERAL SERVICES AND MERCHANDISE

523A.1 Trust fund established — insurance.

1. Whenever an agreement is made by any person, firm, or corporation to furnish, upon the future death of a person named or implied in the agreement, funeral services or funeral merchandise, a minimum of eighty percent of all payments made under the agreement shall be and remain trust funds until occurrence of the death of the person for whose benefit the funds were paid, unless the funds are sooner released to the person making the payment by mutual consent of the parties. Payments otherwise subject to this section are not exempt merely because they are held in certificates of deposit. The commissioner may adopt rules to prohibit the commingling of trust funds with other funds of the seller.

Interest or income earned on amounts deposited in trust under this section shall remain in trust under the same terms and conditions as the payments made under the agreement, except that the seller may withdraw so much of the interest or income as represents the difference between the amount needed to adjust the trust funds for inflation as set by the commissioner based on the consumer price index and the interest or income earned during the preceding year not to exceed fifty percent of the total interest or

income, on a calendar year basis. The early withdrawal of interest or income pursuant to this provision does not affect the purchaser's right to the full refund or credit of such interest or income in the event the payments and interest in trust are released to the purchaser or in the event of a nonguaranteed price agreement, respectively. This provision does not affect the purchaser's right to a total refund of principal and interest or income in the event of nonperformance.

If an agreement pursuant to this section is to be paid in installment payments, the seller shall deposit eighty percent of each payment in trust until the full amount to be trusted has been deposited. If the agreement is financed with or sold to a financial institution, then the agreement shall be considered paid in full and the deposit requirements of this section shall be satisfied within fifteen days after the close of the month of receipt of the funds from the financial institution.

This section does not apply to payments for merchandise delivered to the purchaser. Except for caskets and other types of inner burial containers or concrete burial vaults sold after July 1, 1995, delivery includes storage in a warehouse under the control of

the seller or any other warehouse or storage facility approved by the commissioner when a receipt of ownership in the name of the purchaser is delivered to the purchaser, the merchandise is insured against loss, the merchandise is protected against damage, title has been transferred to the purchaser, the merchandise is appropriately identified and described in a manner that it can be distinguished from other similar items of merchandise, the method of storage allows for visual audits of the merchandise, and the annual reporting requirements of section 523A.2, subsection 1, are satisfied.

2. An agreement may be funded by insurance proceeds derived from a policy issued by an insurance company authorized to conduct business in this state. Such funding may be in lieu of a trust fund if the payments are made directly to the insurance company by the purchaser of the agreement.

523A.2 Deposit of funds — records — examinations — reports.

1. *a.* All funds held in trust under section 523A.1 shall be deposited in a state or federally insured bank, savings and loan association, or credit union authorized to conduct business in this state, or trust department of such bank, savings and loan association, or credit union, or in a trust company authorized to conduct business in this state, within fifteen days after the close of the month of receipt of the funds and shall be held as provided in paragraph “g” for the designated beneficiary until released pursuant to section 523A.1.

b. The seller under an agreement referred to in section 523A.1 shall maintain accurate records of all receipts, expenditures, interest or earnings, and disbursements relating to funds held in trust, and shall make these records available to the commissioner for examination at any reasonable time upon request.

c. The seller under an agreement referred to in section 523A.1 shall file with the commissioner not later than March 1 of each year a report including the following information:

(1) The name and address of the seller and the name and address of the establishment that will provide the funeral services or funeral merchandise.

(2) The balance of each trust account as of the end of the preceding calendar year, identified by the name of the purchaser or the beneficiary, and a report of any amounts withdrawn from trust and the reason for each withdrawal.

(3) A description of insurance funding outstanding at the end of the preceding calendar year, identified by the name of the purchaser or the beneficiary, and a report of any insurance payments received by the seller.

(4) A complete inventory of funeral merchandise delivered in lieu of trusting pursuant to section 523A.1, including the location of the merchandise, serial numbers or warehouse receipt numbers, iden-

tified by the name of the purchaser or the beneficiary, and a verified statement of a certified public accountant that the certified public accountant has conducted a physical inventory of the funeral merchandise and that each item of that merchandise is in the seller's possession at the specified location. The statement shall be on a form prescribed by the commissioner.

(5) The name of the purchaser, beneficiary, and the amount of each agreement referred to in section 523A.1 made in the preceding year and the date on which it was made.

(6) Other information reasonably required by the commissioner for purposes of administration of this chapter.

The report shall be accompanied by a filing fee determined by the commissioner which shall be sufficient to defray the costs of administering this chapter.

d. A financial institution referred to in paragraph “a” shall file notice with the commissioner of all funds deposited under the trust agreement. The notice shall be on forms prescribed by the commissioner and shall be filed not later than March 1 of each year. Each notice shall contain the required information for all deposits made during the previous calendar year. Forms may be obtained from the commissioner.

e. Notwithstanding chapter 22, all records maintained by the commissioner under this subsection shall be confidential and shall not be made available for inspection or copying except upon approval of the commissioner or the attorney general.

f. The financial institution in which trust funds are held shall not be owned or under the control of the seller and shall not use any funds required to be held in trust pursuant to this chapter or chapter 566A to purchase an interest in any contract or agreement to which the seller is a party, or otherwise to invest, directly or indirectly, in the seller's business operations.

g. All funds required to be deposited for a purpose described in section 523A.1 shall be deposited in a manner consistent with one of the following:

(1) The payments will be deposited directly by the purchaser in an irrevocable interest-bearing burial account in the name of the purchaser.

(2) The payments will be deposited directly by the purchaser in a separate account in the name of the purchaser. The account may be made payable to the seller on the death of the purchaser or the designated beneficiary, provided that, until death, the purchaser retains the exclusive power to hold, manage, pledge, and invest the funds in the account and may revoke the trust and withdraw the funds, in whole or in part, at any time.

(3) The payments will be deposited by the purchaser or the seller in a separate burial trust account in the name of the purchaser, as trustee, in trust for the named beneficiary, to be held, invested, and administered as a trust account for the benefit and protection of the person for whose benefit the funds were paid. The depositor shall notify the financial

institution of the existence and terms of the trust, including at a minimum the name of each party to the agreement, the name and address of the trustee, and the name and address of the beneficiary. The account may be made payable to the seller upon the death of the designated beneficiary.

(4) The payments will be deposited in the name of the trustee, as trustee, under the terms of a master trust agreement and the trustee may invest, reinvest, exchange, retain, sell, and otherwise manage the trust fund for the benefit and protection of the person for whose benefit the funds were paid.

In addition to the methods provided for above, the commissioner may by rule authorize other methods of deposit upon a finding that the other method provides equivalent safety of the principal and interest or income and the seller does not have the ability to utilize any of the proceeds prior to performance. Moneys deposited under the master trust agreement may be commingled for investment purposes as long as each deposit includes a detailed listing of the amount deposited in trust for each beneficiary and a separate accounting of each purchaser's principal, interest, and income is maintained. Subject to the master trust agreement, the seller may appoint an independent investment advisor to act in an advisory capacity with the trustee relative to the investment of the trust funds. The trust shall pay the cost of the operation of the trust and any annual audit fees.

The financial institution, or the trust department of the financial institution in which trust funds are held, may serve as trustee to the extent the institution or department has been granted those powers under the laws of this state or the United States. The seller or any officer, director, agent, employee, or affiliate of the seller shall not serve as trustee.

2. In addition to complying with subsection 1, each seller under an agreement referred to in section 523A.1 shall file annually with the commissioner an authorization for the commissioner or a designee to investigate, audit, and verify all funds, accounts, safe-deposit boxes, and other evidence of trust funds held by or in a financial institution.

3. The commissioner shall adopt rules under chapter 17A specifying the form, content, and cost of the forms for the notices and disclosures required by this section, and shall sell blank forms at that cost to any person on request.

4. If a seller under an agreement referred to in section 523A.1 ceases to do business, whether voluntarily or involuntarily, and the obligation to provide the merchandise and services has not been assumed by another funeral home or cemetery holding an establishment permit issued under this chapter, all funds held in trust under section 523A.1, including accrued interest or earnings, shall be repaid to the purchaser under the agreement.

5. The commissioner may require the performance of an audit of the seller's business by a certified public accountant if the commissioner receives reasonable evidence that the seller is not complying

with this chapter. The audit shall be paid for by the seller, and a copy of the report of audit shall be delivered to the commissioner and to the seller.

6. A seller or financial institution that knowingly fails to comply with any requirement of this section or that knowingly submits false information in a document or notice required by this section commits a serious misdemeanor.

7. This chapter does not prohibit the funding of an agreement by insurance proceeds derived from a policy issued by an insurance company authorized to conduct business in this state. The seller of an agreement subject to this chapter which is to be funded by insurance proceeds shall obtain all permits required to be obtained under this chapter and comply with the reporting requirements of this section.

523A.22 Liquidation.

1. *Grounds for liquidation.* Upon receipt of a written request from the board of mortuary science examiners, the commissioner may petition the district court for an order directing the commissioner to liquidate a funeral establishment on any of the following grounds:

a. The funeral establishment did not deposit funds pursuant to section 523A.1 or withdrew funds in a manner inconsistent with this chapter and is insolvent.

b. The funeral establishment did not deposit funds pursuant to section 523A.1 or withdrew funds in a manner inconsistent with this chapter and the condition of the funeral establishment is such that the further transaction of business would be hazardous, financially or otherwise, to its preneed funeral customers or the public.

2. *Liquidation order.*

a. An order to liquidate the business of a funeral establishment shall appoint the commissioner as liquidator and shall direct the liquidator to immediately take possession of the assets of the funeral establishment and to administer them under the general supervision of the court. The liquidator is vested with the title to the property, contracts, and rights of action and the books and records of the funeral establishment ordered liquidated, wherever located, as of the entry of the final order of liquidation. The filing or recording of the order with the clerk of court and the recorder of deeds of the county in which its principal office or place of business is located, or, in the case of real estate with the recorder of deeds of the county where the property is located, is notice as a deed, bill of sale, or other evidence of title duly filed or recorded with the recorder of deeds.

b. Upon issuance of an order, the rights and liabilities of a funeral establishment and of the funeral establishment's creditors, preneed and at-need funeral customers, owners, and other persons interested in the funeral establishment's estate shall become fixed as of the date of the entry of the order of liquidation, except as provided in subsection 14.

c. At the time of petitioning for an order of liquidation, or at any time after the time of petitioning, the commissioner, after making appropriate findings of a funeral establishment's insolvency, may petition the court for a declaration of insolvency. After pro-

viding notice and hearing as it deems proper, the court may make the declaration.

d. An order issued under this section shall require accounting to the court by the liquidator. Accountings, at a minimum, must include all funds received or disbursed by the liquidator during the current period. An accounting shall be filed within one year of the liquidation order and at such other times as the court may require.

e. Within five days after the initiation of an appeal of an order of liquidation, which order has not been stayed, the commissioner shall present for the court's approval a plan for the continued performance of the funeral establishment's obligations during the pendency of an appeal. The plan shall provide for the continued performance of preneed and at-need funeral contracts in the normal course of events, notwithstanding the grounds alleged in support of the order of liquidation including the ground of insolvency. If the defendant funeral establishment's financial condition, in the judgment of the commissioner, will not support the full performance of all obligations during the appeal pendency period, the plan may prefer the claims of certain at-need and preneed funeral customers and claimants over creditors and interested parties as well as other at-need and preneed funeral customers and claimants, as the commissioner finds to be fair and equitable considering the relative circumstances of such at-need and preneed funeral customers and claimants. The court shall examine the plan submitted by the commissioner and if it finds the plan to be in the best interests of the parties, the court shall approve the plan. An action shall not lie against the commissioner or any of the commissioner's deputies, agents, clerks, assistants, or attorneys by any party based on preference in an appeal pendency plan approved by the court.

3. *Powers of liquidator.*

a. The liquidator may do any of the following:

(1) Appoint a special deputy to act for the liquidator under this chapter, and determine the special deputy's reasonable compensation. The special deputy shall have all the powers of the liquidator granted by this section. The special deputy shall serve at the pleasure of the liquidator.

(2) Hire employees and agents, legal counsel, accountants, appraisers, consultants, and other personnel as the commissioner may deem necessary to assist in the liquidation.

(3) With the approval of the court, fix reasonable compensation of employees and agents, legal counsel, accountants, appraisers, and consultants.

(4) Pay reasonable compensation to persons appointed and defray from the funds or assets of the funeral establishment all expenses of taking possession of, conserving, conducting, liquidating, disposing of, or otherwise dealing with the business and property of the funeral establishment. If the property of the funeral establishment does not contain sufficient cash or liquid assets to defray the costs incurred, the commissioner may advance the costs so incurred out

of the insurance division regulatory fund. Amounts so advanced for expenses of administration shall be repaid to the insurance division regulatory fund for the use of the division out of the first available moneys of the funeral establishment.

(5) Hold hearings, subpoena witnesses, and compel their attendance, administer oaths, examine a person under oath, and compel a person to subscribe to the person's testimony after it has been correctly reduced to writing, and in connection to the proceedings require the production of books, papers, records, or other documents which the liquidator deems relevant to the inquiry.

(6) Collect debts and moneys due and claims belonging to the funeral establishment, wherever located. Pursuant to this subparagraph, the liquidator may do any of the following:

(a) Institute timely action in other jurisdictions to forestall garnishment and attachment proceedings against debts.

(b) Perform acts as are necessary or expedient to collect, conserve, or protect its assets or property, including the power to sell, compound, compromise, or assign debts for purposes of collection upon terms and conditions as the liquidator deems best.

(c) Pursue any creditor's remedies available to enforce claims.

(7) Conduct public and private sales of the property of the funeral establishment.

(8) Use assets of the funeral establishment under a liquidation order to transfer obligations of preneed funeral contracts to a solvent funeral establishment, if the transfer can be accomplished without prejudice to applicable priorities under subsection 18.

(9) Acquire, hypothecate, encumber, lease, improve, sell, transfer, abandon, or otherwise dispose of or deal with property of the funeral establishment at its market value or upon terms and conditions as are fair and reasonable. The liquidator shall also have power to execute, acknowledge, and deliver deeds, assignments, releases, and other instruments necessary to effectuate a sale of property or other transaction in connection with the liquidation.

(10) Borrow money on the security of the funeral establishment's assets or without security and execute and deliver documents necessary to that transaction for the purpose of facilitating the liquidation. Money borrowed pursuant to this subparagraph shall be repaid as an administrative expense and shall have priority over any other class 1 claims under the priority of distribution established in subsection 18.

(11) Enter into contracts as necessary to carry out the order to liquidate and affirm or disavow contracts to which the funeral establishment is a party.

(12) Continue to prosecute and to institute in the name of the funeral establishment or in the liquidator's own name any and all suits and other legal proceedings, in this state or elsewhere, and to abandon the prosecution of claims the liquidator deems unprofitable to pursue further.

(13) Prosecute an action on behalf of the creditors, at-need funeral customers, preneed funeral customers, or owners against an officer of the funeral establishment or any other person.

(14) Remove records and property of the funeral establishment to the offices of the commissioner or to other places as may be convenient for the purposes of efficient and orderly execution of the liquidation.

(15) Deposit in one or more banks in this state sums as are required for meeting current administration expenses and distributions.

(16) Unless the court orders otherwise, invest funds not currently needed.

(17) File necessary documents for recording in the office of a recorder of deeds or record office in this state or elsewhere where property of the funeral establishment is located.

(18) Assert defenses available to the funeral establishment as against third persons including statutes of limitations, statutes of fraud, and the defense of usury. A waiver of a defense by the funeral establishment after a petition in liquidation has been filed shall not bind the liquidator.

(19) Exercise and enforce the rights, remedies, and powers of a creditor, at-need funeral customer, preneed funeral customer, or owner, including the power to avoid transfer or lien that may be given by the general law and that is not included within subsections 7 through 9.

(20) Intervene in a proceeding wherever instituted that might lead to the appointment of a receiver or trustee, and act as the receiver or trustee whenever the appointment is offered.

(21) Exercise powers now held or later conferred upon receivers by the laws of this state which are not inconsistent with this chapter.

b. This subsection does not limit the liquidator or exclude the liquidator from exercising a power not listed in paragraph "a" that may be necessary or appropriate to accomplish the purposes of this chapter.

4. Notice to creditors and others.

a. Unless the court otherwise directs, the liquidator shall give notice of the liquidation order as soon as possible by doing all of the following:

(1) By first-class mail to all persons known or reasonably expected to have claims against the funeral establishment, including at-need and preneed funeral customers, by mailing a notice to their last known address as indicated by the records of the funeral establishment.

(2) By publication in a newspaper of general circulation in the county in which the funeral establishment has its principal place of business and in other locations as the liquidator deems appropriate.

b. Notice to potential claimants under paragraph "a" shall require claimants to file with the liquidator their claims together with proper proofs of the claim under subsection 13 on or before a date the liquidator shall specify in the notice. Claimants shall keep the liquidator informed of their changes of address, if any.

c. If notice is given pursuant to this section, the distribution of assets of the funeral establishment

under this chapter shall be conclusive with respect to claimants, whether or not a claimant actually received notice.

5. *Actions by and against liquidator.*

a. After the issuance of an order appointing a liquidator of a funeral establishment, an action at law or equity shall not be brought against the funeral establishment in this state or elsewhere, and existing actions shall not be maintained or further presented after issuance of the order. Whenever in the liquidator's judgment, protection of the estate of the funeral establishment necessitates intervention in an action against the funeral establishment that is pending outside this state, the liquidator may intervene in the action. The liquidator may defend, at the expense of the estate of the funeral establishment, an action in which the liquidator intervenes under this section.

b. Within two years or such additional time as applicable law may permit, the liquidator, after the issuance of an order for liquidation, may institute an action or proceeding on behalf of the estate of the funeral establishment upon any cause of action against which the period of limitation fixed by applicable law has not expired at the time of the filing of the petition upon which the order is entered. If a period of limitation is fixed by agreement for instituting a suit or proceeding upon a claim, or for filing a claim, proof of claim, proof of loss, demand, notice, or the like, or if in a proceeding, judicial or otherwise, a period of limitation is fixed in the proceeding or pursuant to applicable law for taking an action, filing a claim or pleading, or doing an act, and if the period had not expired at the date of the filing of the petition, the liquidator may, for the benefit of the estate, take any action or do any act, required of or permitted to the funeral establishment, within a period of one hundred eighty days subsequent to the entry of an order for liquidation, or within a further period as is shown to the satisfaction of the court not to be unfairly prejudicial to the other party.

c. A statute of limitation or defense of laches shall not run with respect to an action against a funeral establishment between the filing of a petition for liquidation against the funeral establishment and the denial of the petition. An action against the funeral establishment that might have been commenced when the petition was filed may be commenced for at least sixty days after the petition is denied.

6. *Collection and list of assets.*

a. As soon as practicable after the liquidation order but not later than one hundred twenty days after such order, the liquidator shall prepare in duplicate a list of the funeral establishment's assets. The list shall be amended or supplemented as the liquidator may determine. One copy shall be filed in the office of the clerk of court and one copy shall be retained for the liquidator's files. Amendments and supplements shall be similarly filed.

b. The liquidator shall reduce the assets to a degree of liquidity that is consistent with the effective execution of the liquidation.

c. A submission to the court for distribution of assets in accordance with subsection 11 fulfills the requirements of paragraph "a".

7. *Fraudulent transfers prior to petition.*

a. A transfer made and an obligation incurred by a funeral establishment within one year prior to the filing of a successful petition for liquidation under this chapter is fraudulent as to then existing and future creditors if made or incurred without fair consideration, or with actual intent to hinder, delay, or defraud either existing or future creditors. A fraudulent transfer made or an obligation incurred by a funeral establishment ordered to be liquidated under this chapter may be avoided by the receiver, except as to a person who in good faith is a purchaser, lienor, or obligee for a present fair equivalent value. A purchaser, lienor, or obligee, who in good faith has given a consideration less than fair for such transfer, lien, or obligation, may retain the property, lien, or obligation as security for repayment. The court may, on due notice, order any such transfer or obligation to be preserved for the benefit of the estate, and in that event, the receiver shall succeed to and may enforce the rights of the purchaser, lienor, or obligee.

b. (1) A transfer of property other than real property is made when it becomes perfected so that a subsequent lien obtainable by legal or equitable proceedings on a simple contract could not become superior to the rights of the transferee under subsection 9, paragraph "c".

(2) A transfer of real property is made when it becomes perfected so that a subsequent bona fide purchaser from the funeral establishment could not obtain rights superior to the rights of the transferee.

(3) A transfer which creates an equitable lien is not perfected if there are available means by which a legal lien could be created.

(4) A transfer not perfected prior to the filing of a petition for liquidation is deemed to be made immediately before the filing of the successful petition.

(5) This subsection applies whether or not there are or were creditors who might have obtained a lien or persons who might have become bona fide purchasers.

8. *Fraudulent transfer after petition.*

a. After a petition for liquidation has been filed a transfer of real property of the funeral establishment made to a person acting in good faith is valid against the liquidator if made for a present fair equivalent value. If the transfer was not made for a present fair equivalent value, then the transfer is valid to the extent of the present consideration actually paid for which amount the transferee shall have a lien on the property transferred. The commencement of a proceeding in liquidation is constructive notice upon the recording of a copy of the petition for or order of liquidation with the recorder of deeds in the county where any real property in question is located. The exercise by a court of the United States or a state or jurisdiction to authorize a judicial sale of real property of the funeral establishment within a county in a state shall not be impaired by the pendency of a

proceeding unless the copy is recorded in the county prior to the consummation of the judicial sale.

b. After a petition for liquidation has been filed and before either the receiver takes possession of the property of the funeral establishment or an order of liquidation is granted:

(1) A transfer of the property, other than real property, of the funeral establishment made to a person acting in good faith is valid against the receiver if made for a present fair equivalent value. If the transfer was not made for a present fair equivalent value, then the transfer is valid to the extent of the present consideration actually paid for which amount the transferee shall have a lien on the property transferred.

(2) If acting in good faith, a person indebted to the funeral establishment or holding property of the funeral establishment may pay the debt or deliver the property, or any part of the property, to the funeral establishment or upon the funeral establishment's order as if the petition were not pending.

(3) A person having actual knowledge of the pending liquidation is not acting in good faith.

(4) A person asserting the validity of a transfer under this subsection has the burden of proof. Except as provided in this subsection, a transfer by or on behalf of the funeral establishment after the date of the petition for liquidation by any person other than the liquidator is not valid against the liquidator.

c. A person receiving any property from the funeral establishment or any benefit of the property of the funeral establishment which is a fraudulent transfer under paragraph "a" is personally liable for the property or benefit and shall account to the liquidator.

d. This chapter does not impair the negotiability of currency or negotiable instruments.

9. *Voidable preferences and liens.*

a. (1) A preference is a transfer of the property of a funeral establishment to or for the benefit of a creditor for an antecedent debt made or suffered by the funeral establishment within one year before the filing of a successful petition for liquidation under this chapter, the effect of which transfer may be to enable the creditor to obtain a greater percentage of this debt than another creditor of the same class would receive. If a liquidation order is entered while the funeral establishment is already subject to a receivership, then the transfers are preferences if made or suffered within one year before the filing of the successful petition for the receivership, or within two years before the filing of the successful petition for liquidation, whichever time is shorter.

(2) A preference may be avoided by the liquidator if any of the following exist:

(a) The funeral establishment was insolvent at the time of the transfer.

(b) The transfer was made within four months before the filing of the petition.

(c) At the time the transfer was made, the creditor receiving it or to be benefited by the transfer or the creditor's agent acting with reference to the

transfer had reasonable cause to believe that the funeral establishment was insolvent or was about to become insolvent.

(d) The creditor receiving the transfer was an officer, or an employee, attorney, or other person who was in fact in a position of comparable influence in the funeral establishment to an officer whether or not the person held the position of an officer, owner, or other person, firm, corporation, association, or aggregation of persons with whom the funeral establishment did not deal at arm's length.

(3) Where the preference is voidable, the liquidator may recover the property. If the property has been converted, the liquidator may recover its value from a person who has received or converted the property. However, if a bona fide purchaser or lienor has given less than fair equivalent value, the purchaser or lienor shall have a lien upon the property to the extent of the consideration actually given. Where a preference by way of lien or security interest is voidable, the court may on due notice order the lien or security interest to be preserved for the benefit of the estate, in which event the lien or title shall pass to the liquidator.

b. (1) A transfer of property other than real property is made when it becomes perfected so that a subsequent lien obtainable by legal or equitable proceedings on a simple contract could not become superior to the rights of the transferee.

(2) A transfer of real property is made when it becomes perfected so that a subsequent bona fide purchaser from the funeral establishment could not obtain rights superior to the rights of the transferee.

(3) A transfer which creates an equitable lien is not perfected if there are available means by which a legal lien could be created.

(4) A transfer not perfected prior to the filing of a petition for liquidation is deemed to be made immediately before the filing of the successful petition.

(5) This subsection applies whether or not there are or were creditors who might have obtained liens or persons who might have become bona fide purchasers.

c. (1) A lien obtainable by legal or equitable proceedings upon a simple contract is one arising in the ordinary course of the proceedings upon the entry or docketing of a judgment or decree, or upon attachment, garnishment, execution, or like process, whether before, upon, or after judgment or decree and whether before or upon levy. It does not include liens which under applicable law are given a special priority over other liens which are prior in time.

(2) A lien obtainable by legal or equitable proceedings could become superior to the rights of a transferee, or a purchaser could obtain rights superior to the rights of a transferee within the meaning of paragraph "b", if such consequences would follow only from the lien or purchase itself, or from the lien or purchase followed by a step wholly within the control of the respective lienholder or purchaser, with or without the aid of ministerial action by public officials. However, a lien could not become superior

and a purchase could not create superior rights for the purpose of paragraph "b" through an act subsequent to the obtaining of a lien or subsequent to a purchase which requires the agreement or concurrence of any third party or which requires further judicial action or ruling.

d. A transfer of property for or on account of a new and contemporaneous consideration, which is under paragraph "b" made or suffered after the transfer because of delay in perfecting it, does not become a transfer for or on account of an antecedent debt if any acts required by the applicable law to be performed in order to perfect the transfer as against liens or a bona fide purchaser's rights are performed within twenty-one days or any period expressly allowed by the law, whichever is less. A transfer to secure a future loan, if a loan is actually made, or a transfer which becomes security for a future loan, shall have the same effect as a transfer for or on account of a new and contemporaneous consideration.

e. If a lien voidable under paragraph "a", subparagraph (2), has been dissolved by the furnishing of a bond or other obligation, the surety on which has been indemnified directly or indirectly by the transfer or the creation of a lien upon property of a funeral establishment before the filing of a petition under this chapter which results in a liquidation order, the indemnifying transfer or lien is also voidable.

f. The property affected by a lien voidable under paragraphs "a" and "e" is discharged from the lien. The property and any of the indemnifying property transferred to or for the benefit of a surety shall pass to the liquidator. However, the court may on due notice order a lien to be preserved for the benefit of the estate and the court may direct that the conveyance be executed to evidence the title of the liquidator.

g. The court shall have summary jurisdiction of a proceeding by the liquidator to hear and determine the rights of the parties under this section. Reasonable notice of hearing in the proceeding shall be given to all parties in interest, including the obligee of a releasing bond or other like obligation. Where an order is entered for the recovery of indemnifying property in kind or for the avoidance of an indemnifying lien, upon application of any party in interest, the court shall in the same proceeding ascertain the value of the property or lien. If the value is less than the amount for which the property is indemnified or less than the amount of the lien, the transferee or lienholder may elect to retain the property or lien upon payment of its value, as ascertained by the court, to the liquidator within the time as fixed by the court.

h. The liability of a surety under a releasing bond or other like obligation is discharged to the extent of the value of the indemnifying property recovered or the indemnifying lien nullified and avoided by the liquidator. Where the property is retained under paragraph "g", the liability of the surety is discharged to the extent of the amount paid to the liquidator.

i. If a creditor has been preferred for property which becomes a part of the funeral establishment's

estate, and afterward in good faith gives the funeral establishment further credit without security of any kind, the amount of the new credit remaining unpaid at the time of the petition may be set off against the preference which would otherwise be recoverable from the creditor.

j. If within four months before the filing of a successful petition for liquidation under this chapter, or at any time in contemplation of a proceeding to liquidate, a funeral establishment, directly or indirectly, pays money or transfers property to an attorney for services rendered or to be rendered, the transaction may be examined by the court on its own motion or shall be examined by the court on petition of the liquidator. The payment or transfer shall be held valid only to the extent of a reasonable amount to be determined by the court. The excess may be recovered by the liquidator for the benefit of the estate. However, where the attorney is in a position of influence in the funeral establishment or an affiliate, payment of any money or the transfer of any property to the attorney for services rendered or to be rendered shall be governed by the provision of paragraph "a", subparagraph (2), subparagraph subdivision (d).

k. (1) An officer, manager, employee, shareholder, subscriber, attorney, or any other person acting on behalf of the funeral establishment who knowingly participates in giving any preference when the person has reasonable cause to believe the funeral establishment is or is about to become insolvent at the time of the preference is personally liable to the liquidator for the amount of the preference. There is an inference that reasonable cause exists if the transfer was made within four months before the date of filing of this successful petition for liquidation.

(2) A person receiving property from the funeral establishment or the benefit of the property of the funeral establishment as a preference voidable under paragraph "a" is personally liable for the property and shall account to the liquidator.

(3) This subsection shall not prejudice any other claim by the liquidator against any person.

10. *Claims of holder of void or voidable rights.*

a. A claim of a creditor who has received or acquired a preference, lien, conveyance, transfer, assignment, or encumbrance, voidable under this chapter, shall not be allowed unless the creditor surrenders the preference, lien, conveyance, transfer, assignment, or encumbrance. If the avoidance is effected by a proceeding in which a final judgment has been entered, the claim shall not be allowed unless the money is paid or the property is delivered to the liquidator within thirty days from the date of the entering of the final judgment. However, the court having jurisdiction over the liquidation may allow further time if there is an appeal or other continuation of the proceeding.

b. A claim allowable under paragraph "a" by reason of a voluntary or involuntary avoidance, preference, lien, conveyance, transfer, assignment, or encumbrance may be filed as an excused late filing

under subsection 12, if filed within thirty days from the date of the avoidance or within the further time allowed by the court under paragraph "a".

11. *Liquidator's proposal to distribute assets.*

a. From time to time as assets become available, the liquidator shall make application to the court for approval of a proposal to disburse assets out of marshaled assets.

b. The proposal shall at least include provisions for all of the following:

(1) Reserving amounts for the payment of all the following:

(a) Expenses of administration.

(b) To the extent of the value of the security held, the payment of claims of secured creditors.

(c) Claims falling within the priorities established in subsection 18, paragraphs "a" and "b".

(2) Disbursement of the assets marshaled to date and subsequent disbursement of assets as they become available.

c. Action on the application may be taken by the court provided that the liquidator's proposal complies with paragraph "b".

12. *Filing of claims.*

a. Proof of all claims shall be filed with the liquidator in the form required by subsection 13 on or before the last day for filing specified in the notice required under subsection 4.

b. The liquidator may permit a claimant making a late filing to share in distributions, whether past or future, as if the claimant were not late, to the extent that the payment will not prejudice the orderly administration of the liquidation under any of the following circumstances:

(1) The existence of the claim was not known to the claimant and that the claimant filed the claim as promptly as reasonably possible after learning of it.

(2) A transfer to a creditor was avoided under subsections 7 through 9, or was voluntarily surrendered under subsection 10, and that the filing satisfies the conditions of subsection 10.

(3) The valuation under subsection 17 of security held by a secured creditor shows a deficiency, which is filed within thirty days after the valuation.

c. The liquidator may consider any claim filed late and permit the claimant to receive distributions which are subsequently declared on any claims of the same or lower priority if the payment does not prejudice the orderly administration of the liquidation. The late-filing claimant shall receive at each distribution the same percentage of the amount allowed on the claim as is then being paid to claimants of any lower priority. This shall continue until the claim has been paid in full.

13. *Proof of claim.*

a. Proof of claim shall consist of a statement signed by the claimant that includes all of the following that are applicable:

(1) The particulars of the claim, including the consideration given for it.

(2) The identity and amount of the security on the claim.

(3) The payments, if any, made on the debt.

(4) A statement that the sum claimed is justly owing and that there is no setoff, counterclaim, or defense to the claim.

(5) Any right of priority of payment or other specific right asserted by the claimant.

(6) A copy of the written instrument which is the foundation of the claim.

(7) The name and address of the claimant and the attorney who represents the claimant, if any.

b. A claim need not be considered or allowed if it does not contain all the information identified in paragraph "a" which is applicable. The liquidator may require that a prescribed form be used and may require that other information and documents be included.

c. At any time the liquidator may request the claimant to present information or evidence supplementary to that required under paragraph "a", and may take testimony under oath, require production of affidavits or depositions, or otherwise obtain additional information or evidence.

d. A judgment or order against a funeral establishment entered after the date of filing of a successful petition for liquidation, or a judgment or order against the funeral establishment entered at any time by default or by collusion need not be considered as evidence of liability or of the amount of damages. A judgment or order against a funeral establishment before the filing of the petition need not be considered as evidence of liability or of the amount of damages.

14. *Special claims.*

a. A claim may be allowed even if contingent, if it is filed pursuant to subsection 12. The claim may be allowed and the claimant may participate in all distributions declared after it is filed to the extent that it does not prejudice the orderly administration of the liquidation.

b. Claims that are due except for the passage of time shall be treated as absolute claims are treated. However, the claims may be discounted at the legal rate of interest.

c. Claims made under employment contracts by directors, principal officers, or persons in fact performing similar functions or having similar powers are limited to payment for services rendered prior to the issuance of an order of liquidation under subsection 2.

15. *Disputed claims.*

a. If a claim is denied in whole or in part by the liquidator, written notice of the determination shall be given to the claimant or the claimant's attorney by first-class mail at the address shown in the proof of claim. Within sixty days from the mailing of the notice, the claimant may file objections with the liquidator. Unless a filing is made, the claimant shall not further object to the determination.

b. If objections are filed with the liquidator and the liquidator does not alter the denial of the claim as a result of the objections, the liquidator shall ask the court for a hearing as soon as practicable and give notice of the hearing by first-class mail to the claim-

ant or the claimant's attorney and to any other persons directly affected. The notice shall be given not less than ten nor more than thirty days before the date of the hearing. The matter shall be heard by the court or by a court-appointed referee. The referee shall submit findings of fact along with a recommendation.

16. *Claims of other person.* If a creditor, whose claim against a funeral establishment is secured in whole or in part by the undertaking of another person, fails to prove and file that claim, then the other person may do so in the creditor's name and shall be subrogated to the rights of the creditor, whether the claim has been filed by the creditor or by the other person in the creditor's name to the extent that the other person discharges the undertaking. However, in the absence of an agreement with the creditor to the contrary, the other person is not entitled to any distribution until the amount paid to the creditor on the undertaking plus the distributions paid on the claim from the funeral establishment's estate to the creditor equal the amount of the entire claim of the creditor. An excess received by the creditor shall be held by the creditor in trust for the other person.

17. *Secured creditor's claims.*

a. The value of security held by a secured creditor shall be determined in one of the following ways, as the court may direct:

(1) By converting the security into money according to the terms of the agreement pursuant to which the security was delivered to the creditors.

(2) By agreement, arbitration, compromise, or litigation between the creditor and the liquidator.

b. The determination shall be under the supervision and control of the court with due regard for the recommendation of the liquidator. The amount so determined shall be credited upon the secured claim. A deficiency shall be treated as an unsecured claim. If the claimant surrenders the security to the liquidator, the entire claim shall be allowed as if unsecured.

18. *Priority of distribution.* The priority of distribution of claims from the funeral establishment's estate shall be in accordance with the order in which each class of claims is set forth. Claims in each class shall be paid in full or adequate funds retained for the payment before the members of the next class receive any payment. Subclasses shall not be established within a class. The order of distribution of claims is as follows:

a. *Class 1.* The costs and expenses of administration, including but not limited to the following:

(1) The actual and necessary costs of preserving or recovering the assets of the funeral establishment.

(2) Compensation for all authorized services rendered in the liquidation.

(3) Necessary filing fees.

(4) The fees and mileage payable to witnesses.

(5) Authorized reasonable attorney's fees and other professional services rendered in the liquidation.

b. *Class 2.* Reasonable compensation to employees for services performed to the extent that they do not exceed two months of monetary compensation

and represent payment for services performed within one year before the filing of the petition for liquidation. Officers and directors are not entitled to the benefit of this priority. The priority is in lieu of other similar priority which may be authorized by law as to wages or compensation of employees.

c. *Class 3.* Claims under at-need and preneed funeral contracts.

d. *Class 4.* Claims of general creditors.

e. *Class 5.* Claims of the federal or any state or local government. Claims, including those of a governmental body for a penalty or forfeiture, are allowed in this class only to the extent of the pecuniary loss sustained from the act, transaction, or proceeding out of which the penalty or forfeiture arose, with reasonable and actual costs incurred. The remainder of such claims shall be postponed to the class of claims under paragraph "g".

f. *Class 6.* Claims filed late or any other claims other than claims under paragraph "g".

g. *Class 7.* The claims of shareholders or other owners.

19. *Liquidator's recommendations to the court.*

a. The liquidator shall review claims duly filed in the liquidation and shall make further investigation as necessary. The liquidator may compound, compromise, or in any other manner negotiate the amount for which claims will be recommended to the court except where the liquidator is required by law to accept claims as settled by a person or organization. Unresolved disputes shall be determined under subsection 15. As soon as practicable, the liquidator shall present to the court a report of the claims against the funeral establishment with the liquidator's recommendations. The report shall include the name and address of each claimant and the amount of the claim finally recommended.

b. The court may approve, disapprove, or modify the report on claims by the liquidator. Reports not modified by the court within sixty days following submission by the liquidator shall be treated by the liquidator as allowed claims, subject to later modification or to rulings made by the court pursuant to subsection 15. A claim under a policy of insurance shall not be allowed for an amount in excess of the applicable policy limits.

20. *Distribution of assets.* Under the direction of the court, the liquidator shall pay distributions in a manner that will assure the proper recognition of priorities and a reasonable balance between the expeditious completion of the liquidation and the protection of unliquidated and undetermined claims, including third-party claims. Distribution of assets in kind may be made at valuations set by agreement between the liquidator and the creditor and approved by the court.

21. *Unclaimed and withheld funds.*

a. Unclaimed funds subject to distribution remaining in the liquidator's hands when the liquidator is ready to apply to the court for discharge, including the amount distributable to a creditor, owner, or other person who is unknown or cannot be

found, shall be deposited with the treasurer of state, and shall be paid without interest, except as provided in subsection 18, to the person entitled or the person's legal representative upon proof satisfactory to the treasurer of state of the right to the funds. An amount on deposit not claimed within six years from the discharge of the liquidator is deemed to have been abandoned and shall become the property of the state without formal escheat proceedings and be transferred to the insurance division regulatory fund.

b. Funds withheld under subsection 14 and not distributed shall upon discharge of the liquidator be deposited with the treasurer of state and paid pursuant to subsection 18. Sums remaining which under subsection 18 would revert to the undistributed assets of the funeral establishment shall be transferred to the insurance division regulatory fund and become the property of the state as provided under paragraph "a", unless the commissioner in the commissioner's discretion petitions the court to reopen the liquidation pursuant to subsection 23.

c. Notwithstanding any other provision of this chapter, funds as identified in paragraph "a", with the approval of the court, shall be made available to the commissioner for use in the detection and prevention of future insolvencies. The commissioner shall hold these funds in the insurance division regulatory fund and shall pay without interest, except as provided in subsection 18, to the person entitled to the funds or the person's legal representative upon proof satisfactory to the commissioner of the person's right to the funds. The funds shall be held by the commissioner for a period of two years at which time the rights and duties to the unclaimed funds shall vest in the commissioner.

22. *Termination of proceedings.*

a. When all assets justifying the expense of collection and distribution have been collected and distributed under this chapter, the liquidator shall apply to the court for discharge. The court may grant the discharge and make any other orders, including an order to transfer remaining funds that are uneconomical to distribute, as appropriate.

b. Any other person may apply to the court at any time for an order under paragraph "a". If the appli-

cation is denied, the applicant shall pay the costs and expenses of the liquidator in resisting the application, including a reasonable attorney's fee.

23. *Reopening liquidation.* At any time after the liquidation proceeding has been terminated and the liquidator discharged, the commissioner or other interested party may petition the court to reopen the proceedings for good cause including the discovery of additional assets. The court shall order the proceeding reopened if it is satisfied that there is justification for the reopening.

24. *Disposition of records during and after termination of liquidation.* If it appears to the commissioner that the records of a funeral establishment in process of liquidation or completely liquidated are no longer useful, the commissioner may recommend to the court and the court shall direct what records shall be retained for future reference and what records shall be destroyed.

25. *External audit of receiver's books.* The court may order audits to be made of the books of the commissioner relating to a receivership established under this chapter, and a report of each audit shall be filed with the commissioner and with the court. The books, records, and other documents of the receivership shall be made available to the auditor at any time without notice. The expense of an audit shall be considered a cost of administration of the receivership.

NEW section

523A.23 Minimum fidelity bond or insurance policy.

The seller, in connection with an offer or sale of an agreement referred to in section 523A.1, shall obtain and maintain at all times a fidelity bond or insurance policy covering losses resulting from dishonest or fraudulent acts committed by employees of the seller which cause a loss, theft, or misappropriation of cash, property, or a negotiable instrument submitted to the seller pursuant to the agreement. The fidelity bond or insurance policy must be maintained in an amount not less than fifty thousand dollars.

95 Acts, ch 149, §11
NEW section

CHAPTER 523E

CEMETERY MERCHANDISE

523E.1 Trust fund established — insurance.

1. If an agreement is made by a person to furnish, upon the future death of a person named or implied in the agreement, cemetery merchandise, a minimum of one hundred twenty-five percent of the wholesale cost of the cemetery merchandise, based upon the current advertised prices available from a manufacturer or wholesaler who has delivered the same or substantially the same type of merchandise

to the seller during the last twelve months, shall be and remain trust funds until purchase of the merchandise or the occurrence of the death of the person for whose benefit the funds were paid, unless the funds are sooner released to the person making the payment by mutual consent of the parties. Payments otherwise subject to this section are not exempt merely because they are held in certificates of deposit. The commissioner may adopt rules to prohibit

the commingling of trust funds with other funds of the seller.

2. The seller shall keep copies of all price advertisements upon which the seller relies to determine the wholesale cost. The copies of price advertisements so maintained shall be made available to the commissioner upon request. The seller shall review wholesale costs no less than annually and make additional deposits as necessary to assure that the amount held in trust is always equal to or in excess of one hundred twenty-five percent of the wholesale cost of the merchandise. The seller and the manufacturer or wholesaler upon whose price the seller relies to determine the wholesale cost shall not be commonly owned or affiliated.

3. Interest or income earned on amounts deposited in trust under this subsection shall remain in trust under the same terms and conditions as the payments made under the agreement and purchasers shall have a right to a total refund of principal and interest or income in the event of nonperformance.

4. If an agreement subject to this subsection is to be paid in installment payments, the seller shall deposit fifty percent of each payment in trust until the full amount to be trusted has been deposited. If the agreement is financed with or sold to a financial institution, the agreement shall be considered paid in full and the deposit requirements of this section shall be satisfied within fifteen days after the close of the month of receipt of the funds from the financial institution.

5. An agreement may be funded by insurance proceeds derived from a policy issued by an insurance company authorized to conduct business in this state. Such funding may be in lieu of a trust fund if the payments are made directly to the insurance company by the purchaser of the agreement.

6. This section does not apply to payments for merchandise delivered to the purchaser. Delivery includes storage in a warehouse under the control of the seller or any other warehouse or storage facility approved by the commissioner when a receipt of ownership in the name of the purchaser is delivered to the purchaser, the merchandise is insured against loss, the merchandise is protected against damage, title has been transferred to the purchaser, the merchandise is appropriately identified and described in a manner that it can be distinguished from other similar items of merchandise unless this identification requirement with respect to bronze merchandise is waived by the commissioner by rule, the method of storage allows for visual audits of the merchandise, and the annual reporting requirements of section 523E.2, subsection 1, are satisfied.

c. The seller under an agreement referred to in section 523E.1 shall file with the commissioner not later than March 1 of each year a report including the following information:

(1) The name and address of the seller and the name and address of the establishment that will provide the cemetery merchandise.

(2) The balance of each trust account as of the end of the immediately preceding calendar year, identified by the name of the purchaser or the beneficiary, and a report of any amounts withdrawn from trust and the reason for each withdrawal.

(4) A complete inventory of cemetery merchandise delivered in lieu of trusting pursuant to section 523E.1, including the location of the merchandise, serial numbers or warehouse receipt numbers, identified by the name of the purchaser or the beneficiary, and a verified statement of a certified public accountant that the certified public accountant has conducted a physical inventory of the cemetery merchandise and that each item of that merchandise is in the seller's possession at the specified location. The statement shall be on a form prescribed by the commissioner.

(5) The name of the purchaser, beneficiary, and the amount of each agreement referred to in section 523E.1 made in the preceding year and the date on which it was made.

(6) Other information reasonably required by the commissioner for purposes of administration of this chapter.

The report shall be accompanied by a filing fee determined by the commissioner which shall be sufficient to defray the costs of administering this chapter.

d. A financial institution referred to in paragraph "a" shall file notice with the commissioner of all funds deposited under the trust agreement. The notice shall be on forms prescribed by the commissioner and shall be filed not later than March 1 of each year. Each notice shall contain the required information for all deposits made during the previous calendar year. Forms may be obtained from the commissioner.

e. Notwithstanding chapter 22, all records maintained by the commissioner under this subsection shall be confidential and shall not be made available for inspection or copying except upon approval of the commissioner or the attorney general.

f. The financial institution in which trust funds are held shall not be owned or under the control of the seller and shall not use any funds required to be held in trust pursuant to this chapter or chapter 566A to purchase an interest in any contract or agreement to which the seller is a party, or otherwise to invest, directly or indirectly, in the seller's business operations.

g. All funds required to be deposited for a purpose described in section 523E.1 shall be deposited in a manner consistent with one of the following:

(1) The payments shall be deposited directly by the purchaser in an irrevocable interest-bearing burial account in the name of the purchaser.

(2) The payments shall be deposited directly by the purchaser in a separate account in the name of the purchaser. The account may be made payable to the seller on the death of the purchaser or the designated beneficiary, provided that, until death, the purchaser retains the exclusive power to hold, manage, pledge, and invest the funds in the account and may revoke the trust and withdraw the funds, in whole or in part, at any time.

(3) The payments shall be deposited by the purchaser or the seller in a separate burial trust account in the name of the purchaser, as trustee, in trust for the named beneficiary, to be held, invested, and administered as a trust account for the benefit and protection of the person for whose benefit the funds were paid. The depositor shall notify the financial institution of the existence and terms of the trust, including at a minimum the name of each party to the agreement, the name and address of the trustee, and the name and address of the beneficiary. The account may be made payable to the seller upon death of the designated beneficiary.

(4) The payments shall be deposited in the name of the trustee, as trustee, under the terms of a master trust agreement and the trustee may invest, reinvest, exchange, retain, sell, and otherwise manage the trust fund for the benefit and protection of the person for whose benefit the funds were paid.

In addition to the methods provided for in this section, the commissioner may by rule authorize other methods of deposit upon a finding that that method provides equivalent safety of the principal and interest or income and the seller does not have the ability to utilize any of the proceeds prior to performance. Money deposited under the master trust agreement may be commingled for investment purposes as long as each deposit includes a detailed listing of the amount deposited in trust for each beneficiary and a separate accounting of each purchaser's principal, interest, and income is maintained. Subject to the master trust agreement, the seller may appoint an independent investment advisor to act in an advisory capacity with the trustee

relative to the investment of the trust funds. The trust shall pay the cost of the operation of the trust and any annual audit fees.

The financial institution, or the trust department of the financial institution, in which trust funds are held may serve as trustee to the extent that the organization has been granted those powers under the laws of this state or the United States. The seller or any officer, director, agent, employee, or affiliate of the seller shall not serve as trustee.

2. In addition to complying with subsection 1, each seller under an agreement referred to in section 523E.1 shall file annually with the commissioner an authorization for the commissioner or a designee to investigate, audit, and verify all funds, accounts, safe-deposit boxes, and other evidence of trust funds held by or in a financial institution.

3. The commissioner shall adopt rules under chapter 17A specifying the form, content, and cost of the forms for the notices and disclosures required by this section, and shall sell blank forms at that cost to any person on request.

4. If a seller under an agreement referred to in section 523E.1 ceases to do business, whether voluntarily or involuntarily, and the obligation to provide the merchandise and services has not been assumed by another funeral home or cemetery holding an establishment permit issued under this chapter, all funds held in trust under section 523E.1, including accrued interest or earnings, shall be repaid to the purchaser under the agreement.

5. The commissioner may require the performance of an audit of the seller's business by a certified public accountant if the commissioner receives reasonable evidence that the seller is not complying with this chapter. The audit shall be paid for by the seller, and a copy of the report of audit shall be delivered to the commissioner and to the seller.

6. This chapter does not prohibit the funding of an agreement by insurance proceeds derived from a policy issued by an insurance company authorized to conduct business in this state. The seller of an agreement subject to this chapter which is to be funded by insurance proceeds shall obtain all permits required to be obtained under this chapter and comply with the reporting requirements of this section.

CHAPTER 523H

FRANCHISES

523H.2 Applicability.

This chapter applies to a new or existing franchise that is operated in the state of Iowa. For purposes of this chapter, the franchise is operated in this state only if the premises from which the franchise is operated is physically located in this state. For purposes of this chapter, a franchise including marketing rights in or to this state, is deemed to be operated in this state only if the franchisee's principal business office is physically located in this state. This chapter does not apply to a franchise solely because an agreement relating to the franchise provides that the agreement is subject to or governed by the laws of this state. The provisions of this chapter do not apply to any existing or future contracts between Iowa franchisors and franchisees who operate franchises located out of state.

95 Acts, ch 117, §1
Section amended

523H.5 Transfer of franchise.

1. A franchisee may transfer the franchised business and franchise to a transferee, provided that the transferee satisfies the reasonable current qualifications of the franchisor for new franchisees. For the purposes of this section, a reasonable current qualification for a new franchisee is a qualification based

upon a legitimate business reason. If the proposed transferee does not meet the reasonable current qualifications of the franchisor, the franchisor may refuse to permit the transfer, provided that the refusal of the franchisor to consent to the transfer is not arbitrary or capricious.

2. Except as otherwise provided in this section, a franchisor may exercise a right of first refusal contained in a franchise agreement after receipt of a proposal from the franchisee to transfer the franchise.

3. A franchisor may require as a condition of a transfer any of the following:

a. That the transferee successfully complete a reasonable training program.

b. That a reasonable transfer fee be paid to reimburse the franchisor for the franchisor's reasonable and actual expenses directly attributable to the transfer.

c. That the franchisee pay or make provision reasonably acceptable to the franchisor to pay any amount due the franchisor or the franchisor's affiliate.

d. That the financial terms of the transfer comply at the time of the transfer with the franchisor's current financial requirements for franchisees.

4. A franchisee may transfer the franchisee's interest in the franchise, for the unexpired term of the

franchise agreement, and a franchisor shall not require the franchisee or the transferee to enter into a new or different franchise agreement as a condition of the transfer.

5. A franchisee shall give the franchisor no less than sixty days' written notice of a transfer which is subject to the provisions of this section, and on request from the franchisor shall provide in writing the ownership interests of all persons holding or claiming an equitable or beneficial interest in the franchise subsequent to the transfer or the franchisee, as appropriate. A franchisee shall not circumvent the intended effect of a contractual provision governing the transfer of the franchise or an interest in the franchise by means of a management agreement, lease, profit-sharing agreement, conditional assignment, or other similar device.

6. A franchisor shall not transfer its interest in a franchise unless the franchisor makes reasonable provision for the performance of the franchisor's obligations under the franchise agreement by the transferee. For purposes of this subsection, "*reasonable provision*" means that upon the transfer, the entity assuming the franchisor's obligations has the financial means to perform the franchisor's obligations in the ordinary course of business, but does not mean that the franchisor transferring the franchise is required to guarantee obligations of the underlying franchise agreement.

7. A transfer by a franchisee is deemed to be approved sixty days after the franchisee submits the request for consent to the transfer unless the franchisor withholds consent to the transfer as evidenced in writing, specifying the reason or reasons for withholding the consent. The written notice must be delivered to the franchisee prior to the expiration of the sixty-day period. Any such notice is privileged and is not actionable based upon a claim of defamation.

8. A franchisor shall not discriminate against a proposed transferee of a franchise on the basis of race, color, national origin, religion, sex, or disability.

9. A franchisor, as a condition to a transfer of a franchise, shall not obligate a franchisee to undertake obligations or relinquish any rights unrelated to the franchise proposed to be transferred, or to enter into a release of claims broader than a similar release of claims by the franchisor against the franchisee which is entered into by the franchisor.

10. A franchisor, after a transfer of a franchise, shall not seek to enforce any covenant of the transferred franchise against the transferor which prohibits the transferor from engaging in any lawful occupation or enterprise. However, this subsection does not prohibit the franchisor from enforcing a contractual covenant against the transferor not to exploit the franchisor's trade secrets or intellectual property rights, unless otherwise agreed to by the parties.

11. For purposes of this section, "*transfer*" means any change in ownership or control of a franchise, franchised business, or a franchisee.

12. The following occurrences shall not be considered transfers requiring the consent of the franchisor under a franchise agreement, and shall not result in the imposition of any penalties or make applicable any right of first refusal by the franchisor:

a. The succession of ownership of a franchise upon the death or disability of a franchisee, or of an owner of a franchise, to the surviving spouse, heir, or a partner active in the management of the franchisee unless the successor fails to meet within one year the then current reasonable qualifications of the franchisor for franchisees and the enforcement of the reasonable current qualifications is not arbitrary or capricious.

b. Incorporation of a proprietorship franchisee, provided that such incorporation does not prohibit a franchisor from requiring a personal guaranty by the franchisee of obligations related to the franchise.

c. A transfer within an existing ownership group of a franchise provided that more than fifty percent of the franchise is held by persons who meet the franchisor's reasonable current qualifications for franchisees. If less than fifty percent of the franchise would be owned by persons who meet the franchisor's reasonable current qualifications, the franchisor may refuse to authorize the transfer, provided that enforcement of the reasonable current qualifications is not arbitrary or capricious.

d. A transfer of less than a controlling interest in the franchise to the franchisee's spouse or child or children, provided that more than fifty percent of the entire franchise is held by those who meet the franchisor's reasonable current qualifications. If less than fifty percent of the franchise would be owned by persons who meet the franchisor's reasonable current qualifications, the franchisor may refuse to authorize the transfer, provided that enforcement of the reasonable current qualifications is not arbitrary or capricious.

e. A transfer of less than a controlling interest in the franchise of an employee stock ownership plan, or employee incentive plan, provided that more than fifty percent of the entire franchise is held by those who meet the franchisor's reasonable current qualifications for franchisees. If less than fifty percent would be owned by persons who meet the franchisor's reasonable current qualifications, the franchisor may refuse to authorize the transfer, provided that enforcement of the reasonable current qualifications is not arbitrary or capricious.

f. A grant or retention of a security interest in the franchised business or its assets, or an ownership interest in the franchisee, provided the security agreement establishes an obligation on the part of the secured party enforceable by the franchisor to give the franchisor notice of the secured party's intent to foreclose on the collateral simultaneously with notice to the franchisee, and a reasonable opportunity to redeem the interests of the secured party and recover the secured party's interest in the franchise or franchised business by paying the secured obligation.

13. A franchisor shall not interfere or attempt to interfere with any disposition of an interest in a franchise or franchised business as described in subsection 12, paragraphs "a" through "f".

95 Acts, ch 117, §2
Section amended

523H.6 Encroachment.

1. If a franchisor develops, or grants to a franchisee the right to develop, a new outlet or location which sells essentially the same goods or services under the same trademark, service mark, trade name, logotype, or other commercial symbol as an existing franchisee and the new outlet or location has an adverse effect on the gross sales of the existing franchisee's outlet or location, the existing adversely affected franchisee has a cause of action for monetary damages in an amount calculated pursuant to subsection 3, unless any of the following apply:

a. The franchisor has first offered the new outlet or location to the existing franchisee on the same basic terms and conditions available to the other potential franchisee, or, if the new outlet or location is to be owned by the franchisor, on the terms and conditions that would ordinarily be offered to a franchisee for a similarly situated outlet or location.

b. The adverse impact on the existing franchisee's annual gross sales, based on a comparison to the annual gross sales from the existing outlet or location during the twelve-month period immediately preceding the opening of the new outlet or location, is determined to have been less than five percent during the first twelve months of operation of the new outlet or location.

c. The existing franchisee, at the time the franchisor develops, or grants to a franchisee the right to develop, a new outlet or location, is not in compliance with the franchisor's then current reasonable criteria for eligibility for a new franchise. A franchisee determined to be ineligible pursuant to this paragraph shall be afforded the opportunity to seek compensation pursuant to the formal procedure established under paragraph "d", subparagraph (2). Such procedure shall be the franchisee's exclusive remedy.

d. The franchisor has established both of the following:

(1) A formal procedure for hearing and acting upon claims by an existing franchisee with regard to a decision by the franchisor to develop, or grant to a franchisee the right to develop, a new outlet or location, prior to the opening of the new outlet or location.

(2) A reasonable formal procedure for awarding compensation or other form of consideration to a franchisee to offset all or a portion of the franchisee's lost profits caused by the establishment of the new outlet or location. The procedure shall involve, at the option of the franchisee, one of the following:

(a) A panel, comprised of an equal number of members selected by the franchisee and the franchisor, and one additional member to be selected unilaterally by the members selected by the franchisee and the franchisor.

(b) A neutral third-party mediator or an arbitrator with the authority to make a decision or award in accordance with the formal procedure. The procedure shall be deemed reasonable if approved by a majority of the franchisor's franchisees in the United States, either individually or by an elected representative body.

(c) Arbitration of any dispute before neutral arbitrators pursuant to the rules of the American arbitration association. The award of an arbitrator pursuant to this subparagraph subdivision is subject to judicial review pursuant to chapter 679A.

2. A franchisor shall establish and make available to its franchisees a written policy setting forth its reasonable criteria to be used by the franchisor to determine whether an existing franchisee is eligible for a franchise for an additional outlet or location.

3. a. In establishing damages under a cause of action brought pursuant to this section, the franchisee has the burden of proving the amount of lost profits attributable to the compensable sales. In any action brought under this section, the damages payable shall be limited to no more than three years of the proven lost profits. For purposes of this subsection, "compensable sales" means the annual gross sales from the existing outlet or location during the twelve-month period immediately preceding the opening of the new outlet or location less both of the following:

(1) Five percent.

(2) The actual gross sales from the operation of the existing outlet or location for the twelve-month period immediately following the opening of the new outlet or location.

b. Compensable sales shall exclude any amount attributable to factors other than the opening and operation of the new outlet or location.

4. Any cause of action brought under this section must be filed within eighteen months of the opening of the new outlet or location or within three months after the completion of the procedure under subsection 1, paragraph "d", subparagraph (2), whichever is later.

5. Upon petition by the franchisor or the franchisee, the district court may grant a permanent or preliminary injunction to prevent injury or threatened injury for a violation of this section or to preserve the status quo pending the outcome of the formal procedure under subsection 1, paragraph "d", subparagraph (2).

Section stricken and rewritten

523H.7 Termination.

1. Except as otherwise provided by this chapter, a franchisor shall not terminate a franchise prior to the expiration of its term except for good cause. For purposes of this section, "good cause" is cause based upon a legitimate business reason. "Good cause" includes the failure of the franchisee to comply with any material lawful requirement of the franchise agreement, provided that the termination by the

franchisor is not arbitrary or capricious when compared to the actions of the franchisor in other similar circumstances. The burden of proof of showing that action of the franchisor is arbitrary or capricious shall rest with the franchisee.

2. Prior to termination of a franchise for good cause, a franchisor shall provide a franchisee with written notice stating the basis for the proposed termination. After service of written notice, the franchisee shall have a reasonable period of time to cure the default, which in no event shall be less than thirty days or more than ninety days. In the event of nonpayment of moneys due under the franchise agreement, the period to cure need not exceed thirty days.

3. Notwithstanding subsection 2, a franchisor may terminate a franchisee upon written notice and without an opportunity to cure if any of the following apply:

a. The franchisee or the business to which the franchise relates is declared bankrupt or judicially determined to be insolvent.

b. All or a substantial part of the assets of the franchise or the business to which the franchisee relates are assigned to or for the benefit of any creditor which is subject to chapter 681. An assignment for the benefit of any creditor pursuant to this paragraph does not include the granting of a security interest in the normal course of business.

c. The franchisee voluntarily abandons the franchise by failing to operate the business for five consecutive business days during which the franchisee is required to operate the business under the terms of the franchise, or any shorter period after which it is not unreasonable under the facts and circumstances for the franchisor to conclude that the franchisee does not intend to continue to operate the franchise, unless the failure to operate is due to circumstances beyond the control of the franchisee.

d. The franchisor and franchisee agree in writing to terminate the franchise.

e. The franchisee knowingly makes any material misrepresentations or knowingly omits to state any material facts relating to the acquisition or ownership or operation of the franchise business.

f. After three material breaches of a franchise agreement occurring within a twelve-month period, for which the franchisee has been given notice and an opportunity to cure, the franchisor may terminate upon any subsequent material breach within the twelve-month period without providing an opportunity to cure, provided that the action is not arbitrary and capricious.

g. The franchised business or business premises of the franchisee are lawfully seized, taken over, or foreclosed by a government authority or official.

h. The franchisee is convicted of a felony or any other criminal misconduct which materially and adversely affects the operation, maintenance, or goodwill of the franchise in the relevant market.

i. The franchisee operates the franchised business in a manner that imminently endangers the public health and safety.

95 Acts, ch 117, §4
Section amended

523H.8 Nonrenewal of a franchise.

1. A franchisor shall not refuse to renew a franchise unless both of the following apply:

a. The franchisee has been notified of the franchisor's intent not to renew at least six months prior to the expiration date or any extension of the franchise agreement.

b. Any of the following circumstances exist:

(1) Good cause exists, provided that the refusal of the franchisor to renew is not arbitrary or capricious. For purposes of this section, "good cause" means cause based on a legitimate business reason.

(2) The franchisor and franchisee agree not to renew the franchise.

(3) The franchisor completely withdraws from directly or indirectly distributing its products or services in the geographic market served by the franchisee, provided that upon expiration of the franchise, the franchisor agrees not to seek to enforce any covenant of the nonrenewed franchisee not to compete with the franchisor or franchisees of the franchisor.

2. As a condition of renewal of the franchise, a franchise agreement may require that the franchisee meet the then current requirements for franchises and that the franchisee execute a new agreement incorporating the then current terms and fees for new franchises.

95 Acts, ch 117, §5
Section amended

523H.11 Repurchase of assets.

A franchisor shall not prohibit a franchisee from, or enforce a prohibition against a franchisee, engaging in any lawful business at any location after a termination or refusal to renew by a franchisor, unless it is one which relies on a substantially similar marketing program as the terminated or nonrenewed franchise or unless the franchisor offers in writing no later than ten business days before expiration of the franchise to purchase the assets of the franchised business for its fair market value as a going concern. The value of the assets shall not include the goodwill of the business attributable to the trademark licensed to the franchisee in the franchise agreement. The offer may be conditioned upon the ascertainment of a fair market value by an impartial appraiser. This section does not apply to assets of the franchised business which the franchisee did not purchase from the franchisor, or the agent of the franchisor.

523I.5 Liquidation.

1. *Grounds for liquidation.* The commissioner may petition the district court for an order directing the commissioner to liquidate a perpetual care cemetery on any of the following grounds:

a. The cemetery's trust fund is in material noncompliance with the requirements of section 566A.3 or 566A.4 and is insolvent.

b. The cemetery's trust fund is in material noncompliance with the requirements of section 566A.3 or 566A.4 and the condition of the cemetery is such that the further transaction of business would be hazardous, financially or otherwise, to its customers or the public.

c. The cemetery has been abandoned.

2. *Liquidation order.*

a. An order to liquidate the business of a perpetual care cemetery shall appoint the commissioner as liquidator and shall direct the liquidator to immediately take possession of the assets of the cemetery and to administer them under the general supervision of the court. The liquidator is vested with the title to the property, contracts, and rights of action and the books and records of the cemetery ordered liquidated, wherever located, as of the entry of the final order of liquidation. The filing or recording of the order with the clerk of court and the recorder of deeds of the county in which its principal office or place of business is located, or, in the case of real estate with the recorder of deeds of the county where the property is located, is notice as a deed, bill of sale, or other evidence of title duly filed or recorded with the recorder of deeds.

b. Upon issuance of an order, the rights and liabilities of a cemetery and of the cemetery's creditors, customers, owners, and other persons interested in

the cemetery's estate shall become fixed as of the date of the entry of the order of liquidation, except as provided in subsection 14.

c. At the time of petitioning for an order of liquidation, or at any time after the time of petitioning, the commissioner, after making appropriate findings of a cemetery's insolvency, may petition the court for a declaration of insolvency. After providing notice and hearing as it deems proper, the court may make the declaration.

d. An order issued under this section shall require accounting to the court by the liquidator. Accountings, at a minimum, must include all funds received or disbursed by the liquidator during the current period. An accounting shall be filed within one year of the liquidation order and at such other times as the court may require.

e. Within five days after the initiation of an appeal of an order of liquidation, which order has not been stayed, the commissioner shall present for the court's approval a plan for the continued performance of the cemetery's obligations during the pendency of an appeal. The plan shall provide for the continued performance of interment rights contracts in the normal course of events, notwithstanding the grounds alleged in support of the order of liquidation including the ground of insolvency. If the defendant cemetery's financial condition, in the judgment of the commissioner, will not support the full performance of all obligations during the appeal pendency period, the plan may prefer the claims of certain customers and claimants over creditors and interested parties as well as other customers and claimants, as the commissioner finds to be fair and equitable considering the relative circumstances of such customers and claimants. The court shall examine the plan submitted by the commissioner and if it finds the plan to be in the best interests of the parties, the court shall approve the plan. An action shall not lie against the commissioner or any of the commissioner's deputies, agents, clerks, assistants, or attorneys by any party based on preference in an appeal pendency plan approved by the court.

3. Powers of liquidator.

a. The liquidator may do any of the following:

(1) Appoint a special deputy to act for the liquidator under this chapter, and determine the special deputy's reasonable compensation. The special deputy shall have all the powers of the liquidator granted by this section. The special deputy shall serve at the pleasure of the liquidator.

(2) Hire employees and agents, legal counsel, accountants, appraisers, consultants, and other personnel as the commissioner may deem necessary to assist in the liquidation.

(3) With the approval of the court fix reasonable compensation of employees and agents, legal counsel, accountants, appraisers and consultants.

(4) Pay reasonable compensation to persons appointed and defray from the funds or assets of the cemetery all expenses of taking possession of, conserving, conducting, liquidating, disposing of, or otherwise dealing with the business and property of the

cemetery. If the property of the cemetery does not contain sufficient cash or liquid assets to defray the costs incurred, the commissioner may advance the costs so incurred out of the insurance division cemetery fund. Amounts so advanced for expenses of administration shall be repaid to the insurance division cemetery fund for the use of the division out of the first available moneys of the cemetery.

(5) Hold hearings, subpoena witnesses, and compel their attendance, administer oaths, examine a person under oath, and compel a person to subscribe to the person's testimony after it has been correctly reduced to writing, and in connection to the proceedings require the production of books, papers, records, or other documents which the liquidator deems relevant to the inquiry.

(6) Collect debts and moneys due and claims belonging to the cemetery, wherever located. Pursuant to this subparagraph, the liquidator may do any of the following:

(a) Institute timely action in other jurisdictions to forestall garnishment and attachment proceedings against debts.

(b) Perform acts as are necessary or expedient to collect, conserve, or protect its assets or property, including the power to sell, compound, compromise, or assign debts for purposes of collection upon terms and conditions as the liquidator deems best.

(c) Pursue any creditor's remedies available to enforce claims.

(7) Conduct public and private sales of the property of the cemetery.

(8) Use assets of the cemetery under a liquidation order to transfer obligations of preneed funeral contracts to a solvent cemetery, if the transfer can be accomplished without prejudice to applicable priorities under subsection 18.

(9) Acquire, hypothecate, encumber, lease, improve, sell, transfer, abandon, or otherwise dispose of or deal with property of the cemetery at its market value or upon terms and conditions as are fair and reasonable. The liquidator shall also have power to execute, acknowledge, and deliver deeds, assignments, releases, and other instruments necessary to effectuate a sale of property or other transaction in connection with the liquidation.

(10) Borrow money on the security of the cemetery's assets or without security and execute and deliver documents necessary to that transaction for the purpose of facilitating the liquidation. Money borrowed pursuant to this subparagraph shall be repaid as an administrative expense and have priority over any other class 1 claims under the priority of distribution established in subsection 18.

(11) Enter into contracts as necessary to carry out the order to liquidate and affirm or disavow contracts to which the cemetery is a party.

(12) Continue to prosecute and to institute in the name of the cemetery or in the liquidator's own name any and all suits and other legal proceedings, in this state or elsewhere, and to abandon the prosecution of claims the liquidator deems unprofitable to pursue further.

(13) Prosecute an action on behalf of the creditors, customers, or owners against an officer of the cemetery or any other person.

(14) Remove records and property of the cemetery to the offices of the commissioner or to other places as may be convenient for the purposes of efficient and orderly execution of the liquidation.

(15) Deposit in one or more banks in this state sums as are required for meeting current administration expenses and distributions.

(16) Unless the court orders otherwise, invest funds not currently needed.

(17) File necessary documents for recording in the office of a recorder of deeds or record office in this state or elsewhere where property of the cemetery is located.

(18) Assert defenses available to the cemetery as against third persons including statutes of limitations, statutes of fraud, and the defense of usury. A waiver of a defense by the cemetery after a petition in liquidation has been filed shall not bind the liquidator.

(19) Exercise and enforce the rights, remedies, and powers of a creditor, customer, or owner, including the power to avoid transfer or lien that may be given by the general law and that is not included within subsections 7 through 9.

(20) Intervene in a proceeding wherever instituted that might lead to the appointment of a receiver or trustee, and act as the receiver or trustee whenever the appointment is offered.

(21) Exercise powers now held or later conferred upon receivers by the laws of this state which are not inconsistent with this chapter.

b. This subsection does not limit the liquidator or exclude the liquidator from exercising a power not listed in paragraph "a" that may be necessary or appropriate to accomplish the purposes of this chapter.

4. *Notice to creditors and others.*

a. Unless the court otherwise directs, the liquidator shall give notice of the liquidation order as soon as possible by doing all of the following:

(1) By first-class mail to all persons known or reasonably expected to have claims against the cemetery by mailing a notice to their last known address as indicated by the records of the cemetery.

(2) By publication in a newspaper of general circulation in the county in which the cemetery has its principal place of business and in other locations as the liquidator deems appropriate.

b. Notice to potential claimants under paragraph "a" shall require claimants to file with the liquidator their claims together with proper proofs of the claim under subsection 13 on or before a date the liquidator shall specify in the notice. Claimants shall keep the liquidator informed of their changes of address, if any.

c. If notice is given pursuant to this section, the distribution of assets of the cemetery under this chapter shall be conclusive with respect to claimants, whether or not a claimant actually received notice.

5. *Actions by and against liquidator.*

a. After the issuance of an order appointing a liquidator of a cemetery, an action at law or equity shall not be brought against the cemetery in this state or elsewhere, and existing actions shall not be maintained or further presented after issuance of the order. Whenever in the liquidator's judgment, protection of the estate of the cemetery necessitates intervention in an action against the cemetery that is pending outside this state, the liquidator may intervene in the action. The liquidator may defend, at the expense of the estate of the cemetery, an action in which the liquidator intervenes under this section.

b. Within two years or such additional time as applicable law may permit, the liquidator, after the issuance of an order for liquidation, may institute an action or proceeding on behalf of the estate of the cemetery upon any cause of action against which the period of limitation fixed by applicable law has not expired at the time of the filing of the petition upon which the order is entered. If a period of limitation is fixed by agreement for instituting a suit or proceeding upon a claim, or for filing a claim, proof of claim, proof of loss, demand, notice, or the like, or if in a proceeding, judicial or otherwise, a period of limitation is fixed in the proceeding or pursuant to applicable law for taking an action, filing a claim or pleading, or doing an act, and if the period had not expired at the date of the filing of the petition, the liquidator, for the benefit of the estate, may take any action or do any act, required of or permitted to the cemetery, within a period of one hundred eighty days subsequent to the entry of an order for liquidation, or within a further period as is shown to the satisfaction of the court not to be unfairly prejudicial to the other party.

c. A statute of limitation or defense of laches shall not run with respect to an action against a cemetery between the filing of a petition for liquidation against the cemetery and the denial of the petition. An action against the cemetery that might have been commenced when the petition was filed may be commenced for at least sixty days after the petition is denied.

6. *Collection and list of assets.*

a. As soon as practicable after the liquidation order but not later than one hundred twenty days after such order, the liquidator shall prepare in duplicate a list of the cemetery's assets. The list shall be amended or supplemented as the liquidator may determine. One copy shall be filed in the office of the clerk of court and one copy shall be retained for the liquidator's files. Amendments and supplements shall be similarly filed.

b. The liquidator shall reduce the assets to a degree of liquidity that is consistent with the effective execution of the liquidation.

c. A submission to the court for distribution of assets in accordance with subsection 11 fulfills the requirements of paragraph "a".

7. *Fraudulent transfers prior to petition.*

a. A transfer made and an obligation incurred by a cemetery within one year prior to the filing of a

successful petition for liquidation under this chapter is fraudulent as to then existing and future creditors if made or incurred without fair consideration, or with actual intent to hinder, delay, or defraud either existing or future creditors. A fraudulent transfer made or an obligation incurred by a cemetery ordered to be liquidated under this chapter may be avoided by the receiver, except as to a person who in good faith is a purchaser, lienor, or obligee for a present fair equivalent value. A purchaser, lienor, or obligee, who in good faith has given a consideration less than fair for such transfer, lien, or obligation, may retain the property, lien, or obligation as security for repayment. The court, on due notice, may order any such transfer or obligation to be preserved for the benefit of the estate, and in that event, the receiver shall succeed to and may enforce the rights of the purchaser, lienor, or obligee.

b. (1) A transfer of property other than real property is made when it becomes perfected so that a subsequent lien obtainable by legal or equitable proceedings on a simple contract could not become superior to the rights of the transferee under subsection 9, paragraph "c".

(2) A transfer of real property is made when it becomes perfected so that a subsequent bona fide purchaser from the cemetery could not obtain rights superior to the rights of the transferee.

(3) A transfer which creates an equitable lien is not perfected if there are available means by which a legal lien could be created.

(4) A transfer not perfected prior to the filing of a petition for liquidation is deemed to be made immediately before the filing of the successful petition.

(5) This subsection applies whether or not there are or were creditors who might have obtained a lien or persons who might have become bona fide purchasers.

8. *Fraudulent transfer after petition.*

a. After a petition for liquidation has been filed a transfer of real property of the cemetery made to a person acting in good faith is valid against the receiver if made for a present fair equivalent value. If the transfer was not made for a present fair equivalent value, then the transfer is valid to the extent of the present consideration actually paid for which amount the transferee shall have a lien on the property transferred. The commencement of a proceeding in liquidation is constructive notice upon the recording of a copy of the petition for or order of liquidation with the recorder of deeds in the county where any real property in question is located. The exercise by a court of the United States or a state or jurisdiction to authorize a judicial sale of real property of the cemetery within a county in a state shall not be impaired by the pendency of a proceeding unless the copy is recorded in the county prior to the consummation of the judicial sale.

b. After a petition for liquidation has been filed and before either the receiver takes possession of the property of the cemetery or an order of liquidation is granted:

(1) A transfer of the property, other than real property, of the cemetery made to a person acting in good faith is valid against the receiver if made for a present fair equivalent value. If the transfer was not made for a present fair equivalent value, then the transfer is valid to the extent of the present consideration actually paid for which amount the transferee shall have a lien on the property transferred.

(2) If acting in good faith, a person indebted to the cemetery or holding property of the cemetery may pay the debt or deliver the property, or any part of the property, to the cemetery or upon the cemetery's order as if the petition were not pending.

(3) A person having actual knowledge of the pending liquidation is not acting in good faith.

(4) A person asserting the validity of a transfer under this subsection has the burden of proof. Except as provided in this subsection, a transfer by or on behalf of the cemetery after the date of the petition for liquidation by any person other than the liquidator is not valid against the liquidator.

c. A person receiving any property from the cemetery or any benefit of the property of the cemetery which is a fraudulent transfer under paragraph "a" is personally liable for the property or benefit and shall account to the liquidator.

d. This chapter does not impair the negotiability of currency or negotiable instruments.

9. *Voidable preferences and liens.*

a. (1) A preference is a transfer of the property of a cemetery to or for the benefit of a creditor for an antecedent debt made or suffered by the cemetery within one year before the filing of a successful petition for liquidation under this chapter, the effect of which transfer may be to enable the creditor to obtain a greater percentage of this debt than another creditor of the same class would receive. If a liquidation order is entered while the cemetery is already subject to a receivership, then the transfers are preferences if made or suffered within one year before the filing of the successful petition for the receivership, or within two years before the filing of the successful petition for liquidation, whichever time is shorter.

(2) A preference may be avoided by the liquidator if any of the following exist:

(a) The cemetery was insolvent at the time of the transfer.

(b) The transfer was made within four months before the filing of the petition.

(c) At the time the transfer was made, the creditor receiving it or to be benefited by the transfer or the creditor's agent acting with reference to the transfer had reasonable cause to believe that the cemetery was insolvent or was about to become insolvent.

(d) The creditor receiving the transfer was an officer, or an employee, attorney, or other person who was in fact in a position of comparable influence in the cemetery to an officer whether or not the person held the position of an officer, owner, or other person, firm, corporation, association, or aggregation of persons with whom the cemetery did not deal at arm's length.

(3) Where the preference is voidable, the liquidator may recover the property. If the property has been converted, the liquidator may recover its value from a person who has received or converted the property. However, if a bona fide purchaser or lienor has given less than fair equivalent value, the purchaser or lienor shall have a lien upon the property to the extent of the consideration actually given. Where a preference by way of lien or security interest is voidable, the court may on due notice order the lien or security interest to be preserved for the benefit of the estate, in which event the lien or title shall pass to the liquidator.

b. (1) A transfer of property other than real property is made when it becomes perfected so that a subsequent lien obtainable by legal or equitable proceedings on a simple contract could not become superior to the rights of the transferee.

(2) A transfer of real property is made when it becomes perfected so that a subsequent bona fide purchaser from the cemetery could not obtain rights superior to the rights of the transferee.

(3) A transfer which creates an equitable lien is not perfected if there are available means by which a legal lien could be created.

(4) A transfer not perfected prior to the filing of a petition for liquidation is deemed to be made immediately before the filing of the successful petition.

(5) This subsection applies whether or not there are or were creditors who might have obtained liens or persons who might have become bona fide purchasers.

c. (1) A lien obtainable by legal or equitable proceedings upon a simple contract is one arising in the ordinary course of the proceedings upon the entry or docketing of a judgment or decree, or upon attachment, garnishment, execution, or like process, whether before, upon, or after judgment or decree and whether before or upon levy. It does not include liens which under applicable law are given a special priority over other liens which are prior in time.

(2) A lien obtainable by legal or equitable proceedings could become superior to the rights of a transferee, or a purchaser could obtain rights superior to the rights of a transferee within the meaning of paragraph "b", if such consequences would follow only from the lien or purchase itself, or from the lien or purchase followed by a step wholly within the control of the respective lienholder or purchaser, with or without the aid of ministerial action by public officials. However, a lien could not become superior and a purchase could not create superior rights for the purpose of paragraph "b" through an act subsequent to the obtaining of a lien or subsequent to a purchase which requires the agreement or concurrence of any third party or which requires further judicial action or ruling.

d. A transfer of property for or on account of a new and contemporaneous consideration, which is under paragraph "b" made or suffered after the transfer because of delay in perfecting it, does not become a transfer for or on account of an antecedent debt if any

acts required by the applicable law to be performed in order to perfect the transfer as against liens or a bona fide purchaser's rights are performed within twenty-one days or any period expressly allowed by the law, whichever is less. A transfer to secure a future loan, if a loan is actually made, or a transfer which becomes security for a future loan, shall have the same effect as a transfer for or on account of a new and contemporaneous consideration.

e. If a lien voidable under paragraph "a", subparagraph (2), has been dissolved by the furnishing of a bond or other obligation, the surety on which has been indemnified directly or indirectly by the transfer or the creation of a lien upon property of a cemetery before the filing of a petition under this chapter which results in a liquidation order, the indemnifying transfer or lien is also voidable.

f. The property affected by a lien voidable under paragraphs "a" and "e" is discharged from the lien. The property and any of the indemnifying property transferred to or for the benefit of a surety shall pass to the liquidator. However, the court may on due notice order a lien to be preserved for the benefit of the estate and the court may direct that the conveyance be executed to evidence the title of the liquidator.

g. The court shall have summary jurisdiction of a proceeding by the liquidator to hear and determine the rights of the parties under this section. Reasonable notice of hearing in the proceeding shall be given to all parties in interest, including the obligee of a releasing bond or other like obligation. Where an order is entered for the recovery of indemnifying property in kind or for the avoidance of an indemnifying lien, upon application of any party in interest, the court shall in the same proceeding ascertain the value of the property or lien. If the value is less than the amount for which the property is indemnified or less than the amount of the lien, the transferee or lienholder may elect to retain the property or lien upon payment of its value, as ascertained by the court, to the liquidator within the time as fixed by the court.

h. The liability of a surety under a releasing bond or other like obligation is discharged to the extent of the value of the indemnifying property recovered or the indemnifying lien nullified and avoided by the liquidator. Where the property is retained under paragraph "g", the liability of the surety is discharged to the extent of the amount paid to the liquidator.

i. If a creditor has been preferred for property which becomes a part of the cemetery's estate, and afterward in good faith gives the cemetery further credit without security of any kind, the amount of the new credit remaining unpaid at the time of the petition may be set off against the preference which would otherwise be recoverable from the creditor.

j. If within four months before the filing of a successful petition for liquidation under this chapter, or at any time in contemplation of a proceeding to liquidate, a cemetery, directly or indirectly, pays money or transfers property to an attorney for ser-

vices rendered or to be rendered, the transaction may be examined by the court on its own motion or shall be examined by the court on petition of the liquidator. The payment or transfer shall be held valid only to the extent of a reasonable amount to be determined by the court. The excess may be recovered by the liquidator for the benefit of the estate. However, where the attorney is in a position of influence in the cemetery or an affiliate, payment of any money or the transfer of any property to the attorney for services rendered or to be rendered is governed by the provision of paragraph "a", subparagraph (2), subparagraph subdivision (d).

k. (1) An officer, manager, employee, shareholder, subscriber, attorney, or any other person acting on behalf of the cemetery who knowingly participates in giving any preference when the person has reasonable cause to believe the cemetery is or is about to become insolvent at the time of the preference is personally liable to the liquidator for the amount of the preference. There is an inference that reasonable cause exists if the transfer was made within four months before the date of filing of this successful petition for liquidation.

(2) A person receiving property from the cemetery or the benefit of the property of the cemetery as a preference voidable under paragraph "a" is personally liable for the property and shall account to the liquidator.

(3) This subsection shall not prejudice any other claim by the liquidator against any person.

10. *Claims of holder of void or voidable rights.*

a. A claim of a creditor who has received or acquired a preference, lien, conveyance, transfer, assignment, or encumbrance, voidable under this chapter shall not be allowed unless the creditor surrenders the preference, lien, conveyance, transfer, assignment, or encumbrance. If the avoidance is effected by a proceeding in which a final judgment has been entered, the claim shall not be allowed unless the money is paid or the property is delivered to the liquidator within thirty days from the date of the entering of the final judgment. However, the court having jurisdiction over the liquidation may allow further time if there is an appeal or other continuation of the proceeding.

b. A claim allowable under paragraph "a" by reason of a voluntary or involuntary avoidance, preference, lien, conveyance, transfer, assignment, or encumbrance may be filed as an excused late filing under subsection 12, if filed within thirty days from the date of the avoidance or within the further time allowed by the court under paragraph "a".

11. *Liquidator's proposal to distribute assets.*

a. From time to time as assets become available, the liquidator shall make application to the court for approval of a proposal to disburse assets out of marshaled assets.

b. The proposal shall at least include provisions for all of the following:

(1) Reserving amounts for the payment of all the following:

(a) Expenses of administration.

(b) To the extent of the value of the security held, the payment of claims of secured creditors.

(c) Claims falling within the priorities established in subsection 18, paragraphs "a" and "b".

(2) Disbursement of the assets marshaled to date and subsequent disbursement of assets as they become available.

c. Action on the application may be taken by the court provided that the liquidator's proposal complies with paragraph "b".

12. *Filing of claims.*

a. Proof of all claims shall be filed with the liquidator in the form required by subsection 13 on or before the last day for filing specified in the notice required under subsection 4.

b. The liquidator may permit a claimant making a late filing to share in distributions, whether past or future, as if the claimant were not late, to the extent that the payment will not prejudice the orderly administration of the liquidation under any of the following circumstances:

(1) The existence of the claim was not known to the claimant and that the claimant filed the claim as promptly as reasonably possible after learning of it.

(2) A transfer to a creditor was avoided under subsections 7 through 9, or was voluntarily surrendered under subsection 10, and that the filing satisfies the conditions of subsection 10.

(3) The valuation under subsection 17 of security held by a secured creditor shows a deficiency, which is filed within thirty days after the valuation.

c. The liquidator may consider any claim filed late and permit the claimant to receive distributions which are subsequently declared on any claims of the same or lower priority if the payment does not prejudice the orderly administration of the liquidation. The late-filing claimant shall receive at each distribution the same percentage of the amount allowed on the claim as is then being paid to claimants of any lower priority. This shall continue until the claim has been paid in full.

13. *Proof of claim.*

a. Proof of claim shall consist of a statement signed by the claimant that includes all of the following that are applicable:

(1) The particulars of the claim including the consideration given for it.

(2) The identity and amount of the security on the claim.

(3) The payments, if any, made on the debt.

(4) A statement that the sum claimed is justly owing and that there is no setoff, counterclaim, or defense to the claim.

(5) Any right of priority of payment or other specific right asserted by the claimant.

(6) A copy of the written instrument which is the foundation of the claim.

(7) The name and address of the claimant and the attorney who represents the claimant, if any.

b. A claim need not be considered or allowed if it does not contain all the information identified in

paragraph "a" which is applicable. The liquidator may require that a prescribed form be used and may require that other information and documents be included.

c. At any time the liquidator may request the claimant to present information or evidence supplementary to that required under paragraph "a" and may take testimony under oath, require production of affidavits or depositions, or otherwise obtain additional information or evidence.

d. A judgment or order against a cemetery entered after the date of filing of a successful petition for liquidation, or a judgment or order against the cemetery entered at any time by default or by collusion need not be considered as evidence of liability or of the amount of damages. A judgment or order against a cemetery before the filing of the petition need not be considered as evidence of liability or of the amount of damages.

14. *Special claims.*

a. A claim may be allowed even if contingent, if it is filed pursuant to subsection 12. The claim may be allowed and the claimant may participate in all distributions declared after it is filed to the extent that it does not prejudice the orderly administration of the liquidation.

b. Claims that are due except for the passage of time shall be treated as absolute claims are treated. However, the claims may be discounted at the legal rate of interest.

c. Claims made under employment contracts by directors, principal officers, or persons in fact performing similar functions or having similar powers are limited to payment for services rendered prior to the issuance of an order of liquidation under subsection 2.

15. *Disputed claims.*

a. If a claim is denied in whole or in part by the liquidator, written notice of the determination shall be given to the claimant or the claimant's attorney by first-class mail at the address shown in the proof of claim. Within sixty days from the mailing of the notice, the claimant may file objections with the liquidator. Unless a filing is made, the claimant shall not further object to the determination.

b. If objections are filed with the liquidator and the liquidator does not alter the denial of the claim as a result of the objections, the liquidator shall ask the court for a hearing as soon as practicable and give notice of the hearing by first-class mail to the claimant or the claimant's attorney and to any other persons directly affected. The notice shall be given not less than ten nor more than thirty days before the date of the hearing. The matter shall be heard by the court or by a court-appointed referee. The referee shall submit findings of fact along with a recommendation.

16. *Claims of other person.* If a creditor, whose claim against a cemetery is secured in whole or in part by the undertaking of another person, fails to prove and file that claim, then the other person may do so in the creditor's name and shall be subrogated

to the rights of the creditor, whether the claim has been filed by the creditor or by the other person in the creditor's name to the extent that the other person discharges the undertaking. However, in the absence of an agreement with the creditor to the contrary, the other person is not entitled to any distribution until the amount paid to the creditor on the undertaking plus the distributions paid on the claim from the cemetery's estate to the creditor equal the amount of the entire claim of the creditor. An excess received by the creditor shall be held by the creditor in trust for the other person.

17. *Secured creditor's claims.*

a. The value of security held by a secured creditor shall be determined in one of the following ways, as the court may direct:

(1) By converting the security into money according to the terms of the agreement pursuant to which the security was delivered to the creditors.

(2) By agreement, arbitration, compromise, or litigation between the creditor and the liquidator.

b. The determination shall be under the supervision and control of the court with due regard for the recommendation of the liquidator. The amount determined shall be credited upon the secured claim. A deficiency shall be treated as an unsecured claim. If the claimant surrenders the security to the liquidator, the entire claim shall be allowed as if unsecured.

18. *Priority of distribution.* The priority of distribution of claims from the cemetery's estate shall be in accordance with the order in which each class of claims is set forth. Claims in each class shall be paid in full or adequate funds retained for the payment before the members of the next class receive any payment. Subclasses shall not be established within a class. The order of distribution of claims is as follows:

a. *Class 1.* The costs and expenses of administration, including but not limited to the following:

(1) The actual and necessary costs of preserving or recovering the assets of the cemetery.

(2) Compensation for all authorized services rendered in the liquidation.

(3) Necessary filing fees.

(4) The fees and mileage payable to witnesses.

(5) Authorized reasonable attorney's fees and other professional services rendered in the liquidation.

b. *Class 2.* Reasonable compensation to employees for services performed to the extent that they do not exceed two months of monetary compensation and represent payment for services performed within one year before the filing of the petition for liquidation. Officers and directors are not entitled to the benefit of this priority. The priority is in lieu of other similar priority which may be authorized by law as to wages or compensation of employees.

c. *Class 3.* Claims under interment rights contracts.

d. *Class 4.* Claims of general creditors.

e. *Class 5.* Claims of the federal or any state or local government. Claims, including those of a governmental body for a penalty or forfeiture, are allowed in this class only to the extent of the pecuniary

loss sustained from the act, transaction, or proceeding out of which the penalty or forfeiture arose, with reasonable and actual costs incurred. The remainder of such claims shall be postponed to the class of claims under paragraph "g".

f. *Class 6.* Claims filed late or any other claims other than claims under paragraph "g".

g. *Class 7.* The claims of shareholders or other owners.

19. *Liquidator's recommendations to the court.*

a. The liquidator shall review claims duly filed in the liquidation and shall make further investigation as necessary. The liquidator may compound, compromise or in any other manner negotiate the amount for which claims will be recommended to the court except where the liquidator is required by law to accept claims as settled by a person or organization. Unresolved disputes shall be determined under subsection 15. As soon as practicable, the liquidator shall present to the court a report of the claims against the cemetery with the liquidator's recommendations. The report shall include the name and address of each claimant and the amount of the claim finally recommended.

b. The court may approve, disapprove, or modify the report on claims by the liquidator. Reports not modified by the court within sixty days following submission by the liquidator shall be treated by the liquidator as allowed claims, subject to later modification or to rulings made by the court pursuant to subsection 15. A claim under a policy of insurance shall not be allowed for an amount in excess of the applicable policy limits.

20. *Distribution of assets.* Under the direction of the court, the liquidator shall pay distributions in a manner that will assure the proper recognition of priorities and a reasonable balance between the expeditious completion of the liquidation and the protection of unliquidated and undetermined claims, including third-party claims. Distribution of assets in kind may be made at valuations set by agreement between the liquidator and the creditor and approved by the court.

21. *Unclaimed and withheld funds.*

a. Unclaimed funds subject to distribution remaining in the liquidator's hands when the liquidator is ready to apply to the court for discharge, including the amount distributable to a creditor, owner, or other person who is unknown or cannot be found, shall be deposited with the treasurer of state, and shall be paid without interest, except as provided in subsection 18, to the person entitled or the person's legal representative upon proof satisfactory to the treasurer of state of the right to the funds. An amount on deposit not claimed within six years from the discharge of the liquidator is deemed to have been abandoned and shall become the property of the state without formal escheat proceedings and be transferred to the insurance division regulatory fund.

b. Funds withheld under subsection 14 and not distributed shall upon discharge of the liquidator be deposited with the treasurer of state and paid pur-

suant to subsection 18. Sums remaining which under subsection 18 would revert to the undistributed assets of the cemetery shall be transferred to the insurance division regulatory fund and become the property of the state as provided under paragraph "a", unless the commissioner in the commissioner's discretion petitions the court to reopen the liquidation pursuant to subsection 23.

c. Notwithstanding any other provision of this chapter, funds as identified in paragraph "a", with the approval of the court, shall be made available to the commissioner for use in the detection and prevention of future insolvencies. The commissioner shall hold these funds in the insurance division regulatory fund and shall pay without interest, except as provided in subsection 18, to the person entitled to the funds or the person's legal representative upon proof satisfactory to the commissioner of the person's right to the funds. The funds shall be held by the commissioner for a period of two years at which time the rights and duties to the unclaimed funds shall vest in the commissioner.

22. *Termination of proceedings.*

a. When all assets justifying the expense of collection and distribution have been collected and distributed under this chapter, the liquidator shall apply to the court for discharge. The court may grant the discharge and make any other orders, including an order to transfer remaining funds that are uneconomical to distribute, as appropriate.

b. Any other person may apply to the court at any time for an order under paragraph "a". If the application is denied, the applicant shall pay the costs and expenses of the liquidator in resisting the application, including a reasonable attorney's fee.

23. *Reopening liquidation.* At any time after the liquidation proceeding has been terminated and the liquidator discharged, the commissioner or other interested party may petition the court to reopen the proceedings for good cause including the discovery of additional assets. The court shall order the proceeding reopened if it is satisfied that there is justification for the reopening.

24. *Disposition of records during and after termination of liquidation.* If it appears to the commissioner that the records of a cemetery in process of liquidation or completely liquidated are no longer useful, the commissioner may recommend to the court and the court shall direct what records shall be retained for future reference and what records shall be destroyed.

25. *External audit of receiver's books.* The court may order audits to be made of the books of the commissioner relating to a receivership established under this chapter, and a report of each audit shall be filed with the commissioner and with the court. The books, records, and other documents of the receivership shall be made available to the auditor at any time without notice. The expense of an audit shall be considered a cost of administration of the receivership.

523L.6 Powers and duties of perpetual care cemeteries.

1. Within the boundaries of the cemetery lands that the cemetery owns, a cemetery may perform the following functions:

a. The exclusive care and maintenance of the cemetery.

b. The exclusive interment, entombment, or inurnment of human remains, including the exclusive right to open, prepare for interment, and close all ground, mausoleum, and urn burials. Each preneed contract for burial rights or services shall disclose, pursuant to the cemetery's bylaws, rules, and regulations, whether opening and closing of the burial space is included in the contract, and, if not, the current prices for opening and closing and a statement that these prices are subject to change. Each cemetery which sells preneed contracts must offer opening and closing as part of a preneed contract.

c. The exclusive initial preneed and at-need sale of interment or burial rights in earth, mausoleum, crypt, niche, or columbarium interment. However, this chapter does not limit the right of a person owning interment or burial rights to sell those rights to third parties subject to transfer of title by the cemetery.

d. The adoption of bylaws regulating the activities conducted within the cemetery's boundaries, provided that a licensed funeral director shall not be denied access by any cemetery to conduct a funeral for or supervise a disinterment of human remains. The cemetery shall not approve any bylaw which unreasonably restricts competition, or which unreasonably increases the cost to the owner of interment or burial rights in utilizing these rights.

e. The nonexclusive preneed and at-need sale of monuments, memorials, markers, burial vaults,

urns, flower vases, floral arrangements, and other similar merchandise for use within the cemetery.

f. The entry into sales or management contracts with other persons. The cemetery shall be responsible for the deposit of all moneys required to be placed in a trust fund.

2. A full disclosure shall be made of all fees required for interment, entombment, or inurnment of human remains.

3. A cemetery may adopt bylaws establishing minimum standards for burial merchandise or the installation of such merchandise.

f. The proposed state bank will have sufficient personnel with adequate knowledge and experience to conduct the business of the state bank, and to administer fiduciary accounts, if the state bank is to be authorized to act in a fiduciary capacity.

2. Within one hundred eighty days after the application is accepted for processing, the superintendent shall approve or disapprove the application on the basis of the investigation.

3. Within thirty days after the date of the second publication of the notice required under section 524.304, any interested person may submit written comments and information to the superintendent concerning the application. Comments challenging the legality of an application must be submitted separately in writing. The superintendent may extend the thirty-day comment period, if, in the judgment of the superintendent, extenuating circumstances which justify the extension exist.

4. Within thirty days after the date of the second publication of the notice required by section 524.304, any interested person may submit a written request of the superintendent for a hearing on the application. The request shall state the nature of the issues or facts to be presented and the reasons why written submissions would be insufficient to make an adequate presentation to the superintendent. If the reasons are related to factual disputes, the disputes shall be described. A written request for a hearing shall be evaluated by the superintendent, who may grant or deny the request in whole or in part. A hearing request shall generally be granted only if it is determined that written submissions would be inadequate or that a hearing would otherwise be beneficial to the decision-making process. A hearing may be limited to issues considered material by the superintendent.

5. If a request for a hearing is denied, the superintendent shall notify the applicant and all interested persons and shall state the reasons for the denial. An interested person may submit additional written comments or information on the application to the superintendent, with copies to the applicant at the time of submission to the superintendent, within fourteen days after the date of the notice of denial. The applicant shall be provided an additional seven days, after the fourteen-day deadline has expired, within which to respond to any comments submitted within the fourteen-day period after the notice of denial. 8. Subsections 3, 4, and 5 shall not apply if the superintendent finds that one of the purposes of the proposed state bank is the merger with, or the purchase of some or all of the assets of and assumption of some or all of the liabilities of, a bank for which a receiver has been appointed or which has been ordered, by authorities of this state or the United States, to cease to carry on its business, or if the superintendent finds for any other reason that immediate action on the pending application is advisable in order to protect the interests of depositors or the assets of any other bank.

9. As a condition of receiving the decision of the superintendent with respect to the application the incorporators shall reimburse the superintendent for all expenses incurred by the superintendent in connection with the application.

524.312 Location of state bank — exceptions.

1. A state bank originally incorporated pursuant to this chapter shall have its principal place of business within the city limits of a municipal corporation. The existence of a state bank shall not, however, be affected by the subsequent discontinuance of the municipal corporation. A state bank existing and operating on January 1, 1970, which does not have its principal place of business within the city limits of a municipal corporation, may renew its corporate existence pursuant to section 524.314 without regard to this section and may also operate as a bank or convert to and operate as a bank office when acquired by or merged into another state bank and approved by the superintendent.

2. A state bank may, with the prior written approval of the superintendent, change the location of its principal place of business to a new location. A change of location shall be limited to another location in the same municipal corporation, to a location in a municipal corporation in the same county, or to a location in a municipal corporation in a county that is contiguous to or touching or cornering on the county in which the state bank is located. A change in location of the principal place of business of a state bank, including a change from one municipal corporation to another municipal corporation within an urban complex, requires an amendment to the articles of incorporation pursuant to sections 524.1502, 524.1504, and 524.1506. A state bank seeking approval of a change of location pursuant to this subsection shall publish once each week for two consecutive weeks a notice of the proposed change of location in a newspaper of general circulation in the municipal corporation or unincorporated area in which the state bank has its principal place of business, or if there is none, in a newspaper of general circulation in the county, or in a county adjoining the county, in which the state bank has its principal place of business, and in the municipal

The notices shall be published within thirty days after the application to the superintendent for approval of the change in location is accepted for processing. The notice shall set forth the name of the state bank, the present location of its principal place of business, the location to which it proposes to move its principal place of business, and the date upon which the application was accepted for processing by the superintendent.

4. Within thirty days after acceptance of an application for approval of a change of location of the principal place of business of a state bank pursuant to subsection 3, the superintendent shall commence an investigation into the circumstances of the application as deemed necessary by the superintendent, giving due consideration to factors substantially similar to those set forth in section 524.305, subsection 1, paragraphs "c" through "f". Within one hundred eighty days after the application has been accepted for processing, the superintendent shall approve or disapprove the application on the basis of the investigation. The superintendent shall give written notice of the decision to the state bank, and in the event of disapproval a statement of the reasons for the disapproval. If the superintendent approves the change in location the superintendent shall deliver the articles of amendment to the secretary of state. As a condition of receiving the decision of the superintendent with respect to the application, the state bank shall reimburse the superintendent for all expenses incurred by the superintendent in connection with the application.

5. A state bank approved under the provisions of section 524.305, subsection 8, shall not commence its business at any location other than within a municipal corporation or unincorporated area in which was located the principal place of business or an office of the bank the condition of which was the basis for the superintendent authorizing incorporation of the new state bank.

If the superintendent finds that the articles of incorporation satisfy the requirements of this section, the superintendent shall deliver them to the secretary of state for filing and recording in the secretary of state's office. 524.518 Redemption of preferred shares. Repealed by 95 Acts, ch 148, § 135.

524.519 and 524.520 Transferred to § 524.544 and 524.545 in Code Supplement 1995.

524.521 Authorized shares.

1. The articles of incorporation must prescribe the classes of shares and the number of shares of each class that the state bank is authorized to issue. If more than one class of shares is authorized, the articles of incorporation must prescribe a distinguishing designation for each class. Prior to the issuance of shares of a class, the preferences, limitations, and relative rights of that class must be described in the articles of incorporation. All shares of a class must have preferences, limitations, and relative rights identical with those of other shares of the same class except to the extent otherwise permitted by section 524.523.

2. The articles of incorporation must authorize both of the following:

a. One or more classes of shares that together have unlimited voting rights.

b. One or more classes of shares, which may be the same class or classes as those with voting rights, that together are entitled to receive the net assets of the state bank upon dissolution.

3. The articles of incorporation may authorize one or more classes of shares that have any of the following qualities:

a. Have special, conditional, or limited voting rights, or no right to vote, unless prohibited by this chapter.

b. Are redeemable or convertible as specified in the articles of incorporation in any of the following ways:

(1) At the option of the state bank, the shareholders, or another person or upon the occurrence of a designated event.

(2) For cash, indebtedness, securities, or other property.

(3) In a designated amount or in an amount determined in accordance with a designated formula or by reference to extrinsic data or events.

c. Preferred shares are redeemable only by resolution of the board of directors with the prior approval of the superintendent. Preferred shares which are redeemable according to the terms of their issuance shall be redeemed only in accordance with such terms. Preferred shares which are redeemed shall be canceled and shall not be reissued. Preferred shares which are not redeemable according to the terms of their issuance are redeemable only pro rata, by lot, or by such other equitable method as determined by the board of directors.

d. (1) If preferred shares are redeemed by a state bank, the redemption effects a cancellation of the shares, and a statement of cancellation shall be filed as provided in this paragraph. The filing of the statement of cancellation constitutes an amendment to the articles of incorporation and reduces the number of preferred shares of the class which the state bank is authorized to issue by the number which are canceled.

(2) The statement of cancellation shall be executed by the state bank by its president or a vice

president and by its cashier or an assistant cashier, and acknowledged by one of the officers signing such statement, and shall set forth all of the following:

4. At each election for directors every shareholder entitled to vote at such election shall have the right to vote, in person or by proxy, the number of shares owned by the shareholder for as many individuals as there are directors to be elected and for whose election the shareholder has a right to vote.

5. In an election of directors, a state bank shall not vote its own shares held by it as sole trustee unless under the terms of the trust the manner in which such shares shall be voted may be determined by a donor or beneficiary of the trust and unless such donor or beneficiary actually directs how the shares shall be voted. However, shares held in trust by a state bank pursuant to an instrument in effect prior to January 1, 1970, under the terms of which the manner in which such shares shall be voted could not be determined by a donor or beneficiary of the trust, may be voted in an election of directors of a state bank upon petition filed by the state bank, to a court of competent jurisdiction, and the appointment by such court of an individual to determine the manner in which the shares shall be voted. The superintendent shall grant the certificate if the superintendent is satisfied that the person who proposes to obtain control of the bank is qualified by character, experience and financial responsibility to control and operate the bank in a sound and legal manner, and that the interests of the depositors, creditors and shareholders of the bank, and of the public generally, will not be jeopardized by the proposed change of control. If the proposed purchaser or acquirer is a bank holding company as defined by section 524.1801, it shall comply with section 524.1804 in lieu of seeking a certificate of approval under this subsection. In any situation where the president or cashier of a bank has reason to believe any of the foregoing requirements have not been complied with, it shall be the duty of the president or cashier to promptly report in writing such facts to the superintendent upon obtaining knowledge thereof. As used in this section, the term control means the power, directly or indirectly, to elect the board of directors. If there is any doubt as to whether a change in the ownership of the outstanding shares is sufficient to result in control thereof, or to effect a change in the control thereof, such doubt shall be resolved in favor of reporting the facts to the superintendent.

2. Whenever twenty-five percent or more of the outstanding voting shares of a state bank is used as security for any transaction, the person or persons owning such shares shall promptly report such transaction to the superintendent in writing.

3. The reports required by subsections 1 and 2 of this section shall contain information (to the extent known by the person making the report) relative to the number of shares involved, the names of the sellers and purchasers (or transferors and transferees), the purchase price, the name of the borrower, the amount, source, and terms of the loan, or other transaction, the name of the bank issuing the shares used as security, and the number of shares used as security.

4. The superintendent may require, at such times as the superintendent deems appropriate, the submission of a financial statement from a shareholder or shareholders of a state bank possessing, directly or indirectly, control of such state bank.

4. The directors of a state bank who, willfully or negligently, vote for or assent to any investment of funds of the state bank in violation of the provisions of this chapter shall be jointly and severally liable to the state bank for the amount of any loss sustained on such investment.

A director of a state bank who is present at a meeting of its board of directors at which action on any matter is taken shall be presumed to have assented to the action taken unless the director's dissent shall be entered in the minutes of the meeting or unless the director shall file the director's written dissent to such action with the individual acting as the secretary of the meeting before the adjournment thereof or shall forward such dissent by registered or certified mail to the cashier of the state bank

promptly after the adjournment of the meeting. Such right to dissent shall not apply to a director who voted in favor of such action.

A director shall not be liable under subsection 1, 2, 3, or 4 of this section if the director relied and acted in good faith upon information represented to the director to be correct by an officer or officers of such state bank or stated in a written report by a certified public accountant or firm of such accountants. No director shall be deemed to be negligent within the meaning of this section if the director in good faith exercised that diligence, care and skill which an ordinarily prudent person would exercise as a director under similar circumstances.

Any director against whom a claim shall be asserted under or pursuant to this section for the payment of a dividend or other distribution of assets of a state bank and who shall be held liable thereon, shall be entitled to contribution from the shareholders who accepted or received any such dividend or assets, knowing such dividend or distribution to have been made in violation of the provisions of this chapter, in proportion to the amounts received by them respectively. Further, any director against whom a claim shall be asserted pursuant to this section for the payment of any liability imposed by this section shall be entitled to contribution from any director found to be similarly liable.

Whenever the superintendent deems it necessary the superintendent may require, after affording an opportunity for a hearing upon adequate notice, that a director or directors whom the superintendent reasonably believes to be liable to a state bank pursuant to subsection 1, 2, 3, or 4 of this section, to place in an escrow account in an insured bank located in this state, as directed by the superintendent, an amount sufficient to discharge any liability which may accrue pursuant to subsection 1, 2, 3, or 4 of this section. The amount so deposited shall be paid over to the state bank by the superintendent upon final determination of the amount of such liability. Any portion of the escrow account which is not necessary to meet such liability shall be repaid on a pro rata basis to the directors who contributed to the fund.

Any action seeking to impose liability under this section, other than liability for contribution, shall be commenced only within five years of the action complained of and not thereafter.

524.606 Removal of directors.

1. At a meeting of shareholders expressly called for that purpose, individual directors or the entire board of directors may be removed, with or without cause, by the affirmative vote of the holders of a majority of the shares entitled to vote at an election of directors. The vacancies created may be filled at the same meeting at which the removal proceedings take place.

2. If, in the opinion of the superintendent, any director of a state bank has violated any law relating

to such state bank or has engaged in unsafe or unsound practices in conducting the business of such state bank, the superintendent may cause notice to be served upon such director, to appear before the superintendent to show cause why the director should not be removed from office. A copy of such notice shall be sent to each director of the state bank affected, by registered or certified mail. If, after granting the accused director a reasonable opportunity to be heard, the superintendent finds that the director violated any law relating to such state bank or engaged in unsafe or unsound practices in conducting the business of such state bank, the superintendent, in the superintendent's discretion, may order that such director be removed from office. A copy of the order shall be served upon such director and upon the state bank of which the person is a director at which time the person shall cease to be a director of the state bank. The resignation, termination of employment, or separation of such director, including a separation caused by the closing of the state bank at which the person serves as a director, does not affect the jurisdiction and authority of the superintendent to cause notice to be served and proceed under this subsection against the director, if the notice is served before the end of the six-year period beginning on the date the director ceases to be a director with the bank.

The decision of the superintendent shall be subject to judicial review in accordance with the terms of the Iowa administrative procedure Act. No action taken by a director prior to the director's removal shall be subject to attack on the ground of the director's disqualification.

524.607 Meetings — waiver of notice — quorum.

The board of directors shall hold at least nine regular meetings each calendar year. No more than one regular meeting shall be held in any one calendar month. Unless the articles of incorporation or bylaws provide otherwise, the board of directors may permit directors to participate in meetings through the use of any means of communication by which all directors participating may simultaneously hear each other during the meeting. A director participating in a meeting by this means is deemed to be present at the meeting.

A special meeting may be called by any executive officer or a director. Notice of a meeting shall be given to each director, either personally or by mail, at least two days in advance of the meeting. Notice of a regular meeting shall not be required if the articles of incorporation, bylaws, or a resolution of the board of directors provide for a regular monthly meeting date.

Attendance of a director at a meeting shall constitute a waiver of notice of such meeting except where a director attends a meeting for the express purpose of objecting to the transaction of any business because the meeting is not lawfully called or convened.

Whenever any notice is required to be given to any director of a state bank under the provisions of this chapter or under the provisions of the articles of incorporation or the bylaws of the state bank, a waiver thereof in writing, signed by the individual or individuals entitled to such notice, whether before or after the time stated therein, shall be equivalent to the giving of such notice.

A majority of the board of directors shall constitute a quorum for the transaction of business unless a greater number is required by the articles of incorporation or the bylaws. The act of the majority of the directors present at a meeting at which a quorum is present shall be the act of the board of directors, unless the act of a greater number is required by the laws of this state or of the United States, the articles of incorporation or the bylaws.

The board shall determine the bank's audit needs and record in the board's minutes the extent to which audit procedures are to be employed. A report which summarizes significant audit findings shall be delivered to the superintendent as soon as practical upon completion.

The superintendent may require that more comprehensive auditing procedures be applied to a bank's account records when deemed necessary. These auditing procedures may range from limited scope agreed-upon procedures to an unqualified audit opinion.

However, loans and extensions of credit of a spouse are not considered loans and extensions of credit of the director or officer if all of the following apply:

a. Assets and liabilities of a director or officer are not included in the financial statement of the spouse and are not otherwise relied upon as a basis for loans or extensions of credit to the spouse.

b. The guarantee of a director or officer is not relied upon as a basis for loans or extensions of credit to the spouse.

A state bank may limit its liability provided such limitations are set forth in the lease and agreement in at least the same size and type as the other substantive provisions of the lease and agreement.

2. If the rental for the safe deposit box has not been paid prior to the expiration of the period specified in a notice mailed pursuant to subsection 1 of this section, the state bank may, in the presence of two of its officers, cause the box to be opened and the contents removed. An inventory of the contents of the safe deposit box shall be made by the two officers present and the contents held by the state bank for the account of the customer.

3. If the contents are not claimed within two years after their removal from the safe deposit box, the state bank may proceed to sell so much of the contents as is necessary to pay the past due rentals and the expense incurred in opening the safe deposit box, replacement of the locks thereon and the sale of the contents. The sale shall be held at the time and place specified in a notice published prior to the sale once each week for two successive weeks in a newspaper of general circulation published in the municipal corporation or unincorporated area in which the state bank has its principal place of business, or if there is none, a newspaper of general circulation published in the county, or in a county adjoining the

county, in which the state bank has its principal place of business. A copy of the notice so published shall be mailed to the customer at the customer's last known address as shown upon the records of the state bank. The notice shall contain the name of the customer and need only describe the contents of the safe deposit box in general terms. The contents of any number of safe deposit boxes may be sold under one notice of sale and the cost thereof apportioned ratably among the several safe deposit box customers involved. At the time and place designated in said notice the contents taken from each respective safe deposit box shall be sold separately to the highest bidder for cash and the proceeds of each sale applied to the rentals and expenses due to the state bank and the residue from any such sale shall be held by the state bank for the account of the customer or customers. Any amount so held as proceeds from such sale shall be credited with interest at the customary annual rate for savings accounts at said state bank, or in lieu thereof, at the customary rate of interest in the community where such proceeds are held. The crediting of interest shall not activate said account to avoid an abandonment as unclaimed property under chapter 556.

4. Notwithstanding any of the provisions of this section, shares, bonds, or other securities which, at the time of a sale pursuant to subsection 3 of this section, are listed on any established stock exchange in the United States, shall not be sold at public sale but may be sold through an established stock exchange. Upon the making of a sale of any such securities, an officer of the state bank shall execute and attach to the securities so sold an affidavit reciting facts showing that such securities were sold pursuant to this section and that the state bank has complied with the provisions of this section. The affidavit shall constitute sufficient authority to any corporation whose shares are so sold or to any registrar or transfer agent of such corporation to cancel the certificates of shares so sold and to issue a new certificate or certificates representing such shares to the purchaser thereof, and to any registrar, trustee, or transfer agent of registered bonds or other securities, to register any such bonds or other securities in the name of the purchaser thereof.

5. The proceeds of any sale made pursuant to this section, after the payment of any amounts with respect to which the state bank has a lien, any property which was not offered for sale and property which, although offered for sale, was not sold, shall be retained by the state bank until such time as the property is presumed abandoned according to the provisions of section 556.2, and shall thereafter be handled in accordance with the provisions of that chapter.

524.901 Investments.

1. For purposes of this section, unless the context otherwise requires:

a. "*Investment securities*" means marketable obligations in the form of bonds, notes, or debentures which have been publicly offered, are of sound value, or are secured so as to be readily marketable at a fair value, and are within the four highest grades according to a reputable rating service or represent unrated issues of equivalent value. "*Investment securities*" does not include investments which are predominately speculative in nature.

b. "*Shares*" means proprietary units of ownership of a corporation.

2. A state bank shall not invest for its own account more than fifteen percent of its aggregate capital in investment securities of any one obligor. Any premium paid by a state bank for any investment securities shall not be included in determining the amount that may be invested under this subsection.

3. Subject only to the exercise of prudent banking judgment, a state bank may invest for its own account without regard to the limitation provided in subsection 2 in any of the following:

a. Investment securities of the United States of which the payment of principal and interest is fully and unconditionally guaranteed by the United States.

b. Investment securities issued, insured, or guaranteed by a department or an agency of the United States government, provided that the securities, insurance, or guarantee commits the full faith and credit of the United States for the repayment of the securities.

c. Investment securities of the federal national mortgage association or the association's successor.

d. Investment securities of the federal home loan mortgage corporation or the corporation's successor.

e. Investment securities of the student loan marketing association or the association's successor.

f. Investment securities of a federal home loan bank.

g. Investment securities of a farm credit bank.

h. Investment securities representing general obligations of the state of Iowa or of political subdivisions of the state.

4. A state bank may invest without limit in the shares or units of investment companies or investment trusts registered under the federal Investment Company Act of 1940, 15 U.S.C. § 80a, the portfolio of which is limited to United States investment securities described in subsection 3 or repurchase agreements fully collateralized by United States investment securities described in subsection 3, if delivery of the collateral is taken either directly or through an authorized custodian and the dollar-weighted average maturity of the portfolio is not more than five years. All other investments by a state bank in the shares or units of investment companies or investment trusts registered under the federal Investment Company Act of 1940, 15 U.S.C. § 80a, whose portfolios exclusively contain investment securities permissible pursuant to subsections 2 and 3, shall not exceed fifteen percent of the state bank's aggregate capital.

5. To the extent necessary to meet minimum membership or participation criteria, a state bank may invest for its own account in the shares of the appropriate federal reserve bank, the appropriate federal home loan bank, the federal national agricultural mortgage corporation or corporations engaged solely in the pooling of agricultural loans for federal agricultural mortgage corporation guarantees, and other similar investments acceptable to the superintendent and approved in writing by the superintendent. The bank's investment in the shares of each of the organizations is limited to fifteen percent of its aggregate capital or a higher amount as approved by the superintendent. Notwithstanding the specific requirements of this section, any shares of government-sponsored entities held by a state bank on or before July 1, 1995, shall be authorized.

6. A state bank, upon the approval of the superintendent, may acquire and hold the shares of any corporation which a state bank is authorized to acquire and hold pursuant to this chapter.

7. A state bank, upon the approval of the superintendent, may invest up to five percent of its aggregate capital in the shares or equity interests of any of the following:

a. Economic development corporations organized under chapter 496B to the extent authorized by and subject to the limitations of that chapter.

b. Community development corporations or community development projects to the same extent a national bank may invest in such corporations or projects pursuant to 12 U.S.C. § 24.

c. Small business investment companies as defined by the laws of the United States.

d. Venture capital funds which invest an amount equal to at least fifty percent of a state bank's investment in small businesses having their principal offices within this state and having either more than one-half of their assets within this state or more than one-half of their employees employed within this state.

e. Small businesses having a principal office within this state and having either more than one-half of their assets within this state or more than one-half of their employees employed within this state. An investment by a state bank in a small business under this paragraph shall be included with the obligations of the small business to the state bank that are incurred as a result of the exercise by the state bank of the powers conferred in section 524.902 for the purpose of determining the total obligations of the small business pursuant to section 524.904. A state bank's equity interest investment in a small business, pursuant to this paragraph, shall not exceed a twenty percent ownership interest in the small business.

f. Other entities, acceptable to the superintendent, whose sole purpose is to promote economic or civic developments within a community or this state.

A state bank's total investment in any combination of the shares or equity interests of the entities identified in paragraphs "a" through "f" shall be limited to fifteen percent of its aggregate capital.

For purposes of this subsection, the term "*venture capital fund*" means a corporation, partnership, proprietorship, or other entity whose principal business is or will be the making of investments in, and the providing of significant managerial assistance to, small businesses. The term "*small business*" means a corporation, partnership, proprietorship, or other entity which meets the appropriate United States small business administration definition of small business and which is principally engaged in the development or exploitation of inventions, technological improvements, new processes, or other products not previously generally available in this state, or other investments which provide an economic benefit to the state. The term "*equity interests*" means limited partnership interests and other equity interests in which liability is limited to the amount of the investment, but does not mean general partnership interests or other interests involving general liability.

8. A state bank, in the exercise of the powers granted in this chapter, may purchase cash value life insurance contracts which may include provisions for the lump sum payment of premiums and which may include insurance against the loss of the lump sum payment. The cash value life insurance contracts purchased from any one company shall not exceed fifteen percent of aggregate capital of the state bank, and in the aggregate from all companies, shall not exceed twenty-five percent of aggregate capital of the state bank unless the state bank has obtained the approval of the superintendent prior to the purchase of any cash value life insurance contract in excess of this limitation.

9. A state bank may invest without limitation for its own account in futures, forward, and standby contracts to purchase and sell any of the instruments a state bank is authorized to purchase and sell, subject to the prior approval of the superintendent and pursuant to applicable federal laws and regulations governing such contracts. Purchase and sale of such contracts shall be conducted in accordance with safe and sound banking practices and with the level of the activity being reasonably related to the state bank's business needs and capacity to fulfill its obligations under the contracts.

524.903 Purchase and sale of drafts and bills of exchange.

a. Which grow out of transactions involving the importation or exportation of goods.

b. Which grow out of transactions involving the domestic shipment of goods, provided documents of title are attached thereto at the time of acceptance.

c. In which a security interest is perfected at the time of acceptance covering readily marketable staples.

2. A state bank shall not accept such drafts in an amount which exceeds at any time in the aggregate for all drawers thirty percent of the state bank's aggregate capital. The superintendent may authorize a state bank to accept drafts in an amount not exceeding at any time in the aggregate for all drawers sixty percent of the state bank's aggregate capital, but the aggregate of acceptance growing out of domestic transactions shall in no event exceed thirty percent of aggregate capital.

3. A state bank, with the prior approval of the superintendent, may accept drafts, having not more than three months after sight to run, drawn upon it by banks or bankers in foreign countries, or in dependencies or insular possessions of the United States, for the purpose of furnishing dollar exchange as required by the usages of trade where the drafts are drawn in an aggregate amount which shall not at any time exceed for all such acceptance on behalf of a single bank or banker seven and one-half percent of the state bank's aggregate capital, and for all such acceptances, thirty percent of the state bank's aggregate capital.

Subsections 2 and 3 amended

524.904 Loans and extensions of credit to one borrower.

1. For purposes of this section, "*loans and extensions of credit*" means a state bank's direct or indirect advance of funds to a borrower based on an obligation of that borrower to repay the funds or repayable from specific property pledged by the borrower and shall include:

a. A contractual commitment to advance funds, as defined in section 524.103.

b. A maker or endorser's obligation arising from a state bank's discount of commercial paper.

c. A state bank's purchase of securities subject to an agreement that the seller will repurchase the securities at the end of a stated period.

d. A state bank's purchase of third-party paper subject to an agreement that the seller will repurchase the paper upon default or at the end of a stated period. The amount of the state bank's loan is the total unpaid balance of the paper owned by the state bank less any applicable dealer reserves retained by the state bank and held by the state bank as collateral security. Where the seller's obligation to repurchase is limited, the state bank's loan is measured by the total amount of the paper the seller may ultimately be obligated to repurchase. A state bank's purchase of third-party paper without direct or indirect recourse to the seller is not a loan or extension of credit to the seller.

e. An overdraft.

f. Amounts paid against uncollected funds.

g. Loans or extensions of credit that have been charged off the books of the state bank in whole or in part, unless the loan or extension of credit has become unenforceable by reason of discharge in bankruptcy; or is no longer legally enforceable because of expiration of the statute of limitations or a judicial decision; or forgiven under an executed written agreement by the state bank and the borrower.

h. The aggregate rentals payable by the borrower under leases of personal property by the state bank as lessor.

i. Loans and extensions of credit to one borrower consisting of investments in which the state bank has invested pursuant to section 524.901.

j. Amounts invested by a state bank for its own account in the shares and obligations of a corporation which is a customer of the state bank.

k. All other loans and extensions of credit to one borrower of the state bank not otherwise excluded by subsection 7, whether directly or indirectly, primarily or secondarily.

2. A state bank's total outstanding loans and extensions of credit to one borrower shall not exceed fifteen percent of the state bank's aggregate capital as defined in section 524.103, unless the additional lending provisions described in subsections 3, 4, and 5 apply.

3. A state bank may grant loans or extensions of credit to one borrower up to twenty-five percent of the state bank's aggregate capital if the amount that exceeds fifteen percent of the state bank's aggregate capital is fully secured by one or any combination of the following:

a. Nonnegotiable bills of lading, warehouse receipts, or other documents transferring or securing title covering readily marketable nonperishable staples when such goods are covered by insurance to the extent that insuring the goods is customary, and when the market value of the goods is not at any time

less than one hundred twenty percent of the amount of the loans and extensions of credit.

b. Nonnegotiable bills of lading, warehouse receipts, or other documents transferring or securing title covering readily marketable refrigerated or frozen staples when such goods are fully covered by insurance and when the market value of the goods is not at any time less than one hundred twenty percent of the amount of the loans and extensions of credit.

c. Shipping documents or instruments that secure title to or give a first lien on livestock. At inception, the current value of the livestock securing the loans must equal at least one hundred percent of the amount of the outstanding loans and extensions of credit. For purposes of this section, "livestock" includes dairy and beef cattle, hogs, sheep, and poultry, whether or not held for resale. For livestock held for resale, current value means the price listed for livestock in a regularly published listing or actual purchase price established by invoice. For livestock not held for resale, the value shall be determined by the local slaughter price. The bank must maintain in its files evidence of purchase or an inspection and valuation for the livestock pledged that is reasonably current, taking into account the nature and frequency of turnover of the livestock to which the documents relate.

d. Mortgages, deeds of trust, or similar instruments granting a first lien on farmland or on single-family or two-family residences, subject to the provisions of section 524.905, provided the amount loaned shall not exceed fifty percent of the appraised value of such real property.

e. With the prior approval of the superintendent, other readily marketable collateral. The market value of the collateral securing the loans must at all times equal at least one hundred percent of the outstanding loans and extensions of credit.

4. A state bank may grant loans and extensions of credit to a corporate group, including the lending provisions of subsection 3, in an amount not to exceed twenty-five percent of the state bank's aggregate capital. A corporate group includes a person and all corporations in which the person owns or controls fifty percent or more of the shares entitled to vote.

5. A state bank may grant loans or extensions of credit to one borrower not to exceed thirty-five percent of the state bank's aggregate capital if the amount that exceeds the lending provisions provided in subsections 2, 3, and 4 consists of obligations as endorser of negotiable chattel paper negotiated by endorsement with recourse, or as unconditional guarantor of nonnegotiable chattel paper, or as transferor of chattel paper endorsed without recourse subject to a repurchase agreement.

6. For purposes of this section:

a. Loans and extensions of credit to one person will be attributed to another person and will be considered one borrower if either of the following apply:

(1) The proceeds, or assets purchased with the proceeds, benefit another person, other than a bona

fide arm's length transaction where the proceeds are used to acquire property, goods, or services.

(2) The expected source of repayment for each loan or extension of credit is the same for each borrower and no borrower has another source of income from which the loan may be fully repaid.

b. Loans and extensions of credit to a partnership, joint venture, or association are deemed to be loans and extensions of credit to each member of the partnership, joint venture, or association. This provision does not apply to limited partners in limited partnerships or to members of joint ventures or associations if the partners or members, by the terms of the partnership or membership agreement or other written agreement, are not to be held generally liable for the debts or actions of the partnership, joint venture, or association, and those provisions are valid under applicable law.

c. Loans and extensions of credit to members of a partnership, joint venture, or association are not attributed to the partnership, joint venture, or association unless loans and extensions of credit are made to the member to purchase an interest in the partnership, joint venture, or association, or the proceeds are used for a common purpose with the proceeds of loans and extensions of credit to the partnership, joint venture, or association.

d. Loans and extensions of credit to one borrower which are endorsed or guaranteed by another borrower will not be combined with loans and extensions of credit to the endorser or guarantor unless the endorsement or guaranty is relied upon as a basis for the loans and extensions of credit. A state bank shall not be deemed to have violated this section if the endorsement or guaranty is relied upon after inception of loans and extensions of credit, but the state bank shall, if required by the superintendent, dispose of loans and extensions of credit to one borrower in the amount in excess of the limitations of this section within a reasonable time as fixed by the superintendent.

e. When the superintendent determines the interests of a group of more than one borrower, or any combination of the members of the group, are so interrelated that they should be considered a unit for the purpose of applying the limitations of this section, some or all loans and extensions of credit to that group of borrowers existing at any time shall be combined and deemed loans and extensions of credit to one borrower. A state bank shall not be deemed to have violated this section solely by reason of the fact that loans and extensions of credit to a group of borrowers exceed the limitations of this section at the time of a determination by the superintendent that the indebtedness of that group must be combined, but the state bank shall, if required by the superintendent, dispose of loans and extensions of credit to the group in the amount in excess of the limitations of this section within a reasonable time as fixed by the superintendent.

7. Total loans and extensions of credit to one borrower for the purpose of applying the limitations of this section shall not include any of the following:

a. Additional funds advanced for taxes or for insurance if the advance is for the protection of the state bank, and provided that such amounts receive the prior approval of the superintendent.

b. Accrued and discounted interest on existing loans or extensions of credit.

c. Any portion of a loan or extension of credit sold as a participation by a state bank on a nonrecourse basis, provided that the participation results in a pro rata sharing of credit risk proportionate to the respective interests of the originating and participating lenders. Where a participation agreement provides that repayment must be applied first to the portions sold, a pro rata sharing will be deemed to exist only if the agreement also provides that in the event of a default or comparable event defined in the agreement, participants must share in all subsequent repayments and collections in proportion to their percentage participation at the time of the occurrence of the event. If an originating state bank funds the entire loan, it must receive funding from the participants on the same day or the portions funded will be treated as loans by the originating state bank to the borrower.

d. Loans and extensions of credit to one borrower to the extent secured by a segregated deposit account which the state bank may lawfully set off. An amount held in a segregated deposit account in the name of more than one customer shall be counted only once with respect to all borrowers. Where the deposit is eligible for withdrawal before the secured loan matures, the state bank must establish internal procedures to prevent release of the security without the state bank's prior consent.

e. Loans and extensions of credit to one borrower which is a bank.

f. Loans and extensions of credit to one borrower which are fully secured by bonds and securities of the kind in which a state bank is authorized to invest for its own account without limitation under section 524.901, subsection 3.

g. Loans and extensions of credit to a federal reserve bank or to the United States, or of any department, bureau, board, commission, agency, or establishment of the United States, or to any corporation owned directly or indirectly by the United States, or loans and extensions of credit to one borrower to the extent that such loans and extensions of credit are fully secured or guaranteed or covered by unconditional commitments or agreements to purchase by a federal reserve bank or by the United States, or any department, bureau, board, commission, agency, or establishment of the United States, or any corporation owned directly or indirectly by the United States. Loans and extensions of credit to one borrower secured by a lease on property under the terms of which the United States, or any department, bureau, board, commission, agency, or establishment of the United States, or any corporation owned directly or indirectly by the United States, or the state of Iowa, or any political subdivision of the state, is lessee and under the terms of which the aggregate rentals pay-

able to the borrower will be sufficient to satisfy the amount loaned is considered to be loans and extensions of credit secured or guaranteed as provided for in this paragraph.

h. Loans and extensions of credit to one borrower as the drawer of drafts drawn in good faith against actually existing values in connection with a sale of goods which have been endorsed by the borrower with recourse or which have been accepted.

i. Loans and extensions of credit arising out of the discount of commercial paper actually owned by a borrower negotiating the same and endorsed by a borrower without recourse and which is not subject to repurchase by a borrower.

j. Loans and extensions of credit drawn by a borrower in good faith against actually existing values and secured by nonnegotiable bills of lading for goods in process of shipment.

k. Loans and extensions of credit in the form of acceptances of other banks of the kind described in section 524.903, subsection 3.

l. Loans and extensions of credit of the borrower by reason of acceptances by the state bank for the account of the borrower pursuant to section 524.903, subsection 1.

524.1009 Succession to fiduciary accounts and appointments — application for appointment of new fiduciary.

1. If a party to a plan of merger was authorized to act in a fiduciary capacity and if the resulting state or national bank is similarly authorized, the resulting state or national bank shall be automatically substituted by reason of the merger as fiduciary of all accounts held in that capacity by such party to the plan, without further action and without any order or decree of any court or public officer, and shall have all the rights and be subject to all the obligations of such party as fiduciary.

2. No designation, nomination, or appointment as fiduciary of a party to a plan of merger shall lapse by reason of the merger. The resulting state or national bank, if authorized to act in a fiduciary capacity, shall be entitled to act as fiduciary pursuant to each designation, nomination, or appointment to the same extent as the party to the plan so named could have acted in the absence of the merger.

3. Any person with an interest in an account held in a fiduciary capacity by a party to a plan of merger may, within sixty days after the effective date of the merger, apply to the district court in the county in which the resulting state or national bank has its principal place of business, for the appointment of a new fiduciary to replace the resulting state or na-

tional bank on the ground that the merger will adversely affect the administration of the fiduciary account. The court shall have the discretion to appoint a new fiduciary to replace the resulting state or national bank if it should find, upon hearing after notice to all interested parties, that the merger will adversely affect the administration of the fiduciary account and that the appointment of a new fiduciary will be in the best interests of the beneficiaries of the fiduciary account. This provision is in addition to any other provision of law governing the removal of fiduciaries and is subject to the terms upon which the party to the plan which held the fiduciary account was designated as fiduciary.

524.1102 Loans and other transactions with affiliates.

A state bank shall not make any loan or any extension of credit to, or purchase securities under repurchase agreement from, any of its affiliates, or invest any of its funds in the shares, bonds, capital securities, or other obligations of an affiliate, or accept the shares, bonds, capital securities, or other obligations of an affiliate as collateral security for advances made to any customer, if the aggregate amount of the loans, extensions of credit, repurchase agreements, investments and advances against such collateral security will exceed:

1. In the case of any one affiliate, ten percent of the aggregate capital of the state bank.

2. In the case of all such affiliates, twenty percent of the aggregate capital of the state bank.

Within the foregoing limitations, each loan or extension of credit of any kind or character to an affiliate shall be secured by collateral in the form of shares of stock, bonds, capital securities or other such obligations having a market value at the time of making the loan or extension of credit of at least twenty percent more than the amount of the loan or extension of credit, or of at least ten percent more than the amount of the loan or extension of credit if it is secured by obligations of any state, or of any political subdivision or agency of the state, or of at least one hundred percent of the amount of the loan or extension of credit if it is secured by a segregated deposit account which the state bank may set off.

A loan or extension of credit to a director, officer, clerk, or other employee or any representative of any affiliate is deemed to be a loan to the affiliate to the extent that the proceeds of such loan are used for the benefit of, or transferred to, the affiliate.

The provisions of this section shall not apply to loans or extensions of credit fully secured by obligations of the United States, or the farm credit banks, or the federal home loan banks, or obligations fully guaranteed by the United States as to principal and interest. The provisions of this section shall not apply to indebtedness of any affiliate for unpaid balances due a state bank on assets purchased from the state bank.

For purposes of this section, the terms "extension of credit" and "extensions of credit" are deemed to include any purchase of securities under a repurchase agreement, other assets or obligations under a repurchase agreement, and the discount of promissory notes, bills of exchange, conditional sales contracts, or similar paper, whether with or without recourse.

5. Where the affiliate relationship exists by reason of the ownership or control of any voting shares thereof by a state bank as executor, administrator, trustee, receiver, agent, depository, or in any other fiduciary capacity, except where such shares are held for the benefit of all or a majority of the shareholders of such state bank.

6. Which is a bank.

7. Which is an operations subsidiary or other subsidiary in which the state bank owns or controls eighty percent or more of the voting shares. A bank office may furnish all banking services ordinarily furnished to customers and depositors at the principal place of business of the state bank which operates the office, and a bank office manager or an officer of the bank shall be physically present at each bank office during a majority of its business hours. The central executive and official business and principal recordkeeping functions of a state bank shall be

exercised only at its principal place of business or at another bank office as authorized by the superintendent for these functions.

All transactions of a bank office shall be immediately transmitted to the principal place of business or other bank office authorized under subsection 1 of the state bank which operates the office, and no current recordkeeping functions shall be maintained at a bank office other than the bank office authorized under subsection 1, except to the extent the state bank which operates the office deems it desirable to keep there duplicates of the records kept at the principal place of business or authorized bank office of the state bank.

524.1202 Location of offices.

The location of any new bank office, or any change of location of a previously established bank office, shall be subject to the approval of the superintendent. No state bank shall establish a bank office outside the boundaries of the counties contiguous to or cornering upon the county in which the principal place of business of the state bank is located.

1. Except as otherwise provided in subsection 2 of this section, no state bank shall establish a bank office outside the corporate limits of a municipal corporation or in a municipal corporation in which there is already an established state or national bank or office, however the subsequent chartering and establishment of any state or national bank, through the opening of its principal place of business within the municipal corporation where the bank office is located, shall not affect the right of the bank office to continue in operation in that municipal corporation. The existence and continuing operation of a bank office shall not be affected by the subsequent discontinuance of a municipal corporation pursuant to the provisions of sections 368.11 to 368.22. A bank office existing and operating on July 1, 1976, which is not located within the confines of a municipal corporation, shall be allowed to continue its existence and operation without regard to this subsection.

(2) If the municipal corporation or urban complex has a population of more than one hundred thousand but not more than two hundred thousand according to the most recent federal census, the state bank shall not establish more than five bank offices.

(3) If the municipal corporation or urban complex has a population of more than two hundred thousand according to the most recent federal census, the state bank shall not establish more than six bank offices.

b. For purposes of this subsection, "*urban complex*" means the geographic area bounded by the corporate limits of two or more municipal corporations, each of which being contiguous to or cornering upon at least one of the other municipal corporations within the complex. A state bank located in a municipal corporation or urban complex which is located on a boundary of this state and contiguous to a municipal corporation in another state may have one bank office in addition to the number of bank offices permitted by paragraph "a"; provided that nothing contained in this paragraph authorizes a state bank to establish a bank office outside of the boundaries of this state.

c. One such facility located in the proximity of a state bank's principal place of business may be found by the superintendent to be an integral part of the principal place of business, and not a bank office within the meaning of this section. This paragraph does not authorize more than one facility to be found to be an integral part of a bank's principal place of business.

d. One such facility located in the proximity of a state bank's office may be found by the superintendent to be an integral part of the bank office and not a bank office within the meaning of this section. This paragraph does not authorize more than one facility to be found to be an integral part of a bank office.

3. Notwithstanding subsection 1, if the assets of a state or national bank in existence on January 1, 1989, are transferred to a different state or national bank in the state which is located in the same county or a county contiguous to or cornering upon the county in which the principal place of business of the acquired bank is located, the resulting or acquiring bank may convert to and operate as its bank office any one or more of the business locations occupied as the principal place of business or as a bank office of the bank whose assets are so acquired. The limitations on bank office locations contained in unnumbered paragraph 1 of this section, and the limitation on the number of bank offices within the municipality or urban complex of the resulting or acquiring bank contained in subsection 2 shall be applicable to any bank office otherwise authorized by this subsection. A bank office established under the authority of this subsection is subject to the approval of the superintendent, shall be operated in accordance with this chapter relating to the operation of bank offices, and may be augmented by an integral facility when approved under subsection 2, paragraph "d".

524.1303 Voluntary dissolution after commencement of business.

1. A state bank which has commenced business may propose to voluntarily dissolve upon the affirmative vote of the holders of at least a majority of the shares entitled to vote on the voluntary dissolution, adopting a plan of dissolution involving both a provision for acquisition of its assets and assumption of its liabilities by another state bank, national bank, or other financial institution insured by the federal deposit insurance corporation and a provision for continuance of its business if acquisition of its assets and assumption of its liabilities is not effected, or any other plan of dissolution providing for full payment of its liabilities.

2. Upon acceptance for processing of an application for approval of a plan of dissolution on forms prescribed by the superintendent, the superintendent shall conduct such investigation as the superintendent may deem necessary to determine whether the plan adequately protects the interests of depositors, other creditors and shareholders and, if the plan involves an acquisition of assets and assumption of liabilities by another state bank, whether such acquisition and assumption would be consistent with adequate and sound banking and in the public interest, on the basis of factors substantially similar to those set forth in section 524.1403, subsection 1, paragraph "d".

3. Within thirty days after the application for dissolution involving a provision of acquisition of the state bank's assets and assumption of its liabilities by another state bank is accepted for processing, the dissolving bank shall publish once each week for two consecutive weeks a notice of the proposed transaction. The notice shall be published in a newspaper of general circulation published in the municipal cor-

The notice shall be on forms provided by the superintendent, and proof of publication of the notice shall be delivered to the superintendent.

4. Within thirty days after the date of the second publication of the notice, any interested person may submit to the superintendent written comments and data on the application. The superintendent may extend the thirty-day comment period if, in the superintendent's judgment, extenuating circumstances exist.

5. Within thirty days after the date of the second publication of the notice, any interested person may submit to the superintendent a written request for a hearing on the application. The request shall state the nature of the issues or facts to be presented and the reasons why written submissions would be insufficient to make an adequate presentation to the superintendent. If the reasons are related to factual disputes, the disputes shall be described. Comments challenging the legality of an application shall be submitted separately in writing and shall not be considered at a hearing conducted pursuant to this section. Written requests for hearings shall be evaluated by the superintendent, who may grant or deny such requests in whole or in part. A hearing request shall generally be granted only if it is determined that written submissions would be inadequate or that a hearing would otherwise be beneficial to the decision-making process. A hearing may be limited to issues considered material by the superintendent.

6. If a request for a hearing has been made and denied, the superintendent shall notify the applicant and all interested persons and shall state the reasons for the denial. Interested persons may submit to the superintendent, with simultaneous copies to the applicant, additional written comments or information on the application within fourteen days after the date of the notice of denial. The applicant shall be provided an additional seven days, after the fourteen-day deadline has expired, within which to respond to any comments submitted within the fourteen-day period. The superintendent may waive this seven-day period upon request by the applicant. A copy of any response submitted by the applicant shall also be mailed simultaneously by the applicant to the interested persons.

3. If applicable state or federal laws require approval by an appropriate state or federal agency, the superintendent may withhold delivery of the approved articles of dissolution until the superintendent receives notice of the decision of such agency. If the final approval of the agency is not given within six months of the superintendent's approval, then the superintendent shall notify the applying state bank that the approval of the superintendent has been rescinded for that reason.

In the case of a national bank, or if the proposed merger will result in a national bank, adoption of the plan by each party to the merger shall require the affirmative vote of at least such directors and shareholders whose affirmative vote on the plan is required under the laws of the United States. The notices shall be published in a newspaper of general circulation published in the municipal corporation or unincorporated area in which each party to the plan has its principal place of business, or if there is none, in a newspaper of general circulation published in the county, or in a county adjoining the county, in which each party to the plan has its principal place of

Comments challenging the legality of an application shall be submitted separately in writing. The superintendent may extend the thirty-day comment period if, in the superintendent's judgment, extenuating circumstances exist.

6. A hearing may be limited to issues considered material by the superintendent.

7. If a request for a hearing is denied, the superintendent shall notify the applicant and all interested persons and shall state the reasons for the denial. The superintendent may waive this seven-day period upon request by the applicant. A copy of any response submitted by the applicant shall also be mailed simultaneously by the applicant to the interested persons.

8. The articles of merger shall be signed by two duly authorized officers of each party to the plan and shall contain all of the following:

a. The names of the parties to the plan, and of the resulting state bank.

b. The location and the post office address of the principal place of business of each party to the plan, and of each additional office maintained by the parties to the plan, and the location and post office address of the principal place of business of the resulting state bank, and of each additional office to be maintained by the resulting state bank.

19. "*Reciprocal basis*" means that a financial institution whose licensed or principal place of business is located in this state has the express authority under the laws of a state other than Iowa to conduct business under qualifications and conditions which are no more restrictive than those imposed by the laws of the other state on financial institutions whose licensed or principal place of business is located in the other state, as determined by the administrator, and the laws of Iowa are no more restrictive of financial institutions whose licensed or principal place of business is located in such other state than they are of financial institutions whose licensed or principal place of business is located in this state.

NEW subsection 8

527.5 Satellite terminal requirements.

A satellite terminal may be utilized by a financial institution to the extent permitted in this chapter only if the satellite terminal is utilized and maintained in compliance with the provisions of this chapter and only if all of the following are complied with:

1. A satellite terminal in this state may be established by one or more financial institutions. The establishing financial institutions shall designate a single controlling financial institution which shall maintain the location, use, and operation of the satellite terminal, wherever located, in compliance with this chapter. The use and operation of a satellite terminal shall be governed by a written agreement between the controlling financial institution and the person controlling the physical location at which the satellite terminal is placed. The written agreement shall specify all of the terms and conditions, including any fees and charges, under which the satellite terminal is placed at that location. If the satellite terminal

is a multiple use terminal, the written agreement shall specify, and may limit, the specific types of transactions incidental to the conduct of the business of a financial institution which may be engaged in through that terminal.

2. a. A satellite terminal shall be available for use on a nondiscriminatory basis by any other financial institution which has its principal place of business within this state, and by all customers who have been designated by a financial institution using the satellite terminal and who have been provided with an access device, approved by the administrator, by which to engage in electronic transactions by means of the satellite terminal.

b. For the purposes of complying with paragraph "a", an on-line point-of-sale terminal is not required to be available for use by customers of a financial institution by means of an access device by which an off-line point-of-sale terminal can be used to engage in electronic transactions.

c. All off-line point-of-sale terminals located at the retail location or retail locations within this state of a single retailer are exempt from paragraph "a" if electronic transactions can be initiated at each of such terminals only by an access device unique to the retailer.

d. Paragraph "a" applies to a financial institution whose licensed or principal place of business is located in a state other than Iowa if all satellite terminals owned, controlled, operated, or maintained by the financial institution, wherever located, are available on a reciprocal basis to any financial institution whose licensed or principal place of business is located in this state, and to all customers who have been designated by a financial institution using the satellite terminal and who have been provided with an access device.

3. An informational statement shall be filed and shall be maintained on a current basis with the administrator by the financial institution controlling a satellite terminal in this state, which sets forth all of the following:

a. The name and business address of the controlling financial institution.

b. The location of the satellite terminal.

c. A schedule of the charges which will be required to be paid by a financial institution utilizing the satellite terminal.

d. An agreement with the administrator that the financial institution controlling the satellite terminal will maintain that satellite terminal in compliance with this chapter.

The informational statement shall be accompanied by a copy of the written agreement required by subsection 1. The informational statement also shall be accompanied by a statement or copy of any agreement, whether oral or in writing, between the controlling financial institution and a data processing center or a central routing unit, unless operated by or solely on behalf of the controlling financial institution, by which transactions originating at that terminal will be received.

4. A satellite terminal in this state shall not be attended or operated at any time by an employee of a financial institution or an affiliate of a financial institution, except for the purpose of instructing customers, on a temporary basis, in the use of the satellite terminal, for the purpose of testing the terminal, or for the purpose of transacting business on the employee's own behalf.

5. A satellite terminal in this state shall bear a sign or label identifying each type of financial institution utilizing the terminal. A satellite terminal location in this state shall not be used to advertise individual financial institutions or a group of financial institutions. However, a satellite terminal shall bear a sign or label no larger than three inches by two inches identifying the name, address, and telephone number of the owner of the satellite terminal. The administrator may authorize methods of identification that the administrator deems necessary to enable the general public to determine the accessibility of a satellite terminal.

6. The charges required to be paid by any financial institution which utilizes the satellite terminal for transactions involving an access device shall not exceed a pro rata portion of the costs, determined in accordance with generally accepted accounting principles, of establishing, operating and maintaining the satellite terminal, plus a reasonable return on these costs to the owner of the satellite terminal.

7. If the administrator deems the informational statement or any amendment to that statement or amendment to be complete and finds no grounds for denying establishment of a satellite terminal, the administrator may notify the person filing the informational statement that the administrator has expressly approved the establishment and operation of the satellite terminal as described in the informational statement or amendment and according to the agreements attached to the statement or amendment. Operation of the satellite terminal may commence immediately upon a person receiving such express approval from the administrator. If the administrator finds grounds, under any applicable law or rule, for denying establishment of a satellite terminal the administrator shall notify the person filing the informational statement or an amendment thereto, within thirty days of the filing thereof, of the existence of such grounds. If such notification is not given by the administrator, the administrator shall be considered to have expressly approved the establishment and operation of the satellite terminal as described in the informational statement or amendment and according to the agreements attached thereto, and operation of the satellite terminal in accordance therewith may commence on or after the thirtieth day following such filing. However, this subsection shall not be construed to prohibit the administrator from enforcing the provisions of this chapter, nor shall it be construed to constitute a waiver of any prohibition, limitation, or obligation imposed by this chapter.

8. *a.* A satellite terminal in this state shall not be operated in a manner to permit a person to deposit

funds into a demand deposit account, savings account, share account, or any other account representing a liability of a financial institution, if the business location of the financial institution where the original records pertaining to the person's account are maintained is located outside of this state.

b. Paragraph "a" of this subsection does not apply to a corporation licensed under chapter 536A. A satellite terminal shall not be operated in any manner to permit a person to deposit funds into an account representing a liability of a corporation licensed under chapter 536A, if the business location of the corporation where the original records pertaining to the person's account are maintained is located outside of this state.

9. *a.* Satellite terminals located in this state shall be directly connected to either of the following:

(1) A central routing unit approved pursuant to this chapter.

(2) A data processing center which is directly connected to a central routing unit approved pursuant to this chapter.

b. If a data processing center which is directly connected to a satellite terminal located in this state does not authorize or reject a transaction originated at that terminal, the transaction shall be immediately transmitted by the data processing center to a central routing unit approved pursuant to this chapter, unless one of the following applies:

(1) The transaction is not authorized because of a mechanical failure of the data processing center or satellite terminal.

(2) The transaction does not affect a customer asset account held by a financial institution.

c. This subsection does not limit the authority of a data processing center to authorize or reject transactions requested by customers of a financial institution pursuant to an agreement whereby the data processing center authorizes or rejects requested transactions on behalf of the financial institution and provides to the financial institution, on a batch basis and not on an on-line real time basis, information concerning authorized or rejected transactions of customers of the financial institution.

10. A personal terminal may be utilized by a financial institution to the extent permitted by this chapter if the use and operation of the personal terminal is governed by a written agreement between the controlling financial institution and its customer and if the personal terminal is utilized and maintained in compliance with subsection 9 and all other applicable sections of this chapter. A telephone located at other than a personal residence and used primarily as a personal terminal must be utilized and maintained in compliance with this section.

11. Any person, as defined in section 4.1, subsection 20, establishing a limited-function terminal within this state, except for a multiple use terminal, which is utilized to initiate transactions affecting a customer asset account shall file with the administrator and shall maintain on a current basis a registration statement on a form prescribed by the

administrator containing the name and address of the registrant, the location of the limited-function terminal, and any other information the administrator deems relevant. All limited-function terminals established in this state prior to July 1, 1991, shall be registered in a similar manner by the establishing person no later than July 1, 1992.

12. *a.* If at any time, a limited-function terminal at a location as defined in section 527.4, subsection 3, paragraph "d", is replaced by a device constituting either an on-line or an off-line point-of-sale terminal which may be utilized to initiate transactions which affect customer asset accounts through the use of an electronic personal identifier, or is upgraded, altered, or modified to be operated in a manner which allows the use of an electronic personal identifier to initiate transactions which affect customer asset accounts, or an on-line or an off-line point-of-sale terminal which may be utilized to initiate transactions which affect customer asset accounts through the use of an electronic personal identifier is newly established at a location defined in section 527.4, subsection 3, paragraph "d", then such upgraded, altered, or modified limited-function terminal or replacement point-of-sale terminal or such newly established point-of-sale terminal is deemed to be a full-function point-of-sale terminal for purposes of this subsection and all requirements of a satellite terminal in this chapter apply to the full-function point-of-sale terminal with regard to all transactions affecting customer asset accounts which are initiated through the use of an electronic personal identifier, except for section 527.4, subsections 1, 2, and 4, section 527.4, subsection 3, paragraphs "a", "b", and "c", and subsections 1, 3, and 7 of this section.

b. A full-function point-of-sale terminal, as identified in paragraph "a", which is operated in a manner which permits all access devices to be utilized to initiate transactions which affect customer asset accounts, and where all such transactions can be directly routed for authorization purposes as established in this subsection, is also exempt from the provisions of section 527.5, subsection 9. However, if a data processing center directly connected to such full-function point-of-sale terminal does not authorize or reject a transaction affecting a customer asset account initiated at the terminal through the use of an electronic personal identifier, the transaction shall be immediately transmitted by the data processing center to either of the following:

(1) A central routing unit approved pursuant to this chapter.

(2) An electronic funds transfer processing facility maintained or operated by a national card association and utilized for the processing of transactions initiated through the use of electronic funds transfer transaction cards or access devices depicting a service mark, logo, or trademark associated with the national card association. However, if the national card association's processing facility is unable to immediately authorize or reject a transaction affecting a customer asset account initiated at that termi-

nal through the use of an access device which bears a service mark, logo, or trademark associated with a central routing unit approved pursuant to this chapter but does not bear a service mark, logo, or trademark associated with a national card association, or which bears a service mark, logo, or trademark other than that associated with either a central routing unit approved pursuant to this chapter or a national card association, the transaction shall be immediately transmitted to a central routing unit approved pursuant to this chapter, whether the transaction initiated through the use of such access device was transmitted to the national card association's processing facility by a data processing center directly connected to the full-function point-of-sale terminal, or the national card association's processing facility received the transmission of transaction data directly from the full-function point-of-sale terminal.

c. If the national card association's electronic funds transfer processing facility directly or indirectly receives a transaction affecting a customer asset account initiated at a full-function point-of-sale terminal through the use of an electronic personal identifier and an access device bearing a service mark, logo, or trademark associated with a national card association, whether or not the access device also bears the service mark, logo, or trademark of an approved central routing unit, and the national card association's processing facility cannot immediately authorize or reject the transaction, such transaction shall be immediately transmitted to a central routing unit approved pursuant to this chapter, or to a financial institution, or its data processing center, which is capable of immediately authorizing or rejecting the transaction.

d. For purposes of this subsection, a national card association must be a membership corporation or organization, wherever incorporated and maintaining a principal place of business, which is engaged in the business of administering for the benefit of the association's members a program involving electronic funds transfer transaction cards or access devices depicting a service mark, logo, or trademark associated with the national card association and which may be utilized to perform transactions at point-of-sale terminals. A national card association must have a membership solely comprised of insured depository financial institutions, organizations directly or indirectly owned or controlled solely by insured depository financial institutions, entities wholly owned by one or more insured depository financial institutions, holding companies having at least two-thirds of their assets consisting of the voting stock of insured depository financial institutions, organizations wholly owned by one or more holding companies having at least two-thirds of their assets consisting of the voting stock of insured depository financial institutions and which are solely engaged in activities related to the programs sponsored by the national card association, or such other entities or organizations which are authorized by the national card association's bylaws to participate in the electronic

funds transfer transaction card or access device programs or other services and programs sponsored by the national card association. For purposes of this subsection, a national card association shall not include a financial institution, bank holding company as defined in section 524.1801, or in the federal Bank Holding Company Act of 1956, 12 U.S.C. § 1842(d), as amended to July 1, 1994, association holding company as defined in section 534.102, or a supervised organization as defined in section 534.102, any other financial institution holding company organized under federal or state law, or a subsidiary or affiliate corporation owned or controlled by a financial institution or financial institution holding company, which has authorized a customer or member to engage in satellite terminal transactions. For purposes of this subsection, a national card association shall also not include a membership corporation or organization which is conducting business as a regional or nationwide network of shared electronic funds transfer terminals which do not constitute point-of-sale terminals, and is engaged in satellite terminal transaction services utilizing a common service mark, logo, or trademark to identify such terminal services.

e. This subsection does not apply to satellite terminals located in this state, other than on-line and off-line full-function point-of-sale terminals as identified in this subsection, or multiple use terminals located in this state which are capable of being operated in a manner to initiate transactions affecting customer asset accounts through the use of an electronic personal identifier.

13. Effective July 1, 1994, any transaction engaged in with a retailer through a satellite terminal

at a location described in section 527.4, subsection 3, paragraph "d", by means of an access device which results in a debit to a customer asset account shall be cleared and paid at par during the settlement of such transaction. Notwithstanding the terms of any contractual agreement between a retailer or financial institution and a national card association as described in subsection 12, an electronic funds transfer processing facility of a national card association, a central routing unit approved pursuant to this chapter, or a data processing center, the processing fees and charges for such transactions to the retailer shall be as contractually agreed upon between the retailer and the financial institution which establishes, owns, operates, controls, or processes transactions initiated at the satellite terminal. All accounting documents reflecting such fees and charges imposed on the retailer shall separately identify transactions which have resulted in a debit to a customer asset account and the charges imposed. The provisions of this subsection shall apply to all satellite terminals, including limited-function terminals, full-function point-of-sale terminals as identified in subsection 12, paragraph "a", and multiple use terminals.

Any person to whom the order is directed may request in writing a hearing within fifteen business days after the date of the issuance of the order. Upon receipt of the written request, the matter shall be set for hearing within fifteen business days of the receipt by the superintendent, unless the person requesting the hearing consents to a later date. CHAPTER 535

MONEY AND INTEREST

535.2 Rate of interest.

1. Except as provided in subsection 2 hereof, the rate of interest shall be five cents on the hundred by the year in the following cases, unless the parties shall agree in writing for the payment of interest at a rate not exceeding the rate permitted by subsection 3:

- a. Money due by express contract.
- b. Money after the same becomes due.
- c. Money loaned.
- d. Money received to the use of another and retained beyond a reasonable time, without the owner's consent, express or implied.
- e. Money due on the settlement of accounts from the day the balance is ascertained.
- f. Money due upon open accounts after six months from the date of the last item.
- g. Money due, or to become due, where there is a contract to pay interest, and no rate is stipulated.

2. a. The following persons may agree in writing to pay any rate of interest, and a person so agreeing in writing shall not plead or interpose the claim or defense of usury in any action or proceeding, and the person agreeing to receive the interest is not subject to any penalty or forfeiture for agreeing to receive or for receiving the interest:

(1) A person borrowing money for the purpose of acquiring real property or refinancing a contract for deed.

(2) A person borrowing money or obtaining credit in an amount which exceeds twenty-five thousand dollars, exclusive of interest, for the purpose of constructing improvements on real property, whether or not the real property is owned by the person.

(3) A vendee under a contract for deed to real property.

(4) A domestic or foreign corporation, and a real estate investment trust as defined in section 856 of the Internal Revenue Code, and a person purchasing securities as defined in chapter 502 on credit from a broker or dealer registered or licensed under chapter 502 or under the Securities Exchange Act of 1934, 15 U.S.C., ch. 78A, as amended.

(5) A person borrowing money or obtaining credit for business or agricultural purposes, or a person borrowing money or obtaining credit in an amount which exceeds twenty-five thousand dollars for personal, family, or household purposes. As used in this paragraph, "agricultural purpose" means as defined in section 535.13, and "business purpose" includes but is not limited to a commercial, service, or industrial enterprise carried on for profit and an investment activity.

b. In determining exemptions under this subsection, the rules of construction stated in this paragraph apply:

(1) The purpose for which money is borrowed is the purpose to which a majority of the loan proceeds are applied or are designated in the agreement to be applied.

(2) Loan proceeds used to refinance or pay a prior loan owed by the same borrower are applied for the same purposes and in the same proportion as the original principal of the loan that is refinanced or paid.

(3) If the lender releases the original borrower from all personal liability with respect to the loan, loan proceeds used to pay a prior loan by a different borrower are applied for the new borrower's purposes in agreeing to pay the prior loan.

(4) If the lender releases the original borrower from all personal liability with respect to the loan, the assumption of a loan by a new borrower is treated as if the new borrower had obtained a new loan and had used all of the proceeds to pay the loan assumed.

(5) This paragraph does not modify or limit section 535.8, subsection 2, paragraph "c" or "e".

(6) With respect to any transaction referred to in paragraph "a" of this subsection, this subsection supersedes any interest-rate or finance-charge limitations contained in the Code, including but not limited to this chapter and chapters 321, 322, 524, 533, 534, 536A, and 537.

3. a. The maximum lawful rate of interest which may be provided for in any written agreement for the payment of interest entered into during any calendar month commencing on or after April 13, 1979, shall be two percentage points above the monthly average ten-year constant maturity interest rate of United States government notes and bonds as published by the board of governors of the federal reserve system for the calendar month second preceding the month during which the maximum rate based thereon will be effective, rounded to the nearest one-fourth of one percent per year.

On or before the twentieth day of each month the superintendent of banking shall determine the maximum lawful rate of interest for the following calendar month as prescribed herein, and shall cause this rate to be published, as a notice in the Iowa administrative bulletin or as a legal notice in a newspaper of general circulation published in Polk county, prior to the first day of the following calendar month. This maximum lawful rate of interest shall be effective on the first day of the calendar month following publication. The determination of the maximum lawful rate of interest by the superintendent of banking shall be exempt from the provisions of chapter 17A.

b. Any rate of interest specified in any written agreement providing for the payment of interest shall, if such rate was lawful at the time the agreement was made, remain lawful during the entire

term of the agreement, including any extensions or renewals thereof, for all money due or to become due thereunder including future advances, if any.

c. Any written agreement for the payment of interest made pursuant to a prior written agreement by a lender to lend money in the future, either to the other party to such prior written agreement or a third party beneficiary of such prior agreement, may provide for payment of interest at the lawful rate of interest at the time of the execution of the prior agreement regardless of the time at which the subsequent agreement is executed.

d. Any contract, note or other written agreement providing for the payment of a rate of interest permitted by this subsection which contains any provisions providing for an increase in the rate of interest prescribed therein shall, if such increase could be to a rate which would have been unlawful at the time the agreement was made, also provide for a reduction in the rate of interest prescribed therein, to be determined in the same manner and with the same frequency as any increase so provided for.

4. a. Notwithstanding the provisions of subsection 3, with respect to any agreement which was executed prior to August 3, 1978, and which contained a provision for the adjustment of the rate of interest specified in that agreement, the maximum lawful rate of interest which may be imposed under that agreement shall be nine cents on the hundred by the year, and any excess charge shall be a violation of section 535.4.

b. Notwithstanding the limitation contained in paragraph "a" of this subsection, with respect to a written agreement for the repayment of money loaned, which was executed prior to August 3, 1978 and which provided for the payment of over fifty percent of the initial principal amount of the loan as a single payment due at the end of the term of the agreement, the interest rate may be adjusted after June 3, 1980 according to the terms of the agreement to any rate of interest permitted by the laws of this state as of the date an adjustment in interest is to be made. This paragraph does not authorize adjustment of interest in any manner other than that expressly permitted by the terms of the written agreement, and nothing contained in this paragraph authorizes the collection of additional interest with respect to any portion of a loan which was repaid prior to the effective date of an interest rate adjustment.

c. Notwithstanding paragraph "a", when a written agreement providing for the repayment of money loaned, and requiring the payment of over fifty percent of the initial principal amount of the loan as a single payment due at the end of the term of the agreement is extended, renewed, or otherwise amended by the parties on or after August 3, 1978, the parties may agree to the payment of interest from the effective date of the extension, renewal, or amendment, at a rate and in a manner that is lawful for a new agreement made on that date.

5. This section shall not apply to any loan which is subject to the provisions of section 636.46.

6. a. Notwithstanding the provisions of Acts of the Sixty-eighth General Assembly, chapter 1156, with respect to any agreement which was executed on or after August 3, 1978 and prior to July 1, 1979, and which contained a provision for the adjustment of the rate of interest specified in the agreement, the maximum lawful rate of interest which may be imposed under that agreement shall be that rate which is two and one-half percentage points above the rate initially to be paid under the agreement, provided that the greatest interest rate adjustment which may be made at any one time shall be one-half of one percent and an interest rate adjustment may not be made until at least one year has passed since the last interest rate adjustment, and any excess charge shall be a violation of section 535.4.

b. Notwithstanding the limitation contained in paragraph "a" of this subsection, with respect to a written agreement for the repayment of money loaned which was executed on or after August 3, 1978, and prior to July 1, 1979, and which provided for the payment of over fifty percent of the initial principal amount of the loan as a single payment due at the end of the term of the agreement, the interest rate may be adjusted after June 3, 1980, according to the terms of the agreement to any rate of interest permitted by the laws of this state as of the date an adjustment in interest is to be made. This paragraph does not authorize adjustment of interest in any manner other than that expressly permitted by the terms of the written agreement, and nothing contained in this paragraph authorizes the collection of additional interest with respect to any portion of a loan which was repaid prior to the effective date of an interest rate adjustment.

7. This section does not apply to a charge imposed for late payment of rent. However, in the case of a residential lease, a late payment fee shall not exceed ten dollars a day or forty dollars per month.

b. The interest is computed on the account periodically.

c. The borrower has the right to pay in full at any time without penalty or to pay in the installments which are established by the loan agreement.

d. The lender agrees to permit the borrower to borrow money from time to time with the maximum amount of each borrowing established by the loan agreement.

e. The account is secured by an interest in real estate. The priority of the secured interest in the real estate shall be determined by section 654.12A.

2. Except as provided in this section, a home equity line of credit is subject to chapter 537. How-

ever, sections 537.2307, 537.2402, and 537.2510 do not apply.

3. A lender may collect in connection with establishing or renewing a home equity line of credit the costs listed in section 535.8, subsection 2, paragraph "b", charges for insurance as described in section 537.2501, subsection 2, and a loan processing fee as agreed between the borrower and the lender, and annually may collect an account maintenance fee of not more than fifteen dollars. Fees collected under this subsection shall be disregarded for purposes of

determining the maximum charge permitted by subsection 4.

4. The interest rate on a home equity line of credit shall not exceed one and three-quarters percent per month.

5. Real estate which is the consumer's principal dwelling shall not be subject to foreclosure when the balance secured is \$2000 or less.

537.2501 Additional charges.

1. In addition to the finance charge permitted by parts 2 and 4, a creditor may contract for and receive the following additional charges:

a. Official fees and taxes.

b. Charges for insurance as described in subsection 2.

c. Amounts actually paid or to be paid by the creditor for registration, certificate of title or license fees.

d. Annual charges, payable in advance, for the privilege of using a credit card which entitles the cardholder to purchase or lease goods or services from at least one hundred persons not related to the card issuer, under an arrangement pursuant to which the debts resulting from the purchases or leases are payable to the card issuer.

e. With respect to a debt secured by an interest in land, the following "closing costs," provided they are bona fide, reasonable in amount, and not for the purpose of circumvention or evasion of this chapter:

(1) Fees or premiums for title examination, abstract of title, title insurance, or similar purposes including surveys.

(2) Fees for preparation of a deed, settlement statement, or other documents, if not paid to the creditor or a person related to the creditor.

(3) Escrows for future payments of taxes, including assessments for improvements, insurance and water, sewer and land rents.

(4) Fees for notarizing deeds and other documents, if not paid to the creditor or a person related to the creditor.

f. With respect to open-end credit pursuant to a credit card issued by the creditor which entitles the cardholder to purchase or lease goods or services from at least one hundred persons not related to the card issuer, the parties may contract for an over-limit charge not to exceed ten dollars if the balance of the account exceeds the credit limit established pursuant to the agreement. The over-limit charge under this paragraph shall not be assessed again in a subsequent billing cycle unless in a subsequent billing cycle the account balance has been reduced below the credit limit.

If the differential treatment of this subsection based on the number of persons honoring a credit card is found to be unconstitutional, the parties may contract for the over-limit charge as described in this paragraph in any consumer credit transaction pursuant to open-end credit, and the other conditions relating to the over-limit charge shall remain in effect.

g. A surcharge of not more than five percent of the amount of the face value of the payment instrument or twenty dollars, whichever is greater, for each dishonored payment instrument provided that the fee is clearly and conspicuously disclosed in the cardholder agreement. However, the amount of the surcharge shall not exceed twenty dollars unless the check, draft, or order was presented twice or the maker does not have an account with the drawee. If the check, draft, or order was presented twice or the maker does not have an account with the drawee, the amount of the surcharge shall not exceed fifty dollars. The surcharge shall not be assessed against the maker if the reason for the dishonor of the instrument is that the maker has stopped payment pursuant to section 554.4403.

h. Charges for other benefits, including insurance, conferred on the consumer, if the benefits are of value to the consumer and if the charges are reasonable in relation to the benefits, are of a type which is not for credit, and are authorized as permissible additional charges by rule adopted by the administrator.

2. An additional charge may be made for insurance written in connection with the transaction, as follows:

a. With respect to insurance against loss of or damage to property, or against liability arising out of the ownership or use of property, if the creditor furnishes a clear, conspicuous and specific statement in writing to the consumer setting forth the cost of the insurance if obtained from or through the creditor and stating that the consumer may choose the person through whom the insurance is to be obtained.

b. With respect to consumer credit insurance providing life, accident, health, or unemployment coverage, if the insurance coverage is not required by the creditor, and this fact is clearly and conspicuously disclosed in writing to the consumer, and if, in order to obtain the insurance in connection with the extension of credit, the consumer gives specific dated and separately signed affirmative written indication of the consumer's desire to do so after written disclosure to the consumer of the cost. However, credit unemployment insurance shall be permitted under this paragraph if all of the following conditions have been met:

(1) The insurance provides coverage beginning with the first day of unemployment. However, the policy may include a waiting period before the consumer may file a claim.

(2) The insurance shall be sold separately and shall be separately priced from any other insurance offered or sold at the same time. The credit unemployment insurance need not be sold separately or separately priced from other insurance offered if it is included as part of a mailed insurance offering by a credit card issuer to its credit cardholders. However, credit unemployment insurance shall not be sold in conjunction with an application for a credit card or for the renewal of a credit card.

(3) The premium rates have been affirmatively approved by the insurance division of the department of commerce. In approving or establishing the rates, the division shall review the insurance company's actuarial data to assure that the rates are fair and reasonable. The insurance commissioner shall either hire or contract with a qualified actuary to review the data. The insurance division shall obtain reimbursement from the insurance company for the cost of the actuarial review prior to approving the rates. In addition, the rates shall be made in accordance with the following provisions:

(a) Rates shall not be excessive, inadequate or unfairly discriminatory.

(b) Due consideration shall be given to all relevant factors within and outside this state but rates shall be deemed to be reasonable under this section and section 537.2501 if they reasonably may be expected to produce a ratio of fifty percent by dividing claims incurred by premiums earned.

3. With respect to open-end credit obtained pursuant to a credit card issued by the creditor which entitles the cardholder to purchase or lease goods or services from at least one hundred persons not related to the card issuer, the creditor may contract for

and receive any charge lawfully contained in a prior agreement between the consumer and a prior creditor from whom the creditor currently issuing the credit card acquired the credit card account, if the account was acquired in an arm's-length for-value sale from a nonrelated or nonaffiliated creditor. The creditor may charge any charge on new open-end credit accounts lawfully permitted in a prior agreement between a consumer and a prior creditor from whom the creditor currently issuing the credit card acquired the credit card accounts.

537.2502 Delinquency charges.

a. Five percent of the unpaid amount of the installment, or a maximum of twenty dollars.

b. The deferral charge that would be permitted to defer the unpaid amount of the installment for the period that it is delinquent.

2. A delinquency charge under subsection 1, paragraph "a", may be collected only once on an installment however long it remains in default. No delinquency charge may be collected with respect to a deferred installment unless the installment is not paid in full within ten days after its deferred due date. A delinquency charge may be collected at the time it accrues or at any time afterward.

3. No delinquency charge may be collected under subsection 1, paragraph "a", on an installment which is paid in full within ten days after its scheduled or deferred installment due date even though an earlier maturing installment or a delinquency or deferral charge on an earlier installment may not have been paid in full. For purposes of this subsection payments are applied first to current installments and then to delinquent installments.

4. With respect to open-end credit obtained pursuant to a credit card issued by the creditor which entitles the cardholder to purchase or lease goods or services from at least one hundred persons not related to the card issuer, the parties may contract for a delinquency charge on any payment not paid in full within ten days after its due date, as originally scheduled or as deferred, in an amount not to exceed ten dollars.

5. A delinquency charge under subsection 4 may be collected only once on a payment however long it remains in default. No delinquency charge may be collected with respect to a deferred payment unless the payment is not paid in full within ten days after its deferred due date. A delinquency charge may be collected at the time it accrues or at any time afterward.

6. No delinquency charge may be collected under subsection 4 on a payment which is paid in full within

ten days after its scheduled or deferred due date even though an earlier maturing payment or a delinquency or deferred charge on an earlier payment has not been paid in full. For purposes of this subsection, payments are applied first to amounts due for the current billing cycle and then to delinquent payments.

7. If the differential treatment of subsection 4 based on the number of persons honoring a credit card is found to be unconstitutional, the parties may contract for the delinquency charge as described in subsection 4 in any consumer credit transaction pursuant to open-end credit, and the other conditions provided in this section relating to delinquency charges remain in effect.

8. With respect to open-end credit obtained pursuant to a credit card issued by the creditor which entitles the cardholder to purchase or lease goods or services from less than one hundred persons not related to the card issuer, the parties may contract for a delinquency charge on any payment not paid in full within thirty days after its due date, as originally scheduled or as deferred, in an amount not to exceed ten dollars. A delinquency charge shall not be collected more than once on any one payment, regardless of the length of time the payment remains delinquent.

Any unlawful act or violation of any of the provisions of this chapter by any real estate broker associate or salesperson, employee, or partner or associate of a licensed real estate broker, is not cause for the revocation of the license of any real estate broker, unless the commission finds that the real estate broker had guilty knowledge of the unlawful act or violation.

d. Account for all property coming into the possession of a licensee that belongs to any party within a reasonable time of receiving the property.

2. *Duties to a client.* In addition to the licensee's duties under subsection 1, a licensee providing brokerage services to a client shall do all of the following:

a. Place the client's interests ahead of the interests of any other party, unless loyalty to a client violates the licensee's duties under subsection 1, section 543B.58, or under other applicable law.

b. Disclose to the client all information known by the licensee that is material to the transaction and that is not known by the client or could not be discovered by the client through a reasonably diligent inspection.

c. Fulfill any obligation that is within the scope of the agency agreement, except those obligations that are inconsistent with other duties that the licensee has under this chapter or any other law.

d. Disclose to a client any financial interests the licensee or the brokerage has in any business entity to which the licensee or brokerage refers a client for any service or product related to the transaction.

3. *Prohibited conduct.* In providing brokerage services, a licensee shall not do either of the following:

a. Accept a fee or compensation related to a transaction from a person other than the licensee's client, unless the licensee has provided written notice to all parties to the transaction that a fee or compensation will be accepted by the licensee from such person.

b. Act in a transaction on the licensee's own behalf, on behalf of the licensee's immediate family or brokerage, or on behalf of an organization or business entity in which the licensee has an interest, unless the licensee has the written consent of all parties to the transaction.

95 Acts, ch 17, §2
NEW section

543B.57 Confirmation and disclosure of relationship.

1. A licensee shall not represent any party or parties to a transaction or otherwise as a licensee unless that licensee makes an affirmative written disclosure to all parties to the transaction identifying which party that person represents in the transaction. The disclosure shall be acknowledged by separate signatures of all parties to the transaction.

2. a. The disclosure required in subsection 1 shall be made by the licensee at the time the licensee provides specific assistance to the client, or prior to any offer being made or accepted by any party to a transaction, whichever is sooner. A change in a licensee's representation that makes the initial disclosure incomplete, misleading, or inaccurate requires that a new disclosure be made immediately.

b. For purposes of this section, "specific assistance" means eliciting or accepting confidential information about a party's real estate needs, motivation, or financial qualifications. "Specific assistance" does not mean an open house showing, preliminary conversations concerning price range, location, and property styles, or responding to general factual questions concerning properties which have been advertised for sale or lease.

3. The written agency disclosure form shall contain all of the following:

a. A statement of which party is the licensee's client or, if the licensee is providing brokerage services to more than one client as provided under section 543B.60, a statement of all persons who are the licensee's clients.

b. A statement of the licensee's duties to the licensee's client under section 543B.56, subsections 1 and 2.

c. Any additional information that the licensee determines is necessary to clarify the licensee's relationship to the licensee's client or customer.

4. This section does not prohibit a person from representing oneself.

5. The seller, in the listing agreement, may authorize the seller's licensee to disburse part of the licensee's compensation to other licensees, including a buyer's licensee solely representing the buyer. A

licensee representing a buyer shall inform the listing licensee, if there is a listing licensee, either verbally or in writing, of the agency relationship before any negotiations are initiated. The obligation of either the seller or the buyer to pay compensation to a licensee is not determinative of the agency relationship.

543B.58 Licensees representing more than one client in a transaction.

1. A licensee shall not be the agent for both a buyer and a seller to a transaction without obtaining the written consent of both the buyer and the seller. The written consent shall state that the licensee has made a full disclosure of the type of representation the licensee will provide. The consent to multiple representation shall contain a statement of the licensee's duties under section 543B.56, subsection 1, a statement of the licensee's duties to the client under section 543B.56, subsection 2, paragraphs "b" and "c", and a statement that the clients understand the licensee's duties and consent to the licensee's providing brokerage services to more than one client.

2. A consent to multiple representation may contain additional disclosures by the licensee or additional agreements between the licensee and the clients that do not violate any duty of a licensee under this chapter.

543B.59 Appointed agents within a firm.

1. *Appointed agents.* A real estate brokerage agency entering into a brokerage agreement, through a designated broker, may notify a client in writing of those affiliated licensees within the real estate brokerage agency who will be acting as appointed agents of that client to the exclusion of all other affiliated licensees within the real estate brokerage agency.

2. *Dual agent.* A real estate brokerage agency and a designated broker are not considered to be dual agents solely because of an appointment under the provisions of this section. However, an affiliated licensee who personally represents both the seller and the buyer in a particular transaction is considered to be a disclosed dual agent and is required to comply with the provisions of this subchapter governing disclosed dual agents.

3. *Actual knowledge — information.* A client, a real estate brokerage agency, and its appointed agents are deemed to possess only actual knowledge and information at the time the appointed agents are appointed. Knowledge or information is not imparted by operation of law among the clients, the real estate brokerage agency, and its appointed agents.

4. *Appointments — roles.* The commission shall define by rule the methods of appointment and the role of the real estate brokerage agency and the designated broker. The rules must include a requirement that clients be informed as to the real estate

brokerage agency's appointed agent policy and be given written notice of that policy in advance of entering into a brokerage agreement.

95 Acts, ch 17, §5
NEW section

543B.60 Licensees providing services in more than one transaction.

A licensee may provide brokerage services simultaneously to more than one party in different transactions unless the licensee agrees with a client that the licensee is to provide brokerage services only to that client. If the licensee and a client agree that the licensee is to provide brokerage services only to that client, the agency agreement disclosure required under section 543B.57, subsection 1, shall contain a statement of that agreement.

543B.61 Violations — real estate commission jurisdiction.

1. Failure of a licensee to comply with sections 543B.57 through 543B.60 is prima facie evidence of a violation under section 543B.34, subsection 4.

2. Failure of a licensee to act in accordance with the disclosures made pursuant to sections 543B.56 through 543B.58 is prima facie evidence of a violation under section 543B.34, subsection 4.

3. Nothing in this subchapter shall affect the validity of title to real property transferred based solely on the reason that a licensee failed to conform to the provisions of this subchapter.

95 Acts, ch 17, §7
NEW section

543B.62 Changes in common law duties and liabilities of licensees and parties.

1. Except as provided in subsection 2, the duties of a licensee specified in this chapter or in rules adopted pursuant to this chapter supersede any fiduciary duties of a licensee to a party to a transaction based on common law principles of agency to the extent that those common law fiduciary duties are inconsistent with the duties specified in this chapter or rules adopted pursuant to this chapter.

2. This section shall not be construed to modify a licensee's duty under common law as to negligent or

fraudulent misrepresentation of material information.

3. *a.* A licensee who is providing brokerage services to a client and who retains another licensee to provide brokerage services to that client is not liable for misrepresentation made by the other licensee, unless the retaining licensee knew or should have known of the other licensee's misrepresentation or the other licensee is repeating a misrepresentation made to the other licensee by the retaining licensee.

b. A broker is responsible for supervising a salesperson or broker associate employed by or otherwise associated with the broker as a representative of the broker. The existence of an independent contractor relationship or any other special compensation arrangement between the broker and the salesperson or broker associate does not relieve the broker, salesperson, or broker associate of the duties and responsibilities established by this chapter. A salesperson or broker associate shall keep the employing broker fully informed of all activities being conducted on behalf of the broker and any other activities that might impact on the broker's responsibilities. However, the failure of the salesperson or broker associate to keep the employing broker fully informed does not relieve the broker of the duties and responsibilities established by this chapter.

CHAPTER 548

REGISTRATION AND PROTECTION OF MARKS

548.101 Definitions.

As used in this chapter, unless the context otherwise requires:

1. *“Abandoned”* means the occurrence of any of the following in relation to a mark:

a. The use of the mark has been discontinued with intent not to resume such use. Intent not to resume may be inferred from circumstances. Nonuse for two consecutive years shall constitute prima facie evidence of abandonment.

b. A course of conduct of the owner of the mark, including acts of omission as well as commission, causes the mark to lose its significance as a mark.

2. *“Applicant”* means a person filing an application for registration of a mark under this chapter, and the person’s legal representative, successor, or assignee.

3. *“Dilution”* means the lessening of the capacity of a mark to identify and distinguish goods or services, regardless of the presence or absence of any of the following:

a. Competition between parties.

b. Likelihood of confusion, mistake, or deception.

4. *“Mark”* means a trademark or service mark, entitled to registration under this chapter, whether registered or not.

5. *“Person”* and any other word or term used to designate the applicant or other party entitled to a benefit or privilege or rendered liable under this chapter includes a juristic person as well as a natural person. The term *“juristic person”* includes a firm, partnership, corporation, union, association, or other organization capable of suing and being sued in a court of law.

6. *“Registrant”* means a person to whom the registration of a mark under this chapter is issued, and the legal representative, successor, or assignee of such person.

7. *“Secretary”* means the secretary of state or the designee of the secretary charged with the administration of this chapter.

8. *“Service mark”* means a word, name, symbol, or device or any combination of a word, name, symbol, or device, used by a person to identify services and to distinguish the services of that person, including a unique service, from the services of others, and to indicate the source of the services, even if that source is unknown. Titles, character names used by a person, and other distinctive features of radio or television programs may be registered as service marks notwithstanding that they, or the programs, may advertise the goods of a sponsor.

9. *“Trademark”* means a word, name, symbol, or device or any combination of a word, name, symbol, or device, used by a person to identify and distinguish the goods of that person, including a unique product, from those manufactured and sold by others, and to

indicate the source of the goods, even if that source is unknown.

10. *“Trade name”* means a name used by a person to identify a business or vocation of such person.

11. *“Use”* means the bona fide use of a mark in the ordinary course of trade, and not made merely to reserve a right in a mark. For the purposes of this chapter, a mark shall be deemed to be in use under any of the following circumstances:

a. On goods sold or transported in commerce in this state when the mark is placed in any manner on the goods or containers or associated displays, or on affixed tags or labels, or if the nature of the goods makes the placement on the goods or containers impracticable, on documents associated with the goods or their sale.

b. On services when the mark is used or displayed in the sale or advertising of services and the services are rendered in this state.

548.102 Registrability.

A mark by which the goods or services of any applicant for registration may be distinguished from the goods or services of others shall not be registered if the mark meets any of the following criteria:

1. Consists of or comprises immoral, deceptive, or scandalous matter.

2. Consists of or comprises matter which may disparage, bring into contempt or disrepute, or falsely suggest a connection with persons, living or dead, institutions, beliefs, or national symbols, or bring them into contempt, or disrepute.

3. Consists of or comprises the flag, or coat of arms, or other insignia of the United States, or of any state or municipality, or of any foreign nation, or any simulation thereof.

4. Consists of, or comprises the name, signature, or portrait identifying a particular living individual, except by the individual’s written consent.

5. Consists of a mark which is one of the following:

a. When used on or in connection with the goods or services of the applicant, is merely descriptive or deceptively misdescriptive of the goods or services.

b. When used on or in connection with the goods or services of the applicant, is primarily geographically descriptive or geographically misdescriptive of the goods or services.

c. Is primarily merely a surname.

This subsection 5 does not prevent the registration of a mark used by the applicant which has become distinctive of the applicant’s goods or services. The secretary may accept as evidence that the mark has become distinctive as used on or in connection with

the applicant's goods or services, proof of continuous use thereof as a mark by the applicant in this state for the five years before the date on which the claim for distinctiveness is made.

6. Consists of or comprises a mark which so resembles a mark registered in this state or a mark or

trade name previously used by another and not abandoned, so as to be likely, when used on or in connection with the goods or services of the applicant, to cause confusion or mistake, or to deceive.

554.3512 Holder's recourse for dishonor.

1. The holder of a dishonored check, draft, or order may assess against the maker of that check, draft, or order a surcharge of not more than the greater of twenty dollars or five percent of the face value of the check. However, the amount of the surcharge shall not exceed twenty dollars unless the check, draft, or order was presented twice or the maker does not have an account with the drawee. If the check, draft, or order was presented twice or the maker does not have an account with the drawee, the amount of the surcharge shall not exceed fifty dollars.

2. The surcharge authorized by this section shall not be assessed unless the holder clearly and conspicuously posts a notice at the usual place of payment, or in the billing statement of the holder, stating that a surcharge will be assessed and the amount of the surcharge. 95 Acts, ch 137, §2

NEW section

554.3513 Civil remedy for dishonor.

1. In a civil action against a person who makes a check, draft, or order, which has been dishonored for lack of funds or credit, after having been presented twice, or because the maker has no account with the drawee, the plaintiff shall recover from the defendant total damages equaling three times the face value of the dishonored check, draft, or order, which sum shall

include the face value of the check, draft, or order. However, total recovery under this section shall not exceed by more than five hundred dollars the amount of the check, draft, or order and may be awarded only if all of the following apply:

a. The plaintiff made written demand of the defendant for payment of the amount of the check, draft, or order not less than thirty days before commencing the action.

b. The written demand notified the defendant that treble damages would be sought if the face value of the dishonored check was not paid within thirty days of receipt, and was received by the defendant through personal service or restricted certified mail.

c. The defendant has failed to tender to the plaintiff, prior to commencement of the action, an amount of money not less than the face value of the dishonored check, draft, or order.

d. The plaintiff clearly and conspicuously posted a notice at the usual place of payment, or in a billing statement of the plaintiff, stating that civil damages pursuant to this section would be sought upon dishonorment.

2. In an action for damages pursuant to subsection 1, if the court or jury determines that the failure of the defendant to satisfy the dishonored check, draft, or order is due to economic hardship, the court or jury may waive all or part of the allowable civil damages. However, if the court or jury waives all or part of the civil damages, the court or jury shall render judgment against the defendant in the amount of the dishonored check, draft, or order and the actual costs incurred by the plaintiff in bringing the action.

3. This section does not apply if the reason for the dishonor of the check, draft, or order is that the maker has stopped payment pursuant to section 554.4403 because of a bona fide dispute between the maker and the holder relating to the consideration for which the check, draft, or order was given.

4. In actions brought pursuant to this section, no additional award pursuant to section 554.3512 or 625.22 shall be made.

5. The plaintiff in a civil action to collect a dishonored check, draft, or order brought before the district court sitting in small claims shall not request or recover punitive or exemplary damages, but may seek the civil damages allowed under this section. The plaintiff in a civil action to collect a dishonored

check, draft, or order in the district court not sitting in small claims, may seek punitive or exemplary damages if appropriate under chapter 668A, or civil damages allowed under this section, but not both.

- b. settled for the item without having a right to revoke the settlement under statute, clearing-house rule, or agreement; or
- c. made a provisional settlement for the item and failed to revoke the settlement in the time and manner permitted by statute, clearing-house rule, or agreement.

1. A bank may charge against the account of a customer an item that is properly payable from that account even though the charge creates an overdraft. An item is properly payable if it is authorized by the customer and is in accordance with any agreement between the customer and bank.

2. A customer is not liable for the amount of an overdraft if the customer neither signed the item nor benefited from the proceeds of the item.

3. A bank may charge against the account of a customer a check that is otherwise properly payable from the account, even though payment was made before the date of the check, unless the customer has given notice to the bank of the postdating describing the check with reasonable certainty. The notice is effective for the period stated in section 554.4403, subsection 2, for stop-payment orders, and must be received at such time and in such manner as to afford the bank a reasonable opportunity to act on it before the bank takes any action with respect to the check described in section 554.4303. 1. The proper place to file in order to perfect a security interest is as follows:

a. when the collateral is timber to be cut or is minerals or the like (including oil and gas), or accounts subject to section 554.9103, subsection 5, or when the financing statement is filed as a fixture filing (section 554.9313) and the collateral is goods which are or are to become fixtures, then in the office where a mortgage on the real estate would be filed or recorded;

c. in all other cases, in the office of the secretary of state.

2. A filing which is made in good faith in an improper place or not in all of the places required by this section is nevertheless effective with regard to any collateral as to which the filing complied with the requirements of this Article and is also effective with regard to collateral covered by the financing state-

5. Notwithstanding the preceding subsections, and subject to section 554.9302, subsection 3, the proper place to file in order to perfect a security interest in collateral, including fixtures, of a transmitting utility is the office of the secretary of state. All agreements to pay compensation to recover or assist in the recovery of property reported under this section, made within twenty-four months after the date payment or delivery is made under section 556.13 are unenforceable. However, such agreements made after twenty-four months from the date of payment or delivery are valid if the fee or compensation agreed upon is not more than fifteen percent of the recoverable property, the agreement is in writing and signed by the owner, and the writing discloses the nature and value of the property and the name and address of the person in possession. This section does not prevent an owner from asserting, at any time, that an agreement to locate property is based upon excessive or unjust consideration. A perpetual care cemetery may require a contribution to the cemetery's perpetual care guarantee fund for each grave marker, tombstone, monument, or item of ornamental merchandise installed in the cemetery from the purchaser of such merchandise. A cemetery may establish a separate perpetual care fund for this purpose. The contribution, if required by the cemetery, shall be uniformly charged on every

579A.2 Establishment of lien — priority.

1. A custom cattle feedlot operator shall have a lien upon the cattle and the identifiable cash proceeds from the sale of the cattle for the amount of the contract price for the feed and care of the livestock at the custom cattle feedlot agreed upon by the custom cattle feedlot operator and the person who owns the cattle, which may be enforced as provided in section 579A.3.

2. The lien is created at the time the cattle arrive at the custom cattle feedlot and continues for one year after the cattle have left the custom cattle feedlot. In order to preserve the lien, the custom cattle feedlot operator must, within twenty days after the cattle arrive at the custom cattle feedlot, file in the office of the secretary of state, a lien statement on a form prescribed by the secretary of state. The secretary of state shall charge a fee of not more than ten dollars for filing the statement. The secretary of state may adopt rules pursuant to chapter 17A for the

electronic filing of the statements. The statement must include all of the following:

After the cattle have left the custom cattle feedlot, the custom cattle feedlot operator may enforce the lien by commencing an action at law for the amount of the lien against either of the following:

1. The holder of the identifiable cash proceeds from the sale of the cattle.
2. The processor who has purchased the cattle within three days after the cattle have left the custom cattle feedlot.

In addition to the custody mediation provided pursuant to section 598.41, unless the court determines that a history of domestic abuse exists as specified in section 598.41, subsection 3, paragraph "j", or unless the court determines that direct physical harm or

significant emotional harm to the child, other children, or a parent is likely to result, on the application of either party, or on the court's own motion, the court may require the parties to participate in mediation to attempt to resolve differences between the parties relative to the granting of a marriage dissolution decree, if the court determines that mediation may

effectuate a resolution of the differences without court intervention.

The costs of mediation shall be paid in full or in part by the parties, as determined by the court and taxed as court costs.

598.8 Hearings — exceptions.

1. Except as otherwise provided in subsection 2, hearings for dissolution of marriage shall be held in open court upon the oral testimony of witnesses, or upon the depositions of such witnesses taken as in other equitable actions or taken by a commissioner appointed by the court. The court may in its discretion close the hearing. Hearings held for the purpose of determining child custody may be limited in attendance by the court. Upon request of either party, the court shall provide security in the courtroom during the custody hearing if a history of domestic abuse relating to either party exists.

2. The court may enter a decree of dissolution without a hearing under either of the following circumstances:

a. All of the following circumstances have been met:

(1) The parties have certified in writing that there has been a breakdown of the marriage relationship to the extent that the legitimate objects of matrimony have been destroyed and there remains no reasonable likelihood that the marriage can be preserved.

(2) All documents required by the court and by statute have been filed.

(3) The parties have entered into a written agreement settling all of the issues involved in the dissolution of marriage.

(4) There are no children of the marriage for whom support, as defined under section 598.1, may be ordered.

b. The respondent has not entered a general or special appearance or filed a motion or pleading in the case, the waiting period provided under section 598.19 has expired, and all of the following circumstances have been met:

(1) The petitioner has certified in writing that there has been a breakdown of the marriage relationship to the extent that the legitimate objects of matrimony have been destroyed and there remains no reasonable likelihood that the marriage can be preserved.

(2) All documents required by the court and by statute have been filed.

598.21 Orders for disposition and support.

1. Upon every judgment of annulment, dissolution or separate maintenance the court shall divide the property of the parties and transfer the title of the

property accordingly. The court may protect and promote the best interests of children of the parties by setting aside a portion of the property of the parties in a separate fund or conservatorship for the support, maintenance, education and general welfare of the minor children. The court shall divide all property, except inherited property or gifts received by one party, equitably between the parties after considering all of the following:

a. The length of the marriage.

b. The property brought to the marriage by each party.

c. The contribution of each party to the marriage, giving appropriate economic value to each party's contribution in homemaking and child care services.

d. The age and physical and emotional health of the parties.

e. The contribution by one party to the education, training or increased earning power of the other.

f. The earning capacity of each party, including educational background, training, employment skills, work experience, length of absence from the job market, custodial responsibilities for children and the time and expense necessary to acquire sufficient education or training to enable the party to become self-supporting at a standard of living reasonably comparable to that enjoyed during the marriage.

g. The desirability of awarding the family home or the right to live in the family home for a reasonable period to the party having custody of the children, or if the parties have joint legal custody, to the party having physical care of the children.

h. The amount and duration of an order granting support payments to either party pursuant to subsection 3 and whether the property division should be in lieu of such payments.

i. Other economic circumstances of each party, including pension benefits, vested or unvested, and future interests.

j. The tax consequences to each party.

k. Any written agreement made by the parties concerning property distribution.

l. The provisions of an antenuptial agreement.

m. Other factors the court may determine to be relevant in an individual case.

2. Property inherited by either party or gifts received by either party prior to or during the course of the marriage is the property of that party and is not subject to a property division under this section except upon a finding that refusal to divide the property is inequitable to the other party or to the children of the marriage.

3. Upon every judgment of annulment, dissolution or separate maintenance, the court may grant an order requiring support payments to either party for a limited or indefinite length of time after considering all of the following:

a. The length of the marriage.

b. The age and physical and emotional health of the parties.

c. The distribution of property made pursuant to subsection 1.

d. The educational level of each party at the time of marriage and at the time the action is commenced.

e. The earning capacity of the party seeking maintenance, including educational background, training, employment skills, work experience, length of absence from the job market, responsibilities for children under either an award of custody or physical care, and the time and expense necessary to acquire sufficient education or training to enable the party to find appropriate employment.

f. The feasibility of the party seeking maintenance becoming self-supporting at a standard of living reasonably comparable to that enjoyed during the marriage, and the length of time necessary to achieve this goal.

g. The tax consequences to each party.

h. Any mutual agreement made by the parties concerning financial or service contributions by one party with the expectation of future reciprocation or compensation by the other party.

i. The provisions of an antenuptial agreement.

j. Other factors the court may determine to be relevant in an individual case.

4. The supreme court shall maintain uniform child support guidelines and criteria and review the guidelines and criteria at least once every four years, pursuant to the federal Family Support Act of 1988, Pub. L. No. 100-485. The initial review shall be performed within four years of October 12, 1989, and subsequently within the four-year period of the most recent review. It is the intent of the general assembly that, to the extent possible within the requirements of federal law, the court and the child support recovery unit consider the individual facts of each judgment or case in the application of the guidelines and determine the support obligation, accordingly. It is also the intent of the general assembly that in the supreme court's review of the guidelines, the supreme court shall do both of the following: emphasize the ability of a court to apply the guidelines in a just and appropriate manner based upon the individual facts of a judgment or case; and in determining monthly child support payments, consider other children for whom either parent is legally responsible for support and other child support obligations actually paid by either party pursuant to a court or administrative order.

a. Upon every judgment of annulment, dissolution, or separate maintenance, the court may order either parent or both parents to pay an amount reasonable and necessary for supporting a child. In establishing the amount of support, consideration shall be given to the responsibility of both parents to support and provide for the welfare of the minor child and of a child's need, whenever practicable, for a close relationship with both parents. There shall be a rebuttable presumption that the amount of child support which would result from the application of the guidelines prescribed by the supreme court is the correct amount of child support to be awarded. A variation from the guidelines shall not be considered by a court without a record or written finding, based on stated reasons, that the guidelines would be un-

just or inappropriate as determined under the criteria prescribed by the supreme court.

The court shall order as child medical support a health benefit plan as defined in chapter 252E if available to either parent at a reasonable cost. A health benefit plan is considered reasonable in cost if it is employment-related or other group health insurance, regardless of the service delivery mechanism. The premium cost of the health benefit plan may be considered by the court as a reason for varying from the child support guidelines. If a health benefit plan is not available at a reasonable cost, the court may order any other provisions for medical support as defined in chapter 252E.

b. The guidelines prescribed by the supreme court shall be used by the department of human services in determining child support payments under sections 252C.2 and 252C.4. A variation from the guidelines shall not be considered by the department without a record or written finding, based on stated reasons, that the guidelines would be unjust or inappropriate as determined under criteria prescribed by the supreme court.

c. The guidelines prescribed by the supreme court shall incorporate provisions for medical support as defined in chapter 252E to be effective on or before January 1, 1991.

d. For purposes of calculating a support obligation under this section, the income of the parent from whom support is sought shall be used as the non-custodial parent income for purposes of application of the guidelines, regardless of the legal custody of the child.

e. Unless the special circumstances of the case justify a deviation, the court or the child support recovery unit shall establish a monthly child support payment of twenty-five dollars for a parent who is nineteen years of age or younger, who has not received a high school or high school equivalency diploma, and to whom each of the following apply:

(1) The parent is attending a school or program described as follows or has been identified as one of the following:

(a) The parent is in full-time attendance at an accredited school and is pursuing a course of study leading to a high school diploma.

(b) The parent is attending an instructional program leading to a high school equivalency diploma.

(c) The parent is attending a vocational education program approved pursuant to chapter 258.

(d) The parent has been identified by the director of special education of the area education agency as a child requiring special education as defined in section 256B.2.

(2) The parent provides proof of compliance with the requirements of subparagraph (1) to the child support recovery unit, if the unit is providing services under chapter 252B, or if the unit is not providing services pursuant to chapter 252B, to the court as the court may direct.

Failure to provide proof of compliance under this subparagraph is grounds for modification of the sup-

port order using the uniform child support guidelines and imputing an income to the parent equal to a forty-hour work week at the state minimum wage, unless the parent's education, experience, or actual earnings justify a higher income.

4A. If, during an action initiated under this chapter or any other chapter in which a child or medical support obligation may be established based upon a prior determination of paternity, a party wishes to contest the paternity of the child or children involved, all of the following apply:

a. (1) If the prior determination of paternity is based on an affidavit of paternity filed pursuant to section 252A.3A, or a court or administrative order entered in this state, or by operation of law when the mother and established father are or were married to each other, the provisions of section 600B.41A apply.

(2) If following the proceedings under section 600B.41A the court determines that the prior determination of paternity should not be overcome, and that the established father has a duty to provide support, the court shall enter an order establishing the monthly child support payment and the amount of the support debt accrued and accruing pursuant to subsection 4, or the medical support obligation pursuant to chapter 252E, or both.

b. If a determination of paternity is based on an administrative or court order or other means pursuant to the laws of a foreign jurisdiction, any action to overcome the prior determination of paternity shall be filed in that jurisdiction. Unless a stay of the action initiated in this state to establish child or medical support is requested and granted by the court, pending a resolution of the contested paternity issue by the foreign jurisdiction, the action shall proceed.

c. Notwithstanding paragraph "a", in a pending dissolution action under this chapter, a prior determination of paternity by operation of law through the marriage of the established father and mother of the child may be overcome under this chapter if the following conditions are met:

(1) The established father and mother of the child file a written statement with the court that both parties agree that the established father is not the biological father of the child.

(2) The court finds that it is in the best interest of the child to overcome the established paternity. In determining the best interest of the child, the court shall consider the criteria provided in section 600B.41A, subsection 3, paragraph "g".

If the court overcomes a prior determination of paternity, the previously established father shall be relieved of support obligations as specified in section 600B.41A, subsection 4. In any action to overcome paternity other than through a pending dissolution action, the provisions of section 600B.41A apply. Overcoming paternity under this paragraph does not bar subsequent actions to establish paternity if it is subsequently determined that the written statement attesting that the established father is not the biological father of the child may have been submitted

erroneously, and that the person previously determined not to be the child's father during the dissolution action may actually be the child's biological father.

4B. If an action to overcome paternity is brought pursuant to subsection 4A, paragraph "c", the court shall appoint a guardian ad litem for the child for the pendency of the proceedings.

5. The court may protect and promote the best interests of a minor child by setting aside a portion of the child support which either party is ordered to pay in a separate fund or conservatorship for the support, education and welfare of the child.

6. The court may provide for joint custody of the children by the parties pursuant to section 598.41. All orders relating to custody of a child are subject to chapter 598A.

7. Orders made pursuant to this section need mention only those factors relevant to the particular case for which the orders are made but shall contain the names, birth dates, addresses, and counties of residence of the petitioner and respondent.

8. The court may subsequently modify orders made under this section when there is a substantial change in circumstances. In determining whether there is a substantial change in circumstances, the court shall consider the following:

a. Changes in the employment, earning capacity, income or resources of a party.

b. Receipt by a party of an inheritance, pension or other gift.

c. Changes in the medical expenses of a party.

d. Changes in the number or needs of dependents of a party.

e. Changes in the physical, mental, or emotional health of a party.

f. Changes in the residence of a party.

g. Remarriage of a party.

h. Possible support of a party by another person.

i. Changes in the physical, emotional or educational needs of a child whose support is governed by the order.

j. Contempt by a party of existing orders of court.

k. Other factors the court determines to be relevant in an individual case.

A modification of a support order entered under chapter 234, 252A, 252C, 600B, this chapter, or any other support chapter or proceeding between parties to the order is void unless the modification is approved by the court, after proper notice and opportunity to be heard is given to all parties to the order, and entered as an order of the court. If support payments have been assigned to the department of human services pursuant to section 234.39, 239.3, or 252E.11, the department shall be considered a party to the support order. Modifications of orders pertaining to child custody shall be made pursuant to chapter 598A. If the petition for a modification of an order pertaining to child custody asks either for joint custody or that joint custody be modified to an award of sole custody, the modification, if any, shall be made pursuant to section 598.41.

Judgments for child support or child support awards entered pursuant to this chapter, chapter 234, 252A, 252C, 252F, 600B, or any other chapter of the Code which are subject to a modification proceeding may be retroactively modified only from the date the notice of the pending petition for modification is served on the opposing party.

The periodic due date established under a prior order for payment of child support shall not be changed in any modified order under this section, unless the court determines that good cause exists to change the periodic due date. If the court determines that good cause exists, the court shall include the rationale for the change in the modified order and shall address the issue of reconciliation of any payments due or made under a prior order which would result in payment of the child support obligation under both the prior and the modified orders.

9. Notwithstanding subsection 8, a substantial change of circumstances exists when the court order for child support varies by ten percent or more from the amount which would be due pursuant to the most current child support guidelines established pursuant to subsection 4 or the obligor has access to a health benefit plan, the current order for support does not contain provisions for medical support, and the dependents are not covered by a health benefit plan provided by the obligee, excluding coverage pursuant to chapter 249A or a comparable statute of a foreign jurisdiction.

This basis for modification is applicable to petitions filed on or after July 1, 1992, notwithstanding whether the guidelines prescribed by subsection 4 were used in establishing the current amount of support. Upon application for a modification of an order for child support for which services are being received pursuant to chapter 252B, the court shall set the amount of child support based upon the most current child support guidelines established pursuant to subsection 4, including provisions for medical support pursuant to chapter 252E. The child support recovery unit shall, in submitting an application for modification or adjustment of an order for support, employ additional criteria and procedures as provided in chapter 252H and as established by rule.

10. Notwithstanding any other provision of law to the contrary, when an application for modification or adjustment of support is submitted by the child support recovery unit, the sole issues which may be considered by the court in that action are the application of the guidelines in establishing the amount of support pursuant to section 598.21, subsection 4, and provision for medical support under chapter 252E. Issues related to custody, visitation, or other provisions unrelated to support shall be considered only under a separate application for modification.

11. If the court orders a transfer of title to real property, the clerk of court shall issue a certificate under chapter 558 relative to each parcel of real estate affected by the order and immediately deliver the certificate for recording to the county recorder of the county in which the real estate is located. Any fees assessed shall be included as part of the court

costs. The county recorder shall deliver the certificates to the county auditor as provided in section 558.58, subsection 1.

Property divisions made under this chapter are not subject to modification.

 Subsection 4A, paragraph c amended
 Subsection 8, NEW unnumbered paragraph 4

598.41 Custody of children.

1. a. The court, insofar as is reasonable and in the best interest of the child, shall order the custody award, including liberal visitation rights where appropriate, which will assure the child the opportunity for the maximum continuing physical and emotional contact with both parents after the parents have separated or dissolved the marriage, and which will encourage parents to share the rights and responsibilities of raising the child unless direct physical harm or significant emotional harm to the child, other children, or a parent is likely to result from such contact with one parent.

b. Notwithstanding paragraph "a", if the court finds that a history of domestic abuse exists, a rebuttable presumption against the awarding of joint custody exists.

c. The court shall consider the denial by one parent of the child's opportunity for maximum continuing contact with the other parent, without just cause, a significant factor in determining the proper custody arrangement. Just cause may include a determination by the court pursuant to subsection 3, paragraph "j", that a history of domestic abuse exists between the parents.

d. If a history of domestic abuse exists as determined by a court pursuant to subsection 3, paragraph "j", and if a parent who is a victim of such domestic abuse relocates or is absent from the home based upon the fear of or actual acts or threats of domestic abuse perpetrated by the other parent, the court shall not consider the relocation or absence of that parent as a factor against that parent in the awarding of custody or visitation.

e. Unless otherwise ordered by the court in the custody decree, both parents shall have legal access to information concerning the child, including but not limited to medical, educational and law enforcement records.

2. a. On the application of either parent, the court shall consider granting joint custody in cases where the parents do not agree to joint custody.

b. If the court does not grant joint custody under this subsection, the court shall cite clear and convincing evidence, pursuant to the factors in subsection 3, that joint custody is unreasonable and not in the best interest of the child to the extent that the legal custodial relationship between the child and a parent should be severed.

c. A finding by the court that a history of domestic abuse exists, as specified in subsection 3, paragraph "j", which is not rebutted, shall outweigh consider-

ation of any other factor specified in subsection 3 in the determination of the awarding of custody under this subsection.

d. Before ruling upon the joint custody petition in these cases, unless the court determines that a history of domestic abuse exists as specified in subsection 3, paragraph "j", or unless the court determines that direct physical harm or significant emotional harm to the child, other children, or a parent is likely to result, the court may require the parties to participate in custody mediation to determine whether joint custody is in the best interest of the child. The court may require the child's participation in the mediation insofar as the court determines the child's participation is advisable.

e. The costs of custody mediation shall be paid in full or in part by the parties and taxed as court costs.

3. In considering what custody arrangement under subsection 2 is in the best interest of the minor child, the court shall consider the following factors:

a. Whether each parent would be a suitable custodian for the child.

b. Whether the psychological and emotional needs and development of the child will suffer due to lack of active contact with and attention from both parents.

c. Whether the parents can communicate with each other regarding the child's needs.

d. Whether both parents have actively cared for the child before and since the separation.

e. Whether each parent can support the other parent's relationship with the child.

f. Whether the custody arrangement is in accord with the child's wishes or whether the child has strong opposition, taking into consideration the child's age and maturity.

g. Whether one or both the parents agree or are opposed to joint custody.

h. The geographic proximity of the parents.

i. Whether the safety of the child, other children, or the other parent will be jeopardized by the awarding of joint custody or by unsupervised or unrestricted visitation.

j. Whether a history of domestic abuse, as defined in section 236.2, exists. In determining whether a history of domestic abuse exists, the court's consideration shall include, but is not limited to, commencement of an action pursuant to section 236.3, the issuance of a protective order against the parent or

the issuance of a court order or consent agreement pursuant to section 236.5, the issuance of an emergency order pursuant to section 236.6, the holding of a parent in contempt pursuant to section 236.8, the response of a peace officer to the scene of alleged domestic abuse or the arrest of a parent following response to a report of alleged domestic abuse, or a conviction for domestic abuse assault pursuant to section 708.2A.

4. Subsection 3 shall not apply when parents agree to joint custody.

5. Joint legal custody does not require joint physical care. When the court determines such action would be in the best interest of the child, physical care may be given to one joint custodial parent and not to the other. If one joint custodial parent is awarded physical care, the court shall hold that parent responsible for providing for the best interest of the child. However, physical care given to one parent does not affect the other parent's rights and responsibilities as a legal custodian of the child. Rights and responsibilities as legal custodian of the child include, but are not limited to, equal participation in decisions affecting the child's legal status, medical care, education, extracurricular activities, and religious instruction.

6. When the parent awarded custody or physical care of the child cannot act as custodian or caretaker because the parent has died or has been judicially adjudged incompetent, the court shall award custody including physical care of the child to the surviving parent unless the court finds that such an award is not in the child's best interest.

7. If an application for modification of a decree or a petition for modification of an order is filed, based upon differences between the parents regarding the custody arrangement established under the decree or order, unless the court determines that a history of domestic abuse exists as specified in subsection 3, paragraph "j", or unless the court determines that direct physical harm or significant emotional harm to the child, other children, or a parent is likely to result, the court may require the parents to participate in mediation to attempt to resolve the differences between the parents.

NEW subsection 8

CHAPTER 600B

PATERNITY AND OBLIGATION FOR SUPPORT

600B.40 Custody and visitation.

The mother of a child born out of wedlock whose paternity has not been acknowledged and who has not been adopted has sole custody of the child unless the court orders otherwise. If a judgment of paternity is entered, the father may petition for rights of visitation or custody in an equity proceeding separate from any action to establish paternity.

In determining the visitation or custody arrangements of a child born out of wedlock, if a judgment of paternity is entered and the mother of the child has not been awarded sole custody, section 598.41 shall apply to the determination, as applicable, and the court shall consider the factors specified in section 598.41, subsection 3, including but not limited to the factor related to a parent's history of domestic abuse.

95 Acts, ch 182, §27

NEW unnumbered paragraph 2

600B.41 Blood and genetic tests.

1. In a proceeding to establish paternity in law or in equity the court may on its own motion, and upon request of a party shall, require the child, mother, and alleged father to submit to blood or genetic tests.

2. If a blood or genetic test is required, the court shall direct that inherited characteristics be determined by appropriate testing procedures, and shall appoint an expert qualified as an examiner of genetic markers to analyze and interpret the results and to report to the court.

3. Verified documentation of the chain of custody of the blood or genetic specimen is competent evidence to establish the chain of custody. The testimony of the court-appointed expert at trial is not required.

4. A verified expert's report shall be admitted at trial.

5. The results of the tests shall have the following effects:

a. Test results which show a statistical probability of paternity are admissible. To challenge the test results, a party shall file a notice of the challenge, with the court, within twenty days of the filing of the expert's report with the clerk of the district court, or, if a court hearing is scheduled to resolve the issue of paternity, no later than thirty days before the original court hearing date.

(1) Any subsequent rescheduling or continuances of the originally scheduled hearing shall not extend the original time frame.

(2) Any challenge filed after the time frame is not acceptable or admissible by the court.

(3) If a challenge is not timely filed, the test results shall be admitted as evidence of paternity without the need of additional proof of authenticity or accuracy.

b. If the expert concludes that the test results show that the alleged father is not excluded and that the probability of the alleged father's paternity is ninety-five percent or higher, there shall be a rebuttable presumption that the alleged father is the father, and this evidence must be admitted.

(1) To challenge this presumption of paternity, a party must file a notice of the challenge with the court within the time frames prescribed in paragraph "a".

(2) The party challenging the presumption of the alleged father's paternity has the burden of proving

that the alleged father is not the father of the child.

(3) The presumption of paternity can be rebutted only by clear and convincing evidence.

c. If the expert concludes that the test results show that the alleged father is not excluded and that the probability of the alleged father's paternity is less than ninety-five percent, test results shall be weighed along with other evidence of the alleged father's paternity. To challenge the test results, a party must file a notice of the challenge with the court within the time frames prescribed in paragraph "a".

6. If the results of the tests or the expert's analysis of inherited characteristics is disputed in a timely fashion, the court, upon reasonable request of a party, shall order that an additional test be made by the same laboratory or an independent laboratory at the expense of the party requesting additional testing. When a subsequent test is conducted, all time frames prescribed in this chapter associated with blood or genetic tests shall apply to the most recently completed test.

7. All costs shall be paid by the parties or parents in proportions and at times determined by the court, except as otherwise provided pursuant to section 600B.41A.

602.1302 State funding.

1. Except as otherwise provided by sections 602.1303 and 602.1304 or other applicable law, the expenses of operating and maintaining the department shall be paid out of the general fund of the state from funds appropriated by the general assembly for the department. State funding shall be phased in as provided in section 602.11101.

2. The supreme court may accept federal funds to

be used in the operation of the department, but shall not expend any of these funds except pursuant to appropriation of the funds by the general assembly.

3. A revolving fund is created in the state treasury for the payment of jury and witness fees and mileage by the department. The department shall deposit any reimbursements to the state for the payment of jury and witness fees and mileage in the revolving fund. Notwithstanding section 8.33, unencumbered and unobligated receipts in the revolving fund at the end of a fiscal year do not revert to the general fund of the state. The department shall on or before February 1 file a financial accounting of the moneys in the revolving fund with the legislative fiscal bureau. The accounting shall include an estimate of disbursements from the revolving fund for the remainder of the fiscal year and for the next fiscal year.

602.1304 Revenues — enhanced court collections fund.

1. Except as provided in article 8 and subsection 2 of this section, all fees and other revenues collected by judicial officers and court employees shall be paid into the general fund of the state.

2. *a.* The enhanced court collections fund is created in the state treasury under the authority of the supreme court. The fund shall be separate from the general fund of the state and the balance in the fund shall not be considered part of the balance of the general fund of the state. Notwithstanding section 8.33, moneys in the fund shall not revert to the general fund, unless and to the extent the total amount of moneys deposited into the fund in a fiscal year would exceed the maximum annual deposit amount established for the collections fund by the general assembly. The initial maximum annual deposit amount for a fiscal year is four million dollars. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the collections fund shall remain in the collections fund and any interest and earnings shall be in addition to the maximum annual deposit amount.

b. For each fiscal year, a judicial collection estimate for that fiscal year shall be equally and proportionally divided into a quarterly amount. The judicial collection estimate shall be calculated by using the state revenue estimating conference estimate made by December 15 pursuant to section 8.22A, subsection 3, of the total amount of fines, fees, civil penalties, costs, surcharges, and other revenues collected by judicial officers and court employees for deposit into the general fund of the state. The revenue estimating conference estimate shall be reduced by the maximum amounts allocated to the Iowa prison infrastructure fund pursuant to section 602.8108A, and the court technology fund pursuant to section 602.8108, and the remainder shall be the judicial collection estimate. In each quarter of a fiscal year, after revenues collected by judicial officers and court employees equal to that quarterly amount are deposited into the general fund of the state and after the required amount is deposited during the quarter into the Iowa prison infrastructure fund pursuant to section 602.8108A and into the court technology fund pursuant to section 602.8108, the director of revenue and finance shall deposit the remaining revenues for that quarter into the enhanced court collections fund in lieu of the general fund. However, after total deposits into the collections fund for the fiscal year are equal to the maximum deposit amount established for the collections fund, remaining revenues for that fiscal year shall be deposited into the general fund. If the revenue estimating conference agrees to a different estimate at a later meeting which projects a lesser amount of revenue than the initial estimate amount used to calculate the judicial collection estimate, the director of revenue and finance shall recalculate the judicial collection estimate accordingly. If the revenue estimating conference agrees to a different estimate at a later meeting which projects

a greater amount of revenue than the initial estimate amount used to calculate the judicial collection estimate, the director of revenue and finance shall recalculate the judicial collection estimate accordingly but only to the extent that the greater amount is due to an increase in the fines, fees, civil penalties, costs, surcharges, or other revenues allowed by law to be collected by judicial officers and court employees.

c. Moneys in the collections fund shall be used by the judicial department for the Iowa court information system.

8. Vacancies shall not be filled in a judicial election district which becomes entitled to fewer judgeships under subsection 3, but an incumbent district judge shall not be removed from office because of a reduction in the number of authorized judgeships.

9. During February of each year, and at other times as appropriate, the state court administrator shall make the determinations required under this section, and shall notify the appropriate nominating commissions and the governor of appointments that are required.

10. Notwithstanding the formula for determining the number of judgeships in this section, the number of district judges shall not exceed one hundred eight during the period commencing July 1, 1995.

All amounts collected shall be distributed pursuant to sections 602.8106 and 602.8108 or as otherwise provided by this Code. The clerk may accept payment of an obligation or a portion thereof by credit card. Any fees charged to the clerk with respect to payment by credit card may be paid from receipts collected by credit card.

2. If the clerk receives payment from a person who is an inmate of a state institution or who is under the supervision of a judicial district department of correctional services, the payment shall be applied to the balance owed under the identified case number of the case which has resulted in the placement of the person in a state institution or under the supervision of the judicial district department of correctional services. If a case number is not identified, the clerk shall apply the payment to the balance owed in the criminal case with the oldest judgment against the person. Payments received under this section shall be applied in the following priority order:

- a. Pecuniary damages as defined in section 910.1, subsection 2.
- b. Fines or penalties and criminal penalty surcharges.
- c. Crime victim compensation program reimbursement.
- d. Court costs, court-appointed attorney fees, or public defender expenses.

3. A fine, penalty, court cost, fee, or surcharge is deemed delinquent if it is not paid within six months after the date it is assessed. An amount which was ordered by the court to be paid on a date fixed in the future pursuant to section 909.3 is deemed delinquent if it is not received by the clerk within six months after the fixed future date set out in the court order. If an amount was ordered to be paid by installments, and an installment is not received within thirty days after the date it is due, the entire amount of the judgment is deemed delinquent.

4. All fines, penalties, court costs, fees, surcharges, and restitution for court-appointed attorney fees or for expenses of a public defender which are delinquent may be collected by the county attorney or the county attorney's designee. Thirty-five percent of the amounts collected by the county attorney or the person procured or designated by the county attorney shall be deposited in the general fund of the county if the county attorney has filed the notice required in

section 331.756, subsection 5, unless the county attorney has discontinued collection efforts on a particular delinquent amount. The remainder shall be paid to the clerk for distribution under section 602.8108.

This subsection does not apply to amounts collected for victim restitution, the victim compensation fund, criminal penalty surcharge, or amounts collected as a result of procedures initiated under subsection 5 or under section 421.17, subsection 25.

The clerk of the district court shall record the notice and enter a satisfaction for the amounts collected.

5. If a county attorney does not file the notice and list of cases required in section 331.756, subsection 5, the judicial department may assign obligations to the centralized collection unit of the department of revenue and finance or its designee to collect delinquent debts owed to the clerk of the district court.

The department of revenue and finance may impose a fee established by rule to reflect the cost of processing which shall be added to the debt owed to the clerk of the district court. Any amounts collected by the unit will first be applied to the processing fee. The remaining amounts shall be remitted to the clerk of the district court for the county in which the debt is owed. The judicial department may prescribe rules to implement this section. These rules may provide for remittance of processing fees to the department of revenue and finance or its designee.

Satisfaction of the outstanding obligation occurs only when all fees or charges and the outstanding obligation are paid in full. Payment of the outstanding obligation only shall not be considered payment in full for satisfaction purposes.

The department of revenue and finance or its collection designee shall file with the clerk of the district court a notice of the satisfaction of each obligation to the full extent of the moneys collected in satisfaction of the obligation. The clerk of the district court shall record the notice and enter a satisfaction for the amounts collected.

2. However, notice is not required to be given by mail to any creditor whose claim will be paid or otherwise satisfied during administration and the personal representative may waive the limitation on filing provided under this section. This section does not bar claims for which there is insurance coverage, to the extent of the coverage, claims for debts created under section 249A.5 relating to the recovery of medical assistance payments, or claimants entitled to equitable relief due to peculiar circumstances.

633.704 Disclaimer.

1. *Right of disclaimer.* A person, including a person designated to take pursuant to a power of ap-

pointment, is not required to take as a distributee, as a beneficiary, as an annuitant, or as a transferee including as a transferee in joint tenancy, or otherwise, and a person, as a donee of a power, is not required to accept any right of appointment. If the requirements of this section are met, a person may disclaim, in whole or in part, the transfer of a power, or the transfer, receipt of, or entitlement or succession to, any property, real or personal, or any interest in property, including but not limited to an interest in trust, and including but not limited to ownership, proceeds of, or other benefits to or under a life insurance policy or annuity contract, by delivering a written instrument of disclaimer within the time and in the manner provided in this section. The instrument shall:

a. Describe the property, interest, or right disclaimed.

b. Declare the disclaimer and the extent of the disclaimer.

c. Be signed and acknowledged by the disclaimant.

2. *Time of disclaimer — filing — irrevocability.*

a. *Time of disclaimer.* The disclaimer instrument shall be received by the transferor of the property, interest, or right, the transferor's fiduciary, or the holder of the legal title to which the property, interest, or right relates, not later than the date which is nine months after the later of the date on which the transfer of the property, interest, or right is made, or the date on which the disclaimant attains eighteen years of age. The nine-month period for making a disclaimer shall be determined with reference to each transfer. With respect to a testamentary transfer, the transfer occurs upon the date of the decedent's death. Any property, interest, or right may be disclaimed nine months after the date of the disclaimant's eighteenth birthday even though the disclaimant received benefits from the property, interest, or right without any action on the disclaimant's part before attaining eighteen years of age. However, if a person entitled to disclaim does not have actual knowledge of the existence of the transfer, the disclaimer may be made not later than nine months after the person has actual knowledge of the existence of the transfer.

b. *Filing.* A copy of an instrument of disclaimer affecting real estate shall be filed in the office of the county recorder of the county where the real estate is located. Failure to file with the county recorder within the time permitted for disclaimer does not invalidate the disclaimer. A copy of an instrument of disclaimer, regardless of subject, may be filed with the clerk of court of the county in which proceedings for administration have been commenced, if applicable.

c. *Irrevocability.* An instrument of disclaimer shall be unqualified and is irrevocable from and after the date of its receipt.

3. *Effective disclaimer.*

a. *Passage of disclaimed interest or property.* Unless the transferor has otherwise provided, the property, interest, or right disclaimed, and any future interest which is to take effect in possession or enjoyment at or after the termination of the interest

or right disclaimed, descends or shall be distributed as if the disclaimant has died prior to the date of the transfer, or if the disclaimant is one designated to take pursuant to a power of appointment exercised by testamentary instrument, then as if the disclaimant has predeceased the donee of the power unless the donee of the power has otherwise provided. In every case, the disclaimer relates back for all purposes to the date of the transfer. In the case of a disclaiming beneficiary under a will, other than a spouse, the property, interest, or right disclaimed passes to the heirs of the disclaimant unless from the terms of the transferor's will the intent is clear and explicit to the contrary, in which event the property, interest, or right disclaimed passes pursuant to the will. In the case of a disclaimer under a will by a spouse the property, interest, or right disclaimed lapses unless from the terms of the transferor's will the intent is clear and explicit to the contrary.

b. Future interest. A person who has a present and a future interest in property and who disclaims the present interest, in whole or in part, shall be deemed to have disclaimed the future interest to the same extent. However, if such person disclaims only the future interest, in whole or in part, that person shall retain the present interest, and the disclaimer shall only affect the future interest involved.

c. Death or disability of disclaimant. If a person eligible to disclaim dies within the time allowed for a disclaimer, the right to disclaim continues for the time allowed and the personal representative of the person eligible to disclaim has the same right to disclaim as the disclaimant and may disclaim on behalf of the personal representative's decedent. If a person entitled to disclaim is disabled, the court may authorize or direct a conservator or guardian to exercise the right to disclaim on behalf of the person under disability if the court finds it is in the person's best interests.

d. Disclaimer by attorney in fact. Whenever a principal designates in writing another as the principal's attorney in fact or agent by a power of attorney, and the designation authorizes the attorney in fact to disclaim the principal's interest in any property, the attorney in fact has the same right to disclaim as the disclaimant and may disclaim on behalf of the attorney in fact's principal.

4. Waiver and bar. An assignment, conveyance, encumbrance, pledge, or transfer of any property, interest, or right, or a contract therefor, or a written waiver of the right to disclaim, or an acceptance of any property, interest, or right, by an heir, devisee, donee, transferee, joint owner, person succeeding to a disclaimed interest, annuitant, beneficiary under a life insurance policy, or person designated to take

pursuant to a power of appointment exercised by testamentary instrument, or a sale of property by execution, made before the expiration of the period in which a person may disclaim as provided in this section, bars the right to disclaim that property, interest, or right. An election by a surviving spouse under sections 633.236 to 633.246 is not a waiver or bar of the right to disclaim. The right to disclaim exists irrespective of any limitation on the interest of the disclaimant in the nature of a spendthrift provision or similar restriction. A disclaimer, when received, as provided in this section, or a written waiver of the right to disclaim, is binding upon the disclaimant or person waiving and all parties claiming by, through, and under the disclaimant or person waiving. If a beneficiary who disclaims any property, interest, or right is also a fiduciary, actions taken by the person in the exercise of fiduciary powers to preserve or maintain the property, interest, or right shall not be treated as an acceptance of the property, interest, or right. A fiduciary power to distribute any property, interest, or right to designated beneficiaries, if subject to an ascertainable standard, does not bar the right to disclaim by a beneficiary who is also a fiduciary.

5. Exclusiveness of remedy. This section does not abridge the right of a person to assign, convey, release, or renounce any property, interest, or right arising under any other statute.

6. Effective date. This section applies only to transfers occurring on or after July 1, 1981.

Regardless of the terms of a medical assistance special needs trust, any income received or asset added to the trust during a one-month period shall be expended as provided for medical assistance income trusts under section 633.709, on a monthly basis, during the life of the beneficiary. Any increase in income or principal retained in the trust from a previous month may be expended, during the life of the beneficiary, only for reasonable and necessary expenses of the trust, not to exceed ten dollars per month without court approval, for special needs of the beneficiary attributable to the beneficiary's disability and approved by the district court, for medical care or services that would otherwise be covered by medical assistance under chapter 249A, or to reimburse the state for medical assistance paid on behalf of the beneficiary.

according to state and federal requirements from the costs of defending nuisance suits, which negatively impact upon Iowa's competitive economic position and discourage persons from entering into animal agricultural production. CHAPTER 708**ASSAULT****708.1 Assault defined.**

A person commits an assault when, without justification, the person does any of the following:

1. Any act which is intended to cause pain or injury to, or which is intended to result in physical contact which will be insulting or offensive to another, coupled with the apparent ability to execute the act.

2. Any act which is intended to place another in fear of immediate physical contact which will be painful, injurious, insulting, or offensive, coupled with the apparent ability to execute the act.

3. Intentionally points any firearm toward another, or displays in a threatening manner any dangerous weapon toward another.

Provided, that where the person doing any of the above enumerated acts, and such other person, are voluntary participants in a sport, social or other activity, not in itself criminal, and such act is a reasonably foreseeable incident of such sport or activity, and does not create an unreasonable risk of serious injury or breach of the peace, the act shall not be an assault.

Provided, that where the person doing any of the above enumerated acts is employed by a school district or accredited nonpublic school, or is an area education agency staff member who provides services to a school or school district, and intervenes in a fight or physical struggle, or other disruptive situation, that takes place in the presence of the employee or staff member performing employment duties in a school building, on school grounds, or at an official school function regardless of the location, the act shall not be an assault, whether the fight or physical struggle or other disruptive situation is between students or other individuals, if the degree and the force of the intervention is reasonably necessary to restore order and to protect the safety of those assembled.

95 Acts, ch 191, §49
NEW unnumbered paragraph 3

708.2A Domestic abuse assault — mandatory minimums, penalties enhanced — extension of no-contact order.

1. For the purposes of this chapter, "domestic abuse assault" means an assault, as defined in section 708.1, which is domestic abuse as defined in section 236.2.

2. On a first offense of domestic abuse assault, the person commits:

a. A simple misdemeanor for a domestic abuse assault, except as otherwise provided.

b. A serious misdemeanor, if the domestic abuse assault causes bodily injury or mental illness.

c. An aggravated misdemeanor, if the domestic abuse assault is committed with the intent to inflict a serious injury upon another, or if the person uses or displays a dangerous weapon in connection with the assault. This paragraph does not apply if section 708.6 or 708.8 applies.

3. Except as otherwise provided in subsection 2, on a second or subsequent domestic abuse assault, a person commits:

a. A serious misdemeanor, if the first offense was classified as a simple misdemeanor, and the second offense would otherwise be classified as a simple misdemeanor.

b. An aggravated misdemeanor, if the first offense was classified as a simple or aggravated misdemeanor, and the second offense would otherwise be classified as a serious misdemeanor, or the first offense was classified as a serious or aggravated misdemeanor, and the second offense would otherwise be classified as a simple or serious misdemeanor.

A conviction for, deferred judgment for, or plea of guilty to, a violation of this section which occurred more than six years prior to the date of the violation charged shall not be considered in determining that the violation charged is a second or subsequent offense. For the purpose of determining if a violation charged is a second or subsequent offense, deferred judgments issued pursuant to section 907.3 for violations of section 708.2 or this section, which were issued on domestic abuse assaults, and convictions or the equivalent of deferred judgments for violations in any other states under statutes substantially corresponding to this section shall be counted as previous offenses. The courts shall judicially notice the statutes of other states which define offenses substantially equivalent to the offenses defined in this section and can therefore be considered corresponding statutes. Each previous violation on which conviction or deferral of judgment was entered prior to the date of the offense charged shall be considered and counted as a separate previous offense. An offense shall be considered a prior offense regardless of whether it was committed upon the same victim.

4. A person convicted of violating this section shall serve a minimum term of two days of the sentence imposed by law, and shall not be eligible for suspension of the minimum sentence. The minimum term shall be served on consecutive days. The court shall not impose a fine in lieu of the minimum sentence, although a fine may be imposed in addition to the minimum sentence. This section does not prohibit the court from sentencing and the defendant from serving the maximum term of confinement or from paying the maximum fine permitted pursuant to chapters 902 and 903, and does not prohibit the court from entering a deferred judgment or sentence pursuant to section 907.3, if the defendant has not previously received a deferred sentence or judgment for a violation of section 708.2 or this section which was issued on a domestic abuse assault. However, once the defendant has received one deferred sentence or judgment involving a violation of section 708.2 or this section which was issued on a domestic abuse assault, the defendant shall not be eligible to receive another deferred sentence or judgment for a violation of this section.

5. If a defendant is convicted for, receives a deferred judgment for, or pleads guilty to a violation of this section, the court shall modify the no-contact order issued upon initial appearance in the manner provided in section 236.14, regardless of whether the defendant is placed on probation.

6. The clerk of the district court shall provide notice and copies of a judgment entered under this section to the applicable law enforcement agencies and the twenty-four hour dispatcher for the law enforcement agencies, in the manner provided for protective orders under section 236.5. The clerk shall provide notice and copies of modifications of the judgment in the same manner.

7. In addition to the mandatory minimum term of confinement imposed by this section, the court shall order the defendant to participate in a batterers' treatment program as required under section 708.2B. In addition, as a condition of deferring judgment or sentence pursuant to section 907.3, the court shall order the defendant to participate in a batterers' treatment program. The clerk of the district court shall send a copy of the judgment or deferred judgment to the judicial district department of correctional services.

Subsection 2, paragraph b amended

708.2B Treatment of domestic abuse offenders.

A person convicted of, or receiving a deferred judgment for, domestic abuse assault shall report to the district department in order to participate in a batterers' treatment program for domestic abuse offenders. Participation in the batterers' treatment program shall not require a person to be placed on probation,

but a person on probation may participate in the program. The district departments may contract for services in completing the duties relating to the batterers' treatment programs. The district departments shall assess the fees for participation in the program, and shall either collect or contract for the collection of the fees to recoup the costs of treatment, but may waive the fee or collect a lesser amount upon a showing of cause. The fees shall be used by each of the district departments or contract service providers for the establishment, administration, coordination, and provision of direct services of the batterers' treatment programs.

District departments or contract service providers shall receive upon request peace officers' investigative reports regarding persons participating in programs under this section. The receipt of reports under this section shall not waive the confidentiality of the reports under section 22.7.

2. All testing under this chapter shall be accompanied by pretest and posttest counseling as required under section 141.22.

3. Subsequent testing arising out of the same incident of exposure shall be conducted in accordance with the procedural and confidentiality requirements of this chapter.

4. Results of a test performed under this chapter, except as provided in subsection 6, shall be disclosed only to the physician or other practitioner who orders the test of the convicted offender, the convicted offender, the victim, the victim counselor or person requested by the victim who is authorized to provide the counseling required pursuant to section 141.22, the physician of the victim if requested by the victim, and the parent, guardian, or custodian of the victim, if the victim is a minor. 5. Notwithstanding subsection 4, test results shall not be disclosed to a convicted offender who elects against disclosure.

6. If testing is ordered under this chapter, the court shall also order periodic testing of the convicted offender during the period of incarceration, probation, or parole if the physician or other practitioner who ordered the initial test of the convicted offender certifies that, based upon prevailing scientific opinion regarding the maximum period during which the results of an HIV-related test may be negative for a person after being HIV-infected, additional testing is necessary to determine whether the convicted offender was HIV-infected at the time the sexual assault was perpetrated. The results of the test conducted pursuant to this subsection shall be released only to the physician or other practitioner who orders the test of the convicted offender, the convicted offender, the victim counselor or person requested by the victim who is authorized to provide the counseling required pursuant to section 141.22, who shall disclose the results to the petitioner, and the physician of the victim, if requested by the victim.

9. The fact that an HIV-related test was performed under this chapter and the results of the test shall not be used as a basis for further prosecution of a convicted offender in relation to the incident which is the subject of the testing, to enhance punishments, or to influence sentencing.

10. If the serologic status of a convicted offender, which is conveyed to the victim, is based upon an HIV-related test other than a test which is authorized as a result of the procedures established in this chapter, legal protections which attach to such testing shall be the same as those which attach to an initial test under this chapter, and the rights to a prediscovery hearing and to appeal provided under this chapter shall apply.

11. HIV-related testing required under this chapter shall be conducted by the state hygienic laboratory.

12. Notwithstanding the provisions of this chapter requiring initial testing, if a petition is filed with the court under section 709B.2 requesting an order for testing and the order is granted, and if a test has previously been performed on the convicted offender while under the control of the department of corrections, the test results shall be provided in lieu of the performance of an initial test of the convicted offender, in accordance with this chapter.

13. In addition to the counseling received by a victim, referral to appropriate health care and support services shall be provided.

14. In addition to persons to whom disclosure of the results of a convicted offender's HIV-related test results is authorized under this chapter, the victim may also disclose the results to the victim's spouse, persons with whom the victim has engaged in vaginal, anal, or oral intercourse subsequent to the sexual assault, or members of the victim's family within the third degree of consanguinity.

15. A person to whom disclosure of a convicted offender's HIV-related test results is authorized under this chapter shall not disclose the results to any other person for whom disclosure is not authorized under this chapter. to the date of the violation by the inmate and may order forfeiture of any or all good conduct time earned and not forfeited up to the date the action or appeal is dismissed, unless the court entered such an order under section 610A.3. The independent administrative law judge has discretion within the guidelines established pursuant to section 903A.4, to determine

the amount of time that should be forfeited based upon the severity of the violation. Prior violations by the inmate may be considered by the administrative law judge in the decision.

2. The orders of the administrative law judge are subject to appeal to the superintendent or warden of the institution, or the superintendent's or warden's designee, who may either affirm, modify, remand for correction of procedural errors, or reverse an order. However, sanctions shall not be increased on appeal. A decision of the superintendent, warden, or designee is subject to review by the director of the Iowa department of corrections who may either affirm, modify, remand for correction of procedural errors, or reverse the decision. However, sanctions shall not be increased on review.

3. The director of the Iowa department of corrections or the director's designee, may restore all or any portion of previously forfeited good conduct time for acts of heroism or for meritorious actions. The director shall establish by rule the requirements as to which activities may warrant the restoration of good conduct time and the amount of good conduct time to be restored.

An inmate shall be deemed to be serving the sentence from the day on which the inmate is received into the institution. However, if an inmate was confined to a county jail or other correctional or mental facility at any time prior to sentencing, or after sentencing but prior to the case having been decided on appeal, because of failure to furnish bail or because of being charged with a nonbailable offense, the inmate shall be given credit for the days already served upon the term of the sentence. The sheriff of the county in which the inmate was confined shall certify to the clerk of the district court from which the inmate was sentenced the number of days so served. The clerk of the district court shall forward a copy of the certification of the days served to the warden.

An inmate shall not receive credit upon the inmate's sentence for time spent in custody in another state resisting return to Iowa following an escape, or for time served in an institution or jail of another jurisdiction during any period of time the person is receiving credit upon a sentence of that other jurisdiction.

PAROLES AND WORK RELEASE

906.4 Standards for release on parole or work release — community service — academic achievement.

A parole or work release shall be ordered only for the best interest of society and the offender, not as an award of clemency. The board shall release on parole or work release any person whom it has the power to so release, when in its opinion there is reasonable probability that the person can be released without detriment to the community or to the person. A person's release is not a detriment to the community or the person if the person is able and willing to fulfill the obligations of a law-abiding citizen, in the board's determination.

Notwithstanding section 13.10, the board may determine if the defendant shall be required to provide a physical specimen to be submitted for DNA profiling as a condition of parole or work release. The board shall consider the deterrent effect of DNA profiling, the likelihood of repeated violations by the offender, and the seriousness of the offense. When funds have been allocated from the general fund of the state, or funds have been provided by other public or private sources, the board shall order DNA profiling if appropriate.

The board may establish as a condition of a person's parole or work release that the person perform a specified number of hours of unpaid community service. The board shall not make community service a uniform or mandatory requirement for all or substantially all parolees or work release inmates but shall exercise discretion in ordering community service as a condition of parole or work release. The board shall report to the general assembly on the implementation of community service as a condition of parole or work release. The report shall be submitted on or before January 1, 1991.

CHAPTER 907

DEFERRED JUDGMENT, DEFERRED OR SUSPENDED SENTENCE AND PROBATION

907.3 Deferred judgment, deferred sentence or suspended sentence.

Pursuant to section 901.5, the trial court may, upon a plea of guilty, a verdict of guilty, or a special verdict upon which a judgment of conviction may be rendered, exercise any of the options contained in this section. However, this section does not apply to a forcible felony.

1. With the consent of the defendant, the court may defer judgment and place the defendant on probation upon such conditions as it may require. Upon a showing that the defendant is not co-operating with

the program of probation or is not responding to it, the court may withdraw the defendant from the program, pronounce judgment, and impose any sentence authorized by law. Before taking such action, the court shall give the defendant an opportunity to be heard on any matter relevant to the proposed action. Upon fulfillment of the conditions of probation, the defendant shall be discharged without entry of judgment. Upon violation of the conditions of probation, the court may proceed as provided in chapter 908.

However, this subsection shall not apply if any of the following is true:

a. The offense is a violation of section 709.8 and the child is twelve years of age or under.

b. The defendant previously has been convicted of a felony. "Felony" means a conviction in a court of this or any other state or of the United States, of an offense classified as a felony by the law under which the defendant was convicted at the time of the defendant's conviction.

c. Prior to the commission of the offense the defendant had been granted a deferred judgment or similar relief, two or more times anywhere in the United States.

d. Prior to the commission of the offense the defendant had been granted a deferred judgment or similar relief in a felony prosecution anywhere in the United States within the preceding five years, measured from the date of granting of deferment of judgment to the date of commission of the offense.

e. The defendant committed an assault as defined in section 708.1, against a peace officer in the performance of the peace officer's duty.

f. The defendant is a corporation.

g. The offense is a violation of section 321J.2 and, within the previous six years, the person has been convicted of a violation of that section or the person's driver's license has been revoked pursuant to section 321J.4, 321J.9, or 321J.12.

h. Prior to the commission of the offense the defendant had been granted a deferred judgment or deferred sentence for a violation of section 708.2 or 708.2A which was issued on a domestic abuse assault, or was granted similar relief anywhere in the United States concerning that jurisdiction's statutes which substantially correspond to domestic abuse assault as provided in section 708.2A, and the current offense is a violation of section 708.2A.

i. The offense is a conviction for or plea of guilty to a violation of section 236.8 or a finding of contempt pursuant to section 236.8 or 236.14.

2. At the time of or after pronouncing judgment

and with the consent of the defendant, the court may defer the sentence and assign the defendant to the judicial district department of correctional services. However, the court shall not defer the sentence for a violation of section 708.2A if the defendant has previously received a deferred judgment or sentence for a violation of section 708.2 or 708.2A which was issued on a domestic abuse assault, or if similar relief was granted anywhere in the United States concerning that jurisdiction's statutes which substantially correspond to domestic abuse assault as provided in section 708.2A. In addition, the court shall not defer a sentence if it is imposed for a conviction for or plea of guilty to a violation of section 236.8 or for contempt pursuant to section 236.8 or 236.14. Upon a showing that the defendant is not fulfilling the conditions of probation, the court may revoke probation and impose any sentence authorized by law. Before taking such action, the court shall give the defendant an opportunity to be heard on any matter relevant to the proposed action. Upon violation of the conditions of probation, the court may proceed as provided in chapter 908.

3. By record entry at the time of or after sentencing, the court may suspend the sentence and place the defendant on probation upon such terms and conditions as it may require including commitment to an alternate jail facility or a community correctional residential treatment facility for a specific number of days to be followed by a term of probation as specified in section 907.7. A person so committed who has probation revoked shall be given credit for such time served. However, the court shall not suspend the minimum term of two days imposed pursuant to section 708.2A, and the court shall not suspend a sentence imposed pursuant to section 236.8 or 236.14 for contempt.

CHAPTER 910

VICTIM RESTITUTION

910.2 Restitution or community service to be ordered by sentencing court.

In all criminal cases except simple misdemeanors under chapter 321, in which there is a plea of guilty, verdict of guilty, or special verdict upon which a judgment of conviction is rendered, the sentencing court shall order that restitution be made by each offender to the victims of the offender's criminal activities, to the clerk of court for fines, penalties, surcharges, and, to the extent that the offender is reasonably able to pay, for crime victim assistance reimbursement, court costs, court-appointed attorney's fees, or the expense of a public defender when applicable. However, victims shall be paid in full before fines, penalties, and surcharges, crime victim com-

penation program reimbursement, court costs, court-appointed attorney's fees, or the expenses of a public defender are paid. In structuring a plan of restitution, the court shall provide for payments in the following order of priority: victim, fines, penalties, and surcharges, crime victim compensation program reimbursement, court costs, and court-appointed attorney's fees, or the expense of a public defender. When the offender is not reasonably able to pay all or a part of the crime victim compensation program reimbursement, court costs, court-appointed attorney's fees, or the expense of a public defender, the court may require the offender in lieu of that portion of the crime victim compensation program reimbursement, court costs, court-appointed attorney's

fees, or expense of a public defender for which the offender is not reasonably able to pay, to perform a needed public service for a governmental agency or for a private nonprofit agency which provides a service to the youth, elderly, or poor of the community. When community service is ordered, the court shall set a specific number of hours of service to be performed by the offender. The judicial district department of correctional services shall provide for the assignment of the offender to a public agency or private nonprofit agency to perform the required service.

910.4 Condition of probation — payment plan.

When restitution is ordered by the sentencing court and the offender is placed on probation, restitution shall be a condition of probation. Failure of the offender to comply with the plan of restitution, plan of payment, or community service requirements when community service is ordered by the court as restitution, shall constitute a violation of probation and shall constitute contempt of court. The court may hold the offender in contempt, revoke probation, or extend the period of probation, or upon notice of such noncompliance and hearing thereon, the court may enter a civil judgment against the offender for the outstanding balance of payments under the plan of restitution and such judgment shall be governed by the law relating to judgments, judgment liens, executions, and other process available to creditors for the collection of debts. However, if the period of probation is extended it shall not be for more than the maximum period of probation for the offense committed as provided in section 907.7. After discharge from probation or after the expiration of the period of probation, the failure of an offender to comply with the plan of restitution ordered by the court shall constitute contempt of court. As part of the order discharging an offender from probation, the court shall enter a civil judgment against the offender for the balance, if any, of any restitution owed by the offender to the victim of the crime.

If an offender's probation is revoked, the offender's assigned probation officer shall forward to the director of the Iowa department of corrections, information concerning the offender's restitution plan, restitution plan of payment, the restitution payment balance, and any other pertinent information concerning or affecting restitution by the offender.

When the offender is committed to a county jail, or to an alternate facility, the office or individual charged with supervision of the offender shall prepare a restitution plan of payment taking into consideration the offender's income, physical and mental health, age, education, employment and family circumstances. The office or individual charged with supervision of the offender shall review the plan of restitution ordered by the court, and shall submit a restitution plan of payment to the sentencing court. When community service is ordered by the court as

restitution, the restitution plan of payment shall set out a plan to meet the requirement for the community service. The court may approve or modify the plan of restitution and restitution plan of payment. When there is a significant change in the offender's income or circumstances, the office or individual which has supervision of the plan of payment shall submit a modified restitution plan of payment to the court. When there is a transfer of supervision from one office or individual charged with supervision of the offender to another, the sending office or individual shall forward to the receiving office or individual all necessary information regarding the balance owed against the original amount of restitution ordered and the balance of public service required. When the offender's circumstances and income have significantly changed, the receiving office or individual shall submit a new plan of payment to the sentencing court for approval or modification based on the considerations enumerated in this section.

Unnumbered paragraph 1 amended

910.5 Condition of work release or parole.

1. When an offender is committed to the custody of the director of the Iowa department of corrections pursuant to a sentence of confinement, the sentencing court shall forward to the director, a copy of the offender's restitution plan, present restitution payment plan if any, and other pertinent information concerning or affecting restitution by the offender. However, if the offender is committed to the custody of the director after revocation of probation, this information shall be forwarded by the offender's probation officer.

An offender committed to a penal or correctional facility of the state shall make restitution while placed in that facility. Upon commitment to the custody of the director of the Iowa department of corrections, the director or the director's designee shall prepare a restitution plan of payment or modify any existing plan of payment. The new or modified plan of payment shall reflect the offender's present circumstances concerning the offender's income, physical and mental health, education, employment, and family circumstances. The director or the director's designee may modify the plan of payment at any time to reflect the offender's present circumstances. After the expiration of the offender's sentence, the failure of an offender to comply with the plan of restitution ordered by the court shall constitute contempt of court. Upon the expiration of the offender's sentence, the department shall notify the court which sentenced the offender and the court shall enter a civil judgment against the offender for the balance, if any, of any restitution owed by the offender to the victim of the crime.

2. If an offender is to be placed on work release from an institution under the control of the director of the Iowa department of corrections, restitution shall be a condition of work release. The chief of the bureau of community correctional services of the

Iowa department of corrections shall prepare a restitution plan of payment or may modify any previously existing restitution plan of payment. The new or modified plan of payment shall reflect the offender's present circumstances concerning the offender's income, physical and mental health, education, employment, and family circumstances. The bureau chief may modify the plan of payment at any time to reflect the offender's present circumstances. Failure of the offender to comply with the restitution plan of payment, including the community service requirement, if any, shall constitute a violation of a condition of work release and the work release privilege may be revoked. After the expiration of the offender's sentence, the failure of an offender to comply with the plan of restitution ordered by the court shall constitute contempt of court. Upon the expiration of the offender's sentence, the bureau chief shall notify the court which sentenced the offender and the court shall enter a civil judgment against the offender for the balance, if any, of any restitution owed by the offender to the victim of the crime.

3. If an offender is to be placed on work release from a facility under control of a county sheriff or the judicial district department of correctional services, restitution shall be a condition of work release. The office or individual charged with supervision of the offender shall prepare a restitution plan of payment or may modify any previously existing restitution plan of payment. The new or modified plan of payment shall reflect the offender's present circumstances concerning the offender's income, physical and mental health, education, employment and family circumstances. Failure of the offender to comply with the restitution plan of payment including the community service requirement, if any, constitutes a violation of a condition of work release. The office or individual charged with supervision of the offender may modify the plan of restitution at any time to reflect the offender's present circumstances. After the expiration of the offender's sentence, the failure of an offender to comply with the plan of restitution ordered by the court shall constitute contempt of court. Upon the expiration of the offender's sentence, the office or individual charged with supervision of the offender shall notify the court which sentenced

the offender and the court shall enter a civil judgment against the offender for the balance, if any, of any restitution owed by the offender to the victim of the crime.

4. If an offender is to be placed on parole, restitution shall be a condition of parole. The district department of correctional services to which the offender will be assigned shall prepare a restitution plan of payment or may modify any previously existing restitution plan of payment. The new or modified plan of payment shall reflect the offender's present circumstances concerning the offender's income, physical and mental health, education, employment, and family circumstances. Failure of the offender to comply with the restitution plan of payment including a community service requirement, if any, shall constitute a violation of a condition of parole. The parole officer may modify the plan of payment any time to reflect the offender's present circumstances. A restitution plan of payment or modified plan of payment, prepared by a parole officer, must meet the approval of the director of the district department of correctional services. After the expiration of the offender's sentence, the failure of an offender to comply with the plan of restitution ordered by the court shall constitute contempt of court. Upon the expiration of the offender's sentence, the parole officer shall notify the court which sentenced the offender and the court shall enter a civil judgment against the offender for the balance, if any, of any restitution owed by the offender to the victim of the crime.

5. The director of the Iowa department of corrections shall promulgate rules pursuant to chapter 17A concerning the policies and procedures to be used in preparing and implementing restitution plans of payment for offenders who are committed to an institution under the control of the director of the Iowa department of corrections, for offenders who are to be released on work release from institutions under the control of the director of the Iowa department of corrections, for offenders who are placed on probation, and for offenders who are released on parole.

CODE EDITOR'S NOTES

Code Section

- 13B.8** The multiple amendments do not conflict, so they were harmonized to give effect to each, as required by Code section 4.11. In some cases where the note for this section is referred to, the amendments are identical. It was generally assumed that a strike or repeal prevails over an amendment to the same material and does not create a conflict. In section 13B.8 the language of the 1991 Code was restored effective July 1, 1995, pursuant to instructions contained in 1991 Acts, chapter 268, section 439. The amendment in 1995 Acts, chapter 67, section 3, also effective July 1, 1995, was harmonized with the restored version.
- 257.16** 1994 Acts, chapter 1023, section 44, amended unnumbered paragraph 2 of the 1993 Code by striking the last sentence effective July 1, 1994, and the amendment was codified in the 1995 Code. However, 1994 Acts, chapter 1181, section 12, also amended unnumbered paragraph 2 of the 1993 Code by striking the last two sentences, but the effective date of the amendment was delayed until July 1, 1995. See 1994 Acts, chapter 1181, section 18, and 1995 Acts, chapter 214, sections 10 and 11. The amendments did not conflict, so they were harmonized, as required by Code section 4.11, to give effect to each at their respective effective dates.
- 321.189** 1995 Acts, chapter 67, section 25, amends the dates contained in subsection 7, paragraphs "a" and "b" to correspond the text of exceptions to the motorcycle education requirements with the effective date of the requirements contained in 1994 Acts, chapter 1102, section 4, as amended by 1994 Acts, chapter 1199, section 52. However, in a later enactment, 1995 Acts, chapter 118, section 22, the text is amended with a different date to correspond with provisions which amend the effective date of the 1994 amendments. See 1995 Acts, chapter 118, sections 37 and 39. The later enactment was codified.
- 455D.3** The lead-in for 1995 Acts, chapter 209, section 25, is incomplete. It appears from the context that the amendment to section 455D.3, subsection 3, paragraph "c" (relettered as "b" in 1995 Acts, chapter 80, section 2), affects only unnumbered paragraph 2 of the lettered paragraph. See 1995 Acts, chapter 80, section 2, for the text of unnumbered paragraph 1 of paragraph "b".
- 600A.5** 1995 Acts, chapter 49, section 21, amends subsection 3, paragraph "c", by extending the list of grounds for termination of parental rights for which an explanatory statement is required. In a later enactment, 1995 Acts, chapter 182, section 25, the references to specific grounds for termination of parental rights are stricken, so that the explanatory statement is required for any of the grounds listed in section 600A.8. The later enactment was codified.
